RECEIVED
BOARD OF SUPERVISORS
SAN FRANCISCO
MAY 23 AM 11:40

Dear Ms. Calvillo:

Attached, please find an original and two copies of a proposed resolution for Board of Supervisors approval. Approval would allow the Department of Public Health (DPH) to execute an amended Fiscal Year (FY) 2013-14 contract with the California Department of Health Care Services (DHCS) to provide substance use disorder services. Specifically, the amendment would (1) modify the contract Terms and Conditions and (2) increase funding by \$1,674,211 for FY 2013-14. Under the amended contract, DPH would provide more of the same services outlined in the original contract.

The following is a list of accompanying documents (three sets):

- DHCS Cover Letter, Transmittal of the Fiscal Year 2013-14 Substance Use Disorder Services Contract
- DHCS Contract Amendment, Fiscal Year 2013-14 Substance Use Disorder Services Contract
- San Francisco Board of Supervisors File No. 101109 (Resolution No. 434-10)
- San Francisco Board of Supervisors File No. 130494 (Resolution No. 214-13)

Please note that DHCS requires completion of the Board of Supervisors legislative process – including securing the Mayor's signature – in advance of Monday, June 30, 2014. Failure to fully execute the amended contract within this timeframe will result in a continuation of County funding based on the initial contract approved for FY 2013-14.

2. In the event the United States Government and/or the State Government do not authorize and appropriate sufficient funds for the State to allocate amounts pursuant to the Payment Provisions of Exhibit C, it is mutually agreed that the Contract shall be amended to reflect any reduction in the Payment Provisions and the Performance Provisions.
3. Contractor shall bear the financial risk in providing any alcohol and/or drug services covered by this Exhibit C.

B. Payment Provisions

1. For each fiscal year, the total amount payable by the State to the Contractor under Exhibit C shall not exceed the encumbered amount. The funds identified for the fiscal years covered by Exhibit C are subject to change depending on the availability and amount of funds appropriated by the Legislature and the Federal Government. The amount of funds available for expenditure by the Contractor shall be limited to the amount identified in the final allocations issued by the State for that fiscal year or the non-DMC amount, whichever is less. Changes to encumbered funds will require written amendment to the Contract. State may settle costs for non-DMC services based on the year-end cost settlement report as the final amendment to the approved single state/county contract.
2. In the event a contract amendment is required pursuant to the preceding paragraph, Contractor shall submit to the State information as identified in Exhibit B, Section F(3)(a). To the extent the Contractor is notified of the State Budget Act allocation prior to the execution of the Contract, the State and the Contractor may agree to amend the contract after the issuance of the first revised allocation.

However, based on the expenditure information submitted by the counties in the Quarterly Federal Financial Management Report (QFFMR) (Document 30), State may adjust monthly payments of encumbered federal funds to extend the length of time (not to exceed 21 months) over which payments of federal funds will be made.

4. Monthly disbursements to the Contractor at the beginning of each fiscal year of the Contract shall be based on the preliminary allocation of funds, as detailed in Exhibit A1.

Final allocations will reflect any increases or reductions in the appropriations as reflected in the State Budget Act allocation and any subsequent allocation revisions. To the extent that any amendment encumbers an amount that is less than the State Budget Act allocation, the monthly disbursements will reflect the lesser amount.

5. State may withhold monthly non-DMC payments if the Contractor fails to timely submit reports and data required by the State, including but not limited to, reports required pursuant to Exhibit C, Article V. Upon the State's receipt of the complete and accurate reports, or data, Contractor's monthly payment shall commence with the next scheduled monthly payment, and shall include any funds withheld due to late submission of reports or data.

 - (d) The cost of the audit made in accordance with the provisions of the most recent version of OMB Circular A-133 can be charged to applicable federal awards. Where apportionment of the audit cost is necessary, such apportionment shall be made in accordance with generally accepted accounting principles, but shall not exceed the proportionate amount that the award represents of the Subcontractor's total revenue.
 - (e) The work papers and the audit reports shall be retained for a minimum of three years from the date of the audit reports, and longer if the independent auditor is notified in writing by the State to extend the retention period.

The Contractor may charge federal awards for the cost of these monitoring procedures as outlined in OMB Circular A-133.

The Contractor shall submit to the State a copy of the procedures and any other monitoring mechanism used to monitor non-profit Subcontractors at the time of the County's annual site visit or within 60 days thereafter. Contractor shall state the frequency that non-profit Subcontractors are monitored.

 - (b) On-site visits focus on compliance and controls over compliance areas. The reviewer must make site visits to the subcontractor location(s), and can use a variety of monitoring mechanisms to document compliance requirements. The findings and the corrective action will require follow-up by the Contractor.
- 2. Reports of audits conducted by the State shall reflect all findings, recommendations, adjustments, and corrective action as a result of its findings in any areas.
- 3. Contractor shall be responsible for any disallowance taken by the Federal Government, the State, or the California State Auditor, as a result of any audit exception that is related to the Contractor's responsibilities herein. State shall invoice Contractor 60 days after issuing the final audit report or upon resolution of an audit appeal. Contractor agrees to develop and implement any corrective action plans in a manner acceptable to State in order to comply with recommendations contained in any audit report. Such corrective action plans shall include time-specific objectives to allow for measurement of progress and are subject to verification by the State within one year from the date of the plan.

If differences cannot be resolved between the State and the Contractor regarding the terms of the final financial audit settlements for funds expended under Exhibit C, Contractor may request an appeal in accordance with the appeal process described in Document 1J(a), "Non-DMC Audit Appeal Process," incorporated by this reference. When a financial audit is conducted by the Federal Government, the State, or the California State Auditor directly with a Subcontractor of the Contractor, and if the Subcontractor disagrees with audit disallowances related to its programs, claims or services, Contractor shall, at the Subcontractor's request, request

an appeal to the State in accordance with Document 1J(a). Contractor shall include a provision in its subcontracts regarding the process by which its Subcontractors may file an audit appeal via the Contractor.

Contractors that conduct financial audits of Subcontractors, other than a Subcontractor whose funding consists entirely of non-Department funds, shall develop a process to resolve disputed financial findings and notify Subcontractors of their appeal rights pursuant to that process. This section shall not apply to those grievances or complaints arising from the financial findings of an audit or examination made by or on behalf of the State pursuant to Article IV of this Contract.

Amounts awarded pursuant to Exhibit C shall not be used for services where payment has been made, or can reasonably be expected to be made under any other state or federal compensation or benefits program, or where services can be paid for from revenues.

When an audit by the Federal Government or the State has been started before the expiration of the three-year period, the client records shall be maintained until completion of the audit and the final resolution of all audit issues.

 - (a) To review reported costs for validity, appropriate allocation methodology, and compliance with Medicaid laws and regulations;
 - (b) To ensure that only the cost of allowable DMC activities are included in reported costs;
 - (c) To determine the provider's usual and customary charge to the general public in accordance with CMS (The Medicare Provider Reimbursement Manual) (CMS-Pub.15), which can be obtained from the Centers for Medicare & Medicaid Services, Baltimore, Maryland, or www.cms.hhs.gov, for comparison to the DMC cost per unit;

5. In addition to the audit requirements set forth in Exhibit B, State may conduct financial audits of NTP programs. For NTP services on or after July 1, 1997, the audits will address items 4(c) through 4(e) above, except that the comparison of the provider's usual and customary charge in 4(c) will be to the DMC USDR rate in lieu of DMC cost per unit. In addition, these audits will include, but not be limited to:

6. Audit reports by the State shall reflect all findings and any recommendations, adjustments, or corrective action necessary as a result of those findings.
7. Contractor shall be responsible for any disallowances taken by the Federal Government, the State, or the California State Auditor as a result of any audit exception that is related to its responsibilities. Contractor shall not use funds administered by the State to repay one federal funding source with funds provided by another federal funding source, or to repay federal funds with state funds, or to repay state funds with federal funds
8. Contractor agrees to promptly develop and implement any corrective action plans in a manner acceptable to the State in order to comply with recommendations contained in any audit report. Such corrective action plans shall include time-specific objectives to allow for measurement of progress and are subject to verification by the State within one year from the date of the plan.
9. Contractor, in coordination with the State, must provide follow-up on all significant findings in the audit report, including findings relating to a Subcontractor, and submit the results to the State.

If differences cannot be resolved between the State and the Contractor regarding the terms of the final financial audit settlements for funds expended under Exhibit D, Contractor may request an appeal in accordance with the appeal process described in the "DMC Audit Appeal Process," Document 1J(b), incorporated by this reference. When a financial audit is conducted by

the Federal Government, the State, or the California State Auditor directly with a Subcontractor of the Contractor, and if the Subcontractor disagrees with audit disallowances related to its programs, claims or services, Contractor shall, at the Subcontractor's request, request an appeal to the State in accordance with Document 1J(b). Contractor shall include a provision in its subcontracts regarding the process by which a Subcontractor may file an audit appeal via the Contractor.

Contractors that conduct financial audits of Subcontractors, other than a Subcontractor whose funding consists entirely of non-Department funds, shall develop a process to resolve disputed financial findings and notify Subcontractors of their appeal rights pursuant to that process.

13. Contractor shall retain records of utilization review activities required in Article VI herein for a minimum of three (3) years.
