DEPARTMENT:

DAT– DISTRICT ATTORNEY

RECOMMENDATIONS

YEAR ONE: FY 2014-15

The Budget and Legislative Analyst's recommended reductions to the proposed budget total \$392,467 in FY 2014-15. Of the \$392,467 in recommended reductions, \$189,731 are ongoing savings and \$202,736 are one-time savings. These reductions would still allow an increase of \$1,667,157 or 3.6% in the Department's FY 2014-15 budget.

YEAR Two: FY 2015-16

The Budget and Legislative Analyst's recommended reductions to the proposed budget total \$251,770 in FY 2015-16. Of the \$251,770 in recommended reductions, \$176,020 are ongoing savings and \$75,749 are one-time savings. These reductions would still allow an increase of \$57,937 or 0.1% in the Department's FY 2015-16 budget.

Policy Consideration

In FY 2015-16, the Department is requesting to designate nine positions that were previously approved by the Board of Supervisors as limited-term for the District Attorney's Domestic Violence Unit (Ordinance 32-13) with a termination date of June 30, 2015 to permanent positions. The Department reports that due to the increase in staffing levels for the Domestic Violence Unit, the number of cases dismissed has been reduced by 37% from 87 cases in what year to 55 cases in what year, which means more victims are following through with their cases; and total conviction rates have increased by 6 points from 60% to 66%. The Department reports they were unable to evaluate the actual number of limited-term positions that were necessary to convert to permanent on-going positions in order to continue the work of the Domestic Violence Unit citing that the Domestic Violence Unit works as a team making it difficult to determine the specific contribution of each new position. Because the proposed positions were approved as limited-term positions, designating these positions as permanent is a policy matter for the Board of Supervisors.

FY 2014-15

The Department's proposed FY 2014-15 budget has increased by \$2,059,624 largely due to increases in salary and fringe benefits as well as additional funding for the Department's Mental Health Unit. The additional funding will support three positions in the Mental Health Unit as the Department will assume responsibility of creating and filing all documents related to conservatorships beginning July 1, 2014. These duties were formerly handled by the Superior Court.

FY 2015-16

The Department's proposed FY 2015-16 budget has increased by \$309,707 largely due to salary and fringe benefits increases.

SUMMARY OF DEPARTMENT POSITION CHANGES:

FY 2014-15

The number of full-time equivalent positions (FTE) budgeted for FY 2014-15 are 256.38 FTEs, which are 2.99 FTEs more than the 253.39 FTEs in the original FY 2013-14 budget. This represents a 1.2 % increase in FTEs from the original FY 2013-14 budget.

The increase in positions is due to the funding of three new positions that will support the Department's Mental Health Unit and other adjustments.

FY 2015-16

The number of full-time equivalent positions (FTE) budgeted for FY 2015-16 are 255.43 FTEs, which are .95 FTEs less than the 256.38 FTEs in the Mayor's proposed FY 2014-15 budget. This represents a .4% decrease in FTEs from the Mayor's proposed FY 2014-15 budget.

**RECOMMENDATIONS OF THE BUDGET & LEGISLATIVE ANALYST
FOR AMENDMENT OF BUDGET ITEMS
FY 2014-15 AND FY 2015-16**

DEPARTMENT: **DAT– DISTRICT ATTORNEY**

The decrease in positions is due to a work order that is budgeted annually with the Mayor's Office that is not budgeted in FY 2015-16.

INTERIM EXCEPTIONS

The Department has requested approval of 1.30 FTE grant-funded positions, representing partial funding for four existing positions, as an interim exception. The Budget and Legislative Analyst recommends approval of all requested interim positions. The requested interim positions are grant-funded positions that were inadvertently left out of the Department's base position allocation.

DEPARTMENT REVENUES:

FY 2014-15

The Department's revenues of \$6,234,174 in FY 2014-15, are \$130,816 or 2.1% more than FY 2013-14 revenues of \$6,103,358. General Fund support of \$42,542,347 in FY 2014-15 is \$1,928,808 or 4.7% more than FY 2013-14 General Fund support of \$40,613,539.

Specific changes in the Department's FY 2014-15 revenues include reductions of \$283,605 in work order revenue and increases in State revenue totaling \$414,421.

FY 2015-16

The Department's revenues of \$6,060,309 in FY 2015-16, are \$173,865 or 2.8% less than FY 2014-15 revenues of \$6,234,174. General Fund support of \$43,025,919 in FY 2015-16 is \$483,572 or 1.1% more than FY 2014-15 General Fund support of \$42,542,347.

FY 2014-15

The Department's proposed FY 2014-15 budget has increased by \$59,041,404 largely due to:

This infusion of funds has been necessitated by the expiration of General Obligation bond support.
- New initiatives including \$1.1 million in landscape management projects, and an additional \$800,000 for enhanced street cleaning services.
- Salary increases associated with the addition of newly proposed FTEs, the annualization of FTEs approved in the FY 2013-14 budget, and cost-of-living adjustments.
- Increased funding for training as the department institutionalizes its in-house training program, "DPW University".

FY 2014-15

The Department's proposed FY 2014-15 budget has decreased by \$3,087,071 largely due to:

- The completion of the City's responsibilities associated with hosting the America's Cup.

FY 2015-16

- The new nonprofit sector initiative, focused on strengthening and supporting the nonprofit sector in San Francisco;
- The existing Community Benefit District program to revitalize or renew commercial districts;
- The OEWD Joint Development Team, facilitating negotiations for joint development of publicly-owned property; and
- The new Committee on City Workforce Alignment to coordinate City workforce services and generate citywide five-year workforce development plans with annual updates.

FY 2014-15

The Department's proposed FY 2014-15 budget has increased by \$8,627,072 largely due to:

- Personnel cost increases associated with the addition of newly proposed and previously approved FTEs in the FY 2014-15 budget as well as the annualization of prior year new positions. The majority of these FTEs are to address the backlog in building permits and case applications that has arisen due to an upsurge in planning-related activities tied to the economic recovery.
- A significant increase in spending on professional and contractual services. As fee revenues have increased, the Department has directed on-staff resources to address tasks such as permit and application reviews, while pursuing outside assistance on projects identified by the Department as high-priority. This includes project areas such as Eco-Districts, reviews of General Plan elements, and a Green Roof Technical Assistance Manual.
- Increased capital outlays on projects including the Street Tree Inventory project, the Octavia Boulevard Right of Way project, and a new park in the SOMA district.
- Increased spending on a variety of information technology projects.

FY 2015-16

The Department's proposed FY 2015-16 budget has decreased by \$3,356,014 largely due to:

- A decrease in spending on professional and contractual services, as one-time projects complete and staffing levels are normalized following recent fiscal year increases.
- A modest increase in spending on salaries and wages as positions added in FY 2014-15 are annualized.

SUMMARY OF DEPARTMENT POSITION CHANGES:

FY 2014-15

The number of full-time equivalent positions (FTE) budgeted for FY 2014-15 are 170.26 FTEs, which are 13.74 FTEs more than the 156.52 FTEs in the original FY 2013-14 budget. This represents an 8.8% increase in FTEs from the original FY 2013-14 budget.

The City Planning Department is proposing to add a number of new positions as well as extend the term of several limited-term positions in FY 2014-15 to accommodate increased workload associated with several City-wide initiatives and the increase in permit reviews and case applications tied to the economic recovery. Specific changes include:

- (16) limited-term positions funded through the “Reduce the Backlog” initiative, a supplemental appropriation (Files 13-0117 and 13-0118) approved by the Board of Supervisors in March 2013 to address the increase in permit reviews and case applications. Positions will be directed towards addressing specific components of the department’s backlog, including building and conditional use permits, variances, historic preservation applications, environmental reviews, and condominium conversions.
- (12) new positions to address workload increases, citywide planning projects including the Civic Center Public Realm Plan, the Mayor’s initiative to add 30,000 housing units, and the Railyard Alternatives and 1-280 Boulevard Feasibility Study project.
- (2) new off-budget positions to work on the City’s Waterfront Long-term Planning Project.

FY 2015-16

The number of full-time equivalent positions (FTE) budgeted for FY 2015-16 are 171.34 FTEs, which are 1.08 FTEs more than the 170.26 FTEs in the Mayor’s proposed FY 2014-15 budget. This represents a 0.6% change in FTEs from the Mayor’s proposed FY 2014-15 budget.

DEPARTMENT REVENUES:

FY 2014-15

The Department's revenues of \$35,978,987 in FY 2014-15, are \$8,769,917 or 32.2% more than FY 2013-14 revenues of \$27,209,070. General Fund support of \$2,629,882 in FY 2014-15 is \$142,845 or 5.15% less than FY 2013-14 General Fund support of \$2,772,727.

Specific changes in the Department's FY 2014-15 revenues include:

- Substantial growth in charges for services as fee revenues have increased due to the ongoing economic recovery and increased building activity throughout the City. The department has seen revenue growth in areas including building permits, environmental reviews and categorical exemptions, condominium conversions, discretionary reviews, subdivision applications, and historic preservation.

FY 2015-16

The Department's revenues of \$33,190,501 in FY 2015-16, are \$2,788,486 or 7.8% less than FY 2014-15 estimated revenues of \$35,978,987. General Fund support of \$2,062,354 in FY 2015-16 is \$567,528 or 21.6% less than FY 2014-15 General Fund support of \$2,629,882.

Specific changes in the Department's FY 2015-16 revenues include:

- A decrease in charges for services as the volume growth in permits and applications slow down, leading to lower fee revenues.
- A decline in expected General Fund support.

Fee Legislation

File 14-0593 is an ordinance to eliminate four fees currently collected by the Planning Department: the Installment Agreement Processing Fee, the Refund Processing Fee, the Fee for Information Analysis Request for Information Technology, and the Reactivation Fee for Closed Cases. These fees have a low transaction volume and do not generate significant revenue for the Department.

Based on the proposed fee ordinance projected revenue in FY 2014-15 will decline by \$21,337:

File No.	Fee Description	FY 2013-14	Change in FY 2014-15	Annualized	% Cost Recovery
		Original Revenue		Revenue Thereafter	
File 14-0593	Installment Agreement Processing	\$504	\$0	\$0	0%

	Reactivation for Closed Cases	\$0	\$0	\$0	0%
	Total	\$21,337	\$0	\$0	0%

FY 2014-15

The Department's proposed FY 2014-15 budget has increased by \$3,042,771 largely due to:

- Public Safety Building: The new Public Safety Building is expected to open in November 2014. The Department is requesting 4 new positions to provide 24/7 security at the Public Safety Building, beginning July 1. Security for the building was intended to be provided through a contract, but in response to bargaining unit concerns, the Police Department will now maintain responsibility for building security.
- Vehicle replacement: As part of a multiyear effort to replace aging Police vehicles, the Department will replace 60 marked cars and 10 motorcycles.
- Academies: The Department will hire 150 new police officers to increase the size of the police force.
- Technology enhancements for police officers: The Department began providing police officers with smart phones in order to enable officers to access critical information regarding suspects in real-time. This smart phone program began in FY 2013-14, and the Department proposes to expand it in FY 2014-15.

FY 2015-16

- Public Safety Building: Security for the new Public Safety Building will be provided by the Police Department, rather than through a contract as previously planned. This will include 4 new 9209s to be hired in FY 2014-15, as well as 2 vacant clerical positions that will be filled to provide support.

INTERIM EXCEPTIONS

The Department has requested approval of 4 positions as an interim exception. The Budget and Legislative Analyst recommends disapproval of all 4 positions as an interim exception.

- According to the Department, these positions will be used to provide security at the new Public Safety Building in Mission Bay. Although the building is not expected to open until November 2014, security will be needed in order to protect equipment and other assets. The Department has just begun the background review process for these positions, based upon conditional offers made. The earliest they would be able to bring them on staff would be August 2014.

The interim exception is therefore not needed.

FY 2014-15

The Department's proposed FY 2014-15 budget has decreased by \$2,264,399 largely due to a reduction in the City's Indigent Defense program due to decreased case filings and debt refinancing resulting in reduced debt service payments over time. The Controller's Office has absorbed the repayment of costs previously incurred by the Superior Court to administer the City's Indigent Defense and Civil Grand Jury programs from fiscal year 1998-99 to 2009-10.

FY 2015-16

The Department's proposed FY 2015-16 budget has increased by \$8,879 largely due to a projected 1% increase in lease and other operating expenses which is slightly offset by an increase in interest earnings.
