City has no obligation to make appropriations for this Agreement in lieu of appropriations for new or other agreements. City budget decisions are subject to the discretion of the Mayor and the Board of Supervisors. Contractor's assumption of risk of possible non-appropriation is part of the consideration for this Agreement.

THIS SECTION CONTROLS AGAINST ANY AND ALL OTHER PROVISIONS OF THIS AGREEMENT.

1

2. Term of the Agreement. Subject to Section 1, the term of this Agreement shall be from July 1, 2010 through December 31, 2015.

3. Effective Date of Agreement. This Agreement shall become effective when the Controller has certified to the availability of funds and Contractor has been notified in writing.

4. Services Contractor Agrees to Perform. The Contractor agrees to perform the services provided for in Appendix A, "Description of Services," attached hereto and incorporated by reference as though fully set forth herein.

5. Compensation. Compensation shall be made in monthly payments on or before the 15th day of each month for work, as set forth in Section 4 of this Agreement, that the Director of the Department of Public Health, in his or her sole discretion, concludes has been performed as of the 30th day of the immediately preceding month. In no event shall the amount of this Agreement exceed Sixteen Million Sixty Three Thousand Six Hundred Eighty Four Dollars (\$16,063,684). The breakdown of costs associated with this Agreement appears in Appendix B, "Calculation of Charges," attached hereto and incorporated by reference as though fully set forth herein. No charges shall be incurred under this Agreement are received from Contractor and approved by Department of Public Health as being in accordance with this Agreement. City may withhold payment to Contractor in any instance in which Contractor has failed or refused to satisfy any material obligation provided for under this Agreement. In no event shall City be liable for interest or late charges for any late payments.

6. Guaranteed Maximum Costs. The City's obligation hereunder shall not at any time exceed the amount certified by the Controller for the purpose and period stated in such certification. Except as may be provided by laws governing emergency procedures, officers and employees of the City are not authorized to request, and the City is not required to reimburse the Contractor for, Commodities or Services beyond the agreed upon contract scope unless the changed scope is authorized by amendment and approved as required by law. Officers and employees of the City are not authorized to offer or promise, nor is the City required to honor, any offered or promised additional funding in excess of the maximum amount of funding for which the contract is certified without certification of the additional amount by the Controller. The Controller is not authorized to make payments on any contract for which funds have not been certified as available in the budget or by supplemental appropriation.

7. **Payment: Invoice Format.** Invoices furnished by Contractor under this Agreement must be in a form acceptable to the Controller, and must include a unique invoice number and must conform to Appendix F. All amounts paid by City to Contractor shall be subject to audit by City. Payment shall be made by City to Contractor at the address specified in the section entitled "Notices to the Parties."

8. Submitting False Claims; Monetary Penalties. Pursuant to San Francisco Administrative Code §21.35, any contractor, subcontractor or consultant who submits a false claim shall be liable to the City for the statutory penalties set forth in that section. The text of Section 21.35, along with the entire San Francisco Administrative Code is available on the web at

http://www.municode.com/Library/clientCodePage.aspx?clientID=4201. A contractor, subcontractor or consultant will be deemed to have submitted a false claim to the City if the contractor, subcontractor or consultant: (a) knowingly presents or causes to be presented to an officer or employee of the City a false claim or request for payment or approval; (b) knowingly makes, uses, or causes to be made or used a false record or statement to get a false claim paid or approved by the City; (c) conspires to defraud the City by getting a false claim allowed or paid by the City; (d) knowingly makes, uses, or causes to be made or used a false record or statement to conceal, avoid, or decrease an obligation to pay or transmit money or property to the City; or (e) is a beneficiary of an inadvertent submission of a false claim to the City, subsequently discovers the falsity of the claim, and fails to disclose the false claim to the City within a reasonable time after discovery of the false claim.

9. **Disallowance.** If Contractor claims or receives payment from City for a service, reimbursement for which is later disallowed by the State of California or United States Government, Contractor shall promptly refund the disallowed amount to City upon City's request. At its option, City may offset the amount disallowed from any payment due or to become due to Contractor under this Agreement or any other Agreement. By executing this Agreement, Contractor certifies that Contractor is not suspended, debarred or otherwise excluded from participation in federal assistance programs. Contractor acknowledges that this certification of eligibility to receive federal funds is a material terms of the Agreement.

10. Taxes. Payment of any taxes, including possessory interest taxes and California sales and use taxes, levied upon or as a result of this Agreement, or the services delivered pursuant hereto, shall be the obligation of Contractor. Contractor recognizes and understands that this Agreement may create a "possessory interest" for property tax purposes. Generally, such a possessory interest is not created unless the Agreement entitles the Contractor to possession, occupancy, or use of City property for private gain. If such a possessory interest is created, then the following shall apply:

1) Contractor, on behalf of itself and any permitted successors and assigns, recognizes and understands that Contractor, and any permitted successors and assigns, may be subject to real property tax assessments on the possessory interest;

2) Contractor, on behalf of itself and any permitted successors and assigns, recognizes and understands that the creation, extension, renewal, or assignment of this Agreement may result in a "change in ownership" for purposes of real property taxes, and therefore may result in a revaluation of any possessory interest created by this Agreement. Contractor accordingly agrees on behalf of itself and its permitted successors and assigns to report on behalf of the City to the County Assessor the information required by Revenue and Taxation Code section 480.5, as amended from time to time, and any successor provision.

3) Contractor, on behalf of itself and any permitted successors and assigns, recognizes and understands that other events also may cause a change of ownership of the possessory interest and result in the revaluation of the possessory interest. (see, e.g., Rev. & Tax. Code section 64, as amended from time to time). Contractor accordingly agrees on behalf of itself and its permitted successors and

assigns to report any change in ownership to the County Assessor, the State Board of Equalization or other public agency as required by law.

4) Contractor further agrees to provide such other information as may be requested by the City to enable the City to comply with any reporting requirements for possessory interests that are imposed by applicable law.

11. Payment Does Not Imply Acceptance of Work. The granting of any payment by City, or the receipt thereof by Contractor, shall in no way lessen the liability of Contractor to replace unsatisfactory work, equipment, or materials, although the unsatisfactory character of such work, equipment or materials may not have been apparent or detected at the time such payment was made. Materials, equipment, components, or workmanship that do not conform to the requirements of this Agreement may be rejected by City and in such case must be replaced by Contractor without delay.

12. Qualified Personnel. Work under this Agreement shall be performed only by competent personnel under the supervision of and in the employment of Contractor. Contractor will comply with City's reasonable requests regarding assignment of personnel, but all personnel, including those assigned at City's request, must be supervised by Contractor. Contractor shall commit adequate resources to complete the project within the project schedule specified in this Agreement.

13. **Responsibility for Equipment.** City shall not be responsible for any damage to persons or property as a result of the use, misuse or failure of any equipment used by Contractor, or by any of its employees, even though such equipment be furnished, rented or loaned to Contractor by City.

14. Independent Contractor; Payment of Taxes and Other Expenses

Independent Contractor. Contractor or any agent or employee of Contractor shall be a. deemed at all times to be an independent contractor and is wholly responsible for the manner in which it performs the services and work requested by City under this Agreement. Contractor or any agent or employee of Contractor shall not have employee status with City, nor be entitled to participate in any plans, arrangements, or distributions by City pertaining to or in connection with any retirement, health or other benefits that City may offer its employees. Contractor or any agent or employee of Contractor is liable for the acts and omissions of itself, its employees and its agents. Contractor shall be responsible for all obligations and payments, whether imposed by federal, state or local law, including, but not limited to, FICA, income tax withholdings, unemployment compensation, insurance, and other similar responsibilities related to Contractor's performing services and work, or any agent or employee of Contractor providing same. Nothing in this Agreement shall be construed as creating an employment or agency relationship between City and Contractor or any agent or employee of Contractor. Any terms in this Agreement referring to direction from City shall be construed as providing for direction as to policy and the result of Contractor's work only, and not as to the means by which such a result is obtained. City does not retain the right to control the means or the method by which Contractor performs work under this Agreement.

b. **Payment of Taxes and Other Expenses.** Should City, in its discretion, or a relevant taxing authority such as the Internal Revenue Service or the State Employment Development Division, or both, determine that Contractor is an employee for purposes of collection of any employment taxes, the amounts payable under this Agreement shall be reduced by amounts equal to both the employee and employer portions of the tax due (and offsetting any credits for amounts already paid by Contractor which can be applied against this liability). City shall then forward those amounts to the relevant taxing authority. Should a relevant taxing authority determine a liability for past services performed by Contractor for City, upon notification of such fact by City, Contractor shall promptly remit such amount due or arrange with City to have the amount due withheld from future payments to Contractor under this Agreement (again, offsetting any amounts already paid by Contractor which can be applied as a credit

against such liability). A determination of employment status pursuant to the preceding two paragraphs shall be solely for the purposes of the particular tax in question, and for all other purposes of this Agreement, Contractor shall not be considered an employee of City. Notwithstanding the foregoing, should any court, arbitrator, or administrative authority determine that Contractor is an employee for any other purpose, then Contractor agrees to a reduction in City's financial liability so that City's total expenses under this Agreement are not greater than they would have been had the court, arbitrator, or administrative authority determined that Contractor agrees.

15. Insurance

a. Without in any way limiting Contractor's liability pursuant to the "Indemnification" section of this Agreement, Contractor must maintain in force, during the full term of the Agreement, insurance in the following amounts and coverages:

1) Workers' Compensation, in statutory amounts, with Employers' Liability Limits not less than \$1,000,000 each accident, injury, or illness; and

2) Commercial General Liability Insurance with limits not less than \$1,000,000 each occurrence Combined Single Limit for Bodily Injury and Property Damage, including Contractual Liability, Personal Injury, Products and Completed Operations; and

3) Commercial Automobile Liability Insurance with limits not less than \$1,000,000 each occurrence Combined Single Limit for Bodily Injury and Property Damage, including Owned, Non-Owned and Hired auto coverage, as applicable.

4) Blanket Fidelity Bond (Commercial Blanket Bond) Limits in the amount of the Initial Payment provided for in the Agreement.

5) Professional liability insurance, applicable to Contractor's profession, with limits not less than \$1,000,000 each claim with respect to negligent acts, errors or omissions in connection with professional services to be provided under this Agreement.

b. Commercial General Liability and Commercial Automobile Liability Insurance policies must be endorsed to provide:

1) Name as Additional Insured the City and County of San Francisco, its Officers, Agents, and Employees.

2) That such policies are primary insurance to any other insurance available to the Additional Insureds, with respect to any claims arising out of this Agreement, and that insurance applies separately to each insured against whom claim is made or suit is brought.

c. Regarding Workers' Compensation, Contractor hereby agrees to waive subrogation which any insurer of Contractor may acquire from Contractor by virtue of the payment of any loss. Contractor agrees to obtain any endorsement that may be necessary to effect this waiver of subrogation. The Workers' Compensation policy shall be endorsed with a waiver of subrogation in favor of the City for all work performed by the Contractor, its employees, agents and subcontractors.

d. All policies shall provide thirty days' advance written notice to the City of reduction or nonrenewal of coverages or cancellation of coverages for any reason. Notices shall be sent to the City address in the "Notices to the Parties" section:

October 1, 2010

e. Should any of the required insurance be provided under a claims-made form, Contractor shall maintain such coverage continuously throughout the term of this Agreement and, without lapse, for a period of three years beyond the expiration of this Agreement, to the effect that, should occurrences during the contract term give rise to claims made after expiration of the Agreement, such claims shall be covered by such claims-made policies.

f. Should any of the required insurance be provided under a form of coverage that includes a general annual aggregate limit or provides that claims investigation or legal defense costs be included in such general annual aggregate limit, such general annual aggregate limit shall be double the occurrence or claims limits specified above.

g. Should any required insurance lapse during the term of this Agreement, requests for payments originating after such lapse shall not be processed until the City receives satisfactory evidence of reinstated coverage as required by this Agreement, effective as of the lapse date. If insurance is not reinstated, the City may, at its sole option, terminate this Agreement effective on the date of such lapse of insurance.

h. Before commencing any operations under this Agreement, Contractor shall furnish to City certificates of insurance and additional insured policy endorsements with insurers with ratings comparable to A-, VIII or higher, that are authorized to do business in the State of California, and that are satisfactory to City, in form evidencing all coverages set forth above. Failure to maintain insurance shall constitute a material breach of this Agreement.

i. Approval of the insurance by City shall not relieve or decrease the liability of Contractor hereunder.

16. Indemnification Contractor shall indemnify and save harmless City and its officers, agents and employees from, and, if requested, shall defend them against any and all loss, cost, damage, injury, liability, and claims thereof for injury to or death of a person, including employees of Contractor or loss of or damage to property, arising directly or indirectly from Contractor's performance of this Agreement, including, but not limited to, Contractor's use of facilities or equipment provided by City or others, regardless of the negligence of, and regardless of whether liability without fault is imposed or sought to be imposed on City, except to the extent that such indemnity is void or otherwise unenforceable under applicable law in effect on or validly retroactive to the date of this Agreement, and except where such loss, damage, injury, liability or claim is the result of the active negligence or willful misconduct of City and is not contributed to by any act of, or by any omission to perform some duty imposed by law or agreement on Contractor, its subcontractors or either's agent or employee. The foregoing indemnity shall include, without limitation, reasonable fees of attorneys, consultants and experts and related costs and City's costs of investigating any claims against the City. In addition to Contractor's obligation to indemnify City, Contractor specifically acknowledges and agrees that it has an immediate and independent obligation to defend City from any claim which actually or potentially falls within this indemnification provision, even if the allegations are or may be groundless, false or fraudulent, which obligation arises at the time such claim is tendered to Contractor by City and continues at all times thereafter. Contractor shall indemnify and hold City harmless from all loss and liability, including attorneys' fees, court costs and all other litigation expenses for any infringement of the patent rights, copyright, trade secret or any other proprietary right or trademark, and all other intellectual property claims of any person or persons in consequence of the use by City, or any of its officers or agents, of articles or services to be supplied in the performance of this Agreement.

17. Incidental and Consequential Damages. Contractor shall be responsible for incidental and consequential damages resulting in whole or in part from Contractor's acts or omissions. Nothing in this Agreement shall constitute a waiver or limitation of any rights that City may have under applicable law.

18. Liability of City. CITY'S PAYMENT OBLIGATIONS UNDER THIS AGREEMENT SHALL BE LIMITED TO THE PAYMENT OF THE COMPENSATION PROVIDED FOR IN SECTION 5 OF THIS AGREEMENT. NOTWITHSTANDING ANY OTHER PROVISION OF THIS AGREEMENT, IN NO EVENT SHALL CITY BE LIABLE, REGARDLESS OF WHETHER ANY CLAIM IS BASED ON CONTRACT OR TORT, FOR ANY SPECIAL, CONSEQUENTIAL, INDIRECT OR INCIDENTAL DAMAGES, INCLUDING, BUT NOT LIMITED TO, LOST PROFITS, ARISING OUT OF OR IN CONNECTION WITH THIS AGREEMENT OR THE SERVICES PERFORMED IN CONNECTION WITH THIS AGREEMENT.

Contractor agrees to reimburse the City any cost adjustments necessitated by this audit report. Any audit report which addresses all or part of the period covered by this Agreement shall treat the service components identified in the detailed descriptions attached to Appendix A and referred to in the Program Budgets of Appendix B as discrete program entities of the Contractor.

c. The Director of Public Health or his / her designee may approve of a waiver of the aforementioned audit requirement if the contractual Services are of a consulting or personal services nature, these Services are paid for through fee for service terms which limit the City's risk with such contracts, and it is determined that the work associated with the audit would produce undue burdens or costs and would provide minimal benefits. A written request for a waiver must be submitted to the DIRECTOR ninety (90) calendar days before the end of the Agreement term or Contractor's fiscal year, whichever comes first.

d. Any financial adjustments necessitated by this audit report shall be made by Contractor to the City. 30. Assignment. 31. Non-Waiver of Rights. The omission by either party at any time to enforce any default or right reserved to it, or to require performance of any of the terms, covenants, or provisions hereof by the other party at the time designated, shall not be a waiver of any such default or right to which the party is entitled, nor shall it in any way affect the right of the party to enforce such provisions thereafter.

If, within thirty days after Contractor receives written notice of such a breach, Contractor fails to cure such breach or, if such breach cannot reasonably be cured within such period of thirty days. Contractor fails to commence efforts to cure within such period or thereafter fails to diligently pursue such cure to completion, the City may pursue any rights or remedies available under this Agreement or under applicable law. Contractor shall provide the services specified in this Agreement in a manner that complies with the ADA and any and all other applicable federal, state and local disability rights legislation. Contractor agrees not to discriminate against disabled persons in the provision of services, benefits or activities provided under this Agreement and further agrees that any violation of this prohibition on the part of Contractor, its employees, agents or assigns will constitute a material breach of this Agreement.

40. Sunshine Ordinance. In accordance with San Francisco Administrative Code §67.24(e), contracts, contractors' bids, responses to solicitations and all other records of communications between City and persons or firms seeking contracts, shall be open to inspection immediately after a contract has been awarded. Nothing in this provision requires the disclosure of a private person or organization's net worth or other proprietary financial data submitted for qualification for a contract or other benefit until and unless that person or organization is awarded the contract or benefit. Information provided which is covered by this paragraph will be made available to the public upon request.

41. Public Access to Meetings and Records. If the Contractor receives a cumulative total per year of at least \$250,000 in City funds or City-administered funds and is a non-profit organization as defined in Chapter 12L of the San Francisco Administrative Code, Contractor shall comply with and be bound by all the applicable provisions of that Chapter. Contractor further agrees to make-good faith efforts to promote community membership on its Board of Directors in the manner set forth in §12L.6 of the Administrative Code. The Contractor further acknowledges that such material breach of the sounds for the City to terminate and/or not renew the Agreement, partially or in its entirety.

42. Limitations on Contributions. Through execution of this Agreement, Contractor acknowledges that it is familiar with section 1.126 of the City's Campaign and Governmental Conduct Code, which prohibits any person who contracts with the City for the rendition of personal services, for the furnishing of any material, supplies or equipment, for the sale or lease of any land or building, or for a grant, loan or loan guarantee, from making any campaign contribution to (1) an individual holding a City elective office if the contract must be approved by the individual, a board on which that individual serves, or the board of a state agency on which an appointee of that individual serves, (2) a candidate for the office held by such individual, or (3) a committee controlled by such individual, at any time from the commencement of negotiations for the contract until the later of either the termination of negotiations for such contract or six

Contractor further agrees to provide to City the names of each person, entity or committee described above.

43. Requiring Minimum Compensation for Covered Employees

a. Contractor agrees to comply fully with and be bound by all of the provisions of the Minimum Compensation Ordinance (MCO), as set forth in San Francisco Administrative Code Chapter 12P (Chapter 12P), including the remedies provided, and implementing guidelines and rules. The provisions of Sections 12P.5 and 12P.5.1 of Chapter 12P are incorporated herein by reference and made a part of this Agreement as though fully set forth. The text of the MCO is available on the web at www.sfgov.org/olse/mco. A partial listing of some of Contractor's obligations under the MCO is set forth in this Section. Contractor is required to comply with all the provisions of the MCO, irrespective of the listing of obligations in this Section.

b. The MCO requires Contractor to pay Contractor's employees a minimum hourly gross compensation wage rate and to provide minimum compensated and uncompensated time off. The minimum wage rate may change from year to year and Contractor is obligated to keep informed of the then-current requirements. Any subcontract entered into by Contractor shall require the subcontractor to comply with the requirements of the MCO and shall contain contractual obligations substantially the same as those set forth in this Section. It is Contractor's obligation to ensure that any subcontractor under this Agreement comply with the requirements of the MCO. If any subcontractor under this Agreement fails to comply, City may pursue any of the remedies set forth in this Section against Contractor.

c. Contractor shall not take adverse action or otherwise discriminate against an employee or other person for the exercise or attempted exercise of rights under the MCO. Such actions, if taken within 90 days of the exercise or attempted exercise of such rights, will be rebuttably presumed to be retaliation prohibited by the MCO.

d. Contractor shall maintain employee and payroll records as required by the MCO. If Contractor fails to do so, it shall be presumed that the Contractor paid no more than the minimum wage required under State law.

e. The City is authorized to inspect Contractor's job sites and conduct interviews with employees and conduct audits of Contractor

f. Contractor's commitment to provide the Minimum Compensation is a material element of the City's consideration for this Agreement. The City in its sole discretion shall determine whether such a breach has occurred. The City and the public will suffer actual damage that will be impractical or extremely difficult to determine if the Contractor fails to comply with these requirements. Contractor agrees that the sums set forth in Section 12P.6.1 of the MCO as liquidated damages are not a penalty, but are reasonable estimates of the loss that the City and the public will incur for Contractor's noncompliance. The procedures governing the assessment of liquidated damages shall be those set forth in Section 12P.6.2 of Chapter 12P.

g. Contractor understands and agrees that if it fails to comply with the requirements of the MCO, the City shall have the right to pursue any rights or remedies available under Chapter 12P (including liquidated damages), under the terms of the contract, and under applicable law. If, within 30 days after receiving written notice of a breach of this Agreement for violating the MCO, Contractor fails to cure such breach or, if such breach cannot reasonably be cured within such period of 30 days, Contractor fails to commence efforts to cure within such period, or thereafter fails diligently to pursue such cure to completion, the City shall have the right to pursue any rights or remedies available under applicable law, including those set forth in Section 12P.6(c) of Chapter 12P. Each of these remedies shall be exercisable individually or in combination with any other rights or remedies available to the City.

h. Contractor represents and warrants that it is not an entity that was set up, or is being used, for the purpose of evading the intent of the MCO.

i. If Contractor is exempt from the MCO when this Agreement is executed because the cumulative amount of agreements with this department for the fiscal year is less than \$25,000, but Contractor later enters into an agreement or agreements that cause contractor to exceed that amount in a fiscal year, Contractor shall thereafter be required to comply with the MCO under this Agreement. This obligation arises on the effective date of the agreement that causes the cumulative amount of agreements between the Contractor and this department to exceed \$25,000 in the fiscal year.

44. Requiring Health Benefits for Covered Employees. Contractor agrees to comply fully with and be bound by all of the provisions of the Health Care Accountability Ordinance (HCAO), as set forth in San Francisco Administrative Code Chapter 12Q, including the remedies provided, and implementing regulations, as the same may be amended from time to time. The provisions of section 12Q.5.1 of Chapter 12Q are incorporated by reference and made a part of this Agreement as though fully set forth herein. The text of the HCAO is available on the web at www.sfgov.org/olse. Capitalized terms used in this Section and not defined in this Agreement shall have the meanings assigned to such terms in Chapter 12Q.

a. For each Covered Employee, Contractor shall provide the appropriate health benefit set forth in Section 12Q.3 of the HCAO. If Contractor chooses to offer the health plan option, such health plan shall meet the minimum standards set forth by the San Francisco Health Commission..

b. Notwithstanding the above, if the Contractor is a small business as defined in Section 12Q.3(e) of the HCAO, it shall have no obligation to comply with part (a) above.

c. Contractor's failure to comply with the HCAO shall constitute a material breach of this agreement. City shall notify Contractor if such a breach has occurred. If, within 30 days after receiving City's written notice of a breach of this Agreement for violating the HCAO, Contractor fails to cure such breach or, if such breach cannot reasonably be cured within such period of 30 days, Contractor fails to commence efforts to cure within such period, or thereafter fails diligently to pursue such cure to completion, City shall have the right to pursue the remedies set forth in 12Q.5.1 and 12Q.5(f)(1-6). Each of these remedies shall be exercisable individually or in combination with any other rights or remedies available to City.

d. Any Subcontract entered into by Contractor shall require the Subcontractor to comply with the requirements of the HCAO and shall contain contractual obligations substantially the same as those set forth in this Section. Contractor shall notify City's Office of Contract Administration when it enters into such a Subcontract and shall certify to the Office of Contract Administration that it has notified the Subcontractor of the obligations under the HCAO and has imposed the requirements of the HCAO on Subcontractor through the Subcontract. Each Contractor shall be responsible for its Subcontractors' compliance with this Chapter. If a Subcontractor fails to comply, the City may pursue the remedies set forth in this Section against Contractor based on the Subcontractor's failure to comply, provided that City has first provided Contractor with notice and an opportunity to obtain a cure of the violation.

e. Contractor shall not discharge, reduce in compensation, or otherwise discriminate against any employee for notifying City with regard to Contractor's noncompliance or anticipated noncompliance with the requirements of the HCAO, for opposing any practice proscribed by the HCAO, for participating in proceedings related to the HCAO, or for seeking to assert or enforce any rights under the HCAO by any lawful means.

f. Contractor represents and warrants that it is not an entity that was set up, or is being used, for the purpose of evading the intent of the HCAO.

g. Contractor shall maintain employee and payroll records in compliance with the California Labor Code and Industrial Welfare Commission orders, including the number of hours each employee has worked on the City Contract.

h. Contractor shall keep itself informed of the current requirements of the HCAO.

i. Contractor shall provide reports to the City in accordance with any reporting standards promulgated by the City under the HCAO, including reports on Subcontractors and Subtenants, as applicable.

j. Contractor shall provide City with access to records pertaining to compliance with HCAO after receiving a written request from City to do so and being provided at least ten business days to respond.

k. Contractor shall allow City to inspect Contractor's job sites and have access to Contractor's employees in order to monitor and determine compliance with HCAO.

1. City may conduct random audits of Contractor to ascertain its compliance with HCAO. Contractor agrees to cooperate with City when it conducts such audits.

m. If Contractor is exempt from the HCAO when this Agreement is executed because its amount is less than \$25,000 (\$50,000 for nonprofits), but Contractor later enters into an agreement or agreements that cause Contractor's aggregate amount of all agreements with City to reach \$75,000, all the agreements shall be thereafter subject to the HCAO. This obligation arises on the effective date of the agreement that causes the cumulative amount of agreements between Contractor and the City to be equal to or greater than \$75,000 in the fiscal year.

45. First Source Hiring Program

a. Incorporation of Administrative Code Provisions by Reference. The provisions of Chapter 83 of the San Francisco Administrative Code are incorporated in this Section by reference and made a part of this Agreement as though fully set forth herein. Contractor shall comply fully with, and be bound by, all of the provisions that apply to this Agreement under such Chapter, including but not limited to the remedies provided therein. Capitalized terms used in this Section and not defined in this Agreement shall have the meanings assigned to such terms in Chapter 83.

b. First Source Hiring Agreement. As an essential term of, and consideration for, any contract or property contract with the City, not exempted by the FSHA, the Contractor shall enter into a first source hiring agreement ("agreement") with the City, on or before the effective date of the contract or property contract. Contractors shall also enter into an agreement with the City for any other work that it performs in the City. Such agreement shall:

1) Set appropriate hiring and retention goals for entry level positions. The employer shall agree to achieve these hiring and retention goals, or, if unable to achieve these goals, to establish good faith efforts as to its attempts to do so, as set forth in the agreement. The agreement shall take into consideration the employer's participation in existing job training, referral and/or brokerage programs. Within the discretion of the FSHA, subject to appropriate modifications, participation in such programs maybe certified as meeting the requirements of this Chapter. Failure either to achieve the specified goal, or to establish good faith efforts will constitute noncompliance and will subject the employer to the provisions of Section 83.10 of this Chapter.

2) Set first source interviewing, recruitment and hiring requirements, which will provide the San Francisco Workforce Development System with the first opportunity to provide qualified economically disadvantaged individuals for consideration for employment for entry level positions. Employers shall consider all applications of qualified economically disadvantaged individuals referred by the System for employment; provided however, if the employer utilizes nondiscriminatory screening criteria, the employer shall have the sole discretion to interview and/or hire individuals referred or certified by the San Francisco Workforce Development System as being qualified economically disadvantaged individuals. The duration of the first source interviewing requirement shall be determined by the FSHA and shall be set forth in each agreement, but shall not exceed 10 days. During that period, the employer may publicize the entry level positions in accordance with the agreement. A need for urgent or temporary hires must be evaluated, and appropriate provisions for such a situation must be made in the agreement.

3) Set appropriate requirements for providing notification of available entry level positions to the San Francisco Workforce Development System so that the System may train and refer an adequate pool of qualified economically disadvantaged individuals to participating employers. Notification should include such information as employment needs by occupational title, skills, and/or experience required, the hours required, wage scale and duration of employment, identification of entry level and training positions, identification of English language proficiency requirements, or absence thereof, and the projected schedule and procedures for hiring for each occupation. Employers should provide both long-term job need projections and notice before initiating the interviewing and hiring process. These notification requirements will take into consideration any need to protect the employer's proprietary information.

4) Set appropriate record keeping and monitoring requirements. The First Source Hiring Administration shall develop easy-to-use forms and record keeping requirements for documenting compliance with the agreement. To the greatest extent possible, these requirements shall utilize the employer's existing record keeping systems, be nonduplicative, and facilitate a coordinated flow of information and referrals.

5) Establish guidelines for employer good faith efforts to comply with the first source hiring requirements of this Chapter. The FSHA will work with City departments to develop employer good faith effort requirements appropriate to the types of contracts and property contracts handled by each department. Employers shall appoint a liaison for dealing with the development and implementation of the employer's agreement. In the event that the FSHA finds that the employer under a City contract or property contract has taken actions primarily for the purpose of circumventing the requirements of this Chapter, that employer shall be subject to the sanctions set forth in Section 83.10 of this Chapter.

- 6) Set the term of the requirements.
- 7) Set appropriate enforcement and sanctioning standards consistent with this Chapter.

8) Set forth the City's obligations to develop training programs, job applicant referrals, technical assistance, and information systems that assist the employer in complying with this Chapter.

9) Require the developer to include notice of the requirements of this Chapter in leases, subleases, and other occupancy contracts.

c. **Hiring Decisions.** Contractor shall make the final determination of whether an Economically Disadvantaged Individual referred by the System is "qualified" for the position.

d. **Exceptions.** Upon application by Employer, the First Source Hiring Administration may grant an exception to any or all of the requirements of Chapter 83 in any situation where it concludes that compliance with this Chapter would cause economic hardship.

e. Liquidated Damages. Contractor agrees:

1) To be liable to the City for liquidated damages as provided in this section;

2) To be subject to the procedures governing enforcement of breaches of contracts based on violations of contract provisions required by this Chapter as set forth in this section;

3) That the contractor's commitment to comply with this Chapter is a material element of the City's consideration for this contract; that the failure of the contractor to comply with the contract provisions required by this Chapter will cause harm to the City and the public which is significant and substantial but extremely difficult to quantity; that the harm to the City includes not only the financial cost of funding public assistance programs but also the insidious but impossible to quantify harm that this community and its families suffer as a result of unemployment; and that the assessment of liquidated damages of up to \$5,000 for every notice of a new hire for an entry level position improperly withheld by the contractor from the first source hiring process, as determined by the FSHA during its first investigation of a contractor, does not exceed a fair estimate of the financial and other damages that the City suffers as a result of the comply with its first source referral contractual obligations.

4) That the continued failure by a contractor to comply with its first source referral contractual obligations will cause further significant and substantial harm to the City and the public, and that a second assessment of liquidated damages of up to \$10,000 for each entry level position improperly withheld from the FSHA, from the time of the conclusion of the first investigation forward, does not exceed the financial and other damages that the City suffers as a result of the contractor's continued failure to comply with its first source referral contractual obligations;

5) That in addition to the cost of investigating alleged violations under this Section, the computation of liquidated damages for purposes of this section is based on the following data:

(a) The average length of stay on public assistance in San Francisco's County Adult Assistance Program is approximately 41 months at an average monthly grant of \$348 per month, totaling approximately \$14,379; and

(b) In 2004, the retention rate of adults placed in employment programs funded under the Workforce Investment Act for at least the first six months of employment was 84.4%. Since qualified individuals under the First Source program face far fewer barriers to employment than their counterparts in programs funded by the Workforce Investment Act, it is reasonable to conclude that the average length of employment for an individual whom the First Source Program refers to an employer and who is hired in an entry level position is at least one year; Therefore, liquidated damages that total \$5,000 for first violations and \$10,000 for subsequent violations as determined by FSHA constitute a fair, reasonable, and conservative attempt to quantify the harm caused to the City by the failure of a contractor to comply with its first source referral contractual obligations.

6) That the failure of contractors to comply with this Chapter, except property contractors, may be subject to the debarment and monetary penalties set forth in Sections 6.80 et seq. of the San Francisco Administrative Code, as well as any other remedies available under the contract or at law; and

Violation of the requirements of Chapter 83 is subject to an assessment of liquidated damages in the amount of \$5,000 for every new hire for an Entry Level Position improperly withheld from the first source hiring process. The assessment of liquidated damages and the evaluation of any defenses or mitigating factors shall be made by the FSHA.

f. Subcontracts. Any subcontract entered into by Contractor shall require the subcontractor to comply with the requirements of Chapter 83 and shall contain contractual obligations substantially the same as those set forth in this Section.

46. Prohibition on Political Activity with City Funds. In accordance with San Francisco Administrative Code Chapter 12.G, Contractor may not participate in, support, or attempt to influence any political campaign for a candidate or for a ballot measure (collectively, "Political Activity") in the performance of the services provided under this Agreement. Contractor agrees to comply with San Francisco Administrative Code Chapter 12.G and any implementing rules and regulations promulgated by the City's Controller. The terms and provisions of Chapter 12.G are incorporated herein by this reference. In the event Contractor violates the provisions of this section, the City may, in addition to any other rights or remedies available hereunder, (i) terminate this Agreement, and (ii) prohibit Contractor from bidding on or receiving any new City contract for a period of two (2) years. The Controller will not consider Contractor's use of profit as a violation of this section.

47. Preservative-treated Wood Containing Arsenic. Contractor may not purchase preservativetreated wood products containing arsenic in the performance of this Agreement unless an exemption from the requirements of Chapter 13 of the San Francisco Environment Code is obtained from the Department of the Environment under Section 1304 of the Code. The term "preservative-treated wood containing arsenic" shall mean wood treated with a preservative that contains arsenic, elemental arsenic, or an arsenic copper combination, including, but not limited to, chromated copper arsenate preservative, ammoniacal copper zinc arsenate preservative, or ammoniacal copper arsenate preservative. Contractor may purchase preservative-treated wood products on the list of environmentally preferable alternatives prepared and adopted by the Department of the Environment. This provision does not preclude Contractor from purchasing preservative-treated wood containing arsenic for saltwater immersion. The term "saltwater immersion" shall mean a pressure-treated wood that is used for construction purposes or facilities that are partially or totally immersed in saltwater.

48. Modification of Agreement. This Agreement may not be modified, nor may compliance with any of its terms be waived, except by written instrument executed and approved in the same manner as this Agreement.

49. Administrative Remedy for Agreement Interpretation – DELETED BY MUTUAL AGREEMENT OF THE PARTIES

50. Agreement Made in California; Venue. The formation, interpretation and performance of this Agreement shall be governed by the laws of the State of California. Venue for all litigation relative to the formation, interpretation and performance of this Agreement shall be in San Francisco.

51. Construction. All paragraph captions are for reference only and shall not be considered in construing this Agreement.

52. Entire Agreement. This contract sets forth the entire Agreement between the parties, and supersedes all other oral or written provisions. This contract may be modified only as provided in Section 48, "Modification of Agreement."

53. Compliance with Laws. Contractor shall keep itself fully informed of the City's Charter, codes, ordinances and regulations of the City and of all state, and federal laws in any manner affecting the performance of this Agreement, and must at all times comply with such local codes, ordinances, and regulations and all applicable laws as they may be amended from time to time.

54. Services Provided by Attorneys. Any services to be provided by a law firm or attorney must be reviewed and approved in writing in advance by the City Attorney. No invoices for services provided by law firms or attorneys, including, without limitation, as subcontractors of Contractor, will be paid unless the provider received advance written approval from the City Attorney.

Supervision of Minors Contractor, and any subcontractors, shall comply with California Penal 55. Code section 11105.3 and request from the Department of Justice records of all convictions or any arrest pending adjudication involving the offenses specified in Welfare and Institution Code section 15660(a) of any person who applies for employment or volunteer position with Contractor, or any subcontractor, in which he or she would have supervisory or disciplinary power over a minor under his or her care. If Contractor, or any subcontractor, is providing services at a City park, playground, recreational center or beach (separately and collectively, "Recreational Site"), Contractor shall not hire, and shall prevent its subcontractors from hiring, any person for employment or volunteer position to provide those services if that person has been convicted of any offense that was listed in former Penal Code section 11105.3 (h)(1) or 11105.3(h)(3). If Contractor, or any of its subcontractors, hires an employee or volunteer to provide services to minors at any location other than a Recreational Site, and that employee or volunteer has been convicted of an offense specified in Penal Code section 11105.3(c), then Contractor shall comply, and cause its subcontractors to comply with that section and provide written notice to the parents or guardians of any minor who will be supervised or disciplined by the employee or volunteer not less than ten (10) days prior to the day the employee or volunteer begins his or her duties or tasks. Contractor shall provide, or cause its subcontractors to provide City with a copy of any such notice at the same time that it provides notice to any parent or guardian. Contractor shall expressly require any of its subcontractors with supervisory or disciplinary power over a minor to comply with this section of the Agreement as a condition of its contract with the subcontractor. Contractor acknowledges and agrees that failure by Contractor or any of its subcontractors to comply with any provision of this section of the Agreement shall constitute an Event of Default. Contractor further acknowledges and agrees that such Event of Default shall be grounds for the City to terminate the Agreement, partially or in its entirety, to recover from Contractor any amounts paid under this Agreement, and to withhold any future payments to Contractor. The remedies provided in this Section shall not limited any other remedy available to the City hereunder, or in equity or law for an Event of Default, and each remedy may be exercised individually or in combination with any other available remedy. The exercise of any remedy shall not preclude or in any way be deemed to waive any other remedy.

56. Severability. Should the application of any provision of this Agreement to any particular facts or circumstances be found by a court of competent jurisdiction to be invalid or unenforceable, then (a) the validity of other provisions of this Agreement shall not be affected or impaired thereby, and (b) such provision shall be enforced to the maximum extent possible so as to effect the intent of the parties and

22

shall be reformed without further action by the parties to the extent necessary to make such provision, valid and enforceable.

57. Protection of Private Information. Contractor has read and agrees to the terms set forth in San Francisco Administrative Code Sections 12M.2, "Nondisclosure of Private Information," and 12M.3, "Enforcement" of Administrative Code Chapter 12M, "Protection of Private Information," which are incorporated herein as if fully set forth. Contractor agrees that any failure of Contactor to comply with the requirements of Section 12M.2 of this Chapter shall be a material breach of the Contract. In such an event, in addition to any other remedies available to it under equity or law, the City may terminate the Contract, bring a false claim action against the Contractor pursuant to Chapter 6 or Chapter 21 of the Administrative Code, or debar the Contractor.

58. Graffiti Removal. Graffiti is detrimental to the health, safety and welfare of the community in that it promotes a perception in the community that the laws protecting public and private property can be disregarded with impunity. This perception fosters a sense of disrespect of the law that results in an increase in crime; degrades the community and leads to urban blight; is detrimental to property values, business opportunities and the enjoyment of life; is inconsistent with the City's property maintenance goals and aesthetic standards; and results in additional graffiti and in other properties becoming the target of graffiti unless it is quickly removed from public and private property. Graffiti results in visual pollution and is a public nuisance. Graffiti must be abated as quickly as possible to avoid detrimental impacts on the City and County and its residents, and to prevent the further spread of graffiti. Contractor shall remove all graffiti from any real property owned or leased by Contractor in the City and County of San Francisco within forty eight (48) hours of the earlier of Contractor's (a) discovery or notification of the graffiti or (b) receipt of notification of the graffiti from the Department of Public Works. This section is not intended to require a Contractor to breach any lease or other agreement that it may have concerning its use of the real property. The term "graffiti" means any inscription, word, figure, marking or design that is affixed, marked, etched, scratched, drawn or painted on any building, structure, fixture or other improvement, whether permanent or temporary, including by way of example only and without limitation, signs, banners, billboards and fencing surrounding construction sites, whether public or private, without the consent of the owner of the property or the owner's authorized agent, and which is visible from the public right-of-way. "Graffiti" shall not include: (1) any sign or banner that is authorized by, and in compliance with, the applicable requirements of the San Francisco Public Works Code, the San Francisco Planning Code or the San Francisco Building Code; or (2) any mural or other painting or marking on the property that is protected as a work of fine art under the California Art Preservation Act (California Civil Code Sections 987 et seq.) or as a work of visual art under the Federal Visual Artists Rights Act of 1990 (17 U.S.C. §§ 101 et seq.).

Any failure of Contractor to comply with this section of this Agreement shall constitute an Event of Default of this Agreement.

59. Food Service Waste Reduction Requirements. Effective June 1, 2007 Contractor agrees to comply fully with and be bound by all of the provisions of the Food Service Waste Reduction Ordinance, as set forth in San Francisco Environment Code Chapter 16, including the remedies provided, and implementing guidelines and rules. The provisions of Chapter 16 are incorporated herein by reference and made a part of this Agreement as though fully set forth. This provision is a material term of this Agreement. By entering into this Agreement, Contractor agrees that if it breaches this provision, City will suffer actual damages that will be impractical or extremely difficult to determine; further, Contractor agrees that the sum of one hundred dollars (\$100) liquidated damages for the first breach, two hundred dollars (\$200) liquidated damages for the second breach in the same year, and five hundred dollars (\$500) liquidated damages for subsequent breaches in the same year is reasonable estimate of the damage that City will incur based on the violation, established in light of the circumstances existing at the time this Agreement was made. Such amount shall not be considered a penalty, but rather agreed monetary damages sustained by City because of Contractor's failure to comply with this provision.

60. Slavery Era Disclosure DELETED BY MUTUAL AGREEMENT OF THE PARTIES

61. Cooperative Drafting. This Agreement has been drafted through a cooperative effort of both parties, and both parties have had an opportunity to have the Agreement reviewed and revised by legal counsel. No party shall be considered the drafter of this Agreement, and no presumption or rule that an ambiguity shall be construed against the party drafting the clause shall apply to the interpretation or enforcement of this Agreement.

62. Dispute Resolution Procedure. A Dispute Resolution Procedure is attached under the Appendix G to address issues that have not been resolved administratively by other departmental remedies.

63. Additional Terms. Additional Terms are attached hereto as Appendix D and are incorporated into this Agreement by reference as though fully set forth herein.

IN WITNESS WHEREOF, the parties hereto have executed this Agreement on the day first mentioned above.

Goal Statement 3.

The program goal is to implement a culturally competent, efficient and effective coordinated care model of service, where clients are actively involved and where they learn to build on strengths, alleviate/manage symptoms and develop/make choices that assist them to the maximum extent possible to lead satisfying and productive lives in the least restrictive environments.

Short Term Outcomes include: engagement of at risk and underserved children, youth and families into behavioral health services; identification of strengths and difficulties; engagement of consumers in a comprehensive treatment plan of care; symptom reduction, asset development; education on impact of behavioral; health and substance abuse issue on child and family; coordination of care and linkage to services. Long Term Outcomes include: marked reduction of psychiatric and substance abuse symptoms preventing the need for a higher more intensive level of care; improvement of functioning as evidenced by increased school success, increased family/home stability and support; and maximized Asset Building as evidenced by successful transfer to community and natural supports.

Target Population 4.

RAMS Children, Youth & Family (CYF) Outpatient Services Program serves San Francisco children and youth, under the age of 18 who are beneficiaries of public health insurance, such as Medi-Cal and Healthy Families, and their siblings and parents who are in need of psychiatric prevention and/or intervention services. There is a special focus on serving the Asian & Pacific Islander American (APIA) and Russian-speaking communities, both immigrants and US-born - a group that is traditionally underserved. Included are services to LGBTQQ youth and families.

Additionally, the RAMS CYF Outpatient Services serves Early and Periodic Screening Diagnosis and Treatment (EPSDT) eligible residents who are not currently served by the SF community mental health system. EPSDT is a required benefit for all "categorically needy" children (e.g. poverty-level income, receiving SSI, or receive federal foster care or adoption assistance). This group reflects the greater health needs of children of low-income and with special health needs qualifying them for assistance. All San Franciscans under the age 21 who are eligible to receive the full scope of Medi-Cal services and meet medical necessity, but who are not currently receiving the same model of mental health services and not receiving services through capitated intensive case management services, i.e. Family Mosaic/TBS, are eligible for EPSDT services. Services are provided at the RAMS Outpatient Clinic and in the community (e.g. on-site at San Francisco Unified School District schools).

6. Methodology

A. Describe how your program conducts outreach, recruitment, promotion, and advertisement.

RAMS is uniquely well-positioned and has the expertise to outreach, engage, and retain diverse consumers, underrepresented constituents, and community organizations with regards to outpatient services & resources and raising awareness about mental health and physical well-being. As an established community services provider, RAMS comes into contact with significant numbers of consumers & families with each year serving well over 15,000 adults, children, youth & families at over 75 sites, citywide. The CYF Outpatient Program conducts these strategies on an ongoing basis, in the most natural environments as possible, and at sites where targeted children & youth spend a majority of time, through RAMS established school-based and community partnerships – San Francisco Unified School District (SFUSD) high, middle, and elementary schools, after-school programs, over 60 childcare sites, Asian Youth Advocacy Network, and Asian Pacific Islander Family Resource Network. Outreach activities are facilitated by staff, primarily the Behavioral Health Counselors/Workers (including Psychologists, Social Workers, Behavioral/ Mental Health Clinicians/Counselors/Workers), Peer Counselors, and Psychiatrists.

Also, the Peer Counselors provide additional support and may facilitate/co-facilitate workshops, engage & coordinate the Youth Advisory Council, and conduct various outreach activities to provide information about the program and general information on behavioral health matters and community resources. As peers, these individuals are able to address the stigma of mental illness utilizing a variant approach. Various outreach activities include, but are not limited to: organizing cultural events, conducting psycho-educational & informational workshops or activity groups, and providing support in natural environments. The type of activity, topic foci, and location also engage those who may not necessarily self-initiate counseling services. The workshops may use alternative references to behavioral health topics instead of using "loaded" words and language. There may also be targeted outreach activities to ethnic groups including Chinese, Koreans, Japanese, Cambodians, and Vietnamese. Engagement and retention is achieved with an experienced, culturally and linguistically competent multidisciplinary team.

B. Describe your program's admission, enrollment and/or intake criteria and process.

RAMS accommodates referrals from the CBHS Behavioral Health Access Center and will cooperate with the Interagency Council initiatives. As RAMS provides services in over 30 languages and, in order to support "advanced access," the agency deploys mechanisms to effectively & make accessible the many dialects fluent amongst staff in a timely manner. The Outpatient Clinic maintains a multi-lingual Intake/Referral & Resource Schednle, which is a weekly calendar with designated time slots of clinical staff (and language capacities) who can consult with the community (clients, family members, other providers) and conduct intake assessments (with linguistic match) of initial request. The clinical intake/initial risk assessments are aimed to determine medical necessity for mental health services and assess the level of functioning & needs, strengths & existing resources, suitability of program services, co-occurring issues/dual diagnosis, medication support needs, vocational readiness/interest (and/or engagement in volunteer activities, school), primary care connection, and other services (e.g. residential, SSI assessment). There is a designated Intake Coordinator for scheduling assessments and processing & maintaining the documentation, thus supporting streamlined coordination; staff (including Program Director) works closely with the referring party. Following the intake, engagement and follow-up is made with the client. RAMS has been acknowledged as a model for its intake practices ("advanced access") and managing the demand for services, which is a consistent challenge for other clinics.

C. Describe your program's service delivery model and how each service is delivered, e.g. phases of treatment, hours of operation, length of stay, locations of service delivery, frequency and duration of service, strategies for service delivery, wrap-around services, etc.

To further support accessibility of services, the Outpatient Clinic Program throughout the years has maintained hours of operation that extend past 5:00 pm, beyond "normal" business hours. The Program hours are: Monday (9:00 am -7:00 pm); Tuesday to Thursday (9:00 am to 9:00 pm); Friday (9:00 am to 5:00 pm).

City Fiscal Year (CBHS only): 10-11

The RAMS CYF OPS program design includes behavioral health and mental health outpatient & prevention services that include, but are not limited to: individual & group counseling, family collateral counseling; targeted case management services; crisis intervention; substance abuse and risk assessment (e.g. CANS, CRAFFT, and AADIS), psychiatric evaluation & medication management; psychological testing & assessment; psycho-education; information, outreach & referral services; and collaboration/consultation with substance abuse, primary care, and school officials, and participation in SST, IEP and other school-related meetings. Psycho-educational activities have included topics such as holistic & complementary treatment practices, substance use/abuse, and trauma/community violence. Services are primarily provided on-site, at the program, and/or in least restrictive environment in the field including, but is not limited to: clients' home, school, another community center, and/or primary care clinic. The type and frequency of services are tailored to the client's acuity & risk, functional impairments, and clinical needs, with review by the clinical authorization committee and in consultation with SFDPH CBHS.

The Behavioral Health Counselors/Workers provide clients with on-going individual and group integrated behavioral health counseling, case management services, and as needed, conduct and collateral meetings. Having individual counseling and case management services provided by the same care provider streamlines and enhances care coordination. During the treatment planning, the clinician and client discuss how strengths can be used to make changes to their current conditions and to promote & sustain healthy mental health. A plan of care with goals is formally developed (within the first two months) and updated at least annually. This is a collaborative process (between counselor & client) in setting treatment goals and identifying strategies that are attainable & measurable. As needed, other support services are provided by other staff, in collaboration with the Counselor. RAMS conducts home visits and linkages for client support services (e.g. childcare, transportation) to other community agencies and government offices. Predoctoral interns, closely supervised, are also available to conduct comprehensive batteries of psychological testing and evaluation.

Medication management including culturally competent psychiatric evaluation & assessment and on-going monitoring of prescribed medications (e.g. individual meetings, medication management groups) is provided by licensed psychiatrists, nurse practitioners, and registered nurses. The Outpatient Program psychiatry staff capacity & coverage offers daily medication evaluation & assessments during all program hours of operation, in order to increase accessibility.

D. Describe your program's exit criteria and process, e.g. successful completion, step-down process to less intensive treatment programs, aftercare, discharge planning.

The type and frequency of services are tailored to the client's acuity & risk, functional impairments, and clinical needs, with review by the clinical authorization committee and in consultation with SFDPH CBHS. Because of limited mental health resources, coupled with the need to promptly serve many newly referred acute clients, the program consistently applies utilization review and discharge/exit criteria to alleviate increasing caseload pressure, and to prioritize services to those most in need. Providers consider such factors as: risk of harm, functional status, psychiatric stability and risk of decompensation, medication compliance, progress and status of Care Plan objectives, and the client's overall environment such as culturally and linguistically appropriate services, to determine which clients can be discharged from Behavioral/Mental Health/Case Management Brokerage level of services into medication-only, or be referred to Private Provider Network/Primary Care Physician.

E. Describe your program's staffing: which staff will be involved in what aspects of the service development and delivery. Indicate if any staff position is not funded by the grant.

See CBHS Appendix B.

Furthermore, direct services are also provided by 16 pre-doctoral interns and practicum trainees. Consistent with the aim to develop and train the next generation of culturally competent clinicians, the Outpatient Clinic also houses a prestigious training center, accredited by the American Psychological Association, which offers an extensive training curriculum. These students are unpaid interns with three paid slots for pre-doctoral interns who are just one year from graduation. The interns are supervised by licensed clinical supervisors, and many graduates from RAMS' training program become

7. Objectives and Measurements

A: CBHS Performance/Outcome Objectives FY 2010-11. These will be evidenced by Avatar and Program reports and records.

Objective A.1: Reduce Psychiatric Symptoms

A.1.a. The total number of acute inpatient hospital episodes used by clients in Fiscal Year 2010 2011 will be reduced by at least 15% compared to the number of acute inpatient hospital episodes used by these same clients in Fiscal Year 2009 2010. This is applicable only to clients opened to the program no later than July 1, 2010. Data collected for July 2010 - June 2011 will be compared with the data collected in July 2009 - June 2010. Programs will be exempt from meeting this objective if more than 50% of the total number of inpatient episodes was used by 5% or less of the clients hospitalized.

A.1.e. 75% of clients who have been served for two months or more will have met or partially met 50% of their treatment objectives at discharge.

A.1.f. Providers will ensure that all clinicians who provide mental health services are certified in the use of the Child & Adolescent Needs and Strengths (CANS). New employees will have completed the CANS training within 30 days of hire.

A.1.g. Clients with an open episode, for whom two or more contacts had been billed within the first 30 days, should have both the initial CANS assessment and treatment plans completed in the online record within 30 days of episode opening. For the purpose of this program performance objective, an 85% completion rate will be considered a passing score.

A.1.h. CYF agency representatives attend regularly scheduled SuperUser calls. For the purpose of this performance objective, an 80% attendance of all calls will be considered a passing score.

Outpatient clients opened will have a Re-assessment/Outpatient Treatment Report in the online record within 30 <u>A.1.i.</u> days of the 6 month anniversary of their Episode Opening date and every 6 months thereafter. 8. Continuous Quality Improvement

CYF Outpatient Services Program's goal is to implement a culturally competent, efficient and effective coordinated care model of service, where clients are actively involved and where they learn to build on strengths, alleviate/manage symptoms and develop/make choices that assist them to the maximum extent possible to lead satisfying and productive lives in the least restrictive environments. Short Term Outcomes include: engagement of at risk and underserved children, youth and families into behavioral health services; identification of strengths and difficulties; engagement of consumers in a comprehensive treatment plan of care; symptom reduction, asset development; education on impact of behavioral; health and substance abuse issue on child and family; coordination of care and linkage to services. Long Term Outcomes include: marked reduction of psychiatric and substance abuse symptoms preventing the need for a higher more intensive level of care; improvement of functioning as evidenced by increased school success, increased family/home stability and support; and maximized Asset Building as evidenced by successful transfer to community and natural supports.

Furthermore, the program aims to meet and exceed the CBHS' care standards and annual performance objectives. Outcomes are measured/monitored by the following methods:

- Child and Adolescent Needs and Strengths, evidenced-based assessment tool
- · Monthly chart audits, conducted by counselor and a report submitted to the Program Director

Quality assurance involves a high level of consumer involvement, as the best informant for the program services is the target population, themselves. RAMS coordinates various opportunities to obtain feedback on program delivery of culturally competent services, identifying strengths of strategies, and recommendations for program design, including group topics, group sessions scheduling, and the physical environment. Such methods include, but are not limited to:

- 0 Meaningful engagement in treatment (counselor & client, with collateral meetings/input), with the client providing suggestions
- 0 Hiring & retaining a Peer/Youth Counselor, an integral member of the outreach & services team
- Ð Anonymous consumer & family member satisfaction surveys (internal & external surveys)
- s Anonymous feedback through suggestions boxes in the two client wait areas

- Clients are invited to monthly RAMS Board of Directors meeting to share their experiences and provide feedback ø (location is rotated to support accessibility)

For all quality assurance activities, the Program Director includes its outcome (narrative, qualitative/quantitative data, including all suggestions) in a written report to executive management; recommendations are explored as is its feasibility with developed plans of action (if any), at least monthly to executive management, Quality Assurance Council, the consumer(s), and/or community-at-large. Also, RAMS has demonstrated history of being fully cooperative with CBHS with all quality improvement activities, as evidenced by the excellent track record of meeting all of the contract objectives.

The CQI activities are aimed to enhance, improve and monitor the quality of services delivered. RAMS will assure that the CQI activities are in compliance with the Health Commission, Local, State, Federal and/or Funding Source policies and requirements including PURQC guidelines, Harm reduction, Health Insurance Portability and Accountability Act (HIPAA), Cultural Competency, and Client Satisfaction. Additionally, the billing practices and protocols are monitored and evaluated in order to ensure compliance with standards.

3. Goal Statement

The program provides on-site, school-based mental health services for students with an "Emotional Disturbance" (ED) and other special day classrooms. Major goals of School-Based Mental Health Partnership (SBMHP) programs include the prevention or referrals of ED youth to less or more restrictive settings, involvement of parents and caregivers in their children's education and services, and support to teachers/classroom/school environments to increase student engagement in learning and school connection. Partnerships necessarily involve collaboration with school officials, caregivers and youth themselves to promote and increase developmental assets and school engagement.

4. Target Population

The program serves San Francisco Unified School District (SFUSD) Marina and Presidio Middle Schools as well as George Washington, School of the Arts (SOTA), Mission, Lowell and Galileo High Schools (total of 8.5 classrooms). The SBMHP provides vital access to mental health services for emotionally disabled (ED) youth and their families and support to the school personnel who work with them. 6. Methodology

A. Describe how your program conducts outreach, recruitment, promotion, and advertisement.

RAMS Director of CYF Outpatient Services Clinic and Behavioral Health Counselors/Workers (including Psychologists, Social Workers, Behavioral/Mental Health Clinicians/Counselors/Workers) meet with school personnel (principal or designee, special education director, and special education teachers) in the beginning and end of each school year, as needed, and ongoing for outreach to and recruitment of children/youth who qualify for services. This may include but is not limited to active participation/presentation in at least one SPED department meeting.

RAMS Director of CYF Outpatient Services Clinic and/or Behavioral Health Counselors/Workers participate in forums (e.g. Back to School Nights) that students' parents/caregivers attend to discuss services, provide psycho-education, and develop relationships to support student participation in services.

RAMS outreach, engagement and retention strategies include, but are not limited to:

- <u>Relationship Development</u>: Developing rapport with school staff, students & families based on behavioral/mental health training & background including: using active listening skills, awareness of non-verbal communication, empathy; understanding of child development, multifaceted cultural identity, & recognizing clients' unique strengths and needs.
- <u>Classroom Observation</u>: Direct observation of behavior impeding client's ability to learn and teachers' response to these behaviors allows for assessment of the strengths and needs and for development of specific intervention plans with teachers, clients, and families.
- <u>Staff Development/Consultation with Teachers and Paraprofessionals</u>: Educate school staff regarding behavioral/mental health issues and how they impact client's behavior. Provide them with tools to engage students, recognizing their particular strengths and needs.
- <u>Client Consultation/Psycho education</u>: Providing education and/or consultation to clients, families & communities regarding ED/SDC/LD classification & behaviora/mental health issues/services to address negative associations, and engage and retain student participation.
- <u>Asset Building</u>: Linkage of students to significant adult and community supports including mentors, community organizations, and participation in meaningful extracurricular activity
 - B. Describe your program's admission, enrollment and/or intake criteria and process.

Children/youth in ED special day classrooms, with AB3632 status, or other special education classes are referred by school personnel to the on-site RAMS Behavioral Health Counselors/Workers. The process for referral and priority of students for enrollment is agreed upon during the MOU process at the beginning of the school year and is amended as necessary to meet the needs of the students and school sites.

C. Describe your program's service delivery model and how each service is delivered, e.g. phases of treatment, hours of operation, length of stay, locations of service delivery, frequency and duration of service, strategies for service delivery, wrap-around services, etc.

RAMS counselors provide on-site mental health services to the students referred for services. Each counselor dedicates 12 hours per week per partnership, for behavioral/mental health services (at least 8 hr/wk on-site). Each counselor provides at least 8 hours of on-site services at George Washington, Galileo, Lowell and Mission High Schools and Marina Middle

School; 12 hours on-site at Presidio Middle School, and 18 hours on-site at SOTA for a total of 8.5 classrooms, when schools are in operation (including summer school). Students have the option of receiving behavioral/mental health services at RAMS Outpatient Clinic when school is not in operation in an effort to provide continuity of care.

Initial assessment, individual therapy, group therapy, family therapy, case management, collateral and crisis intervention are treatment options, as clinically indicated. Outreach and consultation to the school personnel are provided as indirect services. A child/youth may be referred for medication evaluation & support services at the RAMS Outpatient Clinic, when necessary. Length of stay varies, depending on the review of treatment plan of care and the Individualized Educational Plan. Child/youth may be seen twice a week for high intensity need, and may reduce to once a month for maintenance level need.

Using a Developmental Assets model, RAMS counselors work collaboratively with caregivers, school officials, other service providers, and community groups to help maximize students' internal and external resources and supports. RAMS counselors have also been trained in Second Step for middle school sites. A plan for implementation of these programs is agreed upon at the beginning of the school year with school administration and staff and submitted to CBHS. Second Step curriculum is presented in a group setting for one semester and is amended to meet the needs of the students in the group with regard to grade and developmental level.

D. Describe your program's exit criteria and process, e.g. successful completion, step-down process to less intensive treatment programs, aftercare, discharge planning.

RAMS Behavioral Health Counselors/Workers, along with school personnel, determine students' exit criteria and process & procedure at the students' Individualized Education Plan (IEP) meetings.

E. Describe your program's staffing: which staff will be involved in what aspects of the service development and delivery. Indicate if any staff position is not funded by the grant. *Note: For CBHS, Appendix B is sufficient.*

See CBHS Appendix B.

Each staff receives individual supervision from a senior clinician regularly and participates in monthly clinical case conferences & trainings (internal and external) and weekly clinical group supervision.

3. Goal Statement

To provide integrated behavioral health services to at all the high school-based Wellness Centers. Student outcomes are improved psychological well-being, positive engagement in school & community, awareness & utilization of resources, and school capacity to support student wellness.

4. Target Population

The target population includes all SFUSD high schools (e.g. students & families; administrators & teachers), focusing on students with behavioral health concerns. Many are referred for concerns relating to mood, behavior, and other adverse circumstances. Outreach is also to those who may benefit from intensive case management, who are dealing with trauma/grief & loss, or families with limited resources.

Additionally, RAMS serves Early and Periodic Screening Diagnosis and Treatment (EPSDT) eligible residents who are not currently served by the SF community mental health system. EPSDT is a required benefit for all "categorically needy" children (e.g. poverty-level income, receiving SSI, or receive federal foster care or adoption assistance). This group reflects the greater health needs of children of low-income and with special health needs qualifying them for assistance. All San Franciscans under the age 21 who are eligible to receive the full scope of Medi-Cal services and meet medical necessity, but who are not currently receiving the same model of mental health services and not receiving services through capitated intensive case management services, i.e. Family Mosaic/TBS, are eligible for EPSDT services. Services are provided at the RAMS Outpatient Clinic and in the community (e.g. on-site at San Francisco Unified School District schools).

A. Describe how your program conducts outreach, recruitment, promotion, and advertisement.

Facilitated by RAMS staff and interns, outreach & educational activities for students & families and teachers are on various behavioral health issues (e.g. presentations at school meetings, participating in parent meetings, Back to School Nights, and PTSA meetings); and collaborating with Wellness staff in outreaching to students including general population as well as specific/targeted, hard to reach communities (e.g. LGBTQ, Chinese, gang-involved) by conducting various activities such as presentations (student orientation, classrooms, assemblies, and health fairs), contributing articles to the Wellness Newsletter, participating in student clubs & associations (culture/interest-based and student government), and other methods (e.g. connecting with Peer Resource, drop-in hours).

RAMS Wellness Centers Program services are provided by: Behavioral Health Counselors (including Psychologists, Social Workers, Behavioral/ Mental Health Clinicians/Counselors/Workers), Clinical Case Manager, Trauma/Grief & Loss Group Counselor, and seven interns/volunteers. All staff/interns have a Clinical Supervisor and overall program oversight is the responsibility of the Director of Behavioral Health Services/Program Director.

Behavioral health outreach, awareness, promotion, and educational services are provided to the entire student population, as requested by each school site. There is a specific need for increased outreach to the Chinese student population, as Chinese students have historically underutilized behavioral health services when compared to their peers. Furthermore, RAMS conducts at least one presentation on behavioral health issues to school staff or parents for each school site. In doing so, counselors also develop an outline for the presentation which is formatted so that other sites can utilize it.

Engagement & retention is an ongoing dialogue that RAMS has with students & families by communicating respect, fostering curiosity, empathy, and a non-judgmental attitude. This has proven successful, as supported by the increase of RAMS service utilization at each high school site.

B. Describe your program's admission, enrollment and/or intake criteria and process.

Students are referred by teachers, administrators, other Wellness staff members, or are self-referred for services. All students who are referred to a RAMS counselor receive an on-site, face-to-face confidential assessment/evaluation the next available day of the referral. The RAMS school-based assessment assess the student's strengths and interactions between psychological, biological, socio-cultural, and environmental factors that are impacting the youths functioning in school, at home, and in the community. Any student who the RAMS counselor has assessed to be experiencing behavioral health related symptoms after the initial evaluation, are considered appropriate for services. These 'identified students' may receive individual and/or group services on-site, or may be referred to RAMS Outpatient Clinic, another community-based organization, or their medical provider for behavioral health services, as deemed appropriate. RAMS also works closely with the school and family in efforts to provide comprehensive care.

C. Describe your program's service delivery model and how each service is delivered, e.g. phases of treatment, hours of operation, length of stay, locations of service delivery, frequency and duration of service, strategies for service delivery, wrap-around services, etc.

RAMS program models and treatment modalities are based on a client-centered, youth-focused, strength-based model with an inter-relational approach. As students present with a wide scope of issues (e.g. mental health, substance use/abuse, diverse ages, ethnicity, sexuality, socio-economic status), service provision must be comprehensive to assess and respond, while de-stigmatizing therapy and establishing trust. In doing so, RAMS incorporates various culturally relevant evidence-based practices, for in working with adolescents.

To maximize the direct services provided on-site, RAMS coordinates with each school and Wellness Center to determine staff scheduling to align with school structures, to the extent possible. Counselors are on-site from the beginning of the school day to 30 minutes after school. During a crisis, the Counselor may stay longer to assist with care transition (e.g. Child Crisis), in consultation with the RAMS Director of Behavioral Health Services/Program Director and Wellness Center team. As possible, RAMS staff meetings (supervision, etc.), trainings, and time-off (vacations) do not conflict with school schedules. During such unavoidable instances, RAMS assures appropriate staffing coverage. During school breaks, RAMS offers direct services (counseling, case management, crisis intervention) at various locations (e.g., summer school, RAMS Outpatient Clinic, and in the community).

The RAMS model of Wellness services' treatment modalities & strategies include: multi-lingual and multi-cultural behavioral health (mental health & substance abuse) assessment and individual & group intervention (short, medium, & long-term counseling, collateral); crisis intervention; substance use/abuse services (primary and secondary prevention and outpatient services); clinical case management and service coordination & liaison (community providers, emergency support services); consultation; outreach & educational activities for students & parents and teachers; and collaborating with Wellness staff in outreaching to students including general population as well as specific/targeted, hard to reach communities. Furthermore, RAMS provides at least one ongoing behavioral health intervention group at 12 of the 15 high school-based Wellness Centers, at minimum. The RAMS model focuses on short-term behavioral health counseling and case management services, with longer durations to be assessed in consultation with RAMS supervisors and Wellness. RAMS Counselors work within the school-based Wellness team under the direction of the Wellness Coordinator and RAMS supervisors.

During each stage of engagement, RAMS assesses students for appropriateness of services modality, frequency, and accessibility (location, schedule). RAMS provides services on-site at the Wellness Centers as well as off-site by other community program providers (including RAMS Outpatient Clinic). The type, frequency, and location (on- or off-site) of services are tailored to the client's acuity & risk, functional impairments, and clinical needs as well as accessibility to community resources (e.g. family support, insurance coverage, ability to pay if needed. The Counselor determines such need during the assessment, weighing risk factors that can prompt more immediate on-site services with short term counseling (one to five sessions), medium length (six to 11 sessions), or long term counseling (12 or more sessions, requires DSM IV diagnosis and potential decompensation). Assessments are reviewed for quality assurance, by clinical supervisors and the RAMS Director of Behavioral Health Services/Program Director with treatment planning (e.g. length of treatment) being discussed with the Wellness team (as appropriate). On-site services are generally provided to those exhibiting high level of need and whose school attendance is conducive to regular sessions. Treatment frequency is reported & reviewed monthly for medium length cases by clinical supervisors and long-term cases are reviewed by clinical supervisor and Director of Behavioral Health Services/Program Director, at least a quarterly basis. RAMS maintains a system/procedure to ensure that majority of clients receives short-term interventions and that clients receiving medium to long-term interventions are monitored; there is a formal approval process to approve services provided for more than a year.

Referrals to off-site services are indicated when:

- Students/family have private/public insurance that covers behavioral health services
- Students referred for services at the end of the school year and/or about to graduate high school
- Students requiring more than once a week counseling (e.g. high risk with suicidal/homicidal ideation; psychosis, etc) to be linked with a higher levels of care in the community
- Students/families can connect with community services with little or no accessibility barriers
 - D. Describe your program's exit criteria and process, e.g. successful completion, step-down process to less intensive treatment programs, aftercare, discharge planning.

Disposition of all cases are conducted in accordance to clinical standards of care, in collaboration with the client (and other parties involved), and through providing follow-up and/or referral information/linkage. For clients with ongoing care, termination or step-down process to less intensive treatment services begins when a child/youth has met all or majority of the target goals in the Plan of Care, when his/her target symptoms have decreased or alleviated, and he/she can function at

his/her developmental expectation. Stressors are also considered whether the child/ youth may decompensate if service is terminated or stepped-down.

Students may be referred for other behavioral/mental health or case management services for short-term, early intervention, or assessment only. RAMS counselors take part in ensuring that continuity of care takes place when students transfer or graduate from high school.

E. Describe your program's staffing: which staff will be involved in what aspects of the service development and delivery. Indicate if any staff position is not funded by the grant.

See CBHS Appendix B.

RAMS Wellness Centers Program maintains a school-based internship program; during FY 2010-11, there are five graduate student interns (counseling, social work), one pre-doctoral psychology intern, and one volunteer Counselor who holds a master's degree in a mental health discipline and is a Marriage & Family Therapist Intern. All interns/volunteers are providing behavioral health services on-site; each intern/volunteer is supported in their learning process, receiving weekly clinical individual and group supervision, and didactic seminars. These internships are unpaid positions.

3. Goal Statement

RAMS Fu Yau Project's goal is to prevent emotional disturbance and provide early intervention for children, prenatal to five years old, in San Francisco. RAMS strives to improve the social and emotional well-being of children by providing them, their families, and their childcare providers, on a weekly or monthly basis, with mental health consultation and early intervention services as delivered by highly skilled and culturally competent professionals.

4. Target Population

The Fu Yau Project targets young children from prenatal to five years old, who are from low-income families. These families include TANF and CalWORKs recipients, the working poor, and recent or new immigrants and refugees residing in San Francisco. The geographic locations include all 11 districts in San Francisco. Families who are of low income and have limited or no English-speaking ability tend to have little or no access to culturally appropriate mental health services. Almost 50% of the subsidized childcare population in San Francisco is of Chinese and other Asian descents; more than 10% are of Hispanic descent. Because the links between race, ethnicity, language, and socio-economic status are inextricable, the target populations of the Fu Yau Project are the underserved, low-income families of color in the City. This may include African-American families and immigrants from Asia and Latin America.

6. Methodology

A. Describe how your program conducts outreach, recruitment, promotion, and advertisement.

Fu Yau Project currently has MOU's with several large, state and federally funded child-care organizations (e.g. Head Start and San Francisco Unified School District). Fu Yau (FY) also works with community-based, non-profits such as Glide Child Care Center. FY's reputation is well known throughout the city so requests for consultation are often the result of word-of-mouth. Providers also respond to program/project brochures, which are distributed at various community outreach events attended by Fu Yau Consultants. The Project also participate in functions, such as conferences and trainings that allow the team the opportunity to discuss services and the mental health needs of children ages 0-5 with other professionals in the childcare & mental health fields, and the community at large.

B. Describe your program's admission, enrollment and/or intake criteria and process.

The Fu Yau Project exclusively collaborates with assigned childcare centers, family childcare providers, and family resource centers. Fu Yau utilizes the internal referral process of the childcare providers when specific families or children need consultation services. Additionally, as a result of clinical observation by Fu Yau Consultants and in consultation with childcare providers, as indicated, families are approached to discuss the outcome of the observation/consultation and are offered services to address the identified needs. Before intensive consultation about individual cases begins, the program requires that the child's legal guardian complete a Fu Yau Consent Form, as well as the in-house consent forms used by the sites.

For Fu Yau Project EPSDT services, children must be eligible for full scope Medi-Cal and not be receiving outpatient mental health services elsewhere in the CBHS CYF System of Care. Children may be referred by the childcare personnel, families, or as a result of observation/ consultation by the Fu Yau Consultant, as clinically indicated. Children may be seen individually or in groups, as clinically appropriate.

C. Describe your program's service delivery model and how each service is delivered, e.g. phases of treatment, hours of operation, length of stay, locations of service delivery, frequency and duration of service, strategies for service delivery, wrap-around services, etc.

Consultation Services for Sites involve:

- Weekly or biweekly on-site observation and consultation to program
- Observation and consultation on specific, individual children as requested and needed
- In-services training to Center staff
- Special events such as staff retreat and/or all day training for Center staff as requested and needed by Centers
- Case consultation, crisis intervention, mental health intervention, referral and case management of specific children and families
- Consultants provide services during the operating hours of childcare sites, usually 4 to 8 hours per week or biweekly between 8 a.m. to 6 p.m., Monday through Friday

Family Involvement – the families are invited to participate in the program through parenting classes. Details are as follows:

- A series of four to six sessions of parenting classes in Chinese, Spanish, and/or English at each site. Topics may
 include, but are not limited to: child development, discipline, promoting child's self-esteem, stress management,
 resources for families, child abuse/domestic violence prevention, dealing with extended families, parent/child
 relationship, and raising bicultural children.
- Parenting classes usually take place in the early evenings so that the working parents may participate after work. Childcare and refreshments are usually provided.
- Parent support groups usually follow the series of parenting classes, as parents develop a trusting relationship with each other and with the consultant. The frequency of the groups may be from once a week to once a month, depending on the parents' needs.

Funding Source:

- Parent Advisory Committee meetings to guide us in effectively targeting the concerns and problems of the ø community. These meetings take place five times a year, on Saturday mornings at Chinatown Child Development Center (CCDC) in Chinatown, which is the most centralized and convenient place for parents to gather. These meetings include one representative from each center and family childcare provider.
- Fu Yau Parenting Group meets bimonthly to discuss parenting issues that relate to the socio-emotional well-being of the parents' children. The group is co-facilitated and serves as a forum for parents who benefit from peer support and education. The facilitators offer parenting information and psycho-education.

Direct Services are also provided, which include, but are not limited to:

- Crisis intervention, mental health intervention, referral & linkage to long-term services at community agencies (SFUSD Special Education, Regional Center, Support Center for Families of Children with Disabilities, health and mental health agencies, etc.) for children and families. Most services are delivered at the childcare sites. However, some linkage services may be delivered in the community, and mental health services may be delivered either on-site, at RAMS or CCDC, depending on the private space available at childcare sites.
- Integrated play therapy groups, with a mixed group of three to 10 children, who have identified mental health 0 issues (e.g., selective mutism, anxiety, under-socialized, etc.), and other "typically" developing children. These groups usually take place in the classroom during small group time or free play time, and last about six to 12 weeks. The size of the group and length of time for the session depends on the issues of the children as well as the program needs.
- Parent/Child play therapy groups, with identified children and their parents, are facilitated by the on-site Fu Yau Consultant and a childcare staff member. This group is a combination of parenting class and children's play therapy group. Parents and children are encouraged to play together with planned activities. Socialization skills
- and parenting skills are modeled on the spot by the mental health consultant. The size of the group is not more than six to eight pairs in order to maximize the effectiveness of the consultation. This group usually takes place in the late afternoon at the childcare site, to accommodate parents' work schedules.
- Child play treatment groups, with children with identified mental health issues. This group may last for most of the school year duration or be ongoing, involving two to six children who may have behavioral/social emotional concerns/difficulties. This group takes place on-site in the morning or early afternoon, during children's regular playtime.
- Psychiatry services and/or consultation, as needed

Services for Family Childcare Providers include, but are not limited to:

- Weekly, monthly, or as needed visits and consultation with family child care providers
- Monthly support/education meetings for parents/families of children who attend Wu Yee home-based program
- D. Describe your program's exit criteria and process

Site providers (staff/administrators), Fu Yau Consultants, and the Director of Fu Yau Project meet at least twice a year to assess/evaluate the mental health consultation needs of each site. In each of these meetings, the site administrators may choose to refocus the services and/or request to change the intensity of consultation activities. For example, at a particular site, an administrator may choose to move from almost exclusively receiving direct individual/group services to more staff/programmatic consultation or to more work with parents in the form of workshops or trainings.

For EPSDT clients receiving direct mental health services, their Plan of Care is evaluated and/or updated bi-annually. Any increase or decrease to intensity of treatment is determined by the clinician, client, and/or client's caregiver(s) using the standard protocol per CBHS administration.

New X Renewal 🔲 Modification

3. Goal Statement

The Summer Bridge Program goals & outcomes are to: (a) promote awareness of psychological well-being and (b) foster interest in health & human services as career options.

July 2010 to June 2011 is the second fiscal year of Summer Bridge: Summer 2010 is the first program year; school year 2010-11 is to continue engaging graduates, recruiting new members, and planning for the second summer program in 2011; Summer 2011 is the second program year.

4. Target Population

The target population includes all San Francisco's high school youth of diverse backgrounds. RAMS targets junior & senior grades, as these groups are more cognizant of post-high school/graduation activities.

At least 90% of each cohort will be of underrepresented communities within the healthcare workforce (e.g. behavioral health consumers, African-Americans, Latinos, Native Americans, Asian & Pacific Islander Americans), with a balance between males and females.

5. Modality(ies)/Interventions

Summer Bridge is an eight-week summer mentoring program for youth ages 16 to 20, currently enrolled in or recently graduated from SFUSD high schools; the structure day program is the modality/intervention.

RAMS operates this program, in collaboration with Horizons Unlimited, Samoan Community Development Center (SCDC), and Bayview Hunters Point Foundation for Community Improvement (BVHP). This partnership & collaboration truly provides for a "bridge" of knowledge and expertise. RAMS has expertise in culturally competent mental health services, serving disenfranchised communities, and training the next generation of practitioners. SCDC has extensive youth programs (target Samoan and Pacific-Islander communities) that support cultural identity, educational workshops, community outreach, crisis response, counseling, and intensive home-based supervision for probation youth. Horizons Unlimited serves youth (targeting Latino community) through the arts, employment, substance abuse prevention &

> Document Date 10/12/2010 Page 1 of 10

treatment, and gender-focused empowerment & counseling services; for over a decade, Horizons has operated a peer leadership & education program and its

current focus is on mentoring young Latinas for peer counseling & human services. BVHP provides community mental health services to children, youth & families (prevalence of African American constituents) at the outpatient clinic and schools, engages at-risk youth in pro-social activities, and substance abuse prevention & treatment services. In this partnership, RAMS is the lead agency to operate and evaluate the program. The other agencies support the program through youth recruitment within underrepresented communities in the healthcare workforce; furthermore, SCDC and Horizons Unlimited also serve as facility sites for the program's operation.

The first Summer Bridge crossed over two fiscal years since SFUSD summer break started in June. The first two weeks of the program is in June, and the next six weeks are in July and August. With the expansion for Fiscal Year 2010-11, RAMS is able to expand the program into the school year by facilitating activities that engage interested Summer Bridge graduates in a deeper, more meaningful and more specific interest in the behavioral health field.

6. Methodology

A. Describe how your program conducts outreach, recruitment, promotion, and advertisement.

As RAMS currently provides services in over 75 sites throughout San Francisco, the agency is uniquely positioned well and has the expertise to outreach & promote the program to culturally & linguistically diverse consumers, underrepresented constituents, and community organizations. RAMS is able to leverage existing resources towards this effort; the agency is the contract provider of behavioral health services for the high school-based Wellness Center (all 15 public high schools) and provides behavioral/mental health & outreach services at Balboa Teen Health Center and serves the ED Partnership at high & middle schools. RAMS builds upon these existing partnerships with Wellness Centers, schools' administration & student bodies as well as collaborate with SFUSD and partner agencies for program recruitment. Targeted outreach is conducted at schools with the highest prevalence of underrepresented communities (e.g. Balboa, Burton, Galileo, International Studies Academy, Lincoln, Marshall, Mission, O'Connell and Washington High Schools). Furthermore, Summer Bridge 2010 graduates and RAMS Youth Council members are peer recruiters at their respective high schools and communities. As RAMS staff (i.e. Summer Bridge Program Coordinator and Counselors, Behavioral/Mental Health Clinicians/Counselors/Workers) continue to be at the school site throughout the school year, Summer Bridge participants can sustain mentorship & support upon program completion. Furthermore, within this partnership, Horizons Unlimited, SCDC, and BVHP are specifically assisting with outreach and recruitment within their respective constituencies and community groups. This supports the efforts of the Summer Bridge program with having a participant group that reflects underrepresented communities in the healthcare workforce.

> Document Date 10/12/2010 Page 2 of 10

Additionally, RAMS actively participates in and are members of various culturally-focused community coalitions and/or committees and shall utilize these networks as well as funder entities for outreach & promotion. Such groups include, but are not limited to: SF Department of Public Health, San Francisco Unified School District, SF Human Services Agency, California State Department of Rehabilitation, Association of SF Mental Health Contractors, Mental Health Association of SF, and SF Human Services Network as well as SF Asian & Pacific Islander Health Parity Coalition, Asian Youth Advocacy Network, Asian Alliance Against Domestic Violence, SF Vietnamese Providers Committee, NICOS Chinese Health Coalition, Chinese Hospital of San Francisco, and Asian Mental Health Task Force. RAMS also consistently engages in various outreach activities, at which the agency promotes the Summer Bridge Program. Such activities include but are not limited to:

- Community workshops at health fairs, schools, and/or community centers
- Community workshops for the professional healthcare community
- Multi-cultural health and neighborhood fairs
- Public policy venues and platforms
- Distributing multi-lingual brochures and materials

RAMS is known to ethnic media & mainstream press and will use these means for marketing and organizing activities to reach the general public. The agency has been featured and included in various media and/or public campaigns with entities, such as KQED, SF Chronicle, Los Angeles Times, Sacramento Bee, Mental Health Weekly, KTSF-26, KMTP-32 (World Channel), Sing Tao (Radio and Newspaper), Ming Pao, World Journal, Philippine News, AsianWeek, and The Richmond ReView.

B. Describe your program's admission, enrollment and/or intake criteria and process.

This program is operated with a high community engagement and input process. During the curriculum and program review/development, Summer Bridge 2010 graduates and RAMS Youth Council and community engagement & feedback is obtained regarding application procedures, curriculum, and program completion/graduation requirements. In general, participants must be enrolled in a San Francisco high school. The target population are the junior & senior grades, as these groups are more cognizant of post-high school/graduation activities. At least 90% of each cohort will be of underrepresented communities within the healthcare workforce (e.g. behavioral health consumers, African-Americans, Latinos, Native Americans, Asians & Pacific Islanders Americans), with a balance between males and females. General application process includes the youth submitting an application to the program, for which RAMS reviews and makes a determination about program acceptance (in consideration of a match between program and student needs).

During the curriculum and program review/development, all organizations involved (RAMS, SCDC, BVHP, and Horizons Unlimited) holds meetings that include those that reflect the diversity of the community to obtain recommended program operations elements. RAMS builds upon the collective expertise & experience of all the partners involved in working with the target

population. RAMS and the Project Coordinator conduct research on community best practices/approaches/models. The best informant for the culturally relevant curriculum & program development is the target population, themselves. Methods for engagement include: focus groups, surveys, community meetings, and facilitated discussions.

RAMS builds upon the experience and lessons learned from Summer 2010 as well as engages Summer Bridge 2010 graduates, RAMS Youth Council members, and stakeholders including: youth and families of diverse backgrounds, the school's student associations & clubs, Wellness Centers' staff (e.g. Coordinator, Peer Advisor), school personnel & faculty and youth & community centers.

C. Describe your program's service delivery model and how each service is delivered, e.g. phases of treatment, hours of operation, length of stay, locations of service delivery, frequency and duration of service, strategies for service delivery, wraparound services, etc.

Facilitated by the Summer Bridge Coordinator and Counselor, the eight-week summer program is from June to August. Participants meet three times a week which include meeting at the base site with presentations from community members, community site visits so that students may "see" the various human services work settings, and convening at the end of the week to process and integrate learning for the week. Each meeting day is about four hours, with a weekly total of face-to-face contact for up to 12 hours; other independent, self-study hours may be needed, to work on final project. Additionally, students may have apprenticeships and job shadowing experiences in various settings such as vocational counseling (e.g. RAMS Hire-Ability Vocational Services), residential facility setting (e.g. RAMS Broderick Street Adult Residential), welfare-to-work system of care (e.g. RAMS PAES Counseling & Pre-Vocational Services), and other youth organizations in collaboration with partner agencies and collaborators. To further enhance accessibility of Summer Bridge to underrepresented communities, the program's day-today operation/base is at Horizons Unlimited (SF Mission District: 440 Potrero Avenue) and/or SCDC (SF Visitacion Valley District: 2055 Sunnydale Avenue). As many of the target population reside in SF's East and Southeast sectors, they are well familiar with all these "youthfriendly" community centers. All sites are easily accessible by public transportation.

Summer Bridge Program structure:

- Based on weekly theme that reflects areas related in mental health (e.g. psychotherapy, higher education, family issues, addiction and dependence, alternative healing methods)
- Team building activities and team/individual projects
- Motivational speakers representing diverse communities (ethnic, racial, gender, sexual orientation, leadership/behavioral health, college students, college professors)
- Trial and/or actual college application exercises
- Skills building regarding searching for community resources (e.g. mental health/human services, primary care, vocational services)
- Weekly journaling to reflect on learning

- Weekly process group to help participants integrate learning on a weekly basis
- A final project(s) to be presented at the end of the program to the cohort and their families; this project represents a culmination of the youth's experience, learning, and possible career goal/planning.
- <u>Community site visits</u> are the highlight of the program, as this brings the "real world" into the facilitated curriculum; such agencies for site visits may include:
 - Community mental health agencies (adults, children & youth, vocational, holistic)
 - Training programs of mental health fields and discussions with current students
 - Community events and health fairs
 - University and college campuses & tours, including seeing a "live" college course, visiting the academic counseling office
- To support youth & families in addressing barriers of program participation & completion, Summer Bridge connects youth with community services (e.g. case management) such as:
 - Behavioral health services (Wellness Centers, other community agencies)
 - Primary care services (teen health clinics)
 - Academic support and/or mentorship programs
 - Childcare services (Wu Yee Children's Services, Children's Council)
 - Connect youth to local family resource centers and/or youth centers
- Each student that completes the program receives a monetary stipend/incentive

As the curriculum is being delivered (during summer session), there are mid-course focus group/survey and program completion satisfaction surveys that will inform program structure; RAMS shall make adjustments, as appropriate and feasible.

During the School Year, Summer Bridge maintains ongoing engagement with youth in the following activities:

- Ongoing engaging youth via multi-media (e.g. Summer Bridge Facebook)
- Coordinate semi-annual Summer Bridge reunions of graduates (Winter Break 2010 and Spring Break 2011)
- During school breaks, Summer Bridge engages graduates in mini-workshops, sharing of "apprenticeship" and youth council experience, keeping young graduates interested in the behavioral/mental health field
- Coordinate a Spring Focus Group Engage Summer Bridge 2010 graduates in reviewing curriculum and advise on the development of curriculum for Summer Bridge 2011; participate as "mentors" and "trainers" for Summer Bridge 2011, etc.

RAMS, during the school year, also coordinates the Youth Council. Specifically, the Summer Bridge graduates are invited to join the RAMS Youth Council Description, which aims to engage youth in a deeper understanding of community mental health services, soliciting their input in service delivery, continue to educate youth the importance of mental wellness and destigmatization of seeking mental health service behaviors. Completion of Youth Council responsibilities result in a \$250 stipend.

E. Describe your program's staffing: which staff will be involved in what aspects of the service development and delivery. Indicate if any staff position is not funded by the grant.

Please see CBHS Appendix B.

7. Objectives and Measurements

A: CBHS Performance/Outcome Objectives FY 2010-11. These will be evidenced by Program reports and records.

Objective E.1: Prevention

E.1.f. In the event that the request for an accounting is delivered directly to BA or its agents or subcontractors, BA shall within five (5) calendar days of a request forward it to CE in writing. It shall be CE's responsibility to prepare and deliver any such accounting requested. BA shall not disclose any Protected Information except as set forth in Sections 2.b. of this Addendum [45 C.F.R. [42 U.S.C. Section 17935(b); 45 C.F.R. Section 164.514(d)(3)] BA understands and agrees that the definition of "minimum necessary" is in flux and shall keep itself informed of guidance issued by the Secretary with respect to what constitutes "minimum necessary."
- *l.* **Data Ownership.** BA acknowledges that BA has no ownership rights with respect to the Protected Information.
- *m.* Business Associate's Insurance. BA shall maintain a sufficient amount of insurance to adequately address risks associated with BA's use and disclosure of Protected Information under this Addendum.

- n. Notification of Breach. During the term of the Contract, BA shall notify CE within twenty-four (24) hours of any suspected or actual breach of security, intrusion or unauthorized use or disclosure of PHI of which BA becomes aware and/or any actual or suspected use or disclosure of data in violation of any applicable federal or state laws or regulations. If the steps are unsuccessful, the BA must terminate the Contract or other arrangement if feasible, or if termination is not feasible, report the problem to the Secretary of DHHS. BA shall provide written notice to CE of any pattern of activity or practice of the CE that BA believes constitutes a material breach or violation of the CE's obligations under the Contract or Addendum or other arrangement within five (5) calendar days of discovery and shall meet with CE to discuss and attempt to resolve the problem as one of the reasonable steps to cure the breach or end the violation.

The fact that CE inspects, or fails to inspect, or has the right to inspect, BA's facilities, systems, books, records, agreements, policies and procedures does not relieve BA of its responsibility to comply with this Addendum, nor does CE's (i) failure to detect or (ii) detection, but failure to notify BA or require BA's remediation of any unsatisfactory practices, constitute acceptance of such practice or a waiver of CE's enforcement rights under the Contract or Addendum, BA shall notify CE within ten (10) calendar days of learning that BA has become the subject of an audit, compliance review, or complaint investigation by the Office for Civil Rights.

If return or destruction is not feasible, as determined by CE, BA shall continue to extend the protections of Section 2 of this Addendum to such information, and limit further use of such PHI to those purposes that make the return or destruction of such PHI infeasible[45 C.F.R. Section 164.504(e)(ii)(2)(I)]. If CE elects destruction of the PHI, BA shall certify in writing to CE that such PHI has been destroyed.

### 4. Limitation of Liability

Any limitations of liability as set forth in the contract shall not apply to damages related to a breach of the BA's privacy or security obligations under the Contract or Addendum.

## 5. Disclaimer

CE makes no warranty or representation that compliance by BA with this Addendum, HIPAA, the HITECH Act, or the HIPAA Regulations will be adequate or satisfactory for BA's own purposes. BA is solely responsible for all decisions made by BA regarding the safeguarding of PHI.

### 6. Certification

To the extent that CE determines that such examination is necessary to comply with CE's legal obligations pursuant to HIPAA relating to certification of its security practices, CE or its authorized agents or contractors, may, at CE's expense, examine BA's facilities, systems, procedures and records as may be necessary for such agents or contractors to certify to CE the extent to which BA's security safeguards comply with HIPAA, the HITECH Act, the HIPAA Regulations or this Addendum.

#### 7. Amendment

a. Amendment to Comply with Law. The parties acknowledge that state and federal laws relating to data security and privacy are rapidly evolving and that amendment of the Contract or Addendum may be required to provide for procedures to ensure compliance with such developments. The parties specifically agree to take action as is necessary to implement the standards and requirements of HIPAA, the HITECH Act, the Privacy Rule, the Security Rule and other applicable laws relating to the security or confidentiality of PHI. The parties understand and agree that CE must receive satisfactory written assurance from BA that BA will adequately safeguard all Protected Information. Upon the request of either party, the other party agrees to promptly enter into negotiations concerning the terms of an amendment to this Addendum embodying written assurances consistent with the standards and requirements of HIPAA, the HITECH Act, the Privacy Rule, the Security Rule or other applicable laws. CE may terminate the Contract upon thirty (30) calendar days written notice in the event (i) BA does not promptly enter into negotiations to amend the Contract or Addendum when requested by CE pursuant to this Section or (ii) BA does not enter into an amendment to the Contract or Addendum providing assurances regarding the safeguarding of PHI that

CE, in its sole discretion, deems sufficient to satisfy the standards and requirements of applicable laws.

# 8. Assistance in Litigation or Administrative Proceedings

BA shall make itself, and any subcontractors, employees or agents assisting BA in the performance of its obligations under the Contract or Addendum, available to CE, at no cost to CE, to testify as witnesses, or otherwise, in the event of litigation or administrative proceedings being commenced against CE, its directors, officers or employees based upon a claimed violation of HIPAA, the HITECH Act, the Privacy Rule, the Security Rule, or other laws relating to security and privacy, except where BA or its subcontractor, employee or agent is a named adverse party.

# 9. No Third-Party Beneficiaries

Nothing express or implied in the Contract or Addendum is intended to confer, nor shall anything herein confer, upon any person other than CE, BA and their respective successors or assigns, any rights, remedies, obligations or liabilities whatsoever.

## 10. Effect on Contract

Except as specifically required to implement the purposes of this Addendum, or to the extent inconsistent with this Addendum, all other terms of the Contract shall remain in force and effect.

## 11. Interpretation

This Addendum and the Contract shall be interpreted as broadly as necessary to implement and comply with HIPAA, the HITECH Act, the Privacy Rule and the Security Rule. The parties agree that any ambiguity in this Addendum shall be resolved in favor of a meaning that complies and is consistent with HIPAA, the HITECH Act, the Privacy Rule and the Security Rule.

## Dispute Resolution Procedure For Health and Human Services Nonprofit Contractors 9-06

9-W

### Introduction

The City Nonprofit Contracting Task Force submitted its final report to the Board of Supervisors in June 2003. The report contains thirteen recommendations to streamline the City's contracting and monitoring process with health and human services nonprofits. These recommendations include: (1) consolidate contracts, (2) streamline contract approvals, (3) make timely payment, (4) create review/appellate process, (5) eliminate unnecessary requirements, (6) develop electronic processing, (7) create standardized and simplified forms, (8) establish accounting standards, (9) coordinate joint program monitoring, (10) develop standard monitoring protocols, (11) provide training for personnel, (12) conduct tiered assessments, and (13) fund cost of living increases. The report is available on the Task Force's website at <a href="http://www.sfgov.org/site/npcontractingtf_index.asp?id=1270">http://www.sfgov.org/site/npcontractingtf_index.asp?id=1270</a>. The Board adopted the recommendations in February 2004. The Office of Contract Administration created a Review/Appellate Panel ("Panel") to oversee implementation of the report recommendations in January 2005.

The Board of Supervisors strongly recommends that departments establish a Dispute Resolution Procedure to address issues that have not been resolved administratively by other departmental remedies. The Panel has adopted the following procedure for City departments that have professional service grants and contracts with nonprofit health and human service providers. The Panel recommends that departments adopt this procedure as written (modified if necessary to reflect each department's structure and titles) and include it or make a reference to it in the contract. The Panel also recommends that departments distribute the finalized procedure to their nonprofit contractors. Any questions for concerns about this Dispute Resolution Procedure should be addressed to purchasing@sfgov.org.

### **Dispute Resolution Procedure**

The following Dispute Resolution Procedure provides a process to resolve any disputes or concerns relating to the administration of an awarded professional services grant or contract between the City and County of San Francisco and nonprofit health and human services contractors.

Contractors and City staff should first attempt to come to resolution informally through discussion and negotiation with the designated contact person in the department.

If informal discussion has failed to resolve the problem, contractors and departments should employ the following steps:

- Step 1 The contractor will submit a written statement of the concern or dispute addressed to the Contract/Program Manager who oversees the agreement in question. The writing should describe the nature of the concern or dispute, i.e., program, reporting, monitoring, budget, compliance or other concern. The Contract/Program Manager will investigate the concern with the appropriate department staff that are involved with the nonprofit agency's program, and will either convene a meeting with the contractor or provide a written response to the contractor within 10 working days.
- Step 2 Should the dispute or concern remain unresolved after the completion of Step 1, the contractor may request review by the Division or Department Head who supervises the Contract/Program Manager. This request shall be in writing and should describe why the concern is still unresolved and propose a solution that is satisfactory to the contractor.

October 1, 2010

The Division or Department Head will consult with other Department and City staff as appropriate, and will provide a written determination of the resolution to the dispute or concern within 10 working days.

Step 3 Should Steps 1 and 2 above not result in a determination of mutual agreement, the contractor may forward the dispute to the Executive Director of the Department or their designee. This dispute shall be in writing and describe both the nature of the dispute or concern and why the steps taken to date are not satisfactory to the contractor. The Department will respond in writing within 10 working days.

In addition to the above process, contractors have an additional forum available only for <u>disputes that</u> <u>concern implementation of the thirteen policies and procedures recommended by the Nonprofit</u> <u>Contracting Task Force and adopted by the Board of Supervisors</u>. These recommendations are designed to improve and streamline contracting, invoicing and monitoring procedures. For more information about the Task Force's recommendations, see the June 2003 report at <a href="http://www.sfgov.org/site/npcontractingtf">http://www.sfgov.org/site/npcontractingtf</a> index.asp?id=1270.

The Review/Appellate Panel oversees the implementation of the Task Force report. The Panel is composed of both City and nonprofit representatives. The Panel invites contractors to submit concerns about a department's implementation of the policies and procedures. Contractors can notify the Panel after Step 2. However, the Panel will not review the request until all three steps are exhausted. This review is limited to a concern regarding a department's implementation of the policies and procedures in a manner which does not improve and streamline the contracting process. This review is not intended to resolve substantive disputes under the contract such as change orders, scope, term, etc. The contractor must submit the request in writing to purchasing@sfgov.org. This request shall describe both the nature of the concern and why the process to date is not satisfactory to the contractor. Once all steps are exhausted and upon receipt of the written request, the Panel will review and make recommendations regarding any necessary changes to the policies and procedures or to a department's administration of policies and procedures.
