Small Business Commission Recommendation: **Approval**

Dear Ms. Calvillo:

At its meeting of June 9, 2014, the Small Business Commission heard Board of Supervisors (BOS) File Nos. 140508 and 140509, related proposals pertaining to a general obligation bond measure for transportation infrastructure improvements. The Commission moved to recommend approval of both legislative proposals to the Board of Supervisors.

The Small Business Commission recognizes the importance of adequate investment in the City's transportation infrastructure. The transportation network is critical to the vitality of small businesses and the efficient provision of services within the city. Employees, customers, and deliveries are all dependent upon a reliable transportation system with sufficient capacity and balanced access across all modes.

The Commission is committed to improving the City's transportation system, as evidenced through the service of one of its commissioners on the Mayor's Transportation Task Force. The Commission appreciates Mayor Lee's inclusive process to prioritize transportation investments and for his sponsorship of this bond measure.

Thank you for considering the Commission's recommendation on these proposals. Please feel free to contact me should you have any questions.

Sincerely,

A handwritten signature in black ink that reads 'Regina Dick-Endrizzi'.
