

CITY AND COUNTY OF SAN FRANCISCO  
San Francisco Municipal Transportation Agency  
Request for Proposals  
THE PROCUREMENT OF  
30-Foot, 40-FOOT AND 60-FOOT LOW FLOOR  
DIESEL HYBRID COACHES

Proposal Section	Title	Bid Submission Requirements
4-C	C. Altoona Test Results	Supply a copy of the test report if the bus being proposed is identical or basically similar to a bus that has been tested in the FTA test program (ref: 49 U.S.C. 5323(c); 49 CFR Part 665. Supply a list of all coaches manufactured by the Proposer that have been tested at Altoona or are presently undergoing testing.

Due to it's the size of the Altoona test reports, New Flyer is providing these documents in CD format in the Original binder only.

New Flyer is providing Altoona tests results for the XDE40 bus with the Allison system; however, the BAE has been also tested with our DE40LF model and that has been attached. We are providing the Altoona test of our XN60 bus which represents the worst case scenario of all of platforms precluding the need to further test the 60' hybrid coach. The appropriate FTA waivers are also included.

We are also currently partial testing an XDE60 bus with BAE system as proposed and purchased by Santa Clara VTA and Honolulu The Bus.
