

**Customer Self-Generation Pilot Program
Customer-Generator Acknowledgement**

1a. **Individual Residential Customers:** I N/A ("Customer-generator") am a retail electricity customer of the San Francisco Public Utilities Commission ("SFPUC") and the owner and operator of a renewable energy facility ("Facility") located at N/A ("Property"). I acknowledge and agree that I understand the terms and conditions of the Customer Self-Generation Pilot Program and am eligible to take service from the SFPUC under the Program and agree to be bound by the terms and conditions of the Customer Self-Generation Pilot Program or any successor schedule or tariff adopted by the SFPUC for these purposes.

Or:

1b. **Other Customers:** I SCOTT SWENSON [authorized personnel's name] am the DEVELOPMENT MANAGER VP [authorized personnel's title] of PROLOGIS LP [name of SFPUC customer] ("Customer-generator") and am duly authorized to execute this Acknowledgement on its behalf. Customer-generator is a retail electricity customer of the San Francisco Public Utilities Commission ("SFPUC") and the owner and operator of a renewable facility ("Facility") located at PIER 1, EMBARCADERO, SF CA [facility address] ("Property"). Customer-generator acknowledges and agrees that that it understands the terms and conditions of the Customer Self-Generation Pilot Program and is eligible to take service from the SFPUC under the Program and agrees to be bound by the terms and conditions of the Customer Self-Generation Pilot Program or any successor schedule or tariff adopted by the SFPUC for these purposes.

2. I am the owner/lessee/tenant of the Property and have obtained, or will obtain, at my own expense, all licenses, permits, rights, authorizations, and approvals necessary to install, interconnect, own, and operate the Facility at the Property. Specifically, I represent that I have received or am in the process of obtaining all necessary permits and approvals from PG&E and/or the SFPUC, as the case may be, for the interconnection and energization of the Facility.

3. The design capacity of the Facility (CEC-AC) is 185 kW and the total expected annual generation is 303,000 kWh. I represent that the Facility is sized to offset part or all the annual electricity usage (kWh) of designated benefitting accounts, and not for surplus generation.

4. Customer-generator acknowledges and agrees that if it reasonably anticipates any significant permanent change in the output of the Facility or the electricity demand at the Property or the individual benefitting accounts, it will notify the SFPUC within 30 days of the significant change.

5. Customer-generator acknowledges and agrees that it is solely responsible for installing, interconnecting, owning, operating, and maintaining the Facility. Customer-generator also acknowledges and agrees that it is solely responsible for all costs and liabilities associated with installing, interconnecting, owning, operating, and maintaining the Facility, including but not limited to, all costs and liabilities arising from any Third Party Customer Generation Agreement between CCSF and PG&E related to the interconnection of customer-

generator's Facility. Customer-generator shall indemnify, protect, defend and hold harmless the SFPUC, the City and County of San Francisco and its officials, employees, and agents from and against any and all losses, costs, liabilities and damages arising from, in connection with or caused directly or indirectly by any act or omission of the Customer-generator or its employees, subcontractors or agents in relation to the Facility.

6. I declare under penalty of perjury that all of the information provided on this Acknowledgement Form and all other required information submitted to the SFPUC related to service under the Customer Self-Generation Pilot Program or any successor schedule or tariff adopted by the SFPUC is true and correct.

Signed, 

Authorized representative of PROLOGIS LP (Customer-Generator),
