Dear SF Board of Supervisors:

I want to urge you to vote "yes" on the resolution brought forward by Supervisor Avalos on your Tuesday, April 21 agenda, opposing the fast-tracking of TPP and other similar agreements.

I brought forward a similar resolution that was approved by the Richmond City Council on February 17, 2015. It is very important that as many cities and counties express our united opposition to these deeply flawed agreements, which will take away aspects of our power on a local level and will harm the future of our working families.

Richmond was glad to join many other cities in opposing the fast-tracking of such harmful agreements which will only give more power to corporations. I am very hopeful that the City/County of San Francisco will join us!

My best,
