LEGISLATIVE DIGEST

[Health Code - Increase in Patient Rates for Certain Mental Health Services]

Ordinance amending the Health Code, to retroactively increase patient rates charged for certain mental health services delivered from July 1, 2014, through June 30, 2016.

Existing Law

San Francisco Health Code Section 128 sets forth the amounts to be charged for patient care services provided by the Department of Public Health. These rates are effective from July 1, 2014 through June 30, 2016.

Amendments to Current Law

This amendment increase the amounts to be charged for outpatient mental health services.

Background Information

The Short-Doyle Medi-Cal Program increased its reimbursement rates for outpatient mental health services effective July 1, 2014. This amendment will enable the Department of Public Health to be reimbursed at these higher rates. The amendment is retroactive to July 1, 2014.

Item 4 File 15-0184 <i>(Continued from April 29, 2015)</i>	Department: Department of Public Health (DPH)
EXECUTIVE SUMMARY	
<p>Legislative Objectives</p> <p>The proposed ordinance would amend San Francisco Health Code Section 128 to retroactively increase patient rates charged by the County of San Francisco to the State Department of Health Care Services (DHCS) for mental health services provided by DPH to Short-Doyle Medi-Cal beneficiaries in FY 2014-15 and FY 2015-16.</p> <p>Key Points</p> <ul style="list-style-type: none"> • The State of California reimburses San Francisco for the Department of Public Health's expenditures for outpatient mental health services provided to Short-Doyle Medi-Cal beneficiaries. At the beginning of each fiscal year, the State publishes the maximum allowable reimbursement rates paid to each county to provide these mental health services, based on service costs incurred by each county in the prior fiscal year. • Several of San Francisco's FY 2014-15 patient rates are less than the State's FY 2014-15 maximum allowable reimbursement rates, which results in San Francisco receiving reimbursement revenues from the State that are less than San Francisco could have received. To ensure that San Francisco receives the maximum allowable reimbursement rates from the State, DPH proposes an amendment to the San Francisco Health Code Section 128, adopting revised FY 2014-15 patient rates, retroactive to July 1, 2014, and revised FY 2015-16 patient rates. <p>Fiscal Impact</p> <ul style="list-style-type: none"> • Approval of the proposed ordinance would result in additional estimated net reimbursements from the State in Fiscal Year 2014-15 of \$308,191. <p>Recommendation</p> <ul style="list-style-type: none"> • Approve the proposed resolution. 	

MANDATE STATEMENT

In accordance with Section 2.105 of the City's Charter, any amendments to the City's Health Code are subject to approval by ordinance of the Board of Supervisors.

BACKGROUND

The State of California reimburses San Francisco for the Department of Public Health's (DPH) expenditures for outpatient mental health services provided to Short-Doyle Medi-Cal beneficiaries¹. At the beginning of each fiscal year, the State publishes interim reimbursement rates paid to each county to provide these mental health services. The State sets these interim reimbursement rates based on service costs incurred by each county in the prior fiscal year and reported to the State after the close of the fiscal year.

DETAILS OF PROPOSED LEGISLATION

The proposed ordinance would amend San Francisco Health Code Section 128 to retroactively increase patient rates charged by the Department of Public Health (DPH) to the maximum authorized rates allowed to be charged by the State Department of Health Care Services (DHCS) for mental health services provided by DPH to Short-Doyle Medi-Cal beneficiaries in FY 2014-15 and FY 2015-16.

The Board of Supervisors amended Health Code Section 128 on July 31, 2014 to adopt FY 2014-15 rates charged by DPH to patients and other third party payors, including the State, for health and mental health services. According to Ms. Anne Okubo, DPH Deputy Financial Officer, DPH submitted San Francisco's FY 2014-15 patient rates to the Board of Supervisors for approval before the State DHCS published the FY 2014-15 maximum allowable reimbursement rates. Several of San Francisco's FY 2014-15 patient rates are less than the State's FY 2014-15 maximum allowable reimbursement rates, as shown in Table 1 below, which results in San Francisco receiving reimbursement revenues from the State that are less than San Francisco could have received.

¹ The State enacted the Short-Doyle Act in 1956. As a result, local governments are eligible for a 50 percent reimbursement on costs of providing services to people with mental health issues. The State reimburses the City using Medi-Cal funds, which is the State's Medicaid pass-through program. The overall effect is a Federal reimbursement to local governments for mental health service costs.

Service	Rates per Minute of Service		
	FY 2014-15 State Maximum Allowable Reimbursement Rates Paid to San Francisco	FY 2014-15 San Francisco Patient Rates	San Francisco Patient Rates Greater Than/ (Less Than) the State Maximum Allowable Reimbursement Rate

Crisis Intervention	6.32	6.20	(.12)

* Case Management/Brokerage are services that assist a beneficiary to access needed medical, educational, social, prevocational, vocational, rehabilitative, or other community services.

To ensure that San Francisco receives the maximum allowable reimbursement revenues from the State, DPH proposes an amendment to the San Francisco Health Code Section 128, adopting revised FY 2014-15 patient rates, retroactive to July 1, 2014, and revised FY 2015-16 patient rates, as shown in Table 2 below.

Crisis Intervention	6.20	7.60	6.45	9.10

*All services are invoiced at a rate per minute

FISCAL IMPACT

As shown in Table 3 below, approval of the proposed ordinance would result in additional estimated net reimbursements from the State in Fiscal Year 2014-15 of \$308,191.
