1 [Resolution of Intention - Dogpatch & Northwest Potrero Hill Green Benefit District]

2
3 Resolution declaring the intention of the Board of Supervisors to establish a property-
4 based business improvement district to be known as the "Dogpatch & Northwest
5 Potrero Hill Green Benefit District" and levy a multi-year assessment on identified
6 parcels in the district; approving the management district plan and engineer's report
7 and proposed boundaries map for the district; ordering and setting a time and place for
8 a public hearing thereon; approving the form of the Notice of Public Hearing and
9 Assessment Ballots Proceeding, and Assessment Ballot; directing environmental
10 findings; and directing the Clerk of the Board of Supervisors to give notice of the
11 public hearing and balloting as required by law.

12
13 WHEREAS, The Property and Business Improvement District Law of 1994 (California
14 Streets and Highways Code, Sections 36600 *et seq.*, "1994 Act" or the "Act"), authorizes cities
15 to establish property and business improvement districts within business districts to promote
16 the economic revitalization and physical maintenance of such business districts; and

17 WHEREAS, Section 36603 of the 1994 Act recognizes the authority of Charter cities to
18 adopt ordinances providing for different methods of levying assessments for similar or
19 additional purposes from those set forth in the 1994 Act; and

20 WHEREAS, Article 15A of the San Francisco Business and Tax Regulation Code
21 ("Article 15A") augments certain procedural and substantive requirements relating to the
22 formation of property and business improvement districts and the assessments on real
23 property or businesses within such districts; and

24 WHEREAS, The 1994 Act and Article 15A authorize the City to levy and collect
25 assessments on real property within such districts for the purpose of providing improvements

1 and promoting activities and property-related services that specially benefit identified parcels
2 of real property located within such districts; and

3 WHEREAS, Article XIID of the California Constitution and Section 53753 of the
4 California Government Code impose certain procedural and substantive requirements relating
5 to assessments on real property; and

6 WHEREAS, The 1994 Act and Article 15A impose additional procedural and
7 substantive requirements relating to assessments on real property within a proposed property
8 and business improvement district, also known as a green benefit district ("GBD"); and

9 WHEREAS, The Board of Supervisors finds that the property-related services, activities
10 and improvements to be funded with assessments on real property within the proposed district
11 will confer substantial special benefit on the assessed properties over and above the general
12 benefit to the public at large from such services, activities and improvements; and

13 WHEREAS, The property owners who will pay 30 percent or more of the total amount
14 of assessments on properties within the proposed district signed and submitted to the Clerk of
15 the Board of Supervisors a petition (the "Petition") requesting that the Board of Supervisors
16 establish a property-based green benefit district to be named the "Dogpatch & Northwest
17 Potrero Hill Green Benefit District" and to levy assessments on properties located in the
18 proposed district to fund property-related services, activities and improvements within the
19 district; and

20 WHEREAS, A Management District Plan entitled the "Dogpatch & Northwest Potrero
21 Hill Green Benefit District (GBD) Management District Plan" containing information about the
22 proposed district and assessments required by Section 36622 of the 1994 Act, including but
23 not limited to maps showing all identified parcels located in the district, a description of the
24 boundaries of the district, the name of the district, the amount of the proposed assessment for
25 each identified parcel, the total annual amount chargeable to the entire district, the duration of

1 the payments, the property-related services, activities and improvements to be funded by the
2 assessments for each year and the maximum cost thereof, the method and basis upon which
3 the assessments are calculated in sufficient detail to allow each property owner to calculate
4 the amount of the assessment to be levied against his or her property, a statement that no
5 bonds will be issued, the time and manner of collecting the assessments, and a list of the
6 properties to be assessed (including assessor parcel numbers), is on file with the Clerk of the
7 Board of Supervisors in File No. 150535, which is hereby declared to be a part of this
8 resolution as if set forth fully herein; and

9 WHEREAS, A detailed engineer's report supporting the assessments within the
10 proposed district, prepared by Terrance E. Lowell, California Registered Professional
11 Engineer No. 13398, titled "Dogpatch & Northwest Potrero Hill Green Benefit[s] District,
12 Engineer's Report" (the "District Assessment Engineer's Report"), is on file with the Clerk of
13 the Board of Supervisors in File No. 150535, which is hereby declared to be a part of this
14 resolution as if set forth fully herein; and

15 WHEREAS, A Proposed Boundaries Map, submitted pursuant to California Streets and
16 Highways Code, Section 3110, is on file with the Clerk of the Board of Supervisors in File No.
17 150535, which is hereby declared to be a part of this resolution as if set forth fully herein; now,
18 therefore, be it

19 RESOLVED, That the Board of Supervisors declares as follows:

20 Section 1. Pursuant to Section 36621(a) of the 1994 Act and Article 15A, the Board of
21 Supervisors declares its intention to form a property and business improvement district to be
22 designated as the "Dogpatch & Northwest Potrero Hill Green Benefit District" (the "District") for
23 a period of 10 and one half (10 1/2) years, and to levy and collect assessments against all
24 identified parcels of real property in the District for a period of 10 years, commencing with
25 FY2015-2016, subject to approval by a majority of the property owners in the District who cast

1 assessment ballots, which ballots shall be weighted according to the proportional financial
2 obligations of the affected properties. No bonds will be issued. District operations will
3 commence on or about January 1, 2016, following collection of the assessments for
4 FY2015-2016 and disbursement of the assessment proceeds to the nonprofit owners'
5 association that will administer the property-related services, activities and improvements in
6 the District pursuant to Section 36651 of the 1994 Act and a written agreement with the City.

7 Section 2. Nonpayment of assessments will have the same lien priority and delinquent
8 payment penalties and be subject to the same enforcement procedures and remedies as the
9 ad valorem property tax. All delinquent payment of assessments will be subject to interest
10 and penalties. The City Treasurer and Tax Collector will enforce imposition of interest and
11 penalties and collection of assessments pursuant to the 1994 Act, Article 15 and the San
12 Francisco Business and Tax Regulation Code, Article 6, as each may be amended from time
13 to time.

14 Section 3. The Board of Supervisors hereby approves the Management District Plan
15 and District Assessment Engineer's Report, including the estimates of the costs of the
16 property-related services, activities and improvements set forth in the plan, and the
17 assessment of said costs on the properties that will specially benefit from such services,
18 activities and improvements. The Clerk of the Board shall make the Management District
19 Plan, District Assessment Engineer's Report and other documents related to the District and
20 included in the record before the Board of Supervisors available to the public for review during
21 normal business hours, Monday through Friday 8:00 a.m. through 5:00 p.m., excluding legal
22 holidays.

23 Section 4. The Board of Supervisors hereby approves the Proposed Boundaries Map
24 showing the exterior boundaries of the District. The proposed District contains two zones,
25 Zone I and Zone II.

1 Zone I of the proposed District contains approximately 1,126 identified parcels, located
2 on approximately 53 whole or partial blocks lying approximately between the following
3 intersections: Mariposa Street and Illinois Street, Mariposa Street and Iowa Street, Illinois
4 Street and 27th Street, and Pennsylvania Street and 27th Street. Zone I is generally located
5 at: (1) Mariposa Street from Iowa Street to Illinois Street (south side only); (2) Illinois Street
6 from Mariposa Street to Cesar Chavez Street (west side only); (3) Cesar Chavez Street from
7 Illinois Street to Pennsylvania Street (north side only); (4) Pennsylvania Street from Cesar
8 Chavez Street from Mariposa Street (east side only); (5) 22nd Street from Pennsylvania to
9 Iowa Street (north side only); and (6) Iowa Street from 22nd Street to Mariposa Street (east
10 side only).

11 Zone II of the proposed District contains approximately 256 identified parcels, located
12 on approximately 16 whole or partial blocks lying approximately between the following
13 intersections: Potrero Avenue and 19th Street, 19th Street and Kansas Street, Kansas Street
14 and 16th Street, and 16th Street and Potrero Avenue. Zone II is generally located at: (1) 16th
15 Street from Potrero Avenue to Kansas Street (south side only) (completely encompassing
16 parcel 3958-006); (2) Kansas Street from the northeast corner of parcel 3958-006 traveling
17 south along the eastern perimeter of the parcel for 100 feet, then traveling west along the
18 southern perimeter of the parcel for 100 feet, then traveling south to the southeast corner of
19 parcel 4029-022; (3) 19th Street from southeast corner of parcel 4029-022 to Potrero Avenue
20 (north side only); and (4) Potrero Avenue from 19th Street to 16th Street (east side only).

21 Reference should be made to the detailed maps and the lists of parcels identified by
22 Assessor Parcel Number that are contained in the Management District Plan, in order to
23 determine which specific parcels are included in the Dogpatch & Northwest Potrero Hill Green
24 Benenefit District.

25 Section 5. A public hearing on the establishment of the District, and the levy and

1 collection of assessments starting with fiscal year 2015-2016 and continuing through
2 FY2024-2025, shall be conducted before the Board of Supervisors, sitting as a Committee of
3 the Whole, on June 9, 2015, at 3:00 p.m., or as soon thereafter as the matter may be heard in
4 the Board's Legislative Chamber, Second Floor, City Hall, 1 Dr. Carlton B. Goodlett Place,
5 San Francisco, California, 94102. At this public hearing, the Board of Supervisors will hear
6 public testimony regarding the proposed formation of the District, assessments, boundaries of
7 the District, including testimony from all interested persons for or against establishment of the
8 District, the extent of the District, the levy of the assessments, the furnishing of specific types
9 of property-related services, improvements and activities, and other matters related to the
10 District. The Board of Supervisors may waive any irregularity in the form or content of any
11 written protest, and at the public hearing may correct minor defects in the proceedings. All
12 protests submitted by affected property owners and received prior to the conclusion of the
13 public testimony portion of the public hearing shall be tabulated to determine whether a
14 majority protest exists.

15 Section 6. The Board of Supervisors hereby approves the form of the Notice of Public
16 Hearing and Assessment Ballot Proceeding, and Assessment Ballot which are on file with the
17 Clerk of the Board of Supervisors in File No. 150535; which are declared to be a part of this
18 resolution as if set forth fully herein.

19 Section 7. The proposed property-related services, improvements or activities for the
20 District include Maintenance, Capital Improvements, Accountability, Transparency & Citizen
21 Services, and Operations & Contingency/Reserves:

22 **Maintenance:** Maintenance includes, but is not limited to, maintenance care for new
23 and existing street trees, the maintenance and repair of irrigation systems, graffiti abatement
24 patrol officers to patrol graffiti hotspots, responses to requests for the removal of trash and
25 debris, pruning of shrubs, weed removal and fertilization, and the setting aside for the first

1 year only assessment funds to improve the maintenance of specific spaces.

2 **Capital Improvements:** Capital Improvements includes, but is not limited to: (1)
3 improvements to existing public realm areas, such as providing new playground equipment,
4 new trash and recycling receptacles, new park benches, and new irrigation systems; (2) the
5 development of new public realm areas, such as new parks, parklets, and plazas, planting
6 new trees and related bulb-outs, installing street furniture, and constructing traffic-calming
7 round-about, green spaces, at wide street intersections; and (3) developing green
8 infrastructure, such as providing new recycled water collection and distribution systems, new
9 storm water capture systems, new rainwater/storm water cisterns, and the installation of
10 energy generation and distribution systems.

11 **Accountability, Transparency, & Citizen Services:** Accountability, Transparency, &
12 Citizen Services includes, but is not limited to: (1) management of District affairs, such as the
13 finances and contracts for services, management of the relationship with the City, and
14 management of volunteer staff for the District; (2) performing marketing and communications
15 for the District, including, without limitations, the management of public relations and media
16 relations; (3) development of public communication and accountability, including, without
17 limitation, designing and updating the District's website, designing and updating the District's
18 smart phone application, and the development an outreach campaign to the City and the
19 media to ensure understanding of the purpose, work, and accomplishments of the District;
20 and (4) strategic planning, including, without limitation, updates to the District's "Green Vision
21 Plan," to convey the values, mission, goals and accomplishments of the District.

22 **Operations & Contingency/Reserves:** Operations & Contingency/Reserves,
23 includes, but is not limited to, the acquisition of insurance for operations and services,
24 providing for the expense of audit or financial reviews, and providing for potential cost
25 overruns for maintenance and improvement services up to 10%.

1 Section 8. Within the area encompassed by the proposed District, the City currently
2 provides services at the same level provided to other similar areas of the City. It is the intent
3 of the Board of Supervisors to continue to provide the area encompassed by the District with
4 the same level of services provided to these other similar areas of the City. The
5 establishment of the District will not affect the City's policy to continue to provide the same
6 level of service to the areas encompassed by the District as it provides to other similar areas
7 of the City during the duration of the District.

8 Section 9. The annual total assessments proposed to be levied and collected for the
9 first year of the District (FY2015-2016) is estimated to be \$492,859. The amount of the total
10 annual assessments to be levied and collected for years two through 10 (FYs 2016-2017
11 through 2024-2025) may be increased from one year to the next by a percentage that does
12 not exceed either the change in the Consumer Price Index for All Urban Consumers in the
13 San Francisco-Oakland-San Jose Consolidated Metropolitan Statistical Area (the "CPI"), or
14 three percent (3%), whichever is less. However, to account for new assessments that could
15 be collected from potential future development in the proposed District, the maximum
16 assessment for any of years two through 10 described above in this Section 9 may be
17 increased to twice the amount.

18 Section 10. Environmental Findings. Following the approval of this Resolution, the
19 Planning Department shall determine whether the actions contemplated in this Resolution are
20 in compliance with the California Environmental Quality Act (California Public Resources
21 Code, Sections 21000 *et seq.*), and respond in writing to the Clerk of the Board of
22 Supervisors.

23 Section 11. The Clerk of the Board is directed to give notice of the public hearing as
24 provided in California Streets and Highways Code, Section 36623, California Government
25

1 Code, Section 53753, California Constitution, Article XIID Section 4, San Francisco Charter,
2 Section 16.112, and San Francisco Administrative Code, Section 67.7-1.

Dogpatch & Northwest Potrero Hill Green Benefit District

May 14, 2015

Supervisor Malia Cohen
1 Dr. Carlton B. Goodlett Place
City Hall, Room 244
San Francisco, CA 94102

Re: Resolution of Intent to Create the Dogpatch & Northwest Potrero Hill Green Benefit District

Dear Supervisor Cohen:

The Formation Committee to create the Dogpatch & Northwest Potrero Hill Green Benefit District (GBD) is excited to present you with the Dogpatch & Northwest Potrero Hill GBD Management Plan and 406 petitions representing 31.10% weighted support, or \$153,281.00 of special assessment funds. We request your support to introduce a resolution of intent to create the Dogpatch & Northwest Potrero Hill GBD. The petitions enclosed are consistent with the requirements of the City and represent at least 30% of the final special assessment budget during the first year, totaling \$492,858.75. The petitions in favor outweigh the 171 petitions in opposition, representing 13.28% weighted, or \$65,483.97, special assessment funds.

The special benefit district is formed in accordance with applicable state and local laws (California Streets and Highways Code Sections 36600 et seq. "Property and Business Improvement District Law of 1994" as augmented by City and County of San Francisco Business and Tax Regulation Code Article 15A Public Realm Landscaping, Improvement and Maintenance Assessment Districts "Green Benefit Districts"). Section 1511 (a) of Article 15A states that the "Board of Supervisors may initiate proceedings to establish a property and business improvement district upon receipt of a petition signed by property owners in the proposed district who will pay at least 30% of the assessments proposed to be levied."

The Dogpatch & Northwest Potrero Hill GBD Formation Committee is comprised of residents, merchants, representatives of community-based organizations, and property owners within the proposed GBD district. They have volunteered and are committed to furthering the mission of the proposed Dogpatch & Northwest Potrero Hill GBD and creation of vital neighborhood services, proactively working to anticipate ensuing development in the neighborhood and plan for the increased demand for green open spaces that are well-maintained. The Formation Committee has put together a budget that will make our neighborhood a cleaner, safer, and more livable place for everyone. In addition to the creation, improvement, and maintenance of formal parks, open spaces, and plazas, the GBD will provide maintenance and capital improvements throughout the entire public right-of-way network, including but not limited to enhanced sidewalks, street tree plantings, traffic calming interventions, graffiti removal, and lighting. Furthermore, the GBD will

create a new model of "open-source" neighborhood-level governance by providing state-of-the-art citizen engagement technology and an accessible and transparent management framework. The GBD will actively engage the community through the use of online tools that allow citizens to track the GBD's performance and finances, participate in decision-making and fiscal management, and "crowd- source" new capital project ideas.

Please support us by sponsoring the intent to establish the Dogpatch & Northwest Potrero Hill GBD. If you have any questions regarding our request, please contact one of the Formation Committee Co-Chairs: Jean Bogiages (415.863.5109, jean@woodwinds.net); Bruce Huie (415.308.5438, brucehuie@sbcglobal.net); Tony Kelly (415.341.8040, tonykelly@astound.net); or Build Public Project Manager, Jared Press (415.551.7610, jared@buildpublic.org).

Dear Supervisor Cohen,

This memo is to serve as the finding from the review of petitions attributable to the formation of the proposed Dogpatch & Northwest Potrero Hill Green Benefit District ("GBD"). The District includes 1382 parcels for a total proposed assessment amount of \$492,858.75. As of May 18, 2015, DPW has reviewed 586 petitions related to the formation of the proposed District, with 411 supportive petitions totaling \$153,753.72, representing 31.20% of the District's assessments. Of the 411 petitions in favor of the proposed District, 12 were unaccepted due to incomplete information or were signed by an unauthorized representative, leaving 399 petitions verified with accurate and complete information.

I. EXECUTIVE SUMMARY

Background

In November of 2012, a group of community leaders from the Dogpatch and Potrero Hill neighborhoods convened with Build Public, a D.B.A of UP Urban Inc., a local non-profit organization, to explore the potential of forming a Green Benefit District ("GBD"). Their goals were clear: a desire to improve maintenance of existing publicly accessible green spaces, including open space, and parks, informal community gardens, and sidewalk greenings; to develop new "green infrastructure"; to improve the long term ecological health of the neighborhood; and to fund the creation of new open spaces, parks and gardens. A GBD Formation Committee (the "Formation Committee") made up of landowners, tenants, developers, condominium owners, renters and advocates for open space, parks, and gardens was established to guide the formation process and ensure that a diversity of community opinions and voices were incorporated into the GBD's vision, mission, and budget proposals to the community. After 8 months of extensive outreach, public meetings, and a professionally designed survey, querying residents about their interest and goals, Northwest Potrero Hill and the Dogpatch emerged as the two areas with the greatest support for the formation of a GBD. Because of this support, the Formation Committee voted to proceed with the formation of the GBD in these two areas.

GBD Benefits to Property Owners and Other Stakeholders

- Improves the maintenance of Public Realm areas as defined by Subsection 15A.2(1) of the San Francisco Business and Tax Regulation Code. Public Realm areas are outdoor spaces open to the public that include but are not limited to parks, plazas, parklets, sidewalks, unimproved areas, landscaped areas and gardens.
- Supports capital improvements to Public Realm areas.
- Provides owners with direct oversight in the administration of all funds and a high-level of transparency and accountability in how funds are spent.
- Provides steady source of revenue and leverages local GBD capital.
- Distributes costs and benefits fairly and proportionately across property owners in the GBD.

Mission of the Dogpatch-Northwest Potrero Hill GBD ("Dogpatch & NWPH GBD")

- To clean, maintain, enhance, and expand Public Realm areas in the Dogpatch and Northwest Potrero Hill neighborhoods.
- To support community volunteer efforts.
- To promote sound ecological practices with a locally controlled, sustainable, and transparent funding structure.
- To promote a high-level of transparency and accountability in how GBD funds are spent.

District Boundaries

The Dogpatch & NWPH GBD is comprised of 2 distinct zones: (1) the Dogpatch Neighborhood and (2) Northwest Potrero Hill (see Appendix D – Maps of the Management Plan).

Zone I – Boundary Description

- Mariposa Street from Iowa Street to Illinois Street (South side only)
- Illinois Street from Mariposa Street to Cesar Chavez Street (West side only)
- Cesar Chavez Street from Illinois Street to Pennsylvania Street (North side only)
- Pennsylvania Street from Cesar Chavez Street to 22nd Street (East Side Only)
- 22nd Street from Pennsylvania to Iowa Street (North Side Only)
- Iowa Street from 22nd Street to Mariposa Street (East Side Only)

Zone II – Boundary Description

- 16th Street from Potrero Avenue to Kansas Street (South side only) (completely encompassing

- parcel 3958-006).
- Kansas Street from the northeast corner of parcel 3958-006 traveling south along the eastern perimeter of the parcel for 100 feet, then traveling west along the southern perimeter of the parcel for 100 feet, then traveling south to the southeast corner of parcel 4029-022.
- 19th Street from southeast corner of parcel 4029-022 to Potrero Avenue (North side only)
- Potrero Avenue from 19th Street to 16th Street (East side only)

Services of the GBD

1. **Maintenance:** The maintenance service plan includes district scale maintenance activities like tree care, graffiti patrol, and trash and debris removal, as well as comprehensive maintenance services for all Public Realm areas in the GBD.
2. **Capital Improvements:** The capital improvements plan dedicates 32% of the annual GBD budget to the improvement of existing Public Realm areas and creation of new Public Realm areas, and establishment of new Green Infrastructure in the GBD.
3. **Accountability, Transparency & Citizen Services:** This service category includes management of the GBD's finances, contracts for services, improving relationship with the public by utilizing web-based services for recording and reporting cleanliness and maintenance concerns and development of public communication and accountability strategy. A GBD manager ensures the smooth operation of the district, advocates on behalf of property owners, and leverages the capacity of the district for maximum benefit to the district.
4. **Operations & Contingency/Reserves:** A required operations category that covers insurance, accounting, audits and financial reviews, and potential cost overruns of the GBD.

Continuation of City Services:

Throughout the process to establish the Dogpatch & Northwest Potrero Hill GBD, the formation committee has expressed concerns that the City and County of San Francisco (CCSF) maintains existing services at verifiable "baseline" service levels. A formal base level of service policy ensures that existing City services are enhanced, not replaced by the proposed CBD service. By adopting this plan, the Board of Supervisors will confirm and guarantee a baseline level of service equivalent to that being provided in similar areas of the city. Throughout the duration of the GBD, these services will be maintained consistently with other similar areas of the city.

Budget:

Table 1. Zone 1: Dogpatch

Services, Activities, and Improvements	FY 2015/16		
	Total Budget	LESS: General Benefit	Amount of Assessment
Maintenance	\$120,572	(\$8,187)	\$112,385
Capital Improvements	\$145,000	(\$9,846)	\$135,155
Accountability & Citizen Service Tech	\$98,000	--	\$98,000
Operations & Contingency	\$60,213	--	\$60,213
Total	\$423,785	(\$18,032)	\$405,753

Table 2. Zone 2: Northwest Potrero Hill

Services, Activities, and Improvements	FY 2015/16		
	Total Budget	LESS: General Benefit	Amount of Assessment
Maintenance	\$38,584	(\$2,620)	\$35,964
Capital Improvements	\$19,750	(\$1,341)	\$18,409
Accountability & Citizen Service Tech	\$20,000	--	\$20,000
Operations & Contingency	\$12,733	--	\$12,733
Total	\$91,067	(\$3,961)	\$87,106

Assessment Formula:

Assessments are calculated by multiplying each parcel's assessable square footage by the appropriate assessment rate for that benefit zone. (Assessment = building/lot sqft. x assessment rate)

Table 3. Assessments

Land Use:	Assmt Rate per Lot or Building Sq. Ft.
Commercial/Residential/Other (standard rate)	\$0.0951
Industrial (weighted @ 50%)	\$0.0475
Greenspace Parcels (weighted @ 25%)	\$0.0238
Non-accessible Parcels	\$0.0000
Vacant/Parking Lots (standard rate)	\$0.0951

Example: A commercial parcel in Zone 1 with a 10,000 square foot building has a \$951.00 annual assessment. (10,000 x \$0.0951 = \$951.00)

Method of Assessment Collection

Each property owner in the GBD pays an assessment based on a formula calculated on objective parcel criteria, as defined in the management plan. This assessment is collected twice a year through owners' property tax bills. The GBD assessment will be collected and enforced by the CCSF Treasurer and Tax Collector. The Treasurer and Tax Collector shall transfer the assessment payments to the owners' non-profit corporation that manages the GBD.

No assessment funds are withheld by CCSF or diverted to the General Fund, excepting late fees or other processing fees associated with assessment collection. CCSF may not use assessment funds to pay for baseline services providing general benefits to the GBD.

Legal Authority, Entity Structure, and Governance

GBDs are authorized by the state Property and Business Improvement District Law of 1994 (California Streets and Highways Code §§36600 et seq., or the "1994 Act") as augmented by Article 15A of the San Francisco's Business and Tax Regulations Code: Upon establishment of the GBD at the Board of Supervisors hearing, the GBD Formation Committee (which is open to all community stakeholders) shall serve as an Interim GBD Board of Directors until the formation of a tax-exempt 501(c)(3) non-profit corporation is complete (the owners' association or owners' nonprofit corporation), business

registration is obtained, by-laws are created, insurance obtained, and the first GBD Board of Directors is elected for the owners' nonprofit corporation will be elected. See Appendix A for Board Composition.

Term

Assessments would be collected for 10 years (FY 2015/16 – FY 2024/25) if the proposed GBD is formed by the Board of Supervisors, following the GBD formation process described below. Expenditure of those collected assessments can continue for up to 6 months after the end of the assessment collection period (through December 31, 2025), at which point the GBD terminates if not renewed through a new GBD formation process.

Process for GBD Formation

GBD formation requires approval by property owners within the proposed GBD boundaries. The process has four steps, described below:

1. **Property Owner Petition.** Property owners representing 30% or more of the weighted assessment within the proposed boundaries of the GBD must sign a petition supporting formation.
2. **CCSF Board of Supervisors' Resolution of Intent.** If step #1 is successful, a majority of the Board of Supervisors (six members) must vote to approve a "Resolution of Intent" for the GBD to advance to step #3, below.
3. **Property Owner Ballot.** If the Board of Supervisors approves the Resolution of Intent, the CCSF Department of Elections will mail ballots to all property owners within the boundaries of the GBD. Ballots are collected and counted by the CCSF Department of Elections and the results are presented at a public hearing of the Board of Supervisors.
4. **CCSF Board of Supervisors' Resolution of Formation.** If a simple majority (more than 50%) of the ballots submitted to the CCSF Department of Elections support formation, then the Board of Supervisors may vote to form the GBD.

Process for Disestablishment

Each year the Dogpatch & NWPH GBD is in existence, there will be a 30-day period during which property owners will have the opportunity to request disestablishment of the GBD. The 30-day period shall commence on the anniversary date of the establishment of the GBD. If within that 30-day period, a written petition is submitted by the owners of real property who pay 50% or more of the assessments levied, the Board of Supervisors shall convene a hearing on whether to disestablish the GBD. A majority of the Board of Supervisors (six members) may initiate disestablishment at any time based on misappropriation of funds, malfeasance, or violation of law in connection with the management of the GBD. A supermajority (8 or more members) of the Board of Supervisors may initiate disestablishment proceedings for any reason, except where there are any outstanding bonds, financing, leases, or other similar obligations of the City payable from or secured by assessments levied within GBD

II. WHAT IS A GREEN BENEFIT DISTRICT?

What is a GBD?

A Green Benefit District (GBD) is a new form of special assessment district, modeled after CCSF's successful 10-year-old Community Benefit District (CBD) program, but focused on improving Public Realm areas (more detailed definitions of all terms that fall within the Public Realm, including Green Spaces and Green Infrastructure, are provided in Appendix E, the Management Plan Glossary). Specifically, GBDs can improve daily maintenance of, and make capital improvements to, Public Realm areas. The geographic area of a GBD is determined by a lengthy public outreach and benefit evaluation process, to ensure that the boundaries of the GBD only contains parcels that will receive a special benefit. Everyone who owns property inside the GBD boundaries and received a special benefit pays an assessment to support its services, activities, and improvements.

The state Property and Business Improvement District Law of 1994 (California Streets and Highways Code §§36600 et seq., or the "1994 Act") authorizes cities, counties, and cities and counties to create assessment districts and levy proportionate assessments on real property and/or businesses for specified periods of time, to provide services, improvements and activities that specially benefit each assessed property and/or business. In San Francisco, proposed assessees would submit petitions to the Board of Supervisors requesting that the Board commence a process of public hearing and voting by proposed assessees. The petitions and the votes are weighted according to each property owner's proportional share of the total proposed assessment. In the absence of a majority protest, the Board of Supervisors may form the district and levy the assessments. The 1994 Act and Article 15A allow the Board of Supervisors to contract with an owners' non-profit corporation to manage the district; and includes provisions on operations, reporting, renewal, and disestablishment.

The addition of Article 15A to the CCSF Business and Tax Regulations Code created a procedural vehicle for neighborhoods to establish GBDs. A GBD provides a stable funding source for services, activities and improvements within its boundaries. GBD services, improvements and activities may include, but are not limited to, enhancements to ecological, water and energy systems, pedestrian and bicycle amenities, and Recreational Improvements. Article 15A also includes a provision for utilization of assessment funds to purchase or participate in the purchase of real property to serve as Public Realm areas, where the GBD can provide landscaping, improvements and/or maintenance. As defined in Article 15A, Public Realm areas are outdoor spaces open to the public, including parks, parklets, sidewalks, unimproved areas, landscaped areas, plazas, and gardens.

A GBD may be managed by an owners' non-profit corporation. If managed by an owners' non-profit corporation, Article 15A requires that both property owners who pay GBD assessments and stakeholders who do not own or have an ownership interest in property located in the GBD, including residents, businesses, and neighborhood organizations, be adequately represented on the Board of Directors of the owners' non-profit corporation.

How does the GBD benefit Property Owners?

Some of the potential benefits of a GBD to property owners are:

- Improves the maintenance of publicly accessible open spaces, parks, plazas and gardens, and the Public Realm in general.
- Provides ongoing improvements to Green Infrastructure, contributing to solving environmental challenges at the local level, and enhancing the health of the GBD.

- Provides a steady source of revenue to support reliable and professional services.
- Leverages GBD capital with outside capital (from government grants and/or private funds) to fund far more Public Realm improvements than would occur otherwise.
- Provides property owners with direct oversight in the administration of all funds and ensures a high degree of transparency and accountability in how funds are spent.
- Distributes costs and benefits fairly and proportionately across property owners in the GBD.

III. ABOUT THE DOGPATCH & NWPH GBD

History of Dogpatch & NWPH GBD Formation

In November of 2012, a group of community leaders from the Dogpatch and Potrero Hill neighborhoods convened with Build Public, a local non-profit organization, to explore the potential of forming a GBD. Their goals were clear: a desire to improve maintenance of existing publicly accessible green spaces, including open space, and parks, informal community gardens, and sidewalk greenings; to develop new "green infrastructure"; to improve the long term ecological health of the neighborhood; and to fund the creation of new open spaces, parks and gardens.

If established, the Dogpatch & NWPH GBD's budget and assessment will grow in exact proportion to, and at the same rate as, new residential and commercial development to ensure that new development contributes its fair share toward offsetting the expenses.

A Dogpatch & NWPH GBD Formation Committee (the "Formation Committee") was established to guide the formation process for the GBD and ensure that a diversity of community opinions and voices were incorporated into the Dogpatch & NWPH GBD's vision, mission, and budget proposals to the community. The Formation Committee members include landowners, tenants, developers, condominium owners, renters and advocates for improvements to Public Realm areas. After eight months of extensive community outreach, ten public meetings, and a professionally designed survey that showed statistically significant support for formation of a GBD in the neighborhood, Northwest Potrero Hill and the Dogpatch emerged as the two areas with the greatest support for the formation of a GBD. Because of this support, the Formation Committee voted to move forward with the formation of the GBD in these two areas.

Physical Description of Dogpatch & NWPH GBD Area

The Dogpatch & NWPH GBD is comprised of two distinct zones: (1) the Dogpatch Neighborhood and (2) Northwest Potrero Hill. The area between these two zones is not included in the proposed GBD. Survey work, a maintenance and capital plan, and budget were completed for the Greater Potrero Hill area. Residents and owners in this area may choose to contract for future service with the GBD, or wait until the GBD renewal process begins in 2025 and propose an expansion of the GBD boundaries as part of that process.

Core Values

- Dogpatch and Northwest Potrero Hill's community-created open spaces, parks, and gardens are centerpieces in the neighborhood, and volunteer efforts at those spaces and at CCSF-owned parks are significant contributors to the quality of life in these communities. Such volunteer efforts, which have greatly added to CCSF-owned spaces, can be supported and further enhanced with visionary and effective management practices, and transparent and steady funding.
- Neighborhood open spaces, parks, and gardens, along with green infrastructure projects such as storm water management, recycled water distribution, air pollution mitigation, and sustainable energy production, are critical to ensuring the long-term ecological sustainability, beauty, public health, and enjoyment of each neighborhood in the GBD.
- Public engagement and transparency in decision making are highly valued in our neighborhood.

Mission Statement

- To clean, enhance, expand and maintain Open Spaces, Parks, Plazas, Parklets, Gardens, and Sidewalk Greenings within Public Realm areas in the Dogpatch and Northwest Potrero Hill neighborhoods.
- To support community volunteer efforts in the GBD.
- To promote sound ecological practices and Green Infrastructure with a locally controlled, sustainable, and transparent funding structure.

Goals

- Improve maintenance of open spaces, parks, plazas, parklets, gardens, and sidewalk greenings within Public Realm areas.
- Build neighborhood capacity to enhance existing, and create new, open spaces, parks, and gardens within Public Realm areas.
- Advocate for the delivery of CCSF's existing commitments to our neighborhood parks and Public Realm areas.
- Create a more ecologically sustainable urban environment with sidewalk greening and Green Infrastructure projects for plant, animal, insect habitats, air quality management, and watershed management.
- Create a new model of "open-source" neighborhood-level governance (through the owners' non-profit corporation) by providing state-of-the-art citizen engagement technology and an accessible and transparent management framework.
- Actively engage the community with the use of online tools that allow citizens to track the GBD's performance and finances, participate in decision-making and fiscal management, and "crowd-source" new capital project ideas.

In addition to these services, activities, and improvements, the Dogpatch & NWPH GBD will establish a web-based platform for real-time reporting and accountability services.

Consistent with state and local law, the Dogpatch & NWPH GBD will be managed by an owners' non-profit corporation that will apply to become a public-benefit 501(c)(3) organization, initially with a part-time manager, governed by an elected board of directors (the "Board of Directors"). The new Dogpatch & NWPH GBD is designed, first and foremost, to be accountable and responsive to the community in order to provide real, visible, and lasting services, both to local citizens and to the environment in the GBD.

No assessment funds may be withheld by CCSF or diverted to the General Fund, excepting late fees or other processing fees associated with assessment collection. CCSF has the right to withhold assessments in cases of malfeasance, misappropriation of funds or violation of the law, including without limitation the resolution of formation or establishment and this management plan. CCSF may not use assessment funds to pay for baseline services providing general benefits to the GBD.

The owners' nonprofit corporation will work in close partnership with CCSF agencies to ensure that the

GBD's greening goals are met in an efficient and fair manner and that GBD services do not duplicate or replace Baseline City Services and agency responsibilities. The GBD will ensure that Baseline City Services are maintained at current levels, but redeployed in ways that complement and leverage the GBD's resources. The owners' non-profit corporation will advocate for the neighborhood's needs at City Hall and work to ensure that CCSF agencies meet their established agency and departmental goals. The GBD will also leverage outside public and private investment in new Public Realm areas because its requests for outside capital investment will be backed by the GBD's ability to provide reliable and professional maintenance services.

IV. BOUNDARIES & RATIONALE

Zone I – Boundary Description

- Mariposa Street from Iowa Street to Illinois Street (South side only)
- Illinois Street from Mariposa Street to Cesar Chavez Street (West side only)
- Cesar Chavez Street from Illinois Street to Pennsylvania Street (North side only)
- Pennsylvania Street from Cesar Chavez Street to 22nd Street (East Side Only)
- 22nd Street from Pennsylvania to Iowa Street (North Side Only)
- Iowa Street from 22nd Street to Mariposa Street (East Side Only)

Zone I – Boundary Rationale

Northern Boundary: The northern boundary of Zone I is Mariposa Street. As a neighborhood based assessment district focused on delivering services on a residential scale, this northern boundary reinforces the neighborhood-based identity of Zone I of the GBD: Dogpatch. Mariposa Street is generally considered the northern-most boundary of the Dogpatch neighborhood, and is also one of the northern boundary lines of District 10, which serves Dogpatch residents. The Mariposa Street boundary defines the Dogpatch GBD as separate from the Mission Bay area to the north.

Western Boundary: Interstate 280 (I-280) and Pennsylvania Street. Like Mariposa Street, the I-280 is generally considered a defining boundary of the Dogpatch neighborhood, particularly to the north and in the Dogpatch Historic District. The southern part of Dogpatch, locally known as “Baja Dogpatch,” has begun to extend to the west, under and past the freeway, as evidenced by the public space anchor in this area, Progress Park. For this reason, the western boundary of Zone I extends to Pennsylvania Street at 23rd Street, down to Cesar Chavez Street.

Southern Boundary: The southern boundary of Zone I is Cesar Chavez Street. Cesar Chavez Street is generally considered the southern boundary of the Dogpatch neighborhood, and as a neighborhood based assessment district focused on delivering services on a residential scale, this southern boundary reinforces the neighborhood-based identity of Zone I of the GBD: Dogpatch. Properties to the south of Cesar Chavez are almost exclusively commercial and industrial, and are not considered a part of the Dogpatch neighborhood.

Eastern Boundary: The eastern boundary of Zone I is Illinois Street. The properties between Illinois Street and 3rd Street to the west make up the majority of Dogpatch’s commercial corridor. Many of these businesses consider themselves local manufacturers, identify with Dogpatch, and are invested in the enhancement of the neighborhood. The land to the west of Illinois (outside the boundary of the GBD) is port land with little activity and a distinctly different identity, and is part of extensive development and planning efforts on the part of the City.

Zone II – Boundary Description

- 16th Street from Potrero Avenue to Kansas Street (South side only) (completely encompassing parcel 3958-006)
- Kansas Street from the northeast corner of parcel 3958-006 traveling south along the eastern perimeter of parcel for 100 feet, then traveling west along the southern perimeter of parcel for 100 feet, then traveling south to the southeast corner of parcel 4029-022.

- 19th Street from southeast corner of parcel 4029-022 to Potrero Avenue (North side only)
- Potrero Avenue from 19th Street to 16th Street (East side only)

Zone II – Boundary Rationale

Northern Boundary: 16th Street is the northern boundary of Zone II. This designation of 16th Street as the northern boundary of Zone II reinforces the identity of the small but mighty, emerging community of Northwest Potrero Hill. 16th Street is generally considered a dividing line between the more residential areas to the south and the commercial uses to the north, and Showplace Square.

Western Boundary: Potrero Avenue is the western boundary of Zone II. Potrero Avenue is generally considered the dividing line between the western reaches of Potrero Hill and the eastern enclaves of the Mission and Mission Creek. At the north end, Potrero Avenue is home to an emerging gallery scene that is driving the developing identity of Northwest Potrero Hill as a unique residential and commercial area.

Southern Boundary: 19th Street is the southern boundary of Zone II. Northwest Potrero Hill, anchored by Fallen Bridge Park and The Benches Garden and Park, has emerged as a unique micro-neighborhood. 19th Street was designated as the southern boundary to reinforce the NWPH identity.

Eastern Boundary: The eastern boundary of Zone II is Kansas Street from the northeast corner of parcel 3958-006 traveling south along the eastern perimeter of the parcel for 100 feet, then traveling west along the southern perimeter of the parcel for 100 feet, then traveling south to the southeast corner of parcel 4029-022. Like the southern boundary, this eastern boundary was selected because of its proximity to Fallen Bridge Park, an anchor space for this emerging community, and to separate it from Greater Potrero Hill.

Detailed maps of the GBD can be found in Appendix D of the Management Plan.

V. SERVICES, ACTIVITIES, AND IMPROVEMENTS OF THE GBD

PLAN OVERVIEW

The services, activities, and improvement plan of the GBD will fund four categories as follows:

1. **Maintenance**
2. **Capital Improvements**
3. **Accountability, Transparency & Citizen Services**
4. **Operations & Contingency/Reserves**

Table 4. FIRST YEAR OF EXPENSES

* Capital Improvement funds shall be used to directly invest in capital improvements within the boundaries of the GBD that advance its mission and goals, and are consistent with the *Guidelines For Capital Improvements Funding and Admission Of New Green Spaces* in Appendix B. During any given year, the Board of Directors may elect to hold over a portion of the annual capital improvements budget to fund larger scale projects that require large capital contributions that cannot be funded in one year. An important criterion for deciding when and how to spend capital improvement funds will be the degree to which they can leverage additional private and public funds to support any of the above projects.

Capital Improvements Context

Northwest Potrero Hill: Northwest Potrero Hill has long been troubled by dangerous and unsanitary activities. Needles, garbage, human waste, and thefts are common issues for the neighborhood, especially in open space areas that are not monitored and cared for. Any open space area that is not cared for or is isolated is an invitation for illegal behavior. Adding lights, landscaping, and positive activity like those outlined in the neighborhood's Potrero Gateway Loop proposal protects and enhances the local neighborhood.

Dogpatch: Dogpatch is a mixed-use neighborhood, but many sections of the neighborhood have industrial warehouses with no sidewalks, street lighting or green space. The capital improvements include adding Permeable Paving where appropriate, waste collection receptacles, working with state and city agencies on safe, sustainable lighting in areas where residential population is increasing, new signage to guide pedestrians and adding a network of recreational green venues to encourage

walkability where no sidewalks or community social spots exist to date.

Current Green Spaces

Green Spaces in the GBD that are currently targeted for maintenance services are identified in Table 5. These Green Spaces will receive maintenance services outlined in this service plan at the commencement of the Dogpatch & NWPH GBD. The GBD Board may add new Green Spaces to the GBD's maintenance and operations service coverage if they

satisfy the *Guidelines For Capital Improvements Funding And Admission Of New Green Spaces* set forth on Appendix B of this Management Plan.

Continuation of Baseline City Services

The City currently provides a baseline of services to the Dogpatch and Northwest Potrero Hill neighborhoods, based upon annual City budget allocations. By adopting this Management Plan, the Board of Supervisors will confirm and guarantee a baseline level of service equivalent to that being provided in similar areas of the City. Throughout the duration of the GBD, these services will be maintained consistently with other similar areas of the City. The services, activities, and improvements funded by the Dogpatch & NWPH GBD annual assessments are in addition to those already provided by CCSF. These City services are enhanced by collaborative partnership and careful coordination with GBD's owners' nonprofit corporation.

Tables 6, 7A & B, & 8 below give recent information on CCSF's existing cleaning and maintenance services for the Dogpatch and Northwest Potrero Hill neighborhoods, provided by SF Rec & Park and DPW.

Esprit Park	7 hours	21 hours	\$5,900
Utah/18th Park	2 hours	2 hours	\$2,225

* "Maintenance Yard" includes the as needed work of plumbers, electricians, painters, etc. and is quantified by annual investment, not hours worked

Table 7A - DPW Baseline Services for Zone I: Dogpatch

Services	Frequency
Mechanical street sweep	DPW mechanically sweeps on a regular basis. See

	Appendix F for detailed street sweeping schedule.
Litter Patrol Workfare crew	The Dogpatch neighborhood is in DPW's Zone E, which has litter patrol seven days a week from 6:00 AM – 3:00 PM. This area is also serviced by a roving litter patrol to pick up light debris.
Graffiti removal services	Public Graffiti removal is on an as-needed basis per service requests from 311. A private graffiti inspector is assigned to this area to post Notices of Violation to remove graffiti, which can also be called in through 311.
Street tree maintenance	City-owned street trees are watered regularly for the first three years and inspected for trimming every several years on an as-needed basis.
Public litter receptacles	City trash cans are serviced daily by DPW and Recology
Code enforcement (environmental, safety, cleanliness, and litter laws)	Recology responds to calls from 311 or DPW for illegal dumping. If a city trash can is missing a liner/door/lock or needs to be painted, then a service request is generated by staff or 311. DPW provides regular education and enforcement of sidewalk cleanliness standards with property owners on an as-needed basis and in response to calls to 311.
Sidewalk steam cleaning/power washing	Sidewalks are private property owners' responsibility. DPW responds to calls for steam cleaning of human/dog waste on the sidewalk per public health hazard.

Code enforcement (environmental, safety, cleanliness, and litter laws)	Recology responds to calls from 311 or DPW for illegal dumping. If a city trash can is missing a liner/door/lock or needs to be painted, then a service request is generated by staff or 311.

	DPW provides regular education and enforcement of sidewalk cleanliness standards with property owners on an as-needed basis and in response to calls to 311.
Sidewalk steam cleaning/power washing	Sidewalks are private property owners' responsibility. DPW only responds to calls for steam cleaning of human/dog waste on the sidewalk per public health hazard.

Table 8 – SFMTA Baseline Services for Woods Yard Park in Zone I

SFMTA's obligations to perform the Routine Maintenance on the Playground Improvement shall not exceed \$15,000 per each SFMTA fiscal year. Routine Maintenance of the Playground Improvements includes:

- Daily sweeping; removal of graffiti from sidewalks and the Playground Improvements as needed; maintenance of landscaping as needed.
- Monthly inspection of Playground Improvements for any cracking, rust, or splinters, and for the bubbling, cracking, or fading of any painted surface; monthly inspection of mulch/fiber, gravel, sand, and loose synthetic features to remove debris and sharp objects, and annual replenishment of such mulch/fiber, gravel, sand, and loose synthetic features as needed.
- Annual inspection of the Playground Improvements for structural integrity and proper anchoring to surface areas; annual stripping, re-painting, and touch-up of any painted or finished surfaces; annual inspection of surface areas for gaps, settling, and non-level transition areas; annual patching of any damage to the protective coating on the retaining walls at the Playground.

In addition to maintenance of the Playground Improvement, SFMTA performs approximately 3 hours a week of routine maintenance activities on Woods Yard Park including mowing, raking, pruning, trash pick-up, and irrigation as needed.

VI. BUDGET DETAILS

ZONE II BUDGET BREAKDOWN

Budget Management Guidelines

Changes to the Budget: In a given year, the GBD Board of Directors may determine that a redeployment of funds to a different spending category may be appropriate to accomplish a specific goal of the GBD. To do so, a vote of the Board of Directors is required to alter the percent of assessments allocated to a given budget category. This redeployment may not exceed a 10% change in the total budget for each fiscal year. For example, if after the first fiscal year, the GBD Board of Directors reallocates 5% of the Capital Improvements budget to the Maintenance budget, and after the second fiscal year, reallocates an additional 7% of the Capital Improvements budget to the Maintenance budget, resulting in a cumulative 12% redeployment of funds over two fiscal years, this would be allowed because in neither fiscal year did the redeployment of funds exceed a 10% change in the total budget.

Minimum Maintenance Requirement: Observable, sustained, and district-wide enhanced maintenance is a core goal of the GBD. To fulfill this goal and ensure a minimum level of maintenance, the Board of Directors shall not reduce the budget for maintenance below 25% of the total budget.

Proportionate Distribution of Funds

The Board is committed to allocating funds to existing Green Spaces (as documented in Map 2 of Appendix D), proportionate to the concentration and distribution of assessments across the district, ensuring that the special benefits derived from the GBD will be conferred to each assessed parcel in an even and proportionate manner. Maps 3-6 in Appendix D show existing and aspirational plans for new Green Spaces in the district. As new Green Spaces are introduced to the neighborhood, the Board will follow the "Guidelines for Admission of New Green Spaces to the GBD" (Appendix B) to determine if and how to include said spaces. If and when any new spaces are admitted to the GBD, the Board will adjust its allocation of funds to Green Spaces such that it remains proportionate to the concentration and distribution of assessments across the district.

As discussed in Section B of the Engineer's Report, the GBD activities and improvements are determined and segregated into two benefit zones based upon each zone's demand for services and improvements and the benefits received. In addition to the creation, improvement, and maintenance of formal parks, open spaces, and plazas, of which there is a wide distribution in the GBD (as documented in the Engineer's Report, Attachment D – GBD Green Vision Plan), the GBD will provide maintenance and capital improvements throughout the entire public right-of-way network, including,

but not limited to, enhanced sidewalks, tree plantings, street furniture, signage, traffic calming interventions, lighting, and stormwater management infrastructure. The public right-of-way accounts for 33% of all land in the District, and touches all properties, ensuring that the special benefits derived from the GBD will be conferred to property owners in an even and proportionate manner.

Formation Costs: In year 1 of the GBD, up to \$39,399.25 to cover costs incurred in forming the GBD ("Formation Costs") may be allocated. Formation costs eligible for recovery through assessments include reasonable costs incurred by the GBD Formation Committee's consultant, Build Public. Reimbursable costs include, for example, costs arising out of or related to (a) the costs of preparation of the management plan and engineer's report, (b) the costs of circulating and submitting the petition to the Board of Supervisors seeking establishment of the GBD, (c) the costs of printing, advertising and giving of published, posted or mailed notices, (d) the costs of engineering, consulting, legal or other professional services provided in support of the formation of the GBD, including, for example, project management of the formation process, contract negotiation and drafting, and the provision of legal advice and representation with respect to formation of the GBD, (e) any costs of any ballot proceedings required by law for approval of a new assessment. The basis for determining the amount of formation costs payable by the GBD assessment shall be reasonable costs incurred.

The total amount to be repaid is: \$39,399.25

Repayments will be made during the first year of operation and apportioned between the Zones in proportion to each zone's share of the annual assessment in the following manner:

- Zone 1 shall pay \$32,425.58 (82.3% of repayment costs), spread evenly among all spending categories, except maintenance.
- Zone 2 shall pay \$6,973.67 (17.7% of repayment costs), spread evenly among all spending categories, except maintenance.

Contingency and Annual Roll-over: This Management Plan outlines an annual spending plan that will be followed by the Dogpatch & NWPH GBD. If, at the end of a fiscal year, all monies budgeted for a category of services, activities, and improvements have not been spent in a spending category, or the 10% contingency was not used that year, that amount may roll over to the following year. The GBD must spend these additional funds within the following fiscal year.

Grant Funding and Donations: If the GBD receives a grant or donation, the funds will not be subject to the limitations of the annual roll-over provision, and instead will be subject to spending requirements set by the grantor or donor.

Issuance of Bonds or Debt Service: The GBD will issue no bonds or bond related debt service to fund any improvements, services, and activities provided by the GBD. However, the GBD may pursue CDFI (Community Development Financial Institute) or other forms of short-term loans to assist with cash flow between allocations of GBD assessment proceeds. Any such loan would be repaid using GBD funds, consisting of annual assessments, grants, and any other sources of funding available to the GBD as a non-profit organization.

VII. ASSESSMENT METHODOLOGY

Calculation of Assessments

The method of apportioning benefit to parcels within the GBD reflects the proportional special benefit assigned to each property from the GBD services, activities and improvements based upon the various property characteristics for each parcel as compared to other properties within the GBD. Given that the special benefits provided by the GBD services, activities, and improvements focus on Public Realm area maintenance, capital improvements, accountability & citizen services it was determined that property lot square footage, building square footage, and land use are the most appropriate parcel factors. Each parcel's lot square footage, building square footage, and land use have been used as the primary assessment variables for the special benefit calculation. See the *Dogpatch & Northwest Potrero Hill Green Benefit District Engineer's Report* for a more detailed discussion of the calculation of assessments.

Determining the proportionate special benefit among the parcels of real property within the proposed assessment district which benefit from the proposed improvements, services, and activities is the result of a four-step process:

1. Defining the proposed activities,
2. Determining which parcels specially benefit from the proposed activities,
3. Determining the amount of special benefit each parcel receives,
4. Determining the proportional special benefit a parcel receives in relation to the amount of special benefit all other parcels in the GBD receive.

Each identified parcel within the GBD will be assessed based upon each parcel's unique characteristics in relationship to all other specially benefitted parcels' characteristics. Due to the proportionate special benefits received by each parcel from the GBD services, each parcel will be assessed a rate is commensurate with the amount of special benefits received.

For this GBD, parcels are assumed to receive special benefit in large part based on the average number of occupants who are housed in a building, based on its land use.

Property Use Considerations: Key Definitions & Assessment by Use:

Building Square Footage. Defined as gross building square footage as determined by the outside measurements of a building recorded with the CCSF Assessor's Office (the "Assessor").

Lot Square Footage. Defined as the total amount of area within the borders of the parcel. The borders of a parcel are recorded on the Assessor's parcel maps.

Commercial Parcels: Those parcels classified and recorded as commercial property by the Assessor.

- Commercial Parcels are assessed at the standard rate based on Building Square Footage.

Residential Parcels: Those parcels classified and recorded as residential property by the Assessor.

- Residential Parcels are assessed at the standard rate based on Building Square Footage.

Industrial Parcels: Those parcels classified and recorded as industrial property by the Assessor.

- Industrial Parcels are assessed at 50% of the standard rate based on Building Square Footage. Industrial Parcels will not benefit to the same degree as either Residential Parcels or Commercial Parcels. On average, Industrial Parcels have fifty percent (50%) or fewer occupants per square foot than either Residential or Commercial Parcels.¹ Therefore, Industrial Parcels do not receive the same level of benefit from the GBD's services and improvements. Due to the reduced level of benefit these parcels receive, their assessment will be reduced by 50% of the standard assessment rate. If, however, any Industrial Parcel changes use, it will be subject to the assessment rate associated with the new land use.

Greenspace Parcels: Those parcels occupied by publicly accessible park, landscaping, or open space amenities as determined by the GBD. Thirty five (35) vacant parcels located within the GBD are currently designated as "Greenspaces" by the Management Plan. Examples include Esprit Park, Woods Yard Mini-Park and many of the landscaped parcels adjacent to the Interstate 280 in Dogpatch, and Fallen Bridge Park and many of the landscaped parcels adjacent to Interstate 101 in Northwest Potrero Hill.

- Greenspace Parcels are assessed at 25% of the standard rate based on Lot Square Footage. Greenspace Parcels will receive some direct benefit in the form of new maintenance and capital improvements funded by the GBD. However, due to the fact that these parcels do not contain any permanent buildings that contain residents, customers, or employees that benefit from the activities of the GBD, the level of special benefit these parcels receive from maintenance and improvement and activities that are not on the parcel is significantly less than Residential and Commercial Parcels. To account for this lower benefit, Greenspace Parcels are assessed at 25% of the standard assessment.

Non-Accessible Parcels: Those parcels that have no Building Square Footage and are used solely to access Caltrans facilities or are occupied by Interstate 280 and where pedestrian access is prohibited.

- Non-Accessible Parcels are not subject to the standard assessment. Because Non-Accessible Parcels do not receive any GBD services nor contain any building with occupants who would benefit from the services of the GBD, they will not specially benefit from GBD activities and therefore will not be subject to the standard assessment.

Developed Parcels. Defined as parcels containing any Building Square Footage recorded with the Assessor.

Vacant Parcels: Those parcels that have no Building Square Footage recorded with the Assessor (because no built structures are located on such parcels).

- Vacant Parcels will be assessed at the standard rate based on Lot Square Footage. Although these parcels do not contain any building with occupants, simply by being located in the GBD, they will receive some direct benefit in the form of new GBD maintenance services and capital improvements in the adjacent Public Realm.

¹ San Francisco Planning Department, Transportation Impact Analysis Guidelines for Environmental Review, Appendix C, Trip Generation Methodology, Table C-1, Trip Generation and Employee Densities, p C-3, October 2002 (<http://www.sf-planning.org/index.aspx?page=1886>, scroll down to "Technical Analysis Guidelines;" also, <http://sf-planning.org/Modules/ShowDocument.aspx?documentid=6753>).

Parking Lot Parcels: Those parcels classified as parking lots by the Assessor.

- Parking Lot Parcels will be assessed at the standard rate based on their Lot Square Footage. Although these parcels do not contain any building with occupants, simply by being located in the GBD, they will receive some direct benefit in the form of new GBD maintenance services and capital improvements in the adjacent Public Realm.

New Assessments for a Change in Land Use: If any of parcel within the GBD changes land use because it is developed or redeveloped during the life of the GBD, it will be subject to the assessment rate consistent with the new Building Square Footage and use classification assigned by the Assessor as a result of the new development or redevelopment.

Assessment Rate

Tables 12 and 13 show the assessment rates for Zones I and II.

Table 12 - ZONE I: Dogpatch	
Parcel Land Use:	Assessment Rate
Commercial/Residential/Other	\$0.0951 (Building SF)
Industrial	\$0.0475 (Building SF)
Greenspace Parcels	\$0.0238 (Lot SF)
Non-Accessible Parcels	\$0.0000
Vacant/Parking Lots	\$0.0951 (Lot SF)

Table 13 - ZONE II: Northwest Potrero Hill	
Parcel Land Use:	Assessment Rate
Commercial/Residential/Other	\$0.0951 (Building SF)
Industrial	\$0.0475 (Building SF)
Greenspace Parcels	\$0.0238 (Lot SF)
Non-Accessible Parcels	\$0.0000
Vacant/Parking Lots	\$0.0951 (Lot SF)

To calculate each parcel's assessment, multiply each parcel's Building Square Footage or Lot Square Footage by the appropriate assessment rate for that Land Use.

For example, the assessment for a Commercial Parcel in Zone 1 with a 10,000 square foot building is
 =
 (10,000 x \$0.0951 = \$951.00 annual parcel assessment)

The assessment for an Industrial Parcel in Zone 1 with a 10,000 square foot building is
 (10,000 x \$0.0475 = \$475.00 annual parcel assessment)

The assessment for a Greenspace Parcel in Zone 1 with a 10,000 square foot lot is
 (10,000 x \$0.0238 = \$238.00 annual parcel assessment)

The assessment formula, parcel's assessable square footage multiplied by the parcel's assessment rate, is the same for every parcel in the GBD.

General Benefit in the GBD (6.79% of budget)

General Benefit: A factor of 6.79% general benefit from neighborhood parks has been applied based on results from an extensive surveying process which determined 6.79% of those surveyed were people who lived outside the proposed GBD and indicated that they use spaces within the GBD. See page 15 of the Engineer's Report for more information on General Benefit vs. Special Benefit.

The GBD must fundraise 6.79% of the budget each year to cover this General Benefit accrued to the public at large for the Maintenance and Capital Improvements service categories. Volunteer hours spent on Public Realm areas within the GBD can be quantified and used towards this fundraising goal. The GBD Manager will track volunteer hours on community maintained spaces to meet this fundraising goal.

Operations and Contingency	\$72,946	\$72,946
Total	\$514,852	\$492,859

Cap on Annual Increase in Assessments of Individual Parcels

The assessment of individual parcels may be increased annually, if approved by a majority vote of the Board of Directors, but never more than the annual change in the Consumer Price Index (CPI) for all urban consumers in the San Francisco-Oakland-San Jose Metropolitan Statistical Area (PMA) or by three percent (3%), whichever is less. Any increased assessment approved by the Board of Directors shall apply equally to all parcels in the GBD. Table 15 demonstrates how a 3% increase in assessments would increase the overall budget on an annual basis, assuming the total amount of assessable square footage in the GBD does not change due to new development. When a parcel changes land use and/or gains assessable square footage due to new development, the total assessment will also change to reflect the rate applicable to the new land use and/or the net new assessable square footage added to the parcel.

Table 15 - Maximum Assessment Increase

Year of GBD	Fiscal Year	Total Maximum Annual Assessment Increase (based on 3% annual increase)	Total Maximum Annual Assessment (based on Future Development)

Cumulative Total		\$5,650,076.09	\$10,314,434.20

Future Development

As a result of continued development, the GBD may experience the addition or subtraction of assessable footage for parcels included and assessed within the GBD boundaries. For example, the San Francisco Planning Department's Eastern Neighborhoods pipeline report in Q4, 2013 anticipates 1,720,000 net new assessable square footage in Zone 1 and 4,000 net new assessable square footage in Zone 2 over the next 10 years. The modification of parcel improvements assessed within the GBD may then change upwards or downwards the amount of total footage assessment for these parcels. Pursuant to Government Code 53750, total footage for parcels will be assessed on a prorated basis from the date each respective parcel receives a temporary and/or permanent certificate of occupancy. As a result, a district's total revenue will increase when parcels in the GBD are redeveloped, resulting in an increase in assessable square footage, and shall not require a vote as methodology and assessment rates do not change.

Referring to Section 36622(d) of the 1994 California Code, the improvements, maintenance and activities proposed for the first year of operation are expected to be the same in each subsequent year of the GBD (please refer to Section V, Table 4 for a description of those activities). Section 36622(d) also requires that the Management Plan establish a maximum annual budget for each year.

GBD services may increase over time as a result of new assessable square footage of residential and commercial development added within the GBD and, as such, the budget for GBD services shall increase proportionately to the increase in net new assessable square footage added to the GBD. It is important to emphasize that the GBD assessment rate methodology shall not change during the term of the GBD, so any increases to the GBD budget shall result solely from one of the two following circumstances:

- 1) The addition of newly created assessable square footage in the GBD; or
- 2) GBD Board of Director's approval of an annual adjustment to reflect annual increases in CPI, up to a maximum of three percent (3%), whichever is less.

To ensure that the GBD captures all newly created assessable square footage, the maximum amount that the annual budget (as demonstrated in Table 15) could increase is set at 100% of the previous year's budget. This will ensure that new development on parcels in the GBD pay assessments in strict proportion to the special benefits received by such parcels, and that any increases for the cost for GBD services can grow in proportion to the demand generated by new residents, office workers and visitors who occupy, use and enjoy such newly created assessable square footage.

In future years, the assessments for the special benefits bestowed upon GBD parcels may change only in accordance with the assessment methodology formula listed in the Management Plan and Engineer's Report. A Proposition 218 ballot is required to change the assessment formula to increase assessments. The Board of Supervisors must approve any change to the assessment formula that reduces assessments.

Time and Manner of Collecting Assessments

As provided by the Property and Business Improvement District Law of 1994 (CA Streets and Highways Code 36600 et. Seq), the GBD's assessment shall appear as a separate line item on annual property tax bills prepared by CCSF. The GBD assessment is due on the same schedule that Property Tax bills are due, which is November 1st, and February 1st, with the bill becoming delinquent at the close of business December 10th and April 10th, respectively. The total bill may be paid with the first installment. The first installment of the GBD assessment will be due on the 1st property tax bill due date following formation.

Management of the GBD

Upon establishment of the GBD at the Board of Supervisors hearing, the GBD Formation Committee (which is open to all community stakeholders) shall continue to serve until the formation of an Owners' Non-Profit Corporation is complete, business registration is obtained, by-laws are drafted and adopted, and insurance obtained. Then the first GBD Board of Directors shall be elected.

Duration of Assessment

If the proposed GBD is formed by the Board of Supervisors (following the ballot election and public hearing), assessments would be collected by the City and disbursed to the GBD for 10 years (FY 2015/16 – FY 2024/25). Expenditure of those collected assessments may continue for up to 6 months after the end of the assessment collection period (through December 31, 2025), at which point if the GBD is not renewed, the GBD terminates. (see Appendix A - *Governance of the Dogpatch & NWPH GBD*).

Disestablishment

Each year the Dogpatch & NWPH GBD is in existence, there will be a 30-day period during which property owners will have the opportunity to request disestablishment of the GBD. This 30-day period begins each year on the anniversary of the date that the GBD was established. If within that 30-day period, a written petition for disestablishment is submitted by the owners of real property who pay 50% or more of the assessments levied, the Board of Supervisors may disestablish the GBD.

A majority of the Board of Supervisors (six members) may initiate disestablishment at any time based on misappropriation of funds, malfeasance, or violation of law in connection with the management of the GBD.

A supermajority (8 members) of the Board of Supervisors may initiate disestablishment proceedings for any reason, except where there are any outstanding bonds, financing, leases, or other similar obligations of the City, payable from or secured by assessments levied within GBD that must be paid prior to disestablishment of the GBD.

APPENDICES

A. GOVERNANCE OF THE DOGPATCH & NWPH GBD

Owner's Non-Profit Association Board of Directors

By-laws will be written by the GBD Formation Committee of (the "Interim Board") stating requirements for the permanent Board of Directors' composition, responsibilities, and election process.

To ensure equitable opportunity and representation on the permanent Board of Directors, the following guidelines, shall be used by the Interim Board in drafting of the owners' non-profit corporation by-laws:

Board Member Elections:

- Requests for nominations shall be posted in the local paper, on the GBD website and shall be emailed to all email lists registered with the GBD.
- Nominations for Board of Directors positions will be accepted in person at a scheduled Interim Board meeting, which shall be noticed on the GBD's website at least three weeks in advance of the meeting.
- Ballots will be mailed to property owners and will need to be mailed back within 3 weeks, or submitted in person at a scheduled Board meeting, which shall be noticed on the GBD's website at least three weeks in advance of the meeting.
- A "Good Governance Committee" selected by the Interim Board will count ballots and be witnessed by at least one non-Board member.
- Final results will be announced at the next scheduled Interim Board meeting.

Board of Directors Composition:

- 10-14 members
- Geographic distribution reflecting the budget ratio between zones: 80% from Zone 1 and 20% from Zone 2
- 60% property owners, at least half of which must hold primary residence within the GBD
- 40% non-property owners, half of which should be green space advocates with substantial experience, and 2 of which should represent residential and commercial tenants

Board Member Terms:

- Board Members will be appointed for a maximum term of 5 years (50% of Board members will start with one-year terms to allow for staggered terms to prevent wholesale change of the Board)

Responsibilities:

- Hiring of the GBD Manager to execute services outlined in the Management Plan
- Budget management, including reallocation of funding within service categories
- Establishment of rules and regulations to be employed in the administration of the GBD
- Advocating for the interests of the GBD and active pursuit of outside funding to leverage GBD investments

- “Green Thumb” Guideline: all board members should demonstrate a willingness to learn about, professional experience in, or a demonstrated interest in green infrastructure, public realm enhancement, and neighborhood livability issues. Additionally, the Board should work closely with the SFPUC to comply with storm water guidelines for any projects within the GBD.

Board members are volunteers, and shall not receive compensation or benefits.

Public Access & Transparency

The owners’ non-profit corporation of the GBD is required to comply with specified state open meeting and public records laws, the Ralph M. Brown Act (Government Code §§54950 et. seq.) and the California Public Records Act (Government Code §§6250 et. seq.). Brown Act compliance is required when GBD business is heard, discussed, or deliberated, and Public Records Act compliance is required for all documents relating to GBD business.

Conflict of Interest Policy

The Board of Directors and the owners’ non-profit corporation will develop and be subject to standard non-profit rules of governance, including ethical rules governing disclosure of conflicts of interest and prohibitions against self-dealing. The policy will:

- Require those with a conflict (or who think they may have a conflict) to disclose the conflict/potential conflict
- Recuse and prohibit financially interested board members from any matter that gives rise to a conflict between their personal financial interests and the GBD’s interests

B. GUIDELINES FOR CAPITAL IMPROVEMENTS FUNDING AND ADMISSION OF NEW GREEN SPACES OF THE GBD

Capital Improvements Funding Guidelines

Stewards of existing and potential Open Spaces, Parks, Parklets, Plazas, Parklets, Sidewalk Greenings, Green Infrastructure and Gardens within the Public Realm areas within the GBD boundaries may apply for capital funding on a semi-annual basis (see Glossary – Appendix E for definitions of capitalized terms). The Board of Directors will develop full funding criteria based on the following guidelines:

- *Land Ownership and Public Access:* The property to receive capital funding for improvements may be public or private but must be a Publicly Accessible Property in a Public Realm area.
- *Potential for Neighborhood Stewardship:* Letters of support and commitment from neighbors, businesses, or community groups demonstrating support for, and an interest in, stewarding the improvement with maintenance and operations support from the GBD.
- *Benefits a broad range of users:* A qualitative and quantitative measure of how the new capital improvements will benefit a broad range of users.
- *Enhances Public Safety:* A qualitative and quantitative measure of how the new capital improvements will positively impact the general public safety.
- *Enhances Neighborhood Social Cohesion:* A qualitative and quantitative measure of how the new capital improvement will impact social cohesion in light of new neighbors mixing with current neighbors.
- *Neighborhood Health Benefits:* A qualitative and quantitative measure of how the new capital improvements will impact health benefits in the neighborhood.
- *Environmental Stewardship:* A qualitative and quantitative measure of how the new capital improvements will impact the environment.

Guidelines for Admission of New Green Spaces to the GBD

Any individual who lives, works or owns property within the boundaries of the GBD may nominate new Green Spaces located within the GBD boundaries that have been identified in Maps 3-6 for inclusion in its maintenance and operations service area during the term of the GBD (although Maps 4 and 5 show some aspirational projects that extend beyond the GBD boundaries, GBD funds will be provided only to the sections of those projects that fall within the GBD boundaries). Upon nomination, the Board of Directors shall determine (1) if the Green Space meets the guidelines set forth in the Capital Improvements Funding Guidelines (above) and (2) there are sufficient funds in the GBD budget to support the increased maintenance and operations expenses required to add the space. If the Board of Directors finds that both requirements above are met, they shall add the Green Space or Green Infrastructure to the maintenance and operations service area.

C. GBD OUTREACH

Community Outreach to Develop Service Plan

The service plan for the Dogpatch & NWPH GBD outlined in this Management Plan reflects an extensive outreach process on the part of the Formation Committee and the committee's closely collaborating strategic partner, Build Public. In addition to ongoing, informal engagement with neighbors on the topic of establishing a Dogpatch & NWPH GBD, the Formation Committee performed an extensive survey using sophisticated methods provided by a *pro bono* consultant, hosted several public workshops to gain insight from neighbors, and held a "Green Vision Charrette" with community members, professionals, and city employees to solicit ideas for capital projects for the GBD.

Green Spaces Survey Outreach

In the spring of 2013, the Formation Committee distributed online and paper versions of a Green Spaces Survey, asking neighbors to share how they use green space in the neighborhood, as well as their opinions and priorities for potential services of the Dogpatch & NWPH GBD. Distribution of the survey is outlined below:

- The survey was available in hard copy and online in English, Spanish, and Chinese.
- Hard copies were available at three neighborhood locations with signs (Rickshaw Bagworks, NABE, and Christopher's Books).
- A notice (in English, Spanish, and Chinese) was mailed to every address in the study area (approximately 4,950), using the City Assessor's data, announcing the survey with a link to the online survey, the locations of the hard copy surveys, and a phone number to call for help if neither of these options accommodated their needs.
- 1/2 page advertisement ran in the May edition of the Potrero View with survey link URL and locations of the hard copy surveys.
- Easels were placed on the sidewalk at 4 locations with flyers that had the link URL and hard copy pick up locations.
- Formation Committee members posted and passed out flyers, and notified their respective networks and membership lists: HOA message boards and email lists, school parents email groups, Potrero Boosters email list, Dogpatch Neighborhood Association (DNA) email list, Mariposa Utah Neighborhood Association (MUNA) email list, Progress Park email list and Facebook page, etc.
- The survey was announced repeatedly on the social networking sites: NextDoor-Dogpatch and NextDoor-Potrero Hill.
- The survey was announced in Supervisor Malia Cohen's May E-Newsletter.
- A link was posted on the Dogpatch & NWPH GBD website www.phd-gbd.org.
- Blogs posts articles with survey link throughout the survey period:
 - sf.curbed.com on 5/2/2013 and 5/21/2013
 - d10watch.blogspot.com on 5/1/2013 and 5/23/2013
 - www.dogpatchhowler.com on 5/1/2013

Green Spaces Survey Response Rate and Results

Over 650 neighbors in the Dogpatch and Potrero Hill neighborhoods completed responses to the survey. This sample size has a maximum sampling error of +/-3.8 percentage points at a 95% confidence level. The data were weighted to reflect the Potrero Hill-Dogpatch (PHD) study-area population of approximately 60% renters, 40% property owners. The data were tabulated by Research Data Technology and overseen by Boston Research Group, both of which worked pro bono on the design, implementation, and data analysis of the survey.

The overall survey results showed a strong interest in the Dogpatch & NWPH GBD, and a willingness to pay for enhanced services to open spaces, parks, and gardens. 74% of residential property owners and 55% of commercial property owners indicated that they were very or somewhat willing to pay an assessment. 54% of all respondents indicated that they would support formation of the Dogpatch & NWPH GBD; an additional 40% felt the Dogpatch & NWPH GBD was an interesting idea but that they would need more information.

Response to the survey from Dogpatch (9% of the total study area) was particularly strong, with 38% of all survey responses coming from North, Historic, and Baja Dogpatch. Dogpatch also showed a stronger willingness to pay, with 85% of residential property owners and 70% of commercial property owners very or somewhat willing to pay an assessment for the Dogpatch & NWPH GBD, as compared to all other areas (74% of residential and 55% of commercial property owners).

Safety, lighting, greening of existing community maintained open space, parks, and gardens, and the creation of new spaces emerged as top priorities in the survey results. This information gathered in the survey guided the committee's development of services to be provided by the Dogpatch & NWPH GBD and this Management Plan. The full results of the survey can be found at: http://phd-gbd.org/assets/green-spaces-survey_summary.pdf

Park Stewards Survey Outreach

Over the summer of 2013, a special survey was developed to interview stewards of open spaces, parks, and gardens (both those created and maintained by community volunteers and those under Rec and Park or other agencies) to further specify needs and budgets on a site-by-site basis. The results of this survey were used to cross-check the professional budgeting work conducted by Build Public and its sub-consultants.

Public Workshops

The Formation Committee hosted 6 public workshops: 2 following the survey to receive additional community feedback about priorities and services, 1 specifically for park stewards, City staff, and other "green experts," and 3 following the development of an initial draft of the management plan and budget. Feedback was received on services and structure proposed in the management plan.

- GBD Workshop 1A: March 30th, year, 2:00pm-4:00pm, the Neighborhood House, 953 De Haro St.
- GBD Workshop 1B: April 6th, 2013, 2:00-4:00pm, Rickshaw Bagworks, 904 22nd Street
- Green Experts Focus Group: Month Day, 2013, 5:30pm-7:00pm, The Neighborhood House, 953 De Haro Street
- GBD Workshop 2A: October 26th, 2013, 12:30pm-2:30pm, The Workshop Residence, 833 22nd St.

- GBD Workshop 2B: October 28th, 2013, 6:30-8:30pm, Slovenian Hall, 2101 Mariposa Street
- GBD Workshop 3: November 16th, 2013, 12:30pm-2:30pm, Rickshaw Bagworks, 904 22nd Street

In addition to hosting these public workshops, the Formation Committee attended several meetings of neighborhood groups to present the GBD concept and draft management plan and solicit feedback:

- Potrero Boosters Meeting: October 29th, 2013, 7:00-8:30pm, The Neighborhood House, 953 De Haro Street
- MUNA Meeting: November 18th, 7:30-9:00pm, 2013, location
- Potrero-Dogpatch Merchants Association (PDMA) Meeting: November 11th, 9:45am-11:00am, Goat Hill Pizza, 2013, 300 Connecticut Street
- DNA Meeting: November 11th, 7:00pm-8:30pm, 2013, UCSF, 654 Minnesota Street

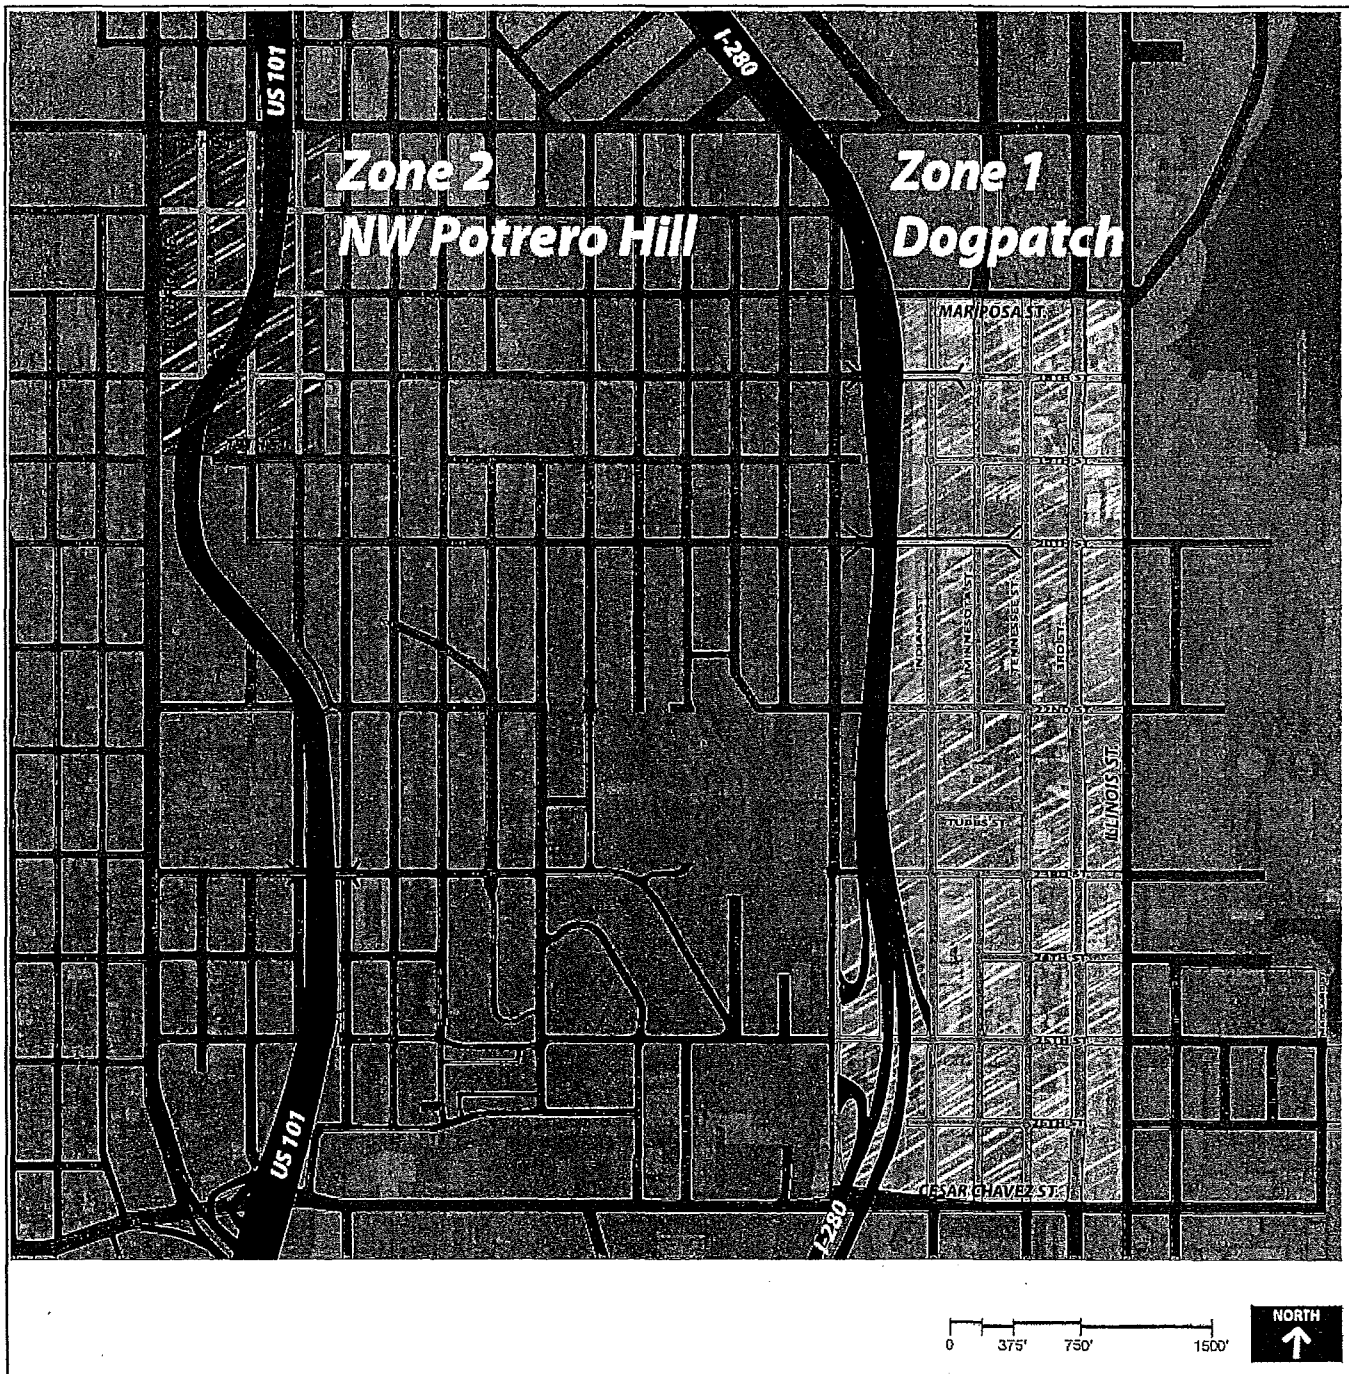

Green Vision Charrette

The Formation Committee also conducted a "Green Vision Charrette" on Monday, October 14th, 2013 to explore potential future capital projects for the GBD. This focused on green infrastructure and Eco-District projects. Community members, professional landscape designers with experience in green infrastructure, and SF Planning's director of a new "Eco-Districts" program met and discussed potential improvements in focused areas using maps and sharing experiences and needs on specific streetscapes, intersections, open spaces, parks, and gardens. Particular attention was given to rainwater capture and permeable sidewalks, enhancing local beauty and ecology, and improving public health and safety. The outcome of that charrette process was presented in the subsequent workshops, and can be found in the Green Vision Plan, and accompanying document that outlines potential future projects for the GBD.

DOGPATCH (ZONE 1) GREEN VISION PLAN

The subsequent plan and idea inventory are a culmination of these exercises and can serve the GBD as a point of beginning for future neighborhood improvements.

The Vision Plan aims to make stronger east-west connections. The Dogpatch neighborhood is an important interface between Potrero Hill and The Bay, and the plan seeks to reinforce and highlight those connections through improved green spaces and pedestrian amenities. In particular, 19th Street connects Dogpatch to Crane Cove Park, 22nd Street connects Potrero Hill Recreation Center to the future Pier 70 Development, and 24th Street connects Progress Park to Warm Water Cove. These primary east-west connections become both stormwater treatment systems and pedestrian amenities that reinforce the drainage patterns of the site, connecting hilltop to Bay.

The primary north-south connections through the neighborhood for pedestrians and cyclists is Indiana Street, a green spine off of which stem the neighborhood's major open spaces: Progress Park, Esprit Park, Woods Yard Park, and future green spaces. The Vision Plan proposes a "road diet" for Indiana Street, taking advantage of its large right-of-way to create a programmed linear park with amenities that create a network of neighborhood green spaces.

These connections will support green infrastructure improvements. The Vision Plan and Ideas herein provide the ingredients for a potential Eco-District. For instance, the overpasses can serve as solar farms, which can power new street and park lighting to provide nighttime safety and illuminated gateways from the west. This would suture the infrastructure and make the I-280 underpass a unique and more welcoming threshold into the neighborhood.

LEGEND

ROLES

Lead
GBD assumes leadership responsibilities for seeing the project / initiative through from beginning to end. Implementation steps may include:

- Fundraising
- Project management
- Hiring of consultants

Initiate
GBD advances the project / initiative by leading the initial steps of the process and handing off leadership to the appropriate party. Implementation steps may include:

- Initial fundraising
- Leading required further study / analysis to establish the project requirements
- Outreach to potential project managers / leaders and coordination of responsibilities and guidelines for completion
- Assistance in fundraising, endorsement and approval

Assist
GBD can lend support to project leaders of existing planning / design project.

Advocate
GBD endorses the initiative, advocates it in the public forum and planning and development opportunities and recommends it to potential project leaders.

These maps show some aspirational projects that extend beyond the GBD boundaries. Should any of these projects be completed in the future, GBD funds will be provided only to the sections of those projects that fall within the GBD boundaries. To see these maps in greater detail, see Chapter 3 of the Green Vision Plan, available as Attachment D of the Engineer's Report on the GBD website (www.dnwph-gbd.org).

NW POTRERO HILL (ZONE 2) GREEN VISION PLAN

The subsequent plan and idea inventory are a culmination of these exercises and can serve the GBD as a point of beginning for future neighborhood improvements.

More so than Zone 1, Zone 2 is literally divided in half by US-101. The primary goal of the Green Vision Plan is to suture that divide and better link the neighborhoods east to west. To achieve this, the Vision Plan proposes to widen the pedestrian bridge crossing over US-101, creating a larger, unifying park that combines Felling Bridge and Benches Park into a bridging neighborhood amenity. The Plan also takes advantage of the Caltrans easement along US-101 by proposing a Potrero Air Filter Forest, where carefully selected vegetation filters particulate matter from freeway pollution. Within the Forest, a trail system connects the future Potrero Bridge Park with McKinley Square and the 22nd Street Pedestrian Cycle bridge, expanding the neighborhood LOOP Plan from 17th Street all the way to 22nd Street.

Like Zone 1, these connections will support green infrastructure improvements. The Vision Plan and Ideas herein provide the ingredients for a potential Eco-District. For instance, the overpasses can serve as solar farms, which can power new street and park lighting to provide nighttime safety and illuminated gateways. This would suture the infrastructure and make the US-101 underpass a unique and welcoming threshold into the neighborhood.

The Vision Plan proposes a "road diet" for San Bruno Avenue and Utah Street, which connect the future Potrero Bridge Park to McKinley Square, as well as Vermont Street, which links the LOOP park to McKinley Square. In each of these cases, the space taken up by perpendicular parking can be replaced by neighborhood green spaces, forming a network linear parks.

1 Urban Canvas Project

Work with local artists and light industry business owners, such as UPS, to transform blank industrial walls into a neighborhood public gallery.

ROLE- ☒ Lead ☐ Initiate ☐ Assist ☐ Advocate

PARTNERS- Developers, SFAC

STATUS-

2 The LOOP Gateway Expansion

Develop neighborhood-serving programs such as Off the Grid mobile food site, event space, or dog park. Extend the Potrero Air Filter Forest here (see 10).

ROLE- ☐ Lead ☐ Initiate ☒ Assist ☐ Advocate

PARTNERS- MUNA, Caltrans, DPW

STATUS-

3 Utah St. Road Diet

Reconfigure head-in parking to allow for more generous sidewalks, greening, neighborhood social spaces, and sustainable infrastructure.

ROLE- ☐ Lead ☒ Initiate ☐ Assist ☐ Advocate

PARTNERS- PD, DPW

STATUS-

4 17th St. Boulevard

Augment Planning's Green Connections SF study adding greening and streetscape amenities to enhance the project.

ROLE- ☐ Lead ☒ Initiate ☐ Assist ☐ Advocate

PARTNERS- PD, DPW

STATUS-

5 The LOOP Gateway Park

Implement plans for maintenance and improvements to Gateway Park. Potrero Air Filter Forest can continue through the park (see 10).

ROLE- ☐ Lead ☐ Initiate ☒ Assist ☐ Advocate

PARTNERS- MUNA, Caltrans, DPW, SFRP

STATUS-

6 Vermont & 17th Traffic Calming

Increase pedestrian and bike safety at this intersection.

ROLE- ☐ Lead ☐ Initiate ☐ Assist ☒ Advocate

PARTNERS- DPW, SFMTA

STATUS-

7 The LOOP Gateway Connector

Accentuate the gateway with art and light. Photovoltaic cells mounted to the overpass above generate power for underpass light art. Implement the LOOP proposal for underpass improvements.

ROLE- ☐ Lead ☐ Initiate ☒ Assist ☐ Advocate

PARTNERS- MUNA, PD, Caltrans, DPW

STATUS-

8 Utah St. Shared Public Way

Create a curbless plaza street that expands Fallen Bridge Park into the R.O.W. Vehicle traffic is limited to local access only. Design in conjunction with Potrero Bridge Park (see 11).

ROLE- ☐ Lead ☒ Initiate ☐ Assist ☐ Advocate

PARTNERS- MUNA, DPW

STATUS-

10 Potrero Air Filter Forest

Replant the US 101 easement with trees that filter particulate matter and clean the neighborhood air.

ROLE- ☐ Lead ☒ Initiate ☐ Assist ☐ Advocate

PARTNERS- Caltrans

STATUS-

11 Potrero Bridge Park

Widen the bridge crossing over US 101 and better link east and west neighborhoods. Expansion design would incorporate Falling Bridge and Benches Parks into a cohesive new neighborhood park.

GBD assumes leadership responsibilities for seeing the project / Initiative through from beginning to end. Implementation steps may include:

- Fundraising
- Project management
- Hiring of consultants

Initiate

GBD advances the project / Initiative by leading the initial steps of the process and handing off leadership to the appropriate party. Implementation steps may include:

- Initial fundraising
- Leading required further study / analysis to establish the project requirements
- Outreach to potential project managers / leaders and coordination of responsibilities and guidelines for completion
- Assistance in fundraising, endorsement and approval

Assist

GBD can lend support to project leaders of existing planning / design project.

Advocate

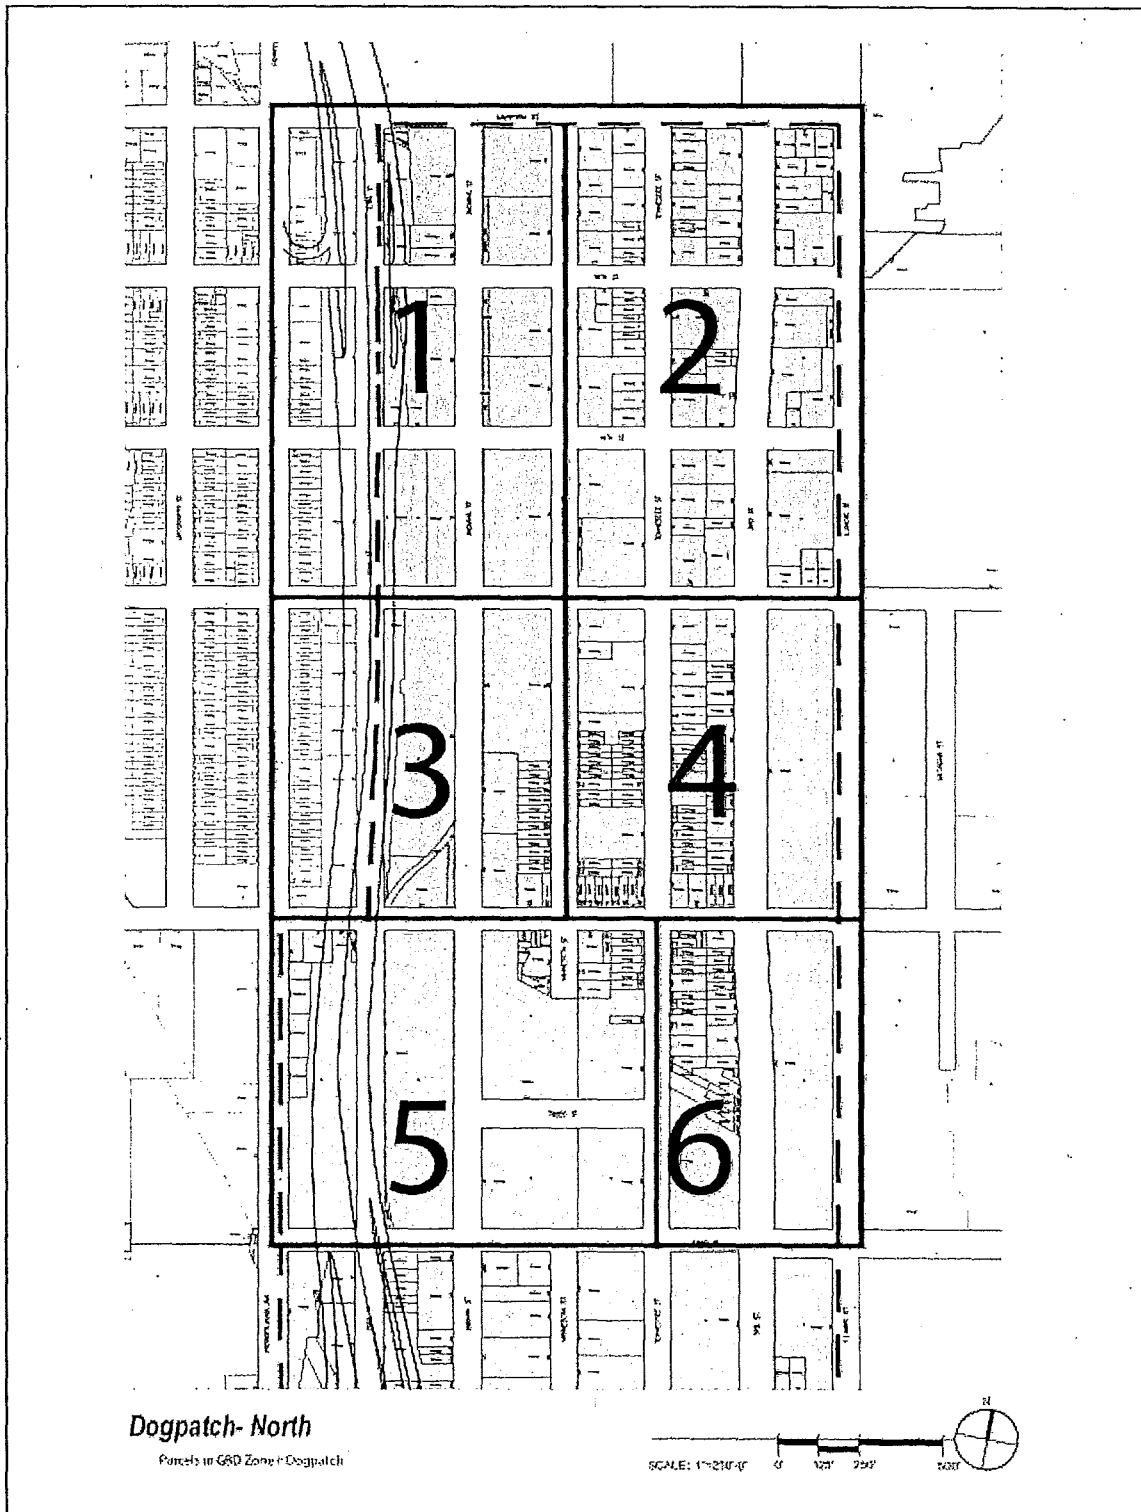

GBD endorses the initiative, advocates it in the public forum and planning and development opportunities, and recommends it to potential project leaders.

E. GLOSSARY OF TERMS

Air Quality

A measure of the condition of air relative to the health and survival needs of humans and other species, and the relative quantity of pollution to natural air composition.

Baseline City Services

By adopting this plan, the Board of Supervisors confirms and guarantees a baseline level of services received from CCSF equivalent to that being provided in similar areas of CCSF in each fiscal year.

Biofiltration

A pollution control technique using living material to capture and biologically degrade and process pollutants. Applications include processing wastewater, capturing harmful chemicals or silt from surface runoff, and micro biotic oxidation of contaminants in air. See also: *street-side bioswales*.

Biofiltration may also be applied in the form of vegetative plantings to remediate airborne fine particulate matter especially within 300 feet of freeways. This may include replacing existing plants along freeway corridors with plants that are known to be effective at filtering particles and toxins. See also: *Particulate Matter*.

Bioswale

Bioswales are landscape elements designed to remove silt and pollution from surface runoff water by maximizing the time the water spends in the swale before being released to the watershed sewer. They are typically placed adjacent to streets or parking lots where substantial automotive pollution is collected by the pavement and then flushed by rain.

Building Square Footage

Gross building square footage as determined by the outside measurements of a building recorded with the CCSF Assessor's Office (the "Assessor").

Bulb-outs

An extension of a curb in the form of a bulb, usually at a street intersection, that both narrows the vehicular pathway and shortens the crossing distance for pedestrians. Bulb outs slow traffic and increase safety for pedestrians, but they also present great opportunities for additional greening in the public right of way.

CalTrans

CalTrans is the state agency responsible for highway, bridge, and rail transportation planning, construction, and maintenance. Several community-maintained spaces in the GBD are on CalTrans property located along CA-101 and I-280.

Capital Improvements

The addition of a fixed physical improvement, including plants or landscaping, to a property, the acquisition of real property, or the restoration of some aspect of an existing real property or fixed physical improvement, that will either enhance the property's overall economic, social or ecological value and/or increase its useful life.

Charrette

A charrette is an intensive planning session where neighbors, designers, and other stakeholders collaborate on a vision. It provides a forum for ideas and offers the unique advantage of giving immediate feedback to the designers and allows everyone who participates to be a mutual author of the plan.

Commercial Property

Those parcels classified and recorded as commercial property by the Assessor.

Dog Runs and Dog Parks

A neighborhood park designed specifically for use by dogs and their owners.

Eco-Districts

Eco-Districts are neighborhood scale public-private partnerships that innovate and implement new forms of system-wide infrastructure that reduces the environmental footprint of a neighborhood by reducing energy and water waste, and improving local ecological function. See also: ecodistricts.org

Gardens

Publicly or privately owned land that meets the definition of a Publicly Accessible Property and primarily operates, functions, or is available for food production and/or ornamental gardening.

Green Infrastructure

Green infrastructure is a system approach to water management that protects, restores, or mimics the natural water cycle. Efficient use of green infrastructure can reduce energy usage through passive heating and cooling; filter air and water pollutants; decrease solar heat gain; provide wildlife habitat; reduce the public cost of stormwater management infrastructure and provide flood control; offer food sources; and stabilize soil to prevent or reduce erosion. Green infrastructure is considered crucial to combating climate change, creating healthy built environments, and improving quality of life.

Green Streetscape Masterplan

A Green Streetscape Masterplan provides a framework for the long-range planning, design, and implementation of streetscape and infrastructure improvements that contribute to more pedestrian-oriented and environmentally sustainable streets.

Green Spaces

Any Publicly Accessible Open Space, Park, Parklet, Pocket Park, Plaza, Garden, or Sidewalk Greening within the GBD that supports or contains living plants or non-living permeable ecological features such as stream-beds, drainage basins or recreational pathways.

Green Vision Plan

The Green Vision Plan is a springboard for the future Dogpatch & NWPH GBD. It is both an inventory of current publicly and privately sponsored Public Realm area improvements in the GBD and a summary of ideas for other improvements gleaned from the community, in public workshops and meetings with the Formation Committee.

Industrial Property

Those parcels classified and recorded as industrial property by the Assessor.

Land Use

The purpose for which land, structure, or both, are designed, constructed, arranged or intended, or for which they are occupied or maintained, let or leased.

Lot Square Footage

Defined as the total amount of area within the borders of the parcel. The borders of a parcel are recorded on the Assessor's parcel maps.

Maintenance Services

Any service required to maintain Publicly Accessible Property in good and workmanlike condition.

Neighborhood Park

Includes both San Francisco Recreation and Park Department-owned properties and community-maintained Green Spaces that meet the definition of Publicly Accessible Property.

Neighborhood Garden

Includes both San Francisco Recreation and Park Department and community-maintained gardens, decorative or productive.

Non-Profit Use

Any use conducted by a 501(c)(3), (4), or (6) organization in a property that furthers its mission.

Open Space

Publicly or privately owned land that meets the definition of a Publicly Accessible Property and operates, functions, or is available for leisure, play, performance, culture or sport, or set aside for the protection and/or enhancement of the natural environment, or for ecological services benefiting the public. Open Space tends to be less formal in design, program or use than a Park.

Park

Publicly or privately owned land that meets the definition of a Publicly Accessible Property and operates, functions, or is available for leisure, play, performance, culture or sport, or set aside for the protection and/or enhancement of the natural environment, or for ecological services benefiting the public. Parks tend to be more formal in design, program or use than Open Space.

Parklets

A parklet is a small space serving as an extension of the sidewalk to provide amenities and green space for people using streets. It is typically the size of several parking spaces and extends out from the sidewalk at the level of the sidewalk. Parklets can be for people to enjoy, to provide more greenery, art, or some other visual amenity. A parklet may accommodate bicycle parking within it, or bicycle parking may be associated with it.

Particulate Matter

Small particles of pollution, typically airborne from sources such as automotive exhaust along densely traveled freeways, which can remain airborne and/or settle in homes along floors and carpets, outdoors on the ground, or in the lungs of adults, children, pets and wild animals.

Permeable Paving

Permeable paving is a range of sustainable materials and techniques for permeable pavements with a base and sub base that allow the movement of storm water through the surface. In addition to

reducing runoff, this effectively traps suspended solids and filters pollutants from the water. Examples include roads, paths, lawns and lots that are subject to light vehicular traffic, such as car/parking lots, cycle-paths, service or emergency access lanes, road and airport shoulders, and residential sidewalks and driveways.

Plaza

Publicly or privately owned land that meets the definition of a Publicly Accessible Property and operates, functions, or is available for leisure, play, performance, culture or sport, or set aside for the protection and/or enhancement of the natural or urban environment, or for ecological services benefiting the public. Plazas tend to contain more "hard" or paved surfaces and fewer "soft" unpaved areas with living plants than Parks or Open Spaces.

Pocket Park

A small Park. Pocket parks are frequently created on a single vacant building lot or on small, irregular pieces of land. They also may be created as a component of the public space requirement of large building projects.

Privately Owned Publicly Accessible Green Spaces

Any space, including plazas, terraces, parks, atriums, and small sidewalk-style greenings that are privately owned but meet the definition of a Publicly Accessible Property.

Productive Garden

A garden that is predominantly food-producing plants that is actively maintained for that purpose.

Public Realm Areas

Public Realm areas, as defined in Subsection Subsection 15A.2(1) of the San Francisco Business and Tax Regulation Code, are outdoor spaces open to the public that include but are not limited to parks, plazas, parklets, sidewalks, unimproved areas, landscaped areas and gardens. Public Realm areas may be owned by public and/or private entities or persons.

Public Realm Improvements

Any improvements to Public Realm areas, as defined above.

Public Right-of-Way

The Public Right-of-Way, as defined in Section 2.4.4. (t) of the San Francisco Public Works Code, shall mean the area across, along, beneath, in, on, over, under, upon, and within the dedicated public alleys, boulevards, courts, lanes, roads, sidewalks, spaces, streets, and ways within the City, as they now exist or hereafter will exist and which are or will be under the permitting jurisdiction of the Department of Public Works.

Publicly Accessible

Open for access by the general public during regular daylight hours, seven days a week, with reasonable allowances for limited closures for special events, repairs or improvements.

Publicly Accessible Property

Any property, or portion of property, that has been made Publicly Accessible through recordation of an easement or another equivalent legally enforceable restriction that cannot be unilaterally revoked by the owner of the property subject to the restriction. Publicly owned property, including all property within the public right-of-way, is presumed to be Publicly Accessible Property unless a government

agency prohibits public access to the property.

Recreational Improvements

Recreational Improvements, as defined in Subsection Subsection 15A.2(2) of the San Francisco Business and Tax Regulation Code, means improvements that will encourage recreational use, either by improving current conditions (e.g. repairing a grass soccer field) or installation of new facilities (e.g. playground equipment).

Religious Use

When relevant activities on a given property are conducted by (by owner or tenant) a 501©3 religious organization.

Residential Property

Those parcels classified and recorded as residential property by the Assessor.

Road Diets

A Road Diet is a type of streetscape enhancement whereby the number of travel lanes and/or effective width of the road are reduced in order to reduce traffic flows and/or speeds for the purposes of improving the safety and experience of pedestrians, expanding the Public Realm area to create space for Green Spaces such as Parklets or Sidewalk Greenings, the widening of sidewalks, Street Furniture, and Bioswales.

Sidewalk Greening

Enhancing or adding new plantings or natural landscape to existing sidewalks. This can include temporary installations, like planters, or permanent installations, like permeable paving, plantings, removing concrete, etc.

SFMTA

The San Francisco Municipal Transportation Agency (SFMTA) is the public agency of CCSF with jurisdiction over Muni, bike and pedestrian programs, taxis, parking and traffic control operations in the city.

SFPUC

The San Francisco Public Utilities Commission is the public agency of CCSF that provides water, wastewater, and electric power services to the City.

Shared Public Ways

Shared Public Ways are a type of streetscape enhancement whereby the sidewalk and roadway are unified as a single-surface street that functions as an open space that prioritizes pedestrian use while permitting vehicles and bicycles to share the space. These spaces are flexible by definition, and enable the Public Right-of-Way to simultaneously function as pedestrian Plazas and vehicular roadways. For more information, refer to the SF Better Streets Design Guidelines section on Shared Public Ways: <http://www.sfbetterstreets.org/design-guidelines/street-types/shared-public-ways/>.

Solar Photovoltaic Systems

An arrangement of components designed to supply usable electric power, using the Sun as the power source. Informally, "solar power."

Street Furniture

Street Furniture refers to objects and pieces of equipment installed in the Public Right-of-Way for various purposes. It includes benches, bicycle racks, traffic barriers, bollards, streetlamps, traffic lights, traffic signs, wayfinding signage, bus stops, public sculptures, and waste receptacles.

Street Trees

"Street tree" shall mean any tree growing within the public right-of-way, including unimproved public streets and sidewalks, and any tree growing on land under the jurisdiction of the SF Department of Public Works.

Streetscape Enhancements

Enhancements to the Public Right-of-Way that lead to more pedestrian-oriented and environmentally sustainable streets. Enhancements include sidewalk extensions, Street Trees, lighting, Street Furniture, stormwater management infrastructure, a range of Green Space elements such as Sidewalk Greenings, Pocket Parks, Parklets, and Plazas, and a variety of traffic calming interventions such as road diets and Bulb-outs.

Tactical Urbanism

Small-scale interventions to the public realm for the purposes testing ideas and soliciting public feedback.

Underpass and Overpass Connector Improvements

Underpass and Overpass Connector Improvements refer to the enhancement of the pedestrian experience of pathways and streetscapes along overpasses and/or underpasses of highways. Such enhancements include public art installations, lighting improvements, Dog Runs, and a range of Green Space elements such as Sidewalk Greenings, Pocket Parks, and Gardens.

Vacant Property

Those parcels that have no Building Square Footage because no built structures are located on such parcels.

Vermicomposting

Vermicomposting is the process of composting using earthworms to create a heterogeneous mixture of decomposing vegetable or food waste, bedding materials, and vermicast. Vermicast, also called worm castings, humus or manure, is the end-product of the breakdown of organic matter by an earthworm.

Wind Turbines

Wind Turbines on a neighborhood scale were given consideration, but the GBD Steering Committee was advised that the small-scale wind turbine industry has been consistently lacking in verifiable real-time data to prove claims of meaningful levels of conversion of wind kinetic energy to electrical energy. While it is conceivable that the small scale wind industry may achieve advances in the ability to amplify incoming wind energy in combination with the ability to store that energy over time, it is our recommendation that these not be included in any GBD budget or planning unless or until the small-scale wind turbine industry can provide verifiable real time data on any product for a minimum of 24 consecutive months. This does not reflect negatively on the large-scale wind turbines used in wide-open areas that have been shown to be effective.

F. GBD PARCEL DATABASE

As described in Section VII – Assessment Methodology of the Management Plan, parcels in the GBD are assessed based on either building square footage or lot square footage, depending on the applicable land use classification (as illustrated in the table below):

Parcel Land Use:	Assessment Rate
Commercial/Residential/Other	\$0.0951 (Building SF)
Industrial	\$0.0475 (Building SF)
Greenspace Parcels	\$0.0238 (Lot SF)
Non-Accessible Parcels	\$0.0000
Vacant/Parking Lots	\$0.0951 (Lot SF)

All parcels within the GBD boundaries are listed below by Assessor's Parcel Number (APN).

ENGINEER'S STATEMENT

This Report is prepared pursuant to Article XIID of the California State Constitution (Proposition 218) and the State of California Property and Business Improvement District Law of 1994 as augmented by Article 15A of the San Francisco Business and Tax Regulations Code.

The Dogpatch & Northwest Potrero Hill Green Benefit District ("GBD") will provide activities either currently not provided or that are above and beyond what the City of San Francisco provides. Every individual assessed parcel within the GBD receives special benefit from the activities identified under Section B of this Report. Only the individual assessed parcels within the GBD receive the special benefit of these proposed activities; parcels contiguous to and outside the GBD and the public at large may receive a general benefit, as outlined in Section E. The cost to provide general benefits, if any, will be funded from sources other than special assessments.

The duration of the proposed district is 10 and one half years, commencing on July 1, 2015. An estimated budget for the GBD improvements and activities is set forth in Section D. By vote of the GBD Board of Directors (the "Board"), the budget may be increased by the amount of increase in the Bay Area Consumer Price Index (CPI), up to a maximum of 3% per year. Funding for the GBD improvements and activities will be derived from a property-based assessment of each specially benefitted parcel in the GBD in proportion to the benefit received. A detailed description of the methodology for determining the proportional special benefit each individual assessable parcel receives from the activities and the assessment for each parcel is set forth in Section F.

I hereby certify to the best of my professional knowledge that each of the identified assessable parcels located within the GBD will receive a special benefit over and above the benefits conferred to those parcels outside of the GBD boundary and to the public at large and that the amount of the proposed special assessment is proportional to, and no greater than the special benefits received.

Respectfully submitted,

Terrance E. Lowell

Terrance E. Lowell, P.E.

SECTION A: LEGISLATIVE AND JUDICIAL REVIEW

Property and Business Improvement District Law of 1994

The State Law as augmented by Article 15A of the San Francisco Business and Tax Regulations Code ("Article 15A")¹ is the legislation that authorizes the City to levy assessments upon the real property for the purposes of providing improvements and activities that specially benefit each individual assessed parcel in the GBD. The purpose of the GBD is to improve the neighborhood open spaces, parks, gardens and sidewalks; create an ecologically sustainable environment; and engage the community in neighborhood-based innovation and accountability. In order to meet these goals, the GBD will fund activities and improvements to Public Realm areas (see Section I: Glossary of Terms for definitions of capitalized terms). Unlike other assessment districts that fund the construction of public capital improvements or maintenance thereof, GBDs provide activities and improvements that provide special benefit to property owners. The improvements and activities funded through the GBD are over and above those already provided by the City within the GBD's boundaries.

Specifically, the Property and Business Improvement District Law of 1994 (the "State Law") defines "Improvements" and "Activities" as follows:

"Improvement" means the acquisition, construction, installation, or maintenance of any tangible property with an estimated useful life of five years..."

"Activities" means, but is not limited to, all of the following:

- (a) Promotion of public events which benefit businesses or real property in the district.*
- (b) Furnishing of music in any public place within the district.*
- (c) Promotion of tourism within the district.*
- (d) Marketing and economic development, including retail retention and recruitment.*
- (e) Providing safety, sanitation, graffiti removal, street and sidewalk cleaning, and other municipal services supplemental to those normally provided by the municipality.*
- (f) Activities which benefit businesses and real property located in the district.²*

Article 15A augments the State Law by authorizing assessment districts for the purpose of landscaping, improving and maintaining public realm areas, including parks, plazas, parklets, sidewalks, unimproved areas, landscaped areas and gardens. Such services, improvements and activities include maintaining the ecological system such as soil, geology, wildlife, vegetation and watersheds, and providing recreational improvements, such as repairing grass soccer fields, or installing new facilities; for example, playground equipment.

Article XIID of the State Constitution

In 1996, California voters approved Proposition 218, codified in part as Article XIID of the State Constitution. Among other requirements, Article XIID changes the way local agencies enact local taxes and levy assessments on real property. It states, in relevant part, that:

¹ Article 15A of the San Francisco Business and Tax Regulations Code: Public Realm Landscaping, Improvement and Maintenance Assessment Districts ("Green Benefit Districts"),
http://www.amlegal.com/nxt/gateway.dll?f=templates&fn=default.htm&vid=amlegal:sanfrancisco_ca

² California Streets and Highways Code, Section 36606.

(a) An agency which proposes to levy an assessment shall identify all parcels which will have a special benefit conferred upon them and upon which an assessment will be imposed. The proportionate special benefit derived by each identified parcel shall be determined in relationship to the entirety of the capital cost of a public improvement, the maintenance and operation expenses of a public improvement, or the cost of the property related service being provided. No assessment shall be imposed on any parcel which exceeds the reasonable cost of the proportional special benefit conferred on that parcel. Only special benefits are assessable, and an agency shall separate the general benefits from the special benefits conferred on a parcel. Parcels within a district that are owned or used by any agency, the State of California or the United States shall not be exempt from assessment unless the agency can demonstrate by clear and convincing evidence that those publicly owned parcels in fact receive no special benefit.

(b) All assessments shall be supported by a detailed engineer's report prepared by a registered professional engineer certified by the State of California³.

"Special benefit" means a particular and distinct benefit over and above general benefits conferred on real property located in the district or to the public at large. General enhancement of property value does not constitute "special benefit."⁴

Judicial Guidance

Since the enactment of Article XIID, the courts have rendered opinions regarding various aspects of Article XIID. The notable portions of cases that apply to assessment districts in general and this GBD in particular are noted below.

"The engineer's report describes the services to be provided by the PBID; (1) security, (2) streetscape maintenance (e.g., street sweeping, gutter cleaning, graffiti removal), and (3) marketing, promotion, and special events. They are all services over and above those already provided by the City within the boundaries of the PBID. And they are particular and distinct benefits to be provided only to the properties with the PBID, not to the public at large—they "affect the assessed property in a way that is particular and distinct from {their} effect on other parcels and that real property in general and the public at large do not share."⁵

"...separating the general from the special benefits of a public improvement project and estimating the quantity of each in relation to the other is essential if an assessment is to be limited to the special benefits."⁶

"...the agency must determine or approximate the percentage of the total benefit conferred by the service or improvement that will be enjoyed by the general public and deduct that percentage of the total cost of the service or improvement from the special assessment levied against the specially benefitted property owners."⁷

⁷ Golden Hill Neighborhood Association, Inc. v. City of San Diego, (2011) 199 Cal. App. 4th 416, 438

"...even minimal general benefits must be separated from special benefits and quantified so that the percentage of the cost of services and improvements representing general benefits, however slight, can be deducted from the amount of the cost assessed against specially benefitting properties."⁸

The contents of this Engineer's Report are prepared in compliance with the above noted authorizing legislation, the State Constitution and the judicial opinions.

SECTION B: IMPROVEMENTS AND ACTIVITIES

Through an extensive series of property owner meetings and outreach, the GBD Formation Committee collectively determined the priority for improvements and activities that the GBD should provide. The primary needs as determined by the property owners are:

- ◆ Maintenance,
- ◆ Capital Improvements, and
- ◆ Accountability, Transparency & Citizen Services

Based upon these findings, the following improvement and activity categories are recommended for the GBD. The following narrative provides recommendations for the GBD's first year of operation. Final programs and budgets will be subject to the review and approval of the GBD Board of Directors and City Council.

MAINTENANCE

Maintenance will provide a wide array of services that can either be to the Public Right-of-Way throughout the entire district or site-specific spaces like Progress Park or Fallen Bridge Garden. In addition, it may include, but is not limited to:

District Wide Public Realm Maintenance:

- **Tree Care:** maintenance plan for new and existing Street Trees that includes maintenance, pruning, and removal of hazardous Street Trees.
- **Irrigation Systems Management:** maintain and repair irrigation systems, and supply water. (New irrigation systems are not included, but could be funded through the Capital Improvements program)
- **Graffiti Patrol:** 1 part-time graffiti abatement patrol officer across both zones to patrol known graffiti hotspots identified by the community, and provides on-call response.
- **Trash & Debris Patrol:** 1 full-time trash and debris abatement staff person across both zones. This staff person targets trash and debris hot spots identified by the community, and responds to specific requests for trash or debris pick-up reported to the GBD.

Targeted Public Realm Maintenance (see Table 5 of the Management Plan for a list of spaces) may include, but is not limited to:

- **Jumpstart Maintenance Fund:** set aside to pay for one-time maintenance costs in the first year of the GBD (Year 1) to bring specific spaces and existing greening up to a GBD maintenance standard. Potential uses include, but are not limited to: sidewalk repair, additional large tree pruning and/or removal, tree studies and evaluations, horticultural consultation, and large-scale irrigation installation. After Year 1, this fund would be absorbed by the district wide maintenance budget to care for new Open Spaces, Parks, Plazas and Gardens built and installed by the GBD.
- **Care and Enhancement of Public Realm Areas:** small-scale tree and shrub pruning, weed removal, fertilization, turf care, irrigation management and repair, sidewalk repair, and trash cleanup on Public Realm areas to a district-wide standard. Frequency and scope of service varies depending on the level of volunteer stewardship and needs.

CAPITAL IMPROVEMENTS

The Green Benefit District funds shall be used to directly invest in capital improvements within the boundaries of the GBD that advance its mission and goals, and are consistent with the *Capital Improvements Funding Guidelines* in Section B on page 33 of the Management Plan. Stewards of existing and potential open spaces, parks and gardens within the GBD boundaries may apply for capital funding on a semi-annual basis. The Board of Directors will develop full funding criteria based on the guidelines described in page 33 of the Management Plan.

The 3 primary categories of capital improvements that may be funded are: (1) Improvements to Existing Public Realm Areas; (2) Development of New Public Realm Areas; and (3) Development of Green Infrastructure. The categories are listed below, along with some examples of possible projects in each category:

Improvements to Existing Public Realm areas, may include, but is not limited to:

- New playground equipment/tot lots
- New trash and recycling receptacles
- New park benches
- New lighting systems
- New way-finding signage
- New landscaping and paving systems
- New irrigation systems
- New storm water retention systems
- New Productive Gardens
- New Dog Runs and Dog Parks

Development of New Public Realm areas may include, but is not limited to:

- Parks, Parklets, Plazas, Gardens or Pocket Parks in the Public Right-of-Way or publicly-owned land.
- Parks, Parklets, Plazas, Gardens or Pocket Parks on Publicly Accessible private land
- Planted medians and curbside linear gardens.
- New Street Tree wells and Bulb-outs.
- Traffic-calming round-about "green islands" at wide street intersections in the Public Right-of-Way.

Development of Green Infrastructure may include, but is not limited to:

- Collaboration with existing government agency programs (example: establishing green infrastructure design elements in full compliance with the SF PUC's Storm Water Design Guidelines)
 - New recycled water collection and distribution systems.
 - New Bioswale or other storm water capture systems.
 - New rainwater/storm water cisterns.
 - Use of plants that are known to reduce Particulate Matter pollution in urban street canyons and from freeways such as oleander or various tree plantings.
 - Enhancement of existing green infrastructure systems.
 - District-wide energy generation and distribution systems.

An important criterion for deciding when and how to spend capital improvement funds will be the degree to which the District can leverage additional public or private funds to support any of the above projects.

ACCOUNTABILITY, TRANSPARENCY & CITIZEN SERVICE TECHNOLOGY

This section includes funding for a GBD Manager who will be responsible for services, marketing and communication, public communication and accountability, and strategic planning.

GBD Management may include, but is not limited to:

- Management of all GBD finances and contracts for services, capital improvements, and public interface and web services. This is at the direction of the GBD Board Treasurer, who is ultimately responsible for the finances of the GBD.
- Management of GBD corporate business, including ensuring compliance with all government and grant reporting requirements. This is in close collaboration with the Chairperson of the GBD Board.
- Serving as the public face and primary point of contact for the GBD, especially with City Hall and local agencies.
- Management of all "Baseline City Services" including keeping records of metrics and being responsible for reporting if city agencies do not maintain their baseline service levels.
- Organization and management of GBD volunteers.

GBD Marketing and Communications may include, but is not limited to:

- Management of public relations and media contacts, in coordination with the Chairperson of the GBD Board.

Development and ongoing maintenance of the GBDs public communication and accountability strategy may include, but is not limited to:

- Design, launch, and updating of a new GBD website.
- Design, launch, and updating of a new GBD smart phone application for quick "crowd-sourced" reporting of maintenance & operation needs.
- Development and management of an online volunteer coordination website.
- Development and management of related customer service tracking associated with the smart phone app.
- Careful coordination of this service with city agencies that have baseline service agreements with the GBD.
- Development of an ongoing City Hall and media outreach campaign to ensure that decision-makers and the public at large understand the purpose, work and accomplishments of the GBD.

GBD Strategic Planning may include, but is not limited to:

- Ongoing updates to the Green Vision Plan as needed to convey the values, mission, goals and accomplishments of the GBD. This may include the following:
 - Development of a detailed conceptual Green Streetscape Masterplan.
 - Conceptual-level pricing of the Green Streetscape Masterplan and the development of a small capital budget, with potential funding sources identified.
 - Development of more detailed designs and engineering, along with specific budgets, for the build-out of Public Realm area improvements.

OPERATIONS & CONTINGENCY/RESERVES

This section covers typical operational expenses.

Operations may include, but is not limited to:

- Insurance for GBD operations, services, and deliverables including maintenance and capital improvements, and operations space.
- Expenses for accounting and annual audit/financial review.

Contingency/Reserve

- Funds to be used for potential cost overruns of maintenance and improvement services only, up to 10%.
- Any unspent funds in this category will be rolled over and must be spent within the next fiscal year.

SECTION C: BENEFITTING PARCELS

GBD Boundary

Article XIID Section 4(a) of the State Constitution requires that the authorizing agency "Identify all parcels which will have a special benefit conferred upon them and upon which an assessment will be imposed."

Zone I

Description

Zone I, known as Dogpatch, contains a mix of industrial, commercial, and residential properties. Historically, the area has been a hub for industrial and manufacturing activities, and many properties still serve that use. The zone is bordered to the west by Interstate 280 (I-280). On a residential scale, there are a small amount of single-family homes, and many multi-unit and condo properties, which tend to cluster closer to the center of the zone. 22nd Street and 3rd Street are the two commercial corridors with hubs of commercial and residential activity.

Residential development is steadily on the rise in Dogpatch, with over 1300 units planned or under construction currently. This rapidly increasing density creates a great need for both enhanced maintenance of public resources, as well as the creation of new places. Zone I has a strong appetite for both maintenance services and capital improvements, and, importantly, a scale and density of properties to finance such services. This is reflected in the Zone 1 budget, which is the largest overall budget for the two zones, and has a greater proportion of assessments dedicated to capital improvements.

Boundaries

- Mariposa Street from Iowa Street to Illinois Street (South side only)
- Illinois Street from Mariposa Street to Cesar Chavez Street (West side only)
- Cesar Chavez Street from Illinois Street to Pennsylvania Street (North side only)
- Pennsylvania Street from Cesar Chavez Street from Mariposa Street (East Side Only)
- 22nd Street from Pennsylvania to Iowa Street (North Side Only)
- Iowa Street from 22nd Street to Mariposa Street (East Side Only)

Northern Boundary: The northern boundary of Zone I is Mariposa Street. As a neighborhood based assessment district focused on delivering services on a residential scale, this northern boundary reinforces the neighborhood-based identity of Zone I of the GBD: Dogpatch. Mariposa Street is generally considered the northern-most boundary of the Dogpatch neighborhood, and is also one of the northern boundary lines of District 10, which serves Dogpatch residents. The Mariposa Street boundary defines the Dogpatch GBD as separate from the Mission Bay area to the north.

Western Boundary: I-280 and Pennsylvania Street. Like Mariposa Street, the I-280 is generally considered a defining boundary of the Dogpatch neighborhood, particularly to the north and in the Dogpatch Historic District. The southern part of Dogpatch, locally known as "Baja Dogpatch," has begun to extend to the west, under and past the freeway, as evidenced by the public space anchor in this area, Progress Park. For this reason, the western boundary of Zone I extends to Pennsylvania Street at 23rd Street, down to Cesar Chavez Street.

Southern Boundary: The southern boundary of Zone I is Cesar Chavez Street. Cesar Chavez Street is generally considered the southern boundary of the Dogpatch neighborhood, and as a neighborhood based assessment district focused on delivering services on a residential scale, this southern boundary reinforces the neighborhood-based identity of Zone I of the GBD: Dogpatch. Properties to the south of Cesar Chavez are almost exclusively commercial and industrial, and are not considered a part of the Dogpatch neighborhood.

Eastern Boundary: The eastern boundary of Zone I is Illinois Street. The properties between Illinois Street and 3rd Street to the west make up the majority of Dogpatch's commercial corridor. Many of these businesses consider themselves local manufacturers, identify with Dogpatch, and are invested in the enhancement of the neighborhood. The land to the west of Illinois (outside the boundary of the GBD) is port land with little activity and a distinctly different identity, and is part of extensive development and planning efforts on the part of the City.

Zone II

Description

Zone II, known as Northwest Potrero Hill, contains a majority of residential properties, most of which are single-family homes. Commercial uses are, for the most part, limited to the western and northern portion of the zone along Potrero Avenue and 16th Street.

The US-101 bisects the zone, creating a need for enhanced maintenance along the embankments on either side of this freeway now and with future improvements to these parcels. The lower density residential scale lends itself to smaller improvements and maintenance enhancements in the public right-of-way. Likewise, the lower density and smaller scale of zone II cannot support a robust capital improvement budget at this time. Instead, the focus in this zone is to enhance ongoing maintenance, then attract outside capital funding to create larger-scale improvements in the zone.

Boundaries

- 16th Street from Potrero Avenue to Kansas Street (South side only) (completely encompassing parcel 3958-006)
- Kansas Street from the northeast corner of parcel 3958-006 traveling south along the eastern perimeter of the parcel for 100 feet, then traveling west along the southern perimeter of the parcel for 100 feet, then traveling south to the southeast corner of parcel 4029-022.
- 19th Street from southeast corner of parcel 4029-022 to Potrero Avenue (North side only)
- Potrero Avenue from 19th Street to 16th Street (East side only)

Northern Boundary: 16th Street is the northern boundary of Zone II. This designation of 16th Street as the northern boundary of Zone II reinforces the identity of the small but mighty, emerging community of Northwest Potrero Hill. 16th Street is generally considered a dividing line between the more residential areas to the south and the commercial uses to the north, and Showplace Square.

Western Boundary: Potrero Avenue is the western boundary of Zone II. Potrero Avenue is generally considered the dividing line between the western reaches of Potrero Hill and the eastern enclaves of the Mission and Mission Creek. At the north end, Potrero Avenue is home to an

emerging gallery scene that is driving the developing identity of Northwest Potrero Hill as a unique residential and commercial area.

Southern Boundary: 19th Street is the southern boundary of Zone II. Northwest Potrero Hill, anchored by Fallen Bride Park, has emerged as a unique micro-neighborhood, separate from greater Potrero Hill. 19th Street was designated as the southern boundary to reinforce the NWPH identity.

Eastern Boundary: The eastern boundary of Zone II is Kansas Street from the northeast corner of parcel 3958-006 traveling south along the eastern perimeter of the parcel for 100 feet, then traveling west along the southern perimeter of the parcel for 100 feet, then traveling south to the southeast corner of parcel 4029-022. Like the southern boundary, this eastern boundary was selected because of its proximity to Fallen Bridge Park, an anchor space for this emerging community, and to separate it from Greater Potrero Hill.

District Boundary Rationale

The properties within the boundaries of both zones of the GBD are a mix of residential, commercial, industrial and greenspaces. Services and improvements provided by the District are designed to provide special benefits to each of these property types, their owners, tenants, patrons, etc.

All of the services provided by the GBD are services that are over and above the City's baseline level of services or are not provided by the City at all.

To ensure that parcels outside of the District will not specially benefit from the improvements and services funded with the assessment, improvements and services will only be provided within the boundaries of the District. Specifically, graffiti patrol, and trash pickup will only patrol and provide services on the streets and sidewalks within the District, and will not provide services outside of District boundaries. Likewise, maintenance of Public Realm areas, advocacy efforts by the GBD manager on behalf of the GBD, and capital improvements will be restricted to all parcels within the District boundary.

For Maps of District Boundaries, See Attachment A

SECTION D: PROPORTIONAL BENEFITS

Methodology

Article XIIID Section 4(a) of the State Constitution requires "The proportionate special benefit derived by each identified parcel shall be determined in relationship to the entirety of the capital cost of the public improvement, the maintenance and operation expenses of a public improvement, or the cost of the property related service being provided".

Determining the proportionate special benefit among the parcels of real property within the proposed assessment district which benefit from the proposed Improvements and activities is the result of a four-step process:

1. Defining the proposed Improvements and activities,
2. Determining which parcels specially benefit from the proposed Improvements and activities,
3. Determining the amount of special benefit each parcel receives,
4. Determining the proportional special benefit a parcel receives in relation to the amount of special benefit all other parcels in the District receive.

Each identified parcel within the District will be assessed based upon each parcel's unique characteristics in relationship to all other specially benefitted parcels' characteristics. Due to the proportionate special benefits received by each parcel from the District services, each parcel will be assessed a rate which is commensurate with the amount of special benefits received.

Special Benefit Factors

Each of the GBD Improvement and activities is designed to meet the goals of the GBD:

- Improve maintenance of open spaces, parks, plazas, parklets, gardens, and sidewalks (and anything within Public Realm areas)
- Build neighborhood capacity to enhance existing, and create new open spaces, parks, and gardens.
- Advocate for the delivery of CCSF's existing commitments to our neighborhood parks, Public Realm areas, and services.
- Create a more ecologically sustainable urban environment with sidewalk greening and green infrastructure projects for plant, animal, insect habitats, air quality management, and watershed management.
- Create a new model of "open-source" neighborhood-level governance, by providing state-of-the-art citizen engagement technology, and an accessible and transparent management framework.
- Actively engage the community with the use of online tools that allow citizens to track the GBD's performance and finances, participate in decision-making and fiscal management, and "crowd-source" new capital project ideas.

Each of these is designed to create a more vibrant environment that will enhance the economic benefits to each parcel and, thus creating a special benefit to all assessed parcels. In addition, it will enhance the social, physical and mental health of residents and workers. A determination of how much each individual assessed parcel benefits from the GBD activities and improvements is

related to each parcel's lot or gross building square footage. These property characteristics as well as land use type are an indication of the potential pedestrian traffic or number of park users that may be generated from each parcel. The best measure of proportional special benefit for an individual parcel is determined by a ratio of the parcel's assessable square footage to the total assessable square footage of all parcels in the GBD boundary.

Lot Square Footage or Gross Building Square Footage: In calculating assessments, Lot Square Footage is used for vacant undeveloped parcels (parcels containing no built structures) and "Greenspace Parcels" (see definition below) and Building Square Footage is used for all developed parcels. These assessment variables acknowledge the special benefits received both at the ground level and distributed throughout the buildings.

Building Square Footage: Defined as gross building square footage as determined by the outside measurements of a building recorded with the San Francisco Assessor's Office.

Lot Square Footage: Defined as the total amount of area within the borders of the parcel. The borders of a parcel are recorded on the Assessor's parcel maps.

Property Use Considerations

The assessment methodology provides the following treatments for various types of land uses:

Commercial Parcels: Those parcels classified and recorded as commercial property by the Assessor. Commercial Parcels are assessed at the standard rate based on Building Square Footage. These parcels generate the highest level of pedestrian traffic and potential park users, specifically before, during and after work hours.

Residential Parcels: Those parcels classified and recorded as residential property by the Assessor. Residential Parcels are assessed at the standard rate based on the Building Square Footage. These parcels also generate the highest level of pedestrian traffic and potential park users, specifically after work and on weekends.

Industrial Parcels: Those parcels classified and recorded as Industrial by the Assessor. Industrial Parcels are assessed at 50% of the standard rate based on Building Square Footage. Industrial Parcels will not benefit to the same degree as either Residential Parcels or Commercial Parcels. On average, Industrial Parcels have fifty percent (50%) or fewer occupants per square foot than either Residential or Commercial Parcels⁹. Therefore Industrial Parcels do not receive the same level of benefit from the GBD's services and improvements. Due to the reduced level of benefit these parcels receive, their assessment will be reduced by 50% of the standard assessment rate. If however, any Industrial Parcel changes its use it will be subject to the assessment rate associated with the new land use.

Greenspace Parcels: Those parcels occupied by park, landscaping, or open source amenities. Thirty five (35) vacant publicly-owned parcels located within the GBD are currently designated as "Greenspaces" in the Management Plan because they either have a park, landscaping, or open space amenities as their primary land use. Examples include Esprit Park, Woods Yard Mini-Park and many of the landscaped parcels adjacent to Interstate 280 in Dogpatch, and Fallen Bridge Park and many of the landscaped parcels adjacent to Interstate 101 in Northwest Potrero Hill. Greenspace Parcels are assessed at 25% of the standard rate based on Lot Square Footage. Greenspace Parcels will receive some direct benefit in the form of new maintenance and capital improvements funded by the GBD. However, due to the fact that these parcels do not contain any permanent buildings that contain residents, customers, or employees that benefit from the activities of the GBD, the level of benefit these parcels receive is significantly less than the level of benefits received by Residential, Commercial, or Industrial Parcels. To account for this lower benefit, Greenspace Parcels are assessed at 25% of the standard assessment.

Non-Accessible Parcels: Those parcels that have no Building Square Footage and are used solely to access CalTrans facilities or are occupied by Interstate 280 and where pedestrian access is prohibited. Non-Accessible Parcels are vacant lots that are not subject to the standard assessment. Because Non-Accessible Parcels do not receive any direct GBD services they will not be subject to the standard assessment.

Developed Parcels: Defined as parcels containing any Building Square Footage recorded with the Assessor.

Vacant Parcels: Those parcels that have no Building Square Footage recorded with the Assessor (because no built structure are located on such parcels). Vacant Parcels will be assessed based on Lot Square Footage.

Parking Lot Parcels: Those parcels classified as parking lots by the Assessor. Parking Lot Parcels will be assessed based on their Lot Square Footage.

New Assessments for a Change in Land Use

If any parcel within the GBD changes land use because it is developed or redeveloped during the life of the GBD, it will be subject to the assessment rate consistent with the building Square Footage and use classification assigned by the Assessor's Office as a result of the new development or redevelopment.

SECTION E: SPECIAL and GENERAL BENEFITS

State law, Proposition 218, and judicial opinions require that property assessments be levied according to the estimated special benefit each assessed parcel receives from the activities and improvements for which the assessments are being levied. Article XIID Section 4(a) of the California Constitution in part states "only special benefits are assessable," which requires that general benefit from the activities and improvements, if any, be determined separately from the special benefit provided.

Further clarification from the *Golden Hill* judicial opinion states that "even *minimal* general benefits must be separated from special benefits and quantified so that the percentage of the cost of activities and improvements representing general benefits, however slight, can be deducted from the amount of the cost assessed against specially benefitting properties". A special benefit as defined in Article XIID means a particular and distinct benefit over and above the general benefit conferred on real property in a special district or to the public at large.

Each individual parcel's assessment for the GBD is no greater than the special benefit it will receive from the proposed activities and improvements described in this Report. The special benefit to parcels from the proposed GBD services, improvements, and activities described in this report is equal to or exceeds the total amount of the proposed assessment.

In the 2014 San Francisco Infrastructure Level of Service Analysis, the San Francisco Planning Department defined one of its target Level of Service (LOS) metrics for recreation and open space as a half-mile/10-minute walk radius.¹⁰ As the study explains, "a stock measure of accessibility is a ten-minute walk, which is roughly equivalent to a half-mile distance." This half-mile/10-minute walk service area radius identifies those parcels that stand to benefit from the proposed GBD services, improvements, and activities for Green Spaces within the district. As such, each assessed parcel receives direct special benefits from the proposed GBD services, improvements, and activities. Every parcel's special benefit from these services, improvements, and activities is equal to or exceeds the amount of the proposed assessment.

Furthermore, the special benefits of Green Spaces are spread throughout the district because homeowners within the GBD use multiple Green Spaces. Table 1 illustrates that for each of the existing Green Spaces included in the Green Space Survey, at least 73% of homeowners in the GBD who are familiar with a particular green space utilize it in some capacity to derive special benefits. The location, size, and quality of Green Spaces in the GBD is not a factor as it relates to special benefits, as these high usage rates in Table 1 demonstrate that homeowners within the GBD visit multiple Green Spaces, not just whichever green space is closest to them.¹¹ Therefore, given the tendency of homeowners to visit multiple green spaces, and the small sizes of the zones, it is reasonably expected that each open space will be accessible to each parcel in either zone. The wide range of special benefits that homeowners within the GBD derive from the existing Green Spaces is outlined in Table 2.¹²

Proportionate Distribution of Funds

The Board is committed to allocating funds to existing Green Spaces (as documented in the Management Plan, Appendix D – Map 2), proportionate to the concentration and distribution of assessments across the district, ensuring that the special benefits derived from the GBD will be conferred to each assessed parcel in an even and proportionate manner. Maps 3-6 in Appendix D of the Management Plan show existing and aspirational plans for new Green Spaces in the district. As new Green Spaces are introduced to the neighborhood, the Board will follow the "Guidelines for Admission of New Green Spaces to the GBD" (Management Plan, Appendix B) to determine if and how to include said spaces. If and when any new spaces are admitted to the GBD, the Board will adjust its allocation of funds to green open spaces such that it remains proportionate to the concentration and distribution of assessments across the district.

As previously discussed in Section B, the GBD activities and improvements are determined and segregated into two benefit zones based upon each zone's demand for services and improvements and the benefits received. In addition to the creation, improvement, and

maintenance of formal parks, open spaces, and plazas, of which there is a wide distribution in the GBD (as documented in Attachment D – GBD Green Vision Plan), the GBD will provide maintenance and capital improvements throughout the entire public right-of-way network, including but not limited to enhanced sidewalks, tree plantings, street furniture, signage, traffic calming interventions, lighting, and stormwater management infrastructure. The public right-of-way accounts for 33% of all land in the District, and touches all properties, ensuring that the special benefits derived from the GBD will be conferred to property owners in an even and proportionate manner.¹³

The quantitative analysis of determining both the special and general benefit is provided separately below.

Special Benefit Analysis

All of the District's activities and improvements are to enhance and not replace or duplicate City-provided services. The intent of the GBD is to fund supplemental activities and improvements to each parcel within the District boundary above and beyond the baseline services, activities, or improvements each parcel receives from the City. The special benefit from the GBD activities and improvements must affect the individual assessable parcel in a way that is particular and distinct from its effect on other parcels and that real property in general and the public at large does not share.

Inasmuch as all activities will be provided to each of the individual assessable parcels within the District boundary and no activities will be provided to any parcel outside of the District boundary, and whereas these activities are above and beyond what the City currently provides with its General Fund, the assessments levied are only for the special benefits received. As stated in the Management District Plan, the GBD's mission statement and purpose is to clean, enhance, expand and maintain open spaces, parks, and gardens in the Dogpatch and Northwest Potrero Hill neighborhoods; fund public activities and improvements that will provide a more clean, and environmentally-appealing neighborhood, and increase the area's economic vitality.

Maintenance

The maintenance activities are more extensive than the City's baseline level of activities and are intended to provide: care and enhancement of open space, parks, and gardens; tree care; irrigation systems management; graffiti patrol; trash and debris patrol; and an initial maintenance jumpstart.

The special benefit to the District's assessed parcels from the GBD maintaining and developing open space, parks and gardens ranges from personal life enhancement to economic investment in the neighborhood.

Some of the special benefits that well-maintained parks and greenspaces provide to residential parcels is their ability to attract and retain its residents and to improve quality of life, such as¹⁴:

- Personal Benefits:
 - Nearby destinations for recreation and exercise

¹³ Harnik, Peter and Welle, Ben. *Measuring the Economic Value of a City Park System*. The Trust for Public Land. 2009, p 1.

¹⁴ Godby, Geoffrey, Graefe, Alan, and James, Stephen. 1992. *The Benefits of Local Recreation and Park Activities - A Nationwide Study of the Perceptions of the American Public*. The National Recreation and Parks Association.

- Opportunities for entertainment (fairs, special events) and fun
- Opportunities for learning and education (classes, organized activities)
- Quiet, scenic places to enhance relaxation
- Social Benefits:
 - Gathering places to interact with neighbors
 - Participation in neighborhood events and group activities
 - Opportunities to make new friends
 - Socializing between children and adults
 - Community pride and a sense of belonging
- Environmental Benefits:
 - Open spaces with fresh air
 - Natural areas with trees, gardens, and wildlife
 - Green outdoor spaces to soften a dense urban setting.

In addition, parks, greenspaces, and an enhanced public realm also provide an economic special benefit to all assessed parcels because pockets of scenic open space help attract investment into the community and to commercial and residential parcels specifically. One study¹⁵ found that:

- Parks and open space create a high quality of life that attracts businesses and residents to communities.
- Corporate CEOs say that employee quality of life is the third most important factor in locating a new business.
- Small company owners say recreation, parks, and open space are the highest priority in choosing a new location for their business.
- Urban parks, gardens, and recreational open space stimulate commercial growth.
- Open space boosts local economies by attracting tourists and supporting outdoor recreation.
- Across the U.S., access to parks and open space has become a measure of community wealth – a tool for attracting businesses and residents by guaranteeing quality of life and economic health.

Other studies show that corporations and businesses acknowledge that there is a renewed emphasis on the placemaking and environment in which they are located and that it has never been more important to their image and their ability to recruit and retain a talented employee base, as presented in Richard Florida's book, *The Creative Class*. Businesses view parks as an extension of their building that offers numerous amenities to its employees. Since businesses are more in tune with their employee's well-being they are looking for business locations that will offer such amenities for its employees. The following two case studies demonstrate the economic special benefit commercial property owners receive from their buildings being adjacent to or near a park.

Bryant Park, New York – Between 1990-2002, asking rents for commercial office space near Bryant Park increased from 114% to 225% as compared to increases ranging from 41% to 73% in the surrounding submarkets. For example, the Grace Building on 42nd Street saw asking rents

¹⁵ Lerner, Steve and Poole, William, 2009. *The Economic Benefits of Parks and Open Space - How Land Conservation Helps Communities Grow Smart and Protect the Bottom Line*. Trust for Public Land. June 22.

rise more than 114% through 2002. A \$10-per-square-foot increase in rent translated to \$13 million in additional rent for the 1.3 million-square-foot building.¹⁶

Shaw Park, Clayton, Missouri – Office properties in the business district fronting Shaw Park “achieve the highest lease rates in the St. Louis region, and operate at high occupancies.”¹⁷

Some of the additional special benefits that well-maintained Parks and Green Spaces will provide to Commercial Parcels within the GBD include the following:

- Space for employees to take lunch breaks¹⁸
- Space for employees to take work breaks¹⁹
- Space for employees to relax and de-stress²⁰
- Decreased tenant turnover rates²¹
- Increased foot traffic

Capital Improvements

In addition to the maintenance activities for the purposes of improving commerce and/or livability to each individual assessed parcel, the GBD may also provide highly visible improvements that will add to the attractiveness of Public Realm areas, such as cosmetic improvements to Green Spaces, Parks, Plazas, Parklets and Gardens throughout the GBD.

General Benefit Analysis

As required by Article XIID Section 4(a) of the State Constitution, the general benefit of an assessment district must be quantified and separated out so that the cost of the activities that contribute to general benefit are deducted from the cost assessed against each specially benefitted parcel. General benefits are benefits from GBD activities and improvements that are not special in nature, are not “particular and distinct,” and are not over and above the benefits that other parcels receive.

These criteria have been used to determine the level of general benefit that (1) *parcels outside of the GBD* will receive, and that (2) *the public at large* will receive.

General Benefit to Parcels Outside of GBD

Below is an analysis of the general benefit that parcels outside of the GBD will receive from the District's activities and amenities.

Maintenance

Operation and maintenance of open space, parks, gardens and sidewalk greenings in the District's Public Right-of-Way will not be provided to any parcel or public right-of-way outside of the GBD boundary. These areas within the District are “passive” in nature, planned for low-

intensity recreation. With an emphasis on open space and creation/restoration of natural habitat, these open space, parks and gardens will have minimal development (picnic areas, benches, paths and walkways) and, minimal or no programming. Passive recreation typically requires little management and can be provided at very low cost. Given the local focus and siting of these facilities, operating and maintaining them provides benefit to the immediate area but does not benefit parcels outside of the CBD boundary.

Capital Improvements

The capital improvements are provided specifically to the parcels, Public Right-of-Way and greenspaces within the GBD boundary. None of these improvements will be provided to any parcel outside of the GBD boundary. Thus, there is no general benefit of capital improvements to parcels outside of the District.

General Benefit to the Public At Large

In addition to general benefit from activities and amenities provided to parcels outside of the GBD boundary, the District may provide general benefit to the public at large – people who walk through the neighborhood and visit its homes, businesses, and parks, but who do not live or work regularly in the District. They are not specially benefitted by the District's activities, and thus they do not pay special assessments.

Summarized below is the analysis of general benefit that the public at large may receive from the GBD activities.

Maintenance

Given their high quality and convenient locations, the GBD's neighborhood parks and greenspaces are expected to attract visitors and users other than those who live or work within the GBD boundary. Therefore, for purposes of quantifying the District's general benefit to the public at large in this category, a factor of 6.79% general benefit from neighborhood parks has been applied.

As stated in the Background section of the Executive Summary on page 4 of the Management Plan, a GBD "Formation Committee" consisting of landowners, tenants, developers was established to improve the long-term ecological health of the neighborhood. In the spring of 2013, the Formation Committee distributed online and paper versions of a Green Spaces Survey, asking neighbors to share how they use green space in the neighborhood, as well as their opinions and priorities for potential services of the GBD and whether they lived and/or worked within the GBD boundary. The conclusion found 6.79% of those surveyed were people who lived outside the proposed District and indicated that they use spaces within the GBD. Therefore, for purposes of quantifying the general benefit to the public at large, we applied a 6.79% factor.²²

Capital Improvements

The capital improvements are primarily provided to the open space, parks and gardens. Therefore, it is reasonable to conclude that the same 6.79% of the people outside of the district would benefit from these improvements. Therefore, for purposes of quantifying the general benefit to the public at large, we applied a 6.79% factor.

²² See Attachment B, memo from Warren Cormier, for detailed information on the survey process.

Total General Benefits

The total general benefit from the GBD's activities and amenities to parcels outside of the GBD and to the public at large is comprised of the general benefit calculations described above. In summary:

Maintenance

Again, using the sum of the two measures of general benefit provided by the GBD's greenspaces (0.0% for parcels outside of the GBD boundary + 6.79% for the public at large), we determined that 6.79% of the benefit conferred by the District's open space, parks and gardens is general in nature. This portion of the GBD's annual budget will be funded from sources other than the special assessments.

Capital Improvements

Using the sum of the two measures of general benefit from capital improvements (0.0% for parcels outside of the District + 6.79% for the public at large), we calculated that 6.79% of the benefit conferred by the District's capital improvements is general in nature. Thus, it will be funded from sources other than special assessments.

SECTION F: COST ESTIMATE

GBD Operating Budget

The Dogpatch & Northwest Potrero Hill GBD operating budget takes into consideration:

1. The improvements and activities needed to provide special benefits to each individual parcel within the District boundary (Section B),
2. The parcels that specially benefit from said improvements and activities (Section C), and
3. The costs associated with the special and general benefits conferred (Section E).

The first year's operating budgets for each benefit zone are shown below in Tables 3 and 4:

Table 3 - Operating Budget for Zone 1: Dogpatch

Budget Notations

1. The assessment rate may be increased by the amount of increase in the Bay Area Consumer Price Index (CPI), up to a maximum of 3% per year, as approved by the GBD Board of Directors.

SECTION G: APPORTIONMENT METHOD

The special benefit of the open space, public realm and park maintenance services and improvements provided by the GBD ultimately accrues value to properties in proportion to the number of persons occupying a property (e.g., residents, workers, visitors, etc.) who directly benefit from access to the enhanced open space, public realm and park services and improvements offered by the GBD.²³ Because of this, properties located in neighborhoods with higher quality open space, public realm and park services generally command higher rents.²⁴ According to the same Trust for Public Land study cited in Section E, parcels in closer proximity to public plazas and open space do not necessarily receive a greater special benefit. In some cases, due to issues such as noise, lighting, and parking, parcels not immediately adjacent to parks benefit more than those right next to a park.²⁵

The average occupant density of a property, and thus the amount of special benefit received by a property, is partly a function of a property's total floor area. For example, a four-story commercial building on a 1,000-sf lot with 100% lot coverage can house approximately four times the number of occupants than a one-story building with 100% lot coverage on the same lot because the four-story building contains 4,000-sf of floor area while the other contains only 1,000-sf. In general, buildings with greater floor area can accommodate a greater number of occupants. To account for this fact, properties within the GBD are assessed based on their total floor area, as opposed to lot area or linear frontage.

The average occupant density of a property, and thus the amount of special benefit received by a property, is also a function of a property's land use because some land uses have a higher average number of occupants per square foot than other land uses. For example, on average, Industrial Parcels have fifty percent (50%) or fewer occupants per square foot than either Residential or Commercial Parcels.²⁶ Accordingly, a 4,000-sf building occupied by an industrial use, on average, contains fifty percent (50%) fewer occupants than a 4,000-sf building that contains a commercial or residential use. Therefore, Industrial Parcels accrue value at a proportionately lower rate than Residential or Commercial Parcels. To account for this fact, Industrial parcels are assessed at 50% of the standard GBD assessment rate (or a 50% "discount").

While Greenspace Parcels do not receive the same special benefits that accrue to parcels with buildings containing assessable square footage (because, by definition, they don't house commercial, residential, industrial or other income-generating land uses), Greenspace Parcels still receive some direct benefit in the form of new maintenance and capital improvements funded by the GBD and correspondingly a greater number of visitors.²⁷ To account for this direct benefit, Greenspace parcels are assessed at 25% of the standard GBD assessment rate (or a 75%

"discount"). Refer to pages 13-14 of this report for a more detailed explanation of how the discounts for different land uses were determined.

To calculate the standard assessment rate per assessable square foot, the total estimated budget, less general benefits, is divided by the total assessable square footage. However, to do so while taking into consideration the aforementioned discounts, the total assessable square footages for Industrial and Greenspace Parcels first had to be weighted accordingly. For example, in Zone 1: Dogpatch:

$$\text{Actual Assessable Industrial SF} \times \text{Discount Rate} = \text{Weighted Assessable Industrial SF} \\ (3,299,022 \text{ SF} \times 50\% = 1,649,511 \text{ SF})$$

$$\text{Actual Assessable Greenspace SF} \times \text{Discount Rate} = \text{Weighted Assessable Greenspace SF} \\ (583,472 \text{ SF} \times 25\% = 145,868 \text{ SF})$$

Tables 5-6 summarize the actual and weighted assessable footages for each land use type within Zone 1 while Tables 7-8 show the actual and weighted assessable footages for each land use type within Zone 2:

Vacant/Parking Lots (Lot SF)	874,195	874,195
TOTAL	6,353,711	4,266,596

**Table 6 - Assessable Square Footage
Zone 2: Northwest Potrero Hill**

Land Use	Actual Assessable Square Footage	Weighted Assessable Square Footage
Commercial/Residential/Other (Building SF)	663,616	663,616
Industrial (Building SF)	326,566	163,283
Greenspace Parcels (Lot SF)	333,284	83,321
Non-accessible Parcels	0	0
Vacant/Parking Lots (Lot SF)	5,325	5,325
TOTAL	1,328,791	915,544

After adjusting the square footages for their respective discount rates, the Total Estimated Budget for each zone, less General Benefits, was divided by the Total Weighted Assessable Square Footage. For example, in Zone 1: Dogpatch:

$$\text{Total Budget} - \text{Total General Benefits} = \text{Total Amount of Assessment} \\ (\$423,785 - \$18,032 = \$405,753)$$

$$\text{Total Amount of Assessment} / \text{Total Weighted Assessable SF} = \text{Standard Assessment Rate/SF} \\ (\$405,753 / 4,266,596 \text{ SF} = \$0.0951/\text{SF})$$

The Standard Assessment Rate of \$0.0951/SF is applied to Commercial/Residential/Other and Vacant/Parking Lot Parcels. As predetermined, the Assessment Rate for Industrial Parcels is discounted at 50% of the Standard Assessment Rate:

$$(\$0.0951 \times 50\% = \$0.0475)$$

And the Assessment Rate for Greenspace Parcels is discounted at 25% of the Standard Assessment Rate:

$$(\$0.0951 \times 25\% = \$0.0238)$$

Calculation of Assessments

Based on each individual parcels benefit zone, land use classification and special benefit from the GBD activities, Tables 7 and 8 illustrate the first year's maximum annual assessment per lot and building square foot.

Table 7 - Zone 1: Dogpatch

Parcel Land Use:	Assessment Rate
Commercial/Residential/Other (Standard Rate)	\$0.0951
Industrial (weighted @ 50%)	\$0.0475
Greenspace Parcels (weighted @ 25%)	\$0.0238
Non-accessible Parcels	\$0.0000
Vacant/Parking Lots (Standard Rate)	\$0.0951

Table 8 - Zone 2: Northwest Potrero Hill

Parcel Land Use:	Assessment Rate
Commercial/Residential/Other (Standard Rate)	\$0.0951
Industrial (weighted @ 50%)	\$0.0475
Greenspace Parcels (weighted @ 25%)	\$0.0238
Non-accessible Parcels	\$0.0000
Vacant/Parking Lots (Standard Rate)	\$0.0951

To calculate each parcel's assessment, multiply each parcel's Building Square Footage or Lot Square Footage assessable square footage by the appropriate assessment rate for that benefit zone.

For example, the assessment for a Commercial Parcel in Zone 1 with a 10,000 square foot building is:

$(10,000 \times \$0.0951 = \$951.00 \text{ annual parcel assessment})$

The assessment for an Industrial Parcel in Zone 1 with a 10,000 square foot building is:

$(10,000 \times \$0.0475 = \$475.00 \text{ annual parcel assessment})$

The assessment for a Greenspace Parcel in Zone 1 with a 10,000 square foot lot is:

$(10,000 \times \$0.0238 = \$238.00 \text{ annual parcel assessment})$

The assessment formula is the same for every parcel in the District.

Government Assessments

The Dogpatch-Northwest Potrero Hill GBD will provide all the improvements and activities to the City and County of San Francisco or any other government-owned parcels within the GBD boundary. All publicly-owned parcels will pay their proportional share of costs based on the special benefits conferred to those individual parcels. Public owned parcels will receive special benefit in the form of potential increased use of the public facilities, increased attraction and retention of employees, which directly relates to fulfilling their public service mission. Article XIII D of the California Constitution was added in November of 1996 to provide for these assessments. It specifically states in Section 4(a) that *"Parcels within a district that are owned or used by any agency...shall not be exempt from assessment unless the agency can demonstrate by clear and convincing evidence that those publicly owned parcels in fact receive no special benefit."*

Cap on Annual Increase in Assessments of Individual Parcels

The assessment of individual parcels may be increased annually, if approved by a majority vote of the Board of Directors, but never more than the annual change in the Consumer Price Index (CPI) for all urban consumers in the San Francisco-Oakland-San Jose Metropolitan Statistical Area (PMA) or by three percent (3%), whichever is less. Any increased assessment approved by the Board of Directors shall apply equally to all parcels in the GBD. Table 9 demonstrates how a 3% increase in assessments would increase the overall budget on an annual basis, assuming the total amount of assessable square footage in the GBD does not change due to new development. When a parcel changes land use and/or gains assessable square footage due to new development, the total assessment will also change to reflect the rate applicable to the new land use and/or the net new assessable square footage added to the parcel.

Table 9 – Maximum Annual Assessment			
Year of District	Fiscal Year	Total Maximum Annual Assessment Increase (based on 3% annual increase)	Total Maximum Annual Assessment (based on Future Development)
1	2015/2016	\$492,859.00	-
2	2016/2017	\$507,644.77	\$1,015,289.54
3	2017/2018	\$522,874.11	\$1,045,748.22
4	2018/2019	\$538,560.34	\$1,077,120.68
5	2019/2020	\$554,717.15	\$1,109,434.30
6	2020/2021	\$571,358.66	\$1,142,717.32
7	2021/2022	\$588,499.42	\$1,176,998.84
8	2022/2023	\$606,154.40	\$1,212,308.80
9	2023/2024	\$624,339.04	\$1,248,678.08
10	2024/2025	\$643,069.21	\$1,286,138.42
Cumulative Total		\$5,650,076.09	\$10,314,434.20

Budget Adjustment

Any annual budget surplus or deficit will be rolled into the following year's District budget. The budget will be set accordingly, within the constraints of the management plan to adjust for surpluses or deficits that are carried forward.

Future Development

As a result of continued development, the District may experience the addition or subtraction of assessable footage for parcels included and assessed within the GBD boundaries. For example, the San Francisco Planning Department's Eastern Neighborhoods pipeline report in Q4, 2013 anticipates 1,720,000 net new assessable square footage in Zone 1 and 4,000 net new assessable square footage in Zone 2 over the next 10 years. The modification of parcel improvements assessed within the District may then change upwards or downwards the amount of total square footage assessment for these parcels. Pursuant to Government Code 53750, total footage for parcels will be assessed on a prorated basis from the date each respective parcel receives a temporary and/or permanent certificate of occupancy. As a result, a district's total revenue will increase when parcels in the GBD are redeveloped, resulting in an increase in assessable square footage, and shall not require a vote as methodology and assessment rates do not change.

Referring to Section 36622(d) of the 1994 California Code, the improvements, maintenance and activities proposed for the first year of operation are expected to be the same in each subsequent year in the District (please refer to Section V, Table 4 of the Management Plan for a description of those activities). Section 36622(d) also requires that the Management Plan establish a maximum annual budget for each year.

GBD services may increase over time as a result of new assessable square footage of residential and commercial development added within the GBD and, as such, the budget for GBD services shall increase proportionately to the increase in net new assessable square footage added to the GBD. It is important to emphasize that the GBD assessment rate methodology shall not change during the term of the GBD, so any increases to the GBD budget shall result solely from one of the two following circumstances:

- 1) The addition of newly created assessable square footage in the GBD; or
- 2) GBD Board of Director's approval of an annual adjustment to reflect annual increases in CPI, up to a maximum of three percent (3%), whichever is less.

To ensure that the GBD captures all newly created assessable square footage, the maximum amount that the annual budget (as demonstrated in Table 9 above) could increase is set at 100% of the previous year's budget. This will ensure that new development on parcels in the GBD pay assessments in strict proportion to the special benefits received by such parcels, and that any increases for the cost for GBD services can grow in proportion to the demand generated by new residents, office workers and visitors who occupy, use and enjoy such newly-created assessable square footage.

In future years, the assessments for the special benefits bestowed upon GBD parcels may change only in accordance with the assessment methodology formula listed in the Management District Plan and Engineer's Report. A Proposition 218 ballot is required to change the assessment formula to increase assessments. The Board of Supervisors must approve any change to the assessment formula that reduces assessments.

SECTION H: ASSESSMENT ROLL

The total assessment amount for FY 2015/16 is apportioned to each individual assessed parcel. For a complete listing of assessed parcels and their respective assessment, please see Attachment C – GBD Assessment Roll, attached as a separate document.

SECTION I: GLOSSARY OF TERMS

Air Quality

A measure of the condition of air relative to the health and survival needs of humans and other species, and the relative quantity of pollution to natural air composition.

Baseline City Services

By adopting this plan, the Board of Supervisors confirms and guarantees a baseline level of services received from CCSF equivalent to that being provided in similar areas of CCSF in each fiscal year.

Biofiltration

A pollution control technique using living material to capture and biologically degrade and process pollutants. Applications include processing wastewater, capturing harmful chemicals or silt from surface runoff, and micro biotic oxidation of contaminants in air. See also: *street-side bioswales*.

Biofiltration may also be applied in the form of vegetative plantings to remediate airborne fine particulate matter especially within 300 feet of freeways. This may include replacing existing plants along freeway corridors with plants that are known to be effective at filtering particles and toxins. See also: *Particulate Matter*.

Bioswale

Bioswales are landscape elements designed to remove silt and pollution from surface runoff water by maximizing the time the water spends in the swale before being released to the watershed sewer. They are typically placed adjacent to streets or parking lots where substantial automotive pollution is collected by the pavement and then flushed by rain.

Building Square Footage

Gross building square footage as determined by the outside measurements of a building recorded with the CCSF Assessor's Office (the "Assessor").

Bulb-outs

An extension of a curb in the form of a bulb, usually at a street intersection, that both narrows the vehicular pathway and shortens the crossing distance for pedestrians. Bulb outs slow traffic and increase safety for pedestrians, but they also present great opportunities for additional greening in the public right of way.

CalTrans

CalTrans is the state agency responsible for highway, bridge, and rail transportation planning, construction, and maintenance. Several community-maintained spaces in the GBD are on CalTrans property located along CA-101 and I-280.

Capital Improvements

The addition of a fixed physical improvement, including plants or landscaping, to a property, the acquisition of real property, or the restoration of some aspect of an existing real property or fixed physical improvement, that will either enhance the property's overall economic, social or ecological value and/or increase its useful life.

Charrette

A charrette is an intensive planning session where neighbors, designers, and other stakeholders collaborate on a vision. It provides a forum for ideas and offers the unique advantage of giving immediate feedback to the designers and allows everyone who participates to be a mutual author of the plan.

Commercial Property

Those parcels classified and recorded as commercial property by the Assessor.

Dog Runs and Dog Parks

A neighborhood park designed specifically for use by dogs and their owners.

Eco-Districts

Eco-Districts are neighborhood scale public-private partnerships that innovate and implement new forms of system-wide infrastructure that reduces the environmental footprint of a neighborhood by reducing energy and water waste, and improving local ecological function. See also: ecodistricts.org

Gardens

Publicly or privately owned land that meets the definition of a Publicly Accessible Property and primarily operates, functions, or is available for food production and/or ornamental gardening.

Green Infrastructure

Green infrastructure is a system approach to water management that protects, restores, or mimics the natural water cycle. Efficient use of green infrastructure can reduce energy usage through passive heating and cooling; filter air and water pollutants; decrease solar heat gain; provide wildlife habitat; reduce the public cost of stormwater management infrastructure and provide flood control; offer food sources; and stabilize soil to prevent or reduce erosion. Green infrastructure is considered crucial to combating climate change, creating healthy built environments, and improving quality of life.

Green Streetscape Masterplan

A Green Streetscape Masterplan provides a framework for the long-range planning, design, and implementation of streetscape and infrastructure improvements that contribute to more pedestrian-oriented and environmentally sustainable streets.

Green Spaces

Any Publicly Accessible Open Space, Park, Parklet, Pocket Park, Plaza, Garden, or Sidewalk Greening within the GBD that supports or contains living plants or non-living permeable ecological features such as stream-beds, drainage basins or recreational pathways.

Green Vision Plan

The Green Vision Plan is a springboard for the future Dogpatch & NWPH GBD. It is both an inventory of current publicly and privately sponsored Public Realm area improvements in the GBD and a summary of ideas for other improvements gleaned from the community, in public workshops and meetings with the Formation Committee.

Industrial Property

Those parcels classified and recorded as industrial property by the Assessor.

Land Use

The purpose for which land, structure, or both, are designed, constructed, arranged or intended, or for which they are occupied or maintained, let or leased.

Lot Square Footage

Defined as the total amount of area within the borders of the parcel. The borders of a parcel are recorded on the Assessor's parcel maps.

Maintenance Services

Any service required to maintain Publicly Accessible Property in good and workmanlike condition.

Neighborhood Park

Includes both San Francisco Recreation and Park Department-owned properties and community-maintained Green Spaces that meet the definition of Publicly Accessible Property.

Neighborhood Garden

Includes both San Francisco Recreation and Park Department and community-maintained gardens, decorative or productive.

Non-Profit Use

Any use conducted by a 501(c)(3), (4), or (6) organization in a property that furthers its mission.

Open Space

Publicly or privately owned land that meets the definition of a Publicly Accessible Property and operates, functions, or is available for leisure, play, performance, culture or sport, or set aside for the protection and/or enhancement of the natural environment, or for ecological services benefiting the public. Open Space tends to be less formal in design, program or use than a Park.

Park

Publicly or privately owned land that meets the definition of a Publicly Accessible Property and operates, functions, or is available for leisure, play, performance, culture or sport, or set aside for the protection and/or enhancement of the natural environment, or for ecological services benefiting the public. Parks tend to be more formal in design, program or use than Open Space.

Parklets

A parklet is a small space serving as an extension of the sidewalk to provide amenities and green space for people using streets. It is typically the size of several parking spaces and extends out from the sidewalk at the level of the sidewalk. Parklets can be for people to enjoy, to provide more greenery, art, or some other visual amenity. A parklet may accommodate bicycle parking within it, or bicycle parking may be associated with it.

Particulate Matter

Small particles of pollution, typically airborne from sources such as automotive exhaust along densely traveled freeways, which can remain airborne and/or settle in homes along floors and carpets, outdoors on the ground, or in the lungs of adults, children, pets and wild animals.

Permeable Paving

Permeable paving is a range of sustainable materials and techniques for permeable pavements with a base and sub base that allow the movement of storm water through the surface. In addition to reducing runoff, this effectively traps suspended solids and filters pollutants from the water. Examples include roads, paths, lawns and lots that are subject to light vehicular traffic, such as car/parking lots, cycle-paths, service or emergency access lanes, road and airport shoulders, and residential sidewalks and driveways.

Plaza

Publicly or privately owned land that meets the definition of a Publicly Accessible Property and operates, functions, or is available for leisure, play, performance, culture or sport, or set aside for the protection and/or enhancement of the natural or urban environment, or for ecological services benefiting the public. Plazas tend to contain more "hard" or paved surfaces and fewer "soft" unpaved areas with living plants than Parks or Open Spaces.

Pocket Park

A small Park. Pocket parks are frequently created on a single vacant building lot or on small, irregular pieces of land. They also may be created as a component of the public space requirement of large building projects.

Privately Owned Publicly Accessible Green Spaces

Any space, including plazas, terraces, parks, atriums, and small sidewalk-style greenings that are privately owned but meet the definition of a Publicly Accessible Property.

Productive Garden

A garden that is predominantly food-producing plants that is actively maintained for that purpose.

Public Realm Areas

Public Realm areas, as defined in Subsection Subsection 15A.2(1) of the San Francisco Business and Tax Regulation Code, are outdoor spaces open to the public that include but are not limited to parks, plazas, parklets, sidewalks, unimproved areas, landscaped areas and gardens. Public Realm areas may be owned by public and/or private entities or persons.

Public Realm Improvements

Any improvements to Public Realm areas, as defined above.

Public Right-of-Way

The Public Right-of-Way, as defined in Section 2.4.4. (t) of the San Francisco Public Works Code, shall mean the area across, along, beneath, in, on, over, under, upon, and within the dedicated public alleys, boulevards, courts, lanes, roads, sidewalks, spaces, streets, and ways within the City, as they now exist or hereafter will exist and which are or will be under the permitting jurisdiction of the Department of Public Works.

Publicly Accessible

Open for access by the general public during regular daylight hours, seven days a week, with reasonable allowances for limited closures for special events, repairs or improvements.

Publicly Accessible Property

Any property, or portion of property, that has been made Publicly Accessible through recordation of an easement or another equivalent legally enforceable restriction that cannot be unilaterally revoked by the owner of the property subject to the restriction. Publicly owned property, including all property within the public right-of-way, is presumed to be Publicly Accessible Property unless a government agency prohibits public access to the property.

Recreational Improvements

Recreational Improvements, as defined in Subsection Subsection 15A.2(2) of the San Francisco Business and Tax Regulation Code, means improvements that will encourage recreational use, either by improving current conditions (e.g. repairing a grass soccer field) or installation of new facilities (e.g. playground equipment).

Religious Use

When relevant activities on a given property are conducted by (by owner or tenant) a 501©3 religious organization.

Residential Property

Those parcels classified and recorded as residential property by the Assessor.

Road Diets

A Road Diet is a type of streetscape enhancement whereby the number of travel lanes and/or effective width of the road are reduced in order to reduce traffic flows and/or speeds for the purposes of improving the safety and experience of pedestrians, expanding the Public Realm area to create space for Green Spaces such as Parklets or Sidewalk Greenings, the widening of sidewalks, Street Furniture, and Bioswales.

Sidewalk Greening

Enhancing or adding new plantings or natural landscape to existing sidewalks. This can include temporary installations, like planters, or permanent installations, like permeable paving, plantings, removing concrete, etc.

SFMTA

The San Francisco Municipal Transportation Agency (SFMTA) is the public agency of CCSF with jurisdiction over Muni, bike and pedestrian programs, taxis, parking and traffic control operations in the city.

SFPUC

The San Francisco Public Utilities Commission is the public agency of CCSF that provides water, wastewater, and electric power services to the City.

Shared Public Ways

Shared Public Ways are a type of streetscape enhancement whereby the sidewalk and roadway are unified as a single-surface street that functions as an open space that prioritizes pedestrian use while permitting vehicles and bicycles to share the space. These spaces are flexible by definition, and enable the Public Right-of-Way to simultaneously function as pedestrian Plazas and vehicular roadways. For more information, refer to the SF Better Streets Design Guidelines section on Shared Public Ways: <http://www.sfbetterstreets.org/design-guidelines/street-types/shared-public-ways/>.

Solar Photovoltaic Systems

An arrangement of components designed to supply usable electric power, using the Sun as the power source. Informally, "solar power."

Street Furniture

Street Furniture refers to objects and pieces of equipment installed in the Public Right-of-Way for various purposes. It includes benches, bicycle racks, traffic barriers, bollards, streetlamps, traffic lights, traffic signs, wayfinding signage, bus stops, public sculptures, and waste receptacles.

Street Trees

"Street tree" shall mean any tree growing within the public right-of-way, including unimproved public streets and sidewalks, and any tree growing on land under the jurisdiction of the SF Department of Public Works.

Streetscape Enhancements

Enhancements to the Public Right-of-Way that lead to more pedestrian-oriented and environmentally sustainable streets. Enhancements include sidewalk extensions, Street Trees, lighting, Street Furniture, stormwater management infrastructure, a range of Green Space elements such as Sidewalk Greenings, Pocket Parks, Parklets, and Plazas, and a variety of traffic calming interventions such as road diets and Bulb-outs.

Tactical Urbanism

Small-scale interventions to the public realm for the purposes testing ideas and soliciting public feedback.

Underpass and Overpass Connector Improvements

Underpass and Overpass Connector Improvements refer to the enhancement of the pedestrian experience of pathways and streetscapes along overpasses and/or underpasses of highways. Such enhancements include public art installations, lighting improvements, Dog Runs, and a range of Green Space elements such as Sidewalk Greenings, Pocket Parks, and Gardens.

Vacant Property

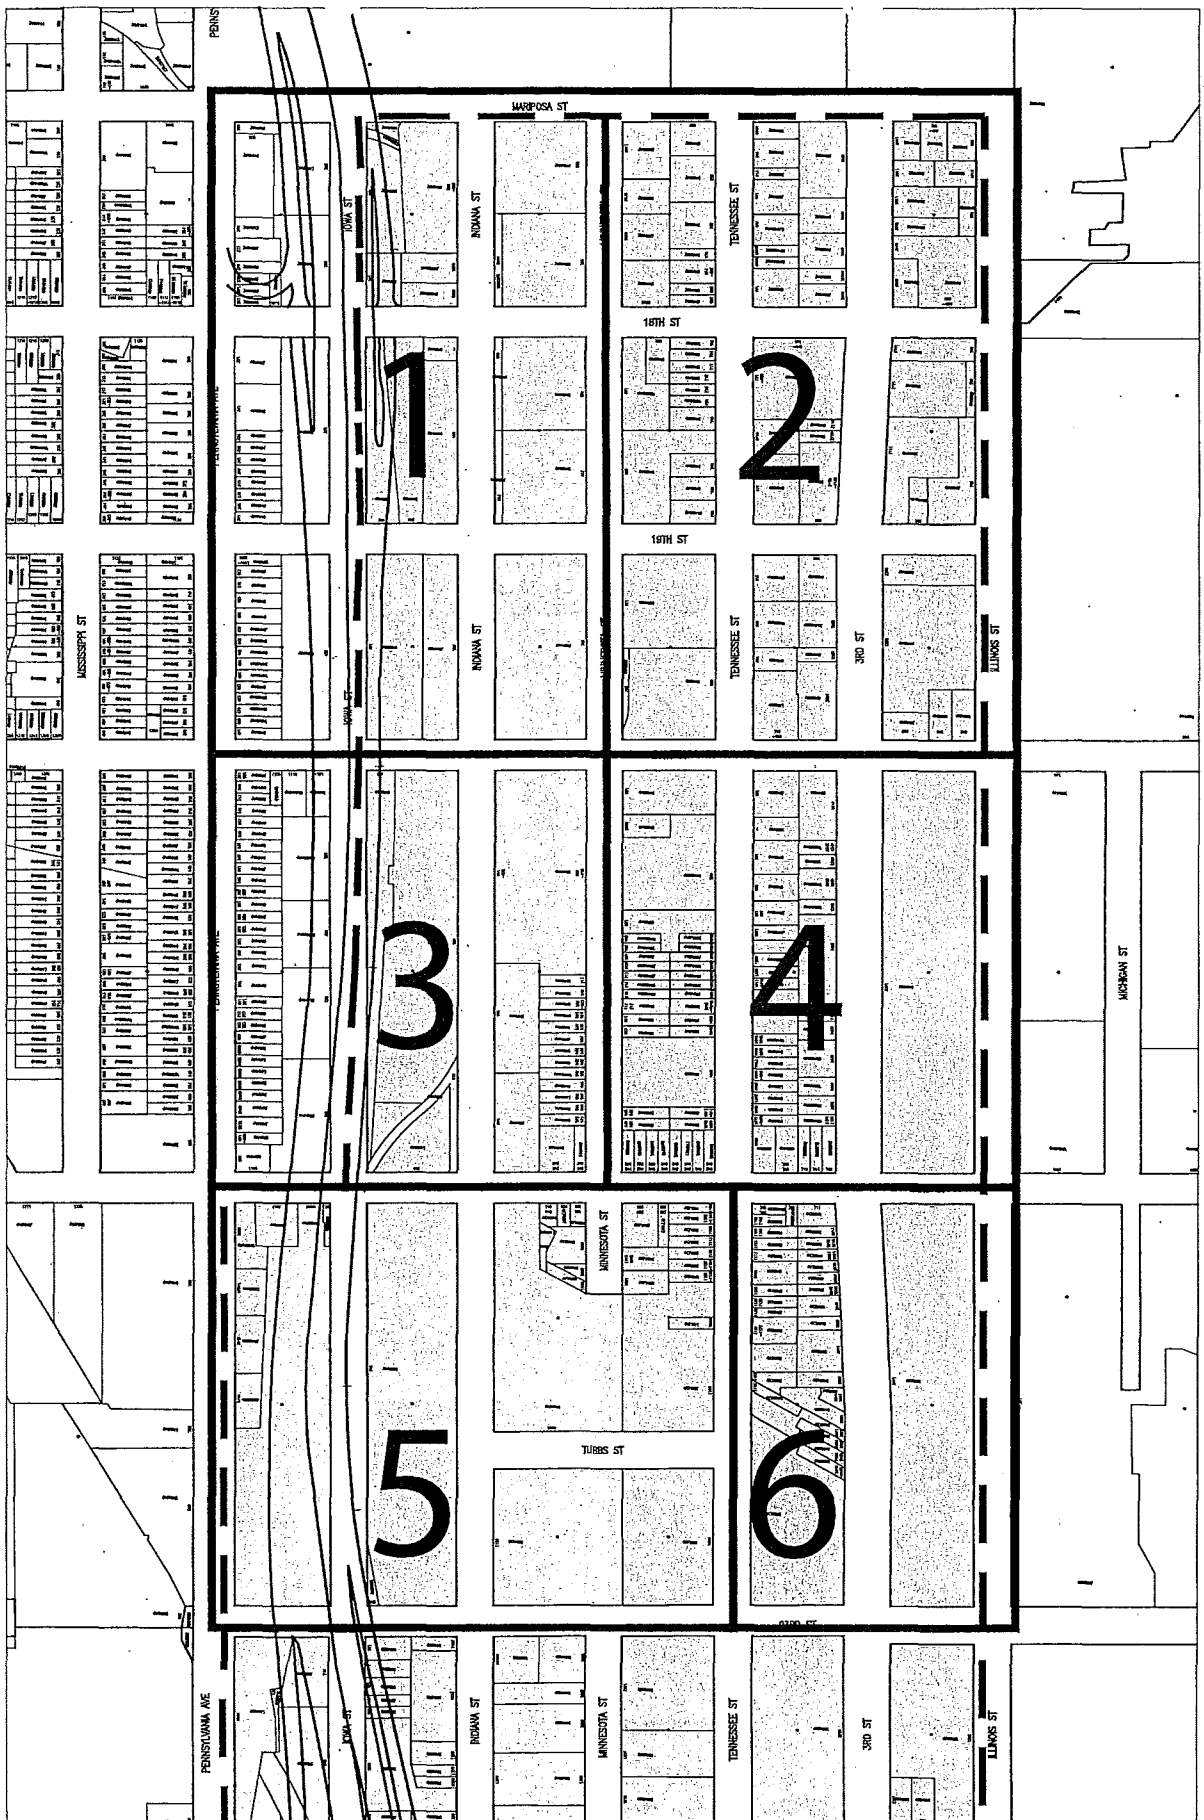

Those parcels that have no Building Square Footage because no built structures are located on such parcels.

Vermicomposting

Vermicomposting is the process of composting using earthworms to create a heterogeneous mixture of decomposing vegetable or food waste, bedding materials, and vermicast. Vermicast, also called worm castings, humus or manure, is the end-product of the breakdown of organic matter by an earthworm.

Wind Turbines

Wind Turbines on a neighborhood scale were given consideration, but the GBD Steering Committee was advised that the small-scale wind turbine industry has been consistently lacking in verifiable real-time data to prove claims of meaningful levels of conversion of wind kinetic energy to electrical energy. While it is conceivable that the small scale wind industry may achieve advances in the ability to amplify incoming wind energy in combination with the ability to store that energy over time, it is our recommendation that these not be included in any GBD budget or planning unless or until the small-scale wind turbine industry can provide verifiable real time data on any product for a minimum of 24 consecutive months. This does not reflect negatively on the large-scale wind turbines used in wide-open areas that have been shown to be effective.

MEMO

To: Office of Economic and Workforce Development
From: Warren Cormier, CEO Boston Research Technologies

To whom it may concern:

In the Spring of 2013, I, Warren Cormier, founder & President of Boston Research Technologies, conducted a pro bono survey process on behalf of the GBD Formation Committee and UP Urban, its consultant. The survey asked respondent questions about green spaces in the study area, how they used them, and what improvements they'd like to see in the green spaces and other public places in the study area.

We received a total of 650 usable responses, a large sample size relative to the finite population of approximately 9,355 registered voters in the study area and overall response levels for this type of survey. A sample of 650 observations has a maximum sampling error of +/-3% at a 95% confidence level.

Please find a summary of the survey results attached. This summary was developed by Hannah Smith under my direction, using the raw survey data. The summary speaks for itself, however I'm including information about the methodology used to determine the general benefit, as I know that is of particular interest to the City Attorney's office.

General Benefit Determination:

To quantify the general benefit associated with the GBD's activities, we cross-referenced two questions from the study to find the number of survey respondents who use the study area's green assets, but do not live or own property within the study area. This population represented 6.79% of the total number of survey responses, and so we have determined the general benefit to be 6.79% of the total GBD budget.

If you have any additional questions regarding the survey process, results, or analysis please don't hesitate to reach me at: wcormier@bostonrt.com or 415.864.2528

Thank you,

Warren Cormier

Green Spaces Survey Final Report

July 31st, 2013 • Prepared by: UP Urban, Inc.

POTRERO
BOOSTERS

EXECUTIVE SUMMARY

Key Conclusions

In general, the survey results showed a strong interest in the GBD, and a general willingness to pay for enhanced services to green spaces. Three-quarters (74%) of residential property owners and half (55%) of commercial property owners indicated that they were very or somewhat willing to pay an assessment. Half (54%) of all respondents indicated that they would support formation of the GBD; an additional 40% felt the GBD was an interesting idea but that they would need more information.

Response to the survey from Dogpatch was very strong, with 38% of all survey responses coming from North, Historic, and Baja Dogpatch (compared to being just 9% of the study area population). Dogpatch also showed a stronger willingness to pay, with 85% of residential property owners and 70% of commercial property owners very or somewhat willing to pay an assessment for the GBD, as compared to all other areas (74% of residential and 55% of commercial property owners).

ABOUT THE SURVEY

Survey Design and Distribution

DESIGN

- The question was designed through the collaboration of the PHD Formation Committee, UP, and Boston Research Group.
- The formation committee reviewed and edited multiple drafts, and the co-chairs approved the final survey.
- **ABOUT BOSTON RESEARCH GROUP:**
 - Warren Cormier is founder and President of Boston Research Group (BRG). He has more than thirty years of quantitative and qualitative experience in consumer and employee research.
 - BRG is recognized as a leading research expert in the financial services industry.

DISTRIBUTION

- The survey was available in hardcopy and online in English, Spanish, and Chinese. Hard Copies were available in English, Spanish, and Chinese at three neighborhood locations with signs (Rickshaw, NABE, Christopher's Books)
- A notice (in English, Spanish, and Chinese) was mailed to every parcel address in the study area (approximately 4950), using the City Assessors data, announcing the survey with the link to the online survey, the locations of the hard copy surveys, and a phone number to call if someone needed another method.
- 1/2 page advertisement ran in the May edition of the Potrero View with survey link url and locations of the hardcopy surveys.
- Easels were placed on the sidewalk at Farleys, the 22nd Street Caltrains Station, Piccino, 22nd Street MUNI park, Mr & Mrs Miscellaneous with flyers that had the link url and hardcopy pick up.
- Formation Committee members notified their respective membership lists and posted and passed out flyers (HOA Boards/email lists, school parents email groups, NextDoor Potrero Hill, NextDoor Dogpatch, Potrero Boosters Email List, DNA Email List, MUNA email list, Progress Park email list and Facebook page, etc.)
- Announcement in Sup. Cohen's May E-Newsletter
- Link was posted on www.phd-gbd.org
- Two blog posts with survey link on sf.curbed.com on 5/2/2013 and 5/21/2013
- Two blog posts with survey link on d10watch.blogspot.com on 5/1/2013 and 5/23/2013
- Blog post with survey link on www.dogpatchhowler.com on 5/1/2013

Fielding of the Survey

- The geographical footprint of the study area is shown to the right. The study area contains approximately:
 - 14,700 people over 18
 - 9,355 registered voters
 - 5,000 parcels
- The responses were collected over a 3 week survey period.
- In total, 644 responses usable responses were received.
- This sample size has a maximum sampling error of ± 3.8 percentage points at a 95% confidence level
- Data were weighted to reflect the PHD study-area population of approximately 60% renters, 40% property owners
- The data were tabulated by Research Data Technology, overseen by Boston Research Group, both of which worked pro bono on the Green Spaces Survey.

Response Ratio helps us get a sense of survey participation relative to the number of parcels in a given study area. It doesn't tell us how many parcels responded, but it gives us a sense of the population density within a given subzone and how survey response compares to that.

*The Potrero Terrace/Potrero Annex and SFGH sub-zones have a few very large parcels that skew the response ratio far out of proportion.

DETAILED FINDINGS

Use of Space

Generally, people engage in the following activities in the community and City-maintained green spaces in the study area:

For community-maintained gardens, respondents indicated that they:

Level of Satisfaction

Regarding overall level of satisfaction with community and City-maintained spaces, the following percent of people indicated that they were generally satisfied (very + somewhat satisfied) with the following:

Quick Fact

Homeowners were less satisfied (-13%) with the level of safety than renters, for both City and community maintained spaces.

High Priority Maintenance and Services

The chart below indicates the percent of respondents that feel each type of maintenance and greening should be a high priority for the GBD:

Quick Facts:

- Renters consistently placed higher priority on all types of maintenance services than homeowners.
- Respondents with children were more likely to place a high priority on enhanced cleaning of restrooms.

High Priority New Capital Projects

Shown below is the percent indicating that each type of new capital projects should be a high priority for the GBD:

Quick Facts:

- Renters consistently placed higher priority on all types of capital projects than homeowners.
- Respondents with children were more likely to place a high priority on new restroom facilities.

Maintenance vs. Capital Projects

Roughly half of all respondents feel a high priority should be placed on building new green spaces. The same percentage felt improving existing green spaces should be a high priority:

○ Building new green spaces

■ Improving existing spaces

52%

48%

Quick Facts:

- Renters considered building new green spaces (60%) more important than improving existing ones (40%).
- Homeowners considered improving existing spaces (59%) more important than creating new green spaces (41%).

Willingness to Pay - Residential

The survey tested (by monadic testing) residential property owners' willingness to pay (through tax-assessments) for four price ranges: "\$75-\$150," "\$150-\$225," "\$225-\$300," and "\$300 or more." The results are depicted below:

Residential property owners willingness to pay:

"Very willing" to pay, by price range:

Quick Facts:

- Dogpatch (Historic District, North, and Baja) showed a much stronger willingness, with 85% of residential property owners very or somewhat willing to pay any price range presented to them.
- 25% of respondents who did not use any green spaces in the study area indicated that they were not at all willing to pay an assessment.

Willingness to Pay - Commercial

Commercial property owners' willingness to pay was also tested for four price ranges, per square foot: "\$.05 - \$.15," "\$0.15 - \$0.30," "\$0.30 - \$0.45," and "more than \$0.45." The results are depicted below:

Commercial property owners willingness to pay:

"Very willing" to pay, by price range:

Quick Facts:

- Commercial property owners in Dogpatch (Historic District, North and Baja) also showed a much stronger willingness, with 70% very or somewhat willing to pay any price range presented to them.
- 28% of commercial respondents who did not use any green spaces in the study area indicated that they were not at all willing to pay an assessment.

Support for or opposition to the GBD

Overall, half of respondents strongly support, while only 5% do not favor formation of the GBD:

Support or opposition in the Dogpatch neighborhood:

Support or opposition among owners vs. renters:

EXECUTIVE SUMMARY

01 EXECUTIVE SUMMARY

Goals of Document

The Working Green Vision Plan is a springboard for the future Green Benefit District. It is both an inventory of current publicly and privately sponsored open space improvements in the district and a summary of ideas gleaned from the community, in public workshops and meetings with the Formation Committee.

UP Urban and CMG reviewed the common trends and overarching goals to develop a series of projects that enforce the GBD's agenda to create, support, and maintain a safe, healthy, and vibrant neighborhood with ample sustainably designed open spaces. We define these as "aspirational projects," and they range from modest interventions such as street furniture and temporary programming to bigger ideas about stronger neighborhood connections, richer open space linkages, and sustainable infrastructure improvements for energy, clean water, and ecological health.

We accompany each GBD-generated aspirational project and each publicly and privately sponsored project with a corresponding checklist. The checklist identifies the role the GBD could play in advancing the project. The role can vary from leading smaller capital investment projects to advocating for larger, more complex projects led by public or private sponsors. The checklist also includes potential project partners and the status of the project, ranging from concept to completion.

We intend the Vision Plan to be a working document for the GBD that can expand and evolve with the organization. We imagine the Vision Plan to be a starting point for future GBD design and planning efforts—a menu of projects from which the GBD can prioritize and strategically pursue based on available resources and community support.

Summary of Process

UP Urban engaged CMG landscape architecture to assist Dogpatch and Potrero community leaders in the potential formation of a GBD. We began our work with the community leaders guiding us on walks through their neighborhoods, sharing the excellent grass-roots projects they have initiated from community gardens to new open spaces that have been designed, funded, and built by an incredibly engaged community. In addition, they identified areas for improvement, ideas for new open space opportunity sites, and locations for improved pedestrian and bike connections within their neighborhood.

We then compiled an extensive inventory of existing open spaces in the neighborhoods, organized by ownership, program, and the organizations responsible for maintenance. We label these "Base Maps" in Chapter 2 of this document. In addition, we catalogued the variety of privately and publicly sponsored open space and streetscape improvement projects proposed for the district. We label these "Base Plans" in Chapter 2 of this document. The purpose of this exercise is to give the GBD a working inventory of their open space resources and a list of potential projects slated or

their community in the near future. The inventory is also the basis for GBD's future partnerships and potential investment opportunity sites.

We met with community members in two public workshops (March 30, 2013 in Potrero Hill and April 6, 2013 in Dogpatch) to vet the Maps and Plans for accuracy and to engage neighbors about ideas for future projects and improvements. We also met several more times with GBD Formation Committee, culminating in a visioning workshop held on October 14, 2013.

ASPIRATIONAL PROJECTS

03 ASPIRATIONAL PROJECTS

TOP STRENGTHS AND WEAKNESSES

These were generated by the Green Benefit District Formation Committee during the GBD Visioning Workshop on October 14, 2013.

Dogpatch

Strengths:

- Creativity
- Human scale
- Friendly neighbors
- Live/work orbit
- Historical architecture
- Large old buildings with artists
- Maker community
- Food
- Transportation hub
- Urban fabric
- Long time home owners
- Access to Water

Weaknesses:

- Lack of open space
- Ugly over sized streets
- Poorly maintained sidewalks
- Lack of transit
- Poor Transit
- Village shops and services
- Trash/graffiti/no playground

DOGPATCH (ZONE 1) GREEN VISION PLAN

The subsequent plan and Idea inventory are a culmination of these exercises and can serve the GBD as a point of beginning for future neighborhood improvements.

The Vision Plan aims to make stronger east-west connections. The Dogpatch neighborhood is an important interface between Potrero Hill and The Bay, and the plan seeks to reinforce and highlight those connections through improved green spaces and pedestrian amenities. In particular, 19th Street connects Dogpatch to Crane Cove Park, 22nd Street connects Potrero Hill Recreation Center to the future Pier 70 Development, and 24th Street connects Progress Park to Warm Water Cove. These primary east-west connections become both stormwater treatment systems and pedestrian amenities that reinforce the drainage patterns of the site, connecting hilltop to Bay.

The primary north-south connections through the neighborhood for pedestrians and cyclists is Indiana Street, a green spine off of which stem the neighborhood's major open spaces: Progress Park, Esprit Park, Woods Yard Park, and future green spaces. The Vision Plan proposes a "road diet" for Indiana Street, taking advantage of its large right-of-way to create a programmed linear park with amenities that create a network of neighborhood green spaces.

These connections will support green Infrastructure Improvements. The Vision Plan and Ideas herein provide the ingredients for a potential Eco-District. For instance, the overpasses can serve as solar farms, which can power new street and park lighting to provide nighttime safety and illuminated gateways from the west. This would suture the infrastructure and make the I-280 underpass a unique and more welcoming threshold into the neighborhood.

NW POTRERO HILL (ZONE 2) GREEN VISION PLAN

The subsequent plan and idea inventory are a culmination of these exercises and can serve the GBD as a point of beginning for future neighborhood improvements.

More so than Zone 1, Zone 2 is literally divided in half by US-101. The primary goal of the Green Vision Plan is to suture that divide and better link the neighborhoods east to west. To achieve this, the Vision Plan proposes to widen the pedestrian bridge crossing over US-101, creating a larger, unifying park that combines Falling Bridge and Benches Park into a bridging neighborhood amenity. The Plan also takes advantage of the Caltrans easement along US-101 by proposing a Potrero Air Filter Forest, where carefully selected vegetation filters particulate matter from freeway pollution. Within the Forest, a trail system connects the future Potrero Bridge Park with McKinley Square and the 22nd Street Pedestrian Cycle bridge, expanding the neighborhood LOOP Plan from 17th Street all the way to 22nd Street.

Like Zone 1, these connections will support green infrastructure improvements. The Vision Plan and ideas herein provide the ingredients for a potential Eco-District. For instance, the overpasses can serve as solar farms, which can power new street and park lighting to provide nighttime safety and illuminated gateways. This would suture the infrastructure and make the US-101 underpass a unique and welcoming threshold into the neighborhood.

The Vision Plan proposes a "road diet" for San Bruno Avenue and Utah Street, which connect the future Potrero Bridge Park to McKinley Square, as well as Vermont Street, which links the LOOP park to McKinley Square. In each of these cases, the space taken up by perpendicular parking can be replaced by neighborhood green spaces, forming a network linear parks.

SUBJECT: Notice of Public Hearing and Assessment Ballot Proceeding to consider establishment of the property-based special assessment district, to be known as the "Dogpatch & Northwest Potrero Hill Green Benefit District."

The purpose of this notice is to provide you with information about an assessment ballot proceeding and public hearing being conducted by the Board of Supervisors, and its effect on real property that you own. This notice is being sent to you in accordance with Resolution No. ____-____, passed by the Board of Supervisors (a copy of which is enclosed), California Government Code Section 53753, and California Constitution Article XIII D Section 4(c).

Please be advised of the following:

- The Board of Supervisors will hold a public hearing on the proposed assessment at 3:00 p.m. on July 28th, 2014 or as soon thereafter as the matter may be heard, in the Board's Legislative Chambers, Second Floor, City Hall, 1 Dr. Carlton B. Goodlett Place, San Francisco, California, 94102. At this hearing, the Board will hear testimony regarding the proposed assessment. The reason for the assessment is to fund the property-based business improvement district (green benefit district) known as the "Dogpatch & Northwest Potrero Hill Green Benefit District". The annual assessments would last for 10 years (July 1, 2015 - June 30, 2025), and services will be implemented through December 31, 2025. The boundaries of the Dogpatch & Northwest Potrero Hill Green Benefit District are described in the enclosed Resolution passed by the Board of Supervisors.
- The Dogpatch & Northwest Potrero Hill Green Benefit District will fund the following services, improvements, and activities:
 - 1) Maintenance;
 - 2) Capital Improvements; and
 - 3) Accountability, Transparency, & Citizen Services.
- Examples of services, improvements, and activities to be funded under the budget category "Maintenance" include, but are not limited to: parks and greenspace care and enhancements, horticultural consultation, turf care, weed removal, fertilization, shrub and tree care, sidewalk repair, irrigation systems installation and management, graffiti abatement, and trash and debris removal.
- Examples of services, improvements, and activities to be funded under the budget category "Capital Improvements" include, but are not limited to: new playground equipment/tot lots, trash and recycling:

receptacles, park benches, lighting systems, way-finding signage, landscaping and paving systems, irrigation systems, storm water retention systems, productive gardens, dog runs and dog parks, parklets, plazas, pocket parks, gardens, median landscaping, curbside linear gardens, street tree planting, bulb-outs, and traffic calming green infrastructure.

- Examples of services, improvements and activities to be funded under the budget category "Accountability, Transparency, & Citizen Services" include, but are not limited to: public relations and media outreach, web services, corporate records management, contracts and finance management, day-to-day management of public-realm service provider, civic advocacy, baseline services management, organizational and volunteer management, strategic planning, grant writing, and all administrative tasks.
- The proposed fiscal year 2015-2016 assessment for your parcel is «Voter_Proportional». The duration of the assessment district is ten and a half (10 ½) years, the authority to levy assessments on your property would be ten (10) years, with services to be implemented January 1, 2016 through December 31, 2025. The Dogpatch & Northwest Potrero Hill GBD assessment will appear as a separate line item on the property tax bill. The final assessment would be collected on your property tax bill for fiscal year 2024-2025. The City will directly bill any Assessor's Parcels which do not regularly receive a property tax bill from the City. The amount of the annual assessment for years 2 through 10 would be subject to annual adjustment by an amount not to exceed the change in the Consumer Price Index for All Urban Consumers in the San Francisco-Oakland-San Jose Consolidated Metropolitan Statistical Area, or a maximum of 3%, whichever is less. The amount of your assessment could also be reduced in a subsequent fiscal year if the amount collected during the prior fiscal year exceeded the costs incurred of providing authorized services in the district. In such a case, your assessment for the subsequent year would be reduced by the share of the excess funds collected that is allocable to your property.
- The maximum amount chargeable to the entire assessment district would be \$492,859 in the first year. The maximum amount assessed to the entire assessment district over the life of the district (*assuming the maximum annual CPI adjustment of 3% in years 2 through 10 and no changes in land use and/or assessable square footage*) would be \$5,650,076.
- When a parcel changes land use and/or gains assessable square footage due to new development, the total assessment will also change to reflect the rate applied to a parcel's revised land use and/or gains to assessable square footage. To ensure all newly-created square footage is assessed, the maximum amount the annual budget can increase as a result of new development is 100% of the previous year's budget. If the assessment formula changes, or if assessments increase more than the maximum annual CPI adjustment of 3%, then a Proposition 218 ballot will be required for property-owner approval of the formula changes or assessment increases. The maximum amount assessed to the entire assessment district for each of the ten fiscal years is set forth in the following table.

**TOTAL MAXIMUM AMOUNT OF ASSESSMENTS ON ALL PARCELS INCLUDED IN THE PROPOSED DISTRICT
FOR EACH FISCAL YEAR, IN YEARS 2 THROUGH 10 ONLY**

Year	Fiscal Year	Total Maximum Annual Assessment Increase (based on 3% annual increase)	Total Maximum Annual Assessment (based on future development)
1	2015/16	\$492,589.00	-
2	2016/17	\$507,644.77	\$1,015,289.54
3	2017/18	\$522,874.11	\$1,045,748.22
4	2018/19	\$538,560.34	\$1,077,120.68
5	2019/20	\$554,717.15	\$1,109,434.30
6	2020/21	\$571,358.66	\$1,142,717.32
7	2021/22	\$588,499.42	\$1,176,998.84
8	2022/23	\$606,154.40	\$1,212,308.80
9	2023/24	\$624,339.04	\$1,248,678.08
10	2024/25	\$643,069.21	\$1,286,138.42
CUMULATIVE TOTAL		\$5,650,076.09	\$10,314,434.20

(1) The total maximum amount assessed to property owners within the Dogpatch & Northwest Potrero Hill GBD each Fiscal Year.

The first year annual assessment rate for each parcel is calculated by:

Step 1. Determine the parcel's land use classification:

- Commercial/residential/other
- Industrial
- Greenspace
- Vacant/parking lot
- Non-accessible parcel

Step 2. For Commercial/residential/other and Industrial parcels, determine the parcel's building square footage. For Greenspace, Vacant/parking lot, and Non-accessible parcels, determine the parcel's lot square footage.

Step 3. Multiply the building or lot square footage by the assessment rate per square foot to determine the parcel's annual assessment.

- Commercial/residential/other = \$.0951 per square foot
- Industrial = \$.0475 per square foot
- Greenspace = \$.0238 per square foot
- Vacant/parking lot = \$.0951 per square foot
- Non-accessible parcel = \$0.00 per square foot

- In accordance with Section 67.7-1 of the San Francisco Administrative Code, persons who are unable to attend the hearing on this matter may submit written comments to the City prior to the time the hearing begins. These comments will be made a part of the official public record in this matter, and shall be brought to the attention of the Board of Supervisors. Written comments should be addressed to Angela Calvillo, Clerk of the Board, San Francisco Board of Supervisors, Room 244, City Hall, 1 Dr. Carlton B. Goodlett Place, San Francisco, California, 94102.

ASSESSMENT BALLOT PROCEDURES

Enclosed with this notice, you will find an assessment ballot. Please follow the directions on the assessment ballot to express your view on the proposed assessment. The following is a summary of the procedures governing the return and tabulation of ballots. More detailed information concerning the ballot procedures is set forth in the enclosed "Procedures for the Completion, Return and Tabulation of Ballots," which is also available on the City's website at www.sfelections.org.

1. You may mail or deliver your ballot to the Director of Elections at the Post Office Box location shown on the ballot, or submit the ballot in person at the Department of Elections, located at City Hall Room 48.
2. Ballots may be sent or delivered to the Director of Elections at any time, but **MUST** be received by the Director of Elections not later than the conclusion of the public input portion of the public hearing on July 28, 2015 in the Board's Legislative Chambers, Second Floor, City Hall, 1 Dr. Carlton B. Goodlett Place, San Francisco, California, 94102, scheduled to commence at 3 p.m. or as soon thereafter as the matter may be heard. Depending on the nature and extent of public testimony, the public input portion of the hearing may not be concluded on that date, but may instead be continued to a later date. At any time prior to the conclusion of the public input portion of the hearing, you may withdraw your ballot and submit a new or changed ballot in place of the ballot previously submitted. If the public input portion of the hearing is continued to a later date, the deadline for submission of ballots will likewise be extended until the close of public input on that date.
3. The Director of Elections will pick up mailed ballots at 12 o'clock noon from the designated Department of Elections Post Office box on the date scheduled for the public hearing. To ensure that mailed ballots are received by the Director of Elections prior to the conclusion of the public input portion of the hearing, mailed ballots must be received by the Director of Elections by 12 o'clock noon on July 28, 2015. Mailed ballots received after 12 o'clock noon on the date scheduled for the public hearing will only be counted if the public input portion of the hearing is continued to a later date and the ballots are received by the Director of Elections prior to the conclusion of the public input portion of the hearing.
4. Only **completed ballots** with original signatures - not photocopies of signatures - will be accepted.

5. The Director of Elections will not accept or tabulate a ballot:
 - which is a photocopy without an original signature;
 - which is unsigned;
 - which lacks an identifiable "yes" or "no" vote; or
 - which appears to have been tampered with based upon its appearance or method of delivery.
6. The assessment ballot shall be treated as a disclosable public record during and after the tabulation of the assessment ballots.
7. At the conclusion of the public input portion of the public hearing, the Director of Elections will tabulate the ballots, including those received during the public input portion of the public hearing. If the number of ballots received at the hearing is such that it is not feasible to accurately tabulate the ballots that day, the Board of Supervisors may continue the meeting to a later date for the purpose of obtaining the final tabulation.
8. The Board of Supervisors will not impose the assessment if there is a majority protest. A majority protest exists if, upon the conclusion of the hearing, ballots submitted in opposition to the assessment exceed the ballots submitted in favor of the assessment. Ballots shall be weighted according to the proposed financial obligation of the affected property.

Should you have any questions, please call or write to: Mr. Cuong Quach, Department of Elections, Room 48, City Hall, 1 Dr. Carlton B. Goodlett Place, San Francisco, California, 94102. Telephone: (415) 554-4342.

PETITION TO THE SAN FRANCISCO BOARD OF SUPERVISORS
TO ESTABLISH THE
DOGPATCH & NORTHWEST POTRERO HILL GREEN BENEFIT DISTRICT

1. We are the owner(s) of property, or are authorized to represent the owner(s), within the proposed special assessment district to be named the **"DOGPATCH & NORTHWEST POTRERO HILL GREEN BENEFIT DISTRICT"** (hereafter "Dogpatch & NWPH GBD" or "District"), the boundaries of which are shown on the attached maps and in the Management Plan for the Dogpatch & NWPH GBD (hereafter "Plan").
2. We are or represent the persons and/or entities that would be obligated to pay the special assessments for the improvements and activities for a ten year period as described in the Plan if the proposed District is established by the Board of Supervisors following the ballot election and public hearing.
3. We petition the Board of Supervisors to initiate special assessment district proceedings in accordance with applicable state and local laws (California Streets and Highways Code Sections 36600 et seq. "Property and Business Improvement District Law of 1994" as augmented by City and County of San Francisco Business and Tax Regulation Code Article 15A Public Realm Landscaping, Improvement and Maintenance Assessment Districts "Green Benefit Districts").
4. We understand that upon receiving signed petitions in support of the Dogpatch & NWPH GBD by a minimum of property owners who will pay more than thirty percent (30%) of the proposed assessments, the San Francisco Board of Supervisors may initiate proceedings to establish the District. These proceedings will include an official balloting of property owners under which a majority of weighted property owners who return a ballot may authorize the Board of Supervisors to establish the District. This petition does not represent a final decision.

Bruce,

We have acquired the GBD petition signature in support from the landlord at 1405 Indiana. SPARC will be happy to pay the assessed fee of the GBD for 1405 Indiana. You can pick up the signed petition from Jim Nuss at 439 Littlefield Avenue in South San Francisco. I won't be able to get away from my office today, otherwise I would offer to pick it up for you.

Please advise.

DOGPATCH & NORTHWEST POTRERO HILL GREEN BENEFIT DISTRICT

1. We are the owner(s) of property, or are authorized to represent the owner(s), within the proposed special assessment district to be named the **"DOGPATCH & NORTHWEST POTRERO HILL GREEN BENEFIT DISTRICT"** (hereafter "Dogpatch & NWPH GBD" or "District"), the boundaries of which are shown on the attached maps and in the Management Plan for the Dogpatch & NWPH GBD (hereafter "Plan").
2. We are or represent the persons and/or entities that would be obligated to pay the special assessments for the improvements and activities for a ten year period as described in the Plan if the proposed District is established by the Board of Supervisors following the ballot election and public hearing.
3. We petition the Board of Supervisors to initiate special assessment district proceedings in accordance with applicable state and local laws (California Streets and Highways Code Sections 36600 et seq. "Property and Business Improvement District Law of 1994" as augmented by City and County of San Francisco Business and Tax Regulation Code Article 15A Public Realm Landscaping, Improvement and Maintenance Assessment Districts "Green Benefit Districts").
4. We understand that upon receiving signed petitions in support of the Dogpatch & NWPH GBD by a minimum of property owners who will pay more than thirty percent (30%) of the proposed assessments, the San Francisco Board of Supervisors may initiate proceedings to establish the District. These proceedings will include an official balloting of property owners under which a majority of weighted property owners who return a ballot may authorize the Board of Supervisors to establish the District. This petition does not represent a final decision.

PETITION TO THE SAN FRANCISCO BOARD OF SUPERVISORS
TO ESTABLISH THE
DOGPATCH & NORTHWEST POTRERO HILL GREEN BENEFIT DISTRICT

1. We are the owner(s) of property, or are authorized to represent the owner(s), within the proposed special assessment district to be named the **"DOGPATCH & NORTHWEST POTRERO HILL GREEN BENEFIT DISTRICT"** (hereafter "Dogpatch & NWPH GBD" or "District"), the boundaries of which are shown on the attached map and in the Management Plan for the Dogpatch & NWPH GBD* (hereafter "Plan").
2. We are or represent the persons and/or entities that would be obligated to pay the special assessments for the improvements and activities for a ten year period as described in the Plan if the proposed District is established by the Board of Supervisors following the ballot election and public hearing.
3. We petition the Board of Supervisors to initiate special assessment district proceedings in accordance with applicable state and local laws (California Streets and Highways Code Sections 36600 *et seq.* "Property and Business Improvement District Law of 1994" as augmented by City and County of San Francisco Business and Tax Regulation Code Article 15A Public Realm Landscaping, Improvement and Maintenance Assessment Districts "Green Benefit Districts").
4. We understand that upon receiving signed petitions in support of the Dogpatch & NWPH GBD by a minimum of property owners who will pay more than thirty percent (30%) of the proposed assessments, the San Francisco Board of Supervisors may initiate proceedings to establish the District. These proceedings will include an official balloting of property owners under which a majority of weighted property owners who return a ballot may authorize the Board of Supervisors to establish the District. This petition does not represent a final decision.

PETITION TO THE SAN FRANCISCO BOARD OF SUPERVISORS
TO ESTABLISH THE
DOGPATCH & NORTHWEST POTRERO HILL GREEN BENEFIT DISTRICT

1. We are the owner(s) of property, or are authorized to represent the owner(s), within the proposed special assessment district to be named the **"DOGPATCH & NORTHWEST POTRERO HILL GREEN BENEFIT DISTRICT"** (hereafter "Dogpatch & NWPH GBD" or "District"), the boundaries of which are shown on the attached maps and in the Management Plan for the Dogpatch & NWPH GBD (hereafter "Plan").
2. We are or represent the persons and/or entities that would be obligated to pay the special assessments for the improvements and activities for a ten year period as described in the Plan if the proposed District is established by the Board of Supervisors following the ballot election and public hearing.
3. We petition the Board of Supervisors to initiate special assessment district proceedings in accordance with applicable state and local laws (California Streets and Highways Code Sections 36600 et seq. "Property and Business Improvement District Law of 1994" as augmented by City and County of San Francisco Business and Tax Regulation Code Article 15A Public Realm Landscaping, Improvement and Maintenance Assessment Districts "Green Benefit Districts").
4. We understand that upon receiving signed petitions in support of the Dogpatch & NWPH GBD by a minimum of property owners who will pay more than thirty percent (30%) of the proposed assessments, the San Francisco Board of Supervisors may initiate proceedings to establish the District. These proceedings will include an official balloting of property owners under which a majority of weighted property owners who return a ballot may authorize the Board of Supervisors to establish the District. This petition does not represent a final decision.

PETITION TO THE SAN FRANCISCO BOARD OF SUPERVISORS
TO ESTABLISH THE
DOGPATCH & NORTHWEST POTRERO HILL GREEN BENEFIT DISTRICT

1. We are the owner(s) of property, or are authorized to represent the owner(s), within the proposed special assessment district to be named the **"DOGPATCH & NORTHWEST POTRERO HILL GREEN BENEFIT DISTRICT"** (hereafter "Dogpatch & NWPH GBD" or "District"), the boundaries of which are shown on the attached maps and in the Management Plan for the Dogpatch & NWPH GBD (hereafter "Plan").
2. We are or represent the persons and/or entities that would be obligated to pay the special assessments for the improvements and activities for a ten year period as described in the Plan if the proposed District is established by the Board of Supervisors following the ballot election and public hearing.
3. We petition the Board of Supervisors to initiate special assessment district proceedings in accordance with applicable state and local laws (California Streets and Highways Code Sections 36600 et seq. "Property and Business Improvement District Law of 1994" as augmented by City and County of San Francisco Business and Tax Regulation Code Article 15A Public Realm Landscaping, Improvement and Maintenance Assessment Districts "Green Benefit Districts").
4. We understand that upon receiving signed petitions in support of the Dogpatch & NWPH GBD by a minimum of property owners who will pay more than thirty percent (30%) of the proposed assessments, the San Francisco Board of Supervisors may initiate proceedings to establish the District. These proceedings will include an official balloting of property owners under which a majority of weighted property owners who return a ballot may authorize the Board of Supervisors to establish the District. This petition does not represent a final decision.

We are or represent the persons and/or entities that would be obligated to pay the special assessments for the improvements and activities for a ten year period as described in the Plan if the proposed District is established by the Board of Supervisors following the ballot election and public hearing.
3. We petition the Board of Supervisors to initiate special assessment district proceedings in accordance with applicable state and local laws (California Streets and Highways Code Sections 36600 et seq. "Property and Business Improvement District Law of 1994" as augmented by City and County of San Francisco Business and Tax Regulation Code Article 15A Public Realm Landscaping, Improvement and Maintenance Assessment Districts "Green Benefit Districts").
4. We understand that upon receiving signed petitions in support of the Dogpatch & NWPH GBD by a minimum of property owners who will pay more than thirty percent (30%) of the proposed assessments, the San Francisco Board of Supervisors may initiate proceedings to establish the District. These proceedings will include an official balloting of property owners under which a majority of weighted property owners who return a ballot may authorize the Board of Supervisors to establish the District. This petition does not represent a final decision.

PETITION TO THE SAN FRANCISCO BOARD OF SUPERVISORS
TO ESTABLISH THE
DOGPATCH & NORTHWEST POTRERO HILL GREEN BENEFIT DISTRICT

1. We are the owner(s) of property, or are authorized to represent the owner(s), within the proposed special assessment district to be named the **"DOGPATCH & NORTHWEST POTRERO HILL GREEN BENEFIT DISTRICT"** (hereafter "Dogpatch & NWPH GBD" or "District"), the boundaries of which are shown on the attached maps and in the Management Plan for the Dogpatch & NWPH GBD (hereafter "Plan").
2. We are or represent the persons and/or entities that would be obligated to pay the special assessments for the improvements and activities for a ten year period as described in the Plan if the proposed District is established by the Board of Supervisors following the ballot election and public hearing.
3. We petition the Board of Supervisors to initiate special assessment district proceedings in accordance with applicable state and local laws (California Streets and Highways Code Sections 36600 et seq. "Property and Business Improvement District Law of 1994" as augmented by City and County of San Francisco Business and Tax Regulation Code Article 15A Public Realm Landscaping, Improvement and Maintenance Assessment Districts "Green Benefit Districts").
4. We understand that upon receiving signed petitions in support of the Dogpatch & NWPH GBD by a minimum of property owners who will pay more than thirty percent (30%) of the proposed assessments, the San Francisco Board of Supervisors may initiate proceedings to establish the District. These proceedings will include an official balloting of property owners under which a majority of weighted property owners who return a ballot may authorize the Board of Supervisors to establish the District. This petition does not represent a final decision.

**PETITION TO THE SAN FRANCISCO BOARD OF SUPERVISORS
TO ESTABLISH THE
DOGPATCH & NORTHWEST POTRERO HILL GREEN BENEFIT DISTRICT**

1. We are the owner(s) of property, or are authorized to represent the owner(s), within the proposed special assessment district to be named the **"DOGPATCH & NORTHWEST POTRERO HILL GREEN BENEFIT DISTRICT"** (hereafter "Dogpatch & NWPH GBD" or "District"), the boundaries of which are shown on the attached maps and in the Management Plan for the Dogpatch & NWPH GBD (hereafter "Plan").
2. We are or represent the persons and/or entities that would be obligated to pay the special assessments for the improvements and activities for a ten year period as described in the Plan if the proposed District is established by the Board of Supervisors following the ballot election and public hearing.
3. We petition the Board of Supervisors to initiate special assessment district proceedings in accordance with applicable state and local laws (California Streets and Highways Code Sections 36600 et seq. "Property and Business Improvement District Law of 1994" as augmented by City and County of San Francisco Business and Tax Regulation Code Article 15A Public Realm Landscaping, Improvement and Maintenance Assessment Districts "Green Benefit Districts").
4. We understand that upon receiving signed petitions in support of a minimum of property owners who will pay more than thirty percent of the total assessment, the San Francisco Board of Supervisors may initiate proceedings to establish the District. The District will include an official balloting of property owners under which property owners who return a ballot may authorize the Board of Supervisors to establish the District or to represent a final decision.

**PETITION TO THE SAN FRANCISCO BOARD OF SUPERVISORS
TO ESTABLISH THE
DOGPATCH & NORTHWEST POTRERO HILL GREEN BENEFIT DISTRICT**

1. We are the owner(s) of property, or are authorized to represent the owner(s), within the proposed special assessment district to be named the **"DOGPATCH & NORTHWEST POTRERO HILL GREEN BENEFIT DISTRICT"** (hereafter "Dogpatch & NWPH GBD" or "District"), the boundaries of which are shown on the attached maps and in the Management Plan for the Dogpatch & NWPH GBD (hereafter "Plan").
2. We are or represent the persons and/or entities that would be obligated for the improvements and activities for a ten year period as described established by the Board of Supervisors following the ballot election.
3. We petition the Board of Supervisors to initiate special assessment applicable state and local laws (California Streets and Highways Code Business Improvement District Law of 1994" as augmented by City and Tax Regulation Code Article 15A Public Realm Landscaping, Improvement Districts "Green Benefit Districts").
4. We understand that upon receiving signed petitions in support of a minimum of property owners who will pay more than thirty percent (30%) of the assessed value of the property, the San Francisco Board of Supervisors may initiate proceedings to establish the district. The proceedings will include an official balloting of property owners under which a majority who return a ballot may authorize the Board of Supervisors to establish the district and represent a final decision.

"Property and Business Improvement District Law of 1994" as augmented by City and County of San Francisco Business and Tax Regulation Code Article 15A Public Realm Landscaping, Improvement and Maintenance Assessment Districts "Green Benefit Districts").
4. We understand that upon receiving signed petitions in support of the Dogpatch & NWPH GBD by a minimum of property owners who will pay more than thirty percent (30%) of the proposed assessments, the San Francisco Board of Supervisors may initiate proceedings to establish the District. These proceedings will include an official balloting of property owners under which a majority of weighted property owners who return a ballot may authorize the Board of Supervisors to establish the District. This petition does not represent a final decision.

PETITION TO THE SAN FRANCISCO BOARD OF SUPERVISORS
TO ESTABLISH THE
DOGPATCH & NORTHWEST POTRERO HILL GREEN BENEFIT DISTRICT

1. We are the owner(s) of property, or are authorized to represent the owner(s), within the proposed special assessment district to be named the **"DOGPATCH & NORTHWEST POTRERO HILL GREEN BENEFIT DISTRICT"** (hereafter "Dogpatch & NWPH GBD" or "District"), the boundaries of which are shown on the attached maps and in the Management Plan for the Dogpatch & NWPH GBD (hereafter "Plan").
2. We are or represent the persons and/or entities that would be obligated to pay the special assessments for the improvements and activities for a ten year period as described in the Plan if the proposed District is established by the Board of Supervisors following the ballot election and public hearing.
3. We petition the Board of Supervisors to initiate special assessment district proceedings in accordance with applicable state and local laws (California Streets and Highways Code Sections 36600 et seq. "Property and Business Improvement District Law of 1994" as augmented by City and County of San Francisco Business and Tax Regulation Code Article 15A Public Realm Landscaping, Improvement and Maintenance Assessment Districts "Green Benefit Districts").
4. We understand that upon receiving signed petitions in support of the Dogpatch & NWPH GBD by a minimum of property owners who will pay more than thirty percent (30%) of the proposed assessments, the San Francisco Board of Supervisors may initiate proceedings to establish the District. These proceedings will include an official balloting of property owners under which a majority of weighted property owners who return a ballot may authorize the Board of Supervisors to establish the District. This petition does not represent a final decision.

PETITION TO THE SAN FRANCISCO BOARD OF SUPERVISORS
TO ESTABLISH THE
DOGPATCH & NORTHWEST POTRERO HILL GREEN BENEFIT DISTRICT

1. We are the owner(s) of property, or are authorized to represent the owner(s), within the proposed special assessment district to be named the **"DOGPATCH & NORTHWEST POTRERO HILL GREEN BENEFIT DISTRICT"** (hereafter "Dogpatch & NWPH GBD" or "District"), the boundaries of which are shown on the attached map and in the Management Plan for the Dogpatch & NWPH GBD* (hereafter "Plan").
2. We are or represent the persons and/or entities that would be obligated to pay the special assessments for the improvements and activities for a ten year period as described in the Plan if the proposed District is established by the Board of Supervisors following the ballot election and public hearing.
3. We petition the Board of Supervisors to initiate special assessment district proceedings in accordance with applicable state and local laws (California Streets and Highways Code Sections 36600 *et seq.* "Property and Business Improvement District Law of 1994" as augmented by City and County of San Francisco Business and Tax Regulation Code Article 15A Public Realm Landscaping, Improvement and Maintenance Assessment Districts "Green Benefit Districts").
4. We understand that upon receiving signed petitions in support of the Dogpatch & NWPH GBD by a minimum of property owners who will pay more than thirty percent (30%) of the proposed assessments, the San Francisco Board of Supervisors may initiate proceedings to establish the District. These proceedings will include an official balloting of property owners under which a majority of weighted property owners who return a ballot may authorize the Board of Supervisors to establish the District. This petition does not represent a final decision.

PETITION TO THE SAN FRANCISCO BOARD OF SUPERVISORS
TO ESTABLISH THE
DOGPATCH & NORTHWEST POTRERO HILL GREEN BENEFIT DISTRICT

1. We are the owner(s) of property, or are authorized to represent the owner(s), within the proposed special assessment district to be named the "DOGPATCH & NORTHWEST POTRERO HILL GREEN BENEFIT DISTRICT" (hereafter "Dogpatch & NWPH GBD" or "District"), the boundaries of which are shown on the attached map and in the Management Plan for the Dogpatch & NWPH GBD* (hereafter "Plan").
2. We are or represent the persons and/or entities that would be obligated to pay the special assessments for the improvements and activities for a ten year period as described in the Plan if the proposed District is established by the Board of Supervisors following the ballot election and public hearing.
3. We petition the Board of Supervisors to initiate special assessment district proceedings in accordance with applicable state and local laws (California Streets and Highways Code Sections 36600 *et seq.* "Property and Business Improvement District Law of 1994" as augmented by City and County of San Francisco Business and Tax Regulation Code Article 15A Public Realm Landscaping, Improvement and Maintenance Assessment Districts "Green Benefit Districts").
4. We understand that upon receiving signed petitions in support of the Dogpatch & NWPH GBD by a minimum of property owners who will pay more than thirty percent (30%) of the proposed assessments, the San Francisco Board of Supervisors may initiate proceedings to establish the District. These proceedings will include an official balloting of property owners under which a majority of weighted property owners who return a ballot may authorize the Board of Supervisors to establish the District. This petition does not represent a final decision.

DOGPATCH & NORTHWEST POTRERO HILL GREEN BENEFIT DISTRICT

1. We are the owner(s) of property, or are authorized to represent the owner(s), within the proposed special assessment district to be named the **"DOGPATCH & NORTHWEST POTRERO HILL GREEN BENEFIT DISTRICT"** (hereafter "Dogpatch & NWPH GBD" or "District"), the boundaries of which are shown on the attached maps and in the Management Plan for the Dogpatch & NWPH GBD (hereafter "Plan").
2. We are or represent the persons and/or entities that would be obligated to pay the special assessments for the improvements and activities for a ten year period as described in the Plan if the proposed District is established by the Board of Supervisors following the ballot election and public hearing.
3. We petition the Board of Supervisors to initiate special assessment district proceedings in accordance with applicable state and local laws (California Streets and Highways Code Sections 36600 et seq. "Property and Business Improvement District Law of 1994" as augmented by City and County of San Francisco Business and Tax Regulation Code Article 15A Public Realm Landscaping, Improvement and Maintenance Assessment Districts "Green Benefit Districts").
4. We understand that upon receiving signed petitions in support of the Dogpatch & NWPH GBD by a minimum of property owners who will pay more than thirty percent (30%) of the proposed assessments, the San Francisco Board of Supervisors may initiate proceedings to establish the District. These proceedings will include an official balloting of property owners under which a majority of weighted property owners who return a ballot may authorize the Board of Supervisors to establish the District. This petition does not represent a final decision.

**PETITION TO THE SAN FRANCISCO BOARD OF SUPERVISORS
TO ESTABLISH THE
DOGPATCH & NORTHWEST POTRERO HILL GREEN BENEFIT DISTRICT**

1. We are the owner(s) of property, or are authorized to represent the owner(s), within the proposed special assessment district to be named the **"DOGPATCH & NORTHWEST POTRERO HILL GREEN BENEFIT DISTRICT"** (hereafter "Dogpatch & NWPH GBD" or "District"), the boundaries of which are shown on the attached maps and in the Management Plan for the Dogpatch & NWPH GBD (hereafter "Plan").
2. We are or represent the persons and/or entities that would be obligated to pay the special assessments for the improvements and activities for a ten year period as described in the Plan if the proposed District is established by the Board of Supervisors following the ballot election and public hearing.
3. We petition the Board of Supervisors to initiate special assessment district proceedings in accordance with applicable state and local laws (California Streets and Highways Code Sections 36600 et seq. "Property and Business Improvement District Law of 1994" as augmented by City and County of San Francisco Business and Tax Regulation Code Article 15A Public Realm Landscaping, Improvement and Maintenance Assessment Districts "Green Benefit Districts").
4. We understand that upon receiving signed petitions in support of the Dogpatch & NWPH GBD by a minimum of property owners who will pay more than thirty percent (30%) of the proposed assessments, the San Francisco Board of Supervisors may initiate proceedings to establish the District. These proceedings will include an official balloting of property owners under which a majority of weighted property owners who return a ballot may authorize the Board of Supervisors to establish the District. This petition does not represent a final decision.

We are or represent the persons and/or entities that would be obligated to pay the special assessments for the improvements and activities for a ten year period as described in the Plan if the proposed District is established by the Board of Supervisors following the ballot election and public hearing.

3. We petition the Board of Supervisors to initiate special assessment district proceedings in accordance with applicable state and local laws (California Streets and Highways Code Sections 36600 et seq. "Property and Business Improvement District Law of 1994" as augmented by City and County of San Francisco Business and Tax Regulation Code Article 15A Public Realm Landscaping, Improvement and Maintenance Assessment Districts "Green Benefit Districts").

4. We understand that upon receiving signed petitions in support of the Dogpatch & NWPH GBD by a minimum of property owners who will pay more than thirty percent (30%) of the proposed assessments, the San Francisco Board of Supervisors may initiate proceedings to establish the District. These proceedings will include an official balloting of property owners under which a majority of weighted property owners who return a ballot may authorize the Board of Supervisors to establish the District. This petition does not represent a final decision.

PETITION TO THE SAN FRANCISCO BOARD OF SUPERVISORS
TO ESTABLISH THE
DOGPATCH & NORTHWEST POTRERO HILL GREEN BENEFIT DISTRICT

1. We are the owner(s) of property, or are authorized to represent the owner(s), within the proposed special assessment district to be named the **"DOGPATCH & NORTHWEST POTRERO HILL GREEN BENEFIT DISTRICT"** (hereafter "Dogpatch & NWPH GBD" or "District"), the boundaries of which are shown on the attached maps and in the Management Plan for the Dogpatch & NWPH GBD (hereafter "Plan").
2. We are or represent the persons and/or entities that would be obligated to pay the special assessments for the improvements and activities for a ten year period as described in the Plan if the proposed District is established by the Board of Supervisors following the ballot election and public hearing.
3. We petition the Board of Supervisors to initiate special assessment district proceedings in accordance with applicable state and local laws (California Streets and Highways Code Sections 36600 et seq. "Property and Business Improvement District Law of 1994" as augmented by City and County of San Francisco Business and Tax Regulation Code Article 15A Public Realm Landscaping, Improvement and Maintenance Assessment Districts "Green Benefit Districts").
4. We understand that upon receiving signed petitions in support of the Dogpatch & NWPH GBD by a minimum of property owners who will pay more than thirty percent (30%) of the proposed assessments, the San Francisco Board of Supervisors may initiate proceedings to establish the District. These proceedings will include an official balloting of property owners under which a majority of weighted property owners who return a ballot may authorize the Board of Supervisors to establish the District. This petition does not represent a final decision.

PETITION TO THE SAN FRANCISCO BOARD OF SUPERVISORS
TO ESTABLISH THE
DOGPATCH & NORTHWEST POTRERO HILL GREEN BENEFIT DISTRICT

1. We are the owner(s) of property, or are authorized to represent the owner(s), within the proposed special assessment district to be named the **"DOGPATCH & NORTHWEST POTRERO HILL GREEN BENEFIT DISTRICT"** (hereafter "Dogpatch & NWPH GBD" or "District"), the boundaries of which are shown on the attached maps and in the Management Plan for the Dogpatch & NWPH GBD (hereafter "Plan").
2. We are or represent the persons and/or entities that would be obligated to pay the special assessments for the improvements and activities for a ten year period as described in the Plan if the proposed District is established by the Board of Supervisors following the ballot election and public hearing.
3. We petition the Board of Supervisors to initiate special assessment district proceedings in accordance with applicable state and local laws (California Streets and Highways Code Sections 36600 et seq. "Property and Business Improvement District Law of 1994" as augmented by City and County of San Francisco Business and Tax Regulation Code Article 15A Public Realm Landscaping, Improvement and Maintenance Assessment Districts "Green Benefit Districts").
4. We understand that upon receiving signed petitions in support of the Dogpatch & NWPH GBD by a minimum of property owners who will pay more than thirty percent (30%) of the proposed assessments, the San Francisco Board of Supervisors may initiate proceedings to establish the District. These proceedings will include an official balloting of property owners under which a majority of weighted property owners who return a ballot may authorize the Board of Supervisors to establish the District. This petition does not represent a final decision.

DOGPATCH & NORTHWEST POTRERO HILL GREEN BENEFIT DISTRICT

1. We are the owner(s) of property, or are authorized to represent the owner(s), within the proposed special assessment district to be named the **"DOGPATCH & NORTHWEST POTRERO HILL GREEN BENEFIT DISTRICT"** (hereafter "Dogpatch & NWPH GBD" or "District"), the boundaries of which are shown on the attached maps and in the Management Plan for the Dogpatch & NWPH GBD (hereafter "Plan").
2. We are or represent the persons and/or entities that would be obligated to pay the special assessments for the improvements and activities for a ten year period as described in the Plan if the proposed District is established by the Board of Supervisors following the ballot election and public hearing.
3. We petition the Board of Supervisors to initiate special assessment district proceedings in accordance with applicable state and local laws (California Streets and Highways Code Sections 36600 et seq. "Property and Business Improvement District Law of 1994" as augmented by City and County of San Francisco Business and Tax Regulation Code Article 15A Public Realm Landscaping, Improvement and Maintenance Assessment Districts "Green Benefit Districts").
4. We understand that upon receiving signed petitions in support of the Dogpatch & NWPH GBD by a minimum of property owners who will pay more than thirty percent (30%) of the proposed assessments, the San Francisco Board of Supervisors may initiate proceedings to establish the District. These proceedings will include an official balloting of property owners under which a majority of weighted property owners who return a ballot may authorize the Board of Supervisors to establish the District. This petition does not represent a final decision.

We are or represent the persons and/or entities that would be obligated to pay the special assessments for the improvements and activities for a ten year period as described in the Plan if the proposed District is established by the Board of Supervisors following the ballot election and public hearing.
3. We petition the Board of Supervisors to initiate special assessment district proceedings in accordance with applicable state and local laws (California Streets and Highways Code Sections 36600 et seq. "Property and Business Improvement District Law of 1994" as augmented by City and County of San Francisco Business and Tax Regulation Code Article 15A Public Realm Landscaping, Improvement and Maintenance Assessment Districts "Green Benefit Districts").
4. We understand that upon receiving signed petitions in support of the Dogpatch & NWPH GBD by a minimum of property owners who will pay more than thirty percent (30%) of the proposed assessments, the San Francisco Board of Supervisors may initiate proceedings to establish the District. These proceedings will include an official balloting of property owners under which a majority of weighted property owners who return a ballot may authorize the Board of Supervisors to establish the District. This petition does not represent a final decision.

PETITION TO THE SAN FRANCISCO BOARD OF SUPERVISORS
TO ESTABLISH THE
DOGPATCH & NORTHWEST POTRERO HILL GREEN BENEFIT DISTRICT

1. We are the owner(s) of property, or are authorized to represent the owner(s), within the proposed special assessment district to be named the **"DOGPATCH & NORTHWEST POTRERO HILL GREEN BENEFIT DISTRICT"** (hereafter "Dogpatch & NWPH GBD" or "District"), the boundaries of which are shown on the attached maps and in the Management Plan for the Dogpatch & NWPH GBD (hereafter "Plan").
2. We are or represent the persons and/or entities that would be obligated to pay the special assessments for the improvements and activities for a ten year period as described in the Plan if the proposed District is established by the Board of Supervisors following the ballot election and public hearing.
3. We petition the Board of Supervisors to initiate special assessment district proceedings in accordance with applicable state and local laws (California Streets and Highways Code Sections 36600 et seq. "Property and Business Improvement District Law of 1994" as augmented by City and County of San Francisco Business and Tax Regulation Code Article 15A Public Realm Landscaping, Improvement and Maintenance Assessment Districts "Green Benefit Districts").
4. We understand that upon receiving signed petitions in support of the Dogpatch & NWPH GBD by a minimum of property owners who will pay more than thirty percent (30%) of the proposed assessments, the San Francisco Board of Supervisors may initiate proceedings to establish the District. These proceedings will include an official balloting of property owners under which a majority of weighted property owners who return a ballot may authorize the Board of Supervisors to establish the District. This petition does not represent a final decision.

4. We understand that upon receiving signed petitions in support of the Dogpatch & NWPH GBD by a minimum of property owners who will pay more than thirty percent (30%) of the proposed assessments, the San Francisco Board of Supervisors may initiate proceedings to establish the District. These proceedings will include an official balloting of property owners under which a majority of weighted property owners who return a ballot may authorize the Board of Supervisors to establish the District. This petition does not represent a final decision.

DOGPATCH & NORTHWEST POTRERO HILL GREEN BENEFIT DISTRICT**

1. We are the owner(s) of property, or are authorized to represent the owner(s), within the proposed special assessment district to be named the **"DOGPATCH & NORTHWEST POTRERO HILL GREEN BENEFIT DISTRICT"** (hereafter "Dogpatch & NWPH GBD" or "District"), the boundaries of which are shown on the attached maps and in the Management Plan for the Dogpatch & NWPH GBD (hereafter "Plan").
2. We are or represent the persons and/or entities that would be obligated to pay the special assessments for the improvements and activities for a ten year period as described in the Plan if the proposed District is established by the Board of Supervisors following the ballot election and public hearing.
3. We petition the Board of Supervisors to initiate special assessment district proceedings in accordance with applicable state and local laws (California Streets and Highways Code Sections 36600 et seq. "Property and Business Improvement District Law of 1994" as augmented by City and County of San Francisco Business and Tax Regulation Code Article 15A Public Realm Landscaping, Improvement and Maintenance Assessment Districts "Green Benefit Districts").
4. We understand that upon receiving signed petitions in support of the Dogpatch & NWPH GBD by a minimum of property owners who will pay more than thirty percent (30%) of the proposed assessments, the San Francisco Board of Supervisors may initiate proceedings to establish the District. These proceedings will include an official balloting of property owners under which a majority of weighted property owners who return a ballot may authorize the Board of Supervisors to establish the District. This petition does not represent a final decision.

PETITION TO THE SAN FRANCISCO BOARD OF SUPERVISORS
TO ESTABLISH THE
DOGPATCH & NORTHWEST POTRERO HILL GREEN BENEFIT DISTRICT

1. We are the owner(s) of property, or are authorized to represent the owner(s), within the proposed special assessment district to be named the **"DOGPATCH & NORTHWEST POTRERO HILL GREEN BENEFIT DISTRICT"** (hereafter "Dogpatch & NWPH GBD" or "District"), the boundaries of which are shown on the attached maps and in the Management Plan for the Dogpatch & NWPH GBD (hereafter "Plan").
2. We are or represent the persons and/or entities that would be obligated to pay the special assessments for the improvements and activities for a ten year period as described in the Plan if the proposed District is established by the Board of Supervisors following the ballot election and public hearing.
3. We petition the Board of Supervisors to initiate special assessment district proceedings in accordance with applicable state and local laws (California Streets and Highways Code Sections 36600 et seq. "Property and Business Improvement District Law of 1994" as augmented by City and County of San Francisco Business and Tax Regulation Code Article 15A Public Realm Landscaping, Improvement and Maintenance Assessment Districts "Green Benefit Districts").
4. We understand that upon receiving signed petitions in support of the Dogpatch & NWPH GBD by a minimum of property owners who will pay more than thirty percent (30%) of the proposed assessments, the San Francisco Board of Supervisors may initiate proceedings to establish the District. These proceedings will include an official balloting of property owners under which a majority of weighted property owners who return a ballot may authorize the Board of Supervisors to establish the District. This petition does not represent a final decision.

PETITION TO THE SAN FRANCISCO BOARD OF SUPERVISORS
TO ESTABLISH THE
DOGPATCH & NORTHWEST POTRERO HILL GREEN BENEFIT DISTRICT

1. We are the owner(s) of property, or are authorized to represent the owner(s), within the proposed special assessment district to be named the **"DOGPATCH & NORTHWEST POTRERO HILL GREEN BENEFIT DISTRICT"** (hereafter "Dogpatch & NWPH GBD" or "District"), the boundaries of which are shown on the attached maps and in the Management Plan for the Dogpatch & NWPH GBD (hereafter "Plan").
2. We are or represent the persons and/or entities that would be obligated to pay the special assessments for the improvements and activities for a ten year period as described in the Plan if the proposed District is established by the Board of Supervisors following the ballot election and public hearing.
3. We petition the Board of Supervisors to initiate special assessment district proceedings in accordance with applicable state and local laws (California Streets and Highways Code Sections 36600 et seq. "Property and Business Improvement District Law of 1994" as augmented by City and County of San Francisco Business and Tax Regulation Code Article 15A Public Realm Landscaping, Improvement and Maintenance Assessment Districts "Green Benefit Districts").
4. We understand that upon receiving signed petitions in support of the Dogpatch & NWPH GBD by a minimum of property owners who will pay more than thirty percent (30%) of the proposed assessments, the San Francisco Board of Supervisors may initiate proceedings to establish the District. These proceedings will include an official balloting of property owners under which a majority of weighted property owners who return a ballot may authorize the Board of Supervisors to establish the District. This petition does not represent a final decision.

PETITION TO THE SAN FRANCISCO BOARD OF SUPERVISORS
TO ESTABLISH THE
DOGPATCH & NORTHWEST POTRERO HILL GREEN BENEFIT DISTRICT

1. We are the owner(s) of property, or are authorized to represent the owner(s), within the proposed special assessment district to be named the **"DOGPATCH & NORTHWEST POTRERO HILL GREEN BENEFIT DISTRICT"** (hereafter "Dogpatch & NWPH GBD" or "District"), the boundaries of which are shown on the attached maps and in the Management Plan for the Dogpatch & NWPH GBD (hereafter "Plan").
2. We are or represent the persons and/or entities that would be obligated to pay the special assessments for the improvements and activities for a ten year period as described in the Plan if the proposed District is established by the Board of Supervisors following the ballot election and public hearing.
3. We petition the Board of Supervisors to initiate special assessment district proceedings in accordance with applicable state and local laws (California Streets and Highways Code Sections 36600 et seq. "Property and Business Improvement District Law of 1994" as augmented by City and County of San Francisco Business and Tax Regulation Code Article 15A Public Realm Landscaping, Improvement and Maintenance Assessment Districts "Green Benefit Districts").
4. We understand that upon receiving signed petitions in support of the Dogpatch & NWPH GBD by a minimum of property owners who will pay more than thirty percent (30%) of the proposed assessments, the San Francisco Board of Supervisors may initiate proceedings to establish the District. These proceedings will include an official balloting of property owners under which a majority of weighted property owners who return a ballot may authorize the Board of Supervisors to establish the District. This petition does not represent a final decision.

**PETITION TO THE SAN FRANCISCO BOARD OF SUPERVISORS
TO ESTABLISH THE
DOGPATCH & NORTHWEST POTRERO HILL GREEN BENEFIT DISTRICT**

1. We are the owner(s) of property, or are authorized to represent the owner(s), within the proposed special assessment district to be named the **"DOGPATCH & NORTHWEST POTRERO HILL GREEN BENEFIT DISTRICT"** (hereafter "Dogpatch & NWPH GBD" or "District"), the boundaries of which are shown on the attached maps and in the Management Plan for the Dogpatch & NWPH GBD (hereafter "Plan").
2. We are or represent the persons and/or entities that would be obligated to pay the special assessments for the improvements and activities for a ten year period as described in the Plan if the proposed District is established by the Board of Supervisors following the ballot election and public hearing.
3. We petition the Board of Supervisors to initiate special assessment district proceedings in accordance with applicable state and local laws (California Streets and Highways Code Sections 36600 et seq. "Property and Business Improvement District Law of 1994" as augmented by City and County of San Francisco Business and Tax Regulation Code Article 15A Public Realm Landscaping, Improvement and Maintenance Assessment Districts "Green Benefit Districts").
4. We understand that upon receiving signed petitions in support of the Dogpatch & NWPH GBD by a minimum of property owners who will pay more than thirty percent (30%) of the proposed assessments, the San Francisco Board of Supervisors may initiate proceedings to establish the District. These proceedings will include an official balloting of property owners under which a majority of weighted property owners who return a ballot may authorize the Board of Supervisors to establish the District. This petition does not represent a final decision.

PETITION TO THE SAN FRANCISCO BOARD OF SUPERVISORS
TO ESTABLISH THE
DOGPATCH & NORTHWEST POTRERO HILL GREEN BENEFIT DISTRICT

1. We are the owner(s) of property, or are authorized to represent the owner(s), within the proposed special assessment district to be named the **"DOGPATCH & NORTHWEST POTRERO HILL GREEN BENEFIT DISTRICT"** (hereafter "Dogpatch & NWPH GBD" or "District"), the boundaries of which are shown on the attached maps and in the Management Plan for the Dogpatch & NWPH GBD (hereafter "Plan").
2. We are or represent the persons and/or entities that would be obligated to pay the special assessments for the improvements and activities for a ten year period as described in the Plan if the proposed District is established by the Board of Supervisors following the ballot election and public hearing.
3. We petition the Board of Supervisors to initiate special assessment district proceedings in accordance with applicable state and local laws (California Streets and Highways Code Sections 36600 et seq. "Property and Business Improvement District Law of 1994" as augmented by City and County of San Francisco Business and Tax Regulation Code Article 15A Public Realm Landscaping, Improvement and Maintenance Assessment Districts "Green Benefit Districts").
4. We understand that upon receiving signed petitions in support of the Dogpatch & NWPH GBD by a minimum of property owners who will pay more than thirty percent (30%) of the proposed assessments, the San Francisco Board of Supervisors may initiate proceedings to establish the District. These proceedings will include an official balloting of property owners under which a majority of weighted property owners who return a ballot may authorize the Board of Supervisors to establish the District. This petition does not represent a final decision.

DOGPATCH & NORTHWEST POTRERO HILL GREEN BENEFIT DISTRICT

1. We are the owner(s) of property, or are authorized to represent the owner(s), within the proposed special assessment district to be named the **"DOGPATCH & NORTHWEST POTRERO HILL GREEN BENEFIT DISTRICT"** (hereafter "Dogpatch & NWPH GBD" or "District"), the boundaries of which are shown on the attached maps and in the Management Plan for the Dogpatch & NWPH GBD (hereafter "Plan").
2. We are or represent the persons and/or entities that would be obligated to pay the special assessments for the improvements and activities for a ten year period as described in the Plan if the proposed District is established by the Board of Supervisors following the ballot election and public hearing.
3. We petition the Board of Supervisors to initiate special assessment district proceedings in accordance with applicable state and local laws (California Streets and Highways Code Sections 36600 et seq. "Property and Business Improvement District Law of 1994" as augmented by City and County of San Francisco Business and Tax Regulation Code Article 15A Public Realm Landscaping, Improvement and Maintenance Assessment Districts "Green Benefit Districts").
4. We understand that upon receiving signed petitions in support of the Dogpatch & NWPH GBD by a minimum of property owners who will pay more than thirty percent (30%) of the proposed assessments, the San Francisco Board of Supervisors may initiate proceedings to establish the District. These proceedings will include an official balloting of property owners under which a majority of weighted property owners who return a ballot may authorize the Board of Supervisors to establish the District. This petition does not represent a final decision.

PETITION TO THE SAN FRANCISCO BOARD OF SUPERVISORS
TO ESTABLISH THE
DOGPATCH & NORTHWEST POTRERO HILL GREEN BENEFIT DISTRICT

1. We are the owner(s) of property, or are authorized to represent the owner(s), within the proposed special assessment district to be named the **"DOGPATCH & NORTHWEST POTRERO HILL GREEN BENEFIT DISTRICT"** (hereafter "Dogpatch & NWPH GBD" or "District"), the boundaries of which are shown on the attached maps and in the Management Plan for the Dogpatch & NWPH GBD (hereafter "Plan").
2. We are or represent the persons and/or entities that would be obligated to pay the special assessments for the improvements and activities for a ten year period as described in the Plan if the proposed District is established by the Board of Supervisors following the ballot election and public hearing.
3. We petition the Board of Supervisors to initiate special assessment district proceedings in accordance with applicable state and local laws (California Streets and Highways Code Sections 36600 et seq. "Property and Business Improvement District Law of 1994" as augmented by City and County of San Francisco Business and Tax Regulation Code Article 15A Public Realm Landscaping, Improvement and Maintenance Assessment Districts "Green Benefit Districts").
4. We understand that upon receiving signed petitions in support of the Dogpatch & NWPH GBD by a minimum of property owners who will pay more than thirty percent (30%) of the proposed assessments, the San Francisco Board of Supervisors may initiate proceedings to establish the District. These proceedings will include an official balloting of property owners under which a majority of weighted property owners who return a ballot may authorize the Board of Supervisors to establish the District. This petition does not represent a final decision.

PETITION TO THE SAN FRANCISCO BOARD OF SUPERVISORS
TO ESTABLISH THE
DOGPATCH & NORTHWEST POTRERO HILL GREEN BENEFIT DISTRICT

1. We are the owner(s) of property, or are authorized to represent the owner(s), within the proposed special assessment district to be named the "DOGPATCH & NORTHWEST POTRERO HILL GREEN BENEFIT DISTRICT" (hereafter "Dogpatch & NWPH GBD" or "District"), the boundaries of which are shown on the attached map and in the Management Plan for the Dogpatch & NWPH GBD* (hereafter "Plan").
2. We are or represent the persons and/or entities that would be obligated to pay the special assessments for the improvements and activities for a ten year period as described in the Plan if the proposed District is established by the Board of Supervisors following the ballot election and public hearing.
3. We petition the Board of Supervisors to initiate special assessment district proceedings in accordance with applicable state and local laws (California Streets and Highways Code Sections 36600 *et seq.* "Property and Business Improvement District Law of 1994" as augmented by City and County of San Francisco Business and Tax Regulation Code Article 15A Public Realm Landscaping, Improvement and Maintenance Assessment Districts "Green Benefit Districts").
4. We understand that upon receiving signed petitions in support of the Dogpatch & NWPH GBD by a minimum of property owners who will pay more than thirty percent (30%) of the proposed assessments, the San Francisco Board of Supervisors may initiate proceedings to establish the District. These proceedings will include an official balloting of property owners under which a majority of weighted property owners who return a ballot may authorize the Board of Supervisors to establish the District. This petition does not represent a final decision.

PETITION TO THE SAN FRANCISCO BOARD OF SUPERVISORS
TO ESTABLISH THE
DOGPATCH & NORTHWEST POTRERO HILL GREEN BENEFIT DISTRICT

1. We are the owner(s) of property, or are authorized to represent the owner(s), within the proposed special assessment district to be named the **"DOGPATCH & NORTHWEST POTRERO HILL GREEN BENEFIT DISTRICT"** (hereafter "Dogpatch & NWPH GBD" or "District"), the boundaries of which are shown on the attached maps and in the Management Plan for the Dogpatch & NWPH GBD (hereafter "Plan").
2. We are or represent the persons and/or entities that would be obligated to pay the special assessments for the improvements and activities for a ten year period as described in the Plan if the proposed District is established by the Board of Supervisors following the ballot election and public hearing.
3. We petition the Board of Supervisors to initiate special assessment district proceedings in accordance with applicable state and local laws (California Streets and Highways Code Sections 36600 et seq. "Property and Business Improvement District Law of 1994" as augmented by City and County of San Francisco Business and Tax Regulation Code Article 15A Public Realm Landscaping, Improvement and Maintenance Assessment Districts "Green Benefit Districts").
4. We understand that upon receiving signed petitions in support of the Dogpatch & NWPH GBD by a minimum of property owners who will pay more than thirty percent (30%) of the proposed assessments, the San Francisco Board of Supervisors may initiate proceedings to establish the District. These proceedings will include an official balloting of property owners under which a majority of weighted property owners who return a ballot may authorize the Board of Supervisors to establish the District. This petition does not represent a final decision.

DOGPATCH & NORTHWEST POTRERO HILL GREEN BENEFIT DISTRICT

1. We are the owner(s) of property, or are authorized to represent the owner(s), within the proposed special assessment district to be named the **"DOGPATCH & NORTHWEST POTRERO HILL GREEN BENEFIT DISTRICT"** (hereafter "Dogpatch & NWPH GBD" or "District"), the boundaries of which are shown on the attached maps and in the Management Plan for the Dogpatch & NWPH GBD (hereafter "Plan").
2. We are or represent the persons and/or entities that would be obligated to pay the special assessments for the improvements and activities for a ten year period as described in the Plan if the proposed District is established by the Board of Supervisors following the ballot election and public hearing.
3. We petition the Board of Supervisors to initiate special assessment district proceedings in accordance with applicable state and local laws (California Streets and Highways Code Sections 36600 et seq. "Property and Business Improvement District Law of 1994" as augmented by City and County of San Francisco Business and Tax Regulation Code Article 15A Public Realm Landscaping, Improvement and Maintenance Assessment Districts "Green Benefit Districts").
4. We understand that upon receiving signed petitions in support of the Dogpatch & NWPH GBD by a minimum of property owners who will pay more than thirty percent (30%) of the proposed assessments, the San Francisco Board of Supervisors may initiate proceedings to establish the District. These proceedings will include an official balloting of property owners under which a majority of weighted property owners who return a ballot may authorize the Board of Supervisors to establish the District. This petition does not represent a final decision.

PETITION TO THE SAN FRANCISCO BOARD OF SUPERVISORS
TO ESTABLISH THE
DOGPATCH & NORTHWEST POTRERO HILL GREEN BENEFIT DISTRICT

1. We are the owner(s) of property, or are authorized to represent the owner(s), within the proposed special assessment district to be named the **"DOGPATCH & NORTHWEST POTRERO HILL GREEN BENEFIT DISTRICT"** (hereafter "Dogpatch & NWPH GBD" or "District"), the boundaries of which are shown on the attached maps and in the Management Plan for the Dogpatch & NWPH GBD (hereafter "Plan").
2. We are or represent the persons and/or entities that would be obligated to pay the special assessments for the improvements and activities for a ten year period as described in the Plan if the proposed District is established by the Board of Supervisors following the ballot election and public hearing.
3. We petition the Board of Supervisors to initiate special assessment district proceedings in accordance with applicable state and local laws (California Streets and Highways Code Sections 36600 et seq. "Property and Business Improvement District Law of 1994" as augmented by City and County of San Francisco Business and Tax Regulation Code Article 15A Public Realm Landscaping, Improvement and Maintenance Assessment Districts "Green Benefit Districts").
4. We understand that upon receiving signed petitions in support of the Dogpatch & NWPH GBD by a minimum of property owners who will pay more than thirty percent (30%) of the proposed assessments, the San Francisco Board of Supervisors may initiate proceedings to establish the District. These proceedings will include an official balloting of property owners under which a majority of weighted property owners who return a ballot may authorize the Board of Supervisors to establish the District. This petition does not represent a final decision.

DOGPATCH & NORTHWEST POTRERO HILL GREEN BENEFIT DISTRICT

1. We are the owner(s) of property, or are authorized to represent the owner(s), within the proposed special assessment district to be named the **"DOGPATCH & NORTHWEST POTRERO HILL GREEN BENEFIT DISTRICT"** (hereafter "Dogpatch & NWPH GBD" or "District"), the boundaries of which are shown on the attached maps and in the Management Plan for the Dogpatch & NWPH GBD (hereafter "Plan").
2. We are or represent the persons and/or entities that would be obligated to pay the special assessments for the improvements and activities for a ten year period as described in the Plan if the proposed District is established by the Board of Supervisors following the ballot election and public hearing.
3. We petition the Board of Supervisors to initiate special assessment district proceedings in accordance with applicable state and local laws (California Streets and Highways Code Sections 36600 et seq. "Property and Business Improvement District Law of 1994" as augmented by City and County of San Francisco Business and Tax Regulation Code Article 15A Public Realm Landscaping, Improvement and Maintenance Assessment Districts "Green Benefit Districts").
4. We understand that upon receiving signed petitions in support of the Dogpatch & NWPH GBD by a minimum of property owners who will pay more than thirty percent (30%) of the proposed assessments, the San Francisco Board of Supervisors may initiate proceedings to establish the District. These proceedings will include an official balloting of property owners under which a majority of weighted property owners who return a ballot may authorize the Board of Supervisors to establish the District. This petition does not represent a final decision.

The Green Benefit Districts are not appropriate for held on fixed income. Whether they own property should not be a factor. If it is to be non-profit then people should donate time & resources (not be taxed or taxed).

PETITION TO THE SAN FRANCISCO BOARD OF SUPERVISORS
TO ESTABLISH THE
DOGPATCH & NORTHWEST POTRERO HILL GREEN BENEFIT DISTRICT

1. We are the owner(s) of property, or are authorized to represent the owner(s), within the proposed special assessment district to be named the **"DOGPATCH & NORTHWEST POTRERO HILL GREEN BENEFIT DISTRICT"** (hereafter "Dogpatch & NWPH GBD" or "District"), the boundaries of which are shown on the attached maps and in the Management Plan for the Dogpatch & NWPH GBD (hereafter "Plan").
2. We are or represent the persons and/or entities that would be obligated to pay the special assessments for the improvements and activities for a ten year period as described in the Plan if the proposed District is established by the Board of Supervisors following the ballot election and public hearing.
3. We petition the Board of Supervisors to initiate special assessment district proceedings in accordance with applicable state and local laws (California Streets and Highways Code Sections 36600 et seq. "Property and Business Improvement District Law of 1994" as augmented by City and County of San Francisco Business and Tax Regulation Code Article 15A Public Realm Landscaping, Improvement and Maintenance Assessment Districts "Green Benefit Districts").
4. We understand that upon receiving signed petitions in support of the Dogpatch & NWPH GBD by a minimum of property owners who will pay more than thirty percent (30%) of the proposed assessments, the San Francisco Board of Supervisors may initiate proceedings to establish the District. These proceedings will include an official balloting of property owners under which a majority of weighted property owners who return a ballot may authorize the Board of Supervisors to establish the District. This petition does not represent a final decision.

DOGPATCH & NORTHWEST POTRERO HILL GREEN BENEFIT DISTRICT

1. We are the owner(s) of property, or are authorized to represent the owner(s), within the proposed special assessment district to be named the **"DOGPATCH & NORTHWEST POTRERO HILL GREEN BENEFIT DISTRICT"** (hereafter "Dogpatch & NWPH GBD" or "District"), the boundaries of which are shown on the attached maps and in the Management Plan for the Dogpatch & NWPH GBD (hereafter "Plan").
2. We are or represent the persons and/or entities that would be obligated to pay the special assessments for the improvements and activities for a ten year period as described in the Plan if the proposed District is established by the Board of Supervisors following the ballot election and public hearing.
3. We petition the Board of Supervisors to initiate special assessment district proceedings in accordance with applicable state and local laws (California Streets and Highways Code Sections 36600 et seq. "Property and Business Improvement District Law of 1994" as augmented by City and County of San Francisco Business and Tax Regulation Code Article 15A Public Realm Landscaping, Improvement and Maintenance Assessment Districts "Green Benefit Districts").
4. We understand that upon receiving signed petitions in support of the Dogpatch & NWPH GBD by a minimum of property owners who will pay more than thirty percent (30%) of the proposed assessments, the San Francisco Board of Supervisors may initiate proceedings to establish the District. These proceedings will include an official balloting of property owners under which a majority of weighted property owners who return a ballot may authorize the Board of Supervisors to establish the District. This petition does not represent a final decision.

**PETITION TO THE SAN FRANCISCO BOARD OF SUPERVISORS
TO ESTABLISH THE
DOGPATCH & NORTHWEST POTRERO HILL GREEN BENEFIT DISTRICT**

1. We are the owner(s) of property, or are authorized to represent the owner(s), within the proposed special assessment district to be named the **"DOGPATCH & NORTHWEST POTRERO HILL GREEN BENEFIT DISTRICT"** (hereafter "Dogpatch & NWPH GBD" or "District"), the boundaries of which are shown on the attached maps and in the Management Plan for the Dogpatch & NWPH GBD (hereafter "Plan").
2. We are or represent the persons and/or entities that would be obligated to pay the special assessments for the improvements and activities for a ten year period as described in the Plan if the proposed District is established by the Board of Supervisors following the ballot election and public hearing.
3. We petition the Board of Supervisors to initiate special assessment district proceedings in accordance with applicable state and local laws (California Streets and Highways Code Sections 36600 et seq. "Property and Business Improvement District Law of 1994" as augmented by City and County of San Francisco Business and Tax Regulation Code Article 15A Public Realm Landscaping, Improvement and Maintenance Assessment Districts "Green Benefit Districts").
4. We understand that upon receiving signed petitions in support of the Dogpatch & NWPH GBD by a minimum of property owners who will pay more than thirty percent (30%) of the proposed assessments, the San Francisco Board of Supervisors may initiate proceedings to establish the District. These proceedings will include an official balloting of property owners under which a majority of weighted property owners who return a ballot may authorize the Board of Supervisors to establish the District. This petition does not represent a final decision.

2. We are or represent the persons and/or entities that would be obligated to pay the special assessments for the improvements and activities for a ten year period as described in the Plan if the proposed District is established by the Board of Supervisors following the ballot election and public hearing.
3. We petition the Board of Supervisors to initiate special assessment district proceedings in accordance with applicable state and local laws (California Streets and Highways Code Sections 36600 et seq. "Property and Business Improvement District Law of 1994" as augmented by City and County of San Francisco Business and Tax Regulation Code Article 15A Public Realm Landscaping, Improvement and Maintenance Assessment Districts "Green Benefit Districts").
4. We understand that upon receiving signed petitions in support of the Dogpatch & NWPH GBD by a minimum of property owners who will pay more than thirty percent (30%) of the proposed assessments, the San Francisco Board of Supervisors may initiate proceedings to establish the District. These proceedings will include an official balloting of property owners under which a majority of weighted property owners who return a ballot may authorize the Board of Supervisors to establish the District. This petition does not represent a final decision.

PETITION TO THE SAN FRANCISCO BOARD OF SUPERVISORS
TO ESTABLISH THE
DOGPATCH & NORTHWEST POTRERO HILL GREEN BENEFIT DISTRICT

1. We are the owner(s) of property, or are authorized to represent the owner(s), within the proposed special assessment district to be named the **"DOGPATCH & NORTHWEST POTRERO HILL GREEN BENEFIT DISTRICT"** (hereafter "Dogpatch & NWPH GBD" or "District"), the boundaries of which are shown on the attached maps and in the Management Plan for the Dogpatch & NWPH GBD (hereafter "Plan").
2. We are or represent the persons and/or entities that would be obligated to pay the special assessments for the improvements and activities for a ten year period as described in the Plan if the proposed District is established by the Board of Supervisors following the ballot election and public hearing.
3. We petition the Board of Supervisors to initiate special assessment district proceedings in accordance with applicable state and local laws (California Streets and Highways Code Sections 36600 et seq. "Property and Business Improvement District Law of 1994" as augmented by City and County of San Francisco Business and Tax Regulation Code Article 15A Public Realm Landscaping, Improvement and Maintenance Assessment Districts "Green Benefit Districts").
4. We understand that upon receiving signed petitions in support of the Dogpatch & NWPH GBD by a minimum of property owners who will pay more than thirty percent (30%) of the proposed assessments, the San Francisco Board of Supervisors may initiate proceedings to establish the District. These proceedings will include an official balloting of property owners under which a majority of weighted property owners who return a ballot may authorize the Board of Supervisors to establish the District. This petition does not represent a final decision.

TO ESTABLISH THE
DOGPATCH & NORTHWEST POTRERO HILL GREEN BENEFIT DISTRICT

1. We are the owner(s) of property, or are authorized to represent the owner(s), within the proposed special assessment district to be named the **"DOGPATCH & NORTHWEST POTRERO HILL GREEN BENEFIT DISTRICT"** (hereafter "Dogpatch & NWPH GBD" or "District"), the boundaries of which are shown on the attached maps and in the Management Plan for the Dogpatch & NWPH GBD (hereafter "Plan").
2. We are or represent the persons and/or entities that would be obligated to pay the special assessments for the improvements and activities for a ten year period as described in the Plan if the proposed District is established by the Board of Supervisors following the ballot election and public hearing.
3. ^{do not} We petition the Board of Supervisors to initiate special assessment district proceedings in accordance with applicable state and local laws (California Streets and Highways Code Sections 36600 et seq. "Property and Business Improvement District Law of 1994" as augmented by City and County of San Francisco Business and Tax Regulation Code Article 15A Public Realm Landscaping, Improvement and Maintenance Assessment Districts "Green Benefit Districts").
4. We understand that upon receiving signed petitions in support of the Dogpatch & NWPH GBD by a minimum of property owners who will pay more than thirty percent (30%) of the proposed assessments, the San Francisco Board of Supervisors may initiate proceedings to establish the District. These proceedings will include an official balloting of property owners under which a majority of weighted property owners who return a ballot may authorize the Board of Supervisors to establish the District. This petition does not represent a final decision.

PETITION TO THE SAN FRANCISCO BOARD OF SUPERVISORS
TO ESTABLISH THE
DOGPATCH & NORTHWEST POTRERO HILL GREEN BENEFIT DISTRICT

1. We are the owner(s) of property, or are authorized to represent the owner(s), within the proposed special assessment district to be named the **"DOGPATCH & NORTHWEST POTRERO HILL GREEN BENEFIT DISTRICT"** (hereafter "Dogpatch & NWPH GBD" or "District"), the boundaries of which are shown on the attached map and in the Management Plan for the Dogpatch & NWPH GBD* (hereafter "Plan").
2. We are or represent the persons and/or entities that would be obligated to pay the special assessments for the improvements and activities for a ten year period as described in the Plan if the proposed District is established by the Board of Supervisors following the ballot election and public hearing.
3. We petition the Board of Supervisors to initiate special assessment district proceedings in accordance with applicable state and local laws (California Streets and Highways Code Sections 36600 *et seq.* "Property and Business Improvement District Law of 1994" as augmented by City and County of San Francisco Business and Tax Regulation Code Article 15A Public Realm Landscaping, Improvement and Maintenance Assessment Districts "Green Benefit Districts").
4. We understand that upon receiving signed petitions in support of the Dogpatch & NWPH GBD by a minimum of property owners who will pay more than thirty percent (30%) of the proposed assessments, the San Francisco Board of Supervisors may initiate proceedings to establish the District. These proceedings will include an official balloting of property owners under which a majority of weighted property owners who return a ballot may authorize the Board of Supervisors to establish the District. This petition does not represent a final decision.

PETITION TO THE SAN FRANCISCO BOARD OF SUPERVISORS
TO ESTABLISH THE
DOGPATCH & NORTHWEST POTRERO HILL GREEN BENEFIT DISTRICT

1. We are the owner(s) of property, or are authorized to represent the owner(s), within the proposed special assessment district to be named the **"DOGPATCH & NORTHWEST POTRERO HILL GREEN BENEFIT DISTRICT"** (hereafter "Dogpatch & NWPH GBD" or "District"), the boundaries of which are shown on the attached maps and in the Management Plan for the Dogpatch & NWPH GBD (hereafter "Plan").
2. We are or represent the persons and/or entities that would be obligated to pay the special assessments for the improvements and activities for a ten year period as described in the Plan if the proposed District is established by the Board of Supervisors following the ballot election and public hearing.
3. We petition the Board of Supervisors to initiate special assessment district proceedings in accordance with applicable state and local laws (California Streets and Highways Code Sections 36600 et seq. "Property and Business Improvement District Law of 1994" as augmented by City and County of San Francisco Business and Tax Regulation Code Article 15A Public Realm Landscaping, Improvement and Maintenance Assessment Districts "Green Benefit Districts").
4. We understand that upon receiving signed petitions in support of the Dogpatch & NWPH GBD by a minimum of property owners who will pay more than thirty percent (30%) of the proposed assessments, the San Francisco Board of Supervisors may initiate proceedings to establish the District. These proceedings will include an official balloting of property owners under which a majority of weighted property owners who return a ballot may authorize the Board of Supervisors to establish the District. This petition does not represent a final decision.
