ARTICLE XIII D [ASSESSMENT AND PROPERTY-RELATED FEE REFORM] [SECTION 1 - SEC. 6] (*Article 13D added Nov. 5, 1996, by Prop. 218. Initiative measure.*)

Procedures and Requirements for All Assessments. (a) An agency which proposes to levy an
SEC. 4. assessment shall identify all parcels which will have a special benefit conferred upon them and upon which an assessment will be imposed. The proportionate special benefit derived by each identified parcel shall be determined in relationship to the entirety of the capital cost of a public improvement, the maintenance and operation expenses of a public improvement, or the cost of the property related service being provided. No assessment shall be imposed on any parcel which exceeds the reasonable cost of the proportional special benefit conferred on that parcel. Only special benefits are assessable, and an agency shall separate the general benefits from the special benefits conferred on a parcel. Parcels within a district that are owned or used by any agency, the State of California or the United States shall not be exempt from assessment unless the agency can demonstrate by clear and convincing evidence that those publicly owned parcels in fact receive no special benefit.

(b) All assessments shall be supported by a detailed engineer's report prepared by a registered professional engineer certified by the State of California.

(c) The amount of the proposed assessment for each identified parcel shall be calculated and the record owner of each parcel shall be given written notice by mail of the proposed assessment, the total amount thereof chargeable to the entire district, the amount chargeable to the owner's particular parcel, the duration of the payments, the reason for the assessment and the basis upon which the amount of the proposed assessment was calculated, together with the date, time, and location of a public hearing on the proposed assessment. Each notice shall also include, in a conspicuous place thereon, a summary of the procedures applicable to the completion, return, and tabulation of the ballots required pursuant to subdivision (d), including a disclosure statement that the existence of a majority protest, as defined in subdivision (e), will result in the assessment not being imposed.

(d) Each notice mailed to owners of identified parcels within the district pursuant to subdivision (c) shall contain a ballot which includes the agency's address for receipt of the ballot once completed by any owner receiving the notice whereby the owner may indicate his or her name, reasonable identification of the parcel, and his or her support or opposition to the proposed assessment.

(e) The agency shall conduct a public hearing upon the proposed assessment not less than 45 days after mailing the notice of the proposed assessment to record owners of each identified parcel. At the public hearing, the agency shall consider all protests against the proposed assessment and tabulate the ballots. The agency shall not impose an assessment if there is a majority protest. A majority protest exists if, upon the conclusion of the hearing, ballots submitted in opposition to the assessment exceed the ballots submitted in favor of the assessment. In tabulating the ballots, the ballots shall be weighted according to the proportional financial obligation of the affected property.

(f) In any legal action contesting the validity of any assessment, the burden shall be on the agency to demonstrate that the property or properties in question receive a special benefit over and above the benefits conferred on the public at large and that the amount of any contested assessment is proportional to, and no greater than, the benefits conferred on the property or properties in question.

(g) Because only special benefits are assessable, electors residing within the district who do not own property within the district shall not be deemed under this Constitution to have been deprived of the right to vote for any assessment. If a court determines that the Constitution of the United States or other federal law requires otherwise, the assessment shall not be imposed unless approved by a two-

thirds vote of the electorate in the district in addition to being approved by the property owners as required by subdivision (e).

(Sec. 4 added Nov. 5, 1996, by Prop. 218. Initiative measure.)

RE: Written comment for public hearing - Dogpatch & Northwest Potrero Hill Green Benefit District

Dear Board of Supervisors:

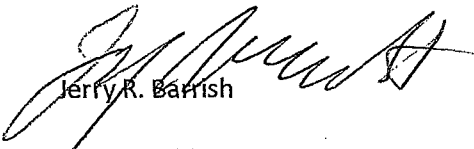

I encourage you to vote against the establishment of the property-based special assessment district, to be known as the "Dogpatch & Northwest Potrero Hill Green Benefit District."
Although residents and retail business owners would benefit greatly from the planned improvements, I am neither a resident nor retail business owner.

My small industrial building and vacant lot are zoned PDR-1-G, prohibiting Residential and Office uses. Illinois Street has become a heavily used traffic corridor for large trucks and machinery, with its inherent noise, vibration and fumes. Even though there is already a designated bike lane the entire length of Illinois Street, the industrial nature of Illinois Street from 25th to Cesar Chavez is not conducive any of the proposed improvements. I encourage further analysis of the actual nature of properties in Dogpatch South Map Quadrant 10. The borders need to be redrawn in accordance with actual use. My only neighbors are Rent-a-Wreck, Ajax Auto Dismantlers, and a taco truck that has been issued a permit to park daily in front of my building. None of these businesses will benefit from any of the proposed improvements.

If feel as if the assessment boundaries have been expanded only to benefit residential and retail business owners that are many blocks away from my location.

Please vote no.

Sincerely yours,

Jerry R. Barrish
