Item 12
File 15-0573

Department:
Public Utilities Commission (PUC)

EXECUTIVE SUMMARY

Legislative Objectives

- The proposed ordinance would amend the Public Utilities Commission's (PUC) adopted FY 2015-16 budget to (1) de-appropriate \$2,177,552 from fringe benefits, non-personnel services, services of other departments, and general reserve and (2) re-appropriate \$2,177,552 to permanent salaries, City grant programs, capital outlay, and overhead in the Public Utilities Commission operating budgets in FY 2015-16.

Key Points

- The Public Utilities Commission prepares a two-year operating budget, the last of which was performed for fiscal years 2014-15 and 2015-16. Changes to the operating budget are subject to Board of Supervisors approval.
- The PUC is requesting an amendment to the Annual Appropriations Ordinance to re-appropriate \$2,177,552 within various PUC Divisions.

Fiscal Impact

- The re-appropriation includes (1) \$1,435,275 to pay for 10 positions transferred from temporary to permanent status as a result of a grievance settlement between the City and Service Employees International Union, (2) \$250,000 to pay for grants to water customers, as part of the Floodwater Management Grant Program, (3) \$490,000 for two new utility trucks for the Water Installation Service program, and (4) \$2,277 as an adjustment to overhead charges.

Recommendation

- Approve the proposed.

MANDATE STATEMENT / BACKGROUND**Mandate Statement**

City Charter Section 9.105 states that amendments to the Annual Appropriation Ordinance are subject to Board of Supervisors approval by ordinance after the Controller certifies the availability of funds.

DETAILS OF PROPOSED LEGISLATION**File 15-0573**

The proposed ordinance would amend the Public Utilities Commission's (PUC) adopted FY 2015-16 budget to (1) de-appropriate \$2,177,552 from fringe benefits, non-personnel services, services of other departments, and general reserve and (2) re-appropriate \$2,177,552 to permanent salaries, City grant programs, capital outlay, and overhead in the Public Utilities Commission operating budgets in FY 2015-16.

FISCAL IMPACT

The PUC proposes to de-appropriate \$2,177,552 in surplus funds in the Water, Wastewater, and Hetch Hetchy Enterprises, and in the PUC's Operating Fund, as shown in Table 1 below.

Table 1: De-appropriation of Funds

The proposed ordinance would re-appropriate \$2,177,552 to the uses shown in Table 2 below.

Salary Needed to Convert Temporary Positions to Permanent Positions (\$1,435,275)

As part of a settlement agreement between the City and Service Employees International Union (SEIU) to settle a grievance filed in 2013, PUC is converting 10 positions from temporary to permanent status. The conversion includes five positions in Water Enterprise, two positions in Wastewater Enterprise, and three positions in Hetch Hetchy Enterprise, as shown in Table 3 below. The total re-appropriation for this purpose is \$1,435,275, or 65.9 percent of the total re-appropriation of \$2,177,552.

Floodwater Management Grant Program (\$250,000)

In previous years, Wastewater Enterprise has offered a Floodwater Management Grant Program to water customers to install eligible flood-prevention systems, including flood barriers for doors or garages and backflow preventers that stop wastewater from entering drainage pipes. The grant amount ranges from \$2,500 to \$6,000, depending on the type of system installed, and the total budget of this program has been \$250,000 in previous years. According to Mr. Carlos Jacobo, PUC Budget Manager, the PUC mistakenly did not fund the grant program in FY 2015-16. Funding for the Floodwater Management Grant Program is being re-appropriated from Wastewater Enterprise Non-Personnel Services. According to Mr. Jacobo, PUC has decided to reallocate funding to the grant program from professional services contracts.

Utility Trucks (\$490,000)

The Water Enterprise is expanding water installation services and adding two new water installation crews (see File 15-0575) due to new developments requiring water service installation. Each crew requires a specialized utility truck to travel to and from development sites with equipment and tools. Each truck has an estimated cost of \$245,000, and \$490,000 for two trucks.

Overhead Adjustment (\$2,277)

The Controller's Office has adjusted the overhead rate for PUC, resulting in the need for a re-appropriation for this purpose of \$2,277.

RECOMMENDATIONS

Approve the proposed ordinance.
