17 Section 1. Findings.

18 (a) The Planning Department has determined that the actions contemplated in this
19 ordinance are not defined as a project under the California Environmental Quality Act (Public
20 Resources Code Sections 21000 et seq.) and Sections 15050(c) and 15378 of the California
21 Environmental Quality Act Guidelines, because they do not result in a physical change to the
22 environment. Said determination is on file with the Clerk of the Board of Supervisors in File
23 No. 150871 and is incorporated herein by reference. The Board affirms this determination.

24 (b) On July 16, 2015, in Resolution No. 19420, the Planning Commission initiated this
25 ordinance after conducting a duly noticed public hearing. A copy of Resolution No. 19420 is
on file with the Clerk of the Board of Supervisors in File No. 150871, and is incorporated
herein by reference.

2 public hearing, adopted Resolution No. 19433 recommending that the Board of Supervisors
3 approve the proposed amendments to the Planning Code. A copy of Resolution No. 19433 is
4 on file with the Clerk of the Board of Supervisors in File No. 150871, and is incorporated
5 herein by reference.

6 (d) In Resolution No. 19433, the Planning Commission adopted findings that the
7 actions contemplated in this ordinance are consistent, on balance, with the City's General
8 Plan and eight priority policies of Planning Code Section 101.1. The Board adopts these
9 findings as its own.

10 (c) Pursuant to Planning Code Section 302, this Board finds that these Planning Code
11 amendments will serve the public necessity, convenience, and welfare for the reasons set
12 forth in Planning Commission Resolution Nos. 19420 and 19433 and the Board incorporates
13 such reasons herein by reference.

6 **SEC. 103. HOUSING BALANCE MONITORING AND REPORTING.**

7 * * * *

8 **(b) Findings.**

9 * * * *

10 (6) In 2012, the City enacted Ordinance 237-12, the "Housing Preservation and
11 Production Ordinance," codified in Administrative Code Section Chapter 10E.4, to require
12 Planning Department staff to regularly report data on progress toward meeting San
13 Francisco's quantified production goals for different household income levels as provided in
14 the General Plan's Housing Element. That Ordinance requires data on the number of units in
15 all stages ~~of the~~ of the housing production process at various affordability levels to be included
16 in staff reports on all proposed projects of five ~~Residential~~ Units or more and in quarterly
17 housing production reports to the Planning Commission. The Planning Department has long
18 tracked the number of affordable housing units and total number of housing units built
19 throughout the City and in specific areas and should be able to track the ratio called for in this
20 Section 103.

21 (7) As the private market has embarked upon, and government officials have
22 urged, an ambitious program to produce significant amounts of new housing in the City, the
23 limited remaining available land makes it essential to assess the impact ~~of the~~ of the approval
24 of new market rate housing developments on the availability of land for affordable housing
25 and to encourage the deployment of resources to provide such housing. * * * *

1 (d) **Bi-annual Housing Balance Reports.** By June 1, 2015, the Planning Department
2 shall calculate the Cumulative and Projected Housing Balance for the most recent two
3 quarters City-wide, by Supervisorial District, Plan Area, and by neighborhood Planning
4 Districts, as defined in the annual Housing Inventory, and publish it as an easily visible and
5 accessible page devoted to Housing Balance and Monitoring and Reporting on the Planning
6 Department's website. By September 1st and March 1st of each year, the Planning
7 Department shall publish and update the Housing Balance Report, and present this report at
8 an informational hearing to the Planning Commission and Board of Supervisors, as well as to
9 any relevant body with geographic purview over a plan area upon request, along with the
10 other quarterly reporting requirements of Administrative Code Section Chapter 10E.4. The
11 annual report to the Board of Supervisors shall be accepted by resolution of the Board, which
12 resolution shall be introduced by the Planning Department. The Housing Balance Report shall
13 also be incorporated into the Annual Planning Commission Housing Hearing and Annual
14 Report to the Board of Supervisors required in Administrative Code Section Chapter 10E.4.

15 * * * *

16 **SEC. 121. MINIMUM LOT WIDTH AND AREA.**

17 * * * *

18 (b) **Subdivisions and Lot Splits.** Subdivisions and lot splits shall be governed by the
19 Subdivision Code of the City and County of San Francisco and by the Subdivision Map Act of
20 California. In all such cases the procedures and requirements of said Code and said Act shall
21 be followed, including the requirement for consistency with the General Master Plan of the City
22 and County of San Francisco. Where the predominant pattern of residential development in
23 the immediate vicinity exceeds the minimum standard for lot width or area, or the minimum
24 standards for both lot width and area, set forth below in this Section, any new lot created by a
25 subdivision or lot split under the Subdivision Code shall conform to the greater established

standards, provided that in no case shall the required lot width be more than 33 feet or the required lot area be more than 4,000 square feet.

* * * *

SEC. 121.2. USE SIZE LIMITS (NON-RESIDENTIAL), NEIGHBORHOOD COMMERCIAL DISTRICTS.

(a) In order to protect and maintain a scale of development appropriate to each district, ~~Non-Residential~~ ~~Uses~~ of the same size or larger than the square footage stated in the table below may be permitted only as conditional uses subject to the provisions set forth in Sections 316 through 316.86 of this Code. The use area shall be measured as the ~~Gross~~ ~~Floor~~ ~~Area~~ for each individual ~~Non-Residential~~ ~~Use~~.

* * * *

SEC. 121.7. RESTRICTION OF LOT MERGERS IN CERTAIN DISTRICTS AND ON PEDESTRIAN-ORIENTED STREETS.

In order to promote, protect, and maintain a fine-grain scale of development in residential districts and on important pedestrian-oriented commercial streets which is appropriate to each district, compatible with adjacent buildings; provide for a diverse streetscape; ensure the maintenance and creation of multiple unique buildings and building frontages rather than large single structures superficially treated; promote diversity and multiplicity of land ownership and discourage consolidation of property under single ownership, merger of lots ~~are~~ is regulated as follows:

* * * *

SEC. 124. BASIC FLOOR AREA RATIO.

(a) Except as provided in Subsections (b), (c), (d), (e) and (l) of this Section, the basic ~~Floor~~ ~~Area~~ ~~Ratio~~ limits specified in the Zoning Control Table for the district in which the lot is

Such hearing shall be calendared within 30 days after the application is complete or deemed complete. If a public hearing is required under subsection (g)(4)(D) and this ~~s~~Subsection, the Planning Commission shall ~~hear~~ jointly calendar and hear both items, to take action on the Major Modification and to provide comment only on the project design. The Director of Planning ~~Director~~ shall consider all comments from the public and the Planning Commission in making his or her decision to approve, conditionally approve, or disapprove the project design. Criteria necessitating public hearing are as follows:

17 * * * *

18 **SEC. 251. HEIGHT AND BULK DISTRICTS: PURPOSES.**

19 In addition to the purposes of this Code as stated in Section 101, these height and bulk
20 districts are established for further purposes of implementing the Urban Design element and
21 other elements of the General Master Plan, according to the objectives, principles and policies
22 stated therein. Among these purposes are the following:

23 * * * *

1 **SEC. 261. ADDITIONAL HEIGHT LIMITS APPLICABLE TO CERTAIN RH USE**

4 **(b) Height Limits Applicable to the Entire Property.**

5 (1) No portion of a dwelling in any RH-1(D), RH-1 or RH-1(S) District shall
6 exceed a height of 35 feet, except that:

7 (A) The permitted ~~Height~~ *Height of a Building, as defined in Section 102*, shall be
8 increased to 40 feet, as measured at curb per Section ~~102.12~~ *260*, where the average ground

14 * * * *

15 **(g) Informational Plaque.** Prior to issuance of a permit of occupancy, a plaque shall
16 be placed in a publicly conspicuous location for pedestrian viewing. The plaque shall state the
17 right of the public to pass through the alley and stating the name and address of the owner or
18 owner's agent responsible for maintenance. The ~~plaque~~ *plaque* shall be of no less than 24
19 inches by 36 inches in size.

20 * * * *

21 **SEC. 271. BULK LIMITS: SPECIAL EXCEPTIONS, IN DISTRICTS OTHER THAN C-3.**

22 **(a) General.** The bulk limits prescribed by Section 270 have been carefully considered
23 in relation to objectives and policies for conservation and change in districts other than C-3.
24 There may be some exceptional cases in which these limits may properly be permitted to be
25 exceeded to a certain degree; however, following public review and exploration of

alternatives, provided there are adequate compensating factors. Such deviation might occur, when the criteria of this Section are met, for one or both of the following positive reasons:

(1) Achievement of a distinctly better design, in both a public and a private sense, than would be possible with strict adherence to the bulk limits, avoiding an unnecessary prescription of building form while carrying out the intent of the bulk limits and the principles and policies of the General Master Plan.

BULK CONTROL
UPPER TOWER VOLUME REDUCTION

(2) Development of a building or structure with widespread public service benefits and significance to the community at large, where compelling functional requirements of the specific building or structure make necessary such a deviation.

1 **SEC. 290. HEIGHT AND BULK LIMITS FOR OPEN SPACE DISTRICTS.**

2 In the Open Space Districts designated by the symbol "OS" on Sectional Maps Nos.
3 ~~HT01 1H~~ through ~~HT13 13H~~ of the Zoning Map, the height and bulk of buildings and structures
4 shall be determined in accordance with the objectives, principles and policies of the General
5 ~~Master~~ Plan, and no building or structure or addition thereto shall be permitted unless in
6 conformity with the General ~~Master~~ Plan. The inclusion of land in Open Space Districts is
7 intended to indicate its principal or exclusive purpose as open space, with future development
8 of any character strictly limited. The exemptions from height and bulk limitations set forth in
9 Section 260(b) of this Code shall not be applicable to Open Space Districts unless in
10 conformity with the General ~~Master~~ Plan.

11 **SEC. 295. HEIGHT RESTRICTIONS ON STRUCTURES SHADOWING PROPERTY**
12 **UNDER THE JURISDICTION OF THE RECREATION AND PARK COMMISSION.**

13 (a) No building permit authorizing the construction of any structure that will cast any
14 shade or shadow upon any property under the jurisdiction of, or designated for acquisition by,
15 the Recreation and Park Commission may be issued except upon prior action of the ~~City~~
16 Planning Commission pursuant to the provisions of this Section; provided, however, that the
17 provisions of this Section shall not apply to building permits authorizing:

18 * * * *

19 (5) Projects for which a building permit application has been filed and either

20 (i) a public hearing has been held prior to March 5, 1984 on a draft
21 environmental impact report published by the Planning Department ~~of City Planning~~, or

22 (ii) a Negative Declaration has been published by the Planning
23 Department ~~of City Planning~~ prior to July 3, 1984;

24 * * * *

1 (b) The ~~City~~ Planning Commission shall conduct a hearing and shall disapprove the
2 issuance of any building permit governed by the provisions of this Section if it finds that the
3 proposed project will have any adverse impact on the use of the property under the
4 jurisdiction of, or designated for acquisition by, the Recreation and Park Commission because
5 of the shading or shadowing that it will cause, unless it is determined that the impact would be
6 insignificant. The ~~City~~ Planning Commission shall not make the determination required by the
7 provisions of this Subsection until the general manager of the Recreation and Park
8 Department in consultation with the Recreation and Park Commission has had an opportunity
9 to review and comment to the ~~City~~ Planning Commission upon the proposed project.

10 (c) The ~~City~~ Planning Commission and the Recreation and Park Commission, after a
11 joint meeting, shall adopt criteria for the implementation of the provisions of this Section.

12 (d) The Zoning Administrator shall determine which applications for building permits
13 propose structures which will cast a shade or shadow upon property under the jurisdiction of,
14 or designated for acquisition by, the Recreation and Park Commission. As used in this
15 Section, "property designated for acquisition by the Recreation and Park Commission" shall
16 mean property which a majority of each of the Recreation and Park Commission and the ~~City~~
17 Planning Commission, meeting jointly, with the concurrence of the Board of Supervisors, have
18 recommended for acquisition from the Open Space Acquisition and Park Renovation Fund,
19 which property is to be placed under the jurisdiction of the Recreation and Park Commission.

20 **SEC. 301. GENERAL DESCRIPTION OF ZONING PROCEDURES.**

21 This Section is a summary of provisions more fully described in the remainder of this
22 Article.

23 The final legislative authority for enactment and amendment of the zoning provisions
24 contained in this Code resides in the Board of Supervisors. However, all proposals for
25

1 reclassifications of property or other amendments are considered first by the *City* Planning
2 Commission, and its disapprovals are final unless overruled by the Board of Supervisors.

3 The provisions of this Code are administered by the Zoning Administrator and other
4 staff members of the *Planning* Department of *City Planning*, by means of public information,
5 review of permit applications, keeping of records, interpretation of the meaning and intent of
6 the Code, and enforcement actions against violations. The Zoning Administrator is also
7 responsible for reviewing the effectiveness of the Code and recommending appropriate
8 changes to the legislative authorities.

9 Certain specified uses and features in various zoning districts require approval by the
10 *City* Planning Commission through conditional use procedures, in which the Commission
11 determines whether the provisions of the Code are met.

12 The decisions of the Commission in these cases may be appealed to the Board of
13 Supervisors.

14 In some cases, provisions of the Code may be relaxed by means of variances or
15 administrative review granted by the Zoning Administrator; provided, for a variance, that
16 certain specified findings can be made, and for administrative review, that the conditions of
17 the section authorizing such review are satisfied. Decisions in these cases may be appealed
18 to the Board of *Permit* Appeals.

19 The responsibilities of each of these persons and agencies are derived from the San
20 Francisco Charter.

21 **SEC. 303. CONDITIONAL USES.**

22 * * * *

23 (n) **Massage Establishments.**

1 (1) With respect to Massage Establishments that are subject to Conditional Use
2 authorization, as defined in Sections 102, 790.60, and 890.60 of this Code, in addition to the
3 criteria set forth in Subsection (c) above, the Commission shall make the following findings:

4 (A) Whether the applicant has obtained, and maintains in good standing,
5 a permit for a Massage Establishment from the Department of Public Health pursuant to
6 Section 29.2510 of the San Francisco Health Code;

7 * * * *

8 (p) **Adult Business, General Entertainment and Other Entertainment Uses.**

9 (1) With respect to ~~e~~Conditional ~~u~~Use authorization applications for Adult
10 Business, General Entertainment and Other Entertainment uses, such use or feature shall:

11 (A) If the use is an Adult Business, it shall not be located within 1,000 feet
12 of another such use; and/or

13 (B) Not be open between two a.m. and six a.m.; and

14 (C) Not use electronic amplification between midnight and six a.m.; and

15 (D) Be adequately soundproofed or insulated for noise and operated so
16 that incidental noise shall not be audible beyond the premises or in other sections of the
17 building and fixed-source equipment noise shall not exceed the decibel levels specified in the
18 San Francisco Noise Control Ordinance.

19 (2) Notwithstanding the above, the Planning Commission may authorize a
20 conditional use which does not satisfy the criteria set forth in ~~(q)~~(1)(B) and/or ~~(q)~~(1)(C)2
21 above, if facts presented are such to establish that the use will be operated in such a way as
22 to minimize disruption to residences in and around the district with respect to noise and crowd
23 control.

24 (3) The action of the Planning Commission approving a conditional use does not
25 take effect until the appeal period is over or while the approval is under appeal.

1 * * * *

2 (r) Development of Large Lots in RTO and RTO-M Districts.

3 In order to promote, protect, and maintain a scale of development that is appropriate to each
4 district and compatible with adjacent buildings, new construction or significant enlargement of existing
5 buildings on lots of the same size or larger than the square footage stated in Table 209.4 under Large
6 Project Review shall be permitted only as conditional uses subject to the provisions set forth in this
7 Section of this Code.

8 In addition to the criteria of Section 303(c)(1) of this Code, the Planning Commission shall
9 consider the extent to which the following criteria are met:

10 (1) The mass and articulation of the proposed structures are compatible with the
11 intended scale of the district.

12 (2) For development sites greater than 1/2-acre, the extension of adjacent alleys or streets
13 onto or through the site, and/or the creation of new publicly-accessible streets or alleys through the
14 site as appropriate, in order to break down the scale of the site, continue the surrounding existing
15 pattern of streets and alleys, and foster beneficial pedestrian and vehicular circulation.

16 (3) The site plan, including the introduction of new streets and alleys, the provision of
17 open space and landscaping, and the articulation and massing of buildings, is compatible with the
18 goals and policies of the applicable Area Plan in the General Plan.

19 **SEC. 304. PLANNED UNIT DEVELOPMENTS.**

20 * * * *

21 **(d) Criteria and Limitations.** The proposed development must meet the criteria
22 applicable to conditional uses as stated in Section 303(c) and elsewhere in this Code. In
23 addition, it shall:

24 * * * *

1 (5) In R Districts, include ~~e~~Commercial ~~#~~Uses only to the extent that such uses
2 are necessary to serve residents of the immediate vicinity, subject to the limitations for NC-1
3 Districts under this Code, and in RTO Districts include ~~e~~Commercial ~~#~~Uses only according to
4 the provisions of Section ~~230~~ 231 of this Code;

5 * * * *

6 **SEC. 304.5. INSTITUTIONAL MASTER PLANS.**

7 * * * *

8 (b) **When Required.** Each Hospital and each Post-Secondary Educational Institution in
9 the City and County of San Francisco (for the purposes of this Section collectively referred to
10 as "institution(s)"), including Group Housing affiliated with and operated by any such institution
11 shall have on file with the Planning Department a current ~~i~~Institutional ~~m~~Master ~~p~~Plan
12 describing the existing and anticipated future development of that institution as provided in
13 Subsection (c) below. ~~Medical and educational i~~Institutions of less than 50,000 square feet or
14 ~~medical and educational institutions~~ of less than 100,000 square feet in the C-3 district may
15 submit an Abbreviated Institutional Master Plan as described in Subsection (d) below.

16 Thereafter, at intervals of two years, each such institution shall file an Update with the
17 Planning Department describing the current status of its ~~i~~Institutional ~~m~~Master ~~p~~Plan. The
18 requirements for an ~~u~~Uppdate are provided in Subsection (f) below.

19 The Zoning Administrator shall be notified whenever the following occur to determine
20 whether a new Institutional Master Plan or an Update shall be required: there are significant
21 revisions to the information contained in the Institutional Master Plan; or 10 years have
22 passed since the last Institutional Master Plan was submitted and heard by the Planning
23 Commission (as described by Subsection (e) below). Significant revisions may include plans
24 to construct new facilities that were not previously discussed in the Institutional Master Plan,
25 plans to demolish existing facilities that were not discussed in the Institutional Master Plan,

1 closure of an existing unit, opening of a new unit, change in use of an existing unit or inpatient
2 facility, an increase in the ~~institutions~~ institution's size by 10,000 square feet or 25% of total
3 square footage (whichever is less), or significant changes in use of existing facilities that were
4 not discussed in the Institutional Master Plan.

5 (c) **Format and Substance of the Institutional Master Plan.** In the case of an
6 institution occupying a site area of 50,000 or more square feet (100,000 or more square feet
7 in the C-3 District), or occupying a site area of less than 50,000 square feet (100,000 or more
8 square feet in the C-3 District) but anticipating future expansion over 50,000 square feet
9 (100,000 or more square feet in the C-3 District), the plan submitted shall be a full Institutional
10 Master Plan and shall at a minimum contain textual and graphic descriptions of:

11 * * * *

12 (3) The development plans of the institution for a future period of not less than
13 10 years, and the physical changes in the institution projected to be needed to achieve those
14 plans. Any plans for physical development during the first five years shall include the site
15 area, ground coverage, building bulk, approximate floor area by function, off-street parking,
16 circulation patterns, areas for land acquisition, and timing for the proposed construction. In
17 addition, with respect to plans of any duration, the submission shall contain a description and
18 analysis of each of the following:

19 (A) The conformity of proposed development plans to the General
20 Comprehensive Plan (~~Master Plan~~) of the City and County of San Francisco, and to any
21 neighborhood plans on file with the Planning Department,

1 **SEC. 306.7. INTERIM ZONING CONTROLS.**

2 Interim zoning controls may be imposed by resolution of the ~~City~~ Planning Commission
3 or the Board of Supervisors through the exercise of a legislative rule-making power subject to
4 the procedures and standards and for the purposes set forth in this Section.

5 **(a) Purposes.** This interim zoning controls process is found and declared to be
6 necessary to fulfill the purposes of this Code as stated in Section 101 herein. The Board of
7 Supervisors and the ~~City~~ Planning Commission are hereby authorized to impose interim
8 zoning controls to suspend temporarily the processing of certain applications for demolition
9 permits, building permits and other land use authorizations which may be in conflict with a
10 contemplated zoning proposal which the Board of Supervisors, the ~~City~~ Planning Commission
11 or the Planning Department ~~of City Planning~~ is considering or studying or intends to study
12 within a reasonable time. The provisions of this Section will allow time for the orderly
13 completion of a planning study and for the adoption of appropriate legislation. Interim zoning
14 controls are necessary to ensure that the legislative scheme which may be ultimately adopted
15 is not undermined during the planning and legislative process by the approval or issuance of
16 permits authorizing the alteration, construction or demolition of buildings or the establishment
17 or change of uses which will conflict with that scheme. In determining whether to impose
18 interim zoning controls, the body imposing the controls shall consider the impact on the public
19 health, safety, peace and general welfare if the proposed controls are not imposed, including,
20 but not limited to, the public interest in the following objectives:

21 * * * *

22 **(b) Effect of Interim Zoning Controls Upon Permit Applications.** A resolution of the
23 Board of Supervisors or of the ~~City~~ Planning Commission imposing interim zoning controls
24 shall set forth the duration of the interim zoning controls. Once interim zoning controls are
25 imposed pursuant to this Section, and for the duration of the controls and any extension

1 permitted by this Section, no department of the City and County of San Francisco, including
2 the Board of *Permit* Appeals, may approve any application for a demolition permit, a building
3 or site permit or for any other permit or license authorizing the demolition, alteration or
4 construction of any building or the establishment of any use unless the action proposed would
5 conform both to the existing provisions of the *City* Planning Code and also to the provisions of
6 the resolution imposing the controls. Failure of the Board of Supervisors or the *City* Planning
7 Commission to act on a proposed interim control within 120 days of its initiation shall be
8 deemed to constitute disapproval. At any time after the first noticed hearing, in order to insure
9 that the purpose for imposing interim controls is not undermined during the period when their
10 adoption is being considered, the body considering the proposed controls may by resolution
11 issue an order directing the Zoning Administrator, the Director Superintendent of the Department
12 Bureau of Building Inspection, the Board of *Permit* Appeals, and other permit-issuing and
13 permit-approving agencies to suspend action on applications which propose a use prohibited
14 by the proposed interim controls pending final action on the controls; provided, however, that
15 such order shall not apply to applications filed more than 60 days before the first noticed
16 hearing and shall not prohibit action on applications which would otherwise be deemed
17 approved during the period of such suspension pursuant to Government Code Sections
18 65950 - 65957.1.

19 * * * *

20 (d) **Environmental Review.** The provisions of this Section shall govern the
21 environmental review process conducted by the Director of Planning upon initiation of the
22 interim zoning controls process by the Board of Supervisors.

23 * * * *

24 (3) If a preliminary negative declaration is published and an appeal is filed within
25 10 days, the Planning Commission shall, within 40 days of the date that the appeal of the

1 preliminary negative declaration is filed, either affirm the preliminary negative declaration or
2 overrule the preliminary negative declaration and order the preparation of an environmental
3 impact report. The Director of Planning shall transmit to the Clerk of the Board of Supervisors
4 the resolution of the ~~City~~ Planning Commission affirming or overruling the preliminary negative
5 declaration within two business days following its adoption.

6 (4) If the Planning Department ~~of City Planning~~ or on appeal the ~~City~~ Planning
7 Commission determines that an environmental impact report must be prepared before the
8 imposition of the proposed interim controls, no work need be commenced for preparation of
9 that document unless the Board of Supervisors adopts a motion by majority vote, authorizing
10 the preparation of that document. The Clerk of the Board of Supervisors shall transmit a copy
11 of that motion to the Director of Planning, who shall prepare or cause to be prepared the
12 environmental impact report. A final environmental impact report shall be prepared within 18
13 months after the transmittal of the motion authorizing preparation of that document by the
14 Board to the Director of Planning. The Director shall complete the environmental impact report
15 notwithstanding the fact that the proposed controls have been deemed disapproved after the
16 expiration of 120 days as set forth in Subsection (b), unless directed otherwise by the Board.
17 Upon completion of that document, the same interim controls may be initiated and thereafter
18 adopted within 120 days of their initiation. If the Board votes on a motion authorizing the
19 preparation of an environmental impact report and the motion fails, the interim zoning controls
20 process shall terminate on that date. If the Board does not vote on a motion authorizing the
21 preparation of an environmental impact report within 30 days of the date of receipt of
22 notification that an environmental impact report is required and of the proposed Board motion
23 which would authorize its preparation, the interim zoning controls process shall terminate on
24 the 30th day after receipt of such notification.

25 * * * *

1 **(e) Interim Zoning Controls Imposed by the City Planning Commission.** The
2 procedure set forth in this Section shall govern the imposition of interim zoning controls by the
3 City Planning Commission. The procedure may be initiated upon application pursuant to
4 Section 306 of the Code by an interested property owner, resident, or commercial lessee as
5 defined by Section 302(b) herein or by adoption of a resolution proposing imposition of the
6 interim zoning controls by the City Planning Commission. A resolution proposing imposition of
7 the interim zoning controls shall either contain the text of the proposed controls or refer to and
8 incorporate by reference an exhibit which does so. The resolution and any exhibit text shall be
9 approved as to form by the City Attorney. Upon adoption of that resolution or receipt of the
10 application, the Zoning Administrator shall provide the notice required by Subsection (g) within
11 20 days. Within 30 days after the required notice has been provided, the Commission shall
12 hold a hearing on the proposed interim controls. Upon completion of environmental review as
13 required by applicable provisions of CEQA and the ~~San Francisco~~ Administrative Code, the
14 Commission may adopt a resolution imposing the interim zoning controls by a majority vote.
15 Matters relating to environmental review which require a hearing may be considered at the
16 same Commission meeting at which the Commission considers and acts upon the proposed
17 controls, so long as environmental review is completed first. Any hearing to consider the
18 imposition of interim zoning controls may be continued for further consideration to another
19 date pursuant to the regular notice requirements applicable to the Commission.

20 **(f) Ratification or Disapproval of Commission Action.** Each proposed interim
21 control voted on by the City Planning Commission and failing of passage and each interim
22 control imposed by the City Planning Commission shall be forwarded within two business
23 days of the Commission action to the Board of Supervisors, which may ratify or disapprove
24 the action taken by the City Planning Commission. The interim controls imposed by the City
25 Planning Commission shall remain in effect and be deemed ratified unless and until the Board

1 of Supervisors disapproves the controls within 90 days of the date that they are received by
2 the Clerk of the Board. If disapproved, the interim zoning controls shall be of no further force
3 and effect. The Board of Supervisors may disapprove the action of the ~~City~~ Planning
4 Commission ~~only by a majority vote of not less than of all the members of the Board, except that in~~
5 ~~the event that one or more of the full membership of the Board is disqualified or excused from voting~~
6 ~~because of an interest prohibited by general law or the San Francisco Charter, any such disapproval~~
7 ~~shall be by a vote of not less than of all members of the Board that are not disqualified or excused;~~
8 ~~provided, however, that in the event that a quorum of all members of the Board is disqualified or~~
9 ~~excused from voting because of an interest prohibited by general law or the Charter, the action of the~~
10 ~~City Planning Commission shall be deemed approved.~~ In the event the Board disapproves the
11 action of the Commission when the Commission has disapproved a proposed interim control,
12 the Board shall, not later than its next regularly scheduled meeting, adopt the proposed
13 interim control. In considering whether to ratify or disapprove Commission action, the Board
14 shall consider the purposes and objectives set forth in Subsection (a).

15 (g) **Notice.** Notice of the time and place of a public hearing on interim zoning controls
16 before the Planning Commission if the Planning Commission initiates the controls, or before
17 the Board of Supervisors or a committee of the Board if a member of the Board initiates the
18 controls, shall be as follows:

19 * * * *

20 (2) By posting at the office of the Board of Supervisors and the Planning
21 Department ~~of City Planning~~ nine days prior to the date of hearing; and

22 * * * *

23 Notice of a public hearing by the Board of Supervisors or a committee of the Board for
24 the ratification or disapproval of interim controls imposed by the ~~City~~ Planning Commission
25 shall be given pursuant to Subsections (1), (2), (3) and (5) of this Subsection.

1 * * * *

2 (i) **Planning Study.** Upon the imposition of interim zoning controls by either the Board
3 of Supervisors or the ~~City~~ Planning Commission, the Planning Department ~~of City Planning~~
4 shall conduct a study of the contemplated zoning proposal and shall propose permanent
5 legislation. As to any controls which are placed in effect for more than six months, the staff of
6 the ~~City~~ Planning Department shall report to the entity imposing the controls six months from
7 the date of the imposition of the controls and at least every six months thereafter. The report
8 shall inform that body of (1) the status of the planning study, (2) the findings and
9 recommendations to date, and (3) the estimated time of completion of such study and
10 proposed permanent legislation. These reports shall be considered in a public hearing duly
11 noticed in accordance with the basic rules of the body that imposed the interim zoning
12 controls.

13 **SEC. 306.8. POSTING OF SIGNS REQUIRED.**

14 (a) **Hearings for Which Notice Required.** In addition to the requirements for notice
15 provided elsewhere in this Code, the requirements for notice set forth in this Section shall
16 apply to hearings before the ~~City~~ Planning Commission or the Zoning Administrator (1) on an
17 application for a conditional use or variance, (2) for every amendment to reclassify property
18 initiated by application as permitted in Section 302(b) where the area sought to be reclassified
19 is ½ acre or less (exclusive of streets, alleys and other public property) and where the
20 applicant owns all or a portion of the property to be reclassified or is a resident or commercial
21 lessee thereof, (3) for any permit application or project authorization application reviewed
22 pursuant to Sections 309 or 322, and (4) for any application for a building or site permit
23 authorizing a new building the consideration or approval of which is scheduled before the ~~City~~
24 Planning Commission. This ~~s~~Section shall not apply to variance applications involving a less
25

1 than 10 percent deviation as described in Section 305(c) or to hearings or actions relating to
2 environmental review.

3 * * * *

4 (c) **Contents and Size of Signs.** The sign shall be at least 30 inches by 30 inches,
5 unless the application relates to a vacant site or vacant building, in which case the Zoning
6 Administrator may require a sign up to eight feet wide and four feet high upon a determination
7 that the larger sign will provide better public notice. The sign shall be entitled NOTICE OF
8 ZONING HEARING. The lettering shall be at least 1¼-inch capital letters for the title. All other
9 letters shall be at least ¾-inch uppercase and ½-inch lower-case. The sign shall provide
10 notice of the case number, the time, date, location and purpose of the public hearing, a
11 description of the proposed project, and the procedure for obtaining additional information.

12 Every person subject to the requirements of this Section shall obtain from the Planning
13 Department ~~of City Planning~~ the sign on submission of application which is to be posted, and
14 shall provide such additional information on the sign as required by this Section and any
15 written directions provided by the Zoning Administrator; provided, however, that where the
16 Zoning Administrator requires a sign larger than 30 by 30 inches, the applicant shall provide
17 the sign. The Department shall charge a fee to applicants in an amount determined
18 appropriate to cover the cost of providing the sign.

19 * * * *

20 (e) **Declaration Required; Failure to Comply.** The applicant, other than an applicant
21 for a reclassification, shall submit at the time of the hearing a declaration signed under penalty
22 of perjury stating that the applicant has complied with the provisions of this Section. If any
23 person challenges the applicant's compliance with this Section, the Commission or, as to
24 variance hearings the Zoning Administrator, shall determine whether the applicant has
25 substantially complied and, if not, shall continue the hearing for that purpose. A challenge may

1 be raised regarding compliance with the provisions of this Section by any person after the
2 hearing by filing a written statement with the Zoning Administrator, or such challenge may be
3 raised by the Zoning Administrator, but no challenge may be filed or raised later than 30 days
4 following Commission action, or as to variance hearings 10 days following the decision. If no
5 challenge is filed within the time required, it shall be deemed conclusive that the applicant
6 complied with the provisions of this Section. If it is determined, after a hearing for which at
7 least five days' notice has been given to the person filing the challenge and the applicant, that
8 the applicant has not substantially complied with the provisions of this Section, the action of
9 the ~~City~~ Planning Commission or the Zoning Administrator shall be deemed invalid and the
10 matter shall be rescheduled for hearing after the required notice has been given.
11 Notwithstanding any other provision of this Section, an application may be denied if
12 continuance or delay of action on the application would result in an application being deemed
13 approved pursuant to Government Code Sections 65920 et seq.

1 (2) The following proposed office developments, subject to all other applicable

6 (c) **Appeal and Modification.**

7 * * * *

8 (2) The amount of additional office space of any development shall not count
9 against the maximum for the approval period, beginning from the time the office development

14 expire or are cancelled, revoked or withdrawn.

15 * * * *

24 approval of the office development. Neither the Department of Building Inspection ~~Public Works~~
25

1 nor the Board of *Permit* Appeals shall grant any extension of time inconsistent with the
2 requirements of this Subsection (d)(2).

3 (3) The ~~Bureau~~ Department of Building Inspection shall notify the Planning

12 **SEC. 321.1. ANNUAL LIMIT ADJUSTMENT.**

13 (a) It is the intention of the people of San Francisco that the annual limit on office
14 development be reduced to account for the square footage resulting from the excessive
15 number of building, alteration and site permits that were issued after November 29, 1984, the
16 date the ~~City~~ Planning Commission amended the General Master Plan to include the
17 Downtown Plan.

18 (b) Not later than January 1, 1987 and January 1st of each subsequent year, the
19 Planning ~~Department of City Planning~~ shall survey the records of the Central Permit Bureau

22 29, 1984 that have not lapsed or otherwise been revoked, and all office development projects
23 reapproved by the City, the Successor Agency to the Redevelopment Agency of the City and County
24 of San Francisco Redevelopment Agency or the San Francisco Port Commission after November
25 29, 1984. Reapproval specifically includes any project reconsidered by any agency pursuant

1 to a Court decision. This process shall continue until the Department is able to certify that all
2 projects with approval dates on or before November 4, 1986 have received permits, have
3 been abandoned or are no longer subject to litigation challenging their approval.

4 Notwithstanding any other provision of the ~~City~~ Planning Code or the former provisions of
5 Subsection 320(g), all projects in excess of 24,999 square feet of additional office space shall
6 be included in the survey. The list shall not include permits for projects authorized pursuant to
7 the office development competition set out in Subsection 321(b) and Section 322.

8 (c) Not later than February 1, 1987 and February 1st of each subsequent year as set

18 the Department of ~~Public Works~~ Building Inspection shall not issue any such site or building
19 permit unless such a certified copy is submitted. No site or building permit shall be issued for

17 has been issued, or other appropriate environmental review has been completed; provided,
18 however, that during the first review period, the ~~City~~ Planning Commission shall consider only

7 appropriate action with respect to any application for a project authorization as to which
8 environmental review, in the judgment of the Commission, has not been or will not be
9 completed in sufficient time to allow timely action under applicable law.

10 (E) Any project authorization application which is denied by the ~~City~~
11 Planning Commission, unless such denial is reversed by the Board of ~~Permit~~ Appeals or
12 Board of Supervisors, shall not be resubmitted for a period of one year after denial.

13 (d) **Appeal of Project Authorization.** The ~~City~~ Planning Commission's determination

16 pursuant to the procedural provisions of Section 308.2 of this Code, except in those instances
17 where a conditional use application was filed. In cases in which a conditional use application
18 was filed, the decision of the ~~City~~ Planning Commission may be appealed only to the Board of
19 Supervisors pursuant to Section 308.1 of this Code. The decision on the project authorization
20 by the Board of ~~Permit~~ Appeals or Board of Supervisors shall be the final administrative
21 determination as to all matters relating to the approval of the office development that is the
22 subject of the project authorization, except for matters, not considered in connection with the
23 project authorization, which arise in connection with a subsequent building or site permit

15 **SEC. 401. DEFINITIONS.**

16 In addition to the specific definitions set forth elsewhere in this Article, the following
17 definitions shall govern interpretation of this Article:

18 * * * *

19 "Designated affordable housing zones." For the purposes of implementing the Eastern
20 Neighborhoods Public Benefits Fund, shall mean the Mission NCT defined in Section 736 and
21 those Mixed Use Residential Districts defined in Section 841 that are located within the
22 boundaries of either the East SoMa ~~Soma~~ or Western ~~Soma~~ SoMa Plan Areas.

23 * * * *

24 "Gross ~~f~~floor ~~a~~Area." The total area of each floor within the building's exterior walls, as
25 defined in Section 102 of this Code, except for areas devoted to off-street parking and except

1 that for the purposes of determining the applicability of the TIDF, the exclusion from this
2 definition set forth in Subsection (b)(~~12~~ 13) of the definition of Gross Floor Area shall not apply.
3 The provision for certain projects in the Van Ness Special Use District set forth in Subsection
4 Section 102(b)(20) of the definition shall apply.

5 * * * *

6
7 "Significant increase in residential development potential" shall mean, for purposes of
8 Charter Section 16.110(h) and the implementation of the Inclusionary Affordable Housing
9 Program, for areas subject to a change in zoning enacted after November 6, 2012 that affects
10 40 or more acres or greater and results in a significant increase in residential development
11 potential, where the area is not also encompassed by a Special Use District adopted after
12 November 6, 2012:

13 (a) a 20% or greater increase in developable residential gross floor area, as measured
14 by a change in height limits, Floor Area Ratio limits, or use, over prior zoning, or

15 (b) a change in use permitting ~~R~~Residential ~~U~~Uses (either as a principally permitted use
16 or with a ~~C~~Conditional ~~U~~Use authorization) where ~~R~~Residential ~~U~~Uses were not previously
17 principally permitted or permitted with a ~~C~~Conditional ~~U~~Use authorization, or

18 (c) For parcels with an existing residential development capacity of 10 units or greater,
19 the lesser of

20 1. a 50% or greater increase in residential densities over prior zoning, or,
21 2. an increase in density of at least 15 additional units over the number of units
22 allowed under prior zoning.

23 3. For the purposes of determining residential development capacity, the
24 Planning Department shall use unit sizes and efficiency ratios typical (or the subject area at
25 the time of the rezoning.

1 ~~(4)~~* This definition was adopted *by the Board of Supervisors in Motion M13-097* and may
2 only be amended under Charter Section 16.110(h)(1)(B)(iv).

3 **SEC. 401A. FINDINGS.**

4 (a) **General Findings.** The Board makes the following findings related to the fees
5 imposed under Article ~~4~~.

6 (1) **Application.** The California Mitigation Fee Act, Government Code Section
7 66000 et seq. may apply to some or all of the fees in this Article ~~4~~. While the Mitigation Fee
8 Act may not apply to all fees, the Board has determined that general compliance with its
9 provisions is good public policy in the adoption, imposition, collection, and reporting of fees
10 collected under this Article ~~4~~. By making findings required under the Act, including the
11 findings in this ~~s~~ubsection and findings supporting a reasonable relationship between new
12 development and the fees imposed under this Article ~~4~~, the Board does not make any
13 finding or determination as to whether the Mitigation Fee Act applies to all of the Article ~~4~~
14 fees.

15 (2) **Timing of Fee Collection.** For any of the fees in this Article ~~4~~ collected
16 prior to the issuance of the certificate of occupancy, the Board of Supervisors makes the
17 following findings set forth in California Government Code Section 66007(b): the Board of
18 Supervisors finds, based on information from the Planning Department in Board File No.
19 150149, that it is appropriate to require the payment of the fees in Article ~~4~~ at the time of
20 issuance of the first construction document because the fee will be collected for public
21 improvements or facilities for which an account has been established and funds appropriated
22 and for which the City has adopted a proposed construction schedule or plan prior to the final
23 inspection or issuance of the certificate of occupancy or because the fee is to reimburse the
24 City for expenditures previously made for such public improvements or facilities.

1 (3) **Administrative Fee.** The Board finds, based on information from the
2 Planning Department in Board File No. 150149, that the City agencies administering the fee
3 will incur costs equaling 5% or more of the total amount of fees collected in administering the
4 funds established in Article ~~4 IV~~. Thus, the 5% administrative fee included in the fees in this
5 Article ~~4 IV~~ do not exceed the cost of the City to administer the funds.

7 **SEC. 409. CITYWIDE DEVELOPMENT FEE REPORTING REQUIREMENTS AND COST**
8 **INFLATION FEE ADJUSTMENTS.**

9 * * * *

10 (a) **Citywide Development Fee and Development Impact Requirements Report.** In
11 coordination with the Development Fee Collection Unit at DBI and the Director of Planning
12 Director, the Controller shall issue a report within 180 days after the end of each even-
13 numbered ~~year~~-fiscal year, that provides information on all development fees established in
14 the ~~San Francisco~~ Planning Code collected during the prior two fiscal years organized by
15 development fee account and all cumulative monies collected over the life of each
16 development fee account, as well as all monies expended. The report shall include: (1) a
17 description of the type of fee in each account or fund; (2) the beginning and ending balance of
18 the accounts or funds including any bond funds held by an outside trustee; (3) the amount of
19 fees collected and interest earned; (4) an identification of each public improvement on which
20 fees or bond funds were expended and amount of each expenditure; (5) an identification of
21 the approximate date by which the construction of public improvements will commence; (6) a
22 description of any inter-fund transfer or loan and the public improvement on which the
23 transferred funds will be expended; and (7) the amount of refunds made and any allocations
24 of unexpended fees that are not refunded. The report shall also provide information on the
25 number of projects that elected to satisfy development impact requirements through the

1 provision of "in-kind" physical improvements, including on-site and off-site BMR units, instead
2 of paying development fees. The report shall also include any annual reporting information
3 otherwise required pursuant to the California Mitigation Fee Act, Government Code 66001 et
4 seq. The report shall be presented by the Director of Planning ~~Director~~ to the Planning
5 Commission and to the Land Use & Economic Development Committee of the Board of
6 Supervisors. The Report shall also contain information on the Controller's annual construction
7 cost inflation adjustments to development fees described in subsection (b) below, as well as
8 information on MOH's separate adjustment of the Jobs-Housing Linkage and Inclusionary
9 Affordable Housing fees described in Sections 413.6(b) and 415.5(b)(3).

10 * * * *

11 **SEC. 411.3. APPLICATION OF TIDF.**

12 (a) **Application.** Except as provided in Subsections (1) and (2) below, the TIDF shall
13 be payable with respect to any new development in the City for which a building or site permit
14 is issued on or after September 4, 2004. In reviewing whether a development project is
15 subject to the TIDF, the project shall be considered in its entirety. A sponsor shall not seek
16 multiple applications for building permits to evade paying the TIDF for a single development
17 project.

18 * * * *

19 (2) No TIDF shall be payable on the following types of new development.

20 (A) New development on property owned (including beneficially owned)
21 by the City, except for that portion of the new development that may be developed by a
22 private sponsor and not intended to be occupied by the City or other agency or entity
23 exempted under Section 411.1 et seq., in which case the TIDF shall apply only to such non-
24 exempted portion. New development on property owned by a private person or entity and
25 leased to the City shall be subject to the fee, unless the City is the beneficial owner of such

1 new development or unless such new development is otherwise exempted under this Section.
2 Nothing in this Section shall interfere with the exclusive jurisdiction of the City's charitable
3 trust departments under Article V of the Charter or impose the TIDF on new development by
4 private nonprofit supporting organizations, beneficiaries, tenants, or licensees of said
5 departments, on property under the exclusive jurisdiction of said departments. The exception
6 established under ~~s~~Subsection 411.3(a)(2)(A) for new development on property beneficially
7 owned by the City shall only be applicable where a project sponsor for a new development
8 has filed an application for environmental evaluation, a categorical exemption or a preliminary
9 project assessment on or before the effective date of Ordinance No. 18-14 or, for new
10 development subject to a redevelopment plan, development agreement, interagency
11 cooperation agreement, or other agreement entered into by the City, the project sponsor
12 submits proof that the sponsor has submitted to the ~~s~~Successor ~~a~~Agency to the *former*
13 Redevelopment Agency of the City and County of San Francisco documentation comparable
14 to that required for an application for environmental evaluation, a categorical exemption or a
15 preliminary project assessment for the project on or before the effective date of Ordinance No.
16 18-14.

17 (B) Any new development to the extent application of this Section 411.3
18 ~~Chapter~~ to that development would violate the terms of a redevelopment plan, development
19 agreement, interagency cooperation agreement, or other agreement entered into by the City
20 that is valid and effective on the date that TIDF payments are due under Section 411.3(b). If
21 any such redevelopment plan, development agreement, interagency cooperation agreement
22 or other agreement permits some, but not all, of the TIDF to apply to a development, then the
23 TIDF shall apply to the extent permitted.

24 * * * *

1 (3) The exclusions from TIDF set forth in Section 411.3(a)(2)(F)(iv) and (v)
2 (~~a~~Automotive ~~s~~Services and Wholesale Storage) shall only apply where a project sponsor for a
3 new development has filed an application for environmental evaluation, a categorical
4 exemption or a preliminary project assessment for the project on or before the effective date
5 of Ordinance No. 18-14, or, for new development subject to a redevelopment plan,
6 development agreement, interagency cooperation agreement, or other agreement entered
7 into by the City, the project sponsor submits proof that the sponsor has submitted to the
8 ~~s~~Successor ~~a~~Agency to the former Redevelopment Agency of the City and County of San
9 Francisco documentation comparable to that required for an application for environmental
10 evaluation, a categorical exemption or a preliminary project assessment for the project, on or
11 before the effective date of Ordinance No. 18-14.

12 **SEC. 412.4. IMPOSITION OF DOWNTOWN PARK FEE REQUIREMENT.**

13 * * * *

14 (b) **Amount of Fee.** The amount of the fee shall be \$2 per square foot (*this fee amount is*
15 *increased annually per the Consumer Price Index and the currently applicable fee is listed in the Fee*
16 *Register*) of the ~~n~~Net ~~a~~Addition of ~~g~~Gross ~~f~~Floor ~~a~~Area of ~~o~~Office ~~u~~Use to be constructed as set
17 forth in the final approved building or site permit.

18 * * * *

19 **SEC. 415.3. APPLICATION.**

20 (a) Notwithstanding any other provision to the contrary in this Code, Section 415.1 et
21 seq. shall apply to any housing project that consists of ten or more units where an individual
22 project or a phased project is to be undertaken and where the total undertaking comprises a
23 project with ten or more units, even if the development is on separate but adjacent lots, ~~and~~

24 ~~(1) Does not require Commission approval as a Conditional Use Authorization or~~
25 ~~Planned Unit Development;~~

1 ~~(2) Requires Commission approval as a Conditional Use Authorization or Planned Unit~~
2 ~~Development;~~

3 ~~(3) Consists of live/work units as defined by Section 102.13 of this Code; or~~

4 ~~(4) This provision also applies to housing projects that R~~requires Commission
5 approval of replacement housing destroyed by earthquake, fire or natural disaster only where
6 the destroyed housing included units restricted under the Inclusionary Affordable Housing
7 Program or the City's predecessor inclusionary housing policy, condominium conversion
8 requirements, or other affordable housing program.

9 * * * *

10 **SEC. 415.6. ON-SITE AFFORDABLE HOUSING ALTERNATIVE.**

11 * * * *

12 (g) **Benefits:** If the project sponsor is eligible for and elects to satisfy the affordable
13 housing requirements through the production of on-site affordable housing in this Section
14 415.6, the project sponsor shall be eligible to receive a refund for only that portion of the
15 housing project which is affordable for the following fees: a Conditional Use ~~A~~authorization or
16 other fee required by Section 352 of this Code, if applicable; an environmental review fee
17 required by Administrative Code Section 31.46B, if applicable; a building permit fee required
18 by ~~the Building Code and by~~ Section 355 of this Code for the portion of the housing project that
19 is affordable. The project sponsor shall pay the building fee for the portion of the project that is
20 market-rate. An application for a refund must be made within six months from the issuance of the first
21 certificate of occupancy.

22 The Controller shall refund fees from any appropriated funds to the project sponsor on
23 application by the project sponsor. The application must include a copy of the Certificate of
24 Occupancy for all units affordable to a qualifying household required by the Inclusionary
25

1 Housing Program. It is the policy of the Board of Supervisors to appropriate money for this
2 purpose from the General Fund.

3 **SEC. 419.1. FINDINGS.**

4 (a) **Need for New Housing and Other Land Uses.** San Francisco is experiencing a
5 severe shortage of housing available to people at all income levels. In addition, San Francisco
6 has an ongoing affordable housing crisis. Many future San Francisco workers will be earning
7 below 80% of the area's median income, and even those earning moderate or middle
8 incomes, above the City's median, are likely to need assistance to continue to live in San
9 Francisco. In 2007, the median income for a family of four in the eCity was about \$86,000. Yet
10 median home prices suggest that nearly twice that income is needed to be able to afford a
11 dwelling suitable for a family that size. Only an estimated 10% of households in the eCity can
12 afford a median-priced home.

13 The Association of Bay Area Governments' (ABAG) Regional Housing Needs
14 Determination (RHND) forecasts that San Francisco must produce over 31,000 new units in
15 the next five years, or over 6,000 new units of housing annually, to meet projected needs. At
16 least 60%, or over 18,000, of these new units should be available to households of very low,
17 low, and moderate incomes. With land in short supply in the City, it is increasingly clear that
18 the City's formerly industrial areas offer a critical source of land where this great need for
19 housing, particularly affordable housing, can be partially addressed.

20 * * * *

21 **SEC. 419.6. LAND DEDICATION ALTERNATIVE IN THE MISSION NCT DISTRICT.**

22 The Land Dedication alternative is available for any project within the Mission NCT
23 District under the same terms and conditions as provided for in Section 419.5 ~~4.4(b)(a)(2)(A)-~~
24 (J).

9 Street Neighborhood Commercial District which is outside the plan area. Funds may be used
10 ~~for~~ for childcare facilities that are not publicly owned or publicly-accessible. The

9 Fund may be used by the Planning Commission to commission economic analyses for the
10 purpose of revising the fee, or to complete an updated nexus study to demonstrate the
11 relationship between development and the need for public facilities if this is deemed
12 necessary. All interest earned on this account shall be credited to the Balboa Park Community
13 Improvements Fund.

14 ~~(c)~~ (d) **Acquisition of New Open Space.** A public hearing shall be held by the
15 Recreation and Parks Commission to elicit public comment on proposals for the acquisition of
16 property using monies in the Fund that will ultimately be maintained by the Department of

20 Supervisors that it appropriate money from the Fund for acquisition and development of
21 property acquired for park use.

22 ~~(d)~~ (e) The Planning Department shall work with other City agencies and commissions,
23 specifically the Department of Recreation and Parks, DPW and MTA, to develop a proposed
24 expenditure plan and to develop agreements related to the administration of the
25 improvements to existing public facilities and development of new public facilities within public

1 rights-of-way or on any acquired public property. The proposed expenditure plan shall be
2 approved by the Board of Supervisors.

3 ~~(e)~~ The Director of Planning shall have the authority to prescribe rules and
4 regulations governing the Fund, which are consistent with this Section 422 et seq. The
5 Director of Planning, as the head of the Inter-Agency Plan Implementation Committee (IPIC),
6 shall make recommendations to the Board regarding allocation of funds.

7 **SEC. 423.2. DEFINITIONS.**

8 (a) In addition to the definitions set forth in Section 401 of this Article, the following
9 definitions shall govern interpretation of Section 423.1 et seq.

10 (1) **Tier 1.**

11 (A) All development on sites which received a height increase of eight
12 feet or less, received no height increase, or received a reduction in height, as part of the Eastern

LEGISLATIVE DIGEST
(Substituted 9/29/2015)

[Planning Code - Technical Amendments and Corrections]

Ordinance amending the Planning Code to correct errors, reenact previously-existing language that was repealed in error as part of the Article 2 Reorganization Ordinance, update the Code, and make nonsubstantive language revisions to simplify and clarify text; affirming the Planning Department's determination under the California Environmental Quality Act; and making findings of consistency with the General Plan and the eight priority policies of Planning Code Section 101.1.

Existing Law

Multiple sections in Articles 1, 2, 3, 4, 6, 7, and 8 of the Planning Code are being amended in this 2015 Code Corrections Ordinance to correct errors, reenact previously existing language that was repealed in error in past legislation, update the Code, and make nonsubstantive language revisions to simply and clarify text.

Amendments to Current Law

A significant portion of this 2015 Code Corrections Ordinance is updating out-of-date Code language, for example changing "Master Plan" to "General Plan," "Department of City Planning" to "Planning Department," "City Planning Commission" to "Planning Commission," "Board of Permit Appeals" to "Board of Appeals" and the like. Numerous other amendments are to correct typos, spelling errors, and section cross-references. Language that was repealed in error in the Article 2 Reorganization Ordinance is also reenacted. A list and description of the proposed amendments is contained in the Executive Summary for the Planning Code Text Amendment dated August 15, 2015, and transmitted to the Board of Supervisors by Planning Department staff.

In addition to the amendments listed in the Executive Summary, Section 102 is amended to add "Instructional Services" to the definition of "Sales and Services, Retail" to make it consistent with the "Service, Instructional" definition; Section 155.2 is amended to delete "square footage" after the words "Gross Floor Area" in subsection (a)(6) and to delete "Residential Care Facility" from the Senior Housing box in the Table since that use is listed with the Institutional Educational use; to amend the Section 209.3 Zoning Control Table for Residential-Commercial Districts by re-enacting the conditional use requirement for Group Housing affiliated with and operated by a Hospital or Institutional Educational Use that was repealed in error in the Article 2 Reorganization Ordinance; and to delete Section 121.5 from the Large Project Review box in the Section 209.4 Zoning Control Table for RTO Districts since Section 121.5 has been repealed.

Background Information

The Planning Code is amended approximately 30-40 times a year. While each ordinance is reviewed by Planning Department staff and the City Attorney's Office for consistency and accuracy, the number of changes that occur and the complexity of the Planning Code results in not all errors being caught before the final adoption of legislation. Further, even though the errors typically are minor, they cannot be corrected without legislative action. The last time this was done was in November, 2012.

Planning Commission Recommendation: Approval with Modifications

Dear Ms. Calvillo and Mayor Lee,

On August 13, 2015, the Planning Commission conducted duly noticed public hearings at regularly scheduled meetings to consider the proposed Ordinance, initiated by the Planning Commission, that would amend the Planning Code to correct errors, reenact previously-existing language that was repealed in error as part of the Article 2 Reorganization Ordinance, update the Code, and make nonsubstantive language revisions to simplify and clarify text. At the hearing the Planning Commission recommended approval with modifications. Those modifications have already been incorporated in to the attached ordinance by the drafting Deputy City Attorney.

The proposed amendments are not defined as a project under CEQA Guidelines Section 15060(c) and 15378 because they do not result in a physical change in the environment.

The Department understands that the Mayor's office will be taking sponsorship over the proposed ordinance and introducing it at the Board. Please find attached documents relating to the actions of the Commission. If you have any questions or require further information please do not hesitate to contact me.

Sincerely,

Page 74, Line 13-15: Amend the text of Section 261(b)(1)(A) as follows (proposed modification in double underlined text):

The permitted ~~h~~Height of a Building, as defined in Section 102, shall be increased to 40 feet, as measured at curb per Section ~~102.12~~ 260, where the average ground elevation at the rear line of the lot is higher by 20 or more feet than at the front line thereof;

3. Remove proposed changes to how rear yards for building with SROs are treated in Section 134.

Page 13, Lines 9-10 (keep double underlined language) – For buildings containing only SRO ~~Units~~ in the South of Market Mixed Use and Eastern Neighborhoods Mixed Use Districts.

Page 14 Lines 11-12 (keep double underlined language) - SRO buildings located in either the South of Market Mixed Use or Eastern Neighborhoods Mixed Use Districts not exceeding a height of 65 feet...

Page 14 Lines 21-24 (keep double underlined language) – Except for ~~single room occupancy~~ SRO buildings in the South of Market Mixed Use Districts...

4. Refine proposed language in Section 415.5, "On-Site Affordable Housing Alternative"

Page 118, Lines 18 and 20-21 – Amend the proposed language as follows - "An application for a refund must be made within ~~a reasonable amount of time~~ six months from the issuance of the first certificate of occupancy."

5. Allow the City Attorney's Office in consultation with Planning Department Staff to add additional non-substantive amendments to this Code Corrections Ordinance as it moves through the Board of Supervisors should any further corrections be identified.

FINDINGS

Having reviewed the materials identified in the preamble above, and having heard all testimony and arguments, this Commission finds, concludes, and determines as follows:

1. The Planning Commission recommends approval of the proposed ordinance because it will help the readability, usability and accuracy of the Planning Code.
2. The Planning Code is amended approximately 30-40 times a year. While each ordinance is reviewed by Planning Staff and the City Attorney's office for consistency and accuracy, the number of changes that occur and the complexity of the Planning Code mean that not all errors are caught before final adoption.
3. This ordinance will fix a substantial amount of the identified errors in the Planning Code.
4. **General Plan Compliance.** The proposed Ordinance is, on balance, consistent with the following Objectives and Policies of the General Plan:

I. COMMERCE & INDUSTRY ELEMENT

THE COMMERCE & INDUSTRY ELEMENT SETS FORTH OBJECTIVES AND POLICES THAT ADDRESS THE BROAD RANGE OF ECONOMIC ACTIVITIES, FACILITIES AND SUPPORT SYSTEMS THAT CONSTITUTE SAN FRANCISCO'S EMPLOYMENT AND SERVICE BASE. THE PLAN SERVES AS A COMPREHENSIVE GUIDE FOR BOTH THE PUBLIC AND PRIVATE SECTORS WHEN MAKING DECISIONS RELATED TO ECONOMIC GROWTH AND CHANGE.

GOALS

The objectives and policies are based on the premise that economic development activities in San Francisco must be designed to achieve three overall goals: 1) Economic Vitality - the first goal is to maintain and expand a healthy, vital and diverse economy which will provide jobs essential to personal well-being and revenues to pay for the services essential to the quality of life in the city; 2) Social Equity - the second goal is to assure that all segments of the San Francisco labor force benefit from economic growth. This will require that particular attention be given to reducing the level of unemployment, particularly among the chronically unemployed and those excluded from full participation by race, language or lack of formal occupational training; and 3) Environmental Quality - the third goal is to maintain and enhance the environment. San Francisco's unique and attractive environment is one of the principal reasons San Francisco is a desirable place for residents to live, businesses to locate, and tourists to visit. The pursuit of employment opportunities and economic expansion must not be at the expense of the environment appreciated by all.

OBJECTIVE 1

MANAGE ECONOMIC GROWTH AND CHANGE TO ENSURE ENHANCEMENT OF
THE TOTAL CITY LIVING AND WORKING ENVIRONMENT.

POLICY 1.3

Locate commercial and industrial activities according to a generalized commercial and industrial land use plan

OBJECTIVE 6

MAINTAIN AND STRENGTHEN VIABLE NEIGHBORHOOD COMMERCIAL AREAS EASILY ACCESSIBLE TO CITY RESIDENTS.

POLICY 6.1

Ensure and encourage the retention and provision of neighborhood-serving goods and services in the city's neighborhood commercial districts, while recognizing and encouraging diversity among the districts.

POLICY 6.3

Preserve and promote the mixed commercial-residential character in neighborhood commercial districts. Strike a balance between the preservation of existing affordable housing and needed expansion of commercial activity.

POLICY 6.8

Preserve historically and/or architecturally important buildings or groups of buildings in neighborhood commercial districts.

II. URBAN DESIGN ELEMENT

THE URBAN DESIGN ELEMENT CONCERNS THE PHYSICAL CHARACTER AND ORDER OF THE CITY, AND THE RELATIONSHIP BETWEEN PEOPLE AND THEIR ENVIRONMENT.

GOALS

The Urban Design Element is concerned both with development and with preservation. It is a concerted effort to recognize the positive attributes of the city, to enhance and conserve those attributes, and to improve the living environment where it is less than satisfactory. The Plan is a definition of quality, a definition based upon human needs.

OBJECTIVE 1

EMPHASIS OF THE CHARACTERISTIC PATTERN WHICH GIVES TO THE CITY AND ITS NEIGHBORHOODS AN IMAGE, A SENSE OF PURPOSE, AND A MEANS OF ORIENTATION.

POLICY 1.3

Recognize that buildings, when seen together, produce a total effect that characterizes the city and its districts.

OBJECTIVE 2

CONSERVATION OF RESOURCES WHICH PROVIDE A SENSE OF NATURE, CONTINUITY WITH THE PAST, AND FREEDOM FROM OVERCROWDING.

POLICY 2.4

Preserve notable landmarks and areas of historic, architectural or aesthetic value, and promote the preservation of other buildings and features that provide continuity with past development.

POLICY 2.5

Use care in remodeling of older buildings, in order to enhance rather than weaken the original character of such buildings.

POLICY 2.7

Recognize and protect outstanding and unique areas that contribute in an extraordinary degree to San Francisco's visual form and character.

III. DOWNTOWN ELEMENT

THE DOWNTOWN PLAN GROWS OUT OF AN AWARENESS OF THE PUBLIC CONCERN IN RECENT YEARS OVER THE DEGREE OF CHANGE OCCURRING DOWNTOWN — AND OF THE OFTEN CONFLICTING CIVIC OBJECTIVES BETWEEN FOSTERING A VITAL ECONOMY AND RETAINING THE URBAN PATTERNS AND STRUCTURES WHICH COLLECTIVELY FOR THE PHYSICAL ESSENCE OF SAN FRANCISCO.

OBJECTIVE 1

MANAGE ECONOMIC GROWTH AND CHANGE TO ENSURE ENHANCEMENT OF THE TOTAL CITY LIVING AND WORKING ENVIRONMENT.

OBJECTIVE 12

CONSERVE RESOURCES THAT PROVIDE CONTINUITY WITH SAN FRANCISCO'S PAST.

Policy 12.1

Preserve notable landmarks and areas of historic, architectural, or aesthetic value, and promote the preservation of other buildings and features that provide continuity with past development.

The goal of the proposed Ordinance is to make typographical and clerical errors to the Planning Code.

5. The proposed replacement project is generally consistent with the eight General Plan priority policies set forth in Section 101.1 in that:

- A) The existing neighborhood-serving retail uses will be preserved and enhanced and future opportunities for resident employment in and ownership of such businesses will be enhanced:

The proposed Ordinance would not significantly affect existing neighborhood-serving retail uses or opportunities for employment in or ownership of such businesses.

- B) The existing housing and neighborhood character will be conserved and protected in order to preserve the cultural and economic diversity of our neighborhoods:

The proposed Ordinance will not affect existing housing and neighborhood character.

- C) The City's supply of affordable housing will be preserved and enhanced:

The proposed Ordinance will not affect the supply of affordable housing.

- D) The commuter traffic will not impede MUNI transit service or overburden our streets or neighborhood parking:

The proposed Ordinance will not result in commuter traffic impeding MUNI transit service or overburdening the streets or neighborhood parking.

- E) A diverse economic base will be maintained by protecting our industrial and service sectors from displacement due to commercial office development. And future opportunities for resident employment and ownership in these sectors will be enhanced:

The proposed Ordinance would not adversely affect the industrial or service sectors or future opportunities for resident employment or ownership in these sectors.

- F) The City will achieve the greatest possible preparedness to protect against injury and loss of life in an earthquake.

Preparedness against injury and loss of life in an earthquake is unaffected by the proposed amendments.

- G) That landmark and historic buildings will be preserved:

The proposed Ordinance will not affect the City's landmark or historic buildings.

- H) Parks and open space and their access to sunlight and vistas will be protected from development:

The proposed Ordinance will not affect the City's parks and open space.

I hereby certify that the foregoing Resolution was ADOPTED by the San Francisco Planning Commission on August 13, 2015.

PLANNING CODE AMENDMENT

Ordinance amending the Planning Code to correct errors, reenact previously-existing language that was repealed in error as part of the Article 2 Reorganization Ordinance, update the Code, and make nonsubstantive language revisions to simplify and clarify text.

The Way It Is Now:

The Planning Code contains various errors, improper and outdated cross-references, lack of clarity, grammar mistakes, and incorrect illustrations.

The Way It Would Be:

The proposed ordinance seeks to correct these errors.

BACKGROUND

The Planning Code is amended approximately 30-40 times a year. While each ordinance is reviewed by Planning Staff and the City Attorney's office for consistency and accuracy, the number of changes that occur and the complexity of the Planning Code mean that not all errors are caught before final adoption. Further, even though these are typically minor errors, they cannot be fixed without a legislative change. From time to time, the Planning Department collects all of the reported Planning Code errors and compiles them into a Code Corrections Ordinance. The last time this was done was in November 2012. On July 18, 2015 the Planning Commission initiated this Code Corrections Ordinance.

ISSUES AND CONSIDERATIONS

Updating Out-Of-Date Language

A significant portion of the 2015 Code Corrections Ordinance is updating out-of-date language. Three of the most common corrections are changing "Master Plan" to "General Plan", "Department of City Planning" to "Planning Department," and "City Planning Commission" to "Planning Commission."

When San Francisco first started comprehensive planning for the City in 1945, the resulting document was called the Master Plan. In 1976, the California State Legislature mandated that cities prepare General Plans. It's believed that the City changed the name of the Master Plan to General Plan around this time; however the term Master Plan still persists in several areas of the Planning Code. This Code Corrections

Ordinance seeks to eliminate all references to the Master Plan and replace it with references to the General Plan.

San Francisco is a unique place in many ways, but one of its lesser known claims to fame is that it is the only municipality in California that is both a city and a county. There are a lot of places in the Planning Code that refer to the "Department of City Planning" or "City Planning Commission," however since the Planning Department and Planning Commission serve both the city and the county of San Francisco, limiting these entities to just the city is inaccurate. The Department has been changing these inaccurate references over the past couple of years whenever they come up in a proposed ordinance. This Code Corrections Ordinance may have gotten just about all of them.

Misspellings and Incorrect Planning Code References

Perhaps the next most common occurrences in the 2015 Code Correction Ordinance are fixes to misspelling and incorrect section references. Misspellings run the gamut between formula vs formal, principal vs. principle, plague vs plaque, etc. Incorrect section references are all over the Planning Code, mostly caused by past ordinances that moved certain section of the Code, but did not also change pertinent references. A significant number of these in the 2015 Code Correction's Ordinance were caused when Planning Department fees were moved from Article 3 to Article 4 of the Planning Code. Most of the incorrect references in the Article 2 zoning controls tables were a result of the Article 2 Reorganization Ordinance (hereinafter Article 2 Ordinance).

Article 2 Ordinance Corrections

On July 24, 2012, the Planning Commission initiated the Article 2 Ordinance, a 560 page ordinance that consolidate definitions into Section 102 of the Planning Code, reorganized Article 2 to create Zoning Control Tables, and made other non-substantive changes to various sections in Articles 1, 2, 3, 4, 6, 7 and 8 in order to update, clarify, and simplify Code language. On November 20, 2014, the Planning Commission recommended approval of this ordinance to the Full Board of Supervisors, and on March 22 of this year the Article 2 Ordinance became effective. This Ordinance includes clean-up pieces from the Article 2 Ordinance, such as omission and incorrect references. Some errors are very minor, like incorrect references (see above) and minor typos, others were more significant; both are included in the 2015 Code Corrections Ordinance. The following is a list of the significant corrections that are a result of the Article 2 Reorganization:

Page 5, Line 15

Proposed Correction: Change "inpatient and outpatient medical care" to "inpatient or outpatient medical care."

The change from an "or" to an "and" was mistakenly made as part of the Article 2 Ordinance and incorrectly limited what a Hospital could be. This change will fix that mistake.

Pages 9-11, Line 7

Proposed Correction: Add Table 124, Basic Floor Area Ratio (FAR) Limits, back to the Planning Code.

One of the main changes in the Article 2 Ordinance was the creation of Zoning Control Tables for all zoning districts in Article 2. Table 124 was deleted as part of the Article 2 Ordinance because it repeats FAR information that was already promulgated in the zoning control tables. The deletion was intended to remove duplicative information that often does not get revised when FAR limits are changed. However, it was discovered after Article 2 Ordinance became effective that zoning control tables for several zoning district in Article 8 do not include FAR limits. For now, the Department is proposing that

Table 124 be put back in the Planning Code until Zoning Control Tables in Article 8 can be reformatted and amended to include FAR limits.

Page 52, Line 18-19

Proposed Correction: Amend the height controls in Table 209.1 as follows, "No portion of a Dwelling Buildings may ~~not~~ be taller than 35 feet."

Proposed for further modifications, see Recommendation #1 below.

Page 53, Line 9

Proposed Correction: Removal of Parking Lot controls under Street Frontage and Public Realm Section in Table 209.1

These uses controls were placed under the wrong section of the Table 209.1, and they are also the wrong controls for parking lots in RH Districts.

Page 53, Line 18

Proposed Correction: Add conditional use requirement for Private Parking Lots in RH districts.

Table 209.1 incorrectly prohibits private parking lots in RH districts. Prior to the Article 2 Ordinance, private parking lots were permitted with conditional use authorization in all RH zoning Districts.

Page 55, Lines 8-9

Proposed Correction: Add conditional use requirement for Private Parking Lots in RM districts.

Table 209.2 incorrectly prohibits private parking lots in RM districts. Prior to the Article 2 Ordinance private parking lots were permitted with conditional use authorization in all RM zoning Districts.

Page 55, Lines 12-14

Proposed Correction: Count 500 sq. ft. units as three-quarters of a unit in RM-4 districts

Prior to the Article 2 Ordinance, units that were less than 500 sq. ft. were counted as three-quarters of a unit in RM-4 Zoning Districts. This change will add this provision back to the Planning Code.

Page 56, Line 20

Proposed Correction: Add conditional use requirement for Private Parking Lots in RC districts.

Table 209.3 incorrectly prohibits private parking lots in RC districts. Prior to the Article 2 Ordinance private parking lots were permitted with conditional use authorization in all RC zoning districts.

Page 57, Line 4

Proposed Correction: Prohibit Massage establishment in RC districts

Prior to the Article 2 Ordinance, Massage Establishments were not permitted in RC districts. This Ordinance will add this provision back to the Planning Code.

Page 57, Lines 7-10

Proposed Correction: Count 500 sq. ft. units as three-quarters of a unit in RC-4 districts

Prior to the Article 2 Ordinance, units that were less than 500 sq. ft. were counted as three-quarters of a unit in RC-4 zoning districts. This change will add this provision back to the Planning Code.

Page 59, Lines 24-25

Proposed Correction: Delete the following text – “Limited Commercial Uses may be conditionally permitted in historic buildings subject to § 186.3.”

Section 186.3 only applies to RH and RM Districts; it does not apply to RTO Districts. This text is being removed because it is inaccurate.

Page 60, Lines 8-9

Proposed Correction: Add conditional use requirement for Private Parking Lots in RTO districts.

Table 209.4 incorrectly prohibits private parking lots in RTO districts. Prior to the Article 2 Ordinance private parking lots were permitted with conditional use authorization in all RTO zoning districts.

Page 60, Lines 13-17

Proposed Correction: Count 500 sq. ft. units as three-quarters of a unit in RTO districts

Prior to the Article 2 Ordinance, units that were less than 500 sq. ft. were counted as three-quarters of a unit in RTO zoning districts. This change will add this provision back to the Planning Code.

Page 62, Lines 2-6

Proposed Change: Amend Table 210.1 to require CU for Parking Garages and Parking Lots in C-2 zoning districts.

One part of the NE Ordinance (BF 120881, Enactment #232-14) amended the Planning Code to require CU authorization for parking lots and parking garages in C-2 districts. Because of some overlap in the drafting of the Article 2 Ordinance and the effective date of the NE Ordinance, this change was not included in the final draft of the Article 2 Ordinance. This amendment will require CU authorization for Private Parking Lots and Garages, and Public Parking Lots in C-2 districts. Public Parking Garages already require CU authorization.

Page 62, Lines 22-24

Proposed Correction: Amend the residential parking controls for C-3 Districts in Table 210.2.

This amendment amends the Table 210.2 to be consistent with the residential parking controls for C-3 districts in Section 151.1. A portion of the NE Ordinance (BF 120881, Enactment #232-14) amended the Planning Code by increasing the number of parking spaces that were permitted as or right, and capped the number of parking spaces allowed with CU authorization in C-3 Districts. Because of some overlap in the drafting of the Article 2 Ordinance and the effective date of the NE Ordinance, this change was not included in the final draft of the Article 2 Ordinance.

Page 63, Lines 21-24

Proposed Correction: Amend Table 210.2 “C-3 Zoning Districts” to make Public and Private Parking Lots in C-3-S Districts not permitted.

A portion of the NE Ordinance (BF 120881, Enactment #232-14) amended the Planning Code by prohibiting Public and Private Parking Lots in the C-3-S District. Because of some overlap in the drafting of the Article 2 Ordinance and the effective date of the NE Ordinance, this change was not included in the final draft of the Article 2 Ordinance.

Page 65, Lines 3-5

Proposed Correction: Amend Table 210.3 to require CU for Offices in Landmark Buildings

Board File 140876 (Enactment #26-15) amended the Planning Code to require CU for Offices in Landmark Buildings. Prior to this they were principally permitted. Due to overlap, Board File 140876 and the Article 2 Ordinance were never reconciled to integrate the changes in PDR controls to the new Zoning Control Table.

Page 65, Line 24

Proposed Correction: Amend the Non-Retail Sales and Service Use controls for PDR district to be clearer.

The controls for Non-Retail Sales and Service Uses are being changed from Permitted (P) to Not Permitted (NP). This control also has an existing footnote that clarifies that these uses are not permitted unless in a designated landmark. Since the default control is actually NP and not P, this control is being amended to be more accurate and clearer.

Page 73, Line 11

Proposed Correction: Add "except for Motels and Hotels" to what is permitted in the Bayshore Boulevard Home Improvement Special Use District.

Prior to the Article 2 ordinance, Hotels and Motels were categorized as "Other Housing." Now they are categorized as Retail Sales and Service uses. As part of the Article 2 reorganization, Section 249.65 was amended to allow Retail Sales and Services as defined in Section 102, which includes Hotels and Motels. Since Hotels and Motels were not previously permitted, this language is being added to clarify the controls.

Page 80, Line 8

Proposed Correction: Add General Entertainment to Section 303 CU findings for Entertain Use CUs.

The Article 2 Ordinance moved the CU criteria for Adult Business and Other Entertainment to Section 303 (Conditional Use Procedures and Criteria). General Entertainment is a new use that is derived from the Other Entertainment Use category, and will take the place of Other Entertainment once Articles 7 and 8 are reorganized and simplified; therefore General Entertainment uses that require CU authorization should be evaluated under the same controls as Other Entertainment is today.

Page 81, Line 2

Proposed Correction: Put back the criteria for large lots developments in RTO and RTO-M Districts.

The Article 2 Ordinance kept the CU requirement for large lot developments in RTO and RTO-M Districts, but inadvertently deleted the CU criteria for large lots developments in these districts. This correction will put these criteria back in the Code under Section 303 (CU Procedures and Criteria).

Other Proposed Corrections

The following is a summary of other proposed corrections in the ordinance that aren't simply an incorrect section number, or misspelling. The changes include among other things, clarifications, removal of outdated or contradictory text, and deletion of erroneously placed graphics.

Page 12, Lines 12-24

Proposed Correction: Delete list of zoning districts where the subject controls apply.

Section 134 lists all of the zoning districts that are covered under this section in the title, the introduction paragraph, and when the requirements are described. The proposed change will delete the list of zoning

districts in the introduction because they are unnecessary, complicate this section of the Code, and are often not updated when new districts or controls are added to this section.

Page 13, Lines 5-6 and Page 14 Lines 2-3

Proposed Correction: Correct the Pacific Avenue Rear Yard Controls in Section 134.

According to Table 732, the rear yard requirement for the Pacific Avenue NCD is actually 45 percent of the rear yard depth and not 25 percent, as implied in this Section. The proposed change seeks to clarify this requirement and make Section 134 consistent with Section 732.

Page 13, Lines 9-10, Page 14, Lines 11-12 and 22

Proposed Correction: Deleting the provision that makes required rear yard exceptions only apply to SROs in the SoMa Mixed Use Districts and Eastern Neighborhoods Mixed Use Districts.

See Recommendation 3 below

Page 17, Lines 17-18

Proposed Correction: Add "Driveway" to Table 1, Pedestrian and Streetscape Elements.

Driveways are a physical element discussed in the Better Streets Plan, but was left out of this chart. This change seeks to correct that error.

Page 25-36

Proposed Correction: Amendments to the Table 155.2 Bicycle Parking Spaces Required

This proposed correction seeks to make the uses listed in Table 155.2 (bike parking requirements) consistent with the uses listed in Section 102 in order to make implementing these requirements easier. A similar effort is underway for Section 151, and 151.1 (parking requirements and maximums), but those changes require more substantive and thorough policy discussion, so they have been folded into a separate ordinance that will be considered at a later date.

Pages 37 and 38

Proposed Correction: Amendments to the Table 155.4 Requirements for Shower Facilities and Lockers

Similar to the changes to Table 155.2, this proposed correction seeks to make the uses listed in Section 155.4 consistent with the uses listed in Section 102 to make implementing these requirements easier.

Page 44, Line 8-20

Proposed Change: Reword and reorganize existing text in Section 186.1

The existing language is confusing. The proposed amends clarify this section, but make no substantive changes.

Page 48, Lines 4-18

Proposed Change: Clarify location and operational conditions for Medical Cannabis Dispensaries.

The language proposed for deletion address MCDs that were in operation before 2005 and located within 1000 feet of a School or Recreational Facility. These uses were grandfathered in by this language. All of the MCDs affected by this Section have gone through the permitting process, making this confusing and overly wordy language unnecessary.

Page 51, Lines 5-6

Proposed Change: Eliminate contradictory language from Section 207(b)(1)

The language proposed for deletion contradicts the statement in the following sentence. A recent ordinance (BF140036, Ordinance Num. 152-14) amended how we calculate density by allowing fractions of one half or more to be rounded up, allowing one additional unit.

Page 76, Lines 1-20

Proposed Correction: Delete Chart C

Chart C appears in and pertains to Section 270. For some reason it was also included in Section 271, where it is not relevant. The proposed change will correct this error by deleting it.

Page 88, line 4

Proposed Correction: Make the Planning Code's controls consistent with the City Charter.

The City Charter states that Planning Commission interim controls can be over turned by the Board of Supervisor's with a majority vote. The Planning Code states that the Board needs a unanimous vote to overturn Commission interim controls. In all cases, the City's Charter overrides the Planning Code. This change will make the Planning Code consistent with the City's Charter.

Page 110, Line 16 and 17

Proposed Correction: Delete text related for Planning Code Violations

This fee is no longer applicable for code violations so it is being removed. This fee was removed from the September 2, 2014 fee schedule.

Page 117 and 118, Lines 24-24, and 1-4

Proposed Correction: Delete of Subsection (a)(1)-(a)(3) for Section 415.3 Application

Subsection (a)(1) and subsection (a)(2) are proposed for deletion because they negate each other and are unnecessary. Subsection (a)(3) is proposed for deletion because Live Work Lofts are no longer permitted.

Page 118, Lines 18 and 20-21

Proposed Correction: Deleted reference to the Building Code and add language establishing a reasonable time for refund.

"Building Code" is proposed for deletion because it doesn't require fees. If a permit requires review by the Planning Department, that fee is promulgated in the Planning Code. The reference to the Building Code is unnecessary and inaccurate. Staff is proposing that the proposed language on lines 20-21 be further refined as part of Recommendation #4 below.

Page 122, Line 12

Proposed Correction: Add "received no height increase" to this Section.

This is clarifying language. Tier 1 is supposed to include projects that did not benefit or only benefited slightly from the height increases in the Eastern Neighborhoods rezoning, including projects that received an eight foot height increase and a decrease in height. Implied in that statement are projects that did not receive a height increase at all. This change will make that explicit.

Page 125, Lines 18-19

Proposed Correction: Correct the title of Table 424.5A.

This chart is an exact copy of the Market and Octavia Community Improvement Fee in Section 421. When the table was added to the Code it was likely cut and pasted into the proposed ordinance without correcting the title. This change will make sure the title of the table match the title of the Code section.

Page 126, Lines 23-25

Proposed Correction: Delete Text in Subsection (c)(3)

This subsection is being deleted because it contains a reference that does not exist. The referenced provision, 123(e)(1), was incorporated into the adopted TCDP Planning Code ordinance as an uncodified provision.

Page 127, Lines 4-20

Proposed Correction: Delete text from Subsection (c)

Board File 130549 (Ordinance #263-13) supersedes this section on Controller's responsibilities to file the required report.

Page 128, Lines 13-15

Proposed Correction: Delete Text in Subsection (c)(5)

This subsection is being deleted because it contains a reference that does not exist. The text from the referenced provision, 123(e)(1), was incorporated into the adopted TCDP Planning Code ordinance as an uncodified provision.

Pages 128 and 129, Lines 20-25 and 1-11

Proposed Correction: Delete subsection (c) of Section 424.7.4

Board File 130549 (Ordinance #263-13) supersedes this section on Controller's responsibilities to file the required report.

Page 129, Line 13

Proposed Correction: Delete "In C-3 Districts" from the Section 429 title.

The public art requirement in Section 429 applies to more districts than just C-3 districts. This change is proposed to make the title more accurate.

Page 131, Lines 18-21

Proposed Correction: Delete language in Section 604(c)

The language proposed for deletion is confusing, and circular. The proposed correction will replace it with clearer, more straightforward language.

Page 132, Line 16

Proposed Correction: Add "one nonilluminated or directly illuminated" to nameplate controls in Section 607.2.

All other signs in these districts are permitted to be nonilluminated or directly illuminated. This change is clarifying that nameplate signs can also be.

Page 132, Line 25

Proposed Correction: Strike "or signs combined when there are multiple signs" from Section 607.2(f)(1)(C). This language contradicts the previous sentence. If there can only be one sign per business then there cannot be multiple signs.

Page 133-134, Lines 7, 10-12, 21-24, and 1-4

Proposed Correction: Add references to Special Use Districts within Article 6, Sign Controls. Some Special Use Districts (SUDs) also have sign controls; the purpose behind this added language is to provide a reference to these SUDs in Article 6 of the Code.

Page 136, Line 7

Proposed Correction: Delete language, "and shall be set back three feet from the front property line." The Formula Retail Ordinance (Board File 140844, Ordinance # 235-14) removed the three foot setback rule for ATM machines throughout the City; however the ordinance missed this one reference. Striking this language is intended to fix this omission.

Page 137, Line 19

Proposed Correction: Delete "movie theaters" from the description of what is not permitted in SALI zoning Districts.

The zoning control table for SALI districts allows movie theaters with up to three screens. This proposed change seeks to make the description of the zoning district consistent with the actual land use controls in the district.

REQUIRED COMMISSION ACTION

The proposed Ordinance is before the Commission so that it may recommend adoption, rejection, or adoption with modifications to the Board of Supervisors.

RECOMMENDATION

The Department recommends that the Commission recommend *approval with modifications* of the proposed Ordinance and adopt the attached Draft Resolution to that effect.

The Department's proposed recommendations are as follows:

Recommendation 1: Add clarifying language to the height and bulk limits in table 209.1

Page 52, Line 18: Amend text in Height and Bulk Limits for RH Districts to say the following (proposed modification in double underlined text):

No portion of a Dwelling Buildings may not be taller than 35 feet; Structures with uses other than Dwellings may be constructed to the prescribed height limit, which is generally 40 feet. Per § 261 the height limit may be decreased or increased based on the slope of the lot.

Recommendation 2: Add reference to Planning Code Section 260 to Section 261

Page 74, Line 13-15: Amend the text of Section 261(b)(1)(A) as follows (proposed modification in double underlined text):

The permitted ~~Height of a Building, as defined in Section 102,~~ shall be increased to 40 feet, as measured at curb per Section ~~102.12~~ 260, where the average ground elevation at the rear line of the lot is higher by 20 or more feet than at the front line thereof;

Recommendation #3: Remove proposed changes to how rear yards for building with SROs are treated in Section 134.

Page 14 Lines 21-24 (keep double underlined language) – Except for ~~single room occupancy~~ SRO buildings in the South of Market Mixed Use Districts...

Recommendation #4: Refine proposed language in Section 415.5, “On-Site Affordable Housing Alternative”

Page 118, Lines 18 and 20-21 – Amend the proposed language as follows - “An application for a refund must be made within ~~a reasonable amount of time~~ six months from the issuance of the first certificate of occupancy.”

Recommendation #5: Allow the City Attorney’s Office to add additional non-substantive amendments to this Code Corrections Ordinance as it moves through the Board of Supervisors should any further corrections be identified.

BASIS FOR RECOMMENDATION

The Planning Department recommends approval of the proposed ordinance because it will help the readability, usability and accuracy of the Planning Code. The Planning Code is amended approximately 30-40 times a year. While each ordinance is reviewed by Planning Staff and the City Attorney’s office for consistency and accuracy, the number of changes that occur and the complexity of the Planning Code mean that not all errors are caught before final adoption. This ordinance will fix a substantial number of the identified errors in the Planning Code.

Recommendation 1: Add clarifying language to the height and bulk limits in table 209.1

Staff met with the Coalition for San Francisco Neighborhoods (CSFN) after this Ordinance was initiated by the Planning Commission. As a result of that meeting, staff agreed to add this language, which further clarifies the height requirements in RH-1 Districts.

Recommendation 2: Add reference to Planning Code Section 260 to Section 261

Staff met with CSFN after this proposed ordinance was initiated by the Planning Commission. As a result of that meeting, staff agreed to add this language, which clarifies how height is measured in RH Districts.

Recommendation #3: Remove proposed changes to how rear yards for building with SRO are treated in Section 134.

Member of CSFN correctly pointed out that deleting this text would allow SROs in RH districts the ability to reduce their rear yard requirement, where currently this provision is only limited to SROs in the South of Market area. SROs are limited to 350 square feet, and the density and group housing controls in RH districts make them a less financially feasible than regular sized units in RH Districts; however the proposed change not a correction and does not need to be deleted to clarify or correct any other issue. Therefore, staff is recommending that it be kept in the Code and not deleted.

Recommendation #4: Refine proposed language in Section 415.5, "On-Site Affordable Housing Alternative"

This language is being proposed because there is currently no deadline for when a refund requested under this Section of the Code needs to be filed, opening up the possibility that developers could seek the refund several years after the certificate of occupancy was issued. Staff is proposing to further refine the language in order to make it less ambiguous. Six months was chosen because that is the same amount of time that the Administrative Codes and other section of the Planning Code give for when refunds can be processed for applications.

Recommendation #5: Allow the City Attorney's Office to add additional non-substantive amendments to this Code Corrections Ordinance as it moves through the Board of Supervisors should any further corrections be identified.

Other needed corrections may be discovered in the process of bringing this ordinance to the Board. Rather than waiting for another Code Corrections Ordinance to make those corrections, staff is requesting that the Commission include this recommendation in their motion.

ENVIRONMENTAL REVIEW

The proposed amendments are not defined as a project under CEQA Guidelines Section 15060(c) and 15378 because it does not result in a physical change in the environment.

PUBLIC COMMENT

The Department received feedback from the Coalition of San Francisco neighborhoods, and some modifications to this Ordinance are being recommended as a result of that feedback.

FINDINGS

Having reviewed the materials identified in the preamble above, and having heard all testimony and arguments, this Commission finds, concludes, and determines as follows:

1. The Planning Commission recommends approval of the proposed ordinance because it will help the readability, usability and accuracy of the Planning Code.
2. The Planning Code is amended approximately 30-40 times a year. While each ordinance is reviewed by Planning Staff and the City Attorney's office for consistency and accuracy, the number of changes that occur and the complexity of the Planning Code mean that not all errors are caught before final adoption.
3. This ordinance will fix a substantial amount of the identified errors in the Planning Code.
4. **General Plan Compliance.** The proposed Ordinance is, on balance, consistent with the following Objectives and Policies of the General Plan:

I. COMMERCE & INDUSTRY ELEMENT

THE COMMERCE & INDUSTRY ELEMENT SETS FORTH OBJECTIVES AND POLICES THAT ADDRESS THE BROAD RANGE OF ECONOMIC ACTIVITIES, FACILITIES AND SUPPORT SYSTEMS THAT CONSTITUTE SAN FRANCISCO'S EMPLOYMENT AND SERVICE BASE. THE PLAN SERVES AS A COMPREHENSIVE GUIDE FOR BOTH THE PUBLIC AND PRIVATE SECTORS WHEN MAKING DECISIONS RELATED TO ECONOMIC GROWTH AND CHANGE.

GOALS

The objectives and policies are based on the premise that economic development activities in San Francisco must be designed to achieve three overall goals: 1) Economic Vitality - the first goal is to maintain and expand a healthy, vital and diverse economy which will provide jobs essential to personal well-being and revenues to pay for the services essential to the quality of life in the city; 2) Social Equity - the second goal is to assure that all segments of the San Francisco labor force benefit from economic growth. This will require that particular attention be given to reducing the level of unemployment, particularly among the chronically unemployed and those excluded from full participation by race, language or lack of formal occupational training; and 3) Environmental Quality - the third goal is to maintain and enhance the environment. San Francisco's unique and attractive environment is one of the principal reasons San Francisco is a desirable place for residents to live, businesses to locate, and tourists to visit. The pursuit of employment opportunities and economic expansion must not be at the expense of the environment appreciated by all.

OBJECTIVE 1

MANAGE ECONOMIC GROWTH AND CHANGE TO ENSURE ENHANCEMENT OF
THE TOTAL CITY LIVING AND WORKING ENVIRONMENT.

POLICY 1.3

Locate commercial and industrial activities according to a generalized commercial and industrial land use plan

OBJECTIVE 6

MAINTAIN AND STRENGTHEN VIABLE NEIGHBORHOOD COMMERCIAL AREAS EASILY ACCESSIBLE TO CITY RESIDENTS.

POLICY 6.1

Ensure and encourage the retention and provision of neighborhood-serving goods and services in the city's neighborhood commercial districts, while recognizing and encouraging diversity among the districts.

POLICY 6.3

Preserve and promote the mixed commercial-residential character in neighborhood commercial districts. Strike a balance between the preservation of existing affordable housing and needed expansion of commercial activity.

POLICY 6.8

Preserve historically and/or architecturally important buildings or groups of buildings in neighborhood commercial districts.

II. URBAN DESIGN ELEMENT

THE URBAN DESIGN ELEMENT CONCERNS THE PHYSICAL CHARACTER AND ORDER OF THE CITY, AND THE RELATIONSHIP BETWEEN PEOPLE AND THEIR ENVIRONMENT.

GOALS

The Urban Design Element is concerned both with development and with preservation. It is a concerted effort to recognize the positive attributes of the city, to enhance and conserve those attributes, and to improve the living environment where it is less than satisfactory. The Plan is a definition of quality, a definition based upon human needs.

OBJECTIVE 1

EMPHASIS OF THE CHARACTERISTIC PATTERN WHICH GIVES TO THE CITY AND ITS NEIGHBORHOODS AN IMAGE, A SENSE OF PURPOSE, AND A MEANS OF ORIENTATION.

POLICY 1.3

Recognize that buildings, when seen together, produce a total effect that characterizes the city and its districts.

OBJECTIVE 2

CONSERVATION OF RESOURCES WHICH PROVIDE A SENSE OF NATURE, CONTINUITY WITH THE PAST, AND FREEDOM FROM OVERCROWDING.

POLICY 2.4

Preserve notable landmarks and areas of historic, architectural or aesthetic value, and promote the preservation of other buildings and features that provide continuity with past development.

POLICY 2.5

Use care in remodeling of older buildings, in order to enhance rather than weaken the original character of such buildings.

POLICY 2.7

Recognize and protect outstanding and unique areas that contribute in an extraordinary degree to San Francisco's visual form and character.

III. DOWNTOWN ELEMENT

THE DOWNTOWN PLAN GROWS OUT OF AN AWARENESS OF THE PUBLIC CONCERN IN RECENT YEARS OVER THE DEGREE OF CHANGE OCCURRING DOWNTOWN — AND OF THE OFTEN CONFLICTING CIVIC OBJECTIVES BETWEEN FOSTERING A VITAL ECONOMY AND RETAINING THE URBAN PATTERNS AND STRUCTURES WHICH COLLECTIVELY FOR THE PHYSICAL ESSENCE OF SAN FRANCISCO.

OBJECTIVE 1

MANAGE ECONOMIC GROWTH AND CHANGE TO ENSURE ENHANCEMENT OF THE TOTAL CITY LIVING AND WORKING ENVIRONMENT.

OBJECTIVE 12

CONSERVE RESOURCES THAT PROVIDE CONTINUITY WITH SAN FRANCISCO'S PAST.

Policy 12.1

Preserve notable landmarks and areas of historic, architectural, or aesthetic value, and promote the preservation of other buildings and features that provide continuity with past development.

The goal of the proposed Ordinance is to make typographical and clerical errors to the Planning Code.

5. The proposed replacement project is generally consistent with the eight General Plan priority policies set forth in Section 101.1 in that:

- A) The existing neighborhood-serving retail uses will be preserved and enhanced and future opportunities for resident employment in and ownership of such businesses will be enhanced:

The proposed Ordinance would not significantly affect existing neighborhood-serving retail uses or opportunities for employment in or ownership of such businesses.

- B) The existing housing and neighborhood character will be conserved and protected in order to preserve the cultural and economic diversity of our neighborhoods:

The proposed Ordinance will not affect existing housing and neighborhood character.

- C) The City's supply of affordable housing will be preserved and enhanced:

The proposed Ordinance will not affect the supply of affordable housing.

- D) The commuter traffic will not impede MUNI transit service or overburden our streets or neighborhood parking:

The proposed Ordinance will not result in commuter traffic impeding MUNI transit service or overburdening the streets or neighborhood parking.

- E) A diverse economic base will be maintained by protecting our industrial and service sectors from displacement due to commercial office development. And future opportunities for resident employment and ownership in these sectors will be enhanced:

The proposed Ordinance would not adversely affect the industrial or service sectors or future opportunities for resident employment or ownership in these sectors.

- F) The City will achieve the greatest possible preparedness to protect against injury and loss of life in an earthquake.

Preparedness against injury and loss of life in an earthquake is unaffected by the proposed amendments.

- G) That landmark and historic buildings will be preserved:

The proposed Ordinance will not affect the City's landmark or historic buildings.

- H) Parks and open space and their access to sunlight and vistas will be protected from development:

The proposed Ordinance will not affect the City's parks and open space.

I hereby certify that the foregoing Resolution was ADOPTED by the San Francisco Planning Commission on August 13, 2015.
