16. Nondiscrimination; Penalties. (a) Contractor Shall Not Discriminate. In the performance of this contract, Contractor agrees not to discriminate on the basis of the fact or perception of a person's race, color, creed, religion, national origin, ancestry, age, sex, sexual orientation, gender identity, domestic partner status, marital status, disability or AIDS or HIV status (AIDS/HIV status) against any employee of, any City employee working with, or applicant for employment with Contractor, in any of Contractor's operations within the U.S., or against any person seeking accommodations, advantages, facilities, privileges, services, or membership in all business, social, or other establishments or organizations operated by Contractor. (b) Subcontracts. Contractor shall incorporate by reference in all subcontracts the provisions of Sections 12B.2(a), 12B.2(c)-(k), and 12C.3 of the S.F. Admin. Code (copies of which are available from Purchasing) and shall require all subcontractors to comply with such provisions. Contractor's failure to comply with the obligations in this subsection shall constitute a material breach of this contract. (c) Nondiscrimination in Benefits. Contractor does not as of the date of this contract and will not during the term of this contract, in any of its operations in San Francisco, on real property owned by the City or where work is being performed for the City, discriminate in the provision of bereavement leave, family medical leave, health benefits, membership or membership discounts, moving expenses, pension and retirement benefits or travel benefits, and any benefits other than the benefits specified above, between employees with domestic partners and employees with spouses, or between the domestic partners and spouses of such employees, if the domestic partnership has been registered with a governmental entity pursuant to state or local law authorizing such registration, subject to conditions set forth in Admin. Code Sec.12B.2(b). (d) Incorporation of Administrative Code Provisions by Reference. The provisions of Chapters 12B and 12C of the Admin. Code are incorporated in this Section by reference and made a part of this contract as though fully set forth herein. Contractor shall comply fully with and be bound by all of the provisions that apply to this under such Chapters including but not limited to the remedies provided in such Chapters. Without limiting the foregoing, Contractor understands that pursuant to Sec. 12B.2(h) of the S.F. Admin. Code, a penalty of \$50 for each person for each calendar day during which such person was discriminated against in violation of the provisions of this contract may be assessed against Contractor and/or deducted from any payments due Contractor.

17. Minority/Women/Local Business Utilization; Liquidated Damages. a. Compliance. Contractor understands and agrees to comply fully with all provisions of Chapter 12D.A ("Minority/Women/ Local Business Utilization Ordinance--IV") of the San Francisco Administrative Code and agrees to include this paragraph in all subcontracts made in fulfilment of the Contractor's obligations under this contract. Said provisions are incorporated herein by reference and made a part of this contract as though fully set forth. Contractor's willful failure to comply with Chapter 12D.A is a material breach of contract.

b. Enforcement. If Contractor willfully fails to comply with any of the provisions of Chapter 12D.A, the rules and regulations implementing Chapter 12D.A, or the provisions of this contract pertaining to MBE or WBE participation, Contractor shall be liable for liquidated damages in an amount equal to Contractor's net profit on this contract, or 10% of the total amount of this contract, or \$1,000, whichever is greatest. The Director of the City's Human Rights Commission (HRC) may also impose other sanctions against Contractor authorized in Chapter 12D.A, including declaring the Contractor to be irresponsible and ineligible to contract with the City for a period of up to five years or revocation of the Contractor's MBE or WBE certification. The Director of HRC will determine the sanctions to be imposed, including the amount of liquidated damages, after investigation pursuant to \$12D.A.16(B).

By entering into this contract, Contractor acknowledges and agrees that any liquidated damages assessed by the Director of the HRC shall be payable to City upon demand. Contractor further acknowledges and agrees that any liquidated damages assessed may be withheld from any monies due to Contractor on any contract with City.

Contractor agrees to maintain records necessary for monitoring its compliance with Chapter 12D.A for a period of three years following termination of this contract, and shall make such records available for audit and inspection by HRC or the Controller upon request.

18. MacBride Principles--Northern Ireland. The City and County of San Francisco urges

companies doing business in Northern Ireland to move towards resolving employment inequities, and encourages such companies to abide by the MacBride Principies. The City urges San Francisco companies to do business with corporations that abide by the MacBride Principies.

19. Tropical Hardwoods and Virgin Redwood. The City urges contractors not to import, purchase, obtain, or use for any purpose, any tropical hardwood, tropical hardwood wood product, virgin redwood or virgin redwood wood product. If this order is for wood products or a service involving wood products: (a) Chapter 8 of the S.F. Environment Code is incorporated herein and by reference made a part hereof as though fully set forth. (b) Except as expressly permitted by the application of Environment Code Secs. 802(b) and 803(b), Contractor shall not provide any items to the City in performance of this contract which are tropical hardwoods, tropical hardwood product, virgin redwood or virgin redwood product. Failure of Contractor to comply with any part of Chapter 8 of the Environment Code shall be deemed a material breach of contract.

20. Resource Conservation. Contractor agrees to comply fully with the San Francisco Environment Code, Chapter 5 ("Resource Conservation"), as amended from time to time. Said provisions are incorporated herein by reference and made a part of this contract as though fully set forth. Failure by Contractor to comply with any of the applicable requirements of Chapter 5 will be deemed a material breach of contract.

21. Earned Income Credit Forms. Administrative Code section 120 requires that employers provide their employees with IRS Form W-5 (The Earned Income Credit Advance Payment Certificate) and the IRS EIC Schedule, as set forth below. Employers can locate these forms at the IRS Office, on the Internet, or anywhere that Federal Tax Forms can be found.

(a) Contractor shall provide the EIC Forms to each Eligible Employee at each of the following times: (i) within thirty 30) days following the date on which the applicable contract or contract amendment becomes effective (unless Contractor has already provided such EIC Forms at least once during the calendar year in question); (ii) promptly after any Eligible Employee is hired by Contractor; and (iii) annually between January 1 and January 31 of each calendar year during the term of the contract.

(b) Failure to comply with the foregoing requirement shall constitute a material breach by Contractor of the terms of the contract.

(c) If within thirty (30) days after the Contractor receives written notice of such a breach, Contractor falls to cure such breach or, if such breach cannot reasonably be cured within such period of thirty (30) days, Contractor falls to commence efforts to cure within such period, or thereafter falls to diligently pursue such cure to completion, the City may pursue any rights or remedies available under the terms of the contract or under applicable law.

22. Sunshine Ordinance. Information bidders or Contractors provide City that is covered by Admin. Code Sec. 67.24 (e.g., bids, responses to RFPs, and all records of communications between City and persons or firms seeking contracts) will be made available to the public upon request. This applies to unsuccessful bidders as well as to entities who are awarded contracts.

23. Limitations on Contributions. Contractor acknowledges that it is familiar with section 1.126 of the City's Campaign and Governmental Conduct Code, which prohibits any person who contracts with the City for the rendition of personal services or for the furnishing of any material, supplies or equipment to the City, whenever such transaction would require approval by a City elective officer or the board on which that City elective officer serves, from making any campaign contribution to the officer at any time from the commencement of negotiations of the contract until the later of either (1) the termination of negotiations for such contract or (2) three months after the date the contract is approved by the City elective officer or the board on which that City elective officer or the board on which that City elective officer or the board on which that City elective officer or the board on which that City elective officer or the board on which that City elective officer or the board on which that City elective officer or the board on which that City elective officer or the board on which that City elective officer of the contract or (2) three months after the date the contract is approved by the City elective officer or the board on which that City elective officer serves.

24. Prohibition on Political Activity with City Funds. In accordance with San Francisco Administrative Code Chapter 12.G, Contractor may not participate in, support, or attempt to influence any political campaign for a candidate or for a ballot measure (collectively, "Political Activity") in the performance of the services provided under this contract. Contractor agrees to comply with San Francisco Administrative Code Chapter 12.G and any implementing rules and regulations promulgated by the City's Controller. The terms and provisions of Chapter 12.G are incorporated herein by this reference. In the event Contractor violates the provisions of this section, the City may, in addition to any other rights or remedies available hereunder, (i) terminate this contract, and (ii) prohibit Contractor from bidding on or receiving any new City contract for a period of two (2) years. The Controller will not consider Contractor's use of profit as a violation of this section.

25. Preservative-Treated Wood Containing Arsenic. Contractor may not purchase preservative-treated wood products containing arsenic in the performance of this Contract unless an exemption from the requirements of Chapter 13 of the San Francisco Environment Code is obtained from the Department of the Environment under Section 1304 of the Code. The term "preservative-treated wood containing arsenic" shall mean wood treated with a preservative that contains arsenic, elemental arsenic, or an arsenic copper combination, including, but not limited to, chromated copper arsenate preservative. Contractor may purchase preservative-treated wood products on the list of environmentally preferable alternatives prepared and adopted by the Department of the Environment. This provision does not preclude Contractor from purchasing preservative-treated wood containing arsenic for saltwater immersion. The term "saltwater immersion" shall mean a pressure-treated wood that is used for construction purposes or facilities that are partially or totally immersed in saltwater.

26. Services Provided by Attorneys. Any services to be provided by a law firm or attorney must be reviewed and approved in writing in advance by the City Attorney. No invoices for services provided by law firms or attorneys, including, without limitation, as subcontractors of Contractor, will be paid unless the provider received advance written approval from the City Attorney.

#### Agreement between the City and County of San Francisco and

#### **Progress Foundation**

This Agreement is made this 1st day of July, 2010, in the City and County of San Francisco, State of California, by and between: **Progress Foundation**, hereinafter referred to as "Contractor," and the City and County of San Francisco, a municipal corporation, hereinafter referred to as "City," acting by and through its Director of the Office of Contract Administration or the Director's designated agent, hereinafter referred to as "Purchasing."

#### Recitals

WHEREAS, the Department of Public Health, Community Behavioral Health Services, ("Department") wishes to provide Behavioral Health and Mental Health Residential Services; and,

WHEREAS, a Request for Proposal ("RFP") was issued on 7/31/2009, and City selected Contractor as the highest qualified scorer pursuant to the RFP; and

WHEREAS, Contractor represents and warrants that it is qualified to perform the services required by City as set forth under this Contract; and,

WHEREAS, approval for this Agreement was obtained when the Civil Service Commission approved Contract number 4153-09/10 (CBHS) on 7/31/2009;

Now, THEREFORE, the parties agree as follows:

1. Certification of Funds; Budget and Fiscal Provisions; Termination in the Event of Non-Appropriation. This Agreement is subject to the budget and fiscal provisions of the City's Charter. Charges will accrue only after prior written authorization certified by the Controller, and the amount of City's obligation hereunder shall not at any time exceed the amount certified for the purpose and period stated in such advance authorization. This Agreement will terminate without penalty, liability or expense of any kind to City at the end of any fiscal year if funds are not appropriated for the next succeeding fiscal year. If funds are appropriated for a portion of the fiscal year, this Agreement will terminate, without penalty, liability or expense of any kind at the end of the term for which funds are appropriated. City has no obligation to make appropriations for this Agreement in lieu of appropriations for new or other agreements. City budget decisions are subject to the discretion of the Mayor and the Board of Supervisors. Contractor's assumption of risk of possible non-appropriation is part of the consideration for this Agreement.

THIS SECTION CONTROLS AGAINST ANY AND ALL OTHER PROVISIONS OF THIS AGREEMENT.

**2.** Term of the Agreement. Subject to Section 1, the term of this Agreement shall be from July 1, 2010 to December 31, 2015.

3. Effective Date of Agreement. This Agreement shall become effective when the Controller has certified to the availability of funds and Contractor has been notified in writing.

4. Services Contractor Agrees to Perform. The Contractor agrees to perform the services provided for in Appendix A, "Description of Services," attached hereto and incorporated by reference as though fully set forth herein.

5. Compensation. Compensation shall be made in monthly payments on or before the 1st day of each month for work, as set forth in Section 4 of this Agreement, that the Director of the Department of Public Health, in his or her sole discretion, concludes has been performed as of the 30th day of the immediately preceding month. In no event shall the amount of this Agreement exceed Ninety Two Million Eighteen Thousand Three Hundred Thirty Three Dollars (\$92,018,333). The breakdown of costs associated with this Agreement appears in Appendix B, "Calculation of Charges," attached hereto and incorporated by reference as though fully set forth herein. No charges shall be incurred under this Agreement nor shall any payments become due to Contractor until reports, services, or both, required under this Agreement are received from Contractor and approved by Department of Public Health as being in accordance with this Agreement. City may withhold payment to Contractor in any instance in which Contractor has failed or refused to satisfy any material obligation provided for under this Agreement. In no event shall City be liable for interest or late charges for any late payments.

6. Guaranteed Maximum Costs. The City's obligation hereunder shall not at any time exceed the amount certified by the Controller for the purpose and period stated in such certification. Except as may be provided by laws governing emergency procedures, officers and employees of the City are not authorized to request, and the City is not required to reimburse the Contractor for, Commodities or Services beyond the agreed upon contract scope unless the changed scope is authorized by amendment and approved as required by law. Officers and employees of the City are not authorized to offer or promise, nor is the City required to honor, any offered or promised additional funding in excess of the maximum amount of funding for which the contract is certified without certification of the additional amount by the Controller. The Controller is not authorized to make payments on any contract for which funds have not been certified as available in the budget or by supplemental appropriation.

7. **Payment; Invoice Format.** Invoices furnished by Contractor under this Agreement must be in a form acceptable to the Controller, and must include a unique invoice number and must conform to Appendix F. All amounts paid by City to Contractor shall be subject to audit by City. Payment shall be made by City to Contractor at the address specified in the section entitled "Notices to the Parties."

8. Submitting False Claims; Monetary Penalties. Pursuant to San Francisco Administrative Code §21.35, any contractor, subcontractor or consultant who submits a false claim shall be liable to the City for the statutory penalties set forth in that section. The text of Section 21.35, along with the entire San Francisco Administrative Code is available on the web at

http://www.municode.com/Library/clientCodePage.aspx?clientID=4201. A contractor, subcontractor or consultant will be deemed to have submitted a false claim to the City if the contractor, subcontractor or consultant: (a) knowingly presents or causes to be presented to an officer or employee of the City a false claim or request for payment or approval; (b) knowingly makes, uses, or causes to be made or used a false record or statement to get a false claim paid or approved by the City; (c) conspires to defraud the City by getting a false claim allowed or paid by the City; (d) knowingly makes, uses, or causes to be made or used a false record or statement to conceal, avoid, or decrease an obligation to pay or transmit money or property to the City; or (e) is a beneficiary of an inadvertent submission of a false claim to the

City, subsequently discovers the falsity of the claim, and fails to disclose the false claim to the City within a reasonable time after discovery of the false claim.

**9. Disallowance.** If Contractor claims or receives payment from City for a service, reimbursement for which is later disallowed by the State of California or United States Government, Contractor shall promptly refund the disallowed amount to City upon City's request. At its option, City may offset the amount disallowed from any payment due or to become due to Contractor under this Agreement or any other Agreement. By executing this Agreement, Contractor certifies that Contractor is not suspended, debarred or otherwise excluded from participation in federal assistance programs. Contractor acknowledges that this certification of eligibility to receive federal funds is a material terms of the Agreement.

10. Taxes. Payment of any taxes, including possessory interest taxes and California sales and use taxes, levied upon or as a result of this Agreement, or the services delivered pursuant hereto, shall be the obligation of Contractor. Contractor recognizes and understands that this Agreement may create a "possessory interest" for property tax purposes. Generally, such a possessory interest is not created unless the Agreement entitles the Contractor to possession, occupancy, or use of City property for private gain. If such a possessory interest is created, then the following shall apply:

1) Contractor, on behalf of itself and any permitted successors and assigns, recognizes and understands that Contractor, and any permitted successors and assigns, may be subject to real property tax assessments on the possessory interest;

2) Contractor, on behalf of itself and any permitted successors and assigns, recognizes and understands that the creation, extension, renewal, or assignment of this Agreement may result in a "change in ownership" for purposes of real property taxes, and therefore may result in a revaluation of any possessory interest created by this Agreement. Contractor accordingly agrees on behalf of itself and its permitted successors and assigns to report on behalf of the City to the County Assessor the information required by Revenue and Taxation Code section 480.5, as amended from time to time, and any successor provision.

3) Contractor, on behalf of itself and any permitted successors and assigns, recognizes and understands that other events also may cause a change of ownership of the possessory interest and result in the revaluation of the possessory interest. (see, e.g., Rev. & Tax. Code section 64, as amended from time to time). Contractor accordingly agrees on behalf of itself and its permitted successors and assigns to report any change in ownership to the County Assessor, the State Board of Equalization or other public agency as required by law.

4) Contractor further agrees to provide such other information as may be requested by the City to enable the City to comply with any reporting requirements for possessory interests that are imposed by applicable law.

11. Payment Does Not Imply Acceptance of Work. The granting of any payment by City, or the receipt thereof by Contractor, shall in no way lessen the liability of Contractor to replace unsatisfactory work, equipment, or materials, although the unsatisfactory character of such work, equipment or materials may not have been apparent or detected at the time such payment was made. Materials, equipment, components, or workmanship that do not conform to the requirements of this Agreement may be rejected by City and in such case must be replaced by Contractor without delay.

**12. Qualified Personnel.** Work under this Agreement shall be performed only by competent personnel under the supervision of and in the employment of Contractor. Contractor will comply with City's reasonable requests regarding assignment of personnel, but all personnel, including those assigned at

City's request, must be supervised by Contractor. Contractor shall commit adequate resources to complete the project within the project schedule specified in this Agreement.

**13. Responsibility for Equipment.** City shall not be responsible for any damage to persons or property as a result of the use, misuse or failure of any equipment used by Contractor, or by any of its employees, even though such equipment be furnished, rented or loaned to Contractor by City.

#### 14. Independent Contractor; Payment of Taxes and Other Expenses

Independent Contractor. Contractor or any agent or employee of Contractor shall be a. deemed at all times to be an independent contractor and is wholly responsible for the manner in which it performs the services and work requested by City under this Agreement. Contractor or any agent or employee of Contractor shall not have employee status with City, nor be entitled to participate in any plans, arrangements, or distributions by City pertaining to or in connection with any retirement, health or other benefits that City may offer its employees. Contractor or any agent or employee of Contractor is liable for the acts and omissions of itself, its employees and its agents. Contractor shall be responsible for all obligations and payments, whether imposed by federal, state or local law, including, but not limited to, FICA, income tax withholdings, unemployment compensation, insurance, and other similar responsibilities related to Contractor's performing services and work, or any agent or employee of Contractor providing same. Nothing in this Agreement shall be construed as creating an employment or agency relationship between City and Contractor or any agent or employee of Contractor. Any terms in this Agreement referring to direction from City shall be construed as providing for direction as to policy and the result of Contractor's work only, and not as to the means by which such a result is obtained. City does not retain the right to control the means or the method by which Contractor performs work under this Agreement.

Payment of Taxes and Other Expenses. Should City, in its discretion, or a relevant taxing b. authority such as the Internal Revenue Service or the State Employment Development Division, or both, determine that Contractor is an employee for purposes of collection of any employment taxes, the amounts payable under this Agreement shall be reduced by amounts equal to both the employee and employer portions of the tax due (and offsetting any credits for amounts already paid by Contractor which can be applied against this liability). City shall then forward those amounts to the relevant taxing authority. Should a relevant taxing authority determine a liability for past services performed by Contractor for City, upon notification of such fact by City, Contractor shall promptly remit such amount due or arrange with City to have the amount due withheld from future payments to Contractor under this Agreement (again, offsetting any amounts already paid by Contractor which can be applied as a credit against such liability). A determination of employment status pursuant to the preceding two paragraphs shall be solely for the purposes of the particular tax in question, and for all other purposes of this Agreement, Contractor shall not be considered an employee of City. Notwithstanding the foregoing, should any court, arbitrator, or administrative authority determine that Contractor is an employee for any other purpose, then Contractor agrees to a reduction in City's financial liability so that City's total expenses under this Agreement are not greater than they would have been had the court, arbitrator, or administrative authority determined that Contractor was not an employee.

# 15. Insurance

a. Without in any way limiting Contractor's liability pursuant to the "Indemnification" section of this Agreement, Contractor must maintain in force, during the full term of the Agreement, insurance in the following amounts and coverages:

 $\binom{1}{1}$  Workers' Compensation, in statutory amounts, with Employers' Liability Limits not less than \$1,000,000 each accident, injury, or illness; and

2) Commercial General Liability Insurance with limits not less than \$1,000,000 each occurrence Combined Single Limit for Bodily Injury and Property Damage, including Contractual Liability, Personal Injury, Products and Completed Operations; and

3) Commercial Automobile Liability Insurance with limits not less than \$1,000,000 each occurrence Combined Single Limit for Bodily Injury and Property Damage, including Owned, Non-Owned and Hired auto coverage, as applicable.

4) Professional liability insurance, applicable to Contractor's profession, with limits not less than \$1,000,000 each claim with respect to negligent acts, errors or omissions in connection with professional services to be provided under this Agreement.

5) Blanket Fidelity Bond (Commercial Blanket Bond): Limits in the amount of the Initial Payment provided for in the Agreement

b. Commercial General Liability and Commercial Automobile Liability Insurance policies must be endorsed to provide:

1) Name as Additional Insured the City and County of San Francisco, its Officers, Agents, and Employees.

2) That such policies are primary insurance to any other insurance available to the Additional Insureds, with respect to any claims arising out of this Agreement, and that insurance applies separately to each insured against whom claim is made or suit is brought.

c. Regarding Workers' Compensation, Contractor hereby agrees to waive subrogation which any insurer of Contractor may acquire from Contractor by virtue of the payment of any loss. Contractor agrees to obtain any endorsement that may be necessary to effect this waiver of subrogation. The Workers' Compensation policy shall be endorsed with a waiver of subrogation in favor of the City for all work performed by the Contractor, its employees, agents and subcontractors.

d. All policies shall provide thirty days' advance written notice to the City of reduction or nonrenewal of coverages or cancellation of coverages for any reason. Notices shall be sent to the City address in the "Notices to the Parties" section:

e. Should any of the required insurance be provided under a claims-made form, Contractor shall maintain such coverage continuously throughout the term of this Agreement and, without lapse, for a period of three years beyond the expiration of this Agreement, to the effect that, should occurrences during the contract term give rise to claims made after expiration of the Agreement, such claims shall be covered by such claims-made policies.

f. Should any of the required insurance be provided under a form of coverage that includes a general annual aggregate limit or provides that claims investigation or legal defense costs be included in such general annual aggregate limit, such general annual aggregate limit shall be double the occurrence or claims limits specified above.

g. Should any required insurance lapse during the term of this Agreement, requests for payments originating after such lapse shall not be processed until the City receives satisfactory evidence of reinstated coverage as required by this Agreement, effective as of the lapse date. If insurance is not

reinstated, the City may, at its sole option, terminate this Agreement effective on the date of such lapse of insurance.

h. Before commencing any operations under this Agreement, Contractor shall furnish to City certificates of insurance and additional insured policy endorsements with insurers with ratings comparable to A-, VIII or higher, that are authorized to do business in the State of California, and that are satisfactory to City, in form evidencing all coverages set forth above. Failure to maintain insurance shall constitute a material breach of this Agreement.

i. Approval of the insurance by City shall not relieve or decrease the liability of Contractor hereunder.

#### 16. Indemnification

Contractor shall indemnify and save harmless City and its officers, agents and employees from, and, if requested, shall defend them against any and all loss, cost, damage, injury, liability, and claims thereof for injury to or death of a person, including employees of Contractor or loss of or damage to property, arising directly or indirectly from Contractor's performance of this Agreement, including, but not limited to, Contractor's use of facilities or equipment provided by City or others, regardless of the negligence of, and regardless of whether liability without fault is imposed or sought to be imposed on City, except to the extent that such indemnity is void or otherwise unenforceable under applicable law in effect on or validly retroactive to the date of this Agreement, and except where such loss, damage, injury, liability or claim is the result of the active negligence or willful misconduct of City and is not contributed to by any act of, or by any omission to perform some duty imposed by law or agreement on Contractor, its subcontractors or either's agent or employee. The foregoing indemnity shall include, without limitation, reasonable fees of attorneys, consultants and experts and related costs and City's costs of investigating any claims against the City. In addition to Contractor's obligation to indemnify City, Contractor specifically acknowledges and agrees that it has an immediate and independent obligation to defend City from any claim which actually or potentially falls within this indemnification provision, even if the allegations are or may be groundless, false or fraudulent, which obligation arises at the time such claim is tendered to Contractor by City and continues at all times thereafter. Contractor shall indemnify and hold City harmless from all loss and liability, including attorneys' fees, court costs and all other litigation expenses for any infringement of the patent rights, copyright, trade secret or any other proprietary right or trademark, and all other intellectual property claims of any person or persons in consequence of the use by City, or any of its officers or agents, of articles or services to be supplied in the performance of this Agreement.

17. Incidental and Consequential Damages. Contractor shall be responsible for incidental and consequential damages resulting in whole or in part from Contractor's acts or omissions. Nothing in this Agreement shall constitute a waiver or limitation of any rights that City may have under applicable law.

18. Liability of City. CITY'S PAYMENT OBLIGATIONS UNDER THIS AGREEMENT SHALL BE LIMITED TO THE PAYMENT OF THE COMPENSATION PROVIDED FOR IN SECTION 5 OF THIS AGREEMENT. NOTWITHSTANDING ANY OTHER PROVISION OF THIS AGREEMENT, IN NO EVENT SHALL CITY BE LIABLE, REGARDLESS OF WHETHER ANY CLAIM IS BASED ON CONTRACT OR TORT, FOR ANY SPECIAL, CONSEQUENTIAL, INDIRECT OR INCIDENTAL DAMAGES, INCLUDING, BUT NOT LIMITED TO, LOST PROFITS, ARISING OUT OF OR IN CONNECTION WITH THIS AGREEMENT OR THE SERVICES PERFORMED IN CONNECTION WITH THIS AGREEMENT.

All such actions shall be subject to the prior approval of City. Such actions shall include, without limitation:

Reasonable costs may include a reasonable allowance for actual overhead, not to exceed a total of 10% of Contractor's direct costs for services or other work. Any overhead allowance shall be separately itemized. Contractor may also recover the reasonable cost of preparing the invoice.

2) A reasonable allowance for profit on the cost of the services and other work described in the immediately preceding subsection (1), provided that Contractor can establish, to the satisfaction of City, that Contractor would have made a profit had all services and other work under this Agreement been completed, and provided further, that the profit allowed shall in no event exceed 5% of such cost.

3) The reasonable cost to Contractor of handling material or equipment returned to the vendor, delivered to the City or otherwise disposed of as directed by the City.

Contractor shall immediately transfer possession of all these records if Contractor goes out of business. If this Agreement is terminated by either party, or expires, records shall be submitted to the City upon request.

However, Contractor may retain and use copies for reference and as documentation of its experience and capabilities.

**27.** Works for Hire. If, in connection with services performed under this Agreement, Contractor or its subcontractors create artwork, copy, posters, billboards, photographs, videotapes, audiotapes, systems designs, software, reports, diagrams, surveys, blueprints, source codes or any other original works of authorship, such works of authorship shall be works for hire as defined under Title 17 of the United States Code, and all copyrights in such works are the property of the City. If it is ever determined that any works created by Contractor or its subcontractors under this Agreement are not works for hire under U.S. law, Contractor hereby assigns all copyrights to such works to the City, and agrees to provide any material and execute any documents necessary to effectuate such assignment. With the approval of the City, Contractor may retain and use copies of such works for reference and as documentation of its experience and capabilities.

# 28. Audit and Inspection of Records

a. Contractor agrees to maintain and make available to the City, during regular business hours, accurate books and accounting records relating to its work under this Agreement. Contractor will permit City to audit, examine and make excerpts and transcripts from such books and records, and to make audits of all invoices, materials, payrolls, records or personnel and other data related to all other matters covered by this Agreement, whether funded in whole or in part under this Agreement. Contractor shall maintain such data and records in an accessible location and condition for a period of not less than five years after final payment under this Agreement or until after final audit has been resolved, whichever is later. The State of California or any federal agency having an interest in the subject matter of this Agreement shall have the same rights conferred upon City by this Section.

b. Contractor shall annually have its books of accounts audited by a Certified Public Accountant and a copy of said audit report and the associated management letter(s) shall be transmitted to the Director of Public Health or his /her designee within one hundred eighty (180) calendar days following Contractor's fiscal year end date. If Contractor expends \$500,000 or more in Federal funding per year, from any and all Federal awards, said audit shall be conducted in accordance with OMB Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations. Said requirements can be found at the following website address: http://www.whitehouse.gov/omb/circulars/a133/a133.html. If Contractor expends less than \$500,000 a year in Federal awards, Contractor is exempt from the single audit requirements for that year, but records must be available for review or audit by appropriate officials of the Federal Agency, pass-through entity and General Accounting Office. Contractor agrees to reimburse the City any cost adjustments necessitated by this audit report. Any audit report which addresses all or part of the period covered by this Agreement shall treat the service components identified in the detailed descriptions attached to Appendix A and referred to in the Program Budgets of Appendix B as discrete program entities of the Contractor.

c. The Director of Public Health or his / her designee may approve of a waiver of the aforementioned audit requirement if the contractual Services are of a consulting or personal services nature, these Services are paid for through fee for service terms which limit the City's risk with such contracts, and it is determined that the work associated with the audit would produce undue burdens or costs and would provide minimal benefits. A written request for a waiver must be submitted to the DIRECTOR ninety (90) calendar days before the end of the Agreement term or Contractor's fiscal year, whichever comes first.

d. Any financial adjustments necessitated by this audit report shall be made by Contractor to the City. If Contractor is under contract to the City, the adjustment may be made in the next subsequent billing by Contractor to the City, or may be made by another written schedule determined solely by the City. In the event Contractor is not under contract to the City, written arrangements shall be made for audit adjustments.

**29.** Subcontracting. Contractor is prohibited from subcontracting this Agreement or any part of it unless such subcontracting is first approved by City in writing. Neither party shall, on the basis of this Agreement, contract on behalf of or in the name of the other party. An agreement made in violation of this provision shall confer no rights on any party and shall be null and void.

**30.** Assignment. The services to be performed by Contractor are personal in character and neither this Agreement nor any duties or obligations hereunder may be assigned or delegated by the Contractor unless first approved by City by written instrument executed and approved in the same manner as this Agreement.

**31.** Non-Waiver of Rights. The omission by either party at any time to enforce any default or right reserved to it, or to require performance of any of the terms, covenants, or provisions hereof by the other party at the time designated, shall not be a waiver of any such default or right to which the party is entitled, nor shall it in any way affect the right of the party to enforce such provisions thereafter.

Any Subcontract entered into by Contractor shall require the subcontractor to comply, as to the subcontractor's Eligible Employees, with each of the terms of this section. Such provisions of the LBE Ordinance are incorporated by reference and made a part of this Agreement as though fully set forth in this section. Contractor's willful failure to comply with any applicable provisions of the LBE Ordinance is a material breach of Contractor's obligations under this Agreement and shall entitle City, subject to any applicable notice and cure provisions set forth in this Agreement, to exercise any of the remedies provided for under this Agreement, under the LBE Ordinance or otherwise available at law or in equity, which remedies shall be cumulative unless this Agreement expressly provides that any remedy is exclusive. Through execution of this Agreement, Contractor acknowledges that it is familiar with section 1.126 of the City's Campaign and Governmental Conduct Code, which prohibits any person who contracts with the City for the rendition of personal services, for the furnishing of any material, supplies or equipment, for the sale or lease of any land or building, or for a grant, loan or loan guarantee, from making any campaign contribution to (1) an individual holding a City elective office if the contract must be approved by the individual, a board on which that individual serves, or the board of a state agency on which an appointee of that individual serves, (2) a candidate for the office held by such individual, or (3) a committee controlled by such individual, at any time from the commencement of negotiations for the contract until the later of either the termination of negotiations for such contract or six

# 43. Requiring Minimum Compensation for Covered Employees

a. Contractor agrees to comply fully with and be bound by all of the provisions of the Minimum Compensation Ordinance (MCO), as set forth in San Francisco Administrative Code Chapter 12P (Chapter 12P), including the remedies provided, and implementing guidelines and rules. The provisions of Sections 12P.5 and 12P.5.1 of Chapter 12P are incorporated herein by reference and made a part of this Agreement as though fully set forth. The text of the MCO is available on the web at www.sfgov.org/olse/mco. A partial listing of some of Contractor's obligations under the MCO is set forth in this Section. Contractor is required to comply with all the provisions of the MCO, irrespective of the listing of obligations in this Section.

b. The MCO requires Contractor to pay Contractor's employees a minimum hourly gross compensation wage rate and to provide minimum compensated and uncompensated time off. The minimum wage rate may change from year to year and Contractor is obligated to keep informed of the then-current requirements. Any subcontract entered into by Contractor shall require the subcontractor to comply with the requirements of the MCO and shall contain contractual obligations substantially the same as those set forth in this Section. Such actions, if taken within 90 days of the exercise or attempted exercise of such rights, will be rebuttably presumed to be retaliation prohibited by the MCO.

d. Contractor shall maintain employee and payroll records as required by the MCO. If Contractor fails to do so, it shall be presumed that the Contractor paid no more than the minimum wage required under State law.

e. The City is authorized to inspect Contractor's job sites and conduct interviews with employees and conduct audits of Contractor

f. Contractor's commitment to provide the Minimum Compensation is a material element of the City's consideration for this Agreement. The City in its sole discretion shall determine whether such a breach has occurred. The City and the public will suffer actual damage that will be impractical or extremely difficult to determine if the Contractor fails to comply with these requirements. Contractor agrees that the sums set forth in Section 12P.6.1 of the MCO as liquidated damages are not a penalty, but are reasonable estimates of the loss that the City and the public will incur for Contractor's noncompliance. The procedures governing the assessment of liquidated damages shall be those set forth in Section 12P.6.2 of Chapter 12P.

g. Contractor understands and agrees that if it fails to comply with the requirements of the MCO, the City shall have the right to pursue any rights or remedies available under Chapter 12P (including liquidated damages), under the terms of the contract, and under applicable law. If, within 30 days after receiving written notice of a breach of this Agreement for violating the MCO, Contractor fails to cure such breach or, if such breach cannot reasonably be cured within such period of 30 days, Contractor fails to commence efforts to cure within such period, or thereafter fails diligently to pursue such cure to completion, the City shall have the right to pursue any rights or remedies available under applicable law, including those set forth in Section 12P.6(c) of Chapter 12P. Each of these remedies shall be exercisable individually or in combination with any other rights or remedies available to the City.

h. Contractor represents and warrants that it is not an entity that was set up, or is being used, for the purpose of evading the intent of the MCO.

i. If Contractor is exempt from the MCO when this Agreement is executed because the cumulative amount of agreements with this department for the fiscal year is less than \$25,000, but Contractor later enters into an agreement or agreements that cause contractor to exceed that amount in a fiscal year, Contractor shall thereafter be required to comply with the MCO under this Agreement. This obligation arises on the effective date of the agreement that causes the cumulative amount of agreements between the Contractor and this department to exceed \$25,000 in the fiscal year.

44. Requiring Health Benefits for Covered Employees. Contractor agrees to comply fully with and be bound by all of the provisions of the Health Care Accountability Ordinance (HCAO), as set forth in San Francisco Administrative Code Chapter 12Q, including the remedies provided, and implementing regulations, as the same may be amended from time to time. The provisions of section 12Q.5.1 of Chapter 12Q are incorporated by reference and made a part of this Agreement as though fully set forth herein. Capitalized terms used in this Section and not defined in this Agreement shall have the meanings assigned to such terms in Chapter 12Q.

a. For each Covered Employee, Contractor shall provide the appropriate health benefit set forth in Section 12Q.3 of the HCAO. If Contractor chooses to offer the health plan option, such health plan shall meet the minimum standards set forth by the San Francisco Health Commission..

b. Notwithstanding the above, if the Contractor is a small business as defined in Section 12Q.3(e) of the HCAO, it shall have no obligation to comply with part (a) above.

c. Contractor's failure to comply with the HCAO shall constitute a material breach of this agreement. City shall notify Contractor if such a breach has occurred. If, within 30 days after receiving City's written notice of a breach of this Agreement for violating the HCAO, Contractor fails to cure such breach or, if such breach cannot reasonably be cured within such period of 30 days, Contractor fails to commence efforts to cure within such period, or thereafter fails diligently to pursue such cure to completion, City shall have the right to pursue the remedies set forth in 12Q.5.1 and 12Q.5(f)(1-6). Each of these remedies shall be exercisable individually or in combination with any other rights or remedies available to City.

d. Any Subcontract entered into by Contractor shall require the Subcontractor to comply with the requirements of the HCAO and shall contain contractual obligations substantially the same as those set forth in this Section. Contractor shall notify City's Office of Contract Administration when it enters into such a Subcontract and shall certify to the Office of Contract Administration that it has notified the Subcontractor of the obligations under the HCAO and has imposed the requirements of the HCAO on Subcontractor through the Subcontract. Each Contractor shall be responsible for its Subcontractors' compliance with this Chapter. If a Subcontractor fails to comply, the City may pursue the remedies set

forth in this Section against Contractor based on the Subcontractor's failure to comply, provided that City has first provided Contractor with notice and an opportunity to obtain a cure of the violation.

e. Contractor shall not discharge, reduce in compensation, or otherwise discriminate against any employee for notifying City with regard to Contractor's noncompliance or anticipated noncompliance with the requirements of the HCAO, for opposing any practice proscribed by the HCAO, for participating in proceedings related to the HCAO, or for seeking to assert or enforce any rights under the HCAO by any lawful means.

f. Contractor represents and warrants that it is not an entity that was set up, or is being used, for the purpose of evading the intent of the HCAO.

g. Contractor shall maintain employee and payroll records in compliance with the California Labor Code and Industrial Welfare Commission orders, including the number of hours each employee has worked on the City Contract.

h. Contractor shall keep itself informed of the current requirements of the HCAO.

i. Contractor shall provide reports to the City in accordance with any reporting standards promulgated by the City under the HCAO, including reports on Subcontractors and Subtenants, as applicable.

j. Contractor shall provide City with access to records pertaining to compliance with HCAO after receiving a written request from City to do so and being provided at least ten business days to respond.

k. Contractor shall allow City to inspect Contractor's job sites and have access to Contractor's employees in order to monitor and determine compliance with HCAO.

1. City may conduct random audits of Contractor to ascertain its compliance with HCAO. Contractor agrees to cooperate with City when it conducts such audits.

m. If Contractor is exempt from the HCAO when this Agreement is executed because its amount is less than \$25,000 (\$50,000 for nonprofits), but Contractor later enters into an agreement or agreements that cause Contractor's aggregate amount of all agreements with City to reach \$75,000, all the agreements shall be thereafter subject to the HCAO. This obligation arises on the effective date of the agreement that causes the cumulative amount of agreements between Contractor and the City to be equal to or greater than \$75,000 in the fiscal year.

## 45. First Source Hiring Program

a. **Incorporation of Administrative Code Provisions by Reference.** The provisions of Chapter 83 of the San Francisco Administrative Code are incorporated in this Section by reference and made a part of this Agreement as though fully set forth herein. Contractor shall comply fully with, and be bound by, all of the provisions that apply to this Agreement under such Chapter, including but not limited to the remedies provided therein. Capitalized terms used in this Section and not defined in this Agreement shall have the meanings assigned to such terms in Chapter 83.

b. **First Source Hiring Agreement.** As an essential term of, and consideration for, any contract or property contract with the City, not exempted by the FSHA, the Contractor shall enter into a first source hiring agreement ("agreement") with the City, on or before the effective date of the contract or property contract. Contractors shall also enter into an agreement with the City for any other work that it performs in the City. Such agreement shall:

1) Set appropriate hiring and retention goals for entry level positions. The employer shall agree to achieve these hiring and retention goals, or, if unable to achieve these goals, to establish good faith efforts as to its attempts to do so, as set forth in the agreement. The agreement shall take into consideration the employer's participation in existing job training, referral and/or brokerage programs. Within the discretion of the FSHA, subject to appropriate modifications, participation in such programs maybe certified as meeting the requirements of this Chapter. Failure either to achieve the specified goal, or to establish good faith efforts will constitute noncompliance and will subject the employer to the provisions of Section 83.10 of this Chapter.

2) Set first source interviewing, recruitment and hiring requirements, which will provide the San Francisco Workforce Development System with the first opportunity to provide qualified economically disadvantaged individuals for consideration for employment for entry level positions. Employers shall consider all applications of qualified economically disadvantaged individuals referred by the System for employment; provided however, if the employer utilizes nondiscriminatory screening criteria, the employer shall have the sole discretion to interview and/or hire individuals referred or certified by the San Francisco Workforce Development System as being qualified economically disadvantaged individuals. The duration of the first source interviewing requirement shall be determined by the FSHA and shall be set forth in each agreement, but shall not exceed 10 days. During that period, the employer may publicize the entry level positions in accordance with the agreement. A need for urgent or temporary hires must be evaluated, and appropriate provisions for such a situation must be made in the agreement.

3) Set appropriate requirements for providing notification of available entry level positions to the San Francisco Workforce Development System so that the System may train and refer an adequate pool of qualified economically disadvantaged individuals to participating employers. Notification should include such information as employment needs by occupational title, skills, and/or experience required, the hours required, wage scale and duration of employment, identification of entry level and training positions, identification of English language proficiency requirements, or absence thereof, and the projected schedule and procedures for hiring for each occupation. Employers should provide both long-term job need projections and notice before initiating the interviewing and hiring process. These notification requirements will take into consideration any need to protect the employer's proprietary information.

4) Set appropriate record keeping and monitoring requirements. The First Source Hiring Administration shall develop easy-to-use forms and record keeping requirements for documenting compliance with the agreement. To the greatest extent possible, these requirements shall utilize the employer's existing record keeping systems, be nonduplicative, and facilitate a coordinated flow of information and referrals.

5) Establish guidelines for employer good faith efforts to comply with the first source hiring requirements of this Chapter. The FSHA will work with City departments to develop employer good faith effort requirements appropriate to the types of contracts and property contracts handled by each department. Employers shall appoint a liaison for dealing with the development and implementation of the employer's agreement. In the event that the FSHA finds that the employer under a City contract or property contract has taken actions primarily for the purpose of circumventing the requirements of this Chapter, that employer shall be subject to the sanctions set forth in Section 83.10 of this Chapter.

6) Set the term of the requirements.

7) Set appropriate enforcement and sanctioning standards consistent with this Chapter.

8) Set forth the City's obligations to develop training programs, job applicant referrals, technical assistance, and information systems that assist the employer in complying with this Chapter.

9) Require the developer to include notice of the requirements of this Chapter in leases, subleases, and other occupancy contracts.

c. **Hiring Decisions.** Contractor shall make the final determination of whether an Economically Disadvantaged Individual referred by the System is "qualified" for the position.

d. **Exceptions.** Upon application by Employer, the First Source Hiring Administration may grant an exception to any or all of the requirements of Chapter 83 in any situation where it concludes that compliance with this Chapter would cause economic hardship.

e. Liquidated Damages. Contractor agrees:

1) To be liable to the City for liquidated damages as provided in this section;

2) To be subject to the procedures governing enforcement of breaches of contracts based on violations of contract provisions required by this Chapter as set forth in this section;

3) That the contractor's commitment to comply with this Chapter is a material element of the City's consideration for this contract; that the failure of the contractor to comply with the contract provisions required by this Chapter will cause harm to the City and the public which is significant and substantial but extremely difficult to quantity; that the harm to the City includes not only the financial cost of funding public assistance programs but also the insidious but impossible to quantify harm that this community and its families suffer as a result of unemployment; and that the assessment of liquidated damages of up to \$5,000 for every notice of a new hire for an entry level position improperly withheld by the contractor from the first source hiring process, as determined by the FSHA during its first investigation of a contractor, does not exceed a fair estimate of the financial and other damages that the City suffers as a result of the contractor's failure to comply with its first source referral contractual obligations.

4) That the continued failure by a contractor to comply with its first source referral contractual obligations will cause further significant and substantial harm to the City and the public, and that a second assessment of liquidated damages of up to \$10,000 for each entry level position improperly withheld from the FSHA, from the time of the conclusion of the first investigation forward, does not exceed the financial and other damages that the City suffers as a result of the contractor's continued failure to comply with its first source referral contractual obligations;

5) That in addition to the cost of investigating alleged violations under this Section, the computation of liquidated damages for purposes of this section is based on the following data:

(a) The average length of stay on public assistance in San Francisco's County Adult Assistance Program is approximately 41 months at an average monthly grant of \$348 per month, totaling approximately \$14,379; and

(b) In 2004, the retention rate of adults placed in employment programs funded under the Workforce Investment Act for at least the first six months of employment was 84.4%. Since qualified individuals under the First Source program face far fewer barriers to employment than their counterparts in programs funded by the Workforce Investment Act, it is reasonable to conclude that the average length of employment for an individual whom the First Source Program refers to an employer and who is hired in an entry level position is at least one year; Therefore, liquidated damages that total \$5,000 for first violations and \$10,000 for subsequent violations as determined by FSHA constitute a fair, reasonable, and conservative attempt to quantify the harm caused to the City by the failure of a contractor to comply with its first source referral contractual obligations.

6) That the failure of contractors to comply with this Chapter, except property contractors, may be subject to the debarment and monetary penalties set forth in Sections 6.80 et seq. of the San Francisco Administrative Code, as well as any other remedies available under the contract or at law; and

Violation of the requirements of Chapter 83 is subject to an assessment of liquidated damages in the amount of \$5,000 for every new hire for an Entry Level Position improperly withheld from the first source hiring process. The assessment of liquidated damages and the evaluation of any defenses or mitigating factors shall be made by the FSHA.

f. Subcontracts. Any subcontract entered into by Contractor shall require the subcontractor to comply with the requirements of Chapter 83 and shall contain contractual obligations substantially the same as those set forth in this Section.

**46. Prohibition on Political Activity with City Funds.** In accordance with San Francisco Administrative Code Chapter 12.G, Contractor may not participate in, support, or attempt to influence any political campaign for a candidate or for a ballot measure (collectively, "Political Activity") in the performance of the services provided under this Agreement. Contractor agrees to comply with San Francisco Administrative Code Chapter 12.G and any implementing rules and regulations promulgated by the City's Controller. The terms and provisions of Chapter 12.G are incorporated herein by this reference. In the event Contractor violates the provisions of this section, the City may, in addition to any other rights or remedies available hereunder, (i) terminate this Agreement, and (ii) prohibit Contractor from bidding on or receiving any new City contract for a period of two (2) years. The Controller will not consider Contractor's use of profit as a violation of this section.

**47. Preservative-treated Wood Containing Arsenic.** Contractor may not purchase preservative-treated wood products containing arsenic in the performance of this Agreement unless an exemption from the requirements of Chapter 13 of the San Francisco Environment Code is obtained from the Department of the Environment under Section 1304 of the Code. The term "preservative-treated wood containing arsenic" shall mean wood treated with a preservative that contains arsenic, elemental arsenic, or an arsenic copper combination, including, but not limited to, chromated copper arsenate preservative. Contractor may purchase preservative-treated wood products on the list of environmentally preferable alternatives prepared and adopted by the Department of the Environment. This provision does not preclude Contractor from purchasing preservative-treated wood containing arsenic for saltwater immersion. The term "saltwater immersion" shall mean a pressure-treated wood that is used for construction purposes or facilities that are partially or totally immersed in saltwater.

21

**48.** Modification of Agreement. This Agreement may not be modified, nor may compliance with any of its terms be waived, except by written instrument executed and approved in the same manner as this Agreement.

# 49. Administrative Remedy for Agreement Interpretation – DELETED BY MUTUAL AGREEMENT OF THE PARTIES

**50.** Agreement Made in California; Venue. The formation, interpretation and performance of this Agreement shall be governed by the laws of the State of California. Venue for all litigation relative to the formation, interpretation and performance of this Agreement shall be in San Francisco.

**51.** Construction. All paragraph captions are for reference only and shall not be considered in construing this Agreement.

**52.** Entire Agreement. This contract sets forth the entire Agreement between the parties, and supersedes all other oral or written provisions. This contract may be modified only as provided in Section 48, "Modification of Agreement."

**53.** Compliance with Laws. Contractor shall keep itself fully informed of the City's Charter, codes, ordinances and regulations of the City and of all state, and federal laws in any manner affecting the performance of this Agreement, and must at all times comply with such local codes, ordinances, and regulations and all applicable laws as they may be amended from time to time.

54. Services Provided by Attorneys. Any services to be provided by a law firm or attorney must be reviewed and approved in writing in advance by the City Attorney. No invoices for services provided by law firms or attorneys, including, without limitation, as subcontractors of Contractor, will be paid unless the provider received advance written approval from the City Attorney.

Supervision of Minors. Contractor, and any subcontractors, shall comply with California Penal 55. Code section 11105.3 and request from the Department of Justice records of all convictions or any arrest pending adjudication involving the offenses specified in Welfare and Institution Code section 15660(a) of any person who applies for employment or volunteer position with Contractor, or any subcontractor, in which he or she would have supervisory or disciplinary power over a minor under his or her care. If Contractor, or any subcontractor, is providing services at a City park, playground, recreational center or beach (separately and collectively, "Recreational Site"), Contractor shall not hire, and shall prevent its subcontractors from hiring, any person for employment or volunteer position to provide those services if that person has been convicted of any offense that was listed in former Penal Code section 11105.3 (h)(1) or 11105.3(h)(3). If Contractor, or any of its subcontractors, hires an employee or volunteer to provide services to minors at any location other than a Recreational Site, and that employee or volunteer has been convicted of an offense specified in Penal Code section 11105.3(c), then Contractor shall comply, and cause its subcontractors to comply with that section and provide written notice to the parents or guardians of any minor who will be supervised or disciplined by the employee or volunteer not less than ten (10) days prior to the day the employee or volunteer begins his or her duties or tasks. Contractor shall provide, or cause its subcontractors to provide City with a copy of any such notice at the same time that it provides notice to any parent or guardian. Contractor shall expressly require any of its subcontractors with supervisory or disciplinary power over a minor to comply with this section of the Agreement as a condition of its contract with the subcontractor. Contractor acknowledges and agrees that failure by Contractor or any of its subcontractors to comply with any provision of this section of the Agreement shall constitute an Event of Default. Contractor further acknowledges and agrees that such Event of Default shall be grounds for the City to terminate the Agreement, partially or in its entirety, to recover from Contractor any amounts paid under this Agreement, and to withhold any future payments to Contractor. The remedies provided in this Section shall not limited any other remedy available to the City hereunder, or in equity or law for an Event of Default, and each remedy may be exercised individually or

in combination with any other available remedy. The exercise of any remedy shall not preclude or in any way be deemed to waive any other remedy.

56. Severability. Should the application of any provision of this Agreement to any particular facts or circumstances be found by a court of competent jurisdiction to be invalid or unenforceable, then (a) the validity of other provisions of this Agreement shall not be affected or impaired thereby, and (b) such provision shall be enforced to the maximum extent possible so as to effect the intent of the parties and shall be reformed without further action by the parties to the extent necessary to make such provision valid and enforceable.

**57. Protection of Private Information.** Contractor has read and agrees to the terms set forth in San Francisco Administrative Code Sections 12M.2, "Nondisclosure of Private Information," and 12M.3, "Enforcement" of Administrative Code Chapter 12M, "Protection of Private Information," which are incorporated herein as if fully set forth. Contractor agrees that any failure of Contactor to comply with the requirements of Section 12M.2 of this Chapter shall be a material breach of the Contract. In such an event, in addition to any other remedies available to it under equity or law, the City may terminate the Contract, bring a false claim action against the Contractor pursuant to Chapter 6 or Chapter 21 of the Administrative Code, or debar the Contractor.

Graffiti Removal. Graffiti is detrimental to the health, safety and welfare of the community in that 58. it promotes a perception in the community that the laws protecting public and private property can be disregarded with impunity. This perception fosters a sense of disrespect of the law that results in an increase in crime; degrades the community and leads to urban blight; is detrimental to property values, business opportunities and the enjoyment of life; is inconsistent with the City's property maintenance goals and aesthetic standards; and results in additional graffiti and in other properties becoming the target of graffiti unless it is quickly removed from public and private property. Graffiti results in visual pollution and is a public nuisance. Graffiti must be abated as quickly as possible to avoid detrimental impacts on the City and County and its residents, and to prevent the further spread of graffiti. Contractor shall remove all graffiti from any real property owned or leased by Contractor in the City and County of San Francisco within forty eight (48) hours of the earlier of Contractor's (a) discovery or notification of the graffiti or (b) receipt of notification of the graffiti from the Department of Public Works. This section is not intended to require a Contractor to breach any lease or other agreement that it may have concerning its use of the real property. The term "graffiti" means any inscription, word, figure, marking or design that is affixed, marked, etched, scratched, drawn or painted on any building, structure, fixture or other improvement, whether permanent or temporary, including by way of example only and without limitation, signs, banners, billboards and fencing surrounding construction sites, whether public or private, without the consent of the owner of the property or the owner's authorized agent, and which is visible from the public right-of-way. "Graffiti" shall not include: (1) any sign or banner that is authorized by, and in compliance with, the applicable requirements of the San Francisco Public Works Code, the San Francisco Planning Code or the San Francisco Building Code; or (2) any mural or other painting or marking on the property that is protected as a work of fine art under the California Art Preservation Act (California Civil Code Sections 987 et seq.) or as a work of visual art under the Federal Visual Artists Rights Act of 1990. (17 U.S.C. §§ 101 et seq.),

Any failure of Contractor to comply with this section of this Agreement shall constitute an Event of Default of this Agreement.

**59.** Food Service Waste Reduction Requirements. Effective June 1, 2007 Contractor agrees to comply fully with and be bound by all of the provisions of the Food Service Waste Reduction Ordinance, as set forth in San Francisco Environment Code Chapter 16, including the remedies provided, and implementing guidelines and rules. The provisions of Chapter 16 are incorporated herein by reference and made a part of this Agreement as though fully set forth. This provision is a material term of this Agreement. By entering into this Agreement, Contractor agrees that if it breaches this provision, City

23

will suffer actual damages that will be impractical or extremely difficult to determine; further, Contractor agrees that the sum of one hundred dollars (\$100) liquidated damages for the first breach, two hundred dollars (\$200) liquidated damages for the second breach in the same year, and five hundred dollars (\$500) liquidated damages for subsequent breaches in the same year is reasonable estimate of the damage that City will incur based on the violation, established in light of the circumstances existing at the time this Agreement was made. Such amount shall not be considered a penalty, but rather agreed monetary damages sustained by City because of Contractor's failure to comply with this provision.

60. Left blank by agreement of the parties. (Slavery era disclosure)

61. Cooperative Drafting. This Agreement has been drafted through a cooperative effort of both parties, and both parties have had an opportunity to have the Agreement reviewed and revised by legal counsel. No party shall be considered the drafter of this Agreement, and no presumption or rule that an ambiguity shall be construed against the party drafting the clause shall apply to the interpretation or enforcement of this Agreement.

**62. Dispute Resolution Procedure.** A Dispute Resolution Procedure is attached under the Appendix G to address issues that have not been resolved administratively by other departmental remedies.

63. Additional Terms. Additional Terms are attached hereto as Appendix D and are incorporated into this Agreement by reference as though fully set forth herein.

# 3. Goal Statement

The goals of the Acute Diversion Units (ADU's) are to reduce the utilization of acute psychiatric in-patient beds, either by diversion from in-patient placement or reduction of inpatient length of stay, by providing an intensively staffed and community oriented 24-hour non-institutional alternative to hospitalization for individuals who require non-hospital acute psychiatric care. Services are designed to reduce and stabilize crisis situations for individuals experiencing an acute episode or situational crisis, to assess and augment the client's existing support system while encouraging the lowest possible level of psychotropic medications, and through skills building, to enable the client to move toward more independent living.

# 4. Target Population:

Progress Foundation will serve clients referred from SFGH Psychiatric Emergency Services and other psychiatric crisis services designated by Community Behavioral Health Services (CBHS). Clients confined in in-patient psychiatric units and approved by the CBHS Placement Team for placement at the ADU-level of care are also accepted. The ADUs may also accept urgent care referrals directly through the Progress Foundation Diversion Evaluation Team (DET) and Progress Foundation's Dore Street Clinic/Urgent Care Center.

ADUs provide 24- hour psychiatric residential treatment and rehabilitation and recovery services to San Francisco residents, aged 18 years and older, who require a highly

Contractor: Progress Foundation Program: ADU City Fiscal Year 10-11

Appendix <u>A-1</u> Contract Term: 07/01/2010 - 06/30/2011

structured and supervised setting due to the crisis and/or acute nature of their condition. The program accepts referrals from crisis/emergency services, and from designated psychiatric inpatient units. All programs are designed to address clients with cooccurring mental health and substance abuse treatment needs. All admissions are voluntary. Persons on conservatorship may be referred.

The Acute Diversion Programs are authorized to accept individuals who have a primary Axis 1 mental health diagnosis; however, as many as 75% of clients served in the ADU's have been shown to have co-occurring disorders that include mental illness and substance use/abuse as well as other serious and limiting medical conditions and the programs are fully capable of providing dual services to those clients.

Each of the ADUs has a unique, but not exclusive, focus. Avenues serves clients with mobility disabilities. La Posada has the capacity to serve clients from San Francisco's diverse Spanish speaking cultures, with Spanish speaking staff on duty 24-hours. Shrader has a Transitional Youth, and transgender focus. While each program has a focus population, each ADU is able to serve members of the many diverse ethnic and cultural backgrounds in San Francisco, as well as those in several age groups.

# 5. Modalities / Interventions

# A. Modality of Services/Interventions: See CRDC.

# **B. Definition of Billable Services**

# Crisis Residential Treatment Service

"Crisis Residential Treatment Service" means therapeutic or rehabilitative services provided in a non-institutional residential setting which provides a structured program for beneficiaries as an alternative to hospitalization for beneficiaries experiencing an acute psychiatric episode or crisis who do not present medical complications requiring nursing care. The service supports beneficiaries in their efforts to restore, maintain, and apply interpersonal and independent living skills, and to access community support systems.

The service is available 24 hours a day, seven days a week. Service activities may include assessment, plan development, therapy, rehabilitation, collateral, and crisis intervention.

# Medication Support Services.

"Medication Support Services" means those services which include prescribing, administering, dispensing and monitoring of psychiatric medications or biologicals which are necessary to alleviate the symptoms of mental illness. The services may include evaluation of the need for medication, evaluation of clinical effectiveness and side effects, the obtaining of informed consent, medication education and plan development related to the delivery of the service and/or assessment of the beneficiary.

# Service Units

A. For La Posada, Avenues and Shrader House, the maximum length of stay will be two (2) weeks unless an extension is clinically indicated.

B. One unit of Crisis Residential Treatment Service is one day of residence in the program.

C. A unit of Medication Support Service is recorded in minutes.

D. For FY 10-11 payment methodology will be based on a fee for service system.

E. It is anticipated that La Posada will provide service to 195 individuals, Avenues to 235 individuals and Shrader House to 195 individuals.

# 6. Methodology

# A. Describe outreach, recruitment, advertising

The ADU's are listed in the CBHS Organizational Manual, the Homeless Advocacy Resource Manual, Progress Foundation's website and other resource directories. Recruitment for staff positions involves posting the open position internally, and on various internet job listing websites, as well as on our website and sending notices to other non-profit mental health providers. Progress Foundation will recruit a representative percentage of staff who are bi-lingual, bi-cultural and/or gay/lesbian or transgender, in order to maximize the relevance of the programs to the needs of the San Francisco population. The agency's training program will continue to pay special attention to the specific program needs and styles relevant to various population groups that which we serve.

# B. Describe your program's admission, enrollment and/or intake criteria and process

Clients are referred directly from SFGH PES with consultation and consent from DET in most cases. Referrals from local in-patient units are approved by the CBHS Placement Team and referred to the Progress Foundation Diversion Evaluation Team (DET) for review. Urgent referrals from community programs are referred directly to DET. DET reviews charts and may do face-to-face interviews with clients in PES, and inpatient units or at a client's current program. DET tracks open beds in the agency and schedules intake interviews with each program. Referrals will also come directly from Progress Foundation's Dore Clinic/Urgent Care Center. Clients go to the program for an intake interview which serves as an assessment tool for the program to determine the appropriateness of the ADU for this client at that point in the client's crisis and also serves as the basis upon which to build the treatment plan. Admission criteria are: client must be a resident of San Francisco County, have an Axis I mental health diagnosis, and deemed at-risk for inpatient admission if the ADU does not admit the client, and have a

health screen and PPD in the last 12 months. The client intake assessment includes a review of any substance abuse history in order to identify treatment needs, which may include substance abuse interventions both within and outside of the program. Individual counseling and special groups are designed to address co-occurring mental health and substance use/abuse issues. After completing the intake interview and being accepted into the program, clients fully participate in developing their own treatment plan, including the determination of attainable goals to work towards during their stay.

C. Describe service delivery model, hours of operations, length of stay, locations The treatment model for all Progress Foundation programs is Social Rehabilitation and Recovery in 24-hour home-like settings. ADUs have an average length of stay of 2 weeks; Benefit Reviews are completed for clients requiring a longer length of stay. The program is staffed 24-hours with awake and alert staff and utilizes a normalizing and flexible environment to provide needed supports and opportunities for growth. The following is a broad overview of services provided and the methods of service delivery. At La Posada, groups may be conducted in Spanish in addition to English, according to the make-up the clients at the time of the group. All Staff receive training in the most effective ways to intervene with clients within the program's time frame.

I. Program services will be delivered in the context of guidelines which are specified in the most current CBHS Mental Health Plan which includes:

- a common definition of the priority target population,
- the use of common admission and discharge criteria,
- coordinated care for all clients,
- adult services with a single point of entry directly through CBHS identified Psychiatric Emergency Service programs *or* through the Placement Team which manages referrals from local in-patient services *or* urgent care referrals solely through Progress Foundation's DET and Dore Clinic/Urgent Care Center,
- system-wide standards of accountability based on cost, access, quality and outcomes.

II. The ADUs will maintain a non-institutional environment, even while working with clients in the most acute phase of their crises. Through the use of counselors (both professional and paraprofessional) under professional supervision, the programs will provide the necessary support and intervention to stabilize the immediate crisis. This will be done in conjunction with Psychiatric Emergency Services of San Francisco General Hospital.

III. Through the intake process and during the stabilization of the crisis the program staff will begin identifying the gaps in the client's support system and the specific pressures that led to the psychiatric crisis. The counselors and other program staff will work with the client and his/her existing support system (therapist, conservator, probation officer, family, case manager, etc.) to develop the support that is necessary for increased skills in independent living on an ongoing basis. This process will include planning for discharge from the first day

of admission, so that realistic plans can be developed within the target time limit. The program will work with other CBHS System of Care providers as appropriate.

IV. During the course of his/her stay, the client will assume incremental amounts of responsibility in the cooperative operation of the household and general community. At all times the program will work to involve the clients in the house operation, at appropriate levels. This process presents a realistic context in which the staff and clients can test strengths and abilities, as well as receive a specific sense of accomplishing tasks, in spite of emotional difficulties.

V. Clients will meet regularly with assigned coordinators from the staff to develop goals and evaluate progress toward these goals. Clients will be an integral part of the entire process of developing treatment plans and disposition recommendations.

VI. Twenty-four hour services will be provided to clients. Day program activities will fall into these distinct, but overlapping categories:

a. Structured group therapeutic activities designed to enhance crisis stabilization will be provided seven days a week for approximately four (4) hours each day. Activities will include: treatment plan and goals review, physical health (exercise/movement, nutrition, proper use of medical/dental resources), consumer education (medication information, patients' rights, and self-help groups), money management classes, home management classes, and a review of available resources to assist in successful independent living.

Pre-vocational activities will be developed, as appropriate given the short length of stay and tailored to individual levels, which will be designed to prevent the erosion of existent skills and to develop new skills and the self-perception of "ableness" necessary for vocational achievement.

b. Individually tailored activities will be scheduled approximately two (2) hours each afternoon. These activities will be the follow-up of the individual treatment plans that each client develops with his/her counselor including such activities as: attendance at Alcoholics Anonymous (AA), Dual Recovery Anonymous (DRA) or other outside substance abuse group meetings, application for public assistance grants, search for housing opportunities, attendance at a school or vocational training facility, attendance at volunteer or paid job and follow-up on application/interview process for lower level residential programs or housing.

c. Appointments with the staff psychiatrist will be scheduled within 72 hours for those clients who do not have a private psychiatrist. These scheduled meetings will be used to review the efficacy of current medication regimen and to renew or revise prescribed medications as

appropriate, and to provide an additional opportunity for medication education.

d. Appointments with a Nurse Practitioner or supervised nursing student will be available to each individual. This will ensure adequate health and wellness screening and health and drug education. Clients will also receive assistance with minor to moderate injuries as well as with physical health-related conditions adversely affecting the individuals' capacity for non-hospital psychiatric treatment.

In addition, regular group meetings may be held to address three general areas:

1. The practical operation of the household and the division of jobs.

2. Issues in the house and relationships between clients and between clients and the program, as well as individual clients' treatment issues.

3. Special groups, both ongoing and <u>ad hoc</u>, to meet specific needs of the house population. Particular emphasis will be placed on working with families of clients whenever such resources are available.

VII. Activities will be developed, particularly for the evening and weekend hours, that will explore ways of relaxing and enjoying the community resources on limited incomes. As much as possible, activities will be integral to the functioning and operation of the household itself, along practical lines. Included among day and evening activities will be community meetings, a family group for those residents for whom such a service is appropriate, treatment planning groups, and other activities preparatory to moving to a more independent setting. Meal planning, preparation and community dining are essential to the evening program hours.

VIII. The program will develop a practical Wellness & Recovery based model that is geared toward emphasizing the client's healthy potential to participate in his/her own rehabilitation process, as a member of the community, both within the house and in the community outside. The emphasis will be placed on the development of survival skills and a support system in the community, including linkage to case management services, entitlements, physical health and other mental health and social services. In all cases, whenever possible, these activities will be coordinated with the individual's CBHS case manager.

IX. There will be regular meetings between the ADUs and representatives of other relevant programs providing services to clients. The goal is to minimize problems and facilitate the exchange of information between the programs. Treatment planning regarding clients involved in more than one program will be done by the client and relevant staff members of both programs and, whenever possible or appropriate, coordinated with the assigned CBHS Care Manager for the client. This process will include regular staff meetings with professional consultants to review cases.

X. During a client's stay at an ADU, the program psychiatrist will usually assume responsibility for medications. The program will refer clients for community medication support for a seamless medication support system when the client is discharged from the ADU.

XI. Medication monitoring follows policies and procedures established by the State of California Division of Community Care Licensing as well as the agency's medication policy (Policy and Procedures Manual, 10/06, Section 2, 2.06). Medications will be kept locked centrally in the program. Each client who is taking medications will have a log indicating amounts and frequency of medications. Counseling staff will observe the clients' actions in regard to medications, and will note in the med log whether or not medications were taken by the clients, in what quantity, and at what time. The program psychiatrist will review all medication levels on a regular basis, and will be primarily responsible for monitoring the medications of the client in the program. This monitoring will include supervision of the counseling staff.

# D. Describe program's exit criteria and process, discharge planning

Exit criteria are determined on a case-by-case basis by conducting a Benefit Review, which is designed to determine whether or not if a client continues to stay would provide substantial rehabilitation and recovery benefit for the client. The discharge process is begun at admission via intensive and focused short-term treatment planning. Clients who are no longer in crisis and for whom additional treatment is unlikely to yield additional therapeutic benefit will be discharged.

Discharge planning is an integral part of each client's treatment plan and begins with the intake interview. Treatment plan goals are steps toward greater independence with an emphasis on planning for the next stage of treatment and housing. Counselors facilitate linkage between resources for clients, in order to create a wide support network to improve clients' readiness to live more independently.

# 3. Goal Statement

The goals of the Transitional Residential Treatment Programs (TRTP's) are to maximize individuals' efforts to achieve the highest possible level of self-sufficiency by implementing or continuing a rehabilitation and recovery process. TRTPs provide a diversion from, and an alternative to, institutional placement such as skilled nursing facilities and local acute hospitals, and promote rehabilitation and recovery from mental health conditions including those that co-occur with substance abuse disorders. Clients are encouraged and supported in the acquisition and effective application of survival and personal care skills, the development of personal support

Contractor: Progress Foundation Program: TRTP City Fiscal Year 10-11

systems, the development of needed educational and vocational training and preparation for more independent living.

Ashbury House has an additional goal of family preservation or reunification while providing mental health treatment to mothers who are at risk of losing, or have lost, custody of their children, and to facilitate collaboration between CBHS, Human Service Agency(HSA), the Department of Public Health (DPH) and other social service providers in serving this special population.

Clay Street and Dorine Loso House also have a separate focus to facilitate collaboration between CBHS, the Office of the Conservator, the IMD's (Institute for Mental Disease), and other social service providers in serving clients who have been confined, some for long periods of time, in locked psychiatric facilities and skilled nursing facilities. Both programs are wheel chair accessible.

All transitional programs will provide rehabilitative Day Treatment services as a part of the TRTP.

#### 4. Target Population:

Progress Foundation's TRTPs will serve clients approved by the CBHS Placement Team and referred to Progress Foundation's Diversion Evaluation Team (DET). All programs are designed to serve clients with co-occurring substance abuse and mental health treatment needs. The length of stay will vary, but will average approximately 90 days at La Amistad, Progress House and Cortland House; and can be as long as 12 months at Ashbury House, Dorine Loso House and Clay Street. TRTP's will serve men and women, age 18 years and older, who require a structured setting, and who, if such a level of program were not available, are at risk of returning to institutional confinement or other higher levels of care. All admissions are voluntary, and the programs do accept referrals for conserved clients.

Progress House serves the general population of San Francisco public mental health clients, and provides Dialectical Behavioral Therapy (DBT) for targeted clients. La Amistad focuses on Spanish speaking clients and Transitional Youth, while also serving the general population of San Francisco public mental health clients and provides DBT services. Cortland focuses on clients from San Francisco's African American community. Ashbury House will serve women age 18 years and older who have 1 or 2 children under age twelve who will live with them in the program. Ashbury can serve clients with mobility disabilities and also provides DBT services. Clay Street and Dorine Loso House will serve men and women age 18 years and older who are referred from IMDs, psychiatric inpatient units, and crisis residential programs.

All clients are voluntary and have been assessed as able to return to community living and benefit from the rehabilitation program.

#### 5. Modalities / Interventions

A. Modality of Services/Interventions: See CRDC.

#### **B.** Definition of Billable Services

Adult Residential Treatment Service

"Adult Residential Treatment Service" means rehabilitative services, provided in a noninstitutional, residential setting, which provide a therapeutic community including a range of activities and services for beneficiaries who would be at risk of hospitalization or other institutional placement if they were not in the residential treatment program. The service is available 24 hours a day, seven days a week. Service activities may include assessment, plan development, therapy, rehabilitation and collateral.

#### Day Rehabilitation

"Day Rehabilitation" means a structured program of rehabilitation and therapy to improve, maintain or restore personal independence and functioning, consistent with requirements for learning and development, which provides services to a distinct group of beneficiaries and is available at least three hours and less than twenty-four hours each day the program is open. Service activities may include, but are not limited to, assessment, plan development, therapy, rehabilitation and collateral.

#### Service Units

A. All TRTP will provide psychiatric transitional residential treatment services, as well as day treatment (full day rehabilitative) services. One day of residence will provide one "adult residential" unit of service, and 4 hours or more of participation in the day treatment program will mean one "full day, day rehabilitative" unit of service. 40% of Ashbury's funding will come from CalWorks.

B. For FY 08-09, payment methodology will be based on a fee for service system.

C. It is anticipated that La Amistad will provide service to 75 individuals, Ashbury House will provide service to 15 individuals, Progress House and Cortland House will provide service to 40 individuals, and Dorine Loso House and Clay Street will provide service to 20 individuals each.

#### 6. Methodology

# A. Describe outreach, recruitment, advertising

The TRTP's are listed in the CBHS Organizational Manual, the Homeless Advocacy Resource Manual, Progress Foundation's website and other resource directories. Recruitment for staff positions involves posting the open position internally, and on various job listing websites, as well as on our website and sending notices to other non-profit mental health providers. Progress Foundation will recruit a representative percentage of staff who are bi-lingual, bi-cultural, and/or gay/lesbian or transgendered, in order to maximize the relevance of the programs to the needs of the San Francisco population. The agency's training program will continue to pay special attention to the specific program needs and styles relevant to various population groups.

B. Describe your program's admission, enrollment and/or intake criteria and process

Clients are referred directly from SFGH PES with consultation and consent from DET in most cases. Referrals from local in-patient units are approved by the CBHS Placement Team and referred to the Progress Foundation Diversion Evaluation Team (DET) for review. Urgent care referrals from community programs are referred directly to DET. DET reviews charts and may do face-to-face interviews with clients in PES, and inpatient units or at client's current program. DET tracks open beds in the agency and schedules intake interviews with the programs. Clients

go to the program for an intake interview which serves as an assessment tool for the program to determine the appropriateness of the program for this client at that point in the client's crisis and also serves as the basis upon which to build the treatment plan. Admission criteria are: client must be a resident of San Francisco County, have an Axis I mental health diagnosis, meet medical necessity criteria and have a health screen and PPD in the last 6 months. Clients may, but are not required to, attend a dinner or Day Treatment group at the program to help inform their decisions to enter the program. The client intake assessment includes a review of any substance abuse history in order to identify co-occurring substance abuse disorders and illuminate treatment needs which may include substance abuse interventions both within and outside of the program. Individual counseling and special groups are designed to address dual diagnosis issues. After completing the intake interview and being accepted into the program, clients participate in developing their own treatment plans including the determination of attainable goals to work towards during their stay.

#### C. Describe service delivery model, hours of operations, length of stay, locations

The treatment model for all Progress Foundation programs is Social Rehabilitation and Recovery, provided in home-like settings. The length of stay will vary, but will average approximately 90 days at La Amistad, Progress House and Cortland House, and up to 1 year at Clay, Dorine Loso House and Ashbury. The program is staffed 24-hours with awake and alert staff and utilizes a normalizing and relational-rich environment. The following is a broad listing of services and overview of service delivery in Progress Foundation TRTPs. At La Amistad these services are provided in Spanish, according to the house make-up.

Staff receive training in the most effective ways to intervene with clients within the program's time frame.

I. Program services will be delivered in the context of guidelines which are specified in the most current CBHS Mental Health Plan which includes:

- common definition of the priority target population,
- the use of common admission and discharge criteria,
- coordinated care for all clients,
- a single point of entry for services, through the Placement Team, except for diversions from psychiatric emergency services and,
- system wide standards of accountability based on cost, access, quality, and outcomes.

II. During the course of their stay in the programs, clients will be expected to assume incremental amounts of responsibility in the co-operative operation of the household and general community. At all times, the program will work to include the clients in the house operations. This process presents a realistic context in which clients can test strengths and abilities and receive a specific sense of accomplishing tasks in spite of emotional difficulties.

III. Regular group meetings will be held in each house:

a. Morning planning groups, attended by all clients and on-duty staff, to evaluate the status of each client and to develop specific plans for the day.

b. The community meeting to discuss problems within the house, plan outings,
assign house jobs and resolve other issues confronting the program.

c. Special groups, both on-going and <u>ad hoc</u>, to meet specific needs of the house population (such as groups held in Spanish at La Amistad). These groups may include symptom management, relapse prevention, daily living skills, medication education, a follow-up group or a pre-vocational group. DBT oriented groups are also offered.

d. At Ashbury House, clients will attend an on-site day treatment program five days per week. The program will include community meetings, symptom management, relapse prevention, skill building, processing and adjunctive therapy, parenting classes, advocacy groups, pre-vocational training, and personal and infant/child health education, as well as DBT oriented groups.

e. Clay Street, Dorine Loso House, La Amistad, Progress House and Cortland House will also provide on-site day treatment five days per week. A full range of verbal and non-verbal group meetings, community meetings, symptom management, relapse prevention, skill building, pre-voc, processing and adjunctive therapy as well as educational workshops aimed at developing a healthy existence in the community, will be offered.

VI. Activities will be developed, particularly for the evening and weekend hours, that will explore ways of relaxing and enjoying the community resources on limited incomes. As much as possible, activities will be integral to the functioning and operation of the household itself.

V. All the transitional residential treatment programs will utilize the opportunity for interaction between counselors and clients, in both formal and informal settings, to regularly assess the clients' progress toward independent living. The interactions will include regular meetings with staff to discuss progress towards mutually-determined goals.

VI. Most clients will be expected to have primary therapists or other supportive treatment outside of the house itself. This primary therapist or program will be responsible for prescribing medications and other formal therapy meetings. If there is no primary therapist or program, residential program staff will assist client to obtain one.

VII. Counselors will regularly coordinate treatment planning and on-going clinical issues with all relevant therapists and treatment programs with which each client is involved. This coordination will include the active involvement and participation of the client whenever possible.

VIII. If clinically indicated, clients will be expected to be responsible for their own medications with staff support and oversight and individualized plans incrementally increasing responsibility, otherwise medications will be centrally stored and monitored and recorded by staff according to State of California Division of Community Care Licensing standards.

IX. The programs will work in close collaboration with other CBHS System of Care

Contractor: Progress Foundation Program: TRTP City Fiscal Year 10-11

providers, and any other participating agencies or services, to provide rehabilitative, 24-hour care to clients.

X. The client intake assessment includes a review of any substance abuse history in order to identify treatment needs which may include substance interventions both within and outside of the program. Individual counseling and special groups are designed to address dual diagnosis issues. Staff receive training in the most effective ways to intervene with clients within the program's time frame.

## D. Describe program's exit criteria and process, discharge planning

Exit criteria are determined on a case by case basis by evaluating client's progress toward treatment plan goals, to determine whether or not if a client continues to stay would provide substantial rehabilitation and recovery benefit for the client. The discharge process is begun at admission via intensive and focused short-term treatment planning. Clients who are no longer in crisis and experience a reduction of the problems which brought them into the program, such that there is a probability that they will succeed at the next level of care or follow –up program for continued treatment. Clients who are a danger to self or others will be referred to SFGH PES for evaluation. In the case of Ashbury House, clients with CPS cases are accepted into the program based on the status of their child custody cases, and, if re-unification is not a possibility, clients are discharged after losing or voluntarily surrendering custody of their children.

Discharge planning is an integral part of each client's treatment plan and begins with the intake interview. Treatment plan goals are steps toward greater independence with an emphasis on planning for the next stage of treatment and housing. Counselors facilitate linkage between resources for clients, in order to create a wide support network to improve clients' readiness to live more independently.

# 3. Goal Statement

The Progress Foundation Seniors Program consists of Carroll House and Rypins House, which are Transitional Residential Treatment Programs (TRTP), and Rypins House Day Treatment. The goals of the program are: To maximize individuals' efforts to achieve the highest possible level of self-sufficiency by continuing the rehabilitation process begun in acute and sub-acute residential programs; to divert as many persons as possible from institutional placements, such as skilled nursing facilities, and "L" facilities, by providing an alternative setting. To reduce recidivism by providing a therapeutic setting in which individuals can grow toward independent living by emphasizing the acquisition and application of survival skills; development of personal support systems and placement of as many clients as possible in educational, volunteer and vocational or pre-vocational training situations, as well as in jobs in preparation for more independent living.

## 4. Target Population:

Progress Foundation's Seniors Program will serve clients approved by the CBHS Placement Team and referred to Progress Foundation's Diversion Evaluation Team (DET), and referrals from other service providers. Carroll and Rypins Houses and Rypins Day Treatment serve specifically clients aged 55 and over. The length of stay will vary, but will average approximately 70 days.

The Seniors Program will serve ambulatory men and women, age 55 years and older, who require a structured setting, and who, if such a level of program were not available, are at risk of returning to the hospital, skilled nursing facility or other more restrictive treatment settings. All admissions are voluntary and the program does accept referrals for conserved clients. As more than 50% of the Seniors Program clients have co-occurring substance use/abuse and mental health disorders, the program is designed to meet the treatment needs of this population.

Program: Carroll and Rypins Houses	Contract Term: 07/01/2010 - 06/30/2011
& Rypins Day Treatment (Seniors)	City Fiscal Year 10-11

In addition to current clients, the Day Treatment program has established six day slots for former residents in transition from the program to living in the community who require on-going rehabilitation and support during the daytime hours. Since not all the day treatment clients participate in the program five days a week, day services can be provided to more than six non-residential clients.

# 5. Modalities / Interventions

A. Modality of Services/Interventions: See CRDC.

# **B.** Definition of Billable Services

Adult Residential Treatment Service.

"Adult Residential Treatment Service" means rehabilitative services, provided in a non-institutional, residential setting, which provide a therapeutic community including a range of activities and services for beneficiaries who would be at risk of hospitalization or other institutional placement if they were not in the residential treatment program. The service is available 24 hours a day, seven days a week. Service activities may include assessment, plan development, therapy, rehabilitation and collateral.

# Day Rehabilitation.

"Day Rehabilitation" means a structured program of rehabilitation and therapy to improve, maintain or restore personal independence and functioning, consistent with requirements for learning and development, which provides services to a distinct group of beneficiaries and is available at least four hours or more each day the program is open. Service activities may include, but are not limited to, assessment, plan development, therapy, rehabilitation and collateral.

# 6. Methodology

# A. Describe outreach, recruitment, advertising

Carroll and Rypins House are listed in the CBHS Organizational Manual, the Homeless Advocacy Resource Manual, Progress Foundation's website and other resource directories Recruitment for staff positions involves posting the open position internally, and on various job listing websites, as well as on our website and sending notices to other non-profit mental health providers. Progress Foundation will recruit a representative percentage of staff who are bi-lingual, bi-cultural, and/or gay/lesbian or Transgendered, with a focus on serving clients age 55 and over at the Seniors Program in order to maximize the relevance of the programs to the needs of the San Francisco population. The agency's training program will continue to pay special attention to the specific program needs and styles relevant to various population groups.

# <u>B. Describe your program's admission, enrollment and/or intake criteria and process</u>

Clients are referred directly form SFGH PES with consultation and consent from Progress Foundation's DET in most cases. Referrals from local in-patient units are approved by the CBHS Placement Team and referred to DET for review. Urgent care referrals are referred directly through DET, as are any other community referrals. Clients may be referred by case managers, therapists or other service providers. DET reviews charts and does face-to-face interviews with clients, if needed. DET tracks open beds in the agency and schedules intake interviews with the programs. Clients go to the program to do the intake interview which serves as an assessment tool for the program to determine the appropriateness of the program for this client at that point in the client's crisis and also serves as the basis upon which to build the treatment plan. Admission criteria are: client must be a resident of San Francisco County, age 55 or over, have an Axis I mental health diagnosis, and have a health screen and PPD in the last 6 months. Clients may, but are not required to, attend a dinner at the program or Day Treatment groups to help inform their decisions to engage in the program. The client intake assessment includes a review of any substance abuse history in order to identify treatment needs which may include substance abuse interventions both within and outside of the program. Individual counseling and special groups are designed to address co-occurring mental health and substance use/abuse issues. Staff receive training in the most effective ways to intervene with clients within the program's time frame. After completing the intake interview and being accepted into the program, clients fully participate in developing their treatment plan, including the determination of attainable goals to work towards during their stay.

<u>C. Describe service delivery model, hours of operations, length of stay, locations</u> The treatment model for all Progress Foundation programs is Social Rehabilitation and Recovery in 24-hour home-like settings. The length of stay will vary, but will average approximately 70 days at Seniors Program. The program is staffed 24-hours with awake and alert staff and utilizes a flexible and normalizing environment.

I. Program services will be delivered in the context of guidelines which are specified in the most current CBHS Mental Health Plan which includes:

- common definition of the priority target population,
- the use of common admission and discharge criteria,
- coordinated care for all clients,
- a single point of entry for geriatric services, through the Placement Team, and
- system wide standards of accountability based on cost, access, quality, and outcomes.

II. During the course of their stay in the programs, clients are assisted in assuming incremental amounts of responsibility in the co-operative operation of the household. At all times, the program will work to include the clients in the house operations. This process presents a realistic context in which clients can

test strengths and abilities and receive a specific sense of accomplishing tasks in spite of emotional difficulties.

III. Regular group meetings will be held in each house.

a. Morning planning groups, attended by all clients and on-duty staff, to evaluate the status of each client and to develop specific plans for the day.

b. The community meeting to discuss problems within the house, plan outings, assign house jobs and resolve other issues confronting the program.

c. Special groups, both on-going and <u>ad hoc</u>, to meet specific needs of the house population. These groups may include symptom management, daily living skills, medication education, a follow-up group or a pre-vocational group.

VI. Activities will be developed, particularly for the evening and weekend hours, that will explore ways of relaxing and enjoying the community resources on limited incomes. As much as possible, activities will be integral to the functioning and operation of the household itself.

V. All the transitional residential treatment programs will utilize the opportunity for interaction between counselors and clients, in both formal and informal settings, to regularly assess the clients' progress toward independent living. The interactions will include regular meetings with staff to discuss progress towards mutually-determined goals.

VI. Many clients also will have primary therapists or other supportive treatment outside of the house itself. This primary therapist or program will be included in relevant treatment decisions.

VII. Counselors will regularly coordinate treatment planning and on-going clinical issues with all relevant therapists and treatment programs with which each client is involved. This coordination will include the active involvement and participation of the client whenever possible.

VIII. If clinically indicated, clients will be assisted in learning to be responsible for their own medications, in all other cases medications will be centrally held and medication usage will be documented.

IX. The programs will work in close collaboration with other CBHS System of Care providers, and any other participating agencies or services, to provide rehabilitative, 24-hour care to clients.

X. The client intake assessment includes a review of any substance abuse history in order to identify treatment needs which may include substance interventions both within and outside of the program. Individual counseling and special groups are designed to address dual diagnosis issues. Staff receive training in the most effective ways to intervene with clients within the program's time frame. Clients also are encouraged, when appropriate, to attend other ongoing meetings in the community geared toward development of a clean and sober lifestyle.

XI. Appointments with a Nurse Practitioner or supervised nursing student will be available to each individual. This will ensure adequate health screening, health and wellness education, (in particular education about age related health issues) and drug education. Clients will also receive assistance with ambulatory injuries as well as with physical health-related conditions adversely affecting the individuals' capacity for non-hospital psychiatric treatment.

# D. Describe program's exit criteria and process, discharge planning

Exit criteria are determined on a case by case basis by reviewing Progress Notes and Treatment Plans, to determine whether or not if a client continues to stay would provide substantial rehabilitation and recovery benefit for the client. The discharge process is begun at admission via intensive and focused short-term treatment planning. Clients who are stabilized and for whom additional treatment is unlikely to yield additional therapeutic benefit will be discharged. Reasons that clients may not be accepted into the program, or may be referred to another program or discharged are: a determination is made that the program/level of care does not meet the client's treatment needs; client engages in illegal activities (such as drug use in the program) and is unwilling to work on a plan to desist those activities; or client engages in a physical altercation in the program that put the staff and /or other clients at risk.

Discharge planning is an integral part of each client's treatment plan and begins with the intake interview. Treatment plan goals are steps toward greater independence with an emphasis on planning for the next stage of treatment and housing. Counselors facilitate linkage between resources for clients, in order to create a wide support network to improve clients' readiness to live more independently.

# 3. Goal Statement

The purpose of the program is to provide unobtrusive support to a client's own rehabilitative efforts while providing the most independent living possible. The counseling is designed to provide regular guidance, support and 24-hour/day, 7 days/week response capability. The thrust of this program is to assist those clients who have completed transitional Residential Treatment Programs (TRTP), yet are unable to assume full responsibility for forming independent group households and managing the stressors associated with completely independent living. This housing program is able to support the less well organized clients' efforts to achieve viable independent living skills in settings which fully replicate the potential housing situations available after completion of the program.

Specific goals are:

- To maintain independence levels achieved by clients while in the residential programs by providing supportive settings;
- To maximize the abilities of clients to function and contribute in the least restrictive, most normative setting possible through the provision of decreasing levels of support and structure;
- To develop cooperative apartments which are accessible, relevant and useful to the various ethnic minority and identified gay populations that comprise San Francisco;
- To provide support services to individuals who are living independently in the community. The support services will be available to individuals in the Independent Living sites specified in this contract upon request.

# 4. Target Population:

The SLP will serve target population clients in the Mental Health System following the criteria for admission to care specified by CBHS. Those eligible for the program are men and women with a minimum age limit of 18. The Supported Living Program (SLP) is able to serve clients with co-occurring mental health diagnoses and substance abuse disorders, and clients authorized for services by the City and County of San Francisco, clients must have an Axis I primary mental health diagnosis. Clients must be able to participate in the cooperative running of the apartment, or, in the case of Independent Living settings, live independently. The SLP accepts referrals for clients on

conservatorship. All clients in the cooperative apartment settings are required to have a full-time day program and a regular therapy setting outside of the program when appropriate. Clients in Independent Living sites are not required to participate in any programs or therapy as a condition of living in those units. However, individuals may require specialized services in order to maintain their living situations, and are assisted in accessing those services.

# **B.** Definition of Billable Services

# Mental Health Services.

"Mental Health Services" means those individual or group therapies and interventions that are designed to provide reduction of mental disability and improvement or maintenance of functioning consistent with the goals of learning, development, independent living and enhanced self-sufficiency and that are not provided as a component of adult residential services, crisis residential treatment services, crisis intervention, crisis stabilization, day rehabilitation, or day treatment intensive. Service activities may include but are not limited to assessment, plan development, therapy, rehabilitation and collateral.

## 6. Methodology

# A. Describe outreach, recruitment, advertising

The Supported Living Program is listed in the CBHS Organizational Manual, the Homeless Advocacy Resource Manual, Progress Foundation's website and other resource directories. Recruitment for staff positions involves posting the open position internally, and on various job listing websites, as well as on our website and sending notices to other non-profit mental health providers. Progress Foundation will recruit a representative percentage of staff who are bi-lingual, bi-cultural and/or gay/lesbian or Transgendered, in order to maximize the relevance of the programs to the needs of the San Francisco population. The agency's training program will continue to pay special attention to the specific program needs and styles relevant to various population groups.

# B. Describe your program's admission, enrollment and/or intake criteria and process

The program provided is the Supported Living Program, a system of leased apartments and permanent housing sites where residents receive mental health, case management and crisis intervention services from the Supported Living Program staff. The Supported Living Program consists of two elements: (a) the Cooperative Apartments Program; (b) the Permanent Housing Program/Independent Living program. Clients for the Cooperative Apartments Program are referred by their case managers or other providers and must be approved by the CBHS Placement Team, and meet some of the same requirements as the Residential Treatment Programs, i.e. Axis I mental health diagnosis and San Francisco residency. Clients have a face-to-face interview with a case manager for the program, as well as a tour of the apartment and introduction to prospective roommates, they may also attend the weekly house meeting to help inform their decision to move in or not, although it is not required. Residents in the Independent Living Program, have a face-to face interview to determine eligibility (applicants must have a mental illness) and tour of the open apartment. Services at Independent Living Program sites are voluntary, and those who do participate, can discontinue service at any time.

C. Describe service delivery model, hours of operations, length of stay, locations The average length of stay at the Cooperative Apartments is 2 years, residents are not required to move, but many do so when they have completed their treatment program. The Independent Living Program Apartments are permanent housing; participation in services is not required.

I. Program services will be delivered in the context of guidelines which are specified in the most current CBHS Mental Health Plan which includes:

- a common definition of the priority target population,
- the use of common admission and discharge criteria,
- coordinated care for all clients,
- system wide standards of accountability based on cost, access, quality and outcomes.

II. In the Cooperative Apartment Program, staff will meet with each living group at least once a week to discuss on-going problems, interpersonal issues, and to assist in the planning of activities. This formal meeting will provide the opportunity to assess the progress of individual clients in the program.

III. In addition to this group meeting, each client will meet with a Supported Living Program case manager individually on average once a week. This component will begin to teach the use of the private therapy hour as the forum to discuss personal issues, resolve private conflicts and plan future rehabilitation efforts. For some clients, the completion of the Coop Program will find them living independently, engaged in meaningful, even paid, activities, and utilizing private sector weekly therapy as their primary therapeutic contact. The transition from mostly group treatments to mostly individual treatment takes place incrementally. The individual meetings will also provide the forum for involving collaborative counselors or therapists in the treatment and rehabilitation planning.

IV. Upon entering either the Cooperative Apartment Program or the Permanent Housing Program, if treatment services are selected, each client will work with a case manager to develop a treatment and rehabilitation plan. This plan will specify the goals of the client, an approximate time frame for achieving the goals, and a recommended approach to achieve them. This plan will form the basis of agreement between the client and the program. The program will emphasize client movement toward vocational training and work and volunteer or

# educational activities.

V. The Supported Living Program Director and case managers will coordinate the clients' involvement in vocational programs. It is expected that clients will often enter the apartment program with a meaningful day activities either in place or planned. The goal of the program, in such a case, will be to work with the clients to move toward pre-vocational or vocational programs as soon as possible.

VI. On a monthly basis, members of all households will attend a joint meeting for the purpose of building relationships beyond the individual household and for large group educational forums and/or social activities.

VII. In the Permanent Housing Program, case managers will provide a range of services including counseling, crisis intervention, linkage to social, mental health and physical health services, and referral to other support services. Case managers will meet with clients on an as needed basis to assist the client in determining the range of services to be provided and the frequency of meetings to monitor progress.

VIII. The client intake assessment includes a review of any substance abuse history in order to identify treatment needs which may include substance interventions both within and outside of the program. Individual counseling, referrals and special groups are designed to address dual diagnosis issues. Staff receive training in the most effective ways to intervene with clients within the program's time frame. Clients also are encouraged, when appropriate, to attend other ongoing meetings in the community geared toward development of a clean and sober lifestyle

# D. Describe program's exit criteria and process, discharge planning,

Although there is essentially no formal exit criteria for clients in the Cooperative Apartments or the Independent Living apartments, discharge or transition planning is discussed with the client beginning at admission via focused long-term treatment planning for those in services. When clinically appropriate, clients are encouraged to move towards more independent housing. For clients in the Independent Living Program, services are voluntary and eligibility for the housing is not contingent upon involvement in mental health services, so a client may elect to end services but continue to live in the apartment. Discharge from the Independent Living Program can be withdrawal from services, but not moving from the apartment.

Discharge planning is an integral part of each client's treatment plan and begins with the intake interview. Treatment plan goals are steps toward greater independence with an emphasis on planning for the next stage of treatment and housing. Case Managers facilitate linkage between resources for clients, in order to create a wide support network to improve clients' readiness to live more independently.

# 3. Goal Statement

The goals of Dore Residence, a crisis residential program, is to reduce the utilization of acute psychiatric in-patient beds, either by diversion from in-patient placement or reduction of inpatient length of stay, by providing an intensively staffed and community oriented 24-hour non-institutional alternative to hospitalization for individuals who require non-hospital acute psychiatric care. Services are designed to reduce and stabilize crisis situations for individuals experiencing an acute episode or situational crisis, to assess and augment the client's existing support system while encouraging the lowest possible level of psychotropic medications, and through skills building, to enable the client to move toward more independent living.

## 4. Target Population:

The primary source for referrals will be the Dore Urgent Care Clinic co-located in the same facility. Progress Foundation will also serve clients referred from SFGH Psychiatric Emergency Services and other psychiatric crisis services designated by Community Behavioral Health Services (CBHS).

Crisis Residential will provide 24- hour psychiatric residential treatment and rehabilitation and recovery services to San Francisco residents, aged 18 years and older, who require a highly structured and supervised setting due to the crisis and/or acute nature of their condition. All programs are designed to address clients with co-occurring mental health and substance abuse treatment needs. All admissions are voluntary. Persons on conservatorship may be referred.

The Crisis Residential Program is authorized to accept individuals who have a primary Axis 1 mental health diagnosis; however, as many as 75% of clients served in the crisis residential program have been shown to have co-occurring disorders that include mental illness and substance use/abuse as well as other serious and limiting medical conditions and the programs are fully capable of providing dual services to those clients.

This crisis residential program specializes in providing assessment, triage, rapid stabilization and referral for clients referred by Dore Clinic. This program is able to serve members of the many diverse ethnic and cultural backgrounds in San Francisco, as well as those in several age groups.

# 5. Modalities / Interventions

A. Modality of Services/Interventions: See CRDC.

## **B.** Definition of Billable Services

# Crisis Residential Treatment Service

"Crisis Residential Treatment Service" means therapeutic or rehabilitative services provided in a non-institutional residential setting which provides a structured program for beneficiaries as an alternative to hospitalization for beneficiaries experiencing an acute psychiatric episode or crisis who do not present medical complications requiring nursing care. The service supports beneficiaries in their efforts to restore, maintain, and apply interpersonal and independent living skills, and to access community support systems.

The service is available 24 hours a day, seven days a week. Service activities may include assessment, plan development, therapy, rehabilitation, collateral, and crisis intervention.

## Medication Support Services.

"Medication Support Services" means those services which include prescribing, administering, dispensing and monitoring of psychiatric medications or biologicals which are necessary to alleviate the symptoms of mental illness. The services may include evaluation of the need for medication, evaluation of clinical effectiveness and side effects, the obtaining of informed consent, medication education and plan development related to the delivery of the service and/or assessment of the beneficiary.

# Service Units

A. For the new crisis residential program, the maximum length of stay will be 3-5 unless an extension is clinically indicated.

B. One unit of Crisis Residential Treatment Service is one day of residence in the program.

C. A unit of Medication Support Service is recorded in minutes.

D. For FY 09-10 payment methodology will be based on a fee for service system.

E. It is anticipated that the Dore Residence program will serve 275 clients in FY 09-10.

## 6. Methodology

## A. Describe outreach, recruitment, advertising

Progress Foundation Programs are listed in the CBHS Organizational Manual, the Homeless Advocacy Resource Manual, Progress Foundation's website and other resource directories. Recruitment for staff positions involves posting the open position internally, and on various internet job listing websites, as well as on our website and sending notices to other non-profit mental health providers. The Dore Residence will be listed in those publications as new editions are printed. Progress Foundation will recruit a representative percentage of staff who are bilingual, bi-cultural and/or gay/lesbian or transgendered, in order to maximize the relevance of the programs to the needs of the San Francisco population. The agency's training program will continue to pay special attention to the specific program needs and styles relevant to various population groups.

B. Describe your program's admission, enrollment and/or intake criteria and process Clients are referred directly from Progress Foundation's Dore Clinic/Urgent Care Center, SFGH

Contractor: Progress Foundation		
Program: Dore Residence		
City Fiscal Year	10-11	

PES, and from CBHS crisis services to the ADU. Referrals from local in-patient units are approved by the CBHS Placement Team.

Clients go to the program for an intake interview which serves as an assessment tool for the program to determine the appropriateness of the ADU for this client at that point in the client's crisis and also serves as the basis upon which to build the treatment plan. Admission criteria are: client must be a resident of San Francisco County, have an Axis I mental health diagnosis, and deemed at-risk for inpatient admission if the ADU does not admit the client, and have a health screen and PPD in the last 12 months. The client intake assessment includes a review of any substance abuse history in order to identify treatment needs, which may include substance abuse interventions both within and outside of the program. Individual counseling and special groups are designed to address co-occurring mental health and substance use/abuse issues. After completing the intake interview and being accepted into the program, clients fully participate in developing their own treatment plan, including the determination of attainable goals to work towards during their stay.

<u>C. Describe service delivery model, hours of operations, length of stay, locations</u> The treatment model for all Progress Foundation programs is Social Rehabilitation and Recovery in 24-hour home-like settings. The Urgent ADU will have an average length of stay of 4 days; Benefit Reviews are completed for clients requiring a longer length of stay. The program is staffed 24-hours with awake and alert staff and utilizes a normalizing and flexible environment to provide needed supports and opportunities for growth. The following is a broad overview of services provided and the methods of service delivery. Staff receive training in the most effective ways to intervene with clients within the program's time frame.

I. Program services will be delivered in the context of guidelines which are specified in the most current CBHS Mental Health Plan which includes:

- a common definition of the priority target population,
- the use of common admission and discharge criteria,
- coordinated care for all clients,
- a single point of entry for adult services either directly through CBHS identified Psychiatric Emergency Service programs or through the Placement Team for referrals from local in-patient services or solely through Progress Foundation DET for urgent care referrals.
- system-wide standards of accountability based on cost, access, quality and outcomes.

II. The ADUs will maintain a non-institutional environment, even while working with clients in the most acute phase of their crises. Through the use of counselors (both professional and paraprofessional) under professional supervision, the programs will provide the necessary support and intervention to stabilize the immediate crisis. This will be done in conjunction with Progress Foundation's Urgent Care Center (Dore Clinic) and Psychiatric Emergency Services (PES) of San Francisco General Hospital.

III. Through the intake process and during the stabilization of the crisis the program staff will begin identifying the gaps in the client's support system and the specific pressures that led to the psychiatric crisis. The counselors and other program staff will work with the client and his/her existing support system (therapist, conservator, probation officer, family, case manager, etc.) to develop the support that is necessary for increased skills in independent living on an ongoing basis. This process will include planning for discharge

from the first day of admission, so that realistic plans can be developed within the target time limit. The program will work with other CBHS System of Care providers to assure optimal services.

IV. During the course of his/her stay, the client will assume incremental amounts of responsibility in the cooperative operation of the household and general community. At all times the program will work to involve the clients in the house operation, at appropriate levels. This process presents a realistic context in which the staff and clients can test strengths and abilities, as well as receive a specific sense of accomplishing tasks, in spite of emotional difficulties.

V. Clients will meet regularly with assigned coordinators from the staff to develop goals and evaluate progress toward these goals. Clients will be an integral part of the entire process of developing treatment plans and disposition recommendations.

VI. Twenty-four hour services will be provided to clients. Day program activities will fall into these distinct, but overlapping categories:

a. Structured group therapeutic activities designed to enhance crisis stabilization will be provided seven days a week for approximately four (4) hours each day. Activities will include: treatment plan and goals review, physical health (exercise/movement, nutrition, proper use of medical/dental resources), consumer education (medication information, patients' rights, and self-help groups), money management classes, home management classes, and a review of available resources to assist in successful independent living.

Pre-vocational activities will be developed, as appropriate given the short length of stay and tailored to individual levels, which will be designed to prevent the erosion of existent skills and to develop new skills and the selfperception of "ableness" necessary for vocational achievement.

b. Individually tailored activities will be scheduled approximately two (2) hours each afternoon. These activities will be the follow-up of the individual treatment plans that each client develops with his/her counselor including such activities as: attendance at Alcoholics Anonymous (AA), Dual Recovery Anonymous (DRA) or other outside substance abuse group meetings, application for public assistance grants, search for housing opportunities, attendance at a school or vocational training facility, attendance at volunteer or paid job and follow-up on application/interview process for lower level residential programs or housing.

c. Appointments with the staff psychiatrist will be scheduled within 72 hours for those clients who do not have a private psychiatrist. These scheduled meetings will be used to review the efficacy of current medication regimen and to renew or revise prescribed medications as appropriate, and to provide an additional opportunity for medication education.

d. Appointments with a Nurse Practitioner or supervised nursing student will be available to each individual. This will ensure adequate health and wellness screening and health and drug education. Clients will also receive assistance with minor to moderate injuries as well as with physical health-related conditions adversely affecting the individuals' capacity for non-hospital psychiatric treatment.

In addition, regular group meetings may be held to address three general areas:

1. The practical operation of the household and the division of jobs.

2. Issues in the house and relationships between clients and between clients and the program, as well as individual clients' treatment issues.

3. Special groups, both ongoing and <u>ad hoc</u>, to meet specific needs of the house population. Particular emphasis will be placed on working with families of clients whenever such resources are available.

VII. Activities will be developed, particularly for the evening and weekend hours, that will explore ways of relaxing and enjoying the community resources on limited incomes. As much as possible, activities will be integral to the functioning and operation of the household itself, along practical lines. Included among day and evening activities will be community meetings, a family group for those residents for whom such a service is appropriate, treatment planning groups, and other activities preparatory to moving to a more independent setting. Meal planning, preparation and community dining are essential to the evening program hours.

VIII. The program will develop a practical Wellness & Recovery based model that is geared toward emphasizing the client's healthy potential to participate in his/her own rehabilitation process, as a member of the community, both within the house and in the community outside. The emphasis will be placed on the development of survival skills and a support system in the community, including linkage to case management services, entitlements, physical health and other mental health and social services. In all cases, whenever possible, these activities will be coordinated with the individual's case manager.

IX. There will be regular meetings between the ADUs and representatives of other relevant programs providing services to clients. The goal is to minimize problems and facilitate the exchange of information between the programs. Treatment planning regarding clients involved in more than one program will be done by the client and relevant staff members of both programs and, whenever possible or appropriate, coordinated with the assigned CBHS Care Manager for the client. This process will include regular staff meetings with professional consultants to review cases.

X. During a client's stay at an ADU, the program psychiatrist will usually assume responsibility for medications. The program will refer clients for community medication support for a seamless medication support system when the client is discharged from the ADU.

XI. Medication monitoring follows policies and procedures established by the State of California Division of Community Care Licensing, as well as the agency's medication policy (Policy and Procedures Manual, 10/06 Section 2, 2.06). Medications will be kept locked centrally in the program. Each client who is taking medications will have a log indicating amounts and frequency of medications. Counseling staff will observe the

Appendix <u>A-5</u> Contract Term: 07/01/2010 - 06/30/2011

Contractor: Progress Foundation Program: Dore Residence City Fiscal Year 10-11

> clients' actions in regard to medications, and will note in the med log whether or not medications were taken by the clients, in what quantity, and at what time. The program psychiatrist will review all medication levels on a regular basis, and will be primarily responsible for monitoring the medications of the client in the program. This monitoring will include supervision of the counseling staff.

## D. Describe program's exit criteria and process, discharge planning

Exit criteria are determined on a case-by-case basis by conducting a Benefit Review, which is designed to determine whether or not if a client continues to stay would provide substantial rehabilitation and recovery benefit for the client. The discharge process is begun at admission via intensive and focused short-term treatment planning. Clients who are no longer in crisis and for whom additional treatment is unlikely to yield additional therapeutic benefit will be discharged.

Discharge planning is an integral part of each client's treatment plan and begins with the intake interview. Treatment plan goals are steps toward greater independence with an emphasis on planning for the next stage of treatment and housing. Counselors facilitate linkage between resources for clients, in order to create a wide support network to improve clients' readiness to live more independently.

# 3. Goal Statement

Dore Clinic provides the capacity to intervene early in an escalating psychiatric crisis, and to provide assessment and triage in a community-based setting, with available crisis residential beds for those who would benefit from 24-hour intensive treatment. This systemic element allows for the more appropriate and targeted use of SFGH/PES. The availability of crisis residential treatment beds, in the same facility as the Dore Clinic, provides timely access to services for clients who require 24-hour, highly structured treatment, but who do not require involuntary hospitalization.

The goal of Dore Clinic is to reduce the inappropriate use of SFGH/PES for individuals who are in a psychiatric crisis but do not require involuntary treatment or seclusion and restraints. Services are designed to reduce and stabilize crisis situations for individuals experiencing an acute episode or situational crisis, to assess and augment the client's existing support system and to determine the client's readiness and capacity to return to the community. In addition the Dore Clinic may refer clients to an ADU or Transitional program for further rehabilitation and recovery.

#### 4. Target Population:

Progress Foundation's Urgent Care Center will serve clients referred from Community Behavioral Health Services (CBHS emergency services such as Mobile Crisis) and community urgent care referrals. The Dore Clinic will provide crisis stabilization services 16 hours per day to San Francisco residents, aged 18 and over, who require urgent psychiatric intervention in a highly structured and supervised setting due to the crisis and/or acute nature of their condition. Because of the nature of the target population, clients may be brought to the Dore Clinic on an involuntary hold (5150), however, clients may only be admitted to the program on a voluntary basis.

The Dore Clinic is authorized to accept individuals who have a primary Axis 1 mental health diagnosis; however, as many as 75% of clients may have co-occurring disorders that include mental illness and substance use/abuse as well as other serious and limiting medical conditions. The Dore Clinic will be accessible to individuals with mobility disabilities.

The Dore Clinic will be able to serve members of the many diverse ethnic and cultural backgrounds in San Francisco.

5. Modalities / Interventions

A. Modality of Services/Interventions: See CRDC.

## **B. Definition of Billable Services**

Mode 10: Day Mode of Service

# Service Functions 25-29: Crisis Stabilization - Urgent Care

"Crisis Stabilization" means a service lasting less than 24 hours, to or on behalf of a beneficiary for a condition that requires more timely response than a regularly scheduled visit. Service activities include but are not limited to one or more of the following: assessment, collateral and therapy. Crisis stabilization is distinguished from crisis intervention by being delivered by providers who do meet the crisis stabilization contact, site, and staffing requirements described in CCR, Title 9, Sections 1840.338 and 1840.348. (CCR, Title 9, Section 1810.210). Crisis Stabilization shall be provided on site at a licensed 24-hour health care facility or hospital based outpatient program or a provider site certified by the Department or an MHP (Mental Health Plan) to perform crisis stabilization-urgent care" shall apply when the service is provided in any other appropriate site. (CCR, Title 9, Section 1840.105(a)(4)).

# Service Units

A. The maximum length of treatment for each episode is governed by Title 9 regulations pertaining to crisis stabilization services.

B. One unit of Crisis Stabilization- Urgent Care service is one hour of treatment in the program.

C. For FY 09-10 payment methodology will be based on a fee for service system.

D. It is anticipated that Dore Clinic will provide service to 465 individuals in FY 09-10.

#### 6. Methodology

# A. Describe outreach, recruitment, advertising

Progress Foundation programs are listed in the CBHS Organizational Manual, the Homeless Advocacy Resource Manual, Progress Foundation's website and other resource directories. New programs will be added as new editions of the publications are printed. Recruitment for staff positions involves posting the open position internally, and on various internet job listing websites, as well as on our website and sending notices to other non-profit mental health providers. Progress Foundation will recruit a representative percentage of staff who are bi-lingual, bi-cultural and/or gay/lesbian or transgendered, in order to maximize the relevance of the programs to the needs of the San Francisco population. The agency's training program will continue to pay special attention to the specific program needs and styles relevant to various population groups.

B. Describe your program's admission, enrollment and/or intake criteria and process

Appendix <u>A-6</u> Contract Term: 07/01/2010 – 6/30/2011

Dore Clinic will serve clients referred by community psychiatric crisis services designated by Community Behavioral Health Services (for example: CBHS Mobile Crisis, Westside Community Crisis Center, and SFPD Psychiatric Liaison) and, when clinically indicated, by SFGH Psychiatric Emergency Services. Referrals may also be made to the Dore Clinic by selected Intensive Case Management Teams and Out-patient Clinics. Clients come to the program for an intake, which serves as an assessment tool for the program to determine the appropriateness of the Dore Clinic for this client. Selection criteria for full admission to the Dore Clinic are based on the severity of the existing crisis and the acute nature of the current episode and the client's presentation. In addition the client must be deemed at risk for an in-patient admission if not admitted to the Dore Clinic.

If the client has not had a general health screening and a PPD in the last 12 months, these will be provided. The client intake assessment includes a review of any co-occurring substance abuse or history of substance abuse, and a review of immediate health concerns in order to identify treatment needs.

C. Describe service delivery model, hours of operations, length of stay, locations

The Dore Clinic provides up to 16 hours of service within the crisis stabilization framework. The purpose of the Dore Clinic is diverting clients from being seen at the San Francisco General Hospital Psychiatric Emergency Services in order to reduce the number of clients taken there for psychiatric evaluation. Upon admission clients will be assessed, treated, stabilized and evaluated for discharge to appropriate placements. Clients determined to require 24-hour non-hospital support will be referred to either the crisis residential program or to standard care ADUs for continued treatment. The Dore Clinic is staffed with licensed professional medical and mental health staff that are able to provide all aspects of Urgent Care Crisis Stabilization treatment including crisis intervention strategies, brief counseling, linkage case management, and medication prescribing. All clients must voluntarily accept treatment at Dore Clinic. The Dore Clinic will implement clinical practices designed to engage in voluntarily treatment individuals who would otherwise require involuntary treatment.

Staff receives training in the most effective ways to intervene with clients within the program's time frame.

The following is an overview of services provided and the methods of service delivery.

I. Program services will be delivered in the context of guidelines specified in the most current CBHS Mental Health Plan, which includes:

- A common definition of the priority target population.
- The use of common admission and discharge criteria.
- Coordinated care for all clients.
- Entry through CBHS identified crisis services, the Progress Foundation Diversion Evaluation Team, or selected out-patient services.
- System-wide standards of accountability based on cost, access, quality and outcomes.

II. The Dore Clinic, by design, will be a part of the CBHS psychiatric emergency services system.

III. The Dore Clinic will maintain a non-institutional environment, even while working with clients in the most urgent phase of their crisis. Through use of licensed professional and supervised counseling staff, the program will provide the necessary support and intervention to stabilize the immediate crisis and ensure the client's safety and well-being.

Appendix <u>A-6</u> Contract Term: 07/01/2010 – 6/30/2011

IV. Beginning with the intake process and during the stabilization of the crisis the program staff will make appropriate discharge and referral plans. The Dore Clinic will coordinate with existing services, both within and outside of CBHS, from which the client is receiving support and treatment. Determination will be made as to whether the client is sufficiently stabilized so as to return to their previous residence or whether they require crisis residential services or further evaluation from SFGH/PES.

V. Clients will be evaluated by either a psychiatrist or nurse practitioner upon entering the program and a determination will be made about the need for medication. Medications will be obtained through delivery from the CBHS pharmacy and the program will control and monitor the storage, dispensing and disposal of medications according to policies and procedures established by the Division of Community Behavioral Health Services Pharmacy Department. Program staff will observe and document the client's reaction in regard to administered medications, and will note in the medication log whether or not medications were taken by clients, in what quantity, and at what time. The Dore Clinic Program Psychiatrist will provide medication administration and prescribing supervision for the Nurse Practitioners, and will be primarily responsible for the program's medication services.

### D. Describe program's exit criteria and process, discharge planning

Exit criteria are determined on a case-by-case basis by conducting a Mental Status Exam and discharge evaluation, which is designed to determine the client's readiness and capacity to return to the community or alternatively to be admitted to crisis residential or ADU for further rehabilitation and recovery. Clients who are no longer in crisis and for whom additional treatment is unlikely to yield additional therapeutic benefit will be discharged with appropriate referrals made for follow-up care.

Discharge planning is an integral part of each client's intervention plan and begins with the intake interview. The intervention plan will emphasize crisis stabilization and planning for the next level of treatment. Staff assess needs and reestablish resource linkage for clients in order to facilitate the development of an effective community support system.

CONTRACTOR agrees to fully comply with these laws, regulations, and policies/procedures.

(1) For each fiscal year of the term of this Agreement, CONTRACTOR shall submit for approval of the CITY's Department of Public Health a revised Appendix A, Description of Services, and a revised Appendix B, Program Budget and Cost Reporting Data Collection form, based on the CITY's allocation of funding for SERVICES for the appropriate fiscal year. CONTRACTOR shall create these Appendices in compliance with the instructions of the Department of Public Health. These Appendices shall apply only to the fiscal year for which they were created. These Appendices shall become part of this Agreement only upon approval by the CITY.

(2) CONTRACTOR understands that, of the maximum dollar obligation stated above, the total amount to be used in Appendix B, Budget and available to CONTRACTOR for the entire term of the contract is as follows, not withstanding that for each fiscal year, the amount to be used in Appendix B, Budget and available to CONTRACTOR for that fiscal year shall conform with the Appendix A, Description of Services, and a Appendix B, Program Budget and Cost Reporting Data Collection form, as approved by the CITY's Department of Public Health based on the CITY's allocation of funding for SERVICES for that fiscal year.

July 1, 2010 through June 30, 2011	\$14,938,041
July 1, 2011 through June 30, 2012	\$14,938,041
July 1, 2012 through June 30, 2013	\$14,938,041
July 1, 2013 through June 30, 2014	\$14,938,041
July 1, 2014 through June 30, 2015	\$14,938,041
July 1, 2015 through December 31, 2015	\$7,469,021
Total July 1, 2010 through December 31, 2015	\$82,159,226

(3) CONTRACTOR understands that the CITY may need to adjust sources of revenue and agrees that these needed adjustments will become part of this Agreement by written modification to CONTRACTOR. In event that such reimbursement is terminated or reduced, this Agreement shall be terminated or proportionately reduced accordingly. In no event will CONTRACTOR be entitled to compensation in excess of these amounts for these periods without there first being a modification of the Agreement or a revision to Appendix B, Budget, as provided for in this section of this Agreement.

(4) CONTRACTOR further understands that, \$7,469,021 of the period from July 1, 2010 through December 31, 2010 in the Contract Number BPHM07000031 is included with this Agreement. Upon execution of this Agreement, all the terms under this Agreement will supersede the Contract Number BPHM07000031 for the Fiscal Year 2010-11.

C. CONTRACTOR agrees to comply with its Budget as shown in Appendix B in the provision of SERVICES. Changes to the budget that do not increase or reduce the maximum dollar obligation of the CITY are subject to the provisions of the Department of Public Health Policy/Procedure Regarding Contract Budget Changes. CONTRACTOR agrees to comply fully with that policy/procedure.

D. No costs or charges shall be incurred under this Agreement nor shall any payments become due to CONTRACTOR until reports, SERVICES, or both, required under this Agreement are received from CONTRACTOR and approved by the DIRECTOR as being in accordance with this Agreement. CITY may withhold payment to CONTRACTOR in any instance in which CONTRACTOR has failed or refused to satisfy any material obligation provided for under this Agreement.

E. In no event shall the CITY be liable for interest or late charges for any late payments.

F. CONTRACTOR understands and agrees that should the CITY'S maximum dollar obligation under this Agreement include State or Federal Medi-Cal revenues, CONTRACTOR shall expend such revenues in the provision of SERVICES to Medi-Cal eligible clients in accordance with CITY, State, and Federal Medi-Cal regulations. Should CONTRACTOR fail to expend budgeted Medi-Cal revenues herein, the CITY'S maximum dollar obligation to CONTRACTOR shall be proportionally reduced in the amount of such unexpended revenues. In no event shall State/Federal Medi-Cal revenues be used for clients who do not qualify for Medi-Cal reimbursement.

In the event that the request for an accounting is delivered directly to BA or its agents or subcontractors, BA shall within five (5) calendar days of a request forward it to CE in writing. It shall be CE's responsibility to prepare and deliver any such accounting requested. BA shall not disclose any Protected Information except as set forth in Sections 2.b. of this Addendum [45 C.F.R. Sections 164.504(e)(2)(ii)(G) and 165.528]. The provisions of this subparagraph h shall survive the termination of this Agreement.
- *j.* **Governmental Access to Records.** BA shall make its internal practices, books and records relating to the use and disclosure of Protected Information available to CE and to the Secretary of the U.S. Department of Health and Human Services(the "Secretary") for purposes of determining BA's compliance with the Privacy Rule [45 C.F.R. Section 164.504(e)(2)(ii)(H)]. BA shall provide to CE a copy of any Protected Information that BA provides to the Secretary concurrently with providing such Protected Information to the Secretary.
- k. Minimum Necessary. BA (and its agents or subcontractors) shall request, use and disclose only the minimum amount of Protected Information necessary to accomplish the purpose of the request, use or disclosure. [42 U.S.C. Section 17935(b); 45 C.F.R. Section 164.514(d)(3)] BA understands and agrees that the definition of "minimum necessary" is in flux and shall keep itself informed of guidance issued by the Secretary with respect to what constitutes "minimum necessary."
- *l.* **Data Ownership.** BA acknowledges that BA has no ownership rights with respect to the Protected Information.

CMS #7011 P-500 (5-10) Progress Foundation July 1, 2010

- *m.* **Business Associate's Insurance.** BA shall maintain a sufficient amount of insurance to adequately address risks associated with BA's use and disclosure of Protected Information under this Addendum.
- n. Notification of Breach. During the term of the Contract, BA shall notify CE within twenty-four (24) hours of any suspected or actual breach of security, intrusion or unauthorized use or disclosure of PHI of which BA becomes aware and/or any actual or suspected use or disclosure of data in violation of any applicable federal or state laws or regulations. BA shall take (i) prompt corrective action to cure any such deficiencies and (ii) any action pertaining to such unauthorized disclosure required by applicable federal and state laws and regulations.
- o. Breach Pattern or Practice by Covered Entity. Pursuant to 42 U.S.C. Section 17934(b), if the BA knows of a pattern of activity or practice of the CE that constitutes a material breach or violation of the CE's obligations under the Contract or Addendum or other arrangement, the BA must take reasonable steps to cure the breach or end the violation. If the steps are unsuccessful, the BA must terminate the Contract or other arrangement if feasible, or if termination is not feasible, report the problem to the Secretary of DHHS. BA shall provide written notice to CE of any pattern of activity or practice of the CE that BA believes constitutes a material breach or violation of the CE's obligations under the Contract or Addendum or other arrangement within five (5) calendar days of discovery and shall meet with CE to discuss and attempt to resolve the problem as one of the reasonable steps to cure the breach or end the violation.
- Audits, Inspection and Enforcement. Within ten (10)calendar days of a written request  $\mathcal{D}$ . by CE, BA and its agents or subcontractors shall allow CE to conduct a reasonable inspection of the facilities, systems, books, records, agreements, policies and procedures relating to the use or disclosure of Protected Information pursuant to this Addendum for the purpose of determining whether BA has complied with this Addendum; provided, however, that (i) BA and CE shall mutually agree in advance upon the scope, timing and location of such an inspection, (ii) CE shall protect the confidentiality of all confidential and proprietary information of BA to which CE has access during the course of such inspection; and (iii) CE shall execute a nondisclosure agreement, upon terms mutually agreed upon by the parties, if requested by BA. The fact that CE inspects, or fails to inspect, or has the right to inspect, BA's facilities, systems, books, records, agreements, policies and procedures does not relieve BA of its responsibility to comply with this Addendum, nor does CE's (i) failure to detect or (ii) detection, but failure to notify BA or require BA's remediation of any unsatisfactory practices, constitute acceptance of such practice or a waiver of CE's enforcement rights under the Contract or Addendum, BA shall notify CE within ten (10) calendar days of learning that BA has become the subject of an audit, compliance review, or complaint investigation by the Office for Civil Rights.

## 3. Termination

- a. Material Breach. A breach by BA of any provision of this Addendum, as determined by CE, shall constitute a material breach of the Contract and shall provide grounds for immediate termination of the Contract, any provision in the Contract to the contrary notwithstanding. [45 C.F.R. Section 164.504(e)(2)(iii)].
  - b. Judicial or Administrative Proceedings. CE may terminate the

a satis di

Contract, effective immediately, if (i) BA is named as a defendant in a criminal proceeding for a violation of HIPAA, the HITECH Act, the HIPAA Regulations or other security or privacy laws or (ii) a finding or stipulation that the BA has violated any standard or requirement of HIPAA, the HITECH Act, the HIPAA Regulations or other security or privacy laws is made in any administrative or civil proceeding in which the party has been joined.

c. Effect of Termination. Upon termination of the Contract for any reason, BA shall, at the option of CE, return or destroy all Protected Information that BA or its agents or subcontractors still maintain in any form, and shall retain no copies of such Protected Information. If return or destruction is not feasible, as determined by CE, BA shall continue to extend the protections of Section 2 of this Addendum to such information, and limit further use of such PHI to those purposes that make the return or destruction of such PHI infeasible[45 C.F.R. Section 164.504(e)(ii)(2)(I)]. If CE elects destruction of the PHI, BA shall certify in writing to CE that such PHI has been destroyed.

#### 4. Limitation of Liability

Any limitations of liability as set forth in the contract shall not apply to damages related to a breach of the BA's privacy or security obligations under the Contract or Addendum.

#### 5. Disclaimer

CE makes no warranty or representation that compliance by BA with this Addendum, HIPAA, the HITECH Act, or the HIPAA Regulations will be adequate or satisfactory for BA's own purposes. BA is solely responsible for all decisions made by BA regarding the safeguarding of PHI.

#### 6. Certification

To the extent that CE determines that such examination is necessary to comply with CE's legal obligations pursuant to HIPAA relating to certification of its security practices, CE or its authorized agents or contractors, may, at CE's expense, examine BA's facilities, systems, procedures and records as may be necessary for such agents or contractors to certify to CE the extent to which BA's security safeguards comply with HIPAA, the HITECH Act, the HIPAA Regulations or this Addendum.

#### 7. Amendment

a. Amendment to Comply with Law. The parties acknowledge that state and federal laws relating to data security and privacy are rapidly evolving and that amendment of the Contract or Addendum may be required to provide for procedures to ensure compliance with such developments. The parties specifically agree to take action as is necessary to implement the standards and requirements of HIPAA, the HITECH Act, the Privacy Rule, the Security Rule and other applicable laws relating to the security or confidentiality of PHI. The parties understand and agree that CE must receive satisfactory written assurance from BA that BA will adequately safeguard all Protected Information. Upon the request of either party, the other party agrees to promptly enter into negotiations concerning the terms of an amendment to this Addendum embodying written assurances consistent with the standards and requirements of HIPAA, the HITECH Act, the Privacy Rule, the Security Rule or other applicable laws. CE may terminate the Contract upon thirty (30) calendar days written notice in the event (i) BA

Progress Foundation July 1, 2010 does not promptly enter into negotiations to amend the Contract or Addendum when requested by CE pursuant to this Section or (ii) BA does not enter into an amendment to the Contract or Addendum providing assurances regarding the safeguarding of PHI that CE, in its sole discretion, deems sufficient to satisfy the standards and requirements of applicable laws.

## 8. Assistance in Litigation or Administrative Proceedings

BA shall make itself, and any subcontractors, employees or agents assisting BA in the performance of its obligations under the Contract or Addendum, available to CE, at no cost to CE, to testify as witnesses, or otherwise, in the event of litigation or administrative proceedings being commenced against CE, its directors, officers or employees based upon a claimed violation of HIPAA, the HITECH Act, the Privacy Rule, the Security Rule, or other laws relating to security and privacy, except where BA or its subcontractor, employee or agent is a named adverse party.

## 9. No Third-Party Beneficiaries

Nothing express or implied in the Contract or Addendum is intended to confer, nor shall anything herein confer, upon any person other than CE, BA and their respective successors or assigns, any rights, remedies, obligations or liabilities whatsoever.

## 10. Effect on Contract

Except as specifically required to implement the purposes of this Addendum, or to the extent inconsistent with this Addendum, all other terms of the Contract shall remain in force and effect.

#### 11. Interpretation

The provisions of this Addendum shall prevail over any provisions in the Contract that may conflict or appear inconsistent with any provision in this Addendum. This Addendum and the Contract shall be interpreted as broadly as necessary to implement and comply with HIPAA, the HITECH Act, the Privacy Rule and the Security Rule. The parties agree that any ambiguity in this Addendum shall be resolved in favor of a meaning that complies and is consistent with HIPAA, the HITECH Act, the Privacy Rule and the Security Rule.

12. Replaces and Supersedes Previous Business Associate Addendums or Agreements

This Business Associate Addendum replaces and supersedes any previous business associate addendums or agreements between the parties hereto.

## Dispute Resolution Procedure For Health and Human Services Nonprofit Contractors 9-06

## Introduction

The City Nonprofit Contracting Task Force submitted its final report to the Board of Supervisors in June 2003. The report contains thirteen recommendations to streamline the City's contracting and monitoring process with health and human services nonprofits. These recommendations include: (1) consolidate contracts, (2) streamline contract approvals, (3) make timely payment, (4) create review/appellate process, (5) eliminate unnecessary requirements, (6) develop electronic processing, (7) create standardized and simplified forms, (8) establish accounting standards, (9) coordinate joint program monitoring, (10) develop standard monitoring protocols, (11) provide training for personnel, (12) conduct tiered assessments, and (13) fund cost of living increases. The report is available on the Task Force's website at <a href="http://www.sfgov.org/site/npcontractingtf\_index.asp?id=1270">http://www.sfgov.org/site/npcontractingtf\_index.asp?id=1270</a>. The Board adopted the recommendations in February 2004. The Office of Contract Administration created a Review/Appellate Panel ("Panel") to oversee implementation of the report recommendations in January 2005.

The Board of Supervisors strongly recommends that departments establish a Dispute Resolution Procedure to address issues that have not been resolved administratively by other departmental remedies. The Panel has adopted the following procedure for City departments that have professional service grants and contracts with nonprofit health and human service providers. The Panel recommends that departments adopt this procedure as written (modified if necessary to reflect each department's structure and titles) and include it or make a reference to it in the contract. The Panel also recommends that departments distribute the finalized procedure to their nonprofit contractors. Any questions for concerns about this Dispute Resolution Procedure should be addressed to purchasing@sfgov.org.

## **Dispute Resolution Procedure**

The following Dispute Resolution Procedure provides a process to resolve any disputes or concerns relating to the administration of an awarded professional services grant or contract between the City and County of San Francisco and nonprofit health and human services contractors.

Contractors and City staff should first attempt to come to resolution informally through discussion and negotiation with the designated contact person in the department.

If informal discussion has failed to resolve the problem, contractors and departments should employ the following steps:

• Step 1 The contractor will submit a written statement of the concern or dispute addressed to the Contract/Program Manager who oversees the agreement in question. The writing should describe the nature of the concern or dispute, i.e., program, reporting, monitoring, budget, compliance or other concern. The

CMS #7011 P-500 (5-10) Progress Foundation July 1, 2010 Contract/Program Manager will investigate the concern with the appropriate department staff that are involved with the nonprofit agency's program, and will either convene a meeting with the contractor or provide a written response to the contractor within 10 working days.

- Step 2 Should the dispute or concern remain unresolved after the completion of Step 1, the contractor may request review by the Division or Department Head who supervises the Contract/Program Manager. This request shall be in writing and should describe why the concern is still unresolved and propose a solution that is satisfactory to the contractor. The Division or Department Head will consult with other Department and City staff as appropriate, and will provide a written determination of the resolution to the dispute or concern within 10 working days.
- Step 3 Should Steps 1 and 2 above not result in a determination of mutual agreement, the contractor may forward the dispute to the Executive Director of the Department or their designee. This dispute shall be in writing and describe both the nature of the dispute or concern and why the steps taken to date are not satisfactory to the contractor. The Department will respond in writing within 10 working days.

In addition to the above process, contractors have an additional forum available only for <u>disputes</u> that concern implementation of the thirteen policies and procedures recommended by the Nonprofit Contracting Task Force and adopted by the Board of Supervisors. These recommendations are designed to improve and streamline contracting, invoicing and monitoring procedures. For more information about the Task Force's recommendations, see the June 2003 report at <u>http://www.sfgov.org/site/npcontractingt\_index.asp?id=1270</u>.

The Review/Appellate Panel oversees the implementation of the Task Force report. The Panel is composed of both City and nonprofit representatives. The Panel invites contractors to submit concerns about a department's implementation of the policies and procedures. Contractors can notify the Panel after Step 2. However, the Panel will not review the request until all three steps are exhausted. This review is limited to a concern regarding a department's implementation of the policies and procedures in a manner which does not improve and streamline the contracting process. This review is not intended to resolve substantive disputes under the contract such as change orders, scope, term, etc. The contractor must submit the request in writing to purchasing@sfgov.org. This request shall describe both the nature of the concern and why the process to date is not satisfactory to the contractor. Once all steps are exhausted and upon receipt of the written request, the Panel will review and make recommendations regarding any necessary changes to the policies and procedures or to a department's administration of policies and procedures.

## Appendix H

## San Francisco Department of Public Health <u>Privacy Policy Compliance Standards</u>

As part of this Agreement, Contractor acknowledges and agrees to comply with the following:

In City's Fiscal Year 2003/04, a DPH Privacy Policy was developed and contractors advised that they would need to comply with this policy as of July 1, 2005.

As of July 1, 2004, contractors were subject to audits to determine their compliance with the DPH Privacy Policy using the six compliance standards listed below. Audit findings and corrective actions identified in City's Fiscal year 2004/05 were to be considered informational, to establish a baseline for the following year.

Beginning in City's Fiscal Year 2005/06, findings of compliance or non-compliance and corrective actions were to be integrated into the contractor's monitoring report.

Item #1: DPH Privacy Policy is integrated in the program's governing policies and procedures regarding patient privacy and confidentiality.

As Measured by: Existence of adopted/approved policy and procedure that abides by the rules outlined in the DPH Privacy Policy

Item #2: All staff who handle patient health information are oriented (new hires) and trained in the program's privacy/confidentiality policies and procedures.

As Measured by: Documentation showing individual was trained exists

Item #3: A Privacy Notice that meets the requirements of the Federal Privacy Rule (HIPAA) is written and provided to all patients/clients served in their threshold and other languages. If document is not available in the patient's/client's relevant language, verbal translation is provided.

As Measured by: Evidence in patient's/client's chart or electronic file that patient was "noticed." (Examples in English, Cantonese, Vietnamese, Tagalog, Spanish, Russian will be provided.)

Item #4: A Summary of the above Privacy Notice is posted and visible in registration and common areas of treatment facility.

As Measured by: Presence and visibility of posting in said areas. (Examples in English, Cantonese, Vietnamese, Tagalog, Spanish, Russian will be provided.)

Item #5: Each disclosure of a patient's/client's health information for purposes other than treatment, payment, or operations is documented.

As Measured by: Documentation exists.

Item #6: Authorization for disclosure of a patient's/client's health information is obtained prior to release (1) to non-treatment providers or (2) from a substance abuse program.

As Measured by: An authorization form that meets the requirements of the Federal Privacy Rule (HIPAA) is available to program staff and, when randomly asked, staff are aware of circumstances when authorization form is needed.
