Applicant's Acknowledgements

- * I certify the DUNS number in this application is our only DUNS number and we have confirmed it is active in SAM.gov as the correct number.
- * As required per 2 CFR ζ 25.205, I certify that prior to submission of this application I have checked the DUNS number listed in this application against the SAM.gov website and it is correct and active at time of submission.
- * I certify that the applicant organization has consulted the appropriate Funding Opportunity Announcement and that all requested activities are programmatically allowable, technically feasible and can be completed within the award's Period of Performance (POP).
- * I certify that the applicant organization is aware that this application period is open from 02/09/2015 to 03/06/2015 and will close at 5 PM EST; further that the applicant organization is aware that once an application is submitted, even if the application period is still open, a submitted application cannot be changed or released back to the applicant for modification.
- * I certify that the applicant organization is aware that it is solely the applicant organization's responsibility to ensure that all activities funded by this award(s) comply with all applicable Federal regulations, laws, and Executive Order to include Federal Environmental Planning and Historic Preservation (EHP) regulations and Procurement regulations as per 2 C.F.R. ζ 200.317 through 2 C.F.R. ζ 200.326 and other applicable federal laws and standards. The EHP Screening Form designed to initiate and facilitate the EHP Review is available at: <http://www.fema.gov/media-library/assets/documents/90195>.
- * I certify that the applicant organization is aware that the applicant organization is ultimately responsible for the accuracy of all application information submitted. Regardless of the applicant's intent, the submission of information that is false or misleading may result in actions by FEMA that include, but are not limited to: the submitted application not being considered for award, an existing award being locked pending investigation, or referral to the Office of the Inspector General.
- * I certify that the applicant organization is aware that the grants awarded under this funding opportunity are provided a recruitment period, which begins when the application is approved for award. The recruitment period for grants awarded under the Hiring of Firefighters Category is 180-days and the period of performance automatically starts after the recruitment period, regardless of whether the grantee has successfully hired the requested firefighters. The recruitment period for Recruitment & Retention of Volunteer Firefighters Category is 90-days and the period of performance automatically starts after the recruitment period.

* Is the applicant delinquent on any federal debt ?	No
If you answered "Yes" to any of the additional questions above, please provide an explanation in the space provided below: The Department has received a number of Federal awards that will be expended during its fiscal year. These funds predominately come in the form of Federal grants. The Department was allocated funding in the 2013 Assistance to Fire Fighters grant that will be expended in the fiscal year that exceeds the \$750,000 threshold alone. In addition, the Department has received a number of Homeland Security (UASI) grant awards as well as a Port Security grant award that will push the Department's Federal allocation past the threshold.	

Applicant Characteristics (Part I)

* Are you a member of a Fire Department or authorized representative of a fire department?	Yes
* Is this application being submitted on behalf of a Federal Fire Department or organization contracted by the Federal government which is solely responsible for the suppression of fires on Federal property?	No
* Please indicate the type of community your organization serves.	Urban
* What is the square mileage of your first-due response area? Primary/First Due Response Area is a geographical area proximate to a fire or rescue facility and normally served by the personnel and apparatus from that facility in the event of a fire or other emergency and does not include daily or seasonal population surges.	48
* What percentage of your primary response area is protected by hydrants?	100 %
* Does your organization protect critical infrastructure?	Yes
If Yes, please describe the critical infrastructure protected. San Francisco is home to a variety of critical infrastructure, not only for the City itself, but also for State, National, and International interests. Within the SFFD's response area is an array of critical infrastructures, including National monuments and famous landmarks, bridges, sports arenas, postal facilities, fuel tanks, water treatment facilities, under bay fuel transmission lines, power and energy infrastructure, academic, medical, research, financial, technological industries and home to over 30 international financial institutions. The SFFD services a major International Airport (SFO), and is home to a regional Federal Reserve Bank. San Francisco is ranked one of the top seven Tier 1 Urban Area Cities and the Port of San Francisco is identified as a Group 1 Port at highest risk for terrorist attack. San Francisco makes up a sizable component of the Bay Area Rapid Transit (BART) system, including the underwater tunnel Transbay Tube, and is a large hub for a variety of other regional transit systems	

that service the rest of the Bay Area and the State of California.

(Percentages in three answers below must sum up to 100%)

* How much of your primary response area is for agriculture, wildland, open space, or undeveloped properties?	31 %
* What percentage of your primary response area is for commercial and industrial purposes?	25 %
* What percentage of your primary response area is used for residential purposes?	44 %

If Yes what is your seasonal increase in population?
* How many stations are operated by your organization? 43

* Please indicate if your department has a formal automatic/mutual aid agreement with another community or fire department and the type of agreement that exists.
Both automatic and mutual aid

* What services does your organization provide?

Advanced Life Support	Formal/Year-Round Fire Prevention Program	Rescue Operational Level
Airport Rescue Firefighting (ARFF)	Haz-Mat Operational Level	Rescue Technical Level
Basic Life Support	Haz-Mat Technical Level	Structural Fire Suppression
Emergency Medical Responder	Maritime Operations/Firefighting	Wildland Fire Suppression
	Occasional Fire Prevention Program	

Active Firefighting Staff, use these definitions to answer the questions about "firefighter" positions.

Active Firefighter Position	An individual having the legal authority and responsibility to engage in fire suppression; being employed by a fire department of a municipality, county, or fire district; being engaged in the prevention, control, and extinguishing of fires; and/or responding to emergency situations in which life, property, or the environment is at risk. This individual must be trained in fire suppression, but may also be trained in emergency medical care, hazardous materials awareness, rescue techniques, and any other related duties provided by the fire department.
Full-time Paid Firefighter Position	Full-time positions are those that are funded for at least 2,080 hours per year (i.e., 40 hours per week, 52 weeks per year.) The program office will also consider funding the sharing of a full-time position with sufficient justification. A job-share position is a full-time position that is occupied by more than one person.
Part-time Paid Firefighter Position	Part-time paid firefighters receive pay for being on duty at the fire station, whether or not they respond to any alarms. They may or may not receive benefits.
Volunteer Firefighter Position	Volunteer firefighters receive no financial compensation for their services other than life/health insurance, workers compensation insurance, and/or stipend per call.

SAFER intends to improve or restore local fire departments' staffing and deployment capabilities so they may more effectively respond to emergencies. With the enhanced or restored staffing, a SAFER grantee's response time will be reduced sufficiently and an appropriate number of trained personnel will be assembled at the incident scene. The following questions are designed to help us understand the staffing changes that have occurred in your department over the past several years and how the grant will assist in restoring your staffing levels.

Use the following definitions when completing the table below.

Total # of Operational Career Personnel — this number represents the total number of **authorized and funded active, full-time uniformed/operational career positions** employed by your department on the dates indicated. (Note: only operational positions — including operational officers - should be included)

Operational Officers — of the operational career positions indicated in the "Total # of Operational Career Personnel" question, how many of those serve in **operational officer-level (both command and company) positions?**

NFPA Compliance — of the "Total # of Operational Career Personnel" indicated, how many are assigned to **field or response apparatus positions that directly support the department's compliance** with NFPA 1710 (Section 5.2.4.2 — Initial Full Alarm Assignment Capability) or NFPA 1720 (Section 4.3 — Staffing and Deployment)? (Note: Officers should **only** be included in this number if they **directly support the department's compliance** with NFPA 1710 or NFPA 1720 compliance)

Note: The number of **career positions** in any of these fields should include positions which are job-shared. Job-shared positions will be counted as one (1) regardless of how many personnel fill those positions.

For more information regarding these standards please see the Funding Opportunity Announcement or go to www.nfpa.org/saferactgrant

* 2. In your best estimate, with your current staffing levels and without having to use overtime to fill the vacant positions, how often does your department meet the NFPA assembly requirements as indicated in the table above for the department's primary/first due response area?				Most of the Time (80 to 99%) Help		
Retention Only Applicants: should answer this question as you would IF the layoff's had been executed prior to the start of the application period.						
* 2a. With the additional or restored staffing requested in this application, how often do you anticipate that your department will meet the NFPA assembly requirements as indicated in the table above?				Most of the Time (80 to 99%) Help		
* 3. Given your current staffing levels, without using overtime to fill vacant positions, and given the number of structure fires indicated in the "Department Call Volume" section of your application, what is the average actual staffing level on your first arriving engine company or vehicle capable of initiating suppression activities? (Up to one decimal i.e., 2.5)				4		
Retention Only Applicants should answer this question as you would IF the layoff's had been executed prior to the start of the application period.						
* 3a. With the additional or restored staffing requested in this application and given the number of structure fires indicated in the "Department Call Volume" section of your application, what will be the average actual staffing level on your first arriving engine company or vehicle capable of initiating				4		

suppression activities? (Up to one decimal i.e. 2.5)	
* 4. Briefly describe the departments hiring practices and timelines.	For hiring of new firefighters, all candidates must take an examination and be on an eligibility list, both administered by the City's Department of Human Resources (DHR). DHR has recently shifted to a continuous testing model, where candidates can take the exam at any time and are then scored and placed on the eligibility list as a result of their scoring. Candidates are screened and go through a background check and medical exam, which can take a few months. Members that pass are then selected to take place in the Department's 17-week Fire Academy.
* 5. Is your request for hiring firefighters based on a risk analysis and/or a staffing needs analysis?	Yes
5a. If Yes, describe how the analysis was conducted.	An analysis was done looking at overtime, both historical and projected in the coming years, given a variety of different staffing levels. The Department also analyzed projected retirements and the resulting staffing levels over the coming fiscal years. The Department cannot meet NFPA guidelines or voter mandated minimum staffing levels without the use of overtime.
* 6. If awarded a grant for hiring additional firefighters, will you provide them with an entry-level physical in accordance with NFPA 1582, Standard on Comprehensive Occupational Medical Program for Fire Departments, 2003 Edition, Chapter 6?	Yes, NFPA 1582 compliant
* 7. Do you currently provide annual medical/physical exams in accordance with NFPA 1582, Standard on Comprehensive Occupational Medical Program for Fire Departments 2003 Edition, Chapter 6?	Yes, NFPA 1582 compliant
* 8. Will the personnel hired meet the minimum local or State EMS training and certification requirements, as designated by your agency?	Yes
* 9. Do you assure that your department will, to the extent practicable, seek, recruit, and hire members of racial and ethnic minority groups and women to increase their ranks within your department?	Yes
* 9a. If yes, explain what efforts your department has instituted and how successful those efforts have been. If no, explain what policies and procedures the department will implement to assure that, to the extent possible, you will seek, recruit, and hire minorities and women if awarded this grant. If additional space is needed for your response, please include it in the Additional Information section of the application Narrative.	It is the Department's desire to have a work force that is as diverse as the community it serves. The City's of San Francisco's Civil Service Rules Volume III and the Department of Human Resources Policies and Procedures govern the SFFD's hiring and personnel practices. These documents are available upon request.
* 10. Does your department currently have a policy ensuring that positions filled under this grant are not discriminated against, or prohibited from, engaging in volunteer firefighting activities in another jurisdiction during off-duty hours?	Yes
* 10a. If yes, explain what efforts your department has instituted and how successful those efforts have been. If no, explain what policies and procedures you will implement to assure that, to the extent possible, this requirement will be met. If additional space is needed for your response, please include it in the Additional Information section of the application Narrative.	The SFFD does not discriminate against firefighters who are engaging in volunteer activities in another jurisdiction during off-duty hours, nor does the SFFD prohibit firefighters from doing so.
* 11. Does your department currently have a policy in place to recruit and hire veterans?	Yes
11a. If yes, please provide a brief description of the policy in place.	The Fire Department currently has an active eligible list for entry level firefighters with the City's Department of Human Resources that any approved SAFER hiring would be selected from. The recruitment of military veterans is one of the focus' of the hiring process of the City and County of San Francisco. For the current eligible list (as in previous lists), prospective applicants are requested to include information about military service in their application and in then examination process. Additional points are added to the applicant's final score if the applicant is a military veteran. This information is tracked and incorporated to the profile of the individual on the eligible list.
* 12. Is it your department's intent to sustain the positions filled under this grant after the completion of the period of performance?	Yes
12a. If yes, please provide a brief description on how the positions will be sustained.	Upon completion of their one-year probation, the positions will be assimilated into the normal workforce.

Budget Item

* What type of position is being requested in this budget line item?	Hiring firefighters into positions that have been lost due to attrition (retirement, voluntary separation, termination) prior to the start of the application period
As you are aware, grants awarded under the <i>Hiring of Firefighters Category</i> requires grantees to maintain their staffing levels and incur no lay-offs during the period of performance of the grant.	

Therefore, it is imperative that your department have the support of your governing body.

In order to ensure that there is a clear understanding of the long-term obligations of a SAFER grant and that, if awarded, all parties involved are committed to fulfilling those requirements upon acceptance of the award; we are requesting a letter from your governing body stating their commitment of the above requirement.

The letter should be prepared on your governing body's letterhead and addressed to:

Catherine Patterson, Branch Chief
 Assistance to Firefighters Grants Branch
 DHS/FEMA
 800 K Street NW Mailstop 3620
 Washington DC 20472-3620

If you have received the letter, you may attach it here. **(Note: only .doc and .pdf files will be accepted)** If not, instructions for submitting the letter will be provided once the application is submitted.

* How many full-time firefighter positions, including job-shares, are you requesting?

Note: Applicants requesting positions under the rehire, retention, or attrition subcategories can request up to the number of positions that have been laid-off, received official notification of layoff action, or vacated due to attrition prior to the start of the application period as described in the Funding Opportunity Announcement. **Note:** if the positions being requested were not job-shared when the position was vacated, then you will not be eligible to job-share these positions if awarded.

"Full-time" is considered 2,080 hours or more worked per year and entitles the employee to receive benefits earned by the other full-time employees in the organization. "Job-share" is the term used to describe the hiring of more than one person to fill one full-time position. Part-time positions are less than 2,080 hours per year. Often part-time employees do not earn benefits or do not earn them at the same rate or level as full-time employees

36

If you are requesting to fund a **full-time position(s)** that will be "shared" by more than one individual (i.e., job-shared), please indicate how many individuals will fill that position, how they will be used to fill the position(s), provide an explanation as to why the position will be shared, and indicate whether or not this position is currently being job-shared.

For applicants who are applying under the rehire, retention, and/or attrition activities, if the positions being requested were not job-shared when the position was vacated, then you will not be eligible to job-share these positions if awarded.

* What are the anticipated **two year** costs per requested position?

Base Salary:	\$ 80737
Benefits Cost:	\$ 30905
Year 2 Salary:	\$ 85133
Year 2 Benefits:	\$ 31610

Budget

Hiring of Firefighters:
 There is a two-year period of performance for grants awarded under the Hiring of Firefighters Category. Should the actual salary and benefits costs submitted for reimbursement exceed awarded Federal funds the grantee will be obligated to pay 100 percent of those costs. Therefore, please be sure you have provided accurate salary and benefit information and have confirmed this information with your Human Resources and/or Financial Office.

If you want to change any of the budget amounts on the matrix, you will need to update the salary and benefit information on the previous Request Details screen.

Narrative Statement for Hiring of FireFighters

* **Element #1 - Project Description (30%):**

* **1a. Why does the department need the positions requested in this application?**

The San Francisco Fire Department (SFFD) is requesting \$8.2 million in FY2014 SAFER grant dollars to fund the salaries and benefits of 36 entry-level fire fighters over the two year course of the SAFER grant program. The purpose of these new hires would be to fill vacancies due to attrition that the SFFD has not been able to otherwise fill due to fiscal challenges, as well as help the SFFD improve its NFPA compliance with the addition of new fire stations that are projected to come online in subsequent fiscal years.

In the midst of being responsive to funding reduction requests due to the economic recession of the past few years, the SFFD has had difficulty absorbing the costs of

hiring additional personnel, and has been forced to leave vacancies due to attrition unfilled. As a result of the recent economic recession, in order to meet voter-mandated minimum staffing requirements as well as NFPA compliance, the SFFD has been forced to rely more and more on overtime (voluntary and mandatory) to staff shifts on a daily basis. The dependence on overtime has resulted in an adverse impact on operations. The filling of some of these vacancies through the SAFER program would result in operational benefits for the Department and local communities, as well as millions of dollars in savings for the Department over the two year SAFER program, which could be used to fund the hiring of even more front-line personnel, increasing the impact of the grant.

With the economic recovery of the past few years, the City of San Francisco has grown tremendously. The City is anticipated to reach over 1 million residents by 2020, an increase of over 20% since the last census. The current daytime (workforce) and nighttime (resident) populations are the highest than at any time in the City's history. Along with this rapid population and construction growth, the need for additional fire suppression and medical resources is both a current and future issue for the City. The SFFD is opening a new fire station in April 2015, with additional new stations being planned as part of future development. These new stations will require additional staff to reduce the overtime demands on current employees. The SFFD is anticipating a spike in retirements over the next few years, leading to the loss to attrition of hundreds of employees and their years of experience. In the coming fiscal years, the SFFD has been allocated funding to hire some additional academy classes, but in the best case scenario these new hires will cover a large portion of these retirements, but will not address the needs of additional staff that are required. The proposed new hires would assimilate into the SFFD's current suppression work force and would be replacing positions currently unfilled due to budget constraints.

*** 1b. How will the positions requested in this application be used within the department (i.e., 4th on engine, open a new station, eliminate browned out stations, reduce overtime (provide additional details as to how this will occur))?**

The Department has voter mandated staffing requirement, setting the minimum for the number of personnel and companies that are on-duty per day in a 24-hour capacity. In addition, the Department has MOU requirements for minimum level of staff on an apparatus. Given economic realities of recent years, the Department has not been able to hire additional staff and has had to depend on overtime to meet these requirements. New SAFER personnel will assist the Department in reducing the overtime demand on its members. In addition, given the City's growth and planned increases in stations and daily staffing, these positions will assist the Department in having sufficient personnel to staff these additional requirements. The Department is committed to incorporating these new staff into its overall staffing model and intends to absorb the new firefighters into its annual operating budget and staff following the completion of the SAFER program.

*** 1c. What are the specific benefits the positions requested in this application will provide to the department and community?**

As a result of the recent economic recession, in order to meet voter-mandated minimum staffing requirements as well as NFPA compliance, the Department has been forced to rely more and more on overtime to staff shifts on a daily basis, and the Department has seen a rise in the use of mandatory overtime. The dependence on overtime has resulted in an adverse impact on operations. The filling of vacancies through a SAFER award would result in operational benefits for the Department and local communities, as well as millions of dollars in savings for the Department over the two year SAFER program that could be used to fund the hiring of even more front-line personnel, increasing the impact of the grant. SAFER grant funds will allow the Department to address a number of operational issues, including reducing overtime, reducing potential firefighter fatigue, and providing adequate personnel on staff for normal operations as well as recall in a major emergency.

*** 1d. Please describe how the awarding of this grant would enhance the departments ability to protect the critical infrastructure discussed in the Applicant Characteristics section of the application.**

As the City continues its growth and recovery since the recession and as new developments are built throughout the City, additional stations will be required to meet the corresponding growth in the demand for services. Within the SFFD's response area is an array of critical infrastructures that are crucial for the local, State and Federal governments, in addition to supporting its tourist industry. Due to the potential catastrophic consequences of damage or destruction to its critical infrastructure, the SFFD must be ready to respond to any type of emergency –fires, multi-casualty incidents, medical emergencies, water rescues, civil disturbances, hazardous material spills, above ground and underground transit incidents, floods, earthquakes and terrorists attacks. A SAFER award will assist the Department in ensuring it has sufficient staff to handle these varied responses.

*** Element #2 - Impact on Daily Operations (30%):**

*** 2a. How are the community and the current firefighters employed by the department at risk without the positions requested in this application?**

As the Department is projected to grow in the coming years with new developments coming on line and the population of the City booming, if the Department is unable to hire sufficient staff for that growth, the Department's reliance on overtime and mandatory overtime will only increase. Given the fiscal issues of recent times, the Department has relied on overtime to meet its response goals and minimum staffing requirements. This places undue strain on members, both in their work schedule but also on their time away from work. The high need for mandatory overtime has the potential to cause physical and mental fatigue for members, as well as morale issues on the job, if continued for an extended period of time. In addition, the high amount of mandatory overtime leads to uncertainties for the member in their personal lives, as they are not sure if they are going to be required to come to work on their day off.

*** 2b. How will that risk be reduced if awarded the positions requested in this application?**

Additional staff would reduce the amount of overtime for the Department. The Department has concerns about heavy overtime as a long term strategy if vacancies were to continue to arise due to attrition and if the Department was not able to secure funding for new hires to replace them and fill out additional staffing requirements. Regardless of staffing levels, the Department must maintain mandated minimum staffing levels and standards on a daily basis. The only way this is possible is by relying on overtime to fill shifts as more and more people retire from the Department. With increased demand for services on the horizon quickly, the need for additional personnel is only that much more pressing. A SAFER award for additional personnel will assist with overtime dependence as well as allow the Department to better adapt to the quickly changing needs of the City.

*** 2c. What impact will the positions requested in this application have on the departments NFPA compliance, if awarded?**

In 2014, the SFFD met staffing levels for NFPA 1710 Section 5.2.4.2 Initial Full Alarm Assignment Capability for approximately 84% of its first alarms incidents. The SFFD's initial full alarm assignment for a working fire consists of 4 Engines, 2 Trucks, 3 Chiefs, 1 Rescue Squad, 1 Rescue Captain and 1 Ambulance. The SFFD criteria for an effective Firefighting force requires 4 minutes (plus one minute turnout time) or less for the arrival of the 1st arriving Engine Company at a fire suppression incident, and/or 8 minutes (plus one minute turnout time) or less for the deployment of a full first alarm assignment at a fire suppression incident in accordance with NFPA 1710 Section 5.2.4.2. On average, the 1st unit arrived on scene within 3 minutes 54 seconds of dispatch, meeting NFPA 1710 Section 5.2.4.2., and the 90 percentile had a response time of 5 minutes 42 seconds.

In addition to NFPA standards, the Department has additional local standards with regard to response times that it strives to adhere to. The Department complies with the two-in-two-out policies set forth by the NFPA and OSHA, and staffs four members per engine. Due to the lack of funding available to the Department to backfill these vacancies, these only way the Department can attempt to meet these standards and goals is with a significant reliance on overtime by the Department, including a heavier

reliance of mandatory overtime when needed. SAFER funds would be used to hire personnel to maintain these standards.

As the City continues to grow, and population and number of incidents continues to increase, the Department's response times are going to worsen without additional resources staffed daily. In order to staff appropriately for the City, additional hires must be made to match attrition and account for these additional staffing commitments.

***Element #3 - Financial Need (30%):**

*** 3a. Please provide additional details on the departments operating budget, to include a breakdown of the budget, as indicated in Applicant Characteristics section of the application.**

The SFFD's operating budget is \$346 million for Fiscal Year 2014-15. Of that \$346 million, roughly 92% is dedicated to funding personnel salaries and fringe benefits, with the remaining portion set aside to fund all equipment, fuel, supplies, capital improvements, work order and contractual services. The large majority of the Department's budget is set aside for front line fire suppression and emergency medical operations, approximately 84%. The other 16% is made up of Fire Prevention and Investigations Services, Training, and other Support Functions of the Department's Infrastructure. As far as sources are concerned, approximately 78% of the Department's funding comes from tax revenue, both from local sources as well as State sources. While the Department's expenditure budget has increased each of the past three fiscal years, that is due primarily to costs beyond the Department's controls, specifically to increases to health benefits and the City's contribution to the retirement and pension system. The scarcity of general fund dollars has led to the reality of competing interests in the City for funding. With voter mandated staffing levels as well as the dependency on tax revenues, the Department is extremely dependent on local funding availability to maintain current staffing levels in its own operating budget, let alone hire additional staff to fill the attrition vacancies.

In its current Fiscal Year 2015-16 and 2016-17 budget process, the City and County of San Francisco is tasked with overcoming a cumulative \$88 million dollar deficit the two fiscal years, in addition to costs outpacing revenues in the coming fiscal years. Even as the City has continued its economic recovery, the escalation of City costs outpaces the projected revenue gains from the economy. This outlook makes requesting additional funding for personnel from the City and County's General Fund all that more challenging.

*** 3b. Please describe the department's budget shortfalls and the inability to address the financial needs without federal assistance.**

In late 2014, the Mayor of San Francisco announced a revised Public Safety Hiring Plan, which would fund additional entry level fire fighters in each of the next few years. However, in the best case, those new hires will allow the Department to stay at a static staffing level and will replace the retirements the Department is projecting in the coming years. Given the Department's Mission Bay Fire Station set to open in the near future as well as the projected additional stations, in addition to historical vacancies the Department has not been able to fill, the proposed hiring does not address the operational issues the Department is currently seeing. The Department has explored all varieties of funding support options. Without additional outside funding such as SAFER funding, the Department is not able to hire the sufficient number of personnel to fill attrition vacancies and staff sufficiently for the future or a fast-growing City.

*** 3c. Please discuss other actions the department has taken to meet their staffing needs (i.e., state assistance programs, other grant programs, etc.).**

Significant cuts have been requested by the Mayor's Office from all Departments. For the SFFD, that amounts to a request of a reduction in its general fund support in each fiscal year. Given its economic realities, the Department has pursued a variety of other funding sources in order to maintain its normal operations, as the scarcity of general fund tax dollars has not allowed the Department to fill vacancies. The SFFD has been successful in applying for a wide-variety of grant projects, from Homeland Security (Urban Areas Securities Initiative Grants, State Homeland Security Grant Program, Port Security Grant Program) as well as other Federal and State Programs (Assistance to Fire Fighters Grants, California Volunteers, etc.). However, on the whole, these grant programs and their corresponding awards are for Department equipment, and do not address the costs of hiring or funding additional personnel that would be done through the unique SAFER grant opportunity.

***Element #4 - Cost Benefit (10%):**

*** Please describe the benefits (i.e., anticipated savings, efficiencies) the department and community will realize if awarded the positions requested in this application.**

A SAFER grant award for the SFFD will have numerous positive impacts for the Department and the local community, measured in both operational efficiencies as well as actual fiscal savings. The largest and most obvious benefit to the SFFD from the proposal would be the millions of dollars in savings that the Department would realize through reductions in overtime. There would also be a compounded positive impact of these savings, as they could be used to fund the hires of additional personnel beyond those hired for the SAFER grant, expanding the reach and impact of the SAFER grant dollars even further.

The addition of the new hires would reduce the SFFD's dependence on overtime in order to meet NFPA response requirements and the Department's own voter-mandated minimum staffing requirements. The proposed new hires would also assist the Department in serving the community with the increased demand for services given the population and construction growth of the City.

Element #5 - Additional Information : If you have any additional information you would like to include about the department and/or this application in general, please provide below.

Part of the San Francisco Fire Department's mission is to provide the best possible first responder services to the residents and visitors of San Francisco in the most efficient way possible. This has never been truer than in the economic downturn of the past few years. With the availability of general fund dollars becoming less and less, the Department has not been able to replace members who have retired from the Department, and has a large number of vacancies due to attrition that remain unfilled due to the cost of hiring additional personnel. While this strategy allowed the Department to operate in the short term, there are more long term ramifications that have a negative effect on the service provided to the community as well as the health and safety of the Department's workforce.

With the City's projected growth in the coming years, there will be more responsibility on the Fire Department to provide Fire and Medical services to its residents and visitors. The need for additional staffing is essential to meet the demands of the growing City. An award of the FY2014 SAFER grant will allow the Department to improve its service to the surrounding communities, allow the Department increased capabilities of support local and State jurisdictions in major emergencies, address operational issues of mandatory overtime and overtime dependence in general, and result in millions of dollars in savings for the Department that can be used to hire even more members to address the large amount of attrition vacancies the Department has not been able to replace as well as additional service responsibilities.

Your favorable consideration of the San Francisco Fire Department's request is most appreciated.

* 6. Has your jurisdiction/municipality reduced Full-Time Employees (FTEs) (in all agencies) over the last three year? No

6a. If Yes, by how many and in what areas?

* 7. Is your jurisdiction/municipality filling positions (in all agencies) as they become vacant? No

7a. If No, by how many and in what areas?

In recent years, the Department has not been able to back fill all vacancies due to retirements/separations because of budgetary issues. As the Department has seen retirements reduced in the current year, it is anticipated to have new hires outpace retirements. However, given projected retirements in the coming years, the current hiring plan is not anticipated to fill all vacancies.

* 8. In the last year has your department utilized brown outs? No

* 9. Has the department reduced non-operation positions (i.e. training, fire prevention, administrative staff, etc.) over the last three years? Yes

9a. If Yes, please provide details.

A variety of administrative uniform positions have been reduced in the Fire Department as a result of budget issues.

A. As required by the section 1352, Title 31 of the US Code, and implemented at 44 CFR Part 18 for persons (entering) into a grant or cooperative agreement over \$100,000, as defined at 44 CFR Part 18, the applicant certifies that:

- (a) No Federal appropriated funds have been paid or will be paid by or on behalf of the undersigned to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of congress, or an employee of a Member of Congress in connection with the making of any Federal grant, the entering into of any cooperative agreement and extension, continuation, renewal amendment or modification of any Federal grant or cooperative agreement.
- (b) If any other funds than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of congress, or an employee of a Member of Congress in connection with this Federal grant or cooperative agreement, the undersigned shall complete and submit Standard Form LLL, "Disclosure of Lobbying Activities", in accordance with its instructions.
- (c) The undersigned shall require that the language of this certification be included in the award documents for all the sub awards at all tiers (including sub grants, contracts under grants and cooperative agreements and sub contract(s)) and that all sub recipients shall certify and disclose accordingly.

2. Debarment, Suspension and Other Responsibility Matters (Direct Recipient)

A. As required by Executive Order 12549, Debarment and Suspension, and implemented at 44 CFR Part 67, for prospective participants in primary covered transactions, as defined at 44 CFR Part 17, Section 17.510-A, the applicant certifies that it and its principals:

- (a) Are not presently debarred, suspended, proposed for debarment, declared ineligible, sentenced to a denial of Federal benefits by a State or Federal court, or voluntarily excluded from covered transactions by any Federal department or agency.
- (b) Have not within a three-year period preceding this application been convicted of or had a civilian judgment rendered against them for commission of fraud or a criminal offense in connection with obtaining, attempting to obtain or perform a public (Federal, State, or local) transaction or contract under a public transaction; violation of Federal or State antitrust statutes or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, or receiving stolen property.
- (c) Are not presently indicted for or otherwise criminally or civilly charged by a government entity (Federal, State, or local) with commission of any of the offenses enumerated in paragraph (1)(b) of this certification; and
- (d) Have not within a three-year period preceding this application had one or more public transactions (Federal, State, or local) terminated for cause or default; and

B. Where the applicant is unable to certify to any of the statements in this certification, he or she shall attach an explanation to this application.

3. Drug-Free Workplace (Grantees other than individuals)

As required by the Drug-Free Workplace Act of 1988, and implemented at 44 CFR Part 17, Subpart F, for grantees, as defined at 44 CFR part 17, Sections 17.615 and 17.620:

(A) The applicant certifies that it will continue to provide a drug-free workplace by:

- (a) Publishing a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in the grantee's workplace and specifying the actions that will be taken against employees for violation of such prohibition;
- (b) Establishing an on-going drug free awareness program to inform employees about:
 - (1) The dangers of drug abuse in the workplace;
 - (2) The grantee's policy of maintaining a drug-free workplace;
 - (3) Any available drug counseling, rehabilitation and employee assistance programs; and
 - (4) The penalties that may be imposed upon employees for drug abuse violations occurring in the workplace;

- (c) Making it a requirement that each employee to be engaged in the performance of the grant to be given a copy of the statement required by paragraph (a);
- (d) Notifying the employee in the statement required by paragraph (a) that, as a condition of employment under the grant, the employee will:

- (1) Abide by the terms of the statement; and
 (2) Notify the employee in writing of his or her conviction for a violation of a criminal drug statute occurring in the workplace no later than five calendar days after such conviction.

(e) Notifying the agency, in writing within 10 calendar days after receiving notice under subparagraph (d)(2) from an employee or otherwise receiving actual notice of such conviction. Employers of convicted employees must provide notice, including position title, to the applicable awarding office.

(f) Taking one of the following actions, against such an employee, within 30 calendar days of receiving notice under subparagraph (d)(2), with respect to any employee who is so convicted:

- (1) Taking appropriate personnel action against such an employee, up to and including termination, consistent with the requirements of the Rehabilitation Act of 1973, as amended; or
 (2) Requiring such employee to participate satisfactorily in a drug abuse assistance or rehabilitation program approved for such purposes by a Federal, State, or local health, law enforcement or other appropriate agency.

(g) Making a good faith effort to continue to maintain a drug free workplace through implementation of paragraphs (a), (b), (c), (d), (e), and (f).

(B) The grantee may insert in the space provided below the site(s) for the performance of work done in connection with the specific grant:

Place of Performance				
Street	City	State	Zip	Action

If your place of performance is different from the physical address provided by you in the Applicant Information, press **Add Place of Performance** button above to ensure that the correct place of performance has been specified. You can add multiple addresses by repeating this process multiple times.

Section 17.630 of the regulations provide that a grantee that is a State may elect to make one certification in each Federal fiscal year. A copy of which should be included with each application for DHS funding. States and State agencies may elect to use a Statewide certification.
