services; and 24

Resolution approving amendment number two to the Department of Public Health contract for behavioral health services with Instituto Familiar de la Raza to extend the contract by two years, from July 1, 2010, through December 31, 2015, to July 1, 2010,

[Contract Amendment - Instituto Familiar de la Raza - Behavioral Health Services - Not to

through December 31, 2017, with a corresponding increase of \$11,917,749 for a total amount not to exceed \$26,136,910.

WHEREAS. The mission of the Department of Public Health is to protect and promote the health of all San Franciscans; and

WHEREAS, The Department of Public Health provides health and behavioral health services through a wide network of approximately 300 Community-Based Organizations and service providers; and

WHEREAS, In 2010, the Department of Public Health selected Instituto Familiar de la Raza through a Request For Proposals process to provide behavioral health services for the period of July 1, 2010, through December 31, 2015; and

WHEREAS, The Board of Supervisors approved the original agreement for these services under Resolution No. 563-10; and

WHEREAS, The Department of Public Health wishes to extend the term of that contract in order to allow the continuation of services while Requests For Proposals are administered to take into account the changes to behavioral health services business needs related to the Affordable Care Act and the State Department of Health Care Services' 1115 Demonstration Waiver pertaining to the delivery of substance abuse Drug Medi-Cal funded

WHEREAS, The San Francisco Charter, Section 9.118, requires that contracts entered into by a department or commission having a term in excess of ten years, or requiring anticipated expenditures by the City and County of ten million dollars, to be approved by the Board of Supervisors; and

WHEREAS. The Department of Public Health requests approval of an amendment to the Department of Public Health contract for behavioral health services with Instituto Familiar de la Raza to extend the contract by two years, from July 1, 2010, through December 31, 2015, to July 1, 2010, through December 31, 2017, with a corresponding increase of \$11,917,749 for a total not-to-exceed amount of \$26,136,910; now, therefore, be it

RESOLVED, That the Board of Supervisors hereby authorizes the Director of Health and the Director of the Office of Contract Administration/Purchaser, on behalf of the City and County of San Francisco to amend the contract with Instituto Familiar de la Raza, extending the term of the contract by two years, through December 31, 2017, and increasing the total, not-to-exceed amount of the contract by \$11,917,749 to \$26,136,910; and, be it

FURTHER RESOLVED, That within thirty (30) days of the contract amendment being fully executed by all parties, the Director of Health and/or the Director of the Office of Contract Administration/Purchaser shall provide the final contract amendment to the Clerk of the Board for inclusion into the official file (File No. 151040).

Department:

Department of Public Health (DPH)

EXECUTIVE SUMMARY

Legislative Objectives

• In 2010, the Board of Supervisors extended 22 behavioral health contracts between DPH and 18 non-profit organizations and the Regents of the University of California at San Francisco. The proposed resolutions would amend 17 of the 22 behavioral health services contracts between DPH and 14 non-profit organizations (15 contracts) and the Regents of the University of California at San Francisco (2 contracts) to (i) extend the contract terms for two years from December 31, 2015 to December 31, 2017, and (ii) increase the not-to-exceed amount of each contract.

Key Points

- In June 2015, DPH informed the Board of Supervisors of their intention to request twoyear contract extensions for their behavioral health services contracts in order to meet the requirements of the Affordable Care Act and the State Department of Health Care Services 1115 demonstration waiver regarding Medi-Cal organized drug delivery system.
- The extension period would allow DPH to have sufficient time to complete the planning process, issue new RFPs, and award new contracts for behavioral health services.

Fiscal Impact

- The current total not-to-exceed amount of the 17 contracts is \$651,283,455. DPH is requesting a total increase in these contracts of \$225,289,816 for total contract not-to-exceed amounts of \$876,573,271.
- The Budget and Legislative Analyst found the requested increase for each of the 17 contracts to be reasonable, based on actual and projected contract expenditures.

Policy Consideration

DPH is now in the process of determining how to best align contracted services with the
requirements of the Affordable Care Act and the State Department of Health Care Services
1115 demonstration, and plans to issue Requests for Proposals (RFP) in approximately
March 2016. DPH considers the two-year contract extension to be necessary in order to
prepare multiple RFPs for behavioral health services, stagger the timing of the issuance of
these RFPs, and award new contracts, while preventing any break in service delivery.

Recommendation

Approve the proposed resolutions.

MANDATE STATEMENT

City Charter Section 9.118(b) states that any contract entered into by a department, board or commission that (1) has a term of more than ten years, (2) requires expenditures of \$10 million or more, or (3) requires a modification of more than \$500,000 is subject to Board of Supervisors approval.

BACKGROUND

In December 2010, the Board of Supervisors retroactively approved the extension of 22 contracts between the Department of Public Health (DPH) and 18 non-profit organizations and the Regents of the University of California at San Francisco for the provision of behavioral health services. The 22 contracts were extended for five years and six months from July 1, 2010 through December 31, 2015. Funding for the 22 contracts was a combination of (i) General Funds, (ii) State Realignment and State General Funds, (iii) Federal Medi-Cal and other Federal funds, (iv) Work Orders, grants, and other State funds, and (v) 12 percent contingencies on the total combined not-to-exceed amount, which did not have a designated funding source.

In June 2015, DPH informed the Board of Supervisors of their intention to request two-year contract extensions for their behavioral health services contracts in order to meet the requirements of the Affordable Care Act. DPH has been involved in a planning process to optimize and integrate contracted community based services into DPH's San Francisco Health Network, an integrated service delivery system. The extension period would allow DPH to have sufficient time to complete the planning process, issue new RFPs, and award new contracts for behavioral health services.

DETAILS OF PROPOSED LEGISLATION

The proposed resolutions would amend 17 of the 22 behavioral health services contracts between DPH and 14 non-profit organizations (15 contracts) and the Regents of the University of California at San Francisco (2 contracts) to (i) extend the contract terms for two years from December 31, 2015 to December 31, 2017, and (ii) increase the not-to-exceed amount of each contract, as shown in the Table 1 below.

The 14 non-profit organizations include Alternative Family Services, HealthRight360 (formerly Walden House), Baker Places, Central City Hospitality House, Community Awareness and Treatment Services, Conard House, Edgewood Center for Children and Families, Family Service Agency of San Francisco, Hyde Street Community Service, Instituto Familiar de la Raza, Progress

¹ The 18 non-profit organizations included Alternative Family Services, Asian American Recovery Services (now HealthRight360), Baker Places, Bayview Hunters Point Foundation for Community Improvement, Central City Hospitality House, Community Awareness and Treatment Services, Community Vocational Enterprises, Conard House, Edgewood Center for Children and Families, Family Service Agency, Hyde Street Community Service, Instituto Familiar de la Raza, Progress Foundation, Richmond Area Multi-Services (two contracts), San Francisco Study Center, Seneca Center, Walden House (now HealthRight360), and Westside Community Mental Health Center.

Foundation, Richmond Area Multi-Services (two contracts), Seneca Center, and Westside Community Mental Health Center.²

In addition to meeting new requirements for the Affordable Care Act, DPH must also comply with the State Department of Health Care Services 1115 demonstration waiver regarding Medi-Cal organized drug delivery system, which was approved by the State in August 2015. Ms. Michelle Ruggels, Director of the DPH Business Office, explained that DPH will need to make significant changes to the current substance abuse delivery system and in some cases, create new service models. DPH is now in the process of determining how to best align contracted services with the requirements of the Affordable Care Act and the State Department of Health Care Services 1115 demonstration waiver.

FISCAL IMPACT

The current total not-to-exceed amount of the 17 contracts is \$\$651,283,455. DPH is requesting a total increase in these contracts of \$225,289,816 for total contract not-to-exceed amounts of \$876,573,271, as shown in the Table below.

² There are five outstanding contracts that were extended in 2010 but are not included in the proposed resolution. The Bayview Hunters Point Foundation for Community Improvement contract was approved for a two-year extension by the Board of Supervisors in October 2015. The San Francisco Study Center, Asian American Recovery Services (now HealthRight360), and Community Vocational Enterprises no longer have contracts with DPH. One additional Regents of the University of California at San Francisco contract will be submitted for review at a later date.

Table. Current and Proposed Contract Not-to-Exceed Amounts³

Contractor	Item No.	Current Not-to- Exceed Amount	Requested Increase	Revised Not-to- Exceed Amount
Alternative Family Services	15-1030	\$11,057,200	\$7,674,939	\$18,732,139

Total		\$651,283,455	\$225,289,816	\$876,573,271

Source: Department of Public Health staff.

The Budget and Legislative Analyst found the requested increase for each of the 17 contracts to be reasonable, based on actual and projected contract expenditures.

³ DPH will submit specific revised resolutions to the December 2, 2015 Budget and Finance Committee with corrected language or amounts. The Table above is based on the revised resolutions.

Five Contracts have Significant Expenditure Increases

Alternative Family Services (increase of \$7,674,939). According to Ms. Michelle Ruggels, DPH Director of Business Office, DPH costs for this contract have increased because the Department is required to serve an increasing number of foster care children who are San Francisco residents but who are placed outside of the county. DPH contracted with Alternative Family Services to ensure that DPH complies with State mandates to complete assessments for all out-of-county placements. Previously 30-40 percent of foster care youth received an assessment. DPH now completes assessments for all foster care youth placements, and has budgeted for the associated cost increases.

Edgewood Center for Children and Families (increase of \$19,276,057). In 2014, DPH received a State grant in the amount of \$1,751,827 funded with Mental Health Services Act funding, which will fund two new DPH programs including the Youth Crisis Stabilization Center and the Mobile Crisis Team (File 14-0511). According to Ms. Ruggels, the remaining portion of these program costs will be reimbursed by Medi-Cal for those clients with Medi-Cal eligibility.

The Regents of the University of California at San Francisco: Citywide Case Management – Single Point of Responsibility (CCM-SPR; increase of 22,521,671). DPH has expanded all intensive care management programs. In FY 2012-13, DPH transferred the Citywide Forensics program from the Citywide Case Management program to Citywide Case Management program for Single Point of Responsibility (CCM-SPR) as the CCM-SPR contract uses a capitation model rather than fee-for-service. During this time, DPH also expanded the Citywide Focus program, which provides outpatient mental health services to reduce unnecessary institutional care for high risk and mentally ill transitional aged youth, adults, and older adults. Both of these programs are funded through the federal Mental Health Services Act.

Richmond Area Multi-Services, Inc. for Children (RAMS Children; increase of \$9,721,109). DPH costs for implementing Wellness Centers in high schools increased as the Wellness programs have been gradually expanded to additional high schools. DPH will receive reimbursements for program costs from Medi-Cal.

Richmond Area Multi-Services, Inc. for Adults (increase of \$10,989,524). Program costs will increase mainly because of four programs, including the I-Ability Vocational IT program, Asian Pacific Islander Mental Health Collaborative, the Peer Specialist Mental Health Certificate program, and the Broderick Street Adult Residential Facility. All of these programs will be funded by the State Mental Health Services Act.

POLICY CONSIDERATION

Ms. Ruggels advised that the purpose of extending the current contract period by two years until December 31, 2017 is to allow the Department to:

⁴ DPH received this grant to participate in a program entitled Mental Health Triage Personnel Grant for the period from April 1, 2014 through June 30, 2014.

⁵ Under a capitation model, the contractor is paid a flat fee for each client rather than a fee for each service.

- (a) Complete its planning process to identify any service model changes necessary to better meet the needs of the Department's integrated service delivery system, the San Francisco Health Network, in response to the implementation of the Affordable Care Act;
- (b) Finalize its plan for addressing the new requirements of the State Department of Health Care Services 1115 demonstration waiver (Drug Medi-Cal Organized Delivery System) approved by the State in August 2015, which will require significant changes to the current substance abuse delivery system, including entirely new service models; and
- (c) Prepare multiple RFPs for behavioral health services, stagger the timing of the issuance of these RFPs, and award new contracts, while preventing any break in service delivery.

DPH will finalize its RFP schedule, which is estimated to be completed by March 2016, pending the completion of an evaluation of community-based services that meet the requirements of the Affordable Care Act and the State's 1115 demonstration waiver.

According to Ms. Ruggels, DPH will prepare a schedule for the issuance of the multiple RFPs for behavioral health services that includes the timeline of the issuance of the RFPs, as well as the effective date of the new services. DPH will submit the new contracts to the Board of Supervisors for approval in accordance with Charter Section 9.118(b).

RECOMMENDATION

Approve the proposed resolutions.

San Francisco Department of Public Health

Barbara A. Garcia, MPA

Director of Health

October 5, 2015

Angela Calvillo, Clerk of the Board Board of Supervisors 1 Dr. Carlton B. Goodlett Place, Room 244 San Francisco, CA 94102-4689

Dear Ms. Calvillo:

Attached please find a proposed resolution for Board of Supervisors approval for the extension of 22 behavioral health services contracts for two years, with corresponding increases in each contract amount, as shown in the resolution.

These contract amendments require Board of Supervisors approval under San Francisco Charter Section 9.118, as they have either already been approved by the Board and the proposed amendment exceeds \$500,000, or they have not previously been approved by the Board and the total contract amount exceeds \$10 million.

The following is a list of accompanying documents:

- Resolution
- o Proposed amendments
- o Original agreements and any previous amendment
- o Forms SFEC-126 for the Board of Supervisors and Mayor

The following person may be contacted regarding this matter: Jacquie Hale, Director, Office of Contracts Management and Compliance, Department of Public Health, (415) 554-2609 (Jacquie.Hale@SFDPH.org).

Thank you for your time and consideration.

Sincerely,

Jacquie Hale

Director

DPH Office of Contracts Management and Compliance

City and County of San Francisco Office of Contract Administration Purchasing Division

Second Amendment

THIS AMENDMENT (this "Amendment") is made as of July 1, 2015 in San Francisco, California, by and between **Instituto Familiar de la Raza** ("Contractor"), and the City and County of San Francisco, a municipal corporation ("City"), acting by and through its Director of the Office of Contract Administration.

RECITALS

WHEREAS, the Department of Public Health, Community Behavioral Health Services ("Department") wishes to provide mental health and substance abuse services; and,

WHEREAS, City and Contractor desire to modify the Agreement on the terms and conditions set forth herein to renew the contract and add Appendices A and B for 2015-16, increase compensation and update standard contractual clauses; and

NOW, THEREFORE, Contractor and the City agree as follows:

- 1. **Definitions.** The following definitions shall apply to this Amendment:
 - **a.** Agreement. The term "Agreement" shall mean the Agreement dated July 1, 2010, Contract Numbers BPHM11000026 and DPHM11000277 between Contractor and City as amended by the First Amendment Contract Numbers BPHM11000026 and DPHM13000112 and this Second Amendment.
 - **b.** Other Terms. Terms used and not defined in this Amendment shall have the meanings assigned to such terms in the Agreement.
 - c. Contract Monitoring Division. Contract Monitoring Division. Effective July 28, 2012, with the exception of Sections 14B.9(D) and 14B.17(F), all of the duties and functions of the Human Rights Commission under Chapter 14B of the Administrative Code (LBE Ordinance) were transferred to the City Administrator, Contract Monitoring Division ("CMD"). Wherever "Human Rights Commission" or "HRC" appears in the Agreement in reference to Chapter 14B of the Administrative Code or its implementing Rules and Regulations, it shall be construed to mean "Contract Monitoring Division" or "CMD" respectively.
- 2. Modifications to the Agreement. The Agreement is hereby modified as follows:
- a. Section 2 of the Agreement currently reads as follows:
- 2. Term of the Agreement.

Subject to Section 1, the term of this Agreement shall be from July 1, 2010 to December 31, 2015.

Such section is hereby amended in its entirety to read as follows:

2. Term of the Agreement.

Subject to Section 1, the term of this Agreement shall be from July 1, 2010 to December 31, 2017.

b. Section 5 of the Agreement currently reads as follows:

5. Compensation.

Compensation shall be made in monthly payments on or before the 30th day of each month for work, as set forth in Section 4 of this Agreement, that the Director of the Department of Public Health, in his or her sole discretion, concludes has been performed as of the 1st day of the immediately preceding month. In no event shall the amount of this Agreement exceed Fourteen Million Two Hundred Nineteen Thousand, One Hundred Sixty One Dollars (\$14,219,161). The breakdown of costs associated with this Agreement appears in Appendix B, "Calculation of Charges," attached hereto and incorporated by reference as though fully set forth herein. No charges shall be incurred under this Agreement nor shall any payments become due to Contractor until reports, services, or both, required under this Agreement are received from Contractor and approved by Department of Public Health as being in accordance with this Agreement. City may withhold payment to Contractor in any instance in which Contractor has failed or refused to satisfy any material obligation provided for under this Agreement.

In no event shall City be liable for interest or late charges for any late payments.

Such section is hereby amended in its entirety to read as follows:

5. Compensation.

Compensation shall be made in monthly payments on or before the 30th day of each month for works set forth in Section 4 of this Agreement, that the Director of the Department of Public Health, in his or her sole discretion, concludes has been performed as of the 1st day of the immediately preceding month. In no event shall the amount of this Agreement exceed **Twenty Six Million One Hundred Thirty Six Thousand Nine Hundred Ten Dollars (\$26,136,910)**. The breakdown of costs associated with this Agreement appears in Appendix B, "Calculation of Charges," attached hereto and incorporated by reference as though fully set forth herein. No charges shall be incurred under this Agreement nor shall any payments become due to Contractor until reports, services, or both, required under this Agreement are received from Contractor and approved by Department of Public Health as being in accordance with this Agreement. City may withhold payment to Contractor in any instance in which Contractor has failed or refused to satisfy any material obligation provided for under this Agreement.

In no event shall City be liable for interest or late charges for any late payments.

- c. Section 8 is hereby amended in its entirety to read as follows:
- 8. Submitting False Claims; Monetary Penalties. Pursuant to San Francisco Administrative Code §21.35, any contractor, subcontractor or consultant who submits a false claim shall be liable to the City for the statutory penalties set forth in that section. The text of Section 21.35, along with the entire San Francisco Administrative Code is available on the web at

http://www.amlegal.com/nxt/gateway.dll/California/administrative/administrativecode?f=templates\$fn=default.ht m\$3.0\$vid=amlegal:sanfrancisco_ca\$sync=1. A contractor, subcontractor or consultant will be deemed to have submitted a false claim to the City if the contractor, subcontractor or consultant: (a) knowingly presents or causes to be presented to an officer or employee of the City a false claim or request for payment or approval; (b) knowingly makes, uses, or causes to be made or used a false record or statement to get a false claim paid or approved by the City; (c) conspires to defraud the City by getting a false claim allowed or paid by the City; (d) knowingly makes, uses, or causes to be made or used a false record or statement to conceal, avoid, or decrease an obligation to pay or transmit money or property to the City; or (e) is a beneficiary of an inadvertent submission of a false claim to the City, subsequently discovers the falsity of the claim, and fails to disclose the false claim to the City within a reasonable time after discovery of the false claim.

d. Section 14 is hereby amended in its entirety to read as follows:

14. Independent Contractor; Payment of Taxes and Other Expenses.

- Independent Contractor. Contractor or any agent or employee of Contractor shall be deemed at all times to be an independent contractor and is wholly responsible for the manner in which it performs the services and work requested by City under this Agreement. Contractor, its agents, and employees will not represent or hold themselves out to be employees of the City at any time. Contractor or any agent or employee of Contractor shall not have employee status with City, nor be entitled to participate in any plans, arrangements, or distributions by City pertaining to or in connection with any retirement, health or other benefits that City may offer its employees. Contractor or any agent or employee of Contractor is liable for the acts and omissions of itself, its employees and its agents. Contractor shall be responsible for all obligations and payments, whether imposed by federal, state or local law, including, but not limited to, FICA, income tax withholdings, unemployment compensation, insurance, and other similar responsibilities related to Contractor's performing services and work, or any agent or employee of Contractor providing same. Nothing in this Agreement shall be construed as creating an employment or agency relationship between City and Contractor or any agent or employee of Contractor. Any terms in this Agreement referring to direction from City shall be construed as providing for direction as to policy and the result of Contractor's work only, and not as to the means by which such a result is obtained. City does not retain the right to control the means or the method by which Contractor performs work under this Agreement. Contractor agrees to maintain and make available to City, upon request and during regular business hours, accurate books and accounting records demonstrating Contractor's compliance with this section. Should City determine that Contractor, or any agent or employee of Contractor, is not performing in accordance with the requirements of this Agreement, City shall provide Contractor with written notice of such failure. Within five (5) business days of Contractor's receipt of such notice, and in accordance with Contractor policy and procedure, Contractor shall remedy the deficiency. Notwithstanding, if City believes that an action of Contractor, or any agent or employee of Contractor, warrants immediate remedial action by Contractor, City shall contact Contractor and provide Contractor in writing with the reason for requesting such immediate action.
- b. Payment of Taxes and Other Expenses. Should City, in its discretion, or a relevant taxing authority such as the Internal Revenue Service or the State Employment Development Division, or both, determine that Contractor is an employee for purposes of collection of any employment taxes, the amounts payable under this Agreement shall be reduced by amounts equal to both the employee and employer portions of the tax due (and offsetting any credits for amounts already paid by Contractor which can be applied against this liability). City shall then forward those amounts to the relevant taxing authority. Should a relevant taxing authority determine a liability for past services performed by Contractor for City, upon notification of such fact by City, Contractor shall promptly remit such amount due or arrange with City to have the amount due withheld from future payments to Contractor under this Agreement (again, offsetting any amounts already paid by Contractor which can be applied as a credit against such liability). A determination of employment status pursuant to the preceding two

paragraphs shall be solely for the purposes of the particular tax in question, and for all other purposes of this Agreement, Contractor shall not be considered an employee of City. Notwithstanding the foregoing, Contractor agrees to indemnify and save harmless City and its officers, agents and employees from, and, if requested, shall defend them against any and all claims, losses, costs, damages, and expenses, including attorney's fees, arising from this section.

e. Section 15 is hereby amended in its entirety to read as follows:

15. Insurance.

- a. Without in any way limiting Contractor's liability pursuant to the "Indemnification" section of this Agreement, Contractor must maintain in force, during the full term of the Agreement, insurance in the following amounts and coverages:
- 1) Workers' Compensation, in statutory amounts, with Employers' Liability Limits not less than \$1,000,000 each accident, injury, or illness; and
- 2) Commercial General Liability Insurance with limits not less than \$1,000,000 each occurrence and \$2,000,000 general aggregate for Bodily Injury and Property Damage, including Contractual Liability, Personal Injury, Products and Completed Operations; and
- 3) Commercial Automobile Liability Insurance with limits not less than \$1,000,000 each occurrence, "Combined Single Limit" for Bodily Injury and Property Damage, including Owned, Non-Owned and Hired auto coverage, as applicable.
- 4) Professional liability insurance, applicable to Contractor's profession, with limits not less than \$1,000,000 each claim with respect to negligent acts, errors or omissions in connection with the Services.
- b. Commercial General Liability and Commercial Automobile Liability Insurance policies must be endorsed to provide:
- 1) Name as Additional Insured the City and County of San Francisco, its Officers, Agents, and Employees.
- 2) That such policies are primary insurance to any other insurance available to the Additional Insureds, with respect to any claims arising out of this Agreement, and that insurance applies separately to each insured against whom claim is made or suit is brought.
- c. All policies shall be endorsed to provide thirty (30) days' advance written notice to the City of cancellation for any reason, intended non-renewal, or reduction in coverages. Notices shall be sent to the City address set forth in the Section entitled "Notices to the Parties."
- d. Should any of the required insurance be provided under a claims-made form, Contractor shall maintain such coverage continuously throughout the term of this Agreement and, without lapse, for a period of three years beyond the expiration of this Agreement, to the effect that, should occurrences during the contract term give rise to claims made after expiration of the Agreement, such claims shall be covered by such claims-made policies.

- e. Should any required insurance lapse during the term of this Agreement, requests for payments originating after such lapse shall not be processed until the City receives satisfactory evidence of reinstated coverage as required by this Agreement, effective as of the lapse date. If insurance is not reinstated, the City may, at its sole option, terminate this Agreement effective on the date of such lapse of insurance.
- f. Before commencing any Services, Contractor shall furnish to City certificates of insurance and additional insured policy endorsements with insurers with ratings comparable to A-, VIII or higher, that are authorized to do business in the State of California, and that are satisfactory to City, in form evidencing all coverages set forth above. Approval of the insurance by City shall not relieve or decrease Contractor's liability hereunder.
- g. The Workers' Compensation policy(ies) shall be endorsed with a waiver of subrogation in favor of the City for all work performed by the Contractor, its employees, agents and subcontractors.
- h. If Contractor will use any subcontractor(s) to provide Services, Contractor shall require the subcontractor(s) to provide all necessary insurance and to name the City and County of San Francisco, its officers, agents and employees and the Contractor as additional insureds.
- i. Notwithstanding the foregoing, the following insurance requirements are waived or modified in accordance with the terms and conditions stated in Appendix C. Insurance.

f. Section 20 is hereby amended in its entirety to read as follows:

20. Default; Remedies.

- a. Each of the following shall constitute an event of default ("Event of Default") under this Agreement:
- (1) Contractor fails or refuses to perform or observe any term, covenant or condition contained in any of the following Sections of this Agreement:
 - 8. Submitting False Claims; Monetary Penalties.
- 10. Taxes
- 15. Insurance
- 24. Proprietary or confidential information of City
- 30. Assignment

- 37. Drug-free workplace policy,
- 53. Compliance with laws
- 55. Supervision of minors
- 57. Protection of private information And, item 1 of Appendix D attached to this Agreement

63. Protected Health Information

- 2) Contractor fails or refuses to perform or observe any other term, covenant or condition contained in this Agreement, and such default continues for a period of ten days after written notice thereof from City to Contractor.
- 3) Contractor (a) is generally not paying its debts as they become due, (b) files, or consents by answer or otherwise to the filing against it of, a petition for relief or reorganization or arrangement or any other petition in bankruptcy or for liquidation or to take advantage of any bankruptcy, insolvency or other debtors' relief law of any jurisdiction, (c) makes an assignment for the benefit of its creditors, (d) consents to the appointment of a custodian, receiver, trustee or other officer with similar powers of Contractor or of any substantial part of Contractor's property or (e) takes action for the purpose of any of the foregoing.
- 4) A court or government authority enters an order (a) appointing a custodian, receiver, trustee or other officer with similar powers with respect to Contractor or with respect to any substantial part of

Contractor's property, (b) constituting an order for relief or approving a petition for relief or reorganization or arrangement or any other petition in bankruptcy or for liquidation or to take advantage of any bankruptcy, insolvency or other debtors' relief law of any jurisdiction or (c) ordering the dissolution, winding-up or liquidation of Contractor.

- b. On and after any Event of Default, City shall have the right to exercise its legal and equitable remedies, including, without limitation, the right to terminate this Agreement or to seek specific performance of all or any part of this Agreement. In addition, City shall have the right (but no obligation) to cure (or cause to be cured) on behalf of Contractor any Event of Default; Contractor shall pay to City on demand all costs and expenses incurred by City in effecting such cure, with interest thereon from the date of incurrence at the maximum rate then permitted by law. City shall have the right to offset from any amounts due to Contractor under this Agreement or any other agreement between City and Contractor all damages, losses, costs or expenses incurred by City as a result of such Event of Default and any liquidated damages due from Contractor pursuant to the terms of this Agreement or any other agreement.
- c. All remedies provided for in this Agreement may be exercised individually or in combination with any other remedy available hereunder or under applicable laws, rules and regulations. The exercise of any remedy shall not preclude or in any way be deemed to waive any other remedy.

g. Section 32 is hereby amended in its entirety to read as follows:

32. Consideration of Criminal History in Hiring and Employment Decisions.

- a. Contractor agrees to comply fully with and be bound by all of the provisions of Chapter 12T "City Contractor/Subcontractor Consideration of Criminal History in Hiring and Employment Decisions," of the San Francisco Administrative Code (Chapter 12T), including the remedies provided, and implementing regulations, as may be amended from time to time. The provisions of Chapter 12T are incorporated by reference and made a part of this Agreement as though fully set forth herein. The text of the Chapter 12T is available on the web at www.sfgov.org/olse/fco. A partial listing of some of Contractor's obligations under Chapter 12T is set forth in this Section. Contractor is required to comply with all of the applicable provisions of 12T, irrespective of the listing of obligations in this Section. Capitalized terms used in this Section and not defined in this Agreement shall have the meanings assigned to such terms in Chapter 12T.
- b. The requirements of Chapter 12T shall only apply to a Contractor's or Subcontractor's operations to the extent those operations are in furtherance of the performance of this Agreement, shall apply only to applicants and employees who would be or are performing work in furtherance of this Agreement, shall apply only when the physical location of the employment or prospective employment of an individual is wholly or substantially within the City of San Francisco, and shall not apply when the application in a particular context would conflict with federal or state law or with a requirement of a government agency implementing federal or state law.
- c. Contractor shall incorporate by reference in all subcontracts the provisions of Chapter 12T, and shall require all subcontractors to comply with such provisions. Contractor's failure to comply with the obligations in this subsection shall constitute a material breach of this Agreement.
- d. Contractor or Subcontractor shall not inquire about, require disclosure of, or if such information is received base an Adverse Action on an applicant's or potential applicant for employment, or employee's: (1) Arrest not leading to a Conviction, unless the Arrest is undergoing an active pending criminal investigation or trial that has not yet been resolved; (2) participation in or completion of a diversion or a deferral of judgment

- program; (3) a Conviction that has been judicially dismissed, expunged, yoided, invalidated, or otherwise rendered inoperative; (4) a Conviction or any other adjudication in the juvenile justice system; (5) a Conviction that is more than seven years old, from the date of sentencing; or (6) information pertaining to an offense other than a felony or misdemeanor, such as an infraction.
- e. Contractor or Subcontractor shall not inquire about or require applicants, potential applicants for employment, or employees to disclose on any employment application the facts or details of any conviction history, unresolved arrest, or any matter identified in subsection 32(d), above. Contractor or Subcontractor shall not require such disclosure or make such inquiry until either after the first live interview with the person, or after a conditional offer of employment.
- f. Contractor or Subcontractor shall state in all solicitations or advertisements for employees that are reasonably likely to reach persons who are reasonably likely to seek employment to be performed under this Agreement, that the Contractor or Subcontractor will consider for employment qualified applicants with criminal histories in a manner consistent with the requirements of Chapter 12T.
- g. Contractor and Subcontractors shall post the notice prepared by the Office of Labor Standards Enforcement (OLSE), available on OLSE's website, in a conspicuous place at every workplace, job site, or other location under the Contractor or Subcontractor's control at which work is being done or will be done in furtherance of the performance of this Agreement. The notice shall be posted in English, Spanish, Chinese, and any language spoken by at least 5% of the employees at the workplace, job site, or other location at which it is posted.
- h. Contractor understands and agrees that if it fails to comply with the requirements of Chapter 12T, the City shall have the right to pursue any rights or remedies available under Chapter 12T, including but not limited to, a penalty of \$50 for a second violation and \$100 for a subsequent violation for each employee, applicant or other person as to whom a violation occurred or continued, termination or suspension in whole or in part of this Agreement.
- h. Section 33 is hereby amended in its entirety to read as follows:
- 33. Local Business Enterprise Utilization; Liquidated Damages
- a. The LBE Ordinance. Contractor, shall comply with all the requirements of the Local Business Enterprise and Non-Discrimination in Contracting Ordinance set forth in Chapter 14B of the San Francisco Administrative Code as it now exists or as it may be amended in the future (collectively the "LBE Ordinance"), provided such amendments do not materially increase Contractor's obligations or liabilities, or materially diminish Contractor's rights, under this Agreement. Such provisions of the LBE Ordinance are incorporated by reference and made a part of this Agreement as though fully set forth in this section. Contractor's willful failure to comply with any applicable provisions of the LBE Ordinance is a material breach of Contractor's obligations under this Agreement and shall entitle City, subject to any applicable notice and cure provisions set forth in this Agreement, to exercise any of the remedies provided for under this Agreement, under the LBE Ordinance or otherwise available at law or in equity, which remedies shall be cumulative unless this Agreement expressly provides that any remedy is exclusive. In addition, Contractor shall comply fully with all other applicable local, state and federal laws prohibiting discrimination and requiring equal opportunity in contracting, including subcontracting.

b. Compliance and Enforcement

If Contractor willfully fails to comply with any of the provisions of the LBE Ordinance, the rules and regulations implementing the LBE Ordinance, or the provisions of this Agreement pertaining to LBE

participation, Contractor shall be liable for liquidated damages in an amount equal to Contractor's net profit on this Agreement, or 10% of the total amount of this Agreement, or \$1,000, whichever is greatest. The Director of the City's Contracts Monitoring Division or any other public official authorized to enforce the LBE Ordinance (separately and collectively, the "Director of CMD") may also impose other sanctions against Contractor authorized in the LBE Ordinance, including declaring the Contractor to be irresponsible and ineligible to contract with the City for a period of up to five years or revocation of the Contractor's LBE certification. The Director of CMD will determine the sanctions to be imposed, including the amount of liquidated damages, after investigation pursuant to Administrative Code §14B.17. By entering into this Agreement, Contractor acknowledges and agrees that any liquidated damages assessed by the Director of the CMD shall be payable to City upon demand. Contractor further acknowledges and agrees that any liquidated damages assessed may be withheld from any monies due to Contractor on any contract with City. Contractor agrees to maintain records necessary for monitoring its compliance with the LBE Ordinance for a period of three years following termination or expiration of this Agreement, and shall make such records available for audit and inspection by the Director of CMD or the Controller upon request.

i. Section 34 is hereby amended in its entirety to read as follows:

34. Nondiscrimination; Penalties

- a. Contractor Shall Not Discriminate. In the performance of this Agreement, Contractor agrees not to discriminate against any employee, City and County employee working with such contractor or subcontractor, applicant for employment with such contractor or subcontractor, or against any person seeking accommodations, advantages, facilities, privileges, services, or membership in all business, social, or other establishments or organizations, on the basis of the fact or perception of a person's race, color, creed, religion, national origin, ancestry, age, height, weight, sex, sexual orientation, gender identity, domestic partner status, marital status, disability or Acquired Immune Deficiency Syndrome or HIV status (AIDS/HIV status), or association with members of such protected classes, or in retaliation for opposition to discrimination against such classes.
- **b.** Subcontracts. Contractor shall incorporate by reference in all subcontracts the provisions of §§12B.2(a), 12B.2(c)-(k), and 12C.3 of the San Francisco Administrative Code (copies of which are available from Purchasing) and shall require all subcontractors to comply with such provisions. Contractor's failure to comply with the obligations in this subsection shall constitute a material breach of this Agreement.
- c. Nondiscrimination in Benefits. Contractor does not as of the date of this Agreement and will not during the term of this Agreement, in any of its operations in San Francisco, on real property owned by San Francisco, or where work is being performed for the City elsewhere in the United States, discriminate in the provision of bereavement leave, family medical leave, health benefits, membership or membership discounts, moving expenses, pension and retirement benefits or travel benefits, as well as any benefits other than the benefits specified above, between employees with domestic partners and employees with spouses, and/or between the domestic partners and spouses of such employees, where the domestic partnership has been registered with a governmental entity pursuant to state or local law authorizing such registration, subject to the conditions set forth in §12B.2(b) of the San Francisco Administrative Code.
- d. Condition to Contract. As a condition to this Agreement, Contractor shall execute the "Chapter 12B Declaration: Nondiscrimination in Contracts and Benefits" form (form CMD-12B-101) with supporting documentation and secure the approval of the form by the San Francisco Contracts Monitoring Division (formerly 'Human Rights Commission').

e. Incorporation of Administrative Code Provisions by Reference. The provisions of Chapters 12B and 12C of the San Francisco Administrative Code are incorporated in this Section by reference and made a part of this Agreement as though fully set forth herein. Contractor shall comply fully with and be bound by all of the provisions that apply to this Agreement under such Chapters, including but not limited to the remedies provided in such Chapters. Without limiting the foregoing, Contractor understands that pursuant to §§12B.2(h) and 12C.3(g) of the San Francisco Administrative Code, a penalty of \$50 for each person for each calendar day during which such person was discriminated against in violation of the provisions of this Agreement may be assessed against Contractor and/or deducted from any payments due Contractor.

j. Section 42 is hereby amended in its entirety to read as follows:

42. Limitations on Contributions

Through execution of this Agreement, Contractor acknowledges that it is familiar with section 1.126 of the City's Campaign and Governmental Conduct Code, which prohibits any person who contracts with the City for the rendition of personal services, for the furnishing of any material, supplies or equipment, for the sale or lease of any land or building, or for a grant, loan or loan guarantee, from making any campaign contribution to (1) an individual holding a City elective office if the contract must be approved by the individual, a board on which that individual serves, or a board on which an appointee of that individual serves, (2) a candidate for the office held by such individual, or (3) a committee controlled by such individual, at any time from the commencement of negotiations for the contract until the later of either the termination of negotiations for such contract or six months after the date the contract is approved. Contractor acknowledges that the foregoing restriction applies only if the contract or a combination or series of contracts approved by the same individual or board in a fiscal year have a total anticipated or actual value of \$50,000 or more. Contractor further acknowledges that the prohibition on contributions applies to each prospective party to the contract; each member of Contractor's board of directors; Contractor's chairperson, chief executive officer, chief financial officer and chief operating officer; any person with an ownership interest of more than 20 percent in Contractor; any subcontractor listed in the bid or contract; and any committee that is sponsored or controlled by Contractor. Additionally, Contractor acknowledges that Contractor must inform each of the persons described in the preceding sentence of the prohibitions contained in Section 1.126. Contractor further agrees to provide to City the names of each person, entity or committee described above.

k. Section 43 is hereby amended in its entirety to read as follows:

43. Requiring Minimum Compensation for Covered Employees.

- a. Contractor agrees to comply fully with and be bound by all of the provisions of the Minimum Compensation Ordinance (MCO), as set forth in San Francisco Administrative Code Chapter 12P (Chapter 12P), including the remedies provided, and implementing guidelines and rules. The provisions of Chapter 12P are incorporated herein by reference and made a part of this Agreement as though fully set forth. The text of the MCO is available on the web at www.sfgov.org/olse/mco. A partial listing of some of Contractor's obligations under the MCO is set forth in this Section. Contractor is required to comply with all the provisions of the MCO, irrespective of the listing of obligations in this Section.
- b. The MCO requires Contractor to pay Contractor's employees a minimum hourly gross compensation wage rate and to provide minimum compensated and uncompensated time off. The minimum wage rate may change from year to year and Contractor is obligated to keep informed of the then-current requirements. Any

subcontract entered into by Contractor shall require the subcontractor to comply with the requirements of the MCO and shall contain contractual obligations substantially the same as those set forth in this Section. It is Contractor's obligation to ensure that any subcontractors of any tier under this Agreement comply with the requirements of the MCO. If any subcontractor under this Agreement fails to comply, City may pursue any of the remedies set forth in this Section against Contractor.

- c. Contractor shall not take adverse action or otherwise discriminate against an employee or other person for the exercise or attempted exercise of rights under the MCO. Such actions, if taken within 90 days of the exercise or attempted exercise of such rights, will be rebuttably presumed to be retaliation prohibited by the MCO.
- d. Contractor shall maintain employee and payroll records as required by the MCO. If Contractor fails to do so, it shall be presumed that the Contractor paid no more than the minimum wage required under State law.
- e. The City is authorized to inspect Contractor's job sites and conduct interviews with employees and conduct audits of Contractor
- f. Contractor's commitment to provide the Minimum Compensation is a material element of the City's consideration for this Agreement. The City in its sole discretion shall determine whether such a breach has occurred. The City and the public will suffer actual damage that will be impractical or extremely difficult to determine if the Contractor fails to comply with these requirements. Contractor agrees that the sums set forth in Section 12P.6.1 of the MCO as liquidated damages are not a penalty, but are reasonable estimates of the loss that the City and the public will incur for Contractor's noncompliance. The procedures governing the assessment of liquidated damages shall be those set forth in Section 12P.6.2 of Chapter 12P.
- g. Contractor understands and agrees that if it fails to comply with the requirements of the MCO, the City shall have the right to pursue any rights or remedies available under Chapter 12P (including liquidated damages), under the terms of the contract, and under applicable law. If, within 30 days after receiving written notice of a breach of this Agreement for violating the MCO, Contractor fails to cure such breach or, if such breach cannot reasonably be cured within such period of 30 days, Contractor fails to commence efforts to cure within such period, or thereafter fails diligently to pursue such cure to completion, the City shall have the right to pursue any rights or remedies available under applicable law, including those set forth in Section 12P.6(c) of Chapter 12P. Each of these remedies shall be exercisable individually or in combination with any other rights or remedies available to the City.
- h. Contractor represents and warrants that it is not an entity that was set up, or is being used, for the purpose of evading the intent of the MCO.
- i. If Contractor is exempt from the MCO when this Agreement is executed because the cumulative amount of agreements with this department for the fiscal year is less than \$25,000, but Contractor later enters into an agreement or agreements that cause contractor to exceed that amount in a fiscal year, Contractor shall thereafter be required to comply with the MCO under this Agreement. This obligation arises on the effective date of the agreement that causes the cumulative amount of agreements between the Contractor and this department to exceed \$25,000 in the fiscal year.
- 1. Section 44 is hereby amended in its entirety to read as follows:

44. Requiring Health Benefits for Covered Employees

Contractor agrees to comply fully with and be bound by all of the provisions of the Health Care Accountability Ordinance (HCAO), as set forth in San Francisco Administrative Code Chapter 12Q, including the remedies provided, and implementing regulations, as the same may be amended from time to time. The provisions of Chapter 12Q are incorporated by reference and made a part of this Agreement as though fully set forth herein. The text of the HCAO is available on the web at www.sfgov.org/olse. Capitalized terms used in this Section and not defined in this Agreement shall have the meanings assigned to such terms in Chapter 12Q.

- a. For each Covered Employee, Contractor shall provide the appropriate health benefit set forth in Section 12Q.3 of the HCAO. If Contractor chooses to offer the health plan option, such health plan shall meet the minimum standards set forth by the San Francisco Health Commission..
- b. Notwithstanding the above, if the Contractor is a small business as defined in Section 12Q.3(e) of the HCAO, it shall have no obligation to comply with part (a) above.
- c. Contractor's failure to comply with the HCAO shall constitute a material breach of this agreement. City shall notify Contractor if such a breach has occurred. If, within 30 days after receiving City's written notice of a breach of this Agreement for violating the HCAO, Contractor fails to cure such breach or, if such breach cannot reasonably be cured within such period of 30 days, Contractor fails to commence efforts to cure within such period, or thereafter fails diligently to pursue such cure to completion, City shall have the right to pursue the remedies set forth in 12Q.5.1 and 12Q.5(f)(1-6). Each of these remedies shall be exercisable individually or in combination with any other rights or remedies available to City.
- d. Any Subcontract entered into by Contractor shall require the Subcontractor to comply with the requirements of the HCAO and shall contain contractual obligations substantially the same as those set forth in this Section. Contractor shall notify City's Office of Contract Administration when it enters into such a Subcontract and shall certify to the Office of Contract Administration that it has notified the Subcontractor of the obligations under the HCAO and has imposed the requirements of the HCAO on Subcontractor through the Subcontract. Each Contractor shall be responsible for its Subcontractors' compliance with this Chapter. If a Subcontractor fails to comply, the City may pursue the remedies set forth in this Section against Contractor based on the Subcontractor's failure to comply, provided that City has first provided Contractor with notice and an opportunity to obtain a cure of the violation.
- e. Contractor shall not discharge, reduce in compensation, or otherwise discriminate against any employee for notifying City with regard to Contractor's noncompliance or anticipated noncompliance with the requirements of the HCAO, for opposing any practice proscribed by the HCAO, for participating in proceedings related to the HCAO, or for seeking to assert or enforce any rights under the HCAO by any lawful means.
- f. Contractor represents and warrants that it is not an entity that was set up, or is being used, for the purpose of evading the intent of the HCAO.
- g. Contractor shall maintain employee and payroll records in compliance with the California Labor Code and Industrial Welfare Commission orders, including the number of hours each employee has worked on the City Contract.

- h. Contractor shall keep itself informed of the current requirements of the HCAO.
- i. Contractor shall provide reports to the City in accordance with any reporting standards promulgated by the City under the HCAO, including reports on Subcontractors and Subtenants, as applicable.
- j. Contractor shall provide City with access to records pertaining to compliance with HCAO after receiving a written request from City to do so and being provided at least ten business days to respond.
- k. Contractor shall allow City to inspect Contractor's job sites and have access to Contractor's employees in order to monitor and determine compliance with HCAO.
- 1. City may conduct random audits of Contractor to ascertain its compliance with HCAO. Contractor agrees to cooperate with City when it conducts such audits.
- m. If Contractor is exempt from the HCAO when this Agreement is executed because its amount is less than \$25,000 (\$50,000 for nonprofits), but Contractor later enters into an agreement or agreements that cause Contractor's aggregate amount of all agreements with City to reach \$75,000, all the agreements shall be thereafter subject to the HCAO. This obligation arises on the effective date of the agreement that causes the cumulative amount of agreements between Contractor and the City to be equal to or greater than \$75,000 in the fiscal year.
- m. Section 49 is hereby amended in its entirety to read as follows:

49. Administrative Remedy for Agreement Interpretation.

- a. Negotiation; Alternative Dispute Resolution. The parties will attempt in good faith to resolve any dispute or controversy arising out of or relating to the performance of services under this Agreement by negotiation. The status of any dispute or controversy notwithstanding, Contractor shall proceed diligently with the performance of its obligations under this Agreement in accordance with the Agreement and the written directions of the City. If agreed by both parties in writing, disputes may be resolved by a mutually agreed-upon alternative dispute resolution process. Neither party will be entitled to legal fees or costs for matters resolved under this section.
- b. Government Code Claims. No suit for money or damages may be brought against the City until a written claim therefor has been presented to and rejected by the City in conformity with the provisions of San Francisco Administrative Code Chapter 10 and California Government Code Section 900, et seq. Nothing set forth in this Agreement shall operate to toll, waive or excuse Contractor's compliance with the Government Code Claim requirements set forth in Administrative Code Chapter 10 and Government Code Section 900, et seq.

n. Section 55 is hereby amended in its entirety to read as follows:

55. Supervision of Minors. In accordance with California Public Resources Code Section 5164, if Contractor, or any subcontractor, is providing services at a City park, playground, recreational center or beach, Contractor shall not hire, and shall prevent its subcontractors from hiring, any person for employment or a volunteer position

in a position having supervisory or disciplinary authority over a minor if that person has been convicted of any offense listed in Public Resources Code Section 5164. In addition, if Contractor, or any subcontractor, is providing services to the City involving the supervision or discipline of minors, Contractor and any subcontractor shall comply with any and all applicable requirements under federal or state law mandating criminal history screening for positions involving the supervision of minors. In the event of a conflict between this section and Section 32, "Consideration of Criminal History in Hiring and Employment Decisions," of this Agreement, this section shall control.

o. Section 58 is hereby amended in its entirety to read as follows:

Section 58. Not Used

p. Section 59 is hereby amended in its entirety to read as follows:

59. Food Service Waste Reduction Requirements

Contractor agrees to comply fully with and be bound by all of the provisions of the Food Service Waste Reduction Ordinance, as set forth in San Francisco Environment Code Chapter 16, including the remedies provided, and implementing guidelines and rules. The provisions of Chapter 16 are incorporated herein by reference and made a part of this Agreement as though fully set forth. This provision is a material term of this Agreement. By entering into this Agreement, Contractor agrees that if it breaches this provision, City will suffer actual damages that will be impractical or extremely difficult to determine; further, Contractor agrees that the sum of one hundred dollars (\$100) liquidated damages for the first breach, two hundred dollars (\$200) liquidated damages for subsequent breaches in the same year, and five hundred dollars (\$500) liquidated damages for subsequent breaches in the same year is reasonable estimate of the damage that City will incur based on the violation, established in light of the circumstances existing at the time this Agreement was made. Such amount shall not be considered a penalty, but rather agreed monetary damages sustained by City because of Contractor's failure to comply with this provision.

q. Section 63 is hereby amended in its entirety to read as follows:

63. Protected Health Information

Contractor, all subcontractors, all agents and employees of Contractor and any subcontractor shall comply with all federal and state laws regarding the transmission, storage and protection of all private health information disclosed to Contractor by City in the performance of this Agreement. Contractor agrees that any failure of Contactor to comply with the requirements of federal and/or state and/or local privacy laws shall be a material breach of the Contract. In the event that City pays a regulatory fine, and/or is assessed civil penalties or damages through private rights of action, based on an impermissible use or disclosure of protected health information given to Contractor or its subcontractors or agents by City, Contractor shall indemnify City for the amount of such fine or penalties or damages, including costs of notification. In such an event, in addition to any other remedies available to it under equity or law, the City may terminate the Contract.

r. Section 64 is hereby added to the Agreement and reads as follows:

64. Additional Terms

Additional Terms are attached hereto as Appendix D and are incorporated into this Agreement by reference as though fully set forth herein.

- s. Appendix A dated 07/01/14 (i.e. July 1, 2014) is hereby replaced in its entirety with Appendix A dated 07/01/15 (i.e. July 1, 2015).
- t. Appendices A-1 to A-12 dated 07/01/15 (i.e. July 1, 2015) are hereby added for 2015-16.
- u. Appendix B dated 07/01/14 (i.e. July 1, 2014) is hereby replaced in its entirety with Appendix B dated 07/01/15 (i.e. July 1, 2015).
- v. Appendices B-1 to B-12 dated 07/01/14 (i.e. July 1, 2014) are hereby added for 2015-16.
- w. Appendix D, Additional Terms to the Original Agreement dated 07/01/10 (i.e. July 1, 2010 is hereby deleted in its entirety and replaced with Appendix D dated 07/01/15 (i.e. July 1, 2015).
- x. Appendix E, Business Associate Addendum to the Original Agreement dated 07/01/10 (i.e. July 1, 2010 is hereby deleted in its entirety and replaced with Appendix E dated 05/19/15 (i.e. May 19, 2015).
- y. Appendix F page A dated 07/01/15 (i.e. July 1, 2015) is hereby added for 2015-16.
- 3. Effective Date. Each of the modifications set forth in Section 2 shall be effective on and after the effective date of the agreement.
- **4. Legal Effect.** Except as expressly modified by this Amendment, all of the terms and conditions of the Agreement shall remain unchanged and in full force and effect.

IN WITNESS WHEREOF, Contractor and City have executed this Amendment as of the date first referenced above.

Appendix A Community Behavioral Health Services Services to be provided by Contractor

1. Terms

A. Contract Administrator:

In performing the Services hereunder, Contractor shall report to Erik Dubon, Contract Administrator for the City, or his/her designee.

B. Reports:

Contractor shall submit written reports as requested by the City. The format for the content of such reports shall be determined by the City. The timely submission of all reports is a necessary and material term and condition of this Agreement. All reports, including any copies, shall be submitted on recycled paper and printed on double-sided pages to the maximum extent possible.

C. Evaluation:

Contractor shall participate as requested with the City, State and/or Federal government in evaluative studies designed to show the effectiveness of Contractor's Services. Contractor agrees to meet the requirements of and participate in the evaluation program and management information systems of the City. The City agrees that any final written reports generated through the evaluation program shall be made available to Contractor within thirty (30) working days. Contractor may submit a written response within thirty working days of receipt of any evaluation report and such response will become part of the official report.

D. <u>Possession of Licenses/Permits</u>:

Contractor warrants the possession of all licenses and/or permits required by the laws and regulations of the United States, the State of California, and the City to provide the Services. Failure to maintain these licenses and permits shall constitute a material breach of this Agreement.

E. Adequate Resources:

Contractor agrees that it has secured or shall secure at its own expense all persons, employees and equipment required to perform the Services required under this Agreement, and that all such Services shall be performed by Contractor, or under Contractor's supervision, by persons authorized by law to perform such Services.

F. Admission Policy:

Admission policies for the Services shall be in writing and available to the public. Except to the extent that the Services are to be rendered to a specific population as described in the programs listed in Section 2 of Appendix A, such policies must include a provision that clients are accepted for care without discrimination on the basis of race, color, creed, religion, sex, age, national origin, ancestry, sexual orientation, gender identification, disability, or AIDS/HIV status.

G. San Francisco Residents Only:

Only San Francisco residents shall be treated under the terms of this Agreement. Exceptions must have the written approval of the Contract Administrator.

H. Grievance Procedure:

Contractor agrees to establish and maintain a written Client Grievance Procedure which shall include the following elements as well as others that may be appropriate to the Services: (1) the name or title of the person or persons authorized to make a determination regarding the grievance; (2) the opportunity for the aggrieved party to discuss the grievance with those who will be making the determination; and (3) the right of a client dissatisfied with the decision to ask for a review and recommendation from the community advisory board or planning council that has purview over the aggrieved service. Contractor shall provide a copy of this procedure, and any amendments thereto, to each client and to the Director of Public Health or his/her designated agent (hereinafter referred to as "DIRECTOR"). Those clients who do not receive direct Services will be provided a copy of this procedure upon request.

1 | Page July 1, 2015

I. Infection Control, Health and Safety:

- (1) Contractor must have a Bloodborne Pathogen (BBP) Exposure Control plan as defined in the California Code of Regulations, Title 8, Section 5193, Bloodborne Pathogens (http://www.dir.ca.gov/title8/5193.html), and demonstrate compliance with all requirements including, but not limited to, exposure determination, training, immunization, use of personal protective equipment and safe needle devices, maintenance of a sharps injury log, post-exposure medical evaluations, and recordkeeping.
- (2) Contractor must demonstrate personnel policies/procedures for protection of staff and clients from other communicable diseases prevalent in the population served. Such policies and procedures shall include, but not be limited to, work practices, personal protective equipment, staff/client Tuberculosis (TB) surveillance, training, etc.
- (3) Contractor must demonstrate personnel policies/procedures for Tuberculosis (TB) exposure control consistent with the Centers for Disease Control and Prevention (CDC) recommendations for health care facilities and based on the Francis J. Curry National Tuberculosis Center: Template for Clinic Settings, as appropriate.
- (4) Contractor is responsible for site conditions, equipment, health and safety of their employees, and all other persons who work or visit the job site.
- (5) Contractor shall assume liability for any and all work-related injuries/illnesses including infectious exposures such as BBP and TB and demonstrate appropriate policies and procedures for reporting such events and providing appropriate post-exposure medical management as required by State workers' compensation laws and regulations.
- (6) Contractor shall comply with all applicable Cal-OSHA standards including maintenance of the OSHA 300 Log of Work-Related Injuries and Illnesses.
- (7) Contractor assumes responsibility for procuring all medical equipment and supplies for use by their staff, including safe needle devices, and provides and documents all appropriate training.
- (8) Contractor shall demonstrate compliance with all state and local regulations with regard to handling and disposing of medical waste.

J. Aerosol Transmissible Disease Program, Health and Safety:

- (1) Contractor must have an Aerosol Transmissible Disease (ATD) Program as defined in the California Code of Regulations, Title 8, Section 5199, Aerosol Transmissible Diseases (http://www.dir.ca.gov/Title8/5199.html), and demonstrate compliance with all requirements including, but not limited to, exposure determination, screening procedures, source control measures, use of personal protective equipment, referral procedures, training, immunization, post-exposure medical evaluations/follow-up, and recordkeeping.
- (2) Contractor shall assume liability for any and all work-related injuries/illnesses including infectious exposures such as Aerosol Transmissible Disease and demonstrate appropriate policies and procedures for reporting such events and providing appropriate post-exposure medical management as required by State workers' compensation laws and regulations.
- (3) Contractor shall comply with all applicable Cal-OSHA standards including maintenance of the OSHA 300 Log of Work-Related Injuries and Illnesses.
- (4) Contractor assumes responsibility for procuring all medical equipment and supplies for use by their staff, including Personnel Protective Equipment such as respirators, and provides and documents all appropriate training.

K. Acknowledgment of Funding:

Contractor agrees to acknowledge the San Francisco Department of Public Health in any printed material or public announcement describing the San Francisco Department of Public Health-funded Services. Such documents or announcements shall contain a credit substantially as follows: "This program/service/activity/research project was funded through the Department of Public Health, City and County of San Francisco."

2 | P a g e July 1, 2015 Appendix A: CMS#6960

L. Client Fees and Third Party Revenue:

- (1) Fees required by Federal, state or City laws or regulations to be billed to the client, client's family, Medicare or insurance company, shall be determined in accordance with the client's ability to pay and in conformance with all applicable laws. Such fees shall approximate actual cost. No additional fees may be charged to the client or the client's family for the Services. Inability to pay shall not be the basis for denial of any Services provided under this Agreement.
- (2) Contractor agrees that revenues or fees received by Contractor related to Services performed and materials developed or distributed with funding under this Agreement shall be used to increase the gross program funding such that a greater number of persons may receive Services. Accordingly, these revenues and fees shall not be deducted by Contractor from its billing to the City, but will be settled during the provider's settlement process.

M. CBHS Electronic Health Records System

Treatment Service Providers use the CBHS Electronic Health Records System and follow data reporting procedures set forth by SFDPH Information Technology (IT), CBHS Quality Management and CBHS Program Administration.

N. Patients Rights:

All applicable Patients Rights laws and procedures shall be implemented.

O. Under-Utilization Reports:

For any quarter that CONTRACTOR maintains less than ninety percent (90%) of the total agreed upon units of service for any mode of service hereunder, CONTRACTOR shall immediately notify the Contract Administrator in writing and shall specify the number of underutilized units of service.

P Quality Improvement:

CONTRACTOR agrees to develop and implement a Quality Improvement Plan based on internal standards established by CONTRACTOR applicable to the SERVICES as follows:

- Staff evaluations completed on an annual basis.
- (2) Personnel policies and procedures in place, reviewed and updated annually.
- (3) Board Review of Quality Improvement Plan.

Q. Working Trial Balance with Year-End Cost Report

If CONTRACTOR is a Non-Hospital Provider as defined in the State of California Department of Mental Health Cost Reporting Data Collection Manual, it agrees to submit a working trial balance with the year-end cost report.

R. Harm Reduction

The program has a written internal Harm Reduction Policy that includes the guiding principles per Resolution # 10-00 810611 of the San Francisco Department of Public Health Commission.

S. Compliance with Community Behavioral Health Services Policies and Procedures

In the provision of SERVICES under CBHS contracts, CONTRACTOR shall follow all applicable policies and procedures established for contractors by CBHS, as applicable, and shall keep itself duly informed of such policies. Lack of knowledge of such policies and procedures shall not be an allowable reason for noncompliance.

T. Fire Clearance

Space owned, leased or operated by San Francisco Department of Public Health **providers**, including satellite sites, and used by CLIENTS or STAFF shall meet local fire codes. Providers shall undergo of fire safety inspections at least every three (3) years and documentation of fire safety, or corrections of any deficiencies, shall be made available to reviewers upon request."

3 | P a g e July 1, 2015 Appendix A: CMS#6960 U. <u>Clinics to Remain Open:</u> Outpatient clinics are part of the San Francisco Department of Public Health Community Behavioral Health Services (CBHS) Mental Health Services public safety net; as such, these clinics are to remain open to referrals from the CBHS Behavioral Health Access Center (BHAC), to individuals requesting services from the clinic directly, and to individuals being referred from institutional care. Clinics serving children, including comprehensive clinics, shall remain open to referrals from the 3632 unit and the Foster Care unit. Remaining open shall be in force for the duration of this Agreement. Payment for SERVICES provided under this Agreement may be withheld if an outpatient clinic does not remain open.

Remaining open shall include offering individuals being referred or requesting SERVICES appointments within 24-48 hours (1-2 working days) for the purpose of assessment and disposition/treatment planning, and for arranging appropriate dispositions.

In the event that the CONTRACTOR, following completion of an assessment, determines that it cannot provide treatment to a client meeting medical necessity criteria, CONTACTOR shall be responsible for the client until CONTRACTOR is able to secure appropriate services for the client.

CONTRACTOR acknowledges its understanding that failure to provide SERVICES in full as specified in Appendix A of this Agreement may result in immediate or future disallowance of payment for such SERVICES, in full or in part, and may also result in CONTRACTOR'S default or in termination of this Agreement.

2. Nature of Document:

□ New ☒ Renewal ☒ Amendment Two

3. Goal Statement:

Provide behavioral health services to Chicano/Latino adults and families eligible for the San Francisco Health Plan. Services are provided in a culturally and linguistically appropriate manner in order to assist recovery from the effects of mental illness and substance abuse, and to improve the individual's capacity to participate in his/her community.

4. Target Population:

The Clinic at IFR targets the Chicano/Latino community of San Francisco. The target population consists of men and women over the age of 18, and their families. Many are indigent, refugees, primarily monolingual (Spanish), and have limited ability to utilize services in English. Many of the people in the target population present with a history of psychological and social trauma, as well as substance abuse. Over 90% of people served live at or below the federal poverty level. All clients meet the criteria for medical necessity as determined by the policies of CBHS.

5. Modality(s)/Intervention(s):

Definition of Billable Services

Billable services include Mental Health Services in the following forms:

<u>Mental Health Services</u> - means those individual or group therapies and interventions that are designed to provide reduction of mental disability and improvement or maintenance of functioning consistent with the goals of learning, development, independent living and enhanced self-sufficiency and that are not provided as a component of adult residential services, crisis services, residential treatment services, crisis stabilization, day rehabilitation, or day treatment intensive. Service activities may include but are not limited to assessment, plan development, therapy, rehabilitation, and collateral.

1 | Page July 1, 2015 CMS#6960

Contractor: Instituto Familiar de la Razo

City Fiscal Year: 2015-2016

Assessment - means a service activity which may include a clinical analysis of the history and current status of a beneficiary's mental, emotional, or behavioral disorder, relevant cultural issues and history; diagnosis; and the use of testing procedures.

Collateral - means a service activity to a significant support person in a beneficiary's life with the intent of improving or maintaining the mental health of the beneficiary. The beneficiary may or may not be present for this service activity.

<u>Therapy</u> - means a service activity, which is a therapeutic intervention that focuses primarily on symptom reduction as a means to improve the functional impairments. Therapy may be delivered to an individual or group of beneficiaries and may include family therapy at which the beneficiary is present.

Medication Support Services - means services which include prescribing, administering, dispensing, and monitoring of psychiatric medications or biological which are necessary to alleviate the symptoms of mental illness. The services may include evaluation, of the need for medication, evaluation of clinical effectiveness and side effects, the obtaining of informed consent, medication education, and plan development related to the delivery of the services and/or assessment of the beneficiary.

<u>Crisis Intervention</u> - means a service, lasting less than 24 hours, to or on behalf of a beneficiary for a condition that requires more timely response than a regularly scheduled appointment. Service activities may include but are not limited to assessment, collateral, and therapy.

<u>Targeted Case Management</u> - means services that assist a beneficiary to access needed medical, educational, prevocational, vocational, rehabilitative, or other community service. The activities may include, but are not limited to, communication, coordination, and referral; monitoring service delivery to ensure beneficiary access to service and the service delivery system; monitoring of the beneficiary's progress; and plan development.

Low Threshold - This service is defined as activities for the purpose of encouraging those individuals in need of treatment to register and engage in services As well as linkage for clients to step down into community services/activities.

Please refer to exhibit B for Units of Service.

6. Methodology:

Direct client services

a. Outreach, Recruitment, Promotion, and Advertisement

IFR has a strong reputation in the community and receives a great number of referrals by clients who have received our service and refer friends and family and other community members. IFR also has long standing relationships with agencies and institutions in San Francisco (e.g., Mission Neighborhood Health Center, San Francisco general Hospital, S.F.U.S.D. and the Human Services Agency) that refer clients to our services. Whenever applicable, clients who are referred from inpatient services receive

2 | Page July 1, 2015 CMS#6960

City Fiscal Year: 2015-2016

a face-to-face contact from our staff while still in the hospital in order to provide successful linkage to outpatient level of care.

For clients with chronic and serious mental illness who have multiple and severe functional impairment such as residents in CBHS-funded board-and-care, IFR will work with the CBHS Placement Team to facilitate and provide coordinate care; case management, medication services, and counseling, both at the outpatient clinic and at the clients home placement. The BHS will develop strategies for meaningful activities whenever possible; if the client has family in the area, family therapy may be with the goal of strengthening relationships may be part of the services.

IFR has a long-standing policy to support and strengthen other agencies in San Francisco that responds to the Latino community by providing presentations, trainings, and information regarding culturally competent services.

Brochures describing the array of services including Behavioral Health Services, Psychiatric services and Case Management Services have been updated and are distributed to agencies in San Francisco and the Mission District.

b. Admission, Enrollment and/or Intake criteria and process

IFR will adhere to CBHS guidelines regarding assessment and treatment of indigent (uninsured) clients.

All requests for services are initially triaged by an Intake Specialist or the O.D (Officer of the Day) system. The IFR screening process confirms that clients have San Francisco residency, do not have private insurance and are low income. They are screened for eligibility to receive services with an alternative source of payment (e.g., Medi-Cal or private insurance). It is important to note that many clients seen by IFR are not eligible for Medi-Cal.

The Initial Risk Assessment (IRA) is conducted to determine the urgency for care, screen for substance abuse, and medical necessity. Clients that do not meet eligibility requirements are referred to intraagency resources or to appropriate outside service providers.

For all new intakes, an appointment for face-to-face contact will be offered within 1-2 working days of initial request. All clients who meet medical necessity will be assigned to Behavioral Health Specialist and a full plan of care will be developed within 30 days. If it is determined that clients need services beyond the initial 30 days, a request for authorization will be submitted to the PURQC committee for additional hours.

All clients are informed of their rights under CBHS and are given linguistically accurate documentation of their right to privacy in regard to HIPAA and their Client Rights, which includes obtaining client signature and providing them with a copy. Consent for Treatment or Participation is required and clients are provided with a copy of the signed form. They are also informed of the Grievance Procedure process, which is documented in the chart.

c. Service Delivery Model

IFR is located at 2919 Mission Street, in the heart of the Mission District, and is accessible by telephone at (415) 229-0500. Hours of operation are Monday through Friday, 9 a.m. to 5 p.m. and

3 | Page July 1, 2015 CMS#6960

Contractor: Instituto Familiar de la Raze

City Fiscal Year: 2015-2016

Saturdays from 9.00am to 2.00pm. Client emergencies are managed by the assigned psychotherapist, psychiatrist, Program Coordinator or by the scheduled Officer-of-the-Day (OD). This site meets minimum ADA requirements.

Coordinated Behavioral Health service delivery is based on a recovery model, varied psychosocial and alcohol abuse theories (such as CBT, Harm Reduction), psychodynamic and developmental theory) bicultural personality development and current best practices. This include utilization of family centered interventions, a coordinated, multidisciplinary team approach to provision of services, and the reinforcement of cultural strengths and identity, sensitivity to social factors and a commitment to assist clients in understanding and differentiating between social ills and personal problems.

Clients are assessed to identify behavioral health and substance abuse issues, their level of functioning, and the appropriateness of disposition to behavioral health and substance abuse services that may include case management, individual interventions, family therapy, psychiatric medication, or group services, and coordinated services with other agencies.

An ongoing group dealing with major depression and/or anxiety will be offered by IFR outpatient clinic.

The group will focus on psycho-education, adaptive coping mechanisms, identifying dysfunctional belief systems and replacing with an alternative belief, self-relaxation/visualization, and the development of a personal treatment plan of care.

Groups being offered by other IFR components can be accessed by Clinica clients. All group activities provide emotional support to members in order to maintain and reinforce the client's natural support system, reduce caretaker, and address the unique needs of Chicano/Latinos.

Cultural Affirmation Activities are a fundamental aspect of IFR's services. Cultural Affirmation Activities are defined as planned group events that enhance the cultural and spiritual identity of clients. These activities include: Tonanzin, Cuatemoc, Fiesta de Colores, Xilonen, Cinco de Mayo celebration, Indigenous Peoples Day, Immigrant Pride Day, Dia de los Muertos, Las Posadas, Latino Gay Night, Dia de las Madres and The Gay Pride Parade as well as other short-term interventions that focus on grief, loss, hope and inspiration using traditional interventions.

IFR has historically provided services to clients with dual-diagnosis of substance abuse using both Abstinence and Harm Reduction based models. Intervention approaches include a multidisciplinary staff that can provide an array of services, the inclusion of family and significant others, utilization of partnerships, community resources that will support recovery, as well as coordination with medical providers. In order to develop service capacity for dually diagnosed clients, we have focused on trainings for staff that includes harm reduction philosophy and cultural considerations.

The Clinic endorses a harm reduction and motivational approach to dual diagnosed clients and works proactively with other divisions within the Department of Public Health and community based partners and providers to ensure timely and coordinated efforts.

4 | Page July 1, 2015 CMS#6960

Contract Term: 07/01/15 - 06/30/16

City Fiscal Year: 2015-2016

IFR Outpatient clinic will increase referrals of clients to vocational rehabilitation programs that have language and cultural capacity. IFR will incorporate the Wellness and Recovery perspective into its services by providing training in the Recovery perspective to all behavioral health staff.

d. Program's Exit Criteria and Process

IFR's PURQC Committee provides oversight of client utilization to determine appropriate discharge/exit plans for clients no longer meeting medical necessity criteria. PURQC committee will consider such factors as: risk of harm, compliance, progress and status of Care Plan objectives, and the client's overall environment, to determine which clients can be stepped-down in service modality and frequency or discharged from services. Clients are often referred to other IFR or other community services to ensure their well-being. Part of the step down process includes linking clients with community organizations and services that can provide continued support and information of recourses available to promote clients well-being.

e. Program Staffing

Please see Exhibit B.

For Indirect Services

N/A

7. Objectives and Measurements:

a. Standardized Objectives

All objectives, and descriptions of how objectives will be measured, are contained in the CBHS document entitled Performance Objectives FY 15-16.

8. Continuous Quality Improvement:

Achievement of contract performance objectives:

IFR has developed the Program Utilization Review and Quality Committee (PURQC); through this system IFR monitors performance objectives as established by the Department of Public Health-Community Behavioral Health Services.

The monitoring of Performance objectives are integrated throughout the process of services provision and PURQC, through the monthly revision of active clients reports, periodic reviews of client improvement (PURQC), continuous revision of client activity during the 30-day initial period from case opening, and periodic charts review for ensuring documentation completion and quality. Based on the results of these monitoring processes, adjustments are made to individual cases as well as to the current systems.

Documentation quality, including a description of internal audits:

IFR has developed a comprehensive system for Continuous Quality Improvement that includes a Utilization Committee, individual and group supervision for all Behavioral Health staff, as well as training. All staff is given bi-monthly group supervision and weekly individual supervision to discuss client progress, treatment issues, and enhance skills in the areas of assessment, treatment development and clinical interventions. Trainings provided by CBHS that involve education on documentation guidelines as mandated by CBHS and the state of California as well as training on assessment instruments used as standard practice of care, are a requirement for all clinicians.

5 | Page July 1, 2015 CMS#6960

Contractor: Instituto Familiar de la Razo Contract Term: 07/01/15 - 06/30/16

City Fiscal Year: 2015-2016

The outpatient clinic has a Program Utilization Review and Quality Committee (PURQC) that convenes weekly to review charts for all documentation requirements; Assessments, Plans of Care and the Client Service Authorization (CSA) Request. Cases are submitted to PURQC for initial Authorization, Re-Authorization, the Assessment, POC/CSI Update is required to be submitted with the Authorization Request, the number of hours that are authorized for each client are determined by the Service Intensity Guidelines.

Medical records are reviewed within two months of opening and then once again at the annual anniversary date. Feedback is given to each clinician whose chart is up for review. Feedback includes items that are out of compliance and need immediate action. A deadline is provided as to when feedback must be addressed. The medical record is them reviewed once again to ensure compliance. Feedback is stored in the PURQC binder.

The PURQC Committee is composed of a multi-disciplinary staff that includes Marriage and Family Therapists, Social Workers, Psychologists and other agency support staff. The committee keeps a record of PURQC meetings.

Periodic Review of documentation is performed manually by support staff.

Cultural competency of staff and services:

The staffing pattern and collaborative efforts directly aim at being representative and reflective of the groups within the community IFR serves. IFR staff represents a multidisciplinary, multi-ethnic cadre of people who demonstrate high levels of immersion in the cultural values of the community, their life experiences (as immigrants, women, gay and lesbian, transgender, etc.) as well as a high level of professional training. Retention of qualified staff is enhanced by ongoing quality professional staff development and by a responsive Human Resources department.

Client Satisfaction:

An annual client satisfaction is performed every year as per CBHS requirements. Results are analyzed and changes are implemented if necessary.

Measurement, analysis, and use of CANS or ANSA data (Mental Health Programs Only) All clients will receive an Adult Needs and Strengths Assessment (ANSA) at entry to services, within one year an ANSA Reassessment, and on departure an (ANSA) Closing Summary. IFR will use ANSA data to inform the focus of Treatment Plans of Care and mental health interventions. Avatar reports and data provided by CBHS will be used for measurement and analysis of client services and effectiveness of treatment. IFR will participate in monthly ANSA SuperUser calls.

9. Required Language:

CBHS CYF-ECMHCI Required Language:

A. For CBHS CYF SOC ECMHCI: Contractor will adhere to all stipulated CBHS requirements for the completion of Site Agreements for each assigned program site and/or service setting. Contractor also will comply with all stipulations of content, timelines, ensuring standards of practice, and all reporting requirements as put forth by the CBHS ECMHCI SOC Program Manager and RFP-10-2013.

6 | Page July 1, 2015 CMS#6960

Contractor: Instituto Familiar de la Raz Inc

City Fiscal Year: 2015-2016

Appendix A-1 Contract Term: 07/01/15 - 06/30/16

B. Changes may occur to the composition of program sites during the contract year due to a variety of circumstances. Any such changes will be coordinated between the contractor and the CBHS ECMHCI SOC Program Manager and will not necessitate a modification to the Appendix-A target population table. Contractor is responsible for assigning mental health consultants to all program sites and for notifying the CBHS ECMHCI SOC Program Manager of any changes.

Program Code(s): N/A

2. Nature of Document:

☐ New

3. Goal Statement:

To implement a Behavioral Health and Primary Care Integration pilot project between IFR's adult outpatient IFR (La Clinica) and Mission Neighborhood Health Center' primary care clinic.

4. Target Population:

The Target population consists of adult patients identified by the primary care medical doctors and or delegated staff as necessitating mental health interventions to support medical adherence. This contract serves the general population served by Mission Neighborhood Health Centers and specifically targets patients who due to cultural and linguistic barriers do not fully comply with medical regime to ensure best health outcomes.

Modality(s)/Intervention(s):

Units of Service (UOS) Description	Units of Service	Number of Clients	Unduplicated Clients (UDC)
Behavioral Health Intervention and consultation to Primary Care clinic patients and staff at MNHC. Billable services consist of Encounters= 30 minutes, These services will be billed as Mode 45 and will be documented on paper rather than AVATAR. 35hrs x 65% x 1FTE x 44 wks=1001	1,001 (number of encounters)		197
Total UOS Delivered	1,001		
Total UDC Served			197

Services will be tracked manually reflecting the following:

1 | Page July 1, 2015 CMS#6960

Contractor: Instituto Familiar de la Razc

City Fiscal Year: 2015-2016

Contract Term: 07/01/15 - 06/30/16

Number of consultations

Number of patient contacts (one encounter= 30 minutes)

Number of referrals to specialty mental health (after 6 sessions)

6. Methodology:

Direct client services (e.g. case management, treatment, prevention activities)

Outreach/Recruitment:

The Behavioral Health Consultant (BHC) responds to referrals from members of Mission Neighborhood Health Center adult primary Care team.

Referral process:

- A member of the primary care team identifies patient that needs additional services
- A referral form is completed stating presenting issues
- Warm-hand-off of patient to BHC at an open slot time or schedule patient into a convenient appointment for same day or as soon as possible.

Intake Criteria:

The essential nature of the intervention is to treat and address mild to moderate symptoms/psychosocial concerns that interfere with the patient's level of functioning and /or ability to adhere to medical treatment.

Service Delivery Model:

All appointments are held at the primary care clinic (MNHC) to ensure follow-up. Each appointment is schedule for a minimum of thirty minutes, both drop-in and scheduled appointments. The main goal is for patients to be seen same-day. Patients that need more than 6 sessions will be referred to specialty mental health. Since this pilot program is a hybrid model, some of the encounters will be reserved to attend to clients who necessitate specialty mental health (these clients will meet medical necessity as per CBHS criteria.)

Some of the intervention include but are not necessarily limited to the following:

- Symptom/issue reduction
- •Risk management
- Crisis intervention
- Linkage and referral
- Substance abuse screening and referral
- Referral to specialty mental health
- Provision of specialty mental health

Discharge Planning and Exit Criteria and Process:

The basis for exit criteria is based on client's need, symptom reduction, and medical necessity.

Program Staffing:

Please refer to Appendix B.

Does not apply to this program.

B. Individualized Program Objectives

N/A

8. Continuous Quality Improvement:

Achievement of Contract Performance Objectives:

 Monthly reports of UOS will be submitted to Program Manager for monitoring performance objectives.

Quality of Documentation & Services:

- Review of client records: Client records will be kept at MNHC medical records which are in full compliance with HIPPA regulation.
- Review and updating of written policies and protocols and practices: protocols will be developed in coordination with the Primary Care clinic and review by IFR's program director and clinical supervisor.
- Clinical consultation and supervision plan: Staff will receive weekly clinical supervision and bi-weekly administrative supervision.
- Quality Assurance Committee: Behavioral Health Consultants will meet on a weekly basis to review compliance with both IFR and MNHC practice standards.
- Case conferences: Staff will participate of weekly case conferences at IFR as well as weekly case consultation with the mental health team at MNHC.

Cultural Competency:

Staff will be oriented and trained as to protocols and procedure existing at both IFR and MNHC
which. Staff will in addition attend regular training session at IFR and as appropriate at MNHC.
Cultural grounding is embedded in IFR trainings for staff and in the organizational culture.

Satisfaction with Services:

Client satisfaction is assessed by MNHC evaluation of services.

Completion and use of data:

Data managed by MNHC electronic system and access by BHS for ongoing assessment of clients.

9. Required Language:

CBHS CYF-ECMHCI Required Language:

□ New ☒ Renewal ☒ Amendment Two

3. Goal Statement:

The Indigena Health and Wellness Collaborative is a partnership between Instituto Familiar de La Raza and Asociación Mayab that has the goal of improving the health and wellbeing of Indigena immigrant families by increasing access to health and social services, supporting spiritual and cultural activities that promote community building, strengthening social networks of support, and providing opportunities for healing as well as creating opportunities for early identification and interventions in families struggling to overcome trauma, depression, addictions, and other health and mental health problems.

4. Target Population:

The target population for this project is Indigena immigrant families in San Francisco: comprised of mostly newly arrived young adults. The nearly 15,000 Maya-Yucatecos in San Francisco represent the largest and fastest growing Mayan immigrant community in the City. Other emerging Maya communities, including Mam and Quiché from Guatemala and Tzeltal and Chol from Chiapas account for an additional 4,000 to 6,000 more individuals.

Many of these individuals have relocated to the Mission (94110/94103) and Tenderloin Districts (94102) and to the Geary Boulevard and Clement Street (94115) corridors in recent years. For the vast majority of these immigrants, their native languages are their primary and preferred means of communication at work, home, and in many other community settings.

A survey conducted by Mayan students at San Francisco's City College in 2003 showed that the vast majority of Mayans were solo males between the ages of 14-35 years old and that many of them had immigrated to the US less than five years ago. In recent years, more and more Indigena women have come to San Francisco to join their partners, bringing with them their children.

5. Modality(s)/Intervention(s):

Outreach & Engagement

1 | Page July 1, 2015 CMS#6960

Contractor: Instituto Familiar de la Razc

City Fiscal Year: 2015-2016

CMS#: 6960

Contract Term: 07/01/15 - 06/30/16
Funding Source(s): MHSA

Indigena Health Promoters will provide outreach to the target population thorough the following activities: Distribution of materials in settings where the target population congregates including restaurants, sports events, day labor sites, etc. Outreach and Engagement activities will be street and venue-based.

IFR, Native American Health Center/Urban Trails SF (Powows) and Asociacion Mayab (Vaquerías and annual Carnaval) have wide and strong networks in the local Mayan/Indigenous communities that will also be used to distribute information and invite the community to participate in the activities planned by the programs.

400 Mayan/Indigenous individuals will participate in outreach and engagement activities and will be invited to attend Pro-Social Cultural Events, Mayan/Indigenous Ceremonies and small Psychosocial Support/Arts groups as well as individual/family Mental Health Services. They will be invited to community Health, Mental Health, social, school and Faith base services.

Screening and Assessment

These activities will be carried primarily by Health Promoters; they will conduct brief intake interviews and individual needs screening and assessments on drop-in clients. These activities will engage individuals and families in determining their own risks and needs (self-risk and needs assessments). It will also help them in designing a care plan, identifying individual and family strengths and tools within a cultural and spiritual framework to achieve their goals. Referrals will be provided as needed.

By the end of the current fiscal year, 100 individual participants will be screened and/or assessed for practical, emotional and mental health concerns using the "Information & Referral Form" administered by staff, and as evidenced by the "Summary of I&R" document located in "Units of Services" binder in the Program Manager's office.

Wellness Promotion Activities (WPA)

These activities are intended to provide support and opportunity for emotional and spiritual growth to participants by promoting healthy behaviors (e.g. coping mechanisms, mindfulness techniques) and emotional wellbeing through spiritual and/or traditional healing practices.

As part of the wellness promotion activities, Health Promoters will facilitate psychosocial peer support/talleres twice a week for 2 hours each for 46 weeks. The arts and crafts talleres are intended to decrease isolation and provide cultural enrichment to foster a sense of belonging and interdependence as well as being a space for offering health education, substance use/abuse and violence prevention workshops/messages.

Ceremonial, cultural/social enrichment gatherings will be also organized and/or sponsored by IHWC and will focus on providing opportunities for spiritual and emotional enrichment and healing to families and individuals.

An annual community forum will be organized, "Cultura y Bienestar", where Mayan/Indigenous participants will learn the meaning and effects of trauma, the impact in individual behavior and skills for coping and minimizing those effects in their everyday family life.

Wellness Promotion activities includes a component on Training and Coaching to 4 Mayan/Indigenous peer Consumers/Health Promotoras on providing emotional/practical support, listening skills, group-co-facilitation, cultural competence, best practices, systems navigation, documentation, interpretation and

health education presentations. Training, coaching, and supervision will be provided by the Mental Health Specialist as well as other clinical IFR staff. As part of this intervention, mental health promoters will participate in local and state workshops.

Individual and Group Therapeutic Services

The Mental Health Specialist will provide Short term Individual/Family/Group Therapeutic Services to Mayan/Indigenous individuals/clients to identify and address trauma/barriers to wellness (past and present traumas, substance abuse, domestic violence) and identifying individual and family strengths. Activities include screening and assessment, short-term crisis intervention, self-risk and needs assessments, health education risk reduction counseling and clinical case management. Clients/families in need of long-term mental health services will be linked to IFR's outpatient services and/or other appropriate settings for treatment, including psychiatric services and medication monitoring.

Service Linkage

The Case Manager will facilitate access to needed social and mental health services and treatment, linkage to traditional healers, practical skills building, emotional support, language interpretation and translation as well as systems navigation support as needed.

6. Methodology:

a. Outreach and Engagement:

Indigena Health Promotoras will provide outreach to the target population that includes the following activities; Distribution of materials in settings where the target population congregates including restaurants, sports events, day labor sites such as Cesar Chavez and Mission Dolores Church. Outreach and Engagement activities will be street and venue-based. Street outreach will target areas such as the Cesar Chavez Street corridor, Mission and 16th Streets, the Tenderloin, Geary Blvd corridors and Civic Center.

Venue based outreach is conducted by staff during IHWC group activities and at sports and cultural events organized by local Indigena organizations. Orientation to services for community basedagencies occurs at designated staff meeting and will be reinforced with a written description of the collaboration.

Contractor: Instituto Familiar de la Raz 'nc.

Appendix A-3

City Fiscal Year: 2015-2016

CMS#: 6960

Contract Term: 07/01/15 - 06/30/16

Funding Source(s): MHSA

IFR, Native American Health Center/Urban Trails SF and Asociacion Mayab have wide and strong networks in the local Mayan/Indigenous communities that will also be used to distribute information and invite the community to participate in the activities planned by the programs.

During Outreach and Engagement as well as Wellness Promotion Activities individuals of the target population and members of the community are invited and encouraged to attend the spiritual and cultural events as well as the small peer support groups/weekly talleres.

Mayan/Indigenous Ceremonies, cultural events, and community forums will serve as the port of entry for clients to access additional services at IFR and other agencies as needed. These events are open to all interested individuals, families and community at large, small weekly support groups are stand-alone sessions and are open for clients to come as often as they can.

b. Admission, Enrollment and Intake

Individuals and families in need of Mental Health services are referred to the Early Intervention Mental Health Specialist for intake and assessment at which time a treatment plan is agreed upon with client input. The Early Intervention/Mental Health Specialist will make appointments for Individual/family Therapeutic Services for at least 12-1hour sessions. If additional mental health services are needed, the Mental Health/Early Intervention Specialist will refer these individuals to IFR's outpatient clinic or other services as needed.

c. Program Service delivery model

Small and large group activities:

Small psychosocial support groups/Education Activities are twice a week on Wednesdays and Fridays from 10am to 12noon. These are stand-alone sessions on health topics for small groups of 5-10 participants and may include arts workshops such as embroidery and hammock making. These psychosocial peer support groups/Talleres will be co-facilitated by the Health Promotoras and are ongoing throughout the year. In addition to providing health education and information to participants the groups serve as venues for early identification of mental health services' needs. Promoters engage in brief encounters with clients to conduct a quick needs assessment and provide referrals to services as needed. Promoters are also responsible to assist those clients who need support accessing services (system navigation, interpretation and translation). Promoters have the support of the Early Intervention/Mental Health Specialist who is available as a resource and for consultation.

Large Group activities include ceremonies and cultural/traditional activities in the community like Dia de Los Muertos, Fiesta de Colores, Mayahuel, Año Nuevo Maya, Dia de las madres, Mother Earth, Water walk. Program staff supports these activities with materials and by reaching out to healers and community leaders to insert health messages during the ceremonies. Large group activities also include a community forum on trauma in which participants learn the meaning and effects of trauma and the impact in individual and collective behavior. Participants will also learn skills for coping and minimizing those effects in their everyday family life.

Small and Large group activities offer opportunities to recruit client for Individual and Family Therapeutic Services and to hand out program information and health/mental health resources and to provide information and referrals to other services as needed.

Individual/Family Therapeutic Services:

Individual/family interventions include Screening and Assessment, activities that will engage individuals and families in determining their own risks and needs (self-risk and needs assessments)

5 | Page July 1, 2015 CMS#6960

Contractor: Instituto Familiar de la Raz c. Appendix A-3

City Fiscal Year: 2015-2016

CMS#: 6960

and help them in designing a care plan, identifying individual and family strengths and tools within a cultural and spiritual framework to achieve their goals. It will also include Health Education and Risk Reduction counseling, short-term crisis intervention, clinical case management, and barriers to wellness (trauma, substance abuse, domestic violence).

Contract Term: 07/01/15 - 06/30/16

Funding Source(s): MHSA

If as a result of the services provided, clients/families are in need of long-term mental health services, they will be linked to IFR's outpatient services or other appropriate settings for treatment, including mental health services and psychiatric monitoring

The Early Intervention/Mental Health Specialist will provide Individual/Family Therapeutic services.

Training and Coaching:

Promotoras are peer employees/consumers who represent the target population and are involved in developing outreach strategies, materials and interventions. They are also fully integrated into agency wide cultural and spiritual events at IFR to build upon our understanding of the rich and diverse traditions of indigenous people of the North and South. The Promoters will continue to receive training on specific areas of health promotion and health topics affecting the Mayan/Indigena community, such as substance abuse, mental health, diabetes, chronic diseases and other emerging health needs and Social issues like domestic/family/community violence as well as health and healing through cultural activities and ceremonies. During this Fiscal Year, training and coaching for the promoters will focus on acquiring knowledge, skill and practice to provide emotional/practical support to individuals and families (listening skills, cultural competence, best practices, systems navigation).

Collaboration:

Written Memorandums of Understanding (MOU's) exist between IFR and (1) Asociacion Mayab, (2) Native American Health Center/Urban Trails Program, (3) San Francisco Unified School District. The MOU's detail administrative roles and responsibilities, collaborative schedule of activities and meetings, co-location of activities, financial agreements, reporting and documentation requirements, conflict resolution protocols and quality assurance guidelines based on scope of work across the collaborative.

Location of services:

Spiritual and Cultural events take place at available, appropriate and accessible locations in San Francisco.

Small groups/talleres, Individual/family therapeutic services, drop-in clients in crisis and/or in need of navigation receive services at 3012-16th St, suite 202, San Francisco, CA 94103. The office phone number is (415) 556-9800. The hours of operation are from 9am-5pm, Monday to Friday. Arrangements can be made for Evening hours and/or services at IFR's main office at 2919 Mission St, San Francisco, CA 94110 if needed.

d. Exit Criteria:

Clients receiving screening and assessment and individual/family therapy will stay in the program as needed and/or agreed upon during intake and/or upon successful linkage to appropriate services for those who need ongoing interventions. Exit criteria and/or discharge planning will only be developed for any appropriate mental health interventions.

Cultural events are open to all interested individuals and families; small weekly support groups are stand-alone sessions and are open for clients to come as often as they can.

e. Staffing

The program is staffed by professional, para-professional and Promotoras (peer health educators). The Program Manager (PM) is responsible for the administration, implementation and supervision of the program as well as the staff. The PM is responsible to, and supervised by the Executive Director of IFR.

The Mental Health Early Intervention Specialist provides Individual/Family Therapeutic services to the Mayan/Indigenous community and Case consultation to the Urban Trails Case Manager, as well as to the Promotoras. In addition, the Mental Health Specialist provides support with cultural events and presentations to the community throughout the year. The El Mental Health Specialist receives administrative supervision from the Program Manager and clinical supervision from an IFR licensed psychologist.

The part-time Case Manager will provide non-clinical case management services, facilitating referrals and successful linkages between mental health and social services. The Case Manager also supports in the preparation and facilitation of ceremonial/cultural activities.

The Health Promotoras co-facilitate the twice a week small peer support groups/talleres and are responsible for the outreach and engagement activities with the support of the staff. The Promotoras receive clinical consultation and mentoring from the Early Intervention/Mental Health Specialist, administrative support from the Senior Health Promotora, individual and administrative supervision from the Program Manager.

7. Objectives and Measurements:

a. Outreach & Engagement: Process Objectives:

- By the end of the current fiscal year, 400 individuals will participate in 5 group activities (Vaqueria, Carnaval, Health Fairs, powwows) as evidenced by Head Count forms stored in the "Units of Service" binder located in the Program Manager's (PM) office.
- By the end of the current fiscal year, 100 individuals will be contacted through outreach activities (street outreach, phone calls, home visits) as evidenced by Logs/Units of Service forms located in "Units of Service" binder located in PM office.

b. Screening & Assessment:

Process Objective:

 By the end of the current fiscal year, 100 individual participants will be screened and/or assessed for practical, emotional and mental health concerns using the "Information & Referral Form" administered by staff, and as evidenced by the "Summary of I&R" document located in "Units of Services" binder in PM office.

Outcome Objective:

 By the end of the current fiscal year, 60% will be referred internally for Individual/Group Therapy, Service Linkages/Case Management and/or Peer Psychosocial support/Talleres as evidenced by "I&R" forms stored in "Information & Referrals" binder located in PM office.

c. Wellness Promotion: Process Objective:

Contractor: Instituto Familiar de la Raz

City Fiscal Year: 2015-2016

CMS#: 6960

Contract Term: 07/01/15 - 06/30/16 Funding Source(s): MHSA

• By the end of the current fiscal year, 100 unduplicated clients will participate in small psychosocial peer support group/talleres, as evidenced by signatures on "Attendance Logs" stored in the "Units of Service" binder located in the PM and Billing offices.

Outcome Objective:

 By the end of the current fiscal year, 65% of individuals participating in the Psychosocial Peer Support groups/Talleres will increase or maintain social connectedness as measured by the "Holistic Wellness Social Connectedness Survey" (Questions 1 & 2), stored in "Program Evaluation" binder located in PM office.

d. Individual & Group Therapeutic Services: Process Objectives:

- By the end of the current fiscal year, 75 unduplicated clients will receive individual/family therapeutic services as evidenced in monthly "Therapeutic Services Tracking Form" stored in the "Units of Service" binder located in the PM and Billing offices.
- By the end of the current fiscal year, 75 individuals will have a stated goal and/or case/care plan
 as evidenced by random review of 10 charts at the end of fiscal year by Clinical Supervisor and
 documented in "M.H. Annual Monitoring Form" form stored in the "Evaluation Binder" binder located
 in the PM office.

Outcome Objectives:

 By the end of the current fiscal year, 75% of clients will complete at least one individual treatment goal as evidenced by random review of 10 charts at the end of fiscal year by Clinical Supervisor and documented in "M.H. Annual Monitoring Form" stored in the "Evaluation Binder" located in the PM's office. A short and long term goal tracking form will be placed in each client individual record/chart/file.

e. Service Linkage:

Process Objectives:

- By the end of the current fiscal year, 25 clients receiving non-clinical case management will be referred to behavioral health and/or social services as evidenced by random review of 10 Case Management charts at the end of fiscal year by Program Manager and documented in the "C.M. Annual Monitoring Form" stored in the "Evaluation Binder" located in the PM's office.
- By the end of the current fiscal year, 25 clients will have a written case/care plan evidenced by random review of 10 Case Management charts at the end of fiscal year by Program Manager and documented in the "C.M. Annual Monitoring Form" stored in the "Evaluation Binder" located in the PM's office.

Outcome Objectives:

At least 25 clients who receive non-clinical Case Management will achieve one case/care goal as
evidenced by random review of 10 Case Management charts at the end of fiscal year by Program
Manager and documented in the "C.M. Annual Monitoring Form" stored in the "Evaluation Binder"
located in the PM's office.

Evaluation of Objectives

Program Manager collects and submits UOS and UDC data on all clients. IFR complies with DPH policies and procedures for collecting and maintaining timely, complete, and accurate UDC and

8 | Page July 1, 2015 CMS#6960

Contractor: Instituto Familiar de la Raz 'nc. Appendix A-3

City Fiscal Year: 2015-2016

> service information in the Database. The deliverables will be consistent with the information that is submitted to the appropriate DPH Budget and Finance section on the "Monthly Statement of Deliverables and Invoice" form.

8. Continuous Quality Improvement:

Each staff member completes a monthly report of UOS, UDC and progress achieving goals, objectives and challenges encountered. Progress is also discussed during bi-weekly individual supervision. Program challenges are addressed during weekly stall meetings Monthly statistics are compiled and a written report is submitted to the Executive Director and the Fiscal Director

A Licensed Mental Health Specialist will provide support and supervision to the Mental Health Early Intervention Specialist. The MH/EIS will provide support and consultation to the Promotoras and the Senior Promotora and to the Urban Trails Case Manager with regard to the emotional and practical support aspects of his work and serve as a resource for crisis interventions. The MH/EIS will serve as a resource during weekly group consultation meetings. The Senior Promotora will provide administrative and logistic support to program staff. The Program Manager will provide direct supervision to the Promotoras, SP, UT Case Manager and administrative supervision to the EI/MHS and will coordinate training and curriculum development activities.

Maya Health Promotoras will receive continuing health education and training throughout the contract period. The Program Manager will be responsible for assessing training needs and coordinating these ongoing sessions of training, and ensure that Promotoras continue to be engaged in Wellness Promotion and referral activities according to their capacity and skill level. Promotoras will be supervised and supported by a MH/EIS weekly (in groups) and individual case supervision, consultation and support.

A client satisfaction survey will be developed and administered to a minimum of 35% of the Mayan/indigenous community members participating in the IHWC activities in FY 15-16.

HIPAA Compliance Procedures:

DPH Privacy Policy is integrated in the contractor's governing policies and procedures regarding patient privacy and confidentiality. The Executive Director will ensure that the policy and procedures as outlined in the DPH Privacy Policy have been adopted, approved, and implemented.

- A. All staff who handles patient health information is trained (including new hires) and annually updated in the agency privacy/confidentiality policies and procedures. The Program Manager will ensure that documentation shows that all staff has been trained.
- B. The contractor's Privacy Notice is written and provided to all clients served by the organization in their native language. If the document is not available in the client's relevant language, verbal translation is provided. The Clinical Supervisor will ensure that documentation is in the patient's chart, at the time of the chart review, that the patient was "notified."
- C. A Summary of the above Privacy Notice is posted and visible in registration and common areas of the organization. The Program Manager will ensure the presence and visibility of posting in said areas.
- D. Each disclosure of a client's health information for the purposes other than treatment, payment, or operations is documented. The Clinical Supervisor will ensure that documentation is in the client's chart, at the time of the chart review. Authorization for disclosure of a client's health information is obtained prior to release: (1) to provider outside the DPH Safety Net; or (2) from a substance abuse

2. Nature of Document:

□ New ☒ Renewal ☒ Amendment Two

3. Goal Statement:

Instituto Familiar de la Raza will provide outpatient behavioral health care services to Chicano/Latino children, youth, and families eligible for the San Francisco Mental Health Plan in a culturally and linguistically appropriate manner.

4. Target Population:

Services will be provided for Chicano/Latino children/youth under the age of 21 who meet medical necessity for specialty behavioral health services. We serve children, youth, and families who are residents in San Francisco; specifically, those who live in the Mission District and do not have full scope medical.

Latino children and youth face high levels of stressors; poverty, language barriers, unstable housing and homelessness, lack of health care benefits, cultural and racial discrimination and the current anti-immigrant sentiments. Latino youth are more likely to drop out of school, and report depression and anxiety. In a national survey of high school students, Hispanic adolescents reported more suicidal ideation and attempts proportionally higher than non-Latino whites and African Americans.

Latinos face unique social, educational, cultural, and linguistic barriers to access behavioral health services. Lack of bilingual/bicultural mental health providers constitutes a major obstacle to providing effective treatment once services are sought. The importance of integrating cultural norms, values, beliefs and practices that are accepted with the diverse Latino community underscore the importance of providing culturally proficient models of services.

5. Modality(s)/Intervention(s):

<u>Modalities and Definition of Billable Services</u>
Billable services include Mental Health Services in the following forms:

1 | Page July 1, 2015 CMS#6960

Appendix A-4a,

Contract Term: 07/01/15 - 06/30/16

Contractor: Instituto Familiar de la Razi

City Fiscal Year: 2015-2016

Mental Health Services - means those individual or group therapies and interventions that are designed to provide reduction of mental disability and improvement or maintenance of functioning consistent with the goals of learning, development, independent living and enhanced self-sufficiency and that are not provided as a component of children residential services, crisis services, residential treatment services, crisis stabilization, day rehabilitation, or day treatment intensive. Service activities may include but are not limited to assessment, plan development, therapy, rehabilitation, and collateral.

<u>Assessment - means a service activity which may include a clinical analysis of the history and current status of a beneficiary's mental, emotional, or behavioral disorder, relevant cultural issues and history; diagnosis; and the use of testing procedures.</u>

<u>Collateral</u> - means a service activity to a significant support person in the beneficiary's life with the intent of improving or maintaining the mental health of the beneficiary. The beneficiary may or may not be present for this service activity.

<u>Therapy</u> - means a service activity which is a therapeutic intervention that focuses primarily on symptom reduction as a means to improve the functional impairments. Therapy may be delivered to an individual or group of beneficiaries and may include family therapy at which the beneficiary is present.

<u>Crisis Intervention</u> - means a service, lasting less than 24 hours, to or on behalf of a beneficiary for a condition that requires more timely response than a regularly scheduled appointment. Service activities may include but are not limited to assessment, collateral, and therapy.

<u>Targeted Case Management</u> - means services that assist a beneficiary to access needed medical, educational, prevocational, vocational, rehabilitative, or other community service. The activities may include, but are not limited to, communication, coordination, and referral; monitoring service delivery to ensure beneficiary access to service and the service delivery system; monitoring of the beneficiary's progress; and plan development.

Outreach Services/Consultation - Services are activities and projects directed toward 1) strengthening individuals' and communities' skills and abilities to cope with stressful life situations before the onset of such events, 2) enhancing and/or expanding agencies' or organizations' mental health knowledge and skills in relation to the community-at-large or special population groups, 3) strengthening individuals' coping skills and abilities during a stressful life situation through short-term intervention and 4) enhancing or expanding knowledge and skill of human services agency staff to handle the mental health problems of particular clients.

6. Methodology:

For direct client services (e.g. case management, treatment, prevention activities)

A. Outreach, recruitment, promotion, and advertisement

IFR has a 36 year presence in the Latino community of San Francisco thus; current and past clients refer their family and friends. IFR is recognized as a culturally competent agency serving Latinos and receives many referrals from organizations and agencies in San Francisco. IFR has long standing

2 | Page July 1, 2015 CMS#6960

City Fiscal Year: 2015-2016

Contract Term: 07/01/15 - 06/30/16

relationships with agencies and institutions that serve Latino youth and who provide linkages to mental health services (e.g., Mission Neighborhood Health Center, San Francisco General Hospital, S.F.U.S.D., J.J.C., and the Human Services Agency).

Brochures describing the array of services including behavioral health services, psychiatric services and case management are distributed to agencies in and around the Mission District.

B. Program's admission, enrollment and/or intake criteria and process where applicable.

Each client gets a screening for co-occurring disorder and an assessment using the CBHS-CYF-SOC form to establish medical necessity for specialty mental health services

The IFR screening process confirms that clients have San Francisco residency, do not have private insurance and are low income; clients are screened for eligibility to receive services with an alternative source of payment (e.g. Medi-Cal or private insurance). Clients that do not meet eligibility requirements are referred to intra-agency resources (e.g., Family Resource Services which provides services to uninsured families with children under 5 years-old and Cultura Cura which serves youths and families who have had difficulties with law enforcement institutions), or to appropriate partner agencies and/or outside service providers.

For all new intakes, an appointment for face-to face contact will be offered within 1-2 working days of initial request. All clients who meet medical necessity for specialty behavioral health and substance abuse services will be assigned to a Behavioral Health Specialist and a full plan of care will be developed within 30 days. If it is determined that clients need services beyond the initial 30 days, a request for authorization will be submitted to the PURQC committee for additional hours.

All clients are informed of their rights under CBHS in a linguistically accurate manner and provided with documentation of their right to privacy in regards to HIPAA as well as a review of their Client Rights, which includes obtaining client signature and providing a copy to them. Consent for Treatment or Participation is also required and clients are provided with a copy of the signed form. They are also informed of the Grievance Procedure process, which is documented in the chart.

C. Service Delivery Model

Behavioral Health service delivery is based on Recovery and varied Behavioral Health Substance Abuse theories, bicultural personality development, Harm Reduction, current best practices and evidence based interventions. These include utilization of family/ child centered interventions, a multidisciplinary, coordinated team approach to provision of services, and the reinforcement of cultural strengths and identity, sensitivity to social factors and a commitment to assist clients in understanding and differentiating between social ills and personal problems.

Coordinated services are primarily provided at IFR; however, the team also provides services in clients' homes, schools, and other sites that are convenient to clients. IFR is geographically and physically accessible to clients by MUNI and BART public transportation. The program is accessible by telephone at (415) 229-0500. Hours of operation are Monday through Friday, 9 a.m. to 7 p.m. and Saturdays, by appointment. Client's emergencies are managed by the assigned Behavioral Health Specialist, psychiatrist, Program Manager or by the scheduled Officer-of-the-Day (OD). This site meets minimum ADA requirements.

Contractor: Instituto Familiar de la Raza

City Fiscal Year: 2015-2016

Contract Term: 07/01/15 - 06/30/16

As a comprehensive clinic serving children, youth and adults, IFR is in a unique position to provide innovative services to Latino/Chicano families through creative approaches in the context of community that reinforces cultural strengths and identity. IFR is a critical point of access into the public health system for families with children who are in need of comprehensive behavioral health services.

In collaboration with community and partner agencies, and other IFR programs, children and their families are able to access a wide spectrum of services. IFR is the lead agency for the Latino Family Resource System, a collaboration of five community agencies in the Mission District. Through this collaboration IFR is able to provide case management, advocacy and behavioral health services for clients referred by Human Services Agency, including clients that are registered in the CBHS and CYF system of care. Over the years IFR has established strong links with the Human Services Agency and the San Francisco Family Court system, we provide consultation to the department as well as services, which places us in a strong position to advocate for our community and clients.

Service approaches include utilization of family and significant others in the process of intervention, a coordinated multidisciplinary team approach to the provision of services, reinforcement of cultural strengths and identity, sensitivity to social factors and a commitment to assist clients in understanding and differentiating between social ills and personal problems, program flexibility in how and where services are delivered in order to serve the behavioral health needs of the community.

Psychiatrist Consultations are professional services rendered by the psychiatrist to clients who present psychiatric symptoms that compromise adaptive function, impacting self-care and involvement in the community and augmenting risk behaviors. A Psychiatric Consultation involves, psychosocial evaluation, history taking and mental status examination leading to possible prescription and monitoring of medication. IFR has an agreement with Mission Children, Youth and Family Service for IFR to access psychiatric services through their program. IFR will request parental consent to refer child to Medication Services and will accompany the family to every psychiatrist appointment. Mental Health Behaviorist will monitor compliance and other issues, important changes in clients' mental status and will consult and provide feedback to prescribing psychiatrist. Mission Children services will bill for services provided by their staff psychiatrist to their program.

IFR has historically provided services to clients with dual-diagnosis of substance abuse using both Abstinence and Harm Reduction based models. Intervention approaches include a multidisciplinary staff, the inclusion of family and significant others, utilization of community resources that will support recovery, as well as coordination with medical providers. In order to develop service capacity for dual diagnosed clients we have focused on training for staff that includes harm reduction philosophy. IFR has adopted CRAAFT and AADIS screening tool to determine client needs for substance abuse services.

Adjunct Services:

As part of IFR's program design, Cultural Affirmation Activities are a fundamental aspect of IFR's services. Cultural Affirmation Activities are defined as planned group events that enhance the cultural and spiritual identity of clients. These activities include: Tonanzin, Cuatemoc, Fiesta de Colores, Xilonen, Cinco de Mayo celebration, Indigenous Peoples Day, Immigrant Pride Day, Dia de los Muertos, Las Posadas, Latino Gay Night, Dia de las Madres, and The Gay Pride Parade as well

Contractor: Instituto Familiar de la Ra City Fiscal Year: 2015-2016

techniques.

as other short-term interventions that focus on grief, loss, hope, and inspiration using traditional

D. Exit Criteria and Process

Because of limited and shrinking behavioral health and substance abuse resources, coupled with the need to immediately serve many new acute clients coming in the front door, IFR will consistently apply utilization review and discharge/exit criteria to alleviate increasing caseload pressure and to prioritize services to those most in need. Behavioral Health Specialist will use CANS as a tool to measure clients' progress and consider such factors as: risk of harm, compliance, progress and status of Care Plan objectives and the client's overall environment, to determine which clients can be discharged from MHSA/CBHS services. CANS profiles and case reevaluations by the PURQC committee are integrated into the exit process.

IFR Outpatient clinic will make referrals of clients to appropriate community-based programs such as after school programs, to solidify gains made in outpatient services.

E. Program Staffing

See Appendix B.

Indirect Services

Indirect Services (Outreach) will be provided through collaborations with community organizations, such as Mission Neighborhood Health Center, Tree House, and two identified schools, as well as families that come to IFR to request services for their children. At times that the identified client does not meet full criteria for services but would benefit from screening, case management and triage.

7. Objectives and Measurements:

A. Required Objectives

All objectives, and descriptions of how objectives will be measured, are contained in the CBHS document entitled <u>Performance Objectives FY 15-16</u>.

B. Individualized Program Objectives

IFR outpatient will engage in a number of activities enhancement staff's capacity to deliver mental health services in accordance with CBHS integration objectives:

- Staff will participate in all relevant CBHS trainings, particularly as it relates to compliance issues.
- 100% of registered children and youth will be screened for health coverage eligibility (Medi-Cal, Healthy San Francisco, etc.) and referred to enrollment sites. Clients will be tracked monthly Through Avatar reports to determine if they have successfully accessed benefits. Behaviorist Health specialist will be informed of status for follow-up and clinic manager will work with support staff to determine compliance.

Evaluation of Individualized Objectives:

IFR will review the Uninsured Client Report on a weekly basis.

5 | Page July 1, 2015 CMS#6960

Contractor: Instituto Familiar de la Raza

Appendix A-4a

City Fiscal Year: 2015-2016 Contract Term: 07/01/15 - 06/30/16

• The front desk will use the swipe and internet access to Medi-Caid to determine clients' status and eligibility.

- At Intake, client will be reviewed for insurance status and be provided with information and location where they register.
- Support staff will assist client to fill out paperwork and direct client to appropriate registration site.
- We will provide hard copy material regarding the insurance services available, waiting for Spanish Language availability.

8. Continuous Quality Improvement:

Achievement of contract performance objectives:

IFR has developed the Program Utilization Review and Quality Committee (PURQC); through this system IFR monitors performance objectives as established by the Department of Public Health-Community Behavioral Health Services.

The monitoring of Performance objectives are integrated throughout the process of services provision and PURQC, through the monthly revision of active clients reports, periodic reviews of client improvement (PURQC), continuous revision of client activity during the 30-day initial period from case opening, and periodic charts review for ensuring documentation completion and quality. Based on the results of these monitoring processes, adjustments are made to individual cases as well as to the current systems.

Documentation quality, including a description of internal audits:

IFR has developed a comprehensive system for Continuous Quality Improvement that includes a Utilization Committee, individual and group supervision for all Behavioral Health staff, as well as training. All staff is given bi-monthly group supervision and weekly individual supervision to discuss client progress, treatment issues, and enhance skills in the areas of assessment, treatment development and clinical interventions. Trainings provided by CBHS that involve education on documentation guidelines as mandated by CBHS and the state of California as well as training on assessment instruments used as standard practice of care, are a requirement for all clinicians.

The outpatient clinic has a Program Utilization Review and Quality Committee (PURQC) that convenes weekly to review charts for all documentation requirements; Assessments, Plans of Care and the Client Service Authorization (CSA) Request. Cases are submitted to PURQC for initial Authorization, Re-Authorization, the Assessment, POC/CSI Update is required to be submitted with the Authorization Request, the number of hours that are authorized for each client are determined by the Service Intensity Guidelines.

Medical records are reviewed within two months of opening and then once again at the annual anniversary date. Feedback is given to each clinician whose chart is up for review. Feedback includes items that are out of compliance and need immediate action. A deadline is provided as to when feedback must be addressed. The medical record is them reviewed once again to ensure compliance. Feedback is stored in the PURQC binder.

Appendix A-4a

City Fiscal Year: 2015-2016 Contract Term: 07/01/15 - 06/30/16

The PURQC Committee is composed of a multi-disciplinary staff that includes Marriage and Family Therapists, Social Workers, Psychologists and other agency support staff. The committee keeps a record of PURQC meetings.

Periodic Review of documentation is performed manually by support staff.

Cultural competency of staff and services:

The staffing pattern and collaborative efforts directly aim at being representative and reflective of the groups within the community IFR serves. IFR staff represents a multidisciplinary, multi-ethnic cadre of people who demonstrate high levels of immersion in the cultural values of the community, their life experiences (as immigrants, women, gay and lesbian, transgender, etc.) as well as a high level of professional training. Retention of qualified staff is enhanced by ongoing quality professional staff development and by a responsive Human Resources department.

Client Satisfaction:

An annual client satisfaction is performed every year as per CBHS requirements. Results are analyzed and changes are implemented if necessary.

Measurement, analysis, and use of CANS or ANSA data (Mental Health Programs Only)

All clients will receive an Adult Needs and Strengths Assessment (ANSA) at entry to services, within one year an ANSA Reassessment, and on departure an (ANSA) Closing Summary. IFR will use ANSA data to inform the focus of Treatment Plans of Care and mental health interventions.

Avatar reports and data provided by CBHS will be used for measurement and analysis of client services and effectiveness of treatment. IFR will participate in monthly ANSA SuperUser calls.

9. Required Language:

CBHS CYF-ECMHCI Required Language:

- A. For CBHS CYF SOC ECMHCI: Contractor will adhere to all stipulated CBHS requirements for the completion of Site Agreements for each assigned program site and/or service setting. Contractor also will comply with all stipulations of content, timelines, ensuring standards of practice, and all reporting requirements as put forth by the CBHS ECMHCI SOC Program Manager and RFP-10-2013.
- B. Changes may occur to the composition of program sites during the contract year due to a variety of circumstances. Any such changes will be coordinated between the contractor and the CBHS ECMHCI SOC Program Manager and will not necessitate a modification to the Appendix-A target population table. Contractor is responsible for assigning mental health consultants to all program sites and for notifying the CBHS ECMHCI SOC Program Manager of any changes.

2. Nature of Document:

3. Goal Statement:

Instituto Familiar de la Raza will provide outpatient behavioral health care services to Chicano/Latino children, youth, and families eligible for the San Francisco Mental Health Plan in a culturally and linguistically appropriate manner.

4. Target Population:

Services will be provided for Chicano/Latino children/youth under the age of 21 who meet medical necessity for specialty behavioral health services. We serve children, youth, and families who are residents in San Francisco; specifically, those who live in the Mission District and have full scope medical.

Latino children and youth face high levels of stressors; poverty, language barriers, unstable housing and homelessness, lack of health care benefits, cultural and racial discrimination and the current anti-immigrant sentiments. Latino youth are more likely to drop out of school, and report depression and anxiety. In a national survey of high school students, Hispanic adolescents reported more suicidal ideation and attempts proportionally higher than non-Latino whites and African Americans.

Latinos face unique social, educational, cultural, and linguistic barriers to access behavioral health services. Lack of bilingual/bicultural mental health providers constitutes a major obstacle to providing effective treatment once services are sought. The importance of integrating cultural norms, values, beliefs and practices that are accepted with the diverse Latino community underscore the importance of providing culturally proficient models of services.

Modality(s)/Intervention(s):

Modalities and Definition of Billable Services

Billable services include Mental Health Services in the following forms:

<u>Mental Health Services</u> - means those individual or group therapies and interventions that are designed to provide reduction of mental disability and improvement or maintenance of functioning consistent with the goals of learning, development, independent living and enhanced self-sufficiency and that are not

Contractor: Instituto Familiar de la Razc

City Fiscal Year: 2015-2016

Contract Term: 07/01/15 - 06/30/16

provided as a component of children residential services, crisis services, residential treatment services, crisis stabilization, day rehabilitation, or day treatment intensive. Service activities may include but are not limited to assessment, plan development, therapy, rehabilitation, and collateral.

<u>Assessment</u> - means a service activity which may include a clinical analysis of the history and current status of a beneficiary's mental, emotional, or behavioral disorder, relevant cultural issues and history; diagnosis; and the use of testing procedures.

<u>Collateral</u> - means a service activity to a significant support person in the beneficiary's life with the intent of improving or maintaining the mental health of the beneficiary. The beneficiary may or may not be present for this service activity.

<u>Therapy</u> - means a service activity which is a therapeutic intervention that focuses primarily on symptom reduction as a means to improve the functional impairments. Therapy may be delivered to an individual or group of beneficiaries and may include family therapy at which the beneficiary is present.

<u>Crisis Intervention</u> - means a service, lasting less than 24 hours, to or on behalf of a beneficiary for a condition that requires more timely response than a regularly scheduled appointment. Service activities may include but are not limited to assessment, collateral, and therapy.

<u>Targeted Case Management - means services that assist a beneficiary to access needed medical, educational, prevocational, vocational, rehabilitative, or other community service. The activities may include, but are not limited to, communication, coordination, and referral; monitoring service delivery to ensure beneficiary access to service and the service delivery system; monitoring of the beneficiary's progress; and plan development.</u>

Outreach Services/Consultation - Services are activities and projects directed toward 1) strengthening individuals' and communities' skills and abilities to cope with stressful life situations before the onset of such events, 2) enhancing and/or expanding agencies' or organizations' mental health knowledge and skills in relation to the community-at-large or special population groups, 3) strengthening individuals' coping skills and abilities during a stressful life situation through short-term intervention and 4) enhancing or expanding knowledge and skill of human services agency staff to handle the mental health problems of particular clients.

6. Methodology:

For direct client services (e.g. case management, treatment, prevention activities)

A. Outreach, recruitment, promotion, and advertisement

IFR has a 36 year presence in the Latino community of San Francisco thus; current and past clients refer their family and friends. IFR is recognized as a culturally competent agency serving Latinos and receives many referrals from organizations and agencies in San Francisco. IFR has long standing relationships with agencies and institutions that serve Latino youth and who provide linkages to mental health services (e.g., Mission Neighborhood Health Center, San Francisco General Hospital, S.F.U.S.D., J.J.C., and the Human Services Agency).

Brochures describing the array of services including behavioral health services, psychiatric services and case management are distributed to agencies in and around the Mission District.

Contractor: Instituto Familiar de la Raza Inc.

City Fiscal Year: 2015-2016

B. Program's admission, enrollment and/or intake criteria and process where applicable.

Each client gets a screening for co-occurring disorder and an assessment using the CBHS-CYF-SOC form to establish medical necessity for specialty mental health services

The IFR screening process confirms that clients have San Francisco residency, do not have private insurance and are low income; clients are screened for eligibility to receive services with an alternative source of payment (e.g. Medi-Cal or private insurance). Clients that do not meet eligibility requirements are referred to intra-agency resources (e.g., Family Resource Services which provides services to uninsured families with children under 5 years-old and Cultura Cura which serves youths and families who have had difficulties with law enforcement institutions), or to appropriate partner agencies and/or outside service providers.

For all new intakes, an appointment for face-to face contact will be offered within 1-2 working days of initial request. All clients who meet medical necessity for specialty behavioral health and substance abuse services will be assigned to a Behavioral Health Specialist and a full plan of care will be developed within 30 days. If it is determined that clients need services beyond the initial 30 days, a request for authorization will be submitted to the PURQC committee for additional hours.

All clients are informed of their rights under CBHS in a linguistically accurate manner and provided with documentation of their right to privacy in regards to HIPAA as well as a review of their Client Rights, which includes obtaining client signature and providing a copy to them. Consent for Treatment or Participation is also required and clients are provided with a copy of the signed form. They are also informed of the Grievance Procedure process, which is documented in the chart.

C. Service Delivery Model

Behavioral Health service delivery is based on Recovery and varied Behavioral Health Substance Abuse theories, bicultural personality development, Harm Reduction, current best practices and evidence based interventions. These include utilization of family/child centered interventions, a multidisciplinary, coordinated team approach to provision of services, and the reinforcement of cultural strengths and identity, sensitivity to social factors and a commitment to assist clients in understanding and differentiating between social ills and personal problems.

Coordinated services are primarily provided at IFR; however, the team also provides services in clients' homes, schools, and other sites that are convenient to clients. IFR is geographically and physically accessible to clients by MUNI and BART public transportation. The program is accessible by telephone at (415) 229-0500. Hours of operation are Monday through Friday, 9 a.m. to 7 p.m. and Saturdays, by appointment. Client's emergencies are managed by the assigned Behavioral Health Specialist, psychiatrist, Program Manager or by the scheduled Officer-of-the-Day (OD). This site meets minimum ADA requirements.

As a comprehensive clinic serving children, youth and adults, IFR is in a unique position to provide innovative services to Latino/Chicano families through creative approaches in the context of community that reinforces cultural strengths and identity. IFR is a critical point of access into the public health system for families with children who are in need of comprehensive behavioral health services.

Contract Term: 07/01/15 - 06/30/16

Contractor: Instituto Familiar de la Raze

City Fiscal Year: 2015-2016

In collaboration with community and partner agencies, and other IFR programs, children and their families are able to access a wide spectrum of services. IFR is the lead agency for the Latino Family Resource System, a collaboration of five community agencies in the Mission District. 'Through this collaboration IFR is able to provide case management, advocacy and behavioral health services for clients referred by Human Services Agency, including clients that are registered in the CBHS and CYF system of care. Over the years IFR has established strong links with the Human Services Agency and the San Francisco Family Court system, we provide consultation to the department as well as services, which places us in a strong position to advocate for our community and clients.

Service approaches include utilization of family and significant others in the process of intervention, a coordinated multidisciplinary team approach to the provision of services, reinforcement of cultural strengths and identity, sensitivity to social factors and a commitment to assist clients in understanding and differentiating between social ills and personal problems, program flexibility in how and where services are delivered in order to serve the behavioral health needs of the community.

Psychiatrist Consultations are professional services rendered by the psychiatrist to clients who present psychiatric symptoms that compromise adaptive function, impacting self-care and involvement in the community and augmenting risk behaviors. A Psychiatric Consultation involves, psychosocial evaluation, history taking and mental status examination leading to possible prescription and monitoring of medication. IFR has an agreement with Mission Children, Youth and Family Service for IFR to access psychiatric services through their program. IFR will request parental consent to refer child to Medication Services and will accompany the family to every psychiatrist appointment. Mental Health Behaviorist will monitor compliance and other issues, important changes in clients' mental status and will consult and provide feedback to prescribing psychiatrist. Mission Children services will bill for services provided by their staff psychiatrist to their program.

IFR has historically provided services to clients with dual-diagnosis of substance abuse using both Abstinence and Harm Reduction based models. Intervention approaches include a multidisciplinary staff, the inclusion of family and significant others, utilization of community resources that will support recovery, as well as coordination with medical providers. In order to develop service capacity for dual diagnosed clients we have focused on training for staff that includes harm reduction philosophy. IFR has adopted CRAAFT and AADIS screening tool to determine client needs for substance abuse services.

Adjunct Services:

As part of IFR's program design, Cultural Affirmation Activities are a fundamental aspect of IFR's services. Cultural Affirmation Activities are defined as planned group events that enhance the cultural and spiritual identity of clients. These activities include: Tonanzin, Cuatemoc, Fiesta de Colores, Xilonen, Cinco de Mayo celebration, Indigenous Peoples Day, Immigrant Pride Day, Dia de los Muertos, Las Posadas, Latino Gay Night, Dia de las Madres, and The Gay Pride Parade as well as other short-term interventions that focus on grief, loss, hope, and inspiration using traditional techniques.

D. Exit Criteria and Process

Because of limited and shrinking behavioral health and substance abuse resources, coupled with the need to immediately serve many new acute clients coming in the front door, IFR will consistently apply utilization review and discharge/exit criteria to alleviate increasing caseload pressure and to prioritize services to those most in need. Behavioral Health Specialist will use CANS as a tool to measure clients' progress and consider such factors as: risk of harm, compliance, progress and status

Program Code(s): 3818(2)

2. Nature of Document:

3. Goal Statement:

The IFR Early Intervention Program (EIP) will provide comprehensive mental health consultation services to 24 center-based childcare sites (including one MHSA funded childcare center), two family resource centers, and approximately 40 Latina family childcare providers for fiscal year 2015-2016. The program will also open EPSDT charts on 6 children, ages 0-5 years old.

The goals of the Program are to: 1) Maximize the opportunities for healthy social and emotional development for young children ages 0-5 years, enrolled in full-day and part-day child care programs in the Mission, Outer Mission, and Bay View Districts; 2) Improve the capacity for family resource center staff and family child care providers to provide culturally and developmentally appropriate environments for young children (ages 0-5 years); 3) Improve the capacity and skills of care providers (teachers and staff) to respond to the social emotional needs of young children, ages 0-5; and 4) Improve the capacity and skills of parents to foster healthy social and emotional development in their children aged 0-5 years. 5) Enhance coordination with other quality improvement initiatives in effort to align service delivery strategies.

4. Target Population:

The target population is at-risk children and families enrolled in 24 center-based preschool childcare site, 40 Latina family child care providers who are part of the FCCQN, and two family resource centers in the Mission, Bay View, and Outer Mission Districts. Centers to be served include all ten Mission Neighborhood Center Head Start sites: Valencia Gardens, Women's Building, Stevenson, Capp Street, 24th Street, Bernal Dwellings, Mission Bay, Jean Jacobs. Southeast Families United Center, and Alemany Center; 4 SFUSD child development centers: Theresa Mahler Center, Zaida Rodriguez Center, Juniper Sierra EEC, Brett Harte EEC, and Bryant EEC; and 4 pre-K SFUSD sites: Cesar Chavez, Sanchez, John Muir and Paul Revere; and three private nonprofit sites: Mission YMCA, FSA Developmental Center and Martha Hills Learning Center. These programs serve primarily low-income, at-risk Latino children and Cal Works families in part-day and full-day programs.

The 40 Latina family child care providers are part of the Family Child Care Quality Network (FCCQN) and are facing the demands and stressors becoming part of a new Network. They serve some of our

Contractor: Instituto Familiar de la Raza City Fiscal Year: 2015-2016

most vulnerable families. One of these providers contracts with Wu Yee Children's Services' Early Head Start Program. The program will also open EPSDT charts on 6 children, ages 0-5 years; children who might not typically access mental health services due to linguistic and cultural barriers.

Instituto Familiar de la Raza's Family Resource Center (Casa Corazon) and the Chicano/Latino Family Resource Center will receive consultation services to staff and clients.

5. Modality(s)/Intervention(s):

- Consultation Individual: Discussions with a staff member on an individual basis about a child or a group of children, including possible strategies for intervention. It can also include discussions with a staff member on an individual basis about mental health and child development in general.
- **Consultation -Group:** Talking/working with a group of two or more providers at the same time about their interactions with a particular child, group of children and/or families.
- Consultation Class/Child Observation: Observing a child or group of children within a defined setting.
- Staff Training: Providing structured, formal in-service training to a group of four or more individuals comprised of staff/teachers, and/or family care providers on a specific topic.
- Parent Support Group: Providing structured, formal in-service training to a group of four or more parents, on a specific topic. Can also include leading a parent support group or conducting a parent training class or providing a consultation to a parent.
- Early Referral/Linkage: refer children and families for community services such as multidisciplinary assessment; special education; occupational, speech, and physical therapy; family resource center services; or individual child or parent-child mental health services.
- Consultant Training/Supervision: individual and group supervision to consultants and participation in the Training Institute for new consultants.
- Evaluation: Activities conducted to assess the progress of any agency towards meeting the stated goals and objectives for the Early Childhood Mental Health Consultation Initiative. Can also include time spent complying with the CBHS-initiated evaluation efforts.
- Systems Work: coordination efforts and collaboration with other quality improvement efforts at individual sites to enhance the quality of care and alignment of efforts includes participation in trans disciplinary teams that are part of the Center for Inclusive Early Education, coaching and consultant collaborative meetings, SF Quality Partnership meetings, etc.

Contractor: Instituto Familiar de la Raza City Fiscal Year: 2015-2016

- Early Intervention Individual: Activities directed to a specific child, parent, or caregiver that are not considered to be planned mental health services. Meeting with a parent/caregiver to discuss specific concerns they may have about their child's development, and/or helping them explore and implement new and specific parenting practices that would improve their child's social-emotional and behavioral functioning.
- Early Intervention Group: Conducting playgroups/socialization groups involving at least three children. The groups occur on site and are led by the mental health consultant, and in some instances can be co-facilitated by a member of the site staff.
- Mental Health Services Individual/Family: Activities directed to a child, parent, or caregiver. Activities may include, but are not limited individual child interventions, collaterals with parents/caregivers, developmental assessment, referrals to other agencies. Can also include talking on an ongoing basis to a parent/caregiver about their child and any concerns they may have about their child's development. Clinical charts are open in these cases.
- Mental Health Services Group: Conducting therapeutic playgroups/play therapy/socialization groups involving at least three children. Clinical charts are maintained.
- Training-Institute: IFR will deliver 6 session training for newly hired mental health consultants citywide who have less than one year of experience providing consultation services through the ECMHC. Consultants will meet once a month for a didactic seminar that will provide an overview of the mental health consultation model outlined in the most recent CBHS RFP. Further topics will explore the role of the mental health consultant, how to begin consultation, understanding childcare culture, aligning efforts with First Five Initiatives, working with parents and developing inclusive practices. A strong cultural perspective and emphasis on relationship based, strength based interventions will frame the seminar

Please refer to Appendix B-5 for breakdown of Units of Service.

6. Methodology:

A. Outreach efforts:

- Orientation to services for teachers will occur at a designated staff meeting and be reinforced with a written description of the program, which will include the referral process and explanation of consultation services.
- Memorandums of Agreement (Site Agreements) will be developed jointly between the consultant and the site supervisor of each individual site.
- Parents will be oriented to the program during monthly parent meetings conducted by the preschool staff and will be provided with a letter of introduction with the consultants contact information and description of her role.

• The consultants will work closely with the Head Start family specialist staff, education specialists, SFUSD staff and other support staff to continue outreach efforts.

B. Admission, Enrollment and/or intake criteria:

Children will be referred through group consultation where teachers and consultants discuss concerns regarding a particular student as well as by parent referral. When a formal observation is requested by the preschool staff or family childcare provider, written consent will be provided by the parent/guardian.

C. Program Service Delivery Model:

The EIP's mental health consultation approach is to address the differing needs of Center based childcare, family resource centers, and family childcare settings. The program design is based upon a cultural framework that affirms and builds upon the strengths of the child, their caregivers (child care provider and parent/guardian), the family of service providers, and the community they identify with. An underlying assumption is that access to consultation, affirmation, resources and education empowers caregivers and families to create healthy environments and relationships for the healthy social and emotional development of preschool children.

The IFR-EIP model establishes a multi-disciplinary group consisting of site-specific childcare staff; other involved site-based caregivers and a bilingual/bicultural Mental Health Consultant. Depending upon the scope of the problem, outside caregivers may be invited to participate in an individual child's review including pediatricians, speech therapists, and other caregivers. We will provide 4-14 hours per week of bilingual child care mental health consultation services to 24 early education childcare sites and two monthly charlas and individual consultations as requested to 40 family childcare providers participating in the FCCQN (Q Circle) in the Mission, Bay View and Outer Mission Districts of San Francisco.

The Mental Health Consultant provides an array of services to the child, parent and staff with the service goal of building upon the strengths of the child, parent and caregiver. Partnership meetings include the staff person closest to the child and parent, the Mental Health Consultant and the parent/guardian.

Depending upon the needs identified in the first meeting, the parent and the Mental Health Consultant may continue to meet up to five other times for planning, linkage, support and problem solving. Any needs that cannot be addressed within the partnership meetings are referred out to services in the network of health care and social services available to children and families.

For the 40 family childcare providers, mental health consultation will be individualized and based upon the needs of the provider, the age of the children and their relationships to a center-based program. Partnership meetings with parents will be established at the providers request and will

Contractor: Instituto Familiar de la Raza City Fiscal Year: 2015-2016

be conducted with the provider and parent/guardian based on observations and discussions with the family child care provider. Program and environmental consultation including developing learning activities and modeling age-appropriate interactions will be tailored to each home. The program may provide parent groups (Charlas) at family child care provider homes to explore aspects of parenting and child development.

The Professional Development Day is the linchpin of all the efforts with the Family Child Care Providers as it brings together the community of Latina Family Child Care Providers to reflect on the connections they have to their work as well as explore self-care. This Retreat is in its 16th year-and the growth and depth of reflection by the group has gone deeper and deeper every year. Modeling self-care is essential for our providers to then model and promote health with the families they work with.

For the two Family Resource Centers, mental health consultation will be tailored to meet the individual needs of each site. Program consultation will include, but is not limited to, curriculum development, staff communication and environmental interventions to enhance the quality of programming for children and families.

For EPSDT and direct treatment services the following standards of practice will be followed:

- Direct treatment services occur within the child care center as allowed by the established MOA or at our outpatient clinic and are provided as needed to specific children and family members. All services to children are contingent upon written consent from parents or legal guardians.
- Provided by mental health consultants who are licensed or license-eligible.
- All direct treatment service providers, consultants, receive ongoing clinical supervision.
- Assessments for direct treatment service eligibility can include screenings for special needs, domestic violence in the family, possible referral for special education screenings, and alcohol or other substance use in the family.

D. Exit Criteria and Process:

Some of the programs follow the SFUSD calendar thus consultation services to teachers and staff comes to a natural close at the end of the school year.

For year round programs- individual interventions for identified students will use the following as a basis for exit criteria: 1) teacher and parent feedback 2) mental health consultant recommendation 3) Linkage to community resources to address the family's needs.

Children receiving individual counseling services will also be evaluated through the CANS.

E. Program's staffing: See Appendix B.

7. Objectives and Measurements:

City Fiscal Year: 2015-2016 Contract Term: 07/01/15 - 06/30/16

A. Required Objectives:

All objectives, and descriptions of how objectives will be measured, are contained in the CBHS document entitled CBHS Performance Objectives FY 15-16.

MHSA objectives remain the same as objectives outlined for ECMHI contained in CBHS document.

B. Individualized Program Objectives

None

8. Continuous Quality Improvement:

- a. Achievement of contract performance objectives: The Early Intervention Program's CQI activities include weekly Team meetings utilizing a reflection Case Presentation model that supports and deepens consultant's work and methodology. Meetings include administrative check-ins to review and reflect on the achievement of contract performance objectives.
- **b. Documentation quality, including a description of internal audits:** Charts are maintained for each individual childcare site, family resource centers and a chart for family childcare providers. Charts are reviewed quarterly for quality and accountability by the Program Director.
- c. Cultural competency of staff and services: All staff are bilingual and bicultural and our work is based on a cultural framework that is central to its success.
- d. Client Satisfaction: An annual client satisfaction is performed every year as per CBHS requirements. Results are analyzed and changes are implemented if necessary. We will also seek regular feedback from Program Directors and Site Directors at all the sites we serve. We incorporate their feedback and readily address issues as they surface.
- e. Measurement, analysis, and use of CANS or ANSA data (Mental Health Programs Only)

 For Individual mental health cases, the CANS will be administered every 6 months and results analyzed to determine medical necessity and progress of case.

9. Required Language:

CBHS CYF-ECMHCI Required Language:

- a. For CBHS CYF SOC ECMHCI: Contractor will adhere to all stipulated CBHS requirements for the completion of Site Agreements for each assigned program site and/or service setting. Contractor also will comply with all stipulations of content, timelines, ensuring standards of practice, and all reporting requirements as put forth by the CBHS ECMHCI SOC Program Manager and RFP-10-2013.
- b. Changes may occur to the composition of program sites during the contract year due to a variety of circumstances. Any such changes will be coordinated between the contractor and the CBHS ECMHCI SOC Program Manager and will not necessitate a modification to the Appendix-A target population table. Contractor is responsible for assigning mental health consultants to all program sites and for notifying the CBHS ECMHCI SOC Program Manager of any changes.

Contractor: Instituto Familiar de la Raze Inc.

Appendix A-6

City Fiscal Year: 2015-2016 Contract Term: 07/01/15 - 06/30/16

Program Code(s): 3818-10

2. Nature of Document:

3. Goal Statement:

Instituto Familiar de la Raza's (IFR) La Cultura Cura Program (LCC) will provide intensive case management and mental health services to Latino youth who meet criteria for Intensive Supervision and Clinical Services (ISCS) and/or are prioritized by the Department of Juvenile Probation, DCYF, and CBHS to respond to the cultural and linguistic needs of youth in-risk and/or involved in the juvenile justice system.

4. Target Population:

The target population for this contract is post-adjudicated Chicano/Latino youth between the ages of 12-18 years old, including transitional aged youth (18-24), who have come into contact with the juvenile justice system in San Francisco. An emphasis will be placed on addressing the needs of monolingual Spanish or limited English speaking clients who are residents of the Mission District and adjacent areas with high density populations of Latino youth. Eligible clients include those who are Medi-Cal eligible, uninsured or underinsured.

In the Mission District and surrounding areas, Latino youth face high levels of stressors: community violence, poverty, language barriers, unstable housing and homelessness, lack of health care benefits, cultural and racial discrimination, and the harmful effects of anti-immigrant sentiments. Studies have found that Latino Youth experience proportionately more anxiety-related and delinquency problem behaviors, depression, and drug use than do non-Hispanic white youth.

While Latinos under the age of 18 comprise 19% of children/youth in San Francisco, they account for 25%-36% of incarcerated youth. They also account for 30% of children/youth living below the 200% poverty level. It is important to note that Latino children/youth are least likely to be insured regardless of citizenship.

The magnitude of the problems faced by Latino youth and their families highlights the need for culturally and linguistically competent services to assist youth and families to overcome involvement in the juvenile justice system and build upon their individual, family, and community resiliencies.

Contractor: Instituto Familiar de la Raza inc. Contract Term: 07/01/15 - 06/30/16

City Fiscal Year: 2015-2016

5. Modality(s)/Intervention(s):

Billable services include Mental Health Services in the following forms:

<u>Mental Health Services</u> means those individual or group therapies and interventions that are designed to provide reduction of mental disability and improvement or maintenance of functioning consistent with the goals of learning, development, independent living and enhanced self-sufficiency and that are not provided as a component of residential services, crisis services, residential treatment services, crisis stabilization, day rehabilitation, or day treatment intensive. Service activities may include but are not limited to assessment, plan development, therapy, rehabilitation, and collateral.

- Assessment means a service activity which may include a clinical analysis of the history and current status of a beneficiary's mental, emotional, or behavioral disorder, relevant cultural issues and history; diagnosis; and the use of testing procedures.
- Collateral means a service activity to a significant support person in the beneficiary's life with the intent of improving or maintaining the mental health of the beneficiary. The beneficiary may or may not be present for this service activity.
- Therapy means a service activity which is a therapeutic intervention that focuses primarily on symptom reduction as a means to improve the functional impairments. Therapy may be delivered to an individual or group of beneficiaries and may include family therapy at which the beneficiary is present.
- <u>Case Management</u> means services that assist a beneficiary to access needed medical, educational, pre-vocational, vocational, rehabilitative, or other community services. The activities may include, but are not limited to, communication, coordination, and referral; monitoring service delivery to ensure beneficiary access to service and the service delivery system; monitoring of the beneficiary's progress; and plan development.
- Crisis Intervention means a service, lasting less than 24 hours, to or on behalf of a beneficiary for a condition that requires more timely response than a regularly scheduled appointment. Service activities may include but are not limited to assessment, collateral, and therapy.

6. Methodology:

Direct client services (e.g. case management, treatment, prevention activities) ISCS /EPSDT Program – Minimum Requirements

All clients served in this program will receive Intensive Case Management (ICM) services, the minimum standards for which are described on pp. 41-52 of the Dept. of Children Youth and Families' Minimum Compliance Standards, 2nd Edition, May 2008. In addition, half of all of treatment slots will be reserved for Intensive Supervision and Clinical Services (ISCS), which will be enhanced by ICM.

A. Outreach & Recruitment:

IFR has long standing relationships with agencies and institutions that serve Latino youth and who provide linkages to mental health services (e.g., Mission Neighborhood Health Center, San Francisco

City Fiscal Year: 2015-2016

General Hospital, S.F.U.S.D., J.J.C., and the Human Services Agency). Outreach efforts are extended to families when there are circumstances that prevent them from enrolling into services at IFR prior to Episode Opening and could include meeting with families in their home or at a mutually agreed to "safe" location. Outreach is also utilized when mandated participants are out of compliance with scheduled meetings and the carrying provider has to extend support at school district sites, while waiting for matters to be called in to court, and during times when a socialization activity is offered to the youth based on merit.

B. Admission and Intake Criteria:

Intensive Supervision and Clinical Services (ISCS)

All referrals to ISCS programs are made through the San Francisco Juvenile Probation Department (JPD). Contractor shall provide ISCS services for youth for an initial 90-day period. With input from the case manager, the Probation Officer will determine whether or not to extend the program for an additional 90 days. Should Contractor make a clinical determination that additional services are needed, ICM services may be continued after ISCS services have concluded. Contractor understands that continuation of services is contingent upon available non-ISCS slots. If no such slots exist, Contractor will refer client to another case management program and/or available mental health services with a different provider.

Intensive Case Management

Contractor will prioritize ICM referrals from JPD, the DCYF list of preferred case management providers, and from DPH staff co-located at Juvenile Justice Center (JJC): SPY, AllM HIGHER, and MST. All forms authorizing consent for treatment and required waivers will be signed prior to initiation of services.

C. Service Delivery Model:

Intensive Supervision and Clinical Services (ISCS)

Contractor agrees to meet monthly with Probation staff. Violations of conditions of probation should be reported as soon as possible, but no later than three (3) calendar days after contractor becomes aware of the incident.

Contractor activities on behalf of a client will be documented and an individual case file will be maintained. Contractor agrees that upon initiation of services, clients will be mandated to sign Release of Information forms allowing communication of client information to the assigned probation officer and any other critical JPD staff. Individual progress reports shall be submitted once a month to JPD, using the standard report format. Reports will include:

- Number and nature of client contacts (Minimum face-to-face, 3 visits/week)
- All parental contacts
- All curfew checks (Minimum six days per week)
- All school checks (Minimum weekly)
- Compliance with Orders of Probation
- Description of the Home Environment
- Criminological risks being addressed
- Educational development

Contractor: Instituto Familiar de la Raze 🖰 c.

City Fiscal Year: 2015-2016

- Employment status
- Referrals to community resources

Contractor agrees to work cooperatively with the Juvenile Probation Department and the probation officer assigned to the case. In addition, a final report summarizing the youth's progress and any recommendations for continued clinical treatment shall be submitted to the probation officer prior to the conference review at the end of the 90-day period. Copies of all correspondence, reports or recommendations to the courts with the courts will be submitted to the assigned Probation Officer at least four business days prior to the scheduled court hearing date.

Intensive Case Management

<u>Comprehensive Needs Assessment:</u> If not already completed within the past 30 days, Contractor shall conduct a comprehensive assessment of client needs (including the Child and Adolescent Needs and Strengths, or CANS assessment), develop an individual service plan, and coordinate and supervise service delivery. At a minimum, the assessment will include the following:

- CANS Assessment
- Interview with client, family and probation officer
- Review of the dynamics of the case (nature of offense)
- Review of conditions of probation
- Individual and family history family dynamics
- Need for individual and/or family counseling
- Educational skills, remedial needs
- Medical, psychiatric and health education referrals
- Vocational skills, job training
- Behavior dangerous to self or others
- Current use of alcohol or drugs

Service Planning: Once client needs have been determined, the case manager shall develop a written plan, including a clinical case plan or Plan of Care consistent with Department of Public Health (DPH) standards, to address those needs and coordinate and supervise service delivery. Contractor shall involve client and family in service planning and provide a detailed orientation about program requirements and rules. The case manager will select appropriate treatment programs and service providers and maintain a progress oriented case record for each client. Assigned staff will work collaboratively with other youth service agencies and with members of the client's community. Parental involvement shall be encouraged.

<u>HIPPA Compliance</u>: Contractor will integrate DPH Privacy Policy in its governing policies and procedures regarding patient privacy and confidentiality. The Executive Director will ensure that the <u>applicable</u> policy and procedures as outlined in the DPH Privacy Policy have been adopted, approved, and implemented.

D. Discharge Planning and Exit Criteria:

Client Discharge occurs when a youth has successfully completed their probation term or advanced their treatment goals. Termination may also occur when a youth has moved out of the area, sent to an out-of-home placement, or has been out of contact with probation or program staff for an extended

City Fiscal Year: 2015-2016

period of time. At the point of termination there will be a CANS closing Discharge summary submitted into the client's chart and an Episode closing form which needs to be inputted into AVATAR.

E. Program Staffing:

Please refer to Exhibit B.

No Indirect Services for this component.

7. Objectives and Measurements:

a. Standardized Objectives

All objectives, and descriptions of how objectives will be measured, are contained in the CBHS document entitled Performance Objectives FY 15-16.

b. Individualized Program Objectives

The following objectives will also be tracked:

Objective 1:

By June 30th of Fiscal Year 2015-2016, 65% of participants actively involved in the program for 6 months will have completed their assigned community service hours as measured by self-reporting, court documents, and documentation in the case manager's case notes and program records. Program Manager and Mental Health Specialist will analyze and summarize objectives data by June 30th 2015 and present to the Associate Director to analyze the data to inform program implementation.

Objective 2:

During Fiscal Year 2015-2016, 90% of participants enrolled in the program and actively participating for a 3 month period will have enrolled in school or an appropriate educational setting as measured by self-reporting, SFUSD progress reports, and documentation in the case manager case notes and program records. Program Manager and Mental Health Specialist will analyze and summarize objectives data by June 30th 2016 and present to the Associate Director to analyze the data to inform program implementation.

Objective 3:

During Fiscal Year 2015-2016, 35% of participants involved in services for 3 to 6 months will not have an additional sustained petition or conviction as measured by self-reporting, court records, and documentation in the case manager case notes and program records. Program Manager and Mental Health Specialist will analyze and summarize objectives data by June 30th 2016 and present to the Associate Director to analyze the data to inform program implementation.

Objective 4:

During Fiscal Year 2015-2016, 65% of participants involved with services for a period of 3 to 6 months will complete goals outlined in their initial service plan as measured by self-reporting, court records, and documentation in the case manager case notes and program records. Program Manager and Mental Health Specialist will analyze and summarize objectives data by June 30th 2016 and present to the Associate Director to analyze the data to inform program implementation.

Contractor: Instituto Familiar de la Razr 'nc.

City Fiscal Year: 2015-2016

8. Continuous Quality Improvement:

a. Achievement of contract performance objectives:

IFR has developed the Program Utilization Review and Quality Committee (PURQC); through this system IFR monitors performance objectives as established by the Department of Public Health-Community Behavioral Health Services.

The monitoring of Performance objectives are integrated throughout the process of services provision and PURQC, through the monthly revision of active clients reports, periodic reviews of client improvement (PURQC), continuous revision of client activity during the 30-day initial period from case opening, and periodic charts review for ensuring documentation completion and quality. Based on the results of these monitoring processes, adjustments are made to individual cases as well as to the current systems.

b. Documentation quality, including a description of internal audits:

IFR has developed a comprehensive system for Continuous Quality Improvement that includes a Utilization Committee, individual and group supervision for all Behavioral Health staff, as well as training. All staff is given bi-monthly group supervision and weekly individual supervision to discuss client progress, treatment issues, and enhance skills in the areas of assessment, treatment development and clinical interventions. Trainings provided by CBHS that involve education on documentation guidelines as mandated by CBHS and the state of California as well as training on assessment instruments used as standard practice of care, are a requirement for all clinicians.

The outpatient clinic has a Program Utilization Review and Quality Committee (PURQC) that convenes weekly to review charts for all documentation requirements; Assessments, Plans of Care and the Client Service Authorization (CSA) Request. Cases are submitted to PURQC for initial Authorization, Re-Authorization, the Assessment, POC/CSI Update is required to be submitted with the Authorization Request, the number of hours that are authorized for each client are determined by the Service Intensity Guidelines.

Medical records are reviewed within two months of opening and then once again at the annual anniversary date. Feedback is given to each clinician whose chart is up for review. Feedback includes items that are out of compliance and need immediate action. A deadline is provided as to when feedback must be addressed. The medical record is them reviewed once again to ensure compliance. Feedback is stored in the PURQC binder.

The PURQC Committee is composed of a multi-disciplinary staff that includes Marriage and Family Therapists, Social Workers, Psychologists and other agency support staff. The committee keeps a record of PURQC meetings.

Periodic Review of documentation is performed manually by support staff.

c. Cultural competency of staff and services:

The staffing pattern and collaborative efforts directly aim at being representative and reflective of the groups within the community IFR serves. IFR staff represents a multidisciplinary, multi-ethnic cadre of people who demonstrate high levels of immersion in the cultural values of the community, their life experiences (as immigrants, women, gay and lesbian, transgender, etc.) as well as a high level of

City Fiscal Year: 2015-2016 Contract Term: 07/01/15 - 06/30/16

professional training. Retention of qualified staff is enhanced by ongoing quality professional staff development and by a responsive Human Resources department.

d. Client Satisfaction:

An annual client satisfaction is performed every year as per CBHS requirements. Results are analyzed and changes are implemented if necessary.

e. Measurement, analysis, and use of CANS or ANSA data (Mental Health Programs Only)

All clients will receive an Adult Needs and Strengths Assessment (ANSA) at entry to services, within one year an ANSA Reassessment, and on departure an (ANSA) Closing Summary. IFR will use ANSA data to inform the focus of Treatment Plans of Care and mental health interventions.

Avatar reports and data provided by CBHS will be used for measurement and analysis of client services and effectiveness of treatment. IFR will participate in monthly ANSA SuperUser calls.

9. Required Language:

CBHS CYF-ECMHCI Required Language:

- A. For CBHS CYF SOC ECMHCI: Contractor will adhere to all stipulated CBHS requirements for the completion of Site Agreements for each assigned program site and/or service setting. Contractor also will comply with all stipulations of content, timelines, ensuring standards of practice, and all reporting requirements as put forth by the CBHS ECMHCI SOC Program Manager and RFP-10-2013.
- B. Changes may occur to the composition of program sites during the contract year due to a variety of circumstances. Any such changes will be coordinated between the contractor and the CBHS ECMHCI SOC Program Manager and will not necessitate a modification to the Appendix-A target population table. Contractor is responsible for assigning mental health consultants to all program sites and for notifying the CBHS ECMHCI SOC Program Manager of any changes.

3. Goal Statement:

The IFR CARE Program (housed under the IFR Early Intervention Program-EIP) will provide comprehensive mental health consultation services including prevention and early intervention services for fiscal year 2015-2016. The CARE Program will serve as an integrative bridge between teachers, out-of-school time providers, students, and parents in order to facilitate the building of positive, esteem building relationships for students in the classroom, at home, and during after school programming. The goals of the program are to 1) Improve and enhance the quality of relationships between care providers (teachers, support staff, OST providers, families and children) thus improving the overall school climate 2) Decrease mental health crisis episodes, and 3) Increase teachers' and care providers' capacity to respond to- and support the mental health, behavioral, and developmental issues of their students, as well as creating culturally and developmentally appropriate environments for them. Long-term goals include removing barriers to learning, improving academic achievement through increased school functioning and increased family functioning and engagement.

4. Target Population:

The target population for the IFR CARE program is low-performing students who are experiencing school difficulties due to trauma, immigration stress, poverty, and family dysfunction. Students largely come from the 94110, 94134 and 94124 neighborhoods. Particular emphasis will be placed on Latino and African-American students and their families who have not received the support they need to be successful at school and who feel disempowered by the system. We will be providing services at both Hillcrest Elementary School and at James Lick Middle School.

5. Modality(s)/Intervention(s):

Mental Health Consultation:

Appendix A-7

Contract Term: 07/01/15 - 06/30/16

Contractor: Instituto Familiar de la Razer City Fiscal Year: 2015-2016

At Hillcrest, the mental health consultant will provide 700 hours of consultation to identified teachers - facilitating monthly consultation meetings as well addressing weekly needs in order to build teacher capacity to respond to and identify emerging mental health issues and foster positive teacher-student relationships. Consultation efforts will also help foster coordination of care for identified clients, creating a seamless experience for clients.

- At Hillcrest, 200 hours of mental health consultation support will be provided to the afterschool staff with information bridged back to the school day team. Support will increase the ASP staff's capacity to identify and respond to emerging mental health needs and develop skills to respond to these needs.
- At Hillcrest 200 hours of Inclusion Consultation will be provided weekly by Support for Families with Children with Disabilities. The support will increase staff's capacity to create inclusive environments, develop skills to respond to learning and behavioral challenges of atrisk students.
- At James Lick Middle School, the mental health consultant will provide 500 hours of consultation services to support staff, administration and teachers. Consultation efforts will also help foster coordination of care for identified clients, creating a seamless experience for clients.
- At James Lick Middle School, 200 hours of Inclusion Consultation Services will be provided weekly by Support for Families with Children with Disabilities. The support will increase staff's capacity to create inclusive environments, develop skills to respond to learning and behavioral challenges of at-risk students.

Systems Work:

- At Hillcrest, The Mental Health Consultant will facilitate a bimonthly Mental Health Collaborative meeting with Leadership, support staff and other mental health providers to ensure the alignment of services and support deepening a shared vision regarding student support, family engagement and teacher capacity building. At minimum, we will provide 75 hours of systems work to site.
- At James Lick Middle School, the Mental Health Consultant will facilitate a bimonthly counselor/CARE Team meeting with Leadership, support staff and other mental health providers to ensure the alignment of services and support deepening a shared vision regarding student support, family engagement and teacher capacity building. At minimum, we will provide 75 hours of systems work to site.

Outreach and Engagement:

- At Hillcrest, IFR mental health consultant will provide 400 hours of outreach and linkage services about community resources, early identification of mental health issues, and linkage to school community including staff, parents and youth
- At James Lick Middle School, IFR mental health consultant will provide 300 hours of outreach to parents at two school-wide community events providing referrals and information about all programs at IFR.

Individual Therapeutic Services

At Hillcrest, Mental Health Consultant will provide face-to-face assessments and brief early intervention services to at least 7 to 8 individuals and/or families suffering from or at risk for trauma. On average families will receive 4-6 sessions (typically 1 hour each). At least 40 hours of this service will be provided.

Contractor: Instituto Familiar de la Raza Contract Term: 07/01/15 - 06/30/16

City Fiscal Year: 2015-2016

At James Lick Middle School, the mental health consultant will provide face-to-face assessments and brief early intervention services to at least 7 to 8 individuals and/or families suffering from or at risk for trauma. On average families will receive 4-6 sessions (typically 1 hour each). At least 40 hours of this service will be provided.

Group Therapeutic Services

- At Hillcrest, the Mental Health Consultant will provide one therapeutic group with a minimum of 3 students targeting children who have experienced significant separations from their parent (i.e. from immigration, incarceration, divorce). Group will meet on average for 8-10 sessions for a total of 10 hours.
- At James Lick Middle School, the Mental Health Consultant will provide one therapeutic group with a minimum of 3 students targeting students who are adapting to being recent immigrants and may be experiencing social stressors due to this transition. Group will meet on average from 8-10 sessions for a total of 10 hours.

Provision of services is for the entire school community Hillcrest Elementary School and James Lick Middle School.

The IFR-CARE Program will provide mental health consultation services, including group and individual consultation; consultation to Student Assistance Program (SAP) and Student Success team SST meetings, classroom and child observation, training/parent support; direct services to children and families including social skills groups, parent support groups, and individual/family interventions as defined by the following:

- Consultation Individual: Discussions with a staff member on an individual basis about a child or a group of children, including possible strategies for intervention. May also include discussions with a staff member on an individual basis about mental health and child development in general.
- Consultation -Group: Consulting with a group of three or more teachers/staff regarding the mental health needs of students. Includes facilitation of COST meetings, participation in SST, IEP meetings, and other relevant school meetings.

Appendix A-7
Contract Term: 07/01/15 - 06/30/16

Contractor: Instituto Familiar de la Raz

City Fiscal Year: 2015-2016

- Consultation Class/Child Observation: Observing a child or classroom to assess for needs and begin development of intervention strategies for both school and home.
- Parental Engagement: Activities directed towards a parent, or caregiver including, but not limited to collaterals with parents/caregivers, referrals to other agencies and talking to parents/caregivers about their children and other concerns they may have. Can also include leading a parent support group or conducting a parent training class.
- Training to Teachers/Staff: Providing structured, formal in-service training to a group of four or more individuals comprised of staff/teachers on specific mental health topics.
- Direct Services Individual: Activities may include, but are not limited to individual child treatment, classroom interventions, collaterals with parents/caregivers, developmental assessment, risk assessments, crisis intervention, and linkage/referrals to other agencies.
- Direct Services Group: Conducting socialization groups involving at least three children. Theme specific groups may also be targeted, e.g. coping with divorce.
- Service units will also include outreach and linkage as well as evaluation services.

Unduplicated clients will include children, parents and staff impacted by these services.

6. Methodology:

Outreach, Recruitment, Promotion, and Advertisement:

Outreach efforts include the following: Orientation to services for teachers will occur at a designated staff meeting and will be reinforced with a written description of the program, which will include the referral process. Parents will be oriented to the program at the Fall Open House. Written information will be sent home in the native language of the family. The CARE consultants will work closely with the parent liaison, counselors, and the student advisor to continue outreach efforts. As well, teachers and staff are provided with a written description of services and regular consultation meetings deepen their understanding of the mental health consultant's role over time.

Students will be referred through the SAP (Student Assistance Program) by teachers, parents. Teachers will be oriented to the procedures and protocols at the beginning of the year and on an ongoing basis. The parent liaison, counselors and student advisor will play a key role in informing parents of the services and supporting both outreach efforts and referral process.

B. Admission/Intake Criteria

Early Intervention services will target students who have adjustment difficulties and/or experienced a significant stressor that impacts their school functioning. The goal is to address and intervene with emerging mental health issues. Students, who in the process of assessment, are identified as having significant mental health diagnoses warranting long-term treatment, will be referred and linked to appropriate services. IFR has a strong outpatient clinic and we have long-standing relationships with a number of other mental health agencies, which can facilitate the referral process and enhance wraparound services. Besides IFR, we often refer to Mission Family Clinic, Southeast Child Services, and Mission Mental Health. As well, we collaborate with cases involving CPS and work with primary care pediatricians when indicated. The program also links to housing and food banks regularly.

Contractor: Instituto Familiar de la Razr Appendix A-7

City Fiscal Year: 2015-2016 Contract Term: 07/01/15 - 06/30/16

C. Service Delivery Model

The CARE program design is based upon a cultural and mental health framework that affirms and builds upon the strengths of the child, their caregivers (child, teacher and parent/guardian), and collaboration with other service providers and the community they identify with. An underlying assumption is that access to consultation, affirmation, resources and education empowers caregivers and families to create healthy environments and relationships for the healthy social and emotional development of children.

Observation of school and after school activities by the Consultant and the SNIP staff will occur to assess staff-child relationships, child's developmental needs, behavioral reactions, environmental factors, and social emotional issues. As strengths are identified, areas of developmental delay or emotional challenges may be addressed through scaffolding, modeling, peer support, and/or positive behavioral plans. Concrete tools will be offered to the teacher during consultation. Observations will occur at the request of the staff.

The Prevention Coordinator will be the primary contact person for the School. Responsibilities will include coordination of referrals, communication with key administrators, facilitation at SAP meetings, consultation to teachers, and ensuring the administration of key evaluation and assessment interventions. In addition, to ensure improved communication and coordinated care of mental health services, the Prevention Coordinator will take the lead in facilitating a monthly mental health coordinated service meetings for all mental health service providers at the school. Supporting these functions will be the Early Intervention Staff, who will be responsible for providing direct services to children and families. These services will include leading therapeutic groups for students, providing individual counseling to students with emerging mental health issues, and providing crisis intervention services as needed and clinical case management to families. With these structures and roles in place, ongoing feedback and communication from the support staff and leadership of each school provides the opportunity for all stakeholders to impact program design and the implementation of services. Program implementation will shift according to the needs identified both by families as well as by support staff. The collective impact of the team work is aimed at building positive relationships with families and students in order for them to more readily communicate their needs and subsequently get the resources that can improve their education and overall well-being.

Parent Training and Support Groups/Family Workshops will be offered on-site and topics determined in collaboration with everyone. Parents will also be invited to IFR cultural activities throughout the year. Workshops will occur monthly. In order to effectively engage the African-American community at the school, IFR is committed to working collaboratively with other organizations providing support to the school sites as well as utilizing our proven strategies engaging communities of color (e.g. relationship building, nonjudgmental attitudes, patience, and meeting families where they are).

Frequency of Services/Hours/Location:

Depending upon the needs identified in the first meeting, the parent and the Mental Health Consultant may continue to meet up to five other times for planning, linkage, support and problem solving. Any needs that cannot be addressed within the partnership meetings are referred out to services in the network of health care and social services available to children and families. Meetings may occur during the school day or during afterschool hours.

Services are delivered at each school community. There are an array of partnerships and collaborations that help to ensure students' educational opportunities. The following description outlines the primary

Contractor: Instituto Familiar de la Raz

City Fiscal Year: 2015-2016

Contract Term: 07/01/15 - 06/30/16

vehicle for achieving our goals: The Mental Health Consultant provides an array of services to the child, parent and teachers with the service goal of building upon the strengths of the child, parent and teacher. Partnership meetings include the staff person closest to the child and parent, the Mental Health Consultant and the parent/guardian.

D. Exit Criteria:

This Program operates during the school year so all consultation services to teachers and staff comes to a natural close at the end of the school year. Individual interventions for identified students will use the following as a basis for exit criteria: 1) teacher and parent feedback 2) mental health consultant recommendation 3) developmental assets screening.

Children receiving individual counseling services will also be evaluated through the CANS and treatment goals will be evaluated with parent, child, and teacher.

Parents receiving individual support will be linked to appropriate services and with parent permission, follow-up with outside service providers will support coordination of care and increased communication.

E. Program Staffing:

Please see Appendix B.

7. Objectives and Measurements:

MHSA SMART GOAL #1:

Improved capacity among parents and other caregivers (teachers, program staff) to provide appropriate responses to children's behavior.

Performance Objective #1:

<u>Participation in Consultation Services:</u> During academic year 2015-16, a minimum of 65% of staff at James Lick Hillcrest (including Afterschool staff) will receive at least one consultation from the Mental Health Consultant to support them to respond to stressors in their classroom. This will be measured utilizing a survey administered annually and through the EIP monthly tracking log which tracks unduplicated count for teachers.

Performance Objective #2:

During academic year 2015-16, of those staff who received consultation services and responded to the survey, a minimum of 75% will report that they are satisfied with the services they've received from the consultant. This will be measured by a teacher report captured in a client satisfaction survey administered in May 2016.

Performance Objective #3:

During academic year 2015-16, a minimum of 75% of teachers receiving consultation services will report that the consultant helped them to respond more effectively to children's behavior. This will be measured by a teacher report captured in a client satisfaction survey administered in May 2016.

Contractor: Instituto Familiar de la Raz Appendix A-7

City Fiscal Year: 2015-2016

Contract Term: 07/01/15 - 06/30/16

MHSA SMART GOAL #2

Increased identification of emerging mental health issues, especially the earliest possible identification of potentially severe and disabling mental illness.

Performance Objective#1

During academic year 2015-16, the mental health consultant will participate in all SAP and CARE meetings and assist in identifying those students with emerging mental health needs and make appropriate linkages. This will be measured by weekly tracking logs as well as documentation regarding successful linkages to mental health resources.

Performance Objective#2

During academic year 2015-16, a minimum of 15 students/families total at both schools sites will receive either pull-out or push-in support and will show a reduction in the frequency of behavioral or emotional outbursts in the classroom as measured by self-report, counselor and teacher observation and collateral information when available and documented in the program records and individual student charts.

During academic year 2015-16, IFR staff will attend all planning and collaborative meetings requested by MHSA Program demonstrating increased knowledge and alignment with MHSA goals as measured by their participation in meetings and documented in sign-in sheets.

MHSA SMART GOAL #3

Enhance and improve systems to respond effectively to student and family need.

Performance Objective #1

During academic year 2015-16, the mental health consultant will co-facilitate biweekly Mental Health Collaborative meetings and by the end of the academic year- will have developed a health and wellness support plan for Hillcrest.

8. Continuous Quality Improvement:

The Early Intervention Program's CQI activities include weekly Team meetings utilizing a reflection Case Presentation model that supports and deepens consultant's work and methodology. Meetings include administrative check-ins to review and reflect on the achievement of contract performance objectives. Charts are maintained for each individual school sites. Charts are reviewed quarterly for quality and accountability by the Program Director. All staff is bilingual and bicultural and our work is based on a cultural framework that is central to its success. We have recipients of consultation (teachers and staff) complete a satisfaction survey at the end of school year, which includes questions about quality of service and increase capacity to respond to social emotional/behavioral needs of the students. As well, we seek regular feedback from Principals and support staff at both school sites. We incorporate their feedback and readily address issues as they surface.

A primary goal of the Early Intervention Program and our consultative efforts is to support providers (teachers/administrators) to first recognize and then develop the skills needed to understand, communicate with, and effectively serve people across cultures. By being nonjudgmental and creating spaces for teachers to explore their biases and assumptions about their students and bridging those

Contractor: Instituto Familiar de la Raze

City Fiscal Year: 2015-2016

Contract Term: 07/01/15 - 06/30/16

back to our deep understanding of the community and the Latino experience, we can help providers deepen their understanding and value the cultural backgrounds of their students. The EIP deepens their knowledge of working with multicultural students and their family through ongoing weekly group supervision, which emphasizes the provision of consultation through a cultural lens and utilizes a reflective case presentation model where clinicians can reflect on the complexities of working with diverse populations and improve their practice.

2. Nature of Document:

☐ New
☐ Renewal
☐ Amendment Two

3. Goal Statement:

The goal of IFR's Trauma Recovery and Healing Services is to 1) reduce the incidence and prevalence of trauma related conditions in children, youth, and families, including risk for retaliation among youth engaged in negative street activity further and victimization through violence; 2) Increase violence prevention providers' understanding of mental health issues in context of violence; 3) Mitigate risk factors associated with vicarious trauma among violence prevention providers and 4) Decrease Stigma among youth and families in accessing public health services. This is a cost reimbursement contract with CBHS - MHSA for FY 15-16.

4. Target Population:

TR&HS will provide youth ages 12 to 25 and their families who reside in the Mission District and Latinos city wide with trauma recovery services during FY 15-16. The target population will be youth and their families affected by street and community violence. This program will have primary focus on 94110, 94112, 94102, and 94103.

The Mission District has been home to Latino families for the past 4 decades with an estimated 75% of all households identified as spanish speaking. Over 30% of all youth in SF, ages 5-17 reside in the Mission District with over 25% of them living in poverty (SMART Map). Latinos under the age of 18 represent 23% of San Francisco youth population and of this, 21% are aged 14-17. While the Mission District continues to be the cultural hub for Latino families, there are a growing number of youth and families residing in other neighborhoods such as Excelsior, Tenderloin, SOMA, and Bayview for whom these services are critical.

In addition, to individual and family centered interventions to address trauma related conditions, mental health consultation will be provided to violence prevention staff of HealthRight360's SVRT, and other VP service providers that impact on the target population including case managers and peer advocates who provide violence prevention services at Instituto Familiar de la Raza.

Contractor: Instituto Familiar de la Razc

City Fiscal Year: 2015-2016

5. Modality(s)/Intervention(s) (See instruction on the use of this table):

WELLNESS PROMOTION:

Community Interventions

i.Provide community wide interventions that raise awareness about the harmful effects of violence and increase knowledge of integrative healing approaches. Community interventions will include planned and unplanned interventions.

ii.Debriefing: TR&HS will support HealthRight360's efforts to prevent retaliations and escalations of community violence. These are unplanned interventions coordinated under the direction of the SVRT Program Director, responsible for crisis response and aftercare in focus areas of Mission District, Western Addition, OMI, SOMA-Tenderloin districts.

iii. Ceremonies and Dialogue on Peace: IFR has a well-established history of integrating cultural and spiritual practices as part of the approach to intervention. Believing that preserving traditional knowledge and practices is healthy and healing. TR&HS convene two (2) facilitated dialogues on peace as well as two (2) community ceremonies to support the public at large in addressing the aftermath of street and gang-related violence. Community ceremonies serve as a means to raise public awareness about the harmful effects of community violence and how and where to receive help. IFR will leverage resources from the Indigena Health and Wellness Collaborative, funded by DPH, to work closely with leaders in the indigenous community to integrate messages of peace, forgiveness, and reconciliation in the community. Ceremonies will include Día de los Muertos, Xilonen, and Cuahtemoc. Youth and families impacted by street violence will be encouraged to participate in these Healing ceremonies. IFR expects to reach at least twenty-two (22) unduplicated clients under this modality.

OUTREACH AND ENGAGEMENT:

i.TR&HS staff will provide 200 hours of outreach; basic information about the services at various sites including safe havens, community events, collaborative meetings, and school settings.

SCREENING AND ASSESSMENT:

i. The Behavioral Health Specialists in this program will conduct a minimum of fifty (50) risk assessments of youth referred for individual intervention. Direct services, which result in an open chart for clients, will include a psychosocial assessment. Psychosocial assessment means a service activity which may include a psychosocial, clinical and cultural formulation of the client's status, including history, mental and behavioral status, relevant cultural issues and history, diagnosis, and treatment goals.

MENTAL HEALTH CONSULTATION:

- i. IFR will continue providing mental health consultation to staff providing violence prevention services, with emphasis on those serving the Mission District. Mental health consultation includes one-time or ongoing efforts to increase capacity of outreach and case management staff to respond appropriately to trauma related conditions among youth and parents.
- ii. Care Development Meetings follow a methodology that includes check-in, referrals to service, assignment, service plan development, resource mapping, and schedules in-services. Meetings are co-facilitated by IFR La Cultura Cura Program Manager and the Behavioral Health Specialist

City Fiscal Year: 2015-2016

Contractor: Instituto Familiar de la Raz inc.

(funded in this exhibit) that support skills development and integration of a multidisciplinary approach to care.

Services are billed under Mode 45 (10-19) under the Prevention and Wellness Promotion Modality

iii. Individual Therapeutic Services

Services with or on behalf of an individual, family, and/or group designed to support the stabilization of individuals/families or community groups, including staff that have been affected by street and/or community violence. The goal of this intervention is to enhance self-sufficiency and community functioning. Services may include, but are not limited to, assessment, plan development, grief, and bereavement counseling to individuals and groups, crisis response, and collateral intervention. In addition, providers in this program will work closely with HealthRight360's SVRT staff (emphasis upon the Mission District) to support de-escalation and prevent retaliations among the target population.

- iv. The full-time Behavioral Health Specialists assigned to this contract may provide crisis debriefing and grief & bereavement counseling to clients, family members, and staff who have been affected by street and/or community violence in order to support healthy functioning and reduce risk factors including retaliation following an incident of violence. Interventions are part of a coordinated effort to protect the public in general and the individuals/families targeted with violence. These interventions may be delivered to an individual, family, or group.
- v. Short-term interventions assist individuals and families in stabilization of traumatic conditions due to community violence to which they may have been exposed. Individual services for 6 sessions or up to 6 weeks before re-assessment then up to 6 to 12 months, depending on the severity and the needs of the individual/family.

Group Therapeutic Service

- vi. During FY 15-16, staff will develop culturally and socially relevant curriculum addressing trauma and reunification. A psycho-education group for teens and a separate group for parents will be provided to target population in the fall of 2014. Up to 6 parents and 5 youth will be served through these interventions.
- vii. During FY 15-16, Behavioral Health Specialist will facilitate multiple sessions of a leadership group "Joven Noble". This activity will impact 10-12 youth.

During the fiscal year 2015-16, IFR will provide services to 116 unduplicated clients under this appendix.

Units of Service (UOS) Description	Units of Service	Unduplicated Clients (UDC)

6. Methodology:

A. Outreach, Recruitment, Promotion, and Advertisement:

La Cultura Cura-Trauma Recovery and Healing Services will receive its referrals from the HR360 SVRT, Mission Peace Collaborative (MPC), as well as self-referral. The MPC is a convening of communitybased agencies providing street outreach, and crisis response services to youth and their families affected by street and gang violence, as well as other partner agencies that are involved in violence prevention work. The Clinical CM/Behavioral Health Specialists in this contract are responsible for outreach and client recruitment activities. Outreach and recruitment will be done at schools, community agencies, areas where youth congregate, and at community events.

Informational flyers describing the array of services of the Trauma Recovery and Healing Services will be distributed to the target population in and around the Mission District, as well as Citywide where youth and families congregate.

B. Admission, Enrollment, and Intake:

Clients referred for individual therapeutic services, including crisis intervention and grief counseling, will be registered at IFR and a chart will be opened; however, registration in the System of Care (AVATAR) will not be required until otherwise determined (i.e. if they are linked/coordinated into long term services). The client receives an orientation to the agency and the public health system as part of the admission and intake process. IFR will adhere to prevailing guidelines of BHS with regard to treatment of clients. All clients are informed of their rights as consumers, are given linguistically accurate documentation of their client rights and of their right to privacy in regards to HIPPA.

Youth and families referred will receive services through this Program utilizing minimal enrollment and registration requirements. Youth who meet criteria for case management services will be registered for case management services at La Cultural Cura and required to document their attendance at each session. Community debriefings will be open to the public; registration is not required.

4 | Page July 1, 2015

Amendment Two Instituto Familiar de la Raza City Fiscal Year: 2015-2016 Contract Term: 07/01/15 - 06/30/16

For any clients who may be referred/linked into ongoing/long-term services at IFR (i.e. Outpatient Clinic), IFR will conduct screening to confirm eligibility for services including San Francisco residency, indigent, low income status. Individuals referred who have private insurance are provided with services in the initial period, and if appropriate, will be assisted in accessing the private provider networks for extended services.

All individuals who are referred and meet the criteria for services will be offered services. In addition, youth and families will have access to intra-agency resources (e.g., Family Resource Services which provides social services to uninsured families with children under 5 years-old) or to appropriate outside service providers.

C. Delivery Model:

La Cultura Cura-Trauma Recovery and Healing Services program was developed to build the capacity within a collaborative in the Mission District, which includes agencies serving youth and their families affected by street and community violence. The delivery model that is utilized in this program integrates social learning theory, cultural identity development theory with best practices approaches (CBT, Family psycho-education, parent-youth interventions, trauma recovery counseling, and traditional practices). The model includes a multidisciplinary team approach (clinical supervisor and behavioral health specialist (this appendix) case managers and street outreach workers (funded by DCYF/VP) to provide services.

Youth and families served through the program will have access to psychiatrist consultations through IFR's Outpatient Clinic. Access will be initiated through an interagency referral procedure. Referrals for a psychiatrist will be determined by the /Clinical supervisor to ensure appropriate use of psychiatric services and disposition planning to address psychiatric symptoms that may be alleviated by psychotropic medication.

Direct Services will be provided at IFR as well as the partner agencies including but not limited to HealthRight 360, SFUSD sites, Mission Neighborhood Centers, and additional partners in response to the needs as determined by the target population. Co-location of the behavioral health specialist create accessibility for youth who are gang affiliated and have risk for conflict if they enter into areas that are "run" by an opposing neighborhood gang. When safe and appropriate, home visits are offered to engage the youth and his/her family. Outreach/Consultation services may be provided at a number of settings including schools, youth centers, and other settings, including the streets, where the target population congregates.

Youth and their families served through La Cultura Cura-Trauma Recovery Services and Healing Services will have full access to La Cultura's range of services including access to cultural arts programming; and access to any other IFR services for which they may meet criteria including family development services, early intervention/school-based mental health services, and the agency's spiritual and cultural activities. In addition to a full array of mental health and harm reduction services provided through child/outpatient clinic, IFR has established strong links with the Department of Human Resources and the San Francisco Family Court system, placing a strong position to advocate on behalf of the youth and families interfacing with these systems.

IFR and its co-located site for services at HealthRight360 and Mission Neighborhood Centers are geographically and physically accessible to clients by MUNI and BART public transportation. IFR is located at 2919 Mission Street (one block from the 24th street BART. IFR hours of operation are Monday

Contractor: Instituto Familiar de la Razc City Fiscal Year: 2015-2016

through Friday, 9 a.m. to 7 p.m., and Saturdays by appointment. Clients' emergencies will be managed by staff in this contract with back up from the on-duty staff at IFR's Outpatient Clinic. IFR meets ADA requirements including wheelchair accessibility, TDD, and confidential office space that are fully accessible to wheelchair bound clients.

The target population served by this program who have substance abuse conditions or exhibit cooccurring conditions, will benefit from harm reduction counseling services provided by the mental health
specialist in this program. In addition, IFR has linkage agreements with adolescent and adult programs
citywide to link clients to the services that they are motivated to utilize. IFR has formal agreements with
Latino Family Alcohol Counseling Center, Horizons' substance abuse program, Walden House, Friendship
House Residential Program, Latino Commission, IRIS Center, and Casa de las Madres. Youth and their
family members who meet criteria for substance abuse services will have access to treatment options
through these existing MOUs.

D. Exit Criteria and Process:

La Cultura Cura-Trauma Recovery and Healing Services will adopt essential elements of the utilization review and discharge/exit criteria from our outpatient comprehensive clinic to prioritize services to those most in need. The Behavioral Health Specialist, under guidance of the Clinical Supervisor, a licensed behavioral health provider, will consider such factors as suicidal risk factors, domestic violence exposure, substance abuse involvement, recent trauma, community functioning, progress, and status of Care Plan objectives to determine which clients can be discharged from services. For direct services: every three months, a chart/case review will be conducted to assess client need for services and/or creation of a step-down plan into the community or system of care. Chart maintenance and standards of documentation will be reviewed within weekly supervision.

E. Program Staffing:

Two (2) full time Mental Health Specialists will provide Individual Therapeutic Services and facilitate Group Interventions and provide 30 capacity building consultations providers. The La Cultura Cura Program Manager (LCC Program Manager) is responsible for the administration, implementation and supervision of the program as well as the staff. The LCC Program Manager is supervised by the Associate Director.

F. Systems Transformation:

IFR's Trauma Recovery and Healing Services is aligned with the principles of MHSA to engage youth and families in the development of programs that are responsive to their needs. Beginning in 2012, Leadership of IFR and program staff facilitated the involvement of youth and families in an extensive planning process conducted by the Mission Peace Collaborative (MPC) to develop a 5 year violence prevention plan. Stakeholders included community and civic leaders, faith based community, parents, teachers, youth and the business community. Along with other agency members of the MPC, IFR has participated in three (3) town hall meetings to develop strategies and recommendations to present a 5 year plan. The involvement of parents, youth and families has informed the process to date. It is the intention to remain active in this community planning process and ensure that youth and families play a major role in service priorities and design.

As part of the Cultural Competency evaluation conducted at our agency in October 2013, youth from this program participated in a focus group to gather feedback on their sense of involvement in the program design, information about the sensitivity of the providers (language, culture, and social

City Fiscal Year: 2015-2016

Contract Term: 07/01/15 - 06/30/16

sensitivity), and recommendations for improvement. Based on the findings and following the Department of Public Health guidelines, a Community Advisory Board (CAB) for our youth program will be established by March 2015. The CAB members will be engaged in the input and/or participation in agency cultural events and fundraising events/activities as well as in advising on youth development competency for providers and providing valuable insight for program's assessment.

IFR through its TR&HS program has promoted the principle of improving service coordination with the goal of providing a seamless experience for clients: TR&HS has enhanced IFR's capacity to promote trauma informed perspective as part of service coordination among violence prevention providers in the Mission District. Since the inception of TR&HS, one of the principle goals has been to increase Trauma sensitivity, understanding, and compassion among community members and service providers. As a leading agency in providing mental health and social services, IFR has had a strong influence among the network of Latino providers to view violence as a public health issue. This program in particular has made a tremendous difference in engaging and building capacity within non-mental health agencies to integrate case development methodologies that improve outcomes for isolated youth and families. In addition to case development approaches to care, the program has utilized healing circle and community interventions to increase access and quality of care to Youth and Families who are affiliated and or identified with gang activity or street violence. While continue to work toward standards of practice among violence preventions workers, it can be said that TR&HS has greatly influenced outreach workers and case managers with regard to the important of emotional and spiritual health for the target population as well as self-care.

7. Objectives and Measurements:

Goal #1: Increased Knowledge about available health, social and other community resources (traditional health services, cultural, faith based).

i. During FY15-16, 85% of youth and families referred for TR &HS will receive follow-up as demonstrated by client referral and disposition log maintained at the program.

Goal #2: Increased access to and utilization of behavioral health services (clinical, cultural-based healing, peer-led and other recovery-oriented services).

- i. During Fiscal Year 15-16, 25 youth will receive individual interventions and of these, 60% will demonstrate improvements in symptoms of depression, anxiety, self-concept, and/or behavior as measured by pre and post T-scores on the UCLA PTSD Index Trauma Screen, client self-report, and/or observations as reflected in the client's charts.
- ii. During FY 15-16, a total of 6 parents and 5 youth will complete multi-sessions group on the issue of reunification and its relationship to risk behavior among youth. Parents will learn to identify trauma and basic skills to address behaviors; parents will receive linkage services to community resources. Participants who complete these Psycho-educational group sessions will be asked to complete a survey to determine if the intervention enhances knowledge and understanding between youth and parent/adult caretaker.

8. Continuous Quality Improvement:

CMS#6960

Contractor: Instituto Familiar de la Razc

City Fiscal Year: 2015-2016

IFR strives to comply with all CQI standards for DPH, CBHS and AIDS to meet prevailing standards of care. IFR is committed to working collaboratively with the Evaluation Unit to design and implement evaluation measures in the program. To ensure CQI, random QA reviews and biweekly supervision has been a standard of practice for TR & HS. The Program adapted CBHS charting standards when it began in 2006 to document direct services, and developed an indirect reporting form to track mental health consultation services and community interventions. For this program, youth and families are not registered into AVATAR; however, a chart is opened and follows minimum guidelines based on CBHS protocols. Charts are maintained at IFR. Client registration occurs for youth who are in brief therapy or crisis counseling. The Clinical Supervisor is responsible for reviewing and approving the assessment, treatment plan, and disposition planning.

On a staffing level, CQI is supported through supervision, administrative reviews and training. The Behavioral Health Specialists are supervised on a bi-weekly basis by a licensed clinician.

TR&HS is a component of La Cultura Cura (LCC), and as such, the full-time behavioral health specialists are part of the program team and attend a biweekly administrative meeting with the Program Manager who is the liaison to the HealthRight360 and MNC programs. In addition, the LCC Program Manager and Behavioral Health Specialists (BHSs) convene the Care Management Development Meetings with Network providers in the system. The Care Development Meetings ensure quality and standards of care in case management services and improve the coordination of services to the target population. The BHSs provide review of case management service plans and supervision for up to 4 Case Managers in the Network. The IFR Program Director dedicates 5% to CQI activities while the BHS dedicates 15% to quality assurance activities.

In order to develop the staff's ability to provide quality services the following activities will take place:

- a. Program staff will attend a minimum of six hours of training on trauma informed approaches including CBT, Psycho-educational interventions and crises response.
- b. Program staff will attend training on provision of services to the designated target population of the program, regardless of ethnic, cultural background, gender, sexual orientation, creed, or disability.
- Program staff will participate in meetings or training necessary for the implementation and maintenance of the System of Care.
- d. Program staff will participate in an ongoing series of HIPAA trainings to increase their ability to maintain compliance.
- e. Program staff will participate in six hours of training in Groups facilitation.
- f. Program staff will attend trainings to increase knowledge, skills, and approaches to violence prevention and trauma recovery to the target population of youth and families served.
- g. Program staff under this exhibit will attend a minimum of one annual cultural event sponsored by the agency during FY 15-16.

HIPAA Compliance Procedures:

- a. DPH Privacy Policy is integrated in the contractor's governing policies and procedures regarding patient privacy and confidentiality. The IFR Program Director will ensure that the policy and procedures as outlined in the DPH Privacy Policy have been adopted, approved, and implemented.
- b. All staff who handles patient health information are trained (including new hires) and annually updated in the agency privacy/confidentiality policies and procedures. The LCC Program Manager will ensure that documentation shows that all staff has been trained.
- c. The contractor's Privacy Notice is written and provided to all clients served by the organization in their native language. If the document is not available in the client's relevant language, verbal

City Fiscal Year: 2015-2016

Contract Term: 07/01/15 - 06/30/16

translation is provided. The LCC Program Manager will ensure that documentation is in the patient's chart, at the time of the chart review, that the patient was "notified."

- d. A Summary of the above Privacy Notice is posted and visible in registration and common areas of the organization. The LCC Program Manager will ensure the presence and visibility of posting in said areas.
- e. Each disclosure of a client's health information for the purposes other than treatment, payment, or operations is documented. The LCC Program Manager will ensure that documentation is in the client's chart, at the time of the chart review.
- f. Authorization for disclosure of a client's health information is obtained prior to release: (1) to provider outside the DPH Safety Net; or (2) from a substance abuse program. The LCC Program Manager will ensure that an authorization form that meets the requirements of HIPAA is signed and in the client's chart during the next chart review.

Contractor: Instituto Familiar de la Razino.

3. Goal Statement:

Instituto Familiar de la Raza will assemble a venue-based triage team to respond to youth emergencies, with emphasis upon Mission district and Latino citywide, through venue-based outreach and support at schools, youth centers, and other locations. To address youth emergencies, Semillas de Paz will conduct an assessment utilizing appropriate assessment tools and prepare an individual and/or family service plan. Services will be provided until the client can be safely transferred to another provider or terminated in accord with Medi-Cal standards for Mode 15 services. This is a cost reimbursement contract with CBHS for FY 15-16.

4. Target Population:

Semillas de Paz will provide with timely mental health, trauma support, and case management services in emergencies during FY 15-16. The target population will be Latino children and youth, primarily between the ages of 12 to 24. This program will have primary focus on serving youth and young adults impacted by varying levels of trauma as a result of violence due to street affiliation, intimate partner, and bullying. The project will also emphasize services to recently arrived immigrant minors. Services will focus on addressing the service gaps to serve the recent surge in minors arriving to the City including ensuring that there is access to treatment, legal, and educational support services to this highly traumatized and vulnerable population.

Modality(s)/Intervention(s):

Clinical Case Management

Crisis Triage Counselors (CTC) will screen clients referred for services and will coordinate the authorization of clients from the Child Crisis. Eligible clients will be assessed for needs and readiness for services. The CTCs assigned to a case will identify relevant community linkages and follow-up support.

CTCs will implement and update the care plan, including 1) identifying service needs, 2) brokerage of services with other providers (intra and inter-agency), 3) client advocacy, 4) coordination of services, and 5)

Contractor: Instituto Familiar de la Raza

City Fiscal Year: 2015-2016

follow-up and monitoring of the goals, objectives and activities involved in serving the client's needs. Progress notes maintained by CTCs will address goals and objectives from the service plan. They will indicate any change in the client's overall health and identify obstacles or problems faced by the client, which may require modifications to the Care Plan.

Follow-up and monitoring of clients may be planned, unplanned, or under crisis conditions.

Individual/Family Mental Health Services

Crisis Triage Counselors (CTC) will provide specialty mental health services. CTCs will render emergency debriefing and counseling to clients, family members, staff, and community members who have been affected by a traumatic event in order to support healthy functioning and reduce risk factors. Based on needs identified via CANS, a comprehensive individual service plan will be developed to address immediate concerns and needs. The assessment will help identify whether other family members might also warrant support or intervention. In such cases, a family service plan will be developed to identify the services, including case management and specialty mental health services, needed to address the issues contributing to the initial incident while also addressing contributing or preventive issues.

CTCs will determine an appropriate transfer or termination of support, and coordinate after-care services as needed. CTCs will compile and submit data and reports in a timely fashion.

CTCs will conduct risk assessments of clients in need of crises-related services on a drop-in basis through Wellness Centers at school sites and at community agencies participating in the program.

Group Therapeutic Services

During FY 15-16, a team of Crisis Triage Counselors (CTC) will facilitate therapeutic group interventions. These interventions will address trauma and self-care and will be targeted to youth as well as parents/guardians. Group interventions will be provided in the spring of 2015, and will serve up to 6 youth and 5 parents. As part of the group interventions, discussions on the topic of reunification and its relationship to risk behavior among youth will take place. Through these group interventions, IFR also aims to provide tools to parents/guardians to identify trauma and basic skills to address behaviors. Parents/guardians will receive linkage services to community resources.

Case Conferencing

IFR will schedule Case Conferences among IFR staff and other providers involved in the client's care. These conferences will serve for coordination of provider efforts, determining collateral services to link youth and family with, and to determine service providers' roles. Case conferencing will also assist with facilitating communication between service providers, family, and contacts with the client and/or on behalf of the client in order to advance treatment and/or service coordination goals.

6. Methodology:

A. Outreach and Engagement:

Semillas de Paz has assembled an outreach plan and has identified community centers, and areas where youth tend to congregate. IFR will coordinate with the SFUSD's "Unaccompanied Immigrant Children Program Coordinator" on the identification of middle and high schools that require support based on the gravity of needs for emergency treatment services, support groups, and outreach efforts including capacity building to administrative staff and teachers in order to identify and reach the target population of Unaccompanied Minors.

The Transitional Aged-Youth Peer Advocate will act as mentor to youth clients to provide support and enhance their capacity to remain engage in services and overall engagement with community resources.

IFR will develop formal collaborations with key Mission District and Citywide youth serving organizations to offer the service to the target population and will delve into further discussions with organizations such

City Fiscal Year: 2015-2016

Contractor: Instituto Familiar de la Razc

as CARECEN, Mission Neighborhood Centers, THC's La Voz, and other community organizations to enhance outreach efforts. Informational flyers describing the array of services of Semillas de Paz will be distributed to the target population in these community venues, SFUSD sites, CBO's and other locations in and around the Mission District, as well as Citywide, where youth and families congregate.

B. Admission, Enrollment, and Intake:

Referrals will be received from the Mobile Crisis Treatment Team, Child Crisis Team, and Crisis Response Team, SFUSD providers, partner CBO's, SFVIP, and may also be self-referred individuals that meet criteria for services. If medical necessity is met, then standards for Mode 15 will be followed and client will be registered in system of care through AVATAR. All other direct services will follow standards for Mode 45 and will be documented following internal processes. Semillas de Paz team and CYF-CBHS Representatives will convene on a monthly basis to review open cases and authorization of services.

IFR will adhere to prevailing guidelines of CBHS with regard to treatment of clients. All clients will be informed of their rights as consumers and will be given linguistically accurate documentation of their client rights and of their right to privacy as required by HIPAA

Refereed youth and families will have access to intra-agency resources (e.g., Family Resource Services which provides social services to uninsured families with children under 5years-old) or to appropriate outside service providers.

C. Delivery Model:

Crisis Triage Counselors (CTC) will meet with client to conduct a criteria and eligibility screening, assess for service access readiness, safety, and implement a thorough psycho-social needs assessment. Authorization for services will be reviewed by CBHS during monthly meetings. Based on needs identified through psycho-social screening, a comprehensive individual service plan will be developed to address immediate concerns and needs. The assessment will help identify whether other family members might also warrant support or intervention. In such cases, a family service plan will be developed by the assigned provider to identify the additional services, including case management and therapy, needed to address the issues contributing to the initial incident while also addressing contributing or preventive issues.

Clients referred for therapeutic services will meet with Crisis Triage Counselor specializing in Mental Health services to conduct a short-version of CANS-clinical assessment and a clinical service plan will be developed. Clients presenting medical necessity will be enrolled in the system of care and a full reassessment will be performed 60 days from opening case following CBHS standards for Mode 15. Plans of Care will be updated as informed by re-assessment scores and as required by client driven developments including crisis, hospitalization, or incarceration. All other direct services not opened in AVATAR will follow standards for Mode 45. Detailed documentation of referrals will be kept updated. Semillas de Paz will also coordinate secondary services (i.e. support services from other providers), and determine an appropriate transfer or termination of support.

Semillas de Paz team will provide coverage during those hours when emergencies, accidents, and violent activities occur most frequently—late afternoon to early evening. The bulk of coverage will take place from 2:00—9:00pm when school is out and many youth have nowhere to go. One Crisis Triage Counselor specializing in Mental Health Services and two Crisis Triage Counselors specializing in Case Management services will be available during this shift. The overlap in coverage extends the hours of outreach and support time while providing additional staffing during critical after-school periods. Mission Connect staff will coordinate and work with Mobile Crisis Treatment Team, Child Crisis Team,

Contract Term: 07/01/15 - 06/30/16

City Fiscal Year: 2015-2016

Contractor: Instituto Familiar de la Raz no.

and Crisis Response Team to identify emerging problem areas and issues throughout the Mission District and citywide. The team will be responsible for maintaining an active caseload, data collection and reporting requirements. Since a significant amount of case management linkages, mental health support, and follow-up visits will generally need to be done during normal business hours, one CTC will likely undertake many of the duties related to updating client files, data collection, and program reporting.

Semillas de Paz will work as a coordinated team. The TAY Peer Advocate will be engaged in providing outreach coverage in pre-designated sites. The TAY Peer Advocate will remain visible in various community venues where they will gain the trust of individuals frequenting these areas. Client-related work will be delegated among the remaining team members. The CTCs specializing in case management will provide initial and ongoing assessments and identify additional relevant community linkages and follow-up support. The CTC specializing in mental health services will provide ongoing mental health assessments, support, and related referrals. The Crisis Triage Supervisor will review cases to ensure appropriate treatment and standards of care are in place and adhered to.

D. Exit Criteria and Process:

In a coordinated manner, the Crisis Triage Counselors, under guidance of the Crisis Triage Supervisor, a licensed behavioral health provider, will consider such factors as suicidal risk factors, domestic violence exposure, substance abuse involvement, recent trauma, community functioning, progress, and status of Care Plan objectives to determine which clients can be discharged from services. For direct services a chart/case review will be conducted to assess client need for services and/or creation of a step-down plan into the community or system of care. Chart maintenance and standards of documentation will be reviewed within existing agency protocols.

E. Program Staffing:

Please refer to Appendix B.

F. Systems Transformation:

A Trauma-Informed intervention will aim to address the issue of youth community violence as a public health issue that needs to be undertaken at multiple levels. This program aims to address behavioral issues as salient in the prevention and treatment of trauma and youth violence.

IFR's Semillas de Paz is aligned with the principles of MHSA to engage youth and families in the development of programs that are responsive to their needs. Beginning in 2012, Leadership of IFR and program staff facilitated the involvement of youth and families in an extensive planning process conducted by the Mission Peace Collaborative to develop a 5 year violence prevention plan. Stakeholders included community and civic leaders, faith based community, parents, teachers, youth and the business community. Along with other agency members of MPC, IFR has participated in 3 town hall meetings to develop strategies and recommendations to present a 5 year plan. The involvement of parents, youth and families has informed the process to date. As a result of the comprehensive community planning process the MPC nominated IFR to lead what became the Roadmap to Peace (RTP) Steering Committee which is tasked with advancing the goals identified by the 5-year plan including resource administration and oversight. The RTP 5-year plan document has been published and supported by various City Department Directors as a best practice approach to community planning and consensusbuilding. It is our intention to remain active in this community planning process and ensure that youth and families play a major role in service priorities and design.

Contractor: Instituto Familiar de la Razc Contract Term: 07/01/15 - 06/30/16

City Fiscal Year: 2015-2016

As part of the Cultural Competency evaluation conducted at our agency in October 2013, youth from La Cultura Cura program participated in a focus group to gather feedback on their sense of involvement in the program design, information about the sensitivity of the providers (language, culture, and social sensitivity), and recommendations for improvement. Based on the findings and following the Department of Health guidelines, a Community Advisory Board (CAB) for our youth program will be established by March 2015. The CAB members will be engaged in the input and/or participation in agency cultural events and fundraising events/activities as well as in advising on youth development competency for providers and providing valuable insight for program's assessment.

IFR's programs recently completed a year-long series of Trauma-Informed Care trainings and program re-design to ensure providers are versed in service delivery with a trauma-informed lens to care. The process was instrumental in reiterating the importance of our agency's commitment to create an environment where the values and tenets of trauma-informed care are experienced throughout all of our service delivery efforts, from program staff to the families and providers we serve. Semillas de Paz will enhance the ability of IFR to partner with SFUSD and identified CBO's to offer capacity building support and access to trauma specific treatment through Case Conferencing and targeted workshops to providers and families.

Through Semillas de Paz, and following the framework of IFR's Trauma Recovery & Healing Services program, IFR will promote the principle of improving service coordination with the goal of providing seamless experience for clients. Semillas de Paz aims to expand its impact on engaging and building capacity within non-mental health agencies to integrate case development methodologies that improve outcomes for isolated youth and families.

7. Objectives and Measurements:

Individualized Objectives:

- During FY 15-16, up to 30 clients will receive Individual Case Management services as documented by a master log.
- At least 50% of clients receiving Case Management services will have complete at least one treatment goal as stated in Plan of Care by the end of the fiscal year as documented in clients' chart.
- During FY 15-16, up to 10 clients will receive individual mental health interventions as documented by master log kept by program and/or by AVATAR reports.
- At least 50% of clients receiving Mental Health Services will demonstrate improvements in symptoms as measured by CANS re-assessment, by client self-report, and/or by observations as reflected in the client's chart. Data will be collected through AVATAR reports. For services not opened in AVATAR, a summary of clients' progress will be prepared at the end of the fiscal year.
- During FY 15-16, up to 6youth and 5parents/guardians will participate and benefit from Therapeutic Group interventions as documented by a master log kept by Crisis Triage Counselor.
- At least 60% of parents/guardians participating in Therapeutic Group interventions will report that they are better able to respond to the behavioral and social-emotional needs of their children, and will express a better understanding of behavior linked to trauma, as measured by a Parent/Guardian satisfaction survey to be administered by June 2015 and documented by Semillas de Paz team.

Contractor: Instituto Familiar de la Ra- Inc. Appendix A-11

City Fiscal Year: 2015-2016

Contract Term: 07/01/15 - 06/30/16

8. Continuous Quality Improvement:

CQI is supported through supervision, administrative reviews and training. The Crisis Triage Counselors are supervised on a weekly basis by a licensed clinician. All Semillas de Paz staff also receives Administrative supervision from the Program Manager to advance contract specific outcomes. During weekly meetings the status of new and continuing cases are reviewed for quality control and to identify areas for improvement. For review of access and utilization of open cases, Semillas de Paz team will convene with the CYF CBHS Representatives on a monthly basis.

In addition to weekly supervision, bi-monthly program PURCQ and CM Q&A will provide systematic oversight of service documentation to ensure standards of care and compliance for chart maintenance. Program PURQC will chart for all documentation requirements; Assessments, Plans of Care and the Client Service Authorization (CSA) Request. Medical records are reviewed within two months of opening and then once again at 6 months from opening date. Feedback is given to each Crisis Triage Counselor/Mental Health Specialist whose chart is up for review. Feedback includes items that are out of compliance and need immediate action. A deadline is provided as to when feedback must be addressed. The medical record is them reviewed once again to ensure compliance. Feedback is stored in the PURQC binder.

Semillas de Paz will develop an indirect reporting form to track services to clients who do not meet medical necessity and are not registered in AVATAR. For these cases, a chart is opened and follows minimum guidelines based on CBHS protocols.

The La Cultura Cura Manager, Case Managers, Peer and MH Specialists convene the Capacity Building Meetings with network providers in the system. Case Conferences will be held to ensure quality and standards of care in case management services and improve the coordination of services to the target population.

Periodic trainings will be held among all Semillas de Paz team members to ensure the team is up-todate on needs and protocols related to outreach and case management, and continuing education related to effectively serving the community.

In order to develop the staff's ability to provide quality services the following activities will take place:

- a. Program staff will attend a minimum of six hours of training on trauma informed approaches including CBT, Psycho-educational interventions and crises response.
- b. Program staff will attend training on provision of services to the designated target population of the program, regardless of ethnic, cultural background, gender, sexual orientation, creed, or disability.
- c. Program staff will participate in meetings or training necessary for the implementation and maintenance of the System of Care.
- d. Program staff will participate in an ongoing series of HIPPA trainings to increase their ability to maintain compliance.
- e. Program staff will participate in six hours of training in Groups facilitation.
- f. Program staff will attend trainings to increase knowledge, skills, and approaches to violence prevention and trauma recovery to the target population of youth and families served.
- g. Program staff under this exhibit will attend a minimum of one annual cultural event sponsored by the agency during FY 15-16.

3. Goal Statement:

To support the achievement of milestones of the Roadmap to Peace (RTP) initiative through work with community partners. RTP is the collective effort of community stakeholders to address the need of Latino/a disconnected youth, in the Mission District and citywide, to reduce violence and advance health and safety outcomes through comprehensive, coordinated, and timely interventions.

4. Target Population:

Latino/a disconnected youth ages 13-24, at-risk and in-risk of gun and gang/street violence in the Mission district and citywide.

5. Modality(s)/Intervention(s):

The focus of the RTP Service Connector position will be to enhance a coordinated network of services to respond to the most vulnerable youth through engagement of partner agencies as well as identification of other agencies serving the target population. The goal of RTP is to provide services that are trauma informed and based on restorative justice practices. This position will support the development of a service integration model. RTP will work closely with the Community Builder/Planner to advance the goals, objectives and strategies of this initiative.

6. Methodology:

• Identification and Engagement of partners:

The RTP Service Connector in consultation with the Community Builder/Planner will identify new partners to participate in RTP and engage existing partners to work toward integrating efforts to connect youth on demand to a continuum of support in workforce and economic opportunities, health, housing, legal/immigrant services, arts & culture, and education within a restorative justice and trauma-informed approach.

- Networking:
 - The RTP Service Connector will coordinate bi-monthly networking meetings among RTP providers for coordination of activities and meeting with potential RTP partners.
- Assessment of Service Integration model:
 - The RTP Service Connector will assess and evaluate existing procedures and tools used by RTP partners for the intake of clients and delivery of services in order to strategically implement a service integration model tailored to the needs of the Latino youth/TAY that is community defined and evidenced informed to address the root causes of violence.
- Training & Capacity Building for implementation of Case Conference Methods:
 The RTP Service Connector will develop the guidelines to implement shared care conferencing methods and will coordinate training activities among the RTP providers network to adopt restorative justice and trauma-informed practices in the delivery of services/interventions/and individual goals of program participants.

A Youth Peer will work with the RTP Service Connector to inform the training on restorative justice and trauma-informed approaches; the Youth Peer will outreach to youth and coordinate activities for a Town Hall meeting to be held in June 2016.

7. Objectives and Measurements:

A. Required Objectives

Does not apply to this program.

B. Individualized Program Objectives

- The RTP Service Connector will recruit between 3 and 5 new partners for the implementation of RTP by June 2016. A membership list will be kept by the RTP Service Connector.
- The RTP Service Connector will convene at least 4 networking meetings by June 2016 for RTP activities coordination. Log-in sheets will be kept for each meeting.
- A plan for trainings on restorative justice and trauma-informed approach will be developed by June 2016. Documentation of Trainings Plan will be kept by the RTP Service Connector.

Contractor: Instituto Familiar de la Raz Inc.

Appendix A-12

City Fiscal Year: 2015-2016

CMS#: 6960

Contract Term: 01/01/16 - 06/30/16

 At least one training on restorative justice, trauma-informed approach as well as shared care conferencing approach will be performed by June 2016 as evidenced by log-in sheets and meeting agendas.

8. Continuous Quality Improvement:

The RTP Lead Agency's Executive Director will provide oversight of development and quality assurance of the program. The RTP Steering Committee will be actively involved in the ongoing assessment of the service network capacity building and in the monitoring of advancement toward objectives and accomplishment of the RTP timeline.

9. Required Language:

CBHS CYF-ECMHCI Required Language:

- A. For CBHS CYF SOC ECMHCI: Contractor will adhere to all stipulated CBHS requirements for the completion of Site Agreements for each assigned program site and/or service setting. Contractor also will comply with all stipulations of content, timelines, ensuring standards of practice, and all reporting requirements as put forth by the CBHS ECMHCI SOC Program Manager and RFP-10-2013.
- B. Changes may occur to the composition of program sites during the contract year due to a variety of circumstances. Any such changes will be coordinated between the contractor and the CBHS ECMHCI SOC Program Manager and will not necessitate a modification to the Appendix-A target population table. Contractor is responsible for assigning mental health consultants to all program sites and for notifying the CBHS ECMHCI SOC Program Manager of any changes.

Appendix B Calculation of Charges

1. Method of Payment

A. Invoices furnished by CONTRACTOR under this Agreement must be in a form acceptable to the Contract Administrator and the CONTROLLER and must include the Contract Progress Payment Authorization number or Contract Purchase Number. All amounts paid by CITY to CONTRACTOR shall be subject to audit by CITY. The CITY shall make monthly payments as described below. Such payments shall not exceed those amounts stated in and shall be in accordance with the provisions of Section 5, COMPENSATION, of this Agreement.

Compensation for all SERVICES provided by CONTRACTOR shall be paid in the following manner. For the purposes of this Section, "General Fund" shall mean all those funds which are not Work Order or Grant funds. "General Fund Appendices" shall mean all those appendices which include General Fund monies.

- (1) Fee For Service (Monthly Reimbursement by Certified Units at Budgeted Unit Rates)
 CONTRACTOR shall submit monthly invoices in the format attached, Appendix F, and in a form acceptable to the
 Contract Administrator, by the fifteenth (15th) calendar day of each month, based upon the number of units of
 service that were delivered in the preceding month. All deliverables associated with the SERVICES defined in
 Appendix A times the unit rate as shown in the appendices cited in this paragraph shall be reported on the invoice(s)
 each month. All charges incurred under this Agreement shall be due and payable only after SERVICES have been
 rendered and in no case in advance of such SERVICES.
- (2) Cost Reimbursement (Monthly Reimbursement for Actual Expenditures within Budget):
 CONTRACTOR shall submit monthly invoices in the format attached, Appendix F, and in a form acceptable to the Contract Administrator, by the fifteenth (15th) calendar day of each month for reimbursement of the actual costs for SERVICES of the preceding month. All costs associated with the SERVICES shall be reported on the invoice each month. All costs incurred under this Agreement shall be due and payable only after SERVICES have been rendered and in no case in advance of such SERVICES.

B. Final Closing Invoice

(1) Fee For Service Reimbursement:

A final closing invoice, clearly marked "FINAL," shall be submitted no later than forty-five (45) calendar days following the closing date of each fiscal year of the Agreement, and shall include only those SERVICES rendered during the referenced period of performance. If SERVICES are not invoiced during this period, all unexpended funding set aside for this Agreement will revert to CITY. CITY'S final reimbursement to the CONTRACTOR at the close of the Agreement period shall be adjusted to conform to actual units certified multiplied by the unit rates identified in Appendix B attached hereto, and shall not exceed the total amount authorized and certified for this Agreement.

(2) Cost Reimbursement:

A final closing invoice, clearly marked "FINAL," shall be submitted no later than forty-five (45) calendar days following the closing date of each fiscal year of the Agreement, and shall include only those costs incurred during the referenced period of performance. If costs are not invoiced during this period, all unexpended funding set aside for this Agreement will revert to CITY.

- C. Payment shall be made by the CITY to CONTRACTOR at the address specified in the section entitled "Notices to Parties."
- D. Upon the effective date of this Agreement, contingent upon prior approval by the CITY'S Department of Public Health of an invoice or claim submitted by Contractor, and of each year's revised Appendix A (Description of Services) and each year's revised Appendix B (Program Budget and Cost Reporting Data Collection Form), and within each fiscal year, the CITY agrees to make an initial payment to CONTRACTOR not to exceed twenty-five per cent (25%) of the General Fund and the Mental Health Services Act (MHSA) portion of the CONTRACTOR'S allocation for the applicable fiscal year.

1 | P a g e July 1, 2015 Appendix B: CMS#6960 CONTRACTOR agrees that within that fiscal year, this initial payment shall be recovered by the CITY through a reduction to monthly payments to CONTRACTOR during the period of October 1 through March 31 of the applicable fiscal year, unless and until CONTRACTOR chooses to return to the CITY all or part of the initial payment for that fiscal year. The amount of the initial payment recovered each month shall be calculated by dividing the total initial payment for the fiscal year by the total number of months for recovery. Any termination of this Agreement, whether for cause or for convenience, will result in the total outstanding amount of the initial payment for that fiscal year being due and payable to the CITY within thirty (30) calendar days following written notice of termination from the CITY.

2. Program Budgets and Final Invoice

A. Program Budgets are listed below and are attached hereto.

Budget Summary

Appendix B-1: Adult Outpatient Behavioral Health Clinic

Appendix B-2: Behavioral Health Primary Care Integration

Appendix B-3: Indigena Health and Wellness Collaborative

Appendix B-4a: Child Outpatient Behavioral Health Services (General Fund)

Appendix B-4b: Child Outpatient Behavioral Health Clinic (EPSDT)

Appendix B-5: Early Intervention Program (EIP) Child Care Mental Health Consultation Initiative

Appendix B-6: La Cultura Cura ISCS/EPSDT Services

Appendix B-7: Early Intervention Program-Consultation, Affirmation, Resources, Education & Empowerment Program (CARE)

Appendix B-8: MHSA Early Intervention Program (EIP) Child Care Mental Health Consultation Initiative

Appendix B-9: Trauma Recovery and Healing Services

Appendix B-10: MHSA PEI Early Intervention program (EIP) Child Care Mental Health Consultation Initiative

Appendix B-11: Semillas de Paz

Appendix B-12: Roadmap to Peace

B. COMPENSATION

Compensation shall be made in monthly payments on or before the 30th day after the DIRECTOR, in his or her sole discretion, has approved the invoice submitted by CONTRACTOR. The breakdown of costs and sources of revenue associated with this Agreement appears in Appendix B, Cost Reporting/Data Collection (CR/DC) and Program Budget, attached hereto and incorporated by reference as though fully set forth herein. The maximum dollar obligation of the CITY under the terms of this Agreement shall not exceed **Twenty Six Million One Hundred Thirty Six Thousand Nine Hundred Ten Dollars (\$26,136,910)** for the period of July 1, 2010 through December 31, 2017.

CONTRACTOR understands that, of this maximum dollar obligation, \$1,128,961 is included as a contingency amount and is neither to be used in Appendix B, Budget, or available to CONTRACTOR without a modification to this Agreement executed in the same manner as this Agreement or a revision to Appendix B, Budget, which has been approved by the Director of Health. CONTRACTOR further understands that no payment of any portion of this contingency amount will be made unless and until such modification or budget revision has been fully approved and executed in accordance with applicable CITY and Department of Public Health laws, regulations and policies/procedures and certification as to the availability of funds by the Controller. CONTRACTOR agrees to fully comply with these laws, regulations, and policies/procedures.

- (1) For each fiscal year of the term of this Agreement, CONTRACTOR shall submit for approval of the CITY's Department of Public Health a revised Appendix A, Description of Services, and a revised Appendix B, Program Budget and Cost Reporting Data Collection form, based on the CITY's allocation of funding for SERVICES for the appropriate fiscal year. CONTRACTOR shall create these Appendices in compliance with the instructions of the Department of Public Health. These Appendices shall apply only to the fiscal year for which they were created. These Appendices shall become part of this Agreement only upon approval by the CITY.
- (2) CONTRACTOR understands that, of the maximum dollar obligation stated above, the total amount to be used in Appendix B, Budget and available to CONTRACTOR for the entire term of the contract is as follows, not

2 |,P a g e July 1, 2015

Appendix B: CMS#6960

Amendment Two Instituto Familiar de la Raza withstanding that for each fiscal year, the amount to be used in Appendix B, Budget and available to CONTRACTOR for that fiscal year shall conform with the Appendix A, Description of Services, and a Appendix B, Program Budget and Cost Reporting Data Collection form, as approved by the CITY's Department of Public Health based on the CITY's allocation of funding for SERVICES for that fiscal year.

Total July 1, 2010 through December 31, 2017	\$ 26,136,910
Contingency: July 1, 2010 through December 31, 2017	\$1,128,961
Sub Total: July 1, 2010 through December 31, 2017	\$25,007,949
July 1, 2017 through December 31, 2017	\$ 2,250,487
July 1, 2016 through June 30, 2017	\$ 5,371,458
July 1, 2015 through June 30, 2016	\$ 3,572,131
July 1, 2014 through June 30, 2015	\$ 3,572,131
July 1, 2013 through June 30, 2014	\$ 2,802,850
July 1, 2012 through June 30, 2013	\$ 2,540,799
July 1, 2011 through June 30, 2012	\$ 2,494,207
July 1, 2010 through June 30, 2011	\$ 2,403,886

- (3) CONTRACTOR understands that the CITY may need to adjust sources of revenue and agrees that these needed adjustments will become part of this Agreement by written modification to CONTRACTOR. In event that such reimbursement is terminated or reduced, this Agreement shall be terminated or proportionately reduced accordingly. In no event will CONTRACTOR be entitled to compensation in excess of these amounts for these periods without there first being a modification of the Agreement or a revision to Appendix B, Budget, as provided for in this section of this Agreement.
- C. CONTRACTOR further understands that \$1,211,814 of the period from July 1, 2010 through December 31, 2010 in the Contract Number BPHM07000052 is included in this Agreement. Upon execution of this Agreement, all the terms under this Agreement will supersede the Contract Number BPHM07000052 for the Fiscal Year 2010-2011.
 - D. CONTRACTOR agrees to comply with its Budget as shown in Appendix **B** in the provision of SERVICES. Changes to the budget that do not increase or reduce the maximum dollar obligation of the CITY are subject to the provisions of the Department of Public Health Policy/Procedure Regarding Contract Budget Changes. CONTRACTOR agrees to comply fully with that policy/procedure.
 - E. No costs or charges shall be incurred under this Agreement nor shall any payments become due to CONTRACTOR until reports, SERVICES, or both, required under this Agreement are received from CONTRACTOR and approved by the DIRECTOR as being in accordance with this Agreement. CITY may withhold payment to CONTRACTOR in any instance in which CONTRACTOR has failed or refused to satisfy any material obligation provided for under this Agreement.
 - F. In no event shall the CITY be liable for interest or late charges for any late payments.
- G. CONTRACTOR understands and agrees that should the CITY'S maximum dollar obligation under this Agreement include State or Federal Medi-Cal revenues, CONTRACTOR shall expend such revenues in the provision of SERVICES to Medi-Cal eligible clients in accordance with CITY, State, and Federal Medi-Cal regulations. Should CONTRACTOR fail to expend budgeted Medi-Cal revenues herein, the CITY'S maximum dollar obligation to CONTRACTOR shall be proportionally reduced in the amount of such unexpended revenues. In no event shall State/Federal Medi-Cal revenues be used for clients who do not qualify for Medi-Cal reimbursement.

Appendix D Additional Terms

1. PROTECTED HEALTH INFORMATION AND BAA

The parties acknowledge that CITY is a Covered Entity as defined in the Healthcare Insurance Portability and Accountability Act of 1996 ("HIPAA") and is required to comply with the HIPAA Privacy Rule governing the access, transmission, and storage of health information.

The	parties acknowledge that CONTRACTOR is one of the following:
\boxtimes	CONTRACTOR <u>will</u> render services under this contract that include possession or knowledge of identifiable Protected Health Information (PHI), such as health status, health care history, or payment for health care history obtained from CITY. Specifically, CONTRACTOR will:
	Create PHI
	Receive PHI
	Maintain PHI
	• Transmit PHI and/or
	 Access PHI
· 🗀	The Business Associate Agreement (BAA) in Appendix E is required. Please note that BAA requires attachments to be completed. CONTRACTOR will not have knowledge of, create, receive, maintain, transmit, or have access
!J	to any Protected Health Information (PHI), such as health status, health care history, or payment for health care history obtained from CITY.
	The Business Associate Agreement is <u>not</u> required.

2. THIRD PARTY BENEFICIARIES

No third parties are intended by the parties hereto to be third party beneficiaries under this Agreement, and no action to enforce the terms of this Agreement may be brought against either party by any person who is not a party hereto.

1 | P a g e July 1, 2015: Appendix D CMS#6960

Amendment Two Instituto Familiar de la Raza

Appendix E

San Francisco Department of Public Health Business Associate Agreement

This Business Associate Agreement ("Agreement") supplements and is made a part of the contract or Memorandum of Understanding ("CONTRACT")] by and between the City and County of San Francisco, Covered Entity ("CE") and Contractor, Business Associate ("BA"). To the extent that the terms of the Contract are inconsistent with the terms of this Agreement, the terms of this Agreement shall control.

In order to access SFDPH Systems, BA must have their employees/agents sign and retain in their files the *User Agreement for Confidentiality*, *Data Security and Electronic Signature* form located at https://www.sfdph.org/dph/files/HIPAAdocs/2015Revisions/ConfSecElecSigAgr.pdf

During the term of this contract, the BA will be required to complete the SFDPH Privacy, Data Security and Compliance Attestations located at https://www.sfdph.org/dph/files/HIPAAdocs/PDSCAttestations.pdf and the Data Trading

Partner Request [to Access SFDPH Systems] located at

https://www.sfdph.org/dph/files/HIPAAdocs/DTPAuthorization.pdf

RECITALS

A. CE wishes to disclose certain information to BA pursuant to the terms of the Contract, some of which may constitute Protected Health Information ("PHI") (defined below).

B. CE and BA intend to protect the privacy and provide for the security of PHI disclosed to BA pursuant to the CONTRACT in compliance with the Health Insurance Portability and Accountability Act of 1996, Public Law 104-191 ("HIPAA"), the Health Information Technology for Economic and Clinical Health Act, Public Law 111-005 ("the HITECH Act"), and regulations promulgated there under by the U.S. Department of Health and Human Services (the "HIPAA Regulations") and other applicable laws, including, but not limited to, California Civil Code §§ 56, et seq., California Health and Safety Code § 1280.15, California Civil Code §§ 1798, et seq., California Welfare & Institutions Code §§5328, et seq., and the regulations promulgated there under (the "California Regulations").

C. As part of the HIPAA Regulations, the Privacy Rule and the Security Rule (defined below) require CE to enter into a contract containing specific requirements with BA prior to the disclosure of PHI, as set forth in, but not limited to, Title 45, Sections 164.314(a), 164.502(a) and (e) and 164.504(e) of the Code of Federal Regulations ("C.F.R.") and contained in this Agreement.

D. BA enters into agreements with CE that require the CE to disclose certain identifiable health information to BA. The parties desire to enter into this Agreement to permit BA to have access to such information and comply with the BA requirements of HIPAA, the HITECH Act, and the HIPAA Regulations.

In consideration of the mutual promises below and the exchange of information pursuant to this Agreement, the parties agree as follows:

1. Definitions.

a. Breach means the unauthorized acquisition, access, use, or disclosure of PHI that compromises the security or privacy of such information, except where an unauthorized person to whom such information is disclosed would not reasonably have been able to retain such information, and shall have the meaning given to such term under the HITECH Act and HIPAA Regulations [42 U.S.C. Section

Appendix E San Francisco Department of Public Health

Business Associate Agreement

17921 and 45 C.F.R. Section 164.402], as well as California Civil Code Sections 1798.29 and 1798.82.

- b. **Breach Notification Rule** shall mean the HIPAA Regulation that is codified at 45 C.F.R. Parts 160 and 164, Subparts A and D.
- c. **Business Associate** is a person or entity that performs certain functions or activities that involve the use or disclosure of protected health information received from a covered entity, and shall have the meaning given to such term under the Privacy Rule, the Security Rule, and the HITECH Act, including, but not limited to, 42 U.S.C. Section 17938 and 45 C.F.R. Section 160.103.
- d. Covered Entity means a health plan, a health care clearinghouse, or a health care provider who transmits any information in electronic form in connection with a transaction covered under HIPAA Regulations, and shall have the meaning given to such term under the Privacy Rule and the Security Rule, including, but not limited to, 45 C.F.R. Section 160.103.
- e. **Data Aggregation** means the combining of Protected Information by the BA with the Protected Information received by the BA in its capacity as a BA of another CE, to permit data analyses that relate to the health care operations of the respective covered entities, and shall have the meaning given to such term under the Privacy Rule, including, but not limited to, 45 C.F.R. Section 164.501.
- f. **Designated Record Set** means a group of records maintained by or for a CE, and shall have the meaning given to such term under the Privacy Rule, including, but not limited to, 45 C.F.R. Section 164.501.
- g. Electronic Protected Health Information means Protected Health Information that is maintained in or transmitted by electronic media and shall have the meaning given to such term under HIPAA and the HIPAA Regulations, including, but not limited to, 45 C.F.R. Section 160.103. For the purposes of this Agreement, Electronic PHI includes all computerized data, as defined in California Civil Code Sections 1798.29 and 1798.82.
- h. Electronic Health Record means an electronic record of health-related information on an individual that is created, gathered, managed, and consulted by authorized health care clinicians and staff, and shall have the meaning given to such term under the HITECT Act, including, but not limited to, 42 U.S.C. Section 17921.
- i. Health Care Operations means any of the following activities: i) conducting quality assessment and improvement activities; ii) reviewing the competence or qualifications of health care professionals; iii) underwriting, enrollment, premium rating, and other activities related to the creation, renewal, or replacement of a contract of health insurance or health benefits; iv) conducting or arranging for medical review, legal services, and auditing functions; v) business planning development; vi) business management and general administrative activities of the entity. This shall have the meaning given to such term under the Privacy Rule, including, but not limited to, 45 C.F.R. Section 164.501.
- j. Privacy Rule shall mean the HIPAA Regulation that is codified at 45 C.F.R. Parts 160 and 164, Subparts A and E.
- k. Protected Health Information or PHI means any information, including electronic PHI, whether oral or recorded in any form or medium: (i) that relates to the past, present or future physical or mental condition of an individual; the provision of health care to an individual; or the past, present or future payment for the provision of health care to an individual; and (ii) that identifies the individual or with respect to which there is a reasonable basis to believe the information can be used to identify the individual, and shall have the meaning given to such term under the Privacy Rule, including, but not limited to, 45 C.F.R. Sections 160.103

Appendix E

San Francisco Department of Public Health Business Associate Agreement

- and 164.501. For the purposes of this Agreement, PHI includes all medical information and health insurance information as defined in California Civil Code Sections 56.05 and 1798.82.
- 1. Protected Information shall mean PHI provided by CE to BA or created, maintained, received or transmitted by BA on CE's behalf.
- m. Security Incident means the attempted or successful unauthorized access, use, disclosure, modification, or destruction of information or interference with system operations in an information system, and shall have the meaning given to such term under the Security Rule, including, but not limited to, 45 C.F.R. Section 164.304.
- n. Security Rule shall mean the HIPAA Regulation that is codified at 45 C.F.R. Parts 160 and 164, Subparts A and C.
- o. Unsecured PHI means PHI that is not secured by a technology standard that renders PHI unusable, unreadable, or indecipherable to unauthorized individuals and is developed or endorsed by a standards developing organization that is accredited by the American National Standards Institute, and shall have the meaning given to such term under the HITECH Act and any guidance issued pursuant to such Act including, but not limited to, 42 U.S.C. Section 17932(h) and 45 C.F.R. Section 164.402.

2. Obligations of Business Associate.

- a. Permitted Uses. BA may use, access, and/or disclose PHI only for the purpose of performing BA's obligations for or on behalf of the City and as permitted or required under the Contract [MOU] and Agreement, or as required by law. Further, BA shall not use PHI in any manner that would constitute a violation of the Privacy Rule or the HITECH Act if so used by CE. However, BA may use Protected Information as necessary (i) for the proper management and administration of BA; (ii) to carry out the legal responsibilities of BA; (iii) as required by law; or (iv) for Data Aggregation purposes relating to the Health Care Operations of CE [45 C.F.R. Sections 164.502, 164.504(e)(2). and 164.504(e)(4)(i)].
- b. Permitted Disclosures. BA shall disclose Protected Information only for the purpose of performing BA's obligations for or on behalf of the City and as permitted or required under the Contract [MOU] and Agreement, or as required by law. BA shall not disclose Protected Information in any manner that would constitute a violation of the Privacy Rule or the HITECH Act if so disclosed by CE. However, BA may disclose Protected Information as necessary (i) for the proper management and administration of BA; (ii) to carry out the legal responsibilities of BA; (iii) as required by law; or (iv) for Data Aggregation purposes relating to the Health Care Operations of CE. If BA discloses Protected Information to a third party, BA must obtain, prior to making any such disclosure, (i) reasonable written assurances from such third party that such Protected Information will be held confidential as provided pursuant to this Agreement and used or disclosed only as required by law or for the purposes for which it was disclosed to such third party, and (ii) a written agreement from such third party to immediately notify BA of any breaches, security incidents, or unauthorized uses or disclosures of the Protected Information in accordance with paragraph 2. k. of the Agreement, to the extent it has obtained knowledge of such occurrences [42] U.S.C. Section 17932; 45 C.F.R. Section 164.504(e)]. BA may disclose PHI to a BA that is a subcontractor and may allow the subcontractor to create, receive, maintain, or transmit Protected Information on its behalf, if the BA obtains

Appendix E San Francisco Department of Public Health Business Associate Agreement

satisfactory assurances, in accordance with 45 C.F.R. Section 164.504(e)(1), that the subcontractor will appropriately safeguard the information [45 C.F.R. Section 164.502(e)(1)(ii)].

c. Prohibited Uses and Disclosures. BA shall not use or disclose PHI other than as permitted or required by the Contract and Agreement, or as required by law. BA shall not use or disclose Protected Information for fundraising or marketing purposes. BA shall not disclose Protected Information to a health plan for payment or health care operations purposes if the patient has requested this special restriction, and has paid out of pocket in full for the health care item or service to which the PHI solely relates [42 U.S.C. Section 17935(a) and 45 C.F.R. Section 164.522(a)(1)(vi)]. BA shall not directly or indirectly receive remuneration in exchange for Protected Information, except with the prior written consent of CE and as permitted by the HITECH Act, 42 U.S.C. Section 17935(d)(2), and the HIPAA regulations, 45 C.F.R. Section 164.502(a)(5)(ii); however, this prohibition shall not affect payment by CE to BA for services provided pursuant to the Contract.

d. Appropriate Safeguards. BA shall take the appropriate security measures to protect the confidentiality, integrity and availability of PHI that it creates, receives, maintains, or transmits on behalf of the CE, and shall prevent any use or disclosure of PHI other than as permitted by the Contract or this Agreement, including, but not limited to, administrative, physical and technical safeguards in accordance with the Security Rule, including, but not limited to, 45 C.F.R. Sections 164.306, 164.308, 164.310, 164.312, 164.314 164.316, and 164.504(e)(2)(ii)(B). BA shall comply with the policies and procedures and documentation requirements of the Security Rule, including, but not limited to, 45 C.F.R. Section 164.316, and 42 U.S.C. Section 17931. BA is responsible for any civil penalties assessed due to an audit or investigation of BA, in accordance with 42 U.S.C. Section 17934(c).

e. Business Associate's Subcontractors and Agents. BA shall ensure that any agents and subcontractors that create, receive, maintain or transmit Protected Information on behalf of BA, agree in writing to the same restrictions and conditions that apply to BA with respect to such PHI and implement the safeguards required by paragraph 2.d. above with respect to Electronic PHI [45 C.F.R. Section 164.504(e)(2) through (e)(5); 45 C.F.R. Section 164.308(b)]. BA shall mitigate the effects of any such violation.

Accounting of Disclosures. Within ten (10) calendar days of a request by CE for an accounting of disclosures of Protected Information or upon any disclosure of Protected Information for which CE is required to account to an individual, BA and its agents and subcontractors shall make available to CE the information required to provide an accounting of disclosures to enable CE to fulfill its obligations under the Privacy Rule, including, but not limited to, 45 C.F.R. Section 164.528, and the HITECH Act, including but not limited to 42 U.S.C. Section 17935 (c), as determined by CE. BA agrees to implement a process that allows for an accounting to be collected and maintained by BA and its agents and subcontractors for at least six (6) years prior to the request. However, accounting of disclosures from an Electronic Health Record for treatment, payment or health care operations purposes are required to be collected and maintained for only three (3) years prior to the request, and only to the extent that BA maintains an Electronic Health Record. At a minimum, the information collected and maintained shall include: (i) the date of disclosure; (ii) the name of the entity or person who received Protected Information and, if known, the address of the entity or person; (iii) a brief description of Protected Information disclosed; and

Appendix E

San Francisco Department of Public Health Business Associate Agreement

(iv) a brief statement of purpose of the disclosure that reasonably informs the individual of the basis for the disclosure, or a copy of the individual's authorization, or a copy of the written request for disclosure [45 C.F.R. 164.528(b)(2)]. If an individual or an individual's representative submits a request for an accounting directly to BA or its agents or subcontractors, BA shall forward the request to CE in writing within five (5) calendar days.

g. Access to Protected Information. BA shall make Protected Information maintained by BA or its agents or subcontractors in Designated Record Sets available to CE for inspection and copying within (5) days of request by CE to enable CE to fulfill its obligations under state law [Health and Safety Code Section 123110] and the Privacy Rule, including, but not limited to, 45 C.F.R. Section 164.524 [45 C.F.R. Section 164.504(e)(2)(ii)(E)]. If BA maintains Protected Information in electronic format, BA shall provide such information in electronic format as necessary to enable CE to fulfill its obligations under the HITECH Act and HIPAA Regulations, including, but not limited to, 42 U.S.C. Section 17935(e) and 45 C.F.R. 164.524.

h. Amendment of Protected Information. Within ten (10) days of a request by CE for an amendment of Protected Information or a record about an individual contained in a Designated Record Set, BA and its agents and subcontractors shall make such Protected Information available to CE for amendment and incorporate any such amendment or other documentation to enable CE to fulfill its obligations under the Privacy Rule, including, but not limited to, 45 C.F.R Section 164.526. If an individual requests an amendment of Protected Information directly from BA or its agents or subcontractors, BA must notify CE in writing within five (5) days of the request and of any approval or denial of amendment of Protected Information maintained by BA or its agents or subcontractors [45 C.F.R. Section 164.504(e)(2)(ii)(F)].

i. Governmental Access to Records. BA shall make its internal practices, books and records relating to the use and disclosure of Protected Information available to CE and to the Secretary of the U.S. Department of Health and Human Services (the "Secretary") for purposes of determining BA's compliance with HIPAA [45 C.F.R. Section 164.504(e)(2)(ii)(I)]. BA shall provide CE a copy of any Protected Information and other documents and records that BA provides to the Secretary concurrently with providing such Protected Information to the Secretary.

j. Minimum Necessary. BA, its agents and subcontractors shall request, use and disclose only the minimum amount of Protected Information necessary to accomplish the intended purpose of such use, disclosure, or request. [42 U.S.C. Section 17935(b); 45 C.F.R. Section 164.514(d)]. BA understands and agrees that the definition of "minimum necessary" is in flux and shall keep itself informed of guidance issued by the Secretary with respect to what constitutes "minimum necessary" to accomplish the intended purpose in accordance with HIPAA and HIPAA Regulations.

k. **Data Ownership.** BA acknowledges that BA has no ownership rights with respect to the Protected Information.

1. Notification of Breach. BA shall notify CE within 5 calendar days of any breach of Protected Information; any use or disclosure of Protected Information not permitted by the Agreement; any Security Incident (except as otherwise provided below) related to Protected Information, and any use or disclosure of data in violation of any applicable federal or state laws by BA or its agents or subcontractors. The notification shall include, to the extent possible, the identification of each individual whose unsecured Protected Information has been,

Appendix E San Francisco Department of Public Health

Business Associate Agreement

or is reasonably believed by the BA to have been, accessed, acquired, used, or disclosed, as well as any other available information that CE is required to include in notification to the individual, the media, the Secretary, and any other entity under the Breach Notification Rule and any other applicable state or federal laws, including, but not limited, to 45 C.F.R. Section 164.404 through 45 C.F.R. Section 164.408, at the time of the notification required by this paragraph or promptly thereafter as information becomes available. BA shall take (i) prompt corrective action to cure any deficiencies and (ii) any action pertaining to unauthorized uses or disclosures required by applicable federal and state laws. [42 U.S.C. Section 17921; 42 U.S.C. Section 17932; 45 C.F.R. 164.410; 45 C.F.R. Section 164.504(e)(2)(ii)(C); 45 C.F.R. Section 164.308(b)]

m. Breach Pattern or Practice by Business Associate's Subcontractors and Agents. Pursuant to 42 U.S.C. Section 17934(b) and 45 C.F.R. Section 164.504(e)(1)(iii), if the BA knows of a pattern of activity or practice of a subcontractor or agent that constitutes a material breach or violation of the subcontractor or agent's obligations under the Contract or this Agreement, the BA must take reasonable steps to cure the breach or end the violation. If the steps are unsuccessful, the BA must terminate the contractual arrangement with its subcontractor or agent, if feasible. BA shall provide written notice to CE of any pattern of activity or practice of a subcontractor or agent that BA believes constitutes a material breach or violation of the subcontractor or agent's obligations under the Contract or this Agreement within five (5) calendar days of discovery and shall meet with CE to discuss and attempt to resolve the problem as one of the reasonable steps to cure the breach or end the violation.

3. Termination.

- a. Material Breach. A breach by BA of any provision of this Agreement, as determined by CE, shall constitute a material breach of the CONTRACT and this Agreement and shall provide grounds for immediate termination of the CONTRACT and this Agreement, any provision in the CONTRACT to the contrary notwithstanding. [45 C.F.R. Section 164.504(e)(2)(iii)].
- b. Judicial or Administrative Proceedings. CE may terminate the CONTRACT and this Agreement, effective immediately, if (i) BA is named as defendant in a criminal proceeding for a violation of HIPAA, the HITECH Act, the HIPAA Regulations or other security or privacy laws or (ii) a finding or stipulation that the BA has violated any standard or requirement of HIPAA, the HITECH Act, the HIPAA Regulations or other security or privacy laws is made in any administrative or civil proceeding in which the party has been joined.
- c. Effect of Termination. Upon termination of the CONTRACT and this Agreement for any reason, BA shall, at the option of CE, return or destroy all Protected Information that BA and its agents and subcontractors still maintain in any form, and shall retain no copies of such Protected Information. If return or destruction is not feasible, as determined by CE, BA shall continue to extend the protections and satisfy the obligations of Section 2 of this Agreement to such information, and limit further use and disclosure of such PHI to those purposes that make the return or destruction of the information infeasible [45 C.F.R. Section 164.504(e)(2)(ii)(J)]. If CE elects destruction of the PHI, BA shall certify in writing to CE that such PHI has been destroyed in accordance with the Secretary's guidance regarding proper destruction of PHI.

Appendix E

San Francisco Department of Public Health Business Associate Agreement

d. Civil and Criminal Penalties. BA understands and agrees that it is subject to civil or criminal penalties applicable to BA for unauthorized use, access or disclosure or Protected Information in accordance with the HIPAA Regulations and the HITECH Act including, but not limited to, 42 U.S.C. 17934 (c).

e. Disclaimer. CE makes no warranty or representation that compliance by BA with this Agreement, HIPAA, the HITECH Act, or the HIPAA Regulations or corresponding California law provisions will be adequate or satisfactory for BA's own purposes. BA is solely responsible for all decisions made by BA regarding the safeguarding of PHI.

4. Amendment to Comply with Law.

The parties acknowledge that state and federal laws relating to data security and privacy are rapidly evolving and that amendment of the CONTRACT or this Agreement may be required to provide for procedures to ensure compliance with such developments. The parties specifically agree to take such action as is necessary to implement the standards and requirements of HIPAA, the HITECH Act, the HIPAA regulations and other applicable state or federal laws relating to the security or confidentiality of PHI. The parties understand and agree that CE must receive satisfactory written assurance from BA that BA will adequately safeguard all Protected Information. Upon the request of either party, the other party agrees to promptly enter into negotiations concerning the terms of an amendment to this Agreement embodying written assurances consistent with the standards and requirements of HIPAA, the HITECH Act, the HIPAA regulations or other applicable state or federal laws. CE may terminate the Contract upon thirty (30) days written notice in the event (i) BA does not promptly enter into negotiations to amend the CONTRACT or this Agreement when requested by CE pursuant to this section or (ii) BA does not enter into an amendment to the Contract or this Agreement providing assurances regarding the safeguarding of PHI that CE, in its sole discretion, deems sufficient to satisfy the standards and requirements of applicable laws.

5. Reimbursement for Fines or Penalties.

In the event that CE pays a fine to a state or federal regulatory agency, and/or is assessed civil penalties or damages through private rights of action, based on an impermissible use or disclosure of PHI by BA or its subcontractors or agents, then BA shall reimburse CE in the amount of such fine or penalties or damages within thirty (30) calendar days.

THIS ENDORSEMENT CHANGES THE POLICY. PLEASE READ IT CAREFULLY.

ADDITIONAL INSURED - DESIGNATED PERSON OR ORGANIZATION

This endorsement modifies insurance provided under the following:

COMMERCIAL GENERAL LIABILITY COVERAGE PART

SCHEDULE

Name Of Additional Insured Person(s) Or Organization(s)

Any person or organization that you are required to add as an additional insured on this policy, under a written contract or agreement currently in effect, or becoming effective during the term of this policy. The additional insured status will not be afforded with respect to liability arising out of or related to your activities as a real estate manager for that person or organization.

CITY AND COUNTY OF SAN FRANCISCO, COMMUNITY BEHAVIORAL HEALTH SERVICES. THEIR OFFICERS, AGENTS, AND DIRECTORS

Information required to complete this Schedule, if not shown above, will be shown in the Declarations.

Section II - Who Is An Insured is amended to include as an additional insured the person(s) or organization(s) shown in the Schedule, but only with respect to liability for "bodily injury", "property damage" or "personal and advertising injury" caused, in whole or in part, by your acts or omissions or the acts or omissions of those acting on your behalf:

- A. In the performance of your ongoing operations; or
- B. In connection with your premises owned by or rented to you.

City and County of San Francisco Office of Contract Administration Purchasing Division

First Amendment

THIS AMENDMENT (this "Amendment") is made as of July 1, 2012, in San Francisco, California, by and between Instituto Familiar de La Raza ("Contractor"), and the City and County of San Francisco, a municipal corporation ("City"), acting by and through its Director of the Office of Contract Administration.

RECITALS

WHEREAS, City and Contractor have entered into the Agreement (as defined below); and

WHEREAS, City and Contractor desire to modify the Agreement on the terms and conditions set forth herein to renew the contract for Fiscal Year 2012-2013:

- 1) Appendix A-6 Mental Health Consultation/SED Classroom and Appendix A-10 Mindfulness Training Interventions for Youth and Their Providers will not be renewed for FY 12-13
- 2) add Appendix A, Appendices A-1 through A-10, Appendix B, Appendices B-1 through B-10
- 3) add Appendix F Invoice Template; and
- 4) increase the Compensation for Fiscal Year 2012-2013 with a Cost of Doing Business Increase of 1.91% in the amount of Thirty Five Thousand Two Hundred Forty Three Dollars (\$35,243).

WHEREAS, approval for this Amendment was obtained when the Civil Service Commission approved Contract numbers 4150-09/10, 4152-09/10 and 4160-09/10 on June 21, 2010;

NOW, THEREFORE, Contractor and the City agree as follows:

- Definitions. The following definitions shall apply to this Amendment: 1.
- Agreement. The term "Agreement" shall mean the Agreement dated July 1, 2010 from the RFP 23-2009, dated July 31, 2009, Contract Numbers BPHM11000026 and DPHM11000277 between Contractor and City, as amended by this First Amendment.
- Other Terms, Terms used and not defined in this Amendment shall have the meanings assigned to such terms in the Agreement.
- 2. Modifications to the Agreement. The Agreement is hereby modified as follows:
 - Section 2. Term of the Agreement is provided for reference only: 2a.
 - 2. Term of the Agreement

Subject to Section 1, the term of this Agreement shall be from July 1, 2010 to December 31, 2015.

- Section 5. Compensation of the Agreement is provided for reference only: 2b.
- 5. Compensation

	July 1	2012	
	CMS	[#] 6960	
instituto Familia	r de La	. Kaza	

5505

Compensation shall be made in monthly payments on or before the 30th day of each month for work, as set forth in Section 4 of this Agreement, that the Director of the Public Health Department, in his or her sole discretion, concludes has been performed as of the 30th day of the immediately preceding month. In no event shall the amount of this Agreement exceed Fourteen Million Two Hundred Nineteen Thousand One Hundred Sixty One Dollars (\$14,219,161). The breakdown of costs associated with this Agreement appears in Appendix B, "Calculation of Charges," attached hereto and incorporated by reference as though fully set forth herein.

No charges shall be incurred under this Agreement nor shall any payments become due to Contractor until reports, services, or both, required under this Agreement are received from Contractor and approved by The Department of Public Health as being in accordance with this Agreement. City may withhold payment to Contractor in any instance in which Contractor has failed or refused to satisfy any material obligation provided for under this Agreement.

In no event shall City be liable for interest or late charges for any late payments.

- 2c. Appendix A Services to be provided by Contractor and Appendices A-1 through A-10 dated 07/01/2012 (i.e., July 1, 2012) are hereby added for Fiscal Year 2012-2013.
- 2d. Appendix B Calculation of Charges and Appendices B-1 through B-10 dated 07/01/2012 (i.e., July 1, 2012) are hereby added for Fiscal Year 2012-2013.
- 2e. Appendices A-1 through A-10 have been renumbered from the Original Agreement due to the elimination of funding for Appendices A-6 and Appendix A-10 for Fiscal Year 2012-2013.
 - 2f. Revised Appendix F, Invoice Template dated 07/01/2012 (i.e., July 1, 2012) is hereby attached.
- 2g. A Cost of Doing Business Increase of 1.91% has been added to the Compensation for Fiscal Year 2012-2013.
- 3. Effective Date. Each of the modifications set forth in Section 2 shall be effective on and after July 1, 2012.
- 4. Legal Effect. Except as expressly modified by this Amendment, all of the terms and conditions of the Agreement shall remain unchanged and in full force and effect.

IN WITNESS WHEREOF, Contractor and City have executed this Amendment as of the date first referenced above. CITY CONTRACTOR: Recommended by: INSTITUTO FAMILIAR DE LA RAZA BARBAKA A. GARCIA, MPA. Appendix A

Community Behavioral Health Services Services to be provided by Contractor

1. Terms

A. Contract Administrator:

In performing the Services hereunder, Contractor shall report to Erik Dubon, Contract Administrator for the City, or his/her designee.

B. Reports:

Contractor shall submit written reports as requested by the City. The format for the content of such reports shall be determined by the City. The timely submission of all reports is a necessary and material term and condition of this Agreement. All reports, including any copies, shall be submitted on recycled paper and printed on double-sided pages to the maximum extent possible.

C. <u>Evaluation</u>:

Contractor shall participate as requested with the City, State and/or Federal government in evaluative studies designed to show the effectiveness of Contractor's Services. Contractor agrees to meet the requirements of and participate in the evaluation program and management information systems of the City. The City agrees that any final written reports generated through the evaluation program shall be made available to Contractor within thirty (30) working days. Contractor may submit a written response within thirty working days of receipt of any evaluation report and such response will become part of the official report.

D. Possession of Licenses/Permits:

Contractor warrants the possession of all licenses and/or permits required by the laws and regulations of the United States, the State of California, and the City to provide the Services. Failure to maintain these licenses and permits shall constitute a material breach of this Agreement.

E. Adequate Resources:

Contractor agrees that it has secured or shall secure at its own expense all persons, employees and equipment required to perform the Services required under this Agreement, and that all such Services shall be performed by Contractor, or under Contractor's supervision, by persons authorized by law to perform such Services.

F. Admission Policy:

Admission policies for the Services shall be in writing and available to the public. Except to the extent that the Services are to be rendered to a specific population as described in the programs listed in Section 2 of Appendix A, such policies must include a provision that clients are accepted for care without discrimination on the basis of race, color, creed, religion, sex, age, national origin, ancestry, sexual orientation, gender identification, disability, or AIDS/HIV status.

G. San Francisco Residents Only:

Only San Francisco residents shall be treated under the terms of this Agreement. Exceptions must have the written approval of the Contract Administrator.

H. Grievance Procedure:

Contractor agrees to establish and maintain a written Client Grievance Procedure which shall include the following elements as well as others that may be appropriate to the Services: (1) the name or title of the person or persons authorized to make a determination regarding the grievance; (2) the opportunity for the aggrieved party to discuss the grievance with those who will be making the determination; and (3) the right of a client dissatisfied with the decision to ask for a review and recommendation from the community advisory board or planning council that has purview over the aggrieved service. Contractor shall provide a copy of this procedure, and any amendments thereto, to each client and to the Director of Public Health or his/her designated agent (hereinafter

I

referred to as "DIRECTOR"). Those clients who do not receive direct Services will be provided a copy of this procedure upon request.

I. Infection Control, Health and Safety:

- (1) Contractor must have a Bloodborne Pathogen (BBP) Exposure Control plan as defined in the California Code of Regulations, Title 8, Section 5193, Bloodborne Pathogens (http://www.dir.ca.gov/title8/5193.html), and demonstrate compliance with all requirements including, but not limited to, exposure determination, training, immunization, use of personal protective equipment and safe needle devices, maintenance of a sharps injury log, post-exposure medical evaluations, and recordkeeping.
- (2) Contractor must demonstrate personnel policies/procedures for protection of staff and clients from other communicable diseases prevalent in the population served. Such policies and procedures shall include, but not be limited to, work practices, personal protective equipment, staff/client Tuberculosis (TB) surveillance, training, etc.
- (3) Contractor must demonstrate personnel policies/procedures for Tuberculosis (TB) exposure control consistent with the Centers for Disease Control and Prevention (CDC) recommendations for health care facilities and based on the Francis J. Curry National Tuberculosis Center: Template for Clinic Settings, as appropriate.
- (4) Contractor is responsible for site conditions, equipment, health and safety of their employees, and all other persons who work or visit the job site.
- (5) Contractor shall assume liability for any and all work-related injuries/illnesses including infectious exposures such as BBP and TB and demonstrate appropriate policies and procedures for reporting such events and providing appropriate post-exposure medical management as required by State workers' compensation laws and regulations.
- (6) Contractor shall comply with all applicable Cal-OSHA standards including maintenance of the OSHA 300 Log of Work-Related Injuries and Illnesses.
- (7) Contractor assumes responsibility for procuring all medical equipment and supplies for use by their staff, including safe needle devices, and provides and documents all appropriate training.
- (8) Contractor shall demonstrate compliance with all state and local regulations with regard to handling and disposing of medical waste.

J. Acknowledgment of Funding:

Contractor agrees to acknowledge the San Francisco Department of Public Health in any printed material or public announcement describing the San Francisco Department of Public Health-funded Services. Such documents or announcements shall contain a credit substantially as follows: "This program/service/activity/research project was funded through the Department of Public Health, City and County of San Francisco."

K. Client Fees and Third Party Revenue:

- (1) Fees required by federal, state or City laws or regulations to be billed to the client, client's family, or insurance company, shall be determined in accordance with the client's ability to pay and in conformance with all applicable laws. Such fees shall approximate actual cost. No additional fees may be charged to the client or the client's family for the Services. Inability to pay shall not be the basis for denial of any Services provided under this Agreement.
- (2) Contractor agrees that revenues or fees received by Contractor related to Services performed and materials developed or distributed with funding under this Agreement shall be used to increase the gross program funding such that a greater number of persons may receive Services. Accordingly, these revenues and fees shall not be deducted by Contractor from its billing to the City.

L. Billing and Information System

CONTRACTOR agrees to participate in the CITY'S Community Behavioral Health Services (CBHS) Billing and Information System (BIS) and to follow data reporting procedures set forth by the CBHS BIS and Quality Improvement Units.

M. Patients Rights:

All applicable Patients Rights laws and procedures shall be implemented.

N. <u>Under-Utilization Reports</u>:

For any quarter that CONTRACTOR maintains less than ninety percent (90%) of the total agreed upon units of service for any mode of service hereunder, CONTRACTOR shall immediately notify the Contract Administrator in writing and shall specify the number of underutilized units of service.

O. Quality Improvement:

CONTRACTOR agrees to develop and implement a Quality Improvement Plan based on internal standards established by CONTRACTOR applicable to the SERVICES as follows:

- (1) Staff evaluations completed on an annual basis.
- (2) Personnel policies and procedures in place, reviewed and updated annually.
- (3) Board Review of Quality Improvement Plan.

P. Working Trial Balance with Year-End Cost Report

If CONTRACTOR is a Non-Hospital Provider as defined in the State of California Department of Mental Health Cost Reporting Data Collection Manual, it agrees to submit a working trial balance with the year-end cost report.

Q. <u>Harm Reduction</u>

The program has a written internal Harm Reduction Policy that includes the guiding principles per Resolution # 10-00 810611 of the San Francisco Department of Public Health Commission.

- R. Compliance with Community Behavioral Health Services Policies and Procedures
 In the provision of SERVICES under CBHS contracts, CONTRACTOR shall follow all applicable policies and procedures established for contractors by CBHS, as applicable, and shall keep itself duly informed of such policies. Lack of knowledge of such policies and procedures shall not be an allowable reason for noncompliance.
- S. Space owned, leased or operated by San Francisco Department of Public Health providers, including satellite sites, and used by CLIENTS or STAFF shall meet local fire codes. Providers shall undergo of fire safety inspections at least every three (3) years and documentation of fire safety, or corrections of any deficiencies, shall be made available to reviewers upon request."

T. Clinics to Remain Open:

Outpatient clinics are part of the San Francisco Department of Public Health Community Behavioral Health Services (CBHS) Mental Health Services public safety net; as such, these clinics are to remain open to referrals from the CBHS Behavioral Health Access Center (BHAC), to individuals requesting services from the clinic directly, and to individuals being referred from institutional care. Clinics serving children, including comprehensive clinics, shall remain open to referrals from the 3632 unit and the Foster Care unit. Remaining open shall be in force for the duration of this Agreement. Payment for SERVICES provided under this Agreement may be withheld if an outpatient clinic does not remain open.

Remaining open shall include offering individuals being referred or requesting SERVICES appointments within 24-48 hours (1-2 working days) for the purpose of assessment and disposition/treatment planning, and for arranging appropriate dispositions.

In the event that the CONTRACTOR, following completion of an assessment, determines that it cannot provide treatment to a client meeting medical necessity criteria, CONTACTOR shall be responsible for the client until CONTRACTOR is able to secure appropriate services for the client.

CONTRACTOR acknowledges its understanding that failure to provide SERVICES in full as specified in Appendix A of this Agreement may result in immediate or future disallowance of payment for such SERVICES, in full or in part, and may also result in CONTRACTOR'S default or in termination of this Agreement.

2. Nature of Document

	New	\boxtimes	Renewal		Modification
--	-----	-------------	---------	--	--------------

3. Goal Statement

Provide behavioral health services to Chicano/Latino adults and families eligible for the San Francisco Health Plan. Services are provided in a culturally and linguistically appropriate manner in order to assist recovery from the effects of mental illness and substance abuse, and to improve the individual's capacity to participate in his/her community.

4. Target Population

The Clinic at IFR targets the Chicano/Latino community of San Francisco. The target population consists of men and women over the age of 18, and their families. Many are indigent, refugees, primarily monolingual (Spanish), and have limited ability to utilize services in English. Many of the people in the target population present with a history of psychological and, social trauma as well as substance abuse. Over 90% of people served live at or below the federal poverty level. All clients meet the criteria for medical necessity as determined by the policies of CBHS.

5. Modalities/Interventions

Definition of Billable Services

Billable services include Mental Health Services in the following forms:

<u>Mental Health Services</u>—means those individual or group therapies and interventions that are designed to provide reduction of mental disability and improvement or maintenance of functioning consistent with the goals of learning, development, independent living and enhanced self-sufficiency and that are not provided as a component of adult residential services, crisis services, residential treatment services, crisis stabilization, day rehabilitation, or day treatment intensive. Service activities may include but are not limited to assessment, plan development, therapy, rehabilitation, and collateral.

<u>Assessment</u>-means a service activity which may include a clinical analysis of the history and current status of a beneficiary's mental, emotional, or behavioral disorder, relevant cultural issues and history; diagnosis; and the use of testing procedures.

<u>Collateral</u>—means a service activity to a significant support person in a beneficiary's life with the intent of improving or maintaining the mental health of the beneficiary. The beneficiary may or may not be present for this service activity.

<u>Therapy</u> - means a service activity which is a therapeutic intervention that focuses primarily on symptom reduction as a means to improve the functional impairments. Therapy may be delivered to an individual or group of beneficiaries and may include family therapy at which the beneficiary is present.

<u>Medication Support Services</u> - means services which include prescribing, administering, dispensing, and monitoring of psychiatric medications or biological which are necessary to alleviate the symptoms

Date: 07/01/12

Appendix A-1 Contract Term:07/01/12 through 06/30/13

of mental illness. The services may include evaluation, of the need for medication, evaluation of clinical effectiveness and side effects, the obtaining of informed consent, medication education, and plan development related to the delivery of the services and/or assessment of the beneficiary.

<u>Crisis Intervention</u> - means a service, lasting less than 24 hours, to or on behalf of a beneficiary for a condition that requires more timely response than a regularly scheduled appointment. Service activities may include but are not limited to assessment, collateral, and therapy.

<u>Targeted Case Management</u>—means services that assist a beneficiary to access needed medical, educational, prevocational, vocational, rehabilitative, or other community service. The activities may include, but are not limited to, communication, coordination, and referral; monitoring service delivery to ensure beneficiary access to service and the service delivery system; monitoring of the beneficiary's progress; and plan development.

<u>Low Threshold</u>-This service is defined as activities for the purpose of encouraging those individuals in need of treatment to register and engage in services As well as linkage for clients to step down into community services/activities.

See Appendix B-1 for Units of Service.

6. Methodology

A. For direct client services (e.g. case management, treatment, prevention activities)

Outreach, Recruitment, Promotion, and Advertisement

IFR has a strong reputation in the community and receives a great number of referrals by clients who have received our service and refer friends and family and other community members. IFR also has long standing relationships with agencies and institutions in San Francisco (e.g., Mission Neighborhood Health Center, San Francisco general Hospital, S.F.U.S.D. and the Human Services Agency) that refer clients to our services. Whenever applicable, clients who are referred from inpatient services receive a face-to-face contact from our staff while still in the hospital in order to provide successful linkage to outpatient level of care.

For clients with chronic and serious mental illness who have multiple and severe functional impairment such as residents in CBHS-funded board-and-care, IFR will work with the CBHS Placement Team to facilitate and provide coordinate care; case management, medication services, and counseling, both at the outpatient clinic and at the clients home placement. The BHS will develop strategies for meaningful activities whenever possible; if the client has family in the area, family therapy may be with the goal of strengthening relationships may be part of the services.

IFR has a long standing policy to support and strengthen other agencies in San Francisco that responds to the Latino community by providing presentations, trainings, and information regarding culturally competent services.

Brochures describing the array of services including Behavioral Health Services, Psychiatric services and Case Management Services have been updated and are distributed to agencies in San Francisco and the Mission District.

Admission, Enrollment and Intake

IFR will adhere to CBHS guidelines regarding assessment and treatment of indigent (uninsured) clients.

Date: 07/01/12 Page 2 of 5

Appendix A-1
Contract Term:07/01/12 through 06/30/13

Contractor: Instituto Familiar de la Raza Program: Adult Outpatient Behavioral Health Clinic

Fiscal Year: 2012-2013

CMS#: 6950

All requests for services are initially triaged by an Intake Specialist or the O.D (Officer of the Day) system. The IFR screening process confirms that clients have San Francisco residency, do not have private insurance and are low income. They are screened for eligibility to receive services with an alternative source of payment (e.g., Medi-Cal or private insurance). It is important to note that many clients seen by IFR are not eligible for Medi-Cal.

The Initial Risk Assessment (IRA) is conducted to determine the urgency for care, screen for substance abuse, and medical necessity. Clients that do not meet eligibility requirements are referred to intraagency resources or to appropriate outside service providers.

For all new intakes, an appointment for face-to-face contact will be offered within 1-2 working days of initial request. All clients who meet medical necessity will be assigned to Behavioral Health Specialist and a full plan of care will be developed within 30 days. If it is determined that clients need services beyond the initial 30 days, a request for authorization will be submitted to the PURQC committee for additional hours.

All clients are informed of their rights under CBHS, are given linguistically accurate documentation of their right to privacy in regards to HIPAA and their Client Rights, which includes obtaining client signature and providing them with a copy. Consent for Treatment or Participation is required and clients are provided with a copy of the signed form. They are also informed of the Grievance Procedure process which is documented in the chart.

Service Delivery Model

IFR is located at 2919 Mission Street, in the heart of the Mission District, and is accessible by telephone at (415) 229-0500. Hours of operation are Monday through Friday, 9 a.m. to 7 p.m. and Saturdays from 9.00am to 2.00pm. Client emergencies are managed by the assigned psychotherapist, psychiatrist, Program Coordinator or by the scheduled Officer-of-the-Day (OD). This site meets minimum ADA requirements.

Coordinated Behavioral Health service delivery is based on a recovery model, varied psychosocial and alcohol abuse theories (such as CBT, Harm Reduction), psychodynamic and developmental theory) bicultural personality development and current best practices. This include utilization of family centered interventions, a coordinated, multidisciplinary team approach to provision of services, and the reinforcement of cultural strengths and identity, sensitivity to social factors and a commitment to assist clients in understanding and differentiating between social ills and personal problems.

Clients are assessed to identify behavioral health and substance abuse issues, their level of functioning, and the appropriateness of disposition to behavioral health and substance abuse services that may include case management, individual interventions, family therapy, psychiatric medication, or group services, and coordinated services with other agencies.

A step-down/exit group for women dealing with major depression and/or anxiety will be offered by IFR outpatient clinic.

The group will focus on psycho-education on adaptive coping mechanisms, identifying dysfunctional belief systems and replacing with an alternative belief, self-relaxation/visualization, and the development of a personal treatment plan of care. The group will run for 8 weeks.

Groups being offered by other IFR components can be accessed by Clinic clients. All group activities provide emotional support to members in order to maintain and reinforce the client's natural support system, reduce caretaker, and address the unique needs of Chicano/Latinos.

Date: 07/01/12

Page 3 of 5

Program: Adult Outpatient Behavioral Health Clinic

Fiscal Year: 2012-2013

CMS#: 6950

Appendix A-1 Contract Term:07/01/12 through 06/30/13

Cultural Affirmation Activities are a fundamental aspect of IFR's services. Cultural Affirmation Activities are defined as planned group events that enhance the cultural and spiritual identity of clients. These activities include: Tonanzin, Cuatemoc, Fiesta de Colores, Xilonen, Cinco de Mayo celebration, Indigenous Peoples Day, Immigrant Pride Day, Dia de los Muertos, Las Posadas, Latino Gay Night, Dia de las Madres and The Gay Pride Parade as well as other short-term interventions that focus on grief, loss, hope and inspiration using traditional interventions.

IFR has historically provided services to clients with dual-diagnosis of substance abuse using both Abstinence and Harm Reduction based models. Intervention approaches include a multidisciplinary staff that can provide an array of services, the inclusion of family and significant others, utilization of partnerships, community resources that will support recovery, as well as coordination with medical providers. In order to develop service capacity for dually diagnosed clients, we have focused on trainings for staff that includes harm reduction philosophy and cultural considerations.

The Clinic endorses a harm reduction and motivational approach to dual diagnosed clients and works proactively with other divisions within the Department of Public Health and community based partners and providers to ensure timely and coordinated efforts.

IFR Outpatient clinic will increase referrals of clients to vocational rehabilitation programs that have language and cultural capacity. IFR will incorporate the Wellness and Recovery perspective into its services by providing training in the Recovery perspective to all behavioral health staff and will send a representative to the quarterly Wellness Recovery Forum.

Program's Exit Criteria and Process

IFR's PURQC Committee provides oversight of client utilization to determine appropriate discharge/exit plans for clients no longer meeting medical necessity criteria. PURQC committee will consider such factors as: risk of harm, compliance, progress and status of Care Plan objectives, and the client's overall environment, to determine which clients can be stepped-down in service modality and frequency or discharged from services. Clients are often referred to other IFR or other community services to ensure their well-being. Part of the step down process includes linking clients with community organizations and services that can provide continued support and information of recourses available to promote clients well-being.

Program Staffing
Please see Appendix B-1

For Indirect Services N/A

7. Objectives and Measurements

A. Required Objectives

All objectives, and descriptions of how objectives will be measured, are contained in the CBHS document entitled Performance Objectives FY 12-13.

8. Continuous Quality Improvement

Achievement of contract performance objectives:

Date: 07/01/12

Page 4 of 5

Program: Adult Outpatient Behavioral Health Clinic

Fiscal Year: 2012-2013

CMS#: 6950

Appendix A-1 Contract Term:07/01/12 through 06/30/13

IFR has developed the Program Utilization Review and Quality Committee (PURQC); through this system IFR monitors performance objectives as established by the Department of Public Health-Community Behavioral Health Services.

The monitoring of Performance objectives are integrated throughout the process of services provision and PURQC, through the monthly revision of active clients' reports, periodic reviews of client improvement (PURQC), continuous revision of client activity during the 30-day initial period from case opening, and periodic charts review for ensuring documentation completion and quality. Based on the results of these monitoring processes, adjustments are made to individual cases as well as to the current systems.

Documentation quality, including a description of internal audits:

IFR has developed a comprehensive system for Continuous Quality Improvement that includes a Utilization Committee, individual and group supervision for all Behavioral Health staff, as well as training. All staff is given bi-monthly group supervision and weekly individual supervision to discuss client progress, treatment issues, and enhance skills in the areas of assessment, treatment development and clinical interventions. Trainings provided by CBHS that involve education on documentation guidelines as mandated by CBHS and the state of California as well as training on assessment instruments used as standard practice of care, are a requirement for all clinicians.

The outpatient clinic has a Program Utilization Review and Quality Committee (PURQC) that convenes weekly to review charts for all documentation requirements; Assessments, Plans of Care and the Client Service Authorization (CSA) Request. Cases are submitted to PURQC for initial Authorization, Re-Authorization, the Assessment, POC/CSI Update is required to be submitted with the Authorization Request, the number of hours that are authorized for each client are determined by the Service Intensity Guidelines.

Medical records are reviewed within two months of opening and then once again at the annual anniversary date. Feedback is given to each clinician whose chart is up for review. Feedback includes items that are out of compliance and need immediate action. A deadline is provided as to when feedback must be addressed. The medical record is them reviewed once again to ensure compliance. Feedback is stored in the PURQC binder.

The PURQC Committee is composed of a multi-disciplinary staff that includes Marriage and Family Therapists, Social Workers, Psychologists and other agency support staff. The committee keeps a record of PURQC meetings.

Periodic Review of documentation is performed manually by support staff.

Cultural competency of staff and services:

The staffing pattern and collaborative efforts directly aim at being representative and reflective of the groups within the community IFR serves. IFR staff represents a multidisciplinary, multi-ethnic cadre of people who demonstrate high levels of immersion in the cultural values of the community, their life experiences (as immigrants, women, gay and lesbian, transgender, etc.) as well as a high level of professional training. Retention of qualified staff is enhanced by ongoing quality professional staff development and by a responsive Human Resources department.

Client Satisfaction:

An annual client satisfaction is performed every year as per CBHS requirements. Results are analyzed and changes are implemented when necessary.

new		Kenewai	AvouiTication

3. Goal Statement

To implement a Behavioral Health and Primary Care Integration pilot project between IFR's adult outpatient IFR (La Clinica) and Mission Neighborhood Health Center' primary care clinic.

4. Target Population

The Target population consists of adult patients identified by the primary care medical doctors and or delegated staff as necessitating mental health interventions to support medical adherence. This contract serves the general population served by Mission Neighborhood Health Centers and specifically targets patients who due to cultural and linguistic barriers do not fully comply with medical regime to ensure best health outcomes.

primary care clinic (MNHC) to ensure follow-up. Each appointment is schedule for a minimum of thirty minutes, both drop-in and scheduled appointments. The main goal is for patients to be seen same-day. Patients that need more than 6 sessions will be referred to specialty mental health. Since this pilot program is a hybrid model, some of the encounters will be reserved to attend to clients who necessitate specialty mental health (these clients will meet medical necessity as per CBHS criteria.) Some of the intervention include but are not necessarily limited to the following:

- Symptom/issue reduction
- •Risk management
- •Crisis intervention·
- ·Linkage and referral
- ·Substance abuse screening and referral
- ·Referral to specialty mental health
- ·Provision of specialty mental health

Referral process:

- A member of the primary care team identifies patient that needs additional services
- A referral form is completed stating presenting issues
- Warm-hand-off of patient to BHC at an open slot time or schedule patient into a convenient appointment for same day or as soon as possible.

Program Staffing: Please refer to Appendix B-2.

3. Goal Statement

The Indigena Health and Wellness Collaborative is a partnership between Instituto Familiar de La Raza and Asociación Mayab that has the goal of improving the health and wellbeing of Indigena immigrant families by increasing access to health and social services, supporting spiritual and cultural activities that promote community building, strengthening social networks of support, and providing opportunities for healing as well as creating opportunities for early identification and interventions in families struggling to overcome trauma, depression, addictions, and other health and mental health problems.

4. Target Population

The target population for this project is Indigena immigrant families in San Francisco: comprised of mostly newly arrived young adults. The nearly 15,000 Maya-Yucatecos in San Francisco represent the largest and fastest growing Mayan immigrant community in the City. Other emerging Maya communities, including Mam and Quiché from Guatemala and Tzeltal and Chol from Chiapas account for an additional 4,000 to 6,000 more individuals.

Many of these individuals have relocated to the Mission (94110/94103) and Tenderloin Districts (94102) and to the Geary Boulevard and Clement Street (94115) corridors in recent years. For the vast majority of these immigrants, their native languages are their primary and preferred means of communication at work, home, and in many other community settings.

A survey conducted by Mayan students at San Francisco's City College in 2003 showed that the vast majority of Mayans were solo males between the ages of 14-35 years old and that many of them had immigrated to the US less than five years ago. In recent years, more and more Indigena women have come to San Francisco to join their partners, bringing with them their children.

5. Modality(ies)/Interventions

The Modalities for the interventions of the IHWC are as follow:

Wellness Promotion Activities (WPA)

Wellness Promotion Activities will focus in providing opportunities for spiritual and emotional enrichment and healing by organizing and sponsoring ceremonial, cultural and social gatherings and providing group education to families and individuals. WPA will also provide individual Health Education/Harm and Risk Reduction (HE/HRR) services to individuals and families identified to need additional support.

IFR will utilize traditional and contemporary interventions and venues to serve the target population. Spiritual ceremonies and cultural activities will be venues to inform, educate, and engage Mayan/Indigenas. The Collaborative will utilize its extensive network of relationships with traditional healers and groups to integrate wellness, health promotion and HE/HRR messages into traditional celebration, ceremonies and other cultural activities. All interventions and activities will be provided in a culturally congruent manner.

The Health Promotoras will support the program by organizing group activities as well as providing a range of peer based interventions including peer support, role modeling, emotional and practical support as well as

ess Collaborative

ract Term: 07/01/12 through 06/30/13

translation and interpretation. Small group interventions will include workshops on different health topics as well as cultural activities such as embroidery and webbing to decrease social isolation and provide cultural enrichment to foster a sense of belonging and interdependence.

Large group interventions will include a community forum designed by program staff on individual and collective trauma, integrative approaches to healing and offer tools to manage trauma and achieve a balance in everyday life. The forum will also bring together cultural indigenous and community organizations to have an exchange about culture, healing and wellness practices. The health promotoras will assist in the organizing of this event and will be present to provide education, outreach and engagement services to participants

Individual/Family Therapeutic Services

Individual/family interventions include Screening and Assessment, activities that will engage individuals and families in determining their own risks and needs (self-risk and needs assessments) and help them in designing a care plan, identifying individual and family strengths and tools within a cultural and spiritual framework to achieve their goals. It will also include HERR counseling, short term crisis intervention, clinical case management, barriers to wellness (trauma, substance abuse, domestic violence).

If as a result of the services provided, clients/families are in need of long term mental health services, they will be linked to IFR's outpatient services or other appropriate settings for treatment, including mental health services and psychiatric monitoring

Individual/Family Therapeutic services will be provided by the Early Intervention/Mental Health Specialist

Outreach and Engagement

The IHWC will sponsor group activities and workshops on cultural and artistic activities that will serve as venues to provide outreach and engagement, education and peer support to participants. The Health Promoters play a key role in recruitment of participants to attend ceremonies, cultural events and workshops. They engage the target population and encourage their participation in the range of services provided within the collaborative. They also facilitate referrals and linkages to health and social services to community members as needed. Program staff will work closely with the partner agencies to develop culturally congruent outreach and engagement materials, messages and strategies.

Training and Coaching'

Indigena Health Promotoras Program component relies on a team of 4 Mayan/Indigenous consumers/peers who have received training on outreach techniques, interpretation and health education, Health Promotoras will be mentored by professional staff in this collaborative to co-facilitate workshops and participate in cultural exchange/community forum on Trauma. The training and coaching for the promoters this year will focus on acquiring knowledge, skill and practice to provide emotional/practical support to individuals and families (listening skills, cultural competence, best practices, systems navigation and documentation).

6. Methodology

A. Outreach and Engagement:

Indigena Health Promoters will provide outreach to the target population and will include the following: Distribution of materials in settings where the target population congregates including restaurants, sports events, day labor sites such as Cesar Chavez and Mission Dolores Church. Outreach and Engagement activities will be street and venue-based. Street outreach will target areas such as the Cesar Chavez Street corridor, Mission and 16th Streets, the Tenderloin and Geary Blvd corridors and Civic Center. Venue based outreach will be conducted during IHWC group activities, and sports and cultural events organized by local Indigena organizations. Orientation to services for community based agencies will occur at designated staff meeting and will be reinforced with a written description of the collaborative. IFR, Native American Health Center/Urban Trails SF and Asociacion Mayab have wide and strong networks in the local Mayan/Indigenous communities that will also be used to distribute information and invite the community to participate in the activities planned by the programs.

During Outreach and Engagement Activities as well as Wellness Promotion Activities, Promoters will engage in brief encounters with clients to conduct a quick needs assessment and provide referrals to services as needed. Promoters will also be responsible to follow up on the status of these referrals and assist those clients who need

Date: 07/01/12

Program: Indigena Health and V ess Collaborative

CMS#: 6960

Appendix A-3 ract Term: 07/01/12 through 06/30/13

it in accessing services (system navigation). Promoters will have the support of the El/MHS who will be available as a resource and for consultation.

Wellness Promotion Activities will take place during Small and Large Group gatherings: Large Group Activities/Cultural Events: These include ceremonies and other cultural and traditional activities existing in the community. Program staff will support these activities with materials and organizational support, and will reach out to healers and community leaders to insert health messages during these activities. Promotoras will hand out program information and health/mental health resources to participants. These activities include: Dia de Los Muertos, Fiesta de Colores, Mayahuel, Año Nuevo Maya, Dia de las madres and more.

Large Group activities will also include a community forum on trauma in which participants will learn the meaning and effects of trauma and the impact in individual behavior. They will also learn skills for coping and minimizing those effects in their everyday family life. These large group activities will offer opportunities to provide quick risk assessments/risk reduction information and to refer/recruit client for Individual and Family Therapeutic Services as well as other services needed

Small Group Education Activities: These are weekly stand-alone sessions on health topics for small groups of 5-10 participants and may include arts workshops such as embroidery and hammock making. These peer support groups/Talleres will be co-facilitated by the Health Promotoras and will be ongoing throughout the year. In addition to providing health education and information to participants, the groups will serve as venues for early identification and referrals to services needed.

Individual and Family Therapeutic Services: During group activities, a MH/EIS will be present to provide one-on-one support to individuals and families and a brief Risk Assessment and triaging into the system of care as indicated. The EI/MHS will make appointments for Individual/family Therapeutic Services for at least 12-Thour sessions. If additional mental health services are needed, the MH/EIS will refer these individuals to IFR's outpatient clinic or other services as needed

Mayan/Indigenous Ceremonies, cultural events, and community forums will serve as the port of entry for clients to access additional services at IFR and other agencies as needed. During group events, a Mental (Behavioral) Health/Early Intervention Specialist (MH/EIS) will be present and available for one-on-one meetings with individuals and families who seek services. If these individuals require additional services, the MH/EIS will make appointments for Screening and Assessment, Individual Therapeutic Services and/or refer them to the appropriate program within IFR or to other agencies if needed. Health Promoters and other program staff will also be present in these group sessions and activities to assist participants with referrals and information as needed.

B. Promotoras/Peer Employees:

The program is staffed by professional, paraprofessional and promoters (peer health educators) who are identified with the target population. Promoters are involved in developing outreach strategies and materials and implementing interventions. They are also fully integrated into agency wide cultural and spiritual events at IFR to build upon our understanding of the rich and diverse traditions of indigenous people of the North and South.

In addition to peer employees at IHWC, this MHSA funded program strives to improve knowledge, attitude and skills among health care providers in serving the indigenous communities. Program staff including the peer educators will continue providing in-services to other CBO's and health care settings with the goal of improving access and culturally responsive care.

C. Training and Coaching:

The Health Promoters (peer employees) will continue to receive training on specific areas of health promotion and health topics affecting the Ma-yen/Indigena community, such as substance abuse, mental health, diabetes, chronic diseases, other emerging health needs and Social issues like domestic/family/community violence as well as health and healing through cultural activities and ceremonies. During this Fiscal Year, training and coaching for the promoters will focus on acquiring knowledge, skill and practice to provide emotional/practical support to individuals and families (listening skills, cultural competence, best practices, systems navigation and documentation). The Promotoras receive clinical consultation and mentoring from the EI/MHS, administrative

e act Term: 07/01/12 through 06/30/13

support from the Senior Health Promotora, individual and administrative supervision from the Program Manager.

D. Collaboration:

A written Memorandum of Understanding (MOU) will be implemented between IFR and Asociacion Mayab. The MOU will detail administrative roles and responsibilities, collaborative schedule of meetings, co-location of activities, financial agreements, reporting requirements, conflict resolution protocols and quality assurance guidelines based on scope of work across the collaborative.

E. Exit Criteria:

Clients receiving screening and assessment and individual/family therapy will stay in the program as needed and/or agreed upon during intake and/or upon successful linkage to appropriate services for those who need ongoing interventions. Exit criteria and/or discharge planning will only be developed for any mental health interventions.

Cultural events are open to all interested individuals and families, small weekly support groups are stand-alone sessions and are open for clients to come as often as they can.

F. Staffing:

The Health and Wellness Manager is responsible for the administration, implementation and supervision of the program as well as staff supervision. The PM is responsible to, and supervised by the Executive Director. The EI/MHS provides Individual/Family Therapeutic services to the Mayan/Indigenous community and Case consultation to the UT Case Manager, the Promotoras and SP/PL.

The SP/PL provides administrative/logistical support to program staff and emotional and practical support to the Mayan/indigenous community.

The Health Promotoras co-facilitate the twice a week small group/talleres and provide practical and emotional support to the Mayan/Indigenous community.

The HPs are responsible for the wellness promotion activities with assistance from program staff during Street and Venue based outreach activities.

The Program Assistant will provide support for program needs.

7. Objectives and Measurements

Required Objectives: MHSA GOALS:

GOAL 1: Increase understanding about the relationship of mental, emotional and spiritual wellbeing (balance) to overall health

Individual Performance Objective 1: During FY 12-13, 70% of Mayan/Indigenous clients who participate in the community forum on trauma will complete a minimum of 3 of 5 talleres/stations de Bienestar that draw on traditional, complimentary and/or western practices to help them in the healing process (i.e. papel picado, nutrition, self-care, relaxation and breathing exercises), as evidenced by signup sheets/logs.

Individual Performance Objective 2: During FY 12-13, 70% of Mayan/Indigenous individuals participating in weekly, small group traditional/cultural arts and crafts talleres will increase their social connectedness and decrease their social isolation as measured by repeat attendance and documented in attendance sheets/logs.

Individual Performance Objective 3: During FY 12-13, 70% individuals in the Mayan/Indigena communities will have an increased awareness and understanding of the healing effects of participating in cultural and spiritual activities and traditional healing practices in San Francisco as evidenced by a head count and/or sign in sheets as appropriate.

Process Objectives: During small and large group wellness promotion activities, program staff will provide health education/risk reduction information, early identification and contemporary approaches to healing trauma. During the community forum on Trauma and other large cultural group activities and ceremonies, promoters and program staff will be present to conduct a head count of the number of participants. Sign-up sheets will be used where appropriate to collect information from participants.

GOAL 2: Increased knowledge about available health, social and other community resources (traditional health services, cultural, faith-based)

Date: 07/01/12 Page 5 of 7

Program: Indigena Health and Vess Collaborative

Fiscal Year: 2012-2013

CMS#: 6960

Appendix A-3 ract Term: 07/01/12 through 06/30/13

Individualized Performance Objective 1: During FY 12/13 50% Mayan/Indigenous individuals participating in small group activities/talleres and referred to community resources will be successfully linked to said services, as evidenced by notes in the program referral logs

Individualized Performance Objective 2: During FY 12-13, 30% Mayan/Indigenous individuals participating in outreach and engagement activities will receive referrals to participate in ceremonial, cultural and social activities and events within the collaborative as well as to other services as needed and will receive follow up on these referrals to document successful linkages in the program referral logs.

Individualized Performance Objective 3: During FY 12/13, 50% of Mayan/Indigenous individuals receiving individual/family therapeutic services and referred to health, mental health and social service agencies will be successfully linked to said services, as evidenced by progress notes in each individual service record

Process Objectives: During outreach and engagement and follow up activities, Promoters will collect basic information about the individuals that they contact and document all successful linkages. This will allow the program to count the number of individuals contacted and the type of referrals they received. For individual and family therapeutic services the EI/MHS will document services and successful linkages in the client individual record.

PROGRAM PERFORMANCE OBJECTIVE: During FY 12-13, 40% of UDC participating in small group wellness promotion activities and 50% of clients receiving screening/assessment and individual therapeutic services will participate and complete a client satisfaction survey.

Evaluation of Objectives

See above for evaluation procedures

Electronic Recordkeeping and Data Collection Requirements: IFR has sufficient computing resources for staff to support direct real time data entry and documentation that provide for work flow management, data collection and documentation. Resources include: hardware, software, connectivity, and IT support services.

Data Management: The Contractor collects and submits UOS and UDC data on all clients. All agencies receiving funding through MHSA are required to collect and submit UDC and services data through the DPH Client and Services Database. This is applicable for all "MHSA eligible clients" receiving services paid with any MHSA source of funding. Each MHSA funded agency participates in the planning and implementation of their respective agency into the Database. The agency complies with DPH policies and procedures for collecting and maintaining timely, complete, and accurate UDC and service information in the Database. New client registration data is entered within 48 hours or two working days after the data is collected. Service data for the preceding month, including units of services will be entered by the 15th working day of each month. The deliverables will be consistent with the information that is submitted to the appropriate DPH Budget and Finance section on the "Monthly Statement of Deliverables and Invoice" form.

8. Continuous Quality Assurance and Improvement

Each staff member completes a monthly report of UOS, UDC and progress achieving goals, objectives and challenges encountered. Progress is also discussed during bi-weekly individual supervision. Program challenges are addressed during weekly stall meetings

Monthly statistics are compiled and a written report is submitted to the Executive Director and the Fiscal Director

A Licensed Mental Health Specialist will provide support and supervision to the Mental Health Early Intervention Specialist. The MH/EIS will provide support and consultation to the Promotoras and the Senior Promotora and to the Urban Trails Case Manager with regards to the emotional and practical support aspects of his work and serve as a resource for crisis interventions. The MH/EIS will serve as a resource during weekly group consultation meetings. The SP/PL will provide administrative and logistic support to program staff. The Program Manager will provide direct supervision to the Promotoras, SP/PL, UT Case Manager and administrative supervision to the EI/MHS and will coordinate training and curriculum development activities.

Maya Health Promotoras will receive continuing health education and training throughout the contract period. The Program Manager and the SP/Program Liaison will be responsible for assessing training needs and coordinating these ongoing sessions of training, and ensure that Promotoras continue to be engaged in Wellness Promotion and referral activities according to their capacity and skill level. Promotoras will be supervised by the PL and supported by a MH/EIS weekly (in groups) and individual case supervision, consultation and support.

A client satisfaction survey will be developed and administered to a % of the Mayan/indigenous community members participating in the IHWC activities in FY 12-13.

HIPPA Compliance Procedures:

- A. DPH Privacy Policy is integrated in the contractor's governing policies and procedures regarding patient privacy and confidentiality. The Executive Director will ensure that the policy and procedures as outlined in the DPH Privacy Policy have been adopted, approved, and implemented.
- B. All staff who handles patient health information is trained (including new hires) and annually updated in the agency privacy/confidentiality policies and procedures. The EIP Coordinator will ensure that documentation shows that all staff has been trained.
- C. The contractor's Privacy Notice is written and provided to all clients served by the organization in their native language. If the document is not available in the client's relevant language, verbal translation is provided. The EIP Coordinator will ensure that documentation is in the patient's chart, at the time of the chart review, that the patient was "notified."
- D. A Summary of the above Privacy Notice is posted and visible in registration and common areas of the organization. The EIP Coordinator will ensure the presence and visibility of posting in said areas.
- E. Each disclosure of a client's health information for the purposes other than treatment, payment, or operations is documented. The EIP Coordinator will ensure that documentation is in the client's chart, at the time of the chart review.

Authorization for disclosure of a client's health information is obtained prior to release: (1) to provider outside the DPH Safety Net; or (2) from a substance abuse program. The EIP Coordinator will ensure that an authorization form that meets the requirements of HIPAA is signed and in the client's chart during the next chart review.

Program: Child Outpatient Behavioral Health Services

(General Fund)

Fiscal Year: 2012-2013

CMS#: 6960

1. Program Name: Child Outpatient Behavioral Health Services -General Fund

Program Address: 2919 Mission Street

San Francisco, CA 94110 Telephone: (415) 229-0500 Facsimile: (415) 467-3662 Program Code: 38/86

2.	Nature	of Do	enment

	New	\Box	Modification
L	New	<u> </u>	MIOGHICATION

3. Goal Statement

Instituto Familiar de la Raza will provide outpatient behavioral health care services to Chicano/Latino children, youth, and families eligible for the San Francisco Mental Health Plan in a culturally and linguistically appropriate manner.

4. Target Population

Services will be provided for Chicano/Latino children/youth under the age of 18 who meet medical necessity for specialty behavioral health services. We serve children, youth, and families who are residents in San Francisco; specifically, those who live in the Mission District and have full scope medical.

Latino children and youth face high levels of stressors; poverty, language barriers, unstable housing and homelessness, lack of health care benefits, cultural and racial discrimination and the current anti-immigrant sentiments. Latino youth are more likely to drop out of school, and report depression and anxiety. In a national survey of high school students, Hispanic adolescents reported more suicidal ideation and attempts proportionally higher than non-Latino whites and African Americans.

Latinos face unique social, educational, cultural, and linguistic barriers in accessing behavioral health services. Lack of bilingual/bicultural mental health providers constitutes a major obstacle to providing effective treatment once services are sought. The importance of integrating cultural norms, values, beliefs and practices that are accepted with the diverse Latino community underscore the importance of providing culturally proficient models of services.

5. Modalities/Interventions

Modalities and Definition of Billable Services

Billable services include Mental Health Services in the following forms:

Mental Health Services - means those individual or group therapies and interventions that are designed to provide reduction of mental disability and improvement or maintenance of functioning consistent with the goals of learning, development, independent living and enhanced self-sufficiency and that are not provided as a component of children residential services, crisis services, residential treatment services, crisis stabilization, day rehabilitation, or day treatment intensive. Service activities may include but are not limited to assessment, plan development, therapy, rehabilitation, and collateral.

<u>Assessment</u>-means a service activity which may include a clinical analysis of the history and current status of a beneficiary's mental, emotional, or behavioral disorder, relevant cultural issues and history; diagnosis; and the use of testing procedures.

Date: 07/01/12 Page I of 6 Contractor: Instituto Familiar de la Raza

Appendix A-4a

Program: Child Outpatient Behavioral Health Services

Contract Term:07/01/2012 through 06/30/2013

Fiscal Year: 2012-2013

CMS#: 6960

<u>Collateral</u>-means a service activity to a significant support person in the beneficiary's life with the intent of improving or maintaining the mental health of the beneficiary. The beneficiary may or may not be present for this service activity.

<u>Therapy</u> - means a service activity which is a therapeutic intervention that focuses primarily on symptom reduction as a means to improve the functional impairments. Therapy may be delivered to an individual or group of beneficiaries and may include family therapy at which the beneficiary is present.

<u>Medication Support Services</u>—means services which include prescribing, administering, dispensing, and monitoring of psychiatric medications or biologicals which are necessary to alleviate the symptoms of mental illness. The services may include evaluation, of the need for medication, evaluation of clinical effectiveness and side effects, the obtaining of informed consent, medication education, and plan development related to the delivery of the services and/or assessment of the beneficiary.

<u>Crisis Intervention</u>-means a service, lasting less than 24 hours, to or on behalf of a beneficiary for a condition that requires more timely response than a regularly scheduled appointment. Service activities may include but are not limited to assessment, collateral, and therapy.

<u>Targeted Case Management</u> - means services that assist a beneficiary to access needed medical, educational, prevocational, vocational, rehabilitative, or other community service. The activities may include, but are not limited to, communication, coordination, and referral; monitoring service delivery to ensure beneficiary access to service and the service delivery system; monitoring of the beneficiary's progress; and plan development.

Outreach Services/Consultation - Services are activities and projects directed toward 1) strengthening individuals' and communities' skills and abilities to cope with stressful life situations before the onset of such events, 2) enhancing and/or expanding agencies' or organizations' mental health knowledge and skills in relation to the community-at-large or special population groups, 3) strengthening individuals' coping skills and abilities during a stressful life situation through short-term intervention and 4) enhancing or expanding knowledge and skill of human services agency staff to handle the mental health problems of particular clients.

See Appendix B-4 for units of service

6. Methodology

A. For direct client services

Describe how services are delivered and what activities will be provided, addressing, how, what, where, why, and by whom. Address each item, and include project names, subpopulations; describe linkages/coordination with other agencies, where applicable.

A. Outreach, recruitment, promotion, and advertisement

IFR has a 30 year presence in the Latino community of San Francisco thus; current and past clients refer their family and friends. IFR is recognized as a culturally competent agency serving Latinos and receives many referrals from organizations and agencies in San Francisco. IFR has long standing relationships with agencies and institutions that serve Latino youth and who provide linkages to mental health services (e.g., Mission Neighborhood Health Center, San Francisco General Hospital, S.F.U.S.D., J.J.C., and the Human Services Agency).

Brochures describing the array of services including behavioral health services, psychiatric services and case management are distributed to agencies in and around the Mission District.

Date: 07/01/12 Page 2 of 6

Program: Child Outpatient Behavioral Health Services

Fiscal Year: 2012-2013

CMS#: 6960

Appendix A-4a Contract Term:07/01/2012 through 06/30/2013

B. Program's admission, enrollment and/or intake criteria and process where applicable.
Each client gets a screening for co-occurring disorder and an assessment using the CBHS-CYF-SOCCRAAFT and AADIS form to establish medical necessity for specialty mental health services

The IFR screening process confirms that clients have San Francisco residency, do not have private insurance and are low income; clients are screened for eligibility to receive services with an alternative source of payment (e.g. Medi-Cal or private insurance). Clients that do not meet eligibility requirements are referred to intra-agency resources (e.g., Family Resource Services which provides services to uninsured families with children under 5years-old and CulturaCura which serves youths and families who have had difficulties with law enforcement institutions), or to appropriate partner agencies and/or outside service providers.

For all new intakes, an appointment for face-to face contact will be offered within 1-2 working days of initial request. All clients who meet medical necessity for specialty behavioral health and substance abuse services will be assigned to a Behavioral Health Specialist an individual CANS assessment and a full plan of care will be developed within 30 business days. If it is determined that clients need services beyond the initial 30 business days, a request for authorization will be submitted to the PURQC committee for additional hours.

All clients are informed of their rights under CBHS in a linguistically accurate manner and provided with documentation of their right to privacy in regards to HIPAA as well as a review of their Client Rights, which includes obtaining client signature and providing a copy to them. Consent for Treatment or Participation is also required and clients are provided with a copy of the signed form. They are also informed of the Grievance Procedure process, which is documented in the chart.

C. Service Delivery Model

Behavioral Health service delivery is based on Recovery and varied Behavioral Health Substance Abuse theories, bicultural personality development, Harm Reduction, current best practices and evidence based interventions. These include utilization of family/ child centered interventions, a multidisciplinary, coordinated team approach to provision of services, and the reinforcement of cultural strengths and identity, sensitivity to social factors and a commitment to assist clients in understanding and differentiating between social ills and personal problems.

Coordinated services are primarily provided at IFR; however, the team also provides services in clients' homes, schools, and other sites that are convenient to clients. IFR is geographically and physically accessible to clients by MUNI and BART public transportation. The program is accessible by telephone at (415) 229-0500. Hours of operation are Monday through Friday, 9 a.m. to 7 p.m. and Saturdays, 9 a.m. to 2 p.m. Client's emergencies are managed by the assigned Behavioral Health Specialist, Program Coordinator or by the scheduled Officer-of-the-Day (OD). This site meets minimum ADA requirements.

As a clinic serving children, youth up to age 21, IFR is in a unique position to provide innovative services to Latino/Chicano families through creative approaches in the context of community that reinforces cultural strengths and identity. IFR is a critical point of access into the public health system for families with children who are in need of comprehensive behavioral health services.

In collaboration with community and partner agencies, and other IFR programs, children and their families are able to access a wide spectrum of services. IFR is the lead agency for the Latino. Family Resource System, a collaboration of five community agencies in the Mission District. Through this collaboration IFR is able to provide case management, advocacy and behavioral

CMS#: 6960

health services for clients referred by Human Services Agency, including clients that are registered in the CBHS and CYF system of care. Over the years IFR has established strong links with the Human Services Agency and the San Francisco Family Court system, we provide consultation to the department as well as services, which places us in a strong position to advocate for our community and clients.

Service approaches include utilization of family and significant others in the process of intervention, a coordinated multidisciplinary team approach to the provision of services, reinforcement of cultural strengths and identity, sensitivity to social factors and a commitment to assist clients in understanding and differentiating between social ills and personal problems, program flexibility in how and where services are delivered in order to serve the behavioral health needs of the community.

Psychiatrist Consultations are professional services rendered by the psychiatrist to clients who present psychiatric symptoms that compromise adaptive function, impacting self-care and involvement in the community and augmenting risk behaviors. A Psychiatric Consultation involves, psychosocial evaluation, history taking and mental status examination leading to possible prescription and monitoring of medication. Psychiatric Consultation is also provided directly to behavioral health and primary medical providers for questions regarding psychiatric diagnosis and treatment planning. Since the psychiatrist is part of a multi-disciplinary team that reviews all clients, the consultations are with the team about the effects of medications, compliance and other issues, affecting important changes in clients' mental status. Team members provide feedback to the psychiatrist about the mental status and other issues related to the cases.

The psychiatrist also consults with other service providers of the psychiatric client, including, but not limited to, Behavioral Health Specialist, medical providers, substance abuse counselors and case managers. In addition, the psychiatrist consults with the client's primary care provider in the referral, placement and treatment disposition of clients at all phases of their treatment.

IFR has historically provided services to clients with dual-diagnosis of substance abuse using both Abstinence and Harm Reduction based models. Intervention approaches include a multidisciplinary staff, the inclusion of family and significant others, utilization of community resources that will support recovery, as well as coordination with medical providers. In order to develop service capacity for dual diagnosed clients we have focused on training for staff that includes harm reduction philosophy. IFR has adopted CRAAFT and AADIS screening tool to determine client needs for substance abuse services.

Adjunct Services:

The outpatient clinic has access to culturallytherapeuticdrummingcircles that are available to youth at risk, who are diagnosed with anxiety and/or depression and who may also have dual diagnosis of substance abuse.

As part of IFR's program design, Cultural Affirmation Activities are a fundamental aspect of IFR's services. Cultural Affirmation Activities are defined as planned group events that enhance the cultural and spiritual identity of clients. These activities include: Tonanzin, Cuatemoc, Fiesta de Colores, Xilonen, Cinco de Mayo celebration, Indigenous Peoples Day, Immigrant Pride Day, Dia de los Muertos, Las Posadas, Latino Gay Night, Dia de las Madres, and The Gay Pride Parade as well as other short-term interventions that focus on grief, loss, hope, and inspiration using traditional techniques.

D. Exit Criteria and Process

Because of limited and shrinking behavioral health and substance abuse resources, coupled with the need to immediately serve many new acute clients coming in the front door, IFR will consistently apply utilization review and discharge/exit criteria to alleviate increasing caseload pressure and to prioritize services to those most in need. Behavioral Health Specialist will use CANS as a tool to measure clients' progress and consider such factors as: risk of harm, compliance, progress and status of Care Plan objectives and the client's overall environment, to determine which clients can be discharged from MHSA/CBHS services. CANS profiles and case reevaluations by the PUROC committee are integrated into the exit process.

IFR Outpatient clinic will make referrals of clients to appropriate community-based programs such as after school programs, to solidify gains made in outpatient services.

E. Program Staffing

See Appendix B-4.

F. For Indirect Services

Indirect Services (Outreach) will be provided through collaborations with community organizations, such as MUA, Tree House, and two identified schools, as well as families that come to IFR to request services for their children. At times that the identified client does not meet full criteria for services but would benefit from screening, case management and triage.

7. Objectives and Measurements

A. Required Objectives

All objectives, and descriptions of how objectives will be measured, are contained in the CBHS document entitled <u>Performance Objectives FY 12-13</u>.

8. Continuous Quality Improvement

Achievement of contract performance objectives:

IFR has implemented the Program Utilization Review and Quality Committee (PURQC); through this system IFR monitors performance objectives as established by the Department of Public Health-Community Behavioral Health Services.

The monitoring of Performance objectives are integrated throughout the process of services provision and PURQC, through the monthly revision of active clients' reports, periodic reviews of client improvement (PURQC), continuous revision of client activity during the 30 business days initial period from case opening, and periodic charts review for ensuring documentation completion and quality. Based on the results of these monitoring processes, adjustments are made to individual cases as well as to the current systems.

Documentation quality, including a description of internal audits:

IFR has developed a comprehensive system for Continuous Quality Improvement that includes a Utilization Committee, individual and group supervision for all Behavioral Health staff, as well as training. All staff is given bi-monthly group supervision and weekly individual supervision to discuss client progress, treatment issues, and enhance skills in the areas of assessment, treatment development and clinical interventions. Trainings provided by CBHS that involve education on documentation guidelines as mandated by CBHS and the state of California as well as training on assessment instruments used (CANS) as standard practice of care, are a requirement for all clinicians.

Date: 07/01/12 Page 5 of 6

Fiscal Year: 2012-2013

CMS#: 6960

Appendix A-4a Contract Term:07/01/2012 through.06/30/2013

The outpatient clinic has a Program Utilization Review and Quality Committee (PURQC) that convenes weekly to review charts for all documentation requirements; Assessments, Plans of Care and the Client Service Authorization (CSA) Request. Cases are submitted to PURQC for initial Authorization, Re-Authorization, the Assessment, POC/CSI Update is required to be submitted with the Authorization Request, the number of hours that are authorized for each client are determined by the Service Intensity Guidelines.

Medical records are reviewed within two months of opening and then once again at the annual anniversary date. Feedback is given to each clinician whose chart is up for review. Feedback includes items that are out of compliance and need immediate action. A deadline is provided as to when feedback must be addressed. The medical record is them reviewed once again to ensure compliance. Feedback is stored in the PURQC binder.

The PURQC Committee is composed of a multi-disciplinary staff that includes Marriage and Family Therapists, Social Workers, Psychologists and other agency support staff. The committee keeps a record of PURQC meetings.

Periodic Review of documentation is performed manually by support staff.

Cultural competency of staff and services:

The staffing pattern and collaborative efforts directly aim at being representative and reflective of the groups within the community IFR serves. IFR staff represents a multidisciplinary, multi-ethnic cadre of people who demonstrate high levels of immersion in the cultural values of the community, their life experiences (as immigrants, women, gay and lesbian, transgender, etc.) as well as a high level of professional training. Retention of qualified staff is enhanced by ongoing quality professional staff development and by a responsive Human Resources department.

Client Satisfaction:

An annual client satisfaction is performed every year as per CBHS requirements. Results are analyzed and changes are implemented when necessary.

3. Goal Statement

Instituto Familiar de la Raza will provide outpatient behavioral health care services to Chicano/Latino children, youth, and families eligible for the San Francisco Mental Health Plan in a culturally and linguistically appropriate manner.

4. Target Population

Services will be provided for Chicano/Latino children/youth under the age of 21 who meet medical necessity for specialty behavioral health services. We serve children, youth, and families who are residents in San Francisco; specifically, those who live in the Mission District and have full scope medical.

Latino children and youth face high levels of stressors; poverty, language barriers, unstable housing and homelessness, lack of health care benefits, cultural and racial discrimination and the current anti-immigrant sentiments. Latino youth are more likely to drop out of school, and report depression and anxiety. In a national survey of high school students, Hispanic adolescents reported more suicidal ideation and attempts proportionally higher than non-Latino whites and African Americans.

Latinos face unique social, educational, cultural, and linguistic barriers in accessing behavioral health services. Lack of bilingual/bicultural mental health providers constitutes a major obstacle to providing effective treatment once services are sought. The importance of integrating cultural norms, values, beliefs and practices that are accepted with the diverse Latino community underscore the importance of providing culturally proficient models of services.

5. Modalities/Interventions

Modalities and Definition of Billable Services

Billable services include Mental Health Services in the following forms:

Mental Health Services - means those individual or group therapies and interventions that are designed to provide reduction of mental disability and improvement or maintenance of functioning consistent with the goals of learning, development, independent living and enhanced self-sufficiency and that are not provided as a component of children residential services, crisis services, residential treatment services, crisis stabilization, day rehabilitation, or day treatment intensive. Service activities may include but are not limited to assessment, plan development, therapy, rehabilitation, and collateral.

<u>Assessment</u> -means a service activity which may include a clinical analysis of the history and current status of a beneficiary's mental, emotional, or behavioral disorder, relevant cultural issues and history; diagnosis; and the use of testing procedures.

Date: 07/01/12 Page I of 6

EPSDT

Fiscal Year: 2012-2013

CMS#: 6960

Appendix A-4b Contract Term:07/01/12 through06/30/13

<u>Collateral</u>-means a service activity to a significant support person in the beneficiary's life with the intent of improving or maintaining the mental health of the beneficiary. The beneficiary may or may not be present for this service activity.

<u>Medication Support Services</u>—means services which include prescribing, administering, dispensing, and monitoring of psychiatric medications or biological which are necessary to alleviate the symptoms of mental illness. The services may include evaluation, of the need for medication, evaluation of clinical effectiveness and side effects, the obtaining of informed consent, medication education, and plan development related to the delivery of the services and/or assessment of the beneficiary.

<u>Crisis Intervention</u>-means a service, lasting less than 24 hours, to or on behalf of a beneficiary for a condition that requires more timely response than a regularly scheduled appointment. Service activities may include but are not limited to assessment, collateral, and therapy.

<u>Targeted Case Management</u> - means services that assist a beneficiary to access needed medical, educational, prevocational, vocational, rehabilitative, or other community service. The activities may include, but are not limited to, communication, coordination, and referral; monitoring service delivery to ensure beneficiary access to service and the service delivery system; monitoring of the beneficiary's progress; and plan development.

See Appendix B-4b for Units of Service.

6. Methodology

A. For direct client services

A. Outreach, recruitment, promotion, and advertisement

IFR has a 30 year presence in the Latino community of San Francisco thus; current and past clients refer their family and friends. IFR is recognized as a culturally competent agency serving Latinos and receives many referrals from organizations and agencies in San Francisco. IFR has long standing relationships with agencies and institutions that serve Latino youth and who provide linkages to mental health services (e.g., Mission Neighborhood Health Center, San Francisco General Hospital, S.F.U.S.D., Y.G.C., and the Human Services Agency).

Brochures describing the array of services including behavioral health services, psychiatric services and case management are distributed to agencies in and around the Mission District.

B. Program's admission, enrollment and/or intake criteria and process where applicable.

Each client gets a screening for co-occurring disorder and an assessment using the CBHS-CYF-SOC CRAAFT and AADIS forms to establish medical necessity for specialty mental health services

The IFR screening process confirms that clients have San Francisco residency, do not have private insurance and are low income; clients are screened for eligibility to receive services with an alternative source of payment (e.g. Medi-Cal or private insurance). Clients that do not meet eligibility requirements are referred to intra-agency resources (e.g., Family Resource Services which provides services to uninsured families with children under 5years-old and Cultura Cura which serves youths and families who have had difficulties with law enforcement institutions), or to appropriate partner agencies and/or outside service providers.

For all new intakes, an appointment for face-to face contact will be offered within 1-2 working days of initial request. All clients who meet medical necessity for specialty behavioral health and substance

Date: 07/01/12

EPSDT

Fiscal Year: 2012-2013

CMS#: 6960

Appendix A-4b Contract Term:07/01/12 through06/30/13

abuse services will be assigned to a Behavioral Health Specialist an individual CANS assessment and a full plan of care will be developed within 30 business days. If it is determined that clients need services beyond the initial 30 business days, a request for authorization will be submitted to the PUROC committee for additional hours.

All clients are informed of their rights under CBHS in a linguistically accurate manner and provided with documentation of their right to privacy in regards to HIPAA as well as a review of their Client Rights, which includes obtaining client signature and providing a copy to them. A Consent for Treatment or Participation is also required and clients are provided with a copy of the signed form. They are also informed of the Grievance Procedure process, which is documented in the chart.

C. Service Delivery Model

Behavioral Health service delivery is based on Recovery and varied Behavioral Health Substance Abuse theories, bicultural personality development, Harm Reduction, current best practices and evidence based interventions. These include utilization of family/child centered interventions, a multidisciplinary, coordinated team approach to provision of services, and the reinforcement of cultural strengths and identity, sensitivity to social factors and a commitment to assist clients in understanding and differentiating between social ills and personal problems.

Coordinated services are primarily provided at IFR; however, the team also provides services in clients' homes, schools, and other sites that are convenient to clients. IFR is geographically and physically accessible to clients by MUNI and BART public transportation. The program is accessible by telephone at (415) 229-0500. Hours of operation are Monday through Friday, 9 a.m. to 7 p.m. and Saturdays, 9 a.m. to 2 p.m. Client's emergencies are managed by the assigned Behavioral Health Specialist, psychiatrist, Program Coordinator or by the scheduled Officer-of-the-Day (OD), This site meets minimum ADA requirements.

As a clinic serving children, youth up to age 21, IFR is in a unique position to provide innovative services to Latino/Chicano families through creative approaches in the context of community that reinforces cultural strengths and identity. IFR is a critical point of access into the public health system for families with children who are in need of comprehensive behavioral health services.

In collaboration with community and partner agencies, and other IFR programs, children and their families are able to access a wide spectrum of services. IFR is the lead agency for the Latino Family Resource System, a collaboration of five community agencies in the Mission District. Through this collaboration IFR is able to provide case management, advocacy and behavioral health services for clients referred by Human Services Agency, including clients that are registered in the CBHS and CYF system of care. Over the years IFR has established strong links with the Human Services Agency and the San Francisco Family Court system, we provide consultation to the department as well as services, which places us in a strong position to advocate for our community and clients.

Service approaches include utilization of family and significant others in the process of intervention, a coordinated multidisciplinary team approach to the provision of services, reinforcement of cultural strengths and identity, sensitivity to social factors and a commitment to assist clients in understanding and differentiating between social ills and personal problems, program flexibility in how and where services are delivered in order to serve the behavioral health needs of the community.

Appendix A-4b Contract Term:07/01/12 through06/30/13

Psychiatrist Consultations are professional services rendered by the psychiatrist to clients who present psychiatric symptoms that compromise adaptive function, impacting self-care and involvement in the community and augmenting risk behaviors. A Psychiatric Consultation involves, psychosocial evaluation, history taking and mental status examination leading to possible prescription and monitoring of medication. Psychiatric Consultation is also provided directly to behavioral health and primary medical providers for questions regarding psychiatric diagnosis and treatment planning. Since the psychiatrist is part of a multi-disciplinary team that reviews all clients, the consultations are with the team about the effects of medications, compliance and other issues, affecting important changes in clients' mental status. Team members provide feedback to the psychiatrist about the mental status and other issues related to the cases.

The psychiatrist also consults with other service providers of the psychiatric client, including, but not limited to, Behavioral Health Specialist, medical providers, substance abuse counselors and case managers. In addition, the psychiatrist consults with the client's primary care provider in the referral, placement and treatment disposition of clients at all phases of their treatment.

IFR has historically provided services to clients with dual-diagnosis of substance abuse using both Abstinence and Harm Reduction based models. Intervention approaches include a multidisciplinary staff, the inclusion of family and significant others, utilization of community resources that will support recovery, as well as coordination with medical providers. In order to develop service capacity for dual diagnosed clients we have focused on training for staff that includes harm reduction philosophy. IFR has adopted CRAAFT and AADIS screening tool to determine client needs for substance abuse services.

Adjunct Services:

The outpatient clinic has access to culturally defined drumming therapeutic circles that are available to youth at risk, who are diagnosed with anxiety and/or depression and who may also have dual diagnosis of substance abuse.

As part of IFR's program design, Cultural Affirmation Activities are a fundamental aspect of IFR's services. Cultural Affirmation Activities are defined as planned group events that enhance the cultural and spiritual identity of clients. These activities include: Tonanzin, Cuatemoc, Fiesta de Colores, Xilonen, Cinco de Mayo celebration, Indigenous Peoples Day, Immigrant Pride Day, Dia de los Muertos, Las Posadas, Latino Gay Night, Dia de las Madres, and The Gay Pride Parade as well as other short-term interventions that focus on grief, loss, hope, and inspiration using traditional techniques.

D. Exit Criteria and Process

Because of limited and shrinking behavioral health and substance abuse resources, coupled with the need to immediately serve many new acute clients coming in the front door, IFR will consistently apply utilization review and discharge/exit criteria to alleviate increasing caseload pressure and to prioritize services to those most in need. Behavioral Health Specialist will use CANS as a tool to measure clients' progress and consider such factors as: risk of harm, compliance, progress and status of Care Plan objectives and the client's overall environment, to determine which clients can be discharged from MHSA/CBHS services. CANS profiles and case reevaluations by the PURQC committee are integrated into the exit process.

IFR Outpatient clinic will make referrals of clients to appropriate community-based programs such as after school programs, to solidify gains made in outpatient services.

Appendix A-5 Contract Term:07/01/12 through 06/30/13

1. Program Name: Early Intervention Program (EIP) Child Care MH Consultation Initiative

Program Address: 2919 Mission Street

City, State, Zip Code: San Francisco, CA 94110

Telephone: (415) 229-0500 Facsimile: (415) 647-3662 Program Code: 38182

2. Nature of Document

3. Goal Statement

The IFR Early Intervention Program (EIP) will provide comprehensive mental health consultation services to 18 center-based childcare sites (including one MHSA funded childcare center), two family resource centers, and 12 Latina family childcare providers for fiscal year 2012-2013. The program will also open EPSDT charts on 6 children, ages 0-5 years old.

The goals of the Program are to: 1) Maximize the opportunities for healthy social and emotional development for young children ages 0-5 years, enrolled in full-day and part-day child care programs in the Mission, Outer Mission, and Bay View Districts; 2) Improve the capacity for family resource center staff and family child care providers to provide culturally and developmentally appropriate environments for young children (ages 0-5 years); 3) Improve the capacity and skills of care providers (teachers and staff) to respond to the social emotional needs of young children, ages 0-5; and 4) Improve the capacity and skills of parents to foster healthy social and emotional development in their children aged 0-5 years.

4. Target Population

The target population is at-risk children and families enrolled in 18 center-based preschool childcare site, 12 Latina family child care providers, and two family resource centers in the Mission, Bay View, and Outer Mission Districts. Centers to be served include all nine Mission Neighborhood Center Head Start sites: Valencia Gardens, Women's Building, Stevenson, Capp Street, 24th Street, Bernal Dwellings, Mission Bay, Jean Jacobs. Southeast Families United Center; 4 SFUSD child development centers: Theresa Mahler Center, Zaida Rodriguez Center, Sanchez ECE and Bryant ECE; and 2 pre-K SFUSD sites: Cesar Chavez, and Paul Revere; and Mission YMCA. These programs serve primarily low-income, at-risk Latino children and Cal Works families in part-day and full-day programs.

The 12 Latina family child care providers tend to be isolated and have limited access to social and health services yet serve some of our the most vulnerable families. One of these providers contracts with Wu Yee Children's Services' Early Head Start Program. The program will also open EPSDT charts on 6 children, ages 0-5 years; children who might not typically access mental health services due to linguistic and cultural barriers.

Family Resource Centers (FRC) to receive consultation services to staff and clients include Instituto Familiar de la Raza and Excelsior Family Connections.

- Consultation Individual: Discussions with a staff member on an individual basis about a child or a group of children, including possible strategies for intervention. It can also include discussions with a staff member on an individual basis about mental health and child development in general.
- Consultation -Group: Talking/working with a group of two or more providers at the same time about their interactions with a particular child, group of children and/or families.
- Consultation Class/Child Observation: Observing a child or group of children within a
 defined setting.
- Training/Parent Support Group: Providing structured, formal in-service training to a group of four or more individuals comprised of staff/teachers, parents, and/or family care providers on a specific topic. Can also include leading a parent support group or conducting a parent training class or providing a consultation to a parent.

Date: 07/01/12 Page 2 of 7 Contractor: Instituto Familiar de la Raza Appendix A-5

Direct Services - Individual: Activities directed to a child, parent, or caregiver. Activities may include, but are not limited individual child interventions, collaterals with parents/caregivers, developmental assessment, referrals to other agencies. Can also include talking on an ongoing basis to a parent/caregiver about their child and any concerns they may have about their child's development.

- Direct Services Group: Conducting therapeutic playgroups/play therapy/socialization groups involving at least three children.
- Training-Institute: IFR will develop and implement one 9-session training for mental health consultants city-wide who have less than one year of experience providing consultation services through the ECMHI. Consultants will meet once a month for a didactic seminar that will provide an overview of the mental health consultation model outlined in the most recent CBHS RFP. Further topics will explore the role of the mental health consultant, how to begin consultation, understanding childcare culture, aligning efforts with First Five Initiatives, working with parents and developing inclusive practices. A strong cultural perspective and emphasis on relationship based, strength based interventions will frame the seminar. Total funding \$13,729 for 8 to 10 Consultants,(Appendix B-10)

Service units will also include outreach and linkage as well as evaluation services. Unduplicated clients will include children, parents, and staff impacted by these services.

For fiscal year 2012-2013, the number of unduplicated clients and total number of units (UOS) to be served under current funding will be as follows:

DCYF funding (\$36,134) will serve 32 clients with a total of 491 UOS. First Five FRC (SRI) funding (\$48,000) will serve 40 clients with a total of 640 UOS. PFA funding (\$177,660) will serve 316 clients with a total of 2,369 UOS. HSA funding (\$292,292) will serve 364 clients with a total of 3,897 UOS. General Fund (\$41,935) will serve 15,367 MH Services, 60 Crisis Intervention, and 400 Case Management with a total of 7 UOS.

They will have a total of 759 Unduplicated Clients.

MHSA funding (\$ 42,000) will serve 32 clients with a total of 560 UOS. Please see Appendix B-5. Program Consultation

Meeting with	Once per month per child for duration of case consultation.	Same as for small center,	Same as for small center.
Meeting with Parents	3 to 5 times per child	Same as for small center.	Same as for small center.

For EPSDT and direct treatment services the following standards of practice will be followed:

- Direct treatment services occur within the child care center as allowed by the established MOA or at our outpatient clinic and are provided as needed to specific children and family members. All services to children are contingent upon written consent from parents or legal guardians.
- Provided by mental health consultants who are licensed or license-eligible.
- All direct treatment service providers, consultants, receive ongoing clinical supervision.
- Assessments for direct treatment service eligibility can include screenings for special needs, domestic violence in the family, possible referral for special education screenings, and alcohol or other substance use in the family.

6. Methodology

For direct client services

Outreach efforts:

Orientation to services for teachers will occur at a designated staff meeting and be reinforced with a
written description of the program, which will include the referral process and explanation of
consultation services.

Date: 07/01/12 Page 4 of 7

Program: Early Intervention Program- Child Care

Fiscal Year: 2012-2013

CMS#: 6960

Appendix A-5 Contract Term:07/01/2012 through 06/30/2013

- Memorandums of Agreement will be developed jointly between the consultant and the site supervisor
 of each individual site.
- Parents will be oriented to the program during monthly parent meetings conducted by the preschool staff and will be provided with a letter of introduction with the consultants contact information and description of her role.
- The consultants will work closely with the Head Start ERSEE staff, education specialists and other support staff to continue outreach efforts.

Admission, Enrollment and/or intake criteria:

Children will be referred through group consultation where teachers and consultants discuss concerns regarding a particular student as well as by parent referral. When a formal observation is requested by the preschool staff or family childcare providet, written consent will be provided by the parent/guardian.

Program Service Delivery Model:

The EIP's mental health consultation approach is to address the differing needs of Center based childcare, family resource centers, and family childcare settings. The program design is based upon a cultural framework that affirms and builds upon the strengths of the child, their caregivers (child care provider and parent/guardian), the family of service providers, and the community they identify with. An underlying assumption is that access to consultation, affirmation, resources and education empowers caregivers and families to create healthy environments and relationships for the healthy social and emotional development of preschool children.

The IFR-EIP model establishes a multi-disciplinary group consisting of site-specific childcare staff; other involved site-based caregivers and a bilingual/bicultural Mental Health Consultant. Depending upon the scope of the problem, outside caregivers may be invited to participate in an individual child's review including pediatricians, speech therapists, and other caregivers. We will provide 5-10 hours per week of bilingual child care mental health consultation services to 18 childcare sites and average of 2 hours every two weeks for up to 12 family childcare providers in the Mission, Bay View and Outer Mission Districts of San Francisco.

The Mental Health Consultant provides an array of services to the child, parent and staff with the service goal of building upon the strengths of the child, parent and caregiver. Partnership meetings include the staff person closest to the child and parent, the Mental Health Consultant and the parent/guardian.

Depending upon the needs identified in the first meeting, the parent and the Mental Health Consultant may continue to meet up to five other times for planning, linkage, support and problem solving. Any needs that cannot be addressed within the partnership meetings are referred out to services in the network of health care and social services available to children and families.

For the 12 family childcare providers, mental health consultation will be individualized and based upon the needs of the provider, the age of the children and their relationships to a center-based program. In some family childcare provider homes, children will be attending part-day programs in a center and continuing their full-day coverage with a family childcare provider.

Partnership meetings with parents will be established on a regular basis and will be conducted with the provider and parent/guardian based on observations and discussions with the family child care provider. Program and environmental consultation including developing learning activities and modeling age-appropriate interactions will be tailored to each home. The program may provide parent groups (Charlas) at family child care provider homes to explore aspects of parenting and child development.

Date: 07/01/12

Page 5 of 7

Contractor: Instituto Familiar de la Raza

Appendix A-5
Program: Early Intervention Program- Child Care

Contract Term:07/01/2012 through 06/30/2013

Fiscal Year: 2012-2013

CMS#: 6960

The Professional Development Day is the linchpin of all the efforts with the Family Child Care Providers as it brings together the community of Latina Family Child Care Providers to reflect on the connections they have to their work as well as explore self-care. This Retreat is in its 15th year- and the growth and depth of reflection by the group has gone deeper and deeper every year. Modeling self-care is essential for our providers to then model and promote health with the families they work with.

For the two Family Resource Centers, mental health consultation will be tailored to meet the individual needs of each site. Program consultation will include, but is not limited to, curriculum development, staff communication and environmental interventions to enhance the quality of programming for children and families.

Exit Criteria and Process:

Some of the programs follow the SFUSD calendar thus consultation services to teachers and staff comes to a natural close at the end of the school year.

For year round programs—individual interventions for identified students will use the following as a basis for exit criteria: 1) teacher and parent feedback 2) mental health consultant recommendation 3) Linkage to community resources to address the family's needs.

Children receiving individual counseling services will also be evaluated through the CANS.

Program's staffing: See Appendix B-5.

7. Objectives and Measurements

A. Required Objectives

All objectives, and descriptions of how objectives will be measured, are contained in the CBHS document entitled Performance Objectives FY 12-13.

MHSA objectives remain the same as objectives outlined for ECMH1 contained in CBHS document.

B. Individualized Program Objectives

During fiscal Year 2012-2013, 75% of teachers will report they have improved their understanding of the social emotional needs of the children in their care as measured by the completed teacher satisfaction survey that will be administered by June 2013.

During fiscal Year 2012-2013, 75% of parents will report that they are better able to respond to the behavioral and social-emotional needs of their children as measured by the completed parent satisfaction survey administered by June 2013.

During fiscal Year 2012-2013, all Early Intervention Mental Health Specialists will attend weekly group supervision that addresses implementation of IFR model of consultation to enhance the quality of consultation services as measured by attendance logs at EIP Team Meetings.

8. Continuous Quality Improvement

The Early Intervention Program's CQI activities include weekly Team meetings utilizing a reflection Case Presentation model that supports and deepens consultant's work and methodology. Meetings include administrative check-ins to review and reflect on the achievement of contract performance objectives. Charts are maintained for each individual childcare site, family resource centers and a chart for family childcare providers. Charts are reviewed quarterly for quality and accountability by the Program Director. All staff is bilingual and bicultural and our work is based on a cultural framework

Date: 07/01/12 Page 6 of 7 Program: Early Intervention - ECMHI (CBHS & MHSA)

City Fiscal Year: 10/11

Requirement Documentation: Program has the DPH Summary of Privacy Notice posted in the appropriate threshold languages in patient/client common areas.

5) Each disclosure of a patient's/client's health information for purposes other than treatment, payment, or operations is documented.

Requirement Documentation: Program has a HIPAA complaint log form that is used by all relevant staff. (APPLICABLE to DIRECT SERVICES ONLY)

6) Authorization for disclosure of patient's/client's health information is obtained prior to release to providers outside the DPH SafetyNet, including early childhood mental health consultants.

Requirement Documentation: Program has evidence that HIPAA-compliant "Authorization to Release Protected Health Information" forms are used. (APPLICABLE to DIRECT SERVICES ONLY)

MHSA ONLY:

Data Management: The Contractor collects and submits UOS and UDC data on all clients. All agencies receiving funding through MHSA are required to collect and submit UDC and services data through the DPH Client and Services Database. This is applicable for all "MHSA eligible clients" receiving services paid with any MHSA source of funding. Each MHSA funded agency participates in the planning and implementation of their respective agency into the Database. The agency complies with DPH policies and procedures for collecting and maintaining timely, complete, and accurate UDC and service information in the Database. New client registration data is entered within 48 hours or two working days after the data is collected. Service data for the preceding month, including units of services will be entered by the 15th working day of each month. The deliverables will be consistent with the information that is submitted to the appropriate DPH Budget and Finance section on the "Monthly Statement of Deliverables and Invoice" form.

8. Continuous Quality Improvement

IFR agrees to abide by the most current State approved Quality Management Plan. IFR will enhance, improve and monitor the quality of services delivered. IFR guarantees compliance with the Health Commission, Local, State, Federal and/or Funding Source policies and requirements such as Harm Reduction, Health Insurance Portability and Accountability Act (HIPAA), Cultural Competency, and Client Satisfaction.

The IFR-EIP program agrees to participate in citywide planning for mental health services to young children and their families and to abide by quality assurance measures developed by CBHS to meet local and state standards of care. The program will utilize technical assistance from CBHS to implement quality assurance standards established for these services.

In addition, Instituto Familiar de la Raza as an agency and its programs are committed to providing the highest quality of care to the target population through program design and staffing that is culturally competent. The IFR-EIP program will complete a CBHS questionnaire on cultural competency to demonstrate its fulfillment of state requirements on cultural competency. The completed questionnaire will be submitted within timelines to the Competence and Consumer Relations Unit of CBHS.

There are multiple CQI activities that the Program undertakes to ensure quality services to clients and providers. These include weekly individual and group supervision, monthly in-house trainings on relevant mental health topics, and monthly chart reviews. Staff is supervised by a licensed clinician and team meetings foster team integrity and Program methodology that is reflected in practice.

City Fiscal Year: 10/11

DATA SOURCE: Early Childhood Mental Health Consultation Initiative provider and parent surveys to be administered by CBHS during the third quarter of Fiscal Year 2010-2011 and will be used in the Program Monitoring Report for 2010-2011.

B. Other Objectives

D.4b. Applicable to: All Early Childhood Mental Health Consultation Initiative Contractors

Early Childhood Mental Health Consultation Initiative contractors shall comply with outcome data collection requirements.

<u>Data source:</u> Program Evaluation Unit Compliance Records and Charting Requirements for the Provision of Direct Services

<u>Program Review Measurement:</u> Objective will be evaluated based on 6-months period from July 1, 2010 to December 31, 2011.

C.6a. Applicable to: All Early Childhood Mental Health Consultation Initiative Contractors

Early Childhood Mental Health Consultation Initiative contractors shall comply with satisfaction data requirements.

Data source: Surveys distributed and submitted to CBHS.

<u>Program Review Measurement:</u> Objective will be evaluated based on 6-month period from July 1, 2010 to December 31, 2011.

C. Evaluation of Objectives

Electronic Recordkeeping and Data Collection Requirements: IFR has sufficient computing resources for staff to support direct real time data entry and documentation that provide for work flow management, data collection and documentation. Resources include hardware, software, connectivity, and IT support services,

- 1) DPH Privacy Policy is integrated in the program's governing policies and procedures regarding patient privacy and confidentiality.
 - Required Documentation: Program has approved and implemented policies and procedures that abide by the rules outlined in the DPH Privacy Policy, Copies of these policies are available to patients/clients.
- 2) All staff who handles patient health information are trained and annually updated in the program's privacy policies and procedures.
 - Required Documentation: Program has written documentation that staff members have received appropriate training in patient privacy and confidentiality.
- 3) A Privacy Notice that meets the requirements of the FEDERAL Privacy Rule (HIPAA) is written and provided to all patients/clients in their threshold language. If the document is not available in the patient's/client's relevant language, verbal transition is provided.
 - <u>Required Documentation:</u> Program has evidence in patients'/clients' charts or electronic files that they were "noticed" in their relevant language either in writing or verbally. (APPLICABLE to DIRECT SERVICES ONLY)
- 4) A summary of the Privacy Notice is posted and visible in registration and common areas of treatment facility.

Program: Early Intervention - ECMHI (CBHS & MHSA)

City Fiscal Year:10/11

Some of the programs follow the SFUSD calendar thus consultation services to teachers and staff comes to a natural close at the end of the school year.

For year round programs—individual interventions for identified students will use the following as a basis for exit criteria: 1) teacher and parent feedback 2) mental health consultant recommendation 3) Linkage to community resources to address the family's needs.

Children receiving individual counseling services will also be evaluated through the CANS.

E. Describe your program's staffing: See Appendix B.

Objectives and Measurements

A. Outcome Objectives

Objective #1 (Understanding emotional and development needs)

A minimum of 75% of staff at each site receiving consultation services will report that meeting with a consultant increased their understanding of a child's emotional and developmental needs, helping them to more effectively respond to the child's behavior.

Objective #2 (Communication with parents)

A minimum of 75% of staff at each site receiving consultation services will report that consultation helped them learn to communicate more effectively with parents of children where there were concerns about the child's behavior.

Objective #3 (Response to children's behavior))

A minimum of 75% of staff at each site receiving consultation services will report that the consultant helped them to respond more effectively to children's behavior.

Objective #4 (Overall satisfaction)

Of those staff who received consultation and responded to the survey, a minimum of 75% will report that they are satisfied with the services they've received from the consultant.

Objective #5 (Responsiveness to Needs)

Of those parents who themselves or their children received direct services from the early childhood mental health consultant, a minimum of 75% will report that the consultant was attentive and responsive to their needs.

Objective #6 (Linkage to Resources)

Of those parents who themselves or their children received direct services from the early childhood mental health consultant, a minimum of 75% will report that consultant assisted them in linking to needed resources.

Objective #7 (Understanding of Child's Behavior)

Of those parents who themselves or their children received direct services from the early childhood mental health consultant, a minimum of 75% will report that they have a better understanding of their child's behavior.

Objective #8 (Improvement of Child's Behavior)

Of those parents who themselves or their children received direct services from the early childhood mental health consultant, a minimum of 75% will report that their child's behavior has improved.

B. Admission, Enrollment and/or intake criteria:

Children will be referred through group consultation where teachers and consultants discuss concerns regarding a
particular student as well as by parent referral. When a formal observation is requested by the preschool staff or
family childcare provider, written consent will be provided by the parent/guardian.

C. Program Service Delivery Model:

The EIP's mental health consultation approach is to address the differing needs of Center based child care, family resource centers, and family child care settings. The program design is based upon a cultural framework that affirms and builds upon the strengths of the child, their caregivers (child care provider and parent/guardian), the family of service providers, and the community they identify with. An underlying assumption is that access to consultation, affirmation, resources and education empowers caregivers and families to create healthy environments and relationships for the healthy social and emotional development of preschool children.

The IFR-EIP model establishes a multi-disciplinary group consisting of site-specific child care staff; other involved site-based caregivers and a bilingual/bicultural Mental Health Consultant. Depending upon the scope of the problem, outside caregivers may be invited to participate in an individual child's review including pediatricians, speech therapists, and other care givers. We will provide 5-10 hours per week of bilingual child care mental health consultation services to 18 child care sites and average of 2 hours every two weeks for up to 15 family child care providers in the Mission, Bay View and Outer Mission Districts of San Francisco.

The Mental Health Consultant provides an array of services to the child, parent and staff with the service goal of building upon the strengths of the child, parent and caregiver. Partnership meetings include the staff person closest to the child and parent, the Mental Health Consultant and the parent/guardian.

Depending upon the needs identified in the first meeting, the parent and the Mental Health Consultant may continue to meet up to five other times for planning, linkage, support and problem solving. Any needs that cannot be addressed within the partnership meetings are referred out to services in the network of health care and social services available to children and families.

For the 15 family child care providers, mental health consultation will be individualized and based upon the needs of the provider, the age of the children and their relationships to a center-based program. In some family child care provider homes, children will be attending part-day programs in a center and continuing their full-day coverage with a family child care provider.

Partnership meetings with parents will be established on a regular basis and will be conducted with the provider and parent/guardian based on observations and discussions with the family child care provider. Program and environmental consultation including developing learning activities and modeling age-appropriate interactions will be tailored to each home. The program may provide parent groups (Charlas) at family child care provider homes to explore aspects of parenting and child development.

The Professional Development Day is the linchpin of all the efforts with the Family Child Care Providers as it brings together the community of Latina Family Child Care Providers to reflect on the connections they have to their work as well as explore self-care. This Retreat is in its 13th year- and the growth and depth of reflection by the group has gone deeper and deeper every year. Modeling self-care is essential for our providers to then model and promote health with the families they work with.

For the two Family Resource Centers, mental health consultation will be tailored to meet the individual needs of each site. Program consultation will include, but is not limited to, curriculum development, staff communication and environmental interventions to enhance the quality of programming for children and families.

D. Exit Criteria and Process:

Program: Early Intervention – ECMHI (CBHS & MHSA) City Fiscal Year: 10/11

Activity	Small Center 12-24 children	Med. Center 25-50 children	Large Center
Child Observation	2 to 4 times initially for each child and as needed. Recommended 4 to 10 hours per child per year.	Same as for small center	Same as for small center
Meeting with Director	Once per month per child who is the focus of case consultation.	Same as for small center	Same as for small center
Meeting with Staff	Once per month per child for duration of case consultation.	Same as for small center.	Same as for small center.
Meeting with Parents	3 to 5 times per child	Same as for small center.	Same as for small center,

For EPSDT and direct treatment services the following standards of practice will be followed:

- Direct treatment services occur within the child care center as allowed by the established MOA or at our
 outpatient clinic and are provided as needed to specific children and family members. All services to children
 are contingent upon written consent from parents or legal guardians.
- Provided by mental health consultants who are licensed or license-eligible.
- All direct treatment service providers, consultants, receive ongoing clinical supervision.
- Assessments for direct treatment service eligibility can include screenings for special needs, domestic violence
 in the family, possible referral for special education screenings, and alcohol or other substance use in the
 family.

All direct treatment providers follow federal HIPPA regulations pertaining to the provisions of services and the maintenance of records.

A written Memorandum of Agreement (MOA) will be provided by October 1, 2010 for each of the sites. The MOA will outline the following: Site information, the term of the MOA, number of on-site hours, agreed upon services, agreed upon client/site roles and responsibilities, and the agreed upon day and time for regular group consultation.

6. Methodology

A. Outreach efforts:

- Orientation to services for teachers will occur at a designated staff meeting and be reinforced with a written
 description of the program, which will include the referral process and explanation of consultation services.
- Memorandums of Agreement will be developed jointly between the consultant and the site supervisor of each individual site.
- Parents will be oriented to the program during monthly parent meetings conducted by the preschool staff.
- The consultants will work closely with the Head Start ERSEE staff and other support staff to continue outreach
 efforts.

City Fiscal Year: 10/11

referrals to other agencies. Can also include talking to a parent/caregiver about their child and any concerns they may have about their child's development.

 Direct Services - Group: Conducting therapeutic playgroups/play therapy/socialization groups involving at least three children.

Service units will also include outreach and linkage as well as evaluation services. Unduplicated clients will include children, parents, and staff impacted by these services.

For fiscal year 2010-2011, the number of unduplicated clients and total number of units (UOS) to be served under current funding will be as follows:

DCYF funding (\$36,134) will serve 32 clients with a total of 482 UOS.

First Five FRC (SRI) funding (\$48,000) will serve 40 clients with a total of 640 UOS.

PFA funding (\$155,660) will serve 316 clients with a total of 2,066 UOS.

HSA funding (\$272,866) will serve 364 clients with a total of 3,628 UOS.

MHSA funding (\$42,000) will serve 32 clients with a total of 698 UOS.

EPSDT funding (\$41,149) will serve 8-clients with a total of 264 UOS.

2. Nature of Document

⊠ New	. Renewal	Modification
	•	
Mountar C	RHS funds renewal for	or MHSA funds)

3. Goal Statement

The IFR Early Intervention Program (EIP) will provide comprehensive mental health consultation services to 18 center-based child care sites (including one MHSA funded childcare center), two family resource centers, and 12 Latina family child care providers for fiscal year 2010-2011. The program will also open EPSDT charts on 7 children, ages 0-5 years old.

The goals of the Program are to: 1) Maximize the opportunities for healthy social and emotional development for young children ages 0-5 years, enrolled in full-day and part-day child care programs in the Mission, Outer Mission, and Bay View Districts; 2) Improve the capacity and skills of teaching and family resource center staff and family child care providers to provide culturally and developmentally appropriate environments for young children (ages 0-5 years); 3) Improve the capacity and skills of care providers (teachers and staff) to respond to the social emotional needs of young children, ages 0-5; and 4) Improve the capacity and skills of parents to foster healthy social and emotional development in their children aged 0-5 years.

4. Target Population

The target population is at-risk children and families enrolled in 18 center-based preschool child care sites, 12 Latina family child care providers, and two family resource centers in the Mission, Bay View, and Outer Mission Districts. Centers to be served include all ten Mission Neighborhood Center Head Start sites: Valencia Center, Valencia Gardens, Women's Building, Stevenson, Capp Street, 24th Street, Bernal Dwellings, Mission Bay, Jean Jacobs, Southeast Center (Evans); 3 SFUSD child development centers: Theresa Mahler Center, Sanchez CDC and Bryant CDC; and 3 preK SFUSD sites: Cesar Chavez, Buena Vista, Paul Revere; and Holy Family Day Home and Mission YMCA. These programs serve primarily low-income at-risk Latino children and CalWorks families in part-day and full-day programs.

The 15 Latina family child care providers tend to be isolated and have limited access to social and health services yet serve some of our the most vulnerable families. One of these providers contracts with Wu Yee Children's Services' Early Head Start Program. The program will also open EPSDT charts on 7 children, ages 0-5 years; children who might not typically access mental health services due to linguistic and cultural barriers.

Family Resource Centers (FRC) to receive consultation services to staff and clients include Instituto Familiar de la Raza and Excelsior Family Connections.

5. Modality(ies)/Interventions

Appendix A-2a Contract Term 7/1/2010 through 6/30/2011

All staff is given bi-monthly group supervision and weekly individual supervision to discuss client progress, treatment issues, and enhance skills in the areas of assessment, treatment development and clinical interventions. The Clinical Supervisor is responsible for reviewing the charts as indicated by his/her signature. In addition, the Program Manager conducts bi-monthly administrative supervision to review productivity, provide support regarding system issues impacting upon client services, review documentation for administrative compliance and ensure that staff follows program policies and procedures. The Program Manager also evaluates the staff development needs and creates plans of action and training objectives as indicated. Trainings provided by CBHS are attended by all clinicians. Those that involve education on documentation guidelines as mandated by CBHS and the state of California as well as training on assessment instruments used as standard practice of care, are a requirement for all clinicians.

HIPPA Compliance:

- A. DPH Privacy Policy is integrated in the contractor's governing policies and procedures regarding patient privacy and confidentiality. The Executive Director will ensure that the policy and procedures as outlined in the DPH Privacy Policy have been adopted, approved, and implemented.
- B. All staff who handles patient health information is trained (including new hires) and annually updated in the agency privacy/confidentiality policies and procedures. The Program Manager will ensure that documentation shows that all staff has been trained.
- C. The contractor's Privacy Notice is written and provided to all clients served by the organization in their native language. If the document is not available in the client's relevant language, verbal translation is provided. The Program Manager will ensure that documentation is in the patient's chart, at the time of the chart review, that the patient was "notified."
- D. A Summary of the above Privacy Notice is posted and visible in registration and common areas of the organization.

 The Program Manager will ensure the presence and visibility of posting in said areas.
- E. Each disclosure of a client's health information for the purposes other than treatment, payment, or operations is documented. The Program Manager will ensure that documentation is in the client's chart, at the time of the chart review.
- F. Authorization for disclosure of a client's health information is obtained prior to release: (1) to provider outside the DPH Safety Net; or (2) from a substance abuse program. The Program Manager will ensure that an authorization form that meets the requirements of HIPAA is signed and in the client's chart during the next chart review.

City Fiscal Year: 2010-11

B. Other Objectives

IFR outpatient IFR will engage in a number of activities enhancement staff's capacity to deliver mental health services in accordance with CBHS integration objectives:

• Staff will participate in a series of trainings on co-occurring disorders

- Staff will participate in a series of trainings on "evidence based" or "evidence informed" practices most relevant to the Chicano/Latino community
- · Staff will participate in all relevant CBHS trainings, particularly as it relates to compliance issues.
- IFR program staff will attend training on provision of services to the designated target population of the program, addressing issues regarding ethnicity, cultural background, gender, sexual orientation, creed or disability.

Additional Objectives:

Short Term

- 100% of registered children will be screened for mental health and Substance Abuse, those identified with substance abuse issues will be linked whenever possible, to services that enhance treatment at IFR.
- 75% of children will have reduced or resolved problem behavior in at least one sphere (home, school, siblings) by
 6th month re-assessment.

Long-term

- Improve functioning in school and at home evidenced by reduction of problem behavior,
- Develop coping strategies to inhibit the tendency towards impulsive responding
- Reduce criminal system involvement and out of home placement

Systems

- A minimum of 2 planning meeting will be convened between IFR and partners to continue developing an increasingly integrated system of referrals, guidelines for case conferences, and developing coordinated plans of care. Designated agency representative for IFR (Clinic Coordinator) will maintain a sign in sheet, attendance log, and minutes of meeting, a record of issues discussed decisions made.
- 100% of registered children and youth for will be screened for health coverage eligibility (Medi-Cal, Healthy Families, etc.); all eligible clients will be entered into electronic list and will be tracked monthly to determine if they have successfully accessed benefits. Behavioral Health specialist will be informed of status for follow-up.

C. Evaluation of Objectives

See above (7A and B) for evaluation procedures. Electronic Recordkeeping and Data Collection Requirements: IFR has sufficient computing resources for staff to support direct real time data entry and documentation that provide for work flow management, data collection and documentation. Resources include hardware, software, connectivity, and IT support services.

8. Continuous Quality Improvement

Describe your program's CQI activities to enhance, improve and monitor the quality of services delivered. The CQI section must include a guarantee of compliance with Health Commission, Local, State, Federal and/or Funding Source policies and requirements such as Harm Reduction, Health Insurance Portability and Accountability Act (HIPAA), Cultural Competency, and Client Satisfaction.

Quality issues are addressed during bi-monthly multidisciplinary team meetings, during weekly QA/PURQC committee meetings, and during individual supervision. Every week, client charts are reviewed by the PURQC committee. QA procedures provide the opportunity to monitor the development of treatment plans of care, implementation of services, preventive interventions, chart content, chart order, billing issues, and an opportunity to meet PURQC authorization guidelines.

7. Objectives and Measurements

A. Outcome Objectives

	Objectives	MH CYF
Objective	A.1. Reduced Psychiatric Symptoms:	
A.1.a	The total number of acute inpatient hospital episodes used by clients in Fiscal Year 2010-2011 will be reduced by at least 15% compared to the number of acute inpatient hospital episodes used by these same clients in Fiscal Year 2009-2010. This is applicable only to clients opened to the program no later than July 1, 2010. Data collected for July 2010 – June 2011 will be compared with the data collected in July 2009 – June 2010. Programs will be exempt from meeting this objective if more than 50% of the total number of inpatient episodes was used by 5% or less of the clients hospitalized. Note: except supported housing programs.	x
A.l.e	75% of clients who have been served for two months or more will have met or partially met 50% of their treatment objectives at discharge. <i>Note: if data available in AVATAR</i>	Х
A.1.f	Providers will ensure that all clinicians who provide mental health services are certified in the use of the Child & Adolescent Needs and Strengths (CANS). New employees will have completed the CANS training within 30 days of hire. Note: including School-Mental Health Partnership Programs	. X
A.1.g	Clients with an open episode, for whom two or more contacts had been billed within the first 30 days, should have both the initial CANS assessment and treatment plans completed in the online record within 30 days of episode opening. For the purpose of this program performance objective, an 85% completion rate will be considered a passing score. Note: including school-based programs	

Program: Child Outpatient Behavioral Health Clinic

City Fiscal Year: 2010-11

Agency, including clients that are registered in the CBHS and CYF system of care. Over the years IFR has established strong links with the Human Services Agency and the San Francisco Family Court system, we provide consultation to the department as well as services, which places us in a strong position to advocate for our community and clients.

Service approaches include utilization of family and significant others in the process of intervention, a coordinated-multidisciplinary team approach to the provision of services, reinforcement of cultural strengths and identity, sensitivity to social factors and a commitment to assist clients in understanding and differentiating between social ills and personal problems, program flexibility in how and where services are delivered in order to serve the behavioral health needs of the community.

Psychiatrist Consultations are professional services rendered by the psychiatrist to clients who present psychiatric symptoms that compromise adaptive function, impacting self-care and involvement in the community and augmenting risk behaviors. A Psychiatric Consultation involves, psychosocial evaluation, history taking and mental status examination leading to possible prescription and monitoring of medication. Psychiatric Consultation is also provided directly to behavioral health and primary medical providers for questions regarding psychiatric diagnosis and treatment planning. Since the psychiatrist is part of a multi-disciplinary team that reviews all clients, the consultations are with the team about the effects of medications, compliance and other issues, affecting important changes in clients' mental status. Team members provide feedback to the psychiatrist about the mental status and other issues related to the cases.

The psychiatrist also consults with other service providers of the psychiatric client, including, but not limited to, Behavioral Health Specialist, medical providers, substance abuse counselors and case managers. In addition, the psychiatrist consults with the client's primary care provider in the referral, placement and treatment disposition of clients at all phases of their treatment.

IFR has historically provided services to clients with dual-diagnosis of substance abuse using both Abstinence and Harm Reduction based models. Intervention approaches include a multidisciplinary staff, the inclusion of family and significant others, utilization of community resources that will support recovery, as well as coordination with medical providers. In order to develop service capacity for dual diagnosed clients we have focused on training for staff that includes harm reduction philosophy. IFR has adopted CRAAFT and AADIS screening tool to determine client needs for substance abuse services as well as the CANS.

Adjunct Services:

The outpatient clinic has access to culturally defined therapeutic drumming groups that target youth at risk, who are diagnosed with anxiety and/or depression and who may also have dual diagnosis of substance abuse. Youths are first assessed to identify their level of functioning in order to determine their appropriateness for group services.

As part of IFR's program design, Cultural Affirmation Activities are a fundamental aspect of IFR's services. Cultural Affirmation Activities are defined as planned group events that enhance the cultural and spiritual identity of clients. These activities include: Tonanzin, Cuatemoc, Fiesta de Colores, Xilonen, Cinco de Mayo celebration, Indigenous Peoples Day, Immigrant Pride Day, Dia de los Muertos, Las Posadas, Latino Gay Night, Dia de las Madres, and The Gay Pride Parade as well as other short-term interventions that focus on grief, loss, hope, and inspiration using traditional techniques.

D. Exit Criteria and Process

Because of limited and shrinking behavioral health and substance abuse resources, coupled with the need to immediately serve many new acute clients coming in the front door, IFR will consistently apply utilization review and discharge/exit criteria to alleviate increasing caseload pressure and to prioritize services to those most in need. Behavioral Health Specialist will use CANS as a tool to measure clients progress and consider such factors as: risk

Program: Child Outpatient Behavioral Health Clinic

City Fiscal Year: 2010-11

Brochures describing the array of services including behavioral health services, psychiatric services and case management are distributed to agencies in and around the Mission District.

B. Program's admission, enrollment and/or intake criteria and process where applicable,

Each client gets a screening for co-occurring disorder and an assessment using the ASFCBHS CANS assessment to establish medical necessity for specialty mental health services

The IFR screening process confirms that clients have San Francisco residency, do not have private insurance and are low income; clients are screened for eligibility to receive services with an alternative source of payment (e.g. Medi-Cal or private insurance). Clients that do not meet eligibility requirements are referred to intra-agency resources (e.g., Family Resource Services which provides services to uninsured families with children under 5 years-old and Cultura Cura which serves youths and families who have had difficulties with law enforcement institutions), or to appropriate partner agencies and/or outside service providers.

For all new intakes, an appointment for face-to face contact will be offered within 1-2 working days of initial request. All clients who meet medical necessity for specialty behavioral health and substance abuse services will be assigned to a Behavioral Health Specialist and a full plan of care will be developed within 30 days of opening a CANS assessment and plan of care completed and redone every 6 months. If it is determined that clients need services beyond the initial 30 days, a request for authorization will be submitted to the PURQC committee for additional hours.

All clients are informed of their rights under CBHS in a linguistically accurate manner and provided with documentation of their right to privacy in regards to HIPAA as well as a review of their Client Rights, which includes obtaining client signature and providing a copy to them. A Consent for Treatment or Participation is also required and clients are provided with a copy of the signed form. They are also informed of the Grievance Procedure process, which is documented in the chart.

C. Service Delivery Model

Behavioral Health service delivery is also based on client and family needs per CANS assessment, recovery and varied Behavioral Health Substance Abuse theories, bicultural personality development, Harm Reduction, current best practices and evidence based interventions. These include utilization of family/child centered interventions, a multidisciplinary, coordinated team approach to provision of services, and the reinforcement of cultural strengths and identity, sensitivity to social factors and a commitment to assist clients in understanding and differentiating between social ills and personal problems.

Coordinated services are primarily provided at IFR; however, the team also provides services in clients' homes, schools, and other sites that are convenient to clients. IFR is geographically and physically accessible to clients by MUNI and BART public transportation. The program is accessible by telephone at (415) 229-0500. Hours of operation are Monday through Friday, 9 a.m. to 7 p.m and Saturdays, by appointment. Client's emergencies are managed by the assigned Behavioral Health Specialist, psychiatrist, Program Coordinator or by the scheduled Officer-of-the-Day (OD). This site meets minimum ADA requirements.

As a comprehensive clinic serving children, youth and adults, IFR is in a unique position to provide innovative services to Latino/Chicano families through creative approaches in the context of community that reinforces cultural strengths and identity. IFR is a critical point of access into the public health system for families with children who are in need of comprehensive behavioral health services.

In collaboration with community and partner agencies, and other IFR programs, children and their families are able to access a wide spectrum of services. IFR is the lead agency for the Latino Family Resource System, a collaboration of five community agencies in the Mission District. Through this collaboration IFR is able to provide case management, advocacy and behavioral health services for clients referred by Human Services

Program: Child Outpatient Behavioral Health Clinic

City Fiscal Year: 2010-11

<u>Crisis Intervention</u> - means a service, lasting less than 24 hours, to or on behalf of a beneficiary for a condition that requires more timely response than a regularly scheduled appointment. Service activities may include but are not limited to assessment, collateral, and therapy.

<u>Medication Support Services</u> - means services which include prescribing, administering, dispensing, and monitoring of psychiatric medications or biologicals which are necessary to alleviate the symptoms of mental illness. The services may include evaluation, of the need for medication, evaluation of clinical effectiveness and side effects, the obtaining of informed consent, medication education, and plan development related to the delivery of the services and/or assessment of the beneficiary.

Mental Health Services - means those individual or group therapies and interventions that are designed to provide reduction of mental disability and improvement or maintenance of functioning consistent with the goals of learning, development, independent living and enhanced self-sufficiency and that are not provided as a component of children residential services, crisis services, residential treatment services, crisis stabilization, day rehabilitation, or day treatment intensive. Service activities may include but are not limited to assessment, plan development, therapy, rehabilitation, and collateral.

<u>Assessment</u> - means a service activity which may include a clinical analysis of the history and current status of a beneficiary's mental, emotional, or behavioral disorder, relevant cultural issues and history; diagnosis; and the use of testing procedures.

<u>Collateral</u> means a service activity to a significant support person in the beneficiary's life with the intent of improving or maintaining the mental health of the beneficiary. The beneficiary may or may not be present for this service activity.

<u>Therapy</u> - means a service activity which is a therapeutic intervention that focuses primarily on symptom reduction as a means to improve the functional impairments. Therapy may be delivered to an individual or group of beneficiaries and may include family therapy at which the beneficiary is present.

<u>Targeted Case Management</u> - means services that assist a beneficiary to access needed medical, educational, prevocational, vocational, rehabilitative, or other community service. The activities may include, but are not limited to, communication, coordination, and referral; monitoring service delivery to ensure beneficiary access to service and the service delivery system; monitoring of the beneficiary's progress; and plan development.

Outreach Services/Consultation - Services are activities and projects directed toward 1) strengthening individuals' and communities' skills and abilities to cope with stressful life situations before the onset of such events, 2) enhancing and/or expanding agencies' or organizations' mental health knowledge and skills in relation to the community-at-large or special population groups, 3) strengthening individuals' coping skills and abilities during a stressful life situation through short-term intervention and 4) enhancing or expanding knowledge and skill of human services agency staff to handle the mental health problems of particular clients.

See Appendix B for Units of Service.

6. Methodology

A. Outreach, recruitment, promotion, and advertisement

IFR has a 30 year presence in the Latino community of San Francisco thus; current and past clients refer their family and friends. IFR is recognized as a culturally competent agency serving Latinos and receives many referrals from organizations and agencies in San Francisco. IFR has long standing relationships with agencies and institutions that serve Latino youth and who provide linkages to mental health services (e.g., Mission Neighborhood Health Center, San Francisco General Hospital, S.F.U.S.D., Y.G.C., and the Human Services Agency).

Program: Child Outpatient Behavioral Health Clinic

City Fiscal Year: 2010-11

2. Nature of Document

\boxtimes	New	. [Renewal		Modification
-------------	-----	-----	--	---------	--	--------------

3. Goal Statement

Instituto Familiar de la Raza will provide outpatient behavioral health care services to Chicano/Latino children, youth, and families eligible for the San Francisco Mental Health Plan in a culturally and linguistically appropriate manner.

4. Target Population

Services will be provided for Chicano/Latino children/youth under the age of 21 who meet medical necessity for specialty behavioral health services. We serve children, youth, and families who are residents in San Francisco; specifically, those who live in the Mission District and have full scope medical.

Latino children and youth face high levels of stressors; poverty, language barriers, unstable housing and homelessness, lack of health care benefits, cultural and racial discrimination and the current anti-immigrant sentiments. Latino youth are more likely to drop out of school, and report depression and anxiety. In a national survey of high school students, Hispanic adolescents reported more suicidal ideation and attempts proportionally higher than non-Latino whites and African Americans.

Latinos face unique social, educational, cultural, and linguistic barriers in accessing behavioral health services. Lack of bilingual/bicultural mental health providers constitutes a major obstacle to providing effective treatment once services are sought. The importance of integrating cultural norms, values, beliefs and practices that are accepted with the diverse Latino community underscore the importance of providing culturally proficient models of services.

5. Modality of Service/Interventions

A. Modality of Services

Units of Service (UOS) Description	Units of Service (UOS) in Mins	Unduplicated Clients (UDC)
Mental Health Services 0.6429 FTE x 35 hrs x 46 wks x 65.005% LOE x 60 mins	40,371	50
Medication Support Services 0.01 FTE x 35 hrs x 46 wks x 65.528% LOE x 60 mins	633	Incl.
Crisis Intervention 0.018 FTE x 35 hrs x 46 wks x 66,1951% LOE x 60 mins	1151	Incl.
Brokerage 0.046 FTE x 35 hrs x 46 wks x 66.3201% LOE x 60 mins	2,947	Incl.

B. Definition of Billable Services

Billable services include Mental Health Services in the following forms:

Appendix A-2 Contract Term 7/1/2010 through 6/30/2011

City Fiscal Year: 2010-11

All staff is given bi-monthly group supervision and weekly individual supervision to discuss client progress, treatment issues, and enhance skills in the areas of assessment, treatment development and clinical interventions. The Clinical Supervisor is responsible for reviewing the charts as indicated by his/her signature. In addition, the Program Manager conducts bi-monthly administrative supervision to review productivity, provide support regarding system issues impacting upon client services, review documentation for administrative compliance and ensure that staff follows program policies and procedures. The Program Manager also evaluates the staff development needs and creates plans of action and training objectives as indicated. Trainings provided by CBHS are attended by all clinicians. Those that involve education on documentation guidelines as mandated by CBHS and the state of California as well as training on assessment instruments used as standard practice of care, are a requirement for all clinicians.

HIPPA Compliance:

- A. DPH Privacy Policy is integrated in the contractor's governing policies and procedures regarding patient privacy and confidentiality. The Executive Director will ensure that the policy and procedures as outlined in the DPH Privacy Policy have been adopted, approved, and implemented.
- B. All staff who handles patient health information is trained (including new hires) and annually updated in the agency privacy/confidentiality policies and procedures. The Program Manager will ensure that documentation shows that all staff has been trained.
- C. The contractor's Privacy Notice is written and provided to all clients served by the organization in their native language. If the document is not available in the client's relevant language, verbal translation is provided. The Program Manager will ensure that documentation is in the patient's chart, at the time of the chart review, that the patient was "notified."
- D. A Summary of the above Privacy Notice is posted and visible in registration and common areas of the organization.

 The Program Manager will ensure the presence and visibility of posting in said areas.
- E. Each disclosure of a client's health information for the purposes other than treatment, payment, or operations is documented. The Program Manager will ensure that documentation is in the client's chart, at the time of the chart review.
- F. Authorization for disclosure of a client's health information is obtained prior to release: (1) to provider outside the DPH Safety Net; or (2) from a substance abuse program. The Program Manager will ensure that an authorization form that meets the requirements of HIPAA is signed and in the client's chart during the next chart review.

Appendix A-2 Contract Term 7/1/2010 through 6/30/2011

Program: Child Outpatient Behavioral Health Clinic

City Fiscal Year: 2010-11

B. Other Objectives

IFR outpatient IFR will engage in a number of activities enhancement staff's capacity to deliver mental health services in accordance with CBHS integration objectives:

- Staff will participate in a series of trainings on co-occurring disorders

case management, advocacy and mental health services for clients referred by Human Services Agency, including clients that are registered in the CBHS and CYF system of care. Over the years IFR has established strong links with the Human Services Agency and the San Francisco Family Court system, we provide consultation to the department as well as services, which places us in a strong position to advocate for our community and clients.

Service approaches include utilization of family and significant others in the process of intervention, a multidisciplinary, coordinated team approach to the provision of services, reinforcement of cultural strengths and identity, sensitivity to social factors and a commitment to assist clients in understanding and differentiating between social ills and personal problems, program flexibility in how and where services are delivered in order to serve the behavioral health and substance abuse needs of the community.

Psychiatrist Consultations are professional services rendered by the psychiatrist to clients who present psychiatric symptoms that compromise adaptive function, impacting self-care and involvement in the community and augmenting risk behaviors. A Psychiatric Consultation involves, psychosocial evaluation, history taking and mental status examination leading to possible prescription and monitoring of medication. Psychiatric Consultation is also provided directly to behavioral health and primary medical providers for questions regarding psychiatric diagnosis and treatment planning. Since the psychiatrist is part of a multi-disciplinary team that reviews all clients, the consultations are with the team about the effects of medications, compliance and other issues, affecting important changes in clients mental status. Team members provide feedback to the psychiatrist about the mental status and other issues related to the cases.

The psychiatrist also consults with other service providers of the psychiatric client, including, but not limited to, behavioral health provider, medical providers, substance abuse counselors and case managers. In addition, the psychiatrist consults with the client's primary care provider in the referral, placement and treatment disposition of clients at all phases of their treatment.

IFR has historically provided coordinated care to clients with dual-diagnosis of substance abuse using both Abstinence and Harm Reduction based models. Intervention approaches include a multidisciplinary staff, the inclusion of family and significant others, utilization of community resources that will support recovery, as well as coordination with medical providers. In order to develop service capacity for dual diagnosed clients we have focused on training for staff that includes harm reduction philosophy. IFR will adopt CRAAFT and AADIS screening tool to determine client's needs for substance abuse services as well as the CANS.

Adjunct Services:

The outpatient clinic has access to culturally defined therapeutic drumming groups that target youth at risk, who are diagnosed with anxiety and/or depression and who may also have dual diagnosis of substance abuse. Youths are first assessed to identify their level of functioning in order to determine their appropriateness for group services.

As part of IFR's program design, Cultural Affirmation Activities are a fundamental aspect of IFR's services. Cultural Affirmation Activities are defined as planned group events that enhance the cultural and spiritual identity of clients. These activities include: Tonanzin, Cuatemoc, Fiesta de Colores, Xilonen, Cinco de Mayo celebration, Indigenous Peoples Day, Immigrant Pride Day, Dia de los Muertos, Las Posadas, Latino Gay Night, Dia de las Madres, and The Gay Pride Parade as well as other short-term interventions that focus on grief, loss, hope, and inspiration using traditional techniques.

D. Exit criteria and process

Because of limited and shrinking mental health resources, coupled with the need to immediately serve many new acute clients coming in the front door, IFR will consistently apply utilization review and step-down and discharge/exit criteria to alleviate increasing caseload pressure and to prioritize services to those most in need. Behavioral Health Specialists will use CANS as a tool to measure clients progress an will consider such factors as: risk of harm, compliance, progress and status of Care Plan objectives and the client's overall environment, to

Program: Child Outpatient Behavioral Health Clinic

City Fiscal Year: 2010-11

institutions that have created linkages to mental health services (e.g., Mission Neighborhood Health Center, San Francisco General Hospital, S.F.U.S.D., Y.G.C., and the Human Services Agency).

Brochures describing the array of services including Mental Health Services, Psychiatric services and Case Management are distributed to agencies in and around the Mission District.

B. Admission, enrollment and/or intake criteria and process where applicable.

Each client gets an assessment using the ASFCBHS CANS assessment form to establish medical necessity for specialty behavioral health services

The IFR screening process confirms that clients have San Francisco residency, do not have private insurance and are low income; clients are screened for eligibility to receive services with an alternative source of payment (e.g., Medi-Cal or private insurance). It is important to note that many clients seen by IFR are not eligible for Medi-Cal. Clients that do not meet eligibility requirements are referred to intra-agency resources (e.g., Family Resource Services, which provides services to uninsured families with children under Syears-old and Cultura Cura which serves youths and families who have had difficulties with law enforcement institutions), or to appropriate outside service providers.

For all new intakes an appointment for face-to face contact will be offered within 1-2 working days of initial request. All clients who meet medical necessity for specialty mental health services will be assigned to a provider and a full plan of care will be developed within 60 days. If it is determined that clients need services beyond the initial 30 days of opening a CANS assessment and plan of care completed and redone every 6 months, a request for authorization will be submitted to the PUROC committee for additional hours.

All clients are informed of their rights under CBHS in a linguistically accurate manner and provided with documentation of their right to privacy in regards to HIPAA as well as a review of their Client Rights, which includes obtaining client signature and providing a copy to them. A Consent for Treatment or Participation is also required and clients are provided with a copy of the signed form. They are also informed of the Grievance Procedure process, which is documented in the chart.

C. Service delivery model

Behavioral Health service delivery is also based on clients and family needs per CANS assessment, recovery and varied behavioral health and substance abuse theories, bicultural personality development, current best practices and evidence based interventions. These include utilization of family/child centered interventions, a multidisciplinary, coordinated team approach to provision of services, and the reinforcement of cultural strengths and identity, sensitivity to social factors and a commitment to assist clients in understanding and differentiating between social ills and personal problems.

Services are primarily provided at IFR; however, the team also provides services in clients' homes, schools, and other sites that are convenient to clients. IFR is geographically and physically accessible to clients by MUNI and BART public transportation. The program is accessible by telephone at (415) 229-0500. Hours of operation are Monday through Friday, 9 a.m. to 7 p.m and Saturdays, by appointment. Client's emergencies are managed by the assigned Behavioral Health Specialist, psychiatrist, Program Coordinator or by the scheduled Officer-of-the-Day (OD). This site meets minimum ADA requirements.

As a comprehensive clinic, serving children, youth and adults, IFR is in a unique position to provide innovative services to Latino/Chicano families through creative approaches in the context of community that reinforces cultural strengths and identity. IFR is a critical point of access into the public health system for families with children who are in need of comprehensive mental health services.

In collaboration with community and partner agencies and other IFR programs, children and their families are able to access a wide spectrum of services. IFR is the lead agency for the Latino Family Resource System, a collaboration of five community agencies in the Mission District. Through this collaboration IFR is able to provide

Appendix A²2 Contract Term 7/1/2010 through 6/30/2011

B. Definition of Billable Services

Billable services include Mental Health Services in the following forms:

<u>Crisis Intervention</u> - means a service, lasting less than 24 hours, to or on behalf of a beneficiary for a condition that requires more timely response than a regularly scheduled appointment. Service activities may include but are not limited to assessment, collateral, and therapy.

<u>Medication Support Services</u> means services which include prescribing, administering, dispensing, and monitoring of psychiatric medications or biologicals which are necessary to alleviate the symptoms of mental illness. The services may include evaluation, of the need for medication, evaluation of clinical effectiveness and side effects, the obtaining of informed consent, medication education, and plan development related to the delivery of the services and/or assessment of the beneficiary.

Mental Health Services - means those individual or group therapies and interventions that are designed to provide reduction of mental disability and improvement or maintenance of functioning consistent with the goals of learning, development, independent living and enhanced self-sufficiency and that are not provided as a component of children residential services, crisis services, residential treatment services, crisis stabilization, day rehabilitation, or day treatment intensive. Service activities may include but are not limited to assessment, plan development, therapy, rehabilitation, and collateral.

<u>Assessment</u> - means a service activity which may include a clinical analysis of the history and current status of a beneficiary's mental, emotional, or behavioral disorder, relevant cultural issues and history; diagnosis; and the use of testing procedures.

<u>Collateral</u> - means a service activity to a significant support person in the beneficiary's life with the intent of improving or maintaining the mental health of the beneficiary. The beneficiary may or may not be present for this service activity.

<u>Therapy</u> - means a service activity which is a therapeutic intervention that focuses primarily on symptom reduction as a means to improve the functional impairments. Therapy may be delivered to an individual or group of beneficiaries and may include family therapy at which the beneficiary is present.

<u>Targeted Case Management</u> - means services that assist a beneficiary to access needed medical, educational, prevocational, vocational, rehabilitative, or other community service. The activities may include, but are not limited to, communication, coordination, and referral; monitoring service delivery to ensure beneficiary access to service and the service delivery system; monitoring of the beneficiary's progress; and plan development.

Outreach Services/Consultation - Outreach Services are activities and projects directed toward 1) strengthening individuals' and communities' skills and abilities to cope with stressful life situations before the onset of such events, 2) enhancing and/or expanding agencies' or organizations' mental health knowledge and skills in relation to the community-at-large or special population groups, 3) strengthening individuals' coping skills and abilities during a stressful life situation through short-term intervention and 4) enhancing or expanding knowledge and skill of human services agency staff to handle the mental health problems of particular clients.

See Appendix B for Units of Service.

3. Goal Statement

Instituto Familiar de la Raza will provide outpatient behavioral health care services to Chicano/ Latino children, youth, and families eligible for the San Francisco Mental Health Plan in a culturally and linguistically appropriate manner.

4. Target Population

Services will be provided for Chicano/Latino children under the age of 18 who meet medical necessity for specialty behavioral health services. We serve children, youth, and families who are residents in San Francisco specifically those who live in the Mission District.

Latinos face unique social, educational, cultural, and linguistic barriers in accessing behavioral health services. Latino children in particular, face high levels of poverty. Latino youth are more likely to drop out of school, to report depression and anxiety and often engage in behaviors that are detrimental to their well-being and that of the community, Language barriers, unstable housing and homelessness, lack of health care benefits, cultural and racial discrimination and the current anti-immigrant sentiments create severe and persistent stressors for Latinos and their families.

Finally, the lack of bilingual/bicultural behavioral health providers constitutes a major obstacle to providing effective treatment once services are sought. Local, state and national studies have supported the need for language and cultural matching as a critical factor in the assessment, engagement, differential diagnosis and recidivism of Latinos and their families. The importance of integrating cultural norms, values, beliefs and practices that are accepted with the diverse Latino community underscore the importance of providing culturally proficient models of services.

ADDENDUM to the CBHS Adult Mental/Behavioral Health Contract for FY2010-11

Instituto Familiar de la Raza Inc. (IFR) will implement a Behavioral Health and Primary Care Integration pilot project between IFR's adult outpatient mental/behavioral health clinic (La Clinica) and Mission Neighborhood Health Center's Primary Care Adult Clinic. Funds allocated for this effort is from add back dollars in the amount of \$91,500. The contract will be on a cost-reimbursement basis with a 3-month startup period (July-September) and subsequent months billed under Code 45. Units of service and modalities will be tracked manually. Intervention modalities will include 1) Consultation to medical providers 2) Client Contacts and 3) Referrals and initial Case Management.

Initially, IFR will base a half-time clinician at MNHC's site to implement this project. The model to be used will be hybrid of the CBHS Behaviorist Model and existing IFR/MNHC models (MNHC HIV Project (COE) and Teen Clinic Project).

HIPPA Compliance:

- A. DPH Privacy Policy is integrated in the contractor's governing policies and procedures regarding patient privacy and confidentiality. The Executive Director will ensure that the policy and procedures as outlined in the DPH Privacy Policy have been adopted, approved, and implemented.
- B. All staff who handles patient health information is trained (including new hires) and annually updated in the agency privacy/confidentiality policies and procedures. The Program Manager will ensure that documentation shows that all staff has been trained.
- C. The contractor's Privacy Notice is written and provided to all clients served by the organization in their native language. If the document is not available in the client's relevant language, verbal translation is provided. The Program Manager will ensure that documentation is in the patient's chart, at the time of the chart review, that the patient was "notified."
- D. A Summary of the above Privacy Notice is posted and visible in registration and common areas of the organization.

 The Program Manager will ensure the presence and visibility of posting in said areas.
- E. Each disclosure of a client's health information for the purposes other than treatment, payment, or operations is documented. The Program Manager will ensure that documentation is in the client's chart, at the time of the chart review.
- F. Authorization for disclosure of a client's health information is obtained prior to release: (1) to provider outside the DPH Safety Net; or (2) from a substance abuse program. The Program Manager will ensure that an authorization form that meets the requirements of HPAA is signed and in the client's chart during the next chart review.

Appendix A¹1 Contract Term 7/1/2010 through 6/30/2011

B. Other Objectives

IFR Outpatient Clinic will engage in a number of activities to enhance staff's capacity to deliver mental health services in accordance with CBHS integration objectives:

- Staff will participate in a series of trainings on co-occurring disorders
- Staff will participate in a series of trainings on "evidence based" or "evidence informed" practices most relevant to the Chicano/Latino community
- · Staff will participate in all relevant CBHS trainings, particularly as it relates to compliance issues.
- IFR program staff will attend training on provision of services to the designated target population of the program, addressing issues regarding ethnicity, cultural background, gender, sexual orientation, creed or disability.

Additional:

- The Milestones of Recovery Scale (MORS) will be used to measure recovery progress. MORS will be administered at point of Intake, and every three months thereafter. 85% of all active registered clients will indicate an improvement of symptoms as measured through the MORS with in the first three month of services.
- 100% of clients who do not have primary care provider will receive a referral to primary care and will receive case
 management to facilitate best outcome. Tracking this goal will occur at the Initial Authorization PURQC review (2
 months after the case is opened); if client refused this will be noted in the plan of care and electronic log will
 maintain data for analysis at end of year. Tacking will occur during "Initial Authorization" and "ReAuthorization"
 case review in the QI—PURQC.
- A minimum of 6 planning meeting will be convened between IFR and substance abuse partners; the Latino
 Commission, and Haight Ashbury Free Clinic to continue developing an increasingly integrated system of
 referrals, guidelines for coordinating case, developing coordinated plans of care. Designated agency representative
 for IFR (Clinic Coordinator) will maintain a sign in sheet, attendance log, and minutes of meeting, a record of
 issues discussed decisions made.

C. Evaluation of Objectives

See above (7A and B) for evaluation procedures. *Electronic Recordkeeping and Data Collection Requirements:* IFR has sufficient computing resources for staff to support direct real time data entry and documentation that provide for work flow management, data collection and documentation. Resources include hardware, software, connectivity, and IT support services.

8. Continuous Quality Improvement

Quality issues are addressed during bi-monthly multidisciplinary team meetings, during weekly QA/PURQC committee meetings, and during individual supervision. Every week, client charts are reviewed by the PURQC committee. QA procedures provide the opportunity to monitor the development of treatment plans of care, implementation of services, preventive interventions, chart content, chart order, billing issues, and an opportunity to meet PURQC authorization guidelines.

All staff is given bi-monthly group supervision and weekly individual supervision to discuss client progress, treatment issues, and enhance skills in the areas of assessment, treatment development and clinical interventions. The Clinical Supervisor is responsible for reviewing the charts as indicated by his/her signature. In addition, the Program Manger conducts bi-monthly administrative supervision to review productivity, provide support regarding system issues impacting upon client services, review documentation for administrative compliance and ensure that staff follows program policies and procedures. The Program Manager also evaluates the staff development needs and creates plans of action and training objectives as indicated. Trainings provided by CBHS are attended by all clinicians. Those that involve education on documentation guidelines as mandated by CBHS and the state of California as well as training on assessment instruments used as standard practice of care, are a requirement for all clinicians.

service capacity for dually diagnosed clients, we have focused on trainings for staff that includes harm reduction philosophy and cultural considerations.

The Clinic endorses a harm reduction and motivational approach to dual diagnosed clients and works proactively with other divisions within the Department of Public Health and community based partners and providers to ensure timely and coordinated efforts.

IFR Outpatient clinic will increase referrals of clients to vocational rehabilitation programs that have language and cultural capacity. IFR will incorporate the Wellness and Recovery perspective into its services by providing training in the Recovery perspective to all behavioral health staff and will send a representative to the quarterly Wellness Recovery Forum.

D. Program's Exit Criteria and Process

IFR's PURQC Committee provides oversight of client utilization to determine appropriate discharge/exit plans for clients not longer meeting medical necessity criteria. PURQC committee will consider such factors as: risk of harm, compliance, progress and status of Care Plan objectives, and the client's overall environment, to determine which clients can be stepped-down in service modality and frequency or discharged from services. Clients are often referred to other IFR or other community services to ensure their well being. Part of the step down process includes linking clients with community organizations and services that can provide continued support and information of recourses available to promote clients well being.

E. Program Staffing Please see Exhibit B.

7. Objectives and Measurements

A. Outcome Objectives

	Objectives	MH Adult	
Objective	A.1; Reduced Psychiatric Symptoms		<u>:</u> :
A.1:a	The total number of acute inpatient hospital episodes used by clients in Fiscal Year 2010-2011 will be reduced by at least 15% compared to the number of acute inpatient hospital episodes used by these same clients in Fiscal Year 2009-2010. This is applicable only to clients opened to the program no later than July 1, 2010. Data collected for July 2010 – June 2011 will be compared with the data collected in July 2009 – June 2010. Programs will be exempt from meeting this objective if more than 50% of the total number of inpatient episodes was used by 5% or less of the clients hospitalized. Note: except supported housing programs.	X	್ ಸಂಪರ್ವಚಳ ಸಂಚರ್ತಿಗ
A.I.e	75% of clients who have been served for two months or more will have met or partially met 50% of their treatment objectives at discharge. <i>Note: if data available in AVATAR</i>	: X

All clients are informed of their rights under CBHS, are given linguistically accurate documentation of their right to privacy in regards to HIPAA and their Client Rights, which includes obtaining client signature and providing them with a copy. A Consent for Treatment or Participation is required and clients are provided with a copy of the signed form. They are also informed of the Grievance Procedure process which is documented in the chart.

C. Service Delivery Model

IFR is located at 2919 Mission Street, in the heart of the Mission District, and is accessible by telephone at (415) 229-0500. Hours of operation are Monday through Friday, 9 a.m. to 5 p.m. and evenings and Saturdays by appointment. Client emergencies are managed by the assigned psychotherapist, psychiatrist, Program Coordinator or by the scheduled Officer-of-the-Day (OD). This site meets minimum ADA requirements.

Coordinated Behavioral Health service delivery is based on a recovery model, varied psychosocial and alcohol abuse theories (such as CBT, Harm Reduction), psychodynamic and developmental theory) bicultural personality development and current best practices. This include utilization of family centered interventions, a coordinated, multidisciplinary team approach to provision of services, and the reinforcement of cultural strengths and identity, sensitivity to social factors and a commitment to assist clients in understanding and differentiating between social ills and personal problems.

Clients are assessed to identify behavioral health and substance abuse issues, their level of functioning, and the appropriateness of disposition to behavioral health and substance abuse services that may include case management, individual interventions, family therapy, psychiatric medication,, or group services, and coordinated services with other agencies.

A step-down/exit group for women dealing with major depression and/or anxiety will be offered by IFR outpatient clinic.

The group will focus on psycho-education on adaptive coping mechanisms, identifying dysfunctional belief systems and replacing with an alternative belief, self-relaxation/visualization, and the development of a personal treatment plan of care. The group will run for 8 weeks.

Groups being offered by other IFR components can be accessed by Clinica clients. All group activities provide emotional support to members in order to maintain and reinforce the client's natural support system, reduce caretaker and client burnout and address the unique needs of Chicano/Latinos.

IFR's collaboration with Mujeres Unidas y Activas, a grassroots organization, is now in its twentieth (20) year. We continue to provide education, consultation, advocacy and direct services to women and their families that have need for mental health services. This population has multiple needs for their children and youth including services that respond to issues of substance abuse problems, gang involvement and mental illness.

Cultural Affirmation Activities are a fundamental aspect of IFR's services. Cultural Affirmation Activities are defined as planned group events that enhance the cultural and spiritual identity of clients. These activities include: Tonanzin, Cuatemoc, Fiesta de Colores, Xilonen, Cinco de Mayo celebration, Indigenous Peoples Day, Immigrant Pride Day, Dia de los Muertos, Las Posadas, Latino Gay Night, Dia de las Madres and The Gay Pride Parade as well as other short-term interventions that focus on grief, loss, hope and inspiration using traditional interventions.

IFR has historically provided services to clients with dual-diagnosis of substance abuse using both Abstinence and Harm Reduction based models. Intervention approaches include a multidisciplinary staff that can provide an array of services, the inclusion of family and significant others, utilization of partnerships, community resources that will support recovery, as well as coordination with medical providers. In order to develop

Program: Adult Outpatient Behavioral Health Clinic

City Fiscal Year: 2010-11

communication, coordination, and referral; monitoring service delivery to ensure beneficiary access to service and the service delivery system; monitoring of the beneficiary's progress; and plan development.

<u>Low Threshold</u> -This service is defined as activities for the purpose of encouraging those individuals in need of treatment to register and engage in services As well as linkage for clients to step down into community services/activities.

See Appendix B for Units of Service.

6. Methodology

A. Outreach, Recruitment, Promotion, and Advertisement.

IFR has a strong reputation in the community and receives a great number of referrals by clients who have received our service and refer friends and family and other community members. IFR also has long standing relationships with agencies and institutions in San Francisco (e.g., Mission Neighborhood Health Center, San Francisco general Hospital, S.F.U.S.D. and the Human Services Agency) that refer clients to our services. Whenever applicable, clients who are referred from inpatient services receive a face-to-face contact from our staff while still in the hospital in order to provide successful linkage to outpatient level of care.

For clients with chronic and serious mental illness who have multiple and severe functional impairment such as residents in CBHS-funded board-and-care, IFR will work with the CBHS Placement Team to facilitate and provide coordinate care; case management, medication services, and counseling, both at the outpatient clinic and at the clients home placement. The BHS will develop strategies for meaningful activities whenever possible; if the client has family in the area, family therapy may be with the goal of strengthening relationships may be part of the services.

IFR has a long standing policy to support and strengthen other agencies in San Francisco that responds to the Latino community by providing presentations, trainings, and information regarding culturally competent services.

Brochures describing the array of services including Behavioral Helath Services, Psychiatric services and Case Management Services have been updated and are distributed to agencies in San Francisco and the Mission District.

B. Admission, Enrollment and Intake

IFR will adhere to CBHS guidelines regarding assessment and treatment of indigent (uninsured) clients.

All requests for services are initially triaged by an Intake Specialist or the O.D (Officer of the Day) system. The IFR screening process confirms that clients have San Francisco residency, do not have private insurance and are low income. They are screened for eligibility to receive services with an alternative source of payment (e.g., Medi-Cal or private insurance). It is important to note that many clients seen by IFR are not eligible for Medi-Cal.

The Initial Risk Assessment (IRA) is conducted to determine the urgency for care, screen for substance abuse, and medical necessity. Clients that do not meet eligibility requirements are referred to intra-agency resources or to appropriate outside service providers.

For all new intakes, an appointment for face-to-face contact will be offered within 1-2 working days of initial request. All clients who meet medical necessity will be assigned to Behavioral Health Specialist and a full plan of care will be developed within 60 days. If it is determined that clients need services beyond the initial 60 days, a request for authorization will be submitted to the PURQC committee for additional hours.

B. Definition of Billable Services

Billable services include Mental Health Services in the following forms:

<u>Crisis Intervention</u> - means a service, lasting less than 24 hours, to or on behalf of a beneficiary for a condition that requires more timely response than a regularly scheduled appointment. Service activities may include but are not limited to assessment, collateral, and therapy.

<u>Medication Support Services</u> - means services which include prescribing, administering, dispensing, and monitoring of psychiatric medications or biologicals which are necessary to alleviate the symptoms of mental illness. The services may include evaluation, of the need for medication, evaluation of clinical effectiveness and side effects, the obtaining of informed consent, medication education, and plan development related to the delivery of the services and/or assessment of the beneficiary.

Mental Health Services - means those individual or group therapies and interventions that are designed to provide reduction of mental disability and improvement or maintenance of functioning consistent with the goals of learning, development, independent living and enhanced self-sufficiency and that are not provided as a component of adult residential services, crisis services, residential treatment services, crisis stabilization, day rehabilitation, or day treatment intensive. Service activities may include but are not limited to assessment, plan development, therapy, rehabilitation, and collateral.

<u>Assessment</u> - means a service activity which may include a clinical analysis of the history and current status of a beneficiary's mental, emotional, or behavioral disorder, relevant cultural issues and history; diagnosis; and the use of testing procedures.

<u>Collateral</u> means a service activity to a significant support person in a beneficiary's life with the intent of improving or maintaining the mental health of the beneficiary. The beneficiary may or may not be present for this service activity.

<u>Therapy</u> - means a service activity which is a therapeutic intervention that focuses primarily on symptom reduction as a means to improve the functional impairments. Therapy may be delivered to an individual or group of beneficiaries and may include family therapy at which the beneficiary is present.

<u>Targeted Case Management</u> - means services that assist a beneficiary to access needed medical, educational, prevocational, vocational, rehabilitative, or other community service. The activities may include, but are not limited to,

3: Goal Statement

The goal of Instituto Familiar de la Raza's (IFR) Outpatient Behavioral Health Clinic is to provide behavioral health services to Chicano/Latino adults and families eligible for the San Francisco

Health Plan. Services are provided in a culturally and linguistically appropriate manner in order to assist recovery from the effects of mental illness and substance abuse, and to improve the individual's capacity to participate in his/her community.

4. Target Population

The Clinic at IFR targets the Chicano/Latino community of San Francisco. The target population consists of men and women over the age of 18, and their families. Many are indigent, refugees, primarily monolingual (Spanish), and have limited ability to utilize services in English. Many of the people in the target population present with a history of psychological and, social trauma as well as substance abuse. Over 90% of people served live at or below the federal poverty level. All clients meet the criteria for medical necessity as determined by the policies of CBHS.

5. Modality(ies)/Interventions

A. Modality of Services

N. Quality Assurance:

Contractor agrees to develop and implement a Quality Assurance Plan based on internal standards established by Contractor applicable to the Services as follows:

- 1) Staff evaluations completed on an annual basis.
- 2) Personnel policies and procedures in place, reviewed and updated annually.
- 3) Board Review of Quality Assurance Plan.

Other Miscellaneous Optional Provisions:

Compliance With Grant Award Notices:

Contractor recognizes that funding for this Agreement is provided to the City through federal; state or private foundation awards. Contractor agrees to comply with the provisions of the City's agreements with said funding sources, which agreements are incorporated by reference as though fully set forth.

Contractor agrees that funds received by Contractor from a source other than the City to defray any portion of the reimbursable costs allowable under this Agreement shall be reported to the City and deducted by Contractor from its billings to the City to ensure that no portion of the City's reimbursement to Contractor is duplicated.

2. Description of Services

Detailed description of services are listed below and are attached hereto

Appendix A-1 Adult Outpatient Behavioral Health Clinic

Appendix A-1a Addendum to the CBHS Adult Mental/Behavioral Health Contract for FY 10-11

Appendix A-8 La Cultura Cura Intensive Home Based Supervision/EPSDT

Appendix A-9 Indigena Health and Wellness Collaborative

Appendix A-10 Community-Based Therapeutic Mentoring

I. Infection Control, Health and Safety:

- (1) Contractor must have a Bloodborne Pathogen (BBP) Exposure Control plan as defined in the California Code of Regulations, Title 8, Section 5193, Bloodborne Pathogens (http://www.dir.ca.gov/title8/5193.html), and demonstrate compliance with all requirements including, but not limited to exposure determination, training, immunization, use of personal protective equipment and safe needle devices, maintenance of a sharps injury log, post-exposure medical evaluations, and recordkeeping.
- (2) Contractor must demonstrate personnel policies/procedures for protection of staff and clients from other communicable diseases prevalent in the population served. Such policies and procedures shall include, but not be limited to, work practices, personal protective equipment, staff/client Tuberculosis (TB) surveillance, training, etc.
- (3) Contractor must demonstrate personnel policies/procedures for Tuberculosis (TB) exposure control consistent with the Centers for Disease Control and Prevention (CDC) recommendations for health care facilities and based on the Francis J. Curry National Tuberculosis Center: Template for Clinic Settings; as appropriate.
- (4) Contractor is responsible for site conditions, equipment, health and safety of their employees, and all other persons who work or visit the job site.
- (5) Contractor shall assume liability for any and all work-related injuries/illnesses including infectious exposures such as BBP and TB and demonstrate appropriate policies and procedures for reporting such events and providing appropriate post-exposure medical management as required by State workers' compensation laws and regulations.
- (6) Contractor shall comply with all applicable Cal-OSHA standards including maintenance of the OSHA 300 Log of Work-Related Injuries and Illnesses.
- (7) Contractor assumes responsibility for procuring all medical equipment and supplies for use by their staff, including safe needle devices, and provides and documents all appropriate training.
- (8) Contractor shall demonstrate compliance with all state and local regulations with regard to handling and disposing of medical waste.

J. Acknowledgment of Funding:

Contractor agrees to acknowledge the San Francisco Department of Public Health in any printed material or public announcement describing the San Francisco Department of Public Health-funded Services. Such documents or announcements shall contain a credit substantially as follows: "This program/service/activity/research project was funded through the Department of Public Health, City and County of San Francisco."

K. Client Fees and Third Party Revenue:

- (1) Fees required by federal, state or City laws or regulations to be billed to the client, client's family, or insurance company, shall be determined in accordance with the client's ability to pay and in conformance with all applicable laws. Such fees shall approximate actual cost. No additional fees may be charged to the client or the client's family for the Services. Inability to pay shall not be the basis for denial of any Services provided under this Agreement.
- (2) Contractor agrees that revenues or fees received by Contractor related to Services performed and materials developed or distributed with funding under this Agreement shall be used to increase the gross program funding such that a greater number of persons may receive Services. Accordingly, these revenues and fees shall not be deducted by Contractor from its billing to the City.

L. Patients Rights:

All applicable Patients Rights laws and procedures shall be implemented.

M. <u>Under-Utilization Reports</u>:

For any quarter that Contractor maintains less than ninety percent (90%) of the total agreed upon units of service for any mode of service hereunder, Contractor shall immediately notify the Contract Administrator in writing and shall specify the number of underutilized units of service.

Appendix A Services to be provided by Contractor

1. Terms

A. Contract Administrator:

In performing the Services hereunder, Contractor shall report to Eric Dubon, Contract Administrator for the City, or his / her designee.

B. Reports:

Contractor shall submit written reports as requested by the City. The format for the content of such reports shall be determined by the City. The timely submission of all reports is a necessary and material term and condition of this Agreement. All reports, including any copies, shall be submitted on recycled paper and printed on double-sided pages to the maximum extent possible.

C. Evaluation:

Contractor shall participate as requested with the City, State and/or Federal government in evaluative studies designed to show the effectiveness of Contractor's Services. Contractor agrees to meet the requirements of and participate in the evaluation program and management information systems of the City. The City agrees that any final written reports generated through the evaluation program shall be made available to Contractor within thirty (30) working days. Contractor may submit a written response within thirty working days of receipt of any evaluation report and such response will become part of the official report.

D. Possession of Licenses/Permits:

Contractor warrants the possession of all licenses and/or permits required by the laws and regulations of the United States, the State of California, and the City to provide the Services. Failure to maintain these licenses and permits shall constitute a material breach of this Agreement.

E. Adequate Resources:

Contractor agrees that it has secured or shall secure at its own expense all persons, employees and equipment required to perform the Services required under this Agreement, and that all such Services shall be performed by Contractor, or under Contractor's supervision, by persons authorized by law to perform such Services.

F. Admission Policy:

Admission policies for the Services shall be in writing and available to the public. Except to the extent that the Services are to be rendered to a specific population as described in the programs listed in Section 2 of Appendix A, such policies must include a provision that clients are accepted for care without discrimination on the basis of race, color, creed, religion, sex, age, national origin, ancestry, sexual orientation, gender identification, disability, or AIDS/HIV status.

G. San Francisco Residents Only:

Only San Francisco residents shall be treated under the terms of this Agreement. Exceptions must have the written approval of the Contract Administrator.

H. Grievance Procedure:

Contractor agrees to establish and maintain a written Client Grievance Procedure which shall include the following elements as well as others that may be appropriate to the Services: (1) the name or title of the person or persons authorized to make a determination regarding the grievance; (2) the opportunity for the aggrieved party to discuss the grievance with those who will be making the determination; and (3) the right of a client dissatisfied with the decision to ask for a review and recommendation from the community advisory board or planning council that has purview over the aggrieved service. Contractor shall provide a copy of this procedure, and any amendments thereto, to each client and to the Director of Public Health or his/her designated agent (hereinafter referred to as "DIRECTOR"). Those clients who do not receive direct Services will be provided a copy of this procedure upon request.

property. Graffiti results in visual pollution and is a public nuisance. Graffiti must be abated as quickly as possible to avoid detrimental impacts on the City and County and its residents, and to prevent the further spread of graffiti. Contractor shall remove all graffiti from any real property owned or leased by Contractor in the City and County of San Francisco within forty eight (48) hours of the earlier of Contractor's (a) discovery or notification of the graffiti or (b) receipt of notification of the graffiti from the Department of Public Works. This section is not intended to require a Contractor to breach any lease or other agreement that it may have concerning its use of the real property. The term "graffiti" means any inscription, word, figure, marking or design that is affixed, marked, etched, scratched, drawn or painted on any building, structure, fixture or other improvement, whether permanent or temporary, including by way of example only and without limitation, signs, banners, billboards and fencing surrounding construction sites, whether public or private, without the consent of the owner of the property or the owner's authorized agent, and which is visible from the public right-of-way. "Graffiti" shall not include: (1) any sign or banner that is authorized by, and in compliance with, the applicable requirements of the San Francisco Public Works Code, the San Francisco Planning Code or the San Francisco Building Code; or (2) any mural or other painting or marking on the property that is protected as a work of fine art under the California Art Preservation Act (California Civil Code Sections 987 et seq.) or as a work of visual art under the Federal Visual Artists Rights Act of 1990 (17 U.S.C. §§ 101 et seq.).

Any failure of Contractor to comply with this section of this Agreement shall constitute an Event of Default of this Agreement.

- 59. Food Service Waste Reduction Requirements. Effective June 1, 2007 Contractor agrees to comply fully with and be bound by all of the provisions of the Food Service Waste Reduction Ordinance, as set forth in San Francisco Environment Code Chapter 16, including the remedies provided, and implementing guidelines and rules. The provisions of Chapter 16 are incorporated herein by reference and made a part of this Agreement as though fully set forth. This provision is a material term of this Agreement. By entering into this Agreement, Contractor agrees that if it breaches this provision, City will suffer actual damages that will be impractical or extremely difficult to determine: further, Contractor agrees that the sum of one hundred dollars (\$100) liquidated damages for the first breach, two hundred dollars (\$200) liquidated damages for the second breach in the same year, and five hundred dollars (\$500) liquidated damages for subsequent breaches in the same year is reasonable estimate of the damage that City will incur based on the violation, established in light of the circumstances existing at the time this Agreement was made. Such amount shall not be considered a penalty, but rather agreed monetary damages sustained by City because of Contractor's failure to comply with this provision.
- 60. Left blank by agreement of the parties. (Slavery era disclosure)
- 61. Cooperative Drafting. This Agreement has been drafted through a cooperative effort of both parties, and both parties have had an opportunity to have the Agreement reviewed and revised by legal counsel. No party shall be considered the drafter of this Agreement, and no presumption or rule that an ambiguity shall be construed against the party drafting the clause shall apply to the interpretation or enforcement of this Agreement.
- 62. Dispute Resolution Procedure. A Dispute Resolution Procedure is attached under the Appendix G to address issues that have not been resolved administratively by other departmental remedies.
- 63. Additional Terms. Additional Terms are attached hereto as Appendix D and are incorporated into this Agreement by reference as though fully set forth herein.

- 53. Compliance with Laws. Contractor shall keep itself fully informed of the City's Charter, codes, ordinances and regulations of the City and of all state, and federal laws in any manner affecting the performance of this Agreement, and must at all times comply with such local codes, ordinances, and regulations and all applicable laws as they may be amended from time to time.
- 54. Services Provided by Attorneys. Any services to be provided by a law firm or attorney must be reviewed and approved in writing in advance by the City Attorney. No invoices for services provided by law firms or attorneys, including, without limitation, as subcontractors of Contractor, will be paid unless the provider received advance written approval from the City Attorney.
- Supervision of Minors. Contractor, and any subcontractors, shall comply with California Penal Code section 11105.3 and request from the Department of Justice records of all convictions or any arrest pending adjudication involving the offenses specified in Welfare and Institution Code section 15660(a) of any person who applies for employment or volunteer position with Contractor, or any subcontractor, in which he or she would have supervisory or disciplinary power over a minor under his or her care. If Contractor, or any subcontractor, is providing services at a City park, playground, recreational center or beach (separately and collectively, "Recreational Site"), Contractor shall not hire, and shall prevent its subcontractors from hiring, any person for employment or volunteer position to provide those services if that person has been convicted of any offense that was listed in former Penal Code section 11105.3 (h)(1) or 11105.3(h)(3). If Contractor, or any of its subcontractors, hires an employee or volunteer to provide services to minors at any location other than a Recreational Site, and that employee or volunteer has been convicted of an offense specified in Penal Code section 11105.3(c), then Contractor shall comply, and cause its subcontractors to comply with that section and provide written notice to the parents or guardians of any minor who will be supervised or disciplined by the employee or volunteer not less than ten (10) days prior to the day the employee or volunteer begins his or her duties or tasks. Contractor shall provide, or cause its subcontractors to provide City with a copy of any such notice at the same time that it provides notice to any parent or guardian. Contractor shall expressly require any of its subcontractors with supervisory or disciplinary power over a minor to comply with this section of the Agreement as a condition of its contract with the subcontractor. Contractor acknowledges and agrees that failure by Contractor or any of its subcontractors to comply with any provision of this section of the Agreement shall constitute an Event of Default. Contractor further acknowledges and agrees that such Event of Default shall be grounds for the City to terminate the Agreement, partially or in its entirety, to recover from Contractor any amounts paid under this Agreement, and to withhold any future payments to Contractor. The remedies provided in this Section shall not limited any other remedy available to the City hereunder, or in equity or law for an Event of Default, and each remedy may be exercised individually or in combination with any other available remedy. The exercise of any remedy shall not preclude or in any way be deemed to waive any other remedy.
- 56. Severability. Should the application of any provision of this Agreement to any particular facts or circumstances be found by a court of competent jurisdiction to be invalid or unenforceable, then (a) the validity of other provisions of this Agreement shall not be affected or impaired thereby, and (b) such provision shall be enforced to the maximum extent possible so as to effect the intent of the parties and shall be reformed without further action by the parties to the extent necessary to make such provision valid and enforceable.
- 57. Protection of Private Information. Contractor has read and agrees to the terms set forth in San Francisco Administrative Code Sections 12M.2, "Nondisclosure of Private Information," and 12M.3, "Enforcement" of Administrative Code Chapter 12M, "Protection of Private Information," which are incorporated herein as if fully set forth. Contractor agrees that any failure of Contactor to comply with the requirements of Section 12M.2 of this "Chapter shall be a material breach of the Contract. In such an event, in addition to any other remedies available to it under equity or law, the City may terminate the Contract, bring a false claim action against the Contractor pursuant to Chapter 6 or Chapter 21 of the Administrative Code, or debar the Contractor.
- 58. Graffiti Removal. Graffiti is detrimental to the health, safety and welfare of the community in that it promotes a perception in the community that the laws protecting public and private property can be disregarded with impunity. This perception fosters a sense of disrespect of the law that results in an increase in crime: degrades the community and leads to urban blight; is detrimental to property values, business opportunities and the enjoyment of life; is inconsistent with the City's property maintenance goals and aesthetic standards; and results in additional graffiti and in other properties becoming the target of graffiti unless it is quickly removed from public and private

Therefore, liquidated damages that total \$5,000 for first violations and \$10,000 for subsequent violations as determined by FSHA constitute a fair, reasonable, and conservative attempt to quantify the harm caused to the City by the failure of a contractor to comply with its first source referral contractual obligations.

6) That the failure of contractors to comply with this Chapter, except property contractors, may be subject to the debarment and monetary penalties set forth in Sections 6.80 et seq. of the San Francisco Administrative Code, as well as any other remedies available under the contract or at law; and

Violation of the requirements of Chapter 83 is subject to an assessment of liquidated damages in the amount of \$5,000 for every new hire for an Entry Level Position improperly withheld from the first source hiring process. The assessment of liquidated damages and the evaluation of any defenses or mitigating factors shall be made by the FSHA.

- f. Subcontracts. Any subcontract entered into by Contractor shall require the subcontractor to comply with the requirements of Chapter 83 and shall contain contractual obligations substantially the same as those set forth in this Section.
- 46. Prohibition on Political Activity with City Funds. In accordance with San Francisco Administrative Code Chapter 12.G, Contractor may not participate in, support, or attempt to influence any political campaign for a candidate or for a ballot measure (collectively, "Political Activity") in the performance of the services provided under this Agreement. Contractor agrees to comply with San Francisco Administrative Code Chapter 12.G and any implementing rules and regulations promulgated by the City's Controller. The terms and provisions of Chapter 12.G are incorporated herein by this reference. In the event Contractor violates the provisions of this section, the City may, in addition to any other rights or remedies available hereunder, (i) terminate this Agreement, and (ii) prohibit Contractor from bidding on or receiving any new City contract for a period of two (2) years. The Controller will not consider Contractor's use of profit as a violation of this section.
- 47. Preservative-treated Wood Containing Arsenic. Contractor may not purchase preservative-treated wood products containing arsenic in the performance of this Agreement unless an exemption from the requirements of Chapter 13 of the San Francisco Environment Code is obtained from the Department of the Environment under Section 1304 of the Code. The term "preservative-treated wood containing arsenic" shall mean wood treated with a preservative that contains arsenic, elemental arsenic, or an arsenic copper combination, including, but not limited to, chromated copper arsenate preservative, ammoniacal copper zinc arsenate preservative, or ammoniacal copper arsenate preservative. Contractor may purchase preservative-treated wood products on the list of environmentally preferable alternatives prepared and adopted by the Department of the Environment. This provision does not preclude Contractor from purchasing preservative-treated wood containing arsenic for saltwater immersion. The term "saltwater immersion" shall mean a pressure-treated wood that is used for construction purposes or facilities that are partially or totally immersed in saltwater.
- 48. Modification of Agreement. This Agreement may not be modified, nor may compliance with any of its terms be waived, except by written instrument executed and approved in the same manner as this Agreement. Contractor shall cooperate with Department to submit to the Director of HRC any amendment, modification, supplement or change order that would result in a cumulative increase of the original amount of this Agreement by more than 20% (HRC Contract Modification Form).
- 49. Administrative Remedy for Agreement Interpretation DELETED BY MUTUAL AGREEMENT OF THE PARTIES
- 50. Agreement Made in California; Venue. The formation, interpretation and performance of this Agreement shall be governed by the laws of the State of California. Venue for all litigation relative to the formation, interpretation and performance of this Agreement shall be in San Francisco.
- 51. Construction. All paragraph captions are for reference only and shall not be considered in construing this Agreement.
- 52. Entire Agreement. This contract sets forth the entire Agreement between the parties, and supersedes all other oral or written provisions. This contract may be modified only as provided in Section 48, "Modification of Agreement."

CMS# 6960

- 6) Set the term of the requirements.
- 7) Set appropriate enforcement and sanctioning standards consistent with this Chapter.
- 8) Set forth the City's obligations to develop training programs, job applicant referrals, technical assistance, and information systems that assist the employer in complying with this Chapter.
- 9) Require the developer to include notice of the requirements of this Chapter in leases, subleases, and other occupancy contracts.
- c. Hiring Decisions. Contractor shall make the final determination of whether an Economically Disadvantaged Individual referred by the System is "qualified" for the position.
- d. Exceptions. Upon application by Employer, the First Source Hiring Administration may grant an exception to any or all of the requirements of Chapter 83 in any situation where it concludes that compliance with this Chapter would cause economic hardship.
 - e. Liquidated Damages. Contractor agrees:
 - 1) To be liable to the City for liquidated damages as provided in this section;
- 2) To be subject to the procedures governing enforcement of breaches of contracts based on violations of contract provisions required by this Chapter as set forth in this section;
- That the contractor's commitment to comply with this Chapter is a material element of the City's consideration for this contract; that the failure of the contractor to comply with the contract provisions required by this Chapter will cause harm to the City and the public which is significant and substantial but extremely difficult to quantity; that the harm to the City includes not only the financial cost of funding public assistance programs but also the insidious but impossible to quantify harm that this community and its families suffer as a result of unemployment; and that the assessment of liquidated damages of up to \$5,000 for every notice of a new hire for an entry level position improperly withheld by the contractor from the first source hiring process, as determined by the FSHA during its first investigation of a contractor, does not exceed a fair estimate of the financial and other damages that the City suffers as a result of the contractor's failure to comply with its first source referral contractual obligations.
- 4) That the continued failure by a contractor to comply with its first source referral contractual obligations will cause further significant and substantial harm to the City and the public, and that a second assessment of liquidated damages of up to \$10,000 for each entry level position improperly withheld from the FSHA, from the time of the conclusion of the first investigation forward, does not exceed the financial and other damages that the City suffers as a result of the contractor's continued failure to comply with its first source referral contractual obligations:
- 5) That in addition to the cost of investigating alleged violations under this Section, the computation of liquidated damages for purposes of this section is based on the following data:
- (a) The average length of stay on public assistance in San Francisco's County Adult Assistance Program is approximately 41 months at an average monthly grant of \$348 per month, totaling approximately \$14,379; and
- (b) In 2004, the retention rate of adults placed in employment programs funded under the Workforce Investment Act for at least the first six months of employment was 84.4%. Since qualified individuals under the First Source program face far fewer barriers to employment than their counterparts in programs funded by the Workforce Investment Act, it is reasonable to conclude that the average length of employment for an individual whom the First Source Program refers to an employer and who is hired in an entry level position is at least one year;

45. First Source Hiring Program

- a. Incorporation of Administrative Code Provisions by Reference. The provisions of Chapter 83 of the San Francisco Administrative Code are incorporated in this Section by reference and made a part of this Agreement as though fully set forth herein. Contractor shall comply fully with, and be bound by, all of the provisions that apply to this Agreement under such Chapter, including but not limited to the remedies provided therein. Capitalized terms used in this Section and not defined in this Agreement shall have the meanings assigned to such terms in Chapter 83.
- b. First Source Hiring Agreement. As an essential term of, and consideration for, any contract or property contract with the City, not exempted by the FSHA, the Contractor shall enter into a first source hiring agreement ("agreement") with the City, on or before the effective date of the contract or property contract. Contractors shall also enter into an agreement with the City for any other work that it performs in the City. Such agreement shall:
- Set appropriate hiring and retention goals for entry level positions. The employer shall agree to achieve these hiring and retention goals, or, if unable to achieve these goals, to establish good faith efforts as to its attempts to do so, as set forth in the agreement. The agreement shall take into consideration the employer's participation in existing job training, referral and/or brokerage programs. Within the discretion of the FSHA, subject to appropriate modifications, participation in such programs maybe certified as meeting the requirements of this Chapter. Failure either to achieve the specified goal, or to establish good faith efforts will constitute noncompliance and will subject the employer to the provisions of Section 83.10 of this Chapter.
- Francisco Workforce Development System with the first opportunity to provide qualified economically disadvantaged individuals for consideration for employment for entry level positions. Employers shall consider all applications of qualified economically disadvantaged individuals referred by the System for employment; provided however, if the employer utilizes nondiscriminatory screening criteria, the employer shall have the sole discretion to interview and/or hire individuals referred or certified by the San Francisco Workforce Development System as being qualified economically disadvantaged individuals. The duration of the first source interviewing requirement shall be determined by the FSHA and shall be set forth in each agreement, but shall not exceed 10 days. During that period, the employer may publicize the entry level positions in accordance with the agreement. A need for urgent or temporary hires must be evaluated, and appropriate provisions for such a situation must be made in the agreement.
- 3) Set appropriate requirements for providing notification of available entry level positions to the San Francisco Workforce Development System so that the System may train and refer an adequate pool of qualified economically disadvantaged individuals to participating employers. Notification should include such information as employment needs by occupational title, skills, and/or experience required, the hours required, wage scale and duration of employment, identification of entry level and training positions, identification of English language proficiency requirements, or absence thereof, and the projected schedule and procedures for hiring for each occupation. Employers should provide both long-term job need projections and notice before initiating the interviewing and hiring process. These notification requirements will take into consideration any need to protect the employer's proprietary information.
- 4) Set appropriate record keeping and monitoring requirements. The First Source Hiring.

 Administration shall develop easy-to-use forms and record keeping requirements for documenting compliance with the agreement. To the greatest extent possible, these requirements shall utilize the employer's existing records accordinated keeping systems, be nonduplicative, and facilitate a coordinated flow of information and referrals.
- 5) Establish guidelines for employer good faith efforts to comply with the first source hiring requirements of this Chapter. The FSHA will work with City departments to develop employer good faith effort requirements appropriate to the types of contracts and property contracts handled by each department. Employers shall appoint a liaison for dealing with the development and implementation of the employer's agreement. In the event that the FSHA finds that the employer under a City contract or property contract has taken actions primarily for the purpose of circumventing the requirements of this Chapter, that employer shall be subject to the sanctions set forth in Section 83.10 of this Chapter.

- a. For each Covered Employee, Contractor shall provide the appropriate health benefit set forth in Section 12Q.3 of the HCAO. If Contractor chooses to offer the health plan option, such health plan shall meet the minimum standards set forth by the San Francisco Health Commission.
- b. Notwithstanding the above, if the Contractor is a small business as defined in Section 12Q.3(e) of the HCAO, it shall have no obligation to comply with part (a) above.
- c. Contractor's failure to comply with the HCAO shall constitute a material breach of this agreement. City shall notify Contractor if such a breach has occurred. If, within 30 days after receiving City's written notice of a breach of this Agreement for violating the HCAO, Contractor fails to cure such breach or, if such breach cannot reasonably be cured within such period of 30 days, Contractor fails to commence efforts to cure within such period, or thereafter fails diligently to pursue such cure to completion, City shall have the right to pursue the remedies set forth in 12Q.5.1 and 12Q.5(f)(1-6). Each of these remedies shall be exercisable individually or in combination with any other rights or remedies available to City.
- d. Any Subcontract entered into by Contractor shall require the Subcontractor to comply with the requirements of the HCAO and shall contain contractual obligations substantially the same as those set forth in this Section. Contractor shall notify City's Office of Contract Administration when it enters into such a Subcontract and shall certify to the Office of Contract Administration that it has notified the Subcontractor of the obligations under the HCAO and has imposed the requirements of the HCAO on Subcontractor through the Subcontract. Each Contractor shall be responsible for its Subcontractors' compliance with this Chapter. If a Subcontractor fails to comply, the City may pursue the remedies set forth in this Section against Contractor based on the Subcontractor's failure to comply, provided that City has first provided Contractor with notice and an opportunity to obtain a cure of the violation.
- e. Contractor shall not discharge, reduce in compensation, or otherwise discriminate against any employee for notifying City with regard to Contractor's noncompliance or anticipated noncompliance with the requirements of the HCAO, for opposing any practice proscribed by the HCAO, for participating in proceedings related to the HCAO, or for seeking to assert or enforce any rights under the HCAO by any lawful means.
- f. Contractor represents and warrants that it is not an entity that was set up, or is being used, for the purpose of evading the intent of the HCAO.
- g. Contractor shall maintain employee and payroll records in compliance with the California Labor Code and Industrial Welfare Commission orders, including the number of hours each employee has worked on the City Contract.
 - h. Contractor shall keep itself informed of the current requirements of the HCAO.
- i. Contractor shall provide reports to the City in accordance with any reporting standards promulgated by the City under the HCAO, including reports on Subcontractors and Subtenants, as applicable.
- j. Contractor shall provide City with access to records pertaining to compliance with HCAO after receiving a written request from City to do so and being provided at least ten business days to respond.
- k. Contractor shall allow City to inspect Contractor's job sites and have access to Contractor's employees in order to monitor and determine compliance with HCAO.
- I. City may conduct random audits of Contractor to ascertain its compliance with HCAO. Contractor agrees to cooperate with City when it conducts such audits.
- m. If Contractor is exempt from the HCAO when this Agreement is executed because its amount is less than \$25,000 (\$50,000 for nonprofits), but Contractor later enters into an agreement or agreements that cause Contractor's aggregate amount of all agreements with City to reach \$75,000, all the agreements shall be thereafter subject to the HCAO. This obligation arises on the effective date of the agreement that causes the cumulative amount of agreements between Contractor and the City to be equal to or greater than \$75,000 in the fiscal year.

- b. The MCO requires Contractor to pay Contractor's employees a minimum hourly gross compensation wage rate and to provide minimum compensated and uncompensated time off. The minimum wage rate may change from year to year and Contractor is obligated to keep informed of the then-current requirements. Any subcontract entered into by Contractor shall require the subcontractor to comply with the requirements of the MCO and shall contain contractual obligations substantially the same as those set forth in this Section. It is Contractor's obligation to ensure that any subcontractors of any tier under this Agreement comply with the requirements of the MCO. If any subcontractor under this Agreement fails to comply, City may pursue any of the remedies set forth in this Section against Contractor.
- c. Contractor shall not take adverse action or otherwise discriminate against an employee or other person for the exercise or attempted exercise of rights under the MCO. Such actions, if taken within 90 days of the exercise or attempted exercise of such rights, will be rebuttably presumed to be retaliation prohibited by the MCO.
- d. Contractor shall maintain employee and payroll records as required by the MCO. If Contractor fails to do so, it shall be presumed that the Contractor paid no more than the minimum wage required under State law.
- e. The City is authorized to inspect Contractor's job sites and conduct interviews with employees and conduct audits of Contractor
- f. Contractor's commitment to provide the Minimum Compensation is a material element of the City's consideration for this Agreement. The City in its sole discretion shall determine whether such a breach has occurred. The City and the public will suffer actual damage that will be impractical or extremely difficult to determine if the Contractor fails to comply with these requirements. Contractor agrees that the sums set forth in Section 12P.6.1 of the MCO as liquidated damages are not a penalty, but are reasonable estimates of the loss that the City and the public will incur for Contractor's noncompliance. The procedures governing the assessment of liquidated damages shall be those set forth in Section 12P.6.2 of Chapter 12P.
- g. Contractor understands and agrees that if it fails to comply with the requirements of the MCO, the City shall have the right to pursue any rights or remedies available under Chapter 12P (including liquidated damages), under the terms of the contract, and under applicable law. If, within 30 days after receiving written notice of a breach of this Agreement for violating the MCO, Contractor fails to cure such breach or, if such breach cannot reasonably be cured within such period of 30 days, Contractor fails to commence efforts to cure within such period, or thereafter fails diligently to pursue such cure to completion, the City shall have the right to pursue any rights or remedies available under applicable law, including those set forth in Section 12P.6(c) of Chapter 12P. Each of these remedies shall be exercisable individually or in combination with any other rights or remedies available to the City.
- h. Contractor represents and warrants that it is not an entity that was set up, or is being used, for the purpose of evading the intent of the MCO.
- i. If Contractor is exempt from the MCO when this Agreement is executed because the cumulative amount of agreements with this department for the fiscal year is less than \$25,000, but Contractor later enters into an agreement or agreements that cause contractor to exceed that amount in a fiscal year, Contractor shall thereafter be required to comply with the MCO under this Agreement. This obligation arises on the effective date of the agreement that causes the cumulative amount of agreements between the Contractor and this department to exceed \$25,000 in the fiscal year.
- 44. Requiring Health Benefits for Covered Employees. Contractor agrees to comply fully with and be bound, by all of the provisions of the Health Care Accountability Ordinance (HCAO), as set forth in San Francisco. Administrative Code Chapter 12Q, including the remedies provided, and implementing regulations, as the same may be amended from time to time. The provisions of section 12Q.5.1 of Chapter 12Q are incorporated by reference and made a part of this Agreement as though fully set forth herein. The text of the HCAO is available on the web at www.sfgov.org/olse. Capitalized terms used in this Section and not defined in this Agreement shall have the meanings assigned to such terms in Chapter 12Q.

public, whether directly or through a contractor, must be accessible to the disabled public. Contractor shall provide the services specified in this Agreement in a manner that complies with the ADA and any and all other applicable federal, state and local disability rights legislation. Contractor agrees not to discriminate against disabled persons in the provision of services, benefits or activities provided under this Agreement and further agrees that any violation of this prohibition on the part of Contractor, its employees, agents or assigns will constitute a material breach of this Agreement.

- 40. Sunshine Ordinance. In accordance with San Francisco Administrative Code §67.24(e), contracts, contractors' bids, responses to solicitations and all other records of communications between City and persons or firms seeking contracts, shall be open to inspection immediately after a contract has been awarded. Nothing in this provision requires the disclosure of a private person or organization's net worth or other proprietary financial data submitted for qualification for a contract or other benefit until and unless that person or organization is awarded the contract or benefit. Information provided which is covered by this paragraph will be made available to the public upon request.
- \$250,000 in City funds or City-administered funds and is a non-profit organization as defined in Chapter 12L of the San Francisco Administrative Code, Contractor shall comply with and be bound by all the applicable provisions of that Chapter. By executing this Agreement, the Contractor agrees to open its meetings and records to the public in the manner set forth in §§12L.4 and 12L.5 of the Administrative Code. Contractor further agrees to make-good faith efforts to promote community membership on its Board of Directors in the manner set forth in §12L.6 of the Administrative Code. The Contractor acknowledges that its material failure to comply with any of the provisions of this paragraph shall constitute a material breach of this Agreement. The Contractor further acknowledges that such material breach of the Agreement shall be grounds for the City to terminate and/or not renew the Agreement, partially or in its entirety.
- Limitations on Contributions. Through execution of this Agreement, Contractor acknowledges that it is familiar with section 1,126 of the City's Campaign and Governmental Conduct Code, which prohibits any person who contracts with the City for the rendition of personal services, for the furnishing of any material, supplies or equipment, for the sale or lease of any land or building, or for a grant, loan or loan guarantee, from making any campaign contribution to (1) an individual holding a City elective office if the contract must be approved by the individual, a board on which that individual serves, or the board of a state agency on which an appointee of that individual serves, (2) a candidate for the office held by such individual, or (3) a committee controlled by such individual, at any time from the commencement of negotiations for the contract until the later of either the termination of negotiations for such contract or six months after the date the contract is approved. Contractor acknowledges that the foregoing restriction applies only if the contract or a combination or series of contracts approved by the same individual or board in a fiscal year have a total anticipated or actual value of \$50,000 or more. Contractor further acknowledges that the prohibition on contributions applies to each prospective party to the contract; each member of Contractor's board of directors; Contractor's chairperson, chief executive officer, chief financial officer and chief operating officer; any person with an ownership interest of more than 20 percent in Contractor; any subcontractor listed in the bid or contract; and any committee that is sponsored or controlled by Contractor, Additionally, Contractor acknowledges that Contractor must inform each of the persons described in the preceding sentence of the prohibitions contained in Section 1.126. Contractor further agrees to provide to City the names of each person, entity or committee described above.

43. Requiring Minimum Compensation for Covered Employees

a. Contractor agrees to comply fully with and be bound by all of the provisions of the Minimum Compensation Ordinance (MCO), as set forth in San Francisco Administrative Code Chapter 12P (Chapter 12P), including the remedies provided, and implementing guidelines and rules. The provisions of Sections 12P.5 and 12P.5.1 of Chapter 12P are incorporated herein by reference and made a part of this Agreement as though fully set forth. The text of the MCO is available on the web at www.sfgov.org/olse/mco. A partial listing of some of Contractor's obligations under the MCO is set forth in this Section. Contractor is required to comply with all the provisions of the MCO, irrespective of the listing of obligations in this Section.

applicant for employment with such contractor or subcontractor, or against any person seeking accommodations, advantages, facilities, privileges, services, or membership in all business, social, or other establishments or organizations, on the basis of the fact or perception of a person's race, color, creed, religion, national origin, ancestry, age, height, weight, sex, sexual orientation, gender identity, domestic partner status, marital status, disability or Acquired Immune Deficiency Syndrome or HIV status (AIDS/HIV status), or association with members of such protected classes, or in retaliation for opposition to discrimination against such classes.

- b. Subcontracts. Contractor shall incorporate by reference in all subcontracts the provisions of §§12B.2(a), 12B.2(c)-(k), and 12C.3 of the San Francisco Administrative Code (copies of which are available from Purchasing) and shall require all subcontractors to comply with such provisions. Contractor's failure to comply with the obligations in this subsection shall constitute a material breach of this Agreement.
- c. Nondiscrimination in Benefits. Contractor does not as of the date of this Agreement and will not during the term of this Agreement, in any of its operations in San Francisco, on real property owned by San Francisco, or where work is being performed for the City elsewhere in the United States, discriminate in the provision of bereavement leave, family medical leave, health benefits, membership or membership discounts, moving expenses, pension and retirement benefits or travel benefits, as well as any benefits other than the benefits specified above, between employees with domestic partners and employees with spouses, and/or between the domestic partners and spouses of such employees, where the domestic partnership has been registered with a governmental entity pursuant to state or local law authorizing such registration, subject to the conditions set forth in §12B.2(b) of the San Francisco Administrative Code.
- d. Condition to Contract. As a condition to this Agreement, Contractor shall execute the "Chapter 12B Declaration: Nondiscrimination in Contracts and Benefits" form (form HRC-12B-101) with supporting documentation and secure the approval of the form by the San Francisco Human Rights Commission.
- e. Incorporation of Administrative Code Provisions by Reference. The provisions of Chapters 12B and 12C of the San Francisco Administrative Code are incorporated in this Section by reference and made a part of this Agreement as though fully set forth herein. Contractor shall comply fully with and be bound by all of the provisions that apply to this Agreement under such Chapters, including but not limited to the remedies provided in such Chapters. Without limiting the foregoing, Contractor understands that pursuant to §§12B.2(h) and 12C.3(g) of the San Francisco Administrative Code, a penalty of \$50 for each person for each calendar day during which such person was discriminated against in violation of the provisions of this Agreement may be assessed against Contractor and/or deducted from any payments due Contractor.
- 35. MacBride Principles—Northern Ireland. Pursuant to San Francisco Administrative Code § 12F.5, the City and County of San Francisco urges companies doing business in Northern Ireland to move towards resolving employment inequities, and encourages such companies to abide by the MacBride Principles. The City and County of San Francisco urges San Francisco companies to do business with corporations that abide by the MacBride Principles. By signing below, the person executing this agreement on behalf of Contractor acknowledges and agrees that he or she has read and understood this section.
- 36. Tropical Hardwood and Virgin Redwood Ban. Pursuant to §804(b) of the San Francisco Environment Code, the City and County of San Francisco urges contractors not to import, purchase, obtain, or use for any purpose, any tropical hardwood, tropical hardwood wood product, virgin redwood or virgin redwood wood product.
- 37. **Drug-Free Workplace Policy**. Contractor acknowledges that pursuant to the Federal Drug-Free Workplace. Act of 1989, the unlawful manufacture, distribution, dispensation, possession, or use of a controlled substance is prohibited on City premises. Contractor agrees that any violation of this prohibition by Contractor, its employees, agents or assigns will be deemed a material breach of this Agreement.
- 38. Resource Conservation. Chapter 5 of the San Francisco Environment Code ("Resource Conservation") is incorporated herein by reference. Failure by Contractor to comply with any of the applicable requirements of Chapter 5 will be deemed a material breach of contract.
- 39. Compliance with Americans with Disabilities Act. Contractor acknowledges that, pursuant to the Americans with Disabilities Act (ADA), programs, services and other activities provided by a public entity to the CMS# 6960

Schedule, as set forth below. Employers can locate these forms at the IRS Office, on the Internet, or anywhere that Federal Tax Forms can be found. Contractor shall provide EIC Forms to each Eligible Employee at each of the following times: (i) within thirty days following the date on which this Agreement becomes effective (unless Contractor has already provided such EIC Forms at least once during the calendar year in which such effective date falls); (ii) promptly after any Eligible Employee is hired by Contractor; and (iii) annually between January 1 and January 31 of each calendar year during the term of this Agreement. Failure to comply with any requirement contained in subparagraph (a) of this Section shall constitute a material breach by Contractor of the terms of this Agreement. If, within thirty days after Contractor receives written notice of such a breach, Contractor fails to cure such breach or, if such breach cannot reasonably be cured within such period of thirty days, Contractor fails to commence efforts to cure within such period or thereafter fails to diligently pursue such cure to completion, the City may pursue any rights or remedies available under this Agreement or under applicable law. Any Subcontract entered into by Contractor shall require the subcontractor to comply, as to the subcontractor's Eligible Employees, with each of the terms of this section. Capitalized terms used in this Section and not defined in this Agreement shall have the meanings assigned to such terms in Section 12O of the San Francisco Administrative Code.

33. Local Business Enterprise Utilization; Liquidated Damages

a. The LBE Ordinance. Contractor, shall comply with all the requirements of the Local Business Enterprise and Non-Discrimination in Contracting Ordinance set forth in Chapter 14B of the San Francisco Administrative Code as it now exists or as it may be amended in the future (collectively the "LBE Ordinance"), provided such amendments do not materially increase Contractor's obligations or liabilities, or materially diminish Contractor's rights, under this Agreement. Such provisions of the LBE Ordinance are incorporated by reference and made a part of this Agreement as though fully set forth in this section. Contractor's willful failure to comply with any applicable provisions of the LBE Ordinance is a material breach of Contractor's obligations under this Agreement and shall entitle City, subject to any applicable notice and cure provisions set forth in this Agreement, to exercise any of the remedies provided for under this Agreement, under the LBE Ordinance or otherwise available at law or in equity, which remedies shall be cumulative unless this Agreement expressly provides that any remedy is exclusive. In addition, Contractor shall comply fully with all other applicable local, state and federal laws prohibiting discrimination and requiring equal opportunity in contracting, including subcontracting.

b. Compliance and Enforcement,

If Contractor willfully fails to comply with any of the provisions of the LBE Ordinance, the rules and regulations implementing the LBE Ordinance, or the provisions of this Agreement pertaining to LBE participation, Contractor shall be liable for liquidated damages in an amount equal to Contractor's net profit on this Agreement, or 10% of the total amount of this Agreement, or \$1,000, whichever is greatest. The Director of the City's Human Rights Commission or any other public official authorized to enforce the LBE Ordinance (separately and collectively, the "Director of HRC") may also impose other sanctions against Contractor authorized in the LBE Ordinance, including declaring the Contractor to be irresponsible and ineligible to contract with the City for a period of up to five years or revocation of the Contractor's LBE certification. The Director of HRC will determine the sanctions to be imposed, including the amount of liquidated damages, after investigation pursuant to Administrative Code §14B.17.

By entering into this Agreement. Contractor acknowledges and agrees that any liquidated damages assessed by the Director of the HRC shall be payable to City upon demand. Contractor further acknowledges and agrees that any liquidated damages assessed may be withheld from any monies due to Contractor on any contract with City.

Contractor agrees to maintain records necessary for monitoring its compliance with the LBE Ordinance for a period of three years following termination or expiration of this Agreement, and shall make such records available for audit and inspection by the Director of HRC or the Controller upon request.

34. Nondiscrimination; Penalties

a. Contractor Shall Not Discriminate. In the performance of this Agreement, Contractor agrees not to discriminate against any employee, City and County employee working with such contractor or subcontractor,

CMS#. 6960

of authorship shall be works for hire as defined under Title 17 of the United States Code, and all copyrights in such works are the property of the City. If it is ever determined that any works created by Contractor or its subcontractors under this Agreement are not works for hire under U.S. law, Contractor hereby assigns all copyrights to such works to the City, and agrees to provide any material and execute any documents necessary to effectuate such assignment. With the approval of the City, Contractor may retain and use copies of such works for reference and as documentation of its experience and capabilities.

28. Audit and Inspection of Records

- a. Contractor agrees to maintain and make available to the City, during regular business hours, accurate books and accounting records relating to its work under this Agreement. Contractor will permit City to audit, examine and make excerpts and transcripts from such books and records, and to make audits of all invoices, materials, payrolls, records or personnel and other data related to all other matters covered by this Agreement, whether funded in whole, or in part under this Agreement. Contractor shall maintain such data and records in an accessible location and condition for a period of not less than five years after final payment under this Agreement or until after final audit has been resolved, whichever is later. The State of California or any federal agency having an interest in the subject matter of this Agreement shall have the same rights conferred upon City by this Section.
- b. Contractor shall annually have its books of accounts audited by a Certified Public Accountant and a copy of said audit report and the associated management letter(s) shall be transmitted to the Director of Public Health or his /her designee within one hundred eighty (180) calendar days following Contractor's fiscal year end date. If Contractor expends \$500,000 or more in Federal funding per year, from any and all Federal awards, said audit shall be conducted in accordance with OMB Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations. Said requirements can be found at the following website address: http://www.whitehouse.gov/omb/circulars/a133/a133.html. If Contractor expends less than \$500,000 a year in Federal awards, Contractor is exempt from the single audit requirements for that year, but records must be available for review or audit by appropriate officials of the Federal Agency, pass-through entity and General Accounting Office. Contractor agrees to reimburse the City any cost adjustments necessitated by this audit report. Any audit report which addresses all or part of the period covered by this Agreement shall treat the service components identified in the detailed descriptions attached to Appendix A and referred to in the Program Budgets of Appendix B as discrete program entities of the Contractor.
- c. The Director of Public Health or his / her designee may approve of a waiver of the aforementioned audit requirement if the contractual Services are of a consulting or personal services nature, these Services are paid for through fee for service terms which limit the City's risk with such contracts, and it is determined that the work associated with the audit would produce undue burdens or costs and would provide minimal benefits. A written request for a waiver must be submitted to the DIRECTOR ninety (90) calendar days before the end of the Agreement term or Contractor's fiscal year, whichever comes first.
- d. Any financial adjustments necessitated by this audit report shall be made by Contractor to the City, If Contractor is under contract to the City, the adjustment may be made in the next subsequent billing by Contractor to the City, or may be made by another written schedule determined solely by the City. In the event Contractor is not under contract to the City, written arrangements shall be made for audit adjustments.
- 29. Subcontracting. Contractor is prohibited from subcontracting this Agreement or any part of it unless such subcontracting is first approved by City in writing. Neither party shall, on the basis of this Agreement, contract on behalf of or in the name of the other party. An agreement made in violation of this provision shall confer no rights on any party and shall be null-and void.
- 30. Assignment. The services to be performed by Contractor are personal in character and neither this Agreement nor any duties or obligations hereunder may be assigned or delegated by the Contractor unless first approved by City by written instrument executed and approved in the same manner as this Agreement.
- 31. Non-Waiver of Rights. The omission by either party at any time to enforce any default or right reserved to it, or to require performance of any of the terms, covenants, or provisions hereof by the other party at the time designated, shall not be a waiver of any such default or right to which the party is entitled, nor shall it in any way affect the right of the party to enforce such provisions thereafter.
- 32. Earned Income Credit (EIC) Forms. Administrative Code section 120 requires that employers provide their employees with IRS Form W-5 (The Earned Income Credit Advance Payment Certificate) and the IRS EIC CMS# 6960

under this Agreement, whether disclosed by the City or by the individuals themselves, shall be held in the strictest confidence, shall be used only in performance of this Agreement, and shall be disclosed to third parties only as authorized by law. Contractor understands and agrees that this duty of care shall extend to confidential information contained or conveyed in any form, including but not limited to documents, files, patient or client records, facsimiles, recordings, telephone calls, telephone answering machines, voice mail or other telephone voice recording systems, computer files, e-mail or other computer network communications, and computer backup files, including disks and hard copies. The City reserves the right to terminate this Agreement for default if Contractor violates the terms of this section.

- c. Contractor shall maintain its books and records in accordance with the generally accepted standards for such books and records for five-years after the end of the fiscal year in which Services are furnished under this Agreement. Such access shall include making the books, documents and records available for inspection, examination or copying by the City, the California Department of Health Services or the U.S. Department of Health and Human Services and the Attorney General of the United States at all reasonable times at the Contractor's place of business or at such other mutually agreeable location in California. This provision shall also apply to any subcontract under this Agreement and to any contract between a subcontractor and related organizations of the subcontractor, and to their books, documents and records. The City acknowledges its duties and responsibilities regarding such records under such statutes and regulations.
- d. The City owns all records of persons receiving Services and all fiscal records funded by this Agreement if Contractor goes out of business. Contractor shall immediately transfer possession of all these records if Contractor goes out of business. If this Agreement is terminated by either party, or expires, records shall be submitted to the City upon request.
- e. All of the reports, information, and other materials prepared or assembled by Contractor under this Agreement shall be submitted to the Department of Public Health Contract Administrator and shall not be divulged by Contractor to any other person or entity without the prior written permission of the Contract Administrator listed in Appendix A.
- 25. Notices to the Parties. Unless otherwise indicated elsewhere in this Agreement, all written communications sent by the parties may be by U.S. mail, e-mail or by fax, and shall be addressed as follows:

To CITY:	Office of Contract Management and Compliand Department of Public Health	ce ·	
e Allender	1380 Howard Street, Room 442	FAX: e-mail:	(415) 252-3088 Elizabeth.apana@sfdph.org

	San Francisco, California94110	e-mail:	egarcia@ifrsf.org

... Any notice of default must be sent by registered mail,

- 26. Ownership of Results. Any interest of Contractor or its Subcontractors, in drawings, plans, specifications, blueprints, studies, reports, memoranda, computation sheets, computer files and media or other documents prepared by Contractor or its subcontractors in connection with services to be performed under this Agreement, shall become the property of and will be transmitted to City. However, Contractor may retain and use copies for reference and as documentation of its experience and capabilities.
- 27. Works for Hire. If, in connection with services performed under this Agreement, Contractor or its subcontractors create artwork, copy, posters, billboards, photographs, videotapes, audiotapes, systems designs, software, reports, diagrams, surveys, blueprints, source codes or any other original works of authorship, such works CMS# 6960

- e. In arriving at the amount due to Contractor under this Section, City may deduct: (1) all payments previously made by City for work or other services covered by Contractor's final invoice; (2) any claim which City may have against Contractor in connection with this Agreement; (3) any invoiced costs or expenses excluded pursuant to the immediately preceding subsection (d); and (4) in instances in which, in the opinion of the City, the cost of any service or other work performed under this Agreement is excessively high due to costs incurred to remedy or replace defective or rejected services or other work, the difference between the invoiced amount and City's estimate of the reasonable cost of performing the invoiced services or other work in compliance with the requirements of this Agreement.
 - f. City's payment obligation under this Section shall survive termination of this Agreement.
- 22. Rights and Duties upon Termination or Expiration. This Section and the following Sections of this Agreement shall survive termination or expiration of this Agreement:

8.	Submitting	False	Claims;	Monetary	Penalties.
----	------------	-------	---------	----------	------------

- 50: Agreement Made in California; Venue
- 51, Construction
- 52. Entire Agreement
- 56. Severability
- 57. Protection of private information

And, item 1 of Appendix D attached to this Agreement.

Subject to the immediately preceding sentence, upon termination of this Agreement prior to expiration of the term specified in Section 2, this Agreement shall terminate and be of no further force or effect. Contractor shall transfer title to City, and deliver in the manner, at the times, and to the extent, if any, directed by City, any work in progress, completed work, supplies, equipment, and other materials produced as a part of, or acquired in connection with the performance of this Agreement, and any completed or partially completed work which, if this Agreement had been completed, would have been required to be furnished to City. This subsection shall survive termination of this Agreement.

23. Conflict of Interest. Through its execution of this Agreement, Contractor acknowledges that it is familiar with the provision of Section 15.103 of the City's Charter, Article III, Chapter 2 of City's Campaign and Governmental Conduct Code, and Section 87100 et seq. and Section 1090 et seq. of the Government Code of the State of California, and certifies that it does not know of any facts which constitutes a violation of said provisions and agrees that it will immediately notify the City if it becomes aware of any such fact during the term of this Agreement.

24. Proprietary or Confidential Information of City

- a. Contractor understands and agrees that, in the performance of the work or services under this Agreement or in contemplation thereof. Contractor may have access to private or confidential information which may be owned or controlled by City and that such information may contain proprietary or confidential details, the disclosure of which to third parties may be damaging to City. Contractor agrees that all information disclosed by City to Contractor shall be held in confidence and used only in performance of the Agreement. Contractor shall exercise the same standard of care to protect such information as a reasonably prudent contractor would use to protect its own proprietary data.
- b. Contractor shall maintain the usual and customary records for persons receiving Services under this Agreement. Contractor agrees that all private or confidential information concerning persons receiving Services

CMS# 6960

- a. City shall have the option, in its sole discretion, to terminate this Agreement, at any time during the term hereof, for convenience and without cause. City shall exercise this option by giving Contractor written notice of termination. The notice shall specify the date on which termination shall become effective.
- b. Upon receipt of the notice, Contractor shall commence and perform, with diligence, all actions necessary on the part of Contractor to effect the termination of this Agreement on the date specified by City and to minimize the liability of Contractor and City to third parties as a result of termination. All such actions shall be subject to the prior approval of City. Such actions shall include, without limitation:
- 1) Halting the performance of all services and other work under this Agreement on the date(s) and in the manner specified by City.
 - 2) Not placing any further orders or subcontracts for materials, services, equipment or other items.
 - 3) Terminating all existing orders and subcontracts.
- 4) At City's direction, assigning to City any or all of Contractor's right, title, and interest under the orders and subcontracts terminated. Upon such assignment, City shall have the right, in its sole discretion, to settle or pay any or all claims arising out of the termination of such orders and subcontracts.
- 5) Subject to City's approval, settling all outstanding liabilities and all claims arising out of the termination of orders and subcontracts.
- 6) Completing performance of any services or work that City designates to be completed prior to the date of termination specified by City.
- 7) Taking such action as may be necessary, or as the City may direct, for the protection and preservation of any property related to this Agreement which is in the possession of Contractor and in which City has or may acquire an interest.
- c. Within 30 days after the specified termination date, Contractor shall submit to City an invoice, which shall set forth each of the following as a separate line item:
- 1) The reasonable cost to Contractor, without profit, for all services and other work City directed. Contractor to perform prior to the specified termination date, for which services or work City has not already tendered payment. Reasonable costs may include a reasonable allowance for actual overhead, not to exceed a total of 10% of Contractor's direct costs for services or other work. Any overhead allowance shall be separately itemized. Contractor may also recover the reasonable cost of preparing the invoice.
- 2) A reasonable allowance for profit on the cost of the services and other work described in the immediately preceding subsection (1), provided that Contractor can establish, to the satisfaction of City, that Contractor would have made a profit had all services and other work under this Agreement been completed, and provided further, that the profit allowed shall in no event exceed 5% of such cost.
- 3) The reasonable cost to Contractor of handling material or equipment returned to the vendor, delivered to the City or otherwise disposed of as directed by the City.
- 4) A deduction for the cost of materials to be retained by Contractor, amounts realized from the sale of materials and not otherwise recovered by or credited to City, and any other appropriate credits to City against the cost of the services or other work.
- d. In no event shall City be liable for costs incurred by Contractor or any of its subcontractors after the termination date specified by City, except for those costs specifically enumerated and described in the immediately preceding subsection (c). Such non-recoverable costs include, but are not limited to, anticipated profits on this Agreement, post-termination employee salaries, post-termination administrative expenses, post-termination overhead or unabsorbed overhead, attorneys' fees or other costs relating to the prosecution of a claim or lawsuit, prejudgment interest, or any other expense which is not reasonable or authorized under such subsection (c). CMS# 6960

18. Liability of City. CITY'S PAYMENT OBLIGATIONS UNDER THIS AGREEMENT SHALL BE LIMITED TO THE PAYMENT OF THE COMPENSATION PROVIDED FOR IN SECTION 5 OF THIS AGREEMENT. NOTWITHSTANDING ANY OTHER PROVISION OF THIS AGREEMENT, IN NO EVENT SHALL CITY BE LIABLE, REGARDLESS OF WHETHER ANY CLAIM IS BASED ON CONTRACT OR TORT, FOR ANY SPECIAL, CONSEQUENTIAL, INDIRECT OR INCIDENTAL DAMAGES, INCLUDING, BUT NOT LIMITED TO, LOST PROFITS, ARISING OUT OF OR IN CONNECTION WITH THIS AGREEMENT.

19. Left blank by agreement of the parties. (Liquidated damages)

- 20. Default; Remedies. Each of the following shall constitute an event of default ("Event of Default") under this Agreement:
- (1) Contractor fails or refuses to perform or observe any term, covenant or condition contained in any of the following Sections of this Agreement:
- 8. Submitting False Claims; Monetary Penalties.
- 10. Taxes
- 15. Insurance
- 24. Proprietary or confidential information of City
- 30. Assignment

- 37. Drug-free workplace policy,
- 53. Compliance with laws
- 55. Supervision of minors
- 57. Protection of private information
- 58. Graffiti removal

And, item 1 of Appendix D attached to this Agreement

- 2) Contractor fails or refuses to perform or observe any other term, covenant or condition contained in this Agreement, and such default continues for a period of ten days after written notice thereof from City to Contractor.
- Contractor (a) is generally not paying its debts as they become due, (b) files, or consents by answer or otherwise to the filing against it of, a petition for relief or reorganization or arrangement or any other petition in bankruptcy or for liquidation or to take advantage of any bankruptcy, insolvency or other debtors' relief law of any jurisdiction, (c) makes an assignment for the benefit of its creditors, (d) consents to the appointment of a custodian, receiver, trustee or other officer with similar powers of Contractor or of any substantial part of Contractor's property or (e) takes action for the purpose of any of the foregoing.
- 4) A court or government authority enters an order (a) appointing a custodian, receiver, trustee or other officer with similar powers with respect to Contractor or with respect to any substantial part of Contractor's property, (b) constituting an order for relief or approving a petition for relief or reorganization or arrangement or any other petition in bankruptcy or for liquidation or to take advantage of any bankruptcy, insolvency or other debtors' relief law of any jurisdiction or (c) ordering the dissolution, winding-up or liquidation of Contractor.
- b. On and after any Event of Default, City shall have the right to exercise its legal and equitable remedies, including, without limitation, the right to terminate this Agreement or to seek specific performance of all or any part of this Agreement. In addition, City shall have the right (but no obligation) to cure (or cause to be cured) on behalf of Contractor any Event of Default; Contractor shall pay to City on demand all costs and expenses incurred by City in effecting such cure, with interest thereon from the date of incurrence at the maximum rate then permitted by law. City shall have the right to offset from any amounts due to Contractor under this Agreement or any other agreement between City and Contractor all damages, losses, costs or expenses incurred by City as a result of such Event of Default and any liquidated damages due from Contractor pursuant to the terms of this Agreement or any other agreement.
- c. All remedies provided for in this Agreement may be exercised individually or in combination with any other remedy available hereunder or under applicable laws, rules and regulations. The exercise of any remedy shall not preclude or in any way be deemed to waive any other remedy.

21. Termination for Convenience

endorsement that may be necessary to effect this waiver of subrogation. The Workers' Compensation policy shall be endorsed with a waiver of subrogation in favor of the City for all work performed by the Contractor, its employees, agents and subcontractors.

- d. All policies shall provide thirty days' advance written notice to the City of reduction or nonrenewal of coverages or cancellation of coverages for any reason. Notices shall be sent to the City address in the "Notices to the Parties" section:
- e. Should any of the required insurance be provided under a claims-made form, Contractor shall maintain such coverage continuously throughout the term of this Agreement and, without lapse, for a period of three years beyond the expiration of this Agreement, to the effect that, should occurrences during the contract term give rise to claims made after expiration of the Agreement, such claims shall be covered by such claims-made policies.
- f. Should any of the required insurance be provided under a form of coverage that includes a general annual aggregate limit or provides that claims investigation or legal defense costs be included in such general annual aggregate limit, such general annual aggregate limit, such general annual aggregate limit shall be double the occurrence or claims limits specified above.
- g. Should any required insurance lapse during the term of this Agreement, requests for payments originating after such lapse shall not be processed until the City receives satisfactory evidence of reinstated coverage as required by this Agreement, effective as of the lapse date. If insurance is not reinstated, the City may, at its sole option, terminate this Agreement effective on the date of such lapse of insurance.
- h. Before commencing any operations under this Agreement, Contractor shall furnish to City certificates of insurance and additional insured policy endorsements with insurers with ratings comparable to A-, VIII or higher, that are authorized to do business in the State of California, and that are satisfactory to City, in form evidencing all coverages set forth above. Failure to maintain insurance shall constitute a material breach of this Agreement.
 - i. Approval of the insurance by City shall not relieve or decrease the liability of Contractor hereunder.

16. Indemnification

Contractor shall indemnify and save harmless City and its officers, agents and employees from, and, if requested, shall defend them against any and all loss, cost, damage, injury, liability, and claims thereof for injury to or death of a person, including employees of Contractor or loss of or damage to property, arising directly or ... indirectly from Contractor's performance of this Agreement, including, but not limited to, Contractor's use of facilities or equipment provided by City or others, regardless of the negligence of, and regardless of whether liability without fault is imposed or sought to be imposed on City, except to the extent that such indemnity is void or otherwise unenforceable under applicable law in effect on or validly retroactive to the date of this Agreement, and except where such loss, damage, injury, liability or claim is the result of the active negligence or willful misconduct of City and is not contributed to by any act of, or by any omission to perform some duty imposed by law or agreement on Contractor, its subcontractors or either's agent or employee. The foregoing indemnity shall include, without limitation, reasonable fees of attorneys, consultants and experts and related costs and City's costs of investigating any claims against the City. In addition to Contractor's obligation to indemnify City, Contractor specifically acknowledges and agrees that it has an immediate and independent obligation to defend City from any claim which actually or potentially falls within this indemnification provision, even if the allegations are or may be groundless, false or fraudulent, which obligation arises at the time such claim is tendered to Contractor by City and continues at all times thereafter. Contractor shall indemnify and hold City harmless from all loss and liability, including attorneys' fees, court costs and all other litigation expenses for any infringement of the patent rights, copyright, trade secret or any other proprietary right or trademark, and all other intellectual property claims of any person or persons in consequence of the use by City, or any of its officers or agents, of articles or services to be supplied in the performance of this Agreement.

17. Incidental and Consequential Damages. Contractor shall be responsible for incidental and consequential damages resulting in whole or in part from Contractor's acts or omissions. Nothing in this Agreement shall constitute a waiver or limitation of any rights that City may have under applicable law.

Contractor's work only, and not as to the means by which such a result is obtained. City does not retain the right to control the means or the method by which Contractor performs work under this Agreement.

Payment of Taxes and Other Expenses. Should City, in its discretion, or a relevant taxing authority such as the Internal Revenue Service or the State Employment Development Division, or both, determine that Contractor is an employee for purposes of collection of any employment taxes, the amounts payable under this Agreement shall be reduced by amounts equal to both the employee and employer portions of the tax due (and offsetting any credits for amounts already paid by Contractor which can be applied against this liability). City shall then forward those amounts to the relevant taxing authority. Should a relevant taxing authority determine a liability for past services performed by Contractor for City, upon notification of such fact by City, Contractor shall promptly remit such amount due or arrange with City to have the amount due withheld from future payments to Contractor under this Agreement (again, offsetting any amounts already paid by Contractor which can be applied as a credit against such liability). A determination of employment status pursuant to the preceding two paragraphs shall be solely for the purposes of the particular tax in question, and for all other purposes of this Agreement, Contractor shall not be considered an employee of City. Notwithstanding the foregoing, should any court, arbitrator, or administrative authority determine that Contractor is an employee for any other purpose, then Contractor agrees to a reduction in City's financial liability so that City's total expenses under this Agreement are not greater than they would have been had the court, arbitrator, or administrative authority determined that Contractor was not an employee.

15. Insurance

- a. Without in any way limiting Contractor's liability pursuant to the "Indemnification" section of this Agreement, Contractor must maintain in force, during the full term of the Agreement, insurance in the following amounts and coverages:
- 1) Workers' Compensation, in statutory amounts, with Employers' Liability Limits not less than \$1,000,000 each accident, injury, or illness; and
- 2) Commercial General Liability Insurance with limits not less than \$1,000,000 each occurrence Combined Single Limit for Bodily Injury and Property Damage, including Contractual Liability, Personal Injury, Products and Completed Operations; and
- 3) Commercial Automobile Liability Insurance with limits not less than \$1,000,000 each occurrence Combined Single Limit for Bodily Injury and Property Damage, including Owned, Non-Owned and Hired auto coverage, as applicable.
 - 4) Blanket Fidelity Bond (Commercial Blanket Bond); Limits in the amount of the Initial Payment provided for in the Agreement
- 5) Professional liability insurance, applicable to Contractor's profession, with limits not less than \$1,000,000 each claim with respect to negligent acts, errors or omissions in connection with professional services to be provided under this Agreement.
- b. Commercial General Liability and Commercial Automobile Liability Insurance policies must be endorsed to provide:
- 1) Name as Additional Insured the City and County of San Francisco, its Officers, Agents, and Employees.
- 2) That such policies are primary insurance to any other insurance available to the Additional Insureds, with respect to any claims arising out of this Agreement, and that insurance applies separately to each insured against whom claim is made or suit is brought.
- c. Regarding Workers' Compensation, Contractor hereby agrees to waive subrogation which any insurer of Contractor may acquire from Contractor by virtue of the payment of any loss. Contractor agrees to obtain any

possession, occupancy, or use of City property for private gain. If such a possessory interest is created, then the following shall apply:

- 1) Contractor, on behalf of itself and any permitted successors and assigns, recognizes and understands that Contractor, and any permitted successors and assigns, may be subject to real property tax assessments on the possessory interest;
- 2) Contractor, on behalf of itself and any permitted successors and assigns, recognizes and understands that the creation, extension, renewal, or assignment of this Agreement may result in a "change in ownership" for purposes of real property taxes, and therefore may result in a revaluation of any possessory interest created by this Agreement. Contractor accordingly agrees on behalf of itself and its permitted successors and assigns to report on behalf of the City to the County Assessor the information required by Revenue and Taxation Code section 480.5, as amended from time to time, and any successor provision.
- 3) Contractor, on behalf of itself and any permitted successors and assigns, recognizes and understands that other events also may cause a change of ownership of the possessory interest and result in the revaluation of the possessory interest. (see, e.g., Rev. & Tax. Code section 64, as amended from time to time). Contractor accordingly agrees on behalf of itself and its permitted successors and assigns to report any change in ownership to the County Assessor, the State Board of Equalization or other public agency as required by law.
- 4) Contractor further agrees to provide such other information as may be requested by the City to enable the City to comply with any reporting requirements for possessory interests that are imposed by applicable law.
- 11. Payment Does Not Imply Acceptance of Work. The granting of any payment by City, or the receipt thereof by Contractor, shall in no way lessen the liability of Contractor to replace unsatisfactory work, equipment, or materials, although the unsatisfactory character of such work, equipment or materials may not have been apparent or detected at the time such payment was made. Materials, equipment, components, or workmanship that do not conform to the requirements of this Agreement may be rejected by City and in such case must be replaced by Contractor without delay.
- 12. Qualified Personnel. Work under this Agreement shall be performed only by competent personnel under the supervision of and in the employment of Contractor. Contractor will comply with City's reasonable requests regarding assignment of personnel, but all personnel, including those assigned at City's request, must be supervised by Contractor. Contractor shall commit adequate resources to complete the project within the project schedule specified in this Agreement.
- 13. Responsibility for Equipment. City shall not be responsible for any damage to persons or property as a result of the use, misuse or failure of any equipment used by Contractor, or by any of its employees, even though such equipment be furnished, rented or loaned to Contractor by City.

14. Independent Contractor; Payment of Taxes and Other Expenses

a. Independent Contractor. Contractor or any agent or employee of Contractor shall be deemed at all times to be an independent contractor and is wholly responsible for the manner in which it performs the services and work requested by City under this Agreement. Contractor or any agent or employee of Contractor shall not have employee status with City, nor be entitled to participate in any plans, arrangements, or distributions by City pertaining to or in connection with any retirement, health or other benefits that City may offer its employees. Contractor or any agent or employee of Contractor is liable for the acts and omissions of itself, its employees and its agents. Contractor shall be responsible for all obligations and payments, whether imposed by federal, state or local law, including, but not limited to, FICA, income tax withholdings, unemployment compensation, insurance, and other similar responsibilities related to Contractor's performing services and work, or any agent or employee of Contractor providing same. Nothing in this Agreement shall be construed as creating an employment or agency relationship between City and Contractor or any agent or employee of Contractor. Any terms in this Agreement referring to direction from City shall be construed as providing for direction as to policy and the result of

- 4. Services Contractor Agrees to Perform. The Contractor agrees to perform the services provided for in Appendix A, "Description of Services," attached hereto and incorporated by reference as though fully set forth herein.
- 5. Compensation. Compensation shall be made in monthly payments on or before the 1st day of each month for work, as set forth in Section 4 of this Agreement, that the Director of the Department of Public Health, in his or her sole discretion, concludes has been performed as of the 1st day of the immediately preceding month. In no event shall the amount of this Agreement exceed Fourteen Million Two Hundred Nineteen Thousand One Hundred Sixty One Dollars (\$14,219,161). The breakdown of costs associated with this Agreement appears in Appendix B, "Calculation of Charges," attached hereto and incorporated by reference as though fully set forth herein. No charges shall be incurred under this Agreement nor shall any payments become due to Contractor until reports, services, or both, required under this Agreement are received from Contractor and approved by Department of Public Health as being in accordance with this Agreement. City may withhold payment to Contractor in any instance in which Contractor has failed or refused to satisfy any material obligation provided for under this Agreement. In no event shall City be liable for interest or late charges for any late payments.
- 6. Guaranteed Maximum Costs. The City's obligation hereunder shall not at any time exceed the amount certified by the Controller for the purpose and period stated in such certification. Except as may be provided by laws governing emergency procedures, officers and employees of the City are not authorized to request, and the City is not required to reimburse the Contractor for, Commodities or Services beyond the agreed upon contract scope unless the changed scope is authorized by amendment and approved as required by law. Officers and employees of the City are not authorized to offer or promise, nor is the City required to honor, any offered or promised additional funding in excess of the maximum amount of funding for which the contract is certified without certification of the additional amount by the Controller. The Controller is not authorized to make payments on any contract for which funds have not been certified as available in the budget or by supplemental appropriation.
- 7. Payment; Invoice Format. Invoices furnished by Contractor under this Agreement must be in a form acceptable to the Controller, and must include a unique invoice number and must conform to Appendix F. All amounts paid by City to Contractor shall be subject to audit by City. Payment shall be made by City to Contractor at the address specified in the section entitled "Notices to the Parties."
- 8. Submitting False Claims; Monetary Penalties. Pursuant to San Francisco Administrative Code §21.35, any contractor, subcontractor or consultant who submits a false claim shall be liable to the City for the statutory penalties set forth in that section. The text of Section 21.35, along with the entire San Francisco Administrative Code is available on the web at http://www.municode.com/Library/clientCodePage.aspx?clientID=4201. A contractor, subcontractor or consultant will be deemed to have submitted a false claim to the City if the contractor, subcontractor or consultant: (a) knowingly presents or causes to be presented to an officer or employee of the City a false claim or request for payment or approval; (b) knowingly makes, uses, or causes to be made or used a false record or statement to get a false claim paid or approved by the City; (c) conspires to defraud the City by getting a false claim allowed or paid by the City; (d) knowingly makes, uses, or causes to be made or used a false record or statement to conceal, avoid, or decrease an obligation to pay or transmit money or property to the City; or (e) is a beneficiary of an inadvertent submission of a false claim to the City, subsequently discovers the falsity of the claim, and fails to disclose the false claim to the City within a reasonable time after discovery of the false claim.
- 9. Disallowance. If Contractor claims or receives payment from City for a service, reimbursement for which is later disallowed by the State of California or United States Government, Contractor shall promptly refund the disallowed amount to City upon City's request. At its option, City may offset the amount disallowed from any payment due or to become due to Contractor under this Agreement or any other Agreement. By executing this Agreement, Contractor certifies that Contractor is not suspended, debarred or otherwise excluded from participation in federal assistance programs. Contractor acknowledges that this certification of eligibility to receive federal funds is a material terms of the Agreement.
- 10. Taxes. Payment of any taxes, including possessory interest taxes and California sales and use taxes, levied upon or as a result of this Agreement, or the services delivered pursuant hereto, shall be the obligation of Contractor. Contractor recognizes and understands that this Agreement may create a "possessory interest" for property tax purposes. Generally, such a possessory interest is not created unless the Agreement entitles the Contractor to

City and County of San Francisco

Purchasing Division
City Hall, Room 430
1 Dr. Carlton B. Goodlett Place
San Francisco, California 94102-4685

Agreement between the City and County of San Francisco and

Instituto Familiar De La Raza

This Agreement is made this 1st day of July, 2010, in the City and County of San Francisco. State of California, by and between: Instituto Familiar De La Raza 2919 Mission Street. San Francisco, California 94110, hereinafter referred to as "Contractor." and the City and County of San Francisco, a municipal corporation, hereinafter referred to as "City." acting by and through its Director of the Office of Contract Administration or the Director's designated agent, hereinafter referred to as "Purchasing."

Recitals

WHEREAS, the Department of Public Health, Population Health and Prevention, Community Health Services, ("Department") wishes to provide mental health services for children, youth, families and adults; and,

WHEREAS, a Request for Proposal ("RFP") was issued on 09/25/2009, and City selected Contractor as the highest qualified scorer pursuant to the RFP; and

WHEREAS, Contractor represents and warrants that it is qualified to perform the services required by City as set forth under this Contract; and,

WHEREAS, approval for this Agreement was obtained when the Civil Service Commission approved Contract numbers 4150-/09/10, 4152-09/10 and 4160-09/10 on 09/25/2009;

Now, THEREFORE, the parties agree as follows:

1. Certification of Funds; Budget and Fiscal Provisions; Termination in the Event of Non-Appropriation. This Agreement is subject to the budget and fiscal provisions of the City's Charter. Charges will accrue only after prior written authorization certified by the Controller, and the amount of City's obligation hereunder shall not at any time exceed the amount certified for the purpose and period stated in such advance authorization. This Agreement will terminate without penalty, liability or expense of any kind to City at the end of any fiscal year if funds are not appropriated for the next succeeding fiscal year. If funds are appropriated for a portion of the fiscal year, this Agreement will terminate, without penalty, liability or expense of any kind at the end of the term for which funds are appropriated. City has no obligation to make appropriations for this Agreement in lieu of appropriations for new or other agreements. City budget decisions are subject to the discretion of the Mayor and the Roard of Supervisors. Contractor's assumption of risk of possible non-appropriation is part of the consideration for this Agreement.

THIS SECTION CONTROLS AGAINST ANY AND ALL OTHER PROVISIONS OF THIS AGREEMENT.

- 2. Term of the Agreement. Subject to Section 1, the term of this Agreement shall be from July 1, 2010 to December 31, 2015.
- 3. Effective Date of Agreement. This Agreement shall become effective when the Controller has certified to the availability of funds and Contractor has been notified in writing.

ACORD 75 (2004/09)

NOTE: IMPORTANT STATE INFORMATION ON REVERSE SIDE @ ACORD CORPORATION 1993-2004

COMMERCIAL GENERAL LIABILITY CG 20 26 07 04

THIS ENDORSEMENT CHANGES THE POLICY. PLEASE READ IT CAREFULLY.

ADDITIONAL INSURED – DESIGNATED PERSON OR ORGANIZATION

This endorsement modifies insurance provided under the following:

COMMERCIAL GENERAL LIABILITY COVERAGE PART

SCHEDULE

Name Of Additional Insured Person(s) Or Organization(s)

Any person or organization that you are required to add as an additional insured on this policy, under a written contract or agreement currently in effect, or becoming effective during the term of this policy, and for which a certificate of insurance naming such person or organization as additional insured has been issued, but only with respect to their liability arising out of their requirements for certain performance placed upon you, as a nonprofit organization, in consideration for funding or financial contributions you receive from them. The additional insured status will not be afforded with respect to liability arising out of or related to your activities as a real estate manager for that person or organization.

THE CITY AND COUNTY OF SAN FRANCISCO, SAN FRANCISCO DEPARTMENT OF PUBLIC HEALTH, THEIR OFFICERS, DIRECTORS, AND AGENTS

Information required to complete this Schedule, if not shown above, will be shown in the Declarations.

Section II — Who is An insured is amended to include as an additional insured the person(s) or organization(s) shown in the Schedule, but only with respect to liability for "bodily injury", "property damage" or "personal and advertising injury" caused, in whole or in part, by your acts or omissions or the acts or omissions of those acting on your behalf:

- A. In the performance of your ongoing operations; or
- B. In connection with your premises owned by or rented to you.

CERTIFIC .TE OF LIABILITY INSUF .NCE

## 3. Goal Statement

The IFR CARE Program (housed under the IFR Early Intervention Program-EIP) will provide comprehensive mental health consultation services including prevention and early intervention services for fiscal year 2012-2013. The CARE Program will serve as an integrative bridge between teachers, out-of-school time providers, students, and parents in order to facilitate the building of positive, esteem building relationships for students in the classroom, at home, and during after school programming.

The goals of the program are to 1) Improve and enhance the quality of relationships between care providers (teachers, support staff, OST providers, families and children) thus improving the overall school climate 2) Decrease mental health crisis episodes, and 3) Increase teachers' and care providers' capacity to respond to- and support the mental health, behavioral, and developmental issues of their students, as well as creating culturally and developmentally appropriate environments for them. Long-term goals include removing barriers to learning, improving academic achievement through increased school functioning and increased family functioning and engagement.

## 4. Target Population

The target population for the IFR CARE program is low-performing students who are experiencing school difficulties due to trauma, immigration stress, poverty, and family dysfunction. Students largely come from the 94110, 94134 and 94124 neighborhoods. Particular emphasis will be placed on Latino and African-American students and their families who have not received the support they need to be successful at school and who feel disempowered by the system. We will be providing services at both Hillcrest Elementary School and at James Lick Middle School.

#### 5. Modalities/Interventions

## Mental Health Consultation:

- 1) At Hillcrest, the mental health consultant will provide consultation to Kindergarten and 1st grade teachers facilitating monthly consultation meetings as well addressing weekly needs
- At Hillcrest, 6 hours weekly of mental health consultation support will be provided to the afterschool staff
  with information bridged back to the school day team.
- 3) At Hillcrest 7 hours of Inclusion/Mental Health Consultation will be provided weekly by Support for Families with Children with Disabilities.
- 4) At James Lick Middle School, by the end of the school year, the mental health consultant will provide at least one consultation to 65% of all teachers on site.
- 5) At James Lick Middle School, the mental health consultant will consult to counseling staff and LSP's weekly during CARE team meetings.
- 6) At James Lick Middle School, 7 hours of Inclusion Consultation Services will be provided weekly by Support for Families with Children with Disabilities.

Outreach and Engagement:

Date: 07/01/12 Page 1 of 6

Elementary School Fiscal Year: 2012-2013

CMS#: 6960

1) At Hillcrest, IFR mental health consultant will table and outreach to parents at two school-wide community events providing referrals and information about all programs at IFR.

- At Hillcrest, IFR Mental Health consultant will coordinate outreach efforts with the Parent Liaison to support ELAC parents- presenting linkage and referral information at a minimum of 3 ELAC meetings.
- 3) At James Lick Middle School, IFR mental health consultant will table and outreach to parents at two school-wide community events providing referrals and information about all programs at IFR.
- 4) At James Lick Middle School, the mental health consultant will coordinate outreach efforts with the Parent Liaison to ELAC parents presenting linkage and referral information at ELAC monthly meetings when requested by the group (with a minimum of participating in at least 3 meetings during the school year).

## Individual Therapeutic Services

- At Hillcrest, Mental Health Consultant will provide brief early intervention services to at least 15
  individuals and/or families experiencing or at risk for trauma. On average families will receive 6-8 sessions
  (typically 1 hour each). Services may include pull-out session or in-class support to facilitate student's
  success in the classroom.
- 2) At James Lick Middle School, the mental health consultant will provide brief early intervention services to at least 15 individuals and/or families experiencing or at risk for trauma. On average families will receive 6-8 sessions (typically 1 hour each). Services may include pull-out session or in-class support to facilitate student's success in the classroom.

## **Group Therapeutic Services**

- At Hillcrest, one therapeutic group with a minimum of 3 students will be implemented targeting children
  who have experienced significant separations from their parent (i.e. from immigration, incarceration,
  divorce). Group will meet on average for 10-12 sessions.
- 2) At James Lick Middle School, one therapeutic group with a minimum of 3 students will be implemented targeting students who are adapting to being recent immigrants and may be experiencing social stressors due to this transition. Group will meet on average from 10-12 sessions.

Provision of services is for the entire school community Hillcrest Elementary School and James Lick Middle School.

The IFR-CARE Program will provide mental health consultation services, including group and individual consultation; consultation to Student Assistance Program (SAP) and Student Success team SST meetings, classroom and child observation, training/parent support; direct services to children and families including social skills groups, parent support groups, and individual/family interventions as defined by the following:

- Consultation Individual: Discussions with a staff member on an individual basis about a child or a group of children, including possible strategies for intervention. May also include discussions with a staff member on an individual basis about mental health and child development in general.
- Consultation -Group: Consulting with a group of three or more teachers/staff regarding the mental health needs of students. Includes facilitation of COST meetings, participation in SST, IEP meetings, and other relevant school meetings.
- Consultation Class/Child Observation: Observing a child or classroom to assess for needs and begin development of intervention strategies for both school and home.
- Parental Engagement: Activities directed towards a parent, or caregiver including, but not limited to collaterals with parents/caregivers, referrals to other agencies and talking to parents/caregivers about their children and other concerns they may have. Can also include leading a parent support group or conducting a parent training class.
- Training to Teachers/Staff: Providing structured, formal in-service training to a group of four or more individuals comprised of staff/teachers on specific mental health topics.
- Direct Services Individual: Activities may include, but are not limited to individual child treatment, classroom interventions, collaterals with parents/caregivers, developmental assessment, risk assessments, crisis intervention, and linkage/referrals to other agencies.
- Direct Services Group: Conducting socialization groups involving at least three children. Theme specific groups may also be targeted, e.g. coping with divorce.
- Service units will also include outreach and linkage as well as evaluation services.

Unduplicated clients will include children, parents and staff impacted by these services.

# 6. Methodology

## A. Outreach, Recruitment, Promotion, and Advertisement:

Outreach efforts include the following: Orientation to services for teachers will occur at a designated staff meeting and will be reinforced with a written description of the program, which will include the referral

Elementary School Fiscal Year: 2012-2013

CMS#: 6960

process. Parents will be oriented to the program at the Fall Open House. Written information will be sent home in the native language of the family. The CARE consultants will work closely with the parent liaison, counselors, and the student advisor to continue outreach efforts. As well, teachers and staff are provided with a written description of services and regular consultation recetings deepen their understanding of the mental health consultant's role over time.

Students will be referred through the SAP (Student Assistance Program) by teachers, parents. Teachers will be oriented to the procedures and protocols at the beginning of the year and on an ongoing basis. The parent liaison, counselors and student advisor will play a key role in informing parents of the services and supporting both outreach efforts and referral process.

## B. Consumer Participation/Engagement

The IFR-CARE Program's mental health consultation approach is designed to address the needs of the school community. The Prevention Coordinator will be the primary contact person for the School, Responsibilities will include coordination of referrals, communication with key administrators, facilitation at SAP meetings, consultation to teachers, and ensuring the administration of key evaluation and assessment interventions. In addition, to ensure improved communication and coordinated care of mental health services, the Prevention Coordinator will take the lead in facilitating a monthly mental health coordinated service meetings for all mental health service providers at the school. Supporting these functions will be the Early Intervention Staff, who will be responsible for providing direct services to children and families. These services will include leading therapeutic groups for students, providing individual counseling to students with emerging mental health issues, and providing crisis intervention services as needed and clinical case management to families, With these structures and roles in place, ongoing feedback and communication from the support staff and leadership of each school provides the opportunity for all stakeholders to impact program design and the implementation of services. Program implementation will shift according to the needs identified both by families as well as by support staff. The collective impact of the team work is aimed at building positive relationships with families and students in order for them to more readily communicate their needs and subsequently get the resources that can improve their education and overall wellbeing.

## C. Staff Competency including Cultural Competency:

The CARE program design is based upon a cultural and mental health framework that affirms and builds upon the strengths of the child, their caregivers (child, teacher and parent/guardian), and collaboration with other service providers and the community they identify with. An underlying assumption is that access to consultation, affirmation, resources and education empowers caregivers and families to create healthy environments and relationships for the healthy social and emotional development of children.

Observation of school and after school activities by the Consultant and the SNIP staff will occur to assess staff-child relationships, child's developmental needs, behavioral reactions, environmental factors, and social emotional issues. As strengths are identified, areas of developmental delay or emotional challenges may be addressed through scaffolding, modeling, peer support, and/or positive behavioral plans. Concrete tools will be offered to the teacher during consultation. Observations will occur at the request of the staff.

A primary goal of the Early Intervention Program and our consultative efforts is to support providers (teachers/administrators) to first recognize and then develop the skills needed to understand, communicate with, and effectively serve people across cultures. By being nonjudgmental and creating spaces for teachers to explore their biases and assumptions about their students and bridging those back to our deep understanding of the community and the Latino experience, we can help providers deepen their understanding and value the cultural backgrounds of their students. The EIP deepens their knowledge of working with multicultural students and their family through ongoing weekly group supervision, which emphasizes the provision of consultation through a cultural lens and utilizes a reflective case presentation model where clinicians can reflect on the complexities of working with diverse populations and improve their practice.

## D. Collaboration with other Programs/Agencies:

The CARE program collaborated first and foremost with each school community. There are an array of partnerships and collaborations that help to ensure students' educational opportunities. The following description outlines the primary vehicle for achieving our goals: The Mental Health Consultant provides an array of services to the child, parent and teachers with eservice goal of building upon the strengths of the

Date: 07/01/12 Page 4 of 6 Program: Early Intervention Prof (EIP) - Consultation,

Affirmation, Resources, Educati : Empowerment

Program (CARE) James Lick Middle School and Hillcrest

Elementary School Fiscal Year: 2012-2013

CMS#: 6960

child, parent and teacher. Partnership meetings include the staff person closest to the child and parent, the Mental Health Consultant and the parent/guardian.

Depending upon the needs identified in the first meeting, the parent and the Mental Health Consultant may continue to meet up to five other times for planning, linkage, support and problem solving. Any needs that cannot be addressed within the partnership meetings are referred out to services in the network of health care and social services available to children and families. Meetings may occur during the school day or during after school hours.

Parent Training and Support Groups/Family Workshops will be offered on-site and topics determined in collaboration with everyone. Parents will also be invited to IFR cultural activities throughout the year. Workshops will occur monthly. In order to effectively engage the African-American community at the school, IFR is committed to working collaboratively with other organizations providing support to the school sites as well as utilizing our proven strategies engaging communities of color (e.g., relationship building, nonjudgmental attitudes, patience, and meeting families where they are).

Early Intervention services will target students who have adjustment difficulties and/or experienced a significant stressor that impacts their school functioning. The goal is to address and intervene with emerging mental health issues. Students, who in the process of assessment, are identified as having significant mental health diagnoses warranting long-term treatment, will be referred and linked to appropriate services. IFR has a strong outpatient clinic and we have long-standing relationships with a number of other mental health agencies, which can facilitate the referral process and enhance wrap-around services. Besides IFR, we often refer to Mission Family Clinic, Southeast Child Services, and Mission Mental Health. As well, we collaborate with cases involving CPS and work with primary care pediatricians when indicated. The program also links to housing and food banks regularly.

#### E. Exit Criteria:

This Program operates during the school year so all consultation services to teachers and staff comes to a natural close at the end of the school year. Individual interventions for identified students will use the following as a basis for exit criteria: 1) teacher and parent feedback 2) mental health consultant recommendation 3) developmental assets screening.

Children receiving individual counseling services will also be evaluated through the CANS and treatment goals will be evaluated with parent, child, and teacher.

Parents receiving individual support will be linked to appropriate services and with parent permission, followup with outside service providers will support coordination of care and increased communication.

## F. Program Staffing:

Please see Appendix B-7.

## Objectives and Measurements

#### a. Outcome Objectives

#### MHSA SMART GOAL #1:

Improved capacity among parents and other caregivers (teachers, program staff) to provide appropriate responses to children's behavior.

## Performance Objective #1:

Participation in Consultation Services: During academic year 2012-2013, a minimum of 65% of staff at James Lick and all Kindergarten, First grade and Afterschool staff Hillcrest will receive at least one consultation from the Mental Health Consultant to support them to respond to stressors in their classroom. This will be measured utilizing a survey administered annually and through the EIP monthly tracking log which tracks unduplicated count for teachers.

#### Performance Objective #2:

During academic year 2012-2013, of those staff who received consultation services and responded to the survey, a minimum of 75% will report that they are satisfied with the services they've received from the

Date: 07/01/12

consultant. This will be measured by a teacher report captured in a client satisfaction survey administered in May 2013.

Appendix A-7

tract Term: 07/01/12 through 06/30/13

## Performance Objective #3:

During academic year 2012-2013, a minimum of 75% of teachers receiving consultation services will report that the consultant helped them to respond more effectively to children's behavior. This will be measured by a teacher report captured in a client satisfaction survey administered in May 2013.

#### MHSA SMART GOAL #2

Increased identification of emerging mental health issues, especially the earliest possible identification of potentially severe and disabling mental illness.

#### Performance Objective#1

During academic year 2012-2013, the mental health consultant will participate in all SAP and CARE meetings and assist in identifying those students with emerging mental health needs and make appropriate linkages. This will be measured by weekly tracking logs as well as documentation regarding successful linkages to mental health resources.

## Performance Objective#2

During academic year 2012-2013, a minimum of 15 students at each school site will receive either pull-out or push-in support and will show a reduction in the frequency of behavioral or emotional outbursts in the classroom as measured by self-report, counselor and teacher observation and collateral information when available and documented in the program records and individual student charts.

During academic year 2012-2013, IFR staff will attend all planning and collaborative meetings requested by MHSA Program demonstrating increased knowledge and alignment with MHSA goals as measured by their participation in meetings and documented in sign-in sheets.

## Continuous Quality Assurance and Improvement

The Early Intervention Program's CQI activities include weekly Team meetings utilizing a reflection Case Presentation model that supports and deepens consultant's work and methodology. Meetings include administrative check-ins to review and reflect on the achievement of contract performance objectives. Charts are maintained for each individual school sites. Charts are reviewed quarterly for quality and accountability by the Program Director. All staff are bilingual and bicultural and our work is based on a cultural framework that is central to its success. We have recipients of consultation (teachers and staff) complete a satisfaction survey at the end of school year, which includes questions about quality of service and increase capacity to respond to social emotional/behavioral needs of the students. As well, we seek regular feedback from Principals and support staff at both school sites. We incorporate their feedback and readily address issues as they surface.

New	Renewal		Modification

#### 3. Goal Statement

The IFR Early Intervention Program (EIP) will provide comprehensive mental health consultation services to 18 center-based childcare sites (including one MHSA funded childcare center), two family resource centers, and 12 Latina family childcare providers for fiscal year 2012-2013. The program will also open EPSDT charts on 6 children, ages 0-5 years old.

The goals of the Program are to: 1) Maximize the opportunities for healthy social and emotional development for young children ages 0-5 years, enrolled in full-day and part-day child care programs in the Mission, Outer Mission, and Bay View Districts; 2) Improve the capacity for family resource center staff and family child care providers to provide culturally and developmentally appropriate environments for young children (ages 0-5 years); 3) Improve the capacity and skills of care providers (teachers and staff) to respond to the social emotional needs of young children, ages 0-5; and 4) Improve the capacity and skills of parents to foster healthy social and emotional development in their children aged 0-5 years.

## 4. Target Population

The target population is at-risk children and families enrolled in 18 center-based preschool childcare site, 12 Latina family child care providers, and two family resource centers in the Mission, Bay View, and Outer Mission Districts. Centers to be served include all nine Mission Neighborhood Center Head Start sites: Valencia Gardens, Women's Building, Stevenson, Capp Street, 24th Street, Bernal Dwellings, Mission Bay, and Jean Jacobs. Southeast Families United Center; 4 SFUSD child development centers: Theresa Mahler Center, Zaida Rodriguez Center, Sanchez ECE and Bryant ECE; and 2 pre-K SFUSD sites: Cesar Chavez, and Paul Revere; and Mission YMCA. These programs serve primarily low-income, at-risk Latino children and Cal Works families in part-day and full-day programs.

The 12 Latina family child care providers tend to be isolated and have limited access to social and health services yet serve some of our the most vulnerable families. One of these providers contracts with Wu Yee Children's Services' Early Head Start Program. The program will also open EPSDT charts on 6 children, ages 0-5 years; children who might not typically access mental health services due to linguistic and cultural barriers.

Family Resource Centers (FRC) to receive consultation services to staff and clients include Instituto Familiar de la Raza and Excelsior Family Connections.

specific topic. Can also include leading a parent support group or conducting a parent training class or providing a consultation to a parent.

- Direct Services Individual: Activities directed to a child, parent, or caregiver. Activities may include, but are not limited individual child interventions, collaterals with parents/caregivers, developmental assessment, referrals to other agencies. Can also include talking on an ongoing basis to a parent/caregiver about their child and any concerns they may have about their child's development.
- * Direct Services Group: Conducting therapeutic playgroups/play therapy/socialization groups involving at least three children.
- Training-Institute: IFR will develop and implement one 9-session training for mental health consultants city-wide who have less than one year of experience providing consultation services through the ECMHI. Consultants will meet once a month for a didactic seminar that will provide an overview of the mental health consultation model outlined in the most recent CBHS RFP. Further topics will explore the role of the mental health consultant, how to begin consultation, understanding childcare culture, aligning efforts with First Five Initiatives, working with parents and developing inclusive practices. A strong cultural perspective and emphasis on relationship based, strength based interventions will frame the seminar. Total funding \$13,729 for 8 to 10 Consultants.(Appendix B-10)

Service units will also include outreach and linkage as well as evaluation services. Unduplicated clients will include children, parents, and staff impacted by these services.

For fiscal year 2012-2013, the number of unduplicated clients and total number of units (UOS) to be served under current funding will be as follows:

DCYF funding (\$36,134) will serve 32 clients with a total of 491 UOS. First Five FRC (SRI) funding (\$48,000) will serve 40 clients with a total of 640 UOS. PFA funding (\$177,660) will serve 316 clients with a total of 2,369 UOS. HSA funding (\$292,292) will serve 364 clients with a total of 3,897 UOS. General Fund (\$41,935) will serve 15,367 MH Services, 60 Crisis Intervention, and 400 Case Management with a total of 7 UOS.

They will have a total of 759 Unduplicated Clients.

MHSA funding (\$ 42,000) will serve 32 clients with a total of 560 UOS. Please see Appendix B-8.

### **Program Consultation**

## Case Consultation

Child focused, benefits an individual child by addressing developmental, behavioral, socio-emotional questions or concerns with teachers and/or staff.

## Frequency of Activities

Activity	Small Center 12-24 children	Med. Center 25-50 children	Large Center ≥50 children
Child Observation	2 to 4 times initially for each child and as needed. Recommended 4 to 10 hours per child per year.	Same as for small center	Same as for small center
Meeting with Director	Once per month per child who is the focus of case consultation.	Same as for small center	Same as for small center
Meeting with	Once per month per child for duration of case consultation.	Same as for small center.	Same as for small center.
Meeting with Parents	3 to 5 times per child	Same as for small center.	Same as for small center.

For EPSDT and direct treatment services the following standards of practice will be followed:

- Direct treatment services occur within the child care center as allowed by the established MOA or at our outpatient clinic and are provided as needed to specific children and family members. All services to children are contingent upon written consent from parents or legal guardians.
- Provided by mental health consultants who are licensed or license-eligible.
- All direct treatment service providers, consultants, receive ongoing clinical supervision.
- Assessments for direct treatment service eligibility can include screenings for special needs, domestic violence in the family, possible referral for special education screenings, and alcohol or other substance use in the family.

## 6. Methodology

A. For direct client services (e.g. case management, treatment, prevention activities)

Describe how services are delivered and what activities will be provided, addressing, how, what, where, why, and by whom. Address each item, and include project names, subpopulations; describe linkages/coordination with other agencies, where applicable.

#### Outreach efforts:

- Orientation to services for teachers will occur at a designated staff meeting and be reinforced with a
  written description of the program, which will include the referral process and explanation of
  consultation services.
- Memorandums of Agreement will be developed jointly between the consultant and the site supervisor of each individual site.
- Parents will be oriented to the program during monthly parent meetings conducted by the preschool staff and will be provided with a letter of introduction with the consultants contact information and description of her role.
- The consultants will work closely with the Head Start ERSEE staff, education specialists and other support staff to continue outreach efforts.

## Admission, Enrollment and/or intake criteria:

Children will be referred through group consultation where teachers and consultants discuss concerns regarding a particular student as well as by parent referral. When a formal observation is requested by the preschool staff or family childcare provider, written consent will be provided by the parent/guardian.

# Program Service Delivery Model:

The EIP's mental health consultation approach is to address the differing needs of Center based childcare, family resource centers, and family childcare settings. The program design is based upon a cultural framework that affirms and builds upon the strengths of the child, their caregivers (child care provider and parent/guardian), the family of service providers, and the community they identify with. An underlying assumption is that access to consultation, affirmation, resources and education empowers caregivers and families to create healthy environments and relationships for the healthy social and emotional development of preschool children.

The IFR-EIP model establishes a multi-disciplinary group consisting of site-specific childcare staff; other involved site-based caregivers and a bilingual/bicultural Mental Health Consultant. Depending upon the scope of the problem, outside caregivers may be invited to participate in an individual child's review including pediatricians, speech therapists, and other caregivers. We will provide 5-10 hours per week of bilingual child care mental health consultation services to 18 childcare sites and average of 2 hours every two weeks for up to 12 family childcare providers in the Mission, Bay View and Outer Mission Districts of San Francisco.

The Mental Health Consultant provides an array of services to the child, parent and staff with the service goal of building upon the strengths of the child, parent and caregiver. Partnership meetings include the staff person closest to the child and parent, the Mental Health Consultant and the parent/guardian.

Depending upon the needs identified in the first meeting, the parent and the Mental Health Consultant may continue to meet up to five other times for planning, linkage, support and problem solving. Any needs that cannot be addressed within the partnership meetings are referred out to services in the network of health care and social services available to children and families.

For the 12 family childcare providers, mental health consultation will be individualized and based upon the needs of the provider, the age of the children and their relationships to a center-based

Program: Early Intervention Program- Child Care

Contract Term:07/01/2012 through 06/30/2013

Fiscal Year: 2012-2013

CMS#: 6950

program. In some family childcare provider homes, children will be attending part-day programs in a center and continuing their full-day coverage with a family childcare provider.

Partnership meetings with parents will be established on a regular basis and will be conducted with the provider and parent/guardian based on observations and discussions with the family child care provider. Program and environmental consultation including developing learning activities and modeling age-appropriate interactions will be tailored to each home. The program may provide parent groups (Charlas) at family child care provider homes to explore aspects of parenting and child development.

The Professional Development Day is the linchpin of all the efforts with the Family Child Care Providers as it brings together the community of Latina Family Child Care Providers to reflect on the connections they have to their work as well as explore self-care. This Retreat is in its 15th year- and the growth and depth of reflection by the group has gone deeper and deeper every year. Modeling self-care is essential for our providers to then model and promote health with the families they work with.

For the two Family Resource Centers, mental health consultation will be tailored to meet the individual needs of each site. Program consultation will include, but is not limited to, curriculum development, staff communication and environmental interventions to enhance the quality of programming for children and families.

## Exit Criteria and Process:

Some of the programs follow the SFUSD calendar thus consultation services to teachers and staff comes to a natural close at the end of the school year.

For year round programs—individual interventions for identified students will use the following as a basis for exit criteria: 1) teacher and parent feedback 2) mental health consultant recommendation 3) Linkage to community resources to address the family's needs.

Children receiving individual counseling services will also be evaluated through the CANS.

Program's staffing: See Appendix B-8

### . Objectives and Measurements

## A. Required Objectives

All objectives, and descriptions of how objectives will be measured, are contained in the CBHS document entitled Performance Objectives FY 12-13.

MHSA objectives remain the same as objectives outlined for ECMHI contained in CBHS document.

### B. Individualized Program Objectives

During fiscal Year 2012-2013, 75% of teachers will report they have improved their understanding of the social emotional needs of the children in their care as measured by the completed teacher satisfaction survey that will be administered by June 2013.

During fiscal Year 2012-2013, 75% of parents will report that they are better able to respond to the behavioral and social-emotional needs of their children as measured by the completed parent satisfaction survey administered by June 2013.

During fiscal Year 2012-2013, all Early Intervention Mental Health Specialists will attend weekly group supervision that addresses implementation of IFR model of consultation to enhance the quality of consultation services as measured by attendance logs at EIP Team Meetings.

## 8. Continuous Quality Improvement

The Early Intervention Program's CQI activities include weekly Team meetings utilizing a reflection Case Presentation model that supports and deepens consultant's work and methodology. Meetings include administrative check-ins to review and reflect on the achievement of contract performance objectives. Charts are maintained for each individual childcare site, family resource centers and a chart for family childcare providers. Charts are reviewed quarterly for quality and accountability by the Program Director. All staff is bilingual and bicultural and our work is based on a cultural framework that is central to its success. We will also comply with annual client satisfaction surveys administered by CBHS as well we seek regular feedback from Program Directors and Site Directors at all the sites we serve. We incorporate their feedback and readily address issues as they surface.

New	$\boxtimes$	Renewal	Modification

## 3. Goal Statement

Instituto Familiar de la Raza will provide trauma recovery and healing services through its CulturaCura Program to youth ages 14 to 25 and their families, with an emphasis upon Mission District youth and Latinos citywide. Services will include both prevention and intervention modalities to individuals, agencies, and the community. The goal of IFR's Trauma Recovery and Healing Services is to 1) reduce the incidence and prevalence of trauma related conditions in children, youth, and families, including risk for retaliation among youth engaged in negative street activity further victimization of community violence and 2) Increase violence prevention providers' understanding of mental health issues in context of violence. 3) Mitigate risk factors associated with vicarious trauma among VP providers and 4) Decrease Stigma among youth and families in accessing public health services. This is a cost reimbursement contract with CBHS - MHSA for FY 12-13.

### 4. Target Population

TR&HS will provide youth ages 14 to 25 and their families who reside in the Mission District and Latinos city wide with trauma recovery services during FY 12-13. The target population will be youth and their families affected by street and community violence. This program will have primary focus on 94110, 94112, 94102, and 94103.

The Mission District has been home to Latino Families for the past 4 decades with an estimated 75% of all households identified as Spanish Speaking. Over 30% of all youth in SF, ages 5-17 reside in the Mission District with over 25% of them living in poverty (SMART Map). Latinos under the age of 18 represent 23% of San Francisco youth population and of these, 21% are 14-17. While the Mission District continues to be the cultural hub for Latino families, there are a growing number of youth and families residing in other neighborhoods such as Excelsior, Tenderloin, SOMA, and Bayview for whom these services are critical.

In addition, to individual and family centered interventions to address trauma related conditions, mental health consultation will be provided to violence prevention staff of Arriba Juntos, (lead agency for the Northwest Community Response Network), and other VP service providers that impact on the target population including case managers and peer advocates who provide violence prevention services at Instituto Familiar de la Raza.

Chicano/Latino youth and their families face unique social, cultural, and linguistic barriers in accessing behavioral healthcare services. Latino children and youth, in particular, face disproportionate levels of poverty coupled with a lack of healthcare benefits. They are more likely than their white counterparts to drop out of school, exhibit more symptoms of depression and anxiety, and likely to consider suicide. Language barriers, unstable housing and homelessness, cultural and racial discrimination, and issues related to legal status and the re-emergence of anti-immigrant sentiment create severe and persistent stressors for Latino youth and their families.

Latino children and youth who engage in negative street activity and violence face serious risk for multiple health and social problems including physical injury, post-traumatic stress syndromes, incarceration, and social isolation. These youth and their families are often stereotyped within our public healthcare system as unmotivated, untreatable and undesirable, resulting in attitudinal barriers to serving their advocacy, health, and behavioral healthcare needs.

5701 Date: 07/01/12
Page 1 of 6

Fiscal Year: 2012-2013

CMS#: 6960

ral behavioral healthcare providers,

ract Term: 07/01/12 through 06/30/13

Appendix A-9

These attitudinal barriers, coupled with the lack of bilingual/bicultural behavioral healthcare providers, constitute major obstacles to providing effective interventions once services are sought. Cultural, linguistic, and socially relevant services serve as critical factors in the assessment, engagement, differential diagnosis, and recidivism of Latino youth and their families engaged in and affected by violence. Services that integrate multiple interventions including crises interventions, family support, case management, and behavioral change within the cultural values, beliefs, and norms of the community served have been well documented and underscore the importance of providing culturally proficient models of service.

#### 5. Modalities/Interventions

Services are billed under Mode 45 (10-19) under the Prevention and Wellness Promotion Modality

## Outreach and Engagement

- i. TR&HS peer counselor will provide 300 hours of outreach; basic information about the services at various sites including safe havens, CRN outreach assignments and school settings.
- ii. The peer counselor will recruit 15 youth and 12 parents to groups developed by program staff to address reunification,
- iii. Peer counselor will be trained to co-facilitate the youth groups

#### Screening and Assessment

i. Behavioral Health Specialist in this program will conduct a min of 25 risk assessments of youth referred for individual intervention. Direct services, which result in an open chart for clients, will include a psychosocial assessment. Psychosocial assessment means a service activity which may include a psychosocial, clinical and cultural formulation of the client, including history, mental and behavioral status, relevant cultural issues and history, diagnosis, and treatment goals

## Mental Health Consultation

- i. IFR will continue providing mental health consultation to staff providing violence prevention services, with emphasis on those serving the Mission District. Mental health consultation includes One-time or ongoing efforts to increase capacity of outreach and case management staff to respond appropriately to trauma related conditions among youth and parents.
- ii. Care Development Meetings follow a methodology that includes check-in, referrals to service, assignment, service plan development, resource mapping, and schedules in-services. Meetings are co-facilitated by IFR La CulturaCura Program Manager and the Behavioral Health Specialist (funded in this exhibit) that support skills development and integration of a multidisciplinary approach to care.

Services are billed under Mode 45 (10-19) under the Prevention and Wellness Promotion Modality

#### Intervention

## Individual and Group Interventions -

i. Services with or on behalf of an individual, family, and/or group designed to support the stabilization of individuals/families or community groups, including staff that have been affected by street and/or community violence. The goal of this intervention is to enhance self-sufficiency and community functioning. Services may include, but are not limited to, assessment, plan development, grief, and bereavement counseling to individuals and groups, crisis response, and collateral intervention. In addition, providers under this exhibit will work closely with Northwest Community Response Network (emphasis upon the Mission District CRN) to support de-escalation and prevent retaliations among the target population.

# Crisis Debriefing and Grief and Bereavement Counseling

ii. The full-time Behavioral Health Specialist and Peer Counselor assigned to this contract may provide crisis debriefing and grief & bereavement counseling to clients, family members, and staff who have been affected by street and/or community violence in order to support healthy functioning and reduce risk factors including retaliation following an incident of violence. Interventions are part of a coordinated effort to protect the public in general and the

Date: 07/01/12

Contractor, instituto national de in Naza

Program: Trauma Recovery and ing Services

Fiscal Year: 2012-2013

CMS#: 6960

act Term: 07/01/12 through 06/30/13

individuals/families targeted with violence. These interventions may be delivered to an individual, family, or group.

- iii. Short-term interventions assist individuals and families in stabilization of traumatic conditions due to community violence to which they may have been exposed. The services are offered as individual services for a period of 3-6 months depending on the severity and the needs of the individual/ family.
- iv. During FY 12-13, staff will develop culturally and socially relevant psycho education workshops addressing trauma recovery. Two multisession workshops (2 hours each) will be provided to parents; two for youth. The workshops will target 12 UDC parents and 15 youth during the contract period.

#### Community Interventions

- v. We intend to continue community wide interventions that raise awareness about the harmful effects of violence and increase knowledge of integrative healing approaches. Community interventions will include planned and unplanned interventions.
- vi. Debriefing: TR&HS will support MCRN efforts to prevent retaliations and escalations of community violence. These are unplanned interventions coordinated with The Network Coordinator for Latino Services within the Northwest Community Response Network.; and under the direction of the NWCRN Program Director, responsible for crisis response and aftercare in focus areas of Mission District, Western Addition, OMI, SOMA-Tenderloin districts.
- vii. Ceremonies and Dialogue on Peace: IFR has a well-established history of integrating cultural and spiritual practices as part of our approach to intervention. We strongly believe that preserving traditional knowledge and practices is healthy and healing. In keeping with this philosophy, we propose to convene two facilitated dialogues on peace as well as two community ceremonies to support the public at large in addressing the aftermath of street and gang-related violence. Community ceremonies serve as a means to raise public awareness about the harmful effects of community violence and how and where to receive help. IFR will leverage resources from the Indigena Health and Wellness Collaborative, funded by DPH, to work closely with leaders in the indigenous community to integrate messages of peace, forgiveness, and reconciliation in the community. Ceremonies will include Dia de los Muertos, Xilonen, and Cuahtemoc. Youth and families impacted by street violence will be encouraged to participate in these Healing ceremonies.

During the fiscal year 2012-13, IFR will provide services to 135 unduplicated clients under this exhibit.

## Methodology ·

## A. Outreach, Recruitment, Promotion, and Advertisement:

La CulturaCura-Trauma Recovery and Healing Services will receive its referrals from the Northwest Community Response Network, a collaboration of community-based agencies providing street outreach, and crisis response services to youth and their families affected by street and gang violence, as well as other partner agencies that are involved in violence prevention work. The Clinical CM/Behavioral Health Specialist in this contract is responsible for supervision of the Peer Counselor assigned to this program and oversees outreach and client recruitment activities. The Peer Counselor will promote and advertise LCC Trauma Recovery and Healing Services by conducting outreach to youth and families who meet criteria for services. Outreach and recruitment will be done at schools, community agencies, areas where youth congregate, and at community events.

Brochures describing the array of services of the Trauma Recovery and Healing Services will be distributed to the target population in and around the Mission District, as well as Citywide where youth and families congregate.

## B. Consumer Participation/Engagement:

Participants are engaged throughout the program implementation through the following activities:

- Consumer participation in Program Design: Last year's Peace Dialogues participants were instrumental in the design of the program and led the implementation and facilitation of their efforts with the support from our TRH&S Peer Counselor. For FY 12-13, this framework will be used and replicated in other proposed interventions.
- Consumer participation in evaluation of Mental Health Interventions: program participants will perform pre- and post-test surveys which inform the impact and design of our efforts. Clients will be provided with a Child or Adult PTSD symptom Scale CPSS to assess their level of trauma exposure at intake and termination time. Clients will be asked to self-report on the benefits of mental health services and provide the mental health specialist with feedback for when therapy is not working for them during their time in
- Consumer participation in evaluation of psycho-educational groups: pre- and post-test survey feedback will be used to inform the development and plans for implementation of the upcoming group intervention efforts.

## C. Cultural Competency:

The program integrates IFR internal policies to ensure staff meets the clients' needs. Please see Cultural Competency Narrative Report.

## D. Collaboration with other programs:

The target population served by this program who have substance abuse conditions or exhibit co-occurring conditions, will benefit from harm reduction counseling services provided by the mental health specialist in this program. In addition, IFR has linkage agreements with adolescent and adult programs citywide to link clients to the services that they are motivated to utilize. IFR has formal agreements with Latino Family Alcohol Counseling Center, Horizons' substance abuse program, Walden House, Friendship House Residential Program. Latino Commission, IRIS Center, and Casa de las Madres. Youth and their family members who meet criteria for substance abuse services will have access to treatment options through these existing MOUs.

## E. Exit Criteria and Process:

La CulturaCura-Trauma Recovery and Healing Services will adopt essential elements of the utilization review and discharge/exit criteria from our outpatient comprehensive clinic to prioritize services to those most in need, The Behavioral Health Specialist, under guidance of the Clinical Supervisor, a licensed behavioral health

> Date: 07/01/12 5704

Program: Trauma Recovery and / 'ing Services

Fiscal Year: 2012-2013

CMS#: 6960

provider, will consider such factors as suicidal risk factors, domestic violence exposure, substance abuse involvement, recent trauma, community functioning, progress, and status of Care Plan objectives to determine which clients can be discharged from services. For direct services: every three months, a chart/case review will be conducted to assess client need for services and/or creation of a step-down plan into the community or system of care. Chart maintenance and standards of documentation will be reviewed within weekly supervision.

## F. Program Staffing:

Please see Appendix B-9.

## 7. Objectives and Measurements

Goal #1: Increased Knowledge about available health, social and other community resources (traditional health services, cultural, faith based).

- i. During FY 12-13, LCC Trauma Recovery and Healing Services will serve 135 unduplicated clients through its range of interventions as measured by program activity reports maintained on file.
- ii. During FY 12-13, 85% of youth and families referred for TR &HS will receive follow-up as demonstrated by client referral and disposition log maintained at the program.
- iii. During FY 12-13, Program staff will identify and mentor 5 youth to participate in the planning of Peace Dialogues and/or traditional ceremonies to promote peace and reconciliation to peers.

Goal #2: Increased access to and utilization of behavioral health services (clinical, cultural-based healing, peer-led and other recovery-oriented services).

- i. During Fiscal Year 12-13, 35 youth will receive individual interventions and of these, 60% will demonstrate improvements in symptoms of depression, anxiety, self-concept, and/or behavior as measured by pre and post T-scores on the UCLA PTSD RI Trauma Checklist and CPSS Trauma Symptoms, client self-report, and/or observations as reflected in the client's charts.
- ii. During FY 12-13, a total of 12 parents and 15 youth will complete 2 two hour sessions addressing trauma and healing approaches. Participants will be asked to complete a survey to determine if the intervention enhances knowledge and understanding about the effects of trauma and approaches to recovery.
- iii. During FY 12-13, 18Care Development Meeting /Consultation to violence prevention staff and dedicated CRN staff to increase understanding of trauma related conditions and appropriate interventions as evidenced by participant sign-in-sheet, attendance log, and records of the consultation.

## 8. Continuous Quality Assurance and Improvement

IFR has historically complied with all CQI standards for DPH, CBHS and AIDS office as is committed to exceeding minimum standards to serve our clients.

IFR, in consultation with CBHS Evaluation staff has developed reporting methods to track service, hours of services, unduplicated clients, and activities for services under this request for funding. During FY 10-11, reporting formats were revised to increase data collection.

IFR is committed to working collaboratively with the Evaluation Unit to design and implement evaluation measures in the program. To ensure CQl, random QA reviews and biweekly supervision has been a standard of practice for TR & HS. The Program adapted CBHS charting standards when it began in 2006 to document direct services, and developed an indirect reporting form to track mental health consultation services and community interventions. For this program, youth and families are not registered into Insyst; however, a chart is opened and follows minimum guidelines based on CBHS protocols. Charts are maintained at IFR. Client registration occurs for youth who are in brief therapy or crisis counseling. The Clinical Supervisor (not paid under this contract) is responsible for reviewing and approving the assessment, treatment plan, and disposition planning.

On a staffing level, CQI is supported through supervision, administrative reviews and training.

Date: 07/01/12 Page 5 of 6

CMS#: 6960

The Program Director, a licensed psychologist oversees the quality of services in this program and provides administrative supervision to Program Manager) not covered by this exhibit. The Behavioral Health Specialist/a licensed eligible staff, provides supervision to peer counselors supporting La CulturaCura services.

TR & HS is a component of La CulturaCura, and as such, the full-time Clinical Case Manager and Peer Advocate are part of the program team and attend a biweekly administrative meeting with the Program Manager who is the liaison to the NWCRN. In addition, the LCC Manager and BHS convene the Care Management Development Meetings with Network providers who case manager in the system. The Care Development Meetings ensure quality and standards of care in case management services and improve the coordination of services to the target population. The Clinical Case Manager provides review of case management service plans and supervision for up to 4 Case Managers in the Network. The Program Director dedicates 5% to CQI activities while the BHS dedicates 15% to quality assurance activities.

In order to develop the staff's ability to provide quality services the following activities will take place:

- a) Program staff will attend a minimum of six hours of training on trauma informed approaches including CBT, Psycho-educational interventions and crises response. FY 12-13.
- b) Program staff will attend training on provision of services to the designated target population of the program, regardless of ethnic, cultural background, gender, sexual orientation, creed, or disability.
- c) Program staff will participate in meetings or training necessary for the implementation and maintenance of the System of Care.
- d) Program staff will participate in an ongoing series of HIPPA trainings to increase their ability to maintain compliance.
- e) Program staff will participate in six hours of training in Groups facilitation
- f) Program staff will attend trainings to increase knowledge, skills, and approaches to violence prevention and trauma recovery to the target population of youth and families served.
- g) Program staff under this exhibit will attend a minimum of one annual cultural event sponsored by the agency during FY 12-13.

## HIPPA Compliance Procedures:

- a) DPH Privacy Policy is integrated in the contractor's governing policies and procedures regarding patient privacy and confidentiality. The Director will ensure that the policy and procedures as outlined in the DPH Privacy Policy have been adopted, approved, and implemented.
- b) All staff who handles patient health information is trained (including new hires) and annually updated in the agency privacy/confidentiality policies and procedures. The Program Manager will ensure that documentation shows that all staff has been trained.
- c) The contractor's Privacy Notice is written and provided to all clients served by the organization in their native language. If the document is not available in the client's relevant language, verbal translation is provided. The Program Manager will ensure that documentation is in the patient's chart, at the time of the chart review, that the patient was "notified."
- d) A Summary of the above Privacy Notice is posted and visible in registration and common areas of the organization. The Program Manager will ensure the presence and visibility of posting in said areas.
- e) Each disclosure of a client's health information for the purposes other than treatment, payment, or operations is documented. The Program Manager will ensure that documentation is in the client's chart, at the time of the chart review.
- f) Authorization for disclosure of a client's health information is obtained prior to release: (1) to provider outside the DPH Safety Net; or (2) from a substance abuse program. The Program Manager will ensure that an authorization form that meets the requirements of HIPAA is signed and in the client's chart during the next chart review.

As mentioned in section 6, the program integrates IFR internal policies to ensure staff meets the clients' needs regarding cultural competency.

Client Satisfaction: IFR will conduct a focus group by the end of the 3rd quarter of FY 12-13 with 5 to 10 youth who have received individual or group services through TR&HS to measure consumer satisfaction. Feedback from the focus group will result in a written summary of findings as well as a program review with implications for program change.

## 3. Goal Statement

The IFR Early Intervention Program (EIP) will provide comprehensive mental health consultation services to 18 center-based childcare sites (including one MHSA funded childcare center), two family resource centers, and 12 Latina family childcare providers for fiscal year 2012-2013. The program will also open EPSDT charts on 6 children, ages 0-5 years old.

The goals of the Program are to: 1) Maximize the opportunities for healthy social and emotional development for young children ages 0-5 years, enrolled in full-day and part-day child care programs in the Mission, Outer Mission, and Bay View Districts; 2) Improve the capacity for family resource center staff and family child care providers to provide culturally and developmentally appropriate environments for young children (ages 0-5 years); 3) Improve the capacity and skills of care providers (teachers and staff) to respond to the social emotional needs of young children, ages 0-5; and 4) Improve the capacity and skills of parents to foster healthy social and emotional development in their children aged 0-5 years.

## 4. Target Population

The target population is at-risk children and families enrolled in 18 center-based preschool childcare site, 12 Latina family child care providers, and two family resource centers in the Mission, Bay View, and Outer Mission Districts. Centers to be served include all nine Mission Neighborhood Center Head Start sites: Valencia Gardens, Women's Building, Stevenson, Capp Street, 24th Street, Bernal Dwellings, Mission Bay, and Jean Jacobs. Southeast Families United Center; 4 SFUSD child development centers: Theresa Mahler Center, Zaida Rodriguez Center, Sanchez ECE and Bryant ECE; and 2 pre-K SFUSD sites: Cesar Chavez, and Paul Revere; and Mission YMCA. These programs serve primarily low-income, at-risk Latino children and CalWorks families in part-day and full-day programs.

The 12 Latina family child care providers tend to be isolated and have limited access to social and health services yet serve some of our the most vulnerable families. One of these providers contracts with Wu Yee Children's Services' Early Head Start Program. The program will also open EPSDT charts on 6 children, ages 0-5 years; children who might not typically access mental health services due to linguistic and cultural barriers.

Family Resource Centers (FRC) to receive consultation services to staff and clients include Instituto Familiar de la Raza and Excelsior Family Connections.

- Consultation Individual: Discussions with a staff member on an individual basis about a child or a group of children, including possible strategies for intervention. It can also include discussions with a staff member on an individual basis about mental health and child development in general.
- Consultation -Group: Talking/working with a group of two or more providers at the same time about their interactions with a particular child, group of children and/or families.
- Consultation Class/Child Observation: Observing a child or group of children within a
  defined setting.
- Training/Parent Support Group: Providing structured, formal in-service training to a group of four or more individuals comprised of staff/teachers, parents, and/or family care providers on a specific topic. Can also include leading a parent support group or conducting a parent training class or providing a consultation to a parent.

- Direct Services Individual: Activities directed to a child, parent, or caregiver. Activities may include, but are not limited individual child interventions, collaterals with parents/caregivers, developmental assessment, referrals to other agencies. Can also include talking on an ongoing basis to a parent/caregiver about their child and any concerns they may have about their child's development.
- Direct Services Group: Conducting therapeutic playgroups/play therapy/socialization groups involving at least three children.
- Training-Institute: IFR will develop and implement one 9-session training for mental health consultants city-wide who have less than one year of experience providing consultation services through the ECMHI. Consultants will meet once a month for a didactic seminar that will provide an overview of the mental health consultation model outlined in the most recent CBHS RFP. Further topics will explore the role of the mental health consultant, how to begin consultation, understanding childcare culture, aligning efforts with First Five Initiatives, working with parents and developing inclusive practices. A strong cultural perspective and emphasis on relationship based, strength based interventions will frame the seminar. Total funding \$13,729 for 8 to 10 Consultants.(Appendix B-10)

Service units will also include outreach and linkage as well as evaluation services. Unduplicated clients will include children, parents, and staff impacted by these services.

For fiscal year 2012-2013, the number of unduplicated clients and total number of units (UOS) to be served under current funding will be as follows:

DCYF funding (\$36,134) will serve 32 clients with a total of 491 UOS. First Five FRC (SRI) funding (\$48,000) will serve 40 clients with a total of 640 UOS. PFA funding (\$177,660) will serve 316 clients with a total of 2,369 UOS. HSA funding (\$292,292) will serve 364 clients with a total of 3,897 UOS. General Fund (\$41,935) will serve 15,367 MH Services, 60 Crisis Intervention, and 400 Case Management with a total of 7 UOS.

They will have a total of 759 Unduplicated Clients.

MHSA funding (\$ 42,000) will serve 32 clients with a total of 560 UOS. Please see Appendix B-8. Program Consultation

Center and/or classroom focused benefits all children by addressing issues impacting the quality of care.

## Frequency of Activities

Activity	Sman Child are	Medium Child Care Center 25-50 children	
Program Observation	Initially upon entering the site and 2 to 3 times a year per classroom equaling 4 to 6 hours per year	Initially upon entering the site and 2 to 4 times a year per classroom equaling 6 to 10 hours per year	Initially upon entering the site and 2 to 4 times a year per classroom equaling 10 to 20 hours per year

Meeting with Staff	Bi-monthly with all staff members (usually by classroom) 2 hours a month	Bi-monthly with all staff members (usually by classroom) 2 to 4 hours a month	Bi-monthly with all staff members (usually by classroom) 4 to 6 hours a month
Trainings	As needed and as stipulated in the MOU between the site and the service providing agency	Same as small center	Same as small center

#### Case Consultation

Child focused, benefits an individual child by addressing developmental, behavioral, socio-emotional questions or concerns with teachers and/or staff.

## Frequency of Activities

Activity		Med. Center 25-50	Lange Center
Child Observation	2 to 4 times initially for each child and as needed. Recommended 4 to 10 hours per child per year.	Same as for small center	Same as for småll center
Meeting with Director	Once per month per child who is the focus of case consultation.	Same as for small center	Same as for small center
Meeting with	Once per month per child for duration of case consultation.	Same as for small center,	Same as for small center.
Meeting with Parents	3 to 5 times per child	Same as for small center.	Same as for small center.

For EPSDT and direct treatment services the following standards of practice will be followed:

- Direct treatment services occur within the child care center as allowed by the established MOA or at our outpatient clinic and are provided as needed to specific children and family members. All services to children are contingent upon written consent from parents or legal guardians.
- Provided by mental health consultants who are licensed or license-eligible.
- All direct treatment service providers, consultants, receive ongoing clinical supervision.
- Assessments for direct treatment service eligibility can include screenings for special needs, domestic violence in the family, possible referral for special education screenings, and alcohol or other substance use in the family.

## 6. Methodology

## A. For direct client services

Describe how services are delivered and what activities will be provided, addressing, how, what, where, why, and by whom. Address each item, and include project names, subpopulations; describe linkages/coordination with other agencies, where applicable.

## Outreach efforts:

Date: 07/01/12 Page 4 of 7 Contractor: Instituto Familiar de la Raza Appendix A-10
Program: Early Intervention Program- Child Care Contract Term:07/01/2012 through 06/30/2013

Fiscal Year: 2012-2013

CMS#: 6950

Orientation to services for teachers will occur at a designated staff meeting and be reinforced with a
written description of the program, which will include the referral process and explanation of
consultation services.

- Memorandums of Agreement will be developed jointly between the consultant and the site supervisor
  of each individual site.
- Parents will be oriented to the program during monthly parent meetings conducted by the preschool staff and will be provided with a letter of introduction with the consultants contact information and description of her role.
- The consultants will work closely with the Head Start ERSEE staff, education specialists and other support staff to continue outreach efforts.

## Admission, Enrollment and/or intake criteria:

Children will be referred through group consultation where teachers and consultants discuss concerns regarding a particular student as well as by parent referral. When a formal observation is requested by the preschool staff or family childcare provider, written consent will be provided by the parent/guardian:

## Program Service Delivery Model:

The EIP's mental health consultation approach is to address the differing needs of Center based childcare, family resource centers, and family childcare settings. The program design is based upon a cultural framework that affirms and builds upon the strengths of the child, their caregivers (child care provider and parent/guardian), the family of service providers, and the community they identify with. An underlying assumption is that access to consultation, affirmation, resources and education empowers caregivers and families to create healthy environments and relationships for the healthy social and emotional development of preschool children.

The IFR-EIP model establishes a multi-disciplinary group consisting of site-specific childcare staff; other involved site-based caregivers and a bilingual/bicultural Mental Health Consultant. Depending upon the scope of the problem, outside caregivers may be invited to participate in an individual child's review including pediatricians, speech therapists, and other caregivers. We will provide 5-10 hours per week of bilingual child care mental health consultation services to 18 childcare sites and average of 2 hours every two weeks for up to 12 family childcare providers in the Mission, Bay View and Outer Mission Districts of San Francisco.

The Mental Health Consultant provides an array of services to the child, parent and staff with the service goal of building upon the strengths of the child, parent and caregiver. Partnership meetings include the staff person closest to the child and parent, the Mental Health Consultant and the parent/guardian.

Depending upon the needs identified in the first meeting, the parent and the Mental Health Consultant may continue to meet up to five other times for planning, linkage, support and problem solving. Any needs that cannot be addressed within the partnership meetings are referred out to services in the network of health care and social services available to children and families.

For the 12 family childcare providers, mental health consultation will be individualized and based upon the needs of the provider, the age of the children and their relationships to a center-based program. In some family childcare provider homes, children will be attending part-day programs in a center and continuing their full-day coverage with a family childcare provider.

Partnership meetings with parents will be established on a regular basis and will be conducted with the provider and parent/guardian based on observations and discussions with the family child care provider. Program and environmental consultation including developing learning activities and

Program: Early Intervention Program- Child Care

Fiscal Year: 2012-2013

CMS#: 6950

modeling age-appropriate interactions will be tailored to each home. The program may provide parent groups (Charlas) at family child care provider homes to explore aspects of parenting and child development.

The Professional Development Day is the linchpin of all the efforts with the Family Child Care Providers as it brings together the community of Latina Family Child Care Providers to reflect on the connections they have to their work as well as explore self-care. This Retreat is in its 15th year- and the growth and depth of reflection by the group has gone deeper and deeper every year. Modeling self-care is essential for our providers to then model and promote health with the families they work with.

For the two Family Resource Centers, mental health consultation will be tailored to meet the individual needs of each site. Program consultation will include, but is not limited to, curriculum development. staff communication and environmental interventions to enhance the quality of programming for children and families.

#### Exit Criteria and Process:

Some of the programs follow the SFUSD calendar thus consultation services to teachers and staff comes to a natural close at the end of the school year.

For year round programs- individual interventions for identified students will use the following as a basis for exit criteria: 1) teacher and parent feedback 2) mental health consultant recommendation 3) Linkage to community resources to address the family's needs.

Children receiving individual counseling services will also be evaluated through the CANS.

Program's staffing: See Appendix B-10

#### 7. Objectives and Measurements

## A. Required Objectives

All objectives, and descriptions of how objectives will be measured, are contained in the CBHS document entitled Performance Objectives FY 12-13.

MHSA objectives remain the same as objectives outlined for ECMHI contained in CBHS document.

# B. Individualized Program Objectives

During fiscal Year 2012-2013, 75% of teachers will report they have improved their understanding of the social emotional needs of the children in their care as measured by the completed teacher satisfaction survey that will be administered by June 2013.

During fiscal Year 2012-2013, 75% of parents will report that they are better able to respond to the behavioral and social-emotional needs of their children as measured by the completed parent ... satisfaction survey administered by June 2013.

During fiscal Year 2012-2013, all Early Intervention Mental Health Specialists will attend weekly group supervision that addresses implementation of IFR model of consultation to enhance the quality of consultation services as measured by attendance logs at EIP Team Meetings.

## 8. Continuous Quality Improvement

The Early Intervention Program's CQI activities include weekly Team meetings utilizing a reflection Case Presentation model that supports and deepens consultant's work and methodology. Meetings include administrative check-ins to review and reflect on the achievement of contract performance

objectives. Charts are maintained for each individual childcare site, family resource centers and a chart for family childcare providers. Charts are reviewed quarterly for quality and accountability by the Program Director. All staff is bilingual and bicultural and our work is based on a cultural framework that is central to its success. We will also comply with annual client satisfaction surveys administered by CBHS as well we seek regular feedback from Program Directors and Site Directors at all the sites we serve. We incorporate their feedback and readily address issues as they surface.

# Appendix B Calculation of Charges

#### 1. Method of Payment

A. Invoices furnished by CONTRACTOR under this Agreement must be in a form acceptable to the Contract Administrator and the CONTROLLER and must include the Contract Progress Payment Authorization number or Contract Purchase Number. All amounts paid by CITY to CONTRACTOR shall be subject to audit by CITY. The CITY shall make monthly payments as described below. Such payments shall not exceed those amounts stated in and shall be in accordance with the provisions of Section 5, GOMPENSATION, of this Agreement.

Compensation for all SERVICES provided by CONTRACTOR shall be paid in the following manner. For the purposes of this Section, "General Fund" shall mean all those funds which are not Work Order or Grant funds. "General Fund Appendices" shall mean all those appendices which include General Fund monies.

- (1) Fee For Service (Monthly Reimbursement by Certified Units at Budgeted Unit Rates)
  CONTRACTOR shall submit monthly invoices in the format attached, Appendix F, and in a form acceptable to the Contract Administrator, by the fifteenth (15th) calendar day of each month, based upon the number of units of service that were delivered in the preceding month. All deliverables associated with the SERVICES defined in Appendix A times the unit rate as shown in the appendices cited in this paragraph shall be reported on the invoice(s) each month. All charges incurred under this Agreement shall be due and payable only after SERVICES have been rendered and in no case in advance of such SERVICES.
- (2) Cost Reimbursement (Monthly Reimbursement for Actual Expenditures within Budget):
  CONTRACTOR shall submit monthly invoices in the format attached, Appendix F, and in a form acceptable to the Contract Administrator, by the fifteenth (15th) calendar day of each month for reimbursement of the actual costs for SERVICES of the preceding month. All costs associated with the SERVICES shall be reported on the invoice each month. All costs incurred under this Agreement shall be due and payable only after SERVICES have been rendered and in no case in advance of such SERVICES.

#### B. Final Closing Invoice

## (1) Fee For Service Reimbursement:

A final closing invoice, clearly marked "FINAL," shall be submitted no later than forty-five (45) calendar days following the closing date of each fiscal year of the Agreement, and shall include only those SERVICES rendered during the referenced period of performance. If SERVICES are not invoiced during this period, all unexpended funding set aside for this Agreement will revert to CITY. CITY'S final reimbursement to the CONTRACTOR at the close of the Agreement period shall be adjusted to conform to actual units certified multiplied by the unit rates identified in Appendix B attached hereto, and shall not exceed the total amount authorized and certified for this Agreement.

## (2) <u>Cost Reimbursement</u>:

A final closing invoice, clearly marked "FINAL," shall be submitted no later than forty-five (45) calendar days following the closing date of each fiscal year of the Agreement, and shall include only those costs incurred during the referenced period of performance. If costs are not invoiced during this period, all unexpended funding set aside for this Agreement will revert to CITY.

- C. Payment shall be made by the CITY to CONTRACTOR at the address specified in the section entitled "Notices to Parties."
- D. Upon the effective date of this Agreement, contingent upon prior approval by the CITY'S Department of Public Health of an invoice or claim submitted by Contractor, and of each year's revised Appendix A (Description of Services) and each year's revised Appendix B (Program Budget and Cost Reporting Data Collection Form), and within each fiscal year, the CITY agrees to make an initial payment to CONTRACTOR not to exceed twenty-five per cent (25%) of the General Fund portion of the CONTRACTOR'S allocation for the applicable fiscal year.

CONTRACTOR agrees that within that fiscal year, this initial payment shall be recovered by the CITY through a reduction to monthly payments to CONTRACTOR during the period of October 1 through March 31 of the applicable fiscal year, unless and until CONTRACTOR chooses to return to the CITY all or part of the initial

payment for that fiscal year. The amount of the initial payment recovered each month shall be calculated by dividing the total initial payment for the fiscal year by the total number of months for recovery. Any termination of this Agreement, whether for cause or for convenience, will result in the total outstanding amount of the initial payment for that fiscal year being due and payable to the CITY within thirty (30) calendar days following written notice of termination from the CITY.

# 2. Program Budgets and Final Invoice

A. Program Budgets are listed below and are attached hereto.

**Budget Summary** 

Appendix B-1: Adult Outpatient Behavioral Health Clinic Appendix B-2: Behavioral Health Primary Care Integration Appendix B-3: Indigena Health and Wellness Collaborative

Appendix B-4a: Child Outpatient Behavioral Health Services (General Fund)

Appendix B-4b: Child Outpatient Behavioral Health Clinic (EPSDT)

Appendix B-5: Early Intervention Program EIP Child Care Mental Health Consultation Initiative

Appendix B-6: La Cultura Cura ISCS/EPSDT Services

Appendix B-7: MHSA-PEI School-Based Youth Intervention Program-Consultation, Affirmation, Resources, Education & Empowerment Program (CARE)

Appendix B-8: Early Intervention Program EIP Child Care Mental Health Consultation Initiative

Appendix B-9: Trauma Recovery and Healing Services

Appendix B-10: Early Intervention program (EIP) Child Care Mental Health Consultation Initiative

#### B. COMPENSATION

Compensation shall be made in monthly payments on or before the 30th day after the DIRECTOR, in his or her sole discretion, has approved the invoice submitted by CONTRACTOR. The breakdown of costs and sources of revenue associated with this Agreement appears in Appendix B, Cost Reporting/Data Collection (CR/DC) and Program Budget, attached hereto and incorporated by reference as though fully set forth herein. The maximum dollar obligation of the CITY under the terms of this Agreement shall not exceed Fourteen Million Two Hundred Nineteen Thousand One Hundred Sixty One Dollars (\$14,219,161) for the period of July 1, 2010 through December 31, 2015.

CONTRACTOR understands that, of this maximum dollar obligation, \$1,071,206 is included as a contingency amount and is neither to be used in Appendix B, Budget, or available to CONTRACTOR without a modification to this Agreement executed in the same manner as this Agreement or a revision to Appendix B, Budget, which has been approved by the Director of Health. CONTRACTOR further understands that no payment of any portion of this contingency amount will be made unless and until such modification or budget revision has been fully approved and executed in accordance with applicable CITY and Department of Public Health laws, regulations and policies/procedures and certification as to the availability of funds by the Controller. CONTRACTOR agrees to fully comply with these laws, regulations, and policies/procedures.

- (1) For each fiscal year of the term of this Agreement, CONTRACTOR shall submit for approval of the CITY's Department of Public Health a revised Appendix A, Description of Services, and a revised Appendix B, Program Budget and Cost Reporting Data Collection form, based on the CITY's allocation of funding for SERVICES for the appropriate fiscal year. CONTRACTOR shall create these Appendices in compliance with the instructions of the Department of Public Health. These Appendices shall apply only to the fiscal year for which they were created. These Appendices shall become part of this Agreement only upon approval by the CITY.
- CONTRACTOR understands that, of the maximum dollar obligation stated above, the total amount to be used in Appendix B, Budget and available to CONTRACTOR for the entire term of the contract is as follows, not withstanding that for each fiscal year, the amount to be used in Appendix B, Budget and available to CONTRACTOR for that fiscal year shall conform with the Appendix A, Description of Services, and a Appendix B, Program Budget and Cost Reporting Data Collection form, as approved by the CITY's Department of Public Health based on the CITY's allocation of funding for SERVICES for that fiscal year.

July 1, 2010 through June 30, 2011	\$ 2,403,886
July 1, 2011 through June 30, 2012	\$ 2,494,207

July 1, 2012 through June 30, 2013	\$ 2,514,799
July 1, 2013 through June 30, 2014	\$ 2,294,025
July 1, 2014 through June 30, 2015	\$ 2,294,025
July 1, 2015 through December 31, 2015	\$ 1,147,013
Contingency	\$ 1,071,206
Total July 1, 2010 through December 31, 2015	\$14,219,161

- (3) CONTRACTOR understands that the CITY may need to adjust sources of revenue and agrees that these needed adjustments will become part of this Agreement by written modification to CONTRACTOR. In event that such reimbursement is terminated or reduced, this Agreement shall be terminated or proportionately reduced accordingly. In no event will CONTRACTOR be entitled to compensation in excess of these amounts for these periods without there first being a modification of the Agreement or a revision to Appendix B, Budget, as provided for in this section of this Agreement.
- C. CONTRACTOR further understands that \$1,211,814 of the period from July 1, 2010 through December 31, 2010 in the Contract Number BPHM07000052 is included in this Agreement. Upon execution of this Agreement, all the terms under this Agreement will supersede the Contract Number BPHM07000052 for the Fiscal Year 2010-2011.
- D. CONTRACTOR agrees to comply with its Budget as shown in Appendix B in the provision of SERVICES. Changes to the budget that do not increase or reduce the maximum dollar obligation of the CITY are subject to the provisions of the Department of Public Health Policy/Procedure Regarding Contract Budget Changes. CONTRACTOR agrees to comply fully with that policy/procedure.
- E. No costs or charges shall be incurred under this Agreement nor shall any payments become due to CONTRACTOR until reports, SERVICES, or both, required under this Agreement are received from CONTRACTOR and approved by the DIRECTOR as being in accordance with this Agreement. CITY may withhold payment to CONTRACTOR in any instance in which CONTRACTOR has failed or refused to satisfy any material obligation provided for under this Agreement.
  - F. In no event shall the CITY be liable for interest or late charges for any late payments.
- G. CONTRACTOR understands and agrees that should the CITY'S maximum dollar obligation under this Agreement include State or Federal Medi-Cal revenues, CONTRACTOR shall expend such revenues in the provision of SERVICES to Medi-Cal eligible clients in accordance with CITY, State, and Federal Medi-Cal regulations. Should CONTRACTOR fail to expend budgeted Medi-Cal revenues herein, the CITY'S maximum dollar obligation to CONTRACTOR shall be proportionally reduced in the amount of such unexpended revenues. In no event shall State/Federal Medi-Cal revenues be used for clients who do not qualify for Medi-Cal reimbursement.

#### 3. Goal Statement

Instituto Familiar de la Raza's (IFR) La Cultura Cura Program (LCC) will provide intensive case management and mental health services to Latino youth who meet criteria for Intensive Supervision and Clinical Services (ISCS) and/or are prioritized by the Department of Juvenile Probation, DCYF, and CBHS to respond to the cultural and linguistic needs of youth in-risk and/or involved in the juvenile justice system.

#### 4. Target Population

The target population for this contract is post-adjudicated Chicano/Latino youth between the ages of 12-18 years old, including transitional aged youth (18-24), who have come into contact with the juvenile justice system in San Francisco. An emphasis will be placed on addressing the needs of monolingual Spanish or limited English speaking clients who are residents of the Mission District and adjacent areas with high density populations of Latino youth. Eligible clients include those who are Medi-Cal eligible, uninsured or underinsured.

In the Mission District and surrounding areas, Latino youth face high levels of stressors: community violence, poverty, language barriers, unstable housing and homelessness, lack of health care benefits, cultural and racial discrimination, and the harmful effects of anti-immigrant sentiments. Studies have found that Latino Youth experience proportionately more anxiety-related and delinquency problem behaviors, depression, and drug use than do non-Hispanic white youth.

While Latinos under the age of 18 comprise 19% of children/youth in San Francisco, they account for 25%-36% of incarcerated youth. They also account for 30% of children/youth living below the 200% poverty level. It is important to note that Latino children/youth are least likely to be insured regardless of citizenship.

The magnitude of the problems faced by Latino youth and their families highlights the need for culturally and linguistically competent services to assist youth and families to overcome involvement in the juvenile justice system and build upon their individual, family, and community resiliencies.

#### 5. Modality(ies)/Interventions

Billable services include Mental Health Services in the following forms:

<u>Mental Health Services</u> — means those individual or group therapies and interventions that are designed to provide reduction of mental disability and improvement or maintenance of functioning consistent with the goals of learning, development, independent living and enhanced self-sufficiency and that are not provided as a component of residential services, crisis services, residential treatment services, crisis stabilization, day rehabilitation, or day treatment intensive. Service activities may include but are not limited to assessment, plan development, therapy, rehabilitation, and collateral.

Program: La Cultura Cura ISCS/EPSDT

Contract Term:07/01/2012 through 06/30/2013

Fiscal Year: 2012-2013

CMS#: 6960

<u>Assessment</u>-means a service activity which may include a clinical analysis of the history and
current status of a beneficiary's mental, emotional, or behavioral disorder, relevant cultural
issues and history; diagnosis; and the use of testing procedures.

- <u>Collateral</u>—means a service activity to a significant support person in the beneficiary's life with the intent of improving or maintaining the mental health of the beneficiary. The beneficiary may or may not be present for this service activity.
- <u>Therapy</u> means a service activity which is a therapeutic intervention that focuses primarily on symptom reduction as a means to improve the functional impairments. Therapy may be delivered to an individual or group of beneficiaries and may include family therapy at which the beneficiary is present.
- <u>Case Management means services that as sist a beneficiary to access needed medical, educational, pre-vocational, vocational, rehabilitative, or other community services. The activities may include, but are not limited to, communication, coordination, and referral; monitoring service delivery to ensure beneficiary access to service and the service delivery system; monitoring of the beneficiary's progress; and plan development.
  </u>
- <u>Crisis Intervention</u>—means a service, lasting less than 24 hours, to or on behalf of a beneficiary for a condition that requires more timely response than a regularly scheduled appointment. Service activities may include but are not limited to assessment, collateral, and therapy.

# 6. Methodology

A. For direct client services (e.g. case management, treatment, prevention activities) ISCS/EPSDT Program – Minimum Requirements

All clients served in this program will receive Intensive Case Management (ICM) services, the minimum standards for which are described on pp. 41-52 of the Dept. of Children Youth and Families' Minimum Compliance Standards, 2nd Edition, May 2008. In addition, half of all of treatment slots will be reserved for Intensive Supervision and Clinical Services (ISCS), which will be enhanced by ICM.

## Intensive Supervision and Clinical Services (ISCS)

All referrals to ISCS programs are made through the San Francisco Juvenile Probation Department (JPD). Contractor shall provide ISCS services for youth for an initial 90-day period. With input from the case manager, the Probation Officer will determine whether or not to extend the program for an additional 90 days. Should Contractor make a clinical determination that additional services are needed, ICM services may be continued after ISCS services have concluded. Contractor understands that continuation of services is contingent upon available non-ISCS slots. If no such slots exist, Contractor will refer client to another case management program and/or available mental health services with a different provider.

Contractor agrees to meet monthly with Probation staff. Violations of conditions of probation should be reported as soon as possible, but no later than three (3) calendar days after contractor becomes aware of the incident.

Contractor activities on behalf of a client will be documented and an individual case file will be maintained. Contractor agrees that upon initiation of services, clients will be mandated to sign Release of Information forms allowing communication of client information to the assigned probation officer

Date: 07/01/12/2012 Page 2 of 8

Fiscal Year: 2012-2013

CMS#: 6960

Appendix A-6 Contract Term:07/01/2012 through 06/30/2013

and any other critical JPD staff. Individual progress reports shall be submitted once a month to JPD, using the standard report format. Reports will include:

- Number and nature of client contacts (Minimum face-to-face, 3 visits/week)
- All parental contacts
- All curfew checks (Minimum six days per week)
- All school checks (Minimum weekly)
- Compliance with Orders of Probation
- Description of the Home Environment
- · Criminological risks being addressed
- Educational development
- Employment status
- Referrals to community resources

Contractor agrees to work cooperatively with the Juvenile Probation Department and the probation officer assigned to the case. In addition, a final report summarizing the youth's progress and any recommendations for continued clinical treatment shall be submitted to the probation officer prior to the conference review at the end of the 90-day period. Copies of all correspondence, reports or recommendations to the courts with the courts will be submitted to the assigned Probation Officer at least four business days prior to the scheduled court hearing date.

#### Intensive Case Management

<u>Referrals:</u> Contractor will prioritize ICM referrals from JPD, the DCYF list of preferred case management providers, and from DPH staff co-located at Juvenile Justice Center (JJC): SPY, AIIM HIGHER, and MST. All forms authorizing consent for treatment and required waivers will be signed prior to initiation of services.

Comprehensive Needs Assessment: If not already completed within the past 30 days, Contractor shall conduct a comprehensive assessment of client needs (including the Child and Adolescent Needs and Strengths, or CANS assessment), develop an individual service plan, and coordinate and supervise service delivery. At a minimum, the assessment will include the following:

- CANS Assessment
- Interview with client, family and probation officer
- Review of the dynamics of the case (nature of offense)
- Review of conditions of probation
- Individual and family history family dynamics
- Need for individual and/or family counseling
- Educational skills, remedial needs
- Medical, psychiatric and health education referrals
- Vocational skills, job training
- Behavior dangerous to self or others
- Current use of alcohol or drugs

Service Planning: Once client needs have been determined, the case manager shall develop a written plan, including a clinical case plan or Plan of Care consistent with Department of Public Health (DPH) standards, to address those needs and coordinate and supervise service delivery. Contractor shall involve client and family in service planning and provide a detailed orientation about program requirements and rules. The case manager will select appropriate treatment programs and service providers and maintain a progress oriented case record for each client. Assigned staff will work

Date: 07/01/12/2012

Fiscal Year: 2012-2013

CMS#: 6960

Appendix A-6 Contract Term:07/01/2012 through 06/30/2013

collaboratively with other youth service agencies and with members of the client's community. Parental involvement shall be encouraged.

HIPPA Compliance: Contractor will integrate DPH Privacy Policy in its governing policies and procedures regarding patient privacy and confidentiality. The Executive Director will ensure that the applicable policy and procedures as outlined in the DPH Privacy Policy have been adopted, approved, and implemented.

## A. Outreach, recruitment, promotion, and advertisement:

Referrals will be received only from the presiding judge or the carrying Probation Officer after a youth is adjudicated.

B. Program's admission, enrollment and/or intake criteria and process where applicable: Referrals received will be screened for eligibility by the Mental Health Specialist (MHS) who will contact the referring party to complete the process. (The screening process confirms that clients have San Francisco residency, do not have private insurance and are low income or Medi-cal eligible, Clients are screened for eligibility to receive services with an alternative source of payment (private insurance). Clients that do not meet eligibility requirements are referred to intra-agency resources or to appropriate outside service providers.)

Referrals will then be presented to the Case Management Development Team, facilitated by a Licensed Clinical Social Worker (leveraged by Mission Farmily Center) and co-facilitated by the Program Coordinator and MHS, for disposition. Once a referral is accepted, it will be assigned to a Case Manager who will contact the client to schedule an intake/assessment. Each client gets an assessment using the CBHS-CYF-SOC form to establish medical necessity for specialty mental health services. For all new intakes, an appointment for face-to face contact will be offered within 3-5 working days of initial request.

During intake and assessment, the Case Manager provides clarification to families about probation guidelines, court mandates, conditions of release, and community service requirements. The Case Manager will utilize the CANS, under the supervision of the MHS-CANS Super-user to determine client needs and strengths. CANS is utilized to determine: 1) preventative action to be taken; 2) strategic action required to address the need; or 3) intensive action requiring immediate action for intervention.

All clients who meet medical necessity for specialty mental health services will be assigned to a provider and a full plan of care will be developed within 60 days. If it is determined that clients need services beyond the initial 60 days, a request for authorization will be submitted to the PURQC committee for additional hours. For cases open longer than 2 years, will be referred to SF-CBHS-CYF-SOC central authorization team for authorization.

All clients or their parents are informed of their rights under CBHS, are given linguistically accurate documentation of their client rights and of their right to privacy in regards to HIPPA.

## A. Service delivery model:

Based on needs identified via CANS, a comprehensive individual and family service plan is developed by the Case Manager to address immediate concerns and needs. Consultation with the assigned justice system providers informs the plan. Services initiated at this point are primary (case management and therapy, as indicated) followed by secondary leveraged services (after school programming etc.). Services rendered through this RFP will be provided at IFR or an alternative safe location. Staff is also available to deliver services to youth while in detention.

Date: 07/01/12/2012 Page 4 of 8

5722

Fiscal Year: 2012-2013

CMS#: 6960

Appendix A-6 Contract Term:07/01/2012 through 06/30/2013

The frequency of ICM visits usually includes a minimum of three direct contacts at IFR, the school, or in the community, in accordance with the DCYF Minimum Compliance Standards. Case Managers utilize restorative justice interventions, i.e. life skills development, referrals to training programs and community service activities, school advocacy, supportive counseling, tutorial assistance, conflict resolution, de-escalation, and anger management skill development. Examples of these modalities include identifying risk factors and implementing safety plans, and improving interpersonal relationships and communication skills through role playing and modeling.

Based on the CANS, if mental health interventions are indicated, the Case Manager will refer participants to the MHS to provide services. The MHS uses functional family and cognitive behavioral therapy, which are best practices identified for the target population. Through therapy, clients and their families are able to recognize and address additional barriers that may impede their ability to make progress towards identified goals. Clients and families can also enroll in a variety of on-site support services at IFR, through its continuum of services/programs.

Mental Health service delivery is based on varied psychosocial theories, bicultural personality development, current best practices and evidence based interventions. These include utilization of family/child centered interventions, a multidisciplinary team approach to provision of services, and the reinforcement of cultural strengths and identity, sensitivity to social factors and a commitment to assist clients in understanding and differentiating between social ills and personal problems.

Services are primarily provided at IFR; however, the team also provides services in clients' homes, schools, and other sites that are convenient to clients (i.e. other community agency sites). IFR is geographically and physically accessible to clients by MUNI and BART public transportation. The program is accessible by telephone at (415) 229-0500. Hours of operation are Monday through Friday, 9 a.m. to 7 p.m., and Saturday 9 a.m. to 2 p.m. Client's emergencies are managed by the assigned psychotherapist, psychiatrist, Program Coordinator or by the scheduled Officer-of-the-Day (OD). This site meets minimum ADA requirements.

As a comprehensive agency serving children, youth and adults, IFR is in a unique position to provide innovative services to Latino/Chicano families through creative approaches in the context of community that reinforces cultural strengths and identity. IFR is a critical point of access into the public health system for families with children who are in need of comprehensive mental health services.

IFR is the lead agency for the Latino Family Resource System, a collaboration of five community agencies in the Mission District. Through this collaboration IFR is able to provide case management, advocacy and mental health services for clients referred by Human Services Agency, including clients that are registered in the CBHS and CYF system of care. Over the years IFR has established strong links with the Human Services Agency and the San Francisco Family Court system, we provide consultation to the department as well as services, which places us in a strong position to advocate for our community and clients.

Service approaches include utilization of family and significant others in the process of intervention, a multidisciplinary team approach to the provision of services, reinforcement of cultural strengths and identity, sensitivity to social factors and a commitment to assist clients in understanding and differentiating between social ills and personal problems, program flexibility in how and where services are delivered in order to serve the mental health needs of the community.

IFR has historically provided services to clients with dual-diagnosis of substance abuse using both Abstinence and Harm Reduction based models. Intervention approaches include a

5723

Date: 07/01/12/2012

Fiscal Year: 2012-2013

CMS#: 6960

Appendix A-6 Contract Term: 07/01/2012 through 06/30/2013

multidisciplinary staff, the inclusion of family and significant others, utilization of community resources that will support recovery, as well as coordination with medical providers. In order to develop service capacity for dual diagnosed clients we have focused on training for staff that includes harm reduction philosophy. IFR will adopt CARF screening tool to determine clients' needs for substance abuse services.

#### Adjunct Services:

La Cultura Cura staff will link clients to our culturally defined therapeutic drumming groups that target youth at risk, who are diagnosed with anxiety and/or depression and who may also have dual diagnosis of substance abuse. Youths are first assessed to identify their level of functioning in order to determine their appropriateness for group services.

La Cultura Cura also link clients to the "Cultur Arte" after-school program, which provides cultural affirmation activities and performing arts workshops. These activities are provided in a non-threatening environment, promote self-expression, positive cultural identity, skills development, and community reintegration.

As part of IFR's program design, Cultural Affirmation Activities are a fundamental aspect of IFR's services. Cultural Affirmation Activities are defined as planned group events that enhance the cultural and spiritual identity of clients. These activities include: Tonanzin, Cuatemoc, Fiesta de Colores, Xilonen, Cinco de Mayo celebration, Indigenous Peoples Day, Immigrant Pride Day, Dia de los Muertos, Las Posadas, Latino Gay Night, Dia de las Madres, and The Gay Pride Parade as well as other short-term interventions that focus on grief, loss, hope, and inspiration using traditional techniques.

#### B. Exit criteria and process:

The average length of service provision in the program will be three to six months, with a maximum of a year. Further extensions will be determined through ongoing assessments or at the request of the youth/family. Termination occurs when goals are reached, probation has been successfully completed, or when youth are out of compliance with court orders.

Because of limited and shrinking mental health resources, coupled with the need to immediately serve many new acute clients coming in the front door, IFR will consistently apply utilization review and discharge/exit criteria to alleviate increasing caseload pressure and to prioritize services to those most in need. Clinicians will consider such factors as: risk of harm, compliance, progress and status of Care Plan objectives and the client's overall environment, to determine which clients can be discharged from MHS/CBHS services. CANS profiles and case reevaluations by the PURQC committee are integrated into the exit process.

La Cultura Cura will make referrals of clients to appropriate community-based programs such as after school programs, to solidify gains made from services provided.

#### C. Program's staffing:

Please refer to Appendix B-6.

#### D. Indirect Services:

Contract does not include indirect services.

## 7. Objectives and Measurements

# A. Required Objectives

Date: 07/01/12/2012

5724 Page 6 of 8

Fiscal Year: 2012-2013

CMS#: 6960

Appendix A-6 Contract Term:07/01/2012 through 06/30/2013

"All objectives, and descriptions of how objectives will be measured, are contained in the CBHS document entitled <u>Performance Objectives FY 12-13"</u>.

## B. Individualized Program Objectives

La Cultura Cura staff will engage in a number of activities to enhance staff's capacity to deliver mental health services in accordance with CBHS integration objectives:

- · Staff will participate in a series of trainings on co-occurring disorders
- Staff will participate in a CBT focused training
- Staff will participate in a series of trainings on "evidence based" or "evidence informed" practices most relevant to the Chicano/Latino community
- Staff will participate in all relevant CBHS trainings, particularly as it relates to compliance issues.
- IFR program staff will attend training on provision of services to the designated target population of the program, addressing issues regarding ethnicity, cultural background, gender, sexual orientation, creed or disability.

## The following objectives will also be tracked:

## Objective 1:

During Fiscal Year 2012-2013, 65% of participants will have completed their assigned community service hours as measured by self reporting, court documents, and documentation in the case manager's case notes and program records. Program Manager and Mental Health Specialist will analyze and summarize objectives data.

#### Objective 2:

During Fiscal Year 2012-2013, 90% of participants will have enrolled in school or an appropriate educational setting as measured by self reporting, SFUSD progress reports, and documentation in the case manager case notes and program records. Program Manager and Mental Health Specialist will analyze and summarize objectives data.

#### Objective 3:

During Fiscal Year 2012-2013, 35% of participants will not have an additional sustained petition or conviction as measured by self reporting, court records, and documentation in the case manager case notes and program records. Program Manager and Mental Health Specialist will analyze and summarize objectives data.

#### Objective 4:

During Fiscal Year 2012-2013, 65% of participants will complete goals outlined in their initial service plan as measured by self reporting, court records, and documentation in the case manager case notes and program records. Program Manager and Mental Health Specialist will analyze and summarize objectives data.

## 8. Continuous Quality Improvement

## Achievement of contract performance objectives:

IFR has developed the Rrogram Utilization Review and Quality Committee (PURQC); through this system IFR monitors performance objectives as established by the Department of Public Health-Community Behavioral Health Services.

The monitoring of Performance objectives are integrated throughout the process of services provision and PURQC, through the monthly revision of active clients' reports, periodic reviews of client improvement (PURQC), continuous revision of client activity during the 30-day initial period from case opening, and periodic charts review for ensuring documentation completion and quality. Based on

5725

Date: 07/01/12/2012 Page 7 of 8

Pate. 07/01

Fiscal Year: 2012-2013

CMS#: 6960

Appendix A-6 *Contract Term:07/01/2012 through 06/30/2013

the results of these monitoring processes, adjustments are made to individual cases as well as to the current systems.

## Documentation quality, including a description of internal audits:

IFR has developed a comprehensive system for Continuous Quality Improvement that includes a Utilization Committee, individual and group supervision for all Behavioral Health staff, as well as training. All staff is given bi-monthly group supervision and weekly individual supervision to discuss client progress, treatment issues, and enhance skills in the areas of assessment, treatment development and clinical interventions. Trainings provided by CBHS that involve education on documentation guidelines as mandated by CBHS and the state of California as well as training on assessment instruments used as standard practice of care, are a requirement for all clinicians.

The outpatient clinic has a Program Utilization Review and Quality Committee (PURQC) that convenes weekly to review charts for all documentation requirements; Assessments, Plans of Care and the Client Service Authorization (CSA) Request. Cases are submitted to PURQC for initial Authorization, Re-Authorization, the Assessment, POC/CSI Update is required to be submitted with the Authorization Request, the number of hours that are authorized for each client are determined by the Service Intensity Guidelines.

Medical records are reviewed within two months of opening and then once again at the annual anniversary date. Feedback is given to each clinician whose chart is up for review. Feedback includes items that are out of compliance and need immediate action. A deadline is provided as to when feedback must be addressed. The medical record is them reviewed once again to ensure compliance. Feedback is stored in the PURQC binder.

The PUROC Committee is composed of a multi-disciplinary staff that includes Marriage and Family Therapists, Social Workers, Psychologists and other agency support staff. The committee keeps a record of PURQC meetings.

Periodic Review of documentation is performed manually by support staff,

#### Cultural competency of staff and services:

The staffing pattern and collaborative efforts directly aim at being representative and reflective of the groups within the community IFR serves. IFR staff represents a multidisciplinary, multi-ethnic cadre of people who demonstrate high levels of immersion in the cultural values of the community, their life experiences (as immigrants, women, gay and lesbian, transgender, etc.) as well as a high level of professional training. Retention of qualified staff is enhanced by ongoing quality professional staff development and by a responsive Human Resources department.

#### Client Satisfaction:

An annual client satisfaction is performed every year as per CBHS requirements. Results are analyzed and changes are implemented when necessary.

2. N	ature	of	Document
------	-------	----	----------

$\boxtimes$	New	Renewal		Modification
-------------	-----	---------	--	--------------

#### 3. Goal Statement

This program will provide school-based mental health consultation services at Cesar Chavez Elementary School and at Buena Vista Elementary School for the SED/LH students for fiscal year 2010-11. Services will consist of assisting the students in the classroom to meet their educational goals as well as providing individual counseling services and consultation to the classroom teacher, school principal and other school staff as a whole. Our goal is to address the social-emotional, behavioral, and mental health issues for learning disabled Latino students thereby decreasing barriers to learning.

#### 4. Target Population

SED/LH bilingual (Spanish/English) children enrolled in the identified classrooms at Cesar Chavez Elementary School and Buena Vista Elementary School. Children may be designated as AB3632 but are not restricted to this. Services are also provided to the families of the children enrolled in the designated classrooms. Consultation services are provided to the identified classroom teacher, school principal, and other school staff as assigned by the principal.

## 5. Modalities/Interventions

UOS AND UDC are based on 2009-10 Award

Units of Service (UOS) Description	Units of Service (UOS)	Unduplicated Clients (UDC)	
Mental Health Services			
.62 FTE x 35hrs x 36 wks x 72% LOE	561	8 .	
Total	561	8	

IFR will be reimbursed on a fee-for-service basis (for the 10 month academic year) per classroom for providing 8 hours on-site to the identified classroom. Direct and in-direct services will be billed through the AVATAR system with an identified number of cases (60%) being Medi-Cal cases. Services can include individual treatment, collaterals to parents and teachers, group interventions, case management, and crisis intervention. Clinician time spent providing services to the SED classroom and to students whom do not have an open BIS chart will be billed as indirect services as outlined by the SED Partnership Manager of CBHS. Total number of clients served will be 8 with a total of units being 561 (MH services 315; Case Management 100; Indirect Services 146). I hour represents I UOS.

## 6. Methodology

- A. Outreach and readiness for this program is assessed and reached by the following criteria:
  - The principal is committed to having a mental health component in the school

Contractor: Instituto Familiar de la Raza, Inc.

Program: Early Intervention - SED

City Fiscal Year: 2010-11

Appendix A²4 Contract Term: 07/01/10 through 06/30/11

- Teachers are willing and accept consultation from the mental health consultant
- Teachers attend required interagency training or planning activities
- There is a space available within the school to be appropriated for pullout counseling services.

Outreach efforts include the following: Orientation to services for teachers will occur at a designated staff meeting and be reinforced with a written description of the program, which will include the referral process and explanation of consultation services. Memorandums of Agreement/Site Agreements required by SFUSD will be developed jointly between the consultant and the Principal of each individual site.

- B. Long term partnerships have been established between Cesar Chavez Elementary School, Buena Vista Elementary School and IFR. Enrollment and recruitment may include the following:
  - A request by the principal for the service
  - A letter of support from the involved teachers
  - A statement of qualifications by IFR
  - Agreement to the scope of work by both Cesar Chavez Elementary School and Buena Vista Elementary School and IFR.
  - Identification by IFR of the licensed or licensed-eligible clinician assigned to the classroom for the fiscal year 2010-11. Emphasis is placed on continuity of the clinician and a commitment signed by the clinician for the school year.
- C. Scope of services from mental health consultant:
  - Mental health services to SED/LH children in the classroom
  - Pull-out individual weekly therapy sessions during the school day or afterschool program for identified children
  - Group activities with teacher or pull-out at school site (weekly sessions)
  - Weekly consultation to teachers
  - Consultation to principal, as needed to coordinate services and improve understanding of social-emotional and behavioral needs of children
  - Attendance at SST and IEP meetings when appropriate
  - Activities in the classroom, as requested by teacher
  - Outreach and collateral services to parents and families
  - Wrap around service coordination by consultant

The IFR model is designed to build upon positive and affirming relationships between the Mental Health Consultant and the teacher, family, student, and school staff. Treatment goals will be generated in coordination with all care providers and be reviewed regularly by the CARE team.

Direct treatment services occur at the school site per the established MOA and are provided to specific children and family members. All services to children are contingent upon written consent from parents or legal guardians and are provided by mental health consultants who are licensed or license-eligible. All direct treatment service providers and consultants, receive ongoing clinical supervision. Assessments for direct treatment service eligibility can include domestic violence in the family, alcohol or other substance use in the family, behavioral disorders, and trauma or other related mental health disorders. All direct treatment providers follow federal HIPPA regulations pertaining to the provisions of services and the maintenance of records. Services will be rendered over the course of the academic year and provided during summer months at the request and availability of the family to bring the client to IFR's outpatient mental health clinic,

D. Services will be provided to students in the identified classroom and/or Inclusion program. Services will also follow the classroom in the event that a classroom is moved from one school to another unless there is already a mental health provider in the new school. If this plan involves a provider switching services from a school without a SED/LH

Contractor: Instituto Familiar de Laza, Inc.

Program: Early Intervention - SED

City Fiscal Year: 2010-11

Appendix A-4 Contract Term: 07/01/10 through 06/30/11

classroom, that provider is responsible for a clinically appropriate transition plan for children currently in treatment to ensure that the IEP requirements for mental health are met.

E. The mental health consultant is responsible all aspects of service delivery including the referral for any assessments for AB3632 in the classrooms and providing services contained in the IEP unless a more intensive level of care (i.e. day treatment) is required. However, consultation services include all students in the classroom regardless of AB3632 status. See Appendix B for further staffing information.

## 7. Objectives and Measurements

A. Outcome Objectives

Outcome	Objectives	~
	Objectives	CYF
Ohjeciiye	A.1: Reduced Psychiatric Symptoms	
A.1.f	Providers will ensure that all clinicians who provide mental health services are certified in the use of the Child & Adolescent Needs and Strengths (CANS). New employees will have completed the CANS training within 30 days of hire. Note: including School-Mental Health Partnership Programs	School Based Program
A.1.g	Clients with an open episode, for whom two or more contacts had been billed within the first 30 days, should have both the initial CANS assessment and treatment plans completed in the online record within 30 days of episode opening. For the purpose of this program performance objective, an 85% completion rate will be considered a passing score. Note: including school-based programs	School Based Program
A.1.i	Outpatient clients opened will have a Re-assessment/Outpatient Treatment Report in the online record within 30 days of the 6 month anniversary of their Episode Opening date and every 6 months thereafter. Day Treatment clients have a Re-assessment/Outpatient Treatment report in the online record within 30 days of the 3 month anniversary of their episode opening date, and every 3 months thereafter For the purpose of this program performance objective, a 100% completion rate will be considered a passing score. Note: including school-based programs	School Based Program
A.1.j	Outpatient clients opened will have an updated Treatment Plan in the online record within 30 days of the 6 month anniversary of their Episode Opening. Day Treatment clients have an updated Treatment Plan in the online record within 30 days of the 3 month anniversary and every 3 months thereafter. For the purpose of this program performance objective, a 100% completion rate will be considered a passing score. Note: including school-based programs	School Based Program

# B. Other Objectives

Contractor: Instituto Familiar de la Raza, Inc.

Appendix A Program: Early Intervention - SED Contract Term: 07/01/10 through 66/30/11

City Fiscal Year: 2010-11

No additional objectives.

#### C. Evaluation of Objectives

See 7A for evaluation procedures.

Electronic Recordkeeping and Data Collection Requirements: IFR has sufficient computing resources for staff to support direct real time data entry and documentation that provide for work flow management, data collection and documentation. Resources include hardware, software, connectivity, and IT support services.

#### 8. Continuous Quality Improvement

IFR agrees to abide by the most current State approved Quality Management Plan. IFR will enhance, improve and monitor the quality of services delivered. IFR guarantees compliance with the Health Commission, Local, State, Federal and/or Funding Source policies and requirements such as Harm Reduction. Health Insurance Portability and Accountability Act (HIPAA), Cultural Competency, and Client Satisfaction.

There are multiple COI activities that the Program undertakes to ensure quality services to clients and providers. These include weekly individual and group supervision, monthly in-house trainings on relevant mental health topics, and monthly chart reviews. Staff is supervised by a licensed clinician and team meetings foster team integrity and Program methodology that is reflected in practice.

#### HIPPA Compliance Procedures:

- DPH Privacy Policy is integrated in the contractor's governing policies and procedures regarding patient privacy and confidentiality. The Executive Director will ensure that the policy and procedures as outlined in the DPH Privacy Policy have been adopted, approved, and implemented.
- All staff who handles patient health information is trained (including new hires) and annually updated in the agency privacy/confidentiality policies and procedures. The EIP Manager will ensure that documentation shows that all staff has been trained.
- The contractor's Privacy Notice is written and provided to all clients served by the organization in their native language. If the document is not available in the client's relevant language; verbal translation is provided. The EIP Manager will ensure that documentation is in the patient's chart, at the time of the chart review, that the patient was "notified."
- A Summary of the above Privacy Notice is posted and visible in registration and common areas of the organization. The EIP Manager will ensure the presence and visibility of posting in said areas.
- Each disclosure of a client's health information for the purposes other than treatment, payment, or operations is documented. The EIP Manager will ensure that documentation is in the client's chart, at the time of the chart review.
- Authorization for disclosure of a client's health information is obtained prior to release: (1) to provider outside the DPH Safety Net; or (2) from a substance abuse program. The EIP Manager will ensure that an authorization form that meets the requirements of HIPAA is signed and in the client's chart during the next chart review.

I THE LANGUE AND LONG OF STREET

"Contractor: Instituto Familia" 💛 la Raza

Program: PEI-School-Based Youth-Centered Wellness:

Paul Revere K-8 School (CARE Program)

City Fiscal Year: 2010-2011

Appendix A-5 Contract Term: 07/01/10- 6/30/11

## 1. Program Information:

Early Intervention Program (EIP) - Consultation, Affirmation, Resources, Education & Empowerment Program (CARE) - Paul Revere K-8 School

Instituto Familiar de la Raza, Inc.

2919 Mission Street, San Francisco, CA, 94110

#### 2. Nature of Document

$\boxtimes$	New	Renewal	Modification

#### 3. Goal Statement

The IFR CARE Program (housed under the IFR Early Intervention Program-EIP) will provide comprehensive, mental health consultation services including prevention and early intervention services for fiscal year 2010-2011. The CARE Program will serve as an integrative bridge between teachers, out-of-school time providers, students, and parents in order to facilitate the building of positive, esteem building relationships for students in the classroom, at home, and during after school programming.

The goals of the program are to 1) Improve and enhance the quality of relationships between care providers (teachers, support staff, OST providers, families and children) thus improving the overall school climate 2) Decrease mental health crisis episodes, and 3) Increase teachers' and care providers' capacity to respond to- and support the mental health, behavioral, and developmental issues of their students, as well as creating culturally and developmentally appropriate environments for them. Long-term goals include removing barriers to learning, improving academic achievement through increased school functioning and increased family functioning and engagement.

## 4. Target Population

The target population for the IFR CARE program is low-performing students who have experienced trauma, immigration, poverty, and are from the 94110 and 94124 neighborhoods. Particular emphasis will be placed on Latino and African-American students and their families who have been marginalized and disempowered by the system.

Of the 470 students currently enrolled at Paul Revere School, 54% are Latino and 25% African American. 60% are bused in from the Bay View District; 60% are English Second Language Learners, and more than 80% qualify for free or reduced-price lunch, indicating a high poverty rate, the majority of who are Latino and African American. Approximately only 10% of the students remain at Paul Revere School from kindergarten through to the 5th grade, illustrating a high degree of transience.

## 5. Modalities/Interventions

Provision of services is for the entire school community at Paul Revere K-8 School.

			# of hrs per		# of	# of
#	Center	Consultant	week	Children	Classrooms	Teachers

The IFR-CARE Program will provide mental health consultation services, including group and individual consultation; consultation to COST and SST meetings, classroom and child observation, training/parent support; direct services to children and families including social skills groups, parent support groups, and individual/family interventions as defined by the following:

- Consultation Individual: Discussions with a staff member on an individual basis about a child or a group of children, including possible strategies for intervention. May also include discussions with a staff member on an individual basis about mental health and child development in general.
- Consultation -Group: Consulting with a group of three or more teachers/staff regarding the mental health needs of students. Includes facilitation of COST meetings, participation in SST, IEP meetings, and other relevant school meetings.
- Consultation Class/Child Observation: Observing a child or classroom to assess for needs and begin development of intervention strategies for both school and home.

Contractor: Instituto Familia la Raza

Program: PEI-School-Based Youth-Centered Wellness:

Paul Revere K-8 School (CARE Program)

City Fiscal Year: 2010-2011

Parental Engagement: Activities directed towards a parent, or caregiver including, but not limited to collaterals with parents/caregivers, referrals to other agencies and talking to parents/caregivers about their children and other concerns they may have. Can also include leading a parent support group or conducting a parent training class.

- Training to Teachers/Staff: Providing structured, formal in-service training to a group of four or more
  individuals comprised of staff/teachers on specific mental health topics.
- Direct Services Individual: Activities may include, but are not limited to individual child treatment, classroom interventions, collaterals with parents/caregivers, developmental assessment, risk assessments, crisis intervention, and linkage/referrals to other agencies.
- Direct Services Group: Conducting socialization groups involving at least three children. Theme
  specific groups may also be targeted, e.g. coping with divorce.
- Service units will also include outreach and linkage as well as evaluation services.

Unduplicated clients will include children, parents and staff impacted by these services.

#### 6. Methodology

- A. Outreach efforts include the following: Orientation to services for teachers will occur at a designated staff meeting and will be reinforced with a written description of the program, which will include the referral process. Parents will be oriented to the program at the Fall Open House. Written information will be sent home in the native language of the family. The CARE consultants will work closely with the parent liaison and the student advisor to continue outreach efforts.
- B. Students will be referred through the COST (Coordinated Service Team), by teachers, by parents. Teachers will be oriented to the procedures and protocols at the beginning of the year and on an ongoing basis. The parent liaison and student advisor will play a key role in informing parents of the services and supporting both outreach efforts and referral process. All mental health service providers at Paul Revere will participate in a monthly coordinated mental health service team meeting to triage and coordinate referrals.
- C. The IFR-CARE Program's mental health consultation approach is designed to address the needs of the Paul Revere community. The Prevention Coordinator will be the primary contact person for the School. Responsibilities will include coordination of referrals, communication with key administrators, facilitation at COST meetings, consultation to teachers, and ensuring the administration of key evaluation and assessment interventions. In addition, to ensure improved communication and coordinated care of mental health services, the Prevention Coordinator will take the lead in facilitating a monthly mental health coordinated service meetings for all mental health service providers at the school. Supporting these functions will be the Early Intervention Staff, who will be responsible for providing direct services to children and families. These services will include leading therapeutic groups for students, providing individual counseling to students with emerging mental health issues, and providing crisis intervention services as needed and clinical case management to families.

The program design is based upon a cultural and mental health framework that affirms and builds upon the strengths of the child, their caregivers (child, teacher and parent/guardian), collaboration with other service providers and the community they identify with. An underlying assumption is that access to consultation, affirmation, resources and education empowers caregivers and families to create healthy environments and relationships for the healthy social and emotional development of children. All services will occur during the school hours for the course of the SFUSD school calendar for 2010-2011.

Appendix A-5

Contract Term: 07/01/10-6/30/11

Program: PEI-School-Based Youth-Centered Wellness:

providers) by participating in their weekly meetings.

Paul Revere K-8 School (CARE Program)

City Fiscal Year: 2010-2011

The IFR-CARE bilingual/bicultural Mental Health Consultant will support the COST meetings, (which includes teachers, Principal, Assistant Principal, nurse, LSP, parent liaison, and other outside service

Consultation with teachers and staff is the core activity from which interventions and understanding occurs regarding student behavior. Consultations may occur during COST meetings and at the request of a teacher. They will also occur after consultants respond to and support crisis situations with students and families. As these relationships and trust develop, consultation time becomes a powerful tool for reflecting on individual and classroom needs and developing appropriate intervention plans. Consultations will occur weekly.

Observation of school and after school activities by the Consultant and the SNIP staff will occur to assess staff-child relationships, child's developmental needs, behavioral reactions, environmental factors, and social emotional issues. As strengths are identified, areas of developmental delay or emotional challenges may be addressed through scaffolding, modeling, peer support, and/or positive behavioral plans. Concrete tools will be offered to the teacher during consultation. Observations will occur at the request of the staff.

The Mental Health Consultant provides an array of services to the child, parent and teachers with the service goal of building upon the strengths of the child, parent and teacher. Partnership meetings include the staff person closest to the child and parent, the Mental Health Consultant and the parent/guardian.

Depending upon the needs identified in the first meeting, the parent and the Mental Health Consultant may continue to meet up to five other times for planning, linkage, support and problem solving. Any needs that cannot be addressed within the partnership meetings are referred out to services in the network of health care and social services available to children and families. Meetings may occur during the school day or during afterschool hours.

Parent Training and Support Groups/Family Workshops will be offered on-site and topics determined in collaboration with everyone. Parents will also be invited to IFR cultural activities throughout the year. Workshops will occur monthly. In order to effectively engage the African-American community at the school, IFR is committed to working collaboratively with Bay View Health Center, currently providing outreach to the Paul Revere Community as well as utilizing our proven strategies engaging communities of color (e.g. relationship building, nonjudgmental attitudes, patience, and meeting families where they are).

The CARE Program will plan and develop, with the Principal and key staff, an end of the year teacher retreat to build leadership, community and enhance self-care.

Early Intervention services will target students who have adjustment difficulties and/or experienced a significant stressor that impacts their school functioning. The goal is to address and intervene with emerging mental health issues. Students, who in the process of assessment, are identified as having significant mental health diagnoses warranting long-term treatment, will be referred and linked to appropriate services. IFR has a strong outpatient clinic and we have long-standing relationships with a number of other mental health agencies which can facilitate the referral process and enhance wrap-around services. Early Intervention services will include: 1) Time limited 1:1 interventions for students who need support developing strengths and coping skills and 2) short-term individual, group, and family counseling for students who may not otherwise access services/are adjusting to a stressor.

D. This Program operates during the school year so all consultation services to teachers and staff comes to a natural close at the end of the school year. Individual interventions for identified students will use the following as a basis for exit criteria: 1) teacher and parent feedback 2) mental health consultant recommendation 3) developmental assets screening.

Children receiving individual counseling services will also be evaluated through the CANS and treatment goals will be evaluated with parent, child, and teacher.

## 7. Objectives and Measurements

#### A. Outcome Objectives

	•	Prevention	
Objectives			
Object	ive E.I. Prevention		
E.1.f	Prevention and Early Intervention (PEI) and Workforce Development, Education and Training (WDET) providers will work with MHSA and Contract Development and Technical Assistance staff to develop three outcomes objectives for their programs. One of the objectives should address community member/client satisfaction with program services.	X See below for additional IFR outcomes	

#### B. Other Objectives

The following outcomes are applicable to all modalities previously described. (Please see attached for the Program Logic Model.)

Objectives associated with short-term outcomes on Logic Model:

	Outcome Objectives	Evaluation	
•	Participation in Consultation Services; During academic year 2010-2011, a minimum of 65% of staff at Paul Revere will receive at least one consultation from the Mental Health Consultant to support them to respond to stressors in their classroom.	This will be measured utilizing a survey administered annually and through the EIP monthly tracking log.	
•	Overall satisfaction: During academic year 2010-2011, of those staff who received consultation services and responded to the survey, a minimum of 75% will report that they are satisfied with the services they've received from the consultant.	This will be measured by a teacher report captured in a client satisfaction survey administered in May, 2011.	
*	Responsiveness to Needs: During academic year 2010-2011, of those parents who received direct services from the early childhood mental health consultant, a minimum of 75% will report that the consultant was attentive and responsive to their needs	This will be measured utilizing a client satisfaction survey administered in May 2011.	्रद्र क्षण्यन्त्रम् १४ व्हासीकारण्यः द्वारः १ द्वारं १ द्वारं १ द्वारं
	Increased Parental Engagement: By June 30, 2011, as a result of parent engagement efforts, an increase in parent participation at school activities will occur.	This will be measured utilizing an EIP monthly tracking log and sign-in sheets for all parent participation activities.	

Appendix A-5 Contract Term: 07/01/10- 6/30/11 Program: PEI-School-Based Youth-Centered Wellness:

Paul Revere K-8 School (CARE Program)

City Fiscal Year: 2010-2011

Objectives associated with medium-term outcomes on Logic Model:

Outcome Objectives	Evaluation		
Understanding emotional, behavioral and development needs: During academic year 2010-2011, a minimum of 75% of staff at Paul Revere receiving services will report that meeting with a consultant increased their understanding of a child's emotional and developmental needs, helping them to more effectively respond to the child's behavior.	This will be measured utilizing a client satisfaction survey administered annually.  Additionally, clinician chart notes will qualitatively reflect progress towards this outcome.		
Communication with parents: During academic year 2010-2011, a minimum of 75% of staff at each site receiving consultation services will report that consultation helped them learn to communicate more effectively with parents of children where there were concerns about the child's behavior	This will be measured utilizing a client satisfaction survey administered annually.		
Responses to children's behavior. During academic year 2010-2011, a minimum of 75% of teachers receiving consultation services will report that the consultant helped them to respond more effectively to children's behavior	This will be measured by a teacher report captured in a client satisfaction survey administered in May, 2011.		
Linkage to Resources: During academic year 2010-2011, of those parents who themselves or their children received direct services from the mental health consultant, a minimum of 75% will report that consultant assisted them in linking to needed resources.	This will be measured utilizing a parent survey administered annually and through the EIP monthly tracking log.		
Increased Parental Engagement: By June 30, 2011, as a result of parent engagement efforts, an increase in parent participation at school activities will occur.	This will be measured utilizing an EIP monthly tracking log and sign-in sheets for all parent participation activities.		

Objectives associated with long-term outcomes on Logic Model:

Outcome Objectives	Evaluation	
Responses to children's behavior: During academic year 2010-2011, a minimum of 75% of teachers receiving consultation services will report that the consultant helped them to respond more effectively to children's behavior	This will be measured by a teacher report captured in a client satisfaction survey administered in May, 2011.	oriner warren west word inche chile e
Overall satisfaction: During academic year 2010-2011, of those staff who received consultation services and responded to the survey, a minimum of 75% will report that they are satisfied with the services they've received from the consultant.	This will be measured by a teacher report captured in a client satisfaction survey administered in May, 2011.	

Contractor: Instituto Familia la Raza

Program: PEI-School-Based Youth-Centered Wellness:

Paul Revere K-8 School (CARE Program)

City Fiscal Year: 2010-2011

Appendix A-5 Contract Term: 07/01/10- 6/30/11

Responsiveness to Needs: During academic year 2010-2011, of those parents who received direct services from the early childhood mental health consultant, a minimum of 75% will report that the consultant was attentive and responsive to their needs	This will be measured utilizing a client satisfaction survey administered in May 2011.
Understanding of Child's Behavior: During academic year 2010-2011, of those parents who received direct services from the mental health consultant, a minimum of 75% will report that they have a better understanding of their child's behavior.	This will be measured by client satisfaction survey.
Increased Parental Engagement: By June 30, 2011, as a result of parent engagement efforts, an increase in parent participation at school activities will occur.	This will be measured utilizing an EIP monthly tracking log and sign-in sheets for all parent participation activities.

- The IFR-CARE program will meet with Principal and key staff monthly to review accomplishments, areas
  of strength, coordination of services, and areas of improvement and action steps. Participation and process
  will be documented in IFR-CARE sign-in sheet. <u>Data Source</u>: IFR/Paul Revere Sign-in sheet
- IFR will collaborate with CBHS and MHSA staff to develop and implement an evaluation plan. CBHS
  evaluation staff will work with each program to establish an evaluation design, which will vary depending
  on the focus of the project. ECHMC projects are required to meet existing evaluation requirements for the
  initiative.
- IFR will assign staff to participate in collaborative program development, planning, and training efforts as requested by CBHS or MHSA.
- IFR will collect and report quarterly on the number of individuals served through funded activities.

# C. Evaluation of Objectives

See above (7A and B) for evaluation procedures.

Electronic Recordkeeping and Data Collection Requirements: IFR has sufficient computing resources for staff to support direct real time data entry and documentation that provide for work flow management, data collection and documentation. Resources include hardware, software, connectivity, and IT support services.

Data Management: The Contractor collects and submits UOS and UDC data on all clients. All agencies receiving funding through MHSA are required to collect and submit UDC and services data through the DPH Client and Services Database. This is applicable for all "MHSA eligible clients" receiving services paid with any MHSA source of funding. Each MHSA funded agency participates in the planning and implementation of their respective agency into the Database. The agency complies with DPH policies and procedures for collecting and maintaining timely, complete, and accurate UDC and service information in the Database. New clienteregistration data is entered within 48 hours or two working days after the data is collected. Service data for the preceding month, including units of services will be entered by the 15th working day of each month. The deliverables will be consistent with the information that is submitted to the appropriate DPH Budget and Finance section on the "Monthly Statement of Deliverables and Invoice" form.

#### 8. Continuous Quality Improvement

Appendix A-5 Contract Term: 07/01/10- 6/30/11

Program: PEI-School-Based Youth-Centered Wellness:

Paul Revere K-8 School (CARE Program)

City Fiscal Year: 2010-2011

There are multiple CQI activities that the Program undertakes to ensure quality services to clients and providers. These include weekly individual and group supervision, monthly in-house trainings on relevant mental health topics, and monthly chart reviews.

Staff is supervised by a licensed clinician and team meetings foster team integrity and Program methodology that is reflected in practice. Monthly meetings with Mission Neighborhood Center Administration occur to increase communication and collaboration at all MNC Head Start sites facilitating the coordination of services.

Additionally, the IFR-EIP program agrees to participate in citywide planning for mental health services to young children and their families and to abide by quality assurance measures developed by CBHS to meet local and state standards of care. The program will utilize technical assistance from CBHS to implement quality assurance standards established for these services.

Lastly, Instituto Familiar de la Raza as an agency and its programs are committed to providing the highest quality of care to the target population through program design and staffing that is culturally competent. The IFR-EIP program will complete a CBHS questionnaire on cultural competency to demonstrate its fulfillment of state requirements on cultural competency. The completed questionnaire will be submitted within timelines to the Competence and Consumer Relations Unit of CBHS.

# HIPPA Compliance Procedures:

- a. DPH Privacy Policy is integrated in the contractor's governing policies and procedures regarding patient privacy and confidentiality. The Executive Director will ensure that the policy and procedures as outlined in the DPH Privacy Policy have been adopted, approved, and implemented.
- b. All staff who handles patient health information is trained (including new hires) and annually updated in the agency privacy/confidentiality policies and procedures. The EIP Manager will ensure that documentation shows that all staff has been trained.
- c. The contractor's Privacy Notice is written and provided to all clients served by the organization in their native language. If the document is not available in the client's relevant language, verbal translation is provided. The EIP Manager will ensure that documentation is in the patient's chart, at the time of the chart review, that the patient was "notified."
- d. A Summary of the above Privacy Notice is posted and visible in registration and common areas of the organization. The EIP Manager will ensure the presence and visibility of posting in said areas.
- e. Each disclosure of a client's health information for the purposes other than treatment, payment, or operations is documented. The EIP Manager will ensure that documentation is in the client's chart, at the time of the chart review.
- f. Authorization for disclosure of a client's health information is obtained prior to release: (1) to provider outside the DPH Safety Net; or (2) from a substance abuse program. The EIP Manager will ensure that an authorization form that meets the requirements of HIPAA is signed and in the client's chart during the next chart review.

#### 2. Nature of Document

 $\boxtimes$	New	Renewal	. $\square$	Modification
(Ne	w for CBH	S funds, renewo	l for MH.	SA funds)

#### 3. Goal Statement

The IFR Early Intervention Program (EIP) will provide comprehensive mental health consultation services to 18 center-based child care sites (including one MHSA funded childcare center), two family resource centers, and 12 Latina family child care providers for fiscal year 2010-2011. The program will also open EPSDT charts on 7 children, ages 0-5 years old.

The goals of the Program are to: 1) Maximize the opportunities for healthy social and emotional development for young children ages 0-5 years, enrolled in full-day and part-day child care programs in the Mission, Outer Mission, and Bay View Districts; 2) Improve the capacity and skills of teaching and family resource center staff and family child care providers to provide culturally and developmentally appropriate environments for young children (ages 0-5 years); 3) Improve the capacity and skills of care providers (teachers and staff) to respond to the social emotional needs of young children, ages 0-5; and 4) Improve the capacity and skills of parents to foster healthy social and emotional development in their children aged 0-5 years.

#### 4. ... Target Population

The target population is at-risk children and families enrolled in 18 center-based preschool child care sites, 12 Latina family child care providers, and two family resource centers in the Mission, Bay View, and Outer Mission Districts. Centers to be served include all ten Mission Neighborhood Center Head Start sites: Valencia Center, Valencia Gardens, Women's Building, Stevenson, Capp Street, 24th Street, Bernal Dwellings, Mission Bay, Jean Jacobs, Southeast Center (Evans); 3 SFUSD child development centers: Theresa Mahler Center, Sanchez CDC and Bryant CDC; and 3 preK SFUSD sites: Cesar Chavez, Buena Vista, Paul Revere; and Holy Family Day Home and Mission YMCA. These programs serve primarily low-income at-risk Latino children and CalWorks families in part-day and full-day programs.

The 15 Latina family child care providers tend to be isolated and have limited access to social and health services yet serve some of our the most vulnerable families. One of these providers contracts with Wu Yee Children's Services' Early Head Start Program. The program will also open EPSDT charts on 7 children, ages 0-5 years; children who might not typically access mental health services due to linguistic and cultural partiers.

Family Resource Centers (FRC) to receive consultation services to staff and clients include Instituto Familiar de la Raza and Excelsior Family Connections.

- Consultation Individual: Discussions with a staff member on an individual basis about a child or a group
  of children, including possible strategies for intervention. It can also include discussions with a staff member
  on an individual basis about mental health and child development in general.
- Consultation -Group: Talking/working with a group of three or more providers at the same time about their interactions with a particular child, group of children and/or families.
- Consultation Class/Child Observation: Observing a child or group of children within a defined setting.
- Training/Parent Support Group: Providing structured, formal in-service training to a group of four or more individuals comprised of staff/teachers, parents, and/or family care providers on a specific topic. Can also include leading a parent support group or conducting a parent training class.
- Direct Services Individual: Activities directed to a child, parent, or caregiver. Activities may include, but
  are not limited individual child interventions, collaterals with parents/caregivers, developmental assessment,

City Fiscal Year:10/11

referrals to other agencies. Can also include talking to a parent/caregiver about their child and any concerns they may have about their child's development.

 Direct Services - Group: Conducting therapeutic playgroups/play therapy/socialization groups involving at least three children.

Service units will also include outreach and linkage as well as evaluation services. Unduplicated clients will include children, parents, and staff impacted by these services.

For fiscal year 2010-2011, the number of unduplicated clients and total number of units (UOS) to be served under current funding will be as follows:

DCYF funding (\$36,134) will serve 32 clients with a total of 482 UOS. First Five FRC (SRI) funding (\$48,000) will serve 40 clients with a total of 640 UOS. PFA funding (\$155,660) will serve 316 clients with a total of 2,066 UOS. HSA funding (\$272,866) will serve 364 clients with a total of 3,628 UOS. MHSA funding (\$42,000) will serve 32 clients with a total of 698 UOS. EPSDT funding (\$41,149) will serve 8 clients with a total of 264 UOS.

Andrew Transcourses

Contractor: Instituto Familiar de 14 Raza, Inc.

Program: Early Intervention - ECMHI (CBHS & MHSA)

City Fiscal Year:10/11

Activity	Small Center 12-24 children	Med. Center 25-50 children	Large Center
Child Observation	2 to 4 times initially for each child and as needed. Recommended 4 to 10 hours per child per year.	Same as for small center	Same as for small center
Meeting with Director	Once per month per child who is the focus of case consultation.	Same as for small center	Same as for small center
Meeting with Staff	Once per month per child for duration of case consultation.	Same as for small center.	Same as for small center.
Meeting with Parents	3 to 5 times per child	Same as for small center.	Same as for small center.

For EPSDT and direct treatment services the following standards of practice will be followed:

- Direct treatment services occur within the child care center as allowed by the established MOA or at our outpatient clinic and are provided as needed to specific children and family members. All services to children are contingent upon written consent from parents or legal guardians.
- Provided by mental health consultants who are licensed or license-eligible.
- All direct treatment service providers, consultants, receive ongoing clinical supervision.
- Assessments for direct treatment service eligibility can include screenings for special needs, domestic violence
  in the family, possible referral for special education screenings, and alcohol or other substance use in the
  family.

All direct treatment providers follow federal HIPPA regulations pertaining to the provisions of services and the maintenance of records.

A written Memorandum of Agreement (MOA) will be provided by October 1, 2010 for each of the sites. The MOA will outline the following: Site information, the term of the MOA, number of on-site hours, agreed upon services, agreed upon client/site roles and responsibilities, and the agreed upon day and time for regular group consultation.

#### 6. Methodology

#### A. Outreach efforts:

- Orientation to services for teachers will occur at a designated staff meeting and be reinforced with a written
  description of the program, which will include the referral process and explanation of consultation services.
- Memorandums of Agreement will be developed jointly between the consultant and the site supervisor of each individual site.
- Parents will be oriented to the program during monthly parent meetings conducted by the preschool staff.
- The consultants will work closely with the Head Start ERSEE staff and other support staff to continue outreach
  efforts.

Appendix A-6 Contract Term 7/01/10 through 06/30/11

City Fiscal Year:10/11

#### B. Admission, Enrollment and/or intake criteria:

Children will be referred through group consultation where teachers and consultants discuss concerns regarding a
particular student as well as by parent referral. When a formal observation is requested by the preschool staff or
family childcare provider, written consent will be provided by the parent/guardian.

#### C. Program Service Delivery Model:

The EIP's mental health consultation approach is to address the differing needs of Center based child care, family resource centers, and family child care settings. The program design is based upon a cultural framework that affirms and builds upon the strengths of the child, their caregivers (child care provider and parent/guardian), the family of service providers, and the community they identify with. An underlying assumption is that access to consultation, affirmation, resources and education empowers caregivers and families to create healthy environments and relationships for the healthy social and emotional development of preschool children.

The IFR-EIP model establishes a multi-disciplinary group consisting of site-specific child care staff; other involved site-based caregivers and a bilingual/bicultural Mental Health Consultant. Depending upon the scope of the problem, outside caregivers may be invited to participate in an individual child's review including pediatricians, speech therapists, and other care givers. We will provide 5-10 hours per week of bilingual child care mental health consultation services to 18 child care sites and average of 2 hours every two weeks for up to 15 family child care providers in the Mission, Bay View and Outer Mission Districts of San Francisco.

The Mental Health Consultant provides an array of services to the child, parent and staff with the service goal of building upon the strengths of the child, parent and caregiver. Partnership meetings include the staff person closest to the child and parent, the Mental Health Consultant and the parent/guardian.

Depending upon the needs identified in the first meeting, the parent and the Mental Health Consultant may continue to meet up to five other times for planning, linkage, support and problem solving. Any needs that cannot be addressed within the partnership meetings are referred out to services in the network of health care and social services available to children and families.

For the 15 family child care providers, mental health consultation will be individualized and based upon the needs of the provider, the age of the children and their relationships to a center-based program. In some family child care provider homes, children will be attending part-day programs in a center and continuing their full-day coverage with a family child care provider.

Partnership meetings with parents will be established on a regular basis and will be conducted with the provider and parent/guardian based on observations and discussions with the family child care provider. Program and environmental consultation including developing learning activities and modeling age-appropriate interactions will be tailored to each home. The program may provide parent groups (Charlas) at family child care provider homes to explore aspects of parenting and child development.

The Professional Development Day is the linchpin of all the efforts with the Family Child Care Providers as it brings together the community of Latina Family Child Care Providers to reflect on the connections they have to their work as well as explore self-care. This Retreat is in its 13th year- and the growth and depth of reflection by the group has gone deeper and deeper every year. Modeling self-care is essential for our providers to then model and promote health with the families they work with.

For the two Family Resource Centers, mental health consultation will be tailored to meet the individual needs of each site. Program consultation will include, but is not limited to, curriculum development, staff communication and environmental interventions to enhance the quality of programming for children and families.

## D. Exit Criteria and Process:

Program: Early Intervention - ECMHI (CBHS & MHSA)

City Fiscal Year: 10/11

Some of the programs follow the SFUSD calendar thus consultation services to teachers and staff comes to a natural close at the end of the school year.

For year round programs—individual interventions for identified students will use the following as a basis for exit criteria; 1) teacher and parent feedback 2) mental health consultant recommendation 3) Linkage to community resources to address the family's needs.

Children receiving individual counseling services will also be evaluated through the CANS.

## E. Describe your program's staffing: See Appendix B.

# 7. Objectives and Measurements

## A. Outcome Objectives

## Objective #1 (Understanding emotional and development needs)

A minimum of 75% of staff at each site receiving consultation services will report that meeting with a consultant increased their understanding of a child's emotional and developmental needs, helping them to more effectively respond to the child's behavior.

#### Objective #2 (Communication with parents)

A minimum of 75% of staff at each site receiving consultation services will report that consultation helped them learn to communicate more effectively with parents of children where there were concerns about the child's behavior.

#### Objective #3 (Response to children's behavior))

A minimum of 75% of staff at each site receiving consultation services will report that the consultant helped them to respond more effectively to children's behavior.

#### Objective #4 (Overall satisfaction)

Of those staff who received consultation and responded to the survey, a minimum of 75% will report that they are satisfied with the services they've received from the consultant.

#### Objective #5 (Responsiveness to Needs)

Of those parents who themselves or their children received direct services from the early childhood mental health consultant, a minimum of 75% will report that the consultant was attentive and responsive to their needs.

#### Objective #6 (Linkage to Resources)

Of those parents who themselves or their children received direct services from the early childhood mental health consultant, a minimum of 75% will report that consultant assisted them in linking to needed resources.

#### Objective #7 (Understanding of Child's Behavior)

Of those parents who themselves or their children received direct services from the early childhood mental health consultant, a minimum of 75% will report that they have a better understanding of their child's behavior.

#### Objective #8 (Improvement of Child's Behavior)

Of those parents who themselves or their children received direct services from the early childhood mental health consultant, a minimum of 75% will report that their child's behavior has improved.

Program: Early Intervention - ECMHI (CBHS & MHSA)

City Fiscal Year:10/11

DATA SOURCE: Early Childhood Mental Health Consultation Initiative provider and parent surveys to be administered by CBHS during the third quarter of Fiscal Year 2010-2011 and will be used in the Program Monitoring Report for 2010-2011.

## B. Other Objectives

D.4b. Applicable to: All Early Childhood Mental Health Consultation Initiative Contractors

Early Childhood Mental Health Consultation Initiative contractors shall comply with outcome data collection requirements.

<u>Data source:</u> Program Evaluation Unit Compliance Records and Charting Requirements for the Provision of Direct Services

<u>Program Review Measurement:</u> Objective will be evaluated based on 6-months period from July 1, 2010 to December 31, 2011.

C.6a. Applicable to: All Early Childhood Mental Health Consultation Initiative Contractors

Early Childhood Mental Health Consultation Initiative contractors shall comply with satisfaction data requirements.

Data source: Surveys distributed and submitted to CBHS.

<u>Program Review Measurement:</u> Objective will be evaluated based on 6-month period from July 1, 2010 to December 31, 2011.

## C. Evaluation of Objectives

Electronic Recordkeeping and Data Collection Requirements: IFR has sufficient computing resources for staff to support direct real time data entry and documentation that provide for work flow management, data collection and documentation. Resources include hardware, software, connectivity, and IT support services.

- 1) DPH Privacy Policy is integrated in the program's governing policies and procedures regarding patient privacy and confidentiality.
  - Required Documentation: Program has approved and implemented policies and procedures that abide by the rules outlined in the DPH Privacy Policy. Copies of these policies are available to patients/clients.
- 2) All staff who handles patient health information are trained and annually updated in the program's privacy policies and procedures.
  - <u>Required Documentation:</u> Program has written documentation that staff members have received appropriate training in patient privacy and confidentiality.
- 3) A Privacy Notice that meets the requirements of the FEDERAL Privacy Rule (HIPAA) is written and provided to all patients/clients in their threshold language. If the document is not available in the patient's/client's relevant language, verbal transition is provided.
  - <u>Required Documentation:</u> Program has evidence in patients' chients' charts or electronic files that they were "noticed" in their relevant language either in writing or verbally. (APPLICABLE to DIRECT SERVICES ONLY)
- 4) A summary of the Privacy Notice is posted and visible in registration and common areas of treatment facility.

Program: Early Intervention - ECMHI (CBHS & MHSA)

City Fiscal Year: 10/11

Requirement Documentation: Program has the DPH Summary of Privacy Notice posted in the appropriate threshold languages in patient/client common areas.

5) Each disclosure of a patient's/client's health information for purposes other than treatment, payment, or operations is documented.

Requirement Documentation: Program has a HIPAA complaint log form that is used by all relevant staff. (APPLICABLE to DIRECT SERVICES ONLY)

6) Authorization for disclosure of patient's/client's health information is obtained prior to release to providers outside the DPH SafetyNet, including early childhood mental health consultants.

Requirement Documentation: Program has evidence that HIPAA-compliant "Authorization to Release Protected Health Information" forms are used. (APPLICABLE to DIRECT SERVICES ONLY)

#### MHSA ONLY:

Data Management: The Contractor collects and submits UOS and UDC data on all clients. All agencies receiving funding through MHSA are required to collect and submit UDC and services data through the DPH Client and Services Database. This is applicable for all "MHSA eligible clients" receiving services paid with any MHSA source of funding. Each MHSA funded agency participates in the planning and implementation of their respective agency into the Database. The agency complies with DPH policies and procedures for collecting and maintaining timely, complete, and accurate UDC and service information in the Database. New client registration data is entered within 48 hours or two working days after the data is collected. Service data for the preceding month, including units of services will be entered by the 15th working day of each month. The deliverables will be consistent with the information that is submitted to the appropriate DPH Budget and Finance section on the "Monthly Statement of Deliverables and Invoice" form.

# 8. Continuous Quality Improvement • •

IFR agrees to abide by the most current State approved Quality Management Plan. IFR will enhance, improve and monitor the quality of services delivered. IFR guarantees compliance with the Health Commission, Local, State, Federal and/or Funding Source policies and requirements such as Harm Reduction, Health Insurance Portability and Accountability Act (HIPAA), Cultural Competency, and Client Satisfaction:

The IFR-EIP program agrees to participate in citywide planning for mental health services to young children and their families and to abide by quality assurance measures developed by CBHS to meet local and state standards of care. The program will utilize technical assistance from CBHS to implement quality assurance standards established for these services.

In addition, Instituto Familiar de la Raza as an agency and its programs are committed to providing the highest quality of care to the target population through program design and staffing that is culturally competent. The IFR-EIP program will complete a CBHS questionnaire on cultural competency to demonstrate its fulfillment of state requirements on cultural competency. The completed questionnaire will be submitted within timelines to the Competence and Consumer Relations Unit of CBHS.

There are multiple CQI activities that the Program undertakes to ensure quality services to clients and providers. These include weekly individual and group supervision, monthly in-house trainings on relevant mental health topics, and monthly chart reviews. Staff is supervised by a licensed clinician and team meetings foster team integrity and Program methodology that is reflected in practice.

Contractor: Instituto Familiar de Laza, Inc. Program: Trauma Recovery and Healing Services

City Fiscal Year: 2010-11

Appendix A-7 Contract Term 07/01/10 through 6/30/2011

Y.	Program Name:	La Colmica Cura	Dromen Transma	Pannyant and	Hadina Carriage
Ľ.	rrogram Name:	La Cunura Cura	rrogram - rrauma	Recovery and	meaning Services

Program Address: Instituto Familiar de la Raza, Inc. 2919 Mission Street, San Francisco, California 94110

**Telephone:** (415) 229-0500 **Facsimile:** (415) 647-0740

#### 2. Nature of Document

⊠ New ☐ Renewal ☐	Modification
-------------------	--------------

#### 3. Goal Statement

Instituto Familiar de la Raza will provide trauma recovery and healing services through its Cultura Cura Program to youth ages 14 to 25 and their families, with an emphasis upon Mission District youth and Latinos city wide. Services will include direct and indirect services to individuals, agencies, and the community. In providing intervention and treatment services, we aim to reduce the incidence and prevalence of trauma relation conditions in children, youth, and families, (including a reduction of risk for retaliation among youth engaged in negative street activity and further victimization of community violence) and providers' understanding of mental health issues in context of violence.

#### 4. Target Population

Services will be provided to youth ages 14 to 25 and their families who reside in the Mission District with an emphasis on youth and their families affected by street and community violence. In addition, mental health consultation will be provided to violence prevention staff of Arriba Juntos, (lead agency for the Northwest Community Response Network,) and other locations to be determined by need. Support services will also be provided to case managers at Instituto Familiar de la Raza who provide violence prevention services, as well as to a CBHS Peer Advocate assigned to Instituto Familiar de la Raza.

Chicano/Latino youth and their families face unique social, cultural, and linguistic barriers in accessing behavioral healthcare services. Latino children and youth, in particular, face disproportionate levels of poverty coupled with a lack of healthcare benefits. They are more likely than their white counterparts to drop out of school, exhibit more symptoms of depression and anxiety, and likely to consider suicide. Language barriers, unstable housing and homelessness, cultural and racial discrimination, and issues related to legal status and the re-emergence of anti-immigrant sentiment create severe and persistent stressors for Latino youth and their families.

Latino children and youth who engage in negative street activity and violence face serious risk for multiple health and social problems including physical injury, post traumatic stress syndromes, incarceration, and social isolation. These youth and their families are often stereotyped within our public healthcare system as unmotivated, untreatable and undesirable, resulting in attitudinal barriers to serving their advocacy, health, and behavioral healthcare needs.

These attitudinal barriers, coupled with the lack of bilingual/bicultural behavioral healthcare providers, constitute major obstacles to providing effective interventions once services are sought. Cultural, linguistic, and socially relevant services serve as critical factors in the assessment, engagement, differential diagnosis and recidivism of Latino youth and their families engaged in and affected by violence. Services that integrate multiple interventions including crises interventions, family support, case management, and behavioral change within the cultural values, beliefs and norms of the community served have been well documented and underscore the importance of providing culturally proficient models of service.

## 5. Modality(ies)/Interventions

Services are billed under Mode 60 as Case Management Support. Billable services include: direct and indirect billable services as part of Case Management Support.

Appendix A-7 Contract Term 07/01/10 through 6/30/2011

City Fiscal Year: 2010-11

## Individual and Group Interventions -

#### Case Management Support

Services include direct and indirect activity with or on behalf of an individual, family, and/or group designed to support the stabilization of individuals/families or community groups, including staff who have been affected by street and/or community violence. The goal of this intervention is to enhance self-sufficiency and community functioning. This intervention shall not be provided as a component of residential services, 24 hour crisis services, day rehabilitation or intensive day treatment services. Services may include, but are not limited to, assessment, plan development, grief and bereavement counseling to individuals and groups, crisis response, and collateral intervention. In addition, providers under this exhibit will work closely with Northwest Community Response Network (emphasis upon the Mission District CRN) to support de-escalation and prevent retaliations among the target population.

#### Psychosocial Assessment

Direct services, which result in an open chart for clients, will include a psychosocial assessment. Psychosocial assessment means a service activity which may include a psychosocial, clinical and cultural formulation of the client, including history, mental and behavioral status, relevant cultural issues and history, diagnosis, and treatment goals.

## Crisis debriefing and Grief and Bereavement Counseling

Staff under this exhibit, including a Sr. Clinical Case Manager (Sr. Behavioral Health Specialist) and the full-time Clinical Case Manger/Behavioral Health Specialist may provide crisis debriefing and grief and bereavement counseling to clients, family members and staff who have been affected by street and/or community violence in order to support healthy functioning and reduce risk factors including retaliation following an incident of violence. Interventions are part of a coordinated effort to protect the public in general and the individuals/families targeted with violence. These interventions may be delivered to an individual, family, or group.

Short-term interventions assist individuals and families in stabilization of traumatic conditions due to community violence that they may have been exposed to. The services are offered as individual services for a period of 3-6 months depending on the severity and the needs of the individual/ family.

Group interventions are also offered to parents and youth who may have been impacted by community violence. Groups include weekly therapeutic drumming for young men and support groups for youth and parents

#### Collateral

Collateral means a service activity to a significant person in a client's life with the intent of improving or maintaining the mental health of the client. The client may or may not be present for this service activity.

Community Interventions - In addition to individual and group interventions, we intend to continue community wide interventions that raise awareness about the harmful effects of violence and increase knowledge of integrative healing approaches. Community interventions will include planned and unplanned interventions.

- 1) Debriefing: TR&HS will support MCRN efforts to prevent retaliations and escalations of community violence. These are unplanned interventions coordinated with The Network Coordinator for Latino Services within the Northwest Community Response Network; and under the direction of the NWCRN Program Director, responsible for crisis response and aftercare in focus areas of Mission District, Western Addition, OMI, SOMA-Tenderloin districts.
- 2) Ceremonies and Drumming for Peace: IFR has a well-established history of integrating cultural and spiritual practices as part of our approach to intervention. We strongly believe that preserving traditional knowledge and practices is healthy and healing. In keeping with this philosophy, we propose continuing a quarterly Drumming for Peace gathering as well as two community ceremonies to support the public at large in addressing the aftermath of street and gang-related violence.

Drumming for Peace is an opportunity to experience a community gathering in a safe, protected, and healing environment. The gatherings are held at IFR and attract a diverse group of people who share a common vision of promoting peace in the community. The approach integrates traditional and complementary healing practices that help participants experience reduction of stress, mindfulness, connection to others, and hope for a violence-free environment.

Contractor: Institute Familiar de Raza, Inc.
Program: Trauma Recovery and Healing Services

City Fîscal Year: 2010-11

Participants are a multicultural, multigenerational group of people who work, live, and otherwise congregate in the Mission District. We also see community ceremonies as a means to raise public awareness about the harmful effects of community violence and how and where to receive help. IFR will leverage resources from the recently awarded Indigena Health and Wellness Collaborative, funded by DPH, to work closely with Mission partners in the NWCRN, to provide bilingual/multilingual information about early identification of trauma-related conditions and trauma recovery services available in the city.

Mental Health Consultation- IFR proposes to continue mental health consultation to staff providing violence prevention services, with emphasis on those serving the Mission District. Mental health consultation includes bi-weekly case consultation to case managers through Care Development Meetings and bi-weekly supervision as well as monthly facilitation of the Healing Circle for VP workers/volunteers.

- 1) Care Development Meetings follow a methodology that includes check-in, referrals to service, assignment, service plan development, resource mapping, and schedules in-services. Meetings are co-facilitated by IFR La Cultura Cura Program Manager and the Clinical Case Manager (this grant requests funding for the Clinical Case Manager) that support skills development and integration of a multidisciplinary approach to care. The clinical case manager provides supervision on a biweekly basis to staff from the Mission District provider network as needed. We anticipate that the clinical case manager will supervise 4 case managers (2 from IFR violence intervention services and 2 from Arriba Juntos) during the contract year.
- 2) Healing Circles: This is an intervention developed by IFR that we propose to continue as part of this request for funding. This culturally based method integrates traditional and contemporary knowledge and practices that both builds resiliency of mind, body and spirit and builds critical skills for Violence prevention workers involved in outreach and crisis response. The Healing Circle is co-facilitated by the Sr. Behavioral Health Specialist in this request for funding, and a seasoned social worker who volunteers her time. Both facilitators are bilingual/bicultural and experienced in integrative models of Healing Circles reinforce safety, self-care, teamwork and group support following an incident.

During the fiscal year 2010-2011, IFR will provide services to 112 unduplicated clients under this exhibit,

Units of Service (UOS) Description	Units of Service	Unduplicated

#### 6. Methodology

Contractor: Instituto Familiar de 1a Raza, Inc. Program: Trauma Recovery and Healing Services

City Fiscal Year: 2010-11

# A. Outreach, Recruitment, Promotion and Advertisement:

La Cultura Cura-Trauma Recovery and Healing Services will receive its referrals from the Northwest Community Response Network, a collaboration of community-based agencies providing street outreach, and crisis response services to youth and their families affected by street and gang violence, as well as other partner agencies that are involved in violence prevention work. The Clinical CM/Behavioral Health Specialist in this contract is responsible for supervision of the CBHS Peer Advocate assigned to this program and oversees outreach and client recruitment activities. The Peer Advocate will promote and advertise LCC Trauma Recovery and Healing Services by conducting outreach to youth and families who meet criteria for services. Outreach and recruitment will be done at schools, community agencies, areas where youth congregate, and at community events.

Brochures describing the array of services of the Trauma Recovery and Healing Services will be distributed to the target population in and around the Mission District, as well as Citywide where youth and families congregate.

#### B. Admission. Enrollment and Intake:

Clients referred for direct services, including crisis intervention and grief counseling, will be registered at IFR and a chart will be opened; however, no BIS registration will be required until otherwise determined (i.e. if they are linked/coordinated into long term services). The client receives orientation to the agency and the public health system as part of the admission and intake process. IFR will adhere to prevailing guidelines of CBHS with regard to treatment of clients. All clients are informed of their rights as consumers, are given linguistically accurate documentation of their client rights and of their right to privacy in regards to HIPPA.

Youth and families referred will receive services through this Program utilizing minimal enrollment and registration requirements. Youth receiving planned group interventions in this Program (youth drumming group) will be registered for case management services at La Cultural Cura and required to document their attendance at each session. Community debriefings will be open to the public; registration is not required.

For any clients who may be referred/linked into ongoing/long-term services at IFR (i.e. Outpatient Clinic), IFR will conduct screening to confirm eligibility for services including San Francisco residency, indigent, low income status. Individuals referred who have private insurance are provided with services in the initial period, and if appropriate, will be assisted in accessing the private provider networks for extended services.

All individuals who are referred and meet the criteria for services will be offered services. In addition, youth and families will have access to intra-agency resources (e.g., Family Resource Services which provides social services to uninsured families with children under 5 years-old) or to appropriate outside service providers.

#### C. Delivery Model:

La Cultura Cura-Trauma Recovery and Healing Services was developed to build the capacity within a collaborative in the Mission District which includes agencies serving youth and their families affected by street and community violence. The delivery model that is utilized in this program integrates social learning theory, cultural identity development theory with best practices approaches (CBT, Family psycho-education, parent-youth interventions, trauma recovery counseling, and traditional practices). The model includes a multidisciplinary team approach (clinical supervisor and mental health specialist (this exhibit), peer advocate (funded by CBHS Cultural Competency and Consumer Unit), case managers and street outreach workers (funded by DCYF/VP) to provision.... of services.

Youth and families served through the program will have access to psychiatrist consultations through IFR's Outpatient Clinic. Access will be initiated through an interagency referral procedure. Referrals for a psychiatrist will be determined by the Sr. CCM/Clinical supervisor to ensure appropriate use of psychiatric services and disposition planning to address psychiatric symptoms that may be alleviated by psychotropic medication.

Contractor: Instituto Familiar de Raza, Inc. Program: Trauma Recovery and Laling Services

City Fiscal Year: 2010-11

Direct Services will be provided at IFR as well as the CRN office located at Arriba Juntos. Co-location of the Clinical Case manager and Peer Counselor create accessibility for youth who are gang affiliated and have risk for conflict if they enter into areas that are "run" by an opposing neighborhood gang. When safe and appropriate, home visits are offered to engage the youth and his/her family. Outreach/Consultation services may be provided at a number of settings including schools, youth centers, and other settings, including the streets, where the target population congregates.

Youth and their families served through La Cultura Cura-Trauma Recovery Services and Healing Services will have full access to La Cultura's range of services including access to cultural arts programming; and access to any other IFR services for which they may meet criteria including mentoring services, family development services, early intervention/school-based mental health services, and the agency's spiritual and cultural activities. In addition to a full array of mental health and harm reduction services provided through our child/outpatient clinic, IFR has established strong links with the Department of Human Resources and the San Francisco Family Court system, placing us in a strong position to advocate on behalf of the youth and families interfacing with these systems.

IFR and its co-located site for services at Arriba Juntos are geographically and physically accessible to clients by MUNI and BART public transportation. IFR is located at 2919 Mission Street (one block from the 24th street BART) and Arriba Juntos at 1850 Mission Street (one block from the 16th Street BART). IFR hours of operation are Monday through Friday, 9 a.m. to 7 p.m., and Saturdays by appointment. Clients' emergencies will be managed by staff in this contract with back-up from the on-duty staff at IFR's Outpatient Clinic, IFR meets ADA requirements including wheelchair accessibility, TDD, and confidential office space that are fully accessible to wheelchair bound clients.

The target population served by this program who have substance abuse conditions or exhibit co-occurring conditions, will benefit from harm reduction counseling services provided by the mental health specialist in this program. In addition, IFR has linkage agreements with adolescent and adult programs citywide to link clients to the services that they are motivated to utilize. IFR has formal agreements with Latino Family Alcohol Counseling Center, Horizons' substance abuse program, Walden House, Friendship House Residential Program, Latino Commission, IRIS Center, and Casa de las Madres. Youth and their family members who meet criteria for substance abuse services will have access to treatment options through these existing MOUs.

#### D. Exit Criteria and Process:

La Cultura Cura-Trauma Recovery and Healing Services will adopt essential elements of the utilization review and discharge/exit criteria from our outpatient comprehensive clinic to prioritize services to those most in need. The Clinical Case Manager, under guidance of the Sr. Clincial Case Manager, a licensed behavioral health provider, will consider such factors as suicidal risk factors, domestic violence exposure, substance abuse involvement, recent trauma, community functioning, progress, and status of Care Plan objectives to determine which clients can be discharged from services. For direct services: every three months, a chart/case review will be conducted to assess client need for services and/or creation of a step-down plan into the community or system of care. Chart maintenance and standards of documentation will be reviewed within weekly supervision.

E. Program Staffing: Please see Appendix B.

7. Objectives and Measurements

A. and B. Performance/Outcome Objectives

Outcome A. Improve Access to services

Objective A1: Client Access and Services

Contractor: Instituto Familiar de .... Raza, Inc. Program: Trauma Recovery and Healing Services

City Fiscal Year: 2010-11

Appendix A-7° Contract Term 07/01/10 through 6/30/2011

1. Instituto Familiar de la Raza, Inc. will serve 100 unduplicated clients through its range of services including direct and indirect interventions. Clients are defined as youth and families, staff, and community members who are targeted in this Appendix.

Data Source: MHSA Mode 60 Program Activity Report

<u>Program Review Measurement</u>: Objective will be documented utilizing the program's activity reports and are maintained on file. Monthly invoices are submitted to CBHS and quarterly reports are prepared by the Director following CBHS Evaluation guidelines. Review and evaluation by program staff will be conducted on a monthly basis to determine if target population and number of clients are being served.

## Objective A2: Staff Development/Training

1. Instituto Familiar de la Raza, Inc. will participate in DMH-MHSA trainings and other trainings required by CBHS.

Data Source: Attendance sheets at MHSA Trainings/Training certificates

<u>Program Review Measurement:</u> Objective will be evaluated by completion of MHSA trainings by program staff as reflected in HR Personnel Files, where training certificates are maintained.

2. Instituto Familiar de la Raza, Inc. will ensure training of program staff on trauma and recovery approaches to client care (two trainings): Additional trainings will be offered to the staff in this exhibit to support quality of care and best practices.

<u>Data Source:</u> Training for staff of La Cultura Cura-Trauma Recovery and Healing Services will be reflected in the budget submitted to CBHS. – Program Coordinator will identify staff needs and will be responsible for evaluating the efficacy of trainings to the scope of work for staff as well as tracking staff attendance and evaluating of expansion of knowledge.

<u>Program Review Measurement:</u> Objectives will be evaluated based on completion of trainings documented in program staff personnel files.

# Outcome B: Evaluate Services to Target Population

Additional expected Client Outcomes include- and will be evaluated as follows:

- B1. 70% of youth who receive behavioral health services for a minimum of 3 months will demonstrate improvements in symptoms of depression, anxiety, self-concept and/or behavior as measured by pre and post T-scores on the UCLA PTSD RI Trauma Checklist and CPSS Trauma Symptoms, client self-report, and/or observations as reflected in the client's charts.
- B2. 85% of youth and families referred for TR &HS will receive follow-up as demonstrated by client referral and disposition log maintained at the program.

Additional expected program outcomes include and will be evaluated as follows:

- B3. A minimum of 10 Care Development Meetings will be convened and facilitated by TR & HS staff with Mission partner agencies of the NWCRN to improve the coordination of case management and mental health services to the target population. Staff will maintain a sign-in-sheet, attendance log, and maintain records of the meeting.
- B4. 75% of VP workers who participate in the Healing Circle will report a decrease in a minimum of one symptom of vicarious trauma and increase their knowledge of self care as evidenced by a pre and post survey measured on a likert scale. The pre and post measurement will be developed by the Director and Senior Clinical Case Manager in consultation with the CBHS Evaluation Team.

## 7. C. Evaluation of Objectives

See above (7A and B) for evaluation procedures.

City Fiscal Year: 2010-11

Electronic Recordkeeping and Data Collection Requirements: IFR has sufficient computing resources for staff to support direct real time data entry and documentation that provide for work flow management, data collection and documentation. Resources include hardware, software, connectivity, and IT support services.

#### 8. Continuous Quality Improvement

IFR has historically complied with all CQI standards for DPH, CBHS and AIDS office as is committed to exceeding minimum standards to serve our clients.

IFR, in consultation with CBHS Evaluation staff has developed reporting methods to track service, hours of services, unduplicated clients and activities for services under this request for funding. During this current year, reporting formats are being revised to increase data collection.

IFR is committed to working collaboratively with the Evaluation Unit to design and implement evaluation measures in the program. To ensure CQI, monthly QA reviews and supervision has been a standard of practice for TR & HS. The Program adapted CBHS charting standards when it began in 2006 to document direct services, and developed an indirect reporting form to track mental health consultation services and community interventions. For this program, youth and families are not registered into Insyst, however a chart is opened and follow minimum guidelines based on CBHS protocols. Charts are maintained at IFR. Client registration occurs for youth who are in brief therapy or crisis counseling. The Senior Clinical Case Manager is responsible for reviewing and approving the assessment, treatment plan and disposition planning.

On a staffing level, CQI is supported through supervision, administrative reviews and training. The Program Director, a licensed psychologist provides supervision to the Senior Clinical Case Manager on a weekly basis. The Senior Clinical Manager, a licensed MFT, provides weekly supervision to the Clinical Case Manager, a licensed eligible staff, and the Clinical Case Manager provides supervision to the leveraged Peer Advocate on a weekly basis, or more frequently, based on her assignments.

TR & HS is a component of La Cultura Cura, and as such, the full-time Clinical Case Manager and Peer Advocate are part of the program team and attend a biweekly administrative meeting with the Program Manager who is the liaison to the NWCRN. In addition, the LCC Manager and Clinical Case Manager convene the Care Management Development Meetings with Network providers who case manage in the system. The Care Development Meetings ensure quality and standards of care in case management services and improve the coordination of services to the target population. Review of case management service plans and supervision is provided by the Clinical Case Manager for 2-4 Case Managers in the Network. The Program Director and Senior Clinical Case Manager dedicate 5% to CQI activities while the Clinical Case Manager dedicates 10% to quality assurance activities.

In order to develop the staff's ability to provide quality services the following activities will take place:

- a) Program staff will attend a minimum of six hours of training on admission and discharge criteria and the role of the care manager for adults, children, and youth conducted by CBHS-SOC during FY 10-11.
- b) Program staff will attend training on provision of services to the designated target population of the program, regardless of ethnic, cultural background, gender, sexual orientation, creed or disability.
- c) Program staff will participate in meetings or training necessary for the implementation and maintenance of the System of Care.
- d) Program staff will participate in an ongoing series of HIPPA trainings to increase their ability to maintain compliance.
- e) Program staff will participate in six hours of training in harm reduction approach to dually diagnosed clients sponsored by IFR or CBHS during the FY 10-11.
- f) Program staff will attend trainings to increase knowledge, skills and approaches to violence prevention and trauma recovery to the target population of youth and families served.
- g) Program staff under this exhibit will attend a minimum of one annual cultural event sponsored by the agency during FY 10-11.

## HIPPA Compliance Procedures:

Contractor: Instituto Familiar de la Raza, Inc. Program: Trauma Recovery and Healing Services

City Fiscal Year: 2010-11

Appendix A-7 Contract Term 07/01/10 through 6/30/2011

- A. DPH Privacy Policy is integrated in the contractor's governing policies and procedures regarding patient privacy and confidentiality. The Executive Director will ensure that the policy and procedures as outlined in the DPH Privacy Policy have been adopted, approved, and implemented.
- B. All staff who handles patient health information is trained (including new hires) and annually updated in the agency privacy/confidentiality policies and procedures. The Program Manager will ensure that documentation shows that all staff has been trained.
- C. The contractor's Privacy Notice is written and provided to all clients served by the organization in their native language. If the document is not available in the client's relevant language, verbal translation is provided. The Program Manager will ensure that documentation is in the patient's chart, at the time of the chart review, that the patient was "notified."
- D. A Summary of the above Privacy Notice is posted and visible in registration and common areas of the organization. The Program Manager will ensure the presence and visibility of posting in said areas.
- E. Each disclosure of a client's health information for the purposes other than treatment, payment, or operations is documented. The Program Manager will ensure that documentation is in the client's chart, at the time of the chart review.
- F. Authorization for disclosure of a client's health information is obtained prior to release: (1) to provider outside the DPH Safety Net; or (2) from a substance abuse program. The Program Manager will ensure that an authorization form that meets the requirements of HIPAA is signed and in the client's chart during the next chart review.

City Fiscal Year: 2010-11

development, independent living and enhanced self-sufficiency and that are not provided as a component of residential services, crisis services, residential treatment services, crisis stabilization, day rehabilitation, or day treatment intensive. Service activities may include but are not limited to assessment, plan development, therapy, rehabilitation, and collateral.

- <u>Assessment</u> means a service activity which may include a clinical analysis of the history and current status of a beneficiary's mental, emotional, or behavioral disorder, relevant cultural issues and history; diagnosis; and the use of testing procedures.
- <u>Collateral</u> means a service activity to a significant support person in the beneficiary's life with the intent of improving or maintaining the mental health of the beneficiary. The beneficiary may or may not be present for this service activity.
- Therapy means a service activity which is a therapeutic intervention that focuses primarily on symptom
  reduction as a means to improve the functional impairments. Therapy may be delivered to an individual or
  group of beneficiaries and may include family therapy at which the beneficiary is present.

<u>Case Management</u> - means services that assist a beneficiary to access needed medical, educational, pre-vocational, vocational, rehabilitative, or other community services. The activities may include, but are not limited to, communication, coordination, and referral; monitoring service delivery to ensure beneficiary access to service and the service delivery system; monitoring of the beneficiary's progress; and plan development.

<u>Crisis Intervention</u> - means a service, lasting less than 24 hours, to or on behalf of a beneficiary for a condition that requires more timely response than a regularly scheduled appointment. Service activities may include but are not limited to assessment, collateral, and therapy.

# 6. Methodology

## IHBS/EPSDT PROGRAM - Minimum Requirements

All clients served in this program will receive Intensive Case Management (ICM) services, the minimum standards for which are described on pp. 41-52 of the Dept. of Children Youth and Families' Minimum Compliance Standards, 2nd Edition, May 2008. In addition, half of all of treatment slots will be reserved for Intensive Home Based Supervision services (IHBS), which will be enhanced by ICM.

#### Intensive Home Based Supervision

All referrals to IHBS programs are made through the San Francisco Juvenile Probation Department (JPD). Contractor shall provide IHBS services for youth for an initial 90-day period. With input from the case manager, the Probation Officer will determine whether or not to extend the program for an additional 90 days. Should Contractor make a clinical determination that additional services are needed, ICM services may be continued after IHBS services have concluded. Contractor understands that continuation of services is contingent upon available non-IHBS slots. If no such slots exist, Contractor will refer client to another case management program and/or available mental health services with a different provider.

Contractor agrees to meet monthly with Probation staff. Violations of conditions of probation should be reported as soon as possible, but no later than three (3) calendar days after contractor becomes aware of the incident.

Contractor activities on behalf of a client will be documented and an individual case file will be maintained. Contractor agrees that upon initiation of services, clients will be mandated to sign Release of Information forms allowing communication of client information to the assigned probation officer and any other critical JPD staff. Individual progress reports shall be submitted once a month to JPD, using the standard report format. Reports will include:

Document Date: 07/01/2010

#### 2. Nature of Document

New New	Renewal	Modification
---------	---------	--------------

#### 3. Goal Statement

Instituto Familiar de la Raza's (IFR) La Cultura Cura Program (LCC) will provide intensive case management and mental health services to Latino youth who meet criteria for Intensive Home-Based Supervision and/or are prioritized by the Department of Juvenile Probation, DCYF, and CBHS to respond to the cultural and linguistic needs of youth inrisk and/or involved in the juvenile justice system.

## 4. Target Population

The target population for this contract is pre- and post-adjudicated Chicano/Latino youth between the ages of 12-18 years old, who have come into contact with the juvenile justice system in San Francisco. An emphasis will be placed on addressing the needs of monolingual Spanish or limited English speaking clients who are residents of the Mission District and adjacent areas with high density populations of Latino youth. Eligible clients include those who are Medi-Cal eligible, uninsured or underinsured.

In the Mission District and surrounding areas, Latino youth face high levels of stressors: community violence, poverty, language barriers, unstable housing and homelessness, lack of health care benefits, cultural and racial discrimination, and the harmful effects of anti-immigrant sentiments. Studies have found that Latino Youth experience proportionately more anxiety-related and delinquency problem behaviors, depression, and drug use than do non-Hispanic white youth.

While Latinos under the age of 18 comprise 19% of children/youth in San Francisco, they account for 25%-36% of incarcerated youth. They also account for 30% of children/youth living below the 200% poverty level. It is important to note that Latino children/youth are least likely to be insured regardless of citizenship.

The magnitude of the problems faced by Latino youth and their families highlights the need for culturally and linguistically competent services to assist youth and families to overcome involvement in the juvenile justice system and build upon their individual, family, and community resiliencies.

## 5. Modality of Service/Interventions

Units of Service (UOS) Description	Units of Service (UOS) - Mins	Unduplicated Clients (UDC)
Case Management Hour 1.18 FTE x 35hrs x 46wks x 65.144% LOE x 60 Mins	74,257	24
Mental Health Services 0.62 FTE x 35hrs x 45 wks x 65,393% LOE x 60 Mins	38,314	24
Total		

Billable services include Mental Health Services in the following forms:

<u>Mental Health Services</u> – means those individual or group therapies and interventions that are designed to provide reduction of mental disability and improvement or maintenance of functioning consistent with the goals of learning,

Contractor: Instituto Familiar de L. Laza Program; La Cultura Cura IHBS/EPSDT Services

City Fiscal Year: 2010-11

Appendix A-8 Contract Term 7/1/2010 through 6/30/2011

- Number and nature of client contacts (Minimum face-to-face, 3 visits/week)
- All parental contacts
- All curfew checks (Minimum six days per week)
- All school checks (Minimum weekly)
- Compliance with Orders of Probation
- Description of the Home Environment
- · Criminological risks being addressed
- Educational development
- · Employment status
- Referrals to community resources

Contractor agrees to work cooperatively with the Juvenile Probation Department and the probation officer assigned to the case. In addition, a final report summarizing the youth's progress and any recommendations for continued clinical treatment shall be submitted to the probation officer prior to the conference review at the end of the 90-day period. Copies of all correspondence, reports or recommendations to the courts with the courts will be submitted to the assigned Probation Officer at least four business days prior to the scheduled court hearing date.

# Intensive Case Management

Referrals: Contractor will prioritize ICM referrals from JPD, the DCYF list of preferred case management providers, and from DPH staff co-located at Juvenile Justice Center (JJC): SPY, AIIM HIGHER, and MST. All forms authorizing consent for treatment and required waivers will be signed prior to initiation of services.

Comprehensive Needs Assessment: If not already completed within the past 30 days, Contractor shall conduct a comprehensive assessment of client needs (including the Child and Adolescent Needs and Strengths, or CANS assessment), develop an individual service plan, and coordinate and supervise service delivery. At a minimum, the assessment will include the following:

- CANS Assessment
- Interview with client, family and probation officer
- Review of the dynamics of the case (nature of offense)
- Review of conditions of probation
- Individual and family history family dynamics
- Need for individual and/or family counseling
- Educational skills, remedial needs
- Medical, psychiatric and health education referrals
- Vocational skills, job training
- Behavior dangerous to self or others
- Current use of alcohol or drugs

Service Planning: Once client needs have been determined, the case manager shall develop a written plan, including a clinical case plan or Plan of Care consistent with Department of Public Health (DPH) standards, to address those needs and coordinate and supervise service delivery. Contractor shall involve client and family in service planning and provide a detailed orientation about program requirements and rules. The case manager will select appropriate treatment programs and service providers and maintain a progress oriented case record for each client. Assigned staff will work collaboratively with other youth service agencies and with members of the client's community. Parental involvement shall be encouraged.

When clients are receiving ICM within the context of JPD-referred IHBS, a copy of the final plan will be sent to the assigned probation officer.

Instituto Familiar De La Raza CMS#6960 Contractor: Instituto Familiar de la Raza

Appendix A+8 Contract Term 7/1/2010 through 6/30/2011

Program: La Cultura Cura IHBS/EPSDT Services City Fiscal Year: 2010-11

<u>HIPPA Compliance:</u> Contractor will integrate DPH Privacy Policy in its governing policies and procedures regarding patient privacy and confidentiality. The Executive Director will ensure that the <u>applicable</u> policy and procedures as outlined in the DPH Privacy Policy have been adopted, approved, and implemented.

## A. Outreach, recruitment, promotion, and advertisement:

Referrals will be received from a variety of sources including the justice system, community-based organizations, and via active and former clients. At least 50% of referrals will come from JPD. As IFR has had a 33 year presence in the Latino community of San Francisco, current and past clients also often refer their family and friends for services. IFR is recognized as a culturally competent agency serving Latinos and receives many referrals from organizations and agencies in San Francisco serving juvenile justice involved youth. (e.g. CARC, YJI etc.)

Brochures describing the array of services provided by IFR including IHBS services are distributed to agencies in and around the Mission District.

## B. Program's admission, enrollment and/or intake criteria and process where applicable:

Referrals received will be screened for eligibility by the Mental Health Specialist (MHS) who will contact the referring party to complete the process. (The screening process confirms that clients have San Francisco residency, do not have private insurance and are low income or Medi-cal eligible. Clients are screened for eligibility to receive services with an alternative source of payment (private insurance). Clients that do not meet eligibility requirements are referred to intra-agency resources or to appropriate outside service providers.)

Referrals will then be presented to the Case Management Development Team, facilitated by a Licensed Clinical Social Worker (leveraged by Mission Family Center) and co-facilitated by the Program Coordinator and MHS, for disposition. Once a referral is accepted, it will be assigned to a Case Manager who will contact the client to schedule an intake/assessment. Each client gets an assessment using the CBHS-CYF-SOC form to establish medical necessity for specialty mental health services. For all new intakes, an appointment for face-to face contact will be offered within 3-5 working days of initial request.

During intake and assessment, the Case Manager provides clarification to families about probation guidelines, court mandates, conditions of release, and community service requirements. The Case Manager will utilize the CANS, under the supervision of the MHS-CANS Super-user to determine client needs and strengths. CANS is utilized to determine: 1) preventative action to be taken; 2) strategic action required to address the need; or 3) intensive action requiring immediate action for intervention:

All clients who meet medical necessity for specialty mental health services will be assigned to a provider and a full plan of care will be developed within 60 days. If it is determined that clients need services beyond the initial 60 days, a request for authorization will be submitted to the PURQC committee for additional hours. For cases open longer than 2 years, will be referred to SF-CBHS-CYF-SOC central authorization team for authorization.

All clients or their parents are informed of their rights under CBHS, are given linguistically accurate documentation of their client rights and of their right to privacy in regards to HIPPA.

# C. Service delivery model:

Based on needs identified via CANS, a comprehensive individual and family service plan is developed by the Case Manager to address immediate concerns and needs. Consultation with the assigned justice system providers informs the plan. Services initiated at this point are primary (case management and therapy, as indicated) followed by secondary leveraged services (after school programming etc.). Services rendered through this RFP will be provided at IFR or an alternative safe location. Staff is also available to deliver services to youth while in detention.

The frequency of ICM visits usually includes a minimum of three direct contacts at IFR, the school, or in the community, in accordance with the DCYF Minimum Compliance Standards. Case Managers utilize restorative justice interventions, i.e. life skills development, referrals to training programs and community service activities, school advocacy, supportive counseling, tutorial assistance, conflict resolution, de-escalation, and anger management skill development. Examples of these modalities include identifying risk factors and implementing safety plans, and improving interpersonal relationships and communication skills through role playing and modeling.

Document Date: 07/01/2010

Contractor: Instituto Familiar de ... Aaza Program: La Cultura Cura IHBS/EPSDT Services

City Fiscal Year: 2010-11

Appendix A-8 Contract Term 7/1/2010 through 6/30/2011

La Cultura Cura also link clients to the "CulturArte" after-school program, which provides cultural affirmation activities and performing arts workshops. These activities are provided in a non-threatening environment, promote self-expression, positive cultural identity, skills development, and community reintegration.

As part of IFR's program design, Cultural Affirmation Activities are a fundamental aspect of IFR's services. Cultural Affirmation Activities are defined as planned group events that enhance the cultural and spiritual identity of clients. These activities include: Tonanzin, Cuatemoc, Fiesta de Colores, Xilonen, Cinco de Mayo celebration, Indigenous Peoples Day, Immigrant Pride Day, Dia de los Muertos, Las Posadas, Latino Gay Night, Dia de las Madres, and The Gay Pride Parade as well as other short-term interventions that focus on grief, loss, hope, and inspiration using traditional techniques.

## D. Exit criteria and process:

The average length of service provision in the program will be three to six months, with a maximum of a year. Further extensions will be determined through ongoing assessments or at the request of the youth/family. Termination occurs when goals are reached, probation has been successfully completed, or when youth are out of compliance with court orders.

Because of limited and shrinking mental health resources, coupled with the need to immediately serve many new acute clients coming in the front door, IFR will consistently apply utilization review and discharge/exit criteria to alleviate increasing caseload pressure and to prioritize services to those most in need. Clinicians will consider such factors as: risk of harm, compliance, progress and status of Care Plan objectives and the client's overall environment, to determine which clients can be discharged from MHS/CBHS services. CANS profiles and case reevaluations by the PURQC committee are integrated into the exit process.

La Cultura Cura will make referrals of clients to appropriate community-based programs such as after school programs, to solidify gains made from services provided.

#### E. Program's staffing:

Please see Appendix B.

## 7. Objectives and Measurements

A. Outcome Objectives

	Objectives	Adult	CYF
Objective	A.1: Reduced Psychiatric Symptoms		
A.1.f	Providers will ensure that all clinicians who provide mental health services are certified in the use of the Child & Adolescent Needs and Strengths (CANS). New employees will have completed the CANS training within 30 days of hire. Note: including School-Mental Health Partnership Programs		X ICM
A.1.g	Clients with an open episode, for whom two or more contacts had been billed within the first 30 days, should have both the initial CANS assessment and treatment plans completed in the online record within 30 days of episode opening. For the purpose of this program performance objective, an 85% completion rate will be considered a passing score. Note: including school-based programs		X ICM

Based on the CANS, if mental health interventions are indicated, the Case Manager will refer participants to the MHS to provide services. The MHS uses functional family and cognitive behavioral therapy, which are best practices identified for the target population. Through therapy, clients and their families are able to recognize and address additional barriers that may impede their ability to make progress towards identified goals. Clients and families can also enroll in a variety of on-site support services at IFR, through its continuum of services/programs.

Mental Health service delivery is based on varied psychosocial theories, bicultural personality development, current best practices and evidence based interventions. These include utilization of family/ child centered interventions, a multidisciplinary team approach to provision of services, and the reinforcement of cultural strengths and identity, sensitivity to social factors and a commitment to assist clients in understanding and differentiating between social ills and personal problems.

Services are primarily provided at IFR; however, the team also provides services in clients' homes, schools, and other sites that are convenient to clients (i.e. other community agency sites). IFR is geographically and physically accessible to clients by MUNI and BART public transportation. The program is accessible by telephone at (415) 229-0500. Hours of operation are Monday through Friday, 9 a.m. to 7 p.m. Client's emergencies are managed by the assigned psychotherapist, psychiatrist, Program Coordinator or by the scheduled Officer-of-the-Day (OD). This site meets minimum ADA requirements.

As a comprehensive agency serving children, youth and adults, IFR is in a unique position to provide innovative services to Latino/Chicano families through creative approaches in the context of community that reinforces cultural strengths and identity. IFR is a critical point of access into the public health system for families with children who are in need of comprehensive mental health services.

In collaboration with community agencies and other IFR programs, children and their families are able to access a wide spectrum of services. Through collaboration with Family Mosaic, IFR is able to provide therapeutic mentoring, to a multi-cultural population of severely emotionally disturbed children and youth. IFR is the lead agency for the Latino Family Resource System, a collaboration of five community agencies in the Mission District. Through this collaboration IFR is able to provide case management, advocacy and mental health services for clients referred by Human Services Agency, including clients that are registered in the CBHS and CYF system of care. Over the years IFR has established strong links with the Human Services Agency and the San Francisco Family Court system, we provide consultation to the department as well as services, which places us in a strong position to advocate for our community and clients.

Service approaches include utilization of family and significant others in the process of intervention, a multidisciplinary team approach to the provision of services, reinforcement of cultural strengths and identity, sensitivity to social factors and a commitment to assist clients in understanding and differentiating between social ills and personal problems, program flexibility in how and where services are delivered in order to serve the mental health needs of the community.

IFR has historically provided services to clients with dual-diagnosis of substance abuse using both Abstinence and Harm Reduction based models. Intervention approaches include a multidisciplinary staff, the inclusion of family and significant others, utilization of community resources that will support recovery, as well as coordination with medical providers. In order to develop service capacity for dual diagnosed clients we have focused on training for staff that includes harm reduction philosophy. IFR will adopt CARF screening tool to determine clients needs for substance abuse services.

## Adjunct Services:

La Cultura Cura staff will link clients to our culturally defined therapeutic drumming groups that target youth at risk, who are diagnosed with anxiety and/or depression and who may also have dual diagnosis of substance abuse. Youths are first assessed to identify their level of functioning in order to determine their appropriateness for group services.

## B. Other Objectives

La Cultura Cura staff will engage in a number of activities to enhance staff's capacity to deliver mental health services in accordance with CBHS integration objectives:

- * Staff will participate in a series of trainings on co-occurring disorders
- · Staff will participate in a CBT focused training
- Staff will participate in a series of trainings on "evidence based" or "evidence informed" practices most relevant to the Chicano/Latino community
- Staff will participate in all relevant CBHS trainings, particularly as it relates to compliance issues.
- IFR program staff will attend training on provision of services to the designated target population of the program, addressing issues regarding ethnicity, cultural background, gender, sexual orientation, creed or disability.

## The following objectives will also be tracked:

## Objective 1:

During Fiscal Year 2010-2011, 65% of participants will have completed their assigned community service hours as measured by self reporting, court documents, and documentation in the case manager's case notes and program records. Program Manager and Mental Health Specialist will analyze and summarize objectives data.

#### Objective 2:

During Fiscal Year 2010-2011, 90% of participants will have enrolled in school or an appropriate educational setting as measured by self reporting, SFUSD progress reports, and documentation in the case manager case notes and program records. Program Manager and Mental Health Specialist will analyze and summarize objectives data.

## Objective 3:

During Fiscal Year 2010-2011, 35% of participants will not have an additional sustained petition or conviction as measured by self reporting, court records, and documentation in the case manager case notes and program records. Program Manager and Mental Health Specialist will analyze and summarize objectives data.

## Objective 4:

During Fiscal Year 2010-2011, 65% of participants will complete goals outlined in their initial service plan as measured by self reporting, court records, and documentation in the case manager case notes and program records. Program Manager and Mental Health Specialist will analyze and summarize objectives data.

## C. Evaluation of Objectives

See 7A and 7B for Evaluation.

<u>Electronic Recordkeeping and Data Collection Requirements:</u> IFR has sufficient computing resources for staff to support direct real time data entry and documentation that provide for work flow management, data collection and documentation. Resources include hardware, software, connectivity, and IT support services

Contractor: Instituto Familiar de ... Raza Program: La Cultura Cura IHBS/EPSDT Services

City Fiscal Year: 2010-11

Appendix A-8 Contract Term 7/1/2010 through 6/30/2011

## 8. Continuous Quality Improvement

IFR agrees to abide by the most current State approved Quality Management Plan. IFR will enhance, improve and monitor the quality of services delivered. IFR guarantees compliance with the Health Commission. Local, State, Federal and/or Funding Source policies and requirements such as Harm Reduction, Health Insurance Portability and Accountability Act (HIPAA), Cultural Competency, and Client Satisfaction.

## HIPPA Compliance Procedures:

- A. DPH Privacy Policy is integrated in the contractor's governing policies and procedures regarding patient privacy and confidentiality. The Executive Director will ensure that the policy and procedures as outlined in the DPH Privacy Policy have been adopted, approved, and implemented.
- B. All staff who handles patient health information is trained (including new hires) and annually updated in the agency privacy/confidentiality policies and procedures. The Program Manager will ensure that documentation shows that all staff has been trained.
- C. The contractor's Privacy Notice is written and provided to all clients served by the organization in their native language. If the document is not available in the client's relevant language, verbal translation is provided. The Program Manager will ensure that documentation is in the patient's chart, at the time of the chart review, that the patient was "notified."
- D. A Summary of the above Privacy Notice is posted and visible in registration and common areas of the organization. The Program Manager will ensure the presence and visibility of posting in said areas.
- E. Each disclosure of a client's health information for the purposes other than treatment, payment, or operations is documented. The Program Manager will ensure that documentation is in the client's chart, at the time of the chart review.
- F. Authorization for disclosure of a client's health information is obtained prior to release: (1) to provider outside the DPH Safety Net; or (2) from a substance abuse program. The EIP Coordinator will ensure that an authorization form that meets the requirements of HIPAA is signed and in the client's chart during the next chart review.

In order to ensure quality services, LCC's case management staff will meet regularly with an assigned Mental Health Specialist (therapist/MHS) to discuss case matters that will inform the development of appropriate service/treatment goals and utilization of the CANS. Case Managers will also participate in bi-monthly case conferencing with a Licensed Clinical Social Worker. The MHS providing therapy services is provided with bi—weekly group supervision and weekly individual supervision to discuss client progress, treatment issues, and enhance skills in the areas of assessment, treatment development and clinical interventions.

The Clinical Supervisor is responsible for reviewing the charts as indicated by his/her signature. In addition, the Program Coordinator conducts bi-monthly administrative supervision to review productivity, provide support regarding system issues impacting upon client services, review documentation for administrative compliance and ensure that staff follows program policies and procedures. The Program Coordinator also evaluates the staff development needs and creates plans of action and training objectives as indicated. Trainings provided by CBHS are attended by all clinicians. Those that involve education on documentation guidelines as mandated by CBHS and the state of California as well as training on assessment instruments used as standard practice of care, are a requirement for all clinicians.

Quality issues are addressed during bi-monthly multidisciplinary team meetings, during weekly QI/PURQC committee meetings, and during individual supervision. Every week, client charts are reviewed by the PURQC committee. QI procedures provide the opportunity to monitor the development of treatment plans of care, implementation of services, preventive interventions, chart content, chart order, billing issues, and an opportunity to meet PURQC authorization guidelines.

Contractor: Instituto Familiar de la 1 1 Inc.

Program! Indigena Health and Wellness Collaborative

City Fiscal Year: 2010 - 2011

Appendix A-9 Contract Term: 7/1/2010 through 6/30/2011

# 1. Program Information:

Indigena Health and Wellness Collaborative (IHWC) Instituto Familiar de la Raza, Inc. 2919 Mission Street, San Francisco, CA 94110 Telephone: (415) 229 0500

Telephone: (415) 229 050 Facsimile: (415) 647 3662

#### 2. Nature of Document

$\boxtimes$	New	Renewal	Modification

#### 3. Goal Statement

The Indigena Health and Wellness Collaborative is a partnership between Instituto Familiar de La Raza and Ascoaicion Mayab that has the goal of improving the health and wellbeing of Indigena immigrant families by increasing access to health and social services, supporting spiritual and cultural activities that promote community building, strengthening social networks of support, and providing opportunities for healing as well as creating opportunities for early identification and interventions in families struggling to overcome trauma, depression, addictions, and other health and mental health problems.

# 4. Target Population

The target population for this project is Indigena immigrant families in San Francisco: comprised of mostly newly arrived young adults. The nearly 15,000 Maya-Yucatecos in San Francisco represent the largest and fastest growing Mayan immigrant community in the City. Other emerging Maya communities, including Mam and Quiché from Guatemala and Tzeltal and Chol from Chiapas account for an additional 4,000 to 6,000 more individuals.

Many of these individuals have relocated to the Mission and Tenderloin Districts and to the Geary Boulevard and Clement Street corridors in recent years. For the vast majority of these immigrants, their native languages are their primary and preferred means of communication at work, home, and in many other community settings.

A survey conducted by Mayan students at San Francisco's City College in 2003 showed that the vast majority of Mayans were solo males between the ages of 14-35 years old and that many of them had immigrated to the US less than five years ago. In recent years, more and more Indigena women have come to San Francisco to join their partners, bringing with them their children.

## 5. Modalities and Interventions

There are two components to the IHWC:

# 1. Cultura y Salud.

Cultura y Salud component focuses in providing opportunities for spiritual and emotional healing by organizing and sponsoring ceremonial, cultural and social gatherings and providing group education to families and individuals. Cultura y Salud will also provide individual health education and risk reduction services to individual and families identified to need additional support.

IFR will utilize traditional and contemporary interventions and venues to serve the target population. Spiritual ceremonies and cultural activities will be venues to inform, educate, and engage Indigenas. The Collaborative will utilize its extensive network of relationships with traditional healers and groups to integrate health promotion messages and HERR to into traditional celebration, ceremonies and other cultural activities. All interventions and activities will be provided in a culturally congruent manner. IFR Program staff will work closely with the partner agency to develop culturally congruent outreach materials and strategies that engage the target population and encourage their participation in the range of services provided within the collaborative. A community forum will be designed by

Appendix A=9
Contract Term: 7/1/2010 through 6/30/2011

program staff on individual and collective trauma and integrative approaches to healing. The program will also organize a cultural summit that will bring together cultural organizations and community leaders to have a dialogue about culture, healing and wellness practices. This summit will also target a total of 50 UDCs. Other group interventions will include workshops on different health topics as well as cultural activities such as embroidery and webbing. Individual interventions including HERR counseling, crisis intervention and linkage will be provided to the target population by the Early Intervention Specialist assigned to this effort. If as a result of the services provided, clients are determined to require outpatient care, they will be linked to IFR's outpatient services or other appropriate settings for treatment, including mental health services, psychiatric monitoring and case management.

## 2. Indigena Health Promoters (Promotores) Program

Indigena Health Promoters Program component relies on a team of 6 Mayan speakers who have received training on outreach techniques, interpretation and health education. These promoters/promotores organize and facilitate activities ranging from cultural events, workshops on traditional arts and health education sessions to outreach, interpretation services and information and referral to community members as needed. This team of Health Promoters will support the program with outreach and in organizing group activities as well as providing a range of peer based interventions including peer support, translation, outreach and l&R. They will play a key role in recruitment of participants to attend ceremonies and cultural events, workshops, a community forum and the Encuentro de Culturas Indigenas de America summit, and also be present in these activities to provide outreach and education services to participants. Health Promoters will be mentored by professional staff in this collaborative to co-facilitate workshops, a community forum and participate as panelists in the Encuentro de Culturas Indigenas de America summit. The IHWC will sponsor group activities and workshops on cultural and artistic activities that will serve as venues to provide outreach, education and peer support to participants. A written Memorandum of Understanding (MOU) will be implemented between IFR and Asociacion Mayab. The MOU will detail administrative and programmatic roles and responsibilities, collaborative schedule of meetings; deliverables; co-location activities; financial agreements, reporting requirements, conflict resolution protocols and quality assurance guidelines based on scope of work across the collaborative.

## 6. Methodology

- A. Outreach efforts will include the following: Distribution of materials in settings where the target population congregates including restaurants; sports events; day labor sites such as Cesar Chavez, Mission Dolores Church; and street outreach in the Tenderloin and Geary Blvd corridor. Orientation to services for community based agencies will occur at designated staff meeting and be reinforced with a written description of the collaborative. Following the completion of training, Mayan Health Promoters will be positioned at 2-3 geographically strategic agencies and provide outreach to the target population. Association Mayab has wide and strong networks in the local Mayan community that will also be used to distribute information and invite the community to participate in the activities planned by the program.
- B. Ceremonies, cultural events, and community forums will serve as the port of entry for clients to access additional services at IFR and other agencies as needed. During group events, a Behavioral Health Specialist will be present and available for one-on-one meetings with individuals and families who seek services. If these individuals require additional services, they will be referred to the appropriate program within IFR or to other agencies if needed. Promotores de Salud and other program staff will also be present in these group sessions and activities to assist participants with referrals and information as needed. Promotores de Salud will be responsible to follow up in these referrals and support clients with interpretation and navigation while accessing services at these agencies.

Instituto Familiar De La Raza CMS#6960 Contractor, Instituto Familiar de la Raza Inc.

Program: Indigena Health and Wellness Collaborative

City Fiscal Year: 2010 - 2011

Contract Term: 7/1/2010 through 6/30/2011

In addition, Health Promoters will be co-located at 2-3 agencies, where they will provide outreach, interpretation and information and referral services and assist providers at these agencies in passing out information and communicating with their indigenous clients. Promotores will engage in brief encounters with clients to conduct a quick needs assessment and provide referrals to services as needed. Promotres will be responsible to follow up on the status of these referrals and assist those clients who need it in accessing services. Promotores will have the support of a Health Educator/Early Intervention Specialist who will be available as a resource and for consultation.

## C. Cultura y Salud Component

Cultural Events/Group Activities: These include ceremonies and other cultural and traditional activities existing in the community, Cultura y Salud will support these activities with materials, some organizational support, and will reach out to healers and community leaders to insert health messages during these activities and pass out information to participants about health and mental health resources. These activities include Dia de Los Muertos, Fiesta de Colores, Mayahuel, Año Nuevo Maya, and at least one of the traditional celebrations that Asociacion Mayab organizes annually.

Group activities also will include a community forum on trauma and a gathering of Indigena cultural groups called 'Encuentro de Culturas Indigenas de America.' Both of these activities will offer opportunities to pass out information and conduct our 'information and referral' and 'early identification' activities.

Group Education Activities: This will be a series of weekly stand-alone sessions on health topics for small groups of 5-10 participants. Groups will be facilitated by the HE/EIS with the support of Health Promotores. In addition to providing education and information to participants, the groups will serve as venues for outreach, early identification and to provide information and referral services as needed. These groups will be ongoing throughout the year and may include arts workshops such as embroidery and hammock making workshops or a Mayan language and culture youth summer program.

Early Identification: During group activities, a Behavioral Health Specialist will be present to provide one-on-one support to individuals and families that request mental health services. If needed, the Behavioral Health Specialist will refer these individuals to IFR's outpatient clinic or other services. Promotores and other program staff will also be present to support families with referrals to services and information about community resources for mental health and other social services. Early intervention will also include brief counseling for Risk Reduction and triaging into the system of care as indicated. This counseling and triaging will be provided by the BHS. Clients receiving early identification services will stay in our program for up to 3 months or upon successful linkage to appropriate services for those who need ongoing interventions.

# Indigena Health Promoters (Promotores) Component

Training and Skill Development: Last year, a group of six Mayan Community Health Workers received training on outreach techniques, health education, and information and referral as well as on interpretation in health care settings. This year, this same group of Health Workers will continue their training with approximately 1-2 hours of continuous education a month for a period of 5-6 months. They will continue to receive training on specific areas of health promotion and about particular health topics affecting their community, such as substance abuse, mental health, diabetes, and other chronic diseases.

Outreach and Education: After completing their training, Promotores will be co-located between 2-3 agencies in the Mission and Tenderloin Districts. In these agencies, Promotores will engage in outreach (street and venue-based). Street outreach will target areas such as the Cesar Chavez Street corridor, Mission and 16th Streets, and Civic Center. Venue based outreach will be conducted during our group activities and sports events and cultural events organized by local Indigena organizations.

Information and Referral: Promotores de Salud will provide l&R services to families who need them. Promotores will engage in brief one-to-one encounters with community members seeking mental health or other services and provide referrals to services, as needed. Promotores will then follow up on the status of these referrals and assist clients who need interpretation and/or system navigation services. Promotores will receive supervision, clinical consultation, and

Appendix A-9 Contract 1erm; 7/1/2010 through 6/30/2011

mentoring from the Senior Behavioral Specialist and administrative support from Asociacion Mayab's Program Liaison,

Group Education Activities: This will include workshops and other small cultural group activities that will serve as venues for participants to receive information about a variety of health topics, receive peer support, and form networks of support. Activities may include a Mayan Language and Culture Youth Summer Program, an embroidery group, hammock making class, and a dance class.

IFR is located at 2919 Mission Street and is open Monday-Friday between 9am-7pm and on Saturdays from 9am-2pm. IFR will serve as the general headquarters for the IHWC. At this location, all training, planning, and evaluation activities will occur. As the success of IHWC relies heavily on activities occurring in the community across locations, efforts will take place at various times and at locations listed earlier. Co-located staff will spend time at IFR and at Asociacion Mayab, located at 16th and Mission Streets. Asociacion Mayab is open Monday-Thursday 9am-5pm and Sunday, 4pm to 8pm.

- D. Cultura y Salud: Cultural events are open to all interested individuals and families, exit criteria will only be developed for any behavioral health interventions.
- E. Program Staffing: See Appendix B.

			X			

# B. Other Objectives

#### I. Cultura v Salud

A. Outcome Objectives	C. Evaluation
By the end of the contract period, 50% of participants in ceremonies and other cultural activities will have an increased awareness of the effects of trauma and other mental health disorders on the overall health and wellbeing of individuals and families.	This objective will be evaluated by conducting interviews with Community Healers and Leaders. In addition, for those who participate in the forum on trauma, we will apply pre and post surveys to assess the level of increased awareness and knowledge about trauma among participants in the forum.
By the end of the contract period, Indigena communities in San Francisco will have an increased capacity to provide cultural activities and traditional healing experiences to 150 community	This will be evaluated through interviews with community healers and leaders.

Contractor: Instituto Familiar de la Raza Inc.

Appendix A=9

Program: Indigena Health and Wellness Collaborative

Contract Term: 7/1/2010 through 6/30/2011

City Fiscal Year: 2010 - 2011

members who seek to participate in them	
B. Process Objectives	C. Evaluation
Provide health education and risk reduction information to 100 Indigena individuals participating in ceremonial and other cultural and group activities by June 2011	During the Ceremonies and cultural events, Promotores and program staff will be present to conduct a head count of the number of participants. During cultural events and group activities, where appropriate, sign-up sheets will be used to collect information from participants
Provide information about early identification and contemporary approaches to healing trauma to 50 Indigena individuals through a community forum and other cultural and group activities by June 2011	An attendance sign-up sheet used by Asociacion Mayab will be adapted to collect participant information during the community forum and the Encuentro de Culturas de America. For Ceremonies and other cultural events program, staff and promotores present will conduct a head count.

# II. Maya Health Promoters Project

A. Outcome Objectives	C. Evaluation
By the end of the contract period, 50% of Maya individuals participating will have increased their level of community participation by actively engaging in ceremonial, cultural, and social activities.	We will collect participant information using sign-in sheets and track for those individuals who come for the first time and those who continue to return to participate in the activities. The assumption is that if someone comes back more than once to participate in the program activities it is because they feel comfortable and safe in the program and so become more engaged and active in the program activities.
By the end of the contract period, 50 Indigena individuals will have an increased awareness about the root causes and effects of trauma on the overall health and wellbeing of individuals and families and will have received information about community resources to address issues of trauma and mental health.	Sign-in sheets will be used at events to collect participant information as appropriate.

B. Process Objectives	C. Evaluation
Provide small group activities and workshops to 50 Indigena individuals throughout the year.	Activities may include cultural gatherings, workshops in traditional arts and ceremonial gatherings. During these activities we will use sign-in sheets to track the number of participants in these groups. We will keep track of those who attend for the first time and those who come more than once to measure for the level of engagement of participants in these activities.
Provide outreach and health education activities to 300 members of the Indigena communities by June 2011	Health Promoters will collect basic information about the individuals that they contact during their outreach activities. Information will be collected on forms designed for this purpose and entered into a computer system by a program assistant. This will allow the program to count the number of individuals contacted

Document Date: 07/01/2010 Page 6 of 8 Contractor: Instituto Familiar de la kaza Inc.
Program: Indigena Health and Wellness Collaborative

City Fiscal Year: 2010 - 2011

Appendix A-9 Contract Term: 7/1/2010 through 6/30/2011

and the type of information that these individuals received during our outreach activities
Health Promoters will collect basic information about individuals that they provide I&R services to on forms specially designated for this purpose.  Promotores will also document all follow up activities such as home visits and phone calls. All this information will be given to a program assistant who will enter it into a computer database to count the number and type of I&R activities provided by Promotores and other program staff

## C. Evaluation of Objectives

See above for evaluation procedures.

Electronic Recordkeeping and Data Collection Requirements: IFR has sufficient computing resources for staff to support direct real time data entry and documentation that provide for work flow management, data collection and documentation. Resources include hardware, software, connectivity, and IT support services.

Data Management: The Contractor collects and submits UOS and UDC data on all clients. All agencies receiving funding through MHSA are required to collect and submit UDC and services data through the DPH Client and Services Database. This is applicable for all "MHSA eligible clients" receiving services paid with any MHSA source of funding. Each MHSA funded agency participates in the planning and implementation of their respective agency into the Database. The agency complies with DPH policies and procedures for collecting and maintaining timely, complete, and accurate UDC and service information in the Database. New client registration data is entered within 48 hours or two working days after the data is collected. Service data for the preceding month, including units of services will be entered by the 15th working day of each month. The deliverables will be consistent with the information that is submitted to the appropriate DPH Budget and Finance section on the "Monthly Statement of Deliverables and Invoice" form.

# 8. Continuous Quality Improvement

Cultura y Salud: A Senior Behavioral Health Specialist will provide support and supervision to the Behavioral Health Specialist, Promoteres de Salud, and other program staff with regards to clinical aspects of their work and serve as a resource for consultation and crisis intervention. The Senior BHS will provide group supervision to Promotores and BHS bi-weekly. The BHS will serve as a resource to- and supervise Promotores de Salud during weekly group consultation meetings. The Program Manager will provide administrative supervision to all staff and will coordinate training and curriculum development activities.

Maya Health Promoters: Health Promoters will be evaluated in their knowledge after finishing their training and will continue to receive training throughout the contract period. The Program Manager will be responsible for assessing training needs and coordinating these ongoing sessions of training. A Program Liaison at Asociacion Mayab will provide administrative and logistic support to the Promotores and the IHWC Program Manager will provide administrative support and ensure that Promotores continue to be engaged in outreach, education, and information and referral activities according to their capacity and skill level. Promotores will be supervised and supported by a BHS weekly (in groups) and bi-weekly with the SBHS for supervision, consultation and support.

## HIPPA Compliance Procedures:

A. DPH Privacy Policy is integrated in the contractor's governing policies and procedures regarding patient privacy and confidentiality. The Executive Director will ensure that the policy and procedures as outlined in the DPH Privacy Policy have been adopted, approved, and implemented.

Contractor: Instituto Familiar de la Raza Inc.

Program: Indigena Health and Wellness Collaborative

City Fiscal Year: 2010 - 2011

Appendix A⁴9 Contract Term: 7/1/2010 through 6/30/2011

B. All staff who handles patient health information is trained (including new hires) and annually updated in the agency privacy/confidentiality policies and procedures. The EIP Coordinator will ensure that documentation shows that all staff has been trained.

- C. The contractor's Privacy Notice is written and provided to all clients served by the organization in their native language. If the document is not available in the client's relevant language, verbal translation is provided. The EIP Coordinator will ensure that documentation is in the patient's chart, at the time of the chart review, that the patient was "notified."
- D. A Summary of the above Privacy Notice is posted and visible in registration and common areas of the organization. The EIP Coordinator will ensure the presence and visibility of posting in said areas.
- E.Each disclosure of a client's health information for the purposes other than treatment, payment, or operations is documented. The EIP Coordinator will ensure that documentation is in the client's chart, at the time of the chart review.
- F. Authorization for disclosure of a client's health information is obtained prior to release: (1) to provider outside the DPH Safety Net; or (2) from a substance abuse program. The EIP Coordinator will ensure that an authorization form that meets the requirements of HIPAA is signed and in the client's chart during the next chart review.

Contractor: Instituto Familiar de laza Inc.

Program: Community-Based Therapeutic Mentoring

City Fiscal Year: 2010 - 2011

Appendix A-10 Contract Term: 7/1/2010 through 9/30/2010

# 1. Program Information:

Community-Based Thérapeutic Mentoring (CBTM) - formerly Clinical Mentoring Instituto Familiar de la Raza Inc.

## 2. Nature of Document

$\nabla$	New		Renewal		Modification
	New	1	Kenewai	1.1	Modification

#### 3. Goal Statement

The purpose of the IFR Community-Based Therapeutic Mentoring Program (CBTM) is to aid the Family Mosaic Project in maintaining children in the least restrictive setting, reducing the need for institutionalization and/or out-of-home placement, and improving clients' ability to function in the community. The IFR Mentoring Program will provide this service in a manner consistent with the overall mission of IFR. The goals are to:

- Utilize the client's culture as a resource for appropriate interventions
- Develop individual and family empowerment, and
- Reinforce the spiritual and cultural values of clients.

This is a cost reimbursement contract with CBHS for July 1st, 2010 through September 30th, 2010 (FY10-11).

# 4. Target Population

CBTM targets children and families served by the Family Mosaic Project (Mission, Bayview, and Chinatown sites). The Program is available children and youth 5-17 years old, who have been identified as having serious emotional problems and/or who have a diagnosable mental illness that places them at risk for out-of-home placement or a higher level of institutional care. Services are also available, as appropriate, for siblings of those identified clients as well adult parents or guardians who are in need of support. Also targeted are children who are already in out-of-home placement (i.e., residential treatment facility, a psychiatric hospital, or living arrangement with someone other than the biological parent).

# 5. Modality(ies)/Interventions

Modalities of services include: assessment for matching, plan of care development, individual client mentoring, group mentoring, collateral contacts, and crisis intervention. One service unit is defined as a 60-minute increment of staff time.

The IFR Community-Based Therapeutic Mentoring Program will serve 13 unduplicated clients between July I and September 30th 2010.

Units of Service (UOS) Description	Units of Service	Unduplicated Clients (UDC)
Individual Mentoring (incl. all service modalities below and supervision/training time associated with services) 1.9 FTE x 13 weeks x 75% LOE	N/A	13
Total	N/A	13

Description of Service Modalities:

Contractor: Instituto Familiar de la Raza Inc.

Appendix A-10

Program: Community-Based Therapeutic Mentoring

Contract Term: 7/1/2010 through 9/30/2010

City Fiscal Year: 2010 - 2011

Assessment: Gathering information about the referred client's/family's and mentoring needs for the purpose of making an appropriate match with a mentor. Assessment activities include review of Plan of Care and interviews with Family Advocate/Care Manager, Parent/Guardian, Mentor, and Child, including the matching of the Client/family.

<u>Individual</u>: One-to-one mentoring with a client resulting in contact and intervention. The focus of these contacts is to make progress towards goals outlined in the child's Plan of Care. The number of weekly units will be determined by the individual service authorizations.

Group: Mentoring with at least one identified client and one to two other identified clients who have been screened for functioning within a group match. The focus of these contacts is to make progress towards goals outlined in the Plan of Care of the identified client. The number of weekly units will be determined by individual service authorizations.

<u>Collateral</u>: Face-to-face and telephone contact with other providers involved in the client's care will be provided, as appropriate. The client's Family Advocate/Care Manager and/or Mentor Supervisor will determine the frequency of mentor collateral contacts.

<u>Crisis Intervention</u>: One-to-one mentoring with a client/client's family to provide emergency mentoring services that will enable the client to cope with a crisis. This service is an unplanned activity that is based upon the client's immediate need for service intervention and is limited to stabilization of the presenting emergency. An individual service authorization will be issued to cover the number of additional service units provided in the crisis intervention.

# 6. Methodology

A. Program outreach, recruitment, promotion, and advertisement: In order to facilitate the receipt of referrals, IFR will conduct informational in-services to FMP staff every four months or at the request of FMP. Program background, services offered, referral process, and relevant policies will be described. IFR will distribute a client-centered information sheet or brochure to FMP describing services, which will be used in the information packet for Clients.

Clients are referred through an internal referral process with Family Mosaic Project after their initial assessment and intake process.

B. Program's admission, enrollment and/or intake criteria and process: Therapeutic mentoring is deemed appropriate when a Family Advocate/Care Manager or Clinician has assessed that a Client's present level of functioning can be improved or maintained with the attention of a one-to-one relationship not readily available within the Client's family or community. A Therapeutic Mentor enhances and supports existing primary/core services to the child or adolescent, and becomes part of the Client's treatment team.

Mentoring cases referred by FMP will be classified in levels, 1 - signifying a higher priority for matching and 2-signifying a priority for matching, but not as urgent as 1. Ratings will be done by the Clinical Supervisor at FMP.

No child/youth who meets the admission criteria of the Program will be denied access to services. However, the final "matching" of a client will depend on the availability of an appropriate Mentor who can adequately meet his/her needs and preferences, as well as the availability of Mentors in general.

C. Program's service delivery model and how each service is delivered, e.g. phases of treatment, hours of operation, length of stay, locations of service delivery, frequency and duration of service, strategies for service delivery, wrap-around services, etc.:

Clients are matched with a Therapeutic Mentor in context of their culture, family, community, personality, and emotional needs as well as in context of the Mentor's cultural background and skills. In addition, attention is given to the stated preferences of the mentor, parent/guardian, and client. Our selection process is very deliberate

Coptractor: Instituto Familiar de ... Raza Inc. Program: Community-Based Therapeutic Mentoring

City Fiscal Year: 2010 - 2011

Appendix A-10 Contract Term: 7/1/2010 through 9/30/2010

as we carefully consider these factors in determining the best possible "match." To initiate the match, the Mentor Supervisor first reviews the Client's referral form and discusses any additional concerns with the client's referring party. Based on the information gathered, the Mentor Supervisor then identifies an appropriate Mentor and arranges an assessment meeting with the Mentor and Family Advocate/Care Manager. During this meeting, client needs, treatment goals, and concerns are discussed. Following this meeting, a match meeting is scheduled with the Family Advocate, Mentor Supervisor, Client, and the Client's Parent/Guardian to discuss the Program, the Client's goals for mentoring, to set expectations, and to answer any questions/concerns. Once a match meeting has occurred, mentoring services will begin. Mentoring services are generally 4-8 hours per week, per client, depending on each client's service authorization, for 12 months. At the 12 month mark, the case will be evaluated to determine whether additional mentoring is necessary (and if so, for how long) or whether termination should begin/step-down into other community services.

Services will be delivered in community-based settings. During their time together, the Mentor provides the child/youth with whom he/she is "matched" (Mentee), the opportunity to participate in community activities which they may not otherwise have exposure to. By offering consistent and caring companionship, the Mentor gives direction through role modeling, reinforcing positive behavioral changes, attunement, and guiding his/her Mentee towards achieving personal goals.

The mission of the Community-Based Therapeutic Mentoring Program is to ultimately foster the child/youth's self-esteem and socialization skills so that he/she can: develop positive peer relationships; participate in organized extracurricular activities; acquire important life skills, and productively integrate into the community.

D. Program's exit criteria and process, e.g. successful completion, step-down process to less intensive treatment programs, aftercare, discharge planning:

IFR CBTM Program Staff (Mentors or designated staff) will attend FMPs Plan of Care/Treatment Team meetings for Clients, as requested by FMP to re-assess and further develop the Client's service goals.

Program staff will request that the client's Family Advocate/Care Manager provide adequate notice (at least 90 days) when there is an intention to terminate Mentoring Services. The Family Advocate/Care Manager is requested to inform the Mentor Supervisor directly of any changes in the direction or frequency of mentoring services in writing. In turn, the Mentor Supervisor will inform the client's Family Advocate/Care Manager directly of any intention to terminate mentoring services.

After 12 months of mentoring, IFR staff, in collaboration with FMP staff, will meet to assess whether there is a continued need for mentoring services or if a transition plan should be developed so that the client may step down into community services. Step-down activities will begin upon notice of termination with the focused attention to emancipation and empowerment.

E. Program's staffing: Please refer to Appendix B.

#### 7. Objectives and Measurements

The Program Manager, Mentor Supervisor(s), Mentors, FMP Family Advocates/Care Managers, and Administrative Support Staff will participate in data collection/evaluation activities.

- Direct services will be measured by an ongoing collection of data. Instruments used will be weekly Activity Reports and Monthly Progress Reports, which will be submitted to the child/youth's FMP Family Advocate/Care Manager, who will assess the Mentor's role in maintaining the stability of the client.
- CBTM Staff will develop, distribute and compile the results of an annual Parent and Client Satisfaction Survey, with the intent to identify areas for program development.

Appendix A+10° Contract Term: 7/1/2010 through 9/30/2010°

Contractor: Instituto Familiar de la Raza Inc. Program: Community-Based Therapeutic Mentoring

City Fiscal Year: 2010 - 2011

CBTM Staff will provide Mentors with training sessions every other month, including an initial orientation addressing the Policies & Procedures Manual, child/adolescent development, mental health issues, and psychosocial risk factors in a culturally competent manner. Training evaluation surveys will be collected and analyzed after each training to assess the relevance, and effectiveness of the training component

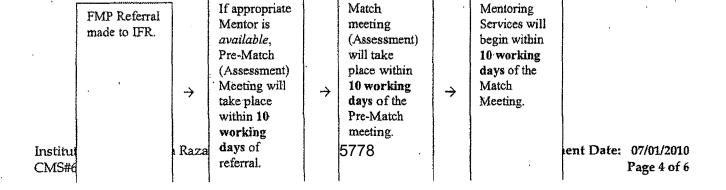

- CBTM Staff will notify FMP of service utilization patterns, implementation issues, and service productivity
  levels through a quarterly program meeting. Data will be collected through monthly billing records and activity
  reports and will be compiled and analyzed through the program database.
- Mentors will receive clinical supervision on a bi-weekly-monthly basis by Mentor Supervisors who will utilize
  an approach based upon the theories of psychosocial theory and multicultural personality development. In
  certain cases, Mentors will receive clinical direction from, and support the methodology utilized by, the child's
  primary therapist. Mentor Supervisors will direct Mentors by providing reinforcement of the child's cultural
  strengths and identity, with an awareness of social factors.
- CBTM staff will meet with FMP Family Advocate/Care Manager on as needed basis/as requested to monitor
  progress towards mentoring goals and plan for the healthy transition of each client. A collaborative approach
  will be utilized to include the Mentor as an integral member of the child's team of providers, as he/she will
  receive information from and provide feedback to others involved in the treatment of the client.

In addition, the CTBM Program agrees to provide service as outlined in the Program Procedures Manual, which includes:

- A definition of the priority target population
- A definition of the referral process
- An understanding of individual goals based upon the child's Plan of Care
- Initial and ongoing training to Mentors
- Supervision provided to Mentors
- An understanding of the role of the FMP Family Advocate/Care Manager and agency procedures; and
- A system of accountability based upon the biweekly Activities Reports, monthly Expense Reports, Monthly Progress Reports, and evaluation outcomes.

#### A. Performance/Outcome Objectives

- CBTM will serve at least 13 children/youth/adults referred by FMP identified as SED. This objective will be measured by data maintained by CBTM Program and FMP.
- Out of the total number of clients and family members who utilize mentoring services, 75% of those who
  terminate from the Program will have made continuous progress towards or achieved the goals outlined in the
  child's Plan of Care, as determined by the Monthly Progress Reports and FMP Family Advocate/Care
  Manager, and by the Meutoring Program's internal Progress Reports.
- Out of the total number of clients and family members who utilize mentoring services, 70% will show a
  favorable relationship with their Mentor and approval of activities, as determined by Parent and Client
  Satisfaction Surveys.
- IFR Mentoring Program will meet the following timeline in the provision of access to services for Clients referred:

Contractor: Instituto Familiar de Raza Inc.

Program: Community-Based The, -peutic Mentoring

City Fiscal Year: 2010 - 2011

Appendix A-10 Contract . .m: 7/1/2010 through 9/30/2010

12 Months of After 12 Mentoring months of Mentoring. (Mentors will be invited to case will be **FMP** reassessed for Treatment continued Team need for meetings services or each quarter stepped down for on-going to community Plan of Care services. Development

B. Other Measurable Objectives

80% of active mentors will participate in service provision, supervision, training, appropriate documentation activities and other program activities, 80% of the available opportunities throughout the year, as specified in the mentor contract which will be evaluated through an annual performance evaluation.

#### C. Evaluation of Objectives

See above (7A and B) for evaluation procedures.

Electronic Recordkeeping and Data Collection Requirements: IFR has sufficient computing resources for staff to support direct real time data entry and documentation that provide for work flow management, data collection and documentation. Resources include hardware, software, connectivity, and IT support services.

## 8. Continuous Quality Improvement

The IFR Community-Based Therapeutic Mentoring Program agrees to abide by the quality assurance (QA) requirements, as they are developed and implemented by FMP. IFR quality assurance activities include scheduled supervision, reporting and documentation, and ongoing training of Mentors. The CBTM Program also agrees to participate in the development and implementation of QA, HIPPA, and Cultural Competency requirements, as requested by CBHS.

#### HIPPA Compliance Procedures:

- A. DPH Privacy Policy is integrated in the contractor's governing policies and procedures regarding patient privacy and confidentiality. The Executive Director will ensure that the policy and procedures as outlined in the DPH Privacy Policy have been adopted, approved, and implemented.
- B. All staff who handles patient health information is trained (including new hires) and annually updated in the agency privacy/confidentiality policies and procedures. The Program Manager will ensure that documentation shows that all staff has been trained.
- C. The contractor's Privacy Notice is written and provided to all clients served by the organization in their native language. If the document is not available in the client's relevant language, verbal translation is provided. The Program Manager will ensure that documentation is in the patient's chart, at the time of the chart review, that the patient was "notified."

Instituto Familiar De La Raza CMS#6960 Document Date: 07/01/2010

Page 5 of 6

Contractor: Instituto Familiar d. Raza Inc.
Program: Community-Based Therapeutic Mentoring

City Fiscal Year: 2010 - 2011

Appendix A-10
Contract Term: 7/1/2010 through 9/30/2010

- D. A Summary of the above Privacy Notice is posted and visible in registration and common areas of the organization. The Program Manager will ensure the presence and visibility of posting in said areas.
- E. Each disclosure of a client's health information for the purposes other than treatment, payment, or operations is documented. The Program Manager will ensure that documentation is in the client's chart, at the time of the chart review.
- F. Authorization for disclosure of a client's health information is obtained prior to release: (1) to provider outside the DPH Safety Net; or (2) from a substance abuse program. The Program Manager will ensure that an authorization form that meets the requirements of HIPAA is signed and in the client's chart during the next chart review.

# Appendix B Calculation of Charges

#### 1. Method of Payment

# **FFS Option**

A. Contractor shall submit monthly invoices by the fifteenth (15th) working day of each month, in the format attached in Appendix F, based upon the number of units of service that were delivered in the immediately preceding month. All deliverables associated with the Services listed in Section 2 of Appendix A, times the unit rate as shown in the Program Budgets listed in Section 2 of Appendix B shall be reported on the invoice(s) each month

#### **Actual Cost**

A. Contractor shall submit monthly invoices in the format attached in Appendix F, by the fifteenth (15th) working day of each month for reimbursement of the actual costs for Services of the immediately preceding month. All costs associated with the Services shall be reported on the invoice each month. All costs incurred under this Agreement shall be due and payable only after Services have been rendered and in no case in advance of such Services.

## 2. Program Budgets and Final Invoice

A. Program Budgets are listed below and are attached hereto.

**Budget Summary** 

Appendix B-1 Adult Outpatient Behavioral Health Clinic

Appendix B-1a Addendum to the CBHS Adult Mental/Behavioral Health Contract for FY 10-11

Appendix B-2 Child Outpatient Behavioral Health Services (General Fund)

Appendix B-2a Child Outpatient Behavioral Health Services (EDSDT)

Appendix B-3 Early Intervention Program Child Care Mental Health Consultation Initiative

Appendix B-4 Mental Health Consultation/SED Classroom

Appendix B-5 Early Intervention Program Consultation, Affirmation, Resources, Education

Appendix B-6 Early Intervention Program Child Care Mental Health Consultation Initiative

Appendix B-7 La Cultura Cura Program - Trauma Recovery and Healing Services

Appendix B-8 La Cultura Cura Intensive Home Based Supervision/EPSDT

Appendix B-9 Indigena Health and Wellness Collaborative

Appendix B-10 Community-Based Therapeutic Mentoring

B. Contractor understands that, of the maximum dollar obligation listed in Section 5 of this Agreement, \$1,523,482 is included as a contingency amount and is neither to be used in Program Budgets attached to this Appendix, or available to Contractor without a modification to this Agreement executed in the same manner as this Agreement or a revision to the Program Budgets of Appendix B, which has been approved by Contract Administrator. Contractor further understands that no payment of any portion of this contingency amount will be made unless and until such modification or budget revision has been fully approved and executed in accordance with applicable City and Department of Public Health laws, regulations and policies/procedures and certification as to the availability of funds by Controller. Contractor agrees to fully comply with these laws, regulations, and policies/procedures.

The maximum dollar for each term shall be as follows:

Term			Amount
- 07/01/2010-06/30/2011	•		\$ 2,372,566
07/01/2011-06/30/2012			\$ 2,294,025
07/01/2012-06/30/2013		•	\$ 2,294,025
07/01/2013-06/30/2014		•	\$ 2,294,025

CMS# 6960

]

Instituto Familiar De La Raza July 1, 2010

## 07/01/2014-06/30/2015 07/01/2015-12/31/2015

\$ 2,294,025 \$ 1,147,013 Contingency \$ 1,523,482 Total \$14,219,161

- C. Contractor agrees to comply with its Program Budgets of Appendix B in the provision of Services. Changes to the budget that do not increase or reduce the maximum dollar obligation of the City are subject to the provisions of the Department of Public Health Policy/Procedure Regarding Contract Budget Changes. Contractor agrees to comply fully with that policy/procedure
- D. Contractor further understands that \$1,211,814 of the period from July 1, 2010 through December 31, 2010 in the Contract Number BPHM07000052 is included in this Agreement. Upon execution of this Agreement, all the terms under this Agreement will supersede the Contract Number BPHM07000052 for the Fiscal Year 2010-11.
- E. Upon the effective date of this Agreement, contingent upon prior approval by the CITY'S Department of Public Health of an invoice or claim submitted by Contractor, -CITY agrees to make an initial payment to the CONTRACTOR of Four Hundred Fifty One Thousand Seventy Two Dollars (\$451,072). CONTRACTOR agrees that a reduction shall be made from monthly payments to CONTRACTOR equal to one tenth (1/10) of the initial payment for the period October 1, 2010 through March 31, 2011. Any termination of this Agreement, whether for cause or for convenience, will result in the total outstanding amount of the advance being due and payable to the CITY within thirty (30) calendar days following written notice of termination from the CITY.

#### FFS option

F. A final closing invoice, clearly marked "FINAL," shall be submitted no later than forty-five (45) calendar days following the closing date of the Agreement, and shall include only those Services rendered during the referenced period of performance. If Services are not invoiced during this period, all unexpended funding set aside for this Agreement will revert to City. City's final reimbursement to the Contractor at the close of the Agreement period shall be adjusted to conform to actual units certified multiplied by the unit rates identified in the Program Budgets attached hereto, and shall not exceed the total amount authorized and certified for this Agreement.

#### **Actual Cost Option**

F. A final closing invoice, clearly marked "FINAL," shall be submitted no later than forty-five (45) calendar days following the closing date of the Agreement, and shall include only those costs incurred during the referenced period of performance. If costs are not invoiced during this period, all unexpended funding set aside for this Agreement will revert to City.

## THIS PAGE IS LEFT BLANK AND IS NOT BEING USED

#### Appendix D Additional Terms

#### I. HIPAA

The parties acknowledge that CITY is a Covered Entity as defined in the Healthcare Insurance Portability and
Accountability Act of 1996 ("HIPAA") and is therefore required to abide by the Privacy Rule contained therein.
The parties further agree that CONTRACTOR falls within the following definition under the HIPAA regulations:
A Covered Entity subject to LYTP A A and the Brivery Puls contained therein, on

	A Covered Entity subject to HIPAA and the Privacy Rule contained therein; or	
$\boxtimes$	A Business Associate subject to the terms set forth in Appendix E;	•
	Not Applicable, CONTRACTOR will not have access to Protected Health Information	ition

#### 2. THIRD PARTY BENEFICIARIES

No third parties are intended by the parties hereto to be third party beneficiaries under this Agreement, and no action to enforce the terms of this Agreement may be brought against either party by any person who is not a party hereto.

#### 3. CERTIFICATION REGARDING LOBBYING

CONTRACTOR certifies to the best of its knowledge and belief that:

- A. No federally appropriated funds have been paid or will be paid, by or on behalf of CONTRACTOR to any persons for influencing or attempting to influence an officer or an employee of any agency, a member of Congress, an officer or employee of Congress, or an employee of a member of Congress in connection with the awarding of any federal contract, the making of any federal grant, the entering into of any federal contract, grant, loan or cooperative agreement, or the extension, continuation, renewal, amendment, or modification of a federal contract, grant, loan or cooperative agreement.
- B. If any funds other than federally appropriated funds have been paid or will be paid to any persons for influencing or attempting to influence an officer or employee of an agency, a member of Congress, an officer or employee of Congress, or an employee of a member of Congress in connection with this federal contract, grant, loan or cooperative agreement, CONTRACTOR shall complete and submit Standard Form -111, "Disclosure Form to Report Lobbying," in accordance with the form's instructions.
- C. CONTRACTOR shall require the language of this certification be included in the award documents for all subawards at all tiers, (including subcontracts, subgrants, and contracts under grants, loans and cooperation agreements) and that all subrecipients shall certify and disclose accordingly.
- D. This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by Section 1352, Title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such failure.

#### 4. MATERIALS REVIEW

CONTRACTOR agrees that all materials, including without limitation print, audio, video, and electronic materials, developed, produced, or distributed by personnel or with funding under this Agreement shall be subject to review and approval by the Contract Administrator prior to such production, development or distribution.

CONTRACTOR agrees to provide such materials sufficiently in advance of any deadlines to allow for adequate review. CITY agrees to conduct the review in a manner which does not impose unreasonable delays on CONTRACTOR'S work, which may include review by members of target communities.

#### Appendix E

#### BUSINESS ASSOCIATE ADDENDUM

This Business Associate Addendum is entered into to address the privacy and security protections for certain information as required by federal law. City and County of San Francisco is the Covered Entity and is referred to below as "CE". The CONTRACTOR is the Business Associate and is referred to below as "BA".

#### RECITALS

- A. CE wishes to disclose certain information to BA pursuant to the terms of the Contract, some of which may constitute Protected Health Information ("PHI") (defined below).
- B. CE and BA intend to protect the privacy and provide for the security of PHI disclosed to BA pursuant to the Contract in compliance with the Health Insurance Portability and Accountability Act of 1996, Public Law 104-191 ("HIPAA"), the Health Information Technology for Economic and Clinical Health Act, Public Law 111-005 ("the HITECH Act"), and regulations promulgated thereunder by the U.S. Department of Health and Human Services (the "HIPAA Regulations") and other applicable laws.
- C. As part of the HIPAA Regulations, the Privacy Rule and the Security Rule (defined below) require CE to enter into a contract containing specific requirements with BA prior to the disclosure of PHI, as set forth in, but not limited to, Title 45, Sections 164.314(a), 164.502(e) and 164.504(e) of the Code of Federal Regulations ("C.F.R.") and contained in this Addendum.

In consideration of the mutual promises below and the exchange of information pursuant to this Addendum, the parties agree as follows:

### 1. Definitions

- a. Breach shall have the meaning given to such term under the HITECH Act [42 U.S.C. Section 17921].
- b. Business Associate shall have the meaning given to such term under the Privacy Rule, the Security Rule, and the HITECH Act, including, but not limited to, 42 U.S.C. Section 17938 and 45 C.F.R. Section 160.103.
- c. Covered Entity shall have the meaning given to such term under the Privacy Rule and the Security Rule, including, but not limited to, 45 C.F.R. Section 160,103.
- d. Data Aggregation shall have the meaning given to such term under the Privacy Rule, including, but not limited to, 45 C.F.R. Section 164.501.
- e. Designated Record Set shall have the meaning given to such term under the Privacy Rule, including, but not limited to, 45 C.F.R. Section 164.501.
- f. Electronic Protected Health Information means Protected Health Information that is maintained in or transmitted by electronic media.
- g. Electronic Health Record shall have the meaning given to such term in the HITECT Act, including, but not limited to, 42 U.S.C. Section 17921.
- h. Health Care Operations shall have the meaning given to such term under the Privacy Rule, including, but not limited to, 45 C.F.R. Section 164.501.

CMS# 6960

- Privacy Rule shall mean the HIPAA Regulation that is codified at 45 C.F.F. Parts 160 and 164, Subparts A and E.
- j. Protected Health Information or PHI means any information, whether oral or recorded in any form or medium: (i) that relates to the past, present or future physical or mental condition of an individual; the provision of health care to an individual; and (ii) that identifies the individual or with respect to where there is a reasonable basis to believe the information can be used to identify the individual, and shall have the meaning given to such term under the Privacy Rule, including, but not limited to, 45 C.F.R. Section 164.501. Protected Health Information includes Electronic Protected Health Information [45 C.F.R. Sections 160.103, 164.501].
- k. Protected Information shall mean PHI provided by CE to BA or created or received by BA on CE's behalf.
- Security Rule shall mean the HIPAA Regulation that is codified at 45 C.F.R. Parts 160 and 164, Subparts A and C.
- m. Unsecured PHI shall have the meaning given to such term under the HITECH Act and any guidance issued pursuant to such Act including, but not limited to, 42 U.S.C. Section 17932(h).

#### 2. Obligations of Business Associate

- a. Permitted Uses. BA shall not use Protected Information except for the purpose of performing BA's obligations under the Contract and as permitted under the Contract and Addendum. Further, BA shall not use Protected Information in any manner that would constitute a violation of the Privacy Rule or the HITECH Act if so used by CE. However, BA may use Protected Information (i) for the proper management and administration of BA, (ii) to carry out the legal responsibilities of BA, or (iii) for Data Aggregation purposes for the Health Care Operations of CE [45 C.F.R. Sections 164.504(e)(2)(i), 164.504(e)(2)(ii)(A) and 164.504(e)(4)(i)].
- b. Permitted Disclosures. BA shall not disclose Protected Information except for the purpose of performing BA's obligations under the Contract and as permitted under the Contract and Addendum. BA shall not disclose Protected Information in any manner that would constitute a violation of the Privacy Rule or the HITECH Act if so disclosed by CE. However, BA may disclose Protected Information (i) for the proper management and administration of BA; (ii) to carry out the legal responsibilities of BA; (iii) as required by law; or (iv) for Data Aggregation purposes for the Health Care Operations of CE. If BA discloses Protected Information to a third party, BA must obtain, prior to making any such disclosure, (i) reasonable written assurances from such third party that such Protected Information will be held confidential as provided pursuant to this Addendum and only disclosed as required by law or for the purposes for which it was disclosed to such third party, and (ii) a written agreement from such third party to immediately notify BA of any breaches of confidentiality of the Protected Information, to the extent it has obtained knowledge of such breach [42 U.S.C. Section 17932; 45 C.F.R. Sections 164.504(e)(2)(i), 164.504(e)(2)(i)(B), 164.504(e)(2)(ii)(A) and 164.504(e)(4)(ii)].
- c. Prohibited Uses and Disclosures. BA shall not use or disclose Protected Information for fundraising or marketing purposes. BA shall not disclose Protected Information to a health plan for payment or health care operations purposes if the patient has requested this special restriction, and has paid out of pocket in full for the health care item or service to which the PHI solely relates 42 U.S.C. Section 17935(a). BA shall not directly or indirectly receive remuneration in exchange for Protected Information, except with the prior written consent of CE and as permitted by the HITECH Act, 42 U.S.C. Section 17935(d)(2); however, this prohibition shall not affect payment by CE to BA for services provided pursuant to the Contract.

- d. Appropriate Safeguards. BA shall implement appropriate safeguards as are necessary to prevent the use or disclosure of Protected Information otherwise than as permitted by the Contract or Addendum, including, but not limited to, administrative, physical and technical safeguards that reasonably and appropriately protect the confidentiality, integrity and availability of the Protected Information, in accordance with 45 C.F.R. Section 164.308(b)]. BA shall comply with the policies and procedures and documentation requirements of the HIPAA Security Rule, including, but not limited to, 45 C.F.R. Section 164.316 [42 U.S.C. Section 17931]
- e. Reporting of Improper Access, Use or Disclosure. BA shall report to CE in writing of any access, use or disclosure of Protected Information not permitted by the Contract and Addendum, and any Breach of Unsecured PHI of which it becomes aware without unreasonable delay and in no case later than 10 calendar days after discovery [42 U.S.C. Section 17921; 45 C.F.R. Section 164.504(e)(2)(ii)(C); 45 C.R.R. Section 164.308(b)].
- Business Associate's Agents. BA shall ensure that any agents, including subcontractors, to whom it provides Protected Information, agree in writing to the same restrictions and conditions that apply to BA with respect to such PHI. If BA creates, maintains, receives or transmits electronic PHI on behalf of CE, then BA shall implement the safeguards required by paragraph c above with respect to Electronic PHI [45 C.F.R. Section 164.504(e)(2)(ii)(D); 45 C.F.R. Section 164.308(b)]. BA shall implement and maintain sanctions against agents and subcontractors that violate such restrictions and conditions and shall mitigate the effects of any such violation (see 45 C.F.R. Sections 164.530(f) and 164.530(e)(1)).
- g. Access to Protected Information. BA shall make Protected Information maintained by BA or its agents or subcontractors available to CE for inspection and copying within ten (10) days of a request by CE to enable CE to fulfill its obligations under the Privacy Rule, including, but not limited to, 45 C.F.R. Section 164.524 [45 C.F.R. Section 164.504(e)(2)(ii)(E)]. If BA maintains an Electronic Health Record, BA shall provide such information in electronic format to enable CE to fulfill its obligations under the HITECH Act, including, but not limited to, 42 U.S.C. Section 17935(e).
- h. Amendment of PHI. Within ten (10) days of receipt of a request from CE for an amendment of Protected Information or a record about an individual contained in a Designated Record Set, BA or its agents or subcontractors shall make such Protected Information available to CE for amendment and incorporate any such amendment to enable CE to fulfill its obligation under the Privacy Rule, including, but not limited to, 45 C.F.R. Section 164.526. If any individual requests an amendment of Protected Information directly from BA or its agents or subcontractors, BA must notify CE in writing within five (5) days of the request. Any approval or denial of amendment of Protected Information maintained by BA or its agents or subcontractors shall be the responsibility of CE [45 C.F.R. Section 164.504(e)(2)(ii)(F)].
- Accounting Rights. Within ten (10)calendar days of notice by CE of a request for an accounting for disclosures of Protected Information or upon any disclosure of Protected Information for which CE is required to account to an individual, BA and its agents or subcontractors shall make available to CE the information required to provide an accounting of disclosures to enable CE to fulfill its obligations under the Privacy Rule, including, but not limited to, 45 C.F.R. Section 164.528, and the HITECH Act, including but not limited to 42 U.S.C. Section 17935(c), as determined by CE. BA agrees to implement a process that allows for an accounting to be collected and maintained by BA and its agents or subcontractors for at least six (6) years prior to the request. However, accounting of disclosures from an Electronic Health Record for treatment, payment or health care operations purposes are required to be collected and maintained for only three (3) years prior to the request, and only to the extent that BA maintains an electronic health record and is subject to this requirement. At a minimum, the information collected and maintained shall include: (i) the date of disclosure; (ii) the name of the entity or person who received Protected Information and, if known, the address of the entity or person; (iii) a brief description of Protected Information disclosed; and (iv) a brief statement of purpose of the disclosure that reasonably informs the individual of the basis for the disclosure, or a copy of the

individual's authorization, or a copy of the written request for disclosure. In the event that the request for an accounting is delivered directly to BA or its agents or subcontractors, BA shall within five (5) calendar days of a request forward it to CE in writing. It shall be CE's responsibility to prepare and deliver any such accounting requested. BA shall not disclose any Protected Information except as set forth in Sections 2.b. of this Addendum [45 C.F.R. Sections 164,504(e)(2)(ii)(G) and 165.528]. The provisions of this subparagraph h shall survive the termination of this Agreement.

- j. Governmental Access to Records. BA shall make its internal practices, books and records relating to the use and disclosure of Protected Information available to CE and to the Secretary of the U.S. Department of Health and Human Services(the "Secretary") for purposes of determining BA's compliance with the Privacy Rule [45 C.F.R. Section 164.504(e)(2)(ii)(H)]. BA shall provide to CE a copy of any Protected Information that BA provides to the Secretary concurrently with providing such Protected Information to the Secretary.
- k. Minimum Necessary. BA (and its agents or subcontractors) shall request, use and disclose only the minimum amount of Protected Information necessary to accomplish the purpose of the request, use or disclosure. [42 U.S.C. Section 17935(b); 45 C.F.R. Section 164.514(d)(3)] BA understands and agrees that the definition of "minimum necessary" is in flux and shall keep itself informed of guidance issued by the Secretary with respect to what constitutes "minimum necessary."
- Data Ownership. BA acknowledges that BA has no ownership rights with respect to the Protected Information.
- m. Business Associate's Insurance. BA shall maintain a sufficient amount of insurance to adequately address risks associated with BA's use and disclosure of Protected Information under this Addendum.
- n. Notification of Breach. During the term of the Contract, BA shall notify CE within twenty-four (24) hours of any suspected or actual breach of security, intrusion or unauthorized use or disclosure of PHI of which BA becomes aware and/or any actual or suspected use or disclosure of data in violation of any applicable federal or state laws or regulations. BA shall take (i) prompt corrective action to cure any such deficiencies and (ii) any action pertaining to such unauthorized disclosure required by applicable federal and state laws and regulations.
- o. Breach Pattern or Practice by Covered Entity. Pursuant to 42 U.S.C. Section 17934(b), if the BA knows of a pattern of activity or practice of the CE that constitutes a material breach or violation of the CE's obligations under the Contract or Addendum or other arrangement, the BA must take reasonable steps to cure the breach or end the violation. If the steps are unsuccessful, the BA must terminate the Contract or other arrangement if feasible, or if termination is not feasible, report the problem to the Secretary of DHHS. BA shall provide written notice to CE of any pattern of activity or practice of the CE that BA believes constitutes a material breach or violation of the CE's obligations under the Contract or Addendum or other arrangement within five (5) calendar days of discovery and shall meet with CE to discuss and attempt to resolve the problem as one of the reasonable steps to cure the breach or end the violation.
- p. Audits, Inspection and Enforcement. Within ten (10) calendar days of a written request by CE, BA and its agents or subcontractors shall allow CE to conduct a reasonable inspection of the facilities, systems, books, records, agreements, policies and procedures relating to the use or disclosure of Protected Information pursuant to this Addendum for the purpose of determining whether BA has complied with this Addendum; provided, however, that (i) BA and CE shall mutually agree in advance upon the scope, timing and location of such an inspection, (ii) CE shall protect the confidentiality of all confidential and proprietary information of BA to which CE has access during the course of such inspection; and (iii) CE shall execute a nondisclosure agreement, upon terms mutually agreed upon by the parties, if requested by BA. The fact that CE inspects, or fails to inspect, or has the right to inspect, BA's facilities, systems, books, records, agreements, policies and procedures does not relieve BA of its responsibility to comply with this Addendum,

agree that CE must receive satisfactory written assurance from BA that BA will adequately safeguard all Protected Information. Upon the request of either party, the other party agrees to promptly enter into negotiations concerning the terms of an amendment to this Addendum embodying written assurances consistent with the standards and requirements of HIPAA, the HITECH Act, the Privacy Rule, the Security Rule or other applicable laws. CE may terminate the Contract upon thirty (30) calendar days written notice in the event (i) BA does not promptly enter into negotiations to amend the Contract or Addendum when requested by CE pursuant to this Section or (ii) BA does not enter into an amendment to the Contract or Addendum providing assurances regarding the safeguarding of PHI that CE, in its sole discretion, deems sufficient to satisfy the standards and requirements of applicable laws.

### 8. Assistance in Litigation or Administrative Proceedings

BA shall make itself, and any subcontractors, employees or agents assisting BA in the performance of its obligations under the Contract or Addendum, available to CE, at no cost to CE, to testify as witnesses, or otherwise, in the event of litigation or administrative proceedings being commenced against CE, its directors, officers or employees based upon a claimed violation of HIPAA, the HITECH Act, the Privacy Rule, the Security Rule, or other laws relating to security and privacy, except where BA or its subcontractor, employee or agent is a named adverse party.

### 9. No Third-Party Beneficiaries

Nothing express or implied in the Contract or Addendum is intended to confer, nor shall anything herein confer, upon any person other than CE, BA and their respective successors or assigns, any rights, remedies, obligations or liabilities whatsoever.

#### 10. Effect on Contract

Except as specifically required to implement the purposes of this Addendum, or to the extent inconsistent with this Addendum, all other terms of the Contract shall remain in force and effect.

### 11. Interpretation

The provisions of this Addendum shall prevail over any provisions in the Contract that may conflict or appear inconsistent with any provision in this Addendum. This Addendum and the Contract shall be interpreted as broadly as necessary to implement and comply with HIPAA, the HITECH Act, the Privacy Rule and the Security Rule. The parties agree that any ambiguity in this Addendum shall be resolved in favor of a meaning that complies and is consistent with HIPAA, the HITECH Act, the Privacy Rule and the Security Rule.

#### 12. Replaces and Supersedes Previous Business Associate Addendums or Agreements

This Business Associate Addendum replaces and supersedes any previous business associate addendums or agreements between the parties hereto.

# Dispute Resolution Procedure For Health and Human Services Nonprofit Contractors 9-96

#### Introduction

The City Nonprofit Contracting Task Force submitted its final report to the Board of Supervisors in June 2003. The report contains thirteen recommendations to streamline the City's contracting and monitoring process with health and human services nonprofits. These recommendations include: (1) consolidate contracts, (2) streamline contract approvals, (3) make timely payment, (4) create review/appellate process, (5) eliminate unnecessary requirements, (6) develop electronic processing, (7) create standardized and simplified forms, (8) establish accounting standards, (9) coordinate joint program monitoring, (10) develop standard monitoring protocols, (11) provide training for personnel, (12) conduct tiered assessments, and (13) fund cost of living increases. The report is available on the Task Force's website at <a href="http://www.sfgov.org/site/npcontractingtf">http://www.sfgov.org/site/npcontractingtf</a> index.asp?id=1270. The Board adopted the recommendations in February 2004. The Office of Contract Administration created a Review/Appellate Panel ("Panel") to oversee implementation of the report recommendations in January 2005.

The Board of Supervisors strongly recommends that departments establish a Dispute Resolution Procedure to address issues that have not been resolved administratively by other departmental remedies. The Panel has adopted the following procedure for City departments that have professional service grants and contracts with nonprofit health and human service providers. The Panel recommends that departments adopt this procedure as written (modified if necessary to reflect each department's structure and titles) and include it or make a reference to it in the contract. The Panel also recommends that departments distribute the finalized procedure to their nonprofit contractors. Any questions for concerns about this Dispute Resolution Procedure should be addressed to purchasing@sfgov.org.

### Dispute Resolution Procedure

. . . . .

The following Dispute Resolution Procedure provides a process to resolve any disputes or concerns relating to the administration of an awarded professional services grant or contract between the City and County of San Francisco and nonprofit health and human services contractors.

Contractors and City staff should first attempt to come to resolution informally through discussion and negotiation with the designated contact person in the department,

If informal discussion has failed to resolve the problem, contractors and departments should employ the following steps:

- Step I The contractor will submit a written statement of the concern or dispute addressed to the Contract/Program Manager who oversees the agreement in question. The writing should describe the nature of the concern or dispute, i.e., program, reporting, monitoring, budget, compliance or other concern. The Contract/Program Manager will investigate the concern with the appropriate department staff that are involved with the nonprofit agency's program, and will either convene a meeting with the contractor or provide a written response to the contractor within 10 working days.
- Step 2 Should the dispute or concern remain unresolved after the completion of Step 1, the contractor may request review by the Division or Department Head who supervises the Contract/Program Manager. This request shall be in writing and should describe why the concern is still unresolved and propose a solution that is satisfactory to the contractor. The Division or Department Head will consult with other Department and City staff as appropriate, and will provide a written determination of the resolution to the dispute or concern within 10 working days.
- Step 3 Should Steps 1 and 2 above not result in a determination of mutual agreement, the contractor may forward the dispute to the Executive Director of the Department or their designee. This dispute

CMS# 6960

Instituto Familiar De La Raza July 1, 2010 shall be in writing and describe both the nature of the dispute of concern and why the steps taken to date are not satisfactory to the contractor. The Department will respond in writing within 10 working days.

In addition to the above process, contractors have an additional forum available only for disputes that concern implementation of the thirteen policies and procedures recommended by the Nonprofit Contracting Task Force and adopted by the Board of Supervisors. These recommendations are designed to improve and streamline contracting, invoicing and monitoring procedures. For more information about the Task Force's recommendations, see the June 2003 report at <a href="http://www.sfgov.org/site/npcontractingtf">http://www.sfgov.org/site/npcontractingtf</a> index.asp?id=1270.

The Review/Appellate Panel oversees the implementation of the Task Force report. The Panel is composed of both City and nonprofit representatives. The Panel invites contractors to submit concerns about a department's implementation of the policies and procedures. Contractors can notify the Panel after Step 2. However, the Panel will not review the request until all three steps are exhausted. This review is limited to a concern regarding a department's implementation of the policies and procedures in a manner which does not improve and streamline the contracting process. This review is not intended to resolve substantive disputes under the contract such as change orders, scope, term, etc. The contractor must submit the request in writing to purchasing@sfgov.org. This request shall describe both the nature of the concern and why the process to date is not satisfactory to the contractor. Once all steps are exhausted and upon receipt of the written request, the Panel will review and make recommendations regarding any necessary changes to the policies and procedures or to a department's administration of policies and procedures.

#### Appendix H

### Emergency Response

CONTRACTOR will develop and maintain an Agency Disaster and Emergency Response Plan containing Site Specific Emergency Response Plan(s) for each of its service sites. The agency-wide plan should address disaster coordination between and among service sites. CONTRACTOR will update the Agency/site(s) plan as needed and CONTRACTOR will train all employees regarding the provisions of the plan for their Agency/site(s). CONTRACTOR will attest on its annual Community Programs' Contractor Declaration of Compliance whether it has developed and maintained an Agency Disaster and Emergency Response Plan, including a site specific emergency response plan for each of its service sites. CONTRACTOR is advised that Community Programs Contract Compliance Section staff will review these plans during a compliance site review. Information should be kept in an Agency/Program Administrative Binder, along with other contractual documentation requirements for easy accessibility and inspection.

In a declared emergency, CONTRACTOR'S employees shall become emergency workers and participate in the emergency response of Community Programs, Department of Public Health. Contractors are required to identify and keep Community Programs staff informed as to which two staff members will serve as CONTRACTOR'S prime contacts with Community Programs in the event of a declared emergency.

### CERTIFICATE OF LIABILITY INSURANCE

DATE (MM/DD/YYYY) 09/01/10

THIS CERTIFICATE IS ISSUED AS A MATTER OF INFORMATION ONLY AND CONFERS NO RIGHTS UPON THE CERTIFICATE HOLDER. THIS CERTIFICATE DOES NOT AFFIRMATIVELY OR NEGATIVELY AMEND, EXTEND OR ALTER THE COVERAGE AFFORDED BY THE POLICIES BELOW. THIS CERTIFICATE OF INSURANCE DOES NOT CONSTITUTE A CONTRACT BETWEEN THE ISSUING INSURER(S), AUTHORIZED REPRESENTATIVE OR PRODUCER, AND THE CERTIFICATE HOLDER.

IMPORTANT: If the certificate holder is an ADDITIONAL INSURED, the policy(ies) must be endorsed. If SUBROGATION IS WAIVED, subject to the terms and conditions of the policy, certain policies may require an endorsement. A statement on this certificate does not confer rights to the certificate holder in lieu of such endorsement(s).

### LIABILITY PLUS ENDORSEMENT

This endorsement modifies insurance provided under the following:

COMMERCIAL GENERAL LIABILITY COVERAGE PART

SCHEDULE

Instituto Familiar de la Raza

24CC284457-10

# ADDITIONAL INSURED - BY WRITTEN CONTRACT, AGREEMENT OR PERMIT, OR SCHEDULE

The following paragraph is added to WHO IS AN -- INSURED (Section II);

- Any person or organization shown in the Schedule or for whom you are required by written contract, agreement or permit to provide insurance is an insured, subject to the following additional provisions:
  - a. The contract, agreement or permit must be in effect during the policy period shown in the Declarations, and must have been executed prior to the "bodily injury," "property damage," "personal and advertising injury."
  - The person or organization added as an insured by this endorsement is an insured only to the extent you are held liable due to:

- (1) The ownership, maintenance of use of that part of premises you own, rent, lease or occupy, subject to the following additional provisions:
  - (a) This insurance does not apply to any "occurrence" which takes place after you cease to be a tenant in any premises leased to or rented to you;
  - (b) This insurance does not apply to any structural alterations, new construction or demolition operations performed by or on behalf of the person or organization added as an insured;
- (2) Your ongoing operations for that insured, whether the work is performed by you or for you:

CG 76 35 09 05

Salece and the Salece legip are registered transmiss of Salece Corporation Page 1 of 4

C-AC-0C-PRINTEDI-0571-450.3-0

- (3) The maintenance, operation or use by you of equipment leased to you by such person or organization, subject to the following additional provisions:
  - (a) This insurance does not apply to any "occurrence" which takes place after the equipment lease expires;
  - (b) This insurance does not apply to bodily injury" or "property damage" ansing out of the sole negligence of such person or organization;
- (4) Permits issued by any state or political subdivision with respect to operations performed by you or on your behalf, subject to the following additional provision:

This insurance does not apply to "bodily injury," "properly damage," "personal and advertising injury" arising out of operations performed for the state or municipality.

- c. The insurance with respect to any architect, engineer, or surveyor added as an insured by this endorsement does not apply to "bodily injury," "property damage," "personal and adventising injury" arising out of the rendering of or the failure to render any professional services by or for you, including:
  - (1) The preparing, approving, or failing to prepare or approve maps, drawings, opinions, reports, surveys, change orders, designs or specifications; and
  - (2) Supervisory, inspection or engineering services.
- d. This insurance does not apply to "bodily injury" or "property damage" included within the "products-completed operations hazard."

A person's or organization's status as an insured under this endorsement ends when your operations for that insured are completed.

No coverage will be provided if, in the absence of this endorsement, no liability would be imposed by law on you. Coverage shall be limited to the extent of your negligence or fault according to the applicable principles of comparative fault.

NON-OWNED WATERCRAFT AND NON-OWNED AIRCRAFT LIABILITY

Exclusion g of COVERAGE A (Section I) is replaced by the following:

g. "Bodily injury" or "properly damage" ansing out of the ownership, maintenance use or entrustment to others of any aircraft, "auto" or water-craft owned or operated by or rented or loaned to any insured. Use includes operation and "loading or unloading."

This exclusion applies even if the claims against any insured allege negligence or other wrongdoing in the supervision, hring, employment, training or monitoring of others by that insured, if the "occurrence" which caused the "bodily injury" or "property damage" involved the ownership, maintenance, use or entrustment to others of any aircraft, "auto" or watercraft that is owned or operated by or rented or loaned to any insured.

This exclusion does not apply to:

- A watercraft while ashere on premises you own or rent;
- (2) A watercraft you do not own that is:
  - (a) Less than 52 feet long; and
  - (b) Not being used to carry persons or property for a charge;
- (3) Parking an "auto" on; or on the ways next to, premises you own or rent, provided the "auto" is not owned by or rented or loaned to you or the insured;
- (4) Liability assumed under any "insured confract" for the ownership, maintenance or use of aircraft or watercraft; or
- (5) "Bodily injury" or "property damage" arising out of the operation of any of the equipment listed in paragraph 1.(2) or 1.(3) of the definition of "mobile equipment."
- (6) An aircraft you do not own provided it is not operated by any insured

#### TENANTS' PROPERTY DAMAGE LIABILITY

When a Damage to Premises Rented to you Limit is shown in the Declarations, Exclusion J. of Coverage A. Section 11s replaced by the following:

1. Damage To Property

"Property damage" to:

(1) Property you own, rent, or occupy, including any costs or expenses incurred by you, or any other person, organization or entity, for repair, replacement, enhancement, restoration or maintenance of such property for any reason, including prevention of injury to a person or damage to another's property;

- (2) Premises you sell, give away or abandon, if the "property damage" arises but of any part of those premises;
- (3) Properly loaned to you;
- (4) Personal property in the care, custody or control of the insured;
- (5) That particular part of real property on which you or any contractors or subconfractors working directly or indirectly on your behalf are performing operations, if the 'property damage" arises out of those operations, or
- (6) That panicular part of any property that must be restored, repaired or replaced because "your work" was incorrectly performed on it.

Paragraphs (1), (3) and (4) of this exclusion do not apply to "property damage" (other than damage by fire) to premises, including the contents of such premises, rented to you. A separate limit of insurance applies to Damage To Premises Rented To You as described in Section III — Limits Of Insurance.

Paragraph (2) of this exclusion does not apply if the premises are "your work" and were never occupied, rented or held for rental by you.

Paragraphs (3), (4), (5) and (6) of this exclusion do not apply to liability assumed under a side-track agreement.

Paragraph (6) of this exclusion does not apply to "property damage" included in the "products-completed operations hazard."

Paragraph 6, of Section III is replaced by the following:

6. Subject to 5. above, the Damage To Property Limit is the most we will pay under Coverage A for damages because of "property damage" to any one premises, white rented to you, or in the case of damage by fire, white rented to you or temporarily occupied by you with permission of the owner.

The Tenants' Property Damage to Premises Rented to You limit is the higher of \$200,000 or the amount shown in the Declarations as Damage to Premises Rented to You Limit.

#### WHO IS AN INSURED - MANAGERS

The following is added to Paragraph 2.a. of WHO IS AN INSURED (Section II):

Paragraph (1) does not apply to executive officers, or to managers at the supervisory level or above

## SUPPLEMENTARY PAYMENTS - COVERAGES A AND B - BAIL BONDS

Paragraph 1.b. of SUPPLEMENTARY PAYMENTS — COVERAGES A AND B is replaced by the following

b. Up to \$2,000 for cost of bail bonds required because of accidents or traffic law violations arising out of the use of any vehicle to which the Bodily Injury Liability Coverage applies. We do not have to furnish these bonds.

# EMPLOYEES AS INSUREDS - HEALTH CARE SERVICES

Provision 2.a.(1) d. of WHO IS AN INSURED (Section II) is deleted, unless excluded by separate endorsement.

## EXTENDED COVERAGE FOR NEWLY ACQUIRED ORGANIZATIONS

Provision 4.a. of WHO IS AN INSURED (Section II) is replaced by the following:

 a. Coverage under this provision is afforded only until the end of the policy period.

#### EXTENDED "PROPERTY DAMAGE"

Exclusion a. of COVERAGE A. (Section I) is amended to read:

a. "Bodily injury" or "property damage" expected or intended from the standpoint of the insured. This exclusion does not apply to "bodily injury" or "property damage" resulting from the use of reasonable force to protect persons or property.

#### INCREASED MEDICAL EXPENSE LIMIT

The medical expense limit is amended to \$10,000.

#### KNOWLEDGE OF OCCURRENCE

The following is added to Paragraph 2. Duties in The Event Of Occurrence, Offense, Claim Or Suit of COMMERCIAL GENERAL LIABILITY CONDITIONS (Section IV):

Knowledge of an "occurrence," claim or "suit" by your agent, servant or employee shall not in itself constitute knowledge of the named insured unless an officer of the named insured has received such notice from the agent, servant or employee.

CG 76 35 09 05

Page 3 of 4

EF

# UNINTENTIONAL FAILURE TO DISCLOSE ALL HAZARDS

The following is added to Paragraph 6. Representations of COMMERCIAL GENERAL LIABILITY CONDITIONS (Section IV):

a you unintentionally fail to disclose any hazards exraing at the inception date of your policy, we will not deny coverage under this Coverage Form because of such failure. However, this provision does not affect our right to collect additional premium or exercise our right of cancellation or non-renewal.

#### LIBERALIZATION CLAUSE

The following paragraph is added to COMMERCIAL GENERAL LIABILITY CONDITIONS (Section IV):

10. If a revision to this Coverage Part, which would provide more inverage with no additional premium, becomes effective during the policy period in the state shown in the Declarations, your policy will automatically provide this additional coverage on the effective date of the revision.

# Amendment of the Whole in Committee. 12/1/10

FILE NO. 100927

RESOLUTION NO. 563-10

1	[Contract Approval - 18 Non-Profit Organizations and the University of California of San Francisco - Behavioral Health Services - \$674,388,406]					
2						
3	Resolution retroactively approving \$674,388,406 in contracts between the Department					
4	of Public Health and 18 non-profit organizations and the University of California at San					
, <b>5</b>	Francisco, to provide behavioral health services for the period of July 1, 2010 through					
6	December 31, 2015.					
7						
8	WHEREAS, The Department of Public Health has been charged with providing needed					
9	behavioral health services to residents of San Francisco; and,					
10	WHEREAS, The Department of Public Health has conducted Requests for Proposals					
11	or has obtained appropriate approvals for sole source contracts to provide these services; and					
12	WHEREAS, The San Francisco Charter Chapter 9.118 requires contracts over \$10					
13	million to be approved by the Board of Supervisors; and					
14	WHEREAS, Contracts with providers will exceed \$10 million for a total of					
15	\$674,388,406, as follows:					
16	Alternative Family Services, \$11,057,200;					
17	Asian American Recovery Services, \$11,025,858;					
18	Baker Places, \$69,445,722;					
19	Bayview Hunters Point Foundation for Community Improvement, \$27,451,857;					
20	Central City Hospitality House, \$15,923,347;					
21	Community Awareness and Treatment Services (CATS), \$12,464,714;					
22	Community Vocational Enterprises (CVE), \$9,705,509;					
23	Conard House, \$37,192,197;					
24	Edgewood Center for Children and Families, \$29,109,089;					
25	Family Service Agency, \$45,483,140;					

25

Hyde Street Community Service, \$17,162,210;
Instituto Familiar de la Raza, \$14,219,161;

Walden House, \$54,256,546;
Westside Community Mental Health Center, \$43,683,160;
Regents of the University of California, \$74,904,591; and

WHEREAS, The Department of Public Health estimates that the annual payment of some contracts may be increased over the original contract amount, as additional funds become available between July 2010 and the end of the contract term; now, be it

RESOLVED, That the Board of Supervisors hereby retroactively approves these contracts for the period of July 1, 2010, through December 31, 2015; and, be it

FURTHER RESOLVED, That the Board of Supervisors hereby authorizes the Director of the Department of Public Health and the Purchaser, on behalf of the City and County of San Francisco, to execute agreements with these contractors, as appropriate; and, be it

FURTHER RESOLVED, That the Board of Supervisors requires the Department of Public Health to submit a report each June with increases over the original contract amount, as additional funds become available during the term of contracts.

RECOMMENDED;

Mitchell Katz, M.D. Director of Health

APPROVED:

Mark Morewitz, Secretary to the Health Commission
