Department of Public Health (DPH)

EXECUTIVE SUMMARY

Legislative Objectives

 The proposed resolutions would amend four behavioral health services contracts between DPH and four non-profit organizations to (i) extend the contract terms for two years from December 31, 2015 to December 31, 2017, and (ii) increase the not-to-exceed amount of each contract.

Key Points

- In June 2015, DPH informed the Board of Supervisors of their intention to request twoyear contract extensions for their behavioral health services contracts in order to meet the requirements of the Affordable Care Act and the State Department of Health Care Services 1115 demonstration waiver regarding Medi-Cal organized drug delivery system.
- The extension period would allow DPH to have sufficient time to complete the planning process, issue new RFPs, and award new contracts for behavioral health services.

Fiscal Impact

- The current total not-to-exceed amount of the four contracts is \$38,495,982. DPH is requesting a total increase of \$13,385,008 in these contracts for a total contract not-to-exceed amount of \$51,880,990.
- The contract amounts for the two-year extension from January 1, 2016 through December 31, 2017 include contingencies of 12 percent and Cost of Living Adjustments (COLA) approved by the Board of Supervisors for FY 2015-16 and FY 2016-17.
- The Budget and Legislative Analyst found the requested increase for each of the four contracts to be reasonable, based on actual and projected contract expenditures.

Policy Consideration

DPH is now in the process of determining how to best align contracted services with the
requirements of the Affordable Care Act and the State Department of Health Care Services
1115 demonstration, and plans to issue Requests for Proposals (RFP) in approximately
March 2016. DPH considers the two-year contract extension to be necessary in order to
prepare multiple RFPs for behavioral health services, stagger the timing of the issuance of
these RFPs, and award new contracts, while preventing any break in service delivery.

Recommendation

Approve the proposed resolutions.

MANDATE STATEMENT

City Charter Section 9.118(b) states that any contract entered into by a department, board or commission that (1) has a term of more than ten years, (2) requires expenditures of \$10 million or more, or (3) requires a modification of more than \$500,000 is subject to Board of Supervisors approval.

BACKGROUND

In 2010, the Department of Public Health (DPH) awarded four behavioral health services contracts to four non-profit organizations including A Better Way, Inc., Larkin Street Youth Services, Oakes Children's Center, and the Regents of the University of California at San Francisco (UCSF), after completing a competitive Request for Proposals (RFP) process. Funding for the four contracts was a combination of (i) City General Funds, (ii) State Realignment and State General Funds, (iii) Federal Medi-Cal and Short Doyle Medi-Cal funds, and (iv) work orders. All four non-profit organizations currently have a contract term of five years and six months from July 1, 2010 through December 31, 2015. These contracts were not subject to Board of Supervisors approval because they were for less than \$10 million and 10 years.

In June 2015, DPH informed the Board of Supervisors of their intention to request two-year contract extensions for their behavioral health services contracts in order to meet the requirements of the Affordable Care Act. DPH has been involved in a planning process to optimize and integrate contracted community based services into DPH's San Francisco Health Network, an integrated service delivery system. The extension period would allow DPH to have sufficient time to complete the planning process, issue new RFPs, and award new contracts for behavioral health services.

DETAILS OF PROPOSED LEGISLATION

The proposed resolutions would amend four behavioral health services contracts between DPH and four non-profit organizations to (i) extend the contract terms for two years from December 31, 2015 to December 31, 2017, and (ii) increase the not-to-exceed amount of each contract as shown in Table 1 below.

The four non-profit organizations include A Better Way, Inc., Larkin Street Youth Services, Oakes Children's Center, and UCSF.

In addition to meeting new requirements for the Affordable Care Act, DPH must also comply with the State Department of Health Care Services 1115 demonstration waiver regarding Medi-Cal organized drug delivery system, which was approved by the State in August 2015. Ms. Michelle Ruggels, Director of the DPH Business Office, explained that DPH will need to make significant changes to the current substance abuse delivery system and in some cases, create new service models. DPH is now in the process of determining how to best align contracted

services with the requirements of the Affordable Care Act and the State Department of Health Care Services 1115 demonstration waiver.

FISCAL IMPACT

The current total not-to-exceed amount of the four contracts is \$38,495,982. DPH is requesting a total increase of \$13,385,008 in these contracts for a total contract not-to-exceed amount of \$51,880,990, as shown in the Table 1 below.

Table 1. Current and Proposed Contract Not-to-Exceed Amounts

Contractor	Item No.	Current Not-to Exceed Amount	Requested Increase	Revised Not-to Exceed Amount
A Better Way, Inc.	15-1029	\$9,982,914	\$4,132,394	\$14;115;308
Larkin Street Youth Services	15-1041	9,930,795	1,871,834	11,802,629
Oakes Children's Center	15-1042	9,276,533	4,370,003	13,646,536
The Regents of the University of California at San Francisco (Infant Parent Program)	15-1045	9,305,740	3,010,777	12/316/517
Total		\$38,495,982	\$13,385,008	\$51,880,990

Source: Department of Public Health staff.

The Budget and Legislative Analyst found the requested increase for each of the four contracts to be reasonable, based on actual and projected contract expenditures.

According to Ms. Ruggels, the contract amounts for the two-year extension from January 1, 2016 through December 31, 2017 include contingencies of 12 percent and Cost of Living Adjustments (COLA) approved by the Board of Supervisors for FY 2015-16 and FY 2016-17. Additionally, Oakes Children's Center, which provides therapy on-site to children in San Francisco's public schools, has had its contract increased to meet the increasing number of referrals by the school district. Finally, Larkin Street Youth Services received State Mental Health Services Funding to expand housing services to its clients.

POLICY CONSIDERATION

Ms. Ruggels advised that the purpose of extending the current contract period by two years until December 31, 2017 is to allow the Department to:

(a) Complete its planning process to identify any service model changes necessary to better meet the needs of the Department's integrated service delivery system, the San Francisco Health Network, in response to the implementation of the Affordable Care Act;

- (b) Finalize its plan for addressing the new requirements of the State Department of Health Care Services 1115 demonstration waiver (Drug Medi-Cal Organized Delivery System) approved by the State in August 2015, which will require significant changes to the current substance abuse delivery system, including entirely new service models; and
- (c) Prepare multiple RFPs for behavioral health services, stagger the timing of the issuance of these RFPs, and award new contracts, while preventing any break in service delivery.

DPH will finalize its RFP schedule, which is estimated to be completed by March 2016, pending the completion of an evaluation of community-based services that meet the requirements of the Affordable Care Act and the State's 1115 demonstration waiver.

According to Ms. Ruggels, DPH will prepare a schedule for the issuance of the multiple RFPs for behavioral health services that includes the timeline of the issuance of the RFPs, as well as the effective date of the new services. DPH will submit the new contracts to the Board of Supervisors for approval in accordance with Charter Section 9.118(b).

RECOMMENDATION

Approve the proposed resolutions.

 - o Criteria:

City Fiscal Year: 15-16

CMS#: 7020

Appendix A- 1 Term: 07/01/15 - 06/30/16

Clients are eligible for services if they 1) have an open case through Human Services Agency; 2) meet medical necessity and display behavioral health symptoms that can ameliorated by services; and 3) have EPSDT/San Francisco full-scope Medi-Cal coverage.

o Process:

Protective Social Workers (PSW) from HSA refer children and their families to FCMH who in turn refer eligible clients for outpatient mental health services. Once we receive the complete referral paperwork packet from FCMH, we connect with the PSW and family to begin our services.

C. <u>Service delivery model:</u>

o Treatment modalities:

Within an overarching relationship-based framework, we utilize Evidence Based Practices (EBPs) and Outcome Informed Practices as indicated by client need. Interventions include: Trauma Focus Cognitive Behavioral Therapy, Safety Organized Practice, Parent-Child Interaction Therapy, Child Parent Psychotherapy, Incredible Years, Motivational Interviewing, Cognitive Behavioral Therapy, and evidence-based elements from these and other EBPs.

o Phases of treatment:

Engagement Phase:

Clients and families will engage in a 30 day EPSDT and medical necessity assessment through clinical interviews, behavioral observations, and any indicated standardized assessment tools (including CANS). During the 30 day period, clinicians will work with the client and family to obtain information, build rapport, and establish medical necessity. During the initial 30 day assessment period, the clinician will also work with the client and family to create agreed upon treatment plan goals and objectives. Clinicians will work with Protective Social Workers (PSW) to gather information on safety concerns and permanency planning issues that may be relevant to the mental health needs of the client.

Service Delivery Phase:

Based on CANS assessment and clinical formulation, treatment providers will provide services including individual therapy, family therapy, dyadic therapy, collateral sessions, case management, plan development, individual rehabilitation, and crisis intervention. Ongoing collaboration with members of the child's support team (biological family, foster parents, Human Service Agency workers, attorneys, etc.) will take place to develop progressive, permanency-informed treatment goals.

o Hours of operation:

Open 9:00a.m. - 6 p.m. Monday-Friday, and limited availability on Saturdays. After 6:00 p.m. appointments are available as needed.

o Length of Stay:

Average length of treatment will be six to eight months depending on the needs of the client and family.

Locations include A Better Way's San Francisco Offices, other A Better Way offices, and surrounding Bay Area community locations (client's home, foster home, school, and community spaces such as parks, Family Resource Centers, community recreation centers, public libraries, and churches).

o Frequency and Duration of Services:

Maximum frequency and duration of services will be determined by the level of medical necessity. Within these limits and EPSDT standards, the actual frequency and duration of services will be determined through collaborative treatment planning with the client and family and with respect to input from the PSW.

O Strategies for service delivery:

Services will be Evidence-Based and Outcomes Informed as indicated by client needs.

D. <u>Discharge planning</u>

o Exit criteria

There is no specific exit criteria needed in order for clients to be discharged. However, termination of services will take place if there is lack of medical necessity (e.g., through successful completion of treatment goals and amelioration of mental health) or if eligibility criteria are no longer in place (e.g., child placed out of county with discontinuation of San Francisco County full-scope Medi-Cal coverage).

o **Process**

During the 6-month reassessment period, the treatment team will collaborate with family and support team to determine treatment goals. If treatment goals have been successfully completed and medical necessity is no longer met, termination will take place. Outside of the 6-month reassessment period, if medical necessity is no longer met due to amelioration of mental health, termination will also take place.

The treatment team will collaborate with the family and PSW to assure that clients are connected with ongoing support services, if appropriate.

E. Program staffing:

Mental Health Services are provided by Marriage and Family Therapists, Marriage and Family Therapist Interns, Licensed Clinical Social Workers, Associate Social Workers, Licensed Psychologists, Waivered Psychologists, Psychology Assistants, or other trained staff (e.g., Mental Health Rehabilitation Specialists) who are qualified to deliver EPSDT services to the target population. 8. Continuous Quality Improvement:

Our program's CQI activities include the following:

Achievement of contract performance objectives and productivity:

A Better Way monitors contract utilization and productivity in an ongoing manner. We have dashboards to help managers track contract fulfillment by comparing projected services to actual services on a weekly, monthly, and 'year to date' basis. We also have additional tools to help service providers and supervisors to adjust a provider's timemanagement and caseload as need.

Our productivity projections are carefully calibrated to account for fluctuations caused by predictable factors such as the number of workdays in each month. Productivity standards are clarified to all services providers and are managed as an ongoing part of supervision.

Documentation of quality and internal audits:

Our service documentation goes through multiple levels of Quality Assurance and internal Review.

- All providers are carefully trained in Medi-Cal documentation standards
- Our Electronic Health Records (Avatar and Clinitrak) help reduce errors in entries
- All provider documentation is reviewed by a supervisor upon completion
- Our Quality Assurance conducts full-chart reviews for all charts at the following intervals: 30 days post episode opening; every 6 months thereafter; at discharge
- All charts are reviewed for semi-annual reauthorization of services during our monthly PURQC meetings with Alternative Family Services
- o Feedback and corrections from all internal reviews are shared with supervisors and clinicians to assure continuous quality improvement
- O Reports on timeliness of notes are generated monthly and distributed to supervisor to share with supervisees.

Cultural competency of staff and services:

A Better Way places a great deal of attention on training our staff in cultural humility and competency. Assessment of staff cultural competency levels is monitored through regular supervision and periodic case presentation. A Better Way will be implementing a Consumer Advisory Board during this fiscal year to obtain input from consumers and community partners, which will include an assessment of the cultural competence level of our services.

Client satisfaction:

A Better Way distributes client satisfaction surveys on an annual basis. We also strive to create an environment of trust such that clients feel safe in sharing their feedback directly to our treatment team.

Timely completion and use of outcome data, including CANS:

A Better Way utilizes the CANS for all clients. Additionally, we also ask the treatment team to administer standardized self-report measures for older children (e.g., Youth

Self Report, Trauma Symptom Checklist) as well as caregiver-report questionnaires for all children (e.g., Child Behavior Checklist, Trauma Symptom Checklist for Young Children) and teacher reports if appropriate (e.g., Teacher Report Form). The treatment team also utilizes CANS ratings and dashboards as a collaborative tool and framework with families and children to discuss and monitor strengths and needs that influence treatment planning. Our CQI team (comprise of QA and Clinical leadership) are engaged in ongoing efforts to broaden and improve the integration of CANS data into more aspects of our decision making.

Trauma Research Program, Public Health Nursing, Zero to Three Program, Wu Yee Child and Family Services, Hamilton Family Center, Bayview Family Resource Center, Ashbury House, Golden Gate Regional Center, and Foster Care Mental Health meetings with HSA representatives. Additional outreach activities include the development of relationships with preschools, child-care centers, pediatricians, WIC, Early Head Start, and other community agencies.

B. Admission, enrollment, and/or intake criteria and process:

o Criteria:

Clients are eligible for services if they 1) meet medical necessity and display behavioral health symptoms that can ameliorated by services; and 3) have EPSDT/San Francisco full-scope Medi-Cal coverage.

o <u>Process:</u>

Clients are referred by community agencies to our intake coordinator. Our intake coordinator will assign a clinician to work with the family for the initial assessment period. Clients will be assessed within the first 30 days for EPSDT eligibility and medical necessity. For services to continue past the initial assessment, clients must continue to meet medical necessity.

Clients who do not meet eligibility criteria will be referred to other community agencies/resources.

C. Service delivery model:

o Treatment modalities:

Services will primarily involve dyadic (infant-parent/child –parent) therapy and other evidence based practices and outcome informed practices within an overarching relationship-based framework as indicated by client need. Interventions include: STEEP (Steps Toward Effective and Enjoyable Parenting), Safety Organized Practice, Parent-Child Interaction Therapy, Child Parent Psychotherapy, Incredible Years, ABC (Attachment and Bio-Behavioral Catch-Up), attachment-based play, child-specific developmental guidance, infant massage, and parent support groups.

Phases of treatment:

Engagement Phase:

Clients and families will engage in a 30 day EPSDT and medical necessity assessment through clinical interviews, behavioral observations, and any indicated standardized assessment tools (including CANS). During the 30 day period, clinicians will work with the client and family to obtain information, build rapport, and establish medical necessity. During the initial 30 day assessment period, the clinician will also work with the client and family to create agreed upon treatment plan goals and objectives.

Service Delivery Phase:

Appendix A-2 Term: 07/01/15 - 06/30/16

Based on CANS assessment and clinical formulation, treatment providers will provide services including, but not limited to infant-parent/child-parent therapy, family therapy, collateral, case management and plan development. Ongoing collaboration with members of the child's support team (e.g., family members, day care providers) will take place to develop progressive, permanency-informed treatment goals and strengthen caregiver's natural support system to enhance stability of care giving environment.

o Hours of operation:

Open 9:00a.m. - 6 p.m. Monday-Friday, and limited availability on Saturdays. After 6:00 p.m. appointments are available as needed.

o Length of Stay:

Average length of treatment will be six to eight months depending on the needs of the client and family.

Locations of Service Delivery:

Locations are dependent on the need of the family and client. Locations include A Better Way's San Francisco Offices, other A Better Way offices, and surrounding Bay Area community locations (client's home, school, and community spaces such as parks, Family Resource Centers, community recreation centers, public libraries, and churches).

o Frequency and Duration of Services:

Maximum frequency and duration of services will be determined by the level of medical necessity. Within these limits and EPSDT standards, the actual frequency and duration of services will be determined through collaborative treatment planning with the client and family.

Strategies for service delivery:

Services will be Evidence-Based and Outcomes Informed as indicated by client needs.

D. <u>Discharge planning</u>

o Exit criteria

There is no specific exit criteria needed in order for clients to be discharged. However, termination of services will take place if there is lack of medical necessity (e.g., through successful completion of treatment goals and amelioration of mental health) or if eligibility criteria are no longer in place (e.g., child placed out of county with discontinuation of San Francisco County full-scope Medi-Cal coverage).

o **Process**

During the 6-month reassessment period, the treatment team will collaborate with family and support team to determine treatment goals. If treatment goals have been successfully completed and medical necessity is no longer met, termination will take place. Outside of the 6-month reassessment period, if medical necessity is no longer met due to amelioration of mental health, termination will also take place.

The treatment team will collaborate with the family and PSW to assure that clients are connected with ongoing support services, if appropriate.

E. Program staffing:

Mental Health Services are provided by Marriage and Family Therapists, Marriage and Family Therapist Interns, Licensed Clinical Social Workers, Associate Social Workers, Licensed Psychologists, Waivered Psychologists, Psychology Assistants, or other trained staff (e.g., Mental Health Rehabilitation Specialists) who are qualified to deliver EPSDT services to the target population. Staff also includes: clinical supervisors, licensed program director, intake clinician, office management, and quality assurance staff.

7. Objectives and Measurements:

All objectives and corresponding measurements are contained in the BHS document entitled BHS Performance Objectives FY 14-15.

8. Continuous Quality Improvement:

Our program's CQI activities include the following:

Achievement of contract performance objectives and productivity:

A Better Way monitors contract utilization and productivity in an ongoing manner. We have dashboards to help managers track contract fulfillment by comparing projected services to actual services on a weekly, monthly, and 'year to date' basis. We also have additional tools to help service providers and supervisors to adjust a provider's timemanagement and caseload as need.

Our productivity projections are carefully calibrated to account for fluctuations caused by predictable factors such as the number of workdays in each month. Productivity standards are clarified to all services providers and are managed as an ongoing part of supervision.

Documentation of quality and internal audits:

Our service documentation goes through multiple levels of Quality Assurance and internal Review.

- o All providers are carefully trained in Medi-Cal documentation standards
- Our Electronic Health Records (Avatar and Clinitrak) help reduce errors in entries
- All provider documentation is reviewed by a supervisor upon completion
- Our Quality Assurance conducts full-chart reviews for all charts at the following intervals: 30 days post episode opening; every 6 months thereafter; at discharge
- All charts are reviewed for semi-annual reauthorization of services during our monthly PURQC meetings with Alternative Family Services
- O Feedback and corrections from all internal reviews are shared with supervisors and clinicians to assure continuous quality improvement
- o Reports on timeliness of notes are generated monthly and distributed to supervisor to share with supervisees.

Cultural competency of staff and services:

A Better Way places a great deal of attention on training our staff in cultural humility and competency. Assessment of staff cultural competency levels is monitored through regular supervision and periodic case presentation. A Better Way will be implementing a Consumer Advisory Board during this fiscal year to obtain input from consumers and community partners, which will include an assessment of the cultural competence level of our services.

Client satisfaction:

A Better Way distributes client satisfaction surveys on an annual basis. We also strive to create an environment of trust such that clients feel safe in sharing their feedback directly to our treatment team.

Timely completion and use of outcome data, including CANS:

A Better Way utilizes the CANS for all clients. Additionally, we also ask the treatment team to administer standardized self-report measures for older children (e.g., Youth Self Report, Trauma Symptom Checklist) as well as caregiver-report questionnaires for all children (e.g., Child Behavior Checklist, Trauma Symptom Checklist for Young Children) and teacher reports if appropriate (e.g., Teacher Report Form). The treatment team also utilizes CANS ratings and dashboards as a collaborative tool and framework with families and children to discuss and monitor strengths and needs that influence treatment planning. Our CQI team (comprise of QA and Clinical leadership) are engaged in ongoing efforts to broaden and improve the integration of CANS data into more aspects of our decision making.

2. Nature of Document:

☐ New ☐ Renewal ☐ Modification

3. Goal Statement:

To help ameliorate the behavioral health symptoms for children aged birth to 21 within a system of care, which helps assure client permanency, safety and well-being.

4. Target Population:

Children aged birth to 21 years with an open case with the San Francisco County Human Services Agency and their families. These children need to have full scope San Francisco County Medi-Cal coverage. Children birth to 18 years will be admitted into the program. Children may receive services until age 21 years.

5. Modality(s)/Intervention(s):

Modalities include Mental Health Services (individual, family, group, collateral, plan development, rehabilitation, assessment and evaluation), Case Management and Crisis intervention.

See CRDC for details.

6. Methodology:

Direct Client Services:

A. Outreach, recruitment, promotion, and advertisement:

Collaboration with San Francisco Foster Care Mental Health (FCMH) and Human Services Agency (HAS) will be ongoing, who are our primary referral sources. Outreach through informal and formal collaborations with other agencies will assist communities to become aware of our services and ensure continuity of care.

B. Admission, enrollment, and/or intake criteria and process:

o Criteria:

Clients are eligible for services if they 1) have an open case through Human Services Agency; 2) meet medical necessity and display behavioral health symptoms that can ameliorated by services; and 3) have EPSDT/San Francisco full-scope Medi-Cal coverage.

o Process:

Protective Social Workers (PSW) from HSA refer children and their families to FCMH who in turn refer eligible clients for outpatient mental health services. Once we receive the complete referral paperwork packet from FCMH, we connect with the PSW and family to begin our services.

C. Service delivery model:

o Treatment modalities:

Within an overarching relationship-based framework, we utilize Evidence Based Practices (EBPs) and Outcome Informed Practices as indicated by client need. Interventions include: Trauma Focus Cognitive Behavioral Therapy, Safety Organized Practice, Parent-Child Interaction Therapy, Child Parent Psychotherapy, Incredible Years, Motivational Interviewing, Cognitive Behavioral Therapy, and evidence-based elements from these and other EBPs.

o Phases of treatment:

Engagement Phase:

Clients and families will engage in a 30 day EPSDT and medical necessity assessment through clinical interviews, behavioral observations, and any indicated standardized assessment tools (including CANS). During the 30 day period, clinicians will work with the client and family to obtain information, build rapport, and establish medical necessity. During the initial 30 day assessment period, the clinician will also work with the client and family to create agreed upon treatment plan goals and objectives. Clinicians will work with Protective Social Workers (PSW) to gather information on safety concerns and permanency planning issues that may be relevant to the mental health needs of the client.

Service Delivery Phase:

Based on CANS assessment and clinical formulation, treatment providers will provide services including individual therapy, family therapy, dyadic therapy, collateral sessions, case management, plan development, individual rehabilitation, and crisis intervention. Ongoing collaboration with members of the child's support team (biological family, foster parents, Human Service Agency workers, attorneys, etc.) will take place to develop progressive, permanency-informed treatment goals.

o Hours of operation:

Open 9:00a.m. - 6 p.m. Monday-Friday, and limited availability on Saturdays. After 6:00 p.m. appointments are available as needed.

o Length of Stay:

Average length of treatment will be six to eight months depending on the needs of the client and family.

Contractor: A Better Way, Inc. City Fiscal Year: 15-16 CMS#: 7020 Appendix A- 1 Term: 07/01/15 - 06/30/16

o Locations of Service Delivery:

Locations are dependent on the need of the family and client. Locations include A Better Way's San Francisco Offices, other A Better Way offices, and surrounding Bay Area community locations (client's home, foster home, school, and community spaces such as parks, Family Resource Centers, community recreation centers, public libraries, and churches).

o Frequency and Duration of Services:

Maximum frequency and duration of services will be determined by the level of medical necessity. Within these limits and EPSDT standards, the actual frequency and duration of services will be determined through collaborative treatment planning with the client and family and with respect to input from the PSW.

Strategies for service delivery:
 Services will be Evidence-Based and Outcomes Informed as indicated by client needs.

D. Discharge planning

o Exit criteria

There is no specific exit criteria needed in order for clients to be discharged. However, termination of services will take place if there is lack of medical necessity (e.g., through successful completion of treatment goals and amelioration of mental health) or if eligibility criteria are no longer in place (e.g., child placed out of county with discontinuation of San Francisco County full-scope Medi-Cal coverage).

o Process

During the 6-month reassessment period, the treatment team will collaborate with family and support team to determine treatment goals. If treatment goals have been successfully completed and medical necessity is no longer met, termination will take place. Outside of the 6-month reassessment period, if medical necessity is no longer met due to amelioration of mental health, termination will also take place.

The treatment team will collaborate with the family and PSW to assure that clients are connected with ongoing support services, if appropriate.

E. Program staffing:

Mental Health Services are provided by Marriage and Family Therapists, Marriage and Family Therapist Interns, Licensed Clinical Social Workers, Associate Social Workers, Licensed Psychologists, Waivered Psychologists, Psychology Assistants, or other trained staff (e.g., Mental Health Rehabilitation Specialists) who are qualified to deliver EPSDT services to the target population. Staff also includes: clinical supervisors, licensed program director, intake clinician, office management, and quality assurance staff.

7. Objectives and Measurements:

All objectives and corresponding measurements are contained in the BHS document entitled BHS Performance Objectives FY 14-15.

CMS#: 7020

Appendix A- 1 Term: 07/01/15 - 06/30/16

8. Continuous Quality Improvement:

Our program's CQI activities include the following:

Achievement of contract performance objectives and productivity:

A Better Way monitors contract utilization and productivity in an ongoing manner. We have dashboards to help managers track contract fulfillment by comparing projected services to actual services on a weekly, monthly, and 'year to date' basis. We also have additional tools to help service providers and supervisors to adjust a provider's time-management and caseload as need.

Our productivity projections are carefully calibrated to account for fluctuations caused by predictable factors such as the number of workdays in each month. Productivity standards are clarified to all services providers and are managed as an ongoing part of supervision.

Documentation of quality and internal audits:

Our service documentation goes through multiple levels of Quality Assurance and internal Review.

- o All providers are carefully trained in Medi-Cal documentation standards
- Our Electronic Health Records (Avatar and Clinitrak) help reduce errors in entries
- o All provider documentation is reviewed by a supervisor upon completion
- Our Quality Assurance conducts full-chart reviews for all charts at the following intervals: 30 days post episode opening; every 6 months thereafter; at discharge
- All charts are reviewed for semi-annual reauthorization of services during our monthly PURQC meetings with Alternative Family Services
- o Feedback and corrections from all internal reviews are shared with supervisors and clinicians to assure continuous quality improvement
- o Reports on timeliness of notes are generated monthly and distributed to supervisor to share with supervisees.

<u>Cultural competency of staff and services:</u>

A Better Way places a great deal of attention on training our staff in cultural humility and competency. Assessment of staff cultural competency levels is monitored through regular supervision and periodic case presentation. A Better Way will be implementing a Consumer Advisory Board during this fiscal year to obtain input from consumers and community partners, which will include an assessment of the cultural competence level of our services.

Client satisfaction:

A Better Way distributes client satisfaction surveys on an annual basis. We also strive to create an environment of trust such that clients feel safe in sharing their feedback directly to our treatment team.

Timely completion and use of outcome data, including CANS:

A Better Way utilizes the CANS for all clients. Additionally, we also ask the treatment team to administer standardized self-report measures for older children (e.g., Youth

Contractor: A Better Way, Inc. City Fiscal Year: 15-16 CMS#: 7020 Appendix A- 1 Term: 07/01/15 - 06/30/16

Self Report, Trauma Symptom Checklist) as well as caregiver-report questionnaires for all children (e.g., Child Behavior Checklist, Trauma Symptom Checklist for Young Children) and teacher reports if appropriate (e.g., Teacher Report Form). The treatment team also utilizes CANS ratings and dashboards as a collaborative tool and framework with families and children to discuss and monitor strengths and needs that influence treatment planning. Our CQI team (comprise of QA and Clinical leadership) are engaged in ongoing efforts to broaden and improve the integration of CANS data into more aspects of our decision making.

These children need to have full scope San Francisco County Medi-Cal coverage. Children birth to 18 years will be admitted into the program. Children may receive services until age 21 years.

5. Modality(s)/Intervention(s):

Modalities include Mental Health Services (individual, family, group, collateral, plan development, rehabilitation, assessment and evaluation), Case Management and Crisis Intervention.

See CRDC for details.

6. Methodology:

Direct Client Services:

A. Outreach, recruitment, promotion, and advertisement:

Collaboration with San Francisco Foster Care Mental Health (FCMH) and Human Services Agency (HAS) will be ongoing, who are our primary referral sources. Outreach through informal and formal collaborations with other agencies will assist communities to become aware of our services and ensure continuity of care.

B. Admission, enrollment, and/or intake criteria and process:

o Criteria:

Contractor: A Better Way, Inc.

City Fiscal Year: 15-16

CMS#: 7020

Appendix A- 1 Term: 07/01/15 - 06/30/16

Clients are eligible for services if they 1) have an open case through Human Services Agency; 2) meet medical necessity and display behavioral health symptoms that can ameliorated by services; and 3) have EPSDT/San Francisco full-scope Medi-Cal coverage.

o Process:

Protective Social Workers (PSW) from HSA refer children and their families to FCMH who in turn refer eligible clients for outpatient mental health services. Once we receive the complete referral paperwork packet from FCMH, we connect with the PSW and family to begin our services.

C. Service delivery model:

o Treatment modalities:

Within an overarching relationship-based framework, we utilize Evidence Based Practices (EBPs) and Outcome Informed Practices as indicated by client need. Interventions include: Trauma Focus Cognitive Behavioral Therapy, Safety Organized Practice, Parent-Child Interaction Therapy, Child Parent Psychotherapy, Incredible Years, Motivational Interviewing, Cognitive Behavioral Therapy, and evidence-based elements from these and other EBPs.

Phases of treatment:

Engagement Phase:

Clients and families will engage in a 30 day EPSDT and medical necessity assessment through clinical interviews, behavioral observations, and any indicated standardized assessment tools (including CANS). During the 30 day period, clinicians will work with the client and family to obtain information, build rapport, and establish medical necessity. During the initial 30 day assessment period, the clinician will also work with the client and family to create agreed upon treatment plan goals and objectives. Clinicians will work with Protective Social Workers (PSW) to gather information on safety concerns and permanency planning issues that may be relevant to the mental health needs of the client.

Service Delivery Phase:

Based on CANS assessment and clinical formulation, treatment providers will provide services including individual therapy, family therapy, dyadic therapy, collateral sessions, case management, plan development, individual rehabilitation, and crisis intervention. Ongoing collaboration with members of the child's support team (biological family, foster parents, Human Service Agency workers, attorneys, etc.) will take place to develop progressive, permanency-informed treatment goals.

o. Hours of operation:

Open 9:00a.m. - 6 p.m. Monday-Friday, and limited availability on Saturdays. After 6:00 p.m. appointments are available as needed.

o Length of Stay:

Average length of treatment will be six to eight months depending on the needs of the client and family.

o Locations of Service Delivery:

Locations are dependent on the need of the family and client. Locations include A Better Way's San Francisco Offices, other A Better Way offices, and surrounding Bay Area community locations (client's home, foster home, school, and community spaces such as parks, Family Resource Centers, community recreation centers, public libraries, and churches).

o Frequency and Duration of Services:

Maximum frequency and duration of services will be determined by the level of medical necessity. Within these limits and EPSDT standards, the actual frequency and duration of services will be determined through collaborative treatment planning with the client and family and with respect to input from the PSW.

Strategies for service delivery:

Services will be Evidence-Based and Outcomes Informed as indicated by client needs.

D. <u>Discharge planning</u>

o Exit criteria

There is no specific exit criteria needed in order for clients to be discharged. However, termination of services will take place if there is lack of medical necessity (e.g., through successful completion of treatment goals and amelioration of mental health) or if eligibility criteria are no longer in place (e.g., child placed out of county with discontinuation of San Francisco County full-scope Medi-Cal coverage).

Process

During the 6-month reassessment period, the treatment team will collaborate with family and support team to determine treatment goals. If treatment goals have been successfully completed and medical necessity is no longer met, termination will take place. Outside of the 6-month reassessment period, if medical necessity is no longer met due to amelioration of mental health, termination will also take place.

The treatment team will collaborate with the family and PSW to assure that clients are connected with ongoing support services, if appropriate.

E. Program staffing:

Mental Health Services are provided by Marriage and Family Therapists, Marriage and Family Therapist Interns, Licensed Clinical Social Workers, Associate Social Workers, Licensed Psychologists, Waivered Psychologists, Psychology Assistants, or other trained staff (e.g., Mental Health Rehabilitation Specialists) who are qualified to deliver EPSDT services to the target population. Staff also includes: clinical supervisors, licensed program director, intake clinician, office management, and quality assurance staff.

7. Objectives and Measurements:

All objectives and corresponding measurements are contained in the BHS document entitled BHS Performance Objectives FY 14-15.

CMS#: 7020

8. Continuous Quality Improvement:

Our program's CQI activities include the following:

Achievement of contract performance objectives and productivity:

A Better Way monitors contract utilization and productivity in an ongoing manner. We have dashboards to help managers track contract fulfillment by comparing projected services to actual services on a weekly, monthly, and 'year to date' basis. We also have additional tools to help service providers and supervisors to adjust a provider's timemanagement and caseload as need.

Our productivity projections are carefully calibrated to account for fluctuations caused by predictable factors such as the number of workdays in each month, Productivity standards are clarified to all services providers and are managed as an ongoing part of supervision.

Documentation of quality and internal audits:

Our service documentation goes through multiple levels of Quality Assurance and internal Review.

- o All providers are carefully trained in Medi-Cal documentation standards
- Our Electronic Health Records (Avatar and Clinitrak) help reduce errors in entries
- o All provider documentation is reviewed by a supervisor upon completion
- Our Quality Assurance conducts full-chart reviews for all charts at the following intervals: 30 days post episode opening; every 6 months thereafter; at discharge
- All charts are reviewed for semi-annual reauthorization of services during our monthly PURQC meetings with Alternative Family Services
- o Feedback and corrections from all internal reviews are shared with supervisors and clinicians to assure continuous quality improvement
- o Reports on timeliness of notes are generated monthly and distributed to supervisor to share with supervisees.

Cultural competency of staff and services:

A Better Way places a great deal of attention on training our staff in cultural humility and competency. Assessment of staff cultural competency levels is monitored through regular supervision and periodic case presentation. A Better Way will be implementing a Consumer Advisory Board during this fiscal year to obtain input from consumers and community partners, which will include an assessment of the cultural competence level of our services.

Client satisfaction:

A Better Way distributes client satisfaction surveys on an annual basis, We also strive to create an environment of trust such that clients feel safe in sharing their feedback directly to our treatment team.

Timely completion and use of outcome data, including CANS:

A Better Way utilizes the CANS for all clients. Additionally, we also ask the treatment team to administer standardized self-report measures for older children (e.g., Youth

The treatment team also utilizes CANS ratings and dashboards as a collaborative tool and framework with families and children to discuss and monitor strengths and needs that influence treatment planning. Our CQI team (comprise of QA and Clinical leadership) are engaged in ongoing efforts to broaden and improve the integration of CANS data into more aspects of our decision making.

The goal of this program is to increase the protective capacities within the family for children/youth who are attempting to reunify following removal by Child Protective Services.

4. Target Population:

Full scope Medi-Cal San Francisco County children ages birth to eighteen with behavioral health needs that have been removed from their parents by Children Protective Services and are attempting to reunify.

5. Modality(s)/Intervention(s):

Modalities include Mental Health Services (individual, family, group, collateral, plan development, rehabilitation, assessment and evaluation), Case Management, Crisis Intervention and Mode 60/Service Function 78 services (Other Non-Medi-Cal Client Support Expenditures).

See CRDC for details.

6. Methodology:

informal and formal collaborations with other agencies will assist communities to become aware of our services and ensure continuity of care.

B. Admission, enrollment, and/or intake criteria and process:

o Criteria:

Clients are eligible for services if they 1) have an open case through Human Services Agency; 2) meet medical necessity and display behavioral health symptoms that can ameliorated by services; and 3) demonstrate clinical need for therapeutic visitations; and 4) have EPSDT/San Francisco full-scope Medi-Cal coverage.

o Process:

Protective Social Workers (PSW) from HSA refer children and their families to FCMH who in turn refer eligible clients for therapeutic visitation services. Once we receive the complete referral paperwork packet from FCMH, we connect with the PSW and family to begin our services.

C. Service delivery model:

o Treatment modalities:

Within an overarching relationship-based framework, we utilize Evidence Based Practices (EBPs) and Outcome Informed Practices as indicated by client need. Interventions include: Safety Organized Practice, Parent-Child Interaction Therapy, Child Parent Psychotherapy, Incredible Years, and evidence-based elements from these and other EBPs that will help parents to increase their protective capacity for their child.

An HSA work order was increased to provide supervised visitation to HSA clients and their families when therapeutic visitation is counter indicated. It is prudent that these Mode 60 supervised visitation services are provided by the same trained clinical staff of the TVS program.

o Phases of treatment:

Engagement Phase:

Clients and families will engage in a 30 day EPSDT and medical necessity assessment through clinical interviews, behavioral observations, and any indicated standardized assessment tools (including CANS). collaboration with members of the treatment team (parents, foster parents, Human Service Agency workers, attorneys, etc.) in order to:

- Manage risk and assure safety
- Develop progressive family treatment goals that allow for ongoing development and assessment of protective capacities within the family system
- Provide objective information to the PSW regarding the client's needs and the family's protective capacities.

o Hours of operation:

Open 9:00a.m. - 6 p.m. Monday-Friday, and limited availability on Saturdays. After 6:00 p.m. appointments are available as needed.

o Length of Stay:

Average length of treatment will be six to eight months depending on the needs of the client and family and reunification/permanency planning.

o Locations of Service Delivery:

Locations are dependent on the need of the family and client as well as the parameters determined to be appropriate by PSW. Locations include A Better Way's San Francisco Offices, other A Better Way offices, and surrounding Bay Area community locations (school, and community spaces such as parks, Family Resource Centers, community recreation centers, public libraries, and churches).

Frequency and Duration of Services:

Maximum frequency and duration of services will be determined by the level of medical necessity. Within these limits and EPSDT standards, the actual frequency and duration of services will be determined through collaborative treatment planning with the client and family and with respect to input from the PSW.

o Strategies for service delivery:

Services will be Evidence-Based and Outcomes Informed as indicated by client needs.

D. Discharge planning

o Exit criteria

There is no specific exit criteria needed in order for clients to be discharged. However, termination of services will take place if there is lack of medical necessity (e.g., through successful completion of treatment goals and amelioration of mental health) or if eligibility criteria are no longer in place (e.g., child placed out of county with discontinuation of San Francisco County full-scope Medi-Cal coverage). Termination of services will also be determined dependent on reunification/permanency planning.

o Process

During the 6-month reassessment period, the treatment team will collaborate with family and support team to determine treatment goals. If treatment goals have been successfully completed and medical necessity is no longer met, termination will take place. Outside of the 6-month reassessment period, if medical necessity is

no longer met due to amelioration of mental health, termination will also take place.

The treatment team will collaborate with the family and PSW to assure that clients are connected with ongoing support services, if appropriate.

E. Program staffing:

Mental Health Services are provided by Marriage and Family Therapists, Marriage and Family Therapist Interns, Licensed Clinical Social Workers, Associate Social Workers, Licensed Psychologists, Waivered Psychologists, Psychology Assistants, or other trained staff (e.g., Mental Health Rehabilitation Specialists) who are qualified to deliver EPSDT services to the target population. Staff also includes: clinical supervisors, licensed program director, intake clinician, office management, and quality assurance staff.

7. Objectives and Measurements:

All objectives and corresponding measurements are contained in the BHS document entitled BHS Performance Objectives FY 14-15.

8. Continuous Quality Improvement:

Our program's CQI activities include the following:

Achievement of contract performance objectives and productivity:

A Better Way monitors contract utilization and productivity in an ongoing manner. We have dashboards to help managers track contract fulfillment by comparing projected services to actual services on a weekly, monthly, and 'year to date' basis. We also have additional tools to help service providers and supervisors to adjust a provider's timemanagement and caseload as need.

Our productivity projections are carefully calibrated to account for fluctuations caused by predictable factors such as the number of workdays in each month. Productivity standards are clarified to all services providers and are managed as an ongoing part of supervision.

Documentation of quality and internal audits:

Our service documentation goes through multiple levels of Quality Assurance and internal Review.

- o All providers are carefully trained in Medi-Cal documentation standards
- o Our Electronic Health Records (Avatar and Clinitrak) help reduce errors in entries
- o All provider documentation is reviewed by a supervisor upon completion
- Our Quality Assurance conducts full-chart reviews for all charts at the following intervals: 30 days post episode opening; every 6 months thereafter; at discharge
- All charts are reviewed for semi-annual reauthorization of services during our monthly PURQC meetings with Alternative Family Services
- Feedback and corrections from all internal reviews are shared with supervisors and clinicians to assure continuous quality improvement
- o Reports on timeliness of notes are generated monthly and distributed to supervisor to share with supervisees.

Cultural competency of staff and services:

A Better Way places a great deal of attention on training our staff in cultural humility and competency. Assessment of staff cultural competency levels is monitored through regular supervision and periodic case presentation. A Better Way will be implementing a Consumer Advisory Board during this fiscal year to obtain input from consumers and community partners, which will include an assessment of the cultural competence level of our services.

Client satisfaction:

A Better Way distributes client satisfaction surveys on an annual basis. We also strive to create an environment of trust such that clients feel safe in sharing their feedback directly to our treatment team.

Timely completion and use of outcome data, including CANS:

A Better Way utilizes the CANS for all clients. Additionally, we also ask the treatment team to administer standardized self-report measures for older children (e.g., Youth Self Report, Trauma Symptom Checklist) as well as caregiver-report questionnaires for all children (e.g., Child Behavior Checklist, Trauma Symptom Checklist for Young Children) and teacher reports if appropriate (e.g., Teacher Report Form). The treatment team also utilizes CANS ratings and dashboards as a collaborative tool and framework with families and children to discuss and monitor strengths and needs that influence treatment planning. Our CQI team (comprise of QA and Clinical leadership) are engaged in ongoing efforts to broaden and improve the integration of CANS data into more aspects of our decision making.

A. Invoices furnished by CONTRACTOR under this Agreement must be in a form acceptable to the Contract Administrator and the CONTROLLER and must include the Contract Progress Payment Authorization number or Contract Purchase Number. All amounts paid by CITY to CONTRACTOR shall be subject to audit by CITY. The CITY shall make monthly payments as described below. Such payments shall not exceed those amounts stated in and shall be in accordance with the provisions of Section 5, COMPENSATION, of this Agreement.

Compensation for all SERVICES provided by CONTRACTOR shall be paid in the following manner. For the purposes of this Section, "General Fund" shall mean all those funds which are not Work Order or Grant funds. "General Fund Appendices" shall mean all those appendices which include General Fund monies.

(1) Fee For Service (Monthly Reimbursement by Certified Units at Budgeted Unit Rates)

CONTRACTOR shall submit monthly invoices in the format attached, Appendix F, and in a form acceptable to the Contract Administrator, by the fifteenth (15th) calendar day of each month, based upon the number of units of service that were delivered in the preceding month. All deliverables associated with the SERVICES defined in Appendix A times the unit rate as shown in the appendices cited in this paragraph shall be reported on the invoice(s) each month. All charges incurred under this Agreement shall be due and payable only after SERVICES have been rendered and in no case in advance of such SERVICES.

(2) Cost Reimbursement (Monthly Reimbursement for Actual Expenditures within Budget):

CONTRACTOR shall submit monthly invoices in the format attached, Appendix F, and in a form acceptable to the Contract Administrator, by the fifteenth (15th) calendar day of each month for reimbursement of the actual costs for SERVICES of the preceding month. All costs associated with the SERVICES shall be reported on the invoice each month. All costs incurred under this Agreement shall be due and payable only after SERVICES have been rendered and in no case in advance of such SERVICES.

B. Final Closing Invoice

(1) Fee For Service Reimbursement:

A final closing invoice, clearly marked "FINAL," shall be submitted no later than forty-five (45) calendar days following the closing date of each fiscal year of the Agreement, and shall include only those SERVICES rendered during the referenced period of performance. If SERVICES are not invoiced during this period, all unexpended funding set aside for this Agreement will revert to CITY. CITY'S final reimbursement to the CONTRACTOR at the close of the Agreement period shall be adjusted to conform to actual units certified multiplied by the unit rates identified in Appendix B attached hereto, and shall not exceed the total amount authorized and certified for this Agreement.

(2) Cost Reimbursement:

A final closing invoice, clearly marked "FINAL," shall be submitted no later than forty-five (45) calendar days following the closing date of each fiscal year of the Agreement, and shall include only those costs incurred during the referenced period of performance. If costs are not invoiced during this period, all unexpended funding set aside for this Agreement will revert to CITY.

- C. Payment shall be made by the CITY to CONTRACTOR at the address specified in the section entitled "Notices to Parties."
- D. Upon the effective date of this Agreement, contingent upon prior approval by the CITY'S Department of Public Health of an invoice or claim submitted by Contractor, and of each year's revised Appendix A (Description of Services) and each year's revised Appendix B (Program Budget and Cost Reporting Data Collection Form), and within each fiscal year, the CITY agrees to make an initial payment to CONTRACTOR not to exceed twenty-five per cent (25%) of the General Fund portion of the CONTRACTOR'S allocation for the applicable fiscal year.

CONTRACTOR agrees that within that fiscal year, this initial payment shall be recovered by the CITY through a reduction to monthly payments to CONTRACTOR during the period of October 1 through March 31 of the applicable fiscal year, unless and until CONTRACTOR chooses to return to the CITY all or part of the initial payment for that fiscal year. The amount of the initial payment recovered each month shall be calculated by dividing the total initial payment for the fiscal year by the total number of months for recovery. Any termination of this Agreement, whether for cause or for convenience, will result in the total outstanding amount of the initial payment for that fiscal year being due and payable to the CITY within thirty (30) calendar days following written notice of termination from the CITY.

2. Program Budgets and Final Invoice

A. Program Budgets are listed below.

Budget Summary

Appendix B-1 Outpatient Mental Health Services

B. COMPENSATION

Compensation shall be made in monthly payments on or before the 30th day after the DIRECTOR, in his or her sole discretion, has approved the invoice submitted by CONTRACTOR. The breakdown of costs and sources of revenue associated with this Agreement appears in Appendix B, Cost Reporting/Data Collection (CR/DC) and Program Budget, attached hereto and incorporated by reference as though fully set forth herein. The maximum dollar obligation of the CITY under the terms of this Agreement shall not exceed Nine Million Nine Hundred Eighty Two Thousand Nine Hundred Fourteen Dollars (\$9,982,914) for the period of July 1, 2010 through December 31, 2015.

CONTRACTOR understands that, of this maximum dollar obligation, \$106,507 is included as a contingency amount and is neither to be used in Appendix B, Budget, or available to CONTRACTOR without a modification to this Agreement executed in the same manner as this Agreement or a revision to Appendix B, Budget, which has been approved by the Director of Health. CONTRACTOR further understands that no payment of any portion of this contingency amount will be made unless and until such modification or budget revision has been fully approved and executed in accordance with applicable CITY and Department of Public Health laws, regulations and policies/procedures and certification as to the availability of funds by the Controller. CONTRACTOR agrees to fully comply with these laws, regulations, and policies/procedures.

- (1) For each fiscal year of the term of this Agreement, CONTRACTOR shall submit for approval of the CITY's Department of Public Health a revised Appendix A, Description of Services, and a revised Appendix B, Program Budget and Cost Reporting Data Collection form, based on the CITY's allocation of funding for SERVICES for the appropriate fiscal year. CONTRACTOR shall create these Appendices in compliance with the instructions of the Department of Public Health. These Appendices shall apply only to the fiscal year for which they were created. These Appendices shall become part of this Agreement only upon approval by the CITY.
- (2) CONTRACTOR understands that, of the maximum dollar obligation stated above, the total amount to be used in Appendix B, Budget and available to CONTRACTOR for the entire term of the contract is as follows, not withstanding that for each fiscal year, the amount to be used in Appendix B, Budget and available to CONTRACTOR for that fiscal year shall conform with the Appendix A, Description of Services, and a Appendix B, Program Budget and Cost Reporting Data Collection form, as approved by the CITY's Department of Public Health based on the CITY's allocation of funding for SERVICES for that fiscal year.

Total July 1, 2010 through December 31, 2015	\$9,982,914

- (3) CONTRACTOR understands that the CITY may need to adjust sources of revenue and agrees that these needed adjustments will become part of this Agreement by written modification to CONTRACTOR. In event that such reimbursement is terminated or reduced, this Agreement shall be terminated or proportionately reduced accordingly. In no event will CONTRACTOR be entitled to compensation in excess of these amounts for these periods without there first being a modification of the Agreement or a revision to Appendix B, Budget, as provided for in this section of this Agreement.
- (4) CONTRACTOR further understands that, \$852,500 of the period from July 1, 2010 through December 31, 2010 in the Contract Numbers BPHM08000070 and DPHM11000123 is included with this Agreement. - C. CONTRACTOR agrees to comply with its Budget as shown in Appendix B in the provision of SERVICES. Changes to the budget that do not increase or reduce the maximum dollar obligation of the CITY are subject to the provisions of the Department of Public Health Policy/Procedure Regarding Contract Budget Changes. CONTRACTOR agrees to comply fully with that policy/procedure.
- D. No costs or charges shall be incurred under this Agreement nor shall any payments become due to CONTRACTOR until reports, SERVICES, or both, required under this Agreement are received from CONTRACTOR and approved by the DIRECTOR as being in accordance with this Agreement. CITY may withhold payment to CONTRACTOR in any instance in which CONTRACTOR has failed or refused to satisfy any material obligation provided for under this Agreement.
 - E. In no event shall the CITY be liable for interest or late charges for any late payments,
- F. CONTRACTOR understands and agrees that should the CITY'S maximum dollar obligation under this Agreement include State or Federal Medi-Cal revenues, CONTRACTOR shall expend such revenues in the provision of SERVICES to Medi-Cal eligible clients in accordance with CITY, State, and Federal Medi-Cal regulations. Should CONTRACTOR fail to expend budgeted Medi-Cal revenues herein, the CITY'S maximum dollar obligation to CONTRACTOR shall be proportionally reduced in the amount of such unexpended revenues. In no event shall State/Federal Medi-Cal revenues be used for clients who do not qualify for Medi-Cal reimbursement.

Dispute Resolution Procedure For Health and Human Services Nonprofit Contractors 9-06

Introduction

The City Nonprofit Contracting Task Force submitted its final report to the Board of Supervisors in June 2003. The report contains thirteen recommendations to streamline the City's contracting and monitoring process with health and human services nonprofits. These recommendations include: (1) consolidate contracts, (2) streamline contract approvals, (3) make timely payment, (4) create review/appellate process, (5) eliminate unnecessary requirements, (6) develop electronic processing, (7) create standardized and simplified forms, (8) establish accounting standards, (9) coordinate joint program monitoring, (10) develop standard monitoring protocols, (11) provide training for personnel, (12) conduct tiered assessments, and (13) fund cost of living increases. The report is available on the Task Force's website at http://www.sfgov.org/site/npcontractingtf index.asp?id=1270. The Board adopted the recommendations in February 2004. The Office of Contract Administration created a Review/Appellate Panel ("Panel") to oversee implementation of the report recommendations in January 2005.

The Board of Supervisors strongly recommends that departments establish a Dispute Resolution Procedure to address issues that have not been resolved administratively by other departmental remedies. The Panel has adopted the following procedure for City departments that have professional service grants and contracts with nonprofit health and human service providers. The Panel recommends that departments adopt this procedure as written (modified if necessary to reflect each department's structure and titles) and include it or make a reference to it in the contract. The Panel also recommends that departments distribute the finalized procedure to their nonprofit contractors. Any questions for concerns about this Dispute Resolution Procedure should be addressed to purchasing@sfgov.org.

Dispute Resolution Procedure

The following Dispute Resolution Procedure provides a process to resolve any disputes or concerns relating to the administration of an awarded professional services grant or contract between the City and County of San Francisco and nonprofit health and human services contractors.

Contractors and City staff should first attempt to come to resolution informally through discussion and negotiation with the designated contact person in the department.

If informal discussion has failed to resolve the problem, contractors and departments should employ the following steps:

- Step 1 The contractor will submit a written statement of the concern or dispute addressed to the Contract/Program Manager who oversees the agreement in question. The writing should describe the nature of the concern or dispute, i.e., program, reporting, monitoring, budget, compliance or other concern. The Contract/Program Manager will investigate the concern with the appropriate department staff that are involved with the nonprofit agency's program, and will either convene a meeting with the contractor or provide a written response to the contractor within 10 working days:
- Step 2 Should the dispute or concern remain unresolved after the completion of Step 1, the contractor may request review by the Division or Department Head who supervises the Contract/Program Manager. This request shall be in writing and should describe why the concern is still unresolved and propose a solution that is satisfactory to the contractor. The Division or Department Head will consult with other Department and City staff as appropriate, and will provide a written determination of the resolution to the dispute or concern within 10 working days.
- Step 3 Should Steps 1 and 2 above not result in a determination of mutual agreement, the contractor may forward the dispute to the Executive Director of the Department or their designee. This dispute shall be in writing and describe both the nature of the dispute or concern and why the steps taken to date are not satisfactory to the contractor. The Department will respond in writing within 10 working days.

Appendix G

In addition to the above process, contractors have an additional forum available only for <u>disputes that concern</u> implementation of the thirteen policies and procedures recommended by the Nonprofit Contracting Task Force and adopted by the Board of Supervisors. These recommendations are designed to improve and streamline contracting, invoicing and monitoring procedures. For more information about the Task Force's recommendations, see the June 2003 report at http://www.sfgov.org/site/npcontractingtf index.asp?id=1270.

The Review/Appellate Panel oversees the implementation of the Task Force report. The Panel is composed of both City and nonprofit representatives. The Panel invites contractors to submit concerns about a department's implementation of the policies and procedures. Contractors can notify the Panel after Step 2. However, the Panel will not review the request until all three steps are exhausted. This review is limited to a concern regarding a department's implementation of the policies and procedures in a manner which does not improve and streamline the contracting process. This review is not intended to resolve substantive disputes under the contract such as change orders, scope, term, etc. The contractor must submit the request in writing to purchasing@sfgov.org. This request shall describe both the nature of the concern and why the process to date is not satisfactory to the contractor. Once all steps are exhausted and upon receipt of the written request, the Panel will review and make recommendations regarding any necessary changes to the policies and procedures or to a department's administration of policies and procedures.

THE DECLARATION OF COMPLIANCE

Each Fiscal Year, CONTRACTOR attests with a Declaration of Compliance that each program site has an Administrative Binder that contains all of the forms, policies, statements, and documentation required by Community Behavioral Health Services (CBHS). The Declaration of Compliance also lists requirements for site postings of public and client information, and client chart compliance if client charts are maintained. CONTRACTOR understands that the Community Programs Business Office of Contract Compliance may visit a program site at any time to ensure compliance with all items of the Declaration of Compliance.

Appendix I

San Francisco Department of Public Health Privacy Policy Compliance Standards

As part of this Agreement, Contractor acknowledges and agrees to comply with the following;

In City's Fiscal Year 2003/04, a DPH Privacy Policy was developed and contractors advised that they would need to comply with this policy as of July 1, 2005.

As of July 1, 2004, contractors were subject to audits to determine their compliance with the DPH Privacy Policy using the six compliance standards listed below. Audit findings and corrective actions identified in City's Fiscal year 2004/05 were to be considered informational, to establish a baseline for the following year.

Beginning in City's Fiscal Year 2005/06, findings of compliance or non-compliance and corrective actions were to be integrated into the contractor's monitoring report.

Item #1: DPH Privacy Policy is integrated in the program's governing policies and procedures regarding patient privacy and confidentiality.

As Measured by: Existence of adopted/approved policy and procedure that abides by the rules outlined in the DPH Privacy Policy

Item #2: All staff who handle patient health information are oriented (new hires) and trained in the program's privacy/confidentiality policies and procedures.

As Measured by: Documentation showing individual was trained exists

Item #3: A Privacy Notice that meets the requirements of the Federal Privacy Rule (HIPAA) is written and provided to all patients/clients served in their threshold and other languages. If document is not available in the patient's/client's relevant language, verbal translation is provided.

As Measured by: Evidence in patient's/client's chart or electronic file that patient was "noticed." (Examples in English, Cantonese, Vietnamese, Tagalog, Spanish, Russian will be provided.)

Item #4: A Summary of the above Privacy Notice is posted and visible in registration and common areas of treatment facility.

As Measured by: Presence and visibility of posting in said areas. (Examples in English, Cantonese, Vietnamese, Tagalog, Spanish, Russian will be provided.)

Item #5: Each disclosure of a patient's/client's health information for purposes other than treatment, payment, or operations is documented.

As Measured by: Documentation exists.

Item #6: Authorization for disclosure of a patient's/client's health information is obtained prior to release (1) to non-treatment providers or (2) from a substance abuse program.

As Measured by: An authorization form that meets the requirements of the Federal Privacy Rule (HIPAA) is available to program staff and, when randomly asked, staff are aware of circumstances when authorization form is needed

Now, THEREFORE, the parties agree as follows:

1. Certification of Funds; Budget and Fiscal Provisions; Termination in the Event of Non-Appropriation. This Agreement is subject to the budget and fiscal provisions of the City's Charter. Charges will accrue only after prior written authorization certified by the Controller, and the amount of City's obligation hereunder shall not at any time exceed the amount certified for the purpose and period stated in such advance authorization. This Agreement will terminate without penalty, liability or expense of any kind to City at the end of any fiscal year if funds are not appropriated for the next succeeding fiscal year. If funds are appropriated for a portion of the fiscal year, this Agreement will terminate, without penalty, liability or expense of any kind at the end of the term for which funds are appropriated. July 1, 2010

- 2. Term of the Agreement. Subject to Section 1, the term of this Agreement shall be from July 1, 2010 to June 30, 2015.
- 3. Effective Date of Agreement. This Agreement shall become effective when the Controller has certified to the availability of funds and Contractor has been notified in writing.
- **4. Services Contractor Agrees to Perform.** The Contractor agrees to perform the services provided for in Appendix A, "Description of Services," attached hereto and incorporated by reference as though fully set forth herein.
- 5. Compensation. Compensation shall be made in monthly payments on or before the 1st day of each month for work, as set forth in Section 4 of this Agreement, that the Director of the Department of Public Health, in his or her sole discretion, concludes has been performed as of the 30th day of the immediately preceding month. The breakdown of costs associated with this Agreement appears in Appendix B, "Calculation of Charges," attached hereto and incorporated by reference as though fully set forth herein. No charges shall be incurred under this Agreement nor shall any payments become due to Contractor until reports, services, or both, required under this Agreement are received from Contractor and approved by Department of Public Health as being in accordance with this Agreement. City may withhold payment to Contractor in any instance in which Contractor has failed or refused to satisfy any material obligation provided for under this Agreement. In no event shall City be liable for interest or late charges for any late payments.
- 6. Guaranteed Maximum Costs. The City's obligation hereunder shall not at any time exceed the amount certified by the Controller for the purpose and period stated in such certification. - 8. Submitting False Claims; Monetary Penalties. Pursuant to San Francisco Administrative Code §21-35, any contractor, subcontractor or consultant who submits a false claim shall be liable to the City for the statutory penalties set forth in that section. The text of Section 21.35, along with the entire San Francisco Administrative Code is available on the web at http://www.municode.com/Library/clientCodePage.aspx?clientID=4201. A contractor, subcontractor or consultant will be deemed to have submitted a false claim to the City if the contractor, subcontractor or consultant: (a) knowingly presents or causes to be presented to an officer or employee of the City a false claim or request for payment or approval; (b) knowingly makes, uses, or causes to be made or used a false record or statement to get a false claim paid or approved by the City; (c) conspires to defraud the City by getting a false claim allowed or paid by the City; (d) knowingly makes, uses, or causes to be made or used a false record or statement to conceal, avoid, or decrease an obligation to pay or transmit money or property to the City; or (e) is a beneficiary of an inadvertent submission of a false claim to the

City, subsequently discovery etc. by of the claim, and fails to disclosure for claim to the City within the ci

- 9. Disallowance. If Contractor claims or receives payment from City for a service, reimbursement for which is later disallowed by the State of California or United States Government, Contractor shall promptly refund the disallowed amount to City upon City's request. At its option, City may offset the amount disallowed from any payment due or to become due to Contractor under this Agreement or any other Agreement. By executing this Agreement, Contractor certifies that Contractor is not suspended, debarred or otherwise excluded from participation in federal assistance programs. Contractor acknowledges that this certification of eligibility to receive federal funds is a material terms of the Agreement.
- 10. Taxes. Payment of any taxes, including possessory interest taxes and California sales and use a state taxes, levied upon or as a result of this Agreement, or the services delivered pursuant hereto, shall be the obligation of Contractor. Contractor recognizes and understands that this Agreement may create a "possessory interest" for property tax purposes. Generally, such a possessory interest is not created unless the Agreement entitles the Contractor to possession, occupancy, or use of City property for private gain. If such a possessory interest is created, then the following shall apply:
- 1) Contractor, on behalf of itself and any permitted successors and assigns, recognizes and understands that Contractor, and any permitted successors and assigns, may be subject to real property tax assessments on the possessory interest;
- 2) Contractor, on behalf of itself and any permitted successors and assigns, recognizes and understands that the creation, extension, renewal, or assignment of this Agreement may result in a "change in ownership" for purposes of real property taxes, and therefore may result in a revaluation of any possessory interest created by this Agreement. Contractor accordingly agrees on behalf of itself and its permitted successors and assigns to report on behalf of the City to the County Assessor the information required by Revenue and Taxation Code section 480.5, as amended from time to time, and any successor provision.
- 3) Contractor, on behalf of itself and any permitted successors and assigns, recognizes and understands that other events also may cause a change of ownership of the possessory interest and result in the revaluation of the possessory interest. (see, e.g., Rev. & Tax. Code section 64, as amended from time to time). Contractor accordingly agrees on behalf of itself and its permitted successors and assigns to report any change in ownership to the County Assessor, the State Board of Equalization or other public agency as required by law.
- 4) Contractor further agrees to provide such other information as may be requested by the City to enable the City to comply with any reporting requirements for possessory interests that are imposed by applicable law.
- 11. Payment Does Not Imply Acceptance of Work. The granting of any payment by City, or the receipt thereof by Contractor, shall in no way lessen the liability of Contractor to replace unsatisfactory work, equipment, or materials, although the unsatisfactory character of such work, equipment or materials may not have been apparent or detected at the time such payment was made. Materials, equipment, components, or workmanship that do not conform to the requirements of this Agreement may be rejected by City and in such case must be replaced by Contractor without delay.
- 12. Qualified Personnel. Work under this Agreement shall be performed only by competent personnel under the supervision of and in the employment of Contractor. Contractor will comply with City's reasonable requests regarding assignment of personnel, but all personnel, including those assigned at

City's request, must be derived by Contractor. Contractor shall common adequate resources to complete the project within the project schedule specified in this Agreement.

13. Responsibility for Equipment. City shall not be responsible for any damage to persons or property as a result of the use, misuse or failure of any equipment used by Contractor, or by any of its employees, even though such equipment be furnished, rented or loaned to Contractor by City.

14. Independent Contractor; Payment of Taxes and Other Expenses

- **Independent Contractor.** Contractor or any agent or employee of Contractor shall be deemed at all times to be an independent contractor and is wholly responsible for the manner in which it performs the services and work requested by City under this Agreement. Contractor or any agent or employee of Contractor shall not have employee status with City, nor be entitled to participate in any plans, arrangements, or distributions by City pertaining to or in connection with any retirement, health or other benefits that City may offer its employees. Contractor or any agent or employee of Contractor is liable for the acts and omissions of itself, its employees and its agents. Contractor shall be responsible for all obligations and payments, whether imposed by federal, state or local law, including, but not limited to, FICA, income tax withholdings, unemployment compensation, insurance, and other similar responsibilities related to Contractor's performing services and work, or any agent or employee of Contractor providing same. Nothing in this Agreement shall be construed as creating an employment or agency relationship between City and Contractor or any agent or employee of Contractor. Any terms in this Agreement referring to direction from City shall be construed as providing for direction as to policy and the result of Contractor's work only, and not as to the means by which such a result is obtained. City does not retain the right to control the means or the method by which Contractor performs work under this Agreement.
- b. Payment of Taxes and Other Expenses. Should City, in its discretion, or a relevant taxing authority such as the Internal Revenue Service or the State Employment Development Division, or both, determine that Contractor is an employee for purposes of collection of any employment taxes, the amounts payable under this Agreement shall be reduced by amounts equal to both the employee and employer portions of the tax due (and offsetting any credits for amounts already paid by Contractor which can be applied against this liability). City shall then forward those amounts to the relevant taxing authority. Should a relevant taxing authority determine a liability for past services performed by Contractor for City, upon notification of such fact by City, Contractor shall promptly remit such amount due or arrange with City to have the amount due withheld from future payments to Contractor under this Agreement (again, offsetting any amounts already paid by Contractor which can be applied as a credit against such liability). A determination of employment status pursuant to the preceding two paragraphs shall be solely for the purposes of the particular tax in question, and for all other purposes of this Agreement, Contractor shall not be considered an employee of City. Notwithstanding the foregoing, should any court, arbitrator, or administrative authority determine that Contractor is an employee for any other purpose, then Contractor agrees to a reduction in City's financial liability so that City's total expenses under this Agreement are not greater than they would have been had the court, arbitrator, or administrative authority determined that Contractor was not an employee.

15. Insurance

a. Without in any way limiting Contractor's liability pursuant to the "Indemnification" section of this Agreement, Contractor must maintain in force, during the full term of the Agreement, insurance in the following amounts and coverages:

- 1) Workers om sation, in statutory amounts, with 1 ploss. Liability Limits not sess than \$1,000,000 each accident, injury, or illness; and

- d. All policies shall provide thirty days' advance written notice to the City of reduction or nonrenewal of coverages or cancellation of coverages for any reason. Notices shall be sent to the City address in the "Notices to the Parties" section:
- e. Should any of the required insurance be provided under a claims-made form, Contractor shall maintain such coverage continuously throughout the term of this Agreement and, without lapse, for a period of three years beyond the expiration of this Agreement, to the effect that, should occurrences during the contract term give rise to claims made after expiration of the Agreement, such claims shall be covered by such claims-made policies.
- f. Should any of the required insurance be provided under a form of coverage that includes a general annual aggregate limit or provides that claims investigation or legal defense costs be included in such general annual aggregate limit, such general annual aggregate limit shall be double the occurrence or claims limits specified above.
- g. Should any required insurance lapse during the term of this Agreement, requests for payments originating after such lapse shall not be processed until the City receives satisfactory evidence of reinstated coverage as required by this Agreement, effective as of the lapse date. If insurance is not

Before commencing any operations under this Agreement, Contractor shall furnish to City certificates of insurance and additional insured policy endorsements with insurers with ratings comparable to A-, VIII or higher, that are authorized to do business in the State of California, and that are satisfactory to City, in form evidencing all coverages set forth above. - c. Contractor's failure to comply with the HCAO shall constitute a material breach of this agreement. City shall notify Contractor if such a breach has occurred. If, within 30 days after receiving City's written notice of a breach of this Agreement for violating the HCAO, Contractor fails to cure such breach or, if such breach cannot reasonably be cured within such period of 30 days, Contractor fails to commence efforts to cure within such period, or thereafter fails diligently to pursue such cure to completion; City shall have the right to pursue the remedies set forth in 12Q.5.1 and 12Q.5(f)(1-6). This obligation arises on the effective date of the agreement that causes the cumulative amount of agreements between Contractor and the City to be equal to or greater than \$75,000 in the fiscal year.

45. First Source Hiring Program

- a. Incorporation of Administrative Code Provisions by Reference. The provisions of Chapter 83 of the San Francisco Administrative Code are incorporated in this Section by reference and made a part of this Agreement as though fully set forth herein. Contractor shall comply fully with, and be bound by, all of the provisions that apply to this Agreement under such Chapter, including but not limited to the remedies provided therein. Capitalized terms used in this Section and not defined in this Agreement shall have the meanings assigned to such terms in Chapter 83.
- b. **First Source Hiring Agreement.** As an essential term of, and consideration for, any contract or property contract with the City, not exempted by the FSHA, the Contractor shall enter into a first source hiring agreement ("agreement") with the City, on or before the effective date of the contract or property contract. Contractors shall also enter into an agreement with the City for any other work that it performs in the City. Such agreement shall:

CMS #7020 P-500 (5-10) A Better Way, Inc.

- 1) Set appropriate hiring and retention goals for entry level positions. The employer shall agree to achieve these hiring and retention goals, or, if unable to achieve these goals, to establish good faith efforts as to its attempts to do so, as set forth in the agreement. The agreement shall take into consideration the employer's participation in existing job training, referral and/or brokerage programs. Within the discretion of the FSHA, subject to appropriate modifications, participation in such programs maybe certified as meeting the requirements of this Chapter. Failure either to achieve the specified goal, or to establish good faith efforts will constitute noncompliance and will subject the employer to the provisions of Section 83.10 of this Chapter.
- 2) Set first source interviewing, recruitment and hiring requirements, which will provide the San Francisco Workforce Development System with the first opportunity to provide qualified economically disadvantaged individuals for consideration for employment for entry level positions. Employers shall consider all applications of qualified economically disadvantaged individuals referred by the System for employment; provided however, if the employer utilizes nondiscriminatory screening criteria, the employer shall have the sole discretion to interview and/or hire individuals referred or certified by the San Francisco Workforce Development System as being qualified economically disadvantaged individuals. The duration of the first source interviewing requirement shall be determined by the FSHA and shall be set forth in each agreement, but shall not exceed 10 days. During that period, the employer may publicize the entry level positions in accordance with the agreement. A need for urgent or temporary hires must be evaluated, and appropriate provisions for such a situation must be made in the agreement.
- positions to the San Francisco Workforce Development System so that the System may train and refer an adequate pool of qualified economically disadvantaged individuals to participating employers. Notification should include such information as employment needs by occupational title, skills, and/or experience required, the hours required, wage scale and duration of employment, identification of entry level and training positions, identification of English language proficiency requirements, or absence thereof, and the projected schedule and procedures for hiring for each occupation. Employers should provide both long-term job need projections and notice before initiating the interviewing and hiring process. These notification requirements will take into consideration any need to protect the employer's proprietary information.
- 4) Set appropriate record keeping and monitoring requirements. The First Source Hiring Administration shall develop easy-to-use forms and record keeping requirements for documenting compliance with the agreement. To the greatest extent possible, these requirements shall utilize the employer's existing record keeping systems, be nonduplicative, and facilitate a coordinated flow of information and referrals.
- 5) Establish guidelines for employer good faith efforts to comply with the first source hiring requirements of this Chapter. The FSHA will work with City departments to develop employer good faith effort requirements appropriate to the types of contracts and property contracts handled by each department. Employers shall appoint a liaison for dealing with the development and implementation of the employer's agreement. In the event that the FSHA finds that the employer under a City contract or property contract has taken actions primarily for the purpose of circumventing the requirements of this Chapter, that employer shall be subject to the sanctions set forth in Section 83.10 of this Chapter.
 - 6) Set the term of the requirements.
 - 7) Set appropriate enforcement and sanctioning standards consistent with this Chapter.

- 8) Set . Ith. Lity's obligations to develop training rog. as, job applicant referrals, technical assistance, and information systems that assist the employer in complying with this Chapter.
- 9) Require the developer to include notice of the requirements of this Chapter in leases, subleases, and other occupancy contracts.
- c. **Hiring Decisions.** Contractor shall make the final determination of whether an Economically Disadvantaged Individual referred by the System is "qualified" for the position.
- d. Exceptions. Upon application by Employer, the First Source Hiring Administration may grant an exception to any or all of the requirements of Chapter 83 in any situation where it concludes that compliance with this Chapter would cause economic hardship.

e. Liquidated Damages. Contractor agrees:

- 1) To be liable to the City for liquidated damages as provided in this section;
- 2) To be subject to the procedures governing enforcement of breaches of contracts based on violations of contract provisions required by this Chapter as set forth in this section;
- That the contractor's commitment to comply with this Chapter is a material element of the City's consideration for this contract; that the failure of the contractor to comply with the contract provisions required by this Chapter will cause harm to the City and the public which is significant and substantial but extremely difficult to quantity; that the harm to the City includes not only the financial cost of funding public assistance programs but also the insidious but impossible to quantify harm that this community and its families suffer as a result of unemployment; and that the assessment of liquidated damages of up to \$5,000 for every notice of a new hire for an entry level position improperly withheld by the contractor from the first source hiring process, as determined by the FSHA during its first investigation of a contractor, does not exceed a fair estimate of the financial and other damages that the City suffers as a result of the contractor's failure to comply with its first source referral contractual obligations.
- 4) That the continued failure by a contractor to comply with its first source referral contractual obligations will cause further significant and substantial harm to the City and the public, and that a second assessment of liquidated damages of up to \$10,000 for each entry level position improperly withheld from the FSHA, from the time of the conclusion of the first investigation forward, does not exceed the financial and other damages that the City suffers as a result of the contractor's continued failure to comply with its first source referral contractual obligations;
- 5) That in addition to the cost of investigating alleged violations under this Section, the computation of liquidated damages for purposes of this section is based on the following data:
- (a) The average length of stay on public assistance in San Francisco's County Adult Assistance Program is approximately 41 months at an average monthly grant of \$348 per month, totaling approximately \$14,379; and
- (b) In 2004, the retention rate of adults placed in employment programs funded under the Workforce Investment Act for at least the first six months of employment was 84.4%. Since qualified individuals under the First Source program face far fewer barriers to employment than their counterparts in programs funded by the Workforce Investment Act, it is reasonable to conclude that the average length of employment for an individual whom the First Source Program refers to an employer and who is hired in an entry level position is at least one year;

CMS #7020 P-500 (5-10) A Better Way, Inc.

Therefore, liquidated dama___tha___al \$5,000 for first violations and \$2,000 subsequent violations as determined by FSHA constitute a fair, reasonable, and conservative attempt to quantify the harm caused to the City by the failure of a contractor to comply with its first source referral contractual obligations.

6) That the failure of contractors to comply with this Chapter, except property contractors, may be subject to the debarment and monetary penalties set forth in Sections 6.80 et seq. of the San Francisco Administrative Code, as well as any other remedies available under the contract or at law; and

Violation of the requirements of Chapter 83 is subject to an assessment of liquidated damages in the amount of \$5,000 for every new hire for an Entry Level Position improperly withheld from the first source hiring process. The assessment of liquidated damages and the evaluation of any defenses or mitigating factors shall be made by the FSHA.

- f. Subcontracts. Any subcontract entered into by Contractor shall require the subcontractor to comply with the requirements of Chapter 83 and shall contain contractual obligations substantially the same as those set forth in this Section.
- 46. Prohibition on Political Activity with City Funds. In accordance with San Francisco Administrative Code Chapter 12.G, Contractor may not participate in, support, or attempt to influence any political campaign for a candidate or for a ballot measure (collectively, "Political Activity") in the performance of the services provided under this Agreement. Contractor agrees to comply with San Francisco Administrative Code Chapter 12.G and any implementing rules and regulations promulgated by the City's Controller. The terms and provisions of Chapter 12.G are incorporated herein by this reference. In the event Contractor violates the provisions of this section, the City may, in addition to any other rights or remedies available hereunder, (i) terminate this Agreement, and (ii) prohibit Contractor from bidding on or receiving any new City contract for a period of two (2) years. The Controller will not consider Contractor suse of profit as a violation of this section.
- 47. Preservative-treated Wood Containing Arsenic. Contractor may not purchase preservative-treated wood products containing arsenic in the performance of this Agreement unless an exemption from the requirements of Chapter 13 of the San Francisco Environment Code is obtained from the Department of the Environment under Section 1304 of the Code. The term "preservative-treated wood containing arsenic" shall mean wood treated with a preservative that contains arsenic, elemental arsenic, or an arsenic copper combination, including, but not limited to, chromated copper arsenate preservative, ammoniacal copper zinc arsenate preservative, or ammoniacal copper arsenate preservative. Contractor may purchase preservative-treated wood products on the list of environmentally preferable alternatives prepared and adopted by the Department of the Environment. This provision does not preclude Contractor from purchasing preservative-treated wood containing arsenic for saltwater immersion. The term "saltwater immersion" shall mean a pressure-treated wood that is used for construction purposes or facilities that are partially or totally immersed in saltwater.

If Contractor, or any of its subcontractors, hires an employee or volunteer to provide services to minors at any location other than a Recreational Site, and that employee or volunteer has been convicted of an offense specified in Penal Code section 11105.3(c), then Contractor shall comply, and cause its subcontractors to comply with that section and provide written notice to the parents or guardians of any minor who will be supervised or disciplined by the employee or volunteer not less than ten (10) days prior to the day the employee or volunteer begins his or her duties or tasks. Contractor shall provide, or cause its subcontractors to provide City with a copy of any such notice at the same time that it provides notice to any parent or guardian. Contractor shall expressly require any of its subcontractors with supervisory or disciplinary power over a minor to comply with this section of the Agreement as a condition of its contract with the subcontractor. Contractor acknowledges and agrees that failure by Contractor or any of its subcontractors to comply with any provision of this section of the Agreement shall constitute an Event of Default. Contractor further acknowledges and agrees that such Event of Default shall be grounds for the City to terminate the Agreement, partially or in its entirety, to recover from Contractor any amounts paid under this Agreement, and to withhold any future payments to Contractor. Graffiti is detrimental to the health, safety and welfare of the community in that it promotes a perception in the community that the laws protecting public and private property can be disregarded with impunity. This perception fosters a sense of disrespect of the law that results in an increase in crime; degrades the community and leads to urban blight; is detrimental to property values, business opportunities and the enjoyment of life; is inconsistent with the City's property maintenance goals and aesthetic standards, and results in additional graffiti and in other properties becoming the target of graffiti unless it is quickly removed from public and private property. 6. Methodology

For direct client services (e.g. case management, treatment, prevention activities)

Describe how services are delivered and what activities will be provided, addressing, how, what, where, why, and by whom. Address each question, and include project names, subpopulations; describe linkages/coordination with other agencies, where applicable.

A. Outreach, recruitment, promotion, and advertisement.

San Francisco Human Service Agency will refer clients to San Francisco Foster Care Mental Health who in turn will refer eligible clients for TVS services. As such, outreach, promotion and advertisement for this program will consist mainly of A Better Way's ongoing efforts to collaborate with FCMH and HSA to streamline referral, engagement, intake and treatment. A Better Way will also conduct outreach efforts through informal and formal collaborations with other agencies to help communities become aware of our services and ensure continuity of care.

B. Admission, enrollment and/or intake criteria and process.

For a client to be eligible for referral to TVS, they will

- i. Have a reunification plan
- Meet basic medical necessity and display behavioral health symptoms indicating that Mental Health Services and
- iii. Have EPSDT/Medi-Cal coverage in place

All referrals to A Better Way will be assessed within the first 30 days for EPSDT eligibility and medical necessity. For services to continue past initial assessment, clients must have a qualifying axis I diagnosis, as identified on the Child Adolescence Needs and Strengths (CANS) tool

- C. Service delivery model
 - a. Phases of treatment:

client and family to obtain information, build rapport, and establish medical necessity. If medical necessity and EPSDT eligibility are established, then the clinician will work with the client and family to create agreed upon treatment plan goals and objectives. Medical necessity and progress are assessed in a continuous and ongoing manner. Treatment goals and interventions are updated based on need. During this phase, clinicians will also work with Protective Social Workers to gather information on safety concerns and reunification criteria relevant to the family's service plan. These concerns will inform the structure of services to:

- Manage risk and assure safety
- 2. Develop family treatment goals that allow for the development and assessment of protective capacities within the family system
- ii. <u>Service Delivery Phase:</u> Based on the CANS assessment and clinical formulation, clinicians will provide services including, but not limited to individual therapy, family therapy, collateral, case management, and plan development. The clinician will maintain ongoing collaboration with members of the treatment team (foster parents, Human Service Agency workers, attorneys, etc.) to:
 - 1. Manage risk and assure safety
 - Develop progressive family treatment goals that allow for the ongoing development and assessment of protective capacities within the family system.
 - 3. Provide strengths-based, objective information to PSW's regarding client's needs, and the family's protective capacities
- b. <u>Hours of Operation</u>: Our program will be open 9:00 a.m. to 8 p.m. Monday Friday, and on Saturdays as scheduled.
- c. <u>Length of stay</u>: Average length of treatment will be six to eight months depending on the needs of the client and family.
- d. <u>Locations</u>: Service locations are determined in collaboration with the PSW based on the client & family need. In general, locations will be chosen which provide the most "home like" setting in which the child's safety can be assured and in which the parent will face an "optimum challenge" in the development and demonstration of parenting capacities. Locations can range from A Better Way's San Francisco offices to surrounding bay area communities (client's home, foster home, parks, community spaces such as parks, FRCs and churches). A Better Way will provide services in locations that are clinically indicated, and that will prepare families for successful "step down" (i.e. supervised visitation, kin supervised visit, visits in the home, etc) from therapeutic visitation.

medical necessity. Within these maximum limits, the actual frequency and duration of services will be determined collaboratively by HSA, A Better Way, clients, and families to achieve the optimal level of treatment that will enhance greater client well-being and greater protective capacities within the family.

- f. Strategies for Service Delivery: Mental Health services will involve Evidence
 Based and Outcomes Informed practice as Indicated by client need. A Better
 Way utilizes Parent Child Interaction Therapy, Incredible Years, Trauma
 Focused Cognitive Behavioral Therapy, Cognitive Behavioral Therapy and
 Evidence-Based elements from these and other EBPs.
- D. Exit criteria and process: Clients will be discharged through the following avenues:
 - a. Termination of Services due to lack of medical necessity When behavioral health symptoms no longer warrant mental health treatment, clients will be discharged from A Better Way. In collaboration with the PSW, A Better Way will assure that these clients are connected with ongoing visitation services and other support services that are not dependent on Medical Necessity.
 - b. Step Down due to successful completion of program treatment goals When clients and families succeed in their treatment goals and are ready to step down to unsupervised, or less supervised, settings. In collaboration with the PSW, A Better Way will assure that all clients are connected with all indicated aftercare services and visitation support services.
- E. Describe your program's staffing: All mental Health Services will be provided by MFTi, MFT, MSW, LCSW, PhD, PsyD or other trained and board registered mental health clinicians who are qualified to deliver EPSDT services to the target population. A Better Way staff includes: Clinical Supervisors with appropriate licensure and supervisory training/experience, a licensed Program Director, an Intake Coordinator, and office management, and Quality Assurance staff.

6. Methodology

For direct client services (e.g. case management, treatment, prevention activities)

Describe how services are delivered and what activities will be provided, addressing, how, what, where, why, and by whom. Address each question, and include project names, subpopulations; describe linkages/coordination with other agencies, where applicable.

A. Outreach, recruitment, promotion, and advertisement.

San Francisco Human Service Agency will refer clients to San Francisco Foster Care Mental Health who in turn will refer eligible clients for TVS services. As such, outreach, promotion and advertisement for this program will consist mainly of A Better Way's ongoing efforts to collaborate with FCMH and HSA to streamline referral, engagement, intake and treatment. A Better Way will also conduct outreach efforts through informal and formal collaborations with other agencies to help communities become aware of our services and ensure continuity of care.

B. Admission, enrollment and/or intake criteria and process.

For a client to be eligible for referral to TVS, they will

- i. Have a reunification plan
- ii. Meet basic medical necessity and display behavioral health symptoms indicating that Mental Health Services and
- iii. Have EPSDT/Medi-Cal coverage in place

All referrals to A Better Way will be assessed within the first 30 days for EPSDT eligibility and medical necessity. For services to continue past initial assessment, clients must have a qualifying axis I diagnosis, as identified on the Child Adolescence Needs and Strengths (CANS) tool

C. Service delivery model

- a. Phases of treatment:
 - Engagement Phase: Upon referral, clients and families will engage in a 30 day EPSDT and medical necessity assessment through clinical interview and observation, the CANS, and any indicated standardized assessment tools. During this 30 day period, clinicians will work with the

client and family to obtain information, build rapport, and establish medical necessity. If medical necessity and EPSDT eligibility are established, then the clinician will work with the client and family to create agreed upon treatment plan goals and objectives. Medical necessity and progress are assessed in a continuous and ongoing manner. Treatment goals and interventions are updated based on need. During this phase, clinicians will also work with Protective Social Workers to gather information on safety concerns and reunification criteria relevant to the family's service plan. These concerns will inform the structure of services to:

- 1. Manage risk and assure safety
- 2. Develop family treatment goals that allow for the development and assessment of protective capacities within the family system
- ii. Service Delivery Phase: Based on the CANS assessment and clinical formulation, clinicians will provide services including, but not limited to individual therapy, family therapy, collateral, case management, and plan development. The clinician will maintain ongoing collaboration with members of the treatment team (foster parents, Human Service Agency workers, attorneys, etc.) to:
 - 1. Manage risk and assure safety
 - 2. Develop progressive family treatment goals that allow for the ongoing development and assessment of protective capacities within the family system.
 - 3. Provide strengths-based, objective information to PSW's regarding client's needs, and the family's protective capacities
- b. <u>Hours of Operation</u>: Our program will be open 9:00 a.m. to 8 p.m. Monday Friday, and on Saturdays as scheduled.
- c. <u>Length of stay</u>: Average length of treatment will be six to eight months depending on the needs of the client and family.
- d. Locations: Service locations are determined in collaboration with the PSW based on the client & family need. In general, locations will be chosen which provide the most "home like" setting in which the child's safety can be assured and in which the parent will face an "optimum challenge" in the development and demonstration of parenting capacities. Locations can range from A Better Way's San Francisco offices to surrounding bay area communities (client's home, foster home, parks, community spaces such as parks, FRCs and churches). A Better Way will provide services in locations that are clinically indicated, and that will prepare families for successful "step down" (i.e. supervised visitation, kin supervised visit, visits in the home, etc) from therapeutic visitation.
- e. <u>Frequency and Duration of Services:</u> In accordance with EPSDT standards, the maximum frequency and duration of services will be determined by the level of

medical necessity. Within these maximum limits, the actual frequency and duration of services will be determined collaboratively by HSA, A Better Way, clients, and families to achieve the optimal level of treatment that will enhance greater client well-being and greater protective capacities within the family.

- f. Strategies for Service Delivery: Mental Health services will involve Evidence Based and Outcomes Informed practice as indicated by client need. A Better Way utilizes Parent Child Interaction Therapy, Incredible Years, Trauma Focused Cognitive Behavioral Therapy, Cognitive Behavioral Therapy and Evidence-Based elements from these and other EBPs.
- D. Exit criteria and process: Clients will be discharged through the following avenues:
 - a. Termination of Services due to lack of medical necessity When behavioral health symptoms no longer warrant mental health treatment, clients will be discharged from A Better Way. In collaboration with the PSW, A Better Way will assure that these clients are connected with ongoing visitation services and other support services that are not dependent on Medical Necessity.
 - b. Step Down due to successful completion of program treatment goals When clients and families succeed in their treatment goals and are ready to step down to unsupervised, or less supervised, settings. In collaboration with the PSW, A Better Way will assure that all clients are connected with all indicated aftercare services and visitation support services.
- E. Describe your program's staffing: All mental Health Services will be provided by MFTi, MFT, MSW, LCSW, PhD, PsyD or other trained and board registered mental health clinicians who are qualified to deliver EPSDT services to the target population. A Better Way staff includes: Clinical Supervisors with appropriate licensure and supervisory training/experience, a licensed Program Director, an Intake Coordinator, and office management, and Quality Assurance staff.

A Better Way will also conduct outreach efforts through informal and formal collaborations with other agencies to help communities become aware of our services and ensure continuity of care.

For a client to be eligible for referral to our Outpatient services, they will

- iii. Have EPSDT/Medi-Cal coverage in place

All referrals to A Better Way will be assessed within the first 30 days for EPSDT eligibility and medical necessity. For services to continue past initial assessment, clients must have a qualifying axis I diagnosis, as identified on the Child Adolescence Needs and Strengths (CANS) tool

- C. Service delivery model
 - a. Phases of treatment:
 - i. Engagement Phase: Upon referral, clients and families will engage in a 30 day EPSDT and medical necessity assessment through clinical interview and observation, the CANS, and any indicated standardized assessment tools. During this 30 day period, clinicians will work with the client and family to obtain information, build rapport, and establish medical necessity. If medical necessity and EPSDT eligibility are established, then the clinician will work with the client and family to create agreed upon treatment plan goals and objectives. Medical necessity and progress are assessed in a continuous and ongoing manner. Treatment goals and interventions are updated based on need. During this phase, clinicians will also work with Protective Social Workers to gather information on safety concerns and permanency planning issues that may be relevant to the needs of the client.

In collaboration with the PSW, A Better Way will assure that these clients are connected with ongoing services and supports that are not dependent on Medical Necessity.
 - b. Step Down due to successful completion of program treatment goals When clients and families succeed in their treatment goals and are ready to terminate Behavioral Health services. such third party to immediately notify BA of any breaches of confidentiality of the Protected Information, to the extent it has obtained knowledge of such breach [42 U.S.C. Section 17932; 45 C.F.R. Sections 164.504(e)(2)(i), 164.504(e)(2)(i)(B), 164.504(e)(2)(ii)(A) and 164.504(e)(4)(ii)].

- c. Prohibited Uses and Disclosures. BA shall not use or disclose Protected Information for fundraising or marketing purposes. BA shall not disclose Protected Information to a health plan for payment or health care operations purposes if the patient has requested this special restriction, and has paid out of pocket in full for the health care item or service to which the PHI solely relates 42 U.S.C. Section 17935(a). BA shall not directly or indirectly receive remuneration in exchange for Protected Information, except with the prior written consent of CE and as permitted by the HITECH Act, 42 U.S.C. Section 17935(d)(2); however, this prohibition shall not affect payment by CE to BA for services provided pursuant to the Contract.
- d. Appropriate Safeguards. BA shall implement appropriate safeguards as are necessary to prevent the use or disclosure of Protected Information otherwise than as permitted by the Contract or Addendum, including, but not limited to, administrative, physical and technical safeguards that reasonably and appropriately protect the confidentiality, integrity and availability of the Protected Information, in accordance with 45 C.F.R Section 164.308(b)]. BA shall comply with the policies and procedures and documentation requirements of the HIPAA Security Rule, including, but not limited to, 45 C.F.R. Section 164.316 [42 U.S.C. Section 17931]
- e. Reporting of Improper Access, Use or Disclosure. Section 17921; 45 C.F.R. Section 164.504(e)(2)(ii)(C); 45 C.R.R. Section 164.308(b)].
- f. Business Associate's Agents. BA shall ensure that any agents, including subcontractors, to whom it provides Protected Information, agree in writing to the same restrictions and conditions that apply to BA with respect to such PHI. If BA creates, maintains, receives or transmits electronic PHI on behalf of CE, then BA shall implement the safeguards required by paragraph c above with respect to Electronic PHI [45 C.F.R. Section 164.504(e)(2)(ii)(D); 45 C.F.R. Section 164.308(b)]. BA shall implement and maintain sanctions against agents and subcontractors that violate such restrictions and conditions and shall mitigate the effects of any such violation (see 45 C.F.R. Sections 164.530(f) and 164.530(e)(1)).
- g. Access to Protected Information. BA shall make Protected Information maintained by BA or its agents or subcontractors available to CE for inspection and copying within ten (10) days of a request by CE to enable CE to fulfill its obligations under the Privacy Rule, including, but not limited to, 45 C.F.R. Section 164.524 [45 C.F.R. Section 164.504(e)(2)(ii)(E)]. If BA maintains an Electronic Health Record, BA shall provide such information in electronic format to enable CE to fulfill its obligations under the HITECH Act, including, but not limited to, 42 U.S.C. Section 17935(e).
- h. Amendment of PHI. Within ten (10) days of receipt of a request from CE for an amendment of Protected Information or a record about an individual contained in a Designated Record Set, BA or its agents or subcontractors shall make such Protected

Information available to CE for amendment and incorporate any such amendment to enable CE to fulfill its obligation under the Privacy Rule, including, but not limited to, 45 C.F.R. Section 164.526. If any individual requests an amendment of Protected Information directly from BA or its agents or subcontractors, BA must notify CE in writing within five (5) days of the request. Any approval or denial of amendment of Protected Information maintained by BA or its agents or subcontractors shall be the responsibility of CE [45 C.F.R. Section 164.504(e)(2)(ii)(F)].

- Accounting Rights. Within ten (10) calendar days of notice by CE of a request for an accounting for disclosures of Protected Information or upon any disclosure of Protected Information for which CE is required to account to an individual, BA and its agents or subcontractors shall make available to CE the information required to provide an accounting of disclosures to enable CE to fulfill its obligations under the Privacy Rule, including, but not limited to, 45 C.F.R. Section 164.528, and the HITECH Act, including but not limited to 42 U.S.C. Section 17935(c), as determined by CE. BA agrees to implement a process that allows for an accounting to be collected and maintained by BA and its agents or subcontractors for at least six (6) years prior to the request. However, accounting of disclosures from an Electronic Health Record for treatment, payment or health care operations purposes are required to be collected and maintained for only three (3) years prior to the request, and only to the extent that BA maintains an electronic health record and is subject to this requirement. At a minimum, the information collected and maintained shall include: (i) the date of disclosure; (ii) the name of the entity or person who received Protected Information and, if known, the address of the entity or person; (iii) a brief description of Protected Information disclosed; and (iv) a brief statement of purpose of the disclosure that reasonably informs the individual of the basis for the disclosure, or a copy of the individual's authorization, or a copy of the written request for disclosure. In the event that the request for an accounting is delivered directly to BA or its agents or subcontractors, BA shall within five (5) calendar days of a request forward it to CE in writing. It shall be CE's responsibility to prepare and deliver any such accounting requested. BA shall not disclose any Protected Information except as set forth in Sections 2.b. of this Addendum [45 C.F.R. Sections 164.504(e)(2)(ii)(G) and 165.528]. The provisions of this subparagraph h shall survive the termination of this Agreement.
- j. Governmental Access to Records. BA shall make its internal practices, books and records relating to the use and disclosure of Protected Information available to CE and to the Secretary of the U.S. Department of Health and Human Services(the "Secretary") for purposes of determining BA's compliance with the Privacy Rule [45 C.F.R. Section 164.504(e)(2)(ii)(H)]. BA shall provide to CE a copy of any Protected Information that BA provides to the Secretary concurrently with providing such Protected Information to the Secretary.
- k. Minimum Necessary. BA (and its agents or subcontractors) shall request, use and disclose only the minimum amount of Protected Information necessary to accomplish the purpose of the request, use or disclosure. [42 U.S.C. Section 17935(b); 45 C.F.R. Section 164.514(d)(3)] BA understands and agrees that the definition of "minimum necessary" is in flux and shall keep itself informed of guidance issued by the Secretary with respect to what constitutes "minimum necessary."
- Data Ownership. BA acknowledges that BA has no ownership rights with respect to the Protected Information.

- m. Business Associate's Insurance. BA shall maintain a sufficient amount of insurance to adequately address risks associated with BA's use and disclosure of Protected Information under this Addendum.
- n. Notification of Breach. During the term of the Contract, BA shall notify CE within twenty-four (24) hours of any suspected or actual breach of security, intrusion or unauthorized use or disclosure of PHI of which BA becomes aware and/or any actual or suspected use or disclosure of data in violation of any applicable federal or state laws or regulations. BA shall take (i) prompt corrective action to cure any such deficiencies and (ii) any action pertaining to such unauthorized disclosure required by applicable federal and state laws and regulations.
- Breach Pattern or Practice by Covered Entity. Pursuant to 42 U.S.C. Section 17934(b), if the BA knows of a pattern of activity or practice of the CE that constitutes a material breach or violation of the CE's obligations under the Contract or Addendum or other arrangement, the BA must take reasonable steps to cure the breach or end the violation. If the steps are unsuccessful, the BA must terminate the Contract or other arrangement if feasible, or if termination is not feasible, report the problem to the Secretary of DHHS. BA shall provide written notice to CE of any pattern of activity or practice of the CE that BA believes constitutes a material breach or violation of the CE's obligations under the Contract or Addendum or other arrangement within five (5) calendar days of discovery and shall meet with CE to discuss and attempt to resolve the problem as one of the reasonable steps to cure the breach or end the violation.
- Audits, Inspection and Enforcement. Within ten (10)calendar days of a written request by CE, BA and its agents or subcontractors shall allow CE to conduct a reasonable inspection of the facilities, systems, books, records, agreements, policies and procedures relating to the use or disclosure of Protected Information pursuant to this Addendum for the purpose of determining whether BA has complied with this Addendum, provided, however, that (i) BA and CE shall mutually agree in advance upon the scope, timing and location of such an inspection, (ii) CE shall protect the confidentiality of all confidential and proprietary information of BA to which CE has access during the course of such inspection; and (iii) CE shall execute a nondisclosure agreement, upon terms mutually agreed upon by the parties, if requested by BA. The fact that CE inspects, or fails to inspect, or has the right to inspect, BA's facilities, systems, books, records, agreements, policies and procedures does not relieve BA of its responsibility to comply with this Addendum, nor does CE's (i) failure to detect or (ii) detection, but failure to notify BA or require BA's remediation of any unsatisfactory practices, constitute acceptance of such practice or a waiver of CE's enforcement rights under the Contract or Addendum, BA shall notify CE within ten (10) calendar days of learning that BA has become the subject of an audit, compliance review, or complaint investigation by the Office for Civil Rights.

3. Termination

- a. Material Breach. A breach by BA of any provision of this Addendum, as determined by CE, shall constitute a material breach of the Contract and shall provide grounds for immediate termination of the Contract, any provision in the Contract to the contrary notwithstanding. [45 C.F.R. Section 164.504(e)(2)(iii)].
 - b. Judicial or Administrative Proceedings. CE may terminate the

Contract, effective immediately, if (i) BA is named as a defendant in a criminal proceeding for a violation of HIPAA, the HITECH Act, the HIPAA Regulations or other security or privacy laws or (ii) a finding or stipulation that the BA has violated any standard or requirement of HIPAA, the HITECH Act, the HIPAA Regulations or other security or privacy laws is made in any administrative or civil proceeding in which the party has been joined.

c. Effect of Termination. Upon termination of the Contract for any reason, BA shall, at the option of CE, return or destroy all Protected Information that BA or its agents or subcontractors still maintain in any form, and shall retain no copies of such Protected Information. If return or destruction is not feasible, as determined by CE, BA shall continue to extend the protections of Section 2 of this Addendum to such information, and limit further use of such PHI to those purposes that make the return or destruction of such PHI infeasible [45 C.F.R. Section 164.504(e)(ii)(2)(I)]. If CE elects destruction of the PHI, BA shall certify in writing to CE that such PHI has been destroyed.

4. Limitation of Liability

Any limitations of liability as set forth in the contract shall not apply to damages related to a breach of the BA's privacy or security obligations under the Contract or Addendum.

5. Disclaimer

CE makes no warranty or representation that compliance by BA with this Addendum, HIPAA, the HITECH Act, or the HIPAA Regulations will be adequate or satisfactory for BA's own purposes. BA is solely responsible for all decisions made by BA regarding the safeguarding of PHI.

6. Certification

To the extent that CE determines that such examination is necessary to comply with CE's legal obligations pursuant to HIPAA relating to certification of its security practices, CE or its authorized agents or contractors, may, at CE's expense, examine BA's facilities, systems, procedures and records as may be necessary for such agents or contractors to certify to CE the extent to which BA's security safeguards comply with HIPAA, the HITECH Act, the HIPAA Regulations or this Addendum.

7. Amendment

a. Amendment to Comply with Law. The parties acknowledge that state and federal laws relating to data security and privacy are rapidly evolving and that amendment of the Contract or Addendum may be required to provide for procedures to ensure compliance with such developments. The parties specifically agree to take action as is necessary to implement the standards and requirements of HIPAA, the HITECH Act, the Privacy Rule, the Security Rule and other applicable laws relating to the security or confidentiality of PHI. The parties understand and agree that CE must receive satisfactory written assurance from BA that BA will adequately safeguard all Protected Information. Upon the request of either party, the other party agrees to promptly enter into negotiations concerning the terms of an amendment to this Addendum embodying written assurances consistent with the standards and requirements of HIPAA, the HITECH Act, the Privacy Rule, the Security Rule or other applicable laws. CE may terminate the Contract upon thirty (30) calendar days written notice in the event (i) BA

does not promptly enter into negotiations to amend the Contract or Addendum when requested by CE pursuant to this Section or (ii) BA does not enter into an amendment to the Contract or Addendum providing assurances regarding the safeguarding of PHI that CE, in its sole discretion, deems sufficient to satisfy the standards and requirements of applicable laws.

8. Assistance in Litigation or Administrative Proceedings

BA shall make itself, and any subcontractors, employees or agents assisting BA in the performance of its obligations under the Contract or Addendum, available to CE, at no cost to CE, to testify as witnesses, or otherwise, in the event of litigation or administrative proceedings being commenced against CE, its directors, officers or employees based upon a claimed violation of HIPAA, the HITECH Act, the Privacy Rule, the Security Rule, or other laws relating to security and privacy, except where BA or its subcontractor, employee or agent is a named adverse party.

9. No Third-Party Beneficiaries

Nothing express or implied in the Contract or Addendum is intended to confer, nor shall anything herein confer, upon any person other than CE, BA and their respective successors or assigns, any rights, remedies, obligations or liabilities whatsoever.

10. Effect on Contract

Except as specifically required to implement the purposes of this Addendum, or to the extent inconsistent with this Addendum, all other terms of the Contract shall remain in force and effect.

11. Interpretation

The provisions of this Addendum shall prevail over any provisions in the Contract that may conflict or appear inconsistent with any provision in this Addendum. This Addendum and the Contract shall be interpreted as broadly as necessary to implement and comply with HIPAA, the HITECH Act, the Privacy Rule and the Security Rule. The parties agree that any ambiguity in this Addendum shall be resolved in favor of a meaning that complies and is consistent with HIPAA, the HITECH Act, the Privacy Rule and the Security Rule.

12. Replaces and Supersedes Previous Business Associate Addendums or Agreements

This Business Associate Addendum replaces and supersedes any previous business associate addendums or agreements between the parties hereto.

Dispute Resolution Procedure For Health and Human Services Nonprofit Contractors 9-06

Introduction

The City Nonprofit Contracting Task Force submitted its final report to the Board of Supervisors in June 2003. The report contains thirteen recommendations to streamline the City's contracting and monitoring process with health and human services nonprofits. These recommendations include: (1) consolidate contracts, (2) streamline contract approvals, (3) make timely payment, (4) create review/appellate process, (5) eliminate unnecessary requirements, (6) develop electronic processing, (7) create standardized and simplified forms, (8) establish accounting standards, (9) coordinate joint program monitoring, (10) develop standard monitoring protocols, (11) provide training for personnel, (12) conduct tiered assessments, and (13) fund cost of living increases. The report is available on the Task Force's website at http://www.sfgov.org/site/npcontractingtf_index.asp?id=1270. The Board adopted the recommendations in February 2004. The Office of Contract Administration created a Review/Appellate Panel ("Panel") to oversee implementation of the report recommendations in January 2005.

The Board of Supervisors strongly recommends that departments establish a Dispute Resolution Procedure to address issues that have not been resolved administratively by other departmental remedies. The Panel has adopted the following procedure for City departments that have professional service grants and contracts with nonprofit health and human service providers. The Panel recommends that departments adopt this procedure as written (modified if necessary to reflect each department's structure and titles) and include it or make a reference to it in the contract. The Panel also recommends that departments distribute the finalized procedure to their nonprofit contractors. Any questions for concerns about this Dispute Resolution Procedure should be addressed to purchasing@sfgov.org.

Dispute Resolution Procedure

The following Dispute Resolution Procedure provides a process to resolve any disputes or concerns relating to the administration of an awarded professional services grant or contract between the City and County of San Francisco and nonprofit health and human services contractors:

Contractors and City staff should first attempt to come to resolution informally through discussion and negotiation with the designated contact person in the department.

If informal discussion has failed to resolve the problem, contractors and departments should employ the following steps:

• Step 1 The contractor will submit a written statement of the concern or dispute addressed to the Contract/Program Manager who oversees the agreement in question. The writing should describe the nature of the concern or dispute, i.e., program, reporting, monitoring, budget, compliance or other concern. The

CMS #7020 P-500 (5-10) A Better Way, Inc. July 1, 2010

Contract/Program Manager will investigate the concern with the appropriate department staff that are involved with the nonprofit agency's program, and will either convene a meeting with the contractor or provide a written response to the contractor within 10 working days.

- Step 2 Should the dispute or concern remain unresolved after the completion of Step 1, the contractor may request review by the Division or Department Head who supervises the Contract/Program Manager. This request shall be in writing and should describe why the concern is still unresolved and propose a solution that is satisfactory to the contractor. The Division or Department Head will consult with other Department and City staff as appropriate, and will provide a written determination of the resolution to the dispute or concern within 10 working days.
- Step 3 Should Steps 1 and 2 above not result in a determination of mutual agreement, the contractor may forward the dispute to the Executive Director of the Department or their designee. This dispute shall be in writing and describe both the nature of the dispute or concern and why the steps taken to date are not satisfactory to the contractor. The Department will respond in writing within 10 working days.

In addition to the above process, contractors have an additional forum available only for <u>disputes</u> that concern implementation of the thirteen policies and procedures recommended by the <u>Nonprofit Contracting Task Force and adopted by the Board of Supervisors</u>. These recommendations are designed to improve and streamline contracting, invoicing and monitoring procedures. For more information about the Task Force's recommendations, see the June 2003 report at http://www.sfgov.org/site/npcontractingtf_index.asp?id=1270.

The Review/Appellate Panel oversees the implementation of the Task Force report. The Panel is composed of both City and nonprofit representatives. The Panel invites contractors to submit concerns about a department's implementation of the policies and procedures. Contractors can notify the Panel after Step 2. However, the Panel will not review the request until all three steps are exhausted. This review is limited to a concern regarding a department's implementation of the policies and procedures in a manner which does not improve and streamline the contracting process. This review is not intended to resolve substantive disputes under the contract such as change orders, scope, term, etc. The contractor must submit the request in writing to purchasing@sfgov.org. This request shall describe both the nature of the concern and why the process to date is not satisfactory to the contractor. Once all steps are exhausted and upon receipt of the written request, the Panel will review and make recommendations regarding any necessary changes to the policies and procedures or to a department's administration of policies and procedures.

Appendix H

San Francisco Department of Public Health Privacy Policy Compliance Standards

As part of this Agreement, Contractor acknowledges and agrees to comply with the following:

In City's Fiscal Year 2003/04, a DPH Privacy Policy was developed and contractors advised that they would need to comply with this policy as of July 4, 2005.

As of July 1, 2004, contractors were subject to audits to determine their compliance with the DPH Privacy Policy using the six compliance standards listed below. Audit findings and corrective actions identified in City's Fiscal year 2004/05 were to be considered informational, to establish a baseline for the following year.

Beginning in City's Fiscal Year 2005/06, findings of compliance or non-compliance and corrective actions were to be integrated into the contractor's monitoring report.

Item #1: DPH Privacy Policy is integrated in the program's governing policies and procedures regarding patient privacy and confidentiality.

As Measured by: Existence of adopted/approved policy and procedure that abides by the rules outlined in the DPH Privacy Policy

Item #2: All staff who handle patient health information are oriented (new hires) and trained in the program's privacy/confidentiality policies and procedures.

As Measured by: Documentation showing individual was trained exists

Item #3: A Privacy Notice that meets the requirements of the Federal Privacy Rule (HIPAA) is written and provided to all patients/clients served in their threshold and other languages. If document is not available in the patient's/client's relevant language, verbal translation is provided.

As Measured by: Evidence in patient's/client's chart or electronic file that patient was "noticed." (Examples in English, Cantonese, Vietnamese, Tagalog, Spanish, Russian will be provided.)

Item #4: A Summary of the above Privacy Notice is posted and visible in registration and common areas of treatment facility.

As Measured by: Presence and visibility of posting in said areas. (Examples in English, Cantonese, Vietnamese, Tagalog, Spanish, Russian will be provided.)

Item #5: Each disclosure of a patient's/client's health information for purposes other than treatment, payment, or operations is documented.

As Measured by: Documentation exists.

Item #6: Authorization for disclosure of a patient's/client's health information is obtained prior to release (1) to non-treatment providers or (2) from a substance abuse program.

As Measured by: An authorization form that meets the requirements of the Federal Privacy Rule (HIPAA) is available to program staff and, when randomly asked, staff are aware of circumstances when authorization form is needed.

Appendix I

Emergency Response

CONTRACTOR will develop and maintain an Agency Disaster and Emergency Response Plan containing Site Specific Emergency Response Plan(s) for each of its service sites. The agency-wide plan should address disaster coordination between and among service sites. CONTRACTOR will update the Agency/site(s) plan as needed and CONTRACTOR will train all employees regarding the provisions of the plan for their Agency/site(s). CONTRACTOR will attest on its annual Community Programs' Contractor Declaration of Compliance whether it has developed and maintained an Agency Disaster and Emergency Response Plan, including a site specific emergency response plan for each of its service sites. CONTRACTOR is advised that Community Programs Contract Compliance Section staff will review these plans during a compliance site review. Information should be kept in an Agency/Program Administrative Binder, along with other contractual documentation requirements for easy accessibility and inspection.

In a declared emergency, CONTRACTOR'S employees shall become emergency workers and participate in the emergency response of Community Programs, Department of Public Health. Contractors are required to identify and keep Community Programs staff informed as to which two staff members will serve as CONTRACTOR'S prime contacts with Community Programs in the event of a declared emergency.
