Re: Gift of WiFi Equipment to the City and County of San Francisco

Dear Mr. Richard:

I am writing to thank Cisco Systems, Inc. (Cisco) for the Company's donation of WiFi equipment. This gift allowed the Department of Technology (DT) to assess the performance of Cisco's WiFi equipment in the field in a dense environment. The gift will allow DT to enhance its #SFWiFi system in public places, offering residents and visitors free access to the internet through a laptop, smart phone, tablet or any mobile device with an internet browser.

Between December of 2015 and February 2016, DT received a gift consisting of 75 WiFi access points, related hardware and services from Cisco Systems.

Regards,
