Summary of Program Areas

Cleaning, Maintenance, and Safety

The Ocean Avenue Management Plan calls for approximately 52% of the budget to be spent on Cleaning, Safety, and Maintenance. OAA contracts with CleanScapes to provide cleaning and maintenance. Two workers are employed who clean and maintain the public realm six days a week. These services include sweeping and steam cleaning sidewalks and Muni boarding islands; removing graffiti within 24 hours; topping off city trash cans; spot pressure washing; reporting and monitoring of illegal dumping of small and large items in the public right-of-way; wiping down furniture; removing weeds from tree wells; removing posted notices on city poles and other street furniture; and painting city poles.

Marketing, Streetscape Improvements, and Beautification

Approximately 18% of the annual budget is allocated for public space development and streetscape improvements. This program area includes but is not limited to promoting the district through a website that includes information about their purpose and accomplishments, sponsoring special events such as holiday events and monthly concerts, and developing marketing activities that support efforts to recruit and retain businesses.

Management & Operations

The Ocean Avenue CBD is staffed by a full-time Executive Director who (1) performs the day-to-day management of the organization, (2) serves at the focal point person for the district, (3) advocates for city funds and services and (4) ensures that the organization is in compliance with their Management Plan and City contract. The CBD Management Plan calls for approximately 26% of the budget to be spent on management and operations.

The Ocean Avenue CBD board has eleven (11) members represented by residents, property owners, community organizations, non-profit arts organizations, government and educational institutions and businesses. The Board shall include no less than five and no more than eleven members, and be composed of at least 50% of property owners, or property owners' designated representatives, who are paying the CBD assessment. In addition to the property owners, at least 20 percent of the Board shall be representatives of non-property-owning businesses within the CBD boundaries. The Board also includes representatives from neighborhood organizations. Currently, board composition is 50% property owners, 30% non-property owning businesses, and 20% residents. This structure complies with Article 15 of the San Francisco Business and Tax Regulations Code. The full board meets monthly. The committees are detailed below:

- Executive Committee oversees central operations of the organization and ensures the functioning of key areas: staff and contracts; corporate finances; insurance; grants; development of budget; board agendas and meetings; correspondence; outreach; bylaws and policies; public relations; and newsletters.
- Street Life Committee composed of corridor business representatives.
- Business Committee composed of corridor business representatives.
- **Public Safety Committee** works with San Francisco Safe to address safety issues impacting businesses within the district and continued the formation work for an Ocean Avenue Business Watch.

Ocean Avenue CBD Annual Budget Analysis

OEWD's staff reviewed the following budget related benchmarks for the Ocean Avenue CBD:

- **BENCHMARK 1:** Whether the variance between the budget amounts for each service category was within 10 percentage points from the budget identified in the Management Plan (Agreement for the Administration of the "Ocean Avenue Community Benefit District", Section 3.9 Budget)
- **BENCHMARK 2:** Whether one percent (1%) of actuals came from sources other than assessment revenue (CA Streets & Highways Code, Section 36650(B)(6); Agreement for the Administration of the "Ocean Avenue Community Benefit District", Section A Annual Reports)
- **BENCHMARK 3:** Whether the variance between the budget amount and actual expenses within a fiscal year was within 10 percent (Agreement for the Administration of the "Ocean Avenue Community Benefit District", Section 3.9 Budget.
- **BENCHMARK 4:** Whether the Ocean Avenue CBD is indicating the amount of any surplus or deficit revenues to be carried forward into the next fiscal year and designating the projects to be funded by any surplus revenues (*CA Streets & Highways Code, Section 36650(B)(5)*.

FY 2014-2015

BENCHMARK 1: Whether the variance between the budget amounts for each service category was within 10 percentage points from the budget identified in the Management Plan

ANALYSIS: The Ocean Avenue CBD met this requirement. See table below.

Service Category	Management Plan Budget	% of Budget	FY 2014- 2015 Budget	% of Budget	Variance Percentage Points
Cleaning, Maintenance, and Safety	\$125,000	51.7%	\$168,336	58.0%	+6.4%

Marketing, Streetscape Improvements, and Beautification	\$43,658	18.0%	\$60,402	20.8%	+2.8%
Management and Operations	\$63,000	26.0%	\$63,392	21.2%	-4.9%
Contingency and Reserves	\$10,340	4.3%	\$0	0.0%	-4.3%
TOTAL	\$241,998	100%	\$290,130	100%	

BENCHMARK 2: Whether one percent (1%) of actuals came from sources other than assessment revenue

ANALYSIS: <u>The Ocean Avenue CBD met this requirement.</u> Assessment revenue was \$266,998 or 87.6% of actuals and non-assessment revenue was \$37,913 or 12.4% of actuals. See table below.

Revenue Sources	FY 2014-2015 Actuals	% of Actuals
Special Benefit Assessments	\$266,998.00	
Total assessment revenue	\$266,998.00	87.6%
Contributions	\$37,272.00	
Other	\$641	
Total non-assessment revenue	\$37,913.00	12.4%
Total	\$304,911	100%

BENCHMARK 3: Whether the variance between the budget amount and actual expenses within a fiscal year was within 10 percentage points

ANALYSIS: <u>The Ocean Avenue CBD did not meet this requirement.</u> The Ocean Avenue CBD exceeded their allowable variance percentage points for Marketing, Streetscape Improvements, and Beautification. This variance is explained due to project delays which prohibited money from being spent in FY 14-15. Please see table below.

Service Category	FY 2014-2015 Budget	% of Budget	FY 2014- 2015 Actuals	% of Actuals	Variance Percentage Points
Cleaning, Maintenance, and Safety	\$168,336.00	58.0%	\$157,017	66.1%	+8.1%
Marketing, Streetscape Improvements, and Beautification	\$60,402.00	20.8%	\$20,233	8.5%	-12.3

Management and Operations	\$61,392.00	21.2%	\$60,225	25.4%	+4.2
Contingency Reserve	\$0.00	0.0%	\$0.00	0.0%	0%
TOTAL	\$290,130.00	100%	\$237,475.00	100%	

BENCHMARK 4: Whether the Ocean Avenue CBD is indicating the amount of any surplus or deficit revenues to be carried forward into the next fiscal year and designating the projects to be funded by any surplus revenues

ANALYSIS: <u>The Ocean Avenue CBD did not meet this requirement.</u> The Ocean Avenue CBD did indicate carryforward funds but did not allocate these funds in their Annual Report. OEWD requested that the Ocean Avenue Association provide a letter stating the carryover disbursement along with the designated projects. See attached memorandum dated February 12, 2016. Please note: There is a period between when the City collects assessment payment and when the City disburses the funds to the CBD. As a result, a CBD typically has a fund balance at the end of the fiscal year that is equal to about 6 months of their annual budget. See table below.</u>

FY 2014-15 Carryover Disbursement	\$186,416.00
Designated Projects for 2015-2016	
Cleaning, Maintenance and Safety	\$96,936.52
Marketing, Streetscape Improvements and Beautification	\$33,554.88
Management and Operations	\$48,416.16
Contingency and Reserves	\$7,456.64
Total Designated Amount for 2015-16	\$186,416.00

Findings and Recommendations

The Ocean Avenue CBD has generally met the benchmarks as defined on page 4 of this memo, with the exception of Benchmark 3, for which numbers were skewed due to project delays, and Benchmark 4, for which the CBD did not specify in their annual report how surplus carryover funds would be allocated the following year.

For all of the years in review, the Ocean Avenue CBD has well exceeded its general benefit requirement of one percent (1%). The CBD has acquired a significant amount of funding in the form of grant dollars, inkind services and volunteer services.

It is noted that in Benchmark 3, the Marketing, Streetscape Improvements, and Beautification category that the variance exceeded what is allowable because of the following items:

- Website work: funds were requested as backup in case of problems; additionally web hosting costs are variable and can change if additional features are requested
- Photography: OAA received grant funding for Second Sundays that included promotion and advertising; therefore the assessment budget allocation for photography was not used
- General beautification: Line items were supposed to support a Public Works project on the corridor. The project did not occur in FY 14-15 and is scheduled to be completed in FY 15-16
- Music Second Sundays: OAA received grants to cover the cost of entertainment for Second Sundays events, and the Capitol Ave. outdoor space, the Ingleside Library garden space, Unity Plaza, and an interior OAA pop-up space were not available to the program in FY 14-15
- Parklet: needed repairs, but was covered by other funding sources
- Unity Plaza: The plaza was not completed in FY 14-15 so these funds were not expended
- Advertising: OAA received grants to include event promotion; this budget item was not fully expended in FY 14-15.

OEWD expects that as these projects reach completion carryover will be spent down and thus bring the CBD into compliance with Benchmark 3.

Conclusion

The Ocean Avenue CBD has performed well in implementing its service plan. The CBD has continued to successfully sponsor and help implement events and programs in Ocean Avenue, including the community-wide banner initiative, the Sunday Streets events, large graffiti abatement efforts, and efforts to beautify the Ocean Avenue corridor. The CBD has done a great job in partnering with community stakeholders and numerous municipal agencies for small business technical assistance, business attraction, and façade improvement along the commercial corridor. The Ocean Avenue Association is a well-run organization with active board and committee members that will continue to successfully carry out its mission in managing the Community Benefit District.

The OAA worked with city departments to abate nuisance and illegal businesses, including businesses on the 1600 and 1900 blocks.

The OAA worked with the SF Shines program to improve the storefront appearance of small businesses on Ocean Avenue. Beep's Burgers and Lucky Ocean cafe received funding for facade and signage improvements in the 2014-2015 Fiscal Year.

We also worked with RapidRenu to repair and abate glass graffiti at a number of Ocean Avenue businesses, using grant funding from the Office of Economic and Workforce Development's Invest In Neighborhoods program.

Board of Directors Ocean Avenue Association San Francisco, California

We have reviewed the accompanying statements of financial position of Ocean Avenue Association (a nonprofit organization) as of June 30, 2015, and the related statements of activities, cash flows, and functional expenses for the year then ended. A review includes primarily applying analytical procedures to management's financial data and making inquiries of Organization management. A review is substantially less in scope than an audit, the objective of which is the expression of an opinion regarding the financial statements as a whole. Accordingly, we do not express such an opinion.

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for designing, implementing, and maintaining internal controls relevant to the preparation and fair presentation of the financial statements.

Our responsibility is to conduct the review in accordance with Statements on Standards for Accounting and Review Services issued by the American Institute of Certified Public Accountants. Those standards require us to perform procedures to obtain limited assurance that there are no material modifications that should be made to the financial statements. We believe that the results of our procedures provide a reasonable basis for our report.

Based on our review, we are not aware of any material modifications that should be made to the accompanying financial statements in order for them to be in conformity with accounting principles generally accepted in the United States of America.

We previously reviewed Ocean Avenue Association's 2014 financial statements and in our reported dated November 18, 2014, stated that based on our procedures, we were not aware of any material modifications that should be made to the 2014 financial statements in order for them to be in conformity with accounting principles generally accepted in the United States of America. We are not aware of any material modifications that should be made to the summarized comparative information presented herein as of and for the year ended June 30, 2014, for it to be consistent with the reviewed financial statements from which it has been derived.

Notes to the Financial Statements For the Year Ended June 30, 2015 (With Comparative Totals for the Year Ended June 30, 2014)

NOTE 1: NATURE OF ACTIVITIES

The Ocean Avenue Association (the Organization) is a California nonprofit corporation that manages the Community Benefit District (CBD) established in December of 2010. Services began in July 2011 along the Ocean Avenue corridor in the Oceanview-Merced-Ingleside neighborhood. The Organization's mission is to revitalize the Ocean Avenue corridor from Interstate 280 to Manor Drive through sanitation, safety programs, marketing, promotion and advocacy for property and business owners.

The Organization is committed to making the Ocean Avenue corridor a vibrant and safe place by providing programs and services that improve the quality of life for those who live and work in the community. Entrepreneurs, merchants and neighborhood stakeholders benefit from the Organization in numerous ways. The Organization advocates for local businesses by reaching out to elected officials and City agencies on topics such as zoning, urban design, and tax policy. The Organization also serves as an ombudsman, helping members to access public services.

The Organization provides supplemental sanitation services 6 days a week, inclusive of sidewalk sweeping, reporting incidents to 311, graffiti removal from private and public property and power washing sidewalks and transit boarding islands.

The Organization also promotes the district through publications, programs, and advertising by supporting a range of community events, from holiday decorations to summer events.

NOTE 2: SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Basis of Presentation

The Organization presents information regarding its financial position and activities according to three classes of net assets: unrestricted net assets, temporarily restricted net assets, and permanently restricted net assets. The three classes are differentiated by donor restrictions.

Unrestricted net assets – consist of resources which have not been specifically restricted by a donor. Unrestricted net assets may be designated for specific purposes by the Organization or may be limited by contractual agreements with outside parties.

Temporarily restricted net assets – represent contributions whose use is limited by donorimposed stipulations that expire by the passage of time or can be fulfilled and removed by actions of the Organization pursuant to those stipulations. There were no temporarily restricted net assets at June 30, 2015.

Permanently restricted net assets – represent contributions whose use is limited by donor-imposed stipulations that require the gift to be invested in perpetuity. The income

Notes to the Financial Statements For the Year Ended June 30, 2015 (With Comparative Totals for the Year Ended June 30, 2014)

from such invested assets, including realized and unrealized gains, is generally available to support the activities of the Organization. Donors may also restrict all or part of the income and/or appreciation from these investments to permanently restricted net assets, resulting in increases/decreases to these net assets. There were no permanently restricted net assets as of June 30, 2015.

Contributions

Contributions, including unconditional promises to give, are recognized as revenues in the period the promise is received. Conditional promises to give are not recognized until they become unconditional; that is when the conditions on which they depend are substantially met. Contributions of assets other than cash are recorded at their estimated fair value at the date of contribution. Contributions to be received after one year are discounted at an appropriate rate commensurate with the risks involved. Amortization of the discount is recorded as additional contribution revenue in accordance with donorimposed restrictions, if any, on the contributions.

Unrestricted contributions and grants are recorded as unrestricted revenue when received. All contributions are considered to be available for unrestricted use unless specifically restricted by the donor.

All donor-restricted contributions are reported as increases in temporarily or permanently restricted net assets, depending on the nature of the restriction. When a restriction expires (that is, when a stipulated time restriction ends or purpose restriction is accomplished), temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restrictions.

Assessments Receivable

Assessments receivable primarily consists of delinquent tax assessments owed by property owners.

Although delinquent assessments are subject to penalties and fines, the Organization believes that these amounts will be offset by delays in collections. Accordingly, no receivable has been recognized for penalties and fines and the Organization has not calculated the present value of this receivable.

Income Taxes

The Internal Revenue Service and the California Franchise Tax Board have determined that the Organization is exempt from federal and state income taxes under Internal Revenue Code Section 501 (c) (4) and the California Revenue and Taxation Code Section 23701(f). The Organization has evaluated its current tax positions as of June 30, 2015 and is not aware of any significant uncertain tax positions for which a reserve would be necessary. The Organization's tax returns are generally subject to examination by federal and state taxing authorities for three and four years, respectively after they are filed.

Contributed Services

Contributed services are reflected in the financial statements at the fair value of the services received only if the services (a) create or enhance nonfinancial assets or (b)

Notes to the Financial Statements For the Year Ended June 30, 2015 (With Comparative Totals for the Year Ended June 30, 2014)

require specialized skills, are performed by people with those skills, and would otherwise be purchased by the Organization. There were no contributed services that met the criteria for recognition for the year ended June 30, 2015.

Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Accordingly, actual results could differ from those estimates.

Fair Value Measurements

Fair value is defined as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. The Organization determines the fair values of its assets and liabilities based on a fair value hierarchy that includes three levels of inputs that may be used to measure fair value.

Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Organization has the ability to access at the measurement date. An active market is a market in which transactions occur with sufficient frequency and volume to provide pricing information on an ongoing basis.

Level 2 inputs are inputs other than quoted prices that are observable for the asset or liability, either directly or indirectly.

Level 3 inputs are unobservable inputs for the assets or liability. Unobservable inputs reflect the Organization's own assumptions about the assumptions market participants would use in pricing the asset or liability (including assumptions about risk). Unobservable inputs are developed based on the best information available in the circumstances and may include the Organization's own data.

The Organization had no assets or liabilities recorded at fair value on June 30, 2015.

Concentration of Credit Risk

At times, the Organization may have deposits in excess of federally insured limits. The risk is managed by maintaining all deposits in high quality financial institutions.

Property and Equipment

All acquisitions of property and equipment in excess of \$2,500 and all expenditures for repairs and maintenance, renewals, and betterments that materially prolong the useful lives of assets are capitalized. Property and equipment are stated at cost or, if donated, at the approximate fair value at the date of donation. Depreciation is computed using the straight-line method over the estimated useful lives on the property and equipment. The Organization had no property and equipment that met this capitalization policy at June 30, 2015.

Notes to the Financial Statements For the Year Ended June 30, 2015 (With Comparative Totals for the Year Ended June 30, 2014)

Functional Allocation of Expenses

The costs of providing various programs and other activities have been summarized on a functional basis in the statement of activities. Accordingly, certain costs have been allocated among the programs and supporting services benefited.

Prior Year Summarized Information

The financial statements include certain prior year summarized comparative information in total but not by net asset class. Such information does not include sufficient detail to constitute a presentation in conformity with GAAP. Accordingly, such information should be read in conjunction with the Organization's financial statements for the year ended June 30, 2014, from which the summarized information was derived.

Reclassifications

Certain accounts in the prior year's summarized information have been reclassified for comparative purposes to conform with the presentation in the current-year financial statements.

Subsequent Events

The Organization has evaluated subsequent events and has concluded that as of February 4, 2016 the date that the financial statements were available to be issued, there were no significant subsequent events to disclose.

NOTE 3: CONCENTRATIONS

Special benefit assessments are received under a contract with the City and County of San Francisco and represent approximately 88% of the Organization's total revenue. Under the terms of the contract, the City and County can suspend distributions and ultimately terminate the contract if the Organization fails to provide adequate services to the district or fails to perform other responsibilities. The contract expires on June 30, 2025 and could be terminated at an earlier date if the Organization is disestablished by a vote of more than 50% of the assessed owners.
