Pursuant to Charter, Section 4.101(a)(1), please state how your qualifications represent the communities of interest, neighborhoods, and the diversity in ethnicity, race, age, sex, sexual orientation, gender identity, types of disabilities, and any other relevant demographic qualities of the City and County of San Francisco:

I was raised to believe I could be anything I wanted to be. That confidence was eroded during the years I worked as an operating engineer on ocean going tankers; often the only woman with 20+ men on the ship. Although by then I had attained a black belt in Shotokan karate, excelled through the rigorous academic and hands on curriculum of the California Maritime Academy, I was often derided by my male colleagues with names like "split tail" and persistent references to women solely as objects for male use.

Since then, I have gained considerable professional experience and credibility and I want to contribute to my community with a sense that we all must be treated with respect and dignity, even if our only common quality is that we are human.

Business and/or professional experience:

My professional background demonstrates increasing responsibility and achievement in positions as an entrepreneur, engineer, project manager and individual producer. My dedication to climate change drove me to develop a thorough understanding of the California energy marketplace. I am a Certified Energy Manager issues by the Association of Energy Engineers.

For more than a decade, I worked in the financial services industry, attained Series 3, 7, 63, and 65 through the National Association of Securities Dealers and have a thorough understanding of financial transactions.

Civic Activities:

I was born in San Francisco and am a 20-year resident. My husband and I are committed to raising our two daughters here, primarily because of the tremendous diversity of people, cultures and experiences.

I believe our community remains strong and vibrant through transparent and inclusive government. Now that our daughters are more self sufficient, I am in a position to positively impact our community, not only for my children, but for the City I love.
