RECOMMENDING THAT THE BOARD OF SUPERVISORS ADOPT A PROPOSED ORDINANCE THAT WOULD AMEND THE PLANNING CODE TO ESTABLISH A NEW CITYWIDE TRANSPORTATION DEMAND MANAGEMENT (TDM) PROGRAM, ACCOMPANIED BY AN ADOPTED TDM PROGRAM STANDARDS DOCUMENT, WHICH ESTABLISHES A FRAMEWORK OF TDM REQUIREMENTS FOR NEW DEVELOPMENT PROJECTS, TO MAKE SURE THAT THESE PROJECTS ARE DESIGNED TO ENCOURAGE RESIDENTS, TENANTS, EMPLOYEES AND VISITORS TO GET AROUND USING SUSTAINABLE MODES OF TRAVEL SUCH AS TRANSIT, WALKING, AND BICYCLING, AND TO CREATE A NEW ADMINISTRATIVE FEE SCHEDULE TO PROCESS TDM PLAN APPLICATIONS AND COMPLIANCE REPORTS.

PREAMBLE

WHEREAS, on April 28, 2016, the Planning Commission (hereinafter "Commission") adopted Resolution No. 19628 to initiate the proposed Ordinance at a duly noticed public hearing at a regularly scheduled meeting; and

WHEREAS, the Commission conducted a duly noticed public hearing at a regularly scheduled meeting to consider the proposed Ordinance on April 28, 2016; and

WHEREAS, the "Transit First Policy" in the City Charter declares that public transit is "an economically and environmentally sound alternative to transportation by individual automobiles", and that within the City, "travel by public transit, by bicycle and on foot must be an attractive alternative to travel by private automobile"; and

WHEREAS, the City has many plans policies and initiative that seek to encourage safe travel by active modes of transportation including the San Francisco Bicycle Plan, the Green Connections Plan, the Better Streets Plan, Vision Zero, and others; and

WHEREAS, travel by transit, bicycle, or on foot are considered to be trips made sustainable modes of transportation; and

www.sfplanning.org

WHEREAS, according to Plan Bay Area 2040, the Bay Area's Regional Transportation Plan and Sustainable Community Strategy, San Francisco is expected to grow by approximately 191,000 jobs and 102,000 households between 2010 and 2040; and

WHEREAS, this growth will generate an increased demand for transportation infrastructure and services on an already constrained transportation system; and

WHEREAS, one of the challenges posed by this growth is the increased number of single occupancy vehicle trips, and the pressure they add to San Francisco's limited public streets and rights-of-way, contributing to congestion, transit delays, and public health and safety concerns, and the air pollution, greenhouse gas (GHG) emissions, and noise caused by motorized vehicles, which negatively impact the quality of life in the City; and

WHEREAS, at the state level, the Congestion Management Law, Gov. Code Section 65088, has established that in order to reduce the state's traffic congestion crisis and "keep California moving," it is important to build transit-oriented development, revitalize the state's cities, and promote all forms of transportation; and

WHEREAS, various policies have been adopted at the state level that set GHG reduction targets including, Assembly Bill 32, the California Global Warming Solutions Act of 2006 (Chapter 488, Statutes of 2006), Executive Orders B-30-15, S-3-05 and B-16-12, Senate Bill 375, the Sustainable Communities and Climate Protection Act of 2008 (Chapter 728, Statutes of 2008); and

WHEREAS, local plans and policies including Plan Bay Area 2040, the GHG Reduction Ordinance, and the San Francisco Climate Action Strategy 2013 Update also set GHG reduction targets; and

WHEREAS, the transportation sector contributes significantly to GHG emissions and, as a result, many GHG emissions reduction targets are accompanied by targets to reduce vehicle miles traveled and to increase non-automobile mode share; and one of the ways identified to achieve these targets is through a requirement for the inclusion of transportation demand management (TDM) measures for new development; and

WHEREAS, the importance of TDM strategies are acknowledged in the Transportation Element of the General Plan, the San Francisco County Transportation Plan; and

WHEREAS, many Area Plans including each of the Area Plans within Eastern Neighborhoods and the Transit Center District Plan identify policies for the development of a TDM program for the Plan Area; and

WHEREAS, the proposed legislation would establish a citywide TDM program for new development; and

WHEREAS, the proposed legislation seeks to promote sustainable travel modes by requiring new development projects to incorporate design features, incentives and tools that support transit, ride-

Resolution No. 19715 August 4, 2016

sharing, walking, and bicycle riding for the residents, tenants, employees, and visitors of their projects; and

WHEREAS, the goals of the proposed legislation are to help keep San Francisco moving as the city grows, and to promote better environmental, health and safety outcomes, consistent with state, regional and local policies; and

WHEREAS, the Commission has heard and considered the testimony presented to it at the public hearing and has further considered written materials and oral testimony presented on behalf of Department staff and other interested parties; and

WHEREAS, the all pertinent documents may be found in the files of the Department, as the custodian of records, at 1650 Mission Street, Suite 400, San Francisco; and

WHEREAS, the Commission has reviewed the proposed Ordinance:

MOVED, that that pursuant to Planning Code Section 302(b), the Planning Commission hereby adopts this Resolution to recommend approval of the Ordinance to the Board of Supervisors.

I hereby certify that the foregoing Resolution was ADOPTED by the San Francisco Planning Commission on August 4, 2016.

Jonas P. Ionin Commission Secretary
