Section 1. Findings.

(a) The Planning Department, in its letter dated June 4, 2015, determined that the actions contemplated in this ordinance are consistent with the General Plan and in conformance with the eight priority policies of Planning Code Section 101.1. A copy of said letter is on file with the Clerk of the Board of Supervisors in File No. 160702 and is incorporated herein by reference. The Board of Supervisors adopts as its own the findings in said letter.

(b) On January 31, 2013, at a duly noticed public hearing, the Planning Commission, in Motion No. 18792, certified the 801 Brannan and 1 Henry Adams Streets Project Final Environmental Impact Report (Planning Department Case No. 2006.618E) pursuant to the

1 California Environmental Quality Act ("CEQA", California Public Resources Code sections
2 21000 et seq.). On that same date, the Planning Commission, in Motion No. 18794, approved
3 the 1 Henry Adams project (the "Project"), which included the actions contemplated in this
4 ordinance, and adopted environmental findings as required under CEQA. Copies of said
5 Motions are on file with the Clerk of the Board in File No. 160702 and are incorporated herein
6 by reference. The Board finds that the actions contemplated in this ordinance are within the
7 scope of the abovementioned Final Environmental Impact Report for the Project. The Board
8 further finds that no substantial changes are proposed to the Project or the circumstances
9 under which the Project is undertaken that would cause new significant environmental effects
10 or any increase in the severity of previously identified significant effects. The Board further
11 finds there is no new information of substantial importance showing that the Project would
12 have any significant effects not discussed in the Project Final Environmental Impact Report,
13 that significant effects would be substantially more severe, or that new or different mitigation
14 measures or alternatives would substantially reduce one or more significant effects of the
15 Project. Consequently, the Board hereby adopts the Planning Commission environmental
16 findings as its own for purposes of this ordinance.

17 (c) The Public Works Director prepared Public Works Order No. 184923, dated May
18 25, 2016, including sidewalk width change drawing Q-20-820, regarding the actions in this
19 ordinance. The proposed sidewalk width change is meant to create additional open space for
20 the Project, improve the quality of the pedestrian experience, and add to pedestrian safety
21 when crossing the streets. A copy of said Order is on file with the Clerk of the Board of
22 Supervisors in File No. 160702 and is incorporated herein by reference.

23
24 Section 2. In accordance with the Department of Public Works Order No. 184923,
25 Board of Supervisors Ordinance No.1061, entitled "Regulating the Width of Sidewalks," a
