2823C, 2824, 2825, 2833, 2834, 2835, 2836; all lots in Block 2643B except lots 5 and 8;
all lots in Block 2781 except lot 22; all lots in Block 2782 except lot 27; all lots in Block
2788 except lot 27; all lots in Block 2789 except lot 29; and lots 1, 2, 9, 12, 13, 14, 15, 16
17, 23, and 24 of Assessor's Block 2821, from their current designation as Residential,
House: One-Family (RH-1) to Residential, House: One-Family (Detached Dwellings)
(RH-1(D)); revising the Zoning Map to rezone Lot number 8 in Assessor's Block No.
2643B from its current designation as Public to RH-1(D); amending the Planning Code
to exempt the above blocks and lots from the requirements for Accessory Dwelling
Units in RH-1(D) zoning districts; affirming the Planning Department's determination
under the California Environmental Quality Act; and making findings, including
findings of public necessity, convenience, and welfare under Planning Code Section
302, and findings of consistency with the General Plan and the eight priority policies of
Planning Code Section 101.1.

Section 1. Findings.

. 5

- (a) The neighborhood of Midtown Terrace, generally bounded by Twin Peaks
 Boulevard to the east, Twin Peaks Reservoir and the lands of Sutro Tower to the north,
 Clarendon Avenue, Laguna Honda Hospital, and the Juvenile Detention Center to the west,
 and Portola Avenue to the south, is characterized by lots of greater width and area than many
 other parts of the City, with single-family homes that have side yards. The neighborhood is
 also characterized by open space and landscaping at the front and rear of homes. Midtown
 Terrace was originally developed in the mid-1950's by a single developer on 150 acres, and
 the homes have similar building styles on streets that follow the contours of the western slope
 of Twin Peaks. The homes in Midtown Terrace are detached homes with side yards on lots of
 greater than 25 feet in width. Thus, as built, the Midtown Terrace neighborhood conforms to
 the definition of Residential, House: One-Family (Detached Dwellings) (RH-1(D)) in Planning
 Code Section 209.1.
- (b) The current zoning for Midtown Terrace is generally Residential, House One-family (RH-1). Under Planning Code section 209.1, RH-1 districts are generally occupied by single-family housing on lots 25 feet in width without side yards that, while built on separate lots, have the appearance of small-scale row housing. Thus, Midtown Terrace, as developed in the 1950's and continuing to the present time, does not conform to the definition of RH-1 districts in the Planning Code.
- (c) Lot 8 in Assessor's Block 2643B is currently zoned Public. However, that lot is occupied by a single-family detached home.
- (d) The changes in this ordinance are to conform the Planning Code use designation to the as-built neighborhood character of Midtown Terrace. The rezoning would involve the following streets, which are located in their entirety in the Midtown Terrace neighborhood:

 Aguavista, Cityview, Clairview, Dellbrook, Farview, Gladeview, Greenview, Knollview.

Longview, Marview, Midcrest, Mountview, Olympia, Panorama, Skyview, and Starview Streets.

(e) The changes herein do not preclude the City from meeting its housing needs under its current Regional Housing Needs Assessment, because none of the lots herein are vacant, near vacant, or underdeveloped, and therefore were not included in the 2014 Housing Element's calculation of housing construction potential.

Section 2. Other Findings

- (a) The Planning Department has determined that the actions contemplated in this ordinance comply with the California Environmental Quality Act (California Public Resources Code Sections 21000 et seq.). Said determination is on file with the Clerk of the Board of Supervisors in File No. 160426 and is incorporated herein by reference. The Board affirms this determination.
- (b) On August 11, 2016, the Planning Commission, in Resolution No. 19725, adopted findings that the actions contemplated in this ordinance are consistent, on balance, with the City's General Plan and the eight priority policies of Planning Code Section 101.1. The Board adopts these findings as its own. A copy of said Resolution is on file with the Clerk of the Board of Supervisors in File No. 160426, and is incorporated herein by reference.
- (c) Under Planning Code Section 302, the Board of Supervisors finds that this ordinance will serve the public necessity, convenience, and welfare for the reasons set forth in Planning Commission Resolution No. 19725 recommending the approval of this Zoning Map Amendment, and incorporates such reasons by this reference thereto. A copy of said resolution is on file with the Clerk of the Board of Supervisors in File No. 160426.
- Section 3. The Planning Code is hereby amended by revising Sheet ZN06 of the Zoning Map, as follows:

Section 5. The Planning Code is hereby amended by revising Section 207 to read as follows: At its meeting of September 27, 2016, the Board of Supervisors deleted the amendments to Planning Code 207 that had been contained in Section 5 of this ordinance. As a result of the Board's action, Planning Code 207 remains, in its entirety, unamended.

Section 6. Scope of Ordinance. In enacting this ordinance, the Board of Supervisors intends to amend only those words, phrases, paragraphs, subsections, sections, articles, numbers, punctuation marks, charts, diagrams, or any other constituent parts of the Municipal Code that are explicitly shown in this ordinance as additions, deletions, Board amendment additions, and Board amendment deletions in accordance with the "Note" that appears under the official title of the ordinance.

Section 57. Effective Date. This ordinance shall become effective 30 days after enactment. Enactment occurs when the Mayor signs the ordinance, the Mayor returns the ordinance unsigned or does not sign the ordinance within ten days of receiving it, or the Board of Supervisors overrides the Mayor's veto of the ordinance.

REVISED LEGISLATIVE DIGEST

(9/27/2016, Amended in Board)

[Planning Code, Zoning Map - Rezoning Midtown Terrace Neighborhood]

Ordinance amending the Planning Code by revising the Zoning Map to rezone all lot numbers in Assessor's Block Nos. 2780, 2783, 2784, 2785, 2786, 2787, , 2790, 2791, 2792, 2793, 2794, 2795, 2796, 2797, 2798, 2820, 2822, 2822A, 2822B, 2823, 2823A, 2823B, 2823C, 2824, 2825, 2833, 2834, 2835, 2836; all lots in Block 2643B except lots 5 and 8; all lots in Block 2781 except lot 22; all lots in Block 2782 except lot 27; all lots in Block 2788 except lot 27; all lots in Block 2789 except lot 29; and lots 1, 2, 9, 12, 13, 14, 15, 16, 17, 23, and 24 of Assessor's Block 2821, from their current designation as Residential, House: One-Family (RH-1) to Residential, House: One-Family (Detached Dwellings) (RH-1(D)); revising the Zoning Map to rezone Lot number 8 in Assessor's Block No. 2643B from its current designation as Public to RH-1(D); affirming the Planning Department's determination under the California Environmental Quality Act; and making findings, including findings of public necessity, convenience, and welfare under Planning Code Section 302, and findings of consistency with the General Plan and the eight priority policies of Planning Code Section 101.1.

Existing Law

Most blocks and lots in the neighborhood of Midtown Terrace - generally bounded by Twin Peaks Boulevard to the east, Twin Peaks Reservoir and the lands of Sutro Tower to the north, Clarendon Avenue, Laguna Honda Hospital and the Juvenile Detention Center to the west, and Portola Avenue to the south - are currently zoned Residential, House District: One-Family (RH-1). Block 2643B lot 8 is zoned Public, but is occupied by a single family, detached home.

Amendments to Current Law

This ordinance rezones the Midtown Terrace neighborhood from RH-1 to Residential, House District, One-Family (Detached Dwelling) (RH-1(D)). Lot 8 in Block 2643B is rezoned from Public to RH-1(D).

Background Information

The homes in Midtown Terrace are detached homes with side yards on lots of greater than 25 feet in width. As built, the Midtown Terrace neighborhood conforms to the definition of Residential, House: One-Family (Detached Dwellings) (RH-1(D)) in Planning Code section 209.1. Most parcels in the neighborhood are currently zoned as RH-1, a zoning designation that does not require side yards. This ordinance rezones the neighborhood such that its zoning conforms to the definitions in the Planning Code.

FILE NO. 160426

This legislative digest reflects amendments adopted by the Board of Supervisors on September 27, 2016 to remove amendments previously adopted by the Land Use and Transportation Committee on September 20, 2016. Under the final ordinance adopted by the Board, the rezoned blocks and lots will be subject to the requirement that only Accessory Dwelling Units that strictly comply with the requirements of Government Code section 65852.2 are allowed in RH-1(D) zoning districts.

Board File No. 160426

Planning Commission Recommendation: Approval

Dear Ms. Calvillo and Supervisor Yee,

On August 11, 2016, the Planning Commission conducted duly noticed public hearings at regularly scheduled meetings to consider the proposed Ordinance, introduced by Supervisor Yee that would rezone the Midtown Terrace Neighborhood from RH-1 to RH-1(D) and rezone 70 Skyview Way from P (Public) to RH-1(D). At the hearing the Planning Commission recommended approval.

The proposed amendments are not defined as a project under CEQA Guidelines Section 15060(c) and 15378 because they do not result in a physical change in the environment.

Please find attached documents relating to the actions of the Commission. If you have any questions or require further information please do not hesitate to contact me.

RECOMMENDING THAT THE BOARD OF SUPERVISORS ADOPT A PROPOSED ORDINANCE THAT WOULD AMEND THE PLANNING CODE BY REVISING THE ZONING MAP TO REZONE MIDTOWN TERRACE NEIGHBORHOOD FROM RH-1 TO RH-1(D) (ALL LOT NUMBERS IN ASSESSOR'S BLOCK NOS. 2780, 2783, 2784, 2785, 2786, 2787, , 2790, 2791, 2792, 2793, 2794, 2795, 2796, 2797, 2798, 2820, 2822, 2822A, 2822B, 2823, 2823A, 2823B, 2823C, 2824, 2825, 2833, 2834, 2835, 2836; ALL LOTS IN BLOCK 2643B EXCEPT LOTS 5 AND 8; ALL LOTS IN BLOCK 2781 EXCEPT LOT 22; ALL LOTS IN BLOCK 2782 EXCEPT LOT 27; ALL LOTS IN BLOCK 2788 EXCEPT LOT 27; ALL LOTS IN BLOCK 2789 EXCEPT LOT 29; AND LOTS 1, 2, 9, 12, 13, 14, 15, 16, 17, 23, AND 24 OF ASSESSOR'S BLOCK 2821, FROM THEIR CURRENT DESIGNATION AS RESIDENTIAL, HOUSE: ONE-FAMILY (RH-1) TO RESIDENTIAL, HOUSE: ONE-FAMILY (DETACHED DWELLINGS) (RH-1(D)); AND REVISING THE ZONING MAP TO REZONE LOT NUMBER 8 IN ASSESSOR'S BLOCK NO. 2643B FROM ITS CURRENT DESIGNATION AS PUBLIC TO RH-1(D); ADOPTING FINDINGS, INCLUDING ENVIRONMENTAL FINDINGS, PLANNING CODE SECTION 302 FINDINGS, AND FINDINGS OF CONSISTENCY WITH THE GENERAL PLAN AND PLANNING CODE SECTION 101.1.

WHEREAS, on July 26, 2016 Supervisors Yee introduced a proposed Ordinance under Board of Supervisors (hereinafter "Board") File Number 160426, which would amending the Planning Code by revising the Zoning Map to rezone Midtown Terrace neighborhood from RH-1 to RH-1(D); and

WHEREAS, The Planning Commission (hereinafter "Commission") conducted a duly noticed public hearing at a regularly scheduled meeting to consider the proposed Ordinance on August 11, 2016; and,

WHEREAS, The proposed amendments are not defined as a project under CEQA Guidelines Section 15060(c) and 15378 because they do not result in a physical change in the environment; and

WHEREAS, the Planning Commission has heard and considered the testimony presented to it at the public hearing and has further considered written materials and oral testimony presented on behalf of Department staff and other interested parties; and

WHEREAS, all pertinent documents may be found in the files of the Department, as the custodian of records, at 1650 Mission Street, Suite 400, San Francisco; and

WHEREAS, the Planning Commission has reviewed the proposed Ordinance; and

MOVED, that the Planning Commission hereby recommends that the Board of Supervisors approve the proposed ordinance.

FINDINGS

Having reviewed the materials identified in the preamble above, and having heard all testimony and arguments, this Commission finds, concludes, and determines as follows:

- The Commission finds that existing neighborhood character fits within the definition of RH-1(D)
 district because the neighborhood was developed as a single development with detached, singlefamily homes. This character remains intact today. The average lot size is significant larger than
 the average lot size in RH-1 Districts, the lots are wider than average, and the development is
 made up of two-story, single-family, detached homes with landscaped front setbacks.
- 2. The Commission finds that the proposed rezoning would not significantly downzone the area. While rezoning to RH-1(D) would eliminate the possibility of having two units per lot if there was more than 6,000 sq. ft. of lot area, only 28 properties, or about 3.5% of the total number of lots, could have taken advantage of this. Further, some of these lots have enough width to be subdivided into two lots, and RH-1(D) districts are eligible to add ADUs under the State ADU program. The State's ADU program allows more flexibility for adding ADUs than the City's program.
- 3. The Commission finds that there is significant public support for the rezoning.
- 4. The Commission finds that the proposed ordinance will bring the zoning of 70 Skyview Way into compliance with the existing use.
- 5. **General Plan Compliance.** The proposed Ordinance is consistent with the following Objectives and Policies of the General Plan:

HOUSING ELEMENT

OBJECTIVE 11

SUPPORT AND RESPECT THE DIVERSE AND DISTINCT CHARACTER OF SAN FRANCISCO'S NEIGHBORHOODS.

POLICY 11.4

Continue to utilize zoning districts which conform to a generalized residential land use and density plan and the General Plan.

POLICY 11.5

Ensure densities in established residential areas promote compatibility with prevailing neighborhood character.

POLICY 11.9

Foster development that strengthens local culture sense of place and history.

The proposed rezoning is consistent with the existing character of the neighborhood; the proposed density will be in character with the prevailing neighborhood character; and the proposed rezoning will maintain the historic development pattern of the Midtown Terrace neighborhood strengthening the neighborhood's sense of place and history.

- 6. Planning Code Section 101 Findings. The proposed amendments to the Planning Code are consistent with the eight Priority Policies set forth in Section 101.1(b) of the Planning Code in that:
 - 1. That existing neighborhood-serving retail uses be preserved and enhanced and future opportunities for resident employment in and ownership of such businesses enhanced;
 - The proposed Ordinance would not have a negative effect on neighborhood serving retail uses and will not have a negative effect on opportunities for resident employment in and ownership of neighborhood-serving retail.
 - 2. That existing housing and neighborhood character be conserved and protected in order to preserve the cultural and economic diversity of our neighborhoods;
 - The proposed Ordinance would help preserve existing housing and neighborhood character.
 - That the City's supply of affordable housing be preserved and enhanced;
 - The proposed Ordinance would not have an adverse effect on the City's supply of affordable housing.
 - That commuter traffic not impede MUNI transit service or overburden our streets or neighborhood parking;
 - The proposed Ordinance would not result in commuter traffic impeding MUNI transit service or overburdening the streets or neighborhood parking.
 - 5. That a diverse economic base be maintained by protecting our industrial and service sectors from displacement due to commercial office development, and that future opportunities for resident employment and ownership in these sectors be enhanced;
 - The proposed Ordinance would not cause displacement of the industrial or service sectors due to office development, and future opportunities for resident employment or ownership in these sectors would not be impaired.

5. That the City achieve the greatest possible preparedness to protect against injury and loss of life in an earthquake;

The proposed Ordinance would not have an adverse effect on City's preparedness against injury and loss of life in an earthquake.

That the landmarks and historic buildings be preserved;

The proposed Ordinance would not have an adverse effect on the City's Landmarks and historic buildings.

8. That our parks and open space and their access to sunlight and vistas be protected from development;

The proposed Ordinance would not have an adverse effect on the City's parks and open space and their access to sunlight and vistas.

8. Planning Code Section 302 Findings. The Planning Commission finds from the facts presented that the public necessity, convenience and general welfare require the proposed amendments to the Planning Code as set forth in Section 302.

NOW THEREFORE BE IT RESOLVED that the Commission hereby recommends that the Board ADOPT the proposed Ordinance described in this Resolution.

I hereby certify that the foregoing Resolution was adopted by the Commission at its meeting on August 11, 2016.

PLANNING CODE AMENDMENT

Ordinance amending the Planning Code by revising the Zoning Map to rezone Midtown Terrace neighborhood from RH-1 to RH-1(D) (all lot numbers in Assessor's Block Nos. 2780, 2783, 2784, 2785, 2786, 2787, , 2790, 2791, 2792, 2793, 2794, 2795, 2796, 2797, 2798, 2820, 2822, 2822A, 2822B, 2823, 2823A, 2823B, 2823C, 2824, 2825, 2833, 2834, 2835, 2836; all lots in Block 2643B except lots 5 and 8; all lots in Block 2781 except lot 22; all lots in Block 2782 except lot 27; all lots in Block 2788 except lot 27; all lots in Block 2789 except lot 29; and lots 1, 2, 9, 12, 13, 14, 15, 16, 17, 23, and 24 of Assessor's Block 2821, from their current designation as Residential, House: One-Family (RH-1) to Residential, House: One-Family (Detached Dwellings) (RH-1(D)); and revising the Zoning Map to rezone Lot number 8 in Assessor's Block No. 2643B from its current designation as Public to RH-1(D))

The Way It Is Now:

- 1. The Midtown Terrace Neighborhood is currently zoned RH-1 (Residential House, One Family)/40-X.
- 2. Lot 8 in Assessor's block 2643B (70 Skyview Way) is zoned P (Public)/40-X

The Way It Would Be:

- 1. The Midtown Terrace Neighborhood would be zoned RH-1(D) (Residential House, One Family, Detached)/40-X.
- 2. Lot 8 in Assessor's Block 2643B (70 Skyview Way) would be zoned RH-1(D) (Residential House, One Family, Detached)/40-X.

ISSUES AND CONSIDERATIONS

History

The land occupied by Midtown Terrace (approximately 150 acres) was once part of Rancho San Miguel, a large 4,400-acre parcel originally granted in 1846 to Don Jose de Jesus Noe, the first mayor of Yerba Buena. The land then changed hands several times, with ownership eventually being acquired by Adolph Sutro, a prominent engineer and developer and San Francisco's mayor from 1894 to 1896. To transform its "bleak" appearance, Sutro had eucalyptus trees planted on a significant portion of his property, which eventually became Sutro Forest. After Sutro's death in 1898, family squabbles and legal battles ensued over the land. His heirs eventually sold the area to developers and the various West of Twin Peaks neighborhoods began to take shape, being built on the "City Beautiful" concept of landscaped residential parks featuring detached single family homes.¹

The Neighborhood

Midtown Terrace is a neighborhood in central San Francisco, on the western slope of Twin Peaks. It was development in the late 1950s through the 1960s and features two-story, detached, single-family homes arranged in rows on terraced streets. The homes are rendered in various modern vernacular styles, and typically have landscaped front setbacks. The neighborhood's suburban character is reinforced by the opens space that surrounds the neighborhood. Clarendon Avenue where it joins Twin Peaks Boulevard borders the neighborhood on the north and west. Panorama Drive winds through the neighborhood. Portola Drive borders the neighborhood's southern edge. Sutro Tower is on the northern side of Midtown Terrace, and the winding portion of Twin Peaks Boulevard that takes viewers to the Twin Peaks lookout forms the neighborhood's eastern edge. The Midtown Terrace Recreation Center is on Olympia Way at Clarendon.

The lots in the area are wider and larger than a typical San Francisco lot. A standard lot width in San Francisco is 25 feet, and most lots in Midtown Terrace measure 33 feet wide, while the curvilinear street pattern creates larger corner lots with significantly more street frontage than typical. Lots are also much larger than the typical San Francisco lot, which is 2,500 sq. ft. The average lot size for the Midtown Terrace neighborhood is 3,798 sq. ft., and only 7 lots are 2,500 sq. ft. or smaller.

70 Skyview Way

This property is currently developed with a single-family, two-story detached home constructed in 1962. The lot is currently zoned P (Public), which specifically does not allow housing. Directly adjacent to this property is another lot that is also zoned P, and is occupied by a pump station owned by the Recreation and Parks Department. The subject property also abuts public open space. It's not clear how 70 Skyview Way was able to be developed with a single-family home with its current zoning designation; however it's likely that the property was developed along with the other homes in the area and the P designation was a clerical error that went unnoticed. The proposed ordinance would fix this error by rezoning it from P to RH-1(D).

Executive Summary
Hearing Date: August 11, 2016

RH-1(D) Districts

RH-1(D) districts are characterized by lots of greater width and area than in other parts of the City, and by single-family houses with side yards. The structures are relatively large, but rarely exceed 35 feet in height. Ground level open space and landscaping at the front and rear are usually abundant. Much of the development has been in sizable tracts with similarities of building style and narrow streets following the contours of hills. In some cases private covenants have controlled the nature of development and helped to maintain the street areas.

RH-1 vs. RH-1(D)

- 1. The primary difference between RH-1 and RH-1(D) is that the latter requires a side setback for lots that are 28 feet and wider. The width of the side setback depends on width of lot. Per Section 133 of the Planning Code, minimum side yards are required as follows:
 - For lots with a width of less than 28 feet: none;
 - For lots with a width of 28 feet or more but less than 31 feet: one side yard equal to the
 amount by which the lot width exceeds 25 feet, or the same total amount in the form of
 two side yards, one of which shall be at least three feet;
 - For lots with a width of 31 feet or more but less than 40 feet: two side yards each of three feet
 - For lots with a width of 40 feet or more but less than 50 feet: two side yards each of four feet;
 - For lots with a width of 50 feet or more: two side yards each of five feet.
- 2. RH-1 zoning districts lots can have up to one unit for every 3,000 sq. ft. of lot area with Conditional Use authorization. RH-1(D) lots can only have one unit no matter how large the lot is.
- 3. While RH-1(D) lots are excluded from the City's ADU program, RH-1(D) properties are permitted to have ADUs under the State's ADU program (Section 65852.2 of the California Government Code). In some cases the State's ADU program is more permissive because it allows dwelling units to be expanded in order to add ADUs; it does not have a prohibition on using existing living space to add an ADU; and it allows new detached structures for ADUs so long as the new structure complies with local height and setback requirements. It does have a size limit of 1,200 sq. ft. for detached ADUs- the City's program does not have a numeric size limit, but also doesn't allow new structures to be built for detached ADUs- and the State limits additions to existing structures to 30% of the existing living area when adding an ADU.
- 4. RH-1(D) lots are also required to be 33 feet wide, whereas RH-1 lots, like all other lots in the City, have a 25 foot width requirement.
- 5. RH-1(D) lots have a minimum lot area of 4,000 square feet; RH-1 district, like all other districts in the city, have a minim lot area of 2,500. To note, not all properties in RH-1 District comply with the minimum lot size and not all RH-1(D) District comply with the minimum lot size. Minimum lot sizes are used to prohibit subdivisions that would result in uncharacteristically small lots for the district. Not meeting the minim lot size does not prevent someone from developing their property or expanding their home.

IMPLEMENTATION

The Department has determined that this ordinance will not impact our current implementation procedures.

REQUIRED COMMISSION ACTION

The proposed Ordinance is before the Commission so that it may recommend adoption, rejection, or adoption with modifications to the Board of Supervisors.

RECOMMENDATION

The Department recommends that the Commission recommend *approval* of the proposed Ordinance and adopt the attached Draft Resolution to that effect.

BASIS FOR RECOMMENDATION

The Department is recommending approval of the proposed ordain for the following reasons:

- The existing neighborhood character fits within the definition of RH-1(D) district because the
 neighborhood was developed as a single development with detached, single-family homes. This
 character remains intact today. The average lot size is significant larger than the average lot size
 in RH-1 Districts, the lots are wider than average, and the development is made up of two-story,
 single-family, detached homes with landscaped front setbacks.
- 2. The proposed rezoning would not significantly downzone the area. While rezoning to RH-1(D) would eliminate the possibility of having two units per lot if there was more than 6,000 sq. ft. of lot area, only 28 properties, or about 3.5% of the total number of lots, could have taken advantage of this. Further, some of these lots have enough width to be subdivided into two lots, and RH-1(D) districts are eligible to add ADUs under the State ADU program. The State's ADU program allows more flexibility for ADUs than the City's program.
- 3. This ordinance came about as a request for them Upper Terrace Neighborhood, and the Department understands that there is significant public support for the rezoning.
- 4. The proposed ordinance will bring the zoning of 70 Skyview Way into compliance with the existing use.

ENVIRONMENTAL REVIEW

The proposed amendments are not defined as a project under CEQA Guidelines Section 15060(c) and 15378 because they do not result in a physical change in the environment.

PUBLIC COMMENT

As of the date of this report, the Planning Department received one phone call asking for clarification on the rezoning of 70 Skyview Way from P to RH-1(D). The caller also expressed support for the overall project.

Legislation File No. 160426 - Planning Code, Zoning Map - Rezoning Midtown Terrace

Neighborhood

Supervisor Cohen,

I am writing to request your support for the correction to the rezoning of Midtown Terrace from RH-1 to RH-1D. The neighborhood consists of 800 detached homes with side yards and rear yards. It is a unique neighborhood and the character of the neighborhood with single family detached mid-century homes needs to be preserved.

This zoning change is strictly to correct the zoning from the time the neighborhood was built.

Your support is greatly appreciated! Anne Zelinsky 77 Aquavista Way San Francisco

September 19 meeting: Zoning correction for Midtown Terrace (Legislation File No.

Dear Supervisor Cohen:

I am a homeowner in Midtown Terrace, where I have lived for the past 24 years. I understand that the proposed zoning correction for the Midtown Terrace Neighborhood is to be considered at the September 19 meeting of the Land Use Committee. I urge your support for that proposal. It would change the zoning of our neighborhood from RH-1 to RH-1(D). The San Francisco Planning Code properly makes the preservation of neighborhood character a major objective of the zoning system.

I am attaching a one-page comparison of the RH-1 vs RH-1(D) characteristics (as specified in the code) that shows clearly that the current RH1 zoning of Midtown Terrace is erroneous and that the neighborhood should be zoned as RH 1(D) which is far more consistent with the character of this neighborhood.

Along with a number of other Midtown Terrace homeowners, I walked the neighborhood and talked with many other homeowners about this issue. It was also discussed at neighborhood gatherings and was a main topic of iscussion of the 2016 annual meeting of the homeowner's association. Virtually everyone I talked with strongly supported the effort to get the neighborhood rezoned as RH1(D) and many were quite surprised to learn that it is not so zoned already. We believe that the original zoning was simply a mistake.

I was gratified that the Planning Commission unanimously agreed with the community's belief that this zoning correction is appropriate. I hope you will vote to approve it also.

Sincerely,

Joseph Humphreys

Midtown Terrace should be rezoned as RH-1 (D)

Here is how the San Francisco planning code describes RH-1 and RH-1 (D): SEC. 209.1. RH (RESIDENTIAL, HOUSE) DISTRICTS.

These districts are intended to recognize, protect, conserve and enhance areas characterized by dwellings in the form of houses, usually with one, two or three units with separate entrances, and limited scale in terms of building width and height. Such areas tend to have similarity of building styles and predominantly contain large units suitable for family occupancy, considerable open space, and limited nonresidential uses. The RH Districts are composed of five separate classes of districts, as follows:

RH-1(D) Districts: One-Family (Detached Dwellings). These districts are characterized by lots of greater width and area than in other parts of the City, and by single-family houses with side yards. The structures are relatively large, but rarely exceed 35 feet in height. Ground level open space and landscaping at the front and rear are usually abundant. Much of the development has been in sizable tracts with similarities of building style and narrow streets following the contours of hills. In some cases private covenants have controlled the nature of development and helped to maintain the street areas.

RH-1 Districts: One-Family. These districts are occupied almost entirely by single-family houses on lots 25 feet in width, without side yards. Floor sizes and building styles vary, but tend to be uniform within tracts developed in distinct time periods. Though built on separate lots, the structures have the appearance of small-scale row housing, rarely exceeding 35 feet in height. Front setbacks are common, and ground level open space is generous. In most cases the single-family character of these districts has been maintained for a considerable time.

Based on the above statutory definitions, the grid below analyzes the appropriate classification of Midtown Terrace. As is obvious, the Midtown Terrace section of San Francisco is overwhelmingly more consistent with the statutory definition of RH-1(D) than with RH-1. Failure to zone it as RH-1(D) appears to be erroneous on its face.

Characteristics	RH-1	RH-1(D)	Midtown Terrace	MT best fits:
Width	Almost entirely 25	Greater width than other areas	Typical 33-44; almost none are as small as 25	RH-1(D) :
Separation	Row houses (not detached, no side yards)	Detached / side yards	Detached / small but distinct side yards	RH 1-(D)
Building style	Uniform within tract	Similar within tract	Multiple styles but similar	RH 1(D)
House Size	Small-scale	Relatively large	Varies; typically 2 bath, 2-3 bedroom with ample downstairs expansion room	Close call but RH- 1(D) is better fit.
Open space	Ground level open space generous	Abundant open space / landscaping	Some front and rear landscaping; large greenbelt rear yards	Differs from both, but certainly consistent with RH- 1(D)
Street alignment	Not described (but presumably typical SF grid pattern)	Narrow streets following contour of hill.	Mostly narrow, winding streets following contour of hills.	RH-1 (D)
Covenants	Not mentioned.	Private covenants controlling nature of development.	Private covenants controlling nature of development	RH-1(D)

Legislation File No. 160426 - Planning Code, Zoning Map - Rezoning Midtown Terrace

Neighborhood

Dear Supervisors Malia Cohen, Scott Wiener, and Aaron Peskin,

I have resided in Midtown Terrace since 1987. My parents (ages 94 and 95) live in Midtown Terrace, and I raised my family here. Midtown Terrace is a quiet community of modest detached homes, clinging to the southern and western slopes of Twin Peaks. The planned development of Midtown Terrace in the 1950's was for 817 **detached** homes, and the promotional materials and City Supervisors touted the detached character with the slogan "Country living in the heart of San Francisco." At the time, no one realized that our community of detached homes was zoned incorrectly as RH-1. Recently, investors and speculators, people who do not live in our community, started removing trees, abolishing side yards, and covering every square inch of soil with rebar and concrete, right up to their neighbor's property lines. We all wondered, "How can this be happening?" With a little investigation, we discovered that our community had been incorrectly zoned RH-1. Our quiet neighborhood of detached homes, with side yards and green landscape, is clearly RH-1(D) just like the neighboring communities in District 7. I suppose it didn't matter for the past 60 years because no one abused the incorrect zoning designation; however, we now feel the urgency to correct our zoning before it is too late.

We kindly ask for your support to correct the zoning of Midtown Terrace to RH-1(D). We need our zoning aligned to the actual aracter of our community of detached homes, just as it was intended when it was built.

Thank you,

Joyce Mordenti

Midtown Terrace Rezoning

To whom it may concern:

I am a resident of Midtown Terrace. I moved to this neighborhood as I loved the feel. It is hard to impossible to find affordable single family homes that are detached in the center of the city. Based on looking at most of the other neighborhoods around us that were constructed during a similar time period, they are all RH1-D. I would hate to see this historical mistake of zoning our neighborhood as RH1 ruin the character of the neighborhood. We have canvased the neighborhood asking people for their support and have found no opposition to this. Changing the zoning won't affect any existing homes, but it ensures that future homes won't encroach on the existing. Please support this measure as it is the will of the residents who actually live in the neighborhood. I appreciate your time.

Best,

David Grunat 321 Dellbrook Avenue

Vote NO on Down-zoning Midtown Terrace

Members of the Transportation and Land Use Committee,

I am a San Francisco native, homeowner, and military veteran. I grew up around the corner from Midtown Terrace (on Glenview).

I urge you to vote NO on down-zoning the Midtown Terrace neighborhood.

We urgently need *more* housing the City, not less. This down-zoning makes it harder to add ADUs ("in-law units") or otherwise add badly-needed housing (e.g. to the 28 larger lots eligible for 2 units today). On the contrary, we should be UP-zoning neighborhoods to allow for more density, not down-zoning them!

Please don't give in to NIMBYs who want to maintain a 1950s car-centric culture.

Sincerely,

Luke Swartz
