A map on the following page shows Yerba Buena Gardens.

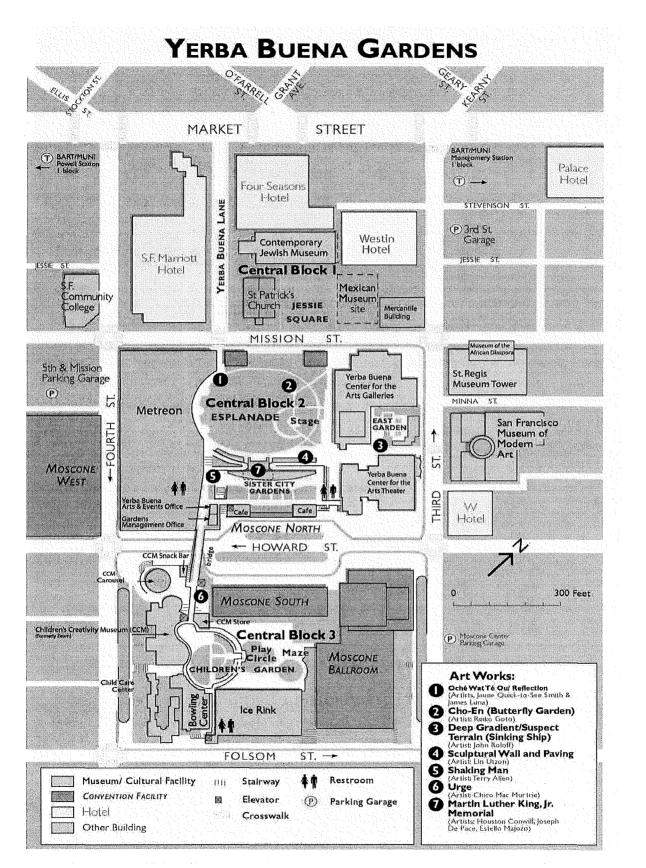

Changes in Ownership and Management of Yerba Buena Gardens

Yerba Buena Gardens was owned, developed, maintained and managed by the former San Francisco Redevelopment Agency, based on previous federal grants, bonds, land sales, leases and tax increment financing agreements. On January 1, 2011, the Yerba Buena Center Redevelopment Project Area expired, such that tax increment financing for Yerba Buena Gardens is no longer available. In early 2012, the State Legislature dissolved redevelopment agencies in California (AB 26 in 2011 and AB 1484 in 2012). The City's Office of Community Investment and Infrastructure (OCII), as the Successor Agency to the former San Francisco Redevelopment Agency, currently owns, maintains and manages Yerba Buena Gardens. OCII uses third party contractors to operate, manage and maintain the facilities and landscaping.

Under State Redevelopment Dissolution Law, OCII is required to dispose of all properties it owns or leases pursuant to a Long-Range Property Management Plan, approved by the California Department of Finance in December 2015. OCII and the City's Real Estate Division have worked closely with community stakeholders to develop the Property Management Plan for Yerba Buena Gardens. Under this Plan, ownership of Yerba Buena Gardens will be transferred from OCII to the City for governmental purposes as a single, unified set of properties. The Office of the City Administrator has agreed to accept Yerba Buena Gardens to be used for governmental purposes, along with the long-term restricted revenues and related enforceable obligations to continue operating, maintaining and managing Yerba Buena Gardens. This transfer is anticipated to occur in early 2017, subject to Board of Supervisors approval.

DETAILS OF PROPOSED LEGISLATION

The proposed resolution would acknowledge the establishment of a new public benefit civic nonprofit entitled the Yerba Buena Gardens Conservancy, created specifically to assume the long-term operating and management responsibility for Yerba Buena Gardens under a master lease with the City and County of San Francisco (City).

Yerba Buena Gardens Conservancy

In accordance with the proposed resolution, the nonprofit Yerba Buena Gardens Conservancy would be governed by a Board of Directors comprised of Yerba Buena Gardens stakeholders and community and civic leaders, up to half of which will be appointed by the City. The Yerba Buena Gardens Conservancy nonprofit was formed on May 3, 2016, with the stated mission of sustaining the integrity and interconnectedness of Yerba Buena Gardens. The Yerba Buena Gardens Conservancy is currently chaired by Ms. Cathy Maupin, existing Executive Director of the Yerba Buena Community Benefit District. The vice-chair is Mr. Sean Jeffries of Millennium Partners.

According to Mr. John Updike, Director of the Real Estate Division, although a draft term sheet for a master lease outlines some provisions for the Board of Directors for the Yerba Buena Gardens Conservancy, the number of Board of Director positions and the specific appointees for each position has not yet been determined. The newly created Yerba Buena Gardens Conservancy will be overseeing the long term operations and management of the City's Yerba Buena Gardens. As noted in the draft term sheet discussed on the following pages, the Yerba Buena Gardens Conservancy Board of Directors would have a maximum 21 members, with not less than 25% appointed by the City Administrator and not less than 20% appointed by the Mayor. The Budget and Legislative Analyst recommends that the Board of Supervisors provide guidance for negotiation purposes to the newly formed nonprofit and the Real Estate Division regarding who will make the appointments, the appointment process and weighting of the Board of Directors positions.

The proposed resolution specifies that the Yerba Buena Gardens Conservancy would be responsible for employing its own administrative staff and continuing to contract for maintenance, operations, security services and public event programming, subject to annual audit by the City. In addition, the Yerba Buena Gardens Conservancy would be required to comply with Brown Act provisions, the City's Sunshine Ordinance, Ethics Commission regulations, City contract bidding procedures and all City labor and human rights policies. The proposed resolution also states that the City would provide legal and technical support services to enforce the former Redevelopment Agency agreements. However, to provide such City services would require additional operating revenues from Yerba Buena Gardens to cover such costs.

Yerba Buena Capital Improvements

The proposed resolution states that the Yerba Buena Gardens' long-range capital improvement funding needs would be addressed by the City's Office of Economic and Workforce

SAN FRANCISCO BOARD OF SUPERVISORS

GOVERNMENT AUDIT AND OVERSIGHT COMMITTEE MEETING

Development (OEWD) in the Community Facilities Funding Program as part of the City's pending Central SoMa Area Plan, by December 31, 2016. However, according to Mr. Updike, the Real Estate Division will work directly with the City Administrator and the City's Capital Planning Program staff to better understand the Yerba Buena Gardens' long-range capital improvement needs and to propose options for covering these related capital costs. This information would be provided to the Board of Supervisors at the time the master lease is brought to the Board of Supervisors for approval in 2017. Therefore, this resolve clause should be amended to clarify that the Real Estate Division will lead the analysis and recommendations related to Yerba Buena Gardens' long-range capital improvement funding needs and the potential revenues sources to address these needs.

Annual Operating Support

The proposed resolution also states that the loss of annual operating support from the Moscone Convention Center would be replaced with City resources, to be identified by the City Administrator by December 31, 2016. Mr. Updike advises that the Moscone Convention Center annual operating support were annual lease payments that ended in 2015 when the City repaid the outstanding bonds, the lease was terminated, and that portion of the property was transferred to the City. Mr. Ken Bukowski, the Deputy City Administrator advises that the City Administrator's Office has not committed to replacing this income stream since the replacement of this income would require additional General Fund support.

Term Sheet for Master Lease

Mr. Updike advises that he is currently working with the Yerba Buena Gardens Conservancy on a draft master lease that would contain the following main provisions from an approved term sheet between the City as landlord and Yerba Buena Gardens Conservancy as tenant, to operate and manage Yerba Buena Gardens. Mr. Updike states that such a master lease with the Yerba Buena Gardens Conservancy would be requested as a sole source award, in the best interests of the City, given the Yerba Buena Gardens Conservancy stakeholder representation and relationship with the City. Such a master lease between the City and the Yerba Buena Gardens Conservancy would be subject to separate future Board of Supervisors approval.

- Term: 45 years, or through September 1, 2061.
- Rent: \$1 per year payable by Yerba Buena Gardens Conservancy to the City.
- Permitted Uses: charitable/civic and cultural purposes, with net income solely to operate, maintain and secure property (excluding capital improvements) in a first class condition, consistent with deed restrictions and enforceable obligations.
- Subleases: Permitted with City consent, consistent with master lease.
- Funding: City will transfer balance of Yerba Buena Gardens funds, including reserve accounts, to tenant, for operation, maintenance, capital and security. These funds have various restrictions based on previous contractual obligations and federal requirements. Tenant will receive funding, including base rent, participation rent, Garden, Maintenance, Operations and Security (GMOS) and/or developer extractions from

Marriott Hotel, Millennium/Four Season, Metreon, St. Regis, Samovar Tea Lounge, B Restaurant, other operating leases (ice rink, bowling) and 706 Mission, when built. Tenant may obtain financing and indebtedness with these funds to repay.

- City Responsibilities: City responsible at it sole cost for all substructure costs including maintenance, operations, repairs, upgrades or expansion. City responsible for maintenance and repair of all utilities. City will undertake to secure funding for capital improvements to maintain substructure in first class condition.
- Public Financing Authority (PFA): City will consider establishing a PFA and Enhanced Infrastructure Financing District to fund construction and rehabilitation of public facilities.
- Tenant Organization: Not-for-profit California Corporation with Board of Directors of a maximum 21 members. Executive Director and appropriate support staff. No less than 25% of Board of Directors appointed by the City Administrator and no less than 20% appointed by the Mayor, and at least one of these appointees must serve on the Executive Committee of the Board of Directors. By-laws of the corporation will guide selection of remaining Board of Directors, however must be legitimate stakeholders of Yerba Buena Gardens.

FISCAL IMPACT

As noted above, as of January 1, 2011 tax increment financing for Yerba Buena Gardens ended. In addition, the lease payments made by Moscone Convention Center to Yerba Buena Gardens ended in 2015. However, the former Redevelopment Agency entered into long-term leases (up to 90 years) for most of the land within the Yerba Buena Gardens, which are still in effect.

As a result, Yerba Buena Gardens, which is a combination of private commercial and retail properties and public cultural and recreational facilities, gardens, plazas, and open spaces receive annual rental income, primarily through ground leases and other agreements, to fully support the ongoing cultural facilities and gardens. However, all of these funds are restricted revenues and can only be used for maintenance, operations and security of Yerba Buena Gardens as well as for funding the cultural facilities and programming activities.

As shown in the Attachment, provided by OCII as of June 13, 2016, Yerba Buena Gardens actual revenues in FY 2014-15 totaled \$13,295,040 and expenses totaled \$8,247,280, resulting in a surplus of \$5,047,760. This surplus was added to the existing cash balance of \$8,573,253, for a total available balance to be carried forward of \$13,621,013. This cash balance can be used for capital improvements and/or to fund shortfalls in annual operating costs.

However, as shown in the Attachment, over the next ten years, revenues are projected to decrease, ranging between \$9.6 million to \$11.6 million, with expenses ranging between \$10.6 million and \$12.8 million. The reduction in revenues in primarily attributed to the loss of Moscone Convention Center lease payments. The increase in expenditures is primarily

attributed to annual growth in operating expenses coupled with large projected increases in capital expenditures.

Capital costs are estimated at approximately \$30 million. However, Mr. Updike advises that the long term capital budget for Yerba Buena Gardens is currently under review. The City's Capital Planning Committee and staff will need to more carefully vet the assumptions regarding capital repair and replacement in detail at Yerba Buena Gardens as part of a larger financial analysis to determine the master lease arrangements between the City and the Yerba Buena Gardens Conservancy.

It should be noted that the Marriott Hotel and Metreon, together contribute approximately 88% of Yerba Buena Gardens annual operating revenues. In addition, annual revenues will vary with the economy, as various leases are based on a percentage of room and beverage sales. As shown in the Attachment, Yerba Buena Gardens also relies on Gardens Maintenance, Operations and Security (GMOS) charges to various tenants, which are projected to increase with cost of living adjustments annually. In addition, the Attachment does not account for any future Yerba Buena Gardens Conservancy costs, which may result.

POLICY CONSIDERATION

Pursuant to Redevelopment Dissolution Law and the Property Management Plan for Yerba Buena Gardens, OCII is required to transfer Yerba Buena Gardens properties to the City for governmental purposes. The City's Office of the City Administrator has agreed to accept Yerba Buena Gardens to be used for governmental purposes (parks, recreation, cultural facilities), including the restricted long-term revenues, capital and operating reserve accounts and numerous related enforceable obligations and agreements. These long term agreements require the continued operation, maintenance, security and funding of open space first, and the funding of cultural operations second, at Yerba Buena Gardens. Since the transfer of Yerba Buena Gardens from OCII to the City is specified for governmental purposes, the transfer price would be \$0. Mr. Updike advises that this transfer is anticipated to occur in early 2017.

The actual conditions of the property transfer from OCII to the City are not the subject of this resolution, which would be included in a future resolution, subject to approval by the Board of Supervisors in early 2017. Similarly, the proposed resolution would not approve the long-term master lease between the City and the new nonprofit Yerba Buena Gardens Conservancy, which would also be subject to future Board of Supervisors approval in 2017. Rather, the proposed resolution would approve the policy to establish a new public benefit civic nonprofit entitled the Yerba Buena Gardens Conservancy, created specifically to assume the long-term operating and management responsibility for Yerba Buena Gardens under a master lease with the City.

BUDGET AND LEGISLATIVE ANALYST

RECOMMENDATIONS

- 1. Approval of the proposed resolution is a policy decision for the Board of Supervisors.
- 2. If the Board of Supervisors approves this resolution, amend the proposed resolution to
 - a. provide guidance to the newly formed nonprofit and the Real Estate Division regarding who will make the appointments, the appointment process and weighting of the Board of Directors positions; and
 - b. amend page 4, lines 11 through 17 to delete the current language and instead state that the Real Estate Division will lead the analysis and recommendations related to Yerba Buena Gardens' long-range capital improvement funding needs and the potential revenues sources to address these needs with such information to be provided to the Board of Supervisors when the master lease is subject to approval in 2017.

Dear Supervisors,

I urge you to support the resolution to create The Yerba Buena Gardens Conservancy to oversee and manage Yerba Buena Gardens. Thanks to the dedication of the San Francisco Redevelopment Agency, community advocates, committed builders, old and new arts organizations, and many civic stakeholders, the vision embraced by Mayor George Moscone in 1976 is a resounding success.

The Conservancy model provides a range of benefits that would sustain Yerba Buena Gardens as a model for how to create, improve and manage an inclusive public urban space. These benefits include:

- A proven community-based management structure aligned with public benefit goals: The governing body is a Board of Directors of a crosssection of Garden's stakeholders, community members and civic leaders, with the City appointing up to half its members.
- Additional oversight by the City as landlord, auditor and technical advisor.
- Cost efficiencies and elimination of the need for City services, as it does now, by contracting for maintenance, operations and security services and by having a small administrative staff to manage operations.
- New revenue streams add financial stability; a nonprofit allows for private donations, government subsidies, foundation grants and other sources. These funds would be in addition to existing income generated by RDA agreements from multiple sources, such as Metreon, Marriott, Millennium Partners and others, and tenant revenue.

Today, Yerba Buena Gardens provides substantial public benefit that should be managed by a community-based model. More than four million visit annually. It serves as a major economic engine for the City. It is an active, safe and popular community resource with an exceptional range of free public events and celebrations, cafes, and public art. A new family play area, new Howard Street Pedestrian Bridge and other improvements resulting from the Moscone Expansion Project, along with the construction of the Mexican

Museum, only will enhance the Gardens as a community resource.

The formation of a new nonprofit to oversee the remarkable Yerba Buena Gardens will ensure its long-term success. I urge you to support the resolution to create The Yerba Buena Gardens Conservancy. Thank you for your consideration.

Sincerely,

Sail Kinger

Dear Supervisors:

I urge you to support the resolution to create the Yerba Buena Gardens Conservancy, to oversee and manage Yerba Buena Gardens. Thanks to the dedication of the San Francisco Redevelopment Agency, community advocates, committed builders, old and new arts organizations, and many civic stakeholders, the vision embraced by Mayor George Moscone in 1976 is a resounding success.

The Conservancy model provides a range of benefits that would sustain Yerba Buena Gardens as a model for how to create, improve, and manage an inclusive urban public space. These benefits include:

- A proven community-based management structure aligned with public-benefit goals: The governing body is a Board of Directors composed of a cross-section of the Gardens' stakeholders, community members, and civic leaders, with the City appointing up to half its members.
- Additional oversight by the City as landlord, auditor, and technical advisor.
- Cost efficiencies and elimination of the need for City services, as is the current situation, by contracting for maintenance, operations, and security services, and by having a small administrative staff to manage operations.
- New revenue streams adding financial stability; a non-profit allows for private donations, government subsidies, foundation grants, and other sources. These funds would be in addition to existing income generated by RDA agreements from sources such as Metreon, Marriott, Millennium Partners, and others, and from tenant revenue.

Today, Yerba Buena Gardens provides substantial public benefit that should be managed via a community-based model. More than four million visit the Gardens annually. It serves as a major economic engine for the City. It is an active, safe, and, and popular community resource with an exceptional range of free public events and celebrations, cafes, and public art. A new family play area, new Howard Street Pedestrian Bridge, and other improvements resulting from the Moscone Expansion Project, along with the construction of the Mexican Museum, will only enhance the Gardens as a community resource.

On a personal note: when my family relocated to San Francisco 13 years ago, Yerba Buena Gardens became a welcome play and activity space for us. My daughters played in the children's area; skated at the Yerba Buena rink; and one later became a teen "City-Guide" at the Children's Creativity Museum.

I am convinced that the Conservancy plan has the best chance of ensuring the Yerba Buena Gardens' long-term success as an urban oasis, visitor draw, and economic engine. I urge you to support the resolution to create the Yerba Buena Gardens Conservancy.

Sincerely,

Madeleine Robins Operations Manager The American Bookbinders Museum
