RE: 2017-2019 San Francisco Energy Watch Contract

Dear Ms. Rafael,

Pacific Gas and Electric Company (PG&E) intends to provide the San Francisco Department of the Environment (SF Environment) up to \$6,930,000 in annual program funding to implement the San Francisco Energy Watch (SFEW) Local Government Partnership in 2017-2019. Such funding provided by PG&E for any energy efficiency programs, including but not limited to SFEW, shall be conditioned upon and subject to any modifications or guidance by the California Public Utilities Commission.

This funding will be used to support the following activities:

- Marketing and implementation of SFEW energy efficiency direct install programs, including incentives for energy efficiency measures targeting businesses and multifamily customers
- Completing existing Strategic Energy Resource initiatives, such as microloan funds, building analysis projects, and maintenance outreach for the food and beverage sector, as well as implementing new Strategic Energy Resource initiatives.

PG&E will work with SF Environment to finalize the scope of work and terms and conditions, and execute the final 2017-2019 SFEW contract before end of this year.

Sincerely,

Leif Christiansen, Manager  
Government and Community Partnerships  
Pacific Gas and Electric Company

Cc: Jessie Denver, San Francisco Department of the Environment
