<p><b>Item 13</b> <b>File 16-1015</b></p>	<p><b>Department:</b> Department of Children, Youth and Their Families (DCYF)</p>
---	---

**EXECUTIVE SUMMARY**

**Legislative Objectives**

- Ordinance appropriating \$9,000,000 of Real Property Transfer Tax in FY 2016-17 for funding the Community College Fund to support students attending City College of San Francisco and placing funds on Controller’s Reserve pending the outcome of General Fund tax revenue measures in the November 8, 2016 Election.

**Key Points**

- On September 27, 2016, the Board of Supervisors amended the Administrative Code to establish the San Francisco City College Enrollment Fee Assistance Fund as a category four fund for use by DCYF to make block grants to City College to offset student enrollment fees and other education-related costs for eligible students.
- Proposition W was approved by San Francisco voters in November, 2016, which will increase transfer tax rates for properties over \$5,000,000. The Controller’s Office estimates the new transfer tax rates will generate an additional \$14 million in FY 2016-17.

**Fiscal Impact**

- DCYF has not yet negotiated nor entered into any agreements with City College regarding the amount of block grants that would be awarded, nor the specific process that would be used to apply for, calculate, award or disburse payments to individual students. DCYF does not yet know how the \$9,000,000 would be allocated, if approved.

**Policy Consideration**

- Proposition K, which would have increased the City’s Sales Taxes, was not approved by San Francisco voters. However, the FY 2016-17 City budget included \$37.5 million of additional funding from projected increased Sales Tax revenues, with 2/3<sup>rd</sup>s in SFMTA’s budget and 1/3<sup>rd</sup> in the new Department of Homelessness’s budget. Expenditure reserves prevent these two City departments from incurring these expenditures in FY 2016-17.
- The Mayor’s Office will provide a plan to rebalance the FY 2016-17 and FY 2017-18 budgets by mid-December, 2016.

**Recommendations**

- Amend the proposed ordinance to delete the language on page 1, lines 5-7 “ and placing the funds on Controller’s Reserve, pending the outcome of General Fund tax revenue measures in the November 8, 2016 Election” and all of Section 3 on page 2, “Section 3. The uses of funding outline above for \$9,000,000 are herein placed on Controller’s Reserve pending the outcome of General Fund tax revenue measures to be determined in the November 8, 2016 election.”
- Approval of the proposed ordinance, as amended, is a policy decision for the Board of Supervisors.

## MANDATE STATEMENT

City Charter Section 9.105 provides that amendments to the Annual Appropriations Ordinance, after the Controller certifies the availability of funds, are subject to Board of Supervisors approval by ordinance.

## BACKGROUND

### City College Enrollment Fee Assistance Fund

On September 27, 2016, the Board of Supervisors approved an ordinance amending the City's Administrative Code to establish the San Francisco City College Enrollment Fee Assistance Fund (File 16-0892; Ordinance No. 186-16). This Fund was established as a category four fund<sup>1</sup> for use by the Department of Children, Youth and Their Families (DCYF) to make block grants to City College to offset student enrollment fees and provide other education-related financial support for eligible students enrolled in credit courses at City College who

(1) Reside in San Francisco; or

(2) Are employees of the City and County of San Francisco (CCSF), San Francisco Unified School District (SFUSD) or City College.

City College would use these funds to

(1) Reduce or waive enrollment fees for eligible students, less any state or federal financial aid the student receives, or

(2) For other education-related financial support, including purchasing required books and supplies, lab fees and activity fees, as specified in the block grant agreement<sup>2</sup>.

While benefits would not be based on individual need, no student can receive more than \$1,000 for any academic year. City College can use up to 1% of the total block grant each fiscal year for administration of the program. An Oversight Committee, consisting of nine members appointed by the City College Board of Trustees (3 members), City College Academic Senate (2 members), City College Associated Students Executive Council (1 member), the Board of Supervisors (2 members) and the San Francisco Board of Education (1 member), would review implementation of the grant agreement and provide annual reports on implementation of the grant agreement and disbursements from the Fund to the Mayor, Board of Supervisors, DCYF and City College.

<sup>1</sup> In accordance with Section 10.100 of the City's Administrative Code, a category four fund (a) is not automatically appropriated, but rather is subject to Board of Supervisors appropriation approval, (b) accumulates interest and (c) the fund balance carries forward.

<sup>2</sup> The ordinance specified that DCYF and City College develop and execute an agreement governing the block grants and the process for applying for, calculating, awarding and disbursing payments to individual students. The block grant agreement would give priority to offsetting enrollment fee increases over other education-related financial support.

**City Real Property Transfer Tax**

Currently, the City collects a one-time real property transfer tax at the time of most transactions of residential and commercial real estate in San Francisco, based on the sales price. This transfer tax also applies to leases that extend for 35 years or more and on real estate owned when a business changes ownership. The revenues collected from transfer taxes are deposited into the City's General Fund. Table 1 below shows the actual and budgeted transfer taxes over the past three fiscal years.

**Table 1: Transfer Tax Revenues in FY 2014-17**

Fiscal Year	Transfer Taxes
FY 2014-15 (actual)	\$314.6 million
FY 2015-16 (actual)	269.1 million
FY 2016-17 (budgeted)	235.0 million

**Proposition W**

Proposition W, which was approved by San Francisco voters on the November 8, 2016 San Francisco ballot, will increase transfer tax rates for real estate with a sale price of more than \$5,000,000, including leases of 35 years or more. Table 2 below shows the existing and new transfer tax rates based on Proposition W.

**Table 2: Current and New City Transfer Tax Rates based on Proposition W**

Real Estate Sale Price	Current Transfer Tax Rates	New Transfer Tax Rates	Change
Greater than \$250,000 and less than \$1,000,000	0.68%	0.68%	No change
At least \$1,000,000 and less than \$5,000,000	0.75%	0.75%	No change
At least \$5,000,000 and less than \$10,000,000	2.00%	2.25%	0.25%
At least \$10,000,000 and less than \$25,000,000	2.50%	2.75%	0.25%
At least \$25,000,000	2.50%	3.00%	0.50%

The new transfer tax rates will become effective when the election results are certified, or approximately mid-December 2016. The Controller's Office estimates the new transfer tax rates under Proposition W will generate an additional \$14 million in FY 2016-17.

The Controller's statement in the San Francisco Voters Information Pamphlet estimates that Proposition W would result in additional annual revenue to the City's General Fund ranging from \$10,000,000 to \$73,000,000, with an average of \$45,000,000 annually. However, the Controller cautions that transfer taxes are the City's most volatile revenue source and that this estimate is based on recent economic cycle transactions. Therefore, the Controller notes that estimates based on prior years' activity may not accurately predict future revenues.

**DETAILS OF PROPOSED LEGISLATION**

Ordinance (a) appropriating a total of \$9,000,000 of Real Property Transfer Tax in FY 2016-17 for funding the Community College Fund to support students attending City College of San Francisco and (b) placing funds on Controller’s Reserve, pending the outcome of General Fund tax revenue measures in the November 8, 2016 Election.

The proposed sources and uses for the requested \$9,000,000 are shown in Table 3 below.

**Table 3: Proposed Sources and Uses**

<b>Sources</b>	
General Fund-Real Property Transfer Tax	\$9,000,000
<b>Uses</b>	
City Grants-Financial Support for City College Students	\$9,000,000

Given that the November 8, 2016 Election has already occurred, and based on discussions with the Controller’s Office, the proposed ordinance should be amended to delete the language placing the funds on Controller’s Reserve, pending the outcome of General Fund tax revenue measures in the November 8, 2016 Election.

**FISCAL IMPACT**

According to Mr. Leo Chyi, Chief Financial Officer for the Department of Children, Youth and Their Families (DCYF), the proposed ordinance that created the San Francisco City College Enrollment Fee Assistance Fund (File 16-0892) specified under Administrative Code Section 10.100-288(d)(4) the Fund “shall not become operative until the City appropriates monies to the Fund”. The proposed \$9,000,000 supplemental appropriation of Transfer Tax revenues would be the first monies appropriated into the Fund. Therefore, DCYF has not yet negotiated nor entered into any agreements with City College regarding specifics of the amount of block grants that would be awarded, nor the specific process that would be used to apply for, calculate, award or disburse payments to individual students. As a result, DCYF does not yet know specifically how the \$9,000,000 would be allocated, if approved by the Board of Supervisors.

The Controller’s Office conducted a cost analysis of providing City funding for City College for students who live in San Francisco or work for City College, SFUSD or the City, assuming implementation beginning in FY 2017-18. Table 4 below summarizes the Controller’s cost analysis which shows a range of estimated costs based on various assumptions regarding City College enrollment and fee levels.

**Table 4: Controller’s Analysis of Estimated Costs**

Cost Estimates (\$Mil)	FY 2017-18		Average Annual	
	Low	High	Low	High
Enrollment Fee	\$6.5	\$8.8	\$8.3	\$12.1
Financial Aid Support	\$5.1	\$7.9	\$6.8	\$10.9
<b>Total</b>	<b>\$11.6</b>	<b>\$16.7</b>	<b>\$15.1</b>	<b>\$23.0</b>

While the above analysis is for FY 2017-18, the requested \$9,000,000 supplemental appropriation would be appropriated for FY 2016-17. If approved, the \$9,000,000 would be deposited into the newly created San Francisco City College Enrollment Fee Assistance Fund, which as a category four fund, would carry forward any fund balance to the following fiscal years. Revenue transfers into this Fund and expenditures from this Fund would be subject to future annual appropriations by the Board of Supervisors.

**POLICY CONSIDERATION**

As noted above, Proposition W was approved by San Francisco voters on November 8, 2016, which increased City Real Property transfer taxes. However, Proposition K, also on the November 8, 2016 ballot, which would have increased the City’s Sales Taxes by 0.75% for a total tax rate of 9.25%, was not approved by San Francisco voters. The FY 2016-17 City budget assumed that Proposition K would be approved, and included \$37.5 million of additional funding from the projected increased Sales Tax revenues.

Of the \$37.5 million in the FY 2016-17 budget, approximately 2/3<sup>rd</sup>s is in the San Francisco Municipal Transportation Agency’s (SFMTA) budget and approximately 1/3<sup>rd</sup> is in the new Department of Homelessness’s budget. The Controller’s Office has placed expenditure reserves on the \$37.5 million of funds, which prevents these two City departments from incurring these expenditures in FY 2016-17. The FY 2017-18 City budget also assumed \$155 million of increased revenues from the passage of Proposition K, such that \$155 million is also on expenditure reserve in the FY 2017-18 budget. The Controller’s Office, Mayor’s Budget Office and the Board of Supervisors Budget and Legislative Analyst’s Office are currently preparing the FY 2018-2022 Five Year Budget Projections, which should be completed on December 8, 2016. The current FY 2017-18 budget projection reflects an approximate \$130 million shortfall.

Ms. Melissa Whitehouse, Mayor’s Budget Director, advises that the Mayor’s Office is currently analyzing the FY 2016-17 and FY 2017-18 budgets and will provide a plan to re-balance these budgets by mid-December, 2016. As part of this re-balancing plan, the Mayor’s Office is reviewing the proposed expenditures for transportation, homelessness, street trees, free City College and also potential impacts from the federal election.

**RECOMMENDATIONS**

1. Amend the proposed ordinance to delete the language on page 1, lines 5-7 “ and placing the funds on Controller’s Reserve, pending the outcome of General Fund tax revenue measures in the November 8, 2016 Election” and all of Section 3 on page 2, “Section 3. The uses of funding outline above for \$9,000,000 are herein placed on Controller’s Reserve pending the outcome of General Fund tax revenue measures to be determined in the November 8, 2016 election.”
2. Approval of the proposed ordinance, as amended, is a policy decision for the Board of Supervisors.

## Remarks for City College Hearing 11.30.16

FX Crowley

In the fall of 1977, at the age of 18, I used a modest bequest to pay for my first semester at St. Mary's College in Moraga, California.

I don't know what I was thinking. I certainly wasn't listening to my father's advice that we didn't have the financial resources for me to continue at St. Mary's after the first semester. I learned quickly enough.

In the spring of 1978, I entered City College of San Francisco. At that point, I was completely broke, and City College was a beacon of light for me in an otherwise confusing time. At City, I completed the necessary units and moved onto Long Beach State University to finish my degree.

Everyone should have this opportunity. But in San Francisco where so many working people are struggling to make their \$3,000 per month rent and figure out how they're going to eat after that, a college education is a pipe dream.

If we are truly committed to educating our youth and helping those families living in poverty rise up to the middle class, we need to make City College free.

A college education is a powerful countermeasure to the city's obscene cost of living.

And while free tuition at City College is a not a cure-all, it will provide a path to more economic opportunity and supply an educated workforce, which we so desperately need for our democracy to thrive.

We are the city of St. Francis, named after a 13th century saint who venerated and celebrated poverty and who said:

*Start by doing what's necessary; then do what's possible; and suddenly you are doing the impossible.*

We cannot let the events of the last month overwhelm us and lead us astray from doing what we know to be right for future generations.

To quote St. Francis one more time: *For it is in giving that we receive.*

City Council,

I commend and thank the Board of Supervisors for pledging to make City College FREE for San Franciscans. I urge you to support the next crucial step in this process by voting yes on Supervisor Kim's ordinance to appropriate \$9 million of Real Property Transfer Tax in FY2016-2017 to fund the Community College Fund and make City College of San Francisco tuition-free for all San Francisco residents starting in 2017. This budget appropriation is a critical step to fulfill the wishes of the overwhelming majority of San Francisco voters who supported Proposition W on November 8th. Thank you in advance for your support of this important effort to expand access to higher education for all San Franciscans.

City Council,

Prop W was passed with the promise of free City College. We can find other ways to fund the City's other pressing needs.

I studied journalism at CCSF over 20 years ago, and in 2010, I took Art of MesoAmerica at CCSF for my final three credits to earn my B.S. from USF.

Free City College is vital.

I commend and thank the Board of Supervisors for pledging to make City College FREE for San Franciscans. I urge you to support the next crucial step in this process by voting yes on Supervisor Kim's ordinance to appropriate \$9 million of Real Property Transfer Tax in FY2016-2017 to fund the Community College Fund and make City College of San Francisco tuition-free for all San Francisco residents starting in 2017. City Council,

I commend and thank the Board of Supervisors for pledging to make City College FREE for San Franciscans. I urge you to support the next crucial step in this process by voting yes on Supervisor Kim's ordinance to appropriate \$9 million of Real Property Transfer Tax in FY2016-2017 to fund the Community College Fund and make City College of San Francisco tuition-free for all San Francisco residents starting in 2017. This budget appropriation is a critical step to fulfill the wishes of the overwhelming majority of San Francisco voters who supported Proposition W on November 8th. Thank you in advance for your support of this important effort to expand access to higher education for all San Franciscans.

City Council,

Because I live with a disability and have a low income, CCSF has been free for me through the Board of Governor's Fee waiver. I've personally experienced how a free CCSF education can benefit students like myself. Not only have I been accepted to UC Davis and UC Berkeley, but I've also been inspired to give back to my community through various volunteer positions and even an internship at the AIDS Emergency Fund. I even start serving on SF'S Shelter Monitoring Committee next month, and I truly believe that a free community college education has afforded me with all these opportunities. Please make CCSF free for other San Franciscans like myself. It's a great way to fuel our community forward! Thank you!

**Subject:** In Support of Free City College in SF

City Council,

Given that Prop W passed, I want to urge the Board of Supervisors to vote yes on Supervisor Kim's ordinance, which will appropriate \$9 million of Real Property Transfer Tax in FY2016-2017 to make City College tuition-free for all San Francisco residents, from 2017 onwards.

Tuition-free City College is an important step in leveling the playing field and giving higher education to those with access to fewer resources. In a city with such high levels of income inequality, we can both fund City College and find funding for other services like homelessness and transportation.

Thank you.

City Council,

I commend and thank the Board of Supervisors for pledging to make City College FREE for San Franciscans. I urge you to support the next crucial step in this process by voting yes on Supervisor Kim's ordinance to appropriate \$9 million of Real Property Transfer Tax in FY2016-2017 to fund the Community College Fund and make City College of San Francisco tuition-free for all San Francisco residents starting in 2017. This budget appropriation is a critical step to fulfill the wishes of the overwhelming majority of San Francisco voters who supported Proposition W on November 8th. Thank you in advance for your support of this important effort to expand access to higher education for all San Franciscans.
