

San Francisco International Airport

December 26, 2014

California 9-1-1 Emergency Communications Division  
California Technology Agency  
601 Sequoia Pacific Blvd., MS 9-1-1  
Sacramento, CA 95811

Attention: Kyle Pease

Dear Mr. Pease,

The San Francisco International Airport 9-1-1 Dispatch Center would like to request our 9-1-1 Customer Premise Equipment (CPE) funding allotment to replace our current 9-1-1 phone system. The San Francisco International Airport 911 Dispatch Center plans to staff 22 9-1-1 call taker positions.

At this time, our PSAP's choice of State procurement will be the State 9-1-1 Division's 9-1-1 CPE Master Purchase Agreement (MPA); we anticipate installation in April 2015. The San Francisco International Airport 911 Dispatch Center Financial Official is Carlos Martinez.

The San Francisco International Airport 9-1-1 Dispatch Center is seeking approval to move forward with upgrading our 5-year old Power 9-1-1 VIPER phone system to a new 9-1-1 phone system.

Thank you very much for your consideration in this matter.

Sincerely,

Reginald Saunders
