16 Be it ordained by the People of the City and County of San Francisco:

17 Section 1. Background and Findings.

18 (a) Chapter 29 of the Administrative Code ("Chapter 29") requires, prior to initiating
19 environmental review, that a City department, board, or commission proposing a project as
20 defined by the California Environmental Quality Act, Public Resources Code Sections 21000
21 *et seq.* that is estimated to have implementation and/or construction costs exceeding twenty-
22 five million dollars (\$25,000,000) and to use in excess of one million dollars (\$1,000,000) in
23 public monies for predevelopment, planning, or construction costs prepare a financial
24 feasibility study and submit it to the Board of Supervisors for a determination that the plan for
25 undertaking and implementing the proposed project is fiscally feasible and responsible.

1 (b) The Airport Commission, through its Bureau of Planning and Environmental Affairs,
2 has prepared and intends to seek environmental review of the recommended Airport
3 Development Plan ("Recommended ADP"), a comprehensive project that, absent this
4 ordinance, would be subject to the requirements of Chapter 29. The Recommended ADP
5 consists of individual ADP projects to be implemented over a 20-year time frame, to
6 accommodate a projected future 71.1 million annual passengers. Given the uncertainties
7 inherent in preparing a meaningful fiscal feasibility study today for a 20-year plan, an
8 exception to the requirements of Chapter 29 is appropriate.

9 (c) The Airport Commission, by Resolution No. 16-0288, adopted on November 22,
10 2016, a copy of which is on file with the Clerk of the Board of Supervisors in File No. 161311,
11 approved this ordinance and requested that the Board adopt the ordinance.

12
13 Section 2. Waiver of Fiscal Feasibility Study and Determination of Fiscal Feasibility
14 Requirements.

15 (a) The Board of Supervisors hereby exempts the Recommended ADP from
16 Administrative Code Chapter 29, and thereby waives the requirements for a fiscal feasibility
17 study of the Recommended ADP and a Board determination that the Recommended ADP is
18 fiscally feasible and responsible. Accordingly, environmental review of the Recommended
19 ADP may be initiated absent compliance with Chapter 29.

20 (b) In the event that (1) environmental review of the Recommended ADP is completed
21 and (2) the Airport Commission approves the Recommended ADP or some portion of the
22 Recommended ADP, then for any individual ADP project under the Recommended ADP
23 meeting the applicable dollar thresholds of Administrative Code Section 29.1(a), as it may be
24 amended from time to time, and prior to initiating any detailed design work (design
25 development) for such individual ADP project, the Commission shall proceed in conformance

1 with Chapter 29 to prepare a fiscal feasibility study and obtain a determination by the Board of
2 Supervisors that the individual ADP project is fiscally feasible and responsible.

3
4 Section 3. Effective Date. This ordinance shall become effective 30 days after
5 enactment. Enactment occurs when the Mayor signs the ordinance, the Mayor returns the
6 ordinance unsigned or does not sign the ordinance within ten days of receiving it, or the Board
7 of Supervisors overrides the Mayor's veto of the ordinance.
