EASEMENT AGREEMENT
(Portion of _____, San Francisco)

THIS EASEMENT AGREEMENT (this "**Agreement**"), dated for reference purposes only as of _____, 20__ ("**Agreement Date**"), is made by and between the CITY AND COUNTY OF SAN FRANCISCO, a municipal corporation ("**City**"), and PACIFIC GAS AND ELECTRIC COMPANY, a California corporation ("**PG&E**").

RECITALS

A. Pursuant to Section 7(d) of the 1939 Franchise Agreement between the City and PG&E, the City authorized PG&E to install and maintain electrical facilities comprised of two distribution poles, a transformer, overhead power cables, service riser and guy wire, and a 10' x 6' PG&E vault, and related wires, conduits, and appurtenances ("**Existing Facilities**") on that certain real property commonly known as 1975 Galvez Street situated in the City and County of San Francisco, State of California, and legally described in Exhibit A attached hereto (the "**Property**"). In Resolution No. 102-69, dated February 10, 1969, the San Francisco Board of Supervisors vacated this portion of Galvez Street, but authorized PG&E to "retain" its facilities in the vacated street. The City subsequently sold the Property. The Property remained in private hands until 2015, when the City purchased the Property. PG&E asserts a prescriptive claim for its right to operate and maintain the Existing Facilities on the Property. The City denies that claim and right under the Franchise Agreement and has agreed to pay PG&E's relocation costs "under protest."

B. City is constructing and improving the Property and adjacent property to accommodate the relocation of City's Central Shops (the "**Project**"). The location of Existing Facilities will interfere with the construction and operation of the Project. City has requested that PG&E relocate Existing Facilities from the current location and install replacement electric facilities in locations that will not interfere with the Project.

C. PG&E has agreed to relocate the Existing Facilities, and PG&E and City wish to enter into this Agreement to memorialize the right to occupy and use that portion of the Property comprised of a strip of land, the uniform width of 10 feet, lying 5 feet on each side of the line depicted on Exhibit C and described on Exhibit B (the "**Easement Area**") for its Electrical

Facilities (as defined below), all on the terms and conditions set forth in this Agreement.

AGREEMENT

ACCORDINGLY, City grants PG&E an easement as follows:

1. Relocation of Power Pole. PG&E shall remove power pole # _____ from its current location not later than March 31, 2017. City shall pay PG&E's reasonable relocation costs under protest. City's payment of such costs shall be delivered to PG&E within ninety (90) days of receiving PG&E's invoice therefor, which shall be accompanied with reasonable documentation of such costs.

2. Grant of Easement. City, hereby grants a non-exclusive easement to PG&E with the right from time to time to construct, excavate, reconstruct, install, inspect, maintain, replace (of the initial size), repair, remove, and use facilities of the type hereinafter specified ("**Easement Activities**"), within the Easement Area as hereinafter set forth, and also ingress thereto and egress therefrom, over and across the Property.

Said facilities in the Easement Area are described as follows: Such overhanging wires, cables, cross arms, poles; underground conduits, pipes, service boxes, manholes, wires, cables, and electrical conductors, risers, switches, fuses and terminals; and fixtures and appurtenances necessary to any and all thereof ("**Electrical Facilities**"), as PG&E deems necessary for the distribution of electric energy located within the Easement Area.

3. Use of Easement Area.

3.1 Access. PG&E shall access the Easement Area only by such streets as now or hereafter exist or, in the absence of any paved streets, by such route as shall occasion the least injury to the adjoining property.

3.2 Compliance with Laws; Maintenance. PG&E shall conduct the Easement Activities in compliance with all applicable laws, through sound construction practices and in a lien-free manner, and PG&E shall diligently pursue its construction or maintenance activities to completion. PG&E shall secure and pay for any building and other permits and approvals, government fees, licenses and inspections necessary for the proper performance and completion of its construction or maintenance activities in the Easement Area, including, but not limited to any approvals required by City acting in its regulatory capacity. PG&E shall be solely responsible for maintaining all Electrical Facilities, including all replacements installed in the Easement Area pursuant to Section 3 in good and safe condition, and City shall have no duty whatsoever for any maintenance of the Easement Area, the Electrical Facilities or any Replacement Improvements.

3.3 City's Reserved Rights. Notwithstanding anything to the contrary in this Agreement, City reserves and retains all of the following rights relating to the Easement Area, so long as the City's activities do not substantially interfere with PG&E's access to the Easement Area, Easement Activities, or PG&E's operations of its Electric Facilities (collectively, the "**Reserved Rights**"): (i) the right to any and all water, timber, mineral and oil rights of any kind; (ii) the right to grant future rights to a third party over, across, under, in and on the Easement Area as City shall determine in its sole discretion, including use of the Easement Area for non-City utilities; (iv) the right to maintain or install telecommunication facilities or other City facilities or property; (iii) the right to install, maintain, replace and remove any type of paving, drainage improvements including bio-planters, landscaping and hardscaping; (v) the right to use the surface of the Easement Area for the construction and operation of a driveway, sidewalk, parking area, drainage improvements, bio-planters, bio-filtration planters or other improvements;

(vi) the right to use the Easement Area for the demolition of existing surface improvements, regrading and repaving, removal of existing building, and construction of improvements, including the installation of facilities and improvements and relocation or revisions to existing City utilities and improvements as part of such construction and/or demolition work; and (vii) any other use that does not materially interfere with PG&E's rights granted herein; provided, however, that such limitation shall not apply to City's exercise of its relocation rights under Section 5.2, below. City's exercise of the Reserved Rights shall not materially interfere with PG&E's rights granted herein.

3.4 Limitation on City's Use. City shall not erect or construct any building or other structure or drill or operate any well within the Easement Area, except as reserved in Section 3.3 above.

4. Installation of Replacement Improvements; Maintenance and Repair Activities. PG&E may replace the Electrical Facilities with like kind items that are placed in the same location within the Easement Area ("**Replacement Improvements**"), and perform maintenance and repairs on the Electrical Facilities and any Replacement Improvements, on satisfaction of the following conditions, which are for the sole benefit of City:

4.1 Permits and Approvals. PG&E shall obtain all applicable permits, licenses and approvals (collectively, "**Approvals**") required by any regulatory agencies with jurisdiction over the Electric Facilities. PG&E recognizes and agrees that no approval by City for purposes of PG&E's installation work hereunder shall be deemed to constitute the approval of any federal, state or local regulatory authority with jurisdiction, and nothing herein shall limit PG&E's obligation to obtain all such Approvals, at PG&E's sole cost.

4.2 Exercise of Due Care; Fencing of Excavations. PG&E shall use, and shall cause its Agents to use, due care at all times to avoid any damage or harm to City's property. PG&E shall take such soil and resource conservation and protection measures within the Easement Area as City may reasonably request. City shall have the right to approve and supervise any excavation work. All excavations created by PG&E in the Easement Area shall be completely fenced, and during any times that work is not actively being performed at such excavation, shall be covered and secured. PG&E shall do everything reasonably within its power, both independently and upon request by City, to prevent and suppress unsafe conditions or fires on and adjacent to the Easement Area attributable to PG&E's use hereunder.

4.3 Cooperation with City Personnel. PG&E and its Agents shall work cooperatively with City personnel to reasonably minimize any potential disturbance of the natural features of the Easement Area and to avoid unreasonable disruption of City property in, under, on or about the Easement Area and the uses of the Easement Area by City and its tenants, subtenants, licensees, sublicensees and invitees. Construction sites shall be screened with temporary fencing where possible to reduce visual impact, and work shall be conducted during hours reasonably acceptable to City.

5. Restrictions on Use. PG&E agrees that, by way of example only and without limitation, the following uses of the Easement Area by PG&E or any other person claiming by or through PG&E are inconsistent with the limited purpose of this Agreement and are strictly prohibited as provided below:

5.1 Improvements; Signs. Except for the Electrical Facilities and any Replacement Improvements, PG&E shall not construct or place any temporary or permanent structures or improvements, including but not limited to signs, advertisements, banners or similar objects on or about the Easement Area, nor shall PG&E alter the Electrical Facilities, the Replacement Improvements or any other existing structures or improvements on the Easement Area.

5.2. Hazardous Material. PG&E shall not cause, nor shall PG&E allow any of its agents or invitees to cause, any storage, release or disposal of Hazardous Material (as defined below) to in, on or about the Easement Area, or transported to or from the Easement Area. PG&E shall immediately notify City when PG&E learns of, or has reason to believe that, such a release of Hazardous Material has occurred in, on or about the Easement Area. PG&E shall further comply with all laws requiring notice of such releases or threatened releases to governmental agencies, and shall take all action necessary to mitigate the release or minimize the spread of contamination. In the event that PG&E or its agents or invitees cause a release of Hazardous Material, PG&E shall, without cost to City properly remediate the Easement Area and any other affected property and return such property as close as reasonably possible to the condition immediately prior to the release, in accordance with all laws and regulations.. In connection therewith, PG&E shall afford City a full opportunity to participate in any discussion with governmental agencies regarding any settlement agreement, cleanup or abatement agreement, consent decree or other compromise proceeding involving Hazardous Material. For purposes hereof, "**Hazardous Material**" means material that, because of its quantity, concentration or physical or chemical characteristics, is at any time now or hereafter deemed by any federal, state or local governmental authority to pose a present or potential hazard to public health, welfare or the environment. Hazardous Material includes, without limitation, any material or substance defined as a "hazardous substance, pollutant or contaminant" pursuant to the Comprehensive Environmental Response, Compensation and Liability Act of 1980, as amended, 42 U.S.C. Sections 9601 *et seq.*, or pursuant to Section 25316 of the California Health & Safety Code; a "hazardous waste" listed pursuant to Section 25140 of the California Health & Safety Code; any asbestos and asbestos containing materials whether or not such materials are part of the Easement Area or are naturally occurring substances in the Easement Area, and any petroleum, including, without limitation, crude oil or any fraction thereof, natural gas or natural gas liquids. The term "release" or "threatened release" when used with respect to Hazardous Material shall include any actual or imminent spilling, leaking, pumping, pouring, emitting, emptying, discharging, injecting, escaping, leaching, dumping, or disposing in, on, under or about the Easement Area.

5.3. Dumping; Nuisances; Damage. PG&E shall not dump or dispose of refuse or other unsightly materials on, in, under or about the Easement Area, nor shall PG&E conduct any activities on or about the Easement Area that constitute waste, nuisance or unreasonable annoyance (including, without limitation, emission of objectionable odors, noises or lights) to City, to the owners or occupants of neighboring property or to the public, or that will cause damage to any of City's property.

5.4. Relocation of Electrical Facilities and Easement Area. If City reasonably determines that PG&E's use of the Easement Area pursuant to this Agreement interferes with any City municipal purpose, including an existing or future City utility, PG&E shall relocate the interfering Electrical Facilities or Replacement Improvements, as applicable, to the location reasonably designated by City at City's sole cost.

If City exercises its relocation right under this Section, City shall deliver written notice (a "City Relocation Notice") of such election, the proposed replacement location for the Electrical Facilities or the Replacement Improvements, as applicable, and the proposed date for completion of such relocation, to PG&E no less than ninety (90) days prior to the proposed completion date for such relocation. PG&E shall perform and complete any relocation work pursuant to this Section in a good and diligent manner and in compliance with all applicable laws.

If PG&E fails to timely relocate the interfering Electrical Facilities or Replacement Improvements, as applicable, pursuant to this Section and PG&E fails to commence to cure and to diligently pursue such matter to completion within ten (10) business days' of receiving written

notice of such failure from City, City shall have the right to perform such relocation work at City's sole cost.

6. Term of Easement. The easement given to PG&E pursuant to this Agreement shall commence on the date on which (i) the City's Board of Supervisors has adopted a resolution or ordinance approving this Agreement, and (ii) the parties hereto have duly executed and delivered this Agreement, and shall only terminate if PG&E surrenders or abandons the Easement Area, PG&E and City enter into a writing that terminates this Agreement, or PG&E realigns its Electrical Facilities in the adjacent streets such that it no longer requires the use of the Easement Area.

7. Compliance with Laws. PG&E shall, at its expense, conduct and cause to be conducted all activities on the Easement Area allowed hereunder in a safe and prudent manner and in compliance with all laws, regulations, codes, ordinances and orders of any governmental or other regulatory entity (including, without limitation, the Americans with Disabilities Act), whether presently in effect or subsequently adopted and whether or not in the contemplation of the parties. PG&E shall, at its sole expense, procure and maintain in force at all times during its use of the Easement Area any and all business and other licenses or approvals necessary to conduct the activities allowed hereunder. PG&E understands and agrees that City is entering into this Agreement in its capacity as a property owner with a proprietary interest in the Easement Area and not as a regulatory agency with police powers. Nothing herein shall limit in any way PG&E's obligation to obtain any required regulatory approvals from City departments, boards or commissions or other governmental regulatory authorities or limit in any way City's exercise of its police powers.

8. Covenant to Maintain Easement Area. In connection with its use hereunder, PG&E shall at all times, at its sole cost, maintain the Easement Area in a good, clean, safe, secure, sanitary and sightly condition, so far as the Easement Area may be affected by PG&E's activities hereunder.

9. Waiver of Claims; Waiver of Consequential and Incidental Damages. Neither City nor any of its commissions, departments, boards, officers, agents or employees shall be liable for any consequential or incidental damages suffered by PG&E; or for damage to the property of PG&E, its officers, agents, employees, contractors or subcontractors, or their employees; or for any bodily injury or death to such persons; or for any other claim or damage of any kind resulting or arising from the condition of the Easement Area or its use by PG&E. PG&E expressly waives any and all claims against the City arising from the condition of the Easement Area or its use by PG&E.

10. Repair of Damage; Additional Named Insured Certificate. If any portion of the Easement Area or any property of City or any City licensee, sublicensee, tenant or subtenant located on or about the Easement Area is damaged by any of the activities conducted by PG&E hereunder, PG&E shall immediately, at its sole cost, repair any and all such damage and restore such damaged Easement Area or property to its previous condition. PG&E shall require that its commercial general liability insurance carrier and/or its contractor or agent's commercial general liability carrier name the City as an additional insured. To the extent that PG&E is self-insured it shall treat the City as if it were an additional named insured under PG&E's insurance policies.

11. Location of Utilities. This Agreement is subject to all licenses, leases, easements, restrictions, conditions, covenants, encumbrances, liens and claims of title affecting the Easement Area as of the date of this Agreement. City has no responsibility or liability of any kind with respect to any utilities that may be on, in or under the Easement Area. PG&E has the sole responsibility to locate such utilities and protect them from damage. PG&E shall arrange and pay for any necessary temporary relocation of City and public utility company facilities

performed in connection with PG&E's exercise of its rights under this Agreement, subject to the prior written approval by City and any such utility companies of any such relocation. PG&E shall be solely responsible for arranging and paying directly for any utilities or services necessary for its activities hereunder.

12. City's Right to Cure Defaults by PG&E. If PG&E fails to perform any of its obligations under this Agreement, to restore the Easement Area or repair damage, or if PG&E defaults in the performance of any of its other obligations under this Agreement, then City may, at its election, remedy such failure for PG&E's account and at PG&E's expense by providing PG&E with thirty (30) days' prior written or oral notice of City's intention to cure such default (except that no such prior notice shall be required in the event of an emergency as determined by City). Such action by City shall not be construed as a waiver of any rights or remedies of City under this Agreement, and nothing herein shall imply any duty of City to do any act that PG&E is obligated to perform. PG&E shall pay to City upon demand, all costs, damages, expenses or liabilities incurred by City, including, without limitation, reasonable attorneys' fees, in remedying or attempting to remedy such default. PG&E's obligations under this Section shall survive the termination of this Agreement.

13. No Costs to City. PG&E shall bear all costs or expenses of any kind or nature in connection with its use of the Easement Area, and shall keep the Easement Area free and clear of any liens or claims of lien arising out of or in any way connected with its use of the Easement Area.

14. Indemnity. PG&E shall indemnify and hold harmless City and its officers, agents and employees from, and, if requested, shall defend them from and against any and all claims, demands, losses, damages, costs, expenses, and liability of every kind and nature arising directly or indirectly from the condition of the Easement Area or its use by PG&E, including but not limited to its agents, employees, consultants, contractors, and/or invitees, regardless of the negligence of, and regardless of whether liability without fault is imposed or sought to be imposed on City, except to the extent that such indemnity is void or otherwise unenforceable under applicable law, and except where such loss, damage, injury, liability or claim is the result of the active negligence or willful misconduct of City and is not contributed to by any act or omission by PG&E, or its agent(s) or employee(s). The foregoing indemnity shall include, without limitation, reasonable fees of attorneys, consultants and experts and related costs and City's costs of investigating any claims against the City.

In addition to PG&E's obligation to indemnify City, PG&E specifically acknowledges and agrees that it has an immediate and independent obligation to defend City from any claim which actually or potentially falls within this indemnification provision, even if the allegations are or may be groundless, false or fraudulent, which obligation arises at the time such claim is tendered to PG&E by City and continues at all times thereafter.

15. "As Is" Condition; Disclaimer of Representations. PG&E accepts the Easement Area in its "AS IS" condition, without representation or warranty of any kind by City, its officers, agents or employees, including, without limitation, the suitability, safety, or duration of availability of the Easement Area or any facilities on the Easement Area for PG&E's use. City makes no warranty as to its title to the Easement Area or as to the existence of any encumbrance or utility installations affecting the Easement Area. Without limiting the foregoing, this Agreement is made subject to all applicable laws, rules and ordinances governing the use of the Easement Area, and to any and all covenants, conditions, restrictions, easements, encumbrances, claims of title and other title matters affecting the Easement Area, whether foreseen or unforeseen, and whether such matters are of record or would be disclosed by an accurate inspection or survey. It is PG&E's sole obligation to conduct an independent investigation of the Easement Area and all matters relating to its use of the Easement Area hereunder, including,

without limitation, the suitability of the Easement Area for such uses. PG&E, at its own expense, shall obtain such permission or other approvals from any third parties with existing rights as may be necessary for PG&E to make use of the Easement Area in the manner contemplated hereby.

16. Assignment. Neither this Agreement, nor any right granted hereunder, shall be assigned, conveyed or otherwise transferred by PG&E without the prior written consent of City, which may be given or withheld in City's sole discretion.

17. No Joint Venture of Partnership; No Authorization. This Agreement does not create a partnership or joint venture between City and PG&E as to any activity conducted by PG&E on, in or relating to the Easement Area. PG&E is not a State actor with respect to any activity conducted by PG&E on, in, or under the Easement Area. The giving of this Agreement by City does not constitute authorization or approval by City of any activity conducted by PG&E on, in or relating to the Easement Area.

18. MacBride Principles - Northern Ireland. The City and County of San Francisco urges companies doing business in Northern Ireland to move toward resolving employment inequities and encourages them to abide by the MacBride Principles as expressed in San Francisco Administrative Code Section 12F.1 *et seq.* The City and County of San Francisco also urges San Francisco companies to do business with corporations that abide by the MacBride Principles. PG&E acknowledges that it has read and understands the above statement of the City and County of San Francisco concerning doing business in Northern Ireland.

19.2 Subcontracts. PG&E shall include in all subcontracts relating to the Easement Area a non-discrimination clause applicable to such subcontractor in substantially the form of Subsection 18.1 above. In addition, PG&E shall incorporate by reference in all subcontracts the provisions of Sections 12B.2(a), 12B.2(c)-(k), and 12C.3 of the San Francisco Administrative Code and shall require all subcontractors to comply with such provisions. PG&E's failure to comply with the obligations in this Subsection shall constitute a material breach of this Agreement.

PG&E does not as of the date of this Agreement and will not during the term of this Agreement, in any of its operations in San Francisco, on real property owned by City, or where the work is being performed for the City or elsewhere within the United States, discriminate in the provision of bereavement leave, family medical leave, health benefits, membership or membership discounts, moving expenses, pension and retirement benefits or travel benefits, as well as any benefits other than the benefits specified above, between employees with domestic partners and employees with spouses, and/or between the domestic partners and spouses of such employees, where the domestic partnership has been registered with a governmental entity pursuant to state or local law authorizing such registration, subject to the conditions set forth in Section 12B.2(b) of the San Francisco

PG&E shall comply fully with and be bound by all of the provisions that apply to this Agreement under such Chapters of the Administrative Code, including but not limited to the remedies provided in such Chapters. Without limiting the foregoing, PG&E understands that pursuant to Section 12B.2(h) of the San Francisco Administrative Code, a penalty of Fifty Dollars (\$50) for each person for each calendar day during which such person was discriminated against in violation of the provisions of this Agreement may be assessed against PG&E and/or deducted from any payments due PG&E.
