11 (a) ~~The first column in the Zoning Control Table, titled "No." provides a category number~~
12 ~~for each zoning control category.~~

13 (b) ~~The second column in the table, titled "Zoning Control Category," lists each zoning~~

11 (b) ~~Controls. Massage establishments shall generally be subject to Conditional Use~~
12 ~~authorization. Certain exceptions to the Conditional Use requirement for accessory use massage are~~
13 ~~described in subsection (c) below. When considering an application for a conditional use permit pursuant~~
14 ~~to this subsection, the Planning Commission shall consider, in addition to the criteria listed in Section~~
15 ~~303(e), the additional criteria described in Section 303(n).~~

16 (c) ~~Exceptions. Certain exceptions would allow a massage use to be "permitted" without a~~
17 ~~Conditional Use authorization including:~~

18 (1) ~~Certain Accessory Use Massage, provided that the massage use is accessory to a~~
19 ~~principal use; the massage use is accessed by the principal use; and~~

14 **SEC. 790.68. NEIGHBORHOOD SERVING BUSINESS.**

15 ~~A neighborhood serving business cannot be defined by the type of use, but rather by the~~
16 ~~characteristics of its customers, types of merchandise or service, its size, trade area, and the number of~~
17 ~~similar establishments in other neighborhoods. The primary clientele of a "neighborhood serving~~
18 ~~business," by definition, is comprised of customers who live and/or work nearby.~~

19 ~~While a neighborhood serving business may derive revenue from customers outside the~~
20 ~~immediately surrounding neighborhood, it is not dependent on out-of-neighborhood clientele.~~

21 ~~A neighborhood serving use provides goods and/or services which are needed by residents and~~
22 ~~workers in the immediate neighborhood to satisfy basic personal and household needs on a frequent and~~
23 ~~recurring basis, and which if not available require trips outside of the neighborhood.~~

24 ~~A use may be more or less neighborhood serving depending upon its trade area. Uses which, due~~
25 ~~to the nature of their products and service, tend to be more neighborhood serving, are those which sell~~

convenience items such as groceries, personal toiletries, magazines, and personal services such as cleaners, laundromats, and film processing. Uses which tend to be less neighborhood oriented are those which sell more specialized, more expensive, less frequently purchased comparison goods such as automobiles and furniture.

For many uses (such as stores selling apparel, household goods, and variety merchandise), whether a business is neighborhood serving depends on the size of the establishment: the larger the use, the larger the trade area, hence the less neighborhood oriented.

Whether a business is neighborhood serving or not also depends in part on the number and availability of other similar establishments in other neighborhoods: the more widespread the use, the more likely that it is neighborhood oriented.

LEGISLATIVE DIGEST

[Planning Code - Deletion of Duplicate Definitions and Outdated Article 7 Zoning Control Tables]

Ordinance amending Planning Code, Article 7, to delete Zoning Control Tables that are superseded by new Zoning Control Tables in a companion ordinance and to delete duplicate definitions previously relocated to Article 2 and related outdated text; affirming the Planning Department's determination under the California Environmental Quality Act; and making findings of consistency with the General Plan, and the eight priority policies of Planning Code, Section 101.1.

Existing Law

Article 7 establishes a number of general and named Neighborhood Commercial (NC) and Neighborhood Commercial Transit (NCT) Districts as well as some Subdistricts and Restricted Use Districts. Land use controls, development standards, and density controls for each District are outlined in a Zoning Control Table. Specific uses are defined in Sections 790.2 through 790.142. Other sections of the Planning Code that are applicable to Neighborhood Commercial Districts are listed in Section 799.

Amendments to Current Law

This ordinance is one of two interrelated ordinances that reorganize and update Article 7 of the Planning Code. Because the two ordinances are interrelated, the amendments made by this ordinance will not go into effect unless the companion ordinance is also enacted and in effect.

This ordinance deletes all the current Article 7 zoning control tables, the definitions that were added to Section 102 in the Article 2 reorganization legislation but temporarily left in Article 7, and other text that became outdated with the enactment of the Article 2 reorganization legislation. The companion ordinance reorganizes Article 7, revises all the Article 7 Zoning Control Tables to match the format of the Tables in Article 2, and makes technical and substantive amendments to applicable sections in other Articles to update, correct, clarify, and simplify language.

All the proposed amendments – both technical and substantive -- are detailed and explained in the Executive Summary that was prepared for the Planning Commission hearing by Department staff, which will be transmitted to the Board as part of the legislative package. The Executive Summary describes the Main Amendments, the Definition Changes, the specific amendments to the Sunset Neighborhood Commercial District (NCD), the co-terminous North Beach NCD and North Beach Special Use District, and an amendment to the Broadway NCD.
