Notwithstanding Sections (b)(1)(A) and (b)(1)(B) above, any ~~n~~Non-~~r~~Residential ~~u~~Use that could pose a nuisance to surrounding ~~r~~Residential ~~u~~Uses shall be prohibited.

* * * *

(5) **Off-Street Automobile Parking.** There is no minimum off-street parking requirement for any use in this Special Use District. Upon completion of the Parkmerced Project, the number of off-street parking spaces within this Special Use District shall not exceed: one parking space per ~~residential~~ ~~d~~Dwelling ~~u~~Unit; one parking space per 500 square feet of occupied *General* ~~g~~Grocery ~~store~~ use; one parking space per 1,000 square feet of occupied ~~s~~School, ~~fitness~~ or ~~c~~Community *Facility* ~~center~~ use; and one parking space per 750 square feet of occupied space for all other ~~n~~Non-~~r~~Residential ~~u~~Uses. Because the Project will

be built in phases, any off-street parking constructed that would cause the cumulative off-street parking in the Special Use District to exceed these ratios may not be used for parking and shall be physically cordoned off to preclude parking use of such spaces (including prohibition of the commercial or public rental of such spaces on a daily, weekly, monthly or annual basis) until such time as sufficient additional development is completed to bring the overall parking ratios in conformance with the applicable ratio. At Project completion, the ratio for off-street parking constructed shall not exceed the above ratios or the following total amounts, whichever is less: 8,900 residential spaces; and 550 non-residential spaces.

(6) **Usable Open Space Requirements for Dwelling Units.** Usable open space meeting the standards of Section 135 of this Code shall be provided for each ~~d~~D~~welling~~ ~~u~~U~~nit~~ in the following ratios: 36 square feet if private or 48 square feet if common. In no event shall any space in a public right-of-way, publicly-accessible "paseo" (as defined in the Parkmerced Design Standards and Guidelines), or public open space required by the Development Agreement, including Juan Bautista Circle, the Transit Plaza, the Farm, the Sports Fields, Belvedere Gardens, the Neighborhood Commons or the Community Gardens (each as more specifically defined in the Parkmerced Design Standards and Guidelines), be counted in satisfaction of the requirements of this subsection *(b)(6)*.

* * * *

(d) **Project Review and Approval.**

* * * *

(8) **Demolition of Dwelling Units.** No mandatory discretionary review or Conditional Use authorization pursuant to Section 317 shall be required for the demolition of any ~~*residential*~~ ~~d~~D~~welling~~ ~~u~~U~~nit~~ within the Parkmerced Special Use District.

The height of the building or structure so approved by the ~~City~~ Planning Commission shall not exceed 65 feet.

(1) The height of the new or expanding development will be compatible with the individual neighborhood character and the height and scale of the adjacent buildings.

(2) When the height of the new or expanding development exceeds twice the existing height of adjacent buildings, transitions will be provided between the taller and shorter buildings.

(3) The height and bulk of the new or expanding development will be designed to allow maximum sun access to nearby parks, plazas, and major pedestrian corridors.

SEC. 253.3. REVIEW OF PROPOSED BUILDINGS AND STRUCTURES ABOVE 26 FEET NOT EXCEEDING 40 FEET IN THE NC-S/LAKESHORE PLAZA SPECIAL USE DISTRICT.

(a) In the 26-40-X Height and Bulk District, as designated on Sectional Map *HT*13~~H~~ of the Zoning Map, any new or expanding building or structure exceeding 26 feet in height

shall be permitted as a ~~c~~Conditional ~~u~~Use only upon approval by the ~~City~~ Planning Commission ~~according to the provisions in Section 316 through 316.8 of this Code~~. The height of any building or structure so approved by the ~~City~~ Planning Commission shall not exceed 40 feet.

(b) In authorizing any such proposal for a building or structure exceeding 26 feet in height, the ~~City~~ Planning Commission shall find that, in addition to the criteria of Section 303(c), the proposal is consistent with the expressed purposes of this Code, the NC-S District, the Lakeshore Plaza Special Use District, and the height and bulk districts as set forth respectively in Sections 101, 713~~.1~~, 780~~.1~~ and 251 *of this Code* ~~hereof~~.

SEC. 260. HEIGHT LIMITS: MEASUREMENT.

* * * *

(b) **Exemptions.** In addition to other height exceptions permitted by this Code, the features listed in this ~~S~~subsection *(b)* shall be exempt from the height limits established by this Code, in an amount up to but not exceeding that which is specified.

* * * *

(2) The following features shall be exempt, without regard to their horizontal area, provided the limitations indicated for each are observed:

* * * *

(P) Enclosed recreational facilities up to a height of 10 feet above the otherwise applicable height limit when located within a 65-U Height and Bulk District and either an MUO or SSO District, and only then when authorized by the Planning Commission as a ~~c~~Conditional ~~u~~Use pursuant to Section~~s~~ 303 ~~and 316~~ of this Code, provided that the project is designed in such a way as to reduce the apparent mass of the structure above a base 50 foot building height.

* * * *

SEC. 263.11. SPECIAL HEIGHT EXCEPTIONS: SOUTH OF MARKET RSD 40-X/85-B HEIGHT DISTRICT.

(a) **General.** In the 40-X/85-B Height and Bulk District, as designated on Sectional Map No. *HT01* ~~*1H*~~ of the Zoning Map, located within the boundaries of the South of Market RSD District, height exceptions above the 40-foot base height to a maximum of 85 feet may be approved in accordance with the ~~c~~Conditional ~~u~~Use procedures and criteria provided in Section~~s~~ 303 ~~*and 316*~~ of this Code, and the criteria and conditions set forth below.

* * * *

SEC. 303. CONDITIONAL USES.

(a) **General.** The Planning Commission shall hear and make determinations regarding applications for the authorization of ~~c~~Conditional ~~u~~Uses in the specific situations in which such authorization is provided for elsewhere in this Code. The procedures for ~~c~~Conditional ~~u~~Uses shall be as specified in this Section and in Sections 306 through 306.6, except that Planned Unit Developments shall in addition be subject to Section 304, *Hospitals* ~~*medical institutions*~~ and ~~p~~Post-~~s~~Secondary ~~e~~Educational ~~i~~Institutions shall in addition be subject to the ~~i~~Institutional ~~m~~Master ~~p~~Plan requirements of Section 304.5*.*~~*, and conditional use and Planned Unit Development applications filed pursuant to Article 7, or otherwise required by this Code for uses or features in Neighborhood Commercial Districts, and conditional use applications within South of Market Districts, shall be subject to the provisions set forth in Sections 316 through 316.8 of this Code, in lieu of those provided for in Sections 306.2 and 306.3 of this Code, with respect to scheduling and notice of hearings, and in addition to those provided for in Sections 306.4 and 306.5 of this Code, with respect to conduct of hearings and reconsideration.*~~

(b) **Initiation.** A ~~c~~Conditional ~~u~~Use action may be initiated by application of the owner, or authorized agent for the owner, of the property for which the ~~c~~Conditional ~~u~~Use is sought. For a ~~c~~Conditional ~~u~~Use application to relocate a ~~g~~General ~~a~~Advertising ~~s~~Sign under

subsection (l) below, application shall be made by a ~~g~~General ~~a~~Advertising ~~s~~Sign company that has filed a Relocation Agreement application and all required information with the Planning Department pursuant to Section 2.21 of the San Francisco Administrative Code.

(c) **Determination.** After its hearing on the application, or upon the recommendation of the Director of Planning ~~*if the application is filed pursuant to Sections 316 through 316.8 of this Code and*~~ *that* no hearing is required, the Planning Commission shall approve the application and authorize a ~~c~~Conditional ~~u~~Use if the facts presented are such to establish that:

(d) **Conditions.** When considering an application for a ~~c~~Conditional ~~u~~Use as provided herein with respect to applications for development of "dwellings" as defined in Chapter 87 of the ~~*San Francisco*~~ Administrative Code, the Commission shall comply with that Chapter which requires, among other things, that the Commission not base any decision regarding the development of "dwellings" in which "protected class" members are likely to reside on information which may be discriminatory to any member of a "protected class" (as all such terms are defined in Chapter 87 of the ~~*San Francisco*~~ Administrative Code). In addition, when authorizing a ~~c~~Conditional ~~u~~Use as provided herein, the Planning Commission, or the Board of Supervisors on appeal, shall prescribe such additional conditions, beyond those specified in this Code, as are in its opinion necessary to secure the objectives of the Code. Once any portion of the ~~c~~Conditional ~~u~~Use authorization is utilized, all such conditions pertaining to such authorization shall become immediately operative. The violation of any condition so imposed shall constitute a violation of this Code and may constitute grounds for revocation of the ~~c~~Conditional ~~u~~Use authorization. Such conditions may include time limits for exercise of the ~~c~~Conditional ~~u~~Use authorization; otherwise, any exercise of such authorization must commence within a reasonable time.

(e) **Modification of Conditions.** Authorization of a change in any condition previously imposed in the authorization of a ~~c~~Conditional ~~u~~Use shall be subject to the same procedures as a new ~~c~~Conditional ~~u~~Use. Such procedures shall also apply to applications for modification or waiver of conditions set forth in prior stipulations and covenants relative thereto continued in effect by the provisions of Section 174 of this Code.

(f) **Conditional Use Abatement.** The Planning Commission may consider the possible revocation of a ~~c~~Conditional ~~u~~Use or the possible modification of or placement of additional conditions on a ~~c~~Conditional ~~u~~Use when the Planning Commission determines, based upon substantial evidence, that the applicant for the ~~c~~Conditional ~~u~~Use had submitted false or misleading information in the application process that could have reasonably had a substantial effect upon the decision of the Commission or the ~~c~~Conditional ~~u~~Use is not in compliance with a condition of approval, is in violation of law if the violation is within the subject matter jurisdiction of the Planning Commission, or operates in such a manner as to create hazardous, noxious or offensive conditions enumerated in Section 202(c) if the violation is within the subject matter jurisdiction of the Planning Commission and these circumstances have not been abated through administrative action of the Director, the Zoning Administrator or other City authority. Such consideration shall be the subject of a public hearing before the Planning Commission but no fee shall be required of the applicant or the subject ~~c~~Conditional ~~u~~Use operator.

(1) **Public Hearing.** The Director of Planning or the Planning Commission may seek a public hearing on ~~c~~Conditional ~~u~~Use abatement when the Director or Commission has substantial evidence submitted within one year of the effective date of the Conditional Use authorization that the applicant for the ~~c~~Conditional ~~u~~Use had submitted false or misleading information in the application process that could have reasonably had a substantial effect upon the decision of the Commission or substantial evidence of a violation of conditions

of approval, a violation of law, or operation which creates hazardous, noxious or offensive conditions enumerated in Section 202(c).

(2) **Notification.** The notice for the public hearing on a ~~C~~conditional ~~U~~se abatement shall be subject to the notification procedure described in Sections 306.3 and 306.8 except that notice to the property owner and the operator of the subject establishment or use shall be mailed by regular and certified mail.

(3) **Consideration.** In considering a ~~C~~conditional ~~U~~se revocation, the Commission shall consider whether and how the false or misleading information submitted by the applicant could have reasonably had a substantial effect upon the decision of the Commission, or the Board of Supervisors on appeal, to authorize the ~~C~~conditional ~~U~~se, substantial evidence of how any required condition has been violated or not implemented or how the ~~C~~conditional ~~U~~se is in violation of the law if the violation is within the subject matter jurisdiction of the Planning Commission or operates in such a manner as to create hazardous, noxious or offensive conditions enumerated in Section 202(c) if the violation is within the subject matter jurisdiction of the Planning Commission. As an alternative to revocation, the Commission may consider how the use can be required to meet the law or the conditions of approval, how the hazardous, noxious or offensive conditions can be abated, or how the criteria of Section 303(c) can be met by modifying existing conditions or by adding new conditions which could remedy a violation.

(4) **Appeals.** A decision by the Planning Commission to revoke a ~~C~~conditional ~~U~~se, to modify conditions or to place additional conditions on a ~~C~~conditional ~~U~~se or a decision by the Planning Commission refusing to revoke or amend a ~~C~~conditional ~~U~~se, may be appealed to the Board of Supervisors within 30 days after the date of action by the Planning Commission pursuant to the provisions of Section 308.1(b). The Board of Supervisors may disapprove the action of the Planning Commission in an abatement matter

by the same vote necessary to overturn the Commission's approval or denial of a ~~c~~Conditional ~~u~~Use. The Planning Commission's action on a ~~c~~Conditional ~~u~~Use abatement issue shall take effect when the appeal period is over or, upon appeal, when there is final action on the appeal.

(5) **Reconsideration.** The decision by the Planning Commission with ~~regards~~ *respect* to a ~~c~~Conditional ~~u~~Use abatement issue or by the Board of Supervisors on appeal shall be final and not subject to reconsideration within a period of one year from the effective date of final action upon the earlier abatement proceeding, unless the Director of Planning determines that:

(A) There is substantial new evidence of a new ~~c~~Conditional ~~u~~Use abatement issue that is significantly different than the issue previously considered by the Planning Commission; or

(B) There is substantial new evidence about the same ~~c~~Conditional ~~u~~Use abatement issue considered in the earlier abatement proceeding, this new evidence was not or could not be reasonably available at the time of the earlier abatement proceeding, and that new evidence indicates that the Commission's decision in the earlier proceeding has not been implemented within a reasonable time or raises significant new issues not previously considered by the Planning Commission. The decision of the Director of Planning regarding the sufficiency and adequacy of evidence to allow the reconsideration of a ~~c~~Conditional ~~u~~Use abatement issue within a period of one year from the effective date of final action on the earlier abatement proceeding shall be final.

(j) **Change in Use or Demolition of Movie Theater Uses.**

~~(1)~~ With respect to a change in use or demolition of a Movie Theater use *pursuant to Section 202.4* ~~as defined in Sections 102, 703.2(b)(1)(B)(ii), 803.2(b)(1)(B)(iii) or~~

~~803.3(b)(1)(B)(ii)~~, in addition to the criteria set forth in ~~S~~subsections (c) and (d) above, the Commission shall make the following findings:

(1) ~~(A)~~ Preservation of a Movie Theater use is no longer economically viable and cannot effect a reasonable economic return to the property owner. For purposes of defining "reasonable economic return," the Planning Commission shall be guided by the criteria for Fair Return on Investment set forth in Section 102; ~~and~~

(2) ~~(B)~~ The change in use or demolition of the Movie Theater use will not undermine the economic diversity and vitality of the surrounding District; and

(3) ~~(C)~~ The resulting project will preserve the architectural integrity of important historic features of the movie theater use affected.

(k) **Relocation of Existing General Advertising Signs pursuant to a General Advertising Sign Company Relocation Agreement.**

(1) Before the Planning Commission may consider an application for a ~~c~~Conditional ~~u~~Use to relocate an existing lawfully permitted ~~g~~General ~~a~~Advertising ~~s~~Sign as authorized by Section 611 of this Code, the applicant sign company must have:

* * * *

(2) The Department, in its discretion, may review in a single ~~c~~Conditional ~~u~~Use application all signs proposed for relocation by a ~~g~~General ~~a~~Advertising Sign company or may require that one or more of the signs proposed for relocation be considered in a separate application or applications. Prior to the Commission's public hearing on the application, the Department shall have verified the completeness and accuracy of the ~~g~~General ~~a~~Advertising ~~s~~Sign company's sign inventory.

* * * *

(4) In addition to applicable criteria set forth in subsection (c) above, the Planning Commission shall consider the size and visibility of the signs proposed to be located

as well as the following factors in determining whether to approve or disapprove a proposed relocation:

* * * *

(B) The factors set forth in this ~~S~~subsection *(k)(4)*(B) shall weigh against the Commission's approval of the proposed relocation:

* * * *

(iv) The proposed relocation site is within, adjacent to, or visible from a zoning district where ~~g~~General ~~a~~Advertising ~~s~~Signs are prohibited.

(6) The Planning Commission may adopt additional criteria for relocation of ~~g~~General ~~a~~Advertising ~~s~~Signs that do not conflict with this Section 303(k) or Section 611 of this Code.

* * * *

(l) **Change in Use or Demolition of General Grocery ~~Store~~ Uses.**

~~(1)~~ With respect to a change in use or demolition of General Grocery ~~Store~~ use ~~as defined in Sections 102, 703.2(b)(1)(B)(iii), 803.2(b)(1)(B)(iv) or 803.3 (b)(1)(B)(iii) of this Code~~ which use exceeds 5,000 gross square feet *pursuant to Section 202.3 of this Code*, in addition to the criteria set forth in ~~S~~subsections (c) and (d) above, the Commission shall make the following findings:

(1) ~~(A)~~ Preservation of a General Grocery ~~Store~~ use is no longer economically viable and cannot effect a reasonable economic return to the property owner. The Commission may disregard the above finding if it finds that the change in use or replacement structure in the case of demolition will contain a ~~g~~General ~~g~~Grocery ~~store~~ that is of a sufficient size to serve the shopping needs of nearby residents and offers comparable services to the former ~~g~~General ~~g~~Grocery store. For purposes of defining "reasonable

economic return," the Planning Commission shall be guided by the criteria for Fair Return on Investment set forth in Section 102; and

(2) ~~(B)~~ The change in use or demolition of the General Grocery ~~*Store*~~ use will not undermine the economic diversity and vitality of the surrounding neighborhood.

* * * *

(n) **Massage Establishments.**

~~(1)~~ With respect to Massage Establishments that are subject to Conditional Use authorization, ~~*as defined in Sections 102, 790.60, and 890.60 of this Code,*~~ in addition to the criteria set forth in S~~s~~ubsection (c) above, the Commission shall make the following findings:

(1) ~~(A)~~ Whether the applicant has obtained, and maintains in good standing, a permit for a Massage Establishment from the Department of Public Health pursuant to Section 29.10 of the ~~*San Francisco*~~ Health Code;

(2) ~~(B)~~ Whether the use's façade is transparent and open to the public. Permanent transparency and openness are preferable. Elements that lend openness and transparency to a façade include:

(A) ~~(i)~~ active street frontage of at least 25 feet in length where 75% ~~*percent*~~ of that length is devoted to entrances to commercially used space or windows at the pedestrian eye-level;

(B) ~~(ii)~~ windows that use clear, untinted glass, except for decorative or architectural accent;

(C) ~~(iii)~~ any decorative railings or decorative grille work, other than wire mesh, which is placed in front of or behind such windows, should be at least 75% ~~*percent*~~ open to perpendicular view and no more than six feet in height above grade;

(3) ~~(C)~~ Whether the use includes pedestrian-oriented lighting. Well lit establishments where lighting is installed and maintained along all public rights-of-way

adjacent to the building with the massage use during the post-sunset hours of the massage use are encouraged:

(4) ~~(D)~~ Whether the use is reasonably oriented to facilitate public access. Barriers that make entrance to the use more difficult than to an average service-provider in the area are to be strongly discouraged. These include (but are not limited to) foyers equipped with double doors that can be opened only from the inside and security cameras.

* * * *

(p) **Adult Business, *Nighttime Entertainment,* General Entertainment, and Other Entertainment Uses.**

(1) With respect to Conditional Use authorization applications for Adult *Business* ~~*Business*~~, *Nighttime Entertainment,* General Entertainment and Other Entertainment uses, such use or feature shall:

* * * *

(2) Notwithstanding the above, the Planning Commission may authorize a ~~c~~Conditional ~~u~~Use which does not satisfy the criteria set forth in (p)(1)(B) and/or (p)(1)(C) above, if facts presented are such to establish that the use will be operated in such a way as to minimize disruption to residences in and around the district with respect to noise and crowd control.

(3) The action of the Planning Commission approving a ~~c~~Conditional ~~u~~Use does not take effect until the appeal period is over or while the approval is under appeal.

* * * *

(r) **Development of Large Lots in RTO and RTO-M Districts.** In order to promote, protect, and maintain a scale of development that is appropriate to each district and compatible with adjacent buildings, new construction or significant enlargement of existing buildings on lots of the same size or larger than the square footage stated in Table 209.4 under Large Project Review shall be permitted only as ~~c~~Conditional ~~u~~Uses subject to the provisions set forth in this Section of this Code.

* * * *

SEC. 303.1. FORMULA RETAIL USES.

(a) **Findings.**

* * * *

* * * *

(e) **Conditional Use Authorization Required.** A Conditional Use Authorization shall be required for a Formula Retail use in the following zoning districts unless explicitly exempted:

~~*(12)*~~ *(10)* The C-3-G District with frontage on Market Street, between 6th Street and the intersection of Market Street, 12th Street and Franklin Street.

(g) **Neighborhood Notification and Design Review.** Any application for a Formula Retail use as defined in this section shall be subject to the notification and review procedures of *Ss*ubsections 312(d) and (e) of this Code. In all other instances, changes of Formula Retail establishments from one use category to another, including a change from one use to another within the sub-categories of uses set forth in *the definition of Retail Sales and Services* in ~~*Planning Code*~~ Section ~~*790.*~~102 and *in* Section 890.102 *for Mixed Use Districts*, require a new Conditional Use authorization as a new Formula Retail use. Changes of Formula Retail owner or operator within the same use category that are determined to be an enlargement or intensification of use pursuant to *Ss*ubsection 178(c) are required to obtain Conditional Use authorization and shall meet the Commission's adopted Performance-Based Design Guidelines for Formula Retail. In cases determined not to be an enlargement or intensification of use, the Performance-Based Design Guidelines for Formula Retail may be applied and approved administratively by the Planning Department, unless the applicant requests a Conditional Use ~~*H*~~*h*earing at the Planning Commission. Failure to send notice by mail to any such property owner where the address of such owner is not shown on such assessment roll shall not invalidate any proceedings in connection with such action;

(3) By publication, except in ~~v~~*V*ariance cases, at least once in a newspaper of general circulation in the City not less than 20 days prior to the date of the hearing;

(4) Such other notice as the Zoning Administrator shall deem appropriate.

(b) In the following situations, notice of hearings shall be given as indicated.

(1) In the case of ~~v~~Variance applications involving a less than 10% ~~percent~~ deviation as described in Section 305(c), the Zoning Administrator need give only such notice as the Zoning Administrator deems appropriate in cases in which a hearing is actually held.

* * * *

(c) In addition to any other information required by the Planning Department, the Zoning Administrator and the Planning Commission, any notice required by this Section of an application for a ~~c~~Conditional ~~u~~Use ~~permit~~ authorization or ~~v~~Variance which proposes a ~~c~~Commercial ~~u~~Use for the subject property shall disclose the name under which business will be, or is expected to be, conducted at the subject property, as disclosed in the permit application pursuant to Section 306.1(c), if the business name is known at the time notice is given. If the business name becomes known to the applicant during the notice period, the applicant promptly shall amend the notice to disclose such business name and the Department shall disseminate all the various required hearing notices again with the disclosed name and allow the prescribed time between the date of the notice and the date of the hearing.

(g) **Exceptions from Certain Specific Code Standards through Administrative Review in the Chinatown Mixed Use Districts and the South of Market Mixed Use Districts.** The Zoning Administrator may allow complete or partial relief from rear yard, open space and wind and shadow standards as authorized in the applicable sections of this Code, when modification of the standard would result in a project better fulfilling the criteria set forth in the applicable section. The procedures and fee for such review shall be the same as those which are applicable to ~~v~~V*ariances*, as set forth in Sections 306.1 through 306.5 and 308.2.

SEC. 308. APPEALS.

In the case of any amendment, ~~c~~C*onditional* ~~u~~U*se* or ~~v~~V*ariance* action described in Sections 302 through 305 ~~and Sections 316 through 316.6~~ of this Code, and in the case of any order, requirement, decision or other determination (other than a ~~v~~V*ariance*) made by the Zoning Administrator, the procedures for appeals shall be as described in Sections 308 through 308.2.

SEC. 308.1. APPEALS: AMENDMENTS TO THE PLANNING CODE AND CONDITIONAL USES.

(a) **Right of Appeal.** The action of the Planning Commission, in disapproving in whole or in part an amendment to the Planning Code initiated by application as described in Section 302 and Sections 306 through 306.5, or in approving or disapproving in whole or in part an application for ~~c~~Conditional ~~u~~Use authorization as described in Sections 303 and 304~~, and~~ Sections 306 through 306.5~~, and Sections 316 through 316.6~~ of this Code, shall be subject to appeal to the Board of Supervisors in accordance with this Section. An action of the Commission so appealed from shall not become effective unless and until approved by the Board of Supervisors in accordance with this Section.

(b) **Notice of Appeal.** Any appeal under this Section shall be taken by filing written notice of appeal with the Board of Supervisors within 30 days after the date of action by the Planning Commission. The notice of appeal shall be subscribed by either (i) the owners of at least 20% ~~percent~~ of the property affected by the proposed amendment or ~~c~~Conditional ~~u~~Use or (ii) five members of the Board of Supervisors. The signature on the appeal of members of the Board shall not be deemed to be any indication of their position on the merits of the appeal but rather shall indicate only that they believe there is sufficient public interest and concern in the matter to warrant a hearing by the Board of Supervisors. For the purposes of this Section, the property affected shall be calculated as follows:

(1) When a proposed amendment or ~~c~~Conditional ~~u~~Use has been disapproved by the Planning Commission, the property affected shall be deemed to be all property within the area that is the subject of the application for amendment or ~~c~~Conditional ~~u~~Use, and within 300 feet of all exterior boundaries of the property that is the subject of the application;

(2) When a proposed ~~c~~Conditional ~~U~~Use has been approved by the Planning Commission, the property affected shall be deemed to be all property within 300 feet of all exterior boundaries of the property for which the ~~c~~Conditional ~~U~~Use has been approved by the Planning Commission, excluding the property for which the approval has been given;

(3) In either of the above cases, when any property is owned by the City and County of San Francisco, the United States Government or the State of California, or any department or agency thereof, or by any special district, and is located within 300 feet of the area that is the subject of the application for amendment or ~~c~~Conditional ~~U~~Use, such property shall be excluded in determining the property affected unless such owner shall itself be a subscriber of the notice of appeal; and

(4) Wherever a property is held in joint owner-ship, the signatures of joint owners shall be calculated as representing affected property in direct proportion to the amount of the total ownership of that property attributable to the joint owner or owners subscribing to the notice of appeal. For the purposes of this calculation, the term "joint ownership" shall include joint tenancies, interests in common, community property, partnerships, stock cooperatives, condominiums, community apartments and planned unit developments. Where each owner has exclusive rights to a portion of the property, the proportion of the total ownership attributable to that owner shall be calculated in terms of a ratio of the floor area and land area in which that owner has exclusive, joint and common rights to the total floor area and land area of that property. Under these calculations, the land area of an affected property in joint ownership shall be given the same weight as the land area of an affected property not in joint ownership, in determining whether 20% ~~percent~~ of the property affected is represented by signatures to the notice of appeal.

SEC. 701.1. PURPOSE OF ARTICLE 7.

This Article is intended to provide a comprehensive and flexible zoning system for Neighborhood Commercial Districts which is consistent with the objectives and policies set forth in the San Francisco ~~*Master*~~ *General* Plan. More specifically, the purposes of this Article are:

(a) To provide in one article a complete listing of or cross-reference to all of the zoning categories, ~~*definitions,*~~ control provisions, and review procedures which are applicable to properties or uses in Neighborhood Commercial Districts.

(b) To establish a zoning system which will accommodate all classes of Neighborhood Commercial Districts including general districts for citywide area groupings and individual districts which are tailored to the unique characteristics of specific areas.

(c) To provide zoning control categories which embrace the full range of land use issues in all Neighborhood Commercial Districts, in order that controls can be applied individually to each district class to address particular land use concerns in that district.

*(1) **Neighborhood Commercial Districts.** Neighborhood Commercial Districts are low to high density mixed-use neighborhoods of varying scale established around historical neighborhood commercial centers. The Neighborhood Commercial Districts are intended to support neighborhood-serving uses on the lower floors and housing above. These Districts tend to be linear commercial corridor, but also include small clusters of commercial activity in Residential Districts. Housing density is limited by the area of the lot and minimum parking ratios are typically required for Residential Uses and commercial uses greater than 5,000 square feet; however some Neighborhood Commercial Districts have no minimum parking requirements. Individually named Neighborhood Commercial Districts are intended to allow for more targeted residential and commercial controls to fit the needs of their respective neighborhoods.*

*(2) **Neighborhood Commercial Transit Districts.*** ~~*NCT*~~ *Neighborhood Commercial Transit* Districts are transit-oriented moderate- to high-density mixed-use neighborhoods of varying scale concentrated near transit services. The ~~*NCT*~~ *Neighborhood Commercial Transit* Districts are mixed use districts that support neighborhood-serving commercial uses on lower floors and housing above. These districts are well-served by public transit and aim to maximize residential and commercial opportunities on or near major transit services. The district's form can be either linear along transit-priority corridors, concentric around transit stations, or broader areas where transit services criss-cross the neighborhood. Housing density is limited not by lot area, but by the regulations on the built envelope of buildings, including height, bulk, setbacks, and lot coverage, and standards for ~~r~~Residential ~~u~~Uses, including open space and exposure, and urban design guidelines. Residential parking is not

required and generally limited. Commercial establishments are discouraged or prohibited from building accessory off-street parking in order to preserve the pedestrian-oriented character of the district and prevent attracting auto traffic. There are prohibitions on access (i.e. driveways, garage entries) to off-street parking and loading on critical stretches of commercial and transit streets to preserve and enhance the pedestrian-oriented character and transit function.

This Subsection shall not authorize a change in use if the new use or uses are otherwise prohibited.*~~

~~*(iv) Large-Scale Urban Agriculture, as defined in Section 102.35(b), shall require conditional use authorization.*~~

(d) ~~(C)~~ **Accessory Uses.** ~~*Except as prohibited in Section 728 and*~~ ~~s~~Subject to the limitations set forth below and in Sections 204.1 (Accessory Uses for Dwelling Units in R and NC Districts), 204.4 (Dwelling Units Accessory to Other Uses), and 204.5 (Parking and Loading as Accessory Uses) of this Code, *Accessory Uses as defined in Section 102* ~~*a related minor use which is either necessary to the operation or enjoyment of a lawful principal use or conditional use, or is appropriate, incidental and subordinate to any such use,*~~ shall be permitted ~~*as an accessory use*~~ when located on the same lot. Any use ~~*which*~~ *that* does not qualify as an ~~a~~*A*ccessory ~~u~~*U*se shall be classified as a ~~p~~*P*rincipal or ~~c~~*C*onditional use~~,~~ unless it qualifies as a temporary use under Sections 205 through 205.4 of this Code.

(2) ~~(C)~~ The establishment of a use that sells alcoholic beverages, other than beer and wine, concurrent with motor vehicle fuel is prohibited, and shall be governed by Section *202.2(b)* ~~229~~. Except in the SoMa NCT, where these uses are permitted ~~a~~*A*ccessory ~~u~~*U*ses.

(f) ***Conflicting Controls.*** *All uses, buildings and features in Neighborhood Commercial Districts shall comply with all controls set forth for the district in which they are located. Where different controls conflict or overlap within the same District, the use, building or feature shall abide by the most restrictive of all controls. For example, in an NC-2 District, a Dwelling Unit on the second story is proposed for conversion to a Personal Service use. Residential Conversions at the Second Story in an NC-2 District require Conditional Use authorization under Table 711, while Personal Services at the Second Story in an NC-2 District are permitted as Principal Uses under Table 711. Following the*

most restrictive control, the applicant must obtain Conditional Use authorization and all other necessary permits in order to legally convert the Dwelling Unit to a Personal Service use.

SEC. 703.4. CONDITIONAL USE AUTHORIZATION FOR FORMULA RETAIL USES.

(a) This ~~*Ordinance*~~ *Section 703.4* shall be known as the Small Business Protection Act.

(b) ~~*Notwithstanding Section 703.3(b) and*~~ ~~e~~Except for Section 303.1(f), establishment of a ~~f~~Formula ~~r~~Retail use, as defined in Section 303.1, in any Neighborhood Commercial District, as identified in Article 7, shall require ~~c~~Conditional ~~u~~Use authorization pursuant to the criteria of Sections 303(c) and 303.1 and be subject to the terms of Sections 303.1(g) and (h).

(c) Nothing herein shall preclude the Board of Supervisors from adopting more restrictive provisions for ~~c~~Conditional ~~u~~Use authorization of ~~f~~Formula ~~r~~Retail use or prohibiting ~~f~~Formula ~~r~~Retail use in any Neighborhood Commercial District.

SEC. 703.9. PRESERVATION OF HISTORIC BUILDINGS WITHIN THE FOLSOM STREET NCT AND RCD DISTRICTS.

The following controls are intended to support the economic viability of buildings of historic importance within the Folsom NCT and RCD Districts.

(b) *Non-Retail Professional Services, Retail Professional Services, Philanthropic Administrative Services, Financial Services, Fringe Financial Services, Gyms, Limited Financial Services, Health Services, Personal Services and Instructional Services, as defined in Section 102,* ~~*All office uses, as defined in Planning Code Section 790.69,*~~ are permitted as of right, provided that

prior to the issuance of any necessary permits, the Zoning Administrator, with the advice of the Historic Preservation Commission, determines that allowing the use will enhance the feasibility of preserving the building.

(c) The Historic Preservation Commission shall review the proposed project for compliance with the Secretary of the Interior's Standards, (36 C.F.R. § 67.7 (2001)) and any applicable provisions of the Planning Code.

SEC. 720. ~~*HAYES-GOUGH*~~ *EXCELSIOR OUTER MISSION* NEIGHBORHOOD COMMERCIAL ~~*TRANSIT*~~ DISTRICT.

~~*The Hayes-Gough Neighborhood Commercial Transit District is located within walking distance of the Civic Center, lying west of Franklin Street and east of Laguna Street, with its southern*~~

~~*edge generally at Lily Street, with an extension sough along both sides of Octavia Boulevard to Market Street. This mixed-use commercial district contains a limited range of retail commercial activity, which primarily caters to the immediate need of the neighborhood. The few comparison goods that it does provide attract clientele from a wider area outside its neighborhood, mostly the Performing Arts and Civic Center workers and visitors. There are a number of restaurants and art galleries, but other types of retail activity are limited.*~~

~~*The Hayes-Gough District controls are designed to allow for growth and expansion that is compatible with the existing building and use scales. Building standards protect the moderate building and use size and require rear yards at residential levels. To maintain the mixed-use character of the district, most commercial uses are permitted at the first and second stories and housing is strongly encouraged at the third story and above. In order to encourage lively pedestrian-oriented commercial activity, but restrict certain sensitive and problematic uses, eating and drinking, and entertainment uses are directed to the ground story. Retail sales activity, especially neighborhood-serving businesses, is further promoted by restricting new ground-story medical, business and professional offices. To protect continuous frontage, drive-up and most automobile uses are prohibited, above-ground parking is required to be setback or below-ground, and active, pedestrian-oriented ground floor uses are required on Hayes Street and portions of Octavia Boulevard.*~~

~~*Housing development in new buildings is encouraged above the second story, and is controlled not by lot area but by physical envelope controls. Existing residential units are protected by limitations on demolitions, mergers, subdivisions, and upper story conversions. Given the area's central location and accessibility to the downtown and to the City's transit network, accessory parking for residential uses is not required. The code controls for this district are supported and augmented by design guidelines and policies in the Market and Octavia Area Plan of the General Plan.*~~

The Excelsior Outer Mission Street Neighborhood Commercial District is located along Mission Street between Alemany Boulevard and the San Francisco-San Mateo county line. Outer Mission Street is mixed use, combining street-fronting retail businesses on the ground floor and housing on upper floors. The range of comparison goods and services offered is varied and often includes specialty retail stores, restaurants, and neighborhood-serving offices. The area is transit-oriented and the commercial uses serve residents of the area as well as residents and visitors from adjacent and other neighborhoods.

The Excelsior Outer Mission Street Neighborhood Commercial District is intended to provide convenience goods and services to the surrounding neighborhoods as well as limited comparison shopping goods for a wider market. Housing development in new buildings is encouraged above the second story. Existing residential units are protected by limitations on demolitions and upper-story conversions. Parking for residential and commercial uses is not required. Buildings range in height, with height limits generally allowing up to four stories. Lots vary in size, generally small- or medium-sized with some very large parcels.

Controls:

(a) A Medical Cannabis Dispensary (MCD) seeking to locate within 500 feet of another MCD use may be allowed as a Conditional Use; provided, however, that any amendments to regulations governing the proximity of an MCD to another MCD that are applicable to MCDs Citywide shall apply in the Excelsior Outer Mission NCD and will supersede the condition use requirement contained in this Section 745.

(b) In addition to the requirements of Planning Code Section 303, the Planning Commission shall approve the application and authorize the Conditional Use if the facts presented are such to establish that:

(i) the MCD will bring measurable community benefits and enhancements to the Excelsior Outer Mission Street Neighborhood Commercial District,

(ii) the MCD has prepared a parking and transportation management plan sufficient to address the anticipated impact of its patients,

(iii) the MCD has demonstrated a commitment to maintaining public safety by actively engaging with the community prior to applying for the Conditional Use, including adequate security measures in the operation of their business and designating a community liaison to deal effectively with current and future neighborhood concerns.

(c) In addition to the above criteria, in regard to a Conditional Use authorization application, the Planning Commission shall consider the existing concentrations of MCDs within the District.

(d) A Medical Cannabis Dispensary may only operate between the hours of 8 am and 10 pm.

(e) A Medical Cannabis Dispensary may locate above the first floor only if it shall be accessible to persons with disabilities as required under the California Building Code.

(2) OFF-SALE LIQUOR ESTABLISHMENTS Controls:

(b) Liquor Store uses may relocate within the district with Conditional Use authorization.

(c) General Grocery, Specialty Grocery, and Liquor Store uses with off-sale alcohol licenses shall observe the following good neighbor policies:

(i) Liquor establishments shall provide outside lighting in a manner sufficient to illuminate street and sidewalk areas and adjacent parking, as appropriate to maintain security, without disturbing area residences;

(ii) Advertisements in windows and clear doors are not permitted, and no more than 25% of the square footage of the windows and clear doors of liquor establishments shall bear signage of any sort, and all signage shall be placed and maintained in a manner that ensures that law enforcement personnel have a clear and unobstructed view of the interior of the premises, including the area in which the cash registers are maintained, from the exterior public sidewalk or entrance to the premises.

SEC. 721. ~~*UPPER MARKET STREET*~~ *JAPANTOWN* NEIGHBORHOOD COMMERCIAL DISTRICT.

~~*The Upper Market Street Neighborhood Commercial District, on Market Street at Castro, is situated at the border of the Eureka Valley, Buena Vista, and Duboce Triangle neighborhoods. Upper Market Street is a multi-purpose commercial district that provides limited convenience goods to adjacent neighborhoods, but also serves as a shopping street for a broader trade area. A large number of offices are located on Market Street within easy transit access to downtown. The width of Market Street and its use as a major arterial diminish the perception of the Upper Market Street District as a single commercial district. The street appears as a collection of dispersed centers of commercial activity, concentrated at the intersections of Market Street with secondary streets.*~~

~~*This district is well served by transit and is anchored by the Castro Street Station of the Market Street subway and the F-Market historic streetcar line. The F, K, L, and M streetcar lines traverse the district, and the Castro Station serves as a transfer point between light rail and crosstown and neighborhood bus lines. Additionally, Market Street is a primary bicycle corridor. Residential parking is not required and generally limited. Commercial establishments are discouraged or prohibited from building accessory off-street parking in order to preserve the pedestrian-oriented character of the district and prevent attracting auto traffic. There are prohibitions on access (i.e. driveways, garage entries) to off-street parking and loading on Market Street to preserve and enhance the pedestrian-oriented character and transit function.*~~

~~*The Upper Market Street district controls are designed to promote moderate-scale development which contributes to the definition of Market Street's design and character. They are also intended to preserve the existing mix of commercial uses and maintain the livability of the district and its surrounding residential areas. Large-lot and use development is reviewed for consistency with existing development patterns. Rear yards are protected at residential levels. To promote mixed-use buildings, most commercial uses are permitted with some limitations above the second story. In order to maintain*~~

~~*continuous retail frontage and preserve a balanced mix of commercial uses, ground-story neighborhood-serving uses are encouraged, and eating and drinking, entertainment, and financial service uses are limited. Continuous frontage is promoted by prohibitions of most automobile and drive-up uses.*~~

~~*Housing development in new buildings is encouraged above the second story. Existing upper-story residential units are protected by limitations on demolitions and upper-story conversions. Accessory Dwelling Units are permitted on lots within the boundaries of Board of Supervisors District 8 pursuant to Subsection 207(c)(4) of this Code.*~~

The Japantown Neighborhood Commercial District extends between Geary Boulevard and Post Street from Fillmore Street to Laguna Street, the north side of Post Street from Webster Street to Laguna Street, and Buchanan Street from Post Street to midway between Sutter Street and Bush Street. The character of these streets is largely commercial, including large malls, although there are some residential units above the ground story. Buildings are typically two- to four-stories, although there are two taller hotels. Geary Boulevard, Fillmore Street, and Sutter Street are important public transit corridors. The commercial district provides convenience goods and services to the surrounding neighborhoods as well as shopping, cultural, and entertainment uses that attract visitors from near and far.

The Japantown Neighborhood Commercial District controls are designed to encourage and promote development that enhances the walkable, commercial character of this area and to support its local and regional role. New commercial development is required on the ground floor and permitted above. Most neighborhood- and visitor-serving businesses are strongly encouraged, including eating, drinking, and retail uses, as long as they do not create a nuisance. Less active commercial uses are encouraged above the ground floor, along with housing and institutional uses.

SEC. 722. NORTH BEACH NEIGHBORHOOD COMMERCIAL DISTRICT.

The North Beach Neighborhood Commercial District is a nonlinear district centered on Columbus Avenue, located in the valley between Telegraph Hill and Russian Hill north of Broadway. North Beach functions as a neighborhood-serving marketplace, citywide specialty shopping, and dining district, and a tourist attraction, as well as an apartment and residential hotel zone. Traditionally, the district has provided most convenience goods and services for residents of North Beach and portions of Telegraph and Russian Hills. North Beach's eating, drinking, and entertainment establishments remain open into the evening to serve a much wider trade area and attract many tourists. The balance between neighborhood-serving

convenience stores and Citywide specialty businesses has shifted, as convenience stores have been replaced by restaurants and bars. The proliferation of financial services, limited financial services, and ~~*business and*~~ professional services has also upset the district's balance of uses. The relocation of business and professional offices from downtown to North Beach threatens the loss of upper-story residential units.

The North Beach District controls are designed to ensure the livability and attractiveness of North Beach. Building standards limit new development to a small to moderate scale. Rear yards are protected above the ground story and at residential levels. Most new commercial development is permitted at the first two stories. Small-scale, neighborhood-serving businesses are strongly encouraged and formula retail uses are prohibited. Use ~~*s*~~*S*izes are controlled to limit future consolidation of spaces and to encourage conversion back to the traditional small-scale commercial spaces. Special controls are necessary because an over-concentration of food and beverage service establishments limits neighborhood-serving retail sales and personal services in an area that needs them to thrive as a neighborhood. In order to maintain neighborhood-serving retail sales and personal services and to protect residential livability, additional eating and drinking establishments are prohibited in spaces that have been occupied by neighborhood-serving retail sales and personal services. Special controls limit additional ground-story entertainment uses and prohibit new walk-up *facilities* ~~*automated bank teller machines (ATMs)*~~. Financial services, limited financial services, and ground-story business and professional office uses are prohibited from locating in the portion of the district south of Greenwich Street, while new financial services locating in the portion of the district north of Greenwich Street are limited. Restrictions on automobile and drive-up uses are intended to promote continuous retail frontage and maintain residential livability.

In keeping with the district's existing mixed-use character, housing development in new buildings is encouraged above the second story. Existing residential units are protected by prohibitions of upper-story conversions, *mergers,* and ~~*limitations on*~~ demolitions. *Per Section 207(c)(4) of this Code,* Accessory ~~*d*~~*D*welling ~~*u*~~*U*nits are permitted within the *existing building envelope, but may not eliminate or reduce ground-story retail or commercial space* ~~*district pursuant to Subsection 207(c)(4) of this Code*~~.

(1) NORTH BEACH OFF-STREET PARKING, RESIDENTIAL (Section 155(t))
Boundaries: North Beach NCD
Controls:
(a) Installing a garage in an existing residential building of four or more units requires a mandatory Discretionary Review by the Planning Commission; Section 311 notice is required for a building of less than four units. In approving installation of the garage, the Commission shall find that:
(i) the proposed garage opening/addition of off-street parking will not cause the "removal" or "conversion of residential unit," as those terms are defined in Section 317 of this Code;
(ii) the proposed garage opening/addition of off-street parking will not substantially decrease the livability of a dwelling unit without increasing the floor area in a commensurate amount;
(iii) the building has not had two or more "no-fault" evictions, as defined in 37.9(a)(7)-(13) of the San Francisco Administrative Code, with each eviction associated with a separate unit(s) within the past ten years.
(iv) the garage would not front on a public right-of-way narrower than 41 feet, and
(v) the proposed garage/addition of off-street parking installation is consistent with the Priority Policies of Section 101.1 of this Code.
(b) Prior to the Planning Commission hearing, or prior to issuance of notification under Section 311(c)(2) of this Code, the Planning Department shall require a signed affidavit by the project sponsor attesting to (1), (2), and (3) above, which the Department shall independently verify. The Department shall also have made a determination that the project complies with (4) and (5) above.

(6) NORTH BEACH LIQUOR LICENSES FOR RESTAURANTS (Section 780.3): A Restaurant Use may only add ABC license types 47, 49 or 75 as a Conditional Use on the ground level if, in addition to the criteria set forth in Section 303, the Planning Commission finds that the Restaurant is operating as a Bona Fide Eating Place as defined in Section 790.142. Should a Restaurant fail to operate as a Bona Fide Eating Place for any length of time, the Conditional Use authorization shall be subject to immediate revocation. To verify that the Restaurant is continuing to operate as a Bona Fide Eating Place, records of the Restaurant's gross receipts, showing that a minimum of 51% of its gross receipts within the last year is from food sales prepared and sold to guests on the premises, shall be provided to the Department upon request. All records and information shall be submitted to the Department under penalty of perjury.

SEC. 724. SACRAMENTO STREET NEIGHBORHOOD COMMERCIAL DISTRICT.

* * * *

The Sacramento Street District controls are designed to promote adequate growth opportunities for development that is compatible with the surrounding low-density residential neighborhood. The building standards monitor large-scale development and protect rear yards at the grade level and above. Most new commercial development is permitted at the first story; general retail uses are permitted at the second story only if such use would not involve conversion of any existing housing units. Special controls are designed to protect existing neighborhood-serving ground-story retail uses. New *Health* ~~*Medical*~~ Service uses, whether

Principal or Accessory, require a Conditional Use authorization on the ground story and are permitted above the ground story. Personal and business services are restricted at the ground story and prohibited on upper stories. Limits on new ground-story eating and drinking uses, as well as new entertainment and financial service uses, are intended to minimize the environmental impacts generated by the growth of such uses. The daytime orientation of the district is encouraged by prohibiting bars and restricting late-night commercial activity. New hotels and parking facilities are limited in scale and operation to minimize disruption to the neighborhood. Most new automobile and drive-up uses are prohibited to promote continuous retail frontage.

(3) UNION STREET RESTAURANTS: Applicability: The following controls apply to new uses as well to significant alterations, modifications, and intensifications of existing uses pursuant to § 178(c) of the Planning Code.
***Controls:** The Planning Commission may approve a Restaurant if, in addition to meeting the criteria set forth in Section 303, 1: the use is located on the ground floor, and 2: the Planning Commission finds that an additional Restaurant would not result in a net total of more than 44 Restaurants in the Union Street Neighborhood Commercial District. The Planning Department shall apply Article 7 zoning controls for Union Street Restaurants to Conditional Use authorizations required by Planning Code § 178, including but not limited to significant alterations, modifications, and intensifications of use. No new alcoholic beverage license type 47 or 49 shall be permitted in the Union Street NCD. Transfer of an existing license type 47 or 49 from an existing Restaurant located within the Union Street NCD to another Restaurant, new or existing, located within the Union Street NCD is permitted with Conditional Use authorization, consistent with the requirements of Planning Code Section 303.*

SEC. 726. ~~*VALENCIA STREET*~~ *PACIFIC AVENUE* NEIGHBORHOOD COMMERCIAL ~~*TRANSIT*~~ DISTRICT.

~~*The Valencia Street Commercial Transit District is located near the center of San Francisco in the Mission District. It lies along Valencia Street between 14th and Cesar Chavez (Army) Street, and includes a portion of 16th Street extending west toward Dolores Street. The commercial area provides a limited selection of convenience goods for the residents of sections of the Mission and Dolores Heights. Valencia Street also serves a wider trade area with its retail and wholesale home furnishings and appliance outlets. The commercial district also has several automobile-related businesses. Eating and drinking establishments contribute to the street's mixed-use character and activity in the evening hours. A number of upper-story professional and business offices are located in the district, some in converted residential units.*~~

~~*The Valencia Street District has a pattern of large lots and businesses, as well as a sizable number of upper-story residential units. Controls are designed to permit moderate-scale buildings and uses, protecting rear yards above the ground story and at residential levels. New neighborhood-serving commercial development is encouraged mainly at the ground story. While offices and general retail sales uses may locate at the second story of new buildings under certain circumstances, most commercial uses are prohibited above the second story. In order to protect the balance and variety of retail uses and the livability of adjacent uses and areas, most eating and drinking and entertainment uses at the ground story are limited. Continuous retail frontage is promoted by prohibiting drive-up facilities, some automobile uses, and new nonretail commercial uses. Parking is not required, and any new parking is required to be set back or below ground. Active, pedestrian-oriented ground floor uses are required.*~~

~~*Housing development in new buildings is encouraged above the ground story. Housing density is not controlled by the size of the lot but by requirements to supply a high percentage of larger units and by physical envelope controls. Existing residential units are protected by prohibitions on upper-story conversions and limitations on demolitions, mergers, and subdivisions. Given the area's central location and accessibility to the City's transit network, accessory parking for residential uses is not required. Accessory Dwelling Units are permitted within the district pursuant to Subsection 207(c)(4) of this Code.*~~

The Pacific Avenue Neighborhood Commercial District, on Pacific Avenue from just east of Polk Street to all four corners of Pacific Avenue and Jones Street, is situated on the north slope of the Nob Hill neighborhood and south of the Broadway Tunnel. Pacific Avenue is a multi-purpose, small-scale mixed-use neighborhood shopping district on a narrow street that provides limited convenience goods to the adjacent neighborhoods.

The Pacific Avenue Neighborhood Commercial District controls are designed to promote a small, neighborhood serving mixed-use commercial street that preserves the surrounding neighborhood

residential character. These controls are intended to preserve livability in a largely low-rise development residential neighborhood, enhance solar access on a narrow street right-of-way and protect residential rear yard patterns at the ground floor. Accessory Dwelling Units are permitted within the district pursuant to subsection 207(c)(4) of this Code.

SEC. 727. ***RESERVED.*** ~~*24TH STREET MISSION NEIGHBORHOOD COMMERCIAL TRANSIT DISTRICT.*~~

~~*The 24th Street - Mission Neighborhood Commercial Transit District is situated in the Inner Mission District on 24th Street between Bartlett Street and San Bruno Avenue. This mixed-use district provides convenience goods to its immediate neighborhood as well as comparison shopping goods and services to a wider trade area. The street has a great number of Latin American restaurants, grocery stores, and bakeries as well as other gift and secondhand stores. Most commercial businesses are open during the day while the district's bars and restaurants are also active in the evening. Dwelling units are frequently located above the ground-story commercial uses.*~~

~~*The 24th Street Mission Neighborhood Commercial Transit District controls are designed to provide potential for new development consistent with the existing scale and character. Small-scale buildings and neighborhood-serving uses are encouraged, and rear yard corridors above the ground story and at residential levels are protected. Most commercial uses are encouraged at the ground story, while service uses are permitted with some limitations at the second story. Special controls are necessary to preserve the unique mix of convenience and specialty commercial uses. In order to maintain convenience stores and protect adjacent livability, new bars and fast-food restaurants are prohibited, and limitations apply to the development and operation of ground-story full-service restaurants, take-out food and entertainment uses. Continuous retail frontage is maintained and encouraged by prohibiting most automobile and drive-up uses, banning curb cuts, and requiring active, pedestrian-oriented ground floor uses. Parking is not required, and any new parking required to be set back or below ground.*~~

~~*Housing development in new buildings is encouraged above the ground story. Housing density is not controlled by the size of the lot but by requirements to supply a high percentage of larger units and by physical envelope controls. Existing housing units are protected by prohibitions on upper-story conversions and limitations on demolitions, mergers, and subdivisions. Given the area's central*~~

SEC. 731. ~~***NCT-3 – MODERATE-SCALE***~~ ***NORIEGA STREET*****-NEIGHBORHOOD COMMERCIAL** ~~***TRANSIT***~~ **DISTRICT.**

~~*NCT-3 Districts are transit-oriented moderate- to high-density mixed-use neighborhoods of varying scale concentrated near transit services. The NCT-3 Districts are mixed use districts that support neighborhood-serving commercial uses on lower floors and housing above. These districts are well-served by public transit and aim to maximize residential and commercial opportunities on or near major transit services. The district's form can be either linear along transit-priority corridors, concentric around transit stations, or broader areas where transit services criss-cross the neighborhood. Housing density is limited not by lot area, but by the regulations on the built envelope of buildings, including height, bulk, setbacks, and lot coverage, and standards for residential uses, including open space and exposure, and urban design guidelines. Residential parking is not required and generally limited. Commercial establishments are discouraged or prohibited from building accessory off-street parking in order to preserve the pedestrian-oriented character of the district and prevent attracting auto traffic. There are prohibitions on access (i.e. driveways, garage entries) to off-*~~

~~*street parking and loading on critical stretches of NC and transit streets to preserve and enhance the pedestrian-oriented character and transit function.*~~

~~*NCT-3 Districts are intended in most cases to offer a wide variety of comparison and specialty goods and services to a population greater than the immediate neighborhood, additionally providing convenience goods and services to the surrounding neighborhoods. NCT-3 Districts include some of the longest linear commercial streets in the City, some of which have continuous retail development for many blocks. Large-scale lots and buildings and wide streets distinguish the districts from smaller-scaled commercial streets, although the districts may include small as well as moderately scaled lots. Buildings may range in height, with height limits varying from four to eight stories.*~~

~~*NCT-3 building standards permit moderately large commercial uses and buildings. Rear yards are protected at residential levels.*~~

~~*A diversified commercial environment is encouraged for the NCT-3 District, and a wide variety of uses are permitted with special emphasis on neighborhood-serving businesses. Eating and drinking, entertainment, and financial service uses generally are permitted with certain limitations at the first and second stories. Auto-oriented uses are somewhat restricted. Other retail businesses, personal services and offices are permitted at all stories of new buildings. Limited storage and administrative service activities are permitted with some restrictions.*~~

~~*Housing development in new buildings is encouraged above the second story. Existing residential units are protected by limitations on demolitions and upper-story conversions. Accessory Dwelling Units are permitted within the district pursuant to Subsection 207(c)(4) of this Code.*~~

The Noriega Street Neighborhood Commercial District is located in the Outer Sunset neighborhood and includes the non-residential currently-zoned NC-2 properties fronting both sides of Noriega Street between 19th and 27th and 30th through 33rd Avenues.

The District provides a selection of convenience goods and services for the residents of the Outer Sunset District. There are a high concentration of restaurants, drawing customers from

throughout the City and the region. There are also a significant number of professional, realty, and business offices as well as financial institutions.

The Noriega Street Neighborhood Commercial District controls are designed to promote development that is consistent with its existing land use patterns and to maintain a harmony of uses that support the District's vitality. The building standards allow small-scale buildings and uses, protecting rear yards above the ground story and at residential levels. In new development, most commercial uses are permitted at the first two stories, although certain limitations apply to uses at the second story. Special controls are necessary to preserve the equilibrium of neighborhood-serving convenience and comparison shopping businesses and to protect adjacent residential livability. To protect continuous frontage, drive-up uses are prohibited and active, pedestrian-oriented ground floor uses generally must be provided, unless such uses are authorized by Conditional Use. These controls are designed to encourage the street's active retail frontage, and local fabrication and production of goods.

SEC. 732. ~~*PACIFIC AVENUE*~~ *IRVING STREET* NEIGHBORHOOD COMMERCIAL DISTRICT.

~~*The Pacific Avenue Neighborhood Commercial District, on Pacific Avenue from just east of Polk Street to all four corners of Pacific Avenue and Jones Street, is situated on the north slope of the Nob Hill neighborhood and south of the Broadway Tunnel. Pacific Avenue is a multi-purpose, small-scale mixed-use neighborhood shopping district on a narrow street that provides limited convenience goods to the adjacent neighborhoods.*~~

~~*The Pacific Avenue Neighborhood Commercial District controls are designed to promote a small, neighborhood serving mixed-use commercial street that preserves the surrounding neighborhood residential character. These controls are intended to preserve livability in a largely low-rise development residential neighborhood, enhance solar access on a narrow street right-of-way and protect residential rear yard patterns at the ground floor. Accessory dwelling units are permitted within the district pursuant to Subsection 207(c)(4) of this Code.*~~

The Irving Street Neighborhood Commercial District is located in the Outer Sunset neighborhood and includes the non-residential currently-zoned NC-2 properties fronting both sides of Irving Street between 19th and 27th Avenues. The District provides a selection of convenience goods and services for the residents of the Outer Sunset District. There are a high concentration of restaurants, drawing customers from throughout the City and the region. SEC. 733. ~~*UPPER MARKET*~~ *TARAVAL* STREET NEIGHBORHOOD COMMERCIAL ~~*TRANSIT*~~ DISTRICT.

~~*The Upper Market Street Neighborhood Commercial Transit District is located on Market Street from Church to Noe Streets, and on side streets off Market. Upper Market Street is a multi-purpose commercial district that provides limited convenience goods to adjacent neighborhoods, but*~~

~~*also serves as a shopping street for a broader trade area. A large number of offices are located on Market Street within easy transit access to downtown. The width of Market Street and its use as a major arterial diminish the perception of the Upper Market Street Transit District as a single commercial district. The street appears as a collection of dispersed centers of commercial activity, concentrated at the intersections of Market Street with secondary streets.*~~

~~*This district is well served by transit and is anchored by the Market Street subway (with stations at Church Street and Castro Street) and the F-Market historic streetcar line. All light-rail lines in the City traverse the district, including the F, J, K, L, M, and N, and additional key cross-town transit service crosses Market Street at Fillmore and Castro Streets. Additionally, Market Street is a primary bicycle corridor. Housing density is limited not by lot area, but by the regulations on the built envelope of buildings, including height, bulk, setbacks, and lot coverage, and standards for residential uses, including open space and exposure, and urban design guidelines. Residential parking is not required and generally limited. Commercial establishments are discouraged or prohibited from building accessory off-street parking in order to preserve the pedestrian-oriented character of the district and prevent attracting auto traffic. There are prohibitions on access (i.e. driveways, garage entries) to off-street parking and loading on Market and Church Streets to preserve and enhance the pedestrian-oriented character and transit function.*~~

~~*The Upper Market Street district controls are designed to promote moderate-scale development which contributes to the definition of Market Street's design and character. They are also intended to preserve the existing mix of commercial uses and maintain the livability of the district and its surrounding residential areas. Large-lot and use development is reviewed for consistency with existing development patterns. Rear yards are protected at all levels. To promote mixed-use buildings, most commercial uses are permitted with some limitations above the second story. In order to maintain continuous retail frontage and preserve a balanced mix of commercial uses, ground-story neighborhood-serving uses are encouraged, and eating and drinking, entertainment, and financial*~~

~~service uses are limited. Ground floor commercial space is required along Market and Church Streets. Most automobile and drive-up uses are prohibited or conditional.~~

~~Housing development in new buildings is encouraged above the second story. Existing upper-story residential units are protected by limitations on demolitions and upper-story conversions. Accessory Dwelling Units are permitted within the district pursuant to Subsection 207(c)(4) of this Code.~~

The Taraval Street Neighborhood Commercial District is located in the Outer Sunset neighborhood and includes the non-residential currently-zoned NC-2 properties fronting both sides of Taraval Street from 19th through 36th Avenues. The District provides a selection of convenience goods and services for the residents of the Outer Sunset District. There are a high concentration of restaurants, drawing customers from throughout the City and the region. There are also a significant number of professional, realty, and business offices as well as financial institutions.

The Taraval Street Neighborhood Commercial District controls are designed to promote development that is consistent with its existing land use patterns and to maintain a harmony of uses that support the District's vitality. The building standards allow small-scale buildings and uses, protecting rear yards above the ground story and at residential levels. In new development, most commercial uses are permitted at the first two stories, although certain limitations apply to uses at the second story. Special controls are necessary to preserve the equilibrium of neighborhood-serving convenience and comparison shopping businesses and to protect adjacent residential livability. These controls are designed to encourage the street's active retail frontage, and local fabrication and production of goods.

~~***SEC. 733A. NCT-1 – NEIGHBORHOOD COMMERCIAL TRANSIT CLUSTER DISTRICT.***~~

~~*NC-1 Districts are intended to serve as local neighborhood shopping districts, providing convenience retail goods and services for the immediately surrounding neighborhoods primarily during daytime hours. NCT-1 Districts are located near major transit services. They are small mixed-use clusters, generally surrounded by residential districts, with small-scale neighborhood-serving commercial uses on lower floors and housing above. Housing density is limited not by lot area, but by the regulations on the built envelope of buildings, including height, bulk, setbacks, and lot coverage, and standards for residential uses, including open space and exposure, and urban design guidelines. There are prohibitions on access (i.e. driveways, garage entries) to off-street parking and loading on critical stretches of commercial and transit street frontages to preserve and enhance the pedestrian-oriented character and transit function. Residential parking is not required and generally limited.*~~

~~*Commercial establishments are discouraged from building excessive accessory off-street parking in order to preserve the pedestrian-oriented character of the district and prevent attracting auto traffic.*~~

~~*NCT-1 Districts are generally characterized by their location in residential neighborhoods. The commercial intensity of these districts varies. Many of these districts have the lowest intensity of commercial development in the City, generally consisting of small clusters with three or more commercial establishments, commonly grouped around a corner; and in some cases short linear commercial strips with low-scale, interspersed mixed-use (residential-commercial) development. Building controls for the NCT-1 District promote low-intensity development which is compatible with the existing scale and character of these neighborhood areas. Commercial development is limited to one story. Rear yard requirements at all levels preserve existing backyard space.*~~

~~*NCT-1 commercial use provisions encourage the full range of neighborhood-serving convenience retail sales and services at the first story provided that the use size generally is limited to 3,000 square feet. However, commercial uses and features which could impact residential livability are prohibited, such as auto uses, financial services, general advertising signs, drive-up facilities, hotels, and late-night activity; eating and drinking establishments are restricted, depending upon the intensity of such uses in nearby commercial districts.*~~

~~*Existing residential units are protected by prohibitions of conversions above the ground story and limitations on demolitions.*~~

* * * *

SEC. 734. ~~*NCT-2 - SMALL-SCALE*~~ ***JUDAH STREET*** ~~*NEIGHBORHOOD COMMERCIAL*~~ **TRANSIT DISTRICT.**

~~*NCT-2 Districts are transit-oriented mixed-use neighborhoods with small-scale commercial uses near transit services. The NCT-2 Districts are mixed use districts that support neighborhood-serving commercial uses on lower floors and housing above. These Districts are well-served by public transit and aim to maximize residential and commercial opportunities on or near major transit*~~

~~*services. The District's form is generally linear along transit-priority corridors, though may be concentric around transit stations or in broader areas where multiple transit services criss-cross the neighborhood. Housing density is limited not by lot area, but by the regulations on the built envelope of buildings, including height, bulk, setbacks, and lot coverage, and standards for residential uses, including open space and exposure, and urban design guidelines. There are prohibitions on access (e.g., driveways, garage entries) to off-street parking and loading on critical stretches of commercial and transit street frontages to preserve and enhance the pedestrian-oriented character and transit function. Residential parking is not required and generally limited. Commercial establishments are discouraged from building excessive accessory off-street parking in order to preserve the pedestrian-oriented character of the district and prevent attracting auto traffic.*~~

~~*NCT-2 Districts are intended to provide convenience goods and services to the surrounding neighborhoods as well as limited comparison shopping goods for a wider market. The range of comparison goods and services offered is varied and often includes specialty retail stores, restaurants, and neighborhood-serving offices. The small-scale district controls provide for mixed-use buildings, which approximate or slightly exceed the standard development pattern. Rear yard requirements above the ground story and at residential levels preserve open space corridors of interior blocks.*~~

~~*Most new commercial development is permitted at the ground and second stories. Neighborhood-serving businesses are strongly encouraged. Eating and drinking and entertainment uses, however, are confined to the ground story. The second story may be used by some retail stores, personal services, and medical, business and professional offices. Parking and hotels are monitored at all stories. Limits on late-night activity, drive-up facilities, and other automobile uses protect the livability within and around the district, and promote continuous retail frontage.*~~

~~*Housing development in new buildings is encouraged above the ground story. Existing residential units are protected by limitations on demolition and upper-story conversions.*~~

The Judah Street Neighborhood Commercial District is located in the Outer Sunset neighborhood and includes the non-residential currently-zoned NC-2 properties fronting both sides of Judah Street from 29th through 33rd Avenues. The District provides a selection of convenience goods and services for the residents of the Outer Sunset District. There are a high concentration of restaurants, drawing customers from throughout the City and the region. There are also a significant number of professional, realty, and business offices as well as financial institutions.

The Judah Street Neighborhood Commercial District controls are designed to promote development that is consistent with its existing land use patterns and to maintain a harmony of uses that support the District's vitality. The building standards allow small-scale buildings and uses, protecting rear yards above the ground story and at residential levels. In new development, most commercial uses are permitted at the first two stories, although certain limitations apply to uses at the second story. Special controls are necessary to preserve the equilibrium of neighborhood-serving convenience and comparison shopping businesses and to protect adjacent residential livability. These controls are designed to encourage the street's active retail frontage, and local fabrication and production of goods.

SEC. 750. NCT-1 – NEIGHBORHOOD COMMERCIAL TRANSIT CLUSTER DISTRICT.

NC-1 Districts are intended to serve as local neighborhood shopping districts, providing convenience retail goods and services for the immediately surrounding neighborhoods primarily during daytime hours. NCT-1 Districts are located near major transit services. They are small mixed-use clusters, generally surrounded by residential districts, with small-scale neighborhood-serving commercial uses on lower floors and housing above. Housing density is limited not by lot area, but by the regulations on the built envelope of buildings, including height, bulk, setbacks, and lot coverage, and standards for residential uses, including open space and exposure, and urban design guidelines. There are prohibitions on access (i.e. driveways, garage entries) to off-street parking and loading on critical stretches of commercial and transit street frontages to preserve and enhance the pedestrian-oriented character and transit function. Residential parking is not required and generally limited. Commercial establishments are discouraged from building excessive accessory off-street parking in order to preserve the pedestrian-oriented character of the district and prevent attracting auto traffic.

NCT-1 Districts are generally characterized by their location in residential neighborhoods. The commercial intensity of these districts varies. Many of these districts have the lowest intensity of commercial development in the City, generally consisting of small clusters with three or more commercial establishments, commonly grouped around a corner; and in some cases short linear commercial strips with low-scale, interspersed mixed-use (residential-commercial) development. Building controls for the NCT-1 District promote low-intensity development which is compatible with the existing scale and character of these neighborhood areas. Commercial development is limited to one story. Rear yard requirements at all levels preserve existing backyard space.

NCT-1 commercial use provisions encourage the full range of neighborhood-serving convenience retail sales and services at the First Story provided that the Use Size generally is limited to 3,000 square feet. However, commercial uses and features which could impact residential livability are prohibited, such as auto uses, financial services, general advertising signs, drive-up facilities, hotels, and late-night activity; eating and drinking establishments are restricted, depending upon the intensity of such uses in nearby commercial districts.

Existing residential units are protected by prohibitions of conversions above the ground story and limitations on demolitions.

SEC. 751. NCT-2 – SMALL-SCALE NEIGHBORHOOD COMMERCIAL TRANSIT DISTRICT.

NCT-2 Districts are transit-oriented mixed-use neighborhoods with small scale commercial uses near transit services. The NCT-2 Districts are mixed use districts that support neighborhood-serving commercial uses on lower floors and housing above. These Districts are well-served by public transit and aim to maximize residential and commercial opportunities on or near major transit services. The District's form is generally linear along transit-priority corridors, though may be concentric around transit stations or in broader areas where multiple transit services criss-cross the neighborhood. Housing density is limited not by lot area, but by the regulations on the built envelope of buildings, including height, bulk, setbacks, and lot coverage, and standards for residential uses, including open space and exposure, and urban design guidelines. There are prohibitions on access (e.g., driveways, garage entries) to off-street parking and loading on critical stretches of commercial and transit street frontages to preserve and enhance the pedestrian-oriented character and transit function. Residential parking is not required and generally limited. Commercial establishments are

discouraged from building excessive accessory off-street parking in order to preserve the pedestrian-oriented character of the district and prevent attracting auto traffic.

NCT-2 Districts are intended to provide convenience goods and services to the surrounding neighborhoods as well as limited comparison shopping goods for a wider market. The range of comparison goods and services offered is varied and often includes specialty retail stores, restaurants, and neighborhood-serving offices. The small-scale district controls provide for mixed-use buildings, which approximate or slightly exceed the standard development pattern. Rear yard requirements above the ground story and at residential levels preserve open space corridors of interior blocks.

Most new commercial development is permitted at the ground and second stories. Neighborhood-serving businesses are strongly encouraged. Eating and drinking and entertainment uses, however, are confined to the ground story. The second story may be used by some retail stores, personal services, and medical, business and professional offices. Parking and hotels are monitored at all stories. Limits on late-night activity, drive-up facilities, and other automobile uses protect the livability within and around the district, and promote continuous retail frontage.

Housing development in new buildings is encouraged above the ground story. Existing residential units are protected by limitations on demolition and upper-story conversions.

SEC. 752. NCT-3 – MODERATE-SCALE NEIGHBORHOOD COMMERCIAL TRANSIT DISTRICT.

NCT-3 Districts are transit-oriented moderate- to high-density mixed-use neighborhoods of varying scale concentrated near transit services. The NCT-3 Districts are mixed use districts that support neighborhood-serving commercial uses on lower floors and housing above. These districts are well-served by public transit and aim to maximize residential and commercial opportunities on or near major transit services. The district's form can be either linear along transit-priority corridors, concentric around transit stations, or broader areas where transit services criss-cross the neighborhood. Housing density is limited not by lot area, but by the regulations on the built envelope of buildings, including height, bulk, setbacks, and lot coverage, and standards for Residential Uses, including open space and exposure, and urban design guidelines. Residential parking is not required and generally limited. Commercial establishments are discouraged or prohibited from building accessory off-street parking in order to preserve the pedestrian-oriented character of the district and prevent attracting auto traffic. There are prohibitions on access (i.e. driveways, garage entries) to off-street parking and loading on critical stretches of NC and transit streets to preserve and enhance the pedestrian-oriented character and transit function.

NCT-3 Districts are intended in most cases to offer a wide variety of comparison and specialty goods and services to a population greater than the immediate neighborhood, additionally providing convenience goods and services to the surrounding neighborhoods. NCT-3 Districts include some of the longest linear commercial streets in the City, some of which have continuous retail development for many blocks. Large-scale lots and buildings and wide streets distinguish the districts from smaller-scaled commercial streets, although the districts may include small as well as moderately scaled lots. Buildings may range in height, with height limits varying from four to eight stories.

NCT-3 building standards permit moderately large commercial uses and buildings. Rear yards are protected at residential levels.

A diversified commercial environment is encouraged for the NCT-3 District, and a wide variety of uses are permitted with special emphasis on neighborhood-serving businesses. Eating and drinking, entertainment, and financial service uses generally are permitted with certain limitations at the first and second stories. Auto-oriented uses are somewhat restricted. Other retail businesses, personal services and offices are permitted at all stories of new buildings. Limited storage and administrative service activities are permitted with some restrictions.

Housing development in new buildings is encouraged above the second story. Existing residential units are protected by limitations on demolitions and upper-story conversions. Accessory Dwelling Units are permitted within the district pursuant to subsection 207(c)(4) of this Code.

SEC. 761. HAYES-GOUGH NEIGHBORHOOD COMMERCIAL TRANSIT DISTRICT.

The Hayes-Gough Neighborhood Commercial Transit District is located within walking distance of the Civic Center, lying west of Franklin Street and east of Laguna Street, with its southern edge generally at Lily Street, with an extension sough along both sides of Octavia Boulevard to Market Street. This mixed-use commercial district contains a limited range of retail commercial activity, which primarily caters to the immediate need of the neighborhood. The few comparison goods that it does provide attract clientele from a wider area outside its neighborhood, mostly the Performing Arts and Civic Center workers and visitors. There are a number of restaurants and art galleries, but other types of retail activity are limited.

The Hayes-Gough District controls are designed to allow for growth and expansion that is compatible with the existing building and use scales. Building standards protect the moderate building and Use Size and require rear yards at residential levels. To maintain the mixed-use character of the district, most commercial uses are permitted at the first and second stories and housing is strongly encouraged at the third story and above. In order to encourage lively pedestrian-oriented commercial activity, but restrict certain sensitive and problematic uses, eating and drinking, and entertainment uses are directed to the ground story. Retail sales activity, especially neighborhood-serving businesses, is further promoted by restricting new ground-story medical, business and professional offices. To protect continuous frontage, drive-up and most automobile uses are prohibited, above-ground parking is

required to be setback or below ground, and active, pedestrian-oriented ground floor uses are required on Hayes Street and portions of Octavia Boulevard.

Housing development in new buildings is encouraged above the second story, and is controlled not by lot area but by physical envelope controls. Existing residential units are protected by limitations on demolitions, mergers, subdivisions, and upper-story conversions. Given the area's central location and accessibility to the downtown and to the City's transit network, accessory parking for Residential Uses is not required. The code controls for this district are supported and augmented by design guidelines and policies in the Market and Octavia Area Plan of the General Plan.

SEC. 762. VALENCIA STREET NEIGHBORHOOD COMMERCIAL TRANSIT DISTRICT.

The Valencia Street Commercial Transit District is located near the center of San Francisco in the Mission District. It lies along Valencia Street between 14th and Cesar Chavez (Army) Street, and includes a portion of 16th Street extending west toward Dolores Street. The commercial area provides a limited selection of convenience goods for the residents of sections of the Mission and Dolores Heights. Valencia Street also serves a wider trade area with its retail and wholesale home furnishings and appliance outlets. The commercial district also has several automobile-related businesses. Eating and drinking establishments contribute to the street's mixed-use character and activity in the evening hours. A number of upper-story professional and business offices are located in the district, some in converted residential units.

The Valencia Street District has a pattern of large lots and businesses, as well as a sizable number of upper-story residential units. Controls are designed to permit moderate-scale buildings and uses, protecting rear yards above the ground story and at residential levels. New neighborhood-serving commercial development is encouraged mainly at the ground story. While offices and general retail sales uses may locate at the second story of new buildings under certain circumstances, most commercial uses are prohibited above the second story. In order to protect the balance and variety of retail uses and the livability of adjacent uses and areas, most eating and drinking and entertainment uses at the ground story are limited. Continuous retail frontage is promoted by prohibiting drive-up facilities, some automobile uses, and new nonretail commercial uses. Parking is not required, and any

new parking is required to be set back or below ground. Active, pedestrian-oriented ground floor uses are required.

Housing development in new buildings is encouraged above the ground story. Housing density is not controlled by the size of the lot but by requirements to supply a high percentage of larger units and by physical envelope controls. Existing residential units are protected by prohibitions on upper-story conversions and limitations on demolitions, mergers, and subdivisions. Given the area's central location and accessibility to the City's transit network, accessory parking for Residential Uses is not required. Accessory Dwelling Units are permitted within the district pursuant to subsection 207(c)(4) of this Code.

SEC. 763. 24TH STREET – MISSION NEIGHBORHOOD COMMERCIAL TRANSIT DISTRICT.

The 24th Street – Mission Neighborhood Commercial Transit District is situated in the Inner Mission District on 24th Street between Bartlett Street and San Bruno Avenue. This mixed-use district provides convenience goods to its immediate neighborhood as well as comparison shopping goods and services to a wider trade area. The street has a great number of Latin American restaurants, grocery stores, and bakeries as well as other gift and secondhand stores. Most commercial businesses are open during the day while the district's bars and restaurants are also active in the evening. Dwelling Units are frequently located above the ground-story commercial uses.

The 24th Street – Mission Neighborhood Commercial Transit District controls are designed to provide potential for new development consistent with the existing scale and character. Small-scale buildings and neighborhood-serving uses are encouraged, and rear yard corridors above the ground story and at residential levels are protected. Most commercial uses are encouraged at the ground story, while service uses are permitted with some limitations at the second story. Special controls are necessary to preserve the unique mix of convenience and specialty commercial uses. In order to maintain convenience stores and protect adjacent livability, new bars and fast-food restaurants are prohibited, and limitations apply to the development and operation of ground-story full-service restaurants, take-out food and entertainment uses. Continuous retail frontage is maintained and encouraged by prohibiting most automobile and drive-up uses, banning curb cuts, and requiring active,

pedestrian-oriented ground floor uses. Parking is not required, and any new parking required to be set back or below ground.

Housing development in new buildings is encouraged above the ground story. Housing density is not controlled by the size of the lot but by requirements to supply a high percentage of larger units and by physical envelope controls. Existing housing units are protected by prohibitions on upper-story conversions and limitations on demolitions, mergers, and subdivisions. Given the area's central location and accessibility to the City's transit network, accessory parking for Residential Uses is not required.

SEC. 764. UPPER MARKET STREET NEIGHBORHOOD COMMERCIAL TRANSIT DISTRICT.

The Upper Market Street Neighborhood Commercial Transit District is located on Market Street from Church to Noe Streets, and on side streets off Market. Upper Market Street is a multi-purpose commercial district that provides limited convenience goods to adjacent neighborhoods, but also serves as a shopping street for a broader trade area. A large number of offices are located on Market Street within easy transit access to downtown. The width of Market Street and its use as a major arterial diminish the perception of the Upper Market Street Transit District as a single commercial district. The street appears as a collection of dispersed centers of commercial activity, concentrated at the intersections of Market Street with secondary streets.

This district is well served by transit and is anchored by the Market Street subway (with stations at Church Street and Castro Street) and the F-Market historic streetcar line. All light-rail lines in the City traverse the district, including the F, J, K, L, M, and N, and additional key cross-town transit service crosses Market Street at Fillmore and Castro Streets. Additionally, Market Street is a primary bicycle corridor. Housing density is limited not by lot area, but by the regulations on the built envelope of buildings, including height, bulk, setbacks, and lot coverage, and standards for Residential Uses, including open space and exposure, and urban design guidelines. Residential parking is not required and generally limited. Commercial establishments are discouraged or prohibited from building accessory off-street parking in order to preserve the pedestrian-oriented character of the district and prevent attracting auto traffic. There are prohibitions on access (i.e. driveways, garage entries) to off-street parking and loading on Market and Church Streets to preserve and enhance the pedestrian-oriented character and transit function.

The Upper Market Street district controls are designed to promote moderate-scale development which contributes to the definition of Market Street's design and character. They are also intended to preserve the existing mix of commercial uses and maintain the livability of the district and its surrounding residential areas. Large-lot and use development is reviewed for consistency with existing development patterns. Rear yards are protected at all levels. To promote mixed-use buildings, most commercial uses are permitted with some limitations above the second story. In order to maintain continuous retail frontage and preserve a balanced mix of commercial uses, ground-story neighborhood-serving uses are encouraged, and eating and drinking, entertainment, and financial service uses are limited. Ground floor-commercial space is required along Market and Church Streets. Most automobile and drive-up uses are prohibited or conditional.

Housing development in new buildings is encouraged above the second story. Existing upper-story residential units are protected by limitations on demolitions and upper-story conversions. Accessory Dwelling Units are permitted within the district pursuant to subsection 207(c)(4) of this Code.

SEC. 781.9. HAIGHT STREET ALCOHOL RESTRICTED USE SUBDISTRICT.

(a) ***Purpose.*** There is an unusually large number of establishments dispensing alcoholic beverages, including beer and wine, for both on-site and off-site consumption in the Haight-Ashbury neighborhood. A concentration of alcoholic beverage establishments in a neighborhood disrupts the desired mix of land uses that contribute to a livable neighborhood and discourages more desirable and needed commercial uses in the area. A concentration of establishments selling alcoholic beverages in an area may therefore contribute to the deterioration of the neighborhood and to the concomitant devaluation of property and destruction of community values and quality of life. These effects contribute to peace, health, safety and general welfare problems in these areas, including loitering, littering, public drunkenness, driving while intoxicated, defacement and damaging of structures, pedestrian obstructions, as well as traffic circulation, parking and noise problems on public streets and neighborhood lots, and other nuisance activities. The existence of such problems creates serious impacts on the health, safety and welfare of residents of nearby single- and multiple-family areas. These impacts include fear for the safety of children, elderly residents and visitors to the area.

LEGISLATIVE DIGEST

[Planning Code - Article 7 Reorganization; Technical and Other Amendments]

Ordinance amending the Planning Code to reorganize Article 7 and to update, correct, clarify, and simplify Code language in other Planning Code Sections; requiring Conditional Use authorization for Bars, and Liquor Stores on the first floor in the Noriega, Irving, Taraval, and Judah Neighborhood Commercial Districts ("NCDs"); enacting permanent controls requiring Conditional Use authorization for Medical Cannabis Dispensaries in the Noriega, Irving, Taraval, and Judah NCDs; require Conditional Use authorization for Personal Services on the second floor in the Noriega, Irving, Taraval, and Judah NCDs; prohibit Kennels, Large Scale Urban Agriculture, Business Hours from 2 a.m. to 6 a.m., and the demolition or merge of units on the second story and above in the North Beach NCD; preserve the small storefronts, street frontage and prohibit vehicular access on certain streets within the North Beach NCD and "SUD"); create the definition of Special Food Manufacturing and amending the Eating and Drinking Controls for the North Beach SUD; affirming the Planning Department's determination under the California Environmental Quality Act; making findings of consistency with the General Plan, and the eight priority policies of Planning Code, Section 101.1; and adopting findings of public convenience, necessity, and welfare under Planning Code, Section 302.

Existing Law

Article 7 establishes a number of general and named Neighborhood Commercial (NC) and Neighborhood Commercial Transit (NCT) Districts as well as some Subdistricts and Restricted Use Districts. Land use controls, development standards, and density controls for each District are outlined in a Zoning Control Table. Specific uses are defined in Sections 790.2 through 790.142. Other sections of the Planning Code that are applicable to Neighborhood Commercial Districts are listed in Section 799.

Amendments to Current Law

This ordinance is one of two interrelated ordinances that reorganize and update Article 7 of the Planning Code. Because the two ordinances are interrelated, the amendments made by this ordinance will not go into effect unless the companion ordinance is also enacted and in effect.

This ordinance reorganizes Article 7, revises all the Article 7 Zoning Control Tables to match the format of the Tables in Article 2, and makes technical and substantive amendments to applicable sections in other Articles to update, correct, clarify, and simplify language. The companion ordinance deletes all the current Article 7 zoning control tables, the definitions that were added to Section 102 in the Article 2 reorganization legislation but temporarily left in

Article 7, and other text that became outdated with the enactment of the Article 2 reorganization legislation.

All the proposed amendments – both technical and substantive -- are detailed and explained in the Executive Summary that was prepared for the Planning Commission hearing by Department staff, which will be transmitted to the Board as part of the legislative package. The Executive Summary describes the Main Amendments, the Definition Changes, the specific amendments to the Sunset Neighborhood Commercial District (NCD), the co-terminous North Beach NCD and North Beach Special Use District, and an amendment to the Broadway NCD.

Background Information

In 2013, the Planning Department initiated a Code Reorganization Project. The goal of the Project is to restructure the Planning Code so that it is easier to read, understand, and use. Phase 1 consolidated all use definitions and definitions that are used universally throughout the Code into Section 102 of the Code. It also reorganized Article 2 by creating zoning control tables for Residential, Downtown, and Industrial zoning districts that are similar to those in Article 7 but modified to reduce their length and complexity and to be less confusing to the public. The Planning Commission unanimously recommended Phase 1 of the Project to the Board in October of 2014, and it was enacted in February, 2015 by Ordinance No. 022-15.

This ordinance together with its companion ordinance constitute Phase 2 of the Code Reorganization Project. It reorganizes Article 7 so that the NC and NCT Districts use the consolidated definitions in Section 102 created in Phase 1, updates the format of the zoning control tables to match those in Article 2, and makes technical and other amendments to various Code sections. The Project's final phase will reorganize Article 8.
