Subject: please add this to the HIV Care Program Resolution
Date: Wednesday, March 15, 2017 12:01:55 PM

Hi John,

On advice from the City Attorney, can you please add the following disclosure from Supervisor Sheehy to the file for the Accept and Expend resolution that we introduced yesterday?

Thanks

“The University of California is one of many grant recipients of the funds covered by this resolution. Before I took office as a Supervisor, I was employed at UCSF's AIDS Research Institute. This accept and expend resolution does not directly involve the department of UCSF that I worked for, but because I continue to receive pension and retirement benefits through UC, I must make this public disclosure.”
