8 in this Special Use District to the extent that they are not in conflict with this Special Use
9 District or the Development Agreement, approved by the Board of Supervisors in Ordinance
10 No. 89-11. The Planning Commission may amend the Parkmerced Design Standards and
11 Guidelines upon initiation by the Planning Department or upon application by an owner of
12 property within Parkmerced (or his or her authorized agent) to the extent that such

Because the Project will

1 be built in phases, any off-street parking constructed that would cause the cumulative off-
2 street parking in the Special Use District to exceed these ratios may not be used for parking
3 and shall be physically cordoned off to preclude parking use of such spaces (including
4 prohibition of the commercial or public rental of such spaces on a daily, weekly, monthly or
5 annual basis) until such time as sufficient additional development is completed to bring the
6 overall parking ratios in conformance with the applicable ratio. At Project completion, the ratio

7 the building or structure so approved by the ~~City~~ Planning Commission shall not exceed 65
8 feet.

9 (b) In authorizing any such proposal for a building or structure exceeding 40 feet in
10 height, the City Planning Commission shall find, ~~that~~ in addition to the criteria of Section

15 the individual neighborhood character and the height and scale of the adjacent buildings.

16 (2) When the height of the new or expanding development exceeds twice the
17 existing height of adjacent buildings, transitions will be provided between the taller and shorter
18 buildings.

19 (3) The height and bulk of the new or expanding development will be
20 designed to allow maximum sun access to nearby parks, plazas, and major pedestrian
21 corridors.

22 **SEC. 253.3. REVIEW OF PROPOSED BUILDINGS AND STRUCTURES ABOVE 26 FEET**
23 **NOT EXCEEDING 40 FEET IN THE NC-S/LAKESHORE PLAZA SPECIAL USE DISTRICT.**

2 Commission ~~according to the provisions in Section 316 through 316.8 of this Code~~. The height of
3 any building or structure so approved by the ~~City~~ Planning Commission shall not exceed 40
4 feet.

5 (b) In authorizing any such proposal for a building or structure exceeding 26 feet in
6 height, the ~~City~~ Planning Commission shall find that, in addition to the criteria of Section

8 the Lakeshore Plaza Special Use District, and the height and bulk districts as set forth
9 respectively in Sections 101, 713:~~1~~, 780:~~1~~ and 251 of this Code hereof.

10 **SEC. 260. HEIGHT LIMITS: MEASUREMENT.**

11 * * * *

12 (b) **Exemptions.** In addition to other height exceptions permitted by this Code, the
13 features listed in this ~~S~~subsection (b) shall be exempt from the height limits established by this
14 Code, in an amount up to but not exceeding that which is specified.

15 * * * *

16 (2) The following features shall be exempt, without regard to their horizontal
17 area, provided the limitations indicated for each are observed:

18 * * * *

19 (P) Enclosed recreational facilities up to a height of 10 feet above the
20 otherwise applicable height limit when located within a 65-U Height and Bulk District and
21 either an MUO or SSO District, and only then when authorized by the Planning Commission
22 as a ~~e~~Conditional ~~u~~Use pursuant to Sections 303 ~~and 316~~ of this Code, provided that the
23 project is designed in such a way as to reduce the apparent mass of the structure above a
24 base 50 foot building height.

25 * * * *

1 **SEC. 263.11. SPECIAL HEIGHT EXCEPTIONS: SOUTH OF MARKET RSD 40-X/85-B**
2 **HEIGHT DISTRICT.**

3 (a) **General.** In the 40-X/85-B Height and Bulk District, as designated on Sectional
4 Map No. HT01 ~~HH~~ of the Zoning Map, located within the boundaries of the South of Market
5 RSD District, height exceptions above the 40-foot base height to a maximum of 85 feet may
6 be approved in accordance with the ~~e~~Conditional ~~u~~Use procedures and criteria provided in
7 Sections ~~303 and 316~~ of this Code, and the criteria and conditions set forth below.

8 * * * *

9 **SEC. 303. CONDITIONAL USES.**

10 (a) **General.** The Planning Commission shall hear and make determinations
11 regarding applications for the authorization of ~~e~~Conditional ~~u~~Uses in the specific situations in
12 which such authorization is provided for elsewhere in this Code. The procedures for
13 ~~e~~Conditional ~~u~~Uses shall be as specified in this Section and in Sections 306 through 306.6,
14 except that Planned Unit Developments shall in addition be subject to Section 304, Hospitals
15 ~~medical institutions~~ and ~~p~~Post-~~s~~Secundary ~~e~~Educational ~~i~~Institutions shall in addition be subject
16 to the ~~i~~Institutional ~~m~~Master ~~p~~Plan requirements of Section 304.5, ~~and conditional use and~~
17 ~~Planned Unit Development applications filed pursuant to Article 7, or otherwise required by this Code~~
18 ~~for uses or features in Neighborhood Commercial Districts, and conditional use applications within~~
19 ~~South of Market Districts, shall be subject to the provisions set forth in Sections 316 through 316.8 of~~
20 ~~this Code, in lieu of those provided for in Sections 306.2 and 306.3 of this Code, with respect to~~
21 ~~scheduling and notice of hearings, and in addition to those provided for in Sections 306.4 and 306.5 of~~
22 ~~this Code, with respect to conduct of hearings and reconsideration.~~

23 (b) **Initiation.** A ~~e~~Conditional ~~u~~Use action may be initiated by application of the
24 owner, or authorized agent for the owner, of the property for which the ~~e~~Conditional ~~u~~Use is
25 sought. For a ~~e~~Conditional ~~u~~Use application to relocate a ~~g~~General ~~a~~Advertising ~~s~~Sign under

1 subsection (l) below, application shall be made by a ~~g~~General ~~a~~Advertising ~~s~~Sign company that
2 has filed a Relocation Agreement application and all required information with the Planning
3 Department pursuant to Section 2.21 of the San Francisco Administrative Code.

4 (c) **Determination.** After its hearing on the application, or upon the
5 recommendation of the Director of Planning ~~if the application is filed pursuant to Sections 316~~
6 ~~through 316.8 of this Code and that~~ no hearing is required, the Planning Commission shall
7 approve the application and authorize a ~~e~~Conditional ~~u~~Use if the facts presented are such to
8 establish that:

9 (d) **Conditions.** When considering an application for a ~~e~~Conditional ~~u~~Use as
10 provided herein with respect to applications for development of "dwellings" as defined in
11 Chapter 87 of the ~~San Francisco~~ Administrative Code, the Commission shall comply with that
12 Chapter which requires, among other things, that the Commission not base any decision
13 regarding the development of "dwellings" in which "protected class" members are likely to
14 reside on information which may be discriminatory to any member of a "protected class" (as
15 all such terms are defined in Chapter 87 of the ~~San Francisco~~ Administrative Code). In addition,
16 when authorizing a ~~e~~Conditional ~~u~~Use as provided herein, the Planning Commission, or the
17 Board of Supervisors on appeal, shall prescribe such additional conditions, beyond those
18 specified in this Code, as are in its opinion necessary to secure the objectives of the Code.
19 Once any portion of the ~~e~~Conditional ~~u~~Use authorization is utilized, all such conditions
20 pertaining to such authorization shall become immediately operative. The violation of any
21 condition so imposed shall constitute a violation of this Code and may constitute grounds for
22 revocation of the ~~e~~Conditional ~~u~~Use authorization. Such conditions may include time limits for
23 exercise of the ~~e~~Conditional ~~u~~Use authorization; otherwise, any exercise of such authorization
24 must commence within a reasonable time.
25

1 (e) **Modification of Conditions.** Authorization of a change in any condition
2 previously imposed in the authorization of a eConditional use shall be subject to the same
3 procedures as a new eConditional use. Such procedures shall also apply to applications for
4 modification or waiver of conditions set forth in prior stipulations and covenants relative
5 thereto continued in effect by the provisions of Section 174 of this Code.

6 (f) **Conditional Use Abatement.** The Planning Commission may consider the
7 possible revocation of a eConditional use or the possible modification of or placement of
8 additional conditions on a eConditional use when the Planning Commission determines,
9 based upon substantial evidence, that the applicant for the eConditional use had submitted
10 false or misleading information in the application process that could have reasonably had a
11 substantial effect upon the decision of the Commission or the eConditional use is not in
12 compliance with a condition of approval, is in violation of law if the violation is within the
13 subject matter jurisdiction of the Planning Commission, or operates in such a manner as to
14 create hazardous, noxious or offensive conditions enumerated in Section 202(c) if the
15 violation is within the subject matter jurisdiction of the Planning Commission and these
16 circumstances have not been abated through administrative action of the Director, the Zoning
17 Administrator or other City authority. Such consideration shall be the subject of a public
18 hearing before the Planning Commission but no fee shall be required of the applicant or the
19 subject eConditional use operator.

20 (1) **Public Hearing.** The Director of Planning or the Planning Commission
21 may seek a public hearing on eConditional use abatement when the Director or Commission
22 has substantial evidence submitted within one year of the effective date of the Conditional
23 Use authorization that the applicant for the eConditional use had submitted false or
24 misleading information in the application process that could have reasonably had a substantial
25 effect upon the decision of the Commission or substantial evidence of a violation of conditions

1 of approval, a violation of law, or operation which creates hazardous, noxious or offensive
2 conditions enumerated in Section 202(c).

3 (2) **Notification.** The notice for the public hearing on a eConditional #Use
4 abatement shall be subject to the notification procedure described in Sections 306.3 and
5 306.8 except that notice to the property owner and the operator of the subject establishment
6 or use shall be mailed by regular and certified mail.

7 (3) **Consideration.** In considering a eConditional #Use revocation, the
8 Commission shall consider whether and how the false or misleading information submitted by
9 the applicant could have reasonably had a substantial effect upon the decision of the
10 Commission, or the Board of Supervisors on appeal, to authorize the eConditional #Use,
11 substantial evidence of how any required condition has been violated or not implemented or
12 how the eConditional #Use is in violation of the law if the violation is within the subject matter
13 jurisdiction of the Planning Commission or operates in such a manner as to create hazardous,
14 noxious or offensive conditions enumerated in Section 202(c) if the violation is within the
15 subject matter jurisdiction of the Planning Commission. As an alternative to revocation, the
16 Commission may consider how the use can be required to meet the law or the conditions of
17 approval, how the hazardous, noxious or offensive conditions can be abated, or how the
18 criteria of Section 303(c) can be met by modifying existing conditions or by adding new
19 conditions which could remedy a violation.

20 (4) **Appeals.** A decision by the Planning Commission to revoke a
21 eConditional #Use, to modify conditions or to place additional conditions on a eConditional
22 #Use or a decision by the Planning Commission refusing to revoke or amend a eConditional
23 #Use, may be appealed to the Board of Supervisors within 30 days after the date of action by
24 the Planning Commission pursuant to the provisions of Section 308.1(b). The Board of
25 Supervisors may disapprove the action of the Planning Commission in an abatement matter

1 by the same vote necessary to overturn the Commission's approval or denial of a eConditional
2 #Use. The Planning Commission's action on a eConditional #Use abatement issue shall take
3 effect when the appeal period is over or, upon appeal, when there is final action on the
4 appeal.

5 (5) **Reconsideration.** The decision by the Planning Commission with ~~regards~~
6 ~~respect~~ to a eConditional #Use abatement issue or by the Board of Supervisors on appeal shall
7 be final and not subject to reconsideration within a period of one year from the effective date
8 of final action upon the earlier abatement proceeding, unless the Director of Planning
9 determines that:

10 (A) There is substantial new evidence of a new eConditional #Use
11 abatement issue that is significantly different than the issue previously considered by the
12 Planning Commission; or

13 (B) There is substantial new evidence about the same eConditional
14 #Use abatement issue considered in the earlier abatement proceeding, this new evidence was
15 not or could not be reasonably available at the time of the earlier abatement proceeding, and
16 that new evidence indicates that the Commission's decision in the earlier proceeding has not
17 been implemented within a reasonable time or raises significant new issues not previously
18 considered by the Planning Commission. The decision of the Director of Planning regarding
19 the sufficiency and adequacy of evidence to allow the reconsideration of a eConditional #Use
20 abatement issue within a period of one year from the effective date of final action on the
21 earlier abatement proceeding shall be final.

23 (j) **Change in Use or Demolition of Movie Theater Uses.**

24 ~~(i)~~ With respect to a change in use or demolition of a Movie Theater use
25 ~~pursuant to Section 202.4 as defined in Sections 102, 703.2(b)(1)(B)(ii), 803.2(b)(1)(B)(iii) or~~

1 ~~803.3(b)(1)(B)(ii)~~, in addition to the criteria set forth in ~~S~~subsections (c) and (d) above, the
2 Commission shall make the following findings:

3 ~~(1)~~ ~~(A)~~ Preservation of a Movie Theater use is no longer economically
4 viable and cannot effect a reasonable economic return to the property owner. For purposes of
5 defining "reasonable economic return," the Planning Commission shall be guided by the
6 criteria for Fair Return on Investment set forth in Section 102; ~~and~~

7 ~~(2)~~ ~~(B)~~ The change in use or demolition of the Movie Theater use will not
8 undermine the economic diversity and vitality of the surrounding District; and

9 ~~(3)~~ ~~(C)~~ The resulting project will preserve the architectural integrity of
10 important historic features of the movie theater use affected.

11 (k) **Relocation of Existing General Advertising Signs pursuant to a General**
12 **Advertising Sign Company Relocation Agreement.**

13 (1) Before the Planning Commission may consider an application for a
14 ~~e~~Conditional ~~#~~Use to relocate an existing lawfully permitted ~~g~~General ~~a~~Advertising ~~s~~Sign as
15 authorized by Section 611 of this Code, the applicant sign company must have:

16 * * * *

17 (2) The Department, in its discretion, may review in a single ~~e~~Conditional
18 ~~#~~Use application all signs proposed for relocation by a ~~g~~General ~~a~~Advertising Sign company or
19 may require that one or more of the signs proposed for relocation be considered in a separate
20 application or applications. Prior to the Commission's public hearing on the application, the
21 Department shall have verified the completeness and accuracy of the ~~g~~General ~~a~~Advertising
22 ~~s~~Sign company's sign inventory.

23 * * * *

24 (4) In addition to applicable criteria set forth in subsection (c) above, the
25 Planning Commission shall consider the size and visibility of the signs proposed to be located

as well as the following factors in determining whether to approve or disapprove a proposed relocation:

* * * *

(B) The factors set forth in this ~~S~~subsection ~~(k)(4)~~(B) shall weigh against the Commission's approval of the proposed relocation:

* * * *

(iv) The proposed relocation site is within, adjacent to, or visible from a zoning district where ~~g~~General ~~a~~Advertising ~~s~~Signs are prohibited.

(6) The Planning Commission may adopt additional criteria for relocation of ~~g~~General ~~a~~Advertising ~~s~~Signs that do not conflict with this Section 303(k) or Section 611 of this Code.

* * * *

(l) Change in Use or Demolition of General Grocery ~~Store~~ Uses.

~~(1)~~ With respect to a change in use or demolition of General Grocery ~~Store~~ use ~~as defined in Sections 102, 703.2(b)(1)(B)(iii), 803.2(b)(1)(B)(iv) or 803.3 (b)(1)(B)(iii) of this Code~~ which use exceeds 5,000 gross square feet pursuant to Section 202.3 of this Code, in addition to the criteria set forth in ~~S~~subsections (c) and (d) above, the Commission shall make the following findings:

(1) ~~(4)~~ Preservation of a General Grocery ~~Store~~ use is no longer economically viable and cannot effect a reasonable economic return to the property owner. The Commission may disregard the above finding if it finds that the change in use or replacement structure in the case of demolition will contain a ~~g~~General ~~g~~Grocery ~~store~~ that is of a sufficient size to serve the shopping needs of nearby residents and offers comparable services to the former ~~g~~General ~~g~~Grocery store. For purposes of defining "reasonable

economic return," the Planning Commission shall be guided by the criteria for Fair Return on Investment set forth in Section 102; and

(2) ~~(B)~~ The change in use or demolition of the General Grocery ~~Store~~ use will not undermine the economic diversity and vitality of the surrounding neighborhood.

* * * *

(n) **Massage Establishments.**

~~(1)~~ With respect to Massage Establishments that are subject to Conditional Use authorization, ~~as defined in Sections 102, 790.60, and 890.60 of this Code~~, in addition to the criteria set forth in ~~S~~subsection (c) above, the Commission shall make the following findings:

(1) ~~(A)~~ Whether the applicant has obtained, and maintains in good standing, a permit for a Massage Establishment from the Department of Public Health pursuant to Section 29.10 of the ~~San Francisco~~ Health Code;

(2) ~~(B)~~ Whether the use's façade is transparent and open to the public. Permanent transparency and openness are preferable. Elements that lend openness and transparency to a façade include:

(A) ~~(i)~~ active street frontage of at least 25 feet in length where 75% ~~percent~~ of that length is devoted to entrances to commercially used space or windows at the pedestrian eye-level;

(B) ~~(ii)~~ windows that use clear, untinted glass, except for decorative or architectural accent;

(C) ~~(iii)~~ any decorative railings or decorative grille work, other than wire mesh, which is placed in front of or behind such windows, should be at least 75% percent open to perpendicular view and no more than six feet in height above grade;

(3) ~~(C)~~ Whether the use includes pedestrian-oriented lighting. Well lit establishments where lighting is installed and maintained along all public rights-of-way

1 adjacent to the building with the massage use during the post-sunset hours of the massage
2 use are encouraged:

3 ~~(4)~~ ~~(D)~~ Whether the use is reasonably oriented to facilitate public access.
4 Barriers that make entrance to the use more difficult than to an average service-provider in
5 the area are to be strongly discouraged. These include (but are not limited to) foyers equipped
6 with double doors that can be opened only from the inside and security cameras.

7 * * * *

8 (p) **Adult Business, Nighttime Entertainment, General Entertainment, and Other**
9 **Entertainment Uses.**

10 (1) With respect to Conditional Use authorization applications for Adult
11 ~~Business~~ Business, Nighttime Entertainment, General Entertainment and Other Entertainment
12 uses, such use or feature shall:

13 * * * *

14 (2) Notwithstanding the above, the Planning Commission may authorize a
15 ~~e~~Conditional ~~u~~Se which does not satisfy the criteria set forth in (p)(1)(B) and/or (p)(1)(C)
16 above, if facts presented are such to establish that the use will be operated in such a way as
17 to minimize disruption to residences in and around the district with respect to noise and crowd
18 control.

19 (3) The action of the Planning Commission approving a ~~e~~Conditional ~~u~~Se
20 does not take effect until the appeal period is over or while the approval is under appeal.

21 * * * *

1 (r) **Development of Large Lots in RTO and RTO-M Districts.** In order to
2 promote, protect, and maintain a scale of development that is appropriate to each district and
3 compatible with adjacent buildings, new construction or significant enlargement of existing
4 buildings on lots of the same size or larger than the square footage stated in Table 209.4
5 under Large Project Review shall be permitted only as ~~e~~Conditional ~~u~~Ses subject to the
6 provisions set forth in this Section of this Code.

9 **SEC. 303.1. FORMULA RETAIL USES.**

10 (a) **Findings.**

11 * * * *

12 (9) Neighborhood Commercial Districts are intended to preserve the unique
13 qualities of a district while also serving the daily needs of residents living in the immediate
14 neighborhood; however, community members have reported loss of daily needs uses due to
15 inundation of formula retailers that target larger citywide or regional audiences. The City
16 strives to ensure that goods and services that residents require for daily living are available
17 within walking distance and at an affordable price. Establishments that serve daily needs and
18 ~~f~~Formula ~~r~~Retail establishments are neither mutually exclusive nor completely overlapping.

19 * * * *

20 (c) **"Retail Sales or Service Activity or Retail Sales or Service**
21 **Establishment."** For the purposes of this Section 303.1, a retail sales or service activity or
22 retail sales or service establishment shall include the following uses whether functioning as a
23 principal or accessory use, as defined in Articles 1, 2, 7, and 8 of this Code:

24 (1) Bar;

25 (2) Drive-up Facility;

1 (3) Eating and Drinking Use;
 2 (4) Liquor Store;
 3 (5) Sales and Service, Other Retail and Retail Sales and Service, General;
 4 (6) Restaurant;

25

1 **SEC. 308.1. APPEALS: AMENDMENTS TO THE PLANNING CODE AND CONDITIONAL**
2 **USES.**

3 (a) **Right of Appeal.** The action of the Planning Commission, in disapproving in
4 whole or in part an amendment to the Planning Code initiated by application as described in
5 Section 302 and Sections 306 through 306.5, or in approving or disapproving in whole or in

7 ~~and Sections 306 through 306.5, and Sections 316 through 316.6~~ of this Code, shall be subject to
8 appeal to the Board of Supervisors in accordance with this Section. An action of the
9 Commission so appealed from shall not become effective unless and until approved by the
10 Board of Supervisors in accordance with this Section.

11 (b) **Notice of Appeal.** Any appeal under this Section shall be taken by filing written
12 notice of appeal with the Board of Supervisors within 30 days after the date of action by the
13 Planning Commission. The notice of appeal shall be subscribed by either (i) the owners of at
14 least ~~20% percent~~ of the property affected by the proposed amendment or ~~e~~Conditional ~~#~~Use
15 or (ii) five members of the Board of Supervisors. The signature on the appeal of members of
16 the Board shall not be deemed to be any indication of their position on the merits of the
17 appeal but rather shall indicate only that they believe there is sufficient public interest and
18 concern in the matter to warrant a hearing by the Board of Supervisors. For the purposes of
19 this Section, the property affected shall be calculated as follows:

20 (1) When a proposed amendment or ~~e~~Conditional ~~#~~Use has been
21 disapproved by the Planning Commission, the property affected shall be deemed to be all
22 property within the area that is the subject of the application for amendment or ~~e~~Conditional
23 ~~#~~Use, and within 300 feet of all exterior boundaries of the property that is the subject of the
24 application;

1 (2) When a proposed ~~e~~Conditional ~~#~~Use has been approved by the Planning
2 Commission, the property affected shall be deemed to be all property within 300 feet of all
3 exterior boundaries of the property for which the ~~e~~Conditional ~~#~~Use has been approved by the
4 Planning Commission, excluding the property for which the approval has been given;

5 (3) In either of the above cases, when any property is owned by the City and
6 County of San Francisco, the United States Government or the State of California, or any
7 department or agency thereof, or by any special district, and is located within 300 feet of the
8 area that is the subject of the application for amendment or ~~e~~Conditional ~~#~~Use, such property
9 shall be excluded in determining the property affected unless such owner shall itself be a
10 subscriber of the notice of appeal; and

11 (4) Wherever a property is held in joint owner-ship, the signatures of joint
12 owners shall be calculated as representing affected property in direct proportion to the amount
13 of the total ownership of that property attributable to the joint owner or owners subscribing to
14 the notice of appeal. For the purposes of this calculation, the term "joint ownership" shall
15 include joint tenancies, interests in common, community property, partnerships, stock
16 cooperatives, condominiums, community apartments and planned unit developments. Where
17 each owner has exclusive rights to a portion of the property, the proportion of the total
18 ownership attributable to that owner shall be calculated in terms of a ratio of the floor area and
19 land area in which that owner has exclusive, joint and common rights to the total floor area
20 and land area of that property. Under these calculations, the land area of an affected property
21 in joint ownership shall be given the same weight as the land area of an affected property not
22 in joint ownership, in determining whether 20% percent of the property affected is represented
23 by signatures to the notice of appeal.

15 This Article is intended to provide a comprehensive and flexible zoning system for

24 individual districts which are tailored to the unique characteristics of specific areas.
25

(c) To provide zoning control categories which embrace the full range of land use issues in all Neighborhood Commercial Districts, in order that controls can be applied individually to each district class to address particular land use concerns in that district.

SEC. 702. CLASSES OF NEIGHBORHOOD COMMERCIAL DISTRICTS.

The following classes of districts are established for Neighborhood Commercial Districts.

~~SEC. 702.1. NEIGHBORHOOD COMMERCIAL USE DISTRICTS.~~

(1) **Neighborhood Commercial Districts.** Neighborhood Commercial Districts are low to high density mixed-use neighborhoods of varying scale established around historical neighborhood commercial centers. The Neighborhood Commercial Districts are intended to support neighborhood-serving uses on the lower floors and housing above. These Districts tend to be linear commercial corridor, but also include small clusters of commercial activity in Residential Districts. Housing density is limited by the area of the lot and minimum parking ratios are typically required for Residential Uses and commercial uses greater than 5,000 square feet; however some Neighborhood Commercial Districts have no minimum parking requirements. Individually named Neighborhood Commercial Districts are intended to allow for more targeted residential and commercial controls to fit the needs of their respective neighborhoods.

(2) **Neighborhood Commercial Transit Districts.** NCT Neighborhood Commercial Transit Districts are transit-oriented moderate- to high-density mixed-use neighborhoods of varying scale concentrated near transit services. The NCT Neighborhood Commercial Transit Districts are mixed use districts that support neighborhood-serving commercial uses on lower floors and housing above. These districts are well-served by public transit and aim to maximize residential and commercial opportunities on or near major transit services. The district's form can be either linear along transit-priority corridors, concentric around transit stations, or broader areas where transit services criss-cross the neighborhood. Housing density is limited not by lot area, but by the regulations on the built envelope of buildings, including height, bulk, setbacks, and lot coverage, and standards for ~~R~~Residential ~~U~~Uses, including open space and exposure, and urban design guidelines. Residential parking is not

1 required and generally limited. Commercial establishments are discouraged or prohibited from
2 building accessory off-street parking in order to preserve the pedestrian-oriented character of
3 the district and prevent attracting auto traffic. There are prohibitions on access (i.e. driveways,
4 garage entries) to off-street parking and loading on critical stretches of commercial and transit
5 streets to preserve and enhance the pedestrian-oriented character and transit function.

(1) BROADWAY OFF-STREET PARKING RESIDENTIAL

Boundaries: Broadway NCD.

Controls: Installing a garage in an existing residential building of four or more units requires a mandatory discretionary review by the Planning Commission; Section 311 notice is required for a building of less than four units. In approving installation of the garage, the Commission shall find that:

(a) the proposed garage opening/addition of off-street parking will not cause the "removal" or "conversion of residential unit," as those terms are defined in Section 317 of this Code.

(b) the proposed garage opening/addition of off-street parking will not substantially decrease the livability of a dwelling unit without increasing the floor area in a commensurate amount;

(c) the building has not had two or more "no-fault" evictions, as defined in 37.9(a)(7)-(13) of the San Francisco Administrative Code, with each eviction associated with a separate unit(s) within the past ten years;

(d) the garage would not front on a public right-of-way narrower than 41 feet; and

(e) the proposed garage/addition of off-street parking installation is consistent with the Priority Policies of Section 101.1 of this Code.

(2) C required for 13 or more children

(3) C required for seven or more persons.

(4) Formula Retail NP for this use.

(5) BROADWAY LIQUOR LICENSES FOR RESTAURANTS

Boundaries: Applicable to the Broadway Neighborhood Commercial District.

Controls: A Restaurant Use may only add ABC license types 47, 49 or 75 as a Conditional Use on the ground level if, in addition to the criteria set forth in Section 303, the Planning Commission finds that the restaurant is operating as a Bona Fide Eating Place, as defined in Section 790.142 of this Code. Should a restaurant fail to operate as a Bona Fide Eating Place for any length of time, the Conditional Use authorization shall be subject to immediate revocation.

(6) FRINGE FINANCIAL SERVICE RESTRICTED USE DISTRICT (FFSRUD).

Boundaries: The FFSRUD and its 1/4 mile buffer includes, but is not limited to, the Broadway Neighborhood Commercial District.

Controls: Within the FFSRUD and its 1/4 mile buffer, fringe financial services are NP pursuant to Section 249.35. Outside the FFSRUD and its 1/4 mile buffer, fringe financial services are P subject to the restrictions set forth in subsection 249.35(c)(3).

SEC. 720. ~~HAYES GOUGH~~ EXCELSIOR OUTER MISSION NEIGHBORHOOD

COMMERCIAL ~~TRANSIT~~ DISTRICT.

The ~~Hayes-Gough~~ Neighborhood Commercial Transit District is located within walking distance of the Civic Center, lying west of Franklin Street and east of Laguna Street, with its southern

1 ~~edge generally at Lily Street, with an extension south along both sides of Octavia Boulevard to~~
2 ~~Market Street. This mixed-use commercial district contains a limited range of retail commercial~~
3 ~~activity, which primarily caters to the immediate need of the neighborhood. The few comparison~~
4 ~~goods that it does provide attract clientele from a wider area outside its neighborhood, mostly~~
5 ~~the Performing Arts and Civic Center workers and visitors. There are a number of restaurants~~
6 ~~and art galleries, but other types of retail activity are limited.~~

7 ~~The Hayes-Gough District controls are designed to allow for growth and expansion that is~~
8 ~~compatible with the existing building and use scales. Building standards protect the moderate~~
9 ~~building and use size and require rear yards at residential levels. To maintain the mixed-use~~
10 ~~character of the district, most commercial uses are permitted at the first and second stories and~~
11 ~~housing is strongly encouraged at the third story and above. In order to encourage lively~~
12 ~~pedestrian-oriented commercial activity, but restrict certain sensitive and problematic uses,~~
13 ~~eating and drinking, and entertainment uses are directed to the ground story. Retail sales~~
14 ~~activity, especially neighborhood-serving businesses, is further promoted by restricting new~~
15 ~~ground-story medical, business and professional offices. To protect continuous frontage, drive-~~
16 ~~up and most automobile uses are prohibited, above-ground parking is required to be setback or~~
17 ~~below ground, and active, pedestrian-oriented ground floor uses are required on Hayes Street~~
18 ~~and portions of Octavia Boulevard.~~

19 ~~Housing development in new buildings is encouraged above the second story, and is~~
20 ~~controlled not by lot area but by physical envelope controls. Existing residential units are~~
21 ~~protected by limitations on demolitions, mergers, subdivisions, and upper-story conversions.~~
22 ~~Given the area's central location and accessibility to the downtown and to the City's transit~~
23 ~~network, accessory parking for residential uses is not required. The code controls for this~~
24 ~~district are supported and augmented by design guidelines and policies in the Market and~~
25 ~~Octavia Area Plan of the General Plan.~~

The Excelsior Outer Mission Street Neighborhood Commercial District is located along Mission Street between Alemany Boulevard and the San Francisco-San Mateo county line. Outer Mission Street is mixed use, combining street-fronting retail businesses on the ground floor and housing on upper floors. The range of comparison goods and services offered is varied and often includes specialty retail stores, restaurants, and neighborhood-serving offices. The area is transit-oriented and the commercial uses serve residents of the area as well as residents and visitors from adjacent and other neighborhoods.

The Excelsior Outer Mission Street Neighborhood Commercial District is intended to provide convenience goods and services to the surrounding neighborhoods as well as limited comparison shopping goods for a wider market. Housing development in new buildings is encouraged above the second story. Existing residential units are protected by limitations on demolitions and upper-story conversions. Parking for residential and commercial uses is not required. Buildings range in height, with height limits generally allowing up to four stories. Lots vary in size, generally small- or medium-sized with some very large parcels.

1 (1) MEDICAL CANNABIS DISPENSARIES

2 Controls:

3 (a) A Medical Cannabis Dispensary (MCD) seeking to locate within 500 feet of another MCD use may be
4 allowed as a Conditional Use; provided, however, that any amendments to regulations governing the proximity of
5 an MCD to another MCD that are applicable to MCDs Citywide shall apply in the Excelsior Outer Mission NCD
6 and will supersede the condition use requirement contained in this Section 745.

7 (b) In addition to the requirements of Planning Code Section 303, the Planning Commission shall approve the
8 application and authorize the Conditional Use if the facts presented are such to establish that:

9 (i) the MCD will bring measurable community benefits and enhancements to the Excelsior Outer Mission
10 Street Neighborhood Commercial District.

11 (ii) the MCD has prepared a parking and transportation management plan sufficient to address the
12 anticipated impact of its patients.

13 (iii) the MCD has demonstrated a commitment to maintaining public safety by actively engaging with the
14 community prior to applying for the Conditional Use, including adequate security measures in the operation of
15 their business and designating a community liaison to deal effectively with current and future neighborhood
16 concerns.

17 (c) In addition to the above criteria, in regard to a Conditional Use authorization application, the Planning
18 Commission shall consider the existing concentrations of MCDs within the District.

19 (d) A Medical Cannabis Dispensary may only operate between the hours of 8 am and 10 pm.

20 (e) A Medical Cannabis Dispensary may locate above the first floor only if it shall be accessible to persons with
21 disabilities as required under the California Building Code.

22 (2) OFF-SALE LIQUOR ESTABLISHMENTS Controls:

23 (a) New Liquor Store uses with Type 20 or Type 21 ABC licenses are not permitted in the district; provided,
24 however, that any use within the District with an existing Type 20 or Type 21 ABC license may obtain a new
25 license, if required by the ABC, after it has been closed temporarily for repair, renovation, remodeling, or
26 reconstruction.

27 (b) Liquor Store uses may relocate within the district with Conditional Use authorization.

28 (c) General Grocery, Specialty Grocery, and Liquor Store uses with off-sale alcohol licenses shall observe the
29 following good neighbor policies:

30 (i) Liquor establishments shall provide outside lighting in a manner sufficient to illuminate street and
31 sidewalk areas and adjacent parking, as appropriate to maintain security, without disturbing area residences;

32 (ii) Advertisements in windows and clear doors are not permitted, and no more than 25% of the square
33 footage of the windows and clear doors of liquor establishments shall bear signage of any sort, and all signage
34 shall be placed and maintained in a manner that ensures that law enforcement personnel have a clear and
35 unobstructed view of the interior of the premises, including the area in which the cash registers are maintained,
36 from the exterior public sidewalk or entrance to the premises.

37 (3) FRINGE FINANCIAL SERVICE RESTRICTED USE DISTRICT (FFSRUD)

38 Boundaries: The FFSRUD and its 1/4 mile buffer includes, but is not limited to, properties within the Excelsior
39 Outer Mission Street Neighborhood Commercial District.

40 Controls: Within the FFSRUD and its 1/4 mile buffer, fringe financial services are NP pursuant to Section 249.35.
41 Outside the FFSRUD and its 1/4 mile buffer, fringe financial services are P subject to the restrictions set forth in
42 Section 249.35(c)(3).

43 (4) C if a Macro WTS Facility; P if a Micro WTS Facility.

1 **SEC. 721. UPPER MARKET STREET JAPANTOWN NEIGHBORHOOD COMMERCIAL**
2 **DISTRICT.**

3 ~~The Upper Market Street Neighborhood Commercial District, on Market Street at Castro, is~~
4 ~~situated at the border of the Eureka Valley, Buena Vista, and Duboce Triangle neighborhoods. Upper~~
5 ~~Market Street is a multi-purpose commercial district that provides limited convenience goods to~~
6 ~~adjacent neighborhoods, but also serves as a shopping street for a broader trade area. A large number~~
7 ~~of offices are located on Market Street within easy transit access to downtown. The width of Market~~
8 ~~Street and its use as a major arterial diminish the perception of the Upper Market Street District as a~~
9 ~~single commercial district. The street appears as a collection of dispersed centers of commercial~~
10 ~~activity, concentrated at the intersections of Market Street with secondary streets.~~

11 ~~This district is well served by transit and is anchored by the Castro Street Station of the Market~~
12 ~~Street subway and the F-Market historic streetcar line. The F, K, L, and M streetcar lines traverse the~~
13 ~~district, and the Castro Station serves as a transfer point between light rail and crosstown and~~
14 ~~neighborhood bus lines. Additionally, Market Street is a primary bicycle corridor. Residential parking~~
15 ~~is not required and generally limited. Commercial establishments are discouraged or prohibited from~~
16 ~~building accessory off-street parking in order to preserve the pedestrian-oriented character of the~~
17 ~~district and prevent attracting auto traffic. There are prohibitions on access (i.e. driveways, garage~~
18 ~~entries) to off-street parking and loading on Market Street to preserve and enhance the pedestrian-~~
19 ~~oriented character and transit function.~~

20 ~~The Upper Market Street district controls are designed to promote moderate-scale development~~
21 ~~which contributes to the definition of Market Street's design and character. They are also intended to~~
22 ~~preserve the existing mix of commercial uses and maintain the livability of the district and its~~
23 ~~surrounding residential areas. Large-lot and use development is reviewed for consistency with existing~~
24 ~~development patterns. Rear yards are protected at residential levels. To promote mixed-use buildings,~~
25 ~~most commercial uses are permitted with some limitations above the second story. In order to maintain~~

1 ~~continuous retail frontage and preserve a balanced mix of commercial uses, ground-story~~
2 ~~neighborhood-serving uses are encouraged, and eating and drinking, entertainment, and financial~~
3 ~~service uses are limited. Continuous frontage is promoted by prohibitions of most automobile and~~
4 ~~drive-up uses.~~

5 ~~Housing development in new buildings is encouraged above the second story. Existing upper-~~
6 ~~story residential units are protected by limitations on demolitions and upper-story conversions.~~
7 ~~Accessory Dwelling Units are permitted on lots within the boundaries of Board of Supervisors District~~
8 ~~8 pursuant to Subsection 207(e)(4) of this Code.~~

9 The Japantown Neighborhood Commercial District extends between Geary Boulevard and Post
10 Street from Fillmore Street to Laguna Street, the north side of Post Street from Webster Street to
11 Laguna Street, and Buchanan Street from Post Street to midway between Sutter Street and Bush Street.
12 The character of these streets is largely commercial, including large malls, although there are some
13 residential units above the ground story. Buildings are typically two- to four-stories, although there are
14 two taller hotels. Geary Boulevard, Fillmore Street, and Sutter Street are important public transit
15 corridors. The commercial district provides convenience goods and services to the surrounding
16 neighborhoods as well as shopping, cultural, and entertainment uses that attract visitors from near and
17 far.

18 The Japantown Neighborhood Commercial District controls are designed to encourage and
19 promote development that enhances the walkable, commercial character of this area and to support its
20 local and regional role. New commercial development is required on the ground floor and permitted
21 above. Most neighborhood- and visitor-serving businesses are strongly encouraged, including eating,
22 drinking, and retail uses, as long as they do not create a nuisance. Less active commercial uses are
23 encouraged above the ground floor, along with housing and institutional uses.

SEC. 722. NORTH BEACH NEIGHBORHOOD COMMERCIAL DISTRICT.

The North Beach Neighborhood Commercial District is a nonlinear district centered on Columbus Avenue, located in the valley between Telegraph Hill and Russian Hill north of Broadway. North Beach functions as a neighborhood-serving marketplace, citywide specialty shopping, and dining district, and a tourist attraction, as well as an apartment and residential hotel zone. Traditionally, the district has provided most convenience goods and services for residents of North Beach and portions of Telegraph and Russian Hills. North Beach's eating, drinking, and entertainment establishments remain open into the evening to serve a much wider trade area and attract many tourists. The balance between neighborhood-serving

1 convenience stores and Citywide specialty businesses has shifted, as convenience stores
2 have been replaced by restaurants and bars. The proliferation of financial services, limited
3 financial services, and ~~business and~~ professional services has also upset the district's balance
4 of uses. The relocation of business and professional offices from downtown to North Beach
5 threatens the loss of upper-story residential units.

6 The North Beach District controls are designed to ensure the livability and
7 attractiveness of North Beach. Building standards limit new development to a small to
8 moderate scale. Rear yards are protected above the ground story and at residential levels.
9 Most new commercial development is permitted at the first two stories. Small-scale,
10 neighborhood-serving businesses are strongly encouraged and formula retail uses are
11 prohibited. Use ~~s~~ Sizes are controlled to limit future consolidation of spaces and to encourage
12 conversion back to the traditional small-scale commercial spaces. Special controls are
13 necessary because an over-concentration of food and beverage service establishments limits
14 neighborhood-serving retail sales and personal services in an area that needs them to thrive
15 as a neighborhood. In order to maintain neighborhood-serving retail sales and personal
16 services and to protect residential livability, additional eating and drinking establishments are
17 prohibited in spaces that have been occupied by neighborhood-serving retail sales and
18 personal services. Special controls limit additional ground-story entertainment uses and
19 prohibit new walk-up facilities ~~automated bank teller machines (ATMs)~~. Financial services, limited
20 financial services, and ground-story business and professional office uses are prohibited from
21 locating in the portion of the district south of Greenwich Street, while new financial services
22 locating in the portion of the district north of Greenwich Street are limited. Restrictions on
23 automobile and drive-up uses are intended to promote continuous retail frontage and maintain
24 residential livability.

In keeping with the district's existing mixed-use character, housing development in new buildings is encouraged above the second story. Existing residential units are protected by prohibitions of upper-story conversions, mergers, and limitations on demolitions. Per Section 207(c)(4) of this Code. Accessory ~~d~~Dwelling ~~u~~Units are permitted within the existing building envelope, but may not eliminate or reduce ground-story retail or commercial space ~~district pursuant to Subsection 207(e)(4) of this Code~~.

(1) NORTH BEACH OFF-STREET PARKING, RESIDENTIAL (Section 155(t))

Boundaries: *North Beach NCD*

Controls:

(a) Installing a garage in an existing residential building of four or more units requires a mandatory Discretionary Review by the Planning Commission; Section 311 notice is required for a building of less than four units. In approving installation of the garage, the Commission shall find that:

(i) the proposed garage opening/addition of off-street parking will not cause the "removal" or "conversion of residential unit," as those terms are defined in Section 317 of this Code;

(ii) the proposed garage opening/addition of off-street parking will not substantially decrease the livability of a dwelling unit without increasing the floor area in a commensurate amount;

(iii) the building has not had two or more "no-fault" evictions, as defined in 37.9(a)(7)-(13) of the San Francisco Administrative Code, with each eviction associated with a separate unit(s) within the past ten years.

(iv) the garage would not front on a public right-of-way narrower than 41 feet, and

(v) the proposed garage/addition of off-street parking installation is consistent with the Priority Policies of Section 101.1 of this Code.

(b) Prior to the Planning Commission hearing, or prior to issuance of notification under Section 311(c)(2) of this Code, the Planning Department shall require a signed affidavit by the project sponsor attesting to (1), (2), and (3) above, which the Department shall independently verify. The Department shall also have made a determination that the project complies with (4) and (5) above.

(2) NORTH BEACH WALK UP FACILITIES: *Walk-up facilities are NP in the District, including automated bank teller machines (ATMs).*

(3) *C required for 13 or more children.*

(4) *C required for seven or more persons.*

(B) a Restaurant could occupy a space that is currently or was last legally occupied by a Restaurant or Bar, and (C) a Limited Restaurant could occupy a space that is currently or was last legally occupied by a Limited Restaurant, Restaurant, or Bar.*

(6) NORTH BEACH LIQUOR LICENSES FOR RESTAURANTS (Section 780.3): *A Restaurant Use may only add ABC license types 47, 49 or 75 as a Conditional Use on the ground level if, in addition to the criteria set forth in Section 303, the Planning Commission finds that the Restaurant is operating as a Bona Fide Eating Place as defined in Section 790.142. Should a Restaurant fail to operate as a Bona Fide Eating Place for any length of time, the Conditional Use authorization shall be subject to immediate revocation. To verify that the Restaurant is continuing to operate as a Bona Fide Eating Place, records of the Restaurant's gross receipts, showing that a minimum of 51% of its gross receipts within the last year is from food sales prepared and sold to guests on the premises, shall be provided to the Department upon request. All records and information shall be submitted to the Department under penalty of perjury.*

SEC. 724. SACRAMENTO STREET NEIGHBORHOOD COMMERCIAL DISTRICT.

* * * *

The Sacramento Street District controls are designed to promote adequate growth opportunities for development that is compatible with the surrounding low-density residential neighborhood. The building standards monitor large-scale development and protect rear yards at the grade level and above. Most new commercial development is permitted at the first story; general retail uses are permitted at the second story only if such use would not involve conversion of any existing housing units. Special controls are designed to protect existing neighborhood-serving ground-story retail uses. New Health Medical Service uses, whether

Principal or Accessory, require a Conditional Use authorization on the ground story and are permitted above the ground story. Personal and business services are restricted at the ground story and prohibited on upper stories. Limits on new ground-story eating and drinking uses, as well as new entertainment and financial service uses, are intended to minimize the environmental impacts generated by the growth of such uses. The daytime orientation of the district is encouraged by prohibiting bars and restricting late-night commercial activity. New hotels and parking facilities are limited in scale and operation to minimize disruption to the neighborhood. Most new automobile and drive-up uses are prohibited to promote continuous retail frontage.

(3) UNION STREET RESTAURANTS: Applicability: The following controls apply to new uses as well to significant alterations, modifications, and intensifications of existing uses pursuant to § 178(c) of the Planning Code.

Controls: The Planning Commission may approve a Restaurant if, in addition to meeting the criteria set forth in Section 303, 1: the use is located on the ground floor, and 2: the Planning Commission finds that an additional Restaurant would not result in a net total of more than 44 Restaurants in the Union Street Neighborhood Commercial District. The Planning Department shall apply Article 7 zoning controls for Union Street Restaurants to Conditional Use authorizations required by Planning Code § 178, including but not limited to significant alterations, modifications, and intensifications of use. No new alcoholic beverage license type 47 or 49 shall be permitted in the Union Street NCD. Transfer of an existing license type 47 or 49 from an existing Restaurant located within the Union Street NCD to another Restaurant, new or existing, located within the Union Street NCD is permitted with Conditional Use authorization, consistent with the requirements of Planning Code Section 303.

SEC. 726. VALENCIA STREET PACIFIC AVENUE NEIGHBORHOOD COMMERCIAL TRANSIT DISTRICT.

~~The Valencia Street Commercial Transit District is located near the center of San Francisco in the Mission District. It lies along Valencia Street between 14th and Cesar Chavez (Army) Street, and includes a portion of 16th Street extending west toward Dolores Street. The commercial area provides a limited selection of convenience goods for the residents of sections of the Mission and Dolores Heights. Valencia Street also serves a wider trade area with its retail and wholesale home furnishings and appliance outlets. The commercial district also has several automobile-related businesses. Eating and drinking establishments contribute to the street's mixed-use character and activity in the evening hours. A number of upper-story professional and business offices are located in the district, some in converted residential units.~~

1 ~~The Valencia Street District has a pattern of large lots and businesses, as well as a sizable~~
2 ~~number of upper-story residential units. Controls are designed to permit moderate-scale buildings and~~
3 ~~uses, protecting rear yards above the ground story and at residential levels. New neighborhood-serving~~
4 ~~commercial development is encouraged mainly at the ground story. While offices and general retail~~
5 ~~sales uses may locate at the second story of new buildings under certain circumstances, most~~
6 ~~commercial uses are prohibited above the second story. In order to protect the balance and variety of~~
7 ~~retail uses and the livability of adjacent uses and areas, most eating and drinking and entertainment~~
8 ~~uses at the ground story are limited. Continuous retail frontage is promoted by prohibiting drive-up~~
9 ~~facilities, some automobile uses, and new nonretail commercial uses. Parking is not required, and any~~
10 ~~new parking is required to be set back or below ground. Active, pedestrian-oriented ground floor uses~~
11 ~~are required.~~

12 ~~Housing development in new buildings is encouraged above the ground story. Housing density~~
13 ~~is not controlled by the size of the lot but by requirements to supply a high percentage of larger units~~
14 ~~and by physical envelope controls. Existing residential units are protected by prohibitions on upper-~~
15 ~~story conversions and limitations on demolitions, mergers, and subdivisions. Given the area's central~~
16 ~~location and accessibility to the City's transit network, accessory parking for residential uses is not~~
17 ~~required. Accessory Dwelling Units are permitted within the district pursuant to Subsection 207(e)(4)~~
18 ~~of this Code.~~

19 The Pacific Avenue Neighborhood Commercial District, on Pacific Avenue from just east of
20 Polk Street to all four corners of Pacific Avenue and Jones Street, is situated on the north slope of the
21 Nob Hill neighborhood and south of the Broadway Tunnel. Pacific Avenue is a multi-purpose, small-
22 scale mixed-use neighborhood shopping district on a narrow street that provides limited convenience
23 goods to the adjacent neighborhoods.

24 The Pacific Avenue Neighborhood Commercial District controls are designed to promote a
25 small, neighborhood serving mixed-use commercial street that preserves the surrounding neighborhood

residential character. These controls are intended to preserve livability in a largely low-rise development residential neighborhood, enhance solar access on a narrow street right-of-way and protect residential rear yard patterns at the ground floor. Accessory Dwelling Units are permitted within the district pursuant to subsection 207(c)(4) of this Code.

1 **SEC. 727. RESERVED. ~~24TH STREET MISSION NEIGHBORHOOD COMMERCIAL~~**
2 **~~TRANSIT DISTRICT.~~**

3 ~~The 24th Street Mission Neighborhood Commercial Transit District is situated in the Inner~~
4 ~~Mission District on 24th Street between Bartlett Street and San Bruno Avenue. This mixed-use district~~
5 ~~provides convenience goods to its immediate neighborhood as well as comparison shopping goods and~~
6 ~~services to a wider trade area. The street has a great number of Latin American restaurants, grocery~~
7 ~~stores, and bakeries as well as other gift and secondhand stores. Most commercial businesses are open~~
8 ~~during the day while the district's bars and restaurants are also active in the evening. Dwelling units~~
9 ~~are frequently located above the ground-story commercial uses.~~

10 ~~The 24th Street Mission Neighborhood Commercial Transit District controls are designed to~~
11 ~~provide potential for new development consistent with the existing scale and character. Small-scale~~
12 ~~buildings and neighborhood-serving uses are encouraged, and rear yard corridors above the ground~~
13 ~~story and at residential levels are protected. Most commercial uses are encouraged at the ground story,~~
14 ~~while service uses are permitted with some limitations at the second story. Special controls are~~
15 ~~necessary to preserve the unique mix of convenience and specialty commercial uses. In order to~~
16 ~~maintain convenience stores and protect adjacent livability, new bars and fast food restaurants are~~
17 ~~prohibited, and limitations apply to the development and operation of ground-story full-service~~
18 ~~restaurants, take-out food and entertainment uses. Continuous retail frontage is maintained and~~
19 ~~encouraged by prohibiting most automobile and drive-up uses, banning curb cuts, and requiring active,~~
20 ~~pedestrian-oriented ground floor uses. Parking is not required, and any new parking required to be set~~
21 ~~back or below ground.~~

22 ~~Housing development in new buildings is encouraged above the ground story. Housing density~~
23 ~~is not controlled by the size of the lot but by requirements to supply a high percentage of larger units~~
24 ~~and by physical envelope controls. Existing housing units are protected by prohibitions on upper-story~~
25 ~~conversions and limitations on demolitions, mergers, and subdivisions. Given the area's central~~

location and accessibility to the City's transit network, accessory parking for residential uses is not required.

SEC. 731. ~~NCT-3~~ MODERATE-SCALE NORIEGA STREET-NEIGHBORHOOD COMMERCIAL ~~TRANSIT~~ DISTRICT.

~~NCT-3 Districts are transit-oriented moderate- to high-density mixed-use neighborhoods of varying scale concentrated near transit services. The NCT-3 Districts are mixed-use districts that support neighborhood-serving commercial uses on lower floors and housing above. These districts are well-served by public transit and aim to maximize residential and commercial opportunities on or near major transit services. The district's form can be either linear along transit-priority corridors, concentric around transit stations, or broader areas where transit services criss-cross the neighborhood. Housing density is limited not by lot area, but by the regulations on the built envelope of buildings, including height, bulk, setbacks, and lot coverage, and standards for residential uses, including open space and exposure, and urban design guidelines. Residential parking is not required and generally limited. Commercial establishments are discouraged or prohibited from building accessory off-street parking in order to preserve the pedestrian-oriented character of the district and prevent attracting auto traffic. There are prohibitions on access (i.e. driveways, garage entries) to off-~~

1 ~~street parking and loading on critical stretches of NC and transit streets to preserve and enhance the~~
2 ~~pedestrian-oriented character and transit function.~~

3 ~~NCT-3 Districts are intended in most cases to offer a wide variety of comparison and specialty~~
4 ~~goods and services to a population greater than the immediate neighborhood, additionally providing~~
5 ~~convenience goods and services to the surrounding neighborhoods. NCT-3 Districts include some of~~
6 ~~the longest linear commercial streets in the City, some of which have continuous retail development for~~
7 ~~many blocks. Large-scale lots and buildings and wide streets distinguish the districts from smaller-~~
8 ~~sealed commercial streets, although the districts may include small as well as moderately sealed lots.~~
9 ~~Buildings may range in height, with height limits varying from four to eight stories.~~

10 ~~NCT-3 building standards permit moderately large commercial uses and buildings. Rear yards~~
11 ~~are protected at residential levels.~~

12 ~~A diversified commercial environment is encouraged for the NCT-3 District, and a wide variety~~
13 ~~of uses are permitted with special emphasis on neighborhood-serving businesses. Eating and drinking,~~
14 ~~entertainment, and financial service uses generally are permitted with certain limitations at the first~~
15 ~~and second stories. Auto-oriented uses are somewhat restricted. Other retail businesses, personal~~
16 ~~services and offices are permitted at all stories of new buildings. Limited storage and administrative~~
17 ~~service activities are permitted with some restrictions.~~

18 ~~Housing development in new buildings is encouraged above the second story. Existing~~
19 ~~residential units are protected by limitations on demolitions and upper-story conversions. Accessory~~
20 ~~Dwelling Units are permitted within the district pursuant to Subsection 207(c)(4) of this Code.~~

21 The Noriega Street Neighborhood Commercial District is located in the Outer Sunset
22 neighborhood and includes the non-residential currently-zoned NC-2 properties fronting both sides of
23 Noriega Street between 19th and 27th and 30th through 33rd Avenues.

24 The District provides a selection of convenience goods and services for the residents of the
25 Outer Sunset District. There are a high concentration of restaurants, drawing customers from

1 throughout the City and the region. There are also a significant number of professional, realty, and
2 business offices as well as financial institutions.

3 The Noriega Street Neighborhood Commercial District controls are designed to promote
4 development that is consistent with its existing land use patterns and to maintain a harmony of uses that
5 support the District's vitality. The building standards allow small-scale buildings and uses, protecting
6 rear yards above the ground story and at residential levels. In new development, most commercial uses
7 are permitted at the first two stories, although certain limitations apply to uses at the second story.
8 Special controls are necessary to preserve the equilibrium of neighborhood-serving convenience and
9 comparison shopping businesses and to protect adjacent residential livability. To protect continuous
10 frontage, drive-up uses are prohibited and active, pedestrian-oriented ground floor uses generally must
11 be provided, unless such uses are authorized by Conditional Use. These controls are designed to
12 encourage the street's active retail frontage, and local fabrication and production of goods.

7 **SEC. 732. PACIFIC AVENUE IRVING STREET NEIGHBORHOOD COMMERCIAL**
8 **DISTRICT.**

9 ~~The Pacific Avenue Neighborhood Commercial District, on Pacific Avenue from just east of~~
10 ~~Polk Street to all four corners of Pacific Avenue and Jones Street, is situated on the north slope of the~~
11 ~~Nob Hill neighborhood and south of the Broadway Tunnel. Pacific Avenue is a multi-purpose, small-~~
12 ~~scale mixed-use neighborhood shopping district on a narrow street that provides limited convenience~~
13 ~~goods to the adjacent neighborhoods.~~

14 ~~The Pacific Avenue Neighborhood Commercial District controls are designed to promote a~~
15 ~~small, neighborhood serving mixed-use commercial street that preserves the surrounding neighborhood~~
16 ~~residential character. These controls are intended to preserve livability in a largely low-rise~~
17 ~~development residential neighborhood, enhance solar access on a narrow street right-of-way and~~
18 ~~protect residential rear yard patterns at the ground floor. Accessory dwelling units are permitted within~~
19 ~~the district pursuant to Subsection 207(c)(4) of this Code.~~

20 The Irving Street Neighborhood Commercial District is located in the Outer Sunset
21 neighborhood and includes the non-residential currently-zoned NC-2 properties fronting both sides of
22 Irving Street between 19th and 27th Avenues. The District provides a selection of convenience goods
23 and services for the residents of the Outer Sunset District. There are a high concentration of
24 restaurants, drawing customers from throughout the City and the region. There are also a significant
25 number of professional, realty, and business offices as well as financial institutions.

The Irving Street Neighborhood Commercial District controls are designed to promote
 development that is consistent with its existing land use patterns and to maintain a harmony of uses that

support the District's vitality. The building standards allow small-scale buildings and uses, protecting rear yards above the ground story and at residential levels. In new development, most commercial uses are permitted at the first two stories, although certain limitations apply to uses at the second story. Special controls are necessary to preserve the equilibrium of neighborhood-serving convenience and comparison shopping businesses and to protect adjacent residential livability. These controls are designed to encourage the street's active retail frontage, and local fabrication and production of goods.

SEC. 733. UPPER MARKET TARAVAL STREET NEIGHBORHOOD COMMERCIAL TRANSIT DISTRICT.

The Upper Market Street Neighborhood Commercial Transit District is located on Market Street from Church to Noe Streets, and on side streets off Market. Upper Market Street is a multi-purpose commercial district that provides limited convenience goods to adjacent neighborhoods, but

1 ~~also serves as a shopping street for a broader trade area. A large number of offices are located on~~
2 ~~Market Street within easy transit access to downtown. The width of Market Street and its use as a major~~
3 ~~arterial diminish the perception of the Upper Market Street Transit District as a single commercial~~
4 ~~district. The street appears as a collection of dispersed centers of commercial activity, concentrated at~~
5 ~~the intersections of Market Street with secondary streets.~~

6 ~~This district is well served by transit and is anchored by the Market Street subway (with stations~~
7 ~~at Church Street and Castro Street) and the F-Market historic streetcar line. All light-rail lines in the~~
8 ~~City traverse the district, including the F, J, K, L, M, and N, and additional key cross-town transit~~
9 ~~service crosses Market Street at Fillmore and Castro Streets. Additionally, Market Street is a primary~~
10 ~~bicycle corridor. Housing density is limited not by lot area, but by the regulations on the built envelope~~
11 ~~of buildings, including height, bulk, setbacks, and lot coverage, and standards for residential uses,~~
12 ~~including open space and exposure, and urban design guidelines. Residential parking is not required~~
13 ~~and generally limited. Commercial establishments are discouraged or prohibited from building~~
14 ~~accessory off-street parking in order to preserve the pedestrian-oriented character of the district and~~
15 ~~prevent attracting auto traffic. There are prohibitions on access (i.e. driveways, garage entries) to off-~~
16 ~~street parking and loading on Market and Church Streets to preserve and enhance the pedestrian-~~
17 ~~oriented character and transit function.~~

18 ~~The Upper Market Street district controls are designed to promote moderate-scale development~~
19 ~~which contributes to the definition of Market Street's design and character. They are also intended to~~
20 ~~preserve the existing mix of commercial uses and maintain the livability of the district and its~~
21 ~~surrounding residential areas. Large-lot and use development is reviewed for consistency with existing~~
22 ~~development patterns. Rear yards are protected at all levels. To promote mixed-use buildings, most~~
23 ~~commercial uses are permitted with some limitations above the second story. In order to maintain~~
24 ~~continuous retail frontage and preserve a balanced mix of commercial uses, ground-story~~
25 ~~neighborhood-serving uses are encouraged, and eating and drinking, entertainment, and financial~~

1 ~~service uses are limited. Ground floor commercial space is required along Market and Church Streets.~~
2 ~~Most automobile and drive-up uses are prohibited or conditional.~~

3 ~~Housing development in new buildings is encouraged above the second story. Existing upper-~~
4 ~~story residential units are protected by limitations on demolitions and upper-story conversions.~~
5 ~~Accessory Dwelling Units are permitted within the district pursuant to Subsection 207(e)(4) of this~~
6 ~~Code.~~

7 The Taraval Street Neighborhood Commercial District is located in the Outer Sunset
8 neighborhood and includes the non-residential currently-zoned NC-2 properties fronting both sides of
9 Taraval Street from 19th through 36th Avenues. The District provides a selection of convenience goods
10 and services for the residents of the Outer Sunset District. There are a high concentration of
11 restaurants, drawing customers from throughout the City and the region. There are also a significant
12 number of professional, realty, and business offices as well as financial institutions.

13 The Taraval Street Neighborhood Commercial District controls are designed to promote
14 development that is consistent with its existing land use patterns and to maintain a harmony of uses that
15 support the District's vitality. The building standards allow small-scale buildings and uses, protecting
16 rear yards above the ground story and at residential levels. In new development, most commercial uses
17 are permitted at the first two stories, although certain limitations apply to uses at the second story.
18 Special controls are necessary to preserve the equilibrium of neighborhood-serving convenience and
19 comparison shopping businesses and to protect adjacent residential livability. These controls are
20 designed to encourage the street's active retail frontage, and local fabrication and production of goods.

SEC. 733A. NCT-1 NEIGHBORHOOD COMMERCIAL TRANSIT CLUSTER DISTRICT.

NC-1 Districts are intended to serve as local neighborhood shopping districts, providing convenience retail goods and services for the immediately surrounding neighborhoods primarily during daytime hours. NCT-1 Districts are located near major transit services. They are small mixed-use clusters, generally surrounded by residential districts, with small-scale neighborhood-serving commercial uses on lower floors and housing above. Housing density is limited not by lot area, but by the regulations on the built envelope of buildings, including height, bulk, setbacks, and lot coverage, and standards for residential uses, including open space and exposure, and urban design guidelines. There are prohibitions on access (i.e. driveways, garage entries) to off-street parking and loading on critical stretches of commercial and transit street frontages to preserve and enhance the pedestrian-oriented character and transit function. Residential parking is not required and generally limited.

~~Commercial establishments are discouraged from building excessive accessory off-street parking in order to preserve the pedestrian-oriented character of the district and prevent attracting auto traffic.~~

~~NCT-1 Districts are generally characterized by their location in residential neighborhoods. The commercial intensity of these districts varies. Many of these districts have the lowest intensity of commercial development in the City, generally consisting of small clusters with three or more commercial establishments, commonly grouped around a corner; and in some cases short linear commercial strips with low-scale, interspersed mixed-use (residential-commercial) development. Building controls for the NCT-1 District promote low-intensity development which is compatible with the existing scale and character of these neighborhood areas. Commercial development is limited to one story. Rear yard requirements at all levels preserve existing backyard space.~~

~~NCT-1 commercial use provisions encourage the full range of neighborhood-serving convenience retail sales and services at the first story provided that the use size generally is limited to 3,000 square feet. However, commercial uses and features which could impact residential livability are prohibited, such as auto uses, financial services, general advertising signs, drive-up facilities, hotels, and late-night activity; eating and drinking establishments are restricted, depending upon the intensity of such uses in nearby commercial districts.~~

~~Existing residential units are protected by prohibitions of conversions above the ground story and limitations on demolitions.~~

SEC. 734. ~~NCT-2~~ SMALL SCALE JUDAH STREET NEIGHBORHOOD COMMERCIAL TRANSIT DISTRICT.

~~NCT-2 Districts are transit-oriented mixed-use neighborhoods with small-scale commercial uses near transit services. The NCT-2 Districts are mixed-use districts that support neighborhood-serving commercial uses on lower floors and housing above. These Districts are well-served by public transit and aim to maximize residential and commercial opportunities on or near major transit~~

1 ~~services. The District's form is generally linear along transit priority corridors, though may be~~
2 ~~concentric around transit stations or in broader areas where multiple transit services criss-cross the~~
3 ~~neighborhood. Housing density is limited not by lot area, but by the regulations on the built envelope of~~
4 ~~buildings, including height, bulk, setbacks, and lot coverage, and standards for residential uses,~~
5 ~~including open space and exposure, and urban design guidelines. There are prohibitions on access~~
6 ~~(e.g., driveways, garage entries) to off-street parking and loading on critical stretches of commercial~~
7 ~~and transit street frontages to preserve and enhance the pedestrian-oriented character and transit~~
8 ~~function. Residential parking is not required and generally limited. Commercial establishments are~~
9 ~~discouraged from building excessive accessory off-street parking in order to preserve the pedestrian-~~
10 ~~oriented character of the district and prevent attracting auto traffic.~~

11 ~~NCT-2 Districts are intended to provide convenience goods and services to the surrounding~~
12 ~~neighborhoods as well as limited comparison shopping goods for a wider market. The range of~~
13 ~~comparison goods and services offered is varied and often includes specialty retail stores, restaurants,~~
14 ~~and neighborhood serving offices. The small-scale district controls provide for mixed-use buildings,~~
15 ~~which approximate or slightly exceed the standard development pattern. Rear yard requirements above~~
16 ~~the ground story and at residential levels preserve open space corridors of interior blocks.~~

17 ~~Most new commercial development is permitted at the ground and second stories.~~
18 ~~Neighborhood-serving businesses are strongly encouraged. Eating and drinking and entertainment~~
19 ~~uses, however, are confined to the ground story. The second story may be used by some retail stores,~~
20 ~~personal services, and medical, business and professional offices. Parking and hotels are monitored at~~
21 ~~all stories. Limits on late-night activity, drive-up facilities, and other automobile uses protect the~~
22 ~~livability within and around the district, and promote continuous retail frontage.~~

23 ~~Housing development in new buildings is encouraged above the ground story. Existing~~
24 ~~residential units are protected by limitations on demolition and upper-story conversions.~~
25

The Judah Street Neighborhood Commercial District is located in the Outer Sunset neighborhood and includes the non-residential currently-zoned NC-2 properties fronting both sides of Judah Street from 29th through 33rd Avenues. The District provides a selection of convenience goods and services for the residents of the Outer Sunset District. There are a high concentration of restaurants, drawing customers from throughout the City and the region. There are also a significant number of professional, realty, and business offices as well as financial institutions.

The Judah Street Neighborhood Commercial District controls are designed to promote development that is consistent with its existing land use patterns and to maintain a harmony of uses that support the District's vitality. The building standards allow small-scale buildings and uses, protecting rear yards above the ground story and at residential levels. In new development, most commercial uses are permitted at the first two stories, although certain limitations apply to uses at the second story. Special controls are necessary to preserve the equilibrium of neighborhood-serving convenience and comparison shopping businesses and to protect adjacent residential livability. These controls are designed to encourage the street's active retail frontage, and local fabrication and production of goods.

SEC. 750. NCT-1 – NEIGHBORHOOD COMMERCIAL TRANSIT CLUSTER DISTRICT.

NC-1 Districts are intended to serve as local neighborhood shopping districts, providing convenience retail goods and services for the immediately surrounding neighborhoods primarily during daytime hours. NCT-1 Districts are located near major transit services. They are small mixed-use clusters, generally surrounded by residential districts, with small-scale neighborhood-serving commercial uses on lower floors and housing above. Housing density is limited not by lot area, but by the regulations on the built envelope of buildings, including height, bulk, setbacks, and lot coverage, and standards for residential uses, including open space and exposure, and urban design guidelines. There are prohibitions on access (i.e. driveways, garage entries) to off-street parking and loading on critical stretches of commercial and transit street frontages to preserve and enhance the pedestrian-oriented character and transit function. Residential parking is not required and generally limited. Commercial establishments are discouraged from building excessive accessory off-street parking in order to preserve the pedestrian-oriented character of the district and prevent attracting auto traffic.

NCT-1 Districts are generally characterized by their location in residential neighborhoods. The commercial intensity of these districts varies. Many of these districts have the lowest intensity of commercial development in the City, generally consisting of small clusters with three or more commercial establishments, commonly grouped around a corner; and in some cases short linear commercial strips with low-scale, interspersed mixed-use (residential-commercial) development. Building controls for the NCT-1 District promote low-intensity development which is compatible with the existing scale and character of these neighborhood areas. Commercial development is limited to one story. Rear yard requirements at all levels preserve existing backyard space.

NCT-1 commercial use provisions encourage the full range of neighborhood-serving convenience retail sales and services at the First Story provided that the Use Size generally is limited to 3,000 square feet. However, commercial uses and features which could impact residential livability are prohibited, such as auto uses, financial services, general advertising signs, drive-up facilities, hotels, and late-night activity; eating and drinking establishments are restricted, depending upon the intensity of such uses in nearby commercial districts.

Existing residential units are protected by prohibitions of conversions above the ground story and limitations on demolitions.

SEC. 751. NCT-2 – SMALL-SCALE NEIGHBORHOOD COMMERCIAL TRANSIT DISTRICT.

NCT-2 Districts are transit-oriented mixed-use neighborhoods with small scale commercial uses near transit services. The NCT-2 Districts are mixed use districts that support neighborhood-serving commercial uses on lower floors and housing above. These Districts are well-served by public transit and aim to maximize residential and commercial opportunities on or near major transit services. The District's form is generally linear along transit-priority corridors, though may be concentric around transit stations or in broader areas where multiple transit services criss-cross the neighborhood. Housing density is limited not by lot area, but by the regulations on the built envelope of buildings, including height, bulk, setbacks, and lot coverage, and standards for residential uses, including open space and exposure, and urban design guidelines. There are prohibitions on access (e.g., driveways, garage entries) to off-street parking and loading on critical stretches of commercial and transit street frontages to preserve and enhance the pedestrian-oriented character and transit function. Residential parking is not required and generally limited. Commercial establishments are

discouraged from building excessive accessory off-street parking in order to preserve the pedestrian-oriented character of the district and prevent attracting auto traffic.

NCT-2 Districts are intended to provide convenience goods and services to the surrounding neighborhoods as well as limited comparison shopping goods for a wider market. The range of comparison goods and services offered is varied and often includes specialty retail stores, restaurants, and neighborhood-serving offices. The small-scale district controls provide for mixed-use buildings, which approximate or slightly exceed the standard development pattern. Rear yard requirements above the ground story and at residential levels preserve open space corridors of interior blocks.

Most new commercial development is permitted at the ground and second stories. Neighborhood-serving businesses are strongly encouraged. Eating and drinking and entertainment uses, however, are confined to the ground story. The second story may be used by some retail stores, personal services, and medical, business and professional offices. Parking and hotels are monitored at all stories. Limits on late-night activity, drive-up facilities, and other automobile uses protect the livability within and around the district, and promote continuous retail frontage.

Housing development in new buildings is encouraged above the ground story. Existing residential units are protected by limitations on demolition and upper-story conversions.

SEC. 752. NCT-3 – MODERATE-SCALE NEIGHBORHOOD COMMERCIAL TRANSIT

DISTRICT.

NCT-3 Districts are transit-oriented moderate- to high-density mixed-use neighborhoods of varying scale concentrated near transit services. The NCT-3 Districts are mixed use districts that support neighborhood-serving commercial uses on lower floors and housing above. These districts are well-served by public transit and aim to maximize residential and commercial opportunities on or near major transit services. The district's form can be either linear along transit-priority corridors, concentric around transit stations, or broader areas where transit services criss-cross the neighborhood. Housing density is limited not by lot area, but by the regulations on the built envelope of buildings, including height, bulk, setbacks, and lot coverage, and standards for Residential Uses, including open space and exposure, and urban design guidelines. Residential parking is not required and generally limited. Commercial establishments are discouraged or prohibited from building accessory off-street parking in order to preserve the pedestrian-oriented character of the district and prevent attracting auto traffic. There are prohibitions on access (i.e. driveways, garage entries) to off-street parking and loading on critical stretches of NC and transit streets to preserve and enhance the pedestrian-oriented character and transit function.

NCT-3 Districts are intended in most cases to offer a wide variety of comparison and specialty goods and services to a population greater than the immediate neighborhood, additionally providing convenience goods and services to the surrounding neighborhoods. NCT-3 Districts include some of the longest linear commercial streets in the City, some of which have continuous retail development for many blocks. Large-scale lots and buildings and wide streets distinguish the districts from smaller-scaled commercial streets, although the districts may include small as well as moderately scaled lots. Buildings may range in height, with height limits varying from four to eight stories.

NCT-3 building standards permit moderately large commercial uses and buildings. Rear yards are protected at residential levels.

A diversified commercial environment is encouraged for the NCT-3 District, and a wide variety of uses are permitted with special emphasis on neighborhood-serving businesses. Eating and drinking, entertainment, and financial service uses generally are permitted with certain limitations at the first and second stories. Auto-oriented uses are somewhat restricted. Other retail businesses, personal services and offices are permitted at all stories of new buildings. Limited storage and administrative service activities are permitted with some restrictions.

Housing development in new buildings is encouraged above the second story. Existing residential units are protected by limitations on demolitions and upper-story conversions. Accessory Dwelling Units are permitted within the district pursuant to subsection 207(c)(4) of this Code.

10 **SEC. 761. HAYES-GOUGH NEIGHBORHOOD COMMERCIAL TRANSIT DISTRICT.**

11 The Hayes-Gough Neighborhood Commercial Transit District is located within walking
12 distance of the Civic Center, lying west of Franklin Street and east of Laguna Street, with its southern
13 edge generally at Lily Street, with an extension south along both sides of Octavia Boulevard to Market
14 Street. This mixed-use commercial district contains a limited range of retail commercial activity, which
15 primarily caters to the immediate need of the neighborhood. The few comparison goods that it does
16 provide attract clientele from a wider area outside its neighborhood, mostly the Performing Arts and
17 Civic Center workers and visitors. There are a number of restaurants and art galleries, but other types
18 of retail activity are limited.

19 The Hayes-Gough District controls are designed to allow for growth and expansion that is
20 compatible with the existing building and use scales. Building standards protect the moderate building
21 and Use Size and require rear yards at residential levels. To maintain the mixed-use character of the
22 district, most commercial uses are permitted at the first and second stories and housing is strongly
23 encouraged at the third story and above. In order to encourage lively pedestrian-oriented commercial
24 activity, but restrict certain sensitive and problematic uses, eating and drinking, and entertainment uses
25 are directed to the ground story. Retail sales activity, especially neighborhood-serving businesses, is
further promoted by restricting new ground-story medical, business and professional offices. To protect
continuous frontage, drive-up and most automobile uses are prohibited, above-ground parking is

required to be setback or below ground, and active, pedestrian-oriented ground floor uses are required on Hayes Street and portions of Octavia Boulevard.

Housing development in new buildings is encouraged above the second story, and is controlled not by lot area but by physical envelope controls. Existing residential units are protected by limitations on demolitions, mergers, subdivisions, and upper-story conversions. Given the area's central location and accessibility to the downtown and to the City's transit network, accessory parking for Residential Uses is not required. The code controls for this district are supported and augmented by design guidelines and policies in the Market and Octavia Area Plan of the General Plan.

SEC. 762. VALENCIA STREET NEIGHBORHOOD COMMERCIAL TRANSIT DISTRICT.

The Valencia Street Commercial Transit District is located near the center of San Francisco in the Mission District. It lies along Valencia Street between 14th and Cesar Chavez (Army) Street, and includes a portion of 16th Street extending west toward Dolores Street. The commercial area provides a limited selection of convenience goods for the residents of sections of the Mission and Dolores Heights. Valencia Street also serves a wider trade area with its retail and wholesale home furnishings and appliance outlets. The commercial district also has several automobile-related businesses. Eating and drinking establishments contribute to the street's mixed-use character and activity in the evening hours. A number of upper-story professional and business offices are located in the district, some in converted residential units.

The Valencia Street District has a pattern of large lots and businesses, as well as a sizable number of upper-story residential units. Controls are designed to permit moderate-scale buildings and uses, protecting rear yards above the ground story and at residential levels. New neighborhood-serving commercial development is encouraged mainly at the ground story. While offices and general retail sales uses may locate at the second story of new buildings under certain circumstances, most commercial uses are prohibited above the second story. In order to protect the balance and variety of retail uses and the livability of adjacent uses and areas, most eating and drinking and entertainment uses at the ground story are limited. Continuous retail frontage is promoted by prohibiting drive-up facilities, some automobile uses, and new nonretail commercial uses. Parking is not required, and any

new parking is required to be set back or below ground. Active, pedestrian-oriented ground floor uses are required.

Housing development in new buildings is encouraged above the ground story. Housing density is not controlled by the size of the lot but by requirements to supply a high percentage of larger units and by physical envelope controls. Existing residential units are protected by prohibitions on upper-story conversions and limitations on demolitions, mergers, and subdivisions. Given the area's central location and accessibility to the City's transit network, accessory parking for Residential Uses is not required. Accessory Dwelling Units are permitted within the district pursuant to subsection 207(c)(4) of this Code.

13 **SEC. 763. 24TH STREET – MISSION NEIGHBORHOOD COMMERCIAL TRANSIT DISTRICT.**

14 The 24th Street – Mission Neighborhood Commercial Transit District is situated in the Inner
15 Mission District on 24th Street between Bartlett Street and San Bruno Avenue. This mixed-use district
16 provides convenience goods to its immediate neighborhood as well as comparison shopping goods and
17 services to a wider trade area. The street has a great number of Latin American restaurants, grocery
18 stores, and bakeries as well as other gift and secondhand stores. Most commercial businesses are open
19 during the day while the district's bars and restaurants are also active in the evening. Dwelling Units
20 are frequently located above the ground-story commercial uses.

21 The 24th Street – Mission Neighborhood Commercial Transit District controls are designed to
22 provide potential for new development consistent with the existing scale and character. Small-scale
23 buildings and neighborhood-serving uses are encouraged, and rear yard corridors above the ground
24 story and at residential levels are protected. Most commercial uses are encouraged at the ground story,
25 while service uses are permitted with some limitations at the second story. Special controls are
necessary to preserve the unique mix of convenience and specialty commercial uses. In order to
maintain convenience stores and protect adjacent livability, new bars and fast-food restaurants are
prohibited, and limitations apply to the development and operation of ground-story full-service
restaurants, take-out food and entertainment uses. Continuous retail frontage is maintained and
encouraged by prohibiting most automobile and drive-up uses, banning curb cuts, and requiring active.

pedestrian-oriented ground floor uses. Parking is not required, and any new parking required to be set back or below ground.

Housing development in new buildings is encouraged above the ground story. Housing density is not controlled by the size of the lot but by requirements to supply a high percentage of larger units and by physical envelope controls. Existing housing units are protected by prohibitions on upper-story conversions and limitations on demolitions, mergers, and subdivisions. Given the area's central location and accessibility to the City's transit network, accessory parking for Residential Uses is not required.

7 **SEC. 764. UPPER MARKET STREET NEIGHBORHOOD COMMERCIAL TRANSIT DISTRICT.**

8 The Upper Market Street Neighborhood Commercial Transit District is located on Market
9 Street from Church to Noe Streets, and on side streets off Market. Upper Market Street is a multi-
10 purpose commercial district that provides limited convenience goods to adjacent neighborhoods, but
11 also serves as a shopping street for a broader trade area. A large number of offices are located on
12 Market Street within easy transit access to downtown. The width of Market Street and its use as a major
13 arterial diminish the perception of the Upper Market Street Transit District as a single commercial
14 district. The street appears as a collection of dispersed centers of commercial activity, concentrated at
15 the intersections of Market Street with secondary streets.

16 This district is well served by transit and is anchored by the Market Street subway (with stations
17 at Church Street and Castro Street) and the F-Market historic streetcar line. All light-rail lines in the
18 City traverse the district, including the F, J, K, L, M, and N, and additional key cross-town transit
19 service crosses Market Street at Fillmore and Castro Streets. Additionally, Market Street is a primary
20 bicycle corridor. Housing density is limited not by lot area, but by the regulations on the built envelope
21 of buildings, including height, bulk, setbacks, and lot coverage, and standards for Residential Uses,
22 including open space and exposure, and urban design guidelines. Residential parking is not required
23 and generally limited. Commercial establishments are discouraged or prohibited from building
24 accessory off-street parking in order to preserve the pedestrian-oriented character of the district and
25 prevent attracting auto traffic. There are prohibitions on access (i.e. driveways, garage entries) to off-
street parking and loading on Market and Church Streets to preserve and enhance the pedestrian-
oriented character and transit function.

The Upper Market Street district controls are designed to promote moderate-scale development which contributes to the definition of Market Street's design and character. They are also intended to preserve the existing mix of commercial uses and maintain the livability of the district and its surrounding residential areas. Large-lot and use development is reviewed for consistency with existing development patterns. Rear yards are protected at all levels. To promote mixed-use buildings, most commercial uses are permitted with some limitations above the second story. In order to maintain continuous retail frontage and preserve a balanced mix of commercial uses, ground-story neighborhood-serving uses are encouraged, and eating and drinking, entertainment, and financial service uses are limited. Ground floor-commercial space is required along Market and Church Streets. Most automobile and drive-up uses are prohibited or conditional.

Housing development in new buildings is encouraged above the second story. Existing upper-story residential units are protected by limitations on demolitions and upper-story conversions. Accessory Dwelling Units are permitted within the district pursuant to subsection 207(c)(4) of this Code.

8 (a) Purpose. There is an unusually large number of establishments dispensing
9 alcoholic beverages, including beer and wine, for both on-site and off-site consumption in the

13 establishments selling alcoholic beverages in an area may therefore contribute to the
14 deterioration of the neighborhood and to the concomitant devaluation of property and
15 destruction of community values and quality of life. These effects contribute to peace, health,
16 safety and general welfare problems in these areas, including loitering, littering, public
17 drunkenness, driving while intoxicated, defacement and damaging of structures, pedestrian
18 obstructions, as well as traffic circulation, parking and noise problems on public streets and
19 neighborhood lots, and other nuisance activities. The existence of such problems creates

22 visitors to the area.

LEGISLATIVE DIGEST

[Planning Code - Article 7 Reorganization; Technical and Other Amendments]

Ordinance amending the Planning Code to reorganize Article 7 and to update, correct, clarify, and simplify Code language in other Planning Code Sections; requiring Conditional Use authorization for Bars, and Liquor Stores on the first floor in the Noriega, Irving, Taraval, and Judah Neighborhood Commercial Districts (“NCDs”); enacting permanent controls requiring Conditional Use authorization for Medical Cannabis Dispensaries in the Noriega, Irving, Taraval, and Judah NCDs; require Conditional Use authorization for Personal Services on the second floor in the Noriega, Irving, Taraval, and Judah NCDs; prohibit Kennels, Large Scale Urban Agriculture, Business Hours from 2 a.m. to 6 a.m., and the demolition or merge of units on the second story and above in the North Beach NCD; preserve the small storefronts, street frontage and prohibit vehicular access on certain streets within the North Beach NCD and “SUD”); create the definition of Special Food Manufacturing and amending the Eating and Drinking Controls for the North Beach SUD; affirming the Planning Department’s determination under the California Environmental Quality Act; making findings of consistency with the General Plan, and the eight priority policies of Planning Code, Section 101.1; and adopting findings of public convenience, necessity, and welfare under Planning Code, Section 302.

Existing Law

Article 7 establishes a number of general and named Neighborhood Commercial (NC) and Neighborhood Commercial Transit (NCT) Districts as well as some Subdistricts and Restricted Use Districts. Land use controls, development standards, and density controls for each District are outlined in a Zoning Control Table. Specific uses are defined in Sections 790.2 through 790.142. Other sections of the Planning Code that are applicable to Neighborhood Commercial Districts are listed in Section 799.

Amendments to Current Law

This ordinance is one of two interrelated ordinances that reorganize and update Article 7 of the Planning Code. Because the two ordinances are interrelated, the amendments made by this ordinance will not go into effect unless the companion ordinance is also enacted and in effect.

This ordinance reorganizes Article 7, revises all the Article 7 Zoning Control Tables to match the format of the Tables in Article 2, and makes technical and substantive amendments to applicable sections in other Articles to update, correct, clarify, and simplify language. The companion ordinance deletes all the current Article 7 zoning control tables, the definitions that were added to Section 102 in the Article 2 reorganization legislation but temporarily left in

Article 7, and other text that became outdated with the enactment of the Article 2 reorganization legislation.

All the proposed amendments – both technical and substantive -- are detailed and explained in the Executive Summary that was prepared for the Planning Commission hearing by Department staff, which will be transmitted to the Board as part of the legislative package. The Executive Summary describes the Main Amendments, the Definition Changes, the specific amendments to the Sunset Neighborhood Commercial District (NCD), the co-terminous North Beach NCD and North Beach Special Use District, and an amendment to the Broadway NCD.

Background Information

In 2013, the Planning Department initiated a Code Reorganization Project. The goal of the Project is to restructure the Planning Code so that it is easier to read, understand, and use. Phase 1 consolidated all use definitions and definitions that are used universally throughout the Code into Section 102 of the Code. It also reorganized Article 2 by creating zoning control tables for Residential, Downtown, and Industrial zoning districts that are similar to those in Article 7 but modified to reduce their length and complexity and to be less confusing to the public. The Planning Commission unanimously recommended Phase 1 of the Project to the Board in October of 2014, and it was enacted in February, 2015 by Ordinance No. 022-15.

This ordinance together with its companion ordinance constitute Phase 2 of the Code Reorganization Project. It reorganizes Article 7 so that the NC and NCT Districts use the consolidated definitions in Section 102 created in Phase 1, updates the format of the zoning control tables to match those in Article 2, and makes technical and other amendments to various Code sections. The Project's final phase will reorganize Article 8.
