Subject: The Apothecarium And Jean Quan
Date: Monday, October 02, 2017 7:30:36 PM
Attachments: [map 300 ft radius home owners signatures7-20-17.doc](#)
[SCAN0137.PDF](#)

Dear Supervisors,

Former Mayor Oakland Jean Quan has been reaching out the media to be the liaison of the 2505 Noriega Apothecarium MCD showing her Physician husband Dr. Huen who has compassion to their patients who need marijuana for medical use. However, they don't have the compassion for the elderlies who need their little community free from marijuana. This location is dangerous to public especially to our elderlies who are at her age. It is the location where is easy exposed to our next generation who are attending after school program, summer camp & pre-school children.

Based on Oakland crime data, she is an irresponsible person & unqualified leader as the mayor of Oakland. She never cares public safety. Even when she was a mayor in Oakland from 2011 to 2015, the crime rate city wide under her leadership went up considerably, and herself is a careless driver, running into red lights and putting other drivers, pedestrians and community in danger.

She showed no respect to our little community when she was absent from the first meeting at the Taraval Police Station. She cancelled the 2nd meeting at the Ortega library in the very last minute. Instead Apothecarium MCD team had a rally with handful of LGBT calling us "hate group". They attacked us again & again that we have no compassion to patients need. As a matter of fact, we know that there are registered MCD delivery services on 46th Ave & Irving & a long term MCD on Ocean Ave. which is 1.2 miles away from Sunset District. This project sponsor is very divisive to our peaceful communities where everybody is welcomed.

Over 72% or 65 out of 90 home owners within 300 ft radius don't want the MCD. 38 out of 40 small merchants on Noriega St are strongly opposing MCD coming to our community at this location on 2505 Noriega St. It has nothing to do with the cultural barrier as she said in the public on 7/13/17. In any perspect, they refuse to listen to our voice & most importantly, they don't respect our community, they did create hatred among the communities between Sunset neighborhood & LGBT community. We are not politically well connected or financially resourceful but we are a united & harmonious neighborhood where crime rate is relatively low. We are proud to live in such a safe community.

Supervisors, we need to stick with the issue on Conditional Use Review & the voices of the community especially the adjacent neighbors who oppose it again in the appeal hearing. Attached are the signatures of the 300 ft radius who are still saying: "No means No!"

Best regards,

Lisa
32 years Sunset Resident
Sunset Parents Club

Following is the 2011 (her year 1 as an Oakland mayor) data.

	YTD % Change
Murder - 187(A) PC	+14%
Aggravated Assault	

-- Firearm - 245(A)(2) PC	+24%
-- Firearm - Other	+13%

ARTICLE 6

Powers, Duties and Meetings of Partners

6.1 Powers of General Partner. Subject to the restrictions and limitations of the Agreement and applicable law, the General Partner shall have the right and power to manage the business and affairs of the Partnership with all powers necessary, advisable or convenient to that end. The General Partner, on behalf of the Partnership, without the consent of any Limited Partner, except as specifically provided below or otherwise in this Agreement, may:

a. Acquire, hold, sell, exchange, lease or otherwise dispose of any real property and personal and mixed property associated therewith;

b. Borrow money required for the Partnership's business, including borrowing from the General Partner, and secure the repayment of such borrowing by executing mortgages or deeds of trust, pledging or otherwise encumbering all or any part of the property of the Partnership, and refund, refinance and extend the maturity of any indebtedness created by such borrowing, all on such terms and conditions as the General Partner, exercising sole discretion, shall approve.

c. Employ on behalf of the Partnership such persons, firms or corporations as the General Partner, exercising sole discretion, deems advisable for the proper operation of the business of the Partnership including any General Partner as a day-to-day manager of its activities upon terms and for such compensation as the General Partner, exercising sole judgment, shall determine;

d. Enter into contracts as the business of the Partnership may, in the judgment of the General Partner, reasonably require;

e. Assist, whenever deemed advisable in the judgment of the General Partner, in the defense of any asserted deficiency in federal or state income tax reported by a Limited Partner and related to the operations of the Partnership, as the "Tax Matters Partner" for U.S. Federal tax purposes;

f. Enter into any transaction authorized herein, with any Affiliate of the General Partner, provided that any such transaction shall be on terms that are fair and reasonable and on terms not less favorable to the Partnership than the terms for transactions reasonably available from unrelated persons, provided that with any purchase of goods or property from the General Partner, or any affiliate of the General Partner, the General Partner on behalf of the Partnership shall not pay a price in excess of the price available for comparable goods or property from independent sources and the General Partner shall at all

Subject: 2505 Noriega St. MCD: Prop 64 & local neighbors voices
Date: Monday, October 02, 2017 3:13:46 PM
Attachments: [Sunset Voting.xls](#)

Dear Supervisors,

The approval of the 2505 Noriega St. MCD 5:1 by Planning Commissioners have been very shocking to me. Here is my understanding & I hope you can hear us who are living there 24/7.

According to the Project Sponsor,

"Sunset voters approved Proposition 215 (legalizing medical marijuana) with 66 percent support (13,992 votes, per the City's Department of Elections) -- suggesting widespread support for medical marijuana in the immediate community.

This past November, Sunset voters approved increasing access to marijuana by supporting Proposition 64 with 58 percent support (compared to just 37 percent opposed). That's 20,014 Sunset voters who supported greater access to marijuana just last November."

Update:

As of July 13, 2017, the Planning Commission hearing date, there were total of 3,855 local residents from the zip codes of 94122 and 94116, which are the surrounding areas of the proposed MCD site at 2505 Noriega Street, expressed their positions on whether or not the MCD should be opened at that location. The selection was overwhelmingly clear with 83.66% opposing (compared to just 16.34% supported).

The percentage of opposing the proposed MCD at 2505 Noriega was far outweighing the percentage of supporting Prop 215 and Prop 64.

Therefore, here is the true color of the Sunset. **We supported statewide Prop 215 and Prop 64, but we opposed opening a MCD at 2505 Noriega Street.**

As today's hearing is not for Prop 215, not for Prop 64, it **IS** for the MCD at 2505 Noriega Street.

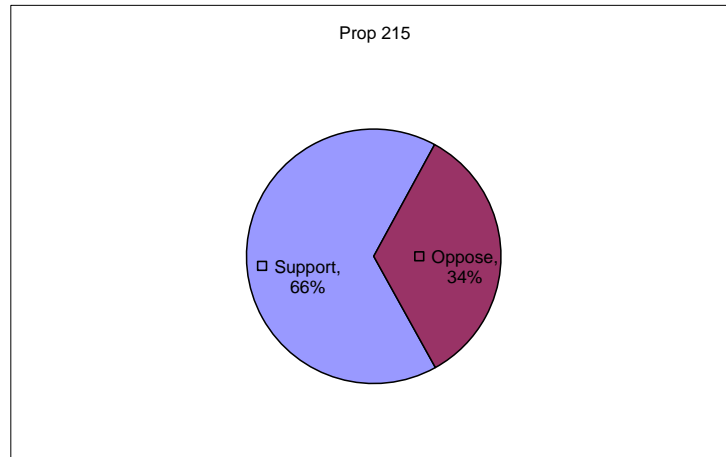

So, Dear Supervisors, are you listening? Please respect Sunset residents' choices and reject the application of the MCD at 2505 Noriega Street.

If you still insist to honor the minority voters and force the majority people to accept the MCD at [2505 Noriega Street](#), by the same logic, are you going to honor the minority voters on Prop 215 and Prop 64 and overturn those Props?

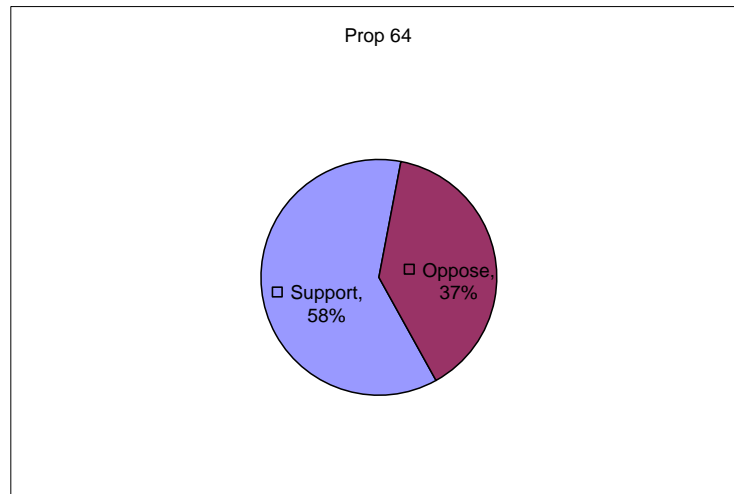

Thank you!

Anna Wall

Subject: The Apothecarium - 2505 Noriega Street - Appeal

Dear Supervisors and Staff,

In preparation for Tuesday's appeal of The Planning Commission's approval of The Apothecarium Sunset at 2505 Noriega Street, I am writing with three short documents:

1. A memo outlining the appellants attempts to block three Sunset dispensaries
2. A summary of The Apothecarium's plans for the Sunset and our extensive neighborhood support.
3. A copy of former Supervisor Eric Mar's op-ed on this fight

Thank you for your attention and please let me know if you have any questions.

Sincerely,

Ryan Hudson

Truth, lies and marijuana - Eric Mar

Sunday October 01, 2017

I am worried because hate groups and fake news are on the rise, even here in San Francisco.

In a couple days, an anti-LGBT hate group will have the opportunity to address the Board of Supervisors and ask for their votes. They are appealing a decision by the Planning Commission — and they might even win, which is why I'm raising the alarm.

On Tuesday, the Pacific Justice Institute (PJI) and its local allies will ask my former colleagues on the board to stop The Apothecarium from opening a medical cannabis dispensary in the Sunset District.

This should be simple. Sunset voters have overwhelmingly supported marijuana at the polls every time the issue has come before them. The Planning Commission voted 5-1 to approve the dispensary, and The Apothecarium is one of The City's most respected dispensaries. But PJI and its network of right-wing, conservative Christian allies are pushing back.

This fight matters because the truth matters. PJI is a group that does not dwell in the realm of truth. Like our president, the group lies easily, reflexively and constantly. They have held news conferences claiming that people have died of marijuana overdoses. They have predicted gunfire in the Sunset if the dispensary opens.

These are fear-mongering lies. It's important that we call them out clearly and simply for what they are: lies. In all of recorded history, no one has ever died of a marijuana overdose. And gunfire? That's laughable. For 25 years, San Francisco has had medical cannabis dispensaries, peacefully. I can't remember the last time I heard of a serious issue arising because of a dispensary.

PJI isn't an ordinary hate group. They combine a veneer of legal respectability with outreach to communities of color — especially my own community, Chinese Americans. This is a new force in San Francisco politics: right-wing Christian groups successfully organizing in the Chinese community.

So far, they've been effective. A couple months ago, PJI and its partners turned out 700 people — the vast majority of them Chinese American — to testify against the dispensary. Virtually every word spoken against the project was based on PJI's lies and propaganda.

Some claimed that traffic deaths would rise. (That's a lie; states with legal marijuana see traffic deaths go down by around 10 percent.) Others claimed that teen use of marijuana would skyrocket. (That's also a lie; teen use of marijuana has stayed flat or gone down both nationally and in Colorado.) Still, others said a dispensary would bring crime to the Sunset neighborhood. (This is another easily disproved lie; peer-reviewed data shows that dispensaries deter crime.)

If all these arguments have a familiar ring to them, that's no surprise. For decades, PJI has used a version of these false arguments against the LGBT community. That's why they have been designated an anti-LGBT hate group by the Southern Poverty Law Center.

PJI has pushed the lie that homosexuality is caused by child abuse. They have promoted the harmful and discredited practice of reparative therapy, which seeks to change a person's sexual orientation. Now, they are directing their "What about the children?!" hysteria toward cannabis patients.

It is tempting to dismiss PJI as clowns. But they successfully overturned an earlier attempt to open a medical cannabis dispensary in the Sunset and have clearly made inroads with conservative Christian Chinese organizers in the Bay Area.

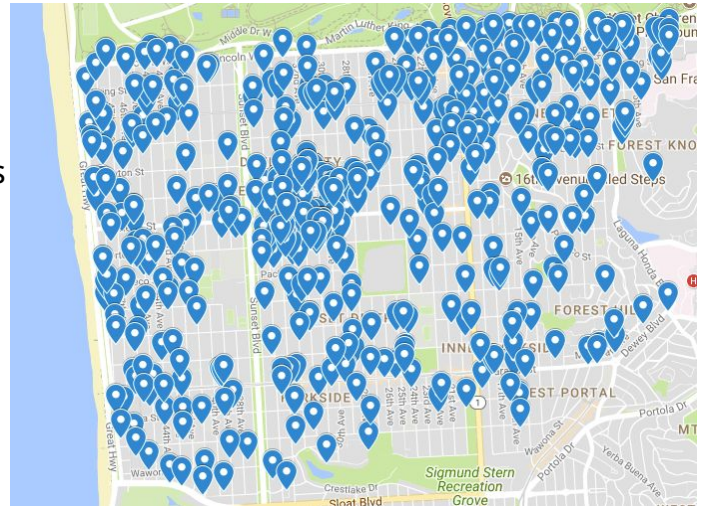

While many San Franciscans are rightly focused on fighting hate groups at the national level, we must not allow PJI and its allies to gain a further foothold in our city or our political discourse. If a right-wing group can convince the Board of Supervisors to vote with them — undoing the clearly expressed will of the voters — then we are in very deep trouble.

Eric Mar is a former member of the San Francisco Board of Supervisors and Board of Education. He is also a cannabis patient.

The Apothecarium Sunset - 2505 Noriega Street - October 2017

The Sunset is Pro-Cannabis

- 66% of Sunset voters supported medical cannabis in 1996
- 58% supported recreational cannabis this past November
 - All 47 Sunset precincts
 - 20,014 Sunset voters total
- 3,900+ Existing Apothecarium Patients Live in The Sunset
- 1,515 SF Letters of Support
- 111 Letters from within 1,000 feet

Locations of our 660 Sunset Letters of Support

Diverse Owners Serving Diverse Patients

- First bilingual (Cantonese), bicultural dispensary
- First dispensary with Chinese American owners
- Working in tandem with traditional Asian medicine

Supports City's Policy of Geographic Dispersion of MCD's

- Would be the first dispensary West of 14th Ave
- The Sunset is the only district without a dispensary; unfair to other districts
- Today Sunset patients take 2 buses on a 3-mile trip to the nearest dispensary.

Measurable Community Benefits to The Sunset

- Medicine for seniors & non-English speakers, providing the safety of in-person consultations instead of home delivery
- Free classes and support groups for patients AND non-patients in the Sunset, as we do currently in the Castro neighborhood
- Substantial manpower and financial contributions to neighborhood nonprofits, as we have done in the Castro
- Working in harmony with existing "Medical Mile" on Noriega Street

Parking/Transportation Management Plan

- Written by respected third-party Transportation Consultant, Fehr & Peers
- Report expects parking needs to be fewer than the average retailer on Noriega
- Estimated vehicle trips during peak hour could be accommodated by available parking supply within 1,000 feet of project

Excellent Public Safety Record

- Zero police incidents in six years of operations on Market Street
- Strict security protocols including video cameras and unarmed security staff
- No complaints from residents, including those living above the Castro store

- Support from a nearby Martial Arts studio that serves kids and a church

Praise For The Apothecarium

"I write to share my church's experience as a neighbor of The Apothecarium. St. Francis Lutheran Church is about 500 feet away, more-or-less across the street. We have never received a complaint from a congregant about The Apothecarium or their patients.

St. Francis is a meeting place for a variety of 12-step programs for people recovering from drug and alcohol abuse. Alateen, a group that helps young people deal with addiction in their family, also meet at St. Francis. These are vulnerable, at-risk populations. We have never heard of any issue with The Apothecarium....

Patients of The Apothecarium are not simply our close neighbors. The Apothecarium's various patient support groups meet inside our church during the week. They are in and out of our church building. We have never had any problem with The Apothecarium's patients being on the property, crossing paths with our congregants or the attendees at the other support groups....

I am hard pressed to think of a single negative impact from The Apothecarium -- or another neighbor that has had a more positive impact.

— Dave Walda, Senior Parish Administrator

I am the owner of Maru Dojo -- a martial arts studio for children and adults located 390 feet away from The Apothecarium. I have never had any trouble from The Apothecarium or their patients. None of my students or their parents has ever complained to me about anything to do with The Apothecarium. I know The Apothecarium simply as a quiet neighbor down the street.

— Ray Feliciano, Owner, Maru Dojo

"The Apothecarium should be viewed as a valuable addition to any community, as they have proven to be a model dispensary, having been cited by Planning staff as the "gold standard" among operators in San Francisco. As State Controller, I personally toured and inspected The Apothecarium's current operations at 2095 Market Street and found them to be an exemplary operator."

— Betty Yee, California State Controller & Sunset Native

**Re: The Apothecarium Sunset at 2505 Noriega Street MCD - HEARING OF
OCTOBER 3, 2017; Appeal of (1) Environmental Review and (2) Conditional Use
Permit for Noriega Street Site.**

Dear President Breed and Members of the Board:

The Pacific Justice Institute (PJI) is appealing the Planning Commission's 5-1 decision to approve The Apothecarium's dispensary at 2505 Noriega Street. This is not the first time that PJI has led opposition to dispensaries in the Sunset:

- In 2010 (at the Board of Appeals) PJI successfully overturned an earlier decision by the Planning Commission to allow a dispensary at 2139 Taraval.
- In 2015, PJI successfully defeated yet another attempt to open a dispensary at 2139 Taraval.
- In 2017, PJI opposed our dispensary at the Planning Commission and is now appealing that decision to the Board.

In its second legal brief delivered last week to your Board, PJI finally concedes that it is PJI -- rather than Sunset citizens -- that deserves the credit so far for the absence of any Sunset MCD. On page 9 of their brief to you, PJI proudly states "PJI has had success opposing the Department's grants of conditional uses to MMDs in the Sunset District." They also refer to themselves as a "key player" in the 2010 appeal. See photos on the following page.

As you know, PJI has been designated an anti-LGBT hate group by the Southern Poverty Law Center (SPLC). In PJI's second brief to you, PJI even labeled SPLC a "hate group itself". We do not believe a group such as PJI should play a role in determining the location of any business in our City, much less a locally-started, locally-owned health-oriented business. Moreover, this decision will set a dangerous precedent for MCDs moving forward and, therefore, should be based on the facts, not on fear. PJI has also threatened to sue the City if they do not prevail in this appeal and to sue to overturn the City's entire cannabis legalization legislation.

Sincerely,

Ryan Hudson
Co-Founder & Executive Director, The Apothecarium

To: Board of Supervisors, (BOS) <board.of.supervisors@sfgov.org>
Subject: YES on Medicinal Dispensary. I live in the Sunset.

*To All of the Board of Supervisors:
Vote YES on Medicinal Dispensary. I live in the Sunset.*

I have lived in the Sunset/Parkside (28th Ave/Pacheco) for 25 years and I am a SF Native. It makes absolute sense to have a medicinal dispensary in our neighborhood - especially one to serve the Chinese speaking community. Do not believe the Pacific Justice Institute and all the people they are bussing in against this business. PIJ's argument about alcohol and drugs near a pre-school is absurd. A pre-schooler is not going to be walking to school without an adult! A pre-schooler is not even going to understand what a dispensary is! Ridiculous argument to stop a business that will help members of our community.

It is easier for kids to get pot in school or the playground than from a dispensary. Trust me, I know. I went to school here and could get pot super easy from all the people dealing at school - Roosevelt and Washington. All my friends kids can get pot too nowadays. So, YES to a dispensary - don't let the fear-mongers determine what is best for our community.

Be sensible, let the business open!
Thank you,
Sandy Weil

August 28, 2017

Dear Brent,

Enclosed please find 19 more letters, mainly from nearby merchants and next-door residential neighbors of the proposed Medical Cannabis Dispensary (MCD) at 2505 Noriega Street in San Francisco, opposing to the MCD.

Please ensure that they are included in the letters to the Board of Supervisors.

Thank you very much.

Sincerely,

Frank Lee

San Francisco Board Of Supervisors
c/o Mayor Ed Lee
1 Dr. Carlton B Goodlett Place, #244
San Francisco, CA 94102

Dear Supervisors,

I am the owner of Boss Supermarket around 2 years, I have been in the same line of business on Noriega St for more than 10 years. I have never thought of leaving the neighborhood due to its uniqueness, friendliness, united & family oriented community.

I strongly oppose the proposed MCD site on 2505 Noriega St. My customers don't like to see the marijuana retail shop in the community. Our Noriega merchants don't want to have marijuana distributor in the neighborhood, as it is not compatible to the 3-block, light commercial area.

We signed numerous petitions, we went to the public hearing on 7/13/17 with over 700 neighbors but the result of the commissioners' voting was injustice. The opposition of the MCD on 2505 Noriega St has been overwhelming by, rallying, signing the petition, sending emails & showing up in the public hearing. Needless to say, the number of opponents of this MCD is significantly out numbers by 6:1 to the MCD supporters who are mostly non-Sunset residents. Patients who need alternate painkiller can access marijuana on 1500 block at Ocean Ave. (Miramar), which is less than 1.5 miles from Sunset District. The co-owner Dr. Floyd Huen misled the commissioners in the hearing that Sunset patients need to travel all the way to downtown to access marijuana. Another big lie that the project sponsor told the public & commissioners that they have 4,000 patients but all they had the signatures to support this MCD site from the entire San Francisco was about 1,500 people.

As elected officials, we asked you to hear us & listen to us. All merchants & opponents have gone through the procedure to say No to this MCD. The opposition is getting strong as I can hear from my customers daily. No only the voting on 7/13/17 is unfair to the neighborhood, they will continue to oppose the opening of this MCD to protect the community's uniqueness, simple life, clean air & children congregated area.

We further request that Supervisor Tang to put conditional use approval (CUA) as permanent code, which applies, to recreational marijuana retail shop opening in Sunset District. We trust that you, as elected officials to protect the community according to the wish of the neighbors who wants to live the way they prefer.

Sincerely,

Pei Xia Liu

Ming Tai Wun Tun Noodle
2455 Noriega St
San Francisco, CA 94122

August 17, 2017

San Francisco Board Of Supervisors
c/o Mayor Ed Lee
1 Dr. Carlton B Goodlett Place, #244
San Francisco, CA 94102

Dear Supervisors,

My name is Albert Tai, one of the members of Noriega Merchants Association. I am the owner of Ming Tai Wun Tun Noodle on 2455 Noirega St. and we are about 50 feet away from the proposed MCD on 2505 Noriega St. We have been in business at the same location for 16 years. When I took over my father's business over 10 years ago, I fall in love with this unique, well diversified, friendly & peaceful neighborhood where everybody knows each other by name.

If you have never been in our community before, please stop by our 3-block, light commercial area where we can find all kinds of food & neighborhood service such as spa, travel agency, fresh grocery, bakery, subway and different kinds of restaurants. Believe it or not, there is a shop that repairs old clocks & watches. On the other hand, we also have the most trendy teenagers hangout place called TJ Cup which is about 60 ft away from the proposed MCD.

We strongly oppose the proposed MCD located on 2505 Noriega St. because it is NOT desirable for this community. Very often, our young kids from Ark of Hope will walk on narrow sidewalk. With no other choices, our children will walk right in front of the proposed MCD location. Furthermore, most of my customers feel very uncomfortable of having MCD in the neighborhood and that they will avoid coming to shop & dine in the area. As a long term merchant on Noriega St, we constantly being reminded by our customers that this MCD location is not appropriate for the community. They don't want their young kids expose to marijuana especially when recreational marijuana will be effective in just five months. Among the merchants, with this non-compatible & undesirable marijuana retail shop (in just 4 months) in the community, we can foresee that this unique community will be significantly changed & damaged irreversibly. Decreasing existing customers & no increase new customers coming from different areas, as drugged drivers will be increased. As a consequence, our business will be impacted negatively. We all know that each community has its own unique character. We should allow our local residents to preserve their comfortable & peaceful life style. To support our community, 90% of us posted signs "No MCD!" on our windows. Our opposition to marijuana is overwhelming & there is no sign of slowing down. Please hear our voice & understand our needs. Please vote "No MCD on 2505 Noriega St."

We further request that Supervisor Tang to put conditional use approval (CUA) as permanent code, which applies, to recreational marijuana retail shops opening in Sunset District. We trust that you, as elected officials can protect the community according to the wish of the neighbors who wants to live the way they prefer.

Sincerely,

Albert Tai

A handwritten signature in black ink, appearing to be 'Albert Tai', written over a horizontal line.

Three Star Restaurant
2515 Noriega St
San Francisco, CA 94122

August 12, 2017

Dear Supervisors, Mayor Ed Lee

I am Wai King Chan, owner of Three Star Restaurant which is adjacent to the proposed MCD on 2505 Noriega St. . As a merchant I strongly oppose the proposed MCD site on 2505 Noriega St. I am one of the merchants who has been telling former Oakland mayor Jean Quan & Dr. Floyd Huen that the MCD or the recreational marijuana retail shop (in 2018) is not welcomed in our community. We went to downtown occasionally & we smelled marijuana inevitably. Personally, I refuse to be the 2nd hand marijuana smoker. I understand that the project sponsor is not responsible for marijuana smokers outside their site. This is why my customers & I strongly oppose it being located next to my business. Businesswise, I constantly have conversation with my customers who told me that they will avoid the MCD site which will be significantly affecting my business.

I can conclude a few of many legitimate reasons why this MCD is not compatible & not appropriate in our community:

- 1/ Too close to my business where I spend more than 10 hours in my shop & I refuse to be the 2nd hand marijuana smoker. No one can protect my well being once the MCD is allowed to open next door.
- 2/ My customers will stay away from my shop because of this non-competitive business opening next to my business. Thus, my revenue will be seriously affected.
- 3/ My children who are young visiting me all the time, I don't want them to have easy access to marijuana. As a parent, I totally can imagine that my customers detest marijuana near their children & I believe that my personal life & business will be adversely affected.
- 4/ Before we can see any new law that can protect near by small business or innocent people who will be hurt by recreational marijuana users/offenders; holding marijuana operator countable for damaging the community, this MCD permit should be denied.
- 5/ So far, we notice that the police treat marijuana offenders as the lowest priority. Again, it is not the responsibility of the project sponsor to enforce it or it is none of their business to involve the police operations that is why we don't want the MCD near by. If the community has no protection by law enforcers, MCD or recreational marijuana should NOT be allowed in the community. Sunset District is the weakest area to attract this kind of business, which is dangerous to my young children.

We further request that Supervisor Tang to put conditional use approval (CUA) as permanent code, which applies, to recreational marijuana retail shops opening in Sunset District. We trust that you, as elected officials can protect the community according to the wish of the neighbors who wants to live the way they prefer.

Sincerely,

Wai King Chan

August 16, 2017

San Francisco Board of Supervisors
c/o Mayor Ed Lee
1 Dr. Carlton B Goodlett Place, #244
San Francisco, CA 94102

Dear Supervisors,

As owner of Twins Holiday, I have been in business on Noriega Street for more than ten years.

Me and my Family are strongly oppose the proposed MCD site on 2505 Noriega St. My customers often come visit me in person with their families/kids when purchasing their vacation/business need. They don't like to see the marijuana retail shop in the community. Our Noriega merchants don't want to have marijuana distributor in the neighborhood, as it is not compatible to the 3-block, light commercial area.

We signed numerous petitions, we went to the public hearing on 7/13/17 with over 700 neighbors but the result of the commissioners' voting was injustice. The opposition of the MCD on 2505 Noriega St has been overwhelming by, rallying, signing the petition, sending emails & showing up in the public hearing. Needless to say, the number of opponents of this MCD is significantly out numbers by 6:1 to the MCD supporters who are mostly non-Sunset residents.

The commissioners claimed that the patients need access equity to choose their marijuana need within shop. Since it is prescription by doctor patients shouldn't need/have any choices or substitution. Therefore, it can be delivered to their door steps within minutes when needed.

As elected officials, we asked you to hear us & listen to us. All merchants & opponents have gone through the procedure to say No to this MCD. The opposition is getting strong as I can hear from my customers daily. No only the voting on 7/13/17 is unfair to the neighborhood, they will continue to oppose the opening of this MCD to protect the community's uniqueness, simple life, clean air & children congregated area.

We further request that Supervisor Tang to put conditional use approval (CUA) as permanent code, which applies, to recreational marijuana retail shop opening in Sunset District. We trust that you, as elected officials to protect the community according to the wish of the neighbors who wants to live the way they prefer.

Superb Garden Grocery
2433 Noriega St
San Francisco, CA 94122

August 19, 2017

San Francisco Board Of Supervisors
c/o Mayor Ed Lee
1 Dr. Carlton B Goodlett Place, #244
San Francisco, CA 94102

Dear Supervisors,

My name is Yan Kam, owner of Superb Garden Grocery. I strongly oppose the proposed MCD site on 2505 Noriega St. I am one of the merchants who has been helping our community to collect our neighbors' signatures to oppose the proposed MCD on 2505 Noriega St. As you may have seen, 90% of the merchants within the affected 3 blocks area have been firmly opposing the opening of this MCD. My customers' base is small families with young kids, elderlies & near by neighbors who know all of us by names. If the MCD is finally approved, I will loose my customers & my business will be negatively affected. My customers don't like to see the marijuana retail shop in the community. Our Noriega merchants don't want to have marijuana distributor in the neighborhood, as it is not compatible to our community and the location is not appropriate.

We addressed the patients access equity which is only 1.5 miles from Sunset district on Ocean Ave.. Patients can have delivery service provided by Apothecarium website or phone call. Patients can access the Castro MCD to choose their "suitable" type of marijuana when it is need. Everyone should know that if you are a patient, doctor subscribes the medication. There is no need to visit the pharmacy monthly, weekly or even daily to change the prescription. Why there is necessity to set up a retail shop in such a small community with 3 blocks of commercial area? It is simply because this MCD is targeting the youngsters congregated area where pre-school, middle school & high school are near by.

Supervisors, if you come by & visit Noriega St at day time, you will see young kids from Pre-school having field trip, walking by the 2505 Noriega St. Late afternoon, you will see afterschool students came out from the Church which is truly a community center. In the evening, you will notice that there are teenagers hang out at ABC restaurant & TJ Cups which are popular to my customers' children. In any cultures, not only Chinese, we need & must protect our young kids from getting close to drugs & marijuana. As elected officials, please hear from us, vote No to MCD on 2505 Noriega St. in our appeal. Let us have the community where we can enjoy with peace of mind. We want to keep the community simple without potential increasing of 2nd hand marijuana smokers, drugged drivers around this family oriented area.

We further request that Supervisor Tang to put conditional use approval (CUA) as permanent code, which applies, to recreational marijuana retail shops opening in Sunset District. We trust that you, as elected officials can protect the community according to the wish of the neighbors who wants to live the way they prefer.

Sincerely,

Yan Kam Wong

August 10, 2017

Dear Mayor Ed Lee, Ms. Katy Tang and Supervisors

I am a business owner on 2450 Noriega Street. S.F. We (Family Business) been doing business in this wonderful area more than 12 years!

And we are so disappointed the Hearing result on 7/13/2017. Our community voices did not being hear from the commissioners!

San Francisco's Sunset District is mainly a residential community, with many children and elderly residents, known for low crime rate and convenience, with many schools, public library, churches, day care centers and learning centers. Parents feel at ease to let their children join the various after-school, extracurricular, and recreational activities that this area offers because of its known safety. The opening of a medical marijuana dispensary will affect public safety - regardless of statistical deception. Despite the medical use of Marijuana, the many negative issues with illegal use is commonly known. Inevitably, unlawful conducts related to MCD will impact the neighborhood as a whole. That will negatively affect the current level of safety that this area is known for. With MCD present in this area more kids will be more likely to accidentally ingest marijuana in dangerously high doses. Kids can be unduly exposed to high levels of THC, the chemical in marijuana that makes people feel "HIGH", changing behavior dangerously. We wish to preserve a peaceful environment for our children and our elderly.

Please help us vote " NO " MCD on 2505 Noriega Street, thanks for your time!

Sincerely

Owner (New Heng Fung Market)
Aka (Noriega Market)

August 17, 2017

To: All Supervisors
c/o Mayor Ed Lee

Ms. Katy Tang:

I am a business owner on Noriega Street for more than 24 years. My sandwich store is only about 75 feet from the MCD site.

I immigrated to the US from Burma 29 years ago, looking for a better life and environment. But after the 7/13/2017 MCD hearing, I am very disappointed and shocked to hear the results. Our VOICES did not hear by the commissioners.

The owner of Apothecarium, Hudson, clearly stated that he will convert 2505 Noriega St MCD into a recreational store in 2018 in front of commissioners at the end of hearing. The project still got approved. The owners say they have the right to open, but what about our right to oppose as business owners in this neighborhood? I do not want second hand marijuana smoke that is hazardous for health.

In accordance with the of S.F, an MCD must not be located within 1,000 feet from a facility that primarily serves children under the age of 18. When it comes to our children, it is unnegotiable. I do not want to see my children and other kids growing up in a community where marijuana smokers are lingering around on the street. I fear for their safety & we are committed to guard our community. To us, this neighborhood is more than just a place to live. We will continue to fight for our community and keep it as safe as possible for our children and residents.

Students from S.I high School, A.P Giannini, Holy Name School , West Portal Lutheran Grade School, Church after school program are coming to my store to buy sandwiches all the time, No dispensary should open close to Children, specially they will open as recreational store in 2018.

Please help us to put (CUA) Conditional Use Approval as permanent code , put this CUA also applies to recreational marijuana shops in Sunset! Vote NO MCD on 2505 Noriega Street, San Francisco! We hope that all our voices are heard by all the Supervisors. Thank you so much for your time and help!

Sincerely yours

Alexander Sla / Subway

August 21, 2017

San Francisco Board Of Supervisors
c/o Mayor Ed Lee
1 Dr. Carlton B Goodlett Place, #244
San Francisco, CA 94102

Dear Supervisors,

I am the owner of Zmax Mortgage Corporation on Noriega Street about 100 feet from 2505 Noriega MCD site.

I strongly oppose the proposed MCD site on 2505 Noriega St. My customers often come visit me in person when inquiring their personal/business financial need. They don't like to see the marijuana retail shop in the community. Our Noriega merchants don't want to have marijuana distributor in the neighborhood, as it is not compatible to the 3-block, light commercial area.

We signed numerous petitions, we went to the public hearing on 7/13/17 with over 700 neighbors but the result of the commissioners' voting was injustice. The opposition of the MCD on 2505 Noriega St has been overwhelming by, rallying, signing the petition, sending emails & showing up in the public hearing. Needless to say, the number of opponents of this MCD is significantly out numbers by 6:1 to the MCD supporters who are mostly non-Sunset residents.

The sponsors claimed that the patients need privacy so they don't want it to be delivered to their door step, instead they need to go to the local shop to pick up their marijuana need. In fact, there shouldn't be any privacy when neighbors see them going in and out the shop. This is just another big lie from the sponsors who want to open the shop in preparation for recreational use effective 1/1/2018.

As elected officials, we asked you to hear us & listen to us. All merchants & opponents have gone through the procedure to say No to this MCD. The opposition is getting strong as I can hear from my customers daily. No only the voting on 7/13/17 is unfair to the neighborhood, they will continue to oppose the opening of this MCD to protect the community's uniqueness, simple life, clean air & children congregated area.

We further request that Supervisor Tang to put conditional use approval (CUA) as permanent code, which applies, to recreational marijuana retail shop opening in Sunset District. We trust that you, as elected officials to protect the community according to the wish of the neighbors who wants to live the way they prefer.

Sincerely, Hocking Zheng

Dear Supervisors,

I strongly oppose to the opening of medicinal cannabis dispensary (MCD) at 2505 Noriega Street in San Francisco. If opened, it will be disastrous and intolerable for the residents and merchants in the vicinity!

To begin with, there are youngsters' facilities within 600 feet of the proposed MCD and thus such proposal violates Californian State Law. Even preschools take children out of school regularly for different types of activities and the students will be tremendously affected by the MCD if opened. Regardless, more consideration and protection should be given to children, not to profit-oriented marijuana businessmen. Please spare our children and future generations from drugs!

In addition, the proposed MCD is in a busy area. Thus, traffic problems will aggravate, not to mention the likely tremendous increase in traffic accidents related to marijuana as reflected in other marijuana states such as Washington and Colorado.

Crime rate will likely increase very considerably due to the MCD, and residents will have to live in an unsafe environment. According to California District Attorneys Association, their biggest worries about legalization of marijuana are the infiltration of drug gangs and traffic accidents.

Businesses in the vicinity will be adversely impacted to a large extent. Some of them may have to go out of business. This is really unfair to them.

This proposed marijuana outlet in question, moreover, is almost right across the street from a big church, Lutheran Church of the Holy Spirit, where a lot of youngsters congregate regularly especially because it is a location of Mayor Ed Lee's Youth Program. It is against the law to open an MCD at 2505 Noriega Street.

Finally, Sunset District has special protection due to the "Conditional Use" provision specifying that the wills of nearby residents and merchants must be respected in deciding the application of MCD. There were 1,000 people at the July 13th public hearing and over 6,000 signatures against this application. How can it be approved in light of the overwhelming opposition?

Suffice it to say, because of the various pernicious effects and strong opposition, please definitely reject the MCD application at 2505 Noriega Street. Your help is greatly appreciated.

Sincerely,

Healthy Life Concepts

August 23, 2017.

Dear Supervisor Tang,

We are just a very small business established in this location for over 10 years and we've been serving customers from the Bay Area all these years. During these years, our showroom is also a victim forcing to absorb the SECOND handed smokes from the street and the buildings close to us. Sometimes the flown-in smoking smell makes customers NOT coming in the showroom and it straightly influence the business.

2505 Noriega Street is going to open a MCD inside our community. As according to my experiences with all these years, I totally disagree to have a MCD close to my showroom. Even there will be a rule, but NO ONE can 100% guarantee and control the second handed smoking smell NOT flow into to my place.

Thanks for your kind attention.

Sincerely,

James Wong

To All San Francisco Supervisors and Mayor Ed Lee,

My name is Billy and I live 3 doors down from the proposed site for medical marijuana dispensary, MCD, on 2505 Noriega Street. I live in Sunset for over 37 years and deeply disturbed and aggravated by the proposed site for MCD on 2505 Noriega Street.

I vehemently oppose granting the conditional use permit to the medical marijuana dispensary, MCD, on 2505 Noriega Street San Francisco, California 94122 proposed by the Apothecarium.

MCD is a bad business to the neighborhood

I oppose the MCD because it is a bad business to the neighborhood because they are arrogant and divisive to the neighborhood. The co-owners Jean Quan and her husband has waged a smear campaign to slander the Sunset residents as a hate group to instigate hate in the gay community in San Francisco and in the media. The Sunset residents were belittled as backward and ignorant by Jean Quan and the Apothecarium. We are well aware of the usage of marijuana for medical treatment. At the same time, we are quite alarmed by the harm and the inappropriate location of MCD on 2505 Noriega Street where a lot of neighborhood kids and school children visit for lunch and field trips.

MCD is a threat to the neighborhood safety and security

I oppose the MCD because it is a threat to the neighborhood safety and security. There are no laws to regulate driving under the influence of marijuana. There is no way for the police to stop the MCD patrons from driving recklessly under the influence of marijuana in Sunset and put our residents at risk. There is no way to control the resale of the marijuana to kids and prevent the consumption of marijuana in front of the minors. There is simply no law regulating the consumption and resale of marijuana. How can you give a permit to a MCD business to sell controlled substance in a family oriented neighborhood without sufficient laws to regulate it?!

The Apothecarium owner Ryan Hudson, co-owners Jean Quan and her husband are dishonest and they are liars

The Apothecarium does not serve the patient in need of medical marijuana. I want to see the proof of the number of patients they claim to serve close to the proposed site. Ironically during the public hearing on July 13, 2017 in front of the planning commissioners, the owner Ryan Hudson openly admitted that he has planned to convert the proposed MCD for recreational marijuana usage on January 1, 2018. He has lied all this time for using the proposed project to distribute marijuana as a medical treatment to patients. His real intention is to sell marijuana for recreational use before it was even legal 2 years ago. This is one blatant lie. All he wants is to make millions by selling marijuana to people outside of Sunset and drug addicts and exploit our kids in the neighborhood to build up his client base.

Their biggest lie is that the access to marijuana is limited only to the patient for medical treatment. I can testify with the tragic death of my brother on how easy it is to obtain marijuana with a phony doctor prescription.

MCD has caused the tragic death of my Brother

My brother has died from marijuana obtained easily from MCD. He fell over a bridge into a rain drainage while riding a bike. He lied in the rain drainage for 2 days before he was found and died from a head trauma at the hospital. The doctor at the emergency has told me that my brother has

lost control of the bike due to the high level of marijuana in his body. He does not need to use marijuana for medical purpose but yet he was able to get the prescription for medical marijuana easily from a physician just like Jean Quan's husband. That is why I say Jean Quan and her husband and especially the owner, Ryan Hudson are liars.

My brother die because MCD has made it easy for him to get marijuana!

MCD will make my mother to relive her pain

I just want to tell you what is it like for a mother to lose a son. 11 years after my brother death, one day while having lunch with my mom, she told me that she worry about the expose of our family members to marijuana in the MCD next door like my nieces and nephews and especially Keith..... Keith is my brother name.

She suddenly paused for a long time and looked me in the eyes. I have never seen so much sorrow and pain in her eyes in my life.

I am not sure if you have ever experienced the loss of a family member unexpectedly and suddenly. When the loss is so serve, our mind play tricks on us to make us forget to alleviate the pain. My mom has just forgotten about my brother death for a while. The discussion of MCD all of a sudden bring all the memory back and make her to relive the pain all over again. The MCD at 2505 Noriega will make my mom to relive the pain over and over every day. Thing as simple as a walk past the MCD store will remind her of my brother death.

Consequences for approving the permit for MCD

In the past 37 years, I have voted for Democrats and worked hard to pay tax to do my part as a San Franciscan. I began to regret to vote for Democrats for the first time in my life. The angers in Sunset will surface when you approve the permit for the proposed MCD in the face of so much oppositions from local Sunset residents. I am just telling you the truth on how everyone is feeling when their families, their homes, and their neighborhood they have worked so hard to build over the years are threatened. We will hold that supervisor that vote to approve the permit to MCD responsible whether he or she is in office or not. When a kid in our neighborhood is addicted to marijuana due to MCD or an innocent Sunset resident injured or killed by a driver under the influence of marijuana, you are responsible because you approve the permit to the MCD on 2505 Noriega Street despite nearby resident fierce opposition and disregard the conditional use permit regulations.

Do you hear the voice of the people.....?

Do you understand the magnitude of the anger of your voters.....?

I hope you can..... for the kid sake, for Sunset sake, and for San Francisco sake!

Otherwise you and we all loss at the end.

Thank you,
Billy Thach

Subject: Feedback on 7/13 Planning Commission hearing - 2505 Noriega MCD

To: mayoredwinlee@sfgov.org, london.breed@sfgov.org, malia.cohen@sfgov.org, mark.farrell@sfgov.org, sandra.fewer@sfgov.org, jane.kim@sfgov.org, aaron.peskin@sfgov.org, hillary.ronen@sfgov.org, ahsha.safai@sfgov.org, jeff.sheehy@sfgov.org, kathy.tang@sfgov.org, Norman.yee@sfgov.org

Dear Mayor Ed Lee and Supervisors -

I recently attended the July 13th Planning Commission hearing alongside my 600 community neighbors to oppose the opening of the MCD at 2505 Noriega Street. I have lived at 1831 32nd avenue & Noriega for 29 years, and this is a very personal matter to me being less than 150 feet away from 2505 Noriega.

I am shocked and appalled that our Planning Commission, who should be representing the best interest of our community, voted 5-1 in favor of the MCD. Over 600 of us were present from 12pm to 12am patiently waiting to voice our concerns while the Commission repeatedly kicked back the proposal discussion until the evening. We as a community feel that the decision was already predetermined. Otherwise, how could the vote have been so immediate and at 5-1 with such a large show of concern from the community?

I urge you to look further into this matter. Thousands have clearly demonstrated that the location for this MCD is undesirable to the community and unnecessary for the neighbor in its vicinity. Please deny its Conditional Use permit.

If opened, it will be disastrous and intolerable for the residents like me and merchants in the vicinity. There are children facilities within 1,000 feet of the proposed MCD which were overlooked by the Letter of Determination. Consideration and protection should be given to the children and families in this bedroom community, and not to the business that doesn't fit the needs at this block.

In addition, the proposed MCD is in a busy area. Thus, traffic problems will aggravate, not to mention the likely tremendous increase in traffic accidents related to marijuana as reflected in other marijuana states. Crime rate will likely increase very considerably due to the MCD, and residents will have to live in an

unsafe environment. According to California District Attorneys Association, their biggest worries about legalization of marijuana are the infiltration of drug gangs and traffic accidents. Businesses in the vicinity will be adversely impacted to a large extent. Some of them may have to go out of business. This is really unfair to them.

Suffice it to say, because of the various pernicious effects, please definitely reject the MCD application at 2505 Noriega Street. Your help is greatly appreciated.

Sincerely,

Frank, Shally, Felix, and Mona Meng

Re: No MCD at 2505 Noriega Street, San Francisco

Dear Ms. Tang,

We are extremely opposed to the opening of the cannabis shop at 2505 Noriega Street.

1. The opening of the cannabis shop in 2505 Noriega street is in violation of the California Health and Safety Act.
2. California 64 proposal also prohibits the establishment of medicinal marijuana shop in the child center within 600 feet.
3. There are children facilities within 1,000 feet of the proposed MCD and thus such proposal violates California State Law.

The decision of the Commission did not respect and abide by the laws of California, what is the law set up for? They are also regardless there is an Art of Hope nursery 300 feet next to the cannabis shop. Strongly by all means saying that the law of California is kindergarten and 1st to 12 grade of public and private schools, Art of Hope shouldn't be included, because the nursery children will always be accompanied by adults. It is really irrational!

Even though they always have adult accompany to drop off and pick up, but they will eventually grow up. They often pass by the marijuana pharmacy, whatever they see and hear will have a great impact on the young ignorance in the future!

Moreover, Art of hope founder said that their nursery's application is also obtained by the government similar to the primary school, why will it be excluded. I think they are official support and ignore the healthy growth of the children.

Two quotes from the July 13 public hearing:

1. Everywhere have MCD, why can't open in Sunset area?

MCD can open in Sunset district, but not in the center of the residential area! It should be purchased from the hospital or online or mail order and the like. Why ignore all the Sunset district residents concern because of the Jean Quan's MCD shop! If not Jean Quan, the outcome will be entirely different I dare to say.

2 The opponent is only concerned and worried, but there is no empirical.

Well, let me ask, can they 100% guarantee that our opponents' concerns and worried will not happen? It won't happen other place, doesn't mean it 100% won't happen in Sunset district!

Be able to be a judge, should be unbiased according to the law, otherwise what is the law and regulation set up for!

Please referee cannabis shop can not open at 2505 Noriega Street!

Your great help will be appreciated very much. All the Sunset districts residences will thank you a millions.

Be God blessed America and you all!

Sincerely yours,

A handwritten signature in cursive script that reads "Yin Chiao Nellie Cheung".

Subject: FW: The MCD on Noriega Street Neighborhood

Aug 23, 2017

Supervisor Kathy Tang, c/o Supervisors, Mayor Ed Lee,

Thank you for the great work you've been doing to serve your community. I know it's hard work and most of it is quite thankless. I appreciate your transparency and willingness to listen to your constituents.

Ask:

I am writing to ask for your help to appeal the recent decision for the approval of MCD on Noriega Street. It is quite evident that there are more people against the MCD placed on Noriega than those who support this movement. There were 1200 letters of support for the dispensary. Opponents submitted 5,875 signatures and letters, of which 3,217 were submitted by District 4 residents. Frankly, I am appalled that the decision was approved as this makes it painstakingly obvious that our voices do not matter. We feel that regardless of the number of people opposed against MCD, our voices don't matter because none of us are of wealthy political status. Supervisors, that's why we've elected you to help us as we've elected you to elevate our unheard voices.

Who I am:

I am a small business owner on Noriega with a loving husband and wonderful daughter who recently graduated from UC Berkeley. My husband and I run our travel agency across from the proposed MCD location.

Most of our customer base are those who feel uncomfortable with proposed MCD location. The decision to place the MCD on the block negatively impacts my business because many of them will take their business elsewhere if the proposed MCD is built out. As someone that runs a travel agency with declining demand for the service, this poses a huge financial burden for my family.

Planning Code Mistake:

I and many of your other constituents firmly believe that the Planning Committee has not enforced the Planning Code requirements correctly with their decision. The Planning Committee stated that the Ark of Hope which is a Pre-Kindergarten for young children does not classify as a school. However, I argue that the Planning Committee did not thoroughly look into the definition of what defines a school. Since you are familiar with the area, I am sure you know that many churches have summer programs and parks have recreational programs that house many of the kids who walk around Noriega and go around to the shops. Therefore, these are facilities that educate children. This should fall under the definition of a school.

Conclusion:

I recognize the need for MCD's accessible location. There are so many other locations in San Francisco including the Castro District, Financial District, or Richmond District which are just as accessible as the proposed Sunset location. I recognize that not everyone shares this opinion that MCD is detrimental to our community. Everyone is entitled to their opinion. However, it was quite evident that the majority of the Sunset community are actively against the dispensary. Here's a solution. Put them in hospitals. Put them in pharmacies. Put them anywhere else except in a community that does not want it.

Sincerely,

Susan Lau

2568 Noriega Street, #202
San Francisco, CA 94122

To: Supervisor Katy Tang, Supervisors and Mayor Ed Lee

My name is Anthony chan. I live as a home owner at 1839 32nd Avenue, about 125 feet from the in-questioned Marijuana Dispensary. I oppose the opening of such store, because of its many negative impacts, including Cultural Conflict. To explain Cultural Conflict, first I need to draw a parallel of marijuana and opium - both marijuana and opium are / can be used for medical applications. Marijuana is legal in California if used within the applicable laws. Years ago in China, opium was legal with no restriction, because opium was backed by the British government as a mean to exploit China and the British government forced the Ching government to make opium legal through two opium wars in 1842 and 1856. We learn in the case of opium, opium destroyed families in the millions, devastated the society and bankrupted the country to a point that China was called "Sick man of East Asia" and the word "Ching", which is the name of the government at that time (one of the most powerful and respected government in Chinese history) degrades and degenerates to become a racial slur. It took tremendous human costs to eradicate opium from the Chinese society. My grandfather told me that his family was so poor that they hanged a small fish from the ceiling, looked at it and took a bite of the rice; they didn't dare to eat the small fish, because who knows when they will have meat again. He sold himself to come to America in order to survive around the turn of the century. My mom couldn't join him because of Chinese Exclusion Act till 1964 after President Kennedy signed the new immigration laws. Growing up in Hong Kong in the 50's, I came across people with so-called "Big Smoke" habit. Not good - pale face, hollow eyes, boney body - like a Zombie. This terrible opium history is a part of Chinese-American experience. When I heard someone wants to open a marijuana dispensary, I see opium.

This marijuana saga is not about conservative versus liberal, church people versus whoever, old folks versus young folks and the likes, it is about cultural conflict rooted in history and Chinese-American experience. Sunset has a large Chinese community, and the City government should respect the desire of the Chinese community of keeping narcotics away. If anything, the City government should spend efforts to reduce cigaret smoking, which is a health problem that still exists in the Chinese community, as well as gambling maybe to a lessor degree.

So, please No Marijuana Dispensary in Sunset.

Respectfully

Anthony Chan

Dear Supervisor Katy Tang,

I am opposed to the opening of a medical cannabis dispensary at 2505 Noriega Street and 32nd Avenue along with my fellow merchants and residents in the immediate vicinity. I have been practicing optometry at 2521 Noriega Street since 1990. The majority of my patients are the neighborhood families with children.

I am dismayed that the SF Planning Department voted 5-1 to approve the opening of this dispensary even though its own Executive Summary Conditional Use 308 page report for Case No. 2014-003453CUA indicated on page 4 and on pages 286 to 288 that there is overwhelming opposition for such a dispensary at this location.

As you know, our section of the Noriega Street Neighborhood Commercial District is only three blocks long from 30th to 33rd Avenue. Nearly all the merchants on both the north and south sides of Noriega Street are in opposition to the opening of this dispensary. We are like an island of commercial businesses in the middle of a residential area of families who have young children. In addition, many students from A.P. Giannini Middle School, located at Ortega and 39th Avenue, walk past the corner of Noriega and 32nd Avenue to go to Safeway and the other eateries in the neighborhood as well as to go home. Most nights of the week, families with children eat dinner at the Quan Ngon Vietnamese Noodle House which is immediately adjacent to the proposed site.

In 1989, Thrifty (Rite Aid) was interested in opening a Thrifty Jr. on the corner of Noriega Street and 33rd Avenue. The City and County of San Francisco saw the potential for increased business in the area and thus installed parking meters on Noriega Street between 32nd and 33rd Avenues. I signed my lease at 2521 Noriega Street because I envisioned potential business here as well. However, Gerald Davalos, the landlord of 2505 Noriega Street, opposed Thrifty because he thought it would have a negative financial impact on his pharmacy business at the time. Today, my neighbors and I are concerned that the opening of this dispensary will have a negative impact on this primarily residential neighborhood, especially when the dispensary converts from medical to recreational cannabis.

Those in support of the dispensary argue that the Sunset district had voted "for marijuana" in past elections. However, people move and the previous propositions were not worded "do you want a cannabis dispensary at the corner of Noriega and 32nd Avenue?" The project sponsor's goal is to operate the region's first bilingual (Cantonese) and bicultural cannabis dispensary at this location. However, he is not listening that the opposition is coming from the Cantonese community here.

Supervisor Tang, please listen to the people who currently live and work in this area and oppose the opening of this cannabis dispensary.

Respectfully,

Sandra H. Jeong, O.D.
2521 Noriega Street

August 15, 2017

Dear Supervisors and Mayor Ed Lee,

As a resident of Sunset, I strongly oppose to the opening of medical marijuana outlet (MCD) at 2505 Noriega Street in San Francisco. If opened, it will be disastrous and intolerable for the residents and merchants in the vicinity.

To begin with, there are children facilities within 1,000 feet of the proposed MCD and thus such proposal violates California State Law. Regardless, more consideration and protection should be given to the children, not to profit-oriented marijuana businessmen. Please spare our children and future generations from drugs!

In addition, the proposed MCD is in a busy area. Thus, traffic problems will aggravate, not to mention the likely tremendous increase in traffic accidents related to marijuana as reflected in other marijuana states.

Crime rate will likely increase very considerable due to the MCD, and residents will have to live in an unsafe environment. According to California District Attorneys Association, their biggest worries about legalization of marijuana are the infiltration of drug gangs and traffic accidents.

Businesses in the vicinity will be adversely impacted to a large extent. Some of them may have to go out of business. This really unfair to them.

Suffice it to say, because of the various pernicious effects, please definitely reject the MCD application at 2505 Noriega Street.

Your help is greatly appreciated.

Re: No MCD at 2505 Noriega Street, San Francisco

Dear Ms. Calvillo,

Receiving your notice, Thank you.

I am sending this letter to you just in case I am unable to attend the public appeal hearing on September 5, 2017.

We are extremely opposed to the opening of the cannabis shop at 2505 Noriega Street.

1. The opening of the cannabis shop in 2505 Noriega Street is in violation of the California Health and Safety Act.
2. California 64 proposal also prohibits the establishment of medicinal marijuana shop in the child center within 600 feet.
3. There are children facilities within 1,000 feet of the proposed MCD and thus such proposal violates California State Law.

The decision of the Commission did not respect and abide by the laws of California, what is the law set up for? They are also regardless there is an Art of Hope nursery 300 feet next to the cannabis shop. Strongly by all means saying that the law of California is kindergarten and 1st to 12 grade of public and private schools, Art of Hope shouldn't be included, because the nursery children will always be accompanied by adults. It is really irrational!

Even though they always have adult accompany to drop off and pick up, but they will eventually grow up. They often pass by the marijuana pharmacy, whatever they see and hear will have a great impact on the young ignorance in the future!

BY 

Moreover, Art of hope founder said that their nursery's application is also obtained by the government similar to the primary school, why will it be excluded. I think they are official support and ignore the healthy growth of the children.

Two quotes from the July 13 public hearing:

1. Everywhere have MCD, why can't open in Sunset area?

MCD can open in Sunset district, but not in the center of the residential area! It should be purchased from the hospital or online or mail order and the like. Why ignore all the Sunset district residents concern because of the Jean Quan's MCD shop! If not Jean Quan, the outcome will be entirely different I dare to say.

2 The opponent is only concerned and worried, but there is no empirical.

Well, let me ask, can they 100% guarantee that our opponents' concerns and worried will not happen? It won't happen other place, doesn't mean it 100% won't happen in Sunset district!

Be able to be a judge, should be unbiased according to the law, otherwise what is he law and regulation set up for!

Please referee cannabis shop can not open at 2505 Noriega Street!

Your great help will be appreciated very much. All the Sunset districts residences will thank you a millions.

Be God blessed America and you all!

Sincerely yours,

Letters opposing to the opening of medicinal cannabis dispensary (MCD) at 2505 Noriega Street in San Francisco.

Total Letters - 3287

San Francisco Board of Supervisors
c/o Mayor Ed Lee
1 Dr Carlton B Goodlett Place, #244
San Francisco, CA 94102

Dear Supervisors,

I strongly oppose to the opening of medicinal cannabis dispensary (MCD) at 2505 Noriega Street in San Francisco. If opened, it will be disastrous and intolerable for the residents and merchants in the vicinity!

To begin with, there are youngsters' facilities within 600 feet of the proposed MCD and thus such proposal violates Californian State Law. Even preschools take children out of school regularly for different types of activities and the students will be tremendously affected by the MCD if opened. Regardless, more consideration and protection should be given to children, not to profit-oriented marijuana businessmen. Please spare our children and future generations from drugs!

In addition, the proposed MCD is in a busy area. Thus, traffic problems will aggravate, not to mention the likely tremendous increase in traffic accidents related to marijuana as reflected in other marijuana states such as Washington and Colorado.

Crime rate will likely increase very considerably due to the MCD, and residents will have to live in an unsafe environment. According to California District Attorneys Association, their biggest worries about legalization of marijuana are the infiltration of drug gangs and traffic accidents.

Businesses in the vicinity will be adversely impacted to a large extent. Some of them may have to go out of business. This is really unfair to them.

This proposed marijuana outlet in question, moreover, is almost right across the street from a big church, Lutheran Church of the Holy Spirit, where a lot of youngsters congregate regularly especially because it is a location of Mayor Ed Lee's Youth Program. It is against the law to open an MCD at 2505 Noriega Street.

Finally, Sunset District has special protection due to the "Conditional Use" provision specifying that the wills of nearby residents and merchants must be respected in deciding the application of MCD. There were 1,000 people at the July 13th public hearing and over 6,000 signatures against this application. How can it be approved in light of the overwhelming opposition?

Suffice it to say, because of the various pernicious effects and strong opposition, please definitely reject the MCD application at 2505 Noriega Street. Your help is greatly appreciated.

Sincerely,

Even preschools take children out of school regularly for different types of activities and the students will be tremendously affected by the MCD if opened. Regardless, more consideration and protection should be given to children, not to profit-oriented marijuana businessmen. Please spare our children and future generations from drugs!

In addition, the proposed MCD is in a busy area. Thus, traffic problems will aggravate, not to mention the likely tremendous increase in traffic accidents related to marijuana as reflected in other marijuana states such as Washington and Colorado.

Crime rate will likely increase very considerably due to the MCD, and residents will have to live in an unsafe environment. According to California District Attorneys Association, their biggest worries about legalization of marijuana are the infiltration of drug gangs and traffic accidents.

Businesses in the vicinity will be adversely impacted to a large extent. Some of them may have to go out of business. This is really unfair to them.

This proposed marijuana outlet in question, moreover, is almost right across the street from a big church, Lutheran Church of the Holy Spirit, where a lot of youngsters congregate regularly especially because it is a location of Mayor Ed Lee's Youth Program. It is against the law to open an MCD at 2505 Noriega Street.

Finally, Sunset District has special protection due to the "Conditional Use" provision specifying that the wills of nearby residents and merchants must be respected in deciding the application of MCD. There were 1,000 people at the July 13th public hearing and over 6,000 signatures against this application. How can it be approved in light of the overwhelming opposition?

Suffice it to say, because of the various pernicious effects and strong opposition, please definitely reject the MCD application at 2505 Noriega Street. Your help is greatly appreciated.

Sincerely,

Ym Ying Sun

Dear Supervisors and Mayor Ed Lee,

I strongly oppose to the opening of medicinal cannabis dispensary (MCD) at 2505 Noriega Street in San Francisco. If opened, it will be disastrous and intolerable for the residents and merchants in the vicinity!

To begin with, there are youngsters' facilities within 600 feet of the proposed MCD and thus such proposal violates Californian State Law. Even preschools take children out of school regularly for different types of activities and the students will be tremendously affected by the MCD if opened. Regardless, more consideration and protection should be given to children, not to profit-oriented marijuana businessmen. Please spare our children and future generations from drugs!

It is against the law to open an MCD at 2505 Noriega Street.

Finally, Sunset District has special protection due to the "Conditional Use" provision specifying that the wills of nearby residents and merchants must be respected in deciding the application of MCD. There were 1,000 people at the July 13th public hearing and over 6,000 signatures against this application. How can it be approved in light of the overwhelming opposition?

Suffice it to say, because of the various pernicious effects and strong opposition, please definitely reject the MCD application at 2505 Noriega Street. Your help is greatly appreciated.

Sincerely,

Dear Supervisors and Mayor Ed Lee,

I strongly oppose to the opening of medicinal cannabis dispensary (MCD) at 2505 Noriega Street in San Francisco. If opened, it will be disastrous and intolerable for the residents and merchants in the vicinity!

To begin with, there are youngsters' facilities within 600 feet of the proposed MCD and thus such proposal violates Californian State Law. Even preschools take children out of school regularly for different types of activities and the students will be tremendously affected by the MCD if opened. Regardless, more consideration and protection should be given to children, not to profit-oriented marijuana businessmen. Please spare our children and future generations from drugs!

In addition, the proposed MCD is in a busy area. Thus, traffic problems will aggravate, not to mention the likely tremendous increase in traffic accidents related to marijuana as reflected in other marijuana states such as Washington and Colorado.

Crime rate will likely increase very considerably due to the MCD, and residents will have to live in an unsafe environment. According to California District Attorneys Association, their biggest worries about legalization of marijuana are the infiltration of drug gangs and traffic accidents.

Businesses in the vicinity will be adversely impacted to a large extent. Some of them may have to go out of business. This is really unfair to them.

This proposed marijuana outlet in question, moreover, is almost right across the street from a big church, Lutheran Church of the Holy Spirit, where a lot of youngsters congregate regularly especially because it is a location of Mayor Ed Lee's Youth Program. It is against the law to open an MCD at 2505 Noriega Street.

Finally, Sunset District has special protection due to the "Conditional Use" provision specifying that the wills of nearby residents and merchants must be respected in deciding the application of MCD. There were 1,000 people at the July 13th public hearing and over 6,000 signatures against this application. How can it be approved in light of the overwhelming opposition?

Suffice it to say, because of the various pernicious effects and strong opposition, please definitely reject the MCD application at 2505 Noriega Street. Your help is greatly appreciated.

Sincerely,

Crime rate will likely increase very considerably due to the MCD, and residents will have to live in an unsafe environment. According to California District Attorneys Association, their biggest worries about legalization of marijuana are the infiltration of drug gangs and traffic accidents.

Businesses in the vicinity will be adversely impacted to a large extent. Some of them may have to go out of business. This is really unfair to them.

This proposed marijuana outlet in question, moreover, is almost right across the street from a big church, Lutheran Church of the Holy Spirit, where a lot of youngsters congregate regularly especially because it is a location of Mayor Ed Lee's Youth Program. It is against the law to open an MCD at 2505 Noriega Street.

Finally, Sunset District has special protection due to the "Conditional Use" provision specifying that the wills of nearby residents and merchants must be respected in deciding the application of MCD. There were 1,000 people at the July 13th public hearing and over 6,000 signatures against this application. How can it be approved in light of the overwhelming opposition?

Suffice it to say, because of the various pernicious effects and strong opposition, please definitely reject the MCD application at 2505 Noriega Street. Your help is greatly appreciated.

Sincerely,

William Wong

Dear Supervisors and Mayor Ed Lee,

I strongly oppose to the opening of medicinal cannabis dispensary (MCD) at 2505 Noriega Street in San Francisco. If opened, it will be disastrous and intolerable for the residents and merchants in the vicinity!

To begin with, there are youngsters' facilities within 600 feet of the proposed MCD and thus such proposal violates Californian State Law. Even preschools take children out of school regularly for different types of activities and the students will be tremendously affected by the MCD if opened. Regardless, more consideration and protection should be given to children, not to profit-oriented marijuana businessmen. Please spare our children and future generations from drugs!

In addition, the proposed MCD is in a busy area. Thus, traffic problems will aggravate, not to mention the likely tremendous increase in traffic accidents related to marijuana as reflected in other marijuana states such as Washington and Colorado.

Crime rate will likely increase very considerably due to the MCD, and residents will have to live in an unsafe environment. According to California District Attorneys Association, their biggest worries about legalization of marijuana are the infiltration of drug gangs and traffic accidents.

Dear Supervisors and Mayor Ed Lee,

I strongly oppose to the opening of medicinal cannabis dispensary (MCD) at 2505 Noriega Street in San Francisco. If opened, it will be disastrous and intolerable for the residents and merchants in the vicinity!

To begin with, there are youngsters' facilities within 600 feet of the proposed MCD and thus such proposal violates Californian State Law. Even preschools take children out of school regularly for different types of activities and the students will be tremendously affected by the MCD if opened. Regardless, more consideration and protection should be given to children, not to profit-oriented marijuana businessmen. Please spare our children and future generations from drugs!

In addition, the proposed MCD is in a busy area. Thus, traffic problems will aggravate, not to mention the likely tremendous increase in traffic accidents related to marijuana as reflected in other marijuana states such as Washington and Colorado.

Crime rate will likely increase very considerably due to the MCD, and residents will have to live in an unsafe environment. According to California District Attorneys Association, their biggest worries about legalization of marijuana are the infiltration of drug gangs and traffic accidents.

Businesses in the vicinity will be adversely impacted to a large extent. Some of them may have to go out of business. This is really unfair to them.

This proposed marijuana outlet in question, moreover, is almost right across the street from a big church, Lutheran Church of the Holy Spirit, where a lot of youngsters congregate regularly especially because it is a location of Mayor Ed Lee's Youth Program. It is against the law to open an MCD at 2505 Noriega Street.

Finally, Sunset District has special protection due to the "Conditional Use" provision specifying that the wills of nearby residents and merchants must be respected in deciding the application of MCD. There were 1,000 people at the July 13th public hearing and over 6,000 signatures against this application. How can it be approved in light of the overwhelming opposition?

Suffice it to say, because of the various pernicious effects and strong opposition, please definitely reject the MCD application at 2505 Noriega Street. Your help is greatly appreciated.

Sincerely,

Crime rate will likely increase very considerably due to the MCD, and residents will have to live in an unsafe environment. According to California District Attorneys Association, their biggest worries about legalization of marijuana are the infiltration of drug gangs and traffic accidents.

Businesses in the vicinity will be adversely impacted to a large extent. Some of them may have to go out of business. This is really unfair to them.

This proposed marijuana outlet in question, moreover, is almost right across the street from a big church, Lutheran Church of the Holy Spirit, where a lot of youngsters congregate regularly especially because it is a location of Mayor Ed Lee's Youth Program. It is against the law to open an MCD at 2505 Noriega Street.

Finally, Sunset District has special protection due to the "Conditional Use" provision specifying that the wills of nearby residents and merchants must be respected in deciding the application of MCD. There were 1,000 people at the July 13th public hearing and over 6,000 signatures against this application. How can it be approved in light of the overwhelming opposition?

Suffice it to say, because of the various pernicious effects and strong opposition, please definitely reject the MCD application at 2505 Noriega Street. Your help is greatly appreciated.

Sincerely,

Dear Supervisors and Mayor Ed Lee,

I strongly oppose to the opening of medicinal cannabis dispensary (MCD) at 2505 Noriega Street in San Francisco. If opened, it will be disastrous and intolerable for the residents and merchants in the vicinity!

To begin with, there are youngsters' facilities within 600 feet of the proposed MCD and thus such proposal violates Californian State Law. Even preschools take children out of school regularly for different types of activities and the students will be tremendously affected by the MCD if opened. Regardless, more consideration and protection should be given to children, not to profit-oriented marijuana businessmen. Please spare our children and future generations from drugs!

In addition, the proposed MCD is in a busy area. Thus, traffic problems will aggravate, not to mention the likely tremendous increase in traffic accidents related to marijuana as reflected in other marijuana states such as Washington and Colorado.

Crime rate will likely increase very considerably due to the MCD, and residents will have to live in an unsafe environment. According to California District Attorneys Association, their biggest worries about legalization of marijuana are the infiltration of drug gangs and traffic accidents.

Businesses in the vicinity will be adversely impacted to a large extent. Some of them may have to go out of business. This is really unfair to them.

Dear Supervisors and Mayor Ed Lee,

I strongly oppose to the opening of medicinal cannabis dispensary (MCD) at 2505 Noriega Street in San Francisco. If opened, it will be disastrous and intolerable for the residents and merchants in the vicinity!

To begin with, there are youngsters' facilities within 600 feet of the proposed MCD and thus such proposal violates Californian State Law. Even preschools take children out of school regularly for different types of activities and the students will be tremendously affected by the MCD if opened. Regardless, more consideration and protection should be given to children, not to profit-oriented marijuana businessmen. Please spare our children and future generations from drugs!

In addition, the proposed MCD is in a busy area. Thus, traffic problems will aggravate, not to mention the likely tremendous increase in traffic accidents related to marijuana as reflected in other marijuana states such as Washington and Colorado.

Crime rate will likely increase very considerably due to the MCD, and residents will have to live in an unsafe environment. According to California District Attorneys Association, their biggest worries about legalization of marijuana are the infiltration of drug gangs and traffic accidents.

Businesses in the vicinity will be adversely impacted to a large extent. Some of them may have to go out of business. This is really unfair to them.

This proposed marijuana outlet in question, moreover, is almost right across the street from a big church, Lutheran Church of the Holy Spirit, where a lot of youngsters congregate regularly especially because it is a location of Mayor Ed Lee's Youth Program. It is against the law to open an MCD at 2505 Noriega Street.

Finally, Sunset District has special protection due to the "Conditional Use" provision specifying that the wills of nearby residents and merchants must be respected in deciding the application of MCD. There were 1,000 people at the July 13th public hearing and over 6,000 signatures against this application. How can it be approved in light of the overwhelming opposition?

Suffice it to say, because of the various pernicious effects and strong opposition, please definitely reject the MCD application at 2505 Noriega Street. Your help is greatly appreciated.

Sincerely,

In addition, the proposed MCD is in a busy area. Thus, traffic problems will aggravate, not to mention the likely tremendous increase in traffic accidents related to marijuana as reflected in other marijuana states such as Washington and Colorado.

Crime rate will likely increase very considerably due to the MCD, and residents will have to live in an unsafe environment. According to California District Attorneys Association, their biggest worries about legalization of marijuana are the infiltration of drug gangs and traffic accidents.

Businesses in the vicinity will be adversely impacted to a large extent. Some of them may have to go out of business. This is really unfair to them.

This proposed marijuana outlet in question, moreover, is almost right across the street from a big church, Lutheran Church of the Holy Spirit, where a lot of youngsters congregate regularly especially because it is a location of Mayor Ed Lee's Youth Program. It is against the law to open an MCD at 2505 Noriega Street.

Finally, Sunset District has special protection due to the "Conditional Use" provision specifying that the wills of nearby residents and merchants must be respected in deciding the application of MCD. There were 1,000 people at the July 13th public hearing and over 6,000 signatures against this application. How can it be approved in light of the overwhelming opposition?

Suffice it to say, because of the various pernicious effects and strong opposition, please definitely reject the MCD application at 2505 Noriega Street. Your help is greatly appreciated.

Sincerely,

Dear Supervisors and Mayor Ed Lee,

I strongly oppose to the opening of medicinal cannabis dispensary (MCD) at 2505 Noriega Street in San Francisco. If opened, it will be disastrous and intolerable for the residents and merchants in the vicinity!

To begin with, there are youngsters' facilities within 600 feet of the proposed MCD and thus such proposal violates Californian State Law. Even preschools take children out of school regularly for different types of activities and the students will be tremendously affected by the MCD if opened. Regardless, more consideration and protection should be given to children, not to profit-oriented marijuana businessmen. Please spare our children and future generations from drugs!

In addition, the proposed MCD is in a busy area. Thus, traffic problems will aggravate, not to mention the likely tremendous increase in traffic accidents related to marijuana as reflected in other marijuana states such as Washington and Colorado.

Crime rate will likely increase very considerably due to the MCD, and residents will have to live in an unsafe environment. According to California District Attorneys Association, their biggest worries about legalization of marijuana are the infiltration of drug gangs and traffic accidents.

It is against the law to open an MCD at 2505 Noriega Street.

Finally, Sunset District has special protection due to the "Conditional Use" provision specifying that the wills of nearby residents and merchants must be respected in deciding the application of MCD. There were 1,000 people at the July 13th public hearing and over 6,000 signatures against this application. How can it be approved in light of the overwhelming opposition?

Suffice it to say, because of the various pernicious effects and strong opposition, please definitely reject the MCD application at 2505 Noriega Street. Your help is greatly appreciated.

Sincerely,

Dear Supervisors and Mayor Ed Lee,

I strongly oppose to the opening of medicinal cannabis dispensary (MCD) at 2505 Noriega Street in San Francisco. If opened, it will be disastrous and intolerable for the residents and merchants in the vicinity!

To begin with, there are youngsters' facilities within 600 feet of the proposed MCD and thus such proposal violates Californian State Law. Even preschools take children out of school regularly for different types of activities and the students will be tremendously affected by the MCD if opened. Regardless, more consideration and protection should be given to children, not to profit-oriented marijuana businessmen. Please spare our children and future generations from drugs!

In addition, the proposed MCD is in a busy area. Thus, traffic problems will aggravate, not to mention the likely tremendous increase in traffic accidents related to marijuana as reflected in other marijuana states such as Washington and Colorado.

Crime rate will likely increase very considerably due to the MCD, and residents will have to live in an unsafe environment. According to California District Attorneys Association, their biggest worries about legalization of marijuana are the infiltration of drug gangs and traffic accidents.

Businesses in the vicinity will be adversely impacted to a large extent. Some of them may have to go out of business. This is really unfair to them.

This proposed marijuana outlet in question, moreover, is almost right across the street from a big church, Lutheran Church of the Holy Spirit, where a lot of youngsters congregate regularly especially because it is a location of Mayor Ed Lee's Youth Program. It is against the law to open an MCD at 2505 Noriega Street.

Finally, Sunset District has special protection due to the "Conditional Use" provision specifying that the wills of nearby residents and merchants must be respected in deciding the application of MCD. There were 1,000 people at the July 13th public hearing and over 6,000 signatures against this application. How can it be approved in light of the overwhelming opposition?

Suffice it to say, because of the various pernicious effects and strong opposition, please definitely reject the MCD application at 2505 Noriega Street. Your help is greatly appreciated.

I strongly oppose to the opening of medicinal cannabis dispensary (MCD) at 2505 Noriega Street in San Francisco. If opened, it will be disastrous and intolerable for the residents and merchants in the vicinity!

To begin with, there are youngsters' facilities within 600 feet of the proposed MCD and thus such proposal violates Californian State Law. Even preschools take children out of school regularly for different types of activities and the students will be tremendously affected by the MCD if opened. Regardless, more consideration and protection should be given to children, not to profit-oriented marijuana businessmen. Please spare our children and future generations from drugs!

In addition, the proposed MCD is in a busy area. Thus, traffic problems will aggravate, not to mention the likely tremendous increase in traffic accidents related to marijuana as reflected in other marijuana states such as Washington and Colorado.

Crime rate will likely increase very considerably due to the MCD, and residents will have to live in an unsafe environment. According to California District Attorneys Association, their biggest worries about legalization of marijuana are the infiltration of drug gangs and traffic accidents.

Businesses in the vicinity will be adversely impacted to a large extent. Some of them may have to go out of business. This is really unfair to them.

This proposed marijuana outlet in question, moreover, is almost right across the street from a big church, Lutheran Church of the Holy Spirit, where a lot of youngsters congregate regularly especially because it is a location of Mayor Ed Lee's Youth Program. It is against the law to open an MCD at 2505 Noriega Street.

Finally, Sunset District has special protection due to the "Conditional Use" provision specifying that the wills of nearby residents and merchants must be respected in deciding the application of MCD. There were 1,000 people at the July 13th public hearing and over 6,000 signatures against this application. How can it be approved in light of the overwhelming opposition?

Suffice it to say, because of the various pernicious effects and strong opposition, please definitely reject the MCD application at 2505 Noriega Street. Your help is greatly appreciated.

Sincerely,

Even preschools take children out of school regularly for different types of activities and the students will be tremendously affected by the MCD if opened. Regardless, more consideration and protection should be given to children, not to profit-oriented marijuana businessmen. Please spare our children and future generations from drugs!

In addition, the proposed MCD is in a busy area. Thus, traffic problems will aggravate, not to mention the likely tremendous increase in traffic accidents related to marijuana as reflected in other marijuana states such as Washington and Colorado.

Crime rate will likely increase very considerably due to the MCD, and residents will have to live in an unsafe environment. According to California District Attorneys Association, their biggest worries about legalization of marijuana are the infiltration of drug gangs and traffic accidents.

Businesses in the vicinity will be adversely impacted to a large extent. Some of them may have to go out of business. This is really unfair to them.

This proposed marijuana outlet in question, moreover, is almost right across the street from a big church, Lutheran Church of the Holy Spirit, where a lot of youngsters congregate regularly especially because it is a location of Mayor Ed Lee's Youth Program. It is against the law to open an MCD at 2505 Noriega Street.

Finally, Sunset District has special protection due to the "Conditional Use" provision specifying that the wills of nearby residents and merchants must be respected in deciding the application of MCD. There were 1,000 people at the July 13th public hearing and over 6,000 signatures against this application. How can it be approved in light of the overwhelming opposition?

Suffice it to say, because of the various pernicious effects and strong opposition, please definitely reject the MCD application at 2505 Noriega Street. Your help is greatly appreciated.

Sincerely,

Dear Supervisors,

I strongly oppose to the opening of medicinal cannabis dispensary (MCD) at 2505 Noriega Street in San Francisco. If opened, it will be disastrous and intolerable for the residents and merchants in the vicinity!

To begin with, there are youngsters' facilities within 600 feet of the proposed MCD and thus such proposal violates Californian State Law. Even preschools take children out of school regularly for different types of activities and the students will be tremendously affected by the MCD if opened. Regardless, more consideration and protection should be given to children, not to profit-oriented marijuana businessmen. Please spare our children and future generations from drugs!

Dear Supervisors and Mayor Ed Lee,

I strongly oppose to the opening of medicinal cannabis dispensary (MCD) at 2505 Noriega Street in San Francisco. If opened, it will be disastrous and intolerable for the residents and merchants in the vicinity!

To begin with, there are youngsters' facilities within 600 feet of the proposed MCD and thus such proposal violates Californian State Law. Even preschools take children out of school regularly for different types of activities and the students will be tremendously affected by the MCD if opened. Regardless, more consideration and protection should be given to children, not to profit-oriented marijuana businessmen. Please spare our children and future generations from drugs!

In addition, the proposed MCD is in a busy area. Thus, traffic problems will aggravate, not to mention the likely tremendous increase in traffic accidents related to marijuana as reflected in other marijuana states such as Washington and Colorado.

Crime rate will likely increase very considerably due to the MCD, and residents will have to live in an unsafe environment. According to California District Attorneys Association, their biggest worries about legalization of marijuana are the infiltration of drug gangs and traffic accidents.

Businesses in the vicinity will be adversely impacted to a large extent. Some of them may have to go out of business. This is really unfair to them.

This proposed marijuana outlet in question, moreover, is almost right across the street from a big church, Lutheran Church of the Holy Spirit, where a lot of youngsters congregate regularly especially because it is a location of Mayor Ed Lee's Youth Program. It is against the law to open an MCD at 2505 Noriega Street.

Finally, Sunset District has special protection due to the "Conditional Use" provision specifying that the wills of nearby residents and merchants must be respected in deciding the application of MCD. There were 1,000 people at the July 13th public hearing and over 6,000 signatures against this application. How can it be approved in light of the overwhelming opposition?

Suffice it to say, because of the various pernicious effects and strong opposition, please definitely reject the MCD application at 2505 Noriega Street. Your help is greatly appreciated.

Sincerely,

Suzanna Chin

In addition, the proposed MCD is in a busy area. Thus, traffic problems will aggravate, not to mention the likely tremendous increase in traffic accidents related to marijuana as reflected in other marijuana states such as Washington and Colorado.

Crime rate will likely increase very considerably due to the MCD, and residents will have to live in an unsafe environment. According to California District Attorneys Association, their biggest worries about legalization of marijuana are the infiltration of drug gangs and traffic accidents.

Businesses in the vicinity will be adversely impacted to a large extent. Some of them may have to go out of business. This is really unfair to them.

This proposed marijuana outlet in question, moreover, is almost right across the street from a big church, Lutheran Church of the Holy Spirit, where a lot of youngsters congregate regularly especially because it is a location of Mayor Ed Lee's Youth Program. It is against the law to open an MCD at 2505 Noriega Street.

Finally, Sunset District has special protection due to the "Conditional Use" provision specifying that the wills of nearby residents and merchants must be respected in deciding the application of MCD. There were 1,000 people at the July 13th public hearing and over 6,000 signatures against this application. How can it be approved in light of the overwhelming opposition?

Suffice it to say, because of the various pernicious effects and strong opposition, please definitely reject the MCD application at 2505 Noriega Street. Your help is greatly appreciated.

Sincerely,

Dear Supervisors and Mayor Ed Lee,

I strongly oppose to the opening of medicinal cannabis dispensary (MCD) at 2505 Noriega Street in San Francisco. If opened, it will be disastrous and intolerable for the residents and merchants in the vicinity!

To begin with, there are youngsters' facilities within 600 feet of the proposed MCD and thus such proposal violates Californian State Law. Even preschools take children out of school regularly for different types of activities and the students will be tremendously affected by the MCD if opened. Regardless, more consideration and protection should be given to children, not to profit-oriented marijuana businessmen. Please spare our children and future generations from drugs!

In addition, the proposed MCD is in a busy area. Thus, traffic problems will aggravate, not to mention the likely tremendous increase in traffic accidents related to marijuana as reflected in other marijuana states such as Washington and Colorado.

Crime rate will likely increase very considerably due to the MCD, and residents will have to live in an unsafe environment. According to California District Attorneys Association, their biggest worries about legalization of marijuana are the infiltration of drug gangs and traffic accidents.

In addition, the proposed MCD is in a busy area. Thus, traffic problems will aggravate, not to mention the likely tremendous increase in traffic accidents related to marijuana as reflected in other marijuana states such as Washington and Colorado.

Crime rate will likely increase very considerably due to the MCD, and residents will have to live in an unsafe environment. According to California District Attorneys Association, their biggest worries about legalization of marijuana are the infiltration of drug gangs and traffic accidents.

Businesses in the vicinity will be adversely impacted to a large extent. Some of them may have to go out of business. This is really unfair to them.

This proposed marijuana outlet in question, moreover, is almost right across the street from a big church, Lutheran Church of the Holy Spirit, where a lot of youngsters congregate regularly especially because it is a location of Mayor Ed Lee's Youth Program. It is against the law to open an MCD at 2505 Noriega Street.

Finally, Sunset District has special protection due to the "Conditional Use" provision specifying that the wills of nearby residents and merchants must be respected in deciding the application of MCD. There were 1,000 people at the July 13th public hearing and over 6,000 signatures against this application. How can it be approved in light of the overwhelming opposition?

Suffice it to say, because of the various pernicious effects and strong opposition, please definitely reject the MCD application at 2505 Noriega Street. Your help is greatly appreciated.

Sincerely,

Wei Tie Huang

Dear Supervisors and Mayor Ed Lee,

I strongly oppose to the opening of medicinal cannabis dispensary (MCD) at 2505 Noriega Street in San Francisco. If opened, it will be disastrous and intolerable for the residents and merchants in the vicinity!

To begin with, there are youngsters' facilities within 600 feet of the proposed MCD and thus such proposal violates Californian State Law. Even preschools take children out of school regularly for different types of activities and the students will be tremendously affected by the MCD if opened. Regardless, more consideration and protection should be given to children, not to profit-oriented marijuana businessmen. Please spare our children and future generations from drugs!

In addition, the proposed MCD is in a busy area. Thus, traffic problems will aggravate, not to mention the likely tremendous increase in traffic accidents related to marijuana as reflected in other marijuana states such as Washington and Colorado.

Crime rate will likely increase very considerably due to the MCD, and residents will have to live in an unsafe environment. According to California District Attorneys Association, their biggest worries about legalization of marijuana are the infiltration of drug gangs and traffic accidents.

Dear Supervisors and Mayor Ed Lee,

I strongly oppose to the opening of medicinal cannabis dispensary (MCD) at 2505 Noriega Street in San Francisco. If opened, it will be disastrous and intolerable for the residents and merchants in the vicinity!

To begin with, there are youngsters' facilities within 600 feet of the proposed MCD and thus such proposal violates Californian State Law. Even preschools take children out of school regularly for different types of activities and the students will be tremendously affected by the MCD if opened. Regardless, more consideration and protection should be given to children, not to profit-oriented marijuana businessmen. Please spare our children and future generations from drugs!

In addition, the proposed MCD is in a busy area. Thus, traffic problems will aggravate, not to mention the likely tremendous increase in traffic accidents related to marijuana as reflected in other marijuana states such as Washington and Colorado.

Crime rate will likely increase very considerably due to the MCD, and residents will have to live in an unsafe environment. According to California District Attorneys Association, their biggest worries about legalization of marijuana are the infiltration of drug gangs and traffic accidents.

Businesses in the vicinity will be adversely impacted to a large extent. Some of them may have to go out of business. This is really unfair to them.

This proposed marijuana outlet in question, moreover, is almost right across the street from a big church, Lutheran Church of the Holy Spirit, where a lot of youngsters congregate regularly especially because it is a location of Mayor Ed Lee's Youth Program. It is against the law to open an MCD at 2505 Noriega Street.

Finally, Sunset District has special protection due to the "Conditional Use" provision specifying that the wills of nearby residents and merchants must be respected in deciding the application of MCD. There were 1,000 people at the July 13th public hearing and over 6,000 signatures against this application. How can it be approved in light of the overwhelming opposition?

Suffice it to say, because of the various pernicious effects and strong opposition, please definitely reject the MCD application at 2505 Noriega Street. Your help is greatly appreciated.

Sincerely,

Signature

Crime rate will likely increase very considerably due to the MCD, and residents will have to live in an unsafe environment. According to California District Attorneys Association, their biggest worries about legalization of marijuana are the infiltration of drug gangs and traffic accidents.

Businesses in the vicinity will be adversely impacted to a large extent. Some of them may have to go out of business. This is really unfair to them.

This proposed marijuana outlet in question, moreover, is almost right across the street from a big church, Lutheran Church of the Holy Spirit, where a lot of youngsters congregate regularly especially because it is a location of Mayor Ed Lee's Youth Program. It is against the law to open an MCD at 2505 Noriega Street.

Finally, Sunset District has special protection due to the "Conditional Use" provision specifying that the wills of nearby residents and merchants must be respected in deciding the application of MCD. There were 1,000 people at the July 13th public hearing and over 6,000 signatures against this application. How can it be approved in light of the overwhelming opposition?

Suffice it to say, because of the various pernicious effects and strong opposition, please definitely reject the MCD application at 2505 Noriega Street. Your help is greatly appreciated.

Sincerely,

Dear Supervisors and Mayor Ed Lee,

I strongly oppose to the opening of medicinal cannabis dispensary (MCD) at 2505 Noriega Street in San Francisco. If opened, it will be disastrous and intolerable for the residents and merchants in the vicinity!

To begin with, there are youngsters' facilities within 600 feet of the proposed MCD and thus such proposal violates Californian State Law. Even preschools take children out of school regularly for different types of activities and the students will be tremendously affected by the MCD if opened. Regardless, more consideration and protection should be given to children, not to profit-oriented marijuana businessmen. Please spare our children and future generations from drugs!

In addition, the proposed MCD is in a busy area. Thus, traffic problems will aggravate, not to mention the likely tremendous increase in traffic accidents related to marijuana as reflected in other marijuana states such as Washington and Colorado.

Crime rate will likely increase very considerably due to the MCD, and residents will have to live in an unsafe environment. According to California District Attorneys Association, their biggest worries about legalization of marijuana are the infiltration of drug gangs and traffic accidents.

To begin with, there are youngsters' facilities within 600 feet of the proposed MCD and thus such proposal violates Californian State Law. Even preschools take children out of school regularly for different types of activities and the students will be tremendously affected by the MCD if opened. Regardless, more consideration and protection should be given to children, not to profit-oriented marijuana businessmen. Please spare our children and future generations from drugs!

In addition, the proposed MCD is in a busy area. Thus, traffic problems will aggravate, not to mention the likely tremendous increase in traffic accidents related to marijuana as reflected in other marijuana states such as Washington and Colorado.

Crime rate will likely increase very considerably due to the MCD, and residents will have to live in an unsafe environment. According to California District Attorneys Association, their biggest worries about legalization of marijuana are the infiltration of drug gangs and traffic accidents.

Businesses in the vicinity will be adversely impacted to a large extent. Some of them may have to go out of business. This is really unfair to them.

This proposed marijuana outlet in question, moreover, is almost right across the street from a big church, Lutheran Church of the Holy Spirit, where a lot of youngsters congregate regularly especially because it is a location of Mayor Ed Lee's Youth Program. It is against the law to open an MCD at 2505 Noriega Street.

Finally, Sunset District has special protection due to the "Conditional Use" provision specifying that the wills of nearby residents and merchants must be respected in deciding the application of MCD. There were 1,000 people at the July 13th public hearing and over 6,000 signatures against this application. How can it be approved in light of the overwhelming opposition?

Suffice it to say, because of the various pernicious effects and strong opposition, please definitely reject the MCD application at 2505 Noriega Street. Your help is greatly appreciated.

Sincerely,

Finally, Sunset District has special protection due to the "Conditional Use" provision specifying that the wills of nearby residents and merchants must be respected in deciding the application of MCD. There were 1,000 people at the July 13th public hearing and over 6,000 signatures against this application. How can it be approved in light of the overwhelming opposition?

Suffice it to say, because of the various pernicious effects and strong opposition, please definitely reject the MCD application at 2505 Noriega Street. Your help is greatly appreciated.

Sincerely,

Dear Supervisors and Mayor Ed Lee,

I strongly oppose to the opening of medicinal cannabis dispensary (MCD) at 2505 Noriega Street in San Francisco. If opened, it will be disastrous and intolerable for the residents and merchants in the vicinity!

To begin with, there are youngsters' facilities within 600 feet of the proposed MCD and thus such proposal violates Californian State Law. Even preschools take children out of school regularly for different types of activities and the students will be tremendously affected by the MCD if opened. Regardless, more consideration and protection should be given to children, not to profit-oriented marijuana businessmen. Please spare our children and future generations from drugs!

In addition, the proposed MCD is in a busy area. Thus, traffic problems will aggravate, not to mention the likely tremendous increase in traffic accidents related to marijuana as reflected in other marijuana states such as Washington and Colorado.

Crime rate will likely increase very considerably due to the MCD, and residents will have to live in an unsafe environment. According to California District Attorneys Association, their biggest worries about legalization of marijuana are the infiltration of drug gangs and traffic accidents.

Businesses in the vicinity will be adversely impacted to a large extent. Some of them may have to go out of business. This is really unfair to them.

This proposed marijuana outlet in question, moreover, is almost right across the street from a big church, Lutheran Church of the Holy Spirit, where a lot of youngsters congregate regularly especially because it is a location of Mayor Ed Lee's Youth Program. It is against the law to open an MCD at 2505 Noriega Street.

Finally, Sunset District has special protection due to the "Conditional Use" provision specifying that the wills of nearby residents and merchants must be respected in deciding the application of MCD. There were 1,000 people at the July 13th public hearing and over 6,000 signatures against this application. How can it be approved in light of the overwhelming opposition?

Suffice it to say, because of the various pernicious effects and strong opposition, please definitely reject the MCD application at 2505 Noriega Street. Your help is greatly appreciated.

Sincerely,

Even preschools take children out of school regularly for different types of activities and the students will be tremendously affected by the MCD if opened. Regardless, more consideration and protection should be given to children, not to profit-oriented marijuana businessmen. Please spare our children and future generations from drugs!

In addition, the proposed MCD is in a busy area. Thus, traffic problems will aggravate, not to mention the likely tremendous increase in traffic accidents related to marijuana as reflected in other marijuana states such as Washington and Colorado.

Crime rate will likely increase very considerably due to the MCD, and residents will have to live in an unsafe environment. According to California District Attorneys Association, their biggest worries about legalization of marijuana are the infiltration of drug gangs and traffic accidents.

Businesses in the vicinity will be adversely impacted to a large extent. Some of them may have to go out of business. This is really unfair to them.

This proposed marijuana outlet in question, moreover, is almost right across the street from a big church, Lutheran Church of the Holy Spirit, where a lot of youngsters congregate regularly especially because it is a location of Mayor Ed Lee's Youth Program. It is against the law to open an MCD at 2505 Noriega Street.

Finally, Sunset District has special protection due to the "Conditional Use" provision specifying that the wills of nearby residents and merchants must be respected in deciding the application of MCD. There were 1,000 people at the July 13th public hearing and over 6,000 signatures against this application. How can it be approved in light of the overwhelming opposition?

Suffice it to say, because of the various pernicious effects and strong opposition, please definitely reject the MCD application at 2505 Noriega Street. Your help is greatly appreciated.

Sincerely,

Miao Jan Ma

Dear Supervisors,

I strongly oppose to the opening of medicinal cannabis dispensary (MCD) at 2505 Noriega Street in San Francisco. If opened, it will be disastrous and intolerable for the residents and merchants in the vicinity!

To begin with, there are youngsters' facilities within 600 feet of the proposed MCD and thus such proposal violates Californian State Law. Even preschools take children out of school regularly for different types of activities and the students will be tremendously affected by the MCD if opened. Regardless, more consideration and protection should be given to children, not to profit-oriented marijuana businessmen. Please spare our children and future generations from drugs!

Dear Katy,

I strongly oppose to the opening of medicinal cannabis dispensary (MCD) at 2505 Noriega Street in San Francisco. If opened, it will be disastrous and intolerable for the residents and merchants in the vicinity!

To begin with, there are youngsters' facilities within 600 feet of the proposed MCD and thus such proposal violates Californian State Law. Even preschools take children out of school regularly for different types of activities and the students will be tremendously affected by the MCD if opened. Regardless, more consideration and protection should be given to children, not to profit-oriented marijuana businessmen. Please spare our children and future generations from drugs!

In addition, the proposed MCD is in a busy area. Thus, traffic problems will aggravate, not to mention the likely tremendous increase in traffic accidents related to marijuana as reflected in other marijuana states such as Washington and Colorado.

Crime rate will likely increase very considerably due to the MCD, and residents will have to live in an unsafe environment. According to California District Attorneys Association, their biggest worries about legalization of marijuana are the infiltration of drug gangs and traffic accidents.

Businesses in the vicinity will be adversely impacted to a large extent. Some of them may have to go out of business. This is really unfair to them.

This proposed marijuana outlet in question, moreover, is almost right across the street from a big church, Lutheran Church of the Holy Spirit, where a lot of youngsters congregate regularly especially because it is a location of Mayor Ed Lee's Youth Program. It is against the law to open an MCD at 2505 Noriega Street.

Finally, Sunset District has special protection due to the "Conditional Use" provision specifying that the wills of nearby residents and merchants must be respected in deciding the application of MCD. There were 1,000 people at the July 13th public hearing and over 6,000 signatures against this application. How can it be approved in light of the overwhelming opposition?

Suffice it to say, because of the various pernicious effects and strong opposition, please definitely reject the MCD application at 2505 Noriega Street. Your help is greatly appreciated.

Sincerely,

In addition, the proposed MCD is in a busy area. Thus, traffic problems will aggravate, not to mention the likely tremendous increase in traffic accidents related to marijuana as reflected in other marijuana states such as Washington and Colorado.

Crime rate will likely increase very considerably due to the MCD, and residents will have to live in an unsafe environment. According to California District Attorneys Association, their biggest worries about legalization of marijuana are the infiltration of drug gangs and traffic accidents.

Businesses in the vicinity will be adversely impacted to a large extent. Some of them may have to go out of business. This is really unfair to them.

This proposed marijuana outlet in question, moreover, is almost right across the street from a big church, Lutheran Church of the Holy Spirit, where a lot of youngsters congregate regularly especially because it is a location of Mayor Ed Lee's Youth Program. It is against the law to open an MCD at 2505 Noriega Street.

Finally, Sunset District has special protection due to the "Conditional Use" provision specifying that the wills of nearby residents and merchants must be respected in deciding the application of MCD. There were 1,000 people at the July 13th public hearing and over 6,000 signatures against this application. How can it be approved in light of the overwhelming opposition?

Suffice it to say, because of the various pernicious effects and strong opposition, please definitely reject the MCD application at 2505 Noriega Street. Your help is greatly appreciated.

Sincerely,

Benson Lam

Dear Supervisors and Mayor Ed Lee,

I strongly oppose to the opening of medicinal cannabis dispensary (MCD) at 2505 Noriega Street in San Francisco. If opened, it will be disastrous and intolerable for the residents and merchants in the vicinity! To begin with, there are youngsters' facilities within 600 feet of the proposed MCD and thus such proposal violates Californian State Law. Even preschools take children out of school regularly for different types of activities and the students will be tremendously affected by the MCD if opened. Regardless, more consideration and protection should be given to children, not to profit-oriented marijuana businessmen. Please spare our children and future generations from drugs!

In addition, the proposed MCD is in a busy area. Thus, traffic problems will aggravate, not to mention the likely tremendous increase in traffic accidents related to marijuana as reflected in other marijuana states such as Washington and Colorado.

In addition, the proposed MCD is in a busy area. Thus, traffic problems will aggravate, not to mention the likely tremendous increase in traffic accidents related to marijuana as reflected in other marijuana states such as Washington and Colorado.

Crime rate will likely increase very considerably due to the MCD, and residents will have to live in an unsafe environment. According to California District Attorneys Association, their biggest worries about legalization of marijuana are the infiltration of drug gangs and traffic accidents.

Businesses in the vicinity will be adversely impacted to a large extent. Some of them may have to go out of business. This is really unfair to them.

This proposed marijuana outlet in question, moreover, is almost right across the street from a big church, Lutheran Church of the Holy Spirit, where a lot of youngsters congregate regularly especially because it is a location of Mayor Ed Lee's Youth Program. It is against the law to open an MCD at 2505 Noriega Street.

Finally, Sunset District has special protection due to the "Conditional Use" provision specifying that the wills of nearby residents and merchants must be respected in deciding the application of MCD. There were 1,000 people at the July 13th public hearing and over 6,000 signatures against this application. How can it be approved in light of the overwhelming opposition?

Suffice it to say, because of the various pernicious effects and strong opposition, please definitely reject the MCD application at 2505 Noriega Street. Your help is greatly appreciated.

Sincerely,

Yuen Bin Chin

Dear Supervisors,

I strongly oppose to the opening of medicinal cannabis dispensary (MCD) at 2505 Noriega Street in San Francisco. If opened, it will be disastrous and intolerable for the residents and merchants in the vicinity!

To begin with, there are youngsters' facilities within 600 feet of the proposed MCD and thus such proposal violates Californian State Law. Even preschools take children out of school regularly for different types of activities and the students will be tremendously affected by the MCD if opened. Regardless, more consideration and protection should be given to children, not to profit-oriented marijuana businessmen. Please spare our children and future generations from drugs!

In addition, the proposed MCD is in a busy area. Thus, traffic problems will aggravate, not to mention the likely tremendous increase in traffic accidents related to marijuana as reflected in other marijuana states such as Washington and Colorado.

This proposed marijuana outlet in question, moreover, is almost right across the street from a big church, Lutheran Church of the Holy Spirit, where a lot of youngsters congregate regularly especially because it is a location of Mayor Ed Lee's Youth Program. It is against the law to open an MCD at 2505 Noriega Street.

Finally, Sunset District has special protection due to the "Conditional Use" provision specifying that the wills of nearby residents and merchants must be respected in deciding the application of MCD. There were 1,000 people at the July 13th public hearing and over 6,000 signatures against this application. How can it be approved in light of the overwhelming opposition?

Suffice it to say, because of the various pernicious effects and strong opposition, please definitely reject the MCD application at 2505 Noriega Street. Your help is greatly appreciated.

Sincerely,

Dear Supervisors,

I strongly oppose to the opening of medicinal cannabis dispensary (MCD) at 2505 Noriega Street in San Francisco. If opened, it will be disastrous and intolerable for the residents and merchants in the vicinity!

To begin with, there are youngsters' facilities within 600 feet of the proposed MCD and thus such proposal violates Californian State Law. Even preschools take children out of school regularly for different types of activities and the students will be tremendously affected by the MCD if opened. Regardless, more consideration and protection should be given to children, not to profit-oriented marijuana businessmen. Please spare our children and future generations from drugs!

In addition, the proposed MCD is in a busy area. Thus, traffic problems will aggravate, not to mention the likely tremendous increase in traffic accidents related to marijuana as reflected in other marijuana states such as Washington and Colorado.

Crime rate will likely increase very considerably due to the MCD, and residents will have to live in an unsafe environment. According to California District Attorneys Association, their biggest worries about legalization of marijuana are the infiltration of drug gangs and traffic accidents.

Businesses in the vicinity will be adversely impacted to a large extent. Some of them may have to go out of business. This is really unfair to them.

Crime rate will likely increase very considerably due to the MCD, and residents will have to live in an unsafe environment. According to California District Attorneys Association, their biggest worries about legalization of marijuana are the infiltration of drug gangs and traffic accidents.

Businesses in the vicinity will be adversely impacted to a large extent. Some of them may have to go out of business. This is really unfair to them.

This proposed marijuana outlet in question, moreover, is almost right across the street from a big church, Lutheran Church of the Holy Spirit, where a lot of youngsters congregate regularly especially because it is a location of Mayor Ed Lee's Youth Program. It is against the law to open an MCD at 2505 Noriega Street.

Finally, Sunset District has special protection due to the "Conditional Use" provision specifying that the wills of nearby residents and merchants must be respected in deciding the application of MCD. There were 1,000 people at the July 13th public hearing and over 6,000 signatures against this application. How can it be approved in light of the overwhelming opposition?

Suffice it to say, because of the various pernicious effects and strong opposition, please definitely reject the MCD application at 2505 Noriega Street. Your help is greatly appreciated.

Sincerely,

Dear Katy,

I strongly oppose to the opening of medicinal cannabis dispensary (MCD) at 2505 Noriega Street in San Francisco. If opened, it will be disastrous and intolerable for the residents and merchants in the vicinity!

To begin with, there are youngsters' facilities within 600 feet of the proposed MCD and thus such proposal violates Californian State Law. Even preschools take children out of school regularly for different types of activities and the students will be tremendously affected by the MCD if opened. Regardless, more consideration and protection should be given to children, not to profit-oriented marijuana businessmen. Please spare our children and future generations from drugs!

In addition, the proposed MCD is in a busy area. Thus, traffic problems will aggravate, not to mention the likely tremendous increase in traffic accidents related to marijuana as reflected in other marijuana states such as Washington and Colorado.

Dear Supervisors and Mayor Ed Lee,

I strongly oppose to the opening of medicinal cannabis dispensary (MCD) at 2505 Noriega Street in San Francisco. If opened, it will be disastrous and intolerable for the residents and merchants in the vicinity! To begin with, there are youngsters' facilities within 600 feet of the proposed MCD and thus such proposal violates Californian State Law. Even preschools take children out of school regularly for different types of activities and the students will be tremendously affected by the MCD if opened. Regardless, more consideration and protection should be given to children, not to profit-oriented marijuana businessmen. Please spare our children and future generations from drugs!

In addition, the proposed MCD is in a busy area. Thus, traffic problems will aggravate, not to mention the likely tremendous increase in traffic accidents related to marijuana as reflected in other marijuana states such as Washington and Colorado.

Crime rate will likely increase very considerably due to the MCD, and residents will have to live in an unsafe environment. According to California District Attorneys Association, their biggest worries about legalization of marijuana are the infiltration of drug gangs and traffic accidents.

Businesses in the vicinity will be adversely impacted to a large extent. Some of them may have to go out of business. This is really unfair to them.

This proposed marijuana outlet in question, moreover, is almost right across the street from a big church, Lutheran Church of the Holy Spirit, where a lot of youngsters congregate regularly especially because it is a location of Mayor Ed Lee's Youth Program. It is against the law to open an MCD at 2505 Noriega Street.

Finally, Sunset District has special protection due to the "Conditional Use" provision specifying that the wills of nearby residents and merchants must be respected in deciding the application of MCD. There were 1,000 people at the July 13th public hearing and over 6,000 signatures against this application. How can it be approved in light of the overwhelming opposition?

Suffice it to say, because of the various pernicious effects and strong opposition, please definitely reject the MCD application at 2505 Noriega Street. Your help is greatly appreciated.

Sincerely,

August 5, 2017

Dear Supervisors and Mayor Ed Lee,

I object to the opening of the medical marijuana outlet (MCD) at 2505 Noriega St, San Francisco. If opened, it will negatively affect the neighborhood residents and merchants.

Several facilities which serve youth and teens are located within two blocks of the site (2505 Noriega St.), including two churches (youth groups, academic tutoring and summer camps) and one preschool. Lutheran Church of the Holy Spirit (2400 Noriega St.) has hosted the Mayor's Youth Employment and Education Program (Sunset MYEEP, for high schoolers) for the past three years. The Ark of Hope Preschool takes its students out into the neighborhood regularly for recess. In addition, the proposed MCD is located in a busy area, with families and school children and teens daily passing along the corridor during morning and afternoon hours.

I am concerned about current traffic problems, not to mention, the risk of marijuana related traffic accidents. Two blocks around 2505 Noriega St. have congestion during morning and evening commuting hours, between pedestrians (including students and seniors), cars, and buses. The AAA auto club reports an increase in marijuana related traffic fatalities in Washington State after legalization. And currently, there is no standardized test for marijuana impairment while driving, like how blood alcohol content is measured to enforce drunk driving laws. <https://www.aaafoundation.org/impaired-driving-and-cannabis>

The Apothecarium has posted material aimed to convince the Chinese community of the benefits of cannabis; however, this is not well received by the Chinese community. Saying that cannabis has medical uses in ancient China, the Apothecarium neglects the fact that cannabis possession and usage have been illegal in China since 1985.

Neighboring residents and businesses have also expressed opposition to MCDs in the Sunset District, with signatures (3,000 in 2015, and 5,000 in 2017). I request that fact to be considered and respected in the Conditional Use for rejecting the establishment of a MCD at 2505 Noriega St.

At the public hearing on 07/13/17, the owner of the Apothecarium stated a willingness to use this site for selling cannabis for recreational use in January 2018. I see the potential harm to the community in terms of exposure to undesirable odors, loitering, and traffic congestion.

I strongly urge you to consider the appeal of the local neighborhood. Please reject the MCD application at 2505 Noriega St. Your help is greatly appreciated.

Sincerely,

Crime rate will likely increase very considerably due to the MCD, and residents will have to live in an unsafe environment. According to California District Attorneys Association, their biggest worries about legalization of marijuana are the infiltration of drug gangs and traffic accidents.

Businesses in the vicinity will be adversely impacted to a large extent. Some of them may have to go out of business. This is really unfair to them.

This proposed marijuana outlet in question, moreover, is almost right across the street from a big church, Lutheran Church of the Holy Spirit, where a lot of youngsters congregate regularly especially because it is a location of Mayor Ed Lee's Youth Program. It is against the law to open an MCD at 2505 Noriega Street.

Finally, Sunset District has special protection due to the "Conditional Use" provision specifying that the wills of nearby residents and merchants must be respected in deciding the application of MCD. There were 1,000 people at the July 13th public hearing and over 6,000 signatures against this application. How can it be approved in light of the overwhelming opposition?

Suffice it to say, because of the various pernicious effects and strong opposition, please definitely reject the MCD application at 2505 Noriega Street. Your help is greatly appreciated.

Sincerely,

Dear Katy,

I strongly oppose to the opening of medicinal cannabis dispensary (MCD) at 2505 Noriega Street in San Francisco. If opened, it will be disastrous and intolerable for the residents and merchants in the vicinity!

To begin with, there are youngsters' facilities within 600 feet of the proposed MCD and thus such proposal violates Californian State Law. Even preschools take children out of school regularly for different types of activities and the students will be tremendously affected by the MCD if opened. Regardless, more consideration and protection should be given to children, not to profit-oriented marijuana businessmen. Please spare our children and future generations from drugs!

In addition, the proposed MCD is in a busy area. Thus, traffic problems will aggravate, not to mention the likely tremendous increase in traffic accidents related to marijuana as reflected in other marijuana states such as Washington and Colorado.

Crime rate will likely increase very considerably due to the MCD, and residents will have to live in an unsafe environment. According to California District Attorneys Association, their biggest worries about legalization of marijuana are the infiltration of drug gangs and traffic accidents.

Businesses in the vicinity will be adversely impacted to a large extent. Some of them may have to go out of business. This is really unfair to them.

This proposed marijuana outlet in question, moreover, is almost right across the street from a big church, Lutheran Church of the Holy Spirit, where a lot of youngsters congregate regularly especially because it is a location of Mayor Ed Lee's Youth Program. It is against the law to open an MCD at 2505 Noriega Street.

Finally, Sunset District has special protection due to the "Conditional Use" provision specifying that the wills of nearby residents and merchants must be respected in deciding the application of MCD. There were 1,000 people at the July 13th public hearing and over 6,000 signatures against this application. How can it be approved in light of the overwhelming opposition?

Suffice it to say, because of the various pernicious effects and strong opposition, please definitely reject the MCD application at 2505 Noriega Street. Your help is greatly appreciated.

Sincerely,

San Francisco Board of Supervisors
c/o Mayor Ed Lee
1 Dr Carlton B Goodlett Place, #244
San Francisco, CA 94102

Dear Supervisors,

I strongly oppose to the opening of medicinal cannabis dispensary (MCD) at 2505 Noriega Street in San Francisco. If opened, it will be disastrous and intolerable for the residents and merchants in the vicinity!

To begin with, there are youngsters' facilities within 600 feet of the proposed MCD and thus such proposal violates Californian State Law. Even preschools take children out of school regularly for different types of activities and the students will be tremendously affected by the MCD if opened. Regardless, more consideration and protection should be given to children, not to profit-oriented marijuana businessmen. Please spare our children and future generations from drugs!

In addition, the proposed MCD is in a busy area. Thus, traffic problems will aggravate, not to mention the likely tremendous increase in traffic accidents related to marijuana as reflected in other marijuana states such as Washington and Colorado.

Crime rate will likely increase very considerably due to the MCD, and residents will have to live in an unsafe environment. According to California District Attorneys Association, their biggest worries about legalization of marijuana are the infiltration of drug gangs and traffic accidents.

Businesses in the vicinity will be adversely impacted to a large extent. Some of them may have to go out of business. This is really unfair to them.

This proposed marijuana outlet in question, moreover, is almost right across the street from a big church, Lutheran Church of the Holy Spirit, where a lot of youngsters congregate regularly especially because it is a location of Mayor Ed Lee's Youth Program. Dear Supervisors and Mayor Ed Lee,

I object to the opening of the medical marijuana outlet (MCD) at 2505 Noriega St, San Francisco. If opened, it will negatively affect the neighborhood residents and merchants.

Several facilities which serve youth and teens are located within two blocks of the site (2505 Noriega St.), including two churches (youth groups, academic tutoring and summer camps) and one preschool. Lutheran Church of the Holy Spirit (2400 Noriega St.) has hosted the Mayor's Youth Employment and Education Program (Sunset MYEEP, for high schoolers) for the past three years. The Ark of Hope Preschool takes its students out into the neighborhood regularly for recess. In addition, the proposed MCD is located in a busy area, with families and school children and teens daily passing along the corridor during morning and afternoon hours.

I am concerned about current traffic problems, not to mention, the risk of marijuana related traffic accidents. Two blocks around 2505 Noriega St. have congestion during morning and evening commuting hours, between pedestrians (including students and seniors), cars, and buses. The AAA auto club reports an increase in marijuana related traffic fatalities in Washington State after legalization. And currently, there is no standardized test for marijuana impairment while driving, like how blood alcohol content is measured to enforce drunk driving laws. <https://www.aaafoundation.org/impaired-driving-and-cannabis>

The Apothecarium has posted material aimed to convince the Chinese community of the benefits of cannabis; however, this is not well received by the Chinese community. Saying that cannabis has medical uses in ancient China, the Apothecarium neglects the fact that cannabis possession and usage have been illegal in China since 1985.

Neighboring residents and businesses have also expressed opposition to MCDs in the Sunset District, with signatures (3,000 in 2015, and 5,000 in 2017). I request that fact to be considered and respected in the Conditional Use for rejecting the establishment of a MCD at 2505 Noriega St.

At the public hearing on 07/13/17, the owner of the Apothecarium stated a willingness to use this site for selling cannabis for recreational use in January 2018. I see the potential harm to the community in terms of exposure to undesirable odors, loitering, and traffic congestion.

I strongly urge you to consider the appeal of the local neighborhood. Please reject the MCD application at 2505 Noriega St. Your help is greatly appreciated.

Sincerely,

Several facilities which serve youth and teens are located within two blocks of the site (2505 Noriega St.), including two churches (youth groups, academic tutoring and summer camps) and one preschool. Lutheran Church of the Holy Spirit (2400 Noriega St.) has hosted the Mayor's Youth Employment and Education Program (Sunset MYEEP, for high schoolers) for the past three years. The Ark of Hope Preschool takes its students out into the neighborhood regularly for recess. In addition, the proposed MCD is located in a busy area, with families and school children and teens daily passing along the corridor during morning and afternoon hours.

I am concerned about current traffic problems, not to mention, the risk of marijuana related traffic accidents. Two blocks around 2505 Noriega St. have congestion during morning and evening commuting hours, between pedestrians (including students and seniors), cars, and buses. The AAA auto club reports an increase in marijuana related traffic fatalities in Washington State after legalization. And currently, there is no standardized test for marijuana impairment while driving, like how blood alcohol content is measured to enforce drunk driving laws. <https://www.aaafoundation.org/impaired-driving-and-cannabis>

The Apothecarium has posted material aimed to convince the Chinese community of the benefits of cannabis; however, this is not well received by the Chinese community. Saying that cannabis has medical uses in ancient China, the Apothecarium neglects the fact that cannabis possession and usage have been illegal in China since 1985.

Neighboring residents and businesses have also expressed opposition to MCDs in the Sunset District, with signatures (3,000 in 2015, and 5,000 in 2017). I request that fact to be considered and respected in the Conditional Use for rejecting the establishment of a MCD at 2505 Noriega St.

At the public hearing on 07/13/17, the owner of the Apothecarium stated a willingness to use this site for selling cannabis for recreational use in January 2018. I see the potential harm to the community in terms of exposure to undesirable odors, loitering, and traffic congestion.

I strongly urge you to consider the appeal of the local neighborhood. Please reject the MCD application at 2505 Noriega St. Your help is greatly appreciated.

Sincerely,

Dear Supervisors and Mayor Ed Lee,

I object to the opening of the medical marijuana outlet (MCD) at 2505 Noriega St, San Francisco. If opened, it will negatively affect the neighborhood residents and merchants.

Dear Supervisors and Mayor Ed Lee,

I object to the opening of the medical marijuana outlet (MCD) at 2505 Noriega St, San Francisco. If opened, it will negatively affect the neighborhood residents and merchants.

Several facilities which serve youth and teens are located within two blocks of the site (2505 Noriega St.), including two churches (youth groups, academic tutoring and summer camps) and one preschool. Lutheran Church of the Holy Spirit (2400 Noriega St.) has hosted the Mayor's Youth Employment and Education Program (Sunset MYEEP, for high schoolers) for the past three years. The Ark of Hope Preschool takes its students out into the neighborhood regularly for recess. In addition, the proposed MCD is located in a busy area, with families and school children and teens daily passing along the corridor during morning and afternoon hours.

I am concerned about current traffic problems, not to mention, the risk of marijuana related traffic accidents. Two blocks around 2505 Noriega St. have congestion during morning and evening commuting hours, between pedestrians (including students and seniors), cars, and buses. The AAA auto club reports an increase in marijuana related traffic fatalities in Washington State after legalization. And currently, there is no standardized test for marijuana impairment while driving, like how blood alcohol content is measured to enforce drunk driving laws. <https://www.aaafoundation.org/impaired-driving-and-cannabis>

The Apothecarium has posted material aimed to convince the Chinese community of the benefits of cannabis; however, this is not well received by the Chinese community. Saying that cannabis has medical uses in ancient China, the Apothecarium neglects the fact that cannabis possession and usage have been illegal in China since 1985.

Neighboring residents and businesses have also expressed opposition to MCDs in the Sunset District, with signatures (3,000 in 2015, and 5,000 in 2017). I request that fact to be considered and respected in the Conditional Use for rejecting the establishment of a MCD at 2505 Noriega St.

At the public hearing on 07/13/17, the owner of the Apothecarium stated a willingness to use this site for selling cannabis for recreational use in January 2018. I see the potential harm to the community in terms of exposure to undesirable odors, loitering, and traffic congestion.

I strongly urge you to consider the appeal of the local neighborhood. Please reject the MCD application at 2505 Noriega St. Your help is greatly appreciated.

Sincerely,

August 3, 2017

Dear Supervisors and Mayor Ed Lee,

I strongly oppose to the opening of medicinal cannabis dispensary (MCD) at 2505 Noriega Street in San Francisco. If opened, it will be disastrous and intolerable for the residents and merchants in the vicinity! To begin with, there are youngsters' facilities within 600 feet of the proposed MCD and thus such proposal violates Californian State Law. Even preschools take children out of school regularly for different types of activities and the students will be tremendously affected by the MCD if opened. Regardless, more consideration and protection should be given to children, not to profit-oriented marijuana businessmen. Please spare our children and future generations from drugs!

In addition, the proposed MCD is in a busy area. Thus, traffic problems will aggravate, not to mention the likely tremendous increase in traffic accidents related to marijuana as reflected in other marijuana states such as Washington and Colorado.

Crime rate will likely increase very considerably due to the MCD, and residents will have to live in an unsafe environment. According to California District Attorneys Association, their biggest worries about legalization of marijuana are the infiltration of drug gangs and traffic accidents.

Businesses in the vicinity will be adversely impacted to a large extent. Some of them may have to go out of business. This is really unfair to them.

This proposed marijuana outlet in question, moreover, is almost right across the street from a big church, Lutheran Church of the Holy Spirit, where a lot of youngsters congregate regularly especially because it is a location of Mayor Ed Lee's Youth Program. It is against the law to open an MCD at 2505 Noriega Street.

Finally, Sunset District has special protection due to the "Conditional Use" provision specifying that the wills of nearby residents and merchants must be respected in deciding the application of MCD. There were 1,000 people at the July 13th public hearing and over 6,000 signatures against this application. How can it be approved in light of the overwhelming opposition?

Suffice it to say, because of the various pernicious effects and strong opposition, please definitely reject the MCD application at 2505 Noriega Street. Your help is greatly appreciated.

Sincerely,

Dear Supervisors and Mayor Ed Lee,

I object to the opening of the medical marijuana outlet (MCD) at 2505 Noriega St, San Francisco. If opened, it will negatively affect the neighborhood residents and merchants.

Several facilities which serve youth and teens are located within two blocks of the site (2505 Noriega St.), including two churches (youth groups, academic tutoring and summer camps) and one preschool. Lutheran Church of the Holy Spirit (2400 Noriega St.) has hosted the Mayor's Youth Employment and Education Program (Sunset MYEEP, for high schoolers) for the past three years. The Ark of Hope Preschool takes its students out into the neighborhood regularly for recess. In addition, the proposed MCD is located in a busy area, with families and school children and teens daily passing along the corridor during morning and afternoon hours.

I am concerned about current traffic problems, not to mention, the risk of marijuana related traffic accidents. Two blocks around 2505 Noriega St. have congestion during morning and evening commuting hours, between pedestrians (including students and seniors), cars, and buses. The AAA auto club reports an increase in marijuana related traffic fatalities in Washington State after legalization. And currently, there is no standardized test for marijuana impairment while driving, like how blood alcohol content is measured to enforce drunk driving laws. <https://www.aaafoundation.org/impaired-driving-and-cannabis>

The Apothecarium has posted material aimed to convince the Chinese community of the benefits of cannabis; however, this is not well received by the Chinese community. Saying that cannabis has medical uses in ancient China, the Apothecarium neglects the fact that cannabis possession and usage have been illegal in China since 1985.

Neighboring residents and businesses have also expressed opposition to MCDs in the Sunset District, with signatures (3,000 in 2015, and 5,000 in 2017). I request that fact to be considered and respected in the Conditional Use for rejecting the establishment of a MCD at 2505 Noriega St.

At the public hearing on 07/13/17, the owner of the Apothecarium stated a willingness to use this site for selling cannabis for recreational use in January 2018. I see the potential harm to the community in terms of exposure to undesirable odors, loitering, and traffic congestion.

I strongly urge you to consider the appeal of the local neighborhood. Please reject the MCD application at 2505 Noriega St. Your help is greatly appreciated.

Sincerely,

August 3, 2017

Dear Supervisors and Mayor Ed Lee,

I strongly oppose to the opening of medicinal cannabis dispensary (MCD) at 2505 Noriega Street in San Francisco. If opened, it will be disastrous and intolerable for the residents and merchants in the vicinity! To begin with, there are youngsters' facilities within 600 feet of the proposed MCD and thus such proposal violates Californian State Law. Even preschools take children out of school regularly for different types of activities and the students will be tremendously affected by the MCD if opened. Regardless, more consideration and protection should be given to children, not to profit-oriented marijuana businessmen. Please spare our children and future generations from drugs!

In addition, the proposed MCD is in a busy area. Thus, traffic problems will aggravate, not to mention the likely tremendous increase in traffic accidents related to marijuana as reflected in other marijuana states such as Washington and Colorado.

Crime rate will likely increase very considerably due to the MCD, and residents will have to live in an unsafe environment. According to California District Attorneys Association, their biggest worries about legalization of marijuana are the infiltration of drug gangs and traffic accidents.

Businesses in the vicinity will be adversely impacted to a large extent. Some of them may have to go out of business. This is really unfair to them.

This proposed marijuana outlet in question, moreover, is almost right across the street from a big church, Lutheran Church of the Holy Spirit, where a lot of youngsters congregate regularly especially because it is a location of Mayor Ed Lee's Youth Program. It is against the law to open an MCD at 2505 Noriega Street.

Finally, Sunset District has special protection due to the "Conditional Use" provision specifying that the wills of nearby residents and merchants must be respected in deciding the application of MCD. There were 1,000 people at the July 13th public hearing and over 6,000 signatures against this application. How can it be approved in light of the overwhelming opposition?

Suffice it to say, because of the various pernicious effects and strong opposition, please definitely reject the MCD application at 2505 Noriega Street. Your help is greatly appreciated.

Sincerely,

Lutheran Church of the Holy Spirit (2400 Noriega St.) has hosted the Mayor's Youth Employment and Education Program (Sunset MYEEP, for high schoolers) for the past three years. The Ark of Hope Preschool takes its students out into the neighborhood regularly for recess. In addition, the proposed MCD is located in a busy area, with families and school children and teens daily passing along the corridor during morning and afternoon hours.

I am concerned about current traffic problems, not to mention, the risk of marijuana related traffic accidents. Two blocks around 2505 Noriega St. have congestion during morning and evening commuting hours, between pedestrians (including students and seniors), cars, and buses. The AAA auto club reports an increase in marijuana related traffic fatalities in Washington State after legalization. And currently, there is no standardized test for marijuana impairment while driving, like how blood alcohol content is measured to enforce drunk driving laws. <https://www.aaafoundation.org/impaired-driving-and-cannabis>

The Apothecarium has posted material aimed to convince the Chinese community of the benefits of cannabis; however, this is not well received by the Chinese community. Saying that cannabis has medical uses in ancient China, the Apothecarium neglects the fact that cannabis possession and usage have been illegal in China since 1985.

Neighboring residents and businesses have also expressed opposition to MCDs in the Sunset District, with signatures (3,000 in 2015, and 5,000 in 2017). I request that fact to be considered and respected in the Conditional Use for rejecting the establishment of a MCD at 2505 Noriega St.

At the public hearing on 07/13/17, the owner of the Apothecarium stated a willingness to use this site for selling cannabis for recreational use in January 2018. I see the potential harm to the community in terms of exposure to undesirable odors, loitering, and traffic congestion.

I strongly urge you to consider the appeal of the local neighborhood. Please reject the MCD application at 2505 Noriega St. Your help is greatly appreciated.

Sincerely,

Dear Supervisors and Mayor Ed Lee,

I object to the opening of the medical marijuana outlet (MCD) at 2505 Noriega St, San Francisco. If opened, it will negatively affect the neighborhood residents and merchants.

Several facilities which serve youth and teens are located within two blocks of the site (2505 Noriega St.), including two churches (youth groups, academic tutoring and summer camps) and one preschool. Lutheran Church of the Holy Spirit (2400 Noriega St.) has hosted the Mayor's Youth Employment and Education Program (Sunset MYEEP, for high schoolers) for the past three years. The Ark of Hope Preschool takes its students out into the neighborhood regularly for recess. In addition, the proposed MCD is located in a busy area, with families and school children and teens daily passing along the corridor during morning and afternoon hours.

Dear Supervisors and Mayor Ed Lee,

I strongly oppose to the opening of medicinal cannabis dispensary (MCD) at 2505 Noriega Street in San Francisco. If opened, it will be disastrous and intolerable for the residents and merchants in the vicinity! To begin with, there are youngsters' facilities within 600 feet of the proposed MCD and thus such proposal violates Californian State Law. Even preschools take children out of school regularly for different types of activities and the students will be tremendously affected by the MCD if opened. Regardless, more consideration and protection should be given to children, not to profit-oriented marijuana businessmen. Please spare our children and future generations from drugs!

In addition, the proposed MCD is in a busy area. Thus, traffic problems will aggravate, not to mention the likely tremendous increase in traffic accidents related to marijuana as reflected in other marijuana states such as Washington and Colorado.

Crime rate will likely increase very considerably due to the MCD, and residents will have to live in an unsafe environment. According to California District Attorneys Association, their biggest worries about legalization of marijuana are the infiltration of drug gangs and traffic accidents.

Businesses in the vicinity will be adversely impacted to a large extent. Some of them may have to go out of business. This is really unfair to them.

This proposed marijuana outlet in question, moreover, is almost right across the street from a big church, Lutheran Church of the Holy Spirit, where a lot of youngsters congregate regularly especially because it is a location of Mayor Ed Lee's Youth Program. It is against the law to open an MCD at 2505 Noriega Street.

Finally, Sunset District has special protection due to the "Conditional Use" provision specifying that the wills of nearby residents and merchants must be respected in deciding the application of MCD. There were 1,000 people at the July 13th public hearing and over 6,000 signatures against this application. How can it be approved in light of the overwhelming opposition?

Suffice it to say, because of the various pernicious effects and strong opposition, please definitely reject the MCD application at 2505 Noriega Street. Your help is greatly appreciated.

Sincerely,

San Francisco, CA 94102

Dear Supervisors,

I strongly oppose to the opening of medicinal cannabis dispensary (MCD) at 2505 Noriega Street in San Francisco. If opened, it will be disastrous and intolerable for the residents and merchants in the vicinity!

To begin with, there are youngsters' facilities within 600 feet of the proposed MCD and thus such proposal violates Californian State Law. Even preschools take children out of school regularly for different types of activities and the students will be tremendously affected by the MCD if opened. Regardless, more consideration and protection should be given to children, not to profit-oriented marijuana businessmen. Please spare our children and future generations from drugs!

In addition, the proposed MCD is in a busy area. Thus, traffic problems will aggravate, not to mention the likely tremendous increase in traffic accidents related to marijuana as reflected in other marijuana states such as Washington and Colorado.

Crime rate will likely increase very considerably due to the MCD, and residents will have to live in an unsafe environment. According to California District Attorneys Association, their biggest worries about legalization of marijuana are the infiltration of drug gangs and traffic accidents.

Businesses in the vicinity will be adversely impacted to a large extent. Some of them may have to go out of business. This is really unfair to them.

This proposed marijuana outlet in question, moreover, is almost right across the street from a big church, Lutheran Church of the Holy Spirit, where a lot of youngsters congregate regularly especially because it is a location of Mayor Ed Lee's Youth Program. It is against the law to open an MCD at 2505 Noriega Street.

Finally, Sunset District has special protection due to the "Conditional Use" provision specifying that the wills of nearby residents and merchants must be respected in deciding the application of MCD. There were 1,000 people at the July 13th public hearing and over 6,000 signatures against this application. How can it be approved in light of the overwhelming opposition?

Suffice it to say, because of the various pernicious effects and strong opposition, please definitely reject the MCD application at 2505 Noriega Street. Your help is greatly appreciated.

Sincerely,

Signature

Dear Supervisors and Mayor Ed Lee,

I strongly oppose to the opening of medicinal cannabis dispensary (MCD) at 2505 Noriega Street in San Francisco. If opened, it will be disastrous and intolerable for the residents and merchants in the vicinity! To begin with, there are youngsters' facilities within 600 feet of the proposed MCD and thus such proposal violates Californian State Law. Even preschools take children out of school regularly for different types of activities and the students will be tremendously affected by the MCD if opened. Regardless, more consideration and protection should be given to children, not to profit-oriented marijuana businessmen. Please spare our children and future generations from drugs!

In addition, the proposed MCD is in a busy area. Thus, traffic problems will aggravate, not to mention the likely tremendous increase in traffic accidents related to marijuana as reflected in other marijuana states such as Washington and Colorado.

Crime rate will likely increase very considerably due to the MCD, and residents will have to live in an unsafe environment. According to California District Attorneys Association, their biggest worries about legalization of marijuana are the infiltration of drug gangs and traffic accidents.

Businesses in the vicinity will be adversely impacted to a large extent. Some of them may have to go out of business. This is really unfair to them.

This proposed marijuana outlet in question, moreover, is almost right across the street from a big church, Lutheran Church of the Holy Spirit, where a lot of youngsters congregate regularly especially because it is a location of Mayor Ed Lee's Youth Program. It is against the law to open an MCD at 2505 Noriega Street.

Finally, Sunset District has special protection due to the "Conditional Use" provision specifying that the wills of nearby residents and merchants must be respected in deciding the application of MCD. There were 1,000 people at the July 13th public hearing and over 6,000 signatures against this application. How can it be approved in light of the overwhelming opposition?

Suffice it to say, because of the various pernicious effects and strong opposition, please definitely reject the MCD application at 2505 Noriega Street. Your help is greatly appreciated.

Sincerely,

Dear Supervisors and Mayor Ed Lee,

I strongly oppose to the opening of medicinal cannabis dispensary (MCD) at 2505 Noriega Street in San Francisco. If opened, it will be disastrous and intolerable for the residents and merchants in the vicinity! To begin with, there are youngsters' facilities within 600 feet of the proposed MCD and thus such proposal violates Californian State Law. Even preschools take children out of school regularly for different types of activities and the students will be tremendously affected by the MCD if opened. Regardless, more consideration and protection should be given to children, not to profit-oriented marijuana businessmen. Please spare our children and future generations from drugs!

In addition, the proposed MCD is in a busy area. Thus, traffic problems will aggravate, not to mention the likely tremendous increase in traffic accidents related to marijuana as reflected in other marijuana states such as Washington and Colorado.

Crime rate will likely increase very considerably due to the MCD, and residents will have to live in an unsafe environment. According to California District Attorneys Association, their biggest worries about legalization of marijuana are the infiltration of drug gangs and traffic accidents.

Businesses in the vicinity will be adversely impacted to a large extent. Some of them may have to go out of business. This is really unfair to them.

This proposed marijuana outlet in question, moreover, is almost right across the street from a big church, Lutheran Church of the Holy Spirit, where a lot of youngsters congregate regularly especially because it is a location of Mayor Ed Lee's Youth Program. It is against the law to open an MCD at 2505 Noriega Street.

Finally, Sunset District has special protection due to the "Conditional Use" provision specifying that the wills of nearby residents and merchants must be respected in deciding the application of MCD. There were 1,000 people at the July 13th public hearing and over 6,000 signatures against this application. How can it be approved in light of the overwhelming opposition?

Suffice it to say, because of the various pernicious effects and strong opposition, please definitely reject the MCD application at 2505 Noriega Street. Your help is greatly appreciated.

Sincerely,

In addition, the proposed MCD is in a busy area. Thus, traffic problems will aggravate, not to mention the likely tremendous increase in traffic accidents related to marijuana as reflected in other marijuana states such as Washington and Colorado.

Crime rate will likely increase very considerably due to the MCD, and residents will have to live in an unsafe environment. According to California District Attorneys Association, their biggest worries about legalization of marijuana are the infiltration of drug gangs and traffic accidents.

Businesses in the vicinity will be adversely impacted to a large extent. Some of them may have to go out of business. This is really unfair to them.

This proposed marijuana outlet in question, moreover, is almost right across the street from a big church, Lutheran Church of the Holy Spirit, where a lot of youngsters congregate regularly especially because it is a location of Mayor Ed Lee's Youth Program. It is against the law to open an MCD at 2505 Noriega Street.

Finally, Sunset District has special protection due to the "Conditional Use" provision specifying that the wills of nearby residents and merchants must be respected in deciding the application of MCD. There were 1,000 people at the July 13th public hearing and over 6,000 signatures against this application. How can it be approved in light of the overwhelming opposition?

Suffice it to say, because of the various pernicious effects and strong opposition, please definitely reject the MCD application at 2505 Noriega Street. Your help is greatly appreciated.

Sincerely,

Dear Supervisors and Mayor Ed Lee,

I strongly oppose to the opening of medicinal cannabis dispensary (MCD) at 2505 Noriega Street in San Francisco. If opened, it will be disastrous and intolerable for the residents and merchants in the vicinity! To begin with, there are youngsters' facilities within 600 feet of the proposed MCD and thus such proposal violates Californian State Law. Even preschools take children out of school regularly for different types of activities and the students will be tremendously affected by the MCD if opened. Regardless, more consideration and protection should be given to children, not to profit-oriented marijuana businessmen. Please spare our children and future generations from drugs!

In addition, the proposed MCD is in a busy area. Thus, traffic problems will aggravate, not to mention the likely tremendous increase in traffic accidents related to marijuana as reflected in other marijuana states such as Washington and Colorado.

August 5, 2017

Dear Supervisors and Mayor Ed Lee,

I object to the opening of the medical marijuana outlet (MCD) at 2505 Noriega St, San Francisco. If opened, it will negatively affect the neighborhood residents and merchants.

Several facilities which serve youth and teens are located within two blocks of the site (2505 Noriega St.), including two churches (youth groups, academic tutoring and summer camps) and one preschool. Lutheran Church of the Holy Spirit (2400 Noriega St.) has hosted the Mayor's Youth Employment and Education Program (Sunset MYEEP, for high schoolers) for the past three years. The Ark of Hope Preschool takes its students out into the neighborhood regularly for recess. In addition, the proposed MCD is located in a busy area, with families and school children and teens daily passing along the corridor during morning and afternoon hours.

I am concerned about current traffic problems, not to mention, the risk of marijuana related traffic accidents. Two blocks around 2505 Noriega St. have congestion during morning and evening commuting hours, between pedestrians (including students and seniors), cars, and buses. The AAA auto club reports an increase in marijuana related traffic fatalities in Washington State after legalization. And currently, there is no standardized test for marijuana impairment while driving, like how blood alcohol content is measured to enforce drunk driving laws. <https://www.aaafoundation.org/impaired-driving-and-cannabis>

The Apothecarium has posted material aimed to convince the Chinese community of the benefits of cannabis; however, this is not well received by the Chinese community. Saying that cannabis has medical uses in ancient China, the Apothecarium neglects the fact that cannabis possession and usage have been illegal in China since 1985.

Neighboring residents and businesses have also expressed opposition to MCDs in the Sunset District, with signatures (3,000 in 2015, and 5,000 in 2017). I request that fact to be considered and respected in the Conditional Use for rejecting the establishment of a MCD at 2505 Noriega St.

At the public hearing on 07/13/17, the owner of the Apothecarium stated a willingness to use this site for selling cannabis for recreational use in January 2018. I see the potential harm to the community in terms of exposure to undesirable odors, loitering, and traffic congestion.

I strongly urge you to consider the appeal of the local neighborhood. Please reject the MCD application at 2505 Noriega St. Your help is greatly appreciated.

Sincerely,

Dear Katy,

I strongly oppose to the opening of medicinal cannabis dispensary (MCD) at 2505 Noriega Street in San Francisco. If opened, it will be disastrous and intolerable for the residents and merchants in the vicinity!

To begin with, there are youngsters' facilities within 600 feet of the proposed MCD and thus such proposal violates Californian State Law. Even preschools take children out of school regularly for different types of activities and the students will be tremendously affected by the MCD if opened. Regardless, more consideration and protection should be given to children, not to profit-oriented marijuana businessmen. Please spare our children and future generations from drugs!

In addition, the proposed MCD is in a busy area. Thus, traffic problems will aggravate, not to mention the likely tremendous increase in traffic accidents related to marijuana as reflected in other marijuana states such as Washington and Colorado.

Crime rate will likely increase very considerably due to the MCD, and residents will have to live in an unsafe environment. According to California District Attorneys Association, their biggest worries about legalization of marijuana are the infiltration of drug gangs and traffic accidents.

Businesses in the vicinity will be adversely impacted to a large extent. Some of them may have to go out of business. This is really unfair to them.

This proposed marijuana outlet in question, moreover, is almost right across the street from a big church, Lutheran Church of the Holy Spirit, where a lot of youngsters congregate regularly especially because it is a location of Mayor Ed Lee's Youth Program. It is against the law to open an MCD at 2505 Noriega Street.

Finally, Sunset District has special protection due to the "Conditional Use" provision specifying that the wills of nearby residents and merchants must be respected in deciding the application of MCD. There were 1,000 people at the July 13th public hearing and over 6,000 signatures against this application. How can it be approved in light of the overwhelming opposition?

Suffice it to say, because of the various pernicious effects and strong opposition, please definitely reject the MCD application at 2505 Noriega Street. Your help is greatly appreciated.

Sincerely,

Kit Chong

If opened, it will be disastrous and intolerable for the residents and merchants in the vicinity! To begin with, there are youngsters' facilities within 600 feet of the proposed MCD and thus such proposal violates Californian State Law. Even preschools take children out of school regularly for different types of activities and the students will be tremendously affected by the MCD if opened. Regardless, more consideration and protection should be given to children, not to profit-oriented marijuana businessmen. Please spare our children and future generations from drugs!

In addition, the proposed MCD is in a busy area. Thus, traffic problems will aggravate, not to mention the likely tremendous increase in traffic accidents related to marijuana as reflected in other marijuana states such as Washington and Colorado.

Crime rate will likely increase very considerably due to the MCD, and residents will have to live in an unsafe environment. According to California District Attorneys Association, their biggest worries about legalization of marijuana are the infiltration of drug gangs and traffic accidents.

Businesses in the vicinity will be adversely impacted to a large extent. Some of them may have to go out of business. This is really unfair to them.

This proposed marijuana outlet in question, moreover, is almost right across the street from a big church, Lutheran Church of the Holy Spirit, where a lot of youngsters congregate regularly especially because it is a location of Mayor Ed Lee's Youth Program. It is against the law to open an MCD at 2505 Noriega Street.

Finally, Sunset District has special protection due to the "Conditional Use" provision specifying that the wills of nearby residents and merchants must be respected in deciding the application of MCD. There were 1,000 people at the July 13th public hearing and over 6,000 signatures against this application. How can it be approved in light of the overwhelming opposition?

Suffice it to say, because of the various pernicious effects and strong opposition, please definitely reject the MCD application at 2505 Noriega Street. Your help is greatly appreciated.

Sincerely,

Dear Supervisors and Mayor Ed Lee,

I strongly oppose to the opening of medicinal cannabis dispensary (MCD) at 2505 Noriega Street in San Francisco. If opened, it will be disastrous and intolerable for the residents and merchants in the vicinity! To begin with, there are youngsters' facilities within 600 feet of the proposed MCD and thus such proposal violates Californian State Law. Even preschools take children out of school regularly for different types of activities and the students will be tremendously affected by the MCD if opened. Regardless, more consideration and protection should be given to children, not to profit-oriented marijuana businessmen. Please spare our children and future generations from drugs!

In addition, the proposed MCD is in a busy area. Thus, traffic problems will aggravate, not to mention the likely tremendous increase in traffic accidents related to marijuana as reflected in other marijuana states such as Washington and Colorado.

Crime rate will likely increase very considerably due to the MCD, and residents will have to live in an unsafe environment. According to California District Attorneys Association, their biggest worries about legalization of marijuana are the infiltration of drug gangs and traffic accidents.

Businesses in the vicinity will be adversely impacted to a large extent. Some of them may have to go out of business. This is really unfair to them.

This proposed marijuana outlet in question, moreover, is almost right across the street from a big church, Lutheran Church of the Holy Spirit, where a lot of youngsters congregate regularly especially because it is a location of Mayor Ed Lee's Youth Program. It is against the law to open an MCD at 2505 Noriega Street.

Finally, Sunset District has special protection due to the "Conditional Use" provision specifying that the wills of nearby residents and merchants must be respected in deciding the application of MCD. There were 1,000 people at the July 13th public hearing and over 6,000 signatures against this application. How can it be approved in light of the overwhelming opposition?

Suffice it to say, because of the various pernicious effects and strong opposition, please definitely reject the MCD application at 2505 Noriega Street. Your help is greatly appreciated.

Sincerely,

Dear Katy,

I strongly oppose to the opening of medicinal cannabis dispensary (MCD) at 2505 Noriega Street in San Francisco. If opened, it will be disastrous and intolerable for the residents and merchants in the vicinity!

To begin with, there are youngsters' facilities within 600 feet of the proposed MCD and thus such proposal violates Californian State Law. Even preschools take children out of school regularly for different types of activities and the students will be tremendously affected by the MCD if opened. Regardless, more consideration and protection should be given to children, not to profit-oriented marijuana businessmen. Please spare our children and future generations from drugs!

In addition, the proposed MCD is in a busy area. Thus, traffic problems will aggravate, not to mention the likely tremendous increase in traffic accidents related to marijuana as reflected in other marijuana states such as Washington and Colorado.

Crime rate will likely increase very considerably due to the MCD, and residents will have to live in an unsafe environment. According to California District Attorneys Association, their biggest worries about legalization of marijuana are the infiltration of drug gangs and traffic accidents.

Businesses in the vicinity will be adversely impacted to a large extent. Some of them may have to go out of business. This is really unfair to them.

This proposed marijuana outlet in question, moreover, is almost right across the street from a big church, Lutheran Church of the Holy Spirit, where a lot of youngsters congregate regularly especially because it is a location of Mayor Ed Lee's Youth Program. It is against the law to open an MCD at 2505 Noriega Street.

Finally, Sunset District has special protection due to the "Conditional Use" provision specifying that the wills of nearby residents and merchants must be respected in deciding the application of MCD. There were 1,000 people at the July 13th public hearing and over 6,000 signatures against this application. How can it be approved in light of the overwhelming opposition?

Suffice it to say, because of the various pernicious effects and strong opposition, please definitely reject the MCD application at 2505 Noriega Street. Your help is greatly appreciated.

Sincerely,

Signature

Dear Supervisors and Mayor Ed Lee,

I strongly oppose to the opening of medicinal cannabis dispensary (MCD) at 2505 Noriega Street in San Francisco. If opened, it will be disastrous and intolerable for the residents and merchants in the vicinity! To begin with, there are youngsters' facilities within 600 feet of the proposed MCD and thus such proposal violates Californian State Law. Even preschools take children out of school regularly for different types of activities and the students will be tremendously affected by the MCD if opened. Regardless, more consideration and protection should be given to children, not to profit-oriented marijuana businessmen. Please spare our children and future generations from drugs!

In addition, the proposed MCD is in a busy area. Thus, traffic problems will aggravate, not to mention the likely tremendous increase in traffic accidents related to marijuana as reflected in other marijuana states such as Washington and Colorado.

Crime rate will likely increase very considerably due to the MCD, and residents will have to live in an unsafe environment. According to California District Attorneys Association, their biggest worries about legalization of marijuana are the infiltration of drug gangs and traffic accidents.

Businesses in the vicinity will be adversely impacted to a large extent. Some of them may have to go out of business. This is really unfair to them.

This proposed marijuana outlet in question, moreover, is almost right across the street from a big church, Lutheran Church of the Holy Spirit, where a lot of youngsters congregate regularly especially because it is a location of Mayor Ed Lee's Youth Program. It is against the law to open an MCD at 2505 Noriega Street.

Finally, Sunset District has special protection due to the "Conditional Use" provision specifying that the wills of nearby residents and merchants must be respected in deciding the application of MCD. There were 1,000 people at the July 13th public hearing and over 6,000 signatures against this application. How can it be approved in light of the overwhelming opposition?

Suffice it to say, because of the various pernicious effects and strong opposition, please definitely reject the MCD application at 2505 Noriega Street. Your help is greatly appreciated.

Sincerely,

Dear Supervisors and Mayor Ed Lee,

I object to the opening of the medical marijuana outlet (MCD) at 2505 Noriega St, San Francisco. If opened, it will negatively affect the neighborhood residents and merchants.

Several facilities which serve youth and teens are located within two blocks of the site (2505 Noriega St.), including two churches (youth groups, academic tutoring and summer camps) and one preschool. Lutheran Church of the Holy Spirit (2400 Noriega St.) has hosted the Mayor's Youth Employment and Education Program (Sunset MYEEP, for high schoolers) for the past three years. The Ark of Hope Preschool takes its students out into the neighborhood regularly for recess. In addition, the proposed MCD is located in a busy area, with families and school children and teens daily passing along the corridor during morning and afternoon hours.

I am concerned about current traffic problems, not to mention, the risk of marijuana related traffic accidents. Two blocks around 2505 Noriega St. have congestion during morning and evening commuting hours, between pedestrians (including students and seniors), cars, and buses. The AAA auto club reports an increase in marijuana related traffic fatalities in Washington State after legalization. And currently, there is no standardized test for marijuana impairment while driving, like how blood alcohol content is measured to enforce drunk driving laws. <https://www.aaafoundation.org/impaired-driving-and-cannabis>

The Apothecarium has posted material aimed to convince the Chinese community of the benefits of cannabis; however, this is not well received by the Chinese community. Saying that cannabis has medical uses in ancient China, the Apothecarium neglects the fact that cannabis possession and usage have been illegal in China since 1985.

Neighboring residents and businesses have also expressed opposition to MCDs in the Sunset District, with signatures (3,000 in 2015, and 5,000 in 2017). I request that fact to be considered and respected in the Conditional Use for rejecting the establishment of a MCD at 2505 Noriega St.

At the public hearing on 07/13/17, the owner of the Apothecarium stated a willingness to use this site for selling cannabis for recreational use in January 2018. I see the potential harm to the community in terms of exposure to undesirable odors, loitering, and traffic congestion.

I strongly urge you to consider the appeal of the local neighborhood. Please reject the MCD application at 2505 Noriega St. Your help is greatly appreciated.

Sincerely,

Dear Supervisors,

I strongly oppose to the opening of medicinal cannabis dispensary (MCD) at 2505 Noriega Street in San Francisco. If opened, it will be disastrous and intolerable for the residents and merchants in the vicinity!

To begin with, there are youngsters' facilities within 600 feet of the proposed MCD and thus such proposal violates Californian State Law. Even preschools take children out of school regularly for different types of activities and the students will be tremendously affected by the MCD if opened. Regardless, more consideration and protection should be given to children, not to profit-oriented marijuana businessmen. Please spare our children and future generations from drugs!

In addition, the proposed MCD is in a busy area. Thus, traffic problems will aggravate, not to mention the likely tremendous increase in traffic accidents related to marijuana as reflected in other marijuana states such as Washington and Colorado.

Crime rate will likely increase very considerably due to the MCD, and residents will have to live in an unsafe environment. According to California District Attorneys Association, their biggest worries about legalization of marijuana are the infiltration of drug gangs and traffic accidents.

Businesses in the vicinity will be adversely impacted to a large extent. Some of them may have to go out of business. This is really unfair to them.

This proposed marijuana outlet in question, moreover, is almost right across the street from a big church, Lutheran Church of the Holy Spirit, where a lot of youngsters congregate regularly especially because it is a location of Mayor Ed Lee's Youth Program. It is against the law to open an MCD at 2505 Noriega Street.

Finally, Sunset District has special protection due to the "Conditional Use" provision specifying that the wills of nearby residents and merchants must be respected in deciding the application of MCD. There were 1,000 people at the July 13th public hearing and over 6,000 signatures against this application. How can it be approved in light of the overwhelming opposition?

Suffice it to say, because of the various pernicious effects and strong opposition, please definitely reject the MCD application at 2505 Noriega Street. Your help is greatly appreciated.

Sincerely,

J. Royama

Dear Supervisors and Mayor Ed Lee,

I object to the opening of the medical marijuana outlet (MCD) at 2505 Noriega St, San Francisco. If opened, it will negatively affect the neighborhood residents and merchants.

Several facilities which serve youth and teens are located within two blocks of the site (2505 Noriega St.), including two churches (youth groups, academic tutoring and summer camps) and one preschool. Lutheran Church of the Holy Spirit (2400 Noriega St.) has hosted the Mayor's Youth Employment and Education Program (Sunset MYEEP, for high schoolers) for the past three years. The Ark of Hope Preschool takes its students out into the neighborhood regularly for recess. In addition, the proposed MCD is located in a busy area, with families and school children and teens daily passing along the corridor during morning and afternoon hours.

I am concerned about current traffic problems, not to mention, the risk of marijuana related traffic accidents. Two blocks around 2505 Noriega St. have congestion during morning and evening commuting hours, between pedestrians (including students and seniors), cars, and buses. The AAA auto club reports an increase in marijuana related traffic fatalities in Washington State after legalization. And currently, there is no standardized test for marijuana impairment while driving, like how blood alcohol content is measured to enforce drunk driving laws. <https://www.aaafoundation.org/impaired-driving-and-cannabis>

The Apothecarium has posted material aimed to convince the Chinese community of the benefits of cannabis; however, this is not well received by the Chinese community. Saying that cannabis has medical uses in ancient China, the Apothecarium neglects the fact that cannabis possession and usage have been illegal in China since 1985.

Neighboring residents and businesses have also expressed opposition to MCDs in the Sunset District, with signatures (3,000 in 2015, and 5,000 in 2017). I request that fact to be considered and respected in the Conditional Use for rejecting the establishment of a MCD at 2505 Noriega St.

I strongly oppose to the opening of medicinal cannabis dispensary (MCD) at 2505 Noriega Street in San Francisco. If opened, it will be disastrous and intolerable for the residents and merchants in the vicinity!

To begin with, there are youngsters' facilities within 600 feet of the proposed MCD and thus such proposal violates Californian State Law. Even preschools take children out of school regularly for different types of activities and the students will be tremendously affected by the MCD if opened. Regardless, more consideration and protection should be given to children, not to profit-oriented marijuana businessmen. Please spare our children and future generations from drugs!

In addition, the proposed MCD is in a busy area. Thus, traffic problems will aggravate, not to mention the likely tremendous increase in traffic accidents related to marijuana as reflected in other marijuana states such as Washington and Colorado.

Crime rate will likely increase very considerably due to the MCD, and residents will have to live in an unsafe environment. According to California District Attorneys Association, their biggest worries about legalization of marijuana are the infiltration of drug gangs and traffic accidents.

Businesses in the vicinity will be adversely impacted to a large extent. Some of them may have to go out of business. This is really unfair to them.

This proposed marijuana outlet in question, moreover, is almost right across the street from a big church, Lutheran Church of the Holy Spirit, where a lot of youngsters congregate regularly especially because it is a location of Mayor Ed Lee's Youth Program. It is against the law to open an MCD at 2505 Noriega Street.

Finally, Sunset District has special protection due to the "Conditional Use" provision specifying that the wills of nearby residents and merchants must be respected in deciding the application of MCD. There were 1,000 people at the July 13th public hearing and over 6,000 signatures against this application. How can it be approved in light of the overwhelming opposition?

Suffice it to say, because of the various pernicious effects and strong opposition, please definitely reject the MCD application at 2505 Noriega Street. Your help is greatly appreciated.

Sincerely,

Signature

Dear Supervisors and Mayor Ed Lee,

I object to the opening of the medical marijuana outlet (MCD) at 2505 Noriega St, San Francisco. If opened, it will negatively affect the neighborhood residents and merchants.

Several facilities which serve youth and teens are located within two blocks of the site (2505 Noriega St.), including two churches (youth groups, academic tutoring and summer camps) and one preschool. Lutheran Church of the Holy Spirit (2400 Noriega St.) has hosted the Mayor's Youth Employment and Education Program (Sunset MYEEP, for high schoolers) for the past three years. The Ark of Hope Preschool takes its students out into the neighborhood regularly for recess. In addition, the proposed MCD is located in a busy area, with families and school children and teens daily passing along the corridor during morning and afternoon hours.

I am concerned about current traffic problems, not to mention, the risk of marijuana related traffic accidents. Two blocks around 2505 Noriega St. have congestion during morning and evening commuting hours, between pedestrians (including students and seniors), cars, and buses. The AAA auto club reports an increase in marijuana related traffic fatalities in Washington State after legalization. And currently, there is no standardized test for marijuana impairment while driving, like how blood alcohol content is measured to enforce drunk driving laws. <https://www.aaafoundation.org/impaired-driving-and-cannabis>

The Apothecarium has posted material aimed to convince the Chinese community of the benefits of cannabis; however, this is not well received by the Chinese community. Saying that cannabis has medical uses in ancient China, the Apothecarium neglects the fact that cannabis possession and usage have been illegal in China since 1985.

Neighboring residents and businesses have also expressed opposition to MCDs in the Sunset District, with signatures (3,000 in 2015, and 5,000 in 2017). I request that fact to be considered and respected in the Conditional Use for rejecting the establishment of a MCD at 2505 Noriega St.

At the public hearing on 07/13/17, the owner of the Apothecarium stated a willingness to use this site for selling cannabis for recreational use in January 2018. I see the potential harm to the community in terms of exposure to undesirable odors, loitering, and traffic congestion.

I strongly urge you to consider the appeal of the local neighborhood. Please reject the MCD application at 2505 Noriega St. Your help is greatly appreciated.

Sincerely,

Regardless, more consideration and protection should be given to children, not to profit-oriented marijuana businessmen. Please spare our children and future generations from drugs!

In addition, the proposed MCD is in a busy area. Thus, traffic problems will aggravate, not to mention the likely tremendous increase in traffic accidents related to marijuana as reflected in other marijuana states such as Washington and Colorado.

Crime rate will likely increase very considerably due to the MCD, and residents will have to live in an unsafe environment. According to California District Attorneys Association, their biggest worries about legalization of marijuana are the infiltration of drug gangs and traffic accidents.

Businesses in the vicinity will be adversely impacted to a large extent. Some of them may have to go out of business. This is really unfair to them.

This proposed marijuana outlet in question, moreover, is almost right across the street from a big church, Lutheran Church of the Holy Spirit, where a lot of youngsters congregate regularly especially because it is a location of Mayor Ed Lee's Youth Program. It is against the law to open an MCD at 2505 Noriega Street.

Finally, Sunset District has special protection due to the "Conditional Use" provision specifying that the wills of nearby residents and merchants must be respected in deciding the application of MCD. There were 1,000 people at the July 13th public hearing and over 6,000 signatures against this application. How can it be approved in light of the overwhelming opposition?

Suffice it to say, because of the various pernicious effects and strong opposition, please definitely reject the MCD application at 2505 Noriega Street. Your help is greatly appreciated.

Sincerely,

Signature

Dear Katy,

I strongly oppose to the opening of medicinal cannabis dispensary (MCD) at 2505 Noriega Street in San Francisco. If opened, it will be disastrous and intolerable for the residents and merchants in the vicinity!

To begin with, there are youngsters' facilities within 600 feet of the proposed MCD and thus such proposal violates Californian State Law. Even preschools take children out of school regularly for different types of activities and the students will be tremendously affected by the MCD if opened. Regardless, more consideration and protection should be given to children, not to profit-oriented marijuana businessmen. Please spare our children and future generations from drugs!

Even preschools take children out of school regularly for different types of activities and the students will be tremendously affected by the MCD if opened. Regardless, more consideration and protection should be given to children, not to profit-oriented marijuana businessmen. Please spare our children and future generations from drugs!

In addition, the proposed MCD is in a busy area. Thus, traffic problems will aggravate, not to mention the likely tremendous increase in traffic accidents related to marijuana as reflected in other marijuana states such as Washington and Colorado.

Crime rate will likely increase very considerably due to the MCD, and residents will have to live in an unsafe environment. According to California District Attorneys Association, their biggest worries about legalization of marijuana are the infiltration of drug gangs and traffic accidents.

Businesses in the vicinity will be adversely impacted to a large extent. Some of them may have to go out of business. This is really unfair to them.

This proposed marijuana outlet in question, moreover, is almost right across the street from a big church, Lutheran Church of the Holy Spirit, where a lot of youngsters congregate regularly especially because it is a location of Mayor Ed Lee's Youth Program. It is against the law to open an MCD at 2505 Noriega Street.

Finally, Sunset District has special protection due to the "Conditional Use" provision specifying that the wills of nearby residents and merchants must be respected in deciding the application of MCD. There were 1,000 people at the July 13th public hearing and over 6,000 signatures against this application. How can it be approved in light of the overwhelming opposition?

Suffice it to say, because of the various pernicious effects and strong opposition, please definitely reject the MCD application at 2505 Noriega Street. Your help is greatly appreciated.

Sincerely,

Dear Katy,

I strongly oppose to the opening of medicinal cannabis dispensary (MCD) at 2505 Noriega Street in San Francisco. If opened, it will be disastrous and intolerable for the residents and merchants in the vicinity!

To begin with, there are youngsters' facilities within 600 feet of the proposed MCD and thus such proposal violates Californian State Law. Even preschools take children out of school regularly for different types of activities and the students will be tremendously affected by the MCD if opened. Regardless, more consideration and protection should be given to children, not to profit-oriented marijuana businessmen. Please spare our children and future generations from drugs!

San Francisco, CA 94102

Dear Supervisors,

I strongly oppose to the opening of medicinal cannabis dispensary (MCD) at 2505 Noriega Street in San Francisco. If opened, it will be disastrous and intolerable for the residents and merchants in the vicinity!

To begin with, there are youngsters' facilities within 600 feet of the proposed MCD and thus such proposal violates Californian State Law. Even preschools take children out of school regularly for different types of activities and the students will be tremendously affected by the MCD if opened. Regardless, more consideration and protection should be given to children, not to profit-oriented marijuana businessmen. Please spare our children and future generations from drugs!

In addition, the proposed MCD is in a busy area. Thus, traffic problems will aggravate, not to mention the likely tremendous increase in traffic accidents related to marijuana as reflected in other marijuana states such as Washington and Colorado.

Crime rate will likely increase very considerably due to the MCD, and residents will have to live in an unsafe environment. According to California District Attorneys Association, their biggest worries about legalization of marijuana are the infiltration of drug gangs and traffic accidents.

Businesses in the vicinity will be adversely impacted to a large extent. Some of them may have to go out of business. This is really unfair to them.

This proposed marijuana outlet in question, moreover, is almost right across the street from a big church, Lutheran Church of the Holy Spirit, where a lot of youngsters congregate regularly especially because it is a location of Mayor Ed Lee's Youth Program. It is against the law to open an MCD at 2505 Noriega Street.

Finally, Sunset District has special protection due to the "Conditional Use" provision specifying that the wills of nearby residents and merchants must be respected in deciding the application of MCD. There were 1,000 people at the July 13th public hearing and over 6,000 signatures against this application. How can it be approved in light of the overwhelming opposition?

Suffice it to say, because of the various pernicious effects and strong opposition, please definitely reject the MCD application at 2505 Noriega Street. Your help is greatly appreciated.

Sincerely,

Yolenda Cho.

Even preschools take children out of school regularly for different types of activities and the students will be tremendously affected by the MCD if opened. Regardless, more consideration and protection should be given to children, not to profit-oriented marijuana businessmen. Please spare our children and future generations from drugs!

In addition, the proposed MCD is in a busy area. Thus, traffic problems will aggravate, not to mention the likely tremendous increase in traffic accidents related to marijuana as reflected in other marijuana states such as Washington and Colorado.

Crime rate will likely increase very considerably due to the MCD, and residents will have to live in an unsafe environment. According to California District Attorneys Association, their biggest worries about legalization of marijuana are the infiltration of drug gangs and traffic accidents.

Businesses in the vicinity will be adversely impacted to a large extent. Some of them may have to go out of business. This is really unfair to them.

This proposed marijuana outlet in question, moreover, is almost right across the street from a big church, Lutheran Church of the Holy Spirit, where a lot of youngsters congregate regularly especially because it is a location of Mayor Ed Lee's Youth Program. It is against the law to open an MCD at 2505 Noriega Street.

Finally, Sunset District has special protection due to the "Conditional Use" provision specifying that the wills of nearby residents and merchants must be respected in deciding the application of MCD. There were 1,000 people at the July 13th public hearing and over 6,000 signatures against this application. How can it be approved in light of the overwhelming opposition?

Suffice it to say, because of the various pernicious effects and strong opposition, please definitely reject the MCD application at 2505 Noriega Street. Your help is greatly appreciated.

Sincerely,

Dear Supervisors and Mayor Ed Lee,

I strongly oppose to the opening of medicinal cannabis dispensary (MCD) at 2505 Noriega Street in San Francisco. If opened, it will be disastrous and intolerable for the residents and merchants in the vicinity! To begin with, there are youngsters' facilities within 600 feet of the proposed MCD and thus such proposal violates Californian State Law. Even preschools take children out of school regularly for different types of activities and the students will be tremendously affected by the MCD if opened. Regardless, more consideration and protection should be given to children, not to profit-oriented marijuana businessmen. Please spare our children and future generations from drugs!

Dear Supervisors and Mayor Ed Lee,

I object to the opening of the medical marijuana outlet (MCD) at 2505 Noriega St, San Francisco. If opened, it will negatively affect the neighborhood residents and merchants.

Several facilities which serve youth and teens are located within two blocks of the site (2505 Noriega St.), including two churches (youth groups, academic tutoring and summer camps) and one preschool. Lutheran Church of the Holy Spirit (2400 Noriega St.) has hosted the Mayor's Youth Employment and Education Program (Sunset MYEEP, for high schoolers) for the past three years. The Ark of Hope Preschool takes its students out into the neighborhood regularly for recess. In addition, the proposed MCD is located in a busy area, with families and school children and teens daily passing along the corridor during morning and afternoon hours.

I am concerned about current traffic problems, not to mention, the risk of marijuana related traffic accidents. Two blocks around 2505 Noriega St. have congestion during morning and evening commuting hours, between pedestrians (including students and seniors), cars, and buses. The AAA auto club reports an increase in marijuana related traffic fatalities in Washington State after legalization. And currently, there is no standardized test for marijuana impairment while driving, like how blood alcohol content is measured to enforce drunk driving laws. <https://www.aaafoundation.org/impaired-driving-and-cannabis>

The Apothecarium has posted material aimed to convince the Chinese community of the benefits of cannabis; however, this is not well received by the Chinese community. Saying that cannabis has medical uses in ancient China, the Apothecarium neglects the fact that cannabis possession and usage have been illegal in China since 1985.

Neighboring residents and businesses have also expressed opposition to MCDs in the Sunset District, with signatures (3,000 in 2015, and 5,000 in 2017). I request that fact to be considered and respected in the Conditional Use for rejecting the establishment of a MCD at 2505 Noriega St.

At the public hearing on 07/13/17, the owner of the Apothecarium stated a willingness to use this site for selling cannabis for recreational use in January 2018. I see the potential harm to the community in terms of exposure to undesirable odors, loitering, and traffic congestion.

I strongly urge you to consider the appeal of the local neighborhood. Please reject the MCD application at 2505 Noriega St. Your help is greatly appreciated.

Sincerely,

And currently, there is no standardized test for marijuana impairment while driving, like how blood alcohol content is measured to enforce drunk driving laws. <https://www.aaafoundation.org/impaired-driving-and-cannabis>

The Apothecarium has posted material aimed to convince the Chinese community of the benefits of cannabis; however, this is not well received by the Chinese community. Saying that cannabis has medical uses in ancient China, the Apothecarium neglects the fact that cannabis possession and usage have been illegal in China since 1985.

Neighboring residents and businesses have also expressed opposition to MCDs in the Sunset District, with signatures (3,000 in 2015, and 5,000 in 2017). I request that fact to be considered and respected in the Conditional Use for rejecting the establishment of a MCD at 2505 Noriega St.

At the public hearing on 07/13/17, the owner of the Apothecarium stated a willingness to use this site for selling cannabis for recreational use in January 2018. I see the potential harm to the community in terms of exposure to undesirable odors, loitering, and traffic congestion.

I strongly urge you to consider the appeal of the local neighborhood. Please reject the MCD application at 2505 Noriega St. Your help is greatly appreciated.

Sincerely,

Dear Supervisors and Mayor Ed Lee,

I object to the opening of the medical marijuana outlet (MCD) at 2505 Noriega St, San Francisco. If opened, it will negatively affect the neighborhood residents and merchants.

Several facilities which serve youth and teens are located within two blocks of the site (2505 Noriega St.), including two churches (youth groups, academic tutoring and summer camps) and one preschool. Lutheran Church of the Holy Spirit (2400 Noriega St.) has hosted the Mayor's Youth Employment and Education Program (Sunset MYEEP, for high schoolers) for the past three years. The Ark of Hope Preschool takes its students out into the neighborhood regularly for recess. In addition, the proposed MCD is located in a busy area, with families and school children and teens daily passing along the corridor during morning and afternoon hours.

I am concerned about current traffic problems, not to mention, the risk of marijuana related traffic accidents. Two blocks around 2505 Noriega St. have congestion during morning and evening commuting hours, between pedestrians (including students and seniors), cars, and buses. The AAA auto club reports an increase in marijuana related traffic fatalities in Washington State after legalization. And currently, there is no standardized test for marijuana impairment while driving, like how blood alcohol content is measured to enforce drunk driving laws. <https://www.aaafoundation.org/impaired-driving-and-cannabis>

Dear Supervisors and Mayor of San Francisco,

I strongly oppose to the opening of medicinal cannabis dispensary (MCD) at 2505 Noriega Street in San Francisco. If opened, it will be disastrous and intolerable for the residents and merchants in the vicinity!

To begin with, there are youngsters' facilities within 600 feet of the proposed MCD and thus such proposal violates Californian State Law. Even preschools take children out of school regularly for different types of activities and the students will be seriously affected by the MCD if opened. Regardless, more consideration and protection should be given to children, not to profit-oriented marijuana businessmen. Please spare our children and future generations from drugs!

The proposed MCD, moreover, is in a busy area. The owner of it even wants to make it a marijuana outlet for entertainment next year. Thus, traffic problems will aggravate and traffic accidents related to marijuana will increase tremendously as in other marijuana states such as Washington and Colorado.

Crime rate will likely increase very considerably due to the MCD, and residents will have to live in an unsafe environment. According to California District Attorneys Association, their biggest worries about legalization of marijuana are the infiltration of drug gangs and traffic accidents.

Businesses in the vicinity will be adversely impacted to a large extent. Some of them may have to go out of business. This is really unfair to them.

This proposed marijuana outlet in question, moreover, is almost right across the street from a big church, Lutheran Church of the Holy Spirit, where a lot of youngsters congregate regularly especially since it is a location of Mayor Ed Lee's Youth Program. It is against the law to open an MCD at 2505 Noriega Street.

Finally, Sunset District has special protection due to the "Conditional Use" provision specifying that the wills of nearby residents and merchants must be respected in deciding the application of MCD. There were 1,000 people at the July 13th public hearing and over 6,000 signatures against this application. How can it be approved in light of the overwhelming opposition?

Suffice it to say, because of the various pernicious effects and strong opposition, please definitely reject the MCD application at 2505 Noriega Street. Your help is greatly appreciated.

The proposed MCD, moreover, is in a busy area. The owner of it even wants to make it a marijuana outlet for entertainment next year. Thus, traffic problems will aggravate and traffic accidents related to marijuana will increase tremendously as in other marijuana states such as Washington and Colorado.

Crime rate will likely increase very considerably due to the MCD, and residents will have to live in an unsafe environment. According to California District Attorneys Association, their biggest worries about legalization of marijuana are the infiltration of drug gangs and traffic accidents.

Businesses in the vicinity will be adversely impacted to a large extent. Some of them may have to go out of business. This is really unfair to them.

This proposed marijuana outlet in question, moreover, is almost right across the street from a big church, Lutheran Church of the Holy Spirit, where a lot of youngsters congregate regularly especially since it is a location of Mayor Ed Lee's Youth Program. It is against the law to open an MCD at 2505 Noriega Street.

Finally, Sunset District has special protection due to the "Conditional Use" provision specifying that the wills of nearby residents and merchants must be respected in deciding the application of MCD. There were 1,000 people at the July 13th public hearing and over 6,000 signatures against this application. How can it be approved in light of the overwhelming opposition?

Suffice it to say, because of the various pernicious effects and strong opposition, please definitely reject the MCD application at 2505 Noriega Street. Your help is greatly appreciated.

Dear Supervisors and Mayor of San Francisco,

I strongly oppose to the opening of medicinal cannabis dispensary (MCD) at 2505 Noriega Street in San Francisco. If opened, it will be disastrous and intolerable for the residents and merchants in the vicinity!

To begin with, there are youngsters' facilities within 600 feet of the proposed MCD and thus such proposal violates Californian State Law. Even preschools take children out of school regularly for different types of activities and the students will be seriously affected by the MCD if opened. Regardless, more consideration and protection should be given to children, not to profit-oriented marijuana businessmen. Please spare our children and future generations from drugs!

The proposed MCD, moreover, is in a busy area. The owner of it even wants to make it a marijuana outlet for entertainment next year. Thus, traffic problems will aggravate and traffic accidents related to marijuana will increase tremendously as in other marijuana states such as Washington and Colorado.

Crime rate will likely increase very considerably due to the MCD, and residents will have to live in an unsafe environment. According to California District Attorneys Association, their biggest worries about legalization of marijuana are the infiltration of drug gangs and traffic accidents.

In addition, the proposed MCD is in a busy area. Thus, traffic problems will aggravate, not to mention the likely tremendous increase in traffic accidents related to marijuana as reflected in other marijuana states such as Washington and Colorado.

Crime rate will likely increase very considerably due to the MCD, and residents will have to live in an unsafe environment. According to California District Attorneys Association, their biggest worries about legalization of marijuana are the infiltration of drug gangs and traffic accidents.

Businesses in the vicinity will be adversely impacted to a large extent. Some of them may have to go out of business. This is really unfair to them.

This proposed marijuana outlet in question, moreover, is almost right across the street from a big church, Lutheran Church of the Holy Spirit, where a lot of youngsters congregate regularly especially because it is a location of Mayor Ed Lee's Youth Program. It is against the law to open an MCD at 2505 Noriega Street.

Finally, Sunset District has special protection due to the "Conditional Use" provision specifying that the wills of nearby residents and merchants must be respected in deciding the application of MCD. There were 1,000 people at the July 13th public hearing and over 6,000 signatures against this application. How can it be approved in light of the overwhelming opposition?

Suffice it to say, because of the various pernicious effects and strong opposition, please definitely reject the MCD application at 2505 Noriega Street. Your help is greatly appreciated.

Sincerely,

Dear Supervisors,

I strongly oppose to the opening of medicinal cannabis dispensary (MCD) at 2505 Noriega Street in San Francisco. If opened, it will be disastrous and intolerable for the residents and merchants in the vicinity!

To begin with, there are youngsters' facilities within 600 feet of the proposed MCD and thus such proposal violates Californian State Law. Even preschools take children out of school regularly for different types of activities and the students will be tremendously affected by the MCD if opened. Regardless, more consideration and protection should be given to children, not to profit-oriented marijuana businessmen. Please spare our children and future generations from drugs!

In addition, the proposed MCD is in a busy area. Thus, traffic problems will aggravate, not to mention the likely tremendous increase in traffic accidents related to marijuana as reflected in other marijuana states such as Washington and Colorado.

Dear Supervisors,

I strongly oppose to the opening of medicinal cannabis dispensary (MCD) at 2505 Noriega Street in San Francisco. If opened, it will be disastrous and intolerable for the residents and merchants in the vicinity!

To begin with, there are youngsters' facilities within 600 feet of the proposed MCD and thus such proposal violates Californian State Law. Even preschools take children out of school regularly for different types of activities and the students will be tremendously affected by the MCD if opened. Regardless, more consideration and protection should be given to children, not to profit-oriented marijuana businessmen. Please spare our children and future generations from drugs!

In addition, the proposed MCD is in a busy area. Thus, traffic problems will aggravate, not to mention the likely tremendous increase in traffic accidents related to marijuana as reflected in other marijuana states such as Washington and Colorado.

Crime rate will likely increase very considerably due to the MCD, and residents will have to live in an unsafe environment. According to California District Attorneys Association, their biggest worries about legalization of marijuana are the infiltration of drug gangs and traffic accidents.

Businesses in the vicinity will be adversely impacted to a large extent. Some of them may have to go out of business. This is really unfair to them.

This proposed marijuana outlet in question, moreover, is almost right across the street from a big church, Lutheran Church of the Holy Spirit, where a lot of youngsters congregate regularly especially because it is a location of Mayor Ed Lee's Youth Program. It is against the law to open an MCD at 2505 Noriega Street.

Finally, Sunset District has special protection due to the "Conditional Use" provision specifying that the wills of nearby residents and merchants must be respected in deciding the application of MCD. There were 1,000 people at the July 13th public hearing and over 6,000 signatures against this application. How can it be approved in light of the overwhelming opposition?

Suffice it to say, because of the various pernicious effects and strong opposition, please definitely reject the MCD application at 2505 Noriega Street. Your help is greatly appreciated.

Sincerely,

Signature

San Francisco, CA 94102

Dear Supervisors,

I strongly oppose to the opening of medicinal cannabis dispensary (MCD) at 2505 Noriega Street in San Francisco. If opened, it will be disastrous and intolerable for the residents and merchants in the vicinity!

To begin with, there are youngsters' facilities within 600 feet of the proposed MCD and thus such proposal violates Californian State Law. Even preschools take children out of school regularly for different types of activities and the students will be tremendously affected by the MCD if opened. Regardless, more consideration and protection should be given to children, not to profit-oriented marijuana businessmen. Please spare our children and future generations from drugs!

In addition, the proposed MCD is in a busy area. Thus, traffic problems will aggravate, not to mention the likely tremendous increase in traffic accidents related to marijuana as reflected in other marijuana states such as Washington and Colorado.

Crime rate will likely increase very considerably due to the MCD, and residents will have to live in an unsafe environment. According to California District Attorneys Association, their biggest worries about legalization of marijuana are the infiltration of drug gangs and traffic accidents.

Businesses in the vicinity will be adversely impacted to a large extent. Some of them may have to go out of business. This is really unfair to them.

This proposed marijuana outlet in question, moreover, is almost right across the street from a big church, Lutheran Church of the Holy Spirit, where a lot of youngsters congregate regularly especially because it is a location of Mayor Ed Lee's Youth Program. It is against the law to open an MCD at 2505 Noriega Street.

Finally, Sunset District has special protection due to the "Conditional Use" provision specifying that the wills of nearby residents and merchants must be respected in deciding the application of MCD. There were 1,000 people at the July 13th public hearing and over 6,000 signatures against this application. How can it be approved in light of the overwhelming opposition?

Suffice it to say, because of the various pernicious effects and strong opposition, please definitely reject the MCD application at 2505 Noriega Street. Your help is greatly appreciated.

Sincerely,

Signature

Dear Supervisors and Mayor Ed Lee,

I object to the opening of the medical marijuana outlet (MCD) at 2505 Noriega St, San Francisco. If opened, it will negatively affect the neighborhood residents and merchants.

Several facilities which serve youth and teens are located within two blocks of the site (2505 Noriega St.), including two churches (youth groups, academic tutoring and summer camps) and one preschool. Lutheran Church of the Holy Spirit (2400 Noriega St.) has hosted the Mayor's Youth Employment and Education Program (Sunset MYEEP, for high schoolers) for the past three years. The Ark of Hope Preschool takes its students out into the neighborhood regularly for recess. In addition, the proposed MCD is located in a busy area, with families and school children and teens daily passing along the corridor during morning and afternoon hours.

I am concerned about current traffic problems, not to mention, the risk of marijuana related traffic accidents. Two blocks around 2505 Noriega St. have congestion during morning and evening commuting hours, between pedestrians (including students and seniors), cars, and buses. The AAA auto club reports an increase in marijuana related traffic fatalities in Washington State after legalization. And currently, there is no standardized test for marijuana impairment while driving, like how blood alcohol content is measured to enforce drunk driving laws. <https://www.aaafoundation.org/impaired-driving-and-cannabis>

The Apothecarium has posted material aimed to convince the Chinese community of the benefits of cannabis; however, this is not well received by the Chinese community. Saying that cannabis has medical uses in ancient China, the Apothecarium neglects the fact that cannabis possession and usage have been illegal in China since 1985.

Neighboring residents and businesses have also expressed opposition to MCDs in the Sunset District, with signatures (3,000 in 2015, and 5,000 in 2017). I request that fact to be considered and respected in the Conditional Use for rejecting the establishment of a MCD at 2505 Noriega St.

At the public hearing on 07/13/17, the owner of the Apothecarium stated a willingness to use this site for selling cannabis for recreational use in January 2018. I see the potential harm to the community in terms of exposure to undesirable odors, loitering, and traffic congestion.

I strongly urge you to consider the appeal of the local neighborhood. Please reject the MCD application at 2505 Noriega St. Your help is greatly appreciated.

Sincerely,

Dear Supervisors and Mayor Ed Lee,

I object to the opening of the medical marijuana outlet (MCD) at 2505 Noriega St, San Francisco. If opened, it will negatively affect the neighborhood residents and merchants.

Several facilities which serve youth and teens are located within two blocks of the site (2505 Noriega St.), including two churches (youth groups, academic tutoring and summer camps) and one preschool. Lutheran Church of the Holy Spirit (2400 Noriega St.) has hosted the Mayor's Youth Employment and Education Program (Sunset MYEEP, for high schoolers) for the past three years. The Ark of Hope Preschool takes its students out into the neighborhood regularly for recess. In addition, the proposed MCD is located in a busy area, with families and school children and teens daily passing along the corridor during morning and afternoon hours.

I am concerned about current traffic problems, not to mention, the risk of marijuana related traffic accidents. Two blocks around 2505 Noriega St. have congestion during morning and evening commuting hours, between pedestrians (including students and seniors), cars, and buses. The AAA auto club reports an increase in marijuana related traffic fatalities in Washington State after legalization. And currently, there is no standardized test for marijuana impairment while driving, like how blood alcohol content is measured to enforce drunk driving laws. <https://www.aaafoundation.org/impaired-driving-and-cannabis>

The Apothecarium has posted material aimed to convince the Chinese community of the benefits of cannabis; however, this is not well received by the Chinese community. Saying that cannabis has medical uses in ancient China, the Apothecarium neglects the fact that cannabis possession and usage have been illegal in China since 1985.

Neighboring residents and businesses have also expressed opposition to MCDs in the Sunset District, with signatures (3,000 in 2015, and 5,000 in 2017). I request that fact to be considered and respected in the Conditional Use for rejecting the establishment of a MCD at 2505 Noriega St.

At the public hearing on 07/13/17, the owner of the Apothecarium stated a willingness to use this site for selling cannabis for recreational use in January 2018. I see the potential harm to the community in terms of exposure to undesirable odors, loitering, and traffic congestion.

I strongly urge you to consider the appeal of the local neighborhood. Please reject the MCD application at 2505 Noriega St. Your help is greatly appreciated.

Sincerely,

Dear Supervisors,

I strongly oppose to the opening of medicinal cannabis dispensary (MCD) at 2505 Noriega Street in San Francisco. If opened, it will be disastrous and intolerable for the residents and merchants in the vicinity!

To begin with, there are youngsters' facilities within 600 feet of the proposed MCD and thus such proposal violates Californian State Law. Even preschools take children out of school regularly for different types of activities and the students will be tremendously affected by the MCD if opened. Regardless, more consideration and protection should be given to children, not to profit-oriented marijuana businessmen. Please spare our children and future generations from drugs!

In addition, the proposed MCD is in a busy area. Thus, traffic problems will aggravate, not to mention the likely tremendous increase in traffic accidents related to marijuana as reflected in other marijuana states such as Washington and Colorado.

Crime rate will likely increase very considerably due to the MCD, and residents will have to live in an unsafe environment. According to California District Attorneys Association, their biggest worries about legalization of marijuana are the infiltration of drug gangs and traffic accidents.

Businesses in the vicinity will be adversely impacted to a large extent. Some of them may have to go out of business. This is really unfair to them.

This proposed marijuana outlet in question, moreover, is almost right across the street from a big church, Lutheran Church of the Holy Spirit, where a lot of youngsters congregate regularly especially because it is a location of Mayor Ed Lee's Youth Program. It is against the law to open an MCD at 2505 Noriega Street.

Finally, Sunset District has special protection due to the "Conditional Use" provision specifying that the wills of nearby residents and merchants must be respected in deciding the application of MCD. There were 1,000 people at the July 13th public hearing and over 6,000 signatures against this application. How can it be approved in light of the overwhelming opposition?

Suffice it to say, because of the various pernicious effects and strong opposition, please definitely reject the MCD application at 2505 Noriega Street. Your help is greatly appreciated.

Sincerely,

Signature
