Businesses in the vicinity will be adversely impacted to a large extent. Some of them may have to go out of business. This is really unfair to them.

This proposed marijuana outlet in question, moreover, is almost right across the street from a big church, Lutheran Church of the Holy Spirit, where a lot of youngsters congregate regularly especially because it is a location of Mayor Ed Lee's Youth Program. It is against the law to open an MCD at 2505 Noriega Street.

Finally, Sunset District has special protection due to the "Conditional Use" provision specifying that the wills of nearby residents and merchants must be respected in deciding the application of MCD. There were 1,000 people at the July 13th public hearing and over 6,000 signatures against this application. How can it be approved in light of the overwhelming opposition?

Suffice it to say, because of the various pernicious effects and strong opposition, please definitely reject the MCD application at 2505 Noriega Street. Your help is greatly appreciated.

Sincerely,

Dear Katy,

I strongly oppose to the opening of medicinal cannabis dispensary (MCD) at 2505 Noriega Street in San Francisco. If opened, it will be disastrous and intolerable for the residents and merchants in the vicinity!

To begin with, there are youngsters' facilities within 600 feet of the proposed MCD and thus such proposal violates Californian State Law. Even preschools take children out of school regularly for different types of activities and the students will be tremendously affected by the MCD if opened. Regardless, more consideration and protection should be given to children, not to profit-oriented marijuana businessmen. Please spare our children and future generations from drugs!

In addition, the proposed MCD is in a busy area. Thus, traffic problems will aggravate, not to mention the likely tremendous increase in traffic accidents related to marijuana as reflected in other marijuana states such as Washington and Colorado.

Crime rate will likely increase very considerably due to the MCD, and residents will have to live in an unsafe environment. According to California District Attorneys Association, their biggest worries about legalization of marijuana are the infiltration of drug gangs and traffic accidents.

Businesses in the vicinity will be adversely impacted to a large extent. Some of them may have to go out of business. This is really unfair to them.

August 3, 2017

Dear Supervisors and Mayor Ed Lee,

I strongly oppose to the opening of medicinal cannabis dispensary (MCD) at 2505 Noriega Street in San Francisco. If opened, it will be disastrous and intolerable for the residents and merchants in the vicinity! To begin with, there are youngsters' facilities within 600 feet of the proposed MCD and thus such proposal violates Californian State Law. Even preschools take children out of school regularly for different types of activities and the students will be tremendously affected by the MCD if opened. Regardless, more consideration and protection should be given to children, not to profit-oriented marijuana businessmen. Please spare our children and future generations from drugs!

In addition, the proposed MCD is in a busy area. Thus, traffic problems will aggravate, not to mention the likely tremendous increase in traffic accidents related to marijuana as reflected in other marijuana states such as Washington and Colorado.

Crime rate will likely increase very considerably due to the MCD, and residents will have to live in an unsafe environment. According to California District Attorneys Association, their biggest worries about legalization of marijuana are the infiltration of drug gangs and traffic accidents.

Businesses in the vicinity will be adversely impacted to a large extent. Some of them may have to go out of business. This is really unfair to them.

This proposed marijuana outlet in question, moreover, is almost right across the street from a big church, Lutheran Church of the Holy Spirit, where a lot of youngsters congregate regularly especially because it is a location of Mayor Ed Lee's Youth Program. It is against the law to open an MCD at 2505 Noriega Street.

Finally, Sunset District has special protection due to the "Conditional Use" provision specifying that the wills of nearby residents and merchants must be respected in deciding the application of MCD. There were 1,000 people at the July 13th public hearing and over 6,000 signatures against this application. How can it be approved in light of the overwhelming opposition?

Suffice it to say, because of the various pernicious effects and strong opposition, please definitely reject the MCD application at 2505 Noriega Street. Your help is greatly appreciated.

Sincerely,

Dear Supervisors and Mayor Ed Lee,

I object to the opening of the medical marijuana outlet (MCD) at 2505 Noriega St, San Francisco. If opened, it will negatively affect the neighborhood residents and merchants.

Several facilities which serve youth and teens are located within two blocks of the site (2505 Noriega St.), including two churches (youth groups, academic tutoring and summer camps) and one preschool. Lutheran Church of the Holy Spirit (2400 Noriega St.) has hosted the Mayor's Youth Employment and Education Program (Sunset MYEEP, for high schoolers) for the past three years. The Ark of Hope Preschool takes its students out into the neighborhood regularly for recess. In addition, the proposed MCD is located in a busy area, with families and school children and teens daily passing along the corridor during morning and afternoon hours.

I am concerned about current traffic problems, not to mention, the risk of marijuana related traffic accidents. Two blocks around 2505 Noriega St. have congestion during morning and evening commuting hours, between pedestrians (including students and seniors), cars, and buses. The AAA auto club reports an increase in marijuana related traffic fatalities in Washington State after legalization. And currently, there is no standardized test for marijuana impairment while driving, like how blood alcohol content is measured to enforce drunk driving laws. <https://www.aaafoundation.org/impaired-driving-and-cannabis>

The Apothecarium has posted material aimed to convince the Chinese community of the benefits of cannabis; however, this is not well received by the Chinese community. Saying that cannabis has medical uses in ancient China, the Apothecarium neglects the fact that cannabis possession and usage have been illegal in China since 1985.

Neighboring residents and businesses have also expressed opposition to MCDs in the Sunset District, with signatures (3,000 in 2015, and 5,000 in 2017). I request that fact to be considered and respected in the Conditional Use for rejecting the establishment of a MCD at 2505 Noriega St.

At the public hearing on 07/13/17, the owner of the Apothecarium stated a willingness to use this site for selling cannabis for recreational use in January 2018. I see the potential harm to the community in terms of exposure to undesirable odors, loitering, and traffic congestion.

I strongly urge you to consider the appeal of the local neighborhood. Please reject the MCD application at 2505 Noriega St. Your help is greatly appreciated.

Sincerely,

To begin with, there are youngsters' facilities within 600 feet of the proposed MCD and thus such proposal violates Californian State Law. Even preschools take children out of school regularly for different types of activities and the students will be tremendously affected by the MCD if opened. Regardless, more consideration and protection should be given to children, not to profit-oriented marijuana businessmen. Please spare our children and future generations from drugs!

In addition, the proposed MCD is in a busy area. Thus, traffic problems will aggravate, not to mention the likely tremendous increase in traffic accidents related to marijuana as reflected in other marijuana states such as Washington and Colorado.

Crime rate will likely increase very considerably due to the MCD, and residents will have to live in an unsafe environment. According to California District Attorneys Association, their biggest worries about legalization of marijuana are the infiltration of drug gangs and traffic accidents.

Businesses in the vicinity will be adversely impacted to a large extent. Some of them may have to go out of business. This is really unfair to them.

This proposed marijuana outlet in question, moreover, is almost right across the street from a big church, Lutheran Church of the Holy Spirit, where a lot of youngsters congregate regularly especially because it is a location of Mayor Ed Lee's Youth Program. It is against the law to open an MCD at 2505 Noriega Street.

Finally, Sunset District has special protection due to the "Conditional Use" provision specifying that the wills of nearby residents and merchants must be respected in deciding the application of MCD. There were 1,000 people at the July 13th public hearing and over 6,000 signatures against this application. How can it be approved in light of the overwhelming opposition?

Suffice it to say, because of the various pernicious effects and strong opposition, please definitely reject the MCD application at 2505 Noriega Street. Your help is greatly appreciated.

Sincerely,

Dear Supervisors and Mayor Ed Lee,

I strongly oppose to the opening of medicinal cannabis dispensary (MCD) at 2505 Noriega Street in San Francisco. If opened, it will be disastrous and intolerable for the residents and merchants in the vicinity!

To begin with, there are youngsters' facilities within 600 feet of the proposed MCD and thus such proposal violates Californian State Law. Even preschools take children out of school regularly for different types of activities and the students will be tremendously affected by the MCD if opened. Regardless, more consideration and protection should be given to children, not to profit-oriented marijuana businessmen. Please spare our children and future generations from drugs!

In addition, the proposed MCD is in a busy area. Thus, traffic problems will aggravate, not to mention the likely tremendous increase in traffic accidents related to marijuana as reflected in other marijuana states such as Washington and Colorado.

Crime rate will likely increase very considerably due to the MCD, and residents will have to live in an unsafe environment. According to California District Attorneys Association, their biggest worries about legalization of marijuana are the infiltration of drug gangs and traffic accidents.

Businesses in the vicinity will be adversely impacted to a large extent. Some of them may have to go out of business. This is really unfair to them.

This proposed marijuana outlet in question, moreover, is almost right across the street from a big church, Lutheran Church of the Holy Spirit, where a lot of youngsters congregate regularly especially because it is a location of Mayor Ed Lee's Youth Program. It is against the law to open an MCD at 2505 Noriega Street.

Finally, Sunset District has special protection due to the "Conditional Use" provision specifying that the wills of nearby residents and merchants must be respected in deciding the application of MCD. There were 1,000 people at the July 13th public hearing and over 6,000 signatures against this application. How can it be approved in light of the overwhelming opposition?

Suffice it to say, because of the various pernicious effects and strong opposition, please definitely reject the MCD application at 2505 Noriega Street. Your help is greatly appreciated.

Sincerely,

Dear Supervisors and Mayor Ed Lee,

I object to the opening of the medical marijuana outlet (MCD) at 2505 Noriega St, San Francisco. If opened, it will negatively affect the neighborhood residents and merchants.

Several facilities which serve youth and teens are located within two blocks of the site (2505 Noriega St.), including two churches (youth groups, academic tutoring and summer camps) and one preschool. Lutheran Church of the Holy Spirit (2400 Noriega St.) has hosted the Mayor's Youth Employment and Education Program (Sunset MYEEP, for high schoolers) for the past three years. The Ark of Hope Preschool takes its students out into the neighborhood regularly for recess. In addition, the proposed MCD is located in a busy area, with families and school children and teens daily passing along the corridor during morning and afternoon hours.

I am concerned about current traffic problems, not to mention, the risk of marijuana related traffic accidents. Two blocks around 2505 Noriega St. have congestion during morning and evening commuting hours, between pedestrians (including students and seniors), cars, and buses. The AAA auto club reports an increase in marijuana related traffic fatalities in Washington State after legalization. And currently, there is no standardized test for marijuana impairment while driving, like how blood alcohol content is measured to enforce drunk driving laws. <https://www.aaafoundation.org/impaired-driving-and-cannabis>

The Apothecarium has posted material aimed to convince the Chinese community of the benefits of cannabis; however, this is not well received by the Chinese community. Saying that cannabis has medical uses in ancient China, the Apothecarium neglects the fact that cannabis possession and usage have been illegal in China since 1985.

Neighboring residents and businesses have also expressed opposition to MCDs in the Sunset District, with signatures (3,000 in 2015, and 5,000 in 2017). I request that fact to be considered and respected in the Conditional Use for rejecting the establishment of a MCD at 2505 Noriega St.

At the public hearing on 07/13/17, the owner of the Apothecarium stated a willingness to use this site for selling cannabis for recreational use in January 2018. I see the potential harm to the community in terms of exposure to undesirable odors, loitering, and traffic congestion.

I strongly urge you to consider the appeal of the local neighborhood. Please reject the MCD application at 2505 Noriega St. Your help is greatly appreciated.

Sincerely,

Crime rate will likely increase very considerably due to the MCD, and residents will have to live in an unsafe environment. According to California District Attorneys Association, their biggest worries about legalization of marijuana are the infiltration of drug gangs and traffic accidents.

Businesses in the vicinity will be adversely impacted to a large extent. Some of them may have to go out of business. This is really unfair to them.

This proposed marijuana outlet in question, moreover, is almost right across the street from a big church, Lutheran Church of the Holy Spirit, where a lot of youngsters congregate regularly especially because it is a location of Mayor Ed Lee's Youth Program. It is against the law to open an MCD at 2505 Noriega Street.

Finally, Sunset District has special protection due to the "Conditional Use" provision specifying that the wills of nearby residents and merchants must be respected in deciding the application of MCD. There were 1,000 people at the July 13th public hearing and over 6,000 signatures against this application. How can it be approved in light of the overwhelming opposition?

Suffice it to say, because of the various pernicious effects and strong opposition, please definitely reject the MCD application at 2505 Noriega Street. Your help is greatly appreciated.

Sincerely,

Dear Supervisors and Mayor Ed Lee,

I strongly oppose to the opening of medicinal cannabis dispensary (MCD) at 2505 Noriega Street in San Francisco. If opened, it will be disastrous and intolerable for the residents and merchants in the vicinity! To begin with, there are youngsters' facilities within 600 feet of the proposed MCD and thus such proposal violates Californian State Law. Even preschools take children out of school regularly for different types of activities and the students will be tremendously affected by the MCD if opened. Regardless, more consideration and protection should be given to children, not to profit-oriented marijuana businessmen. Please spare our children and future generations from drugs!

In addition, the proposed MCD is in a busy area. Thus, traffic problems will aggravate, not to mention the likely tremendous increase in traffic accidents related to marijuana as reflected in other marijuana states such as Washington and Colorado.

Even preschools take children out of school regularly for different types of activities and the students will be tremendously affected by the MCD if opened. Regardless, more consideration and protection should be given to children, not to profit-oriented marijuana businessmen. Please spare our children and future generations from drugs!

In addition, the proposed MCD is in a busy area. Thus, traffic problems will aggravate, not to mention the likely tremendous increase in traffic accidents related to marijuana as reflected in other marijuana states such as Washington and Colorado.

Crime rate will likely increase very considerably due to the MCD, and residents will have to live in an unsafe environment. According to California District Attorneys Association, their biggest worries about legalization of marijuana are the infiltration of drug gangs and traffic accidents.

Businesses in the vicinity will be adversely impacted to a large extent. Some of them may have to go out of business. This is really unfair to them.

This proposed marijuana outlet in question, moreover, is almost right across the street from a big church, Lutheran Church of the Holy Spirit, where a lot of youngsters congregate regularly especially because it is a location of Mayor Ed Lee's Youth Program. It is against the law to open an MCD at 2505 Noriega Street.

Finally, Sunset District has special protection due to the "Conditional Use" provision specifying that the wills of nearby residents and merchants must be respected in deciding the application of MCD. There were 1,000 people at the July 13th public hearing and over 6,000 signatures against this application. How can it be approved in light of the overwhelming opposition?

Suffice it to say, because of the various pernicious effects and strong opposition, please definitely reject the MCD application at 2505 Noriega Street. Your help is greatly appreciated.

Sincerely,

Signature

Dear Supervisors,

I strongly oppose to the opening of medicinal cannabis dispensary (MCD) at 2505 Noriega Street in San Francisco. If opened, it will be disastrous and intolerable for the residents and merchants in the vicinity!

To begin with, there are youngsters' facilities within 600 feet of the proposed MCD and thus such proposal violates Californian State Law. Even preschools take children out of school regularly for different types of activities and the students will be tremendously affected by the MCD if opened. Regardless, more consideration and protection should be given to children, not to profit-oriented marijuana businessmen. Please spare our children and future generations from drugs!

Dear Supervisors and Mayor Ed Lee,

I object to the opening of the medical marijuana outlet (MCD) at 2505 Noriega St, San Francisco. If opened, it will negatively affect the neighborhood residents and merchants.

Several facilities which serve youth and teens are located within two blocks of the site (2505 Noriega St.), including two churches (youth groups, academic tutoring and summer camps) and one preschool. Lutheran Church of the Holy Spirit (2400 Noriega St.) has hosted the Mayor's Youth Employment and Education Program (Sunset MYEEP, for high schoolers) for the past three years. The Ark of Hope Preschool takes its students out into the neighborhood regularly for recess. In addition, the proposed MCD is located in a busy area, with families and school children and teens daily passing along the corridor during morning and afternoon hours.

I am concerned about current traffic problems, not to mention, the risk of marijuana related traffic accidents. Two blocks around 2505 Noriega St. have congestion during morning and evening commuting hours, between pedestrians (including students and seniors), cars, and buses. The AAA auto club reports an increase in marijuana related traffic fatalities in Washington State after legalization. And currently, there is no standardized test for marijuana impairment while driving, like how blood alcohol content is measured to enforce drunk driving laws. <https://www.aaafoundation.org/impaired-driving-and-cannabis>

The Apothecarium has posted material aimed to convince the Chinese community of the benefits of cannabis; however, this is not well received by the Chinese community. Saying that cannabis has medical uses in ancient China, the Apothecarium neglects the fact that cannabis possession and usage have been illegal in China since 1985.

Neighboring residents and businesses have also expressed opposition to MCDs in the Sunset District, with signatures (3,000 in 2015, and 5,000 in 2017). I request that fact to be considered and respected in the Conditional Use for rejecting the establishment of a MCD at 2505 Noriega St.

At the public hearing on 07/13/17, the owner of the Apothecarium stated a willingness to use this site for selling cannabis for recreational use in January 2018. I see the potential harm to the community in terms of exposure to undesirable odors, loitering, and traffic congestion.

I strongly urge you to consider the appeal of the local neighborhood. Please reject the MCD application at 2505 Noriega St. Your help is greatly appreciated.

Sincerely,

Dear Supervisors and Mayor Ed Lee,

I object to the opening of the medical marijuana outlet (MCD) at 2505 Noriega St, San Francisco. If opened, it will negatively affect the neighborhood residents and merchants.

Several facilities which serve youth and teens are located within two blocks of the site (2505 Noriega St.), including two churches (youth groups, academic tutoring and summer camps) and one preschool. Lutheran Church of the Holy Spirit (2400 Noriega St.) has hosted the Mayor's Youth Employment and Education Program (Sunset MYEEP, for high schoolers) for the past three years. The Ark of Hope Preschool takes its students out into the neighborhood regularly for recess. In addition, the proposed MCD is located in a busy area, with families and school children and teens daily passing along the corridor during morning and afternoon hours.

I am concerned about current traffic problems, not to mention, the risk of marijuana related traffic accidents. Two blocks around 2505 Noriega St. have congestion during morning and evening commuting hours, between pedestrians (including students and seniors), cars, and buses. The AAA auto club reports an increase in marijuana related traffic fatalities in Washington State after legalization. And currently, there is no standardized test for marijuana impairment while driving, like how blood alcohol content is measured to enforce drunk driving laws. <https://www.aaafoundation.org/impaired-driving-and-cannabis>

The Apothecarium has posted material aimed to convince the Chinese community of the benefits of cannabis; however, this is not well received by the Chinese community. Saying that cannabis has medical uses in ancient China, the Apothecarium neglects the fact that cannabis possession and usage have been illegal in China since 1985.

Neighboring residents and businesses have also expressed opposition to MCDs in the Sunset District, with signatures (3,000 in 2015, and 5,000 in 2017). I request that fact to be considered and respected in the Conditional Use for rejecting the establishment of a MCD at 2505 Noriega St.

At the public hearing on 07/13/17, the owner of the Apothecarium stated a willingness to use this site for selling cannabis for recreational use in January 2018. I see the potential harm to the community in terms of exposure to undesirable odors, loitering, and traffic congestion.

I strongly urge you to consider the appeal of the local neighborhood. Please reject the MCD application at 2505 Noriega St. Your help is greatly appreciated.

Sincerely,

August 3, 2017

Dear Supervisors and Mayor Ed Lee,

I strongly oppose to the opening of medicinal cannabis dispensary (MCD) at 2505 Noriega Street in San Francisco. If opened, it will be disastrous and intolerable for the residents and merchants in the vicinity! To begin with, there are youngsters' facilities within 600 feet of the proposed MCD and thus such proposal violates Californian State Law. Even preschools take children out of school regularly for different types of activities and the students will be tremendously affected by the MCD if opened. Regardless, more consideration and protection should be given to children, not to profit-oriented marijuana businessmen. Please spare our children and future generations from drugs!

In addition, the proposed MCD is in a busy area. Thus, traffic problems will aggravate, not to mention the likely tremendous increase in traffic accidents related to marijuana as reflected in other marijuana states such as Washington and Colorado.

Crime rate will likely increase very considerably due to the MCD, and residents will have to live in an unsafe environment. According to California District Attorneys Association, their biggest worries about legalization of marijuana are the infiltration of drug gangs and traffic accidents.

Businesses in the vicinity will be adversely impacted to a large extent. Some of them may have to go out of business. This is really unfair to them.

This proposed marijuana outlet in question, moreover, is almost right across the street from a big church, Lutheran Church of the Holy Spirit, where a lot of youngsters congregate regularly especially because it is a location of Mayor Ed Lee's Youth Program. It is against the law to open an MCD at 2505 Noriega Street.

Finally, Sunset District has special protection due to the "Conditional Use" provision specifying that the wills of nearby residents and merchants must be respected in deciding the application of MCD. There were 1,000 people at the July 13th public hearing and over 6,000 signatures against this application. How can it be approved in light of the overwhelming opposition?

Suffice it to say, because of the various pernicious effects and strong opposition, please definitely reject the MCD application at 2505 Noriega Street. Your help is greatly appreciated.

Sincerely,

Dear Supervisors and Mayor Ed Lee,

I object to the opening of the medical marijuana outlet (MCD) at 2505 Noriega St, San Francisco. If opened, it will negatively affect the neighborhood residents and merchants.

Several facilities which serve youth and teens are located within two blocks of the site (2505 Noriega St.), including two churches (youth groups, academic tutoring and summer camps) and one preschool. Lutheran Church of the Holy Spirit (2400 Noriega St.) has hosted the Mayor's Youth Employment and Education Program (Sunset MYEEP, for high schoolers) for the past three years. The Ark of Hope Preschool takes its students out into the neighborhood regularly for recess. In addition, the proposed MCD is located in a busy area, with families and school children and teens daily passing along the corridor during morning and afternoon hours.

I am concerned about current traffic problems, not to mention, the risk of marijuana related traffic accidents. Two blocks around 2505 Noriega St. have congestion during morning and evening commuting hours, between pedestrians (including students and seniors), cars, and buses. The AAA auto club reports an increase in marijuana related traffic fatalities in Washington State after legalization. And currently, there is no standardized test for marijuana impairment while driving, like how blood alcohol content is measured to enforce drunk driving laws. <https://www.aaafoundation.org/impaired-driving-and-cannabis>

The Apothecarium has posted material aimed to convince the Chinese community of the benefits of cannabis; however, this is not well received by the Chinese community. Saying that cannabis has medical uses in ancient China, the Apothecarium neglects the fact that cannabis possession and usage have been illegal in China since 1985.

Neighboring residents and businesses have also expressed opposition to MCDs in the Sunset District, with signatures (3,000 in 2015, and 5,000 in 2017). I request that fact to be considered and respected in the Conditional Use for rejecting the establishment of a MCD at 2505 Noriega St.

At the public hearing on 07/13/17, the owner of the Apothecarium stated a willingness to use this site for selling cannabis for recreational use in January 2018. I see the potential harm to the community in terms of exposure to undesirable odors, loitering, and traffic congestion.

I strongly urge you to consider the appeal of the local neighborhood. Please reject the MCD application at 2505 Noriega St. Your help is greatly appreciated.

Sincerely,

Dear Supervisors and Mayor Ed Lee,

I strongly oppose to the opening of medicinal cannabis dispensary (MCD) at 2505 Noriega Street in San Francisco. If opened, it will be disastrous and intolerable for the residents and merchants in the vicinity!

To begin with, there are youngsters' facilities within 600 feet of the proposed MCD and thus such proposal violates Californian State Law. Even preschools take children out of school regularly for different types of activities and the students will be tremendously affected by the MCD if opened. Regardless, more consideration and protection should be given to children, not to profit-oriented marijuana businessmen. Please spare our children and future generations from drugs!

In addition, the proposed MCD is in a busy area. Thus, traffic problems will aggravate, not to mention the likely tremendous increase in traffic accidents related to marijuana as reflected in other marijuana states such as Washington and Colorado.

Crime rate will likely increase very considerably due to the MCD, and residents will have to live in an unsafe environment. According to California District Attorneys Association, their biggest worries about legalization of marijuana are the infiltration of drug gangs and traffic accidents.

Businesses in the vicinity will be adversely impacted to a large extent. Some of them may have to go out of business. This is really unfair to them.

This proposed marijuana outlet in question, moreover, is almost right across the street from a big church, Lutheran Church of the Holy Spirit, where a lot of youngsters congregate regularly especially because it is a location of Mayor Ed Lee's Youth Program. It is against the law to open an MCD at 2505 Noriega Street.

Finally, Sunset District has special protection due to the "Conditional Use" provision specifying that the wills of nearby residents and merchants must be respected in deciding the application of MCD. There were 1,000 people at the July 13th public hearing and over 6,000 signatures against this application. How can it be approved in light of the overwhelming opposition?

Suffice it to say, because of the various pernicious effects and strong opposition, please definitely reject the MCD application at 2505 Noriega Street. Your help is greatly appreciated.

Sincerely,

Dear Supervisors and Mayor Ed Lee,

I strongly oppose to the opening of medicinal cannabis dispensary (MCD) at 2505 Noriega Street in San Francisco. If opened, it will be disastrous and intolerable for the residents and merchants in the vicinity!

To begin with, there are youngsters' facilities within 600 feet of the proposed MCD and thus such proposal violates Californian State Law. Even preschools take children out of school regularly for different types of activities and the students will be tremendously affected by the MCD if opened. Regardless, more consideration and protection should be given to children, not to profit-oriented marijuana businessmen. Please spare our children and future generations from drugs!

In addition, the proposed MCD is in a busy area. Thus, traffic problems will aggravate, not to mention the likely tremendous increase in traffic accidents related to marijuana as reflected in other marijuana states such as Washington and Colorado.

Crime rate will likely increase very considerably due to the MCD, and residents will have to live in an unsafe environment. According to California District Attorneys Association, their biggest worries about legalization of marijuana are the infiltration of drug gangs and traffic accidents.

Businesses in the vicinity will be adversely impacted to a large extent. Some of them may have to go out of business. This is really unfair to them.

This proposed marijuana outlet in question, moreover, is almost right across the street from a big church, Lutheran Church of the Holy Spirit, where a lot of youngsters congregate regularly especially because it is a location of Mayor Ed Lee's Youth Program. It is against the law to open an MCD at 2505 Noriega Street.

Finally, Sunset District has special protection due to the "Conditional Use" provision specifying that the wills of nearby residents and merchants must be respected in deciding the application of MCD. There were 1,000 people at the July 13th public hearing and over 6,000 signatures against this application. How can it be approved in light of the overwhelming opposition?

Suffice it to say, because of the various pernicious effects and strong opposition, please definitely reject the MCD application at 2505 Noriega Street. Your help is greatly appreciated.

Sincerely,

Businesses in the vicinity will be adversely impacted to a large extent. Some of them may have to go out of business. This is really unfair to them.

This proposed marijuana outlet in question, moreover, is almost right across the street from a big church, Lutheran Church of the Holy Spirit, where a lot of youngsters congregate regularly especially because it is a location of Mayor Ed Lee's Youth Program. It is against the law to open an MCD at 2505 Noriega Street.

Finally, Sunset District has special protection due to the "Conditional Use" provision specifying that the wills of nearby residents and merchants must be respected in deciding the application of MCD. There were 1,000 people at the July 13th public hearing and over 6,000 signatures against this application. How can it be approved in light of the overwhelming opposition?

Suffice it to say, because of the various pernicious effects and strong opposition, please definitely reject the MCD application at 2505 Noriega Street. Your help is greatly appreciated.

Sincerely,

Signature

San Francisco Board of Supervisors
c/o Mayor Ed Lee
1 Dr Carlton B Goodlett Place, #244
San Francisco, CA 94102

Dear Supervisors,

I strongly oppose to the opening of medicinal cannabis dispensary (MCD) at 2505 Noriega Street in San Francisco. If opened, it will be disastrous and intolerable for the residents and merchants in the vicinity!

To begin with, there are youngsters' facilities within 600 feet of the proposed MCD and thus such proposal violates Californian State Law. Even preschools take children out of school regularly for different types of activities and the students will be tremendously affected by the MCD if opened. Regardless, more consideration and protection should be given to children, not to profit-oriented marijuana businessmen. Please spare our children and future generations from drugs!

In addition, the proposed MCD is in a busy area. Thus, traffic problems will aggravate, not to mention the likely tremendous increase in traffic accidents related to marijuana as reflected in other marijuana states such as Washington and Colorado.

Crime rate will likely increase very considerably due to the MCD, and residents will have to live in an unsafe environment. According to California District Attorneys Association, their biggest worries about legalization of marijuana are the infiltration of drug gangs and traffic accidents.

Businesses in the vicinity will be adversely impacted to a large extent. Some of them may have to go out of business. This is really unfair to them.

Dear Supervisors and Mayor Ed Lee,

I strongly oppose to the opening of medicinal cannabis dispensary (MCD) at 2505 Noriega Street in San Francisco. If opened, it will be disastrous and intolerable for the residents and merchants in the vicinity!

To begin with, there are youngsters' facilities within 600 feet of the proposed MCD and thus such proposal violates Californian State Law. Even preschools take children out of school regularly for different types of activities and the students will be tremendously affected by the MCD if opened. Regardless, more consideration and protection should be given to children, not to profit-oriented marijuana businessmen. Please spare our children and future generations from drugs!

In addition, the proposed MCD is in a busy area. Thus, traffic problems will aggravate, not to mention the likely tremendous increase in traffic accidents related to marijuana as reflected in other marijuana states such as Washington and Colorado.

Crime rate will likely increase very considerably due to the MCD, and residents will have to live in an unsafe environment. According to California District Attorneys Association, their biggest worries about legalization of marijuana are the infiltration of drug gangs and traffic accidents.

Businesses in the vicinity will be adversely impacted to a large extent. Some of them may have to go out of business. This is really unfair to them.

This proposed marijuana outlet in question, moreover, is almost right across the street from a big church, Lutheran Church of the Holy Spirit, where a lot of youngsters congregate regularly especially because it is a location of Mayor Ed Lee's Youth Program. It is against the law to open an MCD at 2505 Noriega Street.

Finally, Sunset District has special protection due to the "Conditional Use" provision specifying that the wills of nearby residents and merchants must be respected in deciding the application of MCD. There were 1,000 people at the July 13th public hearing and over 6,000 signatures against this application. How can it be approved in light of the overwhelming opposition?

Suffice it to say, because of the various pernicious effects and strong opposition, please definitely reject the MCD application at 2505 Noriega Street. Your help is greatly appreciated.

Sincerely,

Even preschools take children out of school regularly for different types of activities and the students will be tremendously affected by the MCD if opened. Regardless, more consideration and protection should be given to children, not to profit-oriented marijuana businessmen. Please spare our children and future generations from drugs!

In addition, the proposed MCD is in a busy area. Thus, traffic problems will aggravate, not to mention the likely tremendous increase in traffic accidents related to marijuana as reflected in other marijuana states such as Washington and Colorado.

Crime rate will likely increase very considerably due to the MCD, and residents will have to live in an unsafe environment. According to California District Attorneys Association, their biggest worries about legalization of marijuana are the infiltration of drug gangs and traffic accidents.

Businesses in the vicinity will be adversely impacted to a large extent. Some of them may have to go out of business. This is really unfair to them.

This proposed marijuana outlet in question, moreover, is almost right across the street from a big church, Lutheran Church of the Holy Spirit, where a lot of youngsters congregate regularly especially because it is a location of Mayor Ed Lee's Youth Program. It is against the law to open an MCD at 2505 Noriega Street.

Finally, Sunset District has special protection due to the "Conditional Use" provision specifying that the wills of nearby residents and merchants must be respected in deciding the application of MCD. There were 1,000 people at the July 13th public hearing and over 6,000 signatures against this application. How can it be approved in light of the overwhelming opposition?

Suffice it to say, because of the various pernicious effects and strong opposition, please definitely reject the MCD application at 2505 Noriega Street. Your help is greatly appreciated.

Sincerely,

Signature

c/o Mayor Ed Lee
1 Dr Carlton B Goodlett Place, #244
San Francisco, CA 94102

Dear Supervisors,

I strongly oppose to the opening of medicinal cannabis dispensary (MCD) at 2505 Noriega Street in San Francisco. If opened, it will be disastrous and intolerable for the residents and merchants in the vicinity!

To begin with, there are youngsters' facilities within 600 feet of the proposed MCD and thus such proposal violates Californian State Law. Even preschools take children out of school regularly for different types of activities and the students will be tremendously affected by the MCD if opened. Regardless, more consideration and protection should be given to children, not to profit-oriented marijuana businessmen. Please spare our children and future generations from drugs!

Dear Supervisors and Mayor Ed Lee,

I strongly oppose to the opening of medicinal cannabis dispensary (MCD) at 2505 Noriega Street in San Francisco. If opened, it will be disastrous and intolerable for the residents and merchants in the vicinity!

To begin with, there are youngsters' facilities within 600 feet of the proposed MCD and thus such proposal violates Californian State Law. Even preschools take children out of school regularly for different types of activities and the students will be tremendously affected by the MCD if opened. Regardless, more consideration and protection should be given to children, not to profit-oriented marijuana businessmen. Please spare our children and future generations from drugs!

In addition, the proposed MCD is in a busy area. Thus, traffic problems will aggravate, not to mention the likely tremendous increase in traffic accidents related to marijuana as reflected in other marijuana states such as Washington and Colorado.

Crime rate will likely increase very considerably due to the MCD, and residents will have to live in an unsafe environment. According to California District Attorneys Association, their biggest worries about legalization of marijuana are the infiltration of drug gangs and traffic accidents.

Businesses in the vicinity will be adversely impacted to a large extent. Some of them may have to go out of business. This is really unfair to them.

This proposed marijuana outlet in question, moreover, is almost right across the street from a big church, Lutheran Church of the Holy Spirit, where a lot of youngsters congregate regularly especially because it is a location of Mayor Ed Lee's Youth Program. It is against the law to open an MCD at 2505 Noriega Street.

Finally, Sunset District has special protection due to the "Conditional Use" provision specifying that the wills of nearby residents and merchants must be respected in deciding the application of MCD. There were 1,000 people at the July 13th public hearing and over 6,000 signatures against this application. How can it be approved in light of the overwhelming opposition?

Regardless, more consideration and protection should be given to children, not to profit-oriented marijuana businessmen. Please spare our children and future generations from drugs!

In addition, the proposed MCD is in a busy area. Thus, traffic problems will aggravate, not to mention the likely tremendous increase in traffic accidents related to marijuana as reflected in other marijuana states such as Washington and Colorado.

Crime rate will likely increase very considerably due to the MCD, and residents will have to live in an unsafe environment. According to California District Attorneys Association, their biggest worries about legalization of marijuana are the infiltration of drug gangs and traffic accidents.

Businesses in the vicinity will be adversely impacted to a large extent. Some of them may have to go out of business. This is really unfair to them.

This proposed marijuana outlet in question, moreover, is almost right across the street from a big church, Lutheran Church of the Holy Spirit, where a lot of youngsters congregate regularly especially because it is a location of Mayor Ed Lee's Youth Program. It is against the law to open an MCD at 2505 Noriega Street.

Finally, Sunset District has special protection due to the "Conditional Use" provision specifying that the wills of nearby residents and merchants must be respected in deciding the application of MCD. There were 1,000 people at the July 13th public hearing and over 6,000 signatures against this application. How can it be approved in light of the overwhelming opposition?

Suffice it to say, because of the various pernicious effects and strong opposition, please definitely reject the MCD application at 2505 Noriega Street. Your help is greatly appreciated.

Sincerely,

Dear Supervisors and Mayor Ed Lee,

I strongly oppose to the opening of medicinal cannabis dispensary (MCD) at 2505 Noriega Street in San Francisco. If opened, it will be disastrous and intolerable for the residents and merchants in the vicinity!

To begin with, there are youngsters' facilities within 600 feet of the proposed MCD and thus such proposal violates Californian State Law. Even preschools take children out of school regularly for different types of activities and the students will be tremendously affected by the MCD if opened. Regardless, more consideration and protection should be given to children, not to profit-oriented marijuana businessmen. Please spare our children and future generations from drugs!

In addition, the proposed MCD is in a busy area. Thus, traffic problems will aggravate, not to mention the likely tremendous increase in traffic accidents related to marijuana as reflected in other marijuana states such as Washington and Colorado.

Dear Supervisors and Mayor Ed Lee,

I strongly oppose to the opening of medicinal cannabis dispensary (MCD) at 2505 Noriega Street in San Francisco. If opened, it will be disastrous and intolerable for the residents and merchants in the vicinity!

To begin with, there are youngsters' facilities within 600 feet of the proposed MCD and thus such proposal violates Californian State Law. Even preschools take children out of school regularly for different types of activities and the students will be tremendously affected by the MCD if opened. Regardless, more consideration and protection should be given to children, not to profit-oriented marijuana businessmen. Please spare our children and future generations from drugs!

In addition, the proposed MCD is in a busy area. Thus, traffic problems will aggravate, not to mention the likely tremendous increase in traffic accidents related to marijuana as reflected in other marijuana states such as Washington and Colorado.

Crime rate will likely increase very considerably due to the MCD, and residents will have to live in an unsafe environment. According to California District Attorneys Association, their biggest worries about legalization of marijuana are the infiltration of drug gangs and traffic accidents.

Businesses in the vicinity will be adversely impacted to a large extent. Some of them may have to go out of business. This is really unfair to them.

This proposed marijuana outlet in question, moreover, is almost right across the street from a big church, Lutheran Church of the Holy Spirit, where a lot of youngsters congregate regularly especially because it is a location of Mayor Ed Lee's Youth Program. It is against the law to open an MCD at 2505 Noriega Street.

Finally, Sunset District has special protection due to the "Conditional Use" provision specifying that the wills of nearby residents and merchants must be respected in deciding the application of MCD. There were 1,000 people at the July 13th public hearing and over 6,000 signatures against this application. How can it be approved in light of the overwhelming opposition?

1 Dr Carlton B Goodlett Place, #244
San Francisco, CA 94102

Dear Supervisors,

I strongly oppose to the opening of medicinal cannabis dispensary (MCD) at 2505 Noriega Street in San Francisco. If opened, it will be disastrous and intolerable for the residents and merchants in the vicinity!

To begin with, there are youngsters' facilities within 600 feet of the proposed MCD and thus such proposal violates Californian State Law. Even preschools take children out of school regularly for different types of activities and the students will be tremendously affected by the MCD if opened. Regardless, more consideration and protection should be given to children, not to profit-oriented marijuana businessmen. Please spare our children and future generations from drugs!

In addition, the proposed MCD is in a busy area. Thus, traffic problems will aggravate, not to mention the likely tremendous increase in traffic accidents related to marijuana as reflected in other marijuana states such as Washington and Colorado.

Crime rate will likely increase very considerably due to the MCD, and residents will have to live in an unsafe environment. According to California District Attorneys Association, their biggest worries about legalization of marijuana are the infiltration of drug gangs and traffic accidents.

Businesses in the vicinity will be adversely impacted to a large extent. Some of them may have to go out of business. This is really unfair to them.

This proposed marijuana outlet in question, moreover, is almost right across the street from a big church, Lutheran Church of the Holy Spirit, where a lot of youngsters congregate regularly especially because it is a location of Mayor Ed Lee's Youth Program. It is against the law to open an MCD at 2505 Noriega Street.

Finally, Sunset District has special protection due to the "Conditional Use" provision specifying that the wills of nearby residents and merchants must be respected in deciding the application of MCD. There were 1,000 people at the July 13th public hearing and over 6,000 signatures against this application. How can it be approved in light of the overwhelming opposition?

Suffice it to say, because of the various pernicious effects and strong opposition, please definitely reject the MCD application at 2505 Noriega Street. Your help is greatly appreciated.

Sincerely,

lanfang luo

Dear Supervisors,

I strongly oppose to the opening of medicinal cannabis dispensary (MCD) at 2505 Noriega Street in San Francisco. If opened, it will be disastrous and intolerable for the residents and merchants in the vicinity!

To begin with, there are youngsters' facilities within 600 feet of the proposed MCD and thus such proposal violates Californian State Law. Even preschools take children out of school regularly for different types of activities and the students will be tremendously affected by the MCD if opened. Regardless, more consideration and protection should be given to children, not to profit-oriented marijuana businessmen. Please spare our children and future generations from drugs!

In addition, the proposed MCD is in a busy area. Thus, traffic problems will aggravate, not to mention the likely tremendous increase in traffic accidents related to marijuana as reflected in other marijuana states such as Washington and Colorado.

Crime rate will likely increase very considerably due to the MCD, and residents will have to live in an unsafe environment. According to California District Attorneys Association, their biggest worries about legalization of marijuana are the infiltration of drug gangs and traffic accidents.

Businesses in the vicinity will be adversely impacted to a large extent. Some of them may have to go out of business. This is really unfair to them.

This proposed marijuana outlet in question, moreover, is almost right across the street from a big church, Lutheran Church of the Holy Spirit, where a lot of youngsters congregate regularly especially because it is a location of Mayor Ed Lee's Youth Program. It is against the law to open an MCD at 2505 Noriega Street.

Finally, Sunset District has special protection due to the "Conditional Use" provision specifying that the wills of nearby residents and merchants must be respected in deciding the application of MCD. There were 1,000 people at the July 13th public hearing and over 6,000 signatures against this application. How can it be approved in light of the overwhelming opposition?

Suffice it to say, because of the various pernicious effects and strong opposition, please definitely reject the MCD application at 2505 Noriega Street. Your help is greatly appreciated.

Sincerely,

18. Chang

It is against the law to open an MCD at 2505 Noriega Street.

Finally, Sunset District has special protection due to the "Conditional Use" provision specifying that the wills of nearby residents and merchants must be respected in deciding the application of MCD. There were 1,000 people at the July 13th public hearing and over 6,000 signatures against this application. How can it be approved in light of the overwhelming opposition?

Suffice it to say, because of the various pernicious effects and strong opposition, please definitely reject the MCD application at 2505 Noriega Street. Your help is greatly appreciated.

Sincerely,

Dear Supervisors,

I strongly oppose to the opening of medicinal cannabis dispensary (MCD) at 2505 Noriega Street in San Francisco. If opened, it will be disastrous and intolerable for the residents and merchants in the vicinity!

To begin with, there are youngsters' facilities within 600 feet of the proposed MCD and thus such proposal violates Californian State Law. Even preschools take children out of school regularly for different types of activities and the students will be tremendously affected by the MCD if opened. Regardless, more consideration and protection should be given to children, not to profit-oriented marijuana businessmen. Please spare our children and future generations from drugs!

In addition, the proposed MCD is in a busy area. Thus, traffic problems will aggravate, not to mention the likely tremendous increase in traffic accidents related to marijuana as reflected in other marijuana states such as Washington and Colorado.

Crime rate will likely increase very considerably due to the MCD, and residents will have to live in an unsafe environment. According to California District Attorneys Association, their biggest worries about legalization of marijuana are the infiltration of drug gangs and traffic accidents.

Businesses in the vicinity will be adversely impacted to a large extent. Some of them may have to go out of business. This is really unfair to them.

This proposed marijuana outlet in question, moreover, is almost right across the street from a big church, Lutheran Church of the Holy Spirit, where a lot of youngsters congregate regularly especially because it is a location of Mayor Ed Lee's Youth Program. It is against the law to open an MCD at 2505 Noriega Street.

Finally, Sunset District has special protection due to the "Conditional Use" provision specifying that the wills of nearby residents and merchants must be respected in deciding the application of MCD. Regardless, more consideration and protection should be given to children, not to profit-oriented marijuana businessmen. Please spare our children and future generations from drugs!

In addition, the proposed MCD is in a busy area. Thus, traffic problems will aggravate, not to mention the likely tremendous increase in traffic accidents related to marijuana as reflected in other marijuana states such as Washington and Colorado.

Crime rate will likely increase very considerably due to the MCD, and residents will have to live in an unsafe environment. According to California District Attorneys Association, their biggest worries about legalization of marijuana are the infiltration of drug gangs and traffic accidents.

Businesses in the vicinity will be adversely impacted to a large extent. Some of them may have to go out of business. This is really unfair to them.

This proposed marijuana outlet in question, moreover, is almost right across the street from a big church, Lutheran Church of the Holy Spirit, where a lot of youngsters congregate regularly especially because it is a location of Mayor Ed Lee's Youth Program. It is against the law to open an MCD at 2505 Noriega Street.

Finally, Sunset District has special protection due to the "Conditional Use" provision specifying that the wills of nearby residents and merchants must be respected in deciding the application of MCD. There were 1,000 people at the July 13th public hearing and over 6,000 signatures against this application. How can it be approved in light of the overwhelming opposition?

Suffice it to say, because of the various pernicious effects and strong opposition, please definitely reject the MCD application at 2505 Noriega Street. Your help is greatly appreciated.

Sincerely,

李光榮

Dear Supervisors,

I strongly oppose to the opening of medicinal cannabis dispensary (MCD) at 2505 Noriega Street in San Francisco. If opened, it will be disastrous and intolerable for the residents and merchants in the vicinity!

To begin with, there are youngsters' facilities within 600 feet of the proposed MCD and thus such proposal violates Californian State Law. Even preschools take children out of school regularly for different types of activities and the students will be tremendously affected by the MCD if opened. Regardless, more consideration and protection should be given to children, not to profit-oriented marijuana businessmen. Please spare our children and future generations from drugs!

Dear Supervisors and Mayor Ed Lee,

I object to the opening of the medical marijuana outlet (MCD) at 2505 Noriega St, San Francisco. If opened, it will negatively affect the neighborhood residents and merchants.

Several facilities which serve youth and teens are located within two blocks of the site (2505 Noriega St.), including two churches (youth groups, academic tutoring and summer camps) and one preschool. Lutheran Church of the Holy Spirit (2400 Noriega St.) has hosted the Mayor's Youth Employment and Education Program (Sunset MYEEP, for high schoolers) for the past three years. The Ark of Hope Preschool takes its students out into the neighborhood regularly for recess. In addition, the proposed MCD is located in a busy area, with families and school children and teens daily passing along the corridor during morning and afternoon hours.

I am concerned about current traffic problems, not to mention, the risk of marijuana related traffic accidents. Two blocks around 2505 Noriega St. have congestion during morning and evening commuting hours, between pedestrians (including students and seniors), cars, and buses. The AAA auto club reports an increase in marijuana related traffic fatalities in Washington State after legalization. And currently, there is no standardized test for marijuana impairment while driving, like how blood alcohol content is measured to enforce drunk driving laws. <https://www.aaafoundation.org/impaired-driving-and-cannabis>

The Apothecarium has posted material aimed to convince the Chinese community of the benefits of cannabis; however, this is not well received by the Chinese community. Saying that cannabis has medical uses in ancient China, the Apothecarium neglects the fact that cannabis possession and usage have been illegal in China since 1985.

Neighboring residents and businesses have also expressed opposition to MCDs in the Sunset District, with signatures (3,000 in 2015, and 5,000 in 2017). I request that fact to be considered and respected in the Conditional Use for rejecting the establishment of a MCD at 2505 Noriega St.

At the public hearing on 07/13/17, the owner of the Apothecarium stated a willingness to use this site for selling cannabis for recreational use in January 2018. I see the potential harm to the community in terms of exposure to undesirable odors, loitering, and traffic congestion.

I strongly urge you to consider the appeal of the local neighborhood. Please reject the MCD application at 2505 Noriega St. Your help is greatly appreciated.

Sincerely,

In addition, the proposed MCD is in a busy area. Thus, traffic problems will aggravate, not to mention the likely tremendous increase in traffic accidents related to marijuana as reflected in other marijuana states such as Washington and Colorado.

Crime rate will likely increase very considerably due to the MCD, and residents will have to live in an unsafe environment. According to California District Attorneys Association, their biggest worries about legalization of marijuana are the infiltration of drug gangs and traffic accidents.

Businesses in the vicinity will be adversely impacted to a large extent. Some of them may have to go out of business. This is really unfair to them.

This proposed marijuana outlet in question, moreover, is almost right across the street from a big church, Lutheran Church of the Holy Spirit, where a lot of youngsters congregate regularly especially because it is a location of Mayor Ed Lee's Youth Program. It is against the law to open an MCD at 2505 Noriega Street.

Finally, Sunset District has special protection due to the "Conditional Use" provision specifying that the wills of nearby residents and merchants must be respected in deciding the application of MCD. There were 1,000 people at the July 13th public hearing and over 6,000 signatures against this application. How can it be approved in light of the overwhelming opposition?

Suffice it to say, because of the various pernicious effects and strong opposition, please definitely reject the MCD application at 2505 Noriega Street. Your help is greatly appreciated.

Sincerely,

Dear Supervisors,

I strongly oppose to the opening of medicinal cannabis dispensary (MCD) at 2505 Noriega Street in San Francisco. If opened, it will be disastrous and intolerable for the residents and merchants in the vicinity!

To begin with, there are youngsters' facilities within 600 feet of the proposed MCD and thus such proposal violates Californian State Law. Even preschools take children out of school regularly for different types of activities and the students will be tremendously affected by the MCD if opened. Regardless, more consideration and protection should be given to children, not to profit-oriented marijuana businessmen. Please spare our children and future generations from drugs!

In addition, the proposed MCD is in a busy area. Thus, traffic problems will aggravate, not to mention the likely tremendous increase in traffic accidents related to marijuana as reflected in other marijuana states such as Washington and Colorado.

In addition, the proposed MCD is in a busy area. Thus, traffic problems will aggravate, not to mention the likely tremendous increase in traffic accidents related to marijuana as reflected in other marijuana states such as Washington and Colorado.

Crime rate will likely increase very considerably due to the MCD, and residents will have to live in an unsafe environment. According to California District Attorneys Association, their biggest worries about legalization of marijuana are the infiltration of drug gangs and traffic accidents.

Businesses in the vicinity will be adversely impacted to a large extent. Some of them may have to go out of business. This is really unfair to them.

This proposed marijuana outlet in question, moreover, is almost right across the street from a big church, Lutheran Church of the Holy Spirit, where a lot of youngsters congregate regularly especially because it is a location of Mayor Ed Lee's Youth Program. It is against the law to open an MCD at 2505 Noriega Street.

Finally, Sunset District has special protection due to the "Conditional Use" provision specifying that the wills of nearby residents and merchants must be respected in deciding the application of MCD. There were 1,000 people at the July 13th public hearing and over 6,000 signatures against this application. How can it be approved in light of the overwhelming opposition?

Suffice it to say, because of the various pernicious effects and strong opposition, please definitely reject the MCD application at 2505 Noriega Street. Your help is greatly appreciated.

Sincerely,

Dear Supervisors,

I strongly oppose to the opening of medicinal cannabis dispensary (MCD) at 2505 Noriega Street in San Francisco. If opened, it will be disastrous and intolerable for the residents and merchants in the vicinity!

To begin with, there are youngsters' facilities within 600 feet of the proposed MCD and thus such proposal violates Californian State Law. Even preschools take children out of school regularly for different types of activities and the students will be tremendously affected by the MCD if opened. Regardless, more consideration and protection should be given to children, not to profit-oriented marijuana businessmen. Please spare our children and future generations from drugs!

In addition, the proposed MCD is in a busy area. Thus, traffic problems will aggravate, not to mention the likely tremendous increase in traffic accidents related to marijuana as reflected in other marijuana states such as Washington and Colorado.

Even preschools take children out of school regularly for different types of activities and the students will be tremendously affected by the MCD if opened. Regardless, more consideration and protection should be given to children, not to profit-oriented marijuana businessmen. Please spare our children and future generations from drugs!

In addition, the proposed MCD is in a busy area. Thus, traffic problems will aggravate, not to mention the likely tremendous increase in traffic accidents related to marijuana as reflected in other marijuana states such as Washington and Colorado.

Crime rate will likely increase very considerably due to the MCD, and residents will have to live in an unsafe environment. According to California District Attorneys Association, their biggest worries about legalization of marijuana are the infiltration of drug gangs and traffic accidents.

Businesses in the vicinity will be adversely impacted to a large extent. Some of them may have to go out of business. This is really unfair to them.

This proposed marijuana outlet in question, moreover, is almost right across the street from a big church, Lutheran Church of the Holy Spirit, where a lot of youngsters congregate regularly especially because it is a location of Mayor Ed Lee's Youth Program. It is against the law to open an MCD at 2505 Noriega Street.

Finally, Sunset District has special protection due to the "Conditional Use" provision specifying that the wills of nearby residents and merchants must be respected in deciding the application of MCD. There were 1,000 people at the July 13th public hearing and over 6,000 signatures against this application. How can it be approved in light of the overwhelming opposition?

Suffice it to say, because of the various pernicious effects and strong opposition, please definitely reject the MCD application at 2505 Noriega Street. Your help is greatly appreciated.

Sincerely,

Wei Feng

Dear Supervisors,

I strongly oppose to the opening of medicinal cannabis dispensary (MCD) at 2505 Noriega Street in San Francisco. If opened, it will be disastrous and intolerable for the residents and merchants in the vicinity!

To begin with, there are youngsters' facilities within 600 feet of the proposed MCD and thus such proposal violates Californian State Law. Even preschools take children out of school regularly for different types of activities and the students will be tremendously affected by the MCD if opened. Regardless, more consideration and protection should be given to children, not to profit-oriented marijuana businessmen. Please spare our children and future generations from drugs!

San Francisco, CA 94102

Dear Supervisors,

I strongly oppose to the opening of medicinal cannabis dispensary (MCD) at 2505 Noriega Street in San Francisco. If opened, it will be disastrous and intolerable for the residents and merchants in the vicinity!

To begin with, there are youngsters' facilities within 600 feet of the proposed MCD and thus such proposal violates Californian State Law. Even preschools take children out of school regularly for different types of activities and the students will be tremendously affected by the MCD if opened. Regardless, more consideration and protection should be given to children, not to profit-oriented marijuana businessmen. Please spare our children and future generations from drugs!

In addition, the proposed MCD is in a busy area. Thus, traffic problems will aggravate, not to mention the likely tremendous increase in traffic accidents related to marijuana as reflected in other marijuana states such as Washington and Colorado.

Crime rate will likely increase very considerably due to the MCD, and residents will have to live in an unsafe environment. According to California District Attorneys Association, their biggest worries about legalization of marijuana are the infiltration of drug gangs and traffic accidents.

Businesses in the vicinity will be adversely impacted to a large extent. Some of them may have to go out of business. This is really unfair to them.

This proposed marijuana outlet in question, moreover, is almost right across the street from a big church, Lutheran Church of the Holy Spirit, where a lot of youngsters congregate regularly especially because it is a location of Mayor Ed Lee's Youth Program. It is against the law to open an MCD at 2505 Noriega Street.

Finally, Sunset District has special protection due to the "Conditional Use" provision specifying that the wills of nearby residents and merchants must be respected in deciding the application of MCD. There were 1,000 people at the July 13th public hearing and over 6,000 signatures against this application. How can it be approved in light of the overwhelming opposition?

Suffice it to say, because of the various pernicious effects and strong opposition, please definitely reject the MCD application at 2505 Noriega Street. Your help is greatly appreciated.

Sincerely,

Signature

This proposed marijuana outlet in question, moreover, is almost right across the street from a big church, Lutheran Church of the Holy Spirit, where a lot of youngsters congregate regularly especially because it is a location of Mayor Ed Lee's Youth Program. It is against the law to open an MCD at 2505 Noriega Street.

Finally, Sunset District has special protection due to the "Conditional Use" provision specifying that the wills of nearby residents and merchants must be respected in deciding the application of MCD. There were 1,000 people at the July 13th public hearing and over 6,000 signatures against this application. How can it be approved in light of the overwhelming opposition?

Suffice it to say, because of the various pernicious effects and strong opposition, please definitely reject the MCD application at 2505 Noriega Street. Your help is greatly appreciated.

Sincerely,

San Francisco, CA 94102

Dear Supervisors,

I strongly oppose to the opening of medicinal cannabis dispensary (MCD) at 2505 Noriega Street in San Francisco. If opened, it will be disastrous and intolerable for the residents and merchants in the vicinity!

To begin with, there are youngsters' facilities within 600 feet of the proposed MCD and thus such proposal violates Californian State Law. Even preschools take children out of school regularly for different types of activities and the students will be tremendously affected by the MCD if opened. Regardless, more consideration and protection should be given to children, not to profit-oriented marijuana businessmen. Please spare our children and future generations from drugs!

In addition, the proposed MCD is in a busy area. Thus, traffic problems will aggravate, not to mention the likely tremendous increase in traffic accidents related to marijuana as reflected in other marijuana states such as Washington and Colorado.

Crime rate will likely increase very considerably due to the MCD, and residents will have to live in an unsafe environment. According to California District Attorneys Association, their biggest worries about legalization of marijuana are the infiltration of drug gangs and traffic accidents.

Businesses in the vicinity will be adversely impacted to a large extent. Some of them may have to go out of business. This is really unfair to them.

August 3, 2017

Dear Supervisors and Mayor Ed Lee,

I strongly oppose to the opening of medicinal cannabis dispensary (MCD) at 2505 Noriega Street in San Francisco. If opened, it will be disastrous and intolerable for the residents and merchants in the vicinity! To begin with, there are youngsters' facilities within 600 feet of the proposed MCD and thus such proposal violates Californian State Law. Even preschools take children out of school regularly for different types of activities and the students will be tremendously affected by the MCD if opened. Regardless, more consideration and protection should be given to children, not to profit-oriented marijuana businessmen. Please spare our children and future generations from drugs!

In addition, the proposed MCD is in a busy area. Thus, traffic problems will aggravate, not to mention the likely tremendous increase in traffic accidents related to marijuana as reflected in other marijuana states such as Washington and Colorado.

Crime rate will likely increase very considerably due to the MCD, and residents will have to live in an unsafe environment. According to California District Attorneys Association, their biggest worries about legalization of marijuana are the infiltration of drug gangs and traffic accidents.

Businesses in the vicinity will be adversely impacted to a large extent. Some of them may have to go out of business. This is really unfair to them.

This proposed marijuana outlet in question, moreover, is almost right across the street from a big church, Lutheran Church of the Holy Spirit, where a lot of youngsters congregate regularly especially because it is a location of Mayor Ed Lee's Youth Program. It is against the law to open an MCD at 2505 Noriega Street.

Finally, Sunset District has special protection due to the "Conditional Use" provision specifying that the wills of nearby residents and merchants must be respected in deciding the application of MCD. There were 1,000 people at the July 13th public hearing and over 6,000 signatures against this application. How can it be approved in light of the overwhelming opposition?

Suffice it to say, because of the various pernicious effects and strong opposition, please definitely reject the MCD application at 2505 Noriega Street. Your help is greatly appreciated.

Sincerely,

Dear Supervisors,

I strongly oppose to the opening of medicinal cannabis dispensary (MCD) at 2505 Noriega Street in San Francisco. If opened, it will be disastrous and intolerable for the residents and merchants in the vicinity!

To begin with, there are youngsters' facilities within 600 feet of the proposed MCD and thus such proposal violates Californian State Law. Even preschools take children out of school regularly for different types of activities and the students will be tremendously affected by the MCD if opened. Regardless, more consideration and protection should be given to children, not to profit-oriented marijuana businessmen. Please spare our children and future generations from drugs!

In addition, the proposed MCD is in a busy area. Thus, traffic problems will aggravate, not to mention the likely tremendous increase in traffic accidents related to marijuana as reflected in other marijuana states such as Washington and Colorado.

Crime rate will likely increase very considerably due to the MCD, and residents will have to live in an unsafe environment. According to California District Attorneys Association, their biggest worries about legalization of marijuana are the infiltration of drug gangs and traffic accidents.

Businesses in the vicinity will be adversely impacted to a large extent. Some of them may have to go out of business. This is really unfair to them.

This proposed marijuana outlet in question, moreover, is almost right across the street from a big church, Lutheran Church of the Holy Spirit, where a lot of youngsters congregate regularly especially because it is a location of Mayor Ed Lee's Youth Program. It is against the law to open an MCD at 2505 Noriega Street.

Finally, Sunset District has special protection due to the "Conditional Use" provision specifying that the wills of nearby residents and merchants must be respected in deciding the application of MCD. There were 1,000 people at the July 13th public hearing and over 6,000 signatures against this application. How can it be approved in light of the overwhelming opposition?

Suffice it to say, because of the various pernicious effects and strong opposition, please definitely reject the MCD application at 2505 Noriega Street. Your help is greatly appreciated.

Sincerely,

Signature

Dear Supervisors and Mayor Ed Lee,

I object to the opening of the medical marijuana outlet (MCD) at 2505 Noriega St, San Francisco. If opened, it will negatively affect the neighborhood residents and merchants.

Several facilities which serve youth and teens are located within two blocks of the site (2505 Noriega St.), including two churches (youth groups, academic tutoring and summer camps) and one preschool. Lutheran Church of the Holy Spirit (2400 Noriega St.) has hosted the Mayor's Youth Employment and Education Program (Sunset MYEEP, for high schoolers) for the past three years. The Ark of Hope Preschool takes its students out into the neighborhood regularly for recess. In addition, the proposed MCD is located in a busy area, with families and school children and teens daily passing along the corridor during morning and afternoon hours.

I am concerned about current traffic problems, not to mention, the risk of marijuana related traffic accidents. Two blocks around 2505 Noriega St. have congestion during morning and evening commuting hours, between pedestrians (including students and seniors), cars, and buses. The AAA auto club reports an increase in marijuana related traffic fatalities in Washington State after legalization. And currently, there is no standardized test for marijuana impairment while driving, like how blood alcohol content is measured to enforce drunk driving laws. <https://www.aaafoundation.org/impaired-driving-and-cannabis>

The Apothecarium has posted material aimed to convince the Chinese community of the benefits of cannabis; however, this is not well received by the Chinese community. Saying that cannabis has medical uses in ancient China, the Apothecarium neglects the fact that cannabis possession and usage have been illegal in China since 1985.

Neighboring residents and businesses have also expressed opposition to MCDs in the Sunset District, with signatures (3,000 in 2015, and 5,000 in 2017). I request that fact to be considered and respected in the Conditional Use for rejecting the establishment of a MCD at 2505 Noriega St.

At the public hearing on 07/13/17, the owner of the Apothecarium stated a willingness to use this site for selling cannabis for recreational use in January 2018. I see the potential harm to the community in terms of exposure to undesirable odors, loitering, and traffic congestion.

I strongly urge you to consider the appeal of the local neighborhood. Please reject the MCD application at 2505 Noriega St. Your help is greatly appreciated.

Sincerely,

San Francisco, CA 94102

Dear Supervisors,

I strongly oppose to the opening of medicinal cannabis dispensary (MCD) at 2505 Noriega Street in San Francisco. If opened, it will be disastrous and intolerable for the residents and merchants in the vicinity!

To begin with, there are youngsters' facilities within 600 feet of the proposed MCD and thus such proposal violates Californian State Law. Even preschools take children out of school regularly for different types of activities and the students will be tremendously affected by the MCD if opened. Regardless, more consideration and protection should be given to children, not to profit-oriented marijuana businessmen. Please spare our children and future generations from drugs!

In addition, the proposed MCD is in a busy area. Thus, traffic problems will aggravate, not to mention the likely tremendous increase in traffic accidents related to marijuana as reflected in other marijuana states such as Washington and Colorado.

Crime rate will likely increase very considerably due to the MCD, and residents will have to live in an unsafe environment. According to California District Attorneys Association, their biggest worries about legalization of marijuana are the infiltration of drug gangs and traffic accidents.

Businesses in the vicinity will be adversely impacted to a large extent. Some of them may have to go out of business. This is really unfair to them.

This proposed marijuana outlet in question, moreover, is almost right across the street from a big church, Lutheran Church of the Holy Spirit, where a lot of youngsters congregate regularly especially because it is a location of Mayor Ed Lee's Youth Program. It is against the law to open an MCD at 2505 Noriega Street.

Finally, Sunset District has special protection due to the "Conditional Use" provision specifying that the wills of nearby residents and merchants must be respected in deciding the application of MCD. There were 1,000 people at the July 13th public hearing and over 6,000 signatures against this application. How can it be approved in light of the overwhelming opposition?

Suffice it to say, because of the various pernicious effects and strong opposition, please definitely reject the MCD application at 2505 Noriega Street. Your help is greatly appreciated.

Sincerely,

Finally, Sunset District has special protection due to the "Conditional Use" provision specifying that the wills of nearby residents and merchants must be respected in deciding the application of MCD. There were 1,000 people at the July 13th public hearing and over 6,000 signatures against this application. How can it be approved in light of the overwhelming opposition?

Suffice it to say, because of the various pernicious effects and strong opposition, please definitely reject the MCD application at 2505 Noriega Street. Your help is greatly appreciated.

Sincerely,

Dear Supervisors,

I strongly oppose to the opening of medicinal cannabis dispensary (MCD) at 2505 Noriega Street in San Francisco. If opened, it will be disastrous and intolerable for the residents and merchants in the vicinity!

To begin with, there are youngsters' facilities within 600 feet of the proposed MCD and thus such proposal violates Californian State Law. Even preschools take children out of school regularly for different types of activities and the students will be tremendously affected by the MCD if opened. Regardless, more consideration and protection should be given to children, not to profit-oriented marijuana businessmen. Please spare our children and future generations from drugs!

In addition, the proposed MCD is in a busy area. Thus, traffic problems will aggravate, not to mention the likely tremendous increase in traffic accidents related to marijuana as reflected in other marijuana states such as Washington and Colorado.

Crime rate will likely increase very considerably due to the MCD, and residents will have to live in an unsafe environment. According to California District Attorneys Association, their biggest worries about legalization of marijuana are the infiltration of drug gangs and traffic accidents.

Businesses in the vicinity will be adversely impacted to a large extent. Some of them may have to go out of business. This is really unfair to them.

This proposed marijuana outlet in question, moreover, is almost right across the street from a big church, Lutheran Church of the Holy Spirit, where a lot of youngsters congregate regularly especially because it is a location of Mayor Ed Lee's Youth Program. It is against the law to open an MCD at 2505 Noriega Street.

Finally, Sunset District has special protection due to the "Conditional Use" provision specifying that the wills of nearby residents and merchants must be respected in deciding the application of MCD. There were 1,000 people at the July 13th public hearing and over 6,000 signatures against this application. How can it be approved in light of the overwhelming opposition?

August 5, 2017

Dear Supervisors and Mayor Ed Lee,

I object to the opening of the medical marijuana outlet (MCD) at 2505 Noriega St, San Francisco. If opened, it will negatively affect the neighborhood residents and merchants.

Several facilities which serve youth and teens are located within two blocks of the site (2505 Noriega St.), including two churches (youth groups, academic tutoring and summer camps) and one preschool. Lutheran Church of the Holy Spirit (2400 Noriega St.) has hosted the Mayor's Youth Employment and Education Program (Sunset MYEEP, for high schoolers) for the past three years. The Ark of Hope Preschool takes its students out into the neighborhood regularly for recess. In addition, the proposed MCD is located in a busy area, with families and school children and teens daily passing along the corridor during morning and afternoon hours.

I am concerned about current traffic problems, not to mention, the risk of marijuana related traffic accidents. Two blocks around 2505 Noriega St. have congestion during morning and evening commuting hours, between pedestrians (including students and seniors), cars, and buses. The AAA auto club reports an increase in marijuana related traffic fatalities in Washington State after legalization. And currently, there is no standardized test for marijuana impairment while driving, like how blood alcohol content is measured to enforce drunk driving laws. <https://www.aaafoundation.org/impaired-driving-and-cannabis>

The Apothecarium has posted material aimed to convince the Chinese community of the benefits of cannabis; however, this is not well received by the Chinese community. Saying that cannabis has medical uses in ancient China, the Apothecarium neglects the fact that cannabis possession and usage have been illegal in China since 1985.

Neighboring residents and businesses have also expressed opposition to MCDs in the Sunset District, with signatures (3,000 in 2015, and 5,000 in 2017). I request that fact to be considered and respected in the Conditional Use for rejecting the establishment of a MCD at 2505 Noriega St.

At the public hearing on 07/13/17, the owner of the Apothecarium stated a willingness to use this site for selling cannabis for recreational use in January 2018. I see the potential harm to the community in terms of exposure to undesirable odors, loitering, and traffic congestion.

I strongly urge you to consider the appeal of the local neighborhood. Please reject the MCD application at 2505 Noriega St. Your help is greatly appreciated.

Sincerely,

Dear Supervisors and Mayor Ed Lee,

I strongly oppose to the opening of medicinal cannabis dispensary (MCD) at 2505 Noriega Street in San Francisco. If opened, it will be disastrous and intolerable for the residents and merchants in the vicinity!

To begin with, there are youngsters' facilities within 600 feet of the proposed MCD and thus such proposal violates Californian State Law. Even preschools take children out of school regularly for different types of activities and the students will be tremendously affected by the MCD if opened. Regardless, more consideration and protection should be given to children, not to profit-oriented marijuana businessmen. Please spare our children and future generations from drugs!

In addition, the proposed MCD is in a busy area. Thus, traffic problems will aggravate, not to mention the likely tremendous increase in traffic accidents related to marijuana as reflected in other marijuana states such as Washington and Colorado.

Crime rate will likely increase very considerably due to the MCD, and residents will have to live in an unsafe environment. According to California District Attorneys Association, their biggest worries about legalization of marijuana are the infiltration of drug gangs and traffic accidents.

Businesses in the vicinity will be adversely impacted to a large extent. Some of them may have to go out of business. This is really unfair to them.

This proposed marijuana outlet in question, moreover, is almost right across the street from a big church, Lutheran Church of the Holy Spirit, where a lot of youngsters congregate regularly especially because it is a location of Mayor Ed Lee's Youth Program. It is against the law to open an MCD at 2505 Noriega Street.

Finally, Sunset District has special protection due to the "Conditional Use" provision specifying that the wills of nearby residents and merchants must be respected in deciding the application of MCD. There were 1,000 people at the July 13th public hearing and over 6,000 signatures against this application. How can it be approved in light of the overwhelming opposition?

Suffice it to say, because of the various pernicious effects and strong opposition, please definitely reject the MCD application at 2505 Noriega Street. Your help is greatly appreciated.

Sincerely,

Dear Supervisors and Mayor Ed Lee,

I object to the opening of the medical marijuana outlet (MCD) at 2505 Noriega St, San Francisco. If opened, it will negatively affect the neighborhood residents and merchants.

Several facilities which serve youth and teens are located within two blocks of the site (2505 Noriega St.), including two churches (youth groups, academic tutoring and summer camps) and one preschool. Lutheran Church of the Holy Spirit (2400 Noriega St.) has hosted the Mayor's Youth Employment and Education Program (Sunset MYEEP, for high schoolers) for the past three years. The Ark of Hope Preschool takes its students out into the neighborhood regularly for recess. In addition, the proposed MCD is located in a busy area, with families and school children and teens daily passing along the corridor during morning and afternoon hours.

I am concerned about current traffic problems, not to mention, the risk of marijuana related traffic accidents. Two blocks around 2505 Noriega St. have congestion during morning and evening commuting hours, between pedestrians (including students and seniors), cars, and buses. The AAA auto club reports an increase in marijuana related traffic fatalities in Washington State after legalization. And currently, there is no standardized test for marijuana impairment while driving, like how blood alcohol content is measured to enforce drunk driving laws. <https://www.aaafoundation.org/impaired-driving-and-cannabis>

The Apothecarium has posted material aimed to convince the Chinese community of the benefits of cannabis; however, this is not well received by the Chinese community. Neighboring residents and businesses have also expressed opposition to MCDs in the Sunset District, with signatures (3,000 in 2015, and 5,000 in 2017). I request that fact to be considered and respected in the Conditional Use for rejecting the establishment of a MCD at 2505 Noriega St.

At the public hearing on 07/13/17, the owner of the Apothecarium stated a willingness to use this site for selling cannabis for recreational use in January 2018. I see the potential harm to the community in terms of exposure to undesirable odors, loitering, and traffic congestion.

I strongly urge you to consider the appeal of the local neighborhood. Please reject the MCD application at 2505 Noriega St. Your help is greatly appreciated.

Sincerely,

Dear Supervisors and Mayor Ed Lee,

I object to the opening of the medical marijuana outlet (MCD) at 2505 Noriega St, San Francisco. If opened, it will negatively affect the neighborhood residents and merchants.

Several facilities which serve youth and teens are located within two blocks of the site (2505 Noriega St.), including two churches (youth groups, academic tutoring and summer camps) and one preschool. Lutheran Church of the Holy Spirit (2400 Noriega St.) has hosted the Mayor's Youth Employment and Education Program (Sunset MYEEP, for high schoolers) for the past three years. The Ark of Hope Preschool takes its students out into the neighborhood regularly for recess. In addition, the proposed MCD is located in a busy area, with families and school children and teens daily passing along the corridor during morning and afternoon hours.

I am concerned about current traffic problems, not to mention, the risk of marijuana related traffic accidents. Two blocks around 2505 Noriega St. have congestion during morning and evening commuting hours, between pedestrians (including students and seniors), cars, and buses. The AAA auto club reports an increase in marijuana related traffic fatalities in Washington State after legalization. And currently, there is no standardized test for marijuana impairment while driving, like how blood alcohol content is measured to enforce drunk driving laws. <https://www.aaafoundation.org/impaired-driving-and-cannabis>

The Apothecarium has posted material aimed to convince the Chinese community of the benefits of cannabis; however, this is not well received by the Chinese community. Saying that cannabis has medical uses in ancient China, the Apothecarium neglects the fact that cannabis possession and usage have been illegal in China since 1985.

Neighboring residents and businesses have also expressed opposition to MCDs in the Sunset District, with signatures (3,000 in 2015, and 5,000 in 2017). I request that fact to be considered and respected in the Conditional Use for rejecting the establishment of a MCD at 2505 Noriega St.

Dear Supervisors and Mayor Ed Lee,

I strongly oppose to the opening of medicinal cannabis dispensary (MCD) at 2505 Noriega Street in San Francisco. If opened, it will be disastrous and intolerable for the residents and merchants in the vicinity! To begin with, there are youngsters' facilities within 600 feet of the proposed MCD and thus such proposal violates Californian State Law. Even preschools take children out of school regularly for different types of activities and the students will be tremendously affected by the MCD if opened. Regardless, more consideration and protection should be given to children, not to profit-oriented marijuana businessmen. Please spare our children and future generations from drugs!

In addition, the proposed MCD is in a busy area. Thus, traffic problems will aggravate, not to mention the likely tremendous increase in traffic accidents related to marijuana as reflected in other marijuana states such as Washington and Colorado.

Crime rate will likely increase very considerably due to the MCD, and residents will have to live in an unsafe environment. According to California District Attorneys Association, their biggest worries about legalization of marijuana are the infiltration of drug gangs and traffic accidents.

Businesses in the vicinity will be adversely impacted to a large extent. Some of them may have to go out of business. This is really unfair to them.

This proposed marijuana outlet in question, moreover, is almost right across the street from a big church, Lutheran Church of the Holy Spirit, where a lot of youngsters congregate regularly especially because it is a location of Mayor Ed Lee's Youth Program. It is against the law to open an MCD at 2505 Noriega Street.

Finally, Sunset District has special protection due to the "Conditional Use" provision specifying that the wills of nearby residents and merchants must be respected in deciding the application of MCD. There were 1,000 people at the July 13th public hearing and over 6,000 signatures against this application. How can it be approved in light of the overwhelming opposition?

Suffice it to say, because of the various pernicious effects and strong opposition, please definitely reject the MCD application at 2505 Noriega Street. Your help is greatly appreciated.

Sincerely,

Businesses in the vicinity will be adversely impacted to a large extent. Some of them may have to go out of business. This is really unfair to them.

This proposed marijuana outlet in question, moreover, is almost right across the street from a big church, Lutheran Church of the Holy Spirit, where a lot of youngsters congregate regularly especially because it is a location of Mayor Ed Lee's Youth Program. It is against the law to open an MCD at 2505 Noriega Street.

Finally, Sunset District has special protection due to the "Conditional Use" provision specifying that the wills of nearby residents and merchants must be respected in deciding the application of MCD. There were 1,000 people at the July 13th public hearing and over 6,000 signatures against this application. How can it be approved in light of the overwhelming opposition?

Suffice it to say, because of the various pernicious effects and strong opposition, please definitely reject the MCD application at 2505 Noriega Street. Your help is greatly appreciated.

Sincerely,

Dear Supervisors and Mayor Ed Lee,

I object to the opening of the medical marijuana outlet (MCD) at 2505 Noriega St, San Francisco. If opened, it will negatively affect the neighborhood residents and merchants.

Several facilities which serve youth and teens are located within two blocks of the site (2505 Noriega St.), including two churches (youth groups, academic tutoring and summer camps) and one preschool. Lutheran Church of the Holy Spirit (2400 Noriega St.) has hosted the Mayor's Youth Employment and Education Program (Sunset MYEEP, for high schoolers) for the past three years. The Ark of Hope Preschool takes its students out into the neighborhood regularly for recess. In addition, the proposed MCD is located in a busy area, with families and school children and teens daily passing along the corridor during morning and afternoon hours.

I am concerned about current traffic problems, not to mention, the risk of marijuana related traffic accidents. Two blocks around 2505 Noriega St. have congestion during morning and evening commuting hours, between pedestrians (including students and seniors), cars, and buses. The AAA auto club reports an increase in marijuana related traffic fatalities in Washington State after legalization. And currently, there is no standardized test for marijuana impairment while driving, like how blood alcohol content is measured to enforce drunk driving laws. <https://www.aaafoundation.org/impaired-driving-and-cannabis>

The Apothecarium has posted material aimed to convince the Chinese community of the benefits of cannabis; however, this is not well received by the Chinese community. Saying that cannabis has medical uses in ancient China, the Apothecarium neglects the fact that cannabis possession and usage have been illegal in China since 1985.

Neighboring residents and businesses have also expressed opposition to MCDs in the Sunset District, with signatures (3,000 in 2015, and 5,000 in 2017). I request that fact to be considered and respected in the Conditional Use for rejecting the establishment of a MCD at 2505 Noriega St.

At the public hearing on 07/13/17, the owner of the Apothecarium stated a willingness to use this site for selling cannabis for recreational use in January 2018. I see the potential harm to the community in terms of exposure to undesirable odors, loitering, and traffic congestion.

I strongly urge you to consider the appeal of the local neighborhood. Please reject the MCD application at 2505 Noriega St. Your help is greatly appreciated.

Sincerely,

Dear Supervisors,

I strongly oppose to the opening of medicinal cannabis dispensary (MCD) at 2505 Noriega Street in San Francisco. If opened, it will be disastrous and intolerable for the residents and merchants in the vicinity!

To begin with, there are youngsters' facilities within 600 feet of the proposed MCD and thus such proposal violates Californian State Law. Even preschools take children out of school regularly for different types of activities and the students will be tremendously affected by the MCD if opened. Regardless, more consideration and protection should be given to children, not to profit-oriented marijuana businessmen. Please spare our children and future generations from drugs!

In addition, the proposed MCD is in a busy area. Thus, traffic problems will aggravate, not to mention the likely tremendous increase in traffic accidents related to marijuana as reflected in other marijuana states such as Washington and Colorado.

Crime rate will likely increase very considerably due to the MCD, and residents will have to live in an unsafe environment. According to California District Attorneys Association, their biggest worries about legalization of marijuana are the infiltration of drug gangs and traffic accidents.

Businesses in the vicinity will be adversely impacted to a large extent. Some of them may have to go out of business. This is really unfair to them.

This proposed marijuana outlet in question, moreover, is almost right across the street from a big church, Lutheran Church of the Holy Spirit, where a lot of youngsters congregate regularly especially because it is a location of Mayor Ed Lee's Youth Program. It is against the law to open an MCD at 2505 Noriega Street.

Finally, Sunset District has special protection due to the "Conditional Use" provision specifying that the wills of nearby residents and merchants must be respected in deciding the application of MCD. There were 1,000 people at the July 13th public hearing and over 6,000 signatures against this application. How can it be approved in light of the overwhelming opposition?

Suffice it to say, because of the various pernicious effects and strong opposition, please definitely reject the MCD application at 2505 Noriega Street. Your help is greatly appreciated.

Sincerely,

Dear Supervisors and Mayor Ed Lee,

I object to the opening of the medical marijuana outlet (MCD) at 2505 Noriega St, San Francisco. If opened, it will negatively affect the neighborhood residents and merchants.

Several facilities which serve youth and teens are located within two blocks of the site (2505 Noriega St.), including two churches (youth groups, academic tutoring and summer camps) and one preschool. Lutheran Church of the Holy Spirit (2400 Noriega St.) has hosted the Mayor's Youth Employment and Education Program (Sunset MYEEP, for high schoolers) for the past three years. The Ark of Hope Preschool takes its students out into the neighborhood regularly for recess. In addition, the proposed MCD is located in a busy area, with families and school children and teens daily passing along the corridor during morning and afternoon hours.

I am concerned about current traffic problems, not to mention, the risk of marijuana related traffic accidents. Two blocks around 2505 Noriega St. have congestion during morning and evening commuting hours, between pedestrians (including students and seniors), cars, and buses. The AAA auto club reports an increase in marijuana related traffic fatalities in Washington State after legalization. And currently, there is no standardized test for marijuana impairment while driving, like how blood alcohol content is measured to enforce drunk driving laws. <https://www.aaafoundation.org/impaired-driving-and-cannabis>

The Apothecarium has posted material aimed to convince the Chinese community of the benefits of cannabis; however, this is not well received by the Chinese community. Saying that cannabis has medical uses in ancient China, the Apothecarium neglects the fact that cannabis possession and usage have been illegal in China since 1985.

Neighboring residents and businesses have also expressed opposition to MCDs in the Sunset District, with signatures (3,000 in 2015, and 5,000 in 2017). I request that fact to be considered and respected in the Conditional Use for rejecting the establishment of a MCD at 2505 Noriega St.

At the public hearing on 07/13/17, the owner of the Apothecarium stated a willingness to use this site for selling cannabis for recreational use in January 2018. I see the potential harm to the community in terms of exposure to undesirable odors, loitering, and traffic congestion.

I strongly urge you to consider the appeal of the local neighborhood. Please reject the MCD application at 2505 Noriega St. Your help is greatly appreciated.

Sincerely,

Dear Supervisors,

I strongly oppose to the opening of medicinal cannabis dispensary (MCD) at 2505 Noriega Street in San Francisco. If opened, it will be disastrous and intolerable for the residents and merchants in the vicinity!

To begin with, there are youngsters' facilities within 600 feet of the proposed MCD and thus such proposal violates Californian State Law. Even preschools take children out of school regularly for different types of activities and the students will be tremendously affected by the MCD if opened. Regardless, more consideration and protection should be given to children, not to profit-oriented marijuana businessmen. Please spare our children and future generations from drugs!

In addition, the proposed MCD is in a busy area. Thus, traffic problems will aggravate, not to mention the likely tremendous increase in traffic accidents related to marijuana as reflected in other marijuana states such as Washington and Colorado.

Crime rate will likely increase very considerably due to the MCD, and residents will have to live in an unsafe environment. According to California District Attorneys Association, their biggest worries about legalization of marijuana are the infiltration of drug gangs and traffic accidents.

Businesses in the vicinity will be adversely impacted to a large extent. Some of them may have to go out of business. This is really unfair to them.

This proposed marijuana outlet in question, moreover, is almost right across the street from a big church, Lutheran Church of the Holy Spirit, where a lot of youngsters congregate regularly especially because it is a location of Mayor Ed Lee's Youth Program. It is against the law to open an MCD at 2505 Noriega Street.

Finally, Sunset District has special protection due to the "Conditional Use" provision specifying that the wills of nearby residents and merchants must be respected in deciding the application of MCD. There were 1,000 people at the July 13th public hearing and over 6,000 signatures against this application. How can it be approved in light of the overwhelming opposition?

Suffice it to say, because of the various pernicious effects and strong opposition, please definitely reject the MCD application at 2505 Noriega Street. Your help is greatly appreciated.

Sincerely,

Signature

Dear Supervisors and Mayor Ed Lee,

I object to the opening of the medical marijuana outlet (MCD) at 2505 Noriega St, San Francisco. If opened, it will negatively affect the neighborhood residents and merchants.

Several facilities which serve youth and teens are located within two blocks of the site (2505 Noriega St.), including two churches (youth groups, academic tutoring and summer camps) and one preschool. Lutheran Church of the Holy Spirit (2400 Noriega St.) has hosted the Mayor's Youth Employment and Education Program (Sunset MYEEP, for high schoolers) for the past three years. The Ark of Hope Preschool takes its students out into the neighborhood regularly for recess. In addition, the proposed MCD is located in a busy area, with families and school children and teens daily passing along the corridor during morning and afternoon hours.

I am concerned about current traffic problems, not to mention, the risk of marijuana related traffic accidents. Two blocks around 2505 Noriega St. have congestion during morning and evening commuting hours, between pedestrians (including students and seniors), cars, and buses. The AAA auto club reports an increase in marijuana related traffic fatalities in Washington State after legalization. And currently, there is no standardized test for marijuana impairment while driving, like how blood alcohol content is measured to enforce drunk driving laws. <https://www.aaafoundation.org/impaired-driving-and-cannabis>

The Apothecarium has posted material aimed to convince the Chinese community of the benefits of cannabis; however, this is not well received by the Chinese community. Saying that cannabis has medical uses in ancient China, the Apothecarium neglects the fact that cannabis possession and usage have been illegal in China since 1985.

Neighboring residents and businesses have also expressed opposition to MCDs in the Sunset District, with signatures (3,000 in 2015, and 5,000 in 2017). I request that fact to be considered and respected in the Conditional Use for rejecting the establishment of a MCD at 2505 Noriega St.

At the public hearing on 07/13/17, the owner of the Apothecarium stated a willingness to use this site for selling cannabis for recreational use in January 2018. I see the potential harm to the community in terms of exposure to undesirable odors, loitering, and traffic congestion.

I strongly urge you to consider the appeal of the local neighborhood. Please reject the MCD application at 2505 Noriega St. Your help is greatly appreciated.

Sincerely,

Even preschools take children out of school regularly for different types of activities and the students will be tremendously affected by the MCD if opened. Regardless, more consideration and protection should be given to children, not to profit-oriented marijuana businessmen. Please spare our children and future generations from drugs!

In addition, the proposed MCD is in a busy area. Thus, traffic problems will aggravate, not to mention the likely tremendous increase in traffic accidents related to marijuana as reflected in other marijuana states such as Washington and Colorado.

Crime rate will likely increase very considerably due to the MCD, and residents will have to live in an unsafe environment. According to California District Attorneys Association, their biggest worries about legalization of marijuana are the infiltration of drug gangs and traffic accidents.

Businesses in the vicinity will be adversely impacted to a large extent. Some of them may have to go out of business. This is really unfair to them.

This proposed marijuana outlet in question, moreover, is almost right across the street from a big church, Lutheran Church of the Holy Spirit, where a lot of youngsters congregate regularly especially because it is a location of Mayor Ed Lee's Youth Program. It is against the law to open an MCD at 2505 Noriega Street.

Finally, Sunset District has special protection due to the "Conditional Use" provision specifying that the wills of nearby residents and merchants must be respected in deciding the application of MCD. There were 1,000 people at the July 13th public hearing and over 6,000 signatures against this application. How can it be approved in light of the overwhelming opposition?

Suffice it to say, because of the various pernicious effects and strong opposition, please definitely reject the MCD application at 2505 Noriega Street. Your help is greatly appreciated.

Sincerely,

Dear Supervisors,

I strongly oppose to the opening of medicinal cannabis dispensary (MCD) at 2505 Noriega Street in San Francisco. If opened, it will be disastrous and intolerable for the residents and merchants in the vicinity!

To begin with, there are youngsters' facilities within 600 feet of the proposed MCD and thus such proposal violates Californian State Law. Even preschools take children out of school regularly for different types of activities and the students will be tremendously affected by the MCD if opened. Regardless, more consideration and protection should be given to children, not to profit-oriented marijuana businessmen. Please spare our children and future generations from drugs!

Finally, Sunset District has special protection due to the "Conditional Use" provision specifying that the wills of nearby residents and merchants must be respected in deciding the application of MCD. There were 1,000 people at the July 13th public hearing and over 6,000 signatures against this application. How can it be approved in light of the overwhelming opposition?

Suffice it to say, because of the various pernicious effects and strong opposition, please definitely reject the MCD application at 2505 Noriega Street. Your help is greatly appreciated.

Sincerely,

Dear Supervisors,

I strongly oppose to the opening of medicinal cannabis dispensary (MCD) at 2505 Noriega Street in San Francisco. If opened, it will be disastrous and intolerable for the residents and merchants in the vicinity!

To begin with, there are youngsters' facilities within 600 feet of the proposed MCD and thus such proposal violates Californian State Law. Even preschools take children out of school regularly for different types of activities and the students will be tremendously affected by the MCD if opened. Regardless, more consideration and protection should be given to children, not to profit-oriented marijuana businessmen. Please spare our children and future generations from drugs!

In addition, the proposed MCD is in a busy area. Thus, traffic problems will aggravate, not to mention the likely tremendous increase in traffic accidents related to marijuana as reflected in other marijuana states such as Washington and Colorado.

Crime rate will likely increase very considerably due to the MCD, and residents will have to live in an unsafe environment. According to California District Attorneys Association, their biggest worries about legalization of marijuana are the infiltration of drug gangs and traffic accidents.

Businesses in the vicinity will be adversely impacted to a large extent. Some of them may have to go out of business. This is really unfair to them.

This proposed marijuana outlet in question, moreover, is almost right across the street from a big church, Lutheran Church of the Holy Spirit, where a lot of youngsters congregate regularly especially because it is a location of Mayor Ed Lee's Youth Program. It is against the law to open an MCD at 2505 Noriega Street.

Finally, Sunset District has special protection due to the "Conditional Use" provision specifying that the wills of nearby residents and merchants must be respected in deciding the application of MCD. There were 1,000 people at the July 13th public hearing and over 6,000 signatures against this application. How can it be approved in light of the overwhelming opposition?

Dear Supervisors and Mayor Ed Lee,

I object to the opening of the medical marijuana outlet (MCD) at 2505 Noriega St, San Francisco. If opened, it will negatively affect the neighborhood residents and merchants.

Several facilities which serve youth and teens are located within two blocks of the site (2505 Noriega St.), including two churches (youth groups, academic tutoring and summer camps) and one preschool. Lutheran Church of the Holy Spirit (2400 Noriega St.) has hosted the Mayor's Youth Employment and Education Program (Sunset MYEEP, for high schoolers) for the past three years. The Ark of Hope Preschool takes its students out into the neighborhood regularly for recess. In addition, the proposed MCD is located in a busy area, with families and school children and teens daily passing along the corridor during morning and afternoon hours.

I am concerned about current traffic problems, not to mention, the risk of marijuana related traffic accidents. Two blocks around 2505 Noriega St. have congestion during morning and evening commuting hours, between pedestrians (including students and seniors), cars, and buses. The AAA auto club reports an increase in marijuana related traffic fatalities in Washington State after legalization. And currently, there is no standardized test for marijuana impairment while driving, like how blood alcohol content is measured to enforce drunk driving laws. <https://www.aaafoundation.org/impaired-driving-and-cannabis>

The Apothecarium has posted material aimed to convince the Chinese community of the benefits of cannabis; however, this is not well received by the Chinese community. Saying that cannabis has medical uses in ancient China, the Apothecarium neglects the fact that cannabis possession and usage have been illegal in China since 1985.

Neighboring residents and businesses have also expressed opposition to MCDs in the Sunset District, with signatures (3,000 in 2015, and 5,000 in 2017). I request that fact to be considered and respected in the Conditional Use for rejecting the establishment of a MCD at 2505 Noriega St.

At the public hearing on 07/13/17, the owner of the Apothecarium stated a willingness to use this site for selling cannabis for recreational use in January 2018. I see the potential harm to the community in terms of exposure to undesirable odors, loitering, and traffic congestion.

I strongly urge you to consider the appeal of the local neighborhood. Please reject the MCD application at 2505 Noriega St. Your help is greatly appreciated.

Sincerely,

Dear Supervisors,

I strongly oppose to the opening of medicinal cannabis dispensary (MCD) at 2505 Noriega Street in San Francisco. If opened, it will be disastrous and intolerable for the residents and merchants in the vicinity!

To begin with, there are youngsters' facilities within 600 feet of the proposed MCD and thus such proposal violates Californian State Law. Even preschools take children out of school regularly for different types of activities and the students will be tremendously affected by the MCD if opened. Regardless, more consideration and protection should be given to children, not to profit-oriented marijuana businessmen. Please spare our children and future generations from drugs!

In addition, the proposed MCD is in a busy area. Thus, traffic problems will aggravate, not to mention the likely tremendous increase in traffic accidents related to marijuana as reflected in other marijuana states such as Washington and Colorado.

Crime rate will likely increase very considerably due to the MCD, and residents will have to live in an unsafe environment. According to California District Attorneys Association, their biggest worries about legalization of marijuana are the infiltration of drug gangs and traffic accidents.

Businesses in the vicinity will be adversely impacted to a large extent. Some of them may have to go out of business. This is really unfair to them.

This proposed marijuana outlet in question, moreover, is almost right across the street from a big church, Lutheran Church of the Holy Spirit, where a lot of youngsters congregate regularly especially because it is a location of Mayor Ed Lee's Youth Program. It is against the law to open an MCD at 2505 Noriega Street.

Finally, Sunset District has special protection due to the "Conditional Use" provision specifying that the wills of nearby residents and merchants must be respected in deciding the application of MCD. There were 1,000 people at the July 13th public hearing and over 6,000 signatures against this application. How can it be approved in light of the overwhelming opposition?

Suffice it to say, because of the various pernicious effects and strong opposition, please definitely reject the MCD application at 2505 Noriega Street. Your help is greatly appreciated.

Sincerely,

Signature

It is against the law to open an MCD at 2505 Noriega Street.

Finally, Sunset District has special protection due to the "Conditional Use" provision specifying that the wills of nearby residents and merchants must be respected in deciding the application of MCD. There were 1,000 people at the July 13th public hearing and over 6,000 signatures against this application. How can it be approved in light of the overwhelming opposition?

Suffice it to say, because of the various pernicious effects and strong opposition, please definitely reject the MCD application at 2505 Noriega Street. Your help is greatly appreciated.

Sincerely,

man shan lin

Dear Supervisors,

I strongly oppose to the opening of medicinal cannabis dispensary (MCD) at 2505 Noriega Street in San Francisco. If opened, it will be disastrous and intolerable for the residents and merchants in the vicinity!

To begin with, there are youngsters' facilities within 600 feet of the proposed MCD and thus such proposal violates Californian State Law. Even preschools take children out of school regularly for different types of activities and the students will be tremendously affected by the MCD if opened. Regardless, more consideration and protection should be given to children, not to profit-oriented marijuana businessmen. Please spare our children and future generations from drugs!

In addition, the proposed MCD is in a busy area. Thus, traffic problems will aggravate, not to mention the likely tremendous increase in traffic accidents related to marijuana as reflected in other marijuana states such as Washington and Colorado.

Crime rate will likely increase very considerably due to the MCD, and residents will have to live in an unsafe environment. According to California District Attorneys Association, their biggest worries about legalization of marijuana are the infiltration of drug gangs and traffic accidents.

Businesses in the vicinity will be adversely impacted to a large extent. Some of them may have to go out of business. This is really unfair to them.

This proposed marijuana outlet in question, moreover, is almost right across the street from a big church, Lutheran Church of the Holy Spirit, where a lot of youngsters congregate regularly especially because it is a location of Mayor Ed Lee's Youth Program. It is against the law to open an MCD at 2505 Noriega Street.

Finally, Sunset District has special protection due to the "Conditional Use" provision specifying that the wills of nearby residents and merchants must be respected in deciding the application of MCD. Dear Supervisors and Mayor Ed Lee,

I object to the opening of the medical marijuana outlet (MCD) at 2505 Noriega St, San Francisco. If opened, it will negatively affect the neighborhood residents and merchants.

Several facilities which serve youth and teens are located within two blocks of the site (2505 Noriega St.), including two churches (youth groups, academic tutoring and summer camps) and one preschool. Lutheran Church of the Holy Spirit (2400 Noriega St.) has hosted the Mayor's Youth Employment and Education Program (Sunset MYEEP, for high schoolers) for the past three years. The Ark of Hope Preschool takes its students out into the neighborhood regularly for recess. In addition, the proposed MCD is located in a busy area, with families and school children and teens daily passing along the corridor during morning and afternoon hours.

I am concerned about current traffic problems, not to mention, the risk of marijuana related traffic accidents. Two blocks around 2505 Noriega St. have congestion during morning and evening commuting hours, between pedestrians (including students and seniors), cars, and buses. The AAA auto club reports an increase in marijuana related traffic fatalities in Washington State after legalization. And currently, there is no standardized test for marijuana impairment while driving, like how blood alcohol content is measured to enforce drunk driving laws. <https://www.aaafoundation.org/impaired-driving-and-cannabis>

The Apothecarium has posted material aimed to convince the Chinese community of the benefits of cannabis; however, this is not well received by the Chinese community. Saying that cannabis has medical uses in ancient China, the Apothecarium neglects the fact that cannabis possession and usage have been illegal in China since 1985.

Neighboring residents and businesses have also expressed opposition to MCDs in the Sunset District, with signatures (3,000 in 2015, and 5,000 in 2017). I request that fact to be considered and respected in the Conditional Use for rejecting the establishment of a MCD at 2505 Noriega St.

At the public hearing on 07/13/17, the owner of the Apothecarium stated a willingness to use this site for selling cannabis for recreational use in January 2018. I see the potential harm to the community in terms of exposure to undesirable odors, loitering, and traffic congestion.

I strongly urge you to consider the appeal of the local neighborhood. Please reject the MCD application at 2505 Noriega St. Your help is greatly appreciated.

Sincerely,

The Apothecarium has posted material aimed to convince the Chinese community of the benefits of cannabis; however, this is not well received by the Chinese community. Saying that cannabis has medical uses in ancient China, the Apothecarium neglects the fact that cannabis possession and usage have been illegal in China since 1985.

Neighboring residents and businesses have also expressed opposition to MCDs in the Sunset District, with signatures (3,000 in 2015, and 5,000 in 2017). I request that fact to be considered and respected in the Conditional Use for rejecting the establishment of a MCD at 2505 Noriega St.

At the public hearing on 07/13/17, the owner of the Apothecarium stated a willingness to use this site for selling cannabis for recreational use in January 2018. I see the potential harm to the community in terms of exposure to undesirable odors, loitering, and traffic congestion.

I strongly urge you to consider the appeal of the local neighborhood. Please reject the MCD application at 2505 Noriega St. Your help is greatly appreciated.

Sincerely,

Dear Supervisors and Mayor Ed Lee,

I object to the opening of the medical marijuana outlet (MCD) at 2505 Noriega St, San Francisco. If opened, it will negatively affect the neighborhood residents and merchants.

Several facilities which serve youth and teens are located within two blocks of the site (2505 Noriega St.), including two churches (youth groups, academic tutoring and summer camps) and one preschool. Lutheran Church of the Holy Spirit (2400 Noriega St.) has hosted the Mayor's Youth Employment and Education Program (Sunset MYEEP, for high schoolers) for the past three years. The Ark of Hope Preschool takes its students out into the neighborhood regularly for recess. In addition, the proposed MCD is located in a busy area, with families and school children and teens daily passing along the corridor during morning and afternoon hours.

I am concerned about current traffic problems, not to mention, the risk of marijuana related traffic accidents. Two blocks around 2505 Noriega St. have congestion during morning and evening commuting hours, between pedestrians (including students and seniors), cars, and buses. The AAA auto club reports an increase in marijuana related traffic fatalities in Washington State after legalization. And currently, there is no standardized test for marijuana impairment while driving, like how blood alcohol content is measured to enforce drunk driving laws. <https://www.aaafoundation.org/impaired-driving-and-cannabis>

Dear Supervisors and Mayor Ed Lee,

I strongly oppose to the opening of medicinal cannabis dispensary (MCD) at 2505 Noriega Street in San Francisco. If opened, it will be disastrous and intolerable for the residents and merchants in the vicinity! To begin with, there are youngsters' facilities within 600 feet of the proposed MCD and thus such proposal violates Californian State Law. Even preschools take children out of school regularly for different types of activities and the students will be tremendously affected by the MCD if opened. Regardless, more consideration and protection should be given to children, not to profit-oriented marijuana businessmen. Please spare our children and future generations from drugs!

In addition, the proposed MCD is in a busy area. Thus, traffic problems will aggravate, not to mention the likely tremendous increase in traffic accidents related to marijuana as reflected in other marijuana states such as Washington and Colorado.

Crime rate will likely increase very considerably due to the MCD, and residents will have to live in an unsafe environment. According to California District Attorneys Association, their biggest worries about legalization of marijuana are the infiltration of drug gangs and traffic accidents.

Businesses in the vicinity will be adversely impacted to a large extent. Some of them may have to go out of business. This is really unfair to them.

This proposed marijuana outlet in question, moreover, is almost right across the street from a big church, Lutheran Church of the Holy Spirit, where a lot of youngsters congregate regularly especially because it is a location of Mayor Ed Lee's Youth Program. It is against the law to open an MCD at 2505 Noriega Street.

Finally, Sunset District has special protection due to the "Conditional Use" provision specifying that the wills of nearby residents and merchants must be respected in deciding the application of MCD. There were 1,000 people at the July 13th public hearing and over 6,000 signatures against this application. How can it be approved in light of the overwhelming opposition?

Suffice it to say, because of the various pernicious effects and strong opposition, please definitely reject the MCD application at 2505 Noriega Street. Your help is greatly appreciated.

Sincerely,

Dear Supervisors and Mayor Ed Lee,

I object to the opening of the medical marijuana outlet (MCD) at 2505 Noriega St, San Francisco. If opened, it will negatively affect the neighborhood residents and merchants.

Several facilities which serve youth and teens are located within two blocks of the site (2505 Noriega St.), including two churches (youth groups, academic tutoring and summer camps) and one preschool. Lutheran Church of the Holy Spirit (2400 Noriega St.) has hosted the Mayor's Youth Employment and Education Program (Sunset MYEEP, for high schoolers) for the past three years. The Ark of Hope Preschool takes its students out into the neighborhood regularly for recess. In addition, the proposed MCD is located in a busy area, with families and school children and teens daily passing along the corridor during morning and afternoon hours.

I am concerned about current traffic problems, not to mention, the risk of marijuana related traffic accidents. Two blocks around 2505 Noriega St. have congestion during morning and evening commuting hours, between pedestrians (including students and seniors), cars, and buses. The AAA auto club reports an increase in marijuana related traffic fatalities in Washington State after legalization. And currently, there is no standardized test for marijuana impairment while driving, like how blood alcohol content is measured to enforce drunk driving laws. <https://www.aaafoundation.org/impaired-driving-and-cannabis>

The Apothecarium has posted material aimed to convince the Chinese community of the benefits of cannabis; however, this is not well received by the Chinese community. Saying that cannabis has medical uses in ancient China, the Apothecarium neglects the fact that cannabis possession and usage have been illegal in China since 1985.

Neighboring residents and businesses have also expressed opposition to MCDs in the Sunset District, with signatures (3,000 in 2015, and 5,000 in 2017). I request that fact to be considered and respected in the Conditional Use for rejecting the establishment of a MCD at 2505 Noriega St.

At the public hearing on 07/13/17, the owner of the Apothecarium stated a willingness to use this site for selling cannabis for recreational use in January 2018. I see the potential harm to the community in terms of exposure to undesirable odors, loitering, and traffic congestion.

I strongly urge you to consider the appeal of the local neighborhood. Please reject the MCD application at 2505 Noriega St. Your help is greatly appreciated.

Sincerely,

Dear Supervisors and Mayor Ed Lee,

I strongly oppose to the opening of medicinal cannabis dispensary (MCD) at 2505 Noriega Street in San Francisco. If opened, it will be disastrous and intolerable for the residents and merchants in the vicinity! To begin with, there are youngsters' facilities within 600 feet of the proposed MCD and thus such proposal violates Californian State Law. Even preschools take children out of school regularly for different types of activities and the students will be tremendously affected by the MCD if opened. Regardless, more consideration and protection should be given to children, not to profit-oriented marijuana businessmen. Please spare our children and future generations from drugs!

In addition, the proposed MCD is in a busy area. Thus, traffic problems will aggravate, not to mention the likely tremendous increase in traffic accidents related to marijuana as reflected in other marijuana states such as Washington and Colorado.

Crime rate will likely increase very considerably due to the MCD, and residents will have to live in an unsafe environment. According to California District Attorneys Association, their biggest worries about legalization of marijuana are the infiltration of drug gangs and traffic accidents.

Businesses in the vicinity will be adversely impacted to a large extent. Some of them may have to go out of business. This is really unfair to them.

This proposed marijuana outlet in question, moreover, is almost right across the street from a big church, Lutheran Church of the Holy Spirit, where a lot of youngsters congregate regularly especially because it is a location of Mayor Ed Lee's Youth Program. It is against the law to open an MCD at 2505 Noriega Street.

Finally, Sunset District has special protection due to the "Conditional Use" provision specifying that the wills of nearby residents and merchants must be respected in deciding the application of MCD. There were 1,000 people at the July 13th public hearing and over 6,000 signatures against this application. How can it be approved in light of the overwhelming opposition?

Suffice it to say, because of the various pernicious effects and strong opposition, please definitely reject the MCD application at 2505 Noriega Street. Your help is greatly appreciated.

Sincerely,

I object to the opening of the medical marijuana outlet (MCD) at 2505 Noriega St, San Francisco. If opened, it will negatively affect the neighborhood residents and merchants.

Several facilities which serve youth and teens are located within two blocks of the site (2505 Noriega St.), including two churches (youth groups, academic tutoring and summer camps) and one preschool. Lutheran Church of the Holy Spirit (2400 Noriega St.) has hosted the Mayor's Youth Employment and Education Program (Sunset MYEEP, for high schoolers) for the past three years. The Ark of Hope Preschool takes its students out into the neighborhood regularly for recess. In addition, the proposed MCD is located in a busy area, with families and school children and teens daily passing along the corridor during morning and afternoon hours.

I am concerned about current traffic problems, not to mention, the risk of marijuana related traffic accidents. Two blocks around 2505 Noriega St. have congestion during morning and evening commuting hours, between pedestrians (including students and seniors), cars, and buses. The AAA auto club reports an increase in marijuana related traffic fatalities in Washington State after legalization. And currently, there is no standardized test for marijuana impairment while driving, like how blood alcohol content is measured to enforce drunk driving laws. <https://www.aaafoundation.org/impaired-driving-and-cannabis>

The Apothecarium has posted material aimed to convince the Chinese community of the benefits of cannabis; however, this is not well received by the Chinese community. Saying that cannabis has medical uses in ancient China, the Apothecarium neglects the fact that cannabis possession and usage have been illegal in China since 1985.

Neighboring residents and businesses have also expressed opposition to MCDs in the Sunset District, with signatures (3,000 in 2015, and 5,000 in 2017). I request that fact to be considered and respected in the Conditional Use for rejecting the establishment of a MCD at 2505 Noriega St.

At the public hearing on 07/13/17, the owner of the Apothecarium stated a willingness to use this site for selling cannabis for recreational use in January 2018. I see the potential harm to the community in terms of exposure to undesirable odors, loitering, and traffic congestion.

I strongly urge you to consider the appeal of the local neighborhood. Please reject the MCD application at 2505 Noriega St. Your help is greatly appreciated.

Sincerely,

Dear Supervisors,

I strongly oppose to the opening of medicinal cannabis dispensary (MCD) at 2505 Noriega Street in San Francisco. If opened, it will be disastrous and intolerable for the residents and merchants in the vicinity!

To begin with, there are youngsters' facilities within 600 feet of the proposed MCD and thus such proposal violates Californian State Law. Even preschools take children out of school regularly for different types of activities and the students will be tremendously affected by the MCD if opened. Regardless, more consideration and protection should be given to children, not to profit-oriented marijuana businessmen. Please spare our children and future generations from drugs!

In addition, the proposed MCD is in a busy area. Thus, traffic problems will aggravate, not to mention the likely tremendous increase in traffic accidents related to marijuana as reflected in other marijuana states such as Washington and Colorado.

Crime rate will likely increase very considerably due to the MCD, and residents will have to live in an unsafe environment. According to California District Attorneys Association, their biggest worries about legalization of marijuana are the infiltration of drug gangs and traffic accidents.

Businesses in the vicinity will be adversely impacted to a large extent. Some of them may have to go out of business. This is really unfair to them.

This proposed marijuana outlet in question, moreover, is almost right across the street from a big church, Lutheran Church of the Holy Spirit, where a lot of youngsters congregate regularly especially because it is a location of Mayor Ed Lee's Youth Program. It is against the law to open an MCD at 2505 Noriega Street.

Finally, Sunset District has special protection due to the "Conditional Use" provision specifying that the wills of nearby residents and merchants must be respected in deciding the application of MCD. There were 1,000 people at the July 13th public hearing and over 6,000 signatures against this application. How can it be approved in light of the overwhelming opposition?

Suffice it to say, because of the various pernicious effects and strong opposition, please definitely reject the MCD application at 2505 Noriega Street. Your help is greatly appreciated.

Sincerely,

Signature

Saying that cannabis has medical uses in ancient China, the Apothecarium neglects the fact that cannabis possession and usage have been illegal in China since 1985.

Neighboring residents and businesses have also expressed opposition to MCDs in the Sunset District, with signatures (3,000 in 2015, and 5,000 in 2017). I request that fact to be considered and respected in the Conditional Use for rejecting the establishment of a MCD at 2505 Noriega St.

At the public hearing on 07/13/17, the owner of the Apothecarium stated a willingness to use this site for selling cannabis for recreational use in January 2018. I see the potential harm to the community in terms of exposure to undesirable odors, loitering, and traffic congestion.

I strongly urge you to consider the appeal of the local neighborhood. Please reject the MCD application at 2505 Noriega St. Your help is greatly appreciated.

Sincerely,

Dear Supervisors,

I strongly oppose to the opening of medicinal cannabis dispensary (MCD) at 2505 Noriega Street in San Francisco. If opened, it will be disastrous and intolerable for the residents and merchants in the vicinity!

To begin with, there are youngsters' facilities within 600 feet of the proposed MCD and thus such proposal violates Californian State Law. Even preschools take children out of school regularly for different types of activities and the students will be tremendously affected by the MCD if opened. Regardless, more consideration and protection should be given to children, not to profit-oriented marijuana businessmen. Please spare our children and future generations from drugs!

In addition, the proposed MCD is in a busy area. Thus, traffic problems will aggravate, not to mention the likely tremendous increase in traffic accidents related to marijuana as reflected in other marijuana states such as Washington and Colorado.

Crime rate will likely increase very considerably due to the MCD, and residents will have to live in an unsafe environment. According to California District Attorneys Association, their biggest worries about legalization of marijuana are the infiltration of drug gangs and traffic accidents.

Businesses in the vicinity will be adversely impacted to a large extent. Some of them may have to go out of business. This is really unfair to them.

This proposed marijuana outlet in question, moreover, is almost right across the street from a big church, Lutheran Church of the Holy Spirit, where a lot of youngsters congregate regularly especially because it is a location of Mayor Ed Lee's Youth Program. It is against the law to open an MCD at 2505 Noriega Street.

Finally, Sunset District has special protection due to the "Conditional Use" provision specifying that the wills of nearby residents and merchants must be respected in deciding the application of MCD. There were 1,000 people at the July 13th public hearing and over 6,000 signatures against this application. How can it be approved in light of the overwhelming opposition?

Suffice it to say, because of the various pernicious effects and strong opposition, please definitely reject the MCD application at 2505 Noriega Street. Your help is greatly appreciated.

Sincerely,

Zhi Gao Zhua

It is against the law to open an MCD at 2505 Noriega Street.

Finally, Sunset District has special protection due to the "Conditional Use" provision specifying that the wills of nearby residents and merchants must be respected in deciding the application of MCD. There were 1,000 people at the July 13th public hearing and over 6,000 signatures against this application. How can it be approved in light of the overwhelming opposition?

Suffice it to say, because of the various pernicious effects and strong opposition, please definitely reject the MCD application at 2505 Noriega Street. Your help is greatly appreciated.

Sincerely,

Signature

Dear Supervisors,

I strongly oppose to the opening of medicinal cannabis dispensary (MCD) at 2505 Noriega Street in San Francisco. If opened, it will be disastrous and intolerable for the residents and merchants in the vicinity!

To begin with, there are youngsters' facilities within 600 feet of the proposed MCD and thus such proposal violates Californian State Law. Even preschools take children out of school regularly for different types of activities and the students will be tremendously affected by the MCD if opened. Regardless, more consideration and protection should be given to children, not to profit-oriented marijuana businessmen. Please spare our children and future generations from drugs!

In addition, the proposed MCD is in a busy area. Thus, traffic problems will aggravate, not to mention the likely tremendous increase in traffic accidents related to marijuana as reflected in other marijuana states such as Washington and Colorado.

Crime rate will likely increase very considerably due to the MCD, and residents will have to live in an unsafe environment. According to California District Attorneys Association, their biggest worries about legalization of marijuana are the infiltration of drug gangs and traffic accidents.

Businesses in the vicinity will be adversely impacted to a large extent. Some of them may have to go out of business. This is really unfair to them.

This proposed marijuana outlet in question, moreover, is almost right across the street from a big church, Lutheran Church of the Holy Spirit, where a lot of youngsters congregate regularly especially because it is a location of Mayor Ed Lee's Youth Program. It is against the law to open an MCD at 2505 Noriega Street.

Finally, Sunset District has special protection due to the "Conditional Use" provision specifying that the wills of nearby residents and merchants must be respected in deciding the application of MCD. Dear Supervisors and Mayor Ed Lee,

I object to the opening of the medical marijuana outlet (MCD) at 2505 Noriega St, San Francisco. If opened, it will negatively affect the neighborhood residents and merchants.

Several facilities which serve youth and teens are located within two blocks of the site (2505 Noriega St.), including two churches (youth groups, academic tutoring and summer camps) and one preschool. Lutheran Church of the Holy Spirit (2400 Noriega St.) has hosted the Mayor's Youth Employment and Education Program (Sunset MYEEP, for high schoolers) for the past three years. The Ark of Hope Preschool takes its students out into the neighborhood regularly for recess. In addition, the proposed MCD is located in a busy area, with families and school children and teens daily passing along the corridor during morning and afternoon hours.

I am concerned about current traffic problems, not to mention, the risk of marijuana related traffic accidents. Two blocks around 2505 Noriega St. have congestion during morning and evening commuting hours, between pedestrians (including students and seniors), cars, and buses. The AAA auto club reports an increase in marijuana related traffic fatalities in Washington State after legalization. And currently, there is no standardized test for marijuana impairment while driving, like how blood alcohol content is measured to enforce drunk driving laws. <https://www.aaafoundation.org/impaired-driving-and-cannabis>

The Apothecarium has posted material aimed to convince the Chinese community of the benefits of cannabis; however, this is not well received by the Chinese community. Saying that cannabis has medical uses in ancient China, the Apothecarium neglects the fact that cannabis possession and usage have been illegal in China since 1985.

Neighboring residents and businesses have also expressed opposition to MCDs in the Sunset District, with signatures (3,000 in 2015, and 5,000 in 2017). I request that fact to be considered and respected in the Conditional Use for rejecting the establishment of a MCD at 2505 Noriega St.

At the public hearing on 07/13/17, the owner of the Apothecarium stated a willingness to use this site for selling cannabis for recreational use in January 2018. I see the potential harm to the community in terms of exposure to undesirable odors, loitering, and traffic congestion.

I strongly urge you to consider the appeal of the local neighborhood. Please reject the MCD application at 2505 Noriega St. Your help is greatly appreciated.

Sincerely,

Dear Supervisors,

I strongly oppose to the opening of medicinal cannabis dispensary (MCD) at 2505 Noriega Street in San Francisco. If opened, it will be disastrous and intolerable for the residents and merchants in the vicinity!

To begin with, there are youngsters' facilities within 600 feet of the proposed MCD and thus such proposal violates Californian State Law. Even preschools take children out of school regularly for different types of activities and the students will be tremendously affected by the MCD if opened. Regardless, more consideration and protection should be given to children, not to profit-oriented marijuana businessmen. Please spare our children and future generations from drugs!

In addition, the proposed MCD is in a busy area. Thus, traffic problems will aggravate, not to mention the likely tremendous increase in traffic accidents related to marijuana as reflected in other marijuana states such as Washington and Colorado.

Crime rate will likely increase very considerably due to the MCD, and residents will have to live in an unsafe environment. According to California District Attorneys Association, their biggest worries about legalization of marijuana are the infiltration of drug gangs and traffic accidents.

Businesses in the vicinity will be adversely impacted to a large extent. Some of them may have to go out of business. This is really unfair to them.

This proposed marijuana outlet in question, moreover, is almost right across the street from a big church, Lutheran Church of the Holy Spirit, where a lot of youngsters congregate regularly especially because it is a location of Mayor Ed Lee's Youth Program. It is against the law to open an MCD at 2505 Noriega Street.

Finally, Sunset District has special protection due to the "Conditional Use" provision specifying that the wills of nearby residents and merchants must be respected in deciding the application of MCD. There were 1,000 people at the July 13th public hearing and over 6,000 signatures against this application. How can it be approved in light of the overwhelming opposition?

Suffice it to say, because of the various pernicious effects and strong opposition, please definitely reject the MCD application at 2505 Noriega Street. Your help is greatly appreciated.

Sincerely,

Maryann Huey

Crime rate will likely increase very considerably due to the MCD, and residents will have to live in an unsafe environment. According to California District Attorneys Association, their biggest worries about legalization of marijuana are the infiltration of drug gangs and traffic accidents.

Businesses in the vicinity will be adversely impacted to a large extent. Some of them may have to go out of business. This is really unfair to them.

This proposed marijuana outlet in question, moreover, is almost right across the street from a big church, Lutheran Church of the Holy Spirit, where a lot of youngsters congregate regularly especially because it is a location of Mayor Ed Lee's Youth Program. It is against the law to open an MCD at 2505 Noriega Street.

Finally, Sunset District has special protection due to the "Conditional Use" provision specifying that the wills of nearby residents and merchants must be respected in deciding the application of MCD. There were 1,000 people at the July 13th public hearing and over 6,000 signatures against this application. How can it be approved in light of the overwhelming opposition?

Suffice it to say, because of the various pernicious effects and strong opposition, please definitely reject the MCD application at 2505 Noriega Street. Your help is greatly appreciated.

Sincerely,

Dear Supervisors,

I strongly oppose to the opening of medicinal cannabis dispensary (MCD) at 2505 Noriega Street in San Francisco. If opened, it will be disastrous and intolerable for the residents and merchants in the vicinity!

To begin with, there are youngsters' facilities within 600 feet of the proposed MCD and thus such proposal violates Californian State Law. Even preschools take children out of school regularly for different types of activities and the students will be tremendously affected by the MCD if opened. Regardless, more consideration and protection should be given to children, not to profit-oriented marijuana businessmen. Please spare our children and future generations from drugs!

In addition, the proposed MCD is in a busy area. Thus, traffic problems will aggravate, not to mention the likely tremendous increase in traffic accidents related to marijuana as reflected in other marijuana states such as Washington and Colorado.

Crime rate will likely increase very considerably due to the MCD, and residents will have to live in an unsafe environment. According to California District Attorneys Association, their biggest worries about legalization of marijuana are the infiltration of drug gangs and traffic accidents.

Businesses in the vicinity will be adversely impacted to a large extent. Some of them may have to go out of business. This is really unfair to them.

This proposed marijuana outlet in question, moreover, is almost right across the street from a big church, Lutheran Church of the Holy Spirit, where a lot of youngsters congregate regularly especially because it is a location of Mayor Ed Lee's Youth Program. It is against the law to open an MCD at 2505 Noriega Street.

Finally, Sunset District has special protection due to the "Conditional Use" provision specifying that the wills of nearby residents and merchants must be respected in deciding the application of MCD. There were 1,000 people at the July 13th public hearing and over 6,000 signatures against this application. How can it be approved in light of the overwhelming opposition?

Suffice it to say, because of the various pernicious effects and strong opposition, please definitely reject the MCD application at 2505 Noriega Street. Your help is greatly appreciated.

Sincerely,

Dear Supervisors and Mayor Ed Lee,

I strongly oppose to the opening of medicinal cannabis dispensary (MCD) at 2505 Noriega Street in San Francisco. If opened, it will be disastrous and intolerable for the residents and merchants in the vicinity! To begin with, there are youngsters' facilities within 600 feet of the proposed MCD and thus such proposal violates Californian State Law. Even preschools take children out of school regularly for different types of activities and the students will be tremendously affected by the MCD if opened. Regardless, more consideration and protection should be given to children, not to profit-oriented marijuana businessmen. Please spare our children and future generations from drugs!

In addition, the proposed MCD is in a busy area. Thus, traffic problems will aggravate, not to mention the likely tremendous increase in traffic accidents related to marijuana as reflected in other marijuana states such as Washington and Colorado.

Crime rate will likely increase very considerably due to the MCD, and residents will have to live in an unsafe environment. According to California District Attorneys Association, their biggest worries about legalization of marijuana are the infiltration of drug gangs and traffic accidents.

Finally, Sunset District has special protection due to the "Conditional Use" provision specifying that the wills of nearby residents and merchants must be respected in deciding the application of MCD. There were 1,000 people at the July 13th public hearing and over 6,000 signatures against this application. How can it be approved in light of the overwhelming opposition?

Suffice it to say, because of the various pernicious effects and strong opposition, please definitely reject the MCD application at 2505 Noriega Street. Your help is greatly appreciated.

Sincerely,

Signature

Dear Supervisors and Mayor Ed Lee,

I object to the opening of the medical marijuana outlet (MCD) at 2505 Noriega St, San Francisco. If opened, it will negatively affect the neighborhood residents and merchants.

Several facilities which serve youth and teens are located within two blocks of the site (2505 Noriega St.), including two churches (youth groups, academic tutoring and summer camps) and one preschool. Lutheran Church of the Holy Spirit (2400 Noriega St.) has hosted the Mayor's Youth Employment and Education Program (Sunset MYEEP, for high schoolers) for the past three years. The Ark of Hope Preschool takes its students out into the neighborhood regularly for recess. In addition, the proposed MCD is located in a busy area, with families and school children and teens daily passing along the corridor during morning and afternoon hours.

I am concerned about current traffic problems, not to mention, the risk of marijuana related traffic accidents. Two blocks around 2505 Noriega St. have congestion during morning and evening commuting hours, between pedestrians (including students and seniors), cars, and buses. The AAA auto club reports an increase in marijuana related traffic fatalities in Washington State after legalization. And currently, there is no standardized test for marijuana impairment while driving, like how blood alcohol content is measured to enforce drunk driving laws. <https://www.aaafoundation.org/impaired-driving-and-cannabis>

The Apothecarium has posted material aimed to convince the Chinese community of the benefits of cannabis; however, this is not well received by the Chinese community. Saying that cannabis has medical uses in ancient China, the Apothecarium neglects the fact that cannabis possession and usage have been illegal in China since 1985.

Neighboring residents and businesses have also expressed opposition to MCDs in the Sunset District, with signatures (3,000 in 2015, and 5,000 in 2017). I request that fact to be considered and respected in the Conditional Use for rejecting the establishment of a MCD at 2505 Noriega St.

At the public hearing on 07/13/17, the owner of the Apothecarium stated a willingness to use this site for selling cannabis for recreational use in January 2018. I see the potential harm to the community in terms of exposure to undesirable odors, loitering, and traffic congestion.

I strongly urge you to consider the appeal of the local neighborhood. Please reject the MCD application at 2505 Noriega St. Your help is greatly appreciated.

Sincerely,

Dear Supervisors and Mayor Ed Lee,

I object to the opening of the medical marijuana outlet (MCD) at 2505 Noriega St, San Francisco. If opened, it will negatively affect the neighborhood residents and merchants.

Several facilities which serve youth and teens are located within two blocks of the site (2505 Noriega St.), including two churches (youth groups, academic tutoring and summer camps) and one preschool. Lutheran Church of the Holy Spirit (2400 Noriega St.) has hosted the Mayor's Youth Employment and Education Program (Sunset MYEEP, for high schoolers) for the past three years. The Ark of Hope Preschool takes its students out into the neighborhood regularly for recess. In addition, the proposed MCD is located in a busy area, with families and school children and teens daily passing along the corridor during morning and afternoon hours.

I am concerned about current traffic problems, not to mention, the risk of marijuana related traffic accidents. Two blocks around 2505 Noriega St. have congestion during morning and evening commuting hours, between pedestrians (including students and seniors), cars, and buses. The AAA auto club reports an increase in marijuana related traffic fatalities in Washington State after legalization. And currently, there is no standardized test for marijuana impairment while driving, like how blood alcohol content is measured to enforce drunk driving laws. <https://www.aaafoundation.org/impaired-driving-and-cannabis>

The Apothecarium has posted material aimed to convince the Chinese community of the benefits of cannabis; however, this is not well received by the Chinese community. Saying that cannabis has medical uses in ancient China, the Apothecarium neglects the fact that cannabis possession and usage have been illegal in China since 1985.

Neighboring residents and businesses have also expressed opposition to MCDs in the Sunset District, with signatures (3,000 in 2015, and 5,000 in 2017). I request that fact to be considered and respected in the Conditional Use for rejecting the establishment of a MCD at 2505 Noriega St.

At the public hearing on 07/13/17, the owner of the Apothecarium stated a willingness to use this site for selling cannabis for recreational use in January 2018. I see the potential harm to the community in terms of exposure to undesirable odors, loitering, and traffic congestion.

I strongly urge you to consider the appeal of the local neighborhood. Please reject the MCD application at 2505 Noriega St. Your help is greatly appreciated.

Sincerely,

Dear Supervisors,

I strongly oppose to the opening of medicinal cannabis dispensary (MCD) at 2505 Noriega Street in San Francisco. If opened, it will be disastrous and intolerable for the residents and merchants in the vicinity!

To begin with, there are youngsters' facilities within 600 feet of the proposed MCD and thus such proposal violates Californian State Law. Even preschools take children out of school regularly for different types of activities and the students will be tremendously affected by the MCD if opened. Regardless, more consideration and protection should be given to children, not to profit-oriented marijuana businessmen. Please spare our children and future generations from drugs!

In addition, the proposed MCD is in a busy area. Thus, traffic problems will aggravate, not to mention the likely tremendous increase in traffic accidents related to marijuana as reflected in other marijuana states such as Washington and Colorado.

Crime rate will likely increase very considerably due to the MCD, and residents will have to live in an unsafe environment. According to California District Attorneys Association, their biggest worries about legalization of marijuana are the infiltration of drug gangs and traffic accidents.

Businesses in the vicinity will be adversely impacted to a large extent. Some of them may have to go out of business. This is really unfair to them.

This proposed marijuana outlet in question, moreover, is almost right across the street from a big church, Lutheran Church of the Holy Spirit, where a lot of youngsters congregate regularly especially because it is a location of Mayor Ed Lee's Youth Program. It is against the law to open an MCD at 2505 Noriega Street.

Finally, Sunset District has special protection due to the "Conditional Use" provision specifying that the wills of nearby residents and merchants must be respected in deciding the application of MCD. There were 1,000 people at the July 13th public hearing and over 6,000 signatures against this application. How can it be approved in light of the overwhelming opposition?

Suffice it to say, because of the various pernicious effects and strong opposition, please definitely reject the MCD application at 2505 Noriega Street. Your help is greatly appreciated.

Sincerely,

Signature

致眾市參事及李市長,

我強烈反對在舊金山的 2505 Noriega 開藥用大麻店 (MCD)。如果開放，對附近的居民和商人來說，將是災難性的，令人難以忍受的！

首先，在擬議的藥用大麻店的 600 英尺內有年輕人的設施，因此這樣的提議違反了加利州的法律。即使是幼兒園也可以定期為孩子們進行不同類型的活動，如果開放，學生將受到藥用大麻店的巨大影響。不管怎樣，應該對兒童給予更多的考慮和保護，而不是為謀利大麻商人。我們的子孫後代不要毒品！

另外，擬議的藥用大麻店在繁忙的地方。因此，如華盛頓和科羅拉多州等大麻州的反映，交通問題會更加嚴重，更不用說與大麻有關的交通事故可能大大增加。

由於藥用大麻店，犯罪率可能會大大增加，居民必須生活在不安全的環境中。據加州地區檢察官聯會介紹，他們對大麻合法化的最大擔憂是毒品黑社會滲透和交通事故。

附近的企業將在很大程度上受到不利影響。其中一些可能不得不停業。這對他們來說真是不公平。

此外，這擬議的藥用大麻店位置幾乎對面的一個大教堂，路德教會聖靈堂，許多年輕人聚集在一起，尤其是此位置是李孟賢市長的青年中心。在 Noriega 街 2505 號開藥用大麻店是違法的。

最後，由於“條件使用”規定，日落區有特殊保護，規定附近居民和商人的意願在決定申請時必須得到尊重。7 月 13 日公開聽證會有 1,000 人，超過 6,000 份簽名。鑑於壓倒性的反對，怎麼能得到批准？由於各種有害的影響和強烈的反對意見，請絕對拒絕在 2505 Noriega Street 藥用大麻店的申請。

非常感謝您的幫助！

Crime rate will likely increase very considerably due to the MCD, and residents will have to live in an unsafe environment. According to California District Attorneys Association, their biggest worries about legalization of marijuana are the infiltration of drug gangs and traffic accidents.

Businesses in the vicinity will be adversely impacted to a large extent. Some of them may have to go out of business. This is really unfair to them.

This proposed marijuana outlet in question, moreover, is almost right across the street from a big church, Lutheran Church of the Holy Spirit, where a lot of youngsters congregate regularly especially because it is a location of Mayor Ed Lee's Youth Program. It is against the law to open an MCD at 2505 Noriega Street.

Finally, Sunset District has special protection due to the "Conditional Use" provision specifying that the wills of nearby residents and merchants must be respected in deciding the application of MCD. There were 1,000 people at the July 13th public hearing and over 6,000 signatures against this application. How can it be approved in light of the overwhelming opposition?

Suffice it to say, because of the various pernicious effects and strong opposition, please definitely reject the MCD application at 2505 Noriega Street. Your help is greatly appreciated.

Sincerely,

Signature

致眾市參事及李市長,

我強烈反對在舊金山的 2505 Noriega 開藥用大麻店（MCD）。如果開放，對附近的居民和商人來說，將是災難性的，令人難以忍受的！

首先，在擬議的藥用大麻店 的 600 英尺內有年輕人的設施，因此這樣的提議違反了加利州的法律。即使是幼兒園也可以定期為孩子們進行不同類型的活動，如果開放，學生將受到藥用大麻店的巨大影響。不管怎樣，應該對兒童給予更多的考慮和保護，而不是為謀利大麻商人。我們的子孫後代不要毒品！

另外，擬議的藥用大麻店在繁忙的地方。因此，如華盛頓和科羅拉多州等大麻州的反映，交通問題會更加嚴重，更不用說與大麻有關的交通事故可能大大增加。

由於藥用大麻店，犯罪率可能會大大增加，居民必須生活在不安全的環境中。據加州地區檢察官聯會介紹，他們對大麻合法化的最大擔憂是毒品黑社會滲透和交通事故。

附近的企業將在很大程度上受到不利影響。其中一些可能不得不停業。這對他們來說真是不公平。

此外，這擬議的藥用大麻店位置幾乎對面的一個大教堂，路德教會聖靈堂，許多年輕人聚集在一起，尤其是此位置是李孟賢市長的青年中心。在 Noriega 街 2505 號開藥用大麻店是違法的。

最後，由於“條件使用”規定，日落區有特殊保護，規定附近居民和商人的意願在決定申請時必須得到尊重。7 月 13 日公開聽證會有 1,000 人，超過 6,000 份簽名。鑑於壓倒性的反對，怎麼能得到批准？由於各種有害的影響和強烈的反對意見，請絕對拒絕在 2505 Noriega Street 藥用大麻店的申請。

非常感謝您的幫助!

Dear Supervisors,

I strongly oppose to the opening of medicinal cannabis dispensary (MCD) at 2505 Noriega Street in San Francisco. If opened, it will be disastrous and intolerable for the residents and merchants in the vicinity!

To begin with, there are youngsters' facilities within 600 feet of the proposed MCD and thus such proposal violates Californian State Law. Even preschools take children out of school regularly for different types of activities and the students will be tremendously affected by the MCD if opened. Regardless, more consideration and protection should be given to children, not to profit-oriented marijuana businessmen. Please spare our children and future generations from drugs!

In addition, the proposed MCD is in a busy area. Thus, traffic problems will aggravate, not to mention the likely tremendous increase in traffic accidents related to marijuana as reflected in other marijuana states such as Washington and Colorado.

Crime rate will likely increase very considerably due to the MCD, and residents will have to live in an unsafe environment. According to California District Attorneys Association, their biggest worries about legalization of marijuana are the infiltration of drug gangs and traffic accidents.

This proposed marijuana outlet in question, moreover, is almost right across the street from a big church, Lutheran Church of the Holy Spirit, where a lot of youngsters congregate regularly especially because it is a location of Mayor Ed Lee's Youth Program. It is against the law to open an MCD at 2505 Noriega Street.

Finally, Sunset District has special protection due to the "Conditional Use" provision specifying that the wills of nearby residents and merchants must be respected in deciding the application of MCD. There were 1,000 people at the July 13th public hearing and over 6,000 signatures against this application. How can it be approved in light of the overwhelming opposition?

Suffice it to say, because of the various pernicious effects and strong opposition, please definitely reject the MCD application at 2505 Noriega Street. Your help is greatly appreciated.

Sincerely,

Grace N. Wu

致眾市參事及李市長,

我強烈反對在舊金山的 2505 Noriega 開藥用大麻店 (MCD)。如果開放，對附近的居民和商人來說，將是災難性的，令人難以忍受的！

首先，在擬議的藥用大麻店的 600 英尺內有年輕人的設施，因此這樣的提議違反了加利州的法律。即使是幼兒園也可以定期為孩子們進行不同類型的活動，如果開放，學生將受到藥用大麻店的巨大影響。不管怎樣，應該對兒童給予更多的考慮和保護，而不是為謀利大麻商人。我們的子孫後代不要毒品！

另外，擬議的藥用大麻店在繁忙的地方。因此，如華盛頓和科羅拉多州等大麻州的反映，交通問題會更加嚴重，更不用說與大麻有關的交通事故可能大大增加。

由於藥用大麻店，犯罪率可能會大大增加，居民必須生活在不安全的環境中。據加州地區檢察官聯會介紹，他們對大麻合法化的最大擔憂是毒品黑社會滲透和交通事故。

附近的企業將在很大程度上受到不利影響。其中一些可能不得不停業。這對他們來說真是不公平。

此外，這擬議的藥用大麻店位置幾乎對面的一個大教堂，路德教會聖靈堂，許多年輕人聚集在一起，尤其是此位置是李孟賢市長的青年中心。在 Noriega 街 2505 號開藥用大麻店是違法的。

最後，由於“條件使用”規定，日落區有特殊保護，規定附近居民和商人的意願在決定申請時必須得到尊重。7 月 13 日公開聽證會有 1,000 人，超過 6,000 份簽名。鑑於壓倒性的反對，怎麼能得到批准？由於各種有害的影響和強烈的反對意見，請絕對拒絕在 2505 Noriega Street 藥用大麻店的申請。

非常感謝您的幫助!
