4 **SEC. 976.6. DISCLOSURE REQUIREMENTS.**

5 (a) Findings.

6 (1) The San Francisco Civil Grand Jury issued a report in 2016 regarding auto
7 burglaries in San Francisco. According to that report, the number of auto burglaries in 2015 reached
8 a five-year high, with 24,826 reported incidents. This was a 34% increase over the previous year and
9 almost three times more than reported in 2011. Based on auto burglary data from the Police
10 Department ("SFPD"), the Civil Grand Jury estimated that at least \$19 million worth of property was
11 stolen in auto burglaries in 2015. Auto burglaries have become one of the top public safety concerns
12 for many San Franciscans.

13 (2) One method of addressing auto burglary is prosecuting the career criminals who
14 constitute 20% of the perpetrators responsible for a large majority of incidents. But a major challenge
15 in prosecuting auto burglary is that many victims are visitors or tourists, who are unable or unwilling
16 to return to San Francisco to testify. When foreign tourists are victims, cases are particularly difficult
17 to prosecute, especially when the victim's testimony is needed but the victim is beyond the subpoena
18 power of the San Francisco Superior Court. Because prosecution is not always a viable option for
19 combatting auto burglaries, the City must explore other means of addressing the auto burglary
20 problem.

21 (3) Data from the District Attorney's Office for 2015-16 suggest that major hot spots for
22 auto burglaries are at or near some of San Francisco's biggest tourist destinations, like Alamo Square
23 Park, the Embarcadero, Fisherman's Wharf, Civic Center, Lombard Street, and the Palace of Fine
24 Arts.

1 (4) Visitors and tourists, many of whom are from other states and countries, are often
2 unfamiliar with the City and inattentive to risks of crime, and are known to carry large sums of money,
3 credit cards, electronics, and other valuables. Many visitors and tourists use rental cars to get around
4 the City. The San Francisco Travel Association reported in March 2016 that San Francisco received
5 24.6 million tourists and visitors in 2015, an increase of 2.7% from 2014. The same group's study from
6 2011 found that automobile options are popular with San Francisco tourists and visitors, with 35.1%
7 using a personal car and 14.6% using a rental car.

8 (5) Many visitors and tourists leave valuables in their rental cars in plain sight, the
9 perfect recipe for auto burglary. According to SFPD data on City-wide rental vehicle auto burglary
10 incidents, there has been a significant increase in burglaries of rented vehicles from 2015 to 2016.

11 (6) Because victims of auto burglaries are frequently tourists using rental cars who are
12 unaware of or oblivious to the risks of leaving valuables in the car, one of the Civil Grand Jury's
13 recommendations for curbing the number of break-ins is to educate users of rental cars on crime risks
14 and prevention. In light of the importance of tourism to the local economy, the City should make an
15 effort to reduce auto burglary, which has such a negative impact on visitors and tourists.

16 (7) Signs warning drivers to remove valuables from their cars have been installed near
17 some tourist hot spots in San Francisco, such as Alamo Square, Japantown, and near the Palace of
18 Fine Arts. Initial reports from SFPD indicate that the signs have helped reduce the number of auto
19 burglaries in those areas. Providing similar notice to drivers of rental cars would likely induce those
20 drivers to take greater precautions to prevent theft, resulting in fewer rental car burglaries.

21 (8) San Francisco International Airport has launched a campaign to curb rental car
22 burglaries through consumer education. The Airport has posted signs within the rental car center
23 warning of the risks of leaving valuables in rental vehicles. The Airport has also provided rental
24 companies written materials for distribution to customers advising customers of the risk. Further, an
25

1 audio announcement regarding the risk of auto burglary is played on the AirTrain connecting the
2 airport terminals to the rental car center.

3 (b) Disclosures required. Every Person engaged in the type of business referred to in Sections
4 976.1 and 976.3 of this Article 13.3 shall:

5 (1) Provide the following written disclosure to each authorized driver of a Motor
6 Vehicle rented or leased from a Location in the City: "Prevent theft: Remove valuables from the rental
7 car and lock the doors." This disclosure shall be provided either in person when the driver rents the
8 Motor Vehicle or electronically when the driver reserves the Motor Vehicle through an online
9 reservation system. When provided in person at the time of rental, the disclosure shall be made on a
10 piece of paper separate from any other document the Person provides to the driver. When provided
11 electronically in connection with an online reservation, the disclosure shall be included on the
12 reservation confirmation sent to the driver's e-mail address. The disclosure shall be printed in
13 typeface sufficiently large as to be easily readable by customers.

14 (2) Provide the following written disclosure either on the key ring for the keys to the
15 rented or leased Motor Vehicle or inside the passenger compartment of the Motor Vehicle: "Prevent
16 theft: Remove valuables from the rental car and lock the doors." Places in the passenger compartment
17 where the disclosure may be provided include, but are not limited to, on the sun visor or in the glove
18 compartment. The disclosure shall be printed in typeface sufficiently large as to be easily readable by
19 customers.

20 (3) Post at each Location a written notice stating: "To prevent theft, do not leave
21 valuables in the rental car and remember to lock the doors." The notice shall be posted in an area
22 accessible to customers and where customers routinely are present. The lettering on the sign shall be
23 readable by customers generally from a distance of at least 20 feet.

24 (c) The requirements of subsection (b) of this Section 976.6 shall not apply to the rental or
25 lease of Trailers.

1 (d) Operative date. In accordance with Section 5(b) of the ordinance in Board File No.
2 161065, creating this Section 976.6, subsections (b)(1) and (b)(3) are operative 90 days after the
3 effective date of said ordinance, and subsection (b)(2) is operative 180 days after the effective date of
4 said ordinance.

5 (e) Within 30 days of the effective date of the ordinance in Board File No. 161065, creating this
6 Section 976.6, the Police Department shall notify in writing all current holders of permits issued under
7 former Section 1227 of this Code (renumbered to become Section 976.3) for the rental or lease of
8 Motor Vehicles excluding Trailers, of the new conditions applicable to such permits established by
9 Section 976.6, and the operative dates of Section 976.6.

10
11 **SEC. ~~1230~~ 976.7. LICENSE FEES.**

12 Every ~~p~~Person, as defined in Section ~~1226~~ 976.2 shall pay an annual license fee for
13 each such ~~H~~Location as defined in ~~said~~ Section ~~1226~~ 976.2; provided, however, every person
14 who operates a repair garage and grants temporary use of a motor vehicle to a customer
15 without charge, while the motor vehicle belonging to said customer is being repaired or
16 serviced in the repair garage, shall pay an annual license fee. The license fee shall be paid
17 annually on or before March 31, in accordance with the provisions of Section 76.1 of the
18 Business and Tax Regulations Code.

19
20 Section 2. Undertaking for the General Welfare. In enacting and implementing this
21 ordinance, the City is assuming an undertaking only to promote the general welfare. It is not
22 assuming, nor is it imposing on its officers and employees, an obligation for breach of which it
23 is liable in money damages to any person who claims that such breach proximately caused
24 injury.

1 Section 3. Severability. If any section, subsection, sentence, clause, phrase, or word of
2 this ordinance, or any application thereof to any person or circumstance, is held to be invalid
3 or unconstitutional by a decision of a court of competent jurisdiction, such decision shall not
4 affect the validity of the remaining portions or applications of this ordinance. The Board of
5 Supervisors hereby declares that it would have passed this ordinance and each and every
6 section, subsection, sentence, clause, phrase, and word not declared invalid or
7 unconstitutional without regard to whether any other portion of this ordinance or application
8 thereof would be subsequently declared invalid or unconstitutional.

9
10 Section 4. Creating Articles 13.2 and 13.3.

11 (a) Article 13.2 shall be added to the Police Code and entitled "Bicycle Messenger
12 Businesses." Existing Sections 975.1, 975.2, 975.3, and 975.4 shall be placed in Article 13.2.
13 These changes are not made for any substantive reason and shall have no substantive effect.
14 The changes are made solely for the purpose of reorganizing the affected sections under a
15 specifically designated Article. The City Attorney shall direct the publisher of the Municipal
16 Code to take all appropriate steps to effectuate this provision.

17 (b) Among other things, this ordinance adds Article 13.3 to the Police Code;
18 rennumbers existing Sections 1225, 1226, 1227, 1228, 1229, and 1230 as Sections 976.1,
19 976.2, 976.3, 976.4, 976.5, and 976.7, respectively; and makes clerical and technical
20 revisions to those sections. These changes are not made for any substantive reason and
21 shall have no substantive effect.

22
23 Section 5. Scope of Ordinance. Except as stated in Section 4(a) of this ordinance, in
24 enacting this ordinance, the Board of Supervisors intends to amend only those words,
25 phrases, paragraphs, subsections, sections, articles, numbers, punctuation marks, charts,

1 diagrams, or any other constituent parts of the Municipal Code that are explicitly shown in this
2 ordinance as additions, deletions, Board amendment additions, and Board amendment
3 deletions, in accordance with the "Note" that appears under the official title of the ordinance.
4

5 Section 6. Effective and Operative Dates.

6 (a) This ordinance shall become effective 30 days after enactment. Enactment occurs
7 when the Mayor signs the ordinance, the Mayor returns the ordinance unsigned or does not
8 sign the ordinance within ten days of receiving it, or the Board of Supervisors overrides the
9 Mayor's veto of the ordinance.

10 (b) This ordinance shall become operative 90 days after the effective date, except for
11 Section 976.6(b)(2), which shall become operative 180 days after the effective date.

REVISED LEGISLATIVE DIGEST
(Substituted, 3/21/2017)

[Police Code - Rental Car Disclosure Requirements]

Ordinance amending the Police Code to require rental car companies to provide written disclosures to customers advising them to remove valuables from the rental vehicle and lock the doors.

Existing Law

Existing law requires all companies or individuals that rent or lease motor vehicles for 60 days or less to obtain a permit from the Police Department for each location in the City where the permittee rents or leases motor vehicles. Permit holders must maintain certain records regarding each rental transaction. Permit holders are prohibited from renting motor vehicles to unlicensed drivers. The Police Department may revoke a permit for cause after a hearing. Existing law does not compel companies or individuals that rent motor vehicles in the City to advise customers of the risk of auto burglaries.

Amendments to Current Law

The proposed ordinance would require companies or individuals in the City that rent or lease motor vehicles for 60 days or less, as a condition of the permit from the Police Department, to advise customers not to leave valuables in the rented vehicle and to lock the doors of the vehicle. This disclosure must be made in three ways: (1) a written notice provided to the driver at the time of rental or on an email confirmation sent to the driver at the time of an online reservation, (2) signs posted in the rental office, and (3) on the key ring or somewhere in the compartment of the vehicle. The proposed ordinance also renumbers the existing code sections that contain the permitting requirements and makes other clerical or technical changes not intended for any substantive purpose.

Subject: Car Rental Ordinances (170421, 161065)

I am writing in support of the following two ordinances.

File 170421: Police Code: Rental Car Restrictions to Reduce Burglaries

This ordinance would regulate rental cars' appearance in two ways. First, it would prohibit automobiles from carrying barcodes visible in automobiles' windows or on their exteriors. Second, it would prohibit automobiles from carrying rental-car-company advertising on their exteriors. The ordinance would apply these requirements to automobiles rented within the City and at San Francisco International Airport.

File 161065: Police Code - Rental Car Disclosure Requirements

Ordinance amending the Police Code to require rental car companies to provide written disclosures to customers advising them to remove valuables from the rental vehicle and lock the doors.

Tourism is a huge business in San Francisco. According to the San Francisco Travel Association in 2016:

- * The number of jobs supported by tourism in San Francisco rose 4.83 percent to 80,219 jobs.
- * The tourism industry generated more than \$724.9 million in taxes and fees for the City of San Francisco up .56 percent from the previous year.

It's time we provide some relief for our tourists before they take their money elsewhere. San Francisco's problems with car break-ins first came to light nationally in April 2016 when Atlantic magazine reported on our skyrocketing numbers. The journalist who wrote the article noticed the problem when he visited San Francisco and his car was broken into the very first night.

It is especially disheartening that our tourist areas are so heavily targeted. According to ABC 7's Vic Lee, the streets around the recently renovated and reopened Alamo Square Park, home to the Painted Ladies is currently averaging six car break-ins per day. That's almost 2200 break-ins in a year. As a 30 year resident of the Golden Gate Heights district I've seen this targeting of tourists in my neighborhood. Tourists at the 16th Ave. Tiled Steps have had so many break-ins, the Step funds now cover a camera installed at a neighbor's house and pointed at the street. Of course, these crimes spills over into the neighborhood. Enough is enough – please pass these ordinances and safeguard our tourism business and ourselves.

Thank you,
Karen Metro

Resolution on Rental Car Identification/Auto Burglaries

WHEREAS, San Francisco has the highest rate of auto burglaries per capita of any major American city; and

WHEREAS, neighborhoods frequented by tourists with rental cars are especially plagued by smash-and-grab burglars who see identified rental autos as a lucrative opportunity to steal luggage and other items left in parked vehicles; and

WHEREAS, tourists and others renting such autos may be unaware of the danger of leaving luggage and other items in their parked rental cars in San Francisco, and burglars know that tourists may be unable to return to San Francisco to testify in criminal prosecutions of suspected burglars; and

WHEREAS, rental vehicles attract burglars to neighborhoods who also commit smash-and-grab burglaries on residents' vehicles and homes; and

WHEREAS, this criminal activity has a negative impact both on our tourist economy and on local residents and merchants; and

Coalition for San Francisco

www.csfn.net • PO Box 320098 • San Francisco CA 94132-0098 • Est 1972

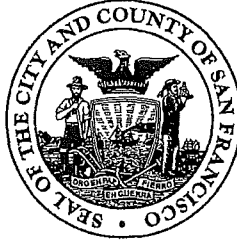

WHEREAS, the City of San Francisco and its departments and agencies, and the Superior Court, do not provide an accessible transparent system for the public to track accountability for property crimes including home and auto burglaries, and these agencies do not coordinate with each other to provide such information in an accessible form to the public;

WHEREAS, the San Francisco Board of Supervisors is likely to hold hearings on related legislation in the coming months;

WHEREAS, the Coalition of San Francisco Neighborhoods (the "Coalition") wishes to have the City of San Francisco take action to have the concerns expressed herein recognized and considered by whatever means may be available;

NOW THEREFORE BE IT RESOLVED, That (A) the Coalition urges the Board of Supervisors to approve and the Mayor to sign legislation revising the Police Code to require rental car companies to provide written disclosures to customers advising them to remove valuables from their cars and lock the doors, and to prohibit advertising and visible barcodes on rental vehicles rented in the City or at San Francisco International Airport; and (B) the Coalition urges the Board of Supervisors to approve and the Mayor to sign legislation and take other measures necessary to create accountability for and track outcomes for property crimes including home and auto burglaries and those convicted of such crimes; and (C) the President of the Coalition and, as designed by the President, representatives of one or more members of the Coalition are hereby authorized, jointly and severally, to take any and all actions which the President deems necessary or appropriate in seeking to have the concerns expressed herein recognized and resolved in any relevant legislation or implementation measures.
