Existing Law

On October 9, 2015, Governor Brown signed into law the Medical Marijuana Regulation and Safety Act ("MMRSA"), effective January 1, 2016, which established a comprehensive state licensing and regulatory framework for the cultivation, manufacturing, testing, distribution, transportation, dispensing, and delivery of medicinal cannabis, and which recognized the authority of local jurisdictions to prohibit or impose additional restrictions on commercial activities relating to medicinal cannabis. MMRSA was later renamed the Medical Cannabis Regulation and Safety Act ("MCRSA").

On November 8, 2016, the voters of California approved Proposition 64, the Control, Regulate, and Tax Adult Use of Marijuana Act (AUMA), which decriminalized the nonmedicinal use of cannabis by adults 21 years of age and older, created a state regulatory, licensing, and taxation system for non-medicinal cannabis businesses, and reduced penalties for marijuana-related crimes.

On June 27, 2017, Governor Brown signed into law the Medicinal and Adult-Use Cannabis Regulations and Safety Act (MAUCRSA), which reconciled MCRSA and Proposition 64, and established a unified state regulatory scheme for commercial activities relating to both medicinal and adult use cannabis. Under MAUCRSA, businesses that engage in commercial cannabis activities will be required to obtain a state cannabis license and comply with strict operating conditions. MAUCRSA requires that state agencies begin issuing state cannabis business licenses by January 1, 2018.

Under MAUCRSA, local jurisdictions may adopt and enforce ordinances to further regulate cannabis businesses, including but not limited to zoning and permitting requirements.

Article 33 of the San Francisco Health Code, adopted in 2005, regulates medical cannabis, and authorizes the San Francisco Department of Public Health to oversee the permitting of medical cannabis dispensaries (MCDs).

Planning Code Section 202.2(e) sets forth location and operating restrictions for MCDs. MCDs are currently prohibited in PDR zoning districts and certain other districts, including some Neighborhood Commercial Districts. (See generally Planning Code, Art. 7.) MCDs are also prohibited in Mixed-Use zoning districts. (See generally Planning Code, Art. 8.) In most Neighborhood Commercial Transit Districts and Neighborhood Commercial Districts, MCDs are allowed on the first floor, subject to Mandatory Discretionary Review by the Planning Commission. (See generally Planning Code, Art. 7.)

Ordinance No. 186-17, enacted on September 15, 2017, creates a limit of three MCDs in Supervisorial District 11.

Currently, there is no City law that authorizes and regulates commercial activities relating to non-medical cannabis. There is also no City law that authorizes and regulates the commercial manufacture, testing, or distribution of cannabis.

Article XXVI of the Administrative Code establishes an Office of Cannabis under the direction of the City Administrator, and authorizes the Director of the Office of Cannabis to issue permits to cannabis-related businesses, and to collect permit application and annual license fees following the enactment of a subsequent ordinance establishing the amounts of those fees.

Amendments to Current Law

This ordinance would change the zoning controls for MCDs. Among other things, it would permit MCDs in some Neighborhood Commercial Districts in which they are currently prohibited, subject to Mandatory Discretionary Review by the Planning Commission. It would also permit MCDs on the second floor of most Neighborhood Commercial Districts, subject to Mandatory Discretionary Review, and would make MCDs in PDR Zoning Districts and most Mixed Use Districts a principally permitted use.

This ordinance would also regulate Cannabis Retail as a distinct land use. It would generally permit Cannabis Retail where other retail is permitted. In Neighborhood Commercial Districts, Cannabis Retail uses would be subject to a conditional use authorization. Cannabis Retail as an accessory use would be permitted only where the Office of Cannabis has issued a permit to the Cannabis Retail establishment to operate accessory to another activity on the same premises. The ordinance would also establish a land use process for the conversion of existing MCDs to Cannabis Retail establishments.

In addition, this ordinance would establish location and operating provisions for MCDs, Cannabis Retail establishments, and other cannabis businesses. Among other things, it would prohibit a Cannabis Retail use or MCD from locating within 600 feet of a school, public or private. It would not require a minimum distance between a Cannabis Retail use or MCD and a day care center or youth center.

In addition, this ordinance would create land use regulations for the cultivation, delivery and testing of cannabis and the manufacture of cannabis products.

This ordinance would also repeal Ordinance No. 186-17, which limited the number of MCDs in Supervisorial District 11 to three.

Background Information

In 2015, the City enacted Ordinance No. 115-15, creating the San Francisco Cannabis State Legalization Task Force (“the Task Force”) to advise the Board of Supervisors, the Mayor, and other City departments on matters relating to the potential legalization of non-medical cannabis. In December 2016, the Task Force submitted its Year I Report, and made recommendations related to Public Safety and Social Environment, Land Use and Social Justice, and Regulation and City Agency Framework for the City’s policymakers to consider.
