### PROJECT DESCRIPTION

On May 17, 2016, the Planning Department (herein "the Department") received a request from the City and County of San Francisco Real Estate Division on behalf of the San Francisco Fire Department (SFFD) to transfer a former railroad right-of-way running diagonally between McKinnon Avenue and Newcomb Avenue for use as part of a new SFFD Emergency Medical Services (EMS) Facility and new parking structure at 2245 Jerrold Avenue, to maximize seismic performance of the facility, and increase efficiency

of ambulance response times. The parcel (5286A/004) is currently being used for parking and some storage.

On June 2016 San Francisco voters approved a \$350 million Public Health and Safety bond (Proposition A). Proposition A specifically identified the creation of an Ambulance Deployment Facility (ADF) as a funded project.

The ADF project will construct a new SFFD Emergency Medical Services (EMS) Facility and new parking structure at 2245 Jerrold Avenue, to maximize seismic performance of the facility, and increase efficiency of ambulance response times. The subject parcel is critical to the use and function of the ADF and parking garage. The planned traffic circulation from within the ADF/garage will be directly onto the subject parcel, and then onto Jerrold and McKinnon Avenues. There is no other planned direct access from the facility to the Avenues.

The Planning Department finds the property transfer to be, on balance, in conformance with the General Plan.

## ENVIRONMENTAL REVIEW

On December 11, 2015 the Environmental Planning Division of the Planning Department determined that the project is Categorical Exempt from Environmental Review as a Categorical Exemption, Class 32 (California Environmental Quality Act [CEQA] Guidelines Section 15332 – Infill Development Projects).

## GENERAL PLAN COMPLIANCE AND BASIS FOR RECOMMENDATION

As described below, the Project is consistent with the Eight Priority Policies of Planning Code Section 101.1; the proposed transfer of this city property would be in conformity with the General Plan.

Note: General Plan Objectives and Policies are in bold font, General Plan text in regular font; staff comments are in *italic font*.

## COMMUNITY SAFETY

### POLICY 1.25

Prepare for medical emergencies and pandemics.

*Comment: The construction of the ambulance deployment facility will advance the city's preparedness for medical emergencies.*

### OBJECTIVE 2

**BE PREPARED FOR THE ONSET OF DISASTER BY PROVIDING PUBLIC EDUCATION AND TRAINING ABOUT EARTHQUAKES AND OTHER NATURAL AND MAN-MADE DISASTERS, BY READYING THE CITY'S INFRASTRUCTURE, AND BY ENSURING THE NECESSARY COORDINATION IS IN PLACE FOR A READY RESPONSE.**

*Comment: The construction of the ambulance deployment facility will further ready the city's infrastructure for response to a disaster.*

**RECREATION AND OPEN SPACE ELEMENT  
POLICY 4.2**

**Maximize joint use of other properties and facilities.**

Streets, alleys and undeveloped rights-of-way throughout San Francisco should be looked to for development of small outdoor open spaces for the elderly and for young children.....Unused rights-of-way and other unused public land can be used as community gardens, providing recreation and amenities for the surrounding neighborhood.

*Comment: The voter-approved bond specifically approved the creation of the ambulance deployment facility while this may preclude use of the unused row for recreation, it remains in public ownership for public safety purposes.*

**PLANNING CODE SECTION 101.1 FINDINGS**

**Eight Priority Policies Findings**

The proposed project is found to be consistent with the eight priority policies of Planning Code Section 101.1 in that:

1. That existing neighborhood-serving retail uses be preserved and enhanced and future opportunities for resident employment in and ownership of such businesses enhanced.

*The project would have no adverse effect on neighborhood serving retail uses or opportunities for employment in or ownership of such businesses.*

2. That existing housing and neighborhood character be conserved and protected in order to preserve the cultural and economic diversity of our neighborhood.

*The project would have no adverse effect on the City's housing stock or on neighborhood character.*

3. That the City's supply of affordable housing be preserved and enhanced.

*The project would have no adverse effect on the City's supply of affordable housing.*

4. That commuter traffic not impede Muni transit service or overburden our streets or neighborhood parking.

*The project would not result in commuter traffic impeding MUNI transit service or overburdening the streets or neighborhood parking.*

5. That a diverse economic base be maintained by protecting our industrial and service sectors from displacement due to commercial office development, and that future opportunities for residential employment and ownership in these sectors be enhanced.

*The project would not adversely affect the industrial or service sectors or future opportunities for resident employment or ownership in these sectors.*

6. That the City achieve the greatest possible preparedness to protect against injury and loss of life in an earthquake.

*The project would aid preparedness against injury and loss of life in an earthquake and would comply with applicable safety standards.*

7. That landmarks and historic buildings be preserved.

*The project would have no effect on preservation of landmarks or historic buildings.*

8. That our parks and open space and their access to sunlight and vistas be protected from development.

*The project would have no adverse effect on parks and open space or their access to sunlight and vistas.*

**RECOMMENDATION:**

**Finding transfer of this property, on balance, in conformity with the General Plan.**

JOANNE HAYES-WHITE  
CHIEF OF DEPARTMENT

EDWIN M. LEE  
MAYOR

**SAN FRANCISCO FIRE DEPARTMENT**  
CITY AND COUNTY OF SAN FRANCISCO  
**MEMORANDUM**

**TO:** John Updike, Director  
Real Estate Division

**FROM:** Joanne Hayes-White, Chief  
San Francisco Fire Department

**DATE:** September 26, 2016

**RE:** **Jurisdictional Transfer from the Real Estate Division to the San Francisco Fire Department - Block 5286A, Lot 004**

The City, under the jurisdiction of the Real Estate Division (RED) owns a parcel strip located between McKinnon Avenue and Jerrold Avenue. The site is located adjacent to a City-owned parcel, Block 5286A, Lot 006, under the jurisdiction of the San Francisco Fire Department (SFFD). The subject property is approximately 12, 863 sq. ft., as depicted in Exhibit A, and is vacant.

In June 2016, San Francisco voters approved the \$350 million Public Health and Safety bond (Prop A). This bond measure has specifically identified the Ambulance Deployment Facility as one project to be funded by Prop A. The Ambulance Deployment Facility project will construct a new San Francisco Fire Department Emergency Medical Services (EMS) Facility and new parking structure at 2245 Jerrold Avenue in San Francisco, to improve the seismic performance of the facility, increase efficiency and improve ambulatory response times. The new facility would also improve the City's capacity for meeting current and future demands for EMS services, including training of staff.

The Ambulance Deployment Facility project involves demolition of two structures built in the 1950's and construction of a three-story, approximately 30,344-gross-square-foot (gsf) Ambulance Deployment Facility and a three-level, approximately 62,000 gsf parking structure behind the existing Fire Department Fire Station 9 located on same block/lot 5286A / 006. The 1.7-acre project site consists of these two parcels in an intensively developed area of San Francisco's Bayview neighborhood characterized by various warehouse, distribution and light industrial uses.

The subject parcel 5286A / 004 is critical to the use and function of the Ambulance Deployment Facility project, and it is required in order to allow for the traffic circulation that is necessary for the project. No portion of the Ambulance Deployment Facility or parking garage will front on either Jerrold Avenue or McKinnon Avenue; the two structures would be located in the interior of the project site. The only access and egress to and from the Ambulance Deployment Facility and parking garage will be through block / lot 5286A / 004.

The facility will operate 24 hours a day, seven days a week and will be staffed for both daytime and night-time shifts. Emergency vehicles will not be dispatched from the proposed facility to emergency incidents; rather (and as currently practiced), they will be dynamically deployed from the proposed facility to pre-determined positions throughout the City at the start of each work shift.

SFFD is requesting the jurisdictional transfer of the subject property from RED to SFFD to accommodate the project.

If RED has no objections, please confirm by signing below where indicated and returning a copy of this memo to Fire Chief Joanne Hayes-White, San Francisco Fire Department, 698 Second Street, San Francisco, CA 94107. We will then request the Real Estate Division to initiate the jurisdictional transfer of the above referenced property.

The Real Estate Division concurs with a jurisdictional transfer of the parcel as shown in Exhibit A to the San Francisco Fire Department.
