### STEP 2: CEQA IMPACTS

TO BE COMPLETED BY PROJECT PLANNER

<b>If any box is checked below, an Environmental Evaluation Application is required.</b>	
<input type="checkbox"/>	<b>Transportation:</b> Does the project create six (6) or more net new parking spaces or residential units? Does the project have the potential to adversely affect transit, pedestrian and/or bicycle safety (hazards) or the adequacy of nearby transit, pedestrian and/or bicycle facilities?
<input type="checkbox"/>	<b>Air Quality:</b> Would the project add new sensitive receptors (specifically, schools, day care facilities, hospitals, residential dwellings, and senior-care facilities within an Air Pollution Exposure Zone? Does the project have the potential to emit substantial pollutant concentrations (e.g., backup diesel generators, heavy industry, diesel trucks, etc.)? (refer to EP_ArcMap > CEQA Catex Determination Layers > Air Pollution Exposure Zone)
<input type="checkbox"/>	<b>Hazardous Materials:</b> If the project site is located on the Maher map or is suspected of containing hazardous materials (based on a previous use such as gas station, auto repair, dry cleaners, or heavy manufacturing, or a site with underground storage tanks): Would the project involve 50 cubic yards or more of soil disturbance - or a change of use from industrial to residential? If yes, this box must be checked and the project applicant must submit an Environmental Application with a Phase I Environmental Site Assessment. <i>Exceptions: do not check box if the applicant presents documentation of enrollment in the San Francisco Department of Public Health (DPH) Maher program, a DPH waiver from the</i>

	<i> Maher program, or other documentation from Environmental Planning staff that hazardous material effects would be less than significant (refer to EP_ArcMap &gt; Maher layer).</i>
<input type="checkbox"/>	<b>Soil Disturbance/Modification:</b> Would the project result in soil disturbance/modification greater than two (2) feet below grade in an archeological sensitive area or eight (8) feet in a non-archeological sensitive area? (refer to EP_ArcMap > CEQA Catex Determination Layers > Archeological Sensitive Area)
<input type="checkbox"/>	<b>Noise:</b> Does the project include new noise-sensitive receptors (schools, day care facilities, hospitals, residential dwellings, and senior-care facilities) fronting roadways located in the noise mitigation area? (refer to EP_ArcMap > CEQA Catex Determination Layers > Noise Mitigation Area)

<input type="checkbox"/>	<b>Seismic: Landslide Zone:</b> Does the project involve excavation of 50 cubic yards of soil or more, square footage expansion greater than 1,000 sq. ft., shoring, underpinning, retaining wall work, grading –including excavation and fill on a landslide zone – as identified in the San Francisco General Plan? <i>Exceptions: do not check box for work performed on a previously developed portion of the site, stairs, patio, deck, or fence work.</i> (refer to EP_ArcMap > CEQA Catex Determination Layers > Seismic Hazard Zones) <b>If box is checked, a geotechnical report is required and a Certificate or higher level CEQA document required</b>
<input type="checkbox"/>	<b>Seismic: Liquefaction Zone:</b> Does the project involve excavation of 50 cubic yards of soil or more, square footage expansion greater than 1000 sq ft, shoring, underpinning, retaining wall work, or grading on a lot in a liquefaction zone? <i>Exceptions: do not check box for work performed on a previously developed portion of the site, stairs, patio, deck, or fence work.</i> (refer to EP_ArcMap > CEQA Catex Determination Layers > Seismic Hazard Zones) <b>If box is checked, a geotechnical report will likely be required</b>
<input type="checkbox"/>	<b>Serpentine Rock:</b> Does the project involve any excavation on a property containing serpentine rock? <i>Exceptions: do not check box for stairs, patio, deck, retaining walls, or fence work.</i> (refer to EP_ArcMap > CEQA Catex Determination Layers > Serpentine)

Once signed or stamped and dated, this document constitutes a categorical exemption pursuant to CEQA Guidelines and Chapter 31 of the Administrative Code. In accordance with Chapter 31 of the San Francisco Administrative Code, an appeal of an exemption determination can only be filed within 30 days of the project receiving the first approval action.		

**STEP 7: MODIFICATION OF A CEQA EXEMPT PROJECT  
TO BE COMPLETED BY PROJECT PLANNER**

In accordance with Chapter 31 of the San Francisco Administrative Code, when a California Environmental Quality Act (CEQA) exempt project changes after the Approval Action and requires a subsequent approval, the Environmental Review Officer (or his or her designee) must determine whether the proposed change constitutes a substantial modification of that project. This checklist shall be used to determine whether the proposed changes to the approved project would constitute a "substantial modification" and, therefore, be subject to additional environmental review pursuant to CEQA.

**DETERMINATION IF PROJECT CONSTITUTES SUBSTANTIAL MODIFICATION**

Compared to the approved project, would the modified project:	
<input type="checkbox"/>	Result in expansion of the building envelope, as defined in the Planning Code;
<input type="checkbox"/>	Result in the change of use that would require public notice under Planning Code Sections 311 or 312;
<input type="checkbox"/>	Result in demolition as defined under Planning Code Section 317 or 19005(f)?
<input type="checkbox"/>	Is any information being presented that was not known and could not have been known at the time of the original determination, that shows the originally approved project may no longer qualify for the exemption?
<b>If at least one of the above boxes is checked, further environmental review is required</b>	
<b>CATEX FORM</b>	

**DETERMINATION OF NO SUBSTANTIAL MODIFICATION**

<input type="checkbox"/>	The proposed modification would not result in any of the above changes.
If this box is checked, the proposed modifications are categorically exempt under CEQA, in accordance with prior project approval and no additional environmental review is required. This determination shall be posted on the Planning Department website and office and mailed to the applicant, City approving entities, and anyone requesting written notice.

<b>PRESERVATION TEAM COMMENTS:</b>
<p>According to the Historic Resource Evaluation (HRE) prepared by Tim Kelley Consulting (dated September, 2014) and information found in the Planning Department files, the subject property at 4171 24th Street contains a one-and-a-half story over garage wood-frame single-family residence constructed in 1894 (source: water tap records). The subject property was constructed in the vernacular architectural style with minimal Queen Anne decorative elements. The residence was built by Stephen A. Born for Charles Adair, a messenger for Wells Fargo Bank, and his wife Mary. The property changed ownership a few times before being bought by Albert and Agnes Meyer in 1960. The Meyers lived next door and maintained the subject property as a rental investment property.</p> <p>Known exterior alterations to the property include recladding with asbestos siding (1938), and repair and reconstruction of the front steps (1979). Additional visual inspection reveals that exterior detailing was likely removed or covered when the asbestos shingles were added, the main door was replaced with a contemporary door, and a garage was inserted in the basement.</p> <p>No known historic events occurred at the subject property (Criterion 1). The subject property was constructed by speculative builder Stephen A. Born, who built a number of houses both individually and later as part of larger developments throughout San Francisco and the larger Bay Area. If Born is identified as a significant San Francisco builder, this property would not be a representative sample of his work. None of the owners or occupants have been identified as important to history (Criterion 2). The building is not architecturally distinct such that it would qualify individually for listing in the California Register under Criterion 3.</p> <p>The subject property is not located within the boundaries of any identified historic district. The subject property is located in the Noe Valley neighborhood on a block that exhibits a variety of architectural styles, construction dates, and later alterations to the earliest buildings. Together the block does not comprise a significant concentration of historically or aesthetically unified buildings and does not retain sufficient historic integrity from this era to be considered a historic district.</p> <p>Therefore the subject property is not eligible for listing in the California Register under any criteria individually or as part of a historic district.</p>
