3 Be it ordained by the People of the City and County of San Francisco:

4 Section 1. The Planning Department has determined that the actions contemplated in
5 this ordinance comply with the California Environmental Quality Act (California Public
6 Resources Code Sections 21000 et seq.). Said determination is on file with the Clerk of the
7 Board of Supervisors in File No. 171042 and is incorporated herein by reference. The Board
8 affirms this determination.

9
10 Section 2. The Police Code is hereby amended by adding Article 16, consisting of
11 Sections 1600 to 16398, to read as follows:

12 **ARTICLE 16: REGULATION OF CANNABIS**

13
14 **SEC. 1600. FINDINGS AND PURPOSE.**

15 (a) In 1996, the voters of California approved Proposition 215, The Compassionate Use Act,
16 allowing persons in need of cannabis for specified medical purposes to obtain and use cannabis.

17 (b) In 2001, the City adopted Resolution No. 955-01, declaring San Francisco to be a
18 “sanctuary for medical cannabis.” In 2005, the City enacted Ordinance No. 275-05, Health Code
19 Article 33, known as the Medical Cannabis Act, which implemented a local regulatory scheme for
20 Medical Cannabis Dispensaries operating in San Francisco.

21 (c) In 2006, the City enacted Ordinance No. 297-06, Administrative Code Chapter 96B, making
22 cannabis offenses by adults the lowest law enforcement priority in San Francisco.

23 (d) On August 29, 2013, in response to the number of states seeking to legalize cannabis, the
24 United States Department of Justice issued a memorandum known as the Cole Memo, outlining federal
25 cannabis enforcement priorities and specifying that the federal government would continue to rely on

1 states and local law enforcement agencies to address cannabis activity through enforcement of their
2 own narcotics laws.

3 (e) The federal law enforcement priorities articulated in the Cole Memo align with many of San
4 Francisco's priorities including: preventing the distribution of cannabis to minors; preventing
5 cannabis sales revenue from going to criminal enterprises, gangs, and cartels; preventing the diversion
6 of cannabis from states where it is legal to other states; preventing state-authorized cannabis activity
7 from being used as a cover or pretext for the trafficking of other illicit drugs or activity; preventing
8 violence and use of firearms in the cultivation and distribution of cannabis; preventing drugged driving
9 and the exacerbation of other adverse public health consequences associated with cannabis use;
10 preventing the cultivation of cannabis on public lands and the attendant public safety and
11 environmental dangers posed by cannabis production on public lands; and preventing cannabis
12 possession or use on federal property.

13 (f) On October 9, 2015, Governor Brown signed into law the Medical Marijuana Regulation
14 and Safety Act ("MMRSA"), effective January 1, 2016, which established a comprehensive state
15 licensing and regulatory framework for the cultivation, manufacturing, testing, distribution,
16 transportation, dispensing, and delivery of medicinal cannabis, and which recognized the authority of
17 local jurisdictions to prohibit or impose additional restrictions on commercial activities relating to
18 medicinal cannabis. On June 27, 2016, Governor Brown signed into law Senate Bill 837, which
19 amended MMRSA and renamed it the Medical Cannabis Regulation and Safety Act ("MCRSA").

20 (g) On November 8, 2016, the voters of California approved Proposition 64, the Control,
21 Regulate, and Tax Adult Use of Marijuana Act (AUMA), which legalized the nonmedicinal use of
22 cannabis for adults 21 years of age and older, created a state regulatory, licensing, and taxation system
23 for non-medicinal cannabis businesses, and reduced penalties for cannabis-related crimes. San
24 Francisco voters approved Proposition 64 at a rate of 74.3%, compared to 57.1% in the state overall.

1 (h) On November 9, 2016, Mayor Lee issued Executive Directive 16-05, entitled “Implementing
2 Prop 64: Adult Use of Marijuana Act,” directing the Directors of Planning and Public Health, in
3 collaboration with the San Francisco Cannabis State Legalization Task Force and other stakeholders,
4 to lead the process of drafting the legislation required to fully and responsibly implement Proposition
5 64, including ordinances that address land use, local permitting, safety, and youth access.

6 (i) On June 27, 2017, Governor Brown signed into law the Medicinal and Adult-Use Cannabis
7 Regulations and Safety Act (MAUCRSA), effective immediately, reconciling MCRSA and Proposition
8 64, unifying the adult-use and medicinal cannabis markets within the same regulatory regime, and
9 making explicit the protection of the public to be the highest priority for all state licensing authorities
10 in exercising their licensing, regulatory, and disciplinary functions under MAUCRSA. Under
11 MAUCRSA, local jurisdictions may adopt and enforce ordinances to further regulate cannabis
12 businesses, including zoning and permitting requirements and prohibitions on certain types of
13 businesses.

14 (j) In 2015, the City enacted Ordinance No. 115-15, creating the San Francisco Cannabis State
15 Legalization Task Force (“the Task Force”) to advise the Board of Supervisors, the Mayor, and other
16 City departments on matters relating to the potential legalization of adult use cannabis. In December
17 2016, the Task Force submitted its Year I Report, and made recommendations related to Public Safety
18 and Social Environment, Land Use and Social Justice, and Regulation and City Agency Framework for
19 the City’s policymakers to consider.

20 (k) The Board of Supervisors intends to establish a comprehensive regulatory framework for
21 medicinal cannabis and adult use cannabis. In furtherance of this goal, the Mayor’s FY2017-2018
22 budget, approved by the Board through its enactment of Ordinance No. 156-17, included
23 appropriations for the establishment of an Office of Cannabis to coordinate with City departments and
24 state agencies to develop policies and regulate the local cannabis industry to ensure that local public
25 health, safety, and social justice goals are met. In addition, in July 2017, the City enacted Ordinance

1 No. 168-17, Administrative Code Chapter 2A, Article XXVI, to establish an Office of Cannabis; to
2 authorize the Director of the Office of Cannabis to issue permits to cannabis-related businesses; and to
3 require the Director to collect permit application and annual license fees following the enactment of an
4 ordinance establishing the amounts of those fees.

5 (l) The Board of Supervisors is committed to ensuring that the perspectives of communities that
6 have been historically and disproportionately affected by federal drug enforcement policies are
7 included and considered in all cannabis policy decisions.

8 (m) The Board of Supervisors is committed to fostering equitable access to participation in the
9 cannabis industry for San Francisco-based small businesses and individuals by promoting ownership
10 and stable employment opportunities in the industry.

11 (n) Through this Article 16, the Board of Supervisors intends to develop a regulatory
12 framework that: reduces the illegal market for cannabis; minimizes the chances of social harm by
13 protecting and promoting the health of all San Franciscans; limits youth access and exposure to
14 cannabis and cannabis products; ensures safe consumption; maintains the City's progressive clean air
15 policies for residents, businesses, and their employees; creates equitable access to opportunities within
16 the cannabis industry; and creates jobs and tax revenue for the City.

17
18 **SEC. 1601. ADMINISTRATION AND ENFORCEMENT.**

20 may adopt rules, regulations, and guidelines to carry out the provisions and purposes of this Article,

25 16 (which is deemed in the entirety of this Section 1631 to include a violation of a permit condition

1 and/or a violation of the rules and regulations adopted pursuant to this Article), the Director may issue
2 a Notice of Violation to the Cannabis Business, the owner of real property where the violation
3 occurred, and/or any other Persons the Director deems responsible for causing the violation.

4 (b) The Notice of Violation shall include the following information:

5 (1) That the Director has made a determination that the Cannabis Business is operating
6 in violation of this Article 16;

7 (2) The alleged acts or failures to act that constitute the basis for the Director's
8 determination;

9 (3) That the Director intends to take enforcement action against the Cannabis Business,
10 owner of real property, and/or any other Person deemed responsible for causing the violation(s), and
11 the nature of that action, including the administrative penalty and enforcement costs to be imposed,
12 additional conditions on Cannabis Business Permit(s) that may be imposed, and/or the suspension or
13 revocation of Cannabis Business Permit(s);

14 (4) That the Cannabis Business, owner of real property, and/or any other Person
15 deemed responsible for causing the violation(s) has the right to request a hearing before the Director
16 within 15 days after the Notice of Violation is mailed, and that the written request for hearing must
17 state facts demonstrating that:

18 (A) If the violation is disputed, the Cannabis Business was operating in

11 from obtaining judicial review of the validity of the enforcement action.

12 (d) Upon a timely request for a hearing that includes the information required by subsection
13 (b)(4) of this Section 1631, the Director shall, within 15 days of the request, notify the requester of the

16 copy of the report prepared by the Director's designee, if any, to support the Notice of Violation. Such
17 hearing shall be held no later than 60 days after the Director receives the request, unless time is
18 extended by mutual agreement of the requester and the Director.

19 (e) The Director shall conduct the hearing, or a hearing officer may be designated, who shall
20 have the same authority as the Director to hear and decide the case and make any orders consistent
21 with this Article 16. The Cannabis Business, owner of real property, or other Person(s) deemed
22 responsible for causing the violation(s) may present evidence for consideration, subject to any rules
23 adopted by the Director or hearing officer for the orderly conduct of the hearing. Within 30 days of the
24 conclusion of the hearing, the Director or hearing officer shall render a decision in the form of a
25 written order, which the Director shall promptly serve on the Cannabis Business, owner of real

1 property, or any other Persons charged in the Notice of Violation. The order shall state whether the
2 Notice of Violation has been upheld (in whole or in part), and the enforcement action taken against
3 each party.

4 (f) If the order directs the Cannabis Business, owner of real property, or other person to pay an
5 administrative penalty and/or enforcement costs, such amount shall be paid within ten days from the
6 mailing of the order; the order shall inform the recipient of such deadline for payment.

7 (g) If the order suspends or revokes a permit, or imposes additional permit conditions, it may
8 be appealed to the Board of Appeals in the manner prescribed in Article 1 of the Business and Tax
9 Regulations Code; the order shall inform the recipient of such right to appeal.
