Sacramento, CA 95833

**SUBJECT: Transmittal of San Francisco Building, Fire Codes - Fire Alarm System Upgrade Requirements**

To Whom It May Concern:

Pursuant to California Health & Safety Code, Section 17958.7, enclosed please find a certified copy of the following legislation, which was finally passed by the Board of Supervisors of the City and County of San Francisco, and approved by the Mayor, on the dates specified below:

- **Ordinance No. 233-17 (File No. 170870)** – Ordinance amending the Existing Building and Fire Codes to require buildings sold or transferred after September 1, 2017, to comply with fire alarm system upgrade requirements for sleeping areas; to exempt mandatory seismic strengthening alterations and transient hotels from the alarm system upgrade requirement that otherwise applies to completion of work under a building permit with a cost of construction of \$50,000 or more; affirming the Planning Department's determination under the California Environmental Quality Act; making findings under the California Health and Safety Code; and directing the Clerk of the Board of Supervisors to forward this Ordinance to the California Building Standards Commission upon final passage.

*(Board of Supervisors - Finally Passed on 11/28/2017) (Mayor - Approved on 12/8/2017)*

If you have any questions or require additional information, please contact Alisa Somera, Legislative Deputy Director, at (415) 554-7711 or email [alisa.somera@sfgov.org](mailto:alisa.somera@sfgov.org).

Sincerely,

  
Angela Calvillo  
Clerk of the Board

16 **Board amendment deletions** are in ~~strike through Arial font~~.  
17 **Asterisks (\* \* \* \*)** indicate the omission of unchanged Code  
18 subsections or parts of tables.

19 Be it ordained by the People of the City and County of San Francisco:

20 Section 1. General Findings.

21 (a) The Planning Department has determined that the actions contemplated in this  
22 ordinance comply with the California Environmental Quality Act (California Public Resources  
23 Code Sections 21000 et seq.). Said determination is on file with the Clerk of the Board of  
24 Supervisors in File No. 170870 and is incorporated herein by reference. The Board affirms  
25 this determination.

(b) On September 20, 2017, the Building Inspection Commission considered this  
ordinance at a duly noticed public hearing pursuant to Charter Section D3.750-5.

1  
2 Section 2. Findings under the California Health and Safety Code.

3 The Board of Supervisors hereby finds that the following local conditions apply to the  
4 amendments to the Building and Fire Codes enacted by this ordinance:

5 (a) The City and County of San Francisco is unique among California communities  
6 with respect to the possible causes and effects of fires, including fires in residential multi-unit  
7 buildings. Among other things, San Francisco is located on an active seismic zone; certain  
8 buildings in San Francisco are at an increased risk for earthquake-induced failure and  
9 consequent fire because of local hazardous microzones, slide areas, and local liquefaction  
10 hazards; enhanced fire, structural, and other protections are required due to high building  
11 density and high occupancy in many buildings.

12 (b) San Francisco has narrow and crowded sidewalks due to building and population  
13 density and unusual topography; and San Francisco has numerous high-rise buildings,  
14 including residential buildings with large numbers of people living therein. For these reasons,  
15 fires in San Francisco can be especially devastating, and the need for extra measures to  
16 prepare for and cope with fires is especially pressing, particularly regarding people who live in  
17 multi-unit residential buildings, and who may face fire dangers any day of the week and any  
18 hour of the day or night.

19 (c) California Health and Safety Code Sections 17958 and 17958.5 allow the City to  
20 make changes or modifications in the requirements contained in the provisions published by  
21 the California Building Standards Commission, including the California Fire Code, when those  
22 changes or modifications are reasonably necessary because of local climatic, geological, or  
23 topographical conditions. California Health and Safety Code Section 17958.7 provides that  
24 before making any such changes or modifications, the governing body must make express  
25 findings that such changes or modifications are reasonably necessary because of the

1 specified local conditions, and those findings shall be filed with the California Building  
2 Standards Commission.

3 (d) Pursuant to the applicable California Health and Safety Code sections, the Board  
4 of Supervisors finds and determines that the conditions described above constitute a general  
5 summary of the most significant local conditions giving rise to the need for variance from the  
6 California Fire and Building Codes and any other applicable provisions published by the  
7 California Building Standards Commission. Further, the Board of Supervisors finds and  
8 determines that the proposed variances are reasonably necessary based on these local  
9 conditions, and that these conditions justify more restrictive standards applicable to residential  
10 buildings in San Francisco.

11  
12 Section 3. The Existing Building Code is hereby amended by revising Section 401.8, to  
13 read as follows:

14 401.8 **Fire alarm systems.** For all buildings that are required to have a fire alarm  
15 system under this Code, the Fire Code, the Housing Code, or any other law, the building  
16 owner shall upgrade the fire alarm system, if necessary, to comply with the sound level  
17 requirement ~~for~~ sleeping areas set forth in Section 18.4.5.1 of NFPA 72 (2013 edition), as  
18 amended from time to time, upon either (a) completion of work under a building permit with a  
19 cost of construction of \$50,000 or more, ~~or~~ (b) July 1, 2021, or (c) for buildings sold or  
20 transferred after September 1, 2017, twelve months after the sale of the property. whichever occurs  
21 first.

22 Exception. Subsection 401.8(a) shall not apply to mandatory seismic strengthening alterations  
23 being performed pursuant to Chapter 4D of this Code, or to transient Hotels within the Residential  
24 Group R-1 Occupancy Classification of Section 310.3 of the Building Code.

1 Section 4. The Fire Code is hereby amended by revising Section 1103.7.6.1, to read  
2 as follows:

3 1103.7.6.1. **[For SF] Sleeping Area Requirements.**

4 For all buildings that are required to have a fire alarm system under this Code Section  
5 1103.7.6, pertaining to Group R-2 occupancies, the Building Code, the Housing Code, or any  
6 other law, the building owner shall upgrade the fire alarm system, if necessary, to comply with  
7 the sound level requirement for sleeping areas set forth in Section 18.4.5.1 of NFPA 72 (2013  
8 edition), as amended from time to time, upon either (a) completion of work under a building  
9 permit with a cost of construction of \$50,000 or more, ~~or~~ (b) July 1, 2021, or (c) for buildings  
10 sold or transferred after September 1, 2017, twelve months after the sale of the property, whichever  
11 occurs first.

12 Exceptions. Division 1103.7.6.1(a) shall not apply to mandatory seismic strengthening  
13 alterations being performed pursuant to Chapter 4D of the Existing Building Code. This subsection  
14 1103.7.6.1 applies only to Group R-2 occupancies.

15  
16 Section 5. Effective Date. This ordinance shall become effective 30 days after  
17 enactment. Enactment occurs when the Mayor signs the ordinance, the Mayor returns the  
18 ordinance unsigned or does not sign the ordinance within ten days of receiving it, or the Board  
19 of Supervisors overrides the Mayor's veto of the ordinance.

20  
21 Section 6. Scope of Ordinance. In enacting this ordinance, the Board of Supervisors  
22 intends to amend only those words, phrases, paragraphs, subsections, sections, articles,  
23 numbers, punctuation marks, charts, diagrams, or any other constituent parts of the Municipal  
24 Code that are explicitly shown in this ordinance as additions, deletions, Board amendment  
25

1 additions, and Board amendment deletions in accordance with the "Note" that appears under  
2 the official title of the ordinance.

3  
4 Section 7. Undertaking for the General Welfare. In enacting and implementing this  
5 ordinance, the City is assuming an undertaking only to promote the general welfare. It is not  
6 assuming, nor is it imposing on its officers and employees, an obligation for breach of which it  
7 is liable in money damages to any person who claims that such breach proximately caused  
8 injury.

9  
10 Section 8. Directions to Clerk. The Clerk of the Board of Supervisors is hereby directed  
11 to forward a copy of this ordinance to the California Building Standards Commission upon final  
12 passage as required by State law.
