**Subject:** Letter from SFWPC: Urging BOS to Support Female Interim Mayor

Dear Clerk of the Board,

Please see a letter from the San Francisco Women's Political Committee urging the Board of Supervisors to appoint a female interim mayor at today's board meeting.

Thank you,  
Kelly

Kelly Akemi Groth  
*President*  
San Francisco Women's Political Committee

## **SFWPC Support for Female Interim Mayor**

2017 was a momentous year for women in San Francisco and across the country. In the women's community, we witnessed tremendous victories in the historic Women's March, the #MeToo movement and the record-breaking elections of women of color and LGBTQ candidates last November.

We also faced losses, including the tragic and sudden death of Mayor Ed Lee, our city's first Asian American mayor and a fearless advocate for women in San Francisco.

In this critical moment, the San Francisco Women's Political Committee (SFWPC) strongly urges the Board of Supervisors to uphold its democratic process and appoint an experienced woman leader as interim mayor.

While we understand the important political implications of this appointment, we believe gender parity should be a key goal of your nomination. We know that female perspectives are essential to good public policy and we urge you to ensure that women's voices are represented citywide — particularly in executive leadership.

With the appointment of interim mayor, the Board has an opportunity to shift the gender balance in our city's leadership. While San Francisco has a rich history of promoting women who go on to lead our country, we are disappointed that still, our city has only had **one** woman mayor — Dianne Feinstein — who took office after the assassination of Mayor George Moscone.

Our organization is deeply concerned that the names being floated for interim mayor have overwhelmingly been men. This is emblematic of a larger problem of women being overlooked as credible candidates when positions of leadership become available, particularly in the public arena. We believe this must change.

Whether the Board considers a woman currently in elected office, such as a member of the Board of Supervisors or Assessor-Recorder Carmen Chu, or women administrators such as City Administrator Naomi Kelly, County Clerk Catherine Stefani, or former elected officials like Supervisor Sophie Maxwell, there is a wealth of strong, experienced women leaders to choose from. The San Francisco Women's Political Committee urges the Board of Supervisors to appoint a female leader as interim mayor.

Thank you for your consideration.

Sincerely,

### **SFWPC Board of Directors**

**Subject:** Please retain London Breed as acting mayor

Please forgive my brief note, but I cannot attend in person, so I'm composing this on my break.

As a high school senior, I was impacted by the assassinations of Moscone and Milk, I was still adjusting to the loss of my People's Temple classmates the week before. Moscone spoke at their memorial, and a few days later was gone too.

As Board President, Feinstein was acting, and then interim mayor as the charter called for.

I am URGING you to retain President Breed as acting mayor per the charter and past precedent. To do otherwise would be a disservice to San Franciscans.

If the charter is flawed, then correct it, but at another time. It is incredibly cynical to do it as we have an acting Mayor serving after the tragic death of our last mayor.

Please take this as my testimony in support of London Breed as acting Mayor. I cannot stress how unseemly it is to do otherwise.

San Franciscan

Tami Bryant

**Subject:** Interim Mayor

Dear Members of the Board of Supervisors:

I am writing to urge you to select an interim mayor who will serve only until the voters of San Francisco have had our chance to choose our mayor in the upcoming June election.

San Franciscans, including most if not all of the elected office holders at the city, state and federal level, have expressed a great deal of concern over the consolidation of power in Washington DC, enabled by multiple systems including gerrymandering, voter disenfranchisement, the electoral college, rule changes, dark money and an utter lack of attention to what most people in this country say they want.

If the Board fails to ensure an open, transparent, fair and unbiased process for allowing the voters to elect a new mayor from a range of candidates, then you will be doing locally no less than what continues to occur nationally. There are many individuals who are well qualified to service as interim mayor. Selecting one of them would maintain the necessary separation between the executive and legislative branches of our local government.

Sincerely,

Scott Bravmann

**Subject:** Please appoint a caretaker Mayor today

Dear Supervisors,

We are writing in support of the hearing to appoint a successor Mayor. We ask that you appoint a caretaker Mayor, someone who is not running for Mayor in June.

San Francisco tried once and failed to have a true caretaker Mayor. This is why we have a short list of super-qualified and capable women (mostly women of color) who we'd most definitely support as an interim caretaker Mayor:

- Nadia Sesay, head of the Successor to the Redevelopment Agency, former head of the Office of Public Finance

Naomi Kelly, San Francisco's City Administrator

- Angela Calvillo, veteran Clerk of the Board of Supervisors
- Micki Callahan, Director of Human Resources
- Monique Zmuda, retired Deputy Controller

They all have broad experience at high levels of San Francisco government and could keep the City running until the voters can elect a new Mayor in June.

There is precedent for the Board of Supervisors to appoint an interim/successor Mayor: after the death of George Moscone and the resignation of Gavin Newsom. And even though the Board can delay appointing a successor and temporarily leave the Board President in place as Acting Mayor, that person continues to hold three positions, including head of both legislative and executive branches, with major obligations at both district and citywide levels. That's why the Board of Supervisors voted to appoint Dianne Feinstein as successor Mayor, on December 5, 1978--eight days after she became Acting Mayor following the death of George Moscone. She resigned from her seat on the Board of Supervisors, and went on to win the election in November 1979.

We believe an interim process is the best way to build trust in our government and limit political shadiness. We would feel this way regardless of who was Board President or running for Mayor.

We urge you to appoint a caretaker Mayor today.

Love,  
The League

The League of Pissed Off Voters is a bunch of political geeks in a torrid but troubled love affair with San Francisco. We're blessed to live in America's most progressive city, but we're cursed to live in a city where most of the youth who grow up here can't afford to live here. Frisco has its own dark history of injustice: redevelopment, environmental racism, the "old boys" network. All of us lucky enough to enjoy the San Francisco magic owe it to our City to fight to keep it diverse, just, and healthy.

Subject: Caretaker Mayor

Dear San Francisco Board of Supervisors, I'm writing as a long time resident of San Francisco to endorse a "caretaker" mayor.

I have watched many of my friends, neighbors, coworkers gentrified out of San Francisco. I, myself am hanging on by a thread.

I know that this is occurring as a direct result if Ed Lee's disastrous policies and President Breed's terrible leadership.

Ms Breed has made it clear that she intends to continue Mayor Lee's policies and I feel that this would be disastrous for our city.

I implore you to appoint a caretaker Mayor until a true Progressive Mayor can be voted in. The urgency for this change can not come soon enough.

Best Regards,  
James Freake

Subject: Interim Mayor

As a resident of District 5, we voted for London Breed to Serve our District for a full term. While the passing of Ed Lee was not expected we also remember that she was originally appointed by the mayor to fill out a term of someone else. We have not been given the opportunity for someone to be our supervisor for a full two terms. But we also have not sadly been given the same opportunity for the Mayor. I humbly ask for a Caretaker to be approved by the Board of Supervisors so that London Breed shall she lose the race for Mayor be able to return to her duly elected term in office instead of being able to replace herself with someone not elected by the voters. I suggest that you pick someone that is within City Hall that was Not Voted on that will sign a sworn affidavit to not Run For Mayor and relinquishes the right to title use after.

Dear Members of the Board,

I write to respectfully ask that you choose an interim mayor who will be a “caretaker” — someone who is not running for mayor in June and not on the Board currently. The passing of Mayor Lee should not be used as a vehicle to advance political ambitions, and the Board can stop those cynical ploys by selecting an interim mayor who will serve the City until the June election.

Sincerely,  
Allyson Eddy Bravmann

**Subject:** BOS items 46 - 48 Successor Mayor - should NOT be someone who is running for Mayor

Dear Supervisors,

I suggest that the Successor Mayor should NOT be someone who is running for that office. Giving that position to a current candidate or leaving Supervisor/Mayor Breed in that position for the duration, confers an unfair advantage.

Surely in this city of almost 900,000 people, there is someone who could do that job for the next few months. If you don't know anyone, then ask the public to submit names -- it would be interesting to learn about all the capable people who live in our city.

Sincerely,  
Katherine Howard

**Subject:** SF Needs Democratic Process for Next Mayor  
**Date:** Friday, January 12, 2018 4:27:21 PM

---

Board of Supervisors,

San Francisco is at a critical turning point threatening its very identity and future. The past decade of economic development and city policies benefiting the rich and powerful have created a corrosive and unsustainable crisis of inequality and unaffordability, displacing lower and middle income families, immigrants, communities of color and artists, who, together, make up the backbone of our city's workforce, as well as its cultural vibrancy.

To maintain our diversity and culture, San Francisco urgently needs a new approach to economic development, based on equity. We need dramatic change in how we run our city.

As the Board of Supervisors now moves to appoint an interim mayor, I call upon the Board to deliberate on mayoral succession in an open, transparent and participatory process.

To ensure these basic democratic principles, and to ensure that all San Franciscans have a say in our city's future, San Francisco needs a level playing field for all candidates and constituencies to participate. If the Acting Mayor or the appointed Interim Mayor runs for election in June 2018, s/he will have the power of incumbency, an unfair advantage that dashes all hopes of a fair democratic process that would give all city communities and residents a real voice in their future.

I respectfully demand that the Board of Supervisors appoint a "caretaker" Interim Mayor who will not run in the June 2018 elections as soon as possible.

**Subject:** SF Needs Democratic Process for Next Mayor  
**Date:** Wednesday, January 10, 2018 9:15:41 PM

---

Board of Supervisors,

As our city community moves forward in the wake of the tragedy of Mayor Lee's untimely passing, our actions must address reality: San Francisco is at a critical turning point threatening its very identity and future. The past decade of economic development and city policies benefiting the rich and powerful have created a corrosive and unsustainable crisis of inequality and unaffordability, displacing lower and middle income families, immigrants, communities of color and artists, who, together, make up the backbone of our city's workforce, as well as its cultural vibrancy. To maintain our diversity and culture, San Francisco urgently needs a new approach to economic development, based on equity. We need dramatic change in how we run our city.

As the Board of Supervisors now moves to appoint an interim mayor, I call upon the Board to deliberate on mayoral succession in an open, transparent and participatory process. At this critical juncture, San Franciscans deserve Democracy, Fairness, and Transparency in the process of determining our next Mayor, who could potentially hold office for the next decade. To ensure these basic democratic principles, and to ensure that all San Franciscans have a say in our city's future, San Francisco needs a level playing field for all candidates and constituencies to participate. If the Acting Mayor or the appointed Interim Mayor runs for election in June 2018, s/he will have the power of incumbency, an unfair advantage that dashes all hopes of a fair democratic process that would give all city communities and residents a real voice in their future. Our city's next Mayor must be elected by the voters, NOT selected by 10 or 11 people in City Hall who have their thumbs on the scale.

I respectfully demand that the Board of Supervisors appoint a "caretaker" Interim Mayor who will not run in the June 2018 elections as soon as possible.

Since the upcoming January 9th Board of Supervisors Meeting coincides with the 5 pm mayoral candidacy deadline on that day, a vote for our "caretaker" Interim must occur after January 9, and must not be delayed indefinitely. Therefore, I demand that the Board of Supervisors, on January 9, schedule a special hearing for appointing San Francisco's "caretaker" Interim Mayor, which must take place as soon as possible in the subsequent days following January 9.

---

Board of Supervisors,

As our city community moves forward in the wake of the tragedy of Mayor Lee's untimely passing, our actions must address reality: San Francisco is at a critical turning point threatening its very identity and future. The past decade of economic development and city policies benefiting the rich and powerful have created a corrosive and unsustainable crisis of inequality and unaffordability, displacing lower and middle income families, immigrants, communities of color and artists, who, together, make up the backbone of our city's workforce, as well as its cultural vibrancy. To maintain our diversity and culture, San Francisco urgently needs a new approach to economic development, based on equity. We need dramatic change in how we run our city.

As the Board of Supervisors now moves to appoint an interim mayor, I call upon the Board to deliberate on mayoral succession in an open, transparent and participatory process. At this critical juncture, San Franciscans deserve Democracy, Fairness, and Transparency in the process of determining our next Mayor, who could potentially hold office for the next decade. To ensure these basic democratic principles, and to ensure that all San Franciscans have a say in our city's future, San Francisco needs a level playing field for all candidates and constituencies to participate. If the Acting Mayor or the appointed Interim Mayor runs for election in June 2018, s/he will have the power of incumbency, an unfair advantage that dashes all hopes of a fair democratic process that would give all city communities and residents a real voice in their future. Our city's next Mayor must be elected by the voters, NOT selected by 10 or 11 people in City Hall who have their thumbs on the scale.

I respectfully demand that the Board of Supervisors appoint a "caretaker" Interim Mayor who will not run in the June 2018 elections as soon as possible.

Since the upcoming January 9th Board of Supervisors Meeting coincides with the 5 pm mayoral candidacy deadline on that day, a vote for our "caretaker" Interim must occur after January 9, and must not be delayed indefinitely. Therefore, I demand that the Board of Supervisors, on January 9, schedule a special hearing for appointing San Francisco's "caretaker" Interim Mayor, which must take place as soon as possible in the subsequent days following January 9.

The past decade of economic development and city policies benefiting the rich and powerful have created a corrosive and unsustainable crisis of inequality and unaffordability, displacing lower and middle income families, immigrants, communities of color and artists, who, together, make up the backbone of our city's workforce, as well as its cultural vibrancy. To maintain our diversity and culture, San Francisco urgently needs a new approach to economic development, based on equity. We need dramatic change in how we run our city.

As the Board of Supervisors now moves to appoint an interim mayor, I call upon the Board to deliberate on mayoral succession in an open, transparent and participatory process. At this critical juncture, San Franciscans deserve Democracy, Fairness, and Transparency in the process of determining our next Mayor, who could potentially hold office for the next decade. To ensure these basic democratic principles, and to ensure that all San Franciscans have a say in our city's future, San Francisco needs a level playing field for all candidates and constituencies to participate. If the Acting Mayor or the appointed Interim Mayor runs for election in June 2018, s/he will have the power of incumbency, an unfair advantage that dashes all hopes of a fair democratic process that would give all city communities and residents a real voice in their future. Our city's next Mayor must be elected by the voters, NOT selected by 10 or 11 people in City Hall who have their thumbs on the scale.

I respectfully demand that the Board of Supervisors appoint a "caretaker" Interim Mayor who will not run in the June 2018 elections as soon as possible.

Since the upcoming January 9th Board of Supervisors Meeting coincides with the 5 pm mayoral candidacy deadline on that day, a vote for our "caretaker" Interim must occur after January 9, and must not be delayed indefinitely. Therefore, I demand that the Board of Supervisors, on January 9, schedule a special hearing for appointing San Francisco's "caretaker" Interim Mayor, which must take place as soon as possible in the subsequent days following January 9.

Board of Supervisors,

As our city community moves forward in the wake of the tragedy of Mayor Lee's untimely passing, our actions must address reality: San Francisco is at a critical turning point threatening its very identity and future. The past decade of economic development and city policies benefiting the rich and powerful have created a corrosive and unsustainable crisis of inequality and unaffordability, displacing lower and middle income families, immigrants, communities of color and artists, who, together, make up the backbone of our city's workforce, as well as its cultural vibrancy. To maintain our diversity and culture, San Francisco urgently needs a new approach to economic development, based on equity. We need dramatic change in how we run our city.

As the Board of Supervisors now moves to appoint an interim mayor, I call upon the Board to deliberate on mayoral succession in an open, transparent and participatory process. At this critical juncture, San Franciscans deserve Democracy, Fairness, and Transparency in the process of determining our next Mayor, who could potentially hold office for the next decade. To ensure these basic democratic principles, and to ensure that all San Franciscans have a say in our city's future, San Francisco needs a level playing field for all candidates and constituencies to participate. If the Acting Mayor or the appointed Interim Mayor runs for election in June 2018, s/he will have the power of incumbency, an unfair advantage that dashes all hopes of a fair democratic process that would give all city communities and residents a real voice in their future. Our city's next Mayor must be elected by the voters, NOT selected by 10 or 11 people in City Hall who have their thumbs on the scale.

I respectfully demand that the Board of Supervisors appoint a "caretaker" Interim Mayor who will not run in the June 2018 elections as soon as possible.

Since the upcoming January 9th Board of Supervisors Meeting coincides with the 5 pm mayoral candidacy deadline on that day, a vote for our "caretaker" Interim must occur after January 9, and must not be delayed indefinitely. Therefore, I demand that the Board of Supervisors, on January 9, schedule a special hearing for appointing San Francisco's "caretaker" Interim Mayor, which must take place as soon as possible in the subsequent days following January 9.

Board of Supervisors,

San Francisco is currently viewed as a failure by those who understand how a democracy is supposed to function. It is now a Republican stronghold for the most powerful and wealthy "Corporate Persons" of the entire world. This is unsustainable. All bets are off, so to speak. The people who are employed to cook for, feed, bathe, clean the people who can afford to own this city and their children, and those who take care of maintaining basic services required by these "globetrotters" are no longer able to survive here without a second or third income. WE ARE AT THE LEVEL OF RWANDA for income disparity. Let us not count our chickens that Google, etc. will employ well-paid renters for all eternity. Let us not assume that there will be no crash or earthquake that will create major diasporas for those who don't even respect this city's uniqueness, let alone its working classes. Let us not make the stupid assumption that robots will save us either - many custodians are worried that their hotel jobs are about to be taken over by robotics. I hope that the "powers that be" are not counting on robotics as the solution to manual labor. But this is just a tangent. Without real humans we have no real culture. The overworked programmers, managerial types, office managers, --- everybody - can be replaced sooner or later. But as an artist, I prefer to live in a vibrant city full of all kinds of people. I love public transit and dread the idea of isolation in a privately owned vehicle (UBER, LYFT). I love coming into contact with families from all over the world who live real lives and appreciate their communities. I don't enjoy being among hordes of temporary transplants who are here to "get in, get rich, and get out" after buying themselves a stopover "pied a terre" that they use to rent out through Air-BnB. I don't want to see this city turn into Macao or Monaco or Dubai. Again, who will drive, or take the overcrowded BART lines or ferries or buses into the city just to clean up the messes of the spoiled? WE NEED a 180 degree reversal of this trend - yesterday. We need to think BIG PICTURE GREEN. We need to provide real homes for our workers IN THE SAME BUILDINGS as those with money. Workers and the disabled should not be pushed into badly constructed "low income housing" or into the Tenderloin. We need to look to real civilized cities in the world (in Denmark, Norway, Netherlands, etc) and provide fair health, housing, water, etc. for everyone as A BASIC HUMAN RIGHT. We are supposed to be a World Class City. Let's be that! Let's start with

an open, transparent, and fully participatory discussion on the appointment of an interim mayor and follow up with these same principles in the selection of our next Mayor.

I respectfully demand that the Board of Supervisors appoint a “caretaker” Interim Mayor who will not run in the June 2018 elections as soon as possible.

Since the upcoming January 9th Board of Supervisors Meeting coincides with the 5 pm mayoral candidacy deadline on that day, a vote for our “caretaker” Interim must occur after January 9, and must not be delayed indefinitely. **Date:** Friday, December 29, 2017 2:44:22 PM

---

Board of Supervisors,

As our city community moves forward in the wake of the tragedy of Mayor Lee's untimely passing, our actions must address reality: San Francisco is at a critical turning point threatening its very identity and future. The past decade of economic development and city policies benefiting the rich and powerful have created a corrosive and unsustainable crisis of inequality and unaffordability, displacing lower and middle income families, immigrants, communities of color and artists, who, together, make up the backbone of our city's workforce, as well as its cultural vibrancy. To maintain our diversity and culture, San Francisco urgently needs a new approach to economic development, based on equity. We need dramatic change in how we run our city.

As the Board of Supervisors now moves to appoint an interim mayor, I call upon the Board to deliberate on mayoral succession in an open, transparent and participatory process. At this critical juncture, San Franciscans deserve Democracy, Fairness, and Transparency in the process of determining our next Mayor, who could potentially hold office for the next decade. To ensure these basic democratic principles, and to ensure that all San Franciscans have a say in our city's future, San Francisco needs a level playing field for all candidates and constituencies to participate. If the Acting Mayor or the appointed Interim Mayor runs for election in June 2018, s/he will have the power of incumbency, an unfair advantage that dashes all hopes of a fair democratic process that would give all city communities and residents a real voice in their future. Our city's next Mayor must be elected by the voters, NOT selected by 10 or 11 people in City Hall who have their thumbs on the scale.

I respectfully demand that the Board of Supervisors appoint a "caretaker" Interim Mayor who will not run in the June 2018 elections as soon as possible.

Since the upcoming January 9th Board of Supervisors Meeting coincides with the 5 pm mayoral candidacy deadline on that day, a vote for our "caretaker" Interim must occur after January 9, and must not be delayed indefinitely. Therefore, I demand that the Board of Supervisors, on January 9, schedule a special hearing for appointing San Francisco's "caretaker" Interim Mayor, which must take place as soon as possible in the subsequent days following January 9.

---

Board of Supervisors,

As our city community moves forward in the wake of the tragedy of Mayor Lee's untimely passing, our actions must address reality: San Francisco is at a critical turning point threatening its very identity and future. The past decade of economic development and city policies benefiting the rich and powerful have created a corrosive and unsustainable crisis of inequality and unaffordability, displacing lower and middle income families, immigrants, communities of color and artists, who, together, make up the backbone of our city's workforce, as well as its cultural vibrancy. To maintain our diversity and culture, San Francisco urgently needs a new approach to economic development, based on equity. We need dramatic change in how we run our city.

As the Board of Supervisors now moves to appoint an interim mayor, I call upon the Board to deliberate on mayoral succession in an open, transparent and participatory process. At this critical juncture, San Franciscans deserve Democracy, Fairness, and Transparency in the process of determining our next Mayor, who could potentially hold office for the next decade. To ensure these basic democratic principles, and to ensure that all San Franciscans have a say in our city's future, San Francisco needs a level playing field for all candidates and constituencies to participate. If the Acting Mayor or the appointed Interim Mayor runs for election in June 2018, s/he will have the power of incumbency, an unfair advantage that dashes all hopes of a fair democratic process that would give all city communities and residents a real voice in their future. Our city's next Mayor must be elected by the voters, NOT selected by 10 or 11 people in City Hall who have their thumbs on the scale.

I respectfully demand that the Board of Supervisors appoint a "caretaker" Interim Mayor who will not run in the June 2018 elections as soon as possible.

Since the upcoming January 9th Board of Supervisors Meeting coincides with the 5 pm mayoral candidacy deadline on that day, a vote for our "caretaker" Interim must occur after January 9, and must not be delayed indefinitely. Therefore, I demand that the Board of Supervisors, on January 9, schedule a special hearing for appointing San Francisco's "caretaker" Interim Mayor, which must take place as soon as possible in the subsequent days following January 9.

Board of Supervisors,

As our community moves forward in the wake of the tragedy of Mayor Lee's untimely passing, our actions must address a critical reality: San Francisco is at a turning point that questions its very identity and future. The past decade has seen economic development and city policies that have focused on the rich and powerful at a cost to corrosive and unsustainable crises of inequality and unaffordability for San Franciscans, displacing lower and middle income families, immigrants, communities of color and artists, who, together, make up the backbone of our city's workforce, as well as its cultural vibrancy. To maintain our diversity and culture, San Francisco urgently needs a new approach to economic development, based on equity. We need dramatic change in how we run our city.

Board of Supervisors,

Hi there,

As our city community moves forward in the wake of the tragedy of Mayor Lee's untimely passing, our actions must address reality: San Francisco is at a critical turning point threatening its very identity and future. The past decade of economic development and city policies benefiting the rich and powerful have created a corrosive and unsustainable crisis of inequality and unaffordability, displacing lower and middle income families, immigrants, communities of color and artists, who, together, make up the backbone of our city's workforce, as well as its cultural vibrancy. To maintain our diversity and culture, San Francisco urgently needs a new approach to economic development, based on equity. We need dramatic change in how we run our city.

As the Board of Supervisors now moves to appoint an interim mayor, I call upon the Board to deliberate on mayoral succession in an open, transparent and participatory process. At this critical juncture, San Franciscans deserve Democracy, Fairness, and Transparency in the process of determining our next Mayor, who could potentially hold office for the next decade. To ensure these basic democratic principles, and to ensure that all San Franciscans have a say in our city's future, San Francisco needs a level playing field for all candidates and constituencies to participate. If the Acting Mayor or the appointed Interim Mayor runs for election in June 2018, s/he will have the power of incumbency, an unfair advantage that dashes all hopes of a fair democratic process that would give all city communities and residents a real voice in their future. Our city's next Mayor must be elected by the voters, NOT selected by 10 or 11 people in City Hall who have their thumbs on the scale.

I respectfully demand that the Board of Supervisors appoint a "caretaker" Interim Mayor who will not run in the June 2018 elections as soon as possible.

Since the upcoming January 9th Board of Supervisors Meeting coincides with the 5 pm mayoral candidacy deadline on that day, a vote for our "caretaker" Interim must occur after January 9, and must not be delayed indefinitely. Therefore, I demand that the Board of Supervisors, on January 9, schedule a special hearing for appointing San Francisco's "caretaker" Interim Mayor, which must take place as soon as possible in the subsequent days following January 9.

Thank you for your time,  
Charles

Board of Supervisors,

As our city community moves forward in the wake of the tragedy of Mayor Lee's untimely passing, our actions must address reality: San Francisco is at a critical turning point threatening its very identity and future. The past decade of economic development and city policies benefiting the rich and powerful have created a corrosive and unsustainable crisis of inequality and unaffordability, displacing lower and middle income families, immigrants, communities of color and artists, who, together, make up the backbone of our city's workforce, as well as its cultural vibrancy. To maintain our diversity and culture, San Francisco urgently needs a new approach to economic development, based on equity. We need dramatic change in how we run our city.

Board of Supervisors,

Let's follow our already prescribed process and keep London Breed as interim mayor. With respect to a caretaker mayor let's not forget that our last caretaker who promised not to run was caretaker-mayor Lee. He broke his promise so who is not to say that the next would not do the same.

Let us not fall into the hands of the so-called progressives who wish to capture the process to suit their own needs. If the supes choose to change the process legislatively then so be it.

But let's not allow their cowardly process prevail.

From a retired white progressive who is ashamed to even acknowledge this organization exists.

Board of Supervisors,

As our city community moves forward in the wake of the tragedy of Mayor Lee's untimely passing, our actions must address reality: San Francisco is at a critical turning point threatening its very identity and future. The past decade of economic development and city policies benefiting the rich and powerful have created a corrosive and unsustainable crisis of inequality and unaffordability, displacing lower and middle income families, immigrants, communities of color and artists, who, together, make up the backbone of our city's workforce, as well as its cultural vibrancy. To maintain our diversity and culture, San Francisco urgently needs a new approach to economic development, based on equity. We need dramatic change in how we run our city.

As the Board of Supervisors now moves to appoint an interim mayor, I call upon the Board to deliberate on mayoral succession in an open, transparent and participatory process. At this critical juncture, San Franciscans deserve Democracy, Fairness, and Transparency in the process of determining our next Mayor, who could potentially hold office for the next decade. To ensure these basic democratic principles, and to ensure that all San Franciscans have a say in our city's future, San Francisco needs a level playing field for all candidates and constituencies to participate. If the Acting Mayor or the appointed Interim Mayor runs for election in June 2018, s/he will have the power of incumbency, an unfair advantage that dashes all hopes of a fair democratic process that would give all city communities and residents a real voice in their future. Our city's next Mayor must be elected by the voters, NOT selected by 10 or 11 people in City Hall who have their thumbs on the scale.

I respectfully demand that the Board of Supervisors appoint a "caretaker" Interim Mayor who will not run in the June 2018 elections as soon as possible.

Since the upcoming January 9th Board of Supervisors Meeting coincides with the 5 pm mayoral candidacy deadline on that day, a vote for our "caretaker" Interim must occur after January 9, and must not be delayed indefinitely. Therefore, I demand that the Board of Supervisors, on January 9, schedule a special hearing for appointing San Francisco's "caretaker" Interim Mayor, which must take place as soon as possible in the subsequent days following January 9.

To maintain our diversity and culture, San Francisco urgently needs a new approach to economic development, based on equity. We need dramatic change in how we run our city.

As the Board of Supervisors now moves to appoint an interim mayor, I call upon the Board to deliberate on mayoral succession in an open, transparent and participatory process. At this critical juncture, San Franciscans deserve Democracy, Fairness, and Transparency in the process of determining our next Mayor, who could potentially hold office for the next decade. To ensure these basic democratic principles, and to ensure that all San Franciscans have a say in our city's future, San Francisco needs a level playing field for all candidates and constituencies to participate. If the Acting Mayor or the appointed Interim Mayor runs for election in June 2018, s/he will have the power of incumbency, an unfair advantage that dashes all hopes of a fair democratic process that would give all city communities and residents a real voice in their future. Our city's next Mayor must be elected by the voters, NOT selected by 10 or 11 people in City Hall who have their thumbs on the scale.

I respectfully demand that the Board of Supervisors appoint a "caretaker" Interim Mayor who will not run in the June 2018 elections as soon as possible.

Since the upcoming January 9th Board of Supervisors Meeting coincides with the 5 pm mayoral candidacy deadline on that day, a vote for our "caretaker" Interim must occur after January 9, and must not be delayed indefinitely. Therefore, I demand that the Board of Supervisors, on January 9, schedule a special hearing for appointing San Francisco's "caretaker" Interim Mayor, which must take place as soon as possible in the subsequent days following January 9.

Board of Supervisors,

As our city community moves forward in the wake of the tragedy of Mayor Lee's untimely passing, our actions must address reality: San Francisco is at a critical turning point threatening its very identity and future. The past decade of economic development and city policies benefiting the rich and powerful have created a corrosive and unsustainable crisis of inequality and unaffordability, displacing lower and middle income families, immigrants, communities of color and artists, who, together, make up the backbone of our city's workforce, as well as its cultural vibrancy. To maintain our diversity and culture, San Francisco urgently needs a new approach to economic development, based on equity. We need dramatic change in how we run our city.

Board of Supervisors,

I am a San Francisco voter who is adding my name to the list of other San Francisco voters who strongly feel that the upcoming June 2018 election should be an opportunity for the voters of San Francisco to elect our Mayor in a fair, democratic election, in which no candidate already holds the office.

Our city's next Mayor must be elected by the voters.

As the Board of Supervisors now moves to appoint an interim mayor, I call upon the Board to appoint a "caretaker" Interim Mayor who will not run in the June 2018 elections.

Since the upcoming January 9th Board of Supervisors Meeting coincides with the 5 pm mayoral candidacy deadline on that day, a vote for our "caretaker" Interim must occur after January 9, and must not be delayed indefinitely. Therefore, I respectfully request that the Board of Supervisors, on January 9, schedule a special hearing for appointing San Francisco's "caretaker" Interim Mayor, which must take place as soon as possible in the subsequent days following January 9.

I also respectfully request that the Board of Supervisors, at their earliest opportunity, deliberate on how to amend the City Charter so that no Supervisor, other than for a short period of time and under emergency circumstances, specifically, the unexpected and sudden death of the Mayor, be allowed to continue serving simultaneously in the roles of Acting Mayor, President of the Board of Supervisors, and as Supervisor of their District. This is an apparent flaw in the City Charter which must be fixed at the earliest possible date, to prevent the imbalance of power that we currently have had in place since Dec. 12, 2017, where one person simultaneously holds power in the executive and legislative branches of government.

Thank you,  
Bettina Cohen

Board of Supervisors,

Dear Supervisors

I believe it's crucial to appoint a neutral, non-running individual as Caretaker Mayor until the June election in absolute fairness to all candidates and the voters of this city. This means of selecting only a Caretaker should be permanently written into the Charter.

Thank you

Lorraine Petty District 5 voter

At this critical juncture, San Franciscans deserve Democracy, Fairness, and Transparency in the process of determining our next Mayor, who could potentially hold office for the next decade. To ensure these basic democratic principles, and to ensure that all San Franciscans have a say in our city's future, San Francisco needs a level playing field for all candidates and constituencies to participate. If the Acting Mayor or the appointed Interim Mayor runs for election in June 2018, s/he will have the power of incumbency, an unfair advantage that dashes all hopes of a fair democratic process that would give all city communities and residents a real voice in their future. Our city's next Mayor must be elected by the voters, NOT selected by 10 or 11 people in City Hall who have their thumbs on the scale.

I respectfully demand that the Board of Supervisors appoint a "caretaker" Interim Mayor who will not run in the June 2018 elections as soon as possible.

Since the upcoming January 9th Board of Supervisors Meeting coincides with the 5 pm mayoral candidacy deadline on that day, a vote for our "caretaker" Interim must occur after January 9, and must not be delayed indefinitely. Therefore, I demand that the Board of Supervisors, on January 9, schedule a special hearing for appointing San Francisco's "caretaker" Interim Mayor, which must take place as soon as possible in the subsequent days following January 9.

Board of Supervisors,

As our city community moves forward in the wake of the tragedy of Mayor Lee's untimely passing, our actions must address reality: San Francisco is at a critical turning point threatening its very identity and future. The past decade of economic development and city policies benefiting the rich and powerful have created a corrosive and unsustainable crisis of inequality and unaffordability, displacing lower and middle income families, immigrants, communities of color and artists, who, together, make up the backbone of our city's workforce, as well as its cultural vibrancy. To maintain our diversity and culture, San Francisco urgently needs a new approach to economic development, based on equity. We need dramatic change in how we run our city.

As the Board of Supervisors now moves to appoint an interim mayor, I call upon the Board to deliberate on mayoral succession in an open, transparent and participatory process. At this critical juncture, San Franciscans deserve Democracy, Fairness, and Transparency in the process of determining our next Mayor, who could potentially hold office for the next decade. To ensure these basic democratic principles, and to ensure that all San Franciscans have a say in our city's future, San Francisco needs a level playing field for all candidates and constituencies to participate. If the Acting Mayor or the appointed Interim Mayor runs for election in June 2018, s/he will have the power of incumbency, an unfair advantage that dashes all hopes of a fair democratic process that would give all city communities and residents a real voice in their future. Our city's next Mayor must be elected by the voters, NOT selected by 10 or 11 people in City Hall who have their thumbs on the scale.

I respectfully demand that the Board of Supervisors appoint a "caretaker" Interim Mayor who will not run in the June 2018 elections as soon as possible.

Since the upcoming January 9th Board of Supervisors Meeting coincides with the 5 pm mayoral candidacy deadline on that day, a vote for our "caretaker" Interim must occur after January 9, and must not be delayed indefinitely. Therefore, I demand that the Board of Supervisors, on January 9, schedule a special hearing for appointing San Francisco's "caretaker" Interim Mayor, which must take place as soon as possible in the subsequent days following January 9.

Board of Supervisors,

As our city community moves forward in the wake of the tragedy of Mayor Lee's untimely passing, our actions must address reality: San Francisco is at a critical turning point threatening its very identity and future. The past decade of economic development and city policies benefiting the rich and powerful have created a corrosive and unsustainable crisis of inequality and unaffordability, displacing lower and middle income families, immigrants, communities of color and artists, who, together, make up the backbone of our city's workforce, as well as its cultural vibrancy. To maintain our diversity and culture, San Francisco urgently needs a new approach to economic development, based on equity. We need dramatic change in how we run our city.

As the Board of Supervisors now moves to appoint an interim mayor, I call upon the Board to deliberate on mayoral succession in an open, transparent and participatory process. At this critical juncture, San Franciscans deserve Democracy, Fairness, and Transparency in the process of determining our next Mayor, who could potentially hold office for the next decade. To ensure these basic democratic principles, and to ensure that all San Franciscans have a say in our city's future, San Francisco needs a level playing field for all candidates and constituencies to participate. If the Acting Mayor or the appointed Interim Mayor runs for election in June 2018, s/he will have the power of incumbency, an unfair advantage that dashes all hopes of a fair democratic process that would give all city communities and residents a real voice in their future. Our city's next Mayor must be elected by the voters, NOT selected by 10 or 11 people in City Hall who have their thumbs on the scale.

I respectfully demand that the Board of Supervisors appoint a "caretaker" Interim Mayor who will not run in the June 2018 elections as soon as possible.

---

Board of Supervisors,

As our city community moves forward in the wake of the tragedy of Mayor Lee's untimely passing, our actions must address reality: San Francisco is at a critical turning point threatening its very identity and future. The past decade of economic development and city policies benefiting the rich and powerful have created a corrosive and unsustainable crisis of inequality and unaffordability, displacing lower and middle income families, immigrants, communities of color and artists, who, together, make up the backbone of our city's workforce, as well as its cultural vibrancy. To maintain our diversity and culture, San Francisco urgently needs a new approach to economic development, based on equity. We need dramatic change in how we run our city.

As the Board of Supervisors now moves to appoint an interim mayor, I call upon the Board to deliberate on mayoral succession in an open, transparent and participatory process. At this critical juncture, San Franciscans deserve Democracy, Fairness, and Transparency in the process of determining our next Mayor, who could potentially hold office for the next decade. To ensure these basic democratic principles, and to ensure that all San Franciscans have a say in our city's future, San Francisco needs a level playing field for all candidates and constituencies to participate. If the Acting Mayor or the appointed Interim Mayor runs for election in June 2018, s/he will have the power of incumbency, an unfair advantage that dashes all hopes of a fair democratic process that would give all city communities and residents a real voice in their future. Our city's next Mayor must be elected by the voters, NOT selected by 10 or 11 people in City Hall who have their thumbs on the scale.

I respectfully demand that the Board of Supervisors appoint a "caretaker" Interim Mayor who will not run in the June 2018 elections as soon as possible.

Since the upcoming January 9th Board of Supervisors Meeting coincides with the 5 pm mayoral candidacy deadline on that day, a vote for our "caretaker" Interim must occur after January 9, and must not be delayed indefinitely. Therefore, I demand that the Board of Supervisors, on January 9, schedule a special hearing for appointing San Francisco's "caretaker" Interim Mayor, which must take place as soon as possible in the subsequent days following January 9.

To ensure these basic democratic principles, and to ensure that all San Franciscans have a say in our city's future, San Francisco needs a level playing field for all candidates and constituencies to participate. If the Acting Mayor or the appointed Interim Mayor runs for election in June 2018, s/he will have the power of incumbency, an unfair advantage that dashes all hopes of a fair democratic process that would give all city communities and residents a real voice in their future. Our city's next Mayor must be elected by the voters, NOT selected by 10 or 11 people in City Hall who have their thumbs on the scale.

I respectfully demand that the Board of Supervisors appoint a "caretaker" Interim Mayor who will not run in the June 2018 elections as soon as possible.

Since the upcoming January 9th Board of Supervisors Meeting coincides with the 5 pm mayoral candidacy deadline on that day, a vote for our "caretaker" Interim must occur after January 9, and must not be delayed indefinitely. Therefore, I demand that the Board of Supervisors, on January 9, schedule a special hearing for appointing San Francisco's "caretaker" Interim Mayor, which must take place as soon as possible in the subsequent days following January 9.

Board of Supervisors,

As our city community moves forward in the wake of the tragedy of Mayor Lee's untimely passing, our actions must address reality: San Francisco is at a critical turning point threatening its very identity and future. The past decade of economic development and city policies benefiting the rich and powerful have created a corrosive and unsustainable crisis of inequality and unaffordability, displacing lower and middle income families, immigrants, communities of color and artists, who, together, make up the backbone of our city's workforce, as well as its cultural vibrancy. To maintain our diversity and culture, San Francisco urgently needs a new approach to economic development, based on equity. We need dramatic change in how we run our city.

As the Board of Supervisors now moves to appoint an interim mayor, I call upon the Board to deliberate on mayoral succession in an open, transparent and participatory process. At this critical juncture, San Franciscans deserve Democracy, Fairness, and Transparency in the process of determining our next Mayor, who could potentially hold office for the next decade. To ensure these basic democratic principles, and to ensure that all San Franciscans have a say in our city's future, San Francisco needs a level playing field for all candidates and constituencies to participate. If the Acting Mayor or the appointed Interim Mayor runs for election in June 2018, s/he will have the power of incumbency, an unfair advantage that dashes all hopes of a fair democratic process that would give all city communities and residents a real voice in their future. ---

Board of Supervisors,

As our city community moves forward in the wake of the tragedy of Mayor Lee's untimely passing, our actions must address reality: San Francisco is at a critical turning point threatening its very identity and future. The past decade of economic development and city policies benefiting the rich and powerful have created a corrosive and unsustainable crisis of inequality and unaffordability, displacing lower and middle income families, immigrants, communities of color and artists, who, together, make up the backbone of our city's workforce, as well as its cultural vibrancy. To maintain our diversity and culture, San Francisco urgently needs a new approach to economic development, based on equity. We need dramatic change in how we run our city.

As the Board of Supervisors now moves to appoint an interim mayor, I call upon the Board to deliberate on mayoral succession in an open, transparent and participatory process. At this critical juncture, San Franciscans deserve Democracy, Fairness, and Transparency in the process of determining our next Mayor, who could potentially hold office for the next decade. To ensure these basic democratic principles, and to ensure that all San Franciscans have a say in our city's future, San Francisco needs a level playing field for all candidates and constituencies to participate. If the Acting Mayor or the appointed Interim Mayor runs for election in June 2018, s/he will have the power of incumbency, an unfair advantage that dashes all hopes of a fair democratic process that would give all city communities and residents a real voice in their future. Our city's next Mayor must be elected by the voters, NOT selected by 10 or 11 people in City Hall who have their thumbs on the scale.

I respectfully demand that the Board of Supervisors appoint a "caretaker" Interim Mayor who will not run in the June 2018 elections as soon as possible.

Since the upcoming January 9th Board of Supervisors Meeting coincides with the 5 pm mayoral candidacy deadline on that day, a vote for our "caretaker" Interim must occur after January 9, and must not be delayed indefinitely. Therefore, I demand that the Board of Supervisors, on January 9, schedule a special hearing for appointing San Francisco's "caretaker" Interim Mayor, which must take place as soon as possible in the subsequent days following January 9.

**Subject:** SF Needs Democratic Process for Next Mayor  
**Date:** Wednesday, January 03, 2018 9:43:47 AM

---

Board of Supervisors,

As our city community moves forward in the wake of the tragedy of Mayor Lee's untimely passing, our actions must address reality: San Francisco is at a critical turning point threatening its very identity and future. The past decade of economic development and city policies benefiting the rich and powerful have created a corrosive and unsustainable crisis of inequality and unaffordability, displacing lower and middle income families, immigrants, communities of color and artists, who, together, make up the backbone of our city's workforce, as well as its cultural vibrancy. To maintain our diversity and culture, San Francisco urgently needs a new approach to economic development, based on equity. We need dramatic change in how we run our city.

As the Board of Supervisors now moves to appoint an interim mayor, I call upon the Board to deliberate on mayoral succession in an open, transparent and participatory process. At this critical juncture, San Franciscans deserve Democracy, Fairness, and Transparency in the process of determining our next Mayor, who could potentially hold office for the next decade. To ensure these basic democratic principles, and to ensure that all San Franciscans have a say in our city's future, San Francisco needs a level playing field for all candidates and constituencies to participate. If the Acting Mayor or the appointed Interim Mayor runs for election in June 2018, s/he will have the power of incumbency, an unfair advantage that dashes all hopes of a fair democratic process that would give all city communities and residents a real voice in their future. Our city's next Mayor must be elected by the voters, NOT selected by 10 or 11 people in City Hall who have their thumbs on the scale.

I respectfully demand that the Board of Supervisors appoint a "caretaker" Interim Mayor who will not run in the June 2018 elections as soon as possible.

Since the upcoming January 9th Board of Supervisors Meeting coincides with the 5 pm mayoral candidacy deadline on that day, a vote for our "caretaker" Interim must occur after January 9, and must not be delayed indefinitely. Therefore, I demand that the Board of Supervisors, on January 9, schedule a special hearing for appointing San Francisco's "caretaker" Interim Mayor, which must take place as soon as possible in the subsequent days following January 9.

To maintain our diversity and culture, San Francisco urgently needs a new approach to economic development, based on equity. We need dramatic change in how we run our city.

As the Board of Supervisors now moves to appoint an interim mayor, I call upon the Board to deliberate on mayoral succession in an open, transparent and participatory process. At this critical juncture, San Franciscans deserve Democracy, Fairness, and Transparency in the process of determining our next Mayor, who could potentially hold office for the next decade. To ensure these basic democratic principles, and to ensure that all San Franciscans have a say in our city's future, San Francisco needs a level playing field for all candidates and constituencies to participate. If the Acting Mayor or the appointed Interim Mayor runs for election in June 2018, s/he will have the power of incumbency, an unfair advantage that dashes all hopes of a fair democratic process that would give all city communities and residents a real voice in their future. Our city's next Mayor must be elected by the voters, NOT selected by 10 or 11 people in City Hall who have their thumbs on the scale.

I respectfully demand that the Board of Supervisors appoint a "caretaker" Interim Mayor who will not run in the June 2018 elections as soon as possible.

Since the upcoming January 9th Board of Supervisors Meeting coincides with the 5 pm mayoral candidacy deadline on that day, a vote for our "caretaker" Interim must occur after January 9, and must not be delayed indefinitely. Therefore, I demand that the Board of Supervisors, on January 9, schedule a special hearing for appointing San Francisco's "caretaker" Interim Mayor, which must take place as soon as possible in the subsequent days following January 9.

Board of Supervisors,

As our city community moves forward in the wake of the tragedy of Mayor Lee's untimely passing, our actions must address reality: San Francisco is at a critical turning point threatening its very identity and future. The past decade of economic development and city policies benefiting the rich and powerful have created a corrosive and unsustainable crisis of inequality and unaffordability, displacing lower and middle income families, immigrants, communities of color and artists, who, together, make up the backbone of our city's workforce, as well as its cultural vibrancy. To maintain our diversity and culture, San Francisco urgently needs a new approach to economic development, based on equity. We need dramatic change in how we run our city.

As the Board of Supervisors now moves to appoint an interim mayor, I call upon the Board to deliberate on mayoral succession in an open, transparent and participatory process. To ensure these basic democratic principles, and to ensure that all San Franciscans have a say in our city's future, San Francisco needs a level playing field for all candidates and constituencies to participate. If the Acting Mayor or the appointed Interim Mayor runs for election in June 2018, s/he will have the power of incumbency, an unfair advantage that dashes all hopes of a fair democratic process that would give all city communities and residents a real voice in their future. Our city's next Mayor must be elected by the voters, NOT selected by 10 or 11 people in City Hall who have their thumbs on the scale.

I respectfully demand that the Board of Supervisors appoint a "caretaker" Interim Mayor who will not run in the June 2018 elections as soon as possible.

Since the upcoming January 9th Board of Supervisors Meeting coincides with the 5 pm mayoral candidacy deadline on that day, a vote for our "caretaker" Interim must occur after January 9, and must not be delayed indefinitely. Therefore, I demand that the Board of Supervisors, on January 9, schedule a special hearing for appointing San Francisco's "caretaker" Interim Mayor, which must take place as soon as possible in the subsequent days following January 9.

Board of Supervisors,

As our city community moves forward in the wake of the tragedy of Mayor Lee's untimely passing, our actions must address reality: San Francisco is at a critical turning point threatening its very identity and future. The past decade of economic development and city policies benefiting the rich and powerful have created a corrosive and unsustainable crisis of inequality and unaffordability, displacing lower and middle income families, immigrants, communities of color and artists, who, together, make up the backbone of our city's workforce, as well as its cultural vibrancy. To maintain our diversity and culture, San Francisco urgently needs a new approach to economic development, based on equity. We need dramatic change in how we run our city.

As the Board of Supervisors now moves to appoint an interim mayor, I call upon the Board to deliberate on mayoral succession in an open, transparent and participatory process. At this critical juncture, San Franciscans deserve Democracy, Fairness, and Transparency in the process of determining our next Mayor, who could potentially hold office for the next decade. To ensure these basic democratic principles, and to ensure that all San Franciscans have a say in our city's future, San Francisco needs a level playing field for all candidates and constituencies to participate. If the Acting Mayor or the appointed Interim Mayor runs for election in June 2018, s/he will have the power of incumbency, an unfair advantage that dashes all hopes of a fair democratic process that would give all city communities and residents a real voice in their future. Our city's next Mayor must be elected by the voters, NOT selected by 10 or 11 people in City Hall who have their thumbs on the scale.

Our city's next Mayor must be elected by the voters, NOT selected by 10 or 11 people in City Hall who have their thumbs on the scale.

I respectfully demand that the Board of Supervisors appoint a "caretaker" Interim Mayor who will not run in the June 2018 elections as soon as possible.

Since the upcoming January 9th Board of Supervisors Meeting coincides with the 5 pm mayoral candidacy deadline on that day, a vote for our "caretaker" Interim must occur after January 9, and must not be delayed indefinitely. Therefore, I demand that the Board of Supervisors, on January 9, schedule a special hearing for appointing San Francisco's "caretaker" Interim Mayor, which must take place as soon as possible in the subsequent days following January 9.

**Date:** Sunday, December 31, 2017 7:04:53 PM

---

Board of Supervisors,

As our city community moves forward in the wake of the tragedy of Mayor Lee's untimely passing, our actions must address reality: San Francisco is at a critical turning point threatening its very identity and future. The past decade of economic development and city policies benefiting the rich and powerful have created a corrosive and unsustainable crisis of inequality and unaffordability, displacing lower and middle income families, immigrants, communities of color and artists, who, together, make up the backbone of our city's workforce, as well as its cultural vibrancy. To maintain our diversity and culture, San Francisco urgently needs a new approach to economic development, based on equity. We need dramatic change in how we run our city.

As the Board of Supervisors now moves to appoint an interim mayor, I call upon the Board to deliberate on mayoral succession in an open, transparent and participatory process. At this critical juncture, San Franciscans deserve Democracy, Fairness, and Transparency in the process of determining our next Mayor, who could potentially hold office for the next decade. To ensure these basic democratic principles, and to ensure that all San Franciscans have a say in our city's future, San Francisco needs a level playing field for all candidates and constituencies to participate. If the Acting Mayor or the appointed Interim Mayor runs for election in June 2018, s/he will have the power of incumbency, an unfair advantage that dashes all hopes of a fair democratic process that would give all city communities and residents a real voice in their future. Our city's next Mayor must be elected by the voters, NOT selected by 10 or 11 people in City Hall who have their thumbs on the scale.

I respectfully demand that the Board of Supervisors appoint a "caretaker" Interim Mayor who will not run in the June 2018 elections as soon as possible.

---

Board of Supervisors,

As our city community moves forward in the wake of the tragedy of Mayor Lee's untimely passing, our actions must address reality: San Francisco is at a critical turning point threatening its very identity and future. The past decade of economic development and city policies benefiting the rich and powerful have created a corrosive and unsustainable crisis of inequality and unaffordability, displacing lower and middle income families, immigrants, communities of color and artists, who, together, make up the backbone of our city's workforce, as well as its cultural vibrancy. To maintain our diversity and culture, San Francisco urgently needs a new approach to economic development, based on equity. We need dramatic change in how we run our city.

As the Board of Supervisors now moves to appoint an interim mayor, I call upon the Board to deliberate on mayoral succession in an open, transparent and participatory process. At this critical juncture, San Franciscans deserve Democracy, Fairness, and Transparency in the process of determining our next Mayor, who could potentially hold office for the next decade. To ensure these basic democratic principles, and to ensure that all San Franciscans have a say in our city's future, San Francisco needs a level playing field for all candidates and constituencies to participate. If the Acting Mayor or the appointed Interim Mayor runs for election in June 2018, s/he will have the power of incumbency, an unfair advantage that dashes all hopes of a fair democratic process that would give all city communities and residents a real voice in their future. Our city's next Mayor must be elected by the voters, NOT selected by 10 or 11 people in City Hall who have their thumbs on the scale.

I respectfully demand that the Board of Supervisors appoint a "caretaker" Interim Mayor who will not run in the June 2018 elections as soon as possible.

Since the upcoming January 9th Board of Supervisors Meeting coincides with the 5 pm mayoral candidacy deadline on that day, a vote for our "caretaker" Interim must occur after January 9, and must not be delayed indefinitely. Therefore, I demand that the Board of Supervisors, on January 9, schedule a special hearing for appointing San Francisco's "caretaker" Interim Mayor, which must take place as soon as possible in the subsequent days following January 9.

Board of Supervisors,

The Democratic Party has been dragged through the mud by leaked emails and testimonies about undemocratic rigging of elections, lack of transparency, and financial corruption. We need to restore faith in the Democratic party as a real democratic institution. One that values and acts on important principles of transparency, accountability, and inclusion.

As our city community moves forward in the wake of the tragedy of Mayor Lee's untimely passing, our actions must address reality: San Francisco is at a critical turning point threatening its very identity and future. The past decade of economic development and city policies benefiting the rich and powerful have created a corrosive and unsustainable crisis of inequality and unaffordability, displacing lower and middle income families, immigrants, communities of color and artists, who, together, make up the backbone of our city's workforce, as well as its cultural vibrancy. Board of Supervisors,

As our city community moves forward in the wake of the tragedy of Mayor Lee's untimely passing, our actions must address reality: San Francisco is at a critical turning point threatening its very identity and future. The past decade of economic development and city policies benefiting the rich and powerful have created a corrosive and unsustainable crisis of inequality and unaffordability, displacing lower and middle income families, immigrants, communities of color and artists, who, together, make up the backbone of our city's workforce, as well as its cultural vibrancy. To maintain our diversity and culture, San Francisco urgently needs a new approach to economic development, based on equity. We need dramatic change in how we run our city.

As the Board of Supervisors now moves to appoint an interim mayor, I call upon the Board to deliberate on mayoral succession in an open, transparent and participatory process. At this critical juncture, San Franciscans deserve Democracy, Fairness, and Transparency in the process of determining our next Mayor, who could potentially hold office for the next decade. To ensure these basic democratic principles, and to ensure that all San Franciscans have a say in our city's future, San Francisco needs a level playing field for all candidates and constituencies to participate. If the Acting Mayor or the appointed Interim Mayor runs for election in June 2018, s/he will have the power of incumbency, an unfair advantage that dashes all hopes of a fair democratic process that would give all city communities and residents a real voice in their future. Our city's next Mayor must be elected by the voters, NOT selected by 10 or 11 people in City Hall who have their thumbs on the scale.

I respectfully demand that the Board of Supervisors appoint a "caretaker" Interim Mayor who will not run in the June 2018 elections as soon as possible.

Since the upcoming January 9th Board of Supervisors Meeting coincides with the 5 pm mayoral candidacy deadline on that day, a vote for our "caretaker" Interim must occur after January 9, and must not be delayed indefinitely. Therefore, I demand that the Board of Supervisors, on January 9, schedule a special hearing for appointing San Francisco's "caretaker" Interim Mayor, which must take place as soon as possible in the subsequent days following January 9.

Board of Supervisors,

San Francisco is currently viewed as a failure by those who understand how a democracy is supposed to function. It is now a Republican stronghold for the most powerful and wealthy "Corporate Persons" of the entire world. This is unsustainable. All bets are off, so to speak. The people who are employed to cook for, feed, bathe, clean the people who can afford to own this city and their children, and those who take care of maintaining basic services required by these "globetrotters" are no longer able to survive here without a second or third income. WE ARE AT THE LEVEL OF RWANDA for income disparity. Let us not count our chickens that Google, etc. will employ well-paid renters for all eternity. Let us not assume that there will be no crash or earthquake that will create major diasporas for those who don't even respect this city's uniqueness, let alone its working classes. Let us not make the stupid assumption that robots will save us either - many custodians are worried that their hotel jobs are about to be taken over by robotics. I hope that the "powers that be" are not counting on robotics as the solution to manual labor. But this is just a tangent. Without real humans we have no real culture. The overworked programmers, managerial types, office managers, --- everybody - can be replaced sooner or later. But as an artist, I prefer to live in a vibrant city full of all kinds of people. I love public transit and dread the idea of isolation in a privately owned vehicle (UBER, LYFT). I love coming into contact with families from all over the world who live real lives and appreciate their communities. I don't enjoy being among hordes of temporary transplants who are here to "get in, get rich, and get out" after buying themselves a stopover "pied a terre" that they use to rent out through Air-BnB. I don't want to see this city turn into Macao or Monaco or Dubai. Again, who will drive, or take the overcrowded BART lines or ferries or buses into the city just to clean up the messes of the spoiled? WE NEED a 180 degree reversal of this trend - yesterday. We need to think BIG PICTURE GREEN. We need to provide real homes for our workers IN THE SAME BUILDINGS as those with money. Workers and the disabled should not be pushed into badly constructed "low income housing" or into the Tenderloin. We need to look to real civilized cities in the world (in Denmark, Norway, Netherlands, etc) and provide fair health, housing, water, etc. for everyone as A BASIC HUMAN RIGHT. We are supposed to be a World Class City. Let's be that! Let's start with an open, transparent, and fully participatory discussion on the appointment of an interim mayor and follow up with these same principles in the selection of our next Mayor.

I respectfully demand that the Board of Supervisors appoint a "caretaker" Interim Mayor who will not run in the June 2018 elections as soon as possible.

Since the upcoming January 9th Board of Supervisors Meeting coincides with the 5 pm mayoral candidacy deadline on that day, a vote for our "caretaker" Interim must occur after January 9, and must not be delayed indefinitely. Therefore, I demand that the Board of

Board of Supervisors,

As our city community moves forward in the wake of the tragedy of Mayor Lee's untimely passing, our actions must address reality: San Francisco is at a critical turning point.

The past decade of economic development and city policies have created an unsustainable crisis of inequality and unaffordability, displacing lower and middle income families, immigrants, communities of color and artists, who are the backbone of our city's workforce, and creators of its cultural and social vibrancy.

To maintain our diversity and culture, San Francisco urgently needs a new approach to economic development, based on equity. We need dramatic change in how we run our city.

As the Board of Supervisors now moves to appoint an interim mayor, I call upon the Board to deliberate on mayoral succession in an open, transparent and participatory process.

At this critical juncture, San Franciscans deserve Democracy, Fairness, and Transparency in the process of determining our next Mayor, who could potentially hold office for the next decade.

To ensure that all San Franciscans have a say in our city's future, we need a level playing field for all candidates and constituencies to participate. If the Acting Mayor or the appointed Interim Mayor runs for election in June 2018, he or she will have the power of incumbency, an unfair advantage that defeats a fair democratic process. Our city's next Mayor must be elected by the voters, NOT selected by 10 or 11 people in City Hall who have their thumbs on the scale nor by a shadowy group of powdr brokers and wealthy activists with a growth agenda blind to equity concerns.

I respectfully insist that the Board of Supervisors speedily appoint a "caretaker" Interim Mayor who will not run in the June 2018 elections.

Since the upcoming January 9th Board of Supervisors Meeting coincides with the 5 pm mayoral candidacy deadline on that day, a Committee of the Whole special meeting to vote for our "caretaker" Interim Mayor must occur after as soon as possible after January 9 but not later than the one month anniversary of Mayor Lee's passing.

---

Board of Supervisors,

As our city community moves forward in the wake of the tragedy of Mayor Lee's untimely passing, our actions must address reality: San Francisco is at a critical turning point threatening its very identity and future. The past decade of economic development and city policies benefiting the rich and powerful have created a corrosive and unsustainable crisis of inequality and unaffordability, displacing lower and middle income families, immigrants, communities of color and artists, who, together, make up the backbone of our city's workforce, as well as its cultural vibrancy. To maintain our diversity and culture, San Francisco urgently needs a new approach to economic development, based on equity. We need dramatic change in how we run our city.

As the Board of Supervisors now moves to appoint an interim mayor, I call upon the Board to deliberate on mayoral succession in an open, transparent and participatory process. At this critical juncture, San Franciscans deserve Democracy, Fairness, and Transparency in the process of determining our next Mayor, who could potentially hold office for the next decade. To ensure these basic democratic principles, and to ensure that all San Franciscans have a say in our city's future, San Francisco needs a level playing field for all candidates and constituencies to participate. If the Acting Mayor or the appointed Interim Mayor runs for election in June 2018, s/he will have the power of incumbency, an unfair advantage that dashes all hopes of a fair democratic process that would give all city communities and residents a real voice in their future. Our city's next Mayor must be elected by the voters, NOT selected by 10 or 11 people in City Hall who have their thumbs on the scale.

I respectfully demand that the Board of Supervisors appoint a "caretaker" Interim Mayor who will not run in the June 2018 elections as soon as possible.

Since the upcoming January 9th Board of Supervisors Meeting coincides with the 5 pm mayoral candidacy deadline on that day, a vote for our "caretaker" Interim must occur after January 9, and must not be delayed indefinitely. Therefore, I demand that the Board of Supervisors, on January 9, schedule a special hearing for appointing San Francisco's "caretaker" Interim Mayor, which must take place as soon as possible in the subsequent days following January 9.

Board of Supervisors,

It seems only fair to appoint an interim mayor who truly (not as in the past) has no interest in running for mayor.

Board of Supervisors,

San Francisco is currently viewed as a failure by those who understand how a democracy is supposed to function. It is now a Republican stronghold for the most powerful and wealthy "Corporate Persons" of the entire world. This is unsustainable. All bets are off, so to speak. The people who are employed to cook for, feed, bathe, clean the people who can afford to own this city and their children, and those who take care of maintaining basic services required by these "globetrotters" are no longer able to survive here without a second or third income. WE ARE AT THE LEVEL OF RWANDA for income disparity. Let us not count our chickens that Google, etc. will employ well-paid renters for all eternity. Let us not assume that there will be no crash or earthquake that will create major diasporas for those who don't even respect this city's uniqueness, let alone its working classes. Let us not make the stupid assumption that robots will save us either - many custodians are worried that their hotel jobs are about to be taken over by robotics. I hope that the "powers that be" are not counting on robotics as the solution to manual labor. But this is just a tangent. Without real humans we have no real culture. The overworked programmers, managerial types, office managers, --- everybody - can be replaced sooner or later. But as an artist, I prefer to live in a vibrant city full of all kinds of people. I love public transit and dread the idea of isolation in a privately owned vehicle (UBER, LYFT). I love coming into contact with families from all over the world who live real lives and appreciate their communities. I don't enjoy being among hordes of temporary transplants who are here to "get in, get rich, and get out" after buying themselves a stopover "pied a terre" that they use to rent out through Air-BnB. I don't want to see this city turn into Macao or Monaco or Dubai. Again, who will drive, or take the overcrowded BART lines or ferries or buses into the city just to clean up the messes of the spoiled? WE NEED a 180 degree reversal of this trend - yesterday. We need to think BIG PICTURE GREEN. We need to provide real homes for our workers IN THE SAME BUILDINGS as those with money. Workers and the disabled should not be pushed into badly constructed "low income housing" or into the Tenderloin. We need to look to real civilized cities in the world (in Denmark, Norway, Netherlands, etc) and provide fair health, housing, water, etc. for everyone as A BASIC HUMAN RIGHT. We are supposed to be a World Class City. Let's be that! Let's start with

an open, transparent, and fully participatory discussion on the appointment of an interim mayor and follow up with these same principles in the selection of our next Mayor.

I respectfully demand that the Board of Supervisors appoint a “caretaker” Interim Mayor who will not run in the June 2018 elections as soon as possible.

Since the upcoming January 9th Board of Supervisors Meeting coincides with the 5 pm mayoral candidacy deadline on that day, a vote for our “caretaker” Interim must occur after January 9, and must not be delayed indefinitely. At this critical juncture, San Franciscans deserve Democracy, Fairness, and Transparency in the process of determining our next Mayor, who could potentially hold office for the next decade. To ensure these basic democratic principles, and to ensure that all San Franciscans have a say in our city's future, San Francisco needs a level playing field for all candidates and constituencies to participate. If the Acting Mayor or the appointed Interim Mayor runs for election in June 2018, s/he will have the power of incumbency, an unfair advantage that dashes all hopes of a fair democratic process that would give all city communities and residents a real voice in their future. Our city's next Mayor must be elected by the voters, NOT selected by 10 or 11 people in City Hall who have their thumbs on the scale.

I respectfully demand that the Board of Supervisors appoint a "caretaker" Interim Mayor who will not run in the June 2018 elections as soon as possible.

Since the upcoming January 9th Board of Supervisors Meeting coincides with the 5 pm mayoral candidacy deadline on that day, a vote for our "caretaker" Interim must occur after January 9, and must not be delayed indefinitely. Therefore, I demand that the Board of Supervisors, on January 9, schedule a special hearing for appointing San Francisco's "caretaker" Interim Mayor, which must take place as soon as possible in the subsequent days following January 9.

Board of Supervisors,

As our city community moves forward in the wake of the tragedy of Mayor Lee's untimely passing, our actions must address reality: San Francisco is at a critical turning point threatening its very identity and future. The past decade of economic development and city policies benefiting the rich and powerful have created a corrosive and unsustainable crisis of inequality and unaffordability, displacing lower and middle income families, immigrants, communities of color and artists, who, together, make up the backbone of our city's workforce, as well as its cultural vibrancy. To maintain our diversity and culture, San Francisco urgently needs a new approach to economic development, based on equity. We need dramatic change in how we run our city.

As the Board of Supervisors now moves to appoint an interim mayor, I call upon the Board to deliberate on mayoral succession in an open, transparent and participatory process. At this critical juncture, San Franciscans deserve Democracy, Fairness, and Transparency in the process of determining our next Mayor, who could potentially hold office for the next decade. To ensure these basic democratic principles, and to ensure that all San Franciscans have a say in our city's future, San Francisco needs a level playing field for all candidates and constituencies to participate.
