

1 [Public Works, Administrative Codes - Street Encroachment Permits and Maintenance Fund
2 for Certain Permits]

3 **Ordinance amending the Public Works Code to update provisions on street**
4 **encroachment permits, establish appeals procedures and fees for such appeals, waive**
5 **the annual public right-of-way occupancy assessment fee in lieu of the waiver for**
6 **permit fee payment for certain permits, modify the street encroachment permit process**
7 **for governmental entities, and create a temporary street encroachment permit for a**
8 **maximum period of 30 months; amending the Administrative Code to establish an**
9 **encroachment maintenance fund for permits where the permittee is not an adjacent**
10 **property owner; and affirming the Planning Department's determination under the**
11 **California Environmental Quality Act.**

12 **NOTE:** **Unchanged Code text and uncodified text** are in plain Arial font.
13 **Additions to Codes** are in *single-underline italics Times New Roman font*.
14 **Deletions to Codes** are in *strikethrough italics Times New Roman font*.
15 **Board amendment additions** are in double-underlined Arial font.
16 **Board amendment deletions** are in ~~strikethrough Arial font~~.
17 **Asterisks (* * * *)** indicate the omission of unchanged Code
18 subsections or parts of tables.

19 Be it ordained by the People of the City and County of San Francisco:

20 Section 1. Findings.

21 (a) The Planning Department has determined that the actions contemplated in this
22 ordinance comply with the California Environmental Quality Act (California Public Resources
23 Code Sections 21000 et seq.). Said determination is on file with the Clerk of the Board of
24 Supervisors in File No. 170761 and is incorporated herein by reference. The Board affirms
25 this determination.

1 (b) The Board of Supervisors authority to regulate use of the public right-of-way,
2 including streets and sidewalks, is derived from the California Street and Highways Code and
3 other State laws. The Board of Supervisors has established a variety of public right-of-way
4 use regulatory and permit programs in the San Francisco Public Works Code and other
5 Municipal Codes. In many of the Public Works Code sections on permits, the Board of
6 Supervisors explicitly identified appeal procedures for the approval, denial, and revocation of
7 permits; however, some permit programs have no identified appeal procedures. When no
8 appeal procedures for permits are included in the Public Works Code, there is confusion as to
9 whether an appeal is available or not, who has the right to appeal, and what the appeal
10 procedures are.

11 (c) Public Works Code Sections 786 et seq., governing street encroachment permits,
12 is one example where the Public Works Code that has no identified appeal process. As part
13 of this legislation's update to the street encroachment permit sections, the Board of
14 Supervisors is establishing two different appeal mechanism depending on the form of street
15 encroachment permit.

16 (1) For conventional street encroachment permits, where the Board of
17 Supervisors itself approves or denies the permit after getting a permit recommendation from
18 the Public Works Director, there is no appeal and the Board of Supervisors decision is final.
19 However, if the Public Works Director recommends denial of a permit solely for non-
20 engineering reasons or the Director recommends revocation of a street encroachment permit,
21 then the applicant or permittee, respectively, may appeal that decision to the Board of
22 Supervisors.

23 (2) For a temporary encroachment permit or an encroachment permit issued to
24 a City department or other governmental entity as set forth in this ordinance, the Public Works
25 Director's decision to approve or conditionally approve a permit may be appealed by a

1 member of the general public or the applicant to the Board of Appeals. If the Public Works
2 Director denies a permit solely for non-engineering reasons or the Director revokes a
3 temporary street encroachment, then the applicant or permittee, respectively, may appeal that
4 decision to the Board of Appeals.

5
6 Section 2. The Public Works Code is hereby amended by revising Sections 786,
7 786.2, 786.3, 786.4, 786.5, and 786.7 and adding Section 786.8 and 786.9, to read as
8 follows:

9 **SEC. 786. STREET (MAJOR) ENCROACHMENT PERMIT.**

10 *No revocable permit for an encroachment on a public street or place as defined in Section 244*
11 *of this Code authorized by resolution of the Board of Supervisors shall be issued unless application*
12 *therefor is made to the Director of Public Works and a processing fee, in the amount of \$800 shall have*
13 *been paid; provided, however, that the Board of Supervisors may waive payment of the fee provided for*
14 *herein if it finds that a benefit will accrue to the public from a proposed encroachment.*

15 *Annually, on or before the fifteenth day of May in each year, the Controller shall determine and*
16 *report to the Board of Supervisors an estimate of the average unit cost to be incurred by departments,*
17 *boards and commissions of the City and County in processing said applications and in issuing said*
18 *permits for the ensuing fiscal year. The Board of Supervisors may thereupon by resolution revise the*
19 *amount of the fee heretofore fixed for said permits.*

20 *(a) The Board of Supervisors by resolution may approve, conditionally approve, or deny*
21 *applications for a street encroachment permit, also known as a major encroachment permit, to occupy*
22 *the public right-of-way, as defined in Section 2.4.4, after the Public Works Director processes the*
23 *permit application in accordance with the requirements of Sections 786 et seq. The Director's*
24 *processing of permits shall include a recommendation on the application to the Board of Supervisors.*

1 There is no appeal of the Board of Supervisors decision on such permits ~~is final and there is no~~
2 appeal.

3 (b) For multi-phase or large-scale development projects, such as projects with a City-
4 approved development agreement, the Board of Supervisors may approve, conditionally approve,
5 or deny an application for a master street encroachment permit that applies to all or a portion of the
6 development project site. As part of the Board of Supervisors approval or conditional approval of such
7 master permit, the Board may provide for the contiguous and non-contiguous annexation of new areas
8 of the project site into the master permit and assignments of obligations from the original permittee to
9 the permittee's agent or assignee. The Board also may delegate to the Director of Public Works the
10 ability to divide the master permit into separate master permits or individual street encroachment
11 permits. If the Director determines in writing that a delegated action specified in this
12 subsection (b) would involve entirely new or significantly modified encroachments that were
13 not included as part of the Board of Supervisors approval of the multi-phase or large-scale
14 development project or the initial master encroachment permit, then the Board of Supervisors
15 shall approve, conditionally approve, or deny such encroachments as part of a new or
16 modified master street encroachment permit. Notwithstanding Public Works Code Section 706 or
17 other Municipal Codes that place sidewalk maintenance responsibility on fronting property owners, the
18 Board of Supervisors may authorize the master street encroachment permittee or the permittee's agent
19 or assignee, such as a homeowners' association, to comply with the terms of the Section 706 in lieu of
20 the fronting property owner.

21 (c) All street encroachment permits are non-exclusive and revocable. As a condition of
22 permit revocation, the permittee shall return/restore the public right-of-way to a condition
23 satisfactory to the Public Works Director at the permittee's sole and absolute expense.

24 (d) The Director, in his or her discretion, may recommend denial of a street encroachment
25 permit application. The Director shall notify the applicant in writing of this decision. The Director

1 shall hold an administrative hearing on his or her decision to recommend denial of the application. If
2 the basis for the denial recommendation relates solely to engineering design and the Director's
3 recommendation remains unchanged after the administrative hearing, the Director's denial decision
4 constitutes the final decision and there is no appeal. If the basis for the denial recommendation is
5 solely for reasons unrelated to engineering design, the applicant may appeal the Director's
6 recommendation to the Board of Supervisors within 30 days of the date of the Director's written
7 decision after the administrative hearing. The applicant's appeal shall be filed in writing with the
8 Clerk of the Board of Supervisors and accompanied with 1) a copy of the Director's written
9 decision, 2) checks in the amount of \$635 for the Clerk of the Board of Supervisors and \$400 for
10 Public Works to compensate the City for its cost related to the appeal, and 3) documentation that
11 constitutes evidence to support the appeal. The Clerk shall conditionally accept an appeal
12 subject to a determination that the appellant filed the appeal in a timely manner and the
13 appeal complies with the requirements of this Section 786(d). The Clerk shall provide notice
14 to the appellant of the conditional acceptance. Within seven working days of the filing of the
15 appeal, the Clerk shall mail notice to the appellant and the Public Works Director of the
16 acceptance or rejection of the appeal. The Clerk shall schedule a hearing on the appeal
17 before the full Board of Supervisors no less than 15 and no more than 45 days from the
18 appeal filing. The Clerk shall provide mailed notice of the appeal to the appellant, Public
19 Works Director, and all organizations and individuals who previously requested notice in
20 writing no less than 10 days prior to the date the appeal is scheduled for a Board of
21 Supervisors hearing. The Board of Supervisors shall act by motion on a majority vote within
22 30 days of the date for the appeal hearing. However, the Board of Supervisors may postpone
23 a decision if the Board does not conduct at least three regular Board meetings during such 30
24 days period. If such postponement occurs, the Board of Supervisors shall decide such appeal
25 within 60 days of the date for the appeal hearing or at the next regularly scheduled Board

1 meeting should such deadline fall within a Board recess. Failure of the Board of Supervisors
2 to act shall be deemed a disapproval of the Director's decision. The Board of Supervisors
3 shall conduct the appeal hearing in a similar manner to other appeals on land use matters.
4 The Board of Supervisors decision on appeal is final and there is no appeal.

5 (e)(1) The Director, in his or her discretion, may recommend revocation of a street
6 encroachment permit. The Director shall notify the permittee in writing of this decision. The Director
7 shall hold an administrative hearing on his or her decision to recommend revocation. The Permittee
8 may appeal the Director's decision to revoke to the Board of Supervisors within 30 days of the date of
9 the Director's written decision after the administrative hearing. The Permittee's appeal shall be
10 filed in writing with the Clerk of the Board of Supervisors and accompanied with checks in the
11 amount of \$635 for the Clerk of the Board of Supervisors and \$400 for Public Works to
12 compensate the City for its cost related to the appeal. The Board of Supervisors shall conduct
13 the appeal hearing in a similar manner to other appeals on land use matters. The Board of
14 Supervisors decision on appeal is final and there is no appeal. The appeal process shall be
15 the same as specified in Section 786(d).

16 (2)(A) The public may petition the Public Works Director to revoke a permit. If
17 the petition satisfies the requirements in this subsection (e)(2), the Director shall hold an
18 administrative hearing on the revocation petition. Within 14 days of the filing of the petition,
19 the Director shall determine if the petition complies with the requirements of this subsection
20 (e)(2) and notify the lead petitioner and permit holder of his or her decision to accept the
21 petition and schedule an administrative hearing on a specific date or to deny the petition. The
22 Director's decision to accept or deny the petition is final and not appealable.

23 (B) If the Director accepts the petition and holds an administrative
24 hearing, the Director shall issue a written decision on the revocation petition within a
25 reasonable period after the hearing and find, based on the public interest, that he or she either

1 will reject or approve the petition. The Director shall mail notice of his or her decision to the
2 lead petitioner, the permit holder, and the Clerk of the Board of Supervisors. If the Director
3 approves the petition, he or she shall proceed with permit revocation process as specified in
4 subsection (e)(1), including scheduling a new administrative hearing on the revocation
5 decision. If the Director rejects the petition based solely on engineering design, the decision
6 is final and not appealable. If the Director's decision to reject the petition is based on reasons
7 other than solely engineering design, then five members of the Board of Supervisors may
8 subscribe to a notice of appeal to reverse the Director's decision and revoke the permit. Said
9 notice of appeal shall be filed with the Clerk of the Board of Supervisors within 30 days of the
10 date of the Director's written decision rejecting the petition.

11 (C) The signature on the notice of appeal of members of the Board shall
12 not be deemed to be any indication of their position on the merits of the appeal but rather shall
13 indicate only that they believe there is sufficient public interest and concern in the matter to
14 warrant a hearing by the Board of Supervisors. The scheduling and conduct of the appeal
15 hearing shall be the same as specified in Section 786(d) once the Clerk of the Board of
16 Supervisors receives the notice of appeal from five members of the Board, with the exception
17 of notifying an appellant as there is no appellant.

18 (D) A valid revocation petition for purposes of this subsection (e)(2) shall
19 be a single petition subscribed by no less than 25 San Francisco residents from the
20 Supervisory district in which the street encroachment permit is located. Each signature on
21 the petition shall be notarized and accompanied with the address of the petitioner. The
22 petition shall include documentation that constitutes evidence to support revocation of the
23 street encroachment permit and identify a lead petitioner that shall receive mailed notice of
24 any Director decisions related to the petition. No more than one petition for the subject street
25 encroachment permit shall be submitted in a single year and the signatures and notary

1 statements for that petition shall be affixed no more than 6 months prior to the date of
2 submission.

3 (2f) Beginning with fiscal year 2018-2019, the appeal fees in subsection (e)(1)
4 Section 786(d) may be adjusted each year, without further action by the Board of Supervisors, to
5 reflect changes in the relevant Consumer Price Index, as determined by the Controller. No later than
6 April 15th of each year, the Director and Clerk of the Board of Supervisors shall submit the
7 Department's and Clerk's current fee to the Controller, who shall apply the price index adjustment to
8 produce a new fee for the following year. No later than May 15th of each year, the Controller shall file
9 a report with the Board of Supervisors reporting the new fee and certifying that: (a) the fees produce
10 sufficient revenue to support the costs of providing the services for which the fee is charged and (b) the
11 fees do not produce revenue that exceeds the costs of providing the services for which each permit fee
12 is charged. Notwithstanding the procedures set forth in this subsection (e)(2), the Board of Supervisors,
13 in its discretion, may modify the fees by ordinance at any time.

14 (fg) For purposes of Sections 786 et seq., a street encroachment permit shall include, but is not
15 limited to, an encroachment above and/or below ground that extends beyond the centerline of the
16 public right-of-way, one or more encroachments that occupy the public right-of-way adjacent to more
17 than one property owner and the applicant(s)/permittee(s) proposes it collectively as a single permit,
18 an encroachment where the applicant/permittee is not the property owner adjacent to the
19 encroachment, an encroachment that exceeds one or both of the occupation limits specified in Section
20 723.2 governing minor sidewalk encroachments or its successor Section; and any encroachment that
21 the Director determines to have significant impacts to the public right-of-way.

22 (gh) If a street encroachment permit involves street reconstruction and occupancy of the
23 majority of a through street segment or an intersection, the design shall provide for communication
24 services as defined in Subdivision Code Section 1336 if the permittee is not providing such services as
25 part the development of real property adjacent to the street encroachment permit. After the permittee

1 provides such communication services, such services shall be excluded from the terms of the street
2 encroachment permit and any associated agreements concerning the permit, and the permittee shall
3 have no further responsibility in regard to such services. The Public Works Director is authorized to
4 waive this requirement if the cost of providing such services is excessive in comparison to the cost of
5 the street encroachment permit, the design of the street encroachment permit would be undermined by
6 inclusion of the services, or for other reasons that the Director determines would adversely affect the
7 permit or its design. This Subsection (g) shall not apply to a temporary street encroachment permit
8 under Section 786.9.

9 (h) For purposes of Sections 786 et seq., "engineering design" shall mean
10 professional engineering work as set forth in the Professional Engineers Act, California
11 Business and Professions Code Sections 6700 et seq.

12 (i) The Director, after a public hearing, may adopt such orders, policies, regulations, rules, or
13 standard plans and specifications in regard to street encroachment permits and applications as he or
14 she deems necessary to preserve and maintain the public health, safety, welfare, and convenience. Such
15 orders, policies, regulations, rules, or standard plans and specifications may include, but are not
16 limited to, permit application materials, implementation and annexation procedures for master major
17 encroachment permits, standards for establishing annual maintenance costs for encroachments, site
18 conditions, and accessibility of sidewalks and streets.

19 **SEC. 786.2. REPORTS.**

20 (a) The Director of Public Works shall forward copies of the application for a
21 ~~revocable street encroachment~~ permit ~~for an encroachment on a public street or place~~ to the Director
22 of Planning, the Director of Property, the Chief of the Police Department, the Chief of the Fire
23 Department, the ~~General Manager~~ Transportation Director of the Municipal ~~Railway~~ Transportation
24 Agency, the General Manager of the Public Utilities Commission, the Art Commission, and to the
25 City Engineer. The Director of Public Works shall request a report from each of the listed

1 departments concerning the effect of the proposed encroachment in relation to their duties
2 and responsibilities. The completed reports shall be returned to the Director of Public Works
3 within 60 days of the receipt of the copies of the application by the listed departments. The
4 departments listed above may request one extension of time not to exceed 30 days from the
5 Director of Public Works, which extension of time shall be granted.

6 (b) ~~Upon the Department's receipt of City department reports and any Department~~
7 ~~required permit application revisions, the Department shall forward the application to an~~
8 ~~interagency committee for review and a written report of its findings. The interagency~~
9 ~~committee shall be the Transportation Advisory Staff Committee (TASC) or successor~~
10 ~~committee. The interagency committee shall act on the application within a reasonable period~~
11 ~~after its receipt from the Department.~~

12 SEC. 786.3. SCHEDULE OF HEARINGS.

13 Upon receipt of the ~~reports from the departments listed~~ reports from the departments listed
14 ~~interagency committee review findings as specified in Section 786.2(b), regarding an~~
15 ~~application for a revocable street encroachment permit for an encroachment on a public street or~~
16 ~~place, the Director of Public Works shall set a time and place for a hearing thereon within a~~
17 ~~reasonable period, not to exceed 90 days from the date on which the application is made to the~~
18 ~~Director of Public Works when the interagency committee performed its review~~ Public Works
19 receives the last report. The Director of Public Works ~~shall be granted an additional period of 30~~
20 ~~days from the date on which the application is made~~ may extend to hold the public hearing date if a
21 ~~time extension has been requested as provided any City department listed in Section 756.2 of this~~
22 ~~ordinance 786.2, the Department itself, or the applicant requests such extension. The Director shall~~
23 ~~send written notice of the basis for the extension and a proposed date for the hearing to the City~~
24 ~~departments listed in Section 786.2 and the applicant.~~

1 **SEC. 786.4. NOTICE OF HEARING.** *The Director of Public Works shall give ~~A~~ notice of*
2 *time, place and purpose of the hearing on an application for a revocable street encroachment*
3 *permit ~~for an encroachment on a public street or place shall be given by the Director of Public Works~~*
4 *as follows:*

5 (1a) By mail, not less than 10 days prior to the date of the hearing, to the applicant or
6 other person or agency making the application.

7 (2b) By mail, not less than 10 days prior to the date of the hearing, to the owners of all
8 real property within 300 feet of all exterior boundaries of the proposed encroachment, using
9 for this purpose the names and addresses of the owners as shown on the latest city-wide
10 assessment roll in the office of the ~~Tax Collector~~ Assessor-Recorder. Failure to send notice by
11 mail to any such property owner where the address of such owners is not shown on such
12 assessment roll shall not invalidate any proceedings in connection with such application.

13 (3c) By posting, not less than 10 days prior to the date of the hearing in a public place
14 near the boundaries of the proposed encroachment.

15 (4d) Such other notice as the Director of Public Works shall deem appropriate.

16 **SEC. 786.5. CONDUCT OF HEARINGS.**

17 (a) **Reports and Application Revisions.** *The Department shall compile the reports of the*
18 *departments listed in Section 786.2(a), the TASC findings specified in Section 786.2(b), and*
19 *along with any application revisions, shall be submitted and make them this information available at*
20 *the hearing ~~on an application~~ for a ~~revocable~~ the subject street encroachment permit ~~for an~~*
21 *encroachment on a public street or place.*

22 (b) **Record.** A record shall be kept of the pertinent information presented at the
23 hearing on *any application for a revocable street encroachment permit ~~for an encroachment on a~~*
24 *public street or place, and such record shall be maintained as part of the permanent public*
25 *records of ~~the Department of~~ Public Works.*

1 (c) **Continuances.** The Director of Public Works shall determine the instances in
2 which cases scheduled for hearing may be continued or taken under advisement. In such
3 cases, new notice need not be given provided the date of any further hearing is announced at
4 the previously scheduled hearing *and public notice of the continued hearing is issued.*

5 **SEC. 786.7. PUBLIC RIGHT-OF-WAY OCCUPANCY ASSESSMENT FEE FOR**
6 **STREET ENCROACHMENTS.**

7 * * * *

8 (b) In accordance with Subsection (a) the public right-of-way occupancy assessment
9 fee for street encroachments, whether permitted or unpermitted, shall be an annual fee of
10 \$3.00 per square foot of occupancy of the street or other public right-of-way space. For
11 purposes of calculating the assessment fee, the Department shall charge no less than
12 \$100.00 per ~~p~~year even though the calculated square footage charge for the encroachment
13 may result in a smaller assessment fee.

14 * * * *

15 (f) Notwithstanding Subsection (b), no public right-of-way occupancy assessment fee
16 shall be charged against the *owner of a property permittee* for elements installed: *(1) as a*
17 *requirement under Planning Code Section 138.1, or (2) that the Department determines are*
18 *consistent with any Board of Supervisors adopted Neighborhood Plan or streetscape plan as identified*
19 *in the General Plan or Planning Code, or (3) as a condition of a City-approved development agreement*
20 *or a disposition and development agreement authorized by the City or the former San Francisco*
21 *Redevelopment Agency, or (4) for improvements associated with a Planning Commission approved in-*
22 *kind agreement in accordance with the Planning Code, or (5) pursuant to a street encroachment permit*
23 *issued under Section 786.9(a) or (b), or (6) for a People Place permit associated with the Places for*
24 *People Program established under Administrative Code Chapter 94A.*

1 **SEC. 786.8. MAINTENANCE ENDOWMENT FOR STREET ENCROACHMENT**
2 **PERMITS WHERE THE PERMITTEE IS NOT THE OWNER OF ADJACENT PROPERTY.**

3 (a) If a permittee is not the owner of real property adjacent to the street encroachment permit,
4 the permit is not recorded against the real property adjacent to the street encroachment permit, or
5 both, then the permittee shall pay the Department a maintenance endowment to ensure adequate funds
6 are available for ongoing and future maintenance of the street encroachment permit area and any
7 future modification or restoration of the permit area to a condition satisfactory to the Director of
8 Public Works if the permittee abandons or terminates the permit or the Director revokes the permit.

9 (b) The Department shall deposit all funds collected for the maintenance endowment into the
10 Public Works Encroachment Maintenance Fund as established under Administrative Code Section
11 10.100-229.

12 (c) The permittee shall pay the maintenance endowment in annual installments that are the
13 equivalent each year of 20% of the estimated annual maintenance cost. The permittee shall pay the
14 annual maintenance endowment installment for 10 years with the first payment due at the time of
15 permit issuance. As part of the permit application, the permittee shall include an estimate of the annual
16 maintenance cost and the City Engineer shall verify said cost for purposes of the maintenance
17 endowment required under this Section 786.8.

18 (d) If the Board of Supervisors authorizes or approves the transfer or assignment of a street
19 encroachment permit to an individual or entity that is not the owner of real property adjacent to the
20 street encroachment permit area, then the transferee or assignee shall pay the annual maintenance
21 endowment installment under the terms specified in subsection (c) during the time they are the
22 permittee. The transferee's or assignee's first installment payment is due on or before the effective date
23 of the transfer or assignment. If there are multiple transfers or assignments, the Department shall not
24 charge an amount that would exceed the total remaining payments it would collect for the subject street

1 encroachment permit under the 10-year term for the Maintenance Endowment Fund specified in
2 Section 786.8(c).

3 (e) If the Department or any other City agency, department, or commission, including the City
4 Attorney's Office, incurs costs in performing the permittee's maintenance obligation or abating a
5 violation, including any City required modification or restoration, and the permittee has paid the
6 maintenance endowment required under this Section 786.8 in full, then the permittee shall reimburse
7 the Department for all such City costs. If the permittee still is paying the maintenance endowment
8 required under this Section 786.8, then the permittee shall: (1) reimburse the Department for all such
9 City costs and (2) continue to make the required payments into the Public Works Maintenance
10 Endowment Fund.

11 (f) In accordance with the reimbursement process of Section 786.8(e), the Director, in his or
12 her discretion, may arrange for a reimbursement plan for the City maintenance and abatement with the
13 permittee that takes into account the permittee's history of past permit compliance and other factors the
14 Director deems appropriate, including but not limited to, the permittee's budget and number of
15 employees. If the Department is reimbursed for the City's incurred costs, then the Department shall
16 send the affected departments their share of the reimbursement.

17 (g) This Section 786.8 shall not apply to a street encroachment permit: (1) where the Board of
18 Supervisors authorizes or approves the transfer or assignment of the permit from the original permittee
19 to an individual or entity that is the successor owner(s) of real property adjacent to the street
20 encroachment permit and the permit is recorded against the successor owner(s) real property, or (2)
21 that the Board issues in accordance with the terms of Section 786(b) for a master encroachment
22 permit, or (3) that the Board issues for a street plaza in accordance with Section 792 where the street
23 plaza permittee is a different individual or entity than the holder of the underlying street encroachment
24 permit or Public Works retains responsibility for the underlying public right-of-way, or (4) that the
25 Director issues to a City agency, department, or commission, a State agency, or the federal

1 government, or (5) that comprises a People Place permit associated with the Places for People
2 Program established under Administrative Code Chapter 94A.

3 (h) If a street encroachment permit subject to the maintenance endowment as
4 specified in this Section 786.8 has a construction cost of \$1 million or greater, the Board of
5 Supervisors shall require a bond, other form of security, or payment into the Maintenance
6 Endowment Fund in an amount required to restore the public right-of-way to a condition
7 satisfactory to the Public Works Director based on a cost that the City Engineer determines. If
8 the Board requires posting of a bond or other security, the permittee shall provide evidence to
9 the Department that the bond or other security is operative on an annual basis.

10 **SEC. 786.9. PERMITS FOR CITY DEPARTMENTS OR OTHER GOVERNMENTAL**
11 **ENTITIES AND TEMPORARY ENCROACHMENTS.**

12 (a) If a City agency, department, or commission, a State agency, or the federal government
13 applies for a street encroachment permit, the Public Works Director may approve, conditionally
14 approve, or deny in writing the application administratively without action from the Board of
15 Supervisors after the applicant satisfies the requirements of Sections 786 et seq.

16 (b) The Public Works Director, in his or her discretion, may approve, conditionally approve, or
17 deny in writing a temporary street encroachment permit administratively without action from the Board
18 of Supervisors after the applicant satisfies the requirements of Sections 786 et seq. For purposes of this
19 subsection (b), a temporary street encroachment permit is for a project that: (1) a City agency,
20 department, or commission has co-sponsored and approved or authorized through an officially-
21 adopted City program and (2) shall occupy the street or other type of public right-of-way for no longer
22 than two years. The Director, in his or her sole discretion, may extend the permit term for a temporary
23 street encroachment for a period not to exceed six additional months. This temporary street
24 encroachment permit is not intended to conflict with or supersede a People Place permit associated
25

1 with the Places for People Program established under Administrative Code Chapter 94A, but rather be
2 a separate and distinct permit.

3 (c) The Director's approval or conditional approval of a permit under this Section 786.9 is
4 appealable by a member of the general public or the applicant to the Board of Appeals within 15 days
5 of the date of the Director's final written decision on the permit.

6 (d) If the Director denies an application under Section 786.9(a) or (b), the Director shall notify
7 the applicant in writing of this decision. The Director shall hold an administrative hearing on his or
8 her decision to deny the application. If the basis for the denial relates solely to engineering design and
9 the Director's decision remains unchanged after the administrative hearing, the Director's decision to
10 deny the application constitutes the final decision and there is no appeal. If the basis for denial is
11 solely for reasons unrelated to engineering design, the applicant may appeal the Director's decision to
12 the Board of Appeals within 15 days of the date of the Director's final written decision after the
13 administrative hearing.

14 (e) The Director, in his or her discretion, may revoke a permit issued under this Section 786.9.
15 The Director shall notify the permittee in writing of this decision. The Director shall hold an
16 administrative hearing on his or her decision to revoke. The Permittee may appeal the Director's
17 decision to revoke to the Board of Appeals within 15 days of the date of the Director's final written
18 decision after the administrative hearing.

19
20 Section 3. The Administrative Code is hereby amended by adding Section 10.100-229,
21 to read as follows:

22 **SEC. 10.100-229. PUBLIC WORKS ENCROACHMENT MAINTENANCE FUND.**

23 (a) Establishment of Fund. The Public Works Encroachment Fund is established as a
24 category 8 fund to receive the maintenance endowment payments that permittees make in accordance
25 with Public Works Code Section 786.8.

1 **(b) Use of Fund.** *If any street encroachment permittee fails to perform maintenance in*
2 *accordance with the terms of a street encroachment permit or abate any violation of permit terms,*
3 *including any City required modification or restoration, under Public Works Code Sections 786 et seq.,*
4 *Public Works may use the Encroachment Maintenance Fund to cover any costs that Public Works or*
5 *any other City agency, department, or commission, including the City Attorney's Office, incurs in*
6 *performing any street encroachment permittee's maintenance obligation or abating a violation of any*
7 *street encroachment permit. If the City incurs such costs while a permittee is paying the maintenance*
8 *endowment required under Public Works Code Section 786.8 and the Department uses the*
9 *Maintenance Endowment Fund to address such costs at the subject permittee's street encroachment*
10 *permit location, then the Department shall place any permittee reimbursed funds under Section*
11 *786.8(e) and (f) back into the Public Works Encroachment Maintenance Fund in an amount equivalent*
12 *to such City costs, but in no case more than the subject permittee's required maintenance endowment*
13 *payment would have been at the time the City incurred such costs. If the Board of Supervisors*
14 *requires a permittee to deposit money into the Encroachment Maintenance Fund for*
15 *restoration under Public Works Code 786.8(h), then the Public Works Director shall use such*
16 *money to restore the street encroachment permit area to a condition satisfactory to the*
17 *Director if the permittee fails to do so at the permittee's sole and absolute cost. If the*
18 *restoration cost to Public Works is less than the amount of the deposit or the permittee*
19 *completes the restoration at the permittee's sole and absolute cost, the Public Works Director*
20 *shall refund the any remaining deposit to the permittee if there is an active permittee. If there*
21 *is no permittee in existence at the time of restoration to receive a refund, the Public Works*
22 *Director may use the refund amount for the other purposes identified in this subsection (b).*

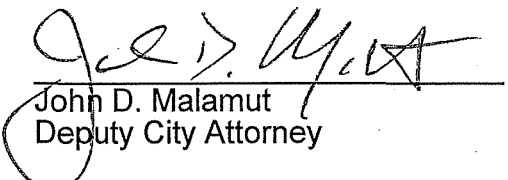

23 **(c) Administration of Fund.** *Public Works shall submit to the Board of Supervisors an annual*
24 *written report of revenues to and expenditures from the Fund established in this Section.*

1 Section 4. Effective Date and Operative Dates. This ordinance shall become effective
2 30 days after enactment. Enactment occurs when the Mayor signs the ordinance, the Mayor
3 returns the ordinance unsigned or does not sign the ordinance within ten days of receiving it,
4 or the Board of Supervisors overrides the Mayor's veto of the ordinance. This ordinance shall
5 be operative as of June 1, 2017.

6
7 Section 5. Scope of Ordinance. In enacting this ordinance, the Board of Supervisors
8 intends to amend only those words, phrases, paragraphs, subsections, sections, articles,
9 numbers, punctuation marks, charts, diagrams, or any other constituent parts of the Municipal
10 Code that are explicitly shown in this ordinance as additions, deletions, Board amendment
11 additions, and Board amendment deletions in accordance with the "Note" that appears under
12 the official title of the ordinance.

REVISED LEGISLATIVE DIGEST

(7/18/2017, Amended in Board)

[Public Works, Administrative Codes - Street Encroachment Permits and Maintenance Fund for Certain Permits]

Ordinance amending the Public Works Code to update provisions on street encroachment permits, establish appeals procedures and fees for such appeals, waive the annual public right-of-way occupancy assessment fee in lieu of the waiver for permit fee payment for certain permits, modify the street encroachment permit process for governmental entities, and create a temporary street encroachment permit for a maximum period of 30 months; amending the Administrative Code to establish an encroachment maintenance fund for permits where the permittee is not an adjacent property owner; and affirming the Planning Department's determination under the California Environmental Quality Act.

Existing Law

Public Works Code Sections 786 et seq. establish the procedures for Public Works review and approval of street encroachment permits, also commonly referred to as major encroachment permits. Section 786 allows the Board of Supervisors to waive Public Works permit processing fees for certain types of permits. Section 786.7 establishes an annual public right-of-way occupancy fee, and exempts only those permits required to implement improvements necessary to satisfy the City Better Streets Plan as set forth in Planning Code Section 138.1.

Amendments to Current Law

This ordinance would update and clarify Public Works Code Sections 786 et seq. so that they reflect Public Works current administrative practice regarding a street encroachment permit ("Permit"), including those types of improvements that necessitate a Permit. The legislation would establish an explicit process for appeals to the Board of Supervisors for Permit denial or revocation of certain Permits, including an appeal fee, appeals to the Board of Supervisors subscribed by 5 members of the Board after a specific resident petition process, and appeals to the Board of Appeals for Public Works administrative decisions on a different category of Permits. The ordinance would adopt a process to address large multi-phase projects where the Board of Supervisors could approve a master Permit for the entire project at the initial phase of development and Public Works would administratively annex subsequent phases of the development into the master Permit and/or issue subsequent individual Permits for distinct areas of the development. The legislation would delete the existing fee waiver possibility for Public Works processing fees and instead would waive the annual occupancy assessment fee for specified projects whose Permit relates to City-approved or required public amenities. The ordinance would create an encroachment maintenance endowment fund for Permits issued or

assigned to permittees that are not the property owner(s) adjacent to the Permit area. These permittees would pay into the fund the equivalent of 2 years' worth of annual Permit maintenance costs over the course of 10 years. If a Permit triggers the maintenance endowment provision and its construction cost is \$1 million or more, then the Board of Supervisors would require the permittee to post a bond or other form of security or pay into the endowment fund for the cost of restoring the permit area to a condition satisfactory to the Public Works Director. The fund, which would be established in the Administrative Code, would allow Public Works to use it to address maintenance, repairs, replacement, or other type of City abatement action at the location of the Permit where the permittee is paying the fee or for any other street encroachment permit area in the City that needs maintenance, repairs, replacement, or other type of City abatement. The fund would allow Public Works to use any restoration deposit to restore the permit area at the location for which a permittee paid it and to refund any remaining deposit to the permittee if it is not necessary for the restoration. The legislation also would create a new Public Works administratively approved street encroachment permit to address two different situations:

- a) Permits requested from City agencies or the State or federal government; and
- b) Temporary Permits that are City department authorized/co-sponsored and are in place for no more than 2 years with a single discretionary 6-month extension for a total of 30 months.

Dear Ms. Gibson:

On June 20, 2017, Mayor Lee introduced the following proposed legislation:

File No. 170761

Ordinance amending the Public Works Code to update provisions on street encroachment permits, establish appeals procedures and fees for such appeals, waive the annual public right-of-way occupancy assessment fee in lieu of the waiver for permit fee payment for certain permits, modify the street encroachment permit process for governmental entities, and create a temporary street encroachment permit for a maximum period of 30 months; amending the Administrative Code to establish an encroachment maintenance fund for permits where the permittee is not an adjacent property owner; and affirming the Planning Department's determination under the California Environmental Quality Act.

This legislation is being transmitted to you for environmental review.

MEMORANDUM

Date: July 17, 2017

To: Members of the Land Use and Transportation Committee
 (File No. 170761 - Public Works, Administrative Codes - Street Encroachment Permits and Maintenance Fund for Certain Permits)

From: *AC* Angela Calvillo, Clerk of the Board

Subject: *AC* Cost Recovery Analysis For Appeal Fee

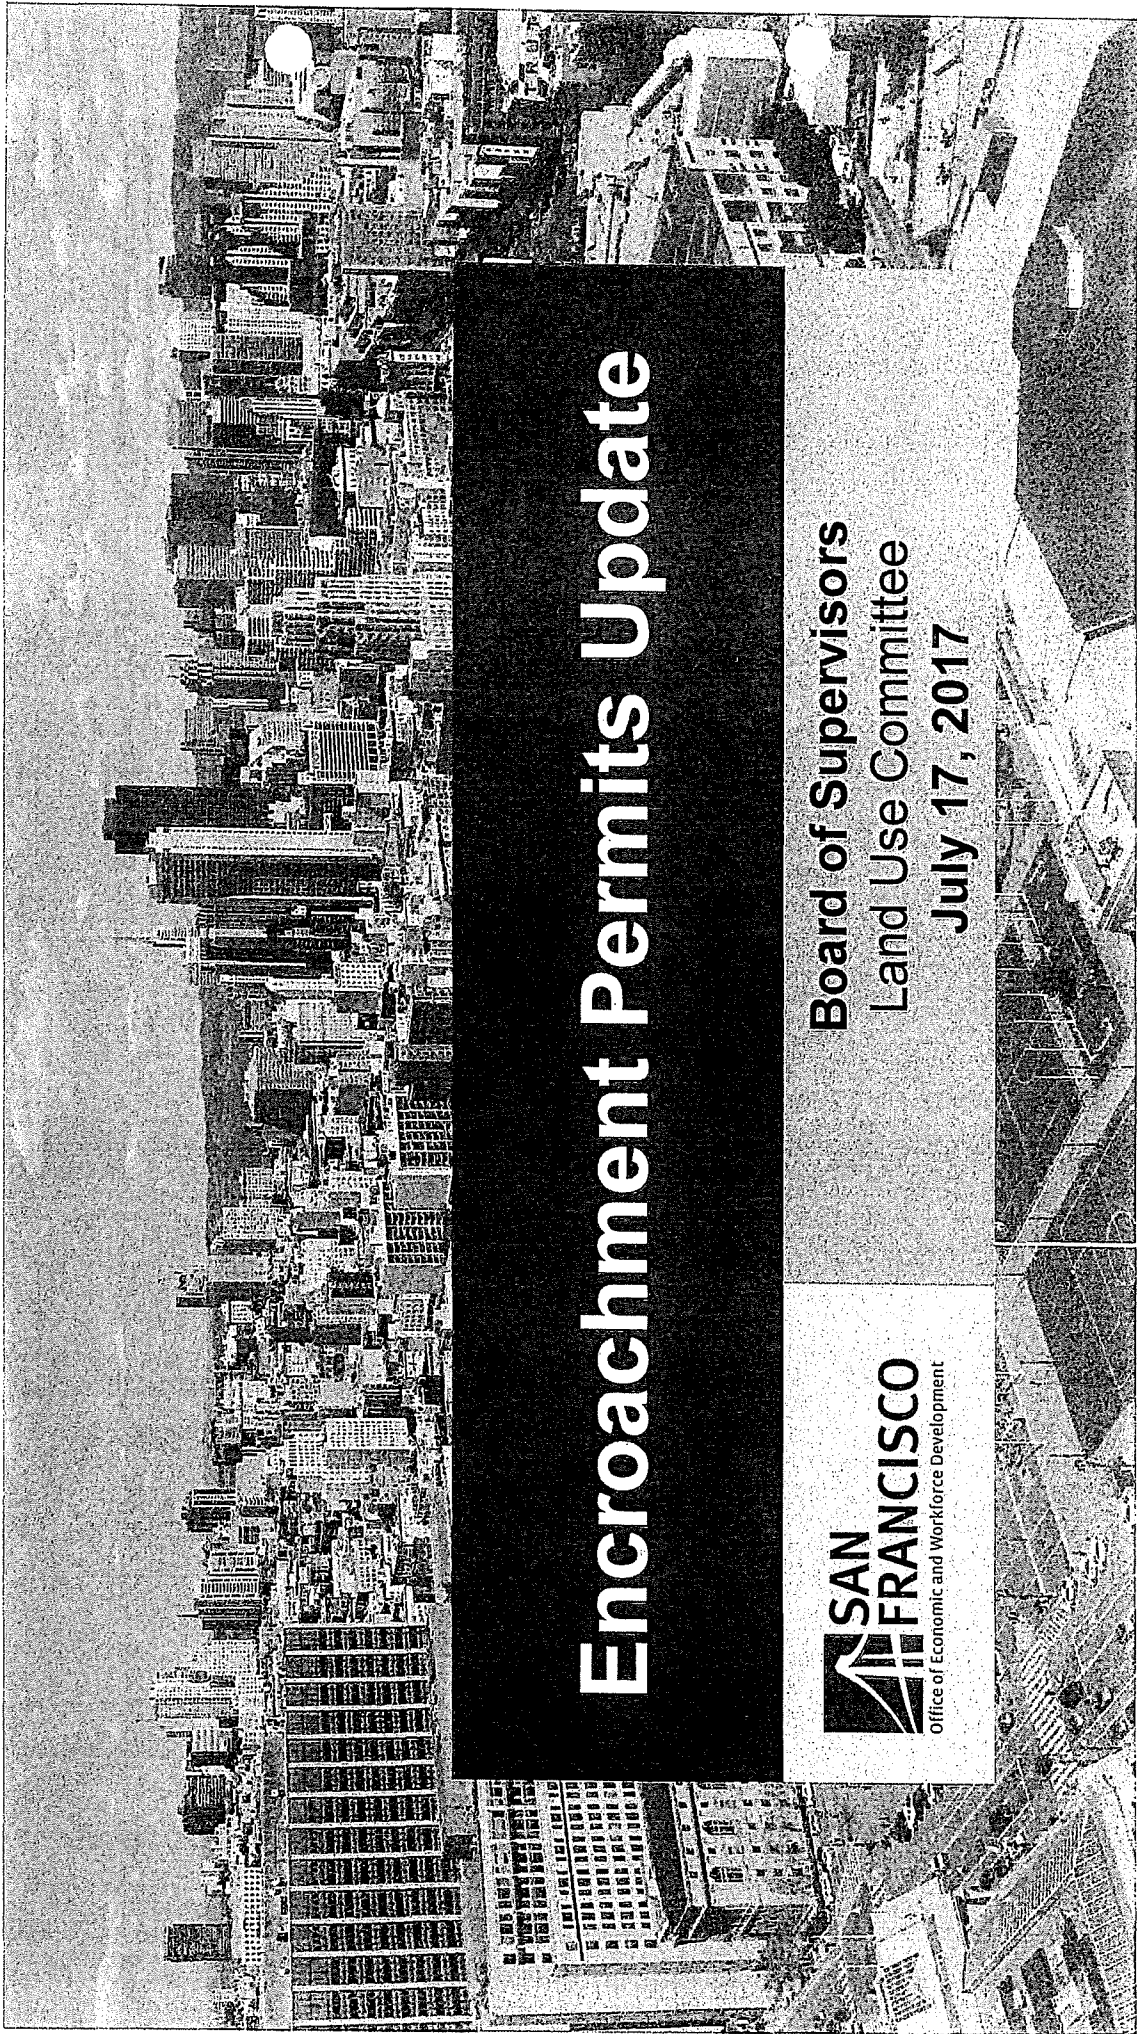

The Office of the Clerk of the Board (COB) conducted a time study to provide a cost recovery analysis for the proposed street encroachment permit appeal fee.

Costs included in this study are direct labor costs (salary and benefits) of the staff performing associated tasks based on their actual hours and job classification only. Costs do not include other direct costs such as materials and supplies and indirect costs such as information system support and use of equipment.

Job Class and Title	Task	Hours Spent on an Appeal	FY 2017-18 Hourly Cost (Sal & Bfts)	FY 2017-18 Cost of an Appeal
1406 - Senior Clerk	Receiving filing & preparing files for hearing	1.00	\$ 44.21	\$ 44.21
8118 - Legislative Clerk	Receiving filing	0.33	\$ 61.33	\$ 20.44
	Referral to CAT	0.33		\$ 20.44
	Scheduling hearing and informing affected parties	1.00		\$ 61.33
	Opening files, requesting mailing lists, requesting motions, and other administrative work	1.00		\$ 61.33
	Writing and prepping Hearing Notice	0.33		\$ 20.44
	Processing notice, posting, and mailing	2.00		\$ 122.66
	Processing and distributing appeal responses and briefs, answering email and phone calls on the appeal	3.00		\$ 183.99

0952 - Deputy Director	Referral to CAT	0.33	\$ 99.75	\$ 33.25
	Scheduling hearing and informing affected parties	0.33		\$ 33.25
	Writing and prepping Hearing Notice	0.33		\$ 33.25
Total Cost		10.00		\$ 634.60

Based on the study, it is recommended that the appeal fee be set at \$635 for the COB to recover the cost associated with processing the appeals.

Encroachment Permits Update

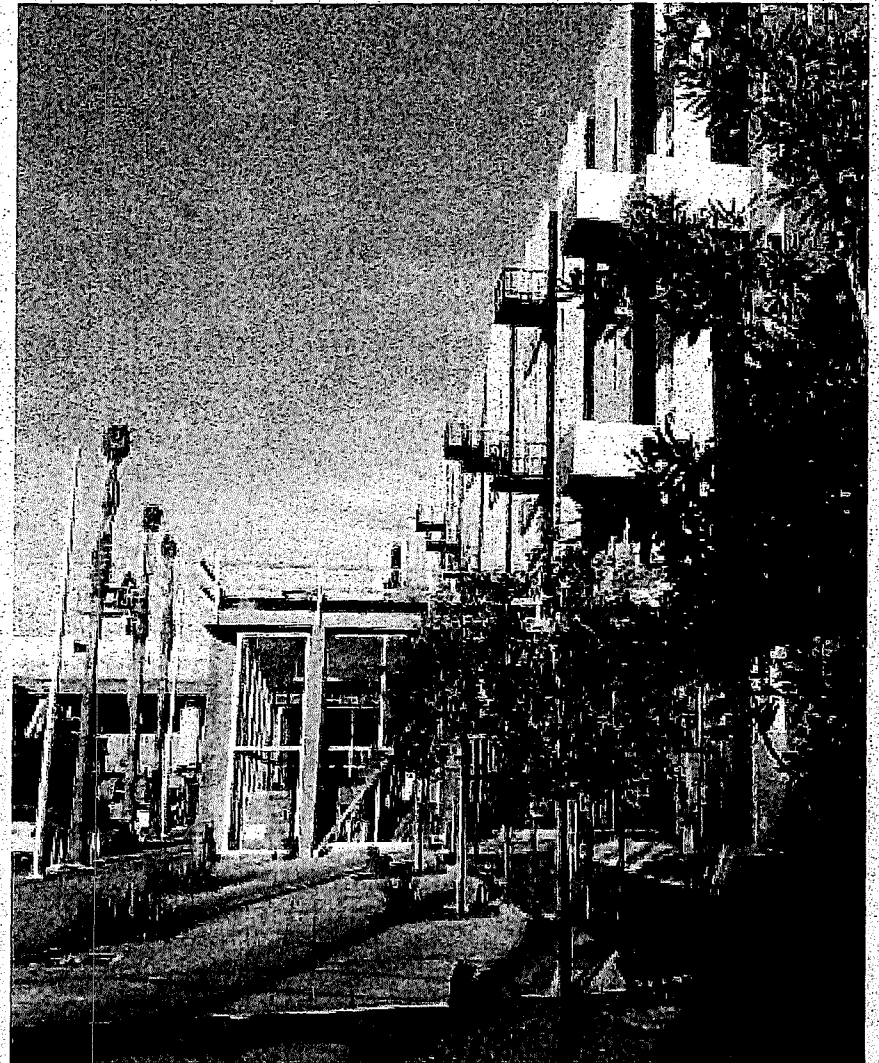

Board of Supervisors
Land Use Committee
July 17, 2017

770761
SUBMITTED
PRESENTED
7/17/2017

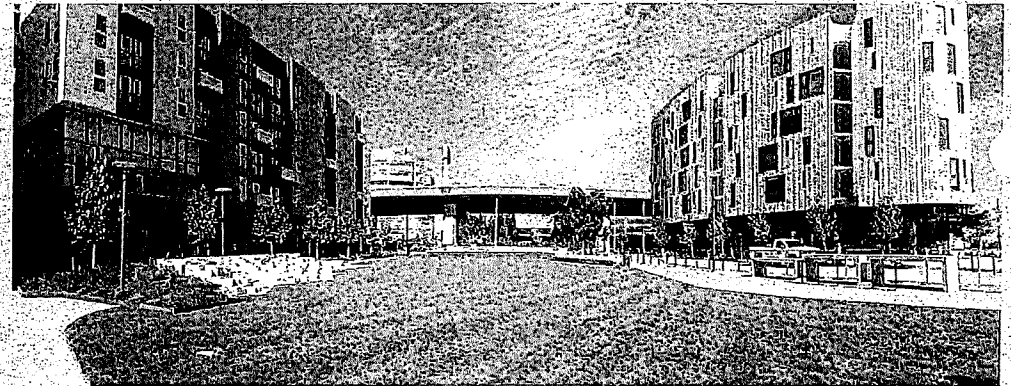

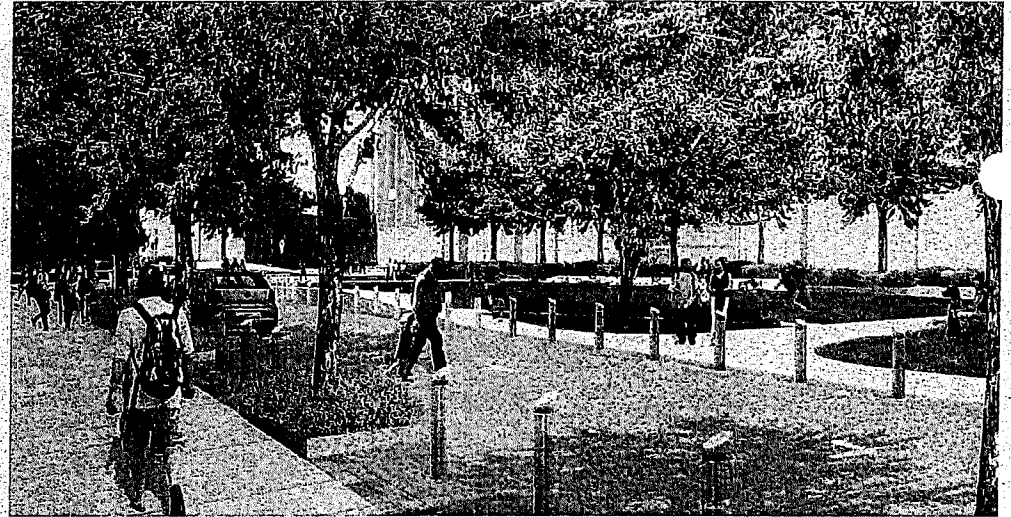

Encroachment Permits Update

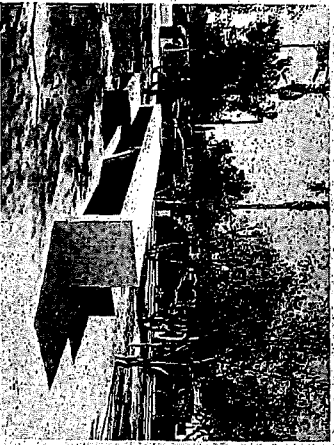

- **General clean-up of old language**
- **Adds clear, transparent process for appeals**
- **Adds a process to address complex encroachment permitting for large multi-phase projects**
 - with a public hearing
- **Add installation of communication services for permit area street design**

Encroachment Permits Update

- **Modifies processing fee waiver, waives long-term fee for public-serving projects**
- **Creates a maintenance fund**
 - for permits issued or assigned to non-fronting property owners
- **Creates administrative permits for:**
 - City agencies or State or federal government
 - Temporary encroachments that are City department authorized/co-sponsored

Re: Letter of support
Legislation re Process for Master Major Street Encroachment Permit

Mercy Housing California (MHC) is in support of the proposed legislation to amend the Public Works Code and create a master major street encroachment permit process to facilitate large multi-phase developments. We support the City's efforts to create a more stream-lined process for the permitting of major street encroachments. The proposed legislation will reduce the time required for permitting of the major street encroachments as they are built out in each phase of a large development, but still provide appropriate City review of the proposed encroachments.

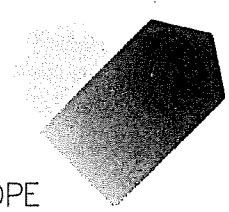

As you know, Mercy Housing and our partner, Related California, are master developer of the Sunnydale HOPE SF development to construct 12 acres of new infrastructure and up to 1,770 units of affordable and market rate housing. The proposed legislation will significantly reduce the permitting and legislative burden for this large scale build out by creating a master permit that will be reviewed and approved at a public hearing, but can be amended as needed with approval by the Director of Department of Public Works.

We hope that the Board of Supervisors will approve this legislation. Please contact Ramie Dare, Real Estate Manager for the Sunnydale HOPE SF master development at rdare@mercyhousing.org if you have any questions about our support. Thank you.

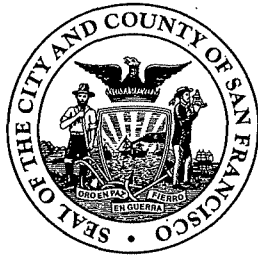

Sincerely,

A handwritten signature in black ink, appearing to read "Ed Holder".

NOTICE OF PUBLIC HEARING

BOARD OF SUPERVISORS OF THE CITY AND COUNTY OF SAN FRANCISCO LAND USE AND TRANSPORTATION COMMITTEE

NOTICE IS HEREBY GIVEN THAT the Land Use and Transportation Committee will hold a public hearing to consider the following proposal and said public hearing will be held as follows, at which time all interested parties may attend and be heard:

- Date:** Monday, February 5, 2018
- Time:** 1:30 p.m.
- Location:** Legislative Chamber, Room 250, located at City Hall
1 Dr. Carlton B. Goodlett Place, San Francisco, CA
- Subject:** **File No. 170761.** Ordinance amending the Public Works Code to update provisions on street encroachment permits, establish appeals procedures and fees for such appeals, waive the annual public right-of-way occupancy assessment fee in lieu of the waiver for permit fee payment for certain permits, modify the street encroachment permit process for governmental entities, and create a temporary street encroachment permit for a maximum period of 30 months; amending the Administrative Code to establish an encroachment maintenance fund for permits where the permittee is not an adjacent property owner; and affirming the Planning Department's determination under the California Environmental Quality Act.

If the legislation passes, there will be two new appeal processes for Street Major Encroachment Permits that may be filed with the Board of Supervisors. An applicant filing against the determination of the Director of Public Works (Director) for reasons unrelated to engineering design of a Street Encroachment Permit application, may file an appeal with the Board of Supervisors within 30 days of the Director's written decision. After the Director notifies the applicant in writing and an administrative hearing is held, the applicant may appeal the Director's decision to deny a street encroachment permit with the Board of Supervisors within 30 days of the date of the written decision of the Director. The applicant's appeal shall be in writing accompanied with checks addressed to the Clerk of the Board of Supervisors for \$635 and \$400 addressed to Public Works. The fee is to compensate the City for its cost related to the appeal.

The proposed legislation will also allow appeal to the Director's determination to recommend revocation of a Street Encroachment Permit. After the Director notifies the permittee in writing and an administrative hearing is held, the permittee may appeal the Director's decision to revoke with the Board of Supervisors within 30 days of the date of the written decision of the Director. The permittee's appeal shall be in writing accompanied with checks addressed to the

Clerk of the Board of Supervisors for \$635 and \$400 addressed to Public Works. The fee is to compensate the City for its cost related to the appeal.

Beginning with fiscal year 2018-2019, the appeal fees may be adjusted each year, without further action by the Board of Supervisors, to reflect changes in the relevant Consumer Price Index, as determined by the Controller.

In accordance with Administrative Code, Section 67.7-1, persons who are unable to attend the hearing on this matter may submit written comments to the City prior to the time the hearing begins. These comments will be made as part of the official public record in this matter, and shall be brought to the attention of the members of the Committee. Written comments should be addressed to Angela Calvillo, Clerk of the Board, City Hall, 1 Dr. Carlton B. Goodlett Place, Room 244, San Francisco, CA 94102. Information relating to this matter is available in the Office of the Clerk of the Board. Agenda information relating to this matter will be available for public review on Friday, February 2, 2018.

NOTICE OF PUBLIC HEARING BOARD OF SUPERVISORS OF THE CITY AND COUNTY OF SAN FRANCISCO LAND USE AND TRANSPORTATION COMMITTEE
MONDAY, JULY 17, 2017 - 1:30 PM CITY HALL, LEGISLATIVE CHAMBER, ROOM 250 1 DR. CARLTON B. GOODLETT PLACE, SAN FRANCISCO, CA

NOTICE IS HEREBY GIVEN THAT the Land Use and Transportation Committee will hold a public hearing to consider the following proposal and said public hearing will be held as follows, at which time all interested parties may attend and be heard: File No. 170761 Ordinance amending the Public Works Code to update provisions on street encroachment permits, establish appeals procedures and fees for such appeals, waive the annual public right-of-way occupancy assessment fee in lieu of the waiver for permit fee payment for certain permits, modify the street encroachment permit process for governmental entities, and create a temporary street encroachment permit for a maximum period of 30 months; amending the Administrative Code to establish an encroachment maintenance fund for permits where the permittee is not an adjacent property owner; and affirming the Planning Department's determination under the California Environmental Quality Act. If the legislation passes, there will be two new appeal processes for Street Major Encroachment Permits that may be filed with the Board of Supervisors. An applicant filing against the determination of the Director of Public Works (Director) for reasons unrelated to engineering design of a Street Encroachment Permit application, may file an appeal with the Board of Supervisors within 30 days of the Director's written decision. After the Director notifies the applicant in writing and an administrative hearing is held, the applicant may appeal the Director's decision to deny a street encroachment permit with the Board of Supervisors within 30 days of the date of the written decision of the Director. The applicant's appeal shall be in writing accompanied with checks addressed to the Clerk of the

Board of Supervisors for \$635 and \$400 addressed to Public Works. The fee is to compensate the City for its cost related to the appeal. The proposed legislation will also allow appeal to the Director's determination to recommend revocation of a Street Encroachment Permit. After the Director notifies the permittee in writing and an administrative hearing is held, the permittee may appeal the Director's decision to revoke with the Board of Supervisors within 30 days of the date of the written decision of the Director. The permittee's appeal shall be in writing accompanied with checks addressed to the Clerk of the Board of Supervisors for \$635 and \$400 addressed to Public Works. The fee is to compensate the City for its cost related to the appeal. Beginning with fiscal year 2018-2019, the appeal fees may be adjusted each year, without further action by the Board of Supervisors, to reflect changes in the relevant Consumer Price Index, as determined by the Controller. In accordance with Administrative Code, Section 67.7-1, persons who are unable to attend the hearing on this matter may submit written comments to the City prior to the time the hearing begins. These comments will be made as part of the official public record in this matter, and shall be brought to the attention of the members of the Committee. Written comments should be addressed to Angela Calvillo, Clerk of the Board, City Hall, 1 Dr. Carlton B. Goodlett Place, Room 244, San Francisco, CA 94102. Information relating to this matter is available in the Office of the Clerk of the Board. Agenda information relating to this matter will be available for public review on Friday, July 14, 2017. - Angela Calvillo, Clerk of the Board

Dear Ms. Gibson:

On June 20, 2017, Mayor Lee introduced the following proposed legislation:

File No. 170761

Ordinance amending the Public Works Code to update provisions on street encroachment permits, establish appeals procedures and fees for such appeals, waive the annual public right-of-way occupancy assessment fee in lieu of the waiver for permit fee payment for certain permits, modify the street encroachment permit process for governmental entities, and create a temporary street encroachment permit for a maximum period of 30 months; amending the Administrative Code to establish an encroachment maintenance fund for permits where the permittee is not an adjacent property owner; and affirming the Planning Department's determination under the California Environmental Quality Act.

This legislation is being transmitted to you for environmental review.

COMMITTEE REPORTS

Mark S. Farrell

2017 JUL 13 AM 9:54
LEG DEPT, LU CLK

Pursuant to Board Rule 4.20, as Chair of the Land Use and Transportation Committee, I have deemed the following matters are of an urgent nature and request they be considered by the full Board on Tuesday, July 18, 2017, as Committee Reports:

170761 Public Works, Administrative Codes - Street Encroachment Permits and Maintenance Fund for Certain Permits

Ordinance amending the Public Works Code to update provisions on street encroachment permits, establish appeals procedures and fees for such appeals, waive the annual public right-of-way occupancy assessment fee in lieu of the waiver for permit fee payment for certain permits, modify the street encroachment permit process for governmental entities, and create a temporary street encroachment permit for a maximum period of 30 months; amending the Administrative Code to establish an encroachment maintenance fund for permits where the permittee is not an adjacent property owner; and affirming the Planning Department's determination under the California Environmental Quality Act.

170692 General Plan Amendments - Implementing the City's Vision Zero Policy Regarding Pedestrian Safety

Ordinance amending the Transportation and Urban Design Elements of the General Plan to implement the City's Vision Zero policy regarding pedestrian safety; making findings, including findings of consistency with the General Plan, and the eight priority policies of Planning Code, Section 101.1; and affirming the Planning Department's determination under the California Environmental Quality Act.

170820 Planning Code - Valencia Street Neighborhood Commercial Transit District Zoning Control Table

Ordinance amending the Planning Code to adopt the zoning control table for the Valencia Street Neighborhood Commercial Transit District, which was deleted inadvertently from Ordinance No. 129-17, the Article 7 Reorganization Ordinance; making environmental findings and findings of consistency with the General Plan, and the eight priority policies

of Planning Code, Section 101.1, and adopting findings of public convenience, necessity, and welfare under Planning Code, Section 302.

170783 Extending Interim Zoning Controls - Indoor Agriculture

Resolution extending interim zoning controls to require conditional use authorization for indoor agriculture uses, as defined in Planning Code, Section 102, and other indoor agriculture uses in Production, Distribution and Repair zoning districts; making findings of consistency with the eight priority policies of Planning Code, Section 101.1; and affirming the Planning Department's determination under the California Environmental Quality Act.

These matters will be heard in the Land Use and Transportation Committee at a Regular Meeting on Monday, July 17, 2017, at 1:30 p.m.

EDWIN M. LEE

TO: Angela Calvillo, Clerk of the Board of Supervisors
FROM: ✓ Mayor Edwin M. Lee 
RE: Public Works, Administrative Codes – Street Encroachment Permits and
Maintenance Fund for Certain Permits
DATE: June 20, 2017

Attached for introduction to the Board of Supervisors is an ordinance amending the Public Works Code to update provisions on street encroachment permits, establish appeals procedures and fees for such appeals, waive the annual public right-of-way occupancy assessment fee in lieu of the waiver for permit fee payment for certain permits, modify the street encroachment permit process for governmental entities, and create a temporary street encroachment permit for a maximum period of 30 months; amending the Administrative Code to establish an encroachment maintenance fund for permits where the permittee is not an adjacent property owner; and affirming the Planning Department's determination under the California Environmental Quality Act.

I respectfully request that this item be heard in Land Use Committee on July 24, 2017 and sent forward as a Committee Report to the full Board on July 25, 2017.

Should you have any questions, please contact Mawuli Tugbenyoh (415) 554-5168.
