- Access for Maintenance and Repair Easement of Outfall Infrastructure. [Note: Subject to further discussion.] The Outfall Infrastructure drains Stormwater from the Premises and other nearby Port property. Portions of the Outfall Infrastructure are located within the Premises and will be removed, replaced and/or relocated in connection with the development of the Project. Accordingly, during the Term, Port hereby reserves for itself and its Agents, rights of access over and under the areas more particularly depicted on Exhibit XX as Outfall Area #1 and Outfall Area #2 [Note: May need to be expanded (collectively, the "Outfall Infrastructure Area") for purposes of locating, maintaining, repairing, removing and replacing the Outfall Infrastructure (collectively the "Outfall Work"). Port will use commercially reasonable efforts during performance of any Outfall Work not to unreasonably interfere with the Permitted Uses. The Outfall Work will be performed only after at least ten (10) business days' prior written notice to Tenant (except in the case of emergencies) and Port will use commercially reasonable efforts to adjust the scheduled period of the Outfall Work if it would materially and adversely interfere with the Permitted Uses. In connection with the development of each Phase of the Project, Master Developer will be removing, replacing and/or relocating portions of the Outfall Infrastructure (as applicable, the "Relocated Outfall Infrastructure"). Upon commencement of Master Developer's work on a portion of the Relocated Outfall Infrastructure until the applicable Relocated Outfall Infrastructure is Accepted by Port or other City Agency, as applicable, Port will not perform, nor will it have, any maintenance and repair responsibilities for such portion of such Relocated Outfall Infrastructure.
- (b) <u>Billboard Agreement</u>. This Lease is subject to the terms and conditions of that certain License No. 16115 between Outfront Media LLC, a Delaware limited liability company ("Billboard Licensee") and Port, dated as of March 30, 2016, as amended from time to time (as amended, the "Billboard Agreement"). Port will deliver a notice of termination to the Billboard Licensee within thirty (30) days after the Commencement Date. Such notice of termination will set forth the termination date, which termination date will be no later than October 1, 2018 (or later as agreed by the Parties if such later date would not materially and adversely affect the Site Preparation, as reasonably determined by Tenant). Port will not be in default of its obligations under this Lease if the existing Billboard has not been removed from the Premises as of the date Site Preparation commences as long as Port is diligently pursuing the termination of the Billboard Agreement and removal of the Billboard.

(c) [Discuss and include procedures for 3rd Street Bridge construction and construction staging area for such project within the Premises.]

1.4. Adjustment of Premises for Development. From time to time during the Term, the legal description of the Premises will be modified in accordance with this Section 1.4, and the term "Premises" refers to the property that is subject to this Lease at the time.

(a) Development Parcels.

- (i) As provided under each Vertical DDA, Port will convey a leasehold interest in Development Parcel to the Vertical Developer in order to convey such leasehold interest in a Development Parcel to a Vertical Developer, Port and Tenant must execute, acknowledge, and record a Partial Release of Master Lease in the form attached hereto as Exhibit [XX] ("Partial Release of Master Lease") for such Development Parcel.
- (ii) Port will provide Tenant at least ten (10) business days' prior notice of the anticipated conveyance date for each Development Parcel ("Anticipated Conveyance Date") and where Tenant should deposit the executed and acknowledged Partial Release of Master Lease. Tenant will deposit into escrow the executed and acknowledged Partial Release of Master Lease at least five (5) business days before the Anticipated Conveyance Date. Tenant's failure to timely execute, acknowledge and deliver the Partial Release of Master Lease into escrow will be a major default under this Lease and the DDA.
- (iii) Once the Partial Release of Master Lease for the applicable Development Parcel is recorded in the Official Records, then Tenant's leasehold interest in such applicable Development Parcel will be terminated and other than the obligations that survive the expiration or termination of this Lease, this Lease will be terminated as it applies to such Development Parcel.
- (b) Horizontal Improvement Parcels. [Note: Release procedures and mechanism to be revised to reflect final DDA and ICA.] Upon Acceptance by the City of each work of Horizontal Improvement constructed in accordance with the DDA, Port and Master Developer will execute a Partial Release of Master Lease for the parcels where the Horizontal Improvements are Accepted (each a "Horizontal Improvement Parcel"). Once the Partial Release of Master Lease for the applicable Horizontal Improvement Parcel is recorded in the Official Records, then Tenant's leasehold interest in such applicable Horizontal Improvement Parcel will be terminated and other than the obligations that survive the expiration or termination of the Master Lease, this Master Lease will be terminated as it applies to such applicable Horizontal Improvement Parcel.
- 1.5. Premises Expansion. The Premises will be expanded from time to time in accordance with this Section 1.5 to include the following areas (each an "Expansion Area"):
- (a) China Basin Park. [Note: Subject to further discussion.] The area immediately north of Terry A. Francois Boulevard ("TFB") to the edge of Mission Creek, generally known as China Basin Park ("Expansion Area A"), as further depicted on Exhibit XX and described in Exhibit XX, is currently licensed by China Basin Ballpark Company, LLC ("CBBC") pursuant to that certain [Permit to Enter and Use Property Permit No. 13214]between Port and China Basin Ballpark, LLC, dated as of [November 26, 1997] ("CBP License"). Expansion Area A will be added to the Premises upon satisfaction of all the following conditions:
- (i) Tenant has obtained all Regulatory Approvals necessary to support planned Site Preparation activities on or around Expansion Area A, including, but not limited to, grading and deep dynamic compaction;
- (ii) Port has terminated the CBP License as of the date the Premises is expanded to include Expansion Area A;

- (iii) Tenant's reasonable cooperation and coordination with San Francisco Public Works in connection with the rehabilitation of the 3rd Street Bridge (including any staging area within or near the Premises) with the development of the Horizontal Improvements; and
- (iv) Port has approved Master Developer's submission of all documents and evidence required to satisfy the conditions of [Section 14.2 of the DDA] as it relates to Expansion Area A.
- (b) Portions of Terry A. Francois Boulevard. [Note: Subject to further discussion.] Portions of TFB along the entire northern boundary of the Initial Premises continuing along the northern portion of TFB immediately east of the Initial Site (each, an "Expansion Area B"), as further depicted on Exhibit XX and described in Exhibit XX, will be added to the Premises from time to time during the Term. The number, location and date upon which each Expansion Area B will be added to the Premises will be determined by the Parties. The parties may add an Expansion Area B to the Premises upon satisfaction of all the following conditions:
- (i) Tenant has obtained all applicable all Regulatory Approvals required to permanently close Expansion Area B to vehicular and/or pedestrian traffic, as applicable, and the City has vacated the same;
- (ii) Tenant has made available to Port tenants, staff, and other users or visitors of the area immediately east of TFB, such as Piers 48, 48½ and 50, Atwater Tavern, and the Piers 48-50 basin, (collectively, the "East TFB Users") throughout the Term, an alternate route through the Initial Premises for continuous vehicular and pedestrian access (other than temporary traffic closures in line with SFMTA's latest edition of [Regulations for Working in San Francisco Streets] or in connection with an emergency necessary to protect the safety and welfare of the public) whether via TFB or other areas of the Premises;
- (iii) Presentations to the Ballpark Transportation Coordinating Committee ("BTCC") and Interdepartmental Staff Committee on Traffic and Transportation ("ISCOTT"); and
- (iv) Port has approved Master Developer's submission of all documents and evidence required to satisfy the conditions of [Section 14.2 of the DDA] as it relates to the applicable Expansion Area B.
- (c) <u>Channel Wharf.</u> [Note: Subject to further discussion] The area between Piers 48 and 50 and immediately east of TFB to the edge of the Piers 48-50 basin and generally known as Channel Wharf ("Expansion Area C"), as further depicted on *Exhibit XX* and described in *Exhibit XX*, will be added to the Premises upon satisfaction of all the following conditions:
- (i) Port has approved Master Developer's submission of all documents and evidence required to satisfy the conditions of [Section 14.2 of the DDA] as it relates to Expansion Area C; and
- (ii) Tenant has obtained all applicable Regulatory Approvals necessary to support planned Site Preparation activities on or around Expansion Area C.
- 1.6. License of Terry Francois A Boulevard. [Note: Subject to further discussion] From time to time during the Term, Port will grant Tenant temporary, non-exclusive and non-possessory, revocable licenses (each, a "TFB License") over portions of TFB for Site Preparation work or temporary interim improvements (each, a "TFB License Area") from time to time in accordance with this Section 1.6. Tenant's use of the TFB License Area will be on all other applicable terms and conditions of this Lease, subject to the further restrictions set forth below:

- (a) <u>License Use</u>. During the term of each TFB License, Tenant may grant Master Developer use of the applicable TFB License Area for Site Preparation work or temporary interim improvements ("License Work"). Before Tenant commences any License Work, Tenant must satisfy all of the following conditions:
- (i) Port has approved Master Developer's submission of all documents and evidence required to satisfy the conditions of [Section 14.2 of the DDA] as it relates to the applicable TFB License Area;
- (ii) Provide Port at least ten (10) business days prior notice of commencement of the Site Preparation work;
- (iii) Tenant has obtained all applicable Regulatory Approvals necessary to support planned Site Preparation activities on or around the applicable TFB License Area, including closure of the applicable TFB License Area to vehicular and/or pedestrian traffic, as applicable;
- (iv) Tenant will provide East TFB Users continuous vehicular and pedestrian access through the Initial Premises via alternate traffic routes designated by Tenant. Tenant shall maintain such access for East TFB Users, subject to temporary traffic closures in line with SFMTA's latest edition of [Regulations for Working in San Francisco Streets] or in connection with an emergency necessary to protect the safety and welfare of the public; and
- (v) Tenant has communicated the closure of the TFB License Area to vehicles and pedestrians during performance of Site Preparation work to local community stakeholders including, but not limited to, the East TFB Users. [Note: include other necessary conditions].
- (b) Reopening of TFB License Area. Following completion of Site Preparation work or temporary interim improvements within an applicable TFB License Area, Tenant, in consultation with Port, will determine whether to remove all equipment and re-open the TFB License Area to vehicular and pedestrian traffic. Tenant will provide periodic updates to CWAG and the East TFB Users on the progress of the Site Preparation work or temporary interim improvements and estimated completion date. [Note: This section to be further revised after discussion re: phasing, etc. See note above re: expansion of premises for TFB.]
- 1.7. Liquidated Damages for Failure to Provide Access to East TFB Users. In addition to the other remedies available to Port under this Lease for an Event of Default under Sections 1.5(b)(ii) or 1.6(a)(iv), if Tenant violates Sections [1.5(b)(ii) and 1.6(a)(iv)] regarding access for East TFB Users, then from and after the second notice of violation of Sections [1.5(b) and 1.6(a)], Tenant will pay Port an amount equal to Five Thousand Dollars (\$5,000.00) (as adjusted periodically, the "No Access Charge") for each such violation as liquidated damages, which Five Thousand Dollars (\$5,000.00) will be increased by fifteen percent (15%) on the fifth (5th) anniversary of the Commencement Date and every five (5) years thereafter.

THE PARTIES HAVE AGREED THAT PORT'S ACTUAL DAMAGES, IN THE EVENT TENANT VIOLATES *SECTIONS 1.5(b)(ii) and 1.6(a)(iv)]* WITH REGARD TO EAST TFB USERS ACCESS, WOULD BE EXTREMELY DIFFICULT OR IMPRACTICABLE TO DETERMINE. AFTER NEGOTIATION, THE PARTIES HAVE AGREED THAT, CONSIDERING ALL THE CIRCUMSTANCES EXISTING ON THE DATE OF THIS LEASE, THE AMOUNT OF THE NO ACCESS CHARGE IS A REASONABLE ESTIMATE OF THE DAMAGES THAT PORT WOULD INCUR IN SUCH AN EVENT. BY PLACING THEIR RESPECTIVE INITIALS BELOW, EACH PARTY SPECIFICALLY CONFIRMS THE ACCURACY OF THE STATEMENTS MADE ABOVE AND THE FACT THAT EACH PARTY WAS REPRESENTED BY COUNSEL WHO EXPLAINED, AT THE TIME THIS AGREEMENT WAS MADE, THE CONSEQUENCES OF THIS LIQUIDATED DAMAGES PROVISION.

| Port Initials | Tenant Initials |
|---------------|-----------------|

1.8. *Memorandum of Technical Corrections*. The Parties reserve the right, upon mutual agreement of Port's Executive Director and Tenant, to enter into memoranda of technical corrections hereto to reflect any non-material changes in the actual legal description and square footages of the Premises, and upon full execution thereof, such memoranda will be deemed to become a part of this Lease.

2. TERM.

2.1. Term. The effectiveness of this Lease will commence on the Commencement Date as shown in the Basic Lease Information. The Lease will expire at 11:59 p.m. on the Expiration Date set forth in the Basic Lease Information, unless earlier terminated or extended in accordance with the terms of this Lease. The period from the Commencement Date until the final expiration of the Lease is referred to as the "Term."

2.2. Port's Early Termination Right.

- discretion, terminate this Lease even in the absence of an Event of Default in accordance with this Section 2.2 ("Termination Option"). If Port elects to exercise its Termination Option, then Port will provide Tenant prior notice of its election ("Termination Notice"). If Port exercises its Termination Option, the termination of this Lease will be effective upon the later of (i) the date set forth in the Termination Notice (which will not be less than thirty (30) days following the delivery of the Termination Notice), or (ii) the last Ballpark Event or Special Event that is scheduled (including any notice or advertisement to the public of such event and date) as of the date the Termination Notice is delivered and which is scheduled within the ninety (90) day period following the last Major League Baseball ("MLB") game played in AT&T Park during the MLB season in which the Termination Notice is delivered. The termination of the Lease in connection with this Section 2.2 is further conditioned on satisfaction of the following conditions:
- (i) If any portion of the Entitlement Sum is outstanding, payment by Port to Tenant of the outstanding amount on or prior to the termination date; and
- (ii) If any portion of the Alternative Rent Credit is outstanding, payment by Port to Tenant of the outstanding amount on or prior to the termination date.
- **(b)** Effect of Termination. Upon the effective date of termination of this Lease in accordance with this Section 2.2, other than the provisions that survive expiration or earlier termination of this Lease, this Lease will terminate.

3. Rent

During the Term, Tenant will pay Rent for the Premises to Port at the times and in the manner provided in *Exhibit D* attached hereto and incorporated herein by this reference.

4. USES.

- **4.1.** Uses within Premises. The Premises will be used and occupied only for the Permitted Uses specified in the Basic Lease Information and for no other purpose.
- **4.2.** Advertising and Signs. Subject to the prohibition on tobacco and alcohol advertising provided in Article 42, Tenant has the right to install (i) any "business sign" (as defined in Planning Code Section 602.3) in connection with any Permitted Use, (ii) any signage relating to the promotion and advertising of the Project ("Project Signage") and (iii) Promotional

Signage, in each case without the prior written consent of Port acting in its proprietary capacity. Any such signage will comply with all applicable Laws relating thereto and the requirements of the SUD, Design Controls and the requirements of any applicable building permits. Tenant must obtain all Regulatory Approvals required by applicable Laws. Port makes no representation with respect to Tenant's ability to obtain such Regulatory Approval. All rents, fees, or other charges from all signs will be included as part of Rent and paid in accordance with *Exhibit D*. Tenant, at its sole cost and expense, must remove all signs placed by it on the Premises at the expiration or earlier termination of this Lease. Tenant may enter into agreements with other parties for purposes of placing Promotional Signage or Project Signage, and provided that such use complies with all the terms and conditions of this Lease, such use will not be considered a Transfer for purposes of this Lease, but any and all rent, fees, or other charges from Promotional Signage or Project Signage will be included as part of Gross Income.

4.3. Construction Staging.

(a) Construction Staging for Horizontal Development.

- (i) Subject to Section 4.3(a)(iii), Tenant has the right to use (and to allow its Agents and Invitees to use) portions of the Premises for construction staging, including, without limitation, storage of soil stockpiles, construction materials and equipment, fencing, temporary construction offices as may be reasonably necessary or convenient in connection with the development of Horizontal Improvements.
- (ii) It is expressly acknowledged and agreed that Staging Rent will not be payable on account of construction staging activities solely in connection with the development of Horizontal Improvements, and that the provisions of **Section** [] of **Exhibit** D, which require payment of Staging Rent in conjunction with lease or license of construction staging areas to Vertical Developers, are not applicable to construction staging activities solely in connection with the development of Horizontal Improvements.
- (iii) Tenant will include in each Phase Submittal the proposed boundary of the area outside the applicable Phase Area that Tenant proposes to use for construction staging for the Horizontal Improvements. Tenant must obtain Port's prior consent, which will not be unreasonably withheld, before using portions of the Premises outside the boundary approved by Port for construction staging of the Horizontal Improvements.
- (b) Construction Staging for Vertical Development. Subject to the provisions of Section [] of Exhibit D regarding payment of Staging Rent, Tenant has the right to Sublease to Vertical Developers, portions of the Premises for construction staging, including, without limitation, storage of soil stockpiles, construction materials and equipment, fencing, and temporary construction offices in connection with the development of the applicable Vertical Improvements.
- (c) <u>Comply with Laws</u>. All construction staging must be performed in accordance with applicable Laws, including any operations plan approved by Port and applicable provisions of the Mitigation Monitoring and Reporting Program.
- **4.4.** Activation Uses. Subject to the provisions of Section [] of Exhibit D regarding payment of Activation Area Rent, in addition to the Yard (but in no event more than XXX square feet), up to an additional Twenty Thousand (20,000) square feet of the Premises may be designated from time to time by Tenant, by notice to Port, as Activation Area(s) and used for Activation Uses. Such Activation Areas may include up to Five Thousand (5,000) square feet of enclosed interior spaces, such as repurposed shipping containers. No Activation Rent will be due on the Yard at its existing location depicted on Exhibit XX. Activation Rent will be due on the Yard if it is relocated to other areas of the Premises.

4.5. Limitations on Uses by Tenant.

- (a) <u>Prohibited Activities</u>. Tenant will not conduct or permit on the Premises any of the following activities (in each instance, a "Prohibited Use" and collectively, "Prohibited Uses"):
- (i) any activity, or maintaining of any object, which is not within the Permitted Use or not previously approved by Port in writing, in its sole discretion;
- (ii) any construction (other than any construction related to Tenant's replacement of the existing Outfall Infrastructure in connection with the Horizontal Improvements), planting of trees or shrubs, or installation of any structures or buildings on, over, under, or within the Outfall Infrastructure Area;
- (iii) any activity which constitutes waste or nuisance to owners or occupants of adjacent properties, including, but not limited to, the preparation, manufacture or mixing of anything that might emit any unusually objectionable odors, noises or lights onto adjacent properties, or the use of loudspeakers or sound apparatus which can be heard outside the Premises in violation of applicable Law, provided, that the Construction Impacts reasonably expected for the construction of the Horizontal Improvements will not be considered or deemed a nuisance;
- (iv) Subject to the provisions of **Sections 1.5(b)(ii)** and **1.6(a)(iv)** any activity which will in any way injure, obstruct or interfere with the rights of ingress and egress of other owners, tenants, or occupants of adjacent properties who are not TFB Users;
- (v) With respect to any East TFB Users, any activity that prevents East TFB Users' access to the areas east of TFB in violation of *Sections 1.5(b)(ii)* and *1.6(a)(iv)* except to the extent that such activities are conducted within the Permitted Uses hereunder and in accordance with all laws and Regulatory Approvals;
- (vi) use of the Premises for residential, sleeping or personal living quarters and/or "Live/Work" space;
- (vii) the placement of any Sign on or near the Premises related to any auction, distress, fire, bankruptcy or going out of business sale on the Premises without the prior written consent of Port, which consent may be granted, conditioned, or withheld in the sole and absolute discretion of Port;
- (viii) any vehicle and equipment maintenance, including but not limited to fueling, changing oil, transmission or other automotive fluids provided, however, the foregoing prohibition does not apply to standard equipment maintenance for office equipment (such as printers, computer, and copiers), equipment used in connection with Tenant's parking operations (including pay stations used for collecting parking fees or to the charging of electric vehicles and equipment;
- (ix) except in connection with the construction of the Horizontal Improvements and the Vertical Improvements, the storage of any and all excavated materials, including but not limited to, dirt, concrete, sand, asphalt, and pipes;
- (x) except in connection with the construction of the Horizontal Improvements and the Vertical Improvements, the storage of any and all aggregate material, or bulk storage, such as wood or of other loose materials; or
- (xi) the washing of any vehicles or equipment (unless such use is reasonably required on a temporary basis to comply with the Mission Rock Mitigation Monitoring and Reporting Program or the Mission Rock Risk Management Plan during construction of the Horizontal Improvements or otherwise done in accordance with an approved Operations Plan.

- may not enter into agreements granting licenses, easements or access rights over the Premises (collectively, "Access Rights") if the same would be binding on Port's reversionary interest in the Premises without Port's prior written consent, which consent may be withheld in Port's sole discretion. Notwithstanding the foregoing, the Parties acknowledge that Master Developer's obligations to deliver the Horizontal Improvements under the DDA (including the Infrastructure Plan), and the requirements of the Master Utilities Plan, Master Tentative Map and associated conditions of approval will require the dedication or granting of certain Access Rights that may be binding on Port's reversionary interest in the Premises. Port will not withhold its consent to any Access Rights that are consistent with matters previously approved by Port (including the DDA, Infrastructure Plan and Master Tentative Map) or in the Master Utilities Plan; and will not unreasonably withhold its consent to Access Rights to private parties that are reasonably required for the functioning of the Horizontal Improvements or Vertical Improvements (e.g., private gas easements and private telecommunications easements).
- 4.6. Liquidated Damages for Repeat Prohibited Uses and Special Event Violations. In addition to the other remedies available to Port under this Lease for an Event of Default under Section 23.1(f), if Tenant uses the Premises in violation of this Lease for a Special Event or for the same type of Prohibited Use and Port has delivered a notice of such violations more than three (3) times within the prior twelve (12) month period, then Tenant will pay Port an amount equal to Two Thousand Five Hundred Dollars (\$2,500.00) (as adjusted periodically, the "Prohibited Use Charge") for such Prohibited Use or Special Event violation as liquidated damages, which Two Thousand Five Hundred Dollars (\$2,500.00) will be increased by fifteen percent (15%) on the fifth (5th) anniversary of the Commencement Date and every five (5) years thereafter. [Note: \$2,500 will increase annually by 3% from and after the date of DDA execution until execution of this Lease.]

THE PARTIES HAVE AGREED THAT PORT'S ACTUAL DAMAGES, IN THE EVENT TENANT USES THE PREMISES IN VIOLATION OF THIS LEASE FOR A SPECIAL EVENT OR FOR THE SAME TYPE OF PROHIBITED USE MORE THAN TWO (2) TIMES WITHIN A TWELVE (12) MONTH PERIOD, WOULD BE EXTREMELY DIFFICULT OR IMPRACTICABLE TO DETERMINE. AFTER NEGOTIATION, THE PARTIES HAVE AGREED THAT, CONSIDERING ALL THE CIRCUMSTANCES EXISTING ON THE DATE OF THIS LEASE, THE AMOUNT OF THE PROHIBITED USE CHARGE IS A REASONABLE ESTIMATE OF THE DAMAGES THAT PORT WOULD INCUR IN SUCH AN EVENT. BY PLACING THEIR RESPECTIVE INITIALS BELOW, EACH PARTY SPECIFICALLY CONFIRMS THE ACCURACY OF THE STATEMENTS MADE ABOVE AND THE FACT THAT EACH PARTY WAS REPRESENTED BY COUNSEL WHO EXPLAINED, AT THE TIME THIS AGREEMENT WAS MADE, THE CONSEQUENCES OF THIS LIQUIDATED DAMAGES PROVISION.

|----------------|------------------|

5. DEVELOPMENT PROJECTS.

projects will be developed or constructed on or near Port property [(such as the development projects at Pier 48, the individual development on the Development Parcels at the [Mission Rock Site], the Chase Center, development at Mission Bay, the rehabilitation of the 3rd Street Bridge) and Pier 70, the proposed development of over 5 million square feet on the 29-acre Central Waterfront site at or around 1201 Illinois Street (bounded by Illinois, the Bay, 22nd and 23rd Streets) also may be constructed in the vicinity of the Premises (collectively, "Development Projects"). Tenant is aware that construction of the Development Projects and other construction projects of Port tenants, licensees or occupants or projects of third parties in the vicinity of the Premises and the activities associated with such construction

may generate adverse impacts on construction of the Horizontal Improvements, use and/or operation of the Premises after construction, or may result in inconvenience to or disturbance of Tenant and its Agents and Invitees. Said impacts may include increased vehicle and truck traffic, closure of traffic lanes, re-routing of traffic delays, loss of street and public parking, dust, dirt, construction noise, and visual obstructions (collectively, "Construction Impacts").

Tenant hereby waives any and all Losses against the Indemnified Parties arising out of any inconvenience or disturbance to Tenant, its Agents or Invitees, from Construction Impacts. The Parties will each use reasonable efforts to coordinate its construction efforts with each other and with others engaged in construction on such other projects in a manner that will seek, to the extent reasonably possible, to reduce construction conflicts.

- **5.2.** Cooperation. Tenant acknowledges and agrees that it will reasonably cooperate with Port, each tenant or developer of the Development Parcels in the Mission Rock Site and Pier 48 and any future tenants or occupants of the Mission Rock Site (collectively, the "Mission Rock Parties") in the development of Mission Rock and Pier 48, at no material out-of-pocket cost to Tenant.
- **5.3.** Tenant Deliveries Related to Vertical Development. Subject to satisfaction of all conditions precedent for release of a Development Parcel from the Premises, as set forth in the DDA, no less than five (5) business days prior to the Anticipated Conveyance Date of each Development Parcel, Tenant will deliver into Escrow, the following documents:
- (a) a duly executed and acknowledged Partial Release of Master Lease and [Partial Release of DDA];
- (b) a duly executed Estoppel Certificate for the benefit of Port, the Vertical Developer and Vertical Developer's lenders, in the form attached hereto as *Exhibit XX*;
- (c) a duly executed ground lessee's affidavit and, if required by the title insurance company, a mechanic's lien indemnity (excluding any work performed by Port) reasonably acceptable to Tenant and the title insurance company issuing title insurance on the applicable Development Parcel;
- (d) a duly executed VCA reasonably acceptable to both Tenant and Vertical Developer; and
- (e) such other documents reasonably requested by Port, or Vertical Developer, to consummate the delivery of the applicable Development Parcel to Vertical Developer.

Upon request from each Vertical Developer, Tenant will also enter into a license on the form attached hereto as *Exhibit XX* to provide Vertical Developer access to the applicable Development Parcel for Vertical Developer to perform due diligence and site investigation prior to the Anticipated Conveyance Date.

6. TAXES AND ASSESSMENTS.

6.1. Payment of Taxes and Other Impositions.

(a) Payment of Taxes. Tenant will pay or cause to be paid to the proper authority prior to delinquency, all Impositions assessed, levied, confirmed or imposed on the Premises or any of the Improvements, Horizontal Improvements, or Personal Property (excluding the personal property of any Subtenant whose interest is separately assessed) located on the Premises or on its Leasehold Estate (but excluding any such taxes separately assessed, levied or imposed on any Subtenant), or on any use or occupancy of the Premises hereunder, to the full extent of installments or amounts payable or arising during the Term, whether in effect at the Commencement Date or which become effective thereafter. Tenant further recognizes and agrees that the Leasehold Estate may be subject to the payment of special taxes, including

without limitation a levy of special taxes to finance energy efficiency, water conservation, water pollution control and similar improvements under the Special Tax Financing Law in Chapter 43 Article X of the Administrative Code. Tenant will not permit any such Impositions to become a defaulted lien on the Premises or the Improvements (including the Horizontal Improvements) thereon. All such taxes must be paid directly to the City's Office of the Treasurer & Tax Collector or other charging authority prior to delinquency, provided that if applicable Law permits Tenant to pay such taxes in installments, Tenant may elect to do so. In addition, Tenant will pay any fine, penalty, interest or cost as may be charged or assessed for nonpayment or delinquent payment of such taxes. Subject to Section 6.2, Tenant will have the right to contest the validity, applicability or amount of any taxes in accordance with Article 7. In the event of any dispute, Tenant will Indemnify and hold the Indemnified Parties harmless from and against all Losses, including Attorneys' Fees and Costs, resulting therefrom.

- (i) <u>Acknowledgment of Possessory Interest</u>. Tenant specifically recognizes and agrees that this Lease creates a possessory interest that is subject to taxation, and that this Lease requires Tenant to pay any and all possessory interest taxes levied upon Tenant's interest pursuant to an assessment lawfully made by the City's Office of Assessor-Recorder. Tenant further acknowledges that any Sublease, Transfer or any exercise of any option to renew or extend this Lease may constitute a change in ownership, within the meaning of the California Revenue and Taxation Code, and therefore may result in a reassessment of any possessory interest created hereunder in accordance with applicable Law.
- (ii) <u>Reporting Requirements</u>. San Francisco Administrative Code Sections 23.38 and 23.39 (or any successive or replacement ordinance) requires that Port report certain information relating to this Lease, and the creation, renewal, extension, assignment, sublease, or other transfer of any interest granted hereunder, to the City's Office of Assessor-Recorder within sixty (60) days after any such transaction. Within thirty (30) days of request by Port following the date of any transaction that is subject to such reporting requirements, Tenant will provide such information as may reasonably be requested by Port to enable Port to comply with such requirements.
- Other Impositions. Without limiting the provisions of Section 6.1(a), and except as otherwise provided in this Section 6.1(b), Tenant will pay or cause to be paid all Impositions (as defined below), to the full extent of installments or amounts payable or arising during the Term, which may be assessed, levied, confirmed or imposed on or in respect of or be a lien upon the Premises, any Horizontal Improvements or other Improvements now or hereafter located thereon, any Personal Property now or hereafter located thereon (but excluding the personal property of any Subtenant whose interest is separately assessed), the Leasehold Estate, or any subleasehold estate permitted hereunder, including any taxable possessory interest which Tenant, any Subtenant or any other Person may have acquired pursuant to this Lease (but excluding any such Impositions separately assessed, levied or imposed on any Subtenant). Subject to the provisions of Article 7, Tenant will pay all Impositions directly to the taxing authority, prior to delinquency, provided that if any applicable Law permits Tenant to pay any such Imposition in installments, Tenant may elect to do so. In addition, Tenant will pay any fine, penalty, interest or cost as may be assessed for nonpayment or delinquent payment of any Imposition. As used herein, "Impositions" means all taxes (including possessory interest, real, personal and Mello-Roos Taxes), assessments, liens, levies, fees, charges, or expenses of every description, levied, assessed, confirmed, or imposed by a governmental or quasi-governmental entity on the Premises, any of the Horizontal Improvements, Improvements or Personal Property located on the Premises, the Leasehold Estate, any subleasehold estate, or any use or occupancy of the Premises hereunder. Impositions includes all such taxes, assessments, liens, levies, fees charged or expenses of every description, whether general or special, ordinary or extraordinary, foreseen or unforeseen, or hereinafter levied or assessed in lieu of or in substitution of any of the foregoing of every character, including, without limitation, Mello-Roos Taxes under the Mission Rock CFD. The foregoing or subsequent provisions notwithstanding, Tenant will not be

responsible for any Impositions arising from or related to, Port's fee ownership interest in the Premises, Port's interest as landlord under this Lease, or any transfer thereof, including but not limited to, Impositions relating to the fee, transfer taxes associated with the conveyance of the fee, or business or gross rental taxes attributable to Port's fee interest or transfer thereof.

- (c) <u>Proof of Compliance</u>. Within a reasonable time following Port's written request, which Port may give at any time, Tenant will deliver to Port copies of official receipts of the appropriate taxing authorities, or other proof reasonably satisfactory to Port, evidencing the timely payment of such Impositions.
- 6.2. Acknowledgements and Covenants Regarding Community Facilities Districts and Assessment Matters. [Note: Conform/update with DDA and Financing Plan.]
- (a) <u>Section 53341.5 Acknowledgment</u>. Prior to Tenant's execution and delivery of this Lease, Tenant delivered to Port an acknowledgment (the "Notice of Special Tax") confirming that Tenant has been advised of the terms and conditions of the Mission Rock CFD, including that the Premises is subject to the Mello-Roos Taxes (as defined in *Exhibit XX*). A copy of the executed Notice of Special Tax is attached hereto as *Exhibit XX*.
- (b) <u>Facilities and Maintenance CFD</u>. As material consideration for the Port entering into this Lease, Tenant will comply with all of the covenants and acknowledgements set forth in *Exhibit XX* (Mission Rock CFD and Assessment Matters) attached hereto, which covenants and acknowledgements will be recorded against title to the Premises and survive the expiration or earlier termination of this Lease. ("Agreement to Comply with Mission Rock CFD and Assessment Matters").
- 6.3. Port's Right to Pay. Unless Tenant is exercising its right to contest in accordance with the provisions of Article 7, Tenant fails to pay and discharge any Imposition (including fines, penalties and interest) prior to delinquency, Port, at its sole option, may (but is not obligated to) pay or discharge the same; provided that prior to paying any such delinquent Imposition, Port will give Tenant written notice specifying a date that is at least ten (10) days following the date such notice is given after which Port intends to pay such Impositions. If Tenant fails, on or before the date specified in such notice, either to pay the delinquent Imposition or to notify Port that it is currently contesting such Impositions pursuant to Article 7, then Port may thereafter pay such Imposition, and the amount so paid by Port (including any interest and penalties thereon paid by Port), together with interest at the Default Rate computed from the date Port makes such payment, will be payable by Tenant as Additional Rent.

6.4. Information Required by the County Assessor. [Note: Subject to further discussion.]

- (a) [The County Assessor has notified Port that it requires certain information in order to facilitate completion of Assessor Block Maps, updates to ownership records, and assessment of in-progress construction, completed new construction, sales and other assessable transfers of property. *Exhibit XXX* lists the information that the County Assessor expects to need in order to perform the foregoing tasks (the "Assessor Information").
- (b) Each Party will provide to the County Assessor any Assessor Information requested in writing by the County Assessor in the format required by the County Assessor (the "Requested Information") within 90 days of the applicable Party's receipt of a written request for such Requested Information. Port will have the right to exercise all rights and remedies available at law or in equity to enforce Tenant's obligation to provide Requested Information on a timely basis, including specific performance. Tenant waives any right to confidentiality under applicable law to the extent necessary for the County Assessor to notify Port of Tenant's failure to provide the Requested Information on a timely basis and Port to exercise its right to specific performance of Tenant's obligation.

(c) Promptly following the County Assessor's request, Port may, from time to time, update the information requirements set forth in *Exhibit XXX* by providing Tenant no less than five (5) business days' prior notice and a replacement copy of *Exhibit XXX*.]

7. CONTESTS.

Subject to Section 6.2, Tenant has the right to contest the amount, validity or applicability, in whole or in part, of any Impositions, mechanics' lien or encumbrance (including any arising from work performed or materials provided to Tenant or any Subtenant to improve all or a portion of the Premises) by appropriate proceedings conducted in good faith and with due diligence, at no cost to Port, provided that, prior to commencement of such contest, Tenant notifies Port of such contest. Tenant must notify Port of the final determination of such contest within fifteen (15) days after such determination. Subject to Section 6.2, nothing in this Lease requires Tenant to pay any Impositions, mechanics' lien, or encumbrance so long as Tenant contests the validity, applicability or amount of such Impositions, mechanics' lien or encumbrance in good faith, and so long as it does not allow the portion of the Premises affected by such Impositions, mechanics' lien or encumbrance to be forfeited to the entity levying such Impositions, mechanics' lien or encumbrance as a result of its nonpayment. If any Law requires as a condition to such contest, that the disputed amount be paid under protest, or that a bond or similar security be provided, Tenant must comply with such condition as a condition to its right to contest. Tenant is responsible for the payment of any interest, penalties or other charges that may accrue as a result of any contest, and Tenant must provide a statutory lien release bond or other security reasonably satisfactory to Port in any instance where Port's interest in the Premises may be subjected to such lien or claim. Tenant is not required to pay any Impositions, mechanics' lien or encumbrance being so contested during the pendency of any such proceedings unless payment is required by the court or agency conducting such proceedings. Port, at its own expense and at its sole option, may elect to join in any such proceeding whether or not any Law requires that such proceedings be brought by or in the name of Port or any owner of the Premises. Port will not be subjected to any liability for the payment of any fines or penalties, and except as provided in the precedent sentence, costs, expenses, or fees, including Attorneys' Fees and Costs, in connection with any such proceeding. Without limiting Article 28, Tenant will Indemnify the Indemnified Parties for all Losses resulting from Tenant's contest of any Imposition, mechanics' lien or encumbrance.

8. COMPLIANCE WITH LAWS AND OTHER REQUIREMENTS.

8.1. Tenant's Obligation to Comply. Subject to Section 8.2 hereof, during the Term, Tenant will comply with, at no cost to Port, (i) all applicable Laws (taking into account any variances or other deviations properly approved), (ii) the Mission Rock Risk Management Plan, (iii) the DDA, (iv) the Mitigation Monitoring and Reporting Program, [, and (v)......] [Note: add others as necessary]. The foregoing sentence will not be deemed to limit Port's ability to act in its legislative or regulatory capacity, including the exercise of its police powers. In particular, Tenant acknowledges that the Permitted Uses do not limit Tenant's responsibility to obtain Regulatory Approvals for such Permitted Uses, nor do such Permitted Uses limit Port's responsibility in the issuance of any such Regulatory Approvals to comply with applicable Laws. It is understood and agreed that Tenant's obligation to comply with Laws includes the obligation to make, at no cost to Port, all additions to, modifications of, and installations on the Premises that may be required by any Laws relating to or affecting the Premises.

8.2. Unforeseen Requirements.

- (a) The Parties acknowledge and agree that Tenant's obligation under this **Section 8.2** to comply with all Laws and the other requirements set forth in **Section 8.1** is a material part of the bargained-for consideration under this Lease.
- (b) Notwithstanding Section 8.2(a), the Parties acknowledge that the primary purpose of this Lease is for the implementation of the Project under the DDA, including

construction of Horizontal Improvements, not for the occupancy, use, repair or maintenance of buildings existing as of the Commencement Date, except as expressly required under the DDA or required or permitted hereunder. Therefore, except as set forth in this **Section 8.2(c)**, no occurrence or situation arising during the Term, or any Law, whether foreseen or unforeseen, and however extraordinary, relieves Tenant from its liability to pay all of the sums required by any of the provisions of this Lease, or otherwise relieves Tenant from any of its obligations under this Lease or the DDA, or gives Tenant any right to terminate this Lease in whole or in part.

- (c) Tenant will have no obligation to comply with a change in Law occurring after the Commencement Date that requires substantial improvements to the Property to continue parking operations or hold Special Events, the cost of which is economically infeasible based on the projected revenues from such uses and recognizing the future development of the Project, if, as an alternative, Tenant can take reasonable measures to obviate the applicability of such change in Laws or cease parking operations or holding Special Events; provided, however, Tenant shall Indemnify Port for any Losses suffered by Port as a result of Tenant's failure to comply with such change in Laws.
- (d) Tenant waives any rights now or hereafter conferred upon it by any Law to terminate this Lease or to receive any abatement, diminution, reduction or suspension of payment of such sums, on account of any such occurrence or situation, provided that such waiver will not affect or impair any right or remedy expressly provided Tenant under this Lease.

9. REGULATORY APPROVALS.

Port Acting as Owner of Property. Tenant understands and agrees that Port is entering into this Lease in its proprietary capacity as the holder of fee title to the Premises and not as a Regulatory Agency with certain police powers. By entering into this Lease, Port is in no way modifying or limiting the obligation of Tenant to obtain any required Regulatory Approvals from Regulatory Agencies, and to cause the Premises to be used and occupied in accordance with all Laws and required Regulatory Approvals. Tenant acknowledges and agrees that Port has made no representation or warranty that the necessary Regulatory Approvals to allow for the development of the Horizontal Improvements or other Improvements can be obtained. Tenant further acknowledges and agrees that although Port is an agency of the City, Port staff and executives have no authority or influence over officials or Regulatory Agencies responsible for the issuance of any Regulatory Approvals, including Port and/or City officials acting in a regulatory capacity. Accordingly, there is no guarantee, nor a presumption, that any of the Regulatory Approvals required for the approval or development of the Horizontal Improvements or other Improvements will be issued by the appropriate Regulatory Agency, and Tenant understands and agrees that neither entry by Port into this Lease nor any approvals given by Port under this Lease will be deemed to imply that Tenant will obtain any required approvals from Regulatory Agencies which have jurisdiction over the Horizontal Improvements, other Improvements and/or the Premises, including Port itself in its regulatory capacity. Port's status as an agency of the City in no way limits the obligation of Tenant, at Tenant's own cost and initiative, to obtain Regulatory Approvals from Regulatory Agencies that have jurisdiction over the Horizontal Improvements or other Improvements. By entering into this Lease, Port is in no way modifying or limiting Tenant's obligations to cause the Premises to be developed, Restored, used and occupied in accordance with all Laws. Tenant further acknowledges and agrees that any time limitations on Port review or approval within this Lease applies only to Port in its proprietary capacity, not in its regulatory capacity. Without limiting the foregoing, Tenant understands and agrees that Port staff have no obligation to advocate, promote or lobby any Regulatory Agency and/or any local, regional, state or federal official for any Regulatory Approval, for approval of the Horizontal Improvements or other Improvements or other matters related to this Lease, and any such advocacy, promotion or lobbying will be done by Tenant at Tenant's sole cost and expense. Tenant hereby waives any claims against the Indemnified Parties, and fully releases and discharges the Indemnified Parties to the fullest extent permitted by Law, from any liability relating to the failure of Port (in its regulatory capacity), the City or

any Regulatory Agency from issuing any required Regulatory Approval or from issuing any approval of the Horizontal Improvements or other Improvements; provided, however, such waiver does not include a waiver of any administrative or other remedy that a third-party permittee would otherwise have under applicable Law against such Regulatory Agency for its election not to issue the applicable Regulatory Approval.

(b) Regulatory Approval; Conditions. The provisions of this Section 9(b) do not apply to Regulatory Approvals required for development of the Horizontal Improvements pursuant to the DDA, which is governed by the DDA. Tenant understands that Tenant's use and operations on the Premises for the Ancillary Permitted Uses may require Regulatory Approvals from Regulatory Agencies, which may include the City, Port, the RWQCB, SFPUC, and other Regulatory Agencies. Tenant is solely responsible for obtaining any such Regulatory Approvals, as further provided in this Section.

Port, at no cost to Port, will cooperate reasonably with Tenant in its efforts to obtain such Regulatory Approvals, including submitting letters of authorization for submittal of applications consistent with applicable Laws and to further terms and conditions of this Lease, including without limitation, being a co-permittee with respect to any such Regulatory Approvals. However, if Port is required to be a co-permittee under any such permit, then Port will not be subject to any conditions and/or restrictions under such permit that could (i) encumber, restrict or adversely change the use of any Port property other than the Premises, unless in each instance Port has previously approved, in Port's sole and absolute discretion, such conditions or restrictions; or (ii) restrict or change the use of the Premises in a manner not otherwise permitted under this Lease or subject Port to unreimbursed costs or fees, unless in each instance Port has previously approved, in Port's reasonable discretion, such conditions and/or restrictions and Tenant has assumed all obligations and liabilities related to such conditions, restrictions, and/or Port's unreimbursed costs or fees.

Port will provide Tenant with its approval or disapproval thereof in writing to Tenant within ten (10) business days after receipt of Tenant's written request, or if Port's Executive Director reasonably determines that Port Commission or Board action is required under applicable Laws, at the first Port and subsequent Board hearings after receipt of Tenant's written request subject to notice requirements and reasonable staff preparation time, not to exceed forty-five (45) days for Port Commission action alone and seventy-five (75) days if both Port Commission and Board action is required, provided such period may be extended to account for any recess or cancellation of board or commission meetings. Port will join in any application by Tenant for any required Regulatory Approval and execute such permit where required, provided that Port has no obligation to join in any such application or sign the permit if Port does not approve the conditions or restrictions imposed by the Regulatory Agency under such permit as set forth above in this section. Tenant further acknowledges and agrees that any time limitations on Port review or approval within this Lease applies only to Port in its proprietary capacity, not in its regulatory capacity.

Tenant will bear all costs associated with (1) applying for and obtaining any necessary Regulatory Approval, and (2) complying with any and all conditions or restrictions imposed by Regulatory Agencies as part of any Regulatory Approval, including the economic costs of any development concessions, waivers, or other impositions, and whether such conditions or restrictions are on-Premises or require off-Premises improvements, removal, or other measures. Tenant in its sole discretion has the right to appeal or contest any condition in any manner permitted by Law imposed by any such Regulatory Approval; provided, however, if Port is a copermittee, then Tenant will have first obtained Port's prior consent, not to be unreasonably withheld, prior to commencing any such appeal or contest. Tenant will provide Port with prior notice of any such appeal or contest and keep Port informed of such proceedings. Tenant will pay or discharge any fines, penalties or corrective actions imposed as a result of the failure of Tenant to comply with the terms and conditions of any Regulatory Approval. No Port approval

will limit Tenant's obligation to pay all the costs of complying with any conditions or restrictions.

Without limiting any other Indemnification provisions of this Lease, Tenant will Indemnify the Indemnified Parties from and against any and all Losses which may arise in connection with Tenant's failure to obtain or seek to obtain in good faith, or to comply with the terms and conditions of any Regulatory Approval which will be necessary to operate the Premises in accordance with the terms hereof except to the extent that such Losses arise from the gross negligence or willful acts or omissions of an Indemnified Party acting in its proprietary (and not its regulatory) capacity.

10. TENANT'S MANAGEMENT AND OPERATING COVENANTS.

- 10.1. Mitigation Monitoring and Reporting Program. In order to mitigate any potential significant environmental impacts of the Project and operation of the Premises, Tenant agrees that the development and operation of the Project will be in accordance with the applicable mitigation measures set forth in the Mitigation Monitoring and Reporting Program attached as Exhibit XX. As appropriate, Tenant will incorporate applicable provisions of the Mitigation Monitoring and Reporting Program into any contract for the development of the Horizontal Improvements and/or operation of the Horizontal Improvements and the Premises.
- 10.2. Special Events. All Special Events must be conducted in accordance with all the conditions set forth in Exhibit XX.

10.3. Parking Operations.

- (a) Tenant may operate the Premises as a parking lot, including, without limitation, for parking in connection with Ballpark Events and Special Events, parking for Project tenants and residents, and general public parking. Tenant may retain a Parking Operator and enter into an agreement with such Parking Operator for the parking operations on the Premises or any portion thereof, either as a Subtenant or as an Agent of Tenant ("Parking Operator Agreement"). Tenant or its Parking Operator may enter into use agreements or licenses with third parties for parking on an hourly, daily, weekly or monthly basis that are not inconsistent with the terms and conditions of this Lease (collectively, "Parking Use Agreements;" together with Parking Operator Agreement, "Parking Agreements").
- (b) Non-Exclusive; Market Rates. All parking spaces will be available to the general public at least 8 consecutive hours daily on a non-exclusive basis only and offered at fair market rates on either a daily basis or a monthly basis; provided Tenant will not offer discounted rates for parking other than for parkers involved in the operations of AT&T Park, AT&T Park tenants, or for Giants season ticket holders, and further provided that Tenant may reserve sections of the Premises from time to time for certain parkers (i.e. ticket holders for suites at AT&T Park), all consistent with CBBC's historical practice.
- (c) Parking Revenues. All parking revenues will be applied in accordance with Exhibit D.
- (d) Prevailing Rate of Wages and Displaced Work Protection Required for Workers. Tenant will comply fully and be bound by all the requirements of Sections 21C.3 and 21C.7 of the City's Administrative Code. In general, the ordinance requires operators of public off-street parking lots, garages, or storage facilities for automobiles on property owned or leased by Port to pay employees working in such facilities not less than the Prevailing Rate of Wages, as defined by ordinance, including fringe benefits or the matching equivalents thereof, paid in private employment for similar work. The ordinance also requires the operator of such facilities to retain for a 90-day transition employment period, the Employees, as defined by the ordinance, who have worked at least 15 hours per week and have been employed by the immediately preceding operator or its subcontractors, if any, for the preceding twelve months or longer at the facility or facilities covered by the agreement with the Port, provided that just cause

does not exist to terminate any Employee. The predecessor operator's Employees who worked at least 15 hours per week will be employed in order of their seniority with the predecessor.

- (e) Revenue Control Equipment. Tenant will comply with Article 22 of the San Francisco Business and Tax Regulations Code, including, without limitation the requirement to install, maintain and use Revenue Control Equipment at the Premises. Tenant will immediately notify Port in writing of any audit, inspection, alleged violation, violation or penalty action taken under such Article by any Enforcing Agency, as defined by Article 22. In addition to any other requirements under this Lease, upon Port's request, Tenant will provide Port a copy of all information submitted to the Tax Collector and any other City department or official to demonstrate Tenant's compliance with Article 22.
- (f) Parking Agreements. The Parking Operator Agreement must comply with Sections 10.3(d) and 10.3(e) and contains each of the provisions set forth in Section 18.4 as if the Parking Operator Agreement was a Pre-Approved Sublease except that all references to "Subtenant" in such section refers to the Parking Operator. Tenant may enter into Parking Use Agreements without Port's prior consent, but each Parking Operator Agreement must include a full release and waiver of all claims against the Indemnified Parties and must comply with Section 10.3(a) and 10.3(b).
- 10.4. Mission Rock Risk Management Plan. Tenant will comply, and will cause its Agents to comply, with all applicable provisions of the Mission Rock Risk Management Plan, a copy of which has been provided to Tenant Any and all Subleases will require Subtenants (including its Agents) to comply with all applicable provisions of the Mission Rock Risk Management Plan.
- 10.5. Access to Deferred Infrastructure Area. [Note: Need to conform to DDA/ICA regarding granted access to vertical developer to perform the work.]

11. REPAIR AND MAINTENANCE.

11.1. Covenants to Repair and Maintain the Premises.

- (a) Tenant is obligated at its sole cost and expense to maintain, repair and replace any Improvements constructed by Tenant on the Premises, reasonable wear and tear excepted and subject further to all Regulatory Approvals.
- (b) For purposes of this Lease, the term "reasonable wear and tear" will not include any deterioration in the condition or diminution of the value of any portion of the Premises in any manner whatsoever related directly or indirectly to Tenant's failure to comply with the terms and conditions of this Lease. Port is not obligated to make any repairs, replacement or renewals of any kind, nature or description whatsoever to the Premises nor to any Horizontal Improvements, other Improvements or Subsequent Construction. Tenant hereby waives all rights to make repairs at Port's expense under Sections 1932(1), 1941 and 1942 of the California Civil Code or under any similar Law now or hereafter in effect.
- (c) Tenant will have no repair and maintenance obligations with respect to the Outfall Infrastructure; provided, however, the foregoing will not reduce any obligation of Tenant to connect the Outfall Infrastructure with the Horizontal Development; and provided further that Tenant will promptly repair, at its sole cost, any damage to the Outfall Infrastructure caused by the development of the Horizontal Development.
- 11.2. Port's Right to Inspect. Port or the City may make periodic inspections of the Premises to inspect the construction and development of the Horizontal Improvements or as otherwise required or reasonably necessary to determine Tenant's compliance with this Lease, in all cases upon reasonable prior notice to Tenant during regular business hours. During an inspection, Port will comply with Master Developer's onsite safety measures and act reasonably to minimize any interference with Master Developer's construction activities. Port will provide a copy of any inspection reports prepared by Port or its Agents promptly following Master

Developer's request, subject to Port's right to withhold documents otherwise privileged or confidential. Port disclaims any warranties, representations, and statements made in any reports, will have no liability or responsibility with respect to any warranties, representations, and statements, and will not be estopped from taking any action (including later claiming that the construction of the Horizontal Improvements is defective, unauthorized, or incomplete) or be required to take any action as a result of any inspection.

11.3. Right to Repair. In the event Tenant fails to maintain, repair, and replace the Premises, Horizontal Improvements, or the other Improvements, as applicable, in accordance with Section 11.1 and such failure is likely to cause imminent physical harm to any Person or constitutes a violation of applicable Law, Port or the City may repair the same at Tenant's cost and expense and Tenant will reimburse Port or the City, as applicable, as provided in this Section 11.3; provided, however, with respect to Tenant's failure to maintain and repair the Horizontal Improvements only, Port may call on the Maintenance and Repair Bond, if any, in lieu of expending its own funds for such repairs. Except in the event of an emergency, Port or the City, as applicable, will first provide no less than fifteen (15) days prior notice to Tenant before commencing any maintenance to or repair of any of the foregoing. If Tenant does not commence maintenance or repair of the affected Horizontal Improvements or provide assurances reasonably satisfactory to Port or the City, as applicable, that Tenant will commence maintenance or repair of the same within such fifteen (15) day period, then Port or the City, as applicable, may proceed to take the required action. If Port or the City, as applicable, elects to proceed with such repair or maintenance, then promptly following completion of any work taken by Port or the City, as applicable, pursuant to this Section 11.3, Port or the City, as applicable, will deliver a detailed invoice of the work completed, the materials used and the costs relating thereto. Tenant also will pay to Port or the City, as applicable, an administrative fee equal to ten percent (10%) of the total "hard costs" of the work. "Hard costs" include the cost of materials and installation, but exclude any costs associated with design, such as architectural fees. Tenant will pay to Port or the City, as applicable, the amount set forth in the invoice within thirty (30) days after delivery of the invoice.

In the event Port notifies Tenant of a failure to maintain and repair in accordance with Section 11.1 ("Maintenance Notice"), Tenant will pay to Port, as Additional Rent, an amount equaling Three Hundred Dollars (\$300), which amount will be increased by one hundred dollars on the tenth (10th) Anniversary Date and every ten (10) years thereafter, upon delivery of the Maintenance Notice. In the event Port determines during subsequent inspection(s) that Tenant has failed to so maintain the Premises in accordance with this Article 10, then Tenant will pay to Port, as Additional Rent, an amount equaling Four Hundred Dollars (\$400), which amount will be increased by One Hundred Dollars (\$100.00) on the tenth (10th) Anniversary Date and every ten (10) years thereafter, for each additional Maintenance Notice, if applicable, delivered by Port to Tenant following each inspection. The Parties agree that the charges associated with each inspection of the Premises and delivery of each Maintenance Notice represent a fair and reasonable estimate of the administrative cost and expense which Port will incur by reason of Port's inspection of the Premises and issuance of each Maintenance Notice. Tenant's failure to comply with the applicable Maintenance Notice and Port's right to impose the foregoing charges is in addition to and not in lieu of any and all other rights and remedies of Port under this Lease. The amounts set forth in this **Section 11.3** are due within five (5) days following delivery of the applicable Maintenance Notice.

12. HORIZONTAL IMPROVEMENTS.

12.1. Construction of the Horizontal Improvements. The DDA will govern the construction of the Horizontal Improvements.

- 12.2. Tenant's Obligation to Make Horizontal Improvements Available for Use Prior to Acceptance. Before Acceptance of the applicable Horizontal Improvements by the City, subject to the immediately following sentence, Tenant will have the right, but not the obligation, to make the Horizontal Improvements that (a) will be operated by the SFPUC, available for SFPUC's use without charge or any fee, and (b) would generally be available for the public's use, such as streets, sidewalks, parks and open space, available for use by all parties, including Vertical Developers, the general public, the City and Port, without charge or any fee. Notwithstanding the foregoing, Tenant will make available for use without charge, all Horizontal Improvements necessary for any [Vertical Improvements] to obtain a temporary certificate of occupancy.
- 12.3. Title to Improvements. Tenant will own all Horizontal Improvements until they are Accepted by the City. Tenant will own during the Term all Subsequent Construction located on the Premises and all appurtenant fixtures, machinery and equipment installed therein (except for subtenant improvements to the extent owned by any subtenant pursuant to such sublease, trade fixtures and other personal property of Subtenants). Upon release of the applicable Horizontal Improvement Parcels that contain parks and open space that are Accepted by Port, title to the Improvements and Horizontal Improvements related to such parks and open space, including appurtenant fixtures (but excluding trade fixtures and other personal property of Tenant and its Subtenants), will vest in Port without further action of any Party, and without compensation or payment to Tenant. Tenant and its Subtenants have the right at any time, or from time to time, including, without limitation, at the expiration or upon the earlier termination of the Term of this Lease, to remove Personal Property from the Premises; provided, however, that if the removal of Personal Property causes damage to the Premises, Tenant will promptly cause the repair of such damage at no cost to Port.

13. Subsequent Construction.

13.1. Port Approval.

- (a) Generally. Tenant will have the right, from time to time during the Term, to construct Subsequent Construction in accordance with the provisions of this *Article 13*.
- (b) <u>Subsequent Construction Requiring Port's Approval in Port's Sole</u>
 <u>Discretion</u>. Tenant has the right during the Term to perform Subsequent Construction in accordance with the provisions of this *Article 13*, provided that Tenant cannot do any of the following without Port's prior approval, which approval may be withheld by Port in its sole discretion:
- (i) Construct additional buildings or other additional above ground structures on Development Parcels or Dedicated Parcels prior to the applicable parcel's release from the Premises, other than temporary buildings, and structures necessary to advance the Permitted Uses that are Demolished and Removed by Tenant prior to the applicable parcel's release from the Premises; or
- (ii) [Note: Placeholder if there are Public Access Areas] Other than as reasonably necessary during Subsequent Construction and only on a temporary basis, perform Subsequent Construction to the Public Access Areas that would adversely affect the public access to, or the use or appearance of such Public Access Areas; provided however, any closure of Public Access Areas not necessary to protect the public or property or to reduce the risk of injury to person or the public during Subsequent Construction will require Port's prior consent.

13.2. Construction Schedule.

- (a) <u>Performance</u>. Once commenced, Tenant will prosecute all Subsequent Construction with reasonable diligence, subject to Force Majeure.
- (b) <u>Reports and Information</u>. During periods of construction, Tenant will submit to Port written progress reports when and as reasonably requested by Port.

13.3. Construction.

- (a) <u>Commencement of Construction</u>. Tenant will not commence any Subsequent Construction until Tenant has obtained all building permits, other Regulatory Approvals and Port approvals to the extent required. Additionally, if any performance and/or payment bond, sub-guard insurance (or other insurance product), guaranty, or other security is obtained by or for the benefit of Tenant with respect to the payment of any funds or performance obligations associated with the Initial Improvements or any Subsequent Construction, Tenant will cause to have (1) Port named as a co-obligee to any performance and/or payment bond, and (2) Port named as an additional insured with respect to any sub-guard or other insurance product; provided, however, Port's rights under such bond or insurance product will not be effective, and shall remain subordinate to the rights of Tenant, until the termination of this Lease.
- **(b)** <u>Construction Standards</u>. All Subsequent Construction must be performed by duly licensed and bonded contractors or mechanics and must be accomplished expeditiously, diligently and in accordance with good construction and engineering practices and applicable Laws.
- (c) <u>Reports and Information</u>. During periods of Construction, Tenant will submit to Port written progress reports or other reports for the benefit of or requested by the County Assessor when and as reasonably requested by the County Assessor.
- (d) <u>Costs of Construction</u>. Port will have no responsibility for costs of any Construction and Tenant will pay (or cause to be paid) all such costs.
- Construction Rights of Access. During any period of Subsequent Construction, Port and its Agents have the right to enter areas in which Subsequent Construction is being performed, on reasonable prior written notice during customary construction hours, subject to the rights of Subtenants and to Tenant's right of quiet enjoyment under this Lease, to inspect the progress of the work; provided, however, that Port and its Agents will conduct their activities in such a way to minimize interference with Tenant and its operations to the extent feasible. Nothing in this Lease, however, will be interpreted to impose an obligation upon Port to conduct such inspections or any liability in connection therewith.
- (f) Prevailing Wages. Any construction, alteration, demolition, installation, maintenance, repair, or laying of carpet at, or hauling of refuse from, the Premises comprise a public work if paid for in whole or part out of public funds. The terms "public work" and "paid for in whole or part out of public funds" as used in this Section are defined in California Labor Code Section 1720 et seq., as amended. Tenant agrees that any person performing labor for Tenant on any public work at the Premises will be paid not less than the highest prevailing rate of wages consistent with the requirements of Section 6.22(E) of the San Francisco Administrative Code, and will be subject to the same hours and working conditions, and will receive the same benefits as in each case are provided for similar work performed in San Francisco County. Tenant will include in any contract for such labor a requirement that all persons performing labor under such contract will be paid not less than the highest prevailing rate of wages for the labor so performed. Tenant will require any contractor to provide, and will deliver to City upon request, certified payroll reports with respect to all persons performing such labor at the Premises.
- (g) <u>Compliance with Workforce Development Plan</u>. Tenant agrees that it will comply with the Workforce Development Plan attached hereto as *Exhibit XX*.
- 13.4. Safety Matters. Tenant, while performing any Subsequent Construction or maintenance or repair of the Horizontal Improvements or Improvements (for purposes of this Section only, "Work"), will undertake commercially reasonable measures in accordance with good construction practices to minimize the risk of injury or damage to adjoining portions of the Premises, the Horizontal Improvements, and Improvements and the surrounding property, or the risk of injury to persons or members of the public, caused by or resulting from the performance

of its Work. Tenant will erect appropriate construction barricades to enclose the areas of such construction and maintain them until the Construction has been substantially completed, to the extent reasonably necessary to minimize the risk of hazardous construction conditions.

13.5. Record Drawings.

- With respect to any Subsequent Construction requiring a building permit (but excluding temporary structures), Tenant will furnish to Port one set of design/permit drawings in their finalized form and Record Drawings with respect to such Subsequent Construction within ninety (90) days following completion of the applicable Subsequent Construction and Port's written notice to Tenant requesting same. Record Drawings must be in the form of full-size, hard paper copies and converted into electronic format as (1) full-size scanned TIF files, and (2) AutoCad files of the completed and updated Final Construction Documents, as further described below, and in such format as is reasonably required by Port's building department at the time of submittal. As used in this Section "Record Drawings" means drawings, plans and surveys showing the Subsequent Construction as built on the Premises and prepared during the course of construction (including all requests for information, responses, field orders, change orders, and other corrections to the documents made during the course of construction). If Tenant fails to provide such Record Drawings to Port within the time period specified herein, and such failure continues for an additional ninety (90) days following an additional written request from Port, Port will thereafter have the right to cause an architect or surveyor selected by Port to prepare Record Drawings showing such Subsequent Construction, and the actual, third-party cost of preparing such Record Drawings must be reimbursed by Tenant to Port as Additional Rent. Nothing in this Section limits Tenant's obligations, if any, to provide plans and specifications in connection with Subsequent Construction under applicable regulations adopted by Port in its regulatory capacity. Tenant is permitted to disclaim any representations or warranties with respect to the design/permit drawings, Record Drawings or other plans and specifications provided hereunder, and, at Tenant's request, Port will provide Tenant with a release from liability for future use of the applicable materials, in a form acceptable to Tenant and Port.
- (b) Record Drawing Requirements. Record Drawings must be no less than (24" x 36"), with mark-ups neatly drafted to indicate modifications from the original design drawings, scanned at 400 dpi. Each drawing will have a Port-assigned number placed onto the title block prior to scanning. An index of drawings must be prepared correlating drawing titles to the numbers. A minimum of ten (10) drawings will be scanned as a test, prior to execution of this requirement in full.
- (c) <u>AutoCad Requirements</u>. The AutoCad files must be contained in Release 2006 or a later version, and drawings must be transcribed onto a compact disc(s) or DVD(s), as requested by Port. All X-REF, block and other referenced files must be coherently addressed within the environment of the compact disc or DVD, at Port's election. Discs containing files that do not open automatically without searching or reassigning X-REF addresses will be returned for reformatting. A minimum of ten (10) complete drawing files, including all referenced files, is required to be transmitted to Port as a test, prior to execution of this requirement in full.
- (d) <u>Changes in Technology</u>. Port reserves the right to revise the format of the required submittals set forth in this *Section 13.5* as technology changes and new engineering/architectural software is developed.

14. UTILITY SERVICES.

14.1. Utility Services. Tenant acknowledges and agrees that Port, in its proprietary capacity as owner of the Premises and landlord under this Lease, will not provide any utility services to the Premises or any portion of the Premises. Additionally, Tenant's construction of the various utilities infrastructure as part of the Horizontal Improvements required under the

DDA is a material bargained for consideration of this Lease. Tenant, at its sole expense (without impacting any reimbursement right Tenant may have under the Financing Plan), must (i) arrange for the provision and construction of all on-site and off-site utilities necessary to construct, operate and use the Horizontal Improvements, all of the buildings and any other portion of the Premises for their intended use, (ii) be responsible for contracting with, and obtaining, all necessary utility and other services, as may be necessary and appropriate to the uses to which all of the Horizontal Improvements, Improvements and the Premises are put, and (iii) maintain and repair all utilities serving the Premises to the point provided by the respective utility service provider (whether on or off the Premises). Tenant also must coordinate with the respective utility service provider with respect to the installation of utilities, including providing advance notice to appropriate parties of trenching requirements.

Tenant will pay or cause to be paid as the same become due, all deposits, charges, meter installation fees, connection fees and other costs for all public or private utility services at any time rendered to the Premises or any part of the Premises, and will do all other things required for the maintenance, repair, replacement, and continuance of all such services. Tenant agrees, with respect to any public utility services provided to the Premises by City, that no act or omission of City in its capacity as a provider of public utility services, abrogates, diminishes, or otherwise affects the respective rights, obligations and liabilities of Tenant and Port under this Lease, or entitle Tenant to terminate this Lease or to claim any abatement or diminution of Rent. Further, Tenant covenants not to raise as a defense to its obligations under this Lease, or assert as a counterclaim or cross-claim in any litigation or arbitration between Tenant and Port relating to this Lease, any Losses arising from or in connection with City's provision (or failure to provide) public utility services, except to the extent to preserve its rights hereunder that failure to raise such claim in connection with such litigation would result in a waiver of such claim. The foregoing does not constitute a waiver by Tenant of any claim it may now or in the future have (or claim to have) against any such public utility provider relating to the provision of (or failure to provide) utilities to the Premises.

- 14.2. *Electricity*. [Section XX of the Development Agreement], a copy of which is attached hereto as *Exhibit XX*, will govern Tenant's obligation to procure electricity for the Premises from the San Francisco Public Utilities Commission.
- 14.3. Energy Consumption. Tenant acknowledges and agrees that Port has delivered a Disclosure Summary Sheet, Statement of Energy Performance, Data Checklist, and Facility Summary (all as defined in the California Code of Regulations, Title 20, Division 2, Chapter 4, Article 9, Section 1680) for the Premises no less than 24 hours prior to Tenant's execution of this Lease. The Disclosure Summary Sheet is attached as Schedule [XX].
- 14.4. Waiver. Tenant hereby waives any benefits of any applicable Law, including the provisions of California Civil Code Section 1932(1) permitting the termination of this Lease due to any interruption or failure of utility services. The foregoing shall not constitute a waiver by Tenant of any claim it may now or in the future have (or claim to have) against any public utility provider relating to the provision of (or failure to provide) utilities to the Premises.

15. DAMAGE OR DESTRUCTION.

15.1. Damage or Destruction.

- (a) <u>Tenant to Give Notice</u>. If at any time during the Term, any damage or destruction occurs to all or any portion of the Premises (other than a de minimis portion) from fire or other casualty (each a "Casualty"), Tenant will promptly give telephonic or written notice (including via electronic mail) thereof to Port generally describing the nature and extent of such Casualty.
- (b) No Effect on Lease. This Lease will not terminate or be forfeited or be affected in any manner by reason of Casualty, and Tenant, notwithstanding any law or statute present or future (including without limitation, California Civil Code Sections 1932(2)

and 1933(4)), waives any and all rights to quit or surrender the Premises or any part thereof, Tenant acknowledging and agreeing that the provisions of this *Article 15* will govern the rights and remedies of the parties in the event of a Casualty. Tenant expressly agrees that its obligations hereunder, including the payment of any and all Rent and any other sums due hereunder, will continue as though said Premises, the Horizontal Improvements, and/or other Improvements had not been damaged or destroyed and without abatement, suspension, diminution or reduction of any kind.

- (c) <u>Tenant's Restoration</u>. Without limiting any obligations under the DDA with respect to Horizontal Improvements damaged or affected by Casualty, Tenant will promptly alleviate any conditions caused by such Casualty that could cause an immediate or imminent threat to the public safety and welfare or damage to the environment, including any demolition or hauling of rubble or debris.
- (d) <u>Insurance Proceeds</u>. Port acknowledges and agrees that, in light of Tenant's obligations under *Sections 15.1(b)* and *15.1(c)*, Port has no claim to receive any portion of insurance proceeds received by Tenant from insurance policies required to be carried by Tenant under this Lease on account of any Casualty unless such portion of insurance proceeds relates to Horizontal Improvements that have been Accepted.

16. CONDEMNATION.

16.1. General; Notice; Waiver.

- (a) <u>General</u>. If, at any time during the Term, there is any Condemnation of all or any part of the Premises, including any of the Improvements, the rights and obligations of the Parties will be determined pursuant to this *Article 16*.
- (b) Notice. In case of the commencement of any proceedings or negotiations which might result in a Condemnation of all or any portion of the Premises during the Term, the Party learning of such proceedings will promptly give written notice of such proceedings or negotiations to the other Party. Such notice will describe with as much specificity as is reasonable, the nature and extent of such Condemnation or the nature of such proceedings or negotiations and of the Condemnation which might result therefrom, as the case may be.
- (c) <u>Waiver</u>. Except as otherwise provided in this *Article 16*, the Parties intend that the provisions of this Lease will govern their respective rights and obligations in the event of a Condemnation. Accordingly, but without limiting any right to terminate this Lease given Tenant in this *Article 16*, Tenant waives any right to terminate this Lease upon the occurrence of a Partial Condemnation under California Code of Civil Procedure Sections 1265.120 and 1265.130, as such section may from time to time be amended, replaced or restated.
- 16.2. Total Condemnation. If there is a Condemnation of the entire Premises or the Leasehold Interest (a "Total Condemnation"), this Lease will terminate as of the Condemnation Date. Upon such termination, except as otherwise set forth in this Lease, the Parties will be released without further obligations to the other Party as of the Condemnation Date, subject to the payment to Port of accrued and unpaid Rent, up to the Condemnation Date and the provisions that expressly survive the expiration or earlier termination of this Lease. Port and Tenant will execute and deliver a termination of Lease or such other document as is reasonably necessary to evidence such termination.
- **16.3.** Substantial Condemnation, Partial Condemnation. If there is a Condemnation of any portion but less than all of the Premises, the rights and obligations of the Parties will be as follows:
- (a) <u>Substantial Condemnation</u>. If there is a Substantial Condemnation of a portion of the Premises or the Leasehold Estate, this Lease will terminate, at Tenant's option, (which will be exercised, if at all, at any time within ninety (90) days after the Condemnation

Date by delivering written notice of termination to Port). "Substantial Condemnation" means where Tenant reasonably determines that, because of the Condemnation, it will be infeasible for Master Developer under the DDA to develop all or any remaining Phase (as defined in the DDA) of the Project substantially in conformance with the Project Approvals, due to either economic or physical construction reasons unless Port and Master Developer amend the DDA, each in their sole discretion.

- (b) <u>Partial Condemnation</u>. If there is a Condemnation of any portion of the Premises or the Leasehold Estate which does not result in a termination of this Lease under *Section 16.2* or *Section 16.3(a)* (a "Partial Condemnation"), this Lease will terminate only as to the portion of the Premises taken in such Partial Condemnation, effective as of the Condemnation Date. In the case of a Partial Condemnation, this Lease will remain in full force and effect as to the portion of the Premises (or of the Leasehold Estate) remaining immediately after such Condemnation. Port and Tenant will execute and deliver a partial termination of Lease or such other document as is reasonably necessary to evidence such termination.
- 16.4. Awards. Except as provided in Sections 16.5 and 16.6, Awards and other payments to either Port or Tenant on account of a Condemnation, less costs, fees and expenses of either Port or Tenant (including, without limitation, reasonable Attorneys' Fees and Costs) incurred in the collection thereof ("Net Awards and Payments") will be allocated between Port and Tenant as follows: [Note: Subject to further discussion.]
 - (a) First, to the payment of all unpaid Rent.
- (b) Second, in the event of a Partial Condemnation, to pay costs of Restoration incurred by Tenant, in which case, the portion of the Net Awards and Payments allocable to Restoration will be payable to Tenant, a Mortgagee, or trustee in accordance with the requirements governing payment of insurance proceeds set forth in *Section 16.4(c)*;
- (c) Third, to Port for the value of the condemned land only, subject to the particular uses of the Premises existing immediately prior to the Condemnation Date, and without reference to, or inclusion of, Port's reversionary interest in the value of the Improvements;
- (d) Fourth, to any non-affiliate Mortgagee pursuant to a non-affiliate Mortgage as and to the extent provided therein, for payment of all sums secured by its Mortgage that remain outstanding, together with its reasonable out of pocket expenses and charges in collecting the Net Award and Payment, including without limitation, its reasonable attorneys' fees incurred in the Condemnation;
- (e) Fifth, to Tenant to the extent that the Net Awards and Payments are attributable to Tenant's Leasehold Estate not including the value of the Improvements for the remaining unexpired portion of the Term to the original scheduled Expiration Date;
- (f) Sixth, the balance of the Net Awards and Payment will be divided proportionately between Port, for the value of Port's reversionary interest in the land and Improvements (based on the date the Term would have expired but for the event of Condemnation) and Tenant, for the value of the Horizontal Improvements constructed by Tenant for the remaining unexpired portion of the Term to the original scheduled Expiration Date. Any Net Awards and Payment paid to Tenant in accordance with this Section will be applied as "DRP Proceeds" that Port can contribute under [Section XX of the DDA.]
- (g) Notwithstanding anything to the contrary set forth above, any portion of the Net Awards and Payments which has been specifically designated by the condemning authority or in the judgment of any court to be payable to Port or Tenant on account of any interest in the Premises or the Improvements separate and apart from the value of Port's reversionary interest in the land and Improvements, the Leasehold Estate, or the value of the Improvements on the Premises for the remaining unexpired portion of the Term of this Lease,

will be paid to Port or Tenant, as applicable, as so designated by the condemning authority or judgment. If less than all of the Premises is condemned, and this Lease is terminated, the fair market value of the remaining Premises and Improvements thereon which become the property of Port upon such termination shall be treated for purposes of this Section as received by Port on account of its share of the Award and the cash payment payable to Port shall be reduced by a like amount and instead paid to Tenant.

- 16.5. Temporary Condemnation. If there is a Condemnation of all or any portion of the Premises for a temporary period lasting less than the remaining Term, other than in connection with a Substantial Condemnation or a Partial Condemnation of a portion of the Premises for the remainder of the Term, this Lease will remain in full force and effect, and the entire Award will be payable to Tenant.
- 16.6. *Personal Property*. Notwithstanding *Section 16.4*, Port will not be entitled to any portion of any Net Awards and Payments payable in connection with the Condemnation of the Personal Property of Tenant or any of its Subtenants.

17. LIENS.

- 17.1. Liens. Tenant will not create or permit the attachment of, and will promptly discharge at no cost to Port, any lien, security interest, or encumbrance on the Premises or the Leasehold Estate, other than (i) this Lease, permitted Subleases, and Permitted Title Exceptions, (ii) liens for non-delinquent Impositions (excluding Impositions which may be separately assessed against the interests of Subtenants or are being contested in accordance with Article 7), and (iii) Mortgages in accordance with Article 37.
- 17.2. Mechanics' Liens. Tenant will keep the Premises and the Leasehold Estate free from any liens arising out of any work performed, materials or services furnished, or obligations incurred by Tenant or any of its Agents. Tenant will provide thirty (30) days' advance written notice to Port of any Construction to allow Port to post a notice of non-responsibility on the Premises. If Tenant does not, within sixty (60) days following the imposition of any such Lien, cause the same to be released of record or post a bond or take such other action reasonably acceptable to Port, it will constitute a Tenant Event of Default, and Port will have, in addition to all other remedies provided by this Lease or by Law, the right but not the obligation to cause the same to be released by such means as it deems proper, including payment of the claim giving rise to such lien. All sums paid by Port (including interest at the Default Rate computed from the date of payment) for such purpose and all expenses incurred by Port in connection therewith must be reimbursed to Port by Tenant within ten (10) days following demand by Port. Port will include with its demand, supporting documentation.

18. ASSIGNMENT AND SUBLETTING.

- 18.1. Transfers. Tenant will have the right to Transfer without obtaining Port's consent its entire interest in this Lease to the proposed Transferee in connection with a Transfer of the Master Developer's rights under the DDA pursuant to [Article 6 of the DDA.] Except in connection with a Transfer under the DDA, no other Transfer of Tenant's interest is permitted.
- 18.2. No Release of Tenant's Existing Liability or Waiver by Virtue of Consent. The effectiveness of a Transfer hereunder is not in any way to be construed to relieve Tenant of any liability arising out of or with regard to the performance of any covenants or obligations to be performed by Tenant hereunder before the date of such Transfer.
- 18.3. Phase Transferee Sublease. If the Master Developer assigns all of Master Developer's rights and obligations under the DDA for the development of the Horizontal Improvements with respect to a particular Phase, and such transferee assumes all such rights and obligations ("Phase Transferee") all in accordance with the DDA and pursuant to an assignment and assumption agreement approved by Port in accordance with the DDA ("Phase Assignment and Assumption Agreement"), then Tenant may enter into a Sublease for portions of

the Premises applicable to the Phase Assignment and Assumption Agreement ("Phase Sublease") with Port's prior consent which will not be unreasonably withheld. The Parties agree that it will be reasonable for Port to withhold its consent to a Phase Sublease for any of the following reasons:

- (a) The proposed area subject to the Phase Sublease extends beyond the applicable Phase Area (other than any construction staging area for the Horizontal Improvements applicable to such Phase);
- (b) The term of the Phase Sublease extends beyond completion date set forth in the DDA Schedule of Performance for such Phase (as may be extended in accordance with the DDA);
- (c) The Phase Sublease does not require the Phase Transferee to provide all of the documents described in **Section 5.3** within the time frame set forth therein;
- (d) The Phase Sublease does not include all of the provisions set forth in **Section 18.4** provided that references in such section to Pre-Approved Sublease will mean the Phase Sublease and Subtenant will mean the Phase Transferee.
- 18.4. Pre-Approved Sublease. Other than any Sublease or other agreement with a Phase Transferee, as further described in Section 18.3, Tenant has the right to Sublease portions of the Premises for the Permitted Uses and enter into Parking Operator Agreements without Port's prior consent so long all of the following conditions are satisfied (each a "Pre-Approved Sublease"):
- (a) The Pre-Approved Sublease will not adversely and materially impact construction of the Horizontal Improvements or the Vertical Improvements; and
- (b) The Pre-Approved Sublease (and any further sub-subleases of the Sublease space) are all subject to the terms and conditions of this Lease, provided that the Subtenant need not be obligated to undertake any obligations with respect to the Subleased space that is Tenant's obligation under such Sublease; and
- (c) The term of the Pre-Approved Sublease does not extend beyond the Term of this Lease; and
- (d) The Pre-Approved Sublease contains an Indemnification and waiver of claims provision benefitting Port that is substantially and materially the same as *Article 19* except that the term "Tenant" in such provision means "Subtenant;" or "Licensee," as applicable; and
- (e) The Pre-Approved Sublease requires that under all liability and other insurance policies, "THE CITY AND COUNTY OF SAN FRANCISCO, THE SAN FRANCISCO PORT COMMISSION AND THEIR OFFICERS, AGENTS, EMPLOYEES AND REPRESENTATIVES" are additional insureds by written endorsement and acknowledging Port's rights to demand increased coverage to normal amounts consistent with the Subtenant's business activities on the Premises; and
- (f) Subject to the rights of any Mortgagee, the Pre-Approved Sublease requires Subtenant to pay the rent and other sums due under the Sublease directly to Port upon receiving written notice from Port that a Tenant Event of Default has occurred; and
- (g) The Pre-Approved Sublease requires the Subtenant to provide to Tenant any Books and Records which are needed for Port to verify Gross Revenues or Variable Rent and to otherwise adhere to the requirements in [Sections 3.10 and 3.11] of Exhibit D regarding books, records, accounting principles, audit rights and the like; and
- (h) The Pre-Approved Sublease requires the Subtenant to expressly waive entitlement to any and all relocation assistance and benefits in connection with this Lease; and

- (i) The Pre-Approved Sublease contains a provision similar to *Article 36* (Right to Enter) requiring Subtenant to permit Port to enter its Subleased space for the purposes specified in *Article 36*; and
- (j) The Pre-Approved Sublease contains a provision similar to **Section 30.1** (Tenant Estoppel)) requiring Subtenant, from time to time, to provide Port an estoppel certificate substantially similar to the form attached hereto as **Exhibit XX**; and
- (k) The Pre-Approved Sublease requires Subtenant to comply with the Special Provisions set forth in *Article 42*; and
- (I) The Pre-Approved Sublease contains a provision that if for any reason whatsoever this Lease is terminated, the Sublease will be automatically terminated.

18.5. Non-Disturbance of Phase Transferee and Attornment.

- (a) Generally. Subject to the provisions of Section 18.3 and this Section 18.5, from time to time upon the request of Tenant, Port will enter into an agreement with a Phase Transferee providing generally, with regard to a given Phase Sublease, that in the event of any termination of this Lease resulting from a Tenant Event of Default, Port will not terminate or otherwise disturb the rights of the Phase Transferee under such Phase Sublease, but will instead honor such Phase Sublease as if such agreement had been entered into directly between Port and such Phase Transferee ("Non-Disturbance Agreement").
- (b) <u>Conditions for Issuance of Non-Disturbance Agreement</u>. Port will enter into a Non-Disturbance Agreement with a particular Phase Transferee if all of the following conditions are satisfied:
- (i) Port has approved the Phase Budget applicable to the Phase Sublease;
- (ii) The performance by Tenant of its obligations under such Phase Sublease will not cause an Event of Default to occur under this Lease;
- (iii) The term of the Phase Sublease does not extend beyond the completion date set forth in the DDA Schedule of Performance for such Phase (as may be extended in accordance with the DDA);
- (iv) The Phase Sublease complies with all the conditions (of *Section 18.4*, provided that references in such section to Pre-Approved Sublease will mean the Phase Sublease and Subtenant will mean the Phase Transferee;
- (v) The area subject to the Phase Sublease does not extend beyond the boundaries of applicable Phase (other than any construction staging area for the Horizontal Improvements applicable to such Phase, the boundaries of which are approved by Port and Master Developer);
- (vi) The Phase Sublease requires the Phase Transferee to provide all of the following into Escrow no less than five (5) business days prior to the Anticipated Conveyance Date of each Development Parcel within the subleased premises:
- (1) a duly executed and acknowledged Partial Release of Sublease and if the rights to the applicable Phase were assigned to and assumed by the Phase Transferee, a Partial Release of DDA;
- (2) a duly executed Estoppel Certificate for the benefit of Port, the Vertical Developer and Vertical Developer's lenders, in the form attached hereto as *Exhibit XX*;
- (3) a duly executed ground lessee's affidavit and, if required by the title insurance company, a mechanic's lien indemnity (excluding any work performed by

- Port) reasonably acceptable to Phase Transferee and the title insurance company issuing title insurance on the applicable Development Parcel;
- (4) if applicable, a duly executed VCA reasonably acceptable to both Tenant and Vertical Developer; and
- Vertical Developer, to consummate the delivery of the applicable Development Parcel to Vertical Developer.

Upon request from each Vertical Developer, Subtenant will also enter into a license on the form attached hereto as *Exhibit XX* to provide Vertical Developer access to the applicable Development Parcel for Vertical Developer to perform due diligence and site investigation prior to the Anticipated Conveyance Date.;

- (vii) Any Transfer by Phase Transferee of its interest in the Phase Sublease will require Port's prior approval, which approval may be withheld in Port's sole discretion before Completion; of the Shared Public Way and the Parcel D2 Garage, and in its reasonable discretion after Completion of the Shared Public Way and the Parcel D2 Garage.
- (viii) The Phase Transferee agrees that in the event this Lease expires, terminates or is canceled during the term of the Phase Sublease, the Phase Transferee will attorn to Port (provided Port agrees not to disturb the occupancy or other rights of the Phase Transferee and to be bound by the terms of the Phase Sublease, except as otherwise set forth in the Non-Disturbance Agreement), and the Phase Sublease will be deemed a direct lease between the Phase Transferee and Port, except that any Subleases entered into by Phase Transferee (or its Affiliates) will be terminated and Port will not be:
- (1) liable to the Phase Transferee for any security deposit or prepaid rent or other charges previously paid by such Phase Transferee to Tenant unless such deposits, rent or charges are transferred to Port;
- (2) bound by any indemnification obligations or any waivers and releases made by the sublandlord in the Phase Sublease for the benefit of Phase Transferee or any other party;
- (3) bound by any requirement or obligation of the Tenant under the Phase Sublease to pay any amount of money to Phase Transferee;
- (4) liable to Phase Transferee for any indirect, consequential, incidental, punitive or special damages;
- bound by any limitation on Phase Transferee's obligation to indemnify any sublandlord parties based on Phase Transferee's insurance coverage;
- (6) bound by any limitation on sublandlord's ability to transfer its interest in the Phase Sublease (including any requirement to deliver prior notice to Phase Transferee or obtain Phase Transferee's prior approval); and
- (7) bound by any requirement or obligation to keep records or documents confidential that violates the Public Records Act or the City's Sunshine Ordinance.
- (ix) During the continuance of any Tenant Event of Default, Port may, in its sole discretion, withhold or condition its agreement to provide a Non-Disturbance Agreement on the cure of such default as Port may specify either in a notice of default given under *Section 23.1* or in a notice withholding or conditioning its agreement to provide a Non-Disturbance Agreement; and
- (x) Concurrently with its request for a Non-Disturbance Agreement from Port, Tenant will submit to Port

- (1) an electronic copy of the Phase Sublease in Microsoft Word format (or other comparable format);
 - (2) a summary of basic terms of the Phase Sublease;
- (3) an electronic draft of a Non-Disturbance Agreement in Microsoft Word format (or other comparable format), redlined against the form required by Section 18.4(d);
- (4) a statement certifying that the proposed Non-Disturbance Agreement complies with all the conditions and requirements set forth in *Sections 18.3 and 18.4(b)*;
- (5) an executed Tenant estoppel certificate substantially in the form attached hereto as Exhibit XX, and Tenant will certify as of the effective date of the Non-Disturbance Agreement that the certifications made by Tenant in the estoppel certificate remains unchanged; and [Note: estoppel certificate must have Tenant certify that attached Sublease and summary of basic terms is true, correct and complete and that there have been no changes in the executed Sublease and summary from the electronic copies previously delivered to Port.]
- (6) all relevant information requested by Port including reasonable financial information establishing the ability of the proposed Phase Transferee to perform its obligations under such Phase Sublease, and relevant information concerning the business character and operating history of the proposed Phase Transferee; provided however, in lieu of submitting the Subtenant's financial information to Port, Tenant may make such information available for review (but not duplication) at Port's office or at Tenant's office in the City of San Francisco.
- (xi) Tenant deposits sufficient funds to reimburse Port for its Attorneys' Fees and Costs to review the proposed Non-Disturbance Agreement (which, for avoidance of doubt, includes any additional administrative fees, or outside counsel or contractors engaged by Port to review such request for a Non-Disturbance Agreement);
- (xii) Phase Transferee agrees that notwithstanding any Non-Disturbance Agreement, the Phase Sublease will terminate as of the Lease termination date (1) if the Lease terminates in the event of Casualty or Condemnation, as further described in *Articles 15 and 16*; or (2) if there is an uncured Phase Transferee event of default, giving effect to any notice and cure period provided therein (which agreement will be evidenced by acceptance of a Non-Disturbance Agreement reflecting the matters described in this Section 18.5(b)(xii)); and
- (xiii) If a guarantor guaranties any Phase Transferee obligation under the Phase Sublease, Port will be named as an additional beneficiary to such guaranty; provided, however, Port's rights under such guaranty will not be effective until termination of this Lease; and
- Transferee will deliver to Port as of the Master Lease termination date or promptly following request by Port an executed estoppel certificate, substantially in the form attached hereto as Exhibit XX certifying as of the Lease termination date, among other things: (A) that the Phase Sublease, including all amendments, is attached thereto and is unmodified, except for such attached amendments, and is in full force and effect, as so amended, or if such Phase Sublease is not in full force and effect, so stating, (B) which amendments, if any, to the Phase Sublease have been previously approved by Port in writing, including the dates of approval, (C) the dates, if any, to which any rent and other sums payable thereunder have been paid, (D) that the Phase Transferee is not aware of any Tenant defaults under the Phase Sublease which have not been cured, except as to defaults specified in said certificate, and (E) that the Phase Transferee is not aware of any Phase Transferee defaults which have not been cured.

- (c) Copy of Phase Sublease. Tenant will provide Port a true and complete copy of the executed Phase Sublease and summary of the Phase Sublease basic terms attached to the Tenant estoppel certificate, in accordance with Section 18.5(b)(x)(5) within five (5) business days after the execution thereof, which Phase Sublease will contain substantially the same (or more favorable to the landlord) business terms as in the form of Phase Sublease, statement, and other information previously provided to Port.
- (d) Form of Non-Disturbance Agreement. Each Non-Disturbance Agreement will be substantially in the form of *Exhibit XX* and, if not in such form, will be in form and substance agreed upon by Tenant and Port, not to be unreasonably withheld by either party. With each request for a Non-Disturbance Agreement, Tenant will submit a copy of the form, showing any requested interlineations or deletions.
- Response Period. Port will respond to any request for a Non-Disturbance Agreement within fifteen (15) business days after receipt of all the materials described in Section 18.5(b)(x). If Port fails to respond to such request within such fifteen (15) business day period, then Tenant will deliver to Port a second notice requesting Port's response ("Second NDA Notice"). The Second NDA Notice must display prominently on the envelope enclosing such notice and the first page of such notice, substantially the following: "APPROVAL REQUEST FOR [INSERT ADDRESS OF LEASED PREMISES]/MISSION ROCK SUBLEASE MATTERS. IMMEDIATE ATTENTION REQUIRED; FAILURE TO RESPOND WITHIN FIVE (5) BUSINESS DAYS WILL RESULT IN THE REQUEST BEING DEEMED APPROVED." If Port fails to respond within five (5) business days after Port's receipt of the Second NDA Notice, then such non-response will be deemed to be approval of such Non-Disturbance Agreement and the applicable Phase Transferee will be entitled to rely on the terms of the applicable Non-Disturbance Agreement, provided, however, if there are any conflicts between the provisions in the Phase Sublease and the deemed approved Non-Disturbance Agreement, on the one hand, and Sections 18.4 and 18.5(b) on the other hand, Sections 18.4 and 18.5.
- **18.6.** Acknowledgements. Tenant acknowledges and agrees that Port's rights with respect to Transfers are reasonable limitations for purposes of California Civil Code Section 1951.4 and waives any claims arising from Port's actions under this Article 18.
- 18.7. Mortgaging of Leasehold. Notwithstanding anything herein to the contrary, at any time during the Term, Tenant has the right, without Port's consent, to sell, assign, encumber, or transfer its interest in this Lease to a Mortgagee or other purchaser in connection with a deed in lieu of foreclosure in connection with the exercise of remedies under the provisions of a Mortgage subject to the limitations, rights and conditions set forth in Article 37, and, in the event so assigned, the Lease may be further assigned with notice to, but without the consent of, Port.
- 18.8. Assignment of Rents. Tenant hereby assigns to Port all rents and other payments of any kind, due or to become due from any or present or future Subtenant as security for Tenant's obligations hereunder prior to actual receipt thereof by Tenant; provided, however, the foregoing assignment shall be subject and subordinate to any assignment made to a Mortgagee under Article 37 until such time as Port has terminated this Lease (subject to the Port's agreement to enter into a new lease with Mortgagee and all other provisions of this Lease protecting Mortgagee's interests in this Lease), at which time the rights of Port in all rents and other payments assigned pursuant to this Section 18.8 will become prior and superior in right; provided, further, any rents collected by any Mortgagee from any Subtenants pursuant to any assignment of rents or subleases made in its favor will promptly remit to Port the rents so collected (less the actual cost of collection) to the extent necessary to pay Port any Rent, including any and all Additional Rent, through the date of termination of this Lease.
- 18.9. No Release of Tenant. The acceptance by Port of Rent or other payment from any other person will not be deemed to be a waiver by Port of any provision of this Lease or to

be a release of Tenant from any obligation under this Lease. No Transfer or Sublease will in any way diminish, impair or release any of the liabilities and obligations of Tenant, any guarantor or any other person liable for all or any portion of Tenant's obligations under this Lease.

19. INDEMNIFICATION OF PORT.

- 19.1. General Indemnification of the Indemnified Parties. Subject to Section 19.4, Tenant agrees to and will Indemnify the Indemnified Parties from and against any and all Losses imposed upon or incurred by or asserted against any such Indemnified Parties in connection with the occurrence or existence of any of the following:
- (a) any accident, injury to or death of Persons, or loss or destruction of or damage to property occurring in, on, or under the Premises or any part thereof and which may be directly or indirectly caused by any acts done in, on, or under the Premises, or any acts or omissions of Tenant, its Agents, Subtenants, or Invitees, or their respective Agents and Invitees in, on, or under the Premises;
- (b) any use, non-use, possession, occupation, operation, maintenance, management, or condition of the Premises or any part thereof by Tenant, its Agents, Subtenants, or Invitees, or their respective Agents and Invitees;
- (c) any latent, design, construction or structural defect relating to the Improvements, any other Subsequent Construction, or any other matters relating to the condition of the Premises caused directly or indirectly by Tenant or any of its Agents, Invitees, or Subtenants;
- (d) any failure on the part of Tenant or its Agents, Invitees, or Subtenants, as applicable, to perform or comply with any of the terms, covenants, or conditions of this Lease or with applicable Laws;
- (e) performance of any labor or services or the furnishing of any materials or other property in respect of the Premises or any part thereof by Tenant or any of its Agents or Subtenants;
- (f) any acts, omissions, or negligence of Tenant, its Agents, Invitees, or Subtenants; and
- (g) any civil rights actions or other legal actions or suits initiated by any user or occupant of the Premises to the extent it relates to such use or occupancy.

19.2. Hazardous Materials Indemnification.

- (a) In addition to its obligations under **Section 19.1** (General Indemnity) and subject to **Section 19.4**, Tenant agrees to Indemnify the Indemnified Parties and the State Lands Indemnified Parties from any and all Losses and Hazardous Materials Claims that arise as a result of any of the following:
- (i) any Hazardous Material Condition existing or occurring during the Term;
- (ii) any Handling, Release, or Exacerbation of Hazardous Materials in, on, or under the Premises during the Term; or
- (iii) without limiting Tenant's Indemnification obligations in Section 19.2(a)(ii), any Handling or Release of Hazardous Materials outside of the Premises, but in, on, or under the Mission Rock Site, by Tenant or any Related Third Party during the Term. "Related Third Party" means Tenant's Agent, Subtenant, or their respective Agent; or
- (iv) failure by Tenant or any Related Third Party to comply with the Mission Rock Risk Management Plan; or

- (v) claims by Tenant or any Related Third Party for exposure occurring during the Term to Pre-Existing Hazardous Materials or New Hazardous Materials in, on, or under the Mission Rock Site.
- (b) Tenant's obligations under Section 19.2(a) includes: (i) actual costs incurred in connection with any Investigation or Remediation requested by Port or required by any Environmental Regulatory Agency and to restore the affected area to its condition before the Release; (ii) actual damages for diminution in the value of the Premises or the Facility; (iii) actual damages for the loss or restriction on use of rentable or usable space or of any amenity of the Premises; (iv) actual damages arising from any adverse impact on marketing the space; (v) sums actually paid in settlement of Claims, Hazardous Materials Claims, Environmental Regulatory Actions, including fines and penalties; (vi) actual natural resource damages; and (vii) Attorneys' Fees and Costs, consultant fees, expert fees, court costs, and all other actual litigation, administrative or other judicial or quasi-judicial proceeding expenses. If Port actually incurs any damage and/or pays any costs within the scope of this section, Tenant must reimburse Port for Port's costs, plus interest at the Interest Rate from the date of demand until paid, within five (5) business days after receipt of Port's payment demand and reasonable supporting evidence of the cost or damage actually incurred.
- (c) Tenant understands and agrees that its liability to the Indemnified Parties and the State Lands Indemnified Parties under this **Section 19.2**, subject to **Section 19.4**, arises upon the earlier to occur of:
- (i) discovery of any such Hazardous Materials (other than Pre-Existing Hazardous Materials) in, on, or under the Premises;
- (ii) the Handling or Release of Hazardous Materials in, on, or under the Premises:
- (iii) the Handling or Release of Hazardous Materials in, on, or under areas outside the Premises but within the Mission Rock Site caused by Tenant or a Related Third Party,
- (iv) any occurrence of a Hazardous Material Condition during the Term; or
- (v) the institution of any Hazardous Materials Claim with respect to such Hazardous Materials, and not upon the realization of loss or damage.
- 19.3. Scope of Indemnities; Obligation to Defend. Except as otherwise provided in Section 19.4, Tenant's Indemnification obligations under this Lease are enforceable regardless of the active or passive negligence of the Indemnified Parties, and regardless of whether liability without fault is imposed or sought to be imposed on the Indemnified Parties. Tenant specifically acknowledges that it has an immediate and independent obligation to defend the Indemnified Parties from any Loss that actually or potentially falls within the Indemnification obligations of Tenant, even if such allegations are or may be groundless, false, or fraudulent, which arises at the time such claim is tendered to Tenant and continues at all times thereafter until finally resolved. Tenant's Indemnification obligations under this Lease are in addition to, and in no way will be construed to limit or replace, any other obligations or liabilities which Tenant may have to Port in this Lease, at common law or otherwise. All Losses incurred by the Indemnified Parties subject to Indemnification by Tenant constitute Additional Rent owing from Tenant to Port hereunder and are due and payable from time to time immediately upon Port's request, as incurred.
 - 19.4. Exclusions from Indemnifications, Waivers and Releases.
- (a) Nothing in this Article 19 (Indemnities) relieves the Indemnified Parties or the State Lands Indemnified Parties from liability, nor will the Indemnities set forth in Sections 19.1 (General Indemnification of Indemnified Parties), 19.2 (Hazardous Materials

Indemnification), or the defense obligations set forth in Sections 19.3 (Scope of Indemnities) and 19.6 (Defense) extend to Losses:

- (i) to the extent caused by the gross negligence or willful misconduct of the Indemnified Parties, or
- (ii) from third parties' claims for exposure to Hazardous Materials prior to the Commencement Date.
- (b) If it is reasonable for an Indemnified Party or a State Lands Indemnified Party to assert that a claim for Indemnification under this Section 19.4 is covered by a pollution liability insurance policy, pursuant to which such Indemnified Party or State Lands Indemnified Party is an insured party or a potential claimant, then Port will reasonably cooperate with Tenant in asserting a claim or claims under such insurance policy but without waiving any of its rights under this Section 19.4. Notwithstanding the foregoing, if an Indemnified Party or State Lands Indemnified Party is a named insured on a pollution liability insurance policy obtained by Tenant, the Indemnification from Tenant under this Section 19.4 will not be effective unless such Indemnified Party or State Lands Indemnified Party has asserted and diligently pursued a claim for insurance under such policy and until any limits from the policy are exhausted, on condition that (i) Tenant pays any self-insured retention amount required under the policy, and (ii) nothing in this sentence requires any Indemnified Party or State Lands Indemnified Party to pursue a claim for insurance through litigation prior to seeking indemnification from Tenant.
- 19.5. Survival. Tenant's Indemnification obligations under this Lease and the provisions of this Article 19 survive the expiration or earlier termination of this Lease (or, the partial termination of this Lease with respect to any portion of the Premises released in accordance with Section 1.4(b)).
- 19.6. Defense. Tenant will, at its option but subject to reasonable approval by Port, be entitled to control the defense, compromise or settlement of any such matter through counsel of Tenant's choice; provided, that in all cases Port will be entitled to participate in such defense, compromise or settlement at its own expense. If Tenant fails, however, in Port's reasonable judgment, within a reasonable time following notice from Port alleging such failure, to take reasonable and appropriate action to defend, compromise or settle such suit or claim, Port will have the right promptly to use the City Attorney or hire outside counsel, at Tenant's sole expense, to carry out such defense, compromise or settlement which expense is due and payable to Port within fifteen (15) days after receipt by Tenant of a detailed invoice for such expense.
- 19.7. Waiver. As a material part of the consideration of this Lease, Tenant hereby assumes the risk of, and waives, discharges, and releases any and all claims against the Indemnified Parties from any Losses arising out of this Lease or relating to the Premises, including (a) damages by death of or injury to any Person, or to property of any kind whatsoever and to whomever belonging, (b) goodwill, (c) business opportunities, (d) any act or omission of persons occupying adjoining premises, (e) theft, (f) explosion, fire, steam, oil, electricity, water, gas, rain, pollution, or contamination, (g) Building defects, (h) inability to use all or any portion of the Premises due to sea level rise or flooding or seismic events, and (i) any other acts, omissions or causes arising at any time and from any cause, in, on, or under the Premises, including all claims arising from the joint, concurrent, active or passive negligence of any of Indemnified Parties. The foregoing waiver, discharge and release does not include Losses arising from the Indemnified Parties' willful misconduct or gross negligence.

Tenant expressly acknowledges and agrees that the amount payable by Tenant hereunder does not take into account any potential liability of the Indemnified Parties for any consequential, incidental or punitive damages. Port would not be willing to enter into this Lease in the absence of a complete waiver of liability for consequential, incidental or punitive damages due to the acts or omissions of the Indemnified Parties, and Tenant expressly assumes the risk with respect thereto. Accordingly, without limiting any Indemnification obligations of Tenant or

other waivers or releases contained in this Lease and as a material part of the consideration of this Lease, Tenant fully RELEASES, WAIVES AND DISCHARGES forever any and all claims, demands, rights, and causes of action against the Indemnified Parties for consequential, incidental and punitive damages (including, without limitation, lost profits) and covenants not to sue, or to pay the Attorneys' Fees and Costs of any party to sue for such damages, the Indemnified Parties arising out of this Lease or the uses authorized hereunder, including, any interference with uses conducted by Tenant pursuant to this Lease regardless of the cause, and whether or not due to the negligence of the Indemnified Parties.

Tenant understands and expressly accepts and assumes the risk that any facts concerning the claims released in this Lease might be found later to be other than or different from the facts now believed to be true, and agrees that the waivers and releases in this Lease will remain effective. Therefore, with respect to the claims released in this Lease, Tenant waives any rights or benefits provided by California Civil Code Section 1542, which reads as follows:

A GENERAL RELEASE DOES NOT EXTEND TO CLAIMS WHICH THE CREDITOR DOES NOT KNOW OR SUSPECT TO EXIST IN HIS OR HER FAVOR AT THE TIME OF EXECUTING THE RELEASE, WHICH IF KNOWN BY HIM OR HER MUST HAVE MATERIALLY AFFECTED HIS OR HER SETTLEMENT WITH THE DEBTOR.

By placing its initials below, Tenant specifically acknowledges and confirms the validity of the waivers and releases made above and the fact that Tenant was represented by counsel who explained the consequences of the waivers and releases at the time this Lease was made, or that Tenant had the opportunity to consult with counsel, but declined to do so.

| Tenant acknowledges that the waivers and releases contained herein include all known |
|--|
| and unknown, disclosed and undisclosed, and anticipated and unanticipated claims for |
| consequential, incidental or punitive damages. Tenant realizes and acknowledges that it has |
| agreed upon this Lease in light of this realization and, being fully aware of this situation, it |
| nevertheless intends to waive the benefit of Civil Code Section 1542, or any statute or other |
| similar law now or later in effect. |

Tenant's Initials:

20. INSURANCE. [NOTE: SUBJECT TO FURTHER DISCUSSION]

- **20.1.** Required Insurance Coverage. Tenant, at its sole cost and expense, and Tenant's Subtenants or Agents that conduct any Special Event, or, as relevant, install or maintain any Promotional Signage shall maintain, or cause to be maintained, throughout the Term, the following insurance:
- (a) General Liability Insurance. Comprehensive or commercial general liability insurance, with limits not less than Twenty Million Dollars (\$20,000,000.00) each occurrence combined single limit for bodily injury and property damage, including coverages for contractual liability, liquor liability, independent contractors, broad form property damage, personal injury, products and completed operations, fire damage and legal liability with limits not less than Two Hundred Fifty Thousand Dollars (\$250,000.00) and explosion, collapse and underground (XCU) coverage during any period in which Tenant is conducting any activity on or Subsequent Construction or Improvement, including construction of the Horizontal Improvements, to the Premises with risk of explosion, collapse, or underground hazards. This policy must also cover non-owned and for-hire vehicles and all mobile equipment or unlicensed vehicles, such as forklifts.
- (b) <u>Automobile Liability Insurance</u>. Comprehensive or business automobile liability insurance with limits not less than Five Million Dollars (\$5,000,000.00) each occurrence combined single limit for bodily injury and property damage, including coverages for owned and hired vehicles and for employer's non-ownership liability, which insurance shall be required if

any automobiles or any other motor vehicles are operated in connection with Tenant's activity on the Premises or the Permitted Use. If parking is a Permitted Use under this Lease, Tenant must obtain, maintain, and provide to Port upon request evidence of personal automobile liability insurance for persons parking vehicles at the Premises on a regular basis, including without limitation Tenant's Agents and Invitees.

- Longshore and Harborworker's Act Insurance. Worker's Compensation in statutory amounts, with Employer's Liability limit not less than One Million Dollars (\$1,000,000.00) for each accident, injury, or illness. In the event Tenant is self-insured for the insurance required pursuant to this Section 20.1(c), it shall furnish to Port a current Certificate of Permission to Self-Insure signed by the Department of Industrial Relations, Administration of Self-Insurance, Sacramento, California. In addition, Tenant will be required to maintain insurance for claims under the Jones Act or U.S. Longshore and Harborworker's Act, respectively as applicable with Employer's Liability limit not less than Five Million Dollars (\$5,000,000.00) for each accident, injury or illness, on employees eligible for each.
- (d) <u>Personal Property Insurance</u>. Tenant, at its sole cost and expense, shall procure and maintain on all of its personal property and Subsequent Construction, in, on, or under the Premises, property insurance on an all risk form, excluding earthquake and flood, to the extent of full replacement value. The proceeds from any such policy shall be used by Tenant for the replacement of Tenant's personal property or contractors' equipment as applicable.

(e) Flood Insurance.

- (i) During construction of the improvements, for any parcel located within a flood zone on the City's flood maps, flood insurance will be in an amount equal to the maximum amount of full replacement cost of the improvements with a deductible not to exceed ten percent (10%) except that a greater deductible will be permitted to the extent that flood coverage is not available from recognized carriers or through the NFIP at commercially reasonable rates.
- (ii) During construction of the improvements, for any parcel not located within a flood zone on the City's flood maps, flood insurance will be in an amount to the extent available at commercially reasonable rates from recognized insurance carriers or through the NFIP equal to the maximum amount of full replacement cost of the improvements with a deductible not to exceed ten percent (10%) except that a greater deductible will be permitted to the extent that flood coverage is not available from recognized carriers or through the NFIP at commercially reasonable rates
- procure Pollution Legal Liability. Tenant, at its sole cost and expense, will procure Pollution Legal Liability insurance with limits of not less than Five Million Dollars (\$5,000,000.00) per claim, for a period of not less than ten (10) years. Each of the State Lands Indemnified Parties will be named as additional insureds under the terms of any such policy. If Tenant procures any such policy for a period that is longer than ten (10) years, Tenant will ensure that each of THE CITY AND COUNTY OF SAN FRANCISCO, THE PORT OF SAN FRANCISCO AND THEIR OFFICERS, DIRECTORS, EMPLOYEES AND AGENTS AND THE STATE LANDS INDEMNIFIED PARTIES are named as additional insureds for such longer period of time.
- (g) <u>Construction Activities</u>. Insurance required in connection with construction of Horizontal Improvements is as set forth below:
- (i) <u>Contractor Requirements</u>. Tenant must require its contractors and subcontractors to maintain the following coverages:

- (1) Commercial general liability insurance with limits of not less than \$5 million each occurrence on a policy form that is at least as broad as Insurance Services Office (ISO) Commercial General Liability coverage (occurrence Form CG 00 01);
- (2) Comprehensive automobile liability insurance with a policy limit of not less than \$5 million each occurrence on a policy form that is at least as broad as ISO Form Number CA 0001 covering automobile liability, Code 1 (any auto);
- (3) Worker's compensation insurance with statutory limits and employer's liability insurance with limits of not less than \$1 million each accident, injury, or illness:
- (4) Watercraft liability insurance (if operating watercraft) protection and indemnity insurance with limits not less than \$1 million each occurrence, or with Port approval, lesser limits and deductible as are readily available in the insurance market at a commercially reasonable cost, wreck removal, and damages "In Rem" (the vessel); and
- (5) Marine general liability (MGL) (if operating watercraft) with limits not less than \$10 million each occurrence and aggregate basis;
- (6) Vessel pollution liability insurance (if operating watercraft with engines or fuel usage) with limits not less than \$5 million per occurrence and \$5 million in the aggregate with a deductible not to exceed \$50,000 with Port approval, lesser limits and deductible as are readily available in the insurance market at a commercially reasonable cost; insurance should cover liability imposed under laws for any loss, damage, cost, liability or expense arising out of the sudden, accidental, and unintentional discharge, spillage, leakage, emission, or release of any substance of any kind into or on the navigable waters of the United States or the adjoining shorelines.
- (7) Contractor's pollution liability insurance with limits of not less than Five Million Dollars (\$5,000,000.00) per claim.
- (ii) <u>Builder's Risk Requirements</u>. In addition, Tenant or General Contractor must carry "Builder's All Risk" insurance on a "Special Form" ("All Risk") Builder's Risk meeting the following requirements.
- (1) The amount of coverage must be equal to the full replacement cost of any existing structures affected by the work and full replacement cost of all new construction, including all materials and equipment intended to become part of the permanent structures. The policy must provide coverage for "soft costs," such as design and engineering fees, code updates, permits, bonds, insurance, and inspection costs caused by an insured peril. The Builder's Risk insurance may have a deductible clause not to exceed \$100,000.
- (2) The Builder's Risk policy must identify the City and County of San Francisco and the San Francisco Port Commission as loss payees, subordinate to any lender requirements.
- (3) The Builder's Risk policy must include the following coverages: (A) all damages of loss to the work and to appurtenances, to materials and equipment to be incorporated into the project while the same are in transit, stored on or off the site, to construction plant and temporary structures; (B) the costs of debris removal, including demolition as may be made reasonably necessary by covered perils, resulting damage, and any applicable law; and (C) start up and testing and machinery breakdown including electrical arcing.
- (iii) <u>Professional Services Requirements</u>. Tenant must require all providers of engineering and geotechnical professional services under contract with Tenant to provide professional liability coverage with limits not less than Five Million Dollars (\$5,000,000.00) each claim. With respect to all other professional services provided to Tenant

for the Horizontal Improvements, Tenant must require all providers of such professional services under contract with Tenant to provide professional liability coverage with limits not less than Two Million Dollars (\$2,000,000.00) each claim. Such insurance will provide coverage during the period when such professional services are performed and for a period of 3 years after issuance of a Certificate of Occupancy for the Horizontal Improvements. This requirement may be met by the use of an extended reporting period.

- (h) Other Coverage. Such other insurance or different coverage amounts may change from time to time as required by the City's Risk Manager, if in the reasonable judgement of the City's Risk Manager it is the general commercial practice in San Francisco to carry such insurance and/or in the requested insurance limits for the subject activities taking into consideration the risks associated with such uses of the Premises, so long as any insurance required is available from recognized carriers at commercially reasonable rates. If Tenant determines that such other insurance or coverage amount should not be required because it is not available from recognized carries at commercially reasonable rates, then Tenant will provide to Port evidence supporting Tenant's determination of commercial unreasonableness as to the applicable coverage. Such evidence may include quotes, declinations, and notices of cancellation or non-renewal from leading insurance companies for the required coverage, percentage of overall operating expenses attributable thereto, and then current industry practice for comparable mixed-use/retail/office projects in San Francisco.
- (i) <u>Substitution</u>. Notwithstanding the foregoing, Tenant shall have the right, upon the prior approval of Port, not to be unreasonably withheld, to substitute any of the insurance coverage required in this *Article 20* with insurance coverage maintained by one or more of Tenant's Agents, Invitees or transferees as long as the insurance policies, certificates and endorsements for such insurance coverage comply in all respects with the requirements of this *Section 20.1(c)*, as determined by Port.

20.2. General Requirements.

(a) <u>Insurance provided for pursuant to this Section:</u>

- (i) Shall be carried under a valid and enforceable policy or policies issued by insurers of recognized responsibility that are rated Best A—:VIII or better by the latest edition of Best's Key Rating Guide (or a comparable successor rating) and legally authorized to sell such insurance within the State of California;
- (ii) As to property insurance required hereunder, such insurance shall name the Tenant as the first named insured. As to liability insurance Tenant shall ensure that Port and the City of San Francisco are named as additional insureds under all general liability, automobile liability, vessel pollution, pollution, Public Boat Dock liability coverages. Any umbrella and/or excess liability insurance will include an endorsement through a blanket additional endorsement or equivalent naming as additional insureds the following: "THE CITY AND COUNTY OF SAN FRANCISCO, THE PORT OF SAN FRANCISCO AND THEIR OFFICERS, DIRECTORS, EMPLOYEES AND AGENTS."
- (iii) As to Commercial General Liability and automobile liability insurance, shall provide that it constitutes primary insurance with respect to claims insured by such policy, and, except with respect to limits, that insurance applies separately to each insured against whom claim is made or suit is brought;
- (iv) Will provide for waivers of any right of subrogation that the insurer of such party may acquire against each party hereto with respect to any losses and damages that are of the type covered under the policies required by **Sections 20.1(a)20.1(b)**, 20.1(c), and 20.1(f);
- (v) Will be subject to the reasonable approval of Port, which approval shall not be unreasonably withheld.

- Tenant shall furnish Port certificates with respect to the policies required under this Section within thirty (30) days after the Commencement Date and, with respect to renewal policies, within thirty (30) days after the policy renewal date of each such policy, and, within sixty (60) days after Port's request, shall also provide Port with copies of each such policy, or shall otherwise make such policy available to Port for its review. If at any time Tenant fails to maintain the insurance required pursuant to *Section 20.1*, or fails to deliver certificates as required pursuant to this Section, then, upon thirty (30) business days' written notice to Tenant, Port may obtain and cause to be maintained in effect such insurance by taking out policies with companies satisfactory to Port. Within thirty (30) business days following demand, Tenant shall reimburse Port for all amounts so paid by Port, together with all costs and expenses in connection therewith and interest thereon at the Default Rate.
- (c) <u>Insurance of Others</u>. To the extent Tenant requires liability insurance policies to be maintained by Subtenants, contractors, subcontractors or others in connection with their use or occupancy of, or their activities on, the Premises, Tenant shall require that such policies be endorsed to include the "CITY AND COUNTY OF SAN FRANCISCO AND THE PORT OF SAN FRANCISCO AND THEIR OFFICERS, AGENTS, EMPLOYEES AND REPRESENTATIVES" as additional insureds under the terms of any such policy. Unless otherwise specified in this agreement, Tenant will ensure that all contractors and sub-contractors performing work on the Premises and all operators and subtenants of any portion of the Premises carry adequate insurance coverages.
- (d) <u>Excess Coverage</u>. All requirements may be satisfied by any combination of umbrella and excess liability policies (including blanket policies).
- **20.3.** Release and Waiver. Each Party hereby waives all rights of recovery and causes of action, and releases each other Party from any liability, losses and damages occasioned to the property of each such Party, which losses and damages are of the type covered under the property policies required by **Sections 20.1(d)** to the extent that such loss is reimbursed by an insurer.

21. HAZARDOUS MATERIALS.

- 21.1. <u>Compliance with Environmental Laws</u>. Tenant will comply and cause its Subtenants their respective Agents and Invitees to comply while in, on, or under the Premises, with all Environmental Laws, Operations Plans (if any), the Mission Rock Risk Management Plan, and prudent business practices, including, without limitation, any deed restrictions, regulatory agreements, deed notices, soils management plans or certification reports required in connection with the approvals of any regulatory agencies in connection with the Project. Without limiting the generality of the foregoing, Tenant covenants and agrees that it will not, without the prior written consent of Port, which consent will not be unreasonably delayed or withheld, Handle, nor permit the Handling of Hazardous Materials in, on, or under the Premises, except for (a) standard building materials and equipment that do not contain asbestos or asbestos-containing materials, lead or polychlorinated biphenyl (PCBs), (b) any Hazardous Materials which do not require a permit or license from, or that need not be reported to, a governmental agency and are used in compliance with all applicable Laws and any reasonable conditions or limitations required by Port, (c) janitorial or office supplies or materials in such amounts as are customarily used for general office, residential or commercial purposes so long as such Handling is at all times in compliance with all Environmental Laws, and (d) Pre-Existing Hazardous Materials that are Handled for Remediation purposes under the jurisdiction of an Environmental Regulatory Agency.
- **21.2.** <u>Tenant Responsibility</u>. Tenant agrees to protect its Agents and Invitees in its operations on the Premises from hazards associated with Hazardous Materials by complying with all Environmental Laws and occupational health and safety Laws and also agrees, for itself and on behalf of its Agents and Invitees, that during the Term:

- (a) Other than the Pre-Existing Hazardous Materials, will not permit any Hazardous Materials to be present in, on, or under the Premises except as permitted under Section 21.1:
 - (b) Will not cause or permit any Hazardous Material Condition; and
- (c) Will comply with all Environmental Laws relating to the Premises and any Hazardous Material Condition and any investigation, construction, operations, use or any other activities conducted in, on, or under the Premises, and will not engage in or permit any activity at the Premises, or in the operation of any vehicles used in connection with the Premises in violation of any Environmental Laws;
- (d) Tenant will be the "Generator" of any waste, including hazardous waste, resulting from investigation, construction, operations, use or any other activities conducted in, on, or under the Premises;
- (e) Will comply with all provisions of the Mission Rock Risk Management Plan with respect to the Premises, at its sole cost and expense, including requirements to notify site users, comply with risk management measures during construction, and inspect, document and report site conditions to Port annually and
- (f) Will comply, and will cause all of its Subtenants that are subject to an Operations Plan, to comply with the Operations Plan applicable to Tenant or such Subtenant.
- 21.3. Tenant's Environmental Condition Notification Requirements. The following requirements are in addition to the notification requirements specified in the (i) Operations Plan(s), if any, (ii) the Mission Rock Risk Management Plan, and (iii) Environmental Laws:
- (a) Tenant must notify Port as soon as practicable, orally or by other means that will transmit the earliest possible notice to Port staff, of and when Tenant learns or has reason to believe Hazardous Materials were Released or, except as allowed under *Section 21.1*, Handled, in, on, or under the Premises or the environment, or from any vehicles Tenant, or its Agents and Invitees use during the Term, whether or not the Release or Handling is in quantities that would be required under Environmental Laws to be reported to an Environmental Regulatory Agency. In addition to Tenant's notice to Port by oral or other means, Tenant must provide Port written notice of any such Release or Handling within twenty-four (24) hours following such Release or Handling.
- (b) Tenant must notify Port as soon as practicable, orally or by other means that will transmit the earliest possible notice to Port staff of Tenant's receipt or knowledge of any of the following, and contemporaneously provide Port with an electronic copy within twenty-four (24) hours following Tenant's receipt of any of the following, of:
- (i) Any notice of the Release or Handling of Hazardous Materials, in, on, or under the Premises or the environment during the Term, or from any vehicles Tenant, or its Agents and Invitees use during the Term that Tenant or its Agents or Invitees provide to an Environmental Regulatory Agency;
- (ii) Any notice of a violation, or a potential or alleged violation, of any Environmental Law that Tenant or its Agents or Invitees receive from any Environmental Regulatory Agency;
- (iii) Any other Environmental Regulatory Action that is instituted or threatened by any Environmental Regulatory Agency against Tenant or its Agents or Invitees and that relates to the Release or Handling of Hazardous Materials, in, on, or under the Premises during the Term or the environment, or from any vehicles Tenant, or its Agents and Invitees use during the Term;
- (iv) Any Hazardous Materials Claim that is instituted or threatened by any third party against Tenant or its Agents or Invitees and that relates to the Release or

Handling of Hazardous Materials, in, on, or under the Premises during the Term or the environment, or from any vehicles Tenant, or its Agents and Invitees use in, on, or under the Premises during the Term; and

- (v) Other than any Environmental Regulatory Approvals issued by the Department of Public Health and the Hazardous Materials Unified Program Agency, any notice of the termination, expiration, or substantial amendment of any Environmental Regulatory Approval needed by Tenant or its Agents or Invitees for their operations at the Premises.
- (c) Tenant must notify Port of any meeting, whether conducted face-to-face or telephonically, between Tenant and any Environmental Regulatory Agency regarding an Environmental Regulatory Action concerning the Premises or Tenant's or its Agents' or Invitees' operations at the Premises. Port will be entitled to participate in any such meetings at its sole election.
- (d) Tenant must notify Port of any Environmental Regulatory Agency's issuance of an Environmental Regulatory Approval concerning the Premises or Tenant's or its Agents' or Invitees' operations at the Premises. Tenant's notice to Port must state the name of the issuing entity, the Environmental Regulatory Approval identification number, and the dates of issuance and expiration of the Environmental Regulatory Approval. In addition, Tenant must provide Port with a list of any plan or procedure required to be prepared and/or filed with any Environmental Regulatory Agency for operations on the Premises. Tenant must provide Port with copies of any of the documents within the scope of this Section 21.3(d) upon Port's request.
- (e) Tenant must provide Port with copies of all non-privileged communications with Environmental Regulatory Agencies, copies of investigation reports conducted by Environmental Regulatory Agencies, and all non-privileged communications with other persons regarding actual Hazardous Materials Claims arising from Tenant's or its Agents' or Invitees' operations at the Premises.
- (f) Port may from time to time request, and Tenant will be obligated to provide, available information reasonably adequate for Port to determine whether any and all Hazardous Materials are being Handled in a manner that complies with all Environmental Laws.

21.4. Remediation Requirement.

- (a) After notifying Port in accordance with Section 21.3 and subject to Section 21.4(d), Tenant must Remediate, at its sole cost and in compliance with all Environmental Laws and this Lease, any Hazardous Material Condition occurring during the Term; provided Tenant must take all necessary immediate actions to the extent practicable to address an emergent Release of Hazardous Materials to confine or limit the extent or impact of such Release, and will then provide such notice to Port in accordance with Section 21.3. Except as provided in the previous sentence, Tenant must obtain Port's approval, which approval will not be unreasonably withheld, conditioned or delayed, of a Remediation work plan whether or not such plan is required under Environmental Laws, then begin Remediation actions immediately following Port's approval of the work plan and continue diligently until Remediation is complete.
- (b) In addition to its obligations under Section 21.4(a), before this Lease terminates for any reason, Tenant must Remediate, at its sole cost and in compliance with all Environmental Laws and this Lease: (i) any Hazardous Material Condition caused by Tenant's or its Agents' or Invitees' Handling of Hazardous Materials during the Term; and (ii) any Hazardous Material Condition discovered during Tenant's occupancy that is required to be Remediated by any Regulatory Agency if Remediation would not have been required but for Tenant's use of the Premises, or due to Subsequent Construction or construction of the Horizontal Improvements.

- (c) In all situations relating to Handling or Remediating Hazardous Materials, Tenant must take actions that are reasonably necessary in Port's reasonable judgment to protect the value of the Premises, such as obtaining Environmental Regulatory Approvals related to Hazardous Materials and taking measures to remedy any deterioration in the condition or diminution of the value of any portion of the Premises.
- (d) Unless Tenant or its Agents or Invitees Exacerbate the Hazardous Material Condition or Handle or Release Pre-Existing Hazardous Materials in, on, or under the Premises, Tenant will not be obligated to Remediate any Hazardous Material Condition existing before the Commencement Date.
- 21.5. <u>Pesticide Prohibition</u>. Tenant will comply with the provisions of Chapter 3 of the San Francisco Environment Code (the "Pesticide Ordinance") which (i) prohibit the use of certain pesticides on City property, and (ii) require the posting of certain notices and the maintenance of certain records regarding pesticide usage as further described in *Section XX*. [Note: Insert relevant section in Special City/Port Requirements Exhibit].

21.6. Additional Definitions.

"Environmental Laws" means all present and future federal, State and local Laws, statutes, rules, regulations, ordinances, standards, directives, and conditions of approval, all administrative or judicial orders or decrees, and all permits, licenses, approvals, or other entitlements, or rules of common law pertaining to Hazardous Materials (including the Handling, Release, or Remediation thereof), industrial hygiene or environmental conditions in the environment, including structures, soil, air, air quality, water, water quality and groundwater conditions, any environmental mitigation measure adopted under Environmental Laws affecting any portion of the Premises, the protection of the environment, natural resources, wildlife, human health or safety, or employee safety, or community right-to-know requirements related to the work being performed under this Lease. "Environmental Laws" include the City's Pesticide Ordinance (Chapter 39 of the San Francisco Administrative Code), Section 20 of the San Francisco Public Works Code (Analyzing Soils for Hazardous Waste), the FOG Ordinance, the [Mission Rock Risk Management Plan] and [insert any additional applicable references].

"Environmental Regulatory Action" when used with respect to Hazardous Materials means any inquiry, Investigation, enforcement, Remediation, agreement, order, consent decree, compromise, or other action that is threatened, instituted, filed, or completed by an Environmental Regulatory Agency in relation to a Release of Hazardous Materials, including both administrative and judicial proceedings.

"Environmental Regulatory Agency" means the United States Environmental Protection Agency, OSHA, any California Environmental Protection Agency board, department, or office, including the Department of Toxic Substances Control and the RWQCB, Cal-OSHA, the Bay Area Air Quality Management District, the San Francisco Department of Public Health, the San Francisco Fire Department, the SFPUC, Port, (in its regulatory capacity), or any other Regulatory Agency now or later authorized to regulate Hazardous Materials.

"Environmental Regulatory Approval" means any approval, license, registration, permit, or other authorization required or issued by any Environmental Regulatory Agency, including any hazardous waste generator identification numbers relating to operations on the Premises and any closure permit.

"Exacerbate" or "Exacerbating" when used with respect to Hazardous Materials means any act or omission that increases the quantity or concentration or potential for human exposure of Hazardous Materials in the affected area, causes the increased migration of a plume of Hazardous Materials in soil, groundwater, or bay water, causes a Release of Hazardous Materials that had been contained until the act or omission, or otherwise requires Investigation or Remediation that would not have been required but for the act or omission, it being understood that the mere discovery of Hazardous Materials does not cause "Exacerbation". "Exacerbate" also

includes the disturbance, removal or generation of Hazardous Materials in the course of Tenant's operations, Investigations, maintenance, repair, construction of Improvements, Horizontal Improvements, and Alterations under this Lease. "Exacerbate" also means failure to comply with the Mission Rock Risk Management Plan. "Exacerbation" has a correlative meaning.

"Handle" when used with reference to Hazardous Materials means to use, generate, move, handle, manufacture, process, produce, package, treat, transport, store, emit, discharge or dispose of any Hazardous Material. "Handling" and "Handled" will have correlative meanings.

"Hazardous Material" means any material, waste, chemical, compound, substance, mixture, or byproduct that is identified, defined, designated, listed, restricted, or otherwise regulated under Environmental Laws as a "hazardous constituent", "hazardous substance", "hazardous waste constituent", "infectious waste", "medical waste", "biohazardous waste", "extremely hazardous waste", "pollutant", "toxic pollutant", or "contaminant", or any other designation intended to classify substances by reason of properties that are deleterious to the environment, natural resources, wildlife, or human health or safety, including, without limitation, ignitability, infectiousness, corrosiveness, radioactivity, carcinogenicity, toxicity, and reproductive toxicity. Hazardous Material includes, without limitation, any form of natural gas, petroleum products or any fraction thereof, asbestos, asbestos-containing materials, polychlorinated biphenyls (PCBs), PCB-containing materials, and any substance that, due to its characteristics or interaction with one or more other materials, wastes, chemicals, compounds, substances, mixtures or byproducts, damages or threatens to damage the environment, natural resources, wildlife or human health or safety. "Hazardous Materials" also includes any chemical identified in the [______] and Mission Rock Risk Management Plan.]

"Hazardous Material Claim" means any Environmental Regulatory Action or any claim made or threatened by any third party against the Indemnified Parties, the State Lands Indemnified Parties, or the Premises relating to damage, contribution, cost recovery compensation, loss or injury resulting from the Release or Exacerbation of any Hazardous Materials, including Losses based in common law. Hazardous Materials Claims include Investigation and Remediation costs, fines, natural resource damages, damages for decrease in value of the Premises or other Port property, the loss or restriction of the use or any amenity of the Premises or other Port property, Attorneys' Fees and Costs and fees and costs of consultants and experts.

"Hazardous Material Condition" means the Release or Exacerbation, or threatened Release or Exacerbation, of Hazardous Materials in, on, or under the Premises or the environment, or from any vehicles Tenant, or its Agents and Invitees use in, on, or under the Premises during the Term.

"Investigate" or "Investigation" when used with reference to Hazardous Material means any activity undertaken to determine the nature and extent of Hazardous Material that may be located in, on, or under the Premises, any Horizontal Improvements, Improvements or any portion of the site or the Horizontal Improvements or Improvements or which have been, are being, or threaten to be Released into the environment. Investigation will include preparation of site history reports and sampling and analysis of environmental conditions in, on, or under the Premises or any Horizontal Improvements or Improvements.

"Mission Rock Risk Management Plan" means that certain Mission Rock Risk Management Plan dated as of XXXX and prepared by XXXXX.

"New Hazardous Material" means a Hazardous Material that is not a Pre-Existing Hazardous Material.

"Pre-Existing Hazardous Materials" means any Hazardous Material existing on, in, or under the Premises as of the Effective Date and identified in the [______] [and] Mission Rock Risk Management Plan.

"Release" means when used with respect to Hazardous Materials any accidental, actual, imminent or intentional spilling, introduction, leaking, pumping, pouring, emitting, emptying, discharging, injecting, escaping, leaching, dumping, or disposing into the air, soil gas, land, surface water, groundwater, or environment (including the abandonment or discarding of barrels, containers, and other closed receptacles containing any Hazardous Material).

"Remediate" or "Remediation" when used with reference to Hazardous Materials means any activities undertaken to clean up, abate, remove, transport, dispose, contain, treat, stabilize, monitor, remediate, or otherwise control Hazardous Materials located in, on, or under the Premises or which have been, are being, or threaten to be Released into the environment or to restore the affected area to the standard required by the applicable Environmental Regulatory Agency in accordance with application Environmental Laws and any additional Port requirements. Remediation includes, without limitation, those actions included within the definition of "remedy" or "remedial action" in California Health and Safety Code Section 25322 and "remove" or "removal" in California Health and Safety Code Section 25323.

"State Lands Indemnified Parties" means the State of California, the California State Lands Commission, and all of their respective heirs, legal representatives, successors and assigns, and all other Persons acting on their behalf.

22. PORT'S RIGHT TO PAY SUMS OWED BY TENANT.

- 22.1. Port May Pay Sums Owed by Tenant Following Tenant's Failure to Pay. Without limiting any other provision of this Lease, and in addition to any other rights or remedies available to Port for any Tenant Event of Default, if at any time Tenant fails to pay any sum required to be paid by Tenant pursuant to this Lease to any Person other than Port (other than any Imposition, mechanics' lien or encumbrance with respect to which the provisions of Articles 6 and 7 apply, or any other sum required to be paid by Tenant which Tenant is contesting in good faith and with due diligence and which would not become a lien on the Property), Port may, at its sole option, but will not be obligated to, upon ten (10) days prior notice to Tenant, pay such sum for and on behalf of Tenant.
- 22.2. Tenant's Obligation to Reimburse Port. If pursuant to Section 22.1, Port pays any sum required to be paid by Tenant hereunder, Tenant will reimburse Port as Additional Rent, the sum so paid. All such sums paid by Port are due from Tenant to Port at the time the sum is paid, and if paid by Tenant at a later date, will bear interest at the lesser of the Default Rate or the maximum non-usurious rate Port is permitted by Law to charge from the date such sum is paid by Port until Port is reimbursed in full by Tenant. Port's rights under this Article 22 are in addition to its rights under any other provision of this Lease or under applicable Laws. The provisions of this Section 22.2 will survive the expiration or earlier termination of this Lease.

23. EVENTS OF DEFAULT.

- 23.1. Events of Default. Subject to the provisions of Section 23.2, the occurrence of any one or more of the following events which remain uncured after the passage of time set forth pursuant to this Article 23 shall constitute an "Event of Default" under the terms of this Lease:
- (a) Tenant fails to pay any Rent or Imposition when due, which failure continues for five (5) business days following written notice from Port; provided, however, Port will not be required to give such notice with respect to Rent set forth on Exhibit D on more than two (2) occasions during any calendar year, and failure to pay any such Rent thereafter when due will be deemed an Event of Default without need for further notice;
- (b) [Subject to satisfaction or waiver of all of Master Developer's conditions precedent set forth in the DDA with regard to release of Development Parcels,] Tenant fails to deliver (or cause the Phase Transferee to deliver) all of the executed and if applicable,

acknowledged, documents required in **Section 5.3** to be delivered to Port Vertical Developer or into escrow within the time period set forth in such section, and such failure continues for one (1) business day following written notice from Port;

- (c) Tenant fails to maintain any insurance required to be maintained by Tenant under this Lease, which failure continues without cure for five (5) business days after written notice from Port:
- (d) Tenant fails to comply with a material requirement set forth in *Exhibit XX* for a Special Event and such failure continues for one (1) business day following written notice from Port; provided, however, if such default cannot reasonably be cured within such period, Tenant will not be in default of this Lease if Tenant commences to cure such default with such period and diligently and in good faith continues to cure the default;
- (e) Tenant abandons the Premises, within the meaning of California Civil Code Section 1951.2, which abandonment is not cured within thirty (30) days after notice from Port of Port's belief of abandonment;
- (f) The Premises are used for Prohibited Uses, as determined by Port in its reasonable discretion, and such Prohibited Use(s) continues for a period of one (1) business day following written notice from Port; provided, however, if such default cannot reasonably be cured within such period, Tenant will not be in default of this Lease if Tenant commences to cure the default within such period and diligently and in good faith continues to cure the default; provided, further, without limitation of the foregoing, the Parties agree that Tenant's internal deliberations to determine the path to cure such default will be deemed to be a commencement of cure;
- (g) Tenant fails to comply with the provisions of **Section 11.1** (Covenant to Repair and Maintain the Premises) within five (5) days following written notice from Port; provided, however, if such default cannot reasonably be cured within such five (5) day period, Tenant will not be in default of this Lease if Tenant commences to cure the default within such five (5) day period and diligently and in good faith continues to cure the default; provided, however, without limitation of the foregoing, the Parties agree that Tenant's internal deliberations to determine the path to cure such default will be deemed to be a commencement of cure:
- (h) Tenant fails to comply with the provisions of *Article 21* and such failure continues for a period of one (1) business day following written notice from Port; provided, however, if such default cannot reasonably be cured within such one (1) business day period, Tenant will not be in default of this Lease if Tenant commences to cure the default within such one (1) business day period and diligently and in good faith continues to cure the default; provided, further that the Parties agree that Tenant's internal deliberations to determine the path to cure such default will be deemed to be a commencement of cure;
- (i) Tenant files a petition for relief, or an order for relief is entered against Tenant, in any case under applicable bankruptcy or insolvency Law, or any comparable Law that is now or hereafter may be in effect, whether for liquidation or reorganization, which proceedings if filed against Tenant are not dismissed or stayed within one hundred eighty (180) days;
- (j) A writ of execution is levied on the Leasehold Estate which is not released within one hundred eighty (180) days, or a receiver, trustee or custodian is appointed to take custody of all or any material part of the property of Tenant, which appointment is not dismissed within one hundred eighty (180) days; provided, however, that the exercise by a Mortgagee of any of its remedies under its Mortgage will not, in and of itself, constitute a default under this **Section 23.1(j)**;
 - (k) Tenant makes a general assignment for the benefit of its creditors; or

- (I) Tenant violates any other covenant, or fails to perform any other obligation to be performed by Tenant under this Lease (including, but not limited to, any Mitigation and Improvement Measures that Tenant is required to comply with) at the time such performance is due, and such violation or failure continues without cure for more than thirty (30) days after written notice from Port specifying the nature of such violation or failure, or, if such cure cannot reasonably be completed within such thirty (30) day period, if Tenant does not within such thirty (30) day period commence such cure, or having so commenced, does not prosecute such cure with diligence and dispatch to completion within a reasonable time thereafter.
- 23.2. Special Provisions Concerning Mortgagees and Events of Default.

 Notwithstanding anything in this Lease to the contrary, the exercise by a Mortgagee of any of its remedies under its Mortgage will not, in and of itself, constitute a default under this Lease. Port will also accept a cure of an Event of Default by any Tenant investor or a mezzanine lender; provided, however, such parties will not have any additional time to cure any Event of Default.

24. REMEDIES.

24.1. Port's Remedies Generally.

- (a) Upon the occurrence and during the continuance of an Event of Default under this Lease, except as expressly limited herein, Port has all rights and remedies provided in this Lease or available at Law or in equity (including the right to seek injunctive relief or an order for specific performance, where appropriate), including the right to self-help to the extent provided for herein; provided, however, notwithstanding anything to the contrary in this Lease, any right to cure and any remedy available to Port regarding any Event of Default under the Workforce Development Program, is limited to those rights and remedies provided in the applicable Law for such applicable Special City and Port Provisions; provided, further, Port's right to terminate this Lease for a Tenant Event of Default will be limited to Tenant Event of Defaults described in Sections 23.1(a), 23.1(c), XXX, 23.1(e), 23.1(f) and 23.1(h).
- (b) In addition to the foregoing Remedies, (i) Port will have the right to prohibit Tenant's use of the Premises for Special Events if more than XX Event of Defaults under **Section 23.1(d)** occur during any given XX-month period, and [(ii) with respect to an Event of Default due to Tenant's failure to pay Rent, Port will have the remedies set forth in the Financing Plan].
- (c) Except as expressly provided herein, all of Port's rights and remedies are cumulative, and except as may be otherwise provided by applicable Law, the exercise of any one or more rights will not preclude the exercise of any other.

24.2. Right to Keep Lease in Effect.

(a) <u>Continuation of Lease</u>. Port has the remedy described in California Civil Code Section 1951.4 (lessor may continue lease in effect after lessee's breach and abandonment and recover rent as it becomes due, if lessee has right to sublet or assign, subject only to reasonable limitations) under which Port may continue this Lease in full force and effect. In the event Port elects this remedy, Port has the right to enforce by suit or otherwise, all covenants and conditions hereof to be performed or complied with by Tenant and exercise all of Port's rights, including the right to collect Rent when due. Upon the occurrence of a Tenant Event of Default, Port may enter the Premises without terminating this Lease and relet them, or any part of them, to third parties for Tenant's account. Tenant will be liable immediately to Port for all reasonable costs Port incurs in reletting the Premises, including Attorneys' Fees and Costs, brokers' fees or commissions, expenses of remodeling the Premises required by the reletting and similar costs. Reletting can be for a period shorter or longer than the remaining Term, at such rents and on such other terms and conditions as Port determines in its sole discretion.

- (b) No Termination Without Notice. No act by Port allowed by this Section 24.2, nor any appointment of a receiver upon Port's initiative to protect its interest under this Lease, nor any withholding of consent to a Transfer or termination of a Transfer in accordance herewith, will terminate this Lease, unless and until Port notifies Tenant in writing that Port elects to terminate this Lease.
- (c) Application of Proceeds of Reletting. If Port elects to relet the Premises as provided in **Section 24.2(a)**, the rent that Port receives from reletting will be applied to the payment of:
- (i) First, all costs incurred by Port in enforcing this Lease, whether or not any action or proceeding is commenced, including Attorneys' Fees and Costs, brokers' fees or commissions, the costs of removing and storing Personal Property, costs in connection with reletting the Premises, or any portion thereof, altering, installing, modifying and constructing tenant improvements required for a new tenant, and costs of repairing, securing and maintaining the Premises or any portion thereof;
- (ii) Second, the payments of any indebtedness other than Rent due hereunder from Tenant to Port;
 - (iii) Third, Rent due and unpaid under this Lease;
- (iv) After deducting the payments referred to in this Section 24.2(c), any sum remaining from the rent Port receives from reletting will be held by Port and applied to monthly installments of future Rent as such amounts become due under this Lease. In no event will Tenant be entitled to any excess rent received by Port. If on a date Rent or other amount is due under the Lease, the rent received by Port as of such date from any reletting is less than the Rent or other amount due on that date, or if any costs incurred by Port in reletting, remain after applying the rent received from such reletting, Tenant will pay to Port such deficiency. Such deficiency will be calculated and paid monthly.
- (d) Payment of Rent. Tenant will pay to Port Rent on the dates the Rent is due, less the rent Port has received from any reletting which exceeds all costs and expenses of Port incurred in connection with a Tenant Event of Default and the reletting of all or any portion of the Premises.
- 24.3. Port's Right to Cure Tenant's Default. Port, at any time after Tenant commits an Event of Default, may, at Port's sole option, cure the default at Tenant's sole cost. If Port at any time, by reason of Tenant's default, undertakes any act to cure or attempt to cure such default that requires the payment of any sums, or otherwise incurs any costs, damages, or liabilities (including without limitation, Attorneys' Fees and Costs), all such sums, costs, damages, or liabilities paid by Port will be due immediately from Tenant to Port at the time the sum is paid, and if paid by Tenant at a later date, shall bear interest at the lesser of the Default Rate or the maximum non-usurious rate Port is permitted by Law to charge from the date such sum is paid by Port until Port is reimbursed by Tenant.
- **24.4.** Termination of Tenant's Right to Possession. Upon an Event of Default that allows for termination: [Note: Further discussion regarding bondholders' rights and whether lease could continue at Port's option if DDA is terminated.]
- (a) Before exercising any right to terminate this Lease and Tenant's right to possession of the Premises under *Sections 23.1(a)* (but only with respect to Tenant's failure to pay any Imposition), XXX, 23.1(f), and 23.1(h), Port will provide Tenant with a second written notice ("Second Default Notice") and the additional cure period set forth below:
- (i) For an Event of Default under **Section 23.1(a)**, Tenant will have five (5) business days following delivery of the Second Default Notice to cure;

- (ii) For an Event of Default under Sections XXX or 23.1(f), Tenant will have one (1) business day following delivery of the Second Default Notice to cure; provided, however, if such default cannot reasonably be cured within such one (1) business day period, then Port will not exercise its termination right if Tenant is diligently and in good faith continues to cure the default to completion;
- (b) Port may terminate this Lease and Tenant's right to possession of the Premises for the Events of Default described in **Section 24.4(a)** at any time following expiration of the cure periods set forth in **Section 24.4(a)** for the applicable Event of Default by providing Tenant with a written notice of termination.
- (c) Acts of maintenance, efforts to relet the Premises, or the appointment of a receiver on Port's initiative to protect Port's interest under this Lease will not constitute a termination of Tenant's right to possession.
- (d) If Port elects to terminate this Lease, Port has the rights and remedies provided by California Civil Code Section 1951.2, including the right to recover from Tenant the following:
- (i) The worth at the time of award of the unpaid Rent which had been earned at the time of termination; plus
- (ii) The worth at the time of award of the amount by which the unpaid Rent which would have been earned after termination until the time of award exceeds the amount of such rental loss that Tenant proves could have been reasonably avoided; plus
- (iii) The worth at the time of award of the amount by which the unpaid Rent for the balance of the Term after the time of award exceeds the amount of the loss of Rent that Tenant proves could be reasonably avoided; plus
- (iv) Any other amounts necessary to compensate Port for the detriment proximately caused by Tenant's default, or which, in the ordinary course of events, would likely result therefrom. Efforts by Port to mitigate the damages caused by Tenant's breach of this Lease do not waive Port's rights to recover damages upon termination.

The "worth at the time of award" of the amounts referred to in Sections 24.4(d)(i) and 24.4(d)(ii) above will be computed by allowing interest at an annual rate equal to the lesser of the Default Rate or the maximum non-usurious rate Port is permitted by Law to charge. The "worth at the time of award" of the amount referred to in Section 24.4 will be computed by discounting the amount at the discount rate of the Federal Reserve Bank of San Francisco at the time of award, plus one percent (1%).

- 24.5. Continuation of Subleases and Other Agreements. Port has the right, at its sole option, to assume any and all Subleases and agreements by Tenant for the maintenance or operation of the Premises. Tenant hereby further covenants that, upon request of Port following a Tenant Event of Default and termination of Tenant's interest in this Lease, Tenant will execute, acknowledge and deliver to Port such further instruments as may be necessary or desirable to vest or confirm or ratify vesting in Port the then existing Subleases and other agreements then in force, as above specified.
- **24.6.** Appointment of Receiver. From and after a Tenant Event of Default, Port has the right to have a receiver appointed to collect Rent and conduct Tenant's business. Neither the filing of a petition for the appointment of a receiver nor the appointment itself will constitute an election by Port to terminate this Lease.
- **24.7.** Waiver of Redemption. Tenant hereby waives, for itself and all Persons claiming by and under Tenant, redemption or relief from forfeiture under California Code of Civil Procedure Sections 1174 and 1179, or under any other pertinent present or future Law, in the

event Tenant is evicted or Port takes possession of the Premises by reason of any Tenant Event of Default.

- 24.8. Liquidated Damages for Certain Defaults. In addition to the other remedies available to Port under this Lease for an Event of Default under Sections 23.1(d) or 23.1(f), if Tenant uses the Premises in violation of material Special Event procedure or for the same type of Prohibited Use more than two (2) times within a twelve (12) month period, then Tenant will pay Port the Prohibited Use Charge or Prohibited Special Event Charge as further described in Section 4.6, or the No Access Charge as further described in Sections 1.5(b)(ii) and 1.6(a)(iv).
- **24.9.** Remedies Not Exclusive. The remedies set forth in this Article 24 are not exclusive; they are cumulative and in addition to any and all other rights or remedies of Port now or later allowed by other terms and provisions of this Lease, Law or in equity. Tenant's obligations hereunder will survive any termination of this Lease.

25. EQUITABLE RELIEF.

In addition to the other remedies provided in this Lease, either Party is entitled at any time after a default or threatened default by the other Party to seek injunctive relief or an order for specific performance, where appropriate to the circumstances of such default. In addition, after the occurrence of an event of default by the other Party, the non-defaulting Party is entitled to any other equitable relief which may be appropriate to the circumstances of such event of default.

26. NO WAIVER.

- **26.1.** No Waiver by Port or Tenant. No failure by Port or Tenant to insist upon the strict performance of any term of this Lease or to exercise any right, power or remedy consequent upon a breach of any such term, will be deemed to imply any waiver of any such breach or of any such term unless clearly expressed in writing by the Party against which waiver is being asserted. No waiver of any breach will affect or alter this Lease, which shall continue in full force and effect, or the respective rights of Port or Tenant with respect to any other then existing or subsequent breach.
- 26.2. No Accord or Satisfaction. No submission by Tenant or acceptance by Port of full or partial Rent or other sums during the continuance of any failure by Tenant to perform its obligations hereunder will waive any of Port's rights or remedies hereunder or constitute an accord or satisfaction, whether or not Port had knowledge of any such failure except with respect to the Rent so paid. No endorsement or statement on any check or remittance by or for Tenant or in any communication accompanying or relating to such payment will operate as a compromise or accord or satisfaction unless the same is approved as such in writing by Port. Port may accept such check, remittance or payment and retain the proceeds thereof, without prejudice to its rights to recover the balance of any Rent, including any and all Additional Rent, due from Tenant and to pursue any right or remedy provided for or permitted under this Lease or in law or at equity. No payment by Tenant of any amount claimed by Port to be due as Rent hereunder (including any amount claimed to be due as Additional Rent) will be deemed to waive any claim which Tenant may be entitled to assert with regard to the making of such payment or the amount thereof, and all such payments will be without prejudice to any rights Tenant may have with respect thereto, whether or not such payment is identified as having been made "under protest" (or words of similar import).

27. DEFAULT BY PORT; TENANT'S REMEDIES.

27.1. Default by Port. Port will be deemed to be in default hereunder only if Port fails to perform or comply with any obligation on its part hereunder, and (i) such failure continues for more than the time of any cure period provided herein, or, (ii) if no cure period is provided herein, for more than sixty (60) days after written notice thereof from Tenant (provided that Port will use reasonable efforts to cure such default within a thirty (30) day period after receipt of

such written notice from Tenant), or, (iii) if such default cannot reasonably be cured within such sixty (60) day period, Port does not within such period commence with due diligence and dispatch the curing of such default, or, having so commenced, thereafter fails or neglects to prosecute or complete with diligence and dispatch the curing of such default.

27.2. Tenant's Exclusive Remedies. Upon the occurrence of default by Port described above, Tenant will have the exclusive right (a) to seek equitable relief, including specific performance, in accordance with applicable Laws and the provisions of this Lease where appropriate and where such relief does not impose personal liability on Port or its Agents; or (b) if and only if Master Developer has a right to terminate the DDA on account of the applicable default, and Master Developer elects to terminate the DDA, to terminate this Lease. Tenant agrees that, notwithstanding anything to the contrary herein or pursuant to any applicable Laws, Tenant's remedies hereunder constitutes Tenant's sole and absolute right and remedy for a default by Port hereunder, and Tenant has no remedy of self-help.

28. TENANT'S RECOURSE AGAINST PORT.

- 28.1. No Recourse Beyond Value of Property Except as Specified. Tenant agrees that notwithstanding any other term or provision of this Lease, (a) Tenant will have no recourse with respect to, and Port will not be liable for, any obligation of Port under this Lease, or for any claim based upon this Lease, except to the extent of the fair market value of Port's fee interest in the Premises (as encumbered by this Lease) and (b) neither Port nor the Indemnified Parties will be liable under any circumstances for injury or damage to, or interference with Tenant's business, including loss or profits, loss of rents or other revenues, loss of business opportunity, loss of goodwill or loss of use, in each case, however occurring. By Tenant's execution and delivery hereof and as part of the consideration for Port's obligations hereunder, Tenant expressly waives all such liability.
- **28.2.** No Recourse Against Specified Persons. No commissioner, officer, or employee of the Indemnified Parties will be personally liable to Tenant, or any successor in interest, for any Event of Default by Port, and Tenant agrees that it will have no recourse with respect to any obligation of Port under this Lease, or for any amount which may become due Tenant or any successor or for any obligation or claim based upon this Lease, against any such Person.
- 28.3. Nonliability of Tenant's Members, Partners, Shareholders, Directors, Officers and Employees. No member, officer, partner, shareholder, director, board member, agent, or employee of Tenant will be personally liable to Port, and Port will have no recourse against any of the foregoing, in an Event of Default by Tenant or for any amount which may become due to Port or on any obligations under the terms of this Lease or any claim based upon this Lease.

29. LIMITATIONS ON LIABILITY.

- 29.1. Waiver of Indirect or Consequential, Incidental, Punitive and Special Damages. As a material part of the consideration for this Lease, in no event will either Party be liable to the other Party for any consequential, incidental, special and punitive damages arising out of any such Party's default.
- 29.2. Limitation on Parties' Liability Upon Transfer. In the event of any transfer of Port's interest in and to the Premises, Port (and in case of any subsequent transfers, the then transferor) will automatically be relieved from and after the date of such transfer of all liability with regard to the performance of any covenants or obligations contained in this Lease thereafter to be performed on the part of Port (or such transferor, as the case may be), but not from liability incurred by Port (or such transferor, as the case may be) on account of covenants or obligations to be performed by Port (or such transferor, as the case may be) hereunder before the date of such transfer; provided, however, that Port (or such subsequent transferor) has transferred to the transferee any funds in Port's (or in the possession of such subsequent transferor) in which Port (or such subsequent transferor) has an interest, in trust, for application

pursuant to the provisions hereof, and such transferee has assumed all liability for all such funds so received by such transferee from Port (or such subsequent transferor).

30. ESTOPPEL CERTIFICATES.

- 30.1. Estoppel Certificate by Tenant. Tenant will execute, acknowledge and deliver to Port (or at Port's request, to a prospective purchaser or mortgagee of Port's interest in the Premises), within fifteen (15) business days after a request, a certificate substantially in the form attached hereto as Exhibit XX stating to Tenant's actual knowledge after diligent inquiry (a) that this Lease is unmodified and in full force and effect (or, if there have been modifications, that this Lease is in full force and effect, as modified, and stating the modifications or, if this Lease is not in full force and effect, so stating), (b) the dates, if any, to which any Rent and other sums payable hereunder have been paid, (c) that no notice has been received by Tenant of any default hereunder which has not been cured, except as to defaults specified in such certificate, and (d) any other matter actually known to Tenant, directly related to this Lease and reasonably requested by Port. In addition, if requested, Tenant will attach to such certificate a copy of this Lease, and any amendments thereto, and include in such certificate a statement by Tenant that, its knowledge, such attachment is a true, correct and complete copy of this Lease, as applicable, including all modifications thereto. Any such certificate may be relied upon by any Port, any successor agency, and any prospective purchaser or mortgagee of the Premises or any part of Port's interest therein. Tenant will also insert a provision similar to this Section into each Sublease requiring Subtenants under Subleases to execute, acknowledge and deliver to Port, within twenty (20) business days after request, an estoppel certificate substantially in the form attached hereto as Exhibit XX covering the matters described in clauses (a), (b), (c) and (d) above with respect to such Sublease, along with a true and correct copy of the applicable Sublease and all amendments thereto.
- **30.2.** Estoppel Certificate by Port. Port will execute, acknowledge and deliver to Tenant (or at Tenant's request, to any Mortgagee, prospective Mortgagee, mezzanine lender or a prospective mezzanine lender, prospective purchaser, Phase Transferee, or other prospective transferee of Tenant's interest under this Lease), within fifteen (15) business days after a request, a certificate substantially in the form attached hereto as Exhibit XX stating to Port's actual knowledge after diligent inquiry (or with respect to any estoppel certificates being provided to mezzanine lenders, to the actual knowledge of Port's project manager for this Lease without diligent inquiry) (a) that this Lease is unmodified and in full force and effect (or, if there have been modifications, that this Lease is in full force and effect as modified, and stating the modifications or if this Lease is not in full force and effect, so stating), (b) the dates, if any, to which Rent and other sums payable hereunder have been paid, whether or not, to the knowledge of Port, there are then existing any defaults under this Lease (and if so, specifying the same) and (c) any other matter actually known to Port, directly related to this Lease and reasonably requested by the requesting Party. In addition, if requested, Port will attach to such certificate a copy of this Lease and any amendments thereto, and include in such certificate a statement by Port that, to its knowledge, such attachment is a true, correct and complete copy of this Lease, including all modifications thereto. Any such certificate may be relied upon by Tenant or any Mortgagee, prospective Mortgagee, prospective purchaser, Phase Transferee, or other prospective transferee of Tenant's interest under this Lease.

31. APPROVALS BY PORT; STANDARD OF REVIEW; FEES FOR REVIEW.

31.1. Approvals by Port. The Port's Executive Director or his or her designee, is authorized to execute on behalf of Port any closing or similar documents and any contracts, agreements, memoranda, or similar documents with State, regional or local authorities or other Persons that are necessary or proper to achieve the purposes and objectives of this Lease and do not materially increase the obligations of Port hereunder, if the Executive Director reasonably determines, after consultation with, and approval as to form by, the City Attorney, that the document is necessary or proper and in Port's best interests. The Port Executive Director's

signature of any such documents will conclusively evidence such a determination by him or her. Wherever this Lease requires or permits the giving by Port of its consent or approval, or whenever an amendment, waiver, notice, or other instrument or document is to be executed by or on behalf of Port, the Executive Director, or his or her designee, is authorized to execute such instrument on behalf of Port, except as otherwise provided by applicable Law, including the City's Charter and approval by the City's Attorney's Office to the extent applicable, or if the Executive Director determines, in his or her sole discretion, that Port Commission action is necessary prior to execution of such instrument.

- 31.2. Standard of Review. Except as expressly provided otherwise or when Port is acting in its regulatory capacity, the following standards will apply to the Parties' conduct under this Agreement.
- (a) Advance Writings Required. Whenever a Party's approval or waiver is required: (i) the approval or waiver must be obtained in advance and in writing; and (ii) the Party whose approval or waiver is sought may not unreasonably withhold, condition, or delay its approval or waiver, as applicable.
- (b) <u>Commercial Reasonableness</u>. Whenever a Party is permitted to make a judgment, form an opinion, judge the sufficiency of the other Party's performance, or exercise discretion in taking (or refraining from taking) any action or making any determination, or grant or withhold its approval or consent, unless otherwise stated in this Lease, that Party must employ commercially reasonable standards in doing so. In general, the Parties' conduct in implementing this Lease, including construction of Improvements, disapprovals, demands for performance, requests for additional information, and any exercise of an election or option, must be commercially reasonable.
- 31.3. Fees for Review. Unless a different time period is required in this Lease, within thirty (30) days after Port's written request, Tenant will pay Port, as Additional Rent, Port's reasonable costs, including, without limitation, Attorneys' Fees and Costs and costs of Port staff time incurred in connection with the review, investigation, processing, documentation, and/or approval of any proposed Transfer, Mortgage, estoppel certificate, or any other matter under this Lease requiring Port's approval or review excluding any such costs incurred by Port in its regulatory capacity, which costs will be paid separately by Tenant to the extent required by the applicable regulatory requirements. Tenant will pay such reasonable costs regardless of whether or not Port consents to such proposal.

32. NO MERGER OF TITLE.

There will be no merger of the Leasehold Estate with the fee estate in the Premises by reason of the fact that the same Person may own or hold (a) the Leasehold Estate or any interest in such Leasehold Estate, and (b) any interest in such fee estate. No such merger will occur unless and until all Persons having any interest in the Leasehold Estate and the fee estate in the Premises join in and record a written instrument effecting such merger.

33. QUIET ENJOYMENT.

Subject to the Permitted Encumbrances, the Premises being in and around construction throughout the Term, Construction Impacts from the adjacent and nearby Development Projects, the terms and conditions of this Lease and applicable Laws, Port agrees that Tenant, upon paying the Rent and observing and keeping all of the covenants under this Lease on its part to be kept, will lawfully and quietly hold, occupy and enjoy the Premises during the Term without hindrance or molestation by Port. Notwithstanding the foregoing, Port has no liability to Tenant in the event any defect exists in the title of Port as of the Commencement Date, whether or not such defect affects Tenant's rights of quiet enjoyment. Tenant's sole remedy with respect to any such existing title defect is to obtain compensation by pursuing its rights against any title insurance company or companies issuing title insurance policies to Tenant.

34. SURRENDER OF PREMISES.

34.1. End of Lease Term.

Conditions of Premises. Except with respect to those portions of the Premises for which this Lease terminates upon conveyance of Development Parcels to Vertical Developers or the City upon Acceptance of Horizontal Improvements, as applicable, (either case of which will also be governed by the DDA and other Project Approvals), upon the expiration or other termination of the Term of this Lease, Tenant will quit and surrender to Port the Premises (i) in good order and condition, (ii) clean, free of debris, waste, and Hazardous Materials (other than any Pre-Existing Hazardous Materials that have not been Handled, Released, or Exacerbated by Tenant, its Agents, or Invitees), and (iii) free and clear of all liens and encumbrances other than the Permitted Encumbrances. If it is determined by Port that the condition of all or any portion of the Premises is not in compliance with the provisions of this Lease with respect to Hazardous Materials at the expiration or earlier termination of this Lease, then at Port's sole option, Port may require Tenant to hold over possession of the Premises until Tenant can surrender the Premises to Port in the condition required herein. Except as set forth in Section 34.1(b), the Premises will be surrendered with all Horizontal Improvements, other Improvements, repairs, alterations, additions, substitutions and replacements thereto. Tenant hereby agrees to execute all documents as Port or the City may deem necessary to evidence or confirm any such other termination.

(b) <u>Demolition of Improvements</u>.

- (i) At the expiration or earlier termination of this Lease, at Port's sole election ("Demolition Option"), Port may require Tenant, at Tenant's sole cost, to Demolish and Remove the Improvements, including Horizontal Improvements that have not been Accepted by the City that Port or the City reasonably believe are defective, and surrender the Premises as a vacant parcel of real property. Port will notify Tenant of Port's election to exercise the Demolition Option (i) no later than twenty-four (24) months prior to the expiration of this Lease, or (ii) within ninety (90) days following termination of this Lease due to a Tenant Event of Default.
- (ii) If Port exercises the Demolition Option in accordance with Section 34.1(b)(i), then if Port agrees that Tenant will complete the Demolition and Removal after the expiration or earlier termination of this Lease (or promptly thereafter if the Lease is terminated due to a Tenant Event of Default), Port and Tenant will enter into Port's standard license granting Tenant non-possessory access to the Premises in order for Tenant to perform the Demolition and Repair following the expiration or earlier termination of this Lease; provided, however, Tenant will perform the Demolition and Removal in compliance with Article 13 (Subsequent Construction) and Port may require insurance, bond, guaranty, Indemnification, and other requirements that exceed the coverage amounts or licensee obligations set forth in Port's standard license, that Port determines are reasonably appropriate to protect its interest in light of the risks and liabilities associated with the Demolition and Removal.
- (iii) Tenant must commence and complete the Demolition and Removal in a timely manner and with due diligence and care, and complete the same within the time period agreed to between the Parties.
- (c) <u>Subleases</u>. Upon any termination of this Lease, all Subleases hereunder will automatically terminate.
- (d) <u>Personal Property</u>. On or before expiration or earlier termination of this Lease, Tenant will remove and will cause all Subtenants to remove, all of their respective trade fixtures, signs and other Personal Property. If the removal of such Personal Property causes damage to the Premises, Tenant will promptly repair such damage, at no cost to Port. Any items not removed by Tenant as required herein will be deemed abandoned and may be stored, removed, and disposed of by Port at Tenant's sole cost and expense, and Tenant waives all

claims against Port for any Losses resulting from Port's retention, removal or disposition of such Personal Property; provided, however, that Tenant will be liable to Port for all costs incurred in storing, removing and disposing of such abandoned property or repairing any damage to the Premises resulting from such removal.

- Quitclaim. Upon the expiration or earlier termination of this Lease, the Premises will automatically, and without further act or conveyance on the part of Tenant or Port, become the property of Port, free and clear of all liens and without payment therefore by Port and will be surrendered to Port upon such date. Upon or at any time after the expiration or earlier termination of this Lease, if requested by Port, Tenant will promptly deliver to Port, without charge, a quitclaim deed to the Premises and any other instrument reasonably requested by Port to evidence or otherwise effectuate the termination of Tenant's leasehold estate hereunder and to effectuate such transfer or vesting of title to the Premises, the Improvements, the Horizontal Improvements (if applicable), and Personal Property that Port agrees are to remain within the Premises.
- (f) <u>Survival</u>. The provisions of this **Section 34.1** will survive the expiration or earlier termination of this Lease.

35. Notices.

35.1. Notices.

All notices, demands, consents, and requests which may or are to be given by any Party to the other will be in writing, except as otherwise provided herein. All notices, demands, consents, and requests to be provided hereunder shall be deemed to have been properly given on the date of receipt if served personally on a day that is a business day (or on the next business day if served personally on a day that is not a business day), or, if mailed, on the date that is two (2) days after the date when deposited with the U.S. Postal Service for delivery by United States registered or certified mail, postage prepaid, in either case, addressed as follows:

| To Port: | Port of San Francisco Pier 1 San Francisco, CA 94111 Attn: Deputy Director of Real Estate and Development Re: Mission Rock |
|-------------------|--|
| With a copy to: | Port of San Francisco Pier 1 San Francisco, CA 94111 Attn: Deputy Director of Real Estate and Development Re: Mission Rock |
| Master Developer: | |
| With a copy to: | |

or at such other place or places in the United States as each such Party may from time to time designate by written notice to the other in accordance with the provisions hereof. For convenience of the Parties, copies of notices may also be given by electronic-mail to the electronic-mail address set forth above (or such other address as may be provided from time to

time by notice given in the manner required hereunder); however, neither Party may give official or binding notice by electronic-mail.

35.2. Form and Effect of Notice.

Every notice given to a Party or other Person under this Section must state (or shall be accompanied by a cover letter that states):

- (a) the Section of this Lease pursuant to which the notice is given and the action or response required, if any; and
- (b) if applicable, the period of time within which the recipient of the notice must respond thereto.

In no event will a recipient's approval of or consent to the subject matter of a notice be deemed to have been given by its failure to object thereto if such notice (or the accompanying cover letter) does not comply with the requirements of this **Section 35.2**.

36. Inspection Of Premises By Port.

- **36.1.** Entry for Inspection. Subject to the rights of any Subtenants, Port and its authorized Agents have the right to enter the Premises without notice at any time during normal business hours of generally recognized business days, provided that Tenant or Tenant's Agents are present on the Premises (except in the event of an emergency), for the purpose of inspecting the Premises to determine whether the Premises is in good condition and whether Tenant is complying with its obligations under this Lease.
- **36.2.** Entry for Horizontal Improvements. With respect to the development of Horizontal Improvements, Port and its Agents have the right of entry onto Premises in accordance with [Section 14.8(b) of the DDA] to the extent reasonably necessary to carry out the purposes of the DDA.
- **36.3.** *General Entry*. In addition to its rights pursuant to *Section 36.1*, subject to the rights of any Subtenants, Port and its authorized Agents will have the right to enter the Premises at all reasonable times and upon reasonable notice as stated below for any of the following purposes:
- (a) To perform any necessary maintenance, repairs or restoration to the Premises or to perform any services which Port has the right or obligation to perform in accordance with *Sections 11.2* or *24.2*;
- (b) To serve, post, or keep posted any notices required or allowed under the provisions of this Lease;
- (c) To obtain environmental samples and perform equipment and facility testing.

Port agrees to give Tenant reasonable prior notice of Port's entering on the Premises except in an emergency for the purposes set forth above. Such notice will be not less than one (1) days' prior notice. Tenant will have the right to have a representative of Tenant accompany Port or its Agents on any entry into the Premises. Notwithstanding the foregoing, no notice will be required for Port's entry onto public areas of the Premises during regular business hours unless such entry is for the purposes set forth in **Section 36.3(a)**.

36.4. Emergency Entry. Port may enter the Premises at any time, without notice, in the event of an emergency. Port will have the right to use any and all means which Port may deem proper in such an emergency in order to obtain entry to the Premises. Entry to the Premises by any of these means, or otherwise, will not under any circumstances be construed or deemed to be a forcible or unlawful entry into, or a detainer of, the Premises, or an eviction of Tenant from the Premises or any portion of the Premises.

- 36.5. No Liability. Port will not be liable in any manner, and Tenant hereby waives any claim for damages, for any inconvenience, disturbance, loss of business, nuisance, or other damage, including without limitation any abatement or reduction in Rent, arising out of Port's entry onto the Premises as provided in Article 36 or performance of any necessary or required work on the Premises, or on account of bringing necessary materials, supplies and equipment into or through the Premises during the course thereof, except damage resulting solely from the willful misconduct or gross negligence of Port or its authorized representatives.
- **36.6.** *Nondisturbance*. Port will use its commercially reasonable efforts to conduct its activities on the Premises as allowed in this *Article 36* in a manner which, to the extent reasonably practicable, will minimize annoyance or disturbance to Tenant.
- 36.7. Subtenant Agreement. Tenant will require each Subtenant to permit Port to enter its premises for the purposes specified in Section 36.1 through Section 36.4.

37. MORTGAGES.

Tenant will have the right to Mortgage the Leasehold Estate in accordance with the attached *Exhibit XX*.

38. NO JOINT VENTURE.

Nothing contained in this Lease will be deemed or construed as creating a partnership or joint venture between Port and Tenant or between Port and any other Person, or cause Port to be responsible in any way for the debts or obligations of Tenant. The subject of this Lease is a lease with neither Party acting as the agent of the other Party in any respect except as may be expressly provided for in this Lease.

39. ECONOMIC ACCESS.

Tenant will comply with the Workforce Development Plan attached hereto as *Exhibit XX* (collectively, the "Workforce Development Plan"). The Workforce Development Plan is designed to afford opportunities for San Francisco residents to participate in the construction and operation of the Horizontal Improvements. Tenant will comply with the Workforce Development Plan with respect to the operation and leasing of the Premises, and will include in its Subleases, applicable provisions of the Workforce Development Plan in accordance with the same.

40. REPRESENTATIONS AND WARRANTIES OF TENANT.

Tenant represents, warrants and covenants to Port as follows, as of the date hereof and as of the Commencement Date:

- (a) <u>Valid Existence</u>; <u>Good Standing</u>. Tenant is a [limited liability company] duly organized and validly existing under the laws of the State of [______]. Tenant has the requisite power and authority to own its property and conduct its business as presently conducted. Tenant is in good standing in the State of [______].
- (b) <u>Authority</u>. Tenant has the requisite power and authority to execute and deliver this Lease and the agreements contemplated hereby and to carry out and perform all of the terms and covenants of this Lease and the agreements contemplated hereby to be performed by Tenant and upon execution, are legal, valid and binding obligations of Tenant, enforceable against Tenant in accordance with its terms; and do not violate any provision of any agreement or judicial order to which Tenant is a party or to which Tenant is subject.
- (c) <u>No Suspension</u>. That Tenant has not been suspended, disciplined or disbarred by, or prohibited from contracting with, any federal, state or local governmental agency. In the event Tenant has been so suspended, disbarred, disciplined or prohibited from contracting with any governmental agency, it will immediately notify the Port of same and the reasons therefore together with any relevant facts or information requested by Port. Any such

suspension, debarment, discipline or prohibition may result in the termination or suspension of this Agreement.

- (d) No Limitation on Ability to Perform. Neither Tenant's [articles of organization or operating agreement], nor any applicable Law, prohibits Tenant's entry into this Lease or its performance hereunder. No consent, authorization or approval of, and no notice to or filing with, any governmental authority, regulatory body or other Person is required for the due execution and delivery of this Lease by Tenant and Tenant's performance hereunder, except for consents, authorizations and approvals which have already been obtained, notices which have already been given and filings which have already been made. Except as may otherwise have been disclosed to Port in writing, there are no undischarged judgments pending against Tenant, and Tenant has not received notice of the filing of any pending suit or proceedings against Tenant before any court, governmental agency, or arbitrator, which might materially adversely affect the enforceability of this Lease or the business, operations, assets or condition of Tenant.
- (e) <u>Valid Execution</u>. The execution and delivery of this Lease and the performance by Tenant hereunder have been duly and validly authorized. When executed and delivered by Port and Tenant, this Lease will be a legal, valid and binding obligation of Tenant.
- (f) <u>Defaults</u>. The execution, delivery and performance of this Lease (i) do not and will not violate or result in a violation of, contravene or conflict with, or constitute a default by Tenant under (A) any agreement, document or instrument to which Tenant is a party or by which Tenant is bound, (B) any law, statute, ordinance, or regulation applicable to Tenant or its business, or (C) the articles of organization or the operating agreement of Tenant, and (ii) do not result in the creation or imposition of any lien or other encumbrance upon the assets of Tenant, except as contemplated hereby.
- (g) Financial Matters. Except to the extent disclosed to Port in writing, (i) Tenant is not in default under, and has not received notice asserting that it is in default under, any agreement for borrowed money, (ii) Tenant has not filed a petition for relief under any chapter of the U.S. Bankruptcy Code, (iii) there has been no event that has materially adversely affected Tenant's ability to meet its Lease obligations hereunder, (iv) to Tenant's knowledge, no involuntary petition naming Tenant as debtor has been filed under any chapter of the U.S. Bankruptcy Code, (v) no federal or state tax liens have been filed against Tenant, and (vi) there is no material adverse change in Tenant's financial condition and Tenant is meeting its financial obligations as they mature.

The representations and warranties herein survive any termination of this Lease.

41. MITIGATION AND IMPROVEMENT MEASURES.

In order to mitigate the significant environmental impacts of this Lease and operation of the Premises, Tenant agrees that the operation of the Project will be in accordance with the Mitigation and Improvement Measures attached to this Lease as *Exhibit XX*. Tenant will incorporate such Mitigation and Improvement Measures into any contract for the operation of the Improvements and Horizontal Improvements.

42. SPECIAL PROVISIONS.

Tenant will comply with the Port and City Special Provisions attached hereto as *Exhibit XX*.

43. GENERAL.

43.1. Time of Performance.

(a) <u>Expiration</u>. All performance dates (including cure dates) expire at 5:00 p.m., San Francisco, California time, on the performance or cure date.

- (b) <u>Weekend or Holiday</u>. A performance date which falls on a Saturday, Sunday or City holiday is deemed extended to 5:00 p.m. the next working day.
- (c) <u>Days for Performance</u>. All periods for performance or notices specified herein in terms of days will be calendar days, and not business days, unless otherwise provided herein.
- (d) <u>Time of the Essence</u>. Time is of the essence with respect to each provision of this Lease, including, but not limited, the provisions for the exercise of any option on the part of Tenant hereunder and the provisions for the payment of Rent and any other sums due hereunder, subject to Force Majeure.

43.2. Interpretation of Agreement.

- (a) <u>Exhibits and Schedule</u>. Whenever an "Exhibit" or "Schedule" is referenced, it means an attachment to this Lease unless otherwise specifically identified. All such exhibits and schedules are incorporated herein by reference.
- (b) <u>Captions</u>. Whenever a section, article or paragraph is referenced, it refers to this Lease unless otherwise specifically identified. The captions preceding the articles and sections of this Lease and in the table of contents have been inserted for convenience of reference only. Such captions will not define or limit the scope or intent of any provision of this Lease.
- (c) <u>Words of Inclusion</u>. The use of the term "include", "including", "such as", or words of similar import, when following any general term, statement or matter will not be construed to limit such term, statement or matter to the specific items or matters, whether or not language of non-limitation is used with reference thereto. Rather, such terms will be deemed to refer to all other items or matters that could reasonably fall within the broadest possible scope of such statement, term or matter.
- (d) No Presumption Against Drafter. This Lease has been negotiated at arm's length and between Persons sophisticated and knowledgeable in the matters dealt with herein. In addition, experienced and knowledgeable legal counsel has represented each Party. Accordingly, this Lease will be interpreted to achieve the intents and purposes of the Parties, without any presumption against the Party responsible for drafting any part of this Lease (including California Civil Code Section 1654).
- (e) <u>Fees and Costs</u>. The Party on which any obligation is imposed in this Lease will be solely responsible for paying all costs and expenses incurred in the performance thereof, unless the provision imposing such obligation specifically provides to the contrary.
- (f) <u>Lease References</u>. Wherever reference is made to any provision, term or matter "in this Lease," "herein" or "hereof," or words of similar import, the reference will be deemed to refer to any and all provisions of this Lease reasonably related thereto in the context of such reference, unless such reference refers solely to a specific numbered or lettered article, section or paragraph of this Lease or any specific subdivision thereof.
- (g) <u>Approvals</u>. Unless otherwise specifically stated in this Lease, wherever a Party hereto has a right of approval or consent, such approval or consent will not be unreasonably withheld, conditioned or delayed and such approval or consent will be given in writing.
- (h) <u>Legal References</u>. Wherever reference is made to a specific code or section of a specific Law, the reference will be deemed to include any amendment, restatement or replacement.
- 43.3. Successors and Assigns. This Lease is binding upon and will inure to the benefit of the successors and assigns of Port, Tenant, and any Mortgagee. Where the term "Tenant," "Port," "Mortgagee" is used in this Lease, it means and includes their respective successors and

- assigns, or including, as to any Mortgagee, any transferee and any successor or assign of such transferee. Whenever this Lease specifies or implies Port as a Party or the holder of the right or obligation to give approvals or consents, if Port or the entity which has succeeded to Port's rights and obligations no longer exists, then the City will be deemed to be the successor and assign of Port for purposes of this Lease.
- 43.4. No Third-Party Beneficiaries. This Lease is for the exclusive benefit of the Parties hereto and not for the benefit of any other Person and will not be deemed to have conferred any rights, express or implied, upon any other Person, except as provided in Article 37 with regard to Mortgagees.
- 43.5. Real Estate Commissions. Port is not liable for any real estate commissions, brokerage fees or finder's fees which may arise from this Lease or any Sublease. Tenant and Port each represents that neither has engaged any broker, agent or finder in connection with this transaction. In the event any broker, agent or finder makes a claim, through either Party, the Party through whom such claim is made agrees to Indemnify the other Party (including the Indemnified Parties) from any Losses arising out of such claim.
- **43.6.** Counterparts. This Lease may be executed in counterparts, each of which is deemed to be an original, and all such counterparts constitute one and the same instrument.
- **43.7.** Entire Agreement. This Lease (including the Exhibits) constitutes the entire agreement between the Parties with respect to the subject matter set forth therein, and supersede all negotiations or previous agreements between the Parties with respect to all or any part of the terms and conditions mentioned herein or incidental hereto. No parol evidence of any prior of other agreement will be permitted to contradict or vary the terms of this Lease.
- 43.8. Amendment. Neither this Lease nor any of the terms hereof may be terminated, amended or modified except by a written instrument executed by the Parties. If Master Developer seeks an amendment to the DDA pursuant to [Section 3.4 thereof,] and such amendment requires a corresponding amendment to this Lease, [then the provisions of Section 3.4 thereof shall be deemed incorporated herein by reference.]
- 43.9. Governing Law; Selection of Forum. This Lease will be governed by, and interpreted in accordance with, the laws of the State of California. As part of the consideration for Port's entering into this Lease, Tenant agrees that all actions or proceedings arising directly or indirectly under this Lease may, at the sole option of Port, be litigated in courts having situs within the State of California, and Tenant consents to the jurisdiction of any such local, state or federal court, and consents that any service of process in such action or proceeding may be made by personal service upon Tenant wherever Tenant may then be located, or by certified or registered mail directed to Tenant at the address set forth herein for the delivery of notices.
- 43.10. Recordation. This Lease will not be recorded by either Party. The Parties agree to execute and record in the Official Records a Memorandum of Lease in the form attached hereto as Exhibit XX. Promptly upon Port's request following the expiration of the Term or any other termination of this Lease, Tenant will deliver to Port a duly executed and acknowledged quitclaim deed suitable for recordation in the Official Records and in form and content satisfactory to Port and the City Attorney, for the purpose of evidencing in the public records the termination of Tenant's interest under this Lease. Port may record such quitclaim deed at any time on or after the termination of this Lease, without the need for any approval or further act of Tenant.
- 43.11. Attorneys' Fees. The Prevailing Party in any action or proceeding (including any cross-complaint, counterclaim, or bankruptcy proceeding) against the other party by reason of a claimed default, or otherwise arising out of a party's performance or alleged non-performance under this Lease, will be entitled to recover from the other party its costs and expenses of suit, including but not limited to reasonable Attorneys' Fees and Costs, which will be payable whether or not such action is prosecuted to judgment. "Prevailing party" within the meaning of

this Section includes, without limitation, a party who substantially obtains or defeats, as the case may be, the relief sought in the action, whether by compromise, settlement, judgment or the abandonment by the other party of its claim or defense. Attorneys' Fees and Costs under this Section includes attorneys' fees and all other reasonable costs and expenses incurred in connection with any appeal.

For purposes of this Lease, reasonable fees of attorneys of the City's Office of the City Attorney will be based on the fees regularly charged by private attorneys with an equivalent number of years of professional experience (calculated by reference to earliest year of admission to the Bar of any State) who practice in San Francisco in law firms with approximately the same number of attorneys as employed by the Office of the City Attorney.

43.12. Severability. If any provision of this Lease, or its application to any Person or circumstance, is held invalid by any court, the invalidity or inapplicability of such provision will not affect any other provision of this Lease or the application of such provision to any other Person or circumstance, and the remaining portions of this Lease will continue in full force and effect, unless enforcement of this Lease as so modified by and in response to such invalidation would be grossly inequitable under all of the circumstances, or would frustrate the fundamental purposes of this Lease.

44. **DEFINITION OF CERTAIN TERMS.**

For purposes of this Lease, initially capitalized terms shall have the meanings ascribed to them in this Section [to be cross-checked and finalized with final lease drafts]:***

- "Access Rights" as defined in Section 4.5(b).
- "Acceptance" means, with respect to any Horizontal Improvement, the acceptance by the Port or City of such Horizontal Improvement in accordance with the applicable procedures set forth in the DDA. "Accept" and "Accepted" have correlative meanings.
 - "Acquisition Agreement" means [agreement for acquisition of Horizontal Improvements.]
- "Activation Areas" means one or more areas within the Project, designated from time to time pursuant to **Section 4.5**, within which Tenant has the right to conduct Activation Uses.
 - "Activation Rent" is defined on Exhibit D.
- "Activation Uses" means retail, food and beverage uses, including service of alcoholic beverages, sales or information centers for the Project or any buildings or uses conducted within the Project, open space, pedestrian areas, cultural programming, entertainment events and opportunities for active recreation and public gathering, any of which may be conducted within interior spaces or in the open air.
- "Additional Rent" means any and all sums (other than Base Rent) that may become due or be payable by Tenant under this Lease.
- "Affiliate" means any Person directly or indirectly Controlling, Controlled by or under Common Control with the other Person in question.
- "Agents" means, when used with reference to either Party to this Lease, the members, officers, directors, commissioners, employees, agents and contractors of such Party, and their respective heirs, legal representatives, successors and assigns.
- "Agreement to Comply with Mission Rock CFD and Assessment Matters" as defined in Section 6.2(b).
 - "Ancillary Permitted Uses" as described in the Basic Lease Information.
- "Anniversary Date" means each anniversary of the Commencement Date during the Term, unless the actual Commencement Date is not the first day of a month, in which case, each

Anniversary Date will be determined as if the Commencement Date were the first day of the first full month after the actual Commencement Date.

- "Anticipated Conveyance Date" as defined in Section 1.4(a)(ii).
- "As Is With All Faults" as defined in Section 1.2(c).
- "Attorneys' Fees and Costs" means reasonable attorneys' fees, costs, expenses and disbursements, including, but not limited to, expert witness fees and costs, travel time and associated costs, transcript preparation fees and costs, document copying, exhibit preparation, courier, postage, facsimile, long-distance and communications expenses, court costs, and other reasonable costs and fees associated with any other legal, administrative or alternative dispute resolution proceeding, including such fees and costs associated with execution upon any judgment or order, and costs on appeal.
- "Award" means all compensation, sums or value paid, awarded or received for a Condemnation, whether pursuant to judgment, agreement, settlement or otherwise.
- "Ballpark Events" means baseball games and other full-venue events taking place in AT&T Park.
 - "Base Rent" as defined in Exhibit D.
 - "Bond" is defined in the Basic Lease Information.
 - "CASp" is defined in Section 1.1(b).
 - "Casualty" is defined in Section 15.1(a).
 - "Channel Wharf Parcel" means [].
 - "City" means the City and County of San Francisco, a municipal corporation.
- "City Fiscal Year" means the period beginning on July 1 of any year and ending on the following June 30.
 - "Commencement Date" as defined in the Basic Lease Information.
- "Condemnation" means the taking or damaging, including severance damage, of all or any part of any property, or the right of possession thereof, by eminent domain, inverse condemnation, or for any public or quasi-public use under the law. Condemnation may occur pursuant to the recording of a final order of condemnation, or by a voluntary sale of all or any part of any property to any Person having the power of eminent domain (or to a designee of any such Person), provided that the property or such part thereof is then under the threat of condemnation or such sale occurs by way of settlement of a condemnation action.
- "Condemnation Date" means the earlier of: (a) the date when the right of possession of the condemned property is taken by the condemning authority; or (b) the date when title to the condemned property (or any part thereof) vests in the condemning authority.
 - "Construction Impacts" as described in Section 5.1.
- "Control" means the ownership (direct or indirect) by one Person of more than fifty percent (50%) of the profits or capital of another Person. "Controlled" and "Controlling" have correlative meanings. "Common Control" means that two Persons are both Controlled by the same other Person.
 - "DDA" is defined in *Recital E*.
 - ["Dedicated Parcel" as defined in the Housing Plan attached to the DDA.]
 - ["Dedicated Parcel Completion Date" as defined in the Housing Plan attached to the DDA.]

"Default Rate" means an annual interest rate equal to the greater of (i) ten percent (10%) or (ii) five percent (5%) in excess of the Prime Rate that is in effect as of the date payment is due.

"Demolition and Remove" means the demolition of the Improvements (and if applicable, the Horizontal Improvements) and the removal and disposal of all debris in accordance with all Laws. "Demolition and Removal" have a correlative meaning.

"Demolition Option" as defined in Section 34.1(b)(i).

"Design for Development" means the [Mission Bay South]Design for Development approved by the Port Commission and the Planning Commission, as amended from time to time.

"Development Parcel" means a buildable parcel in the SUD.

"Development Projects" is defined in Section 5.1.

"Encroachment Area" is defined in Section 1.1(d).

"Encroachment Area Charge" is defined in Section 1.1(d).

"Environmental Laws" is defined in Section 21.6.

"Environmental Regulatory Action" is defined in Section 21.6.

"Environmental Regulatory Agency" is defined in Section 21.6.

"Environmental Regulatory Approval" is defined in Section 21.6.

"Event of Default" as defined in Section 23.1.

"Exacerbate" is defined in Section 21.6.

"Executive Director" means the Executive Director of the Port or his or her designee.

"Exempt Parcel" means, depending on the context: (i) any assessor's parcel of a real property interest that is exempt from property taxation under California law; and (ii) any assessor's parcel of a real property interest that is exempt from Mello-Roos Taxes under an RMA. "Exempt Parcel" excludes any parcel that: (1) the Port or any other Regulatory Agency acquires by gift, devise, negotiated transaction, or foreclosure; (2) the Port acquires under the DDA; or (3) is in private use for taxable purposes. "Final Construction Documents" means plans and specifications sufficient for the processing of an application for a building permit in accordance with applicable Laws and the Interagency Cooperation Agreement.

"Final Map" means a final Subdivision Map meeting the requirements of the Subdivision Code and the Map Act, subject to amendments made by the DA Ordinance.

"FOG Ordinance" means Sections 140-140.7 of Article 4.1 of the San Francisco Public Works Code, or any subsequent amendment or replacement of the same that sets forth prohibitions, limitations and requirements for the discharge of fats, oils and grease into the City's sewer system by food service establishments.

"Force Majeure" means events which result in delays in a Party's performance of its obligations hereunder due to causes beyond such Party's control, including, but not restricted to: (i) domestic or international events disrupting civil activities, such as war, acts of terrorism, insurrection, acts of the public enemy, and riots; (ii) acts of nature, including floods, earthquakes, unusually severe weather, and resulting fires and casualties; (iii) epidemics and other public health crises affecting the workforce by actions such as quarantine restrictions; (iv) inability to secure necessary labor, materials, or tools (but only if the Party claiming delay has taken reasonable action to obtain them on a timely basis) due to any of the above events, freight embargoes, lack of transportation, or failure or delay in delivery of utilities serving the Premises; (v) Administrative Delay, Environmental Delay, or Down Market Delay (in each case as defined in the DDA); and (vi) in the case of Tenant, any delay resulting from a defect in Port's title to the

Premises. Force Majeure does not include failure to obtain financing or have adequate funds. The delay caused by Force Majeure includes not only the period of time during which performance of an act is hindered, but also such additional time thereafter as may reasonably be required to make repairs, to Restore if appropriate, and to complete performance of the hindered act. [NOTE: Conform to DDA definition]

"Foreclosure" means a foreclosure of a Mortgage or other proceedings in the nature of foreclosure (whether conducted pursuant to court order or pursuant to a power of sale contained in the Mortgage), deed or voluntary assignment or other conveyance in lieu thereof.

"Generator" is defined in Section 21.2(d).

"Handle" is defined in Section 21.6.

"Hard costs" is defined in Section 11.3

"Hazardous Material" is defined in Section 21.6.

"Hazardous Material Claim" is defined in Section 21.6.

"Hazardous Material Condition" is defined in Section 21.6.

"Horizontal Improvements" means any improvements constructed or to be constructed by the Master Developer pursuant to the DDA.

"Horizontal Improvement Parcel" is defined in Section 1.4(b).

"Impositions" is defined in Section 6.1(b).

"Improvements" means all buildings, structures, fixtures and other improvements erected, built, placed, installed, constructed, renovated, or rehabilitated, located upon or within the Premises on or after the Commencement Date. Notwithstanding the foregoing, for the purposes of this Lease, the term "Improvements" excludes the Horizontal Improvements.

"Indemnified Party" and "Indemnified Parties" means the City, including, but not limited to, all of its boards, commissions, departments, agencies and other subdivisions, including, without limitation, the Port; all of the Agents of the California State Lands Commission, the City, including its Port, and all of their respective heirs, legal representatives, successors and assigns, all other Person acting on their behalf, and each of them.

"Indemnify" means indemnify, protect and hold harmless. "Indemnification" has a correlative meaning.

"Indemnifying Party" is defined in Section 19.6.

"Index" means the Consumer Price Index for All Urban Consumers (base years 1982-1984 = 100) for the San Francisco-Oakland-San-Jose area, published by the United States Department of Labor, Bureau of Labor Statistics. If the Index is modified during the Term hereof, the modified Index shall be used in place of the original Index. If compilation or publication of the Index is discontinued during the Term, Port shall select another similar published index, generally reflective of increases in the cost of living, subject to Tenant's approval, which shall not be unreasonably withheld or delayed, in order to obtain substantially the same result as would be obtained if the Index had not been discontinued.

"Indexed" means the product of the number to be Indexed multiplied by the percentage increase, if any, in the Index from the first day of the month in which the Commencement Date occurred to the first day of the most recent month for which the Index is available at any given time.

"Infrastructure CFD" means the City and County of San Francisco Community Facilities District No. [__] (Mission Rock Public Improvements).

"Infrastructure Plan" means the Infrastructure Plan attached to the DDA.

"Investigate" or "Investigation" are defined in Section 21.6.

"Invitees" when used with respect to Tenant means the customers, patrons, invitees, guests, members, licensees, assignees, and subtenants of Tenant and the customers, patrons, invitees, guests, members, licensees, assignees and sub-tenants of subtenants.

"Known Pre-Existing Hazardous Materials" is defined in Section 21.6.

"Law" or "Laws" means any one or more present and future laws, ordinances, rules, regulations, permits, authorizations, orders and requirements, to the extent applicable to the Parties or to the Premises or any portion thereof, whether or not in the present contemplation of the Parties, including, without limitation, all consents or approvals (including Regulatory Approvals) required to be obtained from, and all rules and regulations of, and all building and zoning laws of, all federal, state, county and municipal governments, the departments, bureaus, agencies or commissions thereof, authorities, boards of officers, any national or local board of fire underwriters, or any other body or bodies exercising similar functions, having or acquiring jurisdiction of, or which may affect or be applicable to, the Premises or any part thereof, including, without limitation, any subsurface area, the use thereof and of the buildings, Horizontal Improvements, and Improvements thereon. "Laws" include the Mitigation and Monitoring Program and the Mission Rock Risk Management Plan.

"Lease" means this lease, as it may be amended from time to time.

"Lease Year" means the one (1) year period commencing as of the Commencement Date and every year thereafter. [Confirm]

"Leasehold" or "Leasehold Estate" means Tenant's leasehold estate created by this Lease.

"Live/Work" as described in Section 4.5(a)(vi).

"Losse" or "Losses" when used with reference to any Indemnity means any and all claims, demands, losses, liabilities, damages (including foreseeable and unforeseeable consequential damages), liens, obligations, interest, injuries, penalties, fines, lawsuits and other proceedings, judgments and awards and costs and expenses, (including, without limitation, reasonable Attorneys' Fees and Costs and consultants' fees and costs) of whatever kind or nature, known or unknown, contingent or otherwise.

"Maintenance Notice" is defined in Section 11.3.

"Major Special Events" means a Special Event of 3 or more days (excluding set up and take down) or an event with 5,000 or more attendants daily.

| "Master Developer" is defined in Recital 1 | 3. |
|--|----|
| "Master Tentative Map" means | |

"Master Utilities Plan" is defined in the DDA.

"Memorandum of Lease" means the Memorandum of this Lease, between Port and Tenant, recorded in the Official Records, in the form of *Exhibit XX* attached hereto.

"Mello-Roos Taxes" means special taxes that the City levies in a City Fiscal Year on Taxable Parcels in the Mission Rock CFD in accordance with the RMA, including delinquent special taxes collected at any time by payment or through foreclosure.

"Minor Special Events" means a Special Event of 1 or 2 days (excluding set up and take down) with fewer than 5,000 attendants daily.

"Mission Rock CFD" is a term used to refer to CFD No. XXXX, if and when formed.

"Mitigation Monitoring and Reporting Program" means the Mitigation Monitoring and Reporting Program that the Port Commission adopted by Resolution No. [____] and attached hereto as *Exhibit XX*.

- "Mortgage" means a mortgage, deed of trust, assignment of rents, fixture filing, security agreement or similar security instrument or assignment of Tenant's leasehold interest under this Lease recorded in the Official Records.
- "Mortgagee" means the holder or holders of a Mortgage and, if the Mortgage is held by or for the benefit of a trustee, agent or representative of one or more financial institutions, the financial institutions on whose behalf the Mortgage is being held. Multiple financial institutions participating in a single financing secured by a single Mortgage shall be deemed a single Mortgagee for purposes of this Lease.
 - "Mortgagor" is defined in Section XX.
 - "Net Awards and Payments" is defined in Section 16.4.
 - "New Hazardous Materials" is defined in Section 21.6.
 - "Notice of Special Tax" is defined in Section 6.2(a).
 - "Notice to Vacate" is defined in Section 1.1(d).
- "Official Records" means, with respect to the recordation of Mortgages and other documents and instruments, the Official Records of the City and County of San Francisco.
 - ["Operations Plan" means XXX]
 - "Outfall Infrastructure" is defined in Section 1.2(a).
 - "Outfall Infrastructure Area" is defined in Section 1.3(a).
 - "Outfall Work" is defined in Section 1.3(a).
 - "Partial Condemnation" is defined in Section 16.3(b).
- "Parking Operations" means all parking on the Premises, including parking in connection with Ballpark Events, Special Events and commuter parking.
 - "Parking Operations Agreement" is defined in Section XX.
- "Parking Operator" means a person who enters into a Parking Operations Agreement with Tenant.
- "Partial Release of Master Lease" as defined in Section 1.1(b)(i)(1) and further depicted in Exhibit XX.
- "Party" means Port or Tenant, as a party to this Lease; "Parties" means both Port and Tenant, as Parties to this Lease.
 - "Percentage Rent" is defined in Exhibit D.
 - "Permitted Encumbrances" is described in Section 1.2(a).
 - "Permitted Title Exceptions" is defined in Section 1.2(a).
 - "Permitted Transfer" means a Transfer to a Permitted Transferee.
- "Permitted Transferee(s)" means any transferee of the Master Developer's interest in the DDA permitted or approved in accordance with the DDA.
 - "Permitted Uses" is defined in Section 4.1.
- "Person" means any individual, partnership, corporation (including, but not limited to, any business trust), limited liability company, joint stock company, trust, unincorporated association, joint venture or any other entity or association, the United States, or a federal, state or political subdivision thereof.

"Personal Property" means all fixtures, furniture, furnishings, equipment, machinery, supplies, software, and other tangible personal property that is incident to the ownership, development or operation of the Horizontal Improvements, Improvements and/or the Premises, whether now or hereafter located in, upon or about the Premises, belonging to Tenant and/or in which Tenant has or may hereafter acquire an ownership interest, together with all present and future attachments, accessions, replacements, substitutions and additions thereto or therefor.

"Pesticide Ordinance" is defined in Section 21.5.

"Phase" means one of the integrated stages of horizontal and vertical development for the Project Site as shown in the Phasing Plan.

"Phase Area" means the Development Parcels and other land in the Project Site that are to be developed in a Phase.

"Phasing Plan" means DDA Exh A4, which shows the order of development of the Phases and the Development Parcels in each Phase Area, subject to revision under DDA art. 3 (Phase Approval).

"Phase Submittal" means Developer's application for Port Commission approval of a proposed Phase under [DDA art. 3 (Phase Approval)].

"Port" means the San Francisco Port Commission.

"Pre-Approved Sublease" is defined in Section 18.2.

"Pre-Existing Hazardous Materials" is defined in Section 21.6.

"Premises" is defined in the Basic Lease Information and Section 1.1.

"Prevailing party" is defined in Section 43.11.

"Primary Permitted Use" is defined in the Basic Lease Information.

"Prime Rate" means the base rate on corporate loans posted by at least 75% of the nation's 30 largest banks, as published by the Wall Street Journal, or if the Wall Street Journal has ceased to publish the Prime Rate, then such other equivalent recognized source.

"Prohibited Use" or "Prohibited Uses" as defined in Section 4.5(a).

"Project" means the [Mission Rock] project as generally described in the Project Approvals.

"Project Approvals" is defined in Recital B.

"Promotional Signage" means signage containing advertising or promotional messages relating to events, subtenants or otherwise relating to the Premises, which signage is intended to be visible primarily to persons on the Premises.

"public work" is defined in Section 13.3(f).

"reasonable wear and tear" is defined in Section 11.1(b).

"Record Drawings" is defined in *Section 13.5(a)*. "Regulatory Agency" means any governmental agency having jurisdiction over the Premises, including, but not limited to, the City, RWQCB, and the Army Corps of Engineers.

"Regulatory Approval" means any authorization, approval or permit required by any Regulatory Agency.

"Related Third Party" is defined in Section 21.6.

"Release" is defined in Section 21.6.

"Remediate" or "Remediation" is defined in Section 21.6.

- "Rent" means the sum of Base Rent (including all adjustments), Variable Rent, and Additional Rent. For purposes of this Lease, Rent includes all unpaid sums that are payable as Rent, but that are unpaid when earned and/or accrue for payment at a later time in accordance with the provisions of this Lease.
- "Restoration" means the restoration, replacement, or rebuilding of the Improvements (or the relevant portion thereof) in accordance with all Laws then applicable. ("Restore" and "Restored" shall have correlative meanings.)
 - "RMA" is an acronym for the Rate and Method of Apportionment.
- "RWQCB" shall mean the San Francisco Bay Regional Water Quality Control Board of Cal/EPA, a state agency.
 - "Security Deposit" is defined in the Basic Lease Information.
- "Site Preparation" means physical work to prepare and secure the Project Site for installation and construction of Horizontal Improvements, such as demolition of existing structures, excavation and removal of contaminated soils, fill, grading, deep dynamic compaction, and construction fencing and other security measures, and temporary Improvements for interim uses before vertical development begins.
- "Special Event" means exhibitions or presentations of sporting events, exhibitions and tournaments, concerts, musical and theatrical performances and other forms of live entertainment, public ceremonies, private and public gatherings, recreation, athletic events, filming, fairs, carnivals, commemorations, market places, shows, fundraising events or other public or private exhibitions and activities related thereto and includes setup/load in and demobilization/load out; parking for Special Events; temporary improvements; installation of tents and structures; administrative and security functions and other amenities and facilities to accommodate such Special Events.
 - "State" shall mean the State of California.
 - "Staging Rent" is defined on Exhibit D.
 - "State" means the State of California.
- "Sublease" means any lease, sublease, license, concession, or other agreement (including, without limitation, a Sublease to Port) by which Tenant leases, subleases, demises, licenses, or otherwise grants to any Person in conformity with the provisions of this Lease, the right to occupy or use any portion of the Premises (whether in common with or to the exclusion of other Persons).
- "Subsequent Construction" means all repairs to and reconstruction, replacement, addition, expansion, Restoration, alteration, or modification of any Improvements, or any construction of additional Improvements. "Subsequent Construction" does not include any Horizontal Improvements.
 - "Substantial Condemnation" is defined in Section 16.3(a).
- "Subtenant" means any Person leasing, using, occupying or having the right to occupy any portion of the Premises under and by virtue of a Sublease.
- "SUD" means Planning Code Section 249.XX establishing the [_____] Special Use District, as it may be amended from time to time.
- "Taxable Parcel" means an assessor's parcel of real property or other real estate interest created by each Phase Final Map that is not an Exempt Parcel, which may include leased space occupied for private use in an Exempt Parcel.
- "Tenant" is identified in the Basic Lease Information, and its permitted successors and assigns.

"Term" is defined in Section 2.

"Total Condemnation" is defined in Section 16.2.

"Transfer" means any of the following events or proposed events, whether voluntary, involuntary, or by operation of Law: (a) Tenant sells, assigns, encumbers, subleases, or otherwise transfers any of its interest in this Lease or in the Premises; (b) any Person other than Tenant occupies or claims a right of possession to any part of the Premises; (c) Tenant dissolves, merges, consolidates, or otherwise reorganizes, or sells, assigns, encumbers, or otherwise transfers cumulatively or in the aggregate 50 percent or more (25 percent or more if publicly traded) of its equity interests or business assets, such as goodwill, inventory, and profits; or (d) any subtenant, assignee, or other Transferee of Tenant sells, assigns, encumbers, subsubleases, or otherwise Transfers any of its interest in its Sublease or premises.

Notwithstanding the foregoing, as used herein, the term "Transfer" does not include (i) Special Events; or (ii) any hypothecation, encumbrance or mortgage of this Lease, or pledge of the ownership interests in Tenant, made in accordance with *Article 37*. [Conform to DDA]

"Vertical DDA" is defined in the DDA.

"Vertical Developer" is defined in the DDA.

"Vertical Improvements" is defined in the DDA.

"Work" is defined in Section 13.4.

"worth at the time of award" is defined in Section 24.4.

EXHIBIT XXXX PROCEDURES FOR SPECIAL EVENTS

To Follow

EXHIBIT D

RENT

3. RENT.

3.1. Covenant to Pay Rent. During the Term, Tenant will pay Rent for the Premises to Port at the times and in the manner provided in this Article 3. If the Commencement Date is other than the first day of the month, or the Expiration Date is other than the last day of the month, the Base Rent for those months shall be apportioned based on a thirty (30) day month.

3.2. Parking Rent.

(a) <u>Base Rent</u>. From and after the Commencement Date and continuing thereafter throughout the Term until the earlier of the opening of the Parcel D2 Garage or the expiration or earlier termination of this Lease, Tenant will pay to Port, in advance on the first day of each calendar quarter during the Term, without further notice or demand and without abatement, offset, rebate, credit or deduction for any reason whatsoever, annual base rent equal to \$2,040,000, as adjusted in accordance with *Section 3.2(b)* (as adjusted from time to time, "Base Rent"). The Base Rent will be paid in quarterly installments, in advance on the first (1st) day of each Quarter. Additionally, ninety percent (90%) of the annual Base Rent will be allocated to the High Season and ten percent (10%) of the annual Base Rent will be allocated to the Low Season. Accordingly, during the first (1st) Lease Year, for the period between April 1—September 30 (the "High Season"), each quarterly installment will equal Nine Hundred Eighteen Thousand Dollars (\$918,000). For the period between October 1—March 31 (the "Low Season"), each quarterly installment will equal One Hundred Two Thousand Dollars (\$102,000). After opening of the Parcel D2 Garage, no Base Rent shall be paid by Tenant, but Tenant shall pay Variable Rent as set forth in this *Exhibit D*.

(b) Adjustment to Base Rent.

(i) Annual Adjustments.

(1) On each Anniversary Date, annual Base Rent payable under this Lease will be adjusted to equal one hundred three percent (103%) of the annual Base Rent in effect immediately prior to the applicable Anniversary Date; provided, however, if the annual Base Rent for each of two (2) consecutive Lease Years is greater than the annual Percentage Rent due Port for each such Lease Year, then annual Base Rent will be adjusted in accordance with Section 3.2(b)(i)(2).

(2) If the annual Base Rent for each of two consecutive Lease Years is greater than the annual Percentage Rent due Port for each such Lease Year, then on the Anniversary Date immediately following the end of such two (2) Lease Year period, annual Base Rent will be adjusted to equal the average of the annual Percentage Rent due Port during the immediately prior two (2) year period.

Immediately following the execution of leases for the Lead Parcels, annual Base Rent will increase by an amount equal to one hundred three percent (103%) of the then current Base Rent payable by Tenant, provided, however for purposes of calculating "then current Base Rent" the initial Base Rent which was payable by Tenant pursuant to Section 3.2(a) will be deemed to be \$2,400,000, rather than \$2,040.00 and will continue to be subject to the annual adjustments described in *Section 3.2(b)(i)*. See Table 3.2. By way of example, if the Lead Parcels closed in Lease Year 3, the annual Base Rent amount used to calculate the appropriate adjustment will be \$2,546,160.

| Lease year | Base Rent | "then current Base Rent" |
|------------|-------------|--------------------------|
| 1 | \$2,040,000 | \$2,400,000 |
| 2 | \$2,101,200 | \$2,472,000 |
| 3 | \$2,164,236 | \$2,546,160 |

(iii) Adjustment after Release of Development Parcels. Immediately following release of a Development Parcel in accordance with Section 1.4, annual Base Rent will multiplied by a fraction, the numerator of which shall be equal to the number of parking spaces which are usable by Tenant on the Premises following the release of the applicable Development Parcel [XXX]

(c) Parking Percentage Rent.

- (i) <u>Before Closing of Lead Parcels</u>. Tenant will pay Port on a quarterly basis, Percentage Rent equal to fifty-six percent (56%) of Gross Revenues from Parking Operations, less Parking Taxes and Extraordinary Expenses paid in such quarter up to the Extraordinary Expense Cap.
- (ii) <u>After Closing of Lead Parcels</u>. Tenant will pay Port on a quarterly basis, Percentage Rent equal to sixty-six percent (66%) of Gross Revenues from Parking Operations, less Parking Taxes and Extraordinary Expenses paid in such quarter up to the Extraordinary Expense Cap.

(d) Extraordinary Expenses.

- (i) <u>Allocation of Extraordinary Expense</u>. The Extraordinary Expense Cap during any Lease Year will be allocated as follows: ninety percent (90%) during the High Season and ten percent (10%) during the Low Season.
- (ii) Deduction of Extraordinary Expense Overage Amount. If, in any given calendar year, there is any Extraordinary Expense Overage Amount and Tenant is paying Variable Rent, rather than Base Rent, Tenant will be permitted to deduct from Tenant's payment of Variable Rent, an amount equal to eighty-seven and one-half percent (87.5%) of the difference between the amount of Variable Rent payable in such calendar year and the 2017 Variable Rent Amount.
- (iii) Documentation. Tenant will substantiate actual Extraordinary Expenses with proof of expenditure, which may include: (i) copies of canceled checks, (ii) copies of executed contracts, (iii) invoices for labor services and/or materials marked "Paid"; or otherwise evidenced as having been paid; bills of lading marked "Paid"; other bills, contracts and receipts for goods, materials and/or services marked "Paid", (iv) and such other proofs of expenditure as may be reasonably approved by Port. Port will have the right to examine and audit Extraordinary Expenses and deductions with reasonable advance notice in accordance with Sections 3.10 and 3.11. All actual Extraordinary Expenses will be documented no later than in the Annual Statement.

3.3. Special Event Rent.

(a) <u>Minimum Special Event Rent</u>. Tenant will pay to Port in advance on a quarterly basis, rent for each Special Event held at the Premises at the rates set forth in <u>Table 3.5</u> ("Minimum Special Event Rent"). Square footage used for parking in connection with a Special Event will not be included in determining the square footage used by such Special Event for

purposes of calculating the Minimum Special Event Rent. Minimum Special Event Rent will be adjusted on an annual basis in accordance with **Section 3.3(b)**.

Table 3.5

| Special Event Category | Rate/square foot |
|------------------------|--|
| Minor Special Events: | (i) \$0.0085 per square foot per day (e.g., the equivalent of \$5,000 per day for the entire Premises) for each day of the event and (ii) \$0.0043 per square foot per day for each day of set up and take down. |
| Major Special Events: | (i) \$0.017 per square foot per day (e.g., the equivalent of \$10,000 per day for the entire Premises) for the first day of the event; (ii) \$0.0128 per square foot (equivalent of \$7,500) per day for the second day of the event; (iii) \$0.0085 per square foot (equivalent of \$5,000) per day for each remaining day of the event; and (iv) fifty percent (50%) of the average daily event fee per day for each set up and take down day. |

- (b) Adjustment of Minimum Special Event Rent. On each Anniversary Date, the Special Event Rent for Minor Special Events and Major Special Events as set forth in Table 3.5 will be adjusted to equal one hundred three percent (103%) of the Special Event Rent in effect immediately prior to such Anniversary Date.
- Vertical Improvement Staging Rent. Any Vertical Staging Areas will be subleased by Tenant to Vertical Developers at fair market rates, as reasonably determined by Tenant; provided, however, with regard to any Subleases with Tenant Affiliates, Tenant will provide Port with documentation supporting its determination that the Sublease rent is at fair market rates. Prior to the opening of the Parcel D2 Garage, (i) to the extent that quarterly Vertical Improvement Staging Rent exceeds, on a prorata square footage basis, the quarterly Base Rent that is payable on such Vertical Staging Area(s), Tenant will pay to Port sixty-six percent (66%) of such excess and (ii) to the extent that quarterly Vertical Improvement Staging Rent is less than, on a prorata square footage basis, the quarterly Base Rent that is payable on such Vertical Staging Area(s), the Base Rent applicable to such Vertical Staging Area(s) shall be reduced to quarterly Vertical Improvement Staging Rent received by Tenant. After the opening of the Parcel D2 Garage, Tenant will pay to Port the Port Parameter Rent on such Vertical Staging Area(s) and, to the extent that quarterly Vertical Improvement Staging Rent exceeds, on a prorata square footage basis, the Port Parameter Rent which would be payable on such Vertical Staging Area(s), Tenant will also pay to Port sixty-six percent (66%) of such excess.
- 3.5. Activation Use Rent. Tenant will have no obligation to pay to Port any rent for the use of the Yard in its location as of the Commencement Date, as depicted on Exhibit XX. If Tenant enters into any Sublease, license, or any other agreement for Activations Uses within a portion of the Premises, Tenant will pay Port, on a quarterly basis, additional rent equal to sixty-six percent (66%) of the quarterly gross lease revenue received by Tenant for such Activation Uses ("Activation Use Rent") less any amounts paid by Subtenant, licensee or other user of Activation Space solely to reimburse Tenant for its operating expenses, taxes and insurance costs; provided however, Tenant shall not be permitted to "net out" any expenses from gross lease revenue which are otherwise included in the calculation of Extraordinary Expenses.
- 3.6. *Promotional Signage Rent*. If Tenant enters into any Sublease, license, or any other agreement for Promotional Signage within a portion of the Premises, Tenant will pay Port

in advance, on a quarterly basis, additional rent equal to fifty percent (50%) of Gross Revenues from Promotional Signage ("Promotional Signage Rent").

3.7. Alternative Return Rent Credits. Tenant shall be entitled to a quarterly credit against Rent calculated in accordance with Section 2.8 of the Financing Plan [define?] (the "Alternative Return Rent Credits")

3.8. Additional Definitions.

"2017 Variable Rent Amount" means [\$______] [parties to agree upon 2017 amount prior to execution]. After conveyance of a Development Parcel, the 2017 Variable Rent Amount shall be reduced, as and when necessary by multiplying the 2017 Variable Rent Amount then in effect by a fraction, the numerator of which shall be equal to the number of parking spaces which are usable by Tenant on the Premises at such time of recalculation and the denominator of which will be [xxx].

"Extraordinary Expenses" means the annual substantiated costs of: (i) security for Event Operations, including payments made under the San Francisco Police Department's 10B program; (ii) operation of an accessibility shuttle from the parking area(s) to the Ballpark for Event Operations; (iii) temporary bathroom facilities, including the cleaning thereof, for Event Operations; (iv) post- Event Operations cleaning of the Premises; (v) labor and uniform costs for parking attendants for Event Operations; (vi) commercial general liability insurance maintained in accordance with [Section 20] which can be equitably attributed to Event Operations; (vii) utilities which can be equitably attributed to Event Operations; (viii) the Department of Transportation fees attributed solely to Event Operations; and (ix) tickets and signage.

"Extraordinary Expense Cap" for calendar year 2018, shall equal [\$______][parties to agree upon cap amount prior to execution], which amount shall be increased in each subsequent calendar year by one hundred three percent (103%). After conveyance of a Development Parcel, the Extraordinary Expense Cap shall be reduced, as and when necessary by multiplying the Extraordinary Expense Cap then in effect by a fraction, the numerator of which shall be equal to the number of parking spaces which are usable by Tenant on the Premises at such time of recalculation and the denominator of which shall be equal to the number of parking spaces which are usable by Tenant on the Premises as of the Commencement Date.

"Extraordinary Expense Overage Amount" means the amount by which Extraordinary Expenses in the Annual Statement (or such other amount due as a result of an audit performed in accordance with Section 3.5) exceed the Extraordinary Expense Cap for the applicable year.

"Gross Revenues" means all sales, payments, revenues, income, fees, rentals, receipts, proceeds and amounts of any kind whatsoever, whether for cash, credit or barter, received or receivable by Tenant or any other party from any parking activity, parking revenues, sales of parking tickets, entry fees, and services related to Parking Operations or from Promotional Signage, or any combination thereof, transacted, arranged or performed, in whole or in part, on the Premises, including without limitation, all returns and refunds, discounted services or similar benefits and/or goodwill. Except as specified herein, Gross Revenues shall be determined without reserve or deduction for failure or inability to collect and without deduction or allowance for cost of goods sold or other costs, charges or expenses of purchasing or selling incurred by Tenant. No value added tax, no franchise or capital stock tax and no income, gross receipts or similar tax based upon income, profits or gross receipts as such shall be excluded or deducted from Gross Revenues.

"Parcel D2 Garage" means that certain parking structure to be constructed on Parcel D2.

"Parking Taxes" means all sums collected by Tenant to pay any parking tax required by Article 9 of the Business and Tax Regulations Code, to the extent such amounts are in fact paid to the appropriate governmental entities for which they are collected.

"Port Parameter Rent" means the then approved Port rental rate for paved land in the central waterfront area.

"Variable Rent" means Percentage Rent, Special Event Rent, Vertical Improvement Staging Rent and Activation Area Rent and Promotional Signage Rent and any other rent generated from or on the Premises.

"Vertical Staging Areas" means those portions of the Premises which are subleased by Tenant to Vertical Developers for the construction of the Vertical Improvements.

"Yard Area" means the pop-up village consisting of repurposed shipping containers located on a portion of the Premises.

3.9. Reporting of Variable Rent.

- (a) Tenant will deliver to Port a complete statement setting forth in reasonable detail the computation of Variable Rent for each calendar month in each calendar quarter, including an itemized list of all adjustments and deductions relating to the calculation of Variable Rent (the "Quarterly Variable Rent Statement") by the twentieth (20th) day of the immediately following calendar quarter, which shall be accompanied by all Variable Rent due for such calendar quarter. A financial officer or other accountant employed by Tenant who is authorized and competent to prepare such Quarterly Variable Rent Statement must certify each Quarterly Variable Rent Statement as accurate, complete and current.
- (b) Tenant will provide Port within sixty (60) days after the expiration of each Lease Year, a complete statement, showing the computation of the Variable Rent for the immediately preceding Lease Year ("Annual Statement;" together with the Quarterly Variable Rent Statement, "Variable Rent Statement") substantially in the form of Exhibit XX. Each Annual Statement will be certified as accurate, complete and current by Deloitte & Touche, Ernst & Young, KPMG, PwC, or an independent certified public accounting firm reasonably acceptable to Port. Tenant must submit payment of the balance owing together with any Annual Statement showing that Tenant has underpaid Base Rent or Variable Rent. At Port's option, overpayments may be refunded to Tenant, applied to any other amount then due under the Lease and unpaid, or applied to Rent due at the first opportunity following Tenant's delivery of any Annual Statement showing an overpayment.
- (c) The Annual Statement is for verification and certification of Quarterly Variable Rent Statements and Extraordinary Expenses only and will not result in any averaging of quarterly Base Rent or Variable Rent. Each Quarterly Statement and Annual Statement will set forth in reasonable detail Gross Revenues for such immediately preceding calendar quarterly or Lease Year, as applicable, including an itemized list of any and all deductions or exclusions from Gross Revenues that Tenant may claim at that time and which are expressly permitted under this Lease, and a computation of the Variable Rent for the immediately preceding calendar quarterly or Lease Year, as applicable.
- (d) If Port receives the Variable Rent payment but does not receive the applicable Quarterly Variable Rent Statement by the twentieth (20th) day of the immediately following calendar quarter, such failure, until cured, will be treated as a late payment of Variable Rent, subject to a Late Charge.
- (e) If Tenant fails to deliver any Quarterly Variable Rent Statement within the time period set forth in this Section 3.3 (irrespective of whether any Variable Rent is actually paid or payable by Tenant to Port) and such failure continues for thirty (30) days after the date Port delivers to Tenant written notice of such failure, Port will have the right, among its other remedies under this Lease, to have a Port Representative examine Tenant's Books and Records

(and, to the extent permitted by the applicable Sublease, the Books and Records of any other occupant or user of the Premises) as may be necessary to determine the amount of Variable Rent due to Port for the period in question. The determination made by Port Representative will be binding upon Tenant, absent manifest error, and Tenant will promptly pay to Port the total cost of the examination, together with the full amount of Variable Rent due and payable for the period in question, including any Late Charge and interest at the Default Rate.

- (f) In the event this Lease expires or terminates on a day other than the last day of a calendar quarter, Variable Rent for such fractional part of the calendar quarter preceding such expiration or termination date will be prorated to account for the partial calendar quarter and paid within twenty (20) days after such expiration or termination date, but if this Lease terminates as a result of a Tenant Event of Default, any amounts due hereunder will be payable immediately upon termination.
- 3.10. Books and Records. Tenant will keep, and will cause its Subtenants to keep, books and records according to generally accepted accounting principles consistently applied or such other method as is reasonably acceptable to Port. "Books and Records" means all of Tenant's books, records, and accounting reports or statements relating to this Lease and the operation and maintenance of the Premises, including, without limitation, cash journals, rent rolls, general ledgers, income statements, bank statements, income tax schedules relating to the Property, and any other bookkeeping documents Tenant utilizes in its business operations for the Premises. Tenant will maintain a separate set of accounts, including bank accounts, to allow a determination of expenses incurred and revenues generated directly from the Premises. If Tenant operates or Subleases all or any portion of the Premises through (or to) a Subtenant or Agent (other than Port), Tenant will cause such Subtenant or Agent to adhere to the foregoing requirements regarding books, records, accounting principles and the like.
- 3.11. Audit. Tenant agrees to make its Books and Records (and the Books and Records of any other person relating to the calculation of Variable Rent) available in the City and County of San Francisco to Port, or to any accountant employed or retained by Port or the City who is competent to examine and audit the Books and Records (hereinafter collectively referred to as "Port Representative"), for the purpose of examining said Books and Records to determine the accuracy of Tenant's reporting of Gross Revenues and Variable Rent, for a period of five (5) years after the applicable Annual Variable Rent Statement was delivered to Port. Tenant will reasonably cooperate with Port Representative during the course of any audit; provided however, once commenced, such audit will be diligently pursued to completion by Port within a reasonable time after its commencement. If an audit has commenced and Port claims that errors or omissions have occurred, Tenant will retain the Books and Records and make them available until those matters are resolved.

If an audit reveals that Tenant has understated its Gross Revenues or Variable Rent for said audit period, Tenant will pay Port, within fifteen (15) days after receipt of such audit results, the difference between the amount Tenant has paid and the amount it should have paid to Port, plus interest at the Default Rate. If Tenant understates its Gross Revenues for any audit period by five percent (5%) or more of Tenant's understated amount, Tenant will pay Port's cost of the audit. Any overpayments revealed by an audit will be credited towards Rent payments due subsequent to the audit until credited in full.

3.12. Manner of Payment. Tenant will pay all Rent to Port in lawful money of the United States of America at the address for notices to Port specified in this Lease, or to such other Person or at such other place as Port may from time to time designate by notice to Tenant. Variable Rent is payable without prior notice or demand. Rent is due and payable at the times provided in this Lease, provided that if no date for payment is otherwise specified, or if payment is stated to be due "upon demand," "promptly following notice," "upon receipt of invoice," or the like, then such Additional Rent is due thirty (30) days following the giving by Port and the

receipt by Tenant of such demand, notice, invoice or the like to Tenant specifying that such sum is presently due and payable.

- 3.13. Interest on Delinquent Rent. Rent not paid when due (or in the case of Variable Rent, if not reported when due or applied when due) will bear interest from the date due until paid (or, for Variable Rent, when reported or when applied) at an annual interest rate equal to the greater of (i) ten percent (10%) or (ii) five percent (5%) in excess of the Prime Rate that is in effect as of the date payment is due (the "Default Rate"). However, interest will not be payable on Late Charges incurred by Tenant or to the extent such payment would violate any applicable usury or similar law. Payment of interest will not excuse or cure any default by Tenant.
- **3.14.** Late Charge. Tenant acknowledges and agrees that late payment by Tenant to Port of Rent, or Tenant's failure to provide the Variable Rent Statement to Port, will cause Port increased costs not contemplated by this Lease. The exact amount of such costs is extremely difficult to ascertain. Such costs include processing and accounting charges. Accordingly, without limiting any of Port's rights or remedies hereunder and regardless of whether such late payment results in a Tenant Event of Default, Tenant will pay a late charge (the "Late Charge") equal to the higher of (a) five percent (5%) of all Rent or any portion thereof which remains unpaid more than five (5) days following the date it is due (or with respect to a failure by Tenant to deliver the Variable Rent Statement to Port within five (5) days following the date it is due, five percent (5%) of Variable Rent due for the subject period of the Variable Rent Statement), or (b) [Note: Increase following amount by \$500 every 5 years after execution of the DDA]: One Thousand Dollars (\$1,000)], which amount will be increased by an additional One Thousand Dollars (\$1,000) on the tenth (10th) anniversary of the Commencement Date and every ten (10) years thereafter; provided, however, Tenant will not be subject to a Late Charge more than once every calendar year if Tenant pays the unpaid Rent or delivers the Variable Rent Statement to Port, as applicable, within five (5) days of written notice from Port of such failure. The Parties agree that the Late Charge represents a fair and reasonable estimate of the cost that Port will incur by reason of a late payment by Tenant.
- 3.15. No Abatement or Setoff. Tenant will pay all Rent at the times and in the manner provided in this Lease without any abatement, setoff, credit (other than the Alternative Return Rent Credits), deduction, or counterclaim.
- 3.16. Net Lease. It is the purpose of this Lease and intent of Port and Tenant that all Rent is absolutely net to Port, so that this Lease yields to Port the full amount of Rent at all times during the Term, without deduction, abatement or offset. Under no circumstances, whether now existing or hereafter arising, and whether or not beyond the present contemplation of the Parties is Port expected or required to incur any expense or make any payment of any kind with respect to this Lease or Tenant's use or occupancy of the Premises. Without limiting the foregoing, Tenant is solely responsible for paying each item of cost or expense of every kind and nature whatsoever, the payment of which Port would otherwise be or become liable by reason of Port's estate or interests in the Premises, any rights or interests of Port in or under this Lease, or the ownership, leasing, operation, management, maintenance, repair, rebuilding, remodeling, use or occupancy of the Premises, or any portion thereof. No occurrence or situation arising during the Term, or any Law, whether foreseen or unforeseen, and however extraordinary, relieves Tenant from its liability to pay all of the sums required by any of the provisions of this Lease, or otherwise relieves Tenant from any of its obligations under this Lease, or except as set forth in this Lease, gives Tenant any right to terminate this Lease in whole or in part. Tenant waives any rights now or hereafter conferred upon it by any Law to terminate this Lease or to receive any abatement, diminution, reduction or suspension of payment of such sums, on account of any such occurrence or situation, provided that such waiver will not affect or impair any right or remedy expressly provided Tenant under this Lease.

3.17. Survival. Tenant's obligation to pay any unpaid Rent due and payable (and Port's obligation to repay any overpayments) will survive the expiration or earlier termination of this Lease.

FINANCING PLAN

This **FINANCING PLAN** implements and is attached as *DDA Exh C1* to and incorporated into the Disposition and Development Agreement (the "**DDA**") between the City and County of San Francisco (including its agencies and departments, the "**City**"), acting by and through the San Francisco Port Commission (the "**Port**" or the "**Port Commission**"), and Seawall Lot 337 Associates, LLC ("**Developer**") (each, a "**Party**").

The **Appendix** is an integral part of and is applicable to this Financing Plan and all other Transaction Documents. Refer to the **Appendix** for standard provisions and rules of interpretation (App Part A) and a glossary of defined terms used in the principal documents (App Part B).

1. FINANCING OVERVIEW

1.1. Financing Plan Term.

- (a) <u>Effective Date</u>. This Financing Plan is a part of the DDA and becomes effective on the Reference Date.
- (b) <u>Termination Date</u>. Because certain financial obligations and rights will continue after the Horizontal Improvements are finally complete, the Parties have agreed that this Financing Plan, the Acquisition Agreement in the form of **FP Exhibit A**, and the Participation Agreement in **FP Exhibit E** will have independent termination dates as follows.
 - (i) Except for the Participation Agreement, this Financing Plan will terminate after both of the following have occurred.
 - (1) The Port has accepted the Final Audit.
 - (2) Developer has been paid any amounts due under clause (ii) or clause (iii) of Subsection 2.4(c) (Developer Return) and Subsection 3.3(c) (After Final Completion).
 - (ii) The Acquisition Agreement will terminate when all Payment Requests have been satisfied or all Project Payment Sources have been exhausted.
 - (iii) The Participation Agreement will terminate after the final distribution of Annual Participation Revenue is made.
- 1.2. Funding Goals. This Financing Plan establishes the contractual framework for financing horizontal development of the Project in accordance with the DDA and achieving the following Funding Goals.
 - Construct Horizontal Improvements at the Project Site, coordinating to the extent practicable with vertical development to minimize carrying costs of horizontal development.
 - Use Public Financing Sources from the Project Site to leverage other sources, reduce Project Risk by enhancing the Port's ability to satisfy the Project Payment Obligation, and increase Port participation in capital events and other benefits to the Parties, Vertical Developers, and the public.
 - Provide Developer with a market-rate Developer Return on its use of Developer Capital for Horizontal Development Costs as illustrated by the sample calculations in **FP Schedule 4**.
 - Provide the Port with Fair Market Value for Development Parcels at SWL 337 in compliance with SB 815.

- Repay the Port's investment in infrastructure with interest in compliance with AB 2797.
- Use Project-generated Impact Fees to assist Developer in meeting the affordable housing goals for the Project in the Housing Plan.
- Use tax-exempt debt to the extent reasonably feasible, consistent with this Financing Plan and Governing Law and Policy.
- Protect the Parties' investments in Horizontal Improvements by providing a funding source for Ongoing Maintenance Costs.
- Provide a mechanism for San Francisco to adapt to rising sea levels and protect its land, residents, and businesses by financing Shoreline Protection Facilities and other Port capital needs after full Project build-out.
- Implement sound and prudent municipal fiscal policies that protect the City General Fund, the Port Harbor Fund, and the City's and the Port's respective financial standings and fiduciary obligations, while operating within the constraints of this Financing Plan and Governing Law and Policy.

1.3. Financing Districts.

- (a) <u>IFD Project Area I.</u> As part of the Project Approvals, the Board of Supervisors established Project Area I and Sub-Project Areas I-1 through I-13 of the IFD and approved Appendix I to the IFD Financing Plan for the IFD, as described in more detail in **Article 6** (Tax Increment).
- (b) <u>Mission Rock CFD</u>. The Port has agreed to seek legislation to form the Mission Rock CFD over the Project Site on terms described in more detail in **Article 4** (Mello-Roos Taxes).

1.4. Summary Proforma.

- (a) <u>Contents</u>. The Summary Proforma (**FP Schedule 1**) contains the following key projections and estimates for each Phase and for the Project as a whole:
 - (i) Entitlement Sum on the Reference Date:
 - (ii) Developer's line item estimates of Entitlement Costs, Site Preparation costs, and other Horizontal Development Costs by category and Phase:
 - (iii) application of Developer Capital and each other anticipated source, including Public Financing Sources, DRP Advances, and Port Capital Advances, if any, to Horizontal Development Costs by category;
 - (iv) accrual of Developer Return;
 - (v) accrual of Interest on DRP Advances and Return on Port Capital;
 - (vi) Fair Market Value and Parcel DRP of each Option Parcel;
 - (vii) development costs for Vertical Improvements, including the Parcel D2 Garage;
 - (viii) projected levy and allocation of Mello-Roos Taxes;
 - (ix) projected growth and allocation of Tax Increment; and
 - (x) bonding capacity by Phase.
- (b) <u>Assumptions</u>. The Proforma incorporates certain assumptions that provide the basis for this Financing Plan. Key assumptions include the following.

- (i) Development Parcels will be developed as entitled for parking, residential, and commercial-office uses at densities described in the Land Use Plan and Design Controls.
- (ii) The Entitlement Sum will be paid by early Project Payment Sources expected to consist of a combination of Early Mello-Roos Bond Proceeds and DRP Advances from Prepaid Leases for the Lead Parcels.
- (iii) The Port will convey each Option Parcel by a Parcel Lease in the form of DDA Exh D2 under procedures described in DDA art. 7 (Parcel Leases).
- (iv) Developer will exercise its Option for all Option Parcels through Vertical Developer Affiliates, which will pay ground rent on terms described in the DDA and Parcel Leases.
- (v) The Port will convey all four Phase 1 Option Parcels by Prepaid Leases.
- (vi) The City will issue Mello-Roos Bonds on behalf of the Mission Rock CFD for each Phase.
- (vii) Available Project Payment Sources will be used as specified in this Financing Plan to pay the Parties' Capital Costs or to pay Developer pass-throughs.
- (viii) The Port will use Services Special Taxes to meet the Ongoing Maintenance Costs of Maintained Facilities.
- (c) <u>Future Events</u>. Both Parties acknowledge that the Proforma contains the Parties' projections based on assumptions and is attached as **Schedule 1** for illustrative purposes only, and future events that do not conform to Proforma assumptions will not:
 - (i) provide either Party with a unilateral right to amend or terminate this Financing Plan or any Financing Document;
 - (ii) excuse a Party's performance of any obligation that is due; or
 - (iii) authorize a Party to take any other action that is not authorized by the Transaction Documents.
- 1.5. Project Sources. This Financing Plan describes the Parties' agreement as to the principal Project Payment Sources to reimburse Developer for its Horizontal Development Costs, pay Developer Return, and pay Developer pass-throughs. Project Payment Sources are expected, but not guaranteed, to be sufficient in the aggregate to satisfy the Project Payment Obligation in full. The Parties' underlying agreements on sources and uses are described briefly below.

(a) Mello-Roos Bond Proceeds.

- (i) Mello-Roos Bonds issued under **Article 5** (Mello-Roos Bonds) will be the Port's preferred public financing mechanism for a significant portion of Horizontal Development Costs.
- (ii) Governing Law and Policy will prevail over any conflict with this Financing Plan or any other part of the DDA relating to Mello-Roos Bond Proceeds except to the extent that the Board of Supervisors waives any provision of the CFD Goals.

(b) DRP Advances and Port Capital Advances.

- (i) DRP Advances will be a significant Project Payment Source.
- (ii) Subject to limitations in this Financing Plan and in the Phase Budget process under DDA § 3.6 (Phase Budget Review and Approval), the Port

will have the right to use budgeted Port Capital Advances to satisfy any outstanding Developer Balance or to pay Developer pass-throughs.

(c) <u>Developer Capital.</u>

- (i) Developer will use Developer Capital to pay for Site Preparation, Utility Infrastructure, Public Space, Public ROWs, Shoreline Improvements, and other Horizontal Development Costs.
- (ii) Developer will own all Horizontal Improvements until the Acquiring Agencies acquire them in accordance with the DDA, the ICA, this Financing Plan, the Acquisition Agreement, and applicable laws. Payments to Developer under the Acquisition Agreement are expected, but not guaranteed, to fully reimburse Developer and pay Developer Return.

(d) <u>Mello-Roos Taxes</u>.

- (i) Mello-Roos Taxes from the Mission Rock CFD will be used for Horizontal Development Costs as described in Article 4 (Mello-Roos Taxes).
- (ii) Governing Law and Policy will prevail over any conflict with this Financing Plan or any other part of the DDA relating to Mello-Roos Taxes except to the extent that the Board of Supervisors waives any provision of the CFD Goals.

(e) <u>Tax Increment</u>.

- (i) Allocated Tax Increment from Project Area I will be used for Horizontal Development Costs as described in **Article 6** (Tax Increment).
- (ii) Governing Law and Policy will prevail over any conflict with this Financing Plan or the DDA relating to Tax Increment.
- (f) Port FY Budget. The Port Commission's approval of a Phase Budget or any amendment to a Phase Budget will obligate the Port to submit a Port FY Budget consistent with the approved Phase Budget for the next and each succeeding City Fiscal Year during which the Parties expect to use Public Financing Sources, DRP Advances, or Port Capital Advances to satisfy any part of the Project Payment Obligation.

1.6. Other Sources.

- (a) <u>Cooperation</u>. The City, the Port, and Developer will cooperate to identify other sources and incentives that might be available for Horizontal Improvements and Vertical Improvements at the Project Site, such as incentives for historic rehabilitation, brownfield remediation, transit-oriented development, and sustainable development.
- (b) <u>Conditions to Other Sources</u>. A Party may object to using any source that is not identified in this Financing Plan as a Project Payment Source for Horizontal Development Costs if funding is subject to conditions that the Parties reasonably conclude would have substantially negative impacts on the Funding Goals, the Phasing Plan, and the Schedule of Performance.
- 1.7. Limitation on Sources. Developer acknowledges that none of the following is a Project Payment Source under this Financing Plan:
 - (a) <u>City General Fund;</u>
 - (b) Port Harbor Fund other than: (i) Port Capital or other Port assets that the Port commits to use in its sole discretion; and (ii) Development Rights Payments;
 - (c) Mello-Roos Taxes from outside of the Mission Rock CFD; or
 - (d) <u>Tax Increment</u> from outside of Project Area I.

1.8. Developer Participation.

- (a) Additional Return. As an incentive for Developer to implement the Project and maintain ongoing operations in a manner that will maximize revenues to the Port, Developer will receive an additional element of return on its investment in the Project. The Port will pay Developer a share of the Participation Revenue from the Project as set forth in the Participation Agreement attached as **FP Exhibit D**, which will survive the termination of this Financing Plan as specified in **clause (iii)** of **Subsection 1.1(b)** (Termination Date).
- (b) <u>Separate Agreement by Request</u>. At the request of either Party, the Parties enter into a separate Participation Agreement containing the provisions of **FP Exhibit D**. The fully executed separate Participation Agreement will supersede **FP Exhibit D**, which will have no further effect.
- 1.9. Certain Vertical Transfers. Under VDDA § 19.1 (Before Close of Escrow), Net Transfer Proceeds will be deposited into the DRP Fund and for use as a Project Payment Source.

2. FLOW OF FUNDS

- 2.1. Port Payments. References in any Transaction Document to Port payments or disbursements will mean any of the following funds of the Port, the Mission Rock CFD, or the IFD that are applied to satisfy the Project Payment Obligation or to pay Developer pass-throughs.
 - (a) <u>Port Capital Advances</u> are Port revenues that the Port loans to the Mission Rock CFD for Horizontal Development Costs, which the Port may disburse on its own account.
 - (b) <u>DRP Advances</u> are prepaid ground rent under Parcel Leases that the Port loans to the Mission Rock CFD for Horizontal Development Costs, which the Escrow Agent will disburse from Escrow or the Special Fund Trustee will disburse from the DRP Fund.
 - (c) <u>Mello-Roos Taxes</u> are Facilities Special Taxes that the Special Fund Trustee will disburse from the Special Tax Fund.
 - (d) <u>Allocated Tax Increment</u> is the portion of ad valorem property taxes, including possessory interest taxes, allocated to the IFD, which the Special Fund Trustee will disburse from the Tax Increment Fund.
 - (e) <u>Mello-Roos Bond Proceeds</u> (or proceeds of other Bonds) are the net proceeds available for an Indenture Trustee to disburse from the Mello-Roos Improvement Fund under an Indenture.
- **2.2.** Payment Process. The Acquisition Agreement will govern procedures for payments to Developer or third parties on account of the Developer Balance.
 - (a) <u>Disbursements from Escrow</u>. Whenever an approved Payment Request authorizes the Escrow Agent to make a DRP Advance, the CFD Agent will provide confirmation to the Port of the actual application of funds for the Port's entry on the allonge to the Promissory Note in the form of **FP Exhibit B**. The Port will record the application of funds to Horizontal Development Costs, Allowed Return, and Additional Return on the allonge to the Promissory Note.
 - (b) <u>Disbursements from Special Fund Trust Account</u>. The Port, in its proprietary capacity and as CFD Agent and IFD Agent, will enter into a Special Fund Administration Agreement with the Special Fund Trustee for the administration of segregated accounts described in **Article 3** (Development Rights Payments), **Article 4** (Mello-Roos Taxes), and **Article 6** (Tax Increment). **FP Schedule 3** lists the anticipated

accounts and subaccounts in the Special Fund Trust Account, without prejudice to the Port's right to add additional accounts to facilitate implementation of this Financing Plan. The agreement will provide for the Special Fund Trustee to accept, hold, and disburse funds as directed in signed Payment Requests and to record all account activities.

- (c) <u>Disbursement of Bond Proceeds</u>. Each Indenture will provide for the Indenture Trustee to make disbursements of Bond proceeds in accordance with signed Payment Requests and to record all activities the Indenture Trustee takes with respect to the funds.
- (d) <u>Calculation of Interest</u>. Whenever an interest rate applies to a Capital Cost to be repaid under this Financing Plan, interest will accrue daily on the basis of a 365-day year, compounded quarterly, on the outstanding balance of the cost to be repaid.

2.3. Entitlement Costs.

(a) Preliminary Entitlement Cost Statement.

- (i) Before the Reference Date, Developer spent Developer Capital on Entitlement Costs. Developer Return on Developer's Entitlement Costs began to accrue on the later of January 1, 2012, or the date on which Developer incurred the costs. Developer's Preliminary Entitlement Cost Statement is attached as **FP Schedule 2**, showing Developer's line item breakdown of Entitlement Costs and accrued Developer Return for the period ending about 90 days before the Reference Date and estimates up to the Reference Date.
- (ii) Developer has agreed to provide its final Entitlement Cost Statement reflecting the Entitlement Sum within 90 days after receiving the Port's statements for costs payable to the Port under the ENA.

(b) Project Payment Sources for Entitlement Sum.

- (i) After the Entitlement Sum is determined, the Port will instruct the Escrow Agent, the Special Fund Trustee, and the Indenture Trustee, as applicable, to disburse Project Payment Sources to Developer as they become available to pay the Entitlement Sum.
- (ii) The Parties expect the Entitlement Sum to be paid in full by the Port's DRP Advances of Parcel DRPs under Prepaid Leases for the Lead Parcels as described in **Section 3.4** (Lead Parcels).

2.4. Horizontal Development.

- (a) Phase Budget. Under DDA § 3.3 (Phase Budget) and DDA § 3.5 (Phase Budget Review Process), each Phase Budget and each modification of a Phase Budget will specify the Parties' collective best estimates, as updated, of:
 - (i) the Horizontal Development Costs of Phase Improvements, which will be refined by information in Phase Quarterly Reports and Acquisition Price Updates; and
 - (ii) the amounts and timing of DRP Advances, Developer Capital, Port Capital Advances, and Public Financing Sources to be used to pay Horizontal Development Costs and reimburse the Parties for costs incurred and accrued return.

(b) <u>Developer Capital.</u>

(i) Developer will account for its use of Developer Capital in its Developer Quarterly Reports by Phase, which will update Developer's Horizontal Development Costs, and provide prior notice when Developer expects Horizontal Development Costs to reach or exceed the Phase Budget for any Current Phase.

- (ii) Developer must record its use of Developer Capital for Horizontal Development Costs on the Developer Capital Schedule by Phase, which must be updated and attached to each Developer Quarterly Report. Developer must record promptly on the Developer Capital Schedule, on the date received, each receipt of funds from a Project Payment Source applied to the Developer Balance.
- (iii) Each Developer Quarterly Report will specify the Peak Developer Equity for each Phase to date.
- (iv) The Parties are allocating Horizontal Development Costs between those eligible for reimbursement from Public Financing Sources and those that must be paid from other sources. Developer acknowledges that the City's bond counsel will make the final determination as to costs eligible to be paid from Public Financing Sources.

(c) <u>Developer Return.</u>

- (i) Developer will indicate in the appropriate Phase Quarterly Report when Developer believes that its Capital Costs will reach Peak Developer Equity. The Parties will use this information to determine whether to adjust the Phase Budget for projected Minimum Phase Return.
- (ii) Each Phase Audit will state the amount of Developer Return that Developer received through the end of the reporting period for the Phase. If any Phase Audit indicates that the Developer Return paid to Developer is less than the Minimum Phase Return, the Port will pay the difference, without additional Developer Return, from available Project Payment Sources with priority over the Horizontal Development Costs of any Later Phase.
- (iii) The Final Audit will state the aggregate amount of Developer Return that Developer received through the end of the reporting period for the Project. If the Final Audit indicates that the Developer Return paid to Developer is less than \$40.5 million, the Port will pay the difference, without additional Developer Return, from available Project Payment Sources with priority over any other authorized uses.
- (d) <u>Priorities for Payment</u>. The Port will provide instructions for DRP Advances and Public Financing Sources from each Current Phase to be disbursed as funds become available in accordance with the following priorities.
 - (i) Payment of the Entitlement Sum will be the first priority for application of all Project Payment Sources. The Entitlement Sum will be paid before the Horizontal Development Costs of Phase 1.
 - (ii) Payments to reimburse each Party's Capital Costs will be applied to balances bearing Developer Return or Return on Port Capital, as applicable, before being applied to balances bearing Alternative Return.
 - (iii) Payment Requests will have priority in the order approved, subject, as applicable, to the Interest Cost Limitation and other priorities specified in this Financing Plan.
 - (iv) Horizontal Development Costs of a Current Phase will be paid before Horizontal Development Costs of a Later Phase.
 - (v) An Advance of Port Capital may be used to pay the pre-existing Developer Balance.

- (vi) After the Port makes a Port Capital Advance, Project Payment Sources will be applied to the Developer Balance and the Port Balance by pro rata payments as described in **Subsection 2.4(e)** (Pro Rata Payment).
- (vii) To the extent that a Developer Balance and a Port Balance are not satisfied by Project Payment Sources available during a Current Phase, the priorities for paying each Party's balance will be preserved by the previously Approved Payment Request.
- (viii) After the Project Payment Obligation is satisfied in full, the Mission Rock CFD (and the IFD, subject to the Interest Cost Limitation, and to the extent payable under the pledge of Tax Increment to debt of the Mission Rock CFD) will make payments on the Promissory Note until fully paid as described in Subsection 7.2(b) (Promissory Note).

(e) Pro Rata Payment.

- (i) After the Port has paid Developer the Entitlement Sum, this Subsection will apply whenever the Project Payment Obligation includes a Developer Balance and a Port Balance. The Port must use DRP Advances and Public Financing Sources from each Current Phase as funds become available to pay the Developer Balance and the Port Balance pro rata.
- (ii) In applying this Subsection, components of the Project Payment Obligation will be paid in the following order: (1) Additional Return; (2) Allowed Return; and (3) Developer Capital and Port Capital.
- (iii) To the extent that the Project Payment Obligation for a Phase is not satisfied by Project Payment Sources available during a Current Phase, each Party's outstanding balance will be carried over and added to the Developer Balance and the Port Balance for the succeeding Later Phase.

2.5. Deferred Infrastructure.

(a) <u>Contractual Obligation</u>. Consistent with each Phase Approval, the Port will enter into Vertical DDAs obligating Vertical Developers to construct Deferred Infrastructure in coordination with vertical development.

(b) Treatment of Costs.

- (i) The Appraisal Instructions will specify a preliminary budget, including contingency, for the Vertical Developer's cost to construct the Deferred Infrastructure based on third-party estimates. The amount of the preliminary budget will be deemed to be a DRP Advance, which the Port will record on the allonge to the Promissory Note as a disbursement made on the Closing Date of the Option Parcel.
- (ii) The Vertical Developer will be required to provide evidence of its actual costs to build the Deferred Infrastructure to the Port. The Port will revise its entries on the allonge to the Promissory Note accordingly, dating them back to the Closing Date.
- (c) <u>Alternative Treatment of Costs</u>. Through the Phase Budget process, Developer may propose to reimburse any Vertical Developer obligated to construct Deferred Infrastructure in the Current Phase as a Horizontal Development Cost subject to reimbursement with Developer Return. In that case, the Port Commission's approval of the Phase Budget will include its decision to accept or reject Developer's proposal.

2.6. Phase 1 Cost Containment.

- (a) <u>Notice</u>. Developer will provide notice to the Port promptly after Developer becomes aware that actual Horizontal Development Costs of Phase Improvements for Phase 1 are likely to exceed the line item amount and line item contingency approved in the Phase 1 Budget. In addition, Developer will provide updated cost information in its next Phase Quarterly Report.
- (b) <u>Negotiation Period</u>. Subject to extension by agreement, the Parties will meet and confer for the 30-day period beginning on the day after Developer delivers the notice. The purpose of the negotiations will be to:
 - (i) identify steps consistent with obligations under the Transaction Documents that could be taken to reduce the potential Phase 1 Overage and stay within the budgeted amounts; and
 - (ii) if necessary, discuss whether and when to initiate plans to revise the Phase Budget to pay for the Phase 1 Overage.
- (c) <u>Port Election</u>. If the Parties are unable to identify measures to eliminate the Phase 1 Overage or to agree on measures that could be taken, the Port its sole discretion may elect one of the following measures to fund the Phase 1 Overage on 60 days' prior notice to Developer, subject to Port Commission approval of a revised Phase Budget if necessary.
 - (i) The Port may elect to fund the Phase 1 Overage by a Port Capital Advance, which will bear Alternative Return.
 - (ii) The Port may elect to require that the Developer fund the Phase 1 Overage with Developer Capital. Up to \$10 million of Developer Capital used for the Phase 1 Overage will bear Alternative Return. Developer Capital above \$10 million used to pay the Phase 1 Overage will bear Developer Return.
 - (iii) The Port may elect to fund part of the Phase 1 Overage and require Developer to fund the balance, subject to the limitations of **clause** (ii) of this Subsection.

2.7. Jobs/Housing Equivalency Fee.

- (a) Minimum Fees. As indicated in DA § 5.4(b)(ii) (Jobs/Housing Equivalency Fee), Developer's Phase Submittal will include an estimate of the Jobs/Housing Equivalency Fee payable for each Development Parcel. When each Development Parcel is developed, the Vertical Developer will be required to pay the greater of:
 - (i) the minimum Jobs/Housing Equivalency Fee established under this Section, subject to adjustment as provided in DA § 5.4(b)(ii) (Jobs/Housing Equivalency Fee); and
 - (ii) the amount of the Jobs/Housing Equivalency Fee, as adjusted under $DA \$ 5.4(b)(ii) (Jobs/Housing Equivalency Fee), that would otherwise be due for the actual uses for which the Development Parcel is built.
- (b) <u>Calculation of Minimum Fee</u>. The Parties have agreed to the following procedures to establish the initial minimum Jobs/Housing Equivalency Fee payable for those parcels, even if the use of the designated parcels later changes. The amount of the minimum fees will be subject to adjustment under $DA \S 5.4(b)(ii)$ (Jobs/Housing Equivalency Fee).
 - (i) Minimum Jobs/Housing Equivalency Fees for each Development Parcel will be based on:

- (1) the projected square footage of each use in Vertical Improvements assumed in the Summary Proforma attached to the Financing Plan on the Reference Date; and
- (2) the anticipated principal use of the parcel on the Reference Date, as reflected in $DDA \$ 1.5 (Land Use Table).
- (ii) For parcels anticipated to be developed for commercial-office use in the Land Use Table, the minimum fee is based on the assumed square footage of office use in the Summary Proforma. For parcels anticipated to be developed for residential use in the Land Use Table, the minimum fee is based on the assumed square footage of nonresidential use in the Summary Proforma.
- (iii) For Flex Parcels, the minimum fee is shown in the alternative, based on assumed square footage of residential, office, or other uses. For example, the minimum Jobs/Housing Equivalency Fee for a Flex Parcel if it is not developed as a Residential Project will be established by the assumed amount of office square footage§.
- (c) <u>Use of Jobs/Housing Equivalency Fees</u>. Under *DDA § 3.3(b)(v) (Budget Narrative)*, each Phase Budget must specify a minimum amount for the Jobs/Housing Equivalency Fee to be collected for the Commercial Parcels in the Phase, regardless of the actual amount of commercial space developed. In the Development Agreement, the City has agreed that Vertical Developers of Commercial Parcels at the Project Site will pay Jobs/Housing Equivalency Fees to the Port. The Port will deposit these funds into an Affordable Housing Fund held by the Special Fund Trustee.
 - (d) Affordable Housing Subsidy. Each Phase Submittal will:
 - (i) specify the number of Inclusionary Units at each AMI Percentage to be provided in each Residential Project in the Phase; and
 - (ii) include a proposal to balance the Affordable Housing Subsidy allocated to each Residential Project with projected Jobs/Housing Equivalency Fees generated by commercial/retail development in the Project.
- (e) <u>Affordable Housing Overage</u>. If Jobs/Housing Equivalency Fees collected in a Phase result in an Affordable Housing Overage, the excess Jobs/Housing Equivalency Fees will be retained in the Affordable Housing Fund held by the Special Fund Trustee. The Port will apply any Affordable Housing Overage to Later Phases.
- (f) Affordable Housing Shortfall. If the Phase Budget projects an Affordable Housing Shortfall, Developer will propose one or a combination of the following options with respect to the Affordable Housing Shortfall.
 - (i) Any portion of the Affordable Housing Shortfall may be unfunded. The unfunded portion of the Affordable Housing Shortfall would be treated as a DRP Advance.
 - (ii) Developer may fund the Affordable Housing Shortfall with Developer Capital as an Alternative Return Cost.
 - (iii) The Port may fund the Affordable Housing Shortfall by a Port Capital Advance as an Alternative Return Cost.
- (g) Affordable Housing Fund Delays. If Affordable Housing Funds from the Current Phase are not available when the Affordable Housing Subsidy is payable to the Vertical Developer, the Port may elect to fund itself or require Developer to fund the Affordable Housing Subsidy as an Alternative Return Cost.

(h) Effect of TAY Units. As specified in DDA § 7.4(e) (Appraisal Instructions), deeper affordability of TAY Units in a Residential Project will be disregarded for the purpose of any appraisal of the applicable Development Parcel to preserve the anticipated Fair Market Value of the parcel.

2.8. Alternative Return.

- (a) <u>Priority of Payments</u>. Each Party will record Alternative Return Costs as a separate line item in their respect Capital Schedules. Payments to reimburse each Party's Capital Costs will be applied to balances bearing Developer Return or Return on Port Capital, as applicable, before being applied to reimburse Alternative Return Costs.
- (b) Reimbursements from Affordable Housing Fund. If not previously reimbursed from Project Payment Sources, any Affordable Housing Shortfall or Affordable Housing Subsidy funded as an Alternative Return Cost will be reimbursed with priority from Jobs/Housing Equivalency Fees deposited into the Affordable Housing Fund in the Current or Later Phases.
- (c) <u>Alternative Return Rent Credits</u>. The Master Lease Tenant will be entitled to Alternative Return Rent Credits. The amount of the first year's Alternative Return Rent Credit will be calculated by amortizing the Alternative Return Balance for Phase 1 and Alternative Return over the then remaining term of the Master Lease. The Alternative Return Rent Credit will be recalculated after any year in which either:
 - (i) Project Payment Sources were applied to reduce the Alternative Return Balance; or
 - (ii) Developer incurs additional Alternative Return Costs.
- (d) <u>Treatment of Rent Credits</u>. When Alternative Return Rent Credits are applied to reduce Base Rent under the Master Lease:
 - (i) the Developer Balance will be reduced simultaneously by the same amount; and
 - (ii) the Port will be deemed to have made a Port Capital Advance in the same amount, which will be added to the Port Balance.
- (e) <u>Carryover</u>. If the Developer Alternative Return Balance has not been satisfied by Alternative Return Rent Credits or Project Payment Sources before Phase Approval of the succeeding Later Phase, the unpaid balance will be carried over into the Phase Budget for the Later Phase.
- (f) <u>Termination of DDA</u>. If the DDA terminates before the Alternative Return Balance is satisfied, the Alternative Return Rent Credits will continue to abate Rent over the remaining term of the Master Lease.
- (g) <u>Master Lease Termination or Expiration</u>. If the Port wishes to terminate the Master Lease before Developer's Alternative Return Balance is satisfied, the Port will be required to pay off the unamortized balance of the Alternative Return Rent Credits as a condition of termination under *Master Lease § 2.2 (Port's Early Termination Right)*. If the Master Lease expires before the Developer Alternative Return Balance is satisfied, the Alternative Return Balance will be deemed satisfied.
- (h) <u>Port Advances</u>. Any Port payment under this Section will be treated as a Port Capital Advance, except for the priority for repayment. Port Capital Advances used to pay Developer's Alternative Return Balance may be repaid from Project Payment Sources generated by development in Phase 1, but only after the Developer Balance is paid. To the extent not recovered from Phase 1 Project Payment Sources, Port may elect

to be paid from Phase 2 Project Payment Sources, with first priority, or to defer any portion to Phase 3.

2.9. Special Facility Designation.

- (a) Port Revenue Bonds. The Port previously issued Port Revenue Bonds secured by a pledge of Port revenues under the Port Master Indenture. As defined in the Port Master Indenture, pledged Port revenues specifically exclude revenues pledged to repay financing for public facilities that have been designated by the Port as "Special Facilities."
- (b) <u>Designation and Effect</u>. The Port hereby designates the Project Site as a Special Facility and declares Port revenues from and with respect to the Project Site, including Development Rights Payments, to be Special Facility Revenue pledged to pay Special Facility Revenue Bonds. As a result, the Port revenues from and with respect to the Project Site are not "Revenue" subject to and as defined in the Port Master Indenture.

3. DEVELOPMENT RIGHTS PAYMENTS

3.1. Use of DRP Advances.

- (a) <u>Horizontal Development Cost Reimbursement</u>. The Port will apply DRP Advances, using Parcel DRPs as funds become available, to pay the Developer Balance and any Port Balance as specified in this Financing Plan.
- 3.2. Amount of Parcel DRPs. The amount of the Parcel DRP for a specific Option Parcel will be determined by the following steps for inclusion in the Phase Budget.
 - (a) Remaining Developer Costs. Developer will provide updated estimates of:
 - (i) the outstanding Project Payment Obligation on the Closing Deadline, including any carryover of Entitlement Costs or Horizontal Development Costs from the Prior Phase; and
 - (ii) estimated additional Horizontal Development Costs required to complete the Phase Improvements.
 - (b) Port Costs and Public Financing Sources. The Port will:
 - (i) provide estimates of any outstanding Port Balance on the Closing Deadline, including any carryover from the Prior Phase; and
 - (ii) confirm Public Financing Sources available for the remaining Horizontal Development Costs of Phase Improvements.
 - (c) <u>Calculation</u>. The Parties will calculate the minimum amount of the Parcel DRP by the funding gap remaining after making the following assumptions.
 - (i) Developer will spend Developer Capital on Phase Improvements on projected spending dates occurring before the Closing Deadline to the extent that Public Financing Sources or Development Rights Payments are not used to pay Developer pass-throughs. Estimated costs that Developer does not have under contract will not be considered for this purpose.
 - (ii) If the Port committed to do so in the Phase Budget, the Port will make one or more Port Capital Advances to pay for a portion of Phase Improvements on projected spending dates occurring before the Closing Deadline.
 - (iii) The balance of Public Financing Sources will be applied as specified in the Phase Budget.

- (iv) Estimated Parcel DRPs for any remaining Option Parcels will be applied as specified in the Phase Budget.
- (d) <u>Adjustments</u>. The Parties will use Phase Quarterly Reports as the basis to confer on whether the Parcel DRP estimates should be revised based on new information and projections.
- **3.3.** Uses for DRP Fund. The funds in the DRP Fund will be disbursed as follows.
- (a) <u>Application to Project Payment Obligation</u>. If funds in the DRP Fund are available at any time when the Project Payment Obligation is satisfied on an interim basis, the Parties will discuss which of the following options best suits the circumstances.
 - (i) The Port could direct the Special Fund Trustee to disburse a DRP Advance to the Mission Rock CFD to pay Developer pass-throughs as they are due.
 - (ii) The Parties could agree to direct the Special Fund Trustee to hold the funds to pay Developer pass-throughs for any Later Phases until the Port has issued the Phase Completion Certificate for the final Phase of the Project.
 - (iii) The Parties could agree to direct the Special Fund Trustee to hold the funds until needed to pay Developer the Developer Balance or anticipated Minimum Developer Return arising in any Later Phases.
- (b) Application to Additional Return. Periodically, but no less frequently than at the inception of each Phase after Phase 1, the Parties will review the Horizontal Development Costs that Developer has incurred, Developer Return accrued, and the application of DRP Advances and other Project Payment Sources to meet the Project Payment Obligation and reconcile them to the Phase Budget and the latest Phase Quarterly Report to the extent practicable. Based on these figures, the Parties will agree whether to retain funds in the DRP Fund to pay Additional Return until Developer has completed, and the Port has accepted, the Final Audit for the Project.
- (c) <u>After Final Completion</u>. All funds remaining in the DRP Fund after the Port has issued the final Phase Completion Certificate for the Project will be disbursed in the following order of priority:
 - (i) to Developer until Developer has been paid the greater of Developer Return and Minimum Developer Return under **Subsection 2.4(c)** (Developer Return); then
 - (ii) to Developer to pay unreimbursed Horizontal Development Costs; and
 - (iii) to pay down or create additional reserves for any existing or anticipated Bonds for Horizontal Improvements.
- (d) After Final True-Up. After all disbursements required under Subsection 3.3(c) (After Final Completion) have been made, any amounts remaining in the DRP Fund will be transferred to the Port Harbor Fund.
- 3.4. Lead Parcels. The Parties have agreed that the Port will enter into Prepaid Leases with Vertical Developers for Lead Parcels. Developer will designate the Lead Parcels in its Phase Submittal for Phase 1 in accordance with this Section.
 - (a) Option Exercise Deadline. Subject to DDA § 7.2 (Phase 1 Put), Developer will exercise its Option for the Lead Parcels no later than the date when all of the following have occurred:
 - (i) Developer obtains a Phase Approval for Phase 1;

- (ii) Public Works has approved the Phase Tentative Map; and
- (iii) Developer has entered into a Public Improvement Agreement with Public Works for Phase 1 Horizontal Improvements.
- (b) <u>Lead Parcel Conveyances</u>. Developer's designated Vertical Developer Affiliates will enter into Prepaid Leases for the Lead Parcels and pay the Parcel DRPs in cash or by Credit Bid at Developer's election. The Port in turn will make DRP Advances to be applied first to the unpaid balance of the Entitlement Sum, then:
 - (i) if the Entitlement Sum is fully paid, any remainder will be disbursed into the DRP Fund; or
 - (ii) the Entitlement Sum is not fully paid, Developer Return will begin to accrue on the unpaid balance on the date the Prepaid Leases Close.
- (c) <u>Expiration of DDA</u>. If the DDA expires before the Entitlement Sum is fully satisfied, the Entitlement Sum will be deemed satisfied.
- (d) <u>Early DDA Termination</u>. If the DDA terminates before the Entitlement Sum is fully satisfied, the following will apply.
 - (i) The Master Lease will remain in effect subject to the Alternative Return Rent Credit and clause (ii) of this Subsection.
 - (ii) The Port will have the right to terminate the Master Lease under Master Lease § 2.2 (Port's Early Termination Right) by paying Developer the unpaid balance of the Entitlement Sum and the unamortized balance of the Alternative Return Rent Credit. [Please confirm this.]

3.5. Right to Credit Bid.

- (a) Exercise of Right. Under DDA art. 7 (Parcel Leases), Developer, through its Vertical Developer Affiliates, has the right to tender a Credit Bid instead of cash for some or all of a Parcel DRP. This Section will apply to any Credit Bid of a Parcel DRP. FP Schedule 4 provides examples of the application of funds according to the priorities in this Section, assuming the Port conveys an Option Parcel to a Vertical Developer Affiliate by Prepaid Lease at Fair Market Value.
 - (i) If no Port Balance will be outstanding on the Credit Bid Determination Date, the amount that a Vertical Developer Affiliate may Credit Bid for the Port's conveyance of the Option Parcel will be determined under **Subsection 3.5(b)** (Value Higher than Developer Balance) or **Subsection 3.5(c)** (Value Less than Developer Balance), as appropriate.
 - (ii) If both a Developer Balance and a Port Balance will be outstanding on the Credit Bid Determination Date, the amount that a Vertical Developer Affiliate may Credit Bid for the Port's conveyance of the Option Parcel will be determined under **Subsection 3.5(d)** (Balances Owed to Both Parties).
 - (iii) A Vertical Developer Affiliate's exercise of this right will not affect its obligation to pay Escrow Closing Costs in cash to Close Escrow on the Parcel Lease.
 - (iv) The Vertical Developer Affiliate's Credit Bid will be deemed to have been delivered into Escrow and paid to the Port at the Close of Escrow. The Port will instruct, or be deemed to instruct, the Escrow Agent to disburse the funds as described in **Subsection 3.5(b)** (Value Higher than Developer Balance) or **Subsection 3.5(d)** (Balances Owed to Both Parties), as applicable.

- (v) The Port will record the application of the Credit Bid to capital, Allowed Return, and Additional Return on the allonge to the Promissory Note. As appropriate, Developer will make corresponding entries on the Developer Capital Schedule, and the Port will make corresponding entries on the Port Capital Schedule.
- (b) Value Higher than Developer Balance. When the Project Payment Obligation consists solely of a Developer Balance that is less than the Fair Market Value of the Option Parcel, the Vertical Developer Affiliate's Credit Bid will be limited to the amount required to pay off the Developer Balance in full. The Vertical Developer Affiliate will be required to pay the difference between Fair Market Value and the Developer Balance in cash to be disbursed from Escrow to the Special Fund Trustee for deposit into the DRP Fund or to the Port as Annual Ground Rent.
- (c) Value Less than Developer Balance. When the Project Payment Obligation consists solely of a Developer Balance that exceeds the Fair Market Value of the Option Parcel, the Vertical Developer Affiliate may the Credit Bid the Fair Market Value of the parcel. The Credit Bid will be applied to the Developer Balance in the following order: (i) Additional Return; (ii) Allowed Return; (iii) Alternative Return; and (iii) Developer Capital, including Alternative Return Costs. Except for Alternative Return Costs bearing Alternative Return, the unpaid Developer Balance will continue to accrue Developer Return until paid.
- (d) <u>Balances Owed to Both Parties</u>. When the Project Payment Obligation includes both a Developer Balance and a Port Balance, the Credit Bid will be applied in accordance with **Subsection 2.4(e)** (Pro Rata Payment).

3.6. Treatment of Third-Party Payments.

- (a) No Credit Bids. Unrelated Vertical Developers will not be allowed to Credit Bid.
- (b) Escrow. Each Unrelated Vertical Developer must deposit into Escrow the Parcel DRP and Escrow Closing Costs in accordance with its Vertical DDA. The Joint Escrow Instructions will direct the Escrow Agent to obtain demands for the Developer Balance and the Port Balance as of the Closing Deadline with daily accrual rates, subject to verification.
- (c) <u>Disbursements</u>. The Port will direct the Escrow Agent to disburse funds from the Escrow Account at the Close of Escrow for the following purposes and in the following order:
 - (i) to pay the Escrow Closing Costs;
 - (ii) to pay any remaining balance of the Entitlement Sum and accrued Developer Return on unpaid balance of the Entitlement Sum;
 - (iii) to pay accrued and unpaid Developer Return and, if applicable, Return on Port Capital on costs of Phase Improvements according to **Subsection 2.4(e)** (Pro Rata Payment);
 - (iv) to pay the balances of any unreimbursed Developer Capital and any unreimbursed Port Capital Advance according to **Subsection 2.4(e)** (Pro Rata Payment); and
 - (v) to disburse the balance of the Parcel DRP to the Special Fund Trustee for deposit in the DRP Fund.
- 3.7. Recapture. Under certain circumstances set forth in VDDA § 19.1 (Before Close of Escrow) and Parcel Lease Exh D the Port will be entitled to 100% of a Vertical Developer's

Net Proceeds if it sells its interest in an Option Parcel to a third party before the Port issues the first building permit for Vertical Improvements on the parcel. Funds will be disbursed from Escrow and deposited into the DRP Fund for uses specified in this Financing Plan.

3.8. Reporting. Developer's Phase Quarterly Reports must reflect the flow of all funds into and from Escrow for each Port conveyance of an Option Parcel. For each Option Parcel, payments to the Port must show how much of the Fair Market Value any Vertical Developer paid by Credit Bid or in cash, or both, and the Port's corresponding disbursements by Credit Bid or in cash at the Close of Escrow. Developer's next Phase Quarterly Report must include an updated Developer Capital Schedule reflecting the reduction of the Developer Balance on the Closing Date and the cumulative return on Developer Capital through the end of the quarter.

4. MELLO-ROOS TAXES

4.1. Purpose.

- (a) <u>CFD Goals</u>. Developer acknowledges that the CFD Goals will prevail in the event of any inconsistency with this Financing Plan, unless the Board of Supervisors in its sole discretion approves a waiver of the CFD Goals.
- (b) <u>Authorized Actions</u>. Subject to Governing Law and Policy, the Mission Rock CFD will be authorized to:
 - (i) incur indebtedness for Port Advances as described in Article 7 (Port Advances), subject to a separate authorized bonded indebtedness limit for the Mission Rock CFD;
 - (ii) finance Horizontal Development Costs with Development Special Taxes, Office Special Taxes, and Zone 1 Shoreline Special Taxes;
 - (iii) issue Mello-Roos Bonds secured by any combination of Special Taxes listed in clause (ii) of this Subsection through the City at the Port's request in accordance with Article 5 (Mello-Roos Bonds);
 - (iv) enter into Pledge Agreements under which the IFD will provide Pledged Tax Increment to secure Mello-Roos Bonds;
 - (v) use Zone 2 Special Taxes to pay directly for, issue Bonds, or pledge as security for Bonds to finance Shoreline Adaption Studies, Shoreline Protection Facilities and, subject to Port Commission (for facilities on Port land) and Board of Supervisors approval, for other uses permitted under the RMA;
 - (vi) after the Project Payment Obligation is satisfied:
 - (1) repay the Port for DRP Advances using Facilities Special Taxes and Mello-Roos Bond Proceeds; and
 - (2) use Facilities Special Taxes to pay directly for, issue Bonds, or pledge as security for Bonds issued to finance Shoreline Protection Facilities on or to protect Port land through the City at the Port's request; and
 - (vii) use Services Special Taxes to pay the Ongoing Maintenance Costs of Maintained Facilities.
- (c) Special Tax Levy on Leasehold Interests. Under the CFD Law and this Financing Plan, Mello-Roos Taxes levied on the leasehold interests in Development Parcels in the Mission Rock CFD will be payable by the Tenants under the Parcel Leases. The City, the Port, and Developer agree that the Port's rights to terminate these leasehold

interests for any reason may be limited by the Parcel Leases and applicable Indentures to preserve the City's rights to collect the Mello-Roos Taxes.

- **4.2.** City Implementation. By the CFD resolution of intention, and Board of Supervisors Resolution Nos. XXXX [approving the DDA, approving the Tax Allocation MOU, etc.], the City has agreed to take the following actions with respect to the Mission Rock CFD.
 - (a) Agreement to Form CFD. At the request of the Port, the City will form the Mission Rock CFD with Special Tax rates as generally described in FP Exhibit C and other terms as required by this Financing Plan or otherwise agreed by the Parties. The Mission Rock CFD will consist of a Facilities CFD and a Services CFD.
 - (b) Approval of RMA. The RMA will establish the rates at which the Mission Rock CFD may levy Mello-Roos Taxes on each Taxable Parcel in the Mission Rock CFD. Under the RMA, the Mission Rock CFD will levy Mello-Roos Taxes at different rates for Residential Projects and Commercial Projects, generally consistent with the outline in **FP Exhibit C**.
 - (c) Agreement to Allocate Special Taxes. The City has agreed to allocate to the Mission Rock CFD the Mello-Roos Taxes as set forth in the Port FY Budget for use in the Mission Rock CFD in accordance with the RMA and this Financing Plan.
 - (d) Appointment of Port as Agent. The City will appoint the Port as CFD Agent to take all authorized actions on behalf of the Mission Rock CFD, including:
 - (i) directing the Special Fund Trustee to disburse Mello-Roos Taxes for the purposes specified in the CFD Formation Proceedings;
 - (ii) determining in collaboration with the Office of Public Finance whether, in what amounts, and the terms by which the City will issue Bonds on behalf of the Mission Rock CFD;
 - (iii) directing the Indenture Trustees' disbursement of Mello-Roos Bond Proceeds;
 - (iv) incurring and repaying indebtedness to the Port for its Advances; and
 - (v) preparing on behalf of the Mission Rock CFD an annual CFD Report to the Board of Supervisors reporting on the amount of funds collected and expended and the status of the Project in compliance with section 53411 of the California Government Code.
 - (e) <u>Tax Allocation MOU</u>. The Board of Supervisors authorized the Controller and the Treasurer-Tax Collector to enter into the Tax Allocation MOU with the Port under Charter section B7.320 in furtherance of the Financing Documents. For the Mission Rock CFD, the Board of Supervisors authorized the following actions.
 - (i) The Treasurer-Tax Collector will levy and collect in a segregated fund Mello-Roos Taxes from the Mission Rock CFD as directed by the Port as CFD Agent, consistent with the Financing Documents.
 - (ii) The Controller will disburse Mello-Roos Taxes from the Mission Rock CFD to the Special Fund Trustee as directed by the Port as CFD Agent, consistent with the Financing Documents.
 - (iii) The Port will consult with the Public Finance Division of the Controller's Office on timing, amounts, and other matters relating to Mello-Roos Bonds, and the Port, the Treasurer-Tax Collector, and the Controller will cooperate to implement the objectives of the Financing Documents.

- 4.3. Special Fund for Special Taxes. Under section 53410 of the California Government Code, Mello-Roos Taxes must be deposited into a designated account. In compliance with CFD Law, the Port will establish the Special Tax Fund with the Special Fund Trustee with authorization to establish the segregated accounts listed in FP Sched 3 and any additional segregated accounts necessary or convenient for the administration of Project Payment Sources, after consultation with the Port.
 - (a) <u>Facilities Account</u>. The Facilities Account will hold: (i) Development Special Taxes levied on all Taxable Parcels; (ii) Office Special Taxes levied on all Taxable Parcels in Commercial Parcels developed for office use in the Mission Rock CFD; and (iii) Zone 1 Shoreline Special Taxes levied in Zone 1. Funds in this account will be disbursed to pay the Parties for Capital Costs, to make current Developer pass-through payments, and for any other purpose allowed under this Financing Plan.
 - (b) <u>Services Account</u>. The Services Account will hold Services Special Taxes levied on all Taxable Parcels and will be used to pay Ongoing Maintenance Costs of Maintained Facilities.
 - (c) <u>Shoreline Account</u>. The Shoreline Account will hold Zone 2 Shoreline Special Taxes and other Facilities Special Taxes that will fund Shoreline Adaptation Studies and, after the Shoreline Protection Project is approved, Shoreline Protection Facilities.
 - (d) Remainder Account. The Remainder Account will be established to hold any funds remaining in the Facilities Account after each Principal Payment Date. Until the Project Payment Obligation and any obligation to pay Minimum Developer Return are satisfied, the Special Fund Trustee will be instructed to disburse these funds only for Horizontal Development Costs, including debt service on any outstanding Mello-Roos Bonds, priority and any other CFD Administrative Costs, and to replenish any reserves specified in the applicable Indenture.
- 4.4. Notice of Contract to Maintain Levy of CFD Financing. Under section 3 of article XIIIC of the California Constitution, under certain circumstances, voters may vote to reduce or repeal the levy of special taxes in a CFD. Section 9 of article I of the California Constitution, however, prohibits the passage of a law resulting in an impairment of contract.
 - (a) Notice. This Section provides notice of the following:
 - (i) The DDA, including this Financing Plan, is a contract between the Port and Developer.
 - (ii) Financing Horizontal Development Costs, Ongoing Maintenance Costs, the Shoreline Protection Facilities, and the CFD Administrative Costs through the application of Mello-Roos Taxes and Mello-Roos Bonds secured by Mello-Roos Taxes is an essential part of the consideration for the DDA.
 - (iii) Any reduction in the City's ability to levy and collect Mello-Roos Taxes on behalf of the Mission Rock CFD for purposes specified in this Financing Plan would materially impair Developer's and the Port's contractual obligations under the DDA.
 - (b) <u>Intent to Maintain Contract.</u> To further preserve the contractual obligations under the DDA, the Port agrees that:
 - (i) until all Mello-Roos Bonds have been repaid in full or defeased before maturity for any reason other than a refunding and the Port has satisfied the Project Payment Obligation, the Port will not initiate or conduct proceedings under CFD Law to reduce the Mello-Roos Tax rates except by agreement with

Developer or if legally compelled to do so (e.g., by a final order of a court of competent jurisdiction); and

- (ii) if the voters adopt an initiative ordinance under section 3 of article XIIIC of the California Constitution that purports to reduce, repeal, or otherwise alter the Mello-Roos Tax rates before all Mello-Roos Bonds have been repaid in full or defeased before maturity for any reason other than a refunding and the Port has satisfied the Project Payment Obligation, the City and the Port will meet and confer with Developer to consider commencing and pursuing reasonable legal action to preserve the Port's ability to comply with its obligations under the DDA and this Financing Plan.
- (iii) Developer is relying on the use of Mello-Roos Taxes and Mello-Roos Bond Proceeds to pay for Shoreline Protection Facilities and Ongoing Maintenance.

4.5. RMA Generally.

- (a) <u>Cooperation</u>. Developer and the Port will cooperate to develop an RMA that is generally consistent with the outline in **FP Exhibit C** and sets Maximum Special Tax Rates and the method of levying and collecting Mello-Roos Taxes. Each category of Mello-Roos Taxes (Development Special Taxes, Zone 1 and Zone 2 Shoreline Special Taxes, Office Special Taxes, and Services Special Taxes) will be separately calculated and collected against the applicable Taxable Parcels.
- (b) <u>Administrative Costs</u>. The Parties will determine the amount of the Priority CFD Administrative Costs through the CFD formation Proceedings, based on:
 - (i) actual administration costs of other CFDs in San Francisco;
 - (ii) the CFD's complexity and size; and
 - (iii) estimated costs of administrative services to be provided by Port and City staff and consultants.
- (c) Annual Levy. Each City Fiscal Year, the CFD Administrator will determine what development has occurred in the prior City Fiscal Year, the amount of Tax Increment that is available in the Tax Increment Fund, the Mello-Roos Bonds Debt Service Requirement, and the anticipated CFD Administrative Costs for the City Fiscal Year to determine the applicable Special Tax Requirement for each category of Mello-Roos Taxes.
- (d) Changes in Special Taxes Due to Changes in Land Use or Phasing. The RMA may include a provision that will prevent Maximum Special Tax Rates for a Taxable Parcel from declining as a result of a proposed land use or phasing change that would interfere with the Mission Rock CFD's ability to pay debt service on Mello-Roos Bonds and meet debt-service coverage requirements.
- (e) Reduction of Special Tax Rates. The RMA will provide for the administrative reduction of Mello-Roos Taxes before the first series of Mello-Roos Bonds secured by Development Special Taxes is issued if the anticipated average Annual Allocated Tax Increment from Taxable Parcels in the Mission Rock CFD would be less than 90% of the amount projected at formation of the Mission Rock CFD. The Port, the City, and Developer will take the steps necessary to lower the rates for Development Special Taxes in the RMA to yield an average amount equivalent to the anticipated average Annual Allocated Tax Increment from the Taxable Parcels.
- (f) <u>Delinquencies</u>. The RMA will limit the levy of Facilities Special Taxes on any Taxable Parcel due to the delinquencies in the payment of Facilities Special Taxes

on any other Taxable Parcels in the Mission Rock CFD to 10% of the applicable Maximum Special Tax Rate.

- (g) <u>Annual Increases</u>. The RMA will specify that the Maximum Special Tax Rates for each category of Mello-Roos Taxes levied to finance capital costs will increase 2% annually.
- (h) <u>Material Changes to CFD Law</u>. If CFD Law materially changes to make Mello-Roos Taxes unavailable or severely impair the uses authorized by the Financing Documents, the Port and Developer in consultation with the City will negotiate in good faith to establish a substitute financing program equivalent in nature and function as allowed under then-current Governing Law and Policy.

4.6. Services Special Taxes.

- (a) <u>Authorized Costs</u>. The RMA will authorize the City to levy Services Special Taxes annually in the amounts needed to provide a perpetual pay-as-you-go source to fund Ongoing Maintenance Costs.
- (b) <u>Annual Increases</u>. The RMA will specify the maximum rates for Services Special Taxes and the rate of annual increases.
- (c) <u>No Prepayment</u>. Taxpayers will not be allowed to prepay Services Special Taxes.
 - (d) Other Sources for Ongoing Maintenance Costs.
 - (i) Although the City and the Port will acquire all Horizontal Improvements from Developer under this Financing Plan, the Maintained Facilities are important to the ongoing success and identity of the Project. To protect its investment, Developer has agreed to establish a supporting framework if needed or desired to replace or supplement the Services Special Tax, which may include assessments through a property owners association as generally described in DDA Exh C7, to assist in funding Ongoing Maintenance Costs if necessary.
 - (ii) In addition, the Port may establish maintenance obligations among consenting adjacent landowners who benefit from adjacency of Maintained Facilities, to contribute their equitable shares toward Ongoing Maintenance Costs.
- (e) <u>Covenants</u>. Developer agrees to obtain Port approval of and establish maintenance covenants to be recorded in the Official Records before the Port conveys any Taxable Parcel or any parcel that will contain Taxable Parcels. The maintenance covenants will specify that the City, including the Port, is an intended beneficiary and obligate every owner of a Taxable Parcel to pay an amount equivalent to Services Special Taxes that would have been levied if the Mission Rock CFD or its taxing powers are ever eliminated or reduced for any reason, including any vote of the qualified electors in the Mission Rock CFD. Maintenance covenants will run with the land and be binding on successor owners in perpetuity.

4.7. Shoreline Account.

- (a) Zone 1 Shoreline Special Taxes will be:
 - (i) a Project Payment Source for Phase 1 Improvements;
- (ii) pledged to secure and pay debt service on Mello-Roos Bonds for Phase 1 Improvements; and
- (iii) used for all purposes authorized for Zone 2 Shoreline Special Taxes after the Project Payment Obligation for Phase 1 is satisfied.

- (b) Zone 2 Shoreline Special Taxes will be:
 - (i) a source to fund Shoreline Adaption Studies; and
- (ii) after appropriate environmental review, Shoreline Protection Facilities.

(c) Creation of Account.

- (i) The CFD Formation Proceedings will authorize the Mission Rock CFD to levy Shoreline Special Taxes for authorized purposes.
- (ii) The Special Fund Administration Agreement will authorize the Special Fund Trustee to disburse Shoreline Special Taxes for Shoreline Adaption Studies and Shoreline Protection Facilities.
- (d) <u>Shoreline Protection Facilities</u>. The Mission Rock CFD will be authorized to continue to levy Shoreline Special Taxes to fund the Shoreline Protection Project subject to the following conditions.
 - (i) Environmental review of the Shoreline Protection Project is complete, and the City has approved the Shoreline Protection Project to protect persons and property in San Francisco from the potential effects of climate change and sea-level rise.
 - (ii) If applicable, the Port Commission and the Board of Supervisors have approved the Port Capital Plan incorporating the construction of Shoreline Protection Facilities.

4.8. Shortfall Provisions.

- (a) <u>Developer Waiver and Covenant</u>. Developer agrees that, should it enter into a Parcel Lease for a Taxable Parcel in Project Area I, as follows.
 - (i) Developer may initiate a Reassessment to reduce the Baseline Assessed Value of its leased Taxable Parcel, but may not initiate a Reassessment of the Subsequent Assessed Value of that Taxable Parcel until the IFD Termination Date.
 - (ii) In addition, Developer covenants that should it initiate a Reassessment on its leased Taxable Parcel in violation of this waiver, and subject to **Subsection 4.8(c)** (Circumstances Causing Shortfall), Developer and the Port will take the following measures to avoid shortfalls.
 - (1) Developer will pay the Port the Assessment Shortfall within 20 days after the Port delivers its payment demand. Amounts not paid when due will bear interest at the rate of 10%, compounded annually, until paid.
 - (2) The obligation to pay the Assessment Shortfall will begin in the City Fiscal Year following the Reassessment and continue until the earlier to occur of the following dates: (A) the applicable IFD Termination Date; and (B) when the Assessment Shortfall is reduced to zero.
- (b) <u>Vertical Developer Waiver and Covenant</u>. The Parties have agreed on forms of a Vertical DDA and Parcel Lease for Vertical Developers that include the following provisions.
 - (i) Vertical Developer may initiate a Reassessment to reduce the Baseline Assessed Value of a Taxable Parcel in Project Area I, but may not initiate a Reassessment of the Subsequent Assessed Value of a Taxable Parcel until the IFD Termination Date.

- (ii) A covenant by the Vertical Developer that should the Vertical Developer initiate a Reassessment on a Taxable Parcel in Project Area I in violation of the waiver, and subject to **Subsection 4.8(c)** (Circumstances Causing Shortfall), the Vertical Developer and the Port will take the following measures to avoid shortfalls.
 - (1) The Vertical Developer will pay the Port the Assessment Shortfall within 20 days after the Port delivers its payment demand. Amounts not paid when due will bear interest at the rate of 10%, compounded annually, until paid.
 - (2) The obligation to pay the Assessment Shortfall will begin in the City Fiscal Year following the Reassessment and continue until the earlier to occur of the following dates: (A) the applicable IFD Termination Date; and (B) when the Assessment Shortfall is reduced to zero.
- (c) <u>Circumstances Causing Shortfall</u>. This Section will apply if Developer or any Vertical Developer initiates a Reassessment on a Taxable Parcel in Project Area I in violation of **Subsection 4.8(a)** (Developer Waiver and Covenant) or **Subsection 4.8(b)** (Vertical Developer Waiver and Covenant).
- (d) Tax Exemption. Developer and the Port do not intend for this Section to affect the tax-exempt status of any Bonds. Should the Tax Code change, or the Internal Revenue Service or a court of competent jurisdiction issue a ruling that might cause any tax-exempt Bonds to be deemed taxable due to the requirements under this Section, the Port will release the obligations under this Section and it will be deemed severed from this Financing Plan under $App \, \P \, A.4.3$ (Severability).
- (e) <u>Mutual Expectations as to Shortfall Measures</u>. Neither Developer nor the Port expects the Port to make demand for payment under this Section. In light of the Parties' mutual expectations, Developer has agreed to the waiver in **Subsection 4.8(a)** (Developer Waiver and Covenant) and to include waiver and covenant language in documents with Vertical Developers as described in **Subsection 4.8(b)** (Vertical Developer Waiver and Covenant).
- (f) No Negotiation. Developer understands that the Port would not be willing to enter into this Financing Plan without this Section.

5. MELLO-ROOS BONDS

- **5.1.** Legal Limitations. The following limitations and priorities will apply to the use of Mello-Roos Bond Proceeds.
 - (a) Fair Market Price. To comply with CFD Law section 53313.51, the Acquisition Agreement for the Horizontal Improvements specifies a fair market price or method to determine a fair market price for each capital facility or discrete portion or phase of a capital facility to be acquired, including "an amount reflecting the interim cost of financing cash payments that must be made during the construction of the project."
 - (b) <u>Interest Cost Limitation</u>. Any Mello-Roos Bonds secured by a pledge of Tax Increment will be subject to the Interest Cost Limitation.

5.2. Use of Proceeds.

- (a) <u>Priorities before Project Payment Obligation is satisfied</u>. Until the satisfaction of the Project Payment Obligation if earlier, Mello-Roos Bond Proceeds will be available for purposes described in **Subsection 4.1(b)** (Authorized Actions) only after the following are fully funded:
 - (i) required reserves and costs of issuance; and

- (ii) capitalized interest.
- (b) Priorities after Pay-Off. After the Project Payment Obligation and any obligation to pay amounts due under clause (ii) or clause (iii) of Subsection 2.4(c) (Developer Return) are satisfied, the Port may use Mello-Roos Bond Proceeds for any eligible use consistent with applicable Indentures and the CFD Formation Proceedings that the Port Commission and the Board of Supervisors approve, each in its sole discretion.
- (c) <u>Financing Temporarily Excused</u>. The City will not be obligated to issue any Mello-Roos Bonds under this Financing Plan at any time during which:
 - (i) Developer or any Vertical Developer Affiliate is in default in the payment of any ad valorem tax or Mello-Roos Taxes levied on any Taxable Parcel in Project Area I or the Mission Rock CFD;
 - (ii) Developer is in Material Breach or has not cured a Prospective Breach by Developer under the DDA;
 - (iii) any Vertical Developer Affiliate is in Material Breach under provisions of its Vertical DDA incorporating DDA obligations;
 - (iv) Developer or any Vertical Developer Affiliate fails to cooperate reasonably with the Port or the City as necessary to place developed Taxable Parcels on the assessment rolls, levy special taxes, or issue Bonds;
 - (v) in the judgment of the Port or the City, as applicable, and based on the Funding Goals and advice of Port or City staff and consultants, market conditions, or conditions affecting the Project Site (such as tax delinquencies, assessment appeals, damage or destruction of improvements, or litigation) make it fiscally imprudent or infeasible to issue Bonds; or
 - (vi) the underwriter exercises any right to cancel its obligation to purchase Mello-Roos Bonds during the occurrence and continuation of events specified in its bond purchase agreement with the City.

5.3. Issuance.

- (a) <u>Financing Assumptions</u>. At the Port's request, the City will issue Mello-Roos Bonds secured by Mello-Roos Taxes when the Port, in consultation with the Office of Public Finance, determines that land value and the financing needs for the Phase warrant debt issuance. This Financing Plan is based on certain assumptions regarding Mello-Roos Bonds for the Project, summarized below.
 - (i) Except as provided in Section 5.5(a) (Intent to Issue Early Bonds), all Mello-Roos Bonds issued to finance Horizontal Development Costs will be secured by a pledge of Development Special Taxes or Office Special Taxes, or both, from Taxable Parcels in the applicable Phase according to rates and priorities to be established in the RMA.
 - (ii) Most Mello-Roos Bonds issued to finance Horizontal Development Costs will be secured by an additional pledge of the Allocated Tax Increment. Proceeds of any Bonds secured by Allocated Tax Increment will be subject to the Interest Cost Limitation.
 - (iii) Except for Zone 1 Shoreline Special Taxes pledged as a Project Payment Source for Phase 1, Shoreline Special Taxes will not be pledged or used to finance Horizontal Improvements.
 - (iv) All available Development Special Taxes will be used before Zone 1 Shoreline Special Taxes are spent.

(v) Mello-Roos Bonds secured by Development Special Taxes or Office Special Taxes, or both, will be issued to finance Additional Return.

(b) Meet and Confer.

- (i) Developer will have the right to request through the Port that the City issue Mello-Roos Bonds to finance Horizontal Development Costs. The City and the Port will retain discretion to elect not to issue Bonds on the dates, in the amounts, or on the terms requested.
- (ii) Port and City staff and consultants will meet and confer with Developer before the Port requests that the City sell Mello-Roos Bonds to discuss the terms of the proposed bond issue, but the Port and the City in consultation with the Port's financing consultants will determine reasonable and appropriate issuance dates, principal amounts, and primary financing terms in light of the purpose of the financing, the City's CFD Goals, and the Port IFD Guidelines if applicable.
- (c) <u>Consistency with CFD Goals</u>. Mello-Roos Bonds will be issued in amounts that take into account the debt-service coverage ratios and value-to-lien requirements set forth in the applicable Indenture and the CFD Goals, unless the Board of Supervisors authorizes otherwise.

(d) <u>Credit Enhancement</u>.

- (i) If the bond underwriter requires or recommends security to enhance the marketability of any Bonds or provide better terms, the Parties will cooperate to identify forms of security that would provide the greatest financial benefit to the Project. Examples of additional security include designating a portion of Mello-Roos Bond Proceeds to fund capitalized interest, a letter of credit in the amount of a specified period of debt service, and a guaranty.
- (ii) Neither Party will be required to provide credit enhancement, but a Party choosing to do so will be entitled to reimbursement of associated costs, such as issuance and annual fees, as Capital Costs.
- (e) <u>Tax-Exempt or Taxable</u>. Developer and the Port agree to cooperate to maximize the tax-exempt treatment of any Mello-Roos Bonds that the City issues to finance Horizontal Development Costs, subject to the following.
 - (i) After consultation with Developer, the Port and the City, each in its sole discretion, will determine whether Bonds should be taxable or tax-exempt. Bond tax counsel for the Port or the City, or both, will evaluate each proposed use of tax-exempt debt for the possibility of meeting the private use test (such as management agreements that do not comply with IRS safe harbors, etc.), the private payment test, and the private loan test under the Tax Code.
 - (ii) Bond tax counsel for a planned Bond issuance will determine whether all planned uses of Bond proceeds will qualify for tax-exempt treatment under the Tax Code, based on information provided by Developer.
 - (iii) Developer must indemnify the City against the impacts of an adverse ruling by the Internal Revenue Service caused by Developer's misrepresentation regarding planned uses for tax-exempt Bond proceeds.

5.4. Bond Indenture.

(a) <u>Covenant to Foreclose</u>. The Port will cause the City to covenant with Mello-Roos Bond bondholders to foreclose any lien of delinquent Mello-Roos Taxes consistent with the general practice for CFDs in California and otherwise as determined

by the City in consultation with its underwriter or financial advisor for the Mello-Roos Bonds and other consultants.

- (b) Reserve Fund Earnings. The Indenture for each issue of Mello-Roos Bonds will provide that earnings on any reserve fund that are not then needed to replenish the reserve fund to the reserve requirement will be transferred to: (i) the Mello-Roos Improvement Fund for allowed uses until it is closed in accordance with the Indenture; then (ii) the debt service fund held by the Indenture Trustee under the Indenture.
- (c) <u>Continuing Disclosure</u>. Developer agrees to execute a continuing disclosure agreement upon request of an underwriter of Mello-Roos Bonds or any other Port or City financing consultant. Developer must comply with all obligations under any continuing disclosure agreement that it executes in connection with the offering and sale of any Mello-Roos Bonds.
- (d) <u>No Recourse to General Fund or Harbor Fund</u>. Under no circumstances will any bondholder of Mello-Roos Bonds issued under this Financing Plan have recourse to either the City General Fund or the Port Harbor Fund.

5.5. Mello-Roos Bonds for Phases.

(a) Intent to Issue Early Bonds.

- (i) The Port will seek Board of Supervisors approval for the City to issue Early Mello-Roos Bonds in each Phase where issuance is in the approved Phase Budget, subject to **Subsection 5.3(a)** (Financing Assumptions). The Port will request that the City issue Early Mello-Roos Bonds as soon as feasible after each applicable Phase Approval Date.
- (ii) The Port will size the Early Mello-Roos Bonds by Facilities Special Tax rates applicable to Taxable Parcels in the area to be taxed, value-to-lien limitations, and underwriter requirements. Although the Port intends to request that the City issue Early Mello-Roos Bonds, the Port reserves the right to refrain from requesting issuance during the pendency of any of the circumstances described in **Subsection 5.2(c)** (Financing Temporarily Excused).
- (b) Phase 1 Early Mello-Roos Bonds will be secured by all Development Special Taxes, Office Special Taxes, Zone 1 Shoreline Special Taxes, and Pledged Tax Increment.
- (c) <u>Other Phases</u>. Mello-Roos Bonds issued for each Phase after Phase 1 will be secured by Development Special Taxes, Office Special Taxes, and Pledged Tax Increment.

(d) <u>Developer's Agreement</u>.

- (i) By entering into the DDA, including this Financing Plan, Developer:
 - (1) acknowledges that the Port has the right to request that the City issue Early Mello-Roos Bonds; and
 - (2) agrees that its failure to pay any Facilities Special Taxes levied on a Taxable Parcel before the Port leases the parcel to a Vertical Developer will be a Prospective Breach under the DDA and, subject to notice and cure rights, under the Master Lease.
- (ii) In consideration of this agreement, the Port agrees that Developer's Mello-Roos Tax payments made to service Early Mello-Roos Bonds under this Section will be Soft Costs.

6. TAX INCREMENT

- **6.1.** City Implementation. By Ordinance No. XXXX [approving Appendix I] and Board of Supervisors Resolution Nos. XXXX [approving the DDA, approving the Tax Allocation MOU, etc.], the City agreed to take the following actions with respect to the IFD.
 - (a) Agreement to Allocate Tax Increment. The City agreed to allocate to the IFD the Annual Allocated Tax Increment as set forth in in each Port FY Budget for use in Project Area I in accordance with Appendix I and this Financing Plan.
 - (b) Appointment of Port as Agent. The City appointed the Port as the IFD Agent and as the CFD Agent with the authority to act on behalf of the IFD to implement this Financing Plan, including:
 - (i) disbursing Allocated Tax Increment as provided in Appendix I;
 - (ii) determining in collaboration with the Office of Public Finance whether and in what amounts the IFD will issue Bonds for use in Project Area I;
 - (iii) directing the Indenture Trustees' disbursement of Bonds proceeds;
 - (iv) executing and delivering an agreement pledging the Allocated Tax Increment as security for any Mello-Roos Bonds to be issued for Horizontal Development Costs or to the Mission Rock CFD's indebtedness to the Port under the Promissory Note; and
 - (v) preparing on behalf of the IFD an annual Statement of Indebtedness in compliance with section 53395.8(i)(2) of the IFD Law reporting on the IFD's revenues and debts, listing the following debts:
 - (1) the obligation to apply any Allocated Tax Increment from Project Area I as provided in Appendix I;
 - (2) payment obligations under the Promissory Note;
 - (3) any pledge of Tax Increment to secure Bonds; and
 - (4) any Bonds issued by the IFD.
 - (c) <u>Tax Allocation MOU</u>. The Board of Supervisors authorized the Controller and the Treasurer-Tax Collector to enter into the Tax Allocation MOU with the Port under Charter section B7.320 in furtherance of the Financing Documents with respect to the IFD. More specifically, the Board of Supervisors authorized the following actions.
 - (i) The Treasurer-Tax Collector will levy ad valorem taxes in Project Area I and collect Allocated Tax Increment in a segregated fund as directed by the Port as IFD Agent to the extent consistent with the Financing Documents and the approved Port FY Budget.
 - (ii) The Controller will disburse Allocated Tax Increment from Project Area I to the IFD for use in Project Area I as directed by the Port as IFD Agent to the extent consistent with the Financing Documents and the approved Port FY Budget.
 - (iii) The Treasurer-Tax Collector and the Controller will cooperate otherwise with the Port to ensure that the objectives of the Financing Documents will be fulfilled.

6.2. Allocated Tax Increment.

(a) Special Fund for Tax Increment. Section 53396(b) of the IFD Law requires tax increment to be allocated to and paid into a special fund of the district. In

compliance with this requirement, the Port has established the Tax Increment Fund, with the segregated accounts listed in **FP Schedule 4**, within the Special Fund Trust Account.

- (b) <u>Waterfront Set-Aside</u>. Under section 53395.8(g)(3)(C)(ii) of the IFD Law, the IFD may spend the Waterfront Set-Aside "solely on shoreline restoration, removal of bay fill, or waterfront public access to or environmental remediation of the San Francisco waterfront." Appendix I authorizes the IFD to use Allocated Tax Increment from all of the Sub-Project Areas in Project Area I to meet the Waterfront Set-Aside requirement under IFD Law across Project Area I rather than in each Sub-Project Area. Both Parties acknowledge that the IFD Law will prevail over any conflicting provision in this Financing Plan or Appendix I.
- (c) <u>IFD Administrative Costs</u>. Appendix I authorizes the IFD to fund IFD Administrative Costs from Annual Allocated Tax Increment.
- (d) <u>IFD Financing Plan</u>. Allocated Tax Increment from Project Area I will be used in the priority listed below:
 - (i) to offset the Potential Development Special Tax Levy of each Current Parcel under **Section 6.6** (Tax Increment Credit).
 - (ii) to pay IFD Administrative Costs;
 - (iii) to pledge as security for and pay debt service on Tax Allocation Bonds or Mello-Roos Bonds, or both, in the order of priority established by the applicable Indentures;
 - (iv) to pay the Project Payment Obligation, including Developer passthroughs, subject to the Interest Cost Limitation; and
 - (v) after the Project Payment Obligation is satisfied, to pay off the Promissory Note subject to the Interest Cost Limitation and for any other purpose authorized by Appendix I, the IFD Law, the Port Commission, and the Board of Supervisors.
- (e) <u>Horizontal Development Costs</u>. The following will apply until the Project Payment Obligation and any obligation to pay Minimum Developer Return are satisfied.
 - (i) Until the City or the IFD issues Bonds secured by Tax Increment, the Allocated Tax Increment will be available, subject to the Interest Cost Limitation, on a pay-as-you-go basis for any purpose described in **Subsection 6.2(d)** (IFD Financing Plan).
 - (ii) After the City or the IFD issues Bonds secured by Tax Increment, the IFD may use the Allocated Tax Increment on a pay-as-you-go basis for the purpose described in clause (iv) of Subsection 6.2(d) (IFD Financing Plan) only to the extent that the Allocated Tax Increment exceeds debt service obligations.

6.3. IFD Project Area.

- (a) <u>Base Year</u>. Under IFD Law, the base year for Project Area I will be the City Fiscal Year in which the assessed value of taxable property in the Project Area was last equalized prior to the effective date of Ordinance No. XXXX (2016-2017).
- (b) <u>Tax Increment Limit</u>. Subject to the Tax Increment Limit, Appendix I authorizes the allocation of Tax Increment from each Sub-Project Area to the IFD, in general, for 45 years from the date the IFD actually receives \$100,000 of Allocated Tax Increment from the pertinent Sub-Project Area.

(c) <u>Pledge of Tax Increment</u>.

- (i) Appendix I allocates Tax Increment to the IFD for the purposes specified in this Financing Plan. The Board of Supervisors authorized the IFD to incur debt and to pledge and use Tax Increment as provided in Appendix I and this Financing Plan by Ordinance No. XXXX.
- (ii) As described in Article 7 (Port Advances), the Port intends to meet the Project Payment Obligation under this Financing Plan in part by making DRP Advances to the Mission Rock CFD, and may elect to make Port Capital Advances for the same purpose. Under IFD Law, "debt" includes the Developer Balance and the Port Balance.
- (iii) The Tax Increment Limit does not limit the amount of debt that the Port, the Mission Rock CFD, or the IFD will undertake under this Financing Plan. The Port represents and warrants that it has not, in its capacity as IFD Agent, made any pledges of Tax Increment from Project Area I to any other debt as defined under IFD Law.
- (d) Acquisition Prices. In accordance with IFD Law section 53395.8(g)(12), the Acquisition Agreement for the Acquiring Agencies' purchases of Horizontal Improvements specifies a price or method to determine a price for each public facility or discrete portion or phase of a facility, including the interim cost of financing construction. Developer Return will accrue on the initial acquisition prices specified in AA Exh B, as revised under $AA \S 1.3$ (Acquisition Price Updates) to reflect actual costs as they become known. Payments under the Acquisition Agreement using the Allocated Tax Increment or the proceeds of Bonds secured by the Allocated Tax Increment will be subject to the Interest Cost Limitation.
- (e) <u>Increment Carryover</u>. As long as Developer is not in Material Breach of the DDA, the Allocated Tax Increment remaining after payment of all costs and debt incurred for Horizontal Development Costs in any Current Phase will be available for use in Later Phases, subject to the 5-year limit on Tax Increment accrual under IFD Law section 53395.2 and other provisions of Governing Law and Policy.
- **6.4.** Validation. Developer agrees to cooperate with any City or Port judicial validation actions relating to the formation of Project Area I and actions authorized under Appendix I and this Financing Plan. Attorneys' fees associated with these validation actions will be Port Costs or City Costs that are reimbursable under **Section 9.2** (Port Accounting and Budget).
- 6.5. Tax Allocation Bonds. Appendix I authorizes the IFD to issue Tax Allocation Bonds in compliance with Governing Law and Policy, subject to the same Project-based constraints, limitations, and procedures applicable to Mello-Roos Bonds under this Financing Plan. Should the Parties later agree to use Tax Allocation Bonds to finance Horizontal Improvements, any reference in this Financing Plan to Bonds will also mean the proceeds of any Tax Allocation Bonds that the City issues for the stated purposes.
- 6.6. Tax Increment Credit. The procedures in this Section will apply only to Development Special Taxes. Available Tax Increment will not be used to reduce the Office Special Taxes or the Shoreline Special Taxes on any Taxable Parcel in the Mission Rock CFD.
 - (a) Step 1. By May 30 in each City Fiscal Year, the Treasurer-Tax Collector will prepare a Payment Report that specifies the Parcel Increment Amount for each Assessed Parcel and deliver the report to the CFD Administrator.
 - (b) Step 2. At the beginning of the next City Fiscal Year, the CFD Administrator will:

- (i) inform the Treasurer-Tax Collector of the Potential Development Special Tax Levy on each Assessed Parcel according to the RMA; and
- (ii) prepare an Assessed Parcel Credit Report to the Treasurer-Tax Collector that calculates the Development Special Tax Credit under this Section for each Current Parcel.
- (c) <u>Step 3 Alternative 1</u>. If the Available Tax Increment is equal to or greater than the Potential Development Special Tax Levy on each Current Parcel as shown in the Assessed Parcel Credit Report, the following will apply to the current City Fiscal Year.
 - (i) The Controller will direct the transfer of the amount of Available Tax Increment equal to the Potential Development Special Tax Levy on all Current Parcels to the applicable Mello-Roos Bond debt service account in the amounts directed by the CFD Administrator and the balance to the Project Account of the Tax Increment Fund.
 - (ii) The CFD Administrator will not levy any Development Special Taxes on the Current Parcels.
 - (iii) The CFD Administrator will levy the Potential Development Special Tax Levy on every Taxable Parcel other than the Current Parcels according to the RMA.
- (d) Step 3 Alternative 2. If the Available Tax Increment is less than the Potential Development Special Tax Levy on each Current Parcel as shown in the Assessed Parcel Credit Report, the following will apply in the current City Fiscal Year.
 - (i) The Controller will direct the transfer of all Available Tax Increment to the applicable Mello-Roos Bond debt service account as directed by the CFD Administrator.
 - (ii) Because Available Tax Increment is not sufficient to offset the Potential Development Special Tax Levy on each Current Parcel, the CFD Administrator will apply the specific Parcel Increment Amount to the Current Parcel that generated it.
 - (iii) The CFD Administrator will levy Development Special Taxes on each Current Parcel in the amount equal to its Potential Development Special Tax Levy less the amount allocated under clause (ii) of this Subsection.
 - (iv) The CFD Administrator will levy the Potential Development Special Tax Levy on every Taxable Parcel other than the Current Parcels.

7. PORT ADVANCES

7.1. Port Revenues.

- (a) Allowed Uses of Port Revenues. Under the Burton Act, SB 815, and Charter section B6.406, the Port's Development Rights Payment are public trust revenues that must be deposited into the Port Harbor Fund. Once deposited into the Port Harbor Fund, the Port may spend those revenues subject to any priorities established under any indenture or other debt instrument secured by those funds, for:
 - (i) uses specified in section 3 and section 5 of the Burton Act;
 - (ii) uses specified in Charter appendix B;
 - (iii) uses specified in SB 815, AB 2797, and any other state legislation authorizing Port expenditures; and
 - (iv) other uses consistent with the public trust.

- (b) <u>Trust Consistency</u>. The Port Commission has determined that the Port's use and handling of Development Rights Payments as specified in this Financing Plan is authorized under SB 815 and the Charter and is otherwise consistent with the public trust and the Burton Act.
- (c) Fair Market Value. The Port has submitted information and documents to State Lands, seeking its approval of the DDA procedures for determining the Fair Market Value of the Development Parcels, the form of the Parcel Lease, and the Port's use of DRP Advances to pay for Horizontal Development Costs of Horizontal Improvements, all in accordance with AB 2797.

7.2. DRP Advances.

(a) Parcel DRPs. The Port will use Parcel DRPs paid to the Port under DDA art. 7 (Parcel Leases) to make DRP Advances to the Mission Rock CFD as specified in Article 3 (Development Rights Payments).

(b) Promissory Note.

- (i) Before the Port makes the first DRP Advance by application of cash or a Credit Bid to the Project Payment Obligation, the CFD Agent will sign a Promissory Note in the form of **FP Exhibit B** and deliver it to the Port.
- (ii) Within one business day after receiving each DRP Advance, the CFD Agent will provide to the Port the following information with respect to the application of funds:
 - (1) the Phase to which each entry applies;
 - (2) amounts applied to pay the Developer Balance, accounting separately for amounts applied to the Entitlement Sum, with detail on Allowed Return and Additional Return, Developer Capital spent after the Reference Date, and Allowed Return, Additional Return, Alternative Return, and Reduced Return, as applicable, accrued after the Reference Date; and
 - (3) amounts applied to pay any Port Balance, accounting separately for the Port's Horizontal Development Costs, Allowed Return, Additional Return, and Alternative Return.
- (iii) The Port will enter on the allonge all specified information regarding the Advance.
- (iv) Interest will begin to accrue on the principal balance of the Promissory Note from the date of each Advance until paid, at the rates specified in **FP Exhibit B**.
- (v) Contemporaneously with each payment that the Mission Rock CFD or the IFD makes to the Port to apply to the Promissory Note, the Port will enter on the allonge the application of the funds. The Port will apply payments first to accrued interest, then to principal in chronological order of each DRP Advance.

7.3. Lead Parcel Proceeds.

(a) Equal to Entitlement Sum. If the aggregate Fair Market Value of the Lead Parcels is equal to the Entitlement Sum on the date the Port's conveyances Close, the Port's obligation to pay the Entitlement Sum to Developer will be satisfied in full by the Port's delivery of the Parcel Leases for the Lead Parcels.

(b) More than Entitlement Sum.

- (i) If the aggregate Fair Market Value of the Lead Parcels is more than the Entitlement Sum when the Parcel Leases Close, the Port's obligation to pay the Entitlement Sum to Developer will be satisfied in full by the Port's delivery of the Parcel Leases for the Lead Parcels.
- (ii) The Vertical Developer Affiliate will be required to pay the overage into Escrow in cash either as a lump sum to be disbursed to the Special Fund Trustee for deposit into the DRP Fund.
- 7.4. Port Election. At its sole election in the Phase Budget process under the DDA, the Port will have the right to use any source that is less costly than Developer Capital for purposes consistent with this Financing Plan. Each Port Capital Advance will be treated as specified in this Article.
 - (a) By Agreement in Phase Budget. The Port has the right to invest Port Capital subject to the following limitations to allow for a coordinated plan of finance and associated capital formation activities by Developer.
 - (i) During its review of a Phase Budget, Port staff may agree to recommending that the Port Commission commit to use Port Capital to fund Phase Improvements by notice. The Parties will meet and confer before the Phase Budget is approved to agree on the timing and amount of any proposed Port Capital Advances.
 - (ii) The Port may propose to invest Port Capital at other times. Except in connection with Section 2.6 (Phase 1 Cost Containment) or Section 2.7 (Jobs/Housing Equivalency Fee Shortfalls), a Port proposal to make additional Port Capital Advances will be subject to Developer's prior consent in Developer's sole discretion.

8. ACQUISITION OF HORIZONTAL IMPROVEMENTS

- **8.1.** Commercially Reasonable Costs. Under this Financing Plan, Horizontal Development Costs that Developer incurs will be deemed commercially reasonable if incurred under contracts meeting the criteria specified in *DDA* § 13.4 (Contracting Procedures).
- **8.2.** Ownership of Horizontal Improvements. Developer will own each Horizontal Improvement until its Acquisition Price has been paid by Project Payment Sources, and the Horizontal Improvement has been delivered to and accepted by the applicable Acquiring Agency.
- **8.3.** Progress Payments. Under the Acquisition Agreement, the Port will make progress payments from time to time using Project Payment Sources as each source becomes available.
- **8.4.** Payment Conditions. Developer acknowledges that it must satisfy all conditions to payment in the Acquisition Agreement before the Port will be obligated to approve a Payment Request.
- **8.5.** Reimbursements for Horizontal Development Costs. Developer and the Port acknowledge the following.
 - (a) Expenditures in Reliance of Reimbursement and Return. Developer's use of Developer Capital before Development Rights Payments and Public Financing Sources are available is not a gift or a waiver of Developer's right to reimbursement for Horizontal Development Costs and to receive Developer Return.

- (b) <u>Payments in Installments</u>. Developer will be reimbursed for Horizontal Development Costs and receive Developer Return in installments as Project Payment Sources become available in accordance with this Financing Plan and the Acquisition Agreement, and Developer Return will accrue on any unpaid balance until the Port satisfies Developer Balance or Project Payment Sources are no longer available for that purpose.
- (c) <u>Limited Project Revenue</u>. Both Parties wish to use Public Financing Sources to the greatest extent and as early as feasible for Horizontal Development Costs. Developer acknowledges that the Port's sources to pay Additional Return will be limited to Project Payment Sources that are not subject to the Interest Cost Limitation.

9. PROJECT ADMINISTRATION

9.1. Developer Accounting.

- (a) Phase Accounts. Developer agrees to establish and maintain separate Phase Accounts for each Phase in form reasonably approved by the Port to track Developer's Horizontal Development Costs for Phase Improvements as they are incurred, the accrual of Developer Return on its unreimbursed Horizontal Development Costs, and the application of Project Payment Sources to accrued Developer Return and unreimbursed Horizontal Development Costs. For each Phase Account accrual of Developer Return up to the Interest Cost Limitation and accrual of Additional Return shall be calculated separately.
- (b) Phase Quarterly Reports. Developer will prepare and deliver to the Port a Phase Quarterly Report in a form reasonably acceptable to the Port until the Project Payment Obligation has been fully satisfied. Phase Quarterly Reports must include the following information, reported separately for each Phase for which Developer has obtained a Phase Approval and in the aggregate for the Project as a whole:
 - (i) if applicable, a statement of Horizontal Development Costs previously incurred by Developer but not yet reimbursed;
 - (ii) updated estimates of additional Horizontal Development Costs for Phase Improvements and actual Horizontal Development Costs incurred as specified in DDA § 13.5(b) (Estimated Costs);
 - (iii) accrued paid and unpaid Developer Return, accounting separately for Developer Return up to the Interest Cost Limitation and Additional Return;
 - (iv) if applicable, adjustments to the prior Phase Quarterly Report;
 - (v) application of Project Payment Sources that Developer has received during the reporting period, accounting separately for each source;
 - (vi) new development expected to occur or that is in progress, the assessed value of which is expected to be included on the secured real property tax roll in the City Fiscal Year before the next Developer Quarterly Report will be due;
 - (vii) any Parcel Leases that Developer expects to Close Escrow, if the assessed value is expected to be included on the secured real property tax roll for a City Fiscal Year before the next Developer Quarterly Report will be due;
 - (viii) Cumulative IRR;
 - (ix) Capital Costs incurred in the Phase and in the aggregate for the Project;
 - (x) projected or, if known, actual Peak Developer Capital;

- (xi) the amount of Developer Return and any Reduced Return paid in the Phase and in the aggregate;
 - (xii) any Alternative Return paid to date; and
 - (xiii) Port Costs and City Costs billed, paid, and unpaid.

(c) <u>Effect of Termination</u>.

- (i) Subject to **clause** (ii) of this Subsection, Phase Quarterly Reports shall cover all Phases, Developer's obligation to provide Phase Quarterly Reports will terminate as to any Terminated Phase after Developer has provided to the Port the Phase Quarterly Report covering the reporting period ending on the applicable Termination Date.
- (ii) Unless the Terminated Phase was terminated on account of a default by the Port, Developer will be obligated to provide a Phase Audit under **Subsection 9.3(a)** (Phase Audit) for any Terminated Phase covering the Phase up to the Termination Date and to cooperate with any successor master developer to the extent necessary for the successor to complete any Phase Audit required under **Subsection 9.3(a)** (Phase Audit) and Final Audit required under **Subsection 9.3(b)** (Final Audit).

9.2. Port Accounting and Budget.

(a) Port FY Budget Preparation.

- (i) The Port and Developer will meet and confer to create a Port FY Budget of projected Port Costs, City Costs, and Public Financing Sources for the period ending June 30 of the 2018-2019 City Fiscal Year and each City Fiscal Year until the Port has satisfied all of its payment obligations to Developer under this Financing Plan. By May 1 of each year during the DDA Term, the Port and Developer will meet and confer on a Port FY Budget for the next City Fiscal Year.
- (ii) To aid the Port in preparing its Port FY Budget, Developer will provide its estimates of Horizontal Development Costs for all Horizontal Improvements that it expects to build in the next City Fiscal Year by quarter. By March 1 of each City Fiscal Year, the Port will advise Developer of Port Capital Advances that the Port intends to include in its proposed budget as a Project Payment Source, subject to the City's annual budget approval process.

(b) Contents of Port FY Budget.

- (i) The Port will prepare preliminary estimates of Port Costs and request estimates of City Costs from each other City Agency, including those to be provided by Public Works under ICA § 3.6 (Cost Recovery). The preliminary budget will provide quarterly estimates of projected Public Financing Sources, Port Costs, and City Costs for allocated Port and City staff by department and category and include estimated fees payable to third-party professionals that the Port and other City Agencies have engaged or expect to engage. The Port will update its preliminary budget through an iterative process and discussions with Developer as the Port obtains more information.
- (ii) In each Port FY Budget, the Port will include the projected amount of Available Tax Increment and, if necessary, propose additional Project Payment Sources in accordance with the Phase Budget for any Current Phase to:
 - (1) offset the Potential Development Special Tax Levy of each Current Parcel under **Section 6.6** (Tax Increment Credit);

- (2) pay debt service and other costs associated with any Mello-Roos Bonds or Tax Allocation Bonds for which Allocated Tax Increment was pledged;
 - (3) pay for projected Horizontal Development Costs; and
- (4) satisfy the portion of the Project Payment Obligation and obligations under clause (ii) and clause (iii) of Subsection 2.4(c) (Developer Return) to be paid with Allocated Tax Increment.
- (iii) Through this process, the Port and Developer will agree on the Port FY Budget and agree on the amount that the Port will retain from Public Financing Sources to offset Port Costs and City Costs and an estimate of the remaining amount that Developer will be required to pay.
- (c) <u>City and State Authority</u>. Developer acknowledges that the Port FY Budget and budget supplements are subject to review and approval by the Port Commission and the Board of Supervisors, each in its sole discretion. Developer also acknowledges that the Port FY Budget is subject to Applicable Port Laws.

(d) Reporting.

- (i) Within 90 days after the end of each quarter during the DDA Term, the Port Director will deliver to Developer a Port Quarterly Report that states the Port's Horizontal Development Costs for Port Improvements, Port Costs, Other City Costs, and Project Payment Sources for the previous quarter and in comparison to the Port FY Budget. Each Port Quarterly Report will include copies of third-party statements and be binding on Developer in the absence of error that Developer demonstrates within six months after receipt.
- (ii) The Port will provide additional information and supporting documentation about Port Costs at Developer's reasonable request. The Port and Developer agree to cooperate to develop a reporting format that satisfies Developer's reasonable informational needs without divulging any privileged or confidential information of the Port, the City, or their respective Agents.
- (iii) Within XXXX months after the Project Payment Obligation is satisfied, the Port will prepare a Final Port Report providing cumulative, detailed information about the Port's Horizontal Development Costs and Return on Port Capital spent for Port Improvements. The Final Port Report will be subject to Developer's rights under Subsection 9.4(b) (Developer Audit).
- (e) <u>Reimbursement.</u> Developer will pay the Port the sum of unreimbursed Port Costs and City Costs within 60 days after receipt of each Port Quarterly Report. The Parties will meet and confer in good faith to resolve any disputes regarding a Port Quarterly Report. In addition to the other remedies provided in this DDA, the Port has the right to terminate or suspend any work under this DDA if Developer fails to pay the amount due, until the Port is paid in full.
- (f) <u>Unreimbursed Port Costs</u>. To the extent that Developer does not pay or reimburse the Port for any Port Costs when due under **Subsection 9.2(e)** (Reimbursement), the Port may elect to recover the unpaid sum from any available Project Payment Sources (to the extent permitted), plus the Port's costs of collection or to issue a notice of Prospective Breach to Developer under *DDA § 18.1 (Notices)*.

9.3. Audit Obligations.

(a) Phase Audit.

- (i) In reference to each Phase, except as to any portion for which this DDA has been terminated or unless otherwise approved by the Port Director, Developer shall submit to the Port a Phase Audit prepared by a CPA that updates all financial matters included in previously submitted Phase Quarterly Reports through the Phase Audit Date and prepared according to a commercially reasonable scope of review approved by the Port. The cost of a Phase Audit will be a Soft Cost.
- (ii) Subject to clause (iii) of this Subsection, the Phase Audit Date for each Phase will be six months after the later of the date that the Port has:
 - (1) conveyed the last Option Parcel to be conveyed in the Phase; or
 - (2) issued the SOP Compliance Certificate for the last Phase of the Project.
- (iii) The Phase Audit Date for any Terminated Phase will be six months after the Termination Date.
- (iv) The Port will have six months to review and accept each Phase Audit without prejudice to its rights under **Subsection 9.4(a)** (Port Audit).
- (b) Final Audit. The Final Audit Date for the Horizontal Improvements will be six months after the Port has satisfied the Project Payment Obligation, subject to Subsection 9.3(c) (Final True-Up). Developer will submit to the Port the Final Audit prepared by a CPA, except as to any terminated Phase, which updates all of the matters included in all Phase Audits through the Final Audit Date, prepared according to a commercially reasonable scope of review approved by the Port. The Port will have six months to review each Phase Audit and will provide notice to Developer when the Port's review is complete, without prejudice to its rights under Subsection 9.4(a) (Port Audit).
- (c) <u>Final True-Up</u>. Developer's delivery of a Phase Audit and of the Final Audit will be without prejudice to its right to payment under clause (ii) or clause (iii) of **Subsection 2.4(c)** (Developer Return).

9.4. Audit Rights.

- (a) Port Audit. The Port will have the right to conduct a Port Audit of matters covered by each Phase Audit and of the Final Audit. The Port will provide notice to Developer no more than four years after accepting the Phase Audit or Final Audit that the Port intends to review.
 - (i) The Port will bear its own audit costs unless a Port Audit reveals that Developer's Horizontal Development Costs for any category, including accrued Developer Return, are overstated by 5% or more from those stated in the Phase Audit or Final Audit under review. In that case, the costs of the Port Audit will be reimbursable Port Costs under the DDA.
 - (ii) The Parties may agree to submit disputes over whether any of Developer's Horizontal Development Costs for any category are overstated by 5% or more to nonbinding arbitration under DDA § 9.3 (General Arbitration Procedures).
- (b) <u>Developer Audit</u>. Developer will have the right to conduct a Developer Audit of the Port's Horizontal Development Costs as reported in the Final Port Report.

Developer will provide notice of its intent to conduct a Developer Audit to the Port no more than four years after receiving the Final Port Report.

- (i) Developer will bear its own audit costs unless a Developer Audit reveals that the Port's Horizontal Development Costs for any category are overstated by 5% or more from those stated in the Final Port Report. In that case, the Port will pay the costs of the Developer Audit.
- (ii) The Parties may agree to submit disputes over whether any of the Port's Horizontal Development Costs for any category are overstated by 5% or more to nonbinding arbitration under *DDA* § 9.3 (General Arbitration Procedures).
- (c) <u>Audit Rights for Participation Agreement</u>. Each Party will have the right to audit the other Party's records regarding the Participation Agreement at its sole cost.

9.5. Books and Records.

- (a) <u>Developer's Books and Records</u>. Developer will keep in its San Francisco office, for each Phase for the longer of four years after the applicable Phase Closing Date and the date on which any Port Audit is final or any litigation or dispute resolution proceeding relating to Developer's Books and Records or any Port Audit is finally concluded, Books and Records of all:
 - (i) Horizontal Improvements;
 - (ii) Developer Capital spent on Horizontal Development Costs of Horizontal Improvements;
 - (iii) application of Project Payment Sources and any other sources to pay for or reimburse Developer's Horizontal Development Costs and pay Developer Return, organized by Phases; and
 - (iv) Phase Accounts, Phase Quarterly Reports, Phase Audits, and the Final Audit.
- (b) <u>Port Books and Records</u>. The Port will provide Developer the following documents promptly after they are released.
 - (i) Until the Final Audit Date, the Port will provide copies of its annual audited financial statements, Statement of Indebtedness for Appendix I, and reports to the Controller for the RMA to Developer as soon as practicable following their public filing or release.
 - (ii) The Port will provide Developer with copies of each annual report to State Lands accounting for the Port's receipt and uses of lease revenues from Seawall Lot 337 as soon as practicable following its public filing or release.
- (c) Format and Availability. The chief financial officers of each Party will meet to discuss and agree on formats for all Books and Records to be kept and provided under this Financing Plan, to the extent not dictated by Governing Law and Policy. After reasonable notice, a Party will make its Books and Records available to the other Party during regular business hours.

9.6. Consultants.

(a) <u>Port Consultants</u>. The Port, following consultation with Developer, will select any consultants that the Port deems reasonably necessary to form the CFD and Project Area I; prepare Appendix I and the RMA; issue Bonds; and otherwise implement this Financing Plan. The Port currently anticipates engaging special tax consultants, tax increment fiscal consultants, appraisers, financial advisors, bond underwriters, absorption

consultants, bond counsel, bond trustees, escrow agents, and escrow verification agents, without prejudice to its right to engage other consultants as the need arises. Under this Financing Plan, any of the Port's reasonable out-of-pocket costs for financing consultants that are not reimbursed as CFD Administrative Costs or IFD Administrative Costs will be Port Costs.

- (b) <u>Developer Consultants</u>. Developer may engage its own consultants to advise it on matters related to this DDA or any Debt, and its reasonable out-of-pocket costs that are not reimbursed from Public Financing Sources will be Soft Costs.
- 9.7. Payment of Costs. The following procedures will apply to any demand from one Party to the other Party for other payments required under the DDA, including the defense, compromise, and resolution of an action, except as otherwise provided. This Section does not apply to Payment Requests under the Acquisition Agreement.
 - (a) <u>Demand</u>. The Party seeking payment will deliver its demand for payment to the other Party together with proof of payment. The Party obligated to pay will have the right to engage a CPA to review the other Party's claimed costs, and the Party seeking payment will cooperate in providing information necessary for the review. The Party conducting the review will bear its own costs unless the review reveals that the other Party's costs are overstated by 5% or more, in which case, the amount of the reimbursement will be reduced by the amount of the review costs.
 - (b) <u>Time for Payment</u>. Except as otherwise provided in any Transaction Document, or during any period of review or arbitration, payment demands are payable within 30 days after their receipt.

Developer and the Port have executed this Financing Plan as of the last date written below.

FP EXHIBIT B

Form of Promissory Note

By executing and delivering this PROMISSORY NOTE (this "Note"), CITY AND COUNTY OF SAN FRANCISCO SPECIAL TAX DISTRICT XXXX (the "CFD"), acting through the Port Commission of San Francisco, its duly appointed agent (the "CFD Agent"), promises to pay to the CITY AND COUNTY OF SAN FRANCISCO (the "City"), acting by and through the PORT COMMISSION OF SAN FRANCISCO (the "Port"), the principal amount of each DRP Advance (each, an "Advance") that the Port makes from time to time to the CFD in accordance with the Financing Plan (the "Financing Plan") to the Disposition and Development Agreement between the Port and Seawall Lot 337 Associates, LLC ("Developer"), dated as of XXXX (the "DDA").

Initially capitalized and other terms are defined in the Appendix to the DDA, which contains definitions, rules of interpretation, and standard provisions applicable to all Transaction Documents and this Note.

1. Within one business day after receiving each Advance from the Port, the CFD Agent will identify the Payment Request to which the Advance applies and confirm to the Port in writing that the CFD applied the funds as specified in the signed Payment Request or provide an explanation for any variance from the Payment Request. Variances in the application of funds will be allowed only to the extent consistent with the Financing Plan, such as the availability of additional Mello-Roos Taxes between the date the Payment Request is approved and the date of the Advance. The Port will enter the information that the CFD Agent provides on the allonge to this Note.

In each case, the CFD Agent must provide the following information to the Port:

- (a) Phase to which each Advance applies;
- (b) amounts applied to pay the Developer Balance, accounting separately for amounts applied to the Entitlement Costs, Developer Capital spent after the Reference Date, Allowed Return (including if applicable, any Alternative Return and Reduced Return), and Additional Return accrued to and after the Reference Date; and
- (c) amounts applied to pay the Port Balance, accounting separately for the Port's Horizontal Development Costs, Allowed Return (including any Alternative Return) and Additional Return.
- 2. The CFD promises to pay interest on the unpaid principal amount of each Advance applied to:
 - (a) Horizontal Development Costs and Allowed Return from the date made until the principal amount is paid in full, at an annual rate of XXXX percent, compounded quarterly until paid; and
 - (b) Additional Return from the date made until the principal amount is paid in full, at an annual rate of 10 percent, compounded quarterly until paid.
- 3. No payments will be due under this Note until the Port has fully satisfied the Project Payment Obligation. After that has occurred, the CFD Agent will instruct the Special Fund Trustee or the Indenture Trustee, as applicable, to begin to make payments of

- principal and interest to the Port from available Public Financing Sources in the priorities established under the Financing Plan.
- 4. Each payment under this Note will be due 10 business days after the Controller disburses Mello-Roos Special Taxes and Allocated Tax Increment to the Special Fund Trustee in a City Fiscal Year. Until the principal balance and accrued interest have been paid in full, additional payments will be due annually, without presentment or demand.
- **5.** Each payment under this Note from Mello-Roos Bond Proceeds will be payable as directed under the applicable Indenture.
- 6. Unless the Port directs otherwise, the CFD Agent must instruct that each payment to the Port be made by wire as follows:

[Insert wiring instructions.]

The Port will make entries on the allonge to reflect the date and application of each CFD payment.

7. The CFD may prepay the principal balance and accrued interest without penalty. Late payments will bear interest at the default rate of 10% until paid.

RMA Outline (To be attached.)

[Page intentionally left blank.]

FP EXHIBIT D

Participation Agreement

Developer Participation will be calculated and payable as described below.

- 1. Participation Threshold. The Participation Threshold in each City Fiscal Year during the Participation Period is \$2.5 million, without escalation.
- 2. Participation Revenue.
 - (a) Source. The Port will pay Developer Participation from Annual Ground Rent receipts as provided in **Paragraph 5**.
 - (b) <u>Calculation</u>. The amount of Participation Revenue in each City Fiscal Year during the Participation Period will be the sum of:
 - (i) Annual Ground Rent and Percentage Rent paid to the Port from all Participating Parcels; and
 - (ii) Shoreline Taxes collected in a City Fiscal Year from all Participating Parcels outside of Zone 1.
 - (c) <u>Exclusions</u>. Participation Revenue excludes Port participation in capital events described in described in FP § 1.8(c) (Port Participation in Lease Capital Events) or in Parcel Lease § XXXX (XXXX), or both.
- 3. Participation Period. The Participation Period will:
 - (a) begin when the Participation Threshold is met in two consecutive City Fiscal Years; and
 - (b) end on the earlier of:
 - (i) 75 years; and
 - (ii) the date on which all Parcels Leases have expired or have been earlier terminated.
- **4. Developer Participation**. Developer will be entitled to Developer Participation in Participation Revenue during the Participation Period as follows.
 - (a) 45% of the amount above \$2.5 million in Participation Revenue that the Port receives in each of years 1 through 25 of the Participation Period;
 - (b) 35% of the amount above \$2.5 million in Participation Revenue that the Port receives in each of years 26 through 50 of the Participation Period; and
 - (c) 25% of the amount above \$2.5 million in Participation Revenue that the Port receives through the end of the Participation Period.
- **Payment.** Within 120 days after the end of each City Fiscal Year during the Participation Period, the Port will:
 - (a) provide Developer with a copy of the Port's annual report to State Lands on receipt and uses of lease revenues from SWL 337 as required under SB 815; and
 - (b) pay Developer its Developer Participation if the Participation Threshold was met.
- 6. Port Books and Records. Port books and records available to Developer under $FP \leq 9.5(b)$ (Port Books and Records) will continue to be available under this Participation Agreement.

7. Audit Rights. Each Party will have audit rights as described in $FP \S 9.4(c)$ (Audit Rights for Participation Agreement) with respect to matters covered by this Participation Agreement.

FP SCHEDULE 4

Sample Credit Bid Calculations

All figures chosen to illustrate mechanics of calculation only.

EXAMPLE 1

Project Payment Sources: \$10 million Parcel DRP

Project Payment Obligation: \$10,515,000

• Developer Balance: \$8.5 million, consisting of:

o Entitlement Sum: \$2 million, no Additional Return

o Developer Capital spent after the Reference Date: \$6 million

o Allowed Return after the Reference Date: \$125,000

o Additional Return: \$375,000

• Port Balance: \$2,015,000, consisting of:

Port Capital: \$2 millionAllowed Return: \$15,000

Step 1 - Pay Entitlement Sum:

- Developer may Credit Bid \$2 million to pay off Entitlement Sum
 - o \$8 million Parcel DRP remains after payment
 - o Payment is entered on Developer Capital Schedule and Promissory Note-DRP

<u>Step 2 – Pay Developer Balance and Port Balance Pro Rata</u>: [Note: Under this example, pro rata only applies to portions that cannot be fully paid.]

- First pay off Developer Return and Allowed Return
 - o Developer may Credit Bid \$500,000 to pay off Developer Return
 - o Developer must deposit \$15,000 in cash to pay off Allowed Return
 - o \$7,485,000 Parcel DRP balance after payment
 - Payment is entered on Developer Capital Schedule, Port Capital Schedule, Promissory Note-DRP, and Promissory Note-X
- Next, pay Developer Capital and Port Capital pro rata
 - o \$6 million Developer Capital + \$2 million Port Capital exceeds DRP balance
 - o Ratio of \$6 million Developer Capital to \$2 million Port Capital is 3:1
 - O Developer may Credit Bid \$5,613,750, which is 3/4 of DRP balance, to reduce Developer Balance to \$386,350
 - O Developer may deposit \$1,871,250, ¼ of DRP balance, in cash to reduce Port Balance to \$128,750
 - Payment is entered on Developer Capital Schedule, Port Capital Schedule, and Promissory Note-DRP

EXAMPLE 2

Project Payment Sources: \$14 million

- \$8 million Parcel DRP
- \$6 million Mello-Roos Bond Proceeds secured by Tax Increment

Project Payment Obligation: \$14,025,000

- Future Phase Improvements: \$2 million
- Developer Balance: \$10 million, consisting of:
 - o Entitlement Sum: \$3.5 million
 - \$2,925,000 Developer Capital
 - \$150,000 Allowed Return
 - \$425,000 Additional Return
 - o Developer Capital: \$6 million
 - o Allowed Return after the Reference Date: \$125,000
 - o Additional Return after the Reference Date: \$375,000
- Port Balance: \$2,025,000, consisting of:
 - o Port Capital: \$2 million
 - o Allowed Return: \$25,000

Step 1 - Set Aside Bond Proceeds for Future Phase Improvements:

- \$6 million Bond Proceeds available
 - o \$2 million set-aside for future Phase Improvements
 - o \$4 million Bond Proceeds balance after set-aside

Step 2 - Pay Entitlement Sum:

- \$8 million Parcel DRP available
 - o Developer may Credit Bid \$3,500,000 to pay off Entitlement Costs
 - o \$4,500,000 Parcel DRP balance after payment
 - o Payment is entered on Developer Capital Schedule and Promissory Note-DRP

[Remainder of page intentionally left blank.]

<u>Step 3 – Pay Post-Approval Developer Balance and Port Balance</u>: [Note: Under this example, pro rata only applies to portions that cannot be fully paid.]

- \$4 million Bond Proceeds is enough to pay Allowed Return and Allowed Return; Additional Return is not an permitted use
 - o \$125,000 applied to pay off Allowed Return
 - o \$25,000 applied to pay off Allowed Return
 - o \$3,850,000 Bond Proceeds balance after payment
 - o Payments are entered on Developer Capital Schedule and Port Capital Schedule
- \$4,500,000 Parcel DRP balance must be used to pay Additional Return
 - o Developer may Credit Bid \$375, 000 to pay off Additional Return
 - o \$4,125,000 Parcel DRP balance after payment
 - o Payments are entered on the Developer Capital Schedule and Promissory Note-X
- Available sources: \$7,975,000 (\$3,850,000 Bond Proceeds + \$4,125,000 Parcel DRP)
- Outstanding capital balances: \$8 million (\$6 million Developer + \$2 million Port)
 - o Ratio of Developer Capital to Port Capital is 3:1
 - o Developer is entitled to \$5,981,250, which is 34 of the remaining sources
 - o Port is entitled to \$1,993,750, which is ¼ of the remaining sources
 - o To minimize Developer's cash payments, the Port is paid \$1,993,750 from Bond Proceeds, leaving an outstanding Port Balance of \$6,250
 - o Developer receives the remaining \$1,856,250 in Bond Proceeds and may Credit Bid the \$4,125,000 Parcel DRP, leaving an outstanding Developer Balance of \$18,750
 - o Payments are entered on Developer Capital Schedule, the Port Capital Schedule, and Promissory Note-DRP

EXAMPLE 3

Project Payment Sources: \$16 million

- \$10 million Parcel DRP
- \$6 million Mello-Roos Bond Proceeds secured by Tax Increment

Project Payment Obligation: \$12,525,000

- Remaining Phase Improvements: \$4 million
- Developer Balance: \$6.5 million, consisting of:
 - o Developer Capital: \$6 million
 - o Allowed Return: \$125,000
 - o Additional Return: \$375,000
- Port Balance: \$2,025,000, consisting of:
 - o Port Capital: \$2 million
 - o Allowed Return: \$25,000

Step 1 – Set Aside Bond Proceeds for Remaining Phase Improvements:

- \$6 million Bond Proceeds available
 - o \$4 million set aside for Phase Improvements.
 - o \$2 million Bond Proceeds balance

Step 2 - Pay Developer Balance and Port Balance:

- Available sources: \$10 million DRPs + \$2 million Bond Proceeds
- Pay Developer Return from Parcel DRP
 - o Developer may Credit Bid \$125, 000 to pay off Allowed Return
 - o Developer may Credit Bid \$375, 000 to pay off Additional Return
 - o \$9,500,000 DRP balance
 - o Payments are entered on Developer Capital Schedule and Promissory Note-DRP
- Pay Port Return from Bond Proceeds
 - o \$25,000 applied to Return on Port Capital
 - o \$1,975,000 Bond Proceeds balance
 - o Payment is entered on Port Capital Schedule
- Use sources to pay \$2 million Port Capital to minimize cash payments from Developer
 - o \$1,975,000 Bond Proceeds balance applied to Port Capital
 - o Developer must deposit \$25,000 in cash to pay off Port Capital
 - o Payment is entered on Port Capital Schedule
- Developer may Credit Bid \$6 million to pay off Developer Capital
 - o Payment is entered on Developer Capital Schedule and Promissory Note-DRP
 - o \$3,475,000 DRP balance to be deposited into DRP Fund

EXHIBIT C to Financing Plan

Special Tax Rates

A. <u>Facilities Special Taxes</u>

1. Development Special Tax

The Development Special Tax will be applicable to all taxable parcels. The rates set forth below are intended to yield annual taxes approximately equal to the estimated Allocated Tax Increment from each parcel at completion. After the completed building is enrolled on the ad valorem tax rolls, the Allocated Tax Increment from each building (i.e., 65% of ad valorem taxes paid) will be credited against the Development Special Tax.

The Development Special Tax rate for developed property will be as follows, escalated at 2% per year from 2017:

| Office | \$4.01 / gross square foot (gsf) |
|---------------------------|--|
| Market Rate Residential | \$6.54 / net rentable square foot (nrsf) |
| Inclusionary Residential: | , , |
| 45% AMI | \$1.14 per nrsf |
| 55% AMI | \$1.34 per nrsf |
| 90% AMI | \$2.21 per nrsf |
| 120% AMI | \$2.99 per nrsf |
| 150% AMI | \$3.75 per nrsf |
| D 1: 0: 1 | φrφ.γ. γ.γ.τ. / |

Parking Structure \$[\$X.XX] / gross square foot (gsf)

The Development Special Tax will not be applied to [under discussion] up to XX square feet of ground floor retail or PDR space .

2. Office Property Special Tax

Special Tax B will be applicable only to taxable parcels with office space and will not be subject to any Allocated Tax Increment credit on account of ad valorem property taxes. The initial Special Tax B rate for developed property will be \$1.55 per gsf of office space, and will escalate at 2% per year from 2017.

The Office Property Special Tax will not be applied to ground floor retail or PDR space.

3. Shoreline Special Tax

The Shoreline Special Tax will be applicable to all taxable parcels and will not be subject to any Allocated Tax Increment credit on account of ad valorem property taxes. The Shoreline Special Tax rates for developed property will be as follows, escalated at 2% per year from 2017:

Lodged with Board of Supervisors 2/1/18

| Office | \$0.62 per gsf |
|---------------------------|--------------------------------------|
| Market Rate Residential | \$1.01 per nrsf |
| Inclusionary Residential: | |
| 45% AMI | \$0.18 per nrsf |
| 55% AMI | \$0.21 per nrsf |
| 90% AMI | \$0.34 per nrsf |
| 120% AMI | \$0.46 per nrsf |
| 150% AMI | \$0.58 per nrsf |
| Parking Structure | \$[\$X.XX] / gross square foot (gsf) |

The Shoreline Special Tax will not be applied to [under discussion] up to XX square feet of ground floor retail or PDR space.

B. Services Special Tax

The Services Special Tax will be applied against each taxable parcel. The Services Special Tax rates for developed property will be as follows, escalated at the lesser of (i) the change in CPI or (ii) [under discussion X%] per year from 2017:

| Office . | \$1.35 / gsf |
|---------------------------|---------------|
| Market Rate Residential | \$1.11 / nrsf |
| Inclusionary Residential: | |
| 45% AMI | \$0.19 / nrsf |
| 55% AMI | \$0.23 / nrsf |
| 90% AMI | \$0.37 / nrsf |
| 120% AMI | \$0.51 / nrsf |
| 150% AMI | \$0.63 / nrsf |
| 150% AMI | \$0.63 / nrsf |

The Services Special Tax will not be applied to [under discussion] up to XX square feet of ground floor residential or PDR uses.

Notes:

*** All numbers are preliminary estimates and subject to further change. *** (a) Numerical estimates are expressed in nominal terms unless otherwise denoted. The horizontal infrastructure development phasing is estimated and subject to change.

⁽b) Includes the eligible cost of carry on an annual basis.

⁽c) All bond proceeds are net of issuance costs and interest reserve. The Port of San Francisco has the right but not the obligation to invest up to \$10 million toward horizontal infrastructure costs.

⁽d) CFD Mello Roos Bonds on completed buildings is secured by a twenty five basis points CFD special tax for the office parcels plus ten basis points applied to phase I parcels for shoreline improvements.

⁽e) Peak equity reflects the estimated maximum outstanding balance of master developer equity capital funded for a given phase (used for multiple return calculations).

⁽f) Existing SWL 337 Lot Ground Rent Allocation includes Lot A and Shed A. Base rent is estimated according to the horizontal development schedule.

⁽g) Pier 48 base rent will be determined in the future according to projected revenue and capital improvements.

⁽h) CFD Special Tax represents twenty five basis points applied to the office parcels.

⁽i) Shoreline Improvement Special tax is equal to ten basis points applied to all parcels in Phase I (Parcels A, B, G & K).

DDA EXHIBIT C2

"Appendix I to Infrastructure Financing Plan for IFD Project Area 1 Sub-Project Areas"

DDA EXHIBIT C2 Lodged with Board of Supervisors 2/1/18

Appendix I

Project Area I Comprised of Sub-Project Areas I-1, I-2, I-3, I-4, I-5, I-6, I-7, I-8, I-9, I-10, I-11, I-12, and I-13 (Mission Rock – Port of San Francisco)

This Appendix supplements and amends the main body of the Infrastructure Financing Plan (the "IFP") for City and County of San Francisco Infrastructure Financing District No. 2 (Port of San Francisco) (the "IFD") as it relates to Project Area I ("Project Area I"), which is comprised of Sub-Project Areas I-1,I-2, I-3, I-4, I-5, I-6, I-7, I-8, I-9, I-10, I-11, I-12, and I-13 (each a "Sub-Project Area" and collectively, the "Sub-Project Areas"). This Appendix constitutes the Infrastructure Financing Plan for Sub-Project Areas in accordance with the provisions of Section 53395.8(g) of Chapter 2.8 of Part 1 of Division 2 of Title 5 of the California Government Code, commencing with Section 53395 of the California Government Code (the "IFD Law"). In the event of any inconsistency between the main body of the IFP and this Appendix, the provisions of this Appendix shall govern with respect to the Sub-Project Areas.

Background: The City, acting by and through the Port Commission (the "**Port**"), and Seawall Lot 337 Associates, LLC ("**Developer**") anticipate entering into a Disposition and Development Agreement (the "**DDA**"), including a Financing Plan, which will govern the disposition and development of the Seawall 337 and Pier 48 and provide for the financing of certain capital facilities and public services related to the proposed project. The Project, known as "Mission Rock" (the "**Project**") is anticipated to be comprised of the following components:

- Over 8 acres of parks and open space;
- 1,327 rental residential apartments, of which 40% will be affordable to households earning less than 150% of the Area Median Income;
- 1.7 million square feet of office, retail, and production space; and
- Approximately one million square feet of structured parking.

The cost of public parks, plazas, utilities, open space, and streets to serve the Project is anticipated to total approximately \$191 million in current 2017 dollars. It is currently expected that these public improvements will be built by the Mission Rock developer and then transferred to public ownership. Tax increment revenues to be allocated to the IFD from the Sub-Project Areas will be used to acquire and construct the public improvements, and will also fund additional public improvements within the boundaries of the IFD.

The Project is anticipated to be constructed in Phases, as follows:

- Phase 1 Sub-Project Area 1 (Block A), Sub-Project Area 2 Block B), Sub-Project Area 7 (Block G), Sub-Project Area 11 (Block K)
- Phase 2 Sub-Project Area 3 (Block C), Sub-Project Area 4 (Block D)

- <u>Phase 3</u> Sub-Project Area 5 (Block E), Sub-Project Area 6 (Block F), Sub-Project Area
 13 (Mission Rock Square)
- Phase 4 Sub-Project Area 8 (Block H), Sub-Project Area 9 (Block I), Sub-Project Area 10 (Block J), Sub-Project Area 12 (Pier 48)

Port as agent of the IFD with respect to the Sub-Project Areas: The Board of Supervisors has appointed the City, acting by and through Port, as the agent of the IFD to implement this Appendix.

Boundaries and legal descriptions of Sub-Project Areas: The boundaries of the Sub-Project Areas are described in the maps attached to this Appendix as Attachment 1. The legal descriptions of the Sub-Project Areas are also attached to this Appendix as Attachment 1. The Sub-Project Areas do not initially correspond to the boundaries of assessor parcels. Tax increment will not be allocated to the IFD from a Sub-Project Area until assessor parcels for the development parcels within the Sub-Project Areas have been created.

Waterfront District: Each of the Sub-Project Areas is a "waterfront district," as defined in Section 53395.8(c)(17) of the IFD Law. This Appendix includes an infrastructure financing plan for the Sub-Project Areas in accordance with the requirements of Section 53395.8(g)(3).

Other initially-capitalized terms used, but not defined in this Appendix, have the meanings ascribed to them in the IFD Law or the IFP.

Future Amendments of this Infrastructure Financing Plan. The Board of Supervisors reserves the right, and nothing in this Appendix or the IFP limits the ability of the Board of Supervisors, to update or amend this Infrastructure Financing Plan in accordance with and subject to applicable law. In addition, and in furtherance of the foregoing, the Board reserves the right to amend this Appendix and the IFP by ordinance, and without any public hearing or vote of the registered voters or landowners in the Sub-Project Areas or other proceedings, for the following purposes:

- a. to extend the effective date of this Appendix and the period for allocation of tax increment from the Sub-Project Areas to the IFD, if the IFD Law is amended to allow a longer period;
- to allocate to the IFD from the Sub-Project Areas any portion of the ad valorem property tax revenue that has not been allocated to the IFD prior to the date of the amendment of this Appendix, if the IFD Law is amended to permit such an allocation;
- to increase the maximum amount of bonded indebtedness and other debt for the Sub-Project Areas based on the increased period of tax increment allocation described in the preceding clause (a) or the increased allocation of tax increment described in the preceding clause (b);

- d. to adopt any alternative amendment or annexation procedure with respect to the Sub-Project Areas that is permitted by an amendment to the IFD Law; and
- to amend the list of Facilities as long as the Board finds that the resulting Facilities are permitted by the IFD Law, will serve the development in the Sub-Project Areas and are of communitywide significance.

A. Base Year; Commencement of Tax Increment Allocation

The "Base Year" for each of the Sub-Project Areas is the fiscal year in which the assessed value of taxable property in such Sub-Project Area was last equalized prior to the effective date of the ordinance adopted to create the Sub-Project Areas or a subsequent fiscal year. The Base Year for each Sub-Project Area is FY 2017-2018.

Tax increment may begin to be allocated to the IFD from each Sub-Project Area beginning in the fiscal year following the Base Year, provided that no tax increment will be allocated to the IFD from a Sub-Project Area until (i) assessor parcels for the development parcels within the Sub-Project Area have been created and (ii) the amount of increment available to be allocated from the Sub-Project Area in the fiscal year is equal to at least \$100,000.

B. Allocation of Tax Increment

- 1. The annual allocation of tax increment generated in each of the Sub-Project Areas to the IFD for purposes of Section 53396(b) of the IFD Law will be the amount appropriated in each fiscal year by the Board of Supervisors for deposit in the respective special fund established for each Sub-Project Area.
- 2. The Board of Supervisors will appropriate 100 percent of the "Allocated Tax Increment" (as defined below) for allocation to the IFD until the IFD repays all debt (as defined in the IFD Law) from Allocated Tax Increment to fund the capital facilities authorized by Section 53395.8(d) and listed in Exhibit I-1 of this Appendix (the "Facilities"). The financing of the Facilities satisfies the "waterfront set-aside" requirement set forth in Section 53395.8(g)(3)(C)(ii) of the IFD Law.
- 3. In order for the Facilities to be developed concurrently with the Project, and because there will be some lag time between the construction of the Facilities and availability of Allocated Tax Increment, multiple sources of funding will be needed to pay for the Facilities, and such sources, to the extent repaid by the IFD with Allocated Tax Increment from the Sub-Project Areas, will constitute secured debt of the Sub-Project Areas.

- Funds ("Developer Capital") to be advanced by the Developer;
- Funds to be advanced by the Port as either direct Port capital or advances of land proceeds;
- Proceeds from bonds that would be issued by the IFD and/or a Community Facilities
 District ("CFD") that would be established by the City to include all or a portion of the
 property in the Sub-Project Areas.

In addition, the Port, as the agency of the IFD, may use Allocated Tax Increment to pay directly for Facilities costs. The financial obligation of the IFD to fund Facilities costs with Allocated Tax Increment from each of the Sub-Project Areas is a debt of each of the Sub-Project Areas and will be reflected in the annual Statement of Indebtedness required by the IFD Law.

- 4. Notwithstanding the foregoing, the allocation made by the Board of Supervisors in this Appendix shall be the following:
 - (A) The Board of Supervisors hereby irrevocably allocates all of the "City Share of Tax Increment" (as defined below) from the Sub-Project Areas to the IFD to the extent that the City Share of Tax Increment is necessary to repay bonds, notes or related agreements or to meet contractual obligations that the IFD or the Port is obligated to satisfy with Allocated Tax Increment (including the DDA), in each case to the extent such bonds, notes, agreements or obligations have been approved by the Board of Supervisors.
 - (B) The Board of Supervisors retains the discretion to make annual appropriations for the allocation of City Share of Tax Increment from the Sub-Project Areas to the IFD to pay for debt that is not described in the preceding clause (A), including the financial obligation to fund Facilities costs from annual deposits of Allocated Tax Increment.
- 5. For purposes of this Appendix, the following capitalized terms are defined as follows:

"Gross Tax Increment" is, for each of the Sub-Project Areas, 100% of the revenue produced by the application of the 1% ad valorem tax rate to the Incremental Assessed Property Value of property within each Sub-Project Area;

"Incremental Assessed Property Value" is, in any year, for each Sub-Project Area, the difference between the assessed value of the property within such Sub-Project Area for that fiscal year and the assessed value of the property within such Sub-Project Area in the Base Year, to the extent that the difference is a positive number;

"City Share of Tax Increment" is 64.588206% of Gross Tax Increment.

"Allocated Tax Increment" is, for each of the Sub-Project Areas, the City Share of Tax Increment.

"CFD" is a Mello-Roos community facilities district formed over the Project.

C. Maximum Portion of Tax Increment Revenue of San Francisco and Affected Taxing Agencies to be Committed to the Sub-Project Areas

100% of the City Share of Tax Increment shall be allocated to the IFD from each of the Sub-Project Areas.

None of the incremental tax revenue of the local educational agencies in the boundaries of the Sub-Project Areas will be allocated to the IFD.

D. Projection of Tax Increment Revenue to the Sub-Project Areas

The financing section for a Sub Project Area must include a projection of the amount of tax increment expected to be allocated to the IFD from the Sub-Project Area assuming an allocation period for such Sub-Project Area of 45 fiscal years after the fiscal year in which the City projects that the IFD will have received \$100,000 of tax increment from such Sub-Project Area under the IFD Law.

The projection of Allocated Tax Increment from the Sub-Project Areas to be allocated to the IFD is attached in the following Riders:

| Sub-Project Area | Rider |
|-----------------------|-------|
| Sub-Project Area I-1 | #1 |
| Sub-Project Area I-2 | #2 |
| Sub-Project Area I-3 | #3 |
| Sub-Project Area I-4 | #4 |
| Sub-Project Area I-5 | #5 |
| Sub-Project Area I-6 | #6 |
| Sub-Project Area I-7 | #7 |
| Sub-Project Area I-8 | #8 |
| Sub-Project Area I-9 | #9 |
| Sub-Project Area I-10 | #10 |
| Sub-Project Area I-11 | #11 |
| Sub-Project Area I-12 | #12 |
| Sub-Project Area I-13 | #13 |

E. Tax Increment Limit

The financing section must include a limit on the total number of dollars of tax increment that may be allocated to the IFD pursuant to the IFP, subject to amendment of the IFP.

The initial tax increment limit for each Sub-Project Area is listed below. The total limit on the property tax increment that can be allocated to the IFD from the Sub-Project Areas over their 45-year terms is \$3.85 billion. These limits reflect projected total property tax increment plus a contingency factor of approximately 200 percent to account for variables such as higher assessed values of taxable property due to resales. And, the limit for Sub-Project Area 13 reflects the assumption that subterranean parking is built on the Mission Square block.

| Sub-Project Area | Tax Increment Limit |
|-----------------------|---------------------|
| Sub-Project Area I-1 | \$370,000,000 |
| Sub-Project Area I-2 | \$236,000,000 |
| Sub-Project Area I-3 | \$384,000,000 |
| Sub-Project Area I-4 | \$829,000,000 |
| Sub-Project Area I-5 | \$170,000,000 |
| Sub-Project Area I-6 | \$411,000,000 |
| Sub-Project Area I-7 | \$266,000,000 |
| Sub-Project Area I-8 | \$182,000,000 |
| Sub-Project Area I-9 | \$280,000,000 |
| Sub-Project Area I-10 | \$204,000,000 |
| Sub-Project Area I-11 | \$130,000,000 |
| Sub-Project Area I-12 | \$240,000,000 |
| Sub-Project Area I-13 | \$143,000,000 |

F. 20% Waterfront Set-Aside Requirement for Waterfront Districts

Pursuant to Section 53395.8(g)(3)(C)(ii) of the IFD Law, 20% of the Allocated Tax Increment received by the IFD as a whole ("**Set-Aside**") must be set aside to be expended solely on shoreline restoration, removal of bay fill, or waterfront public access to or environmental remediation of the San Francisco waterfront ("**Authorized Set-Aside Uses**"). The IFD Law allows the Set-Aside Requirement to apply on a Project Area wide basis (entire Project Area I) rather than on a Sub-Project Area basis.

On a cumulative basis, it is estimated that approximately 37.5% of the aggregate Allocated Tax Increment to the IFD from the Sub-Project Areas will be used for Authorized Set-Aside Uses.

G. Time Limits

The financing section must include the following time limits for each Sub-Project Area:

 A date on which the effectiveness of the infrastructure financing plan and all tax increment allocations to the Sub-Project Area will end, not to exceed 45 years from the date the IFD actually received \$100,000 in incremental tax revenues from the Sub-Project Area under the IFD Law; 2. A time limit on the IFD's authority to repay indebtedness with incremental tax revenues received in the Sub-Project Area under the IFD Law, not to exceed 45 years from the date the IFD actually received \$100,000 in incremental tax revenues from the Sub-Project Area under the IFD Law;

For Sub-Project Areas I-1 through I-12, the following are the applicable time limits:

- Date on which the effectiveness of the infrastructure financing plan with respect to the Sub-Project Area and all tax increment allocations to the Sub-Project Area will end: for each Sub-Project Area, the final day of the 45th fiscal year after the fiscal year in which the IFD actually receives \$100,000 of Allocated Tax Increment from such Sub-Project Area under the IFD Law.
- Date after which the IFD may no longer repay indebtedness with incremental tax revenues received under the IFD Law from the Sub-Project Area: for each Sub-Project Area, the final day of the 45th fiscal year after the fiscal year in which the IFD actually receives \$100,000 of Allocated Tax Increment from such Sub-Project Area under the IFD Law.

Sub-Project Area I-13 (Mission Square) is anticipated to be developed with tax-exempt public facilities. Therefore, it is not anticipated to generate tax increment. However, the Developer may elect to build up to 700 subterranean spaces at Mission Square. Given this potential but not anticipated scenario, the applicable time limits for Sub-project Area I-13 are as follows:

- Date on which the effectiveness of the infrastructure financing plan with respect to Sub-Project Area I-13 and all tax increment allocations to Sub-Project Area I-13 will end: the final day of the 45th fiscal year after the fiscal year in which the IFD actually receives \$100,000 of Allocated Tax Increment from Sub-Project Area I-13 under the IFD Law or June 30, 2073, whichever occurs first.
- Date after which the IFD may no longer repay indebtedness with incremental tax revenues received under the IFD Law from Sub-Project Area I-13: the final day of the 45th fiscal year after the fiscal year in which the IFD actually receives \$100,000 of Allocated Tax Increment from Sub-Project Area I-13 under the IFD Law or June 30, 2073, whichever occurs first.

H. Description of Public Facilities

The IFD Law requires an infrastructure financing plan to contain the following information with respect to each of the Sub-Project Areas:

1. Public facilities to be provided by the private sector.

In accordance with the terms of the DDA, the Developer and/or private vertical developers are obligated to provide the Project's public facilities identified in Exhibit I-1, excluding the Seawall and Port-wide sea level rise facilities to be built by the Port. The facilities will be partially initially funded by Developer capital, which will be repaid by IFD tax increment and CFD special taxes and/or bond proceeds supported by IFD tax increment and/or CFD special taxes.

Public facilities to be provided by governmental entities without assistance under the IFD Law.

In addition to issuing bonds that may be payable from CFD special taxes and Allocated Tax Increment (as described in this Appendix), the Port intends to levy two or more special taxes and/or issue bonds secured by such special taxes on some or all of the Project through the CFD to fund improvements that will not be funded by the IFD ("CFD-only Financing").

3. Public facilities to be financed with assistance from the Sub-Project Areas.

The Facilities that will be funded with Allocated Tax Increment from the Sub-Project Areas are listed in Exhibit I-1.

| Exhibit I-1 | | |
|--|---------------------|---|
| Facilities to be Funded by IFD | Target Timing | Estimated Cost (2017 \$) |
| Entitlement Phase Costs related to Facilities | 2012 – 2018 | \$25,000,000 |
| Location: Phase 1 - Sub-Project Areas I-1, I-2, I-7, | 1-11 | |
| Demo, Grading & Compaction, Building Pads, Piles | 2018-2025 | \$6,070,000 |
| Streets, Streetscape and Stone Columns | 2021-2025 | \$31,380,000 |
| Parks and Open Space | 2021-2025 | \$14,010,000 |
| Soft Costs and Contingency related to Facilities | 2018-2025 | \$29,740,000 |
| Subtotal – Phase 1 | 2018-2025 | \$81,200,000 |
| Location: Phase 2 – Sub-Project Areas I-3, and I-4 | | (1) (1) (1) (1) (1) (1) (1) (1) (1) (1) |
| Demo, Grading & Compaction, Building Pads, Piles | 2019-2025 | \$8,160,000 |
| Streets, Streetscape and Stone Columns | 2021-2025 | \$17,060,000 |
| Parks and Open Space | 2021-2025 | \$0 |
| Soft Costs and Contingency | 2019-2025 | \$14,580,000 |
| Subtotal – Phase 2 | 2019-2025 | \$39,800,000 |
| Location: Phase 3 - Sub-Project Areas I-5, I-6, and | I-13 | |
| Demo, Grading & Compaction, Building Pads, Piles | 2019-2026 | \$640,000 |
| Streets, Streetscape and Stone Columns | 2022-2026 | \$5,700,000 |
| Parks and Open Space | 2022-2026 | \$7,260,000 |
| Soft Costs and Contingency related to Facilities | 2019-2026 | \$8,070,000 |
| Subtotal – Phase 3 | 2019-2026 | \$21,670,000 |
| Location: Phase 4 - Sub-Project Areas I-8, I-9, I-10 | 0, and I-12 | |
| Demo, Grading & Compaction, Building Pads, Piles | 2023-2029 | \$460,000 |
| Streets, Streetscape and Stone Columns | 2025-2029 | \$10,840,000 |
| Parks and Open Space | 2025-2029 | \$3,200,000 |
| Soft Costs and Contingency related to Facilities | 2023-2029 | \$8,820,000 |
| Subtotal - Phase 4 | 2023-2029 | \$23,320,000 |
| Estimated Cost, Facilities | NA | \$190,990,000 |
| Location: Historic Rehabilitation, Seawall, Sea Le | evel Rise Portwide | |
| Pier 48 Sub- & Super-structure | 2025-2029 | \$90,400,000 |
| Seawall & Sea Level Rise, Port-wide | Throughout IFD Term | Not available |
| | | |

Pursuant to Attachment 2: "Guidelines for Establishment and Use of an Infrastructure Financing District (IFD) with Project Areas on Land under the Jurisdiction of the San Francisco Port Commission", which were adopted by the Board of Supervisors pursuant to Resolution No. 123-13 on April 23, 2013, excess tax increment not required to fund horizontal improvements in the Project Areas will be allocated to either (a) the City's General Fund, (b) funding improvements to the City's seawall, or (c) protecting the City against sea level rise, as allowed by State law. Accordingly, the Port plans to allocate any excess tax increment not required to fund the Phase 1-Phase 4 horizontal improvements listed in Exhibit I-1 to protecting the City against sea level rise.

4. Public facilities to be provided jointly by the private sector and governmental entities

There are no public facilities that will be jointly provided by the private and governmental entities.

I. Projected Sources of Financing for the Public Facilities

The financing section must include the projected sources of financing for the Facilities, including debt to be repaid with Allocated Tax Increment, projected revenues from future leases, sales, or other transfers of any interest in land within the Sub-Project Areas and any other legally available sources of funds.

The financing plan is presented in Exhibit I-2. As shown, it is anticipated that the Facilities will be financed with a combination of Allocated Tax Increment from the Sub-Project Areas, used on a pay-go basis, CFD and/or IFD bond proceeds, capital to be advanced by the Developer (to be repaid by the IFD with Allocated Tax Increment from the Sub-Project Areas and/or CFD revenues), and advances of land proceeds (to be repaid by the IFD with Allocated Tax Increment and/or CFD revenues from the Sub-Project Areas). At this time, it is contemplated that CFD and/or IFD bonds will be issued. In the case of CFD bonds, Allocated Tax Increment may be used to pay debt service. In the case of IFD bonds, Allocated Tax Increment will be used to pay debt service. The type of bond to be issued will be determined based on market conditions approaching the time of issuance.

The Port intends to levy a "shoreline special tax" on all development in the Project to finance shoreline improvements. All of the Shoreline Special Taxes from Phase 1 are anticipated to be used to protect the Project site from sea level rise. Shoreline special taxes from subsequent phases will be used within the Port-wide IFD, including the Project site. Additionally, it is anticipated that the Port will advance capital to finance facilities (to be repaid by the IFD with Allocated Tax Increment and/or CFD revenues from the Sub-Project Areas). The Financing Plan allows Port advances in the form pre-paid ground lease revenue or other discretionary Port sources. Current project modeling only contemplates Port advances in the form of pre-paid ground lease revenue.

The amounts shown in Exhibit I-2 include the City Share of Tax Increment that will be allocated to the IFD from the Sub-Project Areas to pay for Facilities on a pay-go basis pursuant to Government Code Section 53395.2. A cash flow projection of annual sources and uses of funds is provided in Attachment 3. As described elsewhere in this Appendix, for each Sub-Project Area, the obligation of the IFD to use Allocated Tax Increment from each Sub-Project Area to pay for the Facilities under this Appendix constitutes a debt (as defined in the IFD Law) and shall be payable from Allocated Tax Increment from the applicable Sub-Project Area through the period ending on the final day of the 45th fiscal year after the fiscal

year in which the IFD actually receives \$100,000 of Allocated Tax Increment from the applicable Sub-Project Area.

| | Dollars (millions) | |
|--|--------------------|---------------|
| Anticipated Sources and Uses | 2017 | Nominal Total |
| Project Sources | | |
| Horizontal Sponsor Capital Contribution | \$193.3 | \$217.6 |
| Port's Advance of Land Proceeds | \$63.1 | \$67.0 |
| <u>CFD</u> | | |
| Net Bond Proceeds | \$61.2 | \$73. |
| CFD Pay Go | \$84.0 | \$257.2 |
| Tax Increment | | |
| Net IFD Bond Proceeds | \$109.3 | \$143. |
| IFD Pay Go | \$186.7 | \$563.7 |
| Total Sources | \$697.6 | \$1,322.4 |
| Project Uses | | |
| Entitlement Costs | \$25.0 | \$25.0 |
| Hard and Soft IFD Facility Costs | \$203.3 | \$300.0 |
| Preferred Return to Horizontal Sponsor | \$88.3 | \$111.4 |
| Reimbursement of Horizontal Sponsor Capital | \$180.0 | \$217.6 |
| Repayment of Port's Advance of Land Proceeds | \$71.9 | \$171. |
| Seawall & Sea Level Rise, Port-Wide Improvements | \$129.2 | \$496. |
| Total Uses | \$697.6 | \$1,322.4 |

^{*}All Numbers are in millions of dollars

This Appendix does not project the anticipated costs of administering the IFD, but the Port, as agent of the IFD, expects to pay the costs of administering the IFD with Allocated Tax Increment from the Sub-Project Areas.

J. Accounting Procedures

The IFD will maintain accounting procedures for each of the Sub-Project Areas in accordance, and otherwise comply, with Section 6306 of Public Resources Code for the term of this Appendix.

K. Cost and Revenue Analysis

The financing section must include an analysis of: (a) the costs to the City's General Fund for providing facilities and services to the Sub-Project Areas while they are being developed and

after they are developed and (b) the taxes, fees, charges, and other revenues expected to be received by the City's General Fund as a result of expected development in Project Area I.

1. Costs to the City's General Fund for providing facilities and services to the Sub-Project Areas, while they are being developed and after they are developed.

Estimates of costs to the City's General Fund for providing facilities and services to the Sub-Project Areas, while they are being developed and after they are developed are detailed in Attachment 4: "Assessment of Fiscal Impacts to the City and County of San Francisco – Mission Rock – Port of San Francisco (Project Area I of Infrastructure Financing District No. 2)" and summarized in the following Exhibit I-3. As shown, upon build-out the annual cost to the City's General Fund to provide services to the thirteen Sub-Project Areas is estimated to be approximately \$6.4 million (2017\$). Service costs during the construction period are estimated to range from \$2.6 million to \$6.3 million (2017\$). General Fund costs are comprised of marginal costs to the following departments: police, fire, community health, human welfare, recreation, general administration, and finance. The cost of maintaining and operating the Project's parks, plazas, open spaces, and public right of way will not be funded by the General Fund. These costs will be funded by a CFD services tax and/or other exactions on property owners.

| Expenditures | FY 2021/22 \$2017 millions | FY 2025/26 \$2017 millions | \$2017 millions |
|------------------------------|---|--|-------------------------------|
| General Fund Expenditures | Low-Year Operating Costs during Construction FY 2021/22 | High-Year Operating Costs during Construction FY 2025/26 | Stabilized Year FY 2028/29 |

2. Taxes, fees, charges and other revenues expected to be received by the City's General Fund as a result of expected development in the Sub-Project Areas.

Taxes, fees, charges and other revenues expected to be received by the City's General Fund as a result of expected development in the Sub-Project Areas are detailed in Attachment 4 and summarized in the following Exhibit I-4. As shown, upon stabilization, the Project is anticipated to generate annually \$12.1 million (2017\$) of new revenue to the City's General Fund.

Under current City policies, approximately 20% of aggregate discretionary revenues (ADR) are transferred from the General Fund to the San Francisco Municipal Transportation Agency (SFMTA), Library Preservation and Children's Services Funds.

As shown in Exhibit I-5, it is estimated that the Project will annually generate a net fiscal surplus to City's General Fund of \$5.7 million per year (2017\$), before ADR transfers

and \$3.1 million after ADR transfers. The Project is anticipated to generate an annual fiscal surplus during each and every year, from construction through the anticipated termination of the IFD in FY 2072/73.

| Exhibit I-4: Recurring General Fund Revenues, Bef | ore ADR Transfers | 4.2 |
|---|-------------------|--------------------|
| General Fund Revenues | Stabilized Ye | ear FY 2028/29 |

LEGAL DESCRIPTION

"INFRASTRUCTURE FINANCING DISTRICT I"

ALL THAT REAL PROPERTY SITUATED IN THE CITY AND COUNTY OF SAN FRANCISCO, STATE OF CALIFORNIA, DESCRIBED AS FOLLOWS:

PARCEL I-1

COMMENCING AT THE POINT OF INTERSECTION OF THE FORMER WESTERLY LINE OF THIRD STREET (100.00 FEET WIDE) WITH THE FORMER SOUTHWESTERLY LINE OF FOURTH STREET (102.50 FEET WIDE), AS SAID STREET LINES ARE SHOWN ON THAT CERTAIN MAP ENTITLED "AMENDED RECORD OF SURVEY MAP OF MISSION BAY" RECORDED JUNE 3, 1999, IN BOOK "Z" OF MAPS AT PAGES 74-94 INCLUSIVE, IN THE OFFICE OF THE RECORDER OF THE CITY AND COUNTY OF SAN FRANCISCO; THENCE ALONG THE PROLONGATION OF SAID LINE OF THIRD STREET NO3°10'56"W 88.38 FEET; THENCE N86°49'04"E 88.50 FEET TO AN ANGLE POINT IN THE CURRENT EASTERLY LINE OF THIRD STREET (88.50 FEET WIDE); THENCE ALONG SAID EASTERLY LINE OF THIRD STREET NO3°10'56"W 828.57 FEET TO THE TRUE POINT OF BEGINNING; THENCE NO3°10'56"W 418.30 FEET; THENCE N60°29'05"E 30.88 FEET; THENCE N30°57'35"W 8.34 FEET TO THE BEGINNING OF A NON-TANGENT CURVE CONCAVE TO THE SOUTHEAST WHOSE RADIUS POINT BEARS \$41°05'18"E 69.10 FEET; THENCE NORTHEASTERLY ALONG SAID CURVE TO THE RIGHT THROUGH A CENTRAL ANGLE OF 43°44'43", AN ARC LENGTH OF 52.75 FEET; THENCE N86°53'23"E 559.17 FEET TO THE BEGINNING OF A NON-TANGENT CURVE CONCAVE TO THE SOUTHWEST WHOSE RADIUS POINT BEARS \$18°03'44"E 94.45 FEET; THENCE EASTERLY AND SOUTHEASTERLY ALONG SAID CURVE TO THE RIGHT THROUGH A CENTRAL ANGLE OF 70°31'42", AN ARC LENGTH OF 116.26 FEET; THENCE S08°44'08"E 121.53 FEET; THENCE N88°56'13"E 46.81 FEET; THENCE S02°57'20"E 79.53 FEET; THENCE S82°56'35"W 88.72 FEET; THENCE S03°10'56"E 80.38 FEET; THENCE N80°39'10"W 501.20 FEET; THENCE S03°10'56"E 235.05 FEET; THENCE S86°49'04"W 251.10 FEET TO THE TRUE POINT OF BEGINNING.

CONTAINING 242,260 SQ. FT. MORE OR LESS.

PARCEL I-2

BEGINNING AT THE SOUTHWEST CORNER OF PARCEL I-1, AS SAID PARCEL IS DESCRIBED HEREINABOVE, SAID POINT OF BEGINNING BEING ON THE EASTERLY LINE OF THIRD STREET (88.50 FEET WIDE); THENCE N86°49'04"E 215.10 FEET; THENCE S03°10'56"E 291.31 FEET; THENCE S86°49'04"W 215.10 FEET TO SAID EASTERLY LINE OF THIRD STREET; THENCE ALONG SAID EASTERLY LINE, N03°10'56"W 291.31 FEET TO THE POINT OF BEGINNING.

CONTAINING 62,662 SQ. FT. MORE OR LESS..

PARCEL I-3

BEGINNING AT THE SOUTHWEST CORNER OF PARCEL I-2, AS SAID PARCEL IS DESCRIBED HEREINABOVE, SAID POINT OF BEGINNING BEING ON THE EASTERLY LINE OF THIRD STREET (88.50 FEET WIDE); THENCE N86°49'04"E 215.10 FEET; THENCE S03°10'56"E 298.70 FEET; THENCE S86°49'04"W 215.10 FEET TO SAID EASTERLY LINE OF THIRD STREET; THENCE ALONG SAID EASTERLY LINE, N03°10'56"W 298.70 FEET TO THE POINT OF BEGINNING.

CONTAINING 64,250 SQ. FT. MORE OR LESS.

PARCEL I-4

BEGINNING AT THE SOUTHWEST CORNER OF PARCEL I-3, AS SAID PARCEL IS DESCRIBED HEREINABOVE, SAID POINT OF BEGINNING BEING ON THE EASTERLY LINE OF THIRD STREET (88.50 FEET WIDE); THENCE N86°49′04″E 461.12 FEET; THENCE S03°10′56″E 261.92 FEET TO THE FUTURE NORTHERLY LINE OF MISSION ROCK STREET (65.25 FEET WIDE); THENCE ALONG SAID NORTHERLY LINE S86°49′04″W 448.62 FEET TO THE EASTERLY LINE OF THIRD STREET; THENCE ALONG SAID EASTERLY LINE, N03°10′56″W 23.36 FEET TO AN ANGLE POINT THEREIN; THENCE ALONG SAID EASTERLY LINE OF THIRD STREET S86°49′04″W 12.50 FEET TO AN ANGLE POINT THEREIN; THENCE ALONG SAID EASTERLY LINE OF THIRD STREET (88.50 FEET WIDE) N03°10′56″W 238.56 FEET TO THE POINT OF BEGINNING.

CONTAINING 120,483 SQ. FT. MORE OR LESS.

PARCEL I-5

BEGINNING AT THE NORTHEAST CORNER OF PARCEL I-4, AS SAID PARCEL IS DESCRIBED HEREINABOVE; THENCE S86°49'04"W 246.02 FEET; THENCE N03°10'56"W 165.00 FEET; THENCE N86°49'04"E 246.02 FEET; THENCE S03°10'56"E 165.00 FEET TO THE POINT OF BEGINNING.

CONTAINING 40,593 SQ. FT. MORE OR LESS.

PARCEL I-6

BEGINNING AT THE NORTHEAST CORNER OF PARCEL I-2, AS SAID PARCEL IS DESCRIBED HEREINABOVE; THENCE N86°49'04"E 246.02 FEET; THENCE S03°10'56"E 165.00 FEET; THENCE S86°49'04"W 246.02 FEET; THENCE N03°10'56"W 165.00 FEET TO THE POINT OF BEGINNING.

CONTAINING 40,593 SQ. FT. MORE OR LESS.

PARCEL I-7

BEGINNING AT THE NORTHEAST CORNER OF PARCEL I-2, AS SAID PARCEL IS DESCRIBED HEREINABOVE; THENCE NO3°10′56″W 235.05 FEET; THENCE S80°39′10″E 252.02 FEET; THENCE S03°10′56″E 180.38 FEET; THENCE S86°49′04″W 246.02 FEET TO THE POINT OF BEGINNING.

CONTAINING 51,100 SQ. FT. MORE OR LESS.

PARCEL I-8

BEGINNING AT THE NORTHEAST CORNER OF PARCEL I-4, AS SAID PARCEL IS DESCRIBED HEREINABOVE; THENCE N86°49'04"E 240.25 FEET; THENCE S03°10'56"E 261.92 FEET TO THE EASTERLY PROLONGATION OF THE FUTURE NORTHERLY LINE OF MISSION ROCK STREET (65.25 FEET WIDE); THENCE ALONG SAID PROLONGATION AND ALONG SAID NORTHERLY LINE S86°49'04"W 240.25 FEET; THENCE N03°10'56"W 261.92 FEET TO THE POINT OF BEGINNING.

CONTAINING 62,927 SQ. FT. MORE OR LESS.

PARCEL I-9

BEGINNING AT THE NORTHEAST CORNER OF PARCEL I-4, AS SAID PARCEL IS DESCRIBED HEREINABOVE; THENCE N03°10′56″W 298.70 FEET; THENCE N86°49′04″E 206.25 FEET; THENCE S03°10′56″E 107.77 FEET; THENCE N86°49′04″E 34.00 FEET; THENCE S03°10′56″E 190.93 FEET; THENCE S86°49′04″W 240.25 FEET TO THE POINT OF BEGINNING.

CONTAINING 68,099 SQ. FT. MORE OR LESS.

PARCEL I-10

BEGINNING AT THE NORTHWEST CORNER OF PARCEL I-10, AS SAID PARCEL IS DESCRIBED HEREINABOVE; THENCE NO3°10′56″W 291.31 FEET; THENCE N86°49′04″E 206.25 FEET; THENCE S03°10′56″E 166.36 FEET; THENCE N82°56′35″E 124.58 FEET; THENCE S03°05′29″E 241.14 FEET; THENCE S86°49′04″W 123.91 FEET; THENCE N03°10′56″W 107.77 FEET; THENCE S86°49′04″W 206.25 FEET TO THE POINT OF BEGINNING.

CONTAINING 89,487 SQ. FT. MORE OR LESS.

PARCEL I-11

BEGINNING AT THE NORTHWEST CORNER OF PARCEL I-11, AS SAID PARCEL IS DESCRIBED HEREINABOVE; THENCE NO3°10′56″W 180.38 FEET; THENCE S80°39′10″E 211.28 FEET; THENCE S03°10′56″E 134.54 FEET; THENCE S86°49′04″W 206.25 FEET TO THE POINT OF BEGINNING.

CONTAINING 32,476 SQ. FT. MORE OR LESS.

PARCEL I-12

BEGINNING AT THE NORTHEAST CORNER OF PARCEL I-12, AS SAID PARCEL IS DESCRIBED HEREINABOVE; THENCE SO3°10′56″E 300.90 FEET; THENCE N82°56′35″E 760.95 FEET; THENCE N07°00′11″W 351.44 FEET TO THE BEGINNING OF A NON-TANGENT CURVE CONCAVE TO THE SOUTHWEST WHOSE RADIUS POINT BEARS N88°40′56″W 18.66 FEET; THENCE NORTHWESTERLY ALONG SAID CURVE TO THE LEFT THROUGH A CENTRAL ANGLE OF 64°51′25″, AN ARC LENGTH OF 21.12 FEET; THENCE S82°56′35″W 691.00 FEET; THENCE S03°10′56″E 80.38 FEET; THENCE N80°39′10″W 37.90 FEET TO THE POINT OF BEGINNING.

CONTAINING 273,958 SQ. FT. MORE OR LESS.

PARCEL I-13

BEGINNING AT THE NORTHEAST CORNER OF PARCEL I-5, AS SAID PARCEL IS DESCRIBED HEREINABOVE; THENCE S86°49'04"W 246.02 FEET; THENCE N03°10'56"W 260.01 FEET; THENCE N86°49'04"E 246.02 FEET; THENCE S03°10'56"E 260.01 FEET TO THE POINT OF BEGINNING.

CONTAINING 63,967 SQ. FT. MORE OR LESS.

THE BASIS OF BEARINGS FOR THE ABOVE DESCRIPTION IS THE THIRD STREET MONUMENT LINE TAKEN TO BE NO3°10′56″W AS SHOWN ON THAT CERTAIN "FINAL MAP" FILED FOR RECORD ON MAY 31, 2005, IN BOOK BB OF MAPS, AT PAGES 6-10 INCLUSIVE, IN THE OFFICE OF THE RECORDER OF THE CITY AND COUNTY OF SAN FRANCISCO.

[Adoption of Guidelines for the Establishment and Use of an Infrastructure Financing District on Port Land]

Resolution adopting Guidelines for the Establishment and Use of an Infrastructure Financing District with Project Areas on Land Under the Jurisdiction of the San Francisco Port Commission.

WHEREAS, Government Code Sections 53395-53398.47 (IFD Law) authorizes certain public agencies, including the City and County of San Francisco, to establish infrastructure financing districts (IFDs) to finance the planning, design, acquisition, construction, and improvement of public facilities meeting the requirements of IFD Law; and

WHEREAS, IFDs are formed to facilitate the design, acquisition, construction, and improvement of necessary public facilities and provide an alternative means of financing when local resources are insufficient; and

WHEREAS, Government Code Sections 53395.8 and 53395.81 authorize the establishment of IFDs on land under the jurisdiction of the Port Commission of San Francisco (Port) to finance additional public facilities to improve the San Francisco waterfront and further authorizes the establishment of project areas within an IFD for the same purposes; and

WHEREAS, By Board Resolution No. 110-12, adopted on March 27, 2012, and Board Resolution No. 227-12, adopted on June 12, 2012, the Board stated its intention to form a single IFD consisting of all Port land (waterfront district) with project areas corresponding to Port development projects within the waterfront district; and

WHEREAS, By Board Resolution No. 66-11, adopted on February 8, 2011, the Board adopted "Guidelines for the Establishment and Use of Infrastructure Financing Districts in the

Mayor Lee; Supervisor Kim BOARD OF SUPERVISORS

City and County of San Francisco," which do not apply to land owned or managed by the Port; and

WHEREAS, A draft document entitled "Guidelines for the Establishment and Use of an Infrastructure Financing District with Project Areas on Land under the Jurisdiction of the San Francisco Port Commission" (Port Guidelines) setting forth proposed policy criteria and guidelines for the waterfront district is on file with the Clerk of the Board of Supervisors in File No. 130264 Which is hereby declared to be a part of this Resolution as if set forth fully herein; now, therefore, be it

RESOLVED, That the Board of Supervisors finds that the Port Guidelines will ensure that a rational and efficient process is established for the formation the waterfront district and project areas within it, and adopts the Port Guidelines; and, be it

FURTHER RESOLVED, That this Resolution and the Port Guidelines will be effective on the date the Board of Supervisors adopts this Resolution.

RE:

Adoption of Guidelines for the Establishment and Use of an Infrastructure

Financing District on Port Land

DATE:

March 19, 2013

Attached for introduction to the Board of Supervisors is the Resolution adopting "Guidelines for the Establishment and Use of an Infrastructure Financing District with Project Areas on Land Under the Jurisdiction of the San Francisco Port Commission".

Please note this item is cosponsored by Supervisors Kim

I request that this item be calendared in Budget and Finance Committee.

Should you have any questions, please contact Jason Elliott (415) 554-5105.

EXECUTIVE SUMMARY

Legislative Objectives

• The proposed resolution would adopt "Guidelines for the Establishment and Use of an Infrastructure Financing District (IFD) with Project Areas on Land under the Jurisdiction of the San Francisco Port Commission". The Port IFD Guidelines establish the threshold criteria that must be met in order to establish a Port IFD and the strategic criteria that should be considered by the Board of Supervisors but are not required to establish the Port IFD.

Key Points

- State law authorizes the establishment of a Port IFD to finance public improvement projects along the San Francisco waterfront. The Port IFD may finance the same types of improvement projects that are financed by non-Port IFDs (open space, parks, and street improvements), as well as projects specific to the Port, including removal of bay fill, storm water management facilities, shoreline restoration, and maritime facility improvements. Increased property tax revenues resulting from certain Port development projects (tax increment) may be redirected from the General Fund to the Port IFD in order to finance public improvements, subject to Board of Supervisors approval.
- The Board of Supervisors previously approved a resolution of intention (1) to establish the Port IFD consisting of eight project areas; and (2) directing the Port Executive Director to prepare a financing plan, subject to Board of Supervisors' approval. The Port intends to submit a Port IFD financing plan for proposed development on Piers 30-32 and Seawall Lot 330 to the Board of Supervisors in late 2014.
- The Budget and Legislative Analyst recommends amendments to the proposed Port IFD guidelines, including to Threshold Criteria 6, 7, and 8, to clarify the intent of the threshold criteria, as noted in the recommendations below.

Fiscal Impact

• Threshold Criteria 5 requires that financing plans for each of the Port IFD project areas demonstrate a net economic benefit, while the City's IFD Guidelines. Previously approved by the Board of Supervisors require that the IFD demonstrate a net fiscal benefit to the General Fund. The City's IFD Guidelines acknowledge that the Port's use of IFD law differs from the City. However, in order to fully disclose the fiscal impact of the Port IFD on the City's General Fund, the proposed Port IFD Guidelines should be amended to require that project area financing plans project the net fiscal impact to the City's General Fund, as well as the net economic benefits.

Policy Considerations

- Property taxes are apportioned to the Educational Revenue Augmentation Fund (ERAF), the City's General Fund, and other taxing entities. Under State law, in five of the Port IFD project areas, the ERAF portion of tax increment may be redirected to the Port IFD in an amount proportional to the General Fund portion of tax increment that is redirected to the Port IFD. Threshold Criteria 6 maximizes redirection of the ERAF portion of tax increment to the Port IFD in order to maximize the Port's ability to finance public improvements. Redirecting the ERAF's share of tax increment could potentially result in a State General Fund cost to backfill those monies intended for education.
- The proposed Port IFD Guidelines will guide future Board of Supervisors' decisions on allocation of City and ERAF tax increment. Therefore, approval of the proposed resolution is a policy decision for the Board of Supervisors.

Recommendations

- 1. Amend the proposed resolution to request the Port to amend:
 - (a) The Port IFD Guidelines to specify that the threshold criteria must be met in order to establish a Port IFD or project area, and the strategic criteria should be considered by the Board of Supervisors but are not required to establish a Port IFD;
 - (b) Threshold Criteria 5 to require that the project area financing plan projects the net fiscal impact to the City's General Fund, as well as the net economic benefits, over the term of the Port IFD;
 - (c) Threshold Criteria 6 and 7 to specify that the share of tax increment allocated to the City and ERAF is the tax rate established annually by the State for the ERAF and by the Board of Supervisors for the City pursuant to the California Revenue and Taxation Code; and
 - (d) Threshold Criteria 8 to specify that ERAF's excess share of tax increment may not be re-allocated to the City's General Fund or to improvements in the City's seawall and other measures to protect against sea level rise.
- 2. Approval of the proposed resolution, as amended, is a policy decision for the Board of Supervisors.

MANDATE STATEMENT AND BACKGROUND

Mandate Statement

California Government Code Section 53395 et seq., which became law in 1990, authorizes cities and counties to establish Infrastructure Financing Districts (IFD), subject to approval by the city council or county board of supervisors, to finance "public capital facilities of communitywide significance." The definition of such public facilities includes parks, other open space, and street improvements. In addition, Section 53395.8 authorizes the establishment of an IFD by the Port of San Francisco (Port IFD) to finance additional improvement projects along the San Francisco waterfront, such as structural repairs and improvements to piers, seawalls, and wharves as well as historic rehabilitation of and seismic and life-safety improvements to existing buildings. The establishment of a Port IFD is subject to approval by the Board of Supervisors.

Background

State Law Authorizes the Establishment of Infrastructure Financing Districts

In order to provide alternative financing mechanisms for local jurisdictions to fund public works and services, State law authorizes cities and counties to establish IFDs within individual city or county boundaries to finance the:

- Purchase, construction, expansion, improvement, seismic retrofit or rehabilitation of any real or other tangible property with an estimated life of 15 years or longer, including parks, other open space, and street improvements;
- Planning and design work directly related to the purchase, construction, expansion, improvement, seismic retrofit or rehabilitation of that property;
- Reimbursement to a developer of a project located entirely within the boundaries of an IFD for any permit expenses incurred and to offset additional expenses incurred by the developer in constructing affordable housing units;

¹ California Government Code Section 53395 et seq.

• Costs incurred by a county in connection with the division of taxes collected.

An IFD, once established with specific boundaries, obtains revenue in the same manner as former redevelopment districts. Assessed values on properties located within the IFD, and the property taxes derived from those values, are fixed at a baseline value. Increases in assessed value above the baseline and the associated increase in property tax, known as tax increment, may then be used to pay for the new public facilities that the IFD was established to pay for.

The City's Guidelines for IFDs, "Guidelines for the "Establishment and Use of Infrastructure Financing Districts in the City and County of San Francisco" were adopted by the Board of Supervisors on February 8, 2011 (Resolution No. 66-11). The City's Guidelines do not apply to an IFD on land owned or managed by the Port. The City currently has one established IFD, located in Rincon Hill, which is subject to the adopted guidelines, and was approved by the Board of Supervisors on February 15, 2011 (Ordinance No. 19-11).

State Law Authorizes the Establishment of an Infrastructure Financing District on Port Property

State law² authorizes the establishment of a Port IFD to finance additional improvement projects along the San Francisco waterfront. The additional improvement projects include removal of bay fill, storm water management facilities, shoreline restoration, maritime facility improvements, historic rehabilitation, and other improvement projects not included in non-Port IFDs.

A Port IFD may be divided into individual project areas, subject to Board of Supervisors approval. The State laws described in this report would apply to each Port project area that the Board of Supervisors approves.³ On March 27, 2012, the Board of Supervisors approved a resolution of intention to establish a Port IFD (Resolution No. 110-12), with seven project areas. On June 12, 2012, the Board of Supervisors amended the resolution of intention to include Seawall Lot 351 as the eighth project area in the Port IFD (Resolution No. 227-12). The eight project areas for the Port IFD in the amended resolution of intention are:

- 1. Seawall Lot 330 (Project Area A)
- 2. Piers 30-32 (Project Area B)
- 3. Pier 28 (Project Area C)
- 4. Pier 26 (Project Area D)
- 5. Seawall Lot 351 (Project Area E)
- 6. Pier 48 (Project Area F)
- 7. Pier 70 (Project Area G)
- 8. Rincon Point-South Point (Project Area H)

The resolution of intention allows the Port to establish additional project areas in compliance with State law, as noted below.

The previously approved resolution of intention directs the Port Executive Director to prepare a financing plan, which is subject to approval of the Board of Supervisors. According to Mr. Brad

² California Government Code Section 53395.8

³ California Government Code Section 53395.8(g)

Benson, Port Special Projects Manager, the Port intends to submit a Port IFD financing plan associated with the proposed multi-purpose venue on Piers 30-32 and the companion mixed use development on Seawall Lot 330 to the Board of Supervisors in late 2014, after the City has completed environmental review of the proposed project.

According to State law⁴, the portion of the tax increment allocated to local educational agencies, San Francisco Unified School District, San Francisco Community College District, and the San Francisco County Office of Education, may not be allocated to the Port IFD. The tax increment from other recipients of City property taxes, including the Bay Area Air Quality Management District and Bay Area Rapid Transit District, may be allocated to the Port IFD if a resolution approving the financing plan is adopted by that recipient and sent to the Board of Supervisors.⁵

Except for specified circumstances, State law⁶ mandates that any tax increment allocated to the Port IFD must be used within the Port IFD's boundaries. In addition, a minimum of 20 percent of the tax increment allocated to the Port IFD must be set aside to be expended exclusively on shoreline restoration, removal of bay fill, or waterfront public access to or environmental remediation of the San Francisco waterfront.

Educational Revenue Augmentation Fund Tax Increment Allocated to Port IFD in Specific Project Areas

According to State law⁷, the Port may use tax increment generated by the five project areas noted below, which would otherwise be allocated to the Educational Revenue Augmentation Fund⁸'s (ERAF), subject to specific limitations. Two of the five project areas – Seawall Lot 330 and Pier 70 - were included in the resolution of intention, previously approved by the Board of Supervisors, while three of the five project areas – Piers 19, 23, and 29 – may be proposed by the Port for inclusion in the Port IFD at a future date. According to Ms. Joanne Sakai, Deputy City Attorney, the Board of Supervisors may opt to not allocate ERAF's share of tax increment generated by any of the five project areas to the Port IFD on a case-by-case basis when considering whether to approve the proposed Port IFD financing plan.

⁴ California Government Code Section 53395.8.g.3.c.i

⁵ California Government Code Section 53395.8.g.5.

⁶ California Government Code Section 53395.8.g.3.c.ii

⁷ On September 29, 2012, Assembly Bill (AB) 2259 was passed.

⁸ The Educational Revenue Augmentation Fund redirects one-fifth of total statewide property tax revenue from cities, counties and special districts to school and community college districts. The redirected property tax revenue is deposited into a countywide fund for schools and community colleges (ERAF). The property tax revenue is distributed to the county's non-basic aid schools and community colleges (i.e, school and community college districts that receive more than the minimum amount of state aid required by the State constitution). In 2004, the State approved a complex financing mechanism, known as the triple flip, in which one-quarter cent of the local sales tax is used to repay the Proposition 57 deficit financing bond; property taxes are redirected from ERAF to cities and counties to offset revenue losses from the one-quarter cent sales tax; and State aid offsets losses to school and community college districts from the redirected ERAF funds.

Pier 70 Project Area

A Pier 70 project area may not be formed prior to January 1, 2014. According to Mr. Benson, the Port intends to submit a financing plan for the Pier 70 project area for Board of Supervisors consideration after it completes environmental review of the proposed Pier 70 mixed use development, likely in 2015 or 2016. The Port may allocate ERAF's share of tax increment from the Pier 70 project area to the Port IFD to fund public improvements at Pier 70. Under State law, the amount of ERAF's share of tax increment allocated to the Port IFD is proportional to the City's share of tax increment allocated to the Port IFD.

The Port may issue debt, secured by the ERAF share of tax increment from the Pier 70 project area for up to 20 fiscal years from the first Pier 70 debt issuance. Once any ERAF-secured debt issued within the Pier 70 project area has been paid, ERAF's share of tax increment will be paid into ERAF. Beginning in the 21st fiscal year, ERAF's share of tax increment may only be used to meet debt service obligations for previously issued debt secured by ERAF's allocation of tax increment. ERAF's share of tax increment exceeding debt service obligations must be paid into ERAF.

Seawall Lot 330 and Piers 19, 23, and 29 Project Areas

ERAF"s share of tax increment from Seawall Lot 330 and Piers 19, 23, and 29 may only be allocated to fund (a) construction of the Port's Cruise Terminal at Pier 27, (b) planning and design work directly related to construction of the Port's Cruise Terminal at Pier 27, (c) future installations of shoreside power facilities on Port maritime facilities, and (d) planning, design, acquisition, and construction of improvements to publicly-owned waterfront lands held by trustee agencies, such as the National Park Service, California State Parks, and City and County of San Francisco Departments to be used as a public spectator viewing site for America's Cup related events.

ERAF's share of tax increment allocated to Seawall Lot 330 and Piers 19, 23, and 29 project areas must be equal to the percentage of the City's share of tax increment allocated to these project areas and cannot exceed \$1,000,000 annually. The Port must set aside a minimum of 20 percent of ERAF's share of tax increment allocated to these project areas to pay for planning, design, acquisition, and construction of improvements to waterfront lands owned by Federal, State, or local trustee agencies, such as the National Park Service or the California State Parks.¹⁰

Any improvements made with ERAF's share of tax increment for the above purposes are not required to be located within the individual project areas from which ERAF's share of tax increment is allocated. To enable allocation of ERAF's share of tax increment from all of the eligible project areas noted above, the Board of Supervisors would have to approve an amendment the previously approved resolution of intention to form the Port IFD to authorize Piers 19, 23 and 29 as Port IFD project areas.

⁹ For example, for every \$1.00 in Property Taxes (not including Property Taxes designated to pay General Obligation bonds), \$0.25 is allocated to ERAF, \$0.65 is allocated to the City's General Fund, and \$0.10 is allocated to the other taxing entities (SFUSD, Community College District, BART, and Bay Area Air Quality Management District). If the Board of Supervisors were to approve 50% of the City's General Fund share of tax increment (or \$0.325 of \$0.65), then the ERA share of tax increment is 50% (or \$0.125 of \$0.25).

¹⁰ State law sets aside 20 percent from ERAF's tax increment in lieu of the minimum of 20 percent of the tax increment allocated to the Port IFD required to be set aside to be expended exclusively on shoreline restoration, removal of bay fill, or waterfront public access to or environmental remediation of the San Francisco waterfront.

Maps of the Port IFD, with specific project area boundaries defined, are provided in the Attachment to this report.

DETAILS OF PROPOSED LEGISLATION

The proposed resolution would adopt "Guidelines for the Establishment and Use of an Infrastructure Financing District with Project Areas on Land under the Jurisdiction of the San Francisco Port Commission" (Port IFD Guidelines). The City's Capital Planning Committee recommended approval of the Port IFD Guidelines on January 2, 2013.

The Port IFD Guidelines identify 10 threshold criteria and four strategic criteria. According to Mr. Benson, the threshold criteria must be met in order to establish a Port IFD and the strategic criteria should be considered by the Board of Supervisors but are not required for the establishment of a Port IFD. Because neither the proposed Port IFD Guidelines nor the proposed resolution define the purpose of the threshold criteria and strategic criteria, the proposed Port IFD Guidelines should be amended to specify that (1) the threshold criteria must be met in order to establish a Port IFD, and (2) the strategic criteria should be considered by the Board of Supervisors but are not required for the establishment of a Port IFD, comparable to language in the City's Guidelines.

The Port IFD Guidelines are summarized below.

Threshold Criteria of the Port IFD Guidelines

- 1. Any Port IFD initially established is subject to Board of Supervisors approval and must:
 - Consist exclusively of Port property;
 - Meet the threshold criteria proposed in the Port IFD Guidelines;
 - Be accompanied by a project area-specific financing plan that meets State law requirements.
- 2. Potential property annexations to the Port IFD of non-Port property adjacent to Port property are subject to Board of Supervisors approval and will be evaluated individually to determine whether to annex the non-Port property. If annexation is approved, the percentage of the tax increment generated by the non-Port property not used to finance Port public facilities should be subject to the City's IFD Guidelines.
- 3. No tax increment will be allocated to the Port IFD without completion of environmental review and recommendation for approval by the City's Capital Planning Committee.
- 4. Public facilities financed by tax increment in project areas and any adjacent property annexations approved by the Board of Supervisors must be consistent with:
 - State law regarding IFDs;
 - The Port's Waterfront Land Use Plan;
 - Any restrictions on Port land use pursuant to the Burton Act;
 - The Port's 10-Year Capital Plan.
- 5. The Port must demonstrate that the project area will result in a net economic benefit to the City in the project area-specific financing plan by including:

SAN FRANCISCO BOARD OF SUPERVISORS

BUDGET AND LEGISLATIVE ANALYST

- Total revenue that the General Fund is projected to receive;
- Total number of jobs and other economic development benefits the project is expected to produce.
- 6. When an allocation of ERAF's share of tax increment, identified in the Port IFD Guidelines as \$0.25 per \$1.00 in tax increment, is authorized under State law, the City, subject to Board of Supervisors approval, should maximize such contributions to those project areas by allocating the maximum amount of City tax increment to those areas, identified in the Guidelines as \$0.65 per \$1.00 in tax increment. As previously noted, ERAF's share of tax increment is authorized for allocation within the Seawall Lot 330, Pier 19, Pier 23, Pier 29, and Pier 70 project areas.
- 7. Tax increment amounts based on project area-specific financing plans for project areas are subject to approval by the Board of Supervisors and should be sufficient to enable the Port to:
 - Obtain fair market rent for Port leases after build-out of the project area;
 - Enable proposed development projects to attract equity;
 - Fund debt service and debt service coverage for any bonds issued in public facilities financed by tax increment in Port IFD project areas;
 - Fund the Port's administrative costs and authorized public facilities with available revenue on a pay-as-you-go¹¹ basis.
- 8. Excess tax increment not required to fund public facilities in project areas will be allocated to either (a) the City's General Fund, (b) funding improvements to the City's seawall, or (c) protecting the City against sea level rise, as allowed by State law, contingent upon Board of Supervisors approval.
- 9. The Port will include pay-as-you-go tax increment revenue allocated to the project area in the Port's Capital Budget if the Port issues revenue bonds to be repaid by tax increment revenue generated in one or more Port project areas in order to provide debt service coverage for Port revenue bonds as a source of funding.
- 10. The Port is required to identify sources of funding to construct, operate and maintain public facilities by project area tax increment in the project area-specific financing plan.

Strategic Criteria of the Port IFD Guidelines

The four strategic criteria for the Board of Supervisors to consider, when approving the Port IFD, provide guidance in the appropriate use of Port IFD financing and in the selection of projects within the Port IFD. These strategic criteria are:

- Port IFD financing should be used for public facilities serving Port land where other Port monies are insufficient;
- Port IFD financing should be used to leverage non-City resources, such as any additional regional, State, or Federal funds that may be available;
- The Port should continue utilizing the "best-practices' citizen participation procedures to help establish priorities for public facilities serving Port land;

¹¹ Pay-as-you-go is a method of financing expenditures with funds that are currently available rather than borrowed.

• The Port, the Mayor's Budget Office and the Controller should collaborate to conduct periodic nexus studies every ten years, at minimum, to examine whether the cost of basic municipal services, such as services provided by the Fire and Police Departments, are covered by the sum of the portion of property taxes the City receives from Port land, hotel, sales, payroll or gross receipts taxes, and any other taxes the City receives from Port land, and any other revenues that the City receives from Port land.

FISCAL ANALYSIS

While there is no direct fiscal impact of the proposed resolution to adopt the Port's Guidelines for Establishment and Use of an Infrastructure Financial District with Project Areas on Land under the Jurisdiction of the Port Commission, there are criteria within the Port IFD Guidelines that may have fiscal impacts to the Port and the City.

Threshold Criteria 5 Requires Net Economic, Not Fiscal, Benefit to the City

Threshold Criteria 5 requires that the project area financing plan demonstrate a net economic benefit to the City that, over the term of the project area, includes the (a) total estimated amount of revenue to the City's General Fund; and (b) number of jobs and other economic development benefits. In contrast, the City's IFD Guidelines require that the IFD provide a net fiscal benefit over the 30-year term of the IFD, "guaranteeing that there is at least some gain to the General Fund in all circumstances". In addition, State law¹³ requires only an analysis of costs and revenues to the City.

Threshold Criteria 5 states that the project area financing plan should be similar to findings of fiscal responsibility and feasibility reports prepared in accordance with Administrative Code Chapter 29. Administrative Code Chapter 29 requires more detailed evaluation of fiscal benefits to the City than required by the proposed Port IFD Guidelines, including direct and indirect financial benefits to the City, project construction costs, available funding to pay project costs, ongoing maintenance and operating costs, and debt service costs.

The City's IFD Guidelines acknowledge that the Port's use of IFD law differs from the City in that the Port intends to build infrastructure to attract private investment to create jobs, small business, waterfront visitors and other growth, and therefore would not necessarily be "predicated on up-zonings¹⁴ that result in net fiscal benefits to the General Fund". However, in order to fully disclose the fiscal impact of the Port IFD on the City's General Fund, the Budget and Legislative Analyst recommends that the proposed Port IFD Guidelines be amended to require that the project area financing plan project the net fiscal impact to the City's General Fund, as well as the net economic benefits, over the term of the Port IFD.

¹² Best practices citizen participation procedures include regular publicly-noticed meetings of waterfront advisory committees to support ongoing communication with neighborhood and waterfront stakeholders as well as community planning processes for major waterfront open space, maritime, and development project opportunities and needs.

¹³ California Government Code Section 53395,8.g.3.c.vii

^{14 &}quot;Up-zonings" are increases in height, bulk or density, allowing increased development.

Threshold Criteria 6 and 7 Refer to Specific Tax Increment Percentages Which are Subject to Change

Threshold Criteria 6 and 7 refer to specific property tax rate allocations, as they are currently allocated. The City's property tax allocation is referred to in specific numeric terms as \$0.65 per \$1.00 in tax increment and ERAF's Property Tax allocation is referred to as \$0.25 per \$1.00 in tax increment. However, future State law may change these property tax allocations. In addition, these property tax allocations are subject to approval by the State for ERAF and by Board of Supervisors for the City on an annual basis. Therefore, the Budget and Legislative Analyst recommends that Threshold Criteria 6 and 7 specify that the share of tax increment allocated to the City and ERAF is the tax rate established annually by the State for ERAF and by the Board of Supervisors for the City pursuant to the California Revenue and Taxation Code.

Threshold Criteria 8 Does Not Specify ERAF's Excess Share of Tax Increment May Not be Re-Allocated to the City's General Fund

Threshold Criteria 8 states that excess tax increment not required to fund project area-specific public facilities should be allocated to the General Fund or to improvements in the City's seawall and other measures to protect against sea level rise. However, Threshold Criteria 8 does not specify that ERAF's excess share of tax increment may not be diverted in the manner outlined by Threshold Criteria 8. State law contains specific restrictions for how ERAF's share of tax increment may be used, as described in the Background Section of this report. Therefore, the Budget and Legislative Analyst recommends that Threshold Criteria 8 should specify that ERAF tax increment may not be re-allocated to the City's General Fund or to improvements in the City's seawall and other measures to protect against sea level rise.

POLICY CONSIDERATIONS

State Law Allows ERAF Tax Increment Intended to Fund Local Education to be used to Fund Construction of the Pier 27 Cruise Terminal and Development at Pier 70

As previously noted, ERAF's share of tax increment may be allocated to five project areas within the Port IFD and used for limited purposes. Threshold Criteria 6 specifies that the City should maximize ERAF contributions in designated project areas by allocating the maximum City contribution to those same project areas. ¹⁵ The rationale for maximizing ERAF contributions is to maximize the Port's ability to pay for development of public infrastructure along the Port, such as the Cruise Terminal at Pier 27. Such allocations are subject to Board of Supervisors approval for each individual project area.

According to the Senate Appropriation Committee's fiscal summary of the State law, diverting ERAF's share of tax increment could potentially result in a State General Fund cost to backfill those monies intended for education. However, the potential State General Fund cost is unknown because the economic activity that would be generated absent a Port IFD is unclear.

¹⁵ ERAF's share of tax increment is allocated in proportion to the percentage of City tax increment allocated to the designated project areas.

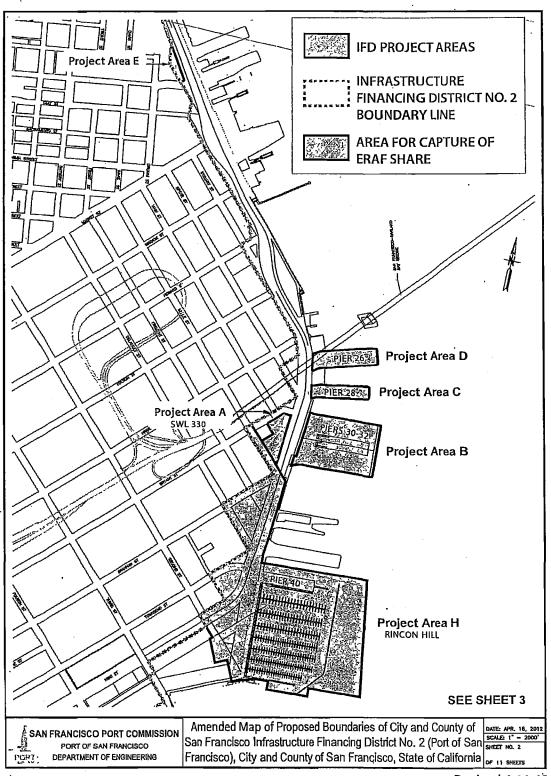

SAN FRANCISCO BOARD OF SUPERVISORS

Approval of the Proposed Resolution is a Policy Decision for the Board of Supervisors

The proposed Port IFD Guidelines will guide future Board of Supervisors' decisions on allocation of City and ERAF tax increment. Therefore, approval of the proposed resolution is a policy decision for the Board of Supervisors.

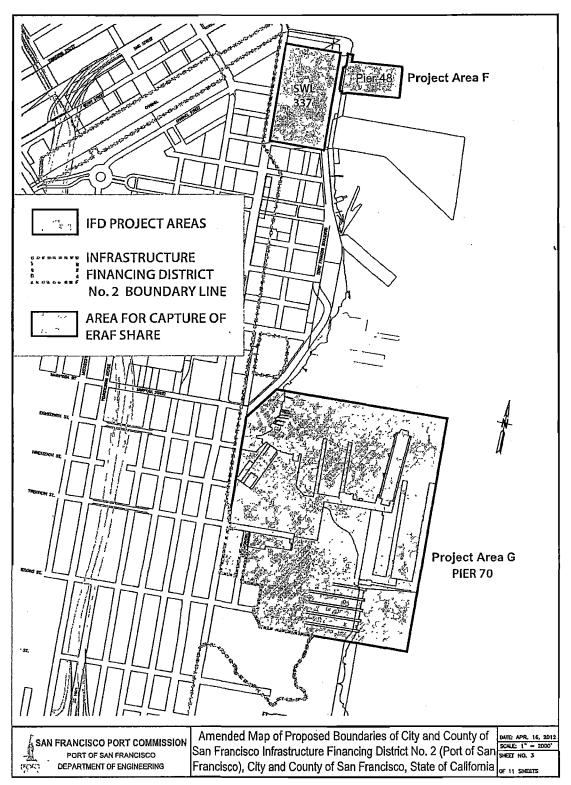

RECOMMENDATIONS

- 1. Amend the proposed resolution to request the Port to amend:
 - (a) The Port IFD Guidelines to specify that the threshold criteria must be met in order to establish a Port IFD or project area, and the strategic criteria should be considered by the Board of Supervisors but are not required to establish a Port IFD;
 - (b) Threshold Criteria 5 to require that the project area financing plan projects the net fiscal impact to the City's General Fund, as well as the net economic benefits, over the term of the Port IFD;
 - (c) Threshold Criteria 6 and 7 to specify that the share of tax increment allocated to the City and ERAF is the tax rate established annually by the State for the ERAF and by the Board of Supervisors for the City pursuant to the California Revenue and Taxation Code; and
 - (d) Threshold Criteria 8 to specify that ERAF's excess share of tax increment may not be reallocated to the City's General Fund or to improvements in the City's seawall and other measures to protect against sea level rise.
- 2. Approval of the proposed resolution, as amended, is a policy decision for the Board of Supervisors.

Draft Guidelines for the Establishment and Use of an Infrastructure Financing District with Project Areas on Land under the Jurisdiction of the San Francisco Port Commission (Revised 4/16/13 per Budget Analyst's recommendations)

Formatted: Font: Not Bold

Formatted: Font: Not Bold

Threshold Criteria: The following Threshold Criteria must be met to establish an infrastructure financing district (IFD) or project area on Port land.

- 1. At formation, limit waterfront districts and project areas to Port land. Consistent with California Infrastructure Financing District (HFD)-law (Gov. Code §§ 53395-53398.47) (IFD law), the City may form an IFD consisting only of land under the jurisdiction of the San Francisco Port Commission (Port) without an election (waterfront district). The formation of a waterfront district consisting of all Port land with project areas corresponding to Port development projects within the waterfront district will be subject to the criteria in these Guidelines for Establishment and Use of Infrastructure Financing Districts and Project Areas on Land under the Jurisdiction of the San Francisco Port Commission (Port Guidelines). The City will consider allocating property tax increment from a project area to the waterfront district when the Port submits a project area-specific infrastructure financing plan that specifies: (a) the public facilities to be financed by tax increment generated in the project area; (b) the projected cost of the proposed public facilities; (c) the projected amount of tax increment that will be generated over the term of the project area; (d) the amount of tax increment that is proposed to be allocated to the IFD to finance public facilities; and (e) any other matters required under IFD law.
- 2. Consider requests to annex non-Port land to a project area on a case-by-case basis. If an owner of non-Port land adjacent to a project area petitions to add the adjacent property to the project area in accordance with the IFD law, the City will consider on a case-by-case basis: (a) whether to annex the non-Port property to the project area to assist in financing public facilities; and (b) the extent to which tax increment generated by the non-Port land but not used for Port public facilities should be subject to the Guidelines for the Establishment and Use of Infrastructure Financing Districts in the City and County of San Francisco (City Guidelines).⁵
- 3. Require completion of environmental review and the affirmative recommendation of the Capital Planning Committee before approving any infrastructure financing plan that allocates tax increment from a project area. The City may form the Port-wide waterfront district without allocating tax increment to the waterfront district. The City will

In according with Board of Supervisors intent as stated in Board Resolution No. 110-12, adopted on March 27, 2012, and Board Resolution No. 227-12, adopted on June 12, 2012. These Port Guidelines will apply even if the Board later decides to create multiple IFDs on Port land, rather than a single waterfront district.

IFD law generally authorizes certain classes of public facilities to be financed through IFDs. The Legislature has broadened the types of authorized public facilities for waterfront districts to include: (1) remediation of hazardous materials in, on, under, or around any real or tangible property; (2) selsmic and life-safety improvements to existing buildings; (3) rehabilitation, restoration, and preservation of structures, buildings, or other facilities having special bistorical, architectural, or aesthetic interest or value and that are listed on the National Register of Historic Places, are eligible for listing on the National Register of Historic Places individually or because of their location within an eligible registered historic district, or are listed on a state or local register of historic landmarks; (4) structural repairs and improvements to piers, seawalls, and wharves, and installation of piles; (5) removal of bay fill; (6) stormwater management facilities, other utility Infrastructure, or public open-space improvements; (7) shoreline restoration; (8) other repairs and improvements to maritime facilities; (9) planning and design work that is directly related to any public facilities authorized to be financed by a waterfront district; (10) reimbursement payments made to the California Infrastructure and Economic Development Bank in accordance with IFD law; (11) improvements, which may be publicly wowed, to protect against potential sea level rise; (12) Port maritime facilities at Pier 27; (13) shoreside power installations at Port maritime facilities; and (14) improvements to publicly-owned waterfront lands used as public spectator viewing sites for America's Cup activities in San Francisco. Gov. Code §§ 53395.8, (3), and 53395.81(c)(1).

Adopted on February 8, 2011, by the Board of Supervisors Resolution No. 66-11. The City Guidelines do not apply to IFDs on land owned or managed by the Port.

not approve an infrastructure financing plan that would allocate property tax increment to the waterfront district from any project area, however, until the following have occurred: (a) the City has completed environmental review of the proposed development project associated with the project area and any proposed public facilities to be financed with property tax increment from the project area; and (b) the Capital Planning Committee has recommended approval of the related infrastructure financing plan.

- 4. Public facilities financed by tax increment must be consistent with applicable laws, policies, and the Port's capital plan. Project areas in the waterfront district must finance public facilities that are consistent with: (a) IFD law; (b) the Port's Waterfront Land Use Plan; (c) any restrictions imposed by the public trust for commerce, navigation, and fisheries, the Burton Act (stats. 1968, ch. 1333), or other applicable statute; and (d) the Port's 10-Year Capital Plan, all as in effect on the date the City approves any project area infrastructure financing plan.
- 5. The Port must demonstrate the net fiscal impact of the proposed project area on the City's General Fund and show that the project area will result in a net economic benefit to the City, including the Port. The Port must include in the infrastructure financing plan for each project area: (a) the total amount of revenue that the City's General Fund is projected to receive and the projected costs to the City's General Fund over the term of the project area; and (b) the number of jobs and other economic development benefits that the project assisted by the waterfront district is projected to produce over the term of the project area. The projections in the infrastructure financing plan should be similar to those prepared to demonstrate that certain projects are fiscally feasible and responsible in accordance with Administrative Code Chapter 29 and include projections of direct and indirect financial benefits to the City, construction costs, available funding to pay project costs, ongoing operating and maintenance costs, and debt service.
- 6. Where applicable, maximize State contributions to project areas through matching City contributions. IFD law authorizes the allocation of the State's share of property tax increment to certain Port project areas in proportion to the City's allocation of tax increment to the Port project area to assist in financing specified Port public facilities, such as historic preservation at Pier 70 and the Port's new James R. Herman Cruise Terminal at Pier 27. When an allocation of the State's share of property tax increment to a Port project area is authorized under IFD law, the City will allocate to the waterfront district the amount of tax increment from the project area that will maximize the amount of the State's tax increment that is available to fund authorized public facilities. In accordance with the California Revenue and Taxation Code, the Board of Supervisors annually approves the share of City property tax dollars allocated to the City (\$0.646 in FY 2012-2013), and the State annually approves the State's share of City property tax dollars (\$0.253 in FY 2012-2013). To maximize State contributions to project areas through matching City contributions in project areas where the City's use of the State's share is authorized so, the City would budget up to \$0.90 per the sum of all of the City's share of property tax dollars from the project area plus all of the State's share of property tax dollars from the project area (i.e., the sum of \$0.65 of tax increment allocated by the City to the waterfront district from the project area and the State's share of tax increment), until the earlier to occur of: (a) full financing of the authorized public facilities by tax increment; or (b) the allocation to the waterfront district of the full amount of tax increment from the project area authorized under the approved infrastructure financing plan.
- 7. Determine the amount of tax increment to be allocated to the waterfront district from a project area in relation to project economics. The City will consider approving infrastructure financing plans for Port project areas that provide for allocations of tax increment of up to \$0.65 per up to the sum of property tax dollars allocated to the City from

Formatted: Font: Not Bold

the project area in accordance with tax rates established annually by the Board of Supervisors for the City, or, where permitted by IFD law, the sum of the City's share of property tax dollars from the project area \$0.65 of tax increment so that, in combination with plus Statethe State's share of property tax dollars from the project area as established annually by the State's share of tax increment, the total allocated is up to \$0.90 per property tax dollar, to fund authorized public facilities necessary for each proposed development project. Each infrastructure financing plan must include projections of the amount of tax increment that will be needed to fund necessary public facilities. The allocation should be sufficient to enable the Port to: (a) obtain fair market rent for Port ground leases after build-out of the project area; and (b) enable proposed development projects to attract private equity. No tax increment will be used to pay a developer's return on equity or other internal profit metric in excess of limits imposed by applicable state and federal law; the IFD law currently measures permissible developer return by reference to a published bond index and both the State Mello-Roos Community Facilities Act and federal tax law require a return that is consistent with industry standards. The Board of Supervisors in its discretion may allocate additional tax increment to other public facilities serving the waterfront district that require funding.

An approved infrastructure financing plan will state the City's agreement that, for any debt secured by tax increment allocated to the waterfront district from a project area to finance authorized public facilities, the City will disburse tax increment to the waterfront district from the project area in amounts sufficient to fund: (a) debt service and debt service coverage for bonds issued under IFD law (IFD Bonds), bonds issued under the Mello-Roos Community Facilities Act of 1982 (CFD Bonds), and other forms of indebtedness that the Port is authorized to issue to fund public facilities authorized to be financed in the infrastructure financing plan to the extent not funded by special tax levies; and (b) costs of administration and authorized public facilities on a pay-as-you-go basis.

- 8. Use excess tax increment for citywide purposes. Any portion of the City's share of Ttax increment that the City allocated to the waterfront district from the project area but that is not required to fund eligible project-specific public facilities will be re-allocated to the City's General Fund or to improvements to the City's seawall and other measures to protect the City against sea level rise or other foreseeable risks to the City's waterfront. Under IFD law, any portion of the State's share of tax increment not needed to fund eligible public facilities reverts to the State and may not be re-allocated for citywide purposes.
- 9. Port Capital Budget. If the Port issues Port revenue bonds (instead of CFD Bonds or IFD Bonds) to be repaid by tax increment revenue generated in one or more Port project areas, to further the purposes Port Commission Resolution No. 12-22 adopting the Port's Policy for Funding Capital Budget Expenditures, the Port will include annually in its Capital Budget any tax increment revenue allocated to the waterfront district from the project area to provide debt service coverage on any Port revenue bond debt payable from tax increment.
- 10. Require each project area infrastructure financing plan to identify sources of funding to construct, operate, and maintain public facilities financed by project area tax increment. Tax increment will be allocated to the waterfront district from a project area under a project area infrastructure financing plan only if the Port has identified anticipated sources of funding to construct, operate, and maintain any public facilities to be financed with project area tax increment. Examples of acceptable sources for operation and maintenance are: (a) private financing mechanisms, such as a homeowners association assessment; (b) a supplemental special tax levied by a community facilities district formed

Gov. Code §§ 553311-53368.3 (Mello-Ross Act).

under the Mello-Roos Act or assessments levied by a community benefits district; and (c) the Port's maintenance budget or other allocation of the Port Harbor Fund.

Strategic Criteria: are to be considered by the Board of Supervisors, but are not required to establish a Port IFD or project area.

Formatted: Keep with next, Keep lines

Formatted: Font: Not Bold, No underline

- Use Port IFD financing for public facilities serving Port land where other Port moneys
 are insufficient. Port IFD financing should be used to finance public facilities serving Port
 land when the Port does not otherwise have sufficient funds.
- Use Port IFD financing to leverage non-City resources. Port IFD financing should be
 used to leverage additional regional, state, and federal funds. For example, IFD funds may
 prove instrumental in securing matching federal or state dollars for transportation projects.
- Continue the Port's "best-practices" citizen participation procedures to help establish priorities for public facilities serving Port land. Continue to use the Port's "best-practices" citizen participation procedures to: (a) establish community and municipal priorities for construction of infrastructure serving Port land; and (b) ensure that infrastructure financing plans for Port project areas provide financing to help the Port and the City meet those priorities.
- The Port, the Mayor's Budget Office, and the Controller should collaborate to conduct periodic nexus studies. No less than every ten years, the Port, the Mayor's Budget Office, and the Controller should collaborate on a nexus study. The nexus analysis will examine whether the cost of basic municipal services provided to Port property, such as services provided by the Fire and Police Departments, is covered by the sum of: (a) the portion of property taxes the City receives from Port land that is not allocated to the waterfront district; (b) hotel, sales, payroll or gross receipts, and any other taxes the City receives from Port land; and (c) any other revenues that the City receives from Port land.

Draft

Guidelines for the Establishment and Use of an Infrastructure Financing District with Project Areas on Land under the Jurisdiction of the San Francisco Port Commission

Threshold Criteria:

- 1. At formation, limit waterfront districts and project areas to Port land. Consistent with California Infrastructure Financing District (IFD) law (Gov. Code §§ 53395-53398.47), the City may form an IFD consisting only of land under the jurisdiction of the San Francisco Port Commission (Port) without an election (waterfront district). The formation of a waterfront district consisting of all Port land with project areas corresponding to Port development projects within the waterfront district¹ will be subject to the criteria in these Guidelines for Establishment and Use of Infrastructure Financing Districts and Project Areas on Land under the Jurisdiction of the San Francisco Port Commission (Port Guidelines). The City will consider allocating property tax increment from a project area to the waterfront district when the Port submits a project area-specific infrastructure financing plan that specifies:

 (a) the public facilities to be financed by tax increment² generated in the project area; (b) the projected cost of the proposed public facilities; (c) the projected amount of tax increment that will be generated over the term of the project area; (d) the amount of tax increment that is proposed to be allocated to the IFD to finance public facilities; and (e) any other matters required under IFD law.
- 2. Consider requests to annex non-Port land to a project area on a case-by-case basis. If an owner of non-Port land adjacent to a project area petitions to add the adjacent property to the project area in accordance with the IFD law, the City will consider on a case-by-case basis: (a) whether to annex the non-Port property to the project area to assist in financing public facilities; and (b) the extent to which tax increment generated by the non-Port land but not used for Port public facilities should be subject to the Guidelines for the Establishment and Use of Infrastructure Financing Districts in the City and County of San Francisco (City Guidelines).
- 3. Require completion of environmental review and the affirmative recommendation of the Capital Planning Committee before approving any infrastructure financing plan that allocates tax increment from a project area. The City may form the Port-wide waterfront district without allocating tax increment to the waterfront district. The City will not approve an infrastructure financing plan that would allocate property tax increment to the

In according with Board of Supervisors intent as stated in Board Resolution No. 110-12, adopted on March 27, 2012, and Board Resolution No. 227-12, adopted on June 12, 2012. These Port Guidelines will apply even if the Board later decides to create multiple IFDs on Port land, rather than a single waterfront district.

IFD law generally authorizes certain classes of public facilities to be financed through IFDs. The Legislature has broadened the types of authorized public facilities for waterfront districts to include: (1) remediation of hazardous materials in, on, under, or around any real or tangible property; (2) seismic and life-safety improvements to existing buildings; (3) rehabilitation, restoration, and preservation of structures, buildings, or other facilities having special historical, architectural, or aesthetic interest or value and that are listed on the National Register of Historic Places, are eligible for listing on the National Register of Historic Places individually or because of their location within an eligible registered historic district, or are listed on a state or local register of historic landmarks; (4) structural repairs and improvements to piers, seawalls, and wharves, and installation of piles; (5) removal of bay fill; (6) stormwater management facilities, other utility infrastructure, or public open-space improvements; (7) shoreline restoration; (8) other repairs and improvements to maritime facilities; (9) planning and design work that is directly related to any public facilities authorized to be financed by a waterfront district; (10) reimbursement payments made to the California Infrastructure and Economic Development Bank in accordance with IFD law; (11) improvements, which may be publicly owned, to protect against potential sea level rise; (12) Port maritime facilities at Pier 27; (13) shoreside power installations at Port maritime facilities; and (14) improvements to publicly-owned waterfront lands used as public spectator viewing sites for America's Cup activities in San Francisco. Gov. Code §§ 53395.3, 53395.8(d), and 53395.8(c)(1).

Adopted on February 8, 2011, by the Board of Supervisors Resolution No. 66-11. The City Guidelines do not apply to IFDs on land owned or managed by the Port.

waterfront district from any project area, however, until the following have occurred: (a) the City has completed environmental review of the proposed development project associated with the project area and any proposed public facilities to be financed with property tax increment from the project area; and (b) the Capital Planning Committee has recommended approval of the related infrastructure financing plan.

- 4. Public facilities financed by tax increment must be consistent with applicable laws, policies, and the Port's capital plan. Project areas in the waterfront district must finance public facilities that are consistent with: (a) IFD law; (b) the Port's Waterfront Land Use Plan; (c) any restrictions imposed by the public trust for commerce, navigation, and fisheries, the Burton Act (stats. 1968, ch. 1333), or other applicable statute; and (d) the Port's 10-Year Capital Plan, all as in effect on the date the City approves any project area infrastructure financing plan.
- 5. The Port must demonstrate that the project area will result in a net economic benefit to the City, including the Port. The Port must include in the infrastructure financing plan for each project area: (a) the total amount of revenue that the City's General Fund is projected to receive over the term of the project area; and (b) the number of jobs and other economic development benefits that the project assisted by the waterfront district is projected to produce over the term of the project area. The projections in the infrastructure financing plan should be similar to those prepared to demonstrate that certain projects are fiscally feasible and responsible in accordance with Administrative Code Chapter 29.
- 6. Where applicable, maximize State contributions to project areas through matching City contributions. IFD law authorizes the allocation of the State's share of property tax increment to certain Port project areas in proportion to the City's allocation of tax increment to the Port project area to assist in financing specified Port public facilities, such as historic preservation at Pier 70 and the Port's new James R. Herman Cruise Terminal at Pier 27. When an allocation of the State's share of property tax increment to a Port project area is authorized under IFD law, the City will allocate to the waterfront district the amount of tax increment from the project area that will maximize the amount of the State's tax increment that is available to fund authorized public facilities. To do so, the City would budget up to \$0.90 per property tax dollar (i.e., the sum of \$0.65 of tax increment allocated by the City to the waterfront district from the project area and the State's share of tax increment), until the earlier to occur of: (a) full financing of the authorized public facilities by tax increment; or (b) the allocation to the waterfront district of the full amount of tax increment from the project area authorized under the approved infrastructure financing plan.
- 7. Determine the amount of tax increment to be allocated to the waterfront district from a project area in relation to project economics. The City will consider approving infrastructure financing plans for Port project areas that provide for allocations of tax increment of up to \$0.65 per property tax dollar, or, where permitted by IFD law, \$0.65 of tax increment so that, in combination with State's share of tax increment, the total allocated is up to \$0.90 per property tax dollar, to fund authorized public facilities necessary for each proposed development project. Each infrastructure financing plan must include projections of the amount of tax increment that will be needed to fund necessary public facilities. The allocation should be sufficient to enable the Port to: (a) obtain fair market rent for Port ground leases after build-out of the project area; and (b) enable proposed development projects to attract private equity. No tax increment will be used to pay a developer's return on equity or other internal profit metric in excess of limits imposed by applicable state and federal law; the IFD law currently measures permissible developer return by reference to a published bond index and both the State Mello-Roos Community Facilities Act and federal tax law require a return that is consistent with industry standards. The Board of Supervisors

in its discretion may allocate additional tax increment to other public facilities serving the waterfront district that require funding.

An approved infrastructure financing plan will state the City's agreement that, for any debt secured by tax increment allocated to the waterfront district from a project area to finance authorized public facilities, the City will disburse tax increment to the waterfront district from the project area in amounts sufficient to fund: (a) debt service and debt service coverage for bonds issued under IFD law (IFD Bonds), bonds issued under the Mello-Roos Community Facilities Act of 1982⁴ (CFD Bonds), and other forms of indebtedness that the Port is authorized to issue to fund public facilities authorized to be financed in the infrastructure financing plan to the extent not funded by special tax levies; and (b) costs of administration and authorized public facilities on a pay-as-you-go basis.

- 8. Use excess tax increment for citywide purposes. Tax increment not required to fund eligible project-specific public facilities will be allocated to the City's General Fund or to improvements to the City's seawall and other measures to protect the City against sea level rise or other foreseeable risks to the City's waterfront.
- 9. Port Capital Budget. If the Port issues Port revenue bonds (instead of CFD Bonds or IFD Bonds) to be repaid by tax increment revenue generated in one or more Port project areas, to further the purposes Port Commission Resolution No. 12-22 adopting the Port's Policy for Funding Capital Budget Expenditures, the Port will include annually in its Capital Budget any tax increment revenue allocated to the waterfront district from the project area to provide debt service coverage on any Port revenue bond debt payable from tax increment.
- 10. Require each project area infrastructure financing plan to identify sources of funding to construct, operate, and maintain public facilities financed by project area tax increment. Tax increment will be allocated to the waterfront district from a project area under a project area infrastructure financing plan only if the Port has identified anticipated sources of funding to construct, operate, and maintain any public facilities to be financed with project area tax increment. Examples of acceptable sources for operation and maintenance are: (a) private financing mechanisms, such as a homeowners association assessment; (b) a supplemental special tax levied by a community facilities district formed under the Mello-Roos Act or assessments levied by a community benefits district; and (c) the Port's maintenance budget or other allocation of the Port Harbor Fund.

Strategic Criteria

- Use Port IFD financing for public facilities serving Port land where other Port moneys are insufficient. Port IFD financing should be used to finance public facilities serving Port land when the Port does not otherwise have sufficient funds.
- Use Port IFD financing to leverage non-City resources. Port IFD financing should be
 used to leverage additional regional, state, and federal funds. For example, IFD funds may
 prove instrumental in securing matching federal or state dollars for transportation projects.
- Continue the Port's "best-practices" citizen participation procedures to help establish priorities for public facilities serving Port land. Continue to use the Port's "best-practices" citizen participation procedures to: (a) establish community and municipal priorities for construction of infrastructure serving Port land; and (b) ensure that

Gov. Code §§ 553311-53368.3 (Mello-Ross Act).

infrastructure financing plans for Port project areas provide financing to help the Port and the City meet those priorities.

• The Port, the Mayor's Budget Office, and the Controller should collaborate to conduct periodic nexus studies. No less than every ten years, the Port, the Mayor's Budget Office, and the Controller should collaborate on a nexus study. The nexus analysis will examine whether the cost of basic municipal services provided to Port property, such as services provided by the Fire and Police Departments, is covered by the sum of: (a) the portion of property taxes the City receives from Port land that is not allocated to the waterfront district; (b) hotel, sales, payroll or gross receipts, and any other taxes the City receives from Port land; and (c) any other revenues that the City receives from Port land.

CITY POLICY FOR PORT IFD

BOARD OF SUPERVISORS BUDGET COMMITTEE

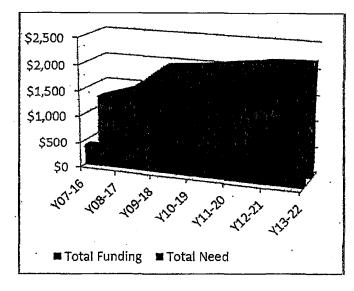

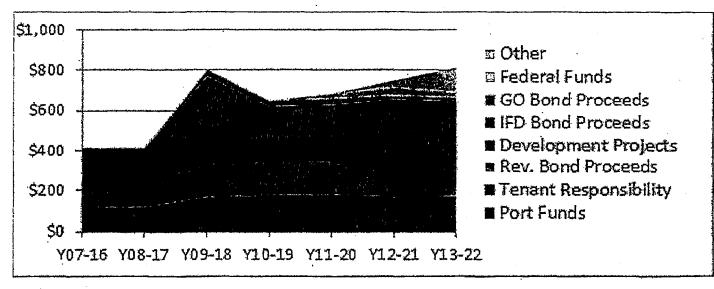

791

INFRASTRUCTURE FINANCING DISTRICTS

- A city or county may form an Infrastructure Financing District (technically a separate political subdivision) to finance public improvements like new streets, utility infrastructure and parks.
- The method of financing tax increment is similar to redevelopment, where growth in property taxes may be captured for periods of up to 45 years, except that in most cases, only local property tax may be captured.
- Tax increment may be used to pay for infrastructure via the sale of bonds, or on a pay-as-you go basis.
- Port IFDs are structured to provide different types of public benefits than redevelopment, which focused on affordable housing. By state law, 20% of the Port IFD tax increment must be spent on parks, Bay access and fill removal and environmental remediation.

PORT 10 YEAR CAPITAL PLAN

IFD LEGISLATIVE EFFORTS

- **SB 1085 (2005)** Authorized the Board of Supervisors to form Infrastructure Financing Districts along Port of San Francisco property
- AB 1199 (2010) Pier 70 State Share of Tax
 Increment
- AB 664 & AB 2259 (2012) 34th America's Cup IFD
 State Share of Tax Increment

Ц

PROPOSED PORT IFD POLICY

Nexus Analysis

- Charter and the Burton Act established Port Harbor Fund
- 2004 and 2008 nexus analysis (taxes and revenues from Port vs. cost of City services)
- Taxes generated from Port property are sufficient to pay for City services on leased property and the workorder budget supports services on unleased property.
- **Principle:** General Fund should not subsidize City services for unleased Port property, and the Harbor Fund should not pay for City services on leased property.

PORTWIDE IFD

- Waterfront project areas for each project
- Eligible uses:
 - Piers, docks, wharves & aprons
 - > Installation of piles
 - Seismic upgrades
 - > Utility infrastructure
 - > Streets and sidewalks

- > Parks and Bay access
- > Fill removal
- > Environmental remediation
- > Historic rehabilitation
- > Seawall and sea level rise
- > Port maritime facilities

PROPOSED PORT IFD POLICY

- 1. Port land. Districts formed on Port property.
- 2. Annexing Non-Port Land. Case-by-case policy decision about applying existing City IFD Guidelines.
- 3. **CEQA**. Conduct CEQA prior to adopting an Infrastructure Financing Plan.
- 4. Priority of Improvements. Consistent with: IFD law, Waterfront Plan, public trust and Capital Plan.
- 5. Economic Benefit and General Fund Impact. Results in total net revenue to General Fund, jobs and other economic development benefits.
- 6. State and City matching contributions. Maximize use of local increment to leverage the maximum available State share.

PROPOSED PORT IFD POLICY

- 7. Amount of increment allocated. Up to \$0.65 per property tax dollar, or, where permitted by State law, up to \$0.90 per property tax dollar, until the costs of required infrastructure are fully paid or reimbursed. No increment will be used to pay a developer's return, except as permitted by law.
- 8. Excess increment. To the City's General Fund or to improvements to the City's seawall or to address sea level rise.
- 9. Port Annual Capital Program. If the Port issues revenue bonds, debt service coverage to Port Capital Program.
- 10. Funding for Infrastructure Maintenance. Identify source to maintain improvements.

PORT IFD FORMATION

- Resolution 110-12 "City and County of San Francisco Infrastructure Financing District No. 2 (Port of San Francisco)"
- City staff will develop an Infrastructure Finance Plan ("IFP") which will include a separate "IFP appendix" for each project
- Port, DPW, SFPUC review of horizontal infrastructure proposals and third-party cost estimates
- Mechanisms to ensure a fair infrastructure price (e.g., GMP contracts)
- CPC recommendation to full BOS regarding each IFP appendix

STRATEGIC CRITERIA & NEXUS

- 1. Use IFDs where other Port moneys are insufficient.
- 2. Use IFDs strategically to leverage non-City resources.
- 3. Continue the "best-practices" citizen participation procedures used to help City agencies prioritize implementation.

Conduct periodic nexus analysis every ten years to review net economic benefits to City. What are the costs of City services to the proposed development vs. general taxes (net of tax increment)?

MAJOR WATERFRONT PROJECTS¹

• SWL 337 & Pier 48

3.6 million sf of mixed use development, est. all-in cost of \$1.47 billion \$341 million in tax increment captured to service debt (12.5%) of total generated over 75 year term)

• Pier 70 Waterfront Site²

> 3.5 million sf of mixed use development, est. all-in cost of \$1.76 billion

Piers 30-32 and SWL 330

~2 million sf of mixed use development, est. cost of \$875-975 million

Notes:

- Figures for all development projects (sf of development, cost estimates and financial projections are <u>conceptual</u>, <u>pre-entitlement projections</u>.
- The Port proposes to form a broader infrastructure financing district project area over all of Pier 70 (69 acres). The Waterfront Site is 25 acres.

802

SWL 337 FISCAL IMPACT

BASED ON CHAPTER 29 FISCAL FEASIBILITY REPORT PROJECTION IS SUBJECT TO REFINEMENT

- Net Fiscal Benefit to CCSF
 - \$13 million tax and dedicated revenue
 - \$2.5 million Police, Fire and DPW costs
 - = \$10.5 million annual fiscal benefit
- While SFMTA is projected to receive \$1.7 million of this amount, the full costs of SFMTA service to the site will be further analyzed during CEQA and SFMTA's related planning studies
- After IFD pays for eligible infrastructure costs, the project will generate \$8 million annually (in 2013 dollars) which the Board may allocate to the City's seawall or for General Fund purposes.

803

SWL 337 & PIER 48: COSTS FOR PARKS, STREETS, HISTORIC REHAB, UTILITIES AND SITE WORK

I. EXECUTIVE SUMMARY

The fiscal impact analysis presented in this report has been prepared to meet the requirements of Section 53395.8 (g) (3) (C) (vii) of the California Government Code relating to the formation of Project Area I and the addition of Sub-Project Areas I-1 through I-13 to the City and County of San Francisco Infrastructure Financing District No. 2. The boundaries of Project Area I encompass the boundaries of the proposed Mission Rock Project ("the Project"). For purposes of this analysis, the term "District" means the aggregate sum of Sub-Project Area I-1 through I-13. The analysis addresses the following:

"The costs to San Francisco for providing facilities and services to the District while the District is being developed and after the district is developed, and of the taxes, fees, charges, and other revenues expected to be received by San Francisco as a result of expected development in the district."

The Project is anticipated to be comprised of the following components¹:

- Over 8 acres of parks and open space;
- 1,327 rental residential apartments, of which 40% will be affordable to households earning less than 150% of the Area Median Income²,
- 248,931 square feet of retail;
- 1.7 million square feet of office, retail, and production space; and
- 983,876 square feet of structured parking.

Completion and full occupancy of the Project is anticipated by FY 2026/27. Upon buildout, the Project's service population is projected to reach 2,999 residents and 5,084 employees.

The analysis reflects the anticipated development program and phasing schedule provided by project sponsors in October 2017, as well as current fiscal information derived from the City and County of San Francisco (CCSF) FY 2017/18 Budget and Appropriation Ordinance.

Each Sub-Project area will receive tax increment for 45 years from the date that the such Sub-Project Area receives \$100,000 in incremental tax revenues under the IFD Law. This fiscal analysis evaluates the impacts of the entire Project from FY 2018/19 through FY 2072/73 which is the projected termination date of the last Sub-Project Area.

Market Rate units: 801

• 90% AMI units: 50

45% AMI units: 27

120% AMI units: 228; and

55% AMI units: 131

150% AMI units: 90

¹ The development program analyzed in this fiscal analysis represents the Developer's current estimates. The actual program may differ from this projection.

² The distribution of affordable residential units is as follows:

The analysis evaluates the cumulative and annual fiscal impacts to the CCSF General Fund. In accordance with the terms of the draft Disposition and Development Agreement between the Port and Seawall Lot 337 Associates, LLC ("Developer"), this analysis assumes that:

- 100% of the City's share of tax increment (64.59% of every dollar of gross tax increment)
 will be allocated from the General Fund to the IFD to fund eligible facilities; and
- The maintenance of all of the Project's public facilities, including the parks, open space, plazas, and public right of way, will be funded by a Community Facility District (CFD) and/or other exaction on property owners. Maintenance will not be funded by the CCSF General Fund.

Net Fiscal impacts to the General Fund

The Project is anticipated to generate a surplus to the City's General Fund during each and every year, from construction through the anticipated termination of the IFD in FY 2072/73. The cumulative surplus to the City's General Fund from FY 2017/18 through FY 2072/73 will total approximately \$750.9 million in nominal dollars or \$288.6 million in current (2017) dollars. Net of transfers from the General Fund pursuant to the City Charter and policies, the cumulative surplus to the General Fund is estimated to total \$402.3 million in nominal dollars or \$156.9 million in current (2017) dollars.

Upon stabilization in FY 2028/29, the Project is estimated to generate an annual surplus of \$8.0 million in nominal dollars or \$5.7 million in current (2017) dollars. After accounting for City Charter and policy transfers, the annual surplus upon stabilization is estimated at \$4.3 million in nominal dollars or \$3.1 million in current (2017) dollars. The Project is anticipated to generate an annual General Fund surplus throughout the study period.

II. INTRODUCTION

The fiscal impact analysis presented in this report has been prepared to meet the requirements of Section 53395.8 (g) (3) (C) (vii) of the California Government Code relating to the formation of Project Area I and the addition of Sub-Project Areas I-1 through I-13 to the City and County of San Francisco Infrastructure Financing District No. 2. The boundaries of Project Area I encompass the boundaries of the proposed Mission Rock Project ("the Project"). For purposes of this analysis, the term "District" means the aggregate sum of Sub-Project Area I-1 through I-13. The analysis addresses the following:

"The costs to San Francisco for providing facilities and services to the District while the District is being developed and after the district is developed, and of the taxes, fees, charges, and other revenues expected to be received by San Francisco as a result of expected development in the district."

A. Project Description

The Project consists of the development of a mixed use community on SWL 337 and Pier 48 to be undertaken by Seawall Lot 337 Associates, LLC as the Master Developer and additional developers to construct vertical improvements. The Project will also contain over eight (8) acres of Community Facilities District- maintained parks and open space, among other community amenities. Full occupancy of the Project is anticipated by FY 2026/27. Exhibit 2 summarizes the anticipated development program³.

B. Service Population

In accordance with the Project's Draft EIR, the Project's population is projected to reach 2,999 residents and 5,084 employees (Exhibit 3), with an average household size of 2.35 (Appendix

³ The development program analyzed in this fiscal analysis represents the Developer's current estimates. The actual program may differ from this projection.

Table C2). For purposes of this analysis, the service population is equivalent to the sum of the resident and the half of the employee population (day and evening population).

| Exhibit 3 – Project Demograph | iics | |
|-------------------------------|-------------------------------------|----------|

| Service Population: | • | |
| Day & Evening Population | pop + 0.5*emp. | 5,541 |

C. Approach and Key Assumptions

The subject analysis evaluates the marginal impacts of the Project on the CCSF General Fund. The time horizon of the analysis extends from FY 2017/18 through FY 2072/73, which encompasses the full construction period and the anticipated duration of the IFD.

The fiscal impacts are presented net of General Fund tax increment to be diverted to the IFD. The analysis reflects the diversion of 100% of the General Fund's 64.59% share of gross property tax increment.

Pursuant to the City's charter and adopted policies, this analysis measures General Fund revenues before and after transfers to the San Francisco Municipal Transportation Agency (MTA) Fund, Children's Services Fund and Library Preservation Fund. The baseline revenue transfers reflected in the analysis are as follows:

- MTA Fund 9.19% of General Fund Aggregate Discretionary Revenue (ADR)
- Library Preservation Fund 2.29% of ADR
- Children's Services Fund 8.76% of ADR

Projections contained in the subject analysis reflect the Developer's anticipated development and absorption schedule. Projected revenues and costs are based on a combination of Project-specific information and average per capita factors derived from the City's budget. Project-specific information includes anticipated development costs, the estimated value of improved

land to be transferred to vertical builders, estimated gross receipts, estimated rental rates for completed buildings and parking, and the number of additional police and fire staff that will be required to meet the Project's residents and employees (which have been determined by the Project's Draft EIR). Projected utility user revenues, licenses, permits and franchise fees, community health expenditures, human welfare, culture and recreation, and general administration and finance department expenses are based on current per capita revenues/expenses applied to the Project's projected population and employment (as shown on Exhibit 3). Given that public facility maintenance costs will be funded by property owners, the Project will not generate any costs to the City's public works department.

With the exception of property-based revenues, revenue and service cost factors are assumed to increase at an annual rate of 3% per year. Assessed property values reflect the sum of the estimated value of land to be conveyed to vertical builders and estimated development costs of vertical improvements. For purposes of this analysis, assessed values are conservatively assumed to increase at the Proposition 13 statutory rate of 2% per year.

Annual projections contained in the attached tables are presented in nominal (inflated) dollars, unless otherwise noted. Current (2017) dollar figures are calculated based on a 3% per year discount rate and are included in summary tables for comparison purposes.

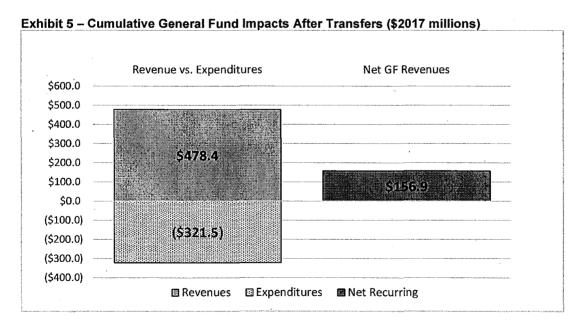

III. FISCAL IMPACTS

A. Summary of Net Fiscal Impacts to the General Fund

Exhibits 4 and 5 and Table A1 (attached) present the revenue and service cost impacts of the Project to the CCSF General Fund after the diversion of tax increment to each Sub-Project Area.

The Project is anticipated to generate a cumulative surplus to the City's General Fund of \$288.6 million (2017\$) before General Fund transfers or \$156.9 million after transfers (2017\$). Upon stabilization in FY 2028/29, the annual surplus is estimated to total \$5.7 million before General Fund transfers or \$3.1 million after transfers. The Project is expected to generate an annual surplus to the General Fund during each and every year of the projection, from construction through the termination of the IFD.

| Exhibit 4 - Summary of General Fund Fiscal | Impacts | | CONTRACTOR | | | |
|--|--------------------------|------------------|-------------------------------|-----------------|--|--|
| General Fund Impact | Cumula FY 2017/18 – F | | Stabilized Year FY 2028/29 | | | |

B. General Fund Revenues

Exhibits 6 through 8 and Tables A1 and A2 (attached) summarize the sources of General Fund revenues to be generated by the Project. Detailed assumptions are provided on Table A2 through A10, and Appendix B and C.

1. Recurring Revenues

Cumulative recurring General Fund revenues are estimated to total \$598.8 million (2017\$). Upon stabilization, the Project is estimated to generate approximately \$12.1 million in annual General Fund revenues (2017\$). Gross Receipts tax revenues are expected to be the leading category accounting for 57% of all General Fund revenue to be generated by the Project, followed by property taxes in lieu of motor vehicle license fee revenues at 16%, and sales and use tax revenues at 13%.

| General Fund Revenues | Cumula FY 2017/18 - I | | Stabiliz FY 20 | % Share | |
|--|--------------------------|--------------|--------------------|--------------|-----------|
| | \$2017 millions | \$nominal | \$2017 millions | \$nominal | |
| Recurring Revenues | | | | | |
| Portion of General Fund Property Tax | \$0.0 | \$0.0 | \$0.0 | \$0.0 | 0% |
| Property Tax in Lieu of Motor Vehicle Fees | \$79.2 | \$205.8 | \$2.0 | \$2.7 | 16% |
| Sales and Use Tax | \$78.3 | \$210.6 | \$1.6 | \$2.2 | 13% |
| Gross Receipts Tax | \$346.8 | \$929.2 | \$6.9 | \$9.5 | 57% |
| Business Registration Fee | \$7.2 | \$19.4 | \$0.1 | \$0.2 | 1% |
| Net New Parking Tax Revenue | \$36.0 | \$97.8 | \$0.6 | \$0.8 | 5% |
| Utility Users Tax - Water Users Tax | \$1.1 | \$3.1 | \$0.0 | \$0.0 | 0% |
| Utility Users Tax - Gas Electric Steam Users Tax | \$18.6 | \$49.8 | \$0.4 | \$0.5 | 3% |
| Utility Users Tax - Telephone Users Tax | \$11.9 | \$31.8 | \$0.2 | \$0.3 | 2% |
| Access Line Tax | \$11.5 | \$30.9 | \$0.2 | \$0.3 | 2% |
| Licenses, Permits and Franchise Fees | \$7.1 | \$19.1 | \$0.1 | \$0.2 | 1% |
| Fines and Forfeitures | <u>\$1.1</u> | <u>\$2.9</u> | <u>\$0.0</u> | <u>\$0.0</u> | <u>0%</u> |
| TOTAL | \$598.8 | \$1,600.5 | \$12.1 | \$16.8 | 100% |

2. One-Time Construction Revenues

In addition to recurring revenues, the Project will generate one-time, construction-related revenues totaling \$11.3 million (2017\$) through buildout (Exhibit 8). Sales and Use tax revenues account for 31% of revenues, and Gross receipts tax account for 69% of the total revenue.

| Exhibit 8 – Construction-Related Rev General Fund Revenues | Cumulat | ive | 1000 |
|---|-----------------|--------------|------------|
| (Construction-Related) | FY 2017/18 - FY | / 2026/27 | % Share |
| | \$2017 millions | \$nominal | |
| Construction Revenues | | | |
| Sales and Use Tax | \$3.4 | \$4.0 | 31% |
| Gross Receipts Tax | <u>\$7.8</u> | <u>\$9.0</u> | <u>69%</u> |
| Total Construction Revenues | \$11.3 | \$12.9 | 100% |

3. Property Tax In-Lieu of Motor Vehicle License Fees (VLF) Revenues

Pursuant to SB 1096, the City receives subvention revenues from the State in the form of an allocation of property tax revenues to replace a large portion of the motor vehicle license fee revenues that were distributed proportionate to population prior to the adoption of the legislation in 2004. These subvention payments are based on the growth in assessed value relative to the Citywide assessed value as of 2004/05. Under the State's formula, the City receives \$1.07 per \$1,000 of growth in assessed property values. Revenue from the Project is based on the Project's contribution to growth in assessed values (Tables A1, A2, and A3).

4. Sales and Use Tax Revenues

The CCSF General Fund receives 1% of taxable sales. Recurring sales tax revenues will be generated from on-site retail sales and through spending by Project residents and employees within the City. Construction-related sales tax revenues comprise business-to-business sales generated from the purchase of construction materials. Specific sales tax assumptions by source are summarized below:

- Retailer-generated: Taxable sales to be generated by on-site retailers have been estimated based on an average taxable sales productivity of \$400 per rentable square foot, with 75% of retail space being taxable. Retail employees are estimated to spend \$47 per week on taxable merchandise. Off-site sales have been reduced by 10% to avoid double-counting of on-site employee expenditures (Tables A4, A4.1, and A4.2).
- Office-generated: Offices tenants are estimated to generate taxable sales averaging \$25 per rentable square foot. Office employees are estimated to generate taxable sales of \$72 per week. Off-site sales have been reduced by 10% to avoid double-counting of on-site employee expenditures (Tables A4, A4.1, and A4.2).
- Resident-generated: Taxable sales to be generated by new residents have been estimated based on the level of household income required to support the anticipated apartment rental rates and consumer expenditure data published by the Bureau of Labor Statistics and California Department of Housing and Community Development (Tables C3, A4, and A4.1).
- Construction-generated: Use tax revenues to be generated by construction contractors are estimated based on development costs provided by the Developer and typical relationships between "hard" and "soft" development costs and material and labor costs. The revenue estimate reflects the assumption that San Francisco is designated as the point of sale by the general and sub-contractors for 50% of materials purchased for the construction of the Project (Tables B3.3, A4, A4,2).

5. Gross Receipts Tax Revenues

Per the San Francisco Business and Tax Regulations Code, Article 12-A-1: Gross Receipts Tax, the tax rate varies by business type and by the amount of gross receipts generated. Businesses generating less than \$1 million each year in gross receipts are exempt from the tax.

Average retail, office and production gross receipts are based on industry standard productivity levels. Rental and leasing gross receipts are based on the Developer's estimates of rental income. Tax rates have been estimated for the Project's businesses by estimating a range of industry categories. The assumed types and numbers of businesses are provided in Table B1. (Tables B1, and A5). Gross receipts tax revenues have also been calculated for construction activities, based on the development budget for horizontal infrastructure costs, vertical development costs and softs costs. (Table A5.1)

6. Business Registration Fee Revenues

Per the San Francisco Business and Tax Regulations Code, Article 12: Business Registration, the business registration fee is charged by tier based on the level of gross receipts generated. Average gross receipts for office, retail and hotel businesses used to determine applicable fee rates are consistent with gross receipts tax estimating assumptions (Tables A6, and B1).

7. Net New General Fund Parking Tax Revenues

The City and County of San Francisco imposes a 25% tax on rental income derived from parking for non-residential uses. In accordance with the City's policies, 20% of parking tax proceeds is allocated to the General Fund and 80% is transferred for specified uses. For purposes of this analysis, parking tax revenues have been calculated net of revenues that are currently generated from the site. Future parking revenues are based on the Developer's projection.

8. Utility Users Tax Revenues

The City and County of San Francisco imposes a 7.5% tax on charges for certain utilities services. These include non-residential electricity, natural gas, steam, and water services, and both residential and non-residential telephone and cellular telephone services. For purposes of this analysis, the utility users tax has been estimated based on CCSF budget factors for FY 2017/18. The budget factors have been calculated on a per employee or per persons served basis for electricity, natural gas, steam, and water taxes, and on a per service population basis for telephone services (Tables A8).

9. Access Line Tax Revenues

Access line taxes are levied against residential and commercial users. For purposes of this analysis, the access tax is estimated based on CCSF budget factors for FY 2017/18. The budget factors have been calculated on a per service population basis. Based on the City's 2017/18 budget, access line tax revenues total approximately \$41.25 per resident/employee (Tables A8).

10. Licenses, Permits and Franchise Fees and Fines, Forfeitures and Penalties

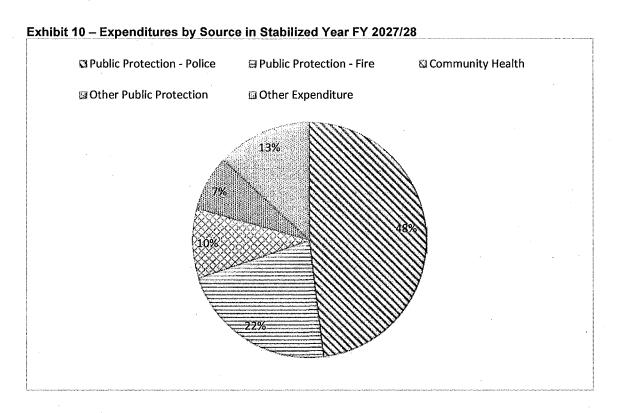

Licenses, permits, and franchise fees, and fines, forfeitures, and penalties are estimated based on CCSF budget factors for FY 2017/18. The budget factors have been calculated on a per service population basis. Based on the City's 2017/18 budget, Licenses, Permits and Franchise Fees revenues total approximately \$25.59 per resident/employee; Fines and Forfeitures revenues are \$3.91 per resident/employee (Table A8).

C. General Fund Expenses

Exhibits 9 and 10, Tables A1 and A9 provide information on the expense impacts of the Project on the CCSF General Fund after the expected diversion of tax increment to the sub-project areas of the IFD.

Cumulative General Fund expenses are estimated to total \$321.5 million (2017\$). The Project is estimated to generate approximately \$6.4 million in General Fund expenditures in stabilized year FY 2028/29 (2017\$). Exhibit 10 illustrates the distribution of recurring General Fund expenditures in the stabilized year. Police Services are expected to be the leading expense category, accounting for 48% of the cost to the General Fund, followed by Fire Protection at 22%, and Community Health at 10%.

| General Fund Expenditures – \$2016 millions | Cumula FY 2017/18 - F | 5 SUNTANDO NO 12 1 1 1 1 1 1 1 1 1 1 1 1 1 1 1 1 1 1 | Stabilized FY 2028 | ்% Share | |
|--|--------------------------|--|-----------------------|--------------|-----------|
| Recurring Expenditures | \$2017 millions | \$nominal | \$2017 millions | \$nominal | |
| General Administration and Finance | \$14.0 | \$37.5 | \$0.3 | * \$0.4 | 4% |
| Public Protection – Police | \$154.6 | \$414.7 | \$3.1 | \$4.3 | 48% |
| Public Protection - Fire | \$69.7 | \$186.9 | \$1.4 | \$1.9 | 22% |
| Other Public Protection | \$24.3 | \$65.3 | \$0.5 | \$0.7 | 8% |
| Community Health | \$31.0 | \$83.2 | \$0.6 | \$0.9 | 10% |
| Human Welfare and Neigh. Dev. | \$19.3 | \$51.8 | \$0.4 | \$0.5 | 6% |
| Culture and Recreation | <u>\$8.6</u> | <u>\$23.1</u> | <u>\$0.2</u> | <u>\$0.2</u> | <u>3%</u> |
| Total | \$321.5 | \$862.6 | \$6.4 | \$8.8 | 100% |

1. Police Department Expenditures

In accordance with the Draft EIR, police department expenditures are based on a service level of 2.01 sworn officers per 1,000 residents and employees.. The Project's on-site population and employment is anticipated to require 16 officers upon buildout. The average cost per officer is assumed to be \$189,000 based on the "Pier 70 Fiscal and Economic Analysis Update", August 31, 2017. (Tables A10).

2. Fire Department Expenditures

In accordance with the Draft EIR, fire department expenditures are based on a service level of 0.96 fire department personnel per 1,000 residents and employees. The Project's on-site population and employment is anticipated to require 8 officers upon buildout. The average cost per new personnel is \$178,329 based on the "Pier 70 Fiscal and Economic Analysis Update", August 31, 2017. (Tables A10).

3. Public Works

Per the City's agreement with the Developer, the maintenance costs of all of the Project's public facilities will be funded through a privately funded CFD. Therefore, the Project will not generate any additional cost to the City's General Fund.

4. Community Health

Community health department expenses have been estimated based on the CCSF budget. Cost estimates reflect a cost of \$202.62 per resident. (Table A9).

5. Human Welfare and Neigh. Dev.

Human welfare and neighborhood development department expenses have been estimated based on the CCSF budget. Cost estimates reflect a cost of \$128.03 per resident. (Table A9).

6. Other Public Protection

Other Public Protection expenses have been estimated based on the CCSF budget. Cost estimates reflect a cost of \$87.30 per person served. (Table A9).

7. General Administration and Finance

General Administration and Finance department expenses have been estimated based on the CCSF budget. Cost estimates reflect a cost of \$50.18 per person served. (Table A9).

8. Culture and Recreation

Culture and Recreation department expenses have been estimated based on the CCSF budget. Cost estimates reflect a cost of \$57.17 per resident (Table A9). A service CFD will be established to fund the ongoing maintenance costs of the projects public parks, and open space.

D. Summary of General Fund Revenues Transfers to Other Funds

Under current City policies, approximately 20% of aggregate discretionary revenues (ADR) are transferred from the General Fund to the San Francisco Municipal Transportation Agency (SFMTA), Library Preservation and Children's Services Funds, as detailed on Exhibit 11.

| Exhibit 11 - General Fund So | et-Asides | |
|------------------------------|--------------|--|
| Fund | Set-Aside % | |
| MTA* | 9.19% of ADR | |
| Library Preservation | 2.29% of ADR | |
| Children's Services | 8.76% of ADR | |

^{*} Baseline transfer only. ADR = Aggregate General Fund Discretionary Revenues

The cumulative transfer over the aggregate life of the IFD is anticipated to total \$131.7 million (2017\$) through FY2072/73 (Exhibit 12). The annual transfer upon stabilization of the Project in FY 2028/29 is anticipated to be \$2.6 million (2017\$).

| Exhibit 12 – Transfers | Cumulativ FY 2017/18 - FY | | Stabilized Year FY 2028/29 | | |

| General Fund, ADR Set-aside | | | | | |
| Children's Services | \$1.0 | \$1.1 | | | |
| Library Preservation | \$0.3 | \$0.3 | | | |
| MTA · | <u>\$1.0</u> | <u>\$1.2</u> | | | |
| Subtotal | \$2.3 | \$2.6 | | | |
| Aggregate | | | | | |
| General Fund, ADR Set-aside | | | | | |
| Children's Services | \$53.4 | \$141.3 | \$1.1 | \$1.5 | |
| Library Preservation | \$13.9 | \$36.9 | \$0.3 | \$0.4 | |
| MTA | \$56.1 | \$148.3 | \$1.1 | \$1.5 | |
| Licenses, Permits, Fines, Franchise Fees | <u>\$8.2</u> | <u>\$22.1</u> | <u>\$0.2</u> | \$0.2 | |
| Total General Fund Transfers | \$131.7 | \$348.6 | \$2.6 | \$3.6 | |

^{*} Numbers may be slightly different because of rounded numbers.

1. SFMTA Revenues

Transfers to the SFMTA Fund over the life of the IFD are anticipated to total \$56.1 million (2017\$). (Table A1, and A2).

2. Library Preservation Fund

Transfers to the Library Preservation Fund are anticipated to total \$13.9 million (2017\$). (Table A1, and A2).

3. Children's Services Fund Revenues

Transfers to the Children's Services Fund are anticipated to total \$53.4 million (2017\$). (Table A1, and A2)

4. Licenses, Permits, Fines, Franchise Fees

It is our understanding that licenses, permits, fines and franchise fee revenues are transferred from the General Fund to be used for specific purposes. The Project is anticipated to generate a total of \$8.2 million (2017\$). (Table A1, and A2).

^[1] KMA assumption

^[2] Based on taxable food and goods and services spending for urban workers as reported in the ICSC report, "Office-Worker Retail Spending in a Digital Age" (2012). Retail worker spending based on Yable BU-B; assumes retail workers earning \$25,000 to \$35,000 will spend similarly to office workers earning in the same range. Office worker spending based on average for urban office workers.

^[1] KMA assumptions.
[2] Based on taxable food and goods and services spending for urban workers as reported in the ICSC report, "Office-Worker Retail Spending in a Digital Age" (2012), Retail worker spending based on Table BU-8; assumes retail workers serring \$25,000 to \$35,000 will spend similarly to office workers serring in the same range. Office worker spending based on average for urban office workers.

^[1] KMA assumptions.

^[2] Based on rasable food and goods and services spending for urban workers as reported in the ICSC report, "Office-Worker Retail Spending in a Digital Age" [2012). Retail worker spending based on Table Bu-8; assumes retail workers earning 525,000 to 535,000 will spend similarly to office workers earning in the same range. Office worker spending based on average for urban office workers.

^[1] The assumptions are from EPS.

^[2] San Francisco Business and Tax Regulations Code, Article 12-A-1: Gross Receipts Tax Ordinance. Retail, Wholesale, and Services Rate for \$2.5 to \$25 M.

^[3] San Francisco Business and Tax Regulations Code, Article 12-A-1: Gross Receipts Tax Ordinance. Financial, Insurance, Professi, Scientific Rate for \$2.5 to \$25 M

^[4] San Francisco Business and Tax Regulations Code, Article 12-A-1: Gross Receipts Tax Ordinance. Real Estate, Rental, Leasing Services Rate for \$5 to \$25 M, and over \$25 M

^[5] San Francisco Business and Tax Regulations Code, Article 12-A-1: Gross Receipts Tax Ordinance. Financial, Insurance, Professi, Scientific Rate for over \$25 M

^[6] KMA's ssumption: 4.76 employees per 1,000 SF (office), 1 employee per 1,000 SF (production)

^[7] Smaller tenants and small tenants are excluded since their gross receipts do not exceed \$1,000,000 per business. The sales per business of smaller tenants = \$400 * 2,500SF = \$1,000,000; the sales per business of small tenants = \$400 * 1,500SF = \$600,000.

^[8] San Francisco Business and Tax Regulations Code, Article 12-A-1: Gross Receipts Tax Ordinance. Manufacturing, Transportation and Warehousing Rate for \$2.5 M to \$25 M

^[1] Horizontal costs aggregated per year, based on the horizontal infrastructure budget presented for Mission Rock - Seawall Lot 337 & Pier 48.

^[2] Development Area by Land Use by Year presented in Table B3.3, multiplied by hard cost factors presented in Table B3.2

^[3] Development Area by Land Use by Year presented in Table B3.3, multiplied by soft cost factors presented in Table B3.2

^[4] San Francisco Business and Tax Regulations Code, Article 12-A-1: SEC. 953.5. GROSS RECEIPTS TAX APPLICABLE TO CONSTRUCTION; To calculate the gross receipts on horizontal infrastructure development, costs for respective years were considered as 1 business activity. Similarly, gross receipts on vertical hard and soft development were calculated based on the assumption that costs for respective years and respective land uses make up 1 business activity.

| | | | | | | | | | | | | |

^[1] Parking for 3000 spaces will be provided in Parcel D1 and D2. Projections based on developer showing revenue per space at \$6,753.

^[1] Parking for SUU spaces will be provided in Parce ID1 and ID2. Projections based on developer showing revenue per space at 56,753.
[2] Calculated on the basis on an annual revenue of \$6,753 per spot (\$2017), and Infating at 3% per year.
[3] FY 2017 current combined parking spaces in Pier 48 and SWL is 2606, excluding the 423 spaces for the Glants. As development begins, number of parking spaces reduces.
[4] Revenue projection based on the assumption that from Phase 1, revenue per space would be as per the developer's projection of \$6,753, except for FY 2017-18.
[5] The percentages are based on the Pier 30-32 Fiscal Feasibility Analysis report by EPS.
[6] As per the developer proforma, current revenue generated from the site is \$8,016,222. This is deducted from total revenue parking revenue generated to calculate the net parking revenue.
[7] As per the developer proforma, parking revenues from residential units upon buildout, in current dollars is \$3,057,600, Prorata share of this revenue (based on residential absorption) is deducted while calculating the additional parking revenue from development that is taxable, as residential parking revenue is not subject to parking tax.

^[1] Parking for 3000 spaces will be provided in Parcel 01 and 02. Projections based on developer showing revenue per space at \$6,753.
[2] Calculated on the basis on an annual revenue of \$6,753 per spot (\$2017), and inflating at 3% per year.

^[3] FY 2017 current combined parking spaces in Pier 48 and SWL is 2606, excluding the 423 spaces for the Giants. As development begins, number of parking spaces reduces.

^[4] Revenue projection based on the assumption that from Phase 1, revenue per space would be as per the developer's projection of \$6,753, except for FY 2017-18.

^[5] The percentages are based on the Pier 30-32 Fiscal Feasibility Analysis report by EPS.

^[6] As per the developer proforms, current revenue generated from the site is \$8,016,222. This is deducted from total revenue parking revenue generated to calculate the net parking revenue.

^[7] As per the developer proforma, parking revenues from residential units upon buildout, in current dollars is \$3,057,600. Prorata share of this revenue (based on residential absorption) is deducted while calculating the additional parking revenue from development that is taxable, as residential parking revenue is not subject to parking tax.

^[1] Parking for 3000 spaces will be provided in Parcel D1 and D2. Projections based on developer showing revenue per space at \$6,753.

[2] Calculated on the basts on an annual revenue of \$6,753 per spot (\$2017), and Inflating at 3% per year.

[3] FY 2017 current combined apriking spaces in Pier 48 and SWI, is 2606, actualing the 423 spaces for the Giants. As development begins, number of parking spaces reduces.

[4] Revenue projection based on the assumption that from Phase 1, revenue per space would be as per the developer's projection of \$6,753, except for FY 2017-18.

[5] The percentages are based on the Pier 30-32 Fiscal Feasibility Analysis report by EPS.

[6] As per the developer proforms, current revenue generated from the site is \$8,016,222. This is deducted from total revenue parking revenue generated to calculate the net parking revenue.

^[7] As per the developer proforms, parking revenues from residential units upon buildout, in current dollars is \$3,057,600. Prorata share of this revenue (based on residential absorption) is deducted while calculating the additional parking revenue from development that is taxable, as residential parking revenue is not subject to parking tax.

^[1] Parking for 3000 spaces will be provided in Parcel D1 and D2. Projections based on developer showing revenue per space at \$6,753.

^[2] Calculated on the basis on an annual revenue of \$5,753 per spot (\$2017), and inflating at 3% per year.

^[3] FY 2017 current combined parking spaces in Pier 48 and SWL is 2606, excluding the 423 spaces for the Giants. As development begins, number of parking spaces raduces.

^[4] Revenue projection based on the assumption that from Phase 1, revenue per space would be as per the developer's projection of \$6,753, except for FY 2017-18.

^[5] The percentages are based on the Pier 30-32 Fiscal Feasibility Analysis report by EPS.

^[6] As per the developer proforma, current revenue generated from the site is \$8,016,222. This is deducted from total revenue parking revenue generated to calculate the net parking revenue.

^[7] As per the developer proforma, parking revenues from residential units upon buildout, in current dollars is \$3,057,600. Provata share of this revenue (based on residential absorption) is deducted while calculating the additional parking revenue from development that is taxable, as residential parking revenue is not subject to parking tax.

^[1] Per San Francisco Business and Tax Regulations Code Article 10: Utility Users Tax, non-residential users pay telephone, water, gas, electric, and steam users utility taxes; residential and non-residential users pay cellular telephone and access line taxes. It has been assumed for purposes of these estimates that most residential users use cellular rather than land-line telephone service.

^[2] City and County of San Francisco, Proposed Budget, FY 2017-18.

^[3] The City's proposed budget (FY2017-18) only offers the number of Utility Users Tax, the sum of Water Users Tax, Gas Electric Steam Users Tax and Telephone Users Tax. KMA assumes that the proportions of these three taxes stay same as the proportions in the City's budget in FY 2010-11.

^[1] Per San Francisco Business and Tax Regulations Code Article 10: Utility Users Tax, non-residential users pay telephone, water, gas, electric, and steam users utility taxes; residential and non-residential users pay cellular telephone and access line taxes. It has been assumed for purposes of these estimates that most residential users use cellular rather than land-line telephone service.

^[2] City and County of San Francisco, Proposed Budget, FY 2017-18.

^[3] The City's proposed budget (FY2017-18) only offers the number of Utility Users Tax, the sum of Water Users Tax, Gas Electric Steam Users Tax and Telephone Users Tax. KMA assumes that the proportions of these three taxes stay same as the proportions in the City's budget in FY 2010-11.

^[1] As Per Seawall Lot 337 and Pier 48 EIR (Aug 26, 2017), service ratio is 2.01 officers per 1000 residents. The EIR calculates the total required officers based on total residents (including induced residents), while this analysis calculates it based on the sum of on-site residents and employees.

^[2] Based on Pier 70 Fiscal and Economic Analysis Update, August 31, 2017

^[3] As Per Seawall Lot 337 and Pier 48 EIR (Aug 26, 2017), the ratio of fire personnel to (Residents + Employee) is 0.96.

^[1] As Per Seawall Lot 337 and Pier 48 EIR (Aug 26, 2017), service ratio is 2.01 officers per 1000 residents. The EIR calculates the total required officers based on total residents (including induced residents), while this analysis calculates it based on the sum of on-site residents and employees.

^[2] Based on Pier 70 Fiscal and Economic Analysis Update, August 31, 2017

^[3] As Per Seawall Lot 337 and Pier 48 EIR (Aug 26, 2017), the ratio of fire personnel to (Residents + Employee) is 0.96.

MEMORANDUM OF UNDERSTANDING

(Mission Rock SUD Financing Districts)

This MEMORANDUM OF UNDERSTANDING (Mission Rock SUD Financing Districts) (this "MOU") is between the CITY AND COUNTY OF SAN FRANCISCO, acting through the Controller (the "Controller") and the Treasurer and Tax Collector (the "Treasurer-Tax Collector"), and the CITY AND COUNTY OF SAN FRANCISCO, acting through the Port Commission (the "Port" or the "Port Commission"). This MOU describes procedures for implementing the allocation and administration of property tax increment and special taxes as described in the Financing Documents for financing districts that will be formed within the SUD. The Port Commission and the Board of Supervisors approved this MOU by Port Resolution No. _____ and Board Resolution No. _____ (the "MOU Resolution"), respectively, under Charter section B7.320.

Initially capitalized and other terms used but not defined in this MOU are defined in the Appendix to Transaction Documents for the Project (the "Appendix"), which contains definitions, rules of interpretation, and standard provisions applicable to all Transaction Documents, including this MOU.

RECITALS

- A. The Port Commission and the Board of Supervisors approved a Disposition and Development Agreement (the "DDA"), which includes a Financing Plan, between Developer and the Port, by Port Resolution No. _____ and Board Resolution No. _____. The Board of Supervisors also adopted Ordinance No. _____, establishing the SUD. Under the Financing Plan, the Port will use Project Payment Sources to satisfy payment obligations to Developer relating to development of the Project Site. A copy of the Financing Plan with the Appendix is attached as Exhibit A.
- **B.** IFD Law authorizes the Board of Supervisors to form one or more infrastructure financing districts within its jurisdictional boundaries and to use tax increment generated by infrastructure financing districts to finance authorized improvements.
 - 1. By Ordinance No 27-16 (the "IFD Ordinance"), the Board of Supervisors established a waterfront district under Section 53395.8 of the IFD Law over all Port property, named City and County of San Francisco Infrastructure Financing District No. 2 (Port of San Francisco) (the "IFD") and designated project areas within the IFD. In the IFD Ordinance, the Board of Supervisors also approved an Infrastructure Financing Plan for the IFD (the "IFD Financing Plan").
 - 2. On ____, 2018, the Board of Supervisors adopted Ordinance No. ____ (the "Sub-Project Area Ordinance"), establishing Project Area I ("Project Area I"), including Sub-Project Areas I-1 through I-13 (the "Sub-Project Areas") and approving Appendix I to the IFD Financing Plan ("Appendix I").
 - 3. In the Sub-Project Area Ordinance, the Board of Supervisors authorized the IFD to use Allocated Tax Increment generated in the Sub-Project Areas and to issue, pay, and secure debt for the purposes and subject to the limitations described in Appendix I. The Allocated Tax Increment consists of the 64.588206% apportionment factor of the Proposition 13 base 1.00% tax rate-related Tax Increment generated in the Sub-Project Areas.
 - 4. In the Financing Plan, the Port and Developer agreed that Allocated Tax Increment will be used to pay for debt service on Mello-Roos Bonds (the proceeds of which will be used to finance Horizontal Improvements), Horizontal Improvements, and Shoreline Protection Facilities. A copy of the IFD Financing Plan with Appendix I is attached as **Exhibit B**.

- C. CFD Law authorizes the Board of Supervisors to form a community facilities district or special tax district within its jurisdictional boundaries, and to levy and collect Mello-Roos Taxes to finance public facilities and certain public services. The Board of Supervisors approved amendments to the San Francisco Special Tax Financing Law by Ordinance No. ____ (the "Special Tax Ordinance"). Under the Financing Plan, the Port will request that the Board of Supervisors establish the Mission Rock CFD over the SUD and authorize the Mission Rock CFD to levy Mello-Roos Taxes as described in the RMA Outline attached as Exhibit C to the Financing Plan.
- **D.** Under the DDA, the Port will ground lease parcels in Seawall Lot 337 for construction of new buildings. In addition, the Port will enter into an interim lease for Pier 48 with an Affiliate of Developer while the Port seeks a development partner for the historic rehabilitation of Pier 48 under the terms of a long-term ground lease. Consequently, Mello-Roos Taxes will be levied on, and Allocated Tax Increment will consist of a portion of ad valorem taxes levied on, taxable parcels held by taxpayers by ground leases. In the MOU Resolution, the Board of Supervisors approved the levy of property taxes and special taxes on possessory interests in property in the Sub-Project Areas on the secured roll.
- **E.** In this MOU, "**Financing Documents**" means the DDA, including the Financing Plan, IFD Financing Plan, Appendix I, the RMA and all ordinances and resolutions adopted by the Board of Supervisors in connection with the formation of the Sub-Project Areas and the Mission Rock CFD.
- **F.** In this MOU, "**Debt**" means any bonds or other forms of indebtedness secured by Allocated Tax Increment or Mello-Roos Taxes from the Mission Rock CFD that are issued by the City on behalf of the IFD or the Mission Rock CFD to implement the Financing Documents. Debt may include DRP Advances, Port Capital Advances, and additional funding sources described in the Financing Plan to reimburse the Developer or to pay Developer pass-throughs for Horizontal Improvements.
- **G.** In the MOU Resolution, the Board appointed the Port to act as the agent of the IFD and the Mission Rock CFD in the administration of Tax Increment and Mello-Roos Taxes with the authority and responsibility to:
 - direct the disbursement of Allocated Tax Increment, Mello-Roos Taxes and any Debt proceeds to implement the Financing Documents;
 - enter into an Acquisition Agreement with Developer that would establish the terms and conditions under which the Port and Other City Agencies would acquire Horizontal Improvements with Tax Increment, Mello-Roos Taxes and any Debt proceeds;
 - enter into one or more pledge agreements for the benefit of the Mission Rock CFD (each, a "Pledge Agreement") pursuant to which the Port, as agent of the IFD with respect to the Sub-Project Areas, would pledge or agree to use Allocated Tax Increment to pay debt service on bonds issued for and on behalf of the Mission Rock CFD;
 - 4. incur and repay indebtedness in the form of Advances of DRP Proceeds, Port Capital Advances and additional funding sources described in the Financing Plan; and
 - 5. as agent of the Mission Rock CFD and the Sub-Project Areas, enter into an agreement with a financial institution (the "Special Fund Administration Agreement") appointing it as the trustee (the "Special Fund Trustee") to

receive, administer, and disburse Mello-Roos Taxes and Allocated Tax Increment in designated trust subaccounts and to disburse the funds at the Port's direction to implement the Financing Documents.

H. This MOU describes procedures to which the City and the Port have agreed to implement the Financing Documents and enable the Port to satisfy the Project Payment Obligation, and to finance Shoreline Protection Facilities.

AGREEMENT

1. Term.

- (a) <u>Commencement</u>. This MOU will be effective on the date it is fully executed.
- **(b)** <u>Expiration</u>. The term of this MOU will end automatically on the date of the latest of the following to occur:
 - i. When all of the Allocated Tax Increment has been disbursed in accordance with IFD Law and Appendix I.
 - **ii.** When all of the Mello-Roos Taxes have been disbursed in accordance with the CFD Law, the Financing Plan, and the RMA.
 - iii. When all Debt has been defeased.

(c) Early Termination.

- i. The Controller, the Treasurer-Tax Collector, and the Port each retains the right to terminate participation as a party to this MOU before its term expires under **Section 1(b)** by notice to the others as long as such termination will not adversely impact the ability of the Port to satisfy its obligations to Developer under the Financing Plan. The notice must be given at least six months before the desired early termination date stated in the notice.
- **ii.** The noticed early termination date will be the effective date of the termination as to the noticing party unless one or both of the other parties request additional time to take any actions made necessary by termination. The terminating party will be obligated to grant any request for additional time that is reasonable under the circumstances.
- **iii.** One party's notice of termination will not cause termination of this MOU as long as the Port and the remaining parties are able to implement the Financing Documents without the participation of the noticing party.
- **2. Purpose**. The Controller, the Treasurer-Tax Collector, and the Port agree as follows:
 - (a) <u>Implementation</u>. A primary purpose of this MOU is to implement the Financing Documents. Implementation would be in the best interests of the City and the health, safety, and welfare of its residents, and in accord with the public purposes of applicable law.]
 - **(b)** MOU as Complementary Financing Document. The Controller, the Treasurer-Tax Collector, and the Port intend this MOU to complement, and not to conflict with, the other Financing Documents, which will prevail over any conflicting provision in this MOU.

- (c) <u>Cooperation</u>. In connection with this MOU, the Controller, and the Treasurer-Tax Collector agree to aid the Port, and the Controller, the Treasurer-Tax Collector, and the Port agree to:
 - i. cooperate with one another;
 - **ii.** implement expeditiously their obligations under the Financing Documents; and
 - **iii.** undertake and complete all actions or proceedings reasonably necessary or appropriate to ensure that the objectives of the Financing Documents are met during the term of this MOU.
- (d) Consistency with Applicable Law and Other Legal Obligations. The Controller, the Treasurer-Tax Collector, and the Port agree that nothing in this MOU is intended to or will obligate any party to take any action that is not consistent with Applicable Law or any other legal obligations.

3. Specific Obligations.

- (a) Levy of Taxes. The Controller:
- i. agrees to levy ad valorem taxes on each Taxable Parcel on the tax roll;
- ii. agrees to levy Mello-Roos Taxes after the CFD Formation Proceedings are final, as requested by the CFD Administrator by July 31 of each City Fiscal Year; and
- **iii.** will deduct from the Allocated Tax Increment or Mello-Roos Taxes, as applicable reasonable costs incurred for performance of the Controller's obligations under this MOU.
- (b) <u>Collection of Taxes</u>. The Treasurer-Tax Collector:
- i. agrees to collect ad valorem taxes levied in the Sub-Project Areas in accordance with Applicable Law;
 - ii. will collect Mello-Roos Taxes levied in the Mission Rock CFD;
- **iii.** will charge the applicable Financing District for any costs that the Treasurer-Tax Collector incurs in connection with the issuance of Bonds by any Financing District, and any investment of Bond proceeds for which the Treasurer-Tax Collector is responsible; and
- **iv.** reserves the right to seek reimbursement from the applicable Financing District for additional costs incurred in the collection of ad valorem taxes from the Sub-Project Areas or Mello-Roos Taxes from the Mission Rock CFD.
- (c) <u>Allocation of Tax Increment</u>. The Controller agrees to:
- i. deposit Allocated Tax Increment when received into a segregated fund and to budget and appropriate Allocated Tax Increment to the IFD in accordance with the Financing Plan, the IFD Financing Plan, Appendix I, and California Revenue & Taxation Code section 96.1;
- ii. pay the Allocated Tax Increment to the IFD with the next allocation following receipt of a report from the Treasurer-Tax Collector on the amount of Gross Tax Increment collected from the Sub-Project Areas;
- iii. disburse Allocated Tax Increment to the IFD to the extent collected as long as any Debt payable from Allocated Tax Increment is

outstanding or any Port obligations to Developer payable by Allocated Tax Increment are outstanding; and

iv. prepare and provide to the Port within 10 days after each December 10 and April 10 information about ad valorem tax collection from the Sub-Project Areas at the Port's request, and at reasonable intervals identified by the Port.

(d) Statement of Indebtedness for Sub-Project Areas.

- i. The Port, the Controller, and the Treasurer-Tax Collector agree that the IFD's obligations to use the funds for the purposes specified in the IFD Financing Plan and Appendix I is a financial obligation under the IFD Law that the Port, as agent of the IFD with respect to the Sub-Project Areas, will include in each Statement of Indebtedness.
- ii. The Treasurer-Tax Collector and the Controller each agrees not to dispute the amount of the debts shown on a Statement of Indebtedness prepared by the Port so long as the debts are consistent with the IFD Financing Plan and Appendix I.
- **iii.** At the Controller's request, the Port, as agent of the IFD, will consult with the Controller in connection with the preparation of each Statement of Indebtedness.
- (e) <u>Debt Secured by Tax Increment</u>. The Controller agrees to collaborate with the Port on any issuance of Debt secured by or payable from Allocated Tax Increment to implement the Financing Documents subject to IFD Law.
- (f) <u>Disbursement of Mello-Roos Taxes</u>. The Controller agrees to deposit Mello-Roos Taxes when received into segregated funds and to allocate, budget, appropriate, and disburse to the Mission Rock CFD all Mello-Roos Taxes collected from the Mission Rock CFD for the purposes specified in the Financing Documents.

(g) Annual CFD Reports.

- i. The Port, the Controller, and the Treasurer-Tax Collector agree that the Mission Rock CFD's obligations to use the funds for the purposes specified in the Financing Documents are financial obligations that the Port, as agent of the Mission Rock CFD, will include in each annual report required under CFD Law.
- ii. The Treasurer-Tax Collector and the Controller each agrees not to dispute the amount of the debts shown on each annual Mission Rock CFD report prepared by the Port so long as the debts are consistent with the Financing Documents.
- **iii.** At the Controller's request, the Port, as agent of the Mission Rock CFD, will consult with the Controller in connection with the preparation of each annual Mission Rock CFD report.
- (h) <u>Delinquent Mello-Roos Taxes</u>. As long as this MOU remains in effect, the Treasurer-Tax Collector agrees to prepare and provide to the Port:
 - i. a list of Taxable Parcels in each CFD indicating whether Mello-Roos Taxes are current or delinquent within 10 business days after April 10 and December 10 each year; and
 - ii. the redemption tax roll for the Mission Rock CFD by July 15 each year.

(i) <u>Debt Secured by Mello-Roos Taxes</u>. The Controller agrees to collaborate with the Port on any issuance of Mello-Roos Bonds secured by or payable from Mello-Roos Taxes to implement the Financing Documents, subject to CFD Law and prior Port consultation with the Office of Public Finance about timing, amounts, and other matters relating to the Mello-Roos Bonds.

4. Notices and Other Communications.

- (a) Manner of Notice. Any notice, request for consent, or response to a request for consent (any of these documents, a "notice") given under this MOU will be effective only if in writing and given by delivering the notice in person or by sending it first-class certified mail with return receipt requested or by overnight courier return receipt requested, with postage prepaid, to the addresses specified below. Attempts to provide notice by email, telephone, or facsimile will not bind or be effective against any party.
- **(b)** Addresses for Notice. Notices must be delivered to the following addresses, or at any other address designated by a party's notice as a new address for notices:

- (c) <u>Effective Date of Notice</u>. Any notice under this MOU will be deemed to have been given:
 - i. two business days after the date it is mailed if sent by first-class certified mail;
 - **ii.** one business day after the date it is deposited for delivery if sent by overnight courier; or
 - iii. on the date personal delivery is made or refused.
- (d) <u>Courtesy Copies</u>. Until the Port has satisfied its payment obligations to Developer under the DDA, the parties agree to provide courtesy copies to Developer of any notices that any party gives to any other, at the same time and in the same manner as the original notice, at the address listed on Developer's Consent. Neither the City's nor the Port's failure to give Developer a copy of any notice given under this MOU will affect the validity or effective date of the notice.
- (e) Representatives. Each of the Treasurer-Tax Collector, the Controller, and the Port agree to provide each other with the name and contact information for the individual within its department to address issues related to the IFD and Sub-Project Areas and the Mission Rock CFD.

5. Third-Party Beneficiary.

- (a) Intended Third-Party Beneficiary. The parties agree that Developer is an intended third-party beneficiary of this MOU entitled to rely on and receive the benefits of this MOU to the extent the benefits relate to Developer's rights under the DDA. Developer may enforce against any party any provision of this MOU to the extent that it affects Developer's rights under the DDA, but no party will be liable to Developer for damages under this MOU. Successors to which Developer validly transfers any of its interests or rights under the DDA will be third-party beneficiaries of this MOU to the extent of their interest, subject to all limitations of the DDA and this MOU.
- (b) <u>Exclusive Benefit</u>. Except as provided in subsection (a), this MOU is for the exclusive benefit of the parties and not for the benefit of any other person and may not be deemed to have conferred any rights, express or implied, upon any other person.

6. Amendments to MOU.

- (a) By the Parties. This MOU may be amended or modified only by a signed document, subject to Charter section B7.320.
- **(b)** <u>By Resolution</u>. Under Charter section B7.320, the Board of Supervisors and the Mayor must approve any change affecting the amounts funds that must be transferred under this MOU.
- (c) <u>Developer's Consent Required</u>. Developer's consent will be required for any amendment that affects the availability of Public Financing Sources to meet the Port's payment obligations to Developer under the DDA.

[Page intentionally left blank.]

EXHIBIT B

IFD Financing Plan and Appendix I

DDA Exhibit C7

Outline of Master Conditions, Covenants, and Restrictions

This exhibit summarizes the planned approach to the Master CC&Rs and Master Association for the Mission Rock Mixed-Use Project (the "Project"). The descriptions contained herein are subject to further revisions or additions due to changes in the Project, Regulatory Requirements, and Lender requirements. The Master CC&Rs will be submitted to the Port by the Developer with or prior to the Phase Submittal for Phase 1 and are subject to approval by the Port in accordance with DDA art. 3 (Phase Approval).

Overview:

The Project will be a master planned development of:

- (i) the Development Parcels, which may be subdivided into two parcels consisting of a parcel containing the building and the air space above the building (the "Air Space Parcel") and a remainder parcel containing the land;
- (ii) China Basin Park, Mission Rock Square, Channel Wharf, Channel Lane, and Channel Street (collectively the "Public Spaces");
 - (iii) Pier 48;
 - (iv) the Public ROWs; and
- (v) subject to DDA § 2.6 (Mission Rock Square Garage), an additional Development Parcel may be added to accommodate the Mission Rock Square Garage in an air parcel below Mission Rock Square.

The Project will be subject to Master CC&Rs, which will describe the Master Association. Developer anticipates that the Master Association will maintain and operate the Public Spaces and maintain certain other publicly-owned Improvements in the Project under a management agreement with the Port. Additional responsibilities include managing the operations within the Public Spaces and overseeing compliance with the various operation and maintenance plans for the Project, which may include commercial use restrictions and architectural controls as described below. The costs to fund the foregoing duties will be funded by assessments levied by the Master Association or Services Special Taxes levied by a Community Facilities District (the "CFD"), or both.

<u>Master Association Documents</u>: The Master Association documents will consist of the Master CC&Rs, articles of incorporation, and bylaws.

Master CC&Rs: The Master CC&Rs will describe the ownership interests, easements, use restrictions, maintenance and operations requirements, association membership and voting rights, budget and reporting requirements, assessment allocation and collection, architectural controls, insurance requirements (including, if appropriate, naming governmental agencies as additional insureds), damage and destruction provisions, mortgagee protection provisions, and amendment requirements. The Master CC&Rs will be executed by the Master Declarant described below, and the Port as the landowner will consent to the Master CC&Rs. The Master CC&Rs will benefit and bind the leasehold interest in each parcel subject to the Master CC&Rs, including the ownership interest in the improvements on the land, for the applicable term of each Parcel Lease.

<u>Phasing</u>: Construction of the buildings and other Improvements in the Project will be in phases. Generally portions of the Project will become subject to the Master CC&Rs in a phasing schedule that corresponds to the Phases under the DDA.

<u>Master Association</u>: The Master Association will be an incorporated California nonprofit mutual benefit corporation governed by a board of directors. The Master Declarant will be entitled to appoint a majority of the board members for an extended period of time to the extent authorized by applicable law.

Master Declarant: Seawall Lot 337 Associates, LLC, or its assignee, will be the Master Declarant and will have initial control over the Master Association. The Master Declarant will have Class C voting rights enabling it to appoint a majority of the Board of Directors for an extended period of time to the extent authorized by applicable law.

Membership: As described in the Master CC&Rs section above, a Development Parcel subject to the Master CC&Rs binds the owners of the Improvements on the Development Parcels for the terms of their Parcel Leases. Under the Master CC&Rs, the Tenant under each Parcel Lease is a member of the Master Association with the right to exercise the voting rights allocated to that parcel and the duty to pay the assessments that the Master Association levies against the parcel. The Port as a ground lessor of a Development Parcel will not be a member and will not have any voting rights or assessment obligations. It is anticipated that the Master Association will not own any real property at the Project.

<u>Easements</u>: Developer anticipates obtaining access and utility easements from applicable City Agencies. In addition, easements will be granted to the Master Association over the parcels for access by agents of the Master Association to perform its maintenance duties under the Master CC&Rs.

Additional Agreements: If any parcel owner in the Project is not a member of the Master Association and not subject to the Master CC&Rs, and the parcel benefits from any areas or improvements maintained by the Master Association, a separate agreement may be recorded granting the parcel owner access and use rights and obligating the parcel owner to pay an allocable share of the management, maintenance and insurance costs.

Commercial and Retail Use Restrictions: The Master CC&Rs may contain use restrictions for the commercial uses within the Project and use restrictions for the ground floor retail within the Project, including restrictions that prohibit certain types of uses and impose limits on the type and amount of certain authorized uses, consistent with the Port's public trust duties as owner of the land. If set forth in the Master CC&Rs, the Master Association will have the power and duty to enforce the restrictions.

<u>Environmental Covenant</u>: The Master CC&Rs shall provide that the use and maintenance of the areas of the Project that are subject to the Environmental Covenants shall be in compliance with the restrictions and terms of the Environmental Covenants and any later amendments, in accordance with applicable laws.

Maintenance and Management: The Master CC&Rs and a management agreement that the Master Association may enter into with the Port will contain: (i) maintenance standards, including standards that require maintenance to comply with all applicable laws, and (ii) information related to operation and maintenance requirements for the Project, including but not limited to the Transportation Demand Management Plan, Sustainability Strategy, and the Stormwater Management Plan required under the ICA (the "Maintenance Standards"). Implementation of these Maintenance Standards may include the hiring of a Sustainability Coordinator and Transportation Demand Coordinator.

<u>Parcel Maintenance</u>: Each parcel owner will be responsible for maintaining the landscaping and improvements on the owner's parcel. If an owner fails to perform the maintenance, the Master Association, in accordance with the provisions set forth in the Master CC&Rs may elect to perform the maintenance and levy a reimbursement assessment against that parcel as authorized by the Master CC&Rs.

<u>Master Association Maintenance Obligations</u>: Unless maintained by the CFD, a utility company or the parcel owner, it is anticipated that the Master Association's maintenance obligations will include the following:

- Public Spaces
- Pier 48 aprons, other than substructure, after rehabilitation
- Public ROWs, exclusive of utilities and City standard attached structures, such as Christy Boxes and grates. The Master Association's maintenance obligation for Public ROWs includes, but is not limited to:
 - Street surface and substructure, including piles
 - Non-standard Sidewalk Corners (non-standard corner curb returns, sidewalk area at corners between extensions of the adjacent property lines, sidewalk bulb-outs at corners within extensions of property lines)
 - Non-standard roadway treatment (raised intersections; raised crosswalks, pavers, or other non-standard materials in roadway)
 - Sidewalk pedestrian throughway
 - Sidewalk furnishing/landscape zone (sidewalk streetscape/street furniture zone including pavers, landscape, irrigation, intermediate curbs and midblock bulb outs)
 - Shared public ways non-standard roadway paving treatments (streets with non-standard paving, including unit pavers in the roadway or decorative paving; non-standard detectable warning pavement; flush curbs; valley gutters)
 - Shared public way street lighting (roadway and pedestrian lighting, including poles, fixtures, conduits and pull-boxes)
 - Streetlife zone planting (trees planted within the sidewalk landscape zone, fronting private property)
 - Driveways (driveway sidewalk aprons including the curb (curb cut) along width of driveway)
 - Benches or seating within the public right-of-way
 - Custom trash and recycling receptacles
 - Various types of bollards at flush curb conditions or fire access terminus
 - SFMTA approved non-standard bike racks
 - Non-standard roadway signage for wayfinding, interpretive, art, etc.
 - Non-standard street lights, roadway lighting and pedestrian lighting, including poles, luminaires, pull-boxes and conduit
 - Standard and non-standard green stormwater infrastructure

<u>Public Spaces Operations</u>: The Master Association will manage the operations in the Public Spaces in accordance with the Parks Plan approved by the Port in accordance with DDA § 12.5(a) (Approval of Parks Plan).

<u>Indemnification:</u> The Master Association will be required to indemnify the Port and other appropriate City Parties for the Master Association's acts and omissions in connection with the maintenance and management of public facilities.

<u>District Wide Utilities</u>: The Master CC&Rs may obligate each building parcel to use certain district wide utilities, including but not limited to an on-site greywater treatment plant and central energy plant for chilled and hot water. The Master CC&Rs may obligate each parcel owner to enter into an off-site power purchase agreement for renewable energy.

Assessments: The Master Association will have the power to levy and collect assessments in order to fund its management, maintenance, operation, indemnification obligations, and insurance duties under the Master CC&Rs (to the extent these funds are not covered by the CFD). To the extent costs for claims related to indemnification obligations exceed the Master Association's budget, annual assessments will levied in the next year. Three types of assessments may be levied: regular, special and reimbursement assessments. In levying or collecting assessments, the Master Association shall comply with the accounting, reporting, reserve requirements, and collection procedures required under the Davis-Stirling Common Interest Development Act. A detailed budget will be prepared. As the Project will be constructed in phases, separate, individual phased budgets plus a final "built-out" budget may be prepared depending upon when each Development Parcel becomes subject to the Master Association's assessments. Assessments shall be allocated in accordance with voting rights described below. If certain duties performed by the Master Association benefit some but not all of the Development Parcels, costs will be allocated only to the benefitted Development Parcels via cost centers.

<u>Voting</u>: Voting rights will be allocated based on residential unit count and a designated number of votes allocated to commercial spaces based on square footage.

<u>Architectural Controls</u>: An architectural committee will be formed and Development Parcel owners will be required to comply with the architectural committee provisions, consistent with the Design Controls for any material exterior modifications or additions to a Development Parcel.

<u>Mortgagee Protection Provisions</u>: The Master CC&Rs will contain standard mortgagee protection provisions, including the provisions required by secondary mortgage market lenders such as Fannie Mae, Freddie Mac and FHA.

Lodged with Board of Supervisors 2/1/18

DDA EXHIBIT D1

"Permitted Exceptions":

DDA EXHIBIT D1

Permitted Title Exceptions

- 1. Property taxes, which are a lien not yet due and payable, including any assessments collected with taxes to be levied for the fiscal year 2017-2018.
- 2. There were no taxes levied for the fiscal year 2016-2017 as the property was vested in a public entity.
- 3. All or a part of the Land herein described does not appear to be assessed on the Tax Roll for the year(s) 2016-2017. Said Land is subject to the possible assessment and collection of property taxes for current and prior years.

Affects: Portions Currently Unassessed

4. The Land lies within the boundaries of a Mello Roos Community Facilities District ("CFD"), as follows:

CFD No: 90-1

For: School Facility Repair and Maintenance

This property, along with all other parcels in the CFD, is liable for an annual special tax. This special tax is included with and payable with the general property taxes of the City and County of San Francisco. The tax may not be prepaid.

Further information may be obtained by contacting:

Chief Financial Officer
San Francisco Unified School District
135 Van Ness Ave. – Room 300
San Francisco, CA 94102

Phone (415) 241-6542

- 5. The lien of supplemental or escaped assessments of property taxes, if any, made pursuant to the provisions of Chapter 3.5 (commencing with Section 75) or Part 2, Chapter 3, Articles 3 and 4, respectively, of the Revenue and Taxation Code of the State of California as a result of the transfer of title to the vestee named in Schedule A or as a result of changes in ownership or new construction occurring prior to Date of Policy.
- 6. Prior to close of escrow, please contact the Tax Collector's Office to confirm all amounts owing, including current fiscal year taxes, supplemental taxes, escaped assessments and any delinquencies.
- 7. Any adverse claim based upon the assertion that any portion of said land was not tide or submerged land subject to disposition by the State of California on the effective date of the legislative grant of such land to the City and County of San Francisco or that any portion thereof has ceased to be tide or submerged land by natural causes and imperceptible degrees.
- 8. Rights and Easements for Commerce, Navigation and Fishery.

Permitted Title Exceptions

- 9. Conditions, Restrictions, Easements, Reservations and Limitations and Rights, Powers, Duties and Trusts contained in the Legislative Grants, and by law as to the land or any portion thereof, acquired by the City and County of San Francisco by Chapter 1333 of the Statutes of 1968, as amended by Chapters 1296 and 1400, Statutes of 1969 and by Chapter 670, Statutes of 1970 and Chapter 1253, Statutes of 1971, and as may be further amended, and such Reversionary Rights and Interests as may be possessed by the State of California under the terms and provisions of said Legislative Grants, or by law.
- 10. Any right, title or interest of persons, known or unknown, who claim or may claim adversely to the vested owners herein by reason of the record title to said property not having been established and quieted under the provisions of the "Destroyed Land Records Relief Act of 1906, as Amended", commonly known as the "McEnerney Act".

Affects: Portion to be determined by Survey

- 11. Rights of the public for street purposes as to any portion of the land lying within the area commonly known as Terry A. Francois Boulevard, Third Street, Fourth Street, and Mission Rock Street.
- 12. "Agreement Relating to Transfer of the Port of San Francisco from the State of California to the City and County of San Francisco", executed by and between the City and County of San Francisco and the Director of Finance of the State of California and the San Francisco Port Authority, recorded January 30, 1969, Book B308, Page 686, Series No. R404013, of Official Records.

LEASE NO. L-XXXX

THIS LEASE IS MADE WITH REFERENCE TO THE FOLLOWING FACTS AND CIRCUMSTANCES:

- A. Port is an agency of the City, exercising its functions and powers over property under its jurisdiction and organized and existing under the Burton Act and the City's Charter. The Waterfront Plan is Port's adopted land use document for property within Port jurisdiction, which provides the policy foundation for waterfront development and improvement projects.
- B. The Port owns about 7½ miles of tidelands and submerged lands along San Francisco Bay. The seawall lots are tidelands that were filled and cut off from the waterfront by the construction of the great seawall in the late 19th and early 20th centuries, and by the construction of the Embarcadero roadway which lies, in part, over a portion of the great seawall. Seawall Lot 337, the largest of the designated seawall lots, is located just south of China Basin and for years has been used as a surface parking lot.
- C. The Port and [______] ("Master Developer"), are parties to that certain Disposition and Development Agreement dated as of ______, 201_ (the "DDA") and that certain Lease No. L-XX dated as of [_______], 20___ (the "Master Lease"). The DDA and Master Lease govern the mixed-use development of an approximately 28-acre site, known as "Mission Rock" as more particularly described in the DDA and Master Lease. The DDA and Master Lease set forth a parcel disposition process under which the Port will enter into ground leases for developable parcels within the Mission Rock Site with Master Developer, on behalf of itself or through its Vertical Developer Affiliates, or, if Master Developer fails to exercise its option to lease such developable parcel, to third parties selected in accordance with the requirements of the DDA.
- **D.** This Lease is a [[fully] [partially] prepaid] ground lease with a [Vertical Developer Affiliate] [Third Party]. The form of this Lease was authorized by the Port Commission by Resolution No. XXX and the Board of Supervisors by Resolution No. XXX, which resolutions authorized the Port's Executive Director to enter into this Lease without further approval by the Port Commission or the Board of Supervisors under Charter Section 9.118.
- E. [Include additional Recitals that describe exercise of Option, if applicable, the parcel disposition process as provided under the DDA, the escrow instructions approved and submitted by the parties, close of escrow and any other relevant facts and circumstances leading up to execution of this Lease]

ACCORDINGLY, for good and valuable consideration, the receipt and adequacy of which are hereby acknowledged, the Parties agree as follows:

1. Premises; Term.

1.1. Premises.

- (a) <u>Lease of Premises; Description</u>. For the Rent and subject to the terms and conditions of this Lease, Port hereby leases to Tenant, and Tenant hereby leases from Port, the Premises described in the Basic Lease Information as of the Commencement Date.
- (b) Permitted Title Exceptions. The interests granted by Port to Tenant pursuant to Section 1.1(a) are subject to (i) the matters reflected in Exhibit XX (the "Permitted Title Exceptions"), and (ii) such other matters as Tenant will cause or suffer to arise subject to the terms and conditions of this Lease, and (iii) the rights of Port and the public reserved under the terms of this Lease.
- (c) Accessibility Inspection Disclosure. California law requires commercial landlords to disclose to tenants whether the property being leased has undergone inspection by a Certified Access Specialist ("CASp") to determine whether the property meets all applicable construction-related accessibility requirements. The law does not require landlords to have the inspections performed. Tenant is hereby advised that the Premises has not been inspected by a CASp and Port will have no liability or responsibility to make any repairs or modifications to the Premises in order to comply with accessibility standards. The following disclosure is required by law:
- "A Certified Access Specialist (CASp) can inspect the subject premises and determine whether the subject premises comply with all of the applicable construction-related accessibility standards under state law. Although state law does not require a CASp inspection of the subject premises, the commercial property owner or lessor may not prohibit the lessee or tenant from obtaining a CASp inspection of the subject premises for the occupancy or potential occupancy of the lessee or tenant, if requested by the lessee or tenant. The parties will mutually agree on the arrangements for the time and manner of the CASp inspection, the payment of the fee for the CASp inspection, and the cost of making any repairs necessary to correct violations of construction-related accessibility standards within the premises."
- that the Premises may not currently meet all applicable construction-related accessibility standards, including standards for public restrooms and ground floor entrances and exits. Tenant understands and agrees that Tenant may be subject to legal and financial liabilities if the Premises does not comply with applicable federal and state disability access Laws. As further set forth in *Article* 7 (Compliance with Laws), Tenant further understands and agrees that it is Tenant's obligation, at no cost to Port, to cause the Premises and Tenant's use thereof to be conducted in compliance with the Disabled Access Laws and any other federal or state disability access Laws. Tenant will notify Port if it is making any Alterations or Improvements to the Premises that might impact accessibility standards required under federal and state disability access Laws.

(e) No Right to Encroach.

(i) If Tenant (including, its Agents, Invitees, successors and assigns) uses or occupies space outside the Premises without the prior written consent of Port (the "Encroachment Area"), then upon written notice from Port ("Notice to Vacate"), Tenant will immediately vacate such Encroachment Area and if such Encroachment Area is controlled by Port, pay as Additional Rent for each day Tenant used, occupied, uses or occupies such Encroachment Area, an amount equal to the rentable square footage of the Encroachment Area, multiplied by the then current fair market rent for such Encroachment Area, as reasonably determined by Port (the "Encroachment Area Charge"). If Tenant uses or occupies such Encroachment Area for a fractional month, then the Encroachment Area Charge for such period will be prorated based on a thirty (30) day month. In no event will acceptance by Port of the Encroachment Area Charge be deemed a consent by Port to the use or occupancy of the

Encroachment Area by Tenant, its Agents, Invitees, successors or assigns, or a waiver (or be deemed as a waiver) by Port of any and all other rights and remedies of Port under this Lease.

- In addition, Tenant will pay to Port, as Additional Rent, an amount equaling Three Hundred Dollars (\$300.00), which amount will be increased by One Hundred Dollars (\$100.00) on the tenth (10th) Anniversary Date and every ten (10) years thereafter, upon delivery of the initial Notice to Vacate plus the actual cost associated with a survey of the Encroachment Area. In the event Port determines during subsequent inspection(s) that Tenant has failed to vacate the Encroachment Area, then Tenant will pay to Port, as Additional Rent, an amount equaling Four Hundred Dollars (\$400.00), which amount will be increased by One Hundred Dollars (\$100.00) on the tenth (10th) Anniversary Date and every ten (10) years thereafter, for each additional Notice to Vacate, if applicable, delivered by Port to Tenant following each inspection. The parties agree that the charges associated with each inspection of the Encroachment Area, delivery of each Notice to Vacate and survey of the Encroachment Area represent a fair and reasonable estimate of the administrative cost and expense which Port will incur by reason of Port's inspection of the Premises, issuance of each Notice to Vacate and survey of the Encroachment Area. Tenant's failure to comply with the applicable Notice to Vacate and Port's right to impose the foregoing charges will be in addition to and not in lieu of any and all other rights and remedies of Port under this Lease, [Note: Amounts to increase by \$50 every 5 years from DDA execution.]
- (iii) In addition to Port's rights and remedies under this Section 1.1(e), the terms and conditions of the Indemnity and waiver provision set forth in Article 19 (Indemnification of Port) will also apply to Tenant's (including, its Agents, Invitees, successors and assigns) use and occupancy of the Encroachment Area as if the Premises originally included the Encroachment Area, and Tenant will additionally Indemnify Port from and against any and all loss or liability resulting from delay by Tenant in surrendering the Encroachment Area including, without limitation, any loss or liability resulting from any Claims against Port made by any tenant or prospective tenant founded on or resulting from such delay and losses to Port due to lost opportunities to lease any portion of the Encroachment Area to any such tenant or prospective tenant, together with, in each case, actual attorneys' fees and costs.
- (iv) All amounts set forth in this Section 1.1(e) will be due within three (3) business days following the applicable Notice to Vacate and/or separate invoice relating to the actual cost associated with a survey of the Encroachment Area. By signing this Lease, each party specifically confirms the accuracy of the statements made in this Section 1.1(e) and the reasonableness of the amount of the charges described in this Section 1.1(e).
- of the Burton Act, the State has reserved all subsurface mineral deposits, including oil and gas deposits, on or underlying the Premises. In accordance with the provisions of Sections 2 and 3.5(c) of the Burton Act, Tenant and Port hereby acknowledge that the State has reserved the right to explore, drill for and extract such subsurface minerals, including oil and gas deposits, solely from a single point of entry outside of the Premises as identified in the Basic Lease Information, provided that such right will not be exercised so as to disturb or otherwise interfere with the Leasehold Estate or the use of the Premises, including the ability of the Premises to support the Improvements, but provided further that, without limiting any remedies the Parties may have against the State or other parties, any such disturbance or interference that causes damage or destruction to the Premises will be governed by *Article 14*. Port will have no liability under this Lease arising out of any exercise by the State of such mineral rights (unless the State has succeeded to Port's interest under this Lease, in which case such successor owner may have such liability).
- (g) "AS IS WITH ALL FAULTS". TENANT AGREES THAT PORT IS LEASING THE PREMISES TO TENANT, AND THE PREMISES ARE HEREBY ACCEPTED BY TENANT, IN THEIR EXISTING STATE AND CONDITION, "AS IS, WITH

ALL FAULTS." TENANT ACKNOWLEDGES AND AGREES THAT NEITHER PORT NOR ANY OF THE OTHER INDEMNIFIED PARTIES HAS MADE, AND THERE IS HEREBY DISCLAIMED, ANY REPRESENTATION OR WARRANTY, EXPRESS OR IMPLIED, OF ANY KIND, WITH RESPECT TO THE CONDITION IN, ON, UNDER, ABOVE, OR ABOUT THE PREMISES, TITLE TO THE PREMISES, THE SUITABILITY OR FITNESS OF THE PREMISES OR ANY APPURTENANCES THERETO FOR THE DEVELOPMENT, USE, OR OPERATION OF THE IMPROVEMENTS, THE COMPLIANCE OF THE PREMISES WITH ANY LAWS, ANY MATTER AFFECTING THE USE, VALUE, OCCUPANCY OR ENJOYMENT OF THE PREMISES, OR ANY OTHER MATTER PERTAINING TO THE PREMISES, ANY APPURTENANCES THERETO OR THE IMPROVEMENTS, AND AS FURTHER DESCRIBED HEREIN.

Tenant further acknowledges and agrees that it has been afforded a full opportunity to inspect Port's records relating to conditions in, on, around, under, and pertaining to the Premises. Port makes no representation or warranty as to the accuracy or completeness of any matters contained in such records. Tenant is not relying on any such information. All information contained in such records is subject to the limitations set forth in this Section 1.1(g). Tenant represents and warrants to Port that Tenant has performed a diligent and thorough inspection and investigation in, on, around, under, and pertaining to the Premises, either independently or through its own experts including (i) the quality, nature, adequacy and physical condition in, on, around, under, and pertaining to the Premises including the structural elements, foundation, and all other physical and functional aspects in, on, around, under, and pertaining to the Premises; (ii) the quality, nature, adequacy, and physical, geotechnical and environmental condition in, on, around, under, and pertaining to the Premises, including the soil and any groundwater (including Hazardous Materials conditions (including the presence of asbestos or lead) with regard to the building, soils and any groundwater); (iii) the suitability in, on, around, under, and pertaining to the Premises for the Improvements and Tenant's planned use of the Premises; (iv) title matters, the zoning, land use regulations, and other Laws governing use of or construction in, on, around, under, and pertaining to on the Premises; and (v) all other matters of material significance affecting in, on, around, under, and pertaining to the Premises and its development and use under this Lease.

As part of its agreement to accept the Premises in their "As Is With All Faults" condition, Tenant, on behalf of itself and its successors and assigns, will be deemed to waive any right to recover from, and forever release, acquit and discharge, Port, the City, and their respective Agents of and from any and all Losses, whether direct or indirect, known or unknown, foreseen or unforeseen, that Tenant may now have or that may arise on account of or in any way be connected with (i) the physical, geotechnical or environmental condition in, on, under, above, or about the Premises, including any Hazardous Materials in, on, under, above or about the Premises (including soil and groundwater conditions), (ii) the suitability of the Premises for the development of the Improvements, the Permitted Uses, value, occupancy or enjoyment of the Premises, (iii) title matters, the zoning land use regulations, and other Laws applicable thereto, including Environmental Laws, or any other matter pertaining to the Premises, any appurtenances thereto or the Improvements; (iv) all other matters of material significance affecting in, on, around, under, and pertaining to the Premises and its development and use under this Lease.

In connection with the foregoing release, Tenant acknowledges that it is familiar with California Civil Code, Section 1542, which provides as follows:

A GENERAL RELEASE DOES NOT EXTEND TO CLAIMS WHICH THE CREDITOR DOES NOT KNOW OR EXPECT TO EXIST IN HIS OR HER FAVOR AT THE TIME OF EXECUTING THE RELEASE, WHICH IF KNOWN TO HIM OR HER MUST HAVE MATERIALLY AFFECTED THE SETTLEMENT WITH THE DEBTOR.

Tenant agrees that the release contemplated by this **Section 1.1(g)** includes unknown claims pertaining to the subject matter of this release. Accordingly, Tenant hereby waives the benefits of Civil Code Section 1542, or under any other statute or common law principle of similar effect, in connection with the release contained in this **Section 1.1(g)**.

| Tenant Ini | tials: | |
|------------|--------|--|
|------------|--------|--|

The provisions of this **Section 1.1(g)** will survive the expiration or earlier termination of this Lease.

- (h) <u>Title Defect</u>. Port will have no liability to Tenant in the event any defect exists in Port's title to the Premises as of the Commencement Date and no such defect will be grounds for a termination of this Lease by Tenant. Tenant's sole remedy with respect to any such existing title defect will be to obtain compensation by pursuing its rights against any title insurance company or companies issuing title insurance policies to Tenant.
- (i) No Light, Air or View Easement. This Lease does not include an air, light, or view easement. Any diminution or shutting off of light, air or view by any structure which may be erected on lands near or adjacent to the Premises or by any vessels berthed near the Premises will in no way affect this Lease or impose any liability on Port, entitle Tenant to any reduction of Rent, or affect this Lease in any way or Tenant's obligations hereunder.
- (j) <u>Unique Nature of Premises</u>. Tenant acknowledges that: (a) Port's regular maintenance may involve activities, such as pile driving, that create noise and other effects not normally encountered in locations elsewhere in San Francisco due to the unique nature of the Premises; (b) there is a risk that all or a portion of the Premises will be inundated with water due to floods or sea level rise; and (c) there is a risk that sea level rise will increase the cost of operations, maintenance, and repair of the Premises.
- (k) <u>Memorandum of Technical Corrections</u>. The Parties reserve the right, upon mutual agreement of Port's Executive Director and Tenant, to enter into memoranda of technical corrections hereto to reflect any non-material changes in the actual legal description and square footages of the Premises, and upon full execution thereof, such memoranda will be deemed to become a part of this Lease.
- (I) [Port's Reservation of Rights.] [Note: Placeholder in the event may be necessary for certain leases (i.e. Outfall or other infrastructures and buffer zones]]1
- 1.2. Term. The effectiveness of this Lease will commence on the Commencement Date as shown in the Basic Lease Information. The Lease will expire at 11:59 p.m. on the Expiration Date set forth in the Basic Lease Information, unless earlier terminated or extended in accordance with the terms of this Lease. The period from the Commencement Date until the final expiration of the Lease is referred to as the "Term."

2. Rent.

During the Term, Tenant will pay Rent for the Premises to Port at the times and in the manner provided in *Exhibit D* attached hereto and incorporated herein by this reference.

3. Uses.

3.1. Permitted Uses. Tenant will use and operate the Premises in accordance with this Lease and solely for the Permitted Uses described in the Basic Lease Information. Tenant will not seek any amendment to the Project Approvals, including, without limitation, the SUD or Design Controls that would be substantially inconsistent with the land use restrictions set forth in the Scope of Development without the prior written consent of the Port Commission and, during

¹ Note: it is anticipated that the Reservation of Rights will be included in parcel-specific circumstances, such as if a public access area or the existing Outfall Infrastructure is included within the Premises boundary.

the term of the DDA, Master Developer, each in its sole discretion. The Parties recognize that from time to time, Tenant may desire to obtain additional use, zoning, regulatory or land use approvals or conditional use authorization relating to the Premises. Port agrees, from time to time, to reasonably cooperate with Tenant, at no cost to Port, in pursuing such regulatory approvals or authorizations, including, but not limited to, executing documents, applications or petitions relating thereto, subject to the limitations of this Section 3.1, Section 3.7, and Article 8.

- 3.2. **Prohibited Uses.** Tenant will not conduct or permit on the Premises any of the following activities (in each instance, a "Prohibited Use" and collectively, "Prohibited Uses"):
- (a) any activity, or the maintaining of any object, which is not within the Permitted Use or not previously approved by Port in writing, in its sole discretion;
- (b) any activity or object which will materially overload or cause material damage to the Premises (other than which would be considered reasonable wear and tear or which is otherwise repaired by Tenant in accordance with the terms of this Lease);
- (c) any activity which constitutes waste or nuisance, including, but not limited to, the preparation, manufacture or mixing of anything that might emit any unusually objectionable odors, noises or lights onto adjacent properties, or the use of loudspeakers or sound or light apparatus which can be heard or seen outside the Premises other than in connection with typical retail uses that do not violate any applicable Law;
- (d) any activity which will in any way injure, obstruct or interfere with the rights of ingress and egress of other owners, tenants, or occupants of adjacent properties;
- (e) the placement of any Sign on or near the Premises related to any auction, distress, fire, bankruptcy or going out of business sale on the Premises without the prior written consent of Port, which consent may be granted, conditioned, or withheld in the sole and absolute discretion of Port;
- (f) any vehicle and equipment maintenance, including but not limited to, fueling, changing oil, transmission or other automotive fluids; provided, however, the foregoing prohibition does not apply to standard equipment maintenance for office equipment (such as printers, computer, and copiers) and residential equipment (such as washing machines, dryers, and kitchen appliances) or to charging stations for electric vehicles and equipment;
- (g) the storage of any and all excavated materials, including but not limited to, dirt, concrete, sand, asphalt, and pipes (unless such use is reasonably required on a temporary basis to allow for the construction of the Initial Improvements, Subsequent Construction, or the repair or maintenance of the Improvements);
- (h) the storage of any and all aggregate material, or bulk storage, such as wood or of other loose materials (unless such use is reasonably required on a temporary basis to allow for the construction of the Initial Improvements, Subsequent Construction, or the repair or maintenance of the Improvements); or
- (i) [the construction of any structures or fixtures within, over, or under the Outfall Infrastructure Area without Port's prior consent, which may be withheld in its sole discretion] [NOTE: Applicable only where Outfall Infrastructure Area is located within a development parcel; may need to include additional restrictions/protocols in an attached exhibit to protect infrastructure.]
- (j) the washing of any vehicles or equipment (unless such use is (i) reasonably required on a temporary basis to comply with the [Mission Rock Risk Management Plan] during construction of the Initial Improvements or (ii) is ancillary to the Permitted Use and in accordance with a Port approved operations plan).
- 3.3. Liquidated Damages for Repeat Prohibited Uses. In addition to the other remedies available to Port under this Lease for an Event of Default under Section 24.1(f), if

Tenant uses the Premises for the same type of Prohibited Use and Port has delivered a notice of such violations more than two (2) times within the prior six (6) month period, then Tenant will pay Port an amount equal to Two Thousand Five Hundred Dollars (\$2,500.00) (as adjusted periodically, the "Prohibited Use Charge") for such Prohibited Use as liquidated damages, which Two Thousand Five Hundred Dollars (\$2,500.00) will be increased by ten percent (10%) on the fifth (5th) anniversary of the Commencement Date and every five (5) years thereafter. [Note: \$2,500 will increase annually by 3% from and after 2018 until execution of this Lease.

THE PARTIES HAVE AGREED THAT PORT'S ACTUAL DAMAGES, IN THE EVENT TENANT USES THE PREMISES FOR A PROHIBITED USE MORE THAN TWO (2) TIMES WITHIN A SIX (6) MONTH PERIOD, WOULD BE EXTREMELY DIFFICULT OR IMPRACTICABLE TO DETERMINE. AFTER NEGOTIATION, THE PARTIES HAVE AGREED THAT, CONSIDERING ALL THE CIRCUMSTANCES EXISTING ON THE DATE OF THIS LEASE, THE AMOUNT OF THE PROHIBITED USE CHARGE IS A REASONABLE ESTIMATE OF THE DAMAGES THAT PORT WOULD INCUR IN SUCH AN EVENT. Y PLACING THEIR RESPECTIVE INITIALS BELOW, EACH PARTY SPECIFICALLY CONFIRMS THE ACCURACY OF THE STATEMENTS MADE ABOVE AND THE FACT THAT EACH PARTY WAS REPRESENTED BY COUNSEL WHO EXPLAINED, AT THE TIME THIS AGREEMENT WAS MADE, THE CONSEQUENCES OF THIS LIQUIDATED DAMAGES PROVISION.

|-----------|----------|--------|
| | Port | Tenant |

- 3.4. Advertising and Signs. Subject to the prohibition on tobacco and alcohol advertising provided in Article 45, Tenant will have the right to install signs and advertising inside the Premises and the Improvements in accordance with the Master Signage Program], as may be amended from time to time. Tenant will have the right to place, construct or maintain any sign, flag, advertisement, awning, banner or other decoration (collectively, "Sign") on, or visible from, the exterior of the Premises without the prior written consent of Port acting in its proprietary capacity, provided the Sign complies with the Design Controls and the approved [Signage Master Plan]. Any Sign that Tenant is permitted to place, construct or maintain on the Premises will comply with all Laws relating thereto, including but not limited to the Design Controls and the [Signage Master Plan], building permit requirements, and Tenant will obtain all Regulatory Approvals required by such Laws. Port makes no representation with respect to Tenant's ability to obtain such Regulatory Approval. Tenant, at its sole cost and expense, will remove all Signs placed by it on the Premises at the expiration or earlier termination of this Lease.
- 3.5. Restrictions on Encumbering Port's Reversionary Interest. Tenant may not enter into agreements granting licenses, easements or access rights over the Premises if the same would be binding on Port's reversionary interest in the Premises without Port's prior written consent, which consent may be withheld in Port's sole discretion, and subject to the provisions of Article 6.
- 3.6. Required Public Access Areas. [Note: Placeholder for leases where Public Access is required or part of the project.] Tenant must maintain throughout the Term, dedicated public access areas within the Premises as depicted on Exhibit XX attached hereto. The Public Access Areas may be amended from time to time between the Parties, provided, however, in no event will the Public Access Areas be reduced from the Public Access Areas depicted on Exhibit XX as of the Commencement Date without Port's prior written consent, or increased from the Public Access Areas depicted on Exhibit XX as of the Commencement Date without Tenant's prior written consent, in each case which consent may be withheld in its sole discretion. Tenant must maintain the Public Access Areas in accordance with, and in compliance

with, this Lease and must comply with the Rules and Regulations for Public Access Areas set forth in *Exhibit XX* attached hereto.

3.7. Required Public Benefits. [Note: Applicable for certain leases.] Tenant may not use the Minimum Public Benefit Area for any use other than the Required Uses without the prior written consent of Port, which consent may be granted, withheld or conditioned in Port's sole discretion. Tenant must include with any request to use the Minimum Public Benefit Area for uses other than the Required Uses evidence of its efforts to lease the Premises for the Required Uses, including outreach and marketing efforts. Port's consent to any one request to reduce the Minimum Public Benefit Area for Required Uses or use of such area for other uses will not be construed as consent for any subsequent request.

4. **DEVELOPMENT PROJECTS.**

Tenant hereby waives any and all Losses against the Indemnified Parties arising out of any inconvenience or disturbance to Tenant, its Agents or Invitees, from Construction Impacts. The Parties will each use reasonable efforts to coordinate its construction efforts with each other and with others engaged in construction on such other projects in a manner that will seek, to the extent reasonably possible, to reduce construction conflicts.

4.2. Cooperation. The Mission Rock Agreements will, among other things, permit the construction during the Term, of new public open space, new commercial and residential buildings, a parking structure, and other improvements, within the Mission Rock Site. Tenant acknowledges and agrees that it will reasonably cooperate with Port, the Master Developer and other developers and tenants of the Mission Rock Project, at no material out-of-pocket cost to Tenant.

5. TAXES AND ASSESSMENTS.

5.1. Payment of Taxes and Other Impositions.

(a) Payment of Taxes. Tenant will pay or cause to be paid to the proper authority prior to delinquency, all Impositions assessed, levied, confirmed, or imposed on the Premises or any of the Improvements or Personal Property (excluding the personal property of any Subtenant whose interest is separately assessed) located on the Premises or on its Leasehold Estate (but excluding any such taxes separately assessed, levied or imposed on any Subtenant), or on any use or occupancy of the Premises hereunder, to the full extent of installments or amounts payable or arising during the Term, whether in effect at the Commencement Date or which become effective thereafter. Tenant further recognizes and agrees that the Leasehold Estate may be subject to the payment of special taxes, including without limitation a levy of special taxes to finance energy efficiency, water conservation, water pollution control and similar improvements under the Special Tax Financing Law in Chapter 43 Article X of the

Administrative Code and the Mello-Roos Taxes described in *Section 5.2*. Tenant will not permit any such Impositions to become a defaulted lien on the Premises or the Improvements thereon; provided that if applicable Law permits Tenant to pay such taxes in installments, Tenant may elect to do so. In addition, Tenant will pay any fine, penalty, interest or cost as may be charged or assessed for nonpayment or delinquent payment of such taxes. Tenant will have the right to contest the validity, applicability or amount of any such taxes in accordance with *Article 6*. In the event of any such dispute, Tenant will Indemnify and hold the Indemnified Parties harmless from and against all Losses, including Attorneys' Fees and Costs, resulting therefrom.

- (i) Acknowledgment of Possessory Interest. Tenant specifically recognizes and agrees that this Lease creates a possessory interest which is subject to taxation, and that this Lease requires Tenant to pay any and all possessory interest taxes levied upon Tenant's interest pursuant to an assessment lawfully made by the County Assessor. Tenant further acknowledges that any Sublease, Transfer, or Assignment permitted under this Lease and any exercise of any option to renew or extend this Lease may constitute a change in ownership, within the meaning of the California Revenue and Taxation Code, and therefore may result in a reassessment of any possessory interest created hereunder in accordance with applicable Law.
- (ii) Reporting Requirements. San Francisco Administrative Code Sections 23.38 and 23.39 (or any successive or replacement ordinance) requires that Port report certain information relating to this Lease, and the creation, renewal, extension, assignment, sublease, or other transfer of any interest granted hereunder, to the County Assessor within sixty (60) days after any such transaction. Within thirty (30) days following the date of any transaction that is subject to such reporting requirements, Tenant will provide such information as may reasonably be requested by Port to enable Port to comply with such requirements.
- Other Impositions. Without limiting the provisions of Section 5.1(a), and except as otherwise provided in this Section 5.1(b) and Article $\hat{6}$, Tenant will pay or cause to be paid all Impositions, to the full extent of installments or amounts payable or arising during the Term which may be assessed, levied, confirmed or imposed on or in respect of or be a lien upon the Premises, any Improvements now or hereafter located thereon, any Personal Property now or hereafter located thereon (but excluding the personal property of any Subtenant whose interest is separately assessed), the Leasehold Estate, or any subleasehold estate permitted hereunder, including any taxable possessory interest which Tenant, any Subtenant or any other Person may have acquired pursuant to this Lease (but excluding any such Impositions separately assessed, levied or imposed on any Subtenant). Subject to the provisions of Article 6, Tenant will pay all Impositions directly to the taxing authority, prior to delinquency, provided that if any applicable Law permits Tenant to pay any such Imposition in installments, Tenant may elect to do so. In addition, Tenant will pay any fine, penalty, interest or cost as may be assessed for nonpayment or delinquent payment of any Imposition. As used herein, "Impositions" means all taxes (including possessory interest, real, personal, and special taxes), Mello-Roos Taxes, assessments, liens, levies, fees, charges or expenses of every description, levied, assessed, confirmed or imposed by a governmental or quasi-governmental entity on the Premises, any of the Improvements or Personal Property located on the Premises, the Leasehold Estate, any subleasehold estate, or any use or occupancy of the Premises hereunder. Impositions includes all such taxes, assessments, liens, levies, fees charged or expenses of every description, whether general or special, ordinary or extraordinary, foreseen or unforeseen, or hereinafter levied or assessed in lieu of or in substitution of any of the foregoing of every character including, without limitation, Mello-Roos Taxes under the CFD. The foregoing or subsequent provisions notwithstanding, Tenant will not be responsible for any Impositions arising from or related to, Port's fee ownership interest in the Property or Premises, Port's interest as landlord under this Lease, or any transfer thereof, including but not limited to, Impositions relating to the fee, transfer taxes associated with the conveyance of the fee, or business or gross rental taxes attributable to Port's fee interest or transfer thereof.

- (c) <u>Proof of Compliance</u>. Within a reasonable time following Port's written request which Port may give at any time and give from time to time, Tenant will deliver to Port copies of official receipts of the appropriate taxing authorities, or other proof reasonably satisfactory to Port, evidencing the timely payment of such Impositions.
- 5.2. Acknowledgements and Covenants Regarding Community Facilities Districts and Assessment Matters. [Note: Conform/update with DDA and Financing Plan.]
- (a) Section 53341.5 Acknowledgment. Prior to Tenant's execution and delivery of this Lease, Master Developer and Port delivered to Tenant, and Tenant executed and delivered to Master Developer and Port, a notice of special tax pursuant to California Government Code Section 53341.5 (the "Notice of Special Tax") confirming that Tenant has been advised of the terms and conditions of the CFD, including that the Premises are subject to the Mello-Roos Special Taxes (as defined in *Exhibit XX*). A copy of the executed Notice of Special Tax is attached hereto as *Exhibit XX*.
- (b) <u>Facilities and Maintenance CFD</u>. As material consideration for the Port entering into this Lease, Tenant will comply with all of the covenants and acknowledgements set forth in *Exhibit H* (CFD Matters) attached hereto and the Master Developer is an explicit third-party beneficiary of the covenants and acknowledgements set forth in *Exhibit H* (CFD Matters) attached hereto.
- **5.3.** Port's Right to Pay. Unless Tenant is exercising its right to contest in accordance with the provisions of Article 6, if Tenant fails to pay and discharge any Imposition (including fines, penalties and interest) prior to delinquency, Port, at its sole option, may (but is not obligated to) pay or discharge the same; provided that prior to paying any such delinquent Imposition, Port will give Tenant written notice specifying a date that is at least ten (10) days following the date such notice is given after which Port intends to pay such Impositions. If Tenant fails, on or before the date specified in such notice, either to pay the delinquent Imposition or to notify Port that it is contesting such Imposition pursuant to Article 6, then Port may thereafter pay such Imposition, and the amount so paid by Port (including any interest and penalties thereon paid by Port), together with interest at the Default Rate computed from the date Port makes such payment, will be payable by Tenant as Additional Rent.

5.4. Information Required by the County Assessor. [Note: Subject to further discussion.]

- (a) The County Assessor has notified Port that it requires certain information in order to facilitate completion of Assessor Block Maps, updates to ownership records, and assessment of in-progress construction, completed new construction, sales and other assessable transfers of property. Exhibit XXX lists the information that the County Assessor expects to need in order to perform the foregoing tasks (the "Assessor Information").
- (b) Each Party will provide to the County Assessor any Assessor Information requested in writing by the County Assessor in the format required by the County Assessor (the "Requested Information") within 90 days of the applicable Party's receipt of a written request for such Requested Information. Port will have the right to exercise all rights and remedies available at law or in equity to enforce Tenant's obligation to provide Requested Information on a timely basis, including specific performance. Tenant waives any right to confidentiality under applicable law to the extent necessary for the County Assessor to notify Port of Tenant's failure to provide the Requested Information on a timely basis and Port to exercise its right to specific performance of Tenant's obligation.
- (c) Promptly following the County Assessor's request, Port may, from time to time, update the information requirements set forth in Exhibit XXX by providing Tenant no less than five (5) business days' prior notice and a replacement copy of Exhibit XXX.

6. CONTESTS.

- Right of Tenant to Contest Impositions and Liens. Subject to Section 5.2, Tenant has the right to contest the amount, validity or applicability, in whole or in part, of any Imposition, mechanics' lien, or encumbrance (including any arising from work performed or materials provided to Tenant or any Subtenant to improve all or a portion of the Premises) by appropriate proceedings conducted in good faith and with due diligence, at no cost to Port, provided that, prior to commencement of such contest, Tenant notifies Port of such contest. Tenant must notify Port of the final determination of such contest within fifteen (15) days after such determination. Subject to Section 5.2, nothing in this Lease requires Tenant to pay any Imposition, mechanics' lien, or encumbrance so long as Tenant contests the validity, applicability or amount of such Imposition, mechanics' lien, or encumbrance in good faith, and so long as it does not allow the portion of the Premises affected by such Imposition, mechanics' lien, or encumbrance to be forfeited to the entity levying such Imposition, mechanics' lien, or encumbrance as a result of its nonpayment. If any Law requires, as a condition to such contest, that the disputed amount be paid under protest, or that a bond or similar security be provided, Tenant must comply with such condition as a condition to its right to contest. Tenant is responsible for the payment of any interest, penalties or other charges that may accrue as a result of any contest, and Tenant must provide a statutory lien release bond or other security reasonably satisfactory to Port in any instance where Port's interest in the Premises may be subjected to such lien or claim. Tenant is not required to pay any Imposition, mechanics' lien, or encumbrance being so contested during the pendency of any such proceedings unless payment is required by the court or agency conducting such proceedings. Port, at its own expense and at its sole option, may elect to join in any such proceeding whether or not any Law requires that such proceedings be brought by or in the name of Port or any owner of the Premises. Port will not be subjected to any liability for the payment of any fines or penalties, and except as provided in the preceding sentence, costs, expenses or fees, including Attorneys' Fees and Costs, in connection with any such proceeding. Without limiting Article 19, Tenant will Indemnify the Indemnified Parties for all Losses resulting from Tenant's contest of any imposition.
- 6.2. Port's Right to Contest Impositions. At its own cost and after notice to Tenant of its intention to do so, Port may, but in no event will be obligated to, contest the validity, applicability or the amount of any Impositions, by appropriate proceedings conducted in good faith and with due diligence. Nothing in this section will require Port to pay any Imposition as long as it contests the validity, applicability or amount of such Imposition in good faith, and so long as it does not allow any portion of the Premises to be forfeited to the entity levying such Imposition as a result of its nonpayment and so long as such activities do not cause a default under any Mortgage in effect at the time. Port will give notice to Tenant within a reasonable period of time of the commencement of any such contest and of the final determination of such contest. Port will reimburse Tenant within thirty (30) days after demand from Tenant for any such fines, penalties, costs, interest, expenses or fees, including Attorney's Fees and Costs, which Tenant may be legally obligated to pay solely as a result of Port's contest of such Impositions.

7. COMPLIANCE WITH LAWS.

7.1. Tenant's Obligation to Comply. During the Term, Tenant will comply with, at no cost to Port, (i) all applicable Laws (taking into account any variances or other deviations properly approved), (ii) the Mission Rock Risk Management Plan, and (iii) the Mitigation Monitoring and Reporting Program, (iv) the Vertical DDA (so long as the Vertical DDA remains in effect), [(v) the Traffic Management Plan [note: add other requirements imposed in connection with Project Approvals, if any]. The foregoing sentence will not be deemed to limit Port's ability to act in its legislative or regulatory capacity, including the exercise of its police powers. In particular, Tenant acknowledges that the Permitted Uses do not limit Tenant's responsibility to obtain Regulatory Approvals for such Permitted Uses, nor do such Permitted Uses limit Port's responsibility in the issuance of any such Regulatory Approvals to comply with

applicable Laws. It is understood and agreed that Tenant's obligation to comply with Laws includes the obligation to make, at no cost to Port, all additions to, modifications of, and installations on the Premises that may be required by any Laws relating to or affecting the Premises.

Unforeseen Requirements. The Parties acknowledge and agree that Tenant's obligation under this Section 7.2 to comply with all Laws and the other requirements set forth in Section 7.1 is a material part of the bargained-for consideration under this Lease. Tenant's obligation to comply with Laws and the other requirements set forth in Section 7.1 includes the obligation to make substantial improvements (including any barrier removal work or other work required to all or any portion of the Premises under Disabled Access Laws as a result of Tenant's specific use of the Premises, the Improvements, Deferred Infrastructure or any Subsequent Construction performed by or on behalf of Tenant, or substructural repairs to the Premises), regardless of, among other factors, the relationship of the cost of curative action to the Rent under this Lease, the length of the then remaining Term, the relative benefit of the repairs to Tenant or Port, the degree to which curative action may interfere with Tenant's use or enjoyment of the Premises, the likelihood that the Parties contemplated the particular Law involved, or the relationship between the Law or the other requirements set forth in Section 7.1 involved and Tenant's particular use of the Premises. No occurrence or situation arising during the Term, nor any Law or the other requirements set forth in Section 7.1, however extraordinary, relieves Tenant of its obligations hereunder, nor gives Tenant any right to terminate this Lease (except for the Termination Option set forth in Section 7.3) in whole or in part or to otherwise seek redress against Port. Tenant waives any rights now or hereafter conferred upon it by any Law to terminate this Lease (except for the Termination Option set forth in Section 7.3), to receive any abatement, diminution, reduction or suspension of payment of Rent, or to compel Port to make any repairs to comply with any such Laws, on account of any such occurrence or situation.

7.3. Right to Terminate Lease.

- (a) <u>Termination Option</u>. Notwithstanding any other provision of **Section 7.1**, in the event of any change in Laws during the last ten (10) years of the Term that would require capital repairs or improvements, including upgrades or other capital expenditures for reconstruction, replacement, expansion, Restoration, alteration or modification of the Premises (including the Improvements), Tenant will have the option, but not the obligation, to terminate this Lease (the "Termination Option") on the following terms and conditions:
- (i) If Tenant desires to exercise the Termination Option, Tenant will deliver written notice thereof to Port of its election, at least one hundred twenty (120) days prior to the termination date specified therein ("Termination Notice for Change in Laws").
- (ii) On or prior to the effective date of termination of this Lease in accordance with this **Section** 7.3, Tenant must:
- (1) cure all Tenant monetary Events of Default and any Events of Default relating to the provisions of **Section 7.1** (other than making the capital repairs or improvements necessitated by the change in Laws leading to Tenant's exercise of the Termination Option) and **Section 10.1**,
- cure all Tenant Events of Default or Unmatured Events of Defaults under *Article 21*,
- (3) pay in full all utility charges and Impositions due and owing up to and including the effective date of termination,
- (4) maintain all the insurance required to be maintained under **Section 20** until the effective date of termination, and
- (5) if requested by Port, Demolish and Remove the Improvements in accordance with this *Section 7.3*.

(b) <u>Demolition and Removal Requirement</u>. If Port desires Tenant to Demolish and Remove the Improvements, Port will notify Tenant within ninety (90) days following receipt of the Termination Notice for Change in Laws, which election may be made by Port in its sole discretion. If Tenant Demolishes and Removes the Improvements in accordance with this *Section 7.3*, Tenant will have no obligation to cure any Events of Default under *Sections 7.1 or 10.1*. If Tenant exercises its Termination Option, this Lease will terminate on the later of the date set forth in the Termination Notice for Change in Laws or the date Tenant cures all of the Events of Default required to be cured and completes the Demolition and Removal in compliance with all Laws; provided, however, if Port requests Tenant to Demolish and Remove the Improvements, and such work cannot reasonably be completed prior to termination of this Lease, then Tenant's access to the Premises to perform such work will be under Port's license, as further described in *Section 36.2*. Tenant's obligation to Demolish and Remove the Improvements in accordance with this *Section 7.3* will survive the earlier termination of this Lease.

8. REGULATORY APPROVALS.

- Port Acting as Owner of Property. Tenant understands and agrees that Port is entering into this Lease in its proprietary capacity as the holder of fee title to the Premises and not as a Regulatory Agency with certain police powers. Tenant acknowledges and agrees that Port has made no representation or warranty that the necessary Regulatory Approvals to allow for the development of the Initial Improvements can be obtained. Tenant acknowledges and agrees that although Port is an agency of the City, Port staff and executives have no authority or influence over officials or Regulatory Agencies responsible for the issuance of any Regulatory Approvals, including Port and/or City officials acting in a regulatory capacity. Accordingly, there is no guarantee, nor a presumption, that any of the Regulatory Approvals required for the approval or development of the Initial Improvements will be issued by the appropriate Regulatory Agency, and Tenant understands and agrees that neither entry by Port into this Lease nor any approvals given by Port under this Lease will be deemed to imply that Tenant will obtain any required approvals from Regulatory Agencies which have jurisdiction over the Initial Improvements and/or the Premises, including Port itself in its regulatory capacity. Port's status as an agency of the City in no way limits the obligation of Tenant, at Tenant's own cost and initiative, to obtain Regulatory Approvals from Regulatory Agencies that have jurisdiction over the Initial Improvements. By entering into this Lease, Port is in no way modifying or limiting Tenant's obligations to cause the Premises to be developed, Restored, used and occupied in accordance with all Laws. Tenant further acknowledges and agrees that any time limitations on Port review or approval within this Lease applies only to Port in its proprietary capacity, not in its regulatory capacity. Without limiting the foregoing, Tenant understands and agrees that Port staff have no obligation to advocate, promote or lobby any Regulatory Agency and/or any local, regional, state or federal official for any Regulatory Approval, for approval of the Initial Improvements or other matters related to this Lease, and any such advocacy, promotion or lobbying will be done by Tenant at Tenant's sole cost and expense. Tenant hereby waives any claims against the Indemnified Parties, and fully releases and discharges the Indemnified Parties to the fullest extent permitted by Law, from any liability relating to the failure of Port, the City or any Regulatory Agency from issuing any required Regulatory Approval or from issuing any approval of the Initial Improvements.
- (b) Regulatory Approval; Conditions. Tenant understands that construction of the Initial Improvements and Tenant's contemplated uses and activities on the Premises, any subsequent changes in Permitted Uses, and any Subsequent Construction, may require Regulatory Approvals from Regulatory Agencies, which may include the City, Port, RWQCB, SFPUC, and other Regulatory Agencies. Tenant is solely responsible for obtaining any such Regulatory Approvals, as further provided in this Section.

Port, at no cost to Port, will cooperate reasonably with Tenant in its efforts to obtain such Regulatory Approvals, including submitting letters of authorization for submittal of applications

consistent with all applicable Laws and the further terms and conditions of this Lease, including, without limitation, being a co-permittee with respect to any such Regulatory Approvals. However, if Port is required to be a co-permittee under any such permit, then Port will not be subject to any conditions and/or restrictions under such permit that could (i) encumber, restrict or adversely change the use of any Port property other than the Premises, unless in each instance Port has previously approved, in Port's sole and absolute discretion, such conditions or restrictions and Tenant has assumed all obligations and liabilities related to such conditions and/or restrictions; or (ii) restrict or change the use of the Premises in a manner not otherwise permitted under this Lease or subject Port to unreimbursed costs or fees, unless in each instance Port has previously approved, in Port's reasonable discretion, such conditions and/or restrictions and Tenant has assumed all obligations and liabilities related to such conditions and/or restrictions (including the assumption of any unreimbursed costs or fees Port may be subject to).

Port will provide Tenant with its approval or disapproval thereof in writing to Tenant within ten (10) business days after receipt of Tenant's written request, or if Port's Executive Director reasonably determines that Port Commission or Board action is required under applicable Laws, at the first Port and subsequent Board hearings after receipt of Tenant's written request subject to notice requirements and reasonable staff preparation time, not to exceed forty-five (45) days for Port Commission action alone and seventy-five (75) days if both Port Commission and Board action is required, provided such period may be extended to account for any recess or cancellation of board or commission meetings. Port will join in any application by Tenant for any required Regulatory Approval and execute such permit where required, provided that Port has no obligation to join in any such application or sign the permit if Port does not approve the conditions or restrictions imposed by the Regulatory Agency under such permit as set forth above in this section.

Tenant will bear all costs associated with (1) applying for and obtaining any necessary Regulatory Approval, and (2) complying with any and all conditions or restrictions imposed by Regulatory Agencies as part of any Regulatory Approval, including the economic costs of any development concessions, waivers, or other impositions, and whether such conditions or restrictions are on-Premises or require off-Premises improvements, removal, or other measures. Tenant in its sole discretion has the right to appeal or contest any condition in any manner permitted by Law imposed by any such Regulatory Approval; provided, however, if Port is a copermittee, then Tenant will have first obtained Port's prior consent, not to be unreasonably withheld, prior to commencing any such appeal or contest. Tenant will provide Port with prior notice of any such appeal or contest and keep Port informed of such proceedings. Tenant will pay or discharge any fines, penalties or corrective actions imposed as a result of the failure of Tenant to comply with the terms and conditions of any Regulatory Approval. No Port Approval will limit Tenant's obligation to pay all the costs of complying with any conditions or restrictions. Tenant will take reasonable steps to cooperate with Port in connection with Port's efforts to obtain approvals from Regulatory Agencies related to development of [Mission Rock] that are not necessary for or related to development of the Premises.

Without limiting any other Indemnification provisions of this Lease, Tenant will Indemnify the Indemnified Parties from and against any and all Losses which may arise in connection with Tenant's failure to obtain or seek to obtain in good faith, or to comply with the terms and conditions of any Regulatory Approval which will be necessary to develop and construct the Premises in accordance with the Scope of Development, except to the extent that such Losses arise solely from the negligence or willful acts or omissions of Port acting in its proprietary capacity.

(c) <u>Regulatory Permit Coverage</u>. Except as may otherwise be agreed upon between Tenant and Master Developer pursuant to separate agreement(s), Tenant will not be entitled to rely upon Regulatory Approvals previously obtained by Master Developer for any portion of Mission Rock, but will be required to obtain its own Regulatory Approvals in accordance with all applicable Laws. This includes, without limitation, Storm Water Pollution

Prevention Plans (SWPPP), Dust Control Plans (DCP), Asbestos Dust Mitigation Plans (ADMP), and compliance with the City's Maher Ordinance (SFDPH Article 22A). Notwithstanding the foregoing, in accordance with its approved ADMP, Master Developer will provide a sitewide air monitoring network positioned on ongoing horizontal and vertical construction work within the Mission Rock.

9. TENANT'S MANAGEMENT AND OPERATING COVENANTS.

- **9.1.** Operating Standards. From and after Completion of the Initial Improvements, Tenant will maintain and operate the Premises, or cause the Premises to be maintained and operated, in a manner consistent with the prudent business practices of institutional landlords of buildings of comparable age, size, type and use located in San Francisco and in accordance with this Lease. Tenant is exclusively responsible, at no cost to Port, for the management and operation of the Premises.
- **9.2.** Leasing of Premises. Tenant will use reasonable efforts to keep as much of the space in the Premises leased, taking into account marketplace conditions and applying in the exercise of such efforts, the prudent business practices of institutional landlords of buildings of comparable age, size, type and use located in San Francisco.

9.3. Reporting of Subleases.

- days following the end of each calendar year commencing in the calendar year a certificate of occupancy is issued for the Improvements until and including the calendar year that includes the twenty-fifth (25th) anniversary of the Commencement Date, a leasing activity report for immediately prior calendar year for the Premises substantially in the form attached hereto as Exhibit XX (the "Leasing Activity Report"). [Note: Leasing Activity Report will contain at least total square footage available and square footage leased, the number of tenants the average rental rate, and to the extent publicly available, gross revenues from the Premises] To the extent gross revenues from the Premises is made available in other public forums such as government filings, Tenant will include such information in the Leasing Activity Report. Each Leasing Activity Report will be certified by an officer of Tenant that it is a true and correct copy.
- (b) <u>Audited Financial Statements</u>. Tenant will deliver to Port within ninety (90) days following the end of the calendar year that includes the twenty-sixth (26th) anniversary of the Commencement Date and within sixty (60) days following the end of each calendar year thereafter until the calendar year that includes the Expiration Date, Tenant's audited financial statement for the Premises, certified by Tenant's chief financial officer as being true, correct, and complete. The Parties agree and acknowledge that the audited financial statements need not include a line item for each Sublease and the pertinent financial terms related to such Sublease, but may instead, include a summary of the revenues generated by the Subleases.
- business days' prior notice to Tenant, a representative of Port may review at the property manager's offices at the Premises during regular business hours, a complete copy of the Subleases at the Premises. Other than any Subleases Port has agreed to recognize pursuant to a Non-Disturbance Agreement, Port's representative will not be permitted to copy any of the Subleases or take any written notes of any Sublease terms during the first twenty-nine (29) years of the Term.
- (d) <u>Appraiser</u>. Until Port sells its fee interest or enters into a long-term lease for the last development parcel within Mission Rock, Port's appraiser may review at the management office at the Premises or at another San Francisco location where Tenant may keep copies of Subleases, all current Subleases and rent roll, provided the Port's appraiser has entered into a customary confidentiality agreement that does not limit his or her ability to use the information in a manner necessary to inform the appraisal only (which shall not include the right

to publish or otherwise disseminate any information in any manner outside of the context of the appraisal). The information gathered by the appraiser will be used solely to inform the appraiser in determining the fair market value of the development parcel to be sold or leased, as applicable.

- 9.4. Restaurant/Retail Businesses Open to the General Public. Throughout the Term, restaurants and other facilities for the exclusive use of the members of any invitation-only membership organization is prohibited on the ground floor of the Premises; provided, however, the foregoing does not prohibit amenities available only to employees of Tenant or any Subtenant (e.g. an employee cafeteria) or facilities for the exclusive use of membership organizations that are open to the general public (e.g. a membership-based gym).
- 9.5. Flags. [Note: Applicable only for Parcels where US and CA flags are flown] Throughout the Term, a Port flag will fly on each flagpole within the Premises ("Flagpoles"). Port will provide Port flags to Tenant. Tenant will promptly, at no charge, install, raise, lower and remove Port flags at Port's request. The dimensions of Port flags will be similar to the dimensions of Port flags flown in the Central Waterfront. Tenant also may use the Flagpoles to fly other flags on each Flagpole, provided that such other flags, other than the flags of the United States and the State of California, must be placed beneath the Port flag and Port must first reasonably approve the dimensions, color, text, design, and materials for such flag. If Port determines that Tenant's response to Port's request to raise or lower Port flags is inadequate, then at Port's election, Port may access the Flagpoles to adjust the Port flags accordingly without notice to Tenant.

Tenant will have no responsibility to maintain any Port flags. Port will provide Tenant with replacement Port flags to replace worn Port flags on the Flagpoles. If Port does not provide a replacement flag to replace a worn flag, then Tenant will provide Port with notice requesting that a replacement flag be provided ("Replacement Notice"). If Port reasonably believes the flag in question is not worn sufficiently enough to warrant its replacement, Port will notify Tenant within five (5) days following receipt of the Replacement Notice, and such flag will remain in place and not be replaced. If Port has not timely notified Tenant that Port disputes the need to replace the flag and if Port does not provide Tenant with a replacement flag within thirty (30) days following the Replacement Notice, then Tenant will deliver to Port a second notice, which notice will include a statement in bold, all caps and underlined that if Port does not provide Tenant with a replacement flag within ten (10) days of such second notice, then Tenant will have the right to remove the worn flag. If Port does not provide Tenant with a replacement flag within ten (10) days of such second notice, then Tenant will have the right to remove the worn flag; provided, however, if Port notifies Tenant that Port cannot provide Tenant with a replacement flag due to unavailability of a replacement flag, Tenant will not remove the worn flag until Port is able to obtain a replacement flag. If Tenant removes Port's flag, then Tenant will promptly fly a replacement flag provided by Port to Tenant.

9.6. Graffiti Removal. Graffiti is detrimental to the health, safety and welfare of the community in that it promotes a perception in the community that the laws protecting public and private property can be disregarded with impunity. This perception fosters a sense of disrespect of the law that results in an increase in crime; degrades the community and leads to urban blight; is detrimental to property values, business opportunities and the enjoyment of life; is inconsistent with City's property maintenance goals and aesthetic standards; and results in additional graffiti and in other properties becoming the target of graffiti unless it is quickly removed from public and private property. Graffiti results in visual pollution and is a public nuisance. Graffiti must be abated as quickly as possible to avoid detrimental impacts on the City and its residents, and to prevent the further spread of graffiti.

Tenant agrees to commence removal of graffiti from the Premises within forty-eight (48) hours of the earlier of Tenant's: (a) discovery or notification of the graffiti or (b) receipt of notification of the graffiti from San Francisco Public Works. This **Section 9.6** is not intended to require Tenant to breach any lease or other agreement that it may have concerning its use of the

Premises. The term "graffiti" means any inscription, word, figure, marking or design that is affixed, marked, etched, scratched, drawn or painted on any building, structure, fixture or other improvement, whether permanent or temporary, including signs, banners, billboards and fencing surrounding construction sites, whether public or private, without the consent of the owner of the property or the owner's authorized agent, and that is visible from the public right-of-way, but does not include: (1) any sign or banner that is authorized by, and in compliance with, the applicable requirements of the San Francisco Public Works Code, the Planning Code, or the Building Code; or (2) any mural or other painting or marking on the property that is protected as a work of fine art under the California Art Preservation Act (Calif. Civil Code §§ 987 et seq.) or as a work of visual art under the Federal Visual Artists Rights Act of 1990 (17 U.S.C. §§ 101 et seq.).

- 9.7. Mitigation Monitoring and Reporting Program. In order to mitigate any potential significant environmental impacts of the Initial Improvements and operation of the Premises, Tenant agrees that the development and operation of the Improvements will be in accordance with mitigation measures set forth in the Mitigation Monitoring and Reporting Program attached as Exhibit XX. As appropriate, Tenant will incorporate the Mitigation Monitoring and Reporting Program into any contract for the development and/or operation of the Improvements and the Premises.
- **9.8.** Transportation Demand Plan. Tenant will comply with the Transportation Demand Plan throughout the Term.
- 9.9. Mission Rock Risk Management Plan. [Parties to discuss RMP/Soils management issues, references throughout lease to be updated accordingly.] Tenant will comply, and will cause its Agents to comply, with all applicable provisions of the Mission Rock Risk Management Plan, a copy of which has been provided to Tenant, including requirements to notify all site users, comply with risk management measures during construction, and inspect, document and report site conditions to Port annually. Any and all Subleases will require Subtenants (including its Agents) to comply with all applicable provisions of the Mission Rock Risk Management Plan.

10. REPAIR AND MAINTENANCE; FACILITIES CONDITION REPORT; RESERVE ACCOUNT.

10.1. Covenants to Repair and Maintain the Premises. Except as may otherwise be provided under Articles 14 (Damage and Destruction) and 15 (Condemnation), throughout the Term, Tenant will maintain and repair, at no cost to Port, the Premises, all Improvements within the Premises (including, without limitation, all Material Systems) and Subsequent Construction thereon in accordance with the prudent business practices of institutional landlords of buildings of comparable age, size, type and use located in San Francisco (less reasonable wear and tear), and in compliance with all applicable Laws and this Article 10. Tenant will with reasonable promptness make (or cause others to make) all repairs, renewals and replacements, whether structural or non-structural, interior or exterior, ordinary or extraordinary, foreseen or unforeseen, required to comply with this Section 10.1, except as set forth in Article 14 or Article 15. For purposes of this Lease, the term "reasonable wear and tear" will not include any deterioration in the condition or diminution of the value of any portion of the Premises in any manner whatsoever related directly or indirectly to Tenant's failure to comply with the terms and conditions of this Lease.

10.2. Facilities Condition Report.

(a) Additional Definitions.

"Capital Items" mean replacements, repairs, and/or improvements to the Premises, the foundation and structural integrity of the Improvements and Material Systems serving the Premises, and other Improvements within the Premises that would be deemed capital assets under general accounting principles consistently applied.

"Capital Reserves" means funds in a bank account where all funds will be used solely to replace, repair, and improve Capital Items within the Premises.

"Capital Reserve Deposits" means the deposits into an account for Capital Reserves.

"FCR Date" means the twentieth (20th) Anniversary Date and every ten (10) years thereafter until and including the sixtieth (60th) Anniversary Date and ever five (5) years thereafter until the expiration of the Term.

- FCR Date, Tenant will deliver to Port a facilities condition report (the "Facilities Condition Report") prepared by a qualified team of construction professionals including, without limitation, a structural and mechanical engineer, each with at least ten (10) years of experience in constructing, renovating and/or evaluating major [use for residential leases: residential] [use for commercial leases: commercial] buildings in California. The Facilities Condition Report will be substantially in the form is attached hereto as Exhibit XX. [Note: FCR will describe at a minimum the condition and integrity of the foundation and structural integrity of the Improvements (visible and reasonably accessible portions thereof), and the condition and integrity of all Material Systems serving the Improvements within the Premises as well as an estimate of the remaining useful life of all the Material Systems.] Additionally, if a Facilities Condition Report is prepared by Tenant or another party in connection with any Transfer or Refinancing, then Tenant will provide or cause the other party to provide, a copy of such Facilities Condition Report to Port.
- Failure to Revise or Submit Report. If Port reasonably believes the Facilities Condition Report does not satisfy the requirements set forth in Section 10.2(b), then Port will notify Tenant of such deficiency within forty-five (45) days following receipt of the Facilities Condition Report and Tenant will revise the Facilities Condition Report, to address Port's concerns within sixty (60) days. If Tenant fails to provide a Facilities Condition Report, or a revised Facilities Condition Report to Port within such period of time, Port after giving thirty (30) days' notice to Tenant will have the right, but not the obligation, to cause the preparation of a Facilities Condition Report by construction professionals of Port's choice, satisfying the experience requirements set forth in Section 10.2(b) at Tenant's sole cost. Upon Port's delivery to Tenant of an invoice for such Facilities Condition Report, Tenant will promptly reimburse Port the amount set forth in such invoice.
- (d) <u>Maintenance and Repair of Identified Items</u>. Tenant will use commercially reasonable efforts to perform the recommended repairs identified in the Facilities Condition Report in accordance with the prudent business practices of institutional landlords of buildings of comparable age, size, type and use located in San Francisco.

10.3. Capital Reserves.

- (a) <u>Lender Capital Reserves Requirement</u>. Subject to *Section 10.3(b)*, Tenant will establish and maintain Capital Reserves to pay for replacements, repairs, and improvements of Capital Items within the Premises to the extent and on the terms and conditions required by Tenant's Lender. If Tenant's Lender does not require the establishment of such Capital Reserves, then Tenant will establish and maintain Capital Reserves pursuant to *Section 10.3(b)*.
- (b) No Lender Capital Reserves Requirement From and after Completion of the Initial Improvements, if a Lender does not require Tenant to maintain Capital Reserves, Tenant will establish and maintain Capital Reserves consistent with the prudent business practices of institutional landlords of buildings of comparable age, size, type and use located in San Francisco with a depository institution reasonably acceptable to Port. Tenant will use the Capital Reserves only for the repair and/or replacement of Capital Items.

- (c) <u>Capital Reserves Statements.</u> If a Lender does not require Tenant to maintain Capital Reserves, Tenant will provide Port on an annual basis, a statement from the depository institution where the Capital Reserves are held, showing the then current balance and any activity on such account that occurred during the immediately prior calendar year. In the event that Tenant has used Capital Reserves within the immediately prior calendar year, Tenant will include with the delivery of such statement, an explanation for such withdrawal, along with reasonably detailed statements relating to the expenditure of such funds.
- 10.4. No Obligation of Port; Waiver of Rights. From and after the Commencement Date, Tenant will be solely responsible for the condition, operation, repair, maintenance and management of the Premises, including the Initial Improvements, Subsequent Construction, and any and all other Improvements. Port will not, as a result of this Lease, have any obligation to make repairs or replacements of any kind or maintain the Premises or any portion of any of them. Tenant waives the benefit of any Law that would permit Tenant to make repairs or replacements at Port's expense, or abate or reduce any of Tenant's obligations under, or terminate, this Lease, on account of the need for any repairs or replacements. Without limiting the foregoing, Tenant hereby waives any right to make repairs at Port's expense as may be provided by California Civil Code Sections 1932(1), 1941 and 1942, as any such provisions may from time to time be amended, replaced or restated.
- 10.5. Port's Right to Repair. In the event Tenant fails to maintain and repair the foundation, the structural integrity of the Improvements, the roofs, and building systems (including plumbing, sewer, mechanical, electrical and other utility systems) (collectively, "Material Systems") within the Premises in accordance with Section 10.1 and such failure is likely to cause imminent physical harm to any Person or constitutes a violation of applicable Law, Port may repair the same at Tenant's cost and expense and Tenant will reimburse Port therefor as provided in this Section 10.5. Except in the event of an emergency, Port will first provide no less than fifteen (15) days prior notice to Tenant before commencing any maintenance to or repair of a Material System ("Port's Repair Notice"). If Tenant does not commence maintenance or repair of the affected Material System or provide assurances reasonably satisfactory to Port that Tenant will commence maintenance or repair of the same within such fifteen (15) day period, then Port may proceed to take the required action. If Port elects to proceed with such repair or maintenance, then promptly following completion of any work taken by Port pursuant to this Section 10.5, Port will deliver a detailed invoice of the work completed, the materials used and the costs relating thereto. Tenant also will pay to Port an administrative fee equal to ten percent (10%) of the total "hard costs" of the work. "Hard costs" include the cost of materials and installation, but exclude any costs associated with design, such as architectural fees. Tenant will pay to Port the amount set forth in the invoice within thirty (30) days after delivery of Port's invoice.

In the event Port notifies Tenant of a failure to maintain and repair the Premises ("Maintenance Notice"), Tenant will pay to Port, as Additional Rent, an amount equaling [Note: amount to increase by \$50 every 5 years after DDA execution: Three Hundred Dollars (\$300)], which amount will be increased by one hundred dollars on the tenth (10th) Anniversary Date and every ten (10) years thereafter, upon delivery of the Maintenance Notice. In the event Port determines during subsequent inspection(s) that Tenant has failed to so maintain the Premises in accordance with this Article 10, then Tenant will pay to Port, as Additional Rent, an amount equaling [Note: amount to increase by \$50 every 5 years after DDA execution: Four Hundred Dollars (\$400)], which amount will be increased by one hundred dollars on the tenth (10th) Anniversary Date and every ten (10) years thereafter, for each additional Maintenance Notice, if applicable, delivered by Port to Tenant following each inspection. The Parties agree that the charges associated with each inspection of the Premises and delivery of each Maintenance Notice represent a fair and reasonable estimate of the administrative cost and expense which Port will incur by reason of Port's inspection of the Premises and issuance of each Maintenance Notice. Tenant's failure to comply with the applicable Maintenance Notice and Port's right to

impose the foregoing charges is in addition to and not in lieu of any and all other rights and remedies of Port under this Lease. The amounts set forth in this **Section 10.5** are due within five (5) days following delivery of the applicable Maintenance Notice.

| Initials: | Tenant |
|-----------|--------|
| | |

11. IMPROVEMENTS.

- 11.1. Tenant's Obligation to Construct the Initial Improvements. Construction of the Initial Improvements will be governed by the terms and conditions of the Vertical DDA and the VCA, and subject to (i) this Lease and all applicable Laws, including without limitation, the SUD and the Design Controls, (ii) the Mission Rock Risk Management Plan, (iii) the Mitigation Monitoring and Reporting Program[, and (iv) the Traffic Management Plan]. Any Subsequent Construction will be performed in accordance with Article 12.
- 11.2. Failure to Timely Construct Initial Improvements. If Tenant fails to Commence Construction of the Initial Improvements within the time period set forth in [Section 12.1(b) of the VDDA], without limiting any other remedies set forth in this Lease or the VDDA, Port may terminate this Agreement in accordance with the procedures outlined in Sections 25.4(a) and [Schedule 15.3 of the VDDA].
- 11.3. Title to Improvements. During the Term, Tenant will own all of the Improvements within the Premises, including all Subsequent Construction and all appurtenant fixtures, machinery and equipment installed therein (except for Subtenant improvements to the extent owned by any Subtenant pursuant to the applicable sublease, trade fixtures and other personal property of Subtenants). At the expiration or earlier termination of this Lease, title to the Improvements, including appurtenant fixtures (but excluding trade fixtures and other personal property of Tenant and its Subtenants other than Port), will vest in Port without further action of any Party, and without compensation or payment to Tenant. Tenant and its Subtenants will have the right at any time, or from time to time, including, without limitation, at the expiration or upon the earlier termination of the Term, to remove Personal Property from the Premises; provided, however, that if the removal of Personal Property causes material damage to the Premises, Tenant will promptly cause the repair of such damage at no cost to Port.

12. Construction.

12.1. Port Approval.

- (a) <u>Generally</u>. Tenant will have the right, from time to time during the Term, to construct the Initial Improvements in accordance with the VDDA and perform Subsequent Construction (collectively, "Construction") in accordance with the provisions of this *Article 12*.
- (b) Construction Requiring Port's Prior Approval. Tenant has the right during the Term to perform Subsequent Construction in accordance with the provisions of this Article 12, provided that Tenant cannot perform Subsequent Construction without Port's prior approval, which approval may be withheld by Port in its sole discretion [(i)] to Public Access Areas that would adversely affect public's access, or the use or appearance of such Public Access Areas (other than as reasonably necessary during Subsequent Construction and only on a temporary basis; provided however, any closure of Public Access Areas not reasonably necessary to protect the public or property or to reduce the risk of injury to person or the public during Subsequent Construction will require Port's prior consent) [or (ii) within, on, over, or under the Outfall Infrastructure Area.] Note: Only applicable in leases where public access area is required or if Outfall Infrastructure Area located within Premises]
- 12.2. Permits/Design Review/Tenant Improvements. Tenant must obtain all Regulatory Approvals and all permits required by applicable Law to be obtained from governmental agencies having jurisdiction, including, where applicable, from Port itself. Without limiting the foregoing, Tenant acknowledges that the Initial Improvements and any major alterations or additions (as defined in the Design Controls, the [Master Signage Program]

and the design review process set forth in Planning Code Section 249. XX SUD], which requires review and approval by Port for certain improvements, for consistency with the SUD and Design Controls. Without limiting anything else in this *Article 12*, Port's approval, in its proprietary capacity, will not be required for the installation or alteration of tenant improvements and finishes to prepare portions of the Premises for occupancy or use by Subtenants, provided that the foregoing does not alter Tenant's obligation to obtain any required Regulatory Approvals and permits, including, as applicable, a building permit from Port, in its regulatory capacity.

12.3. Construction Schedule.

- (a) <u>Performance</u>. Once commenced, Tenant will prosecute all Construction with reasonable diligence, subject to Force Majeure, and subject to any other applicable provisions regarding timing as set forth in the Vertical DDA and the VCA.
- (b) Reports and Information. During periods of Construction, Tenant will submit to Port written progress reports when and as reasonably requested by Port.

12.4. Construction.

- (a) <u>Commencement of Construction</u>. Tenant will not commence any Construction until all the following conditions have been satisfied or waived by Port:
- (i) Tenant has obtained and paid for all required building permits (or site permits and necessary addenda) and any other required Regulatory Approvals to commence with Construction; and
- (ii) If any Bond, sub-guard insurance (or other insurance product), guaranty, or other security is obtained by or for the benefit of Tenant with respect to the payment of any funds or performance obligations associated with the Initial Improvements or any Subsequent Construction, Tenant will cause to have (1) Port named as a co-obligee to any performance and/or payment bond, (2) Port named as an additional insured or third-party beneficiary with respect to any sub-guard or other insurance product, and (3) Port named as an additional beneficiary to any guaranty provided by a guarantor of any Subtenant's obligations that is granted a Non-Disturbance Agreement in accordance with Section 18.4; provided, however, Port's rights under such Bond, insurance product or guaranty will (x) remain subordinate to the rights of any Lender, and (y) not be exercised by Port before an Event of Default.
- (b) <u>Construction Standards</u>. All Construction will be performed by duly licensed and bonded contractors or mechanics and will be accomplished expeditiously, diligently and in accordance with good construction and engineering practices and applicable Laws.

(c) <u>Intentionally blank.</u>

- (d) <u>Reports and Information</u>. During periods of Construction, Tenant will submit to Port written progress reports or other reports for the benefit of or requested by the County Assessor when and as reasonably requested by Port or the County Assessor.
- (e) <u>Costs of Construction</u>. Port will have no responsibility for costs of any Construction and Tenant will pay (or cause to be paid) all such costs.
- (f) <u>Construction Rights of Access</u>. During any period of Construction, Port and its Agents will have the right to enter areas in which Construction is being performed, on reasonable prior written notice during customary construction hours, subject to the rights of Subtenants, to inspect the progress of the work; provided, however, that Port and its Agents will conduct their activities in such a way to minimize interference with Tenant and its operations to the extent feasible. Nothing in this Lease, however, will be interpreted to impose an obligation upon Port to conduct such inspections or any liability in connection therewith.

- (g) Prevailing Wages. Any construction, alteration, demolition, installation, maintenance, repair, or laying of carpet at, or hauling of refuse from, the Premises comprise a public work if paid for in whole or part out of public funds. The terms "public work" and "paid for in whole or part out of public funds" as used in this Section are defined in California Labor Code Section 1720 et seq., as amended. Tenant agrees that any person performing labor for Tenant on any public work at the Premises will be paid not less than the highest prevailing rate of wages consistent with the requirements of Section 6.22(E) of the San Francisco Administrative Code, and will be subject to the same hours and working conditions, and will receive the same benefits as in each case are provided for similar work performed in San Francisco County. Tenant will include in any contract for such labor a requirement that all persons performing labor under such contract will be paid not less than the highest prevailing rate of wages for the labor so performed. Tenant will require any contractor to provide, and will deliver to City upon request, certified payroll reports with respect to all persons performing such labor at the Premises.
- (h) <u>Compliance with Workforce Development Plan</u>. Tenant agrees that it will comply with the applicable provisions of the Workforce Development Plan, which provisions are attached hereto as *Exhibit XX*.
- 12.5. Safety Matters. Tenant, while performing any Construction or maintenance or repair of the Improvements (for purposes of this Section only, "Work"), will undertake commercially reasonable measures in accordance with good construction practices to minimize the risk of injury or disruption or damage to adjoining portions of the Premises and Improvements and the surrounding property, or the risk of injury to members of the public, caused by or resulting from the performance of its Work. Tenant will erect appropriate construction barricades to enclose the areas of such construction and maintain them until the Construction has been substantially completed, to the extent reasonably necessary to minimize the risk of hazardous construction conditions.

12.6. Record Drawings.

- With respect to any Construction requiring a building permit, Tenant will furnish to Port one set of design/permit drawings in their finalized form and Record Drawings with respect to such Construction within ninety (90) days following completion of the applicable Construction and Port's written notice to Tenant requesting same. Record Drawings must be in the form of full-size, hard paper copies and converted into electronic format as (1) full-size scanned TIF files, and (2) AutoCad files of the completed and updated Construction Documents, as further described below, and in such format as is reasonably required by Port's building department at the time of submittal. As used in this Section "Record Drawings" means drawings, plans and surveys showing the Construction as built on the Premises and prepared during the course of construction (including all requests for information, responses, field orders, change orders and other corrections to the documents made during the course of construction). If Tenant fails to provide such Record Drawings to Port within the time period specified herein, and such failure continues for an additional ninety (90) days following an additional written request from Port, Port will thereafter have the right to cause an architect or surveyor selected by Port to prepare Record Drawings showing such Construction, and the actual, third-party cost of preparing such Record Drawings must be reimbursed by Tenant to Port as Additional Rent. Nothing in this Section will limit Tenant's obligations, if any, to provide plans and specifications in connection with Construction under applicable regulations adopted by Port in its regulatory capacity. Tenant will be permitted to disclaim any representations or warranties with respect to the design/permit drawings, Record Drawings or other plans and specifications provided hereunder, and, at Tenant's request, Port will provide Tenant with a release from liability for future use of the applicable materials, in a form acceptable to Tenant and Port.
- (b) <u>Record Drawing Requirements</u>. Record Drawings must be no less than (24" x 36"), with mark-ups neatly drafted to indicate modifications from the original design

drawings, scanned at 400 dpi. Each drawing will have a Port-assigned number placed onto the title block prior to scanning. An index of drawings must be prepared correlating drawing titles to the numbers. A minimum of ten (10) drawings will be scanned as a test, prior to execution of this requirement in full.

- (c) <u>AutoCad Requirements</u>. The AutoCad files must be contained in Release 2006 or a later version, and drawings must be transcribed onto a compact disc(s) or DVD(s), as requested by Port. All X-REF, block and other referenced files must be coherently addressed within the environment of the compact disc or DVD, at Port's election. Discs containing files that do not open automatically without searching or reassigning X-REF addresses will be returned for reformatting. A minimum of ten (10) complete drawing files, including all referenced files, is required to be transmitted to Port as a test, prior to execution of this requirement in full.
- (d) <u>Changes in Technology</u>. Port reserves the right to revise the format of the required submittals set forth in this *Section 12.6* as technology changes and new engineering/architectural software is developed.
- 12.7. Certification of Total Development Costs. Attachment 1 to Exhibit D includes the provisions to certify Entitlement Costs and Total Development Costs of the Initial Tenant.

13. UTILITY AND TELECOMMUNICATIONS SERVICES.

Utility Services. Tenant acknowledges and agrees that Port, in its proprietary capacity as owner of the Premises and landlord under this Lease, will not provide any utility services to the Premises or any portion of the Premises. In accordance with the requirements under the DDA, the Premises will be served by the Horizontal Improvements constructed by Master Developer, construction of which may occur simultaneously with construction of Tenant's Initial Improvements. If Tenant desires to coordinate construction activities with Master Developer or construction of the Initial Improvements with the Horizontal Improvements, Tenant will include such provision in the VCA. Tenant, at no cost to Port or the City, will (i) arrange for the provision and construction of all on-site and any off-site utilities necessary to construct, operate and use all of the Improvements and any other portion of the Premises for their intended use, (ii) be responsible for contracting with, and obtaining, all necessary utility and other services, as may be necessary and appropriate to the uses to which all of the Improvements and the Premises are put (it being acknowledged that City (including its SFPUC) is the sole and exclusive provider to the Premises of certain public utility services), and (iii) maintain and repair all utilities serving the Premises to the point provided by the respective utility service provider (whether on or off the Premises). Tenant also must coordinate with the respective utility service provider with respect to the installation of utility services, including providing advance notice to appropriate parties of trenching requirements.

Tenant will pay or cause to be paid as the same become due, all deposits, charges, meter installation fees, connection fees and other costs for all public or private utility services at any time rendered to the Premises or any part of the Premises, and will do all other things required for the maintenance, repair, replacement, and continuance of all such services. Tenant agrees, with respect to any public utility services provided to the Premises by City, that no act or omission of City in its capacity as a provider of public utility services, will abrogate, diminish, or otherwise affect the respective rights, obligations and liabilities of Tenant and Port under this Lease, or entitle Tenant to terminate this Lease or to claim any abatement or diminution of Rent. Further, Tenant covenants not to raise as a defense to its obligations under this Lease, or assert as a counterclaim or cross-claim in any litigation or arbitration between Tenant and Port relating to this Lease, any Losses arising from or in connection with City's provision (or failure to provide) public utility services, except to the extent to preserve its rights hereunder that failure to raise such claim in connection with such litigation would result in a waiver of such claim. The foregoing will not constitute a waiver by Tenant of any claim it may now or in the future have

(or claim to have) against any such public utility provider relating to the provision of (or failure to provide) utilities to the Premises.

Notwithstanding the foregoing, to the extent installed by Master Developer and included in the Master CC&Rs to be recorded against the Premises, Tenant will be required to participate in the districtwide utility systems serving Mission Rock, including, without limitation, procuring recycled water from the district blackwater system and electricity from the district energy system. [TBC]

13.2. Energy Consumption. [Note: Applicable for certain leases only.] Tenant acknowledges and agrees that City has delivered a Disclosure Summary Sheet, Statement of Energy Performance, Data Checklist, and Facility Summary (all as defined in the California Code of Regulations, Title 20, Division 2, Chapter 4, Article 9, Section 1680) for the Premises no less than 24 hours prior to Tenant's execution of this Lease. The Disclosure Summary Sheet is attached as Schedule [xxx].

13.3. Rooftop and Other District-Wide Equipment.

(a) Telecommunications Equipment and Satellite Dish. Tenant will have the right to install Satellite Dish(es) on the roof of the Premises and to sublease such portions to an operator, provided that Tenant (i) complies with all Laws, and (ii) obtains all required Regulatory Approvals. The Parties will cooperate in connection with the location of any Satellite Dish installed pursuant to this Section 13.1 and the location of any Satellite Dish installed by Port or City pursuant to Section 13.3 so as to minimize interference with the systems serviced by such Satellite Dish.

(b) Other Equipment.

- (i) Solar. [placeholder for any requirements to install Rooftop Solar Thermal connected to District Energy System and Rooftop Solar PV connected to District Microgrid]
- (ii) District Blackwater System. [placeholder for Tenant obligations to install facilities for and participate in district blackwater system]
- (iii) District Energy System. [placeholder for Tenant obligations to install facilities for and participate in district energy system]
- Communications Facilities. Tenant agrees that Port and City have the right to install at no charge, Satellite Dish(es) and other telecommunications facilities reasonably required for Port's or City's operations and/or District-wide programs and systems. including, without limitation, (i) facilities for City's emergency or 700-Mhz and 800-Mhz Citywide radio system communications facilities (or its successor), (ii) [public Wi-Fi networks], and (iii) [a master cellular network], which may require installation on the roof or exterior of any building within the Premises, provided that Port (i) complies with all Laws, (ii) obtains all required Regulatory Approvals, and (iii) obtains Tenant's prior reasonable approval with respect to the size, location, dimensions, color, text (if any), screening, reflectivity, and method of installation of the applicable Satellite Dish or telecommunications facility. The installation of any such Satellite Dish(es) and other telecommunications facilities will be at Port's or City's sole cost. If the installation of any such Satellite Dish or other telecommunications facility requires alterations and/or improvements of any portion of the Premises, including, without limitation, the relocation of any photo-voltaic panels or any other Satellite Dish previously installed on the roof of the Premises, such alterations and/or improvements will be at Port's sole cost and expense, and Port will promptly repair, at its sole cost, any damage to the Premises including, without limitation, to any photo-voltaic panels. All aspects and phases of Port's installation, other equipment, wiring, conduit, roof mount and base, will at all times be subject to supervision and approval by Tenant, not to be unreasonably withheld, conditioned or delayed. All approval and supervision rights of Tenant are intended solely to protect Tenant's interests. Port will be

responsible for procuring, prior to any installation, and maintaining in force at all times thereafter, any and all Regulatory Approvals as may be required for the lawful installation, use and operation of Port's or City's system. Port will be permitted access to the areas on the roof where any such installation is made, as necessary for the installation, repair, maintenance, and replacement thereof. Any access, interruptions or disturbance for the foregoing purposes will be temporary only. Port's access to the roofs will not unreasonably interfere with or disturb Tenant's or Subtenants' use and enjoyment of the Premises, will be subject to the reasonable building security procedures adopted by Tenant, and will require prior written consent for access occurring during regular business hours (except in cases of emergency). Port's access may be subject to temporary interruption in cases of emergency. Port will promptly repair and restore any damage to persons or property caused as a result of Port's access to and activities on the roof. Port will be solely responsible for all maintenance, utilities and other costs of operation of any such facility installed pursuant to the terms of this *Section 13.3*.

- 13.4. Electricity from SFPUC. [Section XX of the Development Agreement], a copy of which is attached hereto as Exhibit XX, will govern Tenant's obligation to procure electricity for the Premises from the San Francisco Public Utilities Commission.
- 13.5. Waiver. Tenant hereby waives any benefits of any applicable Law, including the provisions of California Civil Code Section 1932(1) permitting the termination of this Lease due to any interruption or failure of utility services. The foregoing does not constitute a waiver by Tenant of any claim it may now or in the future have (or claim to have) against any public utility provider relating to the provision of (or failure to provide) utilities to the Premises.

14. DAMAGE OR DESTRUCTION.

14.1. Damage or Destruction.

- (a) <u>Tenant to Give Notice</u>. If at any time during the Term any damage or destruction occurs to all or any portion of the Premises (other than a di minimis portion) from fire or other casualty (each a "Casualty"), Tenant will promptly give telephonic and written notice ("Casualty Notice") thereof to Port generally describing the nature and extent of such Casualty.
- (b) No Effect on Lease. Except as set forth in Section 14.3, this Lease will not terminate or be forfeited or be affected in any manner by reason of Casualty, and Tenant, notwithstanding any law or statute present or future (including without limitation, California Civil Code Sections 1932(2) and 1933(4)), waives any and all rights to quit or surrender the Premises or any part thereof, Tenant acknowledging and agreeing that the provisions of this Article 14 will govern the rights and remedies of the parties in the event of a Casualty. Tenant expressly agrees that its obligations hereunder, including the payment of any and all Base Rent, Additional Rent and any other sums due hereunder, will continue as though said Premises and/or Improvements had not been damaged or destroyed and without abatement, suspension, diminution or reduction of any kind.
- 14.2. Restoration Obligation. In the event of a Casualty, unless Tenant terminates this Lease in accordance with Section 14.3, Tenant will commence and diligently Restore the Improvements to the condition they were in immediately before such Casualty in accordance with then applicable Laws (including any required code upgrades), without regard to the amount or availability of insurance proceeds, subject to Force Majeure; provided, however, subject to the rights of Lenders in accordance with Article 40, all all-risk coverage insurance proceeds, earthquake and flood insurance proceeds, boiler and machinery insurance proceeds, and any other insurance proceeds paid to Tenant by reason of Casualty (other than business or rental interruption insurance), must be first used by Tenant for Restoration of the Premises. All Restoration must be performed in accordance with the procedures set forth in Article 12 relating to Construction and at Tenant's sole expense and must be completed within five (5) years following the event of Casualty, subject to Force Majeure. In connection with any Restoration,

any Restoration that would otherwise require Port approval under *Sections 12.1(b)* will require Port's prior approval subject to the standards set forth in such sections. The Restored Improvements must be at least equivalent in quality, appearance, public safety, and durability to the Initial Improvements and provide similar public benefit as the original Initial Improvements, subject to the Permitted Uses.

14.3. Termination Due to Major or Uninsured Casualty.

"Major Casualty" means damage to or destruction of all or any portion of the Premises to the extent that the hard costs of Restoration will exceed thirty percent (30%) of the hard costs to replace the Improvements in their entirety. The calculation of such percentage will be based upon replacement costs and requirements of applicable Laws in effect as of the date of the event causing such Major Casualty.

"Uninsured Casualty" means any of the following: (i) a Casualty event occurring at any time during the Term for which the costs of Restoration (including the cost of any required code upgrades) are not insured or insurable under the policies of insurance that Tenant is required to carry under Article 20 and such costs exceed One Million Dollars (\$1,000,000.00), which amount will be increased by an additional Five Hundred Thousand Dollars (\$500,000.00) on the tenth (10th) Anniversary Date and every ten (10) years thereafter, or (ii) a Casualty event occurring at any time during the Term which is covered under Tenant's policies of insurance that Tenant is required to carry under Article 20 but where the cost of Restoration (including the cost of any required code upgrades) will exceed the sum of (A) the net proceeds of any insurance payable, (B) the amount of any applicable policy deductibles, and (c) One Million Dollars (\$1,000,000.00), which amount will be increased by an additional Five Hundred Thousand Dollars (\$500,000.00) on the tenth (10th) Anniversary Date and every ten (10) years thereafter. Any Casualty event not insured due to Tenant's failure to maintain the requisite insurance policies and coverage requirements under Article 20 will not be considered an Uninsured Casualty.

- (a) <u>Tenant's Election to Terminate</u>. If an event of Major Casualty or Uninsured Casualty occurs at any time during the Term, then within ninety (90) days following Tenant's delivery to Port of the Casualty Notice, Tenant may, by written notice to Port, terminate this Lease upon satisfaction of all the conditions set forth in *Section 14.3(b)*.
- (b) <u>Conditions to Termination</u>. As a condition precedent to Tenant's right to terminate this Lease in accordance with *Section 14.3*, unless waived by Port, Tenant will do all of the following:
- (i) Unless otherwise requested by Port, in its sole discretion, Tenant will, at its sole cost and expense, Demolish and Remove the Improvements prior to the effective termination date:
- (ii) Unless the Improvements are to be demolished as set forth in **Section 14.3(b)(i)**, Tenant will provide Port the estimated cost of Restoration;
- (iii) Cure all Tenant monetary Events of Defaults and any Tenant Events of Default or Unmatured Events of Default relating to the provisions of *Section 21*;
- (iv) Pay in full all utility charges and Impositions incurred up to and including the effective date of termination;
- (v) Maintain all the insurance required to be maintained under **Section 20** until the effective date of termination;
- (vi) Pay or cause to be paid the following amounts solely from the insurance proceeds as and to the extent available arising from each Casualty promptly following receipt of such proceeds, in the order required by any senior Mortgage, and if none, in the following order of priority:

- (1) First, to Port (or Tenant, if such work is performed by, or on account of, Tenant at its cost) for the actual costs incurred for any work required to alleviate any conditions caused by such Casualty that could cause an immediate or imminent threat to the public safety and welfare or damage to the environment, including any demolition or hauling of rubble or debris;
- (2) Second, to Port, for all accrued and unpaid amounts owed to Port under this Lease, if any, by Tenant, up to the effective date of the termination;
- (3) Third, to each non-affiliate Lender demanding payment, in order of priority, a portion of the remaining casualty insurance proceeds arising out of or in connection with the Casualty in an amount not to exceed the aggregate amounts that are secured by the applicable non-affiliate Mortgage then owed to each such non-affiliate Lender; and
- (4) Fourth, to the appropriate governmental or quasigovernmental entity, all Impositions due up to the effective date of termination; and
- proportionately between Port, for the value of Port's reversionary interest in the Premises and Improvements (in their condition immediately prior to the Casualty event) as of the date the Term would have expired but for the Casualty event, and Tenant, for the value of the Improvements for the remaining unexpired portion of the Term (in their condition immediately prior to the event of damage or destruction) less any proceeds distributed in repayment of any Mortgages as provided in Section 14.3(b)(vi)(3).
- (vii) Upon termination in accordance with this Article 14, Tenant will deliver possession of the Premises to Port and quitclaim to Port all right, title and interest in the Premises and in any remaining Improvements. Upon such termination, the Parties will be released thereby without further obligation to the other Party as of the effective date of such termination; provided, however, that the Indemnification provisions hereof or any other provision that explicitly survives the expiration or earlier termination of this Lease will survive any such termination with respect to matters arising before the effective date of any such termination.
- 14.4. Distribution Upon Lease Termination Due to Tenant Failure to Restore. If Tenant is obligated to and fails to Restore the Improvements as provided herein and commits a Tenant Event of Default in failing to Restore the Improvements and this Lease is thereafter terminated due to such Tenant Event of Default, all insurance proceeds remaining after application pursuant to Section 14.3(b)(vi)(1)—14.3(b)(vi)(4) will be paid to and retained by Port.

15. CONDEMNATION.

15.1. General; Notice; Waiver.

- (a) <u>General</u>. If, at any time during the Term, there is any Condemnation of all or any part of the Premises, including any of the Improvements, the rights and obligations of the Parties will be determined pursuant to this *Article 15*.
- (b) Notice. In case of the commencement of any proceedings or negotiations which might result in a Condemnation of all or any portion of the Premises during the Term, the Party learning of such proceedings will promptly give written notice of such proceedings or negotiations to the other Party. Such notice will describe with as much specificity as is reasonable, the nature and extent of such Condemnation or the nature of such proceedings or negotiations and of the Condemnation which might result therefrom, as the case may be.
- (c) <u>Waiver</u>. Except as otherwise provided in this *Article 15*, the Parties intend that the provisions of this Lease will govern their respective rights and obligations in the event of a Condemnation. Accordingly, but without limiting any right to terminate this Lease

given Tenant in this *Article 15*, Tenant waives any right to terminate this Lease upon the occurrence of a Partial Condemnation under California Code of Civil Procedure Sections 1265.120 and 1265.130, as such section may from time to time be amended, replaced or restated.

- 15.2. Total Condemnation. If there is a Condemnation of the entire Premises or the Leasehold Estate (a "Total Condemnation"), this Lease will terminate as of the Condemnation Date. Upon such termination, except as otherwise set forth in this Lease, the Parties will be released without further obligations to the other Party as of the Condemnation Date, subject to the payment to Port of accrued and unpaid Rent, up to the Condemnation Date and the provisions that explicitly survive the expiration or earlier termination of this Lease.
- 15.3. Substantial Condemnation, Partial Condemnation. If there is a Condemnation of any portion but less than all of the Premises, the rights and obligations of the Parties will be as follows:
- Substantial Condemnation. If there is a Substantial Condemnation of a (a) portion of the Premises, this Lease will terminate, at Tenant's option (which must be exercised, if at all, at any time within ninety (90) days after the Condemnation Date by delivering written notice of termination to Port), as of the Condemnation Date, as further provided below. For purposes of this Article 15, "Substantial Condemnation" means a Condemnation of (i) less than the entire Premises which renders the Project untenantable, unsuitable, or economically infeasible for the Permitted Uses as reasonably determined by Tenant, or (ii) of property located outside the Premises that, in any case, substantially and materially eliminates access to the Premises where no alternative access can be constructed or made available. Notwithstanding the foregoing, Tenant will have no right to terminate this Lease under this Section if the Substantial Condemnation, as the case may be: (x) can be cured by the performance of Restoration (unless such Substantial Condemnation occurs during the last ten (10) years of the Term or if Tenant reasonably anticipates, based upon a schedule of performance for such Restoration prepared with due diligence by Tenant in consultation with Port that at the time of completion of the Restoration, less than ten (10) years would remain in the Term), and (y) the cost of such Restoration does not exceed by at least One Million Dollars (\$1,000,000.00), which amount will be increased by an additional Five Hundred Thousand Dollars (\$500,000.00) on the tenth (10th) Anniversary Date and every ten (10) years thereafter, the portion of the Award fairly allocable to severance damages suffered by Tenant. In such case, this Lease will not terminate, and, upon a determination that the Lease will continue based upon the availability and amount of Award, Tenant will commence and complete such Restoration as promptly as reasonably practicable by using commercially reasonable diligence and pursuant to the provisions of Article 12 and Section 15.4, subject to events of Force Majeure.
- Partial Condemnation. If there is a Condemnation of any portion of the Premises or the Leasehold Estate which does not result in a termination of this Lease under Section 15.2 or Section 15.3(a) (a "Partial Condemnation"), this Lease will terminate only as to the portion of the Premises taken in such Partial Condemnation, effective as of the Condemnation Date. In the case of a Partial Condemnation, this Lease will remain in full force and effect as to the portion of the Premises (or of the Leasehold Estate) remaining immediately after such Condemnation, and Tenant will promptly commence and complete, subject to events of Force Majeure, any necessary Restoration of the remaining portion of the Premises, at no cost to Port. Any such Restoration will be performed in accordance with the provisions of Article 12.
- 15.4. Awards. Except as provided in Sections 15.5 and 15.6, Awards and other payments to either Port or Tenant on account of a Condemnation, less costs, fees and expenses of either Port or Tenant (including, without limitation, reasonable Attorneys' Fees and Costs) incurred in the collection thereof ("Net Awards and Payments") will be allocated between Port and Tenant as follows:
 - (i) First, to Port for the payment of all unpaid Rent.

- (ii) Second, in the event of a Partial Condemnation, to pay costs of Restoration incurred by Tenant, in which case, the portion of the Net Awards and Payments allocable to Restoration will be payable to Tenant, a Lender, or trustee in accordance with the requirements governing payment of insurance proceeds set forth in Section 14.3(b)(vi);
- (iii) Third, to Port for the value of the condemned land only, subject to the particular uses of the Premises existing immediately prior to the Condemnation Date, and without reference to, or inclusion of, Port's reversionary interest in the value of the Improvements (the "Condemned Land Value");
- (iv) Fourth, to any non-affiliate Lender pursuant to a non-affiliate Mortgage as and to the extent provided therein, for payment of all sums secured by its non-affiliate Mortgage that remain outstanding, together with its reasonable out of pocket expenses and charges in collecting the Net Award and Payment, including without limitation, its reasonable attorneys' fees incurred in the Condemnation.
- (v) Fifth, to Tenant to the extent that the Net Awards and Payments are attributable to Tenant's Leasehold Estate, not including the value of the Improvements for the remaining unexpired portion of the Term to the original scheduled Expiration Date;
- (vi) Sixth, the balance of the Net Awards and Payment will be divided proportionately between Port, for the value of Port's reversionary interest in the Improvements (based on the date the Term would have expired but for the event of Condemnation), and Tenant, for the value of the Improvements for the remaining unexpired portion of the Term to the original scheduled Expiration Date.
- (vii) Notwithstanding anything to the contrary set forth above, any portion of the Net Awards and Payments which has been specifically designated by the condemning authority or in the judgment of any court to be payable to Port or Tenant on account of any interest in the Premises or the Improvements separate and apart from the value of Port's reversionary interest in the land and Improvements, the Leasehold Estate, or the value of the Improvements on the Premises for the remaining unexpired portion of the Term, will be paid to Port or Tenant, as applicable, as so designated by the condemning authority or judgment.
- 15.5. Temporary Condemnation. If there is a Condemnation of all or any portion of the Premises for a temporary period lasting less than the remaining Term, other than in connection with a Substantial Condemnation or a Partial Condemnation of a portion of the Premises for the remainder of the Term, this Lease will remain in full force and effect, there will be no abatement of Rent, and the entire Award will be payable to Tenant.
- 15.6. Relocation Benefits, Personal Property. Notwithstanding Section 15.4, Port will not be entitled to any portion of any Net Awards and Payments payable in connection with the Condemnation of the Personal Property of Tenant or any of its Subtenants.

16. LIENS.

- 16.1. Liens. Tenant will not create or permit the attachment of, and will promptly discharge at no cost to Port, any lien, security interest, or encumbrance on the Premises or the Leasehold Estate, other than (i) this Lease, permitted Subleases, and Permitted Title Exceptions, (ii) liens for non-delinquent Impositions (excluding Impositions which may be separately assessed against the interests of Subtenants or are being contested in accordance with Article 4), and (iii) Mortgages.
- 16.2. Mechanics' Liens. Tenant will keep the Premises and the Leasehold Estate free from any liens arising out of any work performed, materials or services furnished, or obligations incurred by Tenant or any of its Agents. Tenant will provide thirty (30) days' advance written notice to Port of any Subsequent Construction to allow Port to post a notice of non-responsibility on the Premises. If Tenant does not, within sixty (60) days following the imposition of any such lien, cause the same to be released of record or post a bond or take such other action reasonably

acceptable to Port, it will constitute an Event of Default, and Port will have, in addition to all other remedies provided by this Lease or by Law, the right but not the obligation to cause the same to be released by such means as it deems proper, including payment of the claim giving rise to such lien. All sums paid by Port (including interest at the Default Rate computed from the date of payment) for such purpose and all expenses incurred by Port in connection therewith must be reimbursed to Port by Tenant within ten (10) days following demand by Port. Port will include with its demand, supporting documentation.

17. DEPOSITS.

17.1. Base Rent Deposit. [Note: Not applicable for fully pre-paid leases]

- (a) On or before the Commencement Date, Tenant will pay to Port in addition to Base Rent, a security deposit (as adjusted from time to time, the "Base Rent Deposit") for the Premises in the amount set forth in the Basic Lease Information. The Security Deposit will be increased on each Adjustment Date so that the Security Deposit held by Port always equals no less than twice the monthly installment of Base Rent. Tenant will deliver to Port within five (5) days following each Adjustment Date, the difference between the Base Rent Deposit currently held by Port and increased Base Rent Deposit.
- (b) Tenant agrees that Port may, but will not be required to, apply the Base Rent Deposit in whole or in part to (i) remedy any failure by Tenant to pay Rent as and when due, (ii) cure, or attempt to cure, any Event of Default by Tenant in the performance of the terms, covenants and conditions of this Lease, (iii) repair, or attempt to repair, any damage to the Premises caused by Tenant, its Subtenants, Agents or Invitees, or (iv) compensate Port for any expense incurred or damage caused by Tenant, its Subtenants, Agents, or Invitees.
- 17.2. Environmental Financial Performance Deposit. [Note: Parties to explore additional provisions, with corresponding required mitigations, for subtenant uses that increase environmental liability/risk.] On or prior to the commencement of any Sublease with a Subtenant that will engage in activities on the Premises involving the use of Hazardous Materials (other than (a) standard building materials and equipment that do not contain asbestos or asbestos-containing materials, lead or polychlorinated biphenyl (PCBs), and (b) janitorial or office supplies or materials in such amounts as are customarily used for general office, residential, or commercial purposes so long as such Handling is at all times in compliance with all Environmental Laws), Tenant will deliver to Port an amount determined by Port to be reasonable additional security for any increased environmental liabilities to Port arising out of the Subtenant's specific use of non-Excepted Hazardous Materials at the Premises (the "Environmental Financial Performance Deposit") as additional collateral for the full and faithful performance by Tenant of its obligations under Article 21. Port's determination of the amount of the Environmental Financial Performance Deposit will be consistent with the Port Commission's adoption of the Environmental Risk Policy and Financial Assurance Requirements for Real Property Agreements on [Note: update as necessary: November 13, 2007, pursuant to Resolution No. 07-81, as may be amended or updated from time to time (the "Port Environmental Risk Policy"). In the event Port determines in its sole but reasonable discretion that any proposed change(s) to Tenant's (or its Subtenants') use and operation of Hazardous Materials (other than Excepted Hazardous Materials) on the Premises increase Port's risk of Loss, then prior to commencement of such Sublease, Port may require Tenant to increase the Environmental Financial Performance Deposit in a manner consistent with the Port Environmental Risk Policy. Port also has the right to increase every five (5) years the amount of the Environmental Financial Performance Deposit in a manner consistent with the Port Environmental Risk Policy if Port reasonably believes after review of Tenant's and Subtenants' use and operation of Hazardous Materials (other than Excepted Hazardous Materials) that the then current amount is insufficient. [Note: Parties may explore adding Port as an additional beneficiary to a guaranty or letter of credit provided by a subtenant.

17.3. Environmental Oversight Deposit.

- (a) If Tenant is required to provide an Environmental Financial Performance Deposit in accordance with Section 17.2, then prior to commencement of the Sublease necessitating such deposit, Tenant will also deliver to Port an environmental oversight deposit ("Environmental Oversight Deposit") in cash, in an amount equaling [Note: Adjust if Port Commission increases this amount for all new leases: Ten Thousand Dollars (\$10,000)], as security for Port's recovery of costs of inspection, monitoring, enforcement, and administration of Tenant's performance of its obligations under Article 21; provided, however, the Environmental Oversight Deposit will not be deemed an advance of Rent, an advance of any other payment due to Port under this Lease, a security deposit subject to the California Civil Code, or a measure of Port's damages upon an Event of Default concerning Tenant's obligations under Article 21.
- (b) Port at its option may demand reimbursement from Tenant within five (5) business days following demand, or use, apply, or retain the Environmental Oversight Deposit in whole or in part to reimburse Port, for Port's costs incurred if an Environmental Regulatory Agency delivers a notice of violation or order regarding a Hazardous Material Condition ("Environmental Notice") to Tenant and either: (i) the actions required to cure or comply with the Environmental Notice cannot be completed within fourteen (14) days after its delivery; or (ii) Tenant has not begun to cure or comply with the Environmental Notice or is not working actively to cure or comply with the Environmental Notice within fourteen (14) days after its delivery. Under these circumstances, Port's costs may include staff time corresponding with and responding to Regulatory Agencies, Attorneys' Fees and Costs, and inspection, collection, and laboratory analysis of environmental samples and monitoring the Hazardous Material Condition.
- (c) If an Environmental Notice is delivered to Tenant, and Tenant has cured or complied with the Environmental Notice within fourteen (14) days after its delivery, Port at its option may demand payment from Tenant within five (5) days following demand, or apply the sum of [Note: amount to increase by \$50 every 5 years after DDA execution: Five Hundred Dollars (\$500)] (which amount will be increased by one hundred dollars on the tenth (10th) anniversary of the Commencement Date and every ten years thereafter) from the Environmental Oversight Deposit, as Additional Rent for each Environmental Notice delivered to Tenant to reimburse Port for its administrative costs.

17.4. Generally.

- (a) The Base Rent Deposit, Environmental Financial Performance Deposit (if any) and the Environmental Oversight Deposit (if any), are collectively referred to as the "Security Deposit." Tenant will not be entitled to any interest on the Security Deposit.
- (b) The amount of the Security Deposit will not be deemed to limit Tenant's liability for the performance of any of its obligations under this Lease nor be a measure of Port's damages upon a Tenant Event of Default. Port may apply the Security Deposit as provided herein without waiving any of Port's other rights and remedies hereunder or at Law or in equity.
- (c) The Security Deposit will not be deemed an advance of Rent, an advance of any other payment due to Port under this Lease, a security deposit subject to the California Civil Code.
- (d) Should Port use any portion of the Security Deposit, Tenant must replenish the Security Deposit to the full extent of the required amount within five (5) business days following Port's demand.
- (e) Port's obligations with respect to the Security Deposit are those of a debtor and not a trustee. Port will not be required to keep the Security Deposit separate from its general funds.

(f) Upon the expiration or earlier termination of this Lease, Port will return the unused balance of the Security Deposit to Tenant (less any amounts then due and payable from Tenant to Port under this Lease) within thirty (30) days after Tenant surrenders possession of the Premises to Port.

18. ASSIGNMENT AND SUBLETTING.

18.1. Transfer.

(a) Additional Definitions.

"Assignment" means an assignment, conveyance, hypothecation, pledge (other than a pledge in connection with any mezzanine financing which will not require prior Port approval), or otherwise transfer all or any of Tenant's interest in this Lease or Leasehold Estate.

"Control" means with respect to any Person (a) the possession, directly or indirectly, of the power to direct or cause the direction of the day to day management, policies or activities of such Person whether through ownership of voting securities, by contract or otherwise (excluding customary limited partner or non-managing member approval rights, or (b) the ownership (direct or indirect) of more than fifty percent (50%) of the profits or capital of another Person, or (c) the ownership (direct or indirect) of more than fifty percent (50%) of the ownership interest of such Person (whether shares, partnership interests, membership interest or other equity, and whether one or more classes thereof). "Controlled" and "Controlling" have correlative meanings.

"Excluded Transfer" means any of the following: (a) the exercise of customary remedies under mezzanine financing of Tenant or any constituent owner thereof; (b) the exercise of customary limited partner or non-managing member remedies under a partnership or limited liability company operating agreement, as applicable; (c) a change resulting from death or legal incapacity of a natural person; or (d) the sale, transfer or issuance of less than the Controlling interest of stock listed on a nationally or internationally recognized stock exchange in a single transaction or a related series of transactions.

"Managing Party" means, with respect to any Person, both (a) the possession, directly or indirectly, of the power to direct or cause the direction of the day-to-day management, policies or activities of Tenant (excluding customary limited partner or non-managing member approval rights) and (b) the ownership (direct or indirect) of more than ten percent (10%) of the profits or capital of Tenant.

"Minimum Net Worth Amount" means Twenty-Seven Million Five Hundred Thousand Dollars (\$27,500,000.00), which amount will increase by ten percent (10%) on the tenth (10th) anniversary of the Commencement Date and every ten (10) years thereafter. [NOTE: \$27.5] million to increase by 5% every 5 years after DDA execution]

"Net Worth Guarantor" means a Person, in combination with Tenant or the proposed transferee, satisfying the Net Worth Requirement that is the guarantor under the Net Worth Guaranty.

"Net Worth Guaranty" means a guaranty of performance of all the obligations under this Lease, in an amount not to exceed the Net Worth Requirement (less the net worth of Tenant or the proposed transferee), and otherwise in form and substance reasonably satisfactory to Port, delivered to Port by a Person, in combination with Tenant or the proposed transferee, satisfying the Net Worth Requirement.

"Net Worth Requirement" means, with respect to a proposed transferee, the proposed transferee has (a) prior to issuance of a Certificate of Completion, a net worth (inclusive of its equity in the Property) equal to at least the Minimum Net Worth Amount, less any debt to be secured by (i) the proposed transferee's interest in the Premises or Leasehold Estate, or (ii) a pledge of the proposed transferee's ownership interest, or (b) following the issuance of a Certificate of Completion, a net worth (inclusive of its equity in the Property) equal to or at least

the lesser of (i) Minimum Net Worth Amount and (ii) thirty percent (30%) of the fair market value of the Premises, in each case.

"Qualified Transferee" means any transferee that satisfies each of the following criterion:
(1) has, or has engaged a property manager with at least ten (10) years' experience operating
[use for commercial leases: major commercial projects] [use for residential leases: residential projects]; (2) satisfies the Net Worth Requirement; and (3) is subject to jurisdiction of the courts of the State.

"Significant Change" means any change in the direct or indirect ownership of Tenant that results in a change in Control of Tenant provided, however, in no event will any Excluded Transfer be deemed a Significant Change.

"Transfer" means an Assignment and Significant Change.

- (b) Conditions to Transfer Before Certificate of Completion. Subject to Sections 18.1(e), 18.1(h), 18.1(i), before Port's issuance of a Certificate of Completion, Tenant will not (A) suffer or permit any Significant Change to occur, or (B) consummate an Assignment without the prior written consent of Port, which consent may not be unreasonably withheld by Port if each of the following conditions is satisfied:
- (i) In the case of an Assignment only, the proposed transferee executes and delivers an Assignment and Assumption Agreement in substantially the form attached hereto as *Exhibit XX* (an "Assignment and Assumption Agreement"), which Assignment and Assumption Agreement must contain:
- and its successors and assigns, and expressly for the benefit of Port, of all of the obligations of Tenant arising from or after the effective date of the Transfer under this Lease, the Vertical DDA if in effect, and any other agreements of documents entered into by and between Port and Tenant pursuant to this Lease directly relating to the Project, and an express agreement by the proposed transferee to be subject to all of the conditions and restrictions to which Tenant is subject;
- (2) a representation by the proposed transferee that it has conducted a thorough investigation and due diligence of the Improvements, including the condition of the real property, of all Material Systems, the roof and structural integrity of the Improvements, and if the Transfer occurs after the twentieth (20th) anniversary of the Commencement Date, has reviewed the most recent Facilities Condition Report prepared by Tenant: and
- (3) a release by the proposed transferee of the Indemnified Parties and the State Lands Indemnified Parties and waiver of any and all Losses against the Indemnified Parties and the State Lands Indemnified Parties for the condition of the Improvements or the real property or any claims assignor may have against the Indemnified Parties arising prior to the effective date of the Transfer.
- (ii) In the case of a Significant Change only, Tenant delivers to Port, a certificate setting forth the purchaser or purchasers of the ownership interest resulting in the Significant Change, purchase price of such interest, any Net Sales Proceeds owed to Port, and a reaffirmation from Tenant that it will continue to be obligated under all the terms and conditions of this Lease, all certified by Tenant's chief financial officer as true, accurate, and complete, the form of which is attached hereto as *Exhibit XX* ("Significant Change Certificate");
- (iii) All instruments and other legal documents involved in effectuating the Transfer reasonably requested by Port, including all documentation necessary for Port to confirm the amount of Port's share of Transfer Proceeds, has been submitted to Port for its review and reasonable approval, or at the request of Tenant, such documents are made available for Port's review at Tenant's office in San Francisco;

- (iv) There is no Event of Default or Unmatured Event of Default on the part of Tenant under this Lease or any of the other documents or obligations to be assigned to the proposed transferee where Tenant or proposed transferee have not made provisions to cure the applicable default, which provisions are satisfactory to Port in its sole discretion; and
- (v) If the effective date of the Transfer is prior to Port's issuance of a Certificate of Completion, there is no Developer Event of Default or an Unmatured Developer Event of Default (as such terms are defined in the Vertical DDA) on the part of Developer under the Vertical DDA, where Tenant or the proposed transferee has not made provisions to cure the default, which provisions are satisfactory to Port;
- (vi) Subject to Section 18.1(b)(vii), (1) in the case of a Significant Change, Tenant must be a Qualified Transferee immediately following the consummation of such Significant Change; and (2) in the case of an Assignment, the proposed transferee is a Qualified Transferee;
- (vii) If Tenant (in the case of a Significant Change) or proposed transferee (in the case of an Assignment) does not satisfy the Net Worth Requirement, Tenant or the proposed transferee, as applicable, will have the right to deliver a Net Worth Guaranty in lieu of satisfying the Net Worth Requirement. Under the Net Worth Guaranty, the Net Worth Guarantor, among other things, will:
- (1) guaranty performance of all of Tenant's obligations under this Lease in an amount not to exceed the Net Worth Requirement;
- (2) covenant that it will throughout the term of the Net Worth Guaranty, maintain the Net Worth Requirement; and
- (3) provide Port as of the first day of each calendar year, a statement certified by its chief financial officer, or if the Net Worth Guarantor is an individual, a certified public accountant, that the Net Worth Guarantor continues to meet the Net Worth Requirement and that to his/her actual knowledge, he/she is not aware of any facts that would cause the Net Worth Guarantor to not meet the Net Worth Requirement.

The Net Worth Guaranty will otherwise be in form and substance reasonably satisfactory to Port. The Net Worth Guaranty will terminate when the Tenant benefiting from the Net Worth Guaranty meets the Net Worth Requirement. Tenant and the Net Worth Guarantor will provide Port with its financial statements and other information necessary to substantiate its position that it meets the Net Worth Requirement and that the Net Worth Guaranty should terminate.

- (viii) Tenant provides to Port an estoppel certificate substantially in the form attached hereto as *Exhibit XX*, which estoppel certificate will be effective as of the effective date of Transfer;
- (ix) Port receives on or prior to the effective date of Transfer (A) Port's share of Net Sale Proceeds, as described in [Section 3.6 of Exhibit D] and (B) a settlement statement relating to the Transfer or other evidence, reasonably satisfactory to Port, of Port's share of Net Sales Proceeds.
- (x) Port receives on or prior to the effective date of Transfer sufficient funds to reimburse Port for its Attorneys' Fees and Costs to review the proposed Transfer provided, however, if Port has not delivered to Tenant an invoice for Attorney's Fees and Costs prior to the effective date of Transfer, Tenant will reimburse Port for same within ten (10) business days of receipt of such invoice.
- (c) <u>Transfer After Certificate of Completion</u>. From and after Port's issuance of a Certificate of Completion, Tenant may Transfer without the prior consent of Port so long as:

- (i) in the case of a Significant Change, Tenant is a Qualified Transferee immediately following the consummation of such Significant Change; or
- (ii) in the case of an Assignment, the proposed transferee is a Qualified Transferee; provided, however, if Tenant (in the case of a Significant Change) or proposed transferee (in the case of an Assignment) does not satisfy the Net Worth Requirement, Tenant or the proposed transferee, as applicable, will have the right to deliver a Net Worth Guaranty in lieu of satisfying the Net Worth Requirement in accordance with Section 18.1(b)(vii);
- (iii) Tenant provides Port prior notice before the effective date of the Transfer;
- (iv) in the case of an Assignment, within thirty (30) days after such Assignment, Tenant delivers an Assignment and Assumption Agreement to Port, executed by transferor and the transferee; and
- (v) in the case of a Significant Change, within thirty (30) days after such Significant Change, Tenant delivers a Significant Change Certificate to Port.
- (d) No Limitation. It is the intent of this Lease, to the fullest extent permitted by Law and equity that no Transfer of this Lease, or any interest therein, however consummated or occurring, and whether voluntary or involuntary, may operate, legally or practically, to deprive or limit Port of the benefits under this Lease or any rights or remedies or controls provided in or resulting from this Lease with respect to the Premises that Port would have had, had there been no such Transfer
- (e) <u>Mortgaging of Leasehold</u>. Notwithstanding anything herein to the contrary, at any time during the Term, Tenant has the right, without Port's consent, to sell, assign, encumber or transfer its interest in this Lease to a Lender or other purchaser in connection with the exercise of remedies under the provisions of a Mortgage, subject to the limitations, rights and conditions set forth in *Article 40* hereof.
- transferor's interest in this Lease or Leasehold Estate, the transferor will be released from all obligations and liability under this Lease to the extent first arising after the date of such Assignment. In no event will the transferor be liable for a new default first arising after the date of such Assignment. The effectiveness of any Assignment hereunder is not in any way to be construed to relieve the transferor tenant of any liability arising out of or with regard to the performance of any covenants or obligations to be performed by the transferor tenant hereunder before the date of such Assignment.
- (g) Notice of Significant Changes; Reports to Port. Tenant will promptly notify Port of any and all Significant Changes. At such time or times as Port may reasonably request, Tenant must furnish Port with a statement, certified as true and correct by an officer of Tenant, setting forth all of the constituent members of Tenant and the extent of their respective holdings, and in the event any other Persons have a beneficial interest in Tenant, their names and the extent of such interest.
- Credits. Notwithstanding anything to the contrary set forth herein, Port's consent will not be required in the event of a Transfer to an entity solely for the purpose of taking advantage of the Low Income Housing Tax Credit, as applicable, subject to all of the following conditions: (i) at least thirty (30) days prior to such Transfer, Tenant furnishes Port with the name of the proposed assignee, together with evidence reasonably satisfactory to Port indicating that the proposed Transfer is solely for the purpose of taking advantage of the Low Income Housing Tax Credit, as applicable; and (ii) the conditions set forth in Sections 18.1(b)(i)—18.1(b)(viii), and 18.1(b)(x) have all been met.

- (i) Transfers Not Requiring Port Consent Before Certificate of Completion. Notwithstanding anything to the contrary set forth herein, Port's consent will not be required in the event of a Transfer to a Tenant Affiliate or a Significant Change in which there is no change of the Managing Party of Tenant, subject to all of the following conditions: (i) at least five (5) business days prior to such Transfer, Tenant provides notice thereof to Port; and (ii) the conditions set forth in Section 18.1(b)(i)—18.1(b)(viii) and 18.1(b)(x) have all been met.
- 18.2. Assignment of Rents. Tenant hereby assigns to Port all rents and other payments of any kind, due or to become due from any present or future Subtenant as security for Tenant's obligations hereunder prior to actual receipt thereof by Tenant; provided, however, the foregoing assignment will be subject and subordinate to any assignment made to a Lender under Article 40 until such time as Port has terminated this Lease (subject to the Port's agreement to enter into a New Lease with Lender and all other provisions of this Lease protecting Lender's interests in this Lease), at which time the rights of Port in all rents and other payments assigned pursuant to this Section 18.2 will become prior and superior in right; provided, further, any rents collected by any Lender from any Subtenants pursuant to any assignment of rents or subleases made in its favor will promptly remit to Port the rents so collected (less the actual cost of collection) to the extent necessary to pay Port any Rent, including any and all Additional Rent, through the date of termination of this Lease.

18.3. Subletting by Tenant.

- (a) Qualifying Subleases. Tenant has the right to sublet all or any portion of the Improvements to one or more Subtenants by written Subleases from time to time without the necessity of obtaining the prior written consent of Port for each applicable Sublease upon satisfaction of all the conditions set forth in this Section 18.3(a)
- (i) The Sublease (and any further sub-subleases of the Sublease Space) are all subject to the terms and conditions of this Lease and the terms and conditions of the Sublease and further sub-subleases are consistent with the provisions of this Lease, provided that Subtenants need not be obligated for Restoration, and, provided further that the Subtenant need not be obligated to undertake any obligations with respect to the Subleased Space that is Tenant's obligation under such Sublease; and
 - (ii) The term of the Sublease does not extend beyond the Term; and.
- (iii) The Sublease rental rates reflect an arms-length transaction at fair market rents for subleases as reasonably determined by Tenant, taking into account, among other things, market conditions, vacancy rates, tenant mix, preferred amenities, creditworthiness of the subtenant and other factors that prudent institutional landlords of buildings of comparable age, size, type and use located in San Francisco would use to determine Sublease rental rates; and
- (iv) If the Sublease is for property management services at the Premises, (including to a Tenant Affiliate without regard to the provisions of **Section 18.3(b)**, then the size of the Sublease space is comparable to the size of property management offices for buildings of institutional landlords that are of comparable age, size, type and use located in San Francisco, and the Sublease rental rates reflect an arms-length transaction at fair market rents as reasonably determined by Tenant; and
- (v) The Sublease contains an Indemnification and waiver of claims provision benefitting Port that is substantially and materially the same as *Article 19* except that the term "Tenant" in such provision means "Subtenant" and Subtenant's obligation to Indemnify Port from any Losses arising outside the Premises will be limited to Losses arising from the acts or omissions of Subtenant or its Agents;
- (vi) The Sublease requires that under all liability and other insurance policies, "THE CITY AND COUNTY OF SAN FRANCISCO, THE SAN FRANCISCO PORT COMMISSION AND THEIR OFFICERS, AGENTS, EMPLOYEES AND

REPRESENTATIVES" are additional insureds by written endorsement and acknowledging Port's rights to demand increased coverage to normal amounts consistent with the Subtenant's business activities on the Premises; and

- (vii) Subject to the rights of any Lender, the Sublease requires Subtenant to pay the Sublease rent and other sums due under the Sublease directly to Port upon receiving written notice from Port that a Tenant Event of Default has occurred; and
- (viii) The Sublease requires the Subtenant to expressly waive entitlement to any and all relocation assistance and benefits in connection with this Lease; and
- (ix) The Sublease contains a provision similar to *Article 39* (Right to Enter) requiring Subtenant to permit Port to enter its Subleased Space for the purposes specified in *Article 39*; and
- (x) The Sublease contains a provision similar to *Article 31* (Tenant Estoppel)) requiring Subtenant, from time to time, to provide Port an estoppel certificate substantially similar to the form attached hereto as *Exhibit XX*; and
- (xi) The Sublease requires Subtenant to comply with the City and Port Requirements set forth in *Article 45*;
- (xii) The Sublease contains a provision that if for any reason whatsoever this Lease is terminated, unless Port has agreed otherwise in a Non-Disturbance Agreement between Port and the Subtenant, such termination will result in the automatic termination of the Sublease and any existing subleases for the Subleased Space; and
- (xiii) [Note: Applicable only where there is Required Use] Entering into the applicable Sublease would not cause Tenant to fall below the Minimum Public Benefit Area or prevent the use of the Premises for the Required Use.
- (i) with a Tenant Affiliate; (ii) Controlled by Tenant or a Tenant Affiliate; or (iii) owned either directly or indirectly by Tenant or a Tenant Affiliate, require the prior written consent of Port, which consent may not be unreasonably if the Sublease is on rental rates that reflect an arms' length transaction at fair market rents, as reasonably determined by Port.
- (c) <u>Required Sublease Information</u>. Within fifteen (15) days of executing any Sublease, Tenant must provide Port with all information related to such Sublease necessary for Port to comply with Administrative Code Sections 23.38 and 23.39 (or any successor statute).

18.4. Non-Disturbance of Subtenants and Attornment.

- (a) Generally. Subject to the provisions of this Section 18.4, from time to time upon the request of Tenant, Port will enter into agreements with Subtenants providing generally, with regard to a given Sublease, that in the event of any termination of this Lease resulting from a Tenant Event of Default, Port will not terminate or otherwise disturb the rights of the Subtenant under such Sublease, but will instead honor such Sublease as if such agreement had been entered into directly between Port and such Subtenant ("Non-Disturbance Agreements").
- (b) <u>Conditions for Issuance of Non-Disturbance Agreements</u>. Port will enter into a Non-Disturbance Agreement with a particular Subtenant if all of the following conditions are satisfied:
- (i) The applicable Sublease is for a term of at least five (5) years (not including any renewal terms);
- (ii) The applicable Sublease Space is comprised of at least 10,000 rentable square feet;

- (iii) The performance by Tenant of its obligations under such Sublease will not cause an Event of Default to occur under this Lease;
- (iv) The applicable Sublease term, including options, does not extend beyond the scheduled Term;
- (v) The applicable Sublease complies with all the conditions of Section 18.3(a);
- (vi) The Subtenant agrees that in the event this Lease expires, terminates or is canceled during the term of the Sublease, the Subtenant will attorn to Port (provided Port agrees not to disturb the occupancy or other rights of the Subtenant and to be bound by the terms of the Sublease, except as otherwise set forth in the Non-Disturbance Agreement), and the Sublease will be deemed a direct lease between the Subtenant and Port, except that any subleases entered into by Subtenant (or its subtenants) for the Sublease Space will be terminated and Port will not be:
- (1) liable to the Subtenant for any security deposit or prepaid rent or other charges previously paid by such Subtenant to Tenant unless such deposits, rent or charges are transferred to Port;
- bound by any indemnification obligations or any waivers and releases made by the sublandlord in the Sublease for the benefit of Subtenant or any other party;
- (3) bound by any requirement or obligation of the sublandlord under the Sublease to pay any (A) unpaid or unreimbursed tenant improvement allowance (provided, however, if the Subtenant incurs costs after termination of this Lease that are reimbursable from any remaining and unpaid tenant allowance ("Reimbursable Subtenant Costs"), then so long as Subtenant is not in default under the Sublease, Subtenant may receive a rent credit of up to fifty percent (50%) of the monthly base rent then payable until the Reimbursable Subtenant Costs are fully reimbursed, as further refined and agreed to between the parties in the Non-Disturbance Agreement), or (B) liquidated damages;
- bound by any Subtenant right of first offer to purchase, first negotiation to purchase or first refusal to purchase Tenant's interest in the Subleased Premises;
- (5) bound by any Sublease term, including options to renew, that extend beyond the expiration date of this Lease;
- (6) liable to Subtenant for any indirect, consequential, incidental, punitive or special damages;
- (7) bound by any limitation on Subtenant's obligation to indemnify any sublandlord parties based on Subtenant's insurance coverage;
- (8) bound by any limitation on sublandlord's ability to transfer its interest in the Sublease (including any requirement to deliver prior notice to Subtenant or obtain Subtenant's prior approval); and
- (9) bound by any requirement or obligation to keep records or documents confidential that violates the Public Records Act or the City's Sunshine Ordinance.
- (vii) During the continuance of any Tenant Event of Default, Port may, in its sole discretion, withhold or condition its agreement to provide a Non-Disturbance Agreement on the cure of such default as Port may specify either in a notice of default given under *Section 24.1* or in a notice withholding or conditioning its agreement to provide a Non-Disturbance Agreement; and
- (viii) Concurrently with its request for a Non-Disturbance Agreement from Port, Tenant will submit to Port:

- (1) an electronic copy of the Sublease in the form to be executed in Microsoft Word format (or other comparable format),
 - (2) a summary of basic terms of the Sublease,
- (3) an electronic draft of a Non-Disturbance Agreement in Microsoft Word format (or other comparable format), redlined against the form required by Section 18.4(d),
- (4) a statement certifying that the Sublease satisfies all the conditions and requirements set forth in *Section 18.3(a)* including that the Sublease rental rates reflect an arms-length transaction at fair market rents as reasonably determined by Tenant, and the proposed Non-Disturbance Agreement complies with all the conditions and requirements set forth in *Section 18.4(b)*, and
- (5) an executed Tenant estoppel certificate substantially in the form attached hereto as *Exhibit XX*, and Tenant will certify as of the effective date of the Non-Disturbance Agreement that the certifications made by Tenant in the estoppel certificate remains unchanged; and [Note: estoppel certificate must have Tenant certify that attached Sublease and summary of basic terms is true, correct and complete and that there have been no changes in the executed Sublease and summary from the electronic copies previously delivered to Port.]
- (6) all relevant information requested by Port including reasonable financial information establishing the ability of the proposed Subtenant to perform its contemplated obligations under such Sublease, and relevant information concerning the business character and operating history of the proposed Subtenant; provided however, in lieu of submitting the Subtenant's financial information to Port, Tenant may make such information available for review (but not duplication) at Port's office or at Tenant's office in the City of San Francisco.
- (ix) Tenant deposits sufficient funds to reimburse Port for its Attorneys' Fees and Costs to review the proposed Non-Disturbance Agreement (which, for avoidance of doubt, includes any additional administrative fees, or outside counsel or contractors engaged by Port to review such request for a Non-Disturbance Agreement);
- Agreement, the Sublease will terminate as of the Lease termination date (1) if the Lease terminates (A) as a result of Tenant exercising its Termination Option due to change in Laws, as further described in *Section 7.3*, or (B) in the event of Casualty or Condemnation, as further described in *Articles 14 and 15*, or (C) as a result of Tenant exercising its termination option for certain Remediation obligations during the last ten (10) years of the Term, as further described in *Section 21.4(d)*; or (2) if there is an uncured Subtenant event of default, giving effect to any notice and cure period provided therein (which agreement will be evidenced by acceptance of a Non-Disturbance Agreement reflecting the matters described in this clause (x)); and
- (xi) If a guaranter guaranties any Subtenant obligation under the Sublease, Port will be named as an additional beneficiary to such guaranty; provided, however, Port's rights under such guaranty will not be effective until termination of this Lease; and
- (xii) The applicable Sublease will provide that the Subtenant will deliver to Port as of the Master Lease termination date or promptly following request by Port an executed estoppel certificate, substantially in the form attached hereto as *Exhibit XX* certifying as of the Lease termination date, among other things: (A) that the Sublease, including all amendments, is attached thereto and is unmodified, except for such attached amendments, and is in full force and effect, as so amended, or if such Sublease is not in full force and effect, so stating, (B) which amendments, if any, to the Sublease have been previously approved by Port in writing, including the dates of approval, (C) the dates, if any, to which any rent and other sums

payable thereunder have been paid, (D) that the Subtenant is not aware of any Tenant defaults under the Sublease which have not been cured, except as to defaults specified in said certificate, and (E) that the Subtenant is not aware of any Subtenant defaults which have not been cured.

- (c) <u>Copy of Sublease</u>. To the extent a Sublease has been provided to Port in connection with a request for a Non-Disturbance Agreement, Tenant will provide Port a true and complete copy of the executed Sublease and summary of the Sublease basic terms attached to the Tenant estoppel certificate, in accordance with *Section 18.4(b)(viii)(5)* within five (5) business days after the execution thereof, which Sublease will contain substantially the same (or more favorable to the landlord) business terms as in the form of Sublease, statement, and other information previously provided to Port.
- (d) <u>Form of Non-Disturbance Agreement</u>. Each Non-Disturbance Agreement will be substantially in the form of *Exhibit XX* and, if not in such form, will be in form and substance agreed upon by Tenant and Port, not to be unreasonably withheld by either party. With each request for a Non-Disturbance Agreement, Tenant will submit a copy of the form, showing any requested interlineations or deletions.

(e) Response Period.

- (i) Port will respond to any request for a Non-Disturbance Agreement within fifteen (15) business days after receipt of all the materials described in **Section 18.4(b)(viii)**; provided, however, if Tenant requests three (3) or more Non-Disturbance Agreements whose response time overlaps at any given time, (1) Port will have an additional five (5) business days to respond for each Non-Disturbance Agreement, and (2) Tenant will pay to Port an additional administrative processing fee of One Thousand Dollars (\$1,000) for every overlapping Non-Disturbance Agreement request above two (2), which amount will be increased by Five Hundred Dollars (\$500) on the tenth (10th) Anniversary Date and every ten (10) years thereafter.
- business day period (or twenty (20) business days if so extended), then Tenant will deliver to Port a second notice requesting Port's response ("Second NDA Notice"). The Second NDA Notice must display prominently on the envelope enclosing such notice and the first page of such notice, substantially the following: "APPROVAL REQUEST FOR [INSERT ADDRESS OF LEASED PREMISES]/MISSION ROCK SUBLEASE MATTERS. IMMEDIATE ATTENTION REQUIRED; FAILURE TO RESPOND WITHIN FIVE (5) BUSINESS DAYS WILL RESULT IN THE REQUEST BEING DEEMED APPROVED." If Port fails to respond within five (5) business days after Port's receipt of the Second NDA Notice, then such non-response will be deemed to be approval of such Non-Disturbance Agreement and the applicable Subtenant will be entitled to rely on the terms of the applicable Non-Disturbance Agreement, provided, however, if there are any conflicts between the provisions in the Sublease and the deemed approved Non-Disturbance Agreement, on the one hand, and Sections 18.3 and 18.4(b) will control.
- 18.5. No Further Amendment or Consent Implied. Port's consent to any amendment of a Sublease subject to an effective Non-Disturbance Agreement will not be required if the amendment conforms all of the requirements of Section 18.3 and Section 18.4(b). Consent to one Sublease or amendment, as applicable, will not be construed as consent to a subsequent Sublease or amendment, as applicable.
- 18.6. No Release of Tenant. The acceptance by Port of Rent or other payment from any other person will not be deemed to be a waiver by Port of any provision of this Lease or to be a release of Tenant from any obligation under this Lease. Except as set forth in Section 18.2, no Transfer or Sublease will in any way diminish, impair or release any of the liabilities and obligations of Tenant, any guarantor or any other person liable for all or any portion of Tenant's obligations under this Lease.

18.7. Acknowledgement. Tenant acknowledges and agrees that each of the rights of Port set forth in this Article 18 is a reasonable limitation on Tenant's right to assign or sublet for purposes of California Civil Code Section 1951.4.

19. INDEMNIFICATION OF PORT.

- 19.1. General Indemnification of the Indemnified Parties. Subject to Section 19.4, Tenant agrees to and will Indemnify the Indemnified Parties from and against any and all Losses imposed upon or incurred by or asserted against any such Indemnified Parties in connection with the occurrence or existence of any of the following:
- (a) any accident, injury to or death of Persons or loss or destruction of or damage to property occurring in, on, or under, the Premises or any part thereof and which may be directly or indirectly caused by any acts done in, on, or under, the Premises, or any acts or omissions of Tenant, its Agents, Subtenants, or Invitees, or their respective Agents and Invitees in, on, or under the Premises;
- (b) any use, non-use, possession, occupation, operation, maintenance, management, or condition of the Premises or any part thereof by Tenant, its Agents, Subtenants, or Invitees, or their respective Agents and Invitees;
- (c) any latent, design, construction or structural defect relating to the Improvements, any other Subsequent Construction, or any other matters relating to the condition of the Premises caused directly or indirectly by Tenant or any of its Agents, Invitees, or Subtenants:
- (d) any failure on the part of Tenant or its Agents, Invitees, or Subtenants, as applicable, to perform or comply with any of the terms, covenants, or conditions of this Lease or with applicable Laws;
- (e) performance of any labor or services or the furnishing of any materials or other property in respect of the Premises or any part thereof by Tenant or any of its Agents or Subtenants;
- (f) any acts, omissions, or negligence of Tenant, its Agents, Invitees, or Subtenants; and
- (g) any civil rights actions or other legal actions or suits initiated by any user or occupant of the Premises to the extent it relates to such use or occupancy.

19.2. Hazardous Materials Indemnification.

- (a) In addition to its obligations under **Section 19.1** (General Indemnity) and subject to **Section 19.4**, Tenant agrees to Indemnify the Indemnified Parties and the State Lands Indemnified Parties from any and all Losses and Hazardous Materials Claims that arise as a result of any of the following:
- (i) any Hazardous Material Condition existing or occurring during the Term;
- (ii) any Handling, Release or Exacerbation of Hazardous Materials in, on, or under the Premises during the Term;
- (iii) [Add if Tenant responsible for Deferred Infrastructure:] without limiting Tenant's Indemnification obligations in this Section 19.2(a), any Handling, Release, or Exacerbation of Hazardous Materials in, on, or under any area outside the Premises boundary used by Tenant or its Agents to perform the Deferred Infrastructure, ("Deferred Infrastructure Area") at any time prior to Acceptance of such Deferred Infrastructure; or
- (iv) without limiting Tenant's Indemnification obligations in Sections 19.2(a)(ii) or 19.2(a)(iii), any Handling, Release, or Exacerbation of Hazardous

Materials outside of the Premises, but in, on, or under the Mission Rock Site, by Tenant or any Related Third Party during the Term. "Related Third Party" means Tenant's Agent, Subtenant, or their respective Agent; or

- (v) failure by Tenant or any Related Third Party to comply with the Mission Rock Risk Management Plan; or
- (vi) claims by Tenant or any Related Third Party for exposure occurring during the Term to Pre-Existing Hazardous Materials or New Hazardous Materials in, on, or under the Mission Rock Site.
- (b) Tenant's obligations under *Section 19.2(a)* includes: (i) actual costs incurred in connection with any Investigation or Remediation requested by Port or required by any Environmental Regulatory Agency and to restore the affected area to its condition before the Release; (ii) actual damages for diminution in the value of the Premises or the Facility; (iii) actual damages for the loss or restriction on use of rentable or usable space or of any amenity of the Premises; (iv) actual damages arising from any adverse impact on marketing the space; (v) sums actually paid in settlement of Claims, Hazardous Materials Claims, Environmental Regulatory Actions, including fines and penalties; (vi) actual natural resource damages; and (vii) Attorneys' Fees and Costs, consultant fees, expert fees, court costs, and all other actual litigation, administrative or other judicial or quasi-judicial proceeding expenses. If Port actually incurs any damage and/or pays any costs within the scope of this section, Tenant must reimburse Port for Port's costs, plus interest at the Interest Rate from the date Port incurs each cost until paid, within five (5) business days after receipt of Port's payment demand and reasonable supporting evidence of the cost or damage actually incurred.
- (c) Tenant understands and agrees that its liability to the Indemnified Parties and the State Lands Indemnified Parties under this **Section 19.2** subject to **Section 19.4**, arises upon the earlier to occur of
- (i) discovery of any such Hazardous Materials (other than Pre-Existing Hazardous Materials) in, on, or under the Premises, [Add if Tenant responsible for Deferred Infrastructure: and the Deferred Infrastructure Area;]
- (ii) the Handling, Release, or Exacerbation of Hazardous Materials in, on, or under the Premises [Add if Tenant responsible for Deferred Infrastructure: the Deferred Infrastructure Area;]
- (iii) the Handling, Release, or Exacerbation of Hazardous Materials in, on, or under outside the Premises but within the Mission Rock Site caused by Tenant or a Related Third Party;
- (iv) any occurrence of a Hazardous Materials Condition during the Term, or
- (v) the institution of any Hazardous Materials Claim with respect to such Hazardous Materials, and not upon the realization of loss or damage.
- 19.3. Scope of Indemnities; Obligation to Defend. Except as otherwise provided in Section 19.4, Tenant's Indemnification obligations under this Lease are enforceable regardless of the active or passive negligence of the Indemnified Parties, and regardless of whether liability without fault is imposed or sought to be imposed on the Indemnified Parties. Tenant specifically acknowledges that it has an immediate and independent obligation to defend the Indemnified Parties from any Loss that actually or potentially falls within the Indemnification obligations of Tenant, even if such allegations are or may be groundless, false, or fraudulent, which arises at the time such claim is tendered to Tenant and continues at all times thereafter until finally resolved. Tenant's Indemnification obligations under this Lease are in addition to, and in no way will be construed to limit or replace, any other obligations or liabilities which Tenant may have to Port in this Lease, at common law or otherwise. All Losses incurred by the Indemnified Parties

subject to Indemnification by Tenant constitute Additional Rent owing from Tenant to Port hereunder and are due and payable from time to time immediately upon Port's request, as incurred.

19.4. Exclusions from Indemnifications, Waivers and Releases.

- (a) Nothing in this Article 19 (Indemnities) relieves the Indemnified Parties or the State Lands Indemnified Parties from liability, nor will the Indemnities set forth in Section 19.1, (General Indemnification of Indemnified Parties), 19.2 (Hazardous Materials Indemnification), or the defense obligations set forth in Sections 19.3 (Scope of Indemnities) and Section 19.6, (Defense), extend to Losses:
- (i) to the extent caused by the gross negligence or willful misconduct of the Indemnified Parties; or
- (ii) from third parties' claims for exposure to Hazardous Materials prior to the Commencement Date; or
- Party to assert that a claim for Indemnification under this Section 19.4 is covered by a pollution liability insurance policy, pursuant to which such Indemnified Party or State Lands Indemnified Party is an insured party or a potential claimant, then Port will reasonably cooperate with Tenant in asserting a claim or claims under such insurance policy but without waiving any of its rights under this Section 19.4. Notwithstanding the foregoing, if an Indemnified Party or State Lands Indemnified Party is a named insured on a pollution liability insurance policy obtained by Tenant, the Indemnification from Tenant under this Section 19.4 will not be effective unless such Indemnified Party or State Lands Indemnified Party has asserted and diligently pursued a claim for insurance under such policy and until any limits from the policy are exhausted, on condition that (i) Tenant pays any self-insured retention amount required under the policy, and (ii) nothing in this sentence requires any Indemnified Party or State Lands Indemnified Party to pursue a claim for insurance through litigation prior to seeking indemnification from Tenant.
- 19.5. Survival. Tenant's Indemnification obligations under this Lease and the provisions of this Article 19 survive the expiration or earlier termination of this Lease.
- 19.6. Defense. Tenant will, at its option but subject to Approval by Port, be entitled to control the defense, compromise or settlement of any such matter through counsel of Tenant's choice; provided, that in all cases Port will be entitled to participate in such defense, compromise or settlement at its own expense. If Tenant fails, however, in Port's reasonable judgment, within a reasonable time following notice from the Port alleging such failure, to take reasonable and appropriate action to defend, compromise or settle such suit or claim, Port has the right promptly to use the City Attorney or hire outside counsel, at Tenant's sole expense, to carry out such defense, compromise or settlement, which expense is due and payable to Port within fifteen (15) days after receipt by Tenant of a detailed invoice for such expense.
- 19.7. Waiver. As a material part of the consideration of this Lease, Tenant hereby assumes the risk of, and waives, discharges, and releases and will include in any contract with Related Third Parties an assumption of the risk of, and waiver, discharge and release of, any and all claims against the Indemnified Parties and the State Lands Indemnified Parties from any Losses arising out of this Lease or relating to the Premises, including: (a) damages by death of or injury to any Person, or to property of any kind whatsoever and to whomever belonging; (b) goodwill; (c) business opportunities; (d) any act or omission of persons occupying adjoining premises; (e) theft; (f) explosion, fire, steam, oil, electricity, water, gas or rain, pollution or contamination; (g) Building defects (including stopped, leaking or defective Material Systems); (h) inability to use all or any portion of the Premises due to sea level rise or flooding or seismic events; and (i) any other acts, omissions or causes arising at any time and from any cause, in, on, or under the Premises [Add if Tenant responsible for Deferred Infrastructure: and the Deferred Infrastructure Area.], including all claims arising from the joint, concurrent, active or passive

negligence of any of Indemnified Parties. The foregoing waiver, discharge and release does not include Losses arising from the Indemnified Parties' willful misconduct or gross negligence.

Tenant expressly acknowledges and agrees that the amount payable by Tenant hereunder does not take into account any potential liability of the Indemnified Parties or the State Lands Indemnified Parties for any consequential, incidental or punitive damages. Port would not be willing to enter into this Lease in the absence of a complete waiver of liability for consequential, incidental or punitive damages due to the acts or omissions of the Indemnified Parties or the State Lands Indemnified Parties, and Tenant expressly assumes the risk with respect thereto. Accordingly, without limiting any Indemnification obligations of Tenant or other waivers or releases contained in this Lease and as a material part of the consideration of this Lease, Tenant fully RELEASES, WAIVES AND DISCHARGES forever any and all claims, demands, rights, and causes of action against the Indemnified Parties or the State Lands Indemnified Parties for consequential, incidental and punitive damages (including, without limitation, lost profits) and covenants not to sue or to pay the Attorneys' Fees and Costs of any party to sue for such damages, the Indemnified Parties or the State Lands Indemnified Parties arising out of this Lease or the uses authorized hereunder, including, any interference with uses conducted by Tenant pursuant to this Lease regardless of the cause, and whether or not due to the negligence of the Indemnified Parties.

Tenant understands and expressly accepts and assumes the risk that any facts concerning the claims released in this Lease might be found later to be other than or different from the facts now believed to be true, and agrees that the waivers and releases in this Lease will remain effective. Therefore, with respect to the claims released in this Lease, Tenant waives any rights or benefits provided by California Civil Code, Section 1542, which reads as follows:

A GENERAL RELEASE DOES NOT EXTEND TO CLAIMS WHICH THE CREDITOR DOES NOT KNOW OR SUSPECT TO EXIST IN HIS OR HER FAVOR AT THE TIME OF EXECUTING THE RELEASE, WHICH IF KNOWN BY HIM OR HER MUST HAVE MATERIALLY AFFECTED HIS OR HER SETTLEMENT WITH THE DEBTOR.

By placing its initials below, Tenant specifically acknowledges and confirms the validity of the waivers and releases made above and the fact that Tenant was represented by counsel who explained the consequences of the waivers and releases at the time this Lease was made, or that Tenant had the opportunity to consult with counsel, but declined to do so.

| Tenant's | Initials: | |
|----------|-----------|--|
| | | |

Tenant acknowledges that the waivers and releases contained herein include all known and unknown, disclosed and undisclosed, and anticipated and unanticipated claims for consequential, incidental or punitive damages. Tenant realizes and acknowledges that it has agreed upon this Lease in light of this realization and, being fully aware of this situation, it nevertheless intends to waive the benefit of Civil Code Section 1542, or any statute or other similar law now or later in effect.

20. INSURANCE.

Tenant will comply with the insurance requirements set forth in *Exhibit XX* attached hereto throughout the Term.

21. HAZARDOUS MATERIALS.

21.1. Compliance with Environmental Laws. Tenant will comply and cause its Subtenants, their respective Agents and Invitees, , while in, on, or under the Premises, to comply with all Environmental Laws, Operations Plans (if any), the Mission Rock Risk Management Plan, and prudent business practices, including, without limitation, any deed restrictions, regulatory agreements, deed notices, soils management plans or certification reports required in connection with the approvals of any regulatory agencies in connection with the Project.

Without limiting the generality of the foregoing, Tenant covenants and agrees that it will not, without the prior written consent of Port, which consent will not be unreasonably delayed or withheld, Handle, nor permit the Handling of, Hazardous Materials in, on, or under the Premises, except for (a) standard building materials and equipment that do not contain asbestos or asbestos-containing materials, lead or polychlorinated biphenyl (PCBs), (b) any Hazardous Materials which do not require a permit or license from, or that need not be reported to, a governmental agency and are used in compliance with all applicable laws and any reasonable conditions or limitations required by Port, (c) janitorial or office supplies or materials in such amounts as are customarily used for general office, residential, or commercial purposes so long as such Handling is at all times in compliance with all Environmental Laws, and (d) Pre-Existing Hazardous Materials that are Handled for Remediation purposes under the jurisdiction of an Environmental Regulatory Agency (collectively, "Excepted Hazardous Material.")

- 21.2. Tenant Responsibility. Tenant agrees to protect its Agents and Invitees in its operations on the Premises from hazards associated with Hazardous Materials by complying with all Environmental Laws and occupational health and safety Laws and also agrees, for itself and on behalf of its Agents and Invitees, that during the Term:
- (a) Other than the Pre-Existing Hazardous Materials, will not permit any Hazardous Materials to be present in, on, or under the Premises except as permitted under **Section 21.1**;
 - (b) Will not cause or permit any Hazardous Material Condition; and
- (c) Will comply with all Environmental Laws relating to the Premises and any Hazardous Material Condition and any investigation, construction, operations, use or any other activities conducted in, on, or under the Premises, and will not engage in or permit any activity at the Premises, or in the operation of any vehicles used in connection with the Premises in violation of any Environmental Laws;
- (d) Tenant will be the "Generator" of any waste, including hazardous waste, resulting from investigation, construction, operations, use or any other activities conducted in, on, or under the Premises;
- (e) Will comply with all provisions of the Mission Rock Risk Management Plan with respect to the Premises, at its sole cost and expense, including requirements to notify site users, comply with risk management measures during construction, and inspect, document and report site conditions to Port annually and
- (f) Will comply, and will cause all of its Subtenants that are subject to an Operations Plan, to comply with the Operations Plan applicable to Tenant or such Subtenant.
- 21.3. Tenant's Environmental Condition Notification Requirements. The following requirements are in addition to the notification requirements specified in the (i) Operations Plan(s), if any, (ii) the Mission Rock Risk Management Plan, and (iii) Environmental Laws:
- (a) Tenant must notify Port as soon as practicable, orally or by other means that will transmit the earliest possible notice to Port staff, of and when Tenant learns or has reason to believe Hazardous Materials were Released or, except as allowed under *Section 21.1*, Handled, in, on, or under the Premises or the environment, or from any vehicles Tenant, or its Agents and Invitees use during the Term whether or not the Release or Handling is in quantities that would be required under Environmental Laws to be reported to an Environmental Regulatory Agency. In addition to Tenant's notice to Port by oral or other means, Tenant must provide Port written notice of any such Release or Handling within twenty-four (24) hours following such Release or Handling.
- (b) Tenant must notify Port as soon as practicable, orally or by other means that will transmit the earliest possible notice to Port staff of Tenant's receipt or knowledge of any

of the following, and contemporaneously provide Port with an electronic copy within twenty-four (24) hours following Tenant's receipt of any of the following, of:

- (i) Any notice of the Release or Handling of Hazardous Materials, in, on, or under the Premises or the environment during the Term, or from any vehicles Tenant, or its Agents and Invitees use during the Term that Tenant or its Agents or Invitees provide to an Environmental Regulatory Agency;
- (ii) Any notice of a violation, or a potential or alleged violation, of any Environmental Law that Tenant or its Agents or Invitees receive from any Environmental Regulatory Agency;
- (iii) Any other Environmental Regulatory Action that is instituted or threatened by any Environmental Regulatory Agency against Tenant or its Agents or Invitees and that relates to the Release or Handling of Hazardous Materials, in, on, or under the Premises during the Term or the environment, or from any vehicles Tenant, or its Agents and Invitees use during the Term;
- (iv) Any Hazardous Materials Claim that is instituted or threatened by any third party against Tenant or its Agents or Invitees and that relates to the Release or Handling of Hazardous Materials, in, on, or under the Premises or the environment, or from any vehicles Tenant or its Agents and Invitees use in, on, or under the Premises during the Term; and
- (v) Other than any Environmental Regulatory Approvals issued by the Department of Public Health and the Hazardous Materials Unified Program Agency, any notice of the termination, expiration, or substantial amendment of any Environmental Regulatory Approval needed by Tenant or its Agents or Invitees for their operations at the Premises.
- (c) Tenant must notify Port of any meeting, whether conducted face-to-face or telephonically, between Tenant and any Environmental Regulatory Agency regarding an Environmental Regulatory Action concerning the Premises or Tenant's or its Agents' or Invitees' operations at the Premises. Port will be entitled to participate in any such meetings at its sole election.
- (d) Tenant must notify Port of any Environmental Regulatory Agency's issuance of an Environmental Regulatory Approval concerning the Premises or Tenant's or its Agents' or Invitees' operations at the Premises. Tenant's notice to Port must state the name of the issuing entity, the Environmental Regulatory Approval identification number, and the dates of issuance and expiration of the Environmental Regulatory Approval. In addition, Tenant must provide Port with a list of any plan or procedure required to be prepared and/or filed with any Environmental Regulatory Agency for operations on the Premises. Tenant must provide Port with copies of any of the documents within the scope of this Section 22.4(d) upon Port's request.
- (e) Tenant must provide Port with copies of all non-privileged communications with Environmental Regulatory Agencies, copies of investigation reports conducted by Environmental Regulatory Agencies, and all non-privileged communications with other persons regarding actual Hazardous Materials Claims arising from Tenant's or its Agents' or Invitees' operations at the Premises.
- (f) Port may from time to time request, and Tenant will be obligated to provide, available information reasonably adequate for Port to determine whether any and all Hazardous Materials are being Handled in a manner that complies with all Environmental Laws.

21.4. Remediation Requirement.

(a) After notifying Port in accordance with Section 21.3 and subject to Section 21.4(f), Tenant must Remediate, at its sole cost and in compliance with all Environmental Laws and this Lease, any Hazardous Material Condition occurring during the Term; provided Tenant must take all necessary immediate actions to the extent practicable to

address an emergent Hazardous Material Condition to confine or limit the extent or impact of such Hazardous Material Condition, and will then provide such notice to Port in accordance with *Section 21.3*. Except as provided in the previous sentence, Tenant must obtain Port's approval, which approval will not be unreasonably withheld, conditioned or delayed, of a Remediation work plan whether or not such plan is required under Environmental Laws, then begin Remediation actions immediately following Port's approval of the work plan and continue diligently until Remediation is complete.

- (b) In addition to its obligations under Section 21.4(a), before this Lease terminates for any reason, Tenant must Remediate, at its sole cost and in compliance with all Environmental Laws and this Lease any Hazardous Material Condition caused by Tenant's or its Agents' or Invitees' Handling, Release or Exacerbation of Hazardous Materials during the Term.
- (c) In addition to its obligations under Section 21.4(a), but subject to Section 21.4(d) before this Lease terminates for any reason, Tenant must Remediate, at its sole cost and in compliance with all Environmental Laws and this Lease any Hazardous Material Condition discovered during the Term that is required to be Remediated by any Regulatory Agency if Remediation would not have been required but for Tenant's use of the Premises, or due to Subsequent Construction or construction of the Initial Improvements.
- (d) If the Hazardous Material Condition requiring Remediation described in Section 21.4(c) was not caused by Tenant, its Agents, Subtenants or Invitees and such discovery of such Hazardous Material Condition first occurring during the last ten (10) years of the Term, Tenant will have the option, but not the obligation, to terminate this Lease upon satisfaction of all of the following conditions: (i) provide Port not less than one hundred twenty (120) days prior notice of its intent to terminate; and (ii) pay Port before the effective date of termination of this Lease, a termination fee equal to the annual Base Rent and Mello-Roos Taxes payable during the twenty-four (24) month period immediately following the effective termination date (the "Early Termination Fee"). If Tenant elects to terminate this Lease in accordance with this Section 21.4(d) and pays Port the Early Termination Fee, Tenant will have no Remediation obligation or any Indemnity obligations relating to such Hazardous Material Condition first occurring during the last ten (10) years of the Term.
- (e) In all situations relating to Handling or Remediating Hazardous Materials, Tenant must take actions that are reasonably necessary in Port's reasonable judgment to protect the value of the Premises, such as obtaining Environmental Regulatory Approvals related to Hazardous Materials and taking measures to remedy any deterioration in the condition or diminution of the value of any portion of the Premises.
- (f) Unless Tenant or its Subtenants or Agents or Invitees Exacerbate the Hazardous Material Condition or Handle or Release Pre-Existing Hazardous Materials in, on, under, around or about the Premises, Tenant will not be obligated to Remediate any Hazardous Material Condition existing before the Commencement Date.
- 21.5. Pesticide Prohibition. Tenant will comply with the provisions of Chapter 3 of the San Francisco Environment Code (the "Pesticide Ordinance") which (i) prohibit the use of certain pesticides on City property and (ii) require the posting of certain notices and the maintenance of certain records regarding pesticide usage, as further described in Section XX [Note: Insert relevant section in Special City/Port Requirements Exhibit].

21.6. Additional Definitions.

"Environmental Laws" means all present and future federal, State and local Laws, statutes, rules, regulations, ordinances, standards, directives, and conditions of approval, all administrative or judicial orders or decrees and all permits, licenses, approvals or other entitlements, or rules of common law pertaining to Hazardous Materials (including the Handling, Release, or Remediation thereof), industrial hygiene or environmental conditions in the environment, including structures, soil, air, air quality, water, water quality and groundwater

conditions, any environmental mitigation measure adopted under Environmental Laws affecting any portion of the Premises, the protection of the environment, natural resources, wildlife, human health or safety, or employee safety or community right-to-know requirements related to the work being performed under this Lease. "Environmental Laws" include the City's Pesticide Ordinance (Chapter 39 of the San Francisco Administrative Code), Section 20 of the San Francisco Public Works Code (Analyzing Soils for Hazardous Waste), the FOG Ordinance, the [Mission Rock Risk Management Plan] and [insert any additional applicable references].

"Environmental Regulatory Action" when used with respect to Hazardous Materials means any inquiry, Investigation, enforcement, Remediation, agreement, order, consent decree, compromise, or other action that is threatened, instituted, filed, or completed by an Environmental Regulatory Agency in relation to a Release of Hazardous Materials, including both administrative and judicial proceedings.

"Environmental Regulatory Agency" means the United States Environmental Protection Agency, OSHA, any California Environmental Protection Agency board, department, or office, including the Department of Toxic Substances Control and the RWQCB, Cal-OSHA, the Bay Area Air Quality Management District, the San Francisco Department of Public Health, the San Francisco Fire Department, the SFPUC, Port, or any other Regulatory Agency now or later authorized to regulate Hazardous Materials.

"Environmental Regulatory Approval" means any approval, license, registration, permit, or other authorization required or issued by any Environmental Regulatory Agency, including any hazardous waste generator identification numbers relating to operations on the Premises and any closure permit.

"Exacerbate" or "Exacerbating" when used with respect to Hazardous Materials means any act or omission that increases the quantity or concentration or potential for human exposure of Hazardous Materials in the affected area, causes the increased migration of a plume of Hazardous Materials in soil, groundwater, or bay water, causes a Release of Hazardous Materials that had been contained until the act or omission, or otherwise requires Investigation or Remediation that would not have been required but for the act or omission, it being understood that the mere discovery of Hazardous Materials does not cause "Exacerbation". "Exacerbate" also includes the disturbance, removal or generation of Hazardous Materials in the course of Tenant's operations, Investigations, maintenance, repair, construction of Improvements and Alterations under this Lease. "Exacerbate" also means failure to comply with the Mission Rock Risk Management Plan. "Exacerbation" has a correlative meaning.

"Handle" when used with reference to Hazardous Materials means to use, generate, move, handle, manufacture, process, produce, package, treat, transport, store, emit, discharge or dispose of any Hazardous Material. "Handling" has a correlative meaning.

"Hazardous Material" means any material, waste, chemical, compound, substance, mixture, or byproduct that is identified, defined, designated, listed, restricted or otherwise regulated under Environmental Laws as a "hazardous constituent", "hazardous substance", "hazardous waste constituent", "infectious waste", "medical waste", "biohazardous waste", "extremely hazardous waste", "pollutant", "toxic pollutant", or "contaminant", or any other designation intended to classify substances by reason of properties that are deleterious to the environment, natural resources, wildlife, or human health or safety, including, without limitation, ignitability, infectiousness, corrosiveness, radioactivity, carcinogenicity, toxicity, and reproductive toxicity. Hazardous Material includes, without limitation, any form of natural gas, petroleum products or any fraction thereof, asbestos, asbestos-containing materials, polychlorinated biphenyls ("PCBs"), PCB-containing materials, and any substance that, due to its characteristics or interaction with one or more other materials, wastes, chemicals, compounds, substances, mixtures or byproducts, damages or threatens to damage the environment, natural resources, wildlife or human health or safety. "Hazardous Materials" also includes any chemical identified in the Mission Rock Risk Management Plan.

"Hazardous Material Claim" means any Environmental Regulatory Action or any claim made or threatened by any third party against the Indemnified Parties or the Premises relating to damage, contribution, cost recovery compensation, loss or injury resulting from the Release or Exacerbation of any Hazardous Materials, including Losses based in common law. Hazardous Materials Claims include Investigation and Remediation costs, fines, natural resource damages, damages for decrease in value of the Premises or other Port property, the loss or restriction of the use or any amenity of the Premises or other Port property, Attorneys' Fees and Costs and fees and costs of consultants and experts.

"Hazardous Material Condition" means the Release or Exacerbation, or threatened Release or Exacerbation of Hazardous Materials in, on, or under the Premises or the environment, or from any vehicles Tenant or its Agents and Invitees use in, on, or under the Premises during the Term.

"Investigate" or "Investigation" when used with reference to Hazardous Material means any activity undertaken to determine the nature and extent of Hazardous Material that may be located in, on, or under the Premises, any Improvements or any portion of the site or the Improvements or which have been, are being, or threaten to be Released into the environment. Investigation will include preparation of site history reports and sampling and analysis of environmental conditions in, on, or under the Premises or any Improvements.

"Mission Rock Risk Management Plan" means the that certain Mission Rock Risk Management Plan dated as of XXXX and prepared by XXXX.

"New Hazardous Material" means a Hazardous Material that is not a Pre-Existing Hazardous Material.

"Pre-Existing Hazardous Materials" means any Hazardous Material existing in, on, or under the Premises as of the Effective Date and identified in [insert reference to relevant environmental documents], or the Mission Rock Risk Management Plan.

"Release" means when used with respect to Hazardous Materials, any accidental, actual, imminent, or intentional spilling, introduction, leaking, pumping, pouring, emitting, emptying, discharging, injecting, escaping, leaching, dumping, or disposing into the air, soil, gas, land, surface water, groundwater or environment (including the abandonment or discarding of barrels, containers, and other closed receptacles containing any Hazardous Material).

"Remediate" or "Remediation" when used with reference to Hazardous Materials means any activities undertaken to clean up, abate, remove, transport, dispose, contain, treat, stabilize, monitor, remediate, or otherwise control Hazardous Materials located in, on, under or about the Premises or which have been, are being, or threaten to be Released into the environment or to restore the affected area to the standard required by the applicable Environmental Regulatory Agency in accordance with application Environmental Laws and any additional Port requirements. Remediation includes, without limitation, those actions included within the definition of "remedy" or "remedial action" in California Health and Safety Code Section 25322 and "remove" or "removal" in California Health and Safety Code Section 25323.

"State Lands Indemnified Parties" means the State of California, the California State Lands Commission, and all of their respective heirs, legal representatives, successors and assigns, and all other Persons acting on their behalf.

22. DELAY DUE TO FORCE MAJEURE.

For all purposes of this Lease, a Party whose performance of its obligations hereunder is hindered or affected by events of Force Majeure will not be considered in breach of or in default in its obligations hereunder to the extent of any delay resulting from Force Majeure, provided, however, that the provisions of this *Article 22* will not apply to Tenant's obligation to pay Rent. A Party seeking an extension of time pursuant to the provisions of this section will give notice to the other Party describing with reasonable particularity (to the extent known) the facts and

circumstances constituting Force Majeure within (a) a reasonable time (but not more than fifteen (15) days) after knowledge of the beginning of such enforced delay or (b) promptly after the other Party's demand for performance.

23. PORT'S RIGHT TO PAY SUMS OWED BY TENANT.

- 23.1. Port May Pay Sums Owed by Tenant Following Tenant's Failure to Pay. Without limiting any other provision of this Lease, and in addition to any other rights or remedies available to Port for any Tenant Event of Default, if at any time Tenant fails to pay any sum required to be paid by Tenant pursuant to this Lease to any Person other than Port (other than any Imposition, mechanics' lien or encumbrance with respect to which the provisions of Article 6 apply), or any other sum required to be paid by Tenant which Tenant is contesting in good faith and with due diligence, and which would not become a lien on the Property). Port may, at its sole option, but will not be obligated to, upon ten (10) days prior notice to Tenant, pay such sum for and on behalf of Tenant.
- 23.2. Tenant's Obligation to Reimburse Port. If pursuant to Section 23.1, Port pays any sum required to be paid by Tenant hereunder, Tenant will reimburse Port as Additional Rent, the sum so paid. All such sums paid by Port are due from Tenant to Port at the time the sum is paid, and if paid by Tenant at a later date, will bear interest at the lesser of the Default Rate or the maximum non-usurious rate Port is permitted by Law to charge from the date such sum is paid by Port until Port is reimbursed in full by Tenant. Port's rights under this Article 23 are in addition to its rights under any other provision of this Lease or under applicable Laws. The provisions of this Section 23.2 will survive the expiration or earlier termination of this Lease.

24. EVENTS OF DEFAULT.

- 24.1. Events of Default. Subject to the provisions of Section 24.2, the occurrence of any one or more of the following events which remain uncured after the passage of time set forth pursuant to this Article 24 will constitute an "Event of Default" under the terms of this Lease:
- (a) Tenant fails to pay any Rent or Imposition when due; provided, however, with respect to any non-recurring Rent only (i.e. not Base Rent nor Percentage Rent), Tenant fails to pay non-recurring Rent which failure continues for five (5) business days following written notice from Port; provided, further, Port will not be required to give such notice on more than two (2) occasions during any calendar year, and failure to pay any non-recurring Rent thereafter when due will be deemed a Tenant Event of Default without need for further notice;
- (b) Tenant fails to maintain any insurance required to be maintained by Tenant under this Lease, which failure continues without cure for five (5) business days after written notice from Port;
 - (c) [Intentionally blank];
- (d) Prior to the issuance of a Certificate of Completion, a Developer Event of Default (as such term is defined in the Vertical DDA) occurs under the Vertical DDA and remains uncured but such Tenant Event of Default under this Lease will be deemed cured if the Developer Event of Default is cured pursuant thereto;
- (e) Tenant abandons the Premises, within the meaning of California Civil Code Section 1951.2, which abandonment is not cured within thirty (30) days after notice from Port of Port's belief of abandonment;
- (f) The Premises are used for Prohibited Uses, as determined by Port in its reasonable discretion, and such Prohibited Use(s) continues for a period of twenty-four (24) hours following written notice from Port; provided, however, if such default cannot reasonably be cured within such twenty-four (24) hours, Tenant will not be in default of this Lease if Tenant commences to cure the default within such twenty-four (24) hours and diligently and in good faith continues to cure the default;

- (g) [Note: Applicable for certain leases] Tenant fails to use the Minimum Public Benefit Area for the Required Uses, except as otherwise set forth in Section 3.7 [or Tenant fails to provide the [Public Benefits]]*.
- (h) Tenant fails to comply with the provisions of Section 10.1 within five (5) days following written notice from Port; provided, however, if such default cannot reasonably be cured within such five (5) day period, Tenant will not be in default of this Lease if Tenant commences to cure the default within such five (5) day period and diligently and in good faith continues to cure the default provided, however, without limitation of the foregoing, the Parties agree that Tenant's internal meetings to determine the path to cure such default will be deemed to be a commencement of cure;
- (i) Tenant fails to restore the Improvements after an event of Casualty in accordance with and within the time frame set forth in Section 14.2 and such failure continues for a period of fifteen (15) days following written notice from Port; provided, however, if such default cannot reasonably be cured within such fifteen (15) days period, Tenant will not be in default of this Lease if Tenant commences to cure the default within such fifteen (15) day period and diligently and in good faith continues to cure the default;
- (j) Tenant fails to comply with the provisions of *Sections 21.1—21.5* and such failure continues for a period of one (1) business day following written notice from Port; provided, however, if such default cannot reasonably be cured within such one (1) business day period, Tenant will not be in default of this Lease if Tenant commences to cure the default within such one (1) business day period and diligently and in good faith continues to cure the default; provided, further that the Parties agree that Tenant's internal meetings to determine the path to cure such default will be deemed to be a commencement of cure;
- (k) Tenant files a petition for relief, or an order for relief is entered against Tenant, in any case under applicable bankruptcy or insolvency Law, or any comparable Law that is now or hereafter may be in effect, whether for liquidation or reorganization, which proceedings if filed against Tenant are not dismissed or stayed within one hundred eighty (180) days;
- (I) A writ of execution is levied on the Leasehold Estate which is not released within one hundred eighty (180) days, or a receiver, trustee or custodian is appointed to take custody of all or any material part of the property of Tenant, which appointment is not dismissed within one hundred eighty (180) days; provided, however, that the exercise by a Lender of any of its remedies under its Mortgage will not, in and of itself, constitute a default under this Section 24.1(1);
 - (m) Tenant makes a general assignment for the benefit of its creditors; [or]
- (n) Tenant violates any other covenant, or fails to perform any other obligation to be performed by Tenant under this Lease (including, but not limited to, any Mitigation and Improvement Measures that Tenant is required to comply with) at the time such performance is due, and such violation or failure continues without cure for more than thirty (30) days after written notice from Port specifying the nature of such violation or failure, or, if such cure cannot reasonably be completed within such thirty (30) day period, if Tenant does not within such thirty (30) day period commence such cure, or having so commenced, does not prosecute such cure with diligence and dispatch to completion within a reasonable time thereafter.
- 24.2. Courtesy Notice of Default to Mezzanine Lender and Mezzanine Lender Rights to Cure.
- (a) Port will (a) provide a copy of a notice of an Event of Default to Lender in accordance with **Section 40**; (b) provide a courtesy copy of an Event of Default to any then current Mezzanine Lender that has requested a copy of an Event of Default notice in accordance

with Section 24.2(b), provided Port will not be in default for any failure or delay in providing any courtesy copy of such notice to any then current Mezzanine Lender. Mezzanine Lender will have the right (but not the obligation), at its option, to commence to cure or cause to be cured any Event of Default, within the same period afforded to Tenant. Port will also accept a cure of an Event of Default by any Tenant investor or Mezzanine Lender with the same force and effect as if performed by Tenant.

(b) Each Mezzanine Lender that has delivered a notice to Port in substantially the following form is entitled to receive a courtesy notice of an Event of Default in accordance with **Section 24.2(a)**:

"The undersigned does hereby certify that it is a Mezzanine Lender, as such term is defined in that certain lease entered into by and between the City and County of San Francisco, operating by and through the San Francisco Port Commission, as landlord, and [insert name of Tenant], as tenant (the "Lease"). Mezzanine Lender has a security interest in the partnership/membership interest of Tenant. The undersigned hereby requests that a courtesy copy of an Event of Default notice given under the Lease to tenant by Port be sent to the undersigned at the following address:

"The undersigned acknowledges that it has no claims against Port nor will Port be liable to the undersigned, for any Port failure to deliver a courtesy copy of any Event of Default notice to the undersigned.

25. REMEDIES. [NOTE: POTENTIALLY ADD BONDHOLDER RIGHTS PROVISIONS.]

25.1. Port's Remedies Generally. Upon the occurrence and during the continuance of an Event of Default under this Lease, Port has all rights and remedies provided in this Lease or available at Law or in equity (including the right to seek injunctive relief or an order for specific performance, where appropriate), including the right to self-help to the extent provided for herein; provided, however, notwithstanding anything to the contrary in this Lease, any right to cure and any remedy available to Port regarding any Event of Default under the Workforce Development Plan, is limited to those rights and remedies provided in the applicable Law for such applicable Special City and Port Provisions; provided, further, Port's right to terminate this Lease for an Event of Default will be limited to Events of Default described in Sections 24.1(a) and 24.1(d)—24.1(m).

All of Port's rights and remedies are cumulative, and except as may be otherwise provided by applicable Law, the exercise of any one or more rights will not preclude the exercise of any other.

25.2. Right to Keep Lease in Effect.

- Code Section 1951.4 (lessor may continue lease in effect after lessee's breach and abandonment and recover rent as it becomes due, if lessee has right to sublet or assign, subject only to reasonable limitations) under which Port may continue this Lease in full force and effect following the occurrence of an Event of Default. In the event Port elects this remedy, Port has the right to enforce by suit or otherwise, all covenants and conditions hereof to be performed or complied with by Tenant and exercise all of Port's rights, including the right to collect Rent when due. Upon the occurrence of an Event of Default, Port may, following written notice to Tenant, enter the Premises without terminating this Lease and relet them, or any part of them, to third parties for Tenant's account. Tenant will be liable immediately to Port for all reasonable costs Port incurs in reletting the Premises, including Attorneys' Fees and Costs, brokers' fees or commissions, expenses of remodeling the Premises required by the reletting and similar costs. Reletting can be for a period shorter or longer than the remaining Term, at such rents and on such other terms and conditions as Port determines in its sole discretion.
- (b) No Termination Without Notice. No act by Port allowed by this Section 25.2, nor any appointment of a receiver upon Port's initiative to protect its interest under

this Lease, will terminate this Lease, unless and until Port notifies Tenant in writing that Port elects to terminate this Lease.

- (c) <u>Application of Proceeds of Reletting</u>. If Port elects to relet the Premises as provided in *Section 25.2(a)*, the rent that Port receives from reletting will be applied to the payment of:
- (i) First, all costs incurred by Port in enforcing this Lease, whether or not any action or proceeding is commenced, including Attorneys' Fees and Costs, brokers' fees or commissions, the costs of removing and storing Personal Property, costs in connection with reletting the Premises, or any portion thereof, altering, installing, modifying and constructing tenant improvements required for a new tenant, and costs of repairing, securing and maintaining the Premises to the standards set forth in this Lease or any portion thereof;
- (ii) Second, the payments of any Imposition or any other indebtedness other than Rent due and unpaid hereunder from Tenant to Port;
 - (iii) Third, Rent due and unpaid under this Lease;
- (iv) After deducting the payments referred to in this Section 25.2(c), any sum remaining from the rent Port receives from reletting will be held by Port and applied to monthly installments of future Rent as such amounts become due under this Lease. In no event will Tenant be entitled to any excess rent received by Port. If on a date Rent or other amount is due under the Lease, the rent received by Port as of such date from any reletting is less than the Rent or other amount due on that date, or if any costs incurred by Port in reletting, remain after applying the rent received from such reletting, Tenant will pay to Port such deficiency. Such deficiency will be calculated and paid monthly.
- (d) <u>Payment of Rent</u>. Tenant will pay to Port Rent on the dates the Rent is due, less the rent Port has received from any reletting which exceeds all costs and expenses described in *Section 25.2(c)*.
- 25.3. Port's Right to Cure Tenant's Default. Port, at any time after Tenant commits an Event of Default, may, at Port's sole option, cure the default at Tenant's cost. If Port at any time following an Event of Default, by reason of Tenant's default, undertakes any act to cure or attempt to cure such default that requires the payment of any sums, or otherwise incurs any costs, damages, or liabilities (including without limitation, Attorneys' Fees and Costs), all such sums, costs, damages or liabilities paid by Port will be due immediately from Tenant to Port at the time the sum is paid, and if paid by Tenant at a later date will bear interest at the lesser of the Default Rate or the maximum non-usurious rate Port is permitted by Law to charge from the date such sum is paid by Port until Port is reimbursed by Tenant.

25.4. Termination of Tenant's Right to Possession.

- (a) Before exercising any right to terminate this Lease as a result of Tenant's failure to timely commence Construction of the Initial Improvements as described in Section 11.2, which failure also results in a Developer Event of Default under the DDA, Tenant will have thirty (30) days following Port's delivery of a notice of such default to cure.
- (b) Before exercising any right to terminate this Lease and Tenant's right to possession of the Premises for the following Events of Default, Port will provide Tenant with a second written notice ("Second Default Notice") and the additional cure period set forth below:
- (i) For an Event of Default under **Section 24.1(a)**, Tenant will have five (5) business days following delivery of the Second Default Notice to cure;
- (ii) For an Event of Default under Sections 24.1(d), 24.1(e), 24.1(h), or 24.1(i), Tenant will have ten (10) days following delivery of the Second Default Notice to cure; provided, however, if such default cannot reasonably be cured within such ten (10) day

period, then Port will not exercise its termination right if Tenant is diligently and in good faith continues to cure the default to completion;

- (iii) For an Event of Default under Sections 24.1(f), 24.1(g), or 24.1(j), Tenant will have one (1) business day following delivery of the Second Default Notice to cure; provided, however, if such default cannot reasonably be cured within such one (1) business day period, then Port will not exercise its termination right if Tenant is diligently and in good faith continues to cure the default to completion;
- (iv) For an Event of Default under Sections 24.1(k), 24.1(l), or 24.1(m), Tenant will have thirty (30) days following delivery of the Second Default Notice to cure, which may include a dismissal or stay, as applicable;
- (c) Port may terminate this Lease and Tenant's right to possession of the Premises for the Events of Default described in *Sections 25.4(a) or 25.4(b)* at any time following expiration of the applicable cure periods set forth in *Sections 25.4(a) and 25.4(b)* for the applicable Event of Default by providing Tenant with a written notice of termination.
- (d) Acts of maintenance, efforts to relet the Premises, or the appointment of a receiver on Port's initiative to protect Port's interest under this Lease will not constitute a termination of Tenant's right to possession.
- (e) If Port elects to terminate this Lease, Port has the rights and remedies provided by California Civil Code Section 1951.2, including the right to recover from Tenant the following:
- (i) The worth at the time of award of the unpaid Rent which had been earned at the time of termination; plus
- (ii) The worth at the time of award of the amount by which the unpaid Rent which would have been earned after termination until the time of award exceeds the amount of such rental loss that Tenant proyes could have been reasonably avoided; plus
- (iii) The worth at the time of award of the amount by which the unpaid Rent for the balance of the Term after the time of award exceeds the amount of the loss of Rent that Tenant proves could be reasonably avoided; plus
- (iv) Any other amounts necessary to compensate Port for the detriment proximately caused by Tenant's default, or which, in the ordinary course of events, would likely result therefrom. Efforts by Port to mitigate the damages caused by Tenant's breach of this Lease do not waive Port's rights to recover damages upon termination.
- The "worth at the time of award" of the amounts referred to in Sections 25.4(e)(i) and 25.4(e)(ii) above will be computed by allowing interest at an annual rate equal to the lesser of the Interest Rate or the maximum non-usurious rate Port is permitted by Law to charge. The "worth at the time of award" of the amount referred to in Section 25.4 above will be computed by discounting the amount at the discount rate of the Federal Reserve Bank of San Francisco at the time of award, plus one percent (1%).
- 25.5. Continuation of Subleases and Other Agreements. Port has the right, at its sole option, to assume any and all Subleases and agreements by Tenant for the maintenance or operation of the Premises (to the extent assignable) following an Event of Default and termination of Tenant's interest in this Lease. Tenant hereby further covenants that, upon request of Port following an Event of Default and termination of Tenant's interest in this Lease, Tenant will execute, acknowledge and deliver to Port such further instruments as may be necessary or desirable to vest or confirm or ratify vesting in Port the then existing Subleases and other agreements then in force, as above specified.
- **25.6.** Appointment of Receiver. During the continuance of an Event of Default, Port has the right to have a receiver appointed to collect Rent and conduct Tenant's business. Neither

the filing of a petition for the appointment of a receiver nor the appointment itself will constitute an election by Port to terminate this Lease.

- **25.7.** Waiver of Redemption. Tenant hereby waives, for itself and all Persons claiming by and under Tenant, redemption or relief from forfeiture under California Code of Civil Procedure Sections 1174 and 1179, or under any other pertinent present or future Law, in the event Tenant is evicted or Port takes possession of the Premises by reason of any Event of Default.
- 25.8. Liquidated Damages for Repeat Prohibited Uses. In addition to the other remedies available to Port under this Lease for an Event of Default under Section 24.1(f), if Tenant uses the Premises for the same type of Prohibited Use more than two (2) times within a six (6) month period, then Tenant will pay Port the Prohibited Use Charge as further described in Section 3.3.
- 25.9. Horizontal Developer Right to Perform Deferred Infrastructure. If Tenant fails to complete the Deferred Infrastructure within the time frame set forth in the VCA, then Tenant will grant Horizontal Developer access to the Premises to complete the same. [Note: Move to VDDA instead. Provision applicable only for development parcels where Tenant has obligation to complete Deferred Infrastructure.]
- 25.10. Remedies Not Exclusive. The remedies set forth in this Article 25 are not exclusive; they are cumulative and in addition to any and all other rights or remedies of Port now or later allowed by other terms and provisions of this Lease, Law or in equity. Tenant's obligations hereunder will survive any termination of this Lease.

26. EQUITABLE RELIEF.

In addition to the other remedies provided in this Lease, either Party is entitled at any time after a default or threatened default by the other Party to seek injunctive relief or an order for specific performance, where appropriate to the circumstances of such default. In addition, after the occurrence of an event of default by the other Party, the non-defaulting Party is entitled to any other equitable relief which may be appropriate to the circumstances of such event of default.

27. NO WAIVER.

- 27.1. No Waiver by Port or Tenant. No failure by Port or Tenant to insist upon the strict performance of any term of this Lease or to exercise any right, power or remedy consequent upon a breach of any such term, will be deemed to imply any waiver of any such breach or of any such term unless clearly expressed in writing by the Party against which waiver is being asserted. No waiver of any breach will affect or alter this Lease, which will continue in full force and effect, or the respective rights of Port or Tenant with respect to any other then existing or subsequent breach.
- 27.2. No Accord or Satisfaction. No submission by Tenant or acceptance by Port of full or partial Rent or other sums during the continuance of any failure by Tenant to perform its obligations hereunder will waive any of Port's rights or remedies hereunder or constitute an accord or satisfaction, whether or not Port had knowledge of any such failure except with respect to the Rent so paid. No endorsement or statement on any check or remittance by or for Tenant or in any communication accompanying or relating to such payment will operate as a compromise or accord or satisfaction unless the same is approved as such in writing by Port. Port may accept such check, remittance or payment and retain the proceeds thereof, without prejudice to its rights to recover the balance of any Rent, including any and all Additional Rent, due from Tenant and to pursue any right or remedy provided for or permitted under this Lease or in law or at equity. No payment by Tenant of any amount claimed by Port to be due as Rent hereunder (including any amount claimed to be due as Additional Rent) will be deemed to waive any claim which Tenant may be entitled to assert with regard to the making of such payment or the amount

thereof, and all such payments will be without prejudice to any rights Tenant may have with respect thereto, whether or not such payment is identified as having been made "under protest" (or words of similar import).

28. DEFAULT BY PORT; TENANT'S REMEDIES.

- 28.1. Default by Port. Port will be deemed to be in default hereunder only if Port fails to perform or comply with any obligation on its part hereunder, and (i) such failure continues for more than the time of any cure period provided herein, or, (ii) if no cure period is provided herein, for more than sixty (60) days after written notice thereof from Tenant (provided that, Port will use reasonable efforts to cure such default within a thirty (30) day period) after receipt of such written notice from Tenant, or, (iii) if such default cannot reasonably be cured within such sixty (60) day period, Port does not within such period commence with due diligence and dispatch the curing of such default, or, having so commenced, thereafter fails or neglects to prosecute or complete with diligence and dispatch the curing of such default.
- Tenant's Exclusive Remedies. Upon the occurrence of default by Port described above, which default substantially and materially interferes with the ability of Tenant to conduct the use on the Premises provided for hereunder or materially obstructs the realization of the Project, Tenant has the exclusive right (a) to offset or deduct only from the Rent becoming due hereunder, or if no Rent is due hereunder, then the amount of the damage award will be amortized over a ten (10) year period and payable by Port on a monthly basis, but in either event only after obtaining a final, unappealable judgment in a court of competent jurisdiction for such damages in accordance with applicable Law and the provisions of this Lease, or (b) to seek equitable relief in accordance with applicable Laws and the provisions of this Lease where appropriate and where such relief does not impose personal liability on Port or its Agents; provided, however, (x) in no event will Tenant be entitled to offset from all or any portion of the Rent becoming due hereunder or to otherwise recover or obtain from Port or its Agents any damages (including, without limitation, any indirect or consequential, incidental, punitive or special damages proximately arising out of a default by Port hereunder) or Losses other than Tenant's actual damages as described in the foregoing clause (a), (y) Tenant agrees that, notwithstanding anything to the contrary herein or pursuant to any applicable Laws, Tenant's remedies hereunder constitutes Tenant's sole and absolute right and remedy for a default by Port hereunder, and (z) Tenant has no remedy of self-help.

29. TENANT'S RECOURSE AGAINST PORT.

- 29.1. No Recourse Beyond Value of Property Except as Specified. Tenant agrees that notwithstanding any other term or provision of this Lease, (a) Tenant will have no recourse with respect to, and Port will not be liable for, any obligation of Port under this Lease, or for any claim based upon this Lease, except to the extent of the fair market value of Port's fee interest in the Premises (as encumbered by this Lease) and (b) neither Port nor the Indemnified Parties will be liable under any circumstances for injury or damage to, or interference with Tenant's business, including loss or profits, loss of rents or other revenues, loss of business opportunity, loss of goodwill or loss of use, in each case, however occurring. By Tenant's execution and delivery hereof and as part of the consideration for Port's obligations hereunder Tenant expressly waives all such liability.
- **29.2.** No Recourse Against Specified Persons. No commissioner, officer or employee of Port or City will be personally liable to Tenant, or any successor in interest, for any Event of Default by Port, and Tenant agrees that it will have no recourse with respect to any obligation of Port under this Lease, or for any amount which may become due Tenant or any successor or for any obligation or claim based upon this Lease, against any such Person.
- 29.3. Nonliability of Tenant's Members, Partners, Shareholders, Directors, Officers and Employees. No member, officer, partner, shareholder, director, board member, agent, or employee of Tenant will be personally liable to Port, and Port will have no recourse against any

of the foregoing, in an Event of Default by Tenant or for any amount which may become due to Port or on any obligations under the terms of this Lease or any claim based upon this Lease.

30. LIMITATIONS ON LIABILITY.

- 30.1. Waiver of Indirect or Consequential, Incidental, Punitive or Special Damages. As a material part of the consideration for this Lease, neither Party (including the Indemnified Parties) will be liable for, and each Party hereby waives any claims against the other Party for any indirect or consequential, incidental, punitive, special damages.
- 30.2. Limitation on Port's Liability Upon Transfer. In the event of any transfer of Port's interest in and to the Premises, Port (and in case of any subsequent transfers, the then transferor) will automatically be relieved from and after the date of such transfer of all liability with regard to the performance of any covenants or obligations contained in this Lease thereafter to be performed on the part of Port (or such transferor, as the case may be), but not from liability incurred by Port (or such transferor, as the case may be) on account of covenants or obligations to be performed by Port (or such transferor, as the case may be) hereunder before the date of such transfer; provided, however, that Port (or such subsequent transferor) has transferred to the transferee any funds in Port's (or in the possession of such subsequent transferor) in which Port (or such subsequent transferee has assumed all liability for all such funds so received by such transferee from Port (or such subsequent transferor).

31. ESTOPPEL CERTIFICATES BY TENANT AND SUBTENANT.

- (a) Tenant will execute, acknowledge and deliver to Port (or at Port's request, to a prospective purchaser or mortgagee of Port's interest in the Premises, within fifteen (15) business days after a request, a certificate substantially in the form attached hereto as *Exhibit XX* stating to the best of Tenant's actual knowledge after diligent inquiry (a) that this Lease is unmodified and in full force and effect (or, if there have been modifications, that this Lease is in full force and effect, as modified, and stating the modifications or, if this Lease is not in full force and effect, so stating), (b) the dates, if any, to which any Rent and other sums payable hereunder have been paid, (c) that no notice has been received by Tenant of any default hereunder which has not been cured, except as to defaults specified in such certificate and (d) any other matter actually known to Tenant, directly related to this Lease and reasonably requested by Port. [Note: May be expanded for assignments.]
- (b) Unless otherwise requested, Tenant will attach to such certificate a copy of this Lease, and any amendments thereto, and include in such certificate a statement by Tenant that, to the best of Tenant's knowledge, such attachment is a true, correct and complete copy of this Lease, as applicable, including all modifications thereto.
- (c) Any such certificate may be relied upon by any Port, any successor agency, and any prospective purchaser or mortgagee of the Premises or any part of Port's interest therein.
- (d) Tenant will insert a provision similar to this Section into each Sublease, requiring Subtenants under Subleases to execute, acknowledge and deliver to Port, within twenty (20) business days after request, an estoppel certificate substantially in the form attached hereto as *Exhibit XX*, covering, among other things, the matters described in clauses (a), (b), (c) and (d) above with respect to such Sublease, along with a true and correct copy of the applicable Sublease and all amendments thereto.

32. ESTOPPEL CERTIFICATES BY PORT.

Port will execute, acknowledge and deliver to Tenant (or at Tenant's request, to any prospective Subtenant that is entitled to obtain a Non-Disturbance Agreement from Port in accordance with **Section 18.4(b)**, prospective Lender meeting the requirements of **Article 40**, any Mezzanine Lender that has requested a copy of an Event of Default in accordance with

Section 24.2(b) or a prospective Mezzanine Lender, prospective purchaser, or other prospective transferee of Tenant's interest under this Lease), within fifteen (15) business days after a request, a certificate substantially in the form attached hereto as Exhibit XX stating to Port's actual knowledge after diligent inquiry (or with respect to any estoppel certificates being provided to Mezzanine Lenders, to the actual knowledge of Port's project manager for this Lease without diligent inquiry) (a) that this Lease is unmodified and in full force and effect (or, if there have been modifications, that this Lease is in full force and effect as modified, and stating the modifications or if this Lease is not in full force and effect, so stating), (b) the dates, if any, to which Rent and other sums payable hereunder have been paid, (c) whether or not, to the knowledge of Port, there are then existing any defaults under this Lease (and if so, specifying the same) and (d) any other matter actually known to Port, directly related to this Lease and reasonably requested by the requesting Party. In addition, if requested, Port will attach to such certificate a copy of this Lease and any amendments thereto, and include in such certificate a statement by Port that, to the best of its knowledge, such attachment is a true, correct and complete copy of this Lease, including all modifications thereto. Any such certificate may be relied upon by Tenant or any prospective Subtenant, Lender, prospective Lender, prospective purchaser, or other prospective transferee of Tenant's interest under this Lease.

33. APPROVALS BY PORT; STANDARD OF REVIEW; FEES FOR REVIEW.

- 33.1. Approvals by Port. The Port's Executive Director or his or her designee, is authorized to execute on behalf of Port any closing or similar documents and any contracts, agreements, memoranda or similar documents with State, regional or local authorities or other Persons that are necessary or proper to achieve the purposes and objectives of this Lease and do not materially increase the obligations of Port hereunder, if the Executive Director reasonably determines, after consultation with, and approval as to form by, the City Attorney, that the document is necessary or proper and in Port's best interests. The Port Executive Director's signature of any such documents will conclusively evidence such a determination by him or her. Wherever this Lease requires or permits the giving by Port of its consent or approval, or whenever an amendment, waiver, notice, or other instrument or document is to be executed by or on behalf of Port, the Executive Director, or his or her designee, is authorized to execute such instrument on behalf of Port, except as otherwise provided by applicable Law, including the City's Charter to the extent applicable, or if the Executive Director determines, in his or her sole discretion, that Port Commission action approving execution of such instrument is necessary.
- **33.2.** Standard of Review. Except as expressly provided otherwise or when Port is acting in its regulatory capacity, the following standards will apply to the Parties' conduct under this Lease.
- (a) Advance Writings Required. Whenever a Party's approval or waiver is required: (i) the approval or waiver must be obtained in advance and in writing; and (ii) the Party whose approval or waiver is sought may not unreasonably withhold, condition, or delay its approval or waiver, as applicable.
- (b) <u>Commercial Reasonableness</u>. Whenever a Party is permitted to make a judgment, form an opinion, judge the sufficiency of the other Party's performance, exercise discretion in taking (or refraining from taking) any action or making any determination, or grant or withhold its approval or consent, unless otherwise stated in this Lease, that Party must employ commercially reasonable standards in doing so. In general, the Parties' conduct in implementing this Lease, including construction of Improvements, disapprovals, demands for performance, requests for additional information, and any exercise of an election or option, must be commercially reasonable.
- 33.3. Fees for Review. Unless a different time period is required in this Lease, within thirty (30) days after Port's written request, Tenant will pay Port, as Additional Rent, Port's reasonable costs, including, without limitation, Attorneys' Fees and Costs and costs for Port staff time incurred in connection with the review, investigation, processing, documentation and/or

approval of any proposed Transfer, Sale, Mortgage, estoppel certificate, Non-Disturbance Agreement, Refinancing, other certificate, or Subsequent Construction (excluding any such costs incurred by Port's regulatory capacity, which costs will be paid separately by Tenant to the extent required in connection with the review or processing of such regulatory request). Tenant will pay such costs regardless of whether or not Port consents to such proposal.

34. NO MERGER OF TITLE.

There will be no merger of the Leasehold Estate with the fee estate in the Premises by reason of the fact that the same Person may own or hold (a) the Leasehold Estate or any interest in such Leasehold Estate, and (b) any interest in such fee estate. No such merger will occur unless and until all Persons having any interest in the Leasehold Estate and the fee estate in the Premises join in and record a written instrument effecting such merger.

35. QUIET ENJOYMENT.

Subject to the Permitted Title Exceptions, the terms and conditions of this Lease, the Vertical DDA (while in effect), and applicable Laws, Port agrees that Tenant, upon paying the Rent and observing and keeping all of the covenants under this Lease on its part to be kept, will lawfully and quietly hold, occupy and enjoy the Premises during the Term without hindrance or molestation by Port. Notwithstanding the foregoing, Port has no liability to Tenant in the event any defect exists in the title of Port as of the Commencement Date, whether or not such defect affects Tenant's rights of quiet enjoyment (unless such defect is due to City's willful misconduct). Tenant's sole remedy with respect to any such existing title defect is to obtain compensation by pursuing its rights against any title insurance company or companies issuing title insurance policies to Tenant.

36. SURRENDER OF PREMISES.

Condition of Premises. Except as set forth in Section 36.2, upon the expiration or earlier termination of this Lease, Tenant will quit and surrender to Port the Premises (i) in good order and condition consistent with the requirements of Section 10.1, reasonable wear and tear excepted to the extent the same is consistent with maintenance of the Premises in the condition required hereunder; (ii) clean, free of debris, waste, and Hazardous Materials (other than any Pre-Existing Hazardous Materials that have not been Handled, Released, or Exacerbated), and (iii) free and clear of all liens and encumbrances other than the Permitted Title Exceptions and other licenses, easements or access rights approved or consented to by Port in accordance with Section 3.5. If it is determined by Port that the condition of all or any portion of the Premises is not in compliance with the provisions of this Lease with respect to Hazardous Materials at the expiration or earlier termination of this Lease, then at Port's sole option, Port may require Tenant to hold over possession of the Premises until Tenant can surrender the Premises to Port in the condition required herein. Except as set forth in Section 36.2, the Premises will be surrendered with all Improvements, repairs, alterations, additions, substitutions and replacements thereto. Tenant hereby agrees to execute all documents as Port may deem necessary to evidence or confirm any such other termination.

36.2. Demolition of Improvements.

(a) Notice. At the expiration or earlier termination of this Lease, at Port's sole election ("Demolition Option"), Port may require Tenant, at Tenant's sole cost, to Demolish and Remove the Improvements and surrender the Premises as a vacant parcel of unimproved real property. Port will notify Tenant of Port's election to exercise the Demolition Option (i) no later than twenty-four (24) months prior to the expiration of this Lease, (ii) within ninety (90) days following Tenant's election to terminate this Lease in accordance with Section 7.3 (Termination for Cost Associated with Change in Laws), Section 14.3(a) (Termination for Major Casualty), or Article 15 (Condemnation), or (iii) upon termination of this Lease due to an Event of Default described in Section 25.4.

- (b) Access After Termination. If Port exercises the Demolition Option in accordance with Section 36.2(a), then if Port agrees that Tenant will complete the Demolition and Removal after the expiration or earlier termination of this Lease (or promptly thereafter if the Lease is terminated due to an Event of Default described in Section 25.4), Port and Tenant will enter into Port's standard license granting Tenant non-possessory access to the Premises in order for Tenant to perform the Demolition and Repair following the expiration or earlier termination of this Lease; provided, however, Tenant will perform the Demolition and Removal in compliance with Article 12 (Construction) and Port may require insurance, bond, guaranty, Indemnification, and other requirements that exceed the coverage amounts or licensee obligations set forth in Port's standard license, that Port determines are reasonably appropriate to protect its interest in light of the risks and liabilities associated with the Demolition and Removal.
- (c) Period to Complete. Tenant must commence and complete the Demolition and Removal in a timely manner, with due diligence and care, and complete the same within the time period agreed to between the Parties, but in no event shall Tenant commence such Demolition and Removal later than six (6) months following the expiration or earlier termination of this Lease. The provisions of this Section 36.2 will survive the expiration or earlier termination of this Lease.
- 36.3. Personal Property. On or before expiration or earlier termination of this Lease, Tenant will remove, and will cause all Subtenants to remove (other than any Subtenants that are permitted to remain on the Premises beyond the termination of this Lease in accordance with a Non-Disturbance Agreement previously entered into between the applicable Subtenant and Port), all of their respective Personal Property and Signs within the Premises. If the removal of such Personal Property causes damage to the Premises, Tenant must promptly repair such damage, at no cost to Port. Any items not removed by Tenant as required herein will be deemed abandoned and may be stored, removed, and disposed of by Port at Tenant's sole cost and expense, and Tenant waives all claims against Port for any Losses resulting from Port's retention, removal or disposition of such Personal Property; provided, however, that Tenant will be liable to Port for all costs incurred in storing, removing and disposing of such abandoned property or repairing any damage to the Premises resulting from such removal.
- **36.4.** *Quitclaim?* Upon the expiration or earlier termination of this Lease, the Premises will automatically, and without further act or conveyance on the part of Tenant or Port, become the property of Port, free and clear of all liens and without payment therefore by Port and will be surrendered to Port upon such date. Upon or at any time after the expiration or earlier termination of this Lease, if requested by Port, Tenant will promptly deliver to Port, without charge, a quitclaim deed to the Premises and any other instrument reasonably requested by Port to evidence or otherwise effectuate the termination of the Leasehold Estate and to effectuate such transfer or vesting of title to the Premises, the Improvements and Personal Property that Port agrees are to remain within the Premises.

37. HOLD OVER.

Any holding over by Tenant after the expiration or termination of this Lease will not constitute a renewal hereof but will be deemed a month-to-month tenancy and will be upon each and every one of the other terms, conditions and covenants of this Lease, except that Base Rent payable for the applicable month will be equal to the higher of: (i) twenty percent (20%) of the average Adjusted Gross Income for the three (3) Lease Years immediately prior to the Expiration Date, or (ii) eight hundred percent (800%) of the monthly Base Rent payable for the month immediately preceding the Expiration Date. Either Party may cancel said month-to-month tenancy upon thirty (30) days written notice to the other party.

38. Notices.

38.1. *Notices.* All notices, demands, consents, and requests which may or are to be given by any Party to the other must be in writing, except as otherwise provided herein. All notices, demands, consents and requests to be provided hereunder will be deemed to have been properly given on the date of receipt if served personally on a day that is a business day (or on the next business day if served personally on a day that is not a business day), or, if mailed, on the date that is two (2) days after the date when deposited with the U.S. Postal Service for delivery by United States registered or certified mail, postage prepaid, in either case, addressed as follows:

or at such other place or places in the United States as each such Party may from time to time designate by written notice to the other in accordance with the provisions hereof. For convenience of the Parties, copies of notices may also be given by electronic-mail to the electronic-mail address set forth above (or such other number or address as may be provided from time to time by notice given in the manner required hereunder); however, neither Party may give official or binding notice by electronic-mail.

- 38.2. Form and Effect of Notice. Every notice given to a Party or other Person under this Section must state (or accompanied by a cover letter that states):
- (a) the Section of this Lease pursuant to which the notice is given and the action or response required, if any; and
- (b) if applicable, the period of time within which the recipient of the notice must respond thereto.

In no event will a recipient's approval of or consent to the subject matter of a notice be deemed to have been given by its failure to object thereto if such notice (or the accompanying cover letter) does not comply with the requirements of this *Section 38.2*.

39. ACCESS TO THE PREMISES BY PORT.

- 39.1. Entry by Port. Port and its authorized Agents have the right to enter the Premises without notice at any time during normal business hours of generally recognized business days, provided that Tenant or Tenant's Agents are present on the Premises (except in the event of an emergency), for the purpose of inspecting the Premises to determine whether the Premises is in good condition and whether Tenant is complying with its obligations under this Lease.
- **39.2.** General Entry. In addition to its rights pursuant to Section 39.3, subject to the rights of any Subtenants, Port and its authorized Agents will have the right to enter the Premises at all reasonable times and upon reasonable notice as stated below for any of the following purposes:
- (1) To perform any necessary maintenance, repairs or restoration to the Premises or to perform any services which Port has the right or obligation to perform in accordance with **Section 10.1** or **25.2**;
- (2) To serve, post, or keep posted any notices required or allowed under the provisions of this Lease;
- (3) To post "For Sale" signs at any time during the Term; to post "For Lease" signs during the last six (6) months of the Term or during any period in which an Event of Default is continuing;
- (4) On an occasional basis, at all reasonable times after giving Tenant reasonable advance written or oral notice, to show the Premises to prospective tenants or other interested parties during the last eighteen (18) months of the Term; and
- (5) To obtain environmental samples and perform equipment and facility testing.

Port agrees to give Tenant reasonable prior notice of Port's entering on the Premises except in an emergency for the purposes set forth above. Such notice will be not less than three (3) business days' prior notice. Tenant will have the right to have a representative of Tenant accompany Port or its Agents on any entry into the Premises. Notwithstanding the foregoing, no notice will be required for Port's entry onto public areas of the Premises during regular business hours unless such entry is for the purposes set forth in **Section 39.2**.

- **39.3.** Emergency Entry. Port may enter the Premises at any time, without notice, in the event of an emergency. Port will have the right to use any and all means which Port may deem proper in such an emergency in order to obtain entry to the Premises. Entry to the Premises by any of these means, or otherwise, will not under any circumstances be construed or deemed to be a forcible or unlawful entry into, or a detainer of, the Premises, or an eviction of Tenant from the Premises or any portion of the Premises.
- 39.4. No Liability. Port will not be liable in any manner, and Tenant hereby waives any claim for damages, for any inconvenience, disturbance, loss of business, nuisance, or other damage, including without limitation any abatement or reduction in Rent, arising out of Port's entry onto the Premises as provided in Article 41 or performance of any necessary or required work on the Premises, or on account of bringing necessary materials, supplies and equipment into or through the Premises during the course thereof, except damage resulting solely from the willful misconduct or gross negligence of Port or its authorized representatives.
- 39.5. *Non-Disturbance*. Port will use its commercially reasonable efforts to conduct its activities on the Premises as allowed in this *Article 39* in a manner which, to the extent reasonably practicable, will minimize annoyance or disturbance to Tenant.
- 39.6. Subtenant Agreement. Tenant will require each Subtenant to permit Port to enter its premises for the purposes specified in Section 39.1 through Section 39.3.

40. MORTGAGES. [UNDER CONTINUED DISCUSSION BY PARTIES]

40.1. Mortgages.

(a) Right to Grant Mortgages. Tenant has the right during the Term, to grant a mortgage, deed of trust or other security instrument (each a "Mortgage") encumbering (i) all or a portion of the Leasehold Estate in all or a portion of the Premises, (ii) Borrower's interest in any permitted Subleases thereon, (iii) any Personal Property of Borrower, (iv) products and proceeds of the foregoing, and (v) any other rights and interests of Borrower arising under this Lease for the benefit of a Bona Fide Institutional Lender (together with its successors in interest, a "Lender") as security for one or more loans related solely to the Project or the Property, the proceeds from which are used to pay or reimburse costs incurred in connection with the Project and/or the Property, subject to the terms and conditions contained in this Article 40.

"Bona Fide Institutional Lender" means any one or more of the following, whether acting in its own interest and capacity or in an agency or a fiduciary capacity for one or more Persons none of which need be Bona Fide Institutional Lenders: (i) a sayings bank, a savings and loan association, a commercial bank or trust company or branch thereof, an insurance company, a licensed California finance lender, any agency or instrumentality of the United States government or any state or City governmental authority, a pension fund, an investment banking or merchant banking firm, or any entity directly or indirectly sponsored or managed by any of the foregoing, or other lender, all of which, at the time a Mortgage is recorded in favor of such entity, owns or manages assets of at least Five Hundred Million Dollars (\$500,000,000) in the aggregate (or the equivalent in foreign currency), or (ii) a Low Income Housing Credit investor or Affiliate thereof that has given a loan to Tenant to optimize or utilize effectively the Low Income Housing Tax Credits.

- (b) <u>Restrictions on Financing</u>. No Mortgage will be granted to secure obligations unrelated to the Project and/or the Property or to provide compensation or rights to a Lender in return for matters unrelated to the Project and/or the Property.
- (c) <u>Leasehold Mortgages Subject to this Lease</u>. With the exception of the rights expressly granted to Lenders in this *Article 40*, the execution and delivery of a Mortgage will not give or be deemed to give a Lender any greater rights than those granted to Tenant hereunder.
- (d) Transfer by Lenders. A Lender may transfer or assign all or any part of or interest in any Mortgage to a Bona Fide Institutional Lender without the consent of or notice to any Party; provided, however, that Port will have no obligations under this Agreement to a Lender unless Port is notified of such Lender. Furthermore, Port's receipt of notice of a Lender following Port's delivery of a notice or demand to Tenant or to one or more Lenders under Section 40.4 will not result in an extension of any of the time periods in this Article 40, including the cure periods specified in Section 40.5.
- (e) <u>No Subordination of Fee Interest or Rent</u>. Under no circumstance whatsoever will a Lender place or suffer to be placed any lien or encumbrance on Port's fee interest in the Land in connection with any financing permitted hereunder, or otherwise. Port will not subordinate its interest in the Premises, nor its right to receive Rent, to any Lender.
- (f) <u>Violation of Covenant</u>. Any Mortgage not permitted by this *Article 40* will be deemed to be a violation of this covenant on the date of its execution or filing of record regardless of whether or when it is foreclosed or otherwise enforced.

40.2. Copy of Notice of Default to Lender.

(a) <u>Copy to Lender</u>. Whenever Port delivers any notice or demand to Tenant for any breach or default by Tenant in its obligations or covenants under this Lease, Port will at the same time forward a copy of such notice or demand to each Lender that has previously made

a written request to Port for a copy of any such notices in accordance with **Section 40.2(b)**. A delay or failure by Port to provide such notice or demand to any Lender that has previously made a written request therefor will extend, by the number of days until notice is given, the time allowed to such Lender to cure.

(b) <u>Notice from Lender to Port</u>. Each Lender is entitled to receive notices in accordance with *Section 40.2(a)* provided such Lender has delivered a notice to Port in substantially the following form:

"The undersigned does hereby certify that it is a Lender, as such term is defined in that certain lease entered into by and between the City and County of San Francisco, operating by and through the San Francisco Port Commission, as landlord, and [insert name of Tenant], as tenant (the "Lease"), of tenant's interest in the Lease demising the property, a legal description of which is attached hereto as *Exhibit A* and made a part hereof by this reference. The undersigned hereby requests that copies of any and all notices from time to time given under the Lease to tenant by Port be sent to the undersigned at the following address:

If Lender desires to have Port acknowledge receipt of Lender's name and address delivered to Port pursuant to this **Section 40.2(b)**, then such request must be made in bold, underlined and in capitalized letters.

40.3. Lender's Option to Cure Defaults.

- (a) Before or after receiving any notice of failure to cure referred to in **Section 40.2**, Lender will have the right (but not the obligation), at its option, to commence to cure or cause to be cured any Event of Default, within the same period afforded to Tenant hereunder plus an additional period of (a) fifteen (15) days with respect to a monetary Event of Default and (b) forty-five (45) days with respect to a non-monetary Event of Default that is susceptible of cure by such Lender without obtaining title to the applicable property subject to the applicable Mortgage or acquiring the ownership interests in Tenant, as applicable.
- (b) If a non-monetary Event of Default cannot be cured by Lender without obtaining title to the Leasehold Estate, or applicable portion thereof, Port will refrain from exercising its right to terminate this Lease and will permit the cure by a Lender of such Event of Default if, within the cure period set forth in Section 40.3(a): (i) such Lender notifies Port in writing that such Lender intends to proceed with due diligence to foreclose the Mortgage or otherwise obtain title to the subject property or ownership interests, as applicable; (ii) such Lender commences foreclosure proceedings whether by non-judicial foreclosure, judicial foreclosure, by appointment of a receiver, or deed (or assignment) in lieu of foreclosure, within sixty (60) days after giving such notice, and diligently pursues such proceedings to completion; and (iii) after obtaining title, such Lender, subject to Section 40.4, diligently proceeds to cure those Events of Default that are susceptible of cure by such Lender. The period from the date Lender so notifies Port until a Lender acquires and succeeds to the interest of Tenant under this Lease or some other party acquires such interest through Foreclosure is herein called the "Foreclosure Period."
- (c) Nothing in this Article 40 will preclude Port from exercising any rights or remedies under this Lease against Tenant (other than a termination of this Lease) with respect to any other Events of Default during the Foreclosure Period.
- (d) Notwithstanding the foregoing, no Lender will be required to cure any non-monetary Event of Default that is specific or personal to Tenant which cannot be cured by Lender (by way of example and not limitation, Tenant bankruptcy, or the failure to submit required information in the possession of Tenant). Lender's acquisition of title to the Leasehold Estate, or the completion of a foreclosure (or assignment in lieu thereof), as applicable, will be deemed to be a cure of such Events of Default specific or personal to Tenant. The foregoing will not excuse a Lender's failure to cure any continuing default that is curable by Lender.

40.4. Lender's Obligations with Respect to the Property.

- Rights and Obligations upon Lender Acquisition. Except as set forth in this Article 40, no Lender will have any obligations or other liabilities under this Lease unless and until it acquires title by any method to the Leasehold Estate (referred to as "Foreclosed Property"). Except as otherwise provided herein (including, without limitation, Sections 40.4(b)—(d), a Lender (or its designee, successor or assign) or other winning bidder at a foreclosure sale (collectively, a "Successor Owner") that acquires title to any Foreclosed Property (a "Lender Acquisition") will take title subject to all of the terms and conditions of this Lease to the extent applicable to the Foreclosed Property, including any claims for payment or performance of obligations that are due as a condition to enjoying the benefits under this Lease from and after the Lender Acquisition. Upon completion of a Lender Acquisition, Port will recognize the Successor Owner as Tenant under this Agreement. Such recognition will be effective and self-operative without the execution of any further instruments; provided, upon request, at no cost to Port, Port will execute a written agreement recognizing Successor Owner. A Successor Owner, upon a Lender Acquisition, will be required promptly to cure all monetary defaults and all other defaults then reasonably susceptible of being cured by such Lender to the extent not cured prior to completion of the Lender Acquisition. The foregoing obligation includes any obligation to Restore, except as set forth in Section 40.4(c).
- (b) Obligations by Lender Prior to Lender Acquisition. Prior to a Lender Acquisition, Port will have no right to enforce any obligation under this Lease against any Lender unless such Lender expressly assumes and agrees to be bound by this Lease in a form reasonably approved in writing by Lender and Port, which form will be consistent with the terms of this Lease (for the avoidance of doubt, the foregoing will not limit Port's rights and remedies against Tenant notwithstanding any interest Lender may have in Tenant or any right against any successor owner of the Property for a continuing default, as set forth in and subject to the limitations of this Article 40). However, Lender agrees to comply during a Foreclosure Period with the terms, conditions and covenants of this Lease that are reasonably susceptible of being complied with by Lender, including the payment of all Impositions and any other sums due and owing hereunder.
- (c) No Obligation to Restore. Subject to Sections 40.4(d) and (e), Lender, including any Lender who obtains title to Foreclosed Property through a Lender Acquisition will not be obligated by the provisions of this Lease to Restore any damage or destruction to the Improvements beyond the extent necessary to preserve or protect the Improvements already made, to remove any debris and to perform other reasonable measures to protect the public; provided, however, any other Person who thereafter obtains title to the Leasehold Estate, or any interest therein from or through such Lender (or its designee), or any other Successor Owner (other than such Lender) will be obligated to Restore any damage or destruction to the Improvements in accordance with this Lease, except that any time period for such Restoration shall be reset as if the applicable casualty or condemnation occurred as of the date of the Mortgagee Acquisition.
- (d) Obligation to Sell If Not Restore. In the event that Lender acquires the Foreclosed Property through a Lender Acquisition and chooses not to complete or Restore the Improvements, it will notify Port in writing of its election within [XX] days following the Lender Acquisition and will sell its interest with reasonable diligence to a purchaser that will be obligated to Restore the Improvements, but in any event Lender will use good faith efforts to cause such sale to occur within [XX] months following Lender's written notice to Port of its election not to Restore (the "Sale Period").
- (e) <u>Lender Agreement to Complete or Restore</u>. If Lender fails to sell its interest in the Leasehold Estate within the Sale Period, such failure will not constitute a default hereunder but Lender will be obligated to Restore the Improvements to the extent this Lease obligates Tenant to so Restore. In the event Lender agrees, or is deemed to have agreed, to

Restore the Improvements, all such work will be performed in accordance with all the requirements set forth in this Lease, and Lender must submit evidence reasonably satisfactory to Port that it has the qualifications and financial responsibility necessary to perform such obligations.

- 40.5. Provisions of Any Mortgage. Each Mortgage must provide that Lender will during the Term, (i) promptly provide Port by registered or certified mail a copy of any notice delivered by Lender to Tenant of a borrower default under the Mortgage, and (ii) give Port prior notice before Lender initiates any Mortgage foreclosure action with respect to the Property or the Project. The exercise by a Lender of any of its remedies under its Mortgage will not, in and of itself, constitute a default under this Lease.
- **40.6.** No Impairment of Mortgage. No default by Tenant under this Lease will invalidate or defeat the lien of any Lender. Neither a breach of any obligation in a Mortgage, nor a foreclosure under any Mortgage will defeat, diminish, render invalid or unenforceable or otherwise impair Tenant's rights or obligations under this Lease or constitute, by itself, a default under this Lease.

40.7. Multiple Mortgages.

- (a) If at any time there is more than one Mortgage constituting a lien on a single portion of the Property or any interest therein, the lien of Lender prior in time to all others (the "Senior Lender") will be vested with the rights under Sections 40.3, 40.10, 40.13, and 40.14 to the exclusion of the holder of any other Mortgage except if the Senior Lender fails to exercise the rights set forth in Sections 40.3 and 40.10, as applicable, then the holder of a junior Mortgage that has provided notice to Port in accordance with Section 40.2 will succeed to the rights set forth in Sections 40.3 and 40.10, as applicable, only if the holders of all Mortgages senior to it have failed to exercise the rights set forth in Sections 40.3 and 40.10, as applicable.
- (b) A Senior Lender's failure to exercise its rights under Sections 40.3, 40.10, 40.13, or 40.14, as applicable, or any delay in the response of any Lender to any notice by Port will not extend (i) any cure period, (ii) period to enter into a New Lease, or (iii) Tenant's or any Lender's rights under this Article 40. For purposes of this Section 40.7, in the absence of an order of a court of competent jurisdiction that is served on Port, a title report prepared by a reputable title company licensed to do business in the State of California and having an office in the City, setting forth the order of priorities of the liens of Mortgages on real property, may be relied upon by Port as conclusive evidence of priority.
- 40.8. Cured Defaults. Port will accept performance by a Lender with the same force and effect as if performed by Tenant. No such performance on behalf of Tenant in and of itself will cause Lender to become a "mortgagee in possession" or otherwise cause it to be bound by or liable under this Lease.
- **40.9.** Limitation on Liability of Lender. No Lender will become liable under the provisions of this Lease unless and until such time as it becomes the owner of the Leasehold Estate and then only for so long as it remains the owner of the Leasehold Estate and only with respect to the obligations arising during such period of ownership.
- If a Lender becomes the owner of the Leasehold Estate under this Lease or under a New Lease, (i) except as set forth in *Sections 40.4(c)* and *40.4(d)*, such Lender will be liable to Port for the obligations of Tenant hereunder only to the extent such obligations arise during the period that such Lender remains the owner of the Leasehold Estate, and (ii) in no event will Lender have personal liability under this Lease or New Lease, as applicable, greater than Lender's interest in this Lease or such New Lease, and Port will have no recourse against Lender's assets other than its interest herein or therein.
- 40.10. New Lease. In the event of the termination of this Lease before the expiration of the Term, including, without limitation, the rejection of this Lease by a trustee of Tenant in

bankruptcy or by Tenant as a debtor-in-possession, except (i) by Total Condemnation, (ii) as the result of damage or destruction as provided in *Article 14*, or (iii) as a result of Tenant exercising its option to terminate this Lease due to change in Laws as provided in *Section 7.3*, Port will serve upon Lender written notice that this Lease has been terminated, together with a statement of any and all sums which would at that time be due under this Lease but for such termination, and of all other defaults, if any, under this Lease then known to Port. The Senior Lender will thereupon have the option to obtain a new lease in accordance with and upon the following terms and conditions ("New Lease"):

- (i) Upon the written request of Lender, within thirty (30) days after service of such notice that this Lease has been terminated ("New Lease Execution Period"), Port will enter into a New Lease of the Premises with the most senior Lender giving notice within such period or its designee, provided that Lender assumes Tenant's obligations as Sublandlord under any Subleases then in effect; and
- Such New Lease will be entered into at the Lender's cost, will be effective as of the date of termination of this Lease, and will be for the remainder of the Term and at the Rent and upon all the agreements, terms, covenants and conditions hereof, including any applicable rights of renewal and in substantially the same form as this Lease (except for any requirements or conditions which Tenant has satisfied prior to the termination). The New Lease will have the same priority as this Lease, including priority over any mortgage or other lien, charge or encumbrance on the title to the Premises. The New Lease will require Lender to perform any unfulfilled monetary obligation of Tenant under this Lease that would, at the time of the execution of the New Lease, be due under this Lease if this Lease had not been terminated and to perform as soon as reasonably practicable any unfulfilled non-monetary obligation which is continuing and is reasonably susceptible of being performed by such Lender, including any obligation to Restore. If Lender elects not to Restore, then it will follow the procedures set forth in Sections 40.4(d) and (e). Upon the execution of the New Lease, Lender will pay any and all sums which would at the time of the execution thereof be due under this Lease but for such termination, and will pay all expenses, including reasonable Attorneys' Fees and Costs incurred by Port in connection with such defaults and termination, the recovery of possession of the Premises, and the preparation, execution and delivery of such New Lease. The provisions of this Section 40.10(ii) will survive any termination of this Lease (except as otherwise expressly set out in the first sentence of 40.10, and will constitute a separate agreement by Port for the benefit of and enforceable by Lender.
- **40.11.** *Nominee.* Any rights of a Lender under this *Article 40*, as amended hereby, may be exercised by or through its nominee or designee (other than Tenant) which is an Affiliate of Lender; provided, however, no Lender will acquire title to the Lease through a nominee or designee which is not a Person otherwise permitted to become Tenant hereunder; provided, further that a Lender may acquire title to the Lease through a wholly owned (directly or indirectly) subsidiary of Lender.
- 40.12. Subleases and Other Property Agreements. Effective upon the commencement of the term of any New Lease executed pursuant to Subsection 40.10, any Sublease then in effect will be assigned and transferred without recourse by Port to Lender. Between the date of termination of this Lease and expiration of the New Lease Execution Period, Port will not (1) enter into any new management agreements or agreements for the maintenance of the Premises or the supplies therefor (collectively, "Other Property Agreements") or Subleases which would be binding upon Lender if Lender enters into a New Lease, (2) cancel or materially modify any of the existing Subleases, management agreements or agreements for the maintenance of the Premises or the supplies therefor or any other agreements affecting the Premises, or (3) accept any cancellation, termination or surrender of any Subleases which were not automatically terminated upon termination of the Lease as a result of the absence of a Non-Disturbance Agreement with the Subtenant of such Sublease (unless all the conditions to Port's recognition of the Sublease under the Non-Disturbance Agreement have not been met) or Other

Property Agreement without the written consent of Lender, which consent will not be unreasonably withheld or delayed; provided, however Lender's prior approval will not be required for any Other Property Agreement entered into, cancelled, or modified by Port due to an emergency. Effective upon the commencement of the term of the New Lease, Port will also quitclaim to Lender, its designee or nominee (other than Tenant), without recourse, all of Tenant's Personal Property remaining on the Premises.

40.13. Consent of Lender. Port will not (i) modify this Lease in a manner that increases base rent or percentage rent owed to Port, decreases the Term or otherwise amends the terms of this Lease in a manner that creates a material adverse effect upon Senior Lender, or (ii) terminate or cancel this Lease without Senior Lender's prior written consent, which consent will not be unreasonably withheld, conditioned or delayed. Any such modification, termination or cancellation of this Lease without Senior Lender's consent will be effective against Senior Lender.

No merger of this Lease and the fee estate in the Premises will occur on account of the acquisition by the same or related parties of the leasehold estate created by this Lease and the fee estate in the Premises without the prior written consent of Lender.

40.14. Cooperation. Port, through its Executive Director, and Tenant will cooperate in including in this Lease by suitable written amendment or agreement from time to time any provision which may be reasonably requested by the Senior Lender and customarily included in such amendment or agreement to implement the provisions and intent of this Article 40, provided, however, that any such amendment or agreement will not adversely affect in any material respect any of Port's rights and remedies under this Lease. Port's execution of any such amendment or agreement is conditioned on Port's receipt of its share of Net Refinancing Proceeds (if any), and Attorneys' Fees and Costs incurred in connection with the review and negotiation of such document.

41. NO JOINT VENTURE.

Nothing contained in this Lease will be deemed or construed as creating a partnership or joint venture between Port and Tenant or between Port and any other Person, or cause Port to be responsible in any way for the debts or obligations of Tenant. The subject of this Lease is a lease with neither Party acting as the Agent of the other Party in any respect.

42. ECONOMIC ACCESS.

Tenant will comply with the Workforce Development Plan attached hereto as *Exhibit XX* (collectively, the "Workforce Development Plan"). The Workforce Development Plan is designed to afford opportunities for San Francisco residents to participate in the construction and operation of the Initial Improvements. Tenant will comply with the Workforce Development Plan with respect to the operation and leasing of the Premises, and will include in its Subleases, applicable provisions of the Workforce Development Plan in accordance with the same.

43. REPRESENTATIONS AND WARRANTIES.

Tenant represents, warrants and covenants to Port as follows, as of the date hereof and as of the Commencement Date:

| (a) <u>Valid Existence</u> ; Good Standing. Tenant is a |
|---|
| duly organized and validly existing under the laws of the |
| State of [. Tenant has the requisite power and authority to own its propert |
| and conduct its business as presently conducted. Tenant is in good standing in the State of |
| California. |

(b) <u>Port</u>. Tenant has the requisite power and authority to execute and deliver this Lease and the agreements contemplated hereby and to carry out and perform all of the terms and covenants of this Lease and the agreements contemplated hereby to be performed by Tenant.

- (c) No Limitation on Ability to Perform. Neither Tenant's articles of organization or operating agreement, nor any applicable Law, prohibits Tenant's entry into this Lease or its performance hereunder. No consent, authorization or approval of, and no notice to or filing with, any governmental authority, regulatory body or other Person is required for the due execution and delivery of this Lease by Tenant and Tenant's performance hereunder, except for consents, authorizations and approvals which have already been obtained, notices which have already been given and filings which have already been made. Except as may otherwise have been disclosed to Port in writing, there are no undischarged judgments pending against Tenant, and Tenant has not received notice of the filing of any pending suit or proceedings against Tenant before any court, governmental agency, or arbitrator, which might materially adversely affect the enforceability of this Lease or the business, operations, assets or condition of Tenant.
- (d) <u>Valid Execution</u>. The execution and delivery of this Lease and the performance by Tenant hereunder have been duly and validly authorized. When executed and delivered by Port and Tenant, this Lease will be a legal, valid and binding obligation of Tenant.
- (e) <u>Defaults</u>. The execution, delivery and performance of this Lease (i) do not and will not violate or result in a violation of, contravene or conflict with, or constitute a default by Tenant under (A) any agreement, document or instrument to which Tenant is a party or by which Tenant is bound, (B) any law, statute, ordinance, or regulation applicable to Tenant or its business, or (C) the articles of organization or the operating agreement of Tenant, and (ii) do not result in the creation or imposition of any lien or other encumbrance upon the assets of Tenant, except as contemplated hereby.
- (i) Tenant is not in default under, and has not received notice asserting that it is in default under, any agreement for borrowed money, (ii) Tenant has not filed a petition for relief under any chapter of the U.S. Bankruptcy Code, (iii) there has been no event that has materially adversely affected Tenant's ability to meet its Lease obligations hereunder, and (iv) to Tenant's knowledge, no involuntary petition naming Tenant as debtor has been filed under any chapter of the U.S. Bankruptcy Code.

The representations and warranties herein will survive any termination of this Lease to the extent specified in this Lease.

44. MITIGATION AND IMPROVEMENTS MEASURES.

In order to mitigate the significant environmental impacts of this Lease and operation of the Premises, Tenant agrees that the operation of the Project will be in accordance with the Mitigation and Improvement Measures attached to this Lease as *Exhibit XX*, which are those Mitigation and Improvement Measures applicable to the Premises. As appropriate, Tenant will incorporate such Mitigation and Improvement Measures into any contract for the operation of the Improvements.

45. PORT AND CITY SPECIAL PROVISIONS.

Tenant will comply with the Port and City Special Provisions attached hereto as *Exhibit XX*.

46. GENERAL

46.1. Time of Performance.

- (a) <u>Expiration</u>. All performance dates (including cure dates) expire at 5:00 p.m., San Francisco, California time, on the performance or cure date.
- (b) <u>Weekend or Holiday</u>. A performance date which falls on a Saturday, Sunday or City holiday is deemed extended to 5:00 p.m. the next working day.

- (c) <u>Days for Performance</u>. All periods for performance or notices specified herein in terms of days will be calendar days, and not business days, unless otherwise provided herein.
- (d) <u>Time of the Essence</u>. Time is of the essence with respect to each provision of this Lease, including, but not limited, the provisions for the exercise of any option on the part of Tenant hereunder and the provisions for the payment of Rent and any other sums due hereunder, subject to the provisions of *Article 21* relating to Force Majeure.

46.2. Interpretation of Agreement.

- (a) <u>Exhibits and Schedule</u>. Whenever an "Exhibit" or "Schedule" is referenced, it means an attachment to this Lease unless otherwise specifically identified. All such exhibits and schedules are incorporated herein by reference.
- (b) <u>Captions</u>. Whenever a section, article or paragraph is referenced, it refers to this Lease unless otherwise specifically identified. The captions preceding the articles and sections of this Lease and in the table of contents have been inserted for convenience of reference only. Such captions will not define or limit the scope or intent of any provision of this Lease.
- (c) <u>Words of Inclusion</u>. The use of the term "include", "including", "such as", or words of similar import, when following any general term, statement or matter will not be construed to limit such term, statement or matter to the specific items or matters, whether or not language of non-limitation is used with reference thereto. Rather, such terms will be deemed to refer to all other items or matters that could reasonably fall within the broadest possible scope of such statement, term or matter.
- (d) No Presumption Against Drafter. This Lease has been negotiated at arm's length and between Persons sophisticated and knowledgeable in the matters dealt with herein. In addition, experienced and knowledgeable legal counsel has represented each Party. Accordingly, this Lease will be interpreted to achieve the intents and purposes of the Parties, without any presumption against the Party responsible for drafting any part of this Lease (including California Civil Code Section 1654).
- (e) <u>Fees and Costs</u>. The Party on which any obligation is imposed in this Lease will be solely responsible for paying all costs and expenses incurred in the performance thereof, unless the provision imposing such obligation specifically provides to the contrary.
- (f) <u>Lease References</u>. Wherever reference is made to any provision, term or matter "in this Lease," "herein" or "hereof," or words of similar import, the reference will be deemed to refer to any and all provisions of this Lease reasonably related thereto in the context of such reference, unless such reference refers solely to a specific numbered or lettered article, section or paragraph of this Lease or any specific subdivision thereof.
- Party hereto has a right of approval or consent, such approval or consent will not be unreasonably withheld, conditioned or delayed and such approval or consent will be given in writing.
- (h) <u>Legal References</u>. Wherever reference is made to a specific code or section of a specific Law, the reference will be deemed to include any amendment, restatement or replacement.
- 46.3. Successors and Assigns. This Lease is binding upon and will inure to the benefit of the successors and assigns of Port, Tenant, and any Lender. Where the term "Tenant," "Port," "Lender" is used in this Lease, it means and includes their respective successors and assigns, including, as to any Lender, any transferee and any successor or assign of such transferee. Whenever this Lease specifies or implies Port as a Party or the holder of the right or obligation to

give approvals or consents, if Port or an entity which has succeeded to Port's rights and obligations no longer exists, then the City will be deemed to be the successor and assign of Port for purposes of this Lease.

- **46.4.** No Third-Party Beneficiaries. This Lease is for the exclusive benefit of the Parties hereto and not for the benefit of any other Person and will not be deemed to have conferred any rights, express or implied, upon any other Person, except as provided in Article 40 with regard to Lenders.
- 46.5. Real Estate Commissions. Port is not liable for any real estate commissions, brokerage fees or finder's fees which may arise from this Lease or any Sublease. Tenant and Port each represents that neither has engaged any broker, agent or finder in connection with this transaction and this Lease.
- **46.6.** Counterparts. This Lease may be executed in counterparts, each of which is deemed to be an original, and all such counterparts constitute one and the same instrument.
- **46.7.** Entire Agreement. This Lease (including the Exhibits) constitute the entire agreement between the Parties with respect to the subject matter set forth therein, and supersede all negotiations or previous agreements between the Parties with respect to all or any part of the terms and conditions mentioned herein or incidental hereto. No parol evidence of any prior or other agreement will be permitted to contradict or vary the terms of this Lease.
- **46.8.** Amendment. Neither this Lease nor any of the terms hereof may be terminated, amended or modified except by a written instrument executed by the Parties.
- 46.9. Governing Law; Selection of Forum. This Lease will be governed by, and interpreted in accordance with, the laws of the State of California. As part of the consideration for Port's entering into this Lease, Tenant agrees that all actions or proceedings arising directly or indirectly under this Lease may, at the sole option of Port, be litigated in courts having situs within the State of California, and Tenant consents to the jurisdiction of any such local, state or federal court, and consents that any service of process in such action or proceeding may be made by personal service upon Tenant wherever Tenant may then be located, or by certified or registered mail directed to Tenant at the address set forth herein for the delivery of notices.
- 46.10. Recordation. This Lease will not be recorded by either Party. The Parties agree to execute and record in the Official Records a Memorandum of Lease in the form attached hereto as Exhibit XX. Promptly upon Port's request following the expiration of the Term or any other termination of this Lease, Tenant will deliver to Port a duly executed and acknowledged quitclaim deed suitable for recordation in the Official Records and in form and content satisfactory to Port and the City Attorney, for the purpose of evidencing in the public records the termination of Tenant's interest under this Lease. Port may record such quitclaim deed at any time on or after the termination of this Lease, without the need for any approval or further act of Tenant.
- 46.11. Attorneys' Fees. The Prevailing Party in any action or proceeding (including any cross-complaint, counterclaim, or bankruptcy proceeding) against the other party by reason of a claimed default, or otherwise arising out of a party's performance or alleged non-performance under this Lease, will be entitled to recover from the other party its costs and expenses of suit, including but not limited to Attorneys' Fees and Costs, which will be payable whether or not such action is prosecuted to judgment. "Prevailing party" within the meaning of this Section includes, without limitation, a party who substantially obtains or defeats, as the case may be, the relief sought in the action, whether by compromise, settlement, judgment or the abandonment by the other party of its claim or defense. Attorneys' Fees and Costs under this Section includes attorneys' fees and all other reasonable costs and expenses incurred in connection with any appeal.

For purposes of this Lease, reasonable fees of attorneys of the City's Office of the City Attorney will be based on the fees regularly charged by private attorneys with an equivalent number of years of professional experience (calculated by reference to earliest year of admission to the Bar of any State) who practice in San Francisco in law firms with approximately the same number of attorneys as employed by the Office of the City Attorney.

- **46.12.** Effective Date. This Lease will become effective on the date (the "Effective Date") the Parties duly execute and deliver this Lease. The Effective Date will be inserted by Port on the cover page and on page 1 hereof, provided, however, that either Party's failure to insert the Effective Date will not invalidate this Lease. Where used in this Lease or in any of its exhibits, references to "the date of this Lease," "Lease Date" or "Effective Date" will mean the Effective Date determined as set forth above and shown on the first page hereof.
- **46.13.** Severability. If any provision of this Lease, or its application to any Person or circumstance, is held invalid by any court, the invalidity or inapplicability of such provision will not affect any other provision of this Lease or the application of such provision to any other Person or circumstance, and the remaining portions of this Lease will continue in full force and effect, unless enforcement of this Lease as so modified by and in response to such invalidation would be grossly inequitable under all of the circumstances, or would frustrate the fundamental purposes of this Lease.

47. **DEFINITIONS OF CERTAIN TERMS.**

For purposes of this Lease, initially capitalized terms will have the meanings ascribed to them in this Section [to be cross-checked and finalized with final lease drafts]:

- "Additional Rent" means any and all sums (other than Base Rent and Percentage Rent) that may become due or be payable by Tenant under this Lease.
- "Affiliate" means any Person directly or indirectly Controlling, Controlled by or under Common Control with the other Person in question.
- "Agents" means, when used with reference to either Party to this Lease, the members, officers, directors, commissioners, employees, agents and contractors of such Party, and their respective heirs, legal representatives, successors and assigns.
- "Anniversary Date" means each anniversary date of the Commencement Date; provided, however, that if the Commencement Date is other than the first day of a month, then the first Anniversary Date will be the first day of the thirteenth (13th) month thereafter.
 - "Annual Development Cost Statement" means
 - "As Is With All Faults" is defined in Section 1.1(g).
- "Assessor's Office" means the Office of the Assessor-Recorder in the City and County of San Francisco, or any successor agency responsible for assessing real property in the City and County of San Francisco.
 - "Assignment" is defined in Section 18.1(a).
 - "Assignment and Assumption Agreement" is defined in Section 18.1(b)(i).
- "Attorneys' Fees and Costs" means reasonable attorneys' fees, costs, expenses and disbursements, including, but not limited to, expert witness fees and costs, travel time and associated costs, transcript preparation fees and costs, document copying, exhibit preparation, courier, postage, facsimile, long-distance and communications expenses, court costs and other reasonable costs and fees associated with any other legal, administrative or alternative dispute resolution proceeding, including such fees and costs associated with execution upon any judgment or order, and costs on appeal.

- "Award" means all compensation, sums or value paid, awarded or received for a Condemnation, whether pursuant to judgment, agreement, settlement or otherwise.
 - "Bona Fide Institutional Lender" is defined in Section 40.1(a).
 - "Bond" is defined in the Basic Lease Information.
 - "Books and Records" is defined in [Section XX of Exhibit XX].
 - "Capital Items" is defined in Section 10.2(a).
 - "Capital Reserves" is defined in Section 10.2(a).
 - "Capital Reserve Deposits" is defined in Section 10.2(a).
 - "CASp" is defined in Section 1.1(c).
 - "Casualty" is defined in Section 14.1.
 - "Casualty Notice" is defined in Section 14.1(a).
 - "Certificate of Completion" is defined in the Vertical DDA"
- "CFD Assessment" means the Mello-Roos Taxes to be levied on the Land (and other property in the [SWL 337 Project area]) in accordance with the terms and conditions of the "Rate and Method of Apportionment of Special Tax" applicable to the Infrastructure CFD. [add reference to any other CFDs that might be in place]*
 - "City" means the City and County of San Francisco, a municipal corporation.
- "City Fiscal Year" means the period beginning on July 1 of any year and ending on the following June 30.
 - "Commencement Date" is defined in the Basic Lease Information.
 - "Common Control" means that two Persons are both Controlled by the same other Person.
- "Completion" means completion of construction of all or any applicable portion of the Initial Improvements, in accordance with the terms hereof, as conclusively evidenced by the issuance of a temporary certificate of occupancy. "Complete" has a correlative meaning.
- "Condemnation" means the taking or damaging, including severance damage, of all or any part of any property, or the right of possession thereof, by eminent domain, inverse condemnation, or for any public or quasi-public use under the law. Condemnation may occur pursuant to the recording of a final order of condemnation, or by a voluntary sale of all or any part of any property to any Person having the power of eminent domain (or to a designee of any such Person), provided that the property or such part thereof is then under the threat of condemnation or such sale occurs by way of settlement of a condemnation action.
- "Condemnation Date" means the earlier of: (a) the date when the right of possession of the condemned property is taken by the condemning authority; or (b) the date when title to the condemned property (or any part thereof) vests in the condemning authority.
 - "Condemned Land Value" is defined in Section 15.4(iii).
 - "Construction" is defined in Section 12.1(a).
 - "Construction Impacts" is defined in Section 4.1.
- "Control" is defined in Section 18.1(a). "Controlled" and "Controlling" have correlative meanings.
 - "DDA" is defined in Recital C.
 - "Default Rate" is defined in Section XXX.

"Demolish and Remove" means the demolition of the Improvements and the removal and disposal of all debris in accordance with all Laws. "Demolition and Removal" has a correlative meaning.

"Demolition Option" is defined in Section 36.2(a).

"Design Controls" means the Design for Development for Mission Rock that the Port Commission and the Planning Commission approved.

"Development Agreement" means that certain Development Agreement between and ______, 20xx, as may be amended from time to time.

"Development Documents" means (i) the SUD; (ii) the Design for Development (including the Green Building Specifications); (iii) the Port Plans and Policies; and (iv) the Development Agreement. [TBC]

"Development Projects" is defined in Section 4.1.

"Disabled Access Laws" means all Laws related to access for persons with disabilities including, without limitation, the Americans with Disabilities Act, 42 U.S.C.S. Section 12101 et seq. and disabled access laws under the Port's building code.

"Economically Infeasible Termination Notice" is defined in Section 7.3.

"Effective Date" is defined in Section 46.12,

"Encroachment Area" is defined in Section 1.1(e)(i).

"Encroachment Area Charge" is defined in Section 1.1(e)(i).

"Environmental Financial Performance Deposit" is defined in Section 17.2.

"Environmental Laws" is defined in Section 21.6.

"Environmental Notice" is defined in Section 17.3(b).

"Environmental Oversight Deposit" is defined in Section 17.3(a).

"Environmental Regulatory Action" is defined in Section 21.6.

"Environmental Regulatory Agency" is defined in Section 21.6.

"Event of Default" is defined in Section 24.1.

"Exacerbate" or "Exacerbating" is defined in Section 21.6.

"Exempt Parcel" means, depending on the context: (i) any assessor's parcel of a real property interest that is exempt from property taxation under California law; and (ii) any assessor's parcel of a real property interest that is exempt from Mellor-Roos Taxes under an RMA. "Exempt Parcel" excludes any parcel that: (1) the Port or any other Regulatory Agency acquires by gift, devise, negotiated transaction, or foreclosure; (2) the Port acquires under the DDA; or (3) is in private use for taxable purposes.

"Excepted Hazardous Materials" is defined in Section 21.1.

"Excluded Transfer" is defined in Section 18.1(a).

"Executive Director" means the Executive Director of the Port or his or her designee.

"Facilities Condition Report" is defined in Section 10.2(b).

"FCR Date" is defined in Section 10.2(a).

"Final Construction Documents" means plans and specifications sufficient for the processing of an application for a building permit in accordance with applicable Laws.

"Final Map" means a final Subdivision Map meeting the requirements of the Subdivision Code and the Map Act, subject to amendments made by the DA Ordinance.

"Flagpoles" is defined in Section 9.5.

"FOG Ordinance" means Sections 140-140.7 of Article 4.1 of the San Francisco Public Works Code, or any subsequent amendment or replacement of the same that sets forth prohibitions, limitations and requirements for the discharge of fats, oils and grease into the City's sewer system by food service establishments.

"Force Majeure" means events which result in delays in a Party's performance of its obligations hereunder due to causes beyond such Party's control and not caused by the acts or omissions of such Party, including, but not restricted to, acts of nature or of the public enemy, fires, floods, earthquakes, tidal waves, strikes, freight embargoes, and unusually severe weather. Force Majeure does not include (i) failure to obtain financing or failure to have adequate funds, (ii) sea level rise, (iii) flooding as a result of curbless streets and/or sidewalks, or (iv) any event that does not cause an actual delay. The delay caused by Force Majeure includes not only the period of time during which performance of an act is hindered, but also such additional time thereafter as may reasonably be required to make additional repairs or obtain additional Regulatory Approvals that would not have otherwise been required but for the Force Majeure Event.

"Foreclosed Property" is defined in Section 40,4(a).

"Foreclosure" means a foreclosure of a Mortgage or other proceedings in the nature of foreclosure (whether conducted pursuant to court order or pursuant to a power of sale contained in the Mortgage), deed or voluntary assignment or other conveyance in lieu thereof.

"Foreclosure Period" is defined in Section 40.3(b).

"Generator" is described in Section 21.2(d)

"graffiti" is defined in Section 9.6.

"Gross Income" is defined in [Section XX in Exhibit XX].

"Handle" is defined in Section 21.6.

"Hard costs" is defined in Section 10.5.

"Hazardous Material" is defined in Section 21.6.

"Hazardous Material Claim" is defined in Section 21.6.

"Hazardous Material Condition" is defined in Section 21.6.

"Impositions" is defined in Section 5.1(b).

"Improvements" means all buildings, structures, fixtures and other improvements erected, built, placed, installed, constructed, renovated, or Restored, located upon or within the Premises on or after the Commencement Date, including, but not limited to, the Initial Improvements and any Subsequent Construction.

"Indemnified Parties" means City, including, but not limited to, all of its boards, commissions, departments, agencies and other subdivisions, including, without limitation, the Port; all of the Agents of the City, including its Port, and all of their respective heirs, legal representatives, successors and assigns, all other Person acting on their behalf, and each of them.

"Indemnify" means indemnify, protect and hold harmless.

"Index" is defined in **Section XX** [of **Exhibit D**].

"Infrastructure CFD" means the City and County of San Francisco Community Facilities District No. [__] (Mission Rock Public Improvements).

"Initial Improvements" means all Improvements to be built on the Premises or portion(s) thereof [Note: add if included in VCA] [including the Deferred Infrastructure] in accordance with the Vertical DDA, Scope of Development, and SUD.

"Investigate" or "Investigation is defined in Section 21.6.

"Invitees" when used with respect to Tenant means the customers, patrons, invitees, guests, members, licensees, assignees and Subtenants of Tenant and the customers, patrons, invitees, guests, members, licensees, assignees and sub-tenants of Subtenants.

"Land" is defined in Basic Lease Information.

"Late Charge" is defined in Section XX.

"Law" or "Laws" means any one or more present and future laws, (including Environmental Laws) ordinances, rules, regulations, permits, authorizations, orders and requirements, to the extent applicable to the Parties or to the Premises or any portion thereof, whether or not in the present contemplation of the Parties, including, without limitation, all consents or approvals (including Regulatory Approvals) required to be obtained from, and all rules and regulations of, and all building and zoning laws of, all federal, state, county and municipal governments, the departments, bureaus, agencies or commissions thereof, authorities, boards of officers, any national or local board of fire underwriters, or any other body or bodies exercising similar functions, having or acquiring jurisdiction of, or which may affect or be applicable to, the Premises or any part thereof, including, without limitation, any subsurface area, the use thereof and of the buildings and Improvements thereon.

"Lease" means this lease, as it may be amended from time to time.

"Leasehold" or "Leasehold Estate" means Tenant's leasehold estate created by this Lease.

"Leasing Activity Report" is defined in Section 9.3.

"Leasing Agent" is defined in Section 9.2.

"Lease Year" is defined in Exhibit D.

"Lender Acquisition" is defined in Section 40.4(a).

"Lender" means the holder or holders of a Mortgage in compliance with Article 40 and, if the Mortgage is held by or for the benefit of a trustee, agent or representative of one or more financial institutions, the financial institutions on whose behalf the Mortgage is being held. Multiple financial institutions participating in a single financing secured by a single Mortgage will be deemed a single Lender for purposes of this Lease.

"Loss" or "Losses" when used with reference to any Indemnity means any and all claims, demands, losses, liabilities (including direct or vicarious liabilities), damages (including foreseeable and unforeseeable, incidental and consequential damages), liens, obligations, interest, injuries, penalties, fines, lawsuits and other proceedings, judgments and awards and costs and expenses, (including, without limitation, reasonable Attorneys' Fees and Costs and consultants' fees and costs) of whatever kind or nature, known or unknown, contingent or otherwise.

"Low Income Housing Tax Credit" means a tax credit obtained in accordance with 26 U.S. Code §42 (as amended from time to time), or an equivalent federal or state tax credit program for affordable housing.

"Maintenance Notice" is defined in Section 10.5.

"Major Casualty" means damage to or destruction of all or any portion of the Premises to the extent that the hard costs of Restoration will exceed thirty percent (30%) of the hard costs to replace the Premises in their entirety. The calculation of such percentage will be based upon

replacement costs and requirements of applicable Laws in effect as of the date of the event causing such Major Casualty.

- "Managing Party" is defined in Section 18.1(a).
- "Master Developer" is defined in Recital C.
- "Master Lease" is defined in Recital C.
- "Master Signage Program" means XXX.
- "Material Systems" is defined in Section 10.5.
- "Mello-Roos Taxes" means special taxes that the City levies in a City Fiscal Year on Taxable Parcels in the Mission Rock CFD in accordance with the RMA, including delinquent special taxes collected at any time by payment or through foreclosure.
- "Memorandum of Lease" means the Memorandum of this Lease, between Port and Tenant, recorded in the Official Records, in the form of *Exhibit XX* attached hereto.
 - "Minimum Net Worth Amount" is defined in Section 18.1(a).
 - "Minimum Public Benefit Area" is defined in the Basic Lease Information.
 - "Mission Rock" is defined in XXX
 - "Mission Rock Agreements" is defined in XXX
 - "Mission Rock CFD" is a term used to refer to CFD No. XXXX, if and when formed.
 - "Mission Rock Project" is defined in XXX
 - "Mission Rock Risk Management Plan" is defined in XXX
 - "Mission Rock Site Project" is defined in XXX
- "Mitigation Monitoring and Reporting Program" means the Mitigation Monitoring and Reporting Program described in *Exhibit XX*.
- "Mortgage" means a mortgage, deed of trust, assignment of rents, fixture filing, security agreement or similar security instrument or assignment of the Leasehold Estate recorded in the Official Records.
 - "Net Awards and Payments" is defined in Section 15.4.
 - "Net Worth Guarantor" is defined in Section 18.1(a).
 - "Net Worth Guaranty" is defined in Section 18.1(a).
 - "Net Worth Requirement" is defined in Section 18.1(a).
 - "New Hazardous Material" is defined in Section 21.6.
 - "New Lease" is defined in Section 40.10.
 - "New Lease Execution Period" is defined in Section 40.10(i).
 - "Non-Disturbance Agreements" is defined in Section 18.4(a).
 - "Notice of Special Tax" is defined in Section 5.2(a).
 - "Notice to Vacate" is defined in Section 1.1(e)(i).
- "Official Records" means, with respect to the recordation of Mortgages and other documents and instruments, the Official Records of the City and County of San Francisco.
 - "Other Property Agreements" is defined in Section 40.12.
 - "Partial Condemnation" is defined in Section 15.3(b).

- "Party" means Port or Tenant, as a party to this Lease; "Parties" means both Port and Tenant, as Parties to this Lease.
 - "PCBs" is defined in Section 21.6.
 - "Percentage Rent" is defined in Exhibit D.
 - "Permitted Title Exceptions" is defined in Section 1.1(b).
 - "Permitted Uses" is defined in Section 3.1.
- "Person" means any individual, partnership, corporation (including, but not limited to, any business trust), limited liability company, joint stock company, trust, unincorporated association, joint venture or any other entity or association, the United States, or a federal, state or political subdivision thereof.
- "Personal Property" means all fixtures, furniture, furnishings, equipment, machinery, supplies, software and other tangible personal property that is incident to the ownership, development or operation of the Improvements and/or the Premises, whether now or hereafter located in, upon or about the Premises, belonging to Tenant and/or in which Tenant has or may hereafter acquire an ownership interest, together with all present and future attachments, accessions, replacements, substitutions and additions thereto or therefor.
 - "Pesticide Ordinance" is described in Section 21.5.
- "Phase" means one of the integrated stages of horizontal and vertical development for the Project Site as shown in the Phasing Plan.
- "Phase Area" means the Development Parcels and other land in the Project Site that are to be developed in a Phase.
- "Phasing Plan" means DDA Exh A4, which shows the order of development of the Phases and the Development Parcels in each Phase Area, subject to revision under DDA art. 3 (Phase Approval).
 - "Port" means the San Francisco Port Commission.
 - "Port Environmental Risk Policy" is defined in Section 17.2.
 - "Port's Repair Notice" is defined in Section 10.5.
- "Pre-Existing Hazardous Materials" means any Hazardous Material existing on the Premises as of the Effective Date and identified in the [_____], or Mission Rock Risk Management Plan.
 - "Premises" is defined in Section 1.1(a)
 - "Prevailing party" is defined in Section 46.11.
- "Prime Rate" means the base rate on corporate loans posted by at least 75% of the nation's 30 largest banks, as published by the Wall Street Journal, or if the Wall Street Journal has ceased to publish the Prime Rate, then such other equivalent recognized source.
 - "Prohibited Use" is defined in Section 3.2.
 - "Prohibited Use Charge" is defined in Section 3.3.
- "Project" means the project described in the Scope of Development attached hereto as *Exhibit C*, including all Improvements.
 - "Project Approvals" is defined in the Basic Lease Information.
 - "Property" is defined in Basic Lease Information.
 - "public work" is defined in Section 12.4(g).

- "Qualified Transferee" is defined in Section 18.1(a).
- "reasonable wear and tear" is defined in Section 10.1.
- "Record Drawings" is defined in Section 12.6(a).
- "Refinancing Proceeds" is defined in XXX.
- "Refinancing" is defined in XXX.
- "Regulatory Approval" means any authorization, approval or permit required by any governmental agency having jurisdiction over the Premises, including, but not limited to, the City, RWQCB, SFPW, the Army Corps of Engineers, and any Environmental Regulatory Agency.
 - "Reimbursable Subtenant Costs" is defined in Section 18.4(b)(vi)(3).
 - "Release" is defined in Section 21.6.
 - "Remediate" or "Remediation" is defined in Section 21.6.
- "Rent" means the sum of Base Rent (including all adjustments), Percentage Rent, Sale Proceeds, Refinancing Proceeds, Additional Rent and all other sums payable by Tenant to Port hereunder, including any Late Charges and interest assessed at the Default Rate.
 - "Replacement Notice" is defined in Section 9.5.
 - ["Required Uses" is defined in the Basic Lease Information.]
- "Restoration" means the restoration, replacement, or rebuilding of the Improvements (or the relevant portion thereof) in accordance with all Laws then applicable. All Restoration will be conducted in accordance with the provisions of *Section 12*. "Restore" and "Restored" have correlative meanings.
 - "RMA" is an acronym for the Rate and Method of Apportionment.
- "RWQCB" will mean the San Francisco Bay Regional Water Quality Control Board of Cal/EPA, a state agency.
 - "Sale" is defined in XXX.
 - "Sale period" is defined in Section 40.4(d).
 - "Sales Proceeds" is defined in XXX.
 - "Second NDA Notice" is defined in Section 18.4(e)(ii).
 - "Security Deposit" is defined in Section 17.4(a).
 - "Senior Lender" is defined in Section 40.7(a).
 - "SFPUC" means the San Francisco Public Utilities Commission.
 - "SFPW" means San Francisco Public Works.
 - "Sign" is defined in Section 3.4.
 - "Significant Change" is defined in Section 18.1(a).
 - "Significant Change Certificate" is defined in Section 18.1(b)(ii).
 - "Special City and Port Provisions" is defined in Section 25.1.
 - "State" means the State of California.
- "State Lands Indemnified Parties" means the State of California, the California State Lands Commission, all of its heirs, legal representatives, successors and assigns, and all other Persons acting on its behalf.

"Sublease" means any lease, sublease, license, concession or other agreement (including, without limitation, a Sublease to Port) by which Tenant leases, subleases, demises, licenses or otherwise grants to any Person in conformity with the provisions of this Lease, the right to occupy or use any portion of the Premises (whether in common with or to the exclusion of other Persons), and any amendment, modification or supplement thereto.

"Subleased Space" means the portion of the Premises subject to a Sublease.

"Subsequent Construction" means all repairs to and reconstruction, replacement, addition, expansion, Restoration, alteration or modification of any Improvements, or any construction of additional Improvements, following completion of the Initial Improvements.

"Substantial Condemnation" is defined in Section 15.3(a).

"Subtenant" means any Person leasing, using, occupying or having the right to occupy any portion of the Premises under and by virtue of a Sublease.

"SUD" means Planning Code Section 249.XX establishing the [Mission Rock] Special Use District, as it may be amended from time to time.

"Taxable Parcel" means an assessor's parcel of real property or other real estate interest created by each Phase Final Map that is not an Exempt Parcel, which may include leased space occupied for private use in an Exempt Parcel.

"Tenant" is defined in the Basic Lease Information, and its permitted successors and assigns.

"Term" is defined in Section 1.2.

"Termination Notice for Change in Laws" is defined in Section 7.3.

"Termination Option" is defined in Section 7.3.

"Total Condemnation is defined in Section 15.2.

"Transportation Demand Management Plan" means the Transportation Demand Management Plan attached hereto as *Exhibit XX*.

"Transfer" is defined in Section 18.1(a).

"Uninsured Casualty" is defined in Section 14.3.

"Unmatured Event of Default" means any default that, with the giving of notice or the passage of time, or both, would constitute an Event of Default.

"VCA" means the Vertical Cooperation Agreement dated [_____] between Tenant and Master Developer that is attached as *Exhibit [XX]* to the Vertical DDA.

"Vertical DDA" means the Vertical Disposition and Development Agreement between Port and [Tenant, as developer,] dated as of [_____].

"Work" is defined in Section 12.5.

"Workforce Development Plan" is defined in Article 42.

"worth at the time of award" is defined in Section 25.4.

EXHIBIT D

ARTICLE 3

RENT

3. Rent.

3.1 Prepaid Rent.

The Parties acknowledge that this Lease is a [Fully Pre-paid] [Hybrid Lease], as that term is defined in the Financing Plan attached as Exhibit XX to the DDA. On or before the Commencement Date, Tenant will pay to Port the [Pre-Paid Amount] or [Hybrid Amount], as set forth in the Basic Lease Information.

3.2 Tenant's Covenant to Pay Rent.

During the Term, Tenant will pay Rent for the Premises to Port at the times and in the manner provided in this <u>Article 3</u>.

3.3 [Note: include this section for Hybrid Leases only] Base Rent.

3.4 [Note: include this section for all leases other than fully pre-paid leases] Adjustments to Base Rent.

(a) <u>Definitions</u>

"Adjustment Date" means the first day of the eleventh (11th) Lease Year and every ten (10) years thereafter.

"Lease Year" means each calendar year starting on January 1 and ending December 31.

(b) Adjustment to Base Rent. On each Adjustment Date, the annual Base Rent payable under this Lease will be adjusted to equal eighty-five percent (85%) of the annual average of the sum of Base Rent and Percentage Rent for the thirty-six (36) month period immediately prior to the applicable Adjustment Date.

3.5 Percentage Rent.

(a) <u>Definitions</u>.

- (i) "Adjusted Gross Income" means Gross Income less Adjustments.
- (ii) "Adjustments" means the following items (without duplication):
- (1) all Impositions paid by Tenant and allocated on a straight-line basis during the Lease Year in which the applicable Imposition was paid;
- (2) all charges and bills for utilities, including, without limitation, charges for water, gas, oil, sanitary and storm sewer, and electricity paid by Tenant; and
- (3) insurance premiums for insuring the Improvements in compliance with **Section 20** and allocated on a straight-line basis during the Lease Year in which the applicable insurance premium was paid.
- "Gross Income" means for each Lease Year or portion thereof, the following: all payments, revenues, fees or amounts received by Tenant or by any other party for the account of Tenant from any Person for any Person's use or occupancy of any portion of the Premises (excluding security or other deposits to be returned to such Person upon the termination of such use or occupancy), or from any other sales, advertising, concessions, licensing or programming generated from the Premises, including, without limitation, all base rent, percentage rent, payments made to Tenant from any Subtenant to reimburse Tenant for operating expenses, common area maintenance expenses, insurance expenses, Impositions, or, in the case of tenant improvements and finishes to prepare portions of the Premises for occupancy or use by such Subtenant (other than as set forth below with respect to tenant improvements), license fees, parking charges, advertising revenues, event or promotional fees, charges and permit fees. Without limiting the foregoing, "Gross Income" also includes any and all payments made to Tenant from the Business Interruption or delayed opening insurance proceeds, "Gross Income" does not include any of the following: (i) proceeds from any sale, transfer, hypothecation or condemnation of all or any part of Tenant's interest in the Lease, (ii) any Refinancing Proceeds or any other capital proceeds, (iii) insurance proceeds arising from a Casualty at the Premises (provided that if such insurance proceeds exceed the actual cost incurred by Tenant to repair and restore the Premises, then the difference will be included in the calculation of Gross Income); (iv) payments from any Subtenant to Tenant to reimburse Tenant for actual costs paid by Tenant to an operator of a parking garage or surface parking lot within the Mission Rock Site for the number of parking spaces paid by such Subtenant; or (v) payments from any Subtenant to reimburse Tenant for Tenant's actual out-of-pocket costs related to materials, labor, and nonaffiliated general contractor fees for tenant improvement work performed by Tenant on behalf of Subtenant.

(b) Payment of Percentage Rent.

(i) Tenant will pay to Port percentage rent ("Percentage Rent") in accordance with this *Section 3.5*. Tenant will pay to Port Percentage Rent on a quarterly basis equal to [(i)] XX percent (XXX%) of Adjusted Gross Income generated at or from the Premises for the applicable quarter, [Note: following applicable only for parcels that are publicly offered]: (ii) XXX percent (XX%) of Gross Income payable to Tenant from any Subleases for retail use or

space [Note: percentage may vary by use]; and (iii) XX percent (XX%) of [housing/commercial rent/revenues]]

(ii) Tenant will determine the actual Percentage Rent payable for each calendar quarter during the Term by the twentieth (20th) day of the immediately following calendar quarter. In the event this Lease expires or terminates on a day other than the last day of a calendar quarter, Percentage Rent for such fractional part of the calendar quarter preceding such expiration or termination date will be prorated to account for the partial calendar quarter and paid within twenty (20) days after such expiration or termination date, but if this Lease terminates as a result of a Tenant Event of Default, any amounts due hereunder will be payable immediately upon termination.

(c) Reporting of Percentage Rent.

- (i) Tenant will deliver to Port a complete statement setting forth in reasonable detail its Adjusted Gross Income for each calendar quarter, including an itemized list of all Adjustments from Gross Income that Tenant claims and which are expressly permitted under this Lease, and a computation of the Percentage Rent for each calendar quarter (the "Quarterly Percentage Rent Statement") substantially in the form of Exhibit XX, by the twentieth (20th) day of the immediately following calendar quarter. In addition, Tenant will furnish to Port, within sixty (60) days after the expiration of each Lease Year, a complete statement, showing the computation of Gross Income, Adjusted Gross Income, including an itemized list of all Adjustments from Gross Income that Tenant claims and which are expressly permitted under this Lease, and the Percentage Rent for each calendar quarter in the immediately preceding Lease Year ("Annual Percentage Rent Statement;" together with the Quarterly Percentage Rent Statement, "Percentage Rent Statement") substantially in the form of Exhibit XX.
- (ii) Tenant will substantiate actual Adjustments with proof of expenditure, which may include: (i) copies of canceled checks, (ii) bills, contracts and invoices marked "Paid", and (iii) and such other proofs of expenditure as may be reasonably approved by Port. All actual Adjustments will be documented no later than in the applicable Annual Percentage Rent Statement.
- (iii) A financial officer or other accountant employed by Tenant who is authorized and competent to prepare such Quarterly Percentage Rent Statement must certify each Quarterly Percentage Rent Statement as accurate, complete and current. Each Quarterly Percentage Rent Statement will be certified as accurate, complete and current by a financial officer or other accountant employed by Tenant who is authorized and competent to make such Quarterly Percentage Rent Statement. Each Annual Percentage Rent Statement will be certified as accurate, complete and current by an independent certified public accounting firm, the following of which are pre-approved by Port: Deloitte & Touche, Ernst & Young, Arthur Andersen, KPMG and Price Waterhouse Coopers. Tenant must obtain Port's prior approval, not to be unreasonably withheld, for all other certified public accounting firms certifying each Annual Percentage Rent Statement.
- (iv) If Port receives the Percentage Rent payment but does not receive the applicable Percentage Rent Statement by the twentieth (20th) day of the immediately following

calendar quarter for Quarterly Rent Statements and the sixtieth (60th) day of the immediately following Lease Year, such failure, until cured, will be treated as a late payment of Percentage Rent, subject to a Late Charge.

- (v) If Tenant fails to deliver any Percentage Rent Statement within the time period set forth in this Section 3.5(c) (irrespective of whether any Percentage Rent is actually paid or payable by Tenant to Port) and such failure continues for thirty (30) days after the date Port delivers to Tenant written notice of such failure, Port will have the right, among its other remedies under this Lease, to have a Port Representative examine Tenant's Books and Records (and, to the extent permitted by the applicable Sublease, the Books and Records of any other occupant of the Premises) as may be necessary to determine the amount of Percentage Rent due to Port for the period in question. The determination made by Port Representative will be binding upon Tenant, absent manifest error, and Tenant will promptly pay to Port the total cost of the examination, together with the full amount of Percentage Rent due and payable for the period in question, including any Late Charge and interest at the Default Rate.
- (vi) If the Annual Percentage Rent Statement reflects that the Percentage Rent paid by Tenant during the applicable Lease Year is greater than the Percentage Rent actually due for such period, Tenant must submit payment of the balance owing together with such Annual Percentage Rent Statement showing that Tenant has underpaid Percentage Rent. At Port's option, overpayments may be refunded to Tenant, applied to any other amount then due under this Lease and unpaid, or applied to Rent due at the first opportunity following Tenant's delivery of the Annual Percentage Rent Statement showing an overpayment.

3.6 Port Participation in Sale Proceeds.

- (a) [Note: Applicable only for Horizontal Developer Affiliates] Distribution of, and Port's Participation in, Net Sale Proceeds before Early Transfer Date.
- (i) One Hundred Percent (100%) of Net Sale Proceeds from a Sale occurring at any time prior to the Early Transfer Date, less the following deductions in this <u>Section 3.6(a)</u>, will be deposited into the DRP Fund.
 - (1) Tenant's Purchase Price;
 - (2) Port's Attorneys' Fees and Costs associated with Port's review of the Qualifying Early Sale;
 - (3) Costs of Sale; and
 - (4) If the work product that is the subject of the Certified Entitlement Cost is purchased by the Transferee and useful in the construction or entitlement of the Vertical Project, Certified Entitlement Costs related to such purchased work product, if any.
- (ii) In addition to payment of Port's share of Net Sale Proceeds in accordance with [Section 3.6(a)], Tenant will pay Port a sum equal to Seventy-Five Thousand Dollars (\$75,000) for each 12-month period following the Commencement Date until the effective date of the Sale. By way of example only, if the Sale occurs on the last day of the twenty-fourth (24th) month after the Commencement Date, then Tenant will pay Port One Hundred Fifty Thousand Dollars (\$150,000). If Sale occurs at any time after the first twelve-month period, then the Seventy-Five Thousand Dollar amount will be pro-rated for such shorter period.

- (b) <u>Distribution of, and Port's Participation in, Net Sale Proceeds and Reassessment Events after Early Transfer Date</u>. (i) <u>Sale</u>. Tenant will pay Port one and one-half percent (1.5%) of the Net Sale Proceeds from each Sale occurring on or after the Early Transfer Date.
- (ii) Reassessment Event. For purposes of calculating Net Sale Proceeds on a Reappraisal Event, Tenant's Sale Proceeds from such Reappraisal Event will be deemed to be an amount equal to (1) the total ownership interests in Tenant after the Reappraisal Event held by the Person causing the Reappraisal Event (expressed as a percentage of total ownership interests in Tenant), multiplied by (2) the value assigned to the Leasehold Estate, as evidenced by (A) the estimated fair market value of the Leasehold Estate provided to the Assessor's Office in connection with the Reappraisal Event, or (B) if no such estimate is provided to the Assessor's Office, the appraised value of the Leasehold Estate established in an Appraisal Report reasonably approved by Port and Tenant.
- (c) <u>Manner of Payment</u>. The estimated closing statement will be updated as of the date of closing of the Sale to show the actual (i) Sale Proceeds from such Sale, and (ii) line item description of the deductions and exclusions from Sale Proceeds to arrive at Port's share of Net Sale Proceeds. If escrow is opened for a Sale, then Port's share of the proceeds from such Sale must be distributed through escrow. If no escrow is opened for a Sale, Port's share of proceeds from such Sale must be paid upon the closing of any such Sale.

This provision constitutes notice to Tenant that Port is to be paid in full its share of Net Sale Proceeds through the close of escrow or the closing of the applicable Sale. If Port is not paid full by such closing date, the amount due Port will be subject to a Late Charge and will accrue interest at the Default Rate from and after the closing until paid in full to Port. Port may reference in any estoppel certificate or other representation requested from Port that payment to Port of Port's share of proceeds from a Sale is a material obligation under the Lease, due and owing upon the closing of any Triggering Event, provided, however, failure to reference such obligation will in no way negate Tenant's obligation to pay, and Port's right to receive, Port's share of Net Sale Proceeds.

Within forty-five (45) days after any Sale, transferor Tenant will submit to Port a statement prepared in accordance with sound accounting principles consistently applied, and certified by transferor Tenant's chief executive officer or chief financial officer (or equivalent position), as current, complete and correct, confirming the actual amount of proceeds received; line item description of the deductions and exclusions from proceeds to arrive at Port's share of Net Sale Proceeds. At Port's option, any overpayments may be either refunded to transferor Tenant or applied to any other amount then due and unpaid under the Lease. Tenant will accompany the statement of Net Sale Proceeds with the amount of any underpayments. The statements delivered to Port under this Section are subject to the audit provisions of Section 3.9 for determination of the accuracy of Tenant's reporting of Port's share of Net Sale Proceeds.

- (d) <u>Survival</u>. The provisions of this <u>Section 3.6</u> will survive the earlier termination or expiration of this Lease for Sales occurring prior to such termination or expiration. Additionally, any release by Port of Tenant's obligations under this Lease in connection with any Sale is conditioned on Port's receipt of Port's share of Sale Proceeds.
- (e) <u>Additional Definitions</u>. The following definitions apply for purposes of this Section 3.6:

"Cash Consideration" means (i) cash, or (ii) cash equivalents.

"Certified Entitlement Costs" means Entitlement Costs, as certified in accordance with Attachment 1 to this Exhibit XX.

"Certified Total Development Costs" means the Total Development Costs, as certified in accordance with *Attachment 1 to this Exhibit XX*.

"CofO Issuance Date" means the date Port, in its regulatory capacity, issues a certificate of occupancy for the Initial Improvements.

"Costs of Sale" means only the following costs incurred by Tenant in connection with a Transfer: (i) brokerage commissions paid to licensed real estate brokers (provided, however, that in the case of brokerage commissions paid to Affiliate brokers, such commissions must be commercially reasonable), (ii) finder's fees (provided that in the case of finder's fees to Affiliates, such finder's fees must be commercially reasonable), (iii) reasonable and customary closing fees and costs including recording fees and transfer taxes, title insurance premiums and survey fees, (iv) reasonable advertising and marketing costs, and (v) reasonable Attorneys' Fees and Costs. "Costs of Sale" excludes adjustments to reflect prorations of rents, taxes or other items of income or expense customarily prorated in connection with sales of real property.

"Early Transfer Date" means the date that Port issues a site permit and first building permit addendum to allow commencement of construction of the Initial Improvements.

"Entitlement Costs" means Tenant's reasonable out-of-pocket costs actually incurred from and after the effective date of the Vertical DDA until the effective date of the Sale and attributable to the following only: designing the Initial Improvements; costs related to all land use approvals and entitlements, including preparation and processing of design review applications under the SUD and the Design Control, subdivision maps specific to the Premises that do not impact the subdivision map recorded on XXXX, in XXXXX, and costs of compliance with all conditions of approval and CEQA mitigation measures legally required by the City, Port or any other Regulatory Authority as a condition to obtaining the entitlements; architectural, engineering, consultants, community outreach, attorney and other professional fees reasonably necessary to obtain the entitlements; financing costs for loans obtained to finance the Entitle Costs; Base Rent and Impositions paid (and not reimbursed by the transferee or adjusted at the closing of the Sale) prior to the effective date of the Sale.

"Hard Costs" means reasonable out-of-pocket costs actually incurred by Tenant attributable solely to the cost of labor, materials and construction of the Initial Improvements. "Hard Costs" do not include the cost of any improvements for any specific or speculative Subtenant or any costs incurred after the issuance of a Certificate of Completion in accordance with [Article 13] of the VDDA..

"Initial Tenant" means [insert name of initial tenant entity].

"Net Sales Proceeds" means Sale Proceeds less:

- (i) Costs of Sale; and
- (ii) Port's Attorneys' Fees and Costs associated with Port's review of the Sale or Reassessment Event; and
- (iii) if the transferor Tenant (x) constructed the Initial Improvements, Tenant's Purchase Price (but only if such amount is not included in Certified Total Development Costs) plus the Certified Total Development Costs, or (y) if transferor Tenant did not construct the Initial Improvements, Tenant's Purchase Price; and
- (iii) the total amount of any Net Refinancing Proceeds from any Qualifying Refinancing by the transferor Tenant where Port received its share in such proceeds in

accordance with Section 3.7(a) below or any Net Sale Proceeds actually received by Port from any Reassessment Event prior to the last Sale in accordance with Section 3.6(b)(ii).

"Non-Cash Consideration" means consideration received by Tenant in connection with a Sale that is not Cash Consideration.

"Reassessment Event" means a change in ownership of real property as described in [Cal. Revenue and Taxation Code, [Chapter 2 (Change in Ownership and Purchase), Section 64], as that law is in effect as of [, 2017] and attached hereto as Exhibit [XX]].

"Recapitalization" means a transfer, in a single transaction or a related series of transactions that results in a change in the Person that had more than fifty percent (50%) of the ownership interest in Tenant (whether shares, partnership interests, membership interest or other equity, and whether one or more classes thereof, and whether direct or indirect).

"Sale" means either a Transfer (other than an Excluded Transfer) or Reassessment Event

"Sale Proceeds" means all consideration received by or for the account of Tenant in connection with a Sale, including Cash Consideration, the principal amount of any loan made by Tenant to a purchaser as part of the purchase price, or any other Non-Cash Consideration representing a portion of the purchase price. "Sale Proceeds" do not include a commitment by an owner (whether direct or indirect) of Tenant to fund its share of future capital calls to construct the Initial Improvements or Capital Items, in and of itself, will not be considered or deemed to be Recapitalization Proceeds.

"Soft Costs" means reasonable out-of-pocket costs actually incurred by the Tenant that actually constructs the Initial Improvements and attributable solely to architectural, engineering, consultant, attorney, and other professional fees, regulatory fees, CEQA mitigation measures, community benefits, Impact Fees (as defined in the Horizontal DDA), Port Costs and Other City Costs (as defined in the Vertical DDA), builder's risk insurance, performance and payment bonds, safety and security measures, and thirty party costs to prepare Certified Total Development Costs, in each case in connection with the Initial Improvements described in the Scope of Development. "Soft Costs" do not include costs associated with the design or construction any specific or speculative Subtenant improvements or any costs incurred after the issuance of a Certificate of Completion in accordance with [Article 13] of the VDDA.

"Tenant's Purchase Price" means (i) in the case of the Initial Tenant, the "Acquisition Price" under the Vertical DDA and (ii) in the case of each subsequent tenant following the Initial Tenant, the Sale Proceeds paid by such Tenant to the immediately prior tenant for the Leasehold Estate.

"Total Development Costs" means Soft Costs and Hard Costs.

3.7 Port Participation in Refinancing Proceeds.

- (a) <u>Port's Participation</u>. In connection with any Qualifying Refinancing, Tenant will pay to Port an amount equal to one and ½ percent (1.5%) of Net Refinancing Proceeds.
- (b) <u>Reporting of Refinancing Proceeds</u>. No less than fifteen (15) days prior to the close of escrow for each Refinancing, Tenant will deliver to Port, an estimated closing statement that includes the best estimate of the following items:
 - (i) Gross proceeds from Refinancing;

- (ii) The estimated Net Refinancing Proceeds including a separate line item for each of the costs permitted to be deducted from the gross proceeds from the Refinancing, as applicable to arrive at Net Refinancing Proceeds; and
 - (iii) The estimated Net Refinancing Proceeds allocated to Port and Tenant.
- Manner of Payment. The estimated closing statement will be updated as of the date for close of escrow under the Refinancing to show the actual (i) gross Refinancing Proceeds, (ii) Net Refinancing Proceeds and Port's share thereof, as applicable, and (iii) with respect to any Refinancing, line item description of the deductions and exclusions from Refinancing Proceeds to arrive at Net Refinancing Proceeds. Tenant must pay Port from the close of escrow of any Refinancing, Port's share of the Net Refinancing Proceeds. Port may reference in any estoppel certificate or other representation requested from Port by a Mortgage lender, that payment to Port of Port's share of Net Refinancing Proceeds is a material obligation under the Lease, due and owing at close of escrow of any Refinancing hereunder, provided, however, failure to reference such obligation will in no way negate Tenant's obligation to pay, and Port's right to receive, Port's share of Net Refinancing Proceeds. This provision constitutes notice to Tenant that Port is to be paid in full its share of Refinancing Proceeds through the close of escrow. If Port is not paid full by such closing date, the amount due Port will be subject to a Late Charge and will accrue interest at the Default Rate from and after the closing until paid in full to Port. Within forty-five days (45) after any Refinancing, Tenant will submit to Port a statement, prepared in accordance with sound accounting principles consistently applied, and certified by Tenant's chief executive officer or chief financial officer (or equivalent position) as current, complete and correct, confirming the actual amount of Refinancing Proceeds, disbursed, permitted deductions made from such proceeds, and the amount of Net Refinancing Proceeds due to Port and actually paid to Port. At Port's option, any overpayments will be either refunded to Tenant, applied to any other amount then due and unpaid, or credited against Rent due. Tenant will accompany the statement of Net Refinancing Proceeds with the amount of any underpayments. The statements delivered to Port under this Section 3.7(d) will be subject to the audit provisions of Section 3.9 for determination of the accuracy of Tenant's reporting of Net Refinancing Proceeds.
- (d) <u>Survival</u>. The provisions of this <u>Section 3.7</u> will survive the earlier termination or expiration of this Lease for any Qualifying Refinancing occurring prior to such termination or expiration.
- (e) <u>Additional Definitions</u>. The following additional definitions will apply for purposes of this Section.
- A "Capital Items" means replacements, repairs, and/or improvements to the Premises, the foundation and structural integrity of the Buildings, and all Material Systems serving the Improvements within the Premises that would be deemed capital assets under general accounting principles consistently applied.
- B "Net Refinancing Proceeds" means all gross principal amounts of any Refinancing occurring after the Effective Date hereof (plus, in the event of secondary financing, the original principal balance of any existing financing that is not repaid as a part of such secondary financing), after subtracting the following:

- (1) amounts needed to pay the lenders' actual costs of such Refinancing paid by Tenant including application fees, closing costs, points and other customary lenders' fees such as lenders' Attorneys' Fees and Costs and title insurance costs paid at close of escrow for such Refinancing;
- (2) amounts needed to pay Port's Attorneys' Fees and Costs associated with Port's review of the Refinancing; and
- (3) amounts needed to pay Tenant's Attorneys' Fees and Costs associated with the Refinancing; and
- (4) any portion of the Refinancing Proceeds that will be used for Capital Items approved in accordance with *Sections 10.2(d)* and 12:1;
- (5) brokerage commissions paid to licensed real estate brokers to arrange the Refinancing (provided, however, if commissions are paid to Affiliate brokers, such commissions must be commercially reasonable).
- C "Qualifying Refinancing" means any Refinancing that results in positive Net Refinancing Proceeds that is not in connection with (1) a Sale; or (2) the first permanent financing following Completion of the Initial Improvements that is secured by Tenant's leasehold interest in this Lease.
- D "Refinancing" means any secured debt financing or refinancing incurred by Tenant and secured by any Mortgage, which may include secured financing from an Affiliate of Tenant and any refinancing or replacement of existing debt secured by a Mortgage (including any permanent take-out financing for financing the construction of the Initial Improvements).
- E "Refinancing Proceeds" means all sums actually disbursed by a lender in connection with a Refinancing.
- 3.8 Books and Records. Tenant will keep books and records according to generally accepted accounting principles consistently applied or such other method as is reasonably acceptable to Port. "Books and Records" means all of Tenant's books, records, and accounting reports or statements relating to this Lease and the operation and maintenance of the Premises, including, without limitation, cash journals, rent rolls, general ledgers, income statements, bank statements, income tax schedules relating to the Property, and any other bookkeeping documents Tenant utilizes in its business operations for the Premises or in connection with any Sale or Refinancing. Tenant will maintain a separate set of accounts, including bank accounts, to allow a determination of expenses incurred and revenues generated directly from the Premises, including proceeds and costs incurred from any Sale and Refinancing. If Tenant operates all or any portion of the Premises through a Subtenant or Agent (other than Port), Tenant will cause such Subtenant or Agent to adhere to the foregoing requirements regarding books, records, accounting principles and the like.
- **3.9** Audit. Tenant agrees to make its Books and Records (and, to the extent within Tenant's control, the Books and Records of any other person relating to the matters identified in

Section 3.6(b)) available in the City and County of San Francisco to Port, or to any accountant employed or retained by Port or the City who is competent to examine and audit the Books and Records (hereinafter collectively referred to as "Port Representative"), for the purpose of examining said Books and Records to determine the accuracy of Tenant's reporting of Gross Income, Adjusted Gross Income, Sale Proceeds, Refinancing Proceeds and Port's share of the foregoing, for a period of five (5) years after the applicable Percentage Rent Statement (or closing statement with respect to a Sale or Refinancing) was delivered to Port. Tenant will reasonably cooperate with Port Representative during the course of any audit; provided however, once commenced, such audit will be diligently pursued to completion by Port within a reasonable time after its commencement. If an audit has commenced and Port claims that errors or omissions have occurred, Tenant will retain the Books and Records and make them available until those matters are resolved.

If an audit reveals that Tenant has understated its Gross Income, Adjusted Gross Income, Sale Proceeds, Net Sale Proceeds, Refinancing Proceeds, or Net Refinancing Proceeds for said audit period, Tenant will pay Port, within fifteen (15) days after receipt of such audit results, the difference between the amount Tenant has paid and the amount it should have paid to Port, plus interest at the Default Rate. If Tenant understates its Gross Income, Sale Proceeds, Refinancing Proceeds, or Port's share of the foregoing proceeds for any audit period by five percent (5%) or more of Tenant's understated amount, Tenant will pay Port's cost of the audit. Any overpayments revealed by an audit will be credited towards Rent payments due subsequent to the audit until credited in full.

- 3.10 Manner of Payment. Tenant will pay all Rent to Port in lawful money of the United States of America at the address for notices to Port specified in this Lease, or to such other Person or at such other place as Port may from time to time designate by notice to Tenant. Base Rent, Percentage Rent, and Port's share of Sale Proceeds and Refinancing Proceeds are payable without prior notice or demand. Rent is due and payable at the times provided in this Lease, provided that if no date for payment is otherwise specified, or if payment is stated to be due "upon demand," "promptly following notice," "upon receipt of invoice," or the like, then such Additional Rent is due thirty (30) days following the giving by Port and the receipt by Tenant of such demand, notice, invoice or the like to Tenant specifying that such sum is presently due and payable.
- 3.11 Interest on Delinquent Rent. Rent not paid when due will bear interest from the date due until paid at an annual interest rate equal to the greater of (i) ten percent (10%) or (ii) five percent (5%) in excess of the Prime Rate that is in effect as of the date payment is due (the "Default Rate"). However, interest will not be payable on Late Charges incurred by Tenant or to the extent such payment would violate any applicable usury or similar law. Payment of interest will not excuse or cure any default by Tenant.
- 3.12 Late Charge. Tenant acknowledges and agrees that late payment by Tenant to Port of Rent, or Tenant's failure to provide the Percentage Rent Statement to Port, will cause Port increased costs not contemplated by this Lease. The exact amount of such costs is extremely difficult to ascertain. Such costs include processing and accounting charges. Accordingly, without limiting any of Port's rights or remedies hereunder and regardless of whether such late payment results in a Tenant Event of Default, Tenant will pay a late charge (the "Late Charge") equal to the higher of (a) five percent (5%) of all Rent or any portion thereof which remains unpaid more than five (5) days following the date it is due (or with respect to a failure by Tenant

to deliver the Percentage Rent Statement to Port within five (5) days following the date it is due, five percent (5%) of Percentage Rent due for the subject period of the Percentage Rent Statement), or (b) [Note: Increase following amount by \$500 every 5 years after execution of the DDA: One Thousand Dollars (\$1,000)], which amount will be increased by an additional One Thousand Dollars (\$1,000) on the tenth (10th) anniversary of the Commencement Date and every ten (10) years thereafter; provided, however, Tenant will not be subject to a Late Charge more than once every calendar year if Tenant pays the unpaid Rent or delivers the Monthly Statement to Port, as applicable, within five (5) days of written notice from Port of such failure. The Parties agree that the Late Charge represents a fair and reasonable estimate of the cost that Port will incur by reason of a late payment by Tenant.

- 3.13 No Abatement or Setoff. Tenant will pay all Rent at the times and in the manner provided in this Lease without any abatement, setoff, credit, deduction, or counterclaim.
- Net Lease. It is the purpose of this Lease and intent of Port and Tenant that all Rent is absolutely net to Port, so that this Lease yields to Port the full amount of Rent at all times during the Term, without deduction, abatement or offset. Under no circumstances, whether now existing or hereafter arising, and whether or not beyond the present contemplation of the Parties is Port expected or required to incur any expense or make any payment of any kind with respect to this Lease or Tenant's use or occupancy of the Premises. Without limiting the foregoing, Tenant is solely responsible for paying each item of cost or expense of every kind and nature whatsoever, the payment of which Port would otherwise be or become liable by reason of Port's estate or interests in the Premises, any rights or interests of Port in or under this Lease, or the ownership, leasing, operation, management, maintenance, repair, rebuilding, remodeling, use or occupancy of the Premises, or any portion thereof. No occurrence or situation arising during the Term, or any Law, whether foreseen or unforeseen, and however extraordinary, relieves Tenant from its liability to pay all of the sums required by any of the provisions of this Lease, or otherwise relieves Tenant from any of its obligations under this Lease, or except as set forth in this Lease, gives Tenant any right to terminate this Lease in whole or in part. Tenant waives any rights now or hereafter conferred upon it by any Law to terminate this Lease or to receive any abatement, diminution, reduction or suspension of payment of such sums, on account of any such occurrence or situation, provided that such waiver will not affect or impair any right or remedy expressly provided Tenant under this Lease.
- 3.15 Survival. Tenant's obligation to pay any unpaid Rent due and payable will survive the expiration or earlier termination of this Lease.

ATTACHMENT 1 TO EXHIBIT D

PROCEDURES TO CERTIFY ENTITLEMENT COSTS AND TOTAL DEVELOPMENT COSTS

1. PORT REPRESENTATIVE.

If Tenant fails to deliver either the Certified Entitlement Cost Statement or the Certified Total Development Cost Statement, as applicable, within the time periods set forth herein, and such failure continues for thirty (30) days after the date Port delivers to Tenant written notice of such failure, Port has the right, among its other remedies under this Lease, to have a Port Representative examine Tenant's books and records as may be necessary to determine all the information required in the Certified Entitlement Cost Statement or Certified Total Development Cost Statement, as applicable. The determination made by Port Representative will be binding upon Tenant, absent manifest error, and Tenant must promptly pay to Port the total cost of the examination.

2. CERTIFIED COST STATEMENT.

- (a) Certified Entitlement Cost Statement. Within thirty (30) days prior to a Sale occurring before the Early Transfer Date or sixty (60) days following the Early Transfer Date for the Tenant that constructs the Initial Improvements, as applicable, Tenant will furnish Port with an itemized statement setting forth in detail the Entitlement Cost incurred by Tenant to the Building Permit Date or thirty (30) days prior to a Qualifying Early Sale, as applicable, certified as true, accurate and complete by an independent certified public accountant (the "Certified Entitlement Cost Statement").
- (b) Certified Total Development Cost Statement. Within the earlier of one hundred twenty (120) days following the issuance of a Certificate of Completion or thirty (30) days prior to a Sale after the Early Transfer Date, the Tenant that constructed the Initial Improvements will furnish Port with an itemized statement setting forth in detail the Total Development Cost incurred by such Tenant to the CofO Issuance Date, certified as true, accurate and complete by an independent certified public accountant (the "Certified Total Development Cost Statement").
- (b) Port Review. Port will notify the Tenant within sixty (60) days following Port's receipt of the Certified Entitlement Cost Statement or the Certified Total Development Cost Statement, as applicable, of Port's agreement or disagreement with such statement. If Port disagrees with any such statement, the Parties will meet to resolve the disagreement. If the Parties are unable to resolve their disagreement, either may Party exercise its rights under Section 3 (Audit Rights) of this Attachment 1 to Exhibit D.

3. AUDIT RIGHTS.

If Port disagrees with either the Certified Entitlement Cost Statement or the Certified Total Development Cost Statement, Port may request that such records be audited by an independent certified public accounting firm mutually acceptable to Port and Tenant, or if the Parties are unable to agree, either Party may apply to the Superior Court of the State of California in and for the County of San Francisco for appointment of an auditor meeting the foregoing qualifications. If the court denies or otherwise refuses to act upon such application, either Party may apply to the American Arbitration Association, or any similar provider of professional commercial arbitration services, for appointment in accordance with the rules and procedures of such organization of an independent auditor. Such audit will be binding on the Parties, except in the case of fraud, corruption or undue influence. Port will pay the entire cost of the audit unless the audit discovers that Tenant has overstated the Entitlement Cost or the Total Development Cost, as applicable, by more than three percent (3%) of the lower amount, in which case Tenant will pay the entire cost of the audit.

4. BOOKS AND RECORDS RELATED TO TOTAL DEVELOPMENT COSTS.

Tenant must keep accurate books and records of the Entitlement Costs and Total Development Costs incurred to date, funds expended by Tenant, outstanding Tenant capital, Tenant capital return accrued, and debt or other third-party proceeds received by or on behalf of Initial Tenant in connection with the development of the Initial Improvements, all in accordance with accounting principles generally accepted in the construction industry. Port, including its Agents, has the right to inspect Tenant's books and records regarding the development of the Initial Improvements, the costs incurred in connection therewith, and all other Entitlement Costs and Total Development Costs, including funds expended by Tenant, return accrued on such funds, and debt or other third party proceeds received by or on behalf of Tenant in connection with the development of the Initial Improvements in a location within San Francisco during regular business hours and upon reasonable advance notice.

EXHIBIT XX CFD MATTERS

[Note: To Be Attached.]

EXHIBIT XX

INSURANCE REQUIREMENTS

[Note: Insurance requirements for Form of Parcel Lease will be reviewed by City's Risk Manager for adequacy every 5 years from approval of DDA. Increases to insurance limits, if applicable, for all or any of its general liability policies will be made in the reasonable judgment of the City's Risk Manager, consistent with general commercial practice in San Francisco for facilities of comparable size and use to the Premises, with respect to risks comparable to those associated with the uses of the Premises.]

- 20.1 Property and Liability Coverage.
- (a) Required Types and Amounts of Insurance. Except as more specifically provided in this Exhibit N, Tenant will, at no cost to Port, obtain and maintain, and cause to be in effect at all times the types and amounts of insurance detailed below; provided, however, that Tenant reserves the right to utilize an owner controlled insurance program (OCIP) or contractor controlled insurance program (CCIP) to satisfy these insurance requirements. Such insurance shall remain in place from the Commencement Date to the later of (i) the last day of the Term, or (ii) the last day Tenant (A) is in possession of the Premises or (B) has the right of possession of the Premises (except as otherwise specified in this Exhibit N).
- Builders Risk Insurance. At all times during construction prior to Substantial Completion of the Initial Improvements [and Deferred Infrastructure], and during any period of Subsequent Construction, Tenant will maintain, or require to be maintained, on a form reasonably approved by Port, builders risk insurance (or its equivalent for any Subsequent Construction, which may include coverage under a property insurance program as referenced under Section 20.1(a)(ii)) in the amount equal to the 100% replacement cost value of any existing structures being rehabilitated or restored, and 100% of all new construction, including all materials and equipment to be used/incorporated on or about the Premises, and in transit or storage off-site (each subject to applicable sub-limits including a sub limit for debris removal including demolition of not less than 25% of construction value), against all risk or "special form" hazards, and earthquake and flood insurance (subject to Section 20.1(a)(ii)) including risks from any and all testing of any equipment, including Tenant as named insureds, with a deductible not to exceed One Hundred Thousand Dollars (\$100,000) (except as to earthquake and flood insurance for which the deductible will be in accordance with the requirements of Section 20.1 (a)(ii)). Such builders risk insurance will also extend to cover soft costs and loss of business income for any delayed completion period as caused by any of the perils or hazards set forth in and required to be insured pursuant to Section 20.1(a)(i), for a delay period of not less than two (2) years with a limit of not less than One Million Dollars (\$1,000,000); provided however that Tenant may request approval from the Port, which shall not be unreasonably withheld, of a lesser delay period or limit. If available at commercially reasonable rates, such builders risk insurance will also extend to cover the peril of terrorism.
 - (ii) Property Insurance: Earthquake and Flood Insurance.
- (1) Property Insurance. Upon Substantial Completion of the Initial Improvements, and upon completion of Subsequent Construction of any additional Improvements, Tenant will maintain, or require to be maintained, property insurance policies with coverage at least as broad as Insurance Services Office form CP 10 30 06 95 ("Causes of Loss Special Form" (or its replacement)), in an amount not less than 100% of the then-current full replacement cost of the Improvements including any foundations, pilings, excavations and footings, including increased cost of construction and demolition of damaged and undamaged structures due to the enforcement of Laws, (with a deductible not to exceed One Hundred Thousand Dollars, except as to earthquake and flood insurance). If available at commercially reasonable rates, such insurance will extend to cover the peril of terrorism. In addition to the foregoing, Tenant

may insure its Personal Property in such amounts as Tenant deems appropriate; and Port will have no interest in the proceeds of such Personal Property insurance.

- (2) Earthquake Insurance.
- (A) During Construction, and prior to Substantial Completion, of the Initial Improvements, earthquake insurance will be in an amount equal to at least the lesser of (i) the Probable Maximum Loss to the Initial Improvements or, (ii) the maximum amount that is available at commercially reasonable rates from recognized insurance carriers (with a deductible of up to but not to exceed ten percent (10%)) of the then-current, full replacement cost of the Initial Improvements without sub-limits for excavations and footings; provided that earthquake coverage is available at commercially reasonable rates), except that a greater deductible will be permitted to the extent that such coverage is not available from recognized insurance carriers or at commercially reasonable rates). "Probable Maximum Loss" means the scenario upper loss (SUL) estimate of damage that may occur to the structures with a ninety percent (90%) confidence of non-exceedance as a result of an earthquake with a return period of 224 years as determined prior to Completion of the Initial Improvements and thereafter not less frequently than every ten (10) years by a consultant chosen and paid for by Tenant who is reasonably satisfactory to Port; and
- (B) From and after Substantial Completion of the Initial Improvements, earthquake insurance will be in an amount equal to at least the lesser of (i) the Probable Maximum Loss to the Improvements, or (ii) the amount that is available at commercially reasonable rates from recognized insurance carriers, in each case, with a deductible of up to but not to exceed ten percent (10%) of the then-current, full replacement cost of the Initial Improvements, except that a greater deductible will be permitted to the extent that such coverage is not available from recognized insurance carriers or at commercially reasonable rates.
 - (3) Flood Insurance.
- (A) If the Premises is in a designated flood zone as depicted on current Flood Insurance Rate Maps ("FIRMs:) issued by the U.S. Department of Homeland Security's Federal Emergency Management Agency ("FEMA") or its successor, then Tenant will, during construction, and prior to Substantial Completion, of the Initial Improvements or any Subsequent Construction, obtain flood insurance from recognized insurance carriers (or through the National Flood Insurance Program ("NFIP")) equal to at least the lesser of (i) the maximum amount that is available at commercially reasonable rates from recognized insurance carriers or NFIP, or (ii) the then-current, full replacement cost of the Initial Improvements or Subsequent Construction, as applicable, (including building code upgrade coverage and without any deduction being made for depreciation), with a deductible of up to but not to exceed ten percent (10%) of the then-current, full replacement cost of the Initial Improvements, except that a greater deductible will be permitted to the extent that such coverage is not available from recognized insurance carriers or at commercially reasonable rates. Such flood insurance or replacement coverage will remain in full force and effect or be separately produced from and after the Substantial Completion of the Initial Improvements in amount equal to at least the lesser of (i) the maximum amount that is available at commercially reasonable rates from recognized insurance carriers or NFIP, or (ii) the then-current, full replacement cost of the Improvements (including the value of any and all Subsequent Construction) with a deductible of up to but not to exceed ten percent (10%) of the then-current, full replacement cost of the Initial Improvements, except that a greater deductible will be permitted to the extent that such coverage is not available from recognized insurance carriers or at commercially reasonable rates.
- (B) If the subject parcel is not in a designated flood zone as depicted on current FIRMs issued by the FEMA or its successor, Tenant will, during construction of the Initial Improvements, obtain flood insurance, to the extent available at commercially reasonable rates from recognized insurance carriers (or through the NFIP), in an amount equal to the

maximum amount of the then-current, full replacement cost of the Initial Improvements (including building code upgrade coverage and without any deduction being made for depreciation), with a deductible of up to but not to exceed ten percent (10%), except that a greater deductible will be permitted to the extent that flood coverage is not available from recognized insurance carriers (or through the NFIP) at commercially reasonable rates; and

From and after Substantial Completion of the Initial Improvements, flood insurance will be in an amount equal to at least the amount available at commercially reasonable rates from recognized insurance carriers or through the NFIP, with a deductible of up to but not to exceed ten percent (10%) of the then-current, full replacement cost of the Initial Improvements, except that a greater deductible will be permitted to the extent that such coverage is not available from recognized insurance carriers or at commercially reasonable rates.

- Exceptions for Earthquake and Flood Insurance. If Tenant determines that earthquake or flood insurance should not be carried on the Improvements because it is not (or no longer) available at commercially reasonable rates (or through the NFIP for flood insurance) or, in Tenant's reasonable business judgment, is imprudent, then Tenant will request in writing Port's consent to the absence or deletion thereof. However, with respect to earthquake or flood insurance during the construction of the Initial Improvements, a request for Port's consent to such determination by Tenant need not be submitted and Tenant may make such determination in its sole discretion. Any request for Port's consent required hereunder will include with such request evidence supporting Tenant's determination of commercial unreasonableness or imprudence as to the applicable coverage. Such evidence may include quotes, declinations, and notices of cancellation or non-renewal from leading insurance companies for the required coverage, percentage of overall operating expenses attributable thereto, and then current industry practice for comparable mixed-use/retail/office projects in San Francisco. Port will approve or disapprove the absence or deletion of earthquake or flood insurance within forty-five (45) days after Tenant's request. If Tenant elects not to carry or to discontinue such coverage with Port's approval, and Port later determines that due to changes in the industry or other changed circumstances, earthquake insurance or flood insurance, as applicable, has become commercially available at reasonable rates, then Port may notify Tenant thereof, and Tenant will add such coverage to its policy as soon as reasonably practicable thereafter.
- (iii) Commercial General Liability Insurance. Tenant will maintain, or require to be maintained, "Commercial General Liability" insurance insuring against claims for bodily injury (including death), property damage, personal injury and advertising injury, including coverage for premises operations, blanket contractual liability (to the extent possible under the above-referenced policy form or under a separate policy form), broad form property damage, and products and completed operations, with such insurance to afford protection in an amount not less than Fifteen Million Dollars (\$15,000,000) per occurrence and annual aggregate, and Fifteen Million Dollars (\$15,000,000) products and completed operations aggregate. Tenant's CGL policy shall contain no exclusion for explosion, collapse and underground liability. Tenant shall be responsible for satisfying any and all deductibles or retentions. Within thirty (30) days after the Substantial Completion of the Initial Improvements, or completion of any Subsequent Construction requiring Port's approval under Article 13 and annually for ten years thereafter, Tenant, or its successors and assigns, will provide Port with evidence that Tenant's Commercial General Liability insurance includes completed operations coverage for the Initial Improvements or Subsequent Construction, as applicable.

In addition, if Tenant has (or is required under Laws to have) a liquor license and is selling or distributing alcoholic beverages on the Premises, then Tenant will maintain, or require to be maintained, liquor liability coverage with limits not less than Three Million Dollars (\$3,000,000) per occurrence and annual aggregate and Tenant will require any Subtenant or operator who has (or is required under Laws to have) a liquor license and who is selling or distributing alcoholic beverages on the Premises, to maintain such coverage. All liability

insurance may be provided under a combination of primary and umbrella excess policies (including blanket policies) and may be provided under policies with a "claims made" trigger as provided in Section 20.1 (b)(viii).

- (iv) Workers' Compensation Insurance. During any period in which Tenant has employees, as defined in the California Labor Code, Tenant will maintain, or require to be maintained, policies of workers' compensation insurance providing statutory limits, including employer's liability coverage with limits not less than One Million Dollars (\$1,000,000) each accident and policy limit by disease (except that such insurance in excess of One Hundred Thousand (\$100,000) each accident may be covered by a so-called "umbrella" or "excess coverage" policy) covering liability for all persons directly employed by Tenant in connection with the use, operation and maintenance of the Premises and the Improvements.
- (v) Boiler and Machinery Insurance. If any of the following exposures are not covered by the insurance required by Section 20.1(a)(ii)(1), Tenant will maintain, or require to be maintained, boiler and machinery insurance covering damage to or loss or destruction of machinery and equipment located in, on, under, around, or about the Premises that is used by Tenant for heating, ventilating, air-conditioning, power generation and similar purposes, in an amount not less than one hundred percent (100%) of the actual replacement value of such machinery and equipment.
- (vi) Business Automobile Insurance. Tenant will maintain, or require to be maintained, policies of business automobile liability insurance covering all owned, non-owned or hired motor vehicles to be used by Tenant or their Agents, affording protection for bodily injury (including death) and property damage in the form of Combined Single Limit Bodily Injury and Property Damage with limits of not less than Five Million Dollars (\$5,000,000) per accident and annual aggregate.
- (vii) Business Income Insurance. If any of the following exposures are not covered by the insurance required by Section 20.1(a)(ii)(1), from and after Completion of the Initial Improvements, Tenant will maintain business income insurance, including loss of rents and extra expense caused by any of the perils or hazards set forth in and required to be insured pursuant to Section 20.1(a)(ii) covering an interruption period of not less than two (2) years, with a limit of not less than twenty-four (24) months' of Gross Income.
- Contractor's Pollution Legal Liability Insurance. Tenant will cause to be maintained during the period of construction of the Initial Improvements (and Deferred Infrastructure] and during any periods of Subsequent Construction that could reasonably be anticipated to involve a Release of Hazardous Materials on or about the Premises, Contractor's Pollution Legal Liability Insurance for Losses caused by pollution conditions, that are sudden, accidental or gradual, resulting from the Contractor's operations, or for which Contractor is legally liable, in connection with the construction of the Initial Improvements [or Deferred Infrastructure] or Subsequent Construction, whether such operations be by the Contractor or subcontractors, consultants or suppliers of the Contractor. The foregoing policy will contain minimum liability limits of 5 Million Dollars (\$5,000,000) per occurrence and 5 Million Dollars (\$5,000,000) in the aggregate with a deductible not to exceed One Hundred Thousand Dollars (\$100,000). The foregoing policy will at a minimum contain coverage for or be specifically endorsed to include coverage for pollution conditions resulting in, arising from or in connection with: (i) bodily injury (including death), property damage and environmental cleanup costs (onsite and off-site) resulting from construction of the Initial Improvements [and Deferred Infrastructure]; or Subsequent Construction, if applicable; (ii) the use or operation of motor vehicles (whether owned, non-owned or leased) in connection with construction of the Initial Improvements [and Deferred Infrastructure], or Subsequent Construction, if applicable, including transportation of any Hazardous Materials to or from the project site, including any interim or temporary storage or transfer sites (such transportation coverage will also include loading/unloading of materials); (iii) claims by third parties (other than a disposal site owner)

for bodily injury or property damage arising from any disposal location or facility, both final and temporary, to which any waste that is generated in connection with the construction of the Improvements under the VDDA (if in effect) or any Subsequent Construction for which such coverage is required or in connection with any remediation obligation of Tenant pursuant to Section 21 is delivered; all such disposal locations/facilities, both final and (where commercially available) temporary, will be scheduled to the foregoing policy as Non-Owned Disposal Sites for coverage under such policy. The foregoing policy will be written on an occurrence form and be in effect during the construction periods described above, or, if not available on an occurrence form, then on a claims-made form. If the foregoing policy is written on a claims made form, then the foregoing policy will be maintained for, or contain an extended reporting period of, at least five (5) years. The foregoing policy definition of "Covered Operations" or any other such designation of services or operations performed by the Contractor must include all work or services performed by such Contractor and its subcontractors, consultants, or suppliers as part of the construction of the Initial Improvements [and Deferred Infrastructure]or Subsequent Construction, if applicable.

- Professional Liability. Tenant will maintain or require to be maintained, projectspecific professional liability (errors and omissions) insurance, with limits not less than Five Million Dollars (\$5,000,000) each claim and annual aggregate, with respect to architectural, engineering, geotechnical, and environmental professional services, reasonably necessary or incidental to the construction of the Initial Improvements, [and Deferred Infrastructure] and any Subsequent Construction, with any deductible not to exceed One Hundred Thousand Dollars (\$100,000). Notwithstanding the foregoing, Tenant may elect, instead of obtaining the foregoing coverages in this Section 20.1(a)(ix), to require that any architects, contractors and sub-contractors performing professional services in connection with the Initial Improvements carry professional liability insurance (errors and omissions) in an amount not less than Two Million Dollars (\$2,000,000) each claim and annual aggregate with a deductible not to exceed One Hundred Thousand Dollars (\$100,000). Coverage provided architects, contractors and subcontractors performing professional services may be provided with a lower limit if either (i) the Tenant maintains an owners' protective professional indemnity (OPPI) policy for the difference or(ii) upon the prior written approval of Port, if requested by Tenant to accommodate the needs and limitations of LBE contractors used by Tenant. Such insurance will provide coverage during the period when such professional services are performed and for a period of (a) three (3) years after Completion of the Initial Improvements [and Deferred Infrastructure], and (b) three (3) years for any Subsequent Construction. With respect to Subsequent Construction, Tenant will require that any architect, contractor or subcontractor performing professional services in connection with such Subsequent Construction, carry professional liability insurance (errors and omissions) in an amount not less than One Million Dollars (\$1,000,000) each claim and annual aggregate with a deductible not to exceed One Hundred Thousand Dollars (\$100,000).
- (x) Other Insurance. If Tenant permits activities on Tenant's premises after construction is completed that are not covered by any of the policies listed in this agreement, or, alternatively not adequately covered given the insurance limits in place, the amount and type of insurance required for these activities will be mutually evaluated by the Port and the Tenant. Following consultation with Tenant, the Port may require that Tenant secure such other insurance or increase the insurance limits for any of Tenant's policies then in effect, if in the reasonable judgement of the City's Risk Manager it is the general commercial practice in San Francisco to carry such insurance and/or in the requested insurance limits for the subject activities taking into consideration the particular risks associated with such uses of the Premises, so long as any insurance required is generally available from recognized carriers at commercially reasonable rates. If Tenant determines that such other insurance or coverage amount should not be required because it is not available from recognized carries at commercially reasonable rates, then Tenant will provide to Port evidence supporting Tenant's determination of commercial unreasonableness as to the applicable coverage and any cost to

-5

maintain such additional insurance, if required by Port, shall be borne by Port and not by Tenant. Such evidence may include quotes, declinations, and notices of cancellation or non-renewal from leading insurance companies for the required coverage, percentage of overall operating expenses attributable thereto, and then current industry practice for comparable mixed-use/retail/office projects in San Francisco.

- (b) General Requirements.
- (i) As to all insurance required hereunder, such insurance shall be carried under a valid and enforceable policy or policies issued by insurers of recognized responsibility that are rated Best A—:VIII or better by the latest edition of Best's Key Rating Guide (or a comparable successor rating) and legally authorized to sell such insurance within the State of California;
- (ii) As to property insurance required hereunder, such insurance will name the Tenant as the first named insured, and will name the Port as a loss payee as its interest may appear. As to general liability, automobile liability, and umbrella or excess liability insurance (including blanket policies), such insurance will name as additional insureds by written endorsement: "THE CITY AND COUNTY OF SAN FRANCISCO AND THE SAN FRANCISCO PORT COMMISSION AND THEIR RESPECTIVE OFFICERS, DIRECTORS, EMPLOYEES AND AGENTS" as additional insureds for claims arising in connection with the Insured's operations.
- As to all insurance required hereunder, such insurance will be evaluated by Port and Tenant for adequacy every five (5) years from the date of Completion of Improvements. Following consultation with Tenant, Port may require, upon not less than ninety (90) days prior written notice, that Tenant increase the insurance limits for all or any of its general liability policies if in the reasonable judgment of the City's Risk Manager it is the general commercial practice in San Francisco to carry insurance for facilities of comparable size and use to the Premises in amounts substantially greater than the amounts being carried by Tenant with respect to risks comparable to those associated with the uses of the Premises. As part of such evaluation, Tenant may request that insurance limits for all or any of its general liability policies be decreased and, if the City's Risk Manager reasonably determines that the insurance limits required under this Section 20.1 may be decreased in light of such commercial practice and the risks associated with the uses of the Premises, Port will notify Tenant of such determination, and Tenant will have the right to decrease the insurance coverage required under this Lease accordingly. In such event, Tenant will promptly deliver to Port a certificate evidencing such new insurance amounts and additional insured endorsements in form satisfactory to Port, as applicable. If Tenant determines that such other insurance or coverage amount should not be required because it is not available from recognized carries at commercially reasonable rates, then Tenant will provide to Port evidence supporting Tenant's determination of commercial unreasonableness as to the applicable coverage and any cost to maintain such additional insurance, if required by Port, shall be borne by Port and not by Tenant. Such evidence may include quotes, declinations, and notices of cancellation or non-renewal from leading insurance companies for the required coverage, percentage of overall operating expenses attributable thereto, and then current industry practice for comparable mixed-use/retail/office projects in San Francisco.
- (iv) Thirty (30) days' advance written notice shall be provided to the Port of cancellation, intended non-renewal, or reduction in coverages, except for non-payment for which no less than ten (10) days' notice shall be provided to Port. Notices shall be sent to the Port address set forth in Section XX entitled "Notices to the Parties".
- (v) As to commercial general liability and automobile liability insurance, such insurance will provide that it constitutes primary insurance with respect to claims arising in connection with Tenant's completed and ongoing operations, and shall provide cross liability coverage (separation of insureds or severability of interests provision);

- (vi) As to liability, automobile, worker's compensation and property insurance required hereunder, such insurance will provide for waivers of any right of subrogation that the insurer of such party may acquire against each Party hereto with respect to any losses of the type covered under the policies required by Section 20.1(a); and
- (vii) All insurance will be subject to the approval of Port, which approval will be limited to whether or not such insurance meets the terms of this Lease, such approval not to be unreasonably withheld. As to any minimum deductible specified hereunder, Tenant may request approval from the Port, which shall not be unreasonably withheld, of a higher deductible.
- Certificates of Insurance: Right of Port to Maintain Insurance. Tenant will furnish Port certificates and additional insured endorsements in form satisfactory to Port with respect to the policies required under this Section within thirty (30) days, (i) on or prior to the Commencement Date (to the extent such policy is required to be carried as of the Commencement Date), (ii) for such policies required to be carried after the Commencement Date, on or prior to the date such policies are required, and (iii) with respect to renewal policies, within thirty (30) days after the policy renewal date of each such policy. Within thirty (30) days after Port's request, Tenant also will provide Port with copies of each such policy, or will otherwise make such policy available to Port for its review. If Tenant has determined that obtaining earthquake or flood insurance prior to commencement of construction of the Initial Improvements pursuant to Section 20.1(a)(ii)(4) is not commercially reasonable, then Tenant will provide Port with such documents evidencing such determination. If at any time Tenant fails to maintain the insurance required pursuant to this Section 20.1, or fails to deliver certificates and/or endorsements as required pursuant to this Section 20.1(c) then, upon thirty (30) business days' written notice to Tenant, Port may obtain and cause to be maintained in effect such insurance by taking out policies with companies satisfactory to Port. Within thirty (30) business days following demand, Tenant will reimburse Port for all amounts so paid by Port, together with all costs and expenses in connection therewith and interest thereon at the Default Rate.
- Insurance of Others. To the extent Tenant requires liability insurance policies (d) (other than employers' liability and professional liability) to be maintained by Subtenants, contractors, subcontractors or others in connection with their use or occupancy of, or their activities in, on, under, around, or about the Premises, Tenant will require that such policies be endorsed to include the CITY AND COUNTY OF SAN FRANCISCO AND THE SAN FRANCISCO PORT COMMISSION AND THEIR RESPECTIVE OFFICERS, DIRECTORS, EMPLOYEES AND AGENTS as additional insureds for claims arising in connection with the named insured's operations. Notwithstanding the foregoing, Tenant will endeavor to require all contractors and subcontractors performing work in, on, under, around, or about the Premises and all operators and Subtenants of any portion of the Premises to carry the following coverages, if applicable: (i) commercial general liability with limits of no less than One Million Dollars (\$1,000,000) per occurrence and Two Million Dollars (\$2,000,000) annual general aggregate, (ii) workers' compensation in amounts required by law, (iii) employer's liability coverage in an amount not less than One Million Dollars (\$1,000,000) per accident, per employee and policy limit for injury by disease, covering all employees employed at the Premises, (iv) automobile insurance in an amount not less than \$1,000,000 combined single limit covering use of owned, non-owned or hired vehicles utilized in the performance of work in, on, under, around, or about the Premises.
- (e) Primary/Excess Limits. All total limit requirements may be satisfied by any combination of primary, umbrella and excess liability policies (including blanket policies).

20.2 Release and Waiver.

Each Party hereby waives all rights of recovery and causes of action, and releases each other Party from any liability, losses occasioned to the property of each such Party, which losses

are of the type covered under the property policies required by Sections 20.1(a)(i), 20.1(a)(ii), or 20.1(a)(vi) to the extent that such loss is reimbursed by an insurer.

20.3 No Limitation.

The Indemnification requirements under this Lease will not be limited by the insurance requirements of this agreement.

FORM VERTICAL DISPOSITION AND DEVELOPMENT AGREEMENT

(Mission Rock - DESCRIBE PARCEL])

| THIS VERTICAL DISPOSITION AND DEVELOPMENT AGREEMENT (this "Agreement") dated for reference purposes only as of, 20, is by and between the CITAND COUNTY OF SAN FRANCISCO, a municipal corporation ("City"), operating by and through the San Francisco Port Commission ("Port"),, and a("Vertical Developer"). All Exhibits and Schedules attached hereto are hereby incorporated by reference into this Agreement and will be construed as a single instrument and referred to herein as this "Agreement." Initially capitalized terms in this Agreement are defined in Article 23. [Note: do final check of section references and defined before lodging.] |
|--|
| THIS AGREEMENT IS MADE WITH REFERENCE TO THE FOLLOWING FACTS AND CIRCUMSTANCES: |
| A. Port owns certain real property located in the City and County of San Francisco consisting of approximately square feet of unimproved land, as more particularly described on <code>Exhibit</code> A attached hereto (as may be refined and adjusted in accordance with the terms of this Agreement, the "Property"). The Property is located within an approximately [28]-acre area known as Seawall Lot 337, located south of Mission Creek/China Basin Channel in the Mission Bay neighborhood (the "Project Site"), as more particularly described in that certain Disposition and Development Agreement dated, 2017, by and between SWL 337 Associates, LLC, a Delaware limited liability company ("Horizontal Developer"), and Port (as the same may be amended, supplemented, modified and/or assigned from time to time, the "Horizontal DDA") and that certain Master Lease dated [], 2017, by and between Horizontal Developer and Port (as the same may be amended, supplemented, modified and/or assigned from time to time, the "Master Lease"). The boundaries of the Property may be refined and adjusted with the advancement of the Project Site's development as set forth in Section 3.1(d). |
| B. Under the Horizontal DDA and the Master Lease, Port has agreed to convey by ground lease those certain Development Parcels (as defined in the Horizontal DDA) in accordance with the terms thereof. The Property is a Development Parcel under the Horizontal DDA, within Phase [XX] of development thereunder. |
| C. Planning Code Section 249.XX (the Mission Rock Special Use District) (as amended from time to time, the "SUD") establishes the basic land use standards for vertical development within the Phase and sets forth the process and requirements for review and approval of design and construction documents related to Vertical Development. As authorized under the SUD, the Port and the Planning Commission approved the Mission Rock Design Controls dated [, 2017], as amended from time to time (the "Design Controls"), that sets forth design standards and design guidelines that will apply to all Vertical Developmen within the Phase. |
| D. On, 201_, the Port approved a Phase [XX] Submittal (the "Phase Submittal") that sets forth the approved development program for the development of Phase [XX], as described therein and consistent with the Horizontal DDA, including, among other things, (i) Horizontal Developer's obligations with respect to the construction of certain Horizontal Improvements, (ii) the development plan for Phase [XX], including affordable housing and park and open space requirements, and (iii) certain other associated public benefits to be provided in Phase [XX]. |

- E. [Include additional Recitals that describe the parcel disposition process as provided under the Horizontal DDA, and any other relevant facts and circumstances leading up to execution of this VDDA]
- F. Subject to the terms and conditions of this Agreement, Vertical Developer desires to ground lease the Property from the Port, and Port desires to ground lease the Property to Vertical Developer, on the terms and conditions set forth herein.
- G. Vertical Developer proposes to construct the project generally described in the Scope of Development attached hereto as *Exhibit B* (as the same may be modified from time to time in accordance with the terms hereof, the "Vertical Project") under the terms of this Agreement. The term "Vertical Project" includes any Deferred Infrastructure for the Property. In connection with the Vertical Project, Vertical Developer is obligated to provide certain public benefits, as more particularly set forth herein, including [insert as appropriate: [providing Inclusionary Units]; [on-site child-care facilities]; [assuming the obligation to construct Deferred Infrastructure obligations] [other obligations]] and to comply with all applicable requirements of the Workforce Development Plan, the Mitigation Monitoring and Reporting Program and the Special Provisions.
- H. The parties now desire to enter into this Agreement to set forth the terms and conditions upon which Port will deliver a leasehold estate in the Property to Vertical Developer and Vertical Developer will develop the Vertical Project, all as more specifically set forth in this Agreement.

ACCORDINGLY, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Port and Vertical Developer hereby agree as follows:

AGREEMENT

1. Conveyance of Property.

Subject to the terms, covenants and conditions set forth herein, Port agrees to ground lease on the terms substantially in the form set forth in the lease attached hereto as *Exhibit C*, subject to mutually agreed upon modifications ("Parcel Lease") to Vertical Developer, and Vertical Developer agrees to ground lease on the terms set forth in the Parcel Lease] from Port, Port's interest in the Property.

2. ACQUISITION PRICE.

- **2.2.** Payment of Acquisition Price; Deposit. Vertical Developer will pay Port the Acquisition Price as follows:
- (a) <u>Deposit</u>. Vertical Developer will make an earnest money deposit in an amount equal to ten percent (10%) of the Acquisition Price (such amount, and all interest thereon, is hereinafter referred to as the "**Deposit**" within the time period set forth in **Section 2.2(c)**.
- (b) Before expiration of the Contingency Period, the Deposit will be refundable to Vertical Developer only if this Agreement is terminated in accordance with **Section 6.2**. After expiration of the Contingency Period, the Deposit is non-refundable to

Vertical Developer except as set forth in **Sections** 6.3(b), 8.1, 10.2 or **Section** 10.4(a). The Deposit will be credited against the Acquisition Price upon the mutual execution and delivery of the Parcel Lease and otherwise as contemplated hereunder (the "Closing" or the "Close of Escrow").

(c) [for non-Credit Bid deals only: Within one (1) business day after the date of this Agreement, Vertical Developer will deliver the Deposit into escrow with [insert name of Title Company selected by Vertical Developer and reasonably acceptable to Port (the "Title Company" or "Escrow Agent"). The Deposit will be held in an interest-bearing account, and all interest thereon will be deemed a part of the Deposit. The Deposit will be applied to the Acquisition Price payable to Port upon Closing.]

[for Credit Bid deals only: The Deposit will be applied by Credit Bid on the date of this Agreement. Accordingly, Vertical Developer will not deposit any actual funds into escrow to satisfy the Deposit requirement. The Acquisition Price less the Deposit will be applied by Credit Bid at Closing. Any refund of the Deposit to Vertical Developer will be effected by a reversal of the Deposit amount in accordance with the Financing Plan.]

(d) <u>Independent Consideration</u>. Notwithstanding any provision of this Agreement to the contrary, upon any early termination of this Agreement where Vertical Developer is entitled to a refund of the Deposit, the Escrow Agent will deduct from the Deposit the sum of One Thousand Dollars (\$1,000) (the "Independent Contract Consideration") and deliver such Independent Contract Consideration to Port, which amount the parties bargained for and agree to as consideration for Vertical Developer's right to inspect and purchase the Property pursuant to this Agreement and for Port's execution, delivery and performance of this Agreement. The Independent Contract Consideration is in addition to and independent of any other consideration or payment provided in this Agreement, is nonrefundable, and is fully earned and will be retained by Port notwithstanding any other provision of this Agreement.

3. CONDITIONS OF TITLE.

3.1. Permitted Encumbrances.

- (a) Permitted Exceptions. At the Close of Escrow Port will convey interest in and to the Property to Vertical Developer by lease in the form of Exhibit XX ("Parcel Lease"), subject to the following: (i) Permitted Port Title Exceptions (as defined below); (ii) all items of which Vertical Developer had actual notice or knowledge of as of the expiration of Contingency Period (subject to the provisions of Section 6.3 with respect to a Port Title Defect); (iii) this Agreement and the Memorandum; (iv) the Master Association and TMA; (v) CFD and Assessment Matters; (vi) Development Easements, if any, (vii) the Mission Rock Master Association Documents; and (vii) [the Restrictive Covenant and] the Parcel Lease (collectively, "Permitted Encumbrances"), [Note: Add others as necessary/appropriate] and otherwise free and clear of (1) rights of possession by others and (2) liens, encumbrances, covenants, assessments, easements, leases, licenses or other use agreements, and taxes.
- (b) <u>Permitted Port Title Exceptions</u>. For purposes of this Agreement, the following will constitute "Permitted Port Title Exceptions":
- (i) Each matter affecting title to Property disclosed by the Title Commitment and Survey, and not otherwise objected to by Vertical Developer prior to the expiration of the Contingency Period under *Section 6.1* or within the time periods required under *Section 6.3(b)* hereof;
- (ii) the lien of ad valorem real estate taxes, special taxes and assessments not yet delinquent as of the date of Closing, subject to proration as herein provided;
- (iii) Laws, including but not limited to building and zoning laws, ordinances and regulations, now or hereafter in effect relating to the Property;

- (iv) the customary printed exceptions and exclusions contained in title insurance policies;
 - (v) matters caused by or on behalf of Vertical Developer or its Agents;
 - (vi) Development Easements;
 - (vii) Matters approved by Vertical Developer prior to Close of Escrow;
 - (viii) The TMA;
 - (ix) The Mission Rock Master Association Documents—including any

CC&Rs;

- (x) The Restrictive Covenants; and
- (xi) The CFD and Assessment Matters.
- (c) <u>Horizontal Documents</u>. The Property forms a part of the Project Site and until the Closing, is subject to the Horizontal DDA, the Master Lease, and other documents contemplated in such agreements (collectively, the "Horizontal Documents"). The Horizontal Documents require the Horizontal Developer to construct and complete the Horizontal Improvements and other improvements (other than the Deferred Infrastructure in some cases) on the Project Site, including the Property, within a certain period that includes the period after the Effective Date. The Horizontal Improvements and other improvements may be necessary for the successful construction and operation of the Vertical Project. Accordingly, Vertical Developer agrees and acknowledges that:
- (i) Horizontal Developer or its assigns may be performing material physical changes to the Property during the period prior to Closing in connection with the construction of the Horizontal Improvements (other than the Deferred Infrastructure in some cases);
- (ii) Port and Horizontal Developer may amend or modify the Horizontal Documents without Vertical Developer's prior consent;
- (iii) subject to **Section 3.4**, prior to Closing, Port may record or cause to be recorded, Development Easements on the Property to advance the development of the Horizontal Improvements;
- (iv) subject to Section 3.1(d), the legal description of the Property may be adjusted prior to Closing to exclude any portion thereof that is or is intended to become a right-of-way as the development of the Project Site advances; provided, however, that any physical changes to the Property after expiration of the Contingency Period that would materially and adversely impact development of the Vertical Project require Vertical Developer's prior consent, which consent may be withheld in its reasonable discretion. Vertical Developer further agrees and acknowledges that because Port is not performing any of the Horizontal Improvements including any that may affect Vertical Developer's ability to commence and complete construction of the Vertical Project, Vertical Developer will work with the Horizontal Developer to agree on any schedule of performance for the completion of any portion of the Horizontal Improvements and other improvements that may impact Vertical Developer's ability to commence and complete construction of the Vertical Project and Vertical Developer's releases and waivers against or for the benefit of the City Parties, as described in Section 4.4 include any Claims related to the Horizontal Improvements.
- (d) Modifications to Legal Description of Property. Vertical Developer acknowledges and agrees that minor modifications to the boundaries of the Property may be required to accommodate existing and proposed rights-of-way as development of the Project Site advances. Accordingly, prior to the Close of Escrow, Port may request that Vertical Developer consent to any such minor modification, such consent not to be unreasonably

withheld, conditioned or delayed so long as the modification (i) will not materially and adversely affect Vertical Developer's intended development (including costs and schedule), use or operation of the Property or the Vertical Project, as reasonable determined by Vertical Developer, and such intended development, use or operation is consistent with the SUD and Design Controls; and (ii) is consistent with the SUD, Design Controls or Phase Submittal (if submitted) in any material respect. *Section 12.12* (Post Closing Boundary Adjustments) addresses boundary adjustments after Close of Escrow.

- **3.2.** Restrictive Covenants. Vertical Developer acknowledges and agrees that Port would not Deliver the Property unless Vertical Developer agreed, among other things, to comply with (a) the obligation to construct the Vertical Project in accordance with the terms of this Agreement, (b) the obligation to construct the Deferred Infrastructure in accordance with the terms of this Agreement and the VCA, (c) the CFD and Assessment Matters further described in **Section 3.3**, and (d) those certain restrictive covenants attached hereto as **Exhibit D** pertaining to Vertical Developer's use and operation of the Property (the "Restrictive Covenant"). [Note: Include if applicable.]
- 3.3. Acknowledgements and Covenants Regarding Community Facilities Districts and Assessment Matters.
- (a) <u>Section 53341.5 Acknowledgment</u>. Prior to Close of Escrow, Vertical Developer will deliver to Port an acknowledgment (the "Notice of Special Tax") in the form attached hereto as *Exhibit F* confirming that Vertical Developer has been advised of the terms and conditions of the CFD, including that the Property is subject to the CFD Assessments.
- (b) <u>Facilities and Maintenance CFD</u>. Vertical Developer will comply with all of the covenants and acknowledgements set forth in *Exhibit G* attached hereto (CFD and Assessment Matters), which covenants and acknowledgements will be recorded against title to the Property and survive Close of Escrow ("Agreement to Comply with CFD and Assessment Matters").

3.4. Reservation of Easements.

Development Easements - Before Close of Escrow. Before the Close of Escrow, without limiting Section 3.1(d), in order to facilitate the development of the Horizontal Improvements, Port has the right, subject to the limitations set forth below, to grant, convey or dedicate easements, and similar rights on and over the Property to utility companies, local water and sewer districts, the City, and other entities that provide utility or similar service to the Property or properties located adjacent thereto (the types of easements and similar rights described in the foregoing are, collectively, referred to herein as "Development Easements"); provided, however, before Port records, grants, conveys or dedicates any Development Easements hereunder, (i) if prior to the expiration of the Contingency Period, Port will furnish Vertical Developer with a copy of the proposed Development Easements for Vertical Developer's review. and (ii) if after the expiration of the Contingency Period, Port will furnish Vertical Developer with a copy of the proposed Development Easements for Vertical Developer's review and approval which approval will not be unreasonably withheld, conditioned or delayed so long as the proposed Development Easements (A) will not materially and adversely affect Vertical Developer's intended development, use or operation of the Property or the Vertical Project as reasonably determined by Vertical Developer and such intended development, use or operation is consistent with the SUD and Design Controls, (B) are consistent with the SUD, Design Controls or Phase Submittal (if submitted) in all material respects, and (C) are in form and substance reasonably acceptable to Vertical Developer. Vertical Developer will approve or disapprove any proposed Development Easement that requires Vertical Developer's prior approval within twenty (20) days following its receipt thereof; if Vertical Developer fails to approve or disapprove the applicable Development Easement within such twenty (20) day period, Port may submit to Vertical Developer a second written request for approval. If Vertical Developer fails to approve or disapprove the applicable

proposed Development Easement within ten (10) days after Port's second written request for approval, Vertical Developer will be deemed to have approved the proposed applicable Development Easements.

- Without limiting the generality of the foregoing provisions of this Section 3.4, Vertical Developer acknowledges that the Property is included within Mission Rock Master Association (the "Master Association") [and Vertical Developer is obligated to participate in a Transportation Management Association (the "TMA") that was formed to implement and administer the Transportation Demand Management Plan for the Project Site]. Vertical Developer further acknowledges that the Property is or, prior to or concurrently with the Close of Escrow, [if applicable: or subsequent to the Close of Escrow,] will be subject to the covenants, conditions and restrictions contained in the [for commercial parcels: Master Commercial Declaration] [for residential parcels: Master Residential Declaration] by the recording of a supplemental declaration, and Vertical Developer is or will be obligated to participation in the Master Association [and TMA], and that Vertical Developer will be responsible for all assessments that may be owing with respect to the Property following the Close of Escrow with respect to the Master Association [and TMA].
- 3.5. Vertical Developer's Responsibility for Title Insurance. Vertical Developer understands and agrees that the right, title and interest in the Property will not exceed that vested in Port, and Port is under no obligation to furnish any policy of title insurance in connection with this transaction. Vertical Developer recognizes that any fences or other physical monument of the Property's boundary lines may not correspond to the legal description of the Property. Port will not be responsible for any discrepancies in the parcel area or location of the property lines or any other matters which an accurate survey or inspection might reveal. It is Vertical Developer's sole responsibility to obtain a survey from an independent surveyor and a policy of title insurance from a title company, if desired.

Vertical Developer will cause to be delivered to Port at Closing, a title insurance policy with coverage in the amount of the fair market value of the Port's fee interest in the Property as determined pursuant to the appraisal process set forth in the Horizontal DDA or as the Port has reasonably determined through the Public Offering process set forth in the Horizontal DDA, insuring Port's fee interest in the Property subject to the Parcel Lease and the other Permitted Encumbrances which are applicable to the fee. Port's title insurance policy will be at Vertical Developer's sole cost.

- 4. INDEPENDENT INVESTIGATION; "AS IS" CONDITION; RELEASE OF PORT; PORT COVENANTS.
- 4.1. Vertical Developer's Independent Investigation. Vertical Developer represents and warrants to Port that as of the expiration of the Contingency Period described in Section 6.1, Vertical Developer will have performed a diligent and thorough inspection and investigation of each and every aspect of the Property, either independently or through agents of Vertical Developer's choosing, including, without limitation, the following matters (collectively, the "Property Conditions"):
- (a) All matters relating to title including, without limitation, the existence, quality, nature and adequacy of Port's interest in the Property and the existence of physically open and legally sufficient access to the Property.
- (b) The zoning and other legal status of the Property, including, without limitation, the Property's compliance with or applicability of all Laws and private or public covenants, conditions and restrictions, and all governmental and other legal requirements such as taxes, assessments, use permit requirements, environmental permits and building and fire codes.

- (c) The quality, nature, adequacy and physical condition in, on, around, under, and pertaining the Property, including all other physical and functional aspects in, on, around, under, and pertaining to the Property.
- (d) The quality, nature, adequacy, and physical, geological and environmental condition in, on, around, under, and pertaining to the Property (including soils and any groundwater), and the presence or absence of any Hazardous Materials in, on, under or about the Property or any other real property in the vicinity of the Property.
- (e) The suitability in, on, around, under, and pertaining to the Property for the Vertical Project.
 - (f) The economics and development potential, if any, of the Property.
- (g) All other matters of material significance affecting in, on, around, under, and pertaining to the Property, including its development and use contemplated under this Agreement.
- 4.2. Property Disclosures. California law requires owners to disclose to buyers or lessees the presence or potential presence of certain Hazardous Materials. Accordingly, Vertical Developer is hereby advised that occupation of the Property may lead to exposure to Hazardous Materials such as, but not limited to, any chemical identified as a "constituent of concern" in the Mission Rock Risk Management Plan, gasoline, diesel and other vehicle fluids, vehicle exhaust, office maintenance fluids, tobacco smoke, methane and building materials containing chemicals, such as formaldehyde. [IF APPLICABLE: Further, there are Hazardous Materials located on the Property, which are described in Schedule 4.2, copies of which have been delivered to or made available to Vertical Developer.] By execution of this Agreement, Vertical Developer acknowledges that the notices and warnings set forth above satisfy the requirements of California Health and Safety Code Section 25359.7 and related statutes.

[IF APPLICABLE: Vertical Developer acknowledges that Port has disclosed the matters relating to the Property referred to in *Schedule 4.2* attached hereto. Nothing contained in such schedule will limit any of the provisions of this Article or relieve Vertical Developer of its obligations to conduct a diligent inquiry hereunder, nor will any such matters limit any of the provisions of *Section 4.3* or *Section 4.4*.

"As Is With All Faults"; Disclaimer of Representations and Warranties. VERTICAL DEVELOPER SPECIFICALLY ACKNOWLEDGES AND AGREES THAT IT IS LEASING PURSUANT TO THE TERMS OF THE PARCEL LEASE THE PROPERTY ON AN "AS IS WITH ALL FAULTS" BASIS. VERTICAL DEVELOPER IS RELYING SOLELY ON ITS INDEPENDENT INVESTIGATION OF THE PROPERTY. VERTICAL DEVELOPER SPECIFICALLY ACKNOWLEDGES AND AGREES THAT NEITHER THE CITY, INCLUDING ITS PORT, NOR ANY OF THE OTHER CITY PARTIES, HAS MADE, AND THERE IS HEREBY DISCLAIMED, ANY REPRESENTATIONS OR WARRANTIES OF ANY KIND WHATSOEVER, EXPRESS OR IMPLIED, AS TO ANY MATTERS CONCERNING THE PROPERTY, THE SUITABILITY OR FITNESS OF THE PROPERTY OR THE APPURTENANCES TO THE PROPERTY FOR THE VERTICAL PROJECT OR THE VERTICAL DEVELOPER'S INTENDED USES OR OPERATION OF THE PROPERTY, TITLE MATTERS, OR ANY OF THE PROPERTY CONDITIONS, THE LEGAL, PHYSICAL, GEOLOGICAL, ENVIRONMENTAL OR OTHER CONDITIONS OF THE PROPERTY, THE PROPERTY'S COMPLIANCE WITH LAWS, INCLUDING ALL BUILDING, PLANNING, ZONING AND OTHER REGULATIONS RELATING TO THE PROPERTY, THE VERTICAL PROJECT, OR ANY MATTER AFFECTING THE USE, VALUE, OR OCCUPANCY IN THE PROJECT, OR ANY OTHER MATTER WHATSOEVER PERTAINING TO THE PROPERTY OR THE PROPOSED VERTICAL. PROJECT.

Release of City and Port. As part of its agreement to accept the Property in its "As Is With All Faults" condition, Vertical Developer, on behalf of itself and its successors and assigns, waives or will be deemed to waive, any right to recover from, and forever releases, acquits, and discharges, the California State Lands Commission, City, including, but not limited to, all of its boards, commissions, departments, agencies and other subdivisions, including, without limitation, Port, and all of their respective officers, employees, agents, contractors and representatives, and their respective heirs, successors, legal representatives and assigns (collectively, the "City Parties"), from any and all demands, claims, legal or administrative proceedings, losses, liabilities, damages, penalties, fines, liens, judgments, costs or expenses whatsoever (including, without limitation, attorneys' fees and costs), whether direct or indirect, known or unknown, foreseen or unforeseen (collectively, "Claims"), that Vertical Developer may now have or that may arise on account of or in any way be connected with (i) the suitability of the Property for the development of the Vertical Project or Vertical Developer's and its Agents and customer's past, present and future use of the Property, (ii) title matters, or any of the property conditions, the legal, physical, geological or environmental condition of the Property (including soil and groundwater conditions), including, without limitation, any Hazardous Material in, on, under, above or about the Property, (iii) any Laws applicable thereto, including, without limitation, Environmental Laws, (iv) damages by death of or injury to any Person, or to property of any kind whatsoever and to whomever belonging, (v) construction impacts from the Horizontal Improvements, delay in completion of or failure to complete the Horizontal Improvements, defects in the Horizontal Improvements, and any other mater related to Horizontal Improvements, and (vi) goodwill, or business opportunities arising at any time and from any cause in, on, around, under, and pertaining to the Property or the Vertical Project, including all Claims arising from the joint, concurrent, active or passive negligence of any of City Parties, but excluding any intentionally harmful acts committed solely by Port or City.

Vertical Developer expressly acknowledges and agrees that the amount payable or expended by Vertical Developer hereunder does not take into account any potential liability of the City Parties for any consequential, incidental or punitive damages. Port would not be willing to enter into this Agreement in the absence of a complete waiver of liability for consequential, incidental or punitive damages due to the acts or omissions of the City Parties, and Vertical Developer expressly assumes the risk with respect thereto. Accordingly, without limiting any Indemnification obligations of Vertical Developer or other waivers contained in this Agreement and as a material part of the consideration of this Agreement, Vertical Developer fully RELEASES, WAIVES AND DISCHARGES forever any and all claims, demands, rights, and causes of action against the City Parties for consequential, incidental and punitive damages (including, without limitation, lost profits) and covenants not to sue for such damages, the City Parties arising out of this Agreement or the uses authorized hereunder, including, any interference with uses conducted by Vertical Developer pursuant to this Agreement regardless of the cause, and whether or not due to the negligence of the City Parties.

Further, the City Parties will not, under any circumstance, be responsible or liable to Vertical Developer for, and Vertical Developer hereby releases the City Parties from, any Claims that may arise on account of or in any way be connected with the failure to complete any Horizontal Improvements (as defined in the Horizontal DDA) on or near the Property, or at any location within the Project Site, and Vertical Developer, its successors and assigns, assume the risk that any such Horizontal Improvements will not be completed.

Vertical Developer understands and expressly accepts and assumes the risk that any facts concerning the Claims released, waived, and discharged in this Agreement includes known and unknown claims, disclosed and undisclosed, and anticipated and unanticipated claims pertaining to the subject matter of the releases, waivers, and discharges, and might be found later to be other than or different from the facts now believed to be true, and agrees that the releases, waivers, and discharges in this Agreement will remain effective. Accordingly, with respect to the Claims

released, waived, and discharged in this Agreement, Vertical Developer expressly waives the benefits of Section 1542 of the California Civil Code, which provides as follows:

A GENERAL RELEASE DOES NOT EXTEND TO CLAIMS WHICH THE CREDITOR DOES NOT KNOW OR SUSPECT TO EXIST IN HIS OR HER FAVOR AT THE TIME OF EXECUTING THE RELEASE, WHICH IF KNOWN TO HIM OR HER MUST HAVE MATERIALLY AFFECTED HIS OR HER SETTLEMENT WITH THE DEBTOR.

BY PLACING ITS INITIALS BELOW, VERTICAL DEVELOPER SPECIFICALLY ACKNOWLEDGES AND CONFIRMS THE VALIDITY OF THE RELEASES, WAIVERS, AND DISCHARGES MADE ABOVE AND THE FACT THAT VERTICAL DEVELOPER WAS REPRESENTED BY COUNSEL WHO EXPLAINED, AT THE TIME THIS AGREEMENT WAS MADE, THE CONSEQUENCES OF THE ABOVE RELEASES, WAIVERS AND DISCHARGES.

4.5. Survival. The provisions of this Article 4 will survive the expiration or earlier termination of this Agreement.

5. PRE-CLOSING COVENANTS.

- Access to Property Prior to Closing. Vertical Developer acknowledges that the Property is currently leased to Horizontal Developer pursuant to the Master Lease. Accordingly, in connection with any entry onto the Property for the purposes of performing non-invasive investigations and tests necessary to carry out the terms of this Agreement or performing visual surveys and inspections by Vertical Developer or its Agents prior to the Close of Escrow, Vertical Developer will enter into a license with Horizontal Developer in the form of license attached hereto as Exhibit H (the "License"). The Port will cause Horizontal Developer to execute the License and deliver same to Vertical Developer within five (5) business days after Vertical Developer's request. If Port has not obtained Horizontal Developer's signature and returned the License to Vertical Developer within such 5-business day period, then the 60-day Contingency Period set forth in Section 6.1(a) will be extended by one day for each day of delay beyond the 5-business day period. If Vertical Developer desires to perform invasive testing or other due diligence on the Property, then at Vertical Developer's request, Port will promptly seek Horizontal Developer's consent to commercially reasonable modifications to the License to account for the additional risks associated with such activities, including increased insurance coverage amounts or additional insurance coverage and broader indemnity and release provisions.
- 5.2. Final Map. From and after the expiration of the Contingency Period and prior to the Close of Escrow, Vertical Developer, at is sole cost and expense, will have the right but not the obligation to commence to process a Final Map; provided, however, Vertical Developer will not cause or permit the recordation of such Final Map prior to the Close of Escrow. Port, at no cost to Port, will cooperate reasonably with Vertical Developer in its efforts to process such Final Map in accordance with the terms of Section 12.9(b).
- 5.3. Regulatory Approvals for Vertical Project. From and after the expiration of the Contingency Period and prior to the Close of Escrow, Vertical Development will have the right, but not the obligation, at its sole cost and expense, to pursue Regulatory Approvals for the Vertical Project including, without limitation, schematic design approval under the SUD; provided, however, Vertical Developer will not cause or permit the issuance of any such Regulatory Approval prior to the Close of Escrow if the same would be binding upon Port. Port, at no cost to Port, will cooperate reasonably with Vertical Developer in its efforts to process such Regulatory Approvals in accordance with the terms of Section 12.9(b). Include for Commercial Projects: Port and Vertical Developer acknowledge and agree that if Port receives a "City Delay Notice" under the Horizontal DDA, then the dates and deadlines in this Agreement

that are affected by the City Delay Notice will be automatically extended as provided in the [Horizontal DDA Exhibit A4] provisions.

- 5.4. Horizontal Developer Estoppel. Port will use commercially reasonable efforts to cause Horizontal Developer to deposit into escrow the documents described in Section 6.5(a)(iv) and in accordance with such Section.
- 6. CONDITIONS PRECEDENT TO CLOSING OF ACQUISITION.
 - 6.1. Contingency Period.
- Time on [insert date that is sixty (60) days after the Effective Date of Agreement] to inspect and review the Property and to elect to proceed with the Delivery of the Property on and subject to the terms of this Agreement (such period being referred to herein as the "Contingency Period"). If Vertical Developer elects to proceed with the purchase of the Property, then Vertical Developer will, before the expiration of the Contingency Period, notify Port and Escrow Agent in writing that Vertical Developer has approved all such matters ("Acceptance Notice"). If Vertical Developer elects not to proceed with the purchase of the Property, then Vertical Developer must, before the expiration of the Contingency Period, deliver notice to Port that it is exercising its right to terminate this Agreement in accordance with Section 6.2 (the "Termination Notice"). If before the end of the Contingency Period Vertical Developer fails to give Port a Termination Notice or an Acceptance Notice, then Vertical Developer will be deemed to have elected to proceed to Closing.
- the Property within the Contingency Period, then Vertical Developer may (but will not be obligated to) deliver to Port written notice explaining the aspects of the Property that are objectionable to Vertical Developer ("Objection Notice"). Port has no obligation to remove or remedy any of the items listed in the Objection Notice objectionable to Vertical Developer ("Objectionable Items"). Port has ten (10) days after receipt of the Objection Notice to notify Vertical Developer whether Port will remove or remedy the Objectionable Items; provided, however, if less than ten (10) days remain before the Contingency Period expires when Port receives the Objection Notice, then Port may, at its sole discretion, extend the Contingency Period by the number of days necessary for Port to have ten (10) days to respond to the Objection Notice. If Port so extends the Contingency Period, then Vertical Developer may terminate this Agreement at any time prior to the date that is one (1) business day after the expiration of such ten (10) day period if and only if Port does not agree in writing, prior to the expiration of such ten (10) day period, to remove or remedy all of the Objectionable Items to Vertical Developer's satisfaction prior to Closing.
- elects to remedy or remove the Objectionable Items and requires additional time beyond the Closing Date to remove or remedy any of the items, the Closing Date will be delayed for so long as Port diligently pursues such removal or remedy, not to exceed thirty (30) days unless otherwise agreed by the Parties. If and when Port elects not to remove or remedy the Objectionable Item and so notifies Vertical Developer in writing, which Port may do at any time including following an initial election to pursue remedial or corrective actions, then Vertical Developer may elect to either (i) proceed to Closing in accordance with the terms of this Agreement, in which event, Vertical Developer will be deemed to have waived any objections to the Objectionable Items Port will not remove or remedy, or (ii) terminate this Agreement in accordance with Section 6.2, in each case by delivering written notice thereof to Port not later than three (3) business days after the date Port notifies Vertical Developer in writing that Port has elected not to remove or remedy the Objectionable Item. If Vertical Developer fails to notify Port of its election within such three (3) business day period, Vertical Developer will be deemed to have elected to proceed to Closing.

Vertical Developer's Right to Terminate; Return of Deposit. If Vertical Developer elects to terminate this Agreement in accordance with Section 6.1(a), Section 6.1(c), Section 6.3 or Section 8.1, or Section 10.2, or Section 10.4(a), (collectively, "VD Terminable Sections") then [for non-Credit Bid deals: the Deposit will be returned promptly to Vertical Developer upon notice thereof to Escrow Agent | [for Credit Bid deals: the Deposit Credit Bid entry will be reversed and thereafter, Vertical Developer's obligations, and Port's rights, with respect to the Deposit will cease, Vertical Developer will have no further remedies against Port and, except for any provisions of this Agreement which expressly state that they will survive the termination of this Agreement, this Agreement will be terminated and canceled in all respects and neither Vertical Developer nor Port will have any further rights or obligations hereunder. If Vertical Developer does not duly terminate this Agreement in accordance with and within the time periods set forth in the applicable VD Terminable Sections, or if Vertical Developer waives its right to terminate this Agreement, then (i) this Agreement will remain in full force and effect and Vertical Developer will have no further right to terminate this Agreement under the applicable VD Terminable Sections, and (ii) Vertical Developer will be deemed to have waived any liability of Port and any right to refuse to consummate the Closing by reason of any condition known to Vertical Developer as of the last day of the Contingency Period, or if applicable, one (1) business day following Port's delivery of written notice to Vertical Developer that Port will not remove or remedy the Objectionable Item.

6.3. Title Review Following Contingency Period Expiration.

- (ii) rights of possession other than those of Vertical Developer, or (iii) lien, encumbrance, covenant, assessment, easement, lease, tax or other matter which is not a Permitted Port Title Exception, encumbers the Property and would materially and adversely affect the development of the Property ("Port Title Defect"), Port will have up to thirty (30) days from the date scheduled for Close of Escrow to remove the Port Title Defect. The Close of Escrow will be extended to the earlier of seven (7) business days after the Port Title Defect is removed or the expiration of the thirty (30) day period. If the Port Title Defect can be removed by bonding and Port has not so bonded within the thirty (30) day period, Vertical Developer may, but will not be obligated to, cause a bond to be issued. If Vertical Developer causes a bond to be issued in accordance with this Section 6.3(a), Port will reimburse Vertical Developer for the cost of such bond within thirty (30) days of demand or, at Port's option, credit such amount against the Acquisition Price payable to Port under this Agreement.
- (b) If at the Closing Date, a Port Title Defect still exists, Vertical Developer may by written notice to Port either (i) terminate this Agreement and **Ifor non-Credit Bid deals**: receive a return of the Deposit] **[for Credit Bid deals**: the Credit Bid will be reversed] or (ii) accept Delivery of the Property. If Vertical Developer accepts Delivery of the Property subject to a Port Title Defect, the Port Title Defect will be deemed waived. If Vertical Developer does not accept Delivery of the Property and fails to terminate this Agreement within seven (7) days after the Closing Date, or any extension as provided above, Port may terminate this Agreement upon three (3) days written notice to Vertical Developer. If the Agreement is terminated under this Section, then the terms of **Section 6.2** will apply.

6.4. Port's Conditions Precedent.

- (a) <u>Port's Conditions Precedent.</u> The following are conditions precedent to Port's obligation to consummate the Close of Escrow and thereby Deliver the Property to Vertical Developer:
- (i) Vertical Developer will have performed in all material respects all obligations under this Agreement required to be performed on its part before the Close of Escrow, no uncured Acquisition Event of Default will exist on Vertical Developer's part under this Agreement and all of Vertical Developer's representations and warranties made in **Section 21.3** will have been true and correct when made and will be true and correct as of the

Close of Escrow. At the Close of Escrow, Vertical Developer will deliver to Port a certificate to confirm the accuracy of such representations and warranties, substantially in the form attached hereto as *Exhibit I*.

- (ii) Vertical Developer will have deposited into Escrow, the security deposit and all other sums, including any bonds, required to be paid to Port on or prior to the effective date of the Parcel Lease pursuant to the terms thereof and all other sums necessary to consummate the Close of Escrow pursuant to the terms of this Agreement.
- (iii) [for Credit Bid deals: Vertical Developer will have notified Port that it consents to the balance of the Acquisition Price being Credit Bid at Closing;
- (iv) Vertical Developer will have deposited into Escrow each of the documents described in *Section 7.4(b)*, each duly executed and acknowledged by Vertical Developer.
- (v) Vertical Developer will have obtained all insurance required under the Parcel Lease and will have deposited evidence thereof into Escrow.
- (vi) Vertical Developer will have satisfied the submittal requirements that Vertical Developer (or Vertical Developer's contractor) is then required to make, if any, before Close of Escrow relating to Vertical Developer's obligations to comply with the Workforce Development Plan attached hereto as *Exhibit J* ("Workforce Development Plan").
- (vii) Vertical Developer and Port will have executed mutual irrevocable instructions to the Escrow Agent, all in accordance with *Article 7*.
- (viii) Vertical Developer will have executed and delivered to Port a certification of compliance with San Francisco Administrative Code Chapters 12B and 12C on the "Chapter 12B Declaration: Nondiscrimination in Contracts and Benefits" form (Form HRC-12B-101), together with supporting documentation, and will have secured approval of the form by the City's Human Rights Commission.
- (ix) Vertical Developer has deposited into Escrow such evidence of authority to enter into the Parcel Lease this Agreement and any other Transaction Documents, as Port and the Title Company may reasonably require (including certificates of good standing, board resolutions and certificates of incumbency).
- (x) Vertical Developer will have delivered into escrow, a reaffirmation that all the representations and warranties made in *Section 21.3* by Vertical Developer are and remain true and correct as of the Closing Date.
- (xi) [add as applicable: Vertical Developer will have complied with the requirements of the Housing Plan as it pertains to the Property to the extent required at Close of Escrow.]
- (xii) Horizontal Developer will have deposited into Escrow duly executed and acknowledged counterparts of the DDA Release and Partial Termination.
- (xiii) The Title Company is irrevocably committed to issue to Port upon payment by Vertical Developer, the title insurance policy required by **Section 3.5** to be delivered to Port as of the Closing Date.
- (b) <u>Satisfaction of Port's Conditions</u>. The conditions precedent set forth in *Section 6.4(a)* are intended solely for the benefit of Port. If any such condition precedent is not satisfied on or before the Closing Date, Port's Executive Director, or, if the Executive Director determines that waiver of the condition precedent materially affects the rights, obligations, or expectations of Port, the Port Commission by resolution, will have the right in its sole discretion either to waive in writing the condition precedent in question and proceed with the Close of Escrow, or, in the alternative, to terminate this Agreement. If Vertical Developer is using

reasonably diligent efforts to meet or satisfy the conditions precedent to Close of Escrow, the date for the Close of Escrow will be extended for a reasonable period or periods of time specified by Vertical Developer, but such periods in the aggregate will not extend beyond the Closing Date (unless otherwise extended by mutual agreement of the Parties) to allow such conditions precedent to be satisfied, subject to Port's further right to terminate this Agreement by the Closing Date if all such conditions precedent have not been satisfied.

6.5. Vertical Developer's Conditions to Closing.

- (a) <u>Vertical Developer Conditions Precedent</u>. The following are conditions precedent to Vertical Developer's obligation to consummate the Close of Escrow and accept the Property from Port under this Agreement:
- (i) Port will have performed in all material respects all obligations under this Agreement required to be performed on its part before the Close of Escrow and, no uncured Acquisition Event of Default will exist on Port's part under this Agreement.
- (ii) The Title Company is irrevocably committed to issue to Vertical Developer, upon payment of the premium by Vertical Developer, a title insurance policy satisfactory to Vertical Developer, insuring Vertical Developer's interest in the Property subject to Permitted Encumbrances.
- (iii) Port will have deposited into escrow each of the documents described in **Section 7.4(a)**, each duly executed and acknowledged by Port.
- (iv) Horizontal Developer will have deposited into escrow (A) two (2) duly executed and acknowledged counterparts of each of the [Development Agreement Assignment], DDA Release and Partial Termination and (B) the Horizontal Developer Estoppel in the form attached hereto as *Exhibit XX*, signed no earlier than fifteen (15) days prior to the Closing Date, by an authorized signatory of Horizontal Developer, without any material modification thereto. Vertical Developer will not be obligated to accept the Horizontal Developer Estoppel to the extent it contains any material modifications from the form attached hereto as reasonably determined by Vertical Developer.
- (v) If required by Title Company to issue the title insurance policies required by **Section 3.5**, Horizontal Developer and Port will have deposited into escrow a ground lessee's affidavit or owner's affidavit, as applicable, and, if required by Title Company to issue the title insurance policies required by **Section 3.5**, Horizontal Developer will have delivered to Title Company a mechanic's lien indemnity in form and substance reasonably satisfactory to Horizontal Developer and Title Company.
- (b) <u>Satisfaction of Vertical Developer's Conditions Precedent</u>. The conditions precedent set forth in *Section 6.5(a)* are intended solely for the benefit of Vertical Developer. If any such condition precedent is not satisfied on or before the Close of Escrow, Vertical Developer will have the right in its sole discretion to waive in writing the condition precedent in question and proceed with the Close of Escrow and acceptance of the Property under this Agreement. If Port is using reasonably diligent efforts to meet the conditions precedent, the date for the Close of Escrow may be extended, at Vertical Developer's sole option, for a reasonable period or periods of time specified by Vertical Developer, but such periods in the aggregate will not extend beyond the Closing Date, to allow such conditions precedent to be satisfied, subject to Vertical Developer's further right to terminate this Agreement by the Closing Date.

6.6. Taxes and Assessments.

(a) Ad Valorem Taxes and Assessments Before and After Close of Escrow. For any period before the Close of Escrow, Vertical Developer is responsible for the payment of any ad valorem taxes (including possessory interest and special taxes) assessed by reason of this Agreement. Ad valorem taxes and assessments levied, assessed, or imposed for

any period from and after the Close of Escrow, including possessory interest and special taxes, are the sole responsibility of Vertical Developer.

- (b) Possessory Interest Taxes. Without limiting Section 6.6(d), Vertical Developer recognizes and understands that this Agreement may create a possessory interest subject to property taxation and that Vertical Developer may be subject to the payment of property taxes levied on such interest. San Francisco Administrative Code Sections 23.38 and 23.39 (or any successor statute) require that the City report certain information relating to this Agreement, and any renewals of this Agreement, to the County Assessor within sixty (60) days after any such transaction, and that Vertical Developer report certain information relating to any assignment under this Agreement to the County Assessor within sixty (60) days after such assignment transaction. Vertical Developer agrees to provide such information as may be requested by Port to enable Port to comply with this requirement.
- Right to Contest. Subject to Section 3.3 and the matters described therein, Vertical Developer has the right to contest the amount, validity or applicability, in whole or in part, of any ad valorem, possessory interest or other taxes and assessments levied on Vertical Developer or the Property by reason of this Agreement (collectively, "Taxes and Assessments") by appropriate proceedings conducted in good faith and with due diligence, at no cost to Port, provided that, prior to commencement of such contest, Vertical Developer notifies Port of such contest. Vertical Developer must notify Port of the final determination of such contest within fifteen (15) days after such determination. Subject to Section 3.3, nothing in this Agreement requires Vertical Developer to pay any Taxes and Assessments so long as Vertical Developer contests the validity, applicability or amount of such Taxes and Assessments in good faith, and so long as it does not allow the portion of the Property affected by such Taxes and Assessments to be forfeited to the entity levying such Taxes and Assessments as a result of its nonpayment. If any Law requires, as a condition to such contest, that the disputed amount be paid under protest, or that a bond or similar security be provided, Vertical Developer must comply with such condition as a condition to its right to contest. Vertical Developer is responsible for the payment of any interest, penalties or other charges that may accrue as a result of any contest, and Vertical Developer must provide a statutory lien release bond or other security reasonably satisfactory to Port in any instance where Port's interest in the Property may be subjected to such lien or claim. Vertical Developer is not required to pay any Taxes and Assessments being so contested during the pendency of any such proceedings unless payment is required by the court or agency conducting such proceedings. Port, at its own expense and at its sole option, may elect to join in any such proceeding whether or not any Law requires that such proceedings be brought by or in the name of Port or any owner of the Property. Port will not be subjected to any liability for the payment of any fines or penalties, and except as provided in the preceding sentence, costs, expenses or fees, including attorneys' fees and costs, in connection with any such proceeding.

(d) <u>Information Required by the County Assessor.[NOTE: This</u> section 6.6(d) may be further revised pending outcome of further discussion between the parties.]

- (i) The County Assessor has notified Port that it requires certain information in order to facilitate completion of Assessor Block Maps, updates to ownership records, and assessment of in-progress construction, completed new construction, sales and other assessable transfers of property. *Exhibit XXX* lists the information that the County Assessor expects to need in order to perform the foregoing tasks (the "Assessor Information").
- (ii) Each Party will provide to the County Assessor any Assessor Information requested in writing by the County Assessor in the format required by the County Assessor (the "Requested Information") within 90 days of the applicable Party's receipt of a written request for such Requested Information. Port will have the right to exercise all rights and remedies available at law or in equity to enforce Vertical Developer's obligation to provide

Requested Information on a timely basis, including specific performance. Vertical Developer waives any right to confidentiality under applicable law to the extent necessary for the County Assessor to notify Port of Vertical Developer's failure to provide the Requested Information on a timely basis and Port to exercise its right to specific performance of Vertical Developer's obligation.

- (iii) Promptly following the County Assessor's request, Port may, from time to time, update the information requirements set forth in *Exhibit XXX* by providing Vertical Developer no less than five (5) business days' prior notice and a replacement copy of *Exhibit XXX*.
- (e) <u>Survival</u>. This *Section 6.6* will survive the expiration or earlier termination of this Agreement.

7. ESCROW AND CLOSING.

- 7.1. Escrow. Vertical Developer and Port will deposit an executed counterpart of this Agreement with the Title Company. Port and Vertical Developer will deposit escrow instructions as appropriate to enable the Escrow Agent to comply with the terms of this Agreement. In addition, Port will deposit supplementary escrow instruction instructing Escrow Agent to apply all funds received by it in accordance with the requirements of the Financing Plan. In the event of any conflict between the provisions of this Agreement and any escrow instructions or supplementary escrow instructions, the terms of this Agreement or the Financing Plan, as applicable, will control.
- 7.2. Closing. The Closing hereunder will be held, and delivery of all items to be made at the Closing under the terms of this Agreement will be made, at the offices of the Title Company on the date that is [ninety (90) days] after the expiration of the Contingency Period before 3:00 p.m. San Francisco time or such earlier date and time as Vertical Developer and Port may mutually agree upon in writing (the "Target Closing Date"). The "Closing Date" is the date that the Closing or Close of Escrow occurs.
 - 7.3. [Intentionally Blank.]

7.4. Deposit of Documents.

- (a) <u>By Port</u>. At or before the Closing, Port will deposit into escrow the following items:
- (i) four (4) duly executed and acknowledged counterparts of the Parcel Lease and two (2) duly executed and acknowledged counterparts of the Memorandum of Lease (in the form attached to the Parcel Lease) (the "Memorandum of Lease");
- (ii) two (2) duly executed and acknowledged counterpart originals of the Release of Disposition and Development Agreement in the form attached hereto as *Exhibit K* (the "**DDA Release**") signed by Port;
- (iii) two (2) duly executed and acknowledged counterpart originals of the Partial Release of Master Lease in the form attached thereto as $Exhibit\ L$ (the "Partial Termination") signed by Port;
- (iv) two (2) duly executed and acknowledged counterparts signed by Port of a memorandum of this Agreement in the form of *Exhibit M* attached hereto (the "Memorandum of VDDA");
- (v) a duly executed estoppel certificate in the form attached hereto as *Exhibit XX*, in which the Port certifies to Vertical Developer that to its actual knowledge, there is no Horizontal Developer Event of Default or Prospective Breach or Prospective Default (as to which the Port has given Horizontal Developer a notice of such Prospective Breach or Prospective Default) under the Horizontal DDA other than as set forth in such estoppel

certificate ("Port Estoppel"), which Port Estoppel will be dated and signed by Port no earlier than fifteen (15) days prior to the Closing Date; [Note: Discuss appropriate remedies in Master Lease and DDA if Vertical Developer walks away from deal because Port unable to provide clean estoppel.]

- (vi) a duly executed owner's title affidavit in form reasonably satisfactory to Port and Title Company; and
- (vii) evidence of authority to consummate the transactions contemplated by this Agreement, as the Title Company may reasonably require (including, if applicable, Port Commission and Board of Supervisors' resolutions).
- (b) <u>By Vertical Developer</u>. At or before the Closing, Vertical Developer will deposit into escrow the following items:
- (i) four (4) duly executed by Vertical Developer and acknowledged counterparts of the Parcel Lease and two (2) duly executed by Vertical Developer and acknowledged counterparts of the Memorandum of Lease;
- (ii) two (2) duly executed and acknowledged counterparts of the Memorandum of VDDA;
- (iii) the funds necessary to consummate the Close of Escrow for Credit Bid deals: (other than the Acquisition Price which is to be Credit Bid in accordance with the terms of this Agreement)];
- (iv) [two (2) duly executed counterparts by Vertical Developer of the Restrictive Covenant;]
- (v) two (2) duly executed originals by Vertical Developer of the Agreement to Comply with CFD and Assessment Matters; and
- (vi) two (2) duly executed originals by Vertical Developer of the Notice of Special Tax; and
- (vii) evidence of authority to consummate the transactions contemplated by this Agreement, as Port and the Title Company may reasonably require (including certificates of good standing, board resolutions and certificates of incumbency).
- (c) <u>Further Assurances</u>. Port and Vertical Developer will each deposit such other instruments as are reasonably required by the Escrow Agent or otherwise required to close the escrow and consummate the purchase of the Property in accordance with the terms hereof.
- Agent to consummate the escrow as provided herein. Upon the Close of Escrow, the Escrow Agent will record in the Official Records, in the following order and no other order: (1) the DDA Release, (2) the Partial Termination, (3) the Memorandum of VDDA, (4) the Memorandum of Lease, (5) the Agreement to Comply with CFD and Assessment Matters, and (6) any other documents reasonably required to be recorded under the terms of Regulatory Approvals. Upon Close of Escrow, Escrow Agent will deliver a settlement statement to Port and Vertical Developer [for non-Credit Bid deals: and deliver to Port all funds received by Escrow Agent on account of the Acquisition Price. Port will instruct the Escrow Agent to disburse the net proceeds of the Acquisition Price to the Project Payment Obligation as defined in the Financing Plan in accordance with Article 2 (Flow of Funds) of the Financing Plan]. [for Credit Bid deals: If the Acquisition Price will be paid by Credit Bid, such amount will be credited in accordance with the Financing Plan. In addition, the Title Company will issue title policies to Vertical Developer and Port] as required under Section 3.5.

- 7.6. Waiver of Pre-Delivery Conditions. Unless the Parties otherwise expressly agree at the time of Close of Escrow, all pre-Delivery conditions of the Parties will, upon Escrow, be deemed waived by the Party benefited by such condition.
- 7.7. Merger. Upon the Close of Escrow, the terms set forth in Section 1 through Section 10, inclusive, of this Agreement will be deemed to have merged with the Ground Lease and will be of no further force or effect, except to the extent such term expressly survives the Close of Escrow pursuant to the terms thereof. For the avoidance of doubt, the terms of Section 11 through Section 23, inclusive, of this Agreement will survive the Close of Escrow.

8. RISK OF LOSS PRIOR TO CLOSING.

- 8.1. Loss. Prior to the Closing Date, Port will give Vertical Developer notice of the occurrence of damage or destruction of, or the commencement of condemnation proceedings affecting, any portion of the Property. In the event that all or any portion of the Property is condemned, or destroyed or damaged by fire or other casualty prior to the Closing, then Vertical Developer may, at its option to be exercised within ten (10) days of Port's notice of the occurrence of the damage or destruction or the commencement of condemnation proceedings, either terminate this Agreement or consummate the Delivery of the Property for the full Acquisition Price as required by the terms hereof. If Vertical Developer elects to terminate this Agreement or fails to give Port notice within such ten (10)-day period that Vertical Developer will proceed with the purchase, then this Agreement will terminate at the end of such ten (10)-day period and the terms of Section 6.2 will apply.
- **8.2.** *Insurance Proceeds and Awards.* Vertical Developer acknowledges that until immediately prior to Closing, the Property will be leased by Port to Horizontal Developer pursuant to the terms and condition of the Master Lease.
- (a) <u>Insurance Proceeds</u>. Pursuant to the Horizontal Documents, Horizontal Developer is obligated to insure the Property until immediately prior to the Closing. Accordingly, Horizontal Developer may receive insurance proceeds arising from damage or destruction of the Property. If Vertical Developer desires to have any portion of such insurance proceeds available for Vertical Developer's use if it consummates the Delivery of the Property for the full Acquisition Price after damage or destruction of the Property, then Vertical Developer and Horizontal Developer must include the terms of any transfer of insurance proceeds arising from damage or destruction of the Property received by Horizontal Developer to Vertical Developer in the VCA. Port will not be obligated to purchase any third party commercial liability insurance or property insurance with regard to the Property and in no event, will Port be obligated to transfer to Vertical Developer any insurance proceeds Port may receive or credit against or reduce the Acquisition Price as a result of damage or destruction of the Property.
- (b) <u>Condemnation Awards</u>. If Vertical Developer elects to consummate the Delivery of the Property for the full Acquisition Price after condemnation of a portion of the Property, Vertical Developer must negotiate with Horizontal Developer for the transfer to Vertical Developer of condemnation award proceeds Horizontal Developer may receive from the partial condemnation of the Property. Port will not be transferring to Vertical Developer or crediting against the Acquisition Price, any condemnation award proceeds.

9. CLOSING EXPENSES.

9.1. Expenses. Vertical Developer will pay all fees, charges, costs and other amounts necessary for the opening and Close of Escrow (collectively, the "Closing Costs"), including (i) real property transfer taxes applicable to the Delivery of the Property, (ii) personal property transfer taxes, (iii) the cost of any title reports, surveys, inspections and premiums for all title insurance policies obtained by Vertical Developer, Port, and if applicable, any lender, (iv) escrow fees and recording charges, and (v) any other costs and charges of the escrow for the transaction contemplated hereby. Vertical Developer will pay the Closing Costs upon the Close

of Escrow. If the Title Company requires, Vertical Developer will pay into Escrow any such fees, costs, charges or other amounts required for the Close of Escrow under this Agreement.

9.2. Brokers. The parties represent and warrant to each other that no broker or finder was instrumental in arranging or bringing about this transaction [for non-affiliate deals only: other than [______] ("Broker")] and that there are no other claims or rights for brokerage commissions or finder's fees in connection with the transactions contemplated by this Agreement. If any person [for non-affiliate deals only: other than Broker] brings a claim for a commission or finder's fee based on any contact, dealings, or communication with either Party, then such Party will defend the other Party from such claim, and will Indemnify the City Parties or Vertical Developer and its officers, employees, directors, owners, heirs, successors, legal representatives and assigns ("Vertical Developer Parties"), as applicable, from, and hold the City Parties or Vertical Developer Parties, as applicable, against, any and all costs, damages, claims, liabilities, or expenses (including, without limitation, reasonable attorneys' fees and disbursements) that the City Parties or Vertical Developer Parties, as applicable, incur in defending against the claim. The provisions of this Section will survive the Closing, or, if the Delivery of the Property is not consummated for any reason, any termination of this Agreement.

10. ACQUISITION DEFAULTS, REMEDIES AND LIQUIDATED DAMAGES.

- 10.1. Acquisition Event of Default. For purposes hereof, an "Acquisition Event of Default" means:
- (a) Vertical Developer fails to pay when due, any amount required to be paid under this Agreement with respect to the acquisition and disposition of the Property (but not with respect to any development of the Property), and such failure continues for a period of five (5) business days following Vertical Developer's receipt of notice thereof from Port;
- (b) Vertical Developer causes or permits the occurrence of a Transfer not permitted under this Agreement;
- (c) All conditions to the Close of Escrow in the applicable Party's favor have been satisfied or waived, and such Party fails to consummate the Closing by the Closing Date in violation of this Agreement;
- (d) On or before the Closing Date, Vertical Developer files a petition for relief, or an order for relief is entered against Vertical Developer, in any case under applicable bankruptcy or insolvency law, or any comparable law that is now or hereafter may be in effect, whether for liquidation or reorganization, which proceedings if filed against Vertical Developer are not dismissed or stayed within one hundred eighty (180) days;
- (e) On or before the Closing Date, a writ of execution is levied on this Agreement which is not released within one hundred twenty (120) days, or a receiver, trustee or custodian is appointed to take custody of all or any material part of the property of Vertical Developer, which appointment is not dismissed within one hundred twenty (120) days;
- (f) On or before the Closing Date, Vertical Developer makes a general assignment for the benefit of its creditors; and
- (g) The applicable Party violates any covenant set forth in Sections 1 through and including Section 9 of this Agreement, or fails to perform any other obligation to be performed by the party under Sections 1 through and including Section 9 of this Agreement at the time such performance is due, and such violation or failure continues without cure for more than fifteen (15) days after written notice from the other party specifying the nature of such violation or failure, or, if such cure cannot reasonably be completed within such fifteen (15) day period, if such party does not within such fifteen (15) day period commence such cure, or having so commenced, does not prosecute such cure with diligence and dispatch to completion within a reasonable time thereafter.

- 10.2. Failure to Close Escrow. Subject to Section 10.3, if due to an Acquisition Event of Default, Escrow cannot close on the date agreed to by the Parties, the non-defaulting Party may terminate this Agreement by written notice and demand the return of its money, papers or documents deposited in Escrow (including, in the case of Vertical Developer, the return of the Deposit); provided, however, the defaulting Party will have ten (10) days after delivery of such termination notice to perform any acts required of it to permit Close of Escrow. If neither Party has performed fully to enable Close of Escrow by the time established therefor, then either Party may instruct the Title Company to return all documents and funds deposited with it to the applicable Parties in ten (10) days, unless within such ten (10) day period, both Parties perform fully all their obligations to enable Close of Escrow, in which case, the Title Company will proceed to the Close of Escrow without regard to such delay.
- 10.3. Default by Vertical Developer; Liquidated Damages. IF THE DELIVERY OF THE PROPERTY IS NOT CONSUMMATED DUE TO AN ACQUISITION EVENT OF DEFAULT BY THE VERTICAL DEVELOPER HEREUNDER, PORT WILL BE ENTITLED, AS ITS SOLE AND EXCLUSIVE REMEDY, TO TERMINATE THIS AGREEMENT AND [FOR NON CREDIT BID DEALS ONLY: RETAIN THE DEPOSIT] [FOR CREDIT BID DEALS ONLY: MAINTAIN THE CREDIT BID OF THE DEPOSIT (IN OTHER WORDS, NOT REVERSE THE CREDIT BID DEPOSIT)]AS LIQUIDATED DAMAGES.

THE PARTIES HAVE AGREED THAT PORT'S ACTUAL DAMAGES, IN THE EVENT OF A FAILURE TO CONSUMMATE THE DELIVERY OF THE PROPERTY AS SPECIFIED IN THE PRECEDING SENTENCE, WOULD BE EXTREMELY DIFFICULT OR IMPRACTICABLE TO DETERMINE. AFTER NEGOTIATION, THE PARTIES HAVE AGREED THAT, CONSIDERING ALL THE CIRCUMSTANCES EXISTING ON THE DATE OF THIS AGREEMENT, THE AMOUNT OF THE DEPOSIT IS A REASONABLE ESTIMATE OF THE DAMAGES THAT PORT WOULD INCUR IN SUCH AN EVENT. BY PLACING THEIR RESPECTIVE INITIALS BELOW, EACH PARTY SPECIFICALLY CONFIRMS THE ACCURACY OF THE STATEMENTS MADE ABOVE AND THE FACT THAT EACH PARTY WAS REPRESENTED BY COUNSEL WHO EXPLAINED, AT THE TIME THIS AGREEMENT WAS MADE, THE CONSEQUENCES OF THIS LIQUIDATED DAMAGES PROVISION.

| INIT | IALS: | PORT: | VERTICAL DEVE | LOPER: |
|-------|---------|-------------|--|-------------------------|
| 10.4. | Port De | fault; Vert | <i>ical Developer's Remedies</i> . Upo | on the occurrence of an |

- Acquisition Event of Default by Port and provided there is no Acquisition Event of Default by Vertical Developer, Vertical Developer has the exclusive remedies set forth below following the expiration of applicable cure periods:
- (a) <u>Termination</u>. Vertical Developer may terminate this Agreement upon ten (10) days' written notice to Port, in which event [for non-Credit Bid deals: Vertical Developer will receive a return of the Deposit] [for Credit Bid Deals: the Credit Bid will be reversed] and the parties will have no further rights and obligations hereunder except for the obligations that expressly survive termination of this Agreement; or
- (b) Specific Performance. Vertical Developer may institute an action for specific performance. Port acknowledges that an Acquisition Event of Default by Port under Section 10.1(a) will be conclusively deemed to be a breach of an agreement to transfer real property that cannot be adequately relieved by pecuniary compensation as set forth in California Civil Code § 3387; or
- (c) <u>Damages</u>. Port will not be liable to Vertical Developer for any monetary damages whether caused by any Acquisition Event of Default by Port and in no event will Port be liable for any actual, consequential, incidental or punitive damages; provided, however, if Port is required under the terms of this Agreement to return the Deposit to Vertical Developer and Port fails to return the Deposit in Port's possession as required under this Agreement, then

Vertical Developer may institute a cause of action for monetary damages equal to the amount of Deposit that has not been returned by Port; or

(d) No Other Remedies. Other than the remedies set forth in Sections 10.4(a), 10.4(b), and 10.4(c), Vertical Developer is not entitled to any other remedies permitted by law or at equity.

11. COMPLIANCE WITH LAWS.

Vertical Developer will comply with, at no cost to Port, (i) all applicable Laws (taking into account any variances or other deviations properly approved and applicable to the Vertical Project), (ii) the Mission Rock Risk Management Plan, (iii) [the applicable provisions of] the Mitigation Monitoring and Reporting Program, (iv) the Transportation Demand Management Plan, (v) the Parcel Lease,] and [Note: add other requirements imposed in connection with Project Approvals, if any]. The foregoing sentence will not be deemed to limit Port's ability to act in its legislative or regulatory capacity, including the exercise of its police powers. Vertical Developer acknowledges that the description of the Vertical Project attached hereto does not limit Vertical Developer's responsibility to obtain Regulatory Approvals for the Vertical Project, nor does the Vertical Project limit Port's responsibility in the issuance of any such Regulatory Approvals to comply with applicable Laws. It is understood and agreed that Vertical Developer's obligation to comply with Laws includes the obligation to make, at no cost to Port, all additions to, modifications of, and installations on the Property that may be required by any Laws relating to or affecting the Property.

12. DEVELOPMENT OF VERTICAL PROJECT AND RELATED INFRASTRUCTURE.

12.1. Project Requirements.

Project.

Project Requirements. The Vertical Project will be designed, reviewed, constructed and completed in accordance with (i) the Scope of Development attached hereto as Exhibit B, (ii) Development Schedule attached hereto as Exhibit XX, (iii) Articles 11 (Compliance with Laws and Regulatory Approvals) through and including Article 23 (Definitions) of this Agreement (including the terms of any exhibits referenced therein), (iv) the FOG Ordinance and the inclusion of automatic grease removal devices on all kitchen sinks in any café, restaurant or other food establishment on the Site, (v) the applicable provisions of the Mitigation Monitoring and Reporting Program; (vi) Associated Public Benefits, and (vii) the Workforce Development Plan (sometimes collectively referred to as the "Project Requirements"). Vertical Developer hereby consents to, and waives any rights it may have now or in the future to challenge the legal validity of, the conditions, requirements, policies, or programs required by the Horizontal DDA, this Agreement and the Project Requirements, including, without limitation, any Claim that they constitute an abuse of police power, violate substantive due process, deny equal protection of the laws, effect a taking of property without payment of just compensation, or impose an unlawful tax. [Note: This Section and/or other sections may be revised to conform deferred infrastructure requirements and access to DDA.]

(b) Required Commencement and Completion Dates for the Vertical

- (i) Period to Commence and Complete. Vertical Developer must Commence Construction of the Vertical Project on or before the date that is thirty-six (36) months after the Closing Date (the "Construction Commencement Date"), and Complete construction on or before the date that is seventy-two (72) months after the Closing Date, which dates may be extended as hereinafter provided (the "Construction Completion Date").
- (ii) Extension Options. Vertical Developer may extend each of the Construction Commencement Date and the Construction Completion Date in increments of up to three (3) months (each an "Extension Option") (not to exceed forty-eight(48) months in the

aggregate) by paying the extension fee set forth in *Schedule 12.1* (each an "Extension Fee"). [NOTE: Each Extension Option to increase by \$5,000 every 5 years after 2017]

both of the Construction Commencement Date and the Construction Completion Date, then Vertical Developer will give Port notice of Vertical Developer's exercise of the extension right no later than ten (10) business days prior to the otherwise applicable Construction Commencement Date or the Construction Completion Date, and as the same may have been extended pursuant to this Section 12.1(b) ("Extension Notice"). Vertical Developer will specify in the Extension Notice the length of the extension (which will not exceed three (3) months and will not exceed the 48-month aggregate limit on 3-month extensions). Within five (5) business days after delivery of the Extension Notice, Vertical Developer will deliver the Extension Fee by good funds to Port.

(iv) Force Majeure; Regulatory Force Majeure.

- (1) Vertical Developer may extend each of the Construction Commencement Date and the Construction Completion Date as a result of Force Majeure or Regulatory Force Majeure so long as (i) any such extensions do not exceed, in the aggregate, twenty-four (24) months, and (ii) Port reasonably agrees that a Force Majeure or Regulatory Force Majeure event has occurred.
- event, in order to extend the Construction Commencement Date or the Construction Completion Date, as applicable, as a result of a Regulatory Force Majeure event, Vertical Developer must make payment to Port in the amount of \$15,000 [Note: Amount will increase by \$3,000 for each Phase after Phase I], for any period of delay of up to three months. For the purposes of illustration only, if Vertical Developer anticipates that a Regulatory Force Majeure delay will last three months, then it will pay \$15,000 [Note: Amount will increase by \$3,000 for each Phase after Phase I], if the delay is anticipated to last six months, then it will pay [\$30,000] [Note: change amount accordingly], and so on, subject to the 24-month limit.
- (3) Vertical Developer will give notice to Port ("FM Extension Notice") of any extension due to Force Majeure or Regulatory Force Majeure as soon as reasonably practical following Vertical Developer's actual notice of the Force Majeure or Regulatory Force Majeure event or the delay caused by the Force Majeure or Regulatory Force Majeure event, which notice will describe the event and any actual or reasonably anticipated delay as a result thereof.
- If the Port disagrees with Vertical Developer's assertion of **(4)** the occurrence of a Force Majeure or Regulatory Force Majeure event, then (A) Port will give Vertical Developer notice of such disagreement and the reason therefor within 30 days after Vertical Developer's notice, (B) within 15 days after such notice, Vertical Developer and Port will meet and confer in an effort to resolve the disagreement, (C) until the earlier of the date on which the disagreement is resolved or the event and delays caused thereby cease (but subject to the aggregate 24-month limit and, in the case of a Regulatory Force Majeure event, payment of the fee, as set forth herein above), the Force Majeure or Regulatory Force Majeure event will be deemed have occurred, and (D) if (i) it is determined that Port was correct in its assertion that the event in question did not occur, then the Force Majeure or Regulatory Force Majeure event will be deemed to have ceased as of the date immediately following the determination and, with respect to an asserted Regulatory Force Majeure event, the amount of the fee payable under Section 12.1(b)(iv)(2) will be tripled and Vertical Developer will pay to Port within thirty (30) days after the determination the balance of such tripled fee, and (ii) no determination is reached between the Parties as to whether or not the event occurred within the time period set forth in this Section 12.1(b)(iv), then the amount of the fee payable under Section 12.1(b)(iv)(2) will be doubled and Vertical Developer will pay to Port within thirty (30) days after the determination the balance of such doubled fee for each three-month period of delay until the earlier of the

cessation of the delay or exhaustion of the 24-month aggregate limit on Force Majeure and Regulatory Force Majeure delay. For the purposes of illustration, if during Phase 1, the event allegedly occurs and it is determined the Port was correct, then the fee would be \$45,000 for each three month period of delay due to Regulatory Force Majeure, and Vertical Developer would be obligated to pay the \$30,000 balance (i.e., \$45,000 minus the \$15,000 payment the Vertical Developer is already paying under Subsection 12.1(b)(iv)(2)). For the avoidance of doubt, the amount of time the parties take to resolve any disagreement regarding the event pursuant to this Subsection 12.1(b)(iv)(4) will count against the 24-month aggregate limit and Vertical Developer will be obligated to continue paying the fee under Subsection 12.1(b)(iv)(2) with respect to such time.

- (v) <u>Acceptance Delay</u>. Vertical Developer may extend the Construction Completion Date as a result of an Acceptance Delay without payment of any Extension Fee so long as the Acceptance Delay extensions do not exceed, in the aggregate, forty-eight (48) months. Vertical Developer will give notice to Port of any extension of the Construction Completion Date due to an Acceptance Delay as soon as reasonably practical following Vertical Developer's knowledge of the Acceptance Delay, which notice will describe the Acceptance Delay and any actual or reasonably anticipated delay as a result thereof. "Acceptance Delay" means a delay in the applicable City Agency's Acceptance of any of the Horizontal Improvements or Deferred Infrastructure that is Utility Infrastructure or a Public ROW following issuance of a Determination of Completion with respect such Horizontal Improvements or Deferred Infrastructure where such delay is the sole reason for Vertical Developer's inability to obtain a final certificate of occupancy for the Vertical Project.
- (vi) <u>Port Remedies</u>. Port will have the remedies set forth in [Schedule 15.3] if Vertical Developer fails to Commence or Complete Construction of the Vertical Project within the time frame set forth in this Section 12.1(b), as such time frames may have been extended pursuant to this Section 12.1(b) or any other applicable provisions of this Agreement. Vertical Developer's obligation to pay the Liquidated Amount described in Schedule 15.3 will survive the expiration or termination of this Agreement.
- 12.2. Mitigation Monitoring and Reporting Program. In order to mitigate the significant environmental impacts of the development contemplated hereby, the construction and subsequent operation of all or any part of the Vertical Project will be in accordance with all applicable Environmental Laws and [the applicable provisions of] the Mitigation Monitoring and Reporting Program attached hereto as Exhibit N. Vertical Developer will incorporate the Mitigation Monitoring and Reporting Program into any contract or subcontract.
- 12.3. Amendment of Development Requirements. Vertical Developer will not seek any amendment to the Design Controls under Section XXX of the SUD or to the SUD under Section 302 of the Planning Code without obtaining the prior written consent of Port (and, for any proposed amendment that may impact Horizontal Developer, the Horizontal Developer), which consent may be given or withheld in each of their sole discretion. In its application to Port or the City for a Regulatory Approval under the SUD or applicable building codes, Vertical Developer will expressly identify in writing any elements of its proposed construction that requires an amendment to the Vertical Development Requirements, and state the reason for the proposed amendment. No amendment to the Vertical Development Requirements will be effective with respect to such items if an amendment was not clearly sought by Vertical Developer in writing and such amendment was not approved by the Port in its proprietary capacity.
- 12.4. Construction of Infrastructure. Vertical Developer will be solely responsible for developing all improvements within the Property, including, without limitation, private right of ways, pedestrian walkways, infrastructure, and landscaping and hardscaping in any open space and common areas located within the Property. Vertical Developer will also be required to construct the Deferred Infrastructure identified on Schedule 12.4-1 attached hereto to the extent

the obligation to construct the Deferred Infrastructure was wholly transferred to, and accepted by, Vertical Developer in the VCA. Horizontal Developer (or its successors or assigns with respect to the obligation to construct Horizontal Improvements in accordance with the Infrastructure Plan [(attached to the Horizontal DDA as Exhibit B3)] will cause to be constructed Horizontal Improvements serving the Property, including streets and utilities necessary to serve the Property adjacent to (but not within) the Property, in accordance with the terms of the Horizontal DDA and as between Vertical Developer and Horizontal Developer, in accordance with the VCA. If Vertical Developer requires access to any real property outside of the Property that is under the control of Port in connection with the construction of the Deferred Infrastructure, Vertical Developer and Port will use good faith efforts to negotiate and execute a License as may be adjusted between the Parties to account for the additional risks associated with such activities, including increased insurance coverage amounts or additional insurance coverage and broader indemnity and release provisions, and any additional provisions required by Law (or mandated by the Port Commission pursuant to a policy adopted by the Port Commission in a public meeting) to be included in real property licenses. The VCA will address the Horizontal Developer's and Vertical Developer's rights and obligations with respect to any need of Vertical Developer to have access to any real property outside of the Property that is under the control of Horizontal Developer.

- 12.5. Construction Standards. All construction must be performed by duly licensed and bonded contractors or mechanics and will be accomplished expeditiously, diligently and in accordance with good construction and engineering practices and applicable Laws.
- 12.6. Reports and Information for County Assessor. During periods of construction, Vertical Developer will provide the Requested Information in accordance with Section 6.6(d).
- 12.7. Costs of Vertical Project Sole Responsibility of Vertical Developer. Port has no responsibility for any costs of the Vertical Project and Vertical Developer will pay (or cause to be paid) all such costs.
- 12.8. Construction Rights of Access. During any period of construction of the Vertical Project, Port and its Agents will have the right to enter areas in which construction is being performed, on reasonable prior written notice during customary construction hours, subject to the rights of tenants and subtenants, and any safety procedures or precautions required by Vertical Developer and/or its contractors, to inspect the progress of the work; provided, however, that Port and its Agents will conduct their activities in such a way to minimize interference with Vertical Developer and its operations to the extent feasible. Nothing in this Agreement, however, will be interpreted to impose an obligation upon Port to conduct such inspections or any liability in connection therewith.

12.9. Regulatory Approvals.

agrees that Port is entering into this Agreement in its proprietary capacity as the holder of fee title to the Property and not as a Regulatory Agency with certain police powers. Vertical Developer agrees and acknowledges that Port has made no representation or warranty that the necessary Regulatory Approvals to allow for the development of the Vertical Project can be obtained. Vertical Developer agrees and acknowledges that although Port is an agency of the City, Port staff and executives have no authority or influence over officials or Regulatory Agencies responsible for the issuance of any Regulatory Approvals, including Port and/or City officials acting in a regulatory capacity. Accordingly, there is no guarantee, nor a presumption, that any of the Regulatory Approvals required for the approval or development of the Vertical Project will be issued by the appropriate Regulatory Agency, and Vertical Developer understands and agrees that neither entry by Port into this Agreement nor any approvals given by Port under this Agreement will be deemed to imply that Vertical Developer will obtain any required approvals from Regulatory Agencies which have jurisdiction over the Vertical Project and/or the Property, including Port itself in its regulatory capacity. Port's status as an agency of

the City in no way limits the obligation of Vertical Developer, at Vertical Developer's own cost and initiative, to obtain Regulatory Approvals from Regulatory Agencies that have jurisdiction over the Vertical Project. By entering into this Agreement, Port is in no way modifying or limiting Vertical Developer's obligations to cause the Property to be developed, restored, used and occupied in accordance with all Laws. Vertical Developer further agrees and acknowledges that any time limitations on Port review or approval within this Agreement applies only to Port in its proprietary capacity, not in its regulatory capacity. Without limiting the foregoing, Vertical Developer understands and agrees that Port staff have no obligation to advocate, promote or lobby any Regulatory Agency and/or any local, regional, state or federal official for any Regulatory Approval, for approval of the Vertical Project or other matters related to this Agreement, and any such advocacy, promotion or lobbying will be done by Vertical Developer at Vertical Developer's sole cost and expense. Vertical Developer hereby waives any Claims against the City Parties, and fully releases and discharges the City Parties to the fullest extent permitted by Law, from any liability relating to the failure of Port, the City or any Regulatory Agency from issuing any required Regulatory Approval or from issuing any approval of the Vertical Project.

(b) Regulatory Approval; Conditions.

- (i) Vertical Developer understands that construction of the Vertical Project, including the Deferred Infrastructure, and Vertical Developer's contemplated uses and activities on the Property, may require Regulatory Approvals from Regulatory Agencies, which may include the City, Port, the RWQCB, SFPUC, SFPW, SFDPH, BAAQMD, Cal OSHA and other Regulatory Agencies. Vertical Developer is solely responsible for obtaining any such Regulatory Approvals, as further provided in this Section.
- Port, at no cost to Port, will cooperate reasonably with Vertical Developer in its efforts to obtain such Regulatory Approvals, including submitting letters of authorization for submittal of applications consistent with all applicable Laws and the further terms and conditions of this Agreement, including, without limitation, being a co-permittee with respect to any such Regulatory Approvals. However, if (1) Port is required to be a co-permittee under any such permit, then Port will not be subject to any conditions and/or restrictions under such permit that could encumber, restrict or adversely change the use of any Port property other than the Property, unless in each instance Port has previously approved, in Port's sole and absolute discretion, such conditions or restrictions and Vertical Developer has assumed all obligations and liabilities related to such conditions and/or restrictions; or (2) Port is required to be a co-permittee under any such permit, then Port will not be subject to any conditions or restrictions under such permit that could restrict or change the use of the Property in a manner not otherwise permitted under this Agreement or subject Port to unreimbursed costs or fees, unless in each instance Port has previously approved, in Port's reasonable discretion, such conditions and/or restrictions and Vertical Developer has assumed all obligations and liabilities related to such conditions and/or restrictions (including the assumption of any unreimbursed costs or fees Port may be subject to as a result of such Regulatory Approval).
- disapproval thereof in writing to Vertical Developer within ten (10) business days after receipt of Vertical Developer's written request, or if Port's Executive Director reasonably determines that Port Commission or Board of Supervisors action is required under applicable Laws, at the first Port and subsequent Board hearings after receipt of Vertical Developer's written request subject to notice requirements and reasonable staff preparation time, not to exceed forty-five (45) days for Port Commission action alone and seventy-five (75) days if both Port Commission and Board action is required, provided such period may be extended to account for any recess or cancellation of board or commission meetings. Port will join in any application by Vertical Developer for any required Regulatory Approval and execute such permit where required, provided that Port has no obligation to join in any such application or sign the permit if Port does

not approve the conditions or restrictions imposed by the Regulatory Agency under such permit as set forth above.

- Vertical Developer will bear all costs associated with (1) applying (iv) for and obtaining any necessary Regulatory Approval, and (2) complying with any and all conditions or restrictions imposed by Regulatory Agencies as part of any Regulatory Approval, including the economic costs of any development concessions, waivers, or other impositions, and whether such conditions or restrictions are on-site or require off-site improvements, removal, or other measures. Vertical Developer in its sole discretion has the right to appeal or contest any condition in any manner permitted by Law imposed by any such Regulatory Approval. Vertical Developer will provide Port with prior notice of any such appeal or contest and keep Port informed of such proceedings. Vertical Developer will pay or discharge any fines, penalties or corrective actions imposed as a result of the failure of Vertical Developer to comply with the terms and conditions of any Regulatory Approval. No Port approval will limit Vertical Developer's obligation to pay all the costs of complying with any conditions or restrictions. Vertical Developer will take reasonable steps to cooperate with Port in connection with Port's efforts to obtain approvals from Regulatory Agencies related to development of Mission Rock that are not necessary for or related to development of the Property.
- (v) Without limiting any other Indemnification provisions of this Agreement or the Parcel Lease, Vertical Developer will Indemnify the City Parties from and against any and all Losses which may arise in connection with Vertical Developer's failure to obtain or seek to obtain in good faith, or to comply with the terms and conditions of any Regulatory Approval which will be necessary to develop and construct the Property in accordance with the Scope of Development, except to the extent that such Losses arise from the gross negligence or willful misconduct of any City Party.
- (c) <u>Certain City Regulatory Approvals</u>. Horizontal Developer and the City have entered into the Development Agreement, which will govern certain land use matters under the Planning Code, including Impact Fees and Exactions. The Port and other City Agencies, with Horizontal Developer's consent, have entered into the ICA specifying certain procedures and standards that will apply when Horizontal Developer seeks Regulatory Approvals for the Horizontal Improvements from other City Agencies. A copy of the Development Agreement has either been made available to Vertical Developer for its review at Port's offices or has been provided to Vertical Developer.
- (d) <u>Compliance</u>. Vertical Developer is solely responsible for ensuring that the design and construction of the Vertical Project, including without limitation the Deferred Infrastructure (if assigned to and assumed by Vertical Developer in the VCA) comply with all Vertical Development Requirements and applicable Laws at no cost to the Port.
- (e) Noncompliance. Vertical Developer must pay any fines and penalties and perform any corrective actions imposed for noncompliance with any applicable Laws and Indemnify the Port against any liability arising from such noncompliance, even if the Port is a co-permittee. Vertical Developer will not be entitled to reimbursement from public financing sources for any fines, penalties, and costs of corrective actions related to its construction of Deferred Infrastructure.

12.10. Conditions to Commencement of Construction of the Vertical Project.

- (a) <u>Conditions Precedent</u>. Unless expressly waived by Port, Vertical Developer must satisfy all of the following conditions before Commencement of Construction of the Vertical Project:
- (i) <u>Certification.</u> Vertical Developer will have delivered to Port a statement certified by its officer as true, correct and complete that (1) it has obtained all Regulatory Approvals required to commence construction of the Vertical Project, (2) it has closed a loan with a lender or has binding commitments from its capital partners, for sufficient

financing to commence and complete the Vertical Project, and (3) it has paid the City all Impact Fees and Exactions that are required to be paid prior to commencement of construction of the Vertical Project.

- (ii) <u>Insurance</u>. Vertical Developer has in place all insurance required during construction of the Vertical Project under the terms of the Parcel Lease and has provided Port evidence thereof.]
- (iii) <u>Good Standing</u>. There will be no uncured Vertical Developer Default by Vertical Developer under this Agreement or uncured Event of Default under the Parcel Lease.
- (iv) <u>Security</u>. If any surety bond, sub-guard insurance (or other insurance product), guaranty, or other security is obtained by or for the benefit of Vertical Developer with respect to the payment of any funds or performance obligations associated with the Vertical Project, Vertical Developer will cause to have (1) Port named as a co-obligee to any bond, and (2) Port named as an additional insured or third-party beneficiary with respect to any sub-guard or other insurance product; provided, however, Port's rights under such Bond, insurance product or guaranty will (x) remain subordinate to the rights of any mortgagee and (y) not be exercised by Port before a Vertical Developer Default.
- (v) <u>Construction Documents</u>. The construction documents for the Vertical Project must conform to the Scope of Development. By way of example, the Vertical Project must contain the number of floors and residential units described in the Scope of Development.
- (vi) Vertical Developer will have satisfied the submittal requirements that Vertical Developer (or Vertical Developer's contractor) is required to make relating to Vertical Developer's obligations to comply with the Workforce Development Plan.
- (vii) Vertical Developer will have executed and delivered to Port a certification of compliance with San Francisco Administrative Code Chapters 12B and 12C on the "Chapter 12B Declaration: Nondiscrimination in Contracts and Benefits" form (Form HRC-12B-101), together with supporting documentation, and will have secured approval of the form by the City's Human Rights Commission.
- (b) <u>Conditions for Benefit of the Port</u>. The conditions in *Section 12.10(a)* (Conditions Precedent) are solely for the benefit of Port. Only Port may waive any of those conditions, and only to the extent waivable under Law.
- (c) <u>Effect of Failure of Condition</u>. Vertical Developer's failure to satisfy any condition described in *Section 12.10(a)* (Conditions Precedent) will not alone relieve either Party of any obligations that previously arose under this Agreement.
- (d) <u>Commencement Estoppel</u>. Vertical Developer has the right, but not the obligation, to request an estoppel certificate from Port, at no cost to Port, for the benefit of Vertical Developer and any mortgagee or other lender, stating that Vertical Developer has satisfied the conditions set forth in *Section 12.10*. Any such request will include a certification by Vertical Developer that (i) satisfies the requirements of *Section 12.10(a)(i)* and (ii) that to its actual knowledge, Port is not in default under this Agreement or the Parcel Lease. Port will respond to such request and provide such estoppel certificate within thirty (30) days after the date of Vertical Developer's request.
- 12.11. Safety Matters. Vertical Developer will undertake commercially reasonable measures in accordance with good construction practices to minimize the risk of injury or disruption or damage to adjoining or nearby property, or the risk of injury to members of the public, caused by or resulting from the performance of its development of the Vertical Project. Vertical Developer will erect appropriate construction barricades to enclose the areas of such

construction and maintain them until construction has been substantially completed, to the extent reasonably necessary to minimize the risk of hazardous construction conditions.

- 12.12. Post-Closing Boundary Adjustments. The Parties acknowledge that, as development of the Project Site advances, the description of each parcel of real property may require further refinements, which may require minor boundary adjustments. The Parties agree to cooperate in effecting any required boundary adjustments consistent with Section 21.2 (Technical Changes). Vertical Developer agrees that all conveyance agreements from Vertical Developers to any Transferees of the Property will include the obligation to cooperate with Port in boundary adjustments.
- 12.13. Vertical Developer Outreach Requirement. The Vertical Project is subject to the administrative design review process set forth in the Mission Rock SUD.. Additionally, as a requirement of this Agreement, Vertical Developer will make an informational presentation regarding the consistency of its application with the Mission Rock SUD and Design Controls to the Port's Central Waterfront Advisory Group ("CWAG") within 30 days of its submittal to the Planning Director. Port will reasonably cooperate with Vertical Developer to schedule and notice this presentation by publication, posting, mailing or other means reasonably aimed at providing stakeholders with an opportunity to attend the presentation. If a CWAG meeting cannot be scheduled within 30 days of the submittal, the Vertical Developer will have the option to present at the next scheduled CWAG meeting or to host a public presentation of its design and will provide a minimum of 2 weeks' notice by publication, posting, mailing or other means reasonably aimed at providing stakeholders with an opportunity to attend the presentation. The presentation is for informational purposes only. However, should the Vertical Developer desire to change its design review application to incorporate any feedback received from the presentation, any such changes submitted more than 30 days after the initial submission will reset the 60-day design review period established by the Mission Rock SUD.

13. COMPLETION OF VERTICAL PROJECT.

- 13.1. Completion; Certificates of Completion. The obligations of Vertical Developer set forth in this Agreement, if any, will be deemed satisfied upon the completion of the Vertical Project, as evidenced by Port's issuance of a Certificate of Completion in accordance with the following terms:
- (a) <u>Submittals</u>. When Vertical Developer reasonably believes that it has Completed the Vertical Project (excluding the Deferred Infrastructure), it may submit to Port an Architect's Certificate in the form attached as *Exhibit O* (or such other form as approved by the Chief Harbor Engineer), and request that the Port issue a Certificate of Completion. When Vertical Developer reasonably believes that it has Completed the Deferred Infrastructure, it may submit to Port an Engineer's Certificate in accordance with the procedures set forth in [Section XX of the Horizontal DDA.]
- (b) <u>Deferred Items</u>. With respect to the Vertical Project, if there remain uncompleted (i) customary punch list items, (ii) landscaping, or (iii) exterior finishes (to the extent Vertical Developer can demonstrate to Port's reasonable satisfaction that such finishes would be damaged during the course of later construction of interior improvements) (collectively "Deferred Items"), Port may reasonably condition approval of the Certificate of Completion upon provision of security or other assurances in form, substance and amount satisfactory to Port that all the Deferred Items will be diligently pursued to completion.
- (c) <u>Port Response</u>. Within thirty (30) days after its receipt of the Engineer's Certificate and Architect's Certificate Port will either (i) issue a Certificate of Completion or (ii) a notice specifying the reasons it did not issue a Certificate of Completion. If Port does not issue a Certificate of Completion for the Vertical Project substantially in the form of *Exhibit P* as requested under *Subsection 13.1(a)* (Submittals), then Port will deliver to Vertical Developer a notice specifying the reasons it did not issue the requested Certificate of Completion and the

reasonable acts or measures that Vertical Developer must take to obtain a Certificate of Completion. Vertical Developer may submit revised Engineer's and Architect's Certificates and a new request for a Certificate of Completion under *Subsection 13.1(a)* (Submittals) at any time after completing the specified acts or measures and the Port will respond to same within thirty (30) days thereafter.

(d) Effect of Certificate of Completion. For purposes of this Agreement only, the Certificate of Completion will be the Port's conclusive determination that Vertical Developer has Completed the Vertical Project and effective upon such issuance, other than the terms and conditions of this Agreement that expressly survive termination, this Agreement will terminate. The Port's determination will not impair Vertical Developer's release as provided in Article 4 (Release), Port's right to Indemnity under Vertical Developer's obligation to Indemnify the City Parties in Section 12.9(b)(v) and Article 18 (Indemnification), or Port's right, to reimbursement of Port and City Costs as provided under Section 14.4 (Survival), all of which expressly survive termination of this Agreement. The Port's issuance of a Certificate of Completion will not relieve Vertical Developer or any other person from the Vertical Development Requirements or compliance with applicable Laws, including applicable building, fire, or other code requirements, conditions to occupancy of any improvement, or other applicable Laws. This Section 13.1(d) will survive the expiration or earlier termination of this Agreement.

13.2. Record Drawings.

- Vertical Developer will furnish to Port one set of design/permit drawings in their finalized form and Record Drawings with respect to the Vertical Project within ninety (90) days following issuance of a final certificate of occupancy for the Vertical Project. Record Drawings must be in the form of full-size, hard paper copies and converted into electronic format as (1) full-size scanned TIF files, and (2) AutoCad files of the completed and updated construction documents, as further described below, and in such format as is reasonably required by Port's building department at the time of submittal. As used in this Section "Record Drawings" means drawings, plans and surveys showing the construction as built on the Property and prepared during the course of construction (including all requests for information, responses, field orders, change orders and other corrections to the documents made during the course of construction). If Vertical Developer fails to provide such Record Drawings to Port within the time period specified herein, and such failure continues for an additional ninety (90) days following an additional written request from Port, Port will thereafter have the right to cause an architect or surveyor selected by Port to prepare Record Drawings showing such construction, and the actual, third-party cost of preparing such Record Drawings must be reimbursed by Vertical Developer to Port promptly after invoice of the same is delivered to Vertical Developer. Nothing in this Section will limit Vertical Developer's obligations, if any, to provide plans and specifications in connection with the construction under applicable regulations adopted by Port in its regulatory capacity. Vertical Developer will be permitted to disclaim any representations or warranties with respect to the design/permit drawings, Record Drawings or other plans and specifications provided hereunder, and, at Vertical Developer's request, Port will provide Vertical Developer with a release from liability for future use of the applicable materials, in a form acceptable to Vertical Developer and Port.
- (b) Record Drawing Requirements. Record Drawings must be no less than (24" x 36"), with mark-ups neatly drafted to indicate modifications from the original design drawings, scanned at 400 dpi. Each drawing will have a Port-assigned number placed onto the title block prior to scanning. An index of drawings must be prepared correlating drawing titles to the numbers. A minimum of ten (10) drawings will be scanned as a test, prior to execution of this requirement in full.
- (c) <u>AutoCad Requirements</u>. The AutoCad files must be contained in Release 2006 or a later version, and drawings must be transcribed onto a compact disc(s) or

DVD(s), as requested by Port. All X-REF, block and other referenced files must be coherently addressed within the environment of the compact disc or DVD, at Port's election. Discs containing files that do not open automatically without searching or reassigning X-REF addresses will be returned for reformatting. A minimum of ten (10) complete drawing files, including all referenced files, is required to be transmitted to Port as a test, prior to execution of this requirement in full.

(d) <u>Changes in Technology</u>. Port reserves the right to revise the format of the required submittals set forth in this *Section 13.2* as technology changes and new engineering/architectural software is developed.

14. PORT/CITY COSTS.

- 14.1. *Port Costs*. Port and the City are entitled to reimbursement for, respectively, Port Costs and City Costs incurred in connection with performing its obligations under this Agreement and any changes to this Agreement requested by Vertical Developer. Upon the request of Vertical Developer, Port and Vertical Developer will meet and confer within a reasonable period of time regarding the Port Costs and City Costs likely to be incurred in connection with this Agreement. Except to the extent specifically set forth herein, Port will not be entitled to collect any other fee or reimbursement from Vertical Developer in connection with the performance of Port's obligations under this Agreement in its proprietary capacity.
- 14.2. Reporting of Port Costs. Within ninety (90) days following the end of each calendar quarter during the term of this Agreement and within ninety (90) days following the expiration or termination of this Agreement, Port will deliver to Vertical Developer a summary of Port Costs (together with City Costs invoiced as of such date) incurred during such quarter (the "Port Costs Report"). The summary will be in a reasonably detailed form and will include (i) a general description of the services performed and Port Costs incurred, (ii) cost for Port staff time and cost for the City Attorney's staff time spent on the Vertical Project, (iii) the transaction costs incurred by the City, (iv) the fees and costs incurred and paid by Port under the ICA, and (v) the fees and costs of non-City professionals and copies of invoices from such non-City professionals. Port will provide such supporting documentation as Vertical Developer may reasonably request to verify that the Port Costs were incurred in accordance with this Agreement. Port and Vertical Developer will cooperate with one another to develop a reporting format that satisfies the reasonable informational needs of Vertical Developer to justify expenditures of Port Costs in accordance with this Agreement without divulging any privileged or confidential information of Port, the City, or their respective contractors. The Port Costs Report will be binding on Vertical Developer in the absence of error demonstrated by Vertical Developer within six (6) months of Vertical Developer's receipt of the same.
- 14.3. Payment of Port Costs. Vertical Developer will reimburse Port for Port Costs and City Costs described in each Port Costs Report no later than thirty (30) days after its receipt of the Port Costs Report from Port. While the Parties currently anticipate the Port Cost Reports will be delivered quarterly, Port will have the right to submit monthly Port Cost Reports. The Parties will meet and confer within a reasonable period of time and in good faith to resolve any disputes regarding a Port Costs Report. Port will have the right to terminate or suspend any work for Vertical Developer under this Agreement upon Vertical Developer's failure to pay amounts due and owing hereunder, and continuing until Vertical Developer makes payment in full to Port.
- **14.4.** *Survival*. Vertical Developer's obligation to reimburse Port for Port Costs and City Costs incurred during the term of the Agreement will survive the expiration or termination of this Agreement.

15. DEFAULTS; REMEDIES.

15.1. Default by Vertical Developer. The occurrence after the Closing Date of any one of the following events or circumstances will constitute a "Vertical Developer Default:"

- (a) Vertical Developer causes or permits the occurrence of a Transfer not permitted under this Agreement;
- (b) Vertical Developer fails to pay when due any amount required to be paid hereunder, or fails to pay any taxes or assessments on the Property when due (including CFD and IFD assessments), and such failure continues for a period of five (5) business days following Vertical Developer's receipt of notice thereof from the Port;
- (c) Subject to the provisions of Section 15.3(b) and Schedule 15.3 Vertical Developer fails to cause the Construction Commencement Date or the Construction Completion Date to occur on or before the required dates set forth in Section 12.1(b), as may be extended in accordance with Section 12.1(b);
- (d) Vertical Developer is materially in default under the Restrictive Covenants (as reasonably determined by Port) and fails to cure the same in accordance with the terms of such documents within a reasonable period of time (or such shorter period of time as may be specified in the Restrictive Covenant, if applicable, or an Event of Default (i.e., after expiration of all applicable notice and cure periods) occurs under the Parcel Lease;
- (e) Vertical Developer files a petition for relief, or an order for relief is entered against Vertical Developer, in any case under applicable bankruptcy or insolvency law, or any comparable law that is now or hereafter may be in effect, whether for liquidation or reorganization, which proceedings if filed against Vertical Developer are not dismissed or stayed within one hundred twenty (120) days;
- (f) A writ of execution is levied on this Agreement which is not released within one hundred twenty (120) days, or a receiver, trustee or custodian is appointed to take custody of all or any material part of the property of Vertical Developer, which appointment is not dismissed within one hundred twenty (120) days;
- (g) Vertical Developer makes a general assignment for the benefit of its creditors;
- (h) Vertical Developer fails to perform any other obligation required to be performed under this Agreement by Vertical Developer, including, without limitation, Vertical Developer's failure to provide Requested Information and such failure continues beyond any the period of time for cure thereof or the expiration of any grace period specified in this Agreement therefor, or if no such cure or grace period is specified, within thirty (30) days after Vertical Developer's receipt of notice thereof from the Port as appropriate, or in the case of a default that is curable but is not susceptible of cure within thirty (30) days, Vertical Developer fails promptly to commence to cure such default and thereafter diligently to prosecute such cure to completion within a reasonable time, but in no event to exceed one hundred and twenty (120) days;
- (i) [if applicable: Vertical Developer fails to provide Adequate Security to the extent required under this Agreement, or once it has provided Adequate Security fails to maintain the same as required under this Agreement, and such failure continues for thirty (30) days following receipt of notice from Port (provided, that Vertical Developer will immediately, upon receiving notice from Port to such effect, suspend all activities (other than those needed to preserve the condition of improvements or as necessary for health or safety reasons) on affected portions of the Property during any period during which Adequate Security are not maintained as required by this Agreement); and
- (j) [if applicable: the obligor of any Adequate Security commits a default under the applicable security instrument or revokes or refuses to perform as required under the Adequate Security and Vertical Developer does not replace the Adequate Security within thirty (30) days following Vertical Developer's receipt of notice from Port; provided, that (i) Vertical Developer will immediately, upon receiving notice from Port to such effect, suspend all activities (other than those needed to preserve the condition of improvements or as necessary

for health or safety reasons) on affected portions of the Property during any period during which the Adequate Security is maintained as required by this Agreement, (ii) any cure period for a default under the Adequate Security will run concurrently with the above thirty (30) day period, and (iii) upon receipt by Port of any replacement Adequate Security Port will return, if in its possession or control, the original Adequate Security.

15.2. Default by Port. It will constitute a "Port Default" under this Agreement, if after the Closing Date, Port fails to perform any of its agreements or obligations under this Agreement, and such failure continues beyond the period of time for cure thereof or the expiration of any grace period specified in this Agreement therefor, or if no such cure or grace period is specified, within thirty (30) days after Port's receipt of notice thereof from Vertical Developer, or, in the case of a default that is curable but is not susceptible of cure within thirty (30) days, if the Port fails promptly to commence to cure such default and thereafter diligently to prosecute such cure to completion, but in no event to exceed one hundred and twenty (120) days.

15.3. Port Remedies for Vertical Developer Default.

- (a) General. During the continuance of a Vertical Developer Default subject to Article 16, and the limitations set forth in Section 25 of the Parcel Lease (including, without limitation, Section 25.4 of the Parcel Lease) Port will have all rights and remedies described in Section 25 of the Parcel Lease; provided, however, notwithstanding anything to the contrary contained in this Agreement or the Parcel Lease, any right to cure and any remedy available to Port regarding any Vertical Developer Default under the Workforce Development Plan is limited to those rights and remedies set forth in the Workforce Development Plan. Notwithstanding the foregoing, in no event will Port have the right to terminate this Agreement or the Parcel Lease solely as a result of Vertical Developer's default under Section 6.6(d) (Information Required by the County Assessor) but Port shall have other remedies available at law or in equity, including, without limitation, specific performance.
- Project. If the Vertical Developer has not Commenced Construction as of the Construction Commencement Date or has not Completed the Vertical Project as of the Construction Completion Date (as such dates may have been extended pursuant to Section 12.1(b)), following the expiration of applicable notice and cure periods under this Agreement, then (i) Port will have the remedies set forth in Schedule 15.3, and (ii) subject to the provisions of Schedule 15.3 including the limitations on Port's termination rights, Port will have the right to terminate the Parcel Lease and this Agreement, whereupon Vertical Developer will deliver possession of the Property to Port in the condition required under the Parcel Lease and, if Port so requests, Vertical Developer will execute, acknowledge and deliver a commercially reasonable form of quitclaim deed with respect to the Property.
- 15.4. Vertical Developer's Remedies for Port Default. In the event of a Port Default after the Closing Date, Vertical Developer will have the remedies set forth in [Section 28 of the Parcel Lease.]
- 15.5. Limitation on Port Liability. Except as expressly set forth in Section 10.4(c) and Section 18.4, Port will not have any liability whatsoever for monetary damages, and in no event, will Port be liable for any actual, consequential, incidental or punitive damages, including, but not limited to, lost opportunities, lost profits or other damages of a consequential nature under this Agreement.
- 15.6. No Implied Waivers. No waiver made by a waiving Party with respect to the performance or manner or time thereof (including an extension of time for performance) of any obligations of another Party, or of any condition to the waiving Party's own obligations, will be considered a waiver of the waiving Party's rights with respect to any obligation of another Party

or any condition to the waiving Party's own obligations beyond those expressly waived in writing.

15.7. Limitation on Personal Liability. No natural person, including any commissioner, member, supervisor, officer, director, employee, representative, or attorney of a Party, will be personally liable to another Party in the event of any default or for any amount that may become due to a Party under this Agreement, provided the foregoing will not limit any liabilities that exist under a security instrument or that exist under applicable law.

16. FINANCING; RIGHTS OF MORTGAGEES.

The rights and obligations of each Party related to any Mortgage (as defined in the Parcel Lease) are set forth in the Parcel Lease. Capitalized terms that are used but not defined in this Section 16 will have the meanings given such terms in the Parcel Lease. Without limiting or expanding the rights afforded to Lenders pursuant to the Parcel Lease following a default by Vertical Developer to Commence Construction or Complete Construction pursuant to Section 15.3 above and notice thereof by Port to Lender, Lender will have the right, but not the obligation, to notify Port that it intends to cure such default or pursue a Lender Acquisition or both. Upon receipt of such notice, Port will not pursue its remedies under this Agreement or the Parcel Lease, as applicable for so long (and only for so long) as Lender is diligently attempting to cure the default or pursuing such Lender Acquisition. No Lender that is in the process of a Lender Acquisition or that has completed a Lender Acquisition will be obligated to construct the Vertical Project; provided, however, that any Lender or Successor Owner that obtains title to the Encumbered Property and then properly completes construction of the Vertical Project is entitled to a Certificate of Completion on request to the Port. Nothing in this Agreement permits or authorizes any Lender or Successor Owner to construct any Improvements other than the Vertical Project authorized hereunder. .

17. LABOR MATTERS.

- 17.1. Compliance with Workforce Development Plan. In connection with the construction of the Vertical Project, Vertical Developer agrees to comply with all applicable provisions of the Workforce Development Plan.
- 17.2. Prevailing Wages. Any construction, alteration, demolition, installation, maintenance, repair, or laying of carpet at, or hauling of refuse from, the Property comprise a public work if paid for in whole or part out of public funds. The terms "public work" and "paid for in whole or part out of public funds" as used in this Section are defined in California Labor Code Section 1720 et seq., as amended. Vertical Developer agrees that any person performing labor for Vertical Developer on any public work at the Property will be paid not less than the highest prevailing rate of wages consistent with the requirements of Section 6.22(E) of the San Francisco Administrative Code, and will be subject to the same hours and working conditions, and will receive the same benefits as in each case are provided for similar work performed in San Francisco County. Vertical Developer will include in any contract for such labor a requirement that all persons performing labor under such contract will be paid not less than the highest prevailing rate of wages for the labor so performed and a requirement that such contractor provide, and deliver to City upon request, certified payroll reports with respect to all persons performing such labor at the Property.

18. INDEMNIFICATION.

18.1. Indemnification by Vertical Developer.

(a) General Indemnity.

(i) Prior to Close of Escrow. If Vertical Developer accesses the Property prior to the Closing Date, then Vertical Developer must Indemnify the City Parties against any and all Losses related to such access as provided in the License. Vertical

Developer's Indemnification obligation also includes the obligations described in **Section 12.9(b)(v)** related to Regulatory Approvals.

- (ii) <u>Following Close of Escrow</u>: Following the Close of Escrow, Vertical Developer's obligation to Indemnify the City Parties will be in accordance with the Parcel Lease.
- 18.2. Indemnification for Breach of Representations. Vertical Developer agrees to Indemnify, defend and hold harmless the City Parties from and against any and all Losses arising from any breach of express representation, warranty or covenant made by Vertical Developer in Section 21.3 (Representations).
- 18.3. Defense of Claims. Subject to the express terms of any Indemnity obligation hereunder, Vertical Developer's Indemnification obligations under this Agreement are enforceable regardless of the active or passive negligence of the City Parties, and regardless of whether liability without fault is imposed or sought to be imposed on the City Parties. Vertical Developer specifically acknowledges that it has an immediate and independent obligation to defend the City Parties from any Loss that actually or potentially falls within the Indemnification obligations of Vertical Developer, even if such allegations are or may be groundless, false, or fraudulent, which arises at the time such claim is tendered to Vertical Developer and continues at all times thereafter until finally resolved. Vertical Developer's Indemnification obligations under this Agreement are in addition to, and in no way, will be construed to limit or replace, any other obligations or liabilities which Vertical Developer may have to Port in this Agreement, at common law or otherwise.
- 18.4. Limitations of Liability. It is understood and agreed that no commissioners, members, officers, agents, or employees of the City Parties will be personally liable to Vertical Developer, nor will any direct or indirect partners, members or shareholders of Vertical Developer or its or their respective officers, directors, agents or employees (or of their successors or assigns) be personally liable to the City Parties, in the event of any default or breach of this Agreement or for any amount that may become due under the terms of this Agreement; provided, that the foregoing will not release obligations of a Person that otherwise has liability for such obligations, such as (i) the general partner of a partnership that, itself, has liability for the obligation or (ii) the obligor under any guaranty, bond or similar instrument covering such obligation.
- 18.5. Survival of Indemnification Obligations. The terms and provisions of this Article 18 will survive the expiration or termination of this Agreement.

19. TRANSFER AND ASSIGNMENTS.

- 19.1. Before Close of Escrow. Vertical Developer's option to lease the Leasehold Estate is personal to Vertical Developer. Accordingly, except as expressly set forth in this Article 19, Vertical Developer may not Transfer this Agreement before Close of Escrow without the prior written consent of Port, which may be granted, withheld, or conditioned in its sole discretion. Notwithstanding the foregoing, if Horizontal Developer is the initial Vertical Developer under this Agreement, then Horizontal Developer may Transfer to an Affiliate of Horizontal Developer after expiration of the Contingency Period upon the prior written consent of Port, which consent will not be unreasonably withheld. The Parties agree that if a Transfer occurs on or before Close of Escrow, then all Net Transfer Proceeds will be applied as followed:
- (a) First, to pay Port's attorneys' fees and costs associated with Port's review of the Transfer; and
- (b) Second, all remaining proceeds to Port to be deposited into the DRP Fund and thereafter distributed in accordance with [Section ____ of the Financing Plan (Exhibit XX to the DDA)].

19.2. Additional Definitions.

"Affiliate" means any Person directly or indirectly Controlling, Controlled by or under Common Control with the other Person in question.

"Assignment" means an assignment, conveyance, hypothecation, pledge (other than from and after Close of Escrow, a pledge in connection with any mezzanine financing which will not require prior Port approval), or other transfer of all or any of Vertical Developer's interest in this Agreement other than an Excluded Transfer.

"Cash Consideration" means (i) cash or (ii) cash equivalents.

"Control" means with respect to any Person (a) the possession, directly or indirectly, of the power to direct or cause the direction of the day to day management, policies or activities of such Person whether through ownership of voting securities, by contract or otherwise (excluding customary limited partner or non-managing member approval rights, or (b) the ownership (direct or indirect) of more than fifty percent (50%) of the profits or capital of another Person, or (c) the ownership (direct or indirect) of more than fifty percent (50%) of the ownership interest of such Person (whether shares, partnership interests, membership interest or other equity, and whether one or more classes thereof). "Controlled" and "Controlling" have correlative meanings.

"Excluded Transfer" means any of the following: (a) the exercise of customary remedies under mezzanine financing of Vertical Developer or any constituent owner thereof; (b) the exercise of customary limited partner or non-managing member remedies under a partnership or limited liability company operating agreement, as applicable; (c) a change resulting from death or legal incapacity of a natural person; (d) the sale, transfer or issuance of less than the Controlling interest of stock of Vertical Developer that is listed on a nationally or internationally recognized stock exchange in a single transaction or a related series of transactions; or (e) the granting of any Deed of Trust lien with respect to the Property or a personal property interest in Vertical Developer.

"Net Transfer Proceeds" means before Close of Escrow, the Transfer Proceeds, less the transferor Vertical Developer's reasonable attorneys' fees and costs incurred in connection with a Transfer.

"Non-Cash Consideration" means consideration received by assignor in connection with a Transfer that is not Cash Consideration.

"Qualified Transferee" is defined in Section 23 below.

"Significant Change" means any change in the direct or indirect ownership of Vertical Developer that results in a change in Control of Vertical Developer provided, however, in no event will any Excluded Transfer be deemed a Significant Change.

"Transfer" means an Assignment or a Significant Change other than an Excluded Transfer.

"Transfer Proceeds" means all consideration received by or for the account of Vertical Developer in connection with a Transfer, including Cash Consideration, the principal amount of any loan made by Vertical Developer to a purchaser as part of the purchase price, or any other Non-Cash Consideration representing a portion of the purchase price.

- 19.3. After Close of Escrow. After the Close of Escrow, Vertical Developer will be permitted to Transfer all or any of its interest or rights in this Agreement in conjunction with a Transfer permitted by the Parcel Lease or approved by Port in accordance with the Parcel Lease.

 [Note: Need to include form of Assignment and Assumption Agreement per DA §11.1 and permit recordation.]
- 19.4. Limitation on Liability. From and after an Assignment, the transferor will be released from all obligations and liability under this Agreement to the extent first arising after the date of such Transfer. In no event will the transferor be liable for a new default first arising after the date of such Transfer. The effectiveness of any Transfer hereunder is not in any way to be

construed to relieve the transferor vertical developer of any liability arising out of or with regard to the performance of any covenants or obligations to be performed by the transferor vertical developer hereunder before the date of such Assignment. Notwithstanding the foregoing, with respect to a Transfer to an Affiliate for which Port's consent was not required under **Section 19.1**, the Transferor will be released as set forth in this **Section 19.4** only if the Minimum Net Worth requirement is satisfied.

19.5. Restrictions on Port Transfer. This Agreement will not restrict Port's right to Transfer all or any portion of the Property to which it holds title. Unless otherwise prohibited by Law, Port agrees, however, not to Transfer any portion of the Property or any interest therein acquired by it to any Person where such Transfer would preclude Port's or Vertical Developer's performance under this Agreement or the uses, densities, rights or intensity of development contemplated under this Agreement or the Vertical Development Requirements.

20. PORT AND CITY SPECIAL PROVISIONS.

Vertical Developer will comply with the Port and City Special Provisions attached hereto as *Exhibit T*.

21. GENERAL PROVISIONS. [NEED TO REVISE WITH FINAL APPLICABLE SPECIAL PROVISIONS DOCUMENT]

21.1. *Notices*. Any notices required or permitted to be given under this Agreement will be in writing and will be delivered (a) in person, (b) by certified mail, postage prepaid, return receipt requested, or (c) by U.S. Express Mail or commercial overnight courier that guarantees next day delivery and provides a receipt, and such notices will be addressed as follows:

| Port: | |
|-----------------|--------------------------------------|
| | Port of San Francisco |
| | Pier 1 |
| | San Francisco, CA 94111 |
| | Attn: Director of Real Estate and |
| | Development |

| | Attn: General Counsel |
| · | Re: Mission Rock ([Identify Parcel]) |

Vertical Developer:

with a copy to:

or such other address as either party may from time to time specify in writing to the other party. Any notice will be deemed given when actually delivered (or when delivered is refused, if applicable) if such delivery is in person, two (2) days after deposit with the U.S. Postal Service if such delivery is by certified or registered mail, and the next business day after deposit with the

- U.S. Postal Service or with the commercial overnight courier service if such delivery is by overnight mail.
- 21.2. Amendments/Technical Changes. This Agreement may be amended or modified only by a written instrument signed by the Vertical Developer and Port. Without limiting the foregoing, Vertical Developer and the Port may correct any inadvertent error to this Agreement or any of its exhibits or implementing documents that is contrary to the Parties' intention in the identification or characterization of or any reference to any title exception, legal description, boundaries of any parcel, map or drawing, or the text, or otherwise agree to minor changes that do not materially and adversely affect the Vertical Project or Deferred Infrastructure (as reasonably determined by Vertical Developer). Any agreed change will be effected by a signed memorandum or replacement pages. A memorandum or replacement sheet will not be deemed an amendment of this Agreement or the relevant document as long as any adjustments are relatively minor and do not result in a material change as determined by the Port in consultation with counsel. Any memorandum will become a part of this Agreement or the affected document when fully executed.
- **21.3.** Representations and Warranties of Vertical Developer. Vertical Developer represents and warrants to Port as of the Effective Date and as of the Close of Escrow as follows:
- (a) That Vertical Developer is a duly organized, validly existing, and in good standing under the laws of the State of ______. Vertical Developer has all requisite power and authority to conduct its business as presently conducted.
- (b) That Vertical Developer has not been suspended, disciplined or disbarred by, or prohibited from contracting with, any federal, state or local governmental agency. In the event Vertical Developer has been so suspended, disbarred, disciplined or prohibited from contracting with any governmental agency, it will immediately notify the Port of same and the reasons therefore together with any relevant facts or information requested by Port. Any such suspension, debarment, discipline or prohibition may result in the termination or suspension of this Agreement.
- (c) That this Agreement and all documents executed by Vertical Developer: (i) are and at the time of Closing will be duly authorized, executed and delivered by Vertical Developer; (ii) are and at the time of Closing will be legal, valid and binding obligations of Vertical Developer; and (iii) do not and at the time of Closing will not violate any provision of any agreement or judicial order to which Vertical Developer is a party or to which Vertical Developer is subject. The Transaction Documents will be a legal, valid and binding obligation of Vertical Developer, enforceable against Vertical Developer in accordance with its terms.
- (d) That Vertical Developer has all requisite power and authority to execute and deliver the Transaction Documents and to carry out and perform all of the terms and covenants of the Transaction Documents.
- (e) None of Vertical Developer's formation documents, nor any other agreement or Law in any way prohibits, limits or otherwise affects the right or power of Vertical Developer to enter into and perform all of the terms and covenants of the Transaction Documents. Vertical Developer is not party to or bound by any contract, agreement, indenture, trust agreement, note, obligation or other instrument that could prohibit, limit or otherwise affect the same. No consent, authorization or approval of, or other action by, and no notice to or filing with, any governmental authority, regulatory body or any other Person is required for the due execution, delivery and performance by Vertical Developer of the Transaction Documents or any of the terms and covenants contained therein. There are no pending or threatened lawsuits or proceedings or undischarged judgments affecting Vertical Developer before any court, governmental agency, or arbitrator that is reasonably expected to materially and adversely affect the enforceability of the Transaction Documents or the business, operations, assets or condition of Vertical Developer.

- (f) The execution, delivery and performance of the Transaction Documents (i) do not and will not violate or result in a violation of, contravene or conflict with, or constitute a default under (A) any agreement, document or instrument to which Vertical Developer or by which Vertical Developer's assets may be bound or affected, (B) any Law, or (C) the articles of incorporation, the bylaws, partnership agreement or operating agreement of Vertical Developer, and (ii) do not and will not result in the creation or imposition of any lien or other encumbrance upon the assets of Vertical Developer (other than the lien of a Mortgage in accordance with this Agreement or the Parcel Lease).
- (g) There is no material adverse change in Vertical Developer's financial condition and Vertical Developer is meeting its current liabilities as they mature; no federal or state tax liens have been filed against it; and Vertical Developer is not in default or claimed default under any agreement for borrowed money.
- (h) Notwithstanding anything to the contrary in this Agreement, the foregoing representations and warranties will survive the Closing Date.
- 21.4. Governing Law. This Agreement will be governed by, subject to, and construed in accordance with the laws of the State of California and City's Charter and Administrative Code. All legal actions related to this Agreement will be instituted in the Superior Court of the City and County of San Francisco, State of California, in any other appropriate court in the City or, if appropriate, in the Federal District Court in San Francisco, California.
- 21.5. Merger of Prior Agreements. This Agreement, together with the exhibits hereto, contain any and all representations, warranties and covenants made by Vertical Developer and Port and constitutes the entire understanding between the parties hereto with respect to the subject matter hereof. Any prior correspondence, memoranda or agreements are replaced in total by this Agreement together with the exhibits hereto.
- 21.6. Parties and Their Agents. The term "Vertical Developer" as used herein will include the plural as well as the singular. If Vertical Developer consists of more than one (1) individual or entity, then the obligations under this Agreement imposed on Vertical Developer will be joint and several. As used herein, the term "Agents" when used with respect to either party will include the agents, employees, officers, contractors and representatives of such party.

21.7. Interpretation of Agreement.

- (a) <u>Exhibits</u>. Whenever an "Exhibit" is referenced, it means an exhibit or attachment to this Agreement unless otherwise specifically identified. All such Exhibits are incorporated in this Agreement by reference.
- (b) <u>Captions</u>. Whenever a section or paragraph is referenced, it refers to this Agreement unless otherwise specifically identified. The captions preceding the sections of this Agreement and in the table of contents have been inserted for convenience of reference only. Such captions will not define or limit the scope or intent of any provision of this Agreement.
- (c) <u>Words of Inclusion</u>. The use of the term "including", "include", "such as" or words of similar import when following any general term, statement or matter will not be construed to limit such term, statement or matter to the specific items or matters, whether or not language of non-limitation is used with reference thereto. Rather, such terms will be deemed to refer to all other items or matters that could reasonably fall within the broadest possible scope of such statement, term or matter.
- (d) No Presumption Against Drafter. This Agreement has been negotiated at arm's length and between Persons sophisticated and knowledgeable in the matters dealt with herein. In addition, experienced and knowledgeable legal counsel has represented each Party. Accordingly, this Agreement will be interpreted to achieve the intents and purposes of the Parties, without any presumption against the Party responsible for drafting any part of this Agreement (including California Civil Code Section 1654).

- (e) <u>Costs and Expenses</u>. The Party on which any obligation is imposed in this Agreement will be solely responsible for paying all costs and expenses incurred in the performance of such obligation, unless the provision imposing such obligation specifically provides to the contrary.
- (f) Agreement References. Wherever reference is made to any provision, term or matter "in this Agreement," "herein" or "hereof" or words of similar import, the reference will be deemed to refer to any and all provisions of this Agreement reasonably related thereto in the context of such reference, unless such reference refers solely to a specific numbered or lettered section or paragraph of this Agreement or any specific subdivision of this Agreement.
- 21.8. Attorneys' Fees. If either Party hereto fails to perform any of its respective obligations under this Agreement or if any dispute arises between the Parties hereto concerning the meaning or interpretation of any provision of this Agreement, then the defaulting Party or the Party not prevailing in such dispute, as the case may be, will pay any and all costs and expenses incurred by the other party on account of such default or in enforcing or establishing its rights hereunder, including, without limitation, court costs and reasonable attorneys' fees and disbursements. For purposes of this Agreement, the reasonable fees of attorneys of the Office of the City Attorney of the City and County of San Francisco will be based on the fees regularly charged by private attorneys with the equivalent number of years of experience in the subject matter area of the law for which the City Attorney's services were rendered who practice in the City of San Francisco in law firms with approximately the same number of attorneys as employed by the City Attorney's Office.
- **21.9.** *Time of Essence*. Time is of the essence with respect to the performance of the parties' respective obligations contained herein.
- **21.10.** *No Merger*. The obligations contained herein that expressly survive the Closing will not merge with the transfer of title to the Property but will remain in effect until fulfilled.
- **21.11.** Non-Liability of City Officials, Employees and Agents. Notwithstanding anything to the contrary in this Agreement, no elective or appointive board, commission, member, officer, employee or agent of City will be personally liable to Vertical Developer, its successors and assigns, in the event of any default or breach by City or for any amount which may become due to Vertical Developer, its successors and assigns, or for any obligation of City under this Agreement.
- 21.12. Conflicts of Interest. Through its execution of this Agreement, Vertical Developer acknowledges that it is familiar with the provisions of Section 15.103 or City's Charter, Article III, Chapter 2 of City's Campaign and Governmental Conduct Code, and Section 87100 et seq. and Section 1090 et seq. of the Government Code of the State of California, and certifies that it does not know of any facts which constitute a violation of said provisions and agrees that if it becomes aware of any such fact during the term of this Agreement, Vertical Developer will immediately notify the City.
- 21.13. Notification of Limitations on Contributions. Through its execution of this Agreement, Vertical Developer acknowledges that it is familiar with Section 1.126 of the San Francisco Campaign and Governmental Conduct Code, which prohibits any person who contracts with the City for the selling or leasing of any land or building to or from the City whenever such transaction would require the approval by a City elective officer, the board on which that City elective officer serves, or a board on which an appointee of that individual serves, from making any campaign contribution to (1) the City elective officer, (2) a candidate for the office held by such individual, or (3) a committee controlled by such individual or candidate, at any time from the commencement of negotiations for the contract until the later of either the termination of negotiations for such contract or six months after the date the contract is approved. Vertical Developer acknowledges that the foregoing restriction applies only if the

contract or a combination or series of contracts approved by the same individual or board in a fiscal year have a total anticipated or actual value of \$50,000 or more. Vertical Developer further acknowledges that the prohibition on contributions applies to each Vertical Developer; each member of Vertical Developer's board of directors, and Vertical Developer's chief executive officer, chief financial officer and chief operating officer; any person with an ownership interest of more than twenty percent (20%) in Vertical Developer; any subcontractor listed in the contract; and any committee that is sponsored or controlled by Vertical Developer. Additionally, Vertical Developer acknowledges that Vertical Developer must inform each of the persons described in the preceding sentence of the prohibitions contained in Section 1.126. Vertical Developer further agrees to provide to City the names of each person, entity or committee described above.

- 21.14. Sunshine Ordinance. Vertical Developer understands and agrees that under the City's Sunshine Ordinance (San Francisco Administrative Code, Chapter 67) and the State Public Records Law (Gov. Code Section 6250 et seq.), this Agreement and any and all records, information, and materials submitted to the City or Port hereunder public records subject to public disclosure. Vertical Developer hereby acknowledges that the City or Port may disclose any records, information and materials submitted to the City or Port in connection with this Agreement.
- **21.15.** Tropical Hardwood and Virgin Redwood Ban. The City and County of San Francisco urges companies not to import, purchase, obtain or use for any purpose, any tropical hardwood, tropical hardwood wood product, virgin redwood or virgin redwood wood product except as expressly permitted by the application of Sections 802(b) and 803(b) of the San Francisco Environment Code.
- **21.16.** *MacBride Principles Northern Ireland.* The City urges companies doing business in Northern Ireland to move toward resolving employment inequities and encourages them to abide by the MacBride Principles as expressed in San Francisco Administrative Code Section 12F.1 et seq. The City also urges companies to do business with corporations that abide by the MacBride Principles. Vertical Developer acknowledges that it has read and understands the above statement of the City concerning doing business in Northern Ireland.
- 21.17. Severability. If any provision of this Agreement or the application thereof to any person, entity or circumstance will be invalid or unenforceable, the remainder of this Agreement, or the application of such provision to persons, entities or circumstances other than those as to which it is invalid or unenforceable, will not be affected thereby, and each other provision of this Agreement will be valid and be enforceable to the fullest extent permitted by law, except to the extent that enforcement of this Agreement without the invalidated provision would be unreasonable or inequitable under all the circumstances or would frustrate a fundamental purpose of this Agreement.
- **21.18.** Counterparts. This Agreement may be executed in two (2) or more counterparts, each of which will be deemed an original, but all of which taken together will constitute one and the same instrument.
- **21.19.** Further Assurances. The parties agree to execute such instruments or to do such further acts as may be reasonably necessary to carry out the provisions of this Agreement; provided, however, that no party will be obligated to provide such instruments and to do such further acts that would materially increase such party's liabilities hereunder or materially decrease such party's rights hereunder. The provisions of this section will survive the Closing.
- 21.20. [add if the Vertical Project will include inclusionary BMR units]. Enforceability Waivers. The Horizontal DDA (including the Affordable Housing Plan), together with this Agreement, implements the California Infrastructure Financing District Law, Cal. Government Code §§ 53395 et seq. and City of San Francisco policies and includes regulatory concessions and significant public investment in the Project. The regulatory concessions and

public investment include, without limitation, a direct financial contribution of net tax increment, the conveyance of real property without payment, and other forms of public assistance specified in California Government Code section 65915 et seq. These public contributions result in identifiable, financially sufficient and actual cost reductions for the benefit of [Horizontal Developer and] Vertical Developers, as contemplated by California Government Code section 65915. In light of the Port's authority under Government Code Section 53395.3 and in consideration of the direct financial contribution and other forms of public assistance described above, the Parties understand and agree that the Costa-Hawkins Act does not and will not apply to the Inclusionary Units developed at the Vertical Project under this Agreement. The Port would not enter into this Agreement without the above provisions. [Note: To Be Confirmed]

- **21.21.** Plans on Record with Port. The most recent versions of the Exhibits, as such Exhibits may be amended or supplemented from time to time in accordance with this Agreement or the terms of such Exhibits, will not be required to be recorded but will be kept on file with the Port. Full color copies of all recorded documents are also on file with the Port. All documents on file with the Port will be made available to members of the public at reasonable times in keeping with the Port's standard practices.
- 21.22. Survival; Effect of Termination. Any release, partial release, expiration or termination of this Agreement will not affect any provision of this Agreement that, by its express term, is intended to survive the expiration or termination of this Agreement. Upon any termination of this Agreement before issuance of the final Certificate of Completion by reason of a Vertical Developer Default, Vertical Developer will not have the right to proceed with the Vertical Project improvements or Deferred Infrastructure and any additional construction must proceed, if at all, under the terms of a new vertical disposition and development agreement with the Port or, with the written agreement of the Port, a reinstatement of this Agreement with appropriate agreed upon revisions.

22. PORT AND CITY PROVISIONS.

Vertical Developer will comply with the Port and City provisions set forth in *Exhibit XX* hereto.

23. DEFINITIONS.

For purposes of this Agreement, initially capitalized terms will have the meanings ascribed to them in this Article:

[&]quot;Acceptance Delay" is defined in Section 12.1(b)(v).

[&]quot;Acceptance Notice" is defined in Section 6.1(a).

[&]quot;Acquisition Price" is defined in Section 2.

[&]quot;Acquisition Event of Default" is defined in Section 10.1.

[&]quot;Adequate Security" is defined in Section 15.1.

[&]quot;Administrative Delay" means a delay caused when:

⁽i) a Regulatory Agency fails to act on Vertical Developer's request or application within the time specified, or, if no such time is specified, within a reasonable time under its standard practices for the type of Regulatory Approval requested; or

⁽ii) an appeal body or court determines that a Regulatory Agency's act or failure to act on an application was improper following a challenge by Vertical Developer.

[&]quot;Administrative Delay" excludes any delay caused by Vertical Developer's failure to meet any specified deadline or to submit timely all required and requested information supporting a request or application.

- "Administrative Fees" means a fee imposed by Port or the City in their respective regulatory capacities, that is in effect at the time and payable upon the submission of an application for any permit or approval (including, without limitation, development applications submitted in accordance with the SUD or building permit applications), which is intended to cover only the estimated actual costs to City or the Port of processing that application and inspecting work undertaken pursuant to that application and to reimburse the City or the Port for its administrative costs in processing applications for any permits or approvals required under the Vertical Development Requirements.
 - "Agents" is defined in Section 21.6.
 - "Agreement" means this Vertical Disposition and Development Agreement.
 - "Agreement to Comply with CFD and Assessment Matters" as described in Section 3.3(b).
- "Architect" means a duly licensed design professional by the State of California designated by Vertical Developer from time to time to issue the Architect's Certificate.
- "Architect's Certificate" means a certificate from the Architect in the form attached hereto as *Exhibit O*, verifying [Completion] of the Vertical Project (other than the Deferred Infrastructure).
 - "Associated Public Benefits" means [coordinate with DDA]
 - "As Is With All Faults" as defined in Section 4.3.
- "Assignment and Assumption Agreement" means an assignment of this Agreement in substantially the form of *Exhibit Q* attached hereto.
 - "BAAQMD" means the Bay Area Air Quality Management District.
 - "Board of Supervisors" means the San Francisco Board of Supervisors.
 - "Broker" is defined in Section 9.2.
 - "Cal OSHA" means the California Occupational Safety and Health Administration.
- "Certificate of Completion" means a certificate executed by Port that Vertical Developer has Completed the construction of the Vertical Project in accordance with all the provisions of this Agreement.
 - ["CFD and Assessment Matters" are described in Exhibit G to this Agreement.]
 - "City" means the City and County of San Francisco, a municipal corporation.
- "City Agency" means any public body or an individual authorized to act on behalf of the City in its municipal capacity, including the Board of Supervisors or any City commission, department, bureau, division, office, or other subdivision, and officials and staff to whom authority is delegated, on matters within the City Agency's jurisdiction.
- "City Costs" means the actual and reasonable costs incurred by City (other than Port) in performing its obligations under this Agreement, as determined on a time and materials basis, including any defense costs as set forth in *Section 18.3*, but excluding work and fees covered by Administrative Fees.
- "City Fiscal Year" means the period beginning on July 1 of any year and ending on the following June 30.
 - "City Parties" as described in Section 4.4.
- "Claims" means a demand made in an action or in anticipation of an action for money, mandamus, or any other relief available at law or in equity for a Loss arising directly or indirectly from acts or omissions occurring in relation to the Vertical Project or at the Property during the Term of this Agreement.

"Close of Escrow" and "Closing" are defined in Section 2.2(b).

"Closing Costs" as defined in Section 9.1.

"Closing Date" means the date when Closing occurs.

"Commence Construction", "Commencement of Construction" and any variation thereof means the commencement of physical construction of the Vertical Project (excluding the Deferred Infrastructure), or a specified portion thereof, provided that the Commencement of Construction will not be deemed to have occurred until commencement of permanent foundations pursuant to a valid foundation permit (excluding the conducting of test borings or indicator piles or other excavation for pre-development testing). Vertical Developer's physical work on "site improvements", as that term is defined in California Civil Code Section 3102, without its commencement of the work described above, does not constitute Commencement of Construction.

"Complete" or "Completed" means completion by Vertical Developer of all aspects of the Vertical Project in accordance with the approved Construction Documents, or provision of security satisfactory to Port for any Deferred Items, and issuance of applicable temporary certificates of occupancy for the Vertical Project (which, in the case of residential units, will mean that temporary certificates of occupancy have been issued for all units, except for any units that Vertical Developer may be using on a temporary basis as a rental office or for construction administration as to which Vertical Developer will obtain temporary certificates of occupancy promptly following cessation of such uses) but excluding the completion of any tenant improvements in any commercial project or any commercial portion of a mixed use project.

"Construction Commencement Date" is defined in Section 12.1(b).

"Construction Completion Date" is defined in Section 12.1(b).

"Construction Documents" means (i) schematic design documents approved by Planning or Port under the SUD, (ii) site permits and/or building permits issued by the Port for the Vertical Project, and (iii) Improvement Plans for Deferred Infrastructure approved by the Port in accordance with the ICA.

"Contingency Period" is defined in Section 6.1(a).

[for residential rental inclusionary projects only] "Costa Hawkins Act" means the Costa-Hawkins Rental Housing Act (Cal. Civ. Code §§1954.50-1954.535).

"Credit Bid" as defined in Section 2.1.

"DDA Release" is defined in Section 7.4(a)(ii).

"Deferred Infrastructure" means those certain Horizontal Improvements identified in Section 12.4-1 that Vertical Developer is required to construct under this Agreement.

"Deferred Items" is defined in Section 13.1(b).

"Deliver" or "Delivery" means delivery of the ground lease of the Property.

"Deposit" is defined in Section 2.2(a).

"Design Controls" means the Mission Rock Design Controls dated [________, 2017], as amended from time to time.

"Development Agreement" means that certain Development Agreement by and between the Port and Horizontal Developer, dated as of _______, 201XX and recorded in the Official Records as Document No.

"Development Documents" means (i) the SUD and the Subdivision Map; (ii) the Design Controls; (iii) approved Construction Documents; and (v) the Development Agreement.

"Development Easements" is defined in Section 3.4(a).

"Effective Date" means the date on which both parties have executed this Agreement as set forth below.

"Engineer" means a duly licensed engineer by the State of California, designated by Vertical Developer from time to time to issue the Engineer's Certificate.

"Engineer's Certificate" means a certificate from the Engineer for the Deferred Infrastructure in the form verifying Completion of the Deferred Infrastructure.

"Environmental Laws" mean all present and future federal, State and local Laws, statutes, rules, regulations, ordinances, standards, directives, and conditions of approval, all administrative or judicial orders or decrees and all permits, licenses, approvals or other entitlements, or rules of common law pertaining to Hazardous Materials (including the Handling, Release, or Remediation thereof), industrial hygiene or environmental conditions in the environment, including structures, soil, air, air quality, water, water quality and groundwater conditions, any environmental mitigation measure adopted under Environmental Laws affecting any portion of the Property, the protection of the environment, natural resources, wildlife, human health or safety, or employee safety or community right-to-know requirements related to the work being performed under this Lease. "Environmental Laws" include the City's Pesticide Ordinance (Chapter 39 of the San Francisco Administrative Code), Section 20 of the San Francisco Public Works Code (Analyzing Soils for Hazardous Waste), the FOG Ordinance, the Mission Rock Risk Management Plan and that certain Covenant and Environmental Restrictions on Property made as of August 11, 2016, by the City, acting by and through the Port, for the benefit of the California Regional Water Quality Control Board for the San Francisco Bay Region and recorded in the Official Records as document number 2016-K308328-00.

"Escrow Agent" means the Title Company acting in its capacity as the escrow agent for the transaction.

"Exempt Parcel" means, depending on the context: (i) any assessor's parcel of a real property interest that is exempt from property taxation under California law; and (ii) any assessor's parcel of a real property interest that is exempt from Mellor-Roos Taxes under an RMA. "Exempt Parcel" excludes any parcel that: (1) the Port or any other Regulatory Agency acquires by gift, devise, negotiated transaction, or foreclosure; (2) the Port acquires under the DDA; or (3) is in private use for taxable purposes.

"Extension Fee" is defined in Section 12.1(b).

"Extension Option" is defined in Section 12.1(b).

"Final EIR" means the environmental impact report for the Project that the Planning Department published on [date], together with the Comments and Responses document, [add specifics of approval],

"Final Map" means a final Subdivision Map meeting the requirements of the Subdivision Code and the Map Act, subject to amendments made by the DA Ordinance.

"FOG Ordinance" means Sections 140-140.7 of Article 4.1 of the San Francisco Public Works Code, or any subsequent amendment or replacement of the same that sets forth prohibitions, limitations and requirements for the discharge of fats, oils and grease into the City's sewer system by food service establishments.

"Force Majeure" means events which result in delays in a Party's performance of its obligations hereunder due to causes beyond such Party's control and not caused by the acts or omissions of such Party, including, but not restricted to, acts of nature or of the public enemy, fires, floods, earthquakes, tidal waves, strikes, freight embargoes, and unusually severe weather. Force Majeure does not include (i) failure to obtain financing or failure to have adequate funds, (ii) flooding from curbless streets and/or sidewalks; or (iii) any event that does not cause an

actual delay. The delay caused by Force Majeure includes not only the period of time during which performance of an act is hindered, but also such additional time thereafter as may reasonably be required to make additional repairs or obtain additional Regulatory Approvals that would not have otherwise been required but for the Force Majeure Event.

["Handle" when used with reference to Hazardous Materials means to use, generate, move, handle, manufacture, process, produce, package, treat, transport, store, emit, discharge or dispose of any Hazardous Material. "Handling" has a correlative meaning.]

"Hazardous Material" means any material, waste, chemical, compound, substance, mixture, or byproduct that is identified, defined, designated, listed, restricted or otherwise regulated under Environmental Laws as a "hazardous constituent", "hazardous substance", "hazardous waste constituent", "infectious waste", "medical waste", "biohazardous waste", "extremely hazardous waste", "pollutant", "toxic pollutant", or "contaminant", or any other designation intended to classify substances by reason of properties that are deleterious to the environment, natural resources, wildlife, or human health or safety, including, without limitation, ignitability, infectiousness, corrosiveness, radioactivity, carcinogenicity, toxicity, and reproductive toxicity. Hazardous Material includes, without limitation, any form of natural gas, petroleum products or any fraction thereof, asbestos, asbestos-containing materials, polychlorinated biphenyls ("PCBs"), PCB-containing materials, and any substance that, due to its characteristics or interaction with one or more other materials, wastes, chemicals, compounds, substances, mixtures or byproducts, damages or threatens to damage the environment, natural resources, wildlife or human health or safety. "Hazardous Materials" also includes the chemicals identified in [the Mission Rock Risk Management Plan].

"Horizontal DDA" means that certain Disposition and Development Agreement between the City and County of San Francisco, a municipal corporation and charter city, acting by and through the San Francisco Port Commission, and SWL 337 Associates, LLC, a Delaware limited liability company, dated for reference purposes only as of [_____].

"Horizontal Developer" is defined in Recital A.

"Horizontal Documents" is defined in Section 3.1(c).

"Horizontal Improvements" is defined in the Horizontal DDA.

"ICA" means the Interagency Cooperation Agreement between various City agencies and departments and the Port, dated as of [________, 201XX], establishing procedures for City review of the Project.

"Impact Fees and Exactions" as defined in the Development Agreement.

"Inclusionary Units" has the meaning set forth in the Housing Plan attached to the Horizontal DDA.

"Indemnify" means indemnify, protect, defend and hold harmless. "Indemnification" and "Indemnity" have correlative meanings.

"Independent Contract Consideration" as described in Section 2.2(d).

"Land Use Plan" means the map attached to the Horizontal DDA as [Exh XX], which consists of a map showing Horizontal Developer's proposed land uses and intensity of vertical development at the Project Site as of the Effective Date of the Horizontal DDA.

"Laws" means the Constitution and laws of the United States, the Constitution and laws of the State of California, the laws of the City and County of San Francisco, and any codes, statutes, rules, regulations, ordinances, or executive mandates thereunder, and any State or Federal court decision (including any order, injunction or writ) thereunder. The term "Laws" will refer to any or all Laws as the context may require.

"Lender" is defined in the Parcel Lease.

"License" is defined in Section 5.1.

"Losses" means when used in reference to a Claim means any personal injury, property damage, or other loss, liability, actual damages, compensation, contribution, cost recovery, lien, obligation, interest, injury, penalty, fine, action, judgment, award, or costs (including reasonable attorneys' fees), or reasonable costs to satisfy a final judgment of any kind, known or unknown, contingent or otherwise, except to the extent specified in this Agreement.

"Master Lease" is defined in Recital A.

"Map Act" means the Subdivision Map Act of California (Calif. Gov't Code §§ 66410-66499.37).

"Master Association" as described in Section 3.4(b).

"Mello Roos Taxes" means special taxes that the City levies in a City Fiscal Year on Taxable Parcels in the Mission Rock CFD in accordance with the RMA, including delinquent special taxes collected at any time by payment or through foreclosure.

"Memorandum of Lease" is defined in Section 7.4(a)(i).

"Memorandum of VDDA" is defined in Section 7.4(a)(iv).

"Minimum Net Worth Amount" means Twenty-Seven Million Five Hundred Thousand Dollars (\$27,500,000.00), which amount will increase by ten percent (10%) on the tenth (10th) anniversary of the Effective Date and every ten (10) years thereafter. [NOTE: \$27.5 million to increase by 5% every 5 years after Horizontal DDA execution]

"Mission Rock CFD" is a term used to refer to CFD No. XXXX, if and when formed.

"Mission Rock Master Association Documents" means [

["Mission Rock Risk Management Plan" means the Mission Rock Risk Management Plan, Mission Rock Master Plan Area, prepared for the Port of San Francisco by and dated , 20 , and approved by the RWQCB on , 20 , including any amendments and revisions thereto that are approved by the RWQCB, and as interpreted by Regulatory Agencies with jurisdiction.]

"Mitigation Monitoring and Reporting Program" means the Mitigation Monitoring and Reporting Program adopted by the Port for the Project on _______, 2017, by Resolution No.

"Net Worth Requirement" means, with respect to a proposed transferee, the proposed transferee has a net worth (inclusive of its equity in the Property) equal to at least the Minimum Net Worth Amount, less any debt to be secured by (i) the proposed transferee's interest in the Property, or (ii) a pledge of the proposed transferee's ownership interest.

"Notice of Special Tax" is defined in Section 3.3(a).

"Objectionable Items" is defined in Section 6.1(b).

"Objection Notice" is defined in Section 6.1(b).

"Official Records" means the official records of the City and County of San Francisco.

"Other City Agency" means a City Agency other than the Port.

"Parcel Lease" as defined in Section 3.1(a).

"Partial Termination" is defined in Section 7.4(a)(iii).

"Party" means Port or Vertical Developer, as a party to this Agreement. "Parties" means both Port and Vertical Developer, as parties to this Agreement.

"Permitted Encumbrances" as described in Section 3.1(a).

"Permitted Port Title Exceptions" as described in Section 3.1(b).

"Person" means any individual, partnership, corporation (including, but not limited to, any business trust), limited liability company, joint stock company, trust, unincorporated association, joint venture or any other entity or association, the United States, or a federal, state or political subdivision thereof.

"Phase" means one of the integrated stages of horizontal and vertical development for the Project Site as shown in the Phasing Plan.

"Phase Area" means the Development Parcels and other land in the Project Site that are to be developed in a Phase.

"Phasing Plan" means DDA Exh A4, which shows the order of development of the Phases and the Development Parcels in each Phase Area, subject to revision under DDA art. 3 (Phase Approval).

"Phase Submittal" means a Phase Submittal approved by the Port in accordance with Section [XX] of the Horizontal DDA.

"Port" or "Port Commission" means the San Francisco Port Commission.

"Port Costs" means the actual and reasonable costs incurred by Port in performing its obligations under this Agreement, as determined on a time and materials basis, including any defense costs as set forth in *Section 18.3*, but excluding work and fees covered by Administrative Fees.

"Port Costs Report" as defined in Section 14.2.

"Port Default" as defined in Section 15.2.

"Port Director" means the Executive Director of the Port.

"Port Title Defect" is defined in Section 6.3(a).

"Project" means the development of Horizontal Improvements and Vertical Project within the Mission Rock Site in accordance with the Horizontal DDA and Development Documents.

"Project Requirements" is defined in Section 12.1(a).

"Project Site" is defined in Recital A.

"Property" is defined in *Recital A*.

"Property Conditions" is defined in Section 4.1.

"Public Improvement Agreement" means an agreement entered into between the Port and the Vertical Developer for the completion of the required Deferred Infrastructure if not completed at the time of Final Map approval in accordance with applicable procedures of the Map Act, Subdivision Code and Subdivision Regulations, or such other agreement entered into between Port and Developer at any time for the completion of Vertical Developer's Deferred Infrastructure obligations hereunder (such as a Street Excavation Improvement Agreement or other Port-issued construction agreement for Public Space Parcels).

"Public Space Parcels" means those parcels designated in the Land Use Plan for Public Space and shown as such in the Infrastructure Plan, as amended from time to time.

"Qualified Transferee" means any transferee that satisfies each of the following criterion:
(1) has, or has engaged a property manager with at least ten (10) years' experience operating
[use for commercial leases: major commercial projects] [use for residential parcels:
residential projects]; (2) satisfies the Net Worth Requirement; and (3) is subject to jurisdiction of the courts of the State.

"Regulatory Agency" means a City Agency or federal, state, or regional body, administrative agency, commission, court, or other governmental or quasi-governmental organization with jurisdiction over any aspect of the Vertical Project or the Project Site.

"Regulatory Approval" means any motion, resolution, ordinance, permit, approval, license, registration, permit, utility services agreement, Final Map, or other action, agreement, or entitlement required or issued by any Regulatory Agency with jurisdiction over any portion of the 28-Acre Site, as finally approved.

"Regulatory Force Majeure" means events that are reasonably out of Vertical Developer's control and that result in actual delays in Vertical Developer's ability to Commence or Complete Construction, including, without limitation, the following:

- (i) litigation or the threat of litigation, except to the extent caused by the acts or omissions of Vertical Developer or its Agents;
 - (ii) Administrative Delay;
- (iii) Port or the City is required to conduct additional environmental review or prepare additional environmental documents, including, without limitation, a regional agency's decision to revise the standards or methods by which impacts under CEQA are evaluated, and such review or preparation is not caused by a change in the entitlements for the Vertical Project obtained by Master Developer (or its transferee) as of Port's approval of the Phase Budget for Phase [XX—insert applicable Phase for this Vertical Development];
- (iv) the unanticipated need to investigate, remediate, or otherwise correct previously unknown environmental or geotechnical conditions on or affecting any portion of the Property, but only if the conditions were not reasonably foreseeable based on due diligence that should have reasonably been performed by a prudent commercial developer for a project similar in size and scope to the Vertical Project on a location with similar environmental or geotechnical conditions as the Property ("Prudent Developer") before the expiration of the Contingency Period; or
- (v) the unanticipated need to comply with any Mitigation Measures adopted for the Project for conditions on or affecting the Property, but only if the conditions were not reasonably discoverable before the expiration of the Contingency Period by a Prudent Developer and by their nature require a delay or work stoppage for investigation, remediation, or related activities, as long as Vertical Developer is proceeding in good faith and in a diligent manner to resolve the unforeseen issues.

"Release" means when used with respect to Hazardous Materials, any accidental, actual, imminent, or intentional spilling, introduction, leaking, pumping, pouring, emitting, emptying, discharging, injecting, escaping, leaching, dumping, or disposing into the air, soil, gas, land, surface water, groundwater or environment (including the abandonment or discarding of barrels, containers, and other closed receptacles containing any Hazardous Material).

"Remediate" or "Remediation" when used with reference to Hazardous Materials means any activities undertaken to clean up, abate, remove, transport, dispose, contain, treat, stabilize, monitor, remediate, or otherwise control Hazardous Materials located in, on, under or about the Property or which have been, are being, or threaten to be Released into the environment or to restore the affected area to the standard required by the applicable Environmental Regulatory Agency in accordance with application Environmental Laws and any additional Port requirements. Remediation includes, without limitation, those actions included within the definition of "remedy" or "remedial action" in California Health and Safety Code Section 25322 and "remove" or "removal" in California Health and Safety Code Section 25323.

"Restrictive Covenants" as defined in Section 3.2 hereof.

"RMA" is an acronym for the Rate and Method of Apportionment.

"Scope of Development" is defined in Section 3.2.]

"SFDPH" means the San Francisco Department of Public Health.

"SFPW" means San Francisco Public Works.

"Special Provisions" means the City requirements set forth in Article 20 hereof.

"State Lands Indemnified Parties" is defined in Schedule 18.1.

"Subdivision Code" means the San Francisco Subdivision Code.

"Subdivision Regulations" means subdivision regulations adopted by San Francisco Department of Public Works from time to time and any exceptions and design modifications from the standards set forth therein to the extent necessary to achieve consistency with the Infrastructure Plan and all matters previously approved in accordance with Section 4.1(a) of the ICA.

"Successor Owner" is defined in the Parcel Lease.

"SUD" means Planning Code Section 249.XX (the Mission Rock Special Use District), as amended from time to time.

"Survey" means a survey required by the Title Company to issue the title insurance policy described in the Title Commitment.

"Target Closing Date" is defined in Section 7.2.

"Taxable Parcel" means an assessor's parcel of real property or other real estate interest created by each Phase Final Map that is not an Exempt Parcel, which may include leased space occupied for private use in an Exempt Parcel.

"Taxes and Assessments" is defined in Section 6.6.

"Tentative Map" means a tentative subdivision map or tentative parcel map submitted by an applicant and approved by the City in accordance with procedures under the Subdivision Code and Development Documents.

"Termination Notice" is defined in Section 6.1(a).

"Title Commitment" means a commitment by the Title Company that it will issue to Vertical Developer, an A.L.T.A. extended coverage title insurance policy, with such coinsurance or reinsurance and direct access agreements as Vertical Developer may request reasonably, in an amount designated by Vertical Developer which is satisfactory to the Title Company, insuring that the leasehold estate in the Property is vested in Vertical Developer subject only to the Permitted Title Exceptions, and with such C.L.T.A. form endorsements as may be requested reasonably by Vertical Developer, all at the sole cost and expense of Vertical Developer.

"Title Company" is defined in Section 2.2(c).

"TMA" is defined in Section 3.4(b).

"Transaction Documents" means the documents executed and delivered by Vertical Developer pursuant to *Section 7.4(b)*.

"Transfer" is defined in Section 19.2.

"Transferee" means any Person to which Vertical Developer assigns its rights and obligations under this Agreement in accordance with *Article 19*.

"Transferor" means Vertical Developer, in its capacity as a transferor of its rights and obligations under this Agreement in accordance with *Article 19*.

"Unmatured Vertical Developer Event of Default" means any default that, with the giving of notice or the passage of time, or both would constitute a Vertical Developer Acquisition Event of Default or Vertical Developer Default under this Agreement.

"VCA" means the Vertical Cooperation Agreement to be executed between Vertical Developer and Horizontal Developer, as the same may be amended, supplemented, modified and/or assigned from time to time). [add as applicable: The VCA will include, among other items, a schedule of Horizontal Developer's Horizontal Improvements obligations, Vertical Developer's Deferred Infrastructure obligations, and the timing of delivery for each] The VCA may include provisions related to (i) assignment and assumption of liability for Deferred Infrastructure, including bonding and warranty, (ii) sequencing and coordination of infrastructure work as between Master Developer and Vertical Developer, (iii) each party's obligations related to liability for damage and restoration thereof, (iv) repaving obligations to extent of any underground work performed after Master Developer's paving, (v) Master Developer reasonable approval over changes to horizontal permit obtained by Vertical Developer, (vi) Master Developer self-help right if Vertical Developer fails to complete Deferred Infrastructure pursuant to an agreed upon schedule of performance, (vii) soil disposal arrangement, and (viii) mechanism for Vertical Developer to submit Deferred Infrastructure costs to Master Developer for reimbursement through Financing Plan (exclusive of fines, penalties, corrective actions).

"Vertical Developer" is defined in Section 21.6.

"Vertical Developer Default" is defined in Section 15.1.

"Vertical Development Requirements" means those certain requirements for development of the Property that are contained in: (i) the Development Documents; (ii) the Parcel Lease; (ii) approved Construction Documents; and (iii) this Agreement.

"Vertical Project" is defined in Recital H.

"Workforce Development Plan" is defined in Section 6.4(a)(vi).

| 4 | \$40,000 | \$45,000 | \$55,000 | \$65,000 |

Schedule 15.3 Remedies for Failure to Commence Construction

1. Liquidated Damages.

- If the Vertical Project has not Commenced Construction as of the Construction Commencement Date or construction has not been Completed as of the Construction Completion Date (as such dates may have been extended pursuant to this Agreement) and Vertical Developer has failed to cause such Commencement or Completion to occur within thirty (30) days after Port's notice to Vertical Developer of such failure (which notice the Port may give as early as 30 days in advance of the Commencement or Completion deadline if Port reasonably believes at such time that commencement or completion will not occur by the applicable deadline) ("Deadline Notice"), then Vertical Developer will be liable to Port, as liquidated damages, for an amount equal to the Daily LD Amount for each day that the Construction Commencement Date or the Construction Completion Date of the Vertical Project is delayed beyond the applicable date set forth in Section 12.1(b) of this Agreement, as such date may have been extended. Vertical Developer will pay to Port the Liquidated Amount within ten (10) business days of demand therefor; provided, however, Port's delay in making any such demand will not be deemed to be a waiver of its rights to demand such amounts. As used herein the term "Daily LD Amount" will mean the annual amount of all Mello Roos Taxes for the twelve (12) month period immediately following the Deadline Notice, divided by 365 times 110%.
- C. THE PARTIES HAVE AGREED THAT PORT'S ACTUAL DAMAGES, IN THE EVENT OF THE FAILURE TO CAUSE THE COMMENCEMENT OR COMPLETION OF THE VERTICAL PROJECT ON OR PRIOR TO THE CONSTRUCTION COMMENCEMENT DATE OR CONSTRUCTION COMPLETION DATE, AS APPLICABLE, WOULD BE EXTREMELY DIFFICULT OR IMPRACTICABLE TO DETERMINE. AFTER NEGOTIATION, THE PARTIES HAVE AGREED THAT, CONSIDERING ALL THE CIRCUMSTANCES EXISTING ON THE DATE OF THIS AGREEMENT, THE LIQUIDATED AMOUNT IS A REASONABLE ESTIMATE OF THE DAMAGES THAT PORT WOULD INCUR IN SUCH AN EVENT. BY PLACING THEIR RESPECTIVE INITIALS BELOW, EACH PARTY SPECIFICALLY CONFIRMS THE ACCURACY OF THE STATEMENTS MADE ABOVE AND THE FACT THAT EACH PARTY WAS REPRESENTED BY COUNSEL WHO EXPLAINED, AT THE TIME THIS AGREEMENT WAS MADE, THE CONSEQUENCES OF THIS LIQUIDATED DAMAGES PROVISION.

 INITIALS: PORT: VERTICAL DEVELOPER: _______

2. Additional Port Remedies for Failure to Commence Construction.

- a. Notice. If Commencement of Construction does not occur by the later of (i) the required Construction Commencement Date (as such date may have been extended pursuant to this Agreement) or (ii) thirty (30) days after Vertical Developer's receipt of the Deadline Notice (a "Commencement Default"), then Port will promptly deliver notice of the Commencement Default to Vertical Developer (the "Commencement Default Notice").
- b. Assignment of Lease. If the Construction Commencement Date has not occurred by the date that is thirty (30) days after the Commencement Default Notice, then (x) Port will have an exclusive, one-time right to cause Vertical Developer to assign the Parcel Lease to a Successful Respondent or assign all of its rights under the Parcel Lease (including rights to any

Improvements) to Port or the City, or (y) terminate the Parcel Lease, on the following terms and conditions (the "Port Assignment Option"):

- i. Port will have a period of sixty (60) days from the date of the Commencement Default Notice in which to notify Vertical Developer in writing that it desires to exercise the Port Assignment Option (the "Port Exercise Notice").
- ii. If Port timely delivers the Port Exercise Notice, then Port may elect, in its sole discretion, to (1) issue a request for proposal for the Parcel Lease or such other solicitation as determined by Port (collectively, "RFP"), consistent with the provisions of paragraphs (iii) and (iv) below, and otherwise in accordance with the procedures for a Public Offering as provided in the Horizontal DDA, or (2) assume (or have the City assume) all of Tenant's rights under the Parcel Lease or (3) terminate the Parcel Lease. Vertical Developer will cooperate with Port and the successful respondent to the RFP ("Successful Respondent"), as applicable, to consummate the assignment of Tenant's leasehold in the Parcel Lease (including all rights to any Improvements) or termination of the Parcel Lease, as applicable (the "15.3 Assignment") or termination of the Parcel Lease ("15.3 Termination") within ninety (90) days of Port's selection of the Successful Respondent.
- iii. The RFP, if any, will specify that all consideration payable by the successful respondent with respect to any [pre-paid rent] paid by the Tenant under the Parcel Lease ("VD DRP") and any amounts that the successful respondent wishes to offer in excess of such [pre-paid rent] (collectively, "15.3 Pre-Paid Rent") will be payable in cash at the 15.3 Closing. If the Port elects a 15.3 Termination, then the RFP will provide for a minimum upfront cash payment equal to no less than 85% of the Vertical Developer DRP.
- iv. Any 15.3 Assignment will provide for the assignment to, and the assignee's assumption of, all of Tenant's interest in this Lease. In the event of a 15.3 Assignment, Tenant will be released from obligations that are expressly transferred to and assumed by the transferee in the assignment and assumption Agreement that first arise from and after the effective date of the Transfer, except from those provisions of the Parcel Lease and this Agreement that expressly survive the expiration or earlier termination. In the event of a 15.3 Termination, Tenant will be released from obligations that first arise from and after the effective date of the 15.3 Termination, except from those provisions of the Parcel Lease and this Agreement that expressly survive the expiration or earlier termination.
- c. Vertical Developer Obligations. In connection with the closing of the Port Assignment Option or 15.3 Termination (collectively, the "15.3 Closing"), Vertical Developer will deliver into escrow, at least five (5) days prior to the contemplated 15.3 Closing, (i) in the event of a 15.3 Assignment only, an assignment of the Parcel Lease to the Successful Respondent, (ii) a quitclaim deed with respect to any and all Improvements in, on, or under the Property, subject only to Permitted Exceptions, and (iii) if there is a Mortgage encumbering the Property, a reconveyance of any Mortgage encumbering the Property, together with irrevocable instruction from the applicable Lender(s) to record the same upon payment to such Lender in accordance with Section e below.
- d. Revocation. Notwithstanding anything herein to the contrary, Port will have the right, for any reason or no reason, to rescind the Port Exercise Notice at any time before the consummation of the Closing by delivering written notice to Vertical Developer, in which event Port will have no further rights under the Port Assignment Option.
- e. Application of 15.3 Pre-Paid Rent. At the 15.3 Closing, the 15.3 Pre-Paid Rent paid by the Successful Respondent will be applied as follows: (i) first, to Port for any unpaid Rent to Port under the Parcel Lease then due and payable; (ii) second, to Port to pay any unpaid

amounts required to be paid under this Agreement, including, but not limited to, any unpaid LD Amount; (iii) third, to pay any taxes and assessments on the Property (including Mello Roos Taxes) to the extent not already paid (or payable by Port out of LD Amounts paid by Vertical Developer) and then due and payable; (iv) fourth, to pay Port's Closing Costs associated with the 15.3 Closing; (v) fifth, if applicable, to any Lender to satisfy the indebtedness evidenced by the Mortgage; and (vi) sixth, to Vertical Developer, up to an amount equal to eighty-five percent (85%) of VD DRP, and (vii) seventh, to Port for deposit in the DRP Fund.

- f. Term. Unless terminated sooner as provided for in this Schedule 15.3, the Port Assignment Option will automatically terminate, and will be of no force or effect, upon the earliest of (a) so long as no Commencement Default Notice has been delivered, the date upon which Commencement of Construction occurs, or (b) the date upon which a Lender Acquisition is consummated.
- g. Lenders' Rights. Without limiting the rights afforded to Lenders pursuant to Article 16 (Financing; Rights of Lenders) of this Agreement or expanding Lender rights under the Parcel Lease, following a Commencement Default Notice, Lender will have the right, but not the obligation, to notify Port, Master Developer and Vertical Developer that it intends to pursue a Lender Acquisition. Upon receipt of such notice, Port will not pursue its assignment right hereunder, as applicable for so long (and only for so long) as Lender is diligently pursuing such Lender Acquisition, and all time periods set forth herein in connection with the Port Assignment Option will be tolled for such period of time.

3. Failure to Complete Construction.

If Commencement of Construction has timely occurred but Vertical Developer has not Completed construction on or before the Construction Completion Date, then, so long as Vertical Developer is diligently pursuing Completion and Developer is timely paying the Liquidated Amount, Vertical Developer will not be in default under this Agreement or the Parcel Lease solely for failing to Complete construction on or before the Construction Completion Date.

4. Rights of Lenders.

Lenders and Successor Owners will have the rights, and Port will have the obligations to such parties, as set forth in Section 16.1 of this Agreement.

[The remainder of this page left intentionally blank.]

DDA EXHIBIT D3

"Form of Appraisal Instructions"

DDA EXHIBIT D3

Form of Joint Appraisal Instructions

I. Introduction

These Instructions will govern preparation and delivery of each appraisal report (each, an "Appraisal") setting forth the Appraiser's opinion of the Fair Market Value of the Subject Property for purposes of determining the price of conveyance of the Subject Property as an Option Parcel, in accordance with Article 7 of the DDA.

These Instructions, along with Section __ of the DDA, (see Schedule 6) will constitute the scope of work and sole instructions to be utilized by the Appraiser in preparing an Appraisal.

II. Subject Property. The Option Parcel that is the subject of these Appraisal Instructions is identified as Parcel [__] as more particularly described in <u>Attachment 1</u> attached hereto (the "Subject Property").

III. Appraisal Standards.

Each opinion of value will be stated in a self-contained appraisal report based on a comprehensive study and analysis and setting forth, in detail, all data, analysis, and conclusions, as necessary and typical of an appraisal report in compliance with the current version of the Uniform Standards of Professional Appraisal Practice ("USPAP").

The Appraisal Report will include the Appraiser's final opinion of the Fair Market Value for the Subject Property stated as a specific dollar figure.

IV. Documents to be Reviewed and Considered by the Appraiser

A. Project Documents

The Subject Property shall be appraised assuming that the following documents are applicable to the property and property interests being appraised (collectively, the "**Project Documents**"):

- 1. The SUD and Design for Development, attached hereto as Attachment 2;
- 2. The Interagency Cooperation Agreement, attached hereto as Attachment 3

- 3. The Vertical DDA for the Subject Property, substantially in the form attached hereto as Attachment 4 which includes (a) the Scope of Development which provides the permitted uses and certain standards for development of the Subject Property, (b) the inclusionary requirement applicable to the Subject Property [include clause (b) for residential uses only; inclusionary requirement will be an in-lieu fee for condo parcels or on-site inclusionary for rental parcels], (c) Jobs Program, and (d) measures under the MMRP applicable to the Subject Property as identified therein;
- 4. The Parcel Lease for the Subject Property, substantially in the form attached to the Vertical DDA;
- 5. The rights and obligations under the Development Agreement as established by a Development Agreement Assignment, Assumption and Release substantially in the form attached hereto as Attachment 5;
- 6. The Master CC&Rs, substantially in the form attached hereto as Attachment 6;
- 7. The Vertical Cooperation Agreement, substantially in the form attached hereto as Attachment 7;
- 8. Lien of Special Taxes for Community Facilities District as summarized in Attachment 8;
 - 9. Rate and Method of Apportionment as attached as Attachment 9;
- 10. Final Subdivision Map No. _____ that establishes the Subject Property as a legal parcel subdivided in accordance with the Subdivision Map Act and all applicable laws shown in Attachment 10.

[Add reference to any additional entitlement or regulatory approvals and any other documents not listed above to which the Subject Property will be subject, including matters affecting title to the Subject Property.]

B. Other Information

[Describe here any other documents that the Port and Developer mutually agree to present to the Appraiser for its consideration during the appraisal process, which may include, without limitation: (i))information regarding the then-current condition of the Subject Property, (ii) additional information regarding the status of all required horizontal improvements, (iii) cost estimates or other information relevant to the cost or value of the vertical development, and (iv) data from recent transactions at the site or nearby sites.]

V. Appraisal Purpose and Report Requirements.

A. Purpose.

1. <u>Appraisal Assignment</u>.

[For transfers pursuant to Fully Pre-paid Leases:] The appraisal assignment is to determine, subject to the Special Instructions and Extraordinary Assumptions set forth in these Instructions (1) the Fair Market Value as defined by California Code of Civil Procedure section 1263.320 of the fee interest in the Subject Property (the "Fee Value"), (2) the Fair Market value of the leased fee interest; and (3) the Fair Market Value of a leasehold interest held by the Tenant under the Parcel Lease for a [75] year term as provided therein, assuming that all rent under such Parcel Lease is fully prepaid (the "Prepaid Lease Value").

[For transfers pursuant to Hybrid Leases:] The appraisal assignment is to determine, subject to the Special Instructions and Extraordinary Assumptions set forth in these Instructions (1) the Fair Market Value as defined by California Code of Civil Procedure section 1263.320 of the fee interest in the Subject Property (the "Fee Value"), (2) the Fair Market value of the leased fee interest; and (3) the Fair Market Value of a leasehold interest held by the Tenant under the Parcel Lease for a [75] year term as provided therein, assuming that all rent under such Parcel Lease is fully prepaid (the "Prepaid Lease Value").

[For transfers pursuant to Hybrid Leases:] In addition, the Appraiser shall, after consultation with at least 2 firms from the Qualified Investment Advisor pool established by the Port and Developer, determine a factor (the "Conversion Factor") that, when multiplied by the Fee Value or the Prepaid Lease Value (Appraiser to determine whether to apply the factor to the Fee Value or the Prepaid Lease Value), would equal the fair market annual base rent payable under the terms of the Parcel Lease if no rent is prepaid.

2. Intended Use

[For transfers pursuant to Fully Pre-paid Leases:] The Parties intend to use the Appraisal to establish the amount payable upon conveyance of the Parcel Lease, in accordance with the DDA. The Port also intends to use the Appraisal to support its findings that the proposed Parcel Lease is consistent with the conditions in the State statute (SB 815) allowing for the Port's transfer of a leasehold interest in the Site free from public trust use restrictions, subject to the Port receiving fair market value for the lease.

[For transfers pursuant to Hybrid Leases:] The Parties intend to use the Prepaid Lease Value and the Conversion Factor determined through the Appraisal to establish the amount of the Base Rent initially payable following conveyance of the Parcel Lease in accordance with the DDA. If no rent is prepaid, the initial Base Rent would be determined by multiplying the Fee Value or the Prepaid Lease Value by the Conversion Factor. The Parties may require that some portion of the rent be prepaid, in which event the Base Rent would be determined by multiplying the difference between the Prepaid Lease Value and the actual prepaid rent by the Conversion Factor. The Port also intends to use the Appraisal to support its findings that the proposed Parcel lease is consistent with the conditions in the State statute (SB 815) allowing for the Port's transfer of a leasehold interest in the Site free from public trust use restrictions, subject to the Port receiving fair market value for the lease.

B. Appraisal and Report Requirements.

- 1. <u>General Principles</u>. Each Appraisal will be prepared in accordance with USPAP and the following requirements:
- a. The Appraiser shall take into account the terms and conditions of the Project Documents applicable to the Subject Property, including, without limitation, the Lien of Special Taxes, and the terms of the Vertical DDA, the Parcel Lease and Development Agreement Assignment, Assumption and Release—
- b. The Appraiser shall take into account any other covenants, conditions, and restrictions or easements benefitting or burdening the Subject Property and any unusual characteristics of the Subject Property, including without limitation, zoning, land use and other regulatory restrictions applicable to the Subject Property as of the date of value of the Appraisal.
- c. The Appraiser shall explain the reasoning applied to arrive at the final opinion of value and how the results of each approach to value were weighed in that opinion, and the reliability of each approach to value for solving the particular appraisal problem.
- d. The Appraiser shall state as a single amount (i.e., not a range of values) his or her final opinion of **[each of]** the-values described in Section 5(A)(1) Appraisal Assignment.
- e. Comparable market data ("comparables") shall be presented in individual write-up sheets and include the following data:
 - Physical address and legal description (if possible)
 - Parties to the transaction
 - Date of Transaction
 - Sales price
 - Financing terms and conditions (if known)
 - Property rights conveyed
 - Transaction conditions (buyer motivation, arm's length, distressed, etc.) (if discoverable)
 - Description of improvements, including utilities available
 - Size and shape of property
 - Unit counts (if applicable)
 - Current Use
 - Zoning and proposed zoning change (if applicable)
 - Development of capitalization rate (if sale comparable is income producing)
 - Verification of the transaction data (including names and contact information of with whom the transaction was verified/confirmed and date verified)

f. Comparable lease data shall additionally include:

- Date of lease or most recent transaction
- Lease rates and terms
- TI allowances, expense allocations, and rental concessions, if any and known
- Square feet of leased space (and basis of calculation, if known)
- Date and source of verification
- g. The Appraiser shall physically inspect all comparables relied upon if located within a sixty (60) mile radius of the Subject Property. As to any comparables relied upon outside of this radius, the Appraiser shall take other reasonable steps to evaluate the location and condition of the comparable.
- h. Discount and capitalization rates must be supported by market data and discussed in the narrative as to how they were derived.
- i. The actual adjustments shall be set forth in an adjustment grid(s) and discussed in sufficient detail to lead the reader to the Appraiser's conclusions.
- j. Photographs of all comparables utilized by the Appraiser shall be provided within the appraisal, including original photographs of all comparables physically inspected.
- k. Maps displaying the location of all comparables as compared to the Subject Property shall be included.
- l. Consistent with USPAP direction, the Appraiser shall avoid use of, or justify inclusion of comparable sales requiring extraordinary verification and weighting considerations, such as sales to governmental agencies, sales to non-profit organizations, sales to environmental organizations, sales to parties desiring to exchange the land to the government, distressed sales, and other atypical or non-arm's length sales.
- m. n. The Appraiser must provide a line-item discussion reflecting the development of each income, expense, vacancy, infrastructure, cost-to-cure, or demolition item cited in the Appraisal.
- n. o. Property operating expenses, development costs, delay costs may be supported by comparables construction contracts, building contractors, cost-estimators, cost-estimating services to industry recognized income/expense manuals such as Marshall & Swift, BOMA, IREM, etc.
- o. p. If the Appraiser chooses to use self-made or commercial appraisal software, such as Argus Enterprise, Microsoft Excel etc., he/she must provide all supporting printouts, spreadsheets, and electronic versions of the files, which support the

Operating Income Statement or Discounted Cash Flow (DCF) analyses provided within the Appraisal.

C. Extraordinary Assumptions and Special Instructions

1. Extraordinary Assumptions

- a. Upon conveyance, the Subject Property will be a valid legal parcel in accordance with the requirements of the Subdivision Map Act and will be fully entitled subject only to design review approval by Planning in accordance with the requirements of the SUD and Design for Development and approval of building permits by the Port for Vertical Improvements and approvals necessary to commence Deferred Infrastructure.
- b. [add if commercial parcel]: An Office Development Authorization from the Planning Commission (per Planning Code Sections 321 and 322), and approval from the Planning Department is not required for new office development under the jurisdiction of the Port.
- c. The Subject Property has access to public streets and all required utilities necessary to serve the development as further described in the Project Documents. [If horizontal improvements are not yet complete, substitute the following: The Subject Property will be provided with access to public streets and required utilities necessary to serve the development as and when provided in the Vertical DDA and Vertical Cooperation Agreement.]
- d. The Subject Property is graded and soil compacted in accordance with the certification of Developer's geotechnical engineer
- e. The permitted uses are set forth in the Vertical DDA's Scope of Development of the Subject Property (residential (rental or for-sale) or commercial), including maximum density and maximum off-street parking.
- f. [applies to residential uses only] The affordable housing requirements applicable to the Subject Property are set forth in the Vertical DDA.

2. Special Instructions

- a. In evaluating the estimated revenue to be derived from the anticipated development of the Subject Property, the Appraiser shall (1) consider data provided by the Port and Developer, (2) consult with a real estate broker or brokerage firm with at least 5 years' experience in the San Francisco real estate market, *[if occupied buildings exist on the Site]* and (3) review proprietary rent roll and sublease information from the following operating buildings at the Site _____, after signing a non-disclosure agreement (Attachment 11).
- b. In evaluating the estimated construction period and development costs of the anticipated development of the Subject Property for the purposes of a residual land value analysis, the Appraiser shall consult with a general contractor or construction cost estimator with at least 5 years' experience in estimating construction costs of similar

developments in San Francisco and may consider construction cost estimates provided by the Port and Developer.

- c. The Appraiser shall provide a detailed analysis of the method(s), data and information relied upon in determining each capitalization rate used in the Appraisal. In making this determination, the Appraiser shall conduct and document (name, title, company and opinion summary) market participant interviews regarding market capitalization rates for fee simple [and leasehold] transactions and for transactions involving completed buildings and development sites, and consult with at least 2 Qualified Investment Advisors. "Qualified Investment Advisor" means a firm providing real estate investment banking or real estate investment advisory services, including real estate investment brokerage services, with at least 10 years' experience in the San Francisco real estate market, selected from the list of firms set forth on Schedule 5, or another comparable firm approved by Port and Developer.
- d. Based on the comparables set, market participant interviews and consultation with at least 2 Qualified Investment Advisors, the Appraiser shall quantify the capitalization rate differential between fee simple and the subject leasehold transactions. The Port and Developer understand that the capitalization rate differential between fee simple and leasehold transactions has historically been greater than 5 basis points. The Appraisal shall include a reasoned narrative to support the conclusion set forth in the Appraisal regarding the capitalization rate differential, including any deviation from the historic differential.
- e. The Appraiser shall select approaches to value that are applicable to the assignment, but shall include a residual land value analysis as one approach.

VI. Appraisal Procedures.

The following sets forth the procedures for the preparation of each Appraisal; these procedures may be modified or waived by mutual agreement of Port and Developer, each agreeing to such modification or waiver in its sole discretion.

A. Contracting Parties. The Appraiser will be engaged jointly by Developer and Port (collectively, the "Contracting Parties") and will be provided with points of contact for each to assist in completing the assignment. For questions regarding the appraisal and subject documents, please contact both of the following:

Port Contact:

Port of San Francisco

Pier 1

San Francisco, CA 94111

Att'n: Michael Martin, Director, Real Estate & Development

Telephone:

Developer Contact:

Name, Address, Phone #, Email address

- **B.** Pre-Work Conference: At the request of the Contracting Parties, the Appraiser will attend a pre-work conference for discussion and understanding of these Instructions, including a timing update. The pre-work conference may be held in conjunction with an inspection of the Subject Property.
- C. Inspection: Inspection of the Subject Property is to be coordinated with the property contacts who will both have the option of having representatives attend the inspection with the Appraiser.
- D. Draft Report: The Appraiser will submit to the Contracting Parties an initial draft appraisal report (the "Draft Report"), consisting of an unprotected PDF copy of such report, within the period specified within the fully executed contract for appraisal services. The Appraiser shall maintain a well-documented workfile, available on request for review by the Contracting Parties, containing supporting documents, meeting and interview notes, and other materials relied upon but not included in the Appraisal.
- E. Review and Comment Period: Following its receipt of the Draft Report, the Contracting Parties will review such Draft Report and, within 15 calendar days thereafter, provide any comments or feedback to the Appraiser—
- F. Final Appraisal: Following receipt of any comments, the Appraiser will, within a reasonable time (not to exceed 15 calendar days without the Contracting Parties' written consent), revise the Draft Report as appropriate after considering any such comments or feedback and deliver to the Contracting Parties a final Appraisal, by emailing a PDF report and delivering by overnight delivery service two (2) signed hard copies of the Final Appraisal.

VII. Confidentiality.

The Contracting Parties and the Appraiser acknowledge and agree that, in the course of preparing an Appraisal pursuant to these Instructions, the Contracting Parties may disclose confidential information, which has been approved and authorized by Contracting Parties for release, to the Appraiser.

The Appraiser agrees not to disclose such confidential information to any third party and to treat it with the same degree of care as it would its own confidential information. It is understood, however, that the Appraiser may disclose such confidential information on a "need to know" basis to the Appraiser's employees and subcontractors. As a condition precedent to any such disclosure, each and all of such employees and subcontractors will have executed a written confidentiality agreement with the Contracting Parties which obligates such employees and subcontractors to maintain the confidentiality of such confidential information.

Each Appraisal, the Fair Market Value determination included therein, and the supporting documentation, also constitute confidential information, and the Appraiser will strictly abide by the confidentiality and ethics provisions of the Appraisal Institute and USPAP.

The Appraiser must obtain written authorization from the Contracting Parties before disclosure of any confidential information. The passage of time in and of itself will not extinguish either the Appraiser's responsibility for confidentiality or the appraiser/client relationship. The appraiser/client relationship is extinguished only upon written release from the Contracting Parties. Even though the appraiser/client relationship may terminate, the Appraiser will at all times remain subject to the confidentiality and ethics provisions of Appraisal Institute and USPAP.

Attachment 9: Rate and Method of Apportionment

Attachment 10: Final Subdivision Map

Attachment 11: Form of Non-Disclosure Agreement

Schedule 1: Subject Property Special Instructions

Schedule 2: DDA Defined Terms

Schedule 3: Background

Schedule 4: Appraisal Notice

Schedule 5: List of Qualified Investment Advisors

Schedule 6: DDA Section [__]

SCHEDULE 1: SUBJECT PROPERTY SPECIAL INSTRUCTIONS

[Special Instructions to include, without limitation:

- Description of the grading, excavation and geotechnical condition of the site (as certified by Developer's geotechnical engineer), and the applicable standard of remediation.
- If the Subject Property includes a basement level, description of the condition of the site, which may be left as-is, or partially pre-excavate.
- Separate Special Instructions for Residential and Commercial-Office if the Subject Property is Flex and a dual appraisal is requested by Developer.]

SCHEDULE 2: DDA DEFINED TERMS

SCHEDULE 3: BACKGROUND

A. Entitlement and Legal Framework. The applicable zoning for the Project Site consisting of Seawall Lot 337, a portion of Terry A. Francois Boulevard, a portion of the wharf between Pier 48 and Pier 50, China Basin Park, and certain other property, all as more specifically described in the Mission Rock Special Use District (the "SUD") and Design for Development that govern the development standards and guidelines for Vertical Development. The DDA is the principal agreement governing development of the Project Site, including both "horizontal" and "vertical" development of the Project, delivery of public benefits and the financial structure for the transaction. The City has entered into a Development Agreement with Developer that provides vested rights to both horizontal and vertical development to proceed in accordance with the Project Approvals and Transaction Documents.

B. Horizontal Development and Deferred Infrastructure.

- 1. Developer is responsible under the DDA for horizontal development of the Project, including entitlement, site preparation (including grading and environmental remediation), subdivision and construction work related to streets and sidewalks, public realm amenities (e.g., parks and open space), public utilities and shoreline improvements to create development parcels and support and protect buildings (including affordable housing). Standards for horizontal development are set forth in the Infrastructure Plan attached to the DDA and the and Streetscape Plan subsequently approved by the Port. Under the Interagency Cooperation Agreement, the City and Port agree to process applications for Horizontal Improvements and subdivision maps consistent with the DDA (including the Infrastructure Plan and Streetscape Plan) and in accordance with the streamlined review and approval procedures set forth therein.
- 2. The DDA establishes the scope and timing of Project phasing through a Phasing Plan and Schedule of Performance that establishes deadlines by which Developer must submit development applications for each Phase, commence and complete the Phase Improvements within each Phase, and deliver Associated Public Benefits, subject to Excusable Delay. The DDA also allows Port and Developer to identify Deferred Infrastructure associated with Option Parcels which may be assigned to Vertical Developers. Vertical Developer will be obligated to construct the designated Deferred Infrastructure, subject to the Schedule of Performance attached as DDA Exhibit B2 and as outlined in the Vertical Cooperation Agreement.
- C. Phase Submittals. The Subject Property is included within the Phase Submittal for Phase [XX] of the Project, a copy of which is attached hereto as Attachment 2. The Phase Submittal sets forth all applicable obligations and timing for completion of Phase Improvements within the applicable Phase, the range of residential density and maximum off-street parking that can be allocated to each Option Parcel and the public benefits that will be provided with the delivery of Vertical Improvements within the applicable Phase, including child-care facilities, community facilities and affordable housing.
- D. Conveyance of Subject Property and Vertical Development. Pursuant to Section _ of the DDA, Developer has triggered the appraisal process for the Subject Property by

delivering to the Port the Appraisal Notice attached hereto as Schedule 4. In the Appraisal Notice, Developer has identified the Subject Property, provided a detailed program of uses planned for the parcel, including the area programmed for each type of use, the location, and amount of office development on the Subject Property that would be counted against the maximum annual limit under Planning Code Section 321 and identified the inclusionary housing, fee and program requirements that will be binding on the Subject Property consistent with the Affordable Housing Plan.

SCHEDULE 4: APPRAISAL NOTICE

SCHEDULE 5: LIST OF QUALIFIED INVESTMENT ADVISORS

SCHEDULE 6: SECTION $_$ OF THE DDA

DDA EXHIBIT D4

"Bidder Qualifications"

EXHIBIT D4 BIDDER SELECTION CRITERIA

I. RESIDENTIAL PARCELS

Financial Requirements

- -Bidder is able to demonstrate the financial ability to perform the obligations it is assuming in association with the development of the Option Parcel. For purposes of this section, this includes net worth as defined in VDDA, evidence of access to adequate equity and debt capital along with commitment letters from those financing sources, and the ability to post the required security associated with the development of the Option Parcel.
- Provision of a commitment letter to fund a 10% refundable deposit within 1 business days of being selected as the Vertical Developer through the Public Offering

Experience Requirements

- -The managing principal of the bidder has at least five (5) years of experience in developing the type of residential product to be developed on the Option Parcel the bidder is seeking to purchase or lease.
- -The principals of the bidder have collectively completed at least three (3) development projects containing at least 75% of the number of units proposed for the Option Parcel.

Entity in Good Standing Requirements

- -Documentation evidencing that the bidder and its constituent members, if any, have been duly formed, made all filings and are in good standing in the State of California and in the state of their respective incorporation. If the bidder is a joint venture, then the bidder shall provide evidence demonstrating the existence of a duly executed contractual relationship between the applicable parties.
- -Bidder has not defaulted on its obligations on another lot or project within the Project area.

No Unfair Advantage Requirement

- -Bidder has not received an unfair advantage by receiving any non-public information regarding the bid package that is different from or in advance of the bid package being made available to other interested bidders.
- -Bidder does not have any financial agreements with Developer related to the Option Parcel that would provide that Bidder with an unfair advantage. Bidders may be affiliates of Developer, and common ownership and management shall not be considered to provide a Bidder with an unfair advantage.

Compliance with Transaction Documents and Port/City Requirements

-Bidder has indicated its willingness to enter into the Vertical DDA [and form of Ground Lease] in the form included in the bid package, and its ability to comply with applicable Port and City requirements thereunder, including the Workforce Development Plan.

II. COMMERCIAL PARCELS

Financial Requirements

- -Bidder is able to demonstrate the financial ability to perform the obligations it is assuming in association with the development of the Option Parcel. For purposes of this section, this includes net worth as defined in VDDA, evidence of access to adequate equity and debt capital along with commitment letters from those financing sources, and the ability to post the required security associated with the development of the Option Parcel.
- Provision of a commitment letter to fund a 10% refundable deposit within I business days of being selected as the Vertical Developer through the Public Offering

Experience Requirements

- -The managing principal of the bidder has at least five (5) years of experience in developing the type of commercial product to be developed on the Option Parcel the bidder is seeking to purchase or lease.
- -The principals of the bidder have collectively completed at least three (3) development projects containing at least 75% of the commercial square footage proposed for the Option Parcel.

Entity in Good Standing Requirements

- -Documentation evidencing that the bidder and its constituent members, if any, have been duly formed, made all filings and are in good standing in the State of California and in the state of their respective incorporation. If the bidder is a joint venture, then the bidder shall provide evidence demonstrating the existence of a duly executed contractual relationship between the applicable parties.
- -Bidder has not defaulted on its obligations on another lot or project within the Project.

Compliance with Transaction Documents and Port/City Requirements

Bidder has indicated its willingness to enter into the Vertical DDA and form of

Ground Lease in the form included in the bid package, and its ability to comply with applicable Port and City requirements thereunder, including the Workforce Development Plan.

No Unfair Advantage Requirement

- -Bidder has not received an unfair advantage by receiving any non-public information regarding the bid package that is different from or in advance of the bid package being made available to other interested bidders.
- Bidder does not have any financial agreements with Developer related to the Option Parcel in submitting its bid. Bidders may be affiliates of Developer, and common ownership and management shall not be considered to provide a Bidder with an unfair advantage.

SCHEDULE 3 QUALIFIED BROKERS POOL

PORT COMMISSION CITY AND COUNTY OF SAN FRANCISCO

RESOLUTION NO. 18-03

| WHEREAS, | Beginning in 2006, the Port initiated an intensive planning process that has culminated in a project that would restore and redevelop an approximately 28-acre site located along the Central Waterfront comprised of (1) Seawall Lot 337, bounded by Third Street on the west, Parcel P20 and Mission Rock Street on the south, Pier 48 to the east, and China Basin Park on the north; (2) Pier 48; (3) China Basin Park; (4) the marginal wharf between Pier 48 and Pier 50; and |
|----------|---|
| | (5) Parcel P20 (collectively, the "Site"); and |

- WHEREAS, From 2007 to 2010, the Port conducted a community process that evaluated the unique site conditions and opportunities at the Site and built a public consensus for its future that nested within the policies established for the South Beach/China Basin Waterfront in the Port's Waterfront Land Use Plan; and
- WHEREAS, In May 2010, by Resolution No. 10-32, the Port Commission awarded to Seawall Lot 337 Associates, LLC, a Delaware limited liability company ("Developer"), through a competitive process, the opportunity to negotiate exclusively for the mixed-use development of Seawall Lot 337 and Pier 48, and the Port Commission later added China Basin Park, the marginal wharf between Pier 48 and Pier 50, and Parcel P20 to the development (collectively, the "Project"); and
- WHEREAS, Developer is a wholly-owned subsidiary of Giants Development Services, LLC, which in turn is a wholly-owned subsidiary of San Francisco Baseball Associates, LLC, the Major League Baseball franchise holder of the San Francisco Giants; and
- WHEREAS, In March 2013, by Resolution No. 13-10, the Port Commission endorsed the Term Sheet for the Project; and
- WHEREAS, In May 2013, by Resolution No. 142-13, the Board of Supervisors found the Project fiscally feasible under Administrative Code, Chapter 29 and endorsed the Term Sheet for the Project, which is now known as "Mission Rock"; and
- WHEREAS, Port and City staff and Developer have negotiated the terms of the Disposition and Development Agreement ("DDA") and related transaction documents that are incorporated into the DDA and provide the overall road map for development of the Project, including a

Financing Plan, an Infrastructure Plan, a Housing Plan, a Transportation Plan and a Transportation Demand Management Plan, a Workforce Development Plan, an LBE Utilization Program, and forms of an interim Master Lease, a Vertical Disposition and Development Agreement and a Parcel Lease; and

WHEREAS,

Developer has engaged in an extensive community outreach process including community meetings, workshops, focus groups, formal and informal presentations, open houses and site tours; and

WHEREAS

In November 2015, 74% of voters supported the Mission Rock Affordable Housing, Parks, Jobs and Historic Preservation Initiative (Proposition D, November 2015) ("Proposition D"), the ballot measure supporting reuse of the area and increasing the height limits for the Project, conditional upon Port Commission approval of a development plan for the Project; and

WHEREAS,

Port financial staff have reviewed and confirmed the financial capacity of Developer in amounts sufficient to satisfy its obligation to fund its obligations under the DDA; and

WHEREAS.

The parties wish to enter into the DDA substantially in the form on file with the Commission Secretary and incorporated in this resolution by reference; and

WHEREAS,

Concurrently with this resolution, the Port Commission has taken or intends to take a number of other actions in furtherance of the Project, including: (1) consenting to amendments to the Planning Code that create the Mission Rock Special Use District ("Mission Rock SUD") over the Site and related amendments to the zoning maps; (2) consenting to the Development Agreement as it relates to matters under Port jurisdiction; (3) approving the Design Controls, which provide more detailed land use controls for the Mission Rock SUD and conforming amendments to the Waterfront Land Use Plan; (4) approving and recommending that the Board of Supervisors approve a Memorandum of Understanding for Interagency Cooperation among the Port, and other City agencies with respect to approvals related to the subdivision of the Site and construction of infrastructure and other public facilities; (5) recommending that the Board of Supervisors approve formation proceedings for sub-project areas to Project Area I of City and County of San Francisco Infrastructure Financing District No. 2; and (6) a Memorandum of Understanding between the Port and the Treasurer-Tax Collector and the Controller regarding the collection and allocation of ad valorem and special taxes to the financing districts; and

WHEREAS,

Under the DDA and other transaction documents, at full build-out, the Project will include: (1) 1.1 million to 1.6 million gross square feet ("gsf") of new residential uses (an estimated 1,000 to 1,950 new residential units), at least 40% of which will be on-site housing affordable to a range of low- to moderate-income households as described in the Housing Plan in the DDA; (2) 972,000 to 1.4 million gsf of new commercial and office space; (3) 241,000 to 244,800 gsf of active retail and production uses on 11 proposed development blocks on Seawall Lot 337 in buildings that would range in height from 90 to 240 feet, consistent with Section 5 of Proposition D: (4) the rehabilitation and reuse of Pier 48, a significant contributing resource to the Port of San Francisco Embarcadero Historic District; (5) up to approximately 1.1 million gsf of above- and below-grade parking in one or two garages; (6) transportation demand management on-site and payment of impact fees that the Municipal Transportation Agency will use to improve transportation service in the area; (7) approximately 5.4 acres of net new open space for a total of approximately 8 acres of new and expanded open space, including an expansion of China Basin Park, a new central Mission Rock Square, and waterfront access along the shoreline; (8) public access areas, assembly areas, and an internal grid of public streets, shared streets, and utilities infrastructure; and (9) on-site strategies to protect against sea level rise; and

WHEREAS,

The DDA governs: (1) Developer's obligations to complete horizontal development of the Project, including entitlements, site preparation, subdivision and construction work related to streets and sidewalks, public realm amenities (e.g., parks and open space), public utilities and shoreline area improvements (together, "Horizontal Development"), all to create development parcels and support and protect buildings; and (2) Developer's option to ground lease developable lots in the Site for vertical development, all in accordance with all of the governing land use and entitlement documents, including the Development Agreement, Mission Rock SUD, and Design Controls; and

WHEREAS.

The DDA also governs Developer's obligations to deliver various public benefits, at full buildout, including: (1) reserving 40 percent of all onsite residential units for applicants making 45 to 150 percent of Area Median Income or less as further described in the Housing Plan; (2) approximately5.4 acres of net new open space for a total of approximately 8 acres of new and expanded public open space maintained by special taxes paid by the onsite vertical developments; (3) elevation of the Site and shoreline protection special taxes to protect against sea level rise, storm surges and periodic flooding along the Port's Bay waterfront; (4) robust local hiring, Local Business Enterprise commitments and good faith efforts as further described in the Workforce Development Plan and the LBE Utilization Program; (5)

commitments to renewable energy, vehicular trip reduction, water recycling and waste diversion as further described in the Sustainability Strategy; (6) commitment to in-lieu transportation fees and fair share contributions to City transit projects serving the Site and its surroundings; and (7) a City option for up to 15,000 square feet of onsite community facility space; and

WHEREAS.

The DDA requires that, prior to Developer making any presentations to the Port Commission regarding the Schematic Design of public spaces, Developer will host at least one public presentation of its design and present the design to a committee of design professionals designated by the Port Director;

WHEREAS,

The DDA includes a Schedule of Performance that includes outside dates for the completion of public infrastructure, including streets, utilities and parks; and

WHEREAS.

The DDA provides the Port with remedies in the event that Developer does not meet its obligations under the Schedule of Performance or other provisions of the DDA, including specific performance and termination for material breach; and

WHEREAS,

The DDA (1) establishes processes to ensure that the Port receives fair market value for the lease of all option parcels as established by appraisal or public offerings on the open market; (2) provides for onsite inclusionary affordable housing, with impact fees payable by developers of commercial parcels used to support development of the affordable housing; (3) provides for the use of nontrust revenue sources in the form of tax increment and special tax revenues to the extent necessary to ensure the Project's fiscal feasibility; and (4) provides for the Port to be repaid, with interest, from nontrust revenues for costs of constructing infrastructure and public facilities needed and desired to support development at the Site; and

WHEREAS.

The Financing Plan provides that (1) Developer is responsible for funding all entitlement costs and the costs of constructing Horizontal Development to the extent other Project sources are not available, subject to reimbursement; (2) Developer's costs will be repaid with an 18% market rate of return (along with certain minimum return metrics) from a number of potential sources, including rent credits, lease proceeds, community facilities district and infrastructure financing district proceeds, and, at the Port's discretion, Port capital; and (3) after the Project reaches a certain rent threshold, Developer will participate in annual ground rent revenues as an incentive for efficient buildout of the Site; and

WHEREAS, The Housing Plan includes measures to ensure that at least 40% of all residential units produced at the Site are affordable to low- and moderate-income households, with 24 of the lowest income units to be provided to youth transitioning out of the foster care system; and

WHEREAS, The Port will enter into a memorandum of understanding with the Mayor's Office of Housing and Community Development ("MOHCD") to implement the Housing Plan and MOHCD will approve the on-site inclusionary unit locations, phasing, income verifications and marketing plan; and

WHEREAS, The Infrastructure Plan includes the conceptual level planning elements of all the infrastructure systems necessary to serve the Mission Rock SUD and describes Developer's obligation to complete streets and infrastructure to support development of the Site; and

WHEREAS, The Transportation Plan requires, among other things, that (1) vertical developers pay a transportation fee that the Municipal Transportation Agency will use and allocate for transportation improvements in the area; and (2) Developer, building owners, and tenants implement a Transportation Demand Management Plan designed to reduce Project-related one-way vehicular auto trips by 20%; and

WHEREAS, The Workforce Development Plan, together with the LBE Utilization Program, requires Developer and its contractors and subcontractors, vertical developers, and tenants, as applicable, to comply with applicable workforce provisions, including a 30% local hiring commitment, local business enterprise utilization, participation in the City's "First Source" hiring programs, and up to \$1 million in funding to support expansion of CityBuild and workforce training; and

WHEREAS, The Master Lease is a form that sets forth the terms and conditions under which the Port will lease the Site, other than Pier 48. to Developer when it is ready to begin constructing horizontal improvements, including parks, streets and utilities in accordance with the DDA, and, in the interim, for parking and special events and ancillary uses; and

WHEREAS, Individual development parcels will be removed from the Master Lease upon completion of the horizontal improvements serving each parcel as they are leased to vertical developers, and streets and parks will be removed from the Master Lease upon acceptance by acquiring City agencies; and

WHEREAS, The Vertical Disposition and Development Agreement is a form that sets forth (1) the conditions to a vertical developer's acquisition of the

leasehold interest in each development parcel within the Site; and (2) applicable Port and City requirements for constructing the applicable vertical development project; and

WHEREAS, The

The Vertical Disposition and Development Agreement requires Vertical Developer to make an informational presentation regarding the consistency of its application to the Planning Department with the Mission Rock SUD and Design Controls to the Port's Central Waterfront Advisory Group ("CWAG") prior to final approval of each vertical development application; and

WHEREAS,

The Parcel Lease is a form that sets forth the terms and conditions under which vertical developers will ground lease development parcels for a term of 75 years, and will be modified, as described in the DDA, to address circumstances unique to the development parcels; and

WHEREAS,

The Project has been planned and designed, in consultation with the California State Lands Commission ("State Lands") and in accordance with Senate Bill 815 ("SB 815") (stats. 2007, ch. 660), as modified by Assembly Bill 2797 ("AB 2797") (stats 2016, ch. 529), to produce multiple public trust benefits; and

WHEREAS.

After completion of a Public Trust Study that is approved by State Lands, SB 815 and AB 2797 authorize the Port to lease all or any portion of the Site free from the public trust use requirements for a term not to exceed 75 years from the initial occupancy date of the improvements developed on the parcel, but not beyond December 31, 2105; and

WHEREAS.

Developer and Port staff have completed the Public Trust Study that describes the proposed uses in the Project and demonstrates their value to the public trust, and a copy of the Public Trust Study is on file with the Port Commission Secretary; and

WHEREAS.

On October 5, 2017, the Planning Commission (1) reviewed and considered the Final Environmental Impact Report for the Seawall Lot 337 and Pier 48 Mixed-Use Project ("FEIR") (Case No. 2013-0208E); (2) found the FEIR to be adequate, accurate and objective, thus reflecting the independent analysis and judgment of the Planning Department and the Planning Commission; and (3) by Motion No. 20017, certified the FEIR as accurate, complete and in compliance with the California Environmental Quality Act ("CEQA"), the CEQA Guidelines, and Chapter 31 of the San Francisco Administrative Code; and

WHEREAS,

At the same hearing, the Planning Commission approved the Project and in so doing, adopted findings under CEQA by Motion No. 20018, including a Statement of Overriding Considerations (the "Mission Rock CEQA Findings"), and adopted a Mitigation Monitoring and Reporting Program ("MMRP"). A copy of the Planning Commission Motions, the Mission Rock CEQA Findings, and the MMRP are on file with the Port Commission Secretary and may be found in the records of the Planning Department at 1650 Mission Street, San Francisco, CA, and are incorporated in this resolution by reference as if fully set forth herein; and

WHEREAS,

The Port Commission has reviewed the FEIR, the MMRP and the CEQA Findings, and finds that the approvals before the Port Commission are within the scope of the FEIR and that no substantial changes in the Project or the circumstances surrounding the Project have occurred and no new information that could not have been known previously showing new significant impacts or an increase in severity in impacts has been discovered since the FEIR was certified; now, therefore be it

RESOLVED,

That the Port Commission adopts the Mission Rock CEQA Findings as its own and adopts the MMRP. Where applicable, the Port Commission has imposed the measures in the MMRP as conditions in the approval documents for the Project; and be it further

RESOLVED,

That the Port Commission hereby approves the Public Trust Study; and be it further

RESOLVED,

That the Port Commission hereby approves the DDA and finds that the Project is consistent with and furthers the purposes of the common law public trust and the statutory trust under the Burton Act; and be it further

RESOLVED,

That the Port Commission approves the development plan described in the DDA as a Development Plan under Section 4 of Proposition D; and be it further

RESOLVED,

That the Port Commission authorizes the Executive Director of the Port, or her designee, to execute the DDA, subject to Board of Supervisors' approval, and recommends to the Board of Supervisors approval of the DDA; and be it further

RESOLVED,

That to the extent that implementation of the DDA involves the execution and delivery of additional agreements, notices, consents and other instruments or documents by the Port, including, without limitation, the Master Lease and instruments leasing development

parcels to vertical developers (such as the Parcel Leases and Vertical Disposition and Development Agreements) (collectively, "Subsidiary Agreements"), the Executive Director, or her designee, as she may deem necessary or appropriate in consultation with the City Attorney, is authorized to execute all such Subsidiary Agreements so long as the transactions governed by such Subsidiary Agreements are contemplated in, and comply with the terms of, the DDA, and with respect to the Master Lease, Parcel Leases and Vertical Disposition and Development Agreements, are substantially in the form of the Master Lease, Parcel Lease and Vertical Disposition and Development Agreement attached as Exhibits to the DDA; and be it further

RESOLVED,

That the Port Commission authorizes and urges all officers, employees, and agents of the Port and the City to take all steps that they deem necessary or appropriate, to the extent permitted by applicable law, in order to implement the DDA in accordance with this resolution, including preparation and attachment of exhibits, execution of subsequent documents, or to otherwise effectuate the purpose and intent of this resolution and the DDA as described in the in the staff memorandum accompanying this resolution; and be it further

RESOLVED,

That the Port Commission authorizes the Executive Director of the Port, or her designee, to enter into any amendments or modifications to the DDA that the Executive Director determines, in consultation with the City Attorney, are in the best interests of the Port, do not materially decrease the benefits to or materially increase the obligations or liabilities of the Port, and are in compliance with all applicable laws.

I hereby certify that the foregoing resolution was adopted by the San Francisco Port Commission at its meeting of January 30, 2018.

RESOLUTION RECOMMENDING THAT THE BOARD OF SUPERVISORS APPROVE AMENDMENTS TO THE PLANNING CODE TO ESTABLISH THE MISSION ROCK MIXED-USE DISTRICT, THE MISSION ROCK SPECIAL USE DISTRICT, ALONG WITH OTHER RELATED MINOR CHANGES TO ARTICLE 2 AND ARTICLE 9 OF THE PLANNING CODE; AND BY AMENDING ZONING MAP ZN 08 BY DESIGNATING ASSESSOR'S BLOCK AND LOT: 8719/006 AND 9900/-48 AS PART OF THE MISSION ROCK MIXED-USE DISTRICT AND BY AMENDING SPECIAL USE DISTRICT MAP SD 08 BY DESIGNATING ASSESSOR'S BLOCK AND LOTS: 8719/ 006 AND 9900/048 AS PART OF THE MISSION ROCK SPECIAL USE DISTRICT; ADOPT FINDINGS OF CONSISTENCY WITH THE GENERAL PLAN AND PLANNING CODE SECTION 101.1 AND FINDINGS UNDER PLANNING CODE SECTION 302, AND INCORPORATING FINDINGS UNDER THE CALIFORNIA ENVIRONMENTAL QUALITY ACT.

WHEREAS, on September 5, 2017, Mayor Edwin Lee and Supervisor Jane Kim introduced an ordinance (Board File 170940) for Planning Code Text Amendments to establish the Mission Rock Mixed-Use District and the Mission Rock Special Use District (herein "SUD"), and for Planning Code Map Amendments by amending Zoning Map ZN08 by designating Assessor's Block and Lot: 8719/006 as part of the Mission Rock Mixed-Use District and by amending Special Use District Map SD08 by designating assessor's block and lots: 8719/006 and 9900/048 to the Mission Rock SUD.

WHEREAS, pursuant to Planning Code Section 302(b), on September 5, 2017, the San Francisco Board of Supervisors initiated these Planning Code Text and Map Amendments.

WHEREAS, these Planning Code Text and Map Amendments would enable the Project. The Project includes new market-rate and affordable residential uses, commercial uses, retail, light industrial uses, parking, shoreline improvements, infrastructure development and street improvements, and public open space. Depending on the uses proposed, the Project would include approximately 1.1. to 1.6 million gross square feet (gsf) of residential uses (estimated as between 1,000 to 1,600 residential units) (of which 40% will be below market rate), approximately 972,000 to 1.4 million gsf of commercial-office uses, and a maximum of approximately 245,000 gsf of retail uses. The Project also includes construction of transportation and circulation improvements, new and upgraded utilities and infrastructure, geotechnical

and shoreline improvements, up to 3,000 off-street parking spaces in one or two new garages and 100 spaces elsewhere throughout the site. The Project is more comprehensively described in the Seawall Lot 337 and Pier 48 Mixed-Use Project Draft EIR.

WHEREAS, the Project would construct new buildings that would range in height from 90 to 240 feet, as is consistent with Proposition D which was passed by the voters of San Francisco in November 2015.

WHEREAS, these Planning Code Text Amendments would establish the Mission Rock Mixed Use District and Mission Rock SUD, which would outline the land use controls for the Project site.

WHEREAS, these Planning Code Map Amendments would designate the newly created Mission Rock Mixed-Use District and the Mission Rock Special Use District to the Project Site; the newly created SUD outline the land use controls for the Project site.

WHEREAS, this Resolution approving these Planning Code Text and Map Amendments is a companion to other legislative approvals relating to the Project, including approval of the Mission Rock Design Controls document, and recommendation for approval of the Development Agreement.

WHEREAS, as part of the implementation of the Project, the Office of Community Investment and Infrastructure (OCII) will consider removing certain property identified as Mission Bay Parcel P20 (a 0.3-acre, approximately 20-foot-wide strip of land adjacent to the south side of Seawall Lot 337, along the north side of Mission Rock Street) from the Mission Bay South Redevelopment Plan, and such removal would be part of the Project implementation as described in the Development Agreement. Parcel P20 is currently subject to the Mission Bay South Redevelopment Plan and is designated in that plan as a small open-space buffer. When it adopted AB 2797, the state legislature recognized the need to remove P20 from the Redevelopment Plan, on the basis that "the revitalization of Seawall Lot 337 . . . is of particular importance to the state." As such, AB 2797 calls for the amendment of the Redevelopment Plan to remove P20 without State-level review under Health & Safety Code Sections 34163(c)-(f) and 34164(a) and (b).

WHEREAS, on October 5, 2017, the Planning Commission reviewed and considered the Final EIR for the Mission Rock Project ("FEIR") and found the FEIR to be adequate, accurate and objective, thus reflecting the independent analysis and judgment of the Department and the Commission, and that the summary of comments and responses contained no significant revisions to the Draft EIR, and certified the FEIR for the Project in compliance with the California Environmental Quality Act ("CEQA"), the CEQA Guidelines and Chapter 31 by Motion No. 20017.

WHEREAS, on October 5, the Commission by Motion No. 20018 approved CEQA Findings, including adoption of a Mitigation Monitoring and Reporting Program (MMRP), under Case No. 2013.0208ENV, for approval of the Project, which findings and MMRP are incorporated by reference as though fully set forth herein.

WHEREAS, on October 5, 2017, the Commission conducted a duly noticed public hearing at a regularly scheduled meeting on the proposed Planning Code Text and Map Amendments and has considered the information included in the File for these Amendments, the staff reports and presentations, public testimony and written comments, as well as the information provided about the Project from other City departments.

WHEREAS, a draft ordinance, substantially in the form attached hereto as Exhibit A, approved as to form, including those minor changes to Exhibit A as provided by staff on September 28, 2017, would

establish the Mission Rock Mixed Use District, Mission Rock SUD, and make other related Planning Code Text and Map amendments.

NOW THEREFORE BE IT RESOLVED, that the Planning Commission hereby finds that the Planning Code Text Amendments and Zoning Map Amendments promote the public welfare, convenience and necessity for the following reasons:

- The Amendments would help implement the Mission Rock Mixed-Use Project development, thereby evolving currently under-utilized surface parking lot for needed housing, commercial space, and parks and open space.
- 2. The Amendments would help implement the Mission Rock Mixed-Use Project, which in turn will provide employment opportunities for local residents during construction and post-occupancy, as well as community facilities and parks for new and existing residents.
- 3. The Amendments would help implement the Mission Rock Mixed-Use Project by enabling the creation of a mixed-use and sustainable neighborhood, with fully rebuilt infrastructure. The new neighborhood would improve the site's multi-modal connectivity to and integration with the surrounding City fabric, and connect existing neighborhoods to the City's waterfront.
- 4. The Amendments would enable the construction of a new vibrant, safe, and connected neighborhood, including new parks and open spaces. The Amendments would help ensure a vibrant neighborhood with active streets and open spaces, high quality and well-designed buildings, and thoughtful relationships between buildings and the public realm, including the waterfront.
- 5. The Amendments would enable construction of new housing, including new on-site affordable housing, and new retail and manufacturing uses. These new uses would create a new mixed-use neighborhood that would strengthen and complement nearby neighborhoods.
- 6. The Amendments would facilitate the preservation and rehabilitation of Pier 48 an important historic resource listed in the National Register of Historic Places.

AND BE IT FURTHER RESOLVED, that the Planning Commission finds the Planning Code Text and Map Amendments are in general conformity with the General Plan and Planning Code Section 101.1 as set forth below.

AND BE IT FURTHER RESOLVED, that the Planning Commission finds the Project and its approvals associated therein, including the amendment to the Mission Bay South Redevelopment Plan to remove Parcel P20 from that Plan, all as more particularly described in Exhibits B and C to the Development Agreement on file with the Planning Department in Case No. 2013.0208DVA, are on balance consistent with the Objectives and Policies of the General Plan, as described herein as follows:

HOUSING ELEMENT

OBJECTIVE 1

IDENTIFY AND MAKE AVAILABLE FOR DEVELOPMENT ADEQUATE SITES TO MEET THE CITY'S HOUSING NEEDS, ESPECIALLY PERMANENTLY AFFORDABLE HOUSING.

POLICY 1.1

Plan for the full range of housing needs in the City and County of San Francisco, especially affordable housing.

POLICY 1.8

Promote mixed use development, and include housing, particularly permanently affordable housing, in new commercial, institutional or other single use development projects.

POLICY 1.10

Support new housing projects, especially affordable housing, where households can easily rely on public transportation, walking and bicycling for the majority of daily trips.

The Project is a mixed-use development with approximately 1.1 to 1.6 million gsf of residential uses (estimated at between 1,100 and 1,600 dwelling units) at full project build-out, which will provide a wide range of housing options. As detailed in the Development Agreement, the Project substantially exceeds the inclusionary affordable housing requirements of the Planning Code, through a partnership between the developer and the City to reach a 40% affordable level.

OBJECTIVE 11

SUPPORT AND RESPECT THE DIVERSE AND DISTINCT CHARACTER OF SAN FRANCISCO'S NEIGHBORHOODS.

POLICY 11.1

Promote the construction and rehabilitation of well-designed housing that emphasizes beauty, flexibility, and innovative design, and respects existing neighborhood character.

POLICY 11.2

Ensure implementation of accepted design standards in project approvals.

POLICY 11.7

Respect San Francisco's historic fabric, by preserving landmark buildings and ensuring consistency with historic districts.

The Project, as described in the Development Agreement and controlled in the Design Controls (DC), includes a program of substantial community benefits and detailed plans designed to create a vibrant new mixed-use amenity-rich neighborhood at the location of an existing surface parking lot. The new neighborhood will feature small blocks and well-articulated buildings with a human scale modeled off of features characteristic of San Francisco neighborhoods. Through the standards and guidelines in the DC and through the Development Agreement (DA), the Project Sponsor has committed to the rehabilitation of Pier 48 pursuant to the Secretary of Interior Standards.

OBJECTIVE 12

BALANCE HOUSING GROWTH WITH ADEQUATE INFRASTRUCTURE THAT SERVES THE CITY'S GROWING POPULATION.

POLICY 12.1

Encourage new housing that relies on transit use and environmentally sustainable patterns of movement.

POLICY 12.2

Consider the proximity of quality of life elements, such as open space, child care, and neighborhood services, when developing new housing units.

The Project appropriately balances housing with new and improved infrastructure and related public benefits.

The project site is located proximate to both major regional and local public transit, including Muni Metro and Caltrain. The Project includes incentives for the use of transit, walking and bicycling through its TDM program. In addition, the Project's streetscape design would enhance vehicular, bicycle and pedestrian access and connectivity through the site. Therefore, new residential and commercial buildings constructed as part of the Project would rely on transit use and environmentally sustainable patterns of movement.

The Project will provide over eight acres of new open space for a variety of activities, including an expanded China Basin Park, a central town square-like space, a waterfront wharf, and other small plazas and pedestrian connections throughout.

The Project includes substantial contributions related to quality of life elements such as open space, affordable housing, transportation improvements, childcare, public art, workforce development, youth development, and historic preservation.

COMMERCE AND INDUSTRY ELEMENT

OBJECTIVE 1

MANAGE ECONOMIC GROWTH AND CHANGE TO ENSURE ENHANCEMENT OF THE TOTAL CITY LIVING AND WORKING ENVIRONMENT.

POLICY 1.1

Encourage development which provides substantial net benefits and minimizes undesirable consequences. Discourage development which has substantial undesirable consequences that cannot be mitigated.

The Project is intended to provide a distinct mixed-use development with residential, office, retail, cultural, and open space uses. The Project would leverage the Project site's location on the waterfront and close proximity to major regional and local public transit by building a dense mixed-use development that allows people to work and live close to transit. The Project would incorporate varying heights, massing and scale, maintaining a strong human-scaled streetwall along streets, and focused attention around public open spaces. The Project would create a balanced commercial center with a continuum of floorplate sizes for a range of users, substantial new on-site open space, and sufficient density to support and activate the new active ground floor uses and open space in the Project.

The Project would help meet the job creation goals established in the City's Economic Development Strategy by generating new employment opportunities and stimulating job creation across all sectors. The Project would also construct high-quality housing with sufficient density to contribute to 24-hour activity on the Project site, while offering a mix of unit types, sizes, and levels of affordability to accommodate a range of potential residents. The Project would facilitate a vibrant, interactive ground plane for Project and neighborhood residents, commercial users, and the public, with public spaces that could accommodate a variety of events and programs, and adjacent ground floor building spaces that include elements such as transparent building frontages and large, direct access points to maximize circulation between, and cross-activation of, interior and exterior spaces.

OBJECTIVE 2

MAINTAIN AND ENHANCE A SOUND AND DIVERSE ECONOMIC BASE AND FISCAL STRUCTURE FOR THE CITY.

POLICY 2.1

Seek to retain existing commercial and industrial activity and to attract new such activity to the city.

See above (Commerce and Industry Element Objective 1 and Policy 1.1) which explain the Project's contribution to the City's overall economic vitality.

OBJECTIVE 3

PROVIDE EXPANDED EMPLOYMENT OPPORTUNITIES FOR CITY RESIDENTS, PARTICULARLY THE UNEMPLOYED AND ECONOMICALLY DISADVANTAGED.

POLICY 3.2

Promote measures designed to increase the number of San Francisco jobs held by San Francisco residents.

The Project would help meet the job creation goals established in the City's Economic Development Strategy by generating new employment opportunities and stimulating job creation across all sectors. The Project will provide expanded employment opportunities for City residents at all employment levels, both during and after construction. The Development Agreement, as part of the extensive community benefit programs, includes a Workforce Development Plan, including a local hire participation level of 30% per trade. Vertical developers will contribute \$1,000,000 to OEWD in 11 parcel-by-parcel installments. Half of the funds will support community-based organizations that provide barrier removal services and job readiness training for individuals within at-risk populations, and half will support city programs that provide job training for local residents.

OBJECTIVE 6

MAINTAIN AND STRENGTHEN VIABLE NEIGHBORHOOD COMMERCIAL AREAS EASILY ACCESSIBLE TO CITY RESIDENTS.

POLICY 6.1 Ensure and encourage the retention and provision of neighborhood-serving goods and services in the city's neighborhood commercial districts, while recognizing and encouraging diversity among the districts.

POLICY 6.2

Promote economically vital neighborhood commercial districts which foster small business enterprises and entrepreneurship and which are responsive to economic and technological innovation in the marketplace and society

POLICY 6.4

Encourage the location of neighborhood shopping areas throughout the city so that essential retail goods and personal services are accessible to all residents.

POLICY 6.5

Discourage the creation of major new commercial areas except in conjunction with new supportive residential development and transportation capacity.

POLICY 6.7

Promote high quality urban design on commercial streets.

The Project meets and furthers the Objectives and Policies of the Commerce and Industry Element by reinforcing the typical San Francisco pattern of including resident serving uses along with mixed-use development. The Amendments will generally permit small-scale retail and community-related uses throughout the site by requiring it at key locations along China Basin Park and along the pedestrian-oriented "Shared Pubic-Way." The Project calls for neighborhood commercial and other retail be established in a pedestrian-oriented active environment typical of San Francisco neighborhoods and specifically called for in the Commerce and Industry Element. The provision of retail space will provide entrepreneurial opportunities for local residents and workers. As noted above, streets will be designed to Better Streets standards with the particular goal of assuring an active and engaging environment for pedestrians.

TRANSPORTATION ELEMENT

OBJECTIVE 2

USE THE TRANSPORTATION SYSTEM AS A MEANS FOR GUIDING DEVELOPMENT AND IMPROVING THE ENVIRONMENT.

POLICY 2.1

Use rapid transit and other transportation improvements in the city and region as the catalyst for desirable development, and coordinate new facilities with public and private development.

POLICY 2.5

Provide incentives for the use of transit, carpools, vanpools, walking and bicycling and reduce the need for new or expanded automobile and automobile parking facilities.

The Project is located along Third Street and the Muni T-Line, whose service will substantially expand in the near future with the opening of the Central Subway. The Project is also in close proximity to the San Francisco Caltrain station along with other major bus lines. The Project includes a detailed TDM program, including various performance measures, physical improvements and monitoring and enforcement measures designed to create incentives for

transit and other alternative to the single occupancy vehicle for both residential and commercial buildings. In addition, the Project's design, including its streetscape elements, is intended to promote and enhance walking and bicycling.

OBJECTIVE 23

IMPROVE THE CITY'S PEDESTRIAN CIRCULATION SYSTEM TO PROVIDE FOR EFFICIENT, PLEASANT, AND SAFE MOVEMENT.

POLICY 23.1

Provide sufficient pedestrian movement space with a minimum of pedestrian congestion in accordance with a pedestrian street classification system.

POLICY 23.2

Widen sidewalks where intensive commercial, recreational, or institutional activity is present, sidewalks are congested, where sidewalks are less than adequately wide to provide appropriate pedestrian amenities, or where residential densities are high.

POLICY 23.6

Ensure convenient and safe pedestrian crossings by minimizing the distance pedestrians must walk to cross a street.

The Project will establish a new tight-knit street network on the project site, and will provide pedestrian improvements and streetscape enhancement measures as described in the DC and reflected in the mitigation measures, the Transportation Plan, and in the Development Agreement. The Project would establish two new north-south rights-of-way and three new east-west rights-of-way through the site, increasing the sites connectivity and access. All streets will be constructed to Better Street standards; the transportation network will include robust bike facilities and will improve and complete a missing link in the Bay Trail and Blue Greenway.

URBAN DESIGN ELEMENT

OBJECTIVE 1

EMPHASIS OF THE CHARACTERISTIC PATTERN WHICH GIVES TO THE CITY AND ITS NEIGHBORHOODS AN IMAGE, A SENSE OF PURPOSE, AND A MEANS OF ORIENTATION.

POLICY 1.1

Recognize and protect major views in the city, with particular attention to those of open space and water.

As explained in the DC, the Project is very carefully designed with particular emphasis on assuring a vibrant and engaging pedestrian realm. Buildings are to be scaled and shaped specific to their immediate context by assuring streetwalls are well proportioned relative to adjacent streets and open spaces. The Project's proposed tallest buildings will be sited at key locations to mark important gateway locations assuring that the buildings taken together create a dynamic skyline. The overall heights of the project are harmonious with and complementary to the overall city skyline when viewed from various distances.

POLICY 1.2

Recognize, protect and reinforce the existing street pattern, especially as it is related to topography.

POLICY 1.3

Recognize that buildings, when seen together, produce a total effect that characterizes the city and its districts.

POLICY 1.5

Emphasize the special nature of each district through distinctive landscaping and other features.

POLICY 1.6

Make centers of activity more prominent through design of street features and by other means.

POLICY 1.7

Recognize the natural boundaries of districts, and promote connections between districts.

POLICY 2.9

Review proposals for the giving up of street areas in terms of all the public values that streets afford.

POLICY 2.10

Permit release of street areas, where such release is warranted, only in the least extensive and least permanent manner appropriate to each case.

The Project will create a new fine-knit street network on the project site where it does not currently exist, increasing public access and circulation through the site. Buildings will be constructed between a maximum height range of 90 and 240 feet, with buildings stepping down to bases of 40 to 65 feet along streets. Building heights and urban design requirements in the DC assure that Pier 48, the site's existing historic Pier, will be respected and retain its predominance along the bayfront. The Project is envisioned as an extension and improvement to the Mission Bay neighborhood

OBJECTIVE 2

CONSERVATION OF RESOURCES WHICH PROVIDE A SENSE OF NATURE, CONTINUITY WITH THE PAST, AND FREEDOM FROM OVERCROWDING.

POLICY 2.4

Preserve notable landmarks and areas of historic, architectural or aesthetic value, and promote the preservation of other buildings and features that provide continuity with past development.

POLICY 2.5

Use care in remodeling of older buildings, in order to enhance rather than weaken the original character of such buildings.

Pier 48 will be rehabilitated to Secretary of Interior's Standards.

Case No. 2013.0208MAP/PCA Mission Rock Planning Code Text and Zoning Map Amendment

OBJECTIVE 3

MODERATION OF MAJOR NEW DEVELOPMENT TO COMPLEMENT THE CITY PATTERN, THE RESOURCES TO BE CONSERVED, AND THE NEIGHBORHOOD ENVIRONMENT.

POLICY 3.3

Promote efforts to achieve high quality of design for buildings to be constructed at prominent locations.

POLICY 3.4

Promote building forms that will respect and improve the integrity of open spaces and other public areas.

POLICY 3.5

Relate the height of buildings to important attributes of the city pattern and to the height and character of existing development.

POLICY 3.7

Recognize the special urban design problems posed in development of large properties.

POLICY 3.8

Discourage accumulation and development of large properties, unless such development is carefully designed with respect to its impact upon the surrounding area and upon the city.

While large in scope, the Project will be constructed in such a way to be an integral part of the San Francisco urban fabric. Blocks are being established at smaller-than-typical sizes to assure buildings are well-scaled, and that the site in permeable and accessible to all. Buildings will be shaped to assure that their fronting streetwalls are well proportioned relative to their adjacent streets and open spaces. The tallest of the site's buildings will be placed at key gateway and central locations and well-spaced to assure they work well together in adding to the City's skyline.

RECREATION AND OPEN SPACE ELEMENT

OBJECTIVE 1

ENSURE A WELL-MAINTAINED, HIGHLY UTILIZED, AND INTEGRATED OPEN SPACE SYSTEM.

POLICY 1.1

Encourage the dynamic and flexible use of existing open spaces and promote a variety of recreation and open space uses, where appropriate.

POLICY 1.7

Support public art as an essential component of open space design.

The Project would build a network of waterfront parks, playgrounds and recreational facilities on the 28-Acre Site that will greatly enhance access to and along the Bay. China Basin Park will be significantly expanded to provide a multi-use Bayfront park that provides both active and contemplative space, while providing a space for planned community events. A central town square-like space will enable the proposed high-retail corridor to spill into open space creating an active and engaging central civic space. The Project will provide approximately eight acres of new and expanded open space for a variety of activities, including a great lawn, a small ballfield, kayak boat launches, wharf, along with small pedestrian plazas throughout. In addition, the Project would provide new private and/or common open space for the new dwelling units.

POLICY 1.12

Preserve historic and culturally significant landscapes, sites, structures, buildings and objects.

See Discussion in Urban Element Objective 2, Policy 2.4 and 2.5.

OBJECTIVE 3

IMPROVE ACCESS AND CONNECTIVITY TO OPEN SPACE.

POLICY 3.1

Creatively develop existing publicly-owned right-of-ways and streets into open space.

The Project provides approximately eight acres of new and expanded public open space and opens up new connections to the shoreline in the Mission Bay neighborhood. The Project would encourage non-automobile transportation to and from open spaces, and would ensure physical accessibility within these open spaces. The Project features robust bike facilities to both assure continuity of the Bay Trail and Blue Greenway, and improve bike access for its residents, workers, and visitors.

ENVIRONMENTAL PROTECTION ELEMENT

OBJECTIVE 1

ACHIEVE A PROPER BALANCE AMONG THE CONSERVATION, UTILIZATION, AND DEVELOPMENT OF SAN FRANCISCO'S NATURAL RESOURCES.

Policy 1.4

Assure that all new development meets strict environmental quality standards and recognizes human needs.

OBJECTIVE 15

INCREASE THE ENERGY EFFICIENCY OF TRANSPORTATION AND ENCOURAGE LAND USE PATTERNS AND METHODS OF TRANSPORTATION WHICH USE LESS ENERGY.

POLICY 15.3

Encourage an urban design pattern that will minimize travel requirements among working, shopping, recreation, school and childcare areas.

The Project is consistent with and implements the Environmental Protection Element in that it calls for mixed-use, high density, transit-friendly, sustainable development.

The Project's approvals include a Sustainability Plan, that among other things, set goals for the Project Sponsor that include sea level resilience through the year 2100, 100% operational energy from renewable sources, 100% non-potable water met with non-potable sources, and 20% single occupancy vehicle trip reduction.

PUBLIC SAFETY ELEMENT

OBJECTIVE 2 REDUCE STRUCTURAL AND NON-STRUCTURAL HAZARDS TO LIFE SAFETY, MINIMIZE PROPERTY DAMAGE AND RESULTING SOCIAL, CULTURAL AND ECONOMIC DISLOCATIONS RESULTING FROM FUTURE DISASTERS.

- POLICY 2.1 Assure that new construction meets current structural and life safety standards.
- POLICY 2.3 Consider site soils conditions when reviewing projects in areas subject to liquefaction or slope instability.
- POLICY 2.9 Consider information about geologic hazards whenever City decisions that will influence land use, building density, building configurations or infrastructure are made.
- POLICY 2.12 Enforce state and local codes that regulate the use, storage and transportation of hazardous materials in order to prevent, contain and effectively respond to accidental releases.

The Project is consistent with and implements the Community Safety Element. improvements, including infrastructure, buildings and open space improvements will be constructed to local seismic standards, taking into account, among other considerations, the geological condition of the soil.

AIR QUALITY ELEMENT

- DECREASE THE AIR QUALITY IMPACTS OF DEVELOPMENT OBIECTIVE 3 COORDINATION OF LAND USE AND TRANSPORTATION DECISIONS.
- POLICY 3.1 Take advantage of the high density development in San Francisco to improve the transit infrastructure and also encourage high density and compact development where an extensive transportation infrastructure exists.
- POLICY 3.2 Encourage mixed land use development near transit lines and provide retail and other types of service oriented uses within walking distance to minimize automobile dependent development,
- POLICY 3.6 Link land use decision making policies to the availability of transit and consider the impacts of these policies on the local and regional transportation system.
- POLICY 3.9 Encourage and require planting of trees in conjunction with new development to enhance pedestrian environment and select species of trees that optimize achievement of air quality goals

OBJECTIVE 6 LINK THE POSITIVE EFFECTS OF ENERGY CONSERVATION AND WASTE MANAGEMENT TO EMISSION REDUCTIONS.

POLICY 6.2 Encourage recycling to reduce emissions from manufacturing of new materials in San Francisco and the region.

The Project is consistent with and implements the Air Quality Element in that it calls for mixeduse, high density, sustainable development that will enable efficient use of land and encourage travel by transit, bicycle and by foot, thereby reducing auto use. The Sustainability Plan and TDM Plan governing development of the Project mandate a 20% single occupancy vehicle trip reduction.

AND BE IT FURTHER RESOLVED, that the Planning Commission finds the Project and its approvals associated therein, all as more particularly described in Exhibits B and C to the Development Agreement on file with the Planning Department in Case No. 2013.0208DVA, are in general conformity with the Planning Code Section 101.1 priority policies, as follows:

1. That existing neighborhood serving retail uses be preserved and enhanced and future opportunities for resident employment in or ownership of such businesses enhanced.

The Project will preserve and enhance existing neighborhood serving retail uses. The Project includes adding roughly 245,000 square feet of new retail uses, that will be focused along a central pedestrian "Shared Public Way" and fronting the site's major parks. The project does not include the removal of any existing neighborhood serving retail.

2. That existing housing and neighborhood character be conserved and protected in order to preserve the cultural and economic diversity of our neighborhoods.

The Project accommodates new development on land currently a surface parking lot. It would not accommodate removing or changing the character of existing residential neighborhoods. The Project includes a robust affordable housing program setting aside 40-percent of the on-site housing for below-market-rate units. The Project lays out requirements to assure the new development has characteristics of mixed-use neighborhoods throughout San Francisco, including but not limited to a fine-grained system of streets, well-modulated buildings with active frontages, and the ability to establish diverse retail and community uses where nothing exists today.

3. That the City's supply of affordable housing be preserved and enhanced.

The Project calls for development that would have a positive effect on the City's affordable housing stock. The Project would accommodate up to 1.6 million gsf of new residential units (estimated at 1,600 new units), of which 40-percent will be designated as Below-Market Rate. There is no housing on the site today; the Project would not accommodate the removal of any existing dwelling units.

4. That commuter traffic not impede MUNI transit service or overburden our streets or neighborhood parking.

The Project anticipates substantial new transit service improvements along Third Street with the opening of the Central Subway in 2019, as well as substantial improvement to nearby Caltrain service through the ongoing electrification project. Streets have been designed to emphasize travel by bicycle or by foot. On-street parking is generally not proposed thereby allowing more street space to be designated for bicyclists, pedestrians, and those arriving by transit, or taxi/TNCs, as well as for deliveries. While a large centralized parking facility (up to 3,000 spaces in one or two centralized garages) is proposed, the total number of spaces site-wide would not represent a substantial net gain of spaces for the site overall from existing conditions. At present, approximately 2,900 parking spaces are on the site between Lot A and Pier 48. Only 100 parking spaces are allowed elsewhere on the site in addition to the centralized garages.

5. That a diverse economic base be maintained by protecting our industrial and service sectors from displacement due to commercial office development, and that future opportunities for resident employment and ownership in these sectors be enhanced.

The Project would not adversely affect the industrial sector or service sectors. No such uses would be displaced by the Project. The Project includes the rehabilitation of Pier 48, which will provide about 250,000 gsf of new or improved space for production uses. Additional small production spaces would also be required along Terry Francois Boulevard, providing industrial space where none exists today.

6. That the City achieves the greatest possible preparedness to protect against injury and loss of life in an earthquake.

All new construction would be subject to the City's Building Code, Fire Code and other applicable safety standards. Thus, the Project would improve preparedness against injury and loss of life in an earthquake by prompting development that would comply with applicable safety standards.

7. That landmarks and historic buildings be preserved.

Pier 48 would be rehabilitated pursuant to the Secretary of Interior's Standards.

8. That our parks and open space and their access to sunlight and vistas be protected from development.

The Project would not significantly adversely affect existing open spaces or their access to sunlight and vistas. The Project includes a robust parks and open space program including the substantial expansion of China Basin Park and the establishment of two new additional parks and

Case No. 2013.0208MAP/PCA Mission Rock Planning Code Text and Zoning Map Amendment

other pedestrian plazas throughout. The Project includes a fine-grained network of new streets thereby assuring the site permeability and access through it.

I hereby certify that the Planning Commission ADOPTED the foregoing Motion on Thursday, October 5, 2017.
