

LEGISLATIVE DIGEST

[Administrative Code - Repealing Traffic Stop Data Collection and Reporting Requirements]

Ordinance amending the Administrative Code to repeal law enforcement data collection and reporting requirements associated with traffic stops, detentions, and arrests.

Existing Law

Current law requires local law enforcement agencies to collect and report to the Mayor, the Board of Supervisors, the Police Commission, and the Human Rights Commission, data associated with traffic stops, detentions, and arrests.

Amendments to Current Law

This ordinance repeals the law enforcement data collection and reporting requirements associated with traffic stops, detentions, and arrests.

Background Information

Effective July 1, 2018, state law will require local law enforcement to collect and report stop data collection. State law collection and reporting requirements substantially duplicate Chapter 96A's current requirements. The purpose of this ordinance is to repeal the data collection and reporting requirements associated with traffic stops, detentions, and arrests, to avoid duplicative state and local collection and reporting requirements.
