3	Ordinance amending Division I of the Transportation Code to establish a violation for
4	motorized scooters that are a part of a Motorized Scooter Share Program, to be parked,
5	left standing, or left unattended on a sidewalk, street, or public right-of-way under the
6	jurisdiction of the Municipal Transportation Agency (MTA) or Department of Public
7	Works (DPW) without an MTA-issued permit authorizing the scooter to be parked, left
8	standing, or left unattended at that location; amending the Public Works Code to
9	authorize DPW to take enforcement action to abate or remove unauthorized motorized
10	scooters that are not a part of a permitted Motorized Scooter Share Program and are

19	Be it ordained by the People of the City and County of San Francisco:
20	
21	Section 1. Findings.
22	(a) The Planning Department has determined that the actions contemplated in this
23	ordinance comply with the California Environmental Quality Act (California Public Resources
24	Code Sections 21000 et seq.). Said determination is on file with the Clerk of the Board of

- Supervisors in File No. 180214 and is incorporated herein by reference. The Board affirms this determination.
 - (b) The San Francisco General Plan's Transit-First Policy recognizes that decisions regarding the use of limited public street and sidewalk space shall encourage the use of public right-of-ways by pedestrians, bicyclists, and public transit, and shall strive to reduce traffic and improve public health and safety. The proliferation of Motorized Scooter Share Programs, which include motorized scooters that can be secured without being locked to a fixed object, has the potential to cause obstructions of public right-of-ways and, in the absence of sufficient education as to existing laws, cause a myriad of other safety hazards for both users of Motorized Scooters as well as members of the public more generally. The Administrative Code defines a "public nuisance" as any "thing or condition, including but not limited to violations of the Municipal Code or State law, that threatens injury or damage to the health, safety, welfare, or property of members of the public, that obstructs the free use of property of others or of the public right-of-way or commons, or otherwise interferes with the comfortable enjoyment of life or property." Admin. Code § 80.4(d)(1). The City seeks to regulate Motorized Scooter Share Programs to ensure that public right-of-ways and Public Property remain free of public nuisances, safe and accessible for all users, and clear of obstructions that pose threats to public health, safety, and welfare, and to ensure that Motorized Scooter Share Programs comply with State and City regulations that inure to the public's health, safety, and welfare.
