Dear Taxpayer:

This is in response to your Apr. 14, 2014, request for information regarding your tax-exempt status.

Our records indicate that you were recognized as exempt under section 501(c)(03) of the Internal Revenue Code in a determination letter issued in October 1956.

Our records also indicate that you are not a private foundation within the meaning of section 509(a) of the Code because you are described in section(s) 509(a)(1) and 170(b)(1)(A)(vi).

Donors may deduct contributions to you as provided in section 170 of the Code. Bequests, legacies, devises, transfers, or gifts to you or for your use are deductible for Federal estate and gift tax purposes if they meet the applicable provisions of sections 2055, 2106, and 2522 of the Code.

Please refer to our website www.irs.gov/eo for information regarding filing requirements. Specifically, section 6033(j) of the Code provides that failure to file an annual information return for three consecutive years results in revocation of tax-exempt status as of the filing due date of the third return for organizations required to file. We will publish a list of organizations whose tax-exempt status was revoked under section 6033(j) of the Code on our website beginning in early 2011.

### **Report of Independent Auditors**

To the Board of Directors United Way of the Bay Area

#### **Report on Financial Statements**

We have audited the accompanying financial statements of United Way of the Bay Area ("UWBA"), which comprise the statements of financial position as of June 30, 2017 and 2016, and the related statements of activities and changes in net assets, functional expenses, and cash flows for the years then ended, and the related notes to the financial statements.

#### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to UWBA's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of UWBA's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of United Way of the Bay Area as of June 30, 2017 and 2016, and the changes in its net assets and its cash flows for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

### **NOTE 1 – ORGANIZATION AND PURPOSE**

United Way Bay Area (UWBA) is an independent, locally managed nonprofit organization that has been granted tax-exempt status under Section 501(c)(3) of the Internal Revenue Code and Section 23701d of the California Revenue and Taxation Code. UWBA has also made the 501(h) election under the IRS code. Accordingly, no provision for income taxes is included in the financial statements.

United Way of Silicon Valley was a California nonprofit public benefit corporation established for the purpose of supporting health and service needs in Santa Clara County. Effective July 1, 2016, UWBA acquired United Way of Silicon Valley and its operations. As a result of the acquisition, United Way of Silicon Valley ceased to exist (Note 3).

As UWBA approaches its centennial, the Organization is proud to be continuing a long tradition of leadership in the local nonprofit community by encouraging philanthropy and investing those dollars in programs to serve the health and human services needs of Bay Area residents. UWBA currently serves Alameda, Contra Costa, Marin, Napa, San Francisco, San Mateo, Santa Clara, and Solano Counties.

The Bay Area Community Fund (BACF) is comprised of unrestricted funds donated to UWBA to support the achievement of its community impact goals. UWBA is committed to creating community change by positioning itself as an inclusive community leader in the eight Bay Area counties served, while honoring donors' philanthropic interests.

In response to the needs of the community, UWBA focuses its goals and its use of resources. In doing so, it may, from time to time, discontinue the management of specific programs. Discontinuance may include closing, merging, or establishing the independence of programs. When such transitions take place, the purpose has been and will continue to be enhancing the ability of the UWBA to concentrate its efforts on helping to cut the number of families living in poverty. The organization pursues a selected, targeted set of programs that help people survive the struggles of poverty and move toward economic success. Each of these programs also has a role in helping to evolve the public and private systems around them to better serve people in poverty. UWBA's programs may take the form of providing direct service to clients, issuing grants to organizations to provide services, and/or engaging in collaborative partnerships. Grant proposals are evaluated on the basis of their alignment with UWBA's strategic plan as well as the agency's ability to demonstrate high standards in fiscal and programmatic operations, and overall organizational strength. Grants and the focus of grant-making activities are reported to and approved by UWBA's Board of Directors.

The following are specific programs and strategies managed by United Way of the Bay Area:

#### **211 INITIATIVE**

211 is a free, easy-to-remember phone number and web resource that anyone can call for information and referral to resources. Last year, UWBA and its partner call centers in eight Bay Area counties responded to approximately144,000 calls. More than half of these requests came from those requesting help with poverty/basic needs issues such as food, jobs, and shelter.

In addition to daily information and referral, 211 is a critical resource during disasters. In recent years, 211 has been available for responses to an earthquake, floods, and major fires. UWBA has launched a new guided search website and 2-way texting to increase accessibility.

#### **ECONOMIC SUCCESS**

**SparkPoint** has served more than 24,000 individuals since launching SparkPoint Oakland in 2009, and 3,200 clients in the last year alone. More than 80% of our clients are seeing 5% or better progress on their income, savings, credit, or debt and more than 70% of clients are seeing 30% or more progress.

SparkPoint centers offer an array of services in one convenient location for a person or family trying to move out of poverty, including financial coaching on budgeting and savings, credit and debt management, career or education counseling, screening for public benefits, and others. SparkPoint aims to have clients move from poverty to economic success by (1) increasing income; (2) reducing debt; (3) increasing credit scores; and (4) increasing savings. The SparkPoint regional network includes more than 75 outstanding partner organizations across the Bay Area.

Recently, SparkPoint has expanded work into community colleges and community schools. SparkPoint in community schools takes a two-generation approach to improve the immediate and long-term financial stability of parents while ensuring that children are healthy and supported at school. This disrupts the cycle of poverty so that entire families can succeed—now and far into the future.

SparkPoint also recognizes that a good education, marketable skills, and a good job are needed to lift someone out of poverty. Through the expansion into community colleges, centers align their strongest programmatic assets to improve the school to career pathway for low-income students. They ensure that students know more about available career and education options, including post-secondary job training and certificate and degree programs. SparkPoint ensures that students start and remain on a path toward a good job through wrap around support services. UWBA's strong relationships with major employers across various sectors provide students with access to work based learning opportunities and jobs.

### FY17 Highlights include:

- 315 clients achieved self-sufficient income
- 717 clients achieved at least one element of financial prosperity: self-sufficient income, 3 months savings,
   700 credit score, no revolving debt
- The regional network has placed 591 clients in jobs, and has an average hourly wage of \$20.33

Earn It! Keep It! Save It! (EKS) is a UWBA-led coalition of partners that prepares tax returns for free, ensuring low- to moderate-income families get the refunds and credits for which they are eligible. During the 2017 tax season, 2,800 volunteers prepared more than 72,200 returns and brought back over \$75 million in refunds. Additionally, \$22 million of those refunds was in Earned Income Tax Credit (EITC). EITC goes to the poorest, most vulnerable Bay Area households and has been identified by poverty-fighting experts as one of the most effective programs nationally, lifting millions of people above the federal poverty level every year. Families use their refunds primarily to pay bills and rent and to buy food or clothes. Through its tax preparation efforts, EKS provides resources to meet basic needs, which is critical to ending the cycle of poverty in the Bay Area. EKS has 200 locations in eight counties, several are located at SparkPoint centers. In addition to preparing tax returns, EKS uses the tax preparation session as a moment to offer low-income families the opportunity to increase their savings.

### JOBS+

The **Jobs+** program helps prepare low-income youth and young adults (age 16-24) to become the 21<sup>st</sup> century workforce for employers in San Francisco and across the Bay Area. Connecting business, government, schools, nonprofits, and youth, Jobs+ helps young people get job training and work experience, plan career paths, and become motivated to finish high school and go on to college or postsecondary training. Jobs+ primary focus is Youth Jobs+, a partnership with San Francisco Mayor Ed Lee, community partners, and employers. Since its inception as Summer Jobs+ in 2012, the initiative has served over 20,000 youth in San Francisco. Last year, 7,000 youth were served as a part of the Mayor's Summer Job Challenge in San Francisco alone. Within the next several years, Jobs+ expects to expand into more counties served by United Way of the Bay Area.

### **OTHER COMMUNITY SERVICES**

Like United Ways around the country, UWBA manages the local activities of the federal **Emergency Food and Shelter Program (EFSP),** which distributes federal funds to local programs that feed and provide shelter to people in need. In FY17 UWBA distributed approximately \$1,572,000 to food and housing programs in 7 of the 8 Bay Area counties served through the Emergency Food and Shelter Program

### **LABOR COMMUNITY SERVICES -**

The long-standing Labor-United Way partnership combines the power of more than 12.5 million working families and their communities toward a shared vision where all have the opportunity to reach their highest potential. Locally, UWBA's Labor Community Services program continued its essential role of assisting people in poverty through direct provision of community services and policy advocacy. In FY17, labor liaisons in three counties (San Mateo, San Francisco, and Contra Costa) provided hardship assistance to over 800 individuals, including housing, health, utilities, job access issues, and other emergencies. The liaisons also worked closely with UWBA's other programs, helping to refer potential clients to EKS, 211 and SparkPoint. They focused on key issues such as strengthening the safety net for immigrant families, including co-hosting an immigrant worker rights training sponsored by the California Labor Federation, and in San Francisco providing one stop legal and wraparound services to immigrant union members and their families. The labor liaison in San Mateo coordinated a pre-apprenticeship program in the construction sector that resulted in 95 apprenticeships and job placements. The labor liaison in Contra Costa ran an EKS site and filed over 160 tax returns.

#### **PUBLIC POLICY -**

United Way Bay Area recognizes that in order to achieve our goal of ending the cycle of poverty in the community, UWBA must advance public policies that support its mission. UWBA's Public Policy team influences policy and engages in advocacy at all levels of government, at the federal and state levels, and locally in our eight-county service area (Alameda, Contra Costa, Marin, Napa, San Francisco, San Mateo, Santa Clara, and Solano). In addition, UWBA provides advocacy support to state and federal issues important to the United Way system. In FY17, UWBA added housing to its policy agenda, endorsed bond measures in Alameda and Santa Clara counties, and organized phonebanks to educate voters on the measures and ask for their support; both measures passed with 2/3 voter approval to generate \$1.5 billion for affordable housing. On the issue of health, together with coalition partners in Contra Costa County, UWBA successfully advocated to expand Contra Costa CARES, a county health program that provides coverage to the uninsured adult population, including undocumented immigrants. The program will now be able to cover 4,400 uninsured adults in Contra Costa County. UWBA achieved another key win for working families with a significant expansion of the California State Earned Income Tax Credit. Self-employed workers will now be eligible for the tax credit during next year's tax season, and the maximum income threshold for parents with two or more children will be lifted from \$14,000 to \$22,000/year.

Finally, UWBA has formed a coalition called **Rise Together**, comprising nearly 300 leading institutions that have come together to cut poverty in half in the Bay Area by 2020. Launched by UWBA in 2012, Rise Together continues to stand out as a pivotal regional strategy through a collective impact approach. In the last four years, Rise Together has: given grants to local leaders and partnerships who are fighting poverty; selectively engaged on key policy issues; hosted major events to showcase the issues and solutions of poverty; and won an award from the National Association of Counties. UWBA serves as the backbone organization and helps the partners select and implement key initiatives. Partners include political and faith leaders, businesses, nonprofits, government, academia, media, and others.

### **NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES**

Basis of accounting – The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP) and with the financial statement standards of United Way Worldwide. United Way Worldwide standards are required for membership and comply with the Financial Accounting Standards Board (FASB) Accounting Standard Codification for not-for-profit organizations.

Use of estimates – Management is required to make estimates and assumptions that affect the reported amounts of assets and liabilities and contingencies at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from management's estimates. Significant estimates include the provision for uncollectible pledges, useful lives of furniture, equipment, and leasehold improvements; fair value of investments; allocation of functional expenses; and pension liabilities. The fair value of investments and pension assets are subject to material volatility based on market conditions. This could have a significant effect on these financial statements.

Classes of net assets – The accompanying financial statements are presented on the basis of unrestricted, temporarily restricted, and permanently restricted net assets.

**Unrestricted net assets** – Unrestricted net assets include resources available to support UWBA operations and temporarily restricted resources that become available for use by UWBA in accordance with the intentions of the donors. Unrestricted net assets are designated by UWBA's Board of Directors for specified purposes as follows:

		2017	-	2016
Future grants and programs General use	\$	2,167,919 836,705	\$	- 804,309
General use	<del></del> -\$	3,004,624	\$	804,309
	<u> </u>	3,004,624	<u> </u>	

Temporarily restricted net assets – Temporarily restricted net assets include resources with donor-imposed restrictions that will be fulfilled by actions of UWBA and/or become unrestricted by the passage of time. UWBA's temporarily restricted net assets include multi-year pledges as well as grants restricted for specific UWBA community projects. When the donor or time restriction is fulfilled, temporarily restricted net assets are released to unrestricted net assets and are reported in the accompanying statements of activities and changes in net assets as net assets released from restrictions.

**Permanently restricted net assets** – Permanently restricted net assets are comprised of the historical dollar value of contributions that were received with donor restrictions requiring that the assets be maintained in perpetuity and that only the income generated from these assets is made available for grants, programs, or support services in accordance with the donor restrictions.

Cash and cash equivalents – All highly liquid investments, with an original maturity of three months or less when purchased and not held through the investment account, are considered to be cash equivalents. Substantially all of the cash equivalent balances held in financial institutions at June 30, 2017 and 2016, exceeded federal depository insurance coverage. UWBA has not experienced any losses in such accounts. Cash and cash equivalents held in money market funds that are considered nonoperating cash are intended for investment purposes and are classified separately under investments.

**Pledges receivable** – Pledges receivable consist of unconditional promises to give by donors and are recorded at net realizable value. Pledges receivable are net of provisions for uncollectible pledges of \$532,000 and \$505,000 as of June 30, 2017 and 2016, respectively. Unconditional promises to give that are expected to be collected in future years are recorded at the fair value of their estimated future cash flows. The discounts on those amounts are computed using risk-free interest rates applicable in the years in which those promises are received. The discount rates range from 0.11% to 0.45%. Pledges receivable are net of discounts of \$2,861 and \$3,734 at June 30, 2017 and 2016, respectively.

**Provisions for uncollectible pledges** – The provision for uncollectible pledges is computed based upon historical averages and management's consideration of current economic factors that could affect pledge collections. Using these criteria, the provision as of June 30, 2017 and 2016, was determined to be 5.75% and 6% of gross campaign pledges, respectively. For the years ended June 30, 2017 and 2016, there were uncollectible pledge recoveries of \$28,567 and \$29,169, respectively.

**Grants receivable** – Grants receivable consist of unconditional promises to give by granting organizations. Unconditional promises to give that are expected to be collected during the following fiscal year are recorded at the amount contributed. Unconditional promises to give that are expected to be collected in future years are recorded at the fair value of their estimated future cash flows. The discounts on those amounts are computed using risk-free interest rates applicable in the years in which those promises are received. The discount rates range from 0.12% to 1.24%. Grants receivable are net of discounts of \$49,619 and \$599 at June 30, 2017 and 2016, respectively.

**Investments** – UWBA's investments are stated at fair value based on quoted market prices at fiscal year end. Investments include money market funds and marketable securities held principally for investment purposes. Unrealized gains and losses that result from market fluctuations are recognized in the period such fluctuations occur in the accompanying statements of activities and changes in net assets. Realized gains and losses that result from sales or maturities of securities during the year are calculated on an adjusted cost basis and are reflected in the accompanying statements of activities and changes in net assets. Marketable securities received as donations are recorded at fair value at the date of the donation, and are generally sold as soon as practical after receipt.

**Impairment on investments held at cost:** UWBA evaluates for impairment whenever events or changes in circumstances indicate that the carrying value of an asset may not be recoverable. If the estimated future cash flows (undiscounted and without interest charges) from the use of an asset are less than the carrying value, a write-down will be recorded to reduce the related asset to its estimated fair value. As of June 30, 2017, no such write-downs have occurred.

**Fair value of assets and liabilities** – UWBA determines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value reporting standards establishes a fair value hierarchy which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The standard describes three levels of input that may be used to measure fair value:

- **Level 1** Quoted prices in active markets for identical assets or liabilities.
- Level 2 Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.
- **Level 3** Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The following is a description of the valuation methodologies used for instruments measured at fair value on a recurring basis and recognized in the accompanying statements of financial position, as well as the general classification of such instruments pursuant to the valuation hierarchy.

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. Level 1 securities include cash and cash equivalents, fixed income securities, and exchange traded equities. Level 2 securities include investments held in pooled income funds, which are valued using maturity and interest rates as observable inputs.

**Furniture, equipment, and leasehold improvements** – Furniture, equipment, and leasehold improvements are stated at cost, if purchased, or if donated, at fair value at the date of the donation for items exceeding \$5,000. Depreciation is computed on a straight-line basis over the estimated useful lives of the assets, ranging from three to ten years. Leasehold improvements are amortized over the lesser of the useful life of the asset or the term of the lease. Total depreciation expense, amortization expense, and losses from dispositions of fixed assets amounted to \$358,029 and \$289,650 for the years ended June 30, 2017 and 2016, respectively.

**Deferred rent** – Certain leases of UWBA contain lease incentives and fixed escalations. UWBA recognizes the related rent expense on a straight-line basis over the life of the lease and records the difference between the expense included in the accompanying statements of activities and changes in net assets and the amount recorded as deferred rent. For the years ended June 30, 2017 and 2016, deferred rent related to two UWBA locations: 550 Kearny Street, San Francisco, and 8200 Bancroft, Oakland.

Gross campaign results – Gross campaign results consist of cash and unconditional promises to give to UWBA during the annual fundraising campaigns and include contributions processed by third-party processors. Donor designations and the provision for uncollectible pledges are deducted from gross campaign results to arrive at campaign revenue.

Donor designations and service fee revenue – Donor designations, including contributions that are designated by the donor to nonprofit organizations other than UWBA that include contributions processed by third-party processors, are deducted from gross campaign results to arrive at net campaign revenue. External donor designations are paid to the designated organizations on a monthly basis, by electronic funds transfer ("EFT") as information allows and on a quarterly basis by check for all others, as pledges are collected. Proportionate shares of the receipts are distributed out to the agencies net of service fees. Service fee revenue is reported in the accompanying statements of activities and changes in net assets. This designation processing is inclusive of pledges and payments processed as part of UWBA's role as a federation for the Combined Federal Campaign as well as other state and local government-sponsored fundraising campaigns. Additionally, there are donor designations that are contributions designated by the donor to support UWBA's internal programs.

**Planned gifts** – Planned gifts that are irrevocable are recognized as a receivable when amounts due to UWBA can be reasonably estimated. As of June 30, 2017 and 2016, UWBA has only one type of planned gift – pooled income funds. Assets associated with these gifts totaled \$159,964 and \$164,909 as of June 30, 2017 and 2016, respectively, at fair value and are included in investments in the accompanying statements of financial position. Liabilities associated with these gifts totaled \$19,829 and \$21,804 as of June 30, 2017 and 2016, respectively, at fair value and are included in the accompanying statements of financial position.

**Donated goods and services** – UWBA recognizes the value of donated equipment, supplies, and advertising services at the fair value for similar items. Donated goods and services for the years ended June 30, 2017 and 2016, of \$918,227 and \$1,257,981, respectively, were reflected in miscellaneous contributions in the accompanying statements of activities and changes in net assets. UWBA recognizes the fair value of donated services if the services meet the recognition criteria, which include: a) requiring specialized skills; b) provided by someone with those skills; and c) would have to be purchased if they were not donated. Although UWBA receives a significant amount of contributed time from volunteers, this time does not meet the recognition criteria. Accordingly, the value of this contributed time is not reflected in the accompanying financial statements.

Gross funds awarded/allocated to agencies – The amount shown on the accompanying statements of activities and changes in net assets includes grants to UWBA initiatives and programs. These grants have been recommended by staff working with a sub-committee of the Board of Directors and have been approved by the Board. However, to comply with financial statement presentation requirements, these grants are shown net of an offset amount to prevent revenue duplication between unrestricted and temporarily restricted accounts.

**Functional allocation of expenses** – The majority of expenses can be directly identified with the program or supporting services to which they relate and are charged accordingly. Other expenses have been allocated among program and supporting services classifications based on the average number of full-time employees, the time study allocation method, and on a direct cost basis. This is consistent with the standards for allocation of functional expenses in accordance with GAAP and United Way Worldwide.

Concentrations of risk – UWBA receives approximately 46% and 49% as of June 30, 2017 and 2016, respectively, of its gross campaign revenue from five employers. All five of these employers are nationally aligned through United Way Worldwide; therefore, the risk of loss of these employers by UWBA is remote. UWBA received 32% and 45% as of June 30, 2017 and 2016, respectively, of its gross grant revenue from two employers. UWBA has a history of collectability with these employers and therefore believes that the risk of loss of these employers as donors is remote. As of June 30, 2017 and 2016, UWBA had receivables from five sources totaling \$1,840,176 and \$1,328,858 representing approximately 34% and 24% of total pledges receivables, respectively.

**Income taxes** – UWBA is exempt from federal income tax under Section 501(c)(3) of the Internal Revenue Code ("IRC") and Section 23701d of the California Revenue and Taxation Code except to the extent of unrelated business taxable income as defined under IRC sections 511 through 515. Since UWBA has no unrelated business taxable income, no provision for income taxes has been provided in these financial statements. UWBA has no unrecognized tax benefits or uncertain tax positions as of June 30, 2017 and 2016.

Recent Accounting Pronouncements – In August 2014, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2014-15, *Presentation of Financial Statements – Going Concern (Subtopic 205-40): Disclosure of Uncertainties about an Entity's Ability to Continue as a Going Concern* (ASU 2014-15). ASU 2014-15 is intended to define management's responsibility to evaluate whether there is substantial doubt about an organization's ability to continue as a going concern and to provide related footnote disclosures. The adoption of ASU 2014-15 did not have a material impact on UWBA's financial statements.

In February 2016, the FASB issued ASU 2016-02, *Leases (Topic 842)*, which increases transparency and comparability among organizations by recognizing lease assets and lease liabilities on the statement of financial position and disclosing key information about leasing arrangements in the financial statements of lessees. This update is effective for fiscal years beginning after December 15, 2019, with early adoption permitted. The adoption is effective for UWBA's fiscal year ending June 30, 2021. Management is currently evaluating the impact of the provisions of ASU 2016-02 on the financial statements.

In August 2016, the FASB issued ASU 2016-14, *Not-for-Profit Entities (Topic 958): Presentation of Financial Statements of Not-for-Profit Entities*, which improves the current net asset classification requirements and the information presented in financial statements and notes about an entity's liquidity, financial performance, and cash flows. The update replaces the requirement to present three classes of net assets with two classes, net assets with donor restrictions and net assets without donor restrictions. The update also removes the requirement to present or disclose the indirect method (reconciliation) if using the direct method for the statement of cash flows as well as added several additional enhanced disclosures to the notes. The amendments in this update are effective for fiscal years beginning after December 15, 2017, and interim periods beginning after December 15, 2018, with application to interim financial statements permitted but not required in the initial year of application. The adoption is effective for UWBA for the fiscal year ending June 30, 2019. Management is currently evaluating the impact of the provisions of ASU 2016-14 on the financial statements.

#### NOTE 3 - ACQUISITION OF UNITED WAY OF SILICON VALLEY

On May 5, 2016, UWBA entered into an Agreement and Plan of Merger (the Agreement) to combine its operations with United Way of Silicon Valley (UWSV) wherein UWSV would become part of UWBA with an effective date of July 1, 2016 (the Effective Date). UWSV ceased to exist as of July 1, 2016. The Agreement was filed with the State of California Department of Justice on May 24, 2016. The transaction is determined to be an acquisition in accordance with FASB ASC 805, *Business Combination*.

In accordance with GAAP, on July 1, 2016, UWBA recorded in its financial statements the transfer of identifiable assets acquired and liabilities assumed from UWSV at their fair values as of the Effective Date. No consideration was transferred from UWBA to UWSV in connection with this transaction, and the amount of net assets acquired by UWBA is accounted for as an inherent contribution from UWSV to UWBA.

To the extent that the UWSV's assets were subject to donor restrictions, those restrictions carried over and are properly reported as donor restricted by UWBA. Accordingly, the net assets transferred are included in either unrestricted or temporarily restricted net assets in UWBA's financial statements beginning July 1, 2016.

The following table summarizes the recorded amounts of the assets acquired and liabilities assumed at the Effective Date:

Assets acquired:	
Cash and cash equivalents	\$ 807,388
Pledges receivable, net	2,183,715
Grants and other receivables	745,896
Beneficial interest in assets	2,167,918

Pledges due to agencies and other United Ways	 1,329,397
Total liabilities to be transferred	 <u>1,501,329</u>
Inherent contribution to UWBA	\$ 4,565,316

Based on the nature and character of these accounts, the recorded amounts of the assets acquired and liabilities assumed approximate fair value at the Effective Date. Acquisition costs incurred by UWBA were \$186,779 and \$509,628 for the years ended June 30, 2017 and 2016, respectively. The costs were expensed as incurred.

### NOTE 4 - PLEDGES AND GRANTS RECEIVABLE

UWBA expected to receive pledges receivable at June 30, 2017 and June 30, 2016, respectively, as follows:

UWBA's long-term asset allocation policy was developed by staff and approved by the Board to manage market fluctuations over time. UWBA is aware there are challenges in the current financial markets and continues to monitor related volatility.

#### NOTE 6 - INVESTMENTS HELD AT COST

On January 31, 2017, UWBA invested in United Way Digital Holdings, a limited liability company (LLC). The total commitment made by UWBA was \$400,000. UWBA assessed its rights as a limited member and concluded that UWBA does not maintain direct operational control. UWBA did not consolidate the LLC into its financial statements as a result of not maintaining control.

UWBA has accounted for the investment in the LLC at cost as the LLC fair value is not readily determinable.

The unfunded commitment as of June 30, 2017, was \$320,000.

UWBA evaluates its investment in the LLC for impairment whenever events or changes in circumstances indicate that the carrying value of its investment may not be recoverable. As of June 30, 2017, no such write-downs have occurred.

### NOTE 7 – FURNITURE, EQUIPMENT, AND LEASEHOLD IMPROVEMENTS

#### **NOTE 9 - COMMITMENTS**

UWBA leases office space under noncancelable operating leases expiring at various dates through March 31, 2023. Lease agreements generally provide for both renewal options and escalation clauses for increased operating expenses and real estate taxes. UWBA is also committed under noncancelable operating leases for various office equipment.

Future minimum commitments under noncancelable operating leases having lease terms in excess of one year as of June 30, 2017 are as follows:

### Years Ending June 30,

Rent expense for the years ended June 30, 2017 and 2016, was \$1,423,899 and \$1,187,021, respectively.

### **NOTE 10 - PENSION PLAN**

The Pension Plan of United Way of the Bay Area (the "Plan") is a single employer defined benefit pension plan with UWBA as plan sponsor.

The Plan was amended to freeze participation and benefit accruals under the Plan effective December 31, 2006. Accordingly, no employees will become participants after the December 1, 2006 entry date, and participants' Plan benefits will not increase after December 31, 2006. In no event will the accrued benefit of any participant be less than that calculated as of December 31, 2006.

Accrued pension costs consist of the following at June 30:

	2017		 2016
Defined benefit pension plan liabilities Defined early retirement medical and long-term care benefit plans	\$	3,912,308 201,500	\$ 5,584,491 193,653

Net periodic pension cost	\$ 282,899	\$	71,477

The projected unit credit cost method was utilized for measuring net periodic pension cost over the employee's estimated service life. The following table summarizes the assumptions used in computing the present value of projected benefit obligations and net periodic cost as of June 30:

	2017	2016
Assumptions used in computing benefit obligation		
Discount rate	3.60%	3.30%

The estimated minimum benefit payments that reflect expected future service, as appropriate, to be paid by UWBA are as follows:

Year	Ending	June	30,

2018	\$ 756,790
2019	808,637
2020	854,180
2021	875,809

2023-2028	 4,851,009
	 9,050,592

UWBA contributed \$0 and \$50,000 to the Plan during the years ended June 30, 2017 and 2016, respectively.

UWBA established the UWBA 401(k) Plan. Employees that are eligible can participate in the 401(k) Plan on the first day of the calendar quarter following their date of hire. UBWA matches 100% of participants' salary deferral contribution, up to a maximum of 2% of compensation. In addition, UWBA makes an employer "nonelective" contribution according to a formula that is based on a participant's age plus service. For employees hired before January 1, 2010, matching and employer nonelective contributions will be 100% vested after two years of service (or age 65, if earlier). Effective January 1, 2014, employees hired after January 1, 2010, will be 25% vested after one year of service, 50% after two years of service, 75% vested after three years of service, and 100% vested after four years of service. UWBA contributed \$247,710 and \$321,093 to the plan for the years ended June 30, 2017 and 2016, respectively.

UWBA instituted a voluntary long-term care insurance program in fiscal year 2013. As a part of that program, UWBA made arrangements to pay 83% of the cost of the long-term premiums for the Chief Executive Officer from March 2013 until her death. The estimated cost of future premiums as of June 30, 2017 and 2016, is \$55,501 and \$59,846, respectively.

UWBA had a defined benefit early retirement medical benefits plan that covered certain full-time employees who retired as of June 30, 1993. UWBA does not contribute to this plan except to reimburse certain medical and other costs submitted by the Plan's retirees as defined within the agreement. The estimated cost of future medical and other payments as of June 30, 2017 and 2016, is \$44,377and \$56,883, respectively, and is included in accrued pension costs.

In the fiscal year ended June 30, 2014, UWBA established an eligible deferred compensation plan for a select group of highly compensated employees under Section 457(b) of the Internal Revenue Code. The plan allows pre-tax contributions of the maximum amount allowed by law per year through payroll deduction. At June 30, 2015, three employees had elected to participate in the plan. The investments in this plan remain as assets of the organization until the employees retire. The balance in the plan as of June 30, 2017 and 2016, is \$101,622 and \$76,923, respectively.

### **NOTE 12 - ENDOWMENT DISCLOSURES**

Interpretation of relevant law – Th e Board of Directors of UWBA has interpreted the California Prudent Management of Institutional Funds Act ("CPMIFA") as requiring the preservation of the fair value of the original gift as of the date of the donor restricted endowment funds, absent explicit donor stipulations to the contrary. As a result of this interpretation, UWBA classifies as permanently restricted net assets: (a) the original value of gifts donated to the permanent endowment; (b) the original value of subsequent gifts to the permanent endowment; and (c) accumulations to the permanent endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund. The remaining portion of the donor-restricted endowment fund that is not classified in permanently restricted net assets is classified as temporarily restricted net assets until those amounts are appropriated for expenditure by the UWBA Board of Directors in a manner consistent with the standard prudence prescribed by CPMIFA. In accordance with CPMIFA, UWBA considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds:

- a. The duration and preservation of the fund
- b. The purposes of UWBA and the donor-restricted endowment fund
- c. General economic conditions

- d. The possible effect of inflation and deflation
- e. The expected total return from income and the appreciation of investments
- f. Other resources of UWBA
- g. The investment policies of UWBA

Spending policy and how the investment objectives relate to spending policy – The endowment fund has a spending policy of appropriating all of the net income earned on the investment of these funds for distribution according to the instructions of the donor at the time the gift is made. The original value of the gifts donated to the permanent endowment is to be classified as permanently restricted and any earnings are classified as temporarily restricted until appropriated for expenditure.

Funds with deficiencies – From time to time, the fair value of assets associated with individual donor-restricted endowment funds may fall below the level that the donor or CPMIFA requires UWBA to retain as a fund of perpetual duration. As of June 30, 2017 and 2016, there were no deficiencies.

The composition and changes in the endowment net assets as of June 30, 2017 and 2016, are as follows:

#### **NOTE 13 - RELATED-PARTY TRANSACTIONS**

UWBA's volunteer members of the Board of Directors participate in fundraising events, activities, and by making private contributions. UWBA may also have Board members that have other direct transactions with the organization. All related parties of UWBA are annually required to read and sign a conflict of interest policy that covers any relationship with Board members, volunteers, and staff.

#### NOTE 14 - LINE OF CREDIT

UWBA maintains a line of credit with a reputable and recognized financial institution. The terms of this agreement call for the pledging of securities and other investments maintained in the financial institution for any and all obligations taken by UWBA under this agreement. The agreement provides for a credit limit of up to \$4,900,000 based on the fair value of the pledged collateral less outstanding loan balances and letters of credit, with interest charged at a rate determined by the lender on a periodic basis. As of June 30, 2017, there was \$2,500,000 outstanding debt for the line of credit and interest expense of \$62,393. As of June 30, 2016, there was \$2,750,000 outstanding debt for the line of credit and interest expense of \$57,468. The existing letter of credit issued to the landlord for \$230,000 is still in place under the same credit limit.

#### **NOTE 15 - SUBSEQUENT EVENTS**

Subsequent events are events or transactions that occur after the statement of financial position date but before financial statements are issued. UWBA recognizes in the financial statements the effects of all subsequent events that provide additional evidence about conditions that existed at the date of the statements of financial position, including the estimates inherent in the process of preparing the financial statements. UWBA's financial statements do not recognize subsequent events that provide evidence about conditions that did not exist at the date of the statements of financial position but arose after the statement of financial position date and before the financial statements are available to be issued.

UWBA has evaluated subsequent events through November 7, 2017, which is the date the financial statements were available to be issued.
