8. Restrictions and Certifications Regarding Non-Disclosure Agreements and Related Matters

The Subrecipient understands and agrees that no Subrecipient under this award, or entity that receives a procurement contract or subcontract with any funds under this award, may require any employee or contractor to sign an internal confidentiality agreement or statement that prohibits or otherwise restricts, or purports to prohibit or restrict, the reporting (in accordance with law) of waste, fraud, or abuse to an investigative or law enforcement representative of a federal department or agency authorized to receive such information.

The foregoing is not intended, and shall not be understood by the agency making this award, to contravene requirements applicable to Standard Form 312 (which relates to classified information), Form 4414 (which relates to sensitive compartmented information), or any other form issued by a federal department or agency governing the nondisclosure of classified information.

a. In accepting this award, the Subrecipient:

- Represents that it neither requires nor has required internal confidentiality agreements or statements from employees or contractors that currently prohibit or otherwise currently restrict (or purport to prohibit or restrict) employees or contractors from reporting waste, fraud, or abuse as described above; and
- Certifies that, if it learns or is notified that it is or has been requiring its employees or contractors to execute agreements or statements that prohibit or otherwise restrict (or purport to prohibit or restrict), reporting of waste, fraud, or abuse as described above, it will immediately stop any further obligations of award funds, will provide prompt written notification to the federal agency making this award, and will resume (or permit resumption of) such obligations only if expressly authorized to do so by that agency.

b. If the Subrecipient does or is authorized under this award to make subawards, procurement contracts, or both:

- It represents that (1) it has determined that no other entity that the Subrecipient's application proposes may or will receive award funds (whether through a subaward, procurement contract, or subcontract

under a procurement contract) either requires or has required internal confidentiality agreements or statements from employees or contractors that currently prohibit or otherwise currently restrict (or purport to prohibit or restrict) employees or contractors from reporting waste, fraud, or abuse as described above; and (2) it has made appropriate inquiry, or otherwise has an adequate factual basis, to support this representation; and

- It certifies that, if it learns or is notified that any Subrecipient, contractor, or subcontractor entity that receives funds under this award is or has been requiring its employees or contractors to execute agreements or statements that prohibit or otherwise restrict (or purport to prohibit or restrict), reporting of waste, fraud, or abuse as described above, it will immediately stop any further obligations of award funds to or by that entity, will provide prompt written notification to the federal agency making this award, and will resume (or permit resumption of) such obligations only if expressly authorized to do so by that agency.

Pursuant to Executive Order 13513, "Federal Leadership on Reducing Text Messaging While Driving," 74 Fed. Reg. 51225 (October 1, 2009), the Subrecipient understands that DOJ encourages Subrecipients to adopt and enforce policies banning employees from text messaging while driving any vehicle during the course of performing work funded by this award, and to establish workplace safety policies and conduct education, awareness, and other outreach to decrease crashes caused by distracted drivers.

10. Additional DOJ Awarding Agency Requirements

The Subrecipient agrees to comply with any additional requirements that may be imposed by the DOJ awarding agency (OJP or OVW, as appropriate) during the period of performance for this award, if the Subrecipient is designated as "high- risk" for purposes of the DOJ high-risk grantee list.

12. Specific Post-Award Approval Required to Use a Non-Competitive Approach in any Procurement Contract that Would Exceed \$150,000

The Subrecipient agrees to comply with all applicable requirements to obtain specific advance approval to use a non-competitive approach in any procurement contract that would exceed the Simplified Acquisition Threshold (currently, \$150,000). This condition applies to agreements that, for purposes of federal grants administrative requirement, OJP considers a procurement "contract" (and therefore does not consider a subaward).

The details of the requirement for advance approval to use a noncompetitive approach in a procurement contract under an OJP award are posted on the OJP web site at <http://ojp.gov/funding/Explore/NoncompetitiveProcurement.htm> [Award condition: Specific post-award approval required to use a noncompetitive approach in a procurement contract (if contract would exceed \$150,000)] and are incorporated by reference here.

13. Requirement for Data on Performance and Effectiveness Under the Award

The Subrecipient agrees to collect and maintain data that measure the performance and effectiveness of activities under this award. The Subrecipient agrees to comply with, and is subject to, all applicable provisions of 41 U.S.C. 4712, including all applicable provisions that prohibit, under specified circumstances, discrimination against an employee as reprisal for the employee's disclosure of information related to gross mismanagement of a federal grant, a gross waste of federal funds, an abuse of authority relating to a federal grant, a substantial and specific danger to public health or safety, or a violation of law, rule, or regulation related to a federal grant.

The Subrecipient also must inform its employees, in writing (and in the predominant native language of the workforce), of employee rights and remedies under 41 U.S.C. 4712.

Should a question arise as to the applicability of the provisions of 41 U.S.C. 4712 to this award, the Subrecipient is to contact the DOJ awarding agency (OJP or OVW, as appropriate) for guidance.

15. Demographic Data

The Subrecipient agrees to collect and maintain information on race, sex, national origin, age, and disability of victims receiving assistance, where such information is voluntarily furnished by the victim.

16. Performance Reports

The Subrecipient agrees to submit (and, as necessary, require sub-Subrecipients to submit) quarterly performance reports on the performance metrics identified by OVC, and in the manner required by OVC. This information on the activities supported by the award funding will assist in assessing the effects that VOCA Victim Assistance funds have had on services to crime victims within the jurisdiction.

17. Computer Network Requirements

The Subrecipient understands and agrees that:

- a. No award funds may be used to maintain or establish a computer network unless such network blocks the viewing, downloading, and exchanging of pornography; and
- b. Nothing in the previous subsection limits the use of funds necessary for any federal, state, tribal, or local law enforcement agency or any other entity carrying out criminal investigations, prosecutions, or adjudication activities.

18. Prohibit Use of Funds for Association of Community Organizations for Reform Now (ACORN) and its Subsidiaries

The Subrecipient understands and agrees that it cannot use any federal funds, either directly or indirectly, in support of any contract of subaward to either the ACORN or its subsidiaries, without the expressed prior written approval of OJP.

19. Access to Records

The Subrecipient authorizes the Office for Victims of Crime (OVC) and/or the Office of the Chief Financial Officer (OCFO), and its representatives, access to and the right to examine all records, books, paper or documents related to the VOCA grant.

20. Nondiscrimination in Programs Involving Students

The Subrecipient understands and agrees that award funds may not be used to discriminate against or denigrate the religious or moral beliefs or students who participate in programs for which financial assistance is provided from those funds, or of the parents or legal guardians of such students.

All appropriate documentation must be maintained on file by the project and available for Cal OES or public scrutiny upon request. Failure to comply with these requirements may result in suspension of payments under the grant or termination of the grant or both and the Subrecipient may be ineligible for subaward of any future grants if the Cal OES determines that any of the following has occurred: (1) the Subrecipient has made false certification, or (2) violates the certification by failing to carry out the requirements as noted above.

CERTIFICATION

I, the official named below, am the same individual authorized to sign the Subaward [Section 15 on Grant Subaward Face Sheet], and hereby swear that I am duly authorized legally to bind the contractor or grant Subrecipient to the above described certification. Project Narrative

1. Problem Statement

The San Francisco District Attorney's Office Victim Services Division (VSD) has worked with victims and witnesses of violent crime for more than 30 years. The VSD = has developed a structure that allows for individualized support of victims with varied needs and backgrounds while still allowing for the provision of service across the City. The Division has four units: Advocacy, Claims, Restitution and Mass Casualty. The Division served 8500 victims of crime in 2016, representing a dramatic 74% increase since 2010.

Current unmet victim service needs for our Division include the ability to provide long term follow up with victims, to have access to children who witness community violence, and ensuring follow through of mental health services available to victims. We have drastically increased our contact with each victim, but due to the large case load our advocates carry (600-700 cases), we do not have adequate time and resources to provide long term engagement on most cases or in-depth follow up. This year we have instituted the practice of going door to door and canvassing a neighborhood after a shooting or homicide in the community in order to engage parents of children who may have been affected by the event. We attempt to assist them in accessing services for their children, but we have had very little success in having those families follow through on applying for victim's compensation or accessing resources. Finally, we have instituted a "warm hand off" policy to assist victims with accessing mental health services. This protocol requires advocates to call three mental health professionals, to ensure they are accepting new clients before assisting the client in making an appointment. Even with this process, we have many victims of crime who do not

follow through on mental health resources and their trauma endures, interrupting their daily lives and preventing their recovery.

One other global issue we are facing is the impact of recent immigration policies on our victims. Advocates, particularly on the domestic violence team, have heard concerns and fears from victims who worry that reporting victimization, accessing services, securing restraining orders and attending court could make them and their families vulnerable to immigration officials. Our great concern in this area is that victims will stay in dangerous and violent situations due to fear and intimidation of Immigration Services. We have instituted two new policies to begin to address this issue. The first, is that we have included information about U Visas in the information packet all victims of crime receive when we make contact. This allows victims to access the information without having to ask or divulge sensitive information. Second, we have created a court escort policy wherein if a victim identifies fear or concern about interaction with ICE agents the advocate will escort them in and out of the building and to court, ensuring they have support and assistance if needed. Advocates are advised not to interfere with any law enforcement issues, but to call the Bay Area Rapid Response Immigrant Services on behalf of the client if needed. The Rapid Response team will then provide free legal services for the victim including representation at hearings.

2. Plan

Mandatory Services

The San Francisco District Attorney's Office Victim Services Division provides a comprehensive range of trauma informed services to victims and witness of crime. Our goal

is to help victims of crime mitigate the trauma, navigate the criminal justice system, and rebuild their lives. Our advocates, compensation specialist, restitution staff, and mass casualty team respond to the needs of victims, their families and others in the community affected by violent crime. This work supports the larger goal of the District Attorney's Office to provide parallel justice for victims of crime and ensure public safety for the entire community. Below is a detailed account of the specific services provided.

- a. Crisis Intervention: Victims of crime are identified by referrals from police, assistant district attorneys, partner agencies or self-referred. Cases are assigned throughout the day to an advocate in the intake team or one of the crime specific teams. The advocate attempts to make contact with the victim by phone within 24 hours and follows up with a letter in the mail if contact cannot be made. Advocates then schedule an in person appointment with the victim to assess their needs, provide crisis counseling and referral to services. We partner with the San Francisco Department of Public Health Crisis Intervention Team (CIT), the 24 hour responders for violent crime in the city. CIT staff notify us when they have made contact with a victim and provide contact information so we can follow up the next business day. In addition to these resources, we work with other 24 hour crisis service providers for mental health, suicide prevention and assessment services for victims. Our VSD advocates served 8,500 victims of violent crime in 2016.
- b. Emergency Assistance: VSD provides emergency assistance to victims of crime as needed, including temporary housing, food, clothing and medical/mental health care. We can provide gift cards, vouchers for resources or connection to free services to meet the immediate needs of a victim in crisis.

- c. Resource and Referral Assistance: After initial crisis intervention and resources are offered, advocates engage in an assessment of the victims' short and long term needs. We have operational agreements with 30 local organizations who provide shelter/housing, employment, medical care, mental health care, child care, restraining orders, and other social services needed for those affected by crime victimization. These operation agreements are renewed every three years.
- d. Direct Counseling/Therapy: Advocates make contact (phone, email, text or in person) with victims an average of 5 times per month. They provide emotional support, empathetic listening, check on victims' progress and re-assess needs when necessary.
- e. Victim of Crime Claim Assistance: Advocates inform victims of the California Victim's Compensation Program at first contact. Advocates assist victims will filling out the application, checking to ensure it is complete and submitting it to the SF Joint Power (JP) Claims Unit, also housed under the Victim Services Division. The advocate then works with the claim specialist to ensure the application is complete and assist in obtaining any further documentation needed from the victim. This process has led to an 83% reduction in denials of compensation claims for victims. Our JP Claims Unit paid out 1.6 million dollars in compensation in 2016.
- f. Property Return: Advocates assist victims in securing property, either their own or a deceased loved ones, by helping them secure the necessary release of information and obtaining the items either from the various police stations or from the investigating officer. In the event that the property cannot be returned, the advocate will assist the victim (family) in learning the reason why.

- g. Orientation to the Criminal Justice System: Advocates provide victims with information on the location, procedures and functions of the criminal justice system as it pertains to their specific case.
- h. Court Escort: Advocates can accompany victims to arraignment, pretrial, prelim, bail hearings, jury selection, trial, sentencing and civil restraining order hearings.
- i. Presentations and Training for Criminal Justice Agencies: SF VSD conducts informational presentations and trainings on available victim services to criminal justice agencies, community based partners and other law enforcement agencies throughout the year. In 2016, the VSD provided 375 hours of presentations.
- j. Public Presentations and Publicity: SF VSD participates in multiple public awareness activities to promote victim services. We hold annual events for Human Trafficking Awareness month in January, Victims of Crime week events in April, Elder Abuse Awareness month in June, National Night Out in August, Campus Sex Assault “Red Zone” event in September, and Domestic Violence Awareness month in October. In addition to these events, we participate in the San Francisco Sunday Streets, a monthly neighborhood event from March to October held in 10 neighborhoods in San Francisco. Staff provide brochures, give aways and other information about victim of crime services.
- k. Case Status/Case Disposition: Advocates advise client of the progress and disposition of their cases on a weekly/monthly basis by phone, email, mail and in person as the case progresses through the criminal justice system. Our DA also offers face to face meetings with the family members of homicide victims accompanied by their advocates.

- l. Notification of Family/Friends: Advocates contact next of kin, relatives or friends of victims of crime within 24 hours on homicide cases and within 24 hours of next business day on all other cases.
- m. Employer Notification/Intervention: On an as needed basis with the consent of the client, advocates notify the clients' employer(s) that the client was a victim or witness to a crime. Additionally, they advocate, on behalf of the victim, for minimal loss of pay or benefits due to their victimization or participation in the criminal justice system.
- n. Restitution: In addition to other services provided by our office, advocates assist victims with restitution. Our office has a designated advocate to assist with restitution fillings.

Additional Optional Services: In addition to the previously listed services, advocates can assist with funeral arrangements, crime prevention information, temporary restraining orders and court waiting area.

Use of Volunteer Interns. Given the Division's resource limitations, we make full use of volunteers through a formal internship program. Interns are recruited from local universities and colleges through a formal application process. Once accepted, interns make a minimum 9-month commitment to the Division through a contractual agreement. They are trained in court intervention, assisting victim advocates with clients, confidentiality and the institutions and processes of the criminal justice system. These volunteer interns are assigned to the intake unit and supervised by the Team Lead for that unit. Additional responsibilities include following-up with client requests, supporting victim advocates in their assistance of victims, providing information and referrals to drop-in clients, updating resource and referral materials to be

distributed to the public, and other administrative functions. Volunteers use timesheets to keep track of their time. The Division expands its use of interns during the summer months to augment its ability to provide uninterrupted services to victims. All interns must pass a background check before acceptance into the Division.
