Power Administration for the delivery of low cost electric power for use at TI/YBI pursuant to Ordinance No. 001795 on file with the Clerk of the Board of Supervisors.

- (5) The PPA between the City and WAPA contemplated additional electricity services that would be needed by the City to effectuate service at TI/YBI.
- (6) The Western Area Power Administration (WAPA), makes available other services including Scheduling Coordinator Services and Supplemental Power Purchases to ensure that loads at TI/YBI would be served reliably.
- (7) These services will allow the City to provide reliable low cost federal power for all anticipated electric power needs of TI/YBI.
 - (8) Funds for the purchase of these services are available in the TI/YBI project budget.
- (9) The San Francisco Public Utilities Commission approved the contracts for Scheduling Coordinator Services and for Full Load Service on September 14, 2004. WAPA would not agree to modify the contracts to include the statements required by San Francisco Administrative Code Sections 21.35 and 21.19.
- (10) Without these contracts, the City would be required to obtain these services from a third party, such as PG&E, at a higher cost.
- (11) The term of the contracts is from September 1, 2004, and will remain in effect until September 1, 2010.
- Section 2. The General Manager of the Public Utilities Commission is hereby authorized to execute the Contracts for Scheduling Coordinator Services Contract and Full Load Service with WAPA. Copies of the contracts are on file with the Clerk of the Board of Supervisors in File No.041351.
