Project Narrative

1. Problem Statement

The San Francisco District Attorney's Office Victim Services Division (VSD) has worked with victims and witnesses of violent crime for more than 30 years. The VSD = hasdeveloped a structure that allows for individualized support of victims with varied needs and backgrounds while still allowing for the provision of service across the City. The Division has four units: Advocacy, Claims, Restitution and Mass Casualty. The Division served 8500 victims of crime in 2016, representing a dramatic 74% increase since 2010.

Current unmet victim service needs for our Division include the ability to provide long term follow up with victims, to have access to children who witness community violence, and ensuring follow through of mental health services available to victims. We have drastically increased our contact with each victim, but due to the large case load our advocates carry (600-700 cases), we do not have adequate time and resources to provide long term engagement on most cases or in-depth follow up. This year we have instituted the practice of going door to door and canvasing a neighborhood after a shooting or homicide in the community in order to engage parents of children who may have been affected by the event. We attempt to assist them in accessing services for their children, but we have had very little success in having those families follow through on applying for victim's compensation or accessing resources. Finally, we have instituted a "warm hand off" policy to assist victims with accessing mental health services. This protocol requires advocates to call three mental health professionals, to ensure they are accepting new clients before assisting the client in making an appointment. Even with this process, we have many victims of crime who do not

Project Narrative - Cal OES 2-108 (Revised 7/2016)

411

Subrecipient: City & County of San Francisco

follow through on mental health resources and their trauma endures, interrupting their daily lives and preventing their recovery.

One other global issue we are facing is the impact of recent immigration policies on our victims. Advocates, particularly on the domestic violence team, have heard concerns and fears from victims who worry that reporting victimization, accessing services, securing restraining orders and attending court could make them and their families vulnerable to immigration officials. Our great concern in this area is that victims will stay in dangerous and violent situations due to fear and intimidation of Immigration Services. We have instituted two new policies to begin to address this issue. The first, is that we have included information about U Visas in the information packet all victims of crime receive when we make contact. This allows victims to access the information without having to ask or divulge sensitive information. Second, we have created a court escort policy wherein if a victim identifies fear or concern about interaction with ICE agents the advocate will escort them in and out of the building and to court, ensuring they have support and assistance if needed. Advocates are advised not to interfere with any law enforcement issues, but to call the Bay Area Rapid Response Immigrant Services on behalf of the client if needed. The Rapid Response team will then provide free legal services for the victim including representation at hearings.

2. Plan

Mandatory Services

The San Francisco District Attorney's Office Victim Services Division provides a comprehensive range of trauma informed services to victims and witness of crime. Our goal

Subaward #:

is to help victims of crime mitigate the trauma, navigate the criminal justice system, and rebuild their lives. Our advocates, compensation specialist, restitution staff, and mass casualty team respond to the needs of victims, their families and others in the community affected by violent crime. This work supports the larger goal of the District Attorney's Office to provide parallel justice for victims of crime and ensure public safety for the entire community. Below is a detailed account of the specific services provided.

- a. Crisis Intervention: Victims of crime are identified by referrals from police, assistant district attorneys, partner agencies or self-referred. Cases are assigned throughout the day to an advocate in the intake team or one of the crime specific teams. The advocate attempts to make contact with the victim by phone within 24 hours and follows up with a letter in the mail if contact cannot be made. Advocates then schedule an in person appointment with the victim to assess their needs, provide crisis counseling and referral to services. We partner with the San Francisco Department of Public Health Crisis Intervention Team (CIT), the 24 hour responders for violent crime in the city. CIT staff notify us when they have made contact with a victim and provide contact information so we can follow up the next business day. In addition to these resources, we work with other 24 hour crisis service providers for mental health, suicide prevention and assessment services for victims. Our VSD advocates served 8,500 victims of violent crime in 2016.
- Emergency Assistance: VSD provides emergency assistance to victims of crime as needed, including temporary housing, food, clothing and medical/mental health care.
 We can provide gift cards, vouchers for resources or connection to free services to meet the immediate needs of a victim in crisis.

Project Narrative - Cal OES 2-108 (Revised 7/2016)

- c. Resource and Referral Assistance: After initial crisis intervention and resources are offered, advocates engage in an assessment of the victims' short and long term needs. We have operational agreements with 30 local organizations who provide shelter/housing, employment, medical care, mental health care, child care, restraining orders, and other social services needed for those affected by crime victimization. These operation agreements are renewed every three years.
- d. Direct Counseling/Therapy: Advocates make contact (phone, email, text or in person) with victims an average of 5 times per month. They provide emotional support, empathetic listening, check on victims' progress and re-assess needs when necessary.
- e. Victim of Crime Claim Assistance: Advocates inform victims of the California Victim's Compensation Program at first contact. Advocates assist victims will filling out the application, checking to ensure it is complete and submitting it to the SF Joint Power (JP) Claims Unit, also housed under the Victim Services Division. The advocate then works with the claim specialist to ensure the application is complete and assist in obtaining any further documentation needed from the victim. This process has led to an 83% reduction in denials of compensation claims for victims. Our JP Claims Unit paid out 1.6 million dollars in compensation in 2016.
- f. Property Return: Advocates assist victims in securing property, either their own or a deceased loved ones, by helping them secure the necessary release of information and obtaining the items either from the various police stations or from the investigating officer. In the event that the property cannot be returned, the advocate will assist the victim (family) in learning the reason why.

Project Narrative - Cal OES 2-108 (Revised 7/2016)

- g. Orientation to the Criminal Justice System: Advocates provide victims with information on the location, procedures and functions of the criminal justice system as it pertains to their specific case.
- h. Court Escort: Advocates can accompany victims to arraignment, pretrial, prelim, bail hearings, jury selection, trial, sentencing and civil restraining order hearings.
- i. Presentations and Training for Criminal Justice Agencies: SF VSD conducts informational presentations and trainings on available victim services to criminal justice agencies, community based partners and other law enforcement agencies throughout the year. In 2016, the VSD provided 375 hours of presentations.

This condition applies to agreements that, for purposes of federal grants administrative requirement, OJP considers a procurement "contract" (and therefore does not consider a subaward).

The details of the requirement for advance approval to use a noncompetitive approach in a procurement contract under an OJP award are posted on the OJP web site

at <u>http://ojp.gov/funding/Explore/NoncompetitiveProcurement.htm</u> [Award condition: Specific post-award approval required to use a noncompetitive approach in a procurement contract (if contract would exceed \$150,000)] and are incorporated by reference here.

The data must be provided to OJP in the manner (including within the timeframes) specified by OJP in the program solicitation or other applicable written guidance. Data collection supports compliance with the Government Performance and Results Act (GPRA) and the GPRA Modernization Act, and other applicable laws.

14. Compliance with 41 U.S.C. 4712 (including prohibitions on reprisal; notice to employees)

The Subrecipient agrees to comply with, and is subject to, all applicable provisions of 41 U.S.C. 4712, including all applicable provisions that prohibit, under specified circumstances, discrimination against an employee as reprisal for the employee's disclosure of information related to gross mismanagement of a federal grant, a gross waste of federal funds, an abuse of authority relating to a federal grant, a substantial and specific danger to public health or safety, or a violation of law, rule, or regulation related to a federal grant.

The Subrecipient also must inform its employees, in writing (and in the predominant native language of the workforce), of employee rights and remedies under 41 U.S.C. 4712.

Should a question arise as to the applicability of the provisions of 41 U.S.C. 4712 to this award, the Subrecipient is to contact the DOJ awarding agency (OJP or OVW, as appropriate) for guidance.

15. Demographic Data

The Subrecipient agrees to collect and maintain information on race, sex, national origin, age, and disability of victims receiving assistance, where such information is voluntarily furnished by the victim.

16. Performance Reports

The Subrecipient agrees to submit (and, as necessary, require sub-Subrecipients to submit) quarterly performance reports on the performance metrics identified by OVC, and in the manner required by OVC. This information on the activities supported by the award funding will assist in assessing the effects that VOCA Victim Assistance funds have had on services to crime victims within the jurisdiction.

17. Computer Network Requirements

The Subrecipient understands and agrees that:

- a. No award funds may be used to maintain or establish a computer network unless such network blocks the viewing, downloading, and exchanging of pornography; and
- b. Nothing in the previous subsection limits the use of funds necessary for any federal, state, tribal, or local law enforcement agency or any other entity carrying out criminal investigations, prosecutions, or adjudication activities.
- 18. Prohibit Use of Funds for Association of Community Organizations for Reform Now (ACORN) and its Subsidiaries

The Subrecipient understands and agrees that it cannot use any federal funds, either directly or indirectly, in support of any contract of subaward to either the ACORN or its subsidiaries, without the expressed prior written approval of OJP.

6

19. Access to Records

The Subrecipient authorizes the Office for Victims of Crime (OVC) and/or the Office of the Chief Financial Officer (OCFO), and its representatives, access to and the right to examine all records, books, paper or documents related to the VOCA grant.

20. Nondiscrimination in Programs Involving Students

The Subrecipient understands and agrees that award funds may not be used to discriminate against or denigrate the religious or moral beliefs or students who participate in programs for which financial assistance is provided from those funds, or of the parents or legal guardians of such students.

Project Narrative

1. Problem Statement

The San Francisco District Attorney's Office Victim Services Division (VSD) has worked with victims and witnesses of violent crime for more than 30 years. The VSD = hasdeveloped a structure that allows for individualized support of victims with varied needs and backgrounds while still allowing for the provision of service across the City. The Division has four units: Advocacy, Claims, Restitution and Mass Casualty. The Division served 8500 victims of crime in 2016, representing a dramatic 74% increase since 2010.

Current unmet victim service needs for our Division include the ability to provide long term follow up with victims, to have access to children who witness community violence, and ensuring follow through of mental health services available to victims. We have drastically increased our contact with each victim, but due to the large case load our advocates carry (600-700 cases), we do not have adequate time and resources to provide long term engagement on most cases or in-depth follow up. This year we have instituted the practice of going door to door and canvasing a neighborhood after a shooting or homicide in the community in order to engage parents of children who may have been affected by the event. We attempt to assist them in accessing services for their children, but we have had very little success in having those families follow through on applying for victim's compensation or accessing resources. Finally, we have instituted a "warm hand off' policy to assist victims with accessing mental health services. This protocol requires advocates to call three mental health professionals, to ensure they are accepting new clients before assisting the client in making an appointment. Even with this process, we have many victims of crime who do not

follow through on mental health resources and their trauma endures, interrupting their daily lives and preventing their recovery.

One other global issue we are facing is the impact of recent immigration policies on our victims. Advocates, particularly on the domestic violence team, have heard concerns and fears from victims who worry that reporting victimization, accessing services, securing restraining orders and attending court could make them and their families vulnerable to immigration officials. Our great concern in this area is that victims will stay in dangerous and violent situations due to fear and intimidation of Immigration Services. We have instituted two new policies to begin to address this issue. The first, is that we have included information about U Visas in the information packet all victims of crime receive when we make contact. This allows victims to access the information without having to ask or divulge sensitive information. Second, we have created a court escort policy wherein if a victim identifies fear or concern about interaction with ICE agents the advocate will escort them in and out of the building and to court, ensuring they have support and assistance if needed. Advocates are advised not to interfere with any law enforcement issues, but to call the Bay Area Rapid Response Immigrant Services on behalf of the client if needed. The Rapid Response team will then provide free legal services for the victim including representation at hearings.

Mandatory Services

The San Francisco District Attorney's Office Victim Services Division provides a comprehensive range of trauma informed services to victims and witness of crime. Our goal

is to help victims of crime mitigate the trauma, navigate the criminal justice system, and rebuild their lives. Our advocates, compensation specialist, restitution staff, and mass casualty team respond to the needs of victims, their families and others in the community affected by violent crime. This work supports the larger goal of the District Attorney's Office to provide parallel justice for victims of crime and ensure public safety for the entire community. Below is a detailed account of the specific services provided.

- Crisis Intervention: Victims of crime are identified by referrals from police, assistant a. district attorneys, partner agencies or self-referred. Cases are assigned throughout the day to an advocate in the intake team or one of the crime specific teams. The advocate attempts to make contact with the victim by phone within 24 hours and follows up with a letter in the mail if contact cannot be made. Advocates then schedule an in person appointment with the victim to assess their needs, provide crisis counseling and referral to services. We partner with the San Francisco Department of Public Health Crisis Intervention Team (CIT), the 24 hour responders for violent crime in the city. CIT staff notify us when they have made contact with a victim and provide contact information so we can follow up the next business day. In addition to these resources, we work with other 24 hour crisis service providers for mental health, suicide prevention and assessment services for victims. Our VSD advocates served 8,500 victims of violent crime in 2016.
- b. Emergency Assistance: VSD provides emergency assistance to victims of crime as needed, including temporary housing, food, clothing and medical/mental health care. We can provide gift cards, vouchers for resources or connection to free services to meet the immediate needs of a victim in crisis.

Project Narrative - Cal OES 2-108 (Revised 7/2016)

464

- c. Resource and Referral Assistance: After initial crisis intervention and resources are offered, advocates engage in an assessment of the victims' short and long term needs. We have operational agreements with 30 local organizations who provide shelter/housing, employment, medical care, mental health care, child care, restraining orders, and other social services needed for those affected by crime victimization. These operation agreements are renewed every three years.
- d. Direct Counseling/Therapy: Advocates make contact (phone, email, text or in person) with victims an average of 5 times per month. They provide emotional support, empathetic listening, check on victims' progress and re-assess needs when necessary.
- e. Victim of Crime Claim Assistance: Advocates inform victims of the California Victim's Compensation Program at first contact. Advocates assist victims will filling out the application, checking to ensure it is complete and submitting it to the SF Joint Power (JP) Claims Unit, also housed under the Victim Services Division. The advocate then works with the claim specialist to ensure the application is complete and assist in obtaining any further documentation needed from the victim. This process has led to an 83% reduction in denials of compensation claims for victims. Our JP Claims Unit paid out 1.6 million dollars in compensation in 2016.
- f. Property Return: Advocates assist victims in securing property, either their own or a deceased loved ones, by helping them secure the necessary release of information and obtaining the items either from the various police stations or from the investigating officer. In the event that the property cannot be returned, the advocate will assist the victim (family) in learning the reason why.

Project Narrative - Cal OES 2-108 (Revised 7/2016)

465

- Orientation to the Criminal Justice System: Advocates provide victims with g. information on the location, procedures and functions of the criminal justice system as it pertains to their specific case.
- h. Court Escort: Advocates can accompany victims to arraignment, pretrial, prelim, bail hearings, jury selection, trial, sentencing and civil restraining order hearings.
- Presentations and Training for Criminal Justice Agencies: SF VSD conducts i. informational presentations and trainings on available victim services to criminal justice agencies, community based partners and other law enforcement agencies throughout the year. In 2016, the VSD provided 375 hours of presentations.
- Public Presentations and Publicity: SF VSD participates in multiple public awareness i. activities to promote victim services. We hold annual events for Human Trafficking Awareness month in January, Victims of Crime week events in April, Elder Abuse Awareness month in June, National Night Out in August, Campus Sex Assault "Red Zone" event in September, and Domestic Violence Awareness month in October. In addition to these events, we participate in the San Francisco Sunday Streets, a monthly neighborhood event from March to October held in 10 neighborhoods in San Francisco. Staff provide brochures, give aways and other information about victim of crime services.
- Case Status/Case Disposition: Advocates advise client of the progress and disposition k. of their cases on a weekly/monthly basis by phone, email, mail and in person as the case progresses through the criminal justice system. Our DA also offers face to face meetings with the family members of homicide victims accompanied by their advocates.

- Notification of Family/Friends: Advocates contact next of kin, relatives or friends of victims of crime within 24 hours on homicide cases and within 24 hours of next business day on all other cases.
- m. Employer Notification/Intervention: On an as needed basis with the consent of the client, advocates notify the clients' employer(s) that the client was a victim or witness to a crime. Additionally, they advocate, on behalf of the victim, for minimal loss of pay or benefits due to their victimization or participation in the criminal justice system.
- n. Restitution: In addition to other services provided by our office, advocates assist victims with restitution. Our office has a designated advocate to assist with restitution fillings.

<u>Additional Optional Services:</u> In addition to the previously listed services, advocates can assist with funeral arrangements, crime prevention information, temporary restraining orders and court waiting area.

<u>Use of Volunteer Interns.</u> Given the Division's resource limitations, we make full use of volunteers through a formal internship program. Interns are recruited from local universities and colleges through a formal application process. Once accepted, interns make a minimum 9-month commitment to the Division through a contractual agreement. They are trained in court intervention, assisting victim advocates with clients, confidentiality and the institutions and processes of the criminal justice system. These volunteer interns are assigned to the intake unit and supervised by the Team Lead for that unit. Additional responsibilities include following-up with client requests, supporting victim advocates in their assistance of victims, providing information and referrals to drop-in clients, updating resource and referral materials to be

The Division expands its use of interns during the summer months to augment its ability to provide uninterrupted services to victims. All interns must pass a background check before acceptance into the Division.

Dear Budget/Finance Sub-Committee Clerk Linda Wong,

I'm writing you because my IPad won't cc: to a group of people like the Board. So if you could forward this to the three members of the Budget/Finance Sub-Committee I would appreciate it, thank you.

I'm writing in support of the following three items (File No's. 180334, 180343, 180344) 180334- Accept and Expend Grant-California Governor's Office of Emergency Services, Victim/Witness Assistance Program - \$984,876; 180343- Elder Abuse Program -\$700,000; 180344- Innovative Response to Marginalized Victims Program.

All three of these vital to our communities programs help in establishing stability within our neighborhood communities victimized by those who want to harm our seniors, disabled and family populations, living in the Tenderloin and having in the 80's, worked as a community first responder "Block Captain" I have seen and been a victim of the criminal element within our district. My wife (now passed), has been a victim several times of crinimals taking advantage of her disabled/senior person, both here in the Tenderloin (Eddy/Jones) & Polk Gultch (1524 Polk-Walgreens sidewalk).

So I understand really well this issue. And it with this knowledge that I fully support this issue and hope both this committee and the full board supports these important issues.

Sincerely,

Marvis J. Phillips Resident and Community Activist/Block Captain 40+yrs Tenderloin

Thank you for your time and consideration. Please contact me if you have any questions or concerns.
