PROJECT DESCRIPTION

On June 22, 2015, the Planning Department (herein “the Department”) received a request from the City and County of San Francisco Real Estate Division on behalf of the Mayor’s Office of Housing and Community Development (MOHCD) to consider the acquisition of the property at 490 South Van Ness Avenue. MOHCD is proposing to purchase the site in order to develop it as an affordable rental housing project. It is currently vacant and was previously used as a gasoline station. The property is fully entitled for a 72 unit multifamily development and, if acquired by MOHCD, would be developed as 100% affordable rental housing for families making no more than 50% of area median income (AMI). 20% of units would be set aside for homeless families making less than 30% AMI.

This project does not propose any additional development, land use changes, or changes to the right-of-way that have not already been approved. This action is simply to acquire the property for MOHCD ownership.

ENVIRONMENTAL REVIEW

The effects of the project were fully reviewed under the Eastern Neighborhoods Area Plan EIR certified by the San Francisco Planning Commission on 8/7/08, by Motion No. 17661. On 6/24/14, the project was determined to be consistent with the Eastern Neighborhoods Area Plan EIR and exempt from environmental review per CEQA Guidelines Section 15183 (Planning Case No. 2010.0043E).

The proposed property acquisition would allow for the construction of permanently affordable housing over a 655 square foot ground floor retail space.

POLICY 1.10

Support new housing projects, especially affordable housing, where households can easily rely on public transportation, walking and bicycling for the majority of daily trips.

The proposed property is located in a transit-rich, walkable, and bike-friendly neighborhood, just two blocks from the 16th Street BART station and served by multiple Muni bus lines.
